In publishing the following Laws, the same plan has been adopted that was prescribed in the joint resolution of Congress of March 3, 1845, authorizing a subscription to the edition of all the Laws of the United States just published by us. As we procured a careful collation with the records at Washington, by an experienced reader, and have scrupulously followed the original, we feel justified in saying that the public can safely rely on this publication. Any seeming errors, therefore, must be attributed to the Rolls, and not to us. Where any thing absolutely necessary to the sense is omitted in the Rolls, our plan is to insert it in the text, enclosed in brackets.

Said committee shall have power to adopt such measures as may be deemed necessary to remedy any neglect or delay in the execution of the public printing, provided that no contract, agreement, or arrangement entered into by this committee shall take effect until the same shall have been approved by that house of Congress to which the printing belongs, and when the printing delayed relates to the business of both houses, until both houses shall have approved of such contract or arrangement. Nothing in this act shall be construed to authorize the printing of the census, but the same shall be done as may be provided by law hereafter.

And be it further enacted, That hereafter all gunpowder, oil of turpentine, oil of vitriol, camphene, or other explosive burning fluids, and materials which ignite by friction, when packed or put up for shipment on board of any such vessel, shall be securely packed or put up separately from each other and from all other articles, and the package, box, cask, or vessel containing the same, shall be distinctly marked on the outside with the name or description of the articles contained therein; and every person who shall pack or put up, or cause to be packed or put up for shipment on board of any such vessel, any gunpowder, oil of turpentine, oil of vitriol, camphene, or other explosive burning fluids, or materials which ignite by friction, otherwise than as aforesaid, or shall ship the same, unless packed and marked as aforesaid, on board of any steam-vessel carrying passengers, shall be deemed guilty of a misdemeanor, and punished by a fine not exceeding one thousand dollars, or imprisonment not exceeding eighteen months, or both.

Sec. 9. And be it further enacted, That instead of the existing provisions of law for the inspection of steamers and their equipment, and instead of the present system of pilotage of such vessels, and the present mode of employing engineers on board the same, the following regulations shall be observed, to wit: The collector or other chief officer of the customs, together with the supervising inspector for the district, and the judge of the district court of the United States for the district in each of the following collection districts, namely, New Orleans and St. Louis, on the Mississippi River; Louisville, Cincinnati, Wheeling, and Pittsburg, on the Ohio River; Buffalo and Cleveland, on Lake Erie; Detroit, upon Detroit River; Nashville, upon the Cumberland River; Chicago, on Lake Michigan; Oswego, on Lake Ontario; Burlington, in Vermont; Galveston, in Texas; Mobile, in Alabama; Savannah, in Georgia; Charleston, in South Carolina; Norfolk, in Virginia; Baltimore, in Maryland; Philadelphia, in Pennsylvania; New York, in New York; New London, in Connecticut; Boston, in Massachusetts; Portland, in Maine; and San Francisco, in California—shall designate two inspectors, of good character and suitable qualifications to perform the services required of them by this act within the respective districts for which they shall be appointed, one of whom, from his practical knowledge of ship-building, and the uses of steam in navigation, shall be fully competent to make a reliable estimate of the strength, seaworthiness, and other qualities of the hulls of steamers and their equipment, deemed essential to safety of life, when such vessels are employed in the carriage of passengers, to be called the In-
One to be called Inspector of Hulls; the other of whom, from his knowledge and experience of the duties of an engineer employed in navigating vessels by steam, and also in the construction and use of boilers, and the machinery and appurtenances therewith connected, shall be able to form a reliable opinion of the quality of the material, the strength, form, workmanship, and suitableness of such boilers and machinery to be employed in the carriage of passengers, without hazard to life, from imperfections in the material, worshipmanship, or arrangement of any part of such apparatus for steaming, to be called the Inspector of Boilers; and these two persons thus designated, if approved by the Secretary of the Treasury, shall be, from the time of such designation, inspectors, empowered and required to perform the duties herein specified, viz:

First. Upon application in writing by the master or owner, they shall, once in every year at least, carefully inspect the hull of each steamer belonging to their respective districts and employed in the carriage of passengers, and shall satisfy themselves that every such vessel so submitted to their inspection is of a structure suitable for the service in which it is to be employed, has suitable accommodations for her crew and passengers, and is in a condition to warrant the belief that she may be used in navigation as a steamer, with safety to life, and that all the requirements of law in regard to fires, boats, pumps, hose, life-preservers, floats, and other things, are faithfully complied with; and if they deem it expedient, they may direct the vessel to be put in motion, and may adopt any other suitable means to test her sufficiency and that of her equipment.

Second. They shall also inspect the boilers of such steamers before the same shall be used, and once in every year thereafter, subjecting them to a hydrostatic pressure, the limit to which, not exceeding one hundred and sixty-five pounds to the square inch for high pressure boilers, may be prescribed by the owner or the master, and shall satisfy themselves by examination and experimental trials, that the boilers are well made of good and suitable material; that the openings for the passage of water and steam respectively, and all pipes and tubes exposed to heat are of proper dimensions, and free from obstruction; that the spaces between the flues are sufficient, and that the fire line of the furnace is below the prescribed water-line of the boilers; and that such boilers and the machinery and the appurtenances may be safely employed in the service proposed in the written application, without peril to life; and shall also satisfy themselves that the safety-valves are of suitable dimensions, sufficient in number, well arranged, and in good working order, (one of which may, if necessary in the opinion of the inspectors, to secure safety, be taken wholly from the control of all persons engaged in navigating such vessel;) that there is a suitable number of gauge-cocks properly inserted, and a suitable water-gauge and steam-gauge indicating the height of the water and the pressure of the steam; that in or upon the outside flue of each outside high-pressure boiler, there is placed in a suitable manner alloyed metals, fusible by the heat of the boiler when raised to the highest working pressure allowed, and that in or upon the top of the flues of all other high-pressure boilers in the steamer, such alloyed metals are placed, as aforesaid, fusing at ten pounds greater pressure than said metals on the outside boilers, thereby, in each case, letting steam escape; and that adequate and certain provision is made for an ample supply of water to feed the boilers at all times, whether such vessel is in motion or not; so that, in high-pressure boilers, the water shall not be less than four inches above the flue. Provided, however, in steamers hereafter supplied with new high-pressure boilers, if the alloy fuses on the outer boilers at a pressure of ten pounds exceeding the working pressure allowed, and at twenty pounds above said pressure on the inner boilers, it shall be a sufficient compliance with this act.
THIRTY-SECOND CONGRESS. Sess. I. Ch. 106. 1852.

Third. That in subjecting to the hydrostatic test aforesaid, boilers called and usually known under the designation of high-pressure boilers, the inspectors shall assume one hundred and ten pounds to the square inch as the maximum pressure allowable as a working power for a new boiler forty-two inches in diameter, made of inspected iron plates at least one fourth of an inch thick, in the best manner, and of the quality herein required, and shall rate the working power of all high-pressure boilers, whether of greater or less diameter, old or new, according to their strength compared with this standard: and in all cases the test applied shall exceed the working power allowed, in the ratio of one hundred and sixty-five to one hundred and ten, and no high-pressure boilers hereafter made shall be rated above this standard: and in subjecting to the test aforesaid, that class of boilers usually designated and known as high-pressure boilers, the said inspectors shall allow as a working power of each new boiler a pressure of only three fourths the number of pounds to the square inch to which it shall have been subjected by the hydrostatic test and found to be sufficient therefor, using the water in such tests at a temperature not exceeding sixty degrees Fahrenheit; but should such inspectors be of the opinion that said boiler by reason of its construction or material will not safely allow so high a working pressure, they may, for reasons to be stated specifically in their certificate, fix the working pressure of said boiler at less than three-fourths of said test pressure, and no low-pressure boiler hereafter made shall be rated in its working pressure above the aforesaid standard: and provided that the same rules shall be observed in regard to boilers heretofore made, unless the proportion between such boilers and the cylinders or some other cause renders it manifest that its application would be unjust, in which cases the inspectors may depart from these rules, if it can be done with safety; but in no case shall the working pressure allowed exceed the hydrostatic test, and no valve under any circumstances shall be loaded or so managed in any way as to subject a boiler to a greater pressure than the amount allowed by the inspectors, nor shall any boiler or pipe be approved which is made in whole or in part of bad material, or is unsafe in its form, or dangerous from defective workmanship, age, use, or any other cause.

Fourth. That when the inspection in detail is completed, and the inspectors approve of the vessel and her equipment throughout, they shall make and subscribe a certificate to the collector of the district, substantially as follows:—

State of [State] of [District] Application having been made in writing by [Owners] to the subscribing inspectors for said district, to examine the steamer [Name of Vessel] of [Port of Departure], whereof [Owners] are owners, and [Master] is master, we having performed that service, now, on this [Day] of [Month], 18[Year], do certify, that she was built in the year [Year], is in all respects staunch, seaworthy, and in good condition for navigation, having suitable means of escape in case of accident from the main to the upper deck, that she is provided with (here insert the number of state-rooms, the number of berths therein, the number of other permanent berths for cabin passengers, the number of berths for deck or other classes of passengers, the number of passengers of each class for whom she has suitable accommodations, and in case of steamers sailing to or from any European port or to or from any port on the Atlantic or the Pacific, a distance of one thousand miles or upwards, the number of each she is permitted to carry,—and in case of a steamer sailing to any other port, a distance of five hundred miles or upwards, the number of deck passengers she is permitted to carry, also the number of boilers, and the form, dimensions, and material of which each boiler is made, the thickness of the metal, and when made— if made after this act takes effect, and of

VOL. X. PUBL. — 9
iron, whether they are such in all respects as the act requires, whether each boiler has been tried by hydrostatic test, the amount of pressure to the square inch in pounds applied to it, whether the amount allowed as the maximum working power was determined by the rule prescribed by this act, if not, the reason for a departure from it; also the number of safety valves required, their capacity, the load prescribed for each valve, how many are left in the control of the persons navigating the vessel, whether one is withdrawn, and the manner of securing it against interference, also the number and dimensions of supply pipes, and whether they and the other means provided are sufficient at all times and under all circumstances, when in good order, to keep the water up four inches at least above the top of the flue; also the number and dimensions of the steam-pipes, the number and kind of engines, the dimensions of their cylinders, the number and capacity of the forcing-pumps, and how worked, the number and kind of gauge-cocks, water and steam gauges, where situate, and how secured; also the manner of using alloyed metals, and the pressure at which they are known by the inspectors to fuse; the equipments for the extinguishment of fires, including hose, fire-buckets, and axes; the provisions for saving life in case of accident, including boats, life-preservers, and substitutes therefor, where kept, and all other provisions made on board for the security of the lives of passengers.)

And we further certify, that the equipment of the vessel throughout, including pipes, pumps, and other means to keep the water up to the point aforesaid, hose, boats, life-preservers, and other things, is in conformity with the provisions of law; and that we declare it to be our deliberate conviction, founded upon the inspection which we have made, that the vessel may be employed as a steamer upon the waters named in the application, without peril to life, from any imperfection of form, materials, workmanship, or arrangement of the several parts, or from age or use. And we further certify, that said vessel is to run within the following limits, to wit: from to and back, touching at intermediate places.

And which certificate shall be verified by the oaths of the inspectors signing it, before a person competent by law to administer oaths. And in case the said inspectors do not grant a certificate of approval, they shall state, in writing, and sign the same, their reasons for their disapproval.

Fifth. Upon the application of the master or owner of any steamer employed in the carriage of passengers, for a license to carry gunpowder, oil of turpentine, oil of vitriol, camphene, or other explosive burning fluids, and materials which ignite by friction, or either of them, the inspectors shall examine such vessel, and if they find that she is provided with chests or safes composed of metal, or entirely lined therewith, or one or more apartments thoroughly lined with metal at a secure distance from any fire, they may grant a certificate to that effect, authorizing such vessel to carry as freight any of the articles aforesaid, those of each description to be secured in such chest, safe, or apartment, containing no other article, and carried at a distance from any fire to be specified in the certificate: Provided, That any such certificate may be revoked or annulled at any time by the inspectors, upon proof that either of the said articles have been carried on board said vessel, at a place or in a manner not authorized by such certificate, or that any of the provisions of this act in relation thereto have been violated.

Sixth. The said inspectors shall keep a regular record of certificates of inspections of vessels, their boilers, engines, and machinery, whether of approval or disapproval, and when recorded, the original shall be delivered to the collector of the district; they shall keep a like record of certificates, authorizing gunpowder, oil of turpentine, oil of vitriol, camphene, or other explosive burning fluids and materials which ignite by
friction, or either of them, to be carried as freight, by any such vessel; and when recorded deliver the originals to said collector; they shall keep a like record of all licenses to pilots and engineers, and all revocations thereof, and shall from time to time report to the supervising inspector of their respective districts, in writing, their decisions on all applications for such licenses, or proceedings for the revocation thereof, and all testimony received by them in such proceedings.

Seventh. The inspectors shall license and classify all engineers and pilots of steamers carrying passengers.

Eighth. Whenever any person claiming to be qualified to perform the duty of engineer upon steamers carrying passengers, shall apply for a certificate, the Board of Inspectors shall examine the applicant, and the proofs which he produces in support of his claim; and if, upon full consideration, they are satisfied that his character, habits of life, knowledge, and experience in the duties of an engineer, are all such as to authorize the belief that the applicant is a suitable and safe person to be intrusted with the powers and duties of such a station, they shall give him a certificate to that effect, for one year, signed by them, in which certificate they shall state the time of the examination, and shall assign the appointee to the appropriate class of engineers.

Ninth. Whenever any person claiming to be a skilful pilot for any such vessel shall offer himself for a license, the said board shall make diligent inquiry as to his character and merits; and if satisfied that he possesses the requisite skill, and is trustworthy and faithful, they shall give him a certificate to that effect, licensing him for one year to be a pilot of any such vessels within the limit prescribed in the certificate; but the license of any such engineer or pilot may be revoked upon proof of negligence, unskilfulness, or inattention to the duties of the station: Provided, however, If in cases of refusal to license engineers or pilots, and in cases of the revocation of any license by the local board of inspectors, any engineer or pilot deeming himself wronged by such refusal or revocation, may, within thirty days after notice thereof, on application to a supervising inspector, have his case examined anew by such supervising inspector, upon producing a certified copy of the reasons assigned by the local board for their doings in the premises; and such supervising inspector may revoke the decision of such local board of inspectors and license such pilot or engine; and like proceedings, upon the same conditions may be had by the master or owner of any such vessel, or of any steamboat-boiler, for which the said local board shall have refused, upon inspection, to give a certificate of approval, or shall have notified such master or owner of any repairs necessary after such certificate has been granted.

Tenth. It shall be unlawful for any person to employ, or any person to serve as engineer or pilot, on any such vessel, who is not licensed by the inspectors; and any one so offending shall forfeit one hundred dollars for each offence: Provided, however, That if a vessel leaves her port with a complement of engineers and pilots, and on her voyage is deprived of their services, or the services of any of them, without the consent, fault, or collusion of the master, owner, or any one interested in the vessel, the deficiency may be temporarily supplied, until others, licensed, can be obtained.

Eleventh. In addition to the annual inspection, it shall be the duty of said board to examine, seasonably, steamers arriving and departing so often as to enable them to detect any neglect to comply with the requirements of law, and also any defects or imperfections becoming apparent after the inspection aforesaid, and tending to render the navigation of the vessel unsafe, which service may be performed by one of the board; and if he shall discover an omission to comply with the law or that repairs have become necessary to make the vessel safe, he shall at
once notify the master, stating in the notice what is required; and if the master deems the requirements unreasonable or unnecessary, he may take the opinion of the board thereon, and if dissatisfied with the decision of such board may apply for a reexamination of the case to the supervising inspector as is hereinbefore provided; and if he shall refuse or neglect to comply with the requirements of the local board, and shall, contrary thereto, and while the same remains unreversed by the supervising inspector, employ the vessel by navigating her, the master and owner shall be liable for any damage to the passengers and their baggage which shall occur from any defects so as aforesaid stated in said notice, which shall be in writing, and all inspections and orders shall be promptly made by the inspectors; and where it can be safely done in their judgment, they shall permit repairs to be made where those interested can most conveniently do them; and no inspectors of one district shall modify or annul the doings of the inspectors of another district, in regard to repairs, unless there is a change in the state of things demanding more repairs than were thought necessary when the order was made; nor shall the inspectors of one district appoint a person coming from another, if such person has been rejected for unfitness or want of qualifications.

Twelfth. The said board, when thereto requested, shall inspect steamer belonging to districts where no such board is established; and if a certificate of approval is not granted, no other inspection shall be made by the same or any other board, until the objections made by the inspectors are removed; and if any vessel shall be navigated after a board of inspectors have refused to make the collector a certificate of approval, she shall be liable to the same penalties as if she had been run without a license: Provided, however, That nothing herein contained shall impair the right of the inspectors to permit such vessel to go to another port for repairs, if, in their opinion, it is safe so to do.

Thirteenth. The said board of inspectors shall have power to summon before them witnesses, and to compel their attendance by the same process as in courts of law; and after reasonable time given to the alleged delinquent, at the time and place of investigation, to examine said witnesses under oath, touching the performance of their duties by engineers and pilots of any such vessel; and if it shall appear satisfactorily that any such engineer or pilot is incompetent, or that life has been placed in peril by reason of such incompetency, or by negligence or misconduct on the part of any such person, the board shall immediately suspend or revoke his license, and report their doings to the chief officer of the customs; and the said chief officer of the customs shall pay out of the revenues herein provided such sums to any witness so summoned under the provisions of this act, for his actual travel and attendance, as shall be officially certified, by an inspector hearing the case, upon the back of the summons, not exceeding the rates allowed to a witness for travel and attendance in the Circuit and District Courts of the United States.

Fourteenth. That the said board shall report promptly all their doings to the chief officer of the customs, as well as all omissions or refusals to comply with the provisions of law on the part of any owner or master of any such vessel, propelled in whole or in part by steam, carrying passengers.

Fifteenth. That it shall at all times be the duty of all engineers and pilots licensed under this act, and all mates, to assist the inspectors in the examination of any such vessels to which any such engineer, mate, or pilot belongs, and to point out all defects and imperfections in the hull or apparatus for steaming, and also to make known to them at the earliest opportunity, all accidents occasioning serious injury to the vessel or her equipment, whereby life may be in danger, and in default thereof the license of any such engineer or pilot shall be revoked.
SEC. 10. **And be it further enacted,** That in those cases where the number of passengers is limited by the inspector's certificate, it shall not be lawful to take on board of any steamer a greater number of passengers than is certified by the inspectors in the certificate; and the master and owners, or either of them, shall be liable, to any person suing for the same, to forfeit the amount of passage money and ten dollars for each passenger beyond the number allowed. **And moreover,** in all cases of an express or implied undertaking to transport passengers, or to supply them with food and lodging, from place to place, and suitable provision is not made of a full and adequate supply of good and wholesome food and water, and of suitable lodging for all such passengers, or where barges, or other craft, impeding the progress, are taken in tow, for a distance exceeding five hundred miles, without previous and reasonable notice to such passengers, in all such cases the owners and the vessel shall be liable to refund all the money paid for the passage, and to pay also the damage sustained by such default or delay: Provided, however, **That if in any such case a satisfactory bond is given to the marshal for the benefit of the plaintiff, to secure the satisfaction of such judgment as he may recover, the vessel shall be released.**

SEC. 11. **And be it further enacted,** That if the master of a steamer, or any other person, whether acting under orders or not, shall intentionally load or obstruct, or cause to be loaded or obstructed, in any way or manner, the safety valve or valves of a boiler, or shall employ any other means or device whereby the boiler shall be subjected to a greater pressure than the amount allowed by the certificate of the inspectors, or shall be exposed to a greater pressure, or shall intentionally derange or hinder the operation of any machinery or device employed to denote the state of the water or steam in any boiler, or to give warning of approaching danger, it shall, in any such case, be a misdemeanor, and any and every person concerned therein, directly or indirectly, shall forfeit two hundred dollars, and may, at the discretion of the court, be in addition thereto imprisoned not exceeding eighteen months.

SEC. 12. **And be it further enacted,** That if at any time there be a deficiency of water in a boiler, by suffering it to fall below three inches above the flue as prescribed in this act, unless the same happens through inevitable accident, the master, if it be by his order, assent, or connivance, and also the engineer, or other person, whose duty it is to keep up the supply, shall be guilty of an offence for which they shall severally be fined one hundred dollars each; and if an explosion or collapse happens in consequence of such deficiency, they, or any of them, may be further punished by imprisonment, for a period of not less than six nor more than eighteen months.

SEC. 13. **And be it further enacted,** That hereafter all boilers of steamboats made of iron shall be constructed of plates which have been stamped according to the provisions of this act.

SEC. 14. **And be it further enacted,** That it shall be the duty of such inspectors to ascertain the quality of the material of which the boiler-plates of any such boiler so submitted to their inspection are made; and to satisfy themselves by any suitable means, whether the mode of manufacturing has been such as to produce iron equal to good iron made with charcoal, such as in their judgment may be used for generating steam-power without hazard to life; and no such boiler shall be approved which is made of unsuitable material, or of which the manufacture is imperfect, or is not in their opinion, of suitable strength, or whose plates are less than one fourth of an inch in thickness, for a high-pressure boiler of forty-two inches in diameter, and in that proportion of strength according to the maximum of working pressure allowed for high-pressure boilers of greater or less diameter, or which is made of any but wrought iron of a quality equal to good iron made with charcoal.
Boiler plates to be stamped.

Penalty for making or using boilers made hereafter of unstamped plates.

Penalty for fraud, &c., as to stamps.

Penalty for using the stamp of another with intent to defraud.

Nine Supervising Inspectors to be appointed.

Their qualifications.

To meet as a board at least yearly.

May establish rules, and assign limits.

Pay of said Supervising Inspectors.

Their expenses.

Expense of transportation of instruments of examination.

Payment of fees to covert local inspectors.

Duties of supervising inspectors.

Their reasonable inquiries to be answered and information to be given them.

Duties as to prosecution of persons failing to comply with this act.

SEC. 15. And be it further enacted, That all plates of boiler-iron shall be distinctly and permanently stamped in such manner as the Secretary of the Treasury shall prescribe, and if practicable, in such place or places that the mark shall be left visible after the plates are worked into boilers; with the name of the manufacturer, the quality of the iron, and whether or not hammered, and the place where the same is manufactured.

SEC. 16. And be it further enacted, That it shall be unlawful to use in such vessel for generating steam for power, a boiler, or steam-pipe connecting the boilers made after the passage of this act, of any iron unless it has been stamped by the manufacturer as herein provided; and if any person shall make for use in any such vessel, a boiler of iron not so stamped, intended to generate steam for power, he shall, for any such offence, forfeit five hundred dollars, to be recovered in an action of debt by any person suing for the same; and any person using or causing to be used in any such vessel such a boiler to generate steam for power, shall forfeit a like sum for each offence.

SEC. 17. And be it further enacted, That if any person shall counterfeit the marks and stamps required by this act, or shall falsely stamp any boiler-iron, and be convicted thereof, he shall be fined not exceeding five hundred dollars and imprisoned not exceeding two years. And if any person or persons shall stamp or mark plates with the name or marks of another with intent to mislead, deceive, or defraud, such person or persons shall be liable to any one injured thereby, for all damage occasioned by such fraud or deception.

SEC. 18. And be it further enacted, That in order to carry this act fully into execution, the President of the United States shall, with the advice of the Senate, appoint nine supervising inspectors, who shall be selected for their knowledge, skill, and experience in the uses of steam for navigation, and who are competent judges not only of the character of vessels but of all parts of the machinery employed in steaming, who shall assemble together at such places as they may agree upon once each year at least, for joint consultation and the establishment of rules and regulations for their own conduct and that of the several boards of inspectors within the districts, and also to assign to each of the said nine inspectors the limits of territory within which he shall perform his duties. And the said supervising inspectors shall each be paid for his services after the rate of fifteen hundred dollars a year, and in addition thereto, his actual reasonable travelling expenses, incurred in the necessary performance of his duty when away from the principal port in his district, and certified and sworn to by him under such instructions as shall be given by the Secretary of the Treasury, who is hereby authorized to pay such salaries, and also such travelling expenses, and the actual reasonable expenses (both to them and other inspectors) of transporting from place to place the instruments used in inspections, which expenses shall be proved to his satisfaction.

SEC. 19. And be it further enacted, That the supervising inspectors shall watch over all parts of the territory assigned them, shall visit, confer with, and examine into the doings of the several boards of inspectors, and shall, whenever they think it expedient, visit such vessels, licensed, and examine into their condition, for the purpose of ascertaining whether the provisions of this act have been observed and complied with, both by the board of inspectors and the master and owners; and it shall be the duty of all masters, engineers, and pilots of such vessels, to answer all reasonable inquiries and to give all the information in their power, in regard to any such vessel so visited, and her machinery for steaming, and the manner of managing both.

SEC. 20. And be it further enacted, That whenever a supervising inspector ascertains to his satisfaction that the master, engineer, pilot, or owner of any such vessel fail to perform their duties according to the
provisions of this act, he shall report the facts in writing to the board in the district where the vessel belongs, and, if need be, cause the negligent or offending parties to be prosecuted; and if he has good reason to believe there has been, through negligence, or from any other cause, a failure of the board who inspected the vessel to do its duty, he shall report the facts in writing to the Secretary of the Treasury, who shall cause immediate investigation into the truth of the complaint, and if he deems the cause sufficient, shall remove the delinquent.

SEC. 21. And be it further enacted, That it shall be the duty of such supervising inspectors to see that the said several boards within their respective collection districts execute their duties faithfully, promptly, and, as far as possible, uniformly, in all places, by following out the provisions of this act, according to the true intent and meaning thereof; and they shall, as far as practicable by their established rules, harmonize differences of opinion when they exist in different boards.

SEC. 22. And be it further enacted, That the said supervising inspectors shall also visit collection districts in which there are no boards of inspectors, if there be any where steamers are owned or employed, and each one shall have full power to inspect any such steamer or boilers of each steamer in any such district, or in any other district where, from distance or other cause, it is inconvenient to resort to the local board, and to grant certificates of approval according to the provisions of this act, and to do and perform in such districts all the duties imposed upon boards in the districts where they exist: Provided, That no supervising or other inspector shall be deemed competent to inspect in any case where he is directly or indirectly personally interested, or is associated in business with any person who is so interested, but in all such cases the duty shall be performed by disinterested inspectors, and inspection made in violation of this rule shall be void and of no effect.

SEC. 23. And be it further enacted, That it shall be the duty of each of the collectors or other chief officer of the customs for the districts aforesaid, except San Francisco, to make known without delay, to the collectors of all the said districts, except San Francisco, the names of all persons licensed as engineers or pilots for such vessels, and the names of all persons from whom upon application, licences have been withheld, and the names of all whose licenses have been revoked or suspended, and also the names of all such vessels which neglect or refuse to make such repairs as may be ordered under the provisions of this act, and the names of all for which license has been, on application, refused.

SEC. 24. And be it further enacted, That it shall be the duty of the collectors or other chief officer of the customs and of the inspectors aforesaid, within the said several districts, to enforce the provisions of law against all such steamers arriving and departing; and upon proof that any collector or other chief officer of the customs, or inspector, has negligently or intentionally omitted his duty in this particular, such delinquent shall be removed from office, and shall also be subject to a penalty of one hundred dollars for each offence, to be sued for in an action of debt before any court of competent jurisdiction.

SEC. 25. And be it further enacted, That the collector or other chief officer of the customs, shall retain on file all original certificates of the inspectors required by this act to be delivered to him, and shall give to the master or owner of the vessel therein named, two certified copies thereof, one of which shall be placed by such master or owner in some conspicuous place in the vessel, where it will be most likely to be observed by passengers and others, and there kept at all times; the other shall be retained by such master or owner as evidence of the authority thereby conferred; and if any person shall receive or carry any passenger or board any such steamer not having a certified copy of the certificate of approval as required by this act, placed and kept as aforesaid;
Penalty for or who shall receive or carry any gunpowder, oil of turpentine, oil of
vitriol, camphene, or other explosive burning fluids, or materials which
ignite by friction, as freight, on board any steamer carrying passengers,
not having a certificate authorizing the same, and a certified copy thereof
posted and kept as aforesaid; or who shall slow or carry any of said
articles, at a place or in a manner not authorized by such certificate, shall
forfeits and pay for each offence one hundred dollars, to be recovered by
action of debt in any court of competent jurisdiction.

SEC. 26. And be it further enacted, That every inspector who shall
wilfully certify falsely touching any such vessel propelled in whole or in
part by steam, and carrying passengers, her hull, accommodations, boilers,
engines, machinery, or their appurtenances, or any of her equipments,
or any matter or thing contained in any certificate signed and sworn to
by him, shall on conviction thereof, be punished by fine not exceeding
five hundred dollars, or imprisonment not exceeding six months, or both.

SEC. 27. And be it further enacted, That if any such vessel carrying
passengers, having a license and certificate, as required by this act, shall
be navigated without having her hull, accommodations, boilers, engines,
machinery, and their appurtenances, and all equipments, in all things con-
formable to such certificate, the master or commander by whom she
shall be so navigated, having knowledge of such defect, shall be punished
by fine not exceeding one hundred dollars, or imprisonment not exceed-
ing two months, or both: Provided, That such master or commander shall
not be liable for loss or deficiency occasioned by the dangers of naviga-
tion, if such loss or deficiency shall be supplied as soon as practicable.

SEC. 28. And be it further enacted, That on any such steamers navi-
gating rivers only, when from darkness, fog, or other cause, the pilot on
watch shall be of opinion that the navigation is unsafe, or from accident
to, or derangement of the machinery of the boat, the engineer on watch
shall be of the opinion that the further navigation of the vessel is unsafe,
the vessel shall be brought to anchor, or moored, as soon as it prudently
can be done: Provided, That if the person in command shall, after being
so admonished by either of such officers, elect to pursue such voyage, he
may do the same; but in such case both he and the owners of such
steamer shall be answerable for all damages which shall arise to the
person of any passenger and his baggage from said causes in so pursuing
the voyage, and no degree of care or diligence shall in such case be held
to justify or excuse the person in command, or said owners.

SEC. 29. And be it further enacted, That it shall be the duty of the
supervising inspectors to establish such rules and regulations to be ob-
erved by all such vessels in passing each other, as they from time
to time deem necessary for safety; two printed copies of which rules and
regulations, signed by said inspectors, shall be furnished to each of such
vessels, and shall at all times be kept up in conspicuous places on such
vessels, which rules shall be observed both night and day. Should any
pilot, engineer, or master of any such vessel neglect or wilfully refuse to
observe the foregoing regulations, an delinquent so neglecting or refus-

Sec. 2. And be it further enacted, That the executive power and authority in and over said Territory of Washington shall be vested in a governor, who shall hold his office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the President of the United States. The governor shall reside in said Territory, and shall be the commander-in-chief of the militia thereof, shall perform the duties and receive the emoluments of Superintendent of Indian affairs; he may grant pardons and remit fines and forfeitures for offenses against the laws of said Territory, and respite for offenses against the laws of the United States until the decision of the President can be made known thereon; he shall commission all officers who shall be appointed to office under the laws of the said Territory, where, by law, such commissions shall be required, and shall take care that the laws are faithfully executed.

Sec. 3. And be it further enacted, That there shall be a Secretary of said Territory, who shall reside therein, and hold his office for four years, unless sooner removed by the President of the United States; he shall record and preserve all the laws and proceedings of the Legislative Assembly hereinafter constituted, and all the acts and proceedings of the Governor in his Executive department; he shall transmit one copy of the laws and journals of the Legislative Assembly within thirty days after the end of each session, and one copy of the executive proceedings and official correspondence semi-annually, on the first days of January and July in each year, to the President of the United States, and two copies of the laws to the President of the Senate and to the Speaker of the House of Representatives, for the use of Congress. The Council shall consist of nine members, having the qualifications of voters, as hereinafter prescribed, whose term of service shall continue three years. Immediately after they shall be assembled, in consequence of their first election, they shall be divided as equally as may be into three classes. The seats of the members of Council of the first class shall be vacated at the expiration of the first year, of the second class at the expiration of the second year, and of the third class at the expiration of the third year, so that one third may be chosen every year; and if vacancies happen, by resignation or otherwise, the same shall be filled at the next ensuing election. The House of Representatives shall, at its first session, consist of eighteen members, possessing the same qualifications as prescribed for members of the Council, and whose term of service shall continue one year. The number of representatives may be increased by the Legislative Assembly, from time to time, in proportion to the increase
of qualified voters: Provided, That the whole number shall never exceed thirty. An apportionment shall be made, as nearly equal as practicable, among the several counties or districts, for the election of the Council and Representatives, giving to each section of the Territory representation in the ratio of its qualified voters, as nearly as may be. And the members of the Council and of the House of Representatives shall reside in, and be inhabitants of, the district or county or counties, for which they may be elected, respectively. Previous to the first election, the Governor shall cause a census or enumeration of the inhabitants and qualified voters of the several counties and districts of the Territory to be taken, by such persons, and in such mode, as the Governor shall designate and appoint; and the persons so appointed shall receive a reasonable compensation therefor. And the first election shall be held at such time and places, and be conducted in such manner, both as to the persons who shall superintend such election and the returns thereof, as the Governor shall appoint and direct; and he shall at the same time declare the number of members of the Council and House of Representatives to which each of the counties or districts shall be entitled under this act; and the Governor shall, by his proclamation, give at least sixty days’ previous notice of such apportionment, and of the time, places, and manner of holding such election. The persons having the highest number of legal votes in each of said council districts for members of the Council shall be declared by the Governor to be duly elected to the Council, and the persons having the highest number of legal votes for the House of Representatives shall be declared by the Governor to be duly elected members of said House: Provided, That in case two or more persons voted for shall have an equal number of votes, and in case a vacancy shall otherwise occur in either branch of the Legislative Assembly, the Governor shall order a new election; and the persons thus elected to the Legislative Assembly shall meet at such place, and on such day, within ninety days after such elections, as the Governor shall appoint. But thereafter the time, place, and manner of holding and conducting all elections by the people, and the apportioning the representation in the several counties or districts to the Council and House of Representatives, according to the number of qualified voters, shall be prescribed by law, as well as the day of the commencement of the regular session of the Legislative Assembly: Provided, That no session in any one year shall exceed the term of sixty days, except the first session, which shall not exceed one hundred days.

SEC. 6. And be it further enacted, That every white male inhabitant above the age of twenty-one years, who shall have been a resident of said Territory at the time of the passage of this act, and shall possess the qualifications hereinafter prescribed, shall be entitled to vote at the first election, and shall be eligible to any office within the said Territory; but the qualifications of voters and of holding office at all subsequent elections shall be such as shall be prescribed by the Legislative Assembly: Provided, That the right of suffrage and of holding office shall be exercised only by citizens of the United States above the age of twenty-one years, and those above that age who shall have declared on oath their intention to become such, and shall have taken an oath to support the Constitution of the United States and the provisions of this act: And provided further, That no officer, soldier, seaman, mariner, or other person in the army or navy of the United States, or attached to troops in the service of the United States, shall be allowed to vote in said Territory, by reason of being on service therein, unless said Territory is, and has been for the period of six months, his permanent domicil: Provided further, That no person belonging to the army or navy of the United States shall ever be elected to or hold any civil office or appointment in said Territory.
SEC. 6. And be it further enacted, That the Legislative power of the Territory shall extend to all rightful subjects of legislation not inconsistent with the Constitution and laws of the United States. But no law shall be passed interfering with the primary disposal of the soil; no tax shall be imposed upon the property of the United States; nor shall the lands or other property of non-residents be taxed higher than the lands or other property of residents. All the laws passed by the Legislative Assembly shall be submitted to the Congress of the United States, and, if disapproved, shall be null and of no effect. Provided, That nothing in this act shall be construed to give power to incorporate a bank or any institution with banking powers, or to borrow money in the name of the Territory, or to pledge the faith of the people of the same for any loan whatever, directly or indirectly. No charter granting any privileges of making, issuing, or putting into circulation any notes or bills in the likeness of bank-notes, or any bonds, scrip, drafts, bills of exchange, or obligations, or granting any other banking powers or privileges, shall be passed by the Legislative Assembly; nor shall the establishment of any branch or agency of any such corporation, derived from other authority, be allowed in said Territory; nor shall said Legislative Assembly authorize the issue of any obligation, scrip, or evidence of debt, by said Territory, in any mode or manner whatever, except certificates for service to said Territory. And all such laws, or any law or laws inconsistent with the provisions of this act, shall be utterly null and void. And all taxes shall be equal and uniform; and no distinctions shall be made in the assessments between different kinds of property, but the assessments shall be according to the value thereof. To avoid improper influences, which may result from intermixing in one and the same act such things as have no proper relation to each other, every law shall embrace but one object, and that shall be expressed in the title.

SEC. 7. And be it further enacted, That all township, district, and county officers not herein otherwise provided for, shall be appointed or elected in such manner as shall be provided by the Legislative Assembly of the Territory of Washington.

SEC. 8. And be it further enacted, That no member of the Legislative Assembly shall hold or be appointed to any office which shall have been created, or the salary or emoluments of which shall have been increased while he was a member, during the term for which he was elected and for one year after the expiration of such term; but this restriction shall not be applicable to members of the first Legislative Assembly; and no person holding a commission or appointment under the United States shall be a member of the Legislative Assembly, or shall hold any office under the government of said Territory.

SEC. 9. And be it further enacted, That the judicial power of said Territory shall be vested in a supreme court, district courts, probate courts, and in justices of the peace. The supreme court shall consist of a chief justice and two associate justices, any two of whom shall constitute a quorum, and who shall hold a term at the seat of government of said Territory annually, and they shall hold their offices during the period of four years, and until their successor shall be appointed and qualified. The said Territory shall be divided into three judicial districts, and a district court shall be held in each of said districts by one of the justices of the supreme court, at such times and places as may be prescribed by law; and the said judges shall, after their appointments, respectively reside in the districts which shall be assigned them. The jurisdiction of the several courts herein provided for, both appellate and original, and that of the probate courts and of justices of the peace, shall be as limited by law: Provided, That justices of the peace shall not have jurisdiction of any case in which the title to land shall in any wise come in question, or where the debt or damages claimed shall exceed one
hundred dollars; and the said supreme and district courts, respectively shall possess chancery as well as common-law jurisdiction. Each district court, or the judge thereof, shall appoint its clerk, who shall also be the register in chancery, and shall keep his office at the place where the court may be held. Writs of error, bills of exception, and appeals, shall be allowed in all cases from the final decisions of said district court to the supreme court under such regulations as may be prescribed by law; but in no case removed to the supreme court shall trial by jury be allowed in said court. The supreme court, or the justices thereof, shall appoint its own clerk, and every clerk shall hold his office at the pleasure of the court for which he shall have been appointed. Writs of error, and appeals from the final decisions of said supreme court, shall be allowed, and may be taken to the Supreme Court of the United States, in the same manner and under the same regulations as from the circuit court of the United States, where the value of the property, or the amount in controversy, to be ascertained by the oath or affirmation of either party, or other competent witness, shall exceed two thousand dollars, and in all cases where the constitution of the United States, or acts of Congress, or a treaty of the United States, is brought in question; and each of the said district courts shall have and exercise the same jurisdiction in all cases arising under the constitution of the United States and the laws of said Territory, as is vested in the circuit and district courts of the United States; writs of error and appeal in all such cases shall be made to the supreme court of said Territory the same as in other cases. Writs of error, and appeals from the final decisions of said supreme court, shall be allowed and may be taken to the supreme court of the United States in the same manner as from the circuit courts of the United States, where the value of the property, or the amount in controversy, shall exceed two thousand dollars, and each of said district courts shall have and exercise the same jurisdiction, in all cases arising under the constitution and laws of the United States, as is vested in the circuit and district courts of the United States; and also of all cases arising under the laws of said Territory, and otherwise. The said clerk shall receive in all such cases the same fees which the clerks of the district courts of the Territory of Oregon receive for similar services.

Sect. 10. And be it further enacted, That there shall be appointed an attorney for said Territory, who shall continue in office for four years and until his successor shall be appointed and qualified, unless sooner removed by the President, and who shall receive the same fees and salary as is provided by law for the attorney of the United States for the Territory of Oregon. There shall also be a marshal for the Territory appointed, who shall hold his office for four years and until his successor shall be appointed and qualified, unless sooner removed by the President, and who shall execute all processes issuing from the said courts when exercising their jurisdiction as circuit and district courts of the United States; he shall perform the duties, be subject to the same regulation and penalties, and be entitled to the same fees, as are provided by law for the marshal of the Territory of Oregon, and shall, in addition, be paid the sum of two hundred dollars annually as a compensation for extra services.

Sect. 11. And be it further enacted, That the governor, secretary, chief justice, and associate justices, attorney, and marshal, shall be nominated, and, by and with the advice and consent of the Senate, appointed by the President of the United States. The governor and secretary to be appointed as aforesaid shall, before they act as such, respectively take an oath or affirmation before the district judge, or some justice of the peace in the limits of said Territory duly authorized to administer oaths and affirmations by the laws in force therein, or before the chief justice or some associate justice of the supreme court of the United States, to support the constitution of the United States, and faithfully to discharge
the duties of their respective offices, which said oaths, when so taken, shall be certified by the person before whom the same shall have been taken; and such certificates shall be received and recorded by the said Secretary among the executive proceedings; and the Chief Justice and Associate Justices, and all other civil officers in said Territory, before they act as such, shall take a like oath or affirmation before the said Governor or Secretary, or some judge or justice of the peace of the Territory who may be duly commissioned and qualified, which said oath or affirmation shall be certified and transmitted, by the person taking the same, to the Secretary, to be by him recorded as aforesaid; and afterwards, the like oath or affirmation shall be taken, certified and recorded in such manner and form as may be prescribed by law. The Governor shall receive an annual salary of fifteen hundred dollars as Governor, and fifteen hundred dollars as Superintendent of Indian affairs. The Chief Justice, and Associate Justices, shall each receive an annual salary of two thousand dollars. The Secretary shall receive an annual salary of fifteen hundred dollars. The said salaries shall be paid quarterly, from the dates of the respective appointments, at the Treasury of the United States; but no such payment shall be made until said officers shall have entered upon the duties of their respective appointments. The members of the legislative assembly shall be entitled to receive three dollars each per day during their attendance at the session thereof, and three dollars each for every twenty miles' travel in going to and returning from said sessions, estimated according to the nearest usually travelled route. And a chief clerk, one assistant clerk, a sergeant-at-arms, and door-keeper, may be chosen for each house; and the chief clerk shall receive five dollars per day, and the said other officers three dollars per day, during the session of the legislative assembly; but no other officers shall be paid by the United States: Provided, That there shall be but one session of the legislative assembly annually, unless, on an extraordinary occasion, the Governor shall deem it expedient and proper to call the legislature together. There shall be appropriated, annually, the sum of fifteen hundred dollars, to be expended by the Governor, to defray the contingent expenses of the Territory, including the salary of a clerk of the executive department; and there shall also be appropriated, annually, a sufficient sum to be expended by the Secretary of the Territory, and upon an estimate to be made by the Secretary of the Treasury of the United States, to defray the expenses of the legislative assembly, the printing of the laws, and other incidental expenses; and the Governor and Secretary of the Territory shall, in the disbursement of all moneys intrusted to them, be governed solely by the instructions of the Secretary of the Treasury of the United States, and shall, semi-annually, account to the said Secretary for the manner in which the aforesaid sums of money shall have been expended; and no expenditure, to be paid out of money appropriated by Congress, shall be made by said legislative assembly for objects not specially authorized by the acts of Congress making the appropriations, nor beyond the sums thus appropriated for such objects.

SEC. 12. And be it further enacted, That the laws now in force in said Territory of Washington, by virtue of the legislation of Congress in reference to the Territory of Oregon, which have been enacted and passed subsequent to the first day of September, eighteen hundred and forty-eight, applicable to the said Territory of Washington, together with the legislative enactments of the Territory of Oregon, enacted and passed prior to the passage of, and not inconsistent with, the provisions of this act, and applicable to the said Territory of Washington, be, and they are hereby, continued in force in said Territory of Washington until they shall be repealed or amended by future legislation.

SEC. 18. And be it further enacted, That the legislative assembly of the Territory of Washington shall hold its first session at such time and

SEC. 14. And be it further enacted, That a delegate to the House of Representatives of the United States, to serve for the term of two years, who shall be a citizen of the United States, may be elected by the voters qualified to elect members of the legislative assembly, who shall be entitled to the same rights and privileges as have been heretofore exercised and enjoyed by the delegates from the several other Territories of the United States to the House of Representatives, but the delegate first elected shall hold his seat only during the term of the Congress to which he shall be elected. The first election shall be held at such time, and places, and be conducted in such manner, as the Governor shall appoint and direct; of which, and the time, place, and manner of holding such elections, he shall give at least sixty days' notice by proclamation; and at all subsequent elections the time, places, and manner of holding the elections shall be prescribed by law. The person having the greatest number of votes shall be declared by the Governor to be duly elected, and a certificate thereof shall be given accordingly. The delegate from said Territory shall be entitled to receive the same per diem compensation and mileage at present allowed the delegate from the Territory of Oregon.

THIRTY-SECOND CONGRESS. Sess. II. Ch. 145. 1853. 245

fore a judge of a United States Court, or other competent officer, to support the Constitution of the United States, and faithfully discharge the duties of his office, and give bond in the same amount as other Surveyors-General, the penalty thereof to be increased whenever the Secretary of the Interior shall deem proper. He shall be entitled to receive a salary at the rate of four thousand five hundred dollars per annum, payable quarterly, to commence from the time of entering into bond.

SEC. 2. And be it further enacted, That there shall be allowed for clerk hire in the office of the Surveyor-General the sum of eleven thousand dollars per annum, or so much thereof as may be necessary: Provided, That the salary of no clerk shall exceed the sum of twenty-five hundred dollars per annum; and for office rent, fuel, and other incidental expenses of his office, such sums as shall be found necessary by the Secretary of the Interior, not exceeding the sum of ten thousand dollars. And the Secretary of the Interior is hereby authorized to cause an official seal to be prepared for the office of the said Surveyor-General; and any copy of or extracts from the plat, field notes, and other records and documents on file in his office, when attested as such by the said seal, and the signature of the Surveyor-General, shall, in all judicial matters, have the same force and effect as the originals.

SEC. 3. And be it further enacted, That the said Surveyor-General shall have the same power and authority, and perform the same duties respecting the public lands and private claims in the State of California, as by law appertain to and are required of the Surveyor-General in Louisiana, except so far as the same may be modified by this act. He shall engage a sufficient number of skilful surveyors as his deputies, whom he shall cause to survey, measure, and mark base and meridian lines through such points, and perpetuated by such monuments, and such other correction parallels and meridians as may be prescribed, and also to survey and establish the other lines of the public lands. He shall also cause all private claims to be surveyed after they have been confirmed, so far as may be necessary to complete the surveys of the public lands; and in the location and survey of them he shall have the same power and authority as are conferred on the land officers of Louisiana by the sixth section of the act of March, eighteen hundred and thirty-one, creating the office of the Surveyor-General for that State; and for surveying the base and meridian lines, and private claims, and meandering navigable waters, the deputy surveyor shall be allowed not exceeding sixteen dollars per mile; and for surveying the other lines of the public lands there shall be paid not exceeding an average of twelve dollars per mile: Provided, That none other than township lines shall be surveyed when the lands are mineral or are deemed unfit for cultivation; and no allowance shall be made for such lines as are not actually run and marked in the field, and were actually necessary to be run.

SEC. 4. And be it further enacted, That if, in the opinion of the Secretary of the Interior it shall be advisable, he is hereby authorized to direct such surveys after what is known as the geodetic method. And whenever, in the opinion of the Secretary of the Interior, a departure from the rectangular mode of surveying and subdividing the public lands would promote the public interests, he may direct such change to be made in the mode of surveying and designating the said lands as he may deem proper, with reference to the existence of mountains, mineral deposits, and the advantages derived from timber and water privileges: Provided, That such lands shall not be surveyed into less than one hundred, and sixty acres, or subdivided into less than forty acres.

SEC. 5. And be it further enacted, That there shall be appointed by the President, by and with the advice and consent of the Senate, a register of the land office and receiver of public moneys for the State of California, at such time as, in his judgment, the public interest may
demand, with a salary each of three thousand dollars per annum, payable
quarter-yearly; and the land office shall be located at such place as the
President, in view of the public convenience, shall from time to time
direct; and, previously to entering on the duties of their offices, they each
shall take and subscribe an oath or affirmation, before one of the Judges
of the United States Courts, or other competent officer, to support
the Constitution of the United States, and faithfully to discharge the duties
of their respective offices, and shall give bond in the same amount as other
registrars and receivers of the public land offices; and their general duties
and responsibilities shall be the same as other officers of like character:
Provided, however, That at such time or times as in his judgment the
public interest may so imperatively require, and in the absence of any
further and special legislation of Congress on the subject, it shall be
lawful for the President of the United States to divide the State of Cali-
fnia into two or three separate and distinct land districts, as circum-
stances shall determine to be necessary, embracing respectively the up-
per and lower, or the upper, middle, and lower portions of the State; and
he shall appoint, by and with the advice and consent of the Senate, or
during the recess of Congress when necessary, a register of the land
office and receiver of public moneys for each such land districts; and
the land offices for the same respectively shall be located at, and be re-
moved from time to time to such places as the President shall deem
most suitable for public convenience.

And be it further enacted, That all the public lands in the
State of California, whether surveyed or unsurveyed, with the exception
of sections sixteen and thirty-six, which shall be and hereby are granted
to the State for the purposes of public schools in each township, and
with the exception of lands appropriated under the authority of this act,
or reserved by competent authority, and excepting also the lands claimed
under any foreign grant or title and the mineral lands, shall be subject
to the preemption laws of fourth September, eighteen hundred and forty-
one, with all the exceptions, conditions, and limitations therein, except
as is herein otherwise provided; and shall, after the plats thereof are
returned to the office of the register, be offered for sale, after six months'
public notice in the State of the time and place of sale, under the laws,
rules, and regulations now governing such sales, or such as may be here-
after prescribed: Provided, That where unsurveyed lands are claimed
by preemption, the usual notice of such claim shall be filed within three
months after the return of the plats of surveys to the land offices, and
proof and payment shall be made prior to the day appointed by the
President's proclamation for the commencement of the sale, including
such lands; the entry of such claims to be made by legal subdivisions,
according to the United States' survey, and in the most compact form:
And provided further, That the fact of persons having heretofore had
the benefit of said act of the fourth of September, eighteen hundred and
forty-one, shall interpose no bar to their obtaining the benefits of this
act; and all of said lands that shall remain unsold after having been
proclaimed and offered, shall be subject to entry at private sale as other
public land, at the same minimum price per acre; and the register and
receiver shall not be entitled to any per centage or fees, except for deci-
ding preemption cases, when each of them shall be allowed the same fees
as are paid to other like officers; but the receiver shall be entitled to his
actual necessary expenses, going and returning, in making his deposits:
Provided, That nothing in this act shall be construed to authorize any
settlement to be made on any public lands not surveyed, unless the same
be made within one year from the passage of this act; nor shall any
right of such settlers be recognized by virtue of any settlement or im-
provement made of such unsurveyed lands subsequent to that day: And
provided further, That this act shall not be construed to authorize any
settlement to be made on any tract of land in the occupation or possession of any Indian tribe, or to grant any preemption right to the same.

SEC. 7. And be it further enacted, That where any settlement, by the erection of a dwelling-house or the cultivation of any portion of the land, shall be made upon the sixteenth and thirty-sixth sections, before the same shall be surveyed, or where such sections may be reserved for public uses or taken by private claims, other land shall be selected by the proper authorities of the State in lieu thereof, agreeably to the provisions of the act of Congress approved on the twentieth of May, eighteen hundred and twenty-six, entitled “An act to appropriate lands for the support of schools in certain townships and fractional townships, not before provided for,” and which shall be subject to approval by the Secretary of the Interior. And no person shall make a settlement or location upon any tract or parcel of land selected for a military post, or within one mile of such post, or on any other lands reserved by competent authority; nor shall any person obtain the benefits of this act by a settlement or location on mineral lands.

SEC. 8. And be it further enacted, That the public lands, not being mineral lands, occupied as towns or villages, shall not be subdivided, or subject to sale, or to be appropriated by settlers, under the provisions of this act; but the whole of such lands, whether settled upon before or after the survey of the same, shall be subject to the provisions of the act entitled “An act for the relief of the citizens of towns upon the lands of the United States, under certain circumstances,” approved May twenty-third, eighteen hundred and forty-four, except such towns as are located on or near mineral lands, the inhabitants of which shall have the right of occupation and cultivation only until such time as Congress shall dispose of the same; nor shall any lands specially reserved for public uses be appropriated under the provisions of this act.

SEC. 9. And be it further enacted, That whenever the public surveys, or any portion of them authorized by this act, or by the act approved September twenty-seventh, eighteen hundred and fifty, entitled “An act to create the office of Surveyor-General of the Public Lands in Oregon, and to provide for the survey and to make donations to settlers of the said public lands,” are so required to be made, as to render it expedient to make compensation for the surveying thereof by the day, instead of by the mile, it shall be lawful for the Commissioner of the General Land Office, under the direction of the Secretary of the Interior, to make such fair and reasonable allowance as, in his judgment, shall be necessary to insure the accurate and faithful execution of the work.

SEC. 10. And be it further enacted, That, except where the President of the United States shall see cause otherwise to determine, each officer to be appointed in virtue of this act, and also every other like officer of the United States, may continue in the uninterrupted discharge of his regular official duties, and is hereby authorized accordingly so to act, after the day of expiration of his official commission, and until a new commission shall be issued to him for the same office, or otherwise, until the day when a successor shall enter upon the duties of such office; and the existing official bond of any such officer so acting shall be deemed and held to be good and sufficient, and in force until the date of the approval of a new bond to be given by him if recommissioned, or otherwise, for the additional time wherein he may so continue officially to act, pursuant to authority hereof. And the provision as to bonds to be given by Deputy-Surveyors for the faithful execution of their duties, in a penalty of double the estimated amount of money accruing to them under their surveying contracts, as required by the act of March third, eighteen hundred and thirty one, entitled “An act to create the office of Surveyor-General of the public lands for the State of Louisiana,” referred to in the third section of this act, shall be and the same is hereby made
applicable to the public surveys in the State of California; and the sufficiency of the sureties to all such bonds shall be approved and certified by the proper Surveyor-General; and the same provision is hereby extended to all other branches of the public surveying service elsewhere; and all such bonds heretofore required of Deputy-Surveyors, according to age in the surveying service, shall be deemed and held to be of the same validity as if the same had been required by law. And it is hereby

made the duty of each of the respective Surveyors-General of the public lands of the United States, so far as is compatible with the desk duties of his office, occasionally to inspect the surveying operations while in progress in the field, sufficiently to satisfy himself, from actual inspection, of the fidelity of the execution of the work according to contract, and the actual and necessary expenses incurred by him while so engaged shall be allowed; and where it is incompatible with his other duties for a Surveyor-General to devote the time necessary to make a personal inspection of the work in progress, then he shall be and hereby is authorized to depute a confidential agent to make such examination; and the actual and necessary expenses of such person shall be allowed and paid for that service, and five dollars per day during the examination in the field: Provided, That such examination shall not be protracted beyond thirty days, and in no case longer than is actually necessary; and when a Surveyor-General, or any person employed in his office at a regular salary, shall be engaged in such special service, he or they shall only receive his necessary expenses in addition to his regular salary.

SEC. 11. And be it further enacted, That the Secretary of the Interior be and he is hereby authorized and required to cause to be provided for the office of the Surveyor-General of Oregon, a seal, with such device as shall be deemed suitable, and copies of any papers on file in his office which may be authenticated by him under said seal shall be evidence in all cases in which the originals would be evidence, and from and after the passage of this act the salary of said Surveyor shall be three thousand five hundred dollars per annum.

SEC. 12. And be it further enacted, That the quantity of two entire townships, or seventy-two sections, shall be and the same is hereby granted to the State of California for the use of a seminary of learning, said lands to be selected by the Governor of the State, or any person he may designate for that purpose, in legal subdivisions of not less than a quarter-section of any of the unsold, unoccupied, and unappropriated public lands therein, subject to the approval of the Secretary of the Interior, and to be disposed of as the Legislature shall direct: Provided, however, That no mineral lands, or lands reserved for any public purpose whatever, or lands to which any settler may be entitled under the provisions of this act, shall be subject to such selection.

SEC. 13. And be it further enacted, That there shall be and is hereby granted to the State of California the quantity of ten entire sections of land, for the purpose of erecting the public buildings of that State, said lands to be selected by the Governor, or any persons he may designate, in legal subdivisions of not less than a quarter-section of any of the unsold, unoccupied, and unappropriated public lands in that State, and subject to the approval of the Secretary of the Interior: Provided, however, That none of said selections shall be made of mineral lands or lands reserved for any public purpose whatever, or lands to which any settler may be entitled under the provisions of this act.

make any regulations respecting such Indians, their lands, property, or other rights, by treaty, law, or otherwise, which it would have been competent to the government to make if this act had never passed.

Sec. 2. And be it further enacted, That the executive power and authority in and over said Territory of Nebraska shall be vested in a Governor, who shall hold his office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the President of the United States. The Governor shall reside within said Territory, and shall be commander-in-chief of the militia thereof. He may grant pardons and reprieves for offences against the laws of said Territory, and for offences against the laws of the United States, until the decision of the President can be made known thereon; he shall commission all officers who shall be appointed to office under the laws of the said Territory, and shall take care that the laws be faithfully executed.

Sec. 3. And be it further enacted, That the executive power and authority in said Territory shall be vested in a Governor, who shall hold his office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the President of the United States. The Governor shall reside within said Territory, and shall be commander-in-chief of the militia thereof. He may grant pardons and reprieves for offences against the laws of said Territory, and for offences against the laws of the United States, until the decision of the President can be made known thereon; he shall commission all officers who shall be appointed to office under the laws of the said Territory, and shall take care that the laws be faithfully executed.

Sec. 4. And be it further enacted, That the legislative power and authority in and over said Territory shall be vested in the Governor and a Legislative Assembly. The Legislative Assembly shall consist of a Council and House of Representatives. The Council shall consist of thirteen members, having the qualifications of voters, as hereinafter prescribed, whose term of service shall continue two years. The House of Representatives shall, at its first session, consist of twenty-six members, possessing the same qualifications as prescribed for members of the Council, and whose term of service shall continue one year. The number of representatives may be increased by the Legislative Assembly, from time to time, in proportion to the increase of qualified voters: Provided, That the whole number shall never exceed thirty-nine. An apportionment shall be made, as nearly equal as practicable, among the several counties or districts, for the election of the council and representatives, giving to each section of the Territory representation in the ratio of its qualified voters as nearly as may be. And the members of the Council and of the House of Representatives shall reside in, and be inhabitants of, the district or county, or counties for which they may be elected, respectively. Previous to the first election, the Governor shall cause a census, or enumeration of the inhabitants and qualified voters of the several counties and districts of the Territory, to be taken by such persons and in such mode as the Governor shall designate and appoint; and the persons so appointed shall receive a reasonable compensation therefor. And the first election shall be held at such time and places, and be conducted in such manner, both as to the persons who shall superintend such election and the returns thereof, as the Governor shall appoint and direct; and he shall at the same time declare the number of members of the Council and House of Representatives to which each of the counties or districts shall be entitled under this act. The persons
having the highest number of legal votes in each of said council districts
for members of the Council, shall be declared by the Governor to be duly
elected to the Council; and the persons having the highest number of
legal votes for the House of Representatives, shall be declared by the
Governor to be duly elected members of said house: Provided, That in
case two or more persons voted for shall have an equal number of votes,
and in case a vacancy shall otherwise occur in either branch of the Legis-
lative Assembly, the Governor shall order a new election; and the persons
thus elected to the Legislative Assembly shall meet at such place and on
such day as the Governor shall appoint; but thereafter, the time, place,
and manner of holding and conducting all elections by the people, and
the apportioning the representation in the several counties or districts to
the Council and House of Representatives, according to the number of
qualified voters, shall be prescribed by law, as well as the day of the
commencement of the regular sessions of the Legislative Assembly: Pro-
vided, That no session in any one year shall exceed the term of forty
days, except the first session, which may continue sixty days.

SEC. 5. And be it further enacted, That every free white male inhabit-
ant above the age of twenty-one years who shall be an actual resident
of said Territory, and shall possess the qualifications hereinafter pre-
scribed, shall be entitled to vote at the first election, and shall be eligible
to any office within the said Territory; but the qualifications of voters,
and of holding office, at all subsequent elections, shall be as shall be
prescribed by the Legislative Assembly: Provided, That the right of
suffrage and of holding office shall be exercised only by citizens of the
United States and those who shall have declared on oath their intention
to become such, and shall have taken an oath to support the Constitu-
tion of the United States and the provisions of this act: And provided
further, That no officer, soldier, seaman, or marine, or other person in
the army or navy of the United States, or attached to troops in the ser-
vice of the United States, shall be allowed to vote or hold office in said
Territory, by reason of being on service therein.

SEC. 6. And be it further enacted, That the legislative power of the
Territory shall extend to all rightful subjects of legislation consistent
with the Constitution of the United States and the provisions of this act;
but no law shall be passed interfering with the primary disposal of the
soil; no tax shall be imposed upon the property of the United States;
nor shall the lands or other property of non-residents be taxed higher
than the lands or other property of residents. Every bill which shall
have passed the Council and House of Representatives of the said Ter-
ritory shall, before it become a law, be presented to the Governor of the
Territory; if he approve, he shall sign it; but if not, he shall return it
with his objections to the house in which it originated, who shall enter
the objections at large on their journal, and proceed to reconsider it. If,
after such reconsideration, two thirds of that house shall agree to pass
the bill, it shall be sent, together with the objections, to the other house,
by which it shall likewise be reconsidered, and if approved by two thirds
of that house, it shall become a law. But in all such cases the votes of
both houses shall be determined by yeas and nays, to be entered on the
journal of each house respectively. If any bill shall not be returned by
the Governor within three days (Sundays excepted) after it shall have
been presented to him, the same shall be a law in like manner as if he
had signed it, unless the Assembly, by adjournment, prevents its return,
in which case it shall not be a law.

SEC. 7. And be it further enacted, That all township, district, and
county officers, not herein otherwise provided for, shall be appointed or
elected, as the case may be, in such manner as shall be provided by the
Governor and Legislative Assembly of the Territory of Nebraska. The
Governor shall nominate, and, by and with the advice and consent of the
Legislative Council, appoint all officers not herein otherwise provided for; and in the first instance the Governor alone may appoint all said officers, who shall hold their offices until the end of the first session of the Legislative Assembly; and shall lay off the necessary districts for members of the Council and House of Representatives, and all other officers.

SEC. 8. And be it further enacted, That no member of the Legislative Assembly shall hold, or be appointed to, any office which shall have been created, or the salary or emoluments of which shall have been increased, while he was a member, during the term for which he was elected, and for one year after the expiration of such term; but this restriction shall not be applicable to members of the first Legislative Assembly; and no person holding a commission or appointment under the United States, except Postmasters, shall be a member of the Legislative Assembly, or hold any office under the government of said Territory.

SEC. 9. And be it further enacted, That the judicial power of said Territory shall be vested in a Supreme Court, District Courts, Probate Courts, and in Justices of the Peace. The Supreme Court shall consist of a chief justice and two associate justices, any two of whom shall constitute a quorum, and who shall hold a term at the seat of government of said Territory annually, and they shall hold their offices during the period of four years, and until their successor shall be appointed and qualified.

The said Territory shall be divided into three judicial districts, and a district court shall be held in each of said districts by one of the justices of the Supreme Court, at such times and places as may be prescribed by law; and the said judges shall, after their appointments, respectively, reside in the districts which shall be assigned them. The jurisdiction of the several courts herein provided for, both appellate and original, and that of the probate courts and of justices of the peace, shall be as limited by law: Provided, That justices of the peace shall not have jurisdiction of any matter in controversy when the title or boundaries of land may be in dispute, or where the debt or sum claimed shall exceed one hundred dollars; and the said supreme and districts courts, respectively, shall possess chancery as well as common law jurisdiction. Each District Court, or the judge thereof, shall appoint its clerk, who shall also be the register in chancery, and shall keep his office at the place where the court may be held. Writs of error, bills of exception, and appeals, shall be allowed in all cases from the final decisions of said district courts to the Supreme Court, under such regulations as may be prescribed by law; but in no case removed to the Supreme Court shall trial by jury be allowed in said court. The Supreme Court, or the justices thereof, shall appoint its own clerk, and every clerk shall hold his office at the pleasure of the court for which he shall have been appointed. Writs of error, and appeals from the final decisions of said Supreme Court, shall be allowed, and may be taken to the Supreme Court of the United States, in the same manner and under the same regulations as from the circuit courts of the United States, where the value of the property, or the amount in controversy, to be ascertained by the oath or affirmation of either party, or other competent witness, shall exceed one thousand dollars; except only that in all cases involving title to slaves, the said writs of error, or appeals shall be allowed and decided by the said Supreme Court, without regard to the value of the matter, property, or title in controversy; and except also that a writ of error or appeal shall also be allowed to the Supreme Court of the United States, from the decision of the said Supreme Court created by this act, or of any judge thereof, or of the district courts created by this act, or of any judge thereof, upon any writ of habeas corpus, involving the question of personal freedom: Provided, that nothing herein contained shall be construed to apply to or affect the provisions to the "act respecting fugitives from justice, and persons escaping from the service of their masters," approved February twelfth, seventeen hundred and
ninety-three, and the "act to amend and supplementary to the aforesaid act," approved September eighteen, eighteen hundred and fifty; and each of the said district courts shall have and exercise the same jurisdiction in all cases arising under the Constitution and Laws of the United States as is vested in the Circuit and District Courts of the United States; and the said Supreme and District Courts of the said Territory, and the respective judges thereof, shall and may grant writs of habeas corpus in all cases in which the same are granted by the judges of the United States in the District of Columbia; and the first six days of every term of said courts, or so much thereof as shall be necessary, shall be appropriated to the trial of causes arising under the said constitution and laws, and writs of error and appeal in all such cases shall be made to the Supreme Court of said Territory, the same as in other cases. The said clerk shall receive in all such cases the same fees which the clerks of the district courts of Utah Territory now receive for similar services.

SEC. 10. And be it further enacted, That the provisions of an act entitled "An act respecting fugitives from justice, and persons escaping from the service of their masters," approved February twelve, seventeen hundred and ninety-three, and the provisions of the act entitled "An act to amend, and supplementary to, the aforesaid act," approved September eighteen, eighteen hundred and fifty, be, and the same are hereby, declared to extend to and be in full force within the limits of said Territory of Nebraska.

And be it further enacted, That there shall be appointed an Attorney for said Territory, who shall continue in office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the President, and who shall receive the same fees and salary as the Attorney of the United States for the present Territory of Utah. There shall also be a Marshal for the Territory appointed, who shall hold his office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the President, and who shall execute all processes issuing from the said courts when exercising their jurisdiction as Circuit and District Courts of the United States; he shall perform the duties, be subject to the same regulation and penalties, and be entitled to the same fees, as the Marshal of the District Court of the United States for the present Territory of Utah, and shall, in addition, be paid two hundred dollars annually as a compensation for extra services.

The Governor and Secretary to be appointed as aforesaid, shall, before they act as such, respectively take an oath or affirmation before the District Judge or some Justice of the Peace in the limits of said Territory, duly authorized to administer oaths and affirmations by the laws now in force therein, or before the Chief Justice, or some Associate Justice of the Supreme Court of the United States, to support the Constitution of the United States, and faithfully to discharge the duties of their respective offices, which said oaths, when so taken, shall be certified by the person by whom the same shall have been taken; and such certificates shall be received and recorded by the said Secretary among the Executive proceedings; and the Chief Justice and Associate Justices, and all other civil officers in said Territory, before they act as such, shall take a like oath or affirmation before the said Governor or Secretary, or some Judge or Justice of the Peace of the Territory, who may be duly commissioned and qualified, which said oath or affirmation shall be certified and transmitted by the person taking the same to the Secretary, to be by him recorded as aforesaid; and, afterwards, the like oath or affirmation shall be taken, certified, and recorded, in such manner and form as may be

CHAP. CXXXVII—An Act to promote the Efficiency of the Navy.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That as soon as practicable after the passage of this act, the President of the United States shall cause a board of naval officers to be assembled, to consist of five captains, five commanders, and five lieutenants, which board, under such regulations as the Secretary of the Navy may prescribe, shall make a careful examination into the efficiency of the officers of the grades hereinafter mentioned, and shall report to the Secretary of the Navy the names and rank of all officers of the said grades who, in the judgment of said board, shall be incapable of performing promptly and efficiently all their duty both ashore and afloat, and whenever said board shall believe that said incompetency has arisen from any cause implying sufficient blame on the part of the officer to justify it, they shall recommend that his name be stricken altogether from the rolls. Vacancies occurring in said board shall be filled by the Secretary of the Navy, who shall preserve the number and grades of its officers, as aforesaid: Provided, That no officers upon said board shall examine into, or report upon, the efficiency of officers of a grade above them.

Sec. 2. And be it further enacted, That all officers who shall be found by the said board incapable of performing the duties of their respective offices, ranks, or grades, shall, if such finding be approved by the President, be dropped from the rolls, or placed in the order of their rank and

SEC. 4. And be it further enacted, That nothing in this act shall be so construed as to increase the aggregate number of officers, and that all laws or clauses of laws, so far as they conflict with the provisions of this act, are hereby repealed.

And be it further enacted, That no commission shall in the future be charged by consuls or commercial agents for receiving or disbursing the wages or extra wages to which seamen may be entitled who are discharged by the masters of vessels in foreign countries, or for moneys advanced to such as may be found in distress, seeking relief from the consulate or commercial agency; nor shall any consul or commercial agent be directly or indirectly interested in any profits derived from clothing, boarding, or sending home such seamen.

SEC. 15. And be it further enacted, That no consul or commercial agent of the United States shall discharge any mariner, being a citizen of the United States, in a foreign port, without requiring the payment of the two months' wages to which said mariner is entitled under the provisions of the act of February twenty-eight, eighteen hundred and three, unless, upon due investigation into the circumstances under which the master and mariner have jointly applied for such discharge, and on a private examination of such mariner by the consul or commercial agent, separate and apart from all officers of the vessel, the consul or commercial agent shall be satisfied that it is for the interest and welfare of such mariner to be so discharged; nor shall any consul or commercial agent discharge any mariner aforesaid without requiring the full amount of three months' wages, as provided by the above-named act, unless under such circumstances as will, in his judgment, secure the United States from all liability to expense on account of such mariner: Provided, That in the cases of stranded vessels, or vessels condemned as unfit for service, no payment of extra wages shall be required; and where any mariner, after his discharge, shall have incurred expense at the port of discharge before shipping again, such expense shall be paid out of the two months' wages aforesaid, and the balance only delivered to him.

And be it further enacted, That every consul and commercial agent of the United States shall keep a detailed list of all mariners discharged by them, respectively, specifying their names and the names of the vessels from which they were discharged, and the payments, if any, afterwards made on account of each, and shall make official returns of said lists half-yearly to the Treasury Department.

SEC. 17. And be it further enacted, That every consul and commercial agent of the United States shall make an official entry of every discharge which they may grant, respectively, on the list of the crew and shipping articles of the vessel from which such discharge shall be made, specifying the payment, if any, which has been required in each case; and if they shall have remitted the payment of the two months' wages to which the mariner is entitled, they shall also certify on said shipping list and articles that they have allowed the remission, upon the joint application of the master and mariner therefor, after a separate examination of the mariner, after a due investigation of all the circumstances, and after being satisfied that the discharge so allowed, without said payment, is for the interest and welfare of the mariner; and if they shall have remitted the payment of the one month's wages to which the United States is entitled, they shall certify that they have allowed the remission, after a due investigation of
all the circumstances, and after being satisfied that they are such as will,
in their judgment, secure the United States from all liability to expense
on account of such mariner; and a copy of all such entries and certificates
shall be annually transmitted to the Treasury Department by the proper
officers of the customs in the several ports of the United States.

Sec. 18. And be it further enacted, That if any consul or commercial

entitled, shall neglect to certify in the manner required in such case by
the preceding section of this act, he shall be accountable to the Treasury
Department for the sum so remitted. And in any action brought by a
mariner to recover the extra wages to which he is entitled under the act
of February twenty-eighth, eighteen hundred and three, the defence that
the payment of such wages was duly remitted shall not be sustained

entitled to his discharge under any act of Congress, or according to the
general principles of the maritime law as recognized in the United States,
he shall discharge such mariner, and shall require of the master the
payment of three months' wages, as provided in the act of February
twenty-eighth, eighteen hundred and three, and shall not remit the same,
or any part thereof, except in the cases mentioned in the proviso of the
ninth clause of the first section of the act of July twentieth, eighteen
hundred and forty, to the following effect: "If the consul or other com-

without any design on his part to violate the articles of shipment, then he
may, if he deems it just, discharge the mariner without exacting the three
months' additional pay."

Sec. 20. And be it further enacted, That every consul and commercial
agent, for any neglect to perform the duties enjoined upon him by this
act, shall be liable to any injured person for all damages occasioned there-
by; and, for any violation of the provisions of the fifteenth and nineteenth

amended that if any American citizen dying abroad shall, by will or any
other writing, leave special directions for the management and settlement
by the consul of the personal or other property which he may die pos-

consul, where the laws of the country permit, strictly to observe the
directions so given by the deceased. Or, if such citizen so dying shall,
by will or any other writing, have appointed any other person than the
consul to take charge of and settle his affairs, in that case it shall be the
duty of the consul, when, and so often as required by the so-appointed
agent or trustee of the deceased, to give his official aid in whatever way
may be necessary to facilitate the operations of such trustee or agent,
and, where the laws of the country permit, to protect the property of the
deceased from any interference of the local authorities of the country
in which he may have died; and to this end it shall also be the duty
of the consul to place his official seal on all or any portions of the property
of the deceased as may be required by the said agent or trustee, and to
break and remove the same seal when required by the agent or trustee, and

SEC. 4. And be it further enacted, That summary courts-martial may be ordered upon petty officers and persons of inferior ratings, by the commander of any vessel in the navy to which such persons belong, for the trial of offences which he may deem deserving of greater punishment than the commander of a vessel himself is by law authorized to inflict of his own authority, but not sufficient to require trial by general court-martial.

States, a greater number of passengers than in proportion of one to every
two tons of such vessel, not including children under the age of one year
in the computation, and computing two children over one and under eight

of such passengers, and which shall not be occupied by stores or other
goods, not the personal baggage of such passengers, shall be in the fol-
lowing proportions, viz: On the main and poop decks or platforms,

the same, or any number thereof, within the jurisdiction of the United States; or if any such master of any vessel shall take on board his vessel, at any port or place within the jurisdiction of the United States, any greater number of passengers than in the proportion aforesaid, to the space aforesaid, or to the tonnage aforesaid, with intent to carry the same to any foreign port or place other than foreign contiguous territory as aforesaid, every such master shall be deemed guilty of a misdemeanor, and, upon conviction thereof, before any circuit or district court of the United States, shall, for each passenger taken on board beyond the limit aforesaid, or the space aforesaid, be fined in the sum of fifty dollars, and may also be imprisoned, at the discretion of the judge before whom the penalty shall be recovered, not exceeding six months; but should it be necessary, for the safety or convenience of the vessel, that any portion of her cargo, or any other articles or article, should be placed on, or stored in, any of the decks, cabins, or other places appropriated to the use of passengers, the same may be placed in lockers or enclosures prepared for the purpose, on an exterior surface impervious to the wave, capable of being cleansed in like manner as the decks or platforms of the vessel. In no case, however, shall the places thus provided be deemed to be a part of the space allowable for the use of passengers, but the same shall be deducted therefrom, and in all cases where prepared or used, the upper surface of said lockers on enclosed spaces, shall be deemed and taken to be the deck or platform from which measurement shall be made for all the purposes of this act. It is also provided, that one hospital, in the spaces appropriated to passengers, and separate therefrom by an appropriate partition, and furnished as its purposes require, may be prepared, and, when used, may be included in the space allowable for passengers, but the same shall not occupy more than one hundred superficial feet of deck or platform: Provided, That on board two-deck ships, where the height between the decks is seven and one half feet or more, fourteen clear superficial feet of deck shall be the proportion required for each passenger.

Sect. 2. And be it further enacted, That no such vessel shall have more than two tiers of berths, and the interval, between the lowest part thereof and the deck or platform beneath, shall not be less than nine inches, and the berths shall be well constructed, parallel with the sides of the vessel, and separated from each other by partitions, as berths ordinarily are separated, and shall be at least six feet in length, and at least two feet in width, and each berth shall be occupied by no more than one passenger; but double berths of twice the above width may be constructed, each berth to be occupied by no more, and by no other, than two women, or by one woman and two children under the age of eight years, or by husband and wife, or by a man and two of his own children under the age of eight years, or by two men, members of the same family; and if there shall be any violation of this section in any of its provisions, then the master of the vessel, and the owners thereof, shall severally forfeit and pay the sum of five dollars for each passenger on board of said vessel on such voyage, to be recovered by the United States in any port where such vessel may arrive or depart.

Sect. 3. And be it further enacted, That all vessels, whether of the United States or any foreign country, having sufficient capacity or space, according to law, for fifty or more passengers, (other than cabin passengers,) shall, when employed in transporting such passengers between the United States and Europe, have, on the upper deck, for the use of such passengers, a house over the passage-way leading to the apartments allotted to such passengers below deck, firmly secured to the deck or combings of the hatch, with two doors, the sills of which shall be at least one foot above the deck, so constructed, that one door or window in such house may at all times be left open for ventilation; and all vessels so employed, and...
having the capacity to carry one hundred and fifty such passengers or
more, shall have two such houses; and the stairs or ladder, leading down
to the aforesaid apartment, shall be furnished with a hand-rail of wood
or strong rope; but booby hatches may be substituted for such houses.

Sec. 4. And be it further enacted, That every such vessel so employed,
and having the legal capacity for more than one hundred such passengers,
shall have at least two ventilators to purify the apartment or apartments
occupied by such passengers; one of which shall be inserted in the after
part of the apartment or apartments, and the other shall be placed in the
forward portion of the apartment or apartments, and one of them shall
have an exhausting cap to carry off the foul air, and the other a receiving
cap to carry down the fresh air; which said ventilators shall have a
capacity proportioned to the size of the apartment or apartments to be
purified, namely: if the apartment or apartments will lawfully authorize
the reception of two hundred such passengers, the capacity of such venti-
lators shall each be equal to a tube of twelve inches diameter in the clear,
and in proportion for larger or smaller apartments; and all said ventila-
tors shall rise at least four feet six inches above the upper deck of any
such vessel, and be of the most approved form and construction; but if
it shall appear, from the report, to be made and approved, as hereinafter
provided, that such vessel is equally well ventilated by any other means,
such other means of ventilation shall be deemed and held to be a com-
pliance with the provisions of this section.

Sec. 5. And be it further enacted, That every vessel carrying more
than fifty such passengers, shall have for their use on deck, housed and
conveniently arranged, at least one camboose or cooking range, the dimen-
sions of which shall be equal to four feet long and one foot six inches
wide for every two hundred passengers; and provision shall be made in
the manner aforesaid, in this ratio, for a greater or less number of pas-
sengers; but nothing herein contained shall take away the right to make
such arrangements for cooking between decks, if that shall be deemed
desirable.

Sec. 6. And be it further enacted, That all vessels employed as afore-
said, shall have on board, for the use of such passengers, at the time of
leaving the last port whence such vessel shall sail, well secured under deck,
for each passenger, at least twenty pounds of good navy bread, fifteen
pounds of rice, fifteen pounds of oatmeal, ten pounds of wheat flour, fifteen
pounds of peas and beans, twenty pounds of potatoes, one pint of vinegar,
sixty gallons of fresh water, ten pounds of salted pork, and ten pounds of
salt beef, free of bone, all to be of good quality; but at places where either
rice, oatmeal, wheat flour, or peas and beans cannot be procured, of good
quality and on reasonable terms, the quantity of either or any of the other
last named articles may be increased and substituted therefor; and, in
case potatoes cannot be procured on reasonable terms, one pound of either
of said articles may be substituted in lieu of five pounds of potatoes;
and the captains of such vessels shall deliver to each passenger at least
one tenth part of the aforesaid provisions weekly, commencing on the day
of sailing, and at least three quarts of water daily; and if the passengers
on board of any such vessel in which the provisions and water herein
required shall not have been provided as aforesaid, shall, at any time, be
put on short allowance during any voyage, the master or owner of any
such vessel shall pay to each and every passenger who shall have been
put on short allowance, the sum of three dollars for each and every day
they may have been put on short allowance, to be recovered in the cir-
cuit or district court of the United States; and it shall be the duty of the
captain or master of every such ship or vessel to cause the food and pro-
visions of all the passengers to be well and properly cooked daily, and to
be served out and distributed to them at regular and stated hours, by
messes, or in such other manner as shall be deemed best and most con-
ducive to the health and comfort of such passengers, of which hours and manner of distribution, due and sufficient notice shall be given. And be it further enacted, That the captain of any such vessel so employed, is hereby authorized to maintain good discipline and such habits of cleanliness among such passengers as will tend to the preservation and promotion of health; and to that end he shall cause such regulations as he may adopt for this purpose to be posted up, before sailing, on board such vessel, in a place accessible to such passengers, and shall keep the same so posted up during the voyage; and it is hereby made the duty of said captain to cause the apartments occupied by such passengers to be kept at all times in a clean, healthy state; and the owners of every such vessel so employed, are required to construct the decks and all parts of said apartment so that it can be thoroughly cleansed; and they shall also provide a safe, convenient privy or water-closet for the exclusive use of every one hundred such passengers. And when the weather is such that said passengers cannot be mustered on deck with their bedding, it shall be the duty of the captain of every such vessel to cause the deck, occupied by such passengers, to be cleansed with chloride of lime, or some other equally efficient disinfecting agent, and also at such other times as said captain may deem necessary.

Sec. 8. And be it further enacted, That the master and owner or owners of any such vessel so employed, which shall not be provided with the house or houses over the passage-ways, as prescribed in the third section of this chapter, or with ventilators, as prescribed in the fourth section of this chapter, or with the cambooses or cooking ranges, with the houses over them, as prescribed in the fifth section of this chapter, shall severally forfeit and pay to the United States the sum of two hundred dollars for each and every violation of, or neglect to conform to, the provisions of each of said sections, and fifty dollars for each and every neglect or violation of any of the provisions of the seventh section of this chapter, to be recovered by suit in any circuit or district court of the United States within the jurisdiction of which the said vessel may arrive, or from which she may be about to depart, or at any place within the jurisdiction of such courts, wherever the owner or owners, or captain of such vessel may be found.

And be it further enacted, That the collector of the customs at any port of the United States, at which any vessel so employed shall arrive, or from which any such vessel shall be about to depart, shall appoint and direct one or more of the inspectors of the customs for such port, to examine such vessel, and report in writing to such collector, whether the requirements of law have been complied with in respect to such vessel; and if such report shall state such compliance, and shall be approved by such collector, it shall be deemed and held as prima facie evidence thereof.

Sec. 11. And be it further enacted, that the vessels bound from any port in the United States to any port or place in the Pacific Ocean, or on its tributaries, or from any such port or place to any port in the United States on the Atlantic or its tributaries, shall be subject to the foregoing provisions regulating the carriage of passengers in merchant vessels, except so much as relates to provisions and water; but the owners and masters of all such vessels shall in all cases furnish to each passenger the daily supply of water therein mentioned; and they shall furnish a sufficient supply of good and wholesome food, properly cooked; and in case they shall fail so to do, or shall provide unwholesome or unsuitable provisions, they shall be subject to the penalty provided in the sixth section of this chapter, in case the passengers are put on short allowance of water or provisions.

And be it further enacted, that the captain or master of any ship or vessel arriving in the United States, or any of the Territories thereof, from any foreign place whatever, at the same time that he delivers a manifest of the cargo, and if there be no cargo, then at the time making report or entry of the ship or vessel, pursuant to law, shall also deliver and report to the collector of the district in which such ship or vessel shall arrive, a list or manifest of all the passengers taken on board of the said ship or vessel at any foreign port or place; in which list or manifest it shall be the duty of the said master to designate particularly the age, sex, and occupation of the said passengers respectively, the part of the vessel occupied by each during the voyage, the country to which they severally belong, and that of which it is their intention to become inhabitants; and shall further set forth whether any and what number have died on the voyage; which list or manifest shall be sworn to by the said master, in the same manner as directed by law in relation to the manifest of the cargo; and the refusal or neglect of the master aforesaid to comply with the provisions of this section, or any part thereof, shall incur the same penalties, disabilities, and forfeitures as are provided for a refusal or neglect to report and deliver a manifest of the cargo aforesaid.

Sec. 13. And be it further enacted, that each and every collector of the customs, to whom such manifest or list of passengers as aforesaid shall be delivered, shall quarter-yearly return copies thereof to the Secretary of State of the United States, by whom statements of the same shall be laid before Congress at each and every session.

APPENDIX.

1. Respecting an apprehended Invasion of Mexico.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

WHEREAS there is reason to believe that a military expedition is about to be fitted out in the United States, for the purpose of invading the Mexican Republic, with which this country is at peace; and whereas there is a reason to apprehend that a portion of the people of this country, regardless of their duties as good citizens are concerned in, or may be seduced to take part in the same. And whereas such enterprises tend to degrade the character of the States, United States, in the opinion of the civilized world, and are expressly prohibited by law:

Now, therefore, I have issued this my Proclamation, warning all persons who shall connect themselves with any such enterprise, in violation of the laws and against such international obligations of the United States, that they will thereby subject themselves to the heavy penalties denounced against such offences; that if they should be captured within the jurisdiction of the Mexican authorities, they must expect to be tried and punished according to the laws of Mexico, and will have no right to claim the interposition of this government, in their behalf.

I therefore exhort all well-disposed citizens who have at heart the reputation of their country, and are animated with a just regard for its laws, its peace, and its welfare, to discountenance and by all lawful means prevent any such enterprise; and I call upon every officer of this Government, civil or military, to be vigilant in arresting for trial and punishment every such offender.

Given under my hand the twenty-second day of October, in the year of our Lord one thousand eight hundred and fifty-one, and the seventy-sixth of the Independence of the United States.

(Signed) MILLARD FILLMORE.

BY THE PRESIDENT:

(Signed) J. J. CRITTENDEN,

Acting Secretary of State.

2. Respecting an apprehended Invasion of Mexico.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

WHEREAS information has been received by me that an unlawful expedition has been fitted out in the State of California, with a view to invade Mexico—a nation maintaining friendly relations with the United States—and that other similar expeditions are organizing within the United States for the same unlawful purpose; and whereas certain citizens and inhabitants of this country, unmindful of their obligations and duties and of the rights of a friendly Power, have participated, and are about to participate, in these enterprises, so derogatory to our national character and so threatening to our tranquillity, and are thereby incurring the severe penalties imposed by law against such offenders—

Now, therefore, I, FRANKLIN PIERCE, President of the United States, warning all persons who shall connect themselves with any such enterprise or expedition, that the penalties of the law denounced against such criminal conduct will be rigidly enforced; and I exhort
APPENDIX.

all good citizens, as they regard our national character, as they respect our laws or the law of nations, as they value the blessings of peace and the welfare of their country, to discontinue, and by all lawful means prevent, such criminal enterprises; and I call upon all officers of this Government, civil and military, to use any efforts which may be in their power to arrest for trial and punishment every such offender.

Given under my hand and the seal of the United States, at Washington, this eighteenth day of January, in the year of our Lord one thousand eight hundred and fifty-four, and the seventy-eighth of the independence of the United States.

FRANKLIN PIERCE.

BY THE PRESIDENT:

W. L. MARCY, Secretary of State.

3. Respecting an apprehended Invasion of Cuba.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

WHEREAS information has been received that sundry persons, citizens of the United States, and others residing therein, are engaged in organizing and fitting out a military expedition for the invasion of the island of Cuba;

And whereas the said undertaking is contrary to the spirit and express stipulations of treaties between the United States and Spain, derogatory to the character of this nation, and in violation of the obvious duties and obligations of faithful and patriotic citizens;

And whereas it is the duty of the constituted authorities of the United States to hold and maintain the control of the great question of peace or war, and not suffer the same to be lawlessly complicated, under any pretence whatever;

And whereas, to that end, all private enterprises of a hostile character within the United States, against any foreign power with which the United States are at peace, are forbidden, and declared to be a high misdemeanor by an express act of Congress;

Warning to all engaged in such expedition.

Now, therefore, in virtue of the authority vested by the Constitution in the President of the United States, I do issue this proclamation to warn all persons that the General Government claims it as a right and duty to interpose itself for the honor of its flag, the rights of its citizens, the national security, and the preservation of the public tranquillity, from whatever quarter menaced; and it will not fail to prosecute with due energy all those who, unmindful of their own and their country's fame, presume thus to disregard the laws of the land and our treaty obligations.

I earnestly exhort all good citizens to discontinue and prevent any movement in conflict with law and national faith; especially charging the several district attorneys, collectors, and other officers of the United States, civil or military, having lawful power in the premises, to exert the same for the purpose of maintaining the authority and preserving the peace of the United States.

Given under my hand and the seal of the United States, at Washington, the thirty-first day of May, in the year of our Lord one thousand eight hundred and fifty-four, and the seventy-eighth of the independence of the United States.

FRANKLIN PIERCE.
