which the United States have exclusive jurisdiction, hereafter cohabits
with more than one woman, he shall be deemed guilty of a misdemeanor,

ground, he shall be rejected as incompetent.

Said bridge shall be constructed to provide for the passage of railway trains, and at the option of the corporation by which it may be built, may be used for the passage of wagons and vehicles of all kinds, for the transit of animals, and for foot-passengers, for such reasonable rates of tolls as may be approved from time to time by the
Secretary of War as to railway trains, and as to wagons, vehicles, animals, and foot-passengers such rates as may be provided by the laws of Arkansas.

SEC. 2. That any bridge built under this act is subject to its limitations, shall be a lawful structure, and shall be recognized and known as a post-route, upon which also no higher charge shall be made for the transmission over the same of the mails, the troops, and the munitions of war of the United States, or for passengers or freight passing over said bridge than the rate per mile paid for the transportation over the railroads or public highways leading to the said bridge; and it shall enjoy the rights and privileges of other post roads in the United States.

SEC. 3. That said bridge shall be constructed with a draw or pivot span, which shall be over the main channel of the river at an accessible navigable point, and the openings on each side of the pivot pier, shall be not less than one hundred and sixty feet in the clear, and as nearly as practicable both of said openings be accessible at all stages of the water; that the spans shall not be less than ten feet above extreme high water mark as understood at the point of location, to the lowest part of the superstructure of said bridge; that the piers and draw rests of said bridge shall be built parallel with the currents at that stage of the river which is most important for navigation, and that no rip-rap or other outside protection for imperfect foundations be permitted to approach nearer than four feet to the surface of the water at its extreme low stage or otherwise to encroach upon the channel ways provided for in this act: Provided, That said draw shall be opened promptly by said company, upon reasonable signal, for the passage of boats; and said company or corporation shall maintain at its own expense, from sunset till sunrise, such lights or other signals on said bridge as the Light-House Board shall prescribe. SEC. 2. That any bridge built under this act and subject to its limitations shall be a lawful structure, and shall be recognized and known as a post-route, upon which also no higher charge shall be made for the transmission over the same of the mails, the troops, and the munitions of war of the United States, or for passengers and freight passing over said bridge, than the rate per mile paid for the transportation over the railroad or public highways leading to the said bridge; and it shall enjoy the rights and privileges of other post roads in the United States.

SEC. 3. Special rights reserved to United States.

SEC. 6. That the right to alter, amend, or repeal this act is hereby expressly reserved; and the right to require any changes in said structures, or their entire removal, at the expense of the owners thereof, whenever Congress shall decide that the public interest requires it, is also expressly reserved.

CHAP. 294.—An act to increase the water-supply of the city of Washington, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War shall cause to be made a survey and map of the land necessary to extend the Washington Aqueduct from its present eastern terminus to the high ground north of Washington near Sixth street extended, and of the land necessary for a reservoir at that point the capacity of which shall not be less than three hundred million gallons; and a like survey and map of the land necessary for a dam across the Potomac River at the Great Falls, including the land now occupied by the dam, and the land required for the extension of said dam across Cabin's Island to and upon the Virginia shore; and when surveys and maps shall have been made the Secretary of War and the Attorney-General of the United States shall proceed to acquire to and for the United States the outstanding title, if any, to said land and water-rights, and to the land on which the gate-house at Great Falls stands by condemnation.

And in obtaining title to the right of way for the extension of said aqueduct, the Secretary of War and Attorney-General may, in their discretion, secure title to a strip suitable for an avenue over such part of said aqueduct extended as they think proper: Provided, That at least one-half in value of such right of way shall be donated or dedicated by the owners to that public use: And provided further, That if it shall be necessary to resort to condemnation, the proceeding shall be as follows.

When the map and survey are completed, the Attorney-General shall proceed to ascertain the owners or claimants of the premises embraced in the survey, and shall cause to be published, for the space of thirty days, in one or more of the daily newspapers published in the District of Columbia, a description of the entire tract or tracts of land embraced in the survey, with a notice that the same has been taken for the uses mentioned in this act, and notifying all claimants to any portion of said premises to file, within its period of publication, in the Department of Justice, a description of the tract or parcel claimed, and a statement of its value as estimated by the claimant. On application of the Attorney-General, the chief justice of the supreme court of the District of Columbia shall appoint three persons, not in the employ of the government related to the claimants, to act as appraisers, whose duty it shall be, upon receiving from the Attorney-General a description of any tract or parcel the ownership of which is claimed separately, to fairly and justly value the same and report such valuation to the Attorney-General, who thereupon shall, upon being satisfied as to the title to the same, cause to be offered to the owner or owners the amount fixed
by the appraisers as the value thereof; and if the offer be accepted, then upon the execution of a deed to the United States in form satisfactory to the Attorney-General, the Secretary of War shall pay the amount to such owner or owners from the appropriation made therefor in this act.

In making the valuation the appraisers shall only consider the present value of the land without reference to its value for the uses for which it is taken under the provisions of this act.

The appraisers shall each receive for their services five dollars for each day's actual service in making the said appraisements.

Any person or corporation having any estate or interest in any of the lands embraced in said survey and map who shall for any reason not have been tendered payment therefor as above provided or who shall have declined to accept the amount tendered therefor, and any person who, by reason of the taking of said land, or by the construction of the works hereinafter directed to be constructed, shall be directly injured in any property right, may, at any time within one year from the publication of notice by the Attorney-General as above provided, file a petition in the Court of Claims of the United States setting forth his right or title and the amount claimed by him as damages for the property taken or injury sustained; and the said court shall hear and adjudicate such claims in the same manner as other claims against the United States are now by law directed to be heard and adjudicated therein:

Provided, That the court shall make such special rules in respect to such cases as shall secure their hearing and adjudication with the least possible delay.

Judgments in favor of such claimants shall be paid as other judgments of said court are now directed to be paid; and any claimant to whom a tender shall have been made as hereinbefore authorized, and who shall have declined to accept the same, shall, unless he recover an amount greater than that so tendered, be taxed with the entire cost of the proceeding. All claims for value or damages on account of ownership of any interest in said premises, or on account of injury to a property right by the construction of said works, shall, unless a petition for the recovery thereof be filed within one year from the date of the first publication of notice by the Attorney-General as above directed, be forever barred: Provided, That owners or claimants laboring under any of the disabilities defined in the statute of limitations of the District of Columbia may file a petition at any time within one year from the removal of the disability.

Upon the publication of the notice as above directed, the Secretary of War may take possession of the premises embraced in the survey and map, and proceed with the constructions herein authorized; and upon payment being made therefor, or, without payment, upon the expiration of the times above limited without the filing of a petition, an absolute title to the premises shall vest in the United States.

Chickasaw Nations of Indians granted to Saint Louis and San Francisco Railway Company.

hundred and fifty feet in width through that part of the lands of the Choctaw and Chickasaw Nations occupied by the Choctaws, and three hundred feet in width at each station for a distance of four thousand feet in length; said right of way to commence at any point to be selected by said company on the line of the Choctaw Nation immediately contiguous to Sebastian or Scott Counties, in the State of Arkansas, and run thence in a southwesterly direction on the most direct and practicable route through the lands of the said Choctaw and Chickasaw Nations in the direction of Paris, in the State of Texas; said road to continue to or connect with a proposed road from the city of Paris aforesaid.

SEC. 2. That the said Saint Louis and San Francisco Railway Company shall accept this right of way upon express condition, binding upon itself, its successors and assigns, that they will neither aid, advise, nor assist in any effort looking toward the changing or extinguishing the present tenure of the Choctaws or Chickasaws in their lands, and will not attempt to secure from the Choctaw or Chickasaw Nation any further grant of land, or its occupancy, than is hereinbefore provided:

Provided, That any violation of the condition mentioned in this section shall operate as a forfeiture of all the rights and privileges of said railway company under this act.

SEC. 3. That the said railway company shall pay for all property injured or destroyed by said company, and for all material taken and used in the construction, operation, or repairs of said road and telegraph line, and shall take no such material except under contract with the proper authorities of the Choctaw or Chickasaw Nation, and according to the laws thereof: Provided, That before the construction of said road through any lands held by individual occupants according to the laws, customs, and usages of said nations, full compensation shall be made to such occupants for all property to be taken or damages to them by reason of the construction of the said road and telegraph line. Said arbitrators shall receive not exceeding four dollars per day for each, with mileage not exceeding six cents per mile, and witnesses shall receive the usual fees allowed by the courts of said nations. Costs shall be made a part of the award, and be paid by the losing party.

one-fourth of said payments to be paid to the Chickasaws and three-

the purpose of surveying and locating its line of road and telegraph,
shall be acquired under the provisions of this act: Provided, That if the
general councils of the Choctaw and Chickasaw Nations, or either of
them, shall within sixty days after the passage of this act, by resolu-
tion duly adopted, dissent from the allowance provided for in this sec-

tion, and shall certify the same to the Secretary of the Interior, then the
compensation to be paid for the use and grants in this act made for such
dissenting tribe shall be determined as provided in section three for the
determination of the compensation to be paid to the individual occu-
pants of lands, except that one of said appraisers shall be appointed by
the council of the dissenting tribe; and the award made shall be paid
as and under the penalties provided for in said section three: And pro-

vided, That nothing in this act shall be construed to prohibit Congress
from imposing such taxes as it may deem just and proper upon the rail-
road hereby authorized for the benefit of the Choctaw and Chickasaw
Indians so long as they shall occupy and possess the territory or to
prohibit any State or States which may hereafter be formed out of said
territory from imposing taxes upon said road.

Sec. 5. That within ninety days from the passage of this act the said
company shall accept the provisions of this act, and within thirty days
thereafter the said company shall fix and determine the general route
of its line of road in accordance with this act by filing with the Secre-
tary of the Interior a map of preliminary survey, and by filing copies
thereof in the offices of the principal chiefs of said nations respectively;
and thereafter no claim for a subsequent settlement and improvement
along such line within seventy-five feet on either side thereof shall be
valid as against the said right of way; and within one year from the date
of the acceptance of this act by said company as herein provided, the
said company shall file with the Secretary of the Interior a map showing
the definite location of its line of roads and telegraph as designated in
the first section of this act and shall complete the said road and tele-
graph through the lands of said nations within the further period of one
year.

Sec. 6. That the said right of way shall not be settled upon, by au-
tority of said railway company, by non-citizens of said nations, except
such employees of said company as are necessary to the successful oper-
ation of said railway and telegraph line, and their families: Provided,
That only agents, operators, employees, and sectionmen shall be exempt
by reason of such employment from payment of permits, as required of
other non-citizens of said nations.

Sec. 7. That no greater rates of fare or freight shall be charged in
the Choctaw or Chickasaw Nation, by said railway company, than the
lowest rate authorized by law in the States of Arkansas and Texas, or
either of them for services or business of the same kind; and said rail-
way company agree to convey all passengers and to accept and trans-
port all freight that may be offered, and to bill any freight which may
be offered for shipment from points on said line by persons lawfully re-
siding or doing business in the Choctaw or Chickasaw Nation to Chi-
cago, with the privilege of stopping said freight at Saint Louis, by the
shipper, on the same terms as if the bills had been made for Saint Louis
in the first instance.

Sec. 8. That said company shall provide a sufficient number of tracks
to do the business that may be offered, and shall permit any railroad
company to have the rights of user of its main tracks and sidings by
the payment of a fixed charge as rental therefor. The maintenance of

The rental shall be a fixed charge in addition to maintenance of road, and shall be determined by mutual agreement, or, in case of disagreement, by arbitrators, each party choosing one such arbitrator, the third to be chosen by the others appointed, whose decision upon all points respecting such rental shall be final. Each company enjoying the right of user as aforesaid shall pay for any and all damages to the property of the nation or individuals caused by the running of its own trains to the company owning the franchise hereby granted whenever such company has been required to pay the same under the provisions of this act. If said companies shall disagree as to damages aforesaid, all disagreements shall be settled and determined between them by arbitration, as provided in case of rental: Provided, That all trains running over said railroad shall be under the exclusive control of the company owning and operating said railroad.

Sec. 9. That the said railroad company shall execute a bond to the United States, to be filed with and approved by the Secretary of the Interior, in the penal sum of five hundred thousand dollars, for the use and benefit of the Choctaw and Chickasaw Nations, to cover any and all damages which may accrue by reason of the failure of said railway company to comply with all or any of the provisions and conditions of this act. Said bond shall be good and valid against said company, its successors and assigns, and shall be renewed at the expiration of every five years, and whenever, in the judgment of the Secretary of the Interior, a renewal of the same shall be deemed necessary for the protection of the interests of the Indians or of the United States.

And in the event of the failure of the Chicago, Texas and Mexican Central Railway Company to file its acceptance of the provisions of this act within the time hereinbefore specified, and thereafter to file its map of definite location in accordance with the provisions of this act and to complete said road within the time herein granted then the privileges herein granted to said Saint Louis and San Francisco Railway Company shall apply to any other incorporated company that shall have first obtained the approval of the President of the United States: Provided, That the said successor shall thereafter have the same time to perform in all respects the several acts and things herein enjoined to be done as is by this act given to the original grantee including the definite location in accordance with this act and the filing of bond as herein required: And provided further, That any railroad company enjoying the rights con-

CHAP. 374.—An act to regulate the carriage of passengers by sea.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it shall not be lawful for the master of a steamship or other vessel wherein emigrant passengers, or passengers other than cabin passengers, have been taken at any port or place in a foreign country or dominion (ports and places in foreign territory contiguous to the United States excepted) to bring such vessel and passengers to any port or place in the United States unless the compartments, spaces, and accommodations hereinafter mentioned have been provided, allotted, maintained, and used for and by such passengers during the entire voyage; that is to say, in a steamship, the compartments or spaces, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow for each and every passenger carried or brought therein one hundred cubic feet, if the compartment or space is located on the main deck or on the first deck below the main deck of the vessel, and one hundred and twenty cubic feet for each passenger carried or brought therein if the compartment or space is located on the second deck below the main deck of the vessel; and it shall not be lawful to carry or bring passengers on any deck other than the decks above mentioned. And in sailing-vessels such passengers shall be carried or brought only on the deck (not being an orlop deck) that is next below the main deck of the vessel, or in a poop or deck-house constructed on the main deck; and the compartment or space, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow one hundred and ten cubic feet for each passenger brought therein. And such passengers shall not be carried or brought in any between-decks, nor in any compartment, space, poop, or deck-house, the height of which from deck to deck is less than six feet. In computing the number of such passengers carried or brought in any vessel, children under one year of age shall not be included, and two children between one and eight years of age shall be counted as one passenger; and any person brought in such vessel who shall have been, during the voyage, taken from any other vessel wrecked or in distress on the high seas, or have been picked up at sea from any boat, raft, or otherwise, shall not be included in such computation. The master of a vessel coming to a port or place in the United States in violation of either of the provisions of this section shall be deemed guilty of a misdemeanor; and if the number of passengers other than cabin passengers carried or brought in the vessel, or in any compartment, space, poop, or deck house thereof, is greater than the number allowed to be carried or brought therein, respectively, as hereinafter prescribed, the said master shall be fined fifty dollars for each and every passenger in excess of the proper number, and may also be imprisoned not exceeding six months.

SEC. 2. That in every such steamship or other vessel there shall be a sufficient number of berths for the proper accommodation as hereinafter provided, of all such passengers. There shall not be on any deck nor in any compartment or space occupied by such passengers more than two tiers of berths. The berths shall be properly constructed, and be separated from each other by partitions, as berths ordinarily are separated, and each berth shall be at least two feet in width and six feet in length; and the interval between the floor or lowest part of the lower
tier of berths and the deck beneath them shall not be less than six inches, nor the interval between each tier of berths, and the interval between the uppermost tier and the deck above it, less than two feet six inches; and each berth shall be occupied by not more than one passenger over eight years of age; but double berths of twice the above-mentioned width may be provided, each double berth to be occupied by no more and by none other than two women, or by one woman and two children under the age of eight years, or by husband and wife, or by a man and two of his own children under the age of eight years, or by two men personally acquainted with each other. All the male passengers upwards of fourteen years of age who do not occupy berths with their wives shall be berthed in the fore part of the vessel, in a compartment divided off from the space or spaces appropriated to the other passengers by a substantial and well-secured bulkhead; and unmarried female passengers shall be berthed in a compartment separated from the spaces occupied by other passengers by a substantial and well-constructed bulkhead, the opening or communication from which to an adjoining passenger space shall be so constructed that it can be closed and secured. Families, however, shall not be separated except with their consent. Each berth shall be numbered serially, on the outside berth-board, according to the number of passengers that may lawfully occupy the berth; and the berths occupied by such passengers shall not be removed or taken down until the expiration of twelve hours from the time of entry, unless previously inspected within a shorter period. For any violation of either of the provisions of this section the master of the vessel shall be liable to a fine of five dollars for each passenger carried or brought on the vessel.

SEC. 3. That every such steamship or other vessel shall have adequate provision for affording light and air to the passenger-decks and to the compartments and spaces occupied by such passengers, and with adequate means and appliances for ventilating the said compartments and spaces. To compartments having sufficient space for fifty or more of such passengers at least two ventilators, each not less than twelve inches in diameter, shall be provided, one of which ventilators shall be inserted in the forward part of the compartment, and the other in the after part thereof, and shall be so constructed as to ventilate the compartment; and additional ventilators shall be provided for each compartment in the proportion of two ventilators for each additional fifty of such passengers carried or brought in the compartment. All ventilators shall be carried at least six feet above the uppermost deck of the vessel, and shall be of the most approved form and construction. In any steamship the ventilating apparatus provided, or any method of ventilation adopted thereon, which has been approved by the proper emigration officers at the port or place from which said vessel was cleared, shall be deemed a compliance with the foregoing provisions; and in all vessels carrying or bringing such passengers there shall be properly-constructed hatchways over the compartments or spaces occupied by such passengers, which hatchway shall be properly covered with housetops or hooby hatches, and the combings or sills of which shall rise at least six inches above the deck; and there shall be proper companion-ways or ladders from each hatchway leading to the compartments or spaces occupied by such passengers; and the said companion-ways or ladders shall be securely constructed, and be provided with handrails or strong ropes, and, when the weather will permit, such passengers shall have the use of each hatchway situated over the compartments or spaces appropriated to their use; and every vessel carrying or bringing such passengers shall have a properly located and constructed ca- boose and cooking-range, or other cooking-apparatus, the dimensions and capacity of which shall be sufficient to provide for properly cooking and preparing the food of all such passengers. In every vessel carrying or bringing such passengers there shall be at least two water-closets or privies, and an additional water-closet or privy for every one hundred male passengers on board, for the exclusive use of such male pas-
sengers, and an additional water-closet or privy for every fifty female passengers on board, for the exclusive use of the female passengers and young children on board. The aforesaid water-closets and privies shall be properly enclosed and located on each side of the vessel, and shall be separated from passengers' spaces by substantial and properly-constructed partitions or bulkheads; and the water-closets and privies shall be kept and maintained in a serviceable and cleanly condition throughout the voyage. For any violation of either of the provisions of this section, or for any neglect to conform to the requirements thereof, the master of the vessel shall be liable to a penalty not exceeding two hundred and fifty dollars.

**Sec. 4.**—An allowance of good, wholesome, and proper food, with a reasonable quantity of fresh provisions, which food shall be equal in value to one and a half navy rations of the United States, and of fresh water, not less than four quarts per day, shall be furnished each of such passengers. Three meals shall be served daily, at regular and stated hours, of which hours sufficient notice shall be given. If any such passengers shall at any time during the voyage be put on short allowance for food and water, the master of the vessel shall pay to each passenger three dollars for each and every day the passenger may have been put on short allowance, except in case of accidents, where the captain is obliged to put the passengers on short allowance. Mothers with infants and young children shall be furnished the necessary quantity of wholesome milk or condensed milk for the sustenance of the latter. Tables and seats shall be provided for the use of passengers at regular meals. And for every willful violation of any of the provisions of this section the master of the vessel shall be deemed guilty of a misdemeanor and shall be fined not more than five hundred dollars, and be imprisoned for a term not exceeding six months. The enforcement of this penalty, however, shall not affect the civil responsibility of the master and owners of the vessel to such passengers as may have suffered from any negligence, breach of contract, or default on the part of such master and owners.

**Sec. 5.**—That in every such steaminship or other vessel there shall be properly built and secured, or divided off from other spaces, two compartments or spaces to be used exclusively as hospitals for such passengers, one for men and the other for women. The hospitals shall be located in a space not below the deck next below the main deck of the vessel. The hospital spaces shall in no case be less than in the proportion of eighteen clear superficial feet for every fifty such passengers who are carried or brought on the vessel, and such hospitals shall be supplied with proper beds, bedding, and utensils, and be kept so supplied throughout the voyage. And every steamship or other vessel carrying or bringing emigrant passengers, or passengers other than cabin passengers, exceeding fifty in number, shall carry a duly qualified and competent surgeon or medical practitioner, who shall be rated as such in the ship's articles, and who shall be provided with surgical instruments, medical comforts, and medicines proper and necessary for diseases and accidents incident to sea-voyages, and for the proper medical treatment of such passengers during the voyage, and with such articles of food and nourishment as may be proper and necessary for preserving the health of infants and young children; and the services of such surgeon or medical practitioner shall be promptly given, in any case of sickness or disease, to any of the passengers, or to any infant or young child of any such passengers, who may need his services. For a violation of either of the provisions of this section the master of the vessel shall be liable to a penalty not exceeding two hundred and fifty dollars.

**Sec. 6.**—That the master of every such steamship or other vessel is authorized to maintain good discipline and such habits of cleanliness among such passengers as will tend to the preservation and promotion of health, and to that end he shall cause such regulations as he may
adopt for such purpose to be posted up on board the vessel, in a place or places accessible to such passengers, and shall keep the same so posted up during the voyage. The said master shall cause the compartments and spaces provided for, or occupied by, such passengers to be kept at all times in a clean and healthy condition, and to be, as often as may be necessary, disinfected with chloride of lime, or by some other equally efficient disinfectant. Whenever the state of the weather will permit, such passengers and their bedding shall be mustered on deck, and a clear and sufficient space on the main or any upper deck of the vessel shall be set apart, and so kept, for the use and exercise of such passengers during the voyage. For each neglect or violation of any of the provisions of this section the master of the vessel shall be liable to a penalty not exceeding two hundred and fifty dollars.

Sec. 7. That neither the officers, seamen, nor other persons employed on any such steamship or other vessel shall visit or frequent any part of the vessel provided or assigned to the use of such passengers, except by the direction or permission of the master of such vessel first made or given for such purpose; and every officer, seaman, or other person employed on board of such vessel who shall violate the provisions of this section shall be deemed guilty of a misdemeanor, and may be fined not exceeding one hundred dollars, and be imprisoned not exceeding twenty days, for each violation; and the master of such vessel who directs or permits any officer, seaman, or other person employed on board the vessel to visit or frequent any part of the vessel provided or assigned to the use of such passengers, or the compartments or spaces occupied by such passengers, except for the purpose of doing or performing some necessary act or duty as an officer, seaman, or other person employed on board of the vessel, shall be deemed guilty of a misdemeanor, and may be fined not more than one hundred dollars for each time he directs or permits the provisions of this section to be violated. A copy of this section, written or printed in the language or principal languages of the passengers on board, shall, by or under the direction of the master of the vessel, be posted in a conspicuous place on the forecastle and in the several parts of the vessel provided and assigned for the use of such passengers, and in each compartment or space occupied by such passengers, and the same shall be kept so posted during the voyage; and if the said master neglects so to do, he shall be deemed guilty of a misdemeanor, and shall be fined not more than one hundred dollars.

Sec. 8. That it shall not be lawful to take, carry, or have on board of any such steamship or other vessel any nitro-glycerine, dynamite, or any other explosive article or compound, nor any vitriol or like acids, nor gunpowder, except for the ship's use, nor any article or number of articles, whether as a cargo or ballast, which, by reason of the nature or quantity or mode of storage thereof, shall, either singly or collectively, be likely to endanger the health or lives of the passengers or the safety of the vessel, and horses, cattle, or other animals taken on board or brought in any such vessel shall not be carried on any deck below the deck on which passengers are berthed, nor in any compartment in which passengers are berthed, nor in any adjoining compartment except in a vessel built of iron, and of which the compartments are divided off by water-tight bulkheads extending to the upper deck. For every violation of any of the provisions of this section the master of the vessel shall be deemed guilty of a misdemeanor, and shall be fined not exceeding one thousand dollars, and be imprisoned for a period not exceeding one year.

PREAMBLE.

Whereas, Edward Bellows, upon the eighteenth day of July, in the year of our Lord eighteen hundred and sixty-six, was, by the President of the United States, by and with the advice and consent of the Senate, duly appointed and commissioned a paymaster in the Navy of the United States from the twentieth day of February, anno Domini eighteen hundred and sixty-six; and

Whereas, on the twenty eighth day of January, anno Domini eighteen hundred and sixty-nine, the Secretary of the Navy issued an order declaring that said Bellows was dismissed the Naval service, declared in such order of dismissal to be "in consequence of the facts appearing

Whereas, on the twenty-second day of January, anno Domini eighteen hundred and eighty, the President of the United States, through the Secretary of the Navy, after investigation of the facts in the case, determined and issued an order declaring that said order of dismissal was illegal and void, and annulled and revoked, because issued contrary to the provisions of section sixteen hundred and twenty-four, article thirty-six, page two hundred and eighty-two of the Revised Statutes of the United States, and the name of said Edward Bellows was thereupon, by order of the President, restored to the list of Paymasters on the Naval Register, next after that of Paymaster George A. Frailey paymaster in the Navy, declaring such appointment to be "vice Bellows, dismissed;" and

Whereas, by a recent decision and judgment of the Supreme Court of the United States in the case of Charles M. Blake versus the United States (thirteenth Otto, page two hundred and twenty-seven) said decision makes questionable the right of said Bellows to hold said office; and

Whereas, including the said Bellows, the present number of paymasters does not exceed the number now allowed by law: Therefore

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States be, and he hereby is, authorized to nominate and, with the advice and consent of the Senate, appoint the said Edward Bellows paymaster in the Navy of the United States, to take rank and position on the list of such paymasters in the position where his name now stands on the Register as above stated: Provided, That such appointment shall not entitle the said Edward Bellows to compensation during the time his name was not borne on said list, and during which he was not recognized as a paymaster in the service; Provided further, That after such appointment the said Edward Bellows shall be entitled to longevity pay upon his said commission of date February twentieth, eighteen hundred and sixty-six.

CHAP. 137. An act to levy an assessment of the real estate in the District of Columbia in the year eighteen hundred and eighty-three, and every third year thereafter, for purposes of taxation.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all real property, except real estate in the District of Columbia, shall be assessed in the name of the owner, trustees, or guardian thereof. All undivided real property of a deceased person may be assessed in the name of such deceased person until the same is divided according to law, or has otherwise passed into the possession of some other person. And real property, the ownership of which is unknown, shall be assessed "owner unknown."

SEC. 2. That real property shall be assessed and valued in the year eighteen hundred and eighty-three, and every third year thereafter, as herein provided.

SEC. 3. That the Commissioners shall, on the second Monday of March, eighteen hundred and eighty-three, or as soon thereafter as practicable, and every third year thereafter, divide the District into
not exceeding twelve subdistricts, and shall appoint one assessor to each subdistrict, who shall be a resident thereof. Each person so appointed shall, within ten days after receiving notice thereof, file with said Commissioners his bond, payable to the United States, with sufficient surety to the acceptance of said Commissioners, in the sum of two thousand dollars, conditioned that he will faithfully, diligently, and impartially perform all and singular the duties enjoined upon him by law. And he shall, moreover, take and subscribe an oath of office. If any such appointee shall fail to qualify as aforesaid within the time prescribed, or shall fail to enter upon the discharge of his duties within five days after such qualification, the appointment shall be void, and the Commissioners shall forthwith appoint another suitable person, who shall qualify as above provided.

Sec. 4. That the Commissioners shall furnish each of said assessors a map and field-book of the respective subdistricts which he is appointed to assess and value, which shall contain an accurate list of each tract, together with a pertinent description of the real property situate therein, and, as far as may be known, the owner thereof, and also such blanks, forms, books, surveys, and plats as may be necessary for a systematic statement of the property to be assessed. Upon the completion of the assessment, each assessor shall deposit with the assessor of the district all maps, field-books, surveys, and plats, and all his notes and memoranda thereof.

Sec. 5. That real estate in Washington or Georgetown, except such as is now or may hereafter be exempt by law from taxation, shall be assessed according to the number of the squares and lots thereof, or parts of lots, and upon the number of square or superficial feet in each square or lot, or parts of a lot, and in the county the agricultural lands shall be assessed by the acre, and suburban lots by the square foot, as in the city of Washington.

Sec. 6. That each assessor shall, in all cases, from actual view, and from the best sources of information in his reach, determine, as nearly as practicable, the true value of each separate tract or lot of real property in his district in lawful money, and he shall separately estimate the value of all improvements on any tract or lot, and shall note the same in his field-book, which shall be carried out as part of the value of such tract or lot, and he shall also return the dimensions to each tract or lot.

Sec. 7. That each assessor shall, on or before the first Monday of June, eighteen hundred and eighty-three, and every third year thereafter, make out and deliver to the Commissioners, a return in tabular form, contained in a book to be furnished him by said Commissioners, of the ownership, amount, description, and value of the real property subject to be listed for taxation in his district. He shall also enter in a separate list a pertinent description of all property exempt from taxation under the provisions of existing law, together with the ownership and use of the same, and shall estimate and return the true value thereof. All real property, the ownership of which is not known, shall be returned, as to ownership, "unknown".

Sec. 8. That every assessor who shall refuse or knowingly neglect to perform any duty enjoined upon him by law, or who shall consent to, or connive at, any evasion of the provisions of this chapter, whereby any property required to be assessed shall be unlawfully exempt, or the valuation thereof entered at less than its true value, shall, on conviction thereof, be liable to a fine not exceeding two hundred dollars for each offense, which may be collected from his bond aforesaid.

Sec. 9. That the assessor of the District and the assessors herein provided for shall compose a board of equalization of the real property, and they shall convene at an office, to be provided by the Commissioners, on the first Monday of June, eighteen hundred and eighty-three, and every third year thereafter. They shall each take an oath fairly and impartially to equalize the value of the real property according to

law. Any seven of them shall constitute a quorum and a clerk appointed by the Commissioners shall keep a full and accurate account of their proceedings and orders. They shall immediately proceed to equalize the valuation made as aforesaid by the assessors, so that each lot and tract, and the improvements thereon, shall be entered upon the tax-list at their true value in money; and for this purpose they shall hear such complaints as may be made in respect of said assessment, and in determining them they may raise the valuations of such tracts or lot as, in their opinion, may have been returned below their true value, and reduce the valuation of such as they may believe to have been returned above their true value to such sum as, in their opinion may be the true value thereof; but they shall not reduce the aggregate value of the real property below the aggregate value thereof as made and returned by said assessors. All assessments and equalizations made pursuant to the provisions of this act shall be finally completed and be reported to the Commissioners of the District on or before the first Monday of August of each year in which an assessment is made.

SEC. 10. That each assessor shall be entitled to receive for each day necessarily employed in the performance of his duties the sum of five dollars, for a period not exceeding one hundred and fifty days.

SEC. 11. That the valuation of the real property made and equalized as aforesaid shall constitute the basis of taxation for the next succeeding period of three years, and until another valuation is made according to law.

SEC. 12. That annually, on or prior to July first, the assessor of the District shall take a list of all real property which shall have become subject to taxation, and is not on the tax-list, and affix a value thereon, according to the rules prescribed for assessing real estate; and he shall make return of all new structures and additions to or improvements of old structures of over one hundred dollars in value, the value of which shall not have been included in the valuation of the land on which such structures have been erected, specifying the tract or lot of land on which each of such structures has been erected, and the value which has been added to any such lot or tract by reason of such structure, and the assessor shall add such valuation to the assessment made on such tract or lot; and in the case of the destruction of any structure from any cause, over one hundred dollars in value, the value of which has been included in any former valuation of the tract or lot on which it is situate, the assessor shall determine and make return how much less valuable such lot or tract is by reason of such destruction, and the assessor shall deduct the same from the valuation of such tract or lot as it stands upon the list: Provided, That the assessor of the District of Columbia shall hear such complaints as may be made in respect of said assessments and determine the same between the first and third Monday of July of the same year, subject to the approval of the Commissioners of the District.

SEC. 13. That if the assessor of the District shall learn that any property liable to taxation has been omitted from the assessment for any previous year or years, or has been so assessed that the assessment was void, it shall be his duty at once to assess such property for each and every year after the passage of this act for which it has escaped assessment and taxation, and report the same to the collector of taxes, who shall at once proceed to collect the taxes so in arrears as other taxes are collected: Provided, That no property which has escaped taxation shall be liable to assessment and taxation under this section for a period of more than three years prior to such assessment.

SEC. 14. That the assessor of the District, in the discharge of any of the duties devolved upon him or the board of equalization, by any provisions of this act, may administer all necessary oaths or affirmations. He shall have power to summon the attendance of any person before said board, or himself, to be examined under oath touching such matters and things as they or he may deem advisable in the discharge of their said duties; and any member of the Metropolitan Police force or con-
stable of the District may serve subpoenas in this behalf. Such fees shall be allowed witnesses so examined, to be paid out of the contingent fund of the Commissioners, as are allowed in civil actions before justices of the peace. Any person who shall knowingly make false oath or affirmation shall be guilty of perjury, and, upon conviction thereof, be punished according to laws in force for the punishment of perjury.

SEC. 15. That this act shall be in force from and after its passage; and all laws and parts of laws inconsistent herewith are hereby repealed, as also all laws allowing any deduction of taxes assessed against any person because of payment thereof within a period of thirty days after receiving notice that the collector of taxes is ready to receive the taxes assessed.

PROCLAMATIONS

MADE BY THE

PRESIDENT OF THE UNITED STATES.
PROCLAMATIONS.

No. 1.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.  September 22, 1881.

A PROCLAMATION.

Whereas in His inscrutable wisdom it has pleased God to remove from us the illustrious head of the Nation, James A. Garfield, late President of the United States;

And whereas, it is fitting that the deep grief which fills all hearts, should manifest itself with one accord toward the throne of Infinite Grace, and that we should bow before the Almighty and seek from Him that consolation in our affliction and that sanctification of our loss which He is able and willing to vouchsafe;

Now, therefore, in obedience to sacred duty and in accordance with the desire of the People, I, Chester A. Arthur, President of the United States of America, do hereby appoint Monday, next, the twenty-sixth day of September—on which day the remains of our honored and beloved Dead will be consigned to their last resting place on earth—to be observed throughout the United States as a day of humiliation and mourning; and I earnestly recommend all the People to assemble on that day in their respective places of Divine Worship, there to render alike their tribute of sorrowful submission to the will of Almighty God and of reverence and love for the memory and character of our late Chief Magistrate.

In Witness Whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, the twenty-second day of September, in the year of our Lord eighteen hundred and eighty-one and of the Independence of the United States of America the one hundred and sixth.

CHESTER A. ARTHUR.

By the President,

JAMES G. BLAINE
Secretary of State.

No. 2.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.  September 23, 1881.

A PROCLAMATION.

Whereas objects of interest to the United States require that the Senate should be convened at an early day to receive and act upon such communications as may be made to it on the part of the Executive:

Now, therefore, I, Chester A. Arthur, President of the United States, have considered it to be my duty to issue this, my Proclamation, declar-
Convening the Senate of the United States on October 10, 1881.

Proclaiming that an extraordinary occasion requires the Senate of the United States to convene for the transaction of business at the Capitol, in the City of Washington, on Monday the tenth day of October next, at twelve o'clock noon on that day, of which all who shall at that time be entitled to act as members of that body are hereby required to take notice.

Given under my hand and the Seal of the United States, at Washington, the twenty third day of September, in the year of our Lord one thousand eight hundred and eighty one, and of the Independence of the United States the one hundred and sixth.

By the President,

James G. Blaine
Secretary of State.

November 4, 1881.

By the President of the United States of America.

A PROCLAMATION.

Preamble.

It has long been the pious custom of our people, with the closing of the year, to look back upon the blessings brought to them in the changing course of the seasons, and to return solemn thanks to the All-giving Source from Whom they flow. And although at this period, when the falling leaf admonishes us that the time of our sacred duty is at hand, our Nation still lies in the shadow of a great bereavement, and the mourning which has filled our hearts still finds its sorrowful expression toward the God before Whom we but lately bowed in grief and supplication, yet the countless benefits which have showered upon us during the past twelvemonth call for our fervent gratitude and make it fitting that we should rejoice with thankfulness that the Lord, in His infinite mercy has most signally favored our country and our people. Peace without and prosperity within have been vouchsafed to us, no pestilence has visited our shores, the abundant privileges of freedom which our fathers left us in their wisdom are still our increasing heritage,—and if, in parts of our vast domain, sore affliction has visited our brethren in their forest homes, yet even this calamity has been tempered and in a manner sanctified by the generous compassion for the sufferers which has been called forth throughout our land. For all these things, it is meet that the voice of the Nation should go up to God in devout homage.

Wherefore I, Chester A. Arthur, President of the United States, do recommend that all the people observe Thursday, the twenty-fourth day of November instant, as a day of National Thanksgiving and Prayer, by ceasing so far as may be from their secular labors, and meeting in their several places of worship, there to join in ascribing honor and praise to Almighty God, whose goodness has been so manifest in our history and in our lives, and offering earnest prayers that His bounties may continue to us and to our children.

In witness whereof I have hereunto set my hand, and caused the seal of the United States to be affixed.

Done at the city of Washington this fourth day of November in the year of our Lord one thousand eight hundred and eighty-one, and of the Independence of the United States the one hundred & sixth.

[SEAL.]

By the President,

James G. Blaine
Secretary of State.
A PROCLAMATION.

Whereas it is provided in the laws of the United States that "when ever, by reason of unlawful obstructions, combinations, or assemblages of persons, or rebellion against the authority of the Government of the United States, it shall become impracticable, in the judgment of the President, to enforce, by the ordinary course of judicial proceedings, the laws of the United States within any State or Territory, it shall be lawful for the President to call forth the militia of any or all the States, and to employ such parts of the land and naval forces of the United States as he may deem necessary to enforce the faithful execution of the laws of the United States, or to suppress such rebellion, in whatever State or Territory thereof the laws of the United States may be forcibly opposed or the execution thereof forcibly obstructed;"

And whereas it has been made to appear satisfactorily to me, by information received from the Governor of the Territory of Arizona, and from the General of the Army of the United States, and other reliable sources, that in consequence of unlawful combinations of evil disposed persons who are banded together to oppose and obstruct the execution of the laws, it has become impracticable to enforce, by the ordinary course of judicial proceedings, the laws of the United States within that Territory, and that the laws of the United States have been therein forcibly opposed and the execution thereof forcibly resisted;

And whereas the laws of the United States require that whenever it may be necessary, in the judgment of the President, to use the military forces for the purpose of enforcing the faithful execution of the laws of the United States, he shall forthwith, by proclamation, command such insurgents to disperse and retire peaceably to their respective abodes, within a limited time:

Now, therefore, I, Chester A. Arthur, President of the United States, do hereby admonish all good citizens of the United States, and especially of the Territory of Arizona, against aiding, countenancing, abetting, or taking part in any such unlawful proceedings, and I do hereby warn all persons engaged in or connected with said obstruction of the laws, to disperse and retire peaceably to their respective abodes on or before noon of the fifteenth day of May.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this third day of May, in the year of our Lord eighteen hundred and eighty-two, and of the Independence of the United States the one hundred and sixth.

CHESTER A. ARTHUR.

By the President:
FREDK. T. FRELINGHUYSEN,
Secretary of State.
Preamble.

In conformity with a custom the annual observance of which is justly held in honor by this people, I, Chester A. Arthur, President of the United States, do hereby set apart Thursday, the 30th day of November next as a day of public Thanksgiving.

The blessings demanding our gratitude are numerous and varied. For the peace and amity which subsist between this Republic and all the nations of the world; for the freedom from internal discord and violence; for the increasing friendship between the different sections of the land; for liberty, justice and constitutional government; for the devotion of the people to our free institutions and their cheerful obedience to mild laws; for the constantly increasing strength of the Republic while extending its privileges to fellow men who come to us; for the improved means of internal communication, and the increased facilities of intercourse with other Nations; for the general prevailing health of the year; for the prosperity of all our industries, the liberal return for the mechanic's toil affording a market for the abundant harvests of the husbandman; for the preservation of the national faith and credit; for wise and generous provision to affect the intellectual and moral education of our youth; for the influence upon the conscience of a restraining and transforming religion; and for the joys of home; for these, and for many other blessings, we should give thanks.

Wherefore, I do recommend that the day above designated be observed throughout the country as a Day of National Thanksgiving and Prayer, and that the people, ceasing from their daily labors and meeting in accordance with their several forms of worship, draw near to the throne of Almighty God, offering to Him praise and gratitude for the manifold goodness which He has vouchsafed to us, and praying that His blessings and His mercies may continue.

And I do further recommend that the day thus appointed be made a special occasion for deeds of kindness and charity to the suffering and the needy, so that all who dwell within the land may rejoice and be glad in this season of National Thanksgiving.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this twenty-fifth day of October, in the year of our Lord one thousand eight hundred and eighty-two, and of the Independence of the United States the one hundred and seventh.

By the President:

CHESTER A. ARTHUR.

Secretary of State.
