Whereas, at the second session of the Forty-second Congress an act approved May twenty-first, eighteen hundred and seventy-two (seventeenth Statutes at large, page one hundred and forty), entitled “An act to enable the city of Denver to purchase certain lands in Colorado for a cemetery,” erroneously describes a tract of land as the northwest quarter of the southwest quarter of section one, and the north half of the southeast quarter of section two and the southwest quarter of the southeast quarter of section two, township four south, range sixty-eight west, sixth principal meridian; and

Whereas the said city of Denver has paid for and received a patent for the northwest quarter of the southwest quarter of section one and the north half of the southeast quarter of section two and the southwest quarter of the northeast quarter of section two, township four south, range sixty-eight west, sixth principal meridian, which latter description is correct, and in accordance with the land actually occupied by the said city of Denver for a cemetery: Now therefore

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That an act entitled “An act to enable the city of Denver to purchase certain lands in Colorado for a cemetery,” approved May twenty-first, eighteen hundred and seventy-two, be, and the same is hereby, amended as follows: Strike out the words “the southwest quarter of the southeast quarter” and insert in lieu thereof the words “the southwest quarter of the northeast quarter,” so that the description of the said land in the said act shall read:

“The northwest quarter of the southwest quarter of section one and the north half of the southeast quarter of section two and the southwest quarter of the northeast quarter of section two, township four south, range sixty-eight west, sixth principal meridian.”

Section 2. That the United States patent issued November fifteenth, eighteen hundred and seventy-three, conveying the northwest quarter of the southwest quarter of section one and the southwest quarter of the northeast quarter of section two and the north half of the southeast quarter of section two in township numbered four south, of range sixty-eight west, of the sixth principal meridian, in the Territory of Colorado, to Joseph E. Bates, mayor of the city of Denver, and to his successors and assigns forever, be, and the same is hereby, approved and confirmed. That the said city of Denver be, and it is hereby, authorized to vacate the use of the said land, or any portion thereof, as a cemetery, and to appropriate and use the same or any part thereof for a public park or grounds.

Approved, January 25, 1890.
CHAP. 4.—An act to grant an American register to the ship Kenilworth.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and he is hereby, authorized and directed to issue an American register to the foreign-built vessel Kenilworth wrecked in the waters of the United States, ordered to be sold, and bought and repaired by citizens of the United States.

Approved, February 4, 1890.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the first section of an act approved June third, eighteen hundred and eighty-four, entitled “An act to amend sections four, five, and nine of an act approved February twenty-fourth, eighteen hundred and seventy-nine, entitled ‘An act to create the northern judicial district of the State of Texas, and to change the eastern and western judicial districts of said State, and to fix the time and places for holding courts in said districts,’ and to provide for holding terms of the court of the western judicial district of Texas at the city of El Paso, and for other purposes,” is hereby amended so as to read as follows:

“That the fourth section of an act approved February twenty-fourth, eighteen hundred and seventy-nine, entitled ‘An act to create the northern judicial district of the State of Texas, and to change the eastern and western judicial districts of said State, and to fix the time and places of holding courts in said districts,’ is hereby amended as follows:

“SEC. 4. That the courts in the western judicial district shall be held twice in each year at Brownsville, San Antonio, the city of El Paso, and Austin. CHAP. 46.—An act to authorize the Oregon and Washington Bridge Company to construct and maintain a bridge across the Columbia River, between the State of Oregon and the State of Washington, and to establish it as a post-road.

Whereas, the act of Congress approved July sixteenth, eighteen hundred and eighty-eight (twenty-fifth Statutes at Large, page two hundred and ninety-six), has become null and void by failure of the Columbia River Bridge Company, the corporation in said act named, or its assigns, to commence the construction of the bridge in said act authorized within one year from date of said act; Therefore

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Oregon and Washington Bridge Company, a corporation organized and existing under the laws of the State of Oregon, its successors and assigns, be, and is hereby, authorized to construct and maintain a bridge across the Columbia River, at a place suitable to commerce and not interfering with navigation at a point at or near La Camas, in the State of Washington, and to lay on or over said bridge a track or tracks for the more perfect connection of any railroad or railroads that are or shall be constructed to said river, on either or both sides thereof, at or opposite said point, under the limitations and conditions hereinafter provided; that said bridge shall not interfere with the free navigation of said river, and in case of any litigation arising from any obstruction, or alleged obstruction to the free navigation of said river by reason of the construction of said bridge, the cause may be tried before the circuit court of the United States in and for any district in whose jurisdiction any portion of said obstruction or bridge may be. Said bridge shall be constructed to provide for the passage of railroad trains, and, at the option of the said company or corporation, its successors and assigns, for the safe and convenient passage of wagons and vehicles of all kinds, animals, and foot-passengers, for such reasonable rates of toll as may be fixed from time to time by the Secretary of War.

SEC. 2. That said bridge shall be provided with two or more draw openings, each having not less than two hundred feet clear channel-way; and in addition to said draw openings one or more fixed channel-spans, each having not less than three hundred and fifty feet clear channel-way; and every part of the superstructure of said bridge shall give a clear head room of not less than ten feet above extreme known high water mark: Provided, That all spans shall be so located as to afford the greatest possible accommodation to the river traffic, and a draw-opening shall, if practicable, be located next or near shore: Provided also, That if the physical characteristics of the locality so require, and the interests of navigation be not injured.
thereby, the length of the fixed spans or the number of draw-openings may be reduced: Provided, also, That for any two adjacent draw-openings of two hundred feet each, one draw-opening of three hundred feet may be substituted if in the opinion of the Secretary of War the interests of navigation be not injured thereby.

SEC. 3. That all draw-spans authorized by this act shall be operated by steam or other reliable mechanical power, and shall be opened promptly upon reasonable signal for the passage of boats, except when trains are passing over said span or spans; but in no case shall unnecessary delay occur in opening said draw after the passage of trains; and also, that in case the opening of a draw is delayed by reason of the passing of a train after the signal has been given from a boat ready to pass through, the draw shall be opened for the passage of such boat before another train is allowed to pass over the said span or spans; nor shall there be any unnecessary delay in the passage of trains over the bridge.

SEC. 4. That all piers shall be built parallel with the current of the river at that stage of water which is most important for navigation, and the bridge itself shall be built as nearly as may be at right angles thereto; and that rip rapping or other protection for imperfect foundations which will lessen the required water-way shall not be permitted; and also that piers which will produce cross-currents or bars dangerous to navigation shall not be constructed; and if after construction any piers or accessory works are found to produce the above mentioned effects, or if any riprapping or other protection prohibited by this section is found to exist, the nuisance shall be abated or corrected under the direction of the Secretary of War and at the expense of the company or persons owning, controlling, or operating said bridge.

SEC. 5. That the approaches to said bridge shall be so designed and constructed as not to interfere with the free discharge of said river in seasons of flood; and any encroachment on the high-water cross-section by piers, solid embankments, or otherwise which will result in unduly accelerating the high-water current at the site of the bridge shall not be allowed.

SEC. 6. That any corporation, company, or persons owning, controlling, or operating the bridge built under the authority of this act shall build and maintain at all times, as accessory works to such bridge, such booms, piers, dikes, guard fences, and similar devices as may be necessary to insure at all times a permanent channel for a sufficient distance above and below the bridge site, and for the guiding of rafts, steam-boats, and other water craft safely under or through said bridge; and if at any time after the construction of the bridge and its accessory works the approaches to draw openings, channel-spans, or raft passages in said bridge are found to be dangerous or difficult of access by any important class of river traffic, the Secretary of War may, upon the recommendation of the Chief of Engineers, United States Army, order the corporation, company, or persons owning, controlling, or operating said bridge to construct under his directions, and to maintain such additional sheer-booms, dikes, and other devices as may obviate the difficulty mentioned, which additional sheer-booms, dikes, and other devices shall be built and maintained at their own expense by said company or persons; and that said company or persons shall maintain at their own expense, from sunset to sunrise throughout the season of navigation, such lights and other signals on said bridge as may be required by the Light-House Board for the security of navigation.

SEC. 7. That the bridge authorized to be constructed by this act shall be located and built under and subject to such regulations for the security of navigation of said river as the Secretary of War shall
Prescribe; and to secure that object said corporation shall submit for his examination a design and drawings of the bridge, piers, approaches, and accessory works, and a map of the location giving, for a space of at least three miles above and one mile below the proposed location the topography of the banks of the river and the shore-lines at high and low water. This map shall be accompanied by others drawn on the scale of one inch to two hundred feet, giving for a space of one-half a mile above the line of the proposed bridge and one-quarter of a mile below an accurate representation of the bottom of the river by contour lines two feet apart, determined by accurate soundings, and also showing over the whole width of this part of the river the force and directions of the currents at low water, at high water, and at least one intermediate stage by triangulated observations on suitable floats. The map shall also show the location of other bridges in the vicinity, and shall give such information as the Secretary of War may require for a full and satisfactory understanding of the subject, and the construction of the proposed bridge shall not be commenced until the location and plans thereof are approved by the Secretary of War.

Sec. 8. That any bridge constructed under the authority of this act shall be built under the general supervision of the Secretary of War, and no changes or alterations in plans shall be made during construction of said bridge or after its completion, unless said changes or alterations conform to the provisions of this act and are authorized by the Secretary of War. That such alterations and changes as may be required by the Secretary of War in said bridge so as to preserve free and convenient navigation shall be made, under the direction of the Secretary of War, at their own expense by the company or persons owning, controlling, or operating said bridge. That during original construction or in carrying out any authorized changes or repairs of said bridge a navigable channel shall be preserved at the site of the bridge at all times, and the water-way of the river shall not be obstructed to a greater extent than is absolutely necessary, and such lights and buoys shall be kept on all coffer-dams, piles, and so forth, as may be necessary for the security of navigation.

Sec. 9. That whenever the Secretary of War has good reason to believe that any of the provisions of sections four, six, and eight of this act have not been complied with by the company or persons owning, controlling, or operating the bridge authorized under its provisions, it shall be the duty of the Secretary of War, on satisfactory proof thereof, to require the said company or persons to comply with the provisions of said sections, and on failure of said persons or company to comply with said requirements within a reasonable time the Secretary of War shall proceed to cause the necessary work, in the form of additions, alterations, repairs, or removals of obstructions, to be made at the expense of the United States, and shall refer the matter, without delay, to the Attorney General of the United States, whose duty it shall be to institute, in the name of the United States, proceedings in the circuit court of the United States, in and for the District in which any portion of said obstruction or bridge may be for the recovery of such expenses, and all moneys accruing from such proceedings shall be covered into the Treasury of the United States.

Sec. 10. That all railroad companies desiring the use of the bridge authorized by this act shall have, and be entitled to, equal rights and privileges relative to the passage of railway trains or cars over the same, and over the approaches thereto, upon the payment of a reasonable compensation for such use; and in case the owner or owners of said bridge and the several railroad companies, or any one of them, desiring such use shall fail to agree upon the sum or sums
to be paid, and upon rules and conditions to which each shall con-
form in using said bridge, all matters at issue between them shall:
be decided by the Secretary of War upon a hearing of the allega-
tions and proofs of the parties; and equal privileges in the use of
said bridge shall be granted to all telegraph and telephone com-
panies.

SEC. 11. That the bridge constructed, maintained, and operated
under this act and according to its limitations shall be a lawful
structure, and shall be recognized and known as a post-route, upon
which also no higher charge shall be made for the transportation
over the same of the mails, the troops, and the munitions of war of
the United States than the rate per mile paid for the transportation
of said mails, troops, and munitions over the railroads and public
highways leading to said bridge; and the United States shall have
the right of way for postal telegraph and telephone purposes over
said bridge.

SEC. 12. That this act shall be null and void if actual construc-
tion of the bridge herein authorized be not commenced within two years
and completed within four years from the date of approval thereof.

SEC. 13. That all former acts or parts of acts granting authority
for the erection of any bridge or bridges over the portion of said Co-
lumbia River over which the construction of a bridge is authorized
by this act be, and the same are hereby, repealed in each and every
case where actual construction of said bridge or bridges be not
commenced on or before the date of the approval of this act.

SEC. 14. That the right to alter, amend, or repeal this act is hereby
expressly reserved; and the right to require the entire removal of
the bridge constructed under the provisions of this act at the ex-
pense of the owners thereof, whenever Congress shall decide that
the public interests require it, is also expressly reserved.

CHAP. 181.—An act authorizing the Brazos Terminal Railway Company to construct a bridge across the Brazos River in the State of Texas.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the assent of Congress is hereby given to the Brazos Terminal Railway Company, a corporation incorporated and organized under the laws of the State of Texas, to its successors and assigns, to construct and maintain a bridge and approaches thereto across the Brazos River, in the State of Texas, between its mouth and a point twelve miles up said river. Said bridge shall be so constructed as to provide for the passage of railway trains, and, at the option of the said corporation, may be used for the passage of wagons and vehicles of all kinds, for the transit of animals, and for foot-passengers, for reasonable rates of toll, to be fixed by said company, and approved by the Secretary of War.

SEC. 2. That any bridge built under this act shall be constructed as a pivot draw-bridge, with a draw over the main channel at an accessible and the best navigable point, and with spans giving a clear water-way, measured at the lowest stage of water known at the locality, of such width and height as the Secretary of War, may, upon examination, prescribe; and the lowest part of the superstructure of the bridge shall be of such elevation above the plane of the highest flood known at the locality as the Secretary of War may deem advisable; and the piers of said bridge shall be parallel to and the bridge shall be at right angles to the current of the river: Provided, That the draw shall be opened promptly upon reasonable signal for the passage of boats and other water-craft, except when trains are passing over the draw; but in no case shall unnecessary delay occur in opening the draw during or after the passage of trains; and said corporation shall maintain, at its own expense, from sunset to sunrise, such lights and other signals on said bridge as the Light-House Board shall prescribe, and said corporation shall provide, at its own expense, such sheer-booms, guide-piers, and other devices as may be necessary to facilitate the safe passage of boats or other water-craft through the spans of said bridge. The said bridge shall be located and built under and subject to such regulations for the security of the navigation of said river as the Secretary of War shall prescribe; and to secure that object the said company shall submit to the Secretary of War, for his examination and approval, a design and drawings of said bridge and a map of the location, giving for the space of one mile below and one mile above the proposed
location, the topography of the banks of the river, the shore-lines at high and low water, the direction and strength of the current at all stages, and the soundings, accurately showing the bed and channel of the stream, and shall furnish such other information as shall be required for a full and satisfactory understanding of the subject; and, until the said location and plans of the bridge hereby authorized to be constructed are approved by the Secretary of War, the said bridge shall not be built; and should any change be made in the plan of such bridge during the progress of construction thereof, such change shall be subject to the approval of the Secretary of War; and in case of any litigation arising from the obstruction or alleged obstruction caused by said bridge to the free navigation of said river, the cause may be tried before the circuit court of the United States in whose jurisdiction any portion of the bridge is located.

SEC. 3. That the bridge authorized to be constructed under this act shall be a lawful structure, and shall be recognized and known as a post-route, upon which also no higher charge shall be made for the transmission over the same of the mails, troops, and the munitions of war of the United States, or for through railway passengers or freight passing over said bridge, than the rate per mile for their transmission over the railroads leading to said bridge; and equal privileges in the use of said bridge shall be granted to all telegraph companies; and the United States shall have the right of way across said bridge and its approaches for postal-telegraph purposes.

SEC. 4. That all railroad companies desiring the use of said bridge shall have and be entitled to equal rights and privileges relative to the passage of railway trains or cars over the same, and over the approaches thereto, upon payment of a reasonable compensation for such use; and in case the owner or owners of said bridge and the several railroad companies, or any of them, desiring such use, shall fail to agree upon the sum or sums to be paid and upon rules and conditions to which each shall conform in using said bridge, all matters at issue between them shall be decided by the Secretary of War upon a hearing of the allegations and proofs of the parties.

SEC. 5. That the right to alter, amend, or repeal this act, whenever Congress shall consider it necessary to the public interest, is hereby expressly reserved; any any alterations or changes that may be required by Congress in the bridge constructed under this act, or the entire removal of said bridge, if required by Congress, shall be made by the corporation owning or controlling the same at its own expense; and if said bridge shall not be commenced in one year and be finished within three years from the passage of this act the rights and privileges hereby granted as to such bridge shall be null and void.

Whenever the interest of the Cherokee Indians in the land known as the Cherokee outlet shall have been extinguished and the President shall make proclamation thereof, said outlet shall thereupon and without further legislation, become a part of the Territory of Oklahoma. Any other lands within the Indian Territory not embraced within these boundaries shall hereafter become a part of the Territory of Oklahoma whenever the Indian nation or tribe owning such lands shall signify to the President of the United States in legal manner its assent that such lands shall so become a part of said Territory of Oklahoma, and the President shall thereupon make proclamation to that effect.

Congress may at any time hereafter change the boundaries of said Territory, or attach any portion of the same to any other State or Territory of the United States without the consent of the inhabitants of the Territory hereby created: Provided, That nothing in this act shall be construed to impair any right now pertaining to any Indians or Indian tribe in said Territory under the laws, agreements, and treaties of the United States, or to impair the rights of person or property pertaining to said Indians, or to affect the authority of the Government of the United States to make any regulation or to make any law respecting said Indians, their lands, property, or other rights which it would have been competent to make or enact if this act had not been passed.

SEC. 2. That the executive power of the Territory of Oklahoma shall be vested in a governor, who shall hold his office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the President of the United States. The governor shall reside within said Territory; shall be commander-in-chief of the militia thereof; he may grant pardons for offenses against the laws of said Territory, and reprieves for offenses against the laws of the United States, until the decision of the President can be made known thereon; he shall commission all officers who shall be appointed to office under the laws of said Territory, and shall take care that the laws be faithfully executed.

SEC. 3. That there shall be a secretary of said Territory, who shall reside therein and hold his office for four years unless sooner removed by the President of the United States; he shall record and preserve all the laws and the proceedings of the legislative assembly hereinafter constituted, and all acts and proceedings of the governor in his executive department; he shall transmit one copy of the laws and journals of the legislative assembly, within thirty days after the end of each session thereof, to the President of the United States and to the Secretary of the Interior and, at the same time, two copies of the laws and journals of the legislative assembly to the Speaker of the House of Representatives and the President of the Senate for the use...
of Congress; and in case of the death, removal, resignation, or other necessary absence of the governor from the Territory, the secretary shall execute all the powers and perform all the duties of governor during such vacancy or absence, or until another governor is appointed and qualified.

SEC. 4. That the legislative power and authority of said Territory shall be vested in the governor and legislative assembly. The council shall consist of thirteen members, having the qualifications of voters as hereinafter prescribed, whose term of service shall continue two years. The house of representatives shall consist of twenty-six members, possessing the same qualifications as prescribed for members of the council, and whose term of service shall continue two years, and the sessions of the legislative assembly shall be biennial and shall be limited to sixty days' duration: Provided, however, That the duration of the first session of said legislative assembly may continue one hundred and twenty days.

That for the purpose of facilitating the organization of a temporary government in the Territory of Oklahoma, seven counties are hereby established therein, to be known, until after the first election in the Territory, as the First County, the Second County, the Third County, the Fourth County, the Fifth County, and the Sixth County, the boundaries of which shall be fixed by the governor of the Territory until otherwise provided by the legislative assembly thereof. The county seat of the First County shall be at Guthrie. The county seat of the Second County shall be at Oklahoma City. The county seat of the Third County shall be at Norman. The county seat of the Fourth County shall be at El Reno. The county seat of the Fifth County shall be at Kingfisher City. The county seat of the Sixth County shall be at Stillwater. The Seventh County shall embrace the entire portion of the Territory lying west of the one hundredth meridian, known as the Public Land Strip, the county seat of which shall be at Beaver: Provided, That the county seats located by this act may be changed in such manner as the Territorial legislature may provide.

At the first election for members of the legislative assembly the people of each county may vote for a name for such county, and the name which receives the greatest number of votes shall be the name of such county. If two or more counties should select the same name, the county which casts the greatest number of votes for such name shall be entitled to the same, and the names receiving the next highest number of votes in the other counties shall be the names of such counties. An apportionment shall be made by the governor as nearly equal as practicable among the several counties or districts for the election of the council and house of representatives, giving to each section of the Territory representation in the ratio of its population (excepting Indians not taxed) as nearly as may be, and the members of the council and house of representatives shall reside in and be inhabitants of the district for which they may be elected, respectively. Previous to the first election the governor shall cause a census or enumeration of the inhabitants of the several counties or districts of the Territory to be taken, unless the same shall have been taken and published by the United States, in which case such census and enumeration shall be adopted, and the first election shall be held at such times and places and be conducted in such manner, both as to the persons who shall be entitled to vote, and the persons who shall vote, as nearly as may be, and in such manner, that the returns thereof, as the governor shall appoint and direct, and he shall at the same time declare the number of the members of the council and house of representatives to which each of the counties or districts shall be entitled, as shown by the census herein provided for. The number of persons authorized to be elected, having the highest number of legal votes in each of said council districts for members of
the council, shall be declared by the governor to be duly elected to the council, and the person or persons authorized to be elected, having the greatest number of votes for the house of representatives equal to the number to which each county or district shall be entitled, shall be declared by the governor to be elected members of the house of representatives: Provided, That in case two or more persons voted for have an equal number of votes, and in case a vacancy otherwise occurs in either branch of the legislative assembly, the governor shall order a new election; and the persons thus elected to the legislative assembly shall meet at such place and on such day as the governor shall appoint, but after such first election, however, the time, place, and manner of holding elections by the people, and the apportionment of representation, and the day of the commencement of the regular sessions of the legislative assembly shall be prescribed by law: Provided, however, That the governor shall have power to call the legislative assembly together by proclamation, on an extraordinary occasion at any time.

SEC. 5. That all male citizens of the United States above the age of twenty-one years, and all male persons of foreign birth over said age who shall have twelve months prior thereto declared their intention to become citizens of the United States, as now required by law, who are actual residents at the time of the passage of this act of that portion of said Territory which was declared by the proclamation of the President to be open for settlement on the twenty-second day of April, anno Domini eighteen hundred and eighty-nine, and of that portion of said Territory heretofore known as the Public Land Strip, shall be entitled to vote at the first election in the Territory. At every subsequent election the qualifications of voters and of holding office shall be such as may be prescribed by the legislative assembly, subject, however, to the following restrictions on the power of the legislative assembly, namely: First. The right of suffrage and of holding office shall be exercised only by citizens of the United States above the age of twenty-one years and by persons of foreign birth above that age who have declared, on oath, before a competent court of record, as required by the naturalization laws of the United States their intention to become citizens, and have taken an oath to support the Constitution of the United States, and who shall have been residents of the United States for the term of twelve months before the election at which they offer to vote. Fourth. No person belonging to the Army or Navy shall be elected to, or hold, any civil office or appointment in said Territory.

SEC. 6. That the legislative power of the Territory shall extend to all rightful subjects of legislation not inconsistent with the Constitution and laws of the United States, but no law shall be passed interfering with the primary disposal of the soil; no tax shall be imposed upon the property of the United States, nor shall the lands or other property of non-residents be taxed higher than the lands or other property of residents, nor shall any law be passed impairing the right to private property, nor shall any unequal discrimination be made in taxing different kinds of property, but all property subject to the taxation shall be taxed in proportion to its value: Provided, That nothing herein shall be held to prohibit the levying and collecting license or special taxes in the Territory from persons engaged in any business therein, if the legislative power shall consider such taxes necessary. Every bill which shall have passed the council and the house of representatives of said Territory shall, before it becomes
a law, be presented to the governor of the Territory. If he approve
he shall sign it, but if not, he shall return it with his objections to
the house in which it originated, who shall enter the objections at large
upon their journal and proceed to reconsider it. If, after such re-
consideration, two-thirds of that house shall agree to pass the bill,
it shall be sent, together with the objections, to the other house, by
which it shall likewise be reconsidered, and if approved by two-
thirds of that house it shall become a law. But in all such cases the
vote of both houses shall be determined by yeas and nays to be en-
tered on the journal of each house, respectively. If any bill shall
not be returned by the governor within five days (Sunday excepted)
after it shall have been presented to him, the same shall be a law in
like manner as if he had signed it, unless the assembly, by adjourn-
ment, prevent its return, in which case it shall not be a law.

Sec. 7. That all township, district, and county officers, not herein
otherwise provided for, shall be appointed or elected, as the case may
be, in such manner as shall be provided by the governor and legis-
lative assembly of the Territory. The governor shall nominate and,
by and with the advice and consent of the council, appoint all officers
not herein otherwise provided for, and in the first instance the gov-
ernor alone may appoint all such officers, who shall hold their offices
until the end of the first session of the legislative assembly; and he
shall lay off the necessary districts for members of the council and
house of representatives, and all other officers, and whenever a
vacancy happens from resignation or death, during the recess of the
legislative council in any office which is filled by appointment of the
governor, by and with the advice and consent of the council, the
governor shall fill such vacancy by granting a commission, which
shall expire at the end of the next session of the legislative council.
It is further provided that the legislative assembly shall not author-
ize the issuing any bond, script, or evidence of debt by the Territory,
or any county, city, town, or township therein for the construction
of any railroad.

Sec. 8. That no member of the legislative assembly shall hold or
be appointed to any office which has been created or the salary or
emoluments of which have been increased while he was a member,
during the term for which he was elected and for one year after the
expiration of such term, but this restriction shall not be applicable
to members of the first legislative assembly provided for by this act;
and no person holding a commission or appointment under the United
States, except postmasters, shall be a member of the legislative as-
sembly, or shall hold any office under the government of said Terri-
tory.

Sec. 9. That the judicial power of said Territory shall be vested in
a supreme court, district courts, probate courts, and justices of the
peace. The supreme court shall consist of a chief-justice and two
associate justices, any two of whom shall constitute a quorum. They
shall hold their offices for four years, and until their successors are
appointed and qualified, and they shall hold a term annually at the
seat of government of said Territory. The jurisdiction of the sev-
eral courts herein provided for, both appellate and original, and that
of the probate courts and of the justices of the peace, shall be as
limited by law: Provided, That justices of the peace, who shall be
elected in such manner as the legislative assembly may provide by
law, shall not have jurisdiction of any matter in controversy when
the title or boundaries of land may be in dispute, or where the debt
or sum claimed shall exceed one hundred dollars; and the said su-
preme and district courts, respectively, shall possess chancery as well
as common law jurisdiction and authority for redress of all wrongs
committed against the Constitution or laws of the United States or

held in each county in said district thereof by one of the justices of the supreme court, at such time and place as may be prescribed by law, and each judge after assignment shall reside in the district to which he is assigned. The supreme court shall define said judicial districts, and shall fix the times and places at each county seat in each district where the district court shall be held and designate the judge who shall preside therein. And the territory not embraced in organized counties shall be attached for judicial purposes to such organized county or counties as the supreme court may determine. The supreme court of said Territory shall appoint its own clerk, who shall hold his office at the pleasure of the court for which he is appointed. Each district court shall appoint its clerk, who shall also be the registrar in chancery, and shall keep his office where the court may be held. Writs of error, bills of exception, and appeals shall be allowed in all cases from the final decisions of said district courts to the supreme court under such regulations as may be prescribed by law, but in no case removed to the supreme court shall trial by jury be allowed in said court. In addition to the jurisdiction otherwise conferred by this act, said district courts shall have and exercise exclusive original jurisdiction over all offenses against the laws of the United States committed within that portion of the Cherokee Outlet not embraced within the boundaries of said Territory of Oklahoma as herein defined, and in all civil cases between citizens of the United States residing in such portion of the Cherokee Outlet, or between citizens of the United States, or of any State or Territory, and any citizen of or person or persons residing or found therein, when the value of the thing in controversy or damages or money claimed shall exceed one hundred dollars; writs of error, bills of exceptions, and appeals shall in all such cases, civil and criminal, be allowed from the district courts to the supreme court in like manner, and be proceeded with in like manner as in cases arising within the limits of said Territory. For all judicial purposes as herein defined such portion of the Cherokee Outlet not embraced within the boundaries of the Territory of Oklahoma shall be attached to, and be part of, one of the judicial districts of said Territory as may be designated by the Supreme court. All acts and parts of acts heretofore enacted, conferring jurisdiction upon United States courts held beyond and outside the limits of the Territory of Oklahoma as herein defined, as to all causes of action or offenses in said Territory, and in that portion of the Cherokee Outlet hereinbefore referred to, are hereby repealed, and such jurisdiction is hereby given to the supreme and district courts of said Territory; but all actions commenced in such courts, and crimes committed in said Territory and in the Cherokee Outlet, prior to the passage of this act, shall be tried and prosecuted, and proceeded with until finally disposed of, in the courts now having jurisdiction thereof, as if this act had not been passed. The said supreme and district courts of said Territory, and the respective judges thereof, shall and may grant writs of mandamus and habeas corpus in all cases authorized by law; and the first six days of every term of said courts, or so much thereof as shall be necessary, shall be appropriated to the trial of causes arising under the said Constitution
and laws; and writs of error and appeals in all such cases shall be
made to the supreme court of said Territory, as in other cases.

Sec. 10. Persons charged with any offense or crime in the Terri-
tory of Oklahoma, and for whose arrest a warrant has been issued,
may be arrested by the United States marshal or any of his deput-
ties, wherever found in said Territory, but in all cases the accused
shall be taken, for preliminary examination, before a United States
commissioner, or a justice of the peace of the county, whose office
is nearest to the place where the offense or crime was committed.

All offenses committed in said Territory, if committed within any
organized county, shall be prosecuted and tried within said county,
and if committed within territory not embraced in any organized
county, shall be prosecuted and tried in the county to which such
territory shall be attached for judicial purposes. And all civil
actions shall be instituted in the county in which the defendant, or
either of them, resides or may be found; and when such actions
arise within any portion of said Territory, not organized as a county,
such actions shall be instituted in the county to which such territory
is attached for judicial purposes; but any case, civil or criminal,
may be removed, by change of venue, to another county.

Sec. 11. That the following chapters and provisions of the Com-
plied Laws of the State of Nebraska, in force November first,
eighteen hundred and eighty-nine, in so far as they are locally appli-
cable, and not in conflict with the laws of the United States or with
this act, are hereby extended to and put in force in the Territory of
Oklahoma until after the adjournment of the first session of the
legislative assembly of said Territory, namely: the provisions of

etitled "Criminal code."

The governor of said Territory is authorized to divide each county
into election precincts and into such political sub-divisions other than
school districts as may be required by the laws of the State of Ne-
braska; and he is hereby authorized to appoint all officers of such
counties and subdivisions thereof as he shall deem necessary, and all
election officers until their election or appointment shall be provided
for by the legislative assembly, but not more than two of the judges or inspectors of election in any election precinct shall be members of the same political party, and the candidates of each political party who may be voted for at such election may designate one person who shall be present at the counting and canvassing of the votes cast in each precinct.

of the duty lawfully due on the said goods, wares, and merchandise;
that the said invoice and the declaration therein are in all respects
true, and were made by the person by whom the same purports to
have been made; and that if at any time hereafter I discover any
error in the said invoice, or in the account now rendered of the said

or drawback but such as has been actually allowed on the same.

merchandise imported by or consigned to me in the ——, whereof
—— —— is master, from ——; that the said goods, wares, and
merchandise were not actually bought by me, or by my agent, in the
ordinary mode of bargain and sale, but that nevertheless the invoice
which I now produce contains a just and faithful valuation of the
same, at their actual market value or wholesale price, at the time of
exportation to the United States, in the principal markets of the
country from whence imported for my account (or for account of
myself or partners); that such actual market value is the price at
which the merchandise described in the invoice is freely offered for
sale to all purchasers in said markets, and is the price which I would
have received and was willing to receive for such merchandise sold
in the ordinary course of trade in the usual wholesale quantities;
that the said invoice contains also a just and faithful account of all
the cost of finishing said goods, wares, and merchandise to their pres-

ment in the declarations provided for in the preceding section, or
shall aid or procure the making of any such false statement as to

ished by a fine not exceeding five thousand dollars, or by imprison-

tion of the court: Provided, That nothing in this section shall be
construed to relieve imported merchandise from forfeiture by reason
of such false statement or for any cause elsewhere provided by law.

Sec. 7. That the owner, consignee, or agent of any imported mer-
chandise which has been actually purchased, may, at the time when
he shall make and verify his written entry of such merchandise, but
not afterwards, make such addition in the entry to the cost or value
given in the invoice, or pro forma invoice, or statement in form of
an invoice, which he shall produce with his entry, as in his opinion
may raise the same to the actual market value or wholesale price
of such merchandise at the time of exportation to the United States,
in the principal markets of the country from which the same has
been imported; but no such addition shall be made upon entry to
the invoice value of any imported merchandise obtained otherwise
than by actual purchase; and the collector within whose district any
merchandise may be imported or entered, whether the same has been
actually purchased or procured otherwise than by purchase, shall
cause the actual market value or wholesale price of such merchan-
dise to be appraised; and if the appraised value of any article of
imported merchandise shall exceed by more than ten per centum the
value declared in the entry, there shall be levied, collected, and paid,
in addition to the duties imposed by law on such merchandise, a further sum equal to two per centum of the total appraised value for each one per centum that such appraised value exceeds the value declared in the entry; and the additional duties shall only apply to the particular article or articles in each invoice which are undervalued; and if such appraised value shall exceed the value declared in the entry more than forty per centum, such entry may be held to be presumptively fraudulent, and the collector of customs may seize such merchandise and proceed as in cases of forfeiture for violations of the customs laws; and in any legal proceedings which may result from such seizure the fact of such undervaluation shall be presumptive evidence of fraud, and the burden of proof shall be on the claimant to rebut the same, and forfeiture shall be adjudged unless he shall rebut said presumption of fraudulent intent by sufficient evidence: Provided, That the forfeitures provided for in this section shall apply to the whole of the merchandise or the value thereof in the case or package containing the particular article or articles in each invoice which are undervalued; And provided further, That all additional duties, penalties, or forfeitures, applicable to merchandise entered by a duly certified invoice shall be alike applicable to goods entered by a pro forma invoice or statement in form of an invoice. The duty shall not, however, be assessed upon an amount less than the invoice or entered value.

Sec. 8. That when merchandise entered for customs duty has been consigned for sale by or on account of the manufacturer thereof, to a person, agent, partner, or consignee in the United States, such person, agent, partner, or consignee shall, at the time of the entry of such merchandise, present to the collector of customs at the port where such entry is made, as a part of such entry, and in addition to the certified invoice or statement in the form of an invoice required by law, a statement signed by such manufacturer, declaring the cost of production of such merchandise, such cost to include all the elements of cost as stated in section eleven of this act. When merchandise entered for customs duty has been consigned for sale by or on account of a person other than the manufacturer of such merchandise, to a person, agent, partner, or consignee in the United States, such person, agent, partner, or consignee shall at the time of the entry of such merchandise present to the collector of customs at the port where such entry is made, as a part of such entry, a statement signed by the consignor thereof, declaring that the merchandise was actually purchased by him or for his account, and showing the time when, the place where, and from whom he purchased the merchandise, and in detail the price he paid for the same: Provided, That the statements required by this section shall be made in triplicate, and shall bear the attestation of the consular officer of the United States resident within the consular district wherein the merchandise was manufactured, if consigned by the manufacturer or for his account, or from whence it was imported when consigned by a person other than the manufacturer, one copy thereof to be delivered to the person making the statement, one copy to be transmitted with the triplicate invoice of the merchandise to the collector of the port in the United States to which the merchandise is consigned, and the remaining copy to be filed in the consulate.

Sec. 9. That if any owner, importer, consignee, agent, or other person shall make or attempt to make any entry of imported merchandise by means of any fraudulent or false invoice, affidavit, letter, paper, or by means of any false statement, written or verbal, or by means of any false or fraudulent practice or appliance whatsoever, or shall be guilty of any willful act or omission by means whereof the United States shall be deprived of the lawful duties, or any portion thereof, accruing upon the merchandise, or any portion thereof, embraced or referred to in such invoice, affidavit, letter, paper,
or statement, or affected by such act or omission, such merchandise, or the value thereof, to be recovered from the person making the entry, shall be forfeited, which forfeiture shall only apply to the whole of the merchandise or the value thereof in the case or package containing the particular article or articles of merchandise to which such fraud or false paper or statement relates; and such person shall, upon conviction, be fined for each offense a sum not exceeding five thousand dollars, or be imprisoned for a time not exceeding two years, or both, in the discretion of the court.

SEC. 10. That it shall be the duty of the appraisers of the United States, and every of them, and every person who shall act as such appraiser, or of the collector, as the case may be, by all reasonable ways and means in his or their power to ascertain, estimate, and appraise (any invoice or affidavit thereto or statement of cost, or of cost of production to the contrary notwithstanding) the actual market value and wholesale price of the merchandise at the time of exportation to the United States, in the principal markets of the country whence the same has been imported, and the number of yards, parcels, or quantities, and actual market value or wholesale price of every of them, as the case may require.

SEC. 11. That when the actual market value, as herein defined, of any article of imported merchandise wholly or partially manufactured and subject to ad valorem duty, or to duty based in whole or in part on value, cannot be ascertained to the satisfaction of the appraising officer, the appraiser or appraisers shall use all available means to ascertain the cost of production of such merchandise at the time of exportation to the United States, and at the place of manufacture; such cost of production to include cost of materials and of fabrication, all general expenses covering each and every outlay of whatsoever nature incident to such production, together with the expense of preparing and putting up such merchandise ready for shipment, and an addition of eight per cent. upon the total cost as thus ascertained; and in no such case shall such merchandise be appraised upon original appraisal or re-appraisal at less than the total cost of production as thus ascertained.

SEC. 12. That there shall be appointed by the President, by and with the advice and consent of the Senate, nine general appraisers of merchandise, each of whom shall receive a salary of seven thousand dollars a year. Not more than five of such general appraisers shall be appointed from the same political party. They shall not be engaged in any other business, avocation, or employment, and may be removed from office at any time by the President for inefficiency, neglect of duty, or malfeasance in office. They shall be employed at such ports and within such territorial limits, as the Secretary of the Treasury may from time to time prescribe, and are hereby authorized to exercise the powers, and duties devolved upon them by this act and to exercise, under the general direction of the Secretary of the Treasury, such other supervision over appraisements and classifications, for duty, of imported merchandise as may be needful to secure lawful and uniform appraisements and classifications at the several ports. Three of the general appraisers shall be on duty as a board of general appraisers daily (except Sunday and legal holidays) at the port of New York, during the business hours prescribed by the Secretary of the Treasury, at which port a place for samples shall be provided, under such rules and regulations as the Secretary of the Treasury may from time to time prescribe, which shall include rules as to the classes of articles to be deposited, the time of their retention, and as to their disposition, which place of samples shall be under the immediate control and direction of the board of general appraisers on duty at said port.

SEC. 13. That the appraiser shall revise and correct the reports of the assistant appraisers as he may judge proper, and the appraiser,
or, at ports where there is no appraiser, the person acting as such, shall report to the collector his decision as to the value of the merchandise appraised. At ports where there is no appraiser, the certificate of the customs officer to whom is committed the estimating and collection of duties, of the dutiable value of any merchandise required to be appraised, shall be deemed and taken to be the appraisement of such merchandise. If the collector shall deem the appraisement of any imported merchandise too low he may order a reappraisement, which shall be made by one of the general appraisers, or, if the importer, owner, agent, or consignee of such merchandise shall be dissatisfied with the appraisement thereof, and shall have complied with the requirements of law with respect to the entry and appraisement of merchandise, he may, within two days thereafter give notice to the collector, in writing, of such dissatisfaction, on the receipt of which the collector shall at once direct a reappraisement of such merchandise by one of the general appraisers. The decision of the appraiser or the person acting as such (in cases where no objection is made thereto, either by the collector or by the importer, owner, consignee, or agent), or of the general appraiser in cases of re-appraisement, shall be final and conclusive as to the dutiable value of such merchandise against all parties interested therein, unless the importer, owner, consignee, or agent of the merchandise shall be dissatisfied with such decision, and shall, within two days thereafter give notice to the collector in writing of such dissatisfaction, or unless the collector shall deem the appraisement of the merchandise too low, in either case the collector shall transmit the invoice and all the papers appertaining thereto to the board of three general appraisers, which shall be on duty at the port of New York, or to a board of three general appraisers who may be designated by the Secretary of the Treasury for such duty at that port or at any other port, which board shall examine and decide the case thus submitted, and their decision, or that of a majority of them, shall be final and conclusive as to the dutiable value of such merchandise against all parties interested therein, and the collector or the person acting as such shall ascertain, fix, and liquidate the rate and amount of duties to be paid on such merchandise, and the dutiable costs and charges thereon, according to law.

Sec. 14. That the decision of the collector as to the rate and amount of duties chargeable upon imported merchandise, including all dutiable costs and charges, and as to all fees and exactions of whatever character (except duties on tonnage), shall be final and conclusive against all persons interested therein, unless the owner, importer, consignee, or agent of such merchandise, or the person paying such fees, charges, and exactions other than duties, shall, within ten days after "but not before" such ascertainment and liquidation of duties, as well in cases of merchandise entered in bond as for consumption, or within ten days after the payment of such fees, charges, and exactions, if dissatisfied with such decision give notice in writing to the collector, setting forth therein distinctly and specifically, and in respect to each entry or payment, the reasons for his objections thereto, and if the merchandise is entered for consumption shall pay the full amount of the duties and charges ascertained to be due thereon. Upon such notice and payment the collector shall transmit the invoice and all the papers and exhibits connected therewith to the board of three general appraisers, which shall be on duty at the port of New York, or to a board of three general appraisers who may be designated by the Secretary of the Treasury for such duty at that port or at any other port, which board shall examine and decide the case thus submitted, and their decision, or that of a majority of them, shall be final and conclusive upon all persons interested therein, and the record shall be transmitted to the proper collector or person acting as such who shall
liquidate the entry accordingly, except in cases where an application shall be filed in the circuit court within the time and in the manner provided for in section fifteen of this act.

SEC. 15. That if the owner, importer, consignee, or agent of any imported merchandise, or the collector, or the Secretary of the Treasury, shall be dissatisfied with the decision of the board of general appraisers, as provided for in section fourteen of this act, as to the construction of the law and the facts respecting the classification of such merchandise and the rate of duty imposed thereon under such classification, they or either of them, may, within thirty days next after such decision, and not afterwards, apply to the circuit court of the United States within the district in which the matter arises, for a review of the questions of law and fact involved in such decision. Such application shall be made by filing in the office of the clerk of said circuit court a concise statement of the errors of law and fact complained of, and a copy of such statement shall be served on the collector, or on the importer, owner, consignee, or agent, as the case may be. Thereupon the court shall order the board of appraisers to return to said circuit court the record and the evidence taken by them; together with a certified statement of the facts involved in the case, and their decisions thereon; and all the evidence taken by and before said appraisers shall be competent evidence before said circuit court; and within twenty days after the aforesaid return is made the court may, upon the application of the Secretary of the Treasury, the collector of the port, or the importer, owner, consignee, or agent, as the case may be, refer it to one of said general appraisers, as an officer of the court, to take and return to the court such further evidence as may be offered by the Secretary of the Treasury, collector, importer, owner, consignee, or agent, within sixty days thereafter, in such order and under such rules as the court may prescribe; and such further evidence with the aforesaid returns shall constitute the record upon which said circuit court shall give priority to and proceed to hear and determine the questions of law and fact involved in such decision, respecting the classification of such merchandise and the rate of duty imposed thereon under such classification, and the decision of such court shall be final, and the proper collector, or person acting as such, shall liquidate the entry accordingly, unless such court shall be of opinion that the question involved is of such importance as to require a review of such decision by the Supreme Court of the United States, in which case said circuit court, or the judge making the decision may, within thirty days thereafter, allow an appeal to said Supreme Court; but an appeal shall be allowed on the part of the United States whenever the Attorney-General shall apply for it within thirty days after the rendition of such decision. On such original application, and on any such appeal, security for damages and costs shall be given as in the case of other appeals in cases in which the United States is a party. Said Supreme Court shall have jurisdiction and power to review such decision, and shall give priority to such cases, and may affirm, modify, or reverse such decision of such circuit court, and remand the case with such orders as may seem to it proper in the premises, which shall be executed accordingly. All final judgments, when in favor of the importer, shall be satisfied and paid by the Secretary of the Treasury from the permanent indefinite appropriation provided for in section twenty-three of this act. For the purposes of this section the circuit courts of the United States shall be deemed always open, and said circuit courts, respectively, may establish, and from time to time alter, rules and regulations not inconsistent herewith for the procedure in such cases as they shall deem proper.

SEC. 16. That the general appraisers, or any of them, are hereby authorized to administer oaths, and said general appraisers, the boards of general appraisers, the local appraisers or the collectors,
as the case may be, may cite to appear before them, and examine
upon oath any owner, importer, agent, consignee, or other person
touching any matter or thing which they, or either of them, may
demean material respecting any imported merchandise, in ascertaining
the dutiable value or classification thereof; and they, or either of
them, may require the production of any letters, accounts, or in-
voices relating to said merchandise, and may require such testimony
to be reduced to writing, and when so taken it shall be filed in the
office of the collector, and preserved for use or reference until the
final decision of the collector or said board of appraisers shall be
made respecting the valuation or classification of said merchandise,
as the case may be.

Sec. 17. That if any person so cited to appear shall neglect or refuse
to attend, or shall decline to answer, or shall refuse to answer in
writing any interrogatories, and subscribe his name to his deposition,
or to produce such papers, when so required by a general appraiser,
or a board of general appraisers, or a local appraiser or a collector,
he shall be liable to a penalty of one hundred dollars; and if such
person be the owner, importer, or consignee, the appraisement which
the general appraiser, or board of general appraisers, or local ap-
praiser, or collector, where there is no appraiser, may make of the
merchandise, shall be final and conclusive; and any person who
shall willfully and corruptly swear falsely on an examination before
any general appraiser, or board of general appraisers, or local ap-
praiser, or collector, shall be deemed guilty of perjury; and if he is
the owner, importer, or consignee, the merchandise shall be forfeited.

Sec. 18. That all decisions of the general appraisers and of the
boards of general appraisers, respecting values and rates of duty,
shall be preserved and filed, and shall be open to inspection under
proper regulations to be prescribed by the Secretary of the Treas-
ury. All decisions of the general appraisers shall be reported forth-
with to the Secretary of the Treasury and to the board of general
appraisers on duty at the port of New York, and the report to the
board shall be accompanied, whenever practicable, by samples of
the merchandise in question, and it shall be the duty of the said
board, under the direction of the Secretary of the Treasury, to
cause an abstract to be made and published of such decisions of the
appraisers as they may deem important, and of the decisions of each
of the general appraisers and boards of general appraisers, which
abstract shall contain a general description of the merchandise in
question, and of the value and rate of duty fixed in each case, with
reference, whenever practicable, by number or other designation,
to samples deposited in the place of samples at New York, and
such abstract shall be issued from time to time, at least once in each
week, for the information of customs officers and the public.

Sec. 19. That whenever imported merchandise is subject to an ad
valorem rate of duty, or to a duty based upon or regulated in any
manner by the value thereof, the duty shall be assessed upon the act-
ual market value or wholesale price of such merchandise as bought and
sold in usual wholesale quantities, at the time of exportation to the
United States, in the principal markets of the country from whence
imported, and in the condition in which such merchandise is there
bought and sold for exportation to the United States, or consigned
to the United States for sale, including the value of all cartons,
cases, crates, boxes, sacks, and coverings of any kind, and all other
costs, charges, and expenses incident to placing the merchandise in
condition, packed ready for shipment to the United States, and if
there be used for covering or holding imported merchandise, whether
dutiable or free, any unusual article or form designed for use other-
wise than in the bona fide transportation of such merchandise to the
United States, additional duty shall be levied and collected upon
such material or article at the rate to which the same would be sub-
Definition of "value," and "actual market value."

Any merchandise deposited in any public or private bonded-warehouse may be withdrawn for consumption within three years from the date of original importation, on payment of the duties and charges to which it may be subject by law at the time of such withdrawal: Provided, That nothing herein shall affect or impair existing provisions of law in regard to the disposal of perishable or explosive articles.

SEC. 21. That in all suits or informations brought, where any seizure has been made pursuant to any act providing for or regulating the collection of duties on imports or tonnage, if the property is claimed by any person, the burden of proof shall lie upon such claimant: Provided, That probable cause is shown for such prosecution, to be judged of by the court.

SEC. 22. That all fees exacted and oaths administered by officers of the customs, except as provided in this act, under or by virtue of existing laws of the United States, upon the entry of imported goods and the passing thereof through the customs, and also upon all entries of domestic goods, wares, and merchandise for exportation, be, and the same are hereby, abolished; and in case of entry of merchandise for exportation, a declaration, in lieu of an oath, shall be filed, in such form and under such regulations as may be prescribed by the Secretary of the Treasury; and the penalties provided in the sixth section of this act for false statements in such declaration shall be applicable to declarations made under this section: Provided, That where such fees, under existing laws, constitute, in whole or in part, the compensation of any officer, such officer shall receive, from and after the passage of this act, a fixed sum for each year equal to the amount which he would have been entitled to receive as fees for such services during said year.

SEC. 23. That no allowance for damage to goods, wares, and merchandise imported into the United States shall hereafter be made in the estimation and liquidation of duties thereon; but the importer thereof may, within ten days after entry, abandon to the United States all or any portion of goods, wares, and merchandise included in any invoice, and be relieved from the payment of the duties on the portion so abandoned: Provided, That the portion so abandoned shall amount to ten per centum or over of the total value or quantity of the invoice; and the property so abandoned shall be sold by public auction or otherwise disposed of for the account and credit of the United States under such regulations as the Secretary of the Treasury may prescribe.

SEC. 24. That whenever it shall be shown to the satisfaction of the Secretary of the Treasury that, in any case of unascertained or estimated duties, or payments made upon appeal, more money has been paid to or deposited with a collector of customs than, as has been ascertained by final liquidation thereof, the law required to be paid or deposited, the Secretary of the Treasury shall direct the Treasurer to refund and pay the same out of any money in the Treasury not otherwise appropriated. The necessary moneys therefor are hereby appropriated, and this appropriation shall be deemed a permanent indefinite appropriation; and the Secretary of the Treasury is hereby authorized to correct manifest clerical errors in any entry or liquidation, for or against the United States, at any time within one year of the date of such entry, but not afterwards: Provided, That the Secretary of the Treasury shall in his annual report to Congress, give a detailed statement of the various sums of money refunded under the provisions of this act or of any other
act of Congress relating to the revenue, together with copies of the rulings under which repayments were made.

SEC. 25. That from and after the taking effect of this act no collector or other officer of the customs shall be in any way liable to any owner, importer, consignee, or agent of any merchandise, or any other person, for or on account of any rulings or decisions as to the classification of said merchandise or the duties charged thereon, or the collection of any dues, charges, or duties on or on account of said merchandise, or any other matter or thing as to which said owner, consignee, or consignee, or agent of such merchandise might, under this act, be entitled to appeal from the decision of said collector or other officer, or from any board of appraisers provided for in this act.

SEC. 26. That any person who shall give, or offer to give or promise to give any money or thing of value, directly or indirectly, to any officer or employee of the United States in consideration of or for any act or omission contrary to law in connection with or pertaining to the importation, appraisement, entry, examination, or inspection of goods, wares, or merchandise including herein any baggage, or of the liquidation of the entry thereof, or shall by threats or demands, or promises of any character attempt to improperly influence or control any such officer or employee of the United States as to the performance of his official duties shall, on conviction thereof, be fined not exceeding two thousand dollars, or be imprisoned at hard labor not more than one year, or both, in the discretion of the court; and evidence of such giving, or offering, or promising to give, satisfactory to the court in which such trial is had, shall be regarded as prima facie evidence that such giving or offering or promising was contrary to law, and shall put upon the accused the burden of proving that such act was innocent, and not done with an unlawful intention.

SEC. 27. That any officer or employee of the United States who shall, excepting for lawful duties or fees, solicit, demand, exact or receive from any person, directly or indirectly, any money or thing of value, in connection with or pertaining to the importation, appraisement, entry, examination, or inspection of goods, wares, or merchandise including herein any baggage, or liquidation of the entry thereof, on conviction thereof, shall be fined not exceeding five thousand dollars, or be imprisoned at hard labor not more than two years, or both, in the discretion of the court. CHAP. 479.—An act to grant the right of way to the Galena Guthrie and Western Railway Company through the Indian Territory, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Galena, Guthrie and Western Railway Company, a corporation created under and by virtue of the laws of the State of Kansas, be, and the same is hereby, invested and empowered with the right of locating, constructing, equipping, operating, using, and maintaining a railway, telegraph and telephone line through the Indian Territory, beginning at any point to be selected by said railway company on the south line of the State of Kansas, in the county of Cherokee, at or near the southwest corner of lot number three, section number fourteen, township number thirty-five, range number twenty-four east, of the sixth principal meridian, and running thence by the most practicable route through the Indian Territory to the west line thereof, via, at, or near Guthrie and Kingfisher, or Lisbon, Indian Territory, with the right to construct, use, and maintain such tracks, turnouts, sidings, and extensions as said company may deem to their interest to construct along and upon the right of way and depot grounds herein provided for.

SEC. 2. That said company is authorized to take and use, for all purposes of a railway and for no other purpose, a right of way one hundred feet in width through said Territory, and to take and use a strip of land two hundred feet in width, with a length of three thousand feet in addition to right of way, for stations, for every ten miles of the road, with the right to use additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the road-bed, not exceeding one hundred feet in width on each side of said right of way, or as much thereof as may be included in said cut or fill: Provided, That no more than said addition of land shall be taken for any one station: And provided further, That no part of the lands herein authorized to be taken shall be leased or sold by the company; and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railway, telegraph and telephone lines, and when any portion thereof shall cease to be used, such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any tribe of the Indians, nations, or tribes through which it may be constructed, full and complete compensation shall be made to such occupant for all property to be taken or damage done by reason of the construction of said railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed, one (who shall act as chairman) by the President of the United States, one by the chief of the nation to which such occupant belongs, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oaths duly certified shall be returned with their award to, and filed with, the Secretary of the Interior within sixty days from the completion thereof, and a majority of said referees shall be competent to act in case of the absence of a member, after due notice, and upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the judge of the United States court of the district of Muscogee; upon the application of the other party the chairman of said board shall

Witnesses shall receive the usual fees allowed by the courts of said nation; costs, including compensation of the referees, shall be made a part of the award and be paid by said railway company. In case the referees can not agree, then any two of them are authorized to make the award; either party being dissatisfied with the finding of the referees shall have the right, within ninety days after making of the award, and notice of the same, to appeal by original petition to the courts of the Indian Territory at Moscogee, which court shall have jurisdiction to hear and determine the subject-matter of said petition according to the laws of the State of Kansas providing for determining the damage when property is taken for railroad purposes. If upon the hearing of said appeal the judgment of the court shall be for a larger sum than the award of the referees, the costs of said appeal shall be adjudged against the railway company. If the judgment of the court shall be for the same sum or less than the award of the referees, then the cost shall be adjudged against the appellant; when proceedings have been commenced in court the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then have the right to enter upon the property sought to be condemned and go forward with the construction of the railroad.

The money paid to the Secretary of the Interior under the provisions of this act shall be apportioned by him in accordance with the laws and treaties now in force among the different nations and tribes, according to the number of miles of railway that may be constructed by said railway company through their lands: Provided, That Congress shall have the right, as long as said lands are occupied and possessed by said nations or tribes, to impose such additional taxes upon said railway as it may deem just and proper for their benefit, and any Territory or State hereafter formed through which said railway shall have been established may exercise the like powers as to such part of said railway as may be within its limits. Said railway company shall have the right to survey and locate its railway immediately after the passage of this act.

Sec. 6. That said company shall cause maps, showing the route of its located line through said Territory, to be filed in the office of the Secretary of the Interior, and also to be filed in the office of the principal chief of the nations or tribes through whose lands said railway may be located, and after filing said maps no claim for a subsequent settlement and improvement upon the right of way shown by said maps shall be valid as against said company: Provided, That when a map showing any portion of said railway company’s located line is filed, as herein provided for, said company shall commence grading said located line within one year thereafter or said location shall be void; and said location shall be approved by the Secretary of the Interior in sections of twenty-five miles before construction of any such section shall be begun.

Sec. 7. That the officers, servants, and employees of said company necessary to the construction and management of said road shall be allowed to reside, while so engaged, upon said right of way, but subject to the provisions of the Indian intercourse laws and such rules and regulations as may be established by the Secretary of the Interior in accordance with said intercourse laws.

Sec. 8. That the United States courts having jurisdiction in respect of the Indian Territory, and such other courts as may be authorized by Congress, shall have, without reference to the amount in controversy, concurrent jurisdiction over all controversies arising between said Galena, Guthrie and Western Railway Company and the nations or tribes through whose territory said railway company shall construct its lines; said court shall have like jurisdiction, without reference to the amount in controversy, over all controversies arising between the inhabitants of said nation or tribe and said railway company, and the civil jurisdiction of said courts is hereby extended within the limits of said Indian Territory, without distinction as to citizenship of the parties, so far as may be necessary to carry out the provisions of this act.

Sec. 9. That the said railway company shall build at least one hundred miles of its railway in said Territory within three years after the passage of this act, and complete main line of the same within one year thereafter, or the right herein granted shall be forfeited as to that portion not built. That said railway company shall construct and maintain continually all fences, roads, and highway crossings, and necessary bridges over said railway wherever said roads and highways do now or may hereafter cross said railway’s right of way, or may be by the proper authorities laid out across the same.
Sec. 10. That the said Galena, Guthrie and Western Railway Company shall accept this right of way upon the expressed condition, binding upon itself, its successors, and assigns, that they will neither aid, advise, nor assist in any effort looking toward the changing or extinguishing the present tenure of the Indians in their lands, and will not attempt to secure from the Indian Nation any further grant of lands or their occupancy than is hereinbefore provided: Provided, That any violation of the conditions mentioned in this section shall operate as a forfeiture of all rights and privileges of said railway company under this act.

Sec. 11. That all mortgages executed by said company conveying any portion of its railway with the franchises, that may be constructed in said Indian Territory, shall be recorded in the Department of the Interior, and the record thereof shall be evidence and notice of their execution, and shall convey all rights and properties of said company as therein expressed subject, to the provisions of this act.

"PAR. 2039. (Sec. 1.) For the purpose of liquidating and providing for the payment of the outstanding and existing indebtedness of the Territory of Arizona and such future indebtedness as may be or
is now authorized by law, the governor of the said Territory, together with the Territorial auditor and Territorial secretary, and their successors in office, shall constitute a board of commissioners, to be styled the loan commissioners of the Territory of Arizona, and shall have and exercise the powers and perform the duties hereinafter provided.

"Par. 2040. (Sec. 2.) It shall be, and is hereby, declared the duty of the loan commissioners to provide for the payment of the existing Territorial indebtedness due, and to become due, or that is now, or may be hereafter, authorized by law and for the purpose of paying, redeeming, and refunding all or any part of the principal and interest, or either of the existing and subsisting Territorial indebtedness, and also that which may at any time become due, or is now or may be hereafter authorized by law, the said commissioners shall, from time to time, issue negotiable coupon bonds of this Territory when the same can be done at a lower rate of interest and to the profit and benefit of the Territory.

"Par. 2041. (Sec. 3.) Said bonds shall be issued as near as practicable in denominations of one thousand dollars, but bonds of a lower denomination, not less than two hundred and fifty dollars, may be issued when necessary. Said bonds shall bear interest at a rate to be fixed by said loan commissioners, but in no case to exceed five per centum per annum, which interest shall be paid in gold coin, or its equivalent in lawful money of the United States, on the fifteenth day of January in each year, at the office of the Territorial treasurer, or at such bank in the city of New York, in the State of New York, or in the city of San Francisco, in the State of California, or such place as may be designated by said loan commissioners, at the option of the purchaser of said bonds, the place of payment being mentioned in said bonds. The principal of said bonds shall be made payable in lawful money of the United States fifty years after the date of their issue. Said Territory reserves the right to redeem at par any of said bonds, in their numerical order, at any time after twenty years after the date thereof.

They shall bear the date of their issue, state when, where, and to whom payable, rate of interest, and when and where payable, and shall be signed by said loan commissioners, and shall have the seal of the Territory affixed thereto, and countersigned by the Territorial treasurer, and bear his official seal, and shall be registered by the Territorial auditor in a book to be kept by him for the purpose, which shall state amount sold for, or, if exchanged, for what; and the faith and credit of the Territory is hereby pledged for the payment of said bonds and the interest accruing thereon, as herein provided.

"Par. 2042. (Sec. 4.) Coupons for the interest shall be attached to each bond, so that they may be removed without injury to or mutilation of bond. They shall be consecutively numbered and bear the same number of the bond to which they are attached, and shall be signed by the Territorial treasurer.

The said coupons shall cover the interest expressed in said bond from the date of issue until paid; but in no case shall bonds bear interest, nor shall any interest be paid thereon for any time before their delivery to the purchaser, as hereinafter provided.

"Par. 2043. (Sec. 5.) Whenever the said loan commissioners may be authorized by law to issue bonds, or shall have decided to refund or redeem all or any part of the existing indebtedness of this Territory, they shall direct the Territorial treasurer to advertise for a sale of the bonds to be issued for that purpose, by causing a notice of such sale to be published for the period of one month in some daily newspaper published at the capital of the Territory, and at least one insertion in a newspaper published in the city of New York, in the..."
State of New York, and in the city of San Francisco, in the State of California; such notice shall specify the amount of bonds to be sold, the place, day, and hour of sale, and that bids will be received by said treasurer for the purchase of said bonds within one month from the expiration of said publication; and at the place and time named in said notice, the said treasurer and loan commissioners shall open all bids received by him and shall award the purchase of said bonds, or any part thereof to the bidder or bidders therefor bidding the lowest rate of interest: Provided, That said loan commissioners shall have the right to reject any and all bids: And provided further, That they may refuse to make any award unless sufficient security shall be furnished by the bidder or bidders for the compliance with the terms of their bids.

"Par. 2044. (Sec. 6.) When the sale of said bonds shall be awarded by the loan commissioners, they shall provide and procure the necessary bonds as in this act provided, and any expense incurred by them therefor, for the publication of said notices, costs of remitting funds for the payment of interest or money on said bonds, and all other necessary incidental expenses under the provisions of this act, shall be paid out of the general fund of said Territory, upon the order of the Territorial auditor, countersigned by the governor; and a sum of money sufficient to cover said costs and expenses is hereby appropriated out of said fund.

They shall, from time to time after signing said bonds, deliver them to the Territorial treasurer, taking his receipt therefor and charge him therewith. The said treasurer shall give to the Territory of Arizona an additional official bond, with two or more sureties, in a sum equal to the amount of bonds delivered to him by the said loan commissioners, which bond shall be approved by the governor and deposited and filed with the secretary of the Territory and recorded by him in a book to be kept for that purpose. And the said treasurer shall stand charged upon his official bond for the faithful performance of the duties required of him under this act.

"Par. 2045. (Sec. 7.) The Territorial treasurer shall sell said bonds for cash, or exchange them for any of the indebtedness for the redemption of which they were so issued, but in no case shall said bonds be sold or exchanged for less than their face or par value and the accrued interest at the time of disposal, nor must any indebtedness be redeemed at more than its face value and any interest that may be due thereon.

"That said treasurer shall endorse by writing or stamping in ink on the face of the paper evidencing the indebtedness received by him in exchange for said bonds, the time when and the amount for which exchanged.

"Par. 2046. (Sec. 8.) Moneys received by said treasurer shall be applied by him to the redemption of the indebtedness for the redemption of which bonds were issued, and the treasurer shall give notice, as is provided by law in case of payment and redemption of Territorial warrants, of his readiness to redeem such indebtedness, and thereafter interest on all such indebtedness due and outstanding shall cease.

Before any such indebtedness shall be paid the Territorial auditor shall indorse on each certificate the amount due thereon, and shall write across the face of each the date of its surrender and the name of the person surrendering, and shall keep proper record thereof.

"Par. 2047. (Sec. 9.) There shall be levied annually upon the taxable property in this Territory, and in addition to the levy for other authorized taxes, a sufficient sum to pay the interest on all bonds issued and disposed of in pursuance of the provisions of this act, to be placed in the Territorial treasur y, in the fund to be known as the 'Interest Fund.' And fifty years after such bonds shall have...
been issued such additional amount shall be levied annually as will pay ten per cent. of the total amount issued until all the bonds issued under the provisions of this act are paid and discharged. Nothing herein contained shall be construed to prevent the legislature of Arizona from creating a sinking fund during the life of said bonds for their redemption at maturity.

"The Territorial board of equalization, or, on their failure, the Territorial auditor, shall determine the rate of tax to be levied in the different counties in the Territory to carry out the provisions of this act, and shall certify the same to the 'board of supervisors' in each county and to the municipal or school authorities; and the said board of supervisors, or authorities, are hereby directed and required to enter such rate on their assessment rolls in the same manner and with the same effect as is provided by law in relation to other Territorial, county, municipal and school taxes. Every tax levied under the provisions of authority of this act is hereby made a lien against the property assessed, which lien shall attach on the first Monday in March in each year, and shall not be satisfied or removed until such tax has been paid.

"All moneys derived from taxes authorized by provisions of this act shall be paid into the Territorial treasury, and shall be applied: "First. To the payment of the interest on the bonds issued hereunder. 

"Second. To the payment of the principal of such bonds: Provided, That all moneys remaining in the interest fund after the payment of the interest and all moneys remaining in the 'redemption fund' after all said bonds shall have been paid and discharged, shall be transferred by the Territorial treasurer to the Territorial 'general fund.'

"PAR. 2048. (Sec. 10.) Whenever, after the expiration of the fifty years from the date of issuance of any bonds under this act, there remains after the payment of the interest, as provided in the preceding section, a surplus of ten thousand dollars or more, it shall be the duty of the Territorial treasurer to advertise, as in the manner of advertising by the loan commissioners for bids, for sale of bonds, which advertisement shall state the amount of money in the said redemption fund, and the number of bonds, numbering them in the order of their issuance, commencing at the lowest number then outstanding, which such fund is set apart to pay and discharge; and if such bonds so numbered in such advertisements shall not be presented for payment and cancellation at the expiration of such publication, then such fund shall remain in the treasury to discharge such bonds whenever presented, but they shall draw no interest after the expiration of such publication. Before any such bonds shall be paid they shall be presented to the Territorial auditor, who shall indorse on each bond the amount due thereon, and shall write across the face of each bond the date of its surrender and the name of the person surrendering. The Territorial auditor shall keep a record of all bonds issued and disposed of by the Territorial treasurer, showing their number, rate of interest, date, and amount of sale, when, where, and to whom payable, and if exchanged, for what, and when presented for redemption, the date, amount due thereon, and person surrendering.

"The boards of supervisors of the counties, the municipal and school authorities, are hereby authorized and directed to report to the loan commissioners of the Territory their bonded and outstanding indebtedness, and said loan commissioners may, on written demand, require an official report from the board of supervisors of counties, the municipal or school authorities, of their bonded and outstanding indebtedness, and said loan commissioners shall provide for the redeeming or refunding of the county, municipal, and school district indebtedness, upon the official demand of said authorities, in the same manner as other Territorial indebtedness, and they shall issue bonds for any indebtedness now allowed, or that may be here-
after allowed by law, to said county, municipality, or school district, upon official demand by said authorities; the county, municipality, or school district to pay into the Territorial treasury, in addition to all other taxes authorized by law, such amounts as may be directed by the Territorial board of equalization, or on their failure by the Territorial auditor to be levied for the payment of the principal of the bonds issued in redemption, refunding, or other bonds issued to such county, municipality, or school district when the same shall become due, and, in addition, a rate of interest paid by the Territory on such bonds.

"Par. 2049. (Sec. 11.) When the treasurer pays or redeems any indebtedness he shall indorse, by writing or stamping in ink, on the face of the paper evidencing such indebtedness so paid or redeemed, the words 'redeemed and canceled,' with the date of cancellation. He shall keep a full and particular account and record of all his proceedings under the act and of the bonds redeemed and surrendered, and he shall transmit to the governor an abstract of all his proceedings under this act with his annual report, to be by the governor laid before the legislature at its meeting. All books and papers pertaining to the matter provided in this act shall at all times be open to the inspection of the party interested, or to the governor, or a committee of either branch of the legislature, or a joint committee of both.

"Par. 2050. (Sec. 12.) It shall be the duty of the Territorial treasurer to pay the interest on said bonds when the same falls due out of the said interest fund, if sufficient; and if said fund be not sufficient, then to pay the deficiency out of the general fund: Provided, That the Territorial auditor shall first draw his warrant on the Territorial treasurer, payable to the order of said treasurer, for the amount of such deficiency, out of the general fund.

"Par. 2051. (Sec. 13.) It shall be the duty of said loan commissioners to make a full report of all their proceedings had under the provisions of this act to the governor on or before the first day of January of each year, and said reports shall be transmitted by the governor to the Territorial legislative assembly.

"Par. 2052. (Sec. 14.) No bond issued under the provisions of this act shall be taxed within this Territory." 

Sec. 15. That nothing in this act shall be construed to authorize any future increase of any indebtedness in excess of the limit prescribed by the "Harrison act": Provided, however, That the present existing and outstanding indebtedness, together with such warrants as may be issued for the necessary and current expenses of carrying on Territorial, county, municipal, and school government for the year ending December thirty-first, eighteen hundred and ninety, may also be funded and bonds issued for the redemption thereof, and thereafter no warrants, certificates, or other evidences of indebtedness shall be allowed to issue or be legal where the same is in excess of the limit prescribed by the "Harrison act."

That all acts or parts of acts in conflict with this act are hereby repealed.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Pittsburgh, Columbus and Fort Smith Railway Company, a corporation created under and by virtue of the laws of the State of Kansas, be, and the same is hereby, invested and empowered with the right of locating, constructing, equipping, operating, using and maintaining a railway, telegraph, and telephone line through the Indian Territory, beginning at a point at or near the south-west corner of lot number four of section number fourteen, township number thirty-five, range twenty-three east, on the south line of the State of Kansas, in the county of Cherokee, and running thence by the most practicable route through the Indian Territory, by way of a point at or near Afton and Tahlequah, to a point on the Arkansas River near Fort Smith, Arkansas, with the right to construct, use, and maintain such tracks, turn-outs, sidings, and extensions as said company may deem to their interest to construct along and upon the right of way and depot grounds herein provided for.

SEC. 2. That said corporation is authorized to take and use, for all purposes of a railway and for no other purposes, a right of way one hundred feet in width through said Indian Territory, and to take and use a strip of land two hundred and fifty feet in width, with a length of three thousand feet in addition to right of way, for stations, for every ten miles of the road, with the right to use additional grounds where there are heavy cuts or fills as may be necessary for the construction and maintenance of the road-bed, not exceeding one hundred feet in width on each side of said right of way, or as much thereof as may be included in said cut or fill: Provided, That no more than said addition of land shall be taken for any one station: And provided further, That no parts of the lands herein authorized to be taken shall be leased or sold by the company, and they shall not be used except in such manner and for such purpose only as shall be necessary for the construction and convenient operation of said railway, telegraph, and telephone line, and when any portion thereof shall cease to be used, such portion shall revert to said nation or tribe of Indians from which the same shall have been taken.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damaged done by reason of the construction of such railway. In case of failure to
make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed, one (who shall act as chairman) by the President of the United States, one by the chief of the nation to which said occupant belongs, and one by said railway company, who, before entering upon the duties of their appointments, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointments, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in the case of the absence of a member, after due notice. And upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the district judge of the court for the western district of Arkansas, or the district court of Kansas, upon the application of the other party. The chairman of said board shall appoint the time and place for all hearings within the nation to which said occupants belong. Witnesses shall receive the usual fees allowed by the courts of said nation. Costs, including compensation of the referees, shall be made a part of the award and be paid by said railway company. In case the referees cannot agree, then any two of them are authorized to make the award. Either party being dissatisfied with the finding of the referees shall have the right, within ninety days after making of the award and notice of the same, to appeal by the original petition to the United States court at Muskogee, Indian Territory, which court shall have jurisdiction to hear and determine the subject matter of said petition according to the laws of the State of Kansas provided for determining the damage when property is taken for railroad purposes. When proceedings have been commenced in court the railway company shall pay double the amount of the award into court to abide the judgment thereof, and then have the right to enter upon the property sought to be condemned and proceed with construction of the railroad.

SEC. 4. That said railway Company shall not charge the inhabitants of said Territory a greater rate of freight than the rates authorized by the laws of the State of Kansas for services or transportation of the same kind: Provided, That passenger rates on said railway shall not exceed three cents per mile. Congress hereby reserves the right to regulate the charges for freight and passengers on said railway, and messages on said telegraph and telephone lines until a State government shall be authorized to fix and regulate the cost of transportation of persons and freight within its respective limits by said railway; but Congress expressly reserves the right to fix and regulate at all times the cost of such transportation by said railway or said company whenever such transportation shall extend from one State into another, or shall extend into more than one State: Provided, however, That the rates of such transportation of passengers, local or interstate, shall not exceed the rates above expressed: And provided further, That said railway company shall carry the mail at such prices as Congress may by law provide, and until such rate is fixed by law the Postmaster General may fix the rate of compensation.

SEC. 5. That said company shall cause maps showing the route of its located line through said Territory to be filed in the office of the Secretary of the Interior, and also to be filed in the office of the principal chief of each of the nations or tribes through whose lands said railroad may be located, and after filing said maps no claim for a subsequent settlement and improvement upon the right of way shown by said maps shall be valid as against said company: Provided, That within one year after when a map showing any portion of said railway company's located line is filed as herein provided for, said company shall commence grading said located line within one year thereafter, or said location shall be void; and said location shall be approved by the Secretary of the Interior, in sections of twenty-five miles, before construction of any such section shall be begun.

Sec. 7. That the officers, servants, and employees of said company, necessary to the construction and management of said road, shall be allowed to reside, while so engaged, upon said right of way, but subject to the provisions of the Indian intercourse laws and such rules and regulations as may be established by the Secretary of the Interior in accordance with said intercourse laws.

Sec. 8. That the United States circuit court for the western district of Arkansas shall except as provided in section three of this act have, without reference to the amount in controversy, concurrent jurisdiction over all controversies arising between said Pittsburgh, Columbus and Port Smith Railway Company and the nations or tribes through whose territory said railway company shall construct their lines; said courts shall have like jurisdiction, without reference to the amount in controversy, over all controversies arising between the inhabitants of said nation or tribe and said railway
company, and the civil jurisdiction of said courts is hereby extended within the limits of said Indian Territory without distinction as to citizenship of the parties, so far as may be necessary to carry out the provisions of this act.

SEC. 9. That the said railway shall build at least one hundred miles of its railway in said Territory within three years after the passage of this act and complete main line of the same within one year thereafter, or the rights herein granted shall be forfeited as to that portion not built. That said railway company shall construct and maintain continually all fences, roads, and highways, crossings, and necessary bridges over said railway whenever said roads and highways do now or may hereafter cross said railway’s right of way or may be by the proper authorities laid out across the same.

SEC. 10. That the said Pittsburgh, Columbus and Fort Smith Railway Company shall accept this right of way upon the express condition, binding upon itself, its successors, and assigns, that they will neither aid, advise, nor assist in any effort looking towards the changing or extinguishing the present tenure of the Indians in their lands, and will not attempt to secure from the Indian nations any further grant of land or its occupancy than is hereinbefore provided. Provided, That any violation of the conditions mentioned in this section shall operate as a forfeiture of all the rights and privileges of said railway company under this act.

SEC. 11. That all mortgages executed by said railway company conveying any portion of its railway, with the franchises, that may be constructed in said Indian Territory shall be recorded in the Department of the Interior, and the record thereof shall be evidence and notice of their execution, and shall convey all rights and property of said company as therein expressed.

SEC. 12. That Congress may at any time amend, alter, or repeal this act, and the right of way herein and hereby granted shall not be assigned or transferred in any form whatever except as to mortgages or other liens that may be given or secured thereon to aid in the construction thereof.

CHAP. 669.—An act to incorporate the North River Bridge Company and to authorize the construction of a bridge and approaches at New York City across the Hudson River, to regulate commerce in and over such bridge between the States of New York and New Jersey, and to establish such bridge a military and post road.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That authorization is hereby given to Jordan L. Mott, John King McLanahan, James Andrews, Thomas F. Ryan, Garrett A. Hobart, F. W. Roebling, Charles J. Canda, Edward F. C. Young, Henry Flad, Gustav Lindenthal, A. G. Dickinson, John H. Miller, William Brookfield, Samuel Rea, William F. Shunk, Philip E. Chapin, and their associates, as a corporation as hereinafter provided, to locate, build, maintain, equip, and operate a bridge, proper approaches thereto and terminals, appurtenances and works connected therewith, across the Hudson River in and between the city of New York, in the State of New York, and the State of New Jersey, and to lay tracks thereon for the connection of the railroads on either side of said river, in
order to facilitate interstate commerce in the transportation of persons and property, and for vehicle, pedestrian, postal, military, and other purposes: Provided, That said bridge shall have not less than six railroad tracks with a capacity for four additional tracks for future enlargement, and shall be constructed with a single span over the entire river between the towers, located between the shore and the established pier head lines in either State, and at an elevation above the river not less than that of the existing Brooklyn suspension bridge, over the East River, and which elevation may be increased by the Secretary of War as hereinafter provided, and that no pier or other obstruction to navigation either of a temporary or permanent character, shall be constructed in the river between said towers.

Sec. 2. That the construction of said bridge shall be commenced within three years after the passage of this act, and shall be completed within ten years after the commencement of construction. But that the Secretary of War is hereby authorized to extend the time for the commencement of construction for two additional years upon cause shown by the company, and provided that the Secretary of War shall deem such cause sufficient and satisfactory; and that if the company fail to commence the construction of said bridge within the time so extended this act shall be null and void. And the company at least three months previous to commencing the erection of said bridge shall submit to the Secretary of War a plan of the bridge, with a detailed map of the river at the proposed site of the bridge, and for the distance of one-half of a mile above and below the site, with such other information as the Secretary of War may require for a full and satisfactory understanding of the subject. And the Secretary of War may upon receiving said plans and map and other information, order a hearing before a board of engineers, appointed by him for taking testimony of persons interested in railroads and navigation, relative to the clear height of the superstructure above ordinary high water. Such clear height shall not be less than that named in section one of this act, and the Secretary of War may thereupon order such additional clear height as he shall deem necessary for the security of navigation. And he is hereby authorized and directed upon being satisfied that a bridge built on such plan and at said locality will conform to the conditions of this act to notify the said company that he approves the plans therefor; whereupon said company may proceed to the erection of said bridge. But until the Secretary of War approve the plan and location of said bridge the erection of the same shall not be commenced; and should any change be made in the plan of the bridge during the progress of the work thereon, such change shall likewise be subject to the approval of the Secretary of War.

Sec. 3. That the bridge, with its approaches and railroad thereover, constructed under the provisions of this act shall be a lawful structure, and a military and post road, but no toll charges shall be made for the transmission over the same of the mails of the United States, or for the right of way for United States postal telegraph purposes.

Sec. 4. That for the purpose of carrying into effect the objects stated in this act, the persons named in the first section hereof, and their associates, are hereby constituted and created a body corporate in law, to be known as the North River Bridge Company, and by that name, style, and title shall have perpetual succession; may sue and be sued, implead and be impleaded, complain and defend, in all courts of law and equity, of record and otherwise; may make and have a common seal, and shall have and possess all the rights, powers, franchises, and privileges incident to or usually possessed by such companies. It may receive, purchase, and also acquire by lawful appropriation and condemnation upon making proper compensation therefor, to be ascertained according to the laws of the
State within which the same is located, real and personal property and rights of property, and may mortgage, encumber, charge, pledge, grant, lease, sell, assign, and convey the same. And to aid in the construction of said bridge and approaches thereto, and railroad terminals, appurtenances, and works connected therewith, and to carry out the purposes of this act, the said North River Bridge Company is hereby authorized to issue its bonds and secure the same by mortgage on its property and rights of property of all kinds and descriptions, and its franchise to be a corporation. And generally and specially, for the fully carrying out of the purposes and intentions of this act, the said North River Bridge Company, and its successors, shall have and possess all such rights and powers to enter upon lands, and for the purchase, acquisition, condemnation, appropriation, occupation, possession, and use of real estate and other property, and for the location, construction, operation, and maintenance of said bridge with its approaches, terminals, and appurtenances as are possessed by railroad or bridge companies in the States of New York and New Jersey, respectively. That all persons, railroad and telegraph companies, respectively, desiring to use said bridge and appurtenances shall be entitled to equal rights and privileges in the passage over and the use of the same, and the approaches thereto, for a reasonable compensation, to be approved by the Interstate Commerce Commission as hereinafter determined, and to be paid to the North River Bridge Company, which is hereby duly empowered to collect the same. And sufficient trackage and terminal facilities shall be provided for all railroads desiring to use said bridge and appurtenances. In case any litigation arises out of the construction, use, or operation of said bridge or approaches thereto and railroad thereon, or for the condemnation or the appropriation of property in connection therewith under this act, the cause so arising shall be heard and tried before the circuit court of the United States for the judicial district in which the bridge or one of the approaches is located. Applications for condemnation or appropriation of property shall be made in the circuit court of the United States for the district in which such property is situated upon the petition of said company, and the hearing and trial of all other proceedings thereon shall conform as nearly as may be to the practice in the courts of which part of the act is situated, in the case of condemnation or appropriation of property for railroads.

SEC. 5. That the Interstate Commerce Commission is hereby authorized to require the said North River Bridge Company, in addition to such reports as it may lawfully require of railroad companies, a statement certified to by the president of said North River Bridge Company of the actual cash expenditure for all property acquired and for the cost of construction of all structures and appurtenances, for equipment and for other proper and legitimate expenses incurred under this act; said statement shall be made on the completion of all the work and before the said North River Bridge Company shall collect tolls from the connecting railroad companies. The Interstate Commerce Commission shall be authorized to employ, at the expense of said North River Bridge Company, such expert accountants as it may appoint and direct to examine the accounts of said North River Bridge Company for the purpose of verifying the said actual cash expenditures under this act. And the said ascertained cash expenditures shall form the basis on which the Interstate Commerce Commission shall approve the toll charges to be paid by the connecting railroad companies to said North River Bridge Company for the use of said bridge, approaches, tracks, and terminals in such manner that whenever the net revenue derived from said toll charges, after paying all expenses for the proper and safe operation and maintenance of its property, and after paying all taxes, and after deducting five per centum of the gross revenue for
the sinking fund, to be applied to the liquidation of any indebtedness, shall exceed ten per centum on the above-specified cash expenditure, the Interstate Commerce Commission may order a reduction of toll charges: Provided, That said reduction shall not be ordered oftener than once in three years: Provided further, That nothing contained in this section shall be construed as establishing contract rights between the United States and said North River Bridge Company as to the rate of toll authorized to be collected, but this section shall be subject to amendment or repeal as is provided may be in relation to every other section of this act.

Sec. 6. That the government and direction of said company shall be vested in a board of seven directors, who shall be stockholders of said company, and who shall hold their office for one year, and until their successors are duly elected and qualified. The said directors, five of whom shall be a quorum, shall elect one of their number president; they shall also appoint a secretary and treasurer. The directors of said company shall have power to make such prudential by-laws as they shall deem proper for the management and disposition of the stock, property, and business affairs of said company, not contrary to the laws of the United States, and prescribing the duties of officers, artificers and servants that may be employed, for filling vacancies, and for carrying on all business within the objects and purposes of said company. There shall be an annual meeting of the stockholders for choice of directors, to be held at such time and place, under such conditions and upon such notice as the by-laws may prescribe; and such directors shall annually make a report of their doings and of the business of the company to the stockholders, a copy of which, sworn to and signed by the president of the company, shall be transmitted to the Interstate Commerce Commission. Failure to elect directors on the day fixed by said by-laws shall not be deemed to dissolve said company, but such election may be held on any day appointed thereafter by the directors, first giving thirty days' notice thereof, in manner provided in said by-laws. The capital stock of said company shall consist of not less than ten thousand shares of one hundred dollars each, which shall in all respects be deemed personal property, and shall be transferable in such manner as the by-laws of said company shall provide; but no share shall be transferable until all calls thereon shall have been fully paid in, and it shall not be lawful for said company to use any of its funds in the purchase of any stock in its own or any other corporation. The amount of such capital stock may be increased upon the vote of two-thirds of such stock of said company at any time outstanding.

Sec. 7. That the real and personal property of the company shall be subject to taxation for State, county, and municipal purposes in the State where the same is located, but at no higher rate than other real and personal property in the State.

Sec. 8. That the said North River Bridge Company shall maintain on the bridge, at its own expense, from sunset to sunrise, such lights or signals as the United States Light-House Board shall prescribe.

Sec. 9. That nothing in this act shall be held or construed to in any manner involve the United States Government in any pecuniary obligations whatever, other than the payment of tolls over said bridge and approaches for troops and munitions of war, for which no higher charge per mile shall be made than the rate paid to railroads connecting with said bridge; but Congress hereby reserves the right to alter, amend, or repeal this act as the contingencies of commerce or the public good may require, and said company shall further be subject to the provisions of the interstate-commerce laws, and any amendments and supplements thereof.

And if any change is required by the Secretary of War in the plan of said bridge, whilst the same is in process of construction, or after its completion, or if the entire removal of said bridge is required by him at any time, the cost of such change or removal shall be paid by the company owning or controlling said bridge.

Sec. 6. That this act shall be null and void if actual construction of the bridge herein authorized be not commenced within two years and completed within three years from the date of the approval of this act.

CHAP. 802.—An act to adopt regulations for preventing collisions at sea.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following regulations for preventing collisions at sea shall be followed by all public and private vessels of the United States upon the high seas and in all waters connected therewith, navigable by sea-going vessels.

Preliminary.

Meaning of terms. "Sailing-vessel."

In the following rules every steam-vessel which is under sail and not under steam is to be considered a sailing-vessel, and every vessel
under steam, whether under sail or not, is to be considered a steam-

vessel.

The word "steam-vessel" shall include any vessel propelled by

machinery.

A vessel is "under way" within the meaning of these rules when

she is not at anchor, or made fast to the shore, or aground.

RULES CONCERNING LIGHTS, AND SO FORTH.

The word "visible" in these rules when applied to lights shall mean visible on a dark night with a clear atmosphere.

**ARTICLE 1.** The rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited.

**ART. 2.** A steam-vessel when under way shall carry—(a) On or in front of the foremast, or if a vessel without a foremast, then in the fore part of the vessel, at a height above the hull of not less than twenty feet, and if the breadth of the vessel exceeds twenty feet, then at a height above the hull not less than such breadth, so, however, that the light need not be carried at a greater height above the hull than forty feet, a bright white light, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side, and of such a character as to be visible at a distance of at least five miles.

(b) On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least two miles.

(c) On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible at a distance of at least two miles.

(d) The said green and red side-lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

(e) A steam-vessel when under way may carry an additional white light similar in construction to the light mentioned in subdivision (a). These two lights shall be so placed in line with the keel that one shall be at least fifteen feet higher than the other, and in such a position with reference to each other that the lower light shall be forward of the upper one. The vertical distance between these lights shall be less than the horizontal distance.

**ART. 3.** A steam-vessel when towing another vessel shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than six feet apart, and when towing more than one vessel shall carry an additional bright white light six feet above or below such light, if the length of the tow measuring from the stern of the towing vessel to the stern of the last vessel towed exceeds six hundred feet. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in article two (a), excepting the additional light, which may be carried at a height of not less than fourteen feet above the hull.

Such steam-vessel may carry a small white light abaft the funnel or aftermast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

**STAT L—VOL XXVI—31**
ART. 4. (a) A vessel which from any accident is not under command shall carry at the same height as a white light mentioned in article two (a), where they can best be seen, and if a steam-vessel in lieu of that light, three lights in a vertical line one over the other, not less than six feet apart, and of such a character as to be visible all around the horizon at a distance of at least two miles; and shall by day carry in a vertical line one over the other, not less than six feet apart, where they can best be seen, two black balls or shapes, each two feet in diameter.

(b) A vessel employed in laying or in picking up a telegraph cable shall carry in the same position as the white light mentioned in article two (a), and if a steam-vessel in lieu of that light, three lights in a vertical line, one over the other, not less than six feet apart. The highest and lowest of these lights shall be red, and the middle light shall be white, and they shall be of such a character as to be visible all around the horizon, at a distance of at least two miles. By day she shall carry in a vertical line, one over the other, not less than six feet apart, where they can best be seen, three shapes not less than two feet in diameter, of which the highest and lowest shall be globular in shape and red in color, and the middle one diamond in shape and white.

(c) The vessels referred to in this article, when not making way through the water, shall not carry the side-lights, but when making way shall carry them.

(d) The lights and shapes required to be shown by this article are to be taken by other vessels as signals that the vessel showing them is not under command and can not therefore get out of the way. These signals are not signals of vessels in distress and requiring assistance. Such signals are contained in article thirty-one.

ART. 5. A sailing vessel under way and any vessel being towed shall carry the same lights as are prescribed by article two for a steam-vessel under way, with the exception of the white lights mentioned therein, which they shall never carry.

ART. 6. Whenever, as in the case of small vessels under way during bad weather, the green and red side-lights can not be fixed, these lights shall be kept at hand, lighted and ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side, nor, if practicable, more than two points abaft the beam on their respective sides.

To make the use of these portable lights more certain and easy the lanterns containing them shall each be painted outside with the color of the light they respectively contain, and shall be provided with proper screens.

ART. 7. Steam-vessels of less than forty, and vessels under oars or sails of less than twenty tons, gross tonnage, respectively, when under way, shall not be obliged to carry the lights mentioned in article two (a) (b) and (c), but if they do not carry them they shall be provided with the following lights:

First. Steam-vessels of less than forty tons shall carry—

(a) In the fore part of the vessel, or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than nine feet, a bright white light constructed and fixed as prescribed in article two (a), and of such a character as to be visible at a distance of at least two miles.

(b) Green and red side-lights constructed and fixed as prescribed in article two (b) and (c), and of such a character as to be visible at a distance of at least one mile, or a combined lantern showing a green light and a red light from right ahead to two points abaft the -
beam on their respective sides. Such lantern shall be carried not less than three feet below the white light.

Second. Small steam-boats, such as are carried by sea-going vessels, may carry the white light at a height not more than nine feet above the gunwale, but it shall be carried above the combined lantern mentioned in subdivision one (b).

Third. Vessels under oars or sails, of less than twenty tons, shall have ready at hand a lantern with a green glass on one side and a red glass on the other, which, on the approach of or to other vessels, shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

The vessels referred to in this article shall not be obliged to carry the lights prescribed by article four (a) and article eleven, last paragraph.

Art. 8. Pilot vessels when engaged on their station on pilotage duty shall not show the lights required for other vessels, but shall carry a white light at the masthead, visible all around the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

On the near approach of or to other vessels they shall have their side-lighted, ready for use, and shall flash or show them at short intervals, to indicate the direction in which they are heading, but the green light shall not be shown on the port side, nor the red light on the starboard side.

A pilot-vessel of such a class as to be obliged to go alongside of a vessel to put a pilot on board may show the white light instead of carrying it at the masthead, and may, instead of the colored lights above mentioned, have at hand, ready for use, a lantern with a green glass on the one side and a red glass on the other, to be used as prescribed above.

Pilot-vessels when not engaged on their station on pilotage duty shall carry lights similar to those of other vessels of heir tonnage.

Art. 9. Fishing vessels and fishing boats when under way and when not required by this article to carry or show the lights therein named shall carry or show the lights prescribed for vessels of their tonnage under way.

(a) Vessels and boats, when fishing with drift nets, shall exhibit two white lights from any part of the vessel where they can best be seen. Such lights shall be placed so that the vertical distance between them shall be not less than six feet and not more than ten feet, and so that the horizontal distance between them, measured in a line with the keel, shall be not less than five feet and not more than ten feet. The lower of these two lights shall be the more forward, and both of them shall be of such a character as to show all around the horizon, and to be visible at a distance of not less than three miles.

(b) Vessels, when engaged in trawling, by which is meant the dragging of an apparatus along the bottom of the sea—

First. If steam-vessels, shall carry in the same position as the white light mentioned in article two (a) a tricolored lantern so constructed and fixed as to show a white light from right ahead to two points on each bow, and a green light and a red light over an arc of the horizon from two points on either bow to two points abaft the beam on the starboard and port sides, respectively; and, not less than six nor more than twelve feet below the tricolored lantern, a white light in a lantern, so constructed as to show a clear, uniform, and unbroken light all around the horizon.

Second. If sailing vessels, of seven tons gross tonnage and upwards, shall carry a white light in a lantern, so constructed as to show a clear, uniform, and unbroken light all around the horizon,
and shall also be provided with a sufficient supply of red pyrotechnic lights, which shall each burn for at least thirty seconds, and shall be shown on the approach of or to other vessels in sufficient time to prevent collision.

In the Mediterranean Sea the vessels referred to in subdivision (b) two may use a flare-up light in lieu of a pyrotechnic light.

Visibility of lights. If sailing vessels, less than seven tons.

In Mediterranean Sea.

Visibility of lights. If sailing vessels, less than seven tons.

Third. If sailing vessels of less than seven tons gross tonnage, shall not be obliged to carry the white light mentioned in subdivision (b) two of this article, but if they do not carry such light they shall have at hand, ready for use, a lantern showing a bright white light, which shall, on the approach of or to other vessels, be exhibited where it can best be seen, in sufficient time to prevent collision; and they shall also show a red pyrotechnic light, as prescribed in subdivision (b) two, or in lieu thereof a flare-up light.

(c) Vessels and boats when line-fishing with their lines out and attached to their lines, and when not at anchor or stationary, shall carry the same lights as vessels fishing with drift-nets.

Additional flare-up lights.

(f) If a vessel or boat when fishing becomes stationary in consequence of her gear getting fast to a rock or other obstruction she shall show the light and make the fog-signal prescribed for a vessel at anchor, respectively. (See article fifteen (d) (e) and last paragraph.)

(g) In fog, mist, falling snow, or heavy rain-storms drift-net vessels attached to their nets, and vessels when trawling, dredging, or fishing with any kind of drag-net, and vessels line-fishing with their lines out shall, if of twenty tons gross tonnage or upwards, respectively, at intervals of not more than one minute make a blast; if steam-vessels with the whistle or siren, and if sailing-vessels with the fog-horn, each blast to be followed by ringing the bell.

(h) Sailing vessels or boats fishing with nets or lines or trawls, when under way, shall in day-time indicate their occupation to an approaching vessel by displaying a basket or other efficient signal, where it can best be seen.

The vessels referred to in this article shall not be obliged to carry the lights prescribed by article four (a) and article eleven, last paragraph.

A vessel being overtaken by another.

A vessel of one hundred and fifty feet or upwards in length, when at anchor, shall carry in the forward part of the vessel, at a height of not less than twenty and not exceeding forty feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than fifteen feet lower than the forward light, another such light.

The length of a vessel shall be deemed to be the length appearing in her certificate of registry.

A vessel aground in or near a fair-way shall carry the above light or lights and the two red lights prescribed by article four (a).

ART. 12. Every vessel may, if necessary in order to attract attention, in addition to the lights which she is by these rules required to carry, show a flare-up light or use any detonating signal that can not be mistaken for a distress signal.

ART. 13. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal-lights for two or more ships of war or for vessels sailing under convoy, or with the exhibition of recognition signals adopted by ship-owners, which have been authorized by their respective Governments and duly registered and published.

ART. 14. A steam-vessel proceeding under sail only but having her funnel up, shall carry in day-time, forward, where it can best be seen, one black ball or shape two feet in diameter.

2. By “sailing vessels and vessels towed” on the fog-horn.

The words “prolonged blast” used in this article shall mean a blast of from four to six seconds’ duration.

A steam-vessel shall be provided with an efficient whistle or siren, sound by steam or by some substitute for steam, so placed that the sound may not be intercepted by any obstruction, and with an efficient fog-horn, to be sounded by mechanical means, and also with an efficient bell. In all cases where the rules require a bell to be used a drum may be substituted on board Turkish vessels, or a gong where such articles are used on board small sea-going vessels. A sailing vessel of twenty tons gross tonnage or upward shall be provided with a similar fog-horn and bell.

In fog, mist, falling snow, or heavy rainstorms, whether by day or night, the signals described in this article shall be used as follows, viz:

(a) A steam-vessel having way upon her shall sound, at intervals of not more than two minutes, a prolonged blast.
(b) A steam-vessel under way, but stopped, and having no way upon her, shall sound, at intervals of not more than two minutes, two prolonged blasts, with an interval of about one second between them.
(c) A sailing vessel under way shall sound, at intervals of not more than one minute, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.
(d) A vessel when at anchor shall, at intervals of not more than one minute, ring the bell rapidly for about five seconds.
(e) A vessel at anchor, when not in ordinary anchorage ground, and when in such a position as to be an obstruction to vessels under way, shall sound, if a steam-vessel, at intervals of not
more than two minutes, two prolonged blasts with her whistle or siren, followed by ringing her bell; or, if a sailing-vessel, at intervals of not more than one minute, two blasts with her fog-horn, followed by ringing her bell.

(f) A vessel when towing shall, instead of the signals prescribed in subdivisions (a) and (e) of this article at intervals of not more than two minutes, sound three blasts in succession, namely, one prolonged blast followed by two short blasts. A vessel towed may give this signal and she shall not give any other.

(g) A steam-vessel wishing to indicate to another "The way is off my vessel, you may feel your way past me," may sound three prolonged blasts in succession, namely, short, long, short, with intervals of about one second between them.

(h) A vessel employed in laying or picking up a telegraph cable shall, on hearing the fog-signal of an approaching vessel, sound in answer three prolonged blasts in succession.

(i) A vessel under way, which is unable to get out of the way of an approaching vessel through being not under command, or unable to maneuver as required by these rules, shall, on hearing the fog-signal of an approaching vessel, sound in answer four short blasts in succession.

Sailing vessels and boats of less than twenty tons gross tonnage shall not be obliged to give the above-mentioned signals, but, if they do not, they shall make some other efficient sound-signal at intervals of not more than one minute.

SPEED OF SHIPS TO BE MODERATE IN FOG, AND SO FORTH.

ART. 16. Every vessel shall, in a fog, mist, falling snow, or heavy rain-storms, go at a moderate speed, having careful regard to the existing circumstances and conditions.

A steam vessel hearing, apparently forward of her beam, the fog-signal of a vessel the position of which is not ascertained shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over.

STEERING AND SAILING RULES.

PRELIMINARY—RISK OF COLLISION.

Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing of an approaching vessel. If the bearing does not appreciably change, such risk should be deemed to exist.

ART. 17. When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, namely:

(a) A vessel which is running free shall keep out of the way of a vessel which is close-hauled.

(b) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.

(c) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other;

(d) When both are running free, with the wind on the same side, the vessel which is to the windward shall keep out of the way of the vessel which is to leeward.

(e) A vessel which has the wind aft shall keep out of the way of the other vessel.

ART. 18. When two steam-vessels are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.
This article only applies to cases where vessels are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two vessels which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are when each of the two vessels is end on, or nearly end on, to the other; in other words, to cases in which, by day, each vessel sees the masts of the other in line, or nearly in a line, with her own; and by night, to cases in which each vessel is in such a position as to see both the side-lights of the other.

It does not apply by day to cases in which a vessel sees another ahead crossing her own course; or by night, to cases where the red light of one vessel is opposed to the red light of the other, or where the green light of one vessel is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

Art. 19. When two steam-vessels are crossing, so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

Art. 20. When a steam-vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, the steam-vessel shall keep out of the way of the sailing-vessel.

Art. 21. Where by any of these rules one of two vessels is to keep out of the way, the other shall keep her course and speed.

Art. 22. Every vessel which is directed by these rules to keep out of the way of another vessel shall, if the circumstances of the case admit, avoid crossing ahead of the other.

Art. 23. Every steam-vessel which is directed by these rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

Art. 24. Notwithstanding anything contained in these rules every vessel, overtaking any other, shall keep out of the way of the overtaken vessel.

Every vessel coming up with another vessel from any direction more than two points abaft her beam, that is, in such a position, with reference to the vessel which she is overtaking that at night she would be unable to see either of that vessel's side-lights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

As by day the overtaking vessel can not always know with certainty whether she is forward of or abaft this direction from the other vessel she should, if in doubt, assume that she is an overtaking vessel and keep out of the way.

Art. 25. In narrow channels every steam-vessel shall, when it is safe and practicable, keep to that side of the fair-way or mid-channel which lies on the starboard side of such vessel.

Art. 26. Sailing vessels under way shall keep out of the way of sailing vessels or boats fishing with nets, or lines, or trawls. This rule shall not give to any vessel or boat engaged in fishing the right of obstructing a fair-way used by vessels other than fishing vessels or boats.

Art. 27. In obeying and construing these rules due regard shall be had to all dangers of navigation and collision, and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.
SOUND-SIGNALS FOR VESSELS IN SIGHT OF ONE ANOTHER.

ART. 28. The words "short blast" used in this article shall mean a blast of about one second's duration.

When vessels are in sight of one another, a steam-vessel under way, in taking any course authorized or required by these rules, shall indicate that course by the following signals on her whistle or siren, namely:

One short blast to mean, "I am directing my course to starboard."

Two short blasts to mean, "I am directing my course to port."

Three short blasts to mean, "My engines are going at full speed astern."

NO VESSEL, UNDER ANY CIRCUMSTANCES, TO NEGLECT PROPER PRECAUTIONS.

ART. 29. Nothing in these rules shall exonerate any vessel or the owner or master or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

RESERVATION OF RULES FOR HARBORS AND INLAND NAVIGATION.

ART. 30. Nothing in these rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbor, river, or inland waters.

DISTRESS SIGNALS.

ART. 31. When a vessel is in distress and requires assistance from other vessels or from the shore, the following shall be the signals to be used or displayed by her, either together or separately, namely:

In the day time—

First. A gun fired at intervals of about a minute;

Second. The International Code signal of distress indicated by NC;

Third. The distance signal, consisting of a square flag, having either above or below it a ball or anything resembling a ball;

Fourth. Rockets or shells as prescribed below for use at night;

Fifth. A continuous sounding with any fog-signal apparatus.

At night—

One. A gun fired at intervals of about a minute;

Two. Flames on the vessel (as from a burning tar-barrel, oil-barrel, and so forth);

Three. Rockets or shells, bursting in the air with a loud report and throwing stars of any color or description, fired one at a time at short intervals;

Four. A continuous sounding with any fog-signal apparatus.

SEC. 2. That all laws or parts of laws inconsistent with the foregoing regulations for preventing collisions at sea for the navigation of all public and private vessels of the United States upon the high seas, and in all waters connected therewith navigable by sea-going vessels, are hereby repealed.

SEC. 3. That this act shall take effect at a time to be fixed by the President by proclamation issued for that purpose.

Approved, August 19, 1890.

Approved, August 19, 1890.

CHAP. 804.—An act to ratify and confirm an agreement entered into by commissioners on the part of the States of New York and Pennsylvania, in relation to the boundary line between said States.

Whereas commissioners duly appointed on the part of the State of New York and commissioners duly appointed on the part of the State of Pennsylvania for the purpose of settling and remarking the boundary line between said States did execute an agreement in the words following, namely:

"First. The channel of the Delaware River, from a line drawn across said channel, from a granite monument erected upon the eastern bank of said river in the year eighteen hundred and eighty-two, by the joint boundary commission of the States of New Jersey and New York to mark the western extremity of the boundary line between the States of New Jersey and New York, in a westerly pro-
longation of said boundary line up and along said channel of said Delaware River as it winds and turns, for a distance of eighty-five miles or thereabouts, to a line drawn east across said river from a granite monument erected upon the west bank of said river in the year eighteen hundred and eighty-four, by H. W. Clarke and C. M. Gere, to mark the eastern extremity of the first line hereinafter described, shall continue to be a part of the boundary or partition line between the said two States: Provided, however, That the limit of territory between the said two States shall be the center of the said main channel: And provided further, That each State shall enjoy and exercise a concurrent jurisdiction within and upon the water of said main channel between the lines of low water at either bank thereof, between the limits hereinafter described.

"Second. The line extending from the Delaware River aforesaid, at a point upon said river fixed and marked with monuments (which have since disappeared) by David Rittenhouse and Samuel Holland, in the month of November, in the year seventeen hundred and seventy-four, west as the same was surveyed and marked with monuments in the year seventeen hundred and eighty-six, as far as the ninetieth milestone, by James Clinton and Simon De Witt, commissioners on the part of the State of New York, duly appointed for that purpose by the governor of said State, in pursuance of an act of the legislature of said State entitled "An act for running out and marking the jurisdiction line between this State and the Commonwealth of Pennsylvania," passed seventh March, seventeen hundred and eighty-five, and David Rittenhouse, Andrew Porter, and Andrew Ellicott, commissioners on the part of the Commonwealth of Pennsylvania, duly appointed for that purpose by the supreme executive council of said Commonwealth in pursuance of an act of the general assembly of said Commonwealth, entitled "An act to authorize and enable the supreme executive council to appoint commissioners to join with the commissioners appointed, or to be appointed, on the part of the State of New York, in pursuance of an act of the legislature of said State entitled "An act for running out and marking the jurisdiction line between this State and the Commonwealth of Pennsylvania," passed thirty-first March, seventeen hundred and eighty-five, and Andrew Ellicott and Andrew Porter aforesaid, commissioners on the part of the Commonwealth of Pennsylvania, to the point at which said line is intersected by the line of cession or meridian boundary hereinafter described, which said line so surveyed and marked in the years seventeen hundred and eighty-six and seventeen hundred and eighty-seven, by Abraham Hardenbergh and William W. Morris, commissioners on the part of the said State of New York, duly appointed in the place of Simeon De Witt and James Clinton aforesaid, by the governor of this State, in pursuance of the act aforesaid, and the act supplementary thereto, passed by the legislature of said State twenty-first April, seventeen hundred and eighty-seven, and Andrew Ellicott and Andrew Porter aforesaid, commissioners on the part of the Commonwealth of Pennsylvania, to the point at which said line is intersected by the line of cession or meridian boundary hereinafter described, which said line so surveyed and marked in the years seventeen hundred and eighty-six and seventeen hundred and eighty-seven has since been acknowledged and recognized by the said two States as a part of the limit of their respective territory and jurisdiction, shall, notwithstanding any want of conformity to the verbal description as written in the charter of the province of Pennsylvania, granted to William Penn in the year sixteen hundred and eighty-two, or as recited by the commissioners aforesaid, continue to be the boundary or partition line between the said two States, from the Delaware River aforesaid to the said point of intersection with the said line of cession: Provided, That wherever upon said line the locations of any of the monuments, or posts, erected by the said commissioners in seventeen hundred and eighty-six and seventeen hundred and eighty-seven have been lost and cannot otherwise be definitely fixed, then
and in that case, and in every case where it is required to establish intervening points in said line, a straight line drawn between the nearest adjacent monuments whose localities are ascertained shall be understood to be, and shall be, the true boundary line.

"Third. The line of cession, described as a meridian line drawn from the forty-fifth degree of north latitude south through the most westerly bent or inclination of Lake Ontario, in the deed of cession to the United States of certain territory claimed by the State of New York, lying west of said line, executed first of March, seventeen hundred and eighty-one, by James Duane, William Floyd, and Alexander McDougal, delegates in Congress of said United States from the said State of New York, in pursuance of an act of the legislature of said State, entitled 'An act to facilitate the completion of the articles of confederation and perpetual union among the United States of America,' passed February nineteenth, seventeen hundred and eighty; which said territory was afterward conveyed by the United States aforesaid to, and became a part of the territory and jurisdiction of the said Commonwealth of Pennsylvania, as the said line was surveyed and marked with posts and monuments of stone in the year seventeen hundred and ninety, by Andrew Ellicott, who was duly appointed for that purpose by the President of the United States, in pursuance of a resolution of Congress passed nineteenth August, seventeen hundred and eighty-nine, which said line was afterward conveyed by the United States aforesaid, have since been acknowledged and recognized by the said two States, as a part of the limit of their respective territory and jurisdiction, shall, notwithstanding any possible want of conformity to the verbal description thereof, as contained in said deed of cession, continue to be the boundary or partition line between the said two States, so far as said line so surveyed and marked in seventeen hundred and ninety shall extend.

"Fourth. The monumental marks by which the said boundary line, except such portions thereof as may be within the waters of the Delaware River and Lake Erie shall hereafter be known and recognized, are hereby declared to be:

"First. The original monuments of stone, erected in the years seventeen hundred and eighty-six and seventeen hundred and eighty-seven by the Commissioners aforesaid, and in the year seventeen hundred and ninety by Andrew Ellicott, aforesaid, as the same have been restored and re-established in their original positions, or have been replaced by granite monuments erected in the years eighteen hundred and eighty-one, eighteen hundred and eighty-two, eighteen hundred and eighty-three, eighteen hundred and eighty-four, and eighteen hundred and eighty-five, by H. Wadsworth Clarke, surveyor on the part of New York, and Christopher M. Gere, surveyor on the part of Pennsylvania, duly appointed by the parties hereto.

"Second. The new monuments of granite, erected in the years eighteen hundred and eighty-one to eighteen hundred and eighty-five, inclusive, by the aforesaid surveyors, at intervals of one mile, more or less, and numbered consecutively along said line originally surveyed and marked in the years seventeen hundred and eighty-six and seventeen hundred and eighty-seven, beginning from the Delaware river, and severally marked on the north side with the letters ‘N. Y.’ and on the south side with the letters ‘PA.’ and along said line originally surveyed and marked in the year seventeen hundred and ninety, beginning at the shore of Lake Erie and severally marked on the east side with the letters ‘N. Y.’ and on the west side with the letters ‘PA.’

"Third. The new monuments of granite erected by the said surveyors in the years eighteen hundred and eighty-one to eighteen
hundred and eighty-five, inclusive, aforesaid, at the intervening
points on said line, and at its intersection with public roads, rail-
roads, and rivers, and at other points, and severally marked at the
one side with the letters 'N. Y.' and on the other side with the letters
'PA.'

"Fourth. A large monument of granite, erected in the year
eighteen hundred and eighty-four by the said surveyors six hundred
feet west of the center of the Delaware River in the said line origi-
nally fixed in the year seventeen hundred and eighty-six, to mark
its eastern terminus, a large monument of granite erected in the
year eighteen hundred and eighty-four by the said surveyors in the
said line or meridian boundary, as originally fixed in the year seven-
hundred and ninety, one hundred feet north from its intersection
with the line originally surveyed as aforesaid in the year seventeen
hundred and eighty-seven, which said point of intersection is marked
by a small monument of granite buried in the center of the highway
in eighteen hundred and eighty-four by the said surveyors; and also
a large monument of granite erected in the year eighteen hundred
and sixty-nine by John V. L. Pruyn, George R. Perkins, Samuel B.
Woolworth, and George W. Patterson, on the part of the State of
New York, and William Evans on the part of the State of Pennsyl-
vania, four hundred and forty feet south of the original monuments
erected in the year seventeen hundred and ninety by Andrew Ellicott.

surveyed and marked by him as aforesaid.

"Fifth. The field book of said surveyors containing the notes
of the resurveys along said line in the years eighteen hundred and
seventy-seven, eighteen hundred and seventy-eight, and eighteen
hundred and seventy-nine; also the 'record of monuments' prepared
by said surveyors, containing the descriptions of the locations of the
several monuments erected by them, and of the witness mark thereto;
also the maps of said line and the vicinity thereof, showing the loca-
tions of said monuments; and also the 'diary operations' of said
surveyors under the direction of the parties hereto, the same having
been duly authenticated by the signature of the said surveyors, and
the several documents and books of record containing the transac-
tions of the parties hereto; all of which being placed on file in the
office of the secretary of state of New York and the office of the
secretary of internal affairs of Pennsylvania, shall constitute the
permanent and authentic records of said boundary line, and are
hereby adopted by the parties hereto and made a part of this agree-
ment.

"Sixth. This agreement shall become binding upon the two States
when ratified by the legislatures thereof, respectively, and when con-

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the city of Charleston, South Carolina, be, and it is hereby, authorized to open Concord street through the grounds of the United States in that city upon such terms and conditions as the Secretary of the Treasury may prescribe.

CHAP. 806.—An act to establish a national military park at the battle-field of Chickamauga.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That for the purpose of preserving and suitably marking for historical and professional military study the fields of some of the most remarkable maneuvers and most brilliant fighting in the war of the rebellion, and upon the ceding of jurisdiction to the United States by the States of Tennessee and Georgia, respectively, and the report of the Attorney General of the United States that the title to the lands thus ceded is perfect, the following described highways in those States are hereby declared to be approaches to and parts of the Chickamauga and Chattanooga National Military Park as established by the second section of this act, to wit: First. The Missionary Ridge Crest road from Sherman Heights at the north end of Missionary Ridge, in Tennessee, where the said road enters upon the ground occupied by the Army of the Tennessee under Major-General William T. Sherman, in the military operations of November twenty-fourth and twenty-fifth, eighteen hundred and sixty-three; thence along said road through the positions occupied by the Army of General Braxton Bragg on November twenty-fifth, eighteen hundred and sixty-three, and which were assaulted by the Army of the Cumberland under Major-General George H. Thomas on that date, to where the said road crosses the southern boundary of the State of Tennessee, near Rossville Gap, Georgia, upon the ground occupied by the troops of Major-General Joseph Hooker, from the Army of the Potomac, and thence in the State of Georgia to the junction of said road with the Chattanooga and Leesville or State road at Rossville Gap; second, the Lafayette or State road from Rossville, Georgia, to Lee and Gordon's Mills, Georgia; third, the road from Lee and Gordon’s Mills, Georgia, to Crawfish Springs, Georgia; fourth, the road from Crawfish Springs, Georgia, to the crossing of the Chickamauga at Glass’ Mills, Georgia; fifth, the Dry Valley road from Rossville, Georgia, to the southern limits of McFarland’s Gap in Missionary Ridge; sixth, the Dry Valley and Crawfish Springs road from McFarland’s Gap to the intersection of the road from...
Crawfish Springs to Lee and Gordon’s Mills; seventh, the road from Ringold, Georgia, to Reed’s Bridge on the Chickamauga River; eighth, the roads from the crossing of Lookout Creek across the northern slope of Lookout Mountain and thence to the old Summer-town Road and to the valley on the east slope of the said mountain, and thence by the route of General Joseph Hooker’s troops to Ross-ville, Georgia, and each and all of these herein described roads shall, after the passage of this act, remain open as free public highways, and all rights of way now existing through the grounds of the said park and its approaches shall be continued.

Sec. 2. That upon the ceding of jurisdiction by the legislature of the State of Georgia, and the report of the Attorney-General of the United States that a perfect title has been secured under the provisions of the act approved August first, eighteen hundred and eighty-eight, entitled “An act to authorize condemnation of land for sites of public build-

ings, and for other purposes,” the lands and roads embraced in the area bounded as herein described, together with the roads described in section one of this act, are hereby declared to be a national park, to be known as the Chickamauga and Chattanooga National Park; that is to say, the area inclosed by a line beginning on the Lafayette or State road, in Georgia, at a point where the bottom of the ravine next north of the house known on the field of Chickamauga as the Cloud House, and being about six hundred yards north of said house, due east to the Chickamauga River and due west to the intersection of the Dry Valley road at McFarland’s Gap; thence along the west side of the Dry Valley and Crawfish Springs roads to the south side of the road from Crawfish Springs to Lee and Gordon’s Mills; thence along the south side of the last named road to Lee and Gordon’s Mills; thence along the channel of the Chickamauga River to the line forming the northern boundary of the park, as hereinbefore described, containing seven thousand six hundred acres, more or less.

Sec. 3. That the said Chickamauga and Chattanooga National Park, and the approaches thereto, shall be under the control of the Secretary of War, and it shall be his duty, immediately after the passage of this act to notify the Attorney General of the purpose of the United States to acquire title to the roads and lands described in the previous sections of this act under the provisions of the act of August first, eighteen hundred and eighty-eight; and the said Secretary, upon receiving notice from the Attorney-General of the United States that perfect titles have been secured to the said lands and roads, shall at once proceed to establish and substantially mark the boundaries of the said park.

Sec. 4. That the Secretary of War is hereby authorized to enter into agreements, upon such nominal terms as he may prescribe, with such present owners of the land as may desire to remain upon it, to occupy and cultivate their present holdings, upon condition that they will preserve the present buildings and roads, and the present outlines of field and forest, and that they will only cut trees or under-brush under such regulations as the Secretary may prescribe, and that they will assist in caring for and protecting all tablets, monuments, or such other artificial works as may from time to time be erected by proper authority.

Sec. 5. That the affairs of the Chickamauga and Chattanooga National Park shall, subject to the supervision and direction of the Secretary of War, be in charge of three commissioners, each of whom shall have actively participated in the battle of Chickamauga or one of the battles about Chattanooga, two to be appointed from civil life by the Secretary of War, and a third, who shall be detailed by the Secretary of War from among those officers of the Army best acquainted with the details of the battles of Chickamauga and Chattanooga, who shall act as Secretary of the Commission. The said commissioners and Secretary shall have an office in the War
Department building, and while on actual duty shall be paid such compensation, out of the appropriation provided in this act, as the Secretary of War shall deem reasonable and just.

Sec. 6. That it shall be the duty of the commissioners named in the preceding section, under the direction of the Secretary of War, to superintend the opening of such roads as may be necessary to the purposes of the park, and the repair of the roads of the same, and to ascertain and definitely mark the lines of battle of all troops engaged in the battles of Chickamauga and Chattanooga, so far as the same shall fall within the lines of the park as defined in the previous sections of this act, and, for the purpose of assisting them in their duties and in ascertaining these lines, the Secretary of War shall have authority to employ, at such compensation as he may deem reasonable and just, to be paid out of the appropriation made by this act, some person recognized as well informed in regard to the details of the battles of Chickamauga and Chattanooga, and who shall have actively participated in one of those battles, and it shall be the duty of the Secretary of War from and after the passage of this act, through the commissioners, and their assistant in historical work, and under the act approved August first, eighteen hundred and eighty-eight, regulating the condemnation of land for public uses, to proceed with the preliminary work of establishing the park and its approaches as the same are defined in this act, and the expenses thus incurred shall be paid out of the appropriation provided by this act.

Sec. 7. That it shall be the duty of the commissioners, acting under the direction of the Secretary of War, to ascertain and substantially mark the locations of the regular troops, both infantry and artillery, within the boundaries of the park, and to erect monuments upon those positions as Congress may provide the necessary appropriations; and the Secretary of War in the same way may ascertain and mark all lines of battle within the boundaries of the park and erect plain and substantial historical tablets at such points in the vicinity of the Park and its approaches as he may deem fitting and necessary to clearly designate positions and movements, which, although without the limits of the Park, were directly connected with the battles of Chickamauga and Chattanooga.

Sec. 8. That it shall be lawful for the authorities of any State having troops engaged either at Chattanooga or Chickamauga, and for the officers and directors of the Chickamauga Memorial Association, a corporation chartered under the laws of Georgia, to enter upon the lands and approaches of the Chickamauga and Chattanooga National Park for the purpose of ascertaining and marking the lines of battle of troops engaged therein: Provided, That before any such lines are permanently designated the position of the lines and the proposed methods of marking them by monuments, tablets, or otherwise shall be submitted to the Secretary of War, and shall first receive the written approval of the Secretary, which approval shall be based upon formal written reports, which must be made to him in each case by the commissioners of the park.

Sec. 9. That the Secretary of War, subject to the approval of the President of the United States, shall have the power to make, and shall make, all needed regulations for the care of the park and for the establishment and marking of the lines of battle and other historical features of the park.

Sec. 10. Chap. 817.—An act to authorize the construction of a bridge across the Columbia River by the Oregon Railway Extensions Company.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Oregon Railway Extensions Company, a corporation existing under the laws of the State of Oregon, its successors, and assigns, be, and is hereby, authorized to construct and maintain, if in the opinion of the Secretary of War the same be a public necessity, a bridge across the Columbia River at a point in the State of Washington, and to lay on or over said bridge a track or tracks for the more perfect connection of any railroad or railroads that are or shall be constructed to said river, on either or both sides thereof, at or opposite said point, under the limitations and conditions hereinafter provided; that said bridge shall not interfere with the free navigation of said river, and in case of any litigation arising from any obstruction or alleged obstruction to the free navigation of said river, by reason of the construction of said bridge, the cause may be tried before the circuit court of the United States in and for any district in whose jurisdiction any portion of said obstruction or bridge may be. Said bridge shall be constructed to provide for the passage of railroad trains, and, at the option of the said company or corporation, its successors and assigns, for the safe and convenient passage of wagons and vehicles of all kinds, animals and foot-pasengers, for such reasonable rates of toll as may be fixed from time to time by the Secretary of War.

SEC. 2. That said bridge shall be provided with two or more draw-openings, each having not less than two hundred feet clear channel-way, and in addition to said draw-openings one or more fixed channel-spans, each having not less than three hundred and fifty feet clear channel-way; and every part of the superstructure of said bridge shall give a clear headroom of not less than ten feet above extreme known high-water mark: Provided, That all spans shall be so located as to afford the greatest possible accommodation to the river traffic, and a draw-opening shall, if practicable, be located next or near shore: Provided also; That if the physical characteristics of the locality so require, and the interests of navigation be not injured thereby, the lengths of the fixed spans or the number of draw-
openings may be reduced: Provided, also, That for any two adjacent
draw-openings of two hundred feet each one draw-opening of three
hundred feet may be substituted, if, in the opinion of the Secretary of
War, the interests of navigation be not injured thereby.

Sec. 3. That all draw-spans authorized by this act shall be oper-
ated by steam or other reliable mechanical power, and shall be
opened promptly upon reasonable signal for the passage of boats,
except when trains are passing over said span or spans; but in no
case shall unnecessary delay occur in opening said draw after the
passage of trains; and also that in case the opening of a draw is de-
layed by reason of the passing of a train after the signal has been
given from a boat ready to pass through the draw shall be opened
for the passage of such boat before another train is allowed to pass
over the said span or spans; nor shall there be any unnecessary delay
in the passage of trains over the bridge.

Sec. 4. That all piers shall be built parallel with the current of
the river at that stage of water which is most important for naviga-
tion, and the bridge itself shall be built as nearly as may be at right
angles thereto; and that riprapping or other protection for imperfect
foundations which will lessen the required water-way shall not be
permitted; and also that piers which will produce cross-currents or
bars dangerous to navigation shall not be constructed; and if, after
construction any piers or accessory works are found to produce the
above-mentioned effects, or if any riprapping or other protection
prohibited by this section is found to exist, the nuisance shall be
abated or corrected under the direction of the Secretary of War, or
at the expense of the company or persons owning, controlling, or
operating said bridge.

Sec. 5. That the approaches to said bridge shall be so designed
and constructed as not to interfere with the free discharge of said
river in seasons of flood; and any encroachment on the high-water
cross-section by piers, solid embankments, or otherwise which will
result in unduly accelerating the high-water current at the site of
the bridge shall not be allowed.

Sec. 6. That any corporation, company, or persons owning, con-
trolling, or operating the bridge built under the authority of this
act shall build and maintain at all times, as accessory works to such
bridge, such booms, piers, dikes, guard fences, and similar devices
as may be necessary to insure at all times a permanent channel for
a sufficient distance above and below the bridge site, and for the
guiding of rafts, steam-boats, and other water-craft safely under or
through said bridge; and if at any time after the construction of the
bridge and its accessory works the approaches to draw-openings,
channel-spans, or raft-passages in said bridge are found to be dan-
gerous or difficult of access by any important class of river traffic,
the Secretary of War may, upon the recommendation of the Chief
of Engineers, United States Army, order the corporation, company,
or persons owning, controlling, or operating said bridge to construct,
under his directions, and to maintain such additional sheer-booms,
dikes, and other devices as will obviate the difficulty mentioned,
which additional sheer-booms, dikes, and other devices shall be built
and maintained at their own expense by said company or persons;
and that said company or persons shall maintain, at their own ex-
 pense, from sunset to sunrise throughout the season of navigation,
such lights and other signals on said bridge as may be required by
the Light-House Board for the security of navigation.

Sec. 7. That the bridge authorized to be constructed by this act
shall be located and built under and subject to such regulations for
the security of navigation on said river as the Secretary of War
shall prescribe; and to secure that object said corporation shall sub-
mit for his examination a design and drawings of the bridge, piers,
approaches, and accessory works, and a map of the location, giving,
for a space of at least three miles above and one mile below the proposed location, the topography of the banks of the river and the shore-lines at high and low water. This map shall be accompanied by others drawn on the scale of one inch to two hundred feet, giving, for a space of one-half a mile above the line of the proposed bridge and one-quarter of a mile below, an accurate representation of the bottom of the river, by contour lines two feet apart, determined by accurate soundings, and also showing over the whole width of this part of the river the force and directions of the currents at low water, at high water, and at least one intermediate stage by triangulated observations on suitable floats. The maps shall also show the location of other bridges in the vicinity, and shall give such information as the Secretary of War may require for a full and satisfactory understanding of the subject, and the construction of the proposed bridge shall not be commenced until the location and plans thereof are approved by the Secretary of War.

SEC. 8. That any bridge constructed under the authority of this act shall be built under the general supervision of the Secretary of War, and no changes or alterations in plans shall be made during construction of said bridge or after its completion, unless said changes or alterations conform to the provisions of this act and are authorized by the Secretary of War. That such alterations and changes as may be required by the Secretary of War in said bridge so as to preserve free and convenient navigation shall be made under the direction of the Secretary of War, at their own expense, by the company or persons owning, controlling, or operating said bridge. That during original construction or in carrying out any authorized changes or repairs of said bridge a navigable channel shall be preserved at the site of the bridge at all times, and the water-way of the river shall not be obstructed to a greater extent than is absolutely necessary, and such lights and buoys shall be kept on all coffer-dams, piles, and so forth, as may be necessary for the security of navigation.

SEC. 9. That whenever the Secretary of War has good reason to believe that any of the provisions of sections four, six, and eight of this act have not been complied with by the company or persons owning, controlling, or operating the bridge authorized under its provisions it shall be the duty of the Secretary of War, on satisfactory proof thereof, to require the said company or persons to comply with the provisions of said sections, and, on failure of said persons or company to comply with said requirements within a reasonable time, the Secretary of War shall proceed to cause the necessary work, in the form of additions, alterations, repairs, or removal of obstructions, to be made at the expense of the United States and shall refer the matter, without delay, to the Attorney-General of the United States, whose duty it shall be to institute, in the name of the United States, proceedings in the circuit court for the district in which any portion of said obstruction or bridge may be, for the recovery of such expense, and all moneys accruing from such proceedings shall be covered into the Treasury of the United States.

SEC. 10. Any person who shall forge, counterfeit, or knowingly and wrongfully alter, deface, or destroy any of the marks, stamps, or other devices provided for in this section on any package of any such meats, or who shall forge, counterfeit, or knowingly and wrongfully alter, deface, or destroy any certificate in reference to meats provided for in this section, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding one thousand dollars or imprisonment not exceeding one year, or by both said punishments, in the discretion of the court.

SEC. 7. That the Secretary of Agriculture be, and is hereby, authorized, at the expense of the owner, to place and retain in quarantine all neat cattle, sheep, and other ruminants, and all swine, imported into the United States, at such ports as he may designate for such purpose, and under such conditions as he may by regulation prescribe, respectively, for the several classes of animals above described; and for this purpose he may have and maintain possession of all lands, buildings, animals, tools, fixtures, and appurtenances now in use for the quarantine of neat cattle, and hereafter purchase, construct, or rent as may be necessary, and he may appoint veterinary surgeons, inspectors, officers, and employees by him deemed necessary to maintain such quarantine, and provide for the execution of the other provisions of this act.

infectious or contagious diseases, he may, by proclamation, suspend the importation of all or any class of animals for a limited time, and may change, modify, revoke, or renew such proclamation, as the public good may require; and during the time of such suspension the importation of any such animals shall be unlawful.

SEC. 10. That the Secretary of Agriculture shall cause careful inspection to be made by a suitable officer of all imported animals described in this act, to ascertain whether such animals are infected with contagious diseases or have been exposed to infection so as to be dangerous to other animals, which shall then either be placed in quarantine or dealt with according to the regulations of the Secretary of Agriculture; and all food, litter, manure, clothing, utensils, and other appliances that have been so related to such animals on board ship as to be judged liable to convey infection shall be dealt with according to the regulations of the Secretary of Agriculture; and the Secretary of Agriculture may cause inspection to be made of all animals described in this act intended for exportation, and provide for the disinfection of all vessels engaged in the transportation thereof, and of all barges or other vessels used in the conveyance of such animals intended for export to the ocean steamer or other vessels, and of all attendants and their clothing, and of all head-ropes and other appliances used in such exportation, by such orders and regulations as he may prescribe; and if, upon such inspection, any such animals shall be adjudged, under the regulations of the Secretary of Agriculture, to be infected or to have been exposed to infection so as to be dangerous to other animals, they shall not be allowed to be placed upon any vessel for exportation; the expense of all the inspection and disinfection provided for in this section to be borne by the owners of the vessels on which such animals are exported.

If the Secretary of the Interior shall withhold a certificate from any State or Territory of its appropriation the facts and reasons therefor shall be reported to the President, and the amount involved shall be kept separate in the Treasury until the close of the next Congress, in order that the State or Territory may, if it should so desire, appeal to Congress from the determination of the Secretary of the Interior. If the next Congress shall not direct such sum to be paid it shall be covered into the Treasury. And the Secretary of the Interior is hereby charged with the proper administration of this law.
