graph, telephone, and cable companies (whether wire or wireless) engaged in sending messages from one State, Territory, or District of the United States, to any other State, Territory, or District of the United States, or to any foreign country, who shall be considered and held to be common carriers within the meaning and purpose of this Act, and to any common carrier or carriers engaged in the transportation of passengers or property wholly by railroad (or partly by railroad and partly by water when both are used under a common control, management, or arrangement for a continuous carriage or shipment), from one State or Territory of the United States or the District of Columbia, to any other State or Territory of the United States or the District of Columbia, or from one place in a Territory to another place in the same Territory, or from any place in the United States to an adjacent foreign country, or from any place in the United States, and also to the transportation in like manner of property shipped from any place in the United States to a foreign country and carried from such place to a port of transshipment, or shipped from a foreign country to any place in the United States, and also to the transportation in like manner of property shipped from any place in the United States to a foreign country and carried from such place from a port of entry either in the United States or an adjacent foreign country: Provided, however, That the provisions of this Act shall not apply to the transportation of passengers or property, or to the receiving, delivering, storage, or handling of property wholly within one State and not shipped to or from a foreign country from or to any State or Territory as aforesaid, nor shall they apply to the transmission of messages by telephone, telegraph, or cable wholly within one State and not transmitted to or from a foreign country from or to any State or Territory as aforesaid.

"The term 'common carrier' as used in this Act shall include express companies and sleeping-car companies. The term 'railroad' as used in this Act shall include all bridges and ferries used or operated in connection with any railroad, and also all the road in use by any corporation operating a railroad, whether owned or operated under a contract, agreement, or lease, and shall also include all switches, spurs, tracks, and terminal facilities of every kind used or necessary in the transportation of the persons or property designated herein, and also all freight depots, yards, and grounds used or necessary in the transportation or delivery of any of said property; and the term 'transportation' shall include cars and other vehicles and all instrumentalities and facilities of shipment or carriage, irrespective of ownership or of any contract, express or implied, for the use thereof and all services in connection with the receipt, delivery, elevation, and transfer in transit, ventilation, refrigeration or icing, storage, and handling of property transported; and it shall be the duty of every carrier subject to the provisions of this Act to provide and furnish such transportation upon reasonable request therefor; and to establish through routes and just and reasonable rates applicable thereto; and to provide reasonable facilities for operating such through routes and to make reasonable rules and regulations with respect to the exchange, interchange, and return of cars used therein, and for the operation of such through routes, and providing for reasonable compensation to those entitled thereto.

"All charges made for any service rendered or to be rendered in the transportation of passengers or property and for the transmission of messages by telegraph, telephone, or cable, as aforesaid, or in connection therewith, shall be just and reasonable; and every unjust and unreasonable charge for such service or any part thereof is prohibited and declared to be unlawful: Provided, That messages by telegraph, telephone, or cable, subject to the provisions of this Act, may be classified into day, night, repeated, unRepeated, letter, com-

mmercial, press, Government, and such other classes as are just and reasonable, and different rates may be charged for the different classes of messages: And provided further, That nothing in this Act shall be construed to prevent telephone, telegraph, and cable companies from entering into contracts with common carriers, for the exchange of services.

And it is hereby made the duty of all common carriers subject to the provisions of this Act to establish, observe, and enforce just and reasonable classifications of property for transportation, with reference to which rates, tariffs, regulations, or practices are or may be made or prescribed, and just and reasonable regulations and practices affecting classifications, rates, or tariffs, the issuance, form, and substance of tickets, receipts, and bills of lading, the manner and method of presenting, marking, packing, and delivering property for transportation, the facilities for transportation, the carrying of personal, sample, and excess baggage, and all other matters relating to or connected with the receiving, handling, transporting, storing, and delivery of property subject to the provisions of this Act which may be necessary or proper to secure the safe and prompt receipt, handling, transportation, and delivery of property subject to the provisions of this Act upon just and reasonable terms, and every such unjust and unreasonable classification, regulation, and practice with reference to commerce between the States and with foreign countries is prohibited and declared to be unlawful.

No common carrier subject to the provisions of this Act shall, after January first, nineteen hundred and seven, directly or indirectly, issue or give any interstate free ticket, free pass, or free transportation for passengers, except to its employees and their families, its officers, agents, surgeons, physicians, and attorneys at law; to ministers of religion, traveling secretaries of railroad Young Men's Christian Associations, inmates of hospitals and charitable and eleemosynary institutions, and persons exclusively engaged in charitable and eleemosynary work; to indigent, destitute, and homeless persons, and to such persons when transported by charitable societies or hospitals, and the necessary agents employed in such transportation; to inmates of the National Homes or State Homes for Disabled Volunteer Soldiers, and of Soldiers' and Sailors' Homes, including those about to enter and those returning home after discharge; to necessary caretakers of livestock, poultry, milk, and fruit; to employees on sleeping cars, express cars, and to linemen of telegraph and telephone companies; to Railway Mail Service employees, post-office inspectors, customs inspectors, and immigration inspectors; to newsboys on trains, baggage agents, witnesses attending any legal investigation in which the common carrier is interested, persons injured in wrecks and physicians and nurses attending such persons: Provided, That this provision shall not be construed to prohibit the interchange of passes for the officers, agents, and employees of common carriers, and their families; nor to prohibit any common carrier from carrying passengers free with the object of providing relief in cases of general epidemic, pestilence, or other calamitous visitation: And provided further, That this provision shall not be construed to prohibit the privilege of passes or franks, or the exchange thereof with each other, for the officers, agents, employees, and their families of such telegraph, telephone and cable lines, and the officers, agents, employees and their families of other common carriers subject to the provisions of this Act: Provided further, That the term "employees" as used in this paragraph shall include furloughed, pensioned, and superannuated employees, persons who have become disabled or infirm in the service of any such common carrier, and the remains of a person killed in the employment of a carrier and ex-employees traveling
for the purpose of entering the service of any such common carrier; and the term 'families' as used in this paragraph shall include the families of those persons named in this proviso, also the families of persons killed, and the widows during widowhood and minor children during minority of persons who died, while in the service of any such common carrier. Any common carrier violating this provision shall be deemed guilty of a misdemeanor, and for each offense, on conviction, shall pay to the United States a penalty of not less than one hundred dollars nor more than two thousand dollars, and any person, other than the persons excepted in this provision, who uses any such interstate free ticket, free pass, or free transportation shall be subject to a like penalty. Jurisdiction of offenses under this provision shall be the same as that provided for offenses in an Act entitled 'An Act to further regulate commerce with foreign nations and among the States,' approved February nineteenth, nineteen hundred and three, and any amendment thereof.

"From and after May first, nineteen hundred and eight, it shall be unlawful for any railroad company to transport from any State, Territory, or the District of Columbia, to any other State, Territory, or the District of Columbia, or to any foreign country, any article or commodity, other than timber and the manufactured products thereof, manufactured, mined, or produced by it, or under its authority, or which it may own in whole or in part, or in which it may have any interest, direct or indirect, except such articles or commodities as may be necessary and intended for its use in the conduct of its business as a common carrier.

"Any common carrier subject to the provisions of this Act, upon application of any lateral, branch line of railroad, or of any shipper tendering interstate traffic for transportation, shall construct, maintain, and operate upon reasonable terms a switch connection with any such lateral, branch line of railroad, or private side track which may be constructed to connect with its railroad, where such connection is reasonably practicable and can be put in with safety and will furnish sufficient business to justify the construction and maintenance of the same; and shall furnish cars for the movement of such traffic to the best of its ability without discrimination in favor of or against any such shipper. If any common carrier shall fail to install and operate any such switch or connection as aforesaid, on application therefore in writing by any shipper or owner of such lateral, branch line of railroad, such shipper or owner of such lateral, branch line of railroad may make complaint to the commission, as provided in section thirteen of this Act, and the commission shall hear and investigate the same and shall determine as to the safety and practicability thereof and justification and reasonable compensation therefor, and the commission may make an order, as provided in section fifteen of this Act, directing the common carrier to comply with the provisions of this section in accordance with such order, and such order shall be enforced as hereinafter provided for the enforcement of all other orders by the commission, other than orders for the payment of money."

Sec. 8. That section four of said Act to regulate commerce be amended so as to read as follows:

"Sec. 4. That it shall be unlawful for any common carrier subject to the provisions of this Act to charge or receive any greater compensation in the aggregate for the transportation of passengers, or of like kind of property, for a shorter than for a longer distance over the same line or route in the same direction, the shorter being included within the longer distance, or to charge any greater compensation as a through route than the aggregate of the intermediate rates subject to the provisions of this Act; but this shall not be construed as
authorizing any common carrier within the terms of this Act to charge or receive as great compensation for a shorter as for a longer distance: Provided, however, That upon application to the Interstate Commerce Commission such common carrier may in special cases, after investigation, be authorized by the commission to charge less for longer than for shorter distances for the transportation of passengers or property; and the commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section: Provided further, That no rates or charges lawfully existing at the time of the passage of this amendatory Act shall be required to be changed by reason of the provisions of this section prior to the expiration of six months after the passage of this Act, nor in any case where application shall have been filed before the commission, in accordance with the provisions of this section, until a determination of such application by the commission.

"Whenever a carrier by railroad shall in competition with a water route or routes reduce the rates on the carriage of any species of freight to or from competitive points, it shall not be permitted to increase such rates unless after hearing by the Interstate Commerce Commission it shall be found that such proposed increase rests upon changed conditions other than the elimination of water competition."

Sec. 9. That section six of said Act to regulate commerce, as here-before amended, is hereby now amended by adding four new paragraphs at the end thereof, as follows:

"The commission may reject and refuse to file any schedule that is tendered for filing which does not provide and give lawful notice of its effective date, and any schedule so rejected by the commission shall be void and its use shall be unlawful.

"In case of failure or refusal on the part of any carrier, receiver, or trustee to comply with the terms of any regulation adopted and promulgated or any order made by the commission under the provisions of this section, such carrier, receiver, or trustee shall be liable to a penalty of five hundred dollars for each such offense, and twenty-five dollars for each and every day of the continuance of such offense, which shall accrue to the United States and may be recovered in a civil action brought by the United States.

"If any common carrier subject to the provisions of this Act, after written request made upon the agent of such carrier hereinafter in this section referred to, by any person or company for a written statement of the rate or charge applicable to a described shipment between stated places under the schedules or tariffs to which such carrier is a party, shall refuse or omit to give such written statement within a reasonable time, or shall misstate in writing the applicable rate, and if the person or company making such request suffers damage in consequence of such refusal or omission or in consequence of the misstatement of the rate, either through making the shipment over a line or route for which the proper rate is higher than the rate over another available line or route, or through entering into any sale or other contract whereunder such person or company obligates himself or itself to make such shipment of freight at his or its cost, then the said carrier shall be liable to a penalty of two hundred and fifty dollars, which shall accrue to the United States and may be recovered in a civil action brought by the United States.

"It shall be the duty of every carrier by railroad to keep at all times conspicuously posted in every station where freight is received for transportation the name of an agent resident in the city, village, or town where such station is located, to whom application may be made for the information by this section required to be furnished on
written request; and in case any carrier shall fail at any time to have such name so posted in any station, it shall be sufficient to address such request in substantially the following form: 'The Station Agent of the - Company at - Station,' together with the name of the proper post-office, inserting the name of the carrier company and of the station in the blanks, and to serve the same by depositing the request so addressed, with postage thereon prepaid, in any post-office."

SEC. 10. That section ten of said Act to regulate commerce, as heretofore amended, be now amended so as to read as follows: "Sec. 10. That any common carrier subject to the provisions of this Act, or, whenever such common carrier is a corporation, any director or officer thereof, or any receiver, trustee, lessee, agent, or person acting for or employed by such corporation, who, alone or with any other corporation, company, person, or party, shall willfully do or cause to be done, or shall willfully suffer or permit to be done, any act, matter, or thing in this Act prohibited or declared to be unlawful, or who shall aid or abet therein, or shall willfully omit or fail to do any act, matter, or thing in this Act required to be done, or shall cause or willingly suffer or permit any act, matter, or thing so directed or required by this Act to be done not to be so done, or shall aid or abet any such omission or failure, or shall be guilty of any infraction of this Act for which no penalty is otherwise provided, or who shall aid or abet therein, shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof in any district court of the United States within the jurisdiction of which such offense was committed, be subject to a fine of not to exceed five thousand dollars for each offense: Provided, That if the offense for which any person shall be convicted as aforesaid shall be an unlawful discrimination in rates, fares, or charges for the transportation of passengers or property, such person shall, in addition to the fine hereinbefore provided for, be liable to imprisonment in the penitentiary for a term of not exceeding two years, or both such fine and imprisonment, in the discretion of the court.

"Any common carrier subject to the provisions of this Act, or, whenever such common carrier is a corporation, any officer or agent thereof, or any person acting for or employed by such corporation, who, by means of false billing, false classification, false weighing, or false report of weight, or by any other device or means, shall knowingly and willfully assist, or shall willfully suffer or permit, any person or persons to obtain transportation for property at less than the regular rates then established and in force on the line of transportation of such common carrier, shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof in any court of the United States of competent jurisdiction within the district in which such offense was committed, be subject to a fine of not exceeding five thousand dollars, or imprisonment in the penitentiary for a term of not exceeding two years, or both, in the discretion of the court, for each offense.

"Any person, corporation, or company, or any agent or officer thereof, who shall deliver property for transportation to any common carrier subject to the provisions of this Act, or for whom, as consignor or consignee, any such carrier shall transport property, who shall knowingly and willfully, directly or indirectly, himself or by employee, agent, officer, or otherwise, by false billing, false classification, false weighing, false representation of the contents of the package or the substance of the property, false report of weight, false statement, or by any other device or means, whether with or without the consent or connivance of the carrier, its agent, or officer, obtain or attempt to obtain transportation for such property at less than the

regular rates then established and in force on the line of transportation; or who shall knowingly and willfully, directly or indirectly, himself or by employee, agent, officer, or otherwise, by false statement or representation as to cost, value, nature, or extent of injury, or by the use of any false bill, bill of lading, receipt, voucher, roll, account, claim, certificate, affidavit, or deposition, knowing the same to be false, fictitious, or fraudulent, or to contain any false, fictitious, or fraudulent statement or entry, obtain or attempt to obtain any allowance, refund, or payment for damage or otherwise in connection with or growing out of the transportation of or agreement to transport such property, whether with or without the consent or connivance of the carrier, whereby the compensation of such carrier for such transportation, either before or after payment, shall in fact be made less than the regular rates then established and in force on the line of transportation, shall be deemed guilty of fraud, which is hereby declared to be a misdemeanor, and shall, upon conviction thereof in any court of the United States of competent jurisdiction within the district in which such offense was wholly or in part committed, be subject for each offense to a fine of not exceeding five thousand dollars or imprisonment in the penitentiary for a term of not exceeding two years, or both, in the discretion of the court: Provided, That the penalty of imprisonment shall not apply to artificial persons.

"If any such person, or any officer or agent of any such corporation or company, shall, by payment of money or other thing of value, solicitation, or otherwise, induce or attempt to induce any common carrier subject to the provisions of this Act, or any of its officers or agents, to discriminate unjustly in his, its, or their favor as against any other consignor or consignee in the transportation of property, or shall aid or abet any common carrier in any such unjust discrimination, such person or such officer or agent of such corporation or company shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof in any court of the United States of competent jurisdiction within the district in which such offense was committed, be subject to a fine of not exceeding five thousand dollars, or imprisonment in the penitentiary for a term of not exceeding two years, or both, in the discretion of the court; and such person, corporation, or company shall also, together with said common carrier, be liable, jointly or severally, in an action to be brought by any consignor or consignee discriminated against in any court of the United States of competent jurisdiction for all damages caused by or resulting therefrom."

SEC. 11. That section thirteen of said Act to regulate commerce be amended so as to read as follows:

"SEC. 13. That any person, firm, corporation, company, or association, or any mercantile, agricultural, or manufacturing society or other organization, or any body politic or municipal organization, or any common carrier, complaining of anything done or omitted to be done by any common carrier subject to the provisions of this Act, in contravention of the provisions thereof, may apply to said commission by petition, which shall briefly state the facts; whereupon a statement of the complaint thus made shall be forwarded by the commission to such common carrier, who shall be called upon to satisfy the complaint, or to answer the same in writing, within a reasonable time, to be specified by the commission. If such common carrier within the time specified shall make reparation for the injury alleged to have been done, the common carrier shall be relieved of liability to the complainant only for the particular violation of law thus complained of. If such carrier or carriers shall not satisfy the complaint within the time specified, or there shall appear to be any reasonable ground for investigating said complaint, it shall be the duty of the commission to investigate the matters complained of in such manner and by such means as it shall deem proper."
“Said commission shall, in like manner and with the same authority and powers, investigate any complaint forwarded by the railroad commissioner or railroad commission of any State or Territory at the request of such commissioner or commission, and the Interstate Commerce Commission shall have full authority and power at any time to institute an inquiry, on its own motion, in any case and as to any matter or thing concerning which a complaint is authorized to be made, to or before said commission by any provision of this Act, or concerning which any question may arise under any of the provisions of this Act, or relating to the enforcement of any of the provisions of this Act. And the said commission shall have the same powers and authority to proceed with any inquiry instituted on its own motion as though it had been appealed to by complaint or petition under any of the provisions of this Act, including the power to make and enforce any order or orders in the case, or relating to the matter or thing concerning which the inquiry is had excepting orders for the payment of money. No complaint shall at any time be dismissed because of the absence of direct damage to the complainant.”

SEC. 12. That section fifteen of said Act to regulate commerce, as heretofore amended, is hereby now amended so as to read as follows:

“SEC. 15. That whenever, after full hearing upon a complaint made as provided in section thirteen of this Act, or after full hearing under an order for investigation and hearing made by the commission on its own initiative (either in extension of any pending complaint or without any complaint whatever), the commission shall be of opinion that any individual or joint rates or charges whatsoever demanded, charged, or collected by any common carrier or carriers subject to the provisions of this Act for the transportation of persons or property or for the transmission of messages by telegraph or telephone as defined in the first section of this Act, or that any individual or joint classifications, regulations, or practices whatsoever of such carrier or carriers subject to the provisions of this Act are unjust or unreasonable or unjustly discriminatory, or unduly preferential or prejudicial or otherwise in violation of any of the provisions of this Act, the commission is hereby authorized and empowered to determine and prescribe what will be the just and reasonable individual or joint rate or rates, charge or charges, to be thereafter observed in such case as the maximum to be charged, and what individual or joint classification, regulation, or practice is just, fair, and reasonable, to be thereafter followed, and to make an order that the carrier or carriers shall cease and desist from such violation to the extent to which the commission finds the same to exist, and shall not thereafter publish, demand, or collect any rate or charge for such transportation or transmission in excess of the maximum rate or charge so prescribed, and shall adopt the classification and shall conform to and observe the regulation or practice so prescribed. All orders of the commission, except orders for the payment of money, shall take effect within such reasonable time, not less than thirty days, and shall continue in force for such period of time, not exceeding two years, as shall be prescribed in the order of the commission, unless the same shall be suspended or modified or set aside by the commission, or be suspended or set aside by a court of competent jurisdiction. Whenever the carrier or carriers, in obedience to such order of the commission or otherwise, in respect to joint rates, fares, or charges, shall fail to agree among themselves upon the apportionment or division thereof the commission may, after hearing, make a supplemental order prescribing the just and reasonable proportion of such joint rate to be received by each carrier party thereto, which order shall take effect as a part of the original order.
Whenever there shall be filed with the commission any schedule stating a new individual or joint rate, fare, or charge, or any new individual or joint classification, or any new individual or joint regulation or practice affecting any rate, fare, or charge, the commission shall have, and it is hereby given, authority, either upon its own initiative without complaint, at once, and if it so orders, without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the propriety of such rate, fare, charge, classification, regulation, or practice; and pending such hearing and the decision thereon the commission upon filing with such schedule and delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension may suspend the operation of such schedule and defer the use of such rate, fare, charge, classification, regulation, or practice, but not for a longer period than one hundred and twenty days beyond the time when such rate, fare, charge, classification, regulation, or practice would otherwise go into effect; and after full hearing, whether completed before or after the rate, fare, charge, classification, regulation, or practice goes into effect, the commission may make such order in reference to such rate, fare, charge, classification, regulation, or practice as would be proper in a proceeding initiated after the rate, fare, charge, classification, regulation, or practice had become effective: Provided, That if any such hearing can not be concluded within the period of suspension, as above stated, the Interstate Commerce Commission may, in its discretion, extend the time of suspension for a further period not exceeding six months. At any hearing involving a rate increased after January first, nineteen hundred and ten, or of a rate sought to be increased after the passage of this Act, the burden of proof to show that the increased rate or proposed increased rate is just and reasonable shall be on the common carrier, and the commission shall give to the hearing and decision of such questions preference over all other questions pending before it and decide the same as speedily as possible.

The commission may also, after hearing, on a complaint or upon its own initiative without complaint, establish through routes and joint classifications, and may establish joint rates as the maximum to be charged and may prescribe the division of such rates as hereinafter provided and the terms and conditions under which such through routes shall be operated, whenever the carriers themselves shall have refused or neglected to establish voluntarily such through routes or joint classifications or joint rates; and this provision shall apply when one of the connecting carriers is a water line. The commission shall not, however, establish any through route, classification, or rate between street electric passenger railways not engaged in the general business of transporting freight in addition to their passenger and express business and railroads of a different character, nor shall the commission have the right to establish any route, classification, rate, fare, or charge when the transportation is wholly by water, and any transportation by water affected by this Act shall be subject to the laws and regulations applicable to transportation by water.

And in establishing such through route, the commission shall not require any company, without its consent, to embrace in such route substantially less than the entire length of its railroad and of any intermediate railroad operated in conjunction and under a common management or control therewith which lies between the termini of such proposed through route, unless to do so would make such through route unreasonably long as compared with another practicable through route which could otherwise be established.
"In all cases where at the time of delivery of property to any railroad corporation being a common carrier, for transportation subject to the provisions of this Act to any point of destination, between which and the point of such delivery for shipment two or more through routes and through rates shall have been established as in this Act provided to which through routes and through rates such carrier is a party, the person, firm, or corporation making such shipment, subject to such reasonable exceptions and regulations as the Interstate Commerce Commission shall from time to time prescribe, shall have the right to designate in writing by which of such through routes such property shall be transported to destination, and it shall thereupon be the duty of the initial carrier to route said property and issue a through bill of lading therefor as so directed, and to transport said property over its own line or lines and deliver the same to a connecting line or lines according to such through route, and it shall be the duty of each of said connecting carriers to receive said property and transport it over the said line or lines and deliver the same to the next succeeding carrier or consignee according to the routing instructions in said bill of lading: Provided, however, That the shipper shall in all instances have the right to determine, where competing lines of railroad constitute portions of a through line or route, over which of said competing lines so constituting a portion of said through line or route his freight shall be transported.

"It shall be unlawful for any common carrier subject to the provisions of this Act, or any officer, agent, or employee of such common carrier, or for any other person or corporation lawfully authorized by such common carrier to receive information therefrom, knowingly to disclose to or permit to be acquired by any person or corporation other than the shipper or consignee, without the consent of such shipper or consignee, any information concerning the nature, kind, quantity, destination, consignee, or routing of any property tendered or delivered to such common carrier for interstate transportation, which information may be used to the detriment or prejudice of such shipper or consignee, or which may improperly disclose his business transactions to a competitor; and it shall also be unlawful for any person or corporation to solicit or knowingly receive any such information which may be so used: Provided, That nothing in this Act shall be construed to prevent the giving of such information in response to any legal process issued under the authority of any state or federal court, or to any officer or agent of the Government of the United States, or of any State or Territory, in the exercise of his powers, or to any officer or other duly authorized person seeking such information for the prosecution of persons charged with or suspected of crime; or information given by a common carrier to another carrier or its duly authorized agent, for the purpose of adjusting mutual traffic accounts in the ordinary course of business of such carriers.

"Any person, corporation, or association violating any of the provisions of the next preceding paragraph of this section shall be deemed guilty of a misdemeanor, and for each offense, on conviction, shall pay to the United States a penalty of not more than one thousand dollars.

"If the owner of property transported under this Act directly or indirectly renders any service connected with such transportation, or furnishes any instrumentality used therein, the charge and allowance therefor shall be no more than is just and reasonable, and the commission may, after hearing on a complaint or on its own initiative, determine what is a reasonable charge as the maximum to be paid by the carrier or carriers for the services so rendered or for the use of the instrumentality so furnished, and fix the same by appro-
appropriate order, which order shall have the same force and effect and be enforced in like manner as the orders above provided for under this section.

"The foregoing enumeration of powers shall not exclude any power which the commission would otherwise have in the making of an order under the provisions of this Act."

SEC. 13. That section sixteen of said Act to regulate commerce, as heretofore amended, is hereby now amended so as to read as follows:

"Sec. 16. That if, after hearing on a complaint made as provided in section thirteen of this Act, the commission shall determine that any party complainant is entitled to an award of damages under the provisions of this Act for a violation thereof, the commission shall make an order directing the carrier to pay to the complainant the sum to which he is entitled on or before a day named.

"If a carrier does not comply with an order for the payment of money within the time limit in such order, the complainant, or any person for whose benefit such order was made, may file in the circuit court of the United States for the district in which he resides or in which is located the principal operating office of the carrier, or through which the road of the carrier runs, or in any state court of general jurisdiction having jurisdiction of the parties, a petition setting forth briefly the causes for which he claims damages, and the order of the commission in the premises. Such suit in the circuit court of the United States shall proceed in all respects like other civil suits for damages, except that on the trial of such suit the findings and order of the commission shall be prima facie evidence of the facts therein stated, and except that the petitioner shall not be liable for costs in the circuit court nor for costs at any subsequent stage of the proceedings unless they accrue upon his appeal. If the petitioner shall finally prevail he shall be allowed a reasonable attorney's fee, to be taxed and collected as a part of the costs of the suit. All complaints for the recovery of damages shall be filed with the commission within two years from the time the cause of action accrues, and not after, and a petition for the enforcement of an order for the payment of money shall be filed in the circuit court or state court within one year from the date of the order, and not after.

"In such suits all parties in whose favor the commission may have made an award for damages by a single-order may be joined as plaintiffs, and all of the carriers parties to such order awarding such damages may be joined as defendants, and such suit may be maintained by such joint plaintiffs and against such joint defendants in any district where any one of such joint plaintiffs could maintain such suit against any one of such joint defendants; and service of process against any one of such defendants as may not be found in the district where the suit is brought may be made in any district where such defendant carrier has its principal operating office. In case of such joint suit the recovery, if any, may be by judgment in favor of any one of such plaintiffs, against the defendant found to be liable to such plaintiff.

"Every order of the commission shall be forthwith served upon the designated agent of the carrier in the city of Washington or in such other manner as may be provided by law.

"The commission shall be authorized to suspend or modify its orders upon such notice and in such manner as it shall deem proper.

"It shall be the duty of every common carrier, its agents and employees, to observe and comply with such orders so long as the same shall remain in effect.

"Any carrier, any officer, representative, or agent of a carrier, or any receiver, trustee, lessee, or agent of either of them, who knowingly fails or neglects to obey any order made under the provisions
of section fifteen of this Act shall forfeit to the United States the
sum of five thousand dollars for each offense. Every distinct viola-
tion shall be a separate offense, and in case of a continuing violation
each day shall be deemed a separate offense.

"The forfeiture provided for in this Act shall be payable into the
Treasury of the United States, and shall be recoverable in a civil
suit in the name of the United States, brought in the district where
the carrier has its principal operating office, or in any district through
which the road of the carrier runs.

"It shall be the duty of the various district attorneys, under the
direction of the Attorney-General of the United States, to prosecute
for the recovery of forfeitures. The costs and expenses of such prose-
cution shall be paid out of the appropriation for the expenses of the
courts of the United States.

"The commission may employ such attorneys as it finds necessary
for proper legal aid and service of the commission or its members in
the conduct of their work or for proper representation of the public
interests in investigations made by it or cases or proceedings pending
before it, whether at the commission's own instance or upon complaint,
or to appear for and represent the commission in any case pending
in the commerce court; and the expenses of such employment shall
be paid out of the appropriation for the commission.

"If any carrier fails or neglects to obey any order of the commission
other than for the payment of money, while the same is in effect,
the Interstate Commerce Commission or any party injured thereby,
or the United States, by its Attorney-General, may apply to the

shall enforce obedience to such order by a writ of injunction or other
proper process, mandatory or otherwise, to restrain such carrier, its
officers, agents, or representatives, from further disobedience of such
order, or to enjoin upon it or them obedience to the same.

Sec. 15. That nothing in this Act contained shall undo or impair any proceedings heretofore taken by or before the Interstate Commerce Commission or any of the Acts of said commission; and in any cases, proceedings, or matters now pending before it, the commission may exercise any of the powers hereby conferred upon it, as would be proper in cases, proceedings, or matters hereafter initiated; and nothing in this Act contained shall operate to release or affect any obligation, liability, penalty, or forfeiture heretofore existing against or incurred by any person, corporation, or association.

Sec. 16. That the President is hereby authorized to appoint a commission to investigate questions pertaining to the issuance of stocks and bonds by railroad corporations, subject to the provisions of the Act to regulate commerce, and the power of Congress to regulate or affect the same, and to fix the compensation of the members of such commission. Said commission shall be and is hereby authorized to employ experts to aid in the work of inquiry and examination, and such clerks, stenographers, and other assistants as may be necessary, which employees shall be paid such compensation as the commission may deem just and reasonable upon a certificate to be issued by the chairman of the commission. The several departments and bureaus of the Government shall detail from time to time such officials and employees and furnish such information to the commission as may be directed by the President. For the
purposes of its investigations the commission shall be authorized to incur and have paid upon the certificate of its chairman such expenses as the commission shall deem necessary: Provided, however, That the total expenses authorized or incurred under the provisions of this section for compensation, employees, or otherwise, shall not exceed the sum of twenty-five thousand dollars.

Sec. 17. That no interlocutory injunction suspending or restraining the enforcement, operation, or execution of any statute of a State by restraining the action of any officer of such State in the enforcement or execution of such statute shall be issued or granted by any justice of the supreme court, or by any circuit court of the United States, or by any judge thereof, or by any district judge acting as circuit judge, upon the ground of the unconstitutionality of such statute, unless the application for the same shall be presented to a justice of the Supreme Court of the United States, or to a circuit judge, or to a district judge acting as circuit judge, and shall be heard and determined by three judges, of whom at least one shall be a justice of the Supreme Court of the United States or a circuit judge, and the other two may be either circuit or district judges, and unless a majority of said three judges shall concur in granting such application. Whenever such application as aforesaid is presented to a justice of the Supreme Court of the United States, or to a judge, he shall immediately call to his assistance to hear and determine the application two other judges: Provided, however, That one of such three judges shall be a justice of the Supreme Court of the United States or a circuit judge. Said application shall not be heard or determined before at least five days' notice of the hearing has been given to the governor and to the attorney-general of the State, and to such other persons as may be defendants in the suit: Provided, That if of opinion that irreparable loss or damage would result to the complainant unless a temporary restraining order is granted, any justice of the Supreme Court of the United States, or any circuit or district judge, may grant such temporary restraining order at any time before such hearing and determination of the application for an interlocutory injunction, but such temporary restraining order shall only remain in force until the hearing and determination of the application for an interlocutory injunction upon notice as aforesaid. The hearing upon such application for an interlocutory injunction shall be given precedence and shall be in every way expedited and be assigned for a hearing at the earliest practicable day after the expiration of the notice hereinbefore provided for. An appeal may be taken directly to the Supreme Court of the United States from the order granting or denying, after notice and hearing, an interlocutory injunction in such case.

Sec. 18. That this Act shall take effect and be in force from and after the expiration of sixty days after its passage, except as to sections twelve and sixteen, which sections shall take effect and be in force immediately.

and the governor, chief justice, and secretary of said Territory shall apportion the delegates to be thus selected, as nearly as may be, equitably among the several counties thereof in accordance with the voting population, as shown by the vote cast at the election for Delegate in Congress in said Territory in nineteen hundred and eight:

Provided, That in the event that any new counties shall have been added after said election, the apportionment for delegates shall be made proportionate to the vote cast within the various precincts contained in the area of such new counties so created, and the proportionate number of delegates so apportioned shall be deducted from the original counties out of which such counties shall have been created.

The governor of said Territory shall, within thirty days after the approval of this Act, by proclamation, in which the aforesaid apportionment of delegates to the convention shall be fully specified and announced, order an election of the delegates aforesaid on a day designated by him in said proclamation, not earlier than sixty nor later than ninety days after the approval of this Act. Such election for delegates shall be held and conducted, the returns made, and the certificates of persons elected to such convention issued, as nearly as may be, in the same manner as is prescribed by the laws of said Territory regulating elections therein of members of the legislature existing at the time of the last election of said members of the legislature; and the provisions of said laws in all respects, including the qualifications of electors and registration, are hereby made applicable to the election herein provided for; and said convention, when so called to order and organized, shall be the sole judge of the election and qualifications of its own members. Qualifications to entitle persons to vote on the ratification or rejection of the constitution formed by said convention when said constitution shall be submitted to the people of said Territory hereunder shall be the same as the qualifications to entitle persons to vote for delegates to said convention.

Sec. 2. That the delegates to the convention thus elected shall meet in the hall of the house of representatives in the capital of the Territory of New Mexico at twelve o'clock noon on the fourth Monday after their election, and they shall receive compensation for the period they actually are in session, but not for more than sixty days in all. After organization they shall declare on behalf of the people of said proposed State that they adopt the Constitution of the United States, whereupon the said convention shall be, and is hereby, authorized to form a constitution and provide for a state government for said proposed State, all in the manner and under the conditions contained in this Act. The constitution shall be republican in form and make no distinction in civil or political rights on account of race or color, and shall not be repugnant to the Constitution of the United States and the principles of the Declaration of Independence.

And said convention shall provide, by an ordinance irrevocable without the consent of the United States and the people of said State—

First. That perfect toleration of religious sentiment shall be secured, and that no inhabitant of said State shall ever be molested in person or property on account of his or her mode of religious worship; and that polygamous or plural marriages, or polygamous cohabitation, and the sale, barter, or giving of intoxicating liquors to Indians and the introduction of liquors into Indian country, which term shall also include all lands now owned or occupied by the Pueblo Indians of New Mexico, are forever prohibited.

Second. That the people inhabiting said proposed State do agree and declare that they forever disclaim all right and title to the unappropriated and ungranted public lands lying within the boundaries
thereof and to all lands lying within said boundaries owned or held by any Indian or Indian tribes the right or title to which shall have been acquired through or from the United States or any prior sovereignty, and that until the title of such Indian or Indian tribes shall have been extinguished the same shall be and remain subject to the disposition and under the absolute jurisdiction and control of the Congress of the United States; that the lands and other property belonging to citizens of the United States residing without the said State shall never be taxed at a higher rate than the lands and other property belonging to residents thereof; that no taxes shall be imposed by the State upon lands or property therein belonging to or which may hereafter be acquired by the United States or reserved for its use; but nothing herein, or in the ordinance herein provided for, shall preclude the said State from taxing, as other lands and other property are taxed, any lands and other property outside of an Indian reservation owned or held by any Indian, save and except such lands as have been granted or acquired as aforesaid or as may be granted or confirmed to any Indian or Indians under any Act of Congress, but said ordinance shall provide that all such lands shall be exempt from taxation by said State so long and to such extent as Congress has prescribed or may hereafter prescribe.

Third. That the debts and liabilities of said Territory of New Mexico and the debts of the counties thereof which shall be valid and subsisting at the time of the passage of this Act shall be assumed and paid by said proposed State, and that said State shall, as to all such debts and liabilities, be subrogated to all the rights, including rights of indemnity and reimbursement, existing in favor of said Territory or of any of the several counties thereof at the time of the passage of this Act: Provided, That nothing in this Act shall be construed as validating or in any manner legalizing any territorial, county, municipal, or other bonds, obligations, or evidences of indebtedness of said Territory or the counties or municipalities thereof which now are or may be invalid or illegal at the time said proposed State is admitted, nor shall the legislature of said proposed State pass any law in any manner validating or legalizing the same.

Fourth. That provision shall be made for the establishment and maintenance of a system of public schools, which shall be open to all the children of said State and free from sectarian control, and that said schools shall always be conducted in English.

Fifth. That said State shall never enact any law restricting or abridging the right of suffrage on account of race, color, or previous condition of servitude, and that ability to read, write, speak, and understand the English language sufficiently well to conduct the duties of the office without the aid of an interpreter shall be a necessary qualification for all State officers and members of the state legislature.

Sixth. That the capital of said State shall, until changed by the electors voting at an election provided for by the legislature of said State for that purpose, be at the city of Santa Fe, but no election shall be called or provided for prior to the thirty-first day of December, nineteen hundred and twenty-five.

Seventh. That there be and are reserved to the United States, with full acquiescence of the State, all rights and powers for the carrying out of the provisions by the United States of the Act of Congress entitled "An Act appropriating the receipts from the sale and disposal of public lands in certain States and Territories to the construction of irrigation works for the reclamation of arid lands," approved June seventeenth, nineteen hundred and two, and Acts amendatory thereof or supplementary thereto, to the same extent as if said State had remained a Territory.
Liquor prohibited on opened Indian reservations.

Eighth. That whenever hereafter any of the lands contained within Indian reservations or allotments in said proposed State shall be allotted, sold, reserved, or otherwise disposed of, they shall be subject for a period of twenty-five years after such allotment, sale, reservation, or other disposal to all the laws of the United States prohibiting the introduction of liquor into the Indian country; and the terms "Indian" and "Indian country" shall include the Pueblo Indians of New Mexico and the lands now owned or occupied by them.

Consent to conditions of lands granted to State.

Ninth. That the State and its people consent to all and singular the provisions of this Act concerning the lands hereby granted or confirmed to the State, the terms and conditions upon which said grants and confirmations are made, and the means and manner of enforcing such terms and conditions, all in every respect and particular as in this Act provided.

Changes of foregoing forbidden.

All of which ordinance described in this section shall, by proper reference, be made a part of any constitution that shall be formed hereunder, in such terms as shall positively preclude the making by any future constitutional amendment of any change or abrogation of the said ordinance in whole or in part without the consent of Congress.

Submission of constitution to people. Time for election.

Sec. 3. That when said constitution shall be formed as aforesaid the convention forming the same shall provide for the submission of said constitution to the people of New Mexico for ratification at an election which shall be held on a day named by said convention not earlier than sixty nor later than ninety days after said convention adjourns, at which election the qualified voters of New Mexico shall vote directly for or against said constitution and for or against any provisions thereof separately submitted. The returns of said election shall be made by the election officers direct to the secretary of the Territory of New Mexico at Santa Fe, who, with the governor and the chief justice of said Territory, shall constitute a canvassing board, and they, or any two of them, shall meet at said city of Santa Fe on the third Monday after said election and shall canvass the same. If a majority of the legal votes cast at said election shall reject the constitution, the said canvassing board shall forthwith certify said result to the governor of said Territory, together with the statement of votes cast upon the question of the ratification or rejection of said constitution and also a statement of the votes cast for or against such provisions thereof as were separately submitted to the voters at said election; whereupon the governor of said Territory shall, by proclamation, order the constitutional convention to reassemble at a date not later than twenty days after the receipt by said governor of the documents showing the rejection of the constitution by the people, and thereafter a new constitution shall be framed and the same proceedings shall be taken in regard thereto in like manner as if said constitution were being originally prepared for submission and submitted to the people.

Ressuming convention.

Sec. 4. That when said constitution and such provisions thereof as have been separately submitted shall have been duly ratified by the people of New Mexico as aforesaid a certified copy of the same shall be submitted to the President of the United States and to Congress for approval, together with the statement of the votes cast thereon and upon any provisions thereof which were separately submitted to and voted upon by the people. And if Congress and the President approve said constitution and the said separate provisions thereof, or, if the President approves the same and Congress fails to disapprove the same during the next regular session thereof, then and in that event the President shall certify said facts to the governor of New Mexico, who shall, within thirty days after the receipt of said
notification from the President of the United States, issue his proclamation for the election of the state and county officers, the members of the state legislature and Representatives in Congress, and all other officers provided for in said constitution, all as hereinafter provided; said election to take place not earlier than sixty days nor later than ninety days after said proclamation by the governor of New Mexico ordering the same.

Sec. 5. That said constitutional convention shall, by ordinance, provide that in case of the ratification of said constitution by the people, and in case the President of the United States and Congress approve the same, or in case the President approves the same and Congress fails to act in its next regular session, all as hereinafter provided, an election shall be held at the time named in the proclamation of the governor of New Mexico, provided for in the preceding section, at which election officers for a full state government, including a governor, members of the legislature, two Representatives in Congress, to be elected at large from said State, and such other officers as such constitutional convention shall prescribe, shall be chosen by the people. Such election shall be held, the returns thereof made, canvassed, and certified to by the secretary of said Territory in the same manner as in this Act prescribed for the making of the returns, the canvassing and certification of the same of the election for the ratification or rejection of said constitution, as hereinafter provided, and the qualifications of voters at said election for all state officers, members of the legislature, county officers, and Representatives in Congress, and other officers prescribed by said constitution shall be made the same as the qualifications of voters at the election for the ratification or rejection of said constitution as hereinbefore provided. When said election of said state and county officers, members of the legislature, and Representatives in Congress, and other officers above provided for shall be held and the returns thereof made, canvassed, and certified as hereinbefore provided, the governor of the Territory of New Mexico shall certify the result of said election, as canvassed and certified as herein provided, to the President of the United States, who thereupon shall immediately issue his proclamation announcing the result of said election so ascertained, and upon the issuance of said proclamation by the President of the United States the proposed State of New Mexico shall be deemed admitted by Congress into the Union, by virtue of this Act, on an equal footing with the other States. Until the issuance of said proclamation by the President of the United States, and until the said State is so admitted into the Union and said officers are elected and qualified under the provisions of the Constitution, the county and territorial officers of said Territory, including the Delegate in Congress thereof elected at the general election in nineteen hundred and eight, shall continue to discharge the duties of their respective offices in and for said Territory: Provided, That no session of the territorial legislative assembly shall be held in nineteen hundred and eleven.

Sec. 6. That in addition to sections sixteen and thirty-six, heretofore granted to the Territory of New Mexico, sections two and thirty-two in every township in said proposed State not otherwise appropriated at the date of the passage of this Act are hereby granted to the said State for the support of common schools; and where sections two, sixteen, thirty-two, and thirty-six, or any parts thereof, are mineral, or have been sold, reserved, or otherwise appropriated or reserved by or under the authority of any Act of Congress, or are wanting or fractional in quantity, or where settlement thereon with a view to preemption or homestead, or improvement thereof with a view to desert-land entry has been made heretofore or hereafter, and before the survey thereof in the field, the provisions of sections twenty-two hundred and seventy-five and twenty-two hundred and seventy-six
of the Revised Statutes are hereby made applicable thereto and to
the selection of lands in lieu thereof to the same extent as if sections
two and thirty-two, as well as sections sixteen and thirty-six, were
mentioned therein: Provided, however, That the area of such indem-
nity selections on account of any fractional township shall not in any
event exceed an area which, when added to the area of the above-
named sections returned by the survey as in place, will equal four
sections for fractional townships containing seventeen thousand two

Sec. 8. That the schools, colleges, and universities provided for in this Act shall forever remain under the exclusive control of the said State, and no part of the proceeds arising from the sale or disposal of any lands granted herein for educational purposes shall be used for the support of any sectarian or denominational school, college, or university.

Sec. 9. That five per centum of the proceeds of sales of public lands lying within said State, which shall be sold by the United States subsequent to the admission of said State into the Union, after deducting all the expenses incident to such sales, shall be paid to the said State to be used as a permanent inviolable fund, the interest of which only shall be expended for the support of the common schools within said State.

Sec. 10. There is hereby reserved to the United States and exempted from the operation of any and all grants made or confirmed by this Act to said proposed State all land actually or prospectively valuable for the development of water powers or power for hydroelectric use or transmission and which shall be ascertained and designated by the Secretary of the Interior within five years after the proclamation of the President declaring the admission of the State; and no lands so reserved and excepted shall be subject to any disposition whatsoever by said State, and any conveyance or transfer of such land by said State or any officer thereof shall be absolutely null and void within the period above named; and in lieu of the land so reserved to the United States and excepted from the operation of any of said grants, there be, and is hereby, granted to the proposed State an equal quantity of land to be selected from land of the character named and in the manner prescribed in section eleven of this Act.

Every sale, lease, conveyance, or contract of or concerning any of the lands hereby granted or confirmed, or the use thereof or the natural products thereof, not made in substantial conformity with the provisions of this Act shall be null and void, any provision of the constitution or laws of the said State to the contrary notwithstanding.

It shall be the duty of the Attorney-General of the United States to prosecute in the name of the United States and its courts such proceedings at law or in equity as may from time to time be necessary
and appropriate to enforce the provisions hereof relative to the application and disposition of the said lands and the products thereof and the funds derived therefrom.

Nothing herein contained shall be taken as in limitation of the power of the State or of any citizen thereof to enforce the provisions of this Act.

Sec. 11. That all lands granted in quantity or as indemnity by this Act shall be selected, under the direction and subject to the approval of the Secretary of the Interior, from the surveyed, unreserved, unappropriated, and nonmineral public lands of the United States within the limits of said State, by a commission composed of the governor, surveyor-general, or other officer exercising the functions of a surveyor-general, and the attorney-general of the said State; and after its admission into the Union said State may procure public lands of the United States within its boundaries to be surveyed with a view to satisfying any public-land grants made to said State in the same manner prescribed for the procurement of such surveys by Washington, Idaho, and other States by the Act of Congress approved August eighteenth, eighteen hundred and ninety-four (Twenty-eighth Statutes at Large, page three hundred and ninety-four), and the provisions of said Act, in so far as they relate to such surveys and the preference right of selection, are hereby extended to the said State of New Mexico. The fees to be paid to the register and receiver for each final location or selection of one hundred and sixty acres made hereunder shall be one dollar.

Sec. 12. That all grants of lands heretofore made by any Act of Congress to said Territory, except to the extent modified or repealed by this Act, are hereby ratified and confirmed to said State, subject to the provisions of this Act: Provided, however, That nothing in this Act contained shall, directly or indirectly, affect any litigation now pending and to which the United States is a party, or any right or claim therein asserted.

Sec. 13. That the State, when admitted as aforesaid, shall constitute one judicial district, and the circuit and district courts of said district shall be held at the capital of said State, and the said district shall, for judicial purposes, be attached to the eighth judicial circuit. There shall be appointed for said district one district judge, one United States attorney, and one United States marshal. The judges of said district shall receive a yearly salary the same as other similar judges of the United States, payable as provided for by law, and shall reside in the district to which he is appointed. There shall be appointed clerks of said courts, who shall keep their offices at the capital of said State. The regular terms of said courts shall be held on the first Monday in April and the first Monday in October of each year. The circuit and district courts for said district, and the judges thereof, respectively, shall possess the same powers and jurisdiction and perform the same duties required to be performed by the other circuit and district courts and judges of the United States, and shall be governed by the same laws and regulations. The marshal, district attorney, and the clerks of the circuit and district courts of said district, and all other officers and persons performing duties in the administration of justice therein, shall severally possess the powers and perform the duties lawfully possessed and required to be performed by similar officers in other districts of the United States, and shall, for the services they may perform, receive the fees and compensation now allowed by law to officers performing similar services for the United States in the Territory of New Mexico.

Sec. 14. That all cases of appeal or writ of error and all other proceedings heretofore lawfully prosecuted and now pending in the Supreme Court of the United States or in the proper circuit court of
appeals upon any record from the supreme court of said Territory, and all cases of appeal or writ of error and all other proceedings here-tofore lawfully prosecuted and now pending in the Supreme Court of the United States upon any record from a district court of said Territory or in any matter of habeas corpus upon any return or order of a district judge thereof, and all and singular the cases aforesaid which, hereafter shall be so lawfully prosecuted and remain pending in the Supreme Court of the United States or in the proper circuit court of appeals, may be heard and determined by the Supreme Court of the United States or the proper circuit court of appeals, as the case may be. And the mandate of execution or of further proceedings shall be directed by the Supreme Court of the United States or the circuit court of appeals to the circuit or district court, hereby established within the said State, or to the supreme court of such State, as the nature of the case may require. And the circuit, district, and state courts herein named shall respectively be the successors of the supreme court and of the district courts of the said Territory as to all such cases arising within the limits embraced within the jurisdiction of said courts, respectively, with full power to proceed with the same and award mesne or final process therein; and that from all judgments and decrees or other determinations of any court of the said Territor, in any case begun prior to admission, the parties to such cause shall have the same right to prosecute appeals and writs of error to the Supreme Court of the United States or to the circuit court of appeals as they would have had by law prior to the admission of said State into the Union.

Sec. 15. That the said circuit or the said district court, as the case may be, shall have jurisdiction to hear and determine all trials, proceedings, and questions arising, or which may be raised, in any case or controversy pending in any of the courts other than the supreme court of the said Territory at the date of its admission as a State, the case being such that, under the laws of the United States touching the jurisdictions of federal courts, it might properly have been begun in or (as a separable controversy or otherwise) removed to said circuit or said district court, had they been established when the litigation of such case or controversy was commenced. Should such case or controversy be such that, if begun within a State, it would have fallen within the exclusive original cognizance of a circuit or district court of the United States sitting therein, it shall be transferred to the one or the other of said courts sitting within said State of New Mexico, with due regard for the general provisions of law defining their respective jurisdictions; but should such case or controversy be by nature one of those which under such general jurisdictional provisions fall within the concurrent but not the exclusive jurisdiction of such courts, then such transfer may be had upon application of any party to such case or controversy, to be made as nearly as may be in the manner now provided for removal of cases from state to federal courts, and not later than sixty days after the lodging of the record of such case or controversy in the proper court of the State, as herein provided. All cases and controversies pending at the admission of the State, and not transferable to the said circuit or district court under the foregoing provision, shall be heard and determined by the proper court of the State. All files, records, and proceedings relating to any such pending cases or controversies shall be transferred to such circuit, district, and state courts, respectively, in such wise and so authenticated or proven as such courts shall, respectively, by rule direct, and upon transfer of any case or controversy, as herein provided, the same shall be proceeded with in due course of law; and no writ, action, indictment, information, cause, or proceeding pending in any court of the said Territory at the time of its admission as a
State shall abate or be deemed ineffective by reason of such admission, but the same shall be transferred and proceeded with in the proper circuit or district court of the United States, or state court, as the case may be: Provided, however, That all cases pending and undisposed of in the supreme court of the said Territory at the time of the admission thereof as a State shall be transferred, together with the records thereof, to the highest appellate court of the State, and shall be heard and determined thereby, and appeal to and writ of error from the Supreme Court of the United States shall lie to review all such cases in accordance with the rules and principles applicable to the review by that tribunal of cases determined by state courts: Provided further, That all cases so pending in said territorial supreme court in which the United States is a party or which, if instituted within a State, would have fallen within the exclusive original cognizance of a circuit or district court of the United States, shall, with the records appertaining thereto, be transferred to the circuit court of appeals for the eighth circuit, and be there heard and decided; and any such case which, if finally decided by the supreme court of the Territory, would have been in any manner reviewable by the Supreme Court of the United States, may in like manner and with like effect be so reviewed after final decision thereof by said circuit court of appeals. Transfers of all files and records from the said territorial supreme court to the highest appellate court of the State and to the said circuit court of appeals, shall be accomplished in such manner and under such proofs and authentications as the two last-mentioned courts shall respectively by rule prescribe.

All civil causes of action and all criminal offenses which shall have arisen or been committed prior to the admission of said Territory as a State, but as to which no suit, action, or prosecution shall be pending at the date of such admission, shall be subject to prosecution in the courts of said State and the said circuit or district courts of the United States sitting therein, and to review in the appellate courts of such respective sovereignties in like manner and to the same extent as if said State had been created and such circuit, district, and state courts had been established prior to the accrual of such causes of action and the commission of such offenses; and in effectuation of this provision such of the said criminal offenses as shall have been committed against the laws of the said Territory shall be tried and punished by the appropriate courts of the said State, and such as shall have been committed against the laws of the United States shall be tried and punished in the circuit or district courts of the United States.

All suits and actions brought by the United States in which said Territory is named as a party defendant, which shall be pending in any court of said Territory at the date of its admission hereunder, shall be transferred as herein provided; and the said State shall be substituted therein and become a party defendant thereto in lieu of said Territory.

SEC. 16. That the members of the legislature elected at the election hereinbefore provided for may assemble at Santa Fe, organize, and elect two Senators of the United States in the manner now prescribed by the Constitution and laws of the United States; and the governor and secretary of state of the proposed State shall certify the election of the Senators and Representatives in the manner required by law; and the Senators and Representatives so elected shall be entitled to be admitted to seats in Congress and to all rights and privileges of Senators and Representatives of other States in the Congress of the United States; and the officers of the state government formed in pursuance of said constitution, as provided by the constitutional convention, shall proceed to exercise all the functions of state officers; and all laws of said Territory in force at the time of its admission into the Union shall be in force in said State until changed by the legis-
United States laws.

Appropriation for election and convention expenses.

Section 17. That the sum of one hundred thousand dollars, or so much thereof as may be necessary, is hereby appropriated, out of any money in the Treasury not otherwise appropriated, for defraying all and every kind and character of expense incident to the elections and convention provided for in this Act; that is, the payment of the expenses of holding the election for members of the constitutional convention and the election for the ratification of the constitution, at the same rates that are paid for similar services under the territorial laws, and for the payment of the mileage for and salaries of members of the constitutional convention at the same rates that are paid to members of the said territorial legislature under national law, and for the payment of all proper and necessary expenses, officers, clerks, and messengers thereof, and printing and other expenses incident thereto: Provided, That any expense incurred in excess of said sum of one hundred thousand dollars shall be paid by said State. The said money shall be expended under the direction of the Secretary of the Interior, and shall be forwarded, to be locally expended in the present Territory of New Mexico, through the secretary of said Territory as may be necessary and proper, in the discretion of the Secretary of the Interior, in order to carry out the full intent and meaning of this Act.

Section 18. That all saline lands in the proposed State of New Mexico are hereby reserved from entry, location, selection, or settlement until such time as Congress shall hereafter provide for their disposition.

Section 19. That the qualified electors of the Territory of Arizona are hereby authorized to vote for and choose delegates to form a constitutional convention for said Territory for the purpose of framing a constitution for the proposed State of Arizona. Said convention shall consist of fifty-two delegates; and the governor, chief justice, and secretary of said Territory shall apportion the delegates to be thus selected, as nearly as may be, equitably among the several counties thereof in accordance with the voting population as shown by the vote cast at the election for Delegate in Congress in said Territory in nineteen hundred and eight.

A qualified elector within the meaning of this section shall be any male citizen of the United States of the age of twenty-one years who shall have resided in the Territory at least twelve months next preceding the date fixed for the election of delegates to the constitutional convention, as herein provided for, and who shall possess in other respects the qualifications of an elector as provided by title twenty, Revised Statutes of Arizona, August second, nineteen hundred and one. Within ten days after the issuance of the governor's proclamation ordering the election of delegates to the constitutional convention, as herein provided, the board of supervisors of each county of the Territory shall meet and authorize and require a reregistration of the qualified electors of said county: Provided, however, That there need not be a reregistration of the qualified electors whose names appear on the great register of said county for the year nineteen hundred and eight, but all such names, together with such as may be registered under the provisions of this section, shall constitute the great register of said county and be used at each of the elections herein provided for; and so far as the same is consistent with the provisions of this Act, such registration, as also the making up, printing, distribution, and use of such great register, shall in all respects conform to and be governed by the provisions of chapter three of said title twenty, Revised Statutes of Arizona, nineteen hundred and one. And the provisions of this section shall apply to all voters at all elections for the election of dele-
gates to the constitutional convention and for the ratification of the constitution, for state officers, members of the state legislature, Representatives in Congress, and all other officers named in said constitution or in any manner herein provided for or mentioned.

The governor of said Territory shall, within thirty days after the approval of this Act, by proclamation, in which the aforesaid apportionment of delegates to the convention shall be fully specified and announced, order an election of the delegates aforesaid on a day, designated by him in said proclamation, not earlier than sixty nor later than ninety days after the approval of this Act. Such election for delegates shall be held and conducted, the returns made, and the certificates of persons elected to such convention issued, as nearly as may be, in the same manner as is prescribed by the laws of said Territory regulating elections therein of members of the legislature existing at the time of the last election of said members of the legislature; and the provisions of said laws in all respects, including the qualifications of electors and registration, are hereby made applicable to the election herein provided for; and said convention when so called to order and organized shall be the sole judge of the election and qualifications of its own members. Qualifications to entitle persons to vote on the ratification or rejection of the constitution formed by said convention when said constitution shall be submitted to the people of said Territory hereunder shall be the same as the qualifications to entitle persons to vote for delegates to said convention.

Sec. 20. That the delegates to the convention thus elected shall meet in the hall of the house of representatives in the capital of the Territory of Arizona at twelve o'clock noon on the fourth Monday after their election, and they shall receive compensation for the period they actually are in session, but not for more than sixty days in all; after organization they shall declare on behalf of the people of said proposed State that they adopt the Constitution of the United States, whereupon the said convention shall be, and is hereby, authorized to form a constitution and provide for a state government for said proposed State, all in the manner and under the conditions contained in this Act. The constitution shall be republican in form and make no distinction in civil or political rights on account of race or color, and shall not be repugnant to the Constitution of the United States and the principles of the Declaration of Independence.

And said convention shall provide, by an ordinance irrevocable without the consent of the United States and the people of said State—

First. That perfect toleration of religious sentiment shall be secured, and that no inhabitant of said State shall ever be molested in person or property on account of his or her mode of religious worship; and that polygamous or plural marriages, or polygamous cohabitation, and the sale, barter, or giving of intoxicating liquors to Indians, and the introduction of liquors into Indian country are forever prohibited.

Second. That the people inhabiting said proposed State do agree and declare that they forever disclaim all right and title to the unappropriated and ungranted public lands lying within the boundaries thereof and to all lands lying within said boundaries owned or held by any Indian or Indian tribes, the right or title to which shall have been acquired through or from the United States or any prior sovereignty, and that until the title of such Indian or Indian tribes shall have been extinguished the same shall be and remain subject to the disposition and under the absolute jurisdiction and control of the Congress of the United States; that the lands and other property belonging to citizens of the United States residing without the said
State shall never be taxed at a higher rate than the lands and other
property belonging to residents thereof; that no taxes shall be imposed
by the State upon lands or property therein belonging to or which
may hereafter be acquired by the United States or reserved for its
use; but nothing herein, or in the ordinance herein provided for,
shall preclude the said State from taxing as other lands and other
property are taxed any lands and other property outside of an Indian
reservation owned or held by any Indian, save and except such lands
as have been granted or acquired as aforesaid or as may be granted
or confirmed to any Indian or Indians under any Act of Congress,
but said ordinance shall provide that all such lands shall be exempt
from taxation by said State so long and to such extent as Congress
has prescribed or may hereafter prescribe.

Third. That the debts and liabilities of said Territory of Arizona,
and the debts of the counties thereof, which shall be valid and sub-
sisting at the time of the passage of this Act, shall be assumed and
paid by said proposed State, and that said State shall, as to all such
debts and liabilities, be subrogated to all the rights, including rights
of indemnity and reimbursement, existing in favor of said Territory
or of any of the several counties thereof at the time of the passage
of this Act: Provided, That nothing in this Act shall be construed as
validating or in any manner legalizing any territorial, county, munic-
IP, or other bonds, obligations, or evidences of indebtedness of said
Territory or the counties or municipalities thereof which now are or
may be invalid or illegal at the time said proposed State is admitted,
nor shall the legislature of said proposed State pass any law in any
manner validating or legalizing the same.

Fourth. That provisions shall be made for the establishment and
maintenance of a system of public schools which shall be open to all
the children of said State and free from sectarian control; and that
said schools shall always be conducted in English.

Fifth. That said State shall never enact any law restricting or
abridging the right of suffrage on account of race, color, or previous
condition of servitude, and that ability to read, write, speak, and
understand the English language sufficiently well to conduct the
duties of the office without the aid of an interpreter shall be a necessary
qualification for all state officers and members of the state legislature.

Sixth. That the capital of said State shall, until changed by the
electors voting at an election provided for by the legislature of said
State for that purpose, be at the city of Phoenix, but no election shall
be called or provided for prior to the thirty-first day of December,
nineteen hundred and twenty-five.

Seventh. That there be and are reserved to the United States, with
full acquiescence of the State, all rights and powers for the carrying out
of the provisions by the United States of the Act of Congress entitled
"An Act appropriating the receipts from the sale and disposal of pub-
lic lands in certain States and Territories to the construction of irriga-
tion works for the reclamation of arid lands," approved June seven-
teenth, nineteen hundred and two, and Acts amendatory thereof or
supplementary thereto, to the same extent as if said State had
remained a Territory.

Eighth. That whenever hereafter any of the lands contained within
Indian reservations or allotments in said proposed State shall be
allotted, sold, reserved, or otherwise disposed of, they shall be subject,
for a period of twenty-five years after such allotment, sale, reservation,
or other disposal, to all the laws of the United States prohibiting
the introduction of liquor into the Indian country.

Ninth. That the State and its people consent to all and singular the
provisions of this Act concerning the lands hereby granted or con-
firmed to the State, the terms and conditions upon which said grants
and confirmations are made, and the means and manner of enforcing such terms and conditions, all in every respect and particular as in this Act provided.

All of which ordinance described in this section shall, by proper reference, be made a part of any constitution that shall be formed hereunder, in such terms as shall positively preclude the making by any future constitutional amendment of any change or abrogation of the said ordinance in whole or in part without the consent of Congress.

SEC. 21. That when said constitution shall be formed, as aforesaid, the convention forming the same shall provide for the submission of said constitution to the people of Arizona for ratification at an election which shall be held on a day named by said convention not earlier than sixty nor later than ninety days after said convention adjourns, at which election the qualified voters of Arizona shall vote directly for or against said constitution and for or against any provisions thereof separately submitted. The returns of said election shall be made by the election officers direct to the secretary of the Territory of Arizona, who, with the governor and chief justice of said Territory, shall constitute a canvassing board, and they, or any two of them, shall meet at said city of Phoenix on the third Monday after said election and shall canvass the same. If a majority of the legal votes cast at said election shall reject the constitution, the said canvassing board shall forthwith certify said result to the governor of said Territory, together with the statement of the votes cast upon the question of the ratification or rejection of said constitution and also a statement of the votes cast for or against such provisions thereof as were separately submitted to the voters at said election; whereupon the governor of said Territory shall, by proclamation, order the constitutional convention to reassemble at a date not later than twenty days after the receipt by said governor of the documents showing the rejection of the constitution by the people, and thereafter a new constitution shall be framed and the same proceedings shall be taken in regard thereto in like manner as if said constitution were being originally prepared for submission and submitted to the people.

SEC. 22. That when said constitution and such provisions thereof as have been separately submitted shall have been duly ratified by the people of Arizona, as aforesaid, a certified copy of the same shall be submitted to the President of the United States and to Congress for approval, together with the statement of the votes cast thereon and upon any provisions thereof which were separately submitted to and voted upon by the people. And if Congress and the President approve said constitution and the said separate provisions thereof, if any, or if the President approves the same and Congress fails to disapprove the same during the next regular session thereof, then and in that event the President shall certify said facts to the governor of Arizona, who shall, within thirty days after the receipt of said notification from the President of the United States, issue his proclamation for the election of the state and county officers, the members of the state legislature, and Representative in Congress, and all other officers provided for in said constitution, all as hereinafter provided; said election to take place not earlier than sixty days nor later than ninety days after said proclamation by the governor of Arizona ordering the same.

SEC. 23. That said constitutional convention shall, by ordinance, provide that in case of the ratification of said constitution by the people, and in case the President of the United States and Congress approve the same, or in case the President approves the same and Congress fails to act in its next regular session, all as hereinbefore provided, an election shall be held at the time named in the proclama-
tion of the governor of Arizona, provided for in the preceding section, at which election of officers for a full state government, including a governor, members of the legislature, one Representative in Congress, and such other officers as such constitutional convention shall prescribe, shall be chosen by the people. Such election shall be held, the returns thereof made, canvassed, and certified to by the secretary of said Territory, in the same manner as in this Act prescribed for the making of the returns, the canvassing and certification of the same of the election for the ratification or rejection of said constitution, as hereinafter provided, and the qualifications of voters at said election for all state officers, members of the legislature, county officers, and Representative in Congress, and other officers prescribed by said constitution shall be made the same as the qualifications of voters at the election for the ratification or rejection of said constitution, as hereinafter provided. When said election of state and county officers, members of the legislature, and Representative in Congress, and other officers above provided for shall be held and the returns thereof made, canvassed, and certified, as hereinafter provided, the governor of the Territory of Arizona shall certify the result of said election as canvassed and certified, as herein provided, to the President of the United States, who thereupon shall immediately issue his proclamation announcing the result of said election so ascertained, and upon the issuance of said proclamation by the President of the United States the proposed State of Arizona shall be deemed admitted by Congress into the Union by virtue of this Act on an equal footing with the other States. Until the issuance of said proclamation by the President of the United States, and until the said State is so admitted into the Union and said officers are elected and qualified under the provisions of the constitution, the county and territorial officers of said Territory, including the Delegate in Congress thereof elected in the general election in nineteen hundred and eight, shall continue to discharge the duties of their respective offices in and for said Territory: Provided, That no session of the territorial legislative assembly shall be held in nineteen hundred and eleven.

Sec. 24. That in addition to sections sixteen and thirty-six, herefore reserved for the Territory of Arizona, sections two and thirty-two in every township in said proposed State not otherwise appropriated at the date of the passage of this Act are hereby granted to the said State for the support of common schools; and where sections two, sixteen, thirty-two, and thirty-six, or any parts thereof, are mineral, or have been sold, reserved, or otherwise appropriated or reserved by or under the authority of any Act of Congress, or are wanting or fractional in quantity, or where settlement thereon with a view to preemption or homestead, or improvement thereof with a view to desert-land entry has been made heretofore or hereafter, and before the survey thereof in the field, the provisions of sections twenty-two hundred and seventy-five and twenty-two hundred and seventy-six of the Revised Statutes, and Acts amendatory thereof or supplementary thereto, are hereby made applicable thereto and to the selection of lands in lieu thereof to the same extent as if sections two and thirty-two, as well as sections sixteen and thirty-six, were mentioned therein: Provided, however, That the area of such indemnity selections on account of any fractional township shall not in any event exceed an area which, when added to the area of the above-named sections returned by the survey as in place, will equal four sections for fractional townships containing seventeen thousand two hundred and eighty acres or more, three sections for such townships containing eleven thousand five hundred and twenty acres or more,
two sections for such townships containing five thousand seven hundred and sixty acres or more, nor one section for such townships containing six hundred and forty acres or more: And provided further, that the grants of sections two, sixteen, thirty-two, and thirty-six to said State, within national forests now existing or proclaimed, shall not vest the title to said sections in said State until the part of said national forests embracing any of said sections is restored to the public domain; but said granted sections shall be administered as a part of said forests, and at the close of each fiscal year there shall be paid by the Secretary of the Treasury to the State, as income for its common-school fund, such proportion of the gross proceeds of all the national forests within said State as the area of lands hereby granted to said State for school purposes which are situated within said forest reserves, whether surveyed or unsurveyed, and for which no indemnity has been selected, may bear to the total area of said sections when unsurveyed to be determined by the Secretary of the Interior, by protraction or otherwise, the amount necessary for such payments being appropriated and made available annually from any money in the Treasury not otherwise appropriated.

Sec. 25. That in lieu of the grant of land for purposes of internal improvements made to new States by the eighth section of the Act of September fourth, eighteen hundred and forty-one, and in lieu of the swamp-land grant made by the Act of September twenty-eighth, eighteen hundred and fifty, and section twenty-four hundred and seventy-nine of the Revised Statutes, and in lieu of the grant of thirty thousand acres for each Senator and Representative in Congress, made by the Act of July second, eighteen hundred and three, which grants are hereby declared not to extend to the said State, the following grants are hereby made, to wit:

No moneys shall ever be taken from one fund for deposit in any other, or for any object other than that for which the land producing the same was granted or confirmed. The state treasurer shall keep all such moneys invested in safe, interest-bearing securities, which securities shall be approved by the governor and secretary of state of said proposed State, and shall at all times be under a good and sufficient bond or bonds conditioned for the faithful performance of his duties in regard thereto, as defined by this Act and the laws of the State not in conflict herewith.

Supreme Court of the United States may, in like manner and with like effect, be so reviewed after final decision thereof by said circuit court of appeals. Transfers of all files and records from the said territorial supreme court to the highest appellate court of the State and to the said circuit court of appeals shall be accomplished in such manner and under such proofs and authentications as the two last-mentioned courts shall respectively by rule prescribe.

All suits and actions brought by the United States in which said Territory is named as a party defendant which shall be pending in any court of said Territory at the date of its admission hereunder shall be transferred as herein provided, and the said State shall be substituted therein and become a party defendant thereto in lieu of said Territory.

Sec. 34. That the members of the legislature elected at the election hereinbefore provided for may assemble at Phoenix, organize, and elect two Senators of the United States in the manner now prescribed by the Constitution and laws of the United States; and the governor and secretary of state of the proposed State shall certify the election of the Senators and Representative in the manner required by law, and the Senators and Representative so elected shall be entitled to be admitted to seats in Congress and to all rights and privileges of Senators and Representatives of other States in the Congress of the United States; and the officers of the state government formed in pursuance of said constitution, as provided by the constitutional convention, shall proceed to exercise all the functions of state officers; and all laws of said Territory in force at the time of its admission into the Union shall be in force in said State until changed by the legislature of said State, except as modified or changed by this Act or by the laws of the United States; and the laws of the United States shall have the same force and effect within the said State as elsewhere within the United States.

Provided, That in approving the plans, specifications, and location
for any dam, such conditions and stipulations may be imposed as
the Chief of Engineers and the Secretary of War may deem neces-

facilities for navigation.

Said provision as to recovery of expense shall not apply wherever the United States has been previously reimbursed for such removal; and the removal or any structures erected or maintained in violation of the provisions of this Act or the order or direction of the Secretary of War or the Chief of Engineers made in pursuance thereof may be enforced by injunction, mandamus, or other summary process, upon application to the circuit court in the district in which such structure may, in whole or in part, exist, and proper proceedings to this end may be instituted under the direction of the Attorney-General of the United States at the request of the Chief of Engineers or the Secretary of War; and in case of any
litigation arising from any obstruction or alleged obstruction to navigation created by the construction of any dam under this Act the cause or question arising may be tried before the circuit court of the United States in any district in which any portion of said obstruction or dam touches.

"Sec. 6. That whenever Congress shall hereafter by law authorize the construction of any dam across any of the navigable waters of the United States, and no time for the commencement and completion of such dam is named in said Act, the authority thereby granted shall cease and be null and void unless the actual construction of the dam authorized in such Act be commenced within one year and completed within three years from the date of the passage of such Act.

"Sec. 7. That the right to alter, amend, or repeal this Act is hereby expressly reserved as to any and all dams which may be constructed in accordance with the provisions of this Act, and the United States shall incur no liability for the alteration, amendment, or repeal thereof to the owner or owners or any other persons interested in any dam which shall have been constructed in accordance with its provisions.

Whenever the appropriations made by Congress for river and harbor works can be more advantageously expended by combining in one contract two or more works, such combinations shall be made; and whenever the appropriations made, or authorized to be made, for the completion of any such work shall prove insufficient therefor, the Secretary of War may, in his discretion, on the recommendation of the Chief of Engineers, apply the funds so appropriated, or authorized, to the prosecution of such work.

Sec. 3. That for examinations, surveys, and contingencies for rivers and harbors for which there may be no special appropriation, the sum of five hundred thousand dollars is hereby appropriated: Provided, That no preliminary examination, survey, project, or estimate for new works other than those designated in this or some prior Act or joint resolution shall be made: Provided further, That after the regular or formal reports made as required by law on any examination, survey, project, or work under way or proposed are submitted no supplemental or additional report or estimate shall be made unless ordered by a concurrent resolution of Congress. The Government shall not be deemed to have entered upon any project for the improvement of any waterway or harbor mentioned in this Act until funds for the commencement of the proposed work shall have been actually appropriated by law.

The Secretary of War is hereby authorized and directed to cause preliminary examinations and surveys to be made at the localities named in this section, as hereinafter set forth, and a sufficient sum to pay the cost thereof may be allotted from the amount appropriated in this section. If upon such preliminary examination the proposed improvement is not deemed advisable, no further action shall be taken thereon without the further direction of Congress: but in case the report shall be favorable to such proposed improvement, or that a survey and estimate should be made to determine the advisability of improvement, the Secretary of War is hereby authorized, in his discretion, to cause surveys to be made, and the cost and advisability to be reported to Congress. And such reports containing plans and estimates shall also contain a statement as to the rate at which the work should be prosecuted. Such examinations and surveys shall be reviewed by the Board of Engineers for Rivers and Harbors, as provided in section three of the river and harbor Act of March second, nineteen hundred and seven: Provided, That every examination and survey report submitted to Congress, as provided for herein or as may be provided for hereafter, in addition to full information regarding the present and prospective commercial importance of the project covered by the report, and the benefit to commerce likely to result from any proposed plan of improvement, shall contain also such data as it may be practicable to secure regarding (first) the establishment of terminal and transfer facilities, (second) the development and utilization of water power for industrial and commercial purposes, and (third) such other subjects as may be properly connected with such project: Provided further, That in the investigation and study of these questions consideration shall be given only to their bearing upon the improvement of navigation and to the possibility and desirability of their being coordinated in a logical and proper manner with improvements
for navigation to lessen the cost of such improvements and to compensate the Government for expenditures made in the interest of navigation: And provided further, That the investigation and study of these questions as provided herein may, upon review by the Board of Engineers for Rivers and Harbors when called for as now provided by law, be extended to any work of improvement now under way and to any locality the examination and survey of which has heretofore been, or may hereafter be, authorized by Congress.

The surveys of navigable streams herein or hereafter authorized shall include such stream-flow measurements and other investigations of the watersheds as may be necessary for preparation of plans of improvement and a proper consideration of all uses of the stream affecting navigation, and whenever necessary similar investigations may be made in connection with all navigable streams under improvement. Whenever permission for the construction of dams in navigable streams is granted, or is under consideration by Congress, such surveys and investigations of the sections of the streams affected may be made as are necessary to secure conformity with rational plans for the improvement of the streams for navigation.

All reports of preliminary examinations and surveys which may be prepared during the recess of Congress shall, in the discretion of the Secretary of War, be printed by the Public Printer as documents of the following session of Congress.

CHAP. 386.—An Act To establish postal savings depositorys for depositing savings at interest with the security of the Government for repayment thereof, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be, and is hereby, created a board of trustees for the control, supervision, and administration of the postal savings depository offices designated and established under the provisions of this Act, and of the funds received as deposits at such postal savings depository offices by virtue thereof. Said board shall consist of the Postmaster-General, the Secretary of
the Treasury, and the Attorney-General, severally, acting ex officio, and shall have power to make all necessary and proper regulations for the receipt, transmittal, custody, deposit, investment, and repayment of the funds deposited at postal savings depository offices.

The board of trustees shall submit a report to Congress at the beginning of each regular session showing by States and Territories (for the preceding fiscal year) the number and names of post-offices receiving deposits, the aggregate amount of deposits made therein, the aggregate amount of withdrawals therefrom, the number of depositors in each, the total amount standing to the credit of all depositors at the conclusion of the year, the amount of such deposits at interest, the amount of interest received thereon, the amount of interest paid thereon, the amount of deposits surrendered by depositors for bonds issued by authority of this Act, and the number and amount of unclaimed deposits. Also the amount invested in government securities by the trustees, the amount of extra expense of the Post-Office Department and the postal service incident to the operation of the postal savings depository system, the amount of work done for the savings depository system by the Post-Office Department and postal service in the transportation of free mail; and all other facts which it may deem pertinent and proper to present.

SEC. 2. That the Postmaster-General is hereby directed to prepare and issue special stamps of the necessary denominations for use, in lieu of penalty or franked envelopes, in the transmittal of free mail resulting from the administration of this Act.

SEC. 3. That said board of trustees is hereby authorized and empowered to designate such post-offices as it may select to be postal savings depository offices, and each and every post-office so designated by order of said board is hereby declared to be a postal savings depository office within the meaning of this Act and to be authorized and required to receive deposits of funds from the public and to account for and dispose of the same, according to the provisions of this Act and the regulations made in pursuance thereof. Each postal savings depository office shall be kept open for the transaction of business during such hours as the Postmaster-General, with the approval of the board of trustees, shall direct.

SEC. 4. That accounts may be opened and deposits made in any postal savings depository established under this Act by any person of the age of ten years or over, in his or her own name, and by a married woman in her own name and free from any control or interference by her husband; but no person shall at the same time have more than one postal savings account in his or her own right.

SEC. 5. That the postmaster at a postal savings depository office shall, upon the making of an application to open an account under this Act and the submission of an initial deposit, deliver to the depositor a pass book free of cost, upon which shall be written the name and signature or mark of the depositor and such other memoranda as may be necessary for purposes of identification, in which pass book entries of all deposits and withdrawals shall be made in both figures and writing: Provided, That the Postmaster-General may, with the approval of the board of trustees, adopt some other device or devices in lieu of a pass book as a means of making and preserving evidence of deposits and withdrawals.

SEC. 6. That at least one dollar, or a larger amount in multiples thereof, must be deposited before an account is opened with the person depositing the same, and one dollar, or multiples thereof, may be deposited after such account has been opened, but no one shall be permitted to deposit more than one hundred dollars in any one calendar month: Provided, That in order that smaller amounts may be accumulated for deposit any person may purchase for ten cents from any depository office a postal savings card to which may be attached...
specially prepared adhesive stamps, to be known as "postal savings stamps," and when the stamps so attached amount to one dollar, or a larger sum in multiples thereof, including the ten-cent postal savings card, the same may be presented as a deposit for opening an account, and additions may be made to any account by means of such card and stamps in amounts of one dollar, or multiples thereof, and when a card and stamps thereto attached are accepted as a deposit the postmaster shall immediately cancel the same. It is hereby made the duty of the Postmaster-General to prepare such postal savings cards and postal savings stamps of denominations of ten cents, and to keep them on sale at every postal savings depository office, and to prescribe all necessary rules and regulations for the issue, sale, and cancellation thereof.

Interest on deposits.

Sec. 7. That interest at the rate of two per centum per annum shall be allowed and entered to the credit of each depositor once in each year, the same to be computed on such basis and under such rules and regulations as the board of trustees may prescribe; but interest shall not be computed or allowed on fractions of a dollar: Provided, That the balance to the credit of any one person shall never be allowed to exceed five hundred dollars, exclusive of accumulated interest.

Withdrawals.

Sec. 8. That any depositor may withdraw the whole or any part of the funds deposited to his or her credit, with the accrued interest, upon demand and under such regulations as the board of trustees may prescribe. Withdrawals shall be paid from the deposits in the State or Territory, so far as the postal funds on deposit in such State or Territory may be sufficient for the purpose, and, so far as practicable, from the deposits in the community in which the deposit was made. No bank in which postal savings funds shall be deposited shall receive any exchange or other fees or compensation on account of the cashing or collection of any checks or the performance of any other service in connection with the postal savings depository system.

Funds to be deposited in solvent banks.

Sec. 9. That postal savings funds received under the provisions of this Act shall be deposited in solvent banks, whether organized under national or state laws, being subject to national or state supervision and examination, and the sums deposited shall bear interest at the rate of not less than two and one-fourth per centum per annum, which rate shall be uniform throughout the United States and Territories thereof; but five per centum of such funds shall be withdrawn by the board of trustees and kept with the Treasurer of the United States, who shall be treasurer of the board of trustees, in lawful money as a reserve. The board of trustees shall take from such banks such security in public bonds or other securities, supported by the taxing power, as the board may prescribe, approve, and deem sufficient and necessary to insure the safety and prompt payment of such deposits on demand. The funds received at the postal savings depository offices in each city, town, village, and other locality shall be deposited in banks located therein (substantially in proportion to the capital and surplus of each such bank) willing to receive such deposits under the terms of this Act and the regulations made by authority thereof, but the amount deposited in any one bank shall at no time exceed the amount of the paid-in capital and one-half the surplus of such bank. If no such bank exist in any city, town, village, or locality, or if none where such deposits are made will receive such deposits on the terms prescribed, then such funds shall be deposited under the terms of this Act in the bank most convenient to such locality. If no such bank in any State or Territory is willing to receive such deposits on the terms prescribed, then the same shall be deposited with the treasurer of the board of trustees, and shall be counted in making up the reserve of five per centum. Such funds may be withdrawn from the treasurer of said board of trustees and all other postal
savings funds, or any part of such funds, may be at any time withdrawn from banks and savings depository offices for the repayment of postal savings depositors when required for that purpose. Not exceeding thirty per centum of the amount of such funds may at any time be withdrawn by the trustees for investment in bonds or other securities of the United States, it being the intent of this Act that the residue of such funds, amounting to sixty-five per centum thereof, shall remain on deposit in the banks in each State and Territory willing to receive the same under the terms of this Act, and shall be a working balance and also a fund which may be withdrawn for investment in bonds or other securities of the United States, but only by direction of the President, and only when, in his judgment, the general welfare and the interests of the United States so require. Interest and profit accruing from the deposits or investment of postal savings funds shall be applied to the payment of interest due to postal savings depositors as hereinbefore provided, and the excess thereof, if any, shall be covered into the Treasury of the United States as a part of the postal revenue: Provided, That postal savings funds in the treasury of said board shall be subject to disposition as provided in this Act, and not otherwise: And provided further, That the board of trustees may at any time dispose of bonds held as postal savings investments and use the proceeds to meet withdrawals of deposits by depositors. For the purposes of this Act the word "Territory," as used herein, shall be held to include the District of Columbia, the District of Alaska, and Porto Rico, and the word "bank" shall be held to include savings banks and trust companies doing a banking business.

The defendant or defendants, or any one or more of them, may deposit cash in lieu of the gold or gold dust on the dump, which shall remain in the custody of the law until the final judgment, and shall then be applied in payment of the judgment or judgments rendered on each lien claims, and costs, and interest.

SEC. 11. (Twenty-seventh Statutes, page two hundred and seventy.)

Approved, February 16, 1911.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the provisions of this Act shall apply to any common carrier or carriers, their officers, agents, and employees, engaged in the transportation of passengers or property by railroad in the District of Columbia, or in any Territory of the United States, or from one State or Territory of the United States or the District of Columbia to any other State or Territory of the United States or the District of Columbia, or from any place in the United States to an adjacent foreign country, or from any place in the United States through a foreign country to any other place in the United States. The term “railroad” as used in this Act shall include all the roads in use by any common carrier operating a railroad, whether owned or operated under a contract, agreement, or lease, and the term “employees” as used in this Act shall be held to mean persons actually engaged in or connected with the movement of any train.

Sec. 2. That from and after the first day of July, nineteen hundred and eleven, it shall be unlawful for any common carrier, its officers or agents, subject to this Act to use any locomotive engine propelled by
steam power in moving interstate or foreign traffic unless the boiler of said locomotive and appurtenances thereof are in proper condition and safe to operate in the service to which the same is put, that the same may be employed in the active service of such carrier in moving traffic without unnecessary peril to life or limb, and all boilers shall be inspected from time to time in accordance with the provisions of this Act, and be able to withstand such test or tests as may be prescribed in the rules and regulations hereinafter provided for.

SEC. 3. That there shall be appointed by the President, by and with the advice and consent of the Senate, a chief inspector and two assistant chief inspectors of locomotive boilers, who shall have general superintendence of the inspectors hereinafter provided for, direct them in the duties hereby imposed upon them, and see that the requirements of this Act and the rules, regulations, and instructions made or given hereunder are observed by common carriers subject hereto. The said chief inspector and his two assistants shall be selected with reference to their practical knowledge of the construction and repairing of boilers, and to their fitness and ability to systematize and carry into effect the provisions hereof relating to the inspection and maintenance of locomotive boilers. The chief inspector shall receive a salary of four thousand dollars per year and the assistant chief inspectors shall each receive a salary of three thousand dollars per year; and each of the three shall be paid his traveling expenses incurred in the performance of his duties. The office of the chief inspector shall be in Washington, District of Columbia, and the Interstate Commerce Commission shall provide such stenographic and clerical help as the business of the offices of the chief inspector and his said assistants may require.

SEC. 4. That immediately after his appointment and qualification the chief inspector shall divide the territory comprising the several States, the Territories of New Mexico and Arizona, and the District of Columbia into fifty locomotive boiler-inspection districts, so arranged that the service of the inspector appointed for each district shall be most effective, and so that the work required of each inspector shall be substantially the same. Thereupon there shall be appointed by the Interstate Commerce Commission fifty inspectors of locomotive boilers. Said inspectors shall be in the classified service and shall be appointed after competitive examination according to the law and the rules of the Civil Service Commission governing the classified service. The chief inspector shall assign one inspector so appointed to each of the districts hereinbefore named. Each inspector shall receive a salary of one thousand eight hundred dollars per year and his traveling expenses while engaged in the performance of his duty. He shall receive in addition thereto an annual allowance for office rent, stationery, and clerical assistance, to be fixed by the Interstate Commerce Commission, but not to exceed in the case of any district inspector six hundred dollars per year. In order to obtain the most competent inspectors possible, it shall be the duty of the chief inspector to prepare a list of questions to be propounded to applicants with respect to construction, repair, operation, testing, and inspection of locomotive boilers, and their practical experience in such work, which list, being approved by the Interstate Commerce Commission, shall be used by the Civil Service Commission as a part of its examination. No person interested, either directly or indirectly, in any patented article required to be used on any locomotive under supervision or who is intemperate in his habits shall be eligible to hold the office of either chief inspector or assistant or district inspector.

SEC. 5. That each carrier subject to this Act shall file its rules and instructions for the inspection of locomotive boilers with the chief
inspector within three months after the approval of this Act, and after
hearing and approval by the Interstate Commerce Commission, such
rules and instructions, with such modifications as the commission
requires, shall become obligatory upon such carrier: Provided, however,
That if any carrier subject to this Act shall fail to file its rules and
instructions the chief inspector shall prepare rules and instructions
not inconsistent herewith for the inspection of locomotive boilers, to
be observed by such carrier; which rules and instructions, being
approved by the Interstate Commerce Commission, and a copy
thereof being served upon the president, general manager, or general
superintendent of such carrier, shall be obligatory, and a violation
thereof punished as hereinafter provided: Provided also, That such
common carrier may from time to time change the rules and regula-
tions herein provided for, but such change shall not take effect and
the new rules and regulations be in force until the same shall have
been filed with and approved by the Interstate Commerce Commission.
The chief inspector shall also make all needful rules, regulations, and
instructions not inconsistent herewith for the conduct of his office
and for the government of the district inspectors: Provided, however,
That all such rules and instructions shall be approved by the Inter-
state Commerce Commission before they take effect.

Sec. 6. That it shall be the duty of each inspector to become
familiar, so far as practicable, with the condition of each locomotive
boiler ordinarily housed or repaired in his district, and if any locomo-
tive is ordinarily housed or repaired in two or more districts, then the
chief inspector or an assistant shall make such division between
inspectors as will avoid the necessity for duplication of work. Each
inspector shall make such personal inspection of the locomotive
boilers under his care from time to time as may be necessary to fully
carry out the provisions of this Act, and as may be consistent with
his other duties, but he shall not be required to make such inspections
at stated times or at regular intervals. His first duty shall be to see
that the carriers make inspections in accordance with the rules and
regulations established or approved by the Interstate Commerce
Commission, and that carriers repair the defects which such inspec-
tions disclose before the boiler or boilers or appurtenances pertaining
thereo are again put in service. To this end each carrier subject to
this Act shall file with the inspector in charge, under the oath of the
proper officer or employee, a duplicate of the report of each inspection
required by such rules and regulations, and shall also file with such
inspector, under the oath of the proper officer or employee, a report
showing the repair of the defects disclosed by the inspection. The
rules and regulations hereinbefore provided for shall prescribe the
time at which such reports shall be made. Whenever any district
inspector shall, in the performance of his duty, find any locomotive
boiler or apparatus pertaining thereto not conforming to the require-
ments of the law or the rules and regulations established and approved
as hereinbefore stated, he shall notify the carrier in writing that the
locomotive is not in serviceable condition, and thereafter such boiler
shall not be used until in serviceable condition: Provided, That a car-
rrier, when notified by an inspector in writing that a locomotive boiler
is not in serviceable condition, because of defects set out and de-
scribed in said notice, may within five days after receiving said notice,
appeal to the chief inspector by telegraph or by letter to have said
boiler reexamined, and upon receipt of the appeal from the inspector's
decision, the chief inspector shall assign one of the assistant chief
inspectors or any district inspector other than the one from whose
decision the appeal is taken to reexamine and inspect said boiler
within fifteen days from date of notice. If upon such reexamination
the boiler is found in serviceable condition, the chief inspector shall
immediately notify the carrier in writing, whereupon such boiler may
be put into service without further delay; but if the reexamination of said boiler sustains the decision of the district inspector, the chief inspector shall at once notify the carrier owning or operating such locomotive that the appeal from the decision of the inspector is dismissed, and upon the receipt of such notice the carrier may, within thirty days, appeal to the Interstate Commerce Commission, and upon such appeal, and after hearing, said Commission shall have power to revise, modify, or set aside such action of the chief inspector and declare that said locomotive is in serviceable condition and authorize the same to be operated: Provided further, That pending either appeal the requirements of the inspector shall be effective.

Sec. 7. That the chief inspector shall make an annual report to the Interstate Commerce Commission of the work done during the year, and shall make such recommendations for the betterment of the service as he may desire.

Sec. 8. That in the case of accident resulting from failure from any cause of a locomotive boiler or its appurtenances, resulting in serious injury or death to one or more persons, a statement forthwith must be made in writing of the fact of such accident, by the carrier owning or operating said locomotive, to the chief inspector. Whereupon the facts concerning such accident shall be investigated by the chief inspector or one of his assistants, or such inspector as the chief inspector may designate for that purpose. And where the locomotive is disabled to the extent that it can not be run by its own steam, the part or parts affected by the said accident shall be preserved by said carrier intact, so far as possible, without hindrance or interference to traffic until after said inspection. The chief inspector or an assistant or the designated inspector making the investigation shall examine or cause to be examined thoroughly the boiler or part affected, making full and detailed report of the cause of the accident to the chief inspector.

The Interstate Commerce Commission may at any time call upon the chief inspector for a report of any accident embraced in this section, and upon the receipt of said report, if it deems it to the public interest, make reports of such investigations, stating the cause of accident, together with such recommendations as it deems proper. Such reports shall be made public in such manner as the commission deems proper. Neither said report nor any report of said investigation nor any part thereof shall be admitted as evidence or used for any purpose in any suit or action for damages growing out of any matter mentioned in said report or investigation.

Sec. 9. That any common carrier violating this Act or any rule or regulation made under its provisions or any lawful order of any inspector shall be liable to a penalty of one hundred dollars for each and every such violation, to be recovered in a suit or suits to be brought by the United States attorney in the district court of the United States having jurisdiction in the locality where such violation shall have been committed; and it shall be the duty of such attorneys, subject to the direction of the Attorney-General, to bring such suits upon duly verified information being lodged with them, respectively, of such violations having occurred; and it shall be the duty of the chief inspector of locomotive boilers to give information to the proper United States attorney of all violations of this Act coming to his knowledge.

Sec. 10. That the total amounts directly appropriated to carry out the provisions of this Act shall not exceed for any one fiscal year the sum of three hundred thousand dollars.

Approved, February 17, 1911.

The contracting party shall begin the said work within one year from the approval of this Act, and shall complete the same within three years from the date of commencing construction; otherwise the authorization hereby conferred shall be void and the rights hereby conferred shall cease and be determined, the Government reserving the right to commence and finish the work, if deemed advisable, at any time before it is commenced by the contracting party; or, if begun and not carried out in strict conformity to the directions of the Secretary of War, the Government may assume the completion of said work at its option, the cost of such completion to be paid by the contracting party: Provided, That the Secretary of War shall determine from time to time whether the work is being properly done. the river at all times, nor in any way to interfere with the use and control of the same by the United States or the maintenance of the water surface above the dam at the established pool level; and the Secretary of War is hereby authorized to prescribe regulations to govern the use of the said water power and the operations of the plant and force employed in connection therewith; and no claim shall be made against the United States for any failure of water power, resulting from any cause whatsoever: Provided further, That the contracting party shall furnish to the United States, free of cost, such electric current as may be necessary for operating the Government lock and lighting its buildings and grounds: And provided further, That the contracting party may have ingress and egress over Government lands in the construction and operation of the plant.

In consideration of making said improvements, the said contracting party shall have the right to raise said dam during low water to such a height as may be necessary to give it a storage basin above the dam, in order that it may develop and operate a water power: Provided, That the said storage does not interfere with navigation: Provided further, That the said contracting party shall pay all damages incurred by reason of overflowed lands. Beginning with the year nineteen hundred and twenty-five, the contracting party shall pay to the United States for the power due to the natural flowage of the river the sum of one dollar per ten-hour horsepower per year: Provided, That in case the natural flowage of the river is increased at this point by storage reservoirs above this point, the power company shall have the right to lease, for a period not exceeding the life of this authorization, the increased power due to said storage, and shall pay on all power above that due.

TITLE.

THE JUDICIARY.

CHAPTER ONE.

DISTRICT COURTS—ORGANIZATION.

SEC. 1. In each of the districts described in chapter five, there shall be a court called a district court, for which there shall be appointed one judge, to be called a district judge; except that in the northern district of California, the northern district of Illinois, the district of Maryland, the district of Minnesota, the district of Nebraska, the district of New Jersey, the eastern district of New York, the northern and southern districts of Ohio, the district of Oregon, the eastern and western districts of Pennsylvania, and the western district of Washington, there shall be an additional district judge in each, and in the southern district of New York, three additional district judges: Provided, That whenever a vacancy shall occur in the office of the district judge for the district of Maryland, senior in commission, such vacancy shall not be filled, and thereafter there shall be but one district judge in said district: Provided further, That there shall be one judge for the eastern and western districts of South Carolina, one judge for the eastern and middle districts of Tennessee, and one judge for the northern and southern districts of Mississippi: Provided further, That the district judge for the middle district of Alabama shall continue as heretofore to be a district judge for the northern district thereof. Every district judge shall reside in the district or one of the districts for which he is appointed, and for offending against this provision shall be deemed guilty of a high misdemeanor.

SEC. 2. Each of the district judges shall receive a salary of six thousand dollars a year, to be paid in monthly installments.

SEC. 3. A clerk shall be appointed for each district court by the judge thereof, except in cases otherwise provided for by law.

SEC. 4. Except as otherwise specially provided by law, the clerk of the district court for each district may, with the approval of the district judge thereof, appoint such number of deputy clerks as may be
deemed necessary by such judge, who may be designated to reside and maintain offices at such places of holding court as the judge may determine. Such deputies may be removed at the pleasure of the clerk appointing them, with the concurrence of the district judge.

In case of the death of the clerk, his deputy or deputies shall, unless removed, continue in office and perform the duties of the clerk, in his name, until a clerk is appointed and qualified; and for the default or misfeasances in office of any such deputy, whether in the lifetime of the clerk or after his death, the clerk and his estate and the sureties on his official bond shall be liable; and his executor or administrator shall have such remedy for any such default or misfeasances committed after his death as the clerk would be entitled to if the same had occurred in his lifetime.

Sec. 5. The district court for each district may appoint a crier for the court; and the marshal may appoint such number of persons, not exceeding five, as the judge may determine, to wait upon the grand and other juries, and for other necessary purposes.

Sec. 6. The records of a district court shall be kept at the place where the court is held. When it is held at more than one place in any district and the place of keeping the records is not specially provided by law, they shall be kept at either of the places of holding the court which may be designated by the district judge.

Sec. 7. No action, suit, proceeding, or process in any district court shall abate or be rendered invalid by reason of any act changing the time of holding such court, but the same shall be deemed to be returnable to, pending, and triable in the terms established next after the return day thereof.

Sec. 8. When the trial or hearing of any cause, civil or criminal, in a district court has been commenced and is in progress before a jury or the court, it shall not be stayed or discontinued by the arrival of the time fixed by law for another session of said court; but the court may proceed therein and bring it to a conclusion in the same manner and with the same effect as if another stated term of the court had not intervened.

Sec. 9. The district courts, as courts of admiralty and as courts of equity, shall be deemed always open for the purpose of filing any pleading, of issuing and returning mesne and final process, and of making and directing all interlocutory motions, orders, rules, and other proceedings preparatory to the hearing, upon their merits, of all causes pending therein. Any district judge may, upon reasonable notice to the parties, make, direct, and award, at chambers or in the clerk's office, and in vacation as well as in term, all such process, commissions, orders, rules, and other proceedings, whenever the same are not grantable of course, according to the rules and practice of the court.

Sec. 10. District courts shall hold monthly adjournments of their regular terms, for the trial of criminal causes, when their business requires it to be done, in order to prevent undue expenses and delays in such cases.

Sec. 11. A special term of any district court may be held at the same place where any regular term is held, or at such other place in the district as the nature of the business may require, and at such time and upon such notice as may be ordered by the district judge. Any business may be transacted at such special term which might be transacted at a regular term.

Sec. 12. If the judge of any district court is unable to attend at the commencement of any regular, adjourned, or special term, or any time during such term, the court may be adjourned by the marshal, or clerk, by virtue of a written order directed to him by the judge, to the next regular term, or to any earlier day, as the order may direct.
Sec. 13. When any district judge is prevented, by any disability, from holding any stated or appointed term of his district court, and that fact is made to appear by the certificate of the clerk, under the seal of the court, to any circuit judge of the circuit in which the district lies, or, in the absence of all the circuit judges, to the circuit justice of the circuit in which the district lies, any such circuit judge or justice may, if in his judgment the public interests so require, designate and appoint the judge of any other district in the same circuit to hold said court, and to discharge all the judicial duties of the judge so disabled, during such disability. Whenever it shall be certified by any such circuit judge or, in his absence, by the circuit justice of the circuit in which the district lies, that for any sufficient reason it is impracticable to designate and appoint a judge of another district within the circuit to perform the duties of such disabled judge, the chief justice may, if in his judgment the public interests so require, designate and appoint the judge of any district in another circuit to hold said court and to discharge all the judicial duties of the judge so disabled, during such disability. Such appointment shall be filed in the clerk's office, and entered on the minutes of the said district court, and a certified copy thereof, under the seal of the court, shall be transmitted by the clerk to the judge so designated and appointed.

Sec. 14. When, from the accumulation or urgency of business in any district court, the public interests require the designation and appointment hereinafter provided, and the fact is made to appear by the certificate of the clerk, under the seal of the court, to any circuit judge of the circuit in which the district lies, or, in the absence of all the circuit judges, to the circuit justice of the circuit in which the district lies, such circuit judge or justice may designate and appoint the judge of any other district in the same circuit to have and exercise within the district first named the same powers that are vested in the judge thereof. Each of the said district judges may, in case of such appointment, hold separately at the same time a district court in such district, and discharge all the judicial duties of the district judge therein.

Sec. 15. If all the circuit judges and the circuit justice are absent from the circuit, or are unable to execute the provisions of either of the two preceding sections, or if the district judge so designated is disabled or neglects to hold the court and transact the business for which he is designated, the clerk of the district court shall certify the fact to the Chief Justice of the United States, who may thereupon designate and appoint in the manner aforesaid the judge of any district within such circuit or within any other circuit; and said appointment shall be transmitted to the clerk and be acted upon by him as directed in the preceding section.

Sec. 16. Any such circuit judge, or circuit justice, or the Chief Judge, as the case may be, may, from time to time, if in his judgment the public interests so require, make a new designation and appointment of any other district judge, in the manner, for the duties, and with the powers mentioned in the three preceding sections, and revoke any previous designation and appointment.

Sec. 17. It shall be the duty of the senior circuit judge then present in the circuit, whenever in his judgment the public interest so requires, to designate and appoint, in the manner and with the powers provided in section fourteen, the district judge of any judicial district within his circuit to hold a district court in the place or in aid of any other district judge within the same circuit.

Sec. 18. Whenever, in the judgment of the senior circuit judge of the circuit in which the district lies, or of the circuit justice assigned to such circuit, or of the Chief Justice, the public interest shall
require, the said judge, or associate justice, or Chief Justice, shall designate and appoint any circuit judge of the circuit to hold said district court.

SEC. 19. It shall be the duty of the district or circuit judge who is designated and appointed under either of the six preceding sections, to discharge all the judicial duties for which he is so appointed, during the time for which he is so appointed; and all the acts and proceedings in the courts held by him, or by or before him, in pursuance of said provisions, shall have the same effect and validity as if done by or before the district judge of the said district.

SEC. 20. Whenever it appears that the judge of any district court is in any way concerned in interest in any suit pending therein, or has been of counsel or is a material witness for either party, or is so related to or connected with either party as to render it improper, in his opinion, for him to sit on the trial, it shall be his duty, on application by either party, to cause the fact to be entered on the records of the court; and also an order that an authenticated copy thereof shall be forthwith certified to the senior circuit judge for said circuit then present in the circuit; and thereupon such proceedings shall be had as are provided in section fourteen.

SEC. 21. Whenever a party to any action or proceeding, civil or criminal, shall make and file an affidavit that the judge before whom the action or proceeding is to be tried or heard has a personal bias or prejudice either against him or in favor of any opposite party to the suit, such judge shall proceed no further therein, but another judge shall be designated in the manner prescribed in the section last preceding, or chosen in the manner prescribed in section twenty-three.

SEC. 22. When the office of judge of any district court becomes vacant, all process, pleadings, and proceedings pending before such court shall, if necessary, be continued by the clerk thereof until such times as a judge shall be appointed, or designated to hold such court; and the judge so designated, while holding such court, shall possess the powers conferred by, and be subject to the provisions contained in, section nineteen.

SEC. 23. In districts having more than one district judge, the judges may agree upon the division of business and assignment of cases for trial in said district; but in case they do not so agree, the senior circuit judge of the circuit in which the district lies, shall make all necessary orders for the division of business and the assignment of cases for trial in said district.

Sec. 29. Procedure for removal.

Sec. 30. Suits under grants of land from different States.

Sec. 31. Removal of causes against persons denied any civil rights, etc.

Sec. 32. When petitioner is in actual custody of State court.

Sec. 33. Suits and prosecutions against revenue officers, etc.

Sec. 34. Removal of suits by aliens.

Sec. 35. When copies of records are refused by clerk of State court.

Sec. 36. Previous attachment bonds, orders, etc., remain valid.

Sec. 37. Suits improperly in district court may be dismissed or remanded.

Sec. 38. Proceedings in suits removed.

Sec. 39. Time for filing record; return of record, how enforced.
State, may remove such suit into the district court of the United States for the proper district, at any time before the trial thereof, when it shall be made to appear to said district court that from prejudice or local influence he will not be able to obtain justice in such State court, or in any other State court to which the said defendant may, under the laws of the State, have the right, on account of such prejudice or local influence, to remove said cause: Provided, That if it further appear that said suit can be fully and justly determined as to the other defendants in the State court, without being affected by such prejudice or local influence, and that no party to the suit will be prejudiced by a separation of the parties, said district court may direct the suit to be remanded, so far as relates to such other defendants, to the State court, to be proceeded with therein. At any time before the trial of any suit which is now pending in any district court, or may hereafter be entered therein, and which has been removed to said court from a State court on the affidavit of any party plaintiff that he had reason to believe and did believe that, from prejudice or local influence, he was unable to obtain justice in said State court, the district court shall, on application of the other party, examine into the truth of said affidavit and the grounds thereof, and, unless it shall appear to the satisfaction of said court that said party will not be able to obtain justice in said State court, it shall cause the same to be remanded thereto. Whenever any cause shall be removed from any State court into any district court of the United States, and the district court shall decide that the cause was improperly removed, and order the same to be remanded to the State court from whence it came, such remand shall be immediately carried into execution, and no appeal or writ of error from the decision of the district court so remanding such cause shall be allowed: Provided, That no case arising under an Act entitled "An Act relating to the liability of common carriers by railroad to their employees in certain cases," approved April twenty-second, nineteen hundred and eighty, or any amendment thereto, and brought in any State court of competent jurisdiction shall be removed to any court of the United States.

Sec. 29. Whenever any party entitled to remove any suit mentioned in the last preceding section, except suits removable on the ground of prejudice or local influence, may desire to remove such suit from a State court to the district court of the United States, he may make and file a petition, duly verified, in such suit in such State court at the time, or any time before the defendant is required by the laws of the State or the rule of the State court in which such suit is brought to answer or plead to the declaration or complaint of the plaintiff, for the removal of such suit into the district court to be held in the district where such suit is pending, and shall make and file therewith a bond, with good and sufficient surety, for his or their entering in such district court, within thirty days from the date of filing said petition, a certified copy of the record in such suit, and for paying all costs that may be awarded by the said district court if such suit was wrongfully or improperly removed thereto, and also for their appearing and entering special bail in such suit if special bail was originally requisite therein. It shall then be the duty of the State court to accept said petition and bond and proceed no further in such suit. Written notice of said petition and bond for removal shall be given the adverse party or parties prior to filing the same. The said copy being entered within said thirty days as aforesaid in said district court of the United States, the parties so removing the said cause shall, within thirty days thereafter, plead, answer, or demur to the declaration or complaint in said cause, and the cause shall then proceed in the same manner as if it had been originally commenced in the said district court.
SIXTY-FIRST CONGRESS. Sess. III. Ch. 231. 1911.

Suits under grants of land from different States.

Sec. 30. If in any action commenced in a State court the title of land be concerned, and the parties are citizens of the same State and the matter in dispute exceeds the sum or value of three thousand dollars, exclusive of interest and costs, the sum or value being made to appear, one or more of the plaintiffs or defendants, before the trial, may state to the court, and make affidavit if the court require it, that he or they claim, and shall rely upon, a right or title to the land under a grant from a State, and produce the original grant, or an exemplification of it, except where the loss of public records shall put it out of his or their power, and shall move that any one or more of the adverse party inform the court whether he or they claim a right or title to the land under a grant from some other State, the party or parties so required shall give such information, or otherwise not be allowed to plead such grant or give it in evidence upon the trial. If he or they inform the court that he or they do claim under such grant, any one or more of the party moving for such information may then, on petition and bond, as hereinbefore mentioned in this chapter, remove the cause for trial to the district court of the United States next to be held in such district; and any one of either party removing the cause shall not be allowed to plead or give evidence of any other title than that by him or them stated as aforesaid as the ground of his or their claim.

Suits involving civil rights.
R. S., sec. 641, p. 115.

Sec. 31. When any civil suit or criminal prosecution is commenced in any State court, for any cause whatsoever, against any person who is denied or can not enforce in the judicial tribunals of the State, or in the part of the State where such suit or prosecution is pending, any right secured to him by any law providing for the equal civil rights of citizens of the United States, or of all persons within the jurisdiction of the United States, or against any officer, civil or military, or other person, for any arrest or imprisonment or other trespasses or wrongs made or committed by virtue of or under color of authority derived from any law providing for equal rights as aforesaid, or for refusing to do any act on the ground that it would be inconsistent with such law, such suit or prosecution may, upon the petition of such defendant, filed in said State court at any time before the trial or final hearing of the cause, stating the facts and verified by oath, be removed for trial into the next district court to be held in the district where it is pending. Upon the filing of such petition all further proceedings in the State courts shall cease, and shall not be resumed except as hereinafter provided. But all bail and other security given in such suit or prosecution shall continue in like force and effect as if the same had proceeded to final judgment and execution in the State court. It shall be the duty of the clerk of the State court to furnish such defendant, petitioning for a removal, copies of said process against him, and of all pleadings, depositions, testimony, and other proceedings in the case. If such copies are filed by said petitioner in the district court on the first day of its session the cause shall proceed therein in the same manner as if it had been brought there by original process; and if the said clerk refuses or neglects to furnish such copies, the petitioner may thereupon docket the case in the district court, and the said court shall then have jurisdiction therein, and may, upon proof of such refusal or neglect of said clerk, and upon reasonable notice to the plaintiff, require the plaintiff to file a declaration, petition, or complaint in the cause; and, in case of his default, may order a nonsuit and dismiss the case at the costs of the plaintiff, and such dismissal shall be a bar to any further suit touching the matter in controversy. But if, without such refusal or neglect of said clerk to furnish such copies and proof thereof, the petitioner for removal fails to file copies in the district court, as herein provided, a certificate, under the seal of the district court, stating such failure, shall be given,
and upon the production thereof in said State court the cause shall proceed therein as if no petition for removal had been filed.

Sec. 32. When all the acts necessary for the removal of any suit or prosecution, as provided in the preceding section, have been performed, and the defendant petitioning for such removal is in actual custody on process issued by said State court, it shall be the duty of the clerk of said district court to issue a writ of habeas corpus cum causa, and of the marshal, by virtue of said writ, to take the body of the defendant into his custody, to be dealt with in said district court according to law and the orders of said court, or, in vacation, of any judge thereof; and the marshal shall file with or deliver to the clerk of said State court a duplicate copy of said writ.

Sec. 33. When any civil suit or criminal prosecution is commenced in any court of a State against any officer appointed under or acting by authority of any revenue law of the United States now or hereafter enacted, or against any person acting under or by authority of any such officer, on account of any act done under color of his office or of any such law, or on account of any right, title, or authority claimed by such officer or other person under any such law; or is commenced against any person holding property or estate by title derived from any such officer, and affects the validity of any such revenue law; or when any suit is commenced against any person for on account of anything done by him while an officer of either House of Congress in the discharge of his official duty, in executing any order of such House, the suit or prosecution may; at any time before the trial or final hearing thereof, be removed for trial into the district court next to be held in the district where the same is pending, upon the petition of such defendant to said district court, and in the following manner:

Said petition shall set forth the nature of the suit or prosecution and be verified by affidavit, and, together with a certificate signed by an attorney or counselor at law of some court of record of the State where such suit or prosecution is commenced, or of the United States, stating that, as counsel for the petitioner, he has examined the proceedings against him and carefully inquired into all the matters set forth in the petition, and that he believes them to be true, shall be presented to the said district court, if in session, or if it be not, to the clerk thereof at his office, and shall be filed in said office. The cause shall thereupon be entered on the docket of the district court, and shall proceed as a cause originally commenced in that court; but all bail and other security given upon such suit or prosecution shall continue in like force and effect as if the same had proceeded to final judgment and execution in the State court. When the suit is commenced in the State court by summons, subpoena, petition, or other process except capias, the clerk of the district court shall issue a writ of certiorari to the State court, requiring it to send to the district court the record and proceedings in the cause. When it is commenced by capias or by any other similar form or proceeding by which a personal arrest is ordered, he shall issue a writ of habeas corpus cum causa, a duplicate of which shall be delivered to the clerk of the State court, or left at his office, by the marshal of the district or his deputy, or by some person duly authorized thereto; and thereupon it shall be the duty of the State court to stay all further proceedings in the cause, and the suit or prosecution, upon delivery of such process, or leaving the same as aforesaid, shall be held to be removed to the district court, and any further proceedings, trial, or judgment therein in the State court shall be void. If the defendant in the suit or prosecution be in actual custody on mesne process therein, it shall be the duty of the marshal, by virtue of the writ of habeas corpus cum causa, to take the body of the defendant into his custody, to be dealt with in the cause according to law and the order of the district court next to be held in the district where the same is pending.
Duty of plaintiff.

Removal of suits by aliens.

Proceedings on affidavit of record when copy refused by clerk.

Proceedings in suits removed.

Attachments, etc. continued to await trial.

Dismissal or remanding of suits not properly brought.

Sec. 34. Whenever a personal action has been or shall be brought in any State court by an alien against any citizen of a State who is, or at the time the alleged action accrued was, a civil officer of the United States, being a non-resident of that State wherein jurisdiction is obtained by the State court, by personal service of process, such action may be removed into the district court of the United States in and for the district in which the defendant shall have been served with the process, in the same manner as now provided for the removal of an action brought in a State court by the provisions of the preceding section.

Sec. 35. In any case where a party is entitled to copies of the records and proceedings in any suit or prosecution in a State court, to be used in any court of the United States, if the clerk of said State court, upon demand, and the payment or tender of the legal fees, refuses or neglects to deliver to him certified copies of such records and proceedings, the court of the United States in which such records and proceedings are needed may, on proof by affidavit that the clerk of said State court has refused or neglected to deliver copies thereof, on demand as aforesaid, direct such record to be supplied by affidavit or otherwise, as the circumstances of the case may require and allow; and thereupon such proceeding, trial, and judgment may be had in the said court of the United States, and all such processes awarded, as if certified copies of such records and proceedings had been regularly before the said court.

Sec. 36. When any suit shall be removed from a State court to a district court of the United States, any attachment or sequestration of the goods or estate of the defendant had in such suit in the State court shall hold the goods or estate so attached or sequestered to answer the final judgment or decree in the same manner as by law they would have been held to answer final judgment or decree had it been rendered by the court in which said suit was commenced. All bonds, undertakings, or security given by either party in such suit prior to its removal shall remain valid and effectual notwithstanding said removal; and all injunctions, orders, and other proceedings had in such suit prior to its removal shall remain in full force and effect until dissolved or modified by the court to which such suit shall be removed.

Sec. 37. If in any suit commenced in a district court, or removed from a State court to a district court of the United States, it shall appear to the satisfaction of the said district court, at any time after such suit has been brought or removed thereto, that such suit does not really and substantially involve a dispute or controversy properly within the jurisdiction of said district court, or that the parties to said suit have been improperly or collusively made or joined, either as plaintiffs or defendants, for the purpose of creating a case cognizable or removable under this chapter, the said district court shall proceed no further therein, but shall dismiss the suit or remand it to the court from which it was removed, as justice may require, and shall make such order as to costs as shall be just.

Sec. 38. The district court of the United States shall, in all suits removed under the provisions of this chapter, proceed therein as if the suit had been originally commenced in said district court, and
the same proceedings had been taken in such suit in said district court as shall have been had therein in said State court prior to its removal.

Sec. 39. In all causes removable under this chapter, if the clerk of the State court in which any such cause shall be pending shall refuse to furnish a copy of the record therein, after tender of legal fees for such copy, said clerk so offending shall, on conviction thereof in the district court of the United States to which said action or proceeding was removed, be fined not more than one thousand dollars, or imprisoned not more than one year, or both. The district court to which any cause shall be removable under this chapter shall have power to issue a writ of certiorari to said State court commanding said State court to make return of the record in any such cause removed as aforesaid, or in which any one or more of the plaintiffs or defendants have complied with the provisions of this chapter for the removal of the same, and enforce said writ according to law. If it shall be impossible for the parties or persons removing any cause under this chapter, or complying with the provisions for the removal thereof, to obtain such copy, for the reason that the clerk of said State court refuses to furnish a copy, on payment of legal fees, or for any other reason, the district court shall make an order requiring the prosecutor in any such action or proceeding to enforce forfeiture or recover penalty, as aforesaid, to file a copy of the paper or proceeding by which the same was commenced, within such time as the court may determine; and in default thereof the court shall dismiss the said action or proceeding; but if said order shall be complied with, then said district court shall make an order requiring the parties thereto to plead de novo; and the bond given, conditioned as aforesaid, shall be discharged so far as it requires copy of the record to be filed as aforesaid.

Sec. 56. Where in any suit in which a receiver shall be appointed the land or other property of a fixed character, the subject of the suit, lies within different States in the same judicial circuit, the receiver so appointed shall, upon giving bond as required by the court, immediately be vested with full jurisdiction and control over all the property, the subject of the suit, lying or being within such circuit; subject, however, to the disapproval of such order, within thirty days thereafter, by the circuit court of appeals for such circuit, or by a circuit judge thereof, after reasonable notice to adverse parties and an opportunity to be heard upon the motion for such disapproval; and subject, also, to the filing and entering in the district court for each district of the circuit in which any portion of the property may lie or be, within ten days thereafter, of a duly certified copy of the bill and of the order of appointment. The disapproval of such appointment within such thirty days, or the failure to file such certified copy of the bill and order of appointment within ten days, as herein required, shall divest such receiver of jurisdiction over all such property except that portion thereof lying or being within the State in which the suit is brought. In any case coming within the provisions of this section, in which a receiver shall be appointed, process may issue and be executed within any district of the circuit in the same manner and to the same extent as if the property were wholly within the same district; but orders affecting such property shall be entered of record in each district in which the property affected may lie or be.

Sec. 57. When in any suit commenced in any district court of the United States to enforce any legal or equitable lien upon or claim to, or to remove any incumbrance or lien or cloud upon the title to real or personal property within the district where such suit is brought, one or more of the defendants therein shall not be an inhabitant of or found within the said district, or shall not voluntarily appear thereto, it shall be lawful for the court to make an order directing such absent defendant or defendants to appear, plead, answer, or demur by a day certain to be designated, which order shall be served on such absent defendant or defendants, if practicable, wherever found, and also upon the person or persons in possession or charge of said property, if any there be; or where such personal service upon such absent defendant or defendants is not practicable, such order shall be published in such manner as the court may direct, not less than once a week for six consecutive weeks. In case such absent defendant shall not appear, plead, answer, or demur within the time so limited, or within some further time, to be allowed by the court, in its discretion, and upon proof of the service or publication of said order and of the performance of the directions contained in the same, it shall be lawful for the court to entertain jurisdiction, and proceed to the hearing and adjudication of such suit in the same manner as if such absent defendant had been served with process within the said district; but said adjudication shall, as regards said absent defendant or defendants without
appearance, affect only the property which shall have been the subject of the suit and under the jurisdiction of the court therein, within such district; and when a part of the said real or personal property against which such proceedings shall be taken shall be within another district, but within the same State, such suit may be brought in either district in said State: Provided, however, That any defendant or defendants not actually personally notified as above provided may, at any time within one year after final judgment in any suit mentioned in this section, enter his appearance in said suit in said district court, and thereupon the said court shall make an order setting aside the judgment therein and permitting said defendant or defendants to plead therein on payment by him or them of such costs as the court shall deem just; and thereupon said suit shall be proceeded with to final judgment according to law.

Sec. 58. Any civil cause, at law or in equity, may, on written stipulation of the parties or of their attorneys of record signed and filed with the papers in the case, in vacation or in term, and on the written order of the judge signed and filed in the case in vacation or on the order of the court duly entered of record in term, be transferred to the court of any other division of the same district, without regard to the residence of the defendants, for trial. When a cause shall be ordered to be transferred to a court in any other division, it shall be the duty of the clerk of the court from which the transfer is made to carefully transmit to the clerk of the court to which the transfer is made the entire file of papers in the cause and all documents and deposits in his court pertaining thereto, together with a certified transcript of the records of all orders, interlocutory decrees, or other entries in the cause; and he shall certify, under the seal of the court, that the papers sent are all which are on file in said court belonging to the cause; for the performance of which duties said clerk shall receive the same fees as are now allowed by law for similar services, to be taxed in the bill of costs, and regularly collected with the other costs in the cause; and such transcript, when so certified and received, shall henceforth constitute a part of the record of the court in which the transfer shall be made. The clerk receiving such transcript and original papers shall file the same and the case shall then proceed to final disposition as other cases of a like nature.

Sec. 59. Whenever any new district or division has been or shall be established, or any county or territory has been or shall be transferred from one district or division to another district or division, prosecutions for crimes and offenses committed within such district, division, county, or territory prior to such transfer, shall be commenced and proceeded with the same as if such new district or division had not been created, or such county or territory had not been transferred, unless the court, upon the application of the defendant, shall order the cause to be removed to the new district or division for trial. Civil actions pending at the time of the creation of any such district or division, or the transfer of any such county or territory, and arising within the district or division so created or the county or territory so transferred, shall be tried in the district or division as it existed at the time of the institution of the action, or in the district or division so created, or to which the county or territory is or shall be so transferred, as may be agreed upon by the parties, or as the court shall direct. The transfer of such prosecutions and actions shall be made in the manner provided in the section last preceding.

Sec. 60. The creation of a new district or division, or the transfer of any county or territory from one district or division to another district or division, shall not affect or divest any lien theretofore acquired in the circuit or district court by virtue of a decree, judgment, execu-
tion, attachment, seizure, or otherwise, upon property situated or being within the district or division so created, or the county or territory so transferred. To enforce any such lien, the clerk of the court in which the same is acquired, upon the request and at the cost of the party desiring the same, shall make a true and certified copy of the record thereof, which, when so made and certified, and filed in the proper court of the district or division in which such property is situated or shall be, after such transfer, shall constitute the record of such lien in such court, and shall be evidence in all courts and places equally with the original thereof; and thereafter like proceedings shall be had thereon, and with the same effect, as though the cause or proceeding had been originally instituted in such court. The provisions of this section shall apply not only in all cases where a district or division is created, or a county or any territory is transferred by this or any future Act, but also in all cases where a district or division has been created, or a county or any territory has been transferred by any law heretofore enacted.

SEC. 61. Any district judge may appoint commissioners, before whom appraisers of vessels or goods and merchandise seized for breaches of any law of the United States, may be sworn; and such oaths, so taken, shall be as effectual as if taken before the judge in open court.

SEC. 62. When any Territory is admitted as a State, and a district court is established therein, all the records of the proceedings in the several cases pending in the highest court of said Territory at the time of such admission, and all records of the proceedings in the several cases in which judgments or decrees had been rendered in said territorial court before that time, and from which writs of error could have been sued out or appeals could have been taken, or from which writs of error had been sued out or appeals had been taken and prosecuted to the Supreme Court or to the circuit court of appeals, shall be transferred to and deposited in the district court for the said State.

SEC. 63. It shall be the duty of the district judge, in the case provided in the preceding section, to demand of the clerk, or other person having possession or custody of the records therein mentioned, the delivery thereof, to be deposited in said district court; and in case of the refusal of such clerk or person to comply with such demand, the said district judge shall compel the delivery of such records by attachment or otherwise, according to law.

SEC. 64. When any Territory is admitted as a State, and a district court is established therein, the said district court shall take cognizance of all cases which were pending and undetermined in the trial courts of such Territory, from the judgments or decrees to be rendered in which writs of error could have been sued out or appeals taken to the Supreme Court or to the circuit court of appeals, and shall proceed to hear and determine the same.

SEC. 65. Whenever in any case pending in any court of the United States there shall be a receiver or manager in possession of any property, such receiver or manager shall manage and operate such property according to the requirements of the valid laws of the State in which such property shall be situated, in the same manner that the owner or possessor thereof would be bound to do if in possession thereof. Any receiver or manager who shall willfully violate any provision of this section shall be fined not more than three thousand dollars, or imprisoned not more than one year, or both.

SEC. 66. Every receiver or manager of any property appointed by any court of the United States may be sued in respect of any act or transaction of his in carrying on the business connected with such property, without the previous leave of the court in which such receiver or manager was appointed; but such suit shall be subject to the general equity jurisdiction of the court in which such manager
or receiver was appointed so far as the same may be necessary to the 
ends of justice.

Sec. 67. No person shall be appointed to or employed in any office 
or duty in any court who is related by affinity or consanguinity 
within the degree of first cousin to the judge of such court.

Sec. 68. No clerk of a district court of the United States or his 
deputy shall be appointed a receiver or master in any case, except 
where the judge of said court shall determine that special reasons 
exist therefor, to be assigned in the order of appointment.
