Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court held at Fort Smith, Arkansas, or the district court for the northern district of Texas, which court shall have jurisdiction to hear and determine the subject-matter of said petition, according to the laws of the State in which the same shall be heard provided for determining the damage when property is taken for railroad purposes. CHAP. 744.—An act to authorize the Kansas City, Fort Scott and Gulf Railway Company to construct and operate a railway through the Indian Territory, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Kansas City, Fort Scott and Gulf Railway Company, a corporation created under and by virtue of the laws of the State of Kansas, be, and the same is hereby, invested and empowered with the right of locating, constructing, owning, equipping, operating, using, and maintaining a railway and telegraph and telephone line through the Indian Territory, beginning at a point to be selected by said railway company near and south of the City of Baxter Springs, in the State of Kansas, and running thence by the most practicable route through the Indian Territory to the Northwest corner of the State of Arkansas, and after passing through the counties of Benton and Washington, in the State of Arkansas, to the town of Evansville, in the said county of Washington; thence from the said town of Evansville, through the Cherokee Nation, Indian Territory, to the city of Fort Smith, in the said State of Arkansas, with the right to construct, use, and maintain such tracts, turnouts, sidings, and extensions as said company may deem it to their interest to construct along and upon the right of way and depot grounds herein provided for.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railway, and for no other purpose, a right of way one hundred feet in width through said Indian Territory, and to take and use a strip of land two hundred feet in width, with a length of three thousand feet, in addition to right of way, for stations, for every ten miles of road, with the right to use such additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the road-bed, not exceeding one hundred feet in width on each side of said right of way, or as much thereof as may be included in said cut or fill; Provided, That no more than said addition of land shall be taken for any one station: Provided further, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines; and when any portion thereof shall cease to be so used, such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of
such railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, and one by said railroad company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the court held at Fort Smith, Arkansas, or at the district court for the district of Kansas, upon the application of the other party. The chairman of said board shall appoint the time and place for all hearings, within the nation to which such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any case submitted to them under this act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of said nations. Costs, including compensation of the referees, shall be made a part of the award, and be paid by such railroad company. In case the referees cannot agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court held at Fort Smith, Arkansas, or the district court for the district of Kansas, which courts shall have jurisdiction to hear and determine the subject-matter of said petition, according to the laws of the State in which the same shall be heard provided for determining the damage when property is taken for railroad purposes. If upon the hearing of said appeal the judgment of the court shall be for a larger sum than the award of the referees, the costs of said appeal shall be adjudged against the railroad company. If the judgment of the court shall be for the same sum as the award of the referees, then the costs shall be adjudged against the appellant. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the party claiming damages. When proceedings have been commenced in court, the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then have the right to enter upon the property sought to be condemned and proceed with the construction of the railroad.

SEC. 4. That said railroad company shall not charge the inhabitants of said Territory a greater rate of freight than the rate authorized by the laws of the State of Arkansas for services or transportation of the same kind: Provided, That passenger rates on said railway shall not exceed three cents per mile. Congress hereby reserves the right to regulate the charges for freight and passengers on said railway and messages on said telegraph and telephone lines, until a State government or governments shall exist in said Territory within the limits of which said railway or a part thereof, shall be located; and then such State government or governments shall be authorized to fix and regulate the cost of transportation of persons and freights within their respective limits by said railway; but Congress expressly reserves the right to fix and regulate at all times the cost of such transportation by said railway or said company whenever such transportation shall extend from one State into another, or shall extend into more than one State: Provided, however, That the rate of such transportation of passengers, local or inter-State, shall not exceed the rate above expressed: And provided further, That said railway company shall carry the mail at such prices.
as Congress may by law provide; and until such rate is fixed by law the Postmaster-General may fix the rate of compensation.

SEC. 5. That said railway company shall pay to the Secretary of the Interior, for the benefit of the particular nations or tribes through whose lands said line may be located, the sum of fifty dollars, in addition to compensation provided for in this act for property taken and damages done to individual occupants by the construction of the railway, for each mile of railway that it may construct in said Territory, said payments to be made in installments of five hundred dollars as each ten miles of road is graded: Provided, That if the general council of either of the nations or tribes through whose lands said railway may be located shall, within four months after the filing of maps of definite location as set forth in section six of this act, dissent from the allowances provided for in this section, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to such dissenting nation or tribe shall be in lieu of the compensation that said nation or tribe would be entitled to receive under the foregoing provision. Said company shall also pay, so long as said Territory is owned and occupied by the Indians, to the Secretary of the Interior, the sum of fifteen dollars per annum for each mile of railway it shall construct in the said Territory. The money paid to the Secretary of the Interior under the provisions of this act shall be apportioned by him, in accordance with the laws and treaties now in force amongst the different nations and tribes, according to the number of miles of railway that may be constructed by said railway company through their lands: Provided, That Congress shall have the right, so long as said lands are occupied and possessed by said nations and tribes, to impose such additional taxes upon said railroad as it may deem just and proper for their benefit; and any Territory or State hereafter formed through which said railway shall have been established may exercise the like power as to such part of said railway as may lie within its limits. Said railway company shall have the right to survey and locate its railway immediately after the passage of this act.

SEC. 6. That said company shall cause maps showing the route of its located line through said Territory to be filed in the office of the Secretary of the Interior, and also to be filed in the office of the principal chief of each of the nations or tribes through whose lands said railway may be located; and after the filing of said maps no claim for a subsequent settlement and improvement upon the right of way shown by said maps shall be valid as against said company: Provided, That when a map showing any portion of said railway company's located line is filed as herein provided for, said company shall commence grading said located line within six months thereafter, or such location shall be void; and said location shall be approved by the Secretary of the Interior in sections of twenty-five miles before construction of any such section shall be begun.

SEC. 7. That the officers, servants and employees of said company necessary to the construction and management of said road shall be allowed to reside on said right of way.

SEC. 8. That the United States circuit and district courts for the district of Kansas and the western district of Arkansas, and such other courts as may be authorized by Congress, shall have, without reference to the amount in controversy, concurrent jurisdiction over all controversies arising between said Kansas City, Fort Scott and Gulf
Railway Company and the nations and tribes through whose territory said railway shall be constructed. Said courts shall have like jurisdiction, without reference to the amount in controversy, over all controversies arising between the inhabitants of said nations or tribes and said railway company; and the civil jurisdiction of said courts is hereby extended within the limits of said Indian Territory, without distinction as to citizenship of the parties, so far as may be necessary to carry out the provisions of this act.

SEC. 9. That said railway company shall build at least fifty miles of its railway in said Territory within three years after the passage of this act, or the rights herein granted shall be forfeited as to that portion not built; that said railway company shall construct and maintain continually all fences, road and highway crossings and necessary bridges over said railway wherever said roads and highways do now or may hereafter cross said railway's right of way, or may be by the proper authorities laid out across the same.

SEC. 10. That the Kansas City, Fort Scott and Gulf Railway Company shall accept this right of way upon the express condition, binding upon itself, its successors and assigns, that they will neither aid, advise, nor assist in any effort looking towards the changing or extinguishing the present tenure of the Indians in their land, and will not attempt to secure from the Indian nations or tribes any further grant of land, or its occupancy, than is hereinbefore provided: Provided, That any violation of the condition mentioned in this section shall operate as a forfeiture of all the rights and privileges of said railway company under this act.

SEC. 11. That all mortgages executed by said railway company conveying any portion of its railroad, with its franchises, that may be constructed in said Indian Territory, shall be recorded in the Department of the Interior, and the record thereof shall be evidence and notice of their execution, and shall convey all rights and property of said company as therein expressed.

SEC. 12. That Congress may at any time amend, add to, alter, or repeal this act; and the right of way herein and hereby granted shall not be assigned or transferred in any form whatever prior to the construction and completion of the road, except as to mortgages or other liens that may be given or secured thereon to aid in the construction thereof.

CHAP. 759.—An act to authorize the construction of a bridge across the Missouri River at or near the city of Saint Joseph, in the State of Missouri, and to establish it as a post-road.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Saint Joseph and Rio Grande Railroad Company, authorized to bridge Missouri River at Saint Joseph, Mo., are hereby authorized to build a bridge across the Missouri River at or near the city of Saint Joseph, in the State of Missouri, and to lay on or over said bridge railway tracks for the more perfect connection of any railroads that are or shall be constructed to the said river at or opposite said point, under the limitations and conditions hereinafter provided: Provided, That said bridge shall not interfere with the free navigation of said river beyond what is necessary to carry into effect the rights and privileges hereby granted.

SEC. 2. That any bridge built under the provisions of this act may, at the option of the company building the same, be built either as a pivot draw-bridge or with unbroken or continuous spans: Provided, That if the said bridge shall be made with unbroken and continuous spans, it shall not be of less elevation in any case than fifty-feet above high-water mark, as understood at the point of location, to the bottom chord of the bridge, nor shall the spans of said bridge be less than three hundred feet in length, and the piers of said bridge shall be parallel with the current of the river, and the main span shall be over the main channel of the river and not be less than three hundred feet in
length: And provided also, That if any bridge built under this act shall be constructed as a pivot draw-bridge, the same shall be constructed with a draw over the main channel of the river at an accessible and navigable point, with spans not less than one hundred and sixty feet in length in the clear on each side of the central or pivot pier of the draw; and the next adjoining spans to the draw shall be not less than three hundred feet, if the proper location of the draw over the channel will admit spans of this width between it and the shore; and said spans shall not be less than thirty feet above low water mark, and not less than twenty feet above extreme high water mark, measuring to the bottom chord of the bridge; and the piers of the said bridge shall be parallel with the current of the river: And provided also, That said draw shall be opened promptly, upon reasonable signal, for passage of boats.

That all draw or pivot spans authorized by this act shall be operated by steam or other reliable mechanical power, and shall be opened promptly upon reasonable signal for the passage of boats, except when trains are passing over said span or spans; but in no case shall unnecessary delay occur in opening said draw after the passage of trains; and in case the opening of a draw be delayed by reason of the passing of a train after the signal has been given from a boat ready to pass through, the draw shall be opened for the passage of such boat before another train is allowed to pass over the bridge. That the piers of all high channel spans and all pivot-spans shall be built parallel with the current of the river at that stage of water which is most important for navigation; and riprapping, or other protection for imperfect foundations which will materially lessen the water-way, shall not be employed in the channel-ways of the high spans or of the draw-openings, and piers which will produce cross currents or bars dangerous to navigation shall not be constructed, and if, after construction, any piers or protection-walls are found to produce the above mentioned effects, the nuisance shall be abated or corrected by or at the expense of the persons owning said bridge. That in case the approaches to draw-span openings, channel-spans, or raft-passages in said bridge be found dangerous or difficult of access by any important class of river traffic, the Secretary of War shall order the construction of such sheer-booms, guide-piers, or other similar device as will obviate the difficulty, which sheer-booms, guide-piers, or other device shall be paid for by the persons owning said bridge. That the persons owning, controlling, or operating the bridge authorized by this act shall maintain, at their own expense, from sunset to sunrise, throughout the year, and during heavy fogs, such lights or other signals as the Light-House Board shall prescribe, and shall, in case a high bridge be constructed, during the season of navigation, have posted in a conspicuous place on or near the bridge the clear head-room under the channel-span on that day, the figures expressing this height to be not less than two feet high, and to be readily visible from any point in the channel of the river for a stretch of three thousand feet above and one thousand feet below the bridge.

SEC. 4. That any bridge constructed under this act and according to its limitations shall be a lawful structure and shall be known and recognized as a post-route, upon which also no higher charge shall be made for the transmission over the same of the mails, the troops, and the munitions of war of the United States than the rate per mile paid for
their transportation over the railroads or public highways leading to the said bridge.

SEC. 5. That all railway companies desiring to use the said bridge shall have and be entitled to equal rights and privileges in the passage of the same and in the use of the machinery and fixtures thereof, under and upon such terms and conditions as shall be prescribed by the Secretary of War upon hearing the allegations and proofs of the parties in case they shall not agree.

SEC. 6. That any bridge constructed under this act shall be built and located under and subject to such regulations for the security of navigation of said river as the Secretary of War shall prescribe; and to secure that object the said company shall submit to the Secretary of War, for his examination and approval, a design of the drawings of the bridge and piers and a map of the location, giving, for the space of at least one mile above and one mile below the proposed location, the topography of the banks of the river, the shore-lines at high and low water, the direction and strength of the currents at all stages, and the soundings, accurately showing the bed of the stream, the location of any other bridge or bridges, and shall furnish such other information as may be required for a full and satisfactory understanding of the subject, and until said plan and location of the bridge are approved by the Secretary of War the bridge shall not be built; and if any change be made in the plan of construction of said bridge during the progress of the work thereon, or before the completion of said bridge, such change shall be subject to the approval of the Secretary of War; and the said structure shall be at all times so kept and managed as to offer reasonable and proper means for the passage of vessels through or under said structure; and the said structure shall be changed at the cost and expense of the owners thereof, from time to time, as Congress may direct, so as to preserve the free and convenient navigation of said river; and the authority to erect and continue said bridge shall be subject to the revocation or modification by law whenever the public good shall, in the judgment of Congress, so require, without any expense or charge to the United States; and in case of any litigation arising from any obstruction or alleged obstruction to the free navigation of said river caused or alleged to be caused by said bridge, suit may be brought in the circuit courts of the United States of Missouri or Kansas in whose jurisdiction any portion of said bridge may be located.

SEC. 7. That the right to alter, amend, or repeal this act is hereby expressly reserved; and the right to require any changes in said structure, or its entire removal, at the expense of the owners thereof, whenever Congress shall decide that the public interest requires it, is also expressly reserved.

But the bond required of such manufacturer shall be with sureties satisfactory to the collector of internal revenue, and in a penal sum of not less than five thousand dollars; and the sum of said bond may be increased from time to time, and additional sureties required at the discretion of the collector, or under instructions of the Commissioner of Internal Revenue.

SEC. 6. That all oleomargarine shall be packed by the manufacturer thereof in firkins, tubs, or other wooden packages not before used for that purpose, each containing not less than ten pounds, and marked, stamped, and branded as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe; and all sales made by manufacturers of oleomargarine, and wholesale dealers in oleomargarine shall be in original stamped packages. Retail dealers in oleomargarine must sell only from original stamped packages, in quantities not exceeding ten pounds, and shall pack the oleomargarine sold by them in suitable wooden or paper packages, which shall be marked and branded as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe. Every person who knowingly sells or offers for sale, or delivers or offers to deliver, any oleomargarine in any other form than in new wooden or paper packages as above described, or who packs in any package any oleomargarine in any manner contrary to law, or who falsely brands any package or affixes a stamp on any package denoting a less amount of tax than that required by law, shall be fined for each offense not more than one thousand dollars, and be imprisoned not more than two years.

SEC. 7. That every manufacturer of oleomargarine shall securely affix, by pasting, on each package containing oleomargarine manufactured by him, a label on which shall be printed, besides the number of the manufactory and the district and State in which it is situated, these words: "Notice—The manufacturer of the oleomargarine herein contained has complied with all the requirements of law. The tax levied by this section shall be represented by coupon stamps; and the provisions of existing laws governing the engrav-

Sec. 9. That whenever any manufacturer of oleomargarine sells, or removes for sale or consumption, any oleomargarine upon which the tax is required to be paid by stamps, without the use of the proper stamps, it shall be the duty of the Commissioner of Internal Revenue, within a period of not more than two years after such sale or removal, upon satisfactory proof, to estimate the amount of tax which has been omitted to be paid, and to make an assessment therefor and certify the same to the collector. The tax so assessed shall be in addition to the penalties imposed by law for such sale or removal.

Sec. 10. The stamps shall be affixed and canceled by the owner or importer of the oleomargarine while it is in the custody of the proper customs-house officers; and the oleomargarine shall not pass out of the custody of said officers until the stamps have been so affixed and canceled, but shall be put up in wooden packages, each containing not less than ten pounds, as prescribed in this act for oleomargarine manufactured in the United States, before the stamps are affixed; and the owner or importer of such oleomargarine shall be liable to all the penal provisions of this act prescribed for manufacturers of oleomargarine manufactured in the United States. Whenever it is necessary to take any oleomargarine so imported to any place other than the public stores of the United States for the purpose of affixing and canceling such stamps, the collector of customs of the port where such oleomargarine is entered shall designate a bonded warehouse to which it shall be taken, under the control of such customs officer as such collector may direct; and every officer of customs who permits any such oleomargarine to pass out of his custody or control without compliance by the owner or importer thereof with the provisions of this section relating thereto, shall be guilty of a misdemeanor, and shall be fined not less than one thousand dollars nor more than five thousand dollars, and imprisoned not less than six months nor more than three years. Every person who sells or offers for sale any oleomargarine, or oleomargarine purporting or claimed to have been imported, not put up in packages and stamped as provided by this act, shall be fined not less than five hundred dollars nor more than five thousand dollars, and be imprisoned not less than six months nor more than two years.

Sec. 13. That whenever any stamped package containing oleomargarine is emptied, it shall be the duty of the person in whose hands the same is to destroy utterly the stamps thereon; and any person who willfully neglects or refuses so to do shall for each such offense be fined not exceeding fifty-dollars, and imprisoned not less than ten days nor more than six months. And any person who fraudulently gives away or accepts from another, or who sells, buys, or uses for packing oleomargarine, any such stamped package, shall for each such offense be fined not exceeding one hundred dollars, and be imprisoned not more than one year. Any revenue officer may destroy any emptied oleomargarine package upon which the tax-paid stamp is found.
SEC. 14. That there shall be in the office of the Commissioner of Internal Revenue an analytical chemist and a microscopist, who shall each be appointed by the Secretary of the Treasury, and shall each receive a salary of two thousand five hundred dollars per annum; and the Commissioner of Internal Revenue may, whenever in his judgment the necessities of the service so require, employ chemists and microscopists, to be paid such compensation as he may deem proper, not exceeding in the aggregate any appropriation made for that purpose.

And such Commissioner is authorized to decide what substances, extracts, mixtures, or compounds which may be submitted for his inspection in contested cases are to be taxed under this act; and his decision in matters of taxation under this act shall be final. The Commissioner may also decide whether any substance made in imitation or semblance of butter, and intended for human consumption, contains ingredients deleterious to the public health; but in case of doubt or contest his decisions in this class of cases may be appealed from to a board hereby constituted for the purpose, and composed of the Surgeon-General of the Army, the Surgeon-General of the Navy, and the Commissioner of Agriculture; and the decisions of this board shall be final in the premises.

SEC. 16. That oleomargarine may be removed from the place of manufacture for export to a foreign country without payment of tax or affixing stamps thereto, under such regulations and the filing of such bonds and other security as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may prescribe. Every person who shall export oleomargarine shall brand upon every tab, firkin, or other package containing such article the word "oleomargarine" in plain Roman letters not less than one-half inch square.

SEC. 17. That whenever any person engaged in carrying on the business of manufacturing oleomargarine defrauds, or attempts to defraud, the United States of the tax on the oleomargarine produced by him, or any part thereof, he shall forfeit the factory and manufacturing apparatus used by him, and all oleomargarine and all raw material for the production of oleomargarine found in the factory and on the factory premises, and shall be fined not less than five hundred dollars nor more than five thousand dollars, and be imprisoned not less than six months nor more than three years.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

July 23, 1885.

Whereas certain portions of the Cheyenne and Arapahoe Indian Reservation in the Indian Territory, are occupied by persons other than Indians who claim the right to keep and graze cattle thereon, by agreement made with the Indians for whose special possession and occupancy the said lands have been reserved by the Government of the United States, or under other pretexts and licences:

And whereas all such agreements and licenses are deemed void and of no effect, and the persons so occupying said lands with cattle are considered unlawfully upon the domain of the United States so reserved as aforesaid:

And whereas the claims of such persons under said leases and licenses, and their unauthorized presence upon such reservation, have caused complaint and discontent on the part of the Indians located thereon, and are likely to cause serious outbreaks and disturbances:

Now therefore, I, Grover Cleveland, President of the United States, do hereby order and direct that all persons other than Indians, who are now upon any part of said reservation for the purpose of grazing cattle thereon, and their servants and agents, and all other unauthorized persons now upon said reservation, do within forty days from the date of this Proclamation, depart and entirely remove therefrom with their cattle, horses, and other property.

In witness whereof, I have hereunto set my hand, and caused the seal of the United States to be affixed.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

Announcement of death of General Grant.

The President of the United States has just received the sad tidings of the death of that illustrious citizen and ex-President of the United States, General Ulysses S. Grant, at Mount McGregor, in the State of New York, to which place he had lately been removed in the endeavour to prolong his life.

In making this announcement to the people of the United States, the President is impressed with the magnitude of the public loss of a great military leader, who was in the hour of victory magnanimous; amid disaster, serene and self-sustained; who in every station, whether as a soldier, or as a Chief Magistrate twice called to power by his fellow countrymen, trod unswervingly the pathway of duty, undeterred by doubts, single-minded and straight forward.

The entire country has witnessed with deep emotion his prolonged and patient struggle with painful disease, and has watched by his couch of suffering with tearful sympathy.

The destined end has come at last, and his spirit has returned to the Creator who sent it forth.

The great heart of the Nation that followed him when living with love and pride, bows now in sorrow above him dead, tenderly mindful of his virtues, his great patriotic services, and of the loss occasioned by his death.

Public, business to be suspended on day of funeral.

In testimony of respect to the memory of General Grant, it is ordered, that the Executive Mansion and the several Departments at Washington be draped in mourning for a period of thirty days and that all public business shall, on the day of the funeral, be suspended; and the Secretaries of War and of the Navy will cause orders to be issued for appropriate military and naval honors to be rendered on that day.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 23d day of July, 1885, and of the Independence of the United States, the one hundred and tenth.

GROVER CLEVELAND.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

Preamble.

Whereas, public policy demands that the public domain shall be reserved for the occupancy of actual settlers in good faith, and that our people who seek homes upon such domain, shall in no wise be prevented by any wrongful interference, from the safe and free entry thereon to which they may be entitled:

And whereas, to secure and maintain this beneficent policy, a statute was passed by the Congress of the United States on the twenty-fifth day of February in the year eighteen hundred and eighty-five, which declared to be unlawful all inclosures of any public lands in any State or Territory, to any of which land included within said inclosure the person, party, association, or corporation making or controlling such inclosure,
had no claim or color of title made or acquired in good faith, or an asserted right thereto by or under claim made in good faith with a view to entry thereof at the proper land office; and which statute also prohibited any person, by force, threats, intimidation or by any fencing or inclosure or other unlawful means, from preventing or obstructing any person from peaceably entering upon, or establishing a settlement or residence on, any tract of public land, subject to settlement or entry under the public land laws of the United States, and from preventing or obstructing free passage and transit over or through the public lands:

And whereas, it is by the fifth section of said act provided as follows:

"That the President is hereby authorized to take such means as shall be necessary to remove and destroy any unlawful inclosure of any of said lands, and to employ civil or military force as may be necessary for that purpose."

And whereas, it has been brought to my knowledge that unlawful inclosures, and such as are prohibited by the terms of the aforesaid statute, exist upon the public domain, and that actual legal settlement thereon is prevented and obstructed by such inclosures and by force, threats and intimidation,

Now therefore, I, Grover Cleveland, President of the United States, do hereby order and direct that any and every unlawful inclosure of the public lands, maintained by any person, association or corporation, be immediately removed; and I do hereby forbid any person, association or corporation, from preventing or obstructing by means of such inclosures or by force, threats or intimidation, any person entitled thereto, from peaceably entering upon and establishing a settlement or residence on any part of such public land which is subject to entry and settlement under the laws of the United States.

And I command and require each and every officer of the United States, upon whom the duty is legally devolved, to cause this order to be obeyed, and all the provisions of the act of Congress herein mentioned to be faithfully enforced.

In testimony whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this seventh day of August, one thousand eight hundred and eighty-five, and of the Independence of the United States of America the one hundred and tenth.

No. 4.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

Whereas satisfactory evidence has been received by me that upon vessels of the United States arriving at the port of Boca del Toro, United States of Colombia, no duty is imposed by the ton as tonnage tax or as light money, and that no other equivalent tax on vessels of the United States is imposed at said port by the Colombian Government, and whereas by the provisions of section fourteen of an Act approved June 26th 1884, "to remove certain burdens on the American merchant marine and encourage the American foreign carrying trade, and for other purposes" the President of the United States is authorized to suspend the collection in ports of the United States from ves-

sels arriving from any port in "Central America down to and including Aspinwall and Panama" of so much of the duty at the rate of three cents per ton as may be in excess of the tonnage and light house dues, or other equivalent tax or taxes imposed on American vessels by the Government of the foreign country in which such port is situated.

Now therefore, I, Grover Cleveland, President of the United States of America, by virtue of the authority vested in me by the act and section hereinbefore mentioned do hereby declare and proclaim that on and after this 9th day of September, one thousand eight hundred and eighty-five, the collection of said tonnage duty of three cents per ton shall be suspended as regards all vessels arriving in any port of the United States from the port of Boca del Toro, United States of Colombia.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this 9th day of September one thousand eight hundred and eighty-five, and of the Independence of the United States of America, the one hundred and tenth.

GROVER CLEVELAND.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

The American People have always abundant cause to be thankful to Almighty God, whose watchful care and guiding hand have been manifested in every stage of their national life—guarding and protecting them in time of peril, and safely leading them in the hour of darkness and of danger.

It is fitting and proper that a nation thus favored, should on one day in every year, for that purpose especially appointed, publicly acknowledge the goodness of God, and return thanks to Him for all His gracious gifts.

Therefore I, Grover Cleveland, President of the United States of America, do hereby designate and set apart Thursday the twenty-sixth day of November instant, as a day of public thanksgiving and prayer; and do invoke the observance of the same by all the people of the land.

On that day let all secular business be suspended. And let the people assemble in their usual places of worship, and with prayer and songs of praise, devoutly testify their gratitude to the Giver of every good and perfect gift for all that He has done for us in the year that has passed; for our preservation as a united nation and for our deliverance from the shock and danger of political convulsion; for the blessings of peace and for our safety and quiet while wars and rumors of wars have agitated and afflicted other nations of the earth; for our security against the scourge of pestilence, which in other lands has claimed its dead by thousands and filled the streets with mourners; for plenteous crops which reward the labor of the husbandman and increase our nation's wealth; and for the contentment throughout our borders which follows in the train of prosperity and abundance.

And let there also be on the day thus set apart, a reunion of families, sanctified and chastened by tender memories and associations; and
let the social intercourse of friends, with pleasant reminiscence, renew the ties of affection and strengthen the bonds of kindly feeling.

And let us by no means forget while we give thanks and enjoy the comforts which have crowned our lives that truly grateful hearts are inclined to deeds of charity, and that a kind and thoughtful remembrance of the poor will double the pleasures of our condition and render our praise and thanksgiving more acceptable in the sight of the Lord.

Done at the City of Washington this second day of November, one thousand eight hundred and eighty-five, and of the Independence of the United States the one hundred and tenth.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

A PROCLAMATION.

Whereas it is represented to me by the Governor of the Territory of Washington that domestic violence exists within the said Territory, and that by reason of unlawful obstructions and combinations and the assemblage of evil-disposed persons it has become impracticable to enforce by the ordinary course of judicial proceedings the laws of the United States at Seattle and at other points and places within said Territory, whereby life and property are there threatened and endangered,

And whereas the Legislature of said Territory cannot be convened, and in the judgment of the President an emergency has arisen and a case is now presented which justifies and requires under the Constitution and laws of the United States the employment of military force to suppress domestic violence and enforce the faithful execution of the laws of the United States, if the command and warning of this Proclamation be disobeyed or disregarded:

Now, therefore, I, Grover Cleveland, President of the United States of America, do hereby command and warn all insurgents and all persons who have assembled at any point within the said Territory of Washington, for the unlawful purposes aforesaid, to desist therefrom, and to disperse and retire peaceably to their respective abodes on or before twelve o'clock meridian on the eighth day of November instant;

And I do admonish all good citizens of the United States and all persons within the limits and jurisdiction thereof against aiding, abetting, countenancing, or taking any part in such unlawful acts or assemblages.

In witness whereof, I have set my hand and caused the seal of the United States to be hereunto affixed.

Done at the City of Washington this seventh day of November, in the year of our Lord one thousand eight hundred and eighty-five, and of the Independence of the United States the one hundred and tenth.

CHAP. 91.—An act authorizing the construction of a bridge over the Mississippi River at Saint Louis, Missouri.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the consent of Congress is hereby given to the Saint Louis Merchants’ Bridge Company of Saint Louis, Missouri, a corporation created by the laws of the State of Illinois, or its assigns or successors, or any legally incorporated railroad company or companies which may be associated with it therein, to build a bridge as hereinafter described, and maintain the same, across the Mississippi River at some suitable point between the present Saint Louis bridge known as the Eads Bridge, Saint Clair County, Illinois, and the mouth of the Missouri River: Provided, That no bridge shall be constructed across the Mississippi River within two miles above or two miles below the bridge heretofore constructed and known as the Eads Bridge. Said bridge shall be constructed to provide for the passage of railway trains, and, at the option of the persons by whom it may be built, may be used for the passage of wagons and vehicles, for the transit of animals, and for foot-passengers.

SEC. 2. That any bridge built under this act and subject to its limitations shall be a lawful structure, and shall be recognized and known as a post-route, upon which also no higher charge shall be made for the transmission over the same of the mails, the troops, and the munitions of war of the United States than the rate per mile paid for the transportation over the railroad or public highways leading to the said bridge; and it shall enjoy the rights and privileges of other post-roads in the United States.

SEC. 3. That if the bridge shall be made with unbroken and continuous spans, it shall have at least two channel spans of not less than five hundred feet clear width each, and one span of three hundred feet clear width of channel-way: Provided, That said bridge may have two spans of not less than seven hundred and fifty feet each clear width of channel.
way, if thought best, instead of three spans as aforesaid, the said channel ways to be measured at right angles to the current at any and all stages of water; and said span or spans shall not be of less elevation in any case than fifty feet above high-water mark, as understood at the point of location, to the bottom chords of the bridge, and the piers of said bridge shall be parallel with the current of the river, and there shall not be less than fifty feet at high-water mark from the surface of the water to the bottom chords of said bridge.

SEC. 3. That the said channel ways shall be of such elevation above high-water mark, as to permit the navigation of river vessels on said waters at all stages of water, and said span or spans shall be of such length as to admit the navigation of vessels of the largest classes then on the said river; and said span or spans shall not be of less elevation in any case than fifty feet above high-water mark, as understood at the point of location, to the bottom chords of the bridge, and the piers of said bridge shall be parallel with the current of the river, and there shall not be less than fifty feet at high-water mark from the surface of the water to the bottom chords of said bridge.

SEC. 4. That the piers of all high channel-spans shall be built parallel with the current of the river at that stage of water which is most important for navigation; and riprapping or other protection for imperfect foundations which will materially lessen the water-way shall not be employed in the channel ways of the high spans, and piers which will produce cross-currents or bars dangerous to navigation shall not be constructed; and if, after construction, any piers or protection-walls are found to produce the above-mentioned effects, the nuisance shall be abated or corrected by or at the expense of the persons owning said bridge.

SEC. 5. That in case the approaches to channel-spans, or raft-passages in said bridge be found dangerous or difficult of access by any important class of river traffic, the Secretary of War shall order the construction of such sheer-booms, guide-piers, or other similar device as will obviate the difficulty, which sheer boom, guide-pier, or other device shall be paid for by the persons owning or operating said bridge.

SEC. 6. That the persons owning, controlling, or operating the bridge authorized by this act shall maintain, at their own expense, from sunset to sunrise, throughout the year, and during heavy fogs, such lights or other signals as the Light-House Board shall prescribe, and shall, during the season of navigation, have posted in a conspicuous place on or near the bridge the clear head-room under the channel-span on that day, the figures expressing this height to be not less than two feet high, and to be readily visible from any point in the channel of the river for a stretch of three thousand feet above and one thousand feet below the bridge.

SEC. 7. That no bridge shall be erected or maintained under the authority of this act which shall at any time substantially or materially obstruct the free navigation of said river; and if any bridge erected under such authority shall, in the opinion of the Secretary of War, obstruct such navigation, he is hereby authorized to cause such change or alteration of such bridge to be made as will effectually obviate such obstruction; and all such alterations shall be made and all such obstructions be removed at the expense of the persons owning or controlling said bridge; and in case of any litigation arising from any obstruction or alleged obstruction to the free navigation of said river, caused or alleged to be caused by said bridge, the case may be brought in the circuit courts of the United States of Missouri or Illinois in whose jurisdiction any portion of said bridge may be located.

SEC. 8. That all railroad companies desiring the use of said bridge shall have and be entitled to equal rights and privileges relative to the passage of railway trains over the same, and over the approaches thereto, upon payment of a reasonable compensation for such use; and in case the owner or owners of said bridge and the several railroad companies, or any one of them, desiring such use shall fail to agree upon the sum or sums to be paid, and upon the rules and conditions to which each shall conform in using said bridge, all matters at issue between them shall be decided by the Secretary of War upon a hearing of the allegations and proofs of the parties.

SEC. 9. That any bridge authorized to be constructed under this act shall be built and located under and subject to such regulations for the security of navigation of said river as the Secretary of War shall prescribe; and the said company or corporation shall submit to the Secretary of War, for his examination and approval, a design and drawings

...
of the bridge, and a map of the location, giving, for the space of one mile above and one mile below the proposed location of the bridge, the topography of the banks of the river, the shore-lines at high and low water, the direction and strength of the current at low, medium, and high-water stages, and the soundings, accurately showing the bed of the stream, the location of any other bridge or bridges, and shall furnish such other information as may be required for a full and satisfactory understanding of the subject; and until the said plan and location of the bridge are approved by the Secretary of War the bridge shall not be built; and should any changes be made in the plan of said bridge during the progress of construction, such change shall be subject to the approval of the Secretary of War.

SEC. 10. That in case the construction of the bridge authorized in this act be not commenced within two years and completed within seven years from the date of its approval, then this act shall be null and void.

SEC. 11. That whereas a principal reason for giving authority to build the bridge herein contemplated is to secure reasonable rates and tolls for corporations and individuals for passing over the same, the Saint Louis Merchants’ Bridge Company, or its successors or assigns, shall not agree or consent to the consolidation of this bridge with any other bridge across the Mississippi River, or to the pooling of the earnings of this bridge company with the earnings of any other bridge company on said river, nor shall any person who is or may be a stockholder or director or manager of any other bridge over said river be a stockholder or director or manager of the bridge herein provided for: Provided, That if this provision of this act shall at any time be violated in any of these particulars, such violation shall, without legal proceeding, at once forfeit the privilege hereby granted, and said bridge shall become the property of the United States, and the Secretary of War shall take possession of the same in the name and for the use of the United States.

SEC. 12. That the right to alter, amend, or repeal this act is hereby expressly reserved. And it is further provided that no bridge shall be constructed across the Mississippi River within two miles above or two miles below the bridge herein authorized.

from any other person or persons for doing for him or them a like and contemporaneous service in the transportation of a like kind of traffic under substantially similar circumstances and conditions, such common carrier shall be deemed guilty of unjust discrimination, which is hereby prohibited and declared to be unlawful.

SEC. 3. That it shall be unlawful for any common carrier subject to the provisions of this act to make or give any undue or unreasonable preference or advantage to any particular person, company, firm, corporation, or locality, or any particular description of traffic, in any respect whatsoever, or to subject any particular person, company, firm, corporation, or locality, or any particular description of traffic, to any undue or unreasonable prejudice or disadvantage in any respect whatever.

Every common carrier subject to the provisions of this act shall, according to their respective powers, afford all reasonable, proper, and equal facilities for the interchange of traffic between their respective lines, and for the receiving, forwarding, and delivering of passengers and property to and from their several lines and those connecting therewith, and shall not discriminate in their rates and charges between such connecting lines; but this shall not be construed as requiring any such common carrier to give the use of its tracks or terminal facilities to another carrier engaged in like business.

SEC. 4. That it shall be unlawful for any common carrier subject to the provisions of this act to charge or receive any greater compensation in the aggregate for the transportation of passengers or of like kind of property, under substantially similar circumstances and conditions, for a shorter than for a longer distance over the same line, in the same direction, the shorter being included within the longer distance; but this shall not be construed as authorizing any common carrier within the terms of this act to charge and receive as great compensation for a shorter as for a longer distance: Provided, however, That upon application to the Commission appointed under the provisions of this act, such common carrier may, in special cases, after investigation by the Commission, be authorized to charge less for longer than for shorter distances for the transportation of passengers or property; and the Commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section of this act.

SEC. 5. That it shall be unlawful for any common carrier subject to the provisions of this act to enter into any contract, agreement, or combination with any other common carrier or carriers for the pooling of freights of different and competing railroads, or to divide between them the aggregate or net proceeds of the earnings of such railroads, or any portion thereof; and in any case of an agreement for the pooling of freights as aforesaid, each day of its continuance shall be deemed a separate offense.

Common carriers to print and post schedules.

SEC. 6. That every common carrier subject to the provisions of this act shall print and keep for public inspection schedules showing the rates and fares and charges for the transportation of passengers and property which any such common carrier has established and which are in force at the time upon its railroad, as defined by the first section of this act. The schedules printed as aforesaid by any such common carrier shall plainly state the places upon its railroad between which property and passengers will be carried, and shall contain the classification of freight in force upon such railroad, and shall also state separately the terminal charges and any rates or regulations which in any wise change, affect, or determine any part or the aggregate of such aforesaid rates and fares and charges. Such schedules shall be printed in large type, of at least the size of ordinary pica, and copies for the use of the public shall be kept in every depot or station upon any such railroad, in such places and in such form that they can be conveniently inspected.
Any common carrier subject to the provisions of this act receiving freight in the United States to be carried through a foreign country to any place in the United States shall also in like manner print and keep for public inspection, at every depot where such freight is received for shipment, schedules showing the through rates established and charged by such common carrier to all points in the United States beyond the foreign country to which it accepts freight for shipment; and any freight shipped from the United States through a foreign country into the United States, the through rate on which shall not have been made public as required by this act, shall, before it is admitted into the United States from said foreign country, be subject to customs duties as if said freight were of foreign production; and any law in conflict with this section is hereby repealed.

No advance shall be made in the rates, fares, and charges which have been established and published as aforesaid by any common carrier in compliance with the requirements of this section, except after ten days' public notice, which shall plainly state the changes proposed to be made in the schedule then in force, and the time when the increased rates, fares, or charges will go into effect; and the proposed changes shall be shown by printing new schedules, or shall be plainly indicated upon the schedules in force at the time and kept for public inspection. Reductions in such published rates, fares, or charges may be made without previous public notice; but whenever any such reduction is made, notice of the same shall immediately be publicly posted and the changes made shall immediately be made public by printing new schedules, or shall be plainly indicated upon the schedules at the time in force and kept for public inspection.

And when any such common carrier shall have established and published its rates, fares, and charges in compliance with the provisions of this section, it shall be unlawful for such common carrier to charge, demand, collect, or receive from any person or persons a greater or less compensation for the transportation of passengers or property, or for any services in connection therewith, than is specified in such published schedule of rates, fares, and charges as may at the time be in force.

Every common carrier subject to the provisions of this act shall file with the Commission hereinafter provided for copies of its schedules of rates, fares, and charges in compliance with the requirements of this section, and shall promptly notify said Commission of all changes made in the same. Every such common carrier shall also file with said Commission copies of all contracts, agreements, or arrangements with other common carriers in relation to any traffic affected by the provisions of this act to which it may be a party. And in cases where passengers and freight pass over continuous lines or routes operated by more than one common carrier, and the several common carriers operating such lines or routes establish joint tariffs of rates or fares or charges for such continuous lines or routes, copies of such joint tariffs shall also, in like manner, be filed with said Commission. Such joint rates, fares, and charges on such continuous lines so filed as aforesaid shall be made public by such common carriers when directed by said Commission, in so far as may, in the judgment of the Commission, be deemed practicable; and said Commission shall from time to time prescribe the measure of publicity which shall be given to such rates, fares, and charges, or to such part of them as it may deem it practicable for such common carriers to publish, and the places in which they shall be published; but no common carrier party to any such joint tariff shall be liable for the failure of any other common carrier party thereto to observe and adhere to the rates, fares, or charges thus made and published.

If any such common carrier shall neglect or refuse to file or publish its schedules or tariffs of rates, fares, and charges as provided in this section, or any part of the same, such common carrier shall, in addition to other penalties herein prescribed, be subject to a writ of mandamus.
Writ of damages to issue.

to be issued by any circuit court of the United States in the judicial district wherein the principal office of said common carrier is situated or wherein such offense may be committed, and if such common carrier be a foreign corporation, in the judicial circuit wherein such common carrier accepts traffic and has an agent to perform such service, to compel compliance with the aforesaid provisions of this section; and such writ shall issue in the name of the people of the United States, at the relation of the Commissioners appointed under the provisions of this act; and failure to comply with its requirements shall be punishable as and for a contempt; and the said Commissioners, as complainants, may also apply, in any such circuit court of the United States, for a writ of injunction against such common carrier, to restrain such common carrier from receiving or transporting property among the several States and Territories of the United States, or between the United States and adjacent foreign countries, or between ports of transshipment and of entry and the several States and Territories of the United States, as mentioned in the first section of this act, until such common carrier shall have complied with the aforesaid provisions of this section of this act.

SEC. 7. That it shall be unlawful for any common carrier subject to the provisions of this act to enter into any combination, contract, or agreement, expressed or implied, to prevent, by change of time schedule, carriage in different cars, or by other means or devices, the carriage of freights from being continuous from the place of shipment to the place of destination; and no break of bulk, stoppage, or interruption made by such common carrier shall prevent the carriage of freights from being and being treated as one continuous carriage from the place of shipment to the place of destination, unless such break, stoppage, or interruption was made in good faith for some necessary purpose, and without any intent to avoid or unnecessarily interrupt such continuous carriage or to evade any of the provisions of this act.

SEC. 8. That in case any common carrier subject to the provisions of this act shall do, cause to be done, or permit to be done any act, matter, or thing in this act prohibited or declared to be unlawful, or shall omit to do any act, matter, or thing in this act required to be done, such common carrier shall be liable to the person or persons injured thereby for the full amount of damages sustained in consequence of any such violation of the provisions of this act, together with a reasonable counsel or attorney's fee, to be fixed by the court in every case of recovery, which attorney's fee shall be taxed and collected as part of the costs in the case.

SEC. 9. That any person or persons claiming to be damaged by any common carrier subject to the provisions of this act may either make complaint to the Commission as hereinafter provided for, or may bring suit in his or their own behalf for the recovery of the damages for which such common carrier may be liable under the provisions of this act, in any district or circuit court of the United States of competent jurisdiction; but such person or persons shall not have the right to pursue both of said remedies, and must in each case elect which one of the two methods of procedure herein provided for he or they will adopt. In any such action brought for the recovery of damages the court before which the same shall be pending may compel any director, officer, receiver, trustee, or agent of the corporation or company defendant in such suit to attend, appear, and testify in such case, and may compel the production of the books and papers of such corporation or company party to any such suit; the claim that any such testimony or evidence may tend to criminate the person giving such evidence shall not excuse such witness from testifying, but such evidence or testimony shall not be used against such person on the trial of any criminal proceeding.

SEC. 10. That any common carrier subject to the provisions of this act, or, whenever such common carrier is a corporation, any director or officer thereof, or any receiver, trustee, lessee, agent, or person acting
for or employed by such corporation, who, alone or with any other corporation, company, person, or party, shall willfully do or cause to be done, or shall willingly suffer or permit to be done, any act, matter, or thing in this act prohibited or declared to be unlawful, or who shall aid or abet therein, or shall willfully omit or fail to do any act, matter, or thing in this act required to be done, or shall cause or willingly suffer or permit any act, matter, or thing so directed or required by this act to be done not to be so done, or shall aid or abet any such omission or failure, or shall be guilty of any infraction of this act, or shall aid or abet therein, shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof in any district court of the United States within the jurisdiction of which such offense was committed, be subject to a fine of not to exceed five thousand dollars for each offense.

Sec. 11. That a Commission is hereby created and established to be known as the Inter-State Commerce Commission, which shall be composed of five Commissioners, who shall be appointed by the President, by and with the advice and consent of the Senate. The Commissioners first appointed under this act shall continue in office for the term of two, three, four, five, and six years, respectively, from the first day of January, anno Domini eighteen hundred and eighty-seven, the term of each to be designated by the President; but their successors shall be appointed for terms of six years, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the Commissioner whom he shall succeed. Any Commissioner may be removed by the President for inefficiency, neglect of duty, or malfeasance in office. Not more than three of the Commissioners shall be appointed from the same political party. No person in the employ of or holding any official relation to any common carrier subject to the provisions of this act, or owning stock or bonds thereof, or who is in any manner pecuniarily interested therein, shall enter upon the duties of or hold such office. Said Commissioners shall not engage in any other business, vocation, or employment. No vacancy in the Commission shall impair the right of the remaining Commissioners to exercise all the powers of the Commission.

Sec. 12. That the Commission hereby created shall have authority to inquire into the management of the business of all common carriers subject to the provisions of this act, and shall keep itself informed as to the manner and method in which the same is conducted, and shall have the right to obtain from such common carriers full and complete information necessary to enable the Commission to perform the duties and carry out the objects for which it was created; and for the purposes of this act the Commission shall have power to require the attendance and testimony of witnesses and the production of all books, papers, tariffs, contracts, agreements, and documents relating to any matter under investigation, and to that end may invoke the aid of any court of the United States in requiring the attendance and testimony of witnesses and the production of books, papers, and documents under the provisions of this section.

And any of the circuit courts of the United States within the jurisdiction of which such inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any common carrier subject to the provisions of this act, or other person, issue an order requiring such common carrier or other person to appear before said Commission (and produce books and papers if so ordered) and give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof. The claim that any such testimony or evidence may tend to criminate the person giving such evidence shall not excuse such witness from testifying; but such evidence or testimony shall not be used against such person on the trial of any criminal proceeding.

Sec. 13. That any person, firm, corporation, or association, or any mercantile, agricultural, or manufacturing society, or any body politic
or municipal organization complaining of anything done or omitted to be done by any common carrier subject to the provisions of this act in contravention of the provisions thereof, may apply to said Commission by petition, which shall briefly state the facts; whereupon a statement of the charges thus made shall be forwarded by the Commission to such common carrier, who shall be called upon to satisfy the complaint or to answer the same in writing within a reasonable time, to be specified by the Commission. If such common carrier, within the time specified, shall make reparation for the injury alleged to have been done, said carrier shall be relieved of liability to the complainant only for the particular violation of law thus complained of. If such carrier shall not satisfy the complaint within the time specified, or there shall appear to be any reasonable ground for investigating said complaint, it shall be the duty of the Commission to investigate the matters complained of in such manner and by such means as it shall deem proper.

of such order or requirement shall happen, alleging such violation or disobedience, as the case may be; and the said court shall have power to hear and determine the matter, on such short notice to the common carrier complained of as the court shall deem reasonable; and such notice may be served on such common carrier, his or its officers, agents, or servants, in such manner as the court shall direct; and said court shall proceed to hear and determine the matter speedily as a court of equity, and without the formal pleadings and proceedings applicable to ordinary suits in equity, but in such manner as to do justice in the premises; and to this end such court shall have power, if it think fit, to direct and prosecute, in such mode and by such persons as it may appoint, all such inquiries as the court may think needful to enable it to form a just judgment in the matter of such petition; and on such hearing the report of said Commission shall be prima facie evidence of the matters therein stated; and if it be made to appear to such court, on such hearing or on report of any such person or persons, that the lawful order or requirement of said Commission drawn in question has been violated or disobeyed, it shall be lawful for such court to issue a writ of injunction or other proper process, mandatory or otherwise, to restrain such common carrier from further continuing such violation or disobedience of such order or requirement of said Commission, and enjoining obedience to the same; and in case of any disobedience of any such writ of injunction or other proper process, mandatory or otherwise, it shall be lawful for such court to issue writs of attachment, or any other process of said court incident or applicable to writs of injunction or other proper process, mandatory or otherwise, against such common carrier, and if a corporative, against one or more of the directors, officers, or agents of the same, or against any owner, lessee, trustee, receiver, or other person failing to obey such writ of injunction or other proper process, mandatory or otherwise; and said court may, if it shall think fit, make an order directing such common carrier or other person so disobeying such writ of injunction or other proper process, mandatory or otherwise, to pay such sum of money not exceeding for each carrier or person in default the sum of five hundred dollars for every day after a day to be named in the order that such carrier or other person shall fail to obey such injunction or other proper process, mandatory or otherwise; and such moneys shall be payable as the court shall direct, either to the party complaining, or into court to abide the ultimate decision of the court, or into the Treasury; and payment thereof may, without prejudice to any other mode of recovering the same, be enforced by attachment or order in the nature of a writ of execution, in like manner as if the same had been recovered by a final decree in personam in such court. When the subject in dispute shall be of the value of two thousand dollars or more, either party to such proceeding before said court may appeal to the Supreme Court of the United States, under the same regulations now provided by law in respect of security for such appeal; but such appeal shall not operate to stay or supersede the order of the court or the execution of any writ or process thereon; and such court may, in every such matter, order the payment of such costs and counsel fees as shall be deemed reasonable. Whenever any such petition shall be filed or presented by the Commission it shall be the duty of the district attorney, under the direction of the Attorney-General of the United States, to prosecute the same; and the costs and expenses of such prosecution shall be paid out of the appropriation for the expenses of the courts of the United States. For the purposes of this act, excepting its penal provisions, the circuit courts of the United States shall be deemed to be always in session.

SEC. 17. That the Commission may conduct its proceedings in such manner as will best conduce to the proper dispatch of business and to the ends of justice. Every vote and official act of the Commission shall be entered of record, and its proceedings shall be public upon the request of either party interested. Said Commission shall have an official seal, which shall be judicially noticed. Either of the members of the Commission may administer oaths and affirmations.

Sec. 18. That each Commissioner shall receive an annual salary of seven thousand five hundred dollars, payable in the same manner as the salaries of judges of the courts of the United States. The Commission shall appoint a secretary, who shall receive an annual salary of three thousand five hundred dollars, payable in like manner. The Commission shall have authority to employ and fix the compensation of such other employees as it may find necessary to the proper performance of its duties, subject to the approval of the Secretary of the Interior.

The Commission shall be furnished by the Secretary of the Interior with suitable offices and all necessary office supplies. Witnesses summoned before the Commission shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

Such reports shall also contain such information in relation to rates or regulations concerning fares or freight, or agreements, arrangements, or contracts with other common carriers, as the Commission may require; and the said Commission may, within its discretion, for the purpose of enabling it the better to carry out the purposes of this act, prescribe (if in the opinion of the Commission it is practicable to prescribe such uniformity and methods of keeping accounts) a period of time within...
which all common carriers subject to the provisions of this act shall have, as near as may be, a uniform system of accounts, and the manner in which such accounts shall be kept.

SEC. 21. That the Commission shall, on or before the first day of December in each year, make a report to the Secretary of the Interior, which shall be by him transmitted to Congress, and copies of which shall be distributed as are the other reports issued from the Interior Department. This report shall contain such information and data collected by the Commission as may be considered of value in the determination of questions connected with the regulation of commerce, together with such recommendations as to additional legislation relating thereto as the Commission may deem necessary.

SEC. 22. That nothing in this act shall apply to the carriage, storage, or handling of property free or at reduced rates for the United States, State, or municipal governments, or for charitable purposes, or to or from fairs and expositions for exhibition thereat, or the issuance of mileage, excursion, or commutation passenger tickets; nothing in this act shall be construed to prohibit any common carrier from giving reduced rates to ministers of religion; nothing in this act shall be construed to prevent railroads from giving free carriage to their own officers and employees, or to prevent the principal officers of any railroad company or companies from exchanging passes or tickets with other railroad companies for their officers and employees; and nothing in this act contained shall in any way abridge or alter the remedies now existing at common law or by statute, but the provisions of this act are in addition to such remedies: Provided, That no pending litigation shall in any way be affected by this act.

SEC. 23. That the sum of one hundred thousand dollars is hereby appropriated for the use and purposes of this act for the fiscal year ending June thirtieth, anno Domini eighteen hundred and eighty-eight, and the intervening time anterior thereto.

SEC. 24. That the provisions of sections eleven and eighteen of this act, relating to the appointment and organization of the Commission herein provided for, shall take effect immediately, and the remaining provisions of this act shall take effect sixty days after its passage.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in all cases where any tribe or band of Indians has been, or shall hereafter be, located upon any reservation created for their use, either by treaty stipulation or by virtue of an act of Congress or executive order setting apart the same for their use, the President of the United States be, and he hereby is, authorized, whenever in his opinion any reservation or any part thereof of such Indians is advantageous for agricultural and grazing purposes, to cause said reservation, or any part thereof, to be surveyed, or resurveyed if necessary, and to allot the lands in said reservation in severalty to any Indian located thereon in quantities as follows:

To each head of a family, one-quarter of a section;
To each single person over eighteen years of age, one-eighth of a section;
To each orphan child under eighteen years of age, one-eighth of a section; and
To each other single person under eighteen years of age now living, or who may be born prior to the date of the order of the President directing an allotment of the lands embraced in any reservation, one-sixteenth of a section: Provided, That in case there is not sufficient land in any of said reservations to allot lands to each individual of the classes above named in quantities as above provided, the lands embraced in such reservation or reservations shall be allotted to each individual of each of said classes pro rata in accordance with the provisions of this act: And provided further, That where the treaty or act of Congress setting apart such reservation provides for the allotment of lands in severalty in quantities in excess of those herein provided, the President, in making allotments upon such reservation, shall allot the lands to each individual Indian belonging thereon in quantity as specified in such treaty or act: And provided further, That when the lands allotted are only valuable for grazing purposes, an additional allotment of such grazing lands, in quantities as above provided, shall be made to each individual.

SEC. 2. That all allotments set apart under the provisions of this act shall be selected by the Indians, heads of families selecting for their minor children, and the agents shall select for each orphan child, and in such manner as to embrace the improvements of the Indians making the selection. SEC. 3. That the allotments provided for in this act shall be made by special agents appointed by the President for such purpose, and the agents in charge of the respective reservations on which the allotments are directed to be made, under such rules and regulations as the Secretary of the Interior may from time to time prescribe, and shall be certified by such agents to the Commissioner of Indian Affairs, in duplicate, one copy to be retained in the Indian Office and the other to be transmitted to the Secretary of the Interior for his action, and to be deposited in the General Land Office.

And the fees to which the officers of such local land-office would have been entitled had such lands been entered under the general laws for the disposition of the public lands shall be paid to them, from any moneys in the Treasury of the United States not otherwise appropriated, upon a statement of an account in their behalf for such fees by the Commissioner of the General Land Office, and a certification of such account to the Secretary of the Treasury by the Secretary of the Interior.

SEC. 5. That upon the approval of the allotments provided for in this act by the Secretary of the Interior, he shall cause patents to issue for the same, in the name of the allottees, which patents shall be of the legal effect, and declare that the United States does and will hold the land thus allotted, for the period of twenty-five years, in trust for the sole use and benefit of the Indian to whom such allotment shall have been made, or, in case of his decease, of his heirs according to the laws of the State or Territory where such land is located, and that at the expiration of said period the United States will convey the same by patent to said Indian, or his heirs as aforesaid, in fee, discharged of all charge or incumbrance whatsoever: Provided, That the President of the United States may in any case in his discretion extend the period. And if any conveyance shall be made of the lands set apart and allotted as herein provided, or any contract made touching the same, before the expiration of the time above mentioned, such conveyance or contract shall be absolutely null and void: Provided, That the law of descent and partition in force in the State or Territory where such lands are situate shall apply thereto after patents therefor have been executed and delivered, except as herein otherwise provided; and the laws of the State of Kansas regulating the descent and partition of real estate shall, so far as practicable, apply to all lands in the Indian Territory which may be allotted in severalty under the provisions of this act: And provided further, That at any time after lands have been allotted to all the Indians of any tribe as herein provided, or sooner if in the opinion of the President it shall be for the best interests of said tribe, it shall be lawful for the Secretary of the Interior to negotiate with such Indian tribe for the purchase and release by said tribe, in conformity with the treaty or statute under which such reservation is held, of such portions of its reservation not allotted as such tribe shall, from time to time, consent to sell, on such terms and conditions as shall be considered just and equitable between the United States and said tribe of Indians, which purchase shall not be complete until ratified by Congress, and the form and manner of executing such release shall also be

Said railway company shall have the right to survey and locate its railway immediately after the passage of this act.

SEC. 6. That said company shall cause maps showing the route of its located line through said Territory to be filed in the office of the Secretary of the Interior, and also to be filed in the office of the principal chief of each of the nations or tribes through whose lands said railway may be located; and after the filing of said maps no claim for a subsequent settlement and improvement upon the right of way shown by said maps shall be valid as against said company: Provided, That when a map showing any portion of said railway company's located line is filed as herein provided for, said company shall commence grading said located line within six months thereafter, or such location shall be void; and said location shall be approved by the Secretary of the Interior in sections of twenty-five miles before construction of any such section shall be begun.

Said courts shall have like jurisdiction, without reference to the amount in controversy, over all controversies arising between the inhabitants of said nations or tribes and said railway company; and the civil jurisdiction of said courts is hereby extended within the limits of said Indian Territory, without distinction as to citizenship of the parties, so far as may be necessary to carry out the provisions of this act.

SEC. 9. That said railway company shall build at least fifty miles of its railway in said Territory within three years after the passage of this act, or the rights herein granted shall be forfeited as to that portion not built; that said railroad company shall construct and maintain continually all road and highway crossings and necessary bridges over said railway wherever said roads and highways do now or may hereafter cross said railway's right of way, or may be by the proper authorities laid out across the same.

SEC. 10. That the said Fort Worth and Denver City Railway Company shall accept this right of way upon the express condition, binding upon itself, its successors and assigns, that they will neither aid, advise, nor assist in any effort looking towards the changing or extinguishing the present tenure of the Indians in their land, and will not

CHAP. 319.—An act to grant the right of way through the Indian Territory to the Chicago, Kansas and Nebraska Railway, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Chicago, Kansas and Nebraska Railway Company, a corporation created under and by virtue of the laws of the State of Kansas, be, and the same is hereby, invested and empowered with the right of locating, constructing, owning, equipping, operating, using; and maintaining a railway and telegraph and telephone line through the Indian Territory, beginning at a point on the northern line of said Territory at or near the south line of the State of Kansas crossed by the one hundred and first meridian, thence in a south-westerly direction by the most practicable route toward El Paso, New Mexico, and also beginning at a point on the south line of the State of Kansas near the city of Caldwell, in Sumner County, thence running on the most practicable route to or near Fort Reno, and from thence in a southerly direction to the south line of the Indian Territory in the direction of Galveston, Texas, and also in a southwesterly direction to the south line of said Territory in the direction of Cisco, in the State of Texas, with the right to construct, use and maintain such tracks, turnouts, sidings, and extensions as said company may deem it to their interest to construct along and upon the right of way and depot grounds hereby granted.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railway, and for no other purpose, a right of way one hundred feet in width through said Indian Territory, and to take and use a strip of land two hundred feet in width, with a length of three thousand feet, in addition to right of way, for stations, for every ten miles of road, with the right to use such additional ground where there are heavy cuts or fills, as may be necessary for the construction and maintenance of the road-bed, not exceeding one hundred feet in width on each side of said right of way, or as much thereof as may be included in said cut or fill: Provided, That no more than said addition of land shall be taken for any one station: Provided further, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines; and when any portion thereof shall cease to be so used, such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, and one by said railroad company, who, before entering upon the duties of their appointment, shall take and subscribe before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof: and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the court for the western district of Arkansas or the district of Kansas, upon the application of the other party. The chairman of said board shall appoint the time and place for all hearings, within the nation to which
such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of any case submitted to them under this act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of said nations. Costs, including compensation of the referees, shall be made a part of the award, and be paid by such railroad company. In case the referees cannot agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court for the western district of Arkansas or the district of Kansas, which courts shall have jurisdiction to hear and determine the subject-matter of said petition, according to the laws of the State in which the same shall be heard provided for determining the damage when property is taken for railroad purposes. If upon the hearing of said appeal the judgment of the court shall be for a larger sum than the award of the referees, the cost of said appeal shall be adjudged against the railroad company. If the judgment of the court shall be for the same sum as the award of the referees, then the costs shall be adjudged against the appellant. If the judgment of the court shall be for a smaller sum than the award of the referees, then the costs shall be adjudged against the party claiming damages. When proceedings have been commenced in court, the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then have the right to enter upon the property sought to be condemned and proceed with the construction of the railroad.

SEC. 4. That said railroad company shall not charge the inhabitants of said Territory a greater rate of freight than the rate authorized by the laws of the State of Kansas for services or transportation of the same kind: Provided, That passenger rates on said railway shall not exceed three cents per mile. Congress hereby reserves the right to regulate the charges for freight and passengers on said railway and messages on said telegraph and telephone lines, until a State government or governments shall exist in said Territory within the limits of which said railway, or a part thereof, shall be located; and then such State government or governments shall be authorized to fix and regulate the cost of transportation of persons and freights within their respective limits by said railway; but Congress expressly reserves the right to fix and regulate at all times the cost of such transportation shall extend from one State into another, or shall extend into more than one State: Provided, however, That the rate of such transportation of passengers, local or inter-State, shall not exceed the rate above expressed: And provided further, That said railway company shall carry the mail at such prices as Congress may by law provide; and until such rate is fixed by law the Postmaster-General may fix the rate of compensation.

SEC. 5. That said railway company shall pay to the Secretary of the Interior, for the benefit of the particular nations or tribes through whose lands said main line and branches may be located, the sum of fifty dollars, in addition to compensation provided for in this act for property taken and damages done to individual occupants by the construction of the railway, for each mile of railway that it may construct in said Territory, said payments to be made in installments of five hundred dollars as each ten miles of road is graded: Provided, That if the general council of said nations or tribes through whose lands said railway may be located shall, within four months after the filing of maps of definite location as set forth in section six of this act, dissent from the allowances provided for in this section, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to such dissenting nation or tribe under the provisions of this act shall be determined as provided in section three for the determination of the compensation to be paid to the individual occupant of lands, with the
right of appeal to the courts upon the same terms, conditions, and requirements as therein provided: Provided further, That the amount awarded or adjudged to be paid by said railway company for said dissenting nation or tribe shall be in lieu of the compensation that said nation or tribe would be entitled to receive under the foregoing provision. Said company shall also pay, so long as said Territory is owned and occupied by the Indians, to the Secretary of the Interior, the sum of fifteen dollars per annum for each mile of railway it shall construct in said Territory. The money paid to the Secretary of the Interior under the provisions of this act shall be apportioned by him, in accordance with the laws and treaties now in force between the United States and said nations or tribes, according to the number of miles of railway that may be constructed by said railway company through their lands: Provided, That Congress shall have the right, so long as said lands are occupied and possessed by said nation or tribe, to impose such additional taxes upon said railroad as it may deem just and proper for their benefit; and any Territory or State hereafter formed through which said railway shall have been established may exercise the like power as to such part of said railway as may lie within its limits. Said railway company shall have the right to survey and locate its railway immediately after the passage of this act.

SEC. 6. That said company shall cause maps showing the route of its located line through said Territory to be filed in the office of the Secretary of the Interior, and also to be filed in the office of the principal chief of each of the nations or tribes through whose lands said railway may be located; and after the filing of said maps no claim for a subsequent settlement and improvement upon the right of way shown by said maps shall be valid as against said company: Provided, That when a map showing any portion of said railway company's located line is filed as herein provided for, said company shall commence grading said located line within six months thereafter, or such location shall be void, and said location shall be approved by the Secretary of the Interior in sections of twenty-five miles before construction of any such section shall be begun.

SEC. 7. That the officers, servants, and employees of said company necessary to the construction and management of said road shall be allowed to reside, while so engaged, upon such right of way, but subject to the provisions of the Indian intercourse laws, and such rules and regulations as may be established by the Secretary of the Interior in accordance with said intercourse laws.

SEC. 8. That the United States circuit and district courts for the western district of Arkansas and the district of Kansas, and such other courts as may be authorized by Congress, shall have, without reference to the amount in controversy, concurrent jurisdiction over all controversies arising between said Chicago, Kansas and Nebraska Railway Company and the nation and tribe through whose territory said railway shall be constructed. Said courts shall have like jurisdiction, without reference to the amount in controversy, over all controversies arising between the inhabitants of said nation or tribe and said railway company; and the civil jurisdiction of said courts is hereby extended within the limits of said Indian Territory, without distinction as to citizenship of the parties, so far as may be necessary to carry out the provisions of this act.

SEC. 9. That said railway company shall build at least fifty miles of its railway in said Territory within three years after the passage of this act, or the rights herein granted shall be forfeited as to that portion not built; that said railroad company shall construct and maintain continually all road and highway crossings and necessary bridges over said railway wherever said roads and highways do now or may hereafter cross said railway's right of way, or may be by the proper authorities laid out across the same.
SEC. 10. That the said Chicago, Kansas, and Nebraska Railway Company shall accept this right of way upon the express condition, binding upon itself, its successors and assigns, that they will neither aid, advise, nor assist in any effort looking towards the changing or extinguishing the present tenure of the Indians in their land, and will not attempt to secure from the Indian nation any further grant of land, or its occupancy, than is hereinbefore provided: Provided, That any violation of the condition mentioned in this section shall operate as a forfeiture of all the rights and privileges of said railway company under this act.

SEC. 11. That all mortgages executed by said railway company conveying any portion of its railroad, with its franchises, that may be constructed in said Indian Territory, shall be recorded in the Department of the Interior, and the record thereof shall be evidence and notice of their execution, and shall convey all rights and property of said company as therein expressed.

SEC. 12. That Congress may at any time amend, add to, alter, or repeal this act; and the right of way herein and hereby granted shall not be assigned or transferred in any form whatever prior to the construction and completion of the road, except as to mortgages or other liens that may be given or secured thereon to aid in the construction thereof.

Mar. 3, 1887. CHAP. 337.—An act to authorize the construction of bridges across the Great Kanawha River below the Falls, and to prescribe the dimensions of the same.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That any persons or corporations having lawful authority to erect a bridge or bridges across the Great Kanawha River, in West Virginia, may hereafter erect bridges across said river, for railroad or other uses, upon compliance with the provisions and requirements of this act.

SEC. 2. That every bridge erected across the Great Kanawha River, in West Virginia, shall have its axis at right angles to the current at high towing stages, with its piers parallel to this current, and all of its spans shall be through spans. No riprap or other outside protection for insufficient foundations will be permitted around the channel-piers, and all coffer-dams or other temporary works must be removed by the owners of the bridge before it is opened to traffic. Every such bridge shall have at least one channel-span, the center of which shall be in the middle of the channel usually run by descending coal-fleets in high towing stages, said channel-span to have a clear opening of four hundred feet at low-water line. Said channel-span shall be at least twenty-nine
feet, measured to the lowest part of the span, above local highest water
thus far known, as determined by the United States engineers, and shall
be at least ninety feet above low water in bridges built at or near the
mouth of the river, and seventy-five feet above low water in bridges built
at or near Charleston, West Virginia.

SEC. 3. That any persons or corporations authorized to construct a
bridge across the Great Kanawha River shall give notice by publica-

than two newspapers in each of the cities of Louisville, Kentucky;
Cincinnati, Ohio; Gallipolis, Ohio, and Charleston, West Virginia, and
shall submit to the Secretary of War, for his examination, a design
and drawings of the bridge and piers, and a map of the location, giving,
for the space of at least one mile above and one mile below the proposed
location, the topography of the banks of the river and the shore-lines
at high and low water. This map shall be accompanied by others, drawn
to a scale of one inch to two hundred feet, giving, for a space of one
half a mile above the line of the proposed bridge and a quarter of a
mile below, an accurate representation of the bottom of the river by
contour-lines two feet apart, determined by accurate soundings, and
also showing over the whole width of this part of the river the force
and direction of the currents at low-water and at high towing stages,
by triangulated observations on suitable floats. The maps shall also
show the locations of other bridges, locks, and dams, coal-tipples,
crabs, and all public and private structures in the vicinity inside of
high-water lines, and shall give such other information as the Secretary
of War may require for a full and satisfactory understanding of the
subject. Said maps and drawings shall be referred to a board of
engineer officers for examination and report, which board shall personally
examine the site of the proposed bridge, and shall hold a public session
at some convenient point to hear all objections thereto, of which public
session due notice and invitation to be present shall be given to all
interested parties; and if said board of engineer officers report that the
site is unfavorable, the Secretary of War shall be authorized, on the
recommendation of said board, to order such changes in the bridge or its
piers, or such guiding-dikes or other auxiliary works, as may be neces-

bridge shall only be a legal structure when built as approved by the
Secretary of War.

SEC. 4. That all parties owning, occupying, or operating bridges
over the Great Kanawha River shall maintain, for the security of navi-
gation, at their own expense, from sunset to sunrise, throughout the
year, such lights on their bridges as may be required by the Light-
House Board or the United States engineer officer in charge of said
river; and during the construction of any bridge under this act, such
lights and buoys shall be kept on coffer-dams, crabs, piles of stone, floating
crafts, rafts, and so forth, used in the construction of the bridge,
as may be necessary for the security of navigation.

SEC. 5. That the officers and crews of all vessels, boats, or rafts navi-
gating the Great Kanawha River are required to regulate the use of
the said vessels, and of any pipes or chimneys belonging thereto, so as
not to interfere with the construction of any of the bridges authorized
by the provisions of this act.

SEC. 6. That any bridge constructed under this act and according to
its limitations shall be a lawful structure, and shall be recognized and
known as a post-route, upon which also no higher charge shall be made
for the transmission over the same of the mails, the troops, and the mun-
itions of war of the United States than the rate per mile paid for the
transportation over the railroads or public highways leading to the
said bridge; and the United States shall have the right of way for tele-

litigation arising from any alleged obstruction to the navigation of said
Great Kanawha River created by the construction of any bridge under this act, the cause or question arising may be tried before the circuit or district court of the United States for the district of West Virginia.

SEC. 7. That the right to alter, amend, or repeal this act so as to prevent or remove all material obstructions to the navigation of said river by the future construction of bridges is hereby expressly reserved, without any liability of the Government for damages on account of the alteration or amendment of this act, or on account of the prevention or requiring the removal of any such obstructions; and any change in the construction or any alteration of any such bridge that may be directed at any time by Congress shall be made at the cost and expense of the owners thereof.

Sec. 3. That all railroad companies desiring the use of the bridge constructed under this act shall have and be entitled to equal rights and privileges relative to the passage of railway trains, cars, and locomotives over the same, and over the approaches thereto, upon the payment of a reasonable compensation for such use, to be fixed by the Secretary of War, in case the owner or owners of the said bridge and the several railroad companies, or any of them desiring such use, shall fail to agree upon the sum or sums to be paid; and the Secretary of War shall prescribe the rules and conditions to which each shall conform in using said bridge, and all matters of difference between them shall be decided by the Secretary of War, upon a hearing of the allegations and proofs of the parties.

Said commissioners shall also consider and report whether the interests of the United States require any extension of the time for performance of the obligations to the United States of said companies, or any of them, and the facts and circumstances upon which said opinion is based, including the security held by the United States for the performance of such obligations, and the value thereof, and the value of the property of such companies, and either of them, not included in such security, and what further security it is expedient that said companies shall be required to give; and if, in their opinion, such extension shall be required by the interests of the United States, they shall submit a scheme for such extension, which shall secure to the United States full payment of all debts due them from said companies, with a reasonable rate of interest, in such time as the commissioners shall propose, having due regard to the financial ability of said companies and the proper conduct of their business in such manner as shall afford efficient service to the public.

And the said commission shall report in full in regard to all such matters aforesaid, and in regard to any other matters which may be ascertained or come to their knowledge in regard to said companies respectively, on or before December first, eighteen hundred and eighty-seven, to the President of the United States, who shall forward said report to Congress, with such recommendations or comments as he may see fit to make in the premises.

The commissioners shall also ascertain the average cost per annum of Government transportation in the region now traversed by the Pacific railroads between the year eighteen hundred and fifty and the completion of said roads, and also the average cost per annum since such completion, and what additional facilities have been furnished to the Government and the people by said roads; also to enquire what discount the Pacific Railroad and its several branches were forced to make, in disposing of the bonds guaranteed by the Government, to obtain the gold coin which was the currency of the country through which the greater part of said roads pass; also to ascertain the comparative cost of construction of said roads as compared with what they would have cost with the prices of labor and commodities prevailing five years preceding or five years subsequent to the completion of said roads; also to enquire whether or not the Pacific Railroad was completed in less time than was allowed by law, and, if so, how much less time, and if the United States was benefitted thereby; also to enquire if either of the Pacific railroad companies have been embarrassed and their earning capacity impaired by antagonistic local or State legislation; also to enquire if the United States, since the Union and Central Pacific Railroad Companies accepted the terms proposed by Congress for the construction of the Pacific Railroad, has granted aid in lands for building competing parallel railroads to said Pacific railroads, and, if so, how many such roads, and to what extent such competing lines have impaired the earning capacity of the Pacific rail-
roads; also to enquire if the United States have contracts with branch roads controlled by either of said Pacific roads for carrying United States mails, and, if so, what service has been performed by them, and what money, if any, has been paid for such service, and what remains due and unpaid, and if the United States by failing to pay for such mail services has embarrassed said railroad companies, or either of them, in paying their indebtedness to the United States; also to enquire if the several Pacific railroad companies have complied with the provisions of "An act to alter and amend the act entitled 'An act to aid in the construction of a railroad and telegraph line from the Missouri River to the Pacific Ocean, and to secure to the Government the use of the same for postal, military, and other purposes,' approved July first, eighteen hundred and sixty-two, and also to alter and amend the act of Congress approved July second, eighteen hundred and sixty-four, in amendment of said first-named act," commonly known as the Thurman act, and, if not, in what particulars they have failed to comply; also to enquire what sums the Pacific railroads and their branches can severally pay annually on account of their indebtedness to the United States without imposing such burdens upon the people, and particularly upon the localities through which the roads pass, as to retard the development of the country.

That the commissioners hereby created, or either of them, shall have power to require the attendance and testimony of witnesses and the production of all books, papers, contracts, agreements, and documents relating to the matter under investigation, and to administer oaths; and to that end may invoke the aid of any court of the United States in requiring the attendance and testimony of witnesses and the production of books, papers, and documents under the provisions of this section. Any of the circuit or district courts of the United States within the jurisdiction of which such inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, issue an order requiring any such person to appear before said commissioners, or either of them, as the case may be, and produce books and papers if so ordered, and give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

The claim that any such testimony or evidence may tend to criminate the person giving such evidence, shall not excuse such witness from testifying; but such evidence or testimony shall not be used against such person on the trial of any criminal proceeding.

It shall be the duty of the Attorney-General, under the direction of the President, to take all such steps and proceedings, in the courts and otherwise, as shall be needful to redeem such lien, mortgage, or other incumbrance, and to protect and defend the rights and interests of the United States in respect of the
matters in this section mentioned, and to take steps to foreclose any mortgages or liens of the United States on any such railroad property.

SEC. 5. That the sinking-funds which are or may be held in the Treasury for the security of the indebtedness of either or all of said railroad companies may, in addition to the investments now authorized by law, be invested in any bonds of the United States heretofore issued for the benefit of either or all of said companies, or in any of the first-mortgage bonds of either of said companies which have been issued under the authority of any law of the United States and secured by mortgages of their roads and franchises, which by any law of the United States have been made prior and paramount to the mortgage, lien, or other security of the United States in respect of its advances to either of said companies as provided by law.

All claims founded upon the Constitution of the United States or any law of Congress, except for pensions, or upon any regulation of an Executive Department, or upon any contract, expressed or implied, with the Government of the United States, or for damages, liquidated or unliquidated, in cases not sounding in tort, in respect of which claims the party would be entitled to redress against the United States either in a court of law, equity, or admiralty if the United States were liable: Provided, however, That nothing in this section shall be construed as giving to either of the courts herein mentioned, jurisdiction to hear and determine claims growing out of the late civil war, and commonly known as “war claims,” or to hear and determine other claims, which have heretofore been rejected, or reported on adversely by any court, Department, or commission authorized to hear and determine the same.

That the persons owning, controlling, or operating the bridge authorized by this act shall maintain, at their own expense, from sunset to sunrise, throughout the year, and during heavy fogs, such lights or other signals as the Light-House Board shall prescribe, and shall, during the season of navigation, have posted in a conspicuous place on or near the bridge the clear head-room under the channel-span on that day, the figures expressing this height to be not less than two feet high, and to be readily visible from any point in the channel of the river for a stretch of three thousand feet above and one thousand feet below the bridge. No bridge shall be erected or maintained under the authority of this act which shall at any time substantially or materially obstruct the free navigation of said river, and if any bridge erected under such authority shall, in the opinion of the Secretary of War, obstruct such navigation, he is hereby authorized to cause such change or alteration of said bridge to be made as will effectually obviate such obstruction, and all such alterations shall be made and such obstructions removed at the expense of the owner or owners of said bridge; and in case of any litigation arising from such obstruction or alleged obstruction to the free passage or navigation of said river, caused or alleged to be caused by said bridge, the case may be brought in the district court of the United States of any State in which any portion of said obstruction or bridge may be located.

SEC. 6. That if the construction of the bridge herein authorized shall not be commenced within two years from the passage of this act, and be completed in four years from the same date, the rights and privileges hereby granted shall cease and be determined.

"SEC. 2. That any suit of a civil nature, at law or in equity, arising under the Constitution or laws of the United States, or treaties made, or which are now pending, or which may hereafter be brought, in any State court, may be removed by the defendant or defendants therein to the circuit court of the United States for the proper district any other suit of a civil nature, at law or in equity, of which the circuit courts of the United States are given jurisdiction by the preceding section, and which are now pending, or which may hereafter be brought, in any State court, may be removed into the circuit court of the United States for the proper district by the defendant or defendants therein being non-residents of that State; and when in any suit mentioned in this section there shall be a controversy which is wholly between citizens of different States, and which can be fully determined as between them, then either one or more of the defendants actually interested in such controversy may remove said suit into the circuit court of the United States for the proper district. And where a suit is now pending, or may be hereafter brought, in any State court, in which there is a controversy between a citizen of the State in which the suit is brought and a citizen of another State, any defendant, being such citizen of another State, may remove such suit into the circuit court of the United States for the proper district, at any time before the trial thereof, when it shall be made to appear to said circuit court that from prejudice or local influence he will not be able to obtain justice in such State court, or in any other State court to which the said defendant may, under the laws of the State, have the right, on account of such prejudice or local influence, to remove said cause: Provided, That if it further appear that said suit can be fully and justly determined as to the other defendants in the State court, without being affected by such prejudice or local influence, and that no party to the suit will be prejudiced by a separation of the parties, said circuit court may direct the suit to be remanded, so far as relates to such other defendants, to the State court, to be proceeded with therein.

"At any time before the trial of any suit which is now pending in any circuit court or may hereafter be entered therein, and which has been removed to said court from a State court on the affidavit of any party plaintiff that he had reason to believe and did believe that, from prejudice or local influence, he was unable to obtain justice in said State court, the circuit court shall, on application of the other party examine into the truth of said affidavit and the grounds thereof, and, unless it shall appear to the satisfaction of said court that said party will not be able to obtain justice in such State court, it shall cause the same to be remanded thereto. "Whenever any cause shall be removed from any State court into any circuit court of the United States, and the circuit court shall decide that the cause was improperly removed, and order the same to be remanded to the State court from whence it came, such remand shall be immediately carried into execution, and no appeal or writ of error from the decision of the circuit court so remanding such cause shall be allowed."

PROCLAMATIONS.

No. 1.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA:

A PROCLAMATION.

Whereas, by a Proclamation of the President of the United States, dated the fourteenth day of February in the year eighteen hundred and eighty-four, upon evidence then appearing satisfactory to him that the Government of Spain had abolished the discriminating customs duty theretofore imposed upon the products of, and articles proceeding from, the United States of America, imported into the Islands of Cuba and Porto Rico such abolition to take effect on and after the first day of March of said year eighteen hundred and eighty-four, and by virtue of the authority vested in him by section four thousand two hundred and twenty-eight of the Revised Statutes of the United States, the President did thereby declare and proclaim that on and after the said first day of March, eighteen hundred and eighty-four, so long as the products of, and articles proceeding from, the United States, imported into the Islands of Cuba and Porto Rico, should be exempt from discriminating customs duties, any such duties on the products of and articles proceeding from Cuba and Porto Rico under the Spanish flag should be suspended and discontinued:

And whereas, by Article I. of the Commercial Agreement signed at Madrid the thirteenth day of February, eighteen hundred and eighty-four, it was stipulated and provided that "the duties of the third column of the customs tariffs of Cuba and Porto Rico, which implies the suppression of the differential flag duty" should at once be applied to the products of, and articles proceeding from the United States of America;

And whereas, the complete suppression of the differential flag duty in respect of all vessels of the United States and their cargoes entering the ports of Cuba and Porto Rico is, by the terms of the said Agreement expressly made the consideration for the exercise of the authority conferred upon the President in respect of the suspension of the collection of foreign discriminating duties of tonnage and imposts upon merchandise brought within the United States from Cuba and Porto Rico in Spanish vessels, by said section four thousand two hundred and twenty-eight of the Revised Statutes, which section reads as follows:

(7)
SEC. 4228. Upon satisfactory proof being given to the President, by the government of any foreign nation, that no discriminating duties of tonnage or imposts are imposed or levied in the ports of such nation upon vessels wholly belonging to citizens of the United States, or upon the produce, manufactures, or merchandise imported into the State, same from the United States or from any foreign country, the President may issue his proclamation, declaring that the foreign discriminating duties of tonnage and impost within the United States are suspended and discontinued, so far as respects the vessels of such foreign nation, and the produce, manufactures, or merchandise imported into the United States from such foreign nation, or from any other foreign country; the suspension to take effect from the time of such notification being given to the President, and to continue so long as the reciprocal exemption of vessels, belonging to citizens of the United States, and their cargoes, shall be continued, and no longer.

And whereas, proof is given to me that such complete suppression of the differential flag duty in respect of vessels of the United States and their cargoes entering the ports of Cuba and Porto Rico has not in fact been secured; but that, notwithstanding the said Agreement dated at Madrid February 13, 1884, and in contravention thereof as well as of the provisions of the said section four thousand two hundred and twenty-eight of the Revised Statutes, higher and discriminating duties continue to be imposed and levied in said ports upon certain produce, manufactures or merchandise imported into said ports from the United States or from any foreign country, in vessels of the United States, than is imposed and levied on the like produce, manufactures or merchandise carried to said ports in Spanish vessels:

Now, therefore, I, Grover Cleveland, President of the United States of America, in execution of the aforesaid section four thousand two hundred and twenty-eight of the Revised Statutes, do hereby revoke the suspension of the discriminating customs imposed and levied in the ports of the United States on the products of, and articles proceeding under the Spanish flag from Cuba and Porto Rico, which is set forth and contained in the aforesaid Proclamation dated the fourteenth day of February, eighteen hundred and eighty-four; this revocation of said Proclamation to take effect on and after the twenty-fifth day of October instant.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this thirteenth day of October, in the year of our Lord one thousand eight hundred and eighty-six, and of the Independence of the United States the one hundred and eleventh.

T. F. BAYARD,
Secretary of State.

No. 2.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA:

A PROCLAMATION.

Whereas, satisfactory proof has been given to me by the Government of Spain that no discriminating duties of tonnage or imposts are imposed or levied in the Islands of Cuba and Porto Rico upon vessels wholly belonging to citizens of the United States, or upon the produce, manufactures or merchandise imported in the same from the United States or from any foreign country;
And whereas, notification of such abolition of discriminating duties of tonnage and imposts as aforesaid, has been given to me by a Memorandum of Agreement signed this day in the City of Washington, between the Secretary of State of the United States and the Envoy Extraordinary and Minister Plenipotentiary of Her Majesty the Queen Regent of Spain accredited to the Government of the United States of America;

Now, therefore, I, Grover Cleveland, President of the United States of America, by virtue of the authority vested in me by section four thousand two hundred and twenty-eight of the Revised Statutes of the United States, do hereby declare and proclaim that from and after the date of this my Proclamation, being also the date of the notification received as aforesaid, the foreign discriminating duties of tonnage and impost within the United States are suspended and discontinued, so far as respects the vessels of Spain and the produce, manufactures or merchandise imported in said vessels into the United States from the Islands of Cuba and Port Rico, or from any other foreign country; such suspension to continue so long as the reciprocal exemption of vessels belonging to citizens of the United States, and their cargoes, shall be continued in the said Islands of Cuba and Porto Rico, and no longer.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this twenty-seventh day of October, in the year of our Lord one thousand eight hundred and eighty-six, and of the Independence of the United States the one hundred and eleventh. GROVER CLEVELAND.

T. F. BAYARD,
Secretary of State.

No. 3.

BY THE PRESIDENT OF THE UNITED STATES:

A PROCLAMATION.

It has long been the custom of the People of the United States, on a day in each year especially set apart for that purpose by their Chief Executive, to acknowledge the goodness and mercy of God and to invoke His continued care and protection.

In observance of such custom, I, Grover Cleveland, President of the United States, do hereby designate and set apart Thursday the twenty-fifth day of November instant, to be observed and kept as a day of Thanksgiving and Prayer.

On that day let all our People forego their accustomed employments, and assemble in their usual places of worship, to give thanks to the Ruler of the Universe for our continued enjoyment of the blessings of a free government, for a renewal of business prosperity throughout our Land, for the return which has rewarded the labor of those who till the soil, and for our progress as a people in all that makes a Nation great.

And while we contemplate the infinite power of God in earthquake, flood and storm, let the grateful hearts of those who have been shielded from harm through His mercy, be turned in sympathy and kindness toward those who have suffered through His visitations.

Let us also in the midst of our thanksgiving remember the poor and needy with cheerful gifts and alms, so that our service may, by deeds of charity, be made acceptable in the sight of the Lord.
In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.
Done at the City of Washington this First day of November, in the year of Our Lord one thousand eight hundred and eighty-six, and of the Independence of the United States of America the one hundred and eleventh.

GROVER CLEVELAND.

By the President:
T. F. BAYARD,
Secretary of State.
