That after the passage and approval of this section, unallotted lands, or such portion thereof as the Secretary of the Interior shall determine, within Indian reservations heretofore withheld from disposition under the mining laws may be declared by the Secretary of the Interior to be subject to exploration for deposits of gold, silver, copper, and other valuable metalliferous minerals by citizens of the United States, and after such declaration mining claims may be located by such citizens in the same manner as mining claims are located under the mining laws of the United States: Provided, That the locators of all such mining claims, or their heirs, successors, or assigns, shall have a preference right to apply to the Secretary of the Interior for a lease, under the terms and conditions of this section, within one year after the date of the location of any mining claim, and any such locator who shall fail to apply for a lease within one year from the date of location shall forfeit all rights to such mining claim: Provided further, That duplicate copies of the location notice shall be filed within sixty days with the superintendent in charge of the reservation on which the mining claim is located, and that application for a lease under this section may be filed with such superintendent for transmission through official channels to the Secretary of the Interior: And provided further, That lands containing springs, water holes, or other bodies of water needed or used by the Indians for watering live stock, irrigation, or water-power purposes shall not be designated by the Secretary of the Interior as subject to entry under this section.

CHAP. 6.—An Act Making appropriations to supply deficiencies in appropriations for the fiscal year ending June 30, 1919, and prior fiscal years, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, to supply deficiencies in appropriations for the fiscal year ending June 30, 1919, and prior fiscal years, and for other purposes, namely:

For expenses of the Alien Property Custodian authorized by the Act entitled “An Act to define, regulate, and punish trading with the enemy, and for other purposes,” approved October 6, 1917, including personal and other services and expenses incident to the acquiring and rental of quarters in the District of Columbia and elsewhere, per diem allowances in lieu of subsistence not exceeding $4, traveling expenses, printing and binding, law books, books of reference and periodicals, supplies and equipment, and maintenance, repair, and operation of motor-propelled passenger-carrying vehicles, $90,000.

That section 9 of the “Act to define, regulate, and punish trading with the enemy,” approved October 6, 1917, is hereby amended to read as follows:

“Sec. 9. That any person not an enemy or ally of enemy claiming any interest, right, or title in any money or other property which may have been conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian hereunder and held by him or by the Treasurer of the United States, or to whom any debt may be owing from an enemy or ally of enemy whose property or any part thereof shall have been conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian hereunder, and held by him or by the Treasurer of the United States, may file with the said custodian a notice of his claim under oath and in such form and containing such particulars as the said custodian shall require; and the President, if application is made therefor by the claimant, may order the payment, conveyance, transfer, assignment, or delivery to said claimant of the money or other property so held by the Alien Property Custodian or by the Treasurer of the United States or of the interest therein to which the President shall determine said claimant is entitled: Provided, That no such order by the President shall bar any person from the prosecution of any suit at law or in equity against the claimant to establish any right, title, or interest which he may have in such money or other property. If the President shall not so order within sixty days after the filing of such application or if the claimant shall have filed the notice as above required and shall have made no application to the President, said claimant may, at any time before the expiration of six months after the end of the war institute a suit in equity in the Supreme Court of the District of Columbia or in the district court of the United States for the district in which such claimant resides, or, if a corporation, where it has its principal place of business (to which suit the Alien Property Custodian or the Treasurer of the United States, as the case may be, shall be made a party defendant), to establish the interest, right, title, or debt so claimed, and if suit shall be so instituted then the money or other property of the enemy, or ally of enemy, against whom such interest, right, or title is asserted, or debt claimed, shall be retained in the custody of the Alien Property Custodian, or in the Treasury of the United States, as provided in this Act, and until any final judgment or decree which shall be
entered in favor of the claimant shall be fully satisfied by payment

entered against the claimant, or suit otherwise terminated: Provided,
however, That in respect of all property heretofore determined by
the President to have been held for by, on account of, or on behalf
of, or for the benefit of a person who was an enemy or ally of enemy,
if the President, after further investigation, shall determine that
such person was an enemy or ally of enemy solely by reason of resi-
dence in that portion of the territory of any nation associated with
the United States in the prosecution of the war which was occupied
by the military or naval forces of Germany or Austria-Hungary, or
their allies, and that such person is a citizen or subject of such asso-

made therefor, may order the payment, conveyance, transfer, assign-

Property Custodian, or by the Treasurer of the United States, or
of the interest therein to which the President shall determine such
person entitled, either to the said enemy or to the person by whom
said property was conveyed, transferred, assigned, delivered or paid
over to the Alien Property Custodian. And the receipt of the said
enemy or of the person by whom said property was conveyed, trans-
ferred, assigned, or delivered to the Alien Property Custodian, shas
be a full acquittance and discharge of the Alien Property Custodian
or the Treasurer of the United States as the case may be, and of the
United States in respect of all claims of all persons heretofore or
hereafter claiming any right, title, or interest in said property, or
compensation or damages arising from the capture of such property
by the President or the Alien Property Custodian: Provided further,
however, That except as herein provided no such action by the Pres-
ident shall bar any person from the prosecution of any suit at law
or in equity to establish any right, title, or interest in said property,
or compensation or damages arising from the capture of such property
by the President or the Alien Property Custodian: Provided further,
however, That except as herein provided no such action by the Pres-
ident shall bar any person from the prosecution of any suit at law
or in equity to establish any right, title, or interest which he may
have therein.

“Except as herein provided, the money or other property conveyed,
transferred, assigned, delivered, or paid to the Alien Property Custo-
dian shall not be liable to lien, attachment, garnishment, trustee
process, or execution, or subject to any order or decree of any court.

“This section shall not apply, however, to money paid to the Alien
Property Custodian under section 10 hereof.”

SEC. 101. When used in this title, unless the context indicates otherwise—

**Rental property.** The term "rental property" means any building or part thereof or land appurtenant thereto in the District of Columbia rented or hired and the service agreed or required by law or by determination of the commission to be furnished in connection therewith; but does not include an hotel or apartment.

**Hotel** or "apartment." The term "hotel" or "apartment" means any hotel or apartment or part thereof in the District of Columbia, rented or hired and the land and outbuildings appurtenant thereto, and the service agreed or required by law or by determination of the commission to be furnished in connection therewith.
The term "owner" includes a lessor or sublessor, or other person entitled to receive rent or charges for the use or occupancy of any rental property, hotel or apartment, or any interest therein, or his agent.

The term "tenant" includes a subtenant, lessee, sublessee or other person, not the owner, entitled to the use or occupancy of any rental property, hotel or apartment.

The term "service" includes the furnishing of light, heat, water, telephone or elevator service, furniture, furnishings, window shades, screens, awnings, storage, kitchen, bath and laundry facilities and privileges, maid service, janitor service, removal of refuse, making all repairs suited to the type of building or necessitated by ordinary wear and tear, and any other privilege or service connected with the use or occupancy of any rental property, apartment, or hotel.

The term "commission" means the Rent Commission of the District of Columbia.

Sec. 102. A commission is hereby created and established, to be known as the Rent Commission of the District of Columbia, which shall be composed of three commissioners, none of whom shall be directly or indirectly engaged in, or in any manner interested in or connected with, the real estate or renting business in the District of Columbia. The commissioners shall be appointed by the President by and with the advice and consent of the Senate. The term of each commissioner shall be two years, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the commissioner whom he succeeds. The commission shall at the time of its organization and annually thereafter elect a chairman from its own membership. The commission may make such regulations as may be necessary to carry this title into effect.

All powers and duties of the commission may be exercised by a majority of its members. A vacancy in the commission shall not impair the right of the remaining commissioners to exercise all the powers of the commission. The commission shall have an official seal, which shall be judicially noticed.

Sec. 103. Each commissioner shall receive a salary of $5,000 a year, payable monthly. The commission shall appoint a secretary, who shall receive a salary of $3,000 a year, payable in like manner; and, subject to the provisions of the civil-service laws, it may appoint and remove such officers, employees, and agents and make such expenditures for rent, printing, telegrams, telephone, law books, books of reference, periodicals, furniture, stationery, office equipment, and other supplies and expenses as may be necessary to the administration of this title. All of the expenditures of the commission shall upon the presentation of itemized vouchers therefor approved by the chairman of the commission be audited and paid in the same manner as other expenditures for the District of Columbia.

With the exception of the secretary, all employees of the commission shall be appointed from lists of eligibles supplied by the Civil Service Commission and in accordance with the civil-service law.

Sec. 104. The assessor of the District of Columbia shall serve ex officio as an advisory assistant to the commission, but he shall have none of the powers or duties of a commissioner. He shall attend the meetings and hearings of the commission. Every officer or employee of the United States or of the District of Columbia, whenever requested by the commission, shall supply to the commission any data or information pertaining to the administration of this title which may be contained in the records of his office. The assessor shall receive for the performance of the duties required by this section a salary of $1,000 per annum, payable monthly, in addition to such other salary as may be prescribed for his office by law.
Authority to examine papers, etc.

Sec. 105. For the purposes of this title the commission or any officer, employee, or agent duly authorized in writing by it, shall at all reasonable times have access to, for the purpose of examination, and the right to copy, any books, accounts, records, papers, or correspondence relating to any matter which the commission is authorized to consider or investigate; and the commission shall have power to require by subpoena the attendance and testimony of witnesses and the production of all such books, accounts, records, papers, and correspondence relating to any such matter. Any member of the commission may sign subpoenas, administer oaths and affirmations, examine witnesses, and receive evidence.

Issue of subpoenas, etc.

Such attendance of witnesses and the production of such books, accounts, records, papers, and correspondence may be required from any place in the United States at any designated place of hearing. In case of disobedience to a subpoena or of the contumacy of any witness appearing before the commission, the commission may invoke the aid of the Supreme Court of the District of Columbia or of any district court of the United States. Such court may thereupon issue an order requiring the person subpoenaed to obey the subpoena, or to give evidence touching the matter in question. Any failure to obey such order of the court may be punished by such court as a contempt thereof. No officer or employee of the commission shall, unless authorized by the commission or by a court of competent jurisdiction, make public any information obtained by the commission.

Sec. 107. A determination of the commission fixing a fair and reasonable rent or charge made in a proceeding begun by complaint shall be effective from the date of the filing of the complaint. The
difference between the amount of rent and charges paid for the period from the filing of the complaint to the date of the commission's determination and the amount that would have been payable for such period at the fair and reasonable rate fixed by the commission may be added to or subtracted from, as the case demands, future rent payments, or after the final decision of an appeal from the commission's determination may be sued for and recovered in an action in the Municipal Court of the District of Columbia.

Sec. 108. Unless within ten days after the filing of the commission's determination any party to the complaint appeals therefrom to the Court of Appeals of the District of Columbia, the determination of the commission shall be final and conclusive. If such an appeal is taken from the determination of the commission, the record before the commission or such part thereof as the court may order shall be certified by it to the court and shall constitute the record before the court, and the commission's determination shall not be modified or set aside by the court, except for error of law. If any party applies to the court for leave to adduce additional evidence and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the commission, the court may order such additional evidence to be taken before the commission and to be adduced upon the hearing in such manner and upon such terms and conditions as the court may deem proper. The commission may modify its findings as to the facts, or make new findings, by reason of the additional evidence so taken, and it shall file such modified or new findings, which shall be conclusive, and its recommendations if any for the modification or setting aside of its original determination, with the return of such additional evidence. In the proceedings before such court on appeal from a determination of the commission, the commission shall appear by its counsel or other representative and submit oral or written arguments to support the findings and the determination of the commission.

Sec. 109. The right of a tenant to the use or occupancy of any rental property, hotel or apartment, existing at the time this Act takes effect, or thereafter acquired, under any lease or other contract for such use or occupancy or under any extension thereof by operation of law, shall, notwithstanding the expiration of the term fixed by such lease or contract, continue at the option of the tenant subject, however, to any determination or regulation of the commission relevant thereto; and such tenant shall not be evicted or dispossessed so long as he pays the rent and performs the other terms and conditions of the tenancy as fixed by such lease or contract, or in case such lease or contract is modified by any determination or regulation of the commission, then as fixed by such modified lease or contract. All remedies of the owner at law or equity, based on any provision of any such lease or contract to the effect that such lease or contract shall be determined or forfeited if the premises are sold, are hereby suspended so long as this title is in force. Every purchaser shall take conveyance of any rental property, hotel, or apartment subject to the rights of tenants as provided in this title. The rights of the tenant under this title shall be subject to the limitation that the bona fide owner of any rental property, apartment, or hotel shall have the right to possession thereof for actual and bona fide occupancy by himself, or his wife, children, or dependents, or for the purpose of tearing down or razing the same in order immediately to construct new rental property, hotel, or apartment if approved by the commission, upon giving thirty days' notice in writing, served in the manner provided by section 1225 of the Act entitled "An Act to establish a code of laws for the District of Columbia," approved...
May 3, 1901, as amended, which notice shall contain a full and correct statement of the facts and circumstances upon which the same is based; but in no case shall possession be demanded or obtained by such owner in contravention of the terms of any such lease or contract. If there is a dispute between the owner and the tenant as to the accuracy or sufficiency of the statement set forth in such notice, as to the good faith of such demand, or as to the service of notice, the matters in dispute shall be determined by the commission upon complaint as provided in section 106 of this title.

SEC. 110. Pending the final decision on appeal from a determination of the commission, the commission's determination shall be in full force and effect and the appeal shall not operate as a supersedeas or in any manner stay or postpone the enforcement of the determination appealed from. Immediately upon the entry of a final decision on the appeal the commission shall, if necessary, modify its determination in order to make it conform to such decision. The difference, if any, between the amount of rent and charges paid for the period from the date of the filing by the commission of the determination appealed from and the amount that would have been payable for such period under the determination as modified in accordance with the final decision on appeal may be added to or allowed on account of, as the case demands, future rent payments or may be sued for and recovered in an action in the Municipal Court in the District of Columbia.

SEC. 111. The determination of the commission in a proceeding begun by complaint or upon its own initiative fixing fair and reasonable rents, charges, service, and other terms and conditions of use or occupancy of any rental property, hotel, or apartment shall constitute the commission's determination of the fairness and reasonableness of such rents, charges, service, terms, or conditions for the rental property, hotel, or apartment affected, and shall remain in full force and effect notwithstanding any change in ownership or tenancy thereof, unless and until the commission modifies or sets aside such determination upon complaint either of the owner or of the tenant.

SEC. 112. If the owner of any rental property, apartment, or hotel collects any rent or charge therefor in excess of the amount fixed in a determination of the commission made and in full force and effect in accordance with the provisions of this title, he shall be liable for and the commission is hereby authorized and directed to commence an action in the Municipal Court in the District of Columbia to recover double the amount of such excess, together with the costs of the proceeding which shall include an attorney's fee of $50, to be taxed as part of the costs. Out of any sums received on account of such recovery the commission shall pay over to the tenant the amount of the excess so paid by him and the balance shall be paid into the Treasury of the United States to the credit of the District of Columbia:

Provided, That if the commission finds that such excess was paid by the tenant voluntarily and with knowledge of the commission's determination, the whole amount of such recovery shall be paid into the Treasury of the United States to the credit of the District of Columbia.

SEC. 113. If in any proceeding before the commission, begun by complaint or on the commission's own initiative, and involving any lease or other contract for the use or occupancy of any rental property, hotel, or apartment the commission finds that at any time after the passage of this Act but during the tenancy the owner has, directly or indirectly, willfully withdrawn from the tenant any service agreed or required by a determination of the commission to be furnished, or has by act, neglect, or omission contrary to such lease or contract or to the law or any ordinance or regulation made in pursuance of law, or of a determination of the commission, exposed the tenant,
directly or indirectly, to any unsafe or insanitary condition or imposed upon him any burden, loss, or unusual inconvenience in connection with his use or occupancy of such rental property, hotel, or apartment, the commission shall determine the sum which in its judgment will fairly and reasonably compensate or reimburse the tenant therefor.

In any such proceeding involving a lease or other contract, the term specified in which had not expired at the time the proceeding was begun, the commission shall likewise determine the amount or value of any bonus or other consideration in excess of the rental named in such lease or contract received at any time directly or indirectly by the owner in connection with such lease or contract. The tenant may recover any amount so determined by the commission in an action in the Municipal Court of the District of Columbia.

Sec. 114. Whenever under this title a tenant is entitled to bring suit to recover any sum due him under any determination of the commission, the commission shall, upon application by the tenant and without expense to him, commence and prosecute in the municipal court of the District of Columbia an action on behalf of the tenant for the recovery of the amount due, and in such case the court shall include in any judgment rendered in favor of the tenant the costs of the action, including a reasonable attorney’s fee, to be fixed by the court. Such costs and attorney’s fee when recovered shall be paid into the Treasury of the United States to the credit of the District of Columbia.

Sec. 115. The commission shall, by general order, from time to time prescribe the procedure to be followed in all proceedings under its jurisdiction. Such procedure shall be as simple and summary as may be practicable, and the commission and parties appearing before it shall not be bound by technical rules of evidence or of pleading.

Sec. 116. Any person who with intent to avoid the provisions of this title enters into any agreement or arrangement for the payment of any bonus or other consideration in connection with any lease or other contract for the use or occupancy of any rental property, hotel, or apartment, or who participates in any fictitious sale or other device or arrangement the purpose of which is to grant or obtain the use or occupancy of any rental property, hotel, or apartment without subjecting such use or occupancy to the provisions of this title or to the jurisdiction of the commission shall upon conviction be punished by a fine not exceeding $1,000 or by imprisonment for not exceeding one year or by both.

Sec. 117. The commission shall prescribe standard forms of leases and other contracts for the use or occupancy of any rental property, hotel, or apartment and shall require their use by the owner thereof. Every such lease or contract entered into after the commission has prescribed and promulgated a form for the tenancy provided by such lease or contract shall be deemed to accord with such standard form; and any such lease or contract in any proceeding before the commission or in any court of the United States or of the District of Columbia shall be interpreted, applied, and enforced in the same manner as if it were in the form and contained the stipulations of such standard form.

The owner of an hotel or apartment shall file with the commission plans and other data in such detail as the commission requires, descriptive of the rooms, accommodations and service in connection with such hotel or apartment, and a schedule of rates and charges therefor. The commission shall, after consideration of such plans, schedules, data, or other information, determine and fix a schedule of fair and reasonable rates and charges for such hotels or apartments; and the rates and charges stated in such schedule shall thereafter constitute
the fair and reasonable rates and charges for such hotel or apartment. The commission's determination in such case shall be made after such notice and hearing and shall have the same force and effect and be subject to appeal in the same manner as a determination of the commission under section 106 of this title.

Sec. 118. No tenant shall assign his lease of or sublet any rental property or apartment at a rate in excess of the rate paid by him under his lease without the consent of the commission upon application in a particular case, and in such case the commission shall determine a fair and reasonable rate of rent or charge for such assignment or sublease.

Sec. 119. The public resolution entitled "Joint resolution to prevent profiteering in the District of Columbia," approved May 31, 1918, as amended, is hereby repealed, to take effect sixty days after the date of the confirmation by the Senate of the commissioners first nominated by the President under the provisions of this title; but a determination by the commission made within such period of sixty days shall be enforced in accordance with the provisions of this title, notwithstanding the provisions of such public resolution. All laws or parts of laws in conflict with any provision of this title are hereby suspended so long as this title is in force to the extent that they are in such conflict.

Sec. 120. The sum of $50,000, or so much thereof as may be necessary, is hereby appropriated and made immediately available to carry out the provisions of this title, one-half thereof to be paid out of money in the Treasury of the United States not otherwise appropriated and the other one-half out of the revenues of the District of Columbia.

Sec. 121. If any clause, sentence, paragraph, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof but shall be confined in its operations to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

Sec. 122. It is hereby declared that the provisions of this title are made necessary by emergencies growing out of the war with the Imperial German Government, resulting in rental conditions in the District of Columbia dangerous to the public health and burdensome to public officers and employees whose duties require them to reside within the District and other persons whose activities are essential to the maintenance and comfort of such officers and employees, and thereby embarrassing the Federal Government in the transaction of the public business. It is also declared that this title shall be considered temporary legislation, and that it shall terminate on the expiration of two years from the date of the passage of this Act, unless sooner repealed.

The jurisdiction of the courts of the United States under this section shall be concurrent with that of the courts of the several States.

If it be made to appear by affidavit, or other evidence under oath, to the satisfaction of the court, or judge in vacation, that the nuisance complained of exists, a temporary writ of injunction shall forthwith issue restraining the defendant or defendants from conducting or permitting the continuance of such nuisance until the conclusion of the trial. Where a temporary injunction is prayed for, the court may issue an order restraining the defendants and all other persons from removing or in any way interfering with the liquor or fixtures, or other things used in connection with the violation constituting the nuisance. No bond shall be required as a condition for making any order or issuing any writ of injunction under this Act. If the court shall find the property involved was being unlawfully used as aforesaid at or about the time alleged in the petition, the court shall order that no liquors shall be manufactured, sold, bartered, or stored in such room, house, building, boat, vehicle, structure, or places of any kind, for a period of not exceeding one year, or during the war and the period of demobilization. Whenever an action to enjoin a nuisance shall have been brought pursuant
to the provisions of this Act, if the owner, lessee, tenant, or occupant appears and pays all costs of the proceedings and files a bond, with sureties to be approved by the clerk of the court in which the action is brought, in the liquidated sum of not less than $500 nor more than $1,000, conditioned that he will immediately abate said nuisance and prevent the same from being established or kept therein a period of one year thereafter, or during the war and period of demobilization, the court, or in vacation the judge, may, if satisfied of his good faith, direct by appropriate order that the property, if already closed or held under the order of abatement, be delivered to said owner, and said order of abatement canceled, so far as the same may relate to said property; or if said bond be given and costs therein paid before judgment on an order of abatement, the action shall be thereby abated as to said room, house, building, boat, vehicle, structure, or place only. The release of the property under the provisions of this section shall not release it from any judgment, lien, penalty, or liability to which it may be subject by law.

In the case of the violation of any injunction, temporary or permanent, granted pursuant to the provisions of this Title, the court, or in vacation a judge thereof, may summarily try and punish the defendant. The proceedings for punishment for contempt shall be commenced by filing with the clerk of the court from which such injunction issued information under oath setting out the alleged facts constituting the violation, whereupon the court or judge shall forthwith cause a warrant to issue under which the defendant shall be arrested. The trial may be had upon affidavits, or either party may demand the production and oral examination of the witnesses. Any person found guilty of contempt under the provisions of this section shall be punished by a fine of not less than $500 nor more than $1,000, or by imprisonment of not less than thirty days nor more than twelve months, or by both fine and imprisonment.

Sec. 5. The Commissioner of Internal Revenue, his assistants, agents, and inspectors, and all other officers of the United States whose duty it is to enforce criminal laws, shall have all the power for the enforcement of the War Prohibition Act or any provisions thereof which is conferred by law for the enforcement of existing laws relating to the manufacture or sale of intoxicating liquors under the laws of the United States.

Sec. 6. If any section or provision of this Act shall be held to be invalid, it is hereby provided that all other provisions of this Act which are not expressly held to be invalid shall continue in full force and effect.

Sec. 7. None of the provisions of this Act shall be construed to repeal any of the provisions of the "War Prohibition Act," or to limit or annul any order or regulation prohibiting the manufacture, sale, or disposition of intoxicating liquors within certain prescribed zones or districts, nor shall the provisions of this Act be construed to prohibit the use of the power of the military or naval authorities to enforce the regulations of the President or Secretary of War or Navy issued in pursuance of law, prohibiting the manufacture, use, possession, sale, or other disposition of intoxicating liquors during the period of the war and demobilization thereafter.

TITLE II.

PROHIBITION OF INTOXICATING BEVERAGES.

Sec. 1. When used in Title II and Title III of this Act (1) The word "liquor" or the phrase "intoxicating liquor" shall be construed to include alcohol, brandy, whisky, rum, gin, beer, ale, porter, and wine, and in addition thereto any spirituous, vinous, malt, or fer-
SIXTY-SIXTH CONGRESS. Sess. I. Ch. 85. 1919.

A person who shall sell, barter, transport, import, export, deliver, furnish or possess any intoxicating liquor except as authorized in this Act, and all the provisions of this Act shall be liberally construed to the end that the use of intoxicating liquor as a beverage may be prevented.

Section 3. No person shall on or after the date when the eighteenth amendment to the Constitution of the United States goes into effect, manufacture, sell, barter, transport, import, export, deliver, furnish or possess any intoxicating liquor except as authorized in this Act, and all the provisions of this Act shall be liberally construed to the end that the use of intoxicating liquor as a beverage may be prevented.

Liquor for nonbeverage purposes and wine for sacramental purposes may be manufactured, purchased, sold, bartered, transported, imported, exported, delivered, furnished and possessed, but only as
herein provided, and the commissioner may, upon application, issue permits therefor: Provided, That nothing in this Act shall prohibit the purchase and sale of warehouse receipts covering distilled spirits on deposit in Government bonded warehouses, and no special tax liability shall attach to the business of purchasing and selling such warehouse receipts.

SEC. 4. The articles enumerated in this section shall not, after having been manufactured and prepared for the market, be subject to the provisions of this Act if they correspond with the following descriptions and limitations, namely:

(a) Denatured alcohol or denatured rum produced and used as provided by laws and regulations now or hereafter in force.

(b) Medicinal preparations manufactured in accordance with formulas prescribed by the United States Pharmacopoeia, National Formulary or the American Institute of Homeopathy that are unfit for use for beverage purposes.

(c) Patented, patent, and proprietary medicines that are unfit for use for beverage purposes.

(d) Toilet, medicinal, and antiseptic preparations and solutions that are unfit for use for beverage purposes.

(e) Flavoring extracts and sirups that are unfit for use as a beverage, or for intoxicating beverage purposes.

(f) Vinegar and preserved sweet cider.

A person who manufactures any of the articles mentioned in this section may purchase and possess liquor for that purpose, but he shall secure permits to manufacture such articles and to purchase such liquor, give the bonds, keep the records, and make the reports specified in this Act and as directed by the commissioner. No such manufacturer shall sell, use, or dispose of any liquor otherwise than as an ingredient of the articles authorized to be manufactured therefrom.

No more alcohol shall be used in the manufacture of any extract, sirup, or the articles named in paragraphs b, c, and d of this section which may be used for beverage purposes than the quantity necessary for extraction or solution of the elements contained therein and for the preservation of the article.

Any person who shall knowingly sell any of the articles mentioned in paragraphs a, b, c, and d of this section for beverage purposes, or any extract or sirup for intoxicating beverage purposes, or who shall sell any of the same under circumstances from which the seller might reasonably deduce the intention of the purchaser to use them for such purposes, or shall sell any beverage containing one-half of 1 per centum or more of alcohol by volume in which any extract, sirup, or other article is used as an ingredient, shall be subject to the penalties provided in section 29 of this Title. If the commissioner shall find, after notice and hearing as provided for in section 5 of this Title, that any person has sold any flavoring extract, sirup, or beverage in violation of this paragraph, he shall notify such person, and any known principal for whom the sale was made, to desist from selling such article; and it shall thereupon be unlawful for a period of one year thereafter for any person so notified to sell any such extract, sirup, or beverage without making an application for, giving a bond, and obtaining a permit so to do, which permit may be issued upon such conditions as the commissioner may deem necessary to prevent such illegal sales, and in addition the commissioner shall require a record and report of sales.

SEC. 5. Whenever the commissioner has reason to believe that any article mentioned in section 4 does not correspond with the descriptions and limitations therein provided, he shall cause an analysis of such article to be made, and if, upon such analysis, the commissioner shall find that said article does not so correspond, he shall give not less than fifteen days' notice in writing to the person who is the manufac-
turer thereof to show cause why said article should not be dealt with as an intoxicating liquor, such notice to be served personally or by registered mail, as the commissioner may determine, and shall specify the time, place, and name of the agent or official before whom such person is required to appear.

If the manufacturer of said article fails to show to the satisfaction of the commissioner that the article corresponds to the descriptions and limitations provided in section 4 of this Title, his permit to manufacture and sell such article shall be revoked. The manufacturer may by appropriate proceeding in a court of equity have the action of the commissioner reviewed, and the court may affirm, modify, or reverse the finding of the commissioner as the facts and law of the case may warrant, and during the pendency of such proceedings may restrain the manufacture, sale, or other disposition of such article.

Sect. 6. No one shall manufacture, sell, purchase, transport, or prescribe any liquor without first obtaining a permit from the commissioner so to do, except that a person may, without a permit, purchase and use liquor for medicinal purposes when prescribed by a physician as herein provided, and except that any person who in the opinion of the commissioner is conducting a bona fide hospital or sanatorium engaged in the treatment of persons suffering from alcoholism, may, under such rules, regulations, and conditions as the commissioner shall prescribe, purchase and use, in accordance with the methods in use in such institution, liquor, to be administered to the patients of such institution under the direction of a duly qualified physician employed by such institution.

All permits to manufacture, prescribe, sell, or transport liquor, may be issued for one year, and shall expire on the 31st day of December next succeeding the issuance thereof: Provided, That the commissioner may without formal application or new bond extend any permit granted under this Act or laws now in force after August 31 in any year to December 31 of the succeeding year: Provided further, That permits to purchase liquor for the purpose of manufacturing or selling as provided in this Act shall not be in force to exceed ninety days from the day of issuance. A permit to purchase liquor for any other purpose shall not be in force to exceed thirty days. Permits to purchase liquor shall specify the quantity and kind to be purchased and the purpose for which it is to be used. No permit shall be issued to any person who within one year prior to the application therefor or issuance thereof shall have violated the terms of any permit issued under this Title or any law of the United States or of any State regulating traffic in liquor. No permit shall be issued to anyone to sell liquor at retail, unless the sale is to be made through a pharmacist designated in the permit and duly licensed under the laws of his State to compound and dispense medicine prescribed by a duly licensed physician. No one shall be given a permit to prescribe liquor unless he is a physician duly licensed to practice medicine and actively engaged in the practice of such profession. Every permit shall be in writing, dated when issued, and signed by the commissioner or his authorized agent. It shall give the name and address of the person to whom it is issued and shall designate and limit the acts that are permitted and the time when and place where such acts may be performed. No permit shall be issued until a verified, written application shall have been made therefor, setting forth the qualification of the applicant and the purpose for which the liquor is to be used.

The commissioner may prescribe the form of all permits and applications and the facts to be set forth therein. Before any permit is granted the commissioner may require a bond in such form and amount as he may prescribe to insure compliance with the terms of

the permit and the provisions of this title. In the event of the refusal by the commissioner of any application for a permit, the applicant may have a review of his decision before a court of equity in the manner provided in section 5 hereof.

Nothing in this title shall be held to apply to the manufacture, sale, transportation, importation, possession, or distribution of wine for sacramental purposes, or like religious rites, except section 6 (save as the same requires a permit to purchase) and section 10 hereof, and the provisions of this Act prescribing penalties for the violation of either of said sections. No person to whom a permit may be issued to manufacture, transport, import, or sell wines for sacramental purposes or like religious rites shall sell, barter, exchange, or furnish any such to any person not a rabbi, minister of the gospel, priest, or an officer duly authorized for the purpose by any church or congregation, nor to any such except upon an application duly subscribed by him, which application, authenticated as regulations may prescribe, shall be filed and preserved by the seller. The head of any conference or diocese or other ecclesiastical jurisdiction may designate any rabbi, minister, or priest to supervise the manufacture of wine to be used for the purposes and rites in this section mentioned, and the person so designated may, in the discretion of the commissioner, be granted a permit to supervise such manufacture.

Sec. 7. No one but a physician holding a permit to prescribe liquor shall issue any prescription for liquor. And no physician shall prescribe liquor unless after careful physical examination of the person for whose use such prescription is sought, or if such examination is found impracticable, then upon the best information obtainable, he in good faith believes that the use of such liquor as a medicine by such person is necessary and will afford relief to him from some known ailment. Not more than a pint of spirituous liquor to be taken internally shall be prescribed for use by the same person within any period of ten days and no prescription shall be filled more than once. Any pharmacist filling a prescription shall at the time endorse upon it over his own signature the word "canceled," together with the date when the liquor was delivered, and then make the same a part of the record that he is required to keep as herein provided.

Every physician who issues a prescription for liquor shall keep a record, alphabetically arranged in a book prescribed by the commissioner, which shall show the date of issue, amount prescribed, to whom issued, the purpose or ailment for which it is to be used and directions for use, stating the amount and frequency of the dose.

Sec. 8. The commissioner shall cause to be printed blanks for the prescriptions herein required, and he shall furnish the same free of cost, to physicians holding permits to prescribe. The prescription blanks shall be printed in book form and shall be numbered consecutively from one to one hundred, and each book shall be given a number, and the stubs in each book shall carry the same numbers as and be copies of the prescriptions. The books containing such stubs shall be returned to the commissioner when the prescription blanks have been used, or sooner, if directed by the commissioner. All unused, mutilated, or defaced blanks shall be returned with the book. No physician shall prescribe and no pharmacist shall fill any prescription for liquor except on blanks so provided, except in cases of emergency, in which event a record and report shall be made and kept as in other cases.

Sec. 9. If at any time there shall be filed with the commissioner a complaint under oath setting forth facts showing, or if the commissioner has reason to believe, that any person who has a permit is not in good faith conforming to the provisions of this Act, or has violated
the laws of any State relating to intoxicating liquor, the commissioner or his agent shall immediately issue an order citing such person to appear before him on a day named not more than thirty and not less than fifteen days from the date of service upon such permittee of a copy of the citation, which citation shall be accompanied by a copy of such complaint, or in the event that the proceedings be initiated by the commissioner with a statement of the facts constituting the violation charged, at which time a hearing shall be had unless continued for cause. Such hearings shall be held within the judicial district and within fifty miles of the place where the offense is alleged to have occurred, unless the parties agree on another place. If it be found that such person has been guilty of willfully violating any such laws, as charged, or has not in good faith conformed to the provisions of this Act, such permit shall be revoked, and no permit shall be granted to such person within one year thereafter. Should the permit be revoked by the commissioner, the permittee may have a review of his decision before a court of equity in the manner provided in section 5 hereof. During the pendency of such action such permit shall be temporarily revoked.

SEC. 10. No person shall manufacture, purchase for sale, sell, or transport any liquor without making at the time a permanent record thereof showing in detail the amount and kind of liquor manufactured, purchased, sold, or transported, together with the names and addresses of the persons to whom sold, in case of sale, and the consignor and consignee in case of transportation, and the time and place of such manufacture, sale, or transportation. The commissioner may prescribe the form of such record, which shall at all times be open to inspection as in this Act provided.

SEC. 11. All manufacturers and wholesale or retail druggists shall keep as a part of the records required of them a copy of all permits to purchase on which a sale of any liquor is made, and no manufacturer or wholesale druggist shall sell or otherwise dispose of any liquor except at wholesale and only to persons having permits to purchase in such quantities.

SEC. 12. All persons manufacturing liquor for sale under the provisions of this title shall securely and permanently attach to every container thereof, as the same is manufactured, a label stating name of manufacturer, kind and quantity of liquor contained therein, and the date of its manufacture, together with the number of the permit authorizing the manufacture thereof; and all persons possessing such liquor in wholesale quantities shall securely keep and maintain such label thereon; and all persons selling at wholesale shall attach to every package of liquor, when sold, a label setting forth the kind and quantity of liquor contained therein, by whom manufactured, the date of sale, and the person to whom sold; which label shall likewise be kept and maintained thereon until the liquor is used for the purpose for which such sale was authorized.

SEC. 13. It shall be the duty of every carrier to make a record at the place of shipment of the receipt of any liquor transported, and he shall deliver liquor only to persons who present to the carrier a verified copy of a permit to purchase which shall be made a part of the carrier's permanent record at the office from which delivery is made. The agent of the common carrier is hereby authorized to administer the oath to the consignee in verification of the copy of the permit presented, who, if not personally known to the agent, shall be identified before the delivery of the liquor to him. The name and address of the person identifying the consignee shall be included in the record.

SEC. 14. It shall be unlawful for a person to use or induce any carrier, or any agent or employee thereof, to carry or ship any package
or receptacle containing liquor without notifying the carrier of the true nature and character of the shipment. No carrier shall transport nor shall any person receive liquor from a carrier unless there appears on the outside of the package containing such liquor the following information:

Name and address of the consignor or seller, name and address of the consignee, kind and quantity of liquor contained therein, and number of the permit to purchase or ship the same, together with the name and address of the person using the permit.

Sec. 15. It shall be unlawful for any consignee to accept or receive any package containing any liquor upon which appears a statement known to him to be false, or for any carrier or other person to consign, ship, transport, or deliver any such package, knowing such statement to be false.

Sec. 16. It shall be unlawful to give to any carrier or any officer, agent, or person acting or assuming to act for such carrier an order requiring the delivery to any person of any liquor or package containing liquor consigned to, or purporting or claimed to be consigned to a person, when the purpose of the order is to enable any person not an actual bona fide consignee to obtain such liquor.

Sec. 17. It shall be unlawful to advertise anywhere, or by any means or method, liquor, or the manufacture, sale, keeping for sale or furnishing of the same, or when, how, from whom, or at what price the same may be obtained. No one shall permit any sign or billboard containing such advertisement to remain upon one's premises. But nothing herein shall prohibit manufacturers and wholesale druggists holding permits to sell liquor from furnishing price lists, with description of liquor for sale, to persons permitted to purchase liquor, or from advertising alcohol in business publications or trade journals circulating generally among manufacturers of lawful alcoholic perfumes, toilet preparations, flavoring extracts, medicinal preparations, and like articles: Provided, however, That nothing in this Act or in the Act making appropriations for the Post Office Department, approved March 3, 1917 (Thirty-ninth Statutes at Large, Part 1, page 1058, et seq.), shall apply to newspapers published in foreign countries when mailed to this country.

Sec. 18. It shall be unlawful to advertise, manufacture, sell, or possess for sale any utensil, contrivance, machine, preparation, compound, tablet, substance, formula direction, or recipe advertised, designed, or intended for use in the unlawful manufacture of intoxicating liquor.

Sec. 19. No person shall solicit or receive, nor knowingly permit his employee to solicit or receive, from any person any order for liquor or give any information of how liquor may be obtained in violation of this Act.

Sec. 20. Any person who shall be injured in person, property, means of support, or otherwise by any intoxicated person, or by reason of the intoxication of any person, whether resulting in his death or not, shall have a right of action against any person who shall, by unlawfully selling to or unlawfully assisting in procuring liquor for such intoxicated person, have caused or contributed to such intoxication, and in any such action such person shall have a right to recover actual and exemplary damages. In case of the death of either party, the action or right of action given by this section shall survive to or against his or her executor or administrator, and the amount so recovered by either wife or child shall be his or her sole and separate property. In case of death, the action may be brought in any court of competent jurisdiction. In any case where parents shall be entitled to such damages, either the father or mother may sue alone therefor, but recovery by one of such parties shall be a bar to suit brought by the other.
Sec. 21. Any room, house, building, boat, vehicle, structure, or place where intoxicating liquor is manufactured, sold, kept, or bartered in violation of this title, and all intoxicating liquor and property kept and used in maintaining the same, is hereby declared to be a common nuisance, and any person who maintains such a common nuisance shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than $1,000 or be imprisoned for not more than one year, or both. If a person has knowledge or reason to believe that his room, house, building, boat, vehicle, structure, or place is occupied or used for the manufacture or sale of liquor contrary to the provisions of this title, and suffers the same to be so occupied or used, such room, house, building, boat, vehicle, structure, or place shall be subject to a lien for and may be sold to pay all fines and costs assessed against the person guilty of such nuisance for such violation, and any such lien may be enforced by action in any court having jurisdiction.

Sec. 22. An action to enjoin any nuisance defined in this title may be brought in the name of the United States by the Attorney General of the United States or by any United States attorney or any prosecuting attorney of any State or any subdivision thereof or by the commissioner or his deputies or assistants. Such action shall be brought and tried as an action in equity and may be brought in any court having jurisdiction to hear and determine equity cases. If it is made to appear by affidavits or otherwise, to the satisfaction of the court, or judge in vacation, that such nuisance constitutes a violation of this title, a temporary writ of injunction shall forthwith issue restraining the defendant from conducting or permitting the continuance of such nuisance until the conclusion of the trial. If a temporary injunction is prayed for, the court may issue an order restraining the defendant and all other persons from removing or in any way interfering with the liquor or fixtures, or other things used in connection with the violation of this Act constituting such nuisance. No bond shall be required in instituting such proceedings. It shall not be necessary for the court to find the property involved was being unlawfully used as aforesaid at the time of the hearing, but on finding that the material allegations of the petition are true, the court shall order that no liquor shall be manufactured, sold, bartered, or stored in such room, house, building, boat, vehicle, or place, or any part thereof. And upon judgment of the court ordering such nuisance to be abated, the court may order that the room, house, building, structure, boat, vehicle, or place shall not be occupied or used for one year thereafter; but the court may, in its discretion, permit it to be occupied or used if the owner, lessee, tenant, or occupant thereof shall give bond with sufficient surety, to be approved by the court making the order, in the penal and liquidated sum of not less than $500 nor more than $1,000, payable to the United States, and conditioned that intoxicating liquor will not thereafter be manufactured, sold, bartered, kept, or otherwise disposed of therein or thereon, and that he will pay all fines, costs, and damages that may be assessed for any violation of this title upon said property.

Sec. 23. That any person who shall, with intent to effect a sale of liquor, by himself, his employee, servant, or agent, for himself or any person, company or corporation, keep or carry around on his person, or in a vehicle, or other conveyance whatever, or leave in a place for another to secure, any liquor, or who shall travel to solicit, or solicit, or take, or accept orders for the sale, shipment, or delivery of liquor in violation of this title is guilty of a nuisance and may be restrained by injunction, temporary and permanent, from doing or continuing to do any of said acts or things. In such proceedings it shall not be necessary to show any intention on the part of the accused to continue such violations if the action is brought within sixty days following any such violation of the law.
For removing and selling property in enforcing this Act the officer shall be entitled to charge and receive the same fee as the sheriff of the county would receive for levying upon and selling property under execution, and for closing the premises and keeping them closed a reasonable sum shall be allowed by the court.

Any violation of this title upon any leased premises by the lessee or occupant thereof shall, at the option of the lessor, work a forfeiture of the lease.

Sec. 24. In the case of the violation of any injunction, temporary or permanent, granted pursuant to the provisions of this title, the court, or in vacation a judge thereof, may summarily try and punish the defendant. The proceedings for punishment for contempt shall be commenced by filing with the clerk of the court from which such injunction issued information under oath setting out the alleged facts constituting the violation, whereupon the court or judge shall forthwith cause a warrant to issue under which the defendant shall be arrested. The trial may be had upon affidavits, or either party may demand the production and oral examination of the witnesses. Any person found guilty of contempt under the provisions of this section shall be punished by a fine of not less than $500 nor more than $1,000, or by imprisonment of not less than thirty days nor more than twelve months, or by both fine and imprisonment.

Sec. 25. It shall be unlawful to have or possess any liquor or property designed for the manufacture of liquor intended for use in violating this title or which has been so used, and no property rights shall exist in any such liquor or property. A search warrant may issue as provided in Title XI of public law numbered 24 of the Sixty-fifth Congress, approved June 15, 1917, and such liquor, the containers thereof, and such property so seized shall be subject to such disposition as the court may make thereof. If it is found that such liquor or property was so unlawfully held or possessed, or had been so unlawfully used, the liquor, and all property designed for the unlawful manufacture of liquor, shall be destroyed, unless the court shall otherwise order. No search warrant shall issue to search any private dwelling occupied as such unless it is being used for the unlawful sale of intoxicating liquor, or unless it is in part used for some business purpose such as a store, shop, saloon, restaurant, hotel, or boarding house. The term “private dwelling” shall be construed to include the rooms used and occupied not transiently but solely as a residence in an apartment house, hotel, or boarding house. The property seized on any such warrant shall not be taken from the officer seizing the same on any writ of replevin or other like process.

Sec. 26. When the commissioner, his assistants, inspectors, or any officer of the law shall discover any person in the act of transporting in violation of the law, intoxicating liquors in any wagon, buggy, automobile, water or air craft, or other vehicle, it shall be his duty to seize any and all intoxicating liquors found therein being transported contrary to law. Whenever intoxicating liquors transported or possessed illegally shall be seized by an officer he shall take possession of the vehicle and team or automobile, boat, air or water craft, or any other conveyance, and shall arrest any person in charge thereof. Such officer shall at once proceed against the person arrested under the provisions of this title in any court having competent jurisdiction; but the said vehicle or conveyance shall be returned to the owner upon execution by him of a good and valid bond, with sufficient sureties, in a sum double the value of the property, which said bond shall be approved by said officer and shall be conditioned to return said property to the custody of said officer on the day of trial to abide the judgment of the court. The court upon conviction of the person so arrested shall order the liquor destroyed, and unless
good cause to the contrary is shown by the owner, shall order a sale by public auction of the property seized, and the officer making the sale, after deducting the expenses of keeping the property, the fee for the seizure, and the cost of the sale, shall pay all liens, according to their priorities, which are established, by intervention or otherwise at said hearing or in other proceeding brought for said purpose, as being bona fide and as having been created without the lienor having any notice that the carrying vehicle was being used or was to be used for illegal transportation of liquor, and shall pay the balance of the proceeds into the Treasury of the United States as miscellaneous receipts. All liens against property sold under the provisions of this section shall be transferred from the property to the proceeds of the sale of the property. If, however, no one shall be found claiming the team, vehicle, water or air craft, or automobile, the taking of the same, with a description thereof, shall be advertised in some newspaper published in the city or county where taken or if there be no newspaper published in such city or county, in a newspaper having circulation in the county, once a week for two weeks and by handbills posted in three public places near the place of seizure, and if no claimant shall appear within ten days after the last publication of the advertisement, the property shall be sold and the proceeds after deducting the expenses and costs shall be paid into the Treasury of the United States as miscellaneous receipts.

No person shall be excused, on the ground that it may tend to incriminate him or subject him to a penalty or forfeiture, from attending and testifying, or producing books, papers, documents, and other evidence in obedience to a subpoena of any court in any suit or proceeding based upon or growing out of any alleged violation of this Act; but no natural person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing as to which, in obedience to a subpoena and under oath, he may so testify or produce evidence, but no person shall be exempt from prosecution and punishment for perjury committed in so testifying.

Sec. 31. In case of a sale of liquor where the delivery thereof was made by a common or other carrier the sale and delivery shall be deemed to be made in the county or district wherein the delivery was made by such carrier to the consignee, his agent or employee, or in the county or district wherein the sale was made, or from which the shipment was made, and prosecution for such sale or delivery may be had in any such county or district.

Sec. 32. In any affidavit, information, or indictment for the violation of this Act, separate offenses may be united in separate counts and the defendant may be tried on all at one trial and the penalty for all offenses may be imposed. It shall not be necessary in any affidavit, information, or indictment to give the name of the purchaser or to include any defensive negative averments, but it shall be sufficient to state that the act complained of was then and there prohibited and unlawful, but this provision shall not be construed to preclude the trial court from directing the furnishing the defendant a bill of particulars when it deems it proper to do so.

Sec. 33. After February 1, 1920, the possession of liquors by any person not legally permitted under this title to possess liquor shall be prima facie evidence that such liquor is kept for the purpose of being sold, bartered, exchanged, given away, furnished, or otherwise disposed of in violation of the provisions of this title. Every person legally permitted under this title to have liquor shall report to the commissioner within ten days after the date when the eighteenth amendment of the Constitution of the United States goes into effect, the kind and amount of intoxicating liquors in his possession. But it shall not be unlawful to possess liquors in one's private dwelling while the same is occupied and used by him as his dwelling only and such liquor need not be reported, provided such liquors are for use only for the personal consumption of the owner thereof and his family residing in such dwelling and of his bona fide guests when entertained by him therein; and the burden of proof shall be upon the possessor in any action concerning the same to prove that such liquor was lawfully acquired, possessed, and used.

Sec. 34. All records and reports kept or filed under the provisions of this Act shall be subject to inspection at any reasonable hour by the commissioner or any of his agents or by any public prosecutor or by any person designated by him, or by any peace officer in the State where the record is kept, and copies of such records and reports duly certified by the person with whom kept or filed may be introduced in evidence with like effect as the originals thereof, and verified copies of such records shall be furnished to the commissioner when called for.

Sec. 35. All provisions of law that are inconsistent with this Act are repealed only to the extent of such inconsistency and the regulations herein provided for the manufacture or traffic in intoxicating liquor shall be construed as in addition to existing laws. shall be issued in advance, but upon evidence of such illegal manufacture or sale a tax shall be assessed against, and collected from, the person responsible for such illegal manufacture or sale in double the amount now provided by law, with an additional penalty of $500 on retail dealers and $1,000 on manufacturers. The payment of such tax or penalty shall give no right to engage in the manufacture or sale of such liquor, or relieve anyone from criminal liability, nor shall this Act relieve any person from any liability, civil or criminal, here-tofore or hereafter incurred under existing laws.

The commissioner, with the approval of the Secretary of the Treasury, may compromise any civil cause arising under this title before bringing action in court; and with the approval of the Attorney General he may compromise any such cause after action thereon has been commenced.

Sec. 36. If any provision of this Act shall be held invalid it shall not be construed to invalidate other provisions of the Act.

Sec. 37. A manufacturer of any beverage containing less than one-half of 1 per centum of alcohol by volume may, on making application and giving such bond as the commissioner shall prescribe, be given a permit to develop in the manufacture thereof by the usual methods of fermentation and fortification or otherwise a liquid such as beer, ale, porter, or wine, containing more than one-half of 1 per centum of alcohol by volume, but before any such liquid is withdrawn from the factory or otherwise disposed of the alcoholic contents thereof shall under such rules and regulations as the commissioner may prescribe be reduced below such one-half of 1 per centum of alcohol: Provided, That such liquid may be removed and transported, under bond and under such regulations as the commissioner may prescribe, from one bonded plant or warehouse to another for the purpose of having the alcohol extracted therefrom. And such liquids may be developed, under permit, by persons other than the manufacturers of beverages containing less than one-half of 1 per centum of alcohol by volume, and sold to such manufacturers for conversion into such beverages. The alcohol removed from such liquid, if evaporated and not condensed and saved, shall not be subject to tax; if saved, it shall be subject to the same law as other alcoholic liquors. Credit shall be allowed on the tax due on any alcohol so saved to the amount of any tax paid upon distilled spirits or brandy used in the fortification of the liquor from which the same is saved.

When fortified wines are made and used for the production of non-beverage alcohol, and dealcoholized wines containing less than one-half of 1 per centum of alcohol by volume, no tax shall be assessed or paid on the spirits used in such fortification, and such dealcoholized wines produced under the provisions of this Act, whether carbonated or not, shall not be subject to the tax on artificially carbonated or sparkling wines, but shall be subject to the tax on still wines only.

In any case where the manufacturer is charged with manufacturing or selling for beverage purposes any malt, vinous, or fermented liquids containing one-half of 1 per centum or more of alcohol by volume, or in any case where the manufacturer, having been permitted by the commissioner to develop a liquid such as ale, beer, porter, or wine containing more than one-half of 1 per centum of alcohol by volume in the manner and for the purpose herein provided, is charged with failure to reduce the alcoholic content of any such liquid below
such one-half of 1 per centum before withdrawing the same from the factory, then in either such case the burden of proof shall be on such manufacturer to show that such liquid so manufactured, sold, or withdrawn contains less than one-half of 1 per centum of alcohol by volume. In any suit or proceeding involving the alcoholic content of any beverage, the reasonable expense of analysis of such beverage shall be taxed as costs in the case.

Sec. 39. In all cases wherein the property of any citizen is proceeded against or wherein a judgment affecting it might be rendered, and the citizen is not the one whoerson violated the provisions of the law, summons must be issued in due form and served personally, if said person is to be found within the jurisdiction of the court.

Provided, however, That no more than two hundred and forty of such monthly installments, including those received by such person during his total and permanent disability, shall be so paid. The amount of the monthly installments shall be apportioned between children as may be provided by regulations: Provided further, That each officer and enlisted man attached to the United States ship Cyclops on the 4th day of March, 1918, and every officer and enlisted man who on said date was a passenger on said vessel shall be deemed to have been granted insurance in the sum of $5,000 permitted under the War Risk Insurance Act.

SEC. 17. That the Bureau of War Risk Insurance may make provision in the contract for converted insurance for optional settlements, to be selected by the insured, whereby such insurance may be made payable either in one sum or in installments for thirty-six months or more. The bureau may also include in said contract a provision authorizing the beneficiary to elect to receive payment of the insurance in installments for thirty-six months or more, but only if the insured has not exercised the right of election as hereinbefore provided; and even though the insured may have exercised his right of election, the said contract may authorize the beneficiary to elect to receive such insurance in installments spread over a greater period of time than that selected by the insured.

SEC. 18. That all premiums paid on account of insurance converted under the provisions of Article IV of the War Risk Insurance Act shall be deposited and covered into the Treasury to the credit of the United States Government life insurance fund and shall be available for the payment of losses, dividends, refunds, and other benefits provided for under such insurance. Payments from this fund shall be made upon and in accordance with awards by the director.

The Bureau of War Risk Insurance is hereby authorized to set aside out of the fund so collected such reserve funds as may be required, under accepted actuarial principles, to meet all liabilities under such insurance; and the Secretary of the Treasury is hereby authorized to invest and reinvest the said United States Government life insurance fund, or any part thereof, in interest-bearing obligations of the United States and to sell the obligations for the purposes of the said fund.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act approved December 23, 1913, known as the Federal Reserve Act, as amended, be further amended by adding a new section as follows:

"Banking corporations authorized to do foreign banking business.

"Sec. 25 (a). Corporations to be organized for the purpose of engaging in international or foreign banking or other international or foreign financial operations, or in banking or other financial operations in a dependency or insular possession of the United States, either directly or through the agency, ownership, or control of local institutions in foreign countries, or in such dependencies or insular possessions as provided by this section, and to act when required by the Secretary of the Treasury as fiscal agents of the United States, may be formed by any number of natural persons, not less in any case than five.

"Such articles of association shall be signed by all of the persons intending to participate in the organization of the corporation and, thereafter, shall be forwarded to the Federal Reserve Board and shall be filed and preserved in its office. chase and sell coin, bullion, and exchange; to borrow and to lend money; to issue debentures, bonds, and promissory notes under such general conditions as to security and such limitations as the Federal Reserve Board may prescribe, but in no event having liabilities outstanding thereon at any one time exceeding ten times its capital stock and surplus; to receive deposits outside of the United States and to receive only such deposits within the United States as may be incidental to or for the purpose of carrying out transactions in foreign countries or dependencies or insular possessions of the United States; and generally to exercise such powers as are incidental to the powers conferred by this Act or as may be usual, in the determination of the Federal Reserve Board, in connection with the transaction of the business of banking or other financial operations in the countries, colonies, dependencies, or possessions in which it shall transact business and not inconsistent with the powers specifically granted herein.

Nothing contained in this section shall be construed to prohibit the Federal Reserve Board, under its power to prescribe rules and regulations, from limiting the aggregate amount of liabilities of any or all classes incurred by the corporation and outstanding at any one time. Whenever a corporation organized under this section receives deposits in the United States authorized by this section it shall carry reserves in such amounts as the Federal Reserve Board may prescribe, but in no event less than 10 per centum of its deposits.

Nothing contained in this section shall prevent corporations organized thereunder from purchasing and holding stock or other certificates of ownership in any other corporation organized under the provisions of this section, or under the laws of any foreign country or a colony or dependency thereof, or under the laws of any State, dependency, or insular possession of the United States but not engaged in the general business of buying or selling goods, wares, merchandise or commodities in the United States, and not transacting any business in the United States except such as in the judgment of the Federal Reserve Board may be incidental to its international or foreign business: Provided, however, That, except with the approval of the Federal Reserve Board, no corporation organized hereunder shall invest in any one corporation an amount in excess of 10 per centum of its own capital and surplus, except in a corporation engaged in the business of banking, when 15 per centum of its capital and surplus may be so invested: Provided further, That no corporation organized hereunder shall purchase, own, or hold stock or certificates of ownership in any other corporation organized hereunder or under the laws of any State which is in substantial competition therewith, or which holds stock of certificates or ownership in corporations which are in substantial competition with the purchasing corporation.

Nothing contained herein shall prevent corporations organized hereunder from purchasing and holding stock in any corporation where such purchase shall be necessary to prevent a loss upon a debt previously contracted in good faith; and stock so purchased or acquired in corporations organized under this section shall within six months from such purchase be sold or disposed of at public or private sale unless the time to so dispose of same is extended by the Federal Reserve Board.
"No corporation organized under this section shall carry on any part of its business in the United States except such as, in the judgment of the Federal Reserve Board, shall be incidental to its international or foreign business: And provided further, That except such as is incidental and preliminary to its organization no such corporation shall exercise any of the powers conferred by this section until it has been duly authorized by the Federal Reserve Board to commence business as a corporation organized under the provisions of this section.

"No corporation organized under this section shall engage in commerce or trade in commodities except as specifically provided in this section, nor shall it either directly or indirectly control or fix or attempt to control or fix the price of any such commodities. It shall be unlawful for any director, officer, agent, or employee of any such corporation to use or to conspire to use the credit, the funds, or the power of the corporation to fix or control the price of any such commodities, and any such person violating this provision shall be liable to a fine of not less than $1,000 and not exceeding $5,000 or imprisonment not less than one year and not exceeding five years, or both, in the discretion of the court.

"No corporation shall be organized under the provisions of this section with a capital stock of less than $2,000,000, one-quarter of which must be paid in before the corporation may be authorized to begin business, and the remainder of the capital stock of such corporation shall be paid in installments of at least 10 per centum on the whole amount to which the corporation shall be limited as frequently as one installment at the end of each succeeding two months from the time of the commencement of its business operations, until the whole of the capital stock shall be paid in. The capital stock of any such corporation may be increased at any time, with the approval of the Federal Reserve Board, by a vote of two-thirds of its shareholders or by unanimous consent in writing of the shareholders without a meeting and without a formal vote, but any such increase of capital shall be fully paid in within ninety days after such approval; and may be reduced in like manner, provided that in no event shall it be less than $2,000,000. No corporation, except as herein provided, shall during the time it shall continue its operations, withdraw or permit to be withdrawn, either in the form of dividends or otherwise, any portion of its capital. Any national banking association may invest in the stock of any corporation organized under the provisions of this section, but the aggregate amount of stock held in all corporations engaged in business of the kind described in this section and in section 25 of the Federal Reserve Act as amended shall not exceed 10 per centum of the subscribing bank's capital and surplus.

"A majority of the shares of the capital stock of any such corporation shall at all times be held and owned by citizens of the United States, by corporations the controlling interest in which is owned by citizens of the United States, chartered under the laws of the United States or of a State of the United States, or by firms or companies, the controlling interest in which is owned by citizens of the United States. serving at the same time as a director or other officer, agent or employee of any corporation organized under the provisions of this section, in whose capital stock such member bank shall have invested; or (2) prohibit any director or other officer, agent, or employee of any corporation organized under the provisions of this section, who has procured the approval of the Federal Reserve Board, from serving at the same time as a director or other officer, agent or employee of any other corporation in whose capital stock such first-mentioned corporation shall have invested under the provisions of this section.

"No member of the Federal Reserve Board shall be an officer or director of any corporation organized under the provisions of this section, or of any corporation engaged in similar business organized under the laws of any State, nor hold stock in any such corporation, and before entering upon his duties as a member of the Federal Reserve Board he shall certify under oath to the Secretary of the Treasury that he has complied with this requirement.

"Shareholders in any corporation organized under the provisions of this section shall be liable for the amount of their unpaid stock subscriptions. No such corporation shall become a member of any Federal reserve bank.

"Should any corporation organized hereunder violate or fail to comply with any of the provisions of this section, all of its rights, privileges, and franchises derived herefrom may thereby be forfeited. Before any such corporation shall be declared dissolved, or its rights, privileges, and franchises forfeited, any noncompliance with, or violation of such laws shall, however, be determined and adjudged by a court of the United States of competent jurisdiction, in a suit brought for that purpose in the district or territory in which the home office of such corporation is located, which suit shall be brought by the United States at the instance of the Federal Reserve Board or the Attorney General. Upon adjudication of such noncompliance or violation, each director and officer who participated in, or assented to, the illegal act or acts, shall be liable in his personal or individual capacity for all damages which the said corporation shall have sustained in consequence thereof. No dissolution shall take away or impair any remedy against the corporation, its stockholders, or officers for any liability or penalty previously incurred.

"Any such corporation may go into voluntary liquidation and be closed by a vote of its shareholders owning two-thirds of its stock.

"Whenever the Federal Reserve Board shall become satisfied of the insolvency of any such corporation, it may appoint a receiver who shall take possession of all of the property and assets of the corporation and exercise the same rights, privileges, powers, and authority with respect thereto as are now exercised by receivers of national banks appointed by the Comptroller of the Currency of the United States: Provided, however, That the assets of the corporation subject to the laws of other countries or jurisdictions shall be dealt with in accordance with the terms of such laws.

"Every corporation organized under the provisions of this section shall hold a meeting of its stockholders annually upon a date fixed in its by-laws, such meeting to be held at its home office in the United States. Every such corporation shall keep at its home office books containing the names of all stockholders thereof, and the names and addresses of the members of its board of directors, together with copies of all reports made by it to the Federal Reserve Board. Every such corporation shall make reports to the Federal Reserve Board at such times and in such form as it may require; and shall be subject to examination once a year and at such other times as may be deemed necessary by the Federal Reserve Board by examiners appointed by the Federal Reserve Board, the cost of such examina-
sions, including the compensation of the examiners, to be fixed by the Federal Reserve Board and to be paid by the corporation examined.

"The directors of any corporation organized under the provisions of this section may, semiannually, declare a dividend of so much of the net profits of the corporation as they shall judge expedient; but each corporation shall, before the declaration of a dividend, carry one-tenth of its net profits of the preceding half year to its surplus fund until the same shall amount to 20 per centum of its capital stock.

"Any corporation organized under the provisions of this section shall be subject to tax by the State within which its home office is located in the same manner and to the same extent as other corporations organized under the laws of that State which are transacting a similar character of business. The shares of stock in such corporation shall also be subject to tax as the personal property of the owners or holders thereof in the same manner and to the same extent as the shares of stock in similar State corporations.

"Any corporation organized under the provisions of this section may at any time within the two years next previous to the date of the expiration of its corporate existence, by a vote of the shareholders owning two-thirds of its stock, apply to the Federal Reserve Board for its approval to extend the period of its corporate existence for a term of not more than twenty years, and upon certified approval of the Federal Reserve Board such corporation shall have its corporate existence for such extended period unless sooner dissolved by the act of the shareholders owning two-thirds of its stock, or by an Act of Congress or unless its franchise becomes forfeited by some violation of law.

"Any bank or banking institution, principally engaged in foreign business, incorporated by special law of any State or of the United States or organized under the general laws of any State or of the United States and having an unimpaired capital sufficient to entitle it to become a corporation under the provisions of this section may, by the vote of the shareholders owning not less than two-thirds of the capital stock of such bank or banking association, with the approval of the Federal Reserve Board, be converted into a Federal corporation of the kind authorized by this section with any name approved by the Federal Reserve Board: Provided, however, That said conversion shall not be in contravention of the State law. In such case the articles of association and organization certificate may be executed by a majority of the directors of the bank or banking institution, and the certificate shall declare that the owners of at least two-thirds of the capital stock have authorized the directors to make such certificate and to change or convert the bank or banking institution into a Federal corporation. A majority of the directors, after executing the articles of association and the organization certificate, shall have power to execute all other papers and to do whatever may be required to make its organization perfect and complete as a Federal corporation. The shares of any such corporation may continue to be for the same amount each as they were before the conversion, and the directors may continue to be directors of the corporation until others are elected or appointed in accordance with the provisions of this section. When the Federal Reserve Board has given to such corporation a certificate that the provisions of this section have been complied with, such corporation and all its stockholders, officers, and employees, shall have the same powers and privileges, and shall be subject to the same duties, liabilities, and regulations, in all respects, as shall have been prescribed by this section for corporations originally organized hereunder.
"Every officer, director, clerk, employee, or agent of any corporation organized under this section who embezzles, abstracts, or willfully misapplies any of the moneys, funds, credits, securities, evidences of indebtedness or assets of any character of such corporation; or who, without authority from the directors, issues or puts forth any certificate of deposit, draws any order or bill of exchange, makes any acceptance, assigns any note, bond, debenture, draft, bill of exchange, mortgage, judgment, or decree; or who makes any false entry in any book, report, or statement of such corporation with intent, in either case, to injure or defraud such corporation or any other company, body politic or corporate, or any individual person, or to deceive any officer of such corporation, the Federal Reserve Board, or any agent or examiner appointed to examine the affairs of any such corporation; and every receiver of any such corporation and every clerk or employee of such receiver who shall embezzle, abstract, or willfully misapply or wrongfully convert to his own use any moneys, funds, credits, or assets of any character which may come into his possession or under his control in the execution of his trust or the performance of the duties of his employment; and every such receiver or clerk or employee of such receiver who shall, with intent to injure or defraud any person, body politic or corporate, or to deceive or mislead the Federal Reserve Board, or any agent or examiner appointed to examine the affairs of such receiver, shall make any false entry in any book, report, or record of any matter connected with the duties of such receiver; and every person who with like intent aids or abets any officer, director, clerk, employee, or agent of any corporation organized under this section, or receiver or clerk or employee of such receiver as aforesaid in any violation of this section, shall upon conviction thereof be imprisoned for not less than two years nor more than ten years, and may also be fined not more than $5,000, in the discretion of the court.

"Whoever being connected in any capacity with any corporation organized under this section represents in any way that the United States is liable for the payment of any bond or other obligation, or the interest thereon, issued or incurred by any corporation organized hereunder, or that the United States incurs any liability in respect of any act or omission of the corporation, shall be punished by a fine or not more than $10,000 and by imprisonment for not more than five years."

drainage charges, penalties, interest, and costs for which the lands
were sold, and if the lands were bid in for the drainage district, an
additional amount equal to 6 per centum per annum on the sum for
which the lands were sold from the date of such sale, said applicant
shall become subrogated to the rights of such purchaser and shall
be entitled to receive a patent for not more than one hundred and
sixty acres of said lands. When payment is made to effect subro-
gation as herein provided the register and receiver of the United States
land office shall serve notice upon the purchaser that an application
for patent for the lands purchased by him has been filed, and that
the amount of the drainage charges, penalties, interests, and costs of
the sale will be paid to him upon submission of proof of purchase
and payment by him of said sums. The receiver shall make such
payment as soon as said requirement shall have been fulfilled. If
the lands were bid in for a drainage district, the receiver will pay to
the proper county officers the amount of the drainage charges, penal-
ties, and interests and costs of sale, together with the additional sum
of 6 per centum per annum, to which said drainage district is entitled.
All remaining moneys to which the United States may be entitled
shall be covered into the United States Treasury and applied as
provided by law for the disposal of the proceeds from the sale of
public lands.

of the district in which the lands are situated where any of the lands
subject to the operation of this Act are affected, and the United States

That for the privilege of securing such changes of name the following fees shall be paid by the owners of vessels to collectors of customs, to be deposited in the Treasury by such collectors as navigation fees: For vessels ninety-nine gross tons and under, $10; for vessels one hundred gross tons and up to and including four hundred and ninety-nine gross tons, $25; for vessels five hundred gross tons and up to and including nine hundred and ninety-nine gross tons, $50; for vessels one thousand gross tons and up to and including four thousand nine hundred and ninety-nine gross tons, $75; for vessels five thousand gross tons and over, $100.

Sec. 4. That sections 1 and 2 of the Act of March 2, 1881, entitled "An Act to authorize the Secretary of the Treasury to change the name of vessels under certain circumstances," and section 5 of the Act of July 5, 1884, entitled "An Act to constitute a Bureau of Navigation in the Treasury Department," are hereby repealed.

Sec. 5. That this Act shall take effect thirty days after its passage.

Approved, February 19, 1920.

lachian Forest Act, approved March 1, 1911 (Thirty-sixth Statutes, page 961), and those in national parks, and in lands withdrawn or reserved for military or naval uses or purposes, except as uses or purposes, except as herein- after provided, shall be subject to disposition in the form and manner provided by this Act to citizens of the United States, or to any association of such persons, or to any corporation organized under the laws of the United States, or of any State or Territory thereof, and in the case of coal, oil, oil shale, or gas, to municipalities: Provided, That the United States reserves the right to extract helium from all gas produced from lands permitted, leased, or otherwise granted under the provisions of this Act, under such rules and regulations as shall be prescribed by the Secretary of the Interior: Provided further, That in the extraction of helium from gas produced from such lands, it shall be so extracted as to cause no substantial delay in the delivery of gas produced from the well to the purchaser thereof: And provided further, That citizens of another country, the laws, customs, or regulations of which, deny similar or like privileges to citizens or corporations of this country, shall not by stock ownership, stock holding, or stock control, own any interest in any lease acquired under the provisions of this Act.

SEC. 2. That the Secretary of the Interior is authorized to, and upon the petition of any qualified applicant shall, divide any of the coal lands or the deposits of coal, classified and unclassified, owned by the United States, outside of the Territory of Alaska, into leasing tracts of forty acres each, or multiples thereof, and in such form as, in the opinion of the Secretary of the Interior, will permit the most economical mining of the coal in such tracts, but in no case exceeding two thousand five hundred and sixty acres in any one leasing tract, and thereafter the Secretary of the Interior shall, in his discretion, upon the request of any qualified applicant or on his own motion, from time to time, offer such lands or deposits of coal for leasing, and shall award leases thereon by competitive bidding or by such other methods as he may by general regulations adopt, to any qualified applicant: Provided, That the Secretary is hereby authorized, in awarding leases for coal lands heretofore improved and occupied or claimed in good faith, to consider and recognize equitable rights of such occupants or claimants: Provided further, That where prospecting or exploratory work is necessary to determine the existence or workability of coal deposits in any unclaimed, undeveloped area, the Secretary of the Interior may issue, to applicants qualified under this Act, prospecting permits for a term of two years, for not exceeding two thousand five hundred and sixty acres; and if within said period of two years thereafter, the permittee shows to the Secretary that the land contains coal in commercial quantities, the permittee shall be entitled to a lease under this Act for all or part of the land in his permit: And provided further, That no lease of coal under this Act shall be approved or issued until after notice of the proposed lease, or offering for lease, has been given for thirty days in a newspaper of general circulation in the county in which the lands or deposits are situated: And provided further, That no company or corporation operating a common carrier railroad shall be given or hold a permit or lease under the provisions of this Act for any coal deposits except for its own use for railroad purposes; and such limitations of use shall be expressed in all permits and leases issued to such companies or corporations, and no such company or corporation shall receive or hold more than one permit or lease for each two hundred miles of its railroad line within the State in which said property is situated, exclusive of
spurs or switches and exclusive of branch lines built to connect the leased coal with the railroad, and also exclusive of parts of the railroad operated mainly by power produced otherwise than by steam: And provided further, That nothing herein shall preclude such a railroad of less than two hundred miles in length from securing and holding one permit or lease hereunder.

Sec. 3. That any person, association, or corporation holding a lease of coal lands or coal deposits under this Act may, with the approval of the Secretary of the Interior, upon a finding by him that it will be for the advantage of the lessee and the United States, secure modifications of his or its original lease by including additional coal lands or coal deposits contiguous to those embraced in such lease, but in no event shall the total area embraced in such modified lease exceed in the aggregate two thousand five hundred and sixty acres.

Sec. 4. That upon satisfactory showing by any lessee to the Secretary of the Interior that all of the workable deposits of coal within a tract covered by his or its lease will be exhausted, worked out, or removed within three years thereafter, the Secretary of the Interior may, within his discretion, lease to such lessee an additional tract of land or coal deposits, which, including the coal area remaining in the existing lease, shall not exceed two thousand five hundred and sixty acres, through the same procedure and under the same conditions as in case of an original lease.

Sec. 5. That if, in the judgment of the Secretary of the Interior, the public interest will be subserved thereby, lessees holding under lease areas not exceeding the maximum permitted under this Act may consolidate their leases through the surrender of the original leases and the inclusion of such areas in a new lease of not to exceed two thousand five hundred and sixty acres of contiguous lands.

Sec. 6. That where coal or phosphate lands aggregating two thousand five hundred and sixty acres and subject to lease hereunder do not exist as contiguous areas, the Secretary of the Interior is authorized, if, in his opinion the interests of the public and of the lessee will be thereby subserved, to embrace in a single lease noncontiguous tracts which can be operated as a single mine or unit.

Sec. 7. That for the privilege of mining or extracting the coal in the lands covered by the lease the lessee shall pay to the United States such royalties as may be specified in the lease, which shall be fixed in advance of offering the same, and which shall not be less than 5 cents per ton of two thousand pounds, due and payable at the end of each third month succeeding that of the extraction of the coal from the mine, and an annual rental, payable at the date of such lease and annually thereafter, on the lands or coal deposits covered by such lease, at a rate or rates as may be fixed by the Secretary of the Interior prior to offering the same, which shall not be less than 25 cents per acre for the first year thereafter, not less than 50 cents per acre for the second, third, fourth, and fifth years, respectively, and not less than $1 per acre for each and every year thereafter during the continuance of the lease, except that such rental for any year shall be credited against the royalties as they accrue for that year. Leases shall be for indeterminate periods upon condition of diligent development and continued operation of the mine or mines, except when such operation shall be interrupted by strikes, the elements, or casualties not attributable to the lessee, and upon the further condition that at the end of each twenty-year period succeeding the date of the lease such readjustment of terms and conditions may be made as the Secretary of the Interior may determine, unless otherwise provided by law at the time of the expiration of such periods: Provided, That the Secretary of the Interior may, if in his judgment the public inter-

SEC. 8. That in order to provide for the supply of strictly local domestic needs for fuel, the Secretary of the Interior may, under such rules and regulations as he may prescribe in advance, issue limited licenses or permits to individuals or associations of individuals to prospect for, mine, and take for their use but not for sale, coal from the public lands without payment of royalty for the coal mined or the land occupied, on such conditions not inconsistent with this Act as in his opinion will safeguard the public interests: Provided, That this privilege shall not extend to any corporations: Provided further, That in the case of municipal corporations the Secretary of the Interior may issue such limited license or permit, for not to exceed three hundred and twenty acres for a municipality of less than one hundred thousand population, and not to exceed one thousand two hundred and eighty acres for a municipality of one hundred and fifty thousand population or more, the land to be selected within the State wherein the municipal applicant may be located, upon condition that such municipal corporations will mine the coal therein under proper conditions and dispose of the same without profit to residents of such municipality for household use: And provided further, That the acquisition or holding of a lease under the preceding sections of this Act shall be no bar to the holding of such tract or operation of such mine under said limited license.

Phosphates.

SEC. 9. That the Secretary of the Interior is hereby authorized to lease to any applicant qualified under this Act any lands belonging to the United States containing deposits of phosphates, under such restrictions and upon such terms as are herein specified, through advertisement, competitive bidding, or such other methods as the Secretary of the Interior may by general regulation adopt.

SEC. 10. That each lease shall be for not to exceed two thousand five hundred and sixty acres of land to be described by the legal subdivisions of the public land surveys, if surveyed; if unsurveyed, to be surveyed by the Government at the expense of the applicant for lease, in accordance with rules and regulations prescribed by the Secretary of the Interior and the lands leased shall be conformed to and taken in accordance with the legal subdivisions of such survey; deposits made to cover expense of surveys shall be deemed appropriated for that purpose; and any excess deposits shall be repaid to the person, association, or corporation making such deposits or their legal representatives: Provided, That the land embraced in any one lease shall be in compact form, the length of which shall not exceed two and one half times its width.

SEC. 11. That for the privilege of mining or extracting the phosphates or phosphate rock covered by the lease the lessee shall pay to the United States such royalties as may be specified in the lease, which shall be fixed by the Secretary of the Interior in advance of offering the same, which shall be not less than 2 per centum of the gross value of the output of phosphates or phosphate rock at the mine, due and payable at the end of each third month succeeding that of
the sale or other disposition of the phosphates or phosphate rock, and an annual rental payable at the date of such lease and annually thereafter on the area covered by such lease at such rate as may be fixed by the Secretary of the Interior prior to offering the lease, which shall be not less than 25 cents per acre for the first year thereafter, 50 cents per acre for the second, third, fourth, and fifth years, respectively, and $1 per acre for each and every year thereafter during the continuance of the lease, except that such rental for any year shall be credited against the royalties as they accrue for that year. Leases shall be for indeterminate periods upon condition of a minimum annual production, except when operation shall be interrupted by strikes, the elements, or casualties not attributable to the lessee, and upon the further condition that at the end of each twenty-year period succeeding the date of the lease such readjustment of terms and conditions shall be made as the Secretary of the Interior shall determine unless otherwise provided by law at the time of the expiration of such periods: Provided, That the Secretary of the Interior may permit suspension of operation under such lease for not exceeding twelve months at any one time when market conditions are such that the lease can not be operated except at a loss.

Sec. 12. That any qualified applicant to whom the Secretary of the Interior may grant a lease to develop and extract phosphates, or phosphate rock, under the provisions of this Act shall have the right to use so much of the surface of unappropriated and unentered lands, not exceeding forty acres, as may be determined by the Secretary of the Interior to be necessary for the proper prospecting for or development, extraction, treatment, and removal of such mineral deposits.

OIL AND GAS.

Sec. 13. That the Secretary of the Interior is hereby authorized, under such necessary and proper rules and regulations as he may prescribe, to grant to any applicant qualified under this Act a prospecting permit, which shall give the exclusive right, for a period not exceeding two years, to prospect for oil or gas upon not to exceed two thousand five hundred and sixty acres of land wherein such deposits belong to the United States and are not within any known geological structure of a producing oil or gas field upon condition that the permittee shall begin drilling operations within six months from the date of the permit, and shall, within one year from and after the date of permit, drill one or more wells for oil or gas to a depth of not less than five hundred feet each, unless valuable deposits of oil or gas shall be sooner discovered, and shall, within two years from date of the permit, drill for oil or gas to an aggregate depth of not less than two thousand feet unless valuable deposits of oil or gas shall be sooner discovered. The Secretary of the Interior may, if he shall find that the permittee has been unable with the exercise of diligence to test the land in the time granted by the permit, extend any such permit for such time, not exceeding two years, and upon such conditions as he shall prescribe. Whether the lands sought in any such application and permit are surveyed or unsurveyed the applicant shall, prior to filing his application for permit, locate such lands in a reasonably compact form and according to the legal subdivisions of the public land surveys if the land be surveyed; and in an approximately square or rectangular tract if the land be an unsurveyed tract, the length of which shall not exceed two and one-half times its width, and if he shall cause to be erected upon the land for which a permit is sought a monument not less than four feet high, at some conspicuous place thereon, and shall post a notice in writing on or near said monument, stating that an application for permit will be made within thirty days after date of posting said notice, the
name of the applicant, the date of the notice, and such a general description of the land to be covered by such permit by reference to courses and distances from such monument and such other natural objects and permanent monuments as will reasonably identify the land, stating the amount thereof in acres, he shall during the period of thirty days following such marking and posting, be entitled to a preference right over others to a permit for the land so identified. The applicant shall, within ninety days after receiving a permit, mark each of the corners of the tract described in the permit upon the ground with substantial monuments, so that the boundaries can be readily traced on the ground, and shall post in a conspicuous place upon the lands a notice that such permit has been granted and a description of the lands covered thereby: Provided, That in the Territory of Alaska prospecting permits not more than five in number may be granted to any qualified applicant for periods not exceeding four years, actual drilling operations shall begin within two years from date of permit, and oil and gas wells shall be drilled to a depth of not less than five hundred feet, unless valuable deposits of oil or gas shall be sooner discovered, within three years from date of the permit and to an aggregate depth of not less than two thousand feet unless valuable deposits of oil or gas shall be sooner discovered, within four years from date of permit: Provided further, That in said Territory the applicant shall have a preference right over others to a permit for land identified by temporary monuments and notice posted on or near the same for six months following such marking and posting, and upon receiving a permit he shall mark the corners of the tract described in the permit upon the ground with substantial monuments within one year after receiving such permit.

Sec. 14. That upon establishing to the satisfaction of the Secretary of the Interior that valuable deposits of oil or gas have been discovered within the limits of the land embraced in any permit, the permittee shall be entitled to a lease for one-fourth of the land embraced in the prospecting permit: Provided, That the permittee shall be granted a lease for as much as one hundred and sixty acres of said lands, if there be that number of acres within the permit. The area to be selected by the permittee, shall be in compact form and, if surveyed, to be described by the legal subdivisions of the public-land surveys; if unsurveyed, to be surveyed by the Government at the expense of the applicant for lease in accordance with rules and regulations to be prescribed by the Secretary of the Interior and the lands leased shall be conformed to and taken in accordance with the legal subdivisions of such surveys; deposits made to cover expense of surveys shall be deemed appropriated for that purpose, and any excess deposits may be repaid to the person or persons making such deposit or their legal representatives. Such leases shall be for a term of twenty years upon a royalty of 5 per centum in amount or value of the production and the annual payment in advance of a rental of $1 per acre, the rental paid for any one year to be credited against the royalties as they accrue for that year, with the right of renewal as prescribed in section 17 hereof. The permittee shall also be entitled to a preference right to a lease for the remainder of the land in his prospecting permit at a royalty of not less than 12½ per centum in amount or value of the production, and under such other conditions as are fixed for oil or gas leases in this Act, the royalty to be determined by competitive bidding or fixed by such other method as the Secretary may by regulations prescribe: Provided, That the Secretary shall have the right to reject any or all bids.

Sec. 15. That until the permittees shall apply for lease to the one quarter of the permit area heretofore provided for he shall pay to the United States 20 per centum of the gross value of all oil or gas...
secured by him from the lands embraced within his permit and sold or otherwise disposed of or held by him for sale or other disposition.

Sec. 16. That all permits and leases of lands containing oil or gas, made or issued under the provisions of this Act, shall be subject to the condition that no wells shall be drilled within two hundred feet of any of the outer boundaries of the lands so permitted or leased, unless the adjoining lands have been patented or the title thereto otherwise vested in private owners, and to the further condition that the permittee or lessee will, in conducting his explorations and mining operations, use all reasonable precautions to prevent waste of oil or gas developed in the land, or the entrance of water through wells drilled by him to the oil sands or oil-bearing strata, to the destruction or injury of the oil deposits. Violations of the provisions of this section shall constitute grounds for the forfeiture of the permit or lease, to be enforced through appropriate proceedings in courts of competent jurisdiction.

Sec. 17. That all unappropriated deposits of oil or gas situated within the known geologic structure of a producing oil or gas field and the unentered lands containing the same, not subject to preferential lease, may be leased by the Secretary of the Interior to the highest responsible bidder by competitive bidding under general regulations to qualified applicants in areas not exceeding six hundred and forty acres and in tracts which shall not exceed in length two and one-half times their width, such leases to be conditioned upon the payment by the lessee of such bonus as may be accepted and of such royalty as may be fixed in the lease, which shall not be less than 12.5 per centum in amount or value of the production, and the payment in advance of a rental of not less than $1 per acre per annum thereafter during the continuance of the lease, the rental paid for any one year to be credited against the royalties as they accru[e] for that year. Leases shall be for a period of twenty years, with the preferential right in the lessee to renew the same for successive periods of ten years upon such reasonable terms and conditions as may be prescribed by the Secretary of the Interior, unless otherwise provided by law at the time of the expiration of such periods. Whenever the average daily production of any oil well shall not exceed ten barrels per day, the Secretary of the Interior is authorized to reduce the royalty on future production when in his judgment the wells can not be successfully operated upon the royalty fixed in the lease. The provisions of this paragraph shall apply to all oil and gas leases made under this Act.

Sec. 18. That upon relinquishment to the United States, filed in the General Land Office within six months after the approval of this Act, of all right, title, and interest claimed and possessed prior to July 3, 1910, and continuously since by the claimant or his predecessor in interest under the preexisting placer mining law to any oil or gas bearing land upon which there has been drilled one or more oil or gas wells to discovery embraced in the Executive order of withdrawal issued September 27, 1909, and not within any naval petroleum reserve, and upon payment as royalty to the United States of an amount equal to the value at the time of production of one-eighth of all the oil or gas already produced except oil or gas used for production purposes on the claim, or unavoidably lost, from such land, the claimant, or his successor, if in possession of such land, undisputed by any other claimant prior to July 1, 1919, shall be entitled to a lease thereon from the United States for a period of twenty years, at a royalty of not less than 12.5 per centum of all the oil or gas produced except oil or gas used for production purposes on the claim, or unavoidably lost: Provided, That not more than one-half of the area, but in no case to exceed three thousand two hundred acres, within the geologic oil or gas structure of a producing oil or gas field shall be leased to any one claimant under the provision of

this section when the area of such geologic oil structure exceeds six hundred and forty acres. Any claimant or his successor, subject to this limitation, shall, however, have the right to select and receive the lease as in this section provided for that portion of his claim or claims equal to, but not in excess of, said one-half of the area of such geologic oil structure, but not more than three thousand two hundred acres.

All such leases shall be made and the amount of royalty to be paid for oil and gas produced, except oil or gas used for production purposes on the claim, or unavoidably lost, after the execution of such lease shall be fixed by the Secretary of the Interior under appropriate rules and regulations: Provided, however, That as to all like claims situate within any naval petroleum reserve the producing wells thereon only shall be leased, together with an area of land sufficient for the operation thereof, upon the terms and payment of royalties for past and future production as herein provided for in the leasing of claims. No wells shall be drilled in the land subject to this provision within six hundred and sixty feet of any such leased well without the consent of the lessee: Provided, however, That the President may, in his discretion, lease the remainder or any part of any such claim upon which such wells have been drilled, and in the event of such leasing said claimant or his successor shall have a preference right to such lease: And provided further, That he may permit the drilling of additional wells by the claimant or his successor within the limited area of six hundred and sixty feet theretofore provided for upon such terms and conditions as he may prescribe.

No claimant for a lease who has been guilty of any fraud or who had knowledge or reasonable grounds to know of any fraud, or who has not acted honestly and in good faith, shall be entitled to any of the benefits of this section.

Upon the delivery and acceptance of the lease, as in this section provided, all suits brought by the Government affecting such lands may be settled and adjusted in accordance herewith and all moneys impounded in such suits or under the Act entitled "An Act to amend an Act entitled "An Act to protect the locators in good faith of oil and gas lands who shall have effected an actual discovery of oil or gas on the public lands of the United States, or their successors in interest," approved March 2, 1911," approved August 25, 1914 (Thirty-eighth Statutes at Large, page 708), shall be paid over to the parties entitled thereto. In case of conflicting claimants for leases under this section, the Secretary of the Interior is authorized to grant leases to one or more of them as shall be deemed just. All leases hereunder shall inure to the benefit of the claimant and all persons claiming through or under him by lease, contract, or otherwise, as their interests may appear, subject, however, to the same limitation as to area and acreage as is provided for claimant in this section: Provided, That no claimant acquiring any interest in such lands since September 1, 1919, from a claimant on or since said date claiming or holding more than the maximum allowed claimant under this section shall secure a lease thereon or any interest therein, but the inhibition of this proviso shall not apply to an exchange of any interest in such lands made prior to the 1st day of January, 1920, which did not increase or reduce the area or acreage held or claimed in excess of said maximum by either party to the exchange: Provided further, That no lease or leases under this section shall be granted, nor shall any interest therein, inure to any person, association, or corporation for a greater aggregate area or acreage than the maximum in this section provided for.

Sec. 18a. That whenever the validity of any gas or petroleum placer claim under preexisting law to land embraced in the Executive
order of withdrawal issued September 27, 1909, has been or may hereafter be drawn in question on behalf of the United States in any departmental or judicial proceedings, the President is hereby authorized at any time within twelve months after the approval of this Act to direct the compromise and settlement of any such controversy upon such terms and conditions as may be agreed upon, to be carried out by an exchange or division of land or division of the proceeds of operation.

SEC. 19. That any person who on October 1, 1919, was a bona fide occupant or claimant of oil or gas lands under a claim initiated while such lands were not withdrawn from oil or gas location and entry, and who had previously performed all acts under then existing laws necessary to valid locations thereof except to make discovery, and upon which discovery had not been made prior to the passage of this Act, and who has performed work or expended on or for the benefit of such locations an amount equal in the aggregate of $250 for each location if application therefor shall be made within six months from the passage of this Act shall be entitled to prospecting permits thereon upon the same terms and conditions, and limitations as to acreage, as other permits provided for in this Act, or where any such person has heretofore made such discovery, he shall be entitled to a lease thereon under such terms as the Secretary of the Interior may prescribe unless otherwise provided for in section 18 hereof: Provided, That where such prospecting permit is granted upon land within any known geologic structure of a producing oil or gas field, the royalty to be fixed in any lease thereafter granted thereon or any portion thereof shall be not less than 12½ per centum of all the oil or gas produced except oil or gas used for production purposes on the claim, or unavoidably lost: Provided, however, that the provisions of this section shall not apply to lands reserved for the use of the Navy.

SEC. 20. In the case of lands bona fide entered as agricultural, and not withdrawn or classified as mineral at the time of entry, but not including lands claimed under any railroad grant, the entryman or patentee, or assigns, where assignment was made prior to January 1, 1918, if the entry has been patented with the mineral right reserved, shall be entitled to a preference right to a permit and to a lease, as herein provided, in case of discovery; and within an area not greater than a township such entryman and patentees, or assigns holding restricted patents may combine their holdings, not to exceed two thousand five hundred and sixty acres for the purpose of making joint application. Leases executed under this section and embracing only lands so entered shall provide for the payment of a royalty of not less than 12½ per centum as to such areas within the permit as may not be included within the discovery lease to which the permittee is entitled under section 14 hereof.

OIL SHALE.

SEC. 21. That the Secretary of the Interior is hereby authorized to lease to any person or corporation qualified under this Act any deposits of oil shale belonging to the United States and the surface of so much of the public lands containing such deposits, or land adjacent thereto, as may be required for the extraction and reduction of the leased minerals, under such rules and regulations, not inconsistent with this
Act, as he may prescribe; that no lease hereunder shall exceed five thousand one hundred and twenty acres of land, to be described by the legal subdivisions of the public-land surveys, or if unsurveyed, to be surveyed by the United States, at the expense of the applicant, in accordance with regulations to be prescribed by the Secretary of the Interior. Leases may be for indeterminate periods, upon such conditions as may be imposed by the Secretary of the Interior, including covenants relative to methods of mining, prevention of waste, and productive development. For the privilege of mining, extracting, and disposing of the oil or other minerals covered by a lease under this section the lessee shall pay to the United States such royalties as shall be specified in the lease and an annual rental, payable at the beginning of each year, at the rate of 50 cents per acre per annum, for the lands included in the lease, the rental paid for any one year to be credited against the royalties accruing for that year; such royalties to be subject to readjustment at the end of each twenty-year period by the Secretary of the Interior: Provided, That for the purpose of encouraging the production of petroleum products from shales the Secretary may, in his discretion, waive the payment of any royalty and rental during the first five years of any lease: Provided, That any person having a valid claim to such minerals under existing laws on January 1, 1919, shall, upon the relinquishment of such claim, be entitled to a lease under the provisions of this section for such area of the land relinquished as shall not exceed the maximum area authorized by this section to be leased to an individual or corporation: Provided, however, That no claimant for a lease who has been guilty of any fraud or who had knowledge or reasonable grounds to know of any fraud, or who has not acted honestly and in good faith, shall be entitled to any of the benefits of this section: Provided further, That not more than one lease shall be granted under this section to any one person, association, or corporation.

Alaska oil deposits.

Sec. 22. That any bona fide occupant or claimant of oil or gas bearing lands in the Territory of Alaska, who, or whose predecessors in interest, prior to withdrawal had complied otherwise with the requirements of the mining laws, but had made no discovery of oil or gas in wells and who prior to withdrawal had made substantial improvements for the discovery of oil or gas on or for each location or had prior to the passage of this Act expended not less than $250 in improvements on or for each location shall be entitled, upon relinquishment or surrender to the United States within one year from the date of this Act, or within six months after final denial or withdrawal of application for patent, to a prospecting permit or permits, lease or leases, under this Act covering such lands, not exceeding five permits or leases in number and not exceeding an aggregate of one thousand two hundred and eighty acres in each: Provided, That leases in Alaska under this Act whether as a result of prospecting permits or otherwise shall be upon such rental and royalties as shall be fixed by the Secretary of the Interior and specified in the lease, and be subject to readjustment at the end of each twenty-year period of the lease: Provided further, That for the purpose of encouraging the production of petroleum products in Alaska the Secretary may, in his discretion, waive the payment of any rental or royalty not exceeding the first five years of any lease.

No claimant for a lease who has been guilty of any fraud or who has knowledge or reasonable grounds to know of any fraud, or who has not acted honestly and in good faith, shall be entitled to any of the benefits of this section.
SODIUM.

Sec. 23. The term "Commission" means the Interstate Commerce Commission.

TITLE II.—TERMINATION OF FEDERAL CONTROL

Sec. 200. (a) Federal control shall terminate at 12.01 a. m., March 1, 1920; and the President shall then relinquish possession and control of all railroads and systems of transportation then under Federal control and cease the use and operation thereof.

(b) Thereafter the President shall not have or exercise any of the powers conferred upon him by the Federal Control Act relating—

(1) To the use or operation of railroads or systems of transportation;

(2) To the control or supervision of the carriers owning or operating them, or of the business or affairs of such carriers;

(3) To their rates, fares, charges, classifications, regulations, or practices;

(4) To the purchase, construction, or other acquisition of boats, barges, tugs, and other transportation facilities on the inland, canal, or coastwise waterways; or (except in pursuance of contracts or agreements entered into before the termination of Federal control) of terminals, motive power, cars, or equipment, on or in connection with any railroad or system of transportation;

(5) To the utilization or operation of canals;

(6) To the purchase of securities of carriers, except in pursuance of contracts or agreements entered into before the termination of Federal control, or as a necessary or proper incident to the adjustment, settlement, liquidation and winding up of matters arising out of Federal control; or

(7) To the use for any of the purposes above stated (except in pursuance of contracts or agreements entered into before the termination of Federal control, and except as a necessary or proper incident to the winding up or settling of matters arising out of Federal control, and except as provided in section 202) of the revolving fund created by such Act, or of any of the additions thereto made under such Act, or by the Act entitled "An Act to supply a deficiency in the appropriation for carrying out the Act entitled 'An Act to provide for the operation of transportation systems while under Federal control, for the just compensation of their owners, and for other purposes,' approved March 21, 1918," approved June 30, 1919.

(c) Nothing in this Act shall be construed as affecting or limiting the power of the President in time of war (under section 1 of the Act entitled "An Act making appropriations for the support of the

Inland waterways.

GOVERNMENT-OWNED BOATS ON INLAND WATERWAYS.

SEC. 201. (a) On the termination of Federal control, as provided in section 200, all boats, barges, tugs, and other transportation facilities, on the inland, canal, and coastwise waterways (hereinafter in this section called "transportation facilities") acquired by the United States in pursuance of the fourth paragraph of section 6 of the Federal Control Act (except the transportation facilities constituting parts of railroads or transportation systems over which Federal control was assumed) are transferred to the Secretary of War, who shall operate or cause to be operated such transportation facilities so that the lines of inland water transportation established by or through the President during Federal control shall be continued, and assume and carry out all contracts and agreements in relation thereto entered into by or through the President in pursuance of such paragraph prior to the time above fixed for such transfer.

All payments under the terms of such contracts, and for claims arising out of the operation of such transportation facilities by or through the President prior to the termination of Federal control, shall be made out of moneys available under the provisions of this Act for adjusting, settling, liquidating, and winding up matters arising out of or incidental to Federal control. Moneys required for such payments shall, from time to time, be transferred to the Secretary of War as required for payment under the terms of such contracts.

(b) All other payments after such transfer in connection with the construction, utilization, and operation of any such transportation facilities, whether completed or under construction, shall be made by the Secretary of War out of funds now or hereafter made available for that purpose.

(c) The Secretary of War is hereby authorized, out of any moneys hereafter made available therefor, to construct or contract for the construction of terminal facilities for the interchange of traffic between the transportation facilities operated by him under this section and other carriers whether by rail or water, and to make loans for such purposes under such terms and conditions as he may determine to any State whose constitution prohibits the ownership of such terminal facilities by other than the State or a political subdivision thereof.

(d) Any transportation facilities owned by the United States and included within any contract made by the United States for operation on the Mississippi River above Saint Louis, the possession of which reverts to the United States at or before the expiration of such contract, shall be operated by the Secretary of War so as to provide facilities for water carriage on the Mississippi River above Saint Louis.

(e) The operation of the transportation facilities referred to in this section shall be subject to the provisions of the Interstate Commerce Act as amended by this Act or by subsequent legislation, and to the provisions of the "Shipping Act, 1916," as now or hereafter amended, in the same manner and to the same extent as if such transportation facilities were privately owned and operated; and all such vessels while operated and employed solely as merchant vessels shall be subject to all other laws, regulations, and liabilities governing merchant vessels, whether the United States is interested therein as owner, in whole or in part, or holds any mortgage, lien, or interest therein. For the performance of the duties imposed by this section the Secretary of War is authorized to appoint or employ such num-
SETTLEMENT OF MATTERS ARISING OUT OF FEDERAL CONTROL.

Sec. 202. The President shall, as soon as practicable after the termination of Federal control, adjust, settle, liquidate, and wind up all matters, including compensation, and all questions and disputes of whatsoever nature, arising out of or incident to Federal control. For these purposes and for the purpose of making the payments specified in subdivision (a) of section 201, all unexpended balances in the revolving fund created by the Federal Control Act or of the moneys appropriated by the Act entitled "An Act to supply a deficiency in the appropriation for carrying out the Act entitled 'An Act to provide for the operation of transportation systems while under Federal control, for the just compensation of their owners, and for other purposes,' approved March 21, 1918," approved June 30, 1919, are hereby reappropriated and made available until expended; and all moneys derived from the operation of the carriers or otherwise arising out of Federal control, and all moneys that have been or may be received in payment of the indebtedness of any carrier to the United States arising out of Federal control, shall be and remain available until expended for the aforesaid purposes; and there is hereby appropriated for the aforesaid purposes, out of any money in the Treasury not otherwise appropriated, $200,000,000 in addition to the above, to be available until expended.

COMPENSATION OF CARRIERS WITH WHICH NO CONTRACT MADE.

Sec. 203. (a) Upon the request of any carrier entitled to just compensation under the Federal Control Act, but with which no contract fixing or waiving compensation has been made and which has made no waiver of compensation, the President: (1) shall pay to it so much of the amount he may determine to be just compensation as may be necessary to enable such carrier to have the sums required for interest, taxes, and other corporate charges and expenses referred to in paragraph (b) of section 7 of the standard contract between the United States and the carriers, accruing during the period for which such carrier is entitled to just compensation under the Federal Control Act, and also the sums required for dividends declared and paid during the same period, including, also, in addition, a sum equal to that proportion of such last dividend which the period between its payment and the termination of the period for which the carrier is entitled to just compensation under the Federal Control Act bears to the last dividend period; and (2) may, in his discretion, pay to such carrier the whole or any part of the remainder of such estimated amount of just compensation.

(b) The acceptance of any benefits by a carrier under this section—
(1) shall not deprive it of the right to claim additional compensation, which, unless agreed upon, shall be ascertained in the manner provided in section 3 of the Federal Control Act; but
(2) shall constitute an acceptance by the carrier of all the provisions of the Federal Control Act as modified by this Act, and obligate the carrier to pay to the United States, with interest at the rate of 6 per centum per annum from a date or dates fixed in proceedings under section 3 of the Federal Control Act, the amount by which the sums received on account of such compensation, under this section or otherwise, exceed the sum found due in such proceedings.
TRANSPORTATION ACT, Deficits during Federal control.

Meaning of terms. "Carrier." Competing road which sustained deficit during Federal control.

Meaning of terms. "Carrier." The term "carrier" means a carrier by railroad which, during any part of the period of Federal control, engaged as a common carrier in general transportation, and competed for traffic, or connected, with a railroad under Federal control, and which sustained a deficit in its railway operating income for that portion (as a whole) of the period of Federal control during which it operated its own railroad or system of transportation; but does not include any street or interurban electric railway which has as its principal source of operating revenue urban, suburban, or interurban passenger traffic or sale of power, heat, and light, or both; and

"Test period." The term "test period" means the three years ending June 30, 1917.

Assistance of income, etc., during Federal control period.

Average for test period.

Provided. Carriers not operating during whole of test period.

Monthly comparison of differences of deficits.

Credits to carrier.

Monthly comparison of incomes.

Credits to the United States. Excess credits payable to carrier.

Carriers not operating during whole of test period.

Sec. 204. (a) When used in this section—

The term "carrier" means a carrier by railroad which, during any part of the period of Federal control, engaged as a common carrier in general transportation, and competed for traffic, or connected, with a railroad under Federal control, and which sustained a deficit in its railway operating income for that portion (as a whole) of the period of Federal control during which it operated its own railroad or system of transportation; but does not include any street or interurban electric railway which has as its principal source of operating revenue urban, suburban, or interurban passenger traffic or sale of power, heat, and light, or both; and

The term "test period" means the three years ending June 30, 1917.

(b) For the purposes of this section—

Railway operating income or any deficit therein for the period of Federal control shall be computed in a manner similar to that provided in section 209 with respect to such income or deficit for the guaranty period; and

Railway operating income or any deficit therein for the test period shall be computed in the manner provided in section 1 of the Federal Control Act.

(c) As soon as practicable after March 1, 1920, the Commission shall ascertain for every carrier, for every month of the period of Federal control during which its railroad or system of transportation was not under Federal operation, its deficit in railway operating income, if any, and its railway operating income, if any, (hereinafter called "Federal control return"), and the average of its deficit in railway operating income, if any, and of its railway operating income, if any, for the three corresponding months of the test period taken together, (hereinafter called "test period return"); Provided. That "test period return," in the case of a carrier which operated its railroad or system of transportation for at least one year during, but not for the whole of, the test period, means its railway operating income, or the deficit therein, for the corresponding month during the test period, or the average thereof for the corresponding months during the test period taken together, during which the carrier operated its railroad or system of transportation.

(d) For every month of the period of Federal control during which the railroad or system of transportation of the carrier was not under Federal operation, the Commission shall then ascertain (1) the difference between its Federal control return, if a deficit, and its test period return, if a smaller deficit, or (2) the difference between its test period return, if an income, and its Federal control return, if a smaller income, or (3) the sum of its Federal control return, if a deficit, plus its test period return, if an income. The sum of such amounts shall be credited to the carrier.

(e) For every such month the Commission shall then ascertain (1) the difference between the carrier's Federal control return, if an income, and its test period return, if a smaller income, or (2) the difference between its test period return, if a deficit, and its Federal control return, if a smaller deficit, or (3) the sum of its Federal control return, if an income, plus its test period return, if a deficit. The sum of such amounts shall be credited to the United States.

(f) If the sum of the amounts so credited to the carrier under subdivision (d) exceeds the sum of the amounts so credited to the United States under subdivision (e), the difference shall be payable to the carrier. In the case of a carrier which operated its railroad or system of transportation for less than a year during, or for none of, the test period, the foregoing computations shall not be used, but there shall be payable to such carrier its deficit in railway operating
income for that portion (as a whole) of the period of Federal control during which it operated its own railroad or system of transportation.

(g) The Commission shall promptly certify to the Secretary of the Treasury the several amounts payable to carriers under paragraph (f). The Secretary of the Treasury is hereby authorized and directed thereupon to draw warrants in favor of each such carrier upon the Treasury of the United States for the amount shown in such certificate as payable therefor. An amount sufficient to pay such warrants is hereby appropriated out of any money in the Treasury not otherwise appropriated.

**INSPECTION OF CARRIERS’ RECORDS.**

Sec. 205. The President shall have the right, at all reasonable times until the affairs of Federal control are concluded, to inspect the property and records of all carriers whose railroads or systems of transportation were at any time under Federal control, whenever such inspection is necessary or appropriate (1) to protect the interests of the United States, or (2) to supervise matters being handled for the United States by agents of the carriers, or (3) to secure information concerning matters arising during Federal control, and such carriers shall provide all reasonable facilities therefor, including the issuance of free transportation to all agents of the President while traveling on official business for these purposes.

Such carriers shall, at their expense, upon the request of the President, or those duly authorized by him, furnish all necessary and proper information and reports compiled from the records made or kept during the period of Federal control affecting their respective lines, and shall keep and continue such records and furnish like information and reports compiled therefrom.

Any carrier which refuses or obstructs such inspection, or which willfully fails to provide reasonable facilities therefor, or to furnish such information or reports shall be liable to a penalty of $500 for each day of the continuance of such offense, which shall accrue to the United States and may be recovered in a civil action to be brought by the United States.

**CAUSES OF ACTION ARISING OUT OF FEDERAL CONTROL.**

Sec. 206. (a) Actions at law, suits in equity and proceedings in admiralty, based on causes of action arising out of the possession, use, or operation by the President of the railroad or system of transportation of any carrier (under the provisions of the Federal Control Act, or of the Act of August 29, 1916) of such character as prior to Federal control could have been brought against such carrier, may, after the termination of Federal control, be brought against an agent designated by the President for such purpose, which agent shall be designated by the President within thirty days after the passage of this Act. Such actions, suits, or proceedings may, within the periods of limitation now prescribed by State or Federal statutes but not later than two years from the date of the passage of this Act, be brought in any court which but for Federal control would have had jurisdiction of the cause of action had it arisen against such carrier.

(b) Process may be served upon any agent or officer of the carrier operating such railroad or system of transportation, if such agent or officer is authorized by law to be served with process in proceedings brought against such carrier and if a contract has been made with such carrier by or through the President for the conduct of litigation arising out of operation during Federal control. If no such contract has been made process may be served upon such agents or officers.
as may be designated by or through the President. The agent designated by the President under subdivision (a) shall be filed, upon the termination of Federal control, in the office of the Clerk of each District Court of the United States, a statement naming all carriers with whom he has contracted for the conduct of litigation arising out of operation during Federal control, and a like statement designating the agents or officers upon whom process may be served in actions, suits, and proceedings arising in respect to railroads or systems of transportation with the owner of which no such contract has been made; and such statements shall be supplemented from time to time, if additional contracts are made or other agents or officers appointed.

(c) Complaints praying for reparation on account of damage claimed to have been caused by reason of the collection or enforcement by or through the President during the period of Federal control of rates, fares, charges, classifications, regulations, or practices (including those applicable to interstate, foreign, or intrastate traffic) which were unjust, unreasonable, unjustly discriminatory, or unduly or unreasonably prejudicial, or otherwise in violation of the Interstate Commerce Act, may be filed with the Commission, within one year after the termination of Federal control, against the agent designated by the President under subdivision (a), naming in the petition the railroad or system of transportation against which such complaint would have been brought if such railroad or system had not been under Federal control at the time the matter complained of took place. The Commission is hereby given jurisdiction to hear and decide such complaints in the manner provided in the Interstate Commerce Act, and all notices and orders in such proceedings shall be served upon the agent designated by the President under subdivision (a).

(d) Actions, suits, proceedings, and reparation claims, of the character above described pending at the termination of Federal control shall not abate by reason of such termination, but may be prosecuted to final judgment, substituting the agent designated by the President under subdivision (a).

(e) Final judgments, decrees, and awards in actions, suits, proceedings, or reparation claims, of the character above described, rendered against the agent designated by the President under subdivision (a), shall be promptly paid out of the revolving fund created by section 210.

(f) The period of Federal control shall not be computed as a part of the periods of limitation in actions against carriers or in claims for reparation to the Commission for causes of action arising prior to Federal control.

(g) No execution or process, other than on a judgment recovered by the United States against a carrier, shall be levied upon the property of any carrier where the cause of action on account of which the judgment was obtained grew out of the possession, use, control, or operation of any railroad or system of transportation by the President under Federal control.

REFUNDING OF CARRIERS’ INDEBTEDNESS TO UNITED STATES.

Sec. 207. (a) As soon as practicable after the termination of Federal control the President shall ascertain (1) the amount of the indebtedness of each carrier to the United States, which may exist at the termination of Federal control, incurred for additions and betterments made during Federal control and properly chargeable to capital account; (2) the amount of indebtedness of such carrier to the United States otherwise incurred; and (3) the amount of the indebtedness of the United States to such carrier arising out of
Federal control. The amount under clause (3) may be set off against either or both of the amounts under clauses (1) and (2), so far as deemed wise by the President, but only to the extent permitted under any contract now or hereafter made between such carrier and the United States in respect to the matters of Federal control, or, where no such contract exists, to the extent permitted under paragraph (b) of section 7 of the standard contract between the United States and the carriers relative to deductions from compensation: 

Provided, That such right of set-off shall not be so exercised as to prevent such carrier from having the sums required for interest, taxes, and other corporate charges and expenses referred to in paragraph (b) of section 7 of the standard contract, accruing during Federal control, and also the sums required for dividends declared and paid during Federal control, including, also in addition, a sum equal to that proportion of such last dividend which the period between its payment and the termination of Federal control bears to the last regular dividend period: And provided further, That such right of set-off shall not be so exercised unless there shall have first been paid such sums in addition as may be necessary to provide the carrier with working capital in amount not less than one twenty-fourth of its operating expenses for the calendar year 1919. 

(b) Any remaining indebtedness of the carrier to the United States in respect to such additions and betterments shall, at the request of the carrier, be funded for a period of ten years from the termination of Federal control, or a shorter period at the option of the carrier, with interest at the rate of 6 per centum per annum, payable semiannually, subject to the right of such carrier to pay, on any interest-payment day, the whole or any part of such indebtedness. Any carrier obtaining the funding of such indebtedness as aforesaid shall give, in the discretion of the President, such security, in such form and upon such terms, as he may prescribe. 

(c) If the President and the various carriers, or any of them, shall enter into an agreement for funding through the medium of car trust certificates, or otherwise, the indebtedness of any such carrier to the United States incurred for equipment ordered for the benefit of such carrier, such indebtedness so funded shall not be refundable under the foregoing provisions. 

(d) Any other indebtedness of any such carrier to the United States which may exist after the settlement of accounts between the United States and the carrier and is then due shall be evidenced by notes payable in one year from the termination of Federal control, or a shorter period at the option of the carrier, with interest at the rate of 6 per centum per annum, and secured by such collateral security as the President may deem it advisable to require. 

(e) With respect to any bonds, notes, or other securities, acquired under the provisions of this section or of the Federal Control Act or of the Act entitled “An Act to provide for the reimbursement of the United States for motive power, cars and other equipment ordered for railroads and systems of transportation under Federal control, and for other purposes,” approved November 19, 1919, the President shall have the right to make such arrangements for extension of the time of payment or for the exchange of any of them for other securities, or partly for cash and partly for securities, as may be provided for in any agreement entered into by him or as may in his judgment seem desirable. 

(f) Carriers may, by agreement with the President, issue notes or other evidences of indebtedness, secured by equipment trust agreements, for equipment purchased during Federal control by or through the President under section 6 of the Federal Control Act, and allocated to such carriers respectively; and the filing of such equipment trust agreements with the Commission shall constitute notice thereof to all the world.
TRANSPORTATION ACT.

(g) A carrier may issue evidences of indebtedness pursuant to this section without the authorization or approval of any authority, State or Federal, and without compliance with any requirement, State or Federal, as to notification.

EXISTING RATES TO CONTINUE IN EFFECT.

SEC. 208. (a) All rates, fares, and charges, and all classifications, regulations, and practices, in any wise changing, affecting, or determining, any part or the aggregate of rates, fares, or charges, or the value of the service rendered, which on February 29, 1920, are in effect on the lines of carriers subject to the Interstate Commerce Act, shall continue in force and effect until thereafter changed by State or Federal authority, respectively, or pursuant to authority of law; but prior to September 1, 1920, no such rate, fare, or charge shall be reduced, and no such classification, regulation, or practice shall be changed in such manner as to reduce any such rate, fare, or charge, unless such reduction or change is approved by the Commission.

(b) All divisions of joint rates, fares, or charges, which on February 29, 1920, are in effect between the lines of carriers subject to the Interstate Commerce Act, shall continue in force and effect until thereafter changed by mutual agreement between the interested carriers or by State or Federal authorities, respectively.

(c) Any land grant railroad organized under the Act of July 28, 1866 (chapter 300), shall receive the same compensation for transportation of property and troops of the United States as is paid to land grant railroads organized under the Land Grant Act of March 3, 1863, and the Act of July 27, 1866 (chapter 278).

Guaranty to carriers.

SEC. 209. (a) When used in this section—
The term "carrier" means (1) a carrier by railroad or partly by railroad and partly by water, whose railroad or system of transportation is under Federal control at the time Federal control terminates, or which has heretofore engaged as a common carrier in general transportation and competed for traffic, or connected, with a railroad at any time under Federal control; and (2) a sleeping car company whose system of transportation is under Federal control at the time Federal control terminates; but does not include a street or interurban electric railway not under Federal control at the time Federal control terminates, which has as its principal source of operating revenue urban, suburban, or interurban passenger traffic or sale of power, heat, and light, or both;

The term "guaranty period" means the six months beginning March 1, 1920.

The term "test period" means the three years ending June 30, 1917; and

The term "railway operating income" and other references to accounts of carriers by railroad shall, in the case of a sleeping car company, be construed as indicating the appropriate corresponding accounts in the accounting system prescribed by the Commission.

(b) This section shall not be applicable to any carrier which does not on or before March 15, 1920, file with the Commission a written statement that it accepts all the provisions of this section.

(c) The United States hereby guarantees—

(1) With respect to any carrier with which a contract (exclusive of so-called cooperative contracts or waivers) has been made fixing the amount of just compensation under the Federal Control Act, that the railway operating income of such carrier for the guaranty period as a whole shall not be less than one-half the amount named in such contract as annual compensation, or, where the contract fixed a
lump sum as compensation for the whole period of Federal operation, that the railway operating income of such carrier for the guaranty period as a whole shall not be less than an amount which shall bear the same proportion to the lump sum so fixed as six months bears to the number of months during which such carrier was under Federal operation, including in both cases the increases in such compensation provided for in section 4 of the Federal Control Act;

(2) With respect to any carrier entitled to just compensation under the Federal Control Act, with which such a contract has not been made, that the railway operating income of such carrier for the guaranty period as a whole shall not be less than one-half of the annual amount estimated by the President as just compensation for such carrier under the Federal Control Act, including the increases in such compensation provided for in section 4 of the Federal Control Act. If any such carrier does not accept the President's estimate respecting its just compensation, and if in proceedings under section 3 of the Federal Control Act it is determined that a larger or smaller annual amount is due as just compensation, the guaranty under this paragraph shall be increased or decreased accordingly;

(3) With respect to any carrier, whether or not entitled to just compensation under the Federal Control Act, with which no contract has not been made, and for which no estimate of just compensation is made by the President, and for which the test period as a whole sustained a deficit in railway operating income, the guaranty shall be a sum equal to (a) the amount by which any deficit in its railway operating income for the guaranty period as a whole exceeds one-half of its average annual deficit in railway operating income for the test period, plus (b) an amount equal to one-half the annual sum fixed by the President under section 4 of the Federal Control Act;

(4) With respect to any carrier not entitled to just compensation under the Federal Control Act, which for the test period as a whole had an average annual railway operating income, that the railway operating income of such carrier for the guaranty period as a whole shall not be less than one-half the average annual railway operating income of such carrier during the test period.

(d) If for the guaranty period as a whole the railway operating income of any carrier entitled to a guaranty under paragraph (1), (2), or (4) of subdivision (c) is in excess of the minimum railway operating income guaranteed in such paragraph, such carrier shall forthwith pay the amount of such excess into the Treasury of the United States. If for the guaranty period as a whole the railway operating income of any carrier entitled to a guaranty under paragraph (3) of subdivision (c) is in excess of one-half of the annual sum fixed by the President with respect to such carrier under section 4 of the Federal Control Act, such carrier shall forthwith pay the amount of such excess into the Treasury of the United States. The amounts so paid into the Treasury of the United States shall be added to the funds made available under section 202 for the purposes indicated in such section. Notwithstanding the provisions of this subdivision, any carrier may retain out of any such excess any amount necessary to enable it to pay its fixed charges accruing during the guaranty period.

(e) For the purposes of this section railway operating income, or any deficit therein, for the test period shall be computed in the manner provided for in section 1 of the Federal Control Act.

(f) In computing railway operating income, or any deficit therein, for the guaranty period for the purposes of this section—

(1) Debits and credits arising from the accounts, called in the monthly reports to the Commission equipment rents and joint facility rents, shall be included, but debits and credits arising from the operation of such street electric passenger railways, including rail-

Adjustments for lines formerly part of carriers' system.

(2) Proper adjustments shall be made (a) in case any lines which were, during any portion of the period of Federal control, a part of the railroad or system of transportation of the carrier, and whose railway operating income was included in such income of the carrier for the test period, do not continue to be a part of such railroad or system of transportation during the entire guaranty period, and (b) in case of any lines acquired by, leased to, or consolidated with, the railroad or system of transportation of the carrier at any time since the end of the test period and prior to the expiration of the guaranty period, for which separate operating returns to the Commission are not made in respect to the entire portion of the guaranty period;

(3) There shall not be included in operating expenses, for maintenance of way and structures, or for maintenance of equipment, more than an amount fixed by the Commission. In fixing such amount the Commission shall so far as practicable apply the rule set forth in the proviso in paragraph (a) of section 5 of the "standard contract" between the United States and the carriers (whether or not such contract has been entered into with the carrier whose railway operating income is being computed);

(4) There shall not be included any taxes paid under Title I or II of the Revenue Act of 1917, or such portion of the taxes paid under Title II or III of the Revenue Act of 1918 as by the terms of such Act are to be treated as levied by an Act in amendment of Title I or II of the Revenue Act of 1917; and

(5) The Commission shall require the elimination and restatement of the operating expenses and revenues (other than for maintenance of way and structures, or maintenance of equipment) for the guaranty period, to the extent necessary to correct and exclude any disproportionate or unreasonable charge to such expenses or revenues for such period, or any charge to such expenses or revenues for such period which under a proper system of accounting is attributable to another period.

Amount due carrier to be certified to Secretary of the Treasury.

(h) Upon application of any carrier to the Commission, asking that during the guaranty period there may be advanced to it from time to time such sums, not in excess of the estimated amount necessary to make good the guaranty, as are necessary to enable it to meet its fixed charges and operating expenses, the Commission may certify to the Secretary of the Treasury the amount of, and times at which, such advances, if any, shall be made. The Secretary of the Treasury, on receipt of such certificate, is authorized and directed to make the advances in the amounts and at the times specified in the certificate, upon the execution by the carrier of a contract, secured in such manner as the Secretary may determine, that upon final determination of the amount of the guaranty provided for by this section such carrier will repay to the United States any amounts which it has received from such advances in excess of the guaranty, with interest at the rate of 6 per centum per annum from the time such excess was paid. There is hereby appropriated, out of any money in the Treasury not otherwise appropriated, a sum sufficient to enable...
SIXTY-SIXTH CONGRESS. Sess. II. Ch. 91. 1920.

the Secretary of the Treasury to make the advances referred to in this subdivision.

(i) If the American Railway Express Company shall, on or before March 15, 1920, file with the Commission a written statement that it accepts all the provisions of this subdivision, the contract of June 26, 1918, between such company and the Director General of Railroads, as amended and continued by agreement dated November 21, 1918, shall remain in full force and effect during the guaranty period in so far as the same constitutes a guaranty on the part of the United States to such company against a deficit in operating income.

In computing operating income, and any deficit therein, for the guaranty period for the purposes of this subdivision, the Commission shall require the elimination and restatement of the operating expenses and revenues for the guaranty period, to the extent necessary to correct and exclude any disproportionate or unreasonable charge to such expenses or revenues for such period, or any charge to such expenses or revenues for such period which under a proper system of accounting is attributable to another period, and to exclude from operating expenses so much of the charge for payment for express privileges to carriers on whose lines the express traffic is carried as is in excess of 50.25 per centum of gross express revenue.

For the guaranty period the American Railway Express Company shall pay to every carrier which accepts the provisions of this section, as provided in subdivision (b) hereof, 50.25 per centum of the gross revenue earned on the transportation of all its express traffic on the carrier's lines, and every such carrier shall accept from the American Railway Express Company such percentage of the gross revenue as its compensation. In arriving at the gross revenue on through or joint express traffic, the method of dividing the revenue between the carriers shall be that agreed upon between the carriers and such express company and approved by the Commission.

If for the guaranty period as a whole the American Railway Express Company does not have a deficit in operating income, it shall forthwith pay the amount of its operating income for such period into the Treasury of the United States. The amount so paid shall be added to the funds made available under section 202 for the purposes indicated in such section.

The Commission shall, as soon as practicable after the expiration of the guaranty period, certify to the Secretary of the Treasury the amount necessary to make good the foregoing guaranty to the American Railway Express Company. The Secretary of the Treasury is hereby authorized and directed thereupon to draw warrants in favor of such company upon the Treasury of the United States for the amount shown in such certificate as necessary to make good such guaranty. An amount sufficient to pay such warrants is hereby appropriated out of any money in the Treasury not otherwise appropriated.

Upon application of the American Railway Express Company to the Commission, asking that during the guaranty period there may be advanced to it from time to time such sums, not in excess of the estimated amount necessary to make good the guaranty, as are necessary to enable it to meet its operating expenses, the Commission may certify to the Secretary of the Treasury the amount of, and times at which, such advances, if any, shall be made. The Secretary of the Treasury, on receipt of such certificate, is authorized and directed to make the advances in the amounts and at the times specified in the certificate, upon the execution by such company of a contract, secured in such manner as the Secretary may determine, that upon final determination of the amount of the guaranty provided for by this subdivision such company will repay to the United States any amounts which it has received from such advances in
excess of the guaranty, with interest at the rate of 6 per centum per annum from the time such excess was paid. There is hereby appropriated out of any money in the Treasury not otherwise appropriated a sum sufficient to enable the Secretary of the Treasury to make the advances referred to in this subdivision.

NEW LOANS TO RAILROADS.

SEC. 210. (a) For the purpose of enabling carriers by railroad subject to the Interstate Commerce Act properly to serve the public during the transition period immediately following the termination of Federal control, any such carrier may, at any time after the passage of this Act and before the expiration of two years after the termination of Federal control, make application to the Commission for a loan from the United States, setting forth the amount of the loan and the term for which it is desired, the purpose of the loan and the uses to which it will be applied, the present and prospective ability of the applicant to repay the loan and meet the requirements of its obligations in that regard, the character and value of the security offered, and the extent to which the public convenience and necessity will be served. The application shall be accompanied by statements showing such facts and details as the Commission may require with respect to the physical situation, ownership, capitalization, indebtedness, contract obligations, operation, and earning power of the applicant, together with such other facts relating to the propriety and expediency of granting the loan applied for and the ability of the applicant to make good the obligation, as the Commission may deem pertinent to the inquiry.

(b) If the Commission, after such hearing and investigation, with or without notice, as it may direct, finds that the making, in whole or in part, of the proposed loan by the United States is necessary to enable the applicant properly to meet the transportation needs of the public, and that the prospective earning power of the applicant and the character and value of the security offered are such as to furnish reasonable assurance of the applicant's ability to repay the loan within the time fixed therefor, and to meet its other obligations in connection with such loan, the Commission may certify to the Secretary of the Treasury its findings of fact and its recommendations as to: the amount of the loan which is to be made; the time, not exceeding five years from the making thereof, within which it is to be repaid; the character of the security which is to be offered therefor; and the terms and conditions of the loan.

(c) Upon receipt of such certificate from the Commission, the Secretary of the Treasury, at any time before the expiration of twenty-six months after the termination of Federal control, is authorized to make a loan, not exceeding the maximum amount recommended in such certificate, out of any moneys in the revolving fund provided for in this section. All such loans shall bear interest at the rate of 6 per centum per annum, payable semiannually to the Secretary of the Treasury and to be placed to the credit of the revolving fund provided for in this section. The time, not exceeding five years from the making thereof, within which such loan is to be repaid, the security which is to be taken therefor, which shall be adequate to secure the loan, the terms and conditions of the loan, and the form of the obligation to be entered into, shall be prescribed by the Secretary of the Treasury.

(d) The Commission or the Secretary of the Treasury may call upon the Federal Reserve Board for advice and assistance with respect to any such application or loan.

(e) There is hereby appropriated out of any moneys in the Treasury not otherwise appropriated the sum of $300,000,000, which shall
be used as a revolving fund for the purpose of making the loans provided for in this section, and for paying the judgments, decrees, and awards referred to in subdivision (e) of section 206.

(f) A carrier may issue evidences of indebtedness to the United States pursuant to this section without the authorization or approval of any authority, State or Federal, and without compliance with any requirement, State or Federal, as to notification.

Adjustment Board has so failed or is not using due diligence in its consideration thereof. In case the appropriate Adjustment Board is not organized under the provisions of section 302, the Labor Board, (1) upon the application of the chief executive of any carrier or organization of employees or subordinate officials whose members are directly interested in the dispute, (2) upon a written petition signed by not less than 100 unorganized employees or subordinate officials directly interested in the dispute, or (3) upon the Labor Board's own motion if it is of the opinion that the dispute is likely substantially to interrupt commerce, shall receive for hearing, and as soon as practicable and with due diligence decide, any dispute involving grievances, rules, or working conditions which is not decided as provided in section 303.

The Labor Board may upon its own motion within ten days after the decision, in accordance with the provisions of section 301, of any dispute with respect to wages or salaries of employees or subordinate officials of carriers, suspend the operation of such decision if the Labor Board is of the opinion that the decision involves such an increase in wages or salaries as will be likely to necessitate a substantial readjustment of the rates of any carrier. The Labor Board shall hear any decision so suspended and as soon as practicable and with due diligence decide to affirm or modify such suspended decision.

(c) A decision by the Labor Board under the provisions of paragraphs (a) or (b) of this section shall require the concurrence therein of at least 5 of the 9 members of the Labor Board: Provided, That in case of any decision under paragraph (b), at least one of the representatives of the public shall concur in such decision. Any failure to obey such order may be punished by such court as a contempt thereof.

(c) No person shall be excused from so attending and testifying or deposing, nor from so producing any book, paper, document, or other evidence on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture: but no natural person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing, as to which in obedience to a subpoena and under oath, he may so testify or produce evidence, documentary or otherwise. But no person shall be exempt from prosecution and punishment for perjury committed in so testifying.

Any person who upon demand refuses any duly authorized member, officer, employee, or agent of
the Labor Board such right of access or copying, or hinders, obstructs, or resists him in the exercise of such right, shall upon conviction thereof be liable to a penalty of $500 for each such offense. Each day during any part of which such offense continues shall constitute a separate offense. Sec. 312. Prior to September 1, 1920, each carrier shall pay to each employee or subordinate official thereof wages or salary at a rate not less than that fixed by the decision of any agency, or railway board of adjustment in connection therewith, established for executing the powers granted the President under the Federal Control Act, in effect in respect to such employee or subordinate official immediately preceding 12.01 a.m. March 1, 1920. Any carrier acting in violation of any provision of this section shall upon conviction thereof be liable to a penalty of $100 for each such offense. Each such action with respect to any such employee or subordinate official and each day or portion thereof during which the offense continues shall constitute a separate offense. Such penalty shall be recoverable in a civil suit brought in the name of the United States, and shall be covered into the Treasury of the United States as miscellaneous receipts.

Sec. 313. The Labor Board, in case it has reason to believe that any violation of any decision of the Labor Board or of an Adjustment Board is violated by any carrier, or employee or subordinate official, or organization thereof, may upon its own motion after due notice and hearing to all persons directly interested in such violation, determine whether in its opinion such violation has occurred and make public its decision in such manner as it may determine.

Sec. 315. There is hereby appropriated for the fiscal year ending June 30, 1920, out of any money in the Treasury not otherwise appropriated, the sum of $50,000, or so much thereof as may be necessary, to be expended by the Labor Board, for defraying the expenses of the maintenance and establishment of the board, including the payment of salaries as provided in this title.

Sec. 402. The paragraphs added to section 1 of the Interstate Commerce Act by the Act entitled "An Act to amend an Act entitled "An Act to regulate commerce," as amended, in respect of car service, and for other purposes," approved May 29, 1917, are hereby amended to read as follows:

"(10) The term 'car service' in this Act shall include the use, control, supply, movement, distribution, exchange, interchange, and return of locomotives, cars, and other vehicles used in the transportation of property, including special types of equipment, and the supply of trains, by any carrier by railroad subject to this Act.

"(11) It shall be the duty of every carrier by railroad subject to this Act to furnish safe and adequate car service and to establish, observe, and enforce just and reasonable rules, regulations, and practices with respect to car service; and every unjust and unreasonable rule, regulation, and practice with respect to car service is prohibited and declared to be unlawful.

"(12) It shall also be the duty of every carrier by railroad to make just and reasonable distribution of cars for transportation of coal among the coal mines served by it, whether located upon its line or lines or customarily dependent upon it for car supply. During any period when the supply of cars available for such service does not equal the requirements of such mines it shall be the duty of the carrier to maintain and apply just and reasonable ratings of such mines and to count each and every car furnished to or used by any such mine for transportation of coal against the mine. Failure or refusal so to do shall be unlawful, and in respect of each car not so counted shall be deemed a separate offense, and the carrier, receiver, or operating trustee so failing or refusing shall forfeit to the United States the sum of $100 for each offense, which may be recovered in a civil action brought by the United States.

"(13) The Commission is hereby authorized by general or special order or rule to require all carriers by railroad subject to this Act, or any of them, to file with it from time to time their rules and regulations with respect to car service, and the Commission may, in its discretion, direct that such rules and regulations shall be incorporated in their schedules showing rates, fares, and charges for transportation, and be subject to any or all of the provisions of this Act relating thereto.

"(14) The Commission may, after hearing, on a complaint or upon its own initiative without complaint, establish reasonable rules, regulations, and practices with respect to car service by carriers by railroad subject to this Act, including the compensation to be paid for the use of any locomotive, car, or other vehicle not owned by the carrier using it, and the penalties or other sanctions for nonobservance of such rules, regulations or practices.

"(15) Whenever the Commission is of opinion that shortage of equipment, congestion of traffic, or other emergency requiring immediate action exists in any section of the country, the Commission shall have, and it is hereby given, authority, either upon complaint or upon its own initiative without complaint, at once, if it so orders, without answer or other formal pleading by the interested carrier or carriers, and with or without notice, hearing, or the making or filing of a report, according as the Commission may determine: (a) to suspend the operation of any or all rules, regulations, or practices then established with respect to car service for such time as may be determined by the Commission; (b) to make such just and reasonable directions with respect to car service without regard to the ownership as between carriers of locomotives, cars, and other vehicles, during such emergency as in its opinion will best promote the service in the
interest of the public and the commerce of the people, upon such terms of compensation as between the carriers as they may agree upon, or, in the event of their disagreement, as the Commission may after subsequent hearing find to be just and reasonable; (c) to require such joint or common use of terminals, including main-line track or tracks for a reasonable distance outside of such terminals, as in its opinion will best meet the emergency and serve the public interest, and upon such terms as between the carriers as they may agree upon, or, in the event of their disagreement, as the Commission may after subsequent hearing find to be just and reasonable; and (d) to give directions for preference or priority in transportation, embargoes, or movement of traffic under permits, at such time and for such periods as it may determine, and to modify, change, suspend, or annul them. In time of war or threatened war the President may certify to the Commission that it is essential to the national defense and security that certain traffic shall have preference or priority in transportation, and the Commission shall, under the power herein conferred, direct that such preference or priority be afforded.

"(16) Whenever the Commission is of opinion that any carrier by railroad subject to this Act is for any reason unable to transport the traffic offered to it as properly to serve the public, it may, upon the same procedure as provided in paragraph (15), make such just and reasonable directions with respect to the handling, routing, and movement of the traffic of such carrier and its distribution over other lines of roads, as in the opinion of the Commission will best promote the service in the interest of the public and the commerce of the people, and upon such terms as between the carriers as they may agree upon, or, in the event of their disagreement, as the Commission may after subsequent hearing find to be just and reasonable.

"(17) The directions of the Commission as to car service and to the matters referred to in paragraphs (15) and (16) may be made through and by such agents or agencies as the Commission shall designate and appoint for that purpose. It shall be the duty of all carriers by railroad subject to this Act, and of their officers, agents, and employees, to obey strictly and conform promptly to such orders or directions of the Commission, and in case of failure or refusal on the part of any carrier, receiver, or operating trustee to comply with any such order or direction such carrier, receiver, or trustee shall be liable to a penalty of not less than $100 nor more than $500 for each such offense and $50 for each and every day of the continuance of such offense, which shall accrue to the United States and may be recovered in a civil action brought by the United States: Provided, however, That nothing in this Act shall impair or affect the right of a State, in the exercise of its police power, to require just and reasonable freight and passenger service for intrastate business, except in so far as such requirement is inconsistent with any lawful order of the Commission made under the provisions of this Act.

"(18) After ninety days after this paragraph takes effect no carrier by railroad subject to this Act shall undertake the extension of its line of railroad, or the construction of a new line of railroad, or shall acquire or operate any line of railroad, or extension thereof, or shall engage in transportation under this Act over or by means of such additional or extended line of railroad, unless and until there shall first have been obtained from the Commission a certificate that the present or future public convenience and necessity require or will require the construction, or operation, or construction and operation, of such additional or extended line of railroad, and no carrier by railroad subject to this Act shall abandon all or any portion of a line of railroad, or the operation thereof, unless and until there shall first have been obtained from the Commission a certificate that the

SEC. 403. The fifteenth and sixteenth paragraphs of section 1 of the Interstate Commerce Act, added to such section by the Act entitled "An Act to amend the Act to regulate commerce, as amended, and for other purposes," approved August 10, 1917, are hereby amended by inserting "(23)" at the beginning of such fifteenth paragraph and "(24)" at the beginning of such sixteenth paragraph.

SEC. 404. Section 2 of the Interstate Commerce Act is hereby amended to read as follows:

"Sec. 2. That if any common carrier subject to the provisions of this Act shall, directly or indirectly, by any special rate, rebate, drawback, or other device, charge, demand, collect, or receive from any person or persons a greater or less compensation for any service rendered, or to be rendered, in the transportation of passengers or property or the transmission of intelligence, subject to the provisions of this Act, than it charges, demands, collects, or receives from any other person or persons for doing for him or them a like and contemporaneous service in the transportation or transmission of a like kind of traffic or message under substantially similar circumstances and conditions, such common carrier shall be deemed guilty of unjust discrimination, which is hereby prohibited and declared to be unlawful."

SEC. 405. The first paragraph of section 3 of the Interstate Commerce Act is hereby amended by inserting "(1)" after the section number at the beginning thereof.

Section 3 of the Interstate Commerce Act is hereby amended by adding after the first paragraph a new paragraph to read as follows:

"(2) From and after July 1, 1920, no carrier by railroad subject to the provisions of this Act shall deliver or relinquish possession at destination of any freight transported by it until all tariff rates and charges thereon have been paid, except under such rules and regulations as the Commission may from time to time prescribe to assure prompt payment of all such rates and charges and to prevent unjust discrimination; Provided, That the provisions of this paragraph shall not be construed to prohibit any carrier from extending credit in connection with rates and charges on freight transported for the United States, for any department, bureau, or agency thereof, or for any State or Territory or political subdivision thereof, or for the District of Columbia."

The second paragraph of section 3 of the Interstate Commerce Act is hereby amended to read as follows:

"(3) All carriers, engaged in the transportation of passengers or property, subject to the provisions of this Act, shall, according to their respective powers, afford all reasonable, proper, and equal facilities for the interchange of traffic between their respective lines, and for the receiving, forwarding, and delivering of passengers or property to and from their several lines and those connecting therewith, and shall not discriminate in their rates, fares, and charges between such connecting lines, or unduly prejudice any such connecting line in the distribution of traffic that is not specifically routed by the shipper."

"(4) If the Commission finds it to be in the public interest and to be practicable, without substantially impairing the ability of a carrier owning or entitled to the enjoyment of terminal facilities to handle its own business, it shall have power to require the use of any such terminal facilities, including main-line track or tracks for a reasonable distance outside of such terminal, of any carrier, by another carrier or other carriers, on such terms and for such compensation as the carriers affected may agree upon, or, in the event of a failure to agree, as the Commission may fix as just and reasonable for the use so required, to be ascertained on the principle controlling compensa-

Sec. 406. Section 4 of the Interstate Commerce Act is hereby amended to read as follows:

"Sec. 4. (1) That it shall be unlawful for any common carrier subject to the provisions of this Act to charge or receive any greater compensation in the aggregate for the transportation of passengers, or of like kind of property, for a shorter than for a longer distance over the same line or route in the same direction, the shorter being included within the longer distance, or to charge any greater compensation as a through rate than the aggregate of the intermediate rates subject to the provisions of this Act, but this shall not be construed as authorizing any common carrier within the terms of this Act to charge or receive as great compensation for a shorter as for a longer distance; Provided, That upon application to the Commission such common carrier may in special cases, after investigation, be authorized by the Commission to charge less for longer than for shorter distances for the transportation of passengers or property; and the Commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section; but in exercising the authority conferred upon it in this proviso the Commission shall not permit the establishment of any charge to or from the more distant point that is not reasonably compensatory for the service performed; and if a circuitous rail line or route is, because of such circuituity, granted authority to meet the charges of a more direct line or route to or from competitive points and to maintain higher charges to or from intermediate points on its line, the authority shall not include intermediate points as to which the haul of the petitioning line or route is not longer than that of the direct line or route between the competitive points; and no such authorization shall be granted on account of merely potential water competition not actually in existence: And provided further, That rates, fares, or charges existing at the time of the passage of this amendatory Act by virtue of or by the Commission or as to which application has theretofore been filed with the Commission and not yet acted upon, shall not be required to be changed by reason of the provisions of this section until the further order of or a determination by the Commission;

(2) Wherever a carrier by railroad shall in competition with a water route or routes reduce the rates on the carriage of any species of freight to or from competitive points it shall not be permitted to increase such rates unless after hearing by the Commission it shall be found that such proposed increase rests upon changed conditions other than the elimination of water competition."

Sec. 407. The first paragraph of section 5 of the Interstate Commerce Act is hereby amended to read as follows:

"Sec. 5. (1) That, except upon specific approval by order of the Commission as in this section provided, and except as provided in paragraph (16) of section 1 of this Act, it shall be unlawful for any common carrier subject to this Act to enter into any contract,
agreement, or combination with any other common carrier or carriers for the pooling of freights of different and competing railroads, or to divide between them the aggregate or net proceeds of the earnings of such railroads, and in any case of an agreement for the pooling of freights as aforesaid each day of its continuance shall be deemed a separate offense: Provided, That whenever the Commission is of opinion, after hearing upon application of any carrier or carriers engaged in the transportation of passengers or property subject to this Act, or upon its own initiative, that the division of their traffic or earnings, to the extent indicated by the Commission, will be in the interest of better service to the public, or economy in operation, and will not unduly restrain competition, the Commission shall have authority by order to approve and authorize, if assented to by all the carriers involved, such division of traffic or earnings, under such rules and regulations, and for such consideration as between such carriers and upon such terms and conditions, as shall be found by the Commission to be just and reasonable in the premises.

"(2) Whenever the Commission is of opinion, after hearing, upon application of any carrier or carriers engaged in the transportation of passengers or property subject to this Act, that the acquisition, to the extent indicated by the Commission, of any other such carrier or carriers either under a lease or by the purchase of stock or in any other manner not involving the consolidation of such carriers into a single system for ownership and operation, will be in the public interest, the Commission shall have authority by order to approve and authorize such acquisition, under such rules and regulations and for such consideration and on such terms and conditions as shall be found by the Commission to be just and reasonable in the premises.

"(3) The Commission may from time to time, for good cause shown, make such orders, supplemental to any order made under paragraph (1) or (2), as it may deem necessary or appropriate.

"(4) The Commission shall as soon as practicable prepare and adopt a plan for the consolidation of the railway properties of the continental United States into a limited number of systems. In the division of such railways into such systems under such plan, competition shall be preserved as fully as possible and wherever practicable the existing routes and channels of trade and commerce shall be maintained. Subject to the foregoing requirements, the several systems shall be so arranged that the cost of transportation as between competitive systems and as related to the values of the properties through which the service is rendered shall be the same, so far as practicable, so that these systems can employ uniform rates in the movement of competitive traffic and under efficient management earn substantially the same rate of return upon the value of their respective railway properties.

"(5) When the Commission has agreed upon a tentative plan, it shall give the same due publicity and upon reasonable notice, including notice to the Governor of each State, shall hear all persons who may file or present objections thereto. The Commission is authorized to prescribe a procedure for such hearings and to fix a time for bringing them to a close. After the hearings are at an end, the Commission shall adopt a plan for such consolidation and publish the same; but it may at any time thereafter, upon its own motion or upon application, reopen the subject for such changes or modifications as in its judgment will promote the public interest. The consolidations herein provided for shall be in harmony with such plan.

properties theretofore in separate ownership, management, and operation, under the following conditions:

"(a) The proposed consolidation must be in harmony with and in furtherance of the complete plan of consolidation mentioned in paragraph (5) and must be approved by the Commission;

"(b) The bonds at par of the corporation which is to become the owner of the consolidated properties, together with the outstanding capital stock at par of such corporation, shall not exceed the value of the consolidated properties as determined by the Commission. The value of the properties sought to be consolidated shall be ascertained by the Commission under section 19a of this Act, and it shall be the duty of the Commission to proceed immediately to the ascertainment of such value for the properties involved in a proposed consolidation upon the filing of the application for such consolidation.

"(c) Whenever two or more carriers propose a consolidation under this section, they shall present their application therefor to the Commission, and thereupon the Commission shall notify the Governor of each State in which any part of the properties sought to be consolidated is situated and the carriers involved in the proposed consolidation, of the time and place for a public hearing. If after such hearing the Commission finds that the public interest will be promoted by the consolidation and that the conditions of this section have been or will be fulfilled, it may enter an order approving and authorizing such consolidation, with such modifications and upon such terms and conditions as it may prescribe, and thereupon such consolidation may be effected, in accordance with such order, if all the carriers involved assent thereto, the law of any State or the decision or order of any State authority to the contrary notwithstanding.

"(7) The power and authority of the Commission to approve and authorize the consolidation of two or more carriers shall extend and apply to the consolidation of four express companies into the American Railway Express Company, a Delaware corporation, if application for such approval and authority is made to the Commission within thirty days after the passage of this amendatory Act; and pending the decision of the Commission such consolidation shall not be dissolved.

"(8) The carriers affected by any order made under the foregoing provisions of this section and any corporation organized to effect a consolidation approved and authorized in such order shall be, and they are hereby, relieved from the operation of the antitrust laws, as designated in section 1 of the Act entitled 'An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes,' approved October 15, 1914, and of all other restraints or prohibitions by law, State or Federal, in so far as may be necessary to enable them to do anything authorized or required by any order made under and pursuant to the foregoing provisions of this section.

Sec. 408. The paragraph of section 5 of the Interstate Commerce Act, added to such section by section 11 of the Act entitled "An Act to provide for the opening, maintenance, protection, and operation of the Panama Canal and the sanitation and government of the Canal Zone," approved August 24, 1912, is hereby amended by inserting "(9)" at the beginning thereof.

The two paragraphs of section 11 of such Act of August 24, 1912, which follow the paragraph added by such section to section 5 of the Interstate Commerce Act, are hereby made a part of section 5 of the Interstate Commerce Act. The first paragraph so made a part of section 5 of the Interstate Commerce Act is hereby amended by inserting "(10)" at the beginning thereof, and the second such paragraph is hereby amended by inserting "(11)" at the beginning thereof.
Sec. 409. Section 6 of the Interstate Commerce Act is hereby amended by inserting "(1)" after the section number at the beginning of the first paragraph, "(2)" at the beginning of the second paragraph, "(3)" at the beginning of the third paragraph, "(4)" at the beginning of the fourth paragraph, "(5)" at the beginning of the fifth paragraph, "(6)" at the beginning of the sixth paragraph, "(7)" at the beginning of the seventh paragraph, "(8)" at the beginning of the eighth paragraph, "(9)" at the beginning of the ninth paragraph, "(10)" at the beginning of the tenth paragraph, "(11)" at the beginning of the eleventh paragraph, "(12)" at the beginning of the twelfth paragraph, and "(13)" at the beginning of the thirteenth paragraph.

Sec. 410. The third paragraph of section 6 of the Interstate Commerce Act is hereby amended by striking out the period at the end thereof and inserting in lieu thereof a colon and the following: "Provided further, That the Commission is hereby authorized to make suitable rules and regulations for the simplification of schedules of rates, fares, charges, and classifications and to permit in such rules and regulations the filing of an amendment of or change in any rate, fare, charge, or classification without filing complete schedules covering rates, fares, charges or classifications not changed if, in its judgment, not inconsistent with the public interest."

Sec. 411. The seventh paragraph of section 6 of the Interstate Commerce Act is hereby amended by striking out the proviso at the end.

Sec. 412. The two paragraphs under (a) of the thirteenth paragraph of section 6 of the Interstate Commerce Act are hereby amended so as to be combined into one paragraph to read as follows:

"(a) To establish physical connection between the lines of the rail carrier and the dock at which interchange of passengers or property is to be made by directing the rail carrier to make suitable connection between its line and a track or tracks which have been constructed from the dock to the limits of the railroad right of way, or by directing either or both the rail and water carrier, individually or in connection with one another, to construct and connect with the lines of the rail carrier a track or tracks to the dock. The Commission shall have full authority to determine and prescribe the terms and conditions upon which these connecting tracks shall be operated, and it may, in the construction or the operation of such tracks, determine what sum shall be paid to or by either carrier: Provided, That construction required by the Commission under the provisions of this paragraph shall be subject to the same restrictions as to findings of public convenience and necessity and other matters as is construction required under section 1 of this Act."

Sec. 413. Paragraph (c) of the thirteenth paragraph of section 6 of the Interstate Commerce Act is hereby amended to read as follows:

"(c) To establish proportional rates, or maximum, or minimum, or maximum and minimum proportional rates, by rail to and from the ports to which the traffic is brought, or from which it is taken by the water carrier, and to determine to what traffic and in connection with what vessels and upon what terms and conditions such rates shall apply. By proportional rates are meant those which differ from the corresponding local rates to and from the port and which apply only to traffic which has been brought to the port or is carried from the port by a common carrier by water."

Sec. 414. Section 10 of the Interstate Commerce Act is hereby amended by inserting "(1)" after the section number at the beginning of the first paragraph, "(2)" at the beginning of the second paragraph, "(3)" at the beginning of the third paragraph, and "(4)" at the beginning of the fourth paragraph, and by inserting after the
words “transportation of passengers or property,” in the proviso in
the first paragraph thereof, the words “or the transmission of intelligence.”

Sec. 415. Section 12 of the Interstate Commerce Act is hereby amended by inserting “(1)” after the section number at the begin-
ning of the first paragraph, “(2)” at the beginning of the second paragraph, “(3)” at the beginning of the third paragraph, “(4)” at
the beginning of the fourth paragraph, “(5)” at the beginning of the fifth paragraph, “(6)” at the beginning of the sixth paragraph, and
“(7)” at the beginning of the seventh paragraph.

Sec. 416. Section 13 of the Interstate Commerce Act is hereby amended by inserting “(1)” after the section number at the begin-
ning of the first paragraph and “(2)” at the beginning of the second paragraph, and by adding at the end thereof two new paragraphs to
read as follows:

“(3) Whenever in any investigation under the provisions of this Act, or in any investigation instituted upon petition of the carrier
concerned, which petition is hereby authorized to be filed, there shall be brought in issue any rate, fare, charge, classification, regulation, or
practice, made or imposed by authority of any State, or initiated by the President during the period of Federal control, the Commiss-
ion, before proceeding to hear and dispose of such issue, shall cause the State or States interested to be notified of the proceeding. The
Commission may confer with the authorities of any State having regulatory jurisdiction over the class of persons and corporations
subject to this Act with respect to the relationship between rate structures and practices of carriers subject to the jurisdiction of such
State bodies and of the Commission; and to that end is authorized and empowered, under rules to be prescribed by it, and which may be
modified from time to time, to hold joint hearings with any such State regulating bodies on any matters wherein the Commission is
empowered to act and where the rate-making authority of a State is or may be affected by the action taken by the Commission. The
Commission is also authorized to avail itself of the cooperation, services, records, and facilities of such State authorities in the
enforcement of any provision of this Act.

“(4) Whenever in any such investigation the Commission, after full hearing, finds that any such rate, fare, charge, classification,
regulation, or practice causes any undue or unreasonable advantage, preference, or prejudice as between persons or localities in intrastate
commerce on the one hand and interstate or foreign commerce on the other hand, or any undue, unreasonable, or unjust discrimination
against interstate or foreign commerce, which is hereby forbidden and declared to be unlawful, it shall prescribe the rate, fare, or charge,
or the maximum or minimum, or maximum and minimum, thereafter to be charged, and the classification, regulation, or practice
thereafter to be observed, in such manner as, in its judgment, will remove such advantage, preference, prejudice, or discrimination.
Such rates, fares, charges, classifications, regulations, and practices shall be observed while in effect by the carriers parties to such
proceeding affected thereby, the law of any State or the decision or order of any State authority to the contrary notwithstanding.”

Sec. 417. Section 14 of the Interstate Commerce Act is hereby amended by inserting “(1)” after the section number at the begin-
ning of the first paragraph, “(2)” at the beginning of the second paragraph, and “(3)” at the beginning of the third paragraph.

Sec. 418. The first four paragraphs of section 15 of the Interstate Commerce Act are hereby amended to read as follows:

“Sec. 15. (1) That whenever, after full hearing upon a complaint
made as provided in section 13 of this Act, or after full hearing under
an order for investigation and hearing made by the Commission on
its own initiative, either in extension of any pending complaint, or without any complaint whatever, the Commission shall be of opinion that any individual or joint rate, fare, or charge whatsoever demanded, charged, or collected by any common carrier or carriers subject to this Act for the transportation of persons or property or for the transmission of messages as defined in the first section of this Act, or that any individual or joint classification, regulation, or practice whatsoever of such carrier or carriers subject to the provisions of this Act, is or will be unjust or unreasonable or unjustly discriminatory or unduly preferential or prejudicial, or otherwise in violation of any of the provisions of this Act, the Commission is hereby authorized and empowered to determine and prescribe what will be the just and reasonable individual or joint rate, fare, or charge, or rates, fares, or charges, to be thereafter observed in such case, or the maximum or minimum, or maximum and minimum, to be charged (or, in the case of a through route where one of the carriers is a water line, the maximum rates, fares, and charges applicable thereto), and what individual or joint classification, regulation, or practice is or will be just, fair, and reasonable, to be thereafter followed, and to make an order that the carrier or carriers shall cease and desist from such violation to the extent to which the Commission finds that the same does or will exist, and shall not thereafter publish, demand, or collect any rate, fare, or charge for such transportation or transmission other than the rate, fare, or charge so prescribed, or in excess of the maximum or less than the minimum so prescribed, as the case may be, and shall adopt the classification and shall conform to and observe the regulation or practice so prescribed.

"(2) Except as otherwise provided in this Act, all orders of the Commission, other than orders for the payment of money, shall take effect within such reasonable time, not less than thirty days, and shall continue in force until its further order, or for a specified period of time, according as shall be prescribed in the order, unless the same shall be suspended or modified or set aside by the Commission, or be suspended or set aside by a court of competent jurisdiction.

"(3) The Commission may, and it shall whenever deemed by it to be necessary or desirable in the public interest, after full hearing upon complaint or upon its own initiative without a complaint, establish through routes, joint classifications, and joint rates, fares, or charges, applicable to the transportation of passengers or property, or the maxima or minima, or maxima and minima, to be charged (or, in the case of a through route where one of the carriers is a water line, the maximum rates, fares, and charges applicable thereto), and the divisions of such rates, fares, or charges as hereinafter provided, and the terms and conditions under which such through routes shall be operated; and this provision, except as herein otherwise provided, shall apply when one of the carriers is a water line. The Commission shall not, however, establish any through route, classification, or practice, or any rate, fare, or charge, between street electric passenger railways not engaged in the general business of transporting freight in addition to their passenger and express business, and railroads of a different character; nor shall the Commission have the right to establish any route, classification, or practice, or any rate, fare, or charge when the transportation is wholly by water, and any transportation by water affected by this Act shall be subject to the laws and regulations applicable to transportation by water.

"(4) In establishing any such through route the Commission shall not (except as provided in section 3, and except where one of the carriers is a water line), require any carrier by railroad, without its consent, to embrace in such route substantially less than the entire length of its railroad and of any intermediate railroad operated in

Exception.

When, after full hearing upon complaint or upon its own initiative, the Commission is of opinion that the divisions of joint rates, fares, or charges, applicable to the transportation of passengers or property, are or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the carriers parties thereto (whether agreed upon by such carriers, or any of them, or otherwise established), the Commission shall by order prescribe the just, reasonable, and equitable divisions thereof to be received by the several carriers, and in cases where the joint rate, fare, or charge was established pursuant to a finding or order of the Commission and the divisions thereof are found by it to have been unjust, unreasonable, or inequitable, or unduly preferential or prejudicial, the Commission may also by order determine what (for the period subsequent to the filing of the complaint or petition or the making of the order of investigation) would have been the just, reasonable, and equitable divisions thereof to be received by the several carriers, and require adjustment to be made in accordance therewith. In so prescribing and determining the divisions of joint rates, fares and charges, the Commission shall give due consideration, among other things, to the efficiency with which the carriers concerned are operated, the amount of revenue required to pay their respective operating expenses, taxes, and a fair return on their railway property held for and used in the service of transportation, and the importance to the public of the transportation services of such carriers; and also whether any particular participating carrier is an originating, intermediate, or delivering line, and any other fact or circumstance which would ordinarily, without regard to the mileage haul, entitle one carrier to a greater or less proportion than another carrier of the joint rate, fare or charge.

"(7) Whenever there shall be filed with the Commission any schedule stating a new individual or joint rate, fare, or charge, or any new individual or joint classification, or any new individual or joint regulation or practice affecting any rate, fare, or charge, the
Commission shall have, and it is hereby given, authority, either upon complaint or upon its own initiative without complaint, at once, and if it so orders without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, charge, classification, regulation, or practice; and pending such hearing and the decision thereon the Commission, upon filing with such schedule and delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension, may suspend the operation of such schedule and defer the use of such rate, fare, charge, classification, regulation, or practice, but not for a longer period than one hundred and twenty days beyond the time when it would otherwise go into effect; and after full hearing, whether completed before or after the rate, fare, charge, classification, regulation, or practice goes into effect, the Commission may make such order with reference thereto as would be proper in a proceeding initiated after it had become effective. If any such hearing can not be concluded within the period of suspension, as above stated, the Commission may extend the time of suspension for a further period not exceeding thirty days, and if the proceeding has not been concluded and an order made at the expiration of such thirty days, the proposed change of rate, fare, charge, classification, regulation, or practice shall go into effect at the end of such period, but, in case of a proposed increased rate or charge for or in respect to the transportation of property, the Commission may by order require the interested carrier or carriers to keep accurate account in detail of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts are paid, and upon completion of the hearing and decision may by further order require the interested carrier or carriers to refund, with interest, to the persons in whose behalf such amounts were paid such portion of such increased rates or charges as by its decision shall be found not justified. At any hearing involving a rate, fare, or charge increased after January 1, 1910, or of a rate, fare, or charge sought to be increased after the passage of this Act, the burden of proof to show that the increased rate, fare, or charge, or proposed increased rate, fare, or charge, is just and reasonable shall be upon the carrier, and the Commission shall give to the hearing and decision of such questions preference over all other questions pending before it and decide the same as speedily as possible."

SEC. 419. The fifth paragraph of section 15 of the Interstate Commerce Act is hereby amended by inserting "(9)" at the beginning of such paragraph.

SEC. 420. Section 15 of the Interstate Commerce Act is hereby amended by inserting after the fifth paragraph two new paragraphs, to read as follows:

"(9) Whenever property is diverted or delivered by one carrier to another carrier contrary to routing instructions in the bill of lading, unless such diversion or delivery is in compliance with a lawful order, rule, or regulation of the Commission, such carriers shall, in a suit or action in any court of competent jurisdiction, be jointly and severally liable to the carrier thus deprived of its right to participate in the haul of the property, for the total amount of the rate or charge it would have received had it participated in the haul of the property. The carrier to which the property is thus diverted shall not be liable in such suit or action if it can show, the burden of proof being upon it, that before carrying the property it had no notice, by bill of lading, waybill or otherwise, of the routing instructions. In any judgment which may be rendered the plaintiff shall be allowed to recover against the defendant a reasonable attorney's fee to be taxed in the case.

SEC. 421. Section 15 of the Interstate Commerce Act is hereby further amended by inserting "(11)" at the beginning of the sixth paragraph, "(12)" at the beginning of the seventh paragraph, "(13)" at the beginning of the eighth paragraph, and "(14)" at the beginning of the ninth paragraph.

SEC. 422. The Interstate Commerce Act is further amended by inserting after section 15 a new section to be known as section 15a and to read as follows:

"(11) When used in this section the term "rates" means rates, fares, and charges, and all classifications, regulations, and practices, relating thereto; the term "carrier" means a carrier by railroad or partly by railroad and partly by water, within the continental United States, subject to this Act, excluding (a) sleeping-car companies and express companies, (b) street or suburban electric railways unless operated as a part of a general steam railroad system of transportation, (c) interurban electric railways unless operated as a part of a general steam railroad system of transportation or engaged in the general transportation of freight, and (d) any belt-line railroad, terminal switching railroad, or other terminal facility, owned exclusively and maintained, operated, and controlled by any State or political subdivision thereof; and the term "net railway operating income" means railway operating income, including in the computation thereof debits and credits arising from equipment rents and joint facility rents.

"(2) In the exercise of its power to prescribe just and reasonable rates the Commission shall initiate, modify, establish or adjust such rates so that carriers as a whole (or as a whole in each of such rate groups or territories as the Commission may from time to time designate) will, under honest, efficient and economical management and reasonable expenditures for maintenance of way, structures and equipment, earn an aggregate annual net railway operating income equal, as nearly as may be, to a fair return upon the aggregate value of the railway property of such carriers held for and used in the service of transportation: Provided, That the Commission shall have reasonable latitude to modify or adjust any particular rate which it may find to be unjust or unreasonable, and to prescribe different rates for different sections of the country.

"(3) The Commission shall from time to time determine and make public what percentage of such aggregate property value constitutes a fair return thereon, and such percentage shall be uniform for all rate groups or territories which may be designated by the Commission. In making such determination it shall give due consideration, among other things, to the transportation needs of the country and the necessity (under honest, efficient and economical management of existing transportation facilities) of enlarging such facilities in order to provide the people of the United States with adequate transportation: Provided, That during the two years beginning March 1, 1920, the Commission shall take as such fair return a sum equal to 5½ per centum of such aggregate value, but may, in its discretion, add thereto a sum not exceeding one-half of one per centum of such aggregate value to make provision in whole or in part for improvements, betterments or equipment, which, according to the accounting system prescribed by the Commission, are chargeable to capital account.

"(4) For the purposes of this section, such aggregate value of the property of the carriers shall be determined by the Commission from time to time and as often as may be necessary. The Commission may utilize the results of its investigation under section 19a of this Act, in
so far as deemed by it available, and shall give due consideration to all the elements of value recognized by the law of the land for rate-making purposes, and shall give to the property investment account of the carriers only that consideration which under such law it is entitled to in establishing values for rate-making purposes. Whenever pursuant to section 19a of this Act the value of the railway property of any carrier held for and used in the service of transportation has been finally ascertained, the value so ascertained shall be deemed by the Commission to be the value thereof for the purpose of determining such aggregate value.

"(5) Inasmuch as it is impossible (without regulation and control in the interest of the commerce of the United States considered as a whole) to establish uniform rates upon competitive traffic which will adequately sustain all the carriers which are engaged in such traffic and which are indispensable to the communities to which they render the service of transportation, without enabling some of such carriers to receive a net railway operating income substantially and unreasonably in excess of a fair return upon the value of their railway property held for and used in the service of transportation, it is hereby declared that any carrier which receives such an income so in excess of a fair return, shall hold such part of the excess, as hereinafter prescribed, as trustee for, and shall pay it to, the United States.

"(6) If, under the provisions of this section, any carrier receives for any year a net railway operating income in excess of 6 per centum of the value of the railway property held for and used by it in the service of transportation, one-half of such excess shall be placed in a reserve fund established and maintained by such carrier, and the remaining one-half thereof shall, within the first three months following the close of the period for which such computation is made, be recoverable by and paid to the Commission for the purpose of establishing and maintaining a general railroad contingent fund as hereinafter described. For the purposes of this paragraph the value of the railway property and the net railway operating income of a group of carriers, which the Commission finds are under common control and management and are operated as a single system, shall be computed for the system as a whole irrespective of the separate ownership and accounting returns of the various parts of such system. In the case of any carrier which has accepted the provisions of section 209 of this amendatory Act the provisions of this paragraph shall not be applicable to the income for any period prior to September 1, 1920. The value of such railway property shall be determined by the Commission in the manner provided in paragraph (4).

"(7) For the purpose of paying dividends or interest on its stocks, bonds or other securities, or rent for leased roads, a carrier may draw from the reserve fund established and maintained by it under the provisions of this section to the extent that its net railway operating income for any year is less than a sum equal to 6 per centum of the value of the railway property held for and used by it in the service of transportation, determined as provided in paragraph (6); but such fund shall not be drawn upon for any other purpose.

"(8) Such reserve fund need not be accumulated and maintained by any carrier beyond a sum equal to 6 per centum of the value of its railway property determined as herein provided, and when such fund is so accumulated and maintained the portion of its excess income which the carrier is permitted to retain under paragraph (6) may be used by it for any lawful purpose.

"(9) The Commission shall prescribe rules and regulations for the determination and recovery of the excess income payable to it under this section, and may require such security and prescribe such reasonable terms and conditions in connection therewith as it may
find necessary. The Commission shall make proper adjustments to provide for the computation of excess income for a portion of a year, and for a year in which a change in the percentage constituting a fair return or in the value of a carrier's railway property becomes effective.

"(10) The general railroad contingent fund so to be recoverable by and paid to the Commission and all accretions thereof shall be a revolving fund and shall be administered by the Commission. It shall be used by the Commission in furtherance of the public interest in railway transportation either by making loans to carriers to meet expenditures for capital account or to refund maturing securities originally issued for capital account, or by purchasing transportation equipment and facilities and leasing the same to carriers, as hereinafter provided. Any moneys in the fund not so employed shall be invested in obligations of the United States or deposited in authorized depositories of the United States subject to the rules promulgated from time to time by the Secretary of the Treasury relating to Government deposits.

"(11) A carrier may at any time make application to the Commission for a loan from the general railroad contingent fund, setting forth the amount of the loan and the term for which it is desired, the purpose of the loan and the uses to which it will be applied, the present and prospective ability of the applicant to repay the loan and meet the requirements of its obligations in that regard, the character and value of the security offered, and the extent to which the public convenience and necessity will be served. The application shall be accompanied by statements showing such facts and details as the Commission may require with respect to the physical situation, ownership, capitalization, indebtedness, contract obligations, operation, and earning power of the applicant, together with such other facts relating to the propriety and expediency of granting the loan applied for and the ability of the applicant to make good the obligation, as the Commission may deem pertinent to the inquiry.

"(12) If the Commission, after such hearing and investigation, with or without notice, as it may direct, finds that the making, in whole or in part, of the proposed loan from the general railroad contingent fund is necessary to enable the applicant properly to meet the transportation needs of the public, and that the prospective earning power of the applicant and the character and value of the security offered are such as to furnish reasonable assurance of the applicant's ability to repay the loan within the time fixed therefor, and to meet its other obligations in connection with such loan, the Commission may make a loan to the applicant from such railroad contingent fund, in such amount, for such length of time, and under such terms and conditions as it may deem proper. The Commission shall also prescribe the security to be furnished, which shall be adequate to secure the loan. All such loans shall bear interest at the rate of 6 per centum per annum, payable semiannually to the Commission. Such loans when repaid, and all interest paid thereon, shall be placed in the general railroad contingent fund.

"(13) A carrier may at any time make application to the Commission for the lease to it of transportation equipment or facilities, purchased from the general railroad contingent fund, setting forth the kind and amount of such equipment or facilities and the term for which it is desired to be leased, the uses to which it is proposed to put such equipment or facilities, the present and prospective ability of the applicant to pay the rental charges thereon and to meet the requirements of its obligations under the lease, and the extent to which the public convenience and necessity will be served. The application shall be accompanied by statements showing such facts and details as the Commission may require with respect to the
physical situation, ownership, capitalization, indebtedness, contract obligations, operation, and earning power of the applicant, together with such facts relating to the propriety and expediency of leasing such equipment or facilities to the applicant as the Commission may deem pertinent to the inquiry.

"(14) If the Commission, after such hearing and investigation, with or without notice, as it may direct, finds that the leasing to the applicant of such equipment or facilities, in whole or in part, is necessary to enable the applicant properly to meet the transportation needs of the public, and that the prospective earning power of the applicant is such as to furnish reasonable assurance of the applicant's ability to pay promptly the rental charges and meet its other obligations under such lease, the Commission may lease such equipment or facilities purchased by it from the general railroad contingent fund, to the applicant for such length of time, and under such terms and conditions as it may deem proper. The rental charges provided in every such lease shall be at least sufficient to pay a return of 6 per centum per annum, plus allowance for depreciation determined as provided in paragraph (5) of section 20 of this Act, upon the value of the equipment or facilities leased thereunder. All rental charges and other payments received by the Commission in connection with such equipment and facilities, including amounts received under any sale thereof, shall be placed in the general railroad contingent fund.

"(15) The Commission may from time to time purchase, contract for the construction, repair and replacement of, and sell, equipment and facilities, and enter into and carry out contracts and other obligations in connection therewith, to the extent that moneys included in the general railroad contingent fund are available therefor, and in so far as necessary to enable it to secure and supply equipment and facilities to carriers whose applications therefor are approved under the provisions of this section, and to maintain and dispose of such equipment and facilities.

"(16) The Commission may from time to time prescribe such rules and regulations as it deems necessary to carry out the provisions of this section respecting the making of loans and the lease of equipment and facilities.

"(17) The provisions of this section shall not be construed as depriving shippers of their right to reparation in case of overcharges, unlawfully excessive or discriminatory rates, or rates excessive in their relation to other rates, but no shipper shall be entitled to recover upon the sole ground that any particular rate may reflect a proportion of excess income to be paid by the carrier to the Commission in the public interest under the provisions of this section.

"(18) Any carrier, or any corporation organized to construct and operate a railroad, proposing to undertake the construction and operation of a new line of railroad may apply to the Commission for permission to retain for a period not to exceed ten years all or any part of its earnings derived from such new construction in excess of the amount heretofore in this section provided, for such disposition as it may lawfully make of the same, and the Commission may, in its discretion, grant such permission, conditioned, however, upon the completion of the work of construction within a period to be designated by the Commission in its order granting such permission.

All complaints for the recovery of damages shall be filed with the Commission within two years from the time the cause of action accrues, and not after, unless the carrier, after the expiration of such two years or within ninety days before such expiration, begins an action for recovery of charges in respect of the same service, in which case such period of two years shall be extended to and including ninety days from the time such action by the carrier is begun. In either case the cause of action in respect of a shipment of property shall, for the purposes of this section, be deemed to accrue upon delivery or tender of delivery thereof by the carrier, and not after. A petition for the enforcement of an order for the payment of money shall be filed in the district court or State court within one year from the date of the order, and not after.”

The commission shall at all times have access to all accounts, records, and memoranda, including all documents, papers, and correspondence now or hereafter existing, and kept or required to be kept by carriers subject to this Act, and the provisions of this section respecting the preservation and destruction of books, papers, and documents shall apply thereto, and it shall be unlawful for such carriers to keep any other accounts, records, or memoranda than those prescribed or approved by the Commission.

Sec. 438. The third proviso of the eleventh paragraph of section 20 of the Interstate Commerce Act (not counting the proviso added by section 437 of this Act) is hereby amended to read as follows: "Provided further, That it shall be unlawful for any such common carrier to provide by rule, contract, regulation, or otherwise a shorter period for giving notice of claims than ninety days, for the filing of claims than four months, and for the institution of suits than two years, such period for institution of suits to be computed from the day when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice."

Sec. 439. The Interstate Commerce Act is further amended by inserting therein a new section between section 20 and section 21, to be designated section 20a, and to read as follows:

"That as used in this section the term 'carrier' means a common carrier by railroad (except a street, suburban, or interurban electric railway which is not operated as a part of a general steam railroad system of transportation) which is subject to this Act, or any corporation organized for the purpose of engaging in transportation by railroad subject to this Act."

"From and after one hundred and twenty days after this section takes effect it shall be unlawful for any carrier to issue any share of capital stock or any bond or other evidence of interest in or indebtedness of the carrier (hereinafter in this section collectively termed 'securities') or to assume any obligation or liability as lessor, lessee, guarantor, indorser, surety, or otherwise, in respect of the securities of any other person, natural or artificial, even though permitted by the authority creating the carrier corporation, unless authorized by Commission."

"Investigation of purposes and uses."
proposed assumption of obligation or liability in respect of the securities of any other person, natural or artificial, the Commission by order authorizes such issue or assumption. The Commission shall make such order only if it finds that such issue or assumption: (a) is for some lawful object within its corporate purposes, and compatible with the public interest, which is necessary or appropriate for or consistent with the proper performance by the carrier of service to the public as a common carrier, and which will not impair its ability to perform that service, and (b) is reasonably necessary and appropriate for such purpose.

(3) The Commission shall have power by its order to grant or deny the application as made, or to grant it in part and deny it in part, or to grant it with such modifications and upon such terms and conditions as the Commission may deem necessary or appropriate in the premises, and may from time to time, for good cause shown, make such supplemental orders in the premises as it may deem necessary or appropriate, and may by any such supplemental order modify the provisions of any previous order as to the particular purposes, uses, and extent to which, or the conditions under which, any securities so theretofore authorized or the proceeds thereof may be applied, subject always to the requirements of the foregoing paragraph (2).

(4) Every application for authority shall be made in such form and contain such matters as the Commission may prescribe. Every such application, as also every certificate of notification hereinafter provided for, shall be made under oath, signed and filed on behalf of the carrier by its president, a vice president, auditor, comptroller, or other executive officer having knowledge of the matters therein set forth and duly designated for that purpose by the carrier.

(5) Whenever any securities set forth and described in an application for authority or certificate of notification as pledged or held unencumbered in the treasury of the carrier shall, subsequent to the filing of such application or certificate, be sold, pledged, repledged, or otherwise disposed of by the carrier, such carrier shall, within ten days after such sale, pledge, repledge, or other disposition, file with the Commission a certificate of notification to that effect, setting forth therein all such facts as may be required by the Commission.

(6) Upon receipt of any such application for authority the Commission shall cause notice thereof to be given to and a copy filed with the governor of each State in which the applicant carrier operates. The railroad commissions, public service or utilities commissions, or other appropriate State authorities of the State shall have the right to make before the Commission such representations as they may deem just and proper for preserving and conserving the rights and interests of their people and the States, respectively, involved in such proceedings. The Commission may hold hearings, if it sees fit, to enable it to determine its decision upon the application for authority.

(7) The jurisdiction conferred upon the Commission by this section shall be exclusive and plenary, and a carrier may issue securities and assume obligations or liabilities in accordance with the provisions of this section without securing approval other than as specified herein.

(8) Nothing herein shall be construed to imply any guaranty or obligation as to such securities on the part of the United States.

(9) The foregoing provisions of this section shall not apply to notes to be issued by the carrier maturing not more than two years after the date thereof and aggregating (together with all other then outstanding notes of a maturity of two years or less) not more than 5 per centum of the par value of the securities of the carrier then out-

Within ten days after the making of such notes the carrier issuing the same shall file with the Commission a certificate of notification, in such form as may from time to time be determined and prescribed by the Commission, setting forth as nearly as may be the same matters as those required in respect of applications for authority to issue other securities: Provided, That in any subsequent funding of such notes the provisions of this section respecting other securities shall apply.

"(10) The Commission shall require periodical or special reports from each carrier hereafter issuing any securities, including such notes, which shall show, in such detail as the Commission may require, the disposition made of such securities and the application of the proceeds thereof.

"(11) Any security issued or any obligation or liability assumed by a carrier, for which under the provisions of this section the authorization of the Commission is required, shall be void, if issued or assumed without such authorization therefor having first been obtained, or if issued or assumed contrary to any term or condition of such order of authorization as modified by any order supplemental thereto entered prior to such issuance or assumption; but no security issued or obligation or liability assumed in accordance with all the terms and conditions of such an order of authorization therefor as modified by any order supplemental thereto entered prior to such issuance or assumption, shall be rendered void because of failure to comply with any provision of this section relating to procedure and other matters preceding the entry of such order of authorization. In case any security so made void was directly acquired from the carrier issuing it the holder may at his option rescind the transaction and upon the surrender of the security recover the consideration given therefor. Any director, officer, attorney or agent of the carrier who knowingly assents to or concurs in any issue of securities or assumptions of obligation or liability forbidden by this section, or any sale or other disposition of securities contrary to the provisions of the Commission's order or orders in the premises, or any application not authorized by the Commission of the funds derived by the carrier through such sale or other disposition of such securities, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than $1,000 nor more than $10,000, or by imprisonment for not less than one year nor more than three years, or by both such fine and imprisonment, in the discretion of the court.

"(12) After December 31, 1921, it shall be unlawful for any person to hold the position of officer or director of more than one carrier, unless such holding shall have been authorized by order of the Commission, upon due showing, in form and manner prescribed by the Commission, that neither public nor private interests will be adversely affected thereby. After this section takes effect it shall be unlawful for any officer or director of any carrier to receive for his own benefit, directly or indirectly, any money or thing of value in respect of the
negotiation, hypothecation, or sale of any securities issued or to be
issued by such carrier, or to share in any of the proceeds thereof, or
to participate in the making or paying of any dividends of an oper-
ating carrier from any funds properly included in capital account.
Any violation of these provisions shall be a misdemeanor, and on
conviction in any United States court having jurisdiction shall be
punished by a fine of not less than $1,000 nor more than $10,000, or
by imprisonment for not less than one year nor more than three
years, or by both such fine and imprisonment, in the discretion of the
court.

Sec. 440. Section 24 of the Interstate Commerce Act is hereby
amended to read as follows:

"Sec. 24. That the Commission is hereby enlarged so as to consist
of eleven members, with terms of seven years, and each shall receive
$12,000 compensation annually. The qualifications of the members
and the manner of payment of their salaries shall be as already pro-
vided by law. Such enlargement of the Commission shall be accom-
plished through appointment by the President, by and with the ad-
vice and consent of the Senate, of two additional Interstate Commerce
Commissioners, one for a term expiring December 31, 1923, and one
for a term expiring December 31, 1924. The terms of the present
commissioners, or of any successor appointed to fill a vacancy caused
by the death or resignation of any of the present commissioners, shall
expire as heretofore provided by law. Their successors and the suc-
cessors of the additional commissioners herein provided for shall be
appointed for the full term of seven years, except that any person
appointed to fill a vacancy shall be appointed only for the unexpired
term of the commissioner whom he shall succeed. Not more than
six commissioners shall be appointed from the same political party.
Hereafter the salary of the secretary of the Commission shall be
$7,500 a year."

Sec. 441. The Interstate Commerce Act is hereby further amended
by adding at the end thereof three new sections, to read as follows:

"Sec. 25 (1) That every common carrier by water in foreign com-
merce, whose vessels are registered under the laws of the United
States, shall file with the Commission, within thirty days after this
section becomes effective and regularly thereafter as changes are
made, a schedule or schedules showing for each of its steam vessels
intended to load general cargo at ports in the United States for
foreign destinations (a) the ports of loading, (b) the dates upon
which such vessels will commence to receive freight and dates of
sailing, (c) the route and itinerary such vessels will follow and the
ports of call for which cargo will be carried.

(2) Upon application of any shipper a carrier by railroad shall
make request for, and the carrier by water shall upon receipt of such
request name, a specific rate applying for such sailing, and upon such
commodity as shall be embraced in the inquiry, and shall name in
connection with such rate, port charges, if any, which accrue in
addition to the vessel's rates and are not otherwise published by the
railway as in addition to or absorbed in the railway rate. Vessel
rates, if conditioned upon quantity of shipment, must be so stated
and separate rates may be provided for carload and less than carload
shipments. The carrier by water, upon advice from a carrier by
railroad, stating that the quoted rate is firmly accepted as applying
upon a specifically named quantity of any commodity, shall, subject
to such conditions as the Commission by regulation may prescribe,
make firm reservation from unsold space in such steam vessel as
shall be required for its transportation and shall so advise the carrier
by railroad, in which advice shall be included the latest available
information as to prospective sailing date of such vessel.

SIXTY-SIXTH CONGRESS.  Sess. II.  Ch. 91.  1920.

“(3) As the matters so required to be stated in such schedule or schedules are changed or modified from time to time, the carrier shall file with the Commission such changes or modifications as early as practicable after such modification is ascertained. The Commission is authorized to make and publish regulations not inconsistent herewith governing the manner and form in which such carriers are to comply with the foregoing provisions. The Commission shall cause to be published in compact form, for the information of shippers of commodities throughout the country, the substance of such schedules, and furnish such publications to all railway carriers subject to this Act, in such quantities that railway carriers may supply to each of their agents who receive commodities for shipment in such cities and towns as may be specified by the Commission, a copy of said publication; the intent being that each shipping community sufficiently important, from the standpoint of the export trade, to be so specified by the Commission shall have opportunity to know the sailings and routes, and to ascertain the transportation charges of such vessels engaged in foreign commerce. Each railway carrier to which such publication is furnished by the Commission is hereby required to distribute the same as aforesaid and to maintain such publication as it is issued from time to time, in the hands of its agents. Approved, March 6, 1920.

CHAP. 95.—An Act Authorizing suits against the United States in admiralty, suits for salvage services, and providing for the release of merchant vessels belonging to the United States from arrest and attachment in foreign jurisdictions, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That no vessel owned by the United States or by any corporation in which the United States or its representatives shall own the entire outstanding capital stock or in the possession of the United States or of such corporation or operated by or for the United States or such corporation, and no cargo owned or possessed by the United States or by such corporation, shall hereafter, in view of the provision herein made for a libel in personam, be subject to arrest or seizure by judicial process in the United States or its possessions: Provided, That this Act shall not apply to the Panama Railroad Company.

Sec. 2. That in cases where if such vessel were privately owned or operated, or if such cargo were privately owned and possessed, a proceeding in admiralty could be maintained at the time of the com-
mencement of the action herein provided for, a libel in personam may be brought against the United States or against such corporation, as the case may be, provided that such vessel is employed as a merchant vessel or is a tug boat operated by such corporation. Such suit shall be brought in the district court of the United States for the district in which the parties so suing, or any of them, reside or have their principal place of business in the United States, or in which the vessel or cargo charged with liability is found. The libellant shall forthwith serve a copy of his libel on the United States attorney for such district and mail a copy thereof by registered mail to the Attorney General of the United States, and shall file a sworn return of such service and mailing. Such service and mailing shall constitute valid service on the United States and such corporation. In case the United States or such corporation shall file a libel in rem or in personam in any district, a cross-libel in personam may be filed or a set-off claimed against the United States or such corporation with the same force and effect as if the libel had been filed by a private party. Upon application of either party the cause may, in the discretion of the court, be transferred to any other district court of the United States.

Sec. 3. That such suits shall proceed and shall be heard and determined according to the principles of law and to the rules of practice obtaining in like cases between private parties. A decree against the United States or such corporation may include costs of suit, and when the decree is for a money judgment, interest at the rate of 4 per centum per annum until satisfied, or at any higher rate which shall be stipulated in any contract upon which such decree shall be based. Interest shall run as ordered by the court. Decrees shall be subject to appeal and revision as now provided in other cases of admiralty and maritime jurisdiction. If the libellant so elects in his libel the suit may proceed in accordance with the principles of libels in rem wherever it shall appear that had the vessel or cargo been privately owned and possessed a libel in rem might have been maintained. Election so to proceed shall not preclude the libellant in any proper case from seeking relief in personam in the same suit. Neither the United States nor such corporation shall be required to give any bond or admiralty stipulation on any proceeding brought hereunder. Any such bond or stipulation heretofore given in admiralty causes by the United States, the United States Shipping Board, or the United States Shipping Board Emergency Fleet Corporation, shall become void and be surrendered and canceled upon the filing of a suggestion by the Attorney General or other duly authorized law officer that the United States is interested in such cause, and assumes liability to satisfy any decree included within said bond or stipulation, and thereafter any such decree shall be paid as provided in section 8 of this Act.

Sec. 4. That if a privately owned vessel not in the possession of the United States or of such corporation is arrested or attached upon any cause of action arising or alleged to have arisen from previous possession, ownership, or operation of such vessel by the United States or by such corporation, such vessel shall be released without bond or stipulation therefor upon the suggestion by the United States, through its Attorney General or other duly authorized law officer, that it is interested in such cause, desires such release, and assumes the liability for the satisfaction of any decree obtained by the libellant in such cause, and thereafter such cause shall proceed against the United States in accordance with the provisions of this Act.

Sec. 5. That suits as herein authorized may be brought only on causes of action arising prior to the taking effect of this Act shall
be brought within one year after this Act goes into effect; and all other suits hereunder shall be brought within two years after the cause of action arises.

Sec. 6. That the United States or such corporation shall be entitled to the benefits of all exemptions and of all limitations of liability accorded by law to the owners, charterers, operators, or agents of vessels.

Sec. 7. That if any vessel or cargo within the purview of sections 1 and 4 of this Act is arrested, attached, or otherwise seized by process of any court in any country other than the United States, or if any suit is brought therein against the master of any such vessel for any cause of action arising from, or in connection with, the possession, operation, or ownership of any such vessel, or the possession, carriage, or ownership of any such cargo, the Secretary of State of the United States in his discretion, upon the request of the Attorney General of the United States, or any other officer duly authorized by him, may direct the United States consul residing at or nearest the place at which such action may have been commenced to claim such vessel or cargo as immune from such arrest, attachment, or other seizure, and to execute an agreement, undertaking, bond, or stipulation for and on behalf of the United States, or the United States Shipping Board, or such corporation as by said court required, for the release of such vessel or cargo, and for the prosecution of any appeal; or may, in the event of such suits against the master of any such vessel, direct said United States consul to enter the appearance of the United States, or of the United States Shipping Board, or of such corporation, and to pledge the credit thereof to the payment of any judgment and cost that may be entered in such suit. The Attorney General is hereby vested with power and authority to arrange with any bank, surety company, person, firm, or corporation in the United States, its Territories and possessions, or in any foreign country, to execute any such aforesaid bond or stipulation as surety or stipulator thereon, and to pledge the credit of the United States to the indemnification of such surety or stipulator as may be required to secure the execution of such bond or stipulation. The presentation of a copy of the judgment roll in any such suit, certified by the clerk of the court and authenticated by the certificate and seal of the United States consul claiming such vessel or cargo, or his successor, and by the certificate of the Secretary of State as to the official capacity of such consul, shall be sufficient evidence to the proper accounting officers of the United States, or of the United States Shipping Board, or of such corporation, for the allowance and payment of such judgments: Provided, however, That nothing in this section shall be held to prejudice or preclude a claim of the immunity of such vessel or cargo from foreign jurisdiction in a proper case.

Sec. 8. That any final judgment rendered in any suit herein authorized, and any final judgment within the purview of sections 4 and 7 of this Act, and any arbitration award or settlement had and agreed to under the provisions of section 9 of this Act, shall, upon the presentation of a duly authenticated copy thereof, be paid by the proper accounting officers of the United States out of any appropriation or insurance fund or other fund especially available therefor; otherwise there is hereby appropriated, out of any money in the Treasury of the United States not otherwise appropriated, a sum sufficient to pay any such judgment or award or settlement.

Sec. 9. That the Secretary of any department of the Government of the United States, or the United States Shipping Board, or the board of trustees of such corporation, having control of the possession or operation of any merchant vessel are, and each hereby is, author-
