TENNESSEE-TOMBIGBEE WATERWAY DEVELOPMENT COMPACT

ARTICLE I

The purpose of this compact is to promote the development of a navigable waterway connecting the Tennessee and Tombigbee Rivers by way of the east fork of the Tombigbee River and Mackeys and Yellow Creeks so as to provide a nine-foot navigable channel from the junction of the Tombigbee and Warrior Rivers at Demopolis in the State of Alabama to the junction of Yellow Creek with the Tennessee River at Pickwick Pool in the State of Mississippi, and to establish a joint interstate authority to assist in these efforts.

ARTICLE II

This compact shall become effective immediately as to the States ratifying it whenever the States of Alabama and Mississippi have ratified it and Congress has given consent thereto. Any State not mentioned in this article which is contiguous with any member State may become a party to this compact, subject to approval by the legislature of each of the member States.

ARTICLE III

The States which are parties to this compact (hereinafter referred to as "party States") do hereby establish and create a joint agency which shall be known as the Tennessee-Tombigbee Waterway Development Authority (hereinafter referred to as the "Authority"). The membership of which Authority shall consist of the governor of each party State and five other citizens of each party State, to be appointed by the governor thereof. Each appointed member of the Authority shall be a citizen of that State who is interested in the promotion and development of waterways and water transportation. The appointive members of the Authority shall serve for terms of four years each. Vacancies on the Authority shall be filled by appointment by the governor for the unexpired portion of the term. other matters associated with the development of the Tennessee-
Tombigbee Waterway, and to make reports thereon; to acquire, by
gift or otherwise, and hold and dispose of such money and property

and who shall be the compact administrator. His term of office
shall be at the pleasure of the Authority and he shall receive such

custody of the Authority's books, records, and papers, which he shall
keep at the office of the Authority, and he shall perform all func-
tions and duties and exercise all powers and authorities that may be
delegated to him by the Authority.

Each party State agrees that, when authorized by its legislature,
it will from time to time make available and pay over to the Au-
thority such funds as may be required for the establishment and
operation of the Authority. The contribution of each party State
shall be in the proportion that its population bears to the total
population of the States which are parties hereto, as shown by the
most recent official report of the United States Bureau of the Census,
or upon such other basis as may be agreed upon.

ARTICLE VI

Nothing in this compact shall be construed so as to conflict with
any existing statute, or to limit the powers of any party State, or
to repeal or prevent legislation, or to authorize or permit curtailment
or diminution of any other waterway project, or to affect any existing
or future cooperative arrangement or relationship between any Fed-
eral agency and a party State.

ARTICLE VII

This compact shall continue in force and remain binding upon each
party State until the legislature or governor of each or either State
takes action to withdraw therefrom: Provided, That such withdrawal

taken by the legislature or governor. Notice of such action shall be
given to the other party State or States by the secretary of state of the
party State which takes such action.

To provide for the distribution of the land and assets of certain Indian rancherias and reservations in California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the lands, including minerals, water rights, and improvements located on the lands, and other assets of the following rancherias and reservations in the State of California shall be distributed in accordance with the provisions of this Act: Alexander Valley, Auburn, Big Sandy, Big Valley, Blue Lake, Buena Vista, Cache Creek, Chicken Ranch, Chico, Cloverdale, Cold Springs, Elk Valley, Guidiville, Graton, Greenville, Hopland, Indian Ranch, Lytton, Mark West, Middletown, Montgomery Creek, Mooretown, Nevada City, North Fork, Paskenta, Picayune, Pinoleville, Potter Valley, Quartz Valley, Redding, Redwood Valley, Robinson, Rohnerville, Ruffey's, Scotts Valley, Smith River, Strawberry Valley, Table Bluff, Table Mountain, Upper Lake, Wilton.

Sec. 2. (a) The Indians who hold formal or informal assignments on each reservation or rancheria, or the Indians of such reservation or rancheria, or the Secretary of the Interior after consultation with such Indians, shall prepare a plan for distributing to individual Indians the assets of the reservation or rancheria, including the assigned and the unassigned lands, or for selling such assets and distributing the proceeds of sale, or for conveying such assets to a corporation or other legal entity organized or designated by the group, or for conveying such assets to the group as tenants in common. The Secretary shall provide such assistance to the Indians as is necessary to organize a corporation or other legal entity for the purposes of this Act.

(b) General notice shall be given of the contents of a plan prepared pursuant to subsection (a) of this section and approved by the Secretary, and any Indian who feels that he is unfairly treated in the proposed distribution of the property shall be given an opportunity to present his views and arguments for the consideration of the Secretary. After such consideration, the plan or a revision thereof shall be submitted for the approval of the adult Indians who will participate in the distribution of the property, and if the plan is approved by a majority of such Indians who vote in a referendum called for that purpose by the Secretary the plan shall be carried out. It is the intention of Congress that such plan shall be completed not more than three years after it is approved.

(c) Any grantee under the provisions of this section shall receive an unrestricted title to the property conveyed, and the conveyance shall be recorded in the appropriate county office.

(d) No property distributed under the provisions of this Act shall at the time of distribution be subject to any Federal or State income tax. Following any distribution of property made under the provisions of this Act, such property and any income derived therefrom by the distributee shall be subject to the same taxes, State and Federal, as in the case of non-Indians: Provided, That for the purpose of capital gains or losses the base value of the property shall be the value of the property when distributed to the individual, corporation, or other legal entity.

Sec. 3. Before making the conveyances authorized by this Act on any rancheria or reservation, the Secretary of the Interior is directed:

(a) To cause surveys to be made of the exterior or interior boundaries of the lands to the extent that such surveys are necessary or
(b) To complete any construction or improvement required to bring Indian Bureau roads serving the rancherias or reservations up to adequate standards comparable to standards for similar roads of the State or subdivision thereof. The Secretary is authorized to contract with the State of California or political subdivisions thereof for the construction or improvement of such roads and to expend under such contracts moneys appropriated by Congress for the Indian road system. When such roads are transferred to the State or local government the Secretary is authorized to convey rights-of-way for such roads, including any improvements thereon.

(c) To install or rehabilitate such irrigation or domestic water systems as he and the Indians affected agree, within a reasonable time, should be completed by the United States.

(d) To cancel all reimbursable indebtedness owing to the United States on account of unpaid construction, operation, and maintenance charges for water facilities on the reservation or rancheria.

(e) To exchange any lands within the rancheria or reservation that are held by the United States for the use of Indians which the Secretary and the Indians affected agree should be exchanged before the termination of the Federal trust for non-Indian lands and improvements of approximately equal value.

Sec. 4. Nothing in this Act shall abrogate any water right that exists by virtue of the laws of the United States. To the extent that the laws of the State of California are not now applicable to any water right appurtenant to any lands involved herein they shall continue to be inapplicable while the water right is in Indian ownership for a period not to exceed fifteen years after the conveyance pursuant to this Act of an unrestricted title thereto, and thereafter the applicability of such laws shall be without prejudice to the priority of any such right not theretofore based upon State law. During the time such State law is not applicable the Attorney General shall represent the Indian owner in all legal proceedings, including proceedings before administrative bodies, involving such water right, and in any necessary affirmative action to prevent adverse appropriation of water which would encroach upon the Indian water right.

Sec. 5. (a) The Secretary of the Interior is authorized to convey without consideration to Indians who receive conveyances of land pursuant to this Act, or to a corporation or other legal entity organized by such Indians, or to a public or nonprofit body, any federally owned property on the reservations or rancherias subject to this Act that is not needed for the administration of Indian affairs in California.

(b) For the purposes of this Act, the assets of the Upper Lake Rancheria and the Robinson Rancheria shall include the one-hundred-and-sixty-acre tract set aside as a wood reserve for the Upper Lake Indians by secretarial order dated February 15, 1907.

(c) The Secretary of the Interior is authorized to sell the five hundred and sixty acres of land, more or less, which were withdrawn from entry, sale, or other disposition, and set aside for the Indians of Indian Ranch, Inyo County, California, by the Act of March 3, 1928 (45 Stat. 162), and to distribute the proceeds of sale among the heirs of George Hanson.

Sec. 6. The Secretary of the Interior shall disburse to the Indians of the rancherias and reservations that are subject to this Act all funds of such Indians that are in the custody of the United States.

Sec. 7. Nothing in this Act shall affect any claim filed before the Indian Claims Commission, or the right, if any, of the Indians sub-
ject to this Act to share in any judgment recovered against the United States on behalf of the Indians of California.

Sec. 8. Before conveying or distributing property pursuant to this Act, the Secretary of the Interior shall protect the rights of individual Indians who are minors, non composit mentis, or in the opinion of the Secretary in need of assistance in conducting their affairs, by causing the appointment of guardians for such Indians in courts of competent jurisdiction, or by such other means as he may deem adequate, without application from such Indians, including but not limited to the creation of a trust for such Indians' property with a trustee selected by the Secretary, or the purchase by the Secretary of annuities for such Indians.

Sec. 9. Prior to the termination of the Federal trust relationship in accordance with the provisions of this Act, the Secretary of the Interior is authorized to undertake, within the limits of available appropriations, a special program of education and training designed to help the Indians to earn a livelihood, to conduct their own affairs, and to assume their responsibilities as citizens without special services because of their status as Indians. Such program may include language training, orientation in non-Indian community customs and living standards, vocational training and related subjects, transportation to the place of training or instruction, and subsistence during the course of training or instruction. For the purposes of such program, the Secretary is authorized to enter into contracts or agreements with any Federal, State, or local governmental agency, corporation, association, or person. Nothing in this section shall preclude any Federal agency from undertaking any other program for the education and training of Indians with funds appropriated to it.

Sec. 10. (a) The plan for the distribution of the assets of a rancheria or reservation, when approved by the Secretary and by the Indians in a referendum vote as provided in subsection 2 (b) of this Act, shall be final, and the distribution of assets pursuant to such plan shall not be the basis for any claim against the United States by an Indian who receives or is denied a part of the assets distributed.

(b) After the assets of a rancheria or reservation have been distributed pursuant to this Act, the Indians who receive any part of such assets, and the dependent members of their immediate families, shall not be entitled to any of the services performed by the United States for Indians because of their status as Indians, all statutes of the United States which affect Indians because of their status as Indians shall be inapplicable to them, and the laws of the several States shall apply to them in the same manner as they apply to other citizens or persons within their jurisdiction. Nothing in this Act, however, shall affect the status of such persons as citizens of the United States.

Sec. 11. The constitution and corporate charter adopted pursuant to the Act of June 18, 1934 (48 Stat. 984), as amended, by any rancheria or reservation subject to this Act shall be revoked by the Secretary of the Interior when a plan is approved by a majority of the adult Indians thereof pursuant to subsection 2 (b) of this Act.

Sec. 12. The Secretary of the Interior is authorized to issue such rules and regulations and to execute or approve such conveyancing instruments as he deems necessary to carry out the provisions of this Act.

Sec. 12. The Secretary of the Interior is authorized to issue such rules and regulations and to execute or approve such conveyancing instruments as he deems necessary to carry out the provisions of this Act.

To amend an Act entitled "An Act to provide for the refunding of the bonds of municipal corporations and public-utility districts in the Territory of Alaska, to validate bonds which have heretofore been issued by a municipal corporation or any public-utility district in the Territory of Alaska, and for other purposes" (54 Stat. 14), approved June 17, 1940; to validate bonds which have heretofore been issued by any municipal corporation, any public-utility district or any school district in the Territory of Alaska; and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That sections 1, 2, and 3 of an Act entitled "An Act to provide for the refunding of the bonds of municipal corporations and public-utility districts in the Territory of Alaska, to validate bonds which have heretofore been issued by a municipal corporation or any public-utility district in the Territory of Alaska, and for other purposes" (54 Stat. 14), approved January 17, 1940, are amended to read as follows:

"Section 1. Whenever any municipal corporation or any public-utility district or any school district in the Territory of Alaska shall have outstanding any general obligation bonded indebtedness or bonds payable from the revenues from any municipal or public utility, it shall be lawful for said municipal corporation or public-utility district or any school district through its common council or board of directors, or other governing body, as the case may be, to issue its bonds and to sell such bonds and apply the proceeds of the sale in payment of the bonds for the payment of which such refunding bonds are issued, or to exchange same for such outstanding general obligation bonds constituting said indebtedness, or, as the case may be, for such outstanding bonds payable from the revenues of a municipal or public utility. Said refunding bonds may be exchanged privately for and in payment and discharge of any outstanding bonds of a municipal or public-utility district or school district. Refunding bonds payable from the revenues of a municipal or public utility may be exchanged for a like or greater amount of outstanding bonds payable from the revenues of such municipal or public utility, and the principal amount of such refunding bonds may exceed the principal amount of such outstanding bonds to the extent necessary or advisable to fund interest in arrears or about to become due on such outstanding bonds. The holder or holders of any outstanding bonds need not pay accrued interest on the refunding bonds to be delivered in exchange therefor if, and to the extent that interest is due or accrued and unpaid on the outstanding bonds to be surrendered. Refunding bonds payable from the revenues of a municipal or public utility may be issued at any time to retire the bonds to be refunded when such bonds are payable or redeemable, in an amount sufficient to pay not only the principal of and interest on the bonds to be refunded but also any redemption premiums required to be paid in connection with the redemption of the outstanding bonds, and may also be issued in an amount sufficient to provide for the payment of the principal of and interest on and any redemption premiums with respect to the redemption of general obligation bonds issued for the acquisition of the municipal or public utility. No election shall be required to authorize the issuance and sale of such refunding bonds and the issuance and sale thereof may be authorized, and all proceedings with reference thereto prescribed by ordinance or resolution of the common council, or the board of directors, or other governing body, of the municipal corporation or public-utility district or school district, as the case may be, at any legally called meeting thereof. Refunding bonds issued under authority of this section

48 USC 315e-g. Refunding bonds. Issuance and sale.
which are payable solely from the revenues of a municipal or public utility shall not be subject to the limitations on bonded indebtedness prescribed by any debt-limitation law applicable to municipal corporations or public-utility districts in the Territory of Alaska; but refunding bonds issued under authority of this section which constitute general obligations of a municipal corporation or a public-utility district or school district shall be subject to the limitations of bonded indebtedness prescribed by any debt-limitation law applicable to municipal corporations or public-utility districts or school districts in the Territory of Alaska, except as provided in section 6 of the Alaska Public Works Act, as amended (48 U. S. C. 486d).

"Sec. 2. Bonds issued pursuant to this Act shall bear such date or dates, may be in such denominations, may mature in such amounts at such time or times, not exceeding thirty years from the date thereof, may be payable at such place or places, may be sold at either public or private sale, or exchanged as above provided, may be redeemable (either with or without premium) or nonredeemable, may carry such registration privileges as to either principal and interest, or principal only, and may be executed by such officers and in such manner, as shall be prescribed by the common council or board of directors or other governing body of the municipality or public-utility district or school district issuing the bonds. In case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before delivery of such bonds, such signatures, whether manual or facsimile, shall, nevertheless, be valid and sufficient for all purposes the same as if such officers had remained in office until such delivery. The bonds so issued shall bear interest at a rate to be fixed by the governing body of the municipality or public-utility district or school district issuing the same, not to exceed, however, 6 per centum per annum payable semiannually. Such bonds shall at all times be, and shall be, treated as negotiable instruments for all purposes. In case such bonds are sold rather than exchanged, the purchase price thereof shall be not less than par plus accrued interest, and said refunding bonds may be delivered to the purchasers thereof not more than ninety days prior to the date upon which the bonds to be refunded mature or are to be redeemed.

"Sec. 3. It shall be the duty of the governing body of every municipal corporation or public-utility district or school district which issues such bonds under the authority of this Act to levy or cause to be levied each year during the life of such bonds taxes in amounts sufficient seasonably to provide for payment of and to pay all interest and the principal of such obligations as they respectively accrue and mature: Provided, however, That the provisions of this section shall not apply to bonds which by their terms are to be paid from the revenues of a public utility owned or operated by such municipal corporation or public-utility district and are not general obligations of the municipal corporation or public-utility district. Such refunding bonds which are to be paid from the revenues of a municipality or public utility shall be secured by a lien on or a pledge of the revenues of said utility which shall be equal to or greater than the lien pledge of said revenues which secures the outstanding bonds to be refunded. Nothing herein contained shall prevent the issuance of refunding bonds payable solely from the revenues of a municipal or public utility which bonds are issued for the purpose of refunding general obligation bonds issued for the acquisition of such municipal or public utility."

Sec. 2. All bonds which have heretofore been issued by any municipal corporation or any public-utility district or any school district in the Territory of Alaska and all proceedings for the authorization
and issuance of such bonds and the sale, execution, and delivery thereof hereby are validated, ratified, approved, and confirmed, notwithstanding any defects or irregularities in such proceedings. Sec. 2. The period during which the President is authorized to enter into foreign trade agreements under section 350 of the Tariff Act of 1930, as amended (19 U.S. C., sec. 1351), is hereby extended from the close of June 30, 1958, until the close of June 30, 1962.

Sec. 3. (a) Subsection (a) of section 350 of the Tariff Act of 1930, as amended (19 U.S. C., sec. 1351 (a)), is amended as follows:

(1) Paragraph (2) (A) is amended to read as follows:

“(A) Increasing by more than 50 per centum any rate of duty existing on July 1, 1934; except that a specific rate of duty existing on July 1, 1934, may be converted to its ad valorem equivalent based on the value of imports of the article concerned during the calendar year 1934 (determined in the same manner as provided in subparagraph (D) (ii)) and the proclamation may provide an ad valorem rate of duty not in excess of 50 per centum above such ad valorem equivalent.”

(2) Paragraph (2) (D) is amended by inserting “and before July 1, 1958,” after “June 12, 1955,”.

(4) Paragraph (2) is amended by adding at the end thereof the following new subparagraph:

“(E) In order to carry out a foreign trade agreement entered into by the President on or after July 1, 1958, decreasing any rate of duty below the lowest of the rates provided for in paragraph (4) (A) of this subsection.”

(5) Paragraph (3) (A) is amended (A) by striking out “of subparagraphs (B) and (C) of this paragraph,” and by inserting in lieu thereof “of subparagraphs (B) and (C) of this paragraph and of subparagraph (B) of paragraph (4) of this subsection,”, and (B) by striking out “suspension under paragraph (4)” and by inserting in lieu thereof “suspension under paragraph (5)”.

(6) Paragraph (3) (D) is amended by striking out “paragraph (2) (C) or (D)” and by inserting in lieu thereof “paragraph (2) (C) or (D) or paragraph (4) (A) or (B)”,

(7) Paragraphs (4) and (5) are renumbered as paragraphs (5) and (6), respectively.

(8) Subsection (a) is amended by inserting after paragraph (3) the following new paragraph:

“(4) (A) No proclamation pursuant to paragraph (1) (B) of this subsection shall be made, in order to carry out a foreign trade agreement entered into by the President on or after July 1, 1958, decreasing any rate of duty below the lowest of the following rates:

“(i) The rate which would result from decreasing the rate existing on July 1, 1958, by 20 per centum of such rate.

“(ii) Subject to paragraph (2) (B) of this subsection, the rate 2 per centum ad valorem below the rate existing on July 1, 1958.

of rates including a specific rate, any rate (or combination of rates), however stated, the ad valorem equivalent of which has been determined as 50 per centum ad valorem.

The provisions of clauses (ii) and (iii) of this subparagraph and of subparagraph (B) (ii) of this paragraph shall, in the case of any article subject to a combination of ad valorem rates of duty, apply to the aggregate of such rates; and, in the case of any article subject to a specific rate of duty or to a combination of rates including a specific rate, such provisions shall apply on the basis of the ad valorem equivalent of such rate or rates, during a representative period (whether or not such period includes July 1, 1958), determined in the same manner as the ad valorem equivalent of rates not stated wholly in ad valorem terms is determined for the purpose of paragraph (2) (D) (ii) of this subsection.

"(B) (i) In the case of any decrease in duty to which clause (i) of subparagraph (A) of this paragraph applies, such decrease shall become initially effective in not more than four annual stages, and no amount of decrease becoming initially effective at one time shall exceed 10 per centum of the rate of duty existing on July 1, 1958, or, in any case in which the rate has been increased since that date, exceed such 10 per centum or one-third of the total amount of the decrease under the foreign trade agreement, whichever is the greater.

"(C) In the case of any decrease in duty to which subparagraph (A) of this paragraph applies (i) no part of a decrease after the first part shall become initially effective until the immediately previous part shall have been in effect for a period or periods aggregating not less than one year, nor after the first part shall have been in effect for a period or periods aggregating more than three years, and (ii) no part of a decrease shall become initially effective after the expiration of the four-year period which begins on July 1, 1962. If any part of a decrease has become effective, then for the purposes of clauses (i) and (ii) of the preceding sentence any time thereafter during which such part of the decrease is not in effect by reason of legislation of the United States or action thereunder shall be excluded in determining when the three-year period or the four-year period, as the case may be, expires."

(c) A resolution with respect to an investigation shall be referred to the Committee on Finance of the Senate or to the Committee on Ways and Means of the House of Representatives by the President of the Senate or the Speaker of the House of Representatives, as the case may be.

(d) (1) If the committee to which has been referred a resolution with respect to an investigation has not reported it before the expiration of ten calendar days after its introduction (or, in the case of a resolution received from the other House, ten calendar days after its receipt), it shall then (but not before) be in order to move either to discharge the committee from further consideration of such resolution, or to discharge the committee from further consideration of any other resolution with respect to such investigation which has been referred to the committee.

(2) Such motion may be made only by a person favoring the resolution, shall be highly privileged (except that it may not be made after the committee has reported a resolution with respect to the same investigation), and debate thereon shall be limited to not to exceed one hour, to be equally divided between those favoring and those opposing the resolution. (2) All appeals from the decisions of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to a resolution with respect to an investigation shall be decided without debate.

(g) If, prior to the passage by one House of a resolution of that House with respect to an investigation, such House receives from the other House a resolution with respect to the same investigation, then—

(1) If no resolution of the first House with respect to such investigation has been referred to committee, no other resolution with respect to the same investigation may be reported or (despite the provisions of subsection (d)(1)) be made the subject of a motion to discharge.

(2) If a resolution of the first House with respect to such investigation has been referred to committee—

(A) the procedure with respect to that or other resolutions of such House with respect to such investigation which have been referred to committee shall be the same as if no resolution from the other House with respect to such investigation had been received; but

SEC. 8. (a) Section 2 of the Act entitled "An Act to extend the authority of the President to enter into trade agreements under section 350 of the Tariff Act of 1930, as amended", approved July 1, 1954, as amended by section 7 of the Trade Agreements Extension Act of 1955 (19 U. S. C., sec. 1352a), is amended to read as follows:

"Sec. 2. (a) No action shall be taken pursuant to section 350 of the Tariff Act of 1930, as amended (19 U. S. C., sec. 1351), to decrease the duty on any article if the President finds that such reduction would threaten to impair the national security.

(b) Upon request of the head of any Department or Agency, upon application of an interested party, or upon his own motion, the Director of the Office of Defense and Civilian Mobilization (hereinafter in this section referred to as the 'Director') shall immediately make an appropriate investigation, in the course of which he shall seek information and advice from other appropriate Departments and Agencies, to determine the effects on the national security of imports of the article which is the subject of such request, application, or motion. If, as a result of such investigation, the Director is of the opinion that the said article is being imported into the United States in such quantities or under such circumstances as to threaten to impair the national security, he shall promptly so advise the President, and, unless the President determines that the article is not being imported into the United States in such quantities or under such circumstances as to threaten to impair the national security as set forth in this section, he shall take such action, and for such time, as he deems necessary to adjust the imports of such article and its derivatives so that such imports will not so threaten to impair the national security.

(c) For the purposes of this section, the Director and the President shall, in the light of the requirements of national security and without excluding other relevant factors, give consideration to domestic production needed for projected national defense requirements, the capacity of domestic industries to meet such requirements, existing and anticipated availabilities of the human resources, products, raw materials, and other supplies and services essential to the national de-
fense, the requirements of growth of such industries and such supplies and services including the investment, exploration, and development necessary to assure such growth, and the importation of goods in terms of their quantities, availabilities, character, and use as those affect such industries and the capacity of the United States to meet national security requirements. In the administration of this section, the Director and the President shall further recognize the close relation of the economic welfare of the Nation to our national security, and shall take into consideration the impact of foreign competition on the economic welfare of individual domestic industries; and any substantial unemployment, decrease in revenues of government, loss of skills or investment, or other serious effects resulting from the displacement of any domestic products by excessive imports shall be considered, without excluding other factors, in determining whether such weakening of our internal economy may impair the national security.

"(d) A report shall be made and published upon the disposition of each request, application, or motion under subsection (b). The Director shall publish procedural regulations to give effect to the authority conferred on him by subsection (b)."

"(e) The Director, with the advice and consultation of other appropriate Departments and Agencies and with the approval of the President, shall by February 1, 1959, submit to the Congress a report on the administration of this section. In preparing such a report, an analysis should be made of the nature of projected national defense requirements, the character of emergencies that may give rise to such requirements, the manner in which the capacity of the economy to satisfy such requirements can be judged, the alternative means of assuring such capacity and related matters."

Sec. 9. (a) Subsection (a) of section 333 of the Tariff Act of 1930 (19 U. S. C., sec. 1333 (a)) is amended to read as follows:

To amend section 31 of the Organic Act of Guam, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 31 of the Organic Act of Guam (64 Stat. 384, 392; 48 U. S. C., 1952 edition, sec. 1421i), is amended to read as follows:

“(a) The income-tax laws in force in the United States of America and those which may hereafter be enacted shall be held to be likewise in force in Guam.

“(b) The income-tax laws in force in Guam pursuant to subsection (a) of this section shall be deemed to impose a separate Territorial income tax, payable to the government of Guam, which tax is designated the ‘Guam Territorial income tax’.

“(c) The administration and enforcement of the Guam Territorial income tax shall be performed by or under the supervision of the Governor. Any function needful to the administration and enforcement of the income-tax laws in force in Guam pursuant to subsection (a) of this section shall be performed by any officer or employee of the government of Guam duly authorized by the Governor (either directly, or indirectly by one or more redelegations of authority) to perform such function.

“(d) (1) The income-tax laws in force in Guam pursuant to subsection (a) of this section include but are not limited to the following provisions of the Internal Revenue Code of 1954, where not manifestly inapplicable or incompatible with the intent of this section: Subtitle A (not including chapter 2 and section 931); chapters 24 and 25 of subtitle C, with reference to the collection of income tax at source on wages; and all provisions of subtitle F which apply to the income tax, including provisions as to crimes, other offenses, and forfeitures contained in chapter 75. For the period after 1950 and prior to the effective date of the repeal of any provision of the Internal Revenue Code of 1939 which corresponds to one or more of those provisions of the Internal Revenue Code of 1954 which are included in the income-tax laws in force in Guam pursuant to subsection (a) of this section, such income-tax laws include but are not limited to such provisions of the Internal Revenue Code of 1939.

“(2) The Governor or his delegate shall have the same administrative and enforcement powers and remedies with regard to the Guam Territorial income tax as the Secretary of the Treasury, and other United States officials of the executive branch, have with respect to the United States income tax. Needful rules and regulations for enforcement of the Guam Territorial income tax shall be prescribed by the Governor. The Governor or his delegate shall have authority to issue, from time to time, in whole or in part, the text of the income-tax laws in force in Guam pursuant to subsection (a) of this section.

“(e) In applying as the Guam Territorial income tax the income-tax laws in force in Guam pursuant to subsection (a) of this section, except where it is manifestly otherwise required, the applicable provisions of the Internal Revenue Codes of 1954 and 1939, shall be read so as to substitute ‘Guam’ for ‘United States’, ‘Governor or his delegate’ for ‘Secretary or his delegate’, ‘Governor or his delegate’ for ‘Commissioner of Internal Revenue’ and ‘Collector of Internal Revenue’, ‘District Court of Guam’ for ‘district court’ and with other changes in nomenclature and other language, including the omission of inapplicable language, where necessary to effect the intent of this section.
Prosecution of criminal offenses. 
68A Stat. 851. 

(f) Any act or failure to act with respect to the Guam Territorial income tax which constitutes a criminal offense under chapter 75 of subtitle F of the Internal Revenue Code of 1954, or the corresponding provisions of the Internal Revenue Code of 1939, as included in the income-tax laws in force in Guam pursuant to subsection (a) of this section, shall be an offense against the government of Guam and may be prosecuted in the name of the government of Guam by the appropriate officers thereof. 

Liens. 

(g) The government of Guam shall have a lien with respect to the Guam Territorial income tax in the same manner and with the same effect, and subject to the same conditions, as the United States has a lien with respect to the United States income tax. Such lien in respect of the Guam Territorial income tax shall be enforceable in the name of and by the government of Guam. Where filing of a notice of lien is prescribed by the income-tax laws in force in Guam pursuant to subsection (a) of this section, such notice shall be filed in the Office of the Clerk of the District Court of Guam. 

Jurisdiction of District Court. 

(h) 

(1) Notwithstanding any provision of section 22 of this Act or any other provision of law to the contrary, the District Court of Guam shall have exclusive original jurisdiction over all judicial proceedings in Guam, both criminal and civil, regardless of the degree of the offense or of the amount involved, with respect to the Guam Territorial income tax. 

Taxes illegally collected. 

(2) Suits for the recovery of any Guam Territorial income tax alleged to have been erroneously or illegally assessed or collected, or of any penalty claimed to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected, under the income-tax laws in force in Guam, pursuant to subsection (a) of this section, may, regardless of the amount of claim, be maintained against the government of Guam subject to the same statutory requirements as are applicable to suits for the recovery of such amounts maintained against the United States in the United States district courts with respect to the United States income tax. When any judgment against the government of Guam under this paragraph has become final, the Governor shall order the payment of such judgment out of any unencumbered funds in the treasury of Guam. 

(3) Execution shall not issue against the Governor or any officer or employee of the government of Guam on a final judgment in any proceeding against him for any acts or for the recovery of money exacted by or paid to him and subsequently paid into the treasury of Guam, in performing his official duties under the income-tax laws in force in Guam pursuant to subsection (a) of this section, if the court certifies that— 

(A) probable cause existed; or

(B) such officer or employee acted under the directions of the Governor or his delegate. 

When such certificate has been issued, the Governor shall order the payment of such judgment out of any unencumbered funds in the treasury of Guam. 

(4) A civil action for the collection of the Guam Territorial income tax, together with fines, penalties, and forfeitures, or for the recovery of any erroneous refund of such tax, may be brought in the name of and by the government of Guam in the District Court of Guam or in any district court of the United States or in any court having the jurisdiction of a district court of the United States. 

(5) The jurisdiction conferred upon the District Court of Guam by this subsection shall not be subject to transfer to any other court by the legislature, notwithstanding section 22 (a) of this Act.)
Sec. 2. Income taxes heretofore assessed by the authorities of the government of Guam pursuant to, or under color of, section 31 of the Organic Act of Guam, the collection of such taxes, and all acts done to effectuate such assessment and collection are hereby legalized, ratified and confirmed as fully, to all intents and purposes, as if section 1 of this Act (subsections (b) to (g), inclusive, of which are hereby declared to express the true intendment of said section 31 as it was prior to enactment of this Act) had then been in full force and effect: Provided, That if it shall be judicially determined that, except for the enactment of this Act, an assessment or collection of such taxes or an act done or required to be done in order to effectuate such assessment and collection would not, in the particular circumstances of the case, have been lawful under said section 31 as it was prior to enactment of this Act, no penalty shall be imposed for failure to have made timely payment of such taxes or to have complied at the prescribed time with a requirement intended to effectuate the assessment and collection thereof, but such penalty shall be imposed for any failure to make payment or to comply which continues more than sixty days from the date of this Act.

AN ACT
To amend section 27 of the Mineral Leasing Act of February 25, 1920, as amended, in order to promote the development of coal on the public domain.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 27 of the Act of February 25, 1920, as amended (41 Stat. 448, 30 U. S. C. 184), is further amended by deleting from the first sentence thereof the words “coal or” and “for each of said minerals”, and by inserting at the beginning of said section the following:

“No person, association, or corporation, except as herein provided, shall take or hold coal leases or permits during the life of such lease in any one State exceeding an aggregate of ten thousand two hundred and forty acres: Provided, That a person, association or corporation may apply for coal leases or permits for acreage in addition to said ten thousand two hundred and forty acres, which application or applications shall be in multiples of forty acres, not exceeding a total of five thousand one hundred twenty additional acres in such State, and shall contain a statement that the granting of a lease for such additional lands is necessary for the person, association, or corporation to carry on business economically and is in the public interest. On the filing of said application, the coal deposits in such lands covered thereby shall be temporarily set aside and withdrawn from all forms of disposal under this Act. The Secretary of the Interior shall, after posting notice of the pending application in the local land office, conduct public hearings on said application or applications for additional acreage. After such public hearings, to such extent as he finds to be in the public interest and necessary for the applicant in order to carry on business economically, the Secretary of the Interior may, under such regulations as he may prescribe, permit such person, association, or corporation to take or hold coal leases or permits for an additional aggregate acreage of not more than five thousand one hundred and twenty acres in such State. The Secretary may, in his own discretion or whenever sufficient public interest is manifested, re-evaluate the lessee's or permittee's need for all or any part of the additional acreage. The Secretary may cancel the lease or leases and permit or permits covering all or any part of the additional acreage, if he finds that such cancellation is in the public interest or that the coal deposits in the additional acreage are no longer necessary for the lessee or permittee to carry on business economically or if the lessee or permittee has divested himself of all or any part of the original ten thousand two hundred and forty acres or no longer has facilities which in the Secretary's opinion enable him to exploit the deposits under lease or permit. No assignment, transfer, or sale of any part of the additional acreage may be made without the approval of the Secretary.”

TITLE III—SMALL BUSINESS INVESTMENT COMPANIES

ORGANIZATION OF SMALL BUSINESS INVESTMENT COMPANIES

Sec. 301. (a) Small business investment companies may be formed for the purpose of operating under this Act by any number of persons, not less than 10, who shall subscribe to the articles of incorporation of any such company: Provided, That no such company shall be chartered by the Administration under this section in any State unless the Administration determines that investment companies cannot be chartered under the laws of such State and operate in accordance with the purpose of this Act: Provided further, That no such company shall be chartered by the Administration under this section after June 30, 1961.

(b) The articles of incorporation of any small business investment company shall specify in general terms the objects for which the company is formed, the name assumed by such company, the area or areas in which its operations are to be carried on, the place where its principal office is to be located, and the amount and classes of its shares of capital stock. Such articles may contain any other provisions not inconsistent with this Act that the company may see fit to adopt for the regulation of its business and the conduct of its affairs. Such articles and any amendments thereto adopted from time to time shall be subject to the approval of the Administration.

(c) The articles of incorporation and amendments thereto shall be forwarded to the Administration for consideration and approval or disapproval. In determining whether to approve the establishment of such a company and its proposed articles of incorporation, the Administration shall give due regard, among other things, to the need for the financing of small-business concerns in the area in which the proposed company is to commence business, the general character of the proposed management of the company, the number of such companies previously organized in the United States, and the volume of their operations. After consideration of all relevant factors, the Administration may in its discretion approve the articles of incorporation and issue a permit to begin business.

(d) Upon issuance of such permit, the company shall become and be a body corporate, and as such, and in the name designated in its articles shall have power—

(1) to adopt and use a corporate seal;

(2) to have succession for a period of thirty years, unless extended as provided in section 308 (f), or unless sooner dissolved by the act of the shareholders owning two-thirds of the stock or by an Act of Congress, or unless its franchise becomes forfeited by some violation of law or regulation issued hereunder;
(3) to make contracts;
(4) to sue and be sued, complain, and defend in any court of law or equity;
(5) by its board of directors, to appoint such officers and employees as may be deemed proper, define their authority and duties, fix their compensation, require bonds of such of them as it deems advisable and fix the penalty thereof, dismiss such officers or employees, or any thereof, at pleasure, and appoint others to fill their places;
(6) to adopt bylaws regulating the manner in which its stock shall be transferred, its officers and employees appointed, its property transferred, and the privileges granted to it by law exercised and enjoyed;
(7) to establish branch offices or agencies subject to the approval of the Administration;
(8) to acquire, hold, operate, and dispose of any property (real, personal, or mixed) whenever necessary or appropriate to the carrying out of its lawful functions;

(e) The board of directors of each small business investment company shall consist of nine members who shall be elected annually by the holders of the shares of stock of the company.

CAPITAL STOCK AND SUBORDINATED DEBENTURES

Sec. 302. (a) Each company authorized to operate under this Act shall have a paid-in capital and surplus equal to at least $300,000. In order to facilitate the formation of small business investment companies, the Administration is hereby authorized, notwithstanding any other provisions of law, to purchase the debentures of any such company in an amount equal to not more than $150,000. Any debentures purchased by the Administration under this subsection shall be subordinate to any other debenture bonds, promissory notes, or other obligations which may be issued by such companies, and shall be deemed a part of the capital and surplus of such companies for purposes of this section and sections 303 (b) and 306 of this Act.

(b) Shares of stock in small business investment companies shall be eligible for purchase by national banks, and shall be eligible for purchase by other member banks of the Federal Reserve System and nonmember insured banks to the extent permitted under applicable State law; except that in no event shall any such bank hold shares in small business investment companies in an amount aggregating more than 1 percent of its capital and surplus.

(c) The aggregate amount of shares in any such company or companies which may be owned or controlled by any stockholder, or by any group or class of stockholders, may be limited by the Administration.

BORROWING POWER

Sec. 303. (a) Each small business investment company shall have authority to borrow money and to issue its debenture bonds, promissory notes, or other obligations under such general conditions and
subject to such limitations and regulations as the Administration may prescribe.

(b) To encourage the formation and growth of small business investment companies, the Administration is authorized to lend funds to such companies through the purchase of their obligations which shall bear interest at such rate, and contain such other terms, as the Administration may fix. The total amount of obligations purchased and outstanding at any one time by the Administration under this subsection in any one company shall not exceed 50 percent of the paid-in capital and surplus of such company.

PROVISION OF EQUITY CAPITAL FOR SMALL-BUSINESS CONCERNS

Sec. 304. (a) It shall be a primary function of each small business investment company to provide a source of needed equity capital for small-business concerns in the manner and subject to the conditions described in this section.

(b) Capital shall be provided by a company to a small-business concern under this section only through the purchase of debenture bonds (of such concern) which shall—

(1) bear interest at such rate, and contain such other terms, as the company may fix with the approval of the Administration;

(2) be callable on any interest payment date, upon three months' notice, at par plus accrued interest; and

(3) be convertible at the option of the company, or a holder in due course, up to and including the effective date of any call by the issuer, into stock of the small-business concern at the sound book value of such stock determined at the time of the issuance of the debentures.

(c) Before any capital is provided to a small-business concern under this section—

(1) the company may require such concern to refinance any or all of its outstanding indebtedness so that the company is the only holder of any evidence of indebtedness of such concern; and

(2) except as provided in regulations issued by the Administration, such concern shall agree that it will not thereafter incur any indebtedness without first securing the approval of the company and giving the company the first opportunity to finance such indebtedness.

(d) Whenever a company provides capital to a small-business concern under this section, such concern shall be required to become a stockholder-proprietor of the company by investing in the capital stock of the company, in an amount equal to not less than 2 percent nor more than 5 percent of the amount of the capital so provided, in accordance with regulations prescribed by the Administrator.

LONG-TERM LOANS TO SMALL-BUSINESS CONCERNS

Sec. 305. (a) Each company is authorized to make loans, in the manner and subject to the conditions described in this section, to incorporated and unincorporated small-business concerns in order to provide such concerns with funds needed for sound financing, growth, modernization, and expansion.

(b) Loans made under this section may be made directly or in cooperation with other lending institutions through agreements to participate on an immediate or deferred basis. In agreements to participate in loans on a deferred basis under this subsection, the participation by the company shall not be in excess of 90 per centum of the balance of the loan outstanding at the time of disbursement.

(c) The maximum rate of interest for the company's share of any
loan made under this section shall be determined by the Administration.

(d) Any loan made under this section shall have a maturity not exceeding twenty years.

(e) Any loan made under this section shall be of such sound value, or so secured, as reasonably to assure repayment.

(f) Any company which has made a loan to a small-business concern under this section is authorized to extend the maturity of or renew such loan for additional periods, not exceeding ten years, if the company finds that such extension or renewal will aid in the orderly liquidation of such loan.

AGGREGATE LIMITATIONS

Sec. 306. Without the approval of the Administration, the aggregate amount of obligations and securities acquired and for which commitments may be issued by any small business investment company under the provisions of this Act for any single enterprise shall not exceed 20 percent of the combined capital and surplus of such small business investment company authorized by this Act.

EXEMPTIONS

Sec. 307. (a) Section 3 of the Securities Act of 1933, as amended (15 U. S. C. 77c), is hereby amended by inserting at the end thereof the following new subsection (c):

“(c) The Commission may from time to time by its rules and regulations and subject to such terms and conditions as may be prescribed therein, add to the securities exempted as provided in this section any class of securities issued by a small business investment company under the Small Business Investment Act of 1958 if it finds, having regard to the purposes of that Act, that the enforcement of this Act with respect to such securities is not necessary in the public interest and for the protection of investors.”

(b) Section 304 of the Trust Indenture Act of 1939 (15 U. S. C. 77ddd) is hereby amended by adding the following subsection (e):

“(k) The provisions of subparagraphs (A) and (B) of paragraph (1) of subsection (a) of this section shall not apply to investment companies operating under the Small Business Investment Act of 1958.”

Sec. 308. (a) Wherever practicable the operations of a small business investment company, including the generation of business, may be undertaken in cooperation with banks or other financial institutions, and any servicing or initial investigation required for loans or acquisitions of securities by the company under the provisions of this Act may be handled through such banks or other financial institutions on a fee basis. Any small business investment company may receive fees for services rendered to banks or other financial institutions.
(b) Each small business investment company may make use, wherever practicable, of the advisory services of the Federal Reserve System and of the Department of Commerce which are available for and useful to industrial and commercial businesses, and may provide consulting and advisory services on a fee basis and have on its staff persons competent to provide such services. Any Federal Reserve bank is authorized to act as a depository or fiscal agent for any company organized under this Act. Such companies may invest funds not reasonably needed for their current operations in direct obligations of, or obligations guaranteed as to principal and interest by, the United States.

(c) The Administration is authorized to prescribe regulations governing the operations of small business investment companies, and to carry out the provisions of this Act, in accordance with the purposes of this Act. Each small business investment company shall be subject to examinations made by direction of the Administration by examiners selected or approved by the Administration, and the cost of such examinations, including the compensation of the examiners, may in the discretion of the Administration be assessed against the company examined and when so assessed shall be paid by such company. Every such company shall make such reports to the Administration at such times and in such form as the Administration may require; except that the Administration is authorized to exempt from making such reports any such company which is registered under the Investment Company Act of 1940 to the extent necessary to avoid duplication in reporting requirements.

(d) Should any small business investment company violate or fail to comply with any of the provisions of this Act or of regulations prescribed hereunder, all of its rights, privileges, and franchises derived therefrom may thereby be forfeited. Before any such company shall be declared dissolved, or its rights, privileges, and franchises forfeited, any noncompliance with or violation of this Act shall be determined and adjudged by a court of the United States of competent jurisdiction in a suit brought for that purpose in the district, territory, or other place subject to the jurisdiction of the United States, in which the principal office of such company is located. Any such suit shall be brought by the United States at the instance of the Administration or the Attorney General.

(e) Whenever in the judgment of the Administration any person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this Act or of any regulation thereunder, the Administration may make application to the proper district court of the United States, or a United States court of any Territory or other place subject to the jurisdiction of the United States, for an order enjoining such acts or practices, or for an order enforcing compliance with such provision, or regulation, and such courts shall have jurisdiction of such actions and, upon a showing by the Administration that such person has engaged or is about to engage in any such acts or practices, a permanent or temporary injunction, restraining order, or other order, shall be granted without bond.

(f) Any small business investment company may at any time within the two years next previous to the date of the expiration of its corporate existence, by a vote of the shareholders owning two-thirds of its stock, apply to the Administration for approval to extend the period of its corporate existence for a term of not more than thirty years, and upon approval of the Administration, as provided in section 301 hereof, such company shall have its corporate existence extended for such approved period unless sooner dissolved by the act.
of the shareholders owning two-thirds of its stock, or by an Act of Congress, or unless its franchise becomes forfeited as herein provided.

(g) Nothing in this Act or in any other provision of law shall be deemed to impose any liability on the United States with respect to any obligations entered into, or stocks issued, or commitments made, by any company organized under this Act.

APPROVING STATE CHARTERED COMPANIES FOR OPERATIONS UNDER THIS ACT

Sec. 309. Any investment company chartered under the laws of any State expressly for the purpose of operating under this Act may with the approval of the Administrator be permitted to operate under the provisions of this Act. Such approval shall be given with due regard to the factors specified in section 301 (c) with respect to organization of small business investment companies.

TITLE IV—CONVERSION OF STATE CHARTERED INVESTMENT COMPANIES AND STATE DEVELOPMENT COMPANIES

Sec. 401. (a) Prior to July 1, 1961, any investment company or any State development company may, by the vote of the shareholders owning not less than 51 percent of the capital stock of such company, with the approval of the Administration, be converted into a small business investment company under this Act; except that nothing contained herein shall be construed to supersede the laws of any State.

(b) In such case the articles of association and organization certificate may be executed by a majority of the directors of the corporation, and the certificate shall declare that the owners of 51 percent of the capital stock have authorized the directors to make such certificate and to change or convert the corporation into a small business investment company. A majority of the directors, after executing the articles of association and the organization certificate, shall have power to execute all other papers and to do whatever may be required to make its organization perfect and complete as a small business investment company. The shares of any such company may continue to be for the same amount each as they were before the conversion, and the directors, regardless of number, may continue to be directors of the corporation until the election of the board of directors is held in accordance with regulations of the Administration.

(c) When the Administration has given to such company a certificate that the provisions of this Act have been complied with, such company shall have the same powers and privileges and shall be subject to the same duties, liabilities, and regulations, in all respects, as are prescribed by this Act for companies originally organized as small business investment companies.

TITLE V—LOANS TO STATE AND LOCAL DEVELOPMENT COMPANIES

Sec. 501. (a) The Administration is authorized to make loans to State development companies to assist in carrying out the purposes of this Act. Any funds advanced under this subsection shall be in exchange for obligations of the development company which bear interest at such rate, and contain such other terms, as the Administration may fix, and funds may be so advanced without regard to the use and investment by the development company of funds secured by it from other sources.
(b) The total amount of obligations purchased and outstanding at any one time by the Administration under this section from any one State development company shall not exceed the total amount borrowed by it from all other sources. Funds advanced to a State development company under this section shall be treated on an equal basis with those funds borrowed by such company after the date of the enactment of this Act, regardless of source, which have the highest priority, except when this requirement is waived by the Administrator.

Sec. 502. The Administration may, in addition to its authority under section 501, make loans for plant construction, conversion or expansion, including the acquisition of land, to State and local development companies, and such loans may be made or effected either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred basis: Provided, however, That the foregoing powers shall be subject to the following restrictions and limitations:

1. All loans made shall be so secured as reasonably to assure repayment. In agreements to participate in loans on a deferred basis under this subsection, such participation by the Administration shall not be in excess of 90 per centum of the balance of the loan outstanding at the time of disbursement.

2. The proceeds of any such loan shall be used solely by such borrower to assist an identifiable small-business concern and for a sound business purpose approved by the Administration.

3. Loans made by the Administration under this section shall be limited to $250,000 for each such identifiable small-business concern.

4. Any development company assisted under this section must meet criteria established by the Administration, including the extent of participation to be required or amount of paid-in capital to be used in each instance as is determined to be reasonable by the Administration.

5. No loans, including extensions or renewals thereof, shall be made by the Administration for a period or periods exceeding ten years plus such additional period as is estimated may be required to complete construction, conversion, or expansion, but the Administration may extend the maturity of or renew any loan made pursuant to this section beyond the period stated for additional periods, not to exceed ten years, if such extension or renewal will aid in the orderly liquidation of such loan. Any such loan shall bear interest at a rate fixed by the Administration.

6. No loan shall be made under this section to any local development company after June 30, 1961.

AN ACT

To provide a program for the discovery of the mineral reserves of the United States, its Territories, and possessions by encouraging exploration for minerals, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it is declared to be the policy of the Congress to stimulate exploration for minerals within the United States, its Territories and possessions.

Section 1. The Secretary of the Interior is hereby authorized and directed, in order to provide for discovery of additional domestic mineral reserves, to establish and maintain a program for exploration by private industry within the United States, its Territories and possessions for such minerals, excluding organic fuels, as he shall from time to time designate, and to provide Federal financial assistance on a participating basis for that purpose.

Section 2. (a) In order to carry out the purposes of this Act, and subject to the provisions of this section, the Secretary is authorized to enter into exploration contracts with individuals, partnerships, corporations, or other legal entities which shall provide for such Federal financial participation as he deems in the national interest. Such contracts shall contain terms and conditions as the Secretary deems necessary and appropriate, including terms and conditions for the repayment of the Federal funds made available under any contract together with interest thereon, as a royalty on the value of the production from the area described in the contract. Interest shall be calculated from the date of the loan. Such interest shall be at rates which (1) are not less than the rates of interest which the Secretary of the Treasury shall determine the Department of the Interior would have to pay if it borrowed such funds from the Treasury of the United States, taking into consideration current average yields on outstanding marketable obligations of the United States with maturities comparable to the terms of the particular contracts involved and (2) plus 2 per centum per annum in lieu of recovering the cost of administering the particular contracts.

(b) Royalty payments received under paragraph (a) of this section shall be covered into the miscellaneous receipts of the Treasury.

(c) When in the opinion of the Secretary an analysis and evaluation of the results of the exploration project disclose that mineral production from the area covered by the contract may be possible he shall certify within the time specified in the contract. Upon certification, payment of royalties shall be a charge against production for the full period specified in the contract or until the obligation has been discharged, but in no event shall such royalty payments continue for a period of more than twenty-five years from the date of contract. When the Secretary determines not to certify he shall promptly notify the contractor. When the Secretary deems it necessary and in the public interest, he may enter into royalty agreements to provide for royalty payments in the same manner as though the project had been certified.

(d) No provision of this Act, nor any rule or regulation which may be issued by the Secretary shall be construed to require any production from the area described in the contract.

(e) The Secretary shall establish and promulgate such rules and regulations as may be necessary to carry out the purposes of this Act: Provided, however, That he may modify and adjust the terms and conditions of any contract to reduce the amount and term of any royalty payment when he shall determine that such action is necessary.
and in the public interest: Provided further, That no such single contract shall authorize Government participation in excess of $250,000.

(f) No funds shall be made available under this Act unless the applicant shall furnish evidence that funds from commercial sources are unavailable on reasonable terms.

Sec. 3. As used in this Act, the term "exploration" means the search for new or unexplored deposits of minerals, including related development work, within the United States, its Territories and possessions, whether conducted from the surface or underground, using recognized and sound procedures including standard geophysical and geochemical methods for obtaining mineralogical and geological information.

Sec. 4. Departments and agencies of the Government are hereby authorized to advise and assist the Secretary of the Interior, upon his request, in carrying out the provisions of this Act and may expend their funds for such purposes, with or without reimbursement, in accordance with such agreements as may be necessary.

Sec. 5. The Secretary of the Interior is authorized and directed to present to the Congress, through the President, on March 1 and September 1 of each year, a report containing a review and evaluation of the operations of the programs authorized in this Act, together with his recommendations regarding the need for the continuation of the programs and such amendments to this Act as he deems to be desirable.

Sec. 6. There are hereby authorized to be appropriated, from any funds in the Treasury not otherwise appropriated, such sums as may be necessary to carry out the provisions of this Act.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That title 10, United States Code, is amended as follows:

Section 1331 (c) is amended to read as follows:

"(c) No person who, before August 16, 1945, was a Reserve of an armed force, or a member of the Army without component or other category covered by section 1332 (a) (1) of this title except a regular component, is eligible for retired pay under this chapter, unless he performed active duty after April 5, 1917, and before November 12, 1918, or after September 8, 1940, and before January 1, 1947, or unless he performed active duty (other than for training) after June 26, 1950, and before July 28, 1953."

Approved August 21, 1958.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Agricultural Adjustment Act of 1938, as amended, is amended by inserting immediately after section 314 of title III thereof the following new section:

"Sec. 315. (a) The provisions of this section shall be effective, where applicable, notwithstanding any other provision of this Act. Within thirty days after the date this section is enacted into law, the Secretary shall conduct a special referendum of farmers who were engaged in the production of the crops of type 21 (Virginia) fire-cured tobacco or type 37 Virginia sun-cured tobacco which was harvested immediately prior to the referendum. The provisions of the regulations issued by the Secretary governing the holding of referendums on marketing quotas authorized under section 312 of this Act shall apply, insofar as applicable, to the holding of the special referendum provided for in this section. The purpose of such special referendum is to determine whether those persons eligible to vote therein favor the establishment, as hereinafter provided in this section, of a single combined tobacco acreage allotment for the 1958-59 and subsequent marketing years for any farm for which both a type 21 (Virginia) fire-cured tobacco acreage allotment and a type 37 Virginia sun-cured tobacco acreage allotment have been established for the 1958-59 marketing year.

(b) If two-thirds or more of the persons voting in the special referendum provided for in this section favor the establishment for the 1958-1959 and subsequent marketing years of a single combined tobacco acreage allotment for any farm having both a type 21 (Virginia) fire-cured tobacco acreage allotment and a type 37 Virginia sun-cured tobacco acreage allotment for the 1958-1959 marketing year, the Secretary, through local committees, shall establish for each of such farms a single combined tobacco acreage allotment for the 1958-1959 marketing year and subsequent marketing years applicable to one kind of tobacco, either type 21 (Virginia) fire-cured tobacco or type 37 Virginia sun-cured tobacco, whichever kind of tobacco the owner of such farm or his representative designates with respect to the 1958-1959 marketing year and notifies the local committee of such designation within a period of time as determined and fixed by the Secretary. In the absence of such a designation and notification by the owner or his representative of any farm for which a single combined tobacco acreage allotment shall be established as provided in this section, the Secretary shall designate such combined allotment for such farm as either a type 21 (Virginia) fire-cured tobacco acreage allotment or a type 37 Virginia sun-cured tobacco acreage allotment after taking into consideration the prevalent kind of tobacco grown in the area in which such farm is located, the curing facilities on such farm, and the proximity and nature of marketing outlets. The single combined tobacco acreage allotment determined as herefore provided for each farm for the 1958-1959 marketing year shall be in lieu of and shall equal the total of the acreage of the type 21 (Virginia) fire-cured tobacco allotment and the acreage of the type 37 Virginia sun-cured tobacco allotment for the 1958-1959 marketing year established for such farm. No contract entered into under the acreage reserve program for the 1958 crop of type 21 (Virginia) fire-cured tobacco or of type 37 Virginia sun-cured tobacco shall be
affected by the establishment of a single combined tobacco acreage allotment for a farm as provided in this section. If the establishment of farm acreage allotments as provided in this section are approved in the special referendum as heretofore provided in this section, and thereafter two or more farms, of which one or more has a type 21 (Virginia) fire-cured tobacco allotment and another or more has a type 37 Virginia sun-cured tobacco allotment, are combined and operated as a single farm, a single combined tobacco acreage allotment designated for either type 21 (Virginia) fire-cured tobacco or type 37 Virginia sun-cured tobacco as heretofore provided, shall be established for the combined farm in lieu of and shall equal the total acreage of the allotments for type 21 (Virginia) fire-cured tobacco and type 37 Virginia sun-cured tobacco established for the farms comprising the combined farm for the marketing year for which such single combined tobacco acreage allotment is established. For marketing years subsequent to the marketing year for which a single combined tobacco acreage allotment is first established for a farm as provided in this section, the history of past marketing or of past harvested acreage from such farm of both type 21 (Virginia) fire-cured tobacco and type 37 Virginia sun-cured tobacco shall constitute the past marketing of tobacco or the past harvested acreage of tobacco of such farm in determining a single combined tobacco acreage allotment therefor.

"(c) Notwithstanding the national marketing quotas for the marketing year beginning October 1, 1958, announced by the Secretary for each of the two kinds of tobacco described as type 21 (Virginia) fire-cured tobacco and type 37 Virginia sun-cured tobacco, each of the State acreage allotments for such kinds of tobacco apportioned by the Secretary to the State of Virginia for the marketing year beginning October 1, 1958, shall be increased or decreased respectively by the amount of acreage equivalent to the corresponding net total change in farm acreage allotments for each of such kinds of tobacco for such marketing year which result from the establishment of single combined tobacco farm acreage allotments as provided in this section. In determining and announcing the amount of the national marketing quotas for type 21 (Virginia) fire-cured tobacco, and type 37 Virginia sun-cured tobacco in terms of the total quantity of each of such kinds of tobacco which may be marketed during the marketing year beginning October 1, 1959, and during each of the four succeeding marketing years thereafter, the Secretary shall increase or decrease such national marketing quotas determined as provided in section 312 (b) and the Virginia State acreage allotments for type 21 (Virginia) fire-cured tobacco and type 37 Virginia sun-cured tobacco to reflect correspondingly the changes which previously have occurred in the total acreage allotted for each of such kinds of tobacco pursuant to this section. Notwithstanding any marketing quota determined and announced for type 21 (Virginia) fire-cured tobacco and type 37 Virginia sun-cured tobacco for the marketing year beginning October 1, 1959, and for each marketing year thereafter, each of the State acreage allotments for such kinds of tobacco apportioned to the State of Virginia for any such marketing year shall be increased or decreased respectively by the amount of acreage equivalent to the corresponding net total change in farm acreage allotments for each of such kinds of tobacco for such marketing year which results from the combination of farms and the establishment of single combined tobacco farm acreage allotments as provided in this section. The sum of the State acreage allotments for type 21 (Virginia) fire-cured tobacco and type 37 Virginia sun-cured tobacco determined for any marketing year as
provided in section 313 shall not be increased or decreased by reason of any increase or decrease in the State acreage allotment for each of such kinds of tobacco previously provided for in this paragraph to reflect net changes occurring in acreage allotted.”

Sec. 608. Insofar as practicable, the Secretary of Defense shall assist American small business to participate equitably in the furnishing of commodities and services financed with funds appropriated under this Act by making available or causing to be made available to suppliers in the United States, and particularly to small independent enterprises, information, as far in advance as possible, with respect to purchases proposed to be financed with funds appropriated under this Act, and by making available or causing to be made available to purchasing and contracting agencies of the Department of Defense information as to commodities and services produced and furnished by small independent enterprises in the United States, and by otherwise helping to give small business an opportunity to participate in the furnishing of commodities and services financed with funds appropriated by this Act.

Sec. 609. No appropriation contained in this Act shall be available for expenses of operation of messes (other than organized messes the operating expenses of which are financed principally from non-appropriated funds) at which meals are sold to officers or civilians except under regulations approved by the Secretary of Defense, which shall (except under unusual or extraordinary circumstances) establish rates for such meals sufficient to provide reimbursement of operating expenses and food costs to the appropriations concerned: Provided, That officers and civilians in a travel status receiving a per diem allowance in lieu of subsistence shall be charged at the rate of not less than $2.25 per day: Provided further, That for the purposes of this section payments for meals at the rates established hereunder may be made in cash or by deductions from the pay of civilian employees.

Sec. 612. During the current fiscal year, the President may exempt appropriations, funds, and contract authorizations, available for military functions under the Department of Defense, from the provisions of subsection (c) of section 3679 of the Revised Statutes, as amended, whenever he deems such action to be necessary in the interest of national defense.

Sec. 615. In addition to the foregoing, agencies of the Department of Defense may accept real property, services, and commodities from foreign countries for the use of the United States in accordance with mutual defense agreements or occupational arrangements and such agencies may use the same for the support of the United States forces in such areas without specific appropriation therefor: Provided, That within thirty days after the end of each quarter the Secretary of Defense shall render to the Committees on Appropriations of the Senate and the House of Representatives and to the Bureau of the Budget a full report of such property, supplies, and commodities received during such quarter.

Sec. 622. SEC. 626. None of the funds appropriated in this Act shall be used for the construction, replacement, or reactivation of any bakery, laundry, or dry-cleaning facility in the United States, its Territories or possessions, as to which the Secretary of Defense does not certify in writing, giving his reasons therefor, that the services to be furnished by such facilities are not obtainable from commercial sources at reasonable rates.

Board and shall be so verified, shall be in such form and contain such
information, and shall be accompanied by such proof of service upon
such interested persons, as the Board shall by regulation require.

NOTICE OF APPLICATION

(c) Upon the filing of any such application, the Board shall give
due notice thereof to the public by posting a notice of such applica-
tion in the office of the secretary of the Board and to such other

No air carrier shall be deemed to have violated any term, condition, or limitation of its certificate by landing or taking off during an emergency at a point not named in its certificate or by operating in an emergency under regulations which may be prescribed by the Board, between terminal and intermediate points other than those specified in its certificate. Any air carrier may make charter trips or perform any other special service, without regard to the points named in its certificate, under regulations prescribed by the Board.

if any service authorized by a certificate is not inaugurated within such period, not less than ninety days, after the date of the authorization as shall be fixed by the Board, or if, for a period of ninety days or such other period as may be designated by the Board any such service is not operated, the Board may by order, entered after notice and hearing, direct that such certificate shall thereupon cease to be effective to the extent of such service.

AUTHORITY TO MODIFY, SUSPEND, OR REVOKE

(g) The Board upon petition or complaint or upon its own initiative, after notice and hearings, may alter, amend, modify, or suspend any such certificate, in whole or in part, if the public convenience and necessity so require, or may revoke any such certificate, in whole or in part, for intentional failure to comply with any provision of this title or any order, rule, or regulation issued hereunder or any term, condition, or limitation of such certificate: Provided, That no such certificate shall be revoked unless the holder thereof fails to comply, within a reasonable time to be fixed by the Board, with an order of the Board commanding obedience to the provision, or to the order (other than an order issued in accordance with this proviso), rule, regulation, term, condition, or limitation found by the Board to have been violated. (2) Every air carrier shall maintain rates of compensation for all of its pilots and copilots who are engaged in overseas or foreign air transportation or air transportation wholly within a Territory or

(3) Nothing herein contained shall be construed as restricting the right of any such pilots or copilots, or other employees, of any such air carrier to obtain by collective bargaining higher rates of compensation or more favorable working conditions or relations.

(4) It shall be a condition upon the holding of a certificate by any air carrier that such carrier shall comply with title II of the Railway Labor Act, as amended.

(m) Whenever, from time to time, the Postmaster General shall find that the needs of the Postal Service require the transportation of mail by aircraft between any points within the United States or between the United States and foreign countries, in addition to the transportation of mail authorized in certificates then currently effective, the Postmaster General shall certify such finding to the Board and file therewith a statement showing such additional service and the facilities necessary in connection therewith, and a copy of such certification and statement shall be posted for at least twenty days in the office of the secretary of the Board. The Board shall, after notice and hearing, and if found by it to be required by the public convenience and necessity, make provision for such additional service, and the facilities necessary in connection therewith, by issuing a new certificate or certificates or by amending an existing certificate or certificates in accordance with the provisions of this section.

PERMITS TO FOREIGN AIR CARRIERS

PERMIT REQUIRED

Sec. 402. (a) No foreign air carrier shall engage in foreign air transportation unless there is in force a permit issued by the Board authorizing such carrier so to engage.
ISSUANCE OF PERMIT

(b) The Board is empowered to issue such a permit if it finds that such carrier is fit, willing, and able properly to perform such air transportation and to conform to the provisions of this Act and the rules, regulations, and requirements of the Board hereunder, and that such transportation will be in the public interest.

APPLICATION FOR PERMIT

(c) Application for a permit shall be made in writing to the Board, shall be so verified, shall be in such form and contain such information, and shall be accompanied by such proof of service upon such interested persons, as the Board shall by regulation require.

(e) The Board may prescribe the duration of any permit and may attach to such permit such reasonable terms, conditions, or limitations as, in its judgment, the public interest may require.

AUTHORITY TO MODIFY, SUSPEND, OR REVOKE

(f) Any permit issued under the provisions of this section may, after notice and hearing, be altered, modified, amended, suspended, canceled, or revoked by the Board whenever it finds such action to be in the public interest. Any interested person may file with the Board a protest or memorandum in support of or in opposition to the alteration, modification, amendment, suspension, cancellation, or revocation of a permit.

TRANSFER OF PERMIT

(g) No permit may be transferred unless such transfer is approved by the Board as being in the public interest.

TARIFFS OF AIR CARRIERS

FILING OF TARIFFS REQUIRED

Sec. 403. (a) Every air carrier and every foreign air carrier shall file with the Board, and print, and keep open to public inspection, tariffs showing all rates, fares, and charges for air transportation between points served by it, and between points served by it and points served by any other air carrier or foreign air carrier when through service and through rates shall have been established, and showing to the extent required by regulations of the Board, all classifications, rules, regulations, practices, and services in connection with such air transportation. Tariffs shall be filed, posted, and published in such form and manner, and shall contain such information, as the Board shall by regulation prescribe; and the Board is empowered to reject
any tariff so filed which is not consistent with this section and such regulations. Any tariff so rejected shall be void. The rates, fares, and charges shown in any tariff shall be stated in terms of lawful money of the United States, but such tariffs may also state rates, fares, and charges in terms of currencies other than lawful money of the United States, and may, in the case of foreign air transportation, contain such information as may be required under the laws of any country in or to which an air carrier or foreign air carrier is authorized to operate.

OBSERVANCE OF TARIFFS; REBATING PROHIBITED

(b) No air carrier or foreign air carrier shall charge or demand or collect or receive a greater or less or different compensation for air transportation, or for any service in connection therewith, than the rates, fares, and charges specified in its currently effective tariffs; and no air carrier or foreign air carrier shall, in any manner or by any device, directly or indirectly, or through any agent or broker, otherwise, refund or remit any portion of the rates, fares, or charges so specified, or extend to any person any privileges or facilities, with respect to matters required by the Board to be specified in such tariffs, except those specified therein. Nothing in this Act shall prohibit such air carriers or foreign air carriers, under such terms and conditions as the Board may prescribe, from issuing or interchanging tickets or passes for free or reduced-rate transportation to their directors, officers, and employees and their immediate families; witnesses and attorneys attending any legal investigation in which any such air carrier is interested; persons injured in aircraft accidents and physicians and nurses attending such persons; and any person or property with the object of providing relief in cases of general epidemic, pestilence, or other calamitous visitation; and, in the case of overseas or foreign air transportation, to such other persons and under such other circumstances as the Board may by regulations prescribe. Any air carrier or foreign air carrier, under such terms and conditions as the Board may prescribe, may grant reduced-rate transportation to ministers of religion on a space-available basis.

NOTICE OF TARIFF CHANGE

(c) No change shall be made in any rate, fare, or charge, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, specified in any effective tariff of any air carrier or foreign air carrier, except after thirty days' notice of the proposed change filed, posted, and published in accordance with subsection (a) of this section. Such notice shall plainly state the change proposed to be made and the time such change will take effect. The Board may in the public interest, by regulation or otherwise, allow such change upon notice less than that herein specified, or modify the requirements of this section with respect to filing and posting of tariffs, either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

FILING OF DIVISIONS OF RATES AND CHARGES REQUIRED

(d) Every air carrier or foreign air carrier shall keep currently on file with the Board, if the Board so requires, the established divisions of all joint rates, fares, and charges for air transportation in which such air carrier or foreign air carrier participates.
Sec. 404. (a) It shall be the duty of every air carrier to provide and furnish interstate and overseas air transportation, as authorized by its certificate, upon reasonable request therefor and to provide reasonable through service in such air transportation in connection with other air carriers; to provide safe and adequate service, equipment, and facilities in connection with such transportation; to establish, observe, and enforce just and reasonable individual and joint rates, fares, and charges, and just and reasonable classifications, rules, regulations, and practices relating to such air transportation; and, in case of such joint rates, fares, and charges, to establish just, reasonable, and equitable divisions thereof as between air carriers participating therein which shall not unduly prefer or prejudice any of such participating air carriers.

(b) No air carrier or foreign air carrier shall make, give, or cause any undue or unreasonable preference or advantage to any particular person, port, locality, or description of traffic in air transportation in any respect whatsoever or subject any particular person, port, locality, or description of traffic in air transportation to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever.

Sec. 405. (a) The Postmaster General is authorized to make such rules and regulations, not inconsistent with the provisions of this Act, or any order, rule, or regulation made by the Board thereunder, as may be necessary for the safe and expeditious carriage of mail by aircraft.

(b) Each air carrier shall, from time to time, file with the Board and the Postmaster General a statement showing the points between which such air carrier is authorized to engage in air transportation, and all schedules, and all changes therein, of aircraft regularly operated by the carrier between such points, setting forth in respect of each such schedule the points served thereby and the time of arrival and departure at each such point. The Postmaster General may designate any such schedule for the transportation of mail between the points between which the air carrier is authorized by its certificate to transport mail, and may, by order, require the air carrier to establish additional schedules for the transportation of mail between such points. No change shall be made in any schedules designated or ordered to be established by the Postmaster General except upon ten days' notice thereof filed as herein provided. The Postmaster General may by order disapprove any such change or alter, amend, or modify any such schedule or change. No order of the Postmaster General under this subsection shall become effective until ten days after its issuance. Any person who would be aggrieved by any such order of the Postmaster General under this subsection may, before the expiration of such ten-day period, apply to the Board, under such regulations as it may prescribe, for a review of such order. The Board may review, and, if the public convenience and necessity so require, amend,
revise, suspend, or cancel such order; and, pending such review and the determination thereof, may postpone the effective date of such order. The Board shall give preference to proceedings under this subsection over all proceedings pending before it. No air carrier shall transport mail in accordance with any schedule other than a schedule designated or ordered to be established under this subsection for the transportation of mail.

MAXIMUM MAIL LOAD

(c) The Board may fix the maximum mail load for any schedule or for any aircraft or any type of aircraft; but, in the event that mail in excess of the maximum load is tendered by the Postmaster General for transportation by any air carrier in accordance with any schedule designated or ordered to be established by the Postmaster General under subsection (b) of this section for the transportation of mail, such air carrier shall, to the extent such air carrier is reasonably able as determined by the Board, furnish facilities sufficient to transport, and shall transport, such mail as nearly in accordance with such schedule as the Board shall determine to be possible.

TENDER OF MAIL

(d) From and after the issuance of any certificate authorizing the transportation of mail by aircraft, the Postmaster General shall tender mail to the holder thereof, to the extent required by the Postal Service, for transportation between the points named in such certificate for the transportation of mail, and such mail shall be transported by the air carrier holding such certificate in accordance with such rules, regulations, and requirements as may be promulgated by the Postmaster General under this section.

FOREIGN POSTAL ARRANGEMENT

(e) (1) Nothing in this Act shall be deemed to abrogate or affect any arrangement made by the United States with the postal administration of any foreign country with respect to transportation of mail by aircraft, or to impair the authority of the Postmaster General to enter into any such arrangement with the postal administration of any foreign country.

(2) The Postmaster General may, in any case where service may be necessary by a person not a citizen of the United States who may not be obligated to transport the mail for a foreign country, make arrangements, without advertising, with such person for transporting mail by aircraft to or within any foreign country.

TRANSPORTATION OF FOREIGN MAIL

(f) (1) Any air carrier holding a certificate to engage in foreign air transportation and transporting mails of foreign countries shall transport such mails subject to control and regulation by the United States. The Postmaster General shall from time to time fix the rates of compensation that shall be charged the respective foreign countries for the transportation of their mails by such air carriers, and such rates shall be put into effect by the Postmaster General in accordance with the provisions of the postal convention regulating the postal relations between the United States and the respective foreign countries, or as provided hereinafter in this subsection. In any case where the Postmaster General deems such action to be in the public interest, he may approve rates provided in arrangements
between any such air carrier and any foreign country covering the transportation of mails of such country, under which mails of such country have been carried on scheduled operations prior to January 1, 1938, or in extensions or modifications of such arrangements, and may permit any such air carrier to enter into arrangements with any foreign country for the transportation of its mails at rates fixed by the Postmaster General in advance of the making of any such arrangement. The Postmaster General may authorize any such air carrier, under such limitations as the Postmaster General may prescribe, to change the rates to be charged any foreign country for the transportation of its mails by such air carrier within that country or between that country and another foreign country.

(2) In any case where such air carrier has an arrangement with any foreign country for transporting its mails, made or approved in accordance with the provisions of paragraph (1) of this subsection, it shall collect its compensation from the foreign country under its arrangement, and in case of the absence of any arrangement between the air carrier and the foreign country consistent with this subsection, the collections made from the foreign country by the United States shall be for the account of such air carrier: Provided, That no such air carrier shall be entitled to receive compensation both from such foreign country and from the United States in respect of the transportation of the same mail or the same mails of foreign countries.

EVIDENCE OF PERFORMANCE OF MAIL SERVICE

(g) Air carriers transporting or handling United States mail shall submit, under signature of a duly authorized official, when and in such form as may be required by the Postmaster General, evidence of the performance of mail service; and air carriers transporting or handling mails of foreign countries shall submit, under signature of a duly authorized official, when and in such form as may be required by the Postmaster General, evidence of the amount of such mails transported or handled, and the compensation payable and received therefor.

EMERGENCY MAIL SERVICE

(h) In the event of emergency caused by flood, fire, or other calamitous visitation, the Postmaster General is authorized to contract, without advertising, for the transportation by aircraft of any or all classes of mail to or from localities affected by such calamity, where available facilities of persons authorized to transport mail to or from such localities are inadequate to meet the requirements of the Postal Service during such emergency. Such contracts may be only for such periods as may be necessitated, for the maintenance of mail service, by the inadequacy of such other facilities. No operation pursuant to any such contract, for such period, shall be air transportation within the purview of this Act. Payment of compensation for service performed under such contracts shall be made, at rates provided in such contracts, from appropriations for the transportation of mail by the means normally used for transporting the mail transported under such contracts.

EXPERIMENTAL AIRMAIL SERVICE

(i) Nothing contained in this Act shall be construed to repeal in whole or in part the provisions of section 6 of the Act entitled "An Act to provide for experimental airmail service, to further develop safety, efficiency, economy, and for other purposes", approved April 15, 1938, as amended. The transportation of mail under contracts entered into under such section shall not, except for sections 401 (k) and
416 (b), be deemed to be "air transportation" as used in this Act, and
the rates of compensation for such transportation of mail shall not be
fixed under this Act.

FREE TRAVEL FOR POSTAL EMPLOYEES

(j) Every air carrier carrying the mails shall carry on any plane
that it operates and without charge therefor, the persons in charge of
the mails when on duty, and such duly accredited agents and officers
of the Post Office Department, and post office inspectors, while travel-
ing on official business relating to the transportation of mail by air-
craft, as the Board may by regulation prescribe, upon the exhibition
of their credentials.

RATES FOR TRANSPORTATION OF MAIL

AUTHORITY TO FIX RATES

Sec. 406. (a) The Board is empowered and directed, upon its own
initiative or upon petition of the Postmaster General or an air carrier,
(1) to fix and determine from time to time, after notice and hearing,
the fair and reasonable rates of compensation for the transportation
of mail by aircraft, the facilities used and useful therefor, and the
services connected therewith (including the transportation of mail by
an air carrier by other means than aircraft whenever such transporta-
tion is incidental to the transportation of mail by aircraft or is made
necessary by conditions of emergency arising from aircraft opera-
tion), by each holder of a certificate authorizing the transportation of
mail by aircraft, and to make such rates effective from such date as
it shall determine to be proper; (2) to prescribe the method or meth-
ods, by aircraft-mile, pound-mile, weight, space, or any combination
thereof, or otherwise, for ascertaining such rates of compensation for
each air carrier or class of air carriers; and (3) to publish the same.

RATE-MAKING ELEMENTS

(b) In fixing and determining fair and reasonable rates of compen-
sation under this section, the Board, considering the conditions
peculiar to transportation by aircraft and to the particular air carrier
or class of air carriers, may fix different rates for different air car-
riers or classes of air carriers, and different classes of service. In
determining the rate in each case, the Board shall take into considera-
tion, among other factors, (1) the condition that such air carriers
may hold and operate under certificates authorizing the carriage of
mail only by providing necessary and adequate facilities and service
for the transportation of mail; (2) such standards respecting the
character and quality of service to be rendered by air carriers as may
be prescribed by or pursuant to law; and (3) the need of each such
air carrier for compensation for the transportation of mail sufficient
to insure the performance of such service, and, together with all other
revenue of the air carrier, to enable such air carrier under honest,
economical, and efficient management, to maintain and continue the
development of air transportation to the extent and of the character
and quality required for the commerce of the United States, the
Postal Service, and the national defense.
PAYMENT

(c) The Postmaster General shall make payments out of appropriations for the transportation of mail by aircraft of so much of the total compensation as is fixed and determined by the Board under this section without regard to clause (3) of subsection (b) of this section. The Board shall make payments of the remainder of the total compensation payable under this section out of appropriations made to the Board for that purpose.

TREATMENT OF PROCEEDS OF DISPOSITION OF CERTAIN PROPERTY

(d) In determining the need of an air carrier for compensation for the transportation of mail, and such carrier's "other revenue" for the purpose of this section, the Board shall not take into account—

(1) gains derived from the sale or other disposition of flight equipment if (A) the carrier notifies the Board in writing that it has invested or intends to reinvest the gains (less applicable expenses and taxes) derived from such sale or other disposition in flight equipment, and (B) submits evidence in the manner prescribed by the Board that an amount equal to such gains (less applicable expenses and taxes) has been expended for purchase of flight equipment or has been deposited in a special reequipment fund, or

(2) losses sustained from the sale or other disposition of flight equipment.

Any amounts so deposited in a reequipment fund as above provided shall be used solely for investment in flight equipment either through payments on account of the purchase price or construction of flight equipment or in retirement of debt contracted for the purchase or construction of flight equipment, and unless so reinvested within such reasonable time as the Board may prescribe, the carrier shall not have the benefit of this paragraph. Amounts so deposited in the reequipment fund shall not be included as part of the carrier's used and useful investment for purposes of section 406 until expended as provided above: Provided, That the flight equipment in which said gains may be invested shall not include equipment delivered to the carrier prior to April 6, 1956: Provided further, That the provisions of this subsection shall be effective as to all capital gains or losses realized on and after April 6, 1956, with respect to the sale or other disposition of flight equipment whether or not the Board shall have entered a final order taking account thereof in determining all other revenue of the air carrier.

STATEMENT OF POSTMASTER GENERAL AND CARRIER

(e) Any petition for the fixing of fair and reasonable rates of compensation under this section shall include a statement of the rate the petitioner believes to be fair and reasonable. The Postmaster General shall introduce as part of the record in all proceedings under this section a comprehensive statement of all service to be required of the air carrier and such other information in his possession as may be deemed by the Board to be material to the inquiry.

WEIGHING OF MAIL

(f) The Postmaster General may weigh the mail transported by aircraft and make such computations for statistical and administrative purposes as may be required in the interest of the mail service. The Postmaster General is authorized to employ such clerical and
other assistance as may be required in connection with proceedings under this Act. If the Board shall determine that it is necessary or advisable, in order to carry out the provisions of this Act, to have additional and more frequent weighing of the mails, the Postmaster General, upon request of the Board shall provide therefor in like manner, but such weighing need not be for continuous periods of more than thirty days.

AVAILABILITY OF APPROPRIATIONS

(g) Except as otherwise provided in section 405 (h), the unexpended balances of all appropriations for the transportation of mail by aircraft pursuant to contracts entered into under the Air Mail Act of 1934, as amended, and the unexpended balances of all appropriations available for the transportation of mail by aircraft in Alaska, shall be available, in addition to the purposes stated in such appropriations, for the payment of compensation by the Postmaster General, as provided in this Act, for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between points in the continental United States or between points in Hawaii or in Alaska or between points in the continental United States and points in Canada within one hundred and fifty miles of the international boundary line. Except as otherwise provided in section 405 (h), the unexpended balances of all appropriations for the transportation of mail by aircraft pursuant to contracts entered into under the Act of March 8, 1928, as amended, shall be available, in addition to the purposes stated in such appropriations, for payment to be made by the Postmaster General, as provided by this Act, in respect of the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between points in the United States and points outside thereof, or between points in the continental United States and Territories or possessions of the United States, or between Territories or possessions of the United States.

PAYMENTS TO FOREIGN AIR CARRIERS

(h) In any case where air transportation is performed between the United States and any foreign country, both by aircraft owned or operated by one or more air carriers holding a certificate under this title and by aircraft owned or operated by one or more foreign air carriers, the Postmaster General shall not pay to or for the account of any such foreign air carrier a rate of compensation for transporting mail by aircraft between the United States and such foreign country, which, in his opinion, will result (over such reasonable period as the Postmaster General may determine, taking account of exchange fluctuations and other factors) in such foreign air carrier receiving a higher rate of compensation for transporting such mail than such foreign country pays to air carriers for transporting its mail by aircraft between such foreign country and the United States, or receiving a higher rate of compensation for transporting such mail than a rate determined by the Postmaster General to be comparable to the rate such foreign country pays to air carriers for transporting its mail by aircraft between such foreign country and intermediate country on the route of such air carrier between such foreign country and the United States.
SEC. 407. (a) The Board is empowered to require annual, monthly, periodical, and special reports from any air carrier; to prescribe the manner and form in which such reports shall be made; and to require from any air carrier specific answers to all questions upon which the Board may deem information to be necessary. Such reports shall be under oath whenever the Board so requires. The Board may also require any air carrier to file with it a true copy of each or any contract, agreement, understanding, or arrangement, between such air carrier and any other carrier or person, in relation to any traffic affected by the provisions of this Act.

DISCLOSURE OF STOCK OWNERSHIP

(b) Each air carrier shall submit annually, and at such other times as the Board shall require, a list showing the names of each of its stockholders or members holding more than 5 per centum of the entire capital stock or capital, as the case may be, of such air carrier, together with the name of any person for whose account, if other than the holder, such stock is held; and a report setting forth a description of the shares of stock, or other interest, held by such air carrier, or for its account, in persons other than itself.

DISCLOSURE OF STOCK OWNERSHIP BY OFFICER OR DIRECTOR

(c) Each officer and director of an air carrier shall annually and at such other times as the Board shall require transmit to the Board a report describing the shares of stock or other interests held by him in any air carrier, any person engaged in any phase of aeronautics, or any common carrier, and in any person whose principal business, in purpose or in fact, is the holding of stock in, or control of, air carriers, other persons engaged in any phase of aeronautics, or common carriers.

FORM OF ACCOUNTS

(d) The Board shall prescribe the forms of any and all accounts, records, and memoranda to be kept by air carriers, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of money, and the length of time such accounts, records, and memoranda shall be preserved; and it shall be unlawful for air carriers to keep any accounts, records, or memoranda other than those prescribed or approved by the Board: Provided, That any air carrier may keep additional accounts, records, or memoranda if they do not impair the integrity of the accounts, records, or memoranda prescribed or approved by the Board and do not constitute an undue financial burden on such air carrier.

INSPECTION OF ACCOUNTS AND PROPERTY

(e) The Board shall at all times have access to all lands, buildings, and equipment of any carrier and to all accounts, records, and memoranda, including all documents, papers, and correspondence, now or hereafter existing, and kept or required to be kept by air carriers; and it may employ special agents or auditors, who shall have authority under the orders of the Board to inspect and examine any and all such lands, buildings, equipment, accounts, records, and memoranda. The provisions of this section shall apply, to the extent found by the Board to be reasonably necessary for the administration of this Act, to per-
CONSOLIDATION, MERGER, AND ACQUISITION OF CONTROL

ACTS PROHIBITED

SEC. 408. (a) It shall be unlawful unless approved by order of the Board as provided in this section—

1. For two or more air carriers, or for any air carrier and any other common carrier or any person engaged in any other phase of aeronautics, to consolidate or merge their properties, or any part thereof, into one person for the ownership, management, or operation of the properties theretofore in separate ownerships;

2. For any air carrier, any person controlling an air carrier, any other common carrier, or any person engaged in any other phase of aeronautics, to purchase, lease, or contract to operate the properties, or any substantial part thereof, of any air carrier;

3. For any air carrier or person controlling an air carrier to purchase, lease, or contract to operate the properties, or any substantial part thereof, of any person engaged in any phase of aeronautics otherwise than as an air carrier;

4. For any foreign air carrier or person controlling a foreign air carrier to acquire control, in any manner whatsoever, of any citizen of the United States engaged in any phase of aeronautics;

5. For any air carrier or person controlling an air carrier, any other common carrier, or any person engaged in any other phase of aeronautics, to acquire control of any air carrier in any manner whatsoever;

6. For any air carrier or person controlling an air carrier to acquire control, in any manner whatsoever, of any person engaged in any phase of aeronautics otherwise than as an air carrier; or

7. For any person to continue to maintain any relationship established in violation of any of the foregoing subdivisions of this subsection.

POWER OF BOARD

(b) Any person seeking approval of a consolidation, merger, purchase, lease, operating contract, or acquisition of control, specified in subsection (a) of this section, shall present an application to the Board, and thereupon the Board shall notify the persons involved in the consolidation, merger, purchase, lease, operating contract, or acquisition of control, and other persons known to have a substantial interest in the proceeding, of the time and place of a public hearing. Unless, after such hearing, the Board finds that the consolidation, merger, purchase, lease, operating contract, or acquisition of control will not be consistent with the public interest or that the conditions of this section will not be fulfilled, it shall by order approve such consolidation, merger, purchase, lease, operating contract, or acquisition of control, upon such terms and conditions as it shall find to be just and reasonable and with such modifications as it may prescribe: Provided, That the Board shall not approve any consolidation, merger, purchase, lease, operating contract, or acquisition of control which would result in creating a monopoly or monopolies and thereby restrain competition or jeopardize another air carrier not a party to the consolidation, merger, purchase, lease, operating contract, or acquisition of control: Provided further, That if the applicant is a carrier other than an air carrier, or a person controlled by a carrier other than an air carrier or affiliated therewith within the meaning of section
5 (8) of the Interstate Commerce Act, as amended, such applicant shall for the purposes of this section be considered an air carrier and the Board shall not enter such an order of approval unless it finds that the transaction proposed will promote the public interest by enabling such carrier other than an air carrier to use aircraft to public advantage in its operation and will not restrain competition.

INTERESTS IN GROUND FACILITIES

(c) The provisions of this section and section 409 shall not apply with respect to the acquisition or holding by any air carrier, or any officer or director thereof, of (1) any interest in any ticket office, landing area, hangar, or other ground facility reasonably incidental to the performance by such air carrier of any of its services, or (2) any stock or other interest or any office or directorship in any person whose principal business is the maintenance or operation of any such ticket office, landing area, hangar, or other ground facility.

JURISDICTION OF ACCOUNTS OF NONCARRIERS

(d) Whenever, after the effective date of this section, a person, not an air carrier, is authorized, pursuant to this section, to acquire control of an air carrier, such person thereafter shall, to the extent found by the Board to be reasonably necessary for the administration of this Act, be subject, in the same manner as if such person were an air carrier, to the provisions of this Act relating to accounts, records, and reports, and the inspection of facilities and records, including the penalties applicable in the case of violations thereof.

INVESTIGATION OF VIOLATIONS

(e) The Board is empowered, upon complaint or upon its own initiative, to investigate and, after notice and hearing, to determine whether any person is violating any provision of subsection (a) of this section. If the Board finds after such hearing that such person is violating any provision of such subsection, it shall by order require such person to take such action, consistent with the provisions of this Act, as may be necessary, in the opinion of the Board, to prevent further violation of such provision.

PROHIBITED INTERESTS

INTERLOCKING RELATIONSHIPS

Sec. 409. (a) It shall be unlawful, unless such relationship shall have been approved by order of the Board upon due showing, in the form and manner prescribed by the Board, that the public interest will not be adversely affected thereby—

(1) For any air carrier to have and retain an officer or director who is an officer, director, or member, or who as a stockholder holds a controlling interest, in any other person who is a common carrier or is engaged in any phase of aeronautics.

(2) For any air carrier, knowingly and willfully, to have and retain an officer or director who has a representative or nominee who represents such officer or director as an officer, director, or member, or as a stockholder holding a controlling interest, in any other person who is a common carrier or is engaged in any phase of aeronautics.

(3) For any person who is an officer or director of an air carrier to hold the position of officer, director, or member, or to
be a stockholder holding a controlling interest, or to have a repre-
sentative or nominee who represents such person as an officer,
director, or member, or as a stockholder holding a controlling
interest, in any other person who is a common carrier or is en-
gaged in any phase of aeronautics.

(4) For any air carrier to have and retain an officer or director
who is an officer, director, or member, or who as a stockholder
holds a controlling interest, in any person whose principal busi-
ness, in purpose or in fact, is the holding of stock in, or control
of, any other person engaged in any phase of aeronautics.

(5) For any air carrier, knowingly and willfully, to have and
retain an officer or director who has a representative or nominee
who represents such officer or director as an officer, director, or
member, or as a stockholder holding a controlling interest, in any
person whose principal business, in purpose or in fact, is the
holding of stock in, or control of, any other person engaged in any
phase of aeronautics.

(6) For any person who is an officer or director of an air carrier
to hold the position of officer, director, or member, or to be a stock-
holder holding a controlling interest, or to have a representative
or nominee who represents such person as an officer, director, or
member, or as a stockholder holding a controlling interest, in any
person whose principal business, in purpose or in fact, is the hold-
ing of stock in, or control of, any other person engaged in any
phase of aeronautics.

PROFIT FROM TRANSFER OF SECURITIES

(b) It shall be unlawful for any officer or director of any air carrier
to receive for his own benefit, directly or indirectly, any money or
thing of value in respect of negotiation, hypothecation, or sale of any
securities issued or to be issued by such carrier, or to share in any of
the proceeds thereof.

LOANS AND FINANCIAL AID

SEC. 410. The Board is empowered to approve or disapprove, in
whole or in part, any and all applications made after the effective date
of this section for or in connection with any loan or other financial
aid from the United States or any agency thereof to, or for the benefit
of, any air carrier. No such loan or financial aid shall be made or
given without such approval, and the terms and conditions upon which
such loan or financial aid is provided shall be prescribed by the Board.

METHODS OF COMPETITION

SEC. 411. The Board may, upon its own initiative or upon com-
plaint by any air carrier, foreign air carrier, or ticket agent, if it con-
siders that such action by it would be in the interest of the public, inves-
tigate and determine whether any air carrier, foreign air carrier,
or ticket agent has been or is engaged in unfair or deceptive practices or
unfair methods of competition in air transportation or the sale thereof.
If the Board shall find, after notice and hearing, that such air carrier,
foreign air carrier, or ticket agent is engaged in such unfair or de-
ceptive practices or unfair methods of competition, it shall order such
air carrier, foreign air carrier, or ticket agent to cease and desist from
such practices or methods of competition.
Sec. 412. (a) Every air carrier shall file with the Board a true copy, or, if oral, a true and complete memorandum, of every contract or agreement (whether enforceable by provisions for liquidated damages, penalties, bonds, or otherwise) affecting air transportation and in force on the effective date of this section or hereafter entered into, or any modification or cancellation thereof, between such air carrier and any other air carrier, foreign air carrier, or other carrier for pooling or apportioning earnings, losses, traffic, service, or equipment, or relating to the establishment of transportation rates, fares, charges, or classifications, or for preserving and improving safety, economy, and efficiency of operation, or for controlling, regulating, preventing, or otherwise eliminating destructive, oppressive, or wasteful competition, or for regulating stops, schedules, and character of service, or for other cooperative working arrangements.

(b) The Board shall by order disapprove any such contract or agreement, whether or not previously approved by it, that it finds to be adverse to the public interest, or in violation of this Act, and shall by order approve any such contract or agreement, or any modification or cancellation thereof, that it does not find to be adverse to the public interest, or in violation of this Act; except that the Board may not approve any contract or agreement between an air carrier not directly engaged in the operation of aircraft in air transportation and a common carrier subject to the Interstate Commerce Act, as amended, governing the compensation to be received by such common carrier for transportation services performed by it.

Sec. 413. For the purposes of this title, whenever reference is made to control, it is immaterial whether such control is direct or indirect.

Sec. 414. Any person affected by any order made under sections 408, 409, or 412 of this Act shall be, and is hereby, relieved from the operations of the “antitrust laws”, as designated in section 1 of the Act entitled “An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes”, approved October 15, 1914, and of all other restraints or prohibitions made by, or imposed under, authority of law, insofar as may be necessary to enable such person to do anything authorized, approved, or required by such order.

Sec. 415. For the purpose of exercising and performing its powers and duties under this Act, the Board is empowered to inquire into the management of the business of any air carrier and, to the extent reasonably necessary for any such inquiry, to obtain from such carrier, and from any person controlling or controlled by, or under common control with, such air carrier, full and complete reports and other information.
CLASSIFICATION AND EXEMPTION OF CARRIERS

CLASSIFICATION

SEC. 416. (a) The Board may from time to time establish such just and reasonable classifications or groups of air carriers for the purposes of this title as the nature of the services performed by such air carriers shall require; and such just and reasonable rules and regulations, pursuant to and consistent with the provisions of this title, to be observed by each such class or group, as the Board finds necessary in the public interest.

EXEMPTIONS

(b) (1) The Board, from time to time and to the extent necessary, may (except as provided in paragraph (2) of this subsection) exempt from the requirements of this title or any provision thereof, or any rule, regulation, term, condition, or limitation prescribed thereunder, any air carrier or class of air carriers, if it finds that the enforcement of this title or such provision, or such rule, regulation, term, condition, or limitation is or would be an undue burden on such air carrier or class of air carriers by reason of the limited extent of, or unusual circumstances affecting, the operations of such air carrier or class of air carriers and is not in the public interest.

(2) The Board shall not exempt any air carrier from any provision of subsection (k) of section 401 of this title, except that (A) any air carrier not engaged in scheduled air transportation, and (B), to the extent that the operations of such air carrier are conducted during daylight hours, any air carrier engaged in scheduled air transportation, may be exempted from the provisions of paragraphs (1) and (2) of such subsection if the Board finds, after notice and hearing, that, by reason of the limited extent of, or unusual circumstances affecting, the operations of any such air carrier, the enforcement of such paragraphs is or would be such an undue burden on such air carrier as to obstruct its development and prevent it from beginning or continuing operations, and that the exemption of such air carrier from such paragraphs would not adversely affect the public interest: Provided, That nothing in this subsection shall be deemed to authorize the Board to exempt any air carrier from any requirement of this title, or any provision thereof, or any rule, regulation, term, condition, or limitation prescribed thereunder which provides for maximum flying hours for pilots or copilots.

TITLE V—NATIONALITY AND OWNERSHIP OF AIRCRAFT

REGISTRATION OF AIRCRAFT NATIONALITY

REGISTRATION REQUIRED

SEC. 501. (a) It shall be unlawful for any person to operate or navigate any aircraft eligible for registration if such aircraft is not registered by its owner as provided in this section, or (except as provided in section 1108 of this Act) to operate or navigate within the United States any aircraft not eligible for registration: Provided, That aircraft of the national-defense forces of the United States may be operated and navigated without being so registered if such aircraft are identified, by the agency having jurisdiction over them, in a manner satisfactory to the Administrator. The Administrator may, by regulation, permit the operation and navigation of aircraft without registration by the owner for such reasonable periods after transfer of ownership thereof as the Administrator may prescribe.
ELIGIBILITY FOR REGISTRATION

(b) An aircraft shall be eligible for registration if, but only if—
   (1) It is owned by a citizen of the United States and it is not registered under the laws of any foreign country; or
   (2) It is an aircraft of the Federal Government, or of a State, Territory, or possession of the United States, or the District of Columbia, or of a political subdivision thereof.

ISSUANCE OF CERTIFICATE

(c) Upon request of the owner of any aircraft eligible for registration, such aircraft shall be registered by the Administrator and the Administrator shall issue to the owner thereof a certificate of registration.

APPLICATIONS

(d) Applications for such certificates shall be in such form, be filed in such manner, and contain such information as the Administrator may require.

SUSPENSION OR REVOCATION

(e) Any such certificate may be suspended or revoked by the Administrator for any cause which renders the aircraft ineligible for registration.

EFFECT OF REGISTRATION

(f) Such certificate shall be conclusive evidence of nationality for international purposes, but not in any proceeding under the laws of the United States. Registration shall not be evidence of ownership of aircraft in any proceeding in which such ownership by a particular person is, or may be, in issue.

REGISTRATION OF ENGINES, PROPELLERS, AND APPLIANCES

SEC. 502. The Administrator may establish reasonable rules and regulations for registration and identification of aircraft engines, propellers, and appliances, in the interest of safety, and no aircraft engine, propeller, or appliance shall be used in violation of any such rule or regulation.

RECORDATION OF AIRCRAFT OWNERSHIP

ESTABLISHMENT OF RECORDING SYSTEM

SEC. 503. (a) The Administrator shall establish and maintain a system for the recording of each and all of the following:
   (1) Any conveyance which affects the title to, or any interest in, any civil aircraft of the United States;
   (2) Any lease, and any mortgage, equipment trust, contract of conditional sale, or other instrument executed for security purposes, which lease or other instrument affects the title to, or any interest in, any specifically identified aircraft engine or engines of seven hundred and fifty or more rated take-off horsepower for each such engine or the equivalent of such horsepower, and also any assignment or amendment thereof or supplement thereto;
   (3) Any lease, and any mortgage, equipment trust, contract of conditional sale, or other instrument executed for security purposes, which lease or other instrument affects the title to, or any interest in, any aircraft engines, propellers, or appliances maintained by or on behalf of an air carrier certificated under section 604 (b) of this Act for installation or use in aircraft, aircraft
engines, or propellers, or any spare parts maintained by or on behalf of such an air carrier, which instrument need only describe generally by types the engines, propellers, appliances, and spare parts covered thereby and designate the location or locations thereof; and also any assignment or amendment thereof or supplement thereto.

RECORDING OF RELEASES

(b) The Administrator shall also record under the system provided for in subsection (a) of this section any release, cancellation, discharge, or satisfaction relating to any conveyance or other instrument recorded under said system.

CONVEYANCES TO BE RECORDED

(c) No conveyance or instrument the recording of which is provided for by section 503 (a) shall be valid in respect of such aircraft, aircraft engine or engines, propellers, appliances, or spare parts against any person other than the person by whom the conveyance or other instrument is made or given, his heir or devisee, or any person having actual notice thereof, until such conveyance or other instrument is filed for recordation in the office of the Administrator: Provided, That previous recording of any conveyance or instrument with the Administrator of the Civil Aeronautics Administration under the provisions of the Civil Aeronautics Act of 1938 shall have the same force and effect as though recorded as provided herein; and conveyances, the recording of which is provided for by section 503 (a) made on or before August 21, 1938, and instruments, the recording of which is provided for by sections 503 (a) (2) and 503 (a) (3) made on or before June 19, 1948, shall not be subject to the provisions of this subsection.

EFFECT OF RECORDING

(d) Each conveyance or other instrument recorded by means of or under the system provided for in subsection (a) or (b) of this section shall from the time of its filing for recordation be valid as to all persons without further or other recordation, except that an instrument recorded pursuant to section 503 (a) (3) shall be effective only with respect to those of such items which may from time to time be situated at the designated location or locations and only while so situated: Provided, That an instrument recorded under section 503 (a) (2) shall not be affected as to the engine or engines specifically identified therein, by any instrument theretofore or thereafter recorded pursuant to section 503 (a) (2).

FORM OF CONVEYANCES

(e) No conveyance or other instrument shall be recorded unless it shall have been acknowledged before a notary public or other officer authorized by the law of the United States, or of a State, Territory, or possession thereof, or the District of Columbia, to take acknowledgement of deeds.

INDEX OF CONVEYANCES

(f) The Administrator shall keep a record of the time and date of the filing of conveyances and other instruments with him and of the time and date of recordation thereof. He shall record conveyances
and other instruments filed with him in the order of their reception, in files to be kept for that purpose, and indexed according to—

(1) the identifying description of the aircraft or aircraft engine, or in the case of an instrument referred to in section 503 (a) (3), the location or locations specified therein; and

(2) the names of the parties to the conveyance or other instrument.

REGULATIONS

(g) The Administrator is authorized to provide by regulation for the endorsement upon certificates of registration, or aircraft certificates, of information with respect to the ownership of the aircraft for which each certificate is issued, the recording of discharges and satisfactions of recorded instruments, and other transactions affecting title to or interest in aircraft, aircraft engines, propellers, appliances, or parts, and for such other records, proceedings, and details as may be necessary to facilitate the determination of the rights of parties dealing with civil aircraft of the United States, aircraft engines, propellers, appliances, or parts.

PREVIOUSLY UNRECORDED OWNERSHIP

(h) The person applying for the issuance or renewal of an airworthiness certificate for an aircraft with respect to which there has been no recordation of ownership as provided in this section shall present with his application such information with respect to the ownership of the aircraft as the Administrator shall deem necessary to show the persons who are holders of property interests in such aircraft and the nature and extent of such interests.

LIMITATION OF SECURITY OWNERS LIABILITY

Sec. 504. No person having a security interest in, or security title to, any civil aircraft under a contract of conditional sale, equipment trust, chattel or corporate mortgage, or other instrument of similar nature, and no lessor of any such aircraft under a bona fide lease of thirty days or more, shall be liable by reason of such interest or title, or by reason of his interest as lessor or owner of the aircraft so leased, for any injury to or death of persons, or damage to or loss of property, on the surface of the earth (whether on land or water) caused by such aircraft, or by the ascent, descent, or flight of such aircraft or by the dropping or falling of an object therefrom, unless such aircraft is in the actual possession or control of such person at the time of such injury, death, damage, or loss.

DEALERS' AIRCRAFT REGISTRATION CERTIFICATES

Sec. 505. The Administrator may, by such reasonable regulations as he may find to be in the public interest, provide for the issuance, and for the suspension or revocation, of dealers' aircraft registration certificates, and for their use in connection with aircraft eligible for registration under this Act by persons engaged in the business of manufacturing, distributing, or selling aircraft. Aircraft owned by holders of dealers' aircraft registration certificates shall be deemed registered under this Act to the extent that the Administrator may, by regulation, provide. It shall be unlawful for any person to violate any regulation, or any term, condition, or limitation contained in any certificate, issued under this section.
SECTION 601. (a) The Administrator is empowered and it shall be his duty to promote safety of flight of civil aircraft in air commerce by prescribing and revising from time to time:

(1) Such minimum standards governing the design, materials, workmanship, construction, and performance of aircraft, aircraft engines, and propellers as may be required in the interest of safety;

(2) Such minimum standards governing appliances as may be required in the interest of safety;

(3) Reasonable rules and regulations and minimum standards governing, in the interest of safety, (A) the inspection, servicing, and overhaul of aircraft, aircraft engines, propellers, and appliances; (B) the equipment and facilities for such inspection, servicing, and overhaul; and (C) in the discretion of the Administrator, the periods for, and the manner in, which such inspection, servicing, and overhaul shall be made, including provision for examinations and reports by properly qualified private persons whose examinations or reports the Administrator may accept in lieu of those made by its officers and employees;

(4) Reasonable rules and regulations governing the reserve supply of aircraft, aircraft engines, propellers, appliances, and aircraft fuel and oil, required in the interest of safety, including the reserve supply of aircraft fuel and oil which shall be carried in flight;

(5) Reasonable rules and regulations governing, in the interest of safety, the maximum hours or periods of service of airmen, and other employees, of air carriers; and

(6) Such reasonable rules and regulations, or minimum standards, governing other practices, methods, and procedure, as the Administrator may find necessary to provide adequately for national security and safety in air commerce.

NEEDS OF SERVICE TO BE CONSIDERED; CLASSIFICATION OF STANDARDS, ETC.

(b) In prescribing standards, rules, and regulations, and in issuing certificates under this title, the Administrator shall give full consideration to the duty resting upon air carriers to perform their services with the highest possible degree of safety in the public interest and to any differences between air transportation and other air commerce; and he shall make classifications of such standards, rules, regulations, and certificates appropriate to the differences between air transportation and other air commerce. The Administrator may authorize any aircraft, aircraft engine, propeller, or appliance, for which an aircraft certificate authorizing use thereof in air transportation has been issued, to be used in other air commerce without the issuance of a further certificate. The Administrator shall exercise and perform his powers and duties under this Act in such manner as will best tend to reduce or eliminate the possibility of, or recurrence of, accidents in air transportation, but shall not deem himself required to give preference to either air transportation or other air commerce in the administration and enforcement of this title.
EXEMPTIONS

(c) The Administrator from time to time may grant exemptions from the requirements of any rule or regulation prescribed under this title if he finds that such action would be in the public interest.

AIRMAN CERTIFICATES

POWER TO ISSUE CERTIFICATE

SEC. 602. (a) The Administrator is empowered to issue airman certificates specifying the capacity in which the holders thereof are authorized to serve as airmen in connection with aircraft.

ISSUANCE OF CERTIFICATE

(b) Any person may file with the Administrator an application for an airman certificate. If the Administrator finds, after investigation, that such person possesses proper qualifications for, and is physically able to perform the duties pertaining to, the position for which the airman certificate is sought, he shall issue such certificate, containing such terms, conditions, and limitations as to duration thereof, periodic or special examinations, tests of physical fitness, and other matters as the Administrator may determine to be necessary to assure safety in air commerce. Except in the case of persons whose certificates are, at the time of denial, under order of suspension or whose certificates have been revoked within one year of the date of such denial, any person whose application for the issuance or renewal of an airman certificate is denied may file with the Board a petition for review of the Administrator's action. The Board shall thereupon assign such petition for hearing at a place convenient to the applicant's place of residence or employment. In the conduct of such hearing and in determining whether the airman meets the pertinent rules, regulations, or standards, the Board shall not be bound by findings of fact of the Administrator. At the conclusion of such hearing, the Board shall issue its decision as to whether the airman meets the pertinent rules, regulations, and standards and the Administrator shall be bound by such decision: Provided, That the Administrator may, in his discretion, prohibit or restrict the issuance of airman certificates to aliens, or may make such issuance dependent on the terms of reciprocal agreements entered into with foreign governments.

FORM AND RECORDING OF CERTIFICATE

(c) Each certificate shall be numbered and recorded by the Administrator; shall state the name and address of, and contain a description of, the person to whom the certificate is issued; and shall be entitled with the designation of the class covered thereby. Certificates issued to all pilots serving in scheduled air transportation shall be designated "airline transport pilot" of the proper class.

AIRCRAFT CERTIFICATES

TYPE CERTIFICATES

SEC. 603. (a) (1) The Administrator is empowered to issue type certificates for aircraft, aircraft engines, and propellers; to specify in regulations the appliances for which the issuance of type certificates is reasonably required in the interest of safety; and to issue such certificates for appliances so specified.
(2) Any interested person may file with the Administrator an application for a type certificate for an aircraft, aircraft engine, propeller, or appliance specified in regulations under paragraph (1) of this subsection. Upon receipt of an application, the Administrator shall make an investigation thereof and may hold hearings thereon. The Administrator shall make, or require the applicant to make, such tests during manufacture and upon completion as the Administrator deems reasonably necessary in the interest of safety, including flight tests and tests of raw materials or any part or appurtenance of such aircraft, aircraft engine, propeller, or appliance. If the Administrator finds that such aircraft, aircraft engine, propeller, or appliance is of proper design, material, specification, construction, and performance for safe operation, and meets the minimum standards, rules, and regulations prescribed by the Administrator, he shall issue a type certificate therefor. The Administrator may prescribe in any such certificate the duration thereof and such other terms, conditions, and limitations as are required in the interest of safety. The Administrator may record upon any certificate issued for aircraft, aircraft engines, or propellers, a numerical determination of all of the essential factors relative to the performance of the aircraft, aircraft engine, or propeller for which the certificate is issued.

PRODUCTION CERTIFICATE

(b) Upon application, and if it satisfactorily appears to the Administrator that duplicates of any aircraft, aircraft engine, propeller, or appliance for which a type certificate has been issued will conform to such certificate, the Administrator shall issue a production certificate authorizing the production of duplicates of such aircraft, aircraft engines, propellers, or appliances. The Administrator shall make such inspection and may require such tests of any aircraft, aircraft engine, propeller, or appliance manufactured under a production certificate as may be necessary to assure manufacture of each unit in conformity with the type certificate or any amendment or modification thereof. The Administrator may prescribe in any such production certificate the duration thereof and such other terms, conditions, and limitations as are required in the interest of safety.

AIRWORTHINESS CERTIFICATE

(c) The registered owner of any aircraft may file with the Administrator an application for an airworthiness certificate for such aircraft. If the Administrator finds that the aircraft conforms to the type certificate therefor, and, after inspection, that the aircraft is in condition for safe operation, he shall issue an airworthiness certificate. The Administrator may prescribe in such certificate the duration of such certificate, the type of service for which the aircraft may be used, and such other terms, conditions, and limitations as are required in the interest of safety. Each such certificate shall be registered by the Administrator and shall set forth such information as the Administrator may deem advisable. The certificate number, or such other individual designation as may be required by the Administrator, shall be displayed upon each aircraft in accordance with regulations prescribed by the Administrator.
AIR CARRIER OPERATING CERTIFICATES

POWER TO ISSUE

Sec. 604. (a) The Administrator is empowered to issue air carrier operating certificates and to establish minimum safety standards for the operation of the air carrier to whom any such certificate is issued.

ISSUANCE

(b) Any person desiring to operate as an air carrier may file with the Administrator an application for an air carrier operating certificate. If the Administrator finds, after investigation, that such person is properly and adequately equipped and able to conduct a safe operation in accordance with the requirements of this Act and the rules, regulations, and standards prescribed thereunder, he shall issue an air carrier operating certificate to such person. Each air carrier operating certificate shall prescribe such terms, conditions, and limitations as are reasonably necessary to assure safety in air transportation, and shall specify the points to and from which, and the Federal airways over which, such person is authorized to operate as an air carrier under an air carrier operating certificate.

MAINTENANCE OF EQUIPMENT IN AIR TRANSPORTATION

DUTY OF CARRIERS AND AIRMEN

Sec. 605. (a) It shall be the duty of each air carrier to make, or cause to be made, such inspection, maintenance, overhaul, and repair of all equipment used in air transportation as may be required by this Act, or the orders, rules, and regulations of the Administrator issued thereunder. And it shall be the duty of every person engaged in operating, inspecting, maintaining, or overhauling equipment to observe and comply with the requirements of this Act relating thereto, and the orders, rules, and regulations issued thereunder.

INSPECTION

(b) The Administrator shall employ inspectors who shall be charged with the duty (1) of making such inspections of aircraft, aircraft engines, propellers, and appliances designed for use in air transportation, during manufacture, and while used by an air carrier in air transportation, as may be necessary to enable the Administrator to determine that such aircraft, aircraft engines, propellers, and appliances are in safe condition and are properly maintained for operation in air transportation; and (2) of advising and cooperating with each air carrier in the inspection and maintenance thereof by the air carrier. Whenever any inspector shall, in the performance of his duty, find that any aircraft, aircraft engine, propeller, or appliance, used or intended to be used by any air carrier in air transportation, is not in condition for safe operation, he shall so notify the carrier, in such form and manner as the Administrator may prescribe; and, for a period of five days thereafter, such aircraft, aircraft engine, propeller, or appliance shall not be used in air transportation, or in such manner as to endanger air transportation, unless found by the Administrator or his inspector to be in condition for safe operation.
SEC. 606. The Administrator is empowered to inspect, classify, and rate any air navigation facility available for the use of civil aircraft, as to its suitability for such use. The Administrator is empowered to issue a certificate for any such air navigation facility.

AIR NAVIGATION FACILITY RATING

SEC. 607. The Administrator is empowered to provide for the examination and rating of (1) civilian schools giving instruction in flying or in the repair, alteration, maintenance, and overhaul of aircraft, aircraft engines, propellers, and appliances, as to the adequacy of the course of instruction, the suitability and airworthiness of the equipment, and the competency of the instructors; (2) repair stations or shops for the repair, alteration, maintenance, and overhaul of aircraft, aircraft engines, propellers, or appliances, as to the adequacy and suitability of the equipment, facilities, and materials for, and methods of, repair, alteration, maintenance, and overhaul of aircraft, aircraft engines, propellers, and appliances, and the competency of those engaged in the work or giving any instruction therein; and (3) such other air agencies as may, in his opinion, be necessary in the interest of the public. The Administrator is empowered to issue certificates for such schools, repair stations, and other agencies.

AIR AGENCY RATING

SEC. 608. Applications for certificates under this title shall be in such form, contain such information, and be filed and served in such manner as the Administrator may prescribe, and shall be under oath whenever the Administrator so requires.

FORM OF APPLICATIONS

SEC. 609. The Administrator may, from time to time, reinspect any civil aircraft, aircraft, engine, propeller, appliance, air navigation facility, or air agency, or may reexamine any civil airman. If, as a result of any such reinspection or reexamination, or if, as a result of any other investigation made by the Administrator, he determines that safety in air commerce or air transportation and the public interest requires, the Administrator may issue an order amending, modifying, suspending, or revoking, in whole or in part, any type certificate, production certificate, airworthiness certificate, airman certificate, air carrier operating certificate, air navigation facility certificate, or air agency certificate. Prior to amending, modifying, suspending, or revoking any of the foregoing certificates, the Administrator shall advise the holder thereof as to any charges or other reasons relied upon by the Administrator for his proposed action and, except in cases of emergency, shall provide the holder of such a certificate an opportunity to answer any charges and be heard as to why such certificate should not be amended, modified, suspended, or revoked. Any person whose certificate is affected by such an order of the Administrator under this section may appeal the Administrator's order to the Board and the Board may, after notice and hearing, amend, modify, or reverse the Administrator's order if it finds that safety in air commerce or air transportation and the public interest do not require affirmation of the Administrator's order. In the conduct of its hearings the Board shall not be bound by findings of fact of the Administrator. The filing of an appeal with the Board shall stay the effectiveness of the Administrator's order unless the Administrator advises
the Board that an emergency exists and safety in air commerce or air transportation requires the immediate effectiveness of his order, in which event the order shall remain effective and the Board shall finally dispose of the appeal within sixty days after being so advised by the Administrator. The person substantially affected by the Board’s order may obtain judicial review of said order under the provisions of section 1006, and the Administrator shall be made a party to such proceedings.

(c) With respect to other accidents involving solely military aircraft, the military authorities shall provide the Administrator and the Board with any information with respect thereto which, in the judgment of the military authorities, would contribute to the promotion of air safety.

SPECIAL BOARDS OF INQUIRY

SEC. 703. (a) In any accident which involves substantial questions of public safety in air transportation the Board may establish a Special Board of Inquiry consisting of three members; one member of the Civil Aeronautics Board who shall act as Chairman of the Special Board of Inquiry; and two members representing the public who shall be appointed by the President upon notification of the creation of such Special Board of Inquiry by the Civil Aeronautics Board.

(b) Such public members of the Special Board of Inquiry shall be duly qualified by training and experience to participate in such inquiry and shall have no pecuniary interest in any aviation enterprise involved in the accident to be investigated.

Whenever the offense is begun in one jurisdiction and completed in another it may be dealt with, inquired of, tried, determined, and punished in either jurisdiction in the same manner as if the offense had been actually and wholly committed therein.

PROCEDURE IN RESPECT OF CIVIL PENALTIES

(b) (1) Any civil penalty imposed under this Act may be collected by proceedings in personam against the person subject to the penalty and, in case the penalty is a lien, by proceedings in rem against the aircraft, or by either method alone. Such proceedings shall conform as nearly as may be to civil suits in admiralty, except that either party may demand trial by jury of any issue of fact, if the value in controversy exceeds $20, and the facts so tried shall not be reexamined other than in accordance with the rules of the common law. The fact that in a libel in rem the seizure is made at a place not upon the high seas or navigable waters of the United States shall not be held in any way to limit the requirement of the conformity of the proceedings to civil suits in rem in admiralty.

(2) Any aircraft subject to such lien may be summarily seized by and placed in the custody of such persons as the Board or Administrator may by regulation prescribe, and a report of the cause shall thereupon be transmitted to the United States attorney for the judicial district in which the seizure is made. The United States attorney shall promptly institute proceedings for the enforcement of the lien or notify the Board or Administrator of his failure to so act.

(3) The aircraft shall be released from such custody upon payment of the penalty or the amount agreed upon in compromise; or seizure in pursuance of process of any court in proceedings in rem for enforcement of the lien, or notification by the United States attorney of
failure to institute such proceedings; or deposit of a bond in such amount and with such sureties as the Board or Administrator may prescribe, conditioned upon the payment of the penalty or the amount agreed upon in compromise.

(4) The Supreme Court of the United States, and under its direction other courts of the United States, may prescribe rules regulating such proceedings in any particular not provided by law.

VIOLATIONS OF SECTION 1109

SEC. 904. (a) Any person who (1) violates any entry or clearance regulation made under section 1109 (c) of this Act, or (2) any immigration regulations made under such section, shall be subject to a civil penalty of $500 which may be remitted or mitigated by the Secretary of the Treasury, or the Attorney General, respectively, in accordance with such proceedings as the Secretary or Attorney General shall by regulation prescribe. Any person violating any customs regulation made under section 1109 (b) of this Act, or any provision of the customs or public-health laws or regulations thereunder made applicable to aircraft by regulation under such section shall be subject to a civil penalty of $500, and any aircraft used in connection with any such violation shall be subject to seizure and forfeiture as provided for in such customs laws, which penalty and forfeiture may be remitted or mitigated by the Secretary of the Treasury. In case the violation is by the owner or person in command of the aircraft, the penalty shall be a lien against the aircraft. Any person violating any provision of the laws and regulations relating to animal and plant quarantine made applicable to civil air navigation by regulation in accordance with section 1109 (d) of this Act shall be subject to the same penalties as those provided by the said laws for violations thereof. Any civil penalty imposed under this section may be collected by proceedings in personam against the person subject to the penalty and/or in case the penalty is a lien, by proceedings in rem against the aircraft. Such proceedings shall conform as nearly as may be to civil suits in admiralty; except that either party may demand trial by jury of any issue of fact, if the value in controversy exceeds $20, and facts so tried shall not be reexamined other than in accordance with the rules of the common law. The fact that in a libel in rem the seizure is made at a place not upon the high seas or navigable waters of the United States, shall not be held in any way to limit the requirement of the conformity of the proceedings to civil suits in rem in admiralty. The Supreme Court of the United States, and under its direction other courts of the United States, are authorized to prescribe rules regulating such proceedings in any particular not provided by law. The determination under this section as to the remission or mitigation of a civil penalty imposed under this section shall be final. In case libel proceedings are pending at any time during the pendency of remission or mitigation proceedings, the Secretary or Attorney General shall give notice thereof to the United States attorney prosecuting the libel proceedings.

(b) Any aircraft subject to a lien for any civil penalty imposed under this section may be summarily seized by and placed in the custody of such persons as the appropriate Secretary or Attorney General may by regulation prescribe and a report of the case thereupon transmitted to the United States attorney for the judicial district in which the seizure is made. The United States attorney shall promptly institute proceedings for the enforcement of the lien or notify the Secretary of his failure so to act. The aircraft shall be released from such custody upon (1) payment of the penalty or so much thereof as is not remitted or mitigated, (2) seizure in pursuance of process of any court in proceedings in rem for enforcement of the lien, or no-
tification by the United States attorney of failure to institute such proceedings, or (3) deposit of a bond in such amount and with such sureties as the Secretary or Attorney General may prescribe, conditioned upon the payment of the penalty or so much thereof as is not remitted or mitigated.

TITLE X—PROCEDURE

Conduct of Proceedings

Sec. 1001. The Board and the Administrator, subject to the provisions of this Act and the Administrative Procedure Act, may conduct their proceedings in such manner as will be conducive to the proper dispatch of business and to the ends of justice. No member of the Board or Agency shall participate in any hearing or proceeding in which he has a pecuniary interest. Any person may appear before the Board or Agency and be heard in person or by attorney. The Board, in its discretion, may enter its appearance and participate as an interested party in any proceeding conducted by the Administrator under title III of this Act, and in any proceeding conducted by the Administrator under title VI of this Act from which no appeal is provided to the Board. Every vote and official act of the Board and the Agency shall be entered of record, and the proceedings thereof shall be open to the public upon request of any interested party, unless the Board or the Administrator determines that secrecy is requisite on grounds of national defense.

Complaints to and Investigations by the Administrator and the Board

Filing of Complaints Authorized

Sec. 1002. (a) Any person may file with the Administrator or the Board, as to matters within their respective jurisdictions, a complaint in writing with respect to anything done or omitted to be done by any person in contravention of any provisions of this Act, or of any requirement established pursuant thereto. If the person complained against shall not satisfy the complaint and there shall appear to be any reasonable ground for investigating the complaint, it shall be the duty of the Administrator or the Board to investigate the matters complained of. Whenever the Administrator or the Board is of the opinion that any complaint does not state facts which warrant an investigation or action, such complaint may be dismissed without hearing. In the case of complaints against a member of the Armed Forces of the United States acting in the performance of his official duties, the Administrator or the Board, as the case may be, shall refer the complaint to the Secretary of the department concerned for action. The Secretary shall, within ninety days after receiving such a complaint, inform the Administrator or the Board of his disposition of the complaint, including a report as to any corrective or disciplinary actions taken.

Investigations on Initiative of Administrator or Board

(b) The Administrator or Board, with respect to matters within their respective jurisdictions, is empowered at any time to institute an investigation, on their own initiative, in any case and as to any matter or thing within their respective jurisdictions, concerning which complaint is authorized to be made to or before the Administrator or Board by any provision of this Act, or concerning which any question may arise under any of the provisions of this Act, or relating to
the enforcement of any of the provisions of this Act. The Administrator or the Board shall have the same power to proceed with any investigation instituted on their own motion as though it had been appealed to by complaint.

ENTRY OF ORDERS FOR COMPLIANCE WITH ACT

(c) If the Administrator or the Board finds, after notice and hearing, in any investigation instituted upon complaint or upon their own initiative, with respect to matters within their jurisdiction, that any person has failed to comply with any provision of this Act or any requirement established pursuant thereto, the Administrator or the Board shall issue an appropriate order to compel such person to comply therewith.

POWER TO PRESCRIBE RATES AND PRACTICES OF AIR CARRIERS

(d) Whenever, after notice and hearing, upon complaint, or upon its own initiative, the Board shall be of the opinion that any individual or joint rate, fare, or charge demanded, charged, collected or received by any air carrier for interstate or overseas air transportation, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, is or will be unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, the Board shall determine and prescribe the lawful rate, fare, or charge (or the maximum or minimum, or the maximum and minimum thereof) thereafter to be demanded, charged, collected, or received, or the lawful classification, rule, regulation, or practice thereafter to be made effective: Provided, That as to rates, fares, and charges for overseas air transportation, the Board shall determine and prescribe only a just and reasonable maximum or minimum, or maximum and minimum rate, fare, or charge.

RULE OF RATE MAKING

(e) In exercising and performing its powers and duties with respect to the determination of rates for the carriage of persons or property, the Board shall take into consideration, among other factors—

1. The effect of such rates upon the movement of traffic;
2. The need in the public interest of adequate and efficient transportation of persons and property by air carriers at the lowest cost consistent with the furnishing of such service;
3. Such standards respecting the character and quality of service to be rendered by air carriers as may be prescribed by or pursuant to law;
4. The inherent advantages of transportation by aircraft; and
5. The need of each air carrier for revenue sufficient to enable such air carrier, under honest, economical, and efficient management, to provide adequate and efficient air carrier service.

REMOVAL OF DISCRIMINATION IN FOREIGN AIR TRANSPORTATION

(f) Whenever, after notice and hearing, upon complaint, or upon its own initiative, the Board shall be of the opinion that any individual or joint rate, fare, or charge demanded, charged, collected, or received by any air carrier or foreign air carrier for foreign air transportation, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, is or will be unjustly discriminatory, or unduly preferential, or unduly
prejudicial, the Board may alter the same to the extent necessary to correct such discrimination, preference, or prejudice and make an order that the air carrier or foreign air carrier shall discontinue demanding, charging, collecting, or receiving any such discriminatory, preferential, or prejudicial rate, fare, or charge or enforcing any such discriminatory, preferential, or prejudicial classification, rule, regulation, or practice.

**SUSPENSION OF RATES**

(g) Whenever any air carrier shall file with the Board a tariff stating a new individual or joint (between air carriers) rate, fare, or charge for interstate or overseas air transportation or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the Board is empowered, upon complaint or upon its own initiative, at once, and, if it so orders, without answer or other formal pleading by the air carrier, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, or charge, or such classification, rule, regulation, or practice; and pending such hearing and the decision thereon, the Board, by filing with such tariff, and delivering to the air carrier affected thereby, a statement in writing of its reasons for such suspension, may suspend the operation of such tariff and defer the use of such rate, fare, or charge, or such classification, rule, regulation, or practice, for a period of ninety days, and, if the proceeding has not been concluded and a final order made within such period, the Board may, from time to time, extend the period of suspension, but not for a longer period in the aggregate than one hundred and eighty days beyond the time when such tariff would otherwise go into effect; and, after hearing, whether completed before or after the rate, fare, charge, classification, rule, regulation, or practice goes into effect, the Board may make such order with reference thereto as would be proper in a proceeding instituted after such rate, fare, charge, classification, rule, regulation, or practice had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed rate, fare, charge, classification, rule, regulation, or practice shall go into effect at the end of such period: Provided, That this subsection shall not apply to any initial tariff filed by any air carrier.

**POWER TO PRESCRIBE DIVISIONS OF RATES**

(h) Whenever, after notice and hearing, upon complaint or upon its own initiative, the Board is of the opinion that the divisions of joint rates, fares, or charges for air transportation are or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the air carriers or foreign air carriers parties thereto, the Board shall prescribe the just, reasonable, and equitable divisions thereof to be received by the several air carriers. The Board may require the adjustment of divisions between such air carriers from the date of filing the complaint or entry of order of investigation, or such other date subsequent thereto as the Board finds to be just, reasonable, and equitable.

**POWER TO ESTABLISH THROUGH AIR TRANSPORTATION SERVICE**

(i) The Board shall, whenever required by the public convenience and necessity, after notice and hearing, upon complaint or upon its own initiative, establish through service and joint rates, fares, or charges (or the maxima or minima, or the maxima and minima thereof) for interstate or overseas air transportation, or the classifi-
cations, rules, regulations, or practices affecting such rates, fares, or charges, or the value of the service thereunder, and the terms and conditions under which such through service shall be operated: Provided, That as to joint rates, fares, and charges for overseas air transportation the Board shall determine and prescribe only just and reasonable maximum or minimum or maximum and minimum joint rates, fares, or charges.

**JOINT BOARDS**

**DESIGNATION OF BOARDS**

SEC. 1003. (a) The Board and the Interstate Commerce Commission shall direct their respective chairmen to designate, from time to time, a like number of members of each to act as a joint board to consider and pass upon matters referred to such board as provided in subsection (c) of this section.

**THROUGH SERVICE AND JOINT RATES**

(b) Air carriers may establish reasonable through service and joint rates, fares, and charges with other common carriers; except that with respect to transportation of property, air carriers not directly engaged in the operation of aircraft in air transportation (other than companies engaged in the air express business) may not establish joint rates or charges, under the provisions of this subsection, with common carriers subject to the Interstate Commerce Act. In case of through service by air carriers and common carriers subject to the Interstate Commerce Act, it shall be the duty of the carriers parties thereto to establish just and reasonable rates, fares, or charges and just and reasonable classifications, rules, regulations, and practices affecting such rates, fares, or charges, or the value of the service thereunder, and if joint rates, fares, or charges shall have been established with respect to such through service, just, reasonable, and equitable divisions of such joint rates, fares, or charges as between the carriers participating therein. Any air carrier, and any common carrier subject to the Interstate Commerce Act, which is participating in such through service and joint rates, fares, or charges, shall include in its tariffs, filed with the Civil Aeronautics Board or the Interstate Commerce Commission, as the case may be, a statement showing such through service and joint rates, fares, or charges.

**JURISDICTION OF BOARDS**

(c) Matters relating to such through service and joint rates, fares, or charges may be referred by the Board or the Interstate Commerce Commission, upon complaint or upon its own initiative, to a joint board created as provided in subsection (a). Complaints may be made to the Interstate Commerce Commission or the Board with respect to any matter which may be referred to a joint board under this subsection.

**POWER OF BOARDS**

(d) With respect to matters referred to any joint board as provided in subsection (c), if such board finds, after notice and hearing, that any such joint rate, fare, or charge, or classification, rule, regulation, or practice, affecting such joint rate, fare, or charge or the value of the service thereunder is or will be unjust, unreasonable, unjustly discriminatory, or unduly preferential or prejudicial, or that any division of any such joint rate, fare, or charge, is or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as
between the carriers parties thereto, it is authorized and directed to
take the same action with respect thereto as the Board is empowered to
take with respect to any joint rate, fare, or charge, between air car-
rriers, or any divisions thereof, or any classification, rule, regulation,
or practice affecting such joint rate, fare, or charge or the value of the
service thereunder.

**JUDICIAL ENFORCEMENT AND REVIEW**

(e) Orders of the joint boards shall be enforceable and reviewable
as provided in this Act with respect to orders of the Board.

**EVIDENCE**

**POWER TO TAKE EVIDENCE**

Sec. 1004. (a) Any member or examiner of the Board, when duly
designated by the Board for such purpose, may hold hearings, sign
and issue subpenas, administer oaths, examine witnesses, and receive
evidence at any place in the United States designated by the Board.
In all cases heard by an examiner or a single member the Board shall
hear or receive argument on request of either party.

**POWER TO ISSUE SUBPENA**

(b) For the purposes of this Act the Board shall have the power to
require by subpena the attendance and testimony of witnesses and the
production of all books, papers, and documents relating to any matter
under investigation. Witnesses summoned before the Board shall be
paid the same fees and mileage that are paid witnesses in the courts
of the United States.

**ENFORCEMENT OF SUBPENA**

(c) The attendance of witnesses, and the production of books,
papers, and documents, may be required from any place in the United
States, at any designated place of hearing. In case of disobedience
to a subpena, the Board, or any party to a proceeding before the Board,
may invoke the aid of any court of the United States in requiring
attendance and testimony of witnesses and the production of such
books, papers, and documents under the provisions of this section.

**CONTEMPT**

(d) Any court of the United States within the jurisdiction of which
an inquiry is carried on may, in case of contumacy or refusal to obey
a subpena issued to any person, issue an order requiring such person
to appear before the Board (and produce books, papers, or documents
if so ordered) and give evidence touching the matter in question; and
any failure to obey such order of the court may be punished by such
court as a contempt thereof.

**DEPOSITION**

(e) The Board may order testimony to be taken by deposition in
any proceeding or investigation pending before it, at any stage of
such proceeding or investigation. Such depositions may be taken
before any person designated by the Board and having power to
administer oaths. Reasonable notice must first be given in writing by
the party or his attorney proposing to take such deposition to the
opposite party or his attorney of record, which notice shall state
the name of the witness and the time and place of the taking of his
deposition. Any person may be compelled to appear and depose,
and to produce books, papers, or documents, in the same manner as
witnesses may be compelled to appear and testify and produce like
documentary evidence before the Board, as hereinbefore provided.

METHOD OF TAKING DEPOSITIONS

(f) Every person deposing as herein provided shall be cautioned
and shall be required to swear (or affirm, if he so requests) to testify
the whole truth, and shall be carefully examined. His testimony
shall be reduced to writing by the person taking the deposition, or
under his direction, and shall, after it has been reduced to writing,
be subscribed by the deponent. All depositions shall be promptly
filed with the Board.

FOREIGN DEPOSITIONS

(g) If a witness whose testimony may be desired to be taken by
deposition be in a foreign country, the deposition may be taken, pro-
vided the laws of the foreign country so permit, by a consular officer
or other person commissioned by the Board, or agreed upon by the
parties by stipulation in writing to be filed with the Board, or may
be taken under letters rogatory issued by a court of competent juris-
diction at the request of the Board.

FEES

(h) Witnesses whose depositions are taken as authorized in this
Act, and the persons taking the same, shall severally be entitled to the
same fees as are paid for like services in the courts of the United
States: Provided, That with respect to commissions or letters roga-
tory issued at the initiative of the Board, executed in foreign coun-
tries, the Board shall pay such fees, charges, or expenses incidental
thereunto as may be found necessary, in accordance with regulations on
the subject to be prescribed by the Board.

COMPelling TESTIMONY

(i) No person shall be excused from attending and testifying, or
from producing books, papers, or documents before the Board, or in
obedience to the subpoena of the Board, or in any cause or proceeding,
criminal or otherwise, based upon or growing out of any alleged viola-
tion of this Act, or of any rule, regulation, requirement, or order there-
under, or any term, condition, or limitation of any certificate or per-
mit, on the ground, or for the reason, that the testimony or evidence,
documentary or otherwise, required of him may tend to incriminate
him or subject him to a penalty or forfeiture; but no individual shall
be prosecuted or subjected to any penalty or forfeiture for or on ac-
count of any transaction, matter, or thing concerning which he is com-
pelled, after having claimed his privilege against self-incrimination,
to testify or produce evidence, documentary or otherwise, except that
any individual so testifying shall not be exempt from prosecution and
punishment for perjury committed in so testifying.

SEC. 1005. (a) Except as otherwise provided in this Act, all orders, rules, and regulations of the Board or the Administrator shall take effect within such reasonable time as the Board or Administrator may prescribe, and shall continue in force until their further order, rule, or regulation, or for a specified period of time, as shall be prescribed in the order, rule, or regulation: Provided, That whenever the Administrator is of the opinion that an emergency requiring immediate action exists in respect of safety in air commerce, the Administrator is authorized, either upon complaint or his own initiative without complaint, at once, if he so orders, without answer or other form of pleading by the interested person or persons, and with or without notice, hearing, or the making or filing of a report, to make such just and reasonable orders, rules, or regulations, as may be essential in the interest of safety in air commerce to meet such emergency: Provided further, That the Administrator shall immediately initiate proceedings relating to the matters embraced in any such order, rule, or regulation, and shall, insofar as practicable, give preference to such proceedings over all others under this Act.

DESIGNATION OF AGENT FOR SERVICE

(b) It shall be the duty of every air carrier and foreign air carrier to designate in writing an agent upon whom service of all notices and process and all orders, decisions, and requirements of the Board and the Administrator may be made for and on behalf of said carrier, and to file such designation with the Administrator and in the office of the secretary of the Board, which designation may from time to time be changed by like writing similarly filed. Service of all notices and process and orders, decisions, and requirements of the Administrator or the Board may be made upon such carrier by service upon such designated agent at his office or usual place of residence with like effect as if made personally upon such carrier, and in default of such designation of such agent, service of any notice or other process in any proceedings before said Administrator or Board or of any order, decision, or requirements of the Administrator or Board, may be made by posting such notice, process, order, requirement, or decision in the office of the Administrator or with the secretary of the Board.

OTHER METHODS OF SERVICE

(c) Service of notices, processes, orders, rules, and regulations upon any person may be made by personal service, or upon an agent designated in writing for the purpose, or by registered mail addressed to such person or agent. Whenever service is made by registered mail, the date of mailing shall be considered as the time when service is made.

SUSPENSION OR MODIFICATION OF ORDER

(d) Except as otherwise provided in this Act, the Administrator or the Board is empowered to suspend or modify their orders upon such notice and in such manner as they shall deem proper.

COMPLIANCE WITH ORDER REQUIRED

(e) It shall be the duty of every person subject to this Act, and its agents and employees, to observe and comply with any order, rule, regulation, or certificate issued by the Administrator or the Board.
under this Act affecting such person so long as the same shall remain in effect.

FORM AND SERVICE OF ORDERS

(f) Every order of the Administrator or the Board shall set forth the findings of fact upon which it is based, and shall be served upon the parties to the proceeding and the persons affected by such order.

JUDICIAL REVIEW OF ORDERS

ORDERS OF BOARD AND ADMINISTRATOR SUBJECT TO REVIEW

Sec. 1006. (a) Any order, affirmative or negative, issued by the Board or Administrator under this Act, except any order in respect of any foreign air carrier subject to the approval of the President as provided in section 801 of this Act, shall be subject to review by the courts of appeals of the United States or the United States Court of Appeals for the District of Columbia upon petition, filed within sixty days after the entry of such order, by any person disclosing a substantial interest in such order. After the expiration of said sixty days a petition may be filed only by leave of court upon a showing of reasonable grounds for failure to file the petition theretofore.

VENUE

(b) A petition under this section shall be filed in the court for the circuit wherein the petitioner resides or has his principal place of business or in the United States Court of Appeals for the District of Columbia.

NOTICE TO BOARD OR ADMINISTRATOR; FILING OF TRANSCRIPT

(c) A copy of the petition shall, upon filing, be forthwith transmitted to the Board or Administrator by the clerk of the court, and the Board or Administrator shall thereupon certify and file in the court a transcript of the record, if any, upon which the order complained of was entered.

POWER OF COURT

(d) Upon transmittal of the petition to the Board or Administrator, the court shall have exclusive jurisdiction to affirm, modify, or set aside the order complained of, in whole or in part, and if need be, to order further proceedings by the Board or Administrator. Upon good cause shown, interlocutory relief may be granted by stay of the order or by such mandatory or other relief as may be appropriate: Provided, That no interlocutory relief may be granted except upon at least five days' notice to the Board or Administrator.

FINDINGS OF FACT CONCLUSIVE

(e) The findings of facts by the Board or Administrator, if supported by substantial evidence, shall be conclusive. No objection to an order of the Board or Administrator shall be considered by the court unless such objection shall have been urged before the Board or Administrator or, if it was not so urged, unless there were reasonable grounds for failure to do so.
CERTIFICATION OR CERTIORARI

(f) The judgment and decree of the court affirming, modifying, or setting aside any such order of the Board or Administrator shall be subject only to review by the Supreme Court of the United States upon certification or certiorari as provided in section 1254 of title 28, United States Code.

The Administrator shall, by rules and regulations, or by order where necessary, require all persons to give adequate public notice, in the form and manner prescribed by the Administrator, of the construction or alteration, or of the proposed construction or alteration, of any structure where notice will promote safety in air commerce.

INTERNATIONAL AGREEMENTS

Sec. 1102. In exercising and performing their powers and duties under this Act, the Board and the Administrator shall do so consistently with any obligation assumed by the United States in any treaty, convention, or agreement that may be in force between the United States and any foreign country or foreign countries, and shall take into consideration any applicable laws and requirements of foreign countries and the Board shall not, in exercising and performing its powers and duties with respect to certificates of convenience and necessity, restrict compliance by any air carrier with any obligation, duty, or liability imposed by any foreign country: Provided, That this section shall not apply to any obligation, duty, or liability arising out of a contract or other agreement, heretofore or hereafter entered into between an air carrier, or any officer or representative thereof, and any foreign country, if such contract or agreement is disapproved by the Board as being contrary to the public interest.

NATURE AND USE OF DOCUMENTS FILED

Sec. 1103. The Board or Administrator shall be responsible for classified information in accordance with appropriate law: Provided, That nothing in this section shall authorize the withholding of information by the Board or Administrator from the duly authorized committees of the Congress.

All such articles shall be sold and such assistance furnished at the fair market value prevailing locally as ascertained by the head of such department or agency. All amounts received under this subsection shall be covered into the Treasury; but that part of such amounts which, in the judgment of the head of the department or agency, is equivalent to the cost of the fuel, oil, equipment, supplies, services, shelter, or other assistance so sold or furnished shall be credited to the appropriation from which such cost was paid, and the balance, if any, shall be credited to miscellaneous receipts.

The Board shall issue such permits, orders, or regulations to such extent only as it shall find such action to be in the interest of the public. Provided however, That in exercising its powers hereunder, the Board shall do so consistently with any treaty, convention, or agreement which may be in force between the United States and any foreign country or countries. Foreign civil aircraft permitted to navigate in the United States under this subsection may be authorized by the Board to engage in air commerce within the United States except that they shall not take on at any point within the United States, persons, property, or mail carried for compensation or hire and destined for another point within the United States. The Secretary may allow such companies or groups of companies fair and reasonable compensation for servicing insurance written by such companies or groups of companies as underwriting agent for the Secretary. The services of such underwriting agents may be utilized in the adjustment of claims under insurance provided by this title, but no claim shall be paid unless and until it has been approved by the Secretary. Such compensation may include an allowance for expenses reasonably incurred by such agent, but such allowance shall not include any payment by such agent on account of solicitation for or stimulation of insurance business.

COOPERATION WITH OTHER AGENCIES

(e) The Secretary with the consent of any executive department, independent establishment, or other agency of the Government, including any field service thereof, may avail himself of the use of information, services, facilities, officers, and employees thereof in carrying out the provisions of this title.

**Judicial Review of Claims**

Sec. 1310. Upon disagreement as to a loss insured under this title, suit may be maintained against the United States in the United States District Court for the District of Columbia or in the United States district court in and for the district in which the claimant or his agent resides, notwithstanding the amount of the claim and any provision of existing law as to the jurisdiction of United States district courts, and this remedy shall be exclusive of any other action by reason of the same subject matter against any agent or employee of the United States employed or retained under this title. If the claimant has no residence in the United States, suit may be brought in the United States District Court for the District of Columbia or in any other United States district court in which the claimant or his agent resides, notwithstanding the amount of the claim and any provision of existing law as to the jurisdiction of United States district courts, and this remedy shall be exclusive of any other action by reason of the same subject matter against any agent or employee of the United States employed or retained under this title. If the claimant has no residence in the United States, suit may be brought in the United States District Court for the District of Columbia or in any other United States district court in which the Attorney General of the United States agrees to accept service. The procedure in such suits shall otherwise be the same as that provided for suits in the district courts by title 28, United States Code, section 1346 (a) (2), so far as applicable. All persons having or claiming or who might have an interest in such insurance may be made parties either initially or upon the motion of either party. In any case where the Secretary acknowledges the indebtedness of the United States on account of such insurance, and there is a dispute as to the persons entitled to receive payment, the United States may bring an action in the nature of a bill of interpleader against such parties, in the United States District Court for the District of Columbia, or in the United States district court of the district in which any such person resides. In such actions any party, if not a resident of or found within the district, may be brought in by order of court served in such reasonable manner as the court directs. If the court is satisfied that persons unknown might assert a claim on account of such insurance, it may direct service upon such persons unknown by publication in the Federal Register. Judgment in any such suit shall discharge the United States from further liability to any parties to such action, and to all persons when service by publication upon persons unknown is directed by the court. The period within which suits may be commenced contained in said Act providing for bringing of suits against the United States shall, if claim be filed therefor within such period, be suspended from such
time of filing until the claim shall have been administratively denied by the Secretary and for sixty days thereafter: Provided, however, That such claim shall be deemed to have been administratively denied if not acted upon within six months after the time of filing, unless the Secretary for good cause shown shall have otherwise agreed with the claimant.

INSURANCE OF EXCESS WITH OTHER UNDERWRITERS

Sec. 1311. A person having an insurable interest in an aircraft may, with the approval of the Secretary, insure with other underwriters in an amount in excess of the amount insured with the Secretary, and, in that event, the Secretary shall not be entitled to the benefit of such insurance, but nothing in this section shall prevent the Secretary from entering into contracts of coinsurance.

To amend the Act terminating Federal supervision over the Klamath Indian Tribe by providing in the alternative for private or Federal acquisition of the part of the tribal forest that must be sold, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act of August 13, 1954 (68 Stat. 718), is amended by adding a new section 28 as follows:

"Sec. 28. Notwithstanding the provisions of sections 5 and 6 of the Act of August 13, 1954 (68 Stat. 718), and all Acts amendatory thereof—

"(a) The tribal lands that comprise the Klamath Indian Forest, and the tribal lands that comprise the Klamath Marsh, shall be designated by the Secretary of the Interior and the Secretary of Agriculture, jointly.

"(b) The portion of the Klamath Indian Forest that is selected for sale pursuant to subsection 5 (a) (3) of this Act to pay members who withdraw from the tribe shall be offered for sale by the Secretary of the Interior in appropriate units, on the basis of competitive bids, to any purchaser or purchasers who agree to manage the forest lands as far as practicable according to sustained yield procedures so as to furnish a continuous supply of timber according to plans to be prepared and submitted by them for approval and inclusion in the conveyancing instruments in accordance with specifications and requirements referred to in the invitations for bids: Provided, That no sale shall be for a price that is less than the realization value of the units involved determined as provided in subsection (c) of this section. The terms and conditions of the sales shall be prescribed by the Secretary. The specifications and minimum requirements to be included in the invitations for bids, and the determination of appropriate units for sale, shall be developed and made jointly by the Secretary of the Interior and the Secretary of Agriculture. Such plans when prepared by the purchaser shall include provisions for the conservation of soil and water resources as well as for the management of the timber resources as hereinbefore set forth in this section. Such plans shall be satisfactory to and have the approval of the Secretary of Agriculture as complying with the minimum standards included in said specifications and requirements before the prospective purchaser shall be entitled to have his bid considered by the Secretary of the Interior and the failure on the part of the purchaser to prepare and submit a satisfactory plan to the Secretary of Agriculture shall constitute grounds for rejection of such bid. Such plans shall be incorporated as conditions in the conveyancing instruments executed by the Secretary and shall be binding on the grantee and all successors in interest. The conveyancing instruments shall provide for a forfeiture and a reversion of title to the lands to the United States, not in trust for or subject to Indian use, in the event of a breach of such conditions. The conveyancing instruments shall provide for a forfeiture and a reversion of title to the lands to the United States, not in trust for or subject to Indian use, in the event of a breach of such conditions. The purchase price paid by the grantee shall be deemed to represent the full appraised fair market value of the lands, undiminished by the right of reversion retained by the United States in a nontrust status, and the retention of such right of reversion shall not be the basis for any claim against the United States. The Secretary of Agriculture shall be responsible for enforcing such conditions. Upon any reversion of title pursuant to this subsection, the lands shall be-
come national forest lands subject to the laws that are applicable to lands acquired pursuant to the Act of March 1, 1911 (36 Stat. 961), as amended.

"(c) Within sixty days after this section becomes effective the Secretary of the Interior shall contract by negotiation with three qualified appraisers or three qualified appraisal organizations for a review of the appraisal approved by the Secretary pursuant to subsection 5(a)(2) of this Act, as amended. In such review full consideration shall be given to all reasonably ascertainable elements of land, forest, and mineral values. Not less than thirty days before executing such contracts the Secretary shall notify the chairman of the House Committee on Interior and Insular Affairs and the chairman of the Senate Committee on Interior and Insular Affairs of the names and addresses of the appraisers selected. The cost of the appraisal review shall be paid from tribal funds which are hereby made available for such purpose, subject to full reimbursement by the United States, and the appropriation of funds for that purpose is hereby authorized. Upon the basis of a review of the appraisal heretofore made of the forest units and marsh lands involved and such other materials as may be readily available, including additional market data since the date of the prior appraisal, but without making any new and independent appraisal, each appraiser shall estimate the fair market value of such forest units and marsh lands as if they had been offered for sale on a competitive market without limitation on use during the interval between the adjournment of the Eighty-fifth Congress and the termination date specified in subsection 6(b) of this Act, as amended. This value shall be known as the realization value. If the three appraisers are not able to agree on the realization value of such forest units and marsh lands, then such realization values shall be determined by averaging the values estimated by each appraiser. The Secretary shall report such realization values to the chairman of the House Committee on Interior and Insular Affairs and to the chairman of the Senate Committee on Interior and Insular Affairs not later than January 15, 1959. No sale of forest units that comprise the Klamath Indian forest designated pursuant to subsection 28(a) shall be made under the provisions of this Act prior to April 1, 1959.

"(d) If all of the forest units offered for sale in accordance with subsection (b) of this section are not sold before April 1, 1961, the Secretary of Agriculture shall publish in the Federal Register a proclamation taking title in the name of the United States to as many of the unsold units or parts thereof as have, together with the Klamath Marsh lands acquired pursuant to subsection (f) of the section, an aggregate realization value of not to exceed $90,000,000, which shall be the maximum amount payable for lands acquired by the United States pursuant to this Act. Compensation for the forest lands so taken shall be the realization value of the lands determined as provided in subsection (c) of this section, unless a different amount is provided by law enacted prior to the proclamation of the Secretary of Agriculture. Appropriation of funds for that purpose is hereby authorized. Payment shall be made as soon as possible after the proclamation of the Secretary of Agriculture. Such lands shall become national forest lands subject to the laws that are applicable to lands acquired pursuant to the Act of March 1, 1911 (36 Stat. 961), as amended. Any of the forest units that are offered for sale and that are not sold or taken pursuant to sub-

"(e) If at any time any of the tribal lands that comprise the Klamath Indian Forest and that are retained by the tribe are offered for sale other than to members of the tribe, such lands shall first be offered for sale to the Secretary of Agriculture, who shall be given a period of twelve months after the date of each such offer within which to purchase such lands. No such lands shall be sold at a price below the price at which they have been offered for sale to the Secretary of Agriculture, and if such lands are reoffered for sale they shall first be reoffered to the Secretary of Agriculture. The Secretary of Agriculture is hereby authorized to purchase such lands subject to such terms and conditions as to the use thereof as he may deem appropriate, and any lands so acquired shall thereupon become national forest lands subject to the laws that are applicable to lands acquired pursuant to the Act of March 1, 1911 (36 Stat. 961), as amended.

"(f) The lands that comprise the Klamath Marsh shall be a part of the property selected for sale pursuant to subsection 5 (a) (3) of this Act to pay members who withdraw from the tribe. Title to such lands is hereby taken in the name of the United States, effective April 1, 1961. Such lands are designated as the Klamath Forest National Wildlife Refuge, which shall be administered in accordance with the law applicable to areas acquired pursuant to section 4 of the Act of March 16, 1934 (48 Stat. 451), as amended or supplemented. Compensation for said taking shall be the realization value of the lands determined in accordance with subsection (c) of this section, and shall be paid out of funds in the Treasury of the United States, which are hereby authorized to be appropriated for that purpose.

"(g) Any person whose name appears on the final roll of the tribe, and who has since December 31, 1956, continuously resided on any lands taken by the United States by subsections (d) and (f) of this section, shall be entitled to occupy and use as a homestead for his lifetime a reasonable acreage of such lands, as determined by the Secretary of Agriculture, subject to such regulations as the Secretary of Agriculture may issue to safeguard the administration of the national forest and as the Secretary of the Interior may issue to safeguard the administration of the Klamath Forest National Wildlife Refuge.

"(h) If title to any of the lands comprising the Klamath Indian Forest is taken by the United States, the administration of any outstanding timber sales contracts thereon entered into by the Secretary of the Interior as trustee for the Klamath Indians shall be administered by the Secretary of Agriculture.

"(i) All sales of tribal lands pursuant to subsection (b) of this section or pursuant to section 5 of this Act on which roads are located shall be made subject to the right of the United States and its assigns to maintain and use such roads."

Sec. 2. Section 4 of the Act of August 13, 1954, is amended by adding thereto a new sentence reading thus: "Property which this section makes subject to inheritance or bequest and which is inherited or bequeathed after August 13, 1954, and prior to the transfer of title to tribal property as provided in section 6 of this Act shall not be subject to State or Federal inheritance, estate, legacy, or succession taxes."

Sec. 3. No funds distributed pursuant to section 5 of the Act of August 13, 1954, as amended, to members who withdraw from the tribe shall be paid to any person as compensation for services pertaining to the enactment of said Act or amendments thereto and any
person making or receiving such payments shall be guilty of a mis-
demeanor and shall be imprisoned for not more than six months and
fined not more than $500.

Sec. 4. The Secretary of the Interior is directed to terminate the
contract between him and the management specialists by giving im-

contract. When the contract is terminated, all of the functions of
the management specialists under section 5 of the Act of August 13,
1954, as amended, shall be performed by the Secretary.

following the appraisal of the tribal property.

as amended, relating to Indian preference rights, is further amended
by deleting “any individual Indian purchaser may apply toward
the purchase price all or any part of the sum due him from the con-
version of his interest in tribal property” and by inserting in lieu
thereof “any individual Indian purchaser who has elected to with-

AN ACT

Granting the consent and approval of Congress to the Tennessee River Basin Water Pollution Control Compact.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That the consent and approval of Congress is given to the Tennessee River Basin Water Pollution Control Compact, as hereinafter set out. Such compact reads as follows:

"TENNESSEE RIVER BASIN WATER POLLUTION CONTROL COMPACT

"ARTICLE I

"The purpose of this Compact is to promote effective control and reduction of pollution in the waters of the Tennessee River Basin through increased cooperation of the states of the Basin, coordination of pollution control activities and programs in the Basin, and the establishment of a joint interstate commission to assist in these efforts.

"ARTICLE II

"The party states hereby create the ‘Tennessee River Basin Water Pollution Control Commission’, hereinafter referred to as the ‘Commission’, which shall be an agency of each party state with the powers and duties set forth herein, and such others as shall be conferred upon it by the party states or by the Congress of the United States concurred in by the party states.

"ARTICLE III

"A. The party states hereby create the ‘Tennessee River Basin Water Pollution Control District’, hereinafter called the ‘District’, which consists of the area drained by the Tennessee River and its tributaries.

"B. From time to time the Commission may conduct surveys of the Basin, study the pollution problems of the Basin, and make comprehensive reports concerning the prevention or reduction of water pollution therein. The Commission may draft and recommend to the parties hereto suggested legislation dealing with the pollution of waters within the Basin or any portion thereof. Upon request of a state water pollution control agency, and in a manner agreed upon by such agency and the Commission, the Commission shall render advice concerning the various governments, communities, municipalities, persons, corporations or other entities with regard to particular problems connected with the pollution of waters. The Commission shall present to the appropriate officials of any government or agency thereof its recommendations relating to enactments to be made by any legislature in furthering the intents and purposes of this Article. The Commission, upon request of a member state or upon its own instance may, after proper study, and after conducting public hearings, recommend minimum standards of water quality to be followed in the several areas of the District.

"ARTICLE IV

"The Commission shall consist of three Commissioners from each state, each of whom shall be a resident voter of such state. The
Commissioners shall be chosen in the manner and for the terms provided by the laws of the state from which they are appointed, and each Commissioner may be removed or suspended from office as provided by law of the state from which he is appointed.

"Article V"

"A. The Commission shall elect annually from its members a Chairman and a Vice Chairman to serve at its pleasure. It shall adopt a seal and suitable by-laws for its management and control. The Commission is hereby authorized to adopt, prescribe and promulgate rules and regulations for administering and enforcing all provisions of this Compact. It may maintain one or more offices for the transaction of its business. Meetings shall be held at least once each year. It may determine duties, qualifications and compensation for and appoint such employees and consultants as may be necessary and remove or replace them.

"B. The Commission shall not compensate the Commissioners for their services but shall pay their actual expenses incurred in and incidental to the performance of their duties.

"C. The Commission may acquire, by gift or otherwise, and may hold and dispose of such real and personal property as may be appropriate to the performance of its functions. In the event of sale of real property, proceeds may be distributed among the several party states, each state's share being computed in a ratio to its contributions; and in the event of dissolution of the Commission, the property and assets shall be disposed of and proceeds distributed in a like manner.

"D. Each Commissioner shall have one vote. One or more Commissioners from a majority of the party states shall constitute a quorum for the transaction of business, but no action of the Commission imposing any obligation on any party state or any municipality, person, corporation or other entity therein shall be binding unless a majority of all of the members from such party state shall have voted in favor thereof. The Commission shall keep accurate accounts of all receipts and disbursements, and shall submit to the Governor and the legislature of each party state an annual report concerning its activities, and shall make recommendations for any legislative, executive or administrative action deemed advisable.

"E. The Commission shall at the proper time submit to the Governor of each party state for his approval an estimate of its proposed expenditures. The Commission shall subsequently adopt a budget and submit appropriation requests to the party states in accordance with the laws and procedures of such states.

"F. The Commission shall not pledge the credit of any of the party states. The Commission may meet any of its obligations in whole or in part with funds available to it, from gifts, grants, appropriations or otherwise, provided that the Commission takes specific action setting aside such funds prior to the incurring of any obligation to be met in whole or in part in this manner. Except where the Commission makes use of funds already available to it, the Commission shall not incur any obligations prior to the making of appropriations adequate to meet the same.

"G. The accounts of the Commission shall be open at any reasonable time to the inspection of such representatives of the respective party states as may be duly constituted for that purpose. All receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become a part of the annual report of
the Commission. The Commission shall appoint an Executive Director. The Commission shall also appoint a Treasurer who may be a member of the Commission. The Executive Director shall be custodian of the records of the Commission with authority to attest to and certify such records and copies thereof under the seal of the Commission. The Commission shall require bonds of its Executive Director and Treasurer in the amount of at least twenty-five per cent of the annual budget of the Commission.

"Article VI"

"Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. In determining these amounts, the Commission shall prorate one-half of its budget among the several states in proportion to their land area within the District, and shall prorate the other half among the several states in proportion to their population within the District at the last preceding Federal census."

"Article VII"

"A. It is recognized, owing to such variable factors as location, size, character and flow and the many varied uses of the waters subject to the terms of this Compact, that no single standard of sewage and waste treatment and no single standard of quality of receiving waters is practical and that the degree of treatment of sewage and industrial wastes should take into account the classification of the receiving waters according to present and proposed highest use, such as for drinking water supply, industrial and agricultural uses, bathing and other recreational purposes, maintenance and propagation of fish life, navigation and disposal of wastes.

"B. The Commission may establish reasonable physical, chemical and bacteriological standards of water quality satisfactory for various classifications of use. It is agreed that each of the signatory states through appropriate agencies will prepare a classification of its interstate waters in the District in entirety or by portions according to present and proposed highest use, and for this purpose technical experts employed by appropriate state water pollution control agencies are authorized to confer on questions relating to classification of interstate waters affecting two or more states. Each signatory state agrees to submit its classification of its interstate waters to the Commission for approval. It is agreed that after such approval, all signatory states through their appropriate state water pollution control agencies will work to establish programs of treatment of sewage and industrial wastes which will meet standards established by the Commission for classified waters. The Commission may from time to time make such changes in definitions of classifications and in standards as may be required by changed conditions or as may be necessary for uniformity and in a manner similar to that in which these standards and classifications were originally established.

"Article VIII"

"A. A state pollution control agency of any party state may certify to the Commission an alleged violation of the Commission's standards of quality of water entering said state. Upon such certification the Commission may call a hearing at which the appropriate state pollution agencies shall be represented. If the Commission finds a violation has occurred, is occurring or is likely to recur, it shall make recommendations as to the manner of abatement of the pollution to
the appropriate water pollution control agency of the party state within which the violation has occurred, is occurring or is likely to recur. In the event that Commission recommendations made pursuant to the preceding provisions of this Article do not result in compliance within a reasonable time, the Commission may, after such further investigation if any as is deemed necessary and proper and after a hearing held in the state where a violation occurs or has occurred, issue an order or orders upon any municipality, person, corporation or other entity within said party state violating provisions of this Compact by discharging sewage or industrial wastes into the waters of the District which flow through, into or border upon any party state. Such order or orders may prescribe the date on or before which such discharge shall be wholly or partially discontinued, modified or treated or otherwise disposed of. The Commission shall give reasonable and proper notice in writing of the time and place of the hearing to the municipality, person, corporation or other entity against which such order is proposed except that when the Commission shall find that a public health emergency exists, it may issue such an order pending hearing. In all such instances, the hearing shall be promptly held and the order shall be withdrawn, modified or made permanent within thirty days after hearing. No order prescribing the date on or before which such discharge shall be wholly or partially discontinued, modified or treated or otherwise disposed of shall go into effect upon a municipality, person, corporation or other entity in any state unless and until it receives the approval of a majority of the Commissioners from each of not less than a majority of the party states, provided that such order receives the assent of not less than a majority of the Commissioners from such state.

"B. It shall be the duty of the municipality, person, corporation or other entity within a party state to comply with any such order against it or him by the Commission, and any court of competent jurisdiction in any of the party states shall have jurisdiction, by mandamus, injunction, specific performance or other form of remedy, to enforce any such order against any municipality, person, corporation or other entity domiciled, located or doing business within such state; provided, however, such court may review the order and affirm, reverse or modify the same in any appropriate proceeding brought and upon any of the grounds customarily applicable in proceedings for court review of administrative decisions. The Commission or, at its request, the Attorney General or other law enforcing official of the appropriate state shall have power to institute in such court any action for the enforcement of such order.

"Article IX

"Nothing in this Compact shall be construed to limit the powers of any party state, or to repeal or prevent the enactment of any legislation, or the enforcement of any requirement by any party state, imposing any additional conditions and restrictions to further reduce or prevent the pollution of waters within its jurisdiction.

"Article X

"A. Nothing contained in this Compact shall be construed so as to conflict with any provision of the Ohio River Valley Water Sanitation Compact or to impose obligations on any party state inconsistent with those which it has undertaken or may undertake by virtue of its membership in said Compact; provided that nothing contained in this Article shall be deemed to limit the Commission's power to set higher standards for the waters of the Tennessee River Basin Water
Pollution Control District or any portion thereof than those required for the Ohio River Valley Water Sanitation District.

"B. Nothing contained in this Compact shall be deemed to give the Commission any regulatory power or jurisdiction over any aspect of pollution abatement or control within the District unless existing or future pollution of such waters does or is likely to affect adversely the quality of water flowing among, between, into or through the territory of more than one party state.

"Article XI

"Any two or more of the party states by legislative action may enter into supplementary agreements for further regulation and abatement of water pollution in other areas within the party states and for the establishment of common or joint services or facilities for such purpose and designate the Commission to act as their joint agency in regard thereto. Except in those cases where all member states join in such supplementary agreement and designation, the representatives in the Commission of any group of such designating states shall constitute a separate section of the Commission for the performance of the function or functions so designated and with such voting rights for these purposes as may be stipulated in such agreement; provided that, if any additional expense is involved, the member states so acting shall appropriate the necessary funds for this purpose. No supplementary agreement shall be valid to the extent that it conflicts with the purposes of this Compact and the creation of such a section as a joint agency shall not affect the privileges, powers, responsibilities or duties of the member states participating therein as embodied in the other articles of this Compact.

"Article XII

"This Compact shall enter into force and become effective and binding when it has been enacted by the legislature of Tennessee and by the legislatures of any one or more of the States of Alabama, Georgia, Kentucky, Mississippi, North Carolina and Virginia and upon approval by the Congress of the United States and thereafter shall enter into force and become effective and binding as to any other of said states when enacted by the legislature thereof.

"Article XIII

"This Compact shall continue in force and remain binding upon each party state until renounced by act of the legislature of such state, in such form and manner as it may choose; provided that such renunciation shall not become effective until six months after the effective date of the action taken by the legislature. Notice of such renunciation shall be given to the other party states by the Secretary of State of the party state so renouncing upon passage of the act.

"Article XIV

"The provisions of this Compact or of agreements thereunder shall be severable and if any phrase, clause, sentence or provision of this Compact, or such agreement, is declared to be contrary to the Constitution of any participating state or of the United States or the applicability thereof to any state, agency, person or circumstance is held invalid, the constitutionality of the remainder of this Compact or of any agreement thereunder and the applicability thereof to any state, agency, person or circumstance shall not be affected thereby,
provided further that if this Compact or any agreement thereunder shall be held contrary to the Constitution of the United States or of any state participating therein, the Compact or any agreement thereunder shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. It is the legislative intent that the provisions of this Compact shall be reasonably and liberally construed."

Sec. 2. The consent of Congress is given to any of the States of Alabama, Georgia, Kentucky, Mississippi, North Carolina, Tennessee, and Virginia to become a party to the Tennessee River Basin Water Pollution Control Compact in accordance with its terms.

Sec. 3. (a) The President shall appoint a Federal representative to the Tennessee River Basin Water Pollution Control Commission who shall be recognized by and admitted to said Commission. Such representative shall maintain liaison between the Federal Government and the Commission, and from time to time shall report on the activities of the Commission to the President, either directly or through such agency or official of the Government as the President may specify, and to the Congress.

(b) Such representative shall receive compensation and travel expenses, including per diem in lieu of subsistence, in the manner provided for experts and consultants in sections 5 and 15 of the Administrative Expenses Act of 1946, except that (1) the time limitation with respect to the length of services authorized in such section 15 shall not apply, (2) the per diem rate of compensation for such representative shall be such amount, not in excess of $100, as is established by the President, and (3) the total compensation paid in any calendar year to such representative shall not exceed $15,000. A retired military officer of the United States or a retired civilian employee of the United States may be appointed to serve as such representative without prejudice to his retired status, and shall receive compensation as authorized in this subsection except that his retired pay or annuity under Federal law and compensation under this subsection shall not exceed $15,000 in any calendar year. If an employee of the United States is appointed to serve as such representative in addition to his regular duties as such employee, he shall serve without additional compensation. Compensation paid under the authority of this subsection shall be paid from funds appropriated to the Executive Office of the President for salaries in the White House office or for staff assistance for the President in connection with special projects.

(c) Such representative shall be provided with necessary office space, consulting, engineering, and stenographic service, and other administrative services by such agency of the Government as may be designated by the President. Travel and other expenses for such representative shall be paid from funds appropriated to such agency.

Sec. 4. Any additional power or duty proposed to be conferred upon the Tennessee River Basin Water Pollution Control Commission by the party States or by the Congress of the United States under authority of Article II of the Compact as set forth in the first section of this Act shall be one within the general authority granted by said compact and may be utilized only in furtherance of the purpose described in Article I of such compact.

Sec. 5. Any supplementary agreement entered into pursuant to Article XI of the Tennessee River Basin Water Pollution Control Compact as set forth in the first section of this Act shall be for the express purpose of controlling and reducing pollution and coordinating pollution control activities and programs in waters common to two or more of the party States, and the provisions of and proce-
dures employed in any such supplementary agreement shall be substantially similar to and in conformity with the provisions and procedures of such compact.

SEC. 6. Nothing contained in this Act or in the compact herein approved shall be construed as impairing or affecting the sovereignty of the United States or any of its rights or jurisdiction in and over the area or waters which are the subject of the compact.

SEC. 7. The right to alter, amend, or repeal this Act is expressly reserved.

"(2) To insure and make commitments to insure such loans, which, when endorsed for insurance, shall be covered by the insurance provisions of this Act;

"(3) To sell such loans at an annual charge, at a rate to be determined by the Secretary, of not less than 1 per centum of the unpaid principal obligation from time to time outstanding on the loan, such charge to be retained by the Secretary out of interest payments made by the borrower: Provided, That the total of the rate of such charge plus the rate of return to the holder of the note shall not exceed the interest rate specified in the note. Out of the charges so collected an amount not in excess of one-half of 1 per centum of such unpaid principal obligations shall be deposited in and become a part of the fund. The remainder of such charges collected shall be deposited in the Treasury to the credit of the Secretary and may be transferred annually to the administrative expense account of the Farmers Home Administration and become merged therewith. Each such loan shall be sold at the full amount of the unpaid balance thereof at the time of sale, but no loan, except loans to associations (including corporations not operated for profit and public or quasi-public agencies), shall be sold if such balance exceeds 90 per centum of the value of the security less any prior lien indebtedness at the time the loan was made or upon a determination of such fact by the Secretary at the time of sale;

"(4) To make loans out of moneys in the fund, including funds borrowed from the Secretary of the Treasury under item (4) of subsection 18 (a) of the Bankhead-Jones Farm Tenant Act, as amended, within the aggregate limits therein provided, for the purpose of insuring and selling such loans under this section: Provided, however, That no loan made under this item (4) shall be in excess of 90 per centum of the value of the security less any prior lien indebtedness, but such limitation shall not apply to loans to associations, including corporations not operated for profit and public or quasi-public agencies: And provided further, That no loan shall be made under this item (4) unless the Secretary has reasonable assurance that it can be sold without undue delay.

"(b) The borrower shall not be required to pay any additional charges for insurance of the loan, but the Secretary may require the payment of such appraisal and delinquency charges as he deems proper. The proceeds of such appraisal or delinquency charges shall be deposited in the Treasury for use for administrative expense as provided in item (a) (3) of this section.

"(c) The amount of the principal obligations on loans made under item (a) (4) of this section shall be included in computing the aggregate amount of the principal obligations which may be insured in any one fiscal year, as provided in section 10 (e) of this Act, at the time such loans are made. The amount of the principal obligations on any other loans made by the Secretary and insured under this section shall not be included in computing said aggregate amount.

"(d) Loans made from funds advanced by lenders other than the United States may be insured by the Secretary upon terms and conditions consistent with the provisions of this section, but no such loan, except loans to associations (including corporations not operated for profit and public or quasi-public agencies), shall be in excess of 90 per centum of the value of the security less any prior lien indebtedness. Loans made or insured under this section shall be subject to all the provisions of this Act except as otherwise provided in this section.
“(e) Any loan heretofore or hereafter made or insured under this Act may be converted to an insured loan under this section at the discretion of the Secretary, and any expenses in connection with such conversion may be paid out of funds available for administrative expenses.

“(f) The Secretary is further authorized to sell any loan heretofore or hereafter made or insured under this Act without insurance thereof upon the written consent of the borrower, or without such consent when the borrower has failed to comply with his agreement to refinance the indebtedness at the request of the Secretary. Such loan shall be sold at the full amount of the unpaid balance thereof, and upon such sale the Secretary is authorized to assign the security instrument and evidence of debt in such manner that the United States shall have no further right or obligation with respect to the loan.”

AN ACT

To establish the use of humane methods of slaughter of livestock as a policy of the United States, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress finds that the use of humane methods in the slaughter of livestock prevents needless suffering; results in safer and better working conditions for persons engaged in the slaughtering industry; brings about improvement of products and economies in slaughtering operations; and produces other benefits for producers, processors, and consumers which tend to expedite an orderly flow of livestock and livestock products in interstate and foreign commerce. It is therefore declared to be the policy of the United States that the slaughtering of livestock and the handling of livestock in connection with slaughter shall be carried out only by humane methods.

SEC. 2. No method of slaughtering or handling in connection with slaughtering shall be deemed to comply with the public policy of the United States unless it is humane. Either of the following two methods of slaughtering and handling are hereby found to be humane:

(a) in the case of cattle, calves, horses, mules, sheep, swine, and other livestock, all animals are rendered insensible to pain by a single blow or gunshot or an electrical, chemical or other means that is rapid and effective, before being shackled, hoisted, thrown, cast, or cut; or

(b) by slaughtering in accordance with the ritual requirements of the Jewish faith or any other religious faith that prescribes a method of slaughter whereby the animal suffers loss of consciousness by anemia of the brain caused by the simultaneous and instantaneous severance of the carotid arteries with a sharp instrument.

Procurement, etc., by U.S. after June 30, 1960.

Sec. 3. The public policy declared herein shall be taken into consideration by all agencies of the Federal Government in connection with all procurement and price support programs and operations and after June 30, 1960, no agency or instrumentality of the United States shall contract for or procure any livestock products produced or processed by any slaughterer or processor which in any of its plants or in any plants of any slaughterer or processor with which it is affiliated slaughters or handles in connection with slaughter livestock by any methods other than methods designated and approved by the Secretary of Agriculture (hereinafter referred to as the Secretary) pursuant to section 4 hereof: Provided, That during the period of any national emergency declared by the President or the Congress, the limitations on procurement required by this section may be modified by the President to the extent determined by him to be necessary.
to meet essential procurement needs during such emergency. For the purposes of this section a slaughterer or processor shall be deemed to be affiliated with another slaughterer or processor if it controls, is controlled by, or is under common control with, such other slaughterer or processor. After June 30, 1960, each supplier from which any livestock products are procured by any agency of the Federal Government shall be required by such agency to make such statement of eligibility under this section to supply such livestock products as, if false, will subject the maker thereof to prosecution, title 18, United States Code, section 287.

Sec. 4. In furtherance of the policy expressed herein the Secretary is authorized and directed—

(a) to conduct, assist, and foster research, investigation, and experimentation to develop and determine methods of slaughter and the handling of livestock in connection with slaughter which are practicable with reference to the speed and scope of slaughtering operations and humane with reference to other existing methods and then current scientific knowledge;

(b) on or before March 1, 1959, and at such times thereafter as he deems advisable, to designate methods of slaughter and of handling in connection with slaughter which, with respect to each species of livestock, conform to the policy stated herein. If he deems it more effective, the Secretary may make any such designation by designating methods which are not in conformity with such policy. Designations by the Secretary subsequent to March 1, 1959, shall become effective for purposes of section 3 hereof 180 days after their publication in the Federal Register;

(c) to provide suitable means of identifying the carcasses of animals inspected and passed under the Meat Inspection Act (21 U. S. C. 71 and the following) that have been slaughtered in accordance with the public policy declared herein. Handling in connection with such slaughtering which necessarily accompanies the method of slaughter described in subsection (b) of this section shall be deemed to comply with the public policy specified by this section.

Sec. 5. To assist in implementing the provisions of section 4, the Secretary is authorized to establish an advisory committee. The functions of the Advisory Committee shall be to consult with the Secretary and other appropriate officials of the Department of Agriculture and to make recommendations relative to (a) the research authorized in section 4; (b) obtaining the cooperation of the public, producers, farm organizations, industry groups, humane associations, and Federal and State agencies in the furtherance of such research and the adoption of improved methods; and (c) the designations required by section 4. The Committee shall be composed of twelve members, of whom one shall be an officer or employee of the Department of Agriculture designated by the Secretary (who shall serve as Chairman); two shall be representatives of national organizations of slaughterers; one shall be a representative of the trade-union movement engaged in packinghouse work; one shall be a representative of the general public; two shall be representatives of livestock growers; one shall be a representative of the poultry industry; two shall be representatives of national organizations of the humane movement; one shall be a representative of a national professional veterinary organization; and one shall be a person familiar with the requirements of religious faiths with respect to slaughter. The Department of Agriculture shall assist the Committee with such research personnel and facilities as the Department can make available. Committee members other than the Chairman shall not be deemed to be employees of the
United States and are not entitled to compensation but the Secretary is authorized to allow their travel expenses and subsistence expenses in connection with their attendance at regular or special meetings of the Committee. The Committee shall meet at least once each year and at the call of the Secretary and shall from time to time submit to the Secretary such reports and recommendations with respect to new or improved methods as it believes should be taken into consideration by him in making the designations required by section 4 and the Secretary shall make all such reports available to the public.

Sec. 6. Nothing in this Act shall be construed to prohibit, abridge, or in any way hinder the religious freedom of any person or group. Notwithstanding any other provision of this Act, in order to protect freedom of religion, ritual slaughter and the handling or other preparation of livestock for ritual slaughter are exempted from the terms of this Act. For the purposes of this section the term “ritual slaughter” means slaughter in accordance with section 2 (b).

(b) It is hereby declared to be in the national interest to accelerate the construction of the Federal-aid highway systems, including the National System of Interstate and Defense Highways, since many of such highways, or portions thereof, are in fact inadequate to meet the needs of local and interstate commerce, for the national and civil defense.

It is hereby declared that the prompt and early completion of the National System of Interstate and Defense Highways, so named because of its primary importance to the national defense and hereafter referred to as the "Interstate System", is essential to the national interest and is one of the most important objectives of this Act. It is the intent of Congress that the Interstate System be completed as nearly as practicable over the period of availability of the thirteen years' appropriations authorized for the purpose of expediting its construction, reconstruction, or improvement, inclusive of necessary tunnels and bridges, through the fiscal year ending June 30, 1969, under section 108 (b) of the Federal-Aid Highway Act of 1956 (70 Stat. 374), and that the entire System in all States be brought to simultaneous completion. Insofar as possible in consonance with this objective, existing highways located on an interstate route shall be used to the extent that such use is practicable, suitable, and feasible, it being the intent that local needs, to the extent practicable, suitable, and feasible, shall be given equal consideration with the needs of interstate commerce.

§ 102. Authorizations

The provisions of this title apply to all unappropriated authorizations contained in prior Acts, and also to all unexpended appropriations heretofore made, providing for the expenditure of Federal funds upon the Federal-aid systems. All such authorizations and appropriations shall continue in full force and effect, but hereafter obligations entered into and expenditures made pursuant thereto shall be subject to the provisions of this title.

§ 103. Federal-aid systems

(a) For the purposes of this title, the three Federal-aid systems, the primary and secondary systems, and the Interstate System, are continued pursuant to the provisions of this section.
(b) The Federal-aid primary system shall consist of an adequate system of connected main highways, selected or designated by each State through its State highway department, subject to the approval of the Secretary as provided by subsection (e) of this section. This system shall not exceed 7 per centum of the total highway mileage of each State, exclusive of mileage within national forests, Indian, or other Federal reservations and within urban areas, as shown by the records of the State highway department on November 9, 1921. Whenever provision has been made by any State for the completion and maintenance of 90 per centum of its Federal-aid primary system, as originally designated, said State through its State highway department by and with the approval of the Secretary is authorized to increase the mileage of its Federal-aid primary system by additional mileage equal to not more than 1 per centum of the total mileage of said State as shown by the records on November 9, 1921. Thereafter, it may make like 1 per centum increases in the mileage of such Federal-aid primary system whenever provision has been made for the completion and maintenance of 90 per centum of the entire system, including the additional mileage previously authorized. This system may be located both in rural and urban areas. The mileage limitations in this paragraph shall not apply to the District of Columbia, Hawaii, Alaska, or Puerto Rico.

(c) The Federal-aid secondary system shall be selected by the State highway departments and the appropriate local road officials in cooperation with each other, subject to approval by the Secretary as provided in subsection (e) of this section. In making such selections, farm-to-market roads, rural mail routes, public school bus routes, local rural roads, county roads, township roads, and roads of the county road class may be included, so long as they are not on the Federal-aid primary system or the Interstate System. This system shall be confined to rural areas, except (1) that in any State having a population density of more than two hundred per square mile as shown by the latest available Federal census, the system may include mileage in urban areas as well as rural, and (2) that the system may be extended into urban areas subject to the conditions that any such extension passes through the urban area or connects with another Federal-aid system within the urban area, and that Federal participation in projects on such extensions is limited to urban funds.

(d) The Interstate System shall be designated within the continental United States and it shall not exceed forty-one thousand miles in total extent. It shall be so located as to connect by routes, as direct as practicable, the principal metropolitan areas, cities, and industrial centers, to serve the national defense, and to connect at suitable border points with routes of continental importance in the Dominion of Canada and the Republic of Mexico. The routes of this system shall be selected by joint action of the State highway departments of each State and the adjoining States, subject to approval by the Secretary as provided in subsection (e) of this section. All highways or routes included in the Interstate System as finally approved, if not already coincident with the primary system, shall be added to said system without regard to the mileage limitation set forth in subsection (b) of this section. This system may be located both in rural and urban areas.

(e) The Secretary shall have authority to approve in whole or in part the Federal-aid primary system, the Federal-aid secondary system, and the Interstate System, as and when such systems or portions thereof are designated, or to require modifications or revisions thereof. No Federal-aid system or portion thereof shall be eligible for projects in which Federal funds participate until approved by the Secretary.
§104. Apportionment

(a) Whenever an apportionment is made of the sums authorized to be appropriated for expenditure upon the Federal-aid systems, the Secretary shall deduct a sum, in such amount not to exceed 33\% of all sums so authorized, as the Secretary may deem necessary for administering the provisions of law to be financed from appropriations for the Federal-aid systems and for carrying on the research authorized by subsections (a) and (b) of section 307 of this title. In making such determination, the Secretary shall take into account the unexpended balance of any sums deducted for such purposes in prior years. The sum so deducted shall be available for expenditure from the unexpended balance of any appropriation made at any time for expenditure upon the Federal-aid systems, until such sum has been expended.

(b) On or before January 1 next preceding the commencement of each fiscal year, except as provided in paragraphs (4) and (5) of this subsection, the Secretary, after making the deduction authorized by subsection (a) of this section, shall apportion the remainder of the sums authorized to be appropriated for expenditure upon the Federal-aid systems for that fiscal year, among the several States in the following manner:

(1) For the Federal-aid primary system:
   One-third in the ratio which the area of each State bears to the total area of all the States, except that only one-third of the area of Alaska shall be included; one-third in the ratio which the population of each State bears to the total population of all the States as shown by the latest available Federal census; one-third in the ratio which the mileage of rural delivery routes and star routes in each State bears to the total mileage of rural delivery and star routes in all the States at the close of the next preceding fiscal year, as shown by a certificate of the Postmaster General, which he is directed to make and furnish annually to the Secretary. No State shall receive less than one-half of 1 per centum of each year’s apportionment.

(2) For the Federal-aid secondary system:
   One-third in the ratio which the area of each State bears to the total area of all the States, except that only one-third of the area of Alaska shall be included; one-third in the ratio which the rural population of each State bears to the total rural population of all the States as shown by the latest available Federal census; and one-third in the ratio which the mileage of rural delivery and star routes, certified as above provided, in each State bears to the total mileage of rural delivery and star routes in all the States. No State shall receive less than one-half of 1 per centum of each year’s apportionment.

(3) For extensions of the Federal-aid primary and Federal-aid secondary systems within urban areas:
   In the ratio which the population in municipalities and other urban places, of five thousand or more, in each State bears to the total population in municipalities and other urban places of five thousand or more in all the States, as shown by the latest
available Federal census. For the purpose of this paragraph, Connecticut and Vermont towns shall be considered municipalities regardless of their incorporated status.

(4) For the Interstate System, for the fiscal years ending June 30, 1957, June 30, 1958, and June 30, 1959:

One-half in the ratio which the population of each State bears to the total population of all the States as shown by the latest available Federal census, except that no States shall receive less than three-fourths of 1 per centum of the funds so apportioned; and one-half in the manner provided in paragraph (1) of this subsection. The sums authorized by section 108 (b) of the Federal-Aid Highway Act of 1956 for the fiscal years ending June 30, 1958, and June 30, 1959, shall be apportioned on a date not less than six months and not more than twelve months in advance of the beginning of the fiscal year for which authorized.

(5) For the Interstate System for the fiscal years 1960 through 1969:

In the ratio which the estimated cost of completing the Interstate System in each State, as determined and approved in the manner provided in this paragraph, bears to the sum of the estimated cost of completing the Interstate System in all of the States. Each apportionment herein authorized for the fiscal years 1960 through 1969, inclusive, shall be made on a date as far in advance of the beginning of the fiscal year for which authorized as practicable but in no case more than eighteen months prior to the beginning of the fiscal year for which authorized. As soon as the standards provided for in subsection (b) of section 109 of this title have been adopted, the Secretary, in cooperation with the State highway departments, shall make a detailed estimate of the cost of completing the Interstate System as then designated, after taking into account all previous apportionments made under this section, based upon such standards and in accordance with rules and regulations adopted by him and applied uniformly to all of the States. The Secretary shall transmit such estimates to the Senate and the House of Representatives within ten days subsequent to January 2, 1958. Upon approval of such estimate by the Congress by concurrent resolution, the Secretary shall use such approved estimate in making apportionments for the fiscal years ending June 30, 1960, June 30, 1961, and June 30, 1962. The Secretary shall make a revised estimate of the cost of completing the then designated Interstate System, after taking into account all previous apportionments made under this section, in the same manner as stated above, and transmit the same to the Senate and the House of Representatives within ten days subsequent to January 2, 1962. Upon approval of such estimate by the Congress by concurrent resolution, the Secretary shall use such approved estimate in making apportionments for the fiscal years ending June 30, 1963, June 30, 1964, June 30, 1965, and June 30, 1966. The Secretary shall make a revised estimate of the cost of completing the then designated Interstate System, after taking into account all previous apportionments made under this section, in the same manner as stated above, and transmit the same to the Senate and the House of Representatives within ten days subsequent to January 2, 1966, and annually thereafter through and including January 2, 1968. Upon approval of any such estimate by the Congress by concurrent resolution, the Secretary shall use such approved estimate in making apportionments for the fiscal year which begins next following the fiscal year in which such report is transmitted to the Senate and the House of Representatives. Whenever the Secretary, pursuant to this subsection, requests and
receives estimates of cost from the State highway departments, he shall furnish copies of such estimates at the same time to the Senate and the House of Representatives. In making the estimates of cost for completing the Interstate System as provided in this paragraph, the cost of completing any mileage designated from the one thousand additional miles authorized by section 108 (1) of the Federal-Aid Highway Act of 1956 shall be excluded.

(c) Not more than 20 per centum of the amount apportioned in any fiscal year, commencing with the apportionment of funds authorized to be appropriated under subsection (a) of section 102 of the Federal-Aid Highway Act of 1956 (70 Stat. 374), to each State in accordance with paragraphs (1), (2), or (3) of subsection (b) of this section may be transferred from the apportionment under one paragraph to the apportionment under any other of such paragraphs if such a transfer is requested by the State highway department and is approved by the Governor of such State and the Secretary as being in the public interest. The total of such transfers shall not increase the original apportionment under any of such paragraphs by more than 20 per centum. Nothing contained in this subsection shall alter or impair the authority contained in subsection (d) of this section.

(d) Any funds which are apportioned under paragraph (2) of subsection (b) of this section for the Federal-aid secondary system to a State in which all public roads and highways are under the control and supervision of the State highway department may, if the State highway department and the Secretary jointly agree that such funds are not needed for the Federal-aid secondary system, be expended for projects on another Federal-aid system.

(e) On or before January 1 preceding the commencement of each fiscal year, the Secretary shall certify to each of the State highway departments the sums which he has apportioned hereunder to each State for such fiscal year, and also the sums which he has deducted for administration and research pursuant to subsection (a) of this section.

§ 105. Programs

(a) As soon as practicable after the apportionments for the Federal-aid systems have been made for any fiscal year, the State highway department of any State desiring to avail itself of the benefits of this chapter shall submit to the Secretary for his approval a program or programs of proposed projects for the utilization of the funds apportioned. The Secretary shall act upon programs submitted to him as soon as practicable after the same have been submitted. The Secretary may approve a program in whole or in part, but he shall not approve any project in a proposed program which is not located upon an approved Federal-aid system.

(b) In approving programs for projects on the Federal-aid secondary system, the Secretary shall require, except in States where all public roads and highways are under the control and supervision of the State highway department, that such project be selected by the State highway department and the appropriate local officials in cooperation with each other.

(c) In approving programs for projects on the Federal-aid primary system, the Secretary shall give preference to such projects as will expedite the completion of an adequate and connected system of highways interstate in character.

(d) In approving programs for projects under this chapter, the Secretary may give priority of approval to, and expedite the construction of, projects that are recommended as important to the
national defense by the Secretary of Defense, or other official authorized by the President to make such recommendation.

(e) In approving programs in Hawaii, the Secretary shall give preference to such projects as will expedite the completion of highways for the national defense or which will connect seaports with units of the national parks.

§ 106. Plans, specifications, and estimates

(a) Except as provided in section 117 of this title, the State highway department shall submit to the Secretary for his approval, as soon as practicable after program approval, such surveys, plans, specifications, and estimates for each proposed project included in an approved program as the Secretary may require. The Secretary shall act upon such surveys, plans, specifications, and estimates as soon as practicable after the same have been submitted, and his approval of any such project shall be deemed a contractual obligation of the Federal Government for the payment of its proportional contribution thereto. In taking such action, the Secretary shall be guided by the provisions of section 109 of this title.

(b) In addition to the approval required under subsection (a) of this section, proposed specifications for projects for construction on the Federal-aid secondary system, except in States where all public roads and highways are under the control and supervision of the State highway department, shall be determined by the State highway department and the appropriate local officials in cooperation with each other.

(c) Items included in any such estimate for construction engineering shall not exceed 10 per centum of the total estimated cost of the project, after excluding from such total estimated cost, the estimated costs of rights-of-way, preliminary engineering and construction engineering.

§ 107. Acquisition of rights-of-way—Interstate System

(a) In any case in which the Secretary is requested by a State to acquire lands or interests in lands (including within the term "interests in lands", the control of access thereto from adjoining lands) required by such State for right-of-way or other purposes in connection with the prosecution of any project for the construction, reconstruction, or improvement of any section of the Interstate System, the Secretary is authorized, in the name of the United States and prior to the approval of title by the Attorney General, to acquire, enter upon, and take possession of such lands or interests in lands by purchase, donation, condemnation, or otherwise in accordance with the laws of the United States (including the Act of February 26, 1931, 46 Stat. 1421), if—

(1) the Secretary has determined either that the State is unable to acquire necessary lands or interests in lands, or is unable to acquire such lands or interests in lands with sufficient promptness; and

(2) the State has agreed with the Secretary to pay, at such time as may be specified by the Secretary an amount equal to 10 per centum of the costs incurred by the Secretary, in acquiring such lands or interests in lands, or such lesser percentage which represents the State’s pro rata share of project costs as determined in accordance with subsection (c) of section 120 of this title.

The authority granted by this section shall also apply to lands and interests in lands received as grants of land from the United States and owned or held by railroads or other corporations.

(b) The costs incurred by the Secretary in acquiring any such lands or interests in lands may include the cost of examination and
abstract of title, certificate of title, advertising, and any fees incidental to such acquisition. All costs incurred by the Secretary in connection with the acquisition of any such lands or interests in lands shall be paid from the funds for construction, reconstruction, or improvement of the Interstate System apportioned to the State upon the request of which such lands or interests in lands are acquired, and any sums paid to the Secretary by such State as its share of the costs of acquisition of such lands or interests in lands shall be deposited in the Treasury to the credit of the appropriation for Federal-aid highways and shall be credited to the amount apportioned to such State as its apportionment of funds for construction, reconstruction, or improvement of the Interstate System, or shall be deducted from other moneys due the State for reimbursement from funds authorized to be appropriated under section 108 (b) of the Federal-Aid Highway Act of 1956.

(c) The Secretary is further authorized and directed by proper deed, executed in the name of the United States, to convey any such lands or interests in lands acquired in any State under the provisions of this section, except the outside five feet of any such right-of-way in any State which does not provide control of access, to the State highway department of such State or such political subdivision thereof as its laws may provide, upon such terms and conditions as to such lands or interests in lands as may be agreed upon by the Secretary and the State highway department or political subdivisions to which the conveyance is to be made. Whenever the State makes provision for control of access satisfactory to the Secretary, the outside five feet then shall be conveyed to the State by the Secretary, as herein provided.

(d) Whenever rights-of-way, including control of access, on the Interstate System are required over lands or interests in lands owned by the United States, the Secretary may make such arrangements with the agency having jurisdiction over such lands as may be necessary to give the State or other person constructing the projects on such lands adequate rights-of-way and control of access thereto from adjoining lands, and any such agency is directed to cooperate with the Secretary in this connection.

§ 108. Advance acquisition of rights-of-way

(a) For the purpose of facilitating the acquisition of rights-of-way on any of the Federal-aid highway systems, including the Interstate System, in the most expeditious and economical manner, and recognizing that the acquisition of rights-of-way requires lengthy planning and negotiations if it is to be done at a reasonable cost, the Secretary, upon the request of the State highway department, is authorized to make available the funds apportioned to any State for expenditure on any of the Federal-aid highway systems, including the Interstate System, for acquisition of rights-of-way, in anticipation of construction and under such rules and regulations as the Secretary may prescribe. The agreement between the Secretary and the State highway department for the reimbursement of the cost of such rights-of-way shall provide for the actual construction of a road on such rights-of-way within a period not exceeding five years following the fiscal year in which such request is made.

(b) Federal participation in the cost of rights-of-way acquired under this section shall not exceed the Federal pro rata share applicable to the class of funds from which Federal reimbursement is made.
§ 109. Standards

(a) The Secretary shall not approve plans and specifications for proposed projects on any Federal-aid system if they fail to provide for a facility (1) that will adequately meet the existing and probable future traffic needs and conditions in a manner conducive to safety, durability, and economy of maintenance; (2) that will be designed and constructed in accordance with standards best suited to accomplish the foregoing objectives and to conform to the particular needs of each locality.

(b) The geometric and construction standards to be adopted for the Interstate System shall be those approved by the Secretary in cooperation with the State highway departments. Such standards shall be adequate to accommodate the types and volumes of traffic forecast for the year 1975. The right-of-way width of the Interstate System shall be adequate to permit construction of projects on the Interstate System up to such standards. The Secretary shall apply such standards uniformly throughout the States.

(c) Projects on the Federal-aid secondary system in which Federal funds participate shall be constructed according to specifications that will provide all-weather service and permit maintenance at a reasonable cost.

(d) On any highway project in which Federal funds hereafter participate, or on any such project constructed since December 20, 1944, the location, form and character of informational, regulatory and warning signs, curb and pavement or other markings, and traffic signals installed or placed by any public authority or other agency, shall be subject to the approval of the State highway department with the concurrence of the Secretary, who is directed to concur only in such installations as will promote the safe and efficient utilization of the highways.

(e) No funds shall be approved for expenditure on any Federal-aid highway, or highway affected under chapter 2 of this title, unless proper safety protective devices complying with safety standards determined by the Secretary at that time as being adequate shall be installed or be in operation at any highway and railroad grade crossing or drawbridge on that portion of the highway with respect to which such expenditures are to be made.

(f) The Secretary shall not, as a condition precedent to his approval under section 106 of this title, require any State to acquire title to, or control of, any marginal land along the proposed highway in addition to that reasonably necessary for road surfaces, median strips, gutters, ditches, and side slopes, and of sufficient width to provide service roads for adjacent property to permit safe access at controlled locations in order to expedite traffic, promote safety, and minimize roadside parking.

§ 110. Project agreements

(a) As soon as practicable after the plans, specifications, and estimates for a specific project have been approved, the Secretary shall enter into a formal project agreement with the State highway department concerning the construction and maintenance of such project. Such project agreement shall make provision for State funds required for the State's pro rata share of the cost of construction of such project and for the maintenance thereof after completion of construction.

(b) The Secretary may rely upon representations made by the State highway department with respect to the arrangements or agreements made by the State highway department and appropriate local officials where a part of the project is to be constructed at the expense of, or in cooperation with, local subdivisions of the State.
§ 111. Agreements relating to use of and access to rights-of-way—
Interstate System

All agreements between the Secretary and the State highway department for the construction of projects on the Interstate System shall contain a clause providing that the State will not add any points of access to, or exit from, the project in addition to those approved by the Secretary in the plans for such project, without the prior approval of the Secretary. Such agreements shall also contain a clause providing that the State will not permit automotive service stations or other commercial establishments for serving motor vehicle users to be constructed or located on the rights-of-way of the Interstate System. Such agreements may, however, authorize a State or political subdivision thereof to use the airspace above and below the established grade line of the highway pavement for the parking of motor vehicles provided such use does not interfere in any way with the free flow of traffic on the Interstate System.

§ 112. Letting of contracts

(a) In all cases where the construction is to be performed by the State highway department or under its supervision, a request for submission of bids shall be made by advertisement unless some other method is approved by the Secretary. The Secretary shall require such plans and specifications and such methods of bidding as shall be effective in securing competition.

(b) Construction of each project, subject to the provisions of subsection (a) of this section, shall be performed by contract awarded by competitive bidding, unless the Secretary shall affirmatively find that, under the circumstances relating to such project, some other method is in the public interest. All such findings shall be reported promptly in writing to the Committees on Public Works of the Senate and the House of Representatives.

(c) The Secretary shall require as a condition precedent to his approval of each contract awarded by competitive bidding pursuant to subsection (b) of this section, and subject to the provisions of this section, a sworn statement, executed by, or on behalf of, the person, firm, association, or corporation to whom such contract is to be awarded, certifying that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with such contract.

(d) No contract awarded by competitive bidding pursuant to subsection (b) of this section, and subject to the provisions of this section, shall be entered into by any State highway department or local subdivision of the State without compliance with the provisions of this section, and without the prior concurrence of the Secretary in the award thereof.

(e) The provisions of this section shall not be applicable to contracts for projects on the Federal-aid secondary system in those States where the Secretary has discharged his responsibility pursuant to section 117 of this title.

§ 113. Prevailing rate of wage—Interstate System

(a) The Secretary shall take such action as may be necessary to insure that all laborers and mechanics employed by contractors or subcontractors on the initial construction work performed on highway projects on the Interstate System authorized under section 108 (b) of the Federal-Aid Highway Act of 1956, shall be paid wages at rates not less than those prevailing on the same type of work on similar construction in the immediate locality as determined by the Secretary.
of Labor in accordance with the Act of August 30, 1935, known as
the Davis-Bacon Act (40 U. S. C., sec. 276a).
(b) In carrying out the duties of subsection (a) of this section,
the Secretary of Labor shall consult with the highway department
of the State in which a project on the Interstate System is to be
performed. After giving due regard to the information thus obtained,
he shall make a predetermination of the minimum wages to be paid
laborers and mechanics in accordance with the provisions of sub-
section (a) of this section which shall be set out in each project
advertisement for bids and in each bid proposal form and shall be
made a part of the contract covering the project.

§ 114. Construction
(a) The construction of any highways or portions of highways
located on a Federal-aid system shall be undertaken by the respective
State highway departments or under their direct supervision.
Except as provided in section 117 of this title, such construction shall
be subject to the inspection and approval of the Secretary. The con-
struction work and labor in each State shall be performed under the
direct supervision of the State highway department and in accord-
ance with the laws of that State and applicable Federal laws. Con-
struction may be begun as soon as funds are available for expenditure
pursuant to subsection (a) of section 118 of this title.
(b) Convict labor shall not be used in such construction unless it
is labor performed by convicts who are on parole or probation.

§ 115. Construction by States in advance of apportionment—
Interstate System
(a) When a State has obligated all funds apportioned to it under
subsection (b) (4) and (5) of section 104 of this title, and proceeds
to construct any project without the aid of Federal funds, including
one or more parts of any project, on the Interstate System as design-
nated at that time, in accordance with all procedures and all require-
ments applicable to projects financed with Interstate System funds
authorized to be appropriated under subsection (b) of section 108
of the Federal-Aid Highway Act of 1956, except insofar as such pro-
cedures and requirements limit a State to the construction of projects
with the aid of Federal funds previously apportioned to it, the Secre-
tary, upon application by such State and his approval of such applica-
tion, is authorized to pay to such State the Federal share of the costs
of construction of such project when additional funds are apportioned
to such State under subsection (b) (4) and (5) of section 104 of this
title if:
(1) prior to the construction of the project the Secretary shall
have approved the plans and specifications therefor in the same
manner as other projects on the Interstate System, and
(2) the project shall conform to the standards adopted under
subsection (b) of section 109 of this title.
(b) In determining the apportionment for any fiscal year under
the provisions of subsection (b) (5) of section 104 of this title, any
such project constructed by a State without the aid of Federal funds
shall not be considered completed until an application under the pro-
visions of this section with respect to such project has been approved
by the Secretary.

§ 116. Maintenance
(a) Except as provided in subsection (d) of this section, it shall be
the duty of the State highway department to maintain, or cause to
be maintained, any project constructed under the provisions of this
chapter or constructed under the provisions of prior Acts. The
State's obligation to the United States to maintain any such project shall cease when it no longer constitutes a part of a Federal-aid system.

(b) In any State wherein the State highway department is without legal authority to maintain a project constructed on the Federal-aid secondary system, or within a municipality, such highway department shall enter into a formal agreement for its maintenance with the appropriate officials of the county or municipality in which such project is located.

(c) If at any time the Secretary shall find that any project constructed under the provisions of this chapter, or constructed under the provisions of prior Acts, is not being properly maintained, he shall call such fact to the attention of the State highway department. If, within ninety days after receipt of such notice, such project has not been put in proper condition of maintenance, the Secretary shall withhold approval of further projects of all types in the entire State until such project shall have been put in proper condition of maintenance, unless such project is subject to an agreement pursuant to subsection (b) of this section, in which case approval shall be withheld only for secondary or urban projects in the county or municipality where such project is located.

(d) The Federal-aid funds apportioned to the Territory of Alaska and the funds contributed by the Territory under section 120 of this title may be expended for the maintenance of roads within the system or systems of roads agreed upon under section 103 (f) of this title under the same terms and conditions as for the construction of such roads.

§ 117. Secondary road responsibility

(a) The Secretary may, upon the request of any State highway department, discharge his responsibility relative to the plans, specifications, estimates, surveys, contract awards, design, inspection, and construction of all projects on the Federal-aid secondary system by his receiving and approving a certified statement by the State highway department setting forth that the plans, design, and construction for each such project are in accord with those standards and procedures which (1) were adopted by such State highway department, (2) were applicable to projects in this category, and (3) were approved by him.

(b) The Secretary shall not approve such standards and procedures unless they are in accordance with the provisions of subsection (b) of section 105, subsection (b) of section 106, and subsection (c) of section 109, of this title.

(c) Subsections (a) and (b) of this section shall not be construed to relieve the Secretary of his obligation to make a final inspection of each project after construction and to require an adequate showing of the estimated cost of construction and the actual cost of construction.

§ 118. Availability of sums apportioned

(a) On and after the date that the Secretary has certified to each State highway department the sums apportioned to each Federal-aid system or part thereof pursuant to an authorization under this title, or under prior Acts, such sums shall be available for expenditure under the provisions of this title.

(b) Such sums shall continue available for expenditure in that State for the appropriate Federal-aid system or part thereof for a period of two years after the close of the fiscal year for which such sums are authorized and any amounts so apportioned remaining unexpended at the end of such period shall lapse, except that any amount apportioned to the States for the Interstate System under subsection (b)
(4) and (5) of section 104 of this title remaining unexpended at the end of the period during which it is available under this section shall lapse and shall immediately be reapportioned among the other States in accordance with the provisions of subsection (b) (5) of section 104 of this title. Such sums for any fiscal year shall be deemed to be expended if a sum equal to the total of the sums apportioned to the State for such fiscal year and previous fiscal years is covered by formal project agreements providing for the expenditure of funds authorized by each Act which contains provisions authorizing the appropriation of funds for Federal-aid highways. Any Federal-aid highway funds released by the payment of the final voucher or by the modification of the formal project agreement shall be credited to the same class of funds, primary, secondary, urban, or interstate, previously apportioned to the State and be immediately available for expenditure.

(c) The total payments to any State shall not at any time during a current fiscal year exceed the total of all apportionments to such State in accordance with section 104 of this title for such fiscal year and all preceding fiscal years.

§ 119. Administration of Federal aid for highways in Alaska

(a) The Secretary shall administer the functions, duties, and authority pertaining to the construction, repair and maintenance of roads, tramways, ferries, bridges, trails, and other works in Alaska, conferred upon the Department of the Interior and, prior to September 16, 1956, administered by the Secretary of the Interior under the Act of June 30, 1932 (47 Stat. 446; 48 U. S. C., sec. 321a and following).

(b) The Secretary shall, by order or regulations, distribute the functions, duties, and authority required to be administered by him under subsection (a) of this section and appropriations pertaining thereto as he may deem proper to accomplish the economical and effective organization and administration thereof.

§ 120. Federal share payable

(a) Subject to the provisions of subsections (d) and (h) of this section, the Federal share payable on account of any project, financed with primary, secondary, or urban funds, on the Federal-aid primary system and the Federal-aid secondary system shall not exceed 50 per centum of the cost of construction, except that in the case of any State containing unappropriated and unreserved public lands and nontaxable Indian lands, individual and tribal, exceeding 5 per centum of the total area of all lands therein, the Federal share shall be increased by a percentage of the remaining cost equal to the percentage that the area of all such lands in such State, is of its total area.

(b) Subject to the provisions of subsection (d) of this section, the Federal share payable on account of any project, financed with interstate funds on the Interstate System, authorized to be appropriated prior to June 29, 1956, shall not exceed 60 per centum of the cost of construction, except that in the case of any State containing unappropriated and unreserved public lands and nontaxable Indian lands, individual and tribal, exceeding 5 per centum of the total area of all lands therein, the Federal share shall be increased by a percentage of the remaining cost equal to the percentage that the area of all such lands in such State, is of its total area. The provisions of subsection (a) of this section shall apply to any project financed with funds authorized by the provisions of section 2 of the Federal-Aid Highway Act of 1952.

(c) Subject to the provisions of subsection (d) of this section, the Federal share payable on account of any project on the Interstate System provided for by funds made available under the provisions of section 108 (b) of the Federal-Aid Highway Act of 1956 shall be
increased to 90 per centum of the total cost thereof, plus a percentage of the remaining 10 per centum of such cost in any State containing unappropriated and unreserved public lands and nontaxable Indian lands, individual and tribal, exceeding 5 per centum of the total area of all lands therein, equal to the percentage that the area of such lands in such State is of its total area, except that such Federal share payable on any project in any State shall not exceed 95 per centum of the total cost of such project.

(d) The Federal share payable on account of any project for the elimination of hazards of railway-highway crossings, as more fully described and subject to the conditions and limitations set forth in section 130 of this title, may amount to 100 per centum of the cost of construction of such projects, except that not more than 50 per centum of the right-of-way and property damage costs, paid from public funds, on any such project, may be paid from sums apportioned in accordance with section 104 of this title: Provided, That not more than 10 per centum of all the sums apportioned for all the Federal-aid systems for any fiscal year in accordance with section 104 of this title shall be used under this subsection.

(e) The Secretary may rely on a statement from the Secretary of the Interior as to the area of the lands referred to in subsections (a) and (b) of this section. The Secretary of the Interior is authorized and directed to provide such statement annually.

(f) The Federal share payable on account of any repair or reconstruction provided for by funds made available under section 125 of this title shall not exceed 50 per centum of the cost thereof.

(g) The Secretary is authorized to cooperate with the State highway departments and with the Department of the Interior in the construction of Federal-aid highways within Indian reservations and national parks and monuments under the jurisdiction of the Department of the Interior and to pay the amount assumed therefor from the funds apportioned in accordance with section 104 of this title to the State wherein the reservations and national parks and monuments are located.

(h) The Territory of Alaska shall contribute funds each fiscal year in an amount that shall be not less than 10 per centum of the Federal funds apportioned to it for such fiscal year, such contribution to be deposited in a special account in the Federal Treasury for use in conjunction with the Federal funds apportioned to the Territory. The Federal funds apportioned to the Territory of Alaska and the funds contributed by the Territory may be expended by the Secretary either directly or in cooperation with the Alaska Highway and Public Works Board and may be so expended separately or in combination and without regard to the matching provisions of this chapter.

§ 121. Payment to States for construction

(a) The Secretary may, in his discretion, from time to time as the work progresses, make payments to a State for costs of construction incurred by it on a project. These payments shall at no time exceed the Federal share of the costs of construction incurred to the date of the voucher covering such payment plus the Federal share of the value of the materials which have been stockpiled in the vicinity of such construction in conformity to plans and specifications for the project.

(b) After completion of a project in accordance with the plans and specifications, and approval of the final voucher by the Secretary, a State shall be entitled to payment out of the appropriate sums apportioned to it of the unpaid balance of the Federal share payable on account of such project.
(c) No payment shall be made under this chapter, except for a project located on a Federal-aid system and covered by a project agreement. No final payment shall be made to a State for its costs of construction of a project until the completion of the construction has been approved by the Secretary following inspections pursuant to section 114 (a) of this title.

(d) In making payments pursuant to this section, the Secretary shall be bound by the limitations with respect to the permissible amounts of such payments contained in sections 120 and 130 of this title. Payments for construction engineering on any one project shall not exceed the 10 per centum of the Federal share of the cost of construction of such project after excluding from the cost of construction the costs of rights-of-way, preliminary engineering, and construction engineering.

(e) Such payments shall be made to such official or officials or depository as may be designated by the State highway department and authorized under the laws of the State to receive public funds of the State.

§ 122. Payment to States for bond retirement

Any State that shall use the proceeds of bonds issued by the State, county, city, or other political subdivision of the State for the construction of one or more projects on the Federal-aid primary or Interstate System, or extensions of any of the Federal-aid highway systems in urban areas, may claim payment of any portion of the sums apportioned to it for expenditure on such system to aid in the retirement of the principal of such bonds at their maturities, to the extent that the proceeds of such bonds have been actually expended in the construction of one or more of such projects. Such claim for payment may be made only when all of the provisions of this title have been complied with to the same extent and with the same effect as though payment were to be made to the State under section 121 of this title, instead of this section, and the Federal share payable shall not exceed the pro rata basis of payment authorized in section 120 of this title. This section shall not be construed as a commitment or obligation on the part of the United States to provide funds for the payment of the principal of any such bonds.

§ 123. Relocation of utility facilities

(a) When a State shall pay for the cost of relocation of utility facilities necessitated by the construction of a project on the Federal-aid primary or secondary systems or on the Interstate System, including extensions thereof within urban areas, Federal funds may be used to reimburse the State for such cost in the same proportion as Federal funds are expended on the project. Federal funds shall not be used to reimburse the State under this section when the payment to the utility violates the law of the State or violates a legal contract between the utility and the State. Such reimbursement shall be made only after evidence satisfactory to the Secretary shall have been presented to him substantiating the fact that the State has paid such cost from its own funds with respect to Federal-aid highway projects for which Federal funds are obligated subsequent to April 16, 1958, for work, including relocation of utility facilities.

(b) The term "utility", for the purposes of this section, shall include publicly, privately, and cooperatively owned utilities.

(c) The term "cost of relocation", for the purposes of this section, shall include the entire amount paid by such utility properly attributable to such relocation after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility.
§ 124. Advances to States

If the Secretary shall determine that it is necessary for the expeditious completion of projects on any of the Federal-aid systems, including the Interstate System, he may advance to any State out of any existing appropriations the Federal share of the cost of construction thereof to enable the State highway department to make prompt payments for acquisition of rights-of-way, and for the construction as it progresses. The sums so advanced shall be deposited in a special revolving trust fund, by the State official authorized under the laws of the State to receive Federal-aid highway funds, to be disbursed solely upon vouchers approved by the State highway department for rights-of-way which have been or are being acquired, and for construction which has been actually performed and approved by the Secretary pursuant to this chapter. Upon determination by the Secretary that any part of the funds advanced to any State under the provisions of this section are no longer required, the amount of the advance, which is determined to be in excess of current requirements of the State, shall be repaid upon his demand, and such repayments shall be returned to the credit of the appropriation from which the funds were advanced. Any sum advanced and not repaid on demand shall be deducted from sums due the State for the Federal pro rata share of the cost of construction of Federal-aid projects.

§ 125. Emergency relief

An emergency fund is authorized for expenditure by the Secretary in accordance with the provisions of this section. The Secretary may expend funds therefrom, after receipt of an application therefor from a State highway department, for the repair or reconstruction of highways and bridges on the Federal-aid highway systems, including the Interstate System, in accordance with the provisions of this chapter which he shall find have suffered serious damage as the result of disaster over a wide area, such as by floods, hurricanes, tidal waves, earthquakes, severe storms, landslides, or other catastrophes in any part of the United States. The appropriations of such moneys, not to exceed $30,000,000, as may be necessary for the initial establishment of this fund and for its replenishment on an annual basis is authorized. Pending such appropriation or replenishment, the Secretary may expend from existing Federal-aid highway appropriations, such sums as may be necessary for the immediate prosecution of the work herein authorized, such existing appropriations to be reimbursed from the appropriation hereinabove authorized when made. No funds shall be expended under the provisions of this section with respect to any such catastrophe in any State unless an emergency has been declared by the Governor of such State and concurred in by the Secretary.

§ 126. Diversion

(a) Since it is unfair and unjust to tax motor-vehicle transportation unless the proceeds of such taxation are applied to the construction, improvement, or maintenance of highways, after June 30, 1935, Federal aid for highway construction shall be extended only to those States that use at least the amounts provided by law on June 18, 1934, for such purposes in each State from State motor vehicle registration fees, licenses, gasoline taxes, and other special taxes on motor-vehicle owners and operators of all kinds for the construction, improvement, and maintenance of highways and administrative expenses in connection therewith, including the retirement of bonds for the payment of which such revenues have been pledged, and for no other purposes, under such regulations as the Secretary of Commerce shall promulgate from time to time.
(b) In no case shall the provisions of this section operate to deprive any State of more than one-third of the entire apportionment authorized under this chapter to which that State would be entitled in any fiscal year. The amount of any reduction in a State's apportionment shall be reapportioned in the same manner as any other unexpended balance at the end of the period during which it otherwise would be available in accordance with section 104 (b) of this title.

§ 127. Vehicle weight and width limitations—Interstate System

No funds authorized to be appropriated for any fiscal year under section 108 (b) of the Federal-Aid Highway Act of 1956 shall be apportioned to any State within the boundaries of which the Interstate System may lawfully be used by vehicles with weight in excess of eighteen thousand pounds carried on any one axle, or with a tandem-axle weight in excess of thirty-two thousand pounds, or with an overall gross weight in excess of seventy-three thousand two hundred and eighty pounds, or with a width in excess of ninety-six inches, or the corresponding maximum weights or maximum widths permitted for vehicles using the public highways of such State under laws or regulations established by appropriate State authority in effect on July 1, 1956, whichever is the greater. Any amount which is withheld from apportionment to any State pursuant to the foregoing provisions shall lapse. This section shall not be construed to deny apportionment to any State allowing the operation within such State of any vehicles or combinations thereof that could be lawfully operated within such State on July 1, 1956.

§ 128. Public hearings

(a) Any State highway department which submits plans for a Federal-aid highway project involving the bypassing of, or going through, any city, town, or village, either incorporated or unincorporated, shall certify to the Secretary that it has had public hearings, or has afforded the opportunity for such hearings, and has considered the economic effects of such a location. Any State highway department which submits plans for an Interstate System project shall certify to the Secretary that it has had public hearings at a convenient location, or has afforded the opportunity for such hearings, for the purpose of enabling persons in rural areas through or contiguous to whose property the highway will pass to express any objections they may have to the proposed location of such highway.

(b) When hearings have been held under subsection (a), the State highway department shall submit a copy of the transcript of said hearings to the Secretary, together with the certification.

§ 129. Toll roads, bridges and tunnels

(a) Notwithstanding the provisions of section 301 of this title, the Secretary may permit Federal participation, on the same basis and in the same manner as in the construction of free highways under this chapter, in the construction of any toll bridge, toll tunnel, or approach thereto, upon compliance with the conditions contained in this section. Such bridge, tunnel, or approach thereto, must be publicly owned and operated. Federal funds may participate in the approaches to a toll bridge or toll tunnel whether such bridge or tunnel is to be or has been constructed, or acquired, by the State or other public authority. The State highway department or departments must be a party or parties to an agreement with the Secretary whereby it or they undertake performance of the following obligations:

(1) all tolls received from the operation of the bridge or tunnel, less the actual cost of such operation and maintenance, shall be
applied to the repayment to the State or other public authority of all of the costs of construction or acquisition of such bridge or tunnel, except that part which was contributed by the United States;

(2) no tolls shall be charged for the use of such bridge or tunnel after the State or other public authority shall have been so repaid; and

(3) after the date of final repayment, the bridge or tunnel shall be maintained and operated as a free bridge or free tunnel.

(b) Upon a finding by the Secretary that such action will promote the development of an integrated Interstate System, the Secretary is authorized to approve as part of the Interstate System any toll road, bridge or tunnel, now or hereafter constructed which meets the standards adopted for the improvement of projects located on the Interstate System, when such toll road, bridge or tunnel is located on a route heretofore or hereafter designated as a part of the Interstate System. No Federal-aid highway funds shall be expended for the construction, reconstruction or improvement of any such toll road, except to the extent permitted by law after June 29, 1956. No Federal-aid highway funds shall be expended for the construction, reconstruction or improvement of any such toll bridge or tunnel, except to the extent permitted by law on or after June 29, 1956.

(c) Funds authorized under prior Acts for expenditure on any of the Federal-aid highway systems, including the Interstate System, shall be available for expenditure on projects approaching any toll road, bridge or tunnel to a point where such project will have some use irrespective of its use for such toll road, bridge or tunnel.

(d) Funds authorized for the Interstate System shall be available for expenditure on Interstate System projects approaching any toll road on the Interstate System, although the project has no use other than an approach to such toll road, if an agreement satisfactory to the Secretary has been reached with the State prior to the approval of such project—

(1) that the section of toll road will become free to the public upon the collection of tolls sufficient to liquidate the cost of the toll road or any bonds outstanding at the time constituting a valid lien against such section of toll road covered in the agreement and their maintenance and operation and debt service during the period of toll collections, and

(2) that there is one or more reasonably satisfactory alternate free routes available to traffic by which the toll section of the system may be bypassed.

§ 130. Railway-highway crossings

(a) Except as provided in subsection (d) of section 120 of this title and subsection (b) of this section, the entire cost of construction of projects for the elimination of hazards of railway-highway crossings, including the separation or protection of grades at crossings, the reconstruction of existing railroad grade crossing structures, and the relocation of highways to eliminate grade crossings, may be paid from sums apportioned in accordance with section 104 of this title. In any case when the elimination of the hazards of a railway-highway crossing can be effected by the relocation of a portion of a railway at a cost estimated by the Secretary to be less than the cost of such elimination by one of the methods mentioned in the first sentence of this section, then the entire cost of such relocation project, except as provided in subsection (d) of section 120 of this title and subsection (b) of this section, may be paid from sums apportioned in accordance with section 104 of this title.
(b) The Secretary may classify the various types of projects involved in the elimination of hazards of railway-highway crossings, and may set for each such classification a percentage of the costs of construction which shall be deemed to represent the net benefit to the railroad or railroads for the purpose of determining the railroad’s share of the cost of construction. The percentage so determined shall in no case exceed 10 per centum. The Secretary shall determine the appropriate classification of each project.

(c) Any railroad involved in a project for the elimination of hazards of railway-highway crossings paid for in whole or in part from sums made available for expenditure under this title, or prior Acts, shall be liable to the United States for the net benefit to the railroad determined under the classification of such project made pursuant to subsection (b) of this section. Such liability to the United States may be discharged by direct payment to the State highway department of the State in which the project is located, in which case such payment shall be credited to the cost of the project. Such payment may consist in whole or in part of materials and labor furnished by the railroad in connection with the construction of such project. If any such railroad fails to discharge such liability within a six-month period after completion of the project, it shall be liable to the United States for its share of the cost, and the Secretary shall request the Attorney General to institute proceedings against such railroad for the recovery of the amount for which it is liable under this subsection. The Attorney General is authorized to bring such proceedings on behalf of the United States, in the appropriate district court of the United States, and the United States shall be entitled in such proceedings to recover such sums as it is considered and adjudged by the court that such railroad is liable for in the premises. Any amounts recovered by the United States under this subsection shall be credited to miscellaneous receipts.

§ 131. Areas adjacent to the Interstate System

(a) To promote the safety, convenience, and enjoyment of public travel and the free flow of interstate commerce and to protect the public investment in the National System of Interstate and Defense Highways, it is declared to be in the public interest to encourage and assist the States to control the use of and to improve areas adjacent to the Interstate System by controlling the erection and maintenance of outdoor advertising signs, displays, and devices adjacent to that system. It is declared to be a national policy that the erection and maintenance of outdoor advertising signs, displays, or devices within six hundred and sixty feet of the edge of the right-of-way and visible from the main-traveled way of all portions of the Interstate System constructed upon any part of right-of-way, the entire width of which is acquired subsequent to July 1, 1956, should be regulated, consistent with national standards to be prepared and promulgated by the Secretary, which shall include only the following four types of signs, and no signs advertising illegal activities:

1. Directional or other official signs or notices that are required or authorized by law.
2. Signs advertising the sale or lease of the property upon which they are located.
3. Signs erected or maintained pursuant to authorization or permitted under State law, and not inconsistent with the national policy and standards of this section, advertising activities being conducted at a location within twelve miles of the point at which such signs are located.
4. Signs erected or maintained pursuant to authorization in State law and not inconsistent with the national policy and stand-
ards of this section, and designed to give information in the specific interest of the traveling public.

(b) The Secretary of Commerce is authorized to enter into agreements with State highway departments (including such supplementary agreements as may be necessary) to carry out the national policy set forth in subsection (a) of this section with respect to the Interstate System within the State. Any such agreement shall include provisions for regulation and control of the erection and maintenance of advertising signs, displays, and other advertising devices in conformity with the standards established in accordance with subsection (a) of this section and may include, among other things, provisions for preservation of natural beauty, prevention of erosion, landscaping, reforestation, development of viewpoints for scenic attractions that are accessible to the public without charge, and the erection of markers, signs, or plaques, and development of areas in appreciation of sites of historical significance. Upon application of the State, any such agreement may, within the discretion of the Secretary of Commerce, consistent with the national policy, provide for excluding from application of the national standards segments of the Interstate System which traverse incorporated municipalities wherein the use of real property adjacent to the Interstate System is subject to municipal regulation or control, or which traverse other areas where the land use is clearly established by State law as industrial or commercial, and any such segment excluded from the application of such standards shall not be considered in computing the increase of the Federal share payable on account thereof.

(c) Notwithstanding the provisions of section 109 of this title, if an agreement pursuant to this section has been entered into with any State prior to July 1, 1961, the Federal share payable on account of any project on the Interstate System within that State provided for by funds authorized under the provisions of section 108 (b) of the Federal-Aid Highway Act of 1956, as amended by section 8 of the Federal-Aid Highway Act of 1958, to which the national policy and the agreement apply, shall be increased by one-half of one per centum of the total cost thereof, not including any additional cost that may be incurred in the carrying out of the agreement. The increase in the Federal share which is payable hereunder shall be paid only from appropriations from moneys in the Treasury not otherwise appropriated, which such appropriations are hereby authorized.

(d) Whenever any portion of the Interstate System is located upon or adjacent to any public lands or reservations of the United States, the Secretary of Commerce may make such arrangements and enter into such agreements with the agency having jurisdiction over such lands or reservations as may be necessary to carry out the national policy set forth in subsection (a) of this section, and any such agency is authorized and directed to cooperate fully with the Secretary of Commerce in this connection.

(e) Whenever a State shall acquire by purchase or condemnation the right to advertise or regulate advertising in an area adjacent to the right-of-way of a project on the Interstate System for the purpose of implementing this section, the cost of such acquisition shall be considered as a part of the cost of construction of such project and Federal funds may be used to pay the Federal pro rata share of such cost. Reimbursement to the State shall be made only with respect to that portion of such cost which does not exceed 5 per centum of the cost of the right-of-way for such project.
CHAPTER 2—OTHER HIGHWAYS

§ 201. Authorizations

The provisions of this title shall apply to all unappropriated authorizations contained in prior Acts, and also to all unexpended appropriations heretofore made, providing for the expenditure of Federal funds on the following classes of highways: Forest highways, forest development roads and trails, park roads and trails, parkways, Indian reservation roads, public lands highways, and defense access roads. All such authorizations and appropriations shall continue in full force and effect, but hereafter obligations entered into and expenditures made pursuant thereto shall be subject to the provisions of this title.

§ 202. Apportionment or allocation

(a) On or before January 1 next preceding the commencement of each fiscal year, the Secretary shall apportion the sums authorized to be appropriated for such fiscal year for forest highways in the several States, according to the area and value of the land owned by the United States within the national forests therein, which the Secretary of Agriculture is directed to determine and certify to the Secretary from such information, sources, and departments as the Secretary of Agriculture may deem most accurate.

(b) Sums authorized to be appropriated for forest development roads and trails shall be allocated by the Secretary of Agriculture according to the relative needs of the various national forests, taking into consideration the existing transportation facilities, value of timber or other resources served, relative fire danger, and comparative difficulties of road and trail construction.

(c) Sums authorized to be appropriated for public lands highways shall be allocated by the Secretary among those States having unappropriated or unreserved public lands, nontaxable Indian lands, or other Federal reservations, on the basis of need in such States, respectively, as determined by the Secretary upon application of the State highway departments of the respective States. Preference shall be given to those projects which are located on a Federal-aid system.

§ 203. Availability of funds

Funds now authorized for forest highways, forest development roads and trails, park roads and trails, parkways, Indian reservation roads, and public lands highways shall be available for contract upon apportionment, or a date not earlier than one year preceding the beginning of the fiscal year for which authorized if no apportionment is required. Any amount remaining unexpended for a period of two years after the close of the fiscal year for which authorized shall lapse. The Secretary of the Department charged with the administration of such funds is granted authority to incur obligations, approve projects, and enter into contracts under such authorizations and his action in doing so shall be deemed a contractual obligation of
the United States for the payment of the cost thereof and such funds shall be deemed to have been expended when so obligated. Any funds heretofore or hereafter authorized for any fiscal year for forest highways, forest development roads and trails, park roads and trails, parkways, Indian roads, and public lands highways shall be deemed to have been expended if a sum equal to the total of the sums authorized for such fiscal year and previous fiscal years since and including the fiscal year ending June 30, 1955, shall have been obligated. Any of such funds released by payment of final voucher or modification of project authorizations shall be credited to the balance of unobligated authorizations and be immediately available for expenditure.

§204. Forest highways

(a) Funds available for forest highways shall be used by the Secretary to pay for the cost of construction and maintenance thereof. In connection therewith, the Secretary may enter into construction contracts and such other contracts with a State, or civil subdivision thereof as he deems advisable.

(b) Cooperation of States, counties, or other local subdivisions, may be accepted but shall not be required by the Secretary.

(c) Construction estimated to cost $5,000 or more per mile, exclusive of bridges, shall be advertised and let to contract. If such estimated cost is less than $5,000 per mile or if, after proper advertising, no acceptable bid is received or the bids are deemed excessive, the work may be done by the Secretary on his own account. For such purpose, the Secretary may purchase, lease, hire, rent, or otherwise obtain all necessary supplies, materials, tools, equipment, and facilities required to perform the work, and may pay wages, salaries, and other expenses for help employed in connection with such work.

(d) All appropriations for forest highways shall be administered in conformity with regulations jointly approved by the Secretary and the Secretary of Agriculture.

(e) The Secretary shall transfer to the Secretary of Agriculture from appropriations for forest highways such amounts as may be needed to cover necessary administrative expenses of the Forest Service in connection with the forest-highway program.

(f) Funds available for forest highways shall be available for adjacent vehicular parking areas and for sanitary, water, and fire control facilities.

§205. Forest development roads and trails

(a) Funds available for forest development roads and trails shall be used by the Secretary of Agriculture to pay for the cost of construction and maintenance thereof, including roads and trails, on experimental areas under Forest Service administration. In connection therewith, the Secretary of Agriculture may enter into construction contracts with a State or civil subdivision thereof, and issue such regulations as he deems advisable.

(b) Cooperation of States, counties, or other local subdivisions may be accepted but shall not be required by the Secretary of Agriculture.

(c) Construction estimated to cost $10,000 or more per mile, exclusive of bridges, shall be advertised and let to contract. If such estimated cost is less than $10,000 per mile or if, after proper advertising, no acceptable bid is received or the bids are deemed excessive, the work may be done by the Secretary of Agriculture on his own account. For such purpose, the Secretary of Agriculture may purchase, lease, hire, rent, or otherwise obtain all necessary supplies, materials, tools, equipment, and facilities required to perform the work, and may pay wages, salaries, and other expenses for help employed in connection with such work.
(d) Funds available for forest development roads and trails shall be available for adjacent vehicular parking areas and for sanitary, water, and fire control facilities.

§ 206. Park roads and trails
(a) Funds available for park roads and trails shall be used to pay for the cost of construction and improvement thereof.
(b) Appropriations for the construction and improvement of park roads shall be administered in conformity with regulations jointly approved by the Secretary and the Secretary of the Interior.

§ 207. Parkways
(a) Funds available for parkways shall be used to pay for the cost of construction and improvement thereof.
(b) Appropriations for the construction of parkways shall be administered in conformity with regulations jointly approved by the Secretary and the Secretary of the Interior.
(c) The location of parkways upon public lands, national forests, or other Federal reservations, shall be determined by agreement between the department having jurisdiction over such lands and the Secretary of the Interior.

§ 208. Indian reservation roads
(a) Funds available for Indian reservation roads and bridges shall be used to pay for the cost of construction and improvement thereof.
(b) The Secretary shall approve the location, type, and design of all projects for Indian reservation roads and bridges before any expenditures are made thereon and all construction thereof shall be under the general supervision of the Secretary.
(c) Indian labor may be employed in such construction and improvement under such rules and regulations as may be prescribed by the Secretary of the Interior.

§ 209. Public lands highways
(a) Funds available for public lands highways shall be used by the Secretary to pay for the cost of construction and maintenance thereof.
(b) The Secretary is authorized to cooperate with the State highway departments and with the Secretary of the Department having jurisdiction over the particular lands, in the survey, construction, and maintenance of public lands highways.
(c) The provisions of section 112 of this title are applicable to public lands highways.

§ 210. Defense access roads
(a) The Secretary is authorized, out of the funds appropriated for defense access roads, to provide for the construction and maintenance of defense access roads (including bridges, tubes, and tunnels thereon) to military reservations, to defense industries and defense industry sites, and to the sources of raw materials when such roads are certified to the Secretary as important to the national defense by the Secretary of Defense or such other official as the President may designate, and for replacing existing highways and highway connections that are shut off from the general public use by necessary closures or restrictions at military reservations and defense industry sites.
(b) Funds appropriated for the purposes of this section shall be available, without regard to apportionment among the several States, for paying all or any part of the cost of the construction and maintenance of defense access roads.
(c) Not exceeding $5,000,000 of any funds appropriated under the Act approved October 16, 1951 (65 Stat. 422), may be used by the Secretary in areas certified to him by the Secretary of Defense as maneuver areas for such construction, maintenance, and repair work.
as may be necessary to keep the highways therein, which have been
or may be used for training of the Armed Forces, in suitable condi-
tion for such training purposes and for repairing the damage caused
to such highways by the operations of men and equipment in such
training.

(d) Whenever any project for the construction of a circumfer-
tential highway around a city or of a radial intracity route thereto
submitted by any State is certified by the Secretary of Defense, or
such other official as the President may designate, as being important
for civilian or military defense, such project may be constructed out of
the funds heretofore or hereafter authorized to be appropriated for
defense access roads.

(e) If the Secretary shall determine that the State highway depart-
ment of any State is unable to obtain possession and the right to enter
upon and use the required rights-of-way, lands, or interest in lands,
improved or unimproved, required for any project authorized by this
section with sufficient promptness, the Secretary is authorized to ac-
quire, enter upon, take possession thereof, and expend funds for proj-
ects thereon, prior to approval of title by the Attorney General, in
the name of the United States, such rights-of-way, lands, or interest
in lands as may be required in such State for such projects by pur-
case, donation, condemnation, or otherwise in accordance with the
laws of the United States (including the Act of February 26, 1931;
46 Stat. 1421). The cost incurred by the Secretary in acquiring any
such rights-of-way, lands, or interest in lands may include the cost
of examination and abstract of title, certificate of title, advertising,
and any fees incidental to such acquisition; and shall be payable out
of the funds available for paying the cost or the Federal share of the
cost of the project for which such rights-of-way, lands, or interests
in lands are acquired. The Secretary is further authorized and di-
rected by proper deed executed in the name of the United States to
convey any lands or interests in lands acquired in any State under the
provisions of prior Acts or of this section to the State highway depart-
ment of such State or to such political subdivision thereof as its laws
may provide, upon such terms and conditions as may be agreed upon
by the Secretary and the State highway department, or political
subdivisions to which the conveyance is to be made.

(f) The provisions of section 112 of this title are applicable to
defense access roads.

§ 211. Timber access road hearings

With respect to any proposed construction of a timber access road
from funds authorized for carrying out the provisions of sections 204,
205, and 210 of this title, advisory public hearings may be held at a
place of convenient or adjacent to the area of construction with notice
and reasonable opportunity for interested persons to present their
views as to the practicability and feasibility of such construction.

§ 212. Inter-American Highway

(a) Funds appropriated for the Inter-American Highway shall be
used to enable the United States to cooperate with the Governments
of the American Republics situated in Central America—that is, with
the Governments of the Republic of Costa Rica, El Salvador, Guate-
mala, Honduras, Nicaragua, and Panama—in the survey and con-
struction of the Inter-American Highway within the borders of the
aforesaid Republics, respectively. Not to exceed one-third of the
appropriation authorized for each fiscal year may be expended with-
out requiring the country or countries in which such funds may be
expended to match any part thereof, if the Secretary of State shall
find that the cost of constructing said highway in such country or
countries will be beyond their reasonable capacity to bear. The remainder of such authorized appropriations shall be available for expenditure only when matched to the extent required by this section by the country in which such expenditure may be made. Expenditures from the funds available on a matching basis shall not be made for the survey and construction of any portion of said highway within the borders of any country named herein unless such country shall provide and make available for expenditure in conjunction therewith a sum equal to at least one-third of the expenditures that may be incurred by that Government and the United States on such portion of the highway. All expenditures by the United States under the provisions of this section for material, equipment, and supplies shall, whenever practicable, be made for products of the United States or of the country in which such survey or construction work is being carried on. Construction work to be performed under contract shall be advertised for a reasonable period by the Minister of Public Works, or other similar official, of the government concerned in each of the participating countries and contracts shall be awarded pursuant to such advertisements with the approval of the Secretary. No part of the appropriations authorized shall be available for obligation or expenditure for work on said highway in any cooperating country unless the government of said country shall have assented to the provisions of this section; shall have furnished satisfactory assurances that it has an organization adequately qualified to administer the functions required of such country under the provisions hereof; and then only as such country may submit requests, from time to time, for the construction of any portion of the highway to standards adequate to meet present and future traffic needs. No part of said appropriations shall be available for obligation or expenditure in any such country until the government of that country shall have entered into an agreement with the United States which shall provide, in part, that said country—

1. will provide, without participation of funds authorized, all necessary rights-of-way for the construction of said highway, which rights-of-way shall be of a minimum width where practicable of one hundred meters in rural areas and fifty meters in municipalities and shall forever be held inviolate as a part of the highway for public use;

2. will not impose any highway toll, or permit any such toll to be charged, for use by vehicles or persons of any portion of said highway constructed under the provisions of this section;

3. will not levy or assess, directly or indirectly, any fee, tax, or other charge for the use of said highway by vehicles or persons from the United States that does not apply equally to vehicles or persons of such country;

4. will continue to grant reciprocal recognition of vehicle registration and drivers' licenses in accordance with the provisions of the Convention for the Regulation of Inter-American Automotive Traffic, which was opened for signature at the Pan American Union in Washington on December 15, 1943, and to which such country and the United States are parties, or of any other treaty or international convention establishing similar reciprocal recognition; and

5. will provide for the maintenance of said highway after its completion in condition adequately to serve the needs of present and future traffic.

(b) The survey and construction work authorized by this section shall be under the administration of the Secretary, who shall consult with the appropriate officials of the Department of State with respect
to matters involving the foreign relations of this Government, and such negotiations with the Governments of the American Republics named in subsection (a) of this section as may be required to carry out the purposes of this section shall be conducted through, or as authorized by, the Department of State.

(c) The provisions of this section shall not create nor authorize the creation of any obligations on the part of the Government of the United States with respect to any expenditures for highway construction or survey hereafter undertaken in any of the countries enumerated in subsection (a) of this section, other than the expenditures authorized by the provisions of this section.

(d) Appropriations made pursuant to any authorizations hereafter enacted for the Inter-American Highway shall be considered available for expenditure by the Secretary for necessary administrative and engineering expenses in connection with the Inter-American Highway program.

§ 213. Rama Road

(a) Recognizing the mutual benefits that will accrue to the Republic of Nicaragua and to the United States from the completion of the road from San Benito to Rama in said Republic of Nicaragua, the construction of which road was begun and partially completed pursuant to an agreement between said Republic and the United States, the Secretary is authorized out of the funds appropriated for such purposes to provide for the construction of such road. Appropriations made for such purposes shall remain available until expended. No expenditure shall be made hereunder for the construction of said road until a request therefor shall have been received by the Secretary of State from the Government of the Republic of Nicaragua nor until an agreement shall have been entered into by said Republic with the Secretary of State which shall provide, in part, that said Republic—

1. will provide, without participation of funds authorized under this title, or under prior Acts, all necessary right-of-way for the construction of said highway, which right-of-way shall be of a minimum width, where practicable, of one hundred meters in rural areas and fifty meters in municipalities and shall forever be held inviolate as a part of the highway for public use;

2. will not impose any highway toll, or permit any such toll to be charged for the use of said highway by vehicles or persons;

ance with subsection (a) of section 104 of this title shall be available
annually for the purpose of this section.

§ 310. Civil defense

Except as provided in sections 204 (d), 205 (a), 206 (b), 207 (b), and 208 (c) of this title, the Secretary is authorized to prescribe and promulgate all needful rules and regulations for the carrying out of the provisions of this title. The Secretary may make such recommendations to the Congress and State highway departments as he deems necessary for preserving and protecting the highways and insuring the safety of traffic thereon.

§ 316. Consent by United States to conveyance of property

For the purposes of this title the consent of the United States is given to any railroad or canal company to convey to the State highway department of any State, or its nominee, any part of its right-of-way or other property in that State acquired by grant from the United States.
§ 317. Appropriation for highway purposes of lands or interests in lands owned by the United States

(a) If the Secretary determines that any part of the lands or interests in lands owned by the United States is reasonably necessary for the right-of-way of any highway, or as a source of materials for the construction or maintenance of any such highway adjacent to such lands or interests in lands, the Secretary shall file with the Secretary of the Department supervising the administration of such lands or interests in lands a map showing the portion of such lands or interests in lands which it is desired to appropriate.

(b) If within a period of four months after such filing, the Secretary of such Department shall not have certified to the Secretary that the proposed appropriation of such land or material is contrary to the public interest or inconsistent with the purposes for which such land or materials have been reserved, or shall have agreed to the appropriation and transfer under conditions which he deems necessary for the adequate protection and utilization of the reserve, then such land and materials may be appropriated and transferred to the State highway department, or its nominee, for such purposes and subject to the conditions so specified.

(c) If at any time the need for any such lands or materials for such purposes shall no longer exist, notice of the fact shall be given by the State highway department to the Secretary and such lands or materials shall immediately revert to the control of the Secretary of the Department from which they had been appropriated.

(d) The provisions of this section shall apply only to projects constructed on a Federal-aid system or under the provisions of chapter 2 of this title.

§ 318. Highway relocation due to airport

Federal highway funds shall not be used for the reconstruction or relocation of any highway giving access to an airport constructed or extended after December 20, 1944, or for the reconstruction or relocation of any highway which has been or may be closed or the usefulness of which has been or may be impaired by the location or construction of any airport constructed or extended after December 20, 1944, unless, prior to such construction or extension, as the case may be, the State highway department and the Secretary have concurred with the officials in charge of the airport that the location of such airport or extension thereof and the consequent reconstruction or relocation of the highway are in the public interest.

§ 319. Landscaping

The construction of highways by the States with funds apportioned in accordance with section 104 of this title may include such roadside and landscape development, including such sanitary and other facilities as may be deemed reasonably necessary to provide for the suitable accommodation of the public, all within the highway right-of-way and adjacent publicly owned or controlled rest and recreational areas of limited size and with provision for convenient and safe access thereto by pedestrian and vehicular traffic, as may be approved by the Secretary. Such construction likewise may include the purchase of such adjacent strips of land of limited width and primary importance for the preservation of the natural beauty through which highways are constructed, as may be approved by the Secretary. Not to exceed 3 per centum of such sums, apportioned to a State in any fiscal year in accordance with section 104 of this title may be used by it for the purchase of such adjacent strips of land without being matched by such State.
§ 320. Bridges on Federal dams

(a) Each executive department, independent establishment, office, board, bureau, commission, authority, administration, corporation wholly owned or controlled by the United States, or other agency of the Government of the United States, hereinafter collectively and individually referred to as "agency", which on or after July 29, 1946, has jurisdiction over and custody of any dam constructed or to be constructed and owned by or for the United States, is authorized, with any funds available to it, to design and construct any such dam in such manner that it will constitute and serve as a suitable and adequate foundation to support a public highway bridge upon and across such dam, and to design and construct upon the foundation thus provided a public highway bridge upon and across such dam. The highway department of the State in which such dam shall be located, jointly with the Secretary, shall first determine and certify to such agency that such bridge is economically desirable and needed as a link in the State or Federal-aid highway systems, and shall request such agency to design and construct such dam so that it will serve as a suitable and adequate foundation for a public highway bridge and to design and construct such public highway bridge upon and across such dam, and shall agree to reimburse such agency pursuant to subsection (d) of this section for any additional costs which it may be required to incur because of the design and construction of such dam so that it will serve as a foundation for a public highway bridge and for expenditures which it may find it necessary to make in designing and constructing such public highway bridge upon and across such dam. In no case shall the design and construction of a bridge upon and across such dam be undertaken hereunder except by the agency having jurisdiction over and custody of the dam, acting directly or through contractors employed by it, and after such agency shall determine that it will be structurally feasible and will not interfere with the proper functioning and operation of the dam.

(b) Construction of any bridge upon and across any dam pursuant to this section shall not be commenced unless and until the State in such State, shall enter into an agreement with such agency and with which such bridge is to be located, or the appropriate subdivision of the Secretary to construct, or cause to be constructed, with or without the aid of Federal funds, the approach roads necessary to connect such bridge with existing public highways and to maintain, or cause to be maintained, such approach roads from and after their completion. Such agreement may also provide for the design and construction of such bridge upon and across the dam by such agency of the United States and for reimbursing such agency the costs incurred by it in the design and construction of the bridge as provided in subsection (d) of this section. Any such agency is hereby authorized to convey to the State, or to the appropriate subdivision thereof, without costs, such easements and rights-of-way in its custody or over lands of the United States in its custody and control as may be necessary, convenient, or proper for the location, construction, and maintenance of the approach roads referred to in this section including such roadside parks or recreational areas of limited size as may be deemed necessary for the accommodation of the traveling public. Any bridge constructed pursuant to this section upon and across a dam in the custody and jurisdiction of any agency of the United States, including such portion thereof, if any, as may extend beyond the physical limits of the dam, shall constitute and remain a part of said dam and be maintained by the agency. Any such agency may enter into any such contracts and agreements with the State or its subdivisions respecting public use of any bridge so located and constructed as may be deemed appropriate,
but no such bridge shall be closed to public use by the agency except in cases of emergency or when deemed necessary in the interest of national security.

(c) All costs and expenses incurred and expenditures made by any agency in the exercise of the powers and authority conferred by this section (but not including any costs, expenses, or expenditures which would have been required in any event to satisfy a legal road or bridge relocation obligation or to meet operating or other agency needs) shall be recorded and kept separate and apart from the other costs, expenses, and expenditures of such agency, and no portion thereof shall be charged or allocated to flood control, navigation, irrigation, fertilizer production, the national defense, the development of power, or other program, purpose, or function of such agency.

(d) Not to exceed $10,000,000 of any money heretofore or hereafter appropriated for expenditure in accordance with the provisions of this title or prior Acts shall be available for expenditure by the Secretary in accordance with the provisions of this section, as an emergency fund, to reimburse any agency for any additional costs or expenditures which it may be required to incur because of the design and construction of any such dam so that it will constitute and serve as a foundation for a public highway bridge upon and across such dam and to reimburse any such agency for any costs, expenses, or expenditures which it may be required to make in designing and constructing any such bridge upon and across a dam in accordance with the provisions of this section, except such costs, expenses, or expenditures as would have been required of such agency in any event to satisfy a legal obligation to relocate a highway or bridge or to meet operating or other agency needs, and there is authorized to be appropriated any sum or sums necessary to reimburse the funds so expended by the Secretary from time to time under the authority of this section. Of each bridge constructed upon and across a dam under the provisions of this section, there may be financed wholly with Federal funds that portion thereof which is located within the physical limits of the masonry structure, or structures, of the dam, and the Secretary shall in his sole discretion determine what additional portion of the bridge, if any, may be so financed, such determination to be final and conclusive. The remainder of the bridge, and any necessary related approach roads, shall be financed by the State or its appropriate subdivision with or without the aid of Federal funds; but said portion of the bridge so financed by the State or its subdivisions, including such portion thereof, if any, as may extend beyond the physical limits of the dam, shall nevertheless be designed and constructed solely by the agency having custody and jurisdiction of the dam as provided in subsection (a) of this section.

(e) In making, reviewing, or approving the design of any bridge or approach structure to be constructed under this section, the agency shall, in matters relating to roadway design, loadings, clearances and widths, and traffic safeguards, give full consideration to and be guided by the standards and advice of the Secretary.

(f) The authority conferred by this section shall be in addition to and not in limitation of authority conferred upon any agency by any other law, and nothing in this section contained shall affect or be deemed to relate to any bridge, approach structure, or highway constructed or to be constructed by any such agency in furtherance of its lawful purposes and requirements or to satisfy a legal obligation incurred independently of this section.

To amend sections 2275 and 2276 of the Revised Statutes with respect to certain lands granted to States and Territories for public purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2275 of the Revised Statutes, as amended (43 U. S. C. 851), is amended to read as follows:

"Sec. 2275. Where settlements with a view to preemption or homestead have been, or shall hereafter be made, before the survey of the lands in the field, which are found to have been made on sections sixteen or thirty-six, those sections shall be subject to the claims of such settlers; and if such sections or either of them have been or shall be granted, reserved, or pledged for the use of schools or colleges in the State or Territory in which they lie, other lands of equal acreage are hereby appropriated and granted, and may be selected, in accordance with the provisions of section 2276 of the Revised Statutes, by said State or Territory, in lieu of such as may be thus taken by preemption or homestead settlers. And other lands of equal acreage are also hereby appropriated and granted and may be selected, in accordance with the provisions of section 2276 of the Revised Statutes, by said State or Territory where sections sixteen or thirty-six are, prior to survey, included within any Indian, military, or other reservation, or are, prior to survey, otherwise disposed of by the United States: Provided, That the selection of any lands under this section in lieu of sections granted or reserved to a State or Territory shall be a waiver by the State or Territory of its right to the granted or reserved sections. And it shall be the duty of the Secretary of the Interior, without awaiting the extension of the public surveys, to ascertain and determine, by protraction or otherwise, the number of townships that will be included within such Indian, military, or other reservations, and thereupon the State or Territory shall be entitled to select indemnity lands to the extent of section for section in lieu of sections therein which have been or shall be granted, reserved, or pledged; but such selections may not be made within the boundaries of said reservation: Provided, however, That nothing herein contained shall prevent any State or Territory from awaiting the extinguishment of any such military, Indian, or other reservation and the restoration of the lands therein embraced to the public domain and then taking the sections sixteen and thirty-six in place therein."

Sec. 2. Section 2276 of the Revised Statutes (43 U. S. C., sec. 852) is amended to read as follows:

"Sec. 2276. (a) The lands appropriated by section 2275 of the Revised Statutes, shall be selected from any unappropriated, surveyed public lands within the State or Territory where such losses or deficiencies occur subject to the following restrictions:

"(1) No lands mineral in character may be selected by a State or Territory except to the extent that the selection is being made as indemnity for mineral lands lost to the State or Territory because of appropriation prior to survey;"
“(2) No lands on a known geologic structure of a producing oil or gas field may be selected except to the extent that the selection is being made as indemnity for lands on such a structure lost to the State or Territory because of appropriation prior to survey; and

“(3) Lands subject to a mineral lease or permit may be selected, but only if all of the lands subject to that lease or permit are selected and if none of the lands subject to that lease or permit are in a producing or producible status; where lands subject to a mineral lease or permit are selected, the State or Territory shall succeed to the position of the United States thereunder.

“(b) Where the selections are to compensate for deficiencies of school lands in fractional townships, such selections shall be made in accordance with the following principles of adjustment, to wit: For each township, or fractional township, containing a greater quantity of land than three-quarters of an entire township, one section; for a fractional township, containing a greater quantity of land than one-half, and not more than three-quarters of a township, three-quarters of a section; for a fractional township, containing a greater quantity of land than one-quarter, and not more than one-half of a township, one-half section; and for a fractional township containing a greater quantity of land than one entire section, and not more than one-quarter of a township, one-quarter section of land: Provided, That the States or Territories which are, or shall be entitled to both the sixteenth and thirty-sixth sections in place, shall have the right to select double the amounts named, to compensate for deficiencies of school land in fractional townships.

“(c) Notwithstanding the provisions of the Act of September 27, 1944 (58 Stat. 748), as amended (43 U.S.C., sec. 282) on the revocation not later than 10 years after the date of approval of this Act, of any order of withdrawal, in whole or in part, the order or notice taking such action shall provide for a period of not less than six months before the date on which it otherwise becomes effective in which the State or Territory in which the lands are situated shall have a preferred right of application for selection under this section, subject to the requirements of existing law, except as against the prior existing valid settlement rights and preference rights conferred by existing law other than the said Act of September 27, 1944, or as against equitable claims subject to allowance and confirmation, and except where a revocation of an order of withdrawal is made in order to assist in a Federal land program.

“(d)(1) The term ‘unappropriated public lands’ as used in this section shall include, without otherwise affecting the meaning thereof, lands withdrawn for coal, phosphate, nitrate, potash, oil, gas, asphaltic minerals, oil shale, sodium, and sulfur, but otherwise subject to appropriation, location, selection, entry, or purchase under the non-mineral laws of the United States; and lands withdrawn by Executive Order Numbered 5327, of April 15, 1930, if otherwise available for selection.

“(2) The determination, for the purposes of this section of the mineral character of lands lost to a State or Territory shall be made as of the date of application for selection and upon the basis of the best evidence available at that time.”

Sec. 3. Section 1 of the Act of March 4, 1915, as amended (48 U.S.C., sec. 333), is further amended by the deletion of the first proviso and the substitution of the following in its place: “Provided, That where settlement with a view to homestead entry has been made upon any part of the sections reserved before the survey thereof in the field, or where the same may have been sold or otherwise appropriated by or under the authority of any Act of Congress or included
within any Indian, military, or other reservation or are wanting or fractional in quantity, other lands, nonmineral in character, may be designated and reserved in lieu thereof in the manner provided by sections 2275 and 2276 of the Revised Statutes: Provided further, That the Territory may select mineral lands (including lands on the known geologic structure of a producing oil or gas field and lands subject to a mineral lease or permit) to be reserved for it to the same extent as a State may select such lands to be granted to it under subsection (a) of section 2276 of the Revised Statutes (43 U.S.C., sec. 852)."

JOINT RESOLUTION
Providing for a joint session of Congress for commemorating the one hundred and fiftieth anniversary of the birth of Abraham Lincoln.

Whereas Thursday, February 12, 1959, will mark the one hundred and fiftieth anniversary of the birth of Abraham Lincoln, sixteenth President of the United States; and

Whereas Mr. Lincoln is our best example of that personal fulfillment which American institutions permit and encourage; and

Whereas his memory endures in the hearts and minds and strivings of his own people in every generation; and

Whereas his actions, words, and deeds and their meaning bring hope, fortitude, and renewed conviction to the freedom loving people who are in mental and physical agony all over the world; and

Whereas he declared: "I wish all men to be free."; and

Whereas a century ago he said: "Our reliance is in the love of liberty which God has planted in our bosoms. Our defense is in the preservation of the spirit which prizes liberty as the heritage of all men, in all lands, everywhere."; and

Whereas he wrote: "As I would not be a slave, so I would not be a master. This expresses my idea of democracy. Whatever differs from this, to the extent of the differences, is no democracy."; and

Whereas he once admonished us: "The dogmas of the quiet past are inadequate to the stormy present. The occasion is piled high with difficulty, and we must rise with the occasion. As our case is new, so we must think anew, and act anew."; and

Whereas he calls upon us: "Let every American, every lover of liberty, every well wisher to his posterity, swear by the blood of the Revolution, never to violate in the least particular, the laws of the country; and never to tolerate their violation by others. As the patriots of seventy-six did to the support of the Declaration of Independence, so to the support of the Constitution and laws, let every American pledge his life, his property, and his sacred honor; let every man remember that to violate the law, is to trample on the blood of his father, and to tear the charter of his own and his children's liberty. Let reverence for the laws, be breathed by every American mother, to the lisping babe, that prattles on her lap; let it be taught in schools, in seminaries, and in colleges; let it be written in primers, spelling books, and in almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And, in short, let it become the political religion of the Nation; and let reverence for the laws, be breathed by every American mother, to the lisping babe, that prattles on her lap; let it be taught in schools, in seminaries, and in colleges; let it be written in primers, spelling books, and in almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And, in short, let it become the political religion of the Nation; and let the old and the young, the rich and the poor, the grave and the gay, of all sexes and tongues, and colors and conditions, sacrifice unceasingly upon its altars."; and

Whereas "it is for us the living...to be dedicated here" to the principles of those who, like Mr. Lincoln, "gave the last full measure of devotion"; and

Whereas he was himself once a member of this honorable body; and

Whereas on Monday, February 12, 1866, in the presence of the President of the United States, the members of his Cabinet, the Chief Justice and Associate Justices of the Supreme Court, the diplomatic corps, officers of the Army and Navy, assistant heads of departments, the governors of States and Territories, and others in authority, the two Houses of Congress convened in joint session to hear "an address upon the life and character of Abraham Lincoln, late President of the United States," pronounced by an eminent historian, the Honorable George Bancroft: Now, therefore, be it
Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That on Thursday, February 12 next, the sesquicentennial of the birth of Abraham Lincoln shall be commemorated by a joint session of the Congress, and to that end the President of the Senate will appoint four Members of the Senate and the Speaker of the House will appoint four Members of the House of Representatives jointly to constitute a Committee on Arrangements.

The Committee on Arrangements shall plan the proceedings, issue appropriate invitations and select a distinguished Lincoln scholar to deliver the memorial address; and be it further

Resolved, That the President of the United States, the Vice President of the United States, Secretaries of departments, heads of independent agencies, offices and commissions, the Chief Justice and Associate Justices of the Supreme Court, the diplomatic corps, assistant heads of departments, and the members of the Lincoln Sesquicentennial Commission be invited to join in this commemoration.

To authorize the abbreviation of the record on the review or enforcement of orders of administrative agencies by the courts of appeals and the review or enforcement of such orders on the original papers and to make uniform the law relating to the record on review or enforcement of such orders, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the analysis of chapter 133 of title 28 of the United States Code, immediately preceding section 2101 of such title, is amended by inserting at the end thereof the following additional item:

"2112. Record on review and enforcement of agency orders."

"Sec. 2. Chapter 133 of title 28 of the United States Code is amended by inserting at the end of such chapter immediately following section 2111 an additional section, as follows:

"§ 2112. Record on review and enforcement of agency orders

(a) The several courts of appeals shall have power to adopt, with the approval of the Judicial Conference of the United States, rules, which so far as practicable shall be uniform in all such courts prescribing the time and manner of filing and the contents of the record in all proceedings instituted in the courts of appeals to enjoin, set aside, suspend, modify, or otherwise review or enforce orders of administrative agencies, boards, commissions, and officers, to the extent that the applicable statute does not specifically prescribe such time or manner of filing or contents of the record. Such rules may authorize the agency, board, commission, or officer to file in the court a certified list of the materials comprising the record and retain and hold for the court all such materials and transmit the same or any part thereof to the court, when and as required by it, at any time prior to the final determination of the proceeding, and such filing of such certified list of the materials comprising the record and such subsequent transmittal of any such materials when and as required shall be deemed full compliance with any provision of law requiring the filing of the record in the court. The record in such proceedings shall be certified and filed in or held for and transmitted to the court of appeals by the agency, board, commission, or officer concerned within the time and in the manner prescribed by such rules. If proceedings have been instituted in two or more courts of appeals with respect to the same order the agency, board, commission, or officer concerned shall file the record in that one of such courts in which a proceeding with respect to such order was first instituted. The other courts in which such proceedings are pending shall thereupon transfer them to the court of appeals in which the record has been filed. For the convenience of the parties in the interest of justice such court may thereafter transfer all the proceedings with respect to such order to any other court of appeals.

(b) The record to be filed in the court of appeals in such a proceeding shall consist of the order sought to be reviewed or enforced, the findings or report upon which it is based, and the pleadings, evidence, and proceedings before the agency, board, commission, or officer concerned, or such portions thereof (1) as the said rules of the court of appeals may require to be included therein, or (2) as the agency, board, commission, or officer concerned, the petitioner for review or respondent in enforcement, as the case may be, and any intervenor in the court proceeding by written stipulation filed with the agency, board, commission, or officer concerned or in the court in any such proceeding may consistently with the rules of such court
designate to be included therein, or (3) as the court upon motion of a party or, after a prehearing conference, upon its own motion may by order in any such proceeding designate to be included therein. Such a stipulation or order may provide in an appropriate case that no record need be filed in the court of appeals. If, however, the correctness of a finding of fact by the agency, board, commission, or officer is in question all of the evidence before the agency, board, commission, or officer shall be included in the record except such as the agency, board, commission, or officer concerned, the petitioner for review or respondent in enforcement, as the case may be, and any intervenor in the court proceeding by written stipulation filed with the agency, board, commission, or officer concerned or in the court agree to omit as wholly immaterial to the questioned finding. If there is omitted from the record any portion of the proceedings before the agency, board, commission, or officer which the court subsequently determines to be proper for it to consider to enable it to review or enforce the order in question the court may direct that such additional portion of the proceedings be filed as a supplement to the record. The agency, board, commission, or officer concerned may, at its option and without regard to the foregoing provisions of this subsection, and if so requested by the petitioner for review or respondent in enforcement shall, file in the court the entire record of the proceedings before it without abbreviation.

(c) The agency, board, commission, or officer concerned may transmit to the court of appeals the original papers comprising the whole or any part of the record or any supplemental record, otherwise true copies of such papers certified by an authorized officer or deputy of the agency, board, commission, or officer concerned shall be transmitted. Any original papers thus transmitted to the court of appeals shall be returned to the agency, board, commission, or officer concerned upon the final determination of the review or enforcement proceeding. Pending such final determination any such papers may be returned by the court temporarily to the custody of the agency, board, commission, or officer concerned if needed for the transaction of the public business. Certified copies of any papers included in the record or any supplemental record may also be returned to the agency, board, commission, or officer concerned upon the final determination of review or enforcement proceedings.

(d) The provisions of this section are not applicable to proceedings to review decisions of the Tax Court of the United States or to proceedings to review or enforce those orders of administrative agencies, boards, commissions, or officers which are by law reviewable or enforceable by the district courts."

Sec. 3. (a) The sixth sentence of subsection (b) of section 5 of the Federal Trade Commission Act, as amended (52 Stat. 112), is amended to read as follows: "Until the expiration of the time allowed for filing a petition for review, if no such petition has been duly filed within such time, or, if a petition for review has been filed within such time then until the record in the proceeding has been filed in a court of appeals of the United States, as hereinafter provided, the Commission may at any time, upon such notice and in such manner as it shall deem proper, modify or set aside, in whole or in part, any report or any order made or issued by it under this section."

Code. Upon such filing of the petition the court shall have jurisdiction of the proceeding and of the question determined therein concurrently with the Commission until the filing of the record and shall have power to make and enter a decree affirming, modifying, or setting aside the order of the Commission, and enforcing the same to the extent that such order is affirmed and to issue such writs as are ancillary to its jurisdiction or are necessary in its judgment to prevent injury to the public or to competitors pendente lite.”

“(d) Upon the filing of the record with it the jurisdiction of the court of appeals of the United States to affirm, enforce, modify, or set aside orders of the Commission shall be exclusive.”

Upon such filing of the application the court shall cause notice thereof to be served upon such person, and thereupon shall have jurisdiction of the proceeding and of the question determined therein concurrently with the Commission or Board until the filing of the record, and shall have power to make and enter a decree affirming, modifying, or setting aside the order of the Commission or Board.”

(c) The second and third sentences of the fourth paragraph of section 11 of the Act of October 15, 1914, as amended (64 Stat. 1128), are amended to read as follows: “A copy of such petition shall be forthwith transmitted by the clerk of the court to the Commission or Board and thereupon the Commission or Board shall file in the court the record in the proceeding, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition the court shall have the same jurisdiction to affirm, set aside, or modify the order of the Commission or Board as in the case of an application by the Commission or Board for the enforcement of its order, and the findings of the Commission or Board as to the facts, if supported by substantial evidence, determined as provided in section 10 (e) of the Administrative Procedure Act, shall in like manner be conclusive.”

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2 of this Act may be cited as the “District of Columbia Taxicab Insurance Act of 1958”.

SEC. 2. The Act entitled “An Act to provide that all cabs for hire in the District of Columbia be compelled to carry insurance for the protection of passengers, and for other purposes”, approved June 29, 1938, as amended (D. C. Code 44-301), is amended to read as follows:

“That the Public Utilities Commission of the District of Columbia (hereafter referred to in this Act as the ‘Commission’) is hereby directed to require any and all corporations, companies, associations, joint-stock companies or associations, partnerships, and persons, their lessees, trustees, or receivers, appointed by any court whatsoever, operating, controlling, managing, or renting any passenger motor vehicles for hire in the District of Columbia, except as to operations licensed under paragraph 31 (b) of the Act approved July 1, 1932, known as the ‘License Act’, and except such common carriers as have been expressly exempted from the jurisdiction of the Commission, to file with the Commission for each such motor vehicle to be operated, evidence, in such form and on such terms and conditions as the Commission may prescribe with the approval of the Superintendent of Insurance of the District of Columbia (hereafter referred to in this Act as the ‘Superintendent’), that such motor vehicle is covered by a bond or liability insurance in a surety or insurance company authorized to do business in the District of Columbia, conditioned for the payment to any person of any legal obligation of, or judgment recovered against, such corporations, companies, associations, joint-stock companies or associations, partnerships, and persons, their lessees, trustees, or receivers, appointed by any court whatsoever, or renters of their cabs, for death or for injury to any person or damage to any property, or both, arising out of the ownership, maintenance, or use of such motor vehicle by any person for any purpose within the United States. Such bond or insurance may limit the liability of the surety or insurer on any one judgment to $10,000, for bodily injuries or death, and $5,000 for damage to property, and on all judgments recovered upon claims arising out of the same subject of action to $20,000 for bodily injuries or death, and $5,000 for damage to property, to be apportioned ratably among the creditors according to the amount of their respective legal obligations. The liability of an insurance company in any policy of insurance or of any indemnity company in a bond issued pursuant to this Act shall, within the limits of coverage required by this Act, become and be absolute for damages adjudged against the insured on account of injuries to or death of persons or damage to or destruction of property resulting from the insured’s ownership, maintenance, or use of the motor vehicle or vehicles described in the said policy or bond.

“SEC. 2. (a) Any policy of liability insurance required by this Act shall be issued only by such insurance companies as may have been authorized to do business in the District of Columbia, and any bond or undertaking required by this Act shall be secured by a corporate surety approved by the Superintendent.

“(b) No insurance company or corporate surety shall engage in or conduct the business of insuring or bonding any risk arising out of
the operation of any passenger motor vehicle for hire required to be insured or bonded under this Act unless the Superintendent shall find that the management of such company is capable, by experience or otherwise, of conducting such business in the public interest and unless such insurance company or corporate surety shall possess a certificate of approval issued by the Superintendent for such business. Every such insurance company or corporate surety, whether or not it shall be a mutual company, shall have and shall at all times maintain reserves for losses, unearned premiums, and all other liabilities as will meet the requirements of any regulation issued by the Superintendent applicable to such company or such classifications of companies. The Superintendent is empowered to make reasonable rules and regulations governing the writing of such insurance, and the making of such bonds, and the business of insuring or bonding such risks, including the expenses of management, administration, and acquisition of business and the rates to be charged.

"(c) The Superintendent is authorized and empowered, after hearing, to withdraw his certificate of approval of the business of insuring or bonding taxicab risks of any insurance company or corporate surety violating any provision of this Act or the rules and regulations promulgated hereunder.

"(d) No bond or policy of insurance required by this Act may be canceled unless not less than twenty days prior to such cancellation or termination, notice of intention so to do has been filed in writing with the Commission, unless such cancellation is for nonpayment of premiums, in which event five days' notice as above provided shall be given.

"Sec. 3. It shall be unlawful to operate any vehicle subject to the provisions of this Act unless such vehicle shall be covered by an approved bond or policy of liability insurance as provided in this Act.

"Sec. 4. The Commission is empowered to make all reasonable rules and regulations which, in its opinion, are necessary to make effective the purposes of this Act.

"Sec. 5. (a) Any owner of a public vehicle required by this Act to file a bond or policy of insurance may, in lieu thereof—

"(1) file with the Commission a blanket bond or a blanket policy of liability insurance, in an amount to be approved by the Commission, but not to exceed $75,000, conditioned as required by this Act, and covering all vehicles lawfully displaying the trade name or identifying design of any individual, association, company or corporation; or

"(2) create and maintain a sinking fund in such amount as the Commission may require, but not to exceed $75,000, and deposit the same, in trust, for the payment of any judgment recovered against such owner, as provided in this Act, with such person, official, or corporation as the Commission shall designate. Such sinking fund shall not be created unless the Commission is satisfied that such owner is possessed and will continue to be possessed of financial ability to pay judgments obtained against such owner. If such a fund has been created, the Commission shall have authority to require whatever evidence of such owner's financial status may be necessary to satisfy the Commission that such owner is possessed and will continue to be possessed of financial ability to pay judgments obtained against such owner, and may at such time or times as, in its discretion, may be necessary, require such owner to submit in affidavit form detailed information from which such ability may be determined. When upon not less than five days' notice and a hearing pursuant to such notice (unless the right to such hearing is waived in writing by such owner) the Commission
finds that any such owner having created and maintained a sinking fund is not possessed or probably will not continue to be possessed of financial ability to pay judgments obtained against such owner the Commission shall require that such owner file with the Commission a bond or policy of insurance as described in this Act in lieu of such sinking fund and shall thereafter return to the owner the amount of such sinking fund when the Commission is satisfied that the maintenance thereof is not needed to assure the payment of any claim or judgment then outstanding against such owner. Failure to pay any judgment within thirty days after such judgment shall have become final shall constitute a reasonable ground for a finding by the Commission that the owner is not possessed of financial ability to pay judgments.

(b) If any owner elects to comply with paragraph (1) or (2) of subsection (a) of this section, he shall first file with the Commission an admission of liability, in conformity with the principle of respondent superior, for the tortious acts of the driver or drivers of such vehicle or vehicles displaying the trade name or identifying design of the company or owner.

(c) Any cash or collateral deposit and/or any sinking fund provided for in this Act shall be exempt from attachment or levy for any obligation or liability of the depositor except as provided in this Act.

(a) Notwithstanding the provisions of any law, Executive order, or regulation, any employee serving under a Federal appointment not limited to one year or less who transfers to an international organization is entitled to the following, if the transfer is made with the consent of the head of his agency, except that the provisions of paragraph (5) relating to reemployment rights, and the provisions of paragraph (6) relating to rates of basic compensation payable upon reemployment shall not apply to Congressional employees:

(1) To retain coverage and all rights and benefits under any system established by law for the retirement of civilian employees of the United States, if all necessary employee deductions and agency contributions in payment for such coverage, rights, and benefits for the period of employment with the international organization are currently deposited in the system's fund or depository, and for such purpose service as an officer or employee of the international organization shall be considered to be creditable service under any such system.

In any case in which an employee receives a lump-sum payment and reemployment occurs within six months following the date
of the transfer, such employee shall refund to the Federal agency the
amount of the lump-sum payment. This subsection shall under no
circumstances operate so as to cause a forfeiture of retained leave
following reemployment or to deprive an employee of any lump-sum
payment to which he would otherwise be entitled.

ployment in his former position or a position of like seniority, status,
and pay in the agency from which he transferred, if he is separated
from the international organization within three years after the date

purposes may be made from the appropriations or funds of the Federal
agency from which the employee transferred.

(c) All computations under this Act prior to reemployment shall
be made in the same manner as if the employee had received basic com-
pensation (or basic compensation plus additional compensation in
the case of a congressional employee) at the rate at which it would
have been payable had the employee continued in the position in which
he was serving at the time of his transfer.

(d) The provisions of this section shall apply only with respect
to so much of any period of employment with an international or-
ganization as does not exceed three years or such shorter period as
may be specified by the head of the Federal agency from which the
employee is transferred at the time of consent to transfer, except that
for retirement and insurance purposes this section shall continue to
apply during the period in which a congressional employee is effecting
or could effect a reemployment or an employee other than a congres-
sional employee is properly exercising or could exercise the reem-
ployment right established by subsection (a) (5). During that reem-
ployment period, the employee shall be considered to be on leave
without pay for retirement and insurance purposes.

REGULATIONS

rules and regulations to carry out the provisions of this Act and to
protect and assure the retirement, insurance, leave, and reemployment
rights and such other similar Federal employment rights as he may
find appropriate. These regulations may provide for the exclusion

"(a) for each of the 1959 and 1960 crops of upland cotton the Secretary of Agriculture is authorized and directed to offer the operator of each farm for which an allotment is established under section 344 of the Agricultural Adjustment Act of 1938, as amended, a choice of (A) the farm acreage allotment determined pursuant to section 344 of the Agricultural Adjustment Act of 1938, as amended, and price support determined pursuant to section 101 of this Act (the amount of cotton estimated to be produced on the additional acres allotted to producers selecting choice (B) for such year being taken into account in computing such support), except that for the 1959 crop the level of support shall be not less than 80 per centum of parity, or (B) the farm acreage allotment determined pursuant to section 344 of the Agricultural Adjustment Act of 1938, as amended, increased by not to exceed 40 per centum (such increased acreage allotment to be the acreage allotment for the farm for all purposes) and price support at a level which is 15 per centum of parity below the level of support established for producers who elect choice (A). Any person operating more than one farm, in order to be eligible for choice (B), must elect choice (B) for all farms for which he is operator. Not later than January 31 the Secretary shall determine and announce on the basis of his estimate of the supply percentage and the parity price as of the following August 1, the price support level for producers who elect choice (A) and choice (B) respectively, and such price support levels shall be final. As soon as practicable after such announcement, the Secretary shall cause the operator (as shown on the records of the county committee) of each farm for which an allotment is established under section 344 of the Agricultural Adjustment Act of 1938, as amended, to be notified of the alternative levels of price support and the alternative acreage allotments available for his farm. The operator of each farm shall, within the time prescribed by the Secretary, notify the county committee in writing whether he desires the increased acreage allotment and the level of price support prescribed in choice (B) to be effective for the farm. If the operator fails to so notify the county committee within the time prescribed, he shall be deemed to have chosen the acreage allotment and the price support level prescribed in choice (A). The choice elected by the operator shall apply to all the producers on the farm. Notwithstanding the foregoing provisions of this subsection, the Secretary may permit the operator of a farm for which choice (B) is in effect to change to choice (A) where conditions beyond the control of
the farm operator, such as excessive rain, flood, or drought, prevented the planting of acreage to cotton or having cotton acreage available for harvest on the farm in accordance with the plans of such operator in selecting choice (B). The additional acreage required to be allotted to farms under this section shall be in addition to the county, State, and national acreage allotments and the production from such acreage shall be in addition to the national marketing quota. The additional acreage authorized by this section shall not be taken into account in establishing future State, county, and farm acreage allotments. Notwithstanding any other provision of law, no farm participating in any cotton acreage reserve program established for 1959 under the Soil Bank Act shall receive an increased acreage allotment under the provisions of this section for 1959. Notwithstanding the provisions of section 344 (m) (2) any farm cotton acreage allotment increased as the result of the selection of choice (B) may not be released and reapportioned to any other farm. Price support shall be made available under this paragraph only to cooperators and only if producers have not disapproved marketing quotas for the crop.

“(b) for each of the 1959 and 1960 crops of upland cotton, price support shall be made available to producers who elect choice (A) through a purchase program. Price support shall be made available to producers who elect choice (B) through loans, purchases, or other operations.

“(c) the Commodity Credit Corporation is directed, during the period beginning August 1, 1959, and ending July 31, 1961, to offer any upland cotton owned by it for sale for unrestricted use at not less than 10 per centum above the current level of price support prescribed in choice (B).”

PRICE SUPPORT FOR 1961 AND SUBSEQUENT YEARS

Sec. 102. (a) The Agricultural Act of 1949, as amended, is amended by adding a new section 103 as follows:

“Sec. 103. Notwithstanding the provisions of section 101 of this Act, price support to cooperators for each crop of upland cotton, beginning with the 1961 crop, for which producers have not disapproved marketing quotas shall be at such level not more than 90 per centum of the parity price therefor nor less than the minimum level prescribed below as the Secretary determines appropriate after consideration of the factors specified in section 401 (b) of this Act. For the 1961 crop the minimum level shall be 70 per centum of the parity price therefor, and for each subsequent crop the minimum level shall be 65 per centum of the parity price therefor. Price support in the case of noncooperators and in case marketing quotas are disapproved shall be as provided in section 101 (d) (3) and (5).”

ACREAGE ALLOTMENTS AND MARKETING QUOTAS

Sec. 103. The Agricultural Adjustment Act of 1938, as amended, is amended as follows:

(1) Section 342 is amended by striking out the third sentence and by changing the period at the end of the second sentence to a colon and adding the following: “Provided. That beginning with the 1961 crop, the national marketing quota shall be not less than a number of bales equal to the estimated domestic consumption and estimated exports (less estimated imports) for the marketing year for which the quota is proclaimed, except that the Secretary shall make such adjustment in the amount of such quota as he determines necessary
after taking into consideration the estimated stocks of cotton in the United States (including the qualities of such stocks) and stocks in foreign countries which would be available for the marketing year for which the quota is being proclaimed if no adjustment of such quota is made hereunder, to assure the maintenance of adequate but not excessive stocks in the United States to provide a continuous and stable supply of the different qualities of cotton needed in the United States and in foreign cotton consuming countries, and for purposes of national security; but the Secretary, in making such adjustments, may not reduce the national marketing quota for any year below (i) one million bales less than the estimated domestic consumption and estimated exports for the marketing year for which such quota is being proclaimed, or (ii) ten million bales, whichever is larger."

(2) Section 342 is further amended by adding at the end thereof the following: "Notwithstanding any other provision of this Act, the national marketing quota for upland cotton for 1959 and subsequent years shall be not less than the number of bales required to provide a national acreage allotment for each such year of sixteen million acres."

(3) Section 347 (b) is amended by changing the period at the end of the second sentence to a colon and adding the following: "Provided, That beginning with the 1961 crop of extra long staple cotton, such national marketing quota shall be an amount equal to (1) the estimated domestic consumption plus exports for the marketing year which begins in the next calendar year, less (2) the estimated imports, plus (3) such additional number of bales, if any, as the Secretary determines is necessary to assure adequate working stocks in trade channels until cotton from the next crop becomes readily available without resort to Commodity Credit Corporation stocks."

(4) The second sentence of section 344 (a) is amended by striking the word "five" and substituting the word "four".

MINIMUM FARM ALLOTMENTS

Sec. 104. (a) Section 344 (b) of the Agricultural Adjustment Act of 1938, as amended, is amended by inserting before the period at the end thereof a colon and the following: "Provided, That there is hereby established a national acreage reserve consisting of three hundred and ten thousand acres which shall be in addition to the national acreage allotment; and such reserve shall be apportioned to the States on the basis of their needs for additional acreage for establishing minimum farm allotments under subsection (f) (1), as determined by the Secretary without regard to State and county acreage reserves (except that the amount apportioned to Nevada shall be one thousand acres). For the 1960 and succeeding crops of cotton, the needs of States (other than Nevada) for such additional acreage for such purpose may be estimated by the Secretary, after taking into consideration such needs as determined or estimated for the preceding crop of cotton and the size of the national acreage allotment for such crop. The additional acreage so apportioned to the State shall be apportioned to the counties on the basis of the needs of the counties for such additional acreage for such purpose, and added to the county acreage allotment for apportionment to farms pursuant to subsection (f) of this section (except that no part of such additional acreage shall be used to increase the county reserve above 15 per centum of the county allotment determined without regard to such additional acreage). Additional acreage apportioned to a State for any year under the foregoing proviso shall not be taken into account in establishing future State acreage allotments. Needs for additional acreage under the foregoing provisions and under the last proviso in subsection (e)
shall be determined or estimated as though allotments were first computed without regard to subsection (f) (1)."

(b) Section 344 (e) of the Agricultural Adjustment Act of 1938, as amended, is amended by inserting before the period at the end thereof a colon and the following:\n
"Provided further, That if the additional acreage allocated to a State under the proviso in subsection (b) is less than the requirements as determined or estimated by the Secretary for establishing minimum farm allotments for the State under subsection (f) (1), the acreage reserved under this subsection shall not be less than the smaller of (1) the remaining acreage so determined or estimated to be required for establishing minimum farm allotments or (2) 3 per centum of the State acreage allotment; and the acreage which is required to be reserved under this proviso shall be allocated to counties on the basis of their needs for additional acreage for establishing minimum farm allotments under subsection (f) (1), and added to the county acreage allotment for apportionment to farms pursuant to subsection (f) of this section (except that no part of such additional acreage shall be used to increase the county reserve above 15 per centum of the county allotment determined without regard to such additional acreages)."

(c) Section 344 (f) of the Agricultural Adjustment Act of 1938, as amended, is amended by changing paragraph (1) to read as follows:

"(1) Insofar as such acreage is available, there shall be allotted the smaller of the following: (A) ten acres; or (B) the acreage allotment established for the farm for the 1958 crop."

(d) The first sentence of section 344 (f) (6) of such Act is amended to read as follows: "Notwithstanding the provisions of paragraph (2) of the subsection, if the county committee recommends such action and the Secretary determines that such action will result in a more equitable distribution of the county allotment among farms in the county, the remainder of the county acreage allotment (after making allotments as provided in paragraph (1) of this subsection) shall be allotted to farms other than farms to which an allotment has been made under paragraph (1) (B) of this subsection so that the allotment to each farm under this paragraph together with the amount of the allotment of such farm under paragraph (1) (A) of this subsection shall be a prescribed percentage (which percentage shall be the same for all such farms in the county) of the average acreage planted to cotton on the farm during the three years immediately preceding the year for which such allotment is determined, adjusted as may be necessary for abnormal conditions affecting plantings during such three-year period: Provided, That the county committee may in its discretion limit any farm acreage allotment established under the provisions of this paragraph for any year to an acreage not in excess of 50 per centum of the cropland on the farm, as determined pursuant to the provisions of paragraph (2) of this subsection: Provided further, That any part of the county acreage allotment not apportioned under this paragraph by reason of the initial application of such 50 per centum limitation shall be added to the county acreage reserve under paragraph (3) of this subsection and shall be available for the purposes specified therein."

(e) The amendments made by this section shall be effective beginning with the 1959 crop.
acreage required to be allotted to farms under this paragraph shall be in addition to the county, State, and national acreage allotments and the production from such acreage shall be in addition to the national marketing quota.

"(B) Notwithstanding any other provision of law—

"(i) the acreage by which any farm acreage allotment for 1959 or any subsequent crop established under paragraph (1) exceeds the acreage which would have been allotted to such farm if its allotment had been computed on the basis of the same percentage factor applied to other farms in the county under paragraph (2), (6), or (8) shall not be taken into account in establishing the acreage allotment for such farm for any crop for which acreage is allotted to such farm under paragraph (2), (6), or (8); and acreage shall be allotted under paragraph (2), (6), or (8) to farms which did not receive 1958 crop allotments in excess of ten acres if and only if the Secretary determines (after considering the allotments to other farms in the county for such crop compared with their 1958 allotments and other relevant factors) that equity and justice require the allotment of additional acreage to such farm under paragraph (2), (6), or (8),

"(ii) the acreage by which any county acreage allotment for 1959 or any subsequent crop is increased from the national or State reserve on the basis of its needs for additional acreage for establishing minimum farm allotments shall not be taken into account in establishing future county acreage allotments, and

"(iii) the additional acreage allotted pursuant to subparagraph (A) of this paragraph (7) shall not be taken into account in establishing future State, county, or farm acreage allotments."

METHOD OF DETERMINING FARM ALLOTMENTS

Sec. 106. Section 344 (f) of the Agricultural Adjustment Act of 1938, as amended, is amended by adding at the end thereof the following new paragraph:

"(8) Notwithstanding the foregoing provisions of paragraphs (2) and (6) of this subsection, the Secretary may, if he determines that such action will facilitate the effective administration of the provisions of the Act, provide for the county acreage allotment for the 1959 and succeeding crops of cotton, less the acreage reserved under paragraph (3) of this subsection, to be apportioned to farms on which cotton has been planted in any one of the three years immediately preceding the year for which such allotment is determined, on the basis of the farm acreage allotment for the year immediately preceding the year for which such allotment is determined, on the basis of the farm acreage allotment for the year immediately preceding the year for which such apportionment is made, adjusted as may be necessary (i) for any change in the acreage of cropland available for the production of cotton, or (ii) to meet the requirements of any provision (other than those contained in paragraphs (2) and (6)) with respect to the counting of acreage for history purposes."

RETENTION OF SURRENDERED ACREAGE IN COUNTY

Sec. 107 Paragraph (2) of section 344 (m) of the Agricultural Adjustment Act of 1938, as amended, is amended by striking out the period at the end of the second sentence of such paragraph and inserting in lieu thereof the following: "; but no such acreage shall be surrendered to the State committee so long as any farmer receiving a cotton acreage allotment in such county desires additional cotton acreage."
Sec. 108. Section 3 (a) of the Act of August 29, 1949, Public Law 272, 81st Congress, and the last sentence of section 403 of the Agricultural Act of 1949, as amended, are hereby repealed. This section shall become effective with the 1961 crop.

CCO SALES RESTRICTIONS

Sec. 109. Section 407 of the Agricultural Act of 1949, as amended, is amended by substituting a colon for the period at the end of the third sentence and adding at the end thereof the following: "Provided, That effective with the beginning of the marketing year for the 1961 crop, the Corporation shall not sell any upland or extra long staple cotton for unrestricted use at less than 15 per centum above the current support price for cotton plus reasonable carrying charges, except that the Corporation may, in an orderly manner and so as not to affect market prices unduly, sell for unrestricted use at the market price at the time of sale a number of bales of cotton equal to the number of bales by which the national marketing quota for such marketing year is reduced below the estimated domestic consumption and exports for such marketing year pursuant to the provisions of section 342 of the Agricultural Adjustment Act of 1938, as amended."

COTTON EXPORT PROGRAM

Sec. 110. Nothing in this Act shall be construed to affect or modify the provisions of section 203 of the Agricultural Act of 1956, and any cotton owned or acquired by the Commodity Credit Corporation under any price support program may be used for the purpose of carrying out the cotton export program provided for in section 203 of the Agricultural Act of 1956.

SPLIT GRADES

Sec. 111. Section 403 of the Agricultural Act of 1949, as amended, is amended by adding at the end thereof the following sentence: "Beginning with the 1959 crop, in adjusting the support price for cotton on the basis of grade, the Secretary shall establish separate price support rates for split grades and for full grades substantially reflecting relative values."

TITLE II—CORN AND FEED GRAINS

REFERENDUM

Sec. 201. Title I of the Agricultural Act of 1949, as amended, is further amended by adding at the end of such title the following:

"Sec. 104. "(b) Beginning with the 1959 crop, price support shall be made available to producers for each crop of oats, rye, barley, and grain sorghums at such level of the parity price therefor as the Secretary of Agriculture determines is fair and reasonable in relation to the level at which price support is made available for corn, taking into consideration the feeding value of such commodity in relation to corn, and the other factors set forth in section 401 (b) hereof."

TITLE V—MISCELLANEOUS

SEC. 501. The Agricultural Adjustment Act of 1938, as amended, is amended by adding after section 377 the following new section:

"SEC. 378. (a) Notwithstanding any other provision of this Act, the allotment determined for any commodity for any land from which the owner is displaced because of acquisition of the land for any purpose, other than for the continued production of allotted crops, by any Federal, State, or other agency having the right of eminent domain shall be placed in an allotment pool and shall be available only for use in providing allotments for other farms owned by the owner so displaced. Upon application to the county committee, within three years after the date of such displacement, or three years after the enactment of this section, whichever period is longer, any owner so displaced shall be entitled to have established for other farms owned by him allotments which are comparable with allotments determined for other farms in the same area which are similar except for the past acreage of the commodity, taking into consideration the land, labor, and equipment available for the production of the commodity, crop-rotation practices, and the soil and other physical factors affecting the production of the commodity: Provided, That the acreage used to establish or increase the allotments for such farms shall be transferred from the pool and shall not exceed the allotment most recently established for the farm acquired from the applicant and placed in the pool. During the period of eligibility for the making of allotments under this section for a displaced owner, acreage allotments for the farm from which the owner was so displaced shall be established in accordance with the procedure applicable to other farms, and such allotments shall be considered to have been fully planted. After such allotment is made under this section, the proportionate part, or all, as the case may be, of the past acreage used in establishing the allotment most recently placed in the pool for the farm from which the owner was so displaced shall be transferred to and considered for the purposes of future State, county, and farm acreage allotments to have been planted on the farm to which allotment is made under this section. Except where paragraph (c) requires the transfer of allotment to another portion of the same farm, for the purpose of this section (1) that part of any farm from which the owner is so displaced and that part from which he is not so displaced shall be considered as separate farms; and (2) an owner who voluntarily relinquishes possession of the land subsequent to its acquisition by an agency having the right of eminent domain shall be considered as having been displaced because of such acquisition.

"(b) The provisions of this section shall not be applicable if (1) there is any marketing quota penalty due with respect to the marketing of the commodity from the farm acquired by the Federal, State, or other agency or by the owner of the farm; (2) any of the commodity
produced on such farm has not been accounted for as required by the Secretary; or (3) the allotment next established for the farm acquired by the Federal, State, or other agency would have been reduced because of false or improper identification of the commodity produced on or marketed from such farm or due to a false acreage report.

"(c) This section shall not be applicable, in the case of cotton, tobacco, and peanuts, to any farm from which the owner was displaced prior to 1950, in the case of wheat and corn, to any farm from which the owner was displaced prior to 1954, and in the case of rice, to any farm from which the owner was displaced prior to 1955. In any case where the cropland acquired for nonfarming purposes from an owner by an agency having the right of eminent domain represents less than 15 per centum of the total cropland on the farm, the allotment attributable to that portion of the farm so acquired shall be transferred to that portion of the farm not so acquired.

(d) Sections 313 (h), 334 (d), 344 (h), 353 (f), and 358 (h) of the Agricultural Adjustment Act of 1938, as amended, are repealed, but any transfer or reassignment of allotment heretofore made under the provisions of these sections shall remain in effect, and any displaced farm owner for whom an allotment has been established under such repealed sections shall not be eligible for additional allotment under subsection (a) of this section because of such displacement."

SEC. 502. Section 405 of the Agricultural Act of 1949 is amended by adding at the end thereof the following: "There is authorized to be included in the terms and conditions of any such nonrecourse loan a provision whereby on and after the maturity of the loan or any extension thereof Commodity Credit Corporation shall have the right to acquire title to the unredeemed collateral without obligation to pay for any market value which such collateral may have in excess of the loan indebtedness."

SEC. 503. Section 201 (b) of the Agricultural Act of 1949, as amended, is amended by changing the semicolon at the end thereof to a colon and adding the following: "Provided, That in any crop year in which the Secretary determines that the domestic production of tung oil will be less than the anticipated domestic demand for such oil, the price of tung nuts shall be supported at not less than 65 per centum of the parity price therefor;".

EXTEND VETERANS AND ARMED SERVICES MILK PROGRAM

SEC. 504. (a) The first sentence of section 202 (a) of the Agricultural Act of 1949, as amended (7 U. S. C. 1446a), is amended by striking out "1958" and inserting in lieu thereof "1961".

(b) Subsection (b) of section 202 of the Agricultural Act of 1949 (7 U. S. C. 1446a) is amended by striking out "1958" and inserting in lieu thereof "1961", by striking out "of the Army, Navy, or Air Force, and as a part of the ration" and inserting in lieu thereof "(1) of the Army, Navy, Air Force, or Coast Guard, (2)", and by inserting before the period at the end of the first sentence of such subsection the following: "and (3) of cadets and midshipmen at, and other personnel assigned to, the United States Merchant Marine Academy".

Sec. 505. Commodity Credit Corporation is authorized, on such terms as the Secretary of Agriculture may approve, to donate cotton acquired through its price support operations to educational institutions for use in the training of students in the processing and manufacture of cotton into textiles.

FINDINGS AND POLICY

Sec. 2. (a) The Congress finds that the growth in size, scope, and numbers of employee welfare and pension benefit plans in recent years has been rapid and substantial; that the continued well-being and security of millions of employees and their dependents are directly affected by these plans; that they are affected with a national public interest; that they have become an important factor affecting the stability of employment and the successful development of industrial relations; that they have become an important factor in commerce because of the interstate character of their activities, and of the activities of their participants, and the employers, employee organizations, and other entities by which they are established or maintained; that owing to the lack of employee information concerning their operation, it is desirable in the interests of employees and their beneficiaries, and to provide for the general welfare and the free flow of commerce, that disclosure be made with respect to the operation and administration of such plans.

(b) It is hereby declared to be the policy of this Act to protect interstate commerce and the interests of participants in employee welfare and pension benefit plans and their beneficiaries, by requiring the disclosure and reporting to participants and beneficiaries of financial and other information with respect thereto.

Section 4 is amended to read as follows: "Each teacher, school officer, and other employee in the service of the Board on January 1, 1958, who occupies a position held by him on December 31, 1957, under the provisions of this Act shall be placed in a salary class covered by section 1 of this Act as indicated at the end of this section. Any employee in group A, B, or C of his salary class on December 31, 1957, shall be assigned to the same letter group of the class to which he is transferred on January 1, 1958, except that an employee in group B on December 31, 1957, who possesses a master's degree or its equivalent as determined by the Board in accordance with subsection (b) of section 2 of this Act, plus thirty credit hours, shall be transferred to group C. Section 5, subsection (b) is amended by adding the following sentences at the end of the subsection: "The Board of Education of the District of Columbia, with the cooperation of the Board of Commissioners of the District of Columbia, is authorized to make a study of the classification of the positions covered under this Act for the purpose of determining what classification adjustments may be necessary or desirable to provide a classification alignment based on the difficulty, responsibility, and qualification requirements of the positions and to take such appropriate corrective action as is concurred in by the Board of Commissioners: Provided, That any such adjustments shall be made within the classes established by this Act: Provided further, That no adjustment resulting from this study shall decrease the existing rate of compensation of any present employee, but when a position becomes vacant any subsequent appointee to such position shall be compensated in accordance with the rate of pay determined to be applicable to such position. If a position is placed in a lower salary class and the present salary of the incumbent falls between two step rates for the newly assigned class, he shall receive the higher of such rates. If a position is placed in a higher salary class, placement for salary purposes shall be made in accordance with section 11 of this Act."

Section 6 is amended to read as follows:

"(a) As of January 1, 1958, each employee assigned to a salary class in accordance with section 1 and section 4 of this Act shall be assigned to the same numerical service step on the schedule for his class, or class and group, under this Act as he occupied on December 31, 1957. On July 1, 1958, each permanent employee in the service of the Board who on June 30, 1958, was in such service but was not yet at the highest numerical service step for his salary class, or class and group, in section 1 of this Act shall be assigned to the numerical service step for his class, or class and group, in section 1 of this Act next above the step occupied by him on June 30, 1958. As soon as possible thereafter, and not later than June 30, 1959, the Board shall re-evaluate the previous service of each probationary and permanent employee under this Act who served in the public schools of the District of Columbia prior to July 1, 1955, who also was in service in such schools on July 1, 1958, and who on July 1, 1958, was not assigned to the highest numerical service step of the salary schedule for his class, or class and group, to determine the number of years of service with which the employee shall be newly credited for the purpose of salary placement. All such employees shall be given placement credit for previous service in accordance with the provisions of this Act governing the placement, advancement, and promotion of employees who are newly appointed, reappointed or reassigned to positions in the District of Columbia public schools.

"(b) As soon as such reevaluation is completed for all employees involved, each such employee shall be assigned to the numerical service step for his salary class, or class and group, under this Act next above the step corresponding to the number of his years of creditable service rendered prior to July 1, 1958, as determined by such reevaluation, but no employee shall receive a salary above the top step for his class, or class and group, or below the step already occupied by him. If such reevaluation places the employee on a higher numerical service step than the one already occupied by him, he shall receive the full annual salary at the higher step for the year beginning July 1, 1958. Beginning on July 1, 1959, each permanent employee who has not yet reached the highest service step for his salary class, or class and group, under this Act shall advance one such step each year until he reaches the highest step for his class, or class and group."
"(c) The Superintendent of Schools, salary class 1, shall be assigned as of the date of his appointment as Superintendent to the salary step provided for that position in section 1 of this Act.

“(d) Any permanent employee serving in a position which is not covered by this Act but which may later be established under section 5 of this Act shall be given service credit for the purpose of salary placement under this Act equivalent to the number of years of satisfactory service rendered within the school system in the position then occupied by the employee, and shall be assigned to the numerical service step on the schedule for his class, or class and group, under this Act next above the numerical service step corresponding to his years of creditable service in such position. If the employee has already attained a service step in such position which is numerically as high or higher than the top service step provided for his salary class, or class and group, under this Act, he shall be assigned to the highest service step provided for his class, or class and group, under this Act."

Section 7, subsection (a) is amended to read as follows: "Each employee who is newly appointed or reappointed to a position under section 1 of this Act, except the Superintendent of Schools, shall be assigned to the service step numbered next above the number of years of service with which he is credited for the purpose of salary placement. The Board, on the written recommendation of the Superintendent of Schools, is authorized to evaluate the previous experience of each such employee to determine the number of years with which he may be so credited. Employees newly appointed, reappointed, or reassigned to any position in salary class 18 shall receive one year of such placement credit for each year of satisfactory service, not in excess of five years, in the same type of position regardless of school level, in an educational system or institution of recognized standing outside the District of Columbia public schools, as determined by the Board: Provided. That employees appointed to the positions of attendance officer, census supervisor, child labor inspector, counselor, librarian, research assistant, school psychologist, and school social worker shall also receive one year of placement credit for each year of satisfactory service in a teaching position, but not in excess of five years for all types of service rendered outside the school system, and persons appointed to the position of shop teacher in the vocational education program shall receive one year of placement credit for each year of approved experience in the trades, as determined by the Board, but not in excess of five years for any combination of trade experience and educational service outside the school system. Employees newly appointed, reappointed, or reassigned to any position in salary classes 1 to 17 inclusive, except the positions of chief librarian and assistant professor, associate professor and professor, shall receive no placement credit for educational service or trade experience outside the District of Columbia public schools. Employees reappointed or reassigned to positions in classes 2 to 18 inclusive shall receive one year of placement credit for each year of satisfactory service in the same salary class or in a position of equivalent or higher rank within the District of Columbia public schools, except that no employee shall receive more than five years of placement credit for previous service in any
combination of the following: (1) service rendered outside the public school system, (2) service rendered as a temporary employee within such system, and (3) service rendered prior to reappointment after resignation from such system. Credit for service rendered either inside or outside the District of Columbia public schools shall be effective on the date of the regular Board meeting immediately preceding the date of approval by the Board or on the date of appointment, whichever is later.”

"(B) If a retirement system covers positions of employees of one or more institutions of higher learning, then, for purposes of such preceding paragraphs there shall, if the State so desires, be deemed to be a separate retirement system for the employees of each such institution of higher learning. For the purposes of this subparagraph, the term 'institutions of higher learning' includes junior colleges and teachers colleges.

"(C) For the purposes of this subsection, any retirement system established by the State of California, Connecticut, Florida, Georgia, Massachusetts, Minnesota, New York, North Dakota, Pennsylvania, Rhode Island, Tennessee, Vermont, Washington, Wisconsin, or the Territory of Hawaii, or any political subdivision of any such State or Territory, which, on, before, or after the date of enactment of this subparagraph, is divided into two divisions or parts, one of which is composed of positions of members of such system who desire coverage under an agreement under this section and the other of which is composed of positions of members of such system who do not desire such coverage, shall, if the State or Territory so desires and if it is provided that there shall be included in such division or part composed of members desiring such coverage the positions of individuals who become members of such system after such coverage is extended, be deemed to be a separate retirement system with respect to each such division or part.

"(D) The position of any individual which is covered by any retirement system to which subparagraph (C) is applicable shall, if such individual is ineligible to become a member of such system on August 1, 1956, or, if later, the day he first occupies such position, be deemed to be covered by the separate retirement system consisting of the positions of members of the division or part who do not desire coverage under the insurance system established under this title.

"(E) An individual who is in a position covered by a retirement system to which subparagraph (C) is applicable and who is not a member of such system but is eligible to become a member thereof shall, for purposes of this subsection (other than paragraph (8)), be regarded as a member of such system; except that, in the case of any retirement system a division or part of which is covered under the agreement (either in the original agreement or by a modification thereof), which coverage is agreed to prior to 1960, the preceding provisions of this subparagraph shall apply only if the State so requests and any such individual referred to in such preceding pro-
visions shall, if the State so requests, be treated, after division of the retirement system pursuant to such subparagraph (C), the same as individuals in positions referred to in subparagraph (F).

“(F) In the case of any retirement system divided pursuant to subparagraph (C), the position of any member of the division or part composed of positions of members who do not desire coverage may be transferred to the separate retirement system composed of positions of members who desire such coverage if it is so provided in a modification of such agreement which is mailed, or delivered by other means, to the Secretary prior to 1960 or, if later, the expiration of one year after the date on which such agreement, or the modification thereof making the agreement applicable to such separate retirement system, as the case may be, is agreed to, but only if, prior to such modification or such later modification, as the case may be, the individual occupying such position files with the State a written request for such transfer.

“(G) For the purposes of this subsection, in the case of any retirement system of the State of Florida, Georgia, Minnesota, North Dakota, Pennsylvania, Washington, or the Territory of Hawaii which covers positions of employees of such State or Territory who are compensated in whole or in part from grants made to such State or Territory under title III, there shall be deemed to be, if such State or Territory so desires, a separate retirement system with respect to any of the following:

"(B) Subparagraph (A) shall not apply to service performed by an individual in a position covered under a retirement system if such individual, on the day the agreement is made applicable to service performed in positions covered by such retirement system, is not a member of such system.

Such certificate may be filed only if it is accompanied by a list containing the signature, address, and social security account number (if any) of each employee who concurs in the filing of the certificate. Such list may be amended at any time prior to the expiration of the twenty-fourth month following the calendar quarter in which the certificate is filed by filing with the prescribed official a supplemental list or lists containing the signature, address, and social security account number (if any) of each additional employee who concurs in the filing of the certificate. The list and any supplemental list shall be filed in such form and manner as may be prescribed by regulations made under this chapter.

The notice of termination may be revoked by the organization by giving, prior to the close of the calendar quarter specified in the notice of termination, a written notice of such revocation. Notice of termination or revocation thereof shall be filed in such form and manner, and with such official, as may be prescribed by regulations made under this chapter.

Such request shall be filed with such official and in such form and manner as may be prescribed by regulations made under this chapter. If a request is filed pursuant to this subparagraph—

except that this subparagraph shall apply with respect to service performed by an employee as a member of a group described in section 3121 (k) (I) (E) with respect to which no certificate is in effect;".

Such promulgation shall be conclusive for each of the two fiscal years in the period beginning July 1 next succeeding such promulgation; Provided, That the Secretary shall promulgate such Federal shares and allotment percentages as soon as possible after the enactment of the Social Security Amendments of 1958, which promulgation shall be conclusive for each of the 3 fiscal years in the period ending June 30, 1961.

struction of which has been completed subsequent to August 2, 1947,

AN ACT

To provide for cooperation with the European Atomic Energy Community.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "EURATOM Cooperation Act of 1958".

SEC. 2. As used in this Act—

(a) "The Community" means the European Atomic Energy Community (EURATOM).

(b) The "Commission" means the Atomic Energy Commission, as established by the Atomic Energy Act of 1954, as amended.

(c) "Joint program" means the cooperative program established by the Community and the United States and carried out in accordance with the provisions of an agreement for cooperation entered into pursuant to the provisions of section 123 of the Atomic Energy Act of 1954, as amended, to bring into operation in the territory of the members of the Community powerplants using nuclear reactors of types selected by the Commission and the Community, having as a goal a total installed capacity of approximately one million kilowatts of electricity by December 31, 1963, except that two reactors may be selected to be in operation by December 31, 1965.

(d) All other terms used in this Act shall have the same meaning as terms described in section 11 of the Atomic Energy Act of 1954, as amended.

SEC. 3. There is hereby authorized to be appropriated to the Commission, in accordance with the provisions of section 261 (a) (2) of the Atomic Energy Act of 1954, as amended, the sum of $3,000,000 as an initial authorization for fiscal year 1959 for use in a cooperative program of research and development in connection with the types of reactors selected by the Commission and the Community under the joint program. The Commission may enter into contracts for such periods as it deems necessary, but in no event to exceed five years, for the purpose of conducting the research and development program authorized by this section: Provided, That the Community authorizes an equivalent amount for use in the cooperative program of research and development.

SEC. 4. The Commission is authorized, within limits of amounts which may hereafter be authorized to be appropriated in accordance with the provisions of section 261 (a) (2) of the Atomic Energy Act of 1954, as amended, to make guarantee contracts which shall in the aggregate not exceed a total contingent liability of $90,000,000 designed to assure that the charges to an operator of a reactor constructed under the joint program for fabricating, processing, and transporting fuel will be no greater than would result under the fuel fabricating and fuel life guarantees which the Commission shall establish for such reactor. Within the limits of such amounts, the Commission is authorized to make contracts under this section, without regard to the provisions of sections 3679 and 3709 of the Revised Statutes, as amended, for such periods of time as it determines to be necessary: Provided, however, That no such contracts may extend for a period longer than that necessary to cover fuel loaded into a reactor constructed under the joint program during the first ten years of the reactor operation or prior to December 31, 1973 (or December 31, 1975, for not more than two reactors selected under section 2 (c)), whichever is earlier. In establishing criteria for the selection of
projects and in entering into such guarantee contracts, the Commission shall be guided by, but not limited to, the following principles:

(a) The Commission shall encourage a strong and competitive atomic equipment manufacturing industry in the United States designed to provide diversified sources of supply for reactor parts and reactor fuel elements under the joint program;

(b) The guarantee shall be consistent with the provisions of this Act and of Attachment A to the Memorandum of Understanding between the Government of the United States and the Community, signed in Brussels on May 29, 1958, and in Washington, District of Columbia, on June 12, 1958, and transmitted to Congress on June 28, 1958;

(c) The Commission shall establish and publish minimum levels of fuel element cost and life to be guaranteed by the manufacturer as a basis for inviting and evaluating proposals.

(d) The guarantee by the manufacturer shall be as favorable as any other guarantee offered by the manufacturer for any comparable fuel element within a reasonable time period; and

(e) The Commission shall obtain a royalty-free, non-exclusive, irrevocable license for governmental purposes to any patents on inventions or discoveries made or conceived by the manufacturer in the course of development or fabrication of fuel elements during the period covered by the Commission's guarantee.

Sec. 5. Pursuant to the provisions of section 54 of the Atomic Energy Act of 1954, as amended, there is hereby authorized for sale or lease to the Community:

Thirty thousand kilograms of contained uranium 235

One kilogram of plutonium

in accordance with the provisions of an agreement for cooperation between the Government of the United States and the Community entered into pursuant to the provisions of section 123 of the Atomic Energy Act of 1954, as amended: Provided, That the Government of the United States obtains the equivalent of a first lien on any such material sold to the Community for which payment is not made in full at the time of transfer.

Sec. 6. (a) The Atomic Energy Commission is authorized to purchase or otherwise acquire from the Community special nuclear material or any interest therein from reactors constructed under the joint program in accordance with the terms of an agreement for cooperation entered into pursuant to the provisions of section 123 of the Atomic Energy Act of 1954, as amended: Provided, That neither plutonium nor uranium 233 nor any interest therein shall be acquired under this section in excess of the total quantities authorized by law. The Commission is hereby authorized to acquire from the Community pursuant to this section up to four thousand one hundred kilograms of plutonium for use only for peaceful purposes.

(b) Any contract made under the provisions of this section to acquire plutonium or any interest therein may be at such prices and for such period of time as the Commission may deem necessary: Provided, That with respect to plutonium produced in any reactor constructed under the joint program, no such contract shall be for a period greater than ten years of operation of such reactors or December 31, 1973 (or December 31, 1975, for not more than two reactors selected under section 2 (c)), whichever is earlier: And provided further, That no such contract shall provide for compensation or the payment of a purchase price in excess of the Commission's established price in effect at the time of delivery to the Commission for such material as fuel in a nuclear reactor.
(c) Any contract made under the provisions of this section to acquire uranium enriched in the isotope uranium 235 may be at such price and for such period of time as the Commission may deem necessary: Provided, That no such contract shall be for a period of time extending beyond the terminal date of the agreement for cooperation with the Community or provide for the acquisition of uranium enriched in the isotope U–235 in excess of the quantities of such material that have been distributed to the Community by the Commission less the quantity consumed in the nuclear reactors involved in the joint program: And provided further, That no such contract shall provide for compensation or the payment of a purchase price in excess of the Atomic Energy Commission's established charges for such material in effect at the time delivery is made to the Commission.

(d) Any contract made under this section for the purchase of special nuclear material or any interest therein may be made without regard to the provisions of section 3679 of the Revised Statutes, as amended.

(e) Any contract made under this section may be made without regard to section 3709 of the Revised Statutes, as amended, upon certification by the Commission that such action is necessary in the interest of the common defense and security, or upon a showing by the Commission that advertising is not reasonably practicable.

Sec. 7. The Government of the United States of America shall not be liable for any damages or third party liability arising out of or resulting from the joint program: Provided, however, That nothing in this section shall deprive any person of any rights under section 170 of the Atomic Energy Act of 1954, as amended. The Government of the United States shall take such steps as may be necessary, including appropriate disclaimer or indemnity arrangements, in order to carry out the provisions of this section.

administered by the Veterans' Administration, it is established by evi-
dence satisfactory to the Administrator that she, without knowledge
of any legal impediment, entered into a marriage with such veteran
which, but for a legal impediment, would have been valid, and there-
after cohabitated with him for five or more years immediately before
his death, the purported marriage shall be deemed to be a valid mar-
riage, but only if no claim has been filed by a legal widow of such
veteran who is found to be entitled to such benefits. No duplicate pay-
ments shall be made by virtue of this subsection.

(b) Where a widow has been legally married to a veteran more
than once, the date of original marriage will be used in determining
whether the statutory requirement as to date of marriage has been met.

(c) In determining whether or not a woman is or was the wife of a
veteran, their marriage shall be proven as valid for the purposes of
all laws administered by the Veterans' Administration according to
the law of the place where the parties resided at the time of the mar-
riage or the law of the place where the parties resided when the right

over the age of eighteen years and under the age of twenty-one years
who is attending a school, college, academy, seminary, technical insti-
tute, university, or other educational institution, the Administrator
may approve or disapprove such educational institutions.

(b) The Administrator may not approve an educational institution
under this section unless such institution has agreed to report to him
the termination of attendance of any child. If any educational insti-
tution fails to report any such termination promptly, the approval of
the Administrator shall be withdrawn.

§ 105. Line of duty and misconduct

(a) An injury or disease incurred during active military, naval, or
air service will be deemed to have been incurred in line of duty and
not the result of the veteran's own misconduct when the person on
whose account benefits are claimed was, at the time the injury was
suffered or disease contracted, in active military, naval, or air service,
whether on active duty or on authorized leave, unless such injury or
disease was the result of his own willful misconduct. Venereal dis-
ease shall not be presumed to be due to willful misconduct if the person
in service complies with the regulations of the appropriate service de-
partment requiring him to report and receive treatment for such
disease.

(b) The requirement for line of duty will not be met if it appears
that at the time the injury was suffered or disease contracted the person
on whose account benefits are claimed (1) was avoiding duty by de-
serting the service, or by absenting himself without leave materially
interfering with the performance of military duties; (2) was confined
under sentence of court-martial involving an unremitted dishonorable
discharge; or (3) was confined under sentence of a civil court for a
felony (as determined under the laws of the jurisdiction where the
person was convicted by such court).

(a) (1) Service as a member of the Women's Army Auxiliary
Corps for ninety days or more by any woman who before October 1,
1943, was honorably discharged for disability incurred or aggravated
in line of duty which rendered her physically unfit to perform further
service in the Women's Army Auxiliary Corps or the Women's Army
Corps shall be considered active duty for the purposes of all laws administered by the Veterans' Administration.

(2) Any person entitled to compensation or pension by reason of this subsection and to employees' compensation based upon the same service under the Federal Employees' Compensation Act must elect which benefit she will receive.

(b) Any person—

(1) who has applied for enlistment or enrollment in the active military, naval, or air service and has been provisionally accepted and directed or ordered to report to a place for final acceptance into such service; or

(2) who has been selected or drafted for service in the Armed Forces and has reported pursuant to the call of his local draft board and before rejection; or

(3) who has been called into the Federal service as a member of the National Guard, but has not been enrolled for the Federal service; and

who has suffered an injury or contracted a disease in line of duty while en route to or from, or at, a place for final acceptance or entry upon active duty, will, for the purposes of chapters 11, 13, 19, 21, 31, and 39 of this title, and for purposes of determining service-connection of a disability under chapter 17 of this title, be considered to have been on active duty and to have incurred such disability in the active military, naval, or air service.

(c) For the purposes of this title, whenever an individual is discharged or released after December 31, 1956, from a period of active duty he shall be deemed to continue on active duty during the period of time immediately following the date of such discharge or release from such duty determined by the Secretary concerned to be required for him to proceed to his home by the most direct route, and in any event, until midnight of the date of such discharge or release.

(d) For the purposes of this title, any individual—

(1) who, when authorized or required by competent authority, assumes an obligation to perform active duty for training or inactive duty training; and

(2) who is disabled or dies from an injury incurred after December 31, 1956, by him while proceeding directly to or returning directly from such active duty for training or inactive duty training, as the case may be;

shall be deemed to have been on active duty for training or inactive duty training, as the case may be, at the time such injury was incurred. In determining whether or not such individual was so authorized or required to perform such duty, and whether or not he was disabled or died from injury so incurred, the Administrator shall take into account the hour on which he began so to proceed or to return; the hour on which he was scheduled to arrive for, or on which he ceased to perform, such duty; the method of travel employed; his itinerary; the manner in which the travel was performed; and the immediate cause of disability or death. Whenever any claim is filed alleging that the claimant is entitled to benefits by reason of this subsection, the burden of proof shall be on the claimant.

§ 107. Certain service deemed not to be active service

(a) Service before July 1, 1946, in the organized military forces of the Government of the Commonwealth of the Philippines, while such forces were in the service of the Armed Forces of the United States pursuant to the military order of the President dated July 26, 1941, including among such military forces organized guerrilla forces under commanders appointed, designated, or subsequently recognized by the Commander in Chief, Southwest Pacific Area, or other competent
authority in the Army of the United States, shall not be deemed to have been active military, naval, or air service for the purposes of any law of the United States conferring rights, privileges, or benefits upon any person by reason of the service of such person or the service of any other person in the Armed Forces, except benefits under—

(1) contracts of National Service Life Insurance entered into before February 18, 1946;
(2) the Missing Persons Act; and
(3) chapters 11, 13 (except section 412), and 23 of this title.

Payments under such chapters shall be made at the rate of one peso for each dollar otherwise authorized, and where annual income is a factor in entitlements to benefits, the dollar limitations in the law specifying such annual income shall apply at the rate of one Philippine peso for each dollar. Any payments made before February 18, 1946, to any such member under such laws conferring rights, benefits, or privileges shall not be deemed to have been invalid by reason of the circumstance that his service was not service in the Armed Forces or any component thereof within the meaning of any such law.

(b) Service in the Philippine Scouts under section 14 of the Armed Forces Voluntary Recruitment Act of 1945 shall not be deemed to have been active military, naval, or air service for the purposes of any of the laws administered by the Veterans' Administration except—

(1) with respect to contracts of National Service Life Insurance entered into (A) before May 27, 1946, (B) under section 620 or 621 of the National Service Life Insurance Act of 1940, or (C) under section 722 of this title; and
(2) chapters 11 and 13 (except section 412) of this title.

Payments under such chapters shall be made at the rate of one peso for each dollar otherwise authorized, and where annual income is a factor in entitlement to benefits, the dollar limitations in the law specifying such annual income shall apply at the rate of one Philippine peso for each dollar.

§ 108. Seven-year absence presumption of death

(a) No State law providing for presumption of death shall be applicable to claims for benefits under laws administered by the Veterans' Administration.

(b) If evidence satisfactory to the Administrator is submitted establishing the continued and unexplained absence of any individual from his home and family for seven or more years, and establishing that after diligent search no evidence of his existence after the date of disappearance has been found or received, the death of such individual as of the date of the expiration of such period shall be considered as sufficiently proved.

(c) Except in a suit brought pursuant to section 784 of this title, the finding of death made by the Administrator shall be final and conclusive.

§ 109. Benefits for discharged members of allied forces

(a) (1) In consideration of reciprocal services extended to the United States, the Administrator, upon request of the proper officials of the government of any nation allied or associated with the United States in World War I (except any nation which was an enemy of the United States during World War II), or in World War II, may furnish to discharged members of the armed forces of such government, under agreements requiring reimbursement in cash of expenses so incurred, at such rates and under such regulations as the Administrator may prescribe, medical, surgical, and dental treatment, hospital care, transportation and traveling expenses, prosthetic appliances, education, training, or similar benefits authorized by the laws of such
nation for its veterans, and services required in extending such benefits. Hospitalization in a Veterans' Administration facility shall not be afforded under this section, except in emergencies, unless there are available beds surplus to the needs of veterans of this country. The Administrator may also pay the court costs and other expenses incident to the proceedings taken for the commitment of such discharged members who are mentally incompetent to institutions for the care or treatment of the insane.

(2) The Administrator, in carrying out the provisions of this subsection, may contract for necessary services in private, State, and other Government hospitals.

(3) All amounts received by the Veterans' Administration as reimbursement for such services shall be credited to the current appropriation of the Veterans' Administration from which expenditures were made under this subsection.

(b) Persons who served in the active service in the armed forces of any government allied with the United States in World War II and who at time of entrance into such active service were citizens of the United States shall, by virtue of such service, and if otherwise qualified, be entitled to the benefits of chapters 31 and 37 of this title in the same manner and to the same extent as veterans of World War II are entitled. No such benefit shall be extended to any person who is not a resident of the United States at the time of filing claim, or to any person who has applied for and received the same or any similar benefit from the government in whose armed forces he served.

§ 110. Preservation of total disability ratings

A rating of total disability or permanent total disability which has been made for compensation, pension, or insurance purposes under laws administered by the Veterans' Administration, and which has been continuously in force for twenty or more years, shall not be reduced thereafter, except upon a showing that such rating was based on fraud.

§ 111. Travel expenses

(a) Under regulations prescribed by the President, the Administrator may pay the actual necessary expense of travel (including lodging and subsistence), or in lieu thereof an allowance based upon mileage traveled, of any person to or from a Veterans' Administration facility or other place in connection with vocational rehabilitation, counseling required by the Administrator pursuant to chapter 33 or 35 of this title, or for the purpose of examination, treatment, or care.

(b) Mileage may be paid under this section in connection with vocational rehabilitation, counseling, or upon termination of examination, treatment, or care.

(c) When any person entitled to mileage under this section requires an attendant (other than an employee of the Veterans' Administration) in order to perform such travel, the attendant may be allowed expenses of travel upon the same basis as such person.

(d) The Administrator may provide for the purchase of printed reduced-fare requests for use by veterans and their authorized attendants when traveling at their own expense to or from any Veterans' Administration facility.

§ 310. Basic entitlement
For disability resulting from personal injury suffered or disease contracted in line of duty, or for aggravation of a preexisting injury suffered or disease contracted in line of duty, in the active military, naval, or air service, during a period of war, the United States will pay to any veteran thus disabled and who was discharged or released under conditions other than dishonorable from the period of service in which said injury or disease was incurred, or preexisting injury or disease was aggravated, compensation as provided in this subchapter, but no compensation shall be paid if the disability is the result of the veteran’s own willful misconduct.

§ 311. Presumption of sound condition
For the purposes of section 310 of this title, every veteran shall be taken to have been in sound condition when examined, accepted, and enrolled for service, except as to defects, infirmities, or disorders noted at the time of the examination, acceptance, and enrollment, or where clear and unmistakable evidence demonstrates that the injury or disease existed before acceptance and enrollment and was not aggravated by such service.
§ 312. Presumptions relating to certain diseases

For the purposes of section 310 of this title, and subject to the provisions of section 313 of this title, in the case of any veteran who served for ninety days or more during a period of war—

§ 313. Presumptions rebuttable

(a) Where there is affirmative evidence to the contrary, or evidence to establish that an intercurrent injury or disease which is a recognized cause of any of the diseases within the purview of section 312 of this title, has been suffered between the date of separation from service and the onset of any such diseases, or the disability is due to the veteran's own willful misconduct, service-connection pursuant to section 312 of this title will not be in order.

(b) Nothing in section 312 of this title or subsection (a) of this section shall be construed to prevent the granting of service-connection for any disease or disorder otherwise shown by sound judgment to have been incurred in or aggravated by active military, naval, or air service.

(b) The additional compensation for a dependent or dependents provided by this section shall not be payable to any veteran during any period he is in receipt of an increased rate of subsistence allowance or education and training allowance on account of a dependent or dependents under any other law administered by the Veterans' Administration.

The veteran may elect to receive whichever is the greater.

§ 332. Presumption of sound condition

For the purposes of section 331 of this title, every person employed in the active military, naval, or air service for six months or more shall be taken to have been in sound condition when examined,

§ 333. Presumptions relating to certain diseases

(a) For the purposes of section 331 of this title, and subject to the provisions of subsections (b) and (c) of this section, any veteran who served for six months or more and contracts a tropical disease or a resultant disorder or disease originating because of therapy administered in connection with a tropical disease, or as a preventative thereof, shall be deemed to have incurred such disability in the active military, naval, or air service when it is shown to exist within one year after separation from active service, or at a time when standard and accepted treatises indicate that the incubation period thereof commenced during active service.

The amounts payable under this section shall be adjusted upward or downward to the nearest dollar, counting fifty cents and over as a whole dollar.

§ 336. Conditions under which wartime rates payable

Any veteran otherwise entitled to compensation under the provisions of this subchapter shall be entitled to receive the rate of compensation provided in section 314 and 315 of this title, if the disability of such veteran resulted from an injury or disease received in line of duty (1) as a direct result of armed conflict, (2) while engaged in extrahazardous service, including such service under conditions simulating war, or (3) after December 31, 1946, and before July 26, 1947.

Subchapter V—Peacetime Death Compensation

§ 343. Conditions under which wartime rates payable
The dependents of any deceased veteran otherwise entitled to compensation under the provisions of this subchapter shall be entitled to receive the rate of compensation provided in section 322 of this title, if the death of such veteran resulted from an injury or disease received in line of duty (1) as a direct result of armed conflict, (2) while engaged in extrahazardous service, including such service under conditions simulating war, or (3) after December 31, 1946, and before July 26, 1947, or (4) while the United States was engaged in any war before April 21, 1898.

Subchapter VI—General Compensation Provisions

§ 351. Benefits for persons disabled by treatment or vocational rehabilitation
Where any veteran shall have suffered an injury, or an aggravation of an injury, as the result of hospitalization, medical or surgical treatment, or the pursuit of a course of vocational rehabilitation under chapter 31 of this title, awarded him under any of the laws administered by the Veterans' Administration, or as a result of having submitted to an examination under any such law, and not the result of his own willful misconduct, and such injury or aggravation results in additional disability to or the death of such veteran, disability or death compensation under this chapter and dependency and indemnity compensation under chapter 13 of this title shall be awarded in the same manner as if such disability, aggravation, or death were service-connected; except that no benefits shall be awarded unless application be made therefor within two years after such injury or aggravation was suffered, or such death occurred.

§ 352. Persons heretofore having a compensable status
The death and disability benefits of this chapter shall, notwithstanding the service requirements thereof, be granted to persons heretofore recognized by law as having a compensable status, including persons whose claims are based on war or peacetime service rendered before April 21, 1898.

§ 353. Aggravation
A preexisting injury or disease will be considered to have been aggravated by active military, naval, or air service, where there is an increase in disability during such service, unless there is a specific finding that the increase in disability is due to the natural progress of the disease.

§ 354. Consideration to be accorded time, place and circumstances of service
(a) The Administrator shall include in the regulations pertaining to service-connection of disabilities, additional provisions in effect requiring that in each case where a veteran is seeking service-connection for any disability due consideration shall be given to the places, types, and circumstances of his service as shown by his service record, the official history of each organization in which he served, his medical records, and all pertinent medical and lay evidence.
(b) In the case of any veteran who engaged in combat with the enemy in active service with a military, naval, or air organization of the United States during a period of war, campaign, or expedition, the Administrator shall accept as sufficient proof of service-connection of any disease or injury alleged to have been incurred in or aggravated by such service satisfactory lay or other evidence of service incidence or aggravation of such injury or disease, if consistent with the circumstances, conditions, or hardships of such service, notwithstanding the fact that there is no official record of such incidence or aggravation in such service, and, to that end, shall resolve every reasonable doubt in favor of the veteran. Service-connection of such injury or disease may be rebutted by clear and convincing evidence to the contrary. The reasons for granting or denying service-connection in each case shall be recorded in full.

§ 355. Authority for schedule for rating disabilities

The Administrator shall adopt and apply a schedule of ratings of reductions in earning capacity from specific injuries or combination of injuries. The ratings shall be based, as far as practicable, upon the average impairments of earning capacity resulting from such injuries in civil occupations. The schedule shall be constructed so as to provide ten grades of disability and no more, upon which payments of compensation shall be based, namely, 10 per centum, 20 per centum, 30 per centum, 40 per centum, 50 per centum, 60 per centum, 70 per centum, 80 per centum, 90 per centum, and total, 100 per centum. The Administrator shall from time to time readjust this schedule of ratings in accordance with experience.

§ 356. Minimum rating for arrested tuberculosis

Any veteran shown to have active tuberculosis which is compensable under this chapter, who in the judgment of the Administrator has reached a condition of complete arrest, shall be rated as totally disabled for a period of two years following such date of arrest, as 50 per centum disabled for an additional period of four years, and 30 per centum for a further five years. Following far advanced active lesions the permanent rating shall be 30 per centum, and following moderately advanced lesions, the permanent rating, after eleven years, shall be 20 per centum, provided there is continued disability, dyspnea on exertion, impairment of health, and so forth; otherwise the rating shall be zero per centum. The total disability rating herein provided for the two years following a complete arrest may be reduced to 50 per centum for failure to follow prescribed treatment or to submit to examination when requested. This section shall not be construed as requiring a reduction of compensation authorized under any other provision of this chapter.

§ 357. Combination of certain ratings

The Administrator shall provide for the combination of ratings and pay compensation at the rates prescribed in subchapter II of this chapter to those veterans who served during a period of war and during any other time, who have suffered disability in line of duty in each period of service.

§ 358. Disappearance

Where an incompetent veteran receiving compensation under this chapter disappears, the Administrator, in his discretion, may pay the compensation otherwise payable to the veteran to his wife, children, and parents. Payments made to a wife, child, or parent under the preceding sentence shall not exceed the amounts payable to each if the veteran had died from service-connected disability.

§ 401. Definitions

As used in this chapter—

(1) The term “basic pay” means the monthly pay prescribed by sections 232 (a), 232 (e), or 308 of Title 37, as may be appropriate, for a member of a uniformed service on active duty.

(2) The term “veteran” includes a person who died in the active military, naval, or air service.

§ 402. Computation of basic pay

(a) With respect to a veteran who died in the active military, naval, or air service, his basic pay shall be that prescribed on January 1, 1957, or on the date of his death (whichever is the later date) for a member of a uniformed service on active duty of the same rank and years of service as that of the deceased veteran at the time of his death.

(b) With respect to a veteran who did not die in the active military, naval, or air service, his basic pay shall be that prescribed on January 1, 1957, or on the date of his death (whichever is the later date) for a member of a uniformed service on active duty of the same rank and years of service as that of the deceased veteran—

(1) at the time of his last discharge or release from active duty under conditions other than dishonorable; or

(2) at the time of his discharge or release from any period of active duty for training or inactive duty training, if his death results from service-connected disability incurred during such period and if he was not thereafter discharged or released under conditions other than dishonorable from active duty.

(c) (1) The basic pay of any veteran described in section 106 (b) of this title shall be that to which he would have been entitled upon final acceptance or entry upon active duty.

(2) The basic pay of any person not otherwise described in this section, but who had a compensable status on the date of his death under laws administered by the Veterans’ Administration, shall be determined by the head of the department under which such person performed the services by which he obtained such status (taking into consideration his duties, responsibilities, and years of service) and certified to the Administrator. For the purposes of this chapter, such person shall be deemed to have been on active duty while performing such services.
§ 403. Coverage of members of Reserve Officers' Training Corps

For the purposes of this chapter and section 722 of this title, annual training duty to which ordered for a period of fourteen days or more by a member of a Reserve Officers' Training Corps, and authorized travel to or from such duty, shall be deemed to be active military, naval, or air service. The basic pay of any such member shall be considered to be the monthly pay of a person having the rank and years of service of those members of a uniformed service to which such member's pay is assimilated.

§ 404. Special provisions relating to widows

No dependency and indemnity compensation shall be paid to the widow of a veteran dying after December 31, 1956, unless she was married to him—

(1) before the expiration of fifteen years after the termination of the period of service in which the injury or disease causing the death of the veteran was incurred or aggravated; or

(2) for five or more years; or

(3) for any period of time if a child was born of the marriage.

Subchapter II—Dependency and Indemnity Compensation

§ 410. Deaths entitling survivors to dependency and indemnity compensation

(a) When any veteran dies after December 31, 1956, from a service-connected or compensable disability, the Administrator shall pay dependency and indemnity compensation to his widow, children, and parents. The standards and criteria for determining whether or not a disability is service-connected shall be those applicable under chapter 11 of this title.

(b) Dependency and indemnity compensation shall not be paid to the widow, children, or parents of any veteran dying after December 31, 1956, unless he (1) was discharged or released under conditions other than dishonorable from the period of active military, naval, or air service in which the disability causing his death was incurred or aggravated, or (2) died while in the active military, naval, or air service.

§ 411. Dependency and indemnity compensation to a widow

(a) Dependency and indemnity compensation shall be paid to a widow at a monthly rate equal to $112 plus 12 per centum of the basic pay of her deceased husband.

(b) If there is a widow and two or more children below the age of eighteen of a deceased veteran, and—

(1) the total of the monthly benefits to which such widow and children are (or would be, upon the filing of an application) entitled on the basis of such deceased veteran's status under the laws referred to in subsection (d); is less than

(2) the amount described in subsection (e); then the dependency and indemnity compensation paid monthly to the widow shall be increased by $25 for each such child in excess of one; however, the total of increases under this subsection shall not exceed the difference between the amounts referred to in subparagraphs (1) and (2) of this subsection.

(c) If the amount determined under subsection (a), after increase (if any) under subsection (b), involves a fraction of a dollar, the amount payable shall be increased by the Administrator to the next higher dollar.
(d) The laws referred to in subsection (b) (1) are—
   (1) section 412 of this title;
   (2) section 402 of title 42 (including the reduction provisions of subsection (a) of section 403 of title 42, but without regard to the deduction provisions of section 403); and
   (3) section 228e of title 45 (including the reduction provisions of section 228c-1 (i) and 228e (h) of title 45).

(e) The amount referred to in subsection (b) (2) is an amount equal to the total of the monthly benefits to which a widow and two children of a deceased fully and currently insured individual would be entitled under section 402 of title 42 (after reduction under subsection (a) of section 403 of title 42 but without regard to deduction provisions of section 403) if such deceased individual's average monthly wage had been $160.

(f) The amount referred to in subsection (b) (1) shall be determined by the Secretary of Health, Education, and Welfare, or the Railroad Retirement Board, as the case may be, and shall be certified to the Administrator upon his request.

§ 412. Benefits in certain cases of in-service or service-connected deaths

In the case of any veteran—
   (1) who dies after December 31, 1956, and is not a fully and currently insured individual (as defined in section 414 of title 42) at the time of his death; and
   (2) whose death occurs—
      (A) while on active duty, active duty for training, or inactive duty training; or
      (B) as the result of a service-connected disability incurred after September 15, 1940; and
   (3) who leaves one or more survivors who are not entitled for any month to monthly benefits under section 402 of title 42 on the basis of his wages and self-employment income but who would, upon application therefor, be entitled to such benefits if he had been fully and currently insured at the time of his death;

the Administrator shall pay for such month benefits under this section to each such survivor in an amount equal to the amount of the benefits which would have been paid for such month to such survivor under subchapter II of chapter 7 of title 42, if such veteran had been both fully and currently insured at the time of his death and if such survivor had filed application therefor on the same date on which application for benefits under this section is filed with the Administrator.

§ 413. Dependency and indemnity compensation to children

Whenever there is no widow of a deceased veteran entitled to dependency and indemnity compensation, dependency and indemnity compensation shall be paid in equal shares to the children of the deceased veteran at the following monthly rates:

   (1) One child, $70.
   (2) Two children, $100.
   (3) Three children, $130.
   (4) More than three children, $130, plus $25 for each child in excess of three.

§ 414. Supplemental dependency and indemnity compensation to children

(a) In the case of a child entitled to dependency and indemnity compensation who has attained the age of eighteen and who, while under such age, became permanently incapable of self-support, the dependency and indemnity compensation paid monthly to him shall be increased by $25.
(b) If dependency and indemnity compensation is payable monthly to a woman as a "widow" and there is a child (of her deceased husband) who has attained the age of eighteen and who, while under such age, became permanently incapable of self-support, dependency and indemnity compensation shall be paid monthly to each such child, concurrently with the payment of dependency and indemnity compensation to the widow, in the amount of $70.

(c) If dependency and indemnity compensation is payable monthly to a woman as a "widow" and there is a child (of her deceased husband) who has attained the age of eighteen and who, while under the age of twenty-one, is pursuing a course of instruction at an educational institution approved under section 104 of this title, dependency and indemnity compensation shall be paid monthly to each such child, concurrently with the payment of dependency and indemnity compensation to the widow, in the amount of $35.

§ 415. Dependency and indemnity compensation to parents

(a) Dependency and indemnity compensation shall be paid monthly to parents of a deceased veteran in the amounts prescribed by this section.

(b) Except as provided in subsection (d), if there is only one parent, dependency and indemnity compensation shall be paid to him at a monthly rate equal to the amount under column II of the following table opposite his total annual income as shown in column I:

(e) The Administrator shall require as a condition of granting or continuing dependency and indemnity compensation to a parent that such parent file each year with him (on the form prescribed by him) a report showing the total income which such parent expects to receive in that year and the total income which such parent received in the preceding year. The parent or parents shall file with the Administrator a revised report whenever there is a material change in the estimated annual income.

(f) If the Administrator ascertains that there have been overpayments to a parent under this section, he shall deduct such overpayments (unless waived) from any future payments made to such parent under this section.

(g) (1) In determining income under this section, all payments of any kind or from any source shall be included, except—

- (A) payments of the six-months’ death gratuity;
- (B) donations from public or private relief or welfare organizations;
- (C) payments under this chapter (except section 412) and chapter 11 of this title;
- (D) lump-sum death payments under subchapter II of chapter 7 of title 42;
- (E) payments of bonus or similar cash gratuity by any State based upon service in the Armed Forces.

(2) The Administrator may provide by regulation for the exclusion from income under this section of amounts paid by a parent for unusual medical expenses.

§ 416. Dependency and indemnity compensation in cases of prior deaths

(a) (1) Any person who is eligible as a widow or child for death compensation by reason of a death occurring before January 1, 1957, may receive dependency and indemnity compensation upon application therefor.

(2) Any person who is eligible as a parent, or, but for his annual income, would be eligible as a parent, for death compensation by reason of a death occurring before January 1, 1957, may receive dependency and indemnity compensation upon application therefor; however, the annual income limitations established by section 415 of this title shall apply to each such parent.
(b) (1) Whenever the widow of a veteran has been granted dependency and indemnity compensation by reason of this section, payments to her and to the children of the veteran shall thereafter be made under this chapter, and shall not thereafter be made to them by reason of the death of the veteran under (A) other provisions of law administered by the Veterans Administration providing for the payment of compensation or pension, or (B) the Federal Employees’ Compensation Act.

(2) Whenever the child or parent of any veteran is granted dependency and indemnity compensation, payments shall not thereafter be made to such child or parent by reason of the death of the veteran under (A) other provisions of law administered by the Veterans Administration providing for the payment of compensation or pension, or (B) the Federal Employees’ Compensation Act.

(c) If children of a deceased individual are receiving death compensation, and all such children have not applied for dependency and indemnity compensation, (1) dependency and indemnity compensation paid to each child who has applied therefor shall not exceed the amounts which would be paid if the application had been made by, or on behalf of, all such children, and (2) benefits paid under other provisions of law administered by the Veterans Administration providing for the payment of compensation or pension, or under the Federal Employees’ Compensation Act, to each child who has not so applied therefor shall not exceed the amounts which would be paid to him if no such application had been made.

(d) If there are two parents of a deceased individual eligible for benefits by reason of subsection (a), and an application for dependency and indemnity compensation is not made by both parents, (1) dependency and indemnity compensation paid to the parent who applies therefor shall not exceed the amounts which would be paid to him if both parents had so applied, and (2) benefits paid under other provisions of law administered by the Veterans Administration providing for the payment of compensation or pension, or under the Federal Employees’ Compensation Act, to the parent who has not so applied therefor shall not exceed the amounts which would be paid to him if no such application had been made.

(e) (1) Except as provided in paragraphs (3) and (4), no person who, on January 1, 1957, was a principal or contingent beneficiary of any payments under the Servicemen’s Indemnity Act of 1951 may receive any such payments based upon the death giving rise to such payments after he has been granted dependency and indemnity compensation based upon that death. No principal or contingent beneficiary who has assigned his interest in payments under the Servicemen’s Indemnity Act of 1951 after June 28, 1956, may receive any payments under this chapter based upon the death giving rise to such payments until the portion of the indemnity so assigned is no longer payable to any person.

(2) Where a beneficiary is barred from the receipt of payments under the Servicemen’s Indemnity Act of 1951 by virtue of the first sentence of paragraph (1), no payments of the portion of indemnity in which such beneficiary had an interest shall be made to any other beneficiary.

(3) In the case of a child who has applied for dependency and indemnity compensation pursuant to this section or prior corresponding provisions of law, and who is or becomes a beneficiary under the Servicemen’s Indemnity Act of 1951 by reason of the death giving rise to his eligibility for dependency and indemnity compensation, the Administrator shall determine and pay to such child for each month, or part thereof, payments under this chapter or under such Act, whichever payment he determines to be the greater amount.
(4) Notwithstanding paragraph (2), where a child receives dependency and indemnity compensation under this chapter, and thereafter dies, the portion of servicemen's indemnity in which such child had an interest may be paid (subject to paragraph (3)) to another child of the person by reason of whose death such servicemen's indemnity was payable.

§ 417. Restriction on payments under this chapter

(a) No dependency and indemnity compensation shall be paid to the widow, children, or parents of any veteran dying after April 30, 1957, having in effect at the time of death a policy of United States Government life insurance or National Service Life Insurance under waiver of premiums under section 724 of this title, unless waiver of premiums on such policy was granted pursuant to the first proviso of section 622 (a) of the National Service Life Insurance Act of 1940, and the death occurs before the veteran's return to military jurisdiction or within one hundred and twenty days thereafter. Where dependency and indemnity compensation is not payable by reason of the preceding sentence, death compensation may be paid under section 321 or 341 of this title, as applicable.

(b) No person eligible for dependency and indemnity compensation by reason of any death occurring after December 31, 1956, shall be eligible by reason of such death for any payments under (1) provisions of law administered by the Veterans' Administration providing for the payment of death compensation or death pension, or (2) the Federal Employees' Compensation Act.

Subchapter III—Certifications

§ 421. Certifications with respect to basic pay

(a) The Secretary concerned shall, at the request of the Administrator, certify to him the basic pay, considering rank or grade and cumulative years of service for pay purposes, of deceased persons with respect to whose deaths applications for benefits are filed under this chapter. The certification of the Secretary concerned shall be binding upon the Administrator.

(b) Whenever basic pay (as defined in section 401 of this title) is increased or decreased, basic pay determined pursuant to this chapter shall increase or decrease accordingly.

§ 422. Certifications with respect to social security entitlement

(a) Determinations required by section 412 of this title (other than a determination required by section 412 (2) of this title) as to whether any survivor described in section 412 (3) of this title of a deceased individual would be entitled to benefits under section 402 of title 42 for any month and as to the amount of the benefits which would be paid for such month, if the deceased veteran had been a fully and currently insured individual at the time of his death, shall be made by the Secretary of Health, Education, and Welfare, and shall be certified by him to the Administrator upon request of the Administrator.

(b) Upon the basis of estimates made by the Secretary of Health, Education, and Welfare after consultation with the Administrator, the Administrator shall pay to the Secretary an amount equal to the costs which will be incurred in making determinations and certifications under subsection (a). Such payments shall be made with respect to the costs incurred during such period (but not shorter than a calendar quarter) as the Secretary and the Administrator may prescribe. The amount payable for any period shall be increased or reduced to compensate for any underpayment or overpayment, as the case may be, of the costs incurred in any preceding period.
(c) Except with respect to determinations made under subsection (a) of this section, the Administrator shall prescribe such regulations as may be necessary to carry out the provisions of this section and section 412 of this title.

§ 423. Certifications by Administrator

Whenever the Administrator determines on the basis of a claim for benefits filed with him that a death occurred under the circumstances referred to in section 1476 (a) of title 10, or section 321 (b) of title 32, he shall certify that fact to the Secretary concerned. In all other cases, he shall make the determination referred to in such section 1476 (a) or 321 (b) at the request of the Secretary concerned.

In addition, such modified agreement may provide that, during the period covered by such contract, medical services for Commonwealth Army veterans determined by the Administrator to be in need thereof for service-connected disabilities shall be provided either in Veterans' Administration facilities, or by contract, or otherwise, by the Administrator in accordance with the conditions and limitations applicable generally to beneficiaries under section 612 of this title.

(2) To provide for the use by the Republic of the Philippines of beds, equipment, and other facilities of the Veterans Memorial Hospital at Manila, not required for hospital care of Commonwealth Army veterans for service-connected disabilities, for hospital care of other persons in the discretion of the Republic of the Philippines. If such agreement is modified in accordance with this paragraph, such agreement (A) shall specify that priority of admission and retention in such hospital shall be accorded Commonwealth Army veterans needing hospital care for service-connected disabilities, and (B) shall not preclude the use of available facilities in such hospital on a contract basis for hospital care or medical services for persons eligible therefor from the Veterans' Administration.

§ 705. Renewal
All level premium term policies, except as otherwise provided in this section, shall cease and terminate at the expiration of the term period. At the expiration of any term period any five-year level premium term policy which has not been exchanged or converted to a permanent plan of insurance and which is not lapsed shall be renewed as level premium term insurance without application for a successive five-year period at the premium rate for the attained age without medical examination. However, renewal will be effected in cases where the policy is lapsed only if the lapse occurred not earlier than two months before the expiration of the term period, and reinstatement in such cases shall be under the terms and conditions prescribed by the Administrator. In any case in which the insured is shown by evidence satisfactory to the Administrator to be totally disabled at the expiration of the level premium term period of his insurance under conditions which would entitle him to continued insurance protection but for such expiration, his insurance, if subject
to renewal under this section, shall be automatically renewed for an
additional period of five years at the premium rate for the then at-
tained age, unless the insured has elected insurance on some other
available plan.

§ 706. Policy provisions
Provisions for cash, loan, paid-up, and extended values, dividends
from gains and savings, refund of unearned premiums, and such
other provisions as may be found to be reasonable and practicable
may be provided for in the policy of insurance from time to time by
regulations promulgated by the Administrator.

§ 707. Dividends to pay premiums
Until and unless the Veterans' Administration has received from
the insured a request in writing for payment in cash, any dividend
accumulations and unpaid dividends shall be applied in payment of
premiums becoming due on insurance subsequent to the date the
dividend is payable after January 1, 1952.

§ 708. Premium payments
The Administrator shall, by regulations, prescribe the time and
method of payment of the premiums on insurance, but payments of
premiums in advance shall not be required for periods of more than
one month each, and may at the election of the insured be deducted
from his active-service pay or be otherwise made. An amount equal
to the first premium due under a National Service Life Insurance
policy may be advanced from current appropriations for active-
service pay to any person in the active service in the Army, Navy,
Air Force, Marine Corps, or Coast Guard, which amount shall con-
stitute a lien upon any service or other pay accruing to the person
for whom such advance was made and shall be collected therefrom
if not otherwise paid. No disbursing or certifying officer shall be
responsible for any loss incurred by reason of such advance. Any
amount so advanced in excess of available service or other pay shall
constitute a lien on the policy within the provisions of section 3101
(b) of this title.

§ 709. Effective date of insurance
Insurance may be made effective, as specified in the application,
not later than the first day of the calendar month following the date
of application therefor, but the United States shall not be liable
thereunder for death occurring before such effective date.

§ 710. Incontestability
Subject to the provisions of section 711 of this title all contracts or
policies of insurance heretofore or hereafter issued, reinstated, or con-
verted shall be incontestable from the date of issue, reinstatement, or
conversion except for fraud, nonpayment of premium, or on the
ground that the applicant was not a member of the military or naval
forces of the United States. However, in any case in which a contract
or policy of insurance is canceled or voided after March 16, 1954,
because of fraud, the Administrator shall refund to the insured, if
living, or, if deceased, to the person designated as beneficiary (or if
none survives, to the estate of the insured) all money, without interest,
paid as premiums on such contract or policy for any period subsequent
to two years after the date such fraud induced the Veterans' Admin-
istration to issue, reinstate, or convert such insurance less any divi-
dends, loan, or other payment made to the insured under such contract
or policy.
§ 711. Forfeiture
Any person guilty of mutiny, treason, spying, or desertion, or who, because of conscientious objections, refuses to perform service in the
Armed Forces of the United States or refuses to wear the uniform of
such force, shall forfeit all rights to National Service Life Insurance.
No insurance shall be payable for death inflicted as a lawful punish-
ment for crime or for military or naval offense, except when inflicted
by an enemy of the United States; but the cash surrender value, if
any, of such insurance on the date of such death shall be paid to the
designated beneficiary, if living, or otherwise to the beneficiary or
beneficiaries within the permitted class in accordance with the order
specified in section 716 (b) of this title.

§ 712. Total disability waiver
(a) Upon application by the insured and under such regulations as
the Administrator may promulgate, payment of premiums on insur-
ance may be waived during the continuous total disability of the
insured, which continues or has continued for six or more consecutive
months, if such disability began (1) after the date of his application
for insurance, (2) while the insurance was in force under premium-
paying conditions, and (3) before the insured's sixtieth birthday.
(b) The Administrator, upon any application made after August 1,
1947, shall not grant waiver of any premium becoming due more than
one year before the receipt in the Veterans' Administration of applica-
tion for the same, except as provided in this section. Any premiums
paid for months during which waiver is effective shall be refunded.
The Administrator shall provide by regulations for examination or
reexamination of an insured claiming benefits under this section, and
may deny benefits for failure to cooperate. If it is found that an
insured is no longer totally disabled, the waiver of premiums shall
cease as of the date of such finding and the policy of insurance may
be continued by payment of premiums as provided in said policy.
In any case in which the Administrator finds that the insured's failure
to make timely application for waiver of premiums or his failure to
submit satisfactory evidence of the existence or continuance of total
disability was due to circumstances beyond his control, the Administra-
tor may grant waiver or continuance of waiver of premiums.
(c) If the insured dies without filing application for waiver, the
beneficiary, within one year after the death of the insured, or, if the
beneficiary is insane or a minor, within one year after removal of
such legal disability, may file application for waiver with evidence
of the insured's right to waiver under this section. Premium rates
shall be calculated without charge for the cost of waiver of premiums
provided in this section and no deduction from benefits otherwise
payable shall be made on account thereof.

§ 713. Death before six months' total disability
Whenever premiums are not waived under section 712 of this title
solely because the insured died prior to the continuance of total
disability for six months, and proof of such facts, satisfactory to the
Administrator, is filed by the beneficiary with the Veterans' Admin-
istration within one year after the insured's death, his insurance shall
be deemed to be in force at the date of his death, and the unpaid
premiums shall become a lien against the proceeds of his insurance.
If the beneficiary is insane or a minor, proof of such facts may be
filed within one year after removal of such legal disability.
§ 714. Statutory total disabilities

Without prejudice to any other cause of disability, the permanent loss of the use of both feet, of both hands, or of both eyes, or of one foot and one hand, or of one foot and one eye, or of one hand and one eye, or the total loss of hearing of both ears, or the organic loss of speech, shall be deemed total disability for insurance purposes.

§ 715. Total disability income provision

The Administrator shall, upon application by the insured and proof of good health satisfactory to the Administrator and payment of such extra premium as the Administrator shall prescribe, include in any National Service Life Insurance policy on the life of the insured (except a policy issued under section 620 of the National Service Life Insurance Act of 1940, or section 722 of this title) provisions whereby an insured who is shown to have become totally disabled for a period of six consecutive months or more commencing after the date of such application and before attaining the age of sixty and while the payment of any premium is not in default, shall be paid monthly disability benefits from the first day of the seventh consecutive month of and during the continuance of such total disability of $10 for each $1,000 of such insurance in effect when such benefits become payable. The total disability provision authorized under this section shall not be added to a policy containing the total disability coverage heretofore issued under section 602 (v) of the National Service Life Insurance Act of 1940, except upon surrender of such total disability coverage, proof of good health satisfactory to the Administrator, and payment of such extra premium as the Administrator shall determine is required in such cases. Participating policies containing additional provisions for the payment of disability benefits may be separately classified for the purpose of dividend distribution from otherwise similar policies not containing such benefit.

§ 716. Insurance which matured before August 1, 1946

(a) Insurance which matured before August 1, 1946, is payable in the following manner:

(1) If the beneficiary to whom payment is first made was under thirty years of age at the time of maturity, in two hundred and forty equal monthly installments.

(2) If the beneficiary to whom payment is first made was thirty or more years of age at the time of maturity, in equal monthly installments for one hundred and twenty months certain, with such payments continuing during the remaining lifetime of such beneficiary.

(3) If elected by the insured or a beneficiary entitled to make such an election under prior provisions of law, as a refund life income in monthly installments payable for such period certain as may be required in order that the sum of the installments certain, including a last installment of such reduced amount as may be necessary, shall equal the face value of the contract, less any indebtedness, with such payments continuing throughout the lifetime of the first beneficiary. A refund life income optional settlement is not available in any case in which such settlement would result in payments of installments over a shorter period than one hundred and twenty months. If the mode of payment is changed to a refund life income in accordance with prior provisions of law, after payment has commenced, payment of monthly installments will be adjusted as of the date of maturity of such policy with credit being allowed for payments previously made on the insurance.
(b) Such insurance shall be payable only to a widow, widower, child, parent, brother or sister of the insured. Any installments certain of such insurance remaining unpaid at the death of any beneficiary shall be paid in equal monthly installments in an amount equal to the monthly installments paid to the first beneficiary, to the person or persons then in being within the following classes, and in the order named, unless designated by the insured in a different order:

(1) To the widow or widower of the insured, if living.
(2) If no widow or widower, to the child or children of the insured, if living, in equal shares.
(3) If no widow, widower, or child, to the parent or parents of the insured who last bore that relationship, if living, in equal shares.
(4) If no widow, widower, child, or parent, to the brothers and sisters of the insured, if living, in equal shares.

(c) The provisions of this section shall not be construed to enlarge the classes of beneficiaries heretofore authorized under section 602 (d) of the National Service Life Insurance Act of 1940, for payment of gratuitous insurance.

(d) If no beneficiary of insurance which matured before August 1, 1946, was designated by the insured or if the designated beneficiary did not survive the insured, the beneficiary shall be determined in accordance with the order specified in subsection (b) and the insurance shall be payable in equal monthly installments in accordance with subsection (a). The right of any beneficiary to payment of any installments of such insurance shall be conditioned upon his or her being alive to receive such payments. No person shall have a vested right to any installment or installments of any such insurance and any installments not paid to a beneficiary during such beneficiary’s lifetime shall be paid to the beneficiary or beneficiaries within the permitted class next entitled to priority, as provided in subsection (b).

(e) No installments of insurance which matured before August 1, 1946, shall be paid to the heirs or legal representatives as such of the insured or of any beneficiary, and if no person within the permitted class survives to receive the insurance or any part thereof no payment of the unpaid installments shall be made, except that if the reserve of a contract of converted National Service Life Insurance, together with dividends accumulated thereon, less any indebtedness under such contract, exceeds the aggregate amount paid to beneficiaries, the excess shall be paid to the estate of the insured unless the estate of the insured would escheat under the laws of his place of residence, in which event no payment shall be made. When the amount of an individual monthly payment of such insurance is less than $5, such amount may, in the discretion of the Administrator, be allowed to accumulate without interest and be disbursed annually.

(f) Any payments of insurance made to a person, represented by the insured to be within the permitted class of beneficiaries, shall be deemed to have been properly made and to satisfy fully the obligation of the United States under such insurance policy to the extent of such payments.

§ 717. Insurance maturing on or after August 1, 1946

(a) The insured shall have the right to designate the beneficiary or beneficiaries of insurance maturing on or after August 1, 1946, and shall, subject to regulations, at all times have the right to change the beneficiary or beneficiaries of such insurance without the consent of such beneficiary or beneficiaries.

(b) Insurance maturing on or after August 1, 1946, shall be payable in accordance with the following optional modes of settlement:

(1) In one sum.
(2) In equal monthly installments of from thirty-six to two
hundred and forty in number, in multiples of twelve.

(3) In equal monthly installments for one hundred and twenty
months certain with such payments continuing during the re-
main ing lifetime of the first beneficiary.

(4) As a refund life income in monthly installments payable
for such period certain as may be required in order that the sum
of the installments certain, including a last installment of such
reduced amount as may be necessary, shall equal the face value of
the contract, less any indebtedness, with such payments continuing
throughout the lifetime of the first beneficiary; however, such
optional settlement shall not be available in any case in which
such settlement would result in payments of installments over a
shorter period than one hundred and twenty months.

(c) Unless the insured elects some other mode of settlement, such
insurance shall be payable to the designated beneficiary or beneficiaries
in thirty-six equal monthly installments. The first beneficiary may
elect to receive payment under any option which provides for pay-
ment over a longer period of time than the option elected by the in-
sured, or if no option has been elected by the insured, in excess of
thirty-six months. If the option selected requires payment to any one
beneficiary of monthly installments of less than $10, the amount pay-
able to such beneficiary shall be paid in such maximum number of
monthly installments as are a multiple of twelve as will provide a
monthly installment of not less than $10. If the present value of the
amount payable at the time any person initially becomes entitled to
payment thereof is not sufficient to pay at least twelve monthly in-
stallments of not less than $10 each, such amount shall be payable
in one sum. Options (3) and (4) shall not be available if any firm,
corporation, legal entity (including the estate of the insured), or trus-
tee is beneficiary, or in any case in which an endowment contract
matures by reason of the completion of the endowment period.

(d) If the beneficiary of such insurance is entitled to a lump-sum
settlement but elects some other mode of settlement and dies before
receiving all the benefits due and payable under such mode of settle-
ment, the present value of the remaining unpaid amount shall be
payable to the estate of the beneficiary. If no beneficiary is design-
ated by the insured, or if the designated beneficiary does not survive
the insured, or if a designated beneficiary not entitled to a lump-sum
settlement survives the insured, and dies before receiving all the
benefits due and payable, then the commuted value of the remaining
unpaid insurance (whether accrued or not) shall be paid in one sum
to the estate of the insured. In no event shall there be any payment
to the estate of the insured or of the beneficiary of any sums unless
it is shown that any sums paid will not escheat.

§ 718. Assignments

Assignments of all or any part of the beneficiary's interest may be
made by a designated beneficiary to a widow, widower, child, father,
mother, grandfather, grandmother, brother, or sister of the insured,
when the designated contingent beneficiary, if any, joins the bene-
iciary in the assignment, and if the assignment is delivered to the
Veterans' Administration before any payments of the insurance shall
have been made to the beneficiary. However, an interest in an annuity,
when assigned, shall be payable in equal monthly installments in such
multiple of twelve as most nearly equals the number of installments
certain under such annuity, or in two hundred and forty installments,
whichever is the lesser.
§ 719. National Service Life Insurance appropriation

(a) The National Service Life Insurance appropriation is continued and there is authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, such sums as may be necessary to carry out the provisions of this chapter and the provisions herefore prescribed in the National Service Life Insurance Act of 1940, or related Acts, for the payment of liabilities under National Service Life Insurance. Payment from this appropriation shall be made upon and in accordance with awards by the Administrator.

(b) All premiums heretofore and hereafter paid on insurance issued or reinstated under subsections 602 (c) (2) and 602 (v) (1) of the National Service Life Insurance Act of 1940 where the requirement of good health was waived under such subsections because of a service-incurred injury or disability shall be credited directly to the National Service Life Insurance appropriation and any payments of benefits heretofore and hereafter made on such insurance shall be made directly from such appropriation.

§ 720. National Service Life Insurance Fund

(a) The National Service Life Insurance Fund heretofore created in the Treasury is continued as a permanent trust fund. Except as otherwise provided in this chapter, all premiums paid on account of National Service Life Insurance shall be deposited and covered into the Treasury to the credit of such fund, which, together with interest earned thereon, shall be available for the payment of liabilities under such insurance, including payment of dividends and refunds of unearned premiums. Payments from this fund shall be made upon and in accordance with awards by the Administrator.

(b) The Administrator is authorized to set aside out of such fund such reserve amounts as may be required under accepted actuarial principles to meet all liabilities under such insurance; and the Secretary of the Treasury is authorized to invest and reinvest such fund, or any part thereof, in interest-bearing obligations of the United States or in obligations guaranteed as to principal and interest by the United States, and to sell such obligations for the purposes of such fund.

§ 721. Extra hazard costs

(a) The United States shall bear the excess mortality cost and the cost of waiver of premiums on account of total disability traceable to the extra hazard of military or naval service, as such hazard may be determined by the Administrator.

(b) Whenever benefits under insurance become payable because of the death of the insured as the result of disease or injury traceable to the extra hazard of military or naval service, as such hazard may be determined by the Administrator, the liability for payment of such benefits shall be borne by the United States in an amount which, when added to the reserve of the policy at the time of death of the insured will equal the then value of such benefits under such policy. Where life contingencies are involved in the calculation of the value of such benefits of insurance heretofore or hereafter matured, the calculation of such liability or liabilities shall be based upon such mortality table or tables as the Administrator may prescribe with interest at the rate of 3 per centum per annum. The Administrator shall transfer from time to time from the National Service Life Insurance appropriation to the National Service Life Insurance Fund such sums as may be necessary to carry out the provisions of this section.

(c) Whenever the premiums under insurance are waived because of the total disability of the insured as the result of disease or injury traceable to the extra hazard of military or naval service, as such hazard may be determined by the Administrator, the premiums so
waived shall be paid by the United States and the Administrator shall transfer from time to time an amount equal to the amount of such premiums from the National Service Life Insurance appropriation to the National Service Life Insurance Fund.

(d) Whenever benefits under the total disability income provision become, or have become, payable because of total disability of the insured as a result of disease or injury traceable to the extra hazard of the military or naval service, as such hazard may be determined by the Administrator, the liability shall be borne by the United States, and the Administrator shall transfer from the National Service Life Insurance appropriation to the National Service Life Insurance Fund from time to time any amounts which become, or have become, payable to the insured on account of such total disability, and to transfer from the National Service Life Insurance Fund to the National Service Life Insurance appropriation the amount of the reserve held on account of the total disability benefit. When a person receiving such payments on account of total disability recovers from such disability, and is then entitled to continue protection under the total disability income provision, the Administrator shall transfer to the National Service Life Insurance Fund a sum sufficient to set up the then required reserve on such total disability benefit.

(e) Any disability for which a waiver was required as a condition to tendering a person a commission under Public Law 816, Seventy-seventh Congress, shall be deemed to be a disability resulting from an injury or disease traceable to the extra hazard of military or naval service for the purpose of applying this section.

§ 722. Service disabled veterans' insurance

(a) Any person who is released from active military, naval, or air service, under other than dishonorable conditions on or after April 25, 1951, and is found by the Administrator to be suffering from a disability or disabilities for which compensation would be payable if 10 per centum or more in degree and except for which such person would be insurable according to the standards of good health established by the Administrator, shall, upon application in writing made within one year from the date service-connection of such disability is determined by the Veterans’ Administration and payment of premiums as provided in this subchapter, be granted insurance by the United States against the death of such person occurring while such insurance is in force. If such a person is shown by evidence satisfactory to the Administrator to have been mentally incompetent during any part of the one-year period, application for insurance under this section may be filed within one year after a guardian is appointed or within one year after the removal of such disability as determined by the Administrator, whichever is the earlier date. If the guardian was appointed or the removal of the disability occurred before January 1, 1959, application for insurance under this section may be made within one year after that date. Insurance granted under this section shall be issued upon the same terms and conditions as are contained in the standard policies of National Service Life Insurance except (1) the premium rates for such insurance shall be based on the Commissioners 1941 Standard Ordinary Table of Mortality and interest at the rate of 2⅞ per centum per annum; (2) all cash, loan, paid-up, and extended values shall be based upon the Commissioners 1941 Standard Ordinary Table of Mortality and interest at the rate of 2⅞ per centum per annum; (3) all settlements on policies involving annuities shall be calculated on the basis of The Annuity Table for 1949, and interest at the rate of 2⅞ per centum per annum; (4) insurance granted under this section shall be on a nonparticipating basis and all premiums and other collections therefor shall be credited.
directly to a revolving fund in the Treasury of the United States, and any payments on such insurance shall be made directly from such fund. Appropriations to such fund are hereby authorized. As to insurance issued under this section, waiver of premiums pursuant to section 602 (n) of the National Service Life Insurance Act of 1940 and section 712 of this title shall not be denied on the ground that the service-connected disability became total before the effective date of such insurance.

(b) (1) Any person who, on or after April 25, 1951, was otherwise qualified for insurance under the provisions of section 620 of the National Service Life Insurance Act of 1940, or under subsection (a) of this section, but who did not apply for such insurance and who is shown by evidence satisfactory to the Administrator (A) to have been mentally incompetent from a service-connected disability, (i) at the time of release from active service, or (ii) during any part of the one-year period from the date the service connection of a disability is first determined by the Veterans' Administration, or (iii) after release from active service but is not rated service-connected disabled by the Veterans' Administration until after death; and (B) to have remained continuously so mentally incompetent until date of death; and (C) to have died before the appointment of a guardian, or within one year after the appointment of a guardian; shall be deemed to have applied for and to have been granted such insurance, as of the date of death, in an amount which, together with any other United States Government or National Service life insurance in force, shall aggregate $10,000. The date to be used for determining whether such person was insurable according to the standards of good health established by the Administrator, except for the service-connected disability, shall be the date of release from active service or the date the person became mentally incompetent, whichever is the later.

(2) Payments of insurance granted under subsection (b) (1) of this section shall be made only to the following beneficiaries and in the order named—

(A) to the widow or widower of the insured, if living and while unremarried;
(B) if no widow or widower entitled thereto, to the child or children of the insured, if living, in equal shares;
(C) if no widow or widower or child entitled thereto, to the parent or parents of the insured who last bore that relationship, if living, in equal shares.

(3) No application for insurance payments under this subsection shall be valid unless filed in the Veterans' Administration within two years after the date of death of the insured or before January 1, 1961, whichever is the later, and the relationship of the applicant shall be proved as of the date of death of the insured by evidence satisfactory to the Administrator. Persons shown by evidence satisfactory to the Administrator to have been mentally or legally incompetent at the time the right to apply for death benefits expires, may make such application at any time within one year after the removal of such disability.

(4) Notwithstanding the provisions of section 717 of this title, insurance under this subsection shall be payable at the election of the first beneficiary in 240 equal monthly installments or under the options specified in section 717 (b) (3) or (4) of this title. Any installments certain of insurance remaining unpaid at the death of any beneficiary shall be paid in equal monthly installments in an amount equal to the monthly installments paid to the first beneficiary, to the person or persons then in being within the classes specified in subsection (b) (2) of this section and in the order named.
(5) The right of any beneficiary to payment of any installments shall be conditioned upon his or her being alive to receive such payments. No person shall have a vested right to any installment or installments of any such insurance and any installments not paid to a beneficiary during such beneficiary's lifetime shall be paid to the beneficiary or beneficiaries within the permitted class next entitled to priority, as provided in subsection (b) (2) of this section. No installments of such insurance shall be paid to the heirs or legal representatives as such of the insured or of any beneficiary, and if no person within the permitted class survives to receive the insurance or any part thereof no payment of the unpaid installments shall be made.

§ 723. Veterans' special term insurance

(a) Insurance heretofore granted under the provisions of section 621 of the National Service Life Insurance Act of 1940, against the death of the policyholder occurring while such insurance is in force, is subject to the same terms and conditions as are contained in standard policies of National Service Life Insurance on the five-year level premium term plan except (1) such insurance may not be exchanged for or converted to insurance on any other plan; (2) the premium rates for such insurance shall be based on the Commissioners 1941 Standard Ordinary Table of Mortality and interest at the rate of 2\(\frac{1}{4}\) per centum per annum; (3) all settlements on policies involving annuities shall be calculated on the basis of The Annuity Table for 1949, and interest at the rate of 2\(\frac{1}{4}\) per centum per annum; (4) such insurance and any total disability provision added thereto shall be on a nonparticipating basis and all premiums and other collections therefor shall be credited to a revolving fund in the Treasury of the United States and the payments on such term insurance and any total disability provision added thereto shall be made directly from such fund. Appropriations to such fund are hereby authorized.

(b) The Administrator is authorized to invest in, and the Secretary of the Treasury is authorized to sell and retire, special interest-bearing obligations of the United States for the account of the revolving fund with a maturity date as may be agreed upon by the Administrator and Secretary. The rate of interest on such obligations shall be fixed by the Secretary of the Treasury at a rate not exceeding the average interest rate on all marketable obligations of the United States Treasury outstanding as of the end of the month preceding the date of issue of this special obligation.

§ 724. In-service waiver of premiums

(a) Waiver of all premiums on five-year level premium term insurance and that portion of any permanent insurance premiums representing the cost of the pure insurance risk, as determined by the Administrator, granted on National Service Life Insurance or United States Government life insurance under section 622 of the National Service Life Insurance Act of 1940 and in effect on January 1, 1959, shall, unless canceled, continue in effect according to the provisions of such section for the remainder of the insured's continuous active service and for one hundred and twenty days thereafter. Such premium waiver renders the contract of insurance nonparticipating during the period the waiver is in effect.

(b) Whenever benefits become payable because of the maturity of such insurance while under the premium waiver continued by this section, liability for payment of such benefits shall be borne by the United States in an amount which, when added to any reserve of the policy at the time of maturity, will equal the then value of such benefits under such policy. Where life contingencies are involved in the calculation of the value of such benefits, the calculation of such
liability or liabilities shall be based upon such mortality table or tables as the Administrator may prescribe with interest at the rate of 21/4 per centum per annum as to insurance issued under sections 620 and 621 of the National Service Life Insurance Act of 1940, at the rate of 3 per centum per annum as to other National Service Life Insurance, and 31/2 per centum per annum as to United States Government life insurance. The Administrator shall transfer from time to time from the National Service Life Insurance appropriation to the National Service Life Insurance Fund and from the military and naval insurance appropriation to the United States Government Life Insurance Fund such sums as may be necessary to carry out the provisions of this section.

Subchapter II—United States Government Life Insurance

§ 740. Definition
For the purposes of this subchapter, the term "insurance" means United States Government life insurance.

§ 741. Amount of insurance
United States Government life insurance shall be issued against death or total permanent disability in any multiple of $500 and not less than $1,000 or more than $10,000. No person may carry a combined amount of National Service Life Insurance and United States Government life insurance in excess of $10,000 at any one time.

§ 742. Plans of insurance
Regulations shall provide for the right to convert insurance on the five-year level premium term plan into ordinary life, twenty-payment life, endowment maturing at age sixty-two, and into other usual forms of insurance as may be prescribed by the Administrator. Provision shall be made for reconversion of any such policies to a higher premium rate or, upon proof of good health satisfactory to the Administrator, to a lower premium rate, in accordance with regulations to be issued by the Administrator. No reconversion shall be made to a five-year level premium term policy.

§ 743. Premiums
The premium rates for insurance shall be the net rates based upon the American Experience Table of Mortality and interest at 31/2 per centum per annum. Regulations shall prescribe the time and method of payment of premiums, but payments of premiums in advance shall not be required for periods of more than one month each, and may be deducted from the pay or deposit of the insured or be otherwise made at his election.

§ 744. Policy provisions
(a) Provisions for maturity at certain ages, for continuous installments during the lifetime of the insured or beneficiaries, or both, for refund of premiums, cash, loan, paid-up and extended values, dividends from gains and savings, and such other provisions for the protection and advantage of and for alternative benefits to the insured and the beneficiaries as may be found to be reasonable and practicable may be provided for in insurance contracts or from time to time by regulations.

(b) All calculations on insurance shall be based upon the American Experience Table of Mortality and interest at 31/2 per centum per annum, except that no deduction shall be made for continuous installments during the life of the insured in case his total and permanent disability continues more than two hundred and forty months.
(c) On and after July 19, 1939, the rate of interest charged on any loan secured by a lien on insurance shall not exceed 5 per centum per annum.

§ 745. Renewal

(a) Effective July 23, 1953, at the expiration of any term period any insurance policy issued on the five-year level premium term plan which has not been exchanged or converted to a permanent plan of insurance and which is not lapsed shall be renewed as level premium term insurance without application for a successive five-year period at the premium rate for the attained age without medical examination. However, on and after such date renewal shall be effected in cases where the policy is lapsed only if the lapse occurred not earlier than two months before the expiration of the term period, and reinstatement in such cases shall be under the terms and conditions prescribed by the Administrator. In any case where the five-year level premium term period expired between July 23, 1953, and December 31, 1953, both dates inclusive, under the conditions set forth in the preceding sentence, the insured, notwithstanding the expiration of an intervening five-year period, shall have not less than six months following the date of enactment of this title within which to meet the terms and conditions prescribed by the Administrator under the preceding sentence.

(b) This section shall take effect on the date of enactment of this title.

§ 746. Dividends to pay premiums

Until and unless the Veterans' Administration has received from the insured a request in writing for payment of dividends in cash or that the dividends be placed on deposit in accordance with the provisions of his policy, any regular annual dividends shall be applied in payment of premiums becoming due on insurance after the date the dividend is payable on or after December 31, 1958.

§ 747. Incontestability

Subject to the provisions of section 754 of this title all contracts or policies of insurance heretofore or hereafter issued, reinstated, or converted shall be incontestable from the date of issuance, reinstatement, or conversion, except for fraud, nonpayment of premiums, or on the ground that the applicant was not a member of the military or naval forces of the United States. The insured under such contract or policy may, without prejudicing his rights, elect to make claim to the Veterans' Administration or to bring suit under section 784 of this title on any prior contract or policy, and if found entitled thereto, shall, upon surrender of any subsequent contract or policy, be entitled to payments under the prior contract or policy. In any case in which a contract or policy of insurance is canceled or voided after March 16, 1954, because of fraud, the Administrator shall refund to the insured, if living, or, if deceased, to the person designated as beneficiary (or if none survives, to the estate of the insured) all money, without interest, paid as premiums on such contract or policy for any period subsequent to two years after the date such fraud induced the Veterans' Administration to issue, reinstate, or convert such insurance less any dividends, loan, or other payment made to the insured under such contract or policy.

§ 748. Total disability provision

The Administrator shall include in United States Government life insurance policies provision whereby an insured, who is totally disabled as a result of disease or injury for a period of four consecutive months or more before attaining the age of sixty-five years and before
default in payment of any premium, shall be paid disability benefits at the rate of $5.75 monthly for each $1,000 of insurance in force when total disability benefits become payable. The amount of such monthly payment under the provisions of this section shall not be reduced because of payment of permanent and total disability benefits under the insurance policy. Such payments shall be effective as of the first day of the fifth consecutive month, and shall be made monthly during the continuance of such total disability. Such payments shall be concurrent with or independent of permanent and total disability benefits under the insurance policy. In addition to the monthly disability benefits the payment of premiums on the life insurance and for the total disability benefits authorized by this section shall be waived during the continuance of such total disability. Regulations shall provide for reexaminations of beneficiaries under this section; and, in the event that it is found that an insured is no longer totally disabled, the waiver of premiums and payment of benefits shall cease and the insurance policy, including the total disability provision, may be continued by payment of premiums as provided in said policy and the total disability provision. Neither the dividends nor the amount payable in any settlement under any United States Government life insurance policy shall be decreased because of disability benefits granted under the provisions of this section. The payment of total disability benefits shall not prejudice the right of any insured, who is totally and permanently disabled, to permanent and total disability benefits under his insurance policy. The provision authorized by this section shall not be included in any United States Government life insurance policy heretofore or hereafter issued, except upon application, payment of premium by the insured, and proof of good health satisfactory to the Administrator. The benefit granted under this section shall be on the basis of multiples of $500, and not less than $1,000 or more than the amount of insurance in force at time of application. The Administrator shall determine the amount of the monthly premium to cover the benefits of this section, and in order to continue such benefits in force the monthly premiums shall be payable until the insured attains the age of sixty-five years or until the prior maturity of the policy. In all other respects monthly premium shall be payable under the same terms and conditions as the regular monthly premium on the United States Government life insurance policy.

§ 749. Change of beneficiary

Subject to regulations, the insured shall at all times have the right to change the beneficiary or beneficiaries of a United States Government life insurance policy without the consent of such beneficiary or beneficiaries.

§ 750. Payment to estates

If no beneficiary of insurance is designated by the insured, either in his lifetime or by his last will and testament, or if the designated beneficiary does not survive the insured, then there shall be paid to the estate of the insured the present value of the remaining unpaid monthly installments. If the designated beneficiary survives the insured and dies before receiving all of the installments of insurance payable and applicable, then there shall be paid to the estate of such beneficiary the present value of the remaining unpaid monthly installments. No payments shall be made to any estate which under the laws of the residence of the insured or the beneficiary, as the case may be, would escheat, but same shall escheat to the United States and be credited to the United States Government Life Insurance Fund.
§ 751. Payment of insurance
United States Government life insurance, except as provided in this subchapter, shall be payable in two hundred and forty equal monthly installments. When the amount of an individual monthly payment is less than $5, such amount may in the discretion of the Administrator be allowed to accumulate without interest and be disbursed annually.

§ 752. Optional settlement
The Administrator may provide in insurance contracts for optional settlements, to be selected by the insured, whereby such insurance may be made payable either in one sum or in installments for thirty-six months or more. A provision may also be included in such contracts authorizing the beneficiary to elect to receive payment of the insurance in installments for thirty-six months or more, but only if the insured has not exercised his right of election as provided in this subchapter. Even though the insured may have exercised his right of election the beneficiary may elect to receive such insurance in installments spread over a greater period of time than that selected by the insured.

§ 753. Assignments
Any person to whom United States Government life insurance shall be payable may assign his interest in such insurance to the spouse, child, grandchild, parent, brother, sister, uncle, aunt, nephew, niece, brother-in-law, or sister-in-law of the insured. Insofar as applicable, the definitions contained in section 3 of the World War Veterans' Act, 1924, in effect on December 31, 1958, shall apply to this section.

§ 754. Forfeiture
No yearly renewable term insurance or United States Government life insurance shall be payable for death inflicted as a lawful punishment for crime or military offense, except when inflicted by the enemy. In such cases the cash surrender value of United States Government life insurance, if any, on the date of such death shall be paid to the designated beneficiary if living, or if there be no designated beneficiary alive at the death of the insured the said value shall be paid to the estate of the insured.

§ 755. United States Government Life Insurance Fund
(a) All premiums paid on account of United States Government life insurance shall be deposited and covered into the Treasury to the credit of the United States Government Life Insurance Fund and shall be available for the payment of losses, dividends, refunds, and other benefits provided for under such insurance, including such liabilities as shall have been or shall hereafter be reduced to judgment in a district court of the United States or the United States District Court for the District of Columbia. Payments from this fund shall be made upon and in accordance with awards by the Administrator.

(b) The Administrator is authorized to set aside out of the funds so collected such reserve funds as may be required, under accepted actuarial principles, to meet all liabilities under such insurance; and the Secretary of the Treasury is authorized to invest and reinvest the said United States Government Life Insurance Fund, or any part thereof, in interest-bearing obligations of the United States or bonds of the Federal farm-loan banks and to sell said obligations of the United States or the bonds of the Federal farm-loan banks for the purposes of such Fund.
§ 756. Military and naval insurance appropriation

All sums heretofore or hereafter appropriated for the military and naval insurance appropriation and all premiums collected for yearly renewable term insurance deposited and covered into the Treasury to the credit of this appropriation shall be made available to the Veterans’ Administration. All premiums that may hereafter be collected for yearly renewable term insurance shall be deposited and covered into the Treasury for the credit of this appropriation. Such sum is made available for the payment of the liabilities of the United States incurred under contracts of yearly renewable term insurance. Payments from this appropriation shall be made upon and in accordance with the awards by the Administrator.

§ 757. Extra hazard costs

(a) The United States shall bear the excess mortality and disability cost resulting from the hazards of war on United States Government life insurance.

(b) Whenever benefits under United States Government life insurance become, or have become, payable because of total permanent disability of the insured or because of the death of the insured as a result of disease or injury traceable to the extra hazard of the military or naval service, as such hazard may be determined by the Administrator, the liability shall be borne by the United States. In such cases the Administrator shall transfer from the military and naval insurance appropriation to the United States Government Life Insurance Fund a sum which, together with the reserve of the policy at the time of maturity by total permanent disability or death, will equal the then value of such benefits. When a person receiving total permanent disability benefits under a United States Government life insurance policy recovers from such disability and is then entitled to continue a reduced amount of insurance, the Administrator shall transfer to the military and naval insurance appropriation all of the loss reserve to the credit of such policy claim except a sum sufficient to set up the then required reserve on the reduced amount of the insurance that may be continued, which sum shall be retained in the United States Government Life Insurance Fund for the purpose of such reserve.

(c) Whenever benefits under the total disability provision become, or have become, payable because of total disability of the insured as a result of disease or injury traceable to the extra hazard of the military or naval service, as such hazard may be determined by the Administrator, the liability shall be borne by the United States, and the Administrator shall transfer from the military and naval insurance appropriation to the United States Government Life Insurance Fund from time to time any amounts which become or have become payable to the insured on account of such total disability, and shall transfer from the United States Government Life Insurance Fund to the military and naval insurance appropriation the amount of the reserve held on account of the total disability benefit. When a person receiving such payments on account of total disability recovers from such disability and is then entitled to continued protection under the total disability provision, the Administrator shall transfer to the United States Government Life Insurance Fund a sum sufficient to set up the then required reserve on such total disability benefit.

(d) Any disability for which a waiver was required as a condition to tendering a person a commission under Public Law 816, Seventy-seventh Congress, shall be deemed to be a disability resulting from an injury or disease traceable to the extra hazard of military or naval service for the purpose of applying this section.
§ 758. Statutory total permanent disability

Without prejudice to any other cause of disability, the permanent loss of the use of both feet, of both hands, or of both eyes, or of one foot and one hand, or of one foot and one eye, or of one hand and one eye, or the loss of hearing of both ears, or the organic loss of speech, shall be deemed total permanent disability for insurance purposes. This section shall be deemed to be in effect on and after April 6, 1917, and shall apply only to automatic insurance, yearly renewable term insurance, and United States Government life insurance issued prior to December 15, 1936.

§ 759. Waiver of disability for reinstatement

(a) In the event that all provisions of the rules and regulations other than the requirements as to the physical condition of the applicant have been complied with, an application for reinstatement, in whole or in part, of lapsed United States Government life insurance may be approved if made within two years after the date of lapse and if the applicant’s disability is the result of an injury or disease, or of an aggravation thereof, suffered or contracted in the active military or naval service during the period beginning April 6, 1917, and ending July 2, 1921, and the applicant during his lifetime submits proof satisfactory to the Administrator showing that he is not totally and permanently disabled. As a condition to the acceptance of an application for reinstatement under this section, the applicant shall be required to pay all the back monthly premiums which would have become payable if such insurance had not lapsed, together with interest at the rate of 5 per centum per annum, compounded annually, on each premium from the date said premium is due by the terms of the policy.

(b) Premium liens established under the provisions of section 304 of the World War Veterans’ Act, 1924, shall continue to bear interest at the rate of 5 per centum per annum, compounded annually, and will be deducted from any settlement of insurance to which they are attached.

§ 760. Waiver of premium payments on due date

(a) The Administrator is authorized to provide by regulations for waiving the payment of premiums on United States Government life insurance on the due date thereof and the insurance may be deemed not to lapse in the cases of the following persons: (1) those who are confined in hospital under the Veterans’ Administration for a compensable disability during the period while they are so confined; (2) those who are rated as temporarily totally disabled by reason of any injury or disease entitling them to compensation during the period of such total disability and while they are so rated; (3) those who, while mentally incompetent and for whom no legal guardian had been or has been appointed, allowed or may allow their insurance to lapse during the period for which they have been or hereafter may be rated mentally incompetent, or until a guardian has notified the Veterans’ Administration of his qualification, but not later than six months after appointment of a guardian. In mentally incompetent cases the waiver is to be made without application and retroactive when necessary. Relief from payment of premiums on the due date thereof shall be for full calendar months, beginning with the month in which said confinement to hospital, the temporary total disability rating, or the mental incompetency began or begins and ending with that month during the half or major fraction of which such persons are no longer entitled to waiver as provided above.
(b) All premiums the payment of which when due is waived as provided in this section shall bear interest at the rate of 5 per centum per annum, compounded annually, from the due date of each premium, and if not paid by the insured shall be deducted from the insurance in any settlement thereunder, or when the same matures either because of permanent total disability or death. In the event any lien or other indebtedness established by this section or prior corresponding provision of law exists against any policy of United States Government life insurance in excess of the then cash surrender value thereof at the time of the termination of such policy of insurance for any reason other than by death or total permanent disability the Administrator is authorized to transfer and pay from the military and naval insurance appropriation to the United States Government Life Insurance Fund a sum equal to the amount such lien or indebtedness exceeds the then cash surrender value.

Subchapter III—General

§ 781. Replacement of surrendered and expired insurance

(a) Any person who surrendered a policy of National Service Life Insurance or United States Government life insurance on a permanent plan for its cash value while in the active service after April 24, 1951, and before January 1, 1957, who was entitled on December 31, 1958, to reinstate or replace such insurance under section 623 of the National Service Life Insurance Act of 1940, may, upon application in writing made while on continuous active duty which began before January 1, 1959, or within one hundred and twenty days after separation therefrom, be granted, without medical examination, permanent plan insurance on the same plan not in excess of the amount surrendered for cash, or may reinstate such surrendered insurance upon payment of the required reserve and the premium for the current month. Waiver of premiums and total disability income benefits otherwise authorized under this chapter shall not be denied in any case of issue or reinstatement of insurance on a permanent plan under this section or the prior corresponding provision of law in which it is shown to the satisfaction of the Administrator that total disability of the applicant began before the date of application. The cost of the premiums waived and total disability income benefits paid by virtue of the preceding sentence and the excess mortality cost in any case where the insurance matures by death from such total disability shall be borne by the United States and the Administrator shall transfer from time to time from the National Service Life Insurance appropriation to the National Service Life Insurance Fund and from the military and naval insurance appropriation to the United States Government Life Insurance Fund such sums as may be necessary to reimburse the funds for such costs.

(b) Any person who had United States Government life insurance or National Service Life Insurance on the five-year level premium term plan, the term of which expired while he was in the active service after April 25, 1951, or within one hundred and twenty days after separation from such active service, and in either case before January 1, 1957, who was entitled on December 31, 1958, to replace such insurance under section 623 of the National Service Life Insurance Act of 1940, shall, upon application made while on continuous active duty which began before January 1, 1959, or within one hundred and twenty days after separation therefrom, payment of premiums and evidence of good health satisfactory to the Administrator, be granted an equivalent amount of insurance on the five-year level premium term plan at the premium rate for his then attained age.
§ 782. Administrative cost

The United States shall bear the cost of administration in connection with this chapter, including expenses for medical examinations, inspections when necessary, printing and binding, and for such other expenditures as are necessary in the discretion of the Administrator.

§ 783. Settlements for minors or incompetents

When an optional mode of settlement of National Service Life Insurance or United States Government life insurance heretofore or hereafter matured is available to a beneficiary who is a minor or incompetent, such option may be exercised by his fiduciary, person qualified under section 14 of title 25, or person recognized by the Administrator as having custody of the person or the estate of such beneficiary, and the obligation of the United States under the insurance contract shall be fully satisfied by payment of benefits in accordance with the mode of settlement so selected.

§ 784. Suits on insurance

(a) In the event of disagreement as to claim, including claim for refund of premiums, under contract of National Service Life Insurance, United States Government life insurance, or yearly renewable term insurance between the Veterans' Administration and any person or persons claiming thereunder an action on the claim may be brought against the United States either in the United States District Court for the District of Columbia or in the district court of the United States in and for the district in which such person or any one of them resides, and jurisdiction is conferred upon such courts to hear and determine all such controversies. All persons having or claiming to have an interest in such insurance may be made parties to such suit, and such as are not inhabitants of or found within the district in which suit is brought may be brought in by order of the court to be served personally or by publication or in such other reasonable manner as the court may direct. In all cases where the Veterans' Administration acknowledges the indebtedness of the United States upon any such contract of insurance and there is a dispute as to the person or persons entitled to payment, a suit in the nature of a bill of interpleader may be brought at the request of the Veterans' Administration in the name of the United States against all persons having or claiming to have any interest in such insurance in the United States District Court for the District of Columbia or in the district court in and for the district in which any such claimant resides; however, no less than thirty days before instituting such suit the Veterans' Administration shall mail a notice of such intention to each of the persons to be made parties to the suit. The courts of appeals for the several circuits, including the District of Columbia, shall respectively exercise appellate jurisdiction and, except as provided in section 1254 of title 28, the decrees of such courts of appeals shall be final.

(b) No suit on yearly renewable term insurance, United States Government life insurance, or National Service Life Insurance shall be allowed under this section unless the same shall have been brought within six years after the right accrued for which the claim is made. For the purposes of this section it shall be deemed that the right accrued on the happening of the contingency on which the claim is founded. The limitation of six years is suspended for the period elapsing between the filing in the Veterans' Administration of the claim sued upon and the denial of said claim: Provided, That in any case in which a claim is timely filed the claimant shall have not less than ninety days from the date of mailing of notice of denial within which to file suit. After June 28, 1936, notice of denial of the claim under a contract of insurance shall be by registered mail directed to
the claimant's last address of record. Infants, insane persons, or persons under other legal disability, or persons rated as incompetent or insane by the Veterans' Administration shall have three years in which to bring suit after the removal of their disabilities. If suit is reasonably begun and fails for defect in process, or for other reasons not affecting the merits, a new action, if one lies, may be brought within a year though the period of limitation has elapsed. No State or other statute of limitations shall be applicable to suits filed under this section.

(c) In any suit, action, or proceeding brought under the provisions of this section subpoenas for witnesses who are required to attend a court of the United States in any district may run into any other district: Provided, That no writ of subpoena shall issue for witnesses living out of the district in which the court is held at a greater distance than one hundred miles from the place of holding the same without the permission of the court being first had upon proper application and cause shown. The word "district" and the words "district court" as used herein shall be construed to include the District of Columbia and the United States District Court for the District of Columbia.

(d) Attorneys of the Veterans' Administration, when assigned to assist in the trial of cases, and employees of the Veterans' Administration when ordered in writing by the Administrator to appear as witnesses, shall be paid the regular travel and subsistence allowance paid to other employees when on official travel status.

(e) Part-time and fee-basis employees of the Veterans' Administration, in addition to their regular travel and subsistence allowance, when ordered in writing by the Administrator to appear as witnesses in suits under this section, may be allowed, within the discretion and under written orders of the Administrator, a fee in an amount not to exceed $50 per day.

(f) Employees of the Veterans' Administration who are subpoenaed to attend the trial of any suit, under the provisions of this section, as witnesses for a party to such suit shall be granted court leave or authorized absence, as applicable, for the period they are required to be away from the Veterans' Administration in answer to such subpoenas.

(g) Whenever a judgment or decree shall be rendered in an action brought under the provisions of this section, the court, as a part of its judgment or decree, shall determine and allow reasonable fees for the attorneys of the successful party or parties and apportion same if proper, said fees not to exceed 10 per centum of the amount recovered and to be paid by the Veterans' Administration out of the payments to be made under the judgment or decree at a rate not exceeding one-tenth of each of such payments until paid; except that, in a suit brought by or on behalf of an insured during his lifetime for waiver of premiums on account of total disability, the court, as part of its judgment or decree, shall determine and allow a reasonable fee to be paid by the insured to his attorney.

(h) The term "claim" as used in this section means any writing which uses words showing an intention to claim insurance benefits; and the term "disagreement" means a denial of the claim, after consideration on its merits, by the Administrator or any employee or organizational unit of the Veterans' Administration heretofore or hereafter designated therefor by the Administrator.

(i) The Attorney General of the United States is authorized to agree to a judgment to be rendered by the chief judge of the United States court having jurisdiction of the case, pursuant to compromise approved by the Attorney General upon the recommendation of the United States attorney charged with the defense, upon such terms and for sums within the amount claimed to be payable, in any suit
brought under the provisions of this section, on a contract of yearly renewable term insurance, and the Administrator shall make payments in accordance with any such judgment. The Comptroller General of the United States shall allow credit in the accounts of disbursing officers for all payments of insurance made in accordance with any such judgment. All such judgments shall constitute final settlement of the claim and no appeal therefrom shall be authorized.

§ 785. Decisions by the administrator
Except in the event of suit as provided in section 784 of this title, or other appropriate court proceedings, all decisions rendered by the Administrator under the provisions of this chapter shall be final and conclusive on all questions of law or fact, and no other official of the United States shall have jurisdiction to review any such decisions.

§ 786. Deposits in and disbursements from trust funds
All cash balances in the United States Government Life Insurance Fund and the National Service Life Insurance Fund on January 1, 1959, together with all moneys thereafter accruing to such funds, including premiums, appropriated moneys, the proceeds of any sales of investments which may be necessary to meet current expenditures, and interest on investments, shall be available for disbursement for meeting all expenditures and making investments authorized to be made from such funds.

§ 787. Penalties
(a) Any person who shall knowingly make or cause to be made, or conspire, combine, aid, or assist in, agree to, arrange for, or in anywise procure the making or presentation of a false or fraudulent affidavit, declaration, certificate, statement, voucher, or paper, or writing purporting to be such, concerning any application for insurance or reinstatement thereof, waiver of premiums or claim for benefits under National Service Life Insurance, United States Government life insurance, or yearly renewable term insurance for himself or any other person, shall be fined not more than $1,000, or be imprisoned for not more than one year, or both.

(b) Whoever in any claim for National Service Life Insurance, United States Government life insurance, or yearly renewable term insurance makes any sworn statement of a material fact knowing it to be false, shall be guilty of perjury and shall be fined not more than $5,000, or be imprisoned for not more than two years, or both.

§ 788. Savings provision
Nothing in this title or any amendment or repeal made by the Act enacting this title shall affect any right, remedy, liability, authorization or requirement pertaining to Government insurance, the respective insurance funds, or the insurance appropriations, authorized or prescribed under the provisions of the War Risk Insurance Act, the World War Veterans' Act, 1924, the National Service Life Insurance Act of 1940, or any related Act, which was in effect on December 31, 1958.

§ 801. Veterans eligible for assistance
The Administrator is authorized, under such regulations as he may prescribe, to assist any veteran, who is entitled to compensation under chapter 11 of this title, based on service after April 20, 1898, for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis of both lower extremities, such as to preclude locomotion without the aid of braces, crutches, canes, or a wheelchair, in acquiring a suitable housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, and necessary land therefor. The regulations of the Administrator shall include, but not be limited to, provisions requiring findings that (1) it is medically feasible for such veteran to reside in the proposed housing unit and in the proposed locality; (2) the proposed housing unit bears a proper relation to the veteran's present and anticipated income and expenses; and (3) the nature and condition of the proposed housing unit are such as to be suitable to the veteran's needs for dwelling purposes.

§ 802. Limitations on assistance furnished
The assistance authorized by section 801 of this title shall be limited in the case of any veteran to one housing unit, and necessary land therefor, and shall be afforded under one of the following plans, at the option of the veteran but shall not exceed $10,000 in any one case—

(1) where the veteran elects to construct a housing unit on land to be acquired by him, the Administrator shall pay not to exceed 50 per centum of the total cost to the veteran of (A) the housing unit and (B) the necessary land upon which it is to be situated;

(2) where the veteran elects to construct a housing unit on land acquired by him prior to application for assistance under this chapter, the Administrator shall pay not to exceed the smaller of the following sums: (A) 50 per centum of the total cost to the veteran of the housing unit and the land necessary for such housing unit, or (B) 50 per centum of the cost to the veteran of the housing unit plus the full amount of the unpaid balance, if any, of the cost to the veteran of the land necessary for such housing unit;

(3) where the veteran elects to remodel a dwelling, which is not adapted to the requirements of his disability, acquired by him prior to application for assistance under this chapter, the Administrator shall pay not to exceed the total of (A) 50 per centum of the cost to the veteran of such remodeling, plus (B) the smaller of the following sums: (i) 50 per centum of the cost to the veteran of such dwelling and the necessary land upon which it is situated, or (ii) the full amount of the unpaid balance, if any, of the cost to the veteran of such dwelling and the necessary land upon which it is situated; and

(4) where the veteran has acquired a suitable housing unit, the Administrator shall pay not to exceed the smaller of the following sums: (A) 50 per centum of the cost to the veteran of such housing unit and the necessary land upon which it is situated, or (B) the full amount of the unpaid balance, if any, of the cost to the veteran of such housing unit and the necessary land upon which it is situated.

§ 803. Furnishing of plans and specifications
The Administrator is authorized to furnish to veterans eligible for assistance under this chapter, without cost to the veterans, model plans and specifications of suitable housing units.
§ 804. Benefits additional to benefits under other laws

Any veteran who accepts the benefits of this chapter shall not by reason thereof be denied the benefits of chapter 37 of this title; however, the assistance authorized by this chapter shall not be available to any veteran more than once.

§ 805. Nonliability of United States

The Government of the United States shall have no liability in connection with any housing unit, or necessary land therefor, acquired under the provisions of this chapter.

902. Funeral expenses.
903. Death in Veterans’ Administration facility.
904. Claims for reimbursement.
905. Persons eligible under prior law.

§ 901. Flags

(a) The Administrator shall furnish a flag to drape the casket of each deceased veteran who—

(1) was a veteran of any war;
(2) had served at least one enlistment; or
(3) had been discharged or released from the active military, naval, or air service for a disability incurred or aggravated in line of duty.

(b) After the burial of the veteran the flag so furnished shall be given to his next of kin. If no claim is made for the flag by the next of kin, it may be given, upon request, to a close friend or associate of the deceased veteran. If a flag is given to a close friend or associate of the deceased veteran, no flag shall be given to any other person on account of the death of such veteran.

§ 902. Funeral expenses

(a) Where a veteran dies who—

(1) was a veteran of any war;
(2) had been discharged from the active military, naval, or air service for a disability incurred or aggravated in line of duty; or
(3) was in receipt of, or but for the receipt of retirement pay would have been entitled to, disability compensation;

the Administrator, in his discretion having due regard to the circumstances in each case, may pay a sum not exceeding $250 to such person as he prescribes to cover the burial and funeral expenses of the deceased veteran and the expense of preparing the body and transporting it to the place of burial.

(b) Except as hereafter provided in this subsection, no deduction shall be made from the burial allowance because of the veteran's net assets at the time of his death, or because of any contribution from any source toward the burial and funeral expenses (including transportation) unless the amount of expenses incurred is covered by the amount actually paid therefor by the United States, a State, any agency or political subdivision of the United States or of a State, the employer of the deceased veteran, or a burial association. No claim shall be allowed for more than the difference between the entire amount of the expenses incurred, and the amount paid by any or all of the foregoing. The Administrator shall not deny or reduce the amount of the burial allowance otherwise payable because of a cash contribution made by a burial association to any person other than the person rendering burial and funeral services. The burial allowance or any part thereof shall not be paid in any case where specific provision is otherwise made for payment of expenses of funeral, transportation, and interment under any other Act.
§ 903. Death in Veterans' Administration facility

(a) Where death occurs in a Veterans' Administration facility to which the deceased was properly admitted for hospital or domiciliary care under authority of section 610 or 611 (a) of this title, the Administrator shall pay the actual cost (not to exceed $250) of the burial and funeral.

(b) In addition to the foregoing, when such a death occurs in the continental United States, the Administrator shall transport the body to the place of burial in the United States, or to the place of burial within Alaska if the deceased was a resident of Alaska who had been brought to the United States as a beneficiary of the Veterans' Administration for hospital or domiciliary care. Where such a death occurs in a Territory, a Commonwealth, or a possession of the United States, the Administrator shall transport the body to the place of burial within such Territory, Commonwealth, or possession.

(c) Within the limits prescribed in subsection (a), the Administrator may make contracts for burial and funeral services without regard to the laws requiring advertisement for proposals for supplies and services for the Veterans' Administration.

§ 904. Claims for reimbursement

Applications for payments under section 902 of this title must be filed within two years after the burial of the veteran. If a claimant's application is incomplete at the time it is originally submitted, the Administrator shall notify the applicant of the evidence necessary to complete the application. If such evidence is not received within one year from the date of such notification, no allowance may be paid.

§ 905. Persons eligible under prior law

The death of any person who had a status which would, under the laws in effect on December 31, 1957, afford entitlement to the burial benefits and other benefits provided for in this chapter, but who did not meet the service requirements contained in this chapter, shall afford entitlement to such benefits, notwithstanding the failure of such person to meet such service requirements.

§ 1501. Definitions
For the purposes of this chapter—
(1) The term "World War II" means the period beginning on September 16, 1940, and ending on July 25, 1947.
(2) The term "vocational rehabilitation" means training (including educational and vocational counseling and other necessary incidental services) for the purpose of restoring employability, to the extent consistent with the degree of disablement, lost by virtue of a handicap due to service-connected disability.

§ 1502. Basic entitlement
(a) Every World War II or Korean conflict veteran who has a service-connected disability arising out of service during World War II or the Korean conflict which is, or but for receipt of retirement pay would be, compensable under chapter 11 of this title, who is in need thereof on account of such disability shall be furnished such vocational rehabilitation as may be prescribed by the Administrator.
(b) Unless a longer period is prescribed by the Administrator, no course of vocational rehabilitation may exceed four years.
(c) (1) Vocational rehabilitation may not be afforded after July 25, 1960, to a veteran on account of World War II service, and may be afforded him after July 25, 1956, only if such veteran was prevented from entering, or having entered, from completing such training before July 26, 1956, because—
(A) he had not timely attained, retained, or regained medical feasibility for training because of disability;
(B) he had not timely met the requirement of a discharge or release under conditions other than dishonorable, but the nature of such discharge or release was later changed by appropriate authority; or
(C) he had not timely established the existence of a compensable service-connected disability.
(2) Vocational rehabilitation may not be afforded a veteran on account of Korean conflict service—
(A) after August 20, 1963, if he was discharged or released before August 20, 1954; or
(B) after nine years following his discharge or release (but in no event after January 31, 1964), if he was discharged or released after August 19, 1954.
Notwithstanding the preceding provisions of this paragraph, where a veteran is prevented from entering, or having entered, from completing vocational rehabilitation training, because of one of the reasons set forth in subparagraphs (A) through (C) of paragraph (1), such training may be afforded him during a period of not to exceed four years beyond the period otherwise applicable to him.
(3) Vocational rehabilitation may not be afforded outside of a State to a veteran on account of Korean conflict service if the veteran, at the time of his service during the Korean conflict, was not a citizen of the United States.
(d) Vocational rehabilitation may be afforded a veteran under this chapter on account of Korean conflict service, notwithstanding the fact that vocational rehabilitation, or education and training under part VIII of Veterans Regulation Numbered 1 (a), may have been previously afforded him on account of World War II service.

§ 1503. Training and training facilities
The Administrator shall prescribe and provide vocational rehabilitation to veterans eligible therefor. For such purpose, the Administrator may—
(1) employ additional personnel and experts, as he deems necessary;
(2) utilize and extend Veterans' Administration facilities;
(3) utilize facilities of any agency of the United States, or any facilities maintained by joint Federal and State contributions;
(4) provide, by agreement or contract with public or private institutions or establishments, for such additional training facilities as may be suitable and necessary;
(5) cooperate with and employ the facilities of other governmental and State employment agencies for the purpose of placing in gainful employment persons who have received vocational rehabilitation.

§ 1504. Subsistence allowances

(a) While pursuing a course of vocational rehabilitation training and for two months after his employability is determined, each veteran shall be paid a subsistence allowance as prescribed in this section.

(b) If a veteran has no dependent, his subsistence allowance each month shall equal $65, increased by an amount which bears the same ratio to $10 as the institutional part of the veterans' training course bears to a course of full-time institutional training. In no event shall the veterans' subsistence allowance be an amount less than an amount which, when added to any compensation or other benefit payable to him, will equal $105 monthly if his service-connected disability is less than 30 per centum, or $115 monthly if his service-connected disability is 30 per centum or more.

(c) If a veteran has one dependent, his subsistence allowance each month shall equal $90, increased by an amount which bears the same ratio to $15 as the institutional part of the veterans' training course bears to a course of full-time training. If a veteran has more than one dependent, his subsistence allowance each month shall equal $90, increased by an amount which bears the same ratio to $30 as the institutional part of the veterans' training course bears to a course of full-time training. In no event shall the veteran's subsistence allowance be an amount less than an amount which, when added to any compensation or other benefit payable to him, will equal—

(1) if his service-connected disability is less than 30 per centum, $115, plus the following amounts for additional dependents: (A) $10 for one child and $7 for each additional child, plus (B) $15 for a dependent parent; or

(2) if his service-connected disability is 30 per centum or more, $135, plus the following amounts for additional dependents: (A) $20 for one child and $15 for each additional child, plus (B) $15 for a dependent parent.

(d) Where the course of vocational rehabilitation training consists of training on the job by an employer, such employer shall be required to submit monthly to the Administrator a statement in writing showing any wage, compensation, or other income paid by him to the veteran during the month, directly or indirectly. Based upon such written statements, the Administrator is authorized to reduce the subsistence allowance of such veteran to an amount considered equitable and just.

§ 1505. Leaves of absence

The Administrator shall prescribe such regulations as he deems necessary for granting leaves of absence to veterans pursuing a course of vocational rehabilitation training. Such leaves of absence shall not be granted to any veteran in excess of thirty days in any consecu-
tive twelve months, except in exceptional circumstances. During au-
thorized leaves of absence, a veteran shall be considered as pursuing
his course of vocational rehabilitation training.

§ 1506. Medical care for trainees
The Administrator may furnish veterans receiving vocational re-
habilitation such medical care, treatment, hospitalization, and
prosthesis as may be necessary to accomplish the purposes of this
chapter, whether or not such medical care, treatment, hospitalization,
or prosthesis is otherwise authorized under chapter 17 of this title.

§ 1507. Loans to trainees
The revolving fund which was established pursuant to part VII of
Veterans Regulation Numbered 1 (a) is continued in effect, and may
be used by the Administrator, under regulations prescribed by him,
for making advances, not in excess of $100 in any case, to veterans
commencing or undertaking courses of vocational rehabilitation. Such
advances, and advances heretofore made, shall bear no interest and
shall be repaid in such installments as may be determined by the
Administrator, by proper deductions from future payments of sub-
sistence allowance, compensation, pension, or retirement pay.

§ 1508. Regulations to promote good conduct
The Administrator shall prescribe such rules and regulations as he
deems necessary in order to promote good conduct and cooperation
on the part of veterans who are receiving vocational rehabilitation. Penalties for the breach of such rules and regulations may extend to
(1) forfeiture by the offender for three months of subsistence allow-
ance otherwise payable, and (2) permanent disqualification for further
vocational rehabilitation.

§ 1509. Books, supplies, and equipment
(a) Any books, supplies, or equipment furnished a veteran under
this chapter shall be deemed released to him, except that if, because
of fault on his part, he fails to complete the course of vocational re-
habilitation, he may be required by the Administrator to return any
or all of such books, supplies, or equipment not actually expended,
or to repay the reasonable value thereof.

(b) Returned books, supplies, and equipment may be turned in to
educational or training institutions for credit under such terms as may
be approved by the Administrator, or may be disposed of in such other
manner as he may approve.

§ 1510. Vocational rehabilitation for hospitalized persons
Vocational rehabilitation may be afforded under this chapter to any
person who is hospitalized pending final discharge from the active
military, naval, or air service, if he is qualified for such vocational
rehabilitation in every respect except for discharge. No subsistence
allowance shall be payable to any person while he is receiving voca-
tional rehabilitation solely by reason of this section.
Subchapter I—Definitions

§ 1601. Definitions

(a) For the purpose of this chapter—

(1) The term "basic service period" means the Korean conflict, except that with respect to persons on active duty on January 31, 1955, such term means the period commencing on June 27, 1950, and ending on the date of the person's first discharge or release from such active duty after January 31, 1955.

(2) The term "eligible veteran" means any veteran who is not on active duty and who—

(A) served on active duty at any time during the Korean conflict;
(B) was discharged or released therefrom under conditions other than dishonorable; and

(C) served on active duty for ninety days or more (exclusive of any period he was assigned by the Armed Forces to a civilian institution for a course of education or training which was substantially the same as established courses offered to civilians, or as cadet or midshipman at one of the service academies), or was discharged or released from a period of active duty, any part of which occurred during the Korean conflict, for an actual service-connected disability.

(3) The term "program of education or training" means any single unit course or subject, any curriculum, or any combination of unit courses or subjects, which is generally accepted as necessary to fulfill requirements for the attainment of a predetermined and identified educational, professional, or vocational objective.

(4) The term "course" means an organized unit of subject matter in which instruction is offered within a given period of time or which covers a specific amount of related subject matter for which credit toward graduation or certification is usually given.

(5) The term "dependent" means—

(A) a child of an eligible veteran;

(B) a parent of an eligible veteran, if the parent is in fact dependent upon the veteran; and

(C) the wife of an eligible veteran, or, in the case of an eligible veteran who is a woman, her husband if he is in fact dependent upon her.

(6) The term "educational institution" means any public or private elementary school, secondary school, vocational school, correspondence school, business school, junior college, teachers college, college, normal school, professional school, university, scientific or technical institution, or other institution furnishing education for adults.

(7) The term "training establishment" means any business or other establishment providing apprentice or other training on the job, including those under the supervision of a college or university or any State department of education, or any State apprenticeship agency, or any State board of vocational education, or any joint apprentice committee, or the Bureau of Apprenticeship established in accordance with chapter 4C of title 29, or any agency of the Federal Government authorized to supervise such training.

(8) The term "State" includes the Canal Zone.

(9) The term "Commissioner" means the United States Commissioner of Education.

(b) Benefits shall not be afforded under this chapter to any individual on account of service as a commissioned officer of the Coast and Geodetic Survey, or of the Regular or Reserve Corps of the Public Health Service, unless such service would have qualified such individual for benefits under title II of the Veterans' Readjustment Assistance Act of 1952.

(c) The Congress of the United States hereby declares that the veterans' education and training program created by this chapter is for the purpose of providing vocational readjustment and restoring lost educational opportunities to those service men and women whose educational or vocational ambitions have been interrupted or impeded by reason of active duty during the Korean conflict and for the purpose of aiding such persons in attaining the educational and training status which they might normally have aspired to and obtained had they not served their country.
§ 1610. Entitlement to education or training generally

Each eligible veteran shall, subject to the provisions of this chapter, be entitled to the education or training provided under this chapter.

§ 1611. Duration of veteran's education or training

(a) Each eligible veteran shall be entitled to education or training under this chapter for a period equal to one and a half times the duration of his service on active duty during his basic service period (or to the equivalent thereof in part-time training), except that—

(1) in computing the duration of such service, there shall be excluded a period equal to any period he was assigned by the Armed Forces to a civilian institution for a course of education or training which was substantially the same as established courses offered to civilians or served as a cadet or midshipman at one of the service academies;

(2) the period of education or training to which an eligible veteran shall be entitled under this chapter shall not, except as provided in subsection (b), exceed thirty-six months reduced by a period equivalent to any period of educational assistance afforded him under chapter 35 of this title; and

(3) the period of education or training to which an eligible veteran shall be entitled under this chapter together with education or training received under chapter 31 of this title, part VIII of Veterans Regulation Numbered 1 (a), and section 12 (a) of the Act enacting this title shall not, except as provided in subsection (b), exceed forty-eight months in the aggregate.

(b) Whenever the period of entitlement to education or training under this chapter of an eligible veteran who is enrolled in an educational institution regularly operated on the quarter or semester system ends during a quarter or semester and after a major part of such semester or quarter has expired, such period shall be extended to the termination of such unexpired quarter or semester. In all other courses offered by educational institutions, whenever the period of eligibility ends after a major portion of the course is completed such period may be extended to the end of the course or for nine weeks, whichever is the lesser period.

(c) In the case of any eligible veteran who is pursuing any program of education or training exclusively by correspondence, one-fourth of the elapsed time in following such program of education or training shall be charged against the veteran's period of entitlement.

§ 1612. Commencement; time limitations

(a) No eligible veteran shall be entitled to initiate a program of education or training under this chapter after three years after his discharge or release from active duty. Notwithstanding the preceding sentence, any otherwise eligible veteran whom the Administrator determines to have been prevented from initiating a program of education or training under this chapter within the period prescribed by this subsection because he had not met the nature of discharge requirements of section 1601 (a) (2) (B) of this title before a change, correction, or modification of a discharge or dismissal made pursuant to section 1553 of title 10, the correction of the military records of the proper service department under section 1552 of title 10, or other corrective action by competent authority, shall be permitted to initiate a program of education or training under this chapter within three years after whichever is later, September 1, 1958, or the date his discharge or dismissal was so changed, corrected, or modified.
(b) The program of education and training of an eligible veteran under this chapter shall, on and after the delimiting date for the veteran to initiate his program, be pursued continuously until completion, except that an eligible veteran may suspend the pursuit of his program for periods of not more than 12 consecutive months, and may suspend the pursuit of such program for longer periods if the Administrator finds that the suspension for each such period was due to conditions beyond the control of the eligible veteran.

(c) If an eligible veteran returned to active duty before February 1, 1955, his date of discharge or release shall, for the purposes of this section and section 1613 of this title, be the date of his discharge or release from his last period of active duty which began before February 1, 1955.

§ 1613. Expiration of all education and training

No education or training shall be afforded an eligible veteran under this chapter beyond eight years after either his discharge or release from active duty or the end of his basic service period, whichever is earlier, except that any veteran who is eligible to initiate a program of education or training by reason of the second sentence of section 1612 (a) of this title shall be permitted to pursue, subject to the other provisions of this chapter, such program for a period of not more than five years after the date of initiation thereof; but in no event shall education or training be afforded under this chapter after January 31, 1965.

Subchapter III—Enrollment

§ 1620. Selection of program

Subject to the provisions of this chapter, each eligible veteran may select a program of education or training to assist him in attaining an educational, professional, or vocational objective at any educational institution or training establishment selected by him, whether or not located in the State in which he resides, which will accept and retain him as a student or trainee in any field or branch of knowledge which such institution or establishment finds him qualified to undertake or pursue. Notwithstanding the foregoing provisions of this section, an eligible veteran may not pursue a program of education or training at an educational institution or training establishment which is not located in a State, unless such program is pursued at an approved educational institution of higher learning. The Administrator in his discretion may deny or discontinue the enrollment under this chapter of any veteran in a foreign educational institution if he finds that such enrollment is not for the best interest of the veteran or the Government.

§ 1621. Applications; approval

Any eligible veteran who desires to initiate a program of education or training under this chapter shall submit an application to the Administrator which shall be in such form, and contain such information, as the Administrator shall prescribe. The Administrator shall approve such application unless he finds that such veteran is not eligible for or entitled to the education or training applied for or that his program of education or training fails to meet any of the requirements of this chapter, or that the eligible veteran is already qualified, by reason of previous education and training, for the educational, professional, or vocational objective for which the courses of the program of education or training are offered. The Administrator shall notify the eligible veteran of the approval or disapproval of his application.
§ 1622. Change of Program

(a) Subject to the provisions of section 1621 of this title, each eligible veteran (except an eligible veteran whose program has been interrupted or discontinued due to his own misconduct, his own neglect, or his own lack of application) may, at any time before the end of the period during which he is entitled to initiate a program of education or training under this chapter, make not more than one change of program of education or training.

(b) Each eligible veteran, who has not made a change of program of education or training before the expiration of the period during which he is entitled to initiate a program of education or training under this chapter, may make not more than one change of program of education or training with the approval of the Administrator. The Administrator shall approve such a change if he finds that—

(1) the eligible veteran is not making satisfactory progress in his present program and that the failure is not due to his own misconduct, his own neglect, or his own lack of application, and if the program to which the eligible veteran desires to change is more in keeping with his aptitude or previous education and training; or

(2) the program to which the eligible veteran desires to change, while not a part of the program currently pursued by him, is a normal progression from such program.

§ 1623. Disapproval of Enrollment in Certain Courses

(a) The Administrator shall not approve the enrollment of an eligible veteran in any bartending course, dancing course, or personality development course.

(b) The Administrator shall not approve the enrollment of an eligible veteran—

(1) in any photography course or entertainment course; or

(2) in any music course—instrumental or vocal—public speaking course, or course in sports or athletics such as horseback riding, swimming, fishing, skiing, golf, baseball, tennis, bowling, sports officiating, or other sport or athletic courses, except courses of applied music, physical education, or public speaking which are offered by institutions of higher learning for credit as an integral part of a program leading to an educational objective; or

(3) in any other type of course which the Administrator finds to be avocational or recreational in character;

unless the eligible veteran submits justification showing that the course will be of bona fide use in the pursuit of his present or contemplated business or occupation.

(c) The Administrator shall not approve the enrollment of any eligible veteran, not already enrolled, in any nonaccredited course below the college level offered by a proprietary profit or proprietary non-profit educational institution for any period during which the Administrator finds that more than eighty-five per centum of the students enrolled in the course are having all or any part of their tuition, fees, or other charges paid to or for them by the educational institution or the Veterans' Administration under this chapter, chapter 31 of this title, or section 12(a) of the Act enacting this title.

§ 1624. Discontinuance for Unsatisfactory Progress

The Administrator shall discontinue the education and training allowance of an eligible veteran if, at any time, he finds that, according to the regularly prescribed standards and practices of the educational institution or training establishment, the conduct or progress of such veteran is unsatisfactory.
1625. Period of operation for approval
   (a) The Administrator shall not approve the enrollment of an eligible veteran in any course offered by an educational institution when such course has been in operation for less than two years.
   (b) Subsection (a) shall not apply to—
      (1) any course to be pursued in a public or other tax-supported educational institution;
      (2) any course which is offered by an educational institution which has been in operation for more than two years, if such course is similar in character to the instruction previously given by such institution;
      (3) any course which has been offered by an institution for a period of more than two years, notwithstanding the institution has moved to another location within the same general locality;
      or
      (4) any course which is offered by a nonprofit educational institution of college level and which is recognized for credit toward a standard college degree.

§ 1626. Institutions listed by Attorney General
   The Administrator shall not approve the enrollment of, or payment of an education and training allowance to, any eligible veteran in any course in an educational institution or training establishment while it is listed by the Attorney General under section 3 of part III of Executive Order 9835, as amended.

Subchapter IV—Payments to Veterans

§ 1631. Education and training allowance
   (a) The Administrator shall pay to each eligible veteran who is pursuing a program of education or training under this chapter, and who applies therefor, an education and training allowance to meet in part the expenses of his subsistence, tuition, fees, supplies, books, and equipment.
   (b) The education and training allowance for an eligible veteran shall be paid, as provided in section 1632 of this title, only for the period of the veteran's enrollment as approved by the Administrator, but no allowance shall be paid—
      (1) to any veteran enrolled in an institutional course which leads to a standard college degree or a course of institutional on-farm training for any period when the veteran is not pursuing his course in accordance with the regularly established policies and regulations of the institution and the requirements of this chapter;
      (2) to any veteran enrolled in an institutional course which does not lead to a standard college degree or in a course of apprentice or other training on the job for any day of absence in excess of thirty days in a twelve-month period, not counting as absences weekends or legal holidays established by Federal or State law during which the institution or establishment is not regularly in session or operation; or
      (3) to any veteran pursuing his program of education exclusively by correspondence for any period during which no lessons were serviced by the institution.
   (c) No education and training allowance shall be paid to an eligible veteran for any period until the Administrator shall have received—
      (1) from the eligible veteran (A) in the case of an eligible veteran enrolled in an institutional course which leads to a standard college degree or a course of institutional on-farm training,
a certification that he was actually enrolled in and pursuing the
 course as approved by the Administrator, or (B) in the case of
 an eligible veteran enrolled in an institutional course which does
 not lead to a standard college degree or a course of apprentice
 or other training on the job, a certification as to actual attendance
 during such period, or (C) in the case of an eligible veteran en-
 rolled in a program of education or training by correspondence, a
certification as to the number of lessons actually completed by the
 veteran and serviced by the institution; and

(2) from the educational institution or training establishment,
a certification, or an endorsement on the veteran's certificate, that
such veteran was enrolled in and pursuing a course of education
or training during such period, and, in the case of an institution
furnishing education or training to a veteran exclusively by cor-
respondence, a certification, or an endorsement on the veteran's
certificate, as to the number of lessons completed by the veteran
and serviced by the institution.

Education and training allowances shall, insofar as practicable, be
paid within twenty days after receipt by the Administrator of the
certifications required by this subsection.

§ 1632. Computation of education and training allowances

(a) The education and training allowance of an eligible veteran
who is pursuing a program of education or training in an educa-
tional institution and is not entitled to receive an education and train-
ing allowance under subsection (b), (c), (d), (e), or (f) shall be
computed as follows:

(1) If such program is pursued on a full-time basis, such
allowance shall be computed at the rate of $110 per month, if the
veteran has no dependent, or at the rate of $135 per month, if
he has one dependent, or at the rate of $160 per month, if he has
more than one dependent.

(2) If such program is pursued on a three-quarters time basis,
such allowance shall be computed at the rate of $80 per month,
if the veteran has no dependent, or at the rate of $100 per
month, if he has one dependent, or at the rate of $120 per month,
if he has more than one dependent.

(3) If such program is pursued on a half-time basis, such
allowance shall be computed at the rate of $50 per month, if
the veteran has no dependent, or at the rate of $60 per month,
if he has one dependent, or at the rate of $80 per month, if he
has more than one dependent.

(b) The education and training allowance of an eligible veteran who
is pursuing a full-time program of education and training which con-
ists of institutional courses and on-the-job training, with the on-the-
job training portion of the program being strictly supplemental to
the institutional portion, shall be computed at the rate of (1) $90
per month, if he has no dependent, or (2) $110 per month, if he has
one dependent, or (3) $130 per month, if he has more than one de-
pendent.

(c) The education and training allowance of an eligible veteran
pursuing apprentice or other training on the job shall be computed at
the rate of (1) $70 per month, if he has no dependent, or (2) $85
per month, if he has one dependent, or (3) $105 per month, if he has
more than one dependent; except that his education and training
allowance shall be reduced at the end of each four-month period as
his program progresses by an amount which bears the same ratio to the
basic education and training allowance as four months bears to the
total duration of his apprentice or other training on the job; but in
no case shall the Administrator pay an education and training allow-
dance under this subsection in an amount which, when added to the compensation to be paid to the veteran, in accordance with his approved training program, for productive labor performed as a part of his course, would exceed the rate of $310 per month. For the purpose of computing allowances under this subsection, the duration of the training of an eligible veteran shall be the period specified in the approved application as the period during which he may receive an education and training allowance for such training, plus such additional period, if any, as is necessary to make the number of months of such training a multiple of four.

(d) The education and training allowance of an eligible veteran pursuing institutional on-farm training shall be computed at the rate of

(1) $95 per month, if he has no dependent, or
(2) $110 per month, if he has one dependent, or
(3) $130 per month, if he has more than one dependent; except that his education and training allowance shall be reduced at the end of the third, and each subsequent, four-month period as his program progresses by an amount which bears the same ratio to $65 per month, if the veteran has no dependent, or $80 per month, if he has one dependent, or $100 per month, if he has more than one dependent, as four months bears to the total duration of such veteran’s institutional on-farm training reduced by eight months. For the purpose of computing allowances under this subsection, the duration of the training of an eligible veteran shall be the period specified in the approved application as the period during which he may receive an education and training allowance for such training, plus such additional period, if any, as is necessary to make the number of such months of such training a multiple of four.

(e) The education and training allowance of an eligible veteran pursuing a program of education or training exclusively by correspondence shall be computed on the basis of the established charge which the institution requires nonveterans to pay for the course or courses pursued by the eligible veteran. Such allowance shall be paid quarterly on a pro rata basis for the lessons completed by the veteran and serviced by the institution, as certified by the institution.

(f) The education and training allowance of an eligible veteran who is pursuing a program of education or training under this chapter in an educational institution on a less-than-half-time basis shall be computed at the rate of

(1) the established charges for tuition and fees which the institution requires similarly circumstanced nonveterans enrolled in the same course to pay, or
(2) $110 per month for a full-time course, whichever is the lesser.

(g) Each eligible veteran who is pursuing an approved course of flight training shall be paid an education and training allowance to be computed at the rate of 75 per centum of the established charge which similarly circumstanced nonveterans enrolled in the same flight course are required to pay for tuition for the course. If such veteran’s program of education or training consists exclusively of flight training, he shall not be paid an education and training allowance under one of the preceding subsections of this section; if his program of education or training consists of flight training and other education or training, the allowance payable under this subsection shall be in addition to any education and training allowance payable to him under one of the preceding subsections of this section for education or training other than flight training. Such allowance shall be paid monthly upon receipt of certification from the eligible veteran and the institution as to the actual flight training received by the veteran. In each such case the eligible veteran’s period of entitlement shall be charged (in addition to any charge made against his entitlement by reason of education or training other than flight training) with one day for
each $1.25 which is paid to the veteran as an education and training allowance for such course.

(h) No eligible veteran shall be paid an education and training allowance under this chapter for any period during which (1) he is enrolled in and pursuing a course of education or training paid for by the United States under any provision of law other than this chapter, where the payment of such allowance would constitute a duplication of benefits paid to the veteran from the Federal Treasury, or (2) he is pursuing a course of apprentice or other training on the job, a course of institutional on-farm training, or a course of education and training described in subsection (b) on a less than full-time basis.

§ 1633. Measurement of courses

(a) For the purposes of this chapter, (1) an institutional trade or technical course offered on a clock-hour basis below the college level involving shop practice as an integral part thereof, shall be considered a full-time course when a minimum of thirty hours per week of attendance is required with not more than two and one-half hours of rest periods per week allowed, (2) an institutional course offered on a clock-hour basis below the college level in which theoretical or classroom instruction predominates shall be considered a full-time course when a minimum of twenty-five hours per week net of instruction is required, and (3) an institutional undergraduate course offered by a college or university on a quarter or semester-hour basis for which credit is granted toward a standard college degree shall be considered a full-time course when a minimum of fourteen semester hours or its equivalent is required.

(b) The Administrator shall define full-time training in the case of all types of courses of education or training other than institutional on-farm training and the types of courses referred to in subsection (a); except that, the Administrator shall not define full-time apprentice training for a particular establishment other than that established as the standard workweek through bona fide collective bargaining between employers and employees.

§ 1634. Overcharges by educational institutions

The Administrator may, if he finds that an institution has charged or received from any eligible veteran any amount in excess of the established charges for tuition and fees which the institution requires similarly circumstanced nonveterans enrolled in the same course to pay, disapprove such educational institution for the enrollment of any veteran not already enrolled therein, except that, in the case of a tax-supported public educational institution which does not have established charges for tuition and fees which it requires nonveteran residents to pay, such institution may charge and receive from each eligible veteran who is a resident an amount equal to the estimated cost of teaching personnel and supplies for instruction attributable to such veteran, but in no event to exceed the rate of $10 per month for a full-time course.

Subchapter V—State Approving Agencies

§ 1641. Designation

(a) Unless otherwise established by the law of the State concerned, the chief executive of each State is requested to create or designate a State department or agency as the “State approving agency” for his State for the purposes of this chapter.

(b) (1) If any State fails or declines to create or designate a State approving agency, the provisions of this chapter which refer to the
State approving agency shall, with respect to such State, be deemed to refer to the Administrator.

(2) In the case of courses subject to approval by the Administrator under section 1642 of this title, the provisions of this chapter which refer to a State approving agency shall be deemed to refer to the Administrator.

§ 1642. Approval of courses

(a) An eligible veteran shall receive the benefits of this chapter while enrolled in a course of education or training offered by an educational institution or training establishment only if such course is approved by the State approving agency for the State where such educational institution or training establishment is situated or by the Administrator. Approval of courses by State approving agencies shall be in accordance with the provisions of this chapter and such other regulations and policies as the State approving agency may adopt. Each State approving agency shall furnish the Administrator with a current list of educational institutions and training establishments, specifying courses which it has approved, and, in addition to such list, it shall furnish such other information to the Administrator as it and the Administrator may determine to be necessary to carry out the purposes of this chapter. Each State approving agency shall notify the Administrator of the disapproval of any course previously approved and shall set forth the reasons for such disapproval.

(b) The Administrator shall be responsible for the approval of courses of education or training offered by any agency of the Federal Government authorized under other laws to supervise such education or training. The Administrator may approve any course in any other educational institution or training establishment in accordance with the provisions of this chapter.

§ 1643. Cooperation

(a) The Administrator and each State approving agency shall take cognizance of the fact that definite duties, functions, and responsibilities are conferred upon the Administrator and each State approving agency under the veterans' educational programs. To assure that such programs are effectively and efficiently administered, the cooperation of the Administrator and the State approving agencies is essential. It is necessary to establish an exchange of information pertaining to activities of educational institutions and training establishments, and particular attention should be given to the enforcement of approval standards, enforcement of wage and income limitations, enforcement of enrollment restrictions, and fraudulent and other criminal activities on the part of persons connected with educational institutions and training establishments in which veterans are enrolled under this chapter.

(b) The Administrator will furnish the State approving agencies with copies of such Veterans' Administration informational material as may aid them in carrying out this chapter.

§ 1644. Use of Office of Education and other Federal agencies

(a) In carrying out his functions under this chapter, the Administrator may utilize the facilities and services of any other Federal department or agency. The Administrator shall utilize the services of the Office of Education in developing cooperative agreements between the Administrator and State and local agencies relating to the approval of courses of education or training as provided for in section 1645 of this title, in reviewing the plan of operations of State approving agencies under such agreements, and in rendering technical assistance to such State and local agencies in developing and
improving policies, standards, and legislation in connection with their duties under this chapter.

(b) Any such utilization shall be pursuant to proper agreement with the Federal department or agency concerned; and payment to cover the cost thereof shall (except in the case of the Office of Education) be made either in advance or by way of reimbursement, as may be provided in such agreement. Funds necessary to enable the Office of Education to carry out its functions under this chapter are authorized to be appropriated directly to such Office.

§ 1645. Reimbursement of expenses

The Administrator is authorized to enter into contracts or agreements with State and local agencies to pay such State and local agencies for reasonable and necessary expenses of salary and travel incurred by employees of such agencies in (1) rendering necessary services in ascertaining the qualifications of educational institutions and training establishments for furnishing courses of education or training to eligible veterans under this chapter, and in the supervision of such educational institutions and training establishments, and (2) furnishing, at the request of the Administrator, any other services in connection with this chapter. Each such contract or agreement shall be conditioned upon compliance with the standards and provisions of this chapter.

Subchapter VI—Approval of Courses of Education and Training

§ 1651. Apprentice or other training on the job

(a) Apprentice or other training on the job shall consist of courses offered by training establishments whenever such courses of training are furnished in accordance with the provisions of this section. Any training establishment desiring to furnish a course of apprentice or other training on the job shall submit to the appropriate State approving agency a written application setting forth the course of training for each job for which an eligible veteran is to be trained. The written application covering the course of training shall include the following:

(1) Title and description of the specific job objective for which the eligible veteran is to be trained;
(2) The length of the training period;
(3) A schedule listing various operations for major kinds of work or tasks to be learned and showing for each, job operations or work, tasks to be performed, and the approximate length of time to be spent on each operation or task;
(4) The wage or salary to be paid at the beginning of the course of training, at each successive step in the course, and at the completion of training;
(5) The entrance wage or salary paid by the establishment to employees already trained in the kind of work for which the veteran is to be trained; and
(6) The number of hours of supplemental related instruction required.

(b) The appropriate State approving agency may approve a course of apprentice or other training on the job specified in an application submitted by a training establishment in accordance with subsection (a) if such training establishment is found upon investigation to have met the following criteria:

(1) The training content of the course is adequate to qualify the eligible veteran for appointment to the job for which he is to be trained.
(2) There is reasonable certainty that the job for which the eligible veteran is to be trained will be available to him at the end of the training period.

(3) The job is one in which progression and appointment to the next higher classification are based upon skills learned through organized training on the job and not on such factors as length of service and normal turnover.

(4) The wages to be paid the eligible veteran for each successive period of training are not less than those customarily paid in the training establishment and in the community to a learner in the same job who is not a veteran.

(5) The job customarily requires a period of training of not less than three months and not more than two years of full-time training, except that this provision shall not apply to apprentice training.

(6) The length of the training period is no longer than that customarily required by the training establishment and other training establishments in the community to provide an eligible veteran with the required skills, arrange for the acquiring of job knowledge, technical information, and other facts which the eligible veteran will need to learn in order to become competent on the job for which he is being trained.

(7) Provision is made for related instruction for the individual eligible veteran who may need it.

(8) There is in the training establishment adequate space, equipment, instructional material, and instructor personnel to provide satisfactory training on the job.

(9) Adequate records are kept to show the progress made by each eligible veteran toward his job objective.

(10) Appropriate credit is given the eligible veteran for previous training and job experience, whether in the military service or elsewhere, his beginning wage adjusted to the level to which such credit advances him, and his training period shortened accordingly, and provision is made for certification by the training establishment that such credit has been granted and the beginning wage adjusted accordingly. No course of training will be considered bona fide if given to an eligible veteran who is already qualified by training and experience for the job objective.

(11) A signed copy of the training agreement for each eligible veteran, including the training program and wage scale as approved by the State approving agency, is provided to the veteran and to the Administrator and the State approving agency by the employer.

(12) Upon completion of the course of training furnished by the training establishment the eligible veteran is given a certificate by the employer indicating the length and type of training provided and that the eligible veteran has completed the course of training on the job satisfactorily.

(13) That the course meets such other criteria as may be established by the State approving agency.

§ 1652. Institutional on-farm training

(a) An eligible veteran shall be entitled to the benefits of this chapter while enrolled in a course of full-time institutional on-farm training which has been approved by the appropriate State approving agency in accordance with the provisions of this section.

(b) The State approving agency may approve a course of institutional on-farm training when it satisfies the following requirements:
The course combines organized group instruction in agricultural and related subjects of at least two hundred hours per year (and of at least eight hours each month) at an educational institution, with supervised work experience on a farm or other agricultural establishment.

The eligible veteran will perform a part of such course on a farm or other agricultural establishment under his control.

The course is developed with due consideration to the size and character of the farm or other agricultural establishment on which the eligible veteran will receive his supervised work experience and to the need of such eligible veteran, in the type of farming for which he is training, for proficiency in planning, producing, marketing, farm mechanics, conservation of resources, food conservation, farm financing, farming management, and the keeping of farm and home accounts.

The eligible veteran will receive not less than one hundred hours of individual instruction per year, not less than fifty hours of which shall be on such farm or other agricultural establishment (with at least two visits by the instructor to such farm each month). Such individual instruction shall be given by the instructor responsible for the veteran's institutional instruction and shall include instruction and home-study assignments in the preparation of budgets, inventories, and statements showing the production, use on the farm, and sale of crops, livestock, and livestock products.

The eligible veteran will be assured of control of such farm or other agricultural establishment (whether by ownership, lease, management agreement, or other tenure arrangement) until the completion of his course.

Such farm or other agricultural establishment shall be of a size and character which (A) will, together with the group-instruction part of the course, occupy the full time of the eligible veteran, (B) will permit instruction in all aspects of the management of the farm or other agricultural establishment of the type for which the eligible veteran is being trained, and will provide the eligible veteran an opportunity to apply to the operation of his farm or other agricultural establishment the major portion of the farm practices taught in the group instruction part of the course, and (C) will assure him a satisfactory income for a reasonable living under normal conditions at least by the end of his course.

Provision shall be made for certification by the institution and the veteran that the training offered does not repeat or duplicate training previously received by the veteran.

The institutional on-farm training meets such other fair and reasonable standards as may be established by the State approving agency.

§ 1653. Approval of accredited courses

(a) A State approving agency may approve the courses offered by an educational institution when—

(1) such courses have been accredited and approved by a nationally recognized accrediting agency or association;

(2) credit for such course is approved by the State department of education for credit toward a high school diploma;

(3) such courses are conducted under sections 11-28 of title 20; or

(4) such courses are accepted by the State department of education for credit for a teacher's certificate or a teacher's degree.

For the purposes of this chapter the Commissioner shall publish a
list of nationally recognized accrediting agencies and associations which he determines to be reliable authority as to the quality of training offered by an educational institution and the State approving agencies may, upon concurrence, utilize the accreditation of such accrediting associations or agencies for approval of the courses specifically accredited and approved by such accrediting association or agency. In making application for approval, the institution shall transmit to the State approving agency copies of its catalog or bulletin.

(b) As a condition to approval under this section, the State approving agency must find that adequate records are kept by the educational institution to show the progress of each eligible veteran. The State approving agency must also find that the educational institution maintains a written record of the previous education and training of the veteran and clearly indicates that appropriate credit has been given by the institution for previous education and training, with the training period shortened proportionately and the veteran and the Administrator so notified.

§ 1654. Approval of nonaccredited courses

(a) No course of education or training (other than a course of institutional on-farm training) which has not been approved by a State approving agency pursuant to section 1653 of this title, which is offered by a public or private, profit or nonprofit, educational institution shall be approved for the purposes of this chapter unless the educational institution offering such course submits to the appropriate State approving agency a written application for approval of such course in accordance with the provisions of this chapter.

(b) Such application shall be accompanied by not less than two copies of the current catalog or bulletin which is certified as true and correct in content and policy by an authorized owner or official and includes the following:

1. Identifying data, such as volume number and date of publication;
2. Names of the institution and its governing body, officials and faculty;
3. A calendar of the institution showing legal holidays, beginning and ending date of each quarter, term, or semester, and other important dates;
4. Institution policy and regulations on enrollment with respect to enrollment dates and specific entrance requirements for each course;
5. Institution policy and regulations relative to leave, absences, class cuts, make-up work, tardiness and interruptions for unsatisfactory attendance;
6. Institution policy and regulations relative to standards of progress required of the student by the institution (this policy will define the grading system of the institution, the minimum grades considered satisfactory, conditions for interruption for unsatisfactory grades or progress and a description of the probationary period, if any, allowed by the institution, and conditions of reentrance for those students dismissed for unsatisfactory progress. A statement will be made regarding progress records kept by the institution and furnished the student);
7. Institution policy and regulations relating to student conduct and conditions for dismissal for unsatisfactory conduct;
8. Detailed schedules of fees, charges for tuition, books, supplies, tools, student activities, laboratory fees, service charges, rentals, deposits, and all other charges;
(9) Policy and regulations of the institution relative to the refund of the unused portion of tuition, fees, and other charges in the event the student does not enter the course or withdraws or is discontinued therefrom;

(10) A description of the available space, facilities, and equipment;

(11) A course outline for each course for which approval is requested, showing subjects or units in the course, type of work or skill to be learned, and approximate time and clock hours to be spent on each subject or unit; and

(12) Policy and regulations of the institution relative to granting credit for previous educational training.

(c) The appropriate State approving agency may approve the application of such institution when the institution and its non-accredited courses are found upon investigation to have met the following criteria:

(1) The courses, curriculum, and instruction are consistent in quality, content, and length with similar courses in public schools and other private schools in the State, with recognized accepted standards.

(2) There is in the institution adequate space, equipment, instructional material, and instructor personnel to provide training of good quality.

(3) Educational and experience qualifications of directors, administrators, and instructors are adequate.

(4) The institution maintains a written record of the previous education and training of the veteran and clearly indicates that appropriate credit has been given by the institution for previous education and training, with the training period shortened proportionately and the veteran and the Administrator so notified.

(5) A copy of the course outline, schedule of tuition, fees, and other charges, regulations pertaining to absence, grading policy, and rules of operation and conduct will be furnished the veteran upon enrollment.

(6) Upon completion of training, the veteran is given a certificate by the institution indicating the approved course and indicating that training was satisfactorily completed.

(7) Adequate records as prescribed by the State approving agency are kept to show attendance and progress or grades, and satisfactory standards relating to attendance, progress, and conduct are enforced.

(8) The institution complies with all local, city, county, municipal, State, and Federal regulations, such as fire codes, building and sanitation codes. The State approving agency may require such evidence of compliance as is deemed necessary.

(9) The institution is financially sound and capable of fulfilling its commitments for training.

(10) The institution does not utilize advertising of any type which is erroneous or misleading, either by actual statement, omission, or intimation. The institution shall not be deemed to have met this requirement until the State approving agency (A) has ascertained from the Federal Trade Commission whether the Commission has issued an order to the institution to cease and desist from any act or practice, and (B) has, if such an order has been issued, given due weight to that fact.

(11) The institution does not exceed its enrollment limitations as established by the State approving agency.

(12) The institution's administrators, directors, owners, and instructors are of good reputation and character.
(13) The institution has and maintains a policy for the refund of the unused portion of tuition, fees, and other charges in the event the veteran fails to enter the course or withdraws or is discontinued therefrom at any time prior to completion and such policy must provide that the amount charged to the veteran for tuition, fees, and other charges for a portion of the course shall not exceed the approximate pro rata portion of the total charges for tuition, fees, and other charges that the length of the completed portion of the course bears to its total length.

(14) Such additional criteria as may be deemed necessary by the State approving agency.

§ 1655. Notice of approval of courses

The State approving agency, upon determining that an educational institution has complied with all the requirements of this chapter, will issue a letter to such institution setting forth the courses which have been approved for the purposes of this chapter, and will furnish an official copy of such letter and any subsequent amendments to the Administrator. The letter of approval shall be accompanied by a copy of the catalog or bulletin of the institution, as approved by the State approving agency, and shall contain the following information:

(1) date of letter and effective date of approval of courses;
(2) proper address and name of each educational institution or training establishment;
(3) authority for approval and conditions of approval, referring specifically to the approved catalog or bulletin published by the educational institution;
(4) name of each course approved;
(5) where applicable, enrollment limitations such as maximum numbers authorized and student-teacher ratio;
(6) signature of responsible official of State approving agency; and
(7) such other fair and reasonable provisions as are considered necessary by the appropriate State approving agency.

§ 1656. Disapproval of courses and discontinuance of allowances

(a) Any course approved for the purposes of this chapter which fails to meet any of the requirements of this chapter shall be immediately disapproved by the appropriate State approving agency. An educational institution or training establishment which has its courses disapproved by a State approving agency will be notified of such disapproval by a certified or registered letter of notification and a return receipt secured.

(b) The Administrator may discontinue the education and training allowance of any eligible veteran if he finds that the course of education or training in which such veteran is enrolled fails to meet any of the requirements of this chapter or if he finds that the educational institution or training establishment offering such course has violated any provisions of this chapter or fails to meet any of its requirements.

(c) Each State approving agency shall notify the Administrator of each course which it has disapproved under this section. The Administrator shall notify the State approving agency of his disapproval of any educational institution or training establishment under chapter 31 of this title.
Subchapter VII—Miscellaneous Provisions

§ 1661. Authority and duties of Administrator

(a) Payments under this chapter shall be subject to audit and review by the General Accounting Office as provided by the Budget and Accounting Act of 1921 and the Budget and Accounting Procedures Act of 1950.

(b) The Administrator may arrange for educational and vocational counseling to persons eligible for education and training under this chapter. At such intervals as he deems necessary, he shall make available information respecting the need for general education and for trained personnel in the various crafts, trades, and professions. Facilities of other Federal agencies collecting such information shall be utilized to the extent he deems practicable.

§ 1662. Advisory Committee

(a) There shall be an Advisory Committee formed by the Administrator, which shall be composed of persons who are eminent in their respective fields of education, labor, and management, and of representatives of the various types of institutions and establishments furnishing education and training to veterans enrolled under this chapter. The Commissioner and the Director, Bureau of Apprenticeship, Department of Labor shall be ex officio members of the Advisory Committee. The Administrator shall advise and consult with the committee from time to time with respect to the administration of this chapter and the committee may make such reports and recommendations as it deems desirable to the Administrator and to the Congress.

(b) The Administrator may advise and consult with the committee from time to time with respect to the administration of chapters 31 and 33 of this title.

§ 1663. Control by agencies of United States

No department, agency, or officer of the United States, in carrying out this chapter, shall exercise any supervision or control, whatsoever, over any State approving agency, State educational agency, or State apprenticeship agency, or any educational institution or training establishment. Nothing in this section shall be deemed to prevent any department, agency, or officer of the United States from exercising any supervision or control which such department, agency, or officer is authorized by law to exercise over any Federal educational institution or training establishment, or to prevent the furnishing of education or training under this chapter in any institution or establishment over which supervision or control is exercised by such other department, agency, or officer under authority of existing provisions of law.

§ 1664. Conflicting interests

(a) Every officer or employee of the Veterans’ Administration, or of the Office of Education, who has, while such an officer or employee, owned any interest in, or received any wages, salary, dividends, profits, gratuities, or services from, any educational institution operated for profit in which an eligible veteran was pursuing a course of education or training under this chapter shall be immediately dismissed from his office or employment.

(b) If the Administrator finds that any person who is an officer or employee of a State approving agency has, while he was such an officer or employee, owned any interest in, or received any wages, salary, dividends, profits, gratuities, or services from, an educational institution operated for profit in which an eligible veteran was pur-
suing a course of education or training under this chapter, he shall
discontinue making payments under section 1645 of this title to such
State approving agency unless such agency shall, without delay, take
such steps as may be necessary to terminate the employment of such
person and such payments shall not be resumed while such person is
an officer or employee of the State approving agency, or State Depart-
ment of Veterans Affairs or State Department of Education.

(c) A State approving agency shall not approve any course offered
by an educational institution operated for profit and, if any such
course has been approved, shall disapprove each such course, if it finds
that any officer or employee of the Veterans' Administration, the
Office of Education, or the State approving agency owns an interest
in, or receives any wages, salary, dividends, profits, gratuities, or
services from, such institution.

(d) The Administrator may, after reasonable notice and public
hearings, waive in writing the application of this section in the case
of any officer or employee of the Veterans' Administration, of the Office
of Education, or of a State approving agency, if he finds that no
detriment will result to the United States or to eligible veterans by
reason of such interest or connection of such officer or employee.

§ 1665. Reports by institutions

(a) Educational institutions and training establishments shall, with-
out delay, report to the Administrator in the form prescribed by him,
the enrollment, interruption, and termination of the education or
training of each eligible veteran enrolled therein under this chapter.

(b) The Administrator shall pay to each educational institution
which is required to submit reports and certifications to the Adminis-
trator under this chapter, an allowance at the rate of $1 per month
for each eligible veteran enrolled in and attending such institution
under the provisions of this chapter to assist the educational institu-
tion in defraying the expense of preparing and submitting such reports
and certifications. Such allowances shall be paid in such manner and
at such times as may be prescribed by the Administrator, except that
if any institution fails to submit reports or certifications to the Admin-
istrator as required by this chapter, no allowance shall be paid to such
institution for the month or months during which such reports or cer-
tifications were not submitted as required by the Administrator.

§ 1666. Overpayments to veterans

Whenever the Administrator finds that an overpayment has been
made to a veteran as the result of (1) the willful or negligent failure
of the educational institution or training establishment to report, as
required by this chapter and applicable regulations, to the Veterans' Administration excessive absences from a course, or discontinuance
or interruption of a course by the veteran or (2) false certification
by the educational institution or training establishment, the amount
of such overpayment shall constitute a liability of such institution or
establishment, and may be recovered in the same manner as any other
debt due the United States. Any amount so collected shall be reim-
bursed if the overpayment is recovered from the veteran. This sec-
tion shall not preclude the imposition of any civil or criminal liability
under this or any other law.

§ 1667. Examination of records

The records and accounts of educational institutions and training
establishments pertaining to eligible veterans who received education
or training under this chapter shall be available for examination by
duly authorized representatives of the Government.
§ 1668. False or misleading statements
The Administrator shall not make any payments under this chapter to any person found by him to have willfully submitted any false or misleading claims. In each case where the Administrator finds that an educational institution or training establishment has willfully submitted a false or misleading claim, or where a veteran, with the complicity of an educational institution or training establishment, has submitted such a claim, he shall make a complete report of the facts of the case to the appropriate State approving agency and where deemed advisable to the Attorney General of the United States for appropriate action.

§ 1669. Information furnished by Federal Trade Commission
The Federal Trade Commission shall keep all State approving agencies advised of any information coming to its attention which would be of assistance to such agencies in carrying out their duties under this chapter.

(1) The term "eligible person" means a child of a person who died of a service-connected disability arising out of active military, naval, or air service during World War I, World War II, or the Korean conflict, but only if such service did not terminate under dishonorable conditions. (c) Any provision of this chapter which requires any action to be taken by or with respect to the parent or guardian of an eligible person who has not attained his majority, or who, having attained his majority, is under a legal disability, shall not apply when the Administrator determines that its application would not be in the best interest of the eligible person, would result in undue delay, or would not be administratively feasible. In such a case the Administrator, where necessary to protect the interest of the eligible person, may designate some other person (who may be the eligible person himself) as the person by or with respect to whom the action so required should be taken.

(d) The Congress hereby declares that the educational program established by this chapter is for the purpose of providing opportunities for education to children whose education would otherwise be impeded or interrupted by reason of the death of a parent from a disease or injury incurred or aggravated in the Armed Forces during World War I, World War II, or the Korean conflict, and for the purpose of aiding such children in attaining the educational status which they might normally have aspired to and obtained but for the death of such parent.
Subchapter II—Eligibility and Entitlement

§ 1710. Eligibility and entitlement generally
Each eligible person shall, subject to the provisions of this chapter, be entitled to receive educational assistance.

§ 1711. Duration of educational assistance
(a) Each eligible person shall be entitled to educational assistance under this chapter for a period not in excess of thirty-six months (or to the equivalent thereof in part-time training).
(b) The period of entitlement of an eligible person under this chapter shall be reduced by a period equivalent to any period of education or training received by him under chapter 31 or 33 of this title.

If an eligible person is entitled to educational assistance under this chapter and is not entitled to such vocational rehabilitation, but after beginning his program of education or special restorative training becomes entitled (as determined by the Administrator) to such vocational rehabilitation, he must elect whether to continue to receive educational assistance or whether to receive such vocational rehabilitation. If he elects to receive vocational rehabilitation, the program of education or special restorative training pursued under this chapter shall be utilized to the fullest extent practicable in determining the character and duration of vocational rehabilitation to be furnished him.

§ 1712. Periods of eligibility
(a) The educational assistance to which an eligible person is entitled under section 1711 of this title or subchapter V of this chapter may be afforded him during the period beginning on his eighteenth birthday, or on the successful completion of his secondary schooling, whichever first occurs, and ending on his twenty-third birthday, except that—
   (1) if he is above the age of compulsory school attendance under applicable State law, and the Administrator determines that his best interests will be served thereby, such period may begin before his eighteenth birthday;
   (2) if he has a mental or physical handicap, and the Administrator determines that his best interests will be served by pursuing a program of special restorative training or a specialized course of vocational training approved under section 1737 of this title, such period may begin before his eighteenth birthday, but not before his fourteenth birthday;
   (3) if he had not reached his twenty-third birthday on June 29, 1956, and—

no event shall such period be extended beyond his thirty-first birthday by reason of this paragraph; and

(4) (A) if he is enrolled in an educational institution regularly operated on a quarter or semester system and such period ends during the last half of a quarter or semester, such period shall be extended to the end of the quarter or semester; or

(B) if he is enrolled in an educational institution operated other than on a quarter or semester system and such periods ends during the last half of the course, such period shall be extended to the end of the course, or until nine weeks have expired, whichever first occurs.

(b) No eligible person may be afforded educational assistance under this chapter unless he was discharged or released after each period he was on duty with the Armed Forces under conditions other than dishonorable, or while he is on duty with the Armed Forces.

§ 1713. Application

The parent or guardian of a person for whom educational assistance is sought under this chapter shall submit an application to the Administrator which shall be in such form and contain such information as the Administrator shall prescribe. Subchapter III—Program of Education

§ 1720. Development of educational plan

Upon provisional approval of an application for educational assistance, the Administrator shall arrange for, and the eligible person shall take advantage of, educational or vocational counseling to assist the parent or guardian and the eligible person in selecting his educational, vocational, or professional objective and in developing his program of education. During, or after, such counseling, the parent or guardian shall prepare for the eligible person an educational plan which shall set forth the selected objective, the proposed program of education, a list of the educational institutions at which such program would be pursued, an estimate of the sum which would be required for tuition and fees in completion of such program, and such other information as the Administrator shall require. This educational plan shall be signed by the parent or guardian and shall become an integral part of the application for educational assistance under this chapter.
§ 1721. Final approval of application

The Administrator shall finally approve an application if he finds (1) that section 1720 of this title has been complied with, (2) that the proposed program of education constitutes a "program of education" as that term is defined in this chapter, (3) that the eligible person is not already qualified, by reason of previous education or training, for the educational, professional, or vocational objective for which the courses of the program of education are offered, and (4) that it does not appear that the pursuit of such program would violate any provision of this chapter.

§ 1722. Change of program

An eligible person, with the concurrence of his parent or guardian, may request changes in his program. The Administrator shall approve an initial change of program, and may approve not more than one additional change, if he finds that—

(1) the program of education which the eligible person proposes to pursue is suitable to his aptitudes, interests, and abilities; and

(2) in any instance where the eligible person has interrupted, or failed to progress in, his program due to his own misconduct, his own neglect, or his own lack of application, there exists a reasonable likelihood with respect to the program which the eligible person proposes to pursue that there will not be a recurrence of such an interruption or failure to progress.

§ 1723. Disapproval of enrollment in certain courses

(a) (1) The Administrator shall not approve the enrollment of an eligible person in any bartending course, dancing course, or personality development course.

(2) The Administrator shall not approve the enrollment of an eligible person—

(A) in any photography course or entertainment course; or

(B) in any music course—instrumental or vocal—public speaking course, or course in sports or athletics such as horseback riding, swimming, fishing, skiing, golf, baseball, tennis, bowling, sports officiating, or other sport or athletic courses, except courses of applied music, physical education, or public speaking which are offered by institutions of higher learning for credit as an integral part of a program leading to an educational objective; or

(C) in any other type of course which the Administrator finds to be avocational or recreational in character; unless the eligible person submits justification showing that the course will be of bona fide use in the pursuit of his present or contemplated business or occupation.

(b) The Administrator shall not approve the enrollment of an eligible person in any course of flight training other than one given by an educational institution of higher learning for credit toward a standard college degree the eligible person is seeking.

(c) The Administrator shall not approve the enrollment of an eligible person in any course of apprentice or other training on the job, any course of institutional on-farm training, any course to be pursued by correspondence, television, or radio, or any course to be pursued at an educational institution not located in a State or in the Republic of the Philippines.

(d) The Administrator shall not approve the enrollment of an eligible person in any course which is to be pursued as a part of his regular secondary school education, but this subsection shall not prevent the enrollment of an eligible person in a course to be pursued
below the college level if the Administrator finds that such person has ended his secondary school education (by completion or otherwise) and that such course is a specialized vocational course pursued for the purpose of qualifying in a bona fide vocational objective.

§ 1724. Discontinuance for unsatisfactory progress

The Administrator shall discontinue the educational assistance allowance on behalf of an eligible person if, at any time, the Administrator finds that according to the regularly prescribed standards and practices of the educational institution he is attending, his conduct or progress is unsatisfactory. The Administrator may renew the payment of the educational assistance allowance only if he finds that—

(1) the cause of the unsatisfactory conduct or progress of the eligible person has been removed; and

(2) the program which the eligible person now proposes to pursue (whether the same or revised) is suitable to his aptitudes, interests, and abilities.

§ 1725. Period of operation for approval

(a) The Administrator shall not approve the enrollment of an eligible person in any course offered by an educational institution when such course has been in operation for less than two years.

(b) Subsection (a) shall not apply to—

(1) any course to be pursued in a public or other tax-supported educational institution;

(2) any course which is offered by an educational institution which has been in operation for more than two years, if such course is similar in character to the instruction previously given by such institution;

(3) any course which has been offered by an institution for a period of more than two years, notwithstanding the institution has moved to another location within the same general locality; or

(4) any course which is offered by a nonprofit educational institution of college level and which is recognized for credit toward a standard college degree.

§ 1726. Institutions listed by Attorney General

The Administrator shall not approve the enrollment of, or payment of an educational assistance allowance to, any eligible person in any course in an educational institution while it is listed by the Attorney General under section 3 of part III of Executive Order 9835, as amended.

Subchapter IV—Payments to Eligible Persons

§ 1731. Educational assistance allowance

(a) The Administrator shall pay to the parent or guardian of each eligible person who is pursuing a program of education under this chapter, and who applies therefor on behalf of such eligible person, an educational assistance allowance to meet, in part, the expenses of the eligible person's subsistence, tuition, fees, supplies, books, equipment, and other educational costs.

(b) The educational assistance allowance on behalf of an eligible person shall be paid, as provided in section 1732 of this title, only for the period of his enrollment as approved by the Administrator, but no allowance shall be paid—

(1) on behalf of any person enrolled in a course which leads to a standard college degree for any period when such person is not pursuing his course in accordance with the regularly established policies and regulations of the educational institution and the requirements of this chapter; or
(2) on behalf of any person enrolled in a course which does not lead to a standard college degree for any day of absence in excess of thirty days in a twelve-month period, not counting as absences weekends or legal holidays established by Federal or State law (or in the case of the Republic of the Philippines, Philippine law) during which the institution is not regularly in session.

(c) No educational assistance allowance shall be paid on behalf of an eligible person for any period until the Administrator shall have received—

(1) from the eligible person (A) in the case of an eligible person enrolled in a course which leads to a standard college degree, a certification that he was actually enrolled in and pursuing the course as approved by the Administrator, or (B) in the case of an eligible person enrolled in a course which does not lead to a standard college degree, a certification as to actual attendance during such period; and

(2) from the educational institution a certification, or an endorsement on the eligible person's certificate, that he was enrolled in and pursuing a course of education during such period.

Educational assistance allowances shall, insofar as practicable, be paid within twenty days after receipt by the Administrator of the certifications required by this subsection.

§ 1732. Computation of educational assistance allowance

(a) The educational assistance allowance on behalf of an eligible person who is pursuing a program of education consisting of institutional courses shall be computed at the rate of (1) $110 per month if pursued on a full-time basis, (2) $80 per month if pursued on a three-quarters time basis, and (3) $50 per month if pursued on a half-time basis.

(b) The educational assistance allowance to be paid on behalf of an eligible person who is pursuing a full-time program of education which consists of institutional courses and alternate phases of training in a business or industrial establishment with the training in the business or industrial establishment being strictly supplemental to the institutional portion, shall be computed at the rate of $90 per month.

(c) No educational assistance allowance shall be paid on behalf of an eligible person for any period during which he is enrolled in and pursuing an institutional course on a less than half-time basis, or any course described in subsection (b), on a less than full-time basis.

§ 1733. Measurement of courses

(a) For the purposes of this chapter, (1) an institutional trade or technical course offered on a clock-hour basis below the college level involving shop practice as an integral part thereof, shall be considered a full-time course when a minimum of thirty hours per week of attendance is required with no more than two and one-half hours of rest periods per week allowed, (2) an institutional course offered on a clock-hour basis below the college level in which theoretical or classroom instruction predominates shall be considered a full-time course when a minimum of twenty-five hours per week net of instruction is required, and (3) an institutional undergraduate course offered by a college or university on a quarter or semester hour basis for which credit is granted toward a standard college degree shall be considered a full-time course when a minimum of fourteen semester hours or its equivalent is required.

(b) The Administrator shall define part-time training in the case of the types of courses referred to in subsection (a), and shall define
full-time and part-time training in the cases of all other types of courses pursued under this chapter.

§ 1734. Overcharges by educational institutions

(a) If the Administrator finds that an educational institution has charged or received from any eligible person pursuing a course of education under this chapter any amount in excess of the charges for tuition and fees which such institution requires similarly circumstanced students, not receiving educational assistance under this chapter, who are enrolled in the same course to pay, he may disapprove such educational institution for the enrollment of any eligible person not already enrolled therein under this chapter and any eligible veteran not already enrolled therein under chapter 31 or 33 of this title.

(b) Any educational institution which has been disapproved under section 1634 of this title shall be deemed to be disapproved for the enrollment under this chapter of any eligible person not already enrolled therein.

§ 1735. Approval of courses

(a) An eligible person shall receive the benefits of this subchapter while enrolled in a course of education offered by an educational institution only if such course (1) is approved in accordance with the provisions of this section, or (2) is approved for the enrollment of the particular individual under the provisions of section 1737 of this title.

(b) Any course offered by an educational institution (as defined in this chapter) shall be considered approved for the purposes of this chapter if it is approved under either section 1653 or section 1654 of this title before the date for the expiration of all education and training under chapter 33 of this title, and has not been disapproved under section 1656 of this title.

(c) After the date for the expiration of all education and training under chapter 33 of this title, the Administrator shall be responsible for the approval of any additional courses for the purposes of this chapter. In approving such a course, the criteria of sections 1653 and 1654 of this title shall be applicable to approvals under this subsection and the Administrator may utilize the services of State educational agencies in connection therewith.

§ 1736. Discontinuance of allowances

The Administrator may discontinue the educational assistance allowance of any eligible person if he finds that the course of education in which the eligible person is enrolled fails to meet any of the requirements of this chapter or any of the standards and criteria of sections 1653 and 1654 of this title or if he finds that the educational institution offering such course has violated any provision of this chapter or fails to meet any of its requirements.

§ 1737. Specialized vocational training courses

Notwithstanding the provisions of subsections (b) and (c) of section 1735 of this title, the Administrator may approve a specialized course of vocational training leading to a predetermined vocational objective for the enrollment of an eligible person under this subchapter if he finds that such course, either alone or when combined with other courses, constitutes a program of education which is suitable for that person and is required because of a mental or physical handicap.
Subchapter V—Special Restorative Training

§ 1740. Purpose

The purpose of special restorative training is to overcome, or lessen, the effects of a manifest physical or mental disability which would handicap an eligible person in the pursuit of a program of education.

§ 1741. Entitlement to special restorative training

(a) The Administrator at the request of the parent or guardian of an eligible person is authorized—

(1) to determine whether such person is in need of special restorative training; and

(2) where need is found to exist, to prescribe a course which is suitable to accomplish the purposes of this chapter.

Such a course, at the discretion of the Administrator, may contain elements that would contribute toward an ultimate objective of a program of education.

(b) In no event shall the total period of educational assistance under this subchapter and other subchapters of this chapter exceed the amount of entitlement as established in section 1711 of this title.

§ 1742. Special training allowance

(a) While the eligible person is enrolled in and pursuing a full-time course of special restorative training, the parent or guardian shall be entitled to receive on his behalf a special training allowance computed at the basic rate of $110 per month. If the charges for tuition and fees applicable to any such course are more than $35 per calendar month the basic monthly allowance may be increased by the amount that such charges exceed $35 a month, upon election by the parent or guardian of the eligible person to have such person's period of entitlement reduced by one day for each $3.60 that the special training allowance paid exceeds the basic monthly allowance.

(b) No payments of a special training allowance shall be made for the same period for which the payment of an educational assistance allowance is made or for any period during which the training is pursued on less than a full-time basis.

(c) Full-time training for the purpose of this section shall be determined by the Administrator with respect to the capacities of the individual trainee.

§ 1743. Special administrative provisions

(a) In carrying out his responsibilities under this chapter the Administrator may by agreement arrange with public or private educational institutions or others to provide training arrangements as may be suitable and necessary to accomplish the purposes of this subchapter. In any instance where the Administrator finds that a customary tuition charge is not applicable, he may agree on the fair and reasonable amounts which may be charged the parent or guardian for the training provided to an eligible person.

(b) The Administrator shall make such rules and regulations as he may deem necessary in order to promote good conduct on the part of the persons who are following courses of special restorative training and otherwise to carry out the purposes of this chapter.

Subchapter VI—Miscellaneous Provisions

§ 1761. Authority and duties of Administrator

(a) Payments under this chapter shall be subject to audit and review by the General Accounting Office, as provided by the Budget and Accounting Act of 1921, and the Budget and Accounting Procedures Act of 1950.
(b) The Administrator may provide the educational and vocational counseling required under section 1720 of this title, and may provide or require additional counseling if he deems it necessary to accomplish the purposes of this chapter.

(c) In carrying out his functions under this chapter, the Administrator may utilize the facilities and services of any other Federal department or agency. Any such utilization shall be pursuant to proper agreement with the Federal department or agency concerned; and payment to cover the cost thereof shall be made either in advance or by way of reimbursement, as may be provided in such agreement.

(d) Where any provision of this chapter authorizes or requires any function, power, or duty to be exercised by a State, or by any officer or agency thereof, such function, power, or duty shall, with respect to the Republic of the Philippines, be exercised by the Administrator.

§ 1762. Nonduplication of benefits

(a) The commencement of a program of education or special restorative training under this chapter shall be a bar (1) to subsequent payments of compensation, dependency and indemnity compensation, or pension based on the death of a parent to an eligible person over the age of eighteen by reason of pursuing a course in an educational institution, or (2) to increased rates, or additional amounts, of compensation, dependency and indemnity compensation, or pension because of such a person.

(b) No educational assistance allowance or special training allowance shall be paid on behalf of any eligible person under this chapter for any period during which such person is enrolled in and pursuing a course of education or training paid for by the United States under any provision of law other than this chapter, where the payment of an allowance would constitute a duplication of benefits paid from the Federal Treasury to the eligible person or to his parent or guardian in his behalf.

§ 1763. Control by agencies of the United States

No department, agency, or officer of the United States, in carrying out this chapter, shall exercise any supervision or control, whatsoever, over any State approving agency, or State educational agency, or any educational institution. Nothing in this section shall be deemed to prevent any department, agency, or officer of the United States from exercising any supervision or control which such department, agency, or officer is authorized by law to exercise over any Federal educational institution or to prevent the furnishing of education under this chapter in any institution over which supervision or control is exercised by such other department, agency, or officer under authority of law.

§ 1764. Conflicting interests

(a) Every officer or employee of the Veterans' Administration who has, while such an officer or employee, owned any interest in, or received any wages, salary, dividends, profits, gratuities, or services from, any educational institution operated for profit in which an eligible person was pursuing a course of education under this chapter shall be immediately dismissed from his office or employment.

(b) The Administrator may, after reasonable notice and public hearings, waive in writing the application of this section in the case of any officer or employee of the Veterans' Administration, if he finds that no detriment will result to the United States or to eligible persons by reason of such interest or connection of such officer or employee.
§ 1765. Reports by institutions

(a) Educational institutions shall, without delay, report to the Administrator in the form prescribed by him, the enrollment, interruption, and termination of the education of each eligible person enrolled therein under this chapter.

(b) The Administrator shall pay to each educational institution which is required to submit reports and certifications to the Administrator under this chapter, an allowance at the rate of $1 per month for each eligible person enrolled in and attending such institution under the provisions of this chapter to assist the educational institution in defraying the expense of preparing and submitting such reports and certifications. Such allowances shall be paid in such manner and at such times as may be prescribed by the Administrator, except that in the event any institution fails to submit reports or certifications to the Administrator as required by this chapter, no allowance shall be paid to such institution for the month or months during which such reports or certifications were not submitted as required by the Administrator.

§ 1766. Overpayments to eligible persons

Whenever the Administrator finds that an overpayment has been made to an eligible person as the result of (1) the willful or negligent failure of an educational institution to report, as required by this chapter and applicable regulations, to the Veterans' Administration excessive absences from a course, or discontinuance or interruption of a course by the eligible person, or (2) false certification by an educational institution, the amount of such overpayment shall constitute a liability of such institution, and may be recovered in the same manner as any other debt due the United States. Any amount so collected shall be reimbursed if the overpayment is recovered from the eligible person. This section shall not preclude the imposition of any civil or criminal liability under this or any other law.

§ 1767. Examination of records

The records and accounts of educational institutions pertaining to eligible persons who received education under this chapter shall be available for examination by duly authorized representatives of the Government.

§ 1768. False or misleading statements

The Administrator shall not make any payments under this chapter to any person found by him to have willfully submitted any false or misleading claims. Whenever the Administrator finds that an educational institution has willfully submitted a false or misleading claim, or that a person, with the complicity of an educational institution, has submitted such a claim, he shall make a complete report of the facts of the case to the appropriate State approving agency and, where deemed advisable, to the Attorney General of the United States for appropriate action.

Subchapter I—General

§ 1801. Definitions

(a) For the purposes of this chapter—

(1) The term "World War II" (A) means the period beginning on September 16, 1940, and ending on July 25, 1947, and (B) includes, in the case of any veteran who enlisted or reenlisted in a Regular component of the Armed Forces after October 6, 1945, and before October 7, 1946, the period of the first such enlistment or reenlistment.

(2) The term "veteran" includes the widow of any veteran (including a person who died in the active military, naval, or air service) who died from a service-connected disability, but only if such widow is not eligible for benefits under this chapter on the basis of her own active duty. The active duty of her husband shall be deemed to have been active duty by such widow for the purposes of this chapter.

(b) Benefits shall not be afforded under this chapter to any individual on account of service as a commissioned officer of the Coast and Geodetic Survey, or of the Regular or Reserve Corps of the Public Health Service, unless such service would have qualified such individual for benefits under title III of the Servicemen's Readjustment Act of 1944.

§ 1802. Basic entitlement

(a) Each veteran who served on active duty at any time during World War II or the Korean conflict and whose total service was for ninety days or more, or who was discharged or released from a period of active duty, any part of which occurred during World War II or the Korean conflict, for a service-connected disability, shall be eligible for the benefits of this chapter. Entitlement derived from service during the Korean conflict (1) shall cancel any unused entitlement derived from service during World War II, and (2) shall be reduced by the amount by which entitlement from service during World War II, has been used to obtain a direct, guaranteed, or insured loan—

(A) on real property which the veteran owns at the time of application; or

(B) as to which the Administrator has incurred actual liability or loss, unless in the event of loss or the incurrence and payment
of such liability by the Administrator the resulting indebtedness
of the veteran to the United States has been paid in full.

(b) In computing the aggregate amount of guaranty or insurance
entitlement available to a veteran under this chapter—

(1) the Administrator may exclude the initial use of the vet-
eran's entitlement for any loan with respect to which the security
has been (A) taken (by condemnation or otherwise) by the United
States or any State, or by any local government agency for pub-
lic use, (B) destroyed by fire or other natural hazard, or (C)
dispersed of because of other compelling reasons devoid of fault on
the part of the veteran; and

(2) the Administrator shall exclude the amount of guaranty
or insurance entitlement previously used for any guaranteed or
insured home loan which has been repaid in full, and with respect
to which the real property which served as security for the loan
has been disposed of because the veteran, while on active duty,
was transferred by the service department with which he was
serving.

Entitlement restored under this subsection may be used at any time
before February 1, 1965.

c) An honorable discharge shall be deemed to be a certificate of
eligibility to apply for a guaranteed loan. Any veteran who does not
have a discharge certificate, or who received a discharge other than
honorable, may apply to the Administrator for a certificate of eligibil-
ity. Upon making a loan guaranteed or insured under this chapter,
the lender shall forthwith transmit to the Administrator a report
thereon in such detail as the Administrator may, from time to time,
 prescribe. Where the loan is guaranteed, the Administrator shall
provide the lender with a loan guaranty certificate or other evidence
of the guaranty. He shall also endorse on the veteran's discharge,
or eligibility certificate, the amount and type of guaranty used, and
the amount, if any, remaining. Nothing in this chapter shall pre-
clude the assignment of any guaranteed loan or the security therefor.

d) Loans will be automatically guaranteed under this chapter
only if made (1) by any Federal land bank, national bank, State
bank, private bank, building and loan association, insurance company,
credit union, or mortgage and loan company, that is subject to exam-
ination and supervision by an agency of the United States or of any
State, or (2) by any State. Any loan proposed to be made to a
veteran pursuant to this chapter by any lender not of a class specified in
the preceding sentence may be guaranteed by the Administrator if
he finds that it is in accord otherwise with the provisions of this
chapter.

e) The Administrator may at any time upon thirty days' notice
require loans to be made by any lender or class of lenders to be sub-
mitted to him for prior approval. No guaranty or insurance liability
shall exist with respect to any such loan unless evidence of guaranty
or insurance is issued by the Administrator.

f) Any loan at least 20 per centum of which is guaranteed under
this chapter may be made by any national bank or Federal savings
and loan association, or by any bank, trust company, building and
loan association, or insurance company, organized or authorized to
do business in the District of Columbia. Any such loan may be so
made without regard to the limitations and restrictions of any other
law relating to—

(1) ratio of amount of loan to the value of the property;
(2) maturity of loan;
(3) requirement for mortgage or other security;
(4) dignity of lien; or
(5) percentage of assets which may be invested in real estate
loans.
§ 1803. Basic provisions relating to loan guaranty

(a) (1) Any loan made to a World War II veteran, if made before July 26, 1960 (or, in the case of a veteran described in section 1801 (a) (1) (B) of this title, before the expiration of thirteen years after World War II is deemed to have ended with respect to him), or to a Korean conflict veteran, if made before February 1, 1965, for any of the purposes, and in compliance with the provisions, specified in this chapter, is automatically guaranteed by the United States in an amount not more than 60 per centum of the loan if the loan is made for any of the purposes specified in section 1810 of this title and not more than 50 per centum of the loan if the loan is for any of the purposes specified in section 1812, 1813, or 1814 of this title.

(2) If a loan report or an application for loan guaranty relating to a loan under this chapter to a World War II veteran whose entitlement would otherwise expire on July 25, 1960, has been received by the Administrator before July 26, 1960, such loan may be guaranteed or insured under the provisions of this chapter before July 26, 1961.

(b) Except as provided in sections 1810 and 1811 of this title, the aggregate amount guaranteed shall not be more than $2,000 in the case of non-real-estate loans, nor $4,000 in the case of real-estate loans, or a prorated portion thereof on loans of both types or combination thereof. The liability of the United States under any guaranty, within the limitations of this chapter, shall decrease or increase proportionately with any decrease or increase of the amount of the unpaid portion of the obligation.

(c) (1) Loans guaranteed or insured under this chapter shall be payable upon such terms and conditions as may be agreed upon by the parties thereto, subject to the provisions of this chapter and regulations of the Administrator issued pursuant to this chapter, and shall bear interest not in excess of such rate as the Administrator, with the approval of the Secretary of the Treasury, may from time to time find the loan market demands, but the rate of interest so prescribed by the Administrator shall not exceed at any time the rate of interest (exclusive of premium charges for insurance, and service charges if any), established by the Federal Housing Commissioner under section 203 (b) (5) of the National Housing Act, less one-half of 1 per centum per annum; except that such rate shall in no event exceed 4 3/4 per centum per annum.

(2) The provisions of the Servicemen’s Readjustment Act of 1944 which were in effect before April 1, 1958, with respect to the interest chargeable on loans made or guaranteed under such Act shall, notwithstanding the provisions of paragraph (1) of this subsection, continue to be applicable—

(A) to any loan made or guaranteed before April 1, 1958; and

(B) to any loan with respect to which a commitment to guarantee was entered into by the Administrator before April 1, 1958.

(d) (1) The maturity of any non-real-estate loan shall not be more than ten years. The maturity of any real-estate loan (other than a loan on farm realty) shall not be more than thirty years, and in the case of a loan on farm realty, shall not be more than forty years.

(2) Any loan for a term of more than five years shall be amortized in accordance with established procedure.

(3) Any real-estate loan (other than for repairs, alterations, or improvements) shall be secured by a first lien on the realty. Any non-real-estate loan (other than for working or other capital, merchandise, goodwill, and other intangible assets) shall be secured by personalty to the extent legal and practicable.
§ 1804. Restrictions on loans

(a) No loan for the purchase or construction of residential property shall be financed through the assistance of this chapter unless the property meets or exceeds minimum requirements for planning, construction, and general acceptability prescribed by the Administrator; however, this subsection shall not apply to a loan for the purchase of residential property on which construction is fully completed more than one year before such loan is made.

(b) The Administrator may refuse to appraise any dwelling or housing project owned, sponsored, or to be constructed by any person identified with housing previously sold to veterans under this chapter as to which substantial deficiencies have been discovered, or as to which there has been a failure or indicated inability to discharge contractual liabilities to veterans, or as to which it is ascertained that the type of contract of sale or the methods or practices pursued in relation to the marketing of such properties were unfair or unduly prejudicial to veteran purchasers.

(c) No loan for the purchase or construction of residential property shall be financed through the assistance of this chapter unless the veteran applicant, at the time that he applies for the loan, and also at the time that the loan is closed, certifies in such form as the Administrator may require, that he intends to occupy the property as his home. No loan for the repair, alteration, or improvement of residential property shall be financed through the assistance of the provisions of this chapter unless the veteran applicant, at the time that he applies to the lender for the loan, and also at the time that the loan is closed, certifies, in such form as may be required by the Administrator, that he occupies the property as his home. For the purposes of this chapter the requirement that the veteran recipient of a guaranteed or direct home loan must occupy or intend to occupy the property as his home means that the veteran as of the date of his certification actually lives in the property personally as his residence or actually intends upon completion of the loan and acquisition of the dwelling unit to move into the property personally within a reasonable time and to utilize such property as his residence.

(d) Whenever the Administrator finds with respect to guaranteed or insured loans that any lender or holder has failed to maintain adequate loan accounting records, or to demonstrate proper ability to service loans adequately or to exercise proper credit judgment or has willfully or negligently engaged in practices otherwise detrimental to the interest of veterans or of the Government, he may refuse either temporarily or permanently to guarantee or insure any loans made by such lender or holder and may bar such lender or holder from acquiring loans guaranteed or insured under this chapter; however, the Administrator shall not refuse to pay a guaranty or insurance claim on loans theretofore entered into in good faith between a veteran and such lender.

§ 1805. Warranties

(a) The Administrator shall require that in connection with any property upon which there is located a dwelling designed principally for not more than a four-family residence and which is approved for guaranty or insurance before the beginning of construction, the seller or builder, and such other person as may be required by the Administrator to become warrantor, shall deliver to the purchaser or owner of such property a warranty that the dwelling is constructed in substantial conformity with the plans and specifications (including any amendments thereof, or changes and variations therein, which have been approved in writing by the Administrator) on which the Administrator based his valuation of the dwelling. The Adminis-
trator shall deliver to the builder, seller, or other warrantor his written approval (which shall be conclusive evidence of such approval) of any amendment of, or change or variation in, such plans and specifications which the Administrator deems to be a substantial amendment thereof, or change or variation therein, and shall file a copy of such written approval with such plans and specifications. Such warranty shall apply only with respect to such instances of substantial nonconformity to such approved plans and specifications (including any amendments thereof, or changes or variations therein, which have been approved in writing, as provided in this section, by the Administrator) as to which the purchaser or home owner has given written notice to the warrantor within one year from the date of conveyance of title to, or initial occupancy of, the dwelling, whichever first occurs. Such warranty shall be in addition to, and not in derogation of, all other rights and privileges which such purchaser or owner may have under any other law or instrument. The provisions of this section shall apply to any such property covered by a mortgage insured or guaranteed by the Administrator on and after October 1, 1954, unless such mortgage is insured or guaranteed pursuant to a commitment therefor made before October 1, 1954.

(b) The Administrator shall permit copies of the plans and specifications (including written approvals of any amendments thereof, or changes or variations therein, as provided in this section) for dwellings in connection with which warranties are required by subsection (a) of this section to be made available in their appropriate local offices for inspection or for copying by any purchaser, home owner, or warrantor during such hours or periods of time as the Administrator may determine to be reasonable.

Subchapter II—Loans

§ 1810. Purchase or construction of homes

(a) Any loan to a veteran, if made pursuant to the provisions of this chapter, is automatically guaranteed if such loan is for one or more of the following purposes:

(1) To purchase or construct a dwelling to be owned and occupied by him as a home.

(2) To purchase a farm on which there is a farm residence to be owned and occupied by him as his home.

(3) To construct on land owned by him a farm residence to be occupied by him as his home.

(4) To repair, alter, or improve a farm residence or other dwelling owned by him and occupied by him as his home.

If there is an indebtedness which is secured by a lien against land owned by the veteran, the proceeds of a loan guaranteed under this section or made under section 1811 of this title for construction of a dwelling or farm residence on such land may be used also to liquidate such lien, but only if the reasonable value of the land is equal to or greater than the amount of the lien.

(b) No loan may be guaranteed under this section or made under section 1811 of this title unless—

(1) the proceeds of such loan will be used to pay for the property purchased, constructed, or improved;

(2) the contemplated terms of payment required in any mortgage to be given in part payment of the purchase price or the construction cost bear a proper relation to the veteran’s present and anticipated income and expenses;

(3) the veteran is a satisfactory credit risk;

(4) the nature and condition of the property is such as to be suitable for dwelling purposes;
(5) the price paid or to be paid by the veteran for such property, or for the cost of construction, repairs, or alterations, does not exceed the reasonable value thereof as determined by the Administrator; and

(6) if the loan is for repair, alteration, or improvement of property, such repair, alteration, or improvement substantially protects or improves the basic livability or utility of such property.

(c) The amount of guaranty entitlement available to a veteran under this section shall not be more than $7,500 less such entitlement as may have been used previously under this section and other sections of this chapter.

§ 1811. Direct loans to veterans

(a) The Congress finds that housing credit under section 1810 of this title is not and has not been generally available to veterans living in rural areas, or in small cities and towns not near large metropolitan areas. It is therefore the purpose of this section to provide housing credit for veterans living in such rural areas and such small cities and towns.

(b) Whenever the Administrator finds that private capital is not generally available in any rural area or small city or town for the financing of loans guaranteed under section 1810 of this title, he shall designate such rural area or small city or town as a "housing credit shortage area". He shall make, or enter into commitments to make, to any veteran eligible under this title, a loan for any or all of the purposes listed in section 1810 (a) in such area.

(c) No loan may be made under this section to a veteran unless he shows to the satisfaction of the Administrator that—

(1) he is unable to obtain from a private lender in such housing credit shortage area, at an interest rate not in excess of the rate authorized for guaranteed home loans, a loan for such purpose for which he is qualified under section 1810 of this title; and

(2) he is unable to obtain a loan for such purpose from the Secretary of Agriculture under sections 1000-1029 of title 7 or under sections 1471-1483 of title 42.

(d) (1) Loans made under this section shall bear interest at a rate determined by the Administrator, not to exceed the rate authorized for guaranteed home loans, and shall be subject to such requirements or limitations prescribed for loans guaranteed under this title as may be applicable.

(2) The original principal amount of any loan made under this section shall not exceed an amount which bears the same ratio to $13,500 as the amount of guaranty to which the veteran is entitled under section 1810 of this title at the time the loan is made bears to $7,500; and the guaranty entitlement of any veteran who heretofore or hereafter has been granted a loan under this section shall be charged with an amount which bears the same ratio to $7,500 as the amount of the loan bears to $13,500.

(3) No veteran may obtain loans under this section aggregating more than $13,500.

(e) Loans made under this section shall be repaid in monthly installments, except that in the case of any such loan made for any of the purposes described in paragraphs (2), (3), or (4) of section 1810 (a) of this title, the Administrator may provide that such loan shall be repaid in quarterly, semiannual, or annual installments.

(f) In connection with any loan under this section, the Administrator may make advances in cash to pay taxes and assessments on the real estate, to provide for repairs, alterations, and improvements, and to meet the incidental expenses of the transaction. The Adminis-
trator shall determine the expenses incident to origination of loans made under this section, which expenses, or a reasonable flat allowance in lieu thereof, shall be paid by the veteran in addition to the loan closing costs.

(g) The Administrator may sell, and shall offer for sale, to any person or entity approved for such purpose by him, any loan made under this section at a price not less than par; that is, the unpaid balance plus accrued interest, and shall guarantee any loan thus sold subject to the same conditions, terms, and limitations which would be applicable were the loan guaranteed under section 1810 of this title.

(h) No loan may be made under this section after July 25, 1960, except pursuant to commitments issued by the Administrator before that date.

(i) (1) If any builder or sponsor proposes to construct one or more dwellings in a housing credit shortage area, the Administrator may enter into commitment with such builder or sponsor, under which funds available for loans under this section will be reserved for a period not in excess of three months, or such longer period as the Administrator may authorize to meet the needs in any particular case, for the purpose of making loans to veterans to purchase such dwellings. Such commitment may not be assigned or transferred except with the written approval of the Administrator. The Administrator shall not enter into any such commitment unless such builder or sponsor pays a nonrefundable commitment fee to the Administrator in an amount determined by the Administrator, not to exceed 2 per centum of the funds reserved for such builder or sponsor.

(2) Whenever the Administrator finds that a dwelling with respect to which funds are being reserved under this subsection has been sold, or contracted to be sold, to a veteran eligible for a direct loan under this section, the Administrator shall enter into a commitment to make the veteran a loan for the purchase of such dwelling. With respect to any loan made to an eligible veteran under this subsection, the Administrator may make advances during the construction of the dwelling, up to a maximum in advances of (A) the cost of the land plus (B) 80 per centum of the value of the construction in place.

(3) After the Administrator has entered into a commitment to make a veteran a loan under this subsection, he may refer the proposed loan to the Voluntary Home Mortgage Credit Committee, in order to afford a private lender the opportunity to acquire such loan subject to guaranty as provided in subsection (g) of this section. If, before the expiration of sixty days after the loan made to the veteran by the Administrator is fully disbursed, a private lender agrees to purchase such loan, all or any part of the commitment fee paid to the Administrator with respect to such loan may be paid to such private lender when such loan is so purchased. If a private lender has not purchased or agreed to purchase such loan before the expiration of sixty days after the loan made by the Administrator is fully disbursed, the commitment fee paid with respect to such loan shall become a part of the special deposit account referred to in subsection (c) of section 1823 of this title. If a loan is not made to a veteran for the purchase of a dwelling, the commitment fee paid with respect to such dwelling shall become a part of such special deposit account.

(4) The Administrator may exempt dwellings constructed through assistance provided by this subsection from the minimum land planning and subdivision requirements prescribed pursuant to subsection (a) of section 1804 of this title, and with respect to such dwellings may prescribe special minimum land planning and subdivision requirements which shall be in keeping with the general housing facilities in the locality but shall require that such dwellings meet minimum requirements of structural soundness and general acceptability.
(j) (1) The Administrator shall commence the processing of any application for a loan under this section upon the receipt of such application, and shall continue such processing notwithstanding the fact that the assistance of the Voluntary Home Mortgage Credit Committee has been requested by the Administrator for the purpose of ascertaining whether or not such loan can be placed with a private lender.

(2) If the assistance of such Committee has been requested by the Administrator in connection with any such application, and the Administrator is not notified by such Committee within twenty working days after such assistance has been requested that it has been successful in enabling the applicant to place such loan with a private lender or expects to do so within ten additional working days, the Administrator shall proceed forthwith to complete any part of the processing of such application remaining unfinished, and to grant or deny the application in accordance with the provisions of this section.

(3) As used in this subsection, the term "working days" means calendar days exclusive of Saturdays, Sundays, and legal holidays.

(k) Without regard to any other provision of this chapter, the Administrator may take or cause to be taken such action as in his judgment may be necessary or appropriate for or in connection with the custody, management, protection, and realization or sale of investments under this section, may determine his necessary expenses and expenditures, and the manner in which the same shall be incurred, allowed and paid, may make such rules, regulations, and orders as he may deem necessary or appropriate for carrying out his functions under this section and section 1823 of this title and, except as otherwise expressly provided in this chapter, may employ, utilize, compensate, and, to the extent not inconsistent with his basic responsibilities under this section, delegate any of his functions under this section and section 1823 of this title to such persons and such corporate or other agencies, including agencies of the United States, as he may designate.

§ 1812. Purchase of farms and farm equipment

(a) Any loan to a veteran, if made pursuant to the provisions of this chapter, is automatically guaranteed if such loan is for one or more of the following purposes:

(1) To purchase any lands, buildings, livestock, equipment, machinery, supplies or implements, or to repair, alter, construct, or improve any land, equipment, or building, including a farmhouse, to be used in farming operations conducted by the veteran involving production in excess of his own needs.

(2) For working capital requirements necessary for such farming operations.

(3) To purchase stock in a cooperative association where the purchase of such stock is required by Federal law as an incident to obtaining the loan.

(b) No loan may be guaranteed under this section unless—

(1) the proceeds of the loan will be used for one of the purposes listed in subsection (a) in connection with bona fide farming operations conducted by the veteran; and

(2) the ability and experience of the veteran, and the nature of the proposed farming operations to be conducted by him, are such that there is a reasonable likelihood that such operations will be successful; and
(4) the price paid or to be paid by the veteran for such property, or for the cost of construction, repairs, or alterations, does not exceed the reasonable value thereof as determined by the Administrator.

(c) For the purpose of encouraging the construction and improvement of farm housing, the Administrator may guarantee a loan for the construction or improvement of a farmhouse which loan is secured by a first lien on a portion of the farm suitable in size and location as an independent home site, and may permit payment out of the proceeds of such loan any sum required to obtain the release of such site from existing indebtedness. The Administrator may, in his discretion, except any loan for the construction or improvement of a farmhouse from the first lien requirement imposed by section 1803 (d) (3) of this title.

§ 1813. Purchase of business property

(a) Any loan to a veteran, if made pursuant to the provisions of this chapter, is automatically guaranteed if such loan is for one or more of the following purposes:
   (1) To be used for the purpose of engaging in business or pursuing a gainful occupation.
   (2) For the cost of acquiring for such purpose land, buildings, supplies, equipment, machinery, tools, inventory, or stock in trade.
   (3) For the cost of the construction, repair, alteration, or improvement of any realty or personalty used for such purpose.
   (4) To provide the funds needed for working capital for such purpose.

(b) No loan may be guaranteed under this section unless—
   (1) the proceeds of such loan will be used by the veteran for any of the specified purposes in connection with bona fide pursuit of a gainful occupation by the veteran;
   (2) such property will be useful in and reasonably necessary for the efficient and successful pursuit of such business or occupation;
   (3) the ability and experience of the veteran, and the conditions under which he proposes to pursue such business or occupation, are such that there is a reasonable likelihood that he will be successful in the pursuit of such business or occupation; and
   (4) the price paid or to be paid by the veteran for such property, or for the cost of construction, repairs, or alterations, does not exceed the reasonable value thereof as determined by the Administrator.

§ 1814. Loans to refinance delinquent indebtedness

(a) Any loan to a veteran, if made pursuant to the provisions of this chapter, is automatically guaranteed if such loan is for one or more of the following purposes:
   (1) To refinance any indebtedness of the veteran which is secured of record on property to be used or occupied by him as a home or for farming purposes.
   (2) To refinance any indebtedness incurred by him in the pursuit of a gainful occupation which he is pursuing or which he proposes in good faith to pursue.
   (3) To pay any delinquent taxes or assessments on such property or business.

(b) No loan may be guaranteed under this section unless—
   (1) such refinancing will aid the veteran in his economic readjustment;
(2) the amount of the loan does not exceed the reasonable value of the property or business as determined by the Administrator; and

(3) such loan became in default or the delinquency occurred (A) before July 26, 1960, in the case of a World War II veteran (or, in the case of a veteran described in section 1801(a)(1)(B) of this title, before the expiration of thirteen years after World War II is deemed to have ended with respect to him), or (B) before February 1, 1965, in the case of a Korean conflict veteran.

§ 1815. Insurance of loans

(a) Any loan which might be guaranteed under the provisions of this chapter, when made or purchased by any financial institution subject to examination and supervision by an agency of the United States or of any State may, in lieu of such guaranty, be insured by the Administrator under an agreement whereby he will reimburse any such institution for losses incurred on such loan up to 15 per centum of the aggregate of loans so made or purchased by it.

(b) Loans insured under this section shall be made on such other terms, conditions, and restrictions as the Administrator may prescribe within the limitations set forth in this chapter. The Administrator may fix the maximum rate of interest payable on any class of non-real-estate loans insured under this section at a figure not in excess of a 3 per centum discount rate or an equivalent straight interest rate on nonamortized loans.

§ 1816. Procedure on default

In the event of default in the payment of any loan guaranteed under this chapter, the holder of the obligation shall notify the Administrator who shall thereupon pay to such holder the guaranty not in excess of the pro rata portion of the amount originally guaranteed, and shall be subrogated to the rights of the holder of the obligation to the extent of the amount paid on the guaranty. Before suit or foreclosure the holder of the obligation shall notify the Administrator of the default, and within thirty days thereafter the Administrator may, at his option, pay the holder of the obligation the unpaid balance of the obligation plus accrued interest and receive an assignment of the loan and security. Nothing in this section shall preclude any forbearance for the benefit of the veteran as may be agreed upon by the parties to the loan and approved by the Administrator. The Administrator may establish the date, not later than the date of judgment and decree of foreclosure or sale, upon which accrual of interest or charges shall cease.

§ 1817. Release from liability under guaranty

Whenever any veteran disposes of residential property securing a guaranteed, insured, or direct loan obtained by him, the Administrator, upon application made by such veteran and by the transferee incident to such disposal, shall issue to such veteran in connection with such disposal a release relieving him of all further liability to the Administrator on account of such loan (including liability for any loss resulting from any default of the transferee or any subsequent purchaser of such property) if the Administrator has determined, after such investigation as he may deem appropriate, that (1) the loan is current, and (2) the purchaser of such property from such veteran (A) has obligated himself by contract to purchase such property and to assume full liability for the repayment of the balance of the loan remaining unpaid, and has assumed by contract all of the obligations of the veteran under the terms of the instruments creating and securing the loan, and (B) qualifies from a credit standpoint, to the same extent as if he were a veteran eligible under section 1810 of this title, for a guaranteed or insured or direct loan in an amount equal to the unpaid balance of the obligation for which he has assumed liability.
Subchapter III—Administrative Provisions

§ 1820. Powers of Administrator

(a) Notwithstanding the provisions of any other law, with respect to matters arising by reason of this chapter, the Administrator may—

(1) sue and be sued in his official capacity in any court of competent jurisdiction, State or Federal;

(2) subject to specific limitations in this chapter, consent to the modification, with respect to rate of interest, time of payment of principal or interest or any portion thereof, security or other provisions of any note, contract, mortgage or other instrument securing a loan which has been guaranteed or insured under this chapter;

(3) pay, or compromise, any claim on, or arising because of, any such guaranty or insurance;

(4) pay, compromise, waive or release any right, title, claim, lien or demand, however acquired, including any equity or any right of redemption;

(5) purchase at any sale, public or private, upon such terms and for such prices as he determines to be reasonable, and take title to, property, real, personal or mixed; and similarly sell, at public or private sale, exchange, assign, convey, or otherwise dispose of any such property; and

(6) complete, administer, operate, obtain and pay for insurance on, and maintain, renovate, repair, modernize, lease, or otherwise deal with any property acquired or held pursuant to this chapter. The acquisition of any such property shall not deprive any State or political subdivision thereof of its civil or criminal jurisdiction of, on, or over such property (including power to tax) or impair the rights under the State or local law of any persons on such property.

(b) The powers granted by this section may be exercised by the Administrator without regard to any other provision of law not enacted expressly in limitation of this section, which otherwise would govern the expenditure of public funds; however, section 5 of title 41 shall apply to any contract for services or supplies on account of any property acquired pursuant to this section if the amount of such contract exceeds $1,000.

(c) The financial transactions of the Administrator incident to, or arising out of, the guaranty or insurance of loans pursuant to this chapter, and the acquisition, management, and disposition of property, real, personal, or mixed, incident to such activities and pursuant to this section, shall be final and conclusive upon all officers of the Government.

(d) The right to redeem provided for by section 2410 (c) of title 28 shall not arise in any case in which the subordinate lien or interest of the United States derives from a guaranteed or insured loan.

§ 1821. Incontestability

Any evidence of guaranty or insurance issued by the Administrator shall be conclusive evidence of the eligibility of the loan for guaranty or insurance under the provisions of this chapter and of the amount of such guaranty or insurance. Nothing in this section shall preclude the Administrator from establishing, as against the original lender, defenses based on fraud or material misrepresentation. The Administrator shall not, by reason of anything contained in this section, be barred from establishing, by regulations in force at the date of such issuance or disbursement, whichever is the earlier, partial defenses to the amount payable on the guaranty or insurance.
§ 1822. Recovery of damages

(a) Whoever knowingly makes, effects, or participates in a sale of any property to a veteran for a consideration in excess of the reasonable value of such property as determined by the Administrator, shall, if the veteran pays for such property in whole or in part with the proceeds of a loan guaranteed by the Veterans' Administration under section 1810, 1812, or 1813 of this title, be liable for three times the amount of such excess consideration irrespective of whether such person has received any part thereof.

(b) Actions pursuant to the provisions of this section may be instituted by the veteran concerned, in any United States district court, which court may, as a part of any judgment, award costs and reasonable attorneys' fees to the successful party. If the veteran does not institute an action under this section within thirty days after discovering he has overpaid, or having instituted an action shall fail diligently to prosecute the same, or upon request by the veteran, the Attorney General, in the name of the Government of the United States, may proceed therewith, in which event one-third of any recovery in said action shall be paid over to the veteran and two-thirds thereof shall be paid into the Treasury of the United States.

(c) The remedy provided in this section shall be in addition to any and all other penalties imposed by law.

§ 1823. Direct loan revolving fund

(a) For the purposes of section 1811 of this title, the revolving fund heretofore established by section 513 of the Servicemen's Readjustment Act of 1944 is continued in effect. For the purposes of further augmenting the revolving fund, the Secretary of the Treasury is authorized and directed to advance to the Administrator from time to time after December 31, 1958, and until June 30, 1960, such sums (not in excess of $150,000,000 in any one fiscal year, including prior advancements in fiscal year 1959) as the Administrator may request, except that the aggregate so advanced in any one quarter annual period shall not exceed the sum of $50,000,000, less that amount which has been returned to the revolving fund during the preceding quarter annual period from the sale of loans pursuant to section 1811 (g) of this title. In addition the Secretary is authorized and directed to make available to the Administrator for this purpose from time to time as he may request the amount of any funds which may have been deposited to the credit of miscellaneous receipts under this subsection or subsection (c) of this section, except that no sums may be made available after July 25, 1960. After the last day on which the Administrator may make loans under section 1811 of this title, he shall cause to be deposited with the Treasurer of the United States, to the credit of miscellaneous receipts, that part of all sums in such revolving fund, and all amounts thereafter received, representing unexpended advances or the repayment or recovery of the principal of direct home loans, retaining, however, a reasonable reserve for making loans with respect to which he has entered into commitments with veterans before such last day.

(b) On advances to such revolving fund by the Secretary of the Treasury, less those amounts deposited in miscellaneous receipts under subsections (a) and (c) the Administrator shall pay semiannually to the Treasurer of the United States interest at the rate or rates determined by the Secretary of the Treasury, taking into consideration the current average rate on outstanding marketable obligations of the United States as of the last day of the month preceding the advance.

(c) In order to make advances to such revolving fund, as authorized by law to effectuate the purposes and functions authorized in section 1811 of this title, the Secretary of the Treasury may use, as a public
debt transaction, the proceeds of the sale of any securities issued under the Second Liberty Bond Act, and the purposes for which securities may be issued under the Second Liberty Bond Act include such purposes. Such sums, together with all receipts under this section and section 1811 of this title, shall be deposited with the Treasurer of the United States, in a special deposit account, and shall be available, respectively, for disbursement for the purposes of section 1811 of this title. Except as otherwise provided in subsection (a) of this section, the Administrator shall from time to time cause to be deposited into the Treasury of the United States, to the credit of miscellaneous receipts, such of the funds in such account as in his judgment are not needed for the purposes for which they were provided, including the proceeds of the sale of any loans, and not later than June 30, 1961, he shall cause to be so deposited all sums in such account and all amounts received thereafter in repayment of outstanding obligations, or otherwise, except so much thereof as he may determine to be necessary for purposes of liquidation of loans made from the revolving fund.

§ 1824. Waiver of discharge requirements for hospitalized persons

The benefits of this chapter may be afforded to any person who is hospitalized pending final discharge from active duty, if he is qualified therefor in every respect except for discharge.

CHAPTER 39—AUTOMOBILES FOR DISABLED VETERANS

1901. Veterans eligible for assistance.
1902. Limitation on types of assistance furnished and veterans otherwise entitled.
1903. Limitation on amounts paid by United States.
1904. Prohibition against duplication of benefits.
1905. Applications.

§ 1901. Veterans eligible for assistance

(a) The Administrator, under such regulations as he may prescribe, shall provide or assist in providing an automobile or other conveyance by paying not to exceed $1,600 on the purchase price, including equipment with such special attachments and devices as the Administrator may deem necessary, for each veteran who is entitled to compensation under chapter 11 of this title for any of the following due to disability incurred in or aggravated by active military, naval, or air service during World War II or the Korean conflict:

(1) Loss or permanent loss of use of one or both feet;
(2) Loss or permanent loss of use of one or both hands;
(3) Permanent impairment of vision of both eyes of the following status: Central visual acuity of 20/200 or less in the better eye, with corrective glasses, or central visual acuity of more than 20/200 if there is a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance no greater than twenty degrees in the better eye.

(b) For the purposes of this section, the term "World War II" includes, in the case of any veteran, any period of continuous service performed by him after December 31, 1946, and before July 26, 1947, if such period began before January 1, 1947.
§ 1902. Limitation on types of assistance furnished and veterans otherwise entitled

No payment shall be made under this chapter for the repair, maintenance, or replacement of any such automobile or other conveyance and no veteran shall be given an automobile or other conveyance until it is established to the satisfaction of the Administrator that such veteran will be able to operate such automobile or other conveyance in a manner consistent with his own safety and the safety of others and will be licensed to operate such automobile or other conveyance by the State of his residence or other proper licensing authority; however, a veteran who cannot qualify to operate a vehicle shall nevertheless be entitled to the payment of not to exceed $1,600 on the purchase price of an automobile or other conveyance, as provided in section 1901 of this title, to be operated for him by another person, but only if such veteran meets the other eligibility requirements of this chapter.

§ 1903. Limitation on amounts paid by United States

The furnishing of such automobile or other conveyance, or the assisting therein, shall be accomplished by the Administrator paying the total purchase price, if not in excess of $1,600, or the amount of $1,600, if the total purchase price is in excess of $1,600, to the seller from whom the veteran is purchasing under sales agreement between the seller and the veteran.

§ 1904. Prohibition against duplication of benefits

No veteran shall be entitled to receive more than one automobile or other conveyance under the provisions of this chapter.

§ 1905. Applications

The benefits provided in this chapter shall not be available to any veteran who has not made application for such benefits to the Administrator within five years after the date of the veteran's discharge or release from active military, naval, or air service; except that in the case of any veteran whose loss or permanent loss of use of one or both feet, or one or both hands, or permanent impairment of vision, as specified in section 1901 of this title, shall have occurred after his discharge or release from active military, naval, or air service, application may be made within three years after the occurrence of such disability. Notwithstanding the foregoing time limits, no otherwise eligible veteran shall be denied the benefits of this chapter who makes application within one year from the date on which his entitlement to compensation for loss or permanent loss of use of one or both feet, or one or both hands, or permanent impairment of vision, as specified in section 1901 of this title, shall have been determined.

SUBCHAPTER II—EMPLOYMENT SERVICE FOR VETERANS

2010. Purpose.

Subchapter I—Unemployment Compensation

§ 2001. Compensation for veterans under State agreements

(a) The Secretary of Labor is authorized on behalf of the United States to enter into an agreement with any State, or with the agency administering the unemployment compensation law of such State, under which such State agency (1) will make, as agent of the United States, payments of unemployment compensation to Korean conflict veterans, in accordance with the provisions of this chapter, and (2) will otherwise cooperate with the Secretary, and with other State agencies, in making payments of unemployment compensation under this chapter.

(b) Any such agreement shall, except as provided in section 2008 of this title, provide that unemployment compensation at the rate of $26 per week will be paid by the State to any Korean conflict veteran in such State with respect to weeks of unemployment (not in excess of a total of twenty-six weeks). If a Korean conflict veteran is eligible to receive mustering-out payment under section 2102 of this title, he shall not be eligible to receive unemployment compensation under this chapter with respect to weeks of unemployment completed within thirty days after his discharge or release, if he receives $100 in such mustering-out payment; within sixty days after his discharge or release if he receives $200 in such mustering-out payment; or within ninety days after his discharge or release if he receives $300 in such mustering-out payment.

(c) Any such agreement shall provide that any determination by a State agency with respect to entitlement to unemployment compensation pursuant to an agreement under this section shall be made in accordance with the State unemployment compensation law, insofar as such law is applicable, and shall be subject to review in the same manner and to the same extent as determinations under the State unemployment compensation law, and only in such manner and to such extent.

(d) Each agreement shall provide the terms and conditions upon which it may be amended or terminated.

(e) Each agreement entered into pursuant to title IV of the Veterans' Readjustment Assistance Act of 1952 shall be deemed to have been entered into pursuant to this chapter.

(f) Benefits shall not be afforded under this chapter to any individual on account of service as a commissioned officer of the Coast and Geodetic Survey, or of the Regular or Reserve Corps of the Public Health Service, unless such service would have qualified such individual for benefits under title IV of the Veterans' Readjustment Assistance Act of 1952.

§ 2002. Unemployment compensation in absence of State agreements

(a) In the case of a Korean conflict veteran who is in a State which has no agreement under this chapter with the Secretary of Labor, the Secretary, in accordance with regulations prescribed by him, shall, upon the filing by such veteran of a claim for unemployment compensation under this subsection, make payments of unemployment compensation to him in the same amounts and for the same periods as provided in section 2001 (b) of this title. Any determination by the Secretary with respect to entitlement to unemployment compensation under this subsection shall be made in accordance with the State unemployment compensation law of the State in which the veteran is insofar as such law is applicable.
(b) In the case of a Korean conflict veteran who is in Puerto Rico or in the Virgin Islands, the Secretary, in accordance with regulations prescribed by him, shall, upon the filing by such veteran of a claim for unemployment compensation under this subsection, make payments of unemployment compensation to him in the same amounts and for the same periods as provided in section 2001 (b) of this title. Any determination by the Secretary with respect to entitlement to unemployment compensation under this subsection shall be made in accordance with the unemployment compensation law of the District of Columbia insofar as such law is applicable.

(c) Any Korean conflict veteran whose claim for unemployment compensation under subsection (a) or (b) of this section has been denied shall be entitled to a fair hearing in accordance with regulations prescribed by the Secretary. Any final determination by the Secretary with respect to entitlement to unemployment compensation under this section shall be subject to review by the courts in the same manner and to the extent as is provided in section 405 (g) of title 42, with respect to final decisions of the Secretary of Health, Education, and Welfare under such title.

(d) The Secretary may utilize for the purposes of this section the personnel and facilities of the agencies in Puerto Rico and the Virgin Islands cooperating with the United States Employment Service under sections 49-49c, 49d-49k of title 29. For the purpose of payments made to such agencies under such Act, the furnishing of such personnel and facilities shall be deemed to be a part of the administration of the public employment offices of such agencies.

§ 2003. Payments to States

(a) Each State shall be entitled to be paid by the United States an amount equal to payments of unemployment compensation made by such State under and in accordance with an agreement under this chapter.

(b) In making payments pursuant to subsection (a) of this section there shall be paid to the State, either in advance or by way of reimbursement, as may be determined by the Secretary of Labor, such sum as the Secretary estimates the State will be entitled to receive under this chapter for each calendar month, reduced or increased, as the case may be, by any sum by which the Secretary finds that his estimates for any prior calendar month were greater or less than the amounts which should have been paid to the State. Such estimates may be made upon the basis of such statistical, sampling, or other method as may be agreed upon by the Secretary and the State agency.

(c) The Secretary shall from time to time certify to the Secretary of the Treasury for payment to each State sums payable to such State under this section. The Secretary of the Treasury, before audit or settlement by the General Accounting Office, shall make payment to the State in accordance with such certification, from the funds for carrying out the purposes of this chapter.

(d) All money paid to a State under this chapter shall be used solely for the purposes for which it is paid; and any money so paid which is not used for such purposes shall be returned, at the time specified in the agreement under this chapter, to the Treasury and credited to current applicable appropriations, funds, or accounts from which payments to States under this chapter may be made.

(e) An agreement under this chapter may require any officer or employee of the State certifying payments or disbursing funds pursuant to the agreement, or otherwise participating in its performance, to give a surety bond to the United States in such amount as the Secretary may deem necessary, and may provide for the payment of the cost of such bond from funds for carrying out the purposes of this chapter.
(f) No person designated by the Secretary, or designated pursuant to an agreement under this chapter, as a certifying officer, shall, in the absence of gross negligence or intent to defraud the United States, be liable with respect to the payment of any unemployment compensation certified by him under this chapter.

(g) No disbursing officer shall, in the absence of gross negligence or intent to defraud the United States, be liable with respect to any payment by him under this chapter if it was based upon a voucher signed by a certifying officer designated as provided in subsection (f) of this section.

(h) For the purpose of payments made to a State under subchapter III of chapter 7 of title 42, administration by the State agency of such State pursuant to an agreement under this chapter shall be deemed to be a part of the administration of the State unemployment compensation law.

§ 2004. Information

(a) All Federal departments and agencies shall make available to State agencies which have agreements under this chapter or to the Secretary, as the case may be, such information with respect to military service of any veteran as the Secretary may find practicable and necessary for the determination of such veteran's entitlement to unemployment compensation under this chapter.

(b) The agency administering the unemployment compensation law of any State shall furnish to the Secretary such information as the Secretary may find necessary or appropriate in carrying out the provisions of this chapter, and such information shall be deemed reports required by the Secretary for the purposes of paragraph (6) of subsection (a) of section 503 of title 42.

§ 2005. Penalties

(a) Whoever makes a false statement or representation of a material fact knowing it to be false, or knowingly fails to disclose a material fact, to obtain or increase for himself or for any other individual any payment authorized to be paid under this chapter or under an agreement thereunder shall be fined not more than $1,000 or imprisoned for not more than one year, or both.

(b) Any person who makes, or causes to be made by another, a false statement or representation of a material fact knowing it to be false or knowingly fails, or causes another to fail, to disclose a material fact, and, as a result thereof, has received any amount as unemployment compensation under this chapter to which he was not entitled, shall be liable to repay such amount to the State agency or the Secretary of Labor, as the case may be, for the fund from which the amount was paid or, in the discretion of the State agency or the Secretary, as the case may be, to have such amount deducted from any future unemployment compensation payable to him under this chapter within the two-year period following the finding, if the existence of such non-disclosure or misrepresentation has been found by a court of competent jurisdiction or in connection with a reconsideration or appeal.

§ 2006. Regulations

The Secretary is hereby authorized to make such rules and regulations as may be necessary to carry out the provisions of this chapter. The Secretary shall, insofar as practicable, consult with representatives of the State unemployment compensation agencies before prescribing any rules or regulations which may affect the performance by such agencies of functions pursuant to agreements under this chapter.
§ 2007. Definitions

When used in this subchapter—

(a) The term "Korean conflict veteran" means any person who has served in the active service in the Armed Forces at any time on or after June 27, 1950, and before February 1, 1955, and who has been discharged or released from such active service under conditions other than dishonorable after continuous service of ninety days or more, or by reason of an actual service-incurred injury or disability.

(b) The term “unemployment compensation” means the money payments to individuals with respect to their unemployment.

(c) The term “State” includes Hawaii, Alaska, Puerto Rico, the Virgin Islands, and the District of Columbia.

(a) Notwithstanding any other provision of this chapter, no payment shall be made under any agreement under this chapter, or, in the absence of such an agreement, by the Secretary under this chapter to a veteran—

(1) for any week or any part of a week he is eligible (or would be eligible except for the provisions of this chapter or except for any action taken by such veteran under this chapter) to receive unemployment benefits at a rate equal to or in excess of $26 per week under any Federal or State unemployment compensation law;

(2) for any period with respect to which he receives an education and training allowance under subsection (a), (b), (c) or (d) of section 1632 of this title or a subsistence allowance under chapter 31 of this title or section 12 (a) of the Act enacting this title; or

(3) for any period he receives additional compensation necessary for his maintenance under section 756 (b) (2) of title 5.

(b) In any case in which, for any week or any part of a week, a veteran is eligible for payment of unemployment compensation under this chapter and is also eligible (or would be eligible except for the provisions of this chapter or except for any action taken by such veteran under this chapter) to receive for such week or such part of a week unemployment benefits at a rate of less than $26 per week under any Federal or State unemployment compensation law, such veteran may elect to receive payment of unemployment compensation under this chapter; but if the veteran so elects, the amount of unemployment compensation payable under this chapter shall be reduced by the amount of such unemployment compensation benefits for which such veteran is eligible (or would be eligible except for the provisions of this chapter or except for any action taken by such veteran under this chapter) under such Federal or State unemployment compensation law.

(c) If the veteran elects under subsection (b) to receive payment of unemployment compensation under this chapter, he shall be entitled to unemployment compensation at the rate of $26 per week after the exhaustion of State unemployment benefits until the total unemployment compensation received under this chapter and title IV of the Veterans' Readjustment Assistance Act of 1952 equals $676.

He shall be administratively responsible to the Secretary of Labor, for the execution of the Secretary's veterans' placement policies through the public employment service in the State. In cooperation with the public employment service staff in the State, he shall—

5. assist in every possible way in improving working conditions and the advancement of employment of veterans of any war.

§ 2012. Employees of local offices

Where deemed necessary by the Secretary of Labor, there shall be assigned by the administrative head of the employment service in the State one or more employees, preferably veterans of any war, of the staffs of local employment service offices, whose services shall be primarily devoted to discharging the duties prescribed for the veterans' employment representative.

Sums thus estimated shall be included as a special item in the annual budget of the Bureau of Employment Security. Any funds appropriated pursuant to this special item as contained in the budget of the Bureau of Employment Security shall not be available for any purpose other than that for which they were appropriated, except with the approval of the Secretary.

2104. Time limitations.
2105. Administration of chapter.

§ 2101. Eligibility

(b) No mustering-out payment shall be made—
(1) to any member of the Armed Forces who, at the time of discharge or release is in a pay grade higher than O-3, or if he is a commissioned officer, unless he was discharged or released before January 31, 1958;
(2) to any member of the Armed Forces who, at the time of discharge or release is entitled to severance pay, or is transferred or returned to the retired list with retired pay, retirement pay, retainer pay, or equivalent pay, or to a status in which he receives such pay; except that this paragraph shall not apply upon retirement or separation pursuant to chapter 61 of title 10;
(3) to any member of the Armed Forces for any active duty performed before the date of his discharge or release from active duty on his own initiative to accept employment, or in the case of any member so released from active duty, for any active duty performed before the date of his discharge while in such inactive status, unless he served outside the continental limits of the United States or in Alaska;
(4) to any member of the Armed Forces whose total period of active duty has been as a student assigned by the Armed Forces to a civilian institution for a course of education or training substantially the same as established courses offered to civilians;

(6) to any member of the Armed Forces whose sole service has been as a cadet or midshipman at one of such academies;
(7) to any member of the Armed Forces who has received mustering-out payments under title V of the Veterans' Readjustment Assistance Act of 1952, or to any such member for any period elected by him to be taken into account in determining his eligibility for, or the amount of, mustering-out payment under the Mustering-Out Payment Act of 1944.
(c) Benefits shall not be afforded under this chapter to any individual on account of service as a commissioned officer of the Coast and Geodetic Survey, or of the Regular or Reserve Corps of the Public Health Service, unless such service would have qualified such individual for benefits under title V of the Veterans' Readjustment Assistance Act of 1952.

§ 2102. Determination of payments

(a) Mustering-out payment for persons eligible under section 2101 of this title shall be in sums as follows:

1) $300 for persons who, having performed active duty for sixty days or more, have served outside the continental limits of the United States or in Alaska.

2) $200 for persons who, having performed active duty for sixty days or more, have served no part thereof outside the continental limits of the United States or in Alaska.

3) $100 for persons who have performed active duty for less than sixty days.

(b) Each person eligible to receive mustering-out payment under subsection (a) (1) shall receive one-third of the stipulated amount at the time of final discharge or ultimate relief from active service, or at the option of the person so eligible, at the time of discharge or release for the purpose of enlistment, reenlistment, or appointment in a regular component of the Armed Forces; and the remaining amount of such payment shall be paid in two equal installments—one month and two months, respectively, from the date of the original payment. Each person eligible to receive mustering-out payment under subsection (a) (2) shall receive one-half of the stipulated amount at the time of final discharge or ultimate relief from active service or, at the option of the person so eligible, at the time of discharge or release for the purpose of enlistment, reenlistment, or appointment in a regular component of the Armed Forces; and the remaining amount of such payment shall be paid one month from the date of the original payment. Each person eligible to receive mustering-out payment under subsection (a) (3) shall receive the stipulated amount at the time of such discharge or relief from active service or, at the option of the person so eligible, at the time of discharge or release for the purpose of enlistment, reenlistment, or appointment in a regular component of the Armed Forces. A person entitled to receive the first installment of the mustering-out payment at the time of discharge or release for the purpose of enlistment, reenlistment, or appointment in a regular component of the Armed Forces shall, at his election, receive the whole of such payment in one lump sum, rather than in installments.

§ 2103. Deceased members

If any member of the Armed Forces, after his discharge or release from active duty, shall die before receiving any portion of or the full amount of his mustering-out payment, the balance of the amount due him shall be payable, on appropriate application therefor, to his surviving lawful wife or husband, if any; and if he shall leave no surviving lawful wife or husband, then in equal shares to his child or children (without regard to their age or marital status), then in equal shares to his surviving parents, if any. No payments under this chapter shall be made to any other person.

§ 2104. Time limitations

Any member of the Armed Forces entitled to mustering-out payment who was discharged or relieved from active service under honorable conditions before July 16, 1952, shall, if application therefor is made before July 17, 1959, be paid such mustering-out payment by the Secretary concerned beginning within one month after application
has been received and approved. No member of the Armed Forces shall receive mustering-out payment under this chapter more than once, and such payment shall accrue and the amount thereof shall be computed as of the time of discharge for the purpose of effecting a permanent separation from the service or of ultimate relief from active service or, at the option of such member, for the purpose of enlistment, reenlistment, or appointment in a regular component of the Armed Forces.

§ 2105. Administration of chapter

(a) Mustering-out payments due or to become due under this chapter shall not be assignable and any payments made to or on account of a veteran under this chapter shall be exempt from taxation, shall be exempt from the claims of creditors, including any claim of the United States, and shall not be subject to attachment, levy, or seizure by or under any legal or equitable process whatever either before or after receipt by the payee.

(b) The Secretaries of the Army, Navy, Air Force, and Treasury may make such regulations not inconsistent with this chapter as may be necessary effectively to carry out the provisions thereof, and their decisions shall be final and not subject to review by any court or other Government official.

(c) The Secretaries of the Army, Navy, Air Force, and Treasury, or such subordinate officers as they may designate, are authorized to make direct payment to survivors over seventeen years of age, and to select a proper person or persons to whom mustering-out payments may be made for the use and benefit of former active members of the Armed Forces, or survivors thereof, as defined by section 2103 of this title, without the necessity of appointment by judicial proceedings of a legal representative of any such former member or such survivors when, in the opinion of the respective Secretaries or their designees, the interests of persons under seventeen years of age so justify, or where the former active member or his survivors is suffering from a mental disability sufficient to make direct payment not in the best interests of such person or persons. Payments made under the provisions of this subsection shall constitute a complete discharge of the obligation of the United States as provided in this chapter; and the selection of a proper person or persons, and the correctness of the amount due and paid to such person or persons shall have the same finality as that accorded decisions made pursuant to subsection (b). The provisions of this subsection shall not apply where a legal guardian or committee has been judicially appointed, except as to any payments made under this subsection before the receipt of notice of appointment.

(d) No person entitled to mustering-out payment under this chapter shall be eligible for such payment under title V of the Veterans' Readjustment Assistance Act of 1952.

§ 3003. Incomplete applications

(a) If a claimant's application for benefits under the laws administered by the Veterans' Administration is incomplete, the Administrator shall notify the claimant of the evidence necessary to complete the application. If such evidence is not received within one year from the date of such notification, no benefits may be paid or furnished by reason of such application.

(b) This section shall not apply to any application or claim for Government life insurance benefits.

§ 3004. Disallowed claims

(a) Where a claim has been finally disallowed, a later claim on the same factual basis, if supported by new and material evidence, shall have the attributes of a new claim, except that whenever any disallowed claim is reopened and thereafter allowed on the basis of new and material evidence resulting from the correction of the military

The Administrator and the Secretary of Health, Education, and Welfare shall jointly prescribe forms for use by survivors of members and former members of the uniformed services in filing application for benefits under chapter 13 of this title and subchapter II of chapter 7 of title 42. Each such form shall request information sufficient to constitute an application for benefits under both chapter 13 of this title and subchapter II of chapter 7 of title 42; and when an application on such form has been filed with either the Administrator or the Secretary of Health, Education, and Welfare, it shall be deemed to be an application for benefits under both chapter 13 of this title and subchapter II of chapter 7 of title 42. A copy of each such application filed with the Administrator, together with any additional information and supporting documents (or certifications thereof) which may have been received by the Administrator with such application, and which may be needed by the Secretary in connection therewith, shall be transmitted by the Administrator to the Secretary; and a copy of each such application filed with the Secretary, together with any additional information and supporting documents (or certifications thereof) which may have been received by the Secretary with such form, and which may be needed by the Administrator in connection therewith, shall be transmitted by the Secretary to the Administrator. Subchapter II—Effective Dates

§ 3010. Effective dates of awards

§ 3011. Effective dates of increases

The effective date of an award of increased compensation, dependency and indemnity compensation, or pension (amending, reopening, or supplementing a previous award, authorizing any payments not previously authorized to the individual involved) shall be fixed in accordance with the facts found, but shall not be earlier than the date of receipt of evidence showing entitlement thereto.

Effective dates relating to awards under chapters 31, 33, and 35 of this title shall, to the extent feasible, correspond to effective dates relating to awards of disability compensation.

Subchapter III—Payment of Benefits

§ 3020. Payment of benefits by check; delivery

(a) Monetary benefits under laws administered by the Veterans' Administration shall be paid by checks drawn, pursuant to certification by the Administrator, in such form as to protect the United States against loss, and payable by the Treasurer of the United States. Such checks shall be payable without separate vouchers or receipts except in any case in which the Administrator may consider a voucher necessary for the protection of the Government. Such checks shall be transmitted by mail to the payee thereof at his last known address and, if he has moved and filed a regular change of address notice with the Post Office Department, shall be forwarded to him. The envelope or cover of each such check shall bear on the face thereof...
the following notice: "POSTMASTER: PLEASE FORWARD if addressee has moved and filed a regular change-of-address notice. If addressee is deceased, return the letter with date of death, if known."

(b) Postmasters, delivery clerks, letter carriers, and all other postal employees are prohibited from delivering any mail addressed by the United States and containing any such check to any person whomsoever if he has died or in the case of a widow, if the postal employee believes that she has remarried (unless the mail is addressed to her in the name she has acquired by her remarriage). The preceding sentence shall apply in the case of checks in payment of benefits other than pension, compensation, dependency and indemnity compensation, and insurance, only insofar as the Administrator deems it necessary to protect the United States against loss.

(c) Whenever mail is not delivered because of the prohibition of subsection (b), such mail shall be returned forthwith by the postmaster with a statement of the reason for so doing, and if because of death or remarriage, the date thereof, if known. Checks returned under this subsection because of death or remarriage shall be canceled.

§ 3021. Payment of certain accrued benefits upon death of a beneficiary

(a) Except as provided in section 3203 (a) (2) (A) of this title and sections 123–128 of title 31, periodic monetary benefits (other than insurance and servicemen’s indemnity) under laws administered by the Veterans Administration to which an individual was entitled at his death under existing ratings or decisions, or those based on evidence in the file at date of death (hereafter in this section and section 3022 of this title referred to as “accrued benefits”) and due and unpaid for a period not to exceed one year, shall, upon the death of such individual be paid as follows:

(1) Upon the death of a person receiving an apportioned share of benefits payable to a veteran, all or any part of such benefits to the veteran or to any other dependent or dependents of the veteran, as may be determined by the Administrator;

(2) Upon the death of a veteran, to the living person first listed below:
   (A) His spouse;
   (B) His children (in equal shares);

(b) No part of any accrued benefits shall be used to reimburse any political subdivision of the United States for expenses incurred in the last sickness or burial of any beneficiary.

(c) Applications for accrued benefits must be filed within one year after the date of death. If a claimant’s application is incomplete at the time it is originally submitted, the Administrator shall notify the claimant of the evidence necessary to complete the application. If such evidence is not received within one year from the date of such notification, no accrued benefits may be paid.
§ 3022. Cancellation of checks mailed to deceased payees

A check received by a payee in payment of accrued benefits shall, if the payee died on or after the last day of the period covered by the check, be returned to the issuing office and canceled, unless negotiated by the payee or the duly appointed representative of his estate. The amount represented by such check, or any amount recovered by reason of improper negotiation of any such check, shall be payable in the manner provided in section 3021 of this title, without regard to section 3021 (c) of this title. Any amount not paid in the manner provided in section 3021 of this title shall be paid upon settlement by the General Accounting Office to the estate of the deceased payee unless the estate will escheat.

§ 3101. Nonassignability and exempt status of benefits

(a) Payments of benefits due or to become due under any law administered by the Veterans' Administration shall not be assignable except to the extent specifically authorized by law, and such payments made to, or on account of, a beneficiary shall be exempt from taxation, shall be exempt from the claim of creditors, and shall not be liable to attachment, levy, or seizure by or under any legal or equitable process whatever, either before or after receipt by the beneficiary. The preceding sentence shall not apply to claims of the United States arising under such laws nor shall the exemption therein contained as to taxation extend to any property purchased in part or wholly out of such payments. The provisions of this section shall not be construed to prohibit the assignment of insurance otherwise authorized under chapter 19 of this title, or of servicemen's indemnity.

(b) This section shall prohibit the collection by setoff or otherwise out of any benefits payable pursuant to any law administered by the Veterans' Administration and relating to veterans, their estates, or their dependents, of any claim of the United States or any agency thereof against (1) any person other than the indebted beneficiary or his estate; or (2) any beneficiary or his estate except amounts due the United States by such beneficiary or his estate by reason of overpayments or illegal payments made under such laws to such beneficiary or his estate or to his dependents as such. If the benefits referred to in the preceding sentence are insurance payable by reason of yearly renewable term insurance, United States Government life insurance, or National Service Life Insurance issued by the United States, the exemption provided in this section shall not apply to indebtedness existing against the particular insurance contract upon the maturity of which the claim is based, whether such indebtedness is in the form of liens to secure unpaid premiums or loans, or interest on such premiums or loans, or indebtedness arising from overpayments of dividends, refunds, loans, or other insurance benefits.

(c) Notwithstanding subsection (a), payments of benefits under laws administered by the Veterans' Administration shall not be exempt from levy under subchapter D of chapter 64 of the Internal Revenue Code of 1954 (relating to seizure of property for collection of taxes).
§ 3102. Waiver of recovery of overpayments
(a) There shall be no recovery of payments or overpayments of any benefits (except servicemen's indemnity) under any of the laws administered by the Veterans' Administration from any person who, in the judgment of the Administrator, is without fault on his part, and where, in the judgment of the Administrator, such recovery would defeat the purpose of benefits otherwise authorized or would be against equity and good conscience.
(b) No certifying or disbursing officer shall be liable for any amount paid to any person where the recovery of such amount is waived under subsection (a).
(c) Where the recovery of a payment or overpayment made from the National Service Life Insurance Fund or United States Government life insurance fund is waived under this section, the fund from which the payment was made shall be reimbursed from the National Service Life Insurance appropriation or the military and naval insurance appropriation, as applicable.

§ 3103. Certain bars to benefits
(a) The discharge or dismissal by reason of the sentence of a general court-martial of any person from the Armed Forces, or the discharge of any such person on the ground that he was a conscientious objector who refused to perform military duty or refused to wear the uniform or otherwise to comply with lawful orders of competent military authority, or as a deserter, or of an officer by the acceptance of his resignation for the good of the service, or (except as provided in subsection (c)), the discharge of any individual during a period of hostilities as an alien, shall bar all rights of such person under laws administered by the Veterans' Administration based upon the period of service from which discharged or dismissed.
(b) Notwithstanding subsection (a), if it is established to the satisfaction of the Administrator that, at the time of the commission of an offense leading to his court-martial, discharge, or resignation, any person was insane, such person shall not be precluded from benefits under laws administered by the Veterans' Administration based upon the period of service from which he was separated.
(c) Subsection (a) shall not apply to any alien whose service was honest and faithful, and who was not discharged on his own application or solicitation as an alien.
(d) This section shall not apply to any war-risk insurance, Government (converted) or National Service Life Insurance policy.

§ 3104. Prohibition against duplication of benefits
(a) Except to the extent that retirement pay is waived under other provisions of law, not more than one award of pension, compensation, emergency officers', regular, or reserve retirement pay, or initial award of naval pension granted after July 13, 1943, shall be made concurrently to any person based on his own service.
(b) (1) Except as provided in paragraph (2), the receipt of pension, compensation, or dependency and indemnity compensation by a widow, child, or parent on account of the death of any person, or receipt by any person of pension or compensation on account of his own service, shall not bar the payment of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other person.
(2) If a child receives or there is paid by the Veterans' Administration on account of a child dependency and indemnity compensation, or death compensation, by reason of the death of a parent, dependency and indemnity compensation by reason of the death of another parent in the same parental line may not be paid to or on account of such child.
§ 3105. Waiver of retired pay

Any person who is receiving pay pursuant to any provision of law providing retired or retirement pay to persons in the Armed Forces, or as a commissioned officer of the Coast and Geodetic Survey or of the Public Health Service, and who would be eligible to receive pension or compensation under the laws administered by the Veterans' Administration if he were not receiving such retired or retirement pay, shall be entitled to receive such pension or compensation upon the filing by such person with the department by which such retired or retirement pay is paid of a waiver of so much of his retired or retirement pay as is equal in amount to such pension or compensation. To prevent duplication of payments, the department with which any such waiver is filed shall notify the Veterans' Administration of the receipt of such waiver, the amount waived, and the effective date of the reduction in retired or retirement pay.

§ 3106. Renouncement of right to benefits

(a) Any person entitled to pension, compensation, or dependency and indemnity compensation under any of the laws administered by the Veterans' Administration may renounce his right thereto. The application renouncing the right shall be in writing over the person's signature. Upon the filing of such an application, payment of such benefits and the right thereto shall be terminated, and such person shall be denied any and all rights thereto from such filing.

(b) Renouncement of rights shall not preclude any person from filing a new application for pension, compensation, or dependency and indemnity compensation at a later date, but such new application shall be treated as an original application, and no payments shall be made for any period before the date such new application is filed.

§ 3107. Apportionment of benefits

(a) All or any part of the compensation, pension, or emergency officers' retirement pay payable on account of any veteran may—

(1) if the veteran is being furnished hospital treatment, institutional, or domiciliary care by the United States, or any political subdivision thereof, be apportioned on behalf of his wife, children, or dependent parents; and

(2) if the veteran is not living with his wife, or if his children are not in his custody, be apportioned as may be prescribed by the Administrator.

(b) Where any of the children of a deceased veteran are not in the custody of the veteran's widow, the pension, compensation, or dependency and indemnity compensation otherwise payable to the widow may be apportioned as prescribed by the Administrator.

(c) If a veteran is not living with his wife, or if any of his children are not in his custody, any subsistence allowance payable to him under chapter 31 of this title may be apportioned as may be prescribed by the Administrator.

§ 3108. Withholding benefits of persons in territory of the enemy

(a) When any alien entitled to gratuitous benefits under laws administered by the Veterans' Administration is located in territory of, or under military control of, an enemy of the United States or of any of its allies, any award of such benefits in favor of such alien shall be terminated forthwith.

(b) Any alien whose award is terminated under subsection (a) shall not thereafter be entitled to any such gratuitous benefits except...
upon the filing of a new claim, accompanied by evidence satisfactory to the Administrator showing that such alien was not guilty of mutiny, treason, sabotage, or rendering assistance to such enemy. Except as provided in section 3109 of this title, such gratuitous benefits shall not be paid for any period before the date the new claim is filed.

(c) While such alien is located in territory of, or under military control of, an enemy of the United States or of any of its allies, the Administrator, in his discretion, may apportion and pay any part of such benefits to the dependents of such alien. No dependent of such alien shall receive benefits by reason of this subsection in excess of the amount to which he would be entitled if such alien were dead.

§ 3109. Payment of certain withheld benefits

(a) Any person who, but for section 3108 of this title, was entitled to benefits under any of the laws administered by the Veterans' Administration, whose award of benefits was terminated under such section, or whose benefits were not paid pursuant to sections 123–128 of title 31, and who was not guilty of mutiny, treason, sabotage, or rendering assistance to an enemy of the United States or its allies, shall be paid the full amount of any benefits not paid because of such section 3108, or withheld (including the amount of any checks covered on his account into the Treasury as miscellaneous receipts together with any amount to his credit in the special-deposit account) pursuant to sections 123–128 of title 31. The Administrator shall certify to the Secretary of the Treasury the amounts of payments which, but for this section, would have been made from the special deposit account, and the Secretary of the Treasury, as directed by the Administrator, shall reimburse the appropriations of the Veterans' Administration from such special deposit account, or cover into the Treasury as miscellaneous receipts the amounts so certified.

(b) No payments shall be made for any period before the date claim therefor is filed under this section to any person whose award was terminated, or whose benefits were not paid, before July 1, 1954, because he was a citizen or subject of Germany or Japan.

CHAPTER 55—MINORS, INCOMPETENTS, AND OTHER WARDS

Sec.
3201. Commitment actions.
3202. Payments to and supervision of guardians.
3203. Hospitalized veterans and estates of incompetent institutionalized veterans.
3204. Administration of trust funds.

§ 3201. Commitment actions

The Administrator may incur necessary court costs and other expenses incident to proceedings for the commitment of mentally incompetent veterans to a Veterans' Administration hospital or domiciliary when necessary for treatment or domiciliary purposes.

§ 3202. Payments to and supervision of guardians

(a) Except as provided in section 1701 (c) of this title, where any payment of benefits under any law administered by the Veterans' Administration is to be made to a minor, other than a person in the active military, naval, or air service, or to a person mentally incompetent, or under other legal disability adjudged by a court of competent jurisdiction, such payment may be made to the person who is constituted guardian, curator, or conservator by the laws of the State of residence of the claimant, or who is otherwise legally vested with the care of the claimant or his estate. Where in the opinion of the Administrator any guardian, curator, conservator, or other person is
acting as fiduciary in such a number of cases as to make it impracticable to conserve properly the estates or to supervise the persons of the wards, the Administrator may refuse to make future payments in such cases as he may deem proper. Before receipt of notice by the Veterans' Administration that any such person is under such other legal disability adjudged by some court of competent jurisdiction, payment may be made to such person direct. Where no guardian, curator, or conservator of the person under a legal disability has been appointed under the laws of the State of residence of the claimant, the Administrator shall determine the person who is otherwise legally vested with the care of the claimant or his estate.

(b) Whenever it appears that any guardian, curator, conservator, or other person, in the opinion of the Administrator, is not properly executing or has not properly executed the duties of his trust or has collected or paid, or is attempting to collect or pay, fees, commissions, or allowances that are inequitable or in excess of those allowed by law for the duties performed or expenses incurred, or has failed to make such payments as may be necessary for the benefit of the ward or the dependents of the ward, then the Administrator may appear, by his duly authorized attorney, in the court which has appointed such fiduciary, or in any court having original, concurrent, or appellate jurisdiction over said cause, and make proper presentation of such matters. The Administrator, in his discretion, may suspend payments to any such guardian, curator, conservator, or other person who shall neglect or refuse, after reasonable notice, to render an account to the Administrator from time to time showing the application of such payments for the benefit of such incompetent or minor beneficiary, or who shall neglect or refuse to administer the estate according to law. The Administrator may appear or intervene by his duly authorized attorney in any court as an interested party in any litigation instituted by himself or otherwise, directly affecting money paid to such fiduciary under this section.

(c) Authority is hereby granted for the payment of any court or other expenses incident to any investigation or court proceeding for the appointment of any guardian, curator, conservator, or other person legally vested with the care of the claimant or his estate or the removal of such fiduciary and appointment of another, and of expenses in connection with the administration of such estates by such fiduciaries, or in connection with any other court proceeding hereby authorized, when such payment is authorized by the Administrator.

(d) All or any part of any benefits the payment of which is suspended or withheld under this section may, in the discretion of the Administrator, be paid temporarily to the person having custody and control of the incompetent or minor beneficiary, to be used solely for the benefit of such beneficiary, or, in the case of an incompetent veteran, may be apportioned to the dependent or dependents, if any, of such veteran. Any part not so paid and any funds of a mentally incompetent or insane veteran not paid to the chief officer of the institution in which such veteran is an inmate nor apportioned to his dependent or dependents may be ordered held in the Treasury to the credit of such beneficiary. Any balance remaining in such fund to the credit of any beneficiary may be paid to him if he recovers and is found competent, or if a minor, attains majority, or otherwise to his guardian, curator, or conservator, or, in the event of his death, to his personal representative, except as otherwise provided by law; however, payment will not be made to his personal representative if, under the law of his last legal residence, his estate would escheat to the State.
(e) Any funds in the hands of a guardian, curator, conservator, or person legally vested with the care of the beneficiary or his estate, derived from benefits payable under laws administered by the Veterans' Administration, which under the law of the State wherein the beneficiary had his last legal residence would escheat to the State, shall escheat to the United States and shall be returned by such guardian, curator, conservator, or person legally vested with the care of the beneficiary or his estate, or by the personal representative of the deceased beneficiary, less legal expenses of any administration necessary to determine that an escheat is in order, to the Veterans' Administration, and shall be deposited to the credit of the applicable revolving fund, trust fund, or appropriation.

(f) In the case of any incompetent veteran having no guardian, payment of compensation, pension, or retirement pay may be made in the discretion of the Administrator to the wife of such veteran for the use of the veteran and his dependents.

(g) Payment of death benefits to a widow for herself and child or children, if any, may be made directly to such widow, notwithstanding she may be a minor.

§ 3203. Hospitalized veterans and estates of incompetent institutionalized veterans

(a) (1) Where any veteran having neither wife, child, nor dependent parent is being furnished hospital treatment, institutional or domiciliary care by the Veterans' Administration any pension, compensation, or retirement pay otherwise payable shall continue without reduction until the first day of the seventh calendar month following the month of admission of such veteran for treatment or care. If treatment or care extends beyond that period, the pension, compensation, or retirement pay, if $30 per month or less, shall continue without reduction, but if greater than $30 per month, the pension, compensation, or retirement pay shall not exceed 50 per centum of the amount otherwise payable or $30 per month, whichever is the greater. If such veteran is discharged from such treatment or care upon certification by the officer in charge of the hospital, institution, or home, that maximum benefits have been received or that release is approved, he shall be paid in a lump sum such additional amount as would equal the total sum by which his pension, compensation, or retirement pay has been reduced under this section. If treatment or care is terminated by the veteran against medical advice or as the result of disciplinary action the amount by which any pension, compensation, or retirement pay is reduced hereunder, shall be paid to him at the expiration of six months after such termination or, in the event of his prior death, as provided in paragraph (2) of this subsection; and the pension, compensation, or retirement pay of any veteran leaving against medical advice or as the result of disciplinary action shall, upon a succeeding readmission for treatment or care, be subject to reduction, as herein provided, from the date of such readmission, but if such subsequent treatment or care is continued until discharged therefrom upon certification, by the officer in charge of the hospital, institution, or home in which treatment or care was furnished, that maximum benefits have been received or that release is approved, the veteran shall be paid in a lump sum such additional amount as would equal the total sum by which his pension, compensation, or retirement pay has been reduced under this section after such readmission.

(2) (A) In the event of the death of any veteran subject to the provisions of this section, while receiving hospital treatment, institutional or domiciliary care, or before payment of any lump sum authorized herein, such lump sum shall be paid in the following order of precedence: First, to the spouse; second, if the decedent left no spouse, or if
the spouse is dead at time of settlement, then to the children (without
to their age or marital status) in equal parts; third, if no
spouse or child, then to the father and mother in equal parts; fourth,
if either the father or mother is dead, then to the one surviving; fifth,
if there is no spouse, child, father, or mother at the time of settlement,
then to the brothers and sisters in equal parts. If there are no per-
sons in the classes named to whom payment may be made under this
paragraph, no payment shall be made, except there may be paid only
so much of the lump sum as may be necessary to reimburse a person
who bore the expenses of last sickness or burial, but no part of the
lump sum shall be used to reimburse any political subdivision of the
United States for expenses incurred in the last sickness or burial of
such veteran.

(B) No payment shall be made under this paragraph (2) unless
claim therefor is filed with the Veterans' Administration within five
years after the death of the veteran, except that, if any person so
entitled under this paragraph is under legal disability at the time of
death of the veteran, such five-year period of limitation shall run from
the termination or removal of the legal disability.

(b) (1) Where any veteran having neither wife, child, nor depend-
ent parent is being furnished hospital treatment, institutional or dom-
ciliary care by the Veterans' Administration, and is rated by the Vet-
erans' Administration in accordance with regulations as being incom-
petent by reason of mental illness, the pension, compensation, or re-
tirement pay of such veteran shall be subject to the provisions of
subsection (a) of this section; however, no payment of a lump sum
herein authorized shall be made until after the expiration of six
months following a finding of competency.

(2) In any case where the estate of such incompetent veteran
derived from any source equals or exceeds $1,500, further payments of
such benefits (except retired pay, but including emergency officers'
retirement pay) shall not be made until the estate is reduced to $500.
The amount which would be payable but for this subsection shall be
paid to the veteran as provided for the lump sum in paragraph (1)
of this subsection, but in the event of the veteran's death no part
thereof shall be payable.

(3) All or any part of the pension, compensation, or retirement pay
payable on account of any incompetent veteran who is being furnished
hospital treatment, institutional or domiciliary care may, in the dis-
cretion of the Administrator, be paid to the chief officer of the insti-
tution wherein the veteran is being furnished such treatment or care,
to be properly accounted for by such chief officer and to be used for the
benefit of the veteran.

(c) Any veteran subject to the provisions of subsection (a) or (b)
shall be deemed to be single and without dependents in the absence of
satisfactory evidence to the contrary. In no event shall increased
compensation, pension, or retirement pay of such veteran be granted
for any period more than one year before receipt of satisfactory evi-
dence showing such veteran has a wife, child, or dependent parent.

(d) Notwithstanding any other provision of this section or any
other provision of law, no reduction shall be made in the pension,
compensation, or retirement pay of any veteran for any part of the period
during which he is furnished hospital treatment, or institutional or
domiciliary care, for Hansen's disease, by the United States or any
political subdivision thereof.

§ 3204. Administration of trust funds

All cash balances in the personal funds of patients and the funds
due incompetent beneficiaries trust funds administered by the Vet-
erans' Administration, and all moneys received which are properly
for deposit into these funds, may be deposited, respectively, into de-
possession fund accounts with the United States Treasury and such balances and deposits shall thereupon be available for disbursement for properly authorized purposes. When any balances have been on deposit with the Treasurer of the United States for more than one year and represent moneys belonging to individuals whose whereabouts are unknown, they shall be transferred and disposed of as directed in the last proviso of subsection (a) of section 725s of title 31.
