Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Hutchinson and Southern Railroad Company, a corporation created under and by virtue of the laws of the State of Kansas, be, and the same is Hutchinson and Southern Railroad Company may build railroad, telegraph, and telephone line through Indian Territory.
hereby, invested and empowered with the right of locating, constructing, equipping, operating, using, and maintaining a railroad, telegraph and telephone line from a point on the north line of the Indian Territory, south of the City of Anthony, in the State of Kansas, into the Indian Territory, to a connection with the Chicago, Kansas and Nebraska Railroad at or near Pond Creek in the Indian Territory, and thence to a connection with the Santa Fe Railroad at or near the city of Guthrie or some point north of there, within the distance of twenty miles, with the right to construct, use, and maintain such tracks, turn-outs, and sidings as said company may deem it to their interest to construct along and upon the right of way and depot grounds herein provided for: Provided, That the company shall have the right to adopt the most feasible and practicable route in following the general direction hereinbefore specified.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railroad, telegraph, and telephone line, and for no other purpose, a right of way one hundred feet in width through said Indian Territory, for said line of the Hutchinson and Southern Railroad Company, and to take and use a strip of land two hundred feet in width with the length of three thousand feet, in addition to the right of way, for stations, for every ten miles of road, with the right to use such additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the road-bed, not exceeding one hundred feet on each side of said right of way, or as much thereof as may be included in said cut or fill: Provided, That no part of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purpose only as shall be necessary for the construction and convenient operation of said railroad, telegraph, and telephone lines; and when any portion thereof shall cease to be so used such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

SEC. 3. That before said railroad shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlements with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, a majority of whom shall be a quorum for the transaction of business, to be appointed one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, and one by the railroad company, who, before entering upon the duties of their appraisements, shall take and subscribe before one of the judges, or the clerk of the supreme court of the Territory of Oklahoma, or a United States Commissioner an oath that they will faithfully and impartially discharge the duties of their appraisement, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof, and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President the vacancy shall be filled by the judges of the supreme court of the Territory of Oklahoma, upon the application of the other party. The chairman of said board shall appoint the time and place of all hearings within the nation to which such occupant belongs. Each of said referees shall receive for his services the sum of four dollars per day for each day they are engaged in the trial of the cause submitted to them under this act, with mileage at five cents per mile. Witnesses shall receive the usual fees allowed by the courts of said
nation. Costs, including compensation of said referees, shall be made a part of the award, and be paid by such railroad company. In case the referees do not agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after the making of the award and notice of the same, to appeal by original petition to the district court of the Territory of Oklahoma having judicial jurisdiction over the place where the land or some part of the same lies, which court shall have jurisdiction to hear and determine the subject-matter of the petition, according to the laws of the State of Kansas for determining the damage when property is taken for railroad purposes. If, upon the hearing of said appeal, the judgment of the court shall be for a larger sum than the award of the referees, or a sum equal to said award, the costs of said appeal shall be adjudged against the railroad company. If the judgment of the court shall be for a less sum than the award made by the referees, then the costs shall be adjudged against the party claiming damages. When proceedings shall have been commenced in court the railroad company shall pay double the amount of the award into court to abide the judgment thereof and then have the right to enter upon the property sought to be condemned and proceed with the construction of the railroad.

The supreme court of said Territory shall have appellate jurisdiction in respect of the final judgment or decree of the district court in this section mentioned. Every appeal shall be taken within sixty days next after the entry of such judgment or decree.

SEC. 4. That said railroad shall not charge the inhabitants of said Territory a greater rate of freight than the rate authorized by the laws of the State of Kansas for services of transportation of the same kind: Provided, That passenger rates on said railroad shall not exceed three cents per mile. Congress hereby reserves the right to regulate the charges for freight and passengers on said railroad and messages on said telegraph and telephone lines until a State government or governments shall exist in said Territory within the limits of which said railroad, or a part thereof, shall be located, and then such State government or governments shall be authorized to fix and regulate the cost of transportation of persons and freights within their respective limits by said railroad; but Congress expressly reserves the right to fix and regulate at all times the cost of such transportation by said railway or said company whenever such transportation shall extend from one State into another or shall extend into more than one State: Provided, however, That the rate of such transportation of passengers, local or interstate, shall not exceed the rate above expressed: And provided further, That said railroad company shall carry the mail at such prices as Congress may by law provide, and until such rate is fixed by law the Postmaster-General may fix the rate of compensation.

SEC. 5. That said railroad company shall pay to the Secretary of the Interior, for the benefit of the particular nation or tribes through whose lands said line may be located, the sum of fifty dollars per mile for each mile of road constructed and maintained in said Indian Territory, in addition to compensation provided for in this act for property taken or damages done individual occupants by the construction of said railroad, said payment to be made in installments of five hundred dollars as each ten miles of road is graded: Provided, That if the general council of either of the nations or tribes through whose lands said railroad may be located shall, within four months after the filing of maps of definite location as set forth in section six of this act, dissent from the allowance hereinbefore provided for, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to such dissenting nation or tribe under the provisions of this act shall be determined as provided in section three.
for the determination of the compensation to be paid to the individual occupants of lands, with the right of appeal to the court upon the same terms, conditions, and requirements as therein provided: Provided further, That the amount awarded or adjudged to be paid by said railroad company for such dissenting nation or tribe shall be in lieu of the compensation the said nation or tribe would be entitled to receive under the foregoing provisions. Said company shall also pay, so long as said Territory is occupied by the Indians, to the Secretary of the Interior the sum of fifteen dollars per annum for each mile of railroad it shall construct and operate in said Territory. The money paid to the Secretary of the Interior under the provisions of this act shall be apportioned by him in accordance with the laws and treaties now in force among the different nations and tribes according to the number of miles of railroad that may be constructed and operated by said company through their lands: Provided, That Congress shall have the right, so long as said lands are occupied and possessed by said nations and tribes, to impose additional taxes upon said railroad as it may deem just and proper for their benefit; and any State or Territory hereafter formed, through which said railroad shall have been established, may exercise the like power as to such part of said railroad as lies within its limits. Said railroad company shall have the right to survey and locate its railroad immediately after the passage of this act.

SEC. 6. That said company shall cause maps showing the route of its located line through said Territory to be filed in the office of the Secretary of the Interior, and also to be filed in the office of the principal chief of each of the nations or tribes through whose lands said railroad may be located, and after the filing of said maps no claim for subsequent settlement or improvement upon the right of way shown by said maps shall be valid against said company: Provided, That when a map showing any portion of said railroad's located line is filed as herein provided for said company shall commence grading said located line within six months thereafter, or such location shall be void; and said location shall be approved by the Secretary of the Interior in sections of twenty-five miles before construction of any such section shall be begun.

SEC. 7. That the officers, servants, and employees of said company necessary to the construction and management of said road shall be allowed to reside, while so engaged, upon such right of way, but subject to the provisions of the Indian intercourse laws and such rules and regulations as may be established by the Secretary of the Interior in conformity with said intercourse laws.

SEC. 8. The courts established under the laws of the United States in the Territory of Oklahoma shall have the same jurisdiction in respect of all cases and controversies arising between said Hutchinson and Southern Railroad Company and every other corporation, organization, association, tribe and person, that the said courts have and may by law exercise in respect of cases and controversies between other citizens of the United States, and this, without reference to the amount in controversy, except as otherwise in this act specially provided.

SEC. 9. That said railroad company shall build and complete its railway in said Territory within eighteen months after the passage of this act or the rights herein granted shall be forfeited as to the portion not built; and it shall not be necessary in such a case for a forfeiture to be declared by judicial process or legislative enactment; and that said company shall construct and maintain continually all road and highway crossings and necessary bridges over said railroad wherever such roads and highways do now or may hereafter cross said railway's right of way, or may be by the proper authorities laid across the same.
SEC. 10. That said Hutchinson and Southern Railroad Company shall accept this right of way upon the express condition, binding upon itself, its successors and assigns, that they will neither aid, advise, nor assist in any effort looking toward the extinguishing or changing the present tenure of the Indians to their lands, and will not attempt to secure from the Indian nations any further grant of land, or its occupancy, than as hereinbefore provided: Provided, That any violation of the conditions mentioned in this section shall operate as a forfeiture of all rights and privileges of said railroad under this act.

SEC. 11. That all mortgages executed by said railroad company conveying any portion of its railroad, with its franchises, that may be constructed in said Indian Territory shall be record in the Department of the Interior, and the record thereof shall be prima facie evidence and notice of their execution, and shall convey all rights and property of said company as therein expressed.

SEC. 12. That Congress may at any time amend, add to, alter, or repeal this act, and the right of way herein and hereby granted shall not be assigned or transferred in any form whatever prior to the construction and completion of said road, except as to mortgages or other lien that may be given or secured thereon to aid in the construction thereof.

Description.

Dedication.

Provided, however, that the whole tract so to be selected and condemned under the provisions of this act shall not exceed two thousand acres nor the total cost thereof exceed the amount of money herein appropriated.

SEC. 2. That the Chief of Engineers of the United States Army, the Engineer Commissioner of the District of Columbia, and three citizens to be appointed by the President, by and with the advice and consent of the Senate, be, and they are hereby, created a commission to select the land for said park, of the quantity and within the limits aforesaid, and to have the same surveyed by the assistant to the said Engineer Commissioner of the District of Columbia in charge of public highways, which said assistant shall also act as executive officer to the said commission.

SEC. 3. That the said commission shall cause to be made an accurate map of said Rock Creek Park, showing the location, quantity, and character of each parcel of private property to be taken for such purpose, with the names of the respective owners inscribed thereon, which map shall be filed and recorded in the public records of the District of Columbia, and from and after the date of filing said map the several tracts and parcels of land embraced in said Rock Creek Park shall be held as condemned for public uses, and the title thereof vested in the United States, subject to the payment of just compensation, to be determined by said commission, and approved by the President of the United States: Provided, That such compensation be accepted by the owner or owners of the several parcels of land.

That if the said commission shall be unable by agreement with the respective owners to purchase all of the land so selected and condemned within thirty days after such condemnation, at the price approved by the President of the United States, it shall, at the expiration of such period of thirty days, make application to the supreme court of the District of Columbia, by petition, at a general or special term, for an assessment of the value of such land as it has been unable to purchase.

Said petition shall contain a particular description of the property selected and condemned, with the name of the owner or owners thereof, if known, and their residences, as far as the same may be ascertained, together with a copy of the recorded map of the park; and the said court is hereby authorized and required, upon such application, without delay, to notify the owners and occupants of the land, if known, by personal service, and if unknown, by service by publication, and to ascertain and assess the value of the land so selected and condemned, by appointing three competent and disinterested commissioners to appraise the value or values thereof, and to return the appraisement to the court; and when the value or values of such land are thus ascertained, and the President of the United States shall decide the same to be reasonable, said value or values shall be paid to the owner or owners, and the United States shall be deemed to have a valid title to said land; and if in any case
the owner or owners of any portion of said land shall refuse or neglect, after the appraisement of the cash value of said lands and improvements, to demand or receive the same from said court, upon depositing the appraised value in said court to the credit of such owner or owners, respectively, the fee-simple shall in like manner be vested in the United States.

SEC. 4. That said court may direct the time and manner in which possession of the property condemned shall be taken or delivered, and may, if necessary, enforce any order or issue any process for giving possession.

SEC. 5. That no delay in making an assessment of compensation, or in taking possession, shall be occasioned by any doubt which may arise as to the ownership of the property, or any part thereof, or as to the interests of the respective owners. In such cases the court shall require a deposit of the money allowed as compensation for the whole property or the part in dispute. In all cases as soon as the said commission shall have paid the compensation assessed, or secured its payment by a deposit of money under the order of the court, possession of the property may be taken. All proceedings hereunder shall be in the name of the United States of America and managed by the commission.

SEC. 6. That the commission having ascertained the cost of the land, including expenses, shall assess such proportion of such cost and expenses upon the lands, lots, and blocks situated in the District of Columbia specially benefited by reason of the location and improvement of said park, as nearly as may be, in proportion to the benefits resulting to such real estate.

If said commission shall find that the real estate in said District directly benefited by reason of the location of the park is not benefited to the full extent of the estimated cost and expenses, then they shall assess each tract or parcel of land specially benefited to the extent of such benefits as they shall deem the said real estate specially benefited. The commission shall give at least ten days' notice in one daily newspaper published in the city of Washington, of the time and place of their meeting for the purpose of making such assessment and may adjourn from time to time till the same be completed. In making the assessment the real estate benefited shall be assessed by the description as appears of record in the District on the day of the first meeting; but no error in description shall vitiate the assessment: Provided, That the premises are described with substantial accuracy. The commission shall estimate the value of the different parcels of real estate benefited as aforesaid and the amount assessed against each tract or parcel, and enter all in an assessment book. All persons interested may appear and be heard. When the assessment shall be completed it shall be signed by the commission, or a majority (which majority shall have power always to act), and be filed in the office of the clerk of the supreme court of the District of Columbia. The commission shall apply to the court for a confirmation of said assessment, giving at least ten days' notice of the time thereof by publication in one daily newspaper published in the city of Washington, which notice shall state in general terms the subject and the object of the application. The said court shall have power, after said notice shall have been duly given, to hear and determine all matters connected with said assessment; and may revise, correct, amend, and confirm said assessment, in whole or in part, or order a new assessment, in whole or in part, with or without further notice or on such notice as it shall prescribe; but no order for a new assessment in part, or any partial adverse action, shall hinder or delay confirmation of the residue, or collection of the assessment thereon. Confirmation of any part of the assessment shall make the same a lien on the real estate assessed.
The assessment, when confirmed, shall be divided into four equal installments, and may be paid by any party interested in full or in one, two, three, and four years, on or before which times all shall be payable, with six per centum annual interest on all deferred payments. All payments shall be made to the Treasurer of the United States, who shall keep the account as a separate fund. The orders of the court shall be conclusive evidence of the regularity of all previous proceedings necessary to the validity thereof, and of all matters recited in said orders. The clerk of said court shall keep a record of all proceedings in regard to said assessment and confirmation. The commission shall furnish the said clerk with a duplicate of its assessment book, and in both shall be entered any change made or ordered by the court as to any real estate. Such book filed with the clerk when completed and certified shall be prima facie evidence of all facts recited therein. In case assessments are not paid as aforesaid the book of assessments certified by the clerk of the court shall be delivered to the officer charged by law with the duty of collecting delinquent real estate taxes in the District of Columbia, who shall proceed to collect the same as delinquent real estate taxes are collected.

No sale for any installment of assessment shall discharge the real estate from any subsequent installment; and proceedings for subsequent installments shall be as if no default had been made in prior ones.

All money so collected may be paid by the Treasurer on the order of the commission to any persons entitled thereto as compensation for land or services. Such order on the Treasurer shall be signed by a majority of the commission and shall specify fully the purpose for which it is drawn. If the proceeds of assessment exceed the cost of the park the excess shall be used in its improvement, under the direction of the officers named in section eight, if such excess shall not exceed the amount of ten thousand dollars. If it shall exceed that amount that part above ten thousand dollars shall be refunded ratably. Public officers performing any duty hereunder shall be allowed such fees and compensation as they would be entitled to in like cases of collecting taxes. The civilian members of the commission shall be allowed ten dollars per day each for each day of actual service. Deeds made to purchasers at sales for delinquent assessments hereunder shall be prima facie evidence of the right of the purchaser, and any one claiming under him, that the real estate was subject to assessment and directly benefited, and that the assessment was regularly made; that the assessment was not paid; that due advertisement had been made; that the grantee in the deed was the purchaser or assignee of the purchaser, and that the sale was conducted legally.

Any judgment for the sale of any real estate for unpaid assessments shall be conclusive evidence of its regularity and validity in all collateral proceedings except when the assessment was actually paid, and the judgment shall estop all persons from raising any objection thereto, or to any sale or deed based thereon, which existed at the date of its rendition, and could have been presented as a defense to the application for such judgment.

To pay the expenses of inquiry, survey, assessment, cost of lands taken, and all other necessary expenses incidental thereto, the sum of one million two hundred thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of any money in the Treasury not otherwise appropriated: Provided, That one-half of said sum of one million two hundred thousand dollars, or so much thereof as may be expended, shall be re-imbursed to the Treasury of the United States out of the revenues of the District of Columbia, in four equal annual installments, with interest at the rate of three per centum per annum upon the deferred payments: And provided further, That one-half of the sum which shall be annually appropriated and expended for the maintenance and improvement of said
lands as a public park shall be charged against and paid out of the revenues of the District of Columbia, in the manner now provided by law in respect to other appropriations for the District of Columbia, and the other half shall be appropriated out of the Treasury of the United States.

Sec. 7. That the public park authorized and established by this act shall be under the joint control of the Commissioners of the District of Columbia and the Chief of Engineers of the United States Army, whose duty it shall be, as soon as practicable, to lay out and prepare roadways and bridle paths, to be used for driving and for horseback riding, respectively, and footways for pedestrians; and whose duty it shall also be to make and publish such regulations as they deem necessary or proper for the care and management of the same. Such regulations shall provide for the preservation from injury or spoliation of all timber, animals, or curiosities within said park, and their retention in their natural condition, as nearly as possible.

in the State of Mississippi, or over the two rivers, the Chickasawhay
and the Leaf, which form the Pascagoula, above their junction in
the said county of Green, at such point or points as said railroad
company may desire or find most practicable in the final location of
its railroad between the city of Mobile, in the State of Alabama, and
either or both the city of Jackson and the village of Brandon, in the
State of Mississippi, and to construct, maintain, and use a bridge or
bridges, and approaches thereto, across the Pearl River in or on the
line of the county of Rankin, in said State of Mississippi, at such

CHAP. 1130.—An act authorizing the use of the Louisville and Portland Canal Basin on certain conditions.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the written contract by and between the city of Louisville, the Louisville and Portland Canal Company, and John F. Byrne, made in the year eighteen hundred and seventy, under which the firm of Byrne and Speed, of Louisville, Kentucky, constructed a basin on the south side of the Louisville and Portland Canal, above Fifteenth street; and also erected buildings, with elevator machinery therein, on land then the property of the Louisville and Portland Canal Company, now the property of the United States, is ratified and confirmed, subject, however, to the following modifications and provisions, to wit: Byrne and Speed, their assignees and grantees, are hereafter to pay to the United States of America, for the use of the land, an annual rental of two hundred and fifty dollars, to be paid semi-annually, through the officer in charge of the canal.

Building restriction. They shall not erect any additional buildings of any kind, but may keep in repair those now standing, or may reconstruct them or any part thereof, in case of destruction by fire or from other cause.

Notice. Said commission shall cause notice to be given to Byrne and Speed, or their assigns, of the time and place of their sitting, and shall, after hearing any evidence offered by Byrne and Speed, or by the officer representing the Government, proceed to hear and determine the matter submitted to them, and if they find that the use of the said basin or buildings is prejudicial to the canal or its use, they will assess and find the value of the excavation and masonry of the basin made and erected by Byrne and Speed in the construction of said basin, and upon the payment or tender by the Secretary of War of the sum so fixed Byrne and Speed shall remove within six months their buildings from the canal property, discontinue the use of said basin, and relinquish all claims under the above-mentioned contract.

Acceptance of ratification. A copy of the finding of the commission shall be furnished to Byrne and Speed, or their assigns.

SEC. 2. That the ratification provided in this act shall not take effect unless within ninety days from its passage Byrne and Speed shall file with the Secretary of War their written acceptance of its
provisions, and in the event Byrne and Speed, or their assigns, shall
at any time fail for the space of six months to pay any installment
of rent due under this act, their right to occupy the property herein
mentioned shall at once cease.

CHAP. 1131.—An act to authorize the Canaveral and South Florida Railroad
Company to construct and maintain a bridge across the Indian River and one across
the Banana River, both in the State of Florida, and to establish the same, in each
case, as a post-road.

Be it enacted by the Senate and House of Representatives of the
United States of America in Congress assembled, That the Canaveral
and South Florida Railroad Company, a corporation organized and ex-
isting under the laws of the State of Florida, its successors and assigns,
be, and is hereby, authorized to construct and maintain a bridge across
the Indian River, and also one across the Banana River, in each case
at a place suitable to commerce and not interfering with navigation,
at such point as may be approved by the Secretary of War, and to
lay on or over said bridges a track or tracks for the more perfect
connection of any railroad or railroads that are or shall be constructed
to said rivers on either or both sides thereof, at or opposite said
points, under the limitations and conditions hereinafter provided.

Said bridges shall not interfere with the free navigation of said
rivers, and in case of any litigation arising from any obstruction or
alleged obstruction to the free navigation of said rivers by reason of
the construction of said bridges the cause may be tried before the
circuit court of the United States in and for any district in whose
jurisdiction any portion of said obstruction or bridges may be. Said
bridges shall be constructed to provide for the passage of railroad
trains, and, at the option of the said company or corporation, its
successors and assigns, for the safe and convenient passage of wagons
and vehicles of all kinds, animals and foot-passengers, for such
reasonable rates of toll as may be fixed from time to time by the
Secretary of War.

SEC. 2. That each of said bridges shall be provided with two or
more draw-openings, each having not less than two hundred feet
clear channel-way, and, in addition to said draw-openings, one or
more fixed channel-spans, each having not less than three hundred
and fifty feet clear channel-way; and every part of the superstruc-
ture of said bridges shall give a clear head room of not less than ten
feet above extreme high-water mark: Provided, That all spans shall
be so located as to afford the greatest possible accommodation to the
river traffic, and a draw-opening shall, if practicable, be located next
or near shore: Provided, also, That if the physical characteristics of
the locality so require, and the interests of navigation be not injured
thereby, the lengths of the fixed spans or the number of draw-
openings may be reduced: Provided, also, That for any two adjacent
draw-openings of two hundred feet each one draw-opening of three
hundred feet may be substituted if, in the opinion of the Secretary
of War, the interests of navigation be not injured thereby.

SEC. 3. That all draw-spans authorized by this act shall be oper-
ated by steam or other reliable mechanical power, and shall be opened
promptly upon reasonable signal for the passage of boats, except
when trains are passing over said span or spans; but in no case shall
unnecessary delay occur in opening said draw after the passage of
trains; and also, that in case the opening of a draw is delayed by
reason of the passing of a train after the signal has been given from
a boat ready to pass through, the draw shall be opened for the pas-
sage of such boat before another train is allowed to pass over the
said span or spans; nor shall there be any unnecessary delay in the
passage of trains over the bridges.

Sec. 4. That all piers shall be built parallel with the current of
the river at that stage of water which is most important for naviga-
tion; and the bridges themselves shall be built as nearly as may be
at right angles thereto; and that riprapping or other protection for
imperfect foundations which will lessen the required water-way shall
not be permitted; and also that piers which will produce cross-cur-
rents or bars dangerous to navigation shall not be constructed; and
if after construction any piers or accessory works are found to pro-
duce the above-mentioned effects, or if any riprapping or other pro-
tection prohibited by this section is found to exist, the nuisance shall
be abated or corrected under the direction of the Secretary of War,
and at the expense of the company or persons owning, controlling,
or operating said bridges.

Sec. 5. That the approaches to said bridges shall be so designed
and constructed as not to interfere with the free discharge of said
river in seasons of flood; and any encroachment on the high-water
cross-section by piers, solid embankments, or otherwise which will
result in unduly accelerating the high-water current at the site of
the bridges shall not be allowed.

Sec. 6. That any corporation, company, or persons owning, con-
trolling, or operating the bridges built under the authority of this
act shall build and maintain at all times, as accessory works to such
bridges, such booms, piers, dikes, guard-fences, and similar devices
as may be necessary to insure at all times a permanent channel for
a sufficient distance above and below the bridge sites, and for the
guiding of rafts, steam-boats, and other water-craft safely under or
through said bridges; and if at any time after the construction of
the bridges and their accessory works the approaches to draw-open-
ings, channel-spans, or raft passages in said bridges are found to be
dangerous or difficult of access by any important class of river traffic
the Secretary of War may, upon the recommendation of the Chief
of Engineers, United States Army, order the corporation, company,
or persons owning, controlling, or operating said bridges to construct
under his directions and to maintain such additional sheer-booms,
dikes, and other devices as will obviate the difficulty mentioned,
which additional sheer-booms, dikes, and other devices shall be built
and maintained at their own expense by said company or persons;
and that said company or persons shall maintain at their own ex-
pense, from sunset to sunrise throughout the season of navigation,
such lights and other signals on said bridges as may be required by
the Light-House Board for the security of navigation.

Sec. 7. That the bridges authorized to be constructed by this act
shall be located and built under and subject to such regulations for
the security of navigation of said rivers as the Secretary of War
shall prescribe; and to secure that object said corporation shall sub-
mit for his examination a design and drawings of the bridges, piers,
approaches, and accessory works, and a map of each location, giving,
for a space of at least three miles above and one mile below the pro-
posed locations, the topography of the banks of the rivers and the
shore-lines at high and low water. These maps shall be accompanied
by others, drawn on the scale of one inch to two hundred feet, giving,
for a space of one-half a mile above the line of the proposed bridges
and one-quarter of a mile below, an accurate representation of the
bottoms of the rivers, by contour lines two feet apart, determined by
accurate soundings, and also showing over the whole width of this
part of the rivers the force and directions of the currents at low
water, at high water, and at least one intermediate stage, by trian-
gulated observations on suitable floats. The maps shall also show
the location of other bridges in the vicinity, and shall give such in-
formation as the Secretary of War may require for a full and satis-
factory understanding of the subject, and the construction of the proposed bridges shall not be commenced until the location and plans thereof are approved by the Secretary of War.

Sec. 8. That any bridges constructed under the authority of this act shall be built under the general supervision of the Secretary of War, and no changes or alterations in plans shall be made during the construction of said bridges or after their completion, unless said changes or alterations conform to the provisions of this act and are authorized by the Secretary of War; that such alterations and changes as may be required by the Secretary of War in said bridges so as to preserve free and convenient navigation shall be made under the direction of the Secretary of War at their own expense by the company or persons owning, controlling, or operating said bridges; that during original construction or in carrying out any authorized changes or repairs of said bridges a navigable channel shall be preserved at the site of the bridges at all times, and the water-way of the river shall not be obstructed to a greater extent than is absolutely necessary; and such lights and buoys shall be kept on all coffer-dams, piles, and so forth, as may be necessary for the security of navigation.

Sec. 9. That whenever the Secretary of War has good reason to believe that any of the provisions of sections four, six, and eight of this act have not been complied with by the company or persons owning, controlling, or operating the bridges authorized under its provisions, it shall be the duty of the Secretary of War, on satisfactory proof thereof, to require the said company or persons to comply with the provisions of said sections; and on failure of said persons or company to comply with said requirements within a reasonable time the Secretary of War shall proceed to cause the necessary work, in the form of additions, alterations, repairs, or removal of obstructions, to be made at the expense of the United States and shall refer the matter, without delay, to the Attorney-General of the United States, whose duty it shall be to institute, in the name of the United States, proceedings in the circuit court of the United States in and for the district in which any portion of said obstructions or bridges may be, for the recovery of such expense, and all moneys accruing from such proceedings shall be covered into the Treasury of the United States.

Sec. 10. That all railroad companies desiring the use of the bridges authorized by this act shall have and be entitled to equal rights and privileges relative to the passage of railway trains or cars over the same, and over the approaches thereto, upon the payment of a reasonable compensation for such use; and in case the owner or owners of said bridges and the several railroad companies, or any one of them, desiring such use shall fail to agree upon the sum or sums to be paid, and upon rules and conditions to which each shall conform in using said bridges, all matters at issue between them shall be decided by the Secretary of War upon a hearing of the allegations and proofs of the parties; and equal privileges in the use of said bridges shall be granted to all telegraph and telephone companies.

Sec. 11. That the bridges constructed, maintained, and operated under this act and according to its limitations shall be lawful structures, and shall be recognized and known in each case as a post-route, upon which also no higher charge shall be made for transportation over the same of the mails, the troops, and the munitions of war of the United States than the rate per mile paid for the transportation of said mails, troops, and munitions over the railroads and public highways leading to said bridges; and the United States shall have the right of way for postal telegraph and telephone purposes over said bridges.
Sec. 12. That this act shall be null and void if actual construction of the bridges herein authorized be not commenced within one year and completed within three years from the date of approval thereof.

Sec. 13. That the right to alter, amend, or repeal this act is hereby expressly reserved; and the right to require the entire removal of the bridges constructed under the provisions of this act at the expense of the owners thereof, whenever Congress shall decide that the public interests require it, is also expressly reserved.

CHAP. 1243.—An act to authorize the construction of a bridge across the Alabama River, at or near Selma, Alabama, by the Selma and Cahawba Valley Railroad Company.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Selma and Cahawba Valley Railroad Company, a corporation existing under the laws of Alabama, its successors and assigns, be, and is hereby, authorized to construct and maintain a bridge across the Alabama River at a place suitable to commerce and not interfering with navigation, at a point at or near Selma, in the State of Alabama, and to lay on or over said bridge a track or tracks for the more perfect connection of any railroad or railroads that are or shall be constructed to said river, on either or both sides thereof, at or opposite said point, under the limitations and conditions hereinafter provided; that said bridge shall not interfere with the free navigation of said river, and in case of any litigation arising from any obstruction or alleged obstruction to the free navigation of said river, by reason of the construction of said bridge, the cause may be tried before the circuit court of the United States in and for any district in whose jurisdiction any portion of said obstruction or bridge may be.

Said bridge shall be constructed to provide for the passage of railroad trains.

SEC. 2. That said bridge shall be provided with one or more draw-openings, each having not less than one hundred and twenty-five feet clear channel-way at low water and in addition to said draw-openings one or more fixed channel-spans, each having not less than two hundred feet clear channel-way; and every part of the superstructure of said bridge shall give a clear head room of not less than ten feet above extreme known high-water mark: Provided, That all spans shall be so located as to afford the greatest possible accommodation to the river traffic, and a draw opening shall, if practicable, be located next or near shore: Provided, also, That if the physical characteristics of the locality so require, and the interests of navigation be not injured thereby, the lengths of the fixed spans or the number of draw-openings may be reduced: Provided, also, That for any two adjacent draw-openings of one hundred and twenty-five feet each one draw-opening of two hundred feet or more may be substituted if in the opinion of the Secretary of War the interests of navigation be not injured thereby.

SEC. 3. That all draw-spans authorized by this act shall be operated by steam or other reliable power, and shall be opened promptly upon reasonable signal for the passage of boats, except when trains are passing over said span or spans; but in no case shall unnecessary delay occur in opening said draw after the passage of trains; and also that in case the opening of a draw is delayed by reason of the passing of a train after the signal has been given from a boat ready to pass through the draw shall be opened for the passage of such boat before another train is allowed to pass over the said span or spans; nor shall there be any unnecessary delay in the passage of trains over the bridge.

SEC. 4. That all piers shall be built as near as may be parallel with the current of the river at that stage of water which is most important for navigation, and the bridge itself shall be built as nearly as may be at right angles thereto; and that riprapping or other protection for imperfect foundations which will lessen the required water-
way shall not be permitted; and also that piers which will produce
cross-currents or bars dangerous to navigation shall not be con-
structed; and if after construction any piers or accessory works are
found to produce the above-mentioned effects, or if any riprapping
or other protection prohibited by this section is found to exist, the
nuisance shall be abated or corrected under the direction of the Sec-
retary of War, at the expense of the company or persons owning, con-
trolling, or operating said bridge.

SEC. 5. That the approaches to said bridge shall be so designed and
constructed as not to interfere with the free discharge of said river
in seasons of flood; and any encroachment on the high-water cross-
section by piers, solid embankments, or otherwise which will result
in unduly accelerating the high-water current at the site of the
bridge shall not be allowed.

SEC. 6. That any corporation, company, or persons owning, con-
trolling, or operating the bridge built under the authority of this
act shall build and maintain at all times, as accessory works to such
bridge, such booms, piers, dikes, guard fences, and similar devices
as may be necessary to insure at all times a permanent channel for
a sufficient distance above and below the bridge site, and for the
guiding of rafts, steam-boats, and other water-craft safely under or
through said bridge; and if at any time after the construction of the
bridge and its accessory works the approaches to draw openings,
channel-spans, or raft-passages in said bridge are found to be dan-
gerous or difficult of access by river traffic, the Secretary of War
may, upon the recommendation of the Chief of Engineers, United
States Army, order the corporation, company, or persons owning,
controlling, or operating said bridge to construct, under his direc-
tions, and to maintain such additional sheer-booms, dikes, and other
devices as will obviate the difficulty mentioned, which additional
sheer-booms, dikes, and other devices shall be built and maintained
at their own expense by said company or persons; and that said
company or persons shall maintain, at their own expense, from sun-
set to sunrise throughout the season of navigation, such lights and
other signals on said bridge as may be required by the Light-House
Board for the security of navigation.

SEC. 7. That the bridge authorized to be constructed by this act
shall be located and built under and subject to such regulations for
the security of navigation on said river as the Secretary of War
shall prescribe; and to secure that object said corporation shall sub-
mit for his examination a design and drawings of the bridge, piers,
approaches, and accessory works, and a map of the location, giving,
for a space of at least three miles above and one mile below the pro-
posed location, the topography of the banks of the river and the
shore-lines at high and low water. This map shall be accompanied
by others drawn on the scale of one inch to two hundred feet, giving,
for a space of one-half a mile above the line of the proposed bridge
and one-quarter of a mile below, an accurate representation of the
bottom of the river, by contour lines five feet apart, determined by
accurate soundings, and also showing over the whole width of this
part of the river the force and direction of the currents at low
water, at high water, and at least one intermediate stage by triangu-
lated observations on suitable floats. The maps shall also show the
location of other bridges in the vicinity, and shall give such in-
formation as the Secretary of War may require for a full and satis-
factory understanding of the subject; and the construction of the
proposed bridge shall not be commenced until the location and plans
thereof are approved by the Secretary of War.

SEC. 8. That any bridge constructed under the authority of this
act shall be built under the general supervision of the Secretary of
War, and no changes or alterations in plans shall be made during
the construction of said bridge or after its completion, unless said
changes or alterations conform to the provisions of this act and are authorized by the Secretary of War. That such alterations and changes as may be required by the Secretary of War in said bridge so as to preserve free and convenient navigation shall be made under the direction of the Secretary of War at the expense of the company or persons owning, controlling, or operating said bridge. That during original construction or in carrying out any authorized changes or repairs of said bridge a navigable channel shall be preserved at the site of the bridge at all times, and the water-way of the river shall not be obstructed to a greater extent than is absolutely necessary, and such lights and buoys shall be kept on all coffer-dams, piles, and so forth, as may be necessary for the security of navigation.

SEC. 9. That whenever the Secretary of War has good reason to believe that any of the provisions of sections four, six, and eight of this act have not been complied with by the company or persons owning, controlling, or operating the bridge authorized under its provisions it shall be the duty of the Secretary of War, on satisfactory proof thereof, to require the said company or persons to comply with the provisions of said sections, and, on failure of said persons or company to comply with said requirements within a reasonable time, the Secretary of War shall proceed to cause the necessary work, in the form of additions, alterations, repairs, or removal of obstructions, to be made at the expense of the United States and shall refer the matter, without delay, to the Attorney-General of the United States, whose duty it shall be to institute, in the name of the United States, proceedings in the circuit court of the United States in and for the district in which any portion of said obstruction or bridge may be, for the recovery of such expense, and all moneys accruing from such proceedings shall be covered into the Treasury of the United States.

SEC. 10. That all railroad companies desiring the use of the bridge authorized by this act shall have and be entitled to equal rights and privileges relative to the passage of railway trains or cars over the same, and over the approaches thereto, upon the payment of a reasonable compensation for such use; and in case the owner or owners of said bridge and the several railroad companies, or any one of them, desiring such use shall fail to agree upon the sum or sums to be paid, and upon rules and conditions to which each shall conform in using said bridge, all matters at issue between them shall be decided by the Secretary of War upon a hearing of the allegations and proofs of the parties; and equal privileges in the use of said bridge shall be granted to all telegraph and telephone companies.

SEC. 11. That the bridge constructed, maintained, and operated under this act and according to its limitations shall be a lawful structure, and shall be recognized and known as a post-route, upon which also no higher charge shall be made for the transportation over the same of the mails, the troops, and the munitions of war of the United States than the rate per mile paid for the transportation of said mails, troops, and munitions over the railroads and public highways leading to said bridge; and the United States shall have the right of way for postal telegraph and telephone purposes over said bridge.

SEC. 12. That this act shall be null and void if actual construction of the bridge herein authorized be not commenced within one year and completed within three years from the date of approval thereof.

SEC. 13. That the right to alter, amend, or repeal this act is hereby expressly reserved; and the right to require the entire removal of the bridge constructed under the provisions of this act, at the expense of the owners thereof, whenever Congress shall decide that the public interests require it, is also expressly reserved.

Approved, October 1, 1890.

CHAP. 1248.—An act granting the right of way to the Sherman and Northwestern Railway Company through the Indian Territory, and for other purposes.

Sherman and Northwestern Railway Company may build railway, telegraph and telephone line through Indian Territory.

Location.

Sidings, etc.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Sherman and Northwestern Railway Company, a corporation created under and by virtue of the laws of the State of Texas, be, and the same is hereby, invested and empowered with the right of locating, constructing, equipping, operating, using, and maintaining a railway, telegraph and telephone line through the Indian Territory, beginning at a point to be selected by said railway company on the north line of the State of Texas, in the counties of Grayson or Cooke, at a suitable and practicable crossing of Red River, in what is known as Delaware Bend of Red River, running thence northerly by the most practicable route through the Indian Territory to and through the coal-fields of or near Ardmore; thence, same direction, between the Missouri, Kansas and Texas and Gulf, Colorado and Santa Fe Railways, to the south line of the State of Kansas, at some point in Cowley County, with the right to construct, use, and maintain such tracks, turn-outs, sidings, and extensions as said company may deem
to their interest to construct along and upon the right of way and
depot grounds herein provided for.

SEC. 2. That said company is authorized to take and use for all
purposes of a railway, and for no other purpose, a right of way one
hundred feet in width through said Territory, and to take and use a
strip of land two hundred feet in width with a length of three thou-
sand feet, in addition to right of way, for stations, for every ten
miles of the road, with the right to use additional ground where
there are heavy, cuts or fills as may be necessary for the construction
and maintenance of the road-bed, not exceeding one hundred feet
in width on each side of said right of way, or as much thereof as
may be included in said cut or fill: Provided, That no more than
said addition of land shall be taken for any one station: And pro-
vided further, That no part of the lands herein authorized to be
taken shall be leased or sold by the company; and they shall not be
used except in such manner and for such purposes only as shall be
necessary for the construction and convenient operation of said rail-
way, telegraph and telephone lines, and when any portion thereof
shall cease to be used, such portion shall revert to the nation or tribe
of Indians from which the same shall have been taken.

SEC. 3. That before said railway shall be constructed through any
lands held by individual occupants, according to the laws, customs,
and usages of any tribe of the Indian nations or tribes through which
it may be constructed, full and complete compensation shall be made
to such occupant for all property to be taken or damage done by
reason of the construction of said railway. In case of failure to
make amicable settlement with any occupant, such compensation
shall be determined by the appointment of three disinterested ref-
eres, to be appointed, one (who shall act as chairman) by the Pres-
ident of the United States, one by the chief of the nation to which
such occupant belongs, and one by said railway company, who, be-
fore entering upon the duties of their appointment, shall take and
subscribe, before a district judge, clerk of a court, or United States
commissioner, an oath that they will faithfully and impartially dis-
charge the duties of their appointment, which oaths duly certified
shall be returned with their award to, and filed with, the Secretary
of the Interior within sixty days from the completion thereof, and a
majority of said referees shall be competent to act in case of the
absence of a member, after due notice; and upon the failure of either
party to make such appointment within thirty days after the ap-
pointment made by the President, the vacancy shall be filled by the
supreme court of the Territory of Oklahoma. Upon the application
of the other party, the chairman of said board shall appoint the time
and place for all hearings within the nation to which said occupant
belongs. Each of said referees shall receive for his services the sum
of four dollars per day for each day they are engaged in the trial of
any case submitted to them under this act, with mileage at five cents
per mile. Witnesses shall receive the usual fees allowed by the
court of said nation; costs, including compensation of the referees,
shall be made a part of the award and be paid by said railway com-
pany. In case the referees can not agree, then any two of them
are authorized to make the award; either party being dissatisfied
with the finding of the referees shall have the right, within ninety
days after making the award and notice of the same, to appeal by
original petition to the supreme court of the Territory of Okla-
ahoma, which court shall have jurisdiction to hear and determine the
subject-matter of said petition according to the laws of the State of
Texas providing for determining the damage when property is taken
for railroad purposes. If upon the hearing of said appeal the judg-
ment of the court shall be for a larger sum than the award of the
referees, the costs of said appeal shall be adjudged against the rail-
way company. If the judgment of the court shall be for the same
FIFTY-FIRST CONGRESS. Sess. I. Ch. 1248. 1890.

Sun or less than the award of the referees, then the costs shall be adjudged against the appellant. When proceedings have been commenced in court the railway company shall pay double the amount of the award into the court to abide the judgment thereof and then have the right to enter upon the property sought to be condemned and proceed with the construction of the railroad.

SEC. 4. That said railway company shall not charge the inhabitants of said Territory a greater rate of freight than the rates authorized by laws of Texas for services of transportation of the same kind; Provided, That passenger rates on said railway shall not exceed three cents per mile. Congress reserving the right to regulate the charges for freight and passengers on said railway and messages on said telegraph and telephone lines until a State government shall be authorized to fix and regulate the cost of transportation of persons and freight within its respective limits by said railway company, but Congress expressly reserves the right to fix and regulate at all times the cost of such transportation by said railway company whenever such transportation shall extend from one State into another, or shall extend into more than one State: Provided, however, That the rate of such transportation of passengers, local or interstate; shall not exceed the rates above expressed: And provided further, That said railway company shall carry the mail at such prices as Congress may by law provide, and until such rate is fixed by law the Postmaster-General may fix the rate of compensation.

SEC. 5. That said railway company shall pay to the Secretary of the Interior, for the benefit of the particular nation or tribe through whose land said line may be located, the sum of fifty dollars, in addition to compensation provided for in this act, for property taken and damages done to individual occupants by the construction of the railway for each mile of railway that it may construct in said Territory; said payments to be made in installments of one thousand two hundred and fifty dollars as each working section of twenty-five miles of road is graded: Provided, That if the general council of either of the nations or tribes through whose lands said railway may be located shall, within four months after filing of the maps of definite location as set forth in section six of this act, dissent from the allowance provided for in this section, and shall certify the same to the Secretary of the Interior, then all compensation to be paid to such dissenting nation or tribe under the provisions of this act shall be determined as provided for in section three for the determination of the compensation to be paid to the individual occupants of lands, with the right of appeal to the courts upon the same conditions, terms and requirements as therein provided: Provided further, That the amount of the award adjudged to be paid by said railway company for such dissenting nation or tribe shall be in lieu of the compensation that said nation or tribe would be entitled to receive under the foregoing provisions; said company shall also pay, so long as said Territory is owned or occupied by the Indians, to the Secretary of the Interior the sum of fifteen dollars per annum for each mile of railway it shall construct in the said Territory. The money paid to the Secretary of the Interior under the provisions of this act shall be apportioned by him, in accordance with the laws and treaties now in force among the different nations and tribes, according to the number of miles of railway that may be constructed by said railway company through their lands: Provided, That Congress shall have the right, as long as said lands are occupied and possessed by said nations or tribes, to impose such additional taxes upon said railway as it may deem just and proper for their benefit, and any Territory or State hereafter formed through which said railway shall have been established may exercise the like powers as to such part of said railway as may be within its limits. Said railway company shall
have the right to survey and locate its railway immediately after the
passage of this act.

Sec. 6. That said company shall cause maps, showing the route of
its located line through said Territory, to be filed in the office of the
Secretary of the Interior, and also to be filed in the office of the prin-
cipal chief of the nations or tribes through whose lands said railway
may be located, and after filing said maps no claim for a subsequent
settlement and improvement upon the right of way shown by said
maps shall be valid as against said company: Provided, That when
a map showing any portion of said railway company’s located line is
filed as herein provided for, said company shall commence grading
said located line within one year thereafter, or said location shall be
void, and said location shall be approved by the Secretary of the
Interior in sections of twenty-five miles before construction of any
such section shall be begun.

Sec. 7. That the officers, servants, and employees of said company
necessary to the construction and management of said road shall be
allowed to reside while so engaged upon said right of way, but subject
to the provisions of the Indian intercourse laws, and such rules
and regulations as may be established by the Secretary of the Interior
in accordance with said intercourse laws.

Sec. 8. That the United States circuit and district courts for the
Indian Territory, and such other courts as may be authorized by
Congress, shall have, without reference to the amount in controversy,
concurrent jurisdiction over all controversies arising between said
Sherman and Northwestern Railway Company and the nations or
tribes through whose territory said railway company shall construct
its lines; said court shall have like jurisdiction, without reference to
the amount in controversy, over all controversies arising between
the inhabitants of said nation or tribe and said railway company,
and the civil jurisdiction of said courts is hereby extended within
the limits of said Indian Territory, without distinction as to citizen-
ship of the parties, so far as may be necessary to carry out the pro-
visions of this act.

Sec. 9. That the said railway company shall build at least one hun-
dred miles of its railway in said Territory within three years after
the passage of this act, and complete main line of the same within
one year thereafter, or the right herein granted shall be forfeited as
to that portion not built; that said railway company shall construct
and maintain continually all fences, roads, and highway crossings,
and necessary bridges over said railway whenever said roads and
highways do now or may hereafter cross said railway’s right of way
or may be by the proper authorities laid out across the same.

Sec. 10. That the said Sherman and Northwestern Railway Com-
pany shall accept this right of way upon the express condition, bind-
ing upon itself, its successors and assigns, that they will neither aid,
advise, nor assist in any effort looking toward the changing or ex-
tinguishing the present tenure of the Indians in their lands, and will
not attempt to secure from the Indian nation any further grant of
lands or its occupancy than is hereinbefore provided: Provided,
That any violation of the conditions mentioned in this section shall
operate as a forfeiture of all rights and privileges of said railway
company under this act.

Sec. 11. That all mortgages executed by said company conveying
any portion of its railway, with the franchises, that may be con-
structed in said Indian Territory shall be recorded in the Department
of the Interior, and the record thereof shall be evidence and notice
of their execution, and shall convey all rights and properties of said
company as therein expressed.

Sec. 12. That Congress may at any time amend, alter, or repeal
this act, and the right of way herein and hereby granted shall not.
be assigned or transferred in any way or form whatever prior to the construction and completion of the road, except as to mortgages or other liens that may be given or secured thereon to aid in construction thereof.

Whereas it appears from the correspondence transmitted to the Senate by the message of the President, of the second day of February, eighteen hundred and seventy-two (Executive Document Numbered Twenty-eight, second session Forty-eighth Congress) and on the twelfth of April, eighteen hundred and eighty-eight (Executive Document Numbered One hundred and forty-three, first session Fiftieth Congress), that since the year eighteen hundred and seventy-one indemnity has been repeatedly demanded by the Executive Department of the United States from the Venezuelan Government, but without avail, for the wrongful seizure, detention, and employment in war and otherwise of the American steam-ships Hero, Nutrias, and San Fernando, the property of the Venezuela Steam Transportation Company, a corporation existing under the laws of the State of New York, and a citizen of the United States, and the imprisonment of its officers, citizens of the United States, under circumstances that render the Republic of Venezuela justly responsible therefor; and

CHAP. 33.—An act authorizing the city of Albany, in the county of Linn, State of Oregon, to construct a bridge across the Willamette River, in said State.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the city of Albany, in the county of Linn, State of Oregon, be authorized and permitted to build a wagon and foot bridge across the Willamette River, at such point as may be selected opposite the said city, and between the counties of Linn and Benton, in said State of Oregon. Such bridge may also, at the option of said city, be so constructed as to be available as a railroad bridge: Provided, That in either case said bridge shall not interfere with the free navigation of said river, and in case of any litigation arising from any obstruction, or alleged obstruction, to the free navigation of said river by reason of the construction of said bridge, the cause may be tried before the circuit court of the United States in and for the district in whose jurisdiction any portion of said obstruction or bridge may be.

SEC. 2. That such bridge, built under the provisions of this act, may, at the option of the city of Albany, be built as a draw-bridge, or with unbroken, continuous spans, provided if such bridge shall be made with unbroken, continuous spans the main span shall be over the main channel of such navigable river, and shall be of such width and the lowest part of the superstructure shall be of such height above extreme high-water mark as the Secretary of War may prescribe, and such bridge shall be at right angles to, and its piers parallel with, the channel or current of said river. And if such bridge, built under this act, shall be constructed as a draw-bridge the same shall be constructed with the opening over the center or channel of the river, and shall be of such width and character of construction as the Secretary of War shall prescribe, and the piers of such bridge shall be parallel with the current, and the draw of such bridge shall be over the main or deep channel of the river: Provided also, That said draw shall be opened promptly upon a reasonable signal for the passage of boats, and in no case shall unnecessary delay occur in opening said draw.

And said city of Albany shall maintain at its own expense, from sunset to sunrise, such lights or other signals on such bridge as the
Light-House Board shall prescribe: Provided also, That said bridge, at the option of the said city of Albany, may be used for the passage of wagons or vehicles of all kinds, for the transit of animals and foot passengers for such reasonable rate of toll as may be approved from time to time by the Secretary of War, but the same may, at the option of the city of Albany, be a free bridge for the passage of vehicles and foot passengers thereon.

Sec. 3. That the bridge authorized to be constructed under this act shall be a lawful structure, and shall be recognized and known as a post-route, and shall enjoy the rights and privileges of other post-roads in the United States, and no higher charge shall be made for the transmission over the same of the mails, troops, or munitions of war of the United States or for other passengers or freight passing over said bridge than the rate per mile paid for transportation over any railroad leading to said bridge. And the United States shall have the right of way for a postal telegraph across said bridge and its approaches.

Said bridge shall be built and located under and subject to such regulations for the security of navigation on navigable rivers as the Secretary of War shall prescribe. To secure that object the said city of Albany shall submit to the Secretary of War, for his examination and approval, a design and drawing of such bridge, and a map of the location, giving, for the space of one mile above and one mile below the location, the topography of the banks of the river, the shore lines at high and low water, the direction and strength of the current at all stages, and the soundings, accurately showing the bed and channel of the stream, and the location of any other bridge or bridges, and shall furnish such other information as may be required for a full and satisfactory understanding of the subject. And until the said plans and location of the bridge are approved by the Secretary of War the bridge shall not be built, and any change made in the plans of such bridge during the progress of the work thereon shall be subject to the approval of the Secretary of War.

Sec. 4. That such alterations or changes as may be required by the Secretary of War or Congress in the bridge constructed under the provisions of this act shall be made by the said city of Albany at its own expense, and at any time after the completion of such bridge the said city of Albany may, at its option, surrender and transfer to the counties of Linn and Benton, in the State of Oregon, said bridge and the entire control and management thereof, in which event and in case of the acceptance thereof by said counties they shall thereafter be subject to all the obligations and conditions imposed upon the city of Albany by the provisions of this act.

Sec. 5. That said city of Albany, or any county or counties, corporation, or persons owning, controlling, or operating the bridge built under the authority of this act shall build and maintain at all times as accessory works to said bridge such booms, piers, dikes, guard-fences, and similar devices as may be necessary to insure at all times a permanent channel for a sufficient distance above and below the bridge site, and for guiding of rafts, steam-boats, and other water-craft safely under or through said bridge, as may be prescribed by the Secretary of War.

Sec. 6. That in case the bridge authorized by this act shall be constructed to provide for the passage of railroad trains, then all railroad companies desiring the use of the bridge shall have and be entitled to equal rights and privileges relative to the passage of railway trains or cars over the same, and over the approaches thereto, upon the payment of a reasonable compensation for such use; and in case the owner or owners of said bridge and the several railroad companies, or any one of them, desiring such use fail to agree upon the sum or sums to be paid, and upon rules and conditions to which each shall conform in using said bridge, all matters at issue between them
shall be decided by the Secretary of War upon a hearing of the allegations and proofs of the parties; and equal privileges in the use of said bridge and approaches shall be granted to all telegraph and telephone companies.

SEC. 7. That this act shall be null and void if actual construction of the bridge herein authorized be not commenced within two years and completed within four years from the date of approval thereof.

CHAP. 65.—An act for the relief of the Mission Indians in the State of California.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That immediately after the passage of this act the Secretary of the Interior shall appoint three disinterested persons as commissioners to arrange a just and satisfactory settlement of the Mission Indians residing in the State of California, upon reservations which shall be secured to them as hereinafter provided.

SEC. 2. That it shall be the duty of said commissioners to select a reservation for each band or village of the Mission Indians residing within said State, which reservation shall include, as far as practicable, the lands and villages which have been in the actual occupation and possession of said Indians, and which shall be sufficient in extent to meet their just requirements, which selection shall be valid when approved by the President and Secretary of the Interior. They shall also appraise the value of the improvements belonging to any person to whom valid existing rights have attached under the public-land laws of the United States, or to the assignee of such person, where such improvements are situated within the limits of any reservation selected and defined by said commissioners subject in each case to the approval of the Secretary of the Interior. In cases where the Indians are in occupation of lands within the limits of confirmed private grants, the commissioners shall determine and define the boundaries of such lands, and shall ascertain whether there are vacant public lands in the vicinity to which they may be removed. And the said commission is hereby authorized to employ a competent surveyor and the necessary assistants.

SEC. 3. That the commissioners, upon the completion of their duties, shall report the result to the Secretary of the Interior, who, if no valid objection exists, shall cause a patent to issue for each of the reservations selected by the commission and approved by him in favor of each band or village of Indians occupying any such reservation, which patents shall be of the legal effect, and declare that the United States does and will hold the land thus patented, subject to the provisions of section four of this act, for the period of twenty-five years, in trust, for the sole use and benefit of the band or village to which it is issued, and that at the expiration of said period the United States will convey the same or the remaining portion not previously patented in severalty by patent to said band or village, discharged of said trust, and free of all charge or incumbrance whatsoever: Provided, That no patent shall embrace any tract or tracts to which existing valid rights have attached in favor of any person under any of the United States laws providing for the disposition of the public domain, unless such person shall acquiesce in and accept the appraisal provided for in the preceding section in all respects and shall thereafter, upon demand and payment of said appraised value, execute a release of all title and claim thereto; and a separate patent, in similar form, may be issued for any such tract or tracts, at any time thereafter. Any such person shall be permitted to exercise the same right to take land under the public-land laws of the United States as though he had not made settlement on the lands embraced in said reservation; and a separate patent, in similar form, may be issued for
any tract or tracts at any time after the appraised value of the improvements thereon shall have been paid: And provided further, That in case any land shall be selected under this act to which any railroad company is or shall hereafter be entitled to receive a patent, such railroad company shall, upon releasing all claim and title thereto, and on the approval of the President and Secretary of the Interior, be allowed to select an equal quantity of other land of like value in lieu thereof, at such place as the Secretary of the Interior shall determine: And provided further, That said patents declaring such lands to be held in trust as aforesaid shall be retained and kept in the Interior Department, and certified copies of the same shall be forwarded to and kept at the agency by the agent having charge of the Indians for whom such lands are to be held in trust, and said copies shall be open to inspection at such agency.

Sec. 4. That whenever any of the Indians residing upon any reservation patented under the provisions of this act shall, in the opinion of the Secretary of the Interior, be so advanced in civilization as to be capable of owning and managing land in severalty, the Secretary of the Interior may cause allotments to be made to such Indians, out of the land of such reservation, in quantity as follows: To each head of a family not more than six hundred and forty acres nor less than one hundred and sixty acres of pasture or grazing land, and in addition thereto not exceeding twenty acres, as he shall deem for the best interest of the allottee, of arable land in some suitable locality; to each single person over twenty-one years of age not less than eighty nor more than six hundred and forty acres of pasture or grazing land and not exceeding ten acres of such arable land.

Sec. 5. That upon the approval of the allotments provided for in the preceding section by the Secretary of the Interior he shall cause patents to issue therefor in the name of the allottees, which shall be of the legal effect and declare that the United States does and will hold the land thus allotted for the period of twenty-five years, in trust for the sole use and benefit of the Indian to whom such allotment shall have been made, or, in case of his decease, of his heirs according to the laws of the State of California, and that at the expiration of said period the United States will convey the same by patent to the said Indian, or his heirs as aforesaid, in fee, discharged of said trust and free of all charge or incumbrance whatsoever. And if any conveyance shall be made of the lands set apart and allotted as herein provided, or any contract made touching the same, before the expiration of the time above mentioned, such conveyance or contract shall be absolutely null and void: Provided, That these patents, when issued, shall override the patent authorized to be issued to the band or village as aforesaid, and shall separate the individual allotment from the lands held in common, which proviso shall be incorporated in each of the village patents.

Sec. 6. That in cases where the lands occupied by any band or village of Indians are wholly or in part within the limits of any confirmed private grant or grants, it shall be the duty of the Attorney-General of the United States, upon request of the Secretary of the Interior, through special counsel or otherwise, to defend such Indians in the rights secured to them in the original grants from the Mexican Government, and in an act for the government and protection of Indians passed by the legislature of the State of California April twenty-second, eighteen hundred and fifty, or to bring any suit, in the name of the United States, in the Circuit Court of the United States for California, that may be found necessary to the full protection of the legal or equitable rights of any Indian or tribe of Indians in any of such lands.

Sec. 7. That each of the commissioners authorized to be appointed by the first section of this act shall be paid at the rate of eight dollars per day for the time he is actually and necessarily employed in
the discharge of his duties, and necessary traveling expenses; and for the payment of the same, and of the expenses of surveying, the sum of ten thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of any money in the Treasury not otherwise appropriated.

Sec. 8. That previous to the issuance of a patent for any reservation as provided in section three of this act the Secretary of the Interior may authorize any citizen of the United States, firm, or corporation to construct a flume, ditch, canal, pipe, or other appliances for the conveyance of water over, across, or through such reservation for agricultural, manufacturing, or other purposes, upon condition that the Indians owning or occupying such reservation or reservations shall, at all times during such ownership or occupation, be supplied with sufficient quantity of water for irrigating and domestic purposes upon such terms as shall be prescribed in writing by the Secretary of the Interior, and upon such other terms as he may prescribe, and may grant a right of way for rail or other roads through such reservation: Provided, That any individual, firm, or corporation desiring such privilege shall first give bond to the United States, in such sum as may be required by the Secretary of the Interior, with good and sufficient securities, for the performance of such conditions and stipulations as said Secretary may require as a condition precedent to the granting of such authority: And provided further, That this act shall not authorize the Secretary of the Interior to grant a right of way to any railroad company through any reservation for a longer distance than ten miles. And any patent issued for any reservation upon which such privilege has been granted, or for any allotment therein, shall be subject to such privilege, right of way, or easement. Subsequent to the issuance of any tribal patent, or of any individual trust patent as provided in section five of this act, any citizen of the United States, firm, or corporation may contract with the tribe, band, or individual for whose use and benefit any lands are held in trust by the United States, for the right to construct a flume, ditch, canal, pipe, or other appliances for the conveyance of water over, across, or through such lands, which contract shall not be valid unless approved by the Secretary of the Interior under such conditions as he may see fit to impose.

before the Commission, may invoke the aid of any court of the United
States in requiring the attendance and testimony of witnesses and
the production of books, papers, and documents under the provisions
of this section.

"And any of the circuit courts of the United States within the
jurisdiction of which such inquiry is carried on may, in case of con-
tumacy or refusal to obey a subpoena issued to any common carrier
subject to the provisions of this act, or other person, issue an order
requiring such common carrier or other person to appear before said
Commission (and produce books and papers if so ordered) and give

tend to criminate the person giving such evidence shall not excuse
such witness from testifying; but such evidence or testimony shall
not be used against such person on the trial of any criminal pro-

"The testimony of any witness may be taken, at the instance of a
party, in any proceeding or investigation depending before the Com-

of a county court, or court of common pleas of any of the United
States, or any notary public, not being of counsel or attorney to
either of the parties, nor interested in the event of the proceeding or
investigation. Reasonable notice must first be given in writing by
the party or his attorney proposing to take such deposition to the
opposite party or his attorney of record, as either may be nearest,
which notice shall state the name of the witness and the time and
place of the taking of his deposition. Any person may be compelled
to appear and depose, and to produce documentary evidence, in the
same manner as witnesses may be compelled to appear and testify
and produce documentary evidence before the Commission as here-
before provided.

"Every person deposing as herein provided shall be cautioned and
sworn (or affirm, if he so request) to testify the whole truth, and
shall be carefully examined. His testimony shall be reduced to
writing by the magistrate taking the deposition, or under his direc-
tion, and shall, after it has been reduced to writing, be subscribed by
the deponent.

"If a witness whose testimony may be desired to be taken by

fore an officer or person designated by the Commission, or agreed
upon by the parties by stipulation in writing to be filed with the
Commission. All depositions must be promptly filed with the Com-
mission."

Witnesses whose depositions are taken pursuant to this act, and
the magistrate or other officer taking the same, shall severally be
entitled to the same fees as are paid for like services in the courts of
the United States.

CHAP. 129.—An act granting to the Umatilla Irrigation Company a right of way through the Umatilla Indian Reservation in the State of Oregon.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the right of way is hereby granted, as hereinafter set forth, to the Umatilla Irrigation Company, a corporation organized and existing under the laws of the State of Oregon, for the construction and maintenance of a water ditch or canal for irrigation purposes from any convenient point on the Umatilla Indian Reservation, in Umatilla County, State of Oregon, near the headwaters of the Umatilla River, across said reservation to Wild Horse Creek, its northwestern boundary, at any convenient point, with the right to divert the waters of said Umatilla River and tributary streams from their beds, and for such purpose to construct and maintain reservoirs, dams, flumes, ditches, and such other structures and devices as may be necessary for storing, conveying, and distributing water at such points as such company may desire to use the same. The rights herein granted are upon express condition that, during their continuance, the grantees or their assigns shall furnish all occupants of lands of said reservation, so situated as to be capable of irrigation from any ditches constructed by them hereunder, with water sufficient for purposes of agricultural and domestic uses and irrigation under such rules and regulations and on such terms as the Secretary of the Interior shall prescribe; and shall not divert or diminish the volume of water in said streams or exhaust either of them, so far as to impair vested rights, or to hinder, or prevent the occupants of lands on said reservation the full enjoyment of said streams either for power, irrigation, or domestic purposes.

Sec. 2. That the right of way hereby granted to said company shall be fifty feet in width on each side of the center line of said ditch or canal, together with ground adjacent to such right of way for dams, reservoirs, and distributing ditches, not exceeding ten acres in the aggregate for every ten miles of said ditch or canal; and said company shall also have the right to enter upon lands adjacent to the line of said ditch or canal and to take therefrom material, stone, earth, and timber necessary for the construction of said ditch or canal.

Sec. 3. That whereas E. J. Summerville, J. P. Bushee, and J. B. Eddy have been appointed by the Secretary of the Interior as Commissioners to appraise the lands of said reservation for the purpose of carrying into effect the provisions of the act of Congress entitled "An act providing for allotment of lands in severalty to the Indians residing upon the Umatilla Reservation, in the State of Oregon, and granting patents therefor, and for other purposes," approved March third, eighteen hundred and eighty-five, and are now acting as such Commissioners, they are hereby appointed Commissioners to fix the amount of compensation to be paid the Indians for such right of way and other grounds, estimating the same by the smallest legal subdivisions in accordance with the public surveys; and also to ascertain and fix the amount of compensation to be made individual members of the confederated tribes of Umatilla, Walla Walla, and Cayuse Indians for damages sustained by them by reason of said ditch or canal crossing lands now inclosed or improved by them; and said compensation and damages shall be ascertained and adjusted, and all surveys made pursuant to such regulations as the Secretary of the Interior shall prescribe, and shall be subject to his approval. In case of the inability or refusal of said Commissioners, or any of them, to act, the Secretary of the Interior shall by appointment supply the vacany or vacancies so caused. The compensation of said Commissioners shall be the same as that now received for the services rendered by them under their aforesaid appointment, and shall be paid by said company: Provided, That the consent of the Indians to said diversion of water, compensation, and right of way shall be obtained by
said irrigation company in such manner as the Secretary of the Interior shall prescribe before any right under this act shall accrue to said company.

SEC. 4. That said company shall not assign, or transfer, or mortgage its right of way for any purpose whatever until said canal shall be completed; except, however, that the company may mortgage said franchise for the purpose of raising money to construct and build said canal: And provided further, That the right herein granted shall be lost and forfeited by said company unless the canal is constructed across said reservation within three years from the passage of this act.

SEC. 5. That the right of immediate entry upon the lands of said reservation for the purpose of making surveys of the line of the ditch or canal of said company is hereby granted, but no right of any kind in or to any part of the right of way or other grounds above mentioned shall vest in said company until plats thereof, made upon actual survey for the definite location of said ditch or canal, including the points for dams, reservoirs, and distributing ditches, with the amount of ground requisite for such purposes, shall be filed with the Secretary of the Interior, and until the compensation for said lands and for the services of said Commissioners has been fixed and paid.

SEC. 6. That whereas under the provisions of the act of Congress above mentioned the lands of said reservation are soon to be allotted to the Indians belonging thereto in severalty, the Secretary of the Interior shall hold the moneys paid to him by said company for right of way and other grounds, as above provided, until such allotment in severalty shall have been perfected, and thereupon he shall pay over to the Indians to whom shall be allotted the lands traversed by said ditch or canal the amount of compensation assessed by the Commissioners as properly appertaining to the tract of land to each Indian allotted. Payments for improved or inclosed lands held by Indians prior to such allotment and damaged by the construction of said ditch or canal shall be made to the several Indians affected thereby immediately upon the appraisement of said Commissioners being made, and vouchers for such payments, attested by the agent in charge of the reservation, shall be filed by said company with the Secretary of the Interior at the time of filing its plat of location of said ditch or canal.

SEC. 7. That any failure in the performance of the conditions prescribed in this act shall be taken and deemed to work a forfeiture of the rights herein granted, without any act of Congress or judgment of court declaring the same.

SEC. 8. That the right to alter, amend, or repeal this act is hereby reserved.

with the same effect (except as to the number of judges) as if this act
had not passed.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it shall be lawful for the New Jersey and Staten Island Junction Railroad Company, a corporation existing under the laws of the State of New York, to build and maintain a tunnel under the waters of the bay of New York, from a point in the town of Middletown, in the county of Richmond, in said State, to a point in the town of New Utrecht, in the county of Kings, in said State, for the passage of railroad trains, engines, and cars in and through the same, and to lay in and through said tunnel such and so many railway tracks as may be necessary for the use of said company, and such connections or extensions thereof as may be made, and for the use and more perfect connection of any and all railroads that are or shall be constructed to the said points, and that all railway companies desiring to use the said tunnel shall have and be entitled to equal rights and privileges in the passage through the same, and in the use of the tracks and fixtures thereof, and of all the approaches thereto, for a reasonable compensation, to be paid to the owners of said tunnel, under and upon such terms and conditions as shall be agreed to by the owners of said tunnel and such other railway companies: Provided, however, That in case such parties can not so agree then, and in such case, such other railway companies shall have the right to so use the tunnel under such terms and conditions as shall be prescribed by the Secretary of War, after hearing the allegations and proof of the respective parties.
SEC. 2. That said tunnel shall be so constructed as not in any manner to interfere with the navigation of ships, steamboats, and other water-craft in the said bay of New York; that the upper surface of the covering arch of the said tunnel shall be placed at a depth below the bed of the said bay sufficient to save and protect the waters of the said bay and the currents and channels thereof from any change or alteration by reason of the construction of the said tunnel or any part thereof; and no obstruction, either of a temporary or permanent character, to the free and unrestricted navigation of the said bay of New York shall be built anywhere within the waters of said bay in connection with the construction of the tunnel or any part thereof.

SEC. 3. SEC. 4. That the plan and location of said tunnel, with a detailed map of the bay of New York at, over, and near to the proposed site of the said tunnel, exhibiting the depth of water and the currents and channel thereof, shall be submitted to the Secretary of War for his approval, and until he shall approve the plan and location of said tunnel, it shall not be built, but upon the approval of said plans by the Secretary of War the said company may proceed to the building of the said tunnel in conformity with said approved plan; and no change shall be made in the plan or location of said tunnel during the progress of the work thereon, except the same be first approved by the Secretary of War.

CHAP. 165.—An act to ratify and confirm agreements with the Sac and Fox Nation of Indians, and the Iowa tribe of Indians, of Oklahoma Territory, and to make appropriations for carrying out the same.

Whereas David H. Jerome, Alfred M. Wilson, and Warren G. Sayre, duly appointed commissioners on the part of the United States, did on the twelfth day of June, eighteen hundred and ninety, conclude an agreement with the Sac and Fox Nation of Indians, occupying a reservation in the Territory of Oklahoma, formerly a part of the Indian Territory, which said agreement is in words and figures as follows, to wit:

Articles of Agreement made and entered into at the seat of Government of the Sac and Fox Nation in the Indian Territory on the twelfth day of June eighteen hundred and ninety, by and between the United States of America, on the part of the said United States, and David H. Jerome, Alfred M. Wilson, and Warren G. Sayre, on the part of the Sac and Fox Nation of Indians, and the Iowa tribe of Indians, and to make appropriations for carrying out the same.
David H. Jerome, Alfred M. Wilson and Warren G. Sayre, Commissioners on the part of the United States, appointed for the purpose and the Sac and Fox Nation, witnesseth:

**ARTICLE I.** The said the Sac and Fox Nation hereby cedes, conveys, transfers, surrenders and forever relinquishes to the United States of America, all their title, claim or interest, of every kind or character, in and to the following described tract of land or country, in the Indian Territory, to-wit: Beginning at a point on the left bank of the North fork of the Canadian River, where the West boundary line of the Creek Reservation crosses the same; thence North with said West boundary line to the right bank of the Cimarron River; thence up the said Cimarron River along the right bank thereof to a point on said right bank of said river, where the Section line between Sections Nineteen and Twenty (20) of Township Eighteen (18) North, of Range (4) East of the Indian Meridian strikes the same; thence South on the Section line between Sections Nineteen (19) and Twenty (20) Twenty nine (29) and Thirty (30) Thirty-one (31) and Thirty-two (32), of said Township Eighteen (18), and between Sections Five (5) and Six (6), Seven (7) and Eight (8) Seventeen (17) and Eighteen (18) Nineteen (19) and Twenty (20) Twenty-nine (29) and Thirty (30) Thirty-one (31) and Thirty two (32), of Townships Seventeen (17), Sixteen (16) Fifteen (15), Fourteen (14) North, and between Sections Five (5) and Six (6) Seven (7) and Eight (8) and Sections Seventeen (17) and Eighteen (18) of Township Thirteen (13) North, all in range Four (4) East of the Indian Meridian, to the Southeast corner of Section Eighteen (18) in said Township Thirteen (13); thence West on the Section line between Sections Eighteen (18) and Nineteen (19), to the Range line between Ranges Three (3) and Four (4), East of said Indian Meridian, thence South on said Range line to a point on the left bank of the North Fork of the Canadian River, where the said Range line strikes the said river; thence down the said North fork of the Canadian River, along the left bank thereof to the place of beginning:

Also the tract of land situated in Township Ten (10) North of Range Four (4) East of said Indian Meridian, North of the North fork of the Canadian River, (not within the limits of the tract of country above-described), and bounded as follows:

Beginning at the point on the left bank of the North Fork of the Canadian River where the Range line between the Ranges Three (3) and Four (4) East strikes the said river; thence up said river along the left bank thereof to a point on said left bank where the said Range Line again intersects said river; thence South on said Range Line to a point on the left bank of said River where said Range line again intersects said River; thence down said river along the left bank thereof to the place of beginning—and all other land or country in Indian Territory, in which said Sac and Fox Nation has or claims any title, claim or interest.

Provided however the quarter section of land on which is now located the Sac and Fox Agency shall not pass to the United States by this cession, conveyance, transfer, surrender and relinquishment, but shall remain the property of said Sac and Fox Nation, to the full extent that it is now the property of said Nation—subject only to the rights of the United States therein, by reason of said Agency being located thereon, and subject to the rights, legal and equitable, of those persons that are now legally located thereon. And it is agreed that the National Council of the said Sac and Fox Nation shall have the right at any time, subject to the approval of the Secretary of the Interior for the time being, to sell and convey said quarter section of land, or any part thereof, saving in such conveyance the rights of the United States and of persons legally located thereon—for the benefit of said Sac and Fox Nation, but shall not be subject to be taken by any citizen of the Sac and Fox Nation, in allotment, nor subject to home-
stead entry under any law of the United States. And the section of land now designated and set apart near the Sac and Fox Agency, for a school and farm, shall not be subject either to allotment to an Indian or to homestead entry under the laws of the United States—but shall remain as it now is and kept for school and farming purposes, so long as said Sac and Fox Nation shall so use the same,—Provided however, that at the time allotments are being taken, as hereinafter provided for, the National Council of said Sac and Fox Nation may release from the operation of this part of the agreement one or more quarters of said school section of land and such part or parts so released, shall thereby become subject to allotment hereunder, or to homestead entry. And for each quarter of said school section so released, the said National Council shall have the right to select anywhere in said Reservation another quarter section of land, except in Section Sixteen (16) and Section Thirty-six (36) of any Congressional Township—to be held as said school section is provided herein to be held,—so long as said Sac and Fox Nation shall use the same for school purposes or for farming purposes in connection with this said school.

ARTICLE II. In consideration of the cession, conveyance, transfer, surrender and relinquishment by said Sac and Fox Nation of all of their title, claim and interest, of every kind and character in and to the lands described in the preceding Article, the United States of America hereby agrees with said Sac and Fox Nation that each and every citizen thereof over the age of Eighteen (18) years shall have the right to select for himself one fourth of a section of land in one body, in a square form, to conform in boundaries to the legal surveys, anywhere in the tract of country hereinbefore described, except in Sections Sixteen (16) and Thirty-six (36) in each Congressional Township and said one quarter section of land where said Agency is located and said school section or other lands selected in lieu thereof.

The father of any child, or if the father be dead, the mother, shall have the right to select for each of his or her children, under Eighteen (18) years of age, one quarter section of land, in one body, in a square form, under the same restrictions, only as above provided for citizens over the age of Eighteen (18) years. If there shall be a child under Eighteen (18) years of age, and having neither father nor mother, then the agent for the time being, at said Sac and Fox Agency, shall select for such child the same amount of land, under the same restrictions and limitations, as are above provided for other children.

ARTICLE III. The United States Indian Agent at the Sac and Fox Agency shall retain and pay out the share thereof, belonging to any insane or imbecile citizen of said Nation, for his or her sole use and benefit, either for necessary support or for the improvement of his or her land; the share thereof belonging to orphan children under Twenty-one years of age and un-married, shall be retained in the Treasury of the United States, until he or she shall marry or become Twenty-one years of age, when he or she shall be entitled to receive and receipt for the same at said Sac and Fox Agency, free of charge; or if the National Council shall at any time deem any orphan child capable of taking proper care of his or her money, said Council may make an order to that effect, upon which order being made the United States Indian Agent at said Sac and Fox Agency shall make requisition for such persons money, which at the ensuing annuity payment shall be paid to such person. It is the purpose and intention and agreement that no part of this fund shall ever pass under the control of any guardian appointed by or acting under any State or Territorial authority.

It is further agreed that no part of said sum of Four Hundred and Eighty-five Thousand Dollars shall be applied in payment of any claim preferred against said Sac and Fox Nation, alleged to have accrued prior to the ratification of this agreement.

ARTICLE V. It is further agreed that the Department of the Interior, shall, as soon as practicable, after the ratification of this agreement by the Congress of the United States, send to said Sac and Fox Agency a competent corps of allotting agents and necessary assistants, to make, survey, designate and describe, the allotments herein provided for—who shall give a notice in writing to the prin-
principal Chief of the Sac and Fox Nation, that they are prepared and ready to proceed in making such allotments—and said Sacs and Foxes shall then have four months from the time of giving such notice to complete the taking of their allotments, and if, at the end of such period of four months, it shall be ascertained that any of the citizens of said nation, have failed or refused to take their said allotments, then, the United States Indian Agent, for the time being, at said Sac and Fox Agency, shall make selections for such persons, which shall have the same effect, as if such persons had made such selections for themselves. It is further agreed that as soon as such allotments are so made, and approved by the Department of the Interior, and the provisional patents herein-before provided for are issued, then the residue of said tract of country, shall, as far as said Sac and Fox Nation is concerned, become public lands of the United States, and under such restrictions as may be imposed by law, be subject to white settlement.

ARTICLE VI. It is further agreed that whenever any citizen of said Sac and Fox Nation shall have made and owns valuable improvements on any lands in said reservation, he or she shall have the preference over any other citizen of said Nation to take his or her allotments so as to embrace said improvements, provided they shall be limited as herein-before provided as to boundaries and area.

ARTICLE VII. It is further agreed that the beneficiaries of this agreement shall be limited to those persons whose names are now on the roll as Sacs and Foxes at the said Sac and Fox Agency; and those that may be born to them, and entitled by the laws and customs of said Sac and Fox Nation to go upon said roll before said allotments are made; and those that may be adopted into said Nation according to law by the National Council, before said allotments are made.

ARTICLE VIII. This agreement shall be in force and have effect from and after its ratification by the National Council of the Sac and Fox Nation and the Congress of the United States.

In witness whereof the said David H. Jerome, Alfred M. Wilson, and Warren G. Sayre, Commissioners on the part of the United States, have hereunto set their hands the day and year aforesaid, and the principal Chief and the First Assistant Principal Chief of the said Sac and Fox Nation have hereunto set their hand and the Seal of said Nation the day and year aforesaid.

And the Secretary of said Sac and Fox Nation now attests the same.

And,
Whereas David H. Jerome, Alfred M. Wilson, and Warren G. Sayre, duly appointed commissioners on the part of the United States, did, on the twentieth day of May eighteen hundred and ninety, conclude an agreement with the Iowa tribe of Indians residing on the Iowa Reservation, in the Territory of Oklahoma, formerly part of the Indian Territory, which said agreement is in words and figures as follows, to wit:

"Articles of agreement made and entered into on the twentieth day of May, in the year of our Lord, eighteen hundred and ninety, at the Iowa Village in what is known as the Iowa Reservation, in
The said Iowa Tribe of Indians, residing and having their homes thereon, upon the conditions hereinafter expressed, do hereby surrender and relinquish to the United States all their right, title, claim and interest in and to and over the following described tract of country in the Indian Territory, namely:

Beginning at the point where the Deep Fork of the Canadian River intersects the west boundary of the Sac and Fox Reservation; thence north along said, west boundary to the south bank of the Cimarron River; thence up said Cimarron River to the Indian Meridian; thence south along said Indian Meridian to the Deep Fork of the Canadian River; thence down said Deep Fork to the place of beginning," set apart for the permanent use and occupation of the Iowa and such other Indians as the Secretary of the Interior may see fit to locate thereon, by Executive Order made and dated the fifteenth day of August, in the year of our Lord eighteen hundred and eighty-three.

Each and every member of said Iowa Tribe of Indians shall be entitled to select and locate upon said Reservation or tract of Country eighty acres of land which shall be allotted to such Indian in severalty. No other restriction as to locality shall be placed upon such selections than that they shall be so located as to conform to the Congressional survey or subdivision of said tract of country, and any Indian having improvements may have the preference over any other Indian in and to the tract of land containing such improvements so far as they are within a legal subdivision not exceeding in area the quantity of land that he is entitled to select and locate.

Each member of said tribe of Indians over the age of eighteen years, shall select his or her land, and the father, or if he be dead the mother, shall select the land herein provided for, for each of his or her children who may be under the age of eighteen years, and if both father and mother of a child under eighteen years of age shall be dead, then the nearest of kin, over eighteen years of age and an Iowa Indian, shall select and locate his or her land—or if such person shall be without kindred as aforesaid, then the Commissioner of Indian Affairs, or some one by him authorized, shall select and locate the land of such child.

That the allotments provided for in this Act shall be made at the cost of the United States by special agents appointed by the President for such purpose, under such rules and regulations as the Secretary of the Interior may from time to time prescribe, and within sixty days after such special agent or agents shall appear upon said reservation and give notice to the acting and recognized chief of said Iowa Tribe of Indians, that he is ready to make such allotments; and if any one entitled to an allotment hereunder shall fail to make his or her selection within said period of sixty days, then such special agent shall proceed at once to make such selection for such person or persons—which shall have the same effect as if made by the person so entitled; and when all of said allotments are made
and approved, then the residue of said reservation, except as hereinafter stated, shall, as far as said Iowa Indians are concerned, become public land of the United States.

**ARTICLE IV.**

Upon the approval of the allotments provided for herein by the Secretary of the Interior, he shall cause patents to issue therefor in the name of the allottees, which patents shall be of the legal effect and declare that the United States does and will hold the land thus allotted for the period of twenty-five years in trust for the sole use and benefit of the Indian to whom such allotment shall have been made, or in case of his or her decease, of his or her heirs or devisees according to the laws of the state or territory where such land is located, and that at the expiration of said period, the United States will convey the same by patent to said Indian or his heirs or devisees as aforesaid in fee, discharged of said trust and free of all incumbrance whatsoever.

And if any conveyance shall be made of the lands set apart and allotted, as herein provided, or any contract made touching the same, before the expiration of the time above mentioned such conveyance or contract shall be absolutely null and void.

And during said period of twenty-five years said lands, so allotted and the improvements thereon shall not be subject to taxation for any purpose by any State or Territory or any municipal subdivision thereof nor subject to be seized upon any execution or other mesne or final process issued out of any court of any State or Territory, and shall never be subject to be seized or sold upon any execution or other mesne or final process issued out of any court of any State or Territory upon any judgment rendered upon any debt or liability incurred, the consideration of which, immediate or remote passed prior to the expiration of said period of twenty-five years. And the law of descent and partition in force in the State or Territory where such lands are situated shall apply thereto.

**ARTICLE V.**

There shall be excepted from the operation of this agreement a tract of land, not exceeding ten acres in a square form, including the church and school house and grave-yard at or near the Iowa village, and ten acres of land shall belong to said Iowa tribe of Indians in common so long as they shall use the same for religious, educational, and burial purposes for their Tribe—but whenever they shall cease to use the same for such purposes for their Tribe, said tract of land shall belong to the United States.

**ARTICLE VI.**

When all the allotments are made as aforesaid, the United States, under the direction of the Commissioner of Indian Affairs will expend for said Iowa tribe of Indians described herein as beneficiaries of this agreement for improving their said land, for building houses, providing for said Indians breeding animals, agriculture implements, and seeds, the sum of Twenty-four thousand dollars—provided, that said sum shall be paid out as nearly equally per capita as may be, the father, or, if he be dead, the mother, to act for their children under the age of eighteen years—and the Commissioner of Indian Affairs in his own discretion to act for orphan children under the age of eighteen years.
ARTICLE VII.

As a further and only additional consideration for such surrender and relinquishment of title, claim, right and interest, as aforesaid, the United States will pay to said Iowa Indians, the beneficiaries of this agreement, per capita, Three Thousand and Six Hundred Dollars per annum, payable semi-annually, for the first five years after this agreement shall take effect; Three Thousand Dollars per annum payable semi-annually, for the second five years after this agreement shall take effect; Two thousand and Four Hundred Dollars per annum, payable semi-annually, for the third five years after this agreement shall take effect; One Thousand Eight Hundred Dollars per annum, payable semi-annually, for the fourth five years after this agreement shall take effect, and One Thousand Two Hundred Dollars per annum, payable semi-annually, for the fifth five years after the agreement shall take effect. In all such payments each person over the age of eighteen years shall receive and receipt for his or her share, and the father, or, if he be dead, the mother, of any person entitled, who is under the age of eighteen years, shall receive and receipt for his or her share; and when both father and mother of such person be dead, the person, if an Iowa Indian, with whom such person makes his home, shall receive and receipt for such persons shares; otherwise, it shall be paid to the Indian Agent of the said Iowa Indians for the use of such orphan.

ARTICLE VIII.

It is hereby expressly agreed and understood that nothing herein contained shall in any manner affect any other claim not mentioned herein that said Iowa Tribe of Indians have against the United States; nor shall this agreement in any manner affect any interest that said tribe or its members may have in any reservation of land outside of the Indian Territory, nor shall this agreement in any manner affect any annuities or payments, principal or interest due, to said tribe or its members by existing laws or treaties with the United States.

ARTICLE IX.

William Tohee, the chief of the Iowas, is incurably blind and helpless, and has a wife, Maggie Tohee, an Iowa Woman, but by whom William has no child. William is not only helpless but requires and receives the constant care and attention of Maggie, so that neither can give attention to matters of business or labor, or devote their time or energy to procuring a living. Therefore it is mutually agreed in addition to the provisions hereinbefore made for the Iowas, including said William and Maggie, that the United States will pay out to or for the use of said William, under the direction of the Commissioner of Indian Affairs, the sum of Three Hundred and Fifty Dollars. Because of the relation between the said William and Maggie and the care that he requires of her, and that she bestows upon him, it is agreed that the patents to them creating the trust in the United States for them for the period of twenty-five years, shall further recite and provide that in event of the death of either said William or Maggie during said period of twenty-five years—then the possession and use of the lands allotted to both shall be in the survivor and patents for the land allotted to both shall issue to the survivor, discharged of the said trust at the expiration of the said twenty-five years, provided said parties shall be living together as man and wife until the death of either.
This agreement shall be in force from and after its approval by the Congress of the United States.

In witness whereof, we have hereunto set our hands and seals the day and the year first above written.

Said bridge shall be constructed to provide for the passage of railway trains, wagons, and vehicles of all kinds, street railway cars, motor cars, animals, foot passengers, and for all road travel for such reasonable rates of toll and under such reasonable rules and regulations as may be prescribed by said corporation, its successors and assigns, and to be approved from time to time by the Secretary of War. Sec. 4. That the Secretary of War is hereby authorized and directed, upon receiving such plan and other information, and upon being satisfied that a bridge so built will conform to the requirements of this act, to notify the company or corporation authorized to build the same that he approves of the same; and upon receiving such notification, the said company or corporation may proceed to erect said bridge, conforming strictly to the approved plan and location, and should any change be made in the plan of the bridge or accessory works during the progress of the work thereon, such change shall be subject likewise to the approval of the Secretary of War.

Sec. 6. the right to regulate the charges for freight and passengers on said

railway and messages on said telegraph and telephone lines until a

State government or governments shall exist in said Territory within

the limits of which said railway, or a part thereof, shall be located;

and then such State government or governments shall be author-

the rate of such transportation of passengers, local or interstate,

shall not exceed the rate above expressed: And provided further,

That said railway company shall carry the mail at such prices as

Congress may by law provide; and until such rate is fixed by law

the Postmaster-General may fix the rate of compensation and also

rates as Congress may provide.

Sec. 5. That said railway company shall pay to the Secretary of the

Interior, for the benefit of the particular nations or tribes through

and damages done to individual occupants by the construction of the

railway, for each mile of railway that it may construct in said Terri-

said railway may be located shall, within four months after the filing

of maps of definite location as set forth in section six of this act, dis-

act shall be determined as provided in section three for the deter-

mination of the compensation to be paid to the individual occupant

of lands, with the right of appeal to the courts upon the same terms,

conditions, and requirements as therein provided: Provided further,

That the amount awarded or adjudged to be paid by said railway

company for said dissenting nation or tribe shall be in lieu of the

compensation that said nation or tribe would be entitled to receive

under the foregoing provision. Said company shall also pay, so long

as said Territory is owned and occupied by the Indians, to the Secre-

tary of the Interior the sum of fifteen dollars per annum for each

mile of railway it shall construct in the said Territory. The money

paid to the Secretary of the Interior under the provisions of this act

shall be apportioned by him, in accordance with the laws and trea-

ties now in force among the different nations and tribes, according

to the number of miles of railway that may be constructed by said

railway company through their lands: Provided, That Congress shall

have the right, so long as said lands are occupied and possessed by

said nations and tribes, to impose such additional taxes upon said

railroad as it may deem just and proper for their benefit; and any

its located lines through said Territory to be filed in the office of the
Secretary of the Interior, and also to be filed in the office of the
principal chief of each of the nations or tribes through whose lands said
railway may be located; and after the filing of said maps no claim
for a subsequent settlement and improvement upon the right of way
shown by said maps shall be valid as against said company: Pro-
vided, That when a map showing any portion of said railway com-
pany's located line is filed as herein provided for said company shall
commence grading said located line within six months thereafter, or
such location shall be void; and said location shall be approved by
the Secretary of the Interior in sections of twenty-five miles before
construction of any such section shall be begun.

necessary to the construction and management of said road shall be
allowed to reside, while so engaged, upon such right of way, but
subject to the provisions of the Indian intercourse laws, and such
rules and regulations as may be established by the Secretary of the
Interior in accordance with said intercourse laws.

SEC. 8. That the United States circuit and district courts for the
western district of Arkansas, and such other courts as may be au-

said roads and highways do now or may hereafter cross said railway's
right of way, or may be by the proper authorities laid out across the

or its occupancy, than is hereinbefore provided: Provided, That any
violation of the condition mentioned in this section shall operate as
a forfeiture of all the rights and privileges of said railway company
under this act.

SEC. 11. That all mortgages executed by said railway company con-

constructed in said Indian Territory shall be recorded in the Depart-

notice of their execution, and shall convey all rights and property of
said company as therein expressed.

where the treaty or act of Congress setting apart such reservation provides for the allotment of lands in severalty to certain classes in quantity in excess of that herein provided the President, in making allotments upon such reservation, shall allot the land to each individual Indian of said classes belonging thereon in quantity as specified in such treaty or act, and to other Indians belonging thereon in quantity as herein provided: Provided further, That where existing agreements or laws provide for allotments in accordance with the provisions of said act of February eighth, eighteen hundred and eighty-seven, or in quantities substantially as therein provided, allotments may be made in quantity as specified in this act, with the consent of the Indians, expressed in such manner as the President, in his discretion, may require: And provided further, That when the lands allotted, or any legal subdivision thereof, are only valuable for grazing purposes, such lands shall be allotted in double quantities."

Sec. 3. That whenever it shall be made to appear to the Secretary of the Interior, that, by reason of age or other disability, any allottee under the provisions of said act, or any other act or treaty can not personally and with benefit to himself occupy or improve his allotment or any part thereof the same may be leased upon such terms, regulations and conditions as shall be prescribed by such Secretary, for a term not exceeding three years for farming or grazing, or ten years for mining purposes: Provided, That where lands are occupied by Indians who have bought and paid for the same, and which lands are not needed for farming or agricultural purposes, and are not desired for individual allotments, the same may be leased by authority of the Council speaking for such Indians, for a period not to exceed five years for grazing, or ten years for mining purposes in such quantities and upon such terms and conditions as the agent in charge of such reservation may recommend, subject to the approval of the Secretary of the Interior.

Sec. 5. That for the purpose of determining the descent of land to the heirs of any deceased Indian under the provisions of the fifth section of said act, whenever any male and female Indian shall have co-habited together as husband and wife according to the custom and
manner of Indian life the issue of such co-habitation shall be, for
the purpose aforesaid, taken and deemed to be the legitimate issue

CHAP. 384.—An act to amend sections twenty-two hundred and seventy-five
and twenty-two hundred and seventy-six of the Revised Statutes of the United
States providing for the selection of lands for educational purposes in lieu of those
appropriated for other purposes.

Be it enacted by the Senate and House of Representatives of the
United States of America in Congress assembled, That sections
twenty-two hundred and seventy-five and twenty-two hundred
and seventy-six of the Revised Statutes of the United State be amended
to read follows:

"Sec. 2275. Where settlements with a view to pre-emption or home-
stead have been, or shall hereafter be made, before the survey of the
lands in the field, which are found to have been made on sections
sixteen or thirty-six, those sections shall be subject to the claims of
such settlers; and if such sections, or either of them, have been or
shall be granted, reserved, or pledged for the use of schools or col-
leges in the State or Territory in which they lie, other lands of equal
acreage are hereby appropriated and granted, and may be selected
by said State or Territory, in lieu of such as may be thus taken by
pre-emption or homestead settlers. And other lands of equal acre-
age are also hereby appropriated and granted, and may be selected
by said State or Territory where sections sixteen or thirty-six are
mineral land, or are included within any Indian, military, or other
reservation, or are otherwise disposed of by the United States: Pro-
vided, Where any State is entitled to said sections sixteen and thirty-
six, or where said sections are reserved to any Territory, notwith-
standing the same may be mineral land or embraced within a military,
Indian, or other reservation, the selection of such lands in lieu thereof
by said State or Territory shall be a waiver of its right to said sec-
tions. And other lands of equal acreage are also hereby appropriated
and granted, and may be selected by said State or Territory to com-
pensate deficiencies for school purposes, where sections sixteen or
thirty-six are fractional in quantity, or where one or both of them
wanting by reason of the township being fractional, or from any natural
cause whatever." And it shall be the duty of the Secretary of the
Interior, without awaiting the extension of the public surveys, to
ascertain and determine, by protraction or otherwise, the number of
townships that will be included within such Indian, military, or
other reservations, and thereupon the State or Territory shall be
entitled to select indemnity lands to the extent of two sections for
each of said townships, in lieu of sections sixteen and thirty-six
therein; but such selections may not be made within the boundaries
of said reservations: Provided, however, That nothing herein con-
tained shall prevent any State or Territory from awaiting the
extinguishment of any such military, Indian, or other reservation
and the restoration of the lands therein embraced to the public
domain and then taking the sections sixteen and thirty-six in place therein; but nothing in this proviso shall be construed as conferring any right not now existing.

"Sec. 2276. That the lands appropriated by the preceding section shall be selected from any unappropriated, surveyed public lands, not mineral in character, within the State or Territory where such losses or deficiencies of school sections occur; and where the selections are to compensate for deficiencies of school lands in fractional townships, such selections shall be made in accordance with the following principles of adjustment, to wit: For each township, or fractional township, containing a greater quantity of land than three-quarters of an entire township, one section; for a fractional township, containing a greater quantity of land than one-half, and not more than three-quarters of a township, three quarters of a section; for a fractional township, containing a greater quantity of land than one quarter, and not more than one half of a township, one-half section; and for a fractional township containing a greater quantity of land than one entire section, and not more than one-quarter of a township one-quarter section of land: Provided, That the States or Territories which are, or shall be entitled to both the sixteenth and thirty-sixth sections in place, shall have the right to select double the amounts named, to compensate for deficiencies of school land in fractional townships."

Sec. 4. That all railroad companies desiring the use of said bridge shall have and be entitled to equal rights and privileges relative to the passage of trains over the same upon payment of a reasonable compensation for such use; and in case the owner or owners of said bridge and the several railroad companies, or any of them, desiring such use shall fail to agree upon the sum or sums to be paid, and upon rules and conditions to which each shall conform in using said bridge, all matters at issue between them shall be decided by the Secretary of War upon a hearing of the allegations and proofs of the parties.

Sec. 5. That any bridge authorized to be constructed under this act shall be built and located under and subject to such regulations for the security of navigation as the Secretary of War shall prescribe, and to secure that object the owner or owners thereof shall submit to the Secretary of War, for his examination and approval, a design and drawings of the bridge, and a map of the location, giving, for the space of one mile above and one mile below the proposed location, the high and low water lines upon the banks of the river, the direction and strength of the current at all stages of the water with the soundings, accurately showing the bed of the stream, and the location of any other bridge or bridges, such map to be sufficiently in detail to enable the Secretary of War to judge of the proper location of said bridge, and shall furnish such other information as may be required for a full and satisfactory understanding of the subject; and until such plan and location of the bridge are approved by the Secretary of War, the bridge shall not be commenced or built, and should any change be made in the plan of said bridge during the progress of construction, or after completion, such change shall be subject to the approval of the Secretary of War.

Sec. 6. That the right to alter, amend, or repeal this act is hereby expressly reserved, and the right to require any changes in said structure, or its entire removal at the expense of the owners thereof whenever Congress or the Secretary of War shall decide that the public interest requires it, is also expressly reserved.
SEC. 7. That this act shall be null and void if actual construction of the bridge herein authorized be not commenced within one year and completed within three years from the date hereof.

In any case in which the constitution or law of a State is claimed to be in contravention of the Constitution of the United States.

Nothing in this act shall affect the jurisdiction of the Supreme Court in cases appealed from the highest court of a State, nor the construction of the statute providing for review of such cases.

Sec. 6. That the circuit courts of appeals established by this act shall exercise appellate jurisdiction to review by appeal or by writ of error final decision in the district court and the existing circuit courts in all cases other than those provided for, in the preceding section of this act, unless otherwise provided by law, and the judgments or decrees of the circuit courts of appeals shall be final in all cases in which the jurisdiction is dependent entirely upon the opposite parties to the suit or controversy, being aliens and citizens of the United States or citizens of different States; also in all cases arising under the patent laws, under the revenue laws, and under the criminal laws and in admiralty cases, excepting that in every such subject within its appellate jurisdiction the circuit court of appeals at any time may certify to the Supreme Court of the United States any questions or propositions of law concerning which it desires the instruction of that court for its proper decision. And excepting also that in any such case as is hereinbefore made final in the circuit court of appeals it shall be competent for the Supreme Court to require, by certiorari or otherwise, any such case to be certified to the Supreme Court for its review and determination with the same power and authority in the case as if it had been carried by appeal or writ of error to the Supreme Court.

In all cases not hereinbefore, in this section, made final there shall be of right an appeal or writ of error or review of the case by the Supreme Court of the United States where the matter in controversy shall exceed one thousand dollars besides costs. But no such appeal shall be taken or writ of error sued out unless within one year after the entry of the order, judgment, or decree sought to be reviewed.

Sec. 7. That where, upon a hearing in equity in a district court, or in an existing circuit court, an injunction shall be granted or continued by an interlocutory order or decree, in a cause in which an appeal from a final decree may be taken under the provisions of this act to the circuit court of appeals, an appeal may be taken from such interlocutory order or decree granting or continuing such injunction to the circuit court of appeals: Provided, That the appeal must be taken within thirty days from the entry of such order or decree, and it shall take precedence in the appellate court; and the proceedings in other respects in the court below shall not be stayed unless otherwise ordered by that court during the pendency of such appeal.

Sec. 8. That any justice or judge, who, in pursuance of the provisions of this act, shall attend the circuit court of appeals held at any place other than where he resides shall, upon his written certificate, be paid by the marshal of the district in which the court shall be held his reasonable expenses for travel and attendance, not
to exceed ten dollars per day, and such payments shall be allowed the marshal in the settlement of his accounts with the United States.

SEC. 9. That the marshals, criers, clerks, bailiffs, andmessengers shall be allowed the same compensation for their respective services as are allowed for similar services in the existing circuit courts.

SEC. 10. That whenever on appeal or writ of error or otherwise a case coming directly from the district court or existing circuit court shall be reviewed and determined in the Supreme Court the cause shall be remanded to the proper district or circuit court for further proceedings to be taken in pursuance of such determination. And whenever on appeal or writ of error or otherwise a case coming from a circuit court of appeals shall be reviewed and determined in the Supreme Court the cause shall be remanded by the Supreme Court to the proper district or circuit court for further proceedings in pursuance of such determination. Whenever on appeal or writ of error or otherwise a case coming from a district or circuit court shall be reviewed and determined in the circuit court of appeals in a case in which the decision in the circuit court of appeals is final such cause shall be remanded to the said district or circuit court for further proceedings to be there taken in pursuance of such determination.

SEC. 11. That no appeal or writ of error by which any order, judgment, or decree may be reviewed in the circuit courts of appeals under the provisions of this act shall be taken or sued out except within six months after the entry of the order, judgment, or decree sought to be reviewed: Provided however, That in all cases in which a lesser time is now by law limited for appeals or writs of error such limits of time shall apply to appeals or writs of error in such cases taken to or sued out from the circuit courts of appeals. And all provisions of law now in force regulating the methods and system of review, through appeals or writs of error, shall regulate the methods and system of appeals and writs of error provided for in this act in respect of the circuit courts of appeals, including all provisions for bonds or other securities to be required and taken on such appeals and writs of error, and any judge of the circuit courts of appeals, in respect of cases brought or to be brought to that court, shall have the same powers and duties as to the allowance of appeals or writs of error, and the conditions of such allowance, as now by law belong to the justices or judges in respect of the existing courts of the United States respectively.

tract for a term not less than five nor more than ten years in dura-
tion, with American citizens, for the carrying of mails on American
steamships, between ports of the United States and such ports in
foreign countries, the Dominion of Canada excepted, as in his judgment will best subserve and promote the postal and commercial interests of the United States, the mail service on such lines to be equitably distributed among the Atlantic, Mexican Gulf and Pacific ports. Said contracts shall be made with the lowest responsible bidder for the performance of said service on each route, and the Postmaster-General shall have the right to reject all bids not in his opinion reasonable for the attaining of the purposes named.

SEC. 2. That before making any contract for carrying ocean mails in accordance with this act the Postmaster General shall give public notice by advertising once a week, for three months, in such daily papers as he shall select in each of the cities of Boston, New York, Philadelphia, Baltimore, New Orleans, Saint Louis, Charleston, Norfolk, Savannah, Galveston, and Mobile, and when the proposed service is to be on the Pacific Ocean, then in San Francisco, Tacoma, and Portland. Such notice shall describe the route, the time when such contract will be made, the duration of the same, the size of the steamers to be used, the number of trips a year, the times of sailing, and the time when the service shall commence, which shall not be more than three years after the contract shall be let. The details of the mode of advertising and letting such contracts shall be conducted in the manner prescribed in chapter eight of title forty-six of the Revised Statutes for the letting of inland mail contracts so far as the same shall be applicable to the ocean mail service.

SEC. 3. They shall be divided into four classes. The first class shall be iron or steel screw steamships, capable of maintaining a speed of twenty knots an hour at sea in ordinary weather, and of a gross registered tonnage of not less than eight thousand tons. No vessel except of said first class shall be accepted for said mail service under the provisions of this act between the United States and Great Britain. The second class shall be iron or steel steamships, capable of maintaining a speed of sixteen knots an hour at sea in ordinary weather, and of a gross registered tonnage of not less than five thousand tons. The third class shall be iron or steel steamships, capable of maintaining a speed of fourteen knots an hour at sea in ordinary weather, and of a gross registered tonnage of not less than two thousand five hundred tons. The fourth class shall be iron or steel or wooden steam-ships, capable of maintaining a speed of twelve knots an hour at sea in ordinary weather, and of a gross registered tonnage of not less than fifteen hundred tons. It shall be stipulated in the contract or contracts to be entered into for the said mail service that said vessels may carry passengers with their baggage in addition to said mails and may do all ordinary business done by steam-ships.

SEC. 4. That all steam-ships of the first, second, and third classes employed as above and hereafter built shall be constructed with particular reference to prompt and economical conversion into auxiliary naval cruisers, and according to plans and specifications to be agreed upon by and between the owners and the Secretary of the Navy, and they shall be of sufficient strength and stability to carry and sustain the working and operation of at least four effective rifled...

And all vessels of said three classes heretofore built and so employed shall, before they are accepted for the mail service herein provided for, be thoroughly inspected by a competent naval officer or constructor detailed for that service by the Secretary of the Navy; and such officer shall report, in writing, to the Secretary of the Navy, who shall transmit said report to the Postmaster-General; and no such vessel not approved by the Secretary of the Navy as suitable for the service required shall be employed by the Postmaster-General as provided for in this act.

Sec. 5. That the rate of compensation to be paid for such ocean mail service of the said first-class ships shall not exceed the sum of four dollars a mile, and for the second-class ships two dollars a mile, by the shortest practicable route, for each outward voyage; for the third-class ships shall not exceed one dollar a mile and for the fourth-class ships two thirds of one dollar a mile for the actual number of miles required by the Post Office Department to be traveled on each outward bound voyage: Provided, That in the case of failure from any cause to perform the regular voyages stipulated for in said contracts or any of them, a pro rata deduction shall be made from the compensation on account of such omitted voyage or voyages; and that suitable fines and penalties may be imposed for delays or irregularities in the due performance of service according to the contract, to be determined by the Postmaster-General: Provided further, That no steam-ship so employed and so paid for carrying the United States mails shall receive any other bounty or subsidy from the Treasury of the United States.

Sec. 9. That such steamers may be taken and used by the United States as transports or cruisers, upon payment to the owners of the fair actual value of the same at the time of the taking; and if there shall be a disagreement as to the fair actual value of the same at the time of the taking, and if there shall be a disagreement as to the fair actual between the United States and the owners, then the same shall be determined by two impartial appraisers, one to be appointed by each of said parties, they at the same time selecting a third, who shall act in said appraisement in case the two shall fail to agree.

of the court shall be for a larger sum than the award of the re-

company. If the judgment of the court shall be for the same sum
as the award of the referees, then the costs shall be adjudged against
the appellant. If the judgment of the court shall be for a smaller
sum than the award of the referees, then the costs shall be adjudged
against the party claiming damages. When proceedings have been

the right to regulate the charges for freight and passengers on said

and then such State government or governments shall be authorized
to fix and regulate the cost of transportation of persons and freights
within their respective limits by said railway; but Congress ex-

of such transportation by said railway or said company whenever
such transportation shall extend from one State into another, or shall
extend into more than one State: Provided, however, That the rate
of such transportation of passengers, local or interstate, shall not
exceed the rate above expressed: And provided further, That said
railway company shall carry the mail at such prices as Congress may
by law provide; and until such rate is fixed by law the Postmaster-

Additional compensation to tribes.

SEC. 5. That said railway company shall pay to the Secretary of
the Interior, for the benefit of the particular nations or tribes through
whose lands said line may be located, the sum of fifty dollars, in
addition to compensation provided for in this act for property taken
and damages done to individual occupants by the construction of the
railway, for each mile of railway that it may construct in said Ter-
ritory, said payments to be made in installments of five hundred dol-

determination of the compensation to be paid to the individual occu-

terms, conditions, and requirements as therein provided: Provided
further, That the amount awarded or adjudged to be paid by said
railway company for said dissenting nation or tribe shall be in lieu
of the compensation that said nation or tribe would be entitled to
receive under the foregoing provision. Said company shall also pay,
so long as said Territory is owned and occupied by the Indians, to
the Secretary of the Interior the sum of fifteen dollars per annum
for each mile of railway it shall construct in the said Territory. The
money paid to the Secretary of the Interior under the provisions of
this act shall be apportioned by him, in accordance with the laws
and treaties now in force, among the different nations and tribes,
according to the number of miles of railway that may be constructed
by said railway company through their lands: Provided, That Con-
gress shall have the right, so long as said lands are occupied and
possessed by said nations and tribes, to impose such additional taxes
upon said railroad as it may deem just and proper for their benefit;

immediately after the passage of this act.

SEC. 6. That said company shall cause maps showing the route of
its located lines through said Territory to be filed in the office of the
Secretary of the Interior, and also to be filed in the office of the prin-
cipal chief of each of the nations or tribes through whose lands said
railway may be located; and after the filing of said maps no claim
for a subsequent settlement and improvement upon the right of way
shown by said maps shall be valid as against said company: Provided,
That when a map showing any portion of said railway company's
located line is filed as herein provided for, said company shall com-
mence grading said located line within six months thereafter or such
location shall be void; and said location shall be approved by the
Secretary of the Interior in sections of twenty-five miles before con-
struction of any such section shall be begun.

SEC. 7. That the officers, servants, and employees of said company,
necessary to the construction and management of said road, shall be
allowed to reside, while so engaged, upon such right of way, but
subject to the provisions of the Indian intercourse laws and such
rules and regulations as may be established by the Secretary of the
Interior in accordance with said intercourse laws.

SEC. 8. That the United States circuit and district courts for the
western district of Arkansas and such other courts as may be author-
ized by Congress, shall have, without reference to the amount in con-
troversy, concurrent jurisdiction over all controversies arising be-
tween Fort Gibson, Tahlequah and Great Northeastern Railway
Company and the nations and tribes through whose territory said
railway shall be constructed. Said courts shall have like jurisdic-
tion, without reference to the amount in controversy, over all con-
troversies arising between the inhabitants of said nations or tribes
and said railway company; and the civil jurisdiction of said courts
is hereby extended within the limits of said Indian Territory, with-
out distinction as to citizenship of the parties, so far as may be nec-
essary to carry out the provisions of this act.

SEC. 9. That said railway company shall build at least fifty miles
of its railway in said Territory within three years after the passage
of this act, or the rights herein granted shall be forfeited as to that
portion not built; that said railroad company shall construct and
maintain continually all road and highway crossings and necessary
bridges over said railway wherever said roads and highways do now
or may hereafter cross said railway's right of way, or may be by the
proper authorities laid out across the same.

SEC. 10. That the said Fort Gibson, Tahlequah and Great North-
eastern Railway Company shall accept this right of way upon the
express condition, binding upon itself, its successors and assigns,
that they will neither aid, advise, or assist in any effort looking to-
wards the changing or extinguishing the present tenure of the In-
dians in their land, and will not attempt to secure from the Indian
nations any further grant of land, or its occupancy, than is hereinbefore provided: Provided, That any violation of the condition mentioned in this section shall operate as a forfeiture of all the rights and privileges of said railway company under this act.

Sec. 11. That all mortgages executed by said railway company conveying any portion of its railroad, with its franchises, that may be constructed in said Indian Territory shall be recorded in the Department of the Interior, and the record thereof shall be evidence and notice of their execution, and shall convey all rights and property of said company as therein expressed.

Sec. 12. That Congress may at any time amend, add to, alter, or repeal this act.

Sec. 13. That the right of way herein and hereby granted shall not be assigned or transferred in any form whatever prior to the construction and completion of the road, except as to mortgages or other liens that may be given or secured thereon to aid in the construction thereof.

CHAP. 536.—An act to define the jurisdiction of the police court of the District of Columbia.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section ten hundred and forty-nine of the Revised Statutes of the United States relating to the District of Columbia be, and is hereby, amended so as to read as follows: The police court of the District of Columbia shall have original jurisdiction concurrently with the supreme court of the District of Columbia, of all crimes and offences hereafter committed against the United States, not capital or otherwise infamous, and not punishable by imprisonment in a penitentiary, committed within the District of Columbia, except libel conspiracy, and violations of the post office and pension laws of the United States; and also of all offences hereafter committed against the laws, ordinances, and regulations of the District of Columbia, and shall have power to examine and commit or hold to bail, either for trial or further examination, in all cases whether cognizable therein or in the supreme court of the District of Columbia.

Sec. 2. That prosecutions in the police court shall be on information by the proper prosecuting officer. In all prosecutions within the jurisdiction of said court in which according to the Constitution of the United States, the accused would be entitled to a jury trial the trial shall be by jury. And also in all prosecutions in which such persons would not be by force of the Constitution of the United States entitled to a trial by jury, but in which the fine or penalty may be fifty dollars or more or imprisonment for thirty days or more, the trial shall be by jury unless the accused shall, in open court, expressly waive such trial by jury and consent to a trial by the judge in which case the trial shall be by such judge, and the judgment and sentence shall have the same force and effect in all respects as if the same had been entered and pronounced on the verdict of a jury.

In all cases not hereinbefore in this section provided for, the trial shall be by a judge.

Sec. 3. That the jury for service in said court shall consist of twelve men, who shall possess the legal qualifications necessary for jurors in the Supreme court of the District of Columbia, and such jurors shall be drawn and selected under and in pursuance of the laws concerning the drawing and selection of jurors for service in said supreme court. The term of service of jurors drawn for service in said police court shall be for three successive monthly terms of said court, and, in any case on trial at the expiration of such time.
until a verdict shall have been rendered or the jury shall be discharged. The said jury terms shall begin on the first Monday in January, the first Monday in April, the first Monday in July, and the first Monday in October of each year, and shall terminate, subject to the foregoing provisions, on the last Saturday of each of said jury terms; and section eight hundred and eight and seven of the Revised Statutes relating to the District of Columbia is hereby made applicable to and shall be in force in respect of said police court.

At least ten days before the term of service of such jurors shall begin, as in this act provided, such jurors shall be drawn in the manner in this act provided for, and at least twenty-six names so drawn shall be certified by the clerk of said supreme court to the said police court for service as jurors for the then ensuing jury term. Deficiencies in any panel of any such jury may be filled according to the law applicable to jurors in said supreme court, and for this purpose the said police judge shall possess all the powers of a judge of the supreme court of said district and of said court sitting in special term.

No person shall be eligible for service on a jury in said police court for more than one jury term in any period of twelve consecutive months, but no verdict shall be set aside on such ground unless objection shall be made before the trial begins. Service in said jury shall not render any person so serving exempt, ineligible, or disqualified for service as a juror in said supreme court, except during his term of actual service in said police court. The marshall of said district, by himself or deputy, shall have charge of such jury, and for that purpose he may appoint an additional deputy who shall be paid three dollars a day while so employed.

SEC. 4. That in all cases tried before said court the judgement of the court shall be final, except as hereinafter provided. If upon the trial of any such cause an exception be taken by or on behalf of any defendant to any ruling or instruction of the court upon matter of law the same shall be reduced to writing and stated in a bill of exceptions, with so much of the evidence as may be material to the question or questions raised, which said bill of exceptions shall be settled and signed by the judge, and if, upon presentation to any justice of the supreme court of the District of Columbia of a verified petition setting forth the matter or matters so excepted to, such justice shall be of opinion that the same ought to be reviewed, he may allow a writ of error in the cause, which shall issue out of the said supreme court, addressed to the judge of the police court, who shall forthwith send up the information filed in the cause and a transcript of the record therein, certified under the seal of said court, to said supreme court in general term for review and such action as the law may require. Any defendant desiring the benefit of the provisions of this section shall give notice in open court of his intention to apply for a writ of error upon such exceptions, and thereupon proceedings therein shall be stayed for ten days, provided the defendant shall then and there enter into recognizance with sufficient surety, to be approved by the judge of the police court, conditioned that in the event of a denial of his application for a writ of error he will, within five days next after the expiration of said ten days, appear in said police court and abide by and perform its judgement, and that in the event of the granting of such writ of error he will appear in said supreme court of the District of Columbia and prosecute the writ of error and abide by and perform its judgement in the premises. Upon failure of any defendant to enter into the recognizance provided for in this section the sentence of the police court shall stand and be executed pending proceedings upon his application for a writ of error and until the final disposition thereof by the said supreme court.

SEC. 5. That if any such recognizance shall be forfeited the police court shall have power, on motion of the prosecuting officer, to issue
execution thereon for the amount of such recognizance against the recognizors, or any of them.

But said police court shall have power, on application made by the recognizors, or any of them, at any time before the final execution of such writ, to remit such amount of any such recognizance as he shall deem to be just, but not below the amount of any fine imposed and all the costs of the proceedings.

Remission of penalties.

SEC. 6. That the President is hereby authorized to appoint, by and with the advice and consent of the Senate, an additional judge of the police court of the District of Columbia, learned in the law, who shall receive a salary of three thousand dollars per annum, to be paid in the same manner as now provided by law for payment of the judge of said court. The judge so appointed shall have and exercise all the powers possessed by the judge of said court as is or may be provided by law in common with said existing judge, and the business of said court may be carried on by each of said judges sitting separately and simultaneously.

The judges of the police court shall hold separate sessions, and they are empowered to make rules for the apportionment of the business therein, and the acts of each of said judges respecting the business of said court shall be deemed and taken to be the acts of the said court.

Additional judge to be appointed.

SEC. 7. That the judges of said court shall have power to appoint an additional bailiff for said service in said court who shall receive three dollars for each day's attendance upon the court, to be paid upon the certificate of the judges and as the other bailiffs of said court are now paid. The clerk of said court is hereby authorized, with the consent of the judges, to appoint an additional deputy clerk for service in said court, at a salary of one thousand five hundred dollars per annum, to be paid as the other deputy clerk of said court is now paid.

Powers.

SEC. 8. Nothing in this act shall be deemed to affect proceedings in respect of any crime or offense heretofore committed; and the prosecution of all such crimes and offenses heretofore committed shall be proceeded with in the same manner and with the same effect to all intents and purposes as if this act had not been passed.

not exceed in the aggregate the amount available under this act for
the completion of said customhouse, and if they shall be otherwise
satisfactory to said commissioners and to the Secretary of the Treas-
ury, shall be accepted, in whole or in part; but in case such offers
shall exceed said limits of cost, or be otherwise unsatisfactory, then
said commissioners or a majority of them shall have full power and
authority to purchase all materials, contract for and employ all

without advertisement; and said Secretary shall fix a fair and rea-

paid out of any appropriation or appropriations for the construction
of said new customhouse.

SEC. 4. That no appropriation is made by this bill in addition to
the sum or sums already appropriated, or available for this purpose

Third. All just offsets and counter claims to any claim of either of the preceding classes which may be before such court for determination.

SECTION 2. That all questions of limitations as to time and manner of presenting claims are hereby waived, and no claim shall be excluded from the jurisdiction of the court because not heretofore presented to the Secretary of the Interior or other officer or department of the Government: Provided, That no claim accruing prior to July first, eighteen hundred and sixty-five, shall be considered by the court unless the claim shall be allowed or has been or is pending, prior to the passage of this act, before the Secretary of the Interior or the Congress of the United States, or before any superintendent, agent, sub-agent or commissioner, authorized under any act of Congress to enquire into such claims; but no case shall be considered pending unless evidence has been presented therein: And provided further, That all claims existing at the time of the taking effect of this act shall be presented to the court by petition, as hereinafter provided, within three years after the passage hereof, or shall be thereafter forever barred: And provided further, That no suit or proceeding shall be allowed under this act for any depredation which shall be committed after the passage thereof.

SECTION 4. The service of the petition shall be made upon the Attorney-General of the United States in such manner as may be provided by the rules or orders of said court. It shall be the duty of the Attorney-General of the United States to appear and defend the interests of the Government and of the Indians in the suit, and within sixty days after the service of the petition upon him, unless the time shall be extended by order of the court made in the case, to file a plea, answer or demurrer upon the part of the Government and the Indians, and to file a notice of any counterclaim, set-off, claim of damages, demand, or defense whatsoever of the Government or of the Indians in the premises: Provided, That should the Attorney-General neglect or refuse to file the plea, answer, or demurrer, or defense as required, the claimant may proceed with the case under such rules as the court may adopt in the premises; but the claimant shall not have judgment for his claim, or for any part thereof, unless he shall establish the same by proof satisfactory to the court; Provided, That any Indian or Indians interested in the proceedings

SECTION 5. That the said court, shall make rules and regulations for taking testimony in the causes herein provided for, by deposition or otherwise, and such testimony shall be taken in the county where the witness resides, when the same can be conveniently done, and no person shall be excluded as a witness because he is party to or interested in said suit, and any claimant or party in interest may be examined as a witness on the part of the Government; that the court shall determine in each case the value of the property taken or destroyed at the time and place of the loss or destruction, and, if possible, the tribe of Indians or other persons by whom the wrong was committed, and shall render judgment in favor of the claimant or claimants against the United States, and against the tribe of Indians committing the wrong, when such can be identified.

SEC. 6. That the amount of any judgment so rendered against any tribe of Indians shall be charged against the tribe by which, or by members of which, the court shall find that the depredation was committed, and shall be deducted and paid in the following manner: First, from annuities due said tribe from the United States; second, if no annuities are due or available, then from any other funds due said tribe from the United States, arising from the sale of their lands or otherwise; third, if no such funds are due or available, then from any appropriation for the benefit of said tribe, other than appropriations for their current and necessary support, subsistence and education; and, fourth, if no such annuity, fund, or appropriation is due or available, then the amount of the judgment shall be paid from the Treasury of the United States: Provided, That any amount so paid from the Treasury of the United States shall remain a charge against such tribe, and shall be deducted from any annuity, fund or appropriation hereinbefore designated which may hereafter become due from the United States to such tribe.

SEC. 7. That all judgments of said court shall be a final determination of the causes decided and of the rights and obligations of the parties thereto, and shall not thereafter be questioned unless a new trial or rehearing shall be granted by said court, or the judgment reversed or modified upon appeal as hereafter provided.

SEC. 8. That immediately after the beginning of each session of Congress the Attorney-General of the United States shall transmit to the Congress of the United States a list of all final judgments.
rendered in pursuance of this act, in favor of claimants and against
the United States, and not paid as hereinbefore provided, which shall
thereupon be appropriated for in the proper appropriation bill.

Sec. 9. That all sales, transfers, or assignments of any such
claims heretofore or hereafter made, except such as have occurred
in the due administration of decedents' estates, and all contracts here-
tofore made for fees and allowances to claimants' attorneys, are hereby
declared void, and all warrants issued by the Secretary of the Treas-
ury, in payment of such judgments, shall be made payable and
delivered only to the claimant or his lawful heirs, executors or ad-
ministrators or transferees under administrative proceedings, except
so much thereof as shall be allowed the claimant's attorneys by the
court for prosecuting said claim, which may be paid direct to such at-
torneys, and the allowances to the claimant's attorneys shall be regu-
lated and fixed by the court at the time of rendering judgment in
each case and entered of record as part of the findings thereof; but
in no case shall the allowance exceed fifteen per cent of the judg-
ment recovered, except in case of claims of less amount than five
hundred dollars, or where unusual services have been rendered or
expenses incurred by the claimant's attorney, in which case not to
exceed twenty per cent of such judgment shall be allowed by the
court.

Sec. 10. That the claimant, or the United States, or the tribe of
Indians, or other party thereto interested in any proceeding brought
under the provisions of this act, shall have the same rights of appeal
as are or may be reserved in the Statutes of the United States in
other cases, and upon the conditions and limitations therein con-
tained. The mode of procedure in claiming and perfecting an ap-
peal shall conform, in all respects, as near as may be, to the statutes
and rules of court governing appeals in other cases.

Sec. 11. That all papers, reports, evidence, records and proceed-
ings now on file or of record in any of the departments, or the office
of the Secretary of the Senate, or the office of the Clerk of the House
of Representatives, or certified copies of the same, relating to any
claims authorized to be prosecuted under this act, shall be furnished
to the court upon its order, or at the request of the Attorney-General.

Sec. 12. To facilitate the speedy disposition of the cases herein
provided for, in said Court of Claims, there shall be appointed, in the
manner prescribed by law for the appointment of Assistant Attorney-
Generals, one additional Assistant Attorney-General of the United
States, who shall receive a salary of twenty-five hundred dollars per
annum.

Sec. 13. That the investigation and examinations, under the pro-
visions of the acts of Congress heretofore in force, of Indian depre-
dation claims, shall cease upon the taking effect of this act, and the
unexpended balance of the appropriation therefor shall be covered
into the Treasury, except so much thereof as may be necessary for
disposing of the unfinished business pertaining to the claims now
under investigation in the Interior Department, pending the transfer
of said claims and business to the Court or courts herein provided
for, and for making such transfers and a record of the same, and for
the proper care and custody of the papers and records relating thereto.

The court shall hold such sessions in the States and Territories mentioned in this act as shall be needful for the purposes thereof, and shall give notice of the times and places of the holding of such sessions by publication in both the English and Spanish languages, in one newspaper published at the capital of such State or Territory, once a week for two successive weeks, the last of which publications shall be not less than thirty days next preceding the times of the holding of such sessions, but such sessions may be adjourned from time to time without such publication.

Such notices shall be published in both the Spanish and English languages, and shall contain the substance of this act.
SEC. 4. That it shall be the duty of the Commissioner of the General Land Office of the United States, the surveyors-general of such Territories and States, or the keeper of any public records who may have possession of any records and papers relating to any land grants or claims for land within said States and Territories in relation to which any petition shall be brought under this act, on the application of any person interested, or by the attorney of the United States, to safely transmit such records and papers to said court or to attend in person or by deputy any session thereof when required by said court, and produce such records and papers.

SEC. 5. That the testimony which has been heretofore lawfully and regularly received by the surveyor-general of the proper Territory or State or by the Commissioner of the General Land Office, upon any claims presented to them, respectively, shall be admitted in evidence in all trials under this act when the person testifying is dead, so far as the subject matter thereof is competent evidence; and the court shall give it such weight as, in its judgment, under all the circumstances, it ought to have.

SEC. 6. That it shall and may be lawful for any person or persons or corporation, or their legal representatives, claiming lands within the limits of the territory derived by the United States from the Republic of Mexico and now embraced within the Territories of New Mexico, Arizona, or Utah, or within the States of Nevada, Colorado, or Wyoming by virtue of any such Spanish or Mexican grant, concession, warrant, or survey as the United States are bound to recognize and confirm by virtue of the treaties of cession of said country by Mexico to the United States which at the date of the passage of this act have not been confirmed by act of Congress, or otherwise finally decided upon by lawful authority, and which are not already complete and perfect, in every such case to present a petition, in writing, to the said court in the State or Territory where said land is situated and where the said court holds its sessions, but cases arising in the States and Territories in which the court does not hold regular sessions may be instituted at such place as may be designated by the rules of the court.

The petition shall set forth fully the nature of their claims to the lands, and particularly state the date and form of the grant, concession, warrant, or order of survey under which they claim, by whom made, the name or names of any person or persons in possession of or claiming the same, or any part thereof, otherwise than by the lease or permission of the petitioner; and also the quantity of land claimed and the boundaries thereof, where situated, with a map showing the same, as near as may be, and whether the said claim has heretofore been confirmed, considered, or acted upon by Congress or the authorities of the United States, or been heretofore submitted to any authorities constituted by law for the adjustment of land titles within the limits of the said territory so acquired, and by them reported on unfavorably or recommended for confirmation, or authorized to be surveyed or not; and pray in such petition that the validity of such title or claim may be inquired into and decided.

And the said court is hereby authorized and required to take and exercise jurisdiction of all cases or claims presented by petition in conformity with the provisions of this act, and to hear and determine the same, as in this act provided, on the petition and proofs in case no answer or answers be filed after due notice, or on the petition and the answer or answers of any person or persons interested in preventing any claim from being established, and the answer of the attorney for the United States where he may have filed an answer, and such testimony and proofs as may be taken; and a copy of such petition, with a citation to any adverse possessor or claimant, shall, immediately after the filing of the same, be served on such possessor or claimant in the ordinary legal manner of serving such process in the
proper State or Territory, and in like manner on the attorney for the
United States, as also any adverse possessor or claimant, after service of
petition and citation as hereinbefore provided, within thirty days,
unless further time shall, for good cause shown, be granted by the

decree be entered otherwise than upon full legal proof and hearing;
and in every case the court shall require the petition to be sustained
by satisfactory proofs, whether an answer or plea shall have been
filed or not.

Sec. 7. That all proceedings subsequent to the filing of said peti-
tion shall be conducted as near as may be according to the practice
of the courts of equity of the United States, except that the answer
of the attorney of the United States shall not be required to be veri-
fied by his oath, and except that, as far as practicable, testimony
shall be taken in court or before one of the justices thereof. The
said court shall have full power and authority to hear and determine
all questions arising in cases before it relative to the title to the land
the subject of such case, the extent, location, and boundaries thereof,
and other matters connected therewith fit and proper to be heard and
determined, and by a final decree to settle and determine the question
of the validity of the title and the boundaries of the grant or claim
presented for adjudication, according to the law of nations, the stipu-
lations of the treaty concluded between the United States and the
Republic of Mexico at the city of Guadalupe-Hidalgo, on the second
day of February, in the year of our Lord, eighteen hundred and forty-
eight, or the treaty concluded between the same powers at the city
of Mexico, on the thirtieth day of December, in the year of our Lord,
eighteen hundred and fifty-three, and the laws and ordinances of
the Government from which it is alleged to have been derived, and
all other questions properly arising between the claimants or other
parties in the case and the United States, which decree shall in all
cases refer to the treaty, law, or ordinance under which such claim
is confirmed or rejected; and in confirming any such claim, in whole
or in part, the court shall in its decree specify plainly the location,
boundaries, and area of the land the claim to which is so confirmed.

Sec. 8. That any person or corporation claiming lands in any of
the States or Territories mentioned in this act under a title deri-

perfect at the date when the United States acquired sovereignty
therein, shall have the right (but shall not be bound) to apply to
said court in the manner in this act provided for other cases for a
confirmation of such title; and on such application said court shall
proceed to hear, try, and determine the validity of the same and the
right of the claimant thereto, its extent, location and boundaries, in
the same manner and with the same powers as in other cases in this
act mentioned.

If in any such case, a title so claimed to be perfect shall be es-
brablished and confirmed, such confirmation shall be for so much
land only as such perfect title shall be found to cover, always ex-
cepting any part of such land that shall have been disposed of by
the United States, and always subject to and not to affect any con-
flicting private interests, rights, or claims held or claimed adversely
to any such claim or title, or adversely to the holder of any such
claim or title. And no confirmation of claims or titles in this sec-
tion mentioned shall have any effect other or further than as a re-
lease of all claim of title by the United States; and no private right
Proceedings by the United States against certain claimants, etc., to settle title, etc.

It shall be lawful for and the duty of the head of the Department of Justice, whenever in his opinion the public interest or the rights of any claimant shall require it, to cause the attorney of the United States in said court to file in said court a petition against the holder or possessor of any claim or land in any of the States or Territories mentioned in this act who shall not have voluntarily come in under the provisions of this act, stating in substance that the title of such holder or possessor is open to question, or stating in substance that the boundaries of any such land, the claimant or possessor to or of which has not brought the matter into court, are open to question, and praying that the title to any such land, or the boundaries thereof, if the title be admitted, be settled and adjudicated; and thereupon the court shall, on such notice to such claimant or possessor as it shall deem reasonable, proceed to hear, try, and determine the questions stated in such petition or arising in the matter, and determine the matter according to law, justice, and the provisions of this act, but subject to all lawful rights adverse to such claimant or possessor, as between such claimant and possessor and any other claimant or possessor, and subject in this respect to all the provisions of this section applicable thereto.

SEC. 9. That the party against whom the court shall in any case decide—the United States, in case of the confirmation of a claim in whole or in part, and the claimant, in case of the rejection of a claim, in whole or in part—shall have the right of appeal to the Supreme Court of the United States, such appeal to be taken within six months from date of such decision, and in all respects to be taken in the same manner and upon the same conditions, except in respect of the amount in controversy, as is now provided by law for the taking of appeals from decisions of the circuit courts of the United States. On any such appeal the Supreme Court shall retry the cause, as well the issues of fact as of law, and may cause testimony to be taken in addition to that given in the court below, and may amend the record of the proceedings below as truth and justice may require; and on such retrial and hearing every question shall be open, and the decision of the Supreme Court thereon shall be final and conclusive. Should no appeal be taken as aforesaid the decree of the court below shall be final and conclusive.

Retrial by Supreme Court on appeal.

Upon the rendition of any judgment of the court confirming any claim, it shall be the duty of the attorney of the United States to notify the Attorney-General, in writing of such judgment, giving him a clear statement of the case and the points decided by the court, which statement shall be verified by the certificate of the presiding judge of said court; and in any case in which such statement shall not be received by the Attorney-General within sixty days next after the rendition of such judgment, the right of appeal on the part of the United States shall continue to exist until six months next after the receipt of such statement. And if the Attorney-General shall so direct, it shall be the duty of the clerk of the court to transmit the record of any cause in which final judgment has been rendered to the Attorney-General for his examination. In all cases it shall be the duty of the Attorney-General to instruct the attorney for the United States what further course to pursue and whether or not an appeal shall be taken.

Final decree.

SEC. 10. That whenever any decision of confirmation shall become final, the clerk of the court in which the final decision shall be had shall certify that fact to the Commissioner of the General Land Office, with a copy of the decree of confirmation, which shall plainly state the location, boundaries, and area of the tract confirmed. At the expiration of the said ninety days the surveyor-general shall forward such survey, with the objections and proofs filed in support of, or in opposition to, such objections, and his report thereon, to the Commissioner of the General Land Office.

Immediately upon receipt of any such survey, with or without objections thereto, the said Commissioner shall transmit the same, with all accompanying papers, to the court in which the final decision was made for its examination of the survey and of any objections and proofs that may have been filed, or shall be furnished; and the said court shall thereupon determine if the said survey is in substantial accordance with the decree of confirmation. If found to be correct, the court shall direct its clerk to indorse upon the face of the plat its approval. If found to be incorrect, the court shall return the same for correction in such particulars as it shall direct. Sixth. No confirmation of or decree concerning any claim under this act shall in any manner operate or have effect against the United States otherwise than as a release by the United States of its right and title to the land confirmed, nor shall it operate to make the United States in any manner liable in respect of any such grants, claims, or lands, or their disposition, otherwise than as is in this act provided.

Seventh. SEC. 14. That if in any case it shall appear that the lands or any part thereof decreed to any claimant under the provisions of this act shall have been sold or granted by the United States to any other person, such title from the United States to such other person shall remain valid, notwithstanding such decree, and upon proof being made to the satisfaction of said court of such sale or grant, and the value of the lands so sold or granted, such court shall render judgment in favor of such claimant against the United States for the reasonable value of said lands so sold or granted, exclusive of betterments, not exceeding one dollar and twenty-five cents per acre for such lands; and such judgment, when found, shall be a charge on the Treasury of the United States. Either party deeming himself aggrieved by such judgment may appeal in the same manner as provided herein in cases of confirmation of a Spanish or Mexican grant. For the purpose of ascertaining the value and amount of such lands, surveys may be ordered by the court, and proof taken before the court, or by a commissioner appointed for that purpose by the court.

Upon receipt of such survey and proofs the Commissioner of the General Land Office shall cause careful investigation to be made in such manner as he shall deem necessary for the ascertainment of the truth in respect of such claim and occupation, and if satisfied upon such investigation that the claimant comes within the provisions of this section, he shall cause patents to be issued to the parties so found to be in possession for the tracts respectively claimed by them: Provided, however, That no person shall be entitled to con-

SEC. 17. That in the case of townships heretofore surveyed in the Territories of New Mexico, Arizona, and Utah, and the States of Colorado, Nevada, and Wyoming, all persons who, or whose ancestors, grantors, or their lawful successors in title or possession, became citizens of the United States by reason of the treaty of Guadalupe-Hidalgo, and who have been in the actual continuous adverse possession and residence thereon of tracts of not to exceed one hundred and sixty acres each, for twenty years next preceding such survey, shall be entitled, upon making proof of such facts to the satisfaction of the register and receiver of the proper land district, and of the Commissioner of the General Land Office upon such investigation as is provided for in section sixteen of this act, to enter without payment of purchase money, fees, or commissions, such legal subdivisions, not exceeding one hundred and sixty acres, as shall include their said possessions: Provided, however, That no person shall be entitled to enter more than one such tract, in his own right, under the provisions of this section.

And the class of cases provided for in said two next preceding sections shall not be considered or adjudicated by the court created by this act, and no tract of such land shall be subject to entry under the land laws of the United States.

ceded the same to the United States, but the same, with the excep-
tion of the present Cœur d'Alene Reservation, is held by the United
States and settlers and owners deriving title from the United States,
and whereas said Indians have received no compensation for said
land from the United States: Therefore,

ARTICLE 2.

Indians hereby cede, grant, relinquish, and quitclaim to the United
States all right, title, and claim which they now have, or ever had,

ARTICLE 3.

The said Cœur d'Alene Indians agree and consent that the Upper
and Middle bands of Spokane Indians residing in and around Spo-

ritory, and any other bands of non-reservation Indians now belong-
ing to the Colville Indian Agency, may be removed to the Cœur
d'Alene Reservation by the United States, on such terms as may be
mutually agreed on by the United States and any such tribes or
bands.
Article 5.

**Provided,** That proof be further required of the cultivation of one-eighth of the land.

SEC. 8. That the provisions of the act to which this is an amendment, and the endments thereto, shall apply to and be in force in the State of Colorado, as well as the States named in the original act; and no person shall be entitled to make entry of desert land except he be a resident citizen of the State or Territory in which the land sought to be entered is located.

SEC. 8. That suits by the United States to vacate and annul any patent herefore issued shall only be brought within five years from the passage of this act, and suits to vacate and annual patents hereafter issued shall only be brought within six years after the date of the issuance of such patents. And in the States of Colorado, Montana, Idaho, North Dakota and South Dakota, Wyoming, and in the District of Alaska and the gold and silver regions of Nevada, the Territory of Utah, in any criminal prosecution or civil action by the United States for a trespass on such public timber lands or to recover timber or lumber cut thereon, it shall be a defense if the defendant shall show that the said timber was so cut or removed from the timber lands for use in such State or Territory by a resident thereof for agricultural, mining, manufacturing, or domestic purposes, and has not been transported out of the same; but nothing herein contained shall apply to operate to enlarge the rights of any railway company to cut timber on the public domain: Provided, That the Secretary of the Interior may make suitable rules and regulations to carry out the provisions of this section.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

A hundred years have passed since the Government which our forefathers founded was formally organized. At noon on the thirtieth day of April, seventeen hundred and eighty-nine, in the city of New York, and in the presence of an assemblage of the heroic men whose patriotic devotion had led the Colonies to victory and independence, George Washington took the oath of office as Chief Magistrate of the new-born Republic. This impressive act was preceded, at nine o'clock in the morning, in all the churches of the city, by prayer for God's blessing on the Government and its first President.

The centennial of this illustrious event in our history has been declared a general holiday by act of Congress, to the end that the people of the whole country may join in commemorative exercises appropriate to the day.

In order that the joy of the occasion may be associated with a deep thankfulness in the minds of the people for all our blessings in the past, and a devout supplication to God for their gracious continuance in the future, the representatives of the religious creeds, both Christian and Hebrew, have memorialized the Government to designate an hour for prayer and thanksgiving on that day.

Now, therefore, I, Benjamin Harrison, President of the United States of America, in response to this pious and reasonable request, do recommend that on Tuesday, April 30th, at the hour of nine o'clock in the morning, the people of the entire country repair to their respective places of Divine worship, to implore the favor of God that the blessings of liberty, prosperity and peace may abide with us as a people, and that His hand may lead us in the paths of righteousness and good deeds.

In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done in the City of Washington, this 4th day of April, in the year of our Lord one thousand, eight hundred and eighty-nine, and of the Independence of the United States the one hundred and thirteenth.

BENJ. HARRISON.

JAMES G. BLAINE,
Secretary of State.

[No. 4.]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

A highly favored People, mindful of their dependence on the county of Divine Providence, should seek fitting occasion to testify gratitude and ascribe praise to Him who is the author of their many blessings. It behooves us then to look back with thankful hearts over the past year and bless God for his infinite mercy in vouchsafing to our land enduring peace, to our people freedom from pestilence and famine, to our husbandmen abundant harvests, and to them that labor a recompense of their toil.
Now, therefore, I, Benjamin Harrison, President of the United States of America, do earnestly recommend that Thursday, the twenty-eighth day of the present month of November, be set apart as a day of National thanksgiving and prayer, and that the people of our country, ceasing from the cares and labors of their working day, shall assemble in their respective places of worship and give thanks to God, who has prospered us on our way and made our paths the paths of peace; beseeching Him to bless the day to our present and future good, making it truly one of thanksgiving for each re-united home circle as for the Nation at large.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this first day of November, in the year of our Lord one thousand, eight hundred and eighty-nine, and of the Independence of the United States the one hundred and fourteenth.

And whereas it was provided by said act that the area comprising the Territory of Dakota should, for the purposes of the act, be divided on the line of the seventh standard parallel produced due west to the western boundary of said Territory and that the delegates elected as therein provided to the Constitutional convention in districts north of said parallel should assemble in convention, at the time prescribed in the act, at the city of Bismarck;

And whereas it was provided by the said act that the delegates elected as aforesaid should, after they had met and organized, declare on behalf of the people of North Dakota, that they adopt the Constitution of the United States; whereupon the said convention should be authorized to form a constitution and State Government for the proposed State of North Dakota;

And whereas it was provided by said act that the Constitution so adopted should be republican in form and make no distinction in civil or political rights on account of race or color, except as to Indians not taxed, and not be repugnant to the Constitution of the United States and the principles of the Declaration of Independence; and that the Convention should, by an ordinance irrevocable without the consent of the United States and the people of said States, make certain provisions prescribed in said act;

And whereas it was provided by said act that the Constitutions of North Dakota and South Dakota should, respectively, incorporate an agreement to be reached in accordance with the provision of the act, for an equitable division of all property belonging to the Territory of Dakota, the disposition of all public records, and also for the apportionment of the debts and liabilities of said Territory, and that each of said States should obligate itself to pay its proportion
of such debts and liabilities the same as if they had been created by such States respectively;

And whereas it was provided by said act that the Constitution thus formed for the people of North Dakota should, by an ordinance of the Convention forming the same, be submitted to the people of North Dakota at an election to be held therein on the first Tuesday in October, eighteen hundred and eighty-nine, for ratification or rejection by the qualified voters of said proposed State and that the returns of said election should be made to the Secretary of the Territory of Dakota, who, with the Governor, and Chief Justice thereof, or any two of them, should canvass the same; and if a majority of the legal votes cast should be for the Constitution, the Governor should certify the result to the President of the United States, together with a statement of the votes cast thereon, and upon separate articles or propositions and a copy of said Constitution, articles, propositions and ordinances;

And whereas it has been certified to me by the Governor of the Territory of Dakota that within the time prescribed by said act of Congress a Constitution for the proposed State of North Dakota has been adopted and the same ratified by a majority of the qualified voters of said proposed State in accordance with the conditions prescribed in said act;

And whereas it is also certified to me by the said Governor that at the same time that the body of said Constitution was submitted to a vote of the people, a separate article, numbered twenty and entitled "Prohibition," was also submitted and received a majority of all the votes cast for and against said article as well as a majority of all the votes cast for and against the Constitution, and was adopted.

And whereas a duly authenticated copy of said Constitution, article, ordinances and propositions, as required by said act has been received by me:

Now, therefore, I, Benjamin Harrison, President of the United States of America, do, in accordance with the provisions of the act of Congress aforesaid, declare and proclaim the fact that the conditions imposed by Congress on the State of North Dakota to entitle that State to admission to the Union have been ratified and accepted and that the admission of the said State into the Union is now complete.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

By the President of the United States of America.

A PROCLAMATION.

Whereas the Congress of the United States did, by an act approved on the twenty-second day of February, one thousand eight hundred and eighty-nine, provide that the inhabitants of the Territory of Dakota might, upon the conditions prescribed in the said act, become the States of North Dakota and South Dakota;

And whereas it was provided by said act that the area comprising
the Territory of Dakota should, for the purposes of the act, be divided on the line of the seventh standard parallel produced west to the western boundary of said Territory, and that the delegates elected as therein provided to the Constitutional convention in districts south of said parallel should, at the time prescribed in the act, assemble in convention at the city of Sioux Falls;

And whereas it was provided by the said act that the delegates elected as aforesaid should, after they had met and organized, declare on behalf of the people of South Dakota that they adopt the Constitution of the United States; whereupon the said convention should be authorized to form a constitution and State Government for the proposed State of South Dakota;

And whereas it was provided by said act that the constitution so adopted should be republican in form, and make no distinction in civil or political rights on account of race or color, except as to Indians not taxed, and not be repugnant to the Constitution of the United States and the principles of the Declaration of Independence; and that the convention should, by an ordinance irrevocable without the consent of the United States and the people of said States, make certain provisions prescribed in said act;

And whereas it was provided by said act that the constitutions of North Dakota and South Dakota should, respectively, incorporate an agreement to be reached in accordance with the provisions of the act, for an equitable division of all property belonging to the Territory of Dakota, the disposition of all public records, and also for the apportionment of the debts and liabilities of said Territory, and that each of said States should obligate itself to pay its proportion of such debts and liabilities the same as if they had been created by such States respectively;

And whereas it was provided by said act that at the election for delegates to the constitutional convention in South Dakota, as therein provided, each elector might have written or printed on his ballot the words “For the Sioux Falls constitution,” or the words “against the Sioux Falls constitution;” that the votes on this question should be returned and canvassed in the same manner as the votes for the election of delegates; and, if a majority of all votes cast on this question should be “for the Sioux Falls constitution” it should be the duty of the convention which might assemble at Sioux Falls, as provided in the act, to re-submit to the people of South Dakota, for ratification or rejection, at an election provided for in said act, the constitution framed at Sioux Falls and adopted November third, eighteen hundred and eighty-five, and also the articles and propositions separately submitted at that election, including the question of locating the temporary seat of government, with such changes only as related to the name and boundary of the proposed State, to the reapportionment of the judicial and legislative districts, and such amendments as might be necessary in order to comply with the provisions of the act;

And whereas it was provided by said act that the constitution formed for the people of South Dakota should, by an ordinance of the convention forming the same, be submitted to the people of South Dakota at an election to be held therein on the first Tuesday in October, eighteen hundred and eighty-nine, for ratification or rejection, by the qualified voters of said proposed State, and that the returns of said election should be made to the Secretary of the Territory of Dakota, who, with the Governor and Chief Justice thereof, or any two of them, should canvass the same, and if a majority of the legal votes cast should be for the constitution the Governor should certify the result to the President of the United States, together with a statement of the votes cast thereon and upon separate articles or propositions, and a copy of said constitution, articles, propositions and ordinances;
And whereas it has been certified to me by the Governor of the Territory of Dakota that at the aforesaid election for delegates the "Sioux Falls constitution" was submitted to the people of the proposed State of South Dakota, as provided in the said act; that a majority of all the votes cast on this question was "for the Sioux Falls constitution;" and that the said constitution was, at the time prescribed in the act resubmitted to the people of South Dakota, with proper changes and amendments, and has been adopted and ratified by a majority of the qualified voters of said proposed State, in accordance with the conditions prescribed in said act;

And whereas it is also certified to me by the said Governor that at the same time that the body of said Constitution was submitted to a vote of the people, two additional articles were submitted separately to wit: an article numbered twenty-four entitled "Prohibition," which received a majority of all the votes cast for and against said article, as well as a majority of all the votes cast for and against the constitution and was adopted; and an article numbered twenty-five, entitled "Minority Representation," which did not receive a majority of the votes cast thereon or upon the constitution and was rejected;

And whereas a duly authenticated copy of said constitution, additional articles, ordinances and propositions as required by said act, has been received by me:

Now, therefore, I, Benjamin Harrison, President of the United States of America, do, in accordance with the act of Congress afore-said, declare and proclaim the fact that the conditions imposed by Congress on the State of South Dakota to entitle that State to admission to the Union have been ratified and accepted, and that the admission of the said State into the Union is now complete.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

BENJ. HARRISON.

By the President:
JAMES G. BLAINE,
Secretary of State.
February 10, 1890.

Whereas, it is provided in the Act of Congress, approved March second, eighteen hundred and eighty-nine, entitled "An Act to divide a portion of the reservation of the Sioux Nation of Indians in Dakota into separate reservations and to secure the relinquishment of the Indian title to the remainder, and for other purposes," "that this act shall take effect, only, upon the acceptance thereof and consent thereto by the different bands of the Sioux Nation of Indians, in manner and form prescribed by the twelfth article of the treaty between the United States and said Sioux Indians concluded April twenty-ninth, eighteen hundred and sixty-eight, which said acceptance and consent shall be made known by proclamation by the President of the United States, upon satisfactory proof presented to him, that the same has been obtained in the manner and form required, by said twelfth article of said treaty; which proof shall be presented to him within one year from the passage of this act; and upon failure of such proof and proclamation this act becomes of no effect and null and void." and

Whereas satisfactory proof has been presented to me that the acceptance of and consent to the provisions of the said act by the different bands of the Sioux Nation of Indians have been obtained in manner and form as therein required;

Now, therefore, I, Benjamin Harrison, President of the United States, by virtue of the power in me vested, do hereby make known and proclaim the acceptance of said act by the different bands of the Sioux Nation of Indians, and the consent thereunto by them as required by the act, and said act is hereby declared to be in full force and effect, subject to all the provisions, conditions, limitations and restrictions, therein contained.

All persons will take notice of the provisions of said act, and of the conditions, limitations and restrictions therein contained, and be governed accordingly.

I furthermore notify all persons to particularly observe that by said act certain tracts or portions of the Great Reservation of the Sioux Nation in the Territory of Dakota, as described by metes and bounds, are set apart as separate and permanent reservations for the Indians receiving rations and annuities at the respective agencies therein named;

Allotment to Indians.

That any Indian receiving and entitled to rations and annuities at either of the agencies mentioned in this act at the time the same shall take effect, but residing upon any portion of said Great Reservation not included in either of the separate reservations herein established, may, at his option, within one year from the time when this act shall take effect, and within one year after he has been notified of his said right of option in such manner as the Secretary of the Interior shall direct by recording his election with the proper agent at the agency to which he belongs, have the allotment to which he would be otherwise entitled on one of said separate reservations upon the land where such Indian may then reside.

That each member of the Ponca tribe of Indians now occupying a part of the old Ponca Reservation, within the limits of the said Great Sioux Reservation, shall be entitled to allotments upon said old Ponca Reservation, in quantities as therein set forth, and that when allotments to the Ponca tribe of Indians, and to such other Indians as allotments are provided for by this act, shall have been made upon that portion of said reservation which is described in the
PROCLAMATIONS. No. 9.

act entitled “an act to extend the northern boundary of the State of Nebraska,” approved March twenty-eighth, eighteen hundred and eighty-two, the President shall, in pursuance of said act, declare that the Indian title is extinguished to all lands described in said act not so allotted hereunder, and thereupon all of said land not so allotted and included in said act of March twenty-eighth, eighteen hundred and eighty-two, shall be open to settlement as provided in this act;

That protection is guaranteed to such Indians as may have taken allotments either within or without the said separate reservations under the provisions of the treaty with the Great Sioux Nation, concluded April twenty-ninth, eighteen hundred and sixty-eight; and that provision is made in said act for the release of all title on the part of said Indians receiving rations and annuities on each separate reservation, to the lands described in each of the other separate reservations, and to confirm in the Indians entitled to receive rations at each of said separate reservations, respectively, to their separate and exclusive use and benefit, all the title and interest of every name and nature secured to the different bands of the Sioux Nation by said treaty of April twenty-ninth, eighteen hundred and sixty-eight; and that said release shall not affect the title of any individual Indian to his separate allotment of land not included in any of said separate reservations, nor any agreement heretofore made with the Chicago, Milwaukee and Saint Paul Railroad Company or the Dakota Central Railroad Company respecting certain lands for right of way, station grounds, etc., regarding which certain prior rights and privileges are reserved to and for the use of said railroad companies, respectively, upon the terms and conditions set forth in said act;

That it is therein provided that if any land in said Great Sioux Reservation is occupied and used by any religious society at the date of said act for the purpose of missionary or educational work among the Indians, whether situate outside of or within the limits of any of the separate reservations, the same, not exceeding one hundred and sixty acres in any one tract, shall be granted to said society for the purposes and upon the terms and conditions therein named, and

Subject to all the conditions and limitations in said act contained, it is therein provided that all the lands in the Great Sioux Reservation outside of the separate reservations described in said act, except American Island, Farm Island, and Niobrara Island, regarding which islands special provisions are therein made, and sections sixteen and thirty-six in each township thereof (which are reserved for school purposes) shall be disposed of by the United States, upon the terms, at the price and in the manner therein set forth, to actual settlers only, under the provisions of the homestead law (except section two thousand three hundred and one thereof) and under the law relating to town-sites.

That section twenty-three of said act provides “that all persons who, between the twenty-seventh day of February, eighteen hundred and eighty-five, and the seventeenth day of April, eighteen hundred and eighty-five, in good faith, entered upon or made settlements with intent to enter the same under the homestead or pre-emption laws of the United States upon any part of the Great Sioux Reservation lying east of the Missouri River, and known as the Crow Creek and Winnebago Reservation, which, by the President’s proclamation of date February twenty-seventh, eighteen hundred and eighty-five, was declared to be open to settlement, and not included in the new reservation established by section six of this act, and who, being otherwise legally entitled to make such entries, located or attempted to locate thereon homestead, pre-emption, or town-site claims by actual settlement and improvement of any portion of such lands, shall, for a period of ninety days after the proclamation of
the President required to be made by this act, have a right to re-enter upon said claims and procure title thereto under the homestead or pre-emption laws of the United States, and complete the same as required therein, and their said claims shall, for such time, have a preference over later entries; and when they shall have in other respects shown themselves entitled and shall have complied with the law regulating such entries, and, as to homesteads, with the special provisions of this act, they shall be entitled to have said lands, and patents therefor shall be issued as in like cases: Provided, That pre-emption claimants shall reside on their lands the same length of time before procuring title as homestead claimants under this act. The price to be paid for town-site entries shall be such as is required by law in other cases, and shall be paid into the general fund provided for by this act.”

It is, furthermore, hereby made known that there has been and is hereby reserved from entry or settlement that tract of land now occupied by the agency and school buildings at the Lower Brule Agency, to wit:

The west half of the southwest quarter of section twenty-four; the east half of the southeast quarter of section twenty-three; the west half of the northwest quarter of section twenty-five; the east half of the northeast quarter of section twenty-six, and the northwest fractional quarter of the southeast quarter of section twenty-six; all in township one hundred and four, north of range seventy-two, west of the fifth principal meridian;

That there is also reserved as aforesaid the following described tract within which the Cheyenne River Agency, school and certain other buildings are located, to wit: Commencing at a point in the center of the main channel of the Missouri River opposite Deep Creek, about three miles south of Cheyenne River; thence due west five and one half miles; thence due north to the Cheyenne River; thence down said river to the center of the main channel thereof to a point in the center of the Missouri River due east or opposite the mouth of said Cheyenne River; thence down the center of the main channel of the Missouri River to the place of beginning;

That in pursuance of the provisions contained in section one of said act, the tract of land situate in the State of Nebraska and described in said act as follows; to wit: “Beginning at a point on the boundary-line between the State of Nebraska and the Territory of Dakota, where the range line between ranges forty-four and forty-five west of the sixth principal meridian, in the Territory of Dakota, intersects said boundary-line; thence east along said boundary-line five miles; thence due south five miles; thence due west ten miles; thence due north to said boundary-line; thence due east along said boundary-line to the place of beginning,” same is continued in a state of reservation so long as it may be needed for the use and protection of the Indians receiving rations and annuities at the Pine Ridge Agency.

Warning is hereby also expressly given to all persons not to enter or make settlement upon any of the tracts of land specially reserved by the terms of said act, or by this proclamation, or any portion of any tracts of land to which any individual member of either of the bands of the great Sioux Nation, or the Ponca tribe of Indians, shall have a preference right under the provisions of said act; and further, to in no wise interfere with the occupancy of any of said tracts by any of said Indians, or in any manner to disturb, molest or prevent the peaceful possession of said tracts by them.

The surveys required to be made of the lands to be restored to the public domain under the provisions of the said act, and as in this proclamation set forth will be commenced and executed as early as possible.

A PROCLAMATION.

Whereas, that portion of the Indian Territory, commonly known as the Cherokee Strip or Outlet, has been for some years in the occupancy of an association or associations of white persons under certain contracts, said to have been made with the Cherokee Nation in the nature of a lease or leases for grazing purposes; and

Whereas, an opinion has been given to me by the Attorney General, concurring with the opinion given to my predecessor by the late Attorney General, that whatever the right or title of said Cherokee Nation or of the United States to or in said lands may be, no right exists in said Cherokee Nation under the Statutes of the United States to make such leases or grazing contracts, and that such contracts are wholly illegal and void; and

Whereas, the continued use of said lands thereunder for grazing purposes is prejudicial to the public interests;

Now, therefore, I, Benjamin Harrison, President of the United States, do hereby proclaim and give notice:

First. That no cattle or live stock shall hereafter be brought upon said lands for herding or grazing thereon;

Second. That all cattle and other live stock now on said Outlet must be removed therefrom not later than October 1, 1890, and so much sooner as said lands or any of them may be or become lawfully open to settlement by citizens of the United States; and that all persons connected with said cattle companies or associations must, not later than the time above indicated, depart from said lands.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in every case of collision between two vessels it shall be the duty of the master or person in charge of each vessel, if and so far as he can do so without serious danger to his own vessel, crew, and passengers (if any), to stay by the other vessel until he has ascertained that she has no need of further assistance, and to render to the other vessel, her master, crew, and passengers (if any) such assistance as may be practicable and as may be necessary in order to save them from any danger caused by the collision, and also to give to the master or person in charge of the other vessel the name of his own vessel and her port of registry, or the port or place to which she belongs; and also the name of the ports and places from which and to which she is bound.
