Sec. 3. That the Secretary of the Interior is hereby authorized to reserve from allotment lands chiefly valuable for the development of water power and such reasonable areas as may be needed for Indian agency, school, religious, cemetery, and administrative purposes, to remain reserved as long as needed, and as long as agency, school, and religious institutions are maintained thereon for the benefit of said Indians. Should any such lands be abandoned said lands so abandoned shall revert to the tribe and become available for allotment or other disposition, and the said Secretary is hereby directed to reserve for park purposes an area not to exceed six hundred and forty acres, embracing Mission Canyon in the Little Rockies, and an area not to exceed one hundred and sixty acres within which is the Snake Butte Spring, and an area not to exceed forty acres at the head of Big Warm Creek as a site for a sanatorium for the benefit of said tribes of Indians: Provided, That a patent in fee simple for not exceeding ten acres may be issued to the duly authorized missionary board or other proper authority of any religious organization heretofore engaged in mission or school work on said reservation for such lands thereon (not included in any town site provided for herein) as have heretofore been set apart to such organization and are now used for mission or school purposes, or any such organization has heretofore made application to have set apart for such purposes: Provided, however, That patent having been heretofore issued for three hundred and twenty acres to Saint Paul's Catholic Mission, it shall not be entitled to receive more than two and one-half acres additional under this Act.

Sec. 4. That prior to the allotments being made as authorized herein the Secretary of the Interior shall cause an examination to be made by experts of the Geological Survey of all lands of the reservation for the purpose of determining the mineral character thereof; but the surface of any such lands found to be mineral shall be subject to allotment as herein provided, but such mineral shall remain tribal property:

Provided, That such coal as may be required for use in connection with the construction and maintenance of the irrigation projects may be reserved for that purpose: Provided further, That lands valuable for timber shall remain tribal property, and any member of the tribes having rights in the said reservation may cut and take away from such lands such timber as he may require for fuel, fencing, or for building.

Sec. 5. That the Secretary of the Interior is hereby authorized to reserve and set aside for town-site purposes not more than eighty acres at the present settlement of Lodge Pole, and not to exceed eighty acres at such other locations as he may deem necessary, and to lay out, survey, and plat said tracts into blocks, lots, streets, alleys, parks, and school sites: Provided, That the area reserved for parks and school sites shall not exceed ten acres in any one town site; and patents shall be issued for such lands to the municipality legally charged with the care and custody of the lands hereby set aside for such purposes. That such town sites shall be appraised and disposed of as provided in section 2381 of the United States Revised Statutes.
Provided further, That any person who, at the date when the appraisers commence their work upon the land, shall be an actual resident upon any one such lot and the owner of substantial and permanent improvements thereon, and who shall maintain his or her residence and improvements on such lot to the date of his or her application to enter, shall be entitled to enter, at any time prior to the day fixed for the public sale and at the appraised value thereof, such lot and any two additional lots of which he or she may also be in possession and upon which he or she may have substantial and permanent improvements: And provided further, That before making entry of any such lot or lots the applicant shall make proof, to the satisfaction of the register and receiver of the land district in which the land lies, of such residence, possession, and ownership of improvements, under such regulations as to time, notice, manner, and character of proofs as may be prescribed by the Commissioner of the General Land Office, with the approval of the Secretary of the Interior: And provided further, That in making their appraisal of the lots so surveyed, it shall be the duty of the appraisers to ascertain the names of the residents upon and occupants of any such lots, the character and extent of the improvements thereon, and the name of the reputed owner thereof, and to report their findings in connection with their report of appraisal, which report of findings shall be taken as prima facie evidence of the facts therein set out. All such lots not so entered prior to the day fixed for the public sale shall be offered at public auction, in their regular order, with the other unimproved and unoccupied lots. That no lot shall be sold for less than $10: And provided further, That said lots, when surveyed, shall approximate fifty by one hundred and fifty feet in size.

Sec. 6. That the construction of projects for the irrigation of the irrigable lands shall be undertaken as the needs of the Indians shall require, as determined by the Secretary of the Interior, and there is hereby appropriated the sum of $50,000 for preliminary investigations and surveys to determine the needs of the Indians and for the commencement of such work as may be advisable at this time: Provided, That the cost of all such projects on this reservation, including the Milk River irrigation project, shall be assessed against the lands irrigable under the respective projects in the proportion that each acre of irrigable lands bears to the whole area of irrigable land under each project, and such assessments shall be reimbursed to the United States from the tribal fund in such proportion, but such payments shall have been made therefrom in not less than twenty annual payments under such rules and regulations as may be prescribed by the Secretary of the Interior, who may fix such operation and maintenance charges which shall be paid as he may direct: Provided further, That the provisions of the Act of April 4, 1910 (Thirty-sixth Statutes at Large, page 277), requiring reimbursement of the cost of the Milk River project from Indian funds, and any other Acts or parts thereof in conflict with this proviso, is hereby repealed. Unless otherwise paid, these latter charges may be paid from or made a charge upon his individual share of the tribal fund, when said fund is available for distribution; and if any allottee shall receive patent in fee to his allotment before the amount so charged against his land has been paid, such unpaid amount shall become and be a lien upon his allotment, of which a record shall be kept in the office of the superintendent of the reservation at the agency; and should any Indian sell any part of his allotment, with the approval of the Secretary of the Interior, the amount of such unpaid charges against the land so sold shall remain a first lien thereon, and may be enforced by the Secretary of the Interior by foreclosure as a mortgage. All expenditures for irrigation work on the Fort Belknap Reservation, Montana, herefore or hereafter made, are hereby declared to be reimbursable.
under such rules and regulations as the Secretary of the Interior may prescribe and shall constitute a lien against the land benefited, regardless of ownership, and including all lands which have heretofore been sold or patented. All patents or other instruments of conveyance hereafter issued for lands under any irrigation project on the said Fort Belknap Indian Reservation, whether to individual Indians or to purchasers of Indian land, shall recite a lien for repayment of the irrigation charges, if any, remaining unpaid at the time of issuance of such patent or other instrument of conveyance, and such lien may be enforced or, upon payment of the delinquent charges, may be released by the Secretary of the Interior. In the case of lands under any project purchased in the bona fide belief on the part of the purchaser that by his purchase he acquired a right to have water from the project for the irrigation of the land purchased by him in the same manner as the Indian owner, the Secretary may, after notice to the Indians interested, determine the value of the land at the time of the purchase from the Indian, and give to the purchaser or his assigns credit on the charge for construction against the land to the amount of the difference between the price paid and the value as so determined, and shall withhold for the benefit of the tribe from the Indian or Indians of whom the purchase was made, an equal amount from any funds which may be due or distributable to them hereunder. Delivery of water to such land may be refused, within the discretion of the Secretary of the Interior, until all dues are paid: Provided, That no right to water or to the use of any irrigation ditch or other structure on said reservation shall vest until the owner of the land to be irrigated shall comply with such rules and regulations as the Secretary of the Interior may prescribe, and he is hereby authorized to prescribe such rules and regulations as may be deemed reasonable and proper for making effective the foregoing provisions: Provided, however, That in no case shall any allottee be required to pay either construction, operation, or maintenance charges for such irrigation privileges, or any of them, until water has been actually delivered to his allotment.

Nothing in this Act shall be construed to deprive any of said Indians of the Fort Belknap Reservation of the use of water appropriated and used by them for domestic purposes or for the necessary irrigation of their lands, or lands claimed and occupied or used by them, or any ditches, dams, flumes, or reservoirs constructed and used by them in the appropriation and use of said water. No Indian shall acquire any priority of right to any of the waters of said reservation as against any other Indian by priority of appropriation to an extent greater than the water necessary to the irrigation of forty acres.

Every person entitled to allotment on the Fort Belknap Indian Reservation shall before patent is issued designate as a homestead forty acres of irrigable land or three hundred and twenty acres of nonirrigable land, already allotted or to be allotted hereunder, which homestead shall remain inalienable during the lifetime of the allottee or the minority of his or her heirs. Designations for minors shall be made by their natural guardians, and in the event that any Indian shall fail to make such designation the Secretary of the Interior shall select for him a homestead, and all patents for such homestead shall recite that they are such.

Any and all minerals, including oil, gas, and lands chiefly valuable for the development of water power, granted or to be allotted hereunder are set aside as tribal property and such land may be leased or mining permits granted upon the request of the tribal council under such rules, regulations, and conditions as the Secretary of the Interior may prescribe, but no lease shall be made for a longer period than ten years, but the lessees shall have the right to renewal thereof for a further period of ten years upon such terms and conditions as the
Secretary of the Interior may prescribe: Provided, however, That until the same shall be leased any Indian being the head of a family and having rights on the said reservation may take coal from any of the lands within the same for his own domestic use: And provided further, That at the expiration of fifty years from the date of approval of this Act the coal, oil, gas, or other mineral deposits upon or beneath the surface of said allotted or granted lands shall become the property of the individual allottee or his heirs, but the right is reserved to Congress to extend the period within which such reserved tribal rights shall expire.

Sec. 7. That sections sixteen and thirty-six of each township, being nonirrigable and not occupied or heretofore selected for allotment by any Indian except such lands in lieu of which the State has heretofore received indemnity under existing laws, are hereby granted to the State of Montana for school purposes: Provided, however, That for any lands thereof lost to the State by allotment, withdrawal, or otherwise under the provisions of this Act, the State may through its proper officers select as indemnity other unoccupied unreserved nonmineral and nonirrigable lands within such reservation, not exceeding two sections in any one township: Provided further, That all such selections by the State must be completed within one year after the approval of this Act, and be made with the view to preventing any final conflict between the claims of the State and the allotments and withdrawals provided for herein: And provided further, That the United States shall pay to the Indians of the reservation the sum of $5 an acre for the lands thus granted to the State: And provided further, That all the children, being descendants of Indians entitled to rights on said reservation, shall be permitted to attend the public schools of said State on the same condition as the children of white citizens of said State.

Sec. 8. That there is hereby appropriated, out of any money in the Treasury not otherwise appropriated, the sum of $170,000, or so much thereof as may be necessary, to pay for the lands granted to the State of Montana; and there is hereby appropriated the further sum of $50,000, or so much thereof as may be required, to be immediately available, to be used in paying the expenses of making the roll, classifications, and allotments hereunder, and such further allotment surveys as are necessary, and in defraying the expenses of the survey, appraisement, and sales of the town sites provided for, the said $50,000 to be reimbursable from the proceeds of the town-site sales or from other tribal funds available or that may become available for such purpose.

CHAP. 136.—Joint Resolution Declaring that certain Acts of Congress, joint resolutions, and proclamations shall be construed as if the war had ended and the present or existing emergency expired.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That in the interpretation of any provision relating to the duration or date of the termination of the present war or of the present or existing emergency, meaning thereby the war between the Imperial German Government and the Imperial and Royal Austro-Hungarian Government and the Government and people of the United States, in any Acts of Congress, joint resolutions, or proclamations of the President containing provisions contingent upon the duration or the date of the termination of such war or of such present or existing emergency, the date when this resolution becomes effective shall be construed and treated as the date of the termination of the war or of the present or existing emergency,
Date when resolution becomes effective to govern.

Notwithstanding any provision in any Act of Congress or joint resolution providing any other mode of determining the date of such termination. And any Act of Congress, or any provision of any such Act, that by its terms is in force only during the existence of a state of war, or during such state of war and a limited period of time thereafter, shall be construed and administered as if such war between the Governments and people aforesaid terminated on the date when this resolution becomes effective, any provision of such law to the contrary notwithstanding; excepting, however, from the operation and effect of this resolution the following Acts and proclamations, to wit: Title 2 of the Act entitled "The Food Control and District of Columbia Rents Act," approved October 22, 1919 (Forty-first Statutes, page 297), the Act known as the Trading with the Enemy Act, approved October 6, 1917 (Fortieth Statutes, page 411), and all amendments thereto, and the First, Second, Third, and Fourth Liberty Bond Acts, the Supplement to the Second Liberty Bond Act, and the Victory Liberty Loan Act; titles 1 and 3 of the War Finance Corporation Act (Fortieth Statutes, page 506) as amended by the Act approved March 3, 1919 (Fortieth Statutes, page 1313), and Public Resolution Numbered 55, Sixty-sixth Congress, entitled "Joint resolution directing the War Finance Corporation to take certain action for the relief of the present depression in the agricultural sections of the country, and for other purposes," passed January 4, 1921; also the proclamations issued under the authority conferred by the Acts herein excepted from the effect and operation of this resolution: Provided, however, That nothing herein contained shall be construed as effective to terminate the military status of any person now in desertion from the military or naval service of the United States, nor to terminate the liability to prosecution and punishment under the selective service law, approved May 18, 1917 (Fortieth Statutes, page 76), of any person who failed to comply with the provisions of said Act, or of Acts amendatory thereof: Provided further, That the Act entitled "An Act to amend section 3, title 1, of the Act entitled `An Act to punish acts of interference with foreign relations, the neutrality, and the foreign commerce of the United States, and for other purposes,' approved June 15, 1917 (Fortieth Statutes, page 217), and for other purposes," approved May 18, 1918 (Fortieth Statutes, page 553), be, and the same is hereby revoked, and that said section 3 of said Act approved June 15, 1917, is hereby revived and restored with the same force and effect as originally enacted.

Nothing herein contained shall be held to exempt from prosecution or to relieve from punishment any offense heretofore committed in violation of any Act hereby repealed or which may be committed while it remains in force as herein provided.

Approved, March 3, 1921.

CHAP. 137.—Joint Resolution To authorize payment to members of the Army and Navy who were employed as enumerators during the Fourteenth Decennial Census to take the census of persons in the Army and Navy.

Whereas it appears that in making an enumeration of persons in the Army and Navy for the Fourteenth Decennial Census, in the judgment of the Director of the Census it was impracticable to do otherwise than, with the official sanction of the Army and Navy, employ officers and enlisted men of the Army and Navy as enumerators, and that such officers and enlisted men were duly employed to make the enumeration and were promised
compensation at the rate of 3 cents for each person enumerated; and
Whereas the vouchers for such compensation have been disallowed by the accounting officers of the Treasury Department on the ground that payment thereof was unwarranted; and
Whereas it further appears that in the judgment of the Director of the Census the census of the military and naval forces was taken more accurately by reason of the assurance of compensation to such enumerators than if it had been taken under orders of the War Department: Therefore be it
Resolved by the Senate and House of Representatives of the United States of America in Congress Assembled, That the appointment of enumerators in the Army and Navy to be paid for services.

Approved, March 4, 1921.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That a certain design patent issued by the United States Patent Office of date August 11, 1896, being patent numbered twenty-five thousand nine hundred and nine, is hereby renewed and extended for a period of fourteen years from and after the passage of this Act, with all the rights and privileges pertaining to the same as of the original patent, being generally known as the badge of the United States Daughters of 1812.

Approved, March 4, 1921.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it is hereby declared to be the desire, purpose and intent of the United States to annul and hold for naught the lease made by Congress to the Washington Market Company, of reservation numbered seven, in the District of Columbia, and to take over unto its own ownership, use, occupancy and control the said grounds and buildings and improvements thereon and therein now held and occupied by the said market company and its tenants under authority of an Act approved May 20, 1870, entitled "An Act to incorporate the Washington Market Company," and Acts or laws amendatory thereof or supplemental thereto.

SEC. 2. That all of said market grounds and buildings, together with all improvements thereon and therein, shall be surrendered by the market company and taken over by and appropriated to and for the United States on the date of the payment to the said market company of a sum of money equal to 75 per centum of the amount of the award hereinafter provided, which said payment shall be made upon the filing of the award by the commission to be appointed as hereinafter provided, and the remainder of said award, with interest thereon at the rate of 5 per centum per annum until paid, shall be paid to the said market company at the expiration of thirty days thereafter unless an appeal is noted to the Court of Appeals of the District of Columbia, as hereinafter provided; and, in the event of such appeal, the balance unpaid of the award as finally determined shall be paid to the said market company within twenty days from the date judgment is rendered by said court of appeals, with interest thereon as hereinafter provided.

Upon securing possession of said premises, and, until otherwise directed by Congress, the complete possession and control of said grounds, buildings and improvements shall, for the benefit of the United States, vest in the Secretary of Agriculture, who shall first reserve so much of the grounds and space in said buildings as he may deem necessary for the use of the United States; and, after such reservation shall have been made, and until Congress shall otherwise direct, any remaining portion or portions of the said grounds, buildings or improvements may be rented by the Secretary of Agriculture to the present tenants or to any other person or persons for such rental as may be agreed upon by the parties; but, in no event, shall any part of the premises be subleased by the tenant. The Secretary of Agriculture is hereby empowered and directed to make and enforce such rules and regulations for the management and control of the said property as he may deem best for the enforcement of the provisions of said Act.

The said Secretary shall not make or enter into any lease for any part of said premises for a longer period than one year, and all such leases and contracts shall be subject to cancellation and annulment by Congress at any time; and all revenues derived from said premises shall be the property of the United States. The rents and storage charges which are due or may become due to the market company up to the date of the taking over by the United States, but which remain unpaid at the time the property is taken over by the United States, shall belong to the market company; but if any rents or storage charges have been paid to the market company, on account of said reservation numbered seven, for any period terminating on a date later than that of the taking over of the property by the United States, the market company shall account to and pay to the United States the proportion of such rents and storage charges which the
unexpired portion of the period bears to the whole period for which payment has been so made. Nothing herein shall be so construed as to relieve the market company of its liability for rentals, imposed by existing law, for any part of the period during which the property remains in the possession of the market company. Neither shall the market company be released from the payment of any taxes owing by them on account of said reservation numbered seven, when taken over by the United States under the terms of this Act; but the said market company shall not be chargeable with or liable for rental or taxes beyond the date of the taking over of said property.

The Secretary of Agriculture is hereby authorized, out of appropriations made by Congress from time to time for that purpose, to employ such persons and purchase such materials as may be essential to the operation or maintenance of said property and for the proper management and control thereof; and he shall render a detailed report to Congress at the beginning of each regular term thereof of all revenues derived from and expenditures made on the said property.

Sec. 3. That the President of the United States, as soon as is practicable after the approval of this Act, shall appoint a commission composed of three disinterested men, not more than one of whom shall be a resident of the District of Columbia, to appraise the said buildings and improvements thereon and therein which were erected or made at the expense of the Washington Market Company, and which stand and remain upon said reservation; the valuation thereof to be determined as of the date of filing said award; and the finding of a majority of said commission shall constitute the award. Any member of the commission who may dissent from the award made by the majority thereof shall make a minority report in writing, which shall be filed with the award and made part of the record to be considered by the court of appeals, if an appeal be taken as herein-after provided. A copy thereof shall be delivered to the market company at the same time and place that the award is delivered.

No one shall be appointed on said commission if he be either a Member of Congress or an ex-Member thereof; nor if he be an officer or employee of the United States; nor if he be a stockholder in, or the owner or pledgee of any bond of the market company; nor if he be a creditor or debtor of the said market company or of any officer or stockholder thereof; nor if he be an officer or stockholder of any corporation which is either a creditor or debtor of any officer or stockholder of the market company; nor if he be, directly or indirectly, interested financially in the market company, any of its officers, stockholders or bondholders; nor if he be a tenant, lessee, bailee or bailor of the market company; nor if he be the owner or pledgee of any bond or of any of the capital stock of the market company; nor if he be an officer, agent, employee, tenant, bailee or bailor of any firm, copartnership or corporation which is a tenant, bailee or bailor of the market company; nor if he be attorney for any of the aforesaid.

Before entering upon the discharge of his duties, each member of said commission shall make oath before a justice of the Supreme Court of the District of Columbia to faithfully and impartially perform his duties according to law; and, at the same time, that he is qualified under the provisions of this section, which oath shall be spread upon the order book of said court.

Sec. 4. That the said commission shall have power, and it shall be its duty, to subpoena witnesses, with or without books or papers, before it, for either of the parties, and to require such witnesses to testify under oath administered by the chairman of said commission or by any one authorized to administer oaths. Said commission shall give each party a full hearing on the question of what is a fair and just valuation of the buildings and improvements erected and
made at the expense of the said market company on said premises, and remaining thereon when the award is made. And the commission shall daily furnish to the Attorney General and to the market company a stenographic copy of each day's proceedings.

Thereafter the said commission shall fix the amount to be awarded as a fair and just valuation of the buildings and improvements erected and made on said premises at the expense of the said market company and remaining thereon when the award is made; and the award of the commission, together with the record and evidence on which the same is based, shall, within six months from the date of the appointment and qualification of the members thereof, be filed in the office of the clerk of the Court of Appeals of the District of Columbia, and copies of said award and minority report or finding, if any, together with said record and evidence, shall, on the day of the filing thereof, be delivered by said commission to the Attorney General of the United States and to the market company at its principal place of business in the District of Columbia.

If either party be dissatisfied with the amount of the award, such dissatisfied party may take an appeal to the Court of Appeals of the District of Columbia by noting in the office of the clerk of the court of appeals an appeal therefrom within thirty days after the filing of said award, and perfect the said appeal within sixty days thereafter by filing the entire record, or a copy thereof, certified by the chairman or any two members of said commission, and filing it in the office of the clerk of the Court of Appeals of the District of Columbia, which court is hereby vested with jurisdiction to hear and determine such appeal, and may revise the amount of the award as shall be just; and the judgment rendered by said court shall be final.

SEC. 5. That it shall be the duty of the Supreme Court of the District of Columbia, by contempt proceedings or otherwise, to compel witnesses to obey the subpoenas hereinbefore provided for; to produce all records, and to testify before said commission, and generally to require observance of all reasonable rules and regulations adopted by the said commission.

SEC. 6. That a sufficient sum of money is hereby appropriated, out of any money in the Treasury not otherwise appropriated, to be disbursed by the President, to pay said award and interest and to compensate the members of said commission and a secretary and stenographer thereof to be chosen by said commission: Provided, That the total compensation made the members of the commission and the secretary thereof, including the stenographer and necessary expenses, shall not exceed $35,000.

SEC. 7. That it shall be the duty of the Attorney General to assign one or more of the attorneys in the Department of Justice to represent the interests of the United States before said commission and before the court of appeals, if an appeal should be prosecuted thereto and, generally, to represent the United States in all steps and proceedings looking to the enforcement of this Act.

SEC. 8. That if, at any time, the Secretary of Agriculture, or his successor in charge of said reservation, should become satisfied that any lessee of said reservation, or any part thereof, or any person having property stored thereon, is guilty of overcharging, extortion, profiteering or making any unconscionable bargain or sale he is hereby empowered and directed to cause such person, together with his goods and wares, to be ejected therefrom; and, further, forever afterwards denied the privilege of trading or being employed therein in any capacity whatever. The right or authority of the Secretary of Agriculture, or his successor in control of said reservation, to summarily and forthwith eject therefrom, as aforesaid, and to cancel the lease or contract of storage—either or both—without recourse to any judicial tribunal, of any person so offending is hereby made specific.
and mandatory. And no contract of lease or for storage shall be made or entered into by the said Secretary, or his successor, without such a provision being incorporated therein and agreed to by the lessee or bailor. If any such offending lessee or bailor be a firm, joint-stock company, copartnership or corporation, no member of, or stockholder in, any such concern shall be permitted thereafter to trade in said reservation or to store any article of merchandise or commerce therein.

The words "lessee," "bailor," "bailee" and "person" used herein, shall, for the purposes of this Act, be construed to include any firm, copartnership, joint-stock company and corporation.

Sec. 6. That all laws and Acts, or parts of laws or Acts, to the extent that they are in conflict herewith are hereby repealed.

Approved, March 4, 1921.
