CHAP. 300.—An Act Authorizing the Chippewa Indians of Minnesota to submit claims to the Court of Claims.

May 14, 1926.  
[Public, No. 228.]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That jurisdiction be, and is hereby, conferred upon the Court of Claims, with right of appeal to the Supreme Court of the United States by either party as in other cases, notwithstanding the lapse of time or statutes of limitation, to hear, examine, and adjudge and render judgment in any and all legal and equitable claims arising under or growing out of the Act of January 14, 1889 (Twenty-fifth Statutes at Large, page 642), or arising under or growing out of any subsequent Act of Congress in relation to Indian affairs which said Chippewa Indians of Minnesota may have against the United States, which claims have not heretofore been determined and adjudicated on their merits by the Court of Claims or the Supreme Court of the United States.

Sec. 2. Any and all claims against the United States within the purview of this Act shall be forever barred unless suit or suits be instituted or petition filed as herein provided in the Court of Claims within five years from the date of the approval of this Act, and such suit or suits shall make the Chippewa Indians of Minnesota party plaintiff and the United States party defendant. The petition shall be verified by the attorney or attorneys employed to prosecute such claim or claims under contract with the said Chippewa Indians approved in accordance with existing law; and said contract shall be executed in their behalf by a committee or committees to be selected by said Chippewa Indians as hereinafter provided. Official letters, papers, documents, and records, or certified copies thereof, may be used in evidence, and the departments of the Government shall give access to the attorney or attorneys of said Chippewa Indians to such treaties, papers, correspondence, or records as they may require in the prosecution of any suit or suits instituted under this Act.

Sec. 3. In said suit or suits the court shall also hear, examine, and adjudge any claims which the United States may have against the said Chippewa Indians, and any payment or payments which may have been made by the United States upon any claim against the United States by said Indians shall not operate as an estoppel, but may be pleaded as an offset in such suit or suits as may be filed. The court shall also have jurisdiction and power to consider, hear, examine, and adjudge any claim which the said Indians may have against the United States, and any payment or payments which may have been made by the United States to said Indians shall not operate as an estoppel, but may be pleaded as an offset in such suit or suits as may be filed.

Sec. 4. If it be determined by the court that the United States in violation of the terms and provisions of any law, treaty, or agreement as provided in section 1 hereof, has unlawfully appropriated or disposed of any money or other property belonging to the Chippewa Indians, damages therefor shall be confined to the value of the money or other property at the time of such appropriation or disposal, together with interest thereon at 5 per cent per annum from the date thereof; and with reference to all claims which may be the subject matter of the suits herein authorized, the decree of the court shall be in full settlement of all damages, if any, committed by the Government of the United States and shall annul and cancel all claim, right, and title of the said Chippewa Indians in and to such money or other property.

Sec. 5. If in any suit by all the Chippewas of Minnesota against the United States it appears to the court that any band or bands of said Indians are, or claim to be, the exclusive legal or equitable owners, or are entitled to, or claim, a legal or equitable interest greater than an equal distributive share with all the Chippewa Indians of Minnesota, in the proceeds of any judgment or decree
that may be entered or passed in settlement of any claims submitted hereunder, the court may permit, or of its own motion compel said band or bands to be made parties to any such suit, so that their rights may be fully and finally determined: Provided, however, That nothing herein contained shall be construed as conferring jurisdiction on the court to entertain and hear complaints or claims of a purely individual nature. In the event that any band or bands of said Indians are made parties to any suit herein authorized, the Secretary of the Interior shall ascertain, in such manner as he may deem best, the attorney desired by a majority of said Indians and shall permit the employment of an attorney under contract to represent them as provided by existing law, the compensation to be paid said attorney to be fixed by the Secretary of the Interior, and paid out of any money in the Treasury to the credit of said band or bands of said Indians.

Sec. 6. Authority is hereby given for the employment of not to exceed two attorneys or firms of attorneys to represent the Chippewa Indians of Minnesota in the prosecution of any such suit. Under the direction of the Secretary of the Interior the Indians belonging on the White Earth Reservation are authorized to select a committee consisting of five of their members, and all the other Chippewa Indians in Minnesota are authorized to select a like committee from their members. Each committee so selected, or a majority thereof, is authorized to designate an attorney or firm of attorneys and to execute a contract with such attorney or firm in accordance with section 2 hereof.

Sec. 7. The two attorneys or firms of attorneys authorized to be employed under section 6 shall each receive, during their employment, compensation at the rate of $6,000 per annum, for a period of not exceeding five years, payable in monthly installments as the same become due, and the Secretary of the Treasury is hereby authorized and directed to pay said amounts or installments out of the trust funds standing to the credit of said Indians in the Treasury of the United States, and upon the final determination of said suit the Court of Claims may separately allow said attorneys, or firms of attorneys, such additional compensation as it may deem just and proper considering the nature, extent, character, and value of all services rendered, but in no event shall said additional compensation for the two attorneys or firms of attorneys be in excess of 5 per centum of the total amount recovered; and in no event shall such additional compensation for the two attorneys or firms of attorneys exceed $40,000: Provided, That any such additional compensation shall be fixed by said court in its decree and shall be paid by the Secretary of the Treasury as herein authorized from the trust funds of said Indians standing to their credit in the Treasury of the United States.

Sec. 8. All actual and necessary expenses incurred in the prosecution of said suit by the attorney or attorneys so employed to represent the Chippewa Indians of Minnesota shall be paid by the Secretary of the Treasury as herein authorized as they arise out of the funds standing to the credit of said Indians in the Treasury of the United States upon first being allowed by said court and certified to the Secretary of the Interior.

Sec. 9. Should either of the Indian committees referred to in section 6 hereof be unable or unwilling within one year from the approval by the Secretary of the Interior of the selection of said committees, to designate an attorney or firm of attorneys, the Commissioner of Indian Affairs and the Secretary of the Interior, on behalf of the Indians, are hereby authorized to execute a contract
with an attorney or attorneys under such terms and conditions as they may deem advisable, not inconsistent with the terms of this Act.

Sec. 10. The proceeds of all amounts, if any, recovered for said Indians shall be deposited in the Treasury of the United States to the credit of the Indians decreed by said court to be entitled thereto, and shall draw interest at the rate of 5 per centum per annum from the date of the judgment or decree. The costs incurred in any suit hereunder shall be taxed against the losing party; if against the United States such costs shall be included in the amount of the judgment or decree, and if against said Indians shall be paid by the Secretary of the Treasury out of the funds standing to their credit in the Treasury of the United States.

terminal landing fields, shall thereupon be available for expenditure under the direction of the Secretary of Commerce, in lieu of the Postmaster General, for the purposes for which such appropriations were made. No part of such unexpended balances of appropriations shall be used for the purchase or establishment of airports or terminal landing fields.

(b) The Secretary of Commerce is authorized to designate and establish civil airways and, within the limits of available appropriations hereafter made by the Congress, (1) to establish, operate, and maintain along such airways all necessary air navigation facilities except airports; and (2) to chart such airways and arrange for publication of maps of such airways, utilizing the facilities and assistance of existing agencies of the Government so far as practicable. The Secretary of Commerce shall grant no exclusive right for the use of any civil airway, airport, emergency landing field, or other air navigation facility under his jurisdiction.

(c) Air navigation facilities owned or operated by the United States may be made available for public use under such conditions and to such extent as the head of the department or other independent establishment having jurisdiction thereof deems advisable and may by regulation prescribe.

(d) The head of any Government department or other independent establishment having jurisdiction over any airport or emergency landing field owned or operated by the United States may provide for the sale to any aircraft of fuel, oil, equipment, and supplies, and the furnishing to it of mechanical service, temporary shelter, and other assistance under such regulations as the head of the department or establishment may prescribe, but only if such action is by reason of an emergency necessary to the continuance of such aircraft on its course to the nearest airport operated by private enterprise. All such articles shall be sold and such assistance furnished at the fair market value prevailing locally as ascertained by the head of such department or establishment. All amounts received under this subdivision shall be covered into the Treasury; but that part of such amounts which, in the judgment of the head of the department or establishment, is equivalent to the cost of the fuel, oil, equipment, supplies, services, shelter, or other assistance so sold or furnished shall be credited to the appropriation from which such cost was paid, and the balance, if any, shall be credited to miscellaneous receipts.

(e) Section 3 of the Act entitled "An Act to increase the efficiency and reduce the expense of the Signal Corps of the Army, and to transfer the Weather Service to the Department of Agriculture," approved October 1, 1890, is amended by adding at the end thereof a new paragraph to read as follows:

"Within the limits of the appropriations which may be made for such purpose, it shall be the duty of the Chief of the Weather Bureau, under the direction of the Secretary of Agriculture, (a) to furnish such weather reports, forecasts, warnings, and advices as may be required to promote the safety and efficiency of air navigation in the United States and above the high seas, particularly upon civil airways designated by the Secretary of Commerce under authority of law as routes suitable for air commerce, and (b) for such purposes to observe, measure, and investigate atmospheric phenomena, and establish meteorological offices and stations."

(f) Nothing in this Act shall be construed to prevent the Secretary of War from designating routes in the navigable airspace as military airways and prescribing rules and regulations for the use thereof on routes which do not conform to civil airways established hereunder, or to prevent the Secretary of Commerce from...
designating any military airway as a civil airway, and when so designated it shall thereupon become a civil airway within the meaning of this Act, and the Secretary of War is hereby authorized to continue the operation of air navigation facilities for any military airway so designated as a civil airway until such time as the Secretary of Commerce can provide for the operation of such facilities.

Aircraft a part of the armed forces of any foreign nation shall not be navigated in the United States, including the Canal Zone, except in accordance with an authorization granted by the Secretary of State.

(b) Foreign aircraft not a part of the armed forces of the foreign nation shall be navigated in the United States only if authorized as hereinafter in this section provided; and if so authorized, such aircraft and airmen serving in connection therewith, shall be subject to the requirements of section 3, unless exempt under subdivision (c) of this section.

(c) If a foreign nation grants a similar privilege in respect of aircraft of the United States, and/or airmen serving in connection therewith, the Secretary of Commerce may authorize aircraft registered under the law of the foreign nation and not a part of the armed forces thereof to be navigated in the United States, and may by regulation exempt such aircraft, and/or airmen serving in connection therewith, from the requirements of section 3, other than the air traffic rules; but no foreign aircraft shall engage in interstate or intrastate air commerce.

SEC. 7. APPLICATION OF EXISTING LAWS RELATING TO FOREIGN COMMERCE.—(a) The navigation and shipping laws of the United States, including any definition of "vessel" or "vehicle" found therein and including the rules for the prevention of collisions, shall not be construed to apply to seaplanes or other aircraft or to the navigation of vessels in relation to seaplanes or other aircraft.

the Government department or other independent establishment under whose jurisdiction the officer or employee is serving) any of the powers, privileges, or duties conferred or imposed upon officers or employees of the immigration service, and (3) by regulation to provide for the application to civil air navigation of the laws and regulations relating to the administration of the immigration laws to such extent and upon such conditions as he deems necessary.

SEC. 8. ADDITIONAL ASSISTANT SECRETARY OF COMMERCE.—To aid the Secretary of Commerce in fostering air commerce and to perform such functions vested in the Secretary under this Act as the Secretary may designate there shall be an additional Assistant Secretary of Commerce, who shall be appointed by the President, by and with the advice and consent of the Senate, and whose compensation shall be fixed in accordance with the Classification Act of 1923. FUNCTIONS OF BOARD OF MEDIATION
Sec. 5. First. The parties, or either party, to a dispute between an employee or group of employees and a carrier may invoke the services of the Board of Mediation created by this Act, or the Board of Mediation may proffer its services, in any of the following cases:
(a) A dispute arising out of grievances or out of the interpretation or application of agreements concerning rates of pay, rules, or working conditions not adjusted by the parties in conference and not decided by the appropriate adjustment board;
(b) A dispute which is not settled in conference between the parties, in respect to changes in rates of pay, rules, or working conditions;
(c) Any other dispute not decided in conference between the parties.

In either event the said board shall promptly put itself in communication with the parties to such controversy, and shall use its best efforts, by mediation, to bring them to agreement. If such efforts to bring about an amicable adjustment through mediation shall be unsuccessful, the said board shall at once endeavor as its final required action (except as provided in paragraph third of this section and in section 10 of this Act), to induce the parties to submit their controversy to arbitration in accordance with the provisions of this Act.

Second. In any case in which a controversy arises over the meaning or the application of any agreement reached through mediation under the provisions of this Act, either party to the said agreement, or both, may apply to the Board of Mediation for an interpretation as to the meaning or application of such agreement. The said board shall upon receipt of such request notify the parties to the controversy, and after a hearing of both sides give its interpretation within thirty days.

Third. The Board of Mediation shall have the following duties with respect to the arbitration of disputes under section 7 of this Act:
(a) On failure of the arbitrators named by the parties to agree on the remaining arbitrator or arbitrators within the time set by section 7 of this Act, it shall be the duty of the Board of Mediation to name such remaining arbitrator or arbitrators. It shall be the duty of the board in naming such arbitrator or arbitrators to appoint
SIXTY-NINTH CONGRESS. Sess. I. Ch. 347. 1926.

only those whom the board shall deem wholly disinterested in the controversy to be arbitrated and impartial and without bias as between the parties to such arbitration. Should, however, the board name an arbitrator or arbitrators not so disinterested and impartial, then, upon proper investigation and presentation of the facts, the board shall promptly remove such arbitrator.

If an arbitrator named by the Board of Mediation, in accordance with the provisions of this Act, shall be removed by such board as provided by this Act, or if such an arbitrator refuses or is unable to serve, it shall be the duty of the Board of Mediation, promptly, to select another arbitrator, in the same manner as provided in this Act for an original appointment by the Board of Mediation.

(b) Any member of the Board of Mediation is authorized to take the acknowledgment of an agreement of arbitration under this Act. When so acknowledged, or when acknowledged by the parties before a notary public or the clerk of a district court or a circuit court of appeals of the United States, such agreement to arbitrate shall be delivered to a member of said board, or transmitted to said board, to be filed in its office.

(c) When an agreement to arbitrate has been filed with the Board of Mediation, or with one of its members, as provided by this section, and when the said board, or a member thereof, has been furnished the names of the arbitrators chosen by the parties to the controversy, it shall be the duty of the Board of Mediation to cause a notice in writing to be served upon said arbitrators, notifying them of their appointment, requesting them to meet promptly to name the remaining arbitrator or arbitrators necessary to complete the board of arbitration, and advising them of the period within which, as provided by the agreement to arbitrate, they are empowered to name such arbitrator or arbitrators.

(d) Either party to an arbitration desiring the reconvening of a board of arbitration to pass upon any controversy arising over the meaning or application of an award may so notify the Board of Mediation in writing, stating in such notice the question or questions to be submitted to such reconvened board. The Board of Mediation shall thereupon promptly communicate with the members of the board of arbitration, or a subcommittee of such board appointed for such purpose pursuant to a provision in the agreement to arbitrate, and arrange for the reconvening of said board or subcommittee, and shall notify the respective parties to the controversy of the time and place at which the board, or the subcommittee, will meet for hearings upon the matters in controversy to be submitted to it. No evidence other than that contained in the record filed with the original award shall be received or considered by such reconvened board or subcommittee, except such evidence as may be necessary to illustrate the interpretations suggested by the parties. If any member of the original board is unable or unwilling to serve on such reconvened board or subcommittee thereof, another arbitrator shall be named in the same manner and with the same powers and duties as such original arbitrator.

(e) The Interstate Commerce Commission, the Bureau of Labor Statistics, and the custodian of the records, respectively, of the Railroad Labor Board, of the mediators designated in the Act approved June 1, 1898, providing for mediation and arbitration, known as the Erdman Act, and of the Board of Mediation and Conciliation created by the Act approved July 15, 1913, providing for mediation, conciliation, and arbitration, known as the Newlands Act, are hereby authorized and directed to transfer and deliver to the Board of Mediation created by this Act any and all papers and documents here-tofore filed with or transferred to them, respectively, bearing upon
the settlement, adjustment, or determination of disputes between carriers and their employees or upon mediation or arbitration proceedings held under or pursuant to the provisions of any Act of Congress in respect to such disputes; and the President is authorized to require the transfer and delivery to the Board of Mediation, created by this Act, of any and all such papers and documents filed with or in the possession of any agency of the Government. The President is authorized to designate a custodian of the records and property of the Railroad Labor Board, until the transfer and delivery of such records to the Board of Mediation and the disposition of such property in such manner as the President may direct.

PROCEDURE IN CHANGING RATES OF PAY, RULES, AND WORKING CONDITIONS

Sec. 6. Carriers and the representatives of the employees shall give at least thirty days' written notice of an intended change affecting rates of pay, rules, or working conditions, and the time and place for conference between the representatives of the parties interested in such intended changes shall be agreed upon within ten days after the receipt of said notice, and said time shall be within the thirty days provided in the notice. Should changes be requested from more than one class or associated classes at approximately the same time, this date for the conference shall be understood to apply only to the first conference for each class; it being the intent that subsequent conferences in respect to each request shall be held in the order of its receipt and shall follow each other with reasonable promptness. In every case where such notice of intended change has been given, or conferences are being held with reference thereto, or the services of the Board of Mediation have been requested by either party, or said board has proffered its services, rates of pay, rules, or working conditions shall not be altered by the carrier until the controversy has been finally acted upon, as required by section 5 of this Act, by the Board of Mediation, unless a period of ten days has elapsed after termination of conferences without request for or proffer of the services of the Board of Mediation.

ARBUTRATION

Sec. 7. First. Whenever a controversy shall arise between a carrier or carriers and its or their employees which is not settled either in conference between representatives of the parties or by the appropriate adjustment board or through mediation, in the manner provided in the preceding sections, such controversy may, by agreement of the parties to such controversy, be submitted to the arbitration of a board of three (or, if the parties to the controversy so stipulate, of six) persons: Provided, however, That the failure or refusal of either party to submit a controversy to arbitration shall not be construed as a violation of any legal obligation imposed upon such party by the terms of this Act or otherwise.

Second. Such board of arbitration shall be chosen in the following manner:

(a) In the case of a board of three the carrier or carriers and the representatives of the employees, parties respectively to the agreement to arbitrate, shall each name one arbitrator; the two arbitrators thus chosen shall select a third arbitrator. If the arbitrators chosen by the parties shall fail to name the third arbitrator within five days after their first meeting, such third arbitrator shall be named by the Board of Mediation.
(b) In the case of a board of six the carrier or carriers and the representatives of the employees, parties respectively to the agreement to arbitrate, shall each name two arbitrators; the four arbitrators thus chosen shall, by a majority vote, select the remaining two arbitrators. If the arbitrators chosen by the parties shall fail to name the two arbitrators within fifteen days after their first meeting, the said two arbitrators, or as many of them as have not been named, shall be named by the Board of Mediation.

Third. (a) When the arbitrators selected by the respective parties have agreed upon the remaining arbitrator or arbitrators, they shall notify the Board of Mediation; and, in the event of their failure to agree upon any or upon all of the necessary arbitrators within the period fixed by this Act, they shall, at the expiration of such period, notify the Board of Mediation of the arbitrators selected, if any, or of their failure to make or to complete such selection.

(b) The board of arbitration shall organize and select its own chairman and make all necessary rules for conducting its hearings: Provided, however, that the board of arbitration shall be bound to give the parties to the controversy a full and fair hearing, which shall include an opportunity to present evidence in support of their claims, and an opportunity to present their case in person, by counsel, or by other representative as they may respectively elect.

(c) Upon notice from the Board of Mediation that the parties, or either party, to an arbitration desire the reconvening of the board of arbitration (or a subcommittee of such board of arbitration appointed for such purpose pursuant to the agreement to arbitrate) to pass upon any controversy over the meaning or application of their award, the board, or its subcommittee, shall at once reconvene. No question other than, or in addition to, the questions relating to the meaning or application of the award, submitted by the party or parties in writing, shall be considered by the reconvened board of arbitration or its subcommittee.

Such rulings shall be acknowledged by such board or subcommittee thereof in the same manner, and filed in the same district court clerk's office, as the original award and become a part thereof.

(d) No arbitrator, except those chosen by the Board of Mediation, shall be incompetent to act as an arbitrator because of his interest in the controversy to be arbitrated, or because of his connection with or partiality to either of the parties to the arbitration.

(e) Each member of any board of arbitration created under the provisions of this Act named by either party to the arbitration shall be compensated by the party naming him. Each arbitrator selected by the arbitrators or named by the Board of Mediation shall receive from the Board of Mediation such compensation as the Board of Mediation may fix, together with his necessary traveling expenses and expenses actually incurred for subsistence, while serving as an arbitrator.

(f) The board of arbitration shall furnish a certified copy of its award to the respective parties to the controversy, and shall transmit the original, together with the papers and proceedings and a transcript of the evidence taken at the hearings, certified under the hands of at least a majority of the arbitrators, to the clerk of the district court of the United States for the district wherein the controversy arose or the arbitration is entered into, to be filed in said clerk's office as hereinafter provided. The said board shall also furnish a certified copy of its award, and the papers and proceedings, including testimony relating thereto, to the Board of Mediation, to be filed in its office; and in addition a certified copy of its award shall be filed in the office of the Interstate Commerce Com-
Provided, however, That such award shall not be construed to diminish or extinguish any of the powers or duties of the Interstate Commerce Commission, under the Interstate Commerce Act, as amended.

(g) A board of arbitration may, subject to the approval of the Board of Mediation, employ and fix the compensation of such assistants as it deems necessary in carrying on the arbitration proceedings. The compensation of such employees, together with their necessary traveling expenses and expenses actually incurred for subsistence, while so employed, and the necessary expenses of boards of arbitration, shall be paid by the Board of Mediation.

Whenever practicable, the board shall be supplied with suitable quarters in any Federal building located at its place of meeting or at any place where the board may conduct its proceedings or deliberations.

(h) All testimony before said board shall be given under oath or affirmation, and any member of the board shall have the power to administer oaths or affirmations. The board of arbitration, or any member thereof, shall have the power to require the attendance of witnesses and the production of such books, papers, contracts, agreements, and documents as may be deemed by the board of arbitration material to a just determination of the matters submitted to its arbitration, and may for that purpose request the clerk of the district court of the United States for the district wherein said arbitration is being conducted to issue the necessary subpoenas, and upon such request the said clerk or his duly authorized deputy shall be, and he hereby is, authorized, and it shall be his duty, to issue such subpoenas. In the event of the failure of any person to comply with any such subpoena, or in the event of the contumacy of any witness appearing before the board of arbitration, the board may invoke the aid of the United States courts to compel witnesses to attend and testify and to produce such books, papers, contracts, agreements, and documents to the same extent and under the same conditions and penalties as provided for in the Act to regulate commerce approved February 4, 1887, and the amendments thereto.

Any witness appearing before a board of arbitration shall receive the same fees and mileage as witnesses in courts of the United States, to be paid by the party securing the subpoena.

(a) Shall be in writing;
(b) Shall stipulate that the arbitration is had under the provisions of this Act;
(c) Shall state whether the board of arbitration is to consist of three or of six members;
(d) Shall be signed by the duly accredited representatives of the carrier or carriers and the employees, parties respectively to the agreement to arbitrate, and shall be acknowledged by said parties before a notary public, the clerk of a district court or circuit court of appeals of the United States, or before a member of the Board of Mediation, and, when so acknowledged, shall be filed in the office of the Board of Mediation;
(e) Shall state specifically the questions to be submitted to the said board for decision; and that, in its award or awards, the said board shall confine itself strictly to decisions as to the questions so specifically submitted to it;
(f) Shall provide that the questions, or any one or more of them, submitted by the parties to the board of arbitration may be withdrawn from arbitration on notice to that effect signed by the duly accredited representatives of all the parties and served on the board of arbitration;
(g) Shall stipulate that the signatures of a majority of said board of arbitration affixed to their award shall be competent to constitute a valid and binding award;

(h) Shall fix a period from the date of the appointment of the arbitrator or arbitrators necessary to complete the board (as provided for in the agreement) within which the said board shall commence its hearings;

(i) Shall fix a period from the beginning of the hearings within which the said board shall make and file its award: Provided, That the parties may agree at any time upon an extension of this period;

(j) Shall provide for the date from which the award shall become effective and shall fix the period during which the award shall continue in force;

(k) Shall provide that the award of the board of arbitration and the evidence of the proceedings before the board relating thereto, when certified under the hands of at least a majority of the arbitrators, shall be filed in the clerk's office of the district court of the United States for the district wherein the controversy arose or the arbitration was entered into, which district shall be designated in the agreement; and, when so filed, such award and proceedings shall constitute the full and complete record of the arbitration;

(l) Shall provide that the award, when so filed, shall be final and conclusive upon the parties as to the facts determined by said award and as to the merits of the controversy decided;

(m) Shall provide that any difference arising as to the meaning, or the application of the provisions, of an award made by a board of arbitration shall be referred back for a ruling to the same board, or, by agreement, to a subcommittee of such board; and that such ruling, when acknowledged in the same manner, and filed in the same district court clerk's office, as the original award, shall be a part of and shall have the same force and effect as such original award; and

(n) Shall provide that the respective parties to the award will each faithfully execute the same.

The said agreement to arbitrate, when properly signed and acknowledged as herein provided, shall not be revoked by a party to such agreement: Provided, however, That such agreement to arbitrate may at any time be revoked and canceled by the written agreement of both parties signed by their duly accredited representatives, and (if no board of arbitration has yet been constituted under the agreement) delivered to the Board of Mediation or any member thereof; or, if the board of arbitration has been constituted as provided by this Act, delivered to such board of arbitration.

Sec. 9. First. The award of a board of arbitration, having been acknowledged as herein provided, shall be filed in the clerk's office of the district court designated in the agreement to arbitrate.

Second. An award acknowledged and filed as herein provided shall be conclusive on the parties as to the merits and facts of the controversy submitted to arbitration, and unless, within ten days after the filing of the award, a petition to impeach the award, on the grounds hereinafter set forth, shall be filed in the clerk's office of the court in which the award has been filed, the court shall enter judgment on the award, which judgment shall be final and conclusive on the parties.

Third. Such petition for the impeachment or contesting of any award so filed shall be entertained by the court only on one or more of the following grounds:

The Secretary is further authorized and directed when announcement is made of the construction charges for the Tule Lake division of this project to take into consideration the recommendations of the board on page 26 of said Document 201, that a loss to the reclamation fund will ultimately ensue on this division and also a probable loss of $34,000 from lands of the Horsefly irrigation district by reason of the construction of the Gerber Reservoir, and he is further authorized and directed to deduct from the cost of said division the sum of $234,407 as recommended by the Board of Survey and Adjustments on page 26 of said document, and to fix and allocate the construction cost per acre in accordance with the findings and recommendations of the said board on page 26 of said document. The construction charge against the area in this division now under contract shall also be adjusted accordingly: Provided, That the construction charges shall in no event exceed a just and equitable charge against the Tule Lake division based on the value of water for irrigation under the economic conditions prevailing, notwithstanding such charges may not return the full cost of construction.

ADMINISTRATIVE PROVISIONS

Sec. 41. All lands found by the classification to be permanently unproductive shall be excluded from the project and no water shall be delivered to them after the date of such exclusion unless and until they are restored to the project. Except as herein otherwise provided, the water right formerly appurtenant to such permanently unproductive lands shall be disposed of by the United States under the reclamation law: Provided, That the water users on the projects shall have a preference right to the use of the water: And provided further, That any surplus water temporarily available may be furnished upon a rental basis for use on lands excluded from the project under this section, on terms and conditions to be approved by the Secretary of the Interior.

Sec. 42. The construction charges heretofore paid on permanently unproductive lands excluded from the project shall be applied as a credit on charges due or to become due on any remaining irrigable land covered by the same water-right contract or land taken in exchange as provided in section 44 of this Act. If the charges so paid exceed the amount of all water-right charges due and unpaid, plus the construction charges not yet due, the balance shall be paid in cash to the holder of the water-right contract covering the land so excluded or to the irrigation district affected; which in turn shall be charged with the responsibility of making suitable adjustment with the landowners involved. Should all the irrigable lands of a water-right applicant be excluded from the project as permanently unproductive, and no exchange be made as provided in section 44 hereof, the total construction charges heretofore paid, less any accrued charges on account of operation and maintenance, shall be refunded in cash, the water-right contract shall be canceled, and all liens on account of water-right charges shall be released.

Sec. 43. The payment of all construction charges against said areas temporarily unproductive shall remain suspended until the Secretary of the Interior shall declare them to be possessed of sufficient productive power properly to be placed in a paying class, whereupon payment of construction charges against such areas shall be resumed or shall begin as the case may be. While said lands are so classified as temporarily unproductive and the construction charges against them are suspended, water for irrigation purposes may be furnished upon payment of the usual operation and maintenance charges, or such other charges as may be fixed by the Secretary of the Interior.
the advance payment of which may be required, in the discretion of the said Secretary. Should said lands temporarily classed as unproductive, or any of them, in the future be found by the Secretary of the Interior to be permanently unproductive, the charges against them shall be charged off as a permanent loss to the reclamation fund and they shall thereupon be treated in the same manner as other permanently unproductive lands as provided in this Act.

SEC. 44. Settlers who have unpatented entries under any of the public land laws embracing lands which have been eliminated from the project, or whose entries under water rights have been so reduced that the remaining area is insufficient to support a family, shall be entitled to exchange their entries for other public lands within the same project or any other existing Federal reclamation project, with credit under the homestead laws for residence, improvement, and cultivation made or performed by them upon their original entries and with credit upon the new entry for any construction charges paid upon or in connection with the original entry: Provided, That when satisfactory final proof has been made on the original entry it shall not be necessary to submit final proof upon the lieu entry. Any entryman whose entry or farm unit is reduced by the elimination of permanently unproductive land shall be entitled to enter an equal amount of available public land on the same project contiguous to or in the vicinity of the farm unit reduced by elimination, with all credits in this section hereinbefore specified in lieu of the lands eliminated. Owners of private lands so eliminated from the project may, subject to the approval of the Secretary of the Interior, and free from all encumbrances, relinquish and convey to the United States lands so owned and held by them, not exceeding an area of one hundred and sixty acres, and select an equal area of vacant public land within the irrigable area of the same or any other Federal reclamation project, with credit upon the construction costs of the lands selected to the extent and in the amount paid upon or in connection with their relinquished lands, and the Secretary of the Interior is hereby authorized to revise and consolidate farm units, so far as this may be made necessary or advisable, with a view to carrying out the provisions of this section: Provided further, That the rights extended under this section shall not be assignable: And provided further, That in administering the provisions of this section and section 42, the Secretary of the Interior shall take into consideration the rights and interests of lien holders, as to him may seem just and equitable: Provided further, That where two entrymen apply for the same farm unit under the exchange provisions of this section, only one whom is an ex-service man, as defined by the joint resolution of January 21, 1922 (Forty-second Statutes, page 358), the ex-service man shall have a preference in making such exchange.

SEC. 45. The Secretary of the Interior is hereby authorized, in his discretion, to amend any existing water-right contract to the extent necessary to carry out the provisions of this Act, upon request of the holder of such contract. The Secretary of the Interior, as a condition precedent to the amendment of any existing water-right contract, shall require the execution of a contract by a water-users' association or irrigation district whereby such association or irrigation district shall be required to pay to the United States, without regard to default in the payment of charges against any individual farm unit or tract of irrigable land, the entire charges against all productive lands remaining in the project after the permanently unproductive lands shall have been eliminated and the charges against temporarily unproductive areas shall have been suspended in the manner and to the extent authorized and directed by this Act.
The Secretary is authorized, in his discretion, upon request of individual water users or districts, and upon performance of the condition precedent above set forth, to amend any existing water-right contract to provide for increase in the time for payment of construction charges, which have not then accrued, to the extent that may be necessary under the conditions in each case, subject to the limitation that there shall be allowed for repayment not more than forty years from the date the first payment matured under the original contract, and also to extend the time for payment of operation and maintenance or water rental charges due and unpaid for such period as in his judgment may be necessary not exceeding five years, the charges so extended to bear interest payable annually at the rate of 6 per centum per annum until paid, and to contract for the payment of the construction charges then due and unpaid within such term of years as the Secretary may find to be necessary, with interest payable annually at the rate of 6 per centum per annum until paid.

The Secretary is further authorized, in his discretion, to grant the relief provided for in section 4, Act of December 5, 1924 (Forty-third Statutes at Large, page 701), to any of the projects mentioned in this Act, without requiring such project to take over the care, operation, and maintenance of the project works.

The decision of the Secretary as to the necessity for amending any such contract shall be conclusive: Provided, That nothing in this Act shall prevent the execution of any contract hereafter negotiated or in connection with which negotiations have been heretofore opened in good faith or which may be hereafter opened in good faith under the Act approved December 5, 1924 (Forty-third Statutes at Large, page 701), and which shall be executed on or before January 1, 1927, unless the water users affected elect to have the contract governed by this section: Provided further, That in the execution of any contract provided for in the last proviso, the Secretary of the Interior shall have authority to arrange for payment of construction charges by any project or division for the calendar years 1926, 1927, and 1928 in proportion to the state of development of the project in those years: Provided further, That the Secretary of the Interior is authorized to complete and execute the supplemental contract, now being negotiated and which has been approved as to form by the Secretary, between the United States and the Belle Fourche Irrigation District and at the expiration of said supplemental contract to enter into a permanent contract on behalf of the United States with said District in accordance with the terms of said supplemental contract.

Prior to or in connection with the settlement and development of each of these projects, the Secretary of the Interior is authorized in his discretion to enter into agreement with the proper authorities of the State or States wherein said projects or divisions are located whereby such State or States shall cooperate with the United States in promoting cooperation of States for promoting settlement, etc., after completion.

Such contract or contracts with irrigation districts hereinbefore referred to shall further provide that all irrigable land held in private ownership by any one owner in excess of one hundred and sixty irrigable acres shall be appraised in a manner to be prescribed by the Secretary of the Interior and the sale prices thereof fixed by the Secretary on the basis of its actual bona fide value at the date of appraisal without reference to the proposed construction of the irrigation works; and that no such excess lands so held shall receive water from any project or division if the owners thereof shall refuse to execute valid recordable contracts for the sale of such lands under terms and conditions satisfactory to the Secretary of the Interior and at prices not to exceed those fixed by the Secretary of the Interior; and that until one-half the construction charges against said lands shall have been fully paid no sale of any such lands shall carry the right to receive water unless and until the purchase price involved in such sale is approved by the Secretary of the Interior and that upon proof of fraudulent representation as to the true consideration involved in such sales the Secretary of the Interior is authorized to cancel the water right attaching to the land involved in such fraudulent sales: Provided further, That the operation and maintenance charges on account of lands in said projects and divisions shall be paid annually in advance not later than March 1. It shall be the duty of the Secretary of the Interior to give public notice when water is actually available, and the operation and maintenance charges payable to the United States for the first year after such public notice shall be transferred to and paid as a part of the construction payment.

"On the first $75 or less per quarter the postmaster shall be allowed 160 per centum on the amount; on the next $100 or less per quarter, 85 per centum; and on all the balance, 75 per centum, the same to be ascertained and allowed by the General Accounting Office in the settlement of the accounts of such postmasters upon their sworn quarterly returns: Provided, That in adjusting the quarterly compensation of postmasters of the fourth class the General Accounting Office shall allow such compensation as may be shown by the quarterly returns to be due, not exceeding $275 for the

CHAP. 528.—An Act To amend an Act entitled "An Act making it a misdemeanor in the District of Columbia to abandon or willfully neglect to provide for the support and maintenance by any person of his wife or his or her minor children in destitute or necessitous circumstances," approved March 23, 1906.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That sections one and three of an Act entitled "An Act making it a misdemeanor in the District of Columbia to abandon or willfully neglect to provide for the support and maintenance by any person of his wife or his or her minor children in destitute or necessitous circumstances," approved March 23, 1906, are hereby amended so as to read as follows:

"Section 1. That any person in the District of Columbia who shall, without just cause, desert or willfully neglect or refuse to provide for the support and maintenance of his wife in destitute or necessitous circumstances, or any person who shall, without just excuse, desert or willfully neglect or refuse to provide for the support and maintenance of his or her minor children under the age of sixteen years in destitute or necessitous circumstances, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than $500 or by imprisonment in the workhouse of the District of Columbia for not more than twelve months, or by both such fine and imprisonment; and should a fine be imposed it may be directed by the court to be paid in whole or in part to the wife or to the guardian or custodian of the minor child or children: Provided, That before the trial, with the consent of the defendant, or after conviction, instead of imposing the punishment hereinbefore provided, or in addition thereto, the court in its discretion, having regard to the circumstances and to the financial ability or earning capacity of the defendant, shall have the power to make an order, which shall be subject to change by it from time to time as circumstances may require, directing the defendant to pay a certain sum weekly for the space of one year to the wife, or to the guardian or custodian of the minor child or children, or to an organization or individual approved by the court as trustee, and to release the defendant from custody on probation for the space of one year upon his or her entering into a recognizance, with or without sureties, in such sum as the court may direct. The condition of the recognizance shall be such that if the defendant shall make his personal appearance in court whenever ordered to do so within the year, and shall further comply with the terms of the order and of any subsequent modification thereof, then the recognizance shall be void, otherwise of full force and effect.

"If the court be satisfied by information and due proof, under oath, that at any time during the year the defendant has violated the terms of such order, it may forthwith proceed with the trial of the defendant under the original charge, or sentence him under the original conviction, or enforce the original sentence, as the case may be. In case of forfeiture of a recognizance and enforcement thereof by execution, the sum recovered may, in the discretion of the court, be paid in whole or in part to the wife, or to the guardian or custodian of the minor child or children."

"Sec. 3. That it shall be the duty of the superintendent in charge of the workhouse of the District of Columbia in which any person is confined on account of a sentence under this law to pay, out of any funds available, over to the wife, or to the guardian or custodian of his or her minor child or children, or to an organization or individual approved by the court as trustee, at the end of each week, for the support of such wife, child, or children, a sum equal to 50 cents for each day of the sentence served by said person so confined."

CHAP. 529.—An Act To provide for the equalization of promotion of officers of the staff corps of the Navy with officers of the line.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That for all purposes of this Act the words "staff officer" or "staff officers" as hereinafter used shall be construed to include officers of the Medical, Supply, Chaplain, Construction, Civil Engineer, and Dental Corps of the Navy only.

Hereafter all advancements to the ranks of rear admiral, captain, and commander in each of the staff corps above mentioned, including the advancement of staff officers who are or may be carried on the Navy list as additional to the numbers of such ranks, shall be by selection only from staff officers of the next lower respective rank in the corps concerned upon the recommendation of a board of naval officers as hereinafter provided: Provided, That nothing in this Act shall be construed as authorizing or permitting the advancement of any officer of the Chaplain Corps or Dental Corps to a higher rank than that of captain, and the ranks of commander and captain are hereby established in the grade of dental surgeon: Provided further, That the advancements of staff officers herein authorized to the ranks of rear admiral, captain, and commander shall be made regardless of numbers or percentages established by any prior Acts for the distribution of staff officers in the ranks or grades of such corps, and such prior Acts in so far as they establish numbers or percentages of staff officers in the various ranks or grades are hereby repealed: Provided further, That nothing in this Act shall be construed as authorizing or permitting in the permanent rank of rear admiral, exclusive of additional numbers, more than four officers of the Medical Corps, three officers of the Supply Corps, one officer of the Construction Corps, and one officer of the Civil Engineer Corps:

SEC. 3. Boards for the selection of staff officers for recommendation for advancement to the rank of rear admiral shall be composed of not less than three nor more than nine officers of the rank of rear admiral or commodore on the active or retired list of the staff corps concerned. Boards for the selection of staff officers for recommendation for advancement to the ranks of captain and commander shall be composed of not less than six nor more than nine officers not below the rank of captain on the active or retired list of the staff corps concerned: Provided, That in case there be not a sufficient number of staff officers of the corps concerned legally or physically incapacitated to serve on a selection board of such corps as herein provided, officers of the line on the active list of the rank of rear admiral may be detailed to duty on such board to constitute the required minimum membership: Provided further, That no officer shall be recommended for advancement unless he shall have received the recommendation of not less than two-thirds of the members of the board.

SEC. 3. Each member of the selection board herein provided for shall swear, or affirm, that he will, without prejudice or partiality and having in view solely the special fitness of officers and the
efficiency of the naval service, perform the duties imposed upon him as herein provided.

Each said selection board shall be furnished by the Secretary of the Navy with the number of officers to be recommended for advancement by said board and with the names of all officers who are eligible for consideration for selection by said board as herein authorized, together with the record of each such officer. If a selection board does not recommend a number of officers for advancement to any rank equal to the number furnished to that board for that rank by the Secretary of the Navy as provided in this section, the difference between the number actually recommended by the board and the number furnished the board by the Secretary of the Navy may be added by the Secretary of the Navy to the number furnished by him to the next succeeding board as prescribed by this section. Any officer eligible for consideration for selection as herein authorized shall have the right to forward through official channels at any time not later than ten days after the convening of a selection board for his rank and corps a written communication inviting attention to any matter of record in the Navy Department concerning himself which he deems important in the consideration of his case: Provided, That such communication shall not contain any reflection upon the character, conduct, or motives of, or criticism of, any officer.

The report of each board shall be in writing, signed by all of the members, and shall certify that the board has carefully considered the case of every officer eligible for consideration by said board under the provisions of this Act, and that in the opinion of not less than two-thirds of the members of the board the officers therein recommended are the best fitted of all those under consideration to assume the duties of the next higher rank. The report of the board shall be submitted to the President for approval or disapproval. In case any officer recommended by the board be not acceptable to the President, the board shall be informed of the name of such officer and may recommend another officer, provided that there be another officer eligible for consideration by said board, and if necessary the board shall be reconvened for this purpose.

When the report of the board shall have been approved by the President the officers recommended therein shall be deemed eligible for selection and shall in accordance with the provisions of this Act be advanced to and commissioned in the rank for which recommended, and when so commissioned each such officer shall be given in his new commission the same date of rank which has been, or in due course will be, stated in the commission in such rank of his running mate assigned him in accordance with this Act: Provided, That a staff officer who is recommended for advancement by the report of a selection board approved by the President shall be eligible for advancement to a higher rank in his corps under the provisions of this Act if and when his running mate or an officer junior to such running mate has been promoted to that higher rank in the line of the Navy or when a vacancy in that rank exists in the line of the Navy which will in due course be filled by the promotion of his running mate or an officer junior to his running mate: Provided further, That a staff officer selected and advanced in accordance with the provisions of this Act shall be entitled to the pay and allowances of the rank to which so advanced from the date stated in his commission, but should such date stated in his commission be prior to the date of this Act he shall be entitled to the pay and allowances of the rank to which so advanced from the date of this Act: Provided further, That any
officer so selected for advancement shall prior to advancement be subject in all respects to the examinations prescribed by law for officers advanced by seniority, and in case of failure to pass the required professional examination such officer shall thereafter be ineligible for selection and advancement. Should any such officer fail to pass the required physical examination, he shall not be considered, in the event of retirement, entitled to the next higher rank.

Sect. 4. Hereafter all staff officers in the Navy commissioned prior to March 4, 1913, when of the same rank as their running mates or of the rank for which their running mates have been selected, shall take precedence with all other line and staff officers of the same rank from the dates in the commissions or which in due course will be stated in the commissions of their running mates in said rank. Such staff officers of a higher rank than the rank held by their running mates until their running mates have been selected for such higher rank shall take precedence with all line and staff officers of the rank then held by them in accordance with the date stated in the commission of the junior line officer in such higher rank; staff officers of a lower rank than the rank held by their running mates shall take precedence with all line and staff officers of the same rank in accordance with the dates stated in the commissions that had been held by their running mates in such lower rank: Provided, That officers having the same rank and the same date of precedence in that rank shall take precedence in the following order: (a) Line officers, (b) medical officers, (c) officers of the supply corps, (d) chaplains, (e) naval constructors, (f) civil engineers, (g) dental officers: Provided further, That staff officers assigned running mates in accordance with this Act, if thereafter assigned new running mates, shall have with respect to other staff officers who also have as their running mates the new running mates so assigned, the precedence held by them prior to the assignment of such new running mates.

Sect. 5. For the purposes of this Act the term "passed over," when applied to an officer, shall be construed to mean that such officer when eligible for consideration for selection for permanent advancement has failed to be so selected and an officer junior to him in the same rank and branch of the Navy has been selected and permanently advanced: Provided, That no staff officer shall be regarded as having been passed over by reason of the advancement to the rank of rear admiral, prior to July 1, 1918, of an officer junior to him in his corps nor by reason of the advancement in rank since that date and prior to the date of this Act of any officer of his corps not now on the active list of the Navy.

Sect. 6. Each staff officer commissioned in his corps prior to March 4, 1913, who has served continuously on the active list of said corps since that date, and who has not lost numbers for any cause since January 1, 1913, or who has not been passed over, shall be assigned as his running mate the junior line officer who appeared above him on the precedence list of the Navy as published in the Navy Register of January 1, 1914; each staff officer commissioned on or after March 4, 1913, now on the active list, who has not lost numbers for any cause or who has not been passed over, shall be assigned as his running mate that line officer with or next after whom he took precedence when commissioned originally in his corps, and with whom he has taken precedence for promotion purposes in accordance with the Act of August 29, 1916: Provided, That if the running mate who would be assigned in accordance with the foregoing clauses of this section to any staff officer appointed in his corps prior to March 4, 1913, is junior to the running mate of any staff officer appointed in the same corps, on or after said date, the

staff officer first mentioned shall then be assigned as his running mate the running mate of the senior staff officer of the same corps now on the active list who was appointed on or after March 4, 1913: Provided further, That if the line officer assigned as a running mate to a staff officer, in accordance with this section, has become separated from the active list, has been passed over, or has for any cause lost numbers, a running mate shall be assigned such staff officer who shall be the line officer on the active list who, on the date of this Act, occupies the position on the active list of the Navy next senior to that which would have been occupied by the line officer first mentioned had he not become separated from the active list, been passed over, or lost numbers: Provided further, That each staff officer now on the active list who has been passed over or who has lost numbers for any cause since January 1, 1914, and each staff officer appointed on or after March 4, 1913, and who has lost numbers between that date and January 1, 1914, shall be assigned as his running mate the running mate of the next senior staff officer now on the active list of the same corps; but should such running mate be senior to the running mate who would otherwise under this section have been assigned the staff officer who has been passed over, or lost numbers, as aforesaid, such staff officer shall be assigned as his running mate the line officer who would have been his running mate under this section had he not been passed over or lost numbers. And provided further, That any officer of a staff corps of the Navy advanced to the rank of rear admiral prior to July 1, 1918, shall have as his running mate that line officer who shall be the running mate of the officer in his own corps next junior to such staff officer on the date of this Act or thereafter until such time as the line officer who would otherwise be assigned as the running mate of such staff officer in accordance with this Act becomes his running mate.

Sec. 7. Hereafter each staff officer, when first commissioned in the Navy, shall have assigned as his running mate that line officer who at the time is the junior officer of the rank in which the staff officer is commissioned: Provided, That a line officer hereafter transferred to a staff corps shall retain the rank and date of commission in such rank held by him at the time of such transfer and shall have assigned as his running mate that line officer immediately above him in the Navy at the time of such transfer.

Sec. 8. Should the running mate assigned a staff officer be separated from the active list, or for any cause lose numbers, a new running mate shall be assigned such staff officer who shall be the line officer next senior to such former running mate, or the line officer next junior if such former running mate was the senior officer in the rank concerned.

Sec. 9. When a staff officer is advanced whose running mate has not been selected such staff officer shall have assigned as a new running mate the line officer who is selected and promoted next senior to his former running mate: Provided, That should his running mate be the senior officer in the rank from which said staff officer is advanced, such staff officer shall have assigned as his new running mate the senior line officer recommended for selection by the immediately preceding line selection board as approved by the President.

Sec. 10. If the running mate of a staff officer be promoted to a higher rank and such staff officer be considered by a selection board for such rank but fail to be selected for advancement thereto, by the report of such board as approved by the President, such staff officer shall have assigned as his new running mate the line officer not promoted who was next senior to his former running mate in the
rank in which the staff officer remains; if there remain in that rank no line officer who was senior therein to such former running mate, such staff officer shall not have assigned a new running mate but shall retain his former running mate who has been promoted: Provided, That if subsequently selected such staff officer when advanced shall have assigned as a new running mate the senior line officer in the rank to which advanced who was promoted to that rank upon recommendation of the line selection board immediately succeeding the last staff selection board which considered such staff officer but did not recommend him for advancement in its report as approved by the President: Provided further, That the foregoing provisions of this section shall not apply to officers of the staff corps of the rank of captain who, when eligible for promotion to the rank of rear admiral, are not passed over; such officers shall retain their running mates, and if subsequently promoted to the rank of rear admiral shall continue to retain the running mates they had while in the rank of captain.

Sec. 11. If a staff officer shall lose numbers for any cause he shall have assigned as his new running mate the line officer who is the running mate of the junior of those officers in his corps who becomes or will become senior to him as the result of such loss of numbers.

Sec. 12. If the running mate of a staff officer shall be advanced in accordance with section 1506 of the Revised Statutes, such staff officer shall have assigned as his new running mate the line officer not advanced who was next senior to his former running mate in the rank in which the staff officer remains, or if there remain in that rank no line officer who was senior to such former running mate in the rank concerned, such staff officer shall then have assigned as his new running mate the senior line officer in the rank in which such staff officer remains.

Sec. 13. If a staff officer shall be advanced in accordance with section 1506 of the Revised Statutes, he shall have assigned as his new running mate the line officer who is the running mate of the officer in his corps immediately senior to such staff officer in the position to which he is so advanced.

Sec. 14. Hereafter a staff officer shall become eligible for consideration by a selection board for recommendation for advancement to the next higher rank when the President approves the report of a line selection board in which the running mate of such staff officer or a line officer junior to such running mate is recommended for promotion to the next higher rank above that held by such staff officer: Provided, That on the date of this Act a staff officer shall immediately become eligible for consideration by a selection board for recommendation for advancement to the next higher rank if his running mate or a line officer junior to such running mate has heretofore been permanently promoted to a rank above that now held by such staff officer or if his running mate or a line officer junior to such running mate has been recommended for such permanent promotion by the report of a selection board which has heretofore been approved by the President.

Sec. 15. As soon as practicable after the date of this Act, boards for the selection of staff officers for advancement to the ranks of rear admiral, captain, and commander shall be appointed by the Secretary of the Navy in accordance with section 2 of this Act.

Each such board appointed to recommend staff officers for advancement to the rank of rear admiral shall recommend for advancement to such rank in the corps for which it was appointed, from such staff officers of the next lower rank in said corps who are eligible for consideration by such board in accordance with this Act, such
officers, not to exceed the number furnished it by the Secretary of the Navy, as according to its judgment, its oath, and the terms of the certificate herein required should be advanced to the next higher rank. The number so computed and furnished such board by the Secretary of the Navy shall be that number of officers which if advanced to the rank of rear admiral in the corps concerned will make the total number of staff officers on the active list of said corps in the rank of rear admiral, exclusive of additional numbers in said rank, 61 per centum of the total number of officers on the active list of said corps of the ranks of rear admiral and captain, exclusive of additional numbers in said ranks, whose running mates or line officers junior to such running mates have been promoted to the rank of rear admiral or have been recommended for such promotion by the report of a selection board which has heretofore been approved by the President: Provided, That the number to be furnished such board by the Secretary of the Navy shall not exceed that number of officers which if advanced to the rank of rear admiral in the corps concerned would make the total number of officers on the active list in that rank and corps more than the maximum number prescribed for said rank and corps by section 1 of this Act.

Each such board appointed to recommend staff officers for advancement to the rank of captain shall recommend for advancement to such rank in the corps for which it was appointed, from such staff officers of the next lower rank in said corps who are eligible for consideration in accordance with section 14 of this Act, such officers not to exceed the number furnished it by the Secretary of the Navy, as according to its judgment, its oath, and the terms of the certificate herein required, should be advanced to the next higher rank. The number so computed and furnished such board by the Secretary of the Navy shall be that number of officers which, if advanced to the rank of captain in the corps concerned, will make the total number of staff officers on the active list in the rank of captain of said corps, exclusive of additional numbers in said rank, 91 per centum of the total number of officers on the active list of said corps of the ranks of captain and commander whose running mates or line officers junior to such running mates are captains, excluding additional numbers in said ranks and excluding such officers of the rank of captain, in each corps whose running mates or juniors thereto have been recommended for promotion to the rank of rear admiral by the report of a selection board which has heretofore been approved by the President.

Each such board appointed to recommend staff officers for advancement to the rank of commander shall recommend for advancement to such rank in the corps for which it was appointed, from such staff officers of the next lower rank in said corps who are eligible for consideration in accordance with section 14 of this Act, such officers not to exceed the number furnished it by the Secretary of the Navy, as according to its judgment, its oath, and the terms of the certificate herein required, should be advanced to the next higher rank. The number so computed and furnished such board by the Secretary of the Navy shall be that number of officers which, if advanced to the rank of commander in the corps concerned, will make the total number of staff officers on the active list in the rank of commander of said corps, exclusive of additional numbers in said rank, 91 per centum of the total number of officers on the active list of said corps of the ranks of commander and lieutenant commander whose running mates or line officers junior to such running mates are commanders, excluding additional numbers in said ranks and excluding such officers of the rank of commander in each corps whose running mates or juniors thereto...
have been recommended for promotion to the rank of captain by the report of a selection board which has heretofore been approved by the President.

Sec. 16. After the President has approved the report of the selection boards, provided for in section 15 of this Act, succeeding boards to recommend staff officers for advancement to the ranks of rear admiral, captain, and commander, respectively, shall be appointed by the Secretary of the Navy in accordance with section 2 of this Act as soon as practicable after the President has approved the report of each line selection board hereafter submitted to him.

Each such board appointed to recommend staff officers for advancement to the rank of rear admiral, and each such board appointed to recommend staff officers for advancement to the ranks of captain and commander, shall recommend for advancement in the corps for which it is appointed, from such staff officers in the next lower rank in said corps who are eligible for consideration by said board in accordance with this Act, such officers as according to its judgment, its oath, and the terms of the certificate herein required, should be advanced to the next higher rank not to exceed the number furnished it by the Secretary of the Navy. The number so furnished each board shall be computed in the following manner:

The number for each rank in each corps shall be determined as of the date of the approval by the President of the last preceding line selection board and shall be a fraction of the number of officers in the next lower rank in said corps eligible for consideration by a selection board as provided in this Act, exclusive of additional numbers and inclusive of those officers who would otherwise have been eligible for consideration by the board concerned but who have been retired from said rank upon their own application after thirty years' service if such application was submitted within one year prior to the date that they would have become eligible for consideration by a selection board: Provided, That the number to be furnished such board by the Secretary of the Navy shall not exceed that number of officers which, if advanced to the rank of rear admiral in the corps concerned, would make the total number of officers on the active list in that rank and corps more than the maximum number prescribed for said rank and corps by section 1 of this Act.

In determining the number of staff officers to which such fraction shall be applied, no staff officer shall be counted who was included in any preceding computation for the same rank or who was eligible for consideration for the same rank on the date of this Act. The numerator of the fraction for each rank shall be a number equal to the total number of line officers recommended for promotion to that rank by the report of the preceding line selection boards as approved by the President. The denominator of the fraction for each rank shall be a number equal to the total number of line officers whose names have appeared upon the active list of the next lower rank, from and excluding the junior line officer in that rank recommended for promotion by the report of the fifth preceding line selection board approved by the President, to and including the junior line officer in that rank recommended for promotion by the report of the last preceding line selection board as approved by the President, exclusive of those officers who have become separated from the active list for reasons other than retirement because of ineligibility for promotion or upon their own application after thirty years' service if such application was submitted within one year prior to the date that they would have become ineligible for promotion by reason of age or length of service.
Sec. 17. In computing the number to be furnished each selection board by the Secretary of the Navy as provided in the preceding section, if the result of such computation for any rank in any corps shall be a mixed number, the fraction, if less than one-half, shall be eliminated and the whole number shall be furnished the board, but such fraction shall be carried forward and added to the number obtained as the result of the computation for the next succeeding selection board appointed for the same rank and corps in order to determine the number to be furnished by the Secretary of the Navy to such succeeding selection board.

In computing the number to be furnished each selection board by the Secretary of the Navy as provided in the preceding section, if the result of such computation for any rank in any corps shall be a mixed number, the fraction, if less than one-half, shall be eliminated and the whole number shall be furnished the board, but such fraction shall be carried forward and added to the number obtained as the result of the computation for the next succeeding selection board appointed for the same rank and corps in order to determine the number to be furnished by the Secretary of the Navy to such succeeding selection board.

Sec. 18. All staff officers of the rank of rear admiral now on the active list who are not now receiving the pay and allowances of the upper half of such rank, and all staff officers who may hereafter be advanced to the rank of rear admiral on the active list, shall receive the pay and allowances prescribed by law for rear admirals of the upper half from the date on which their respective running mates became entitled or shall hereafter become entitled to such pay and allowances: Provided, That no staff officer shall become by virtue of this Act entitled to any increased pay or allowances prior to the date of this Act.

Sec. 19. The provisions of existing law which require acting chaplains to serve for a period of three years on board ship in order to become eligible for commissions as chaplains, and which restrict the number of acting chaplains who may be commissioned as chaplains each year, are hereby repealed, and hereafter all acting chaplains shall be commissioned as chaplains when advanced in accordance with the provisions contained in this Act to the rank of lieutenant.

That all other officers now on the active list in the Corps of Chaplains and all officers who may hereafter be appointed thereto shall be advanced in rank, up to and including the rank of lieutenant commander, with the officer of the line with whom or next after whom they take precedence, provided they are found qualified in accordance with law for such advancement.

Sec. 20. Hereafter section 1481, Revised Statutes of the United States, as amended, shall apply only to officers of the Corps of Professors of Mathematics.

Sec. 21. Nothing contained in this Act shall operate to change the provisions of existing law as to the authorized number, eligibility of officers, date of commission, or pay for permanent rank of rear admiral in those staff corps where but one officer of such permanent rank is authorized.

Sec. 22. Nothing contained in this Act shall operate to reduce the pay and allowances of any officer below the pay and allowances to which he is entitled by reason of his rank and length of service on the date of the approval of this Act.

CHAP. 556.—An Act To amend the Act entitled “An Act for the retirement of public-school teachers in the District of Columbia,” approved January 15, 1920, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act entitled “An Act for the retirement of public-school teachers in the District of Columbia,” approved January 15, 1920, be, and is hereby, amended to read as follows:

“SECTION 1. That there shall be deducted and withheld from the annual salary of every teacher in the public schools of the District of Columbia an amount computed to the nearest tenth of a dollar that will be sufficient, with interest thereon at 4 per centum per annum, compounded annually, to purchase, under the provisions of this Act, an annuity equal to 1 per centum of his average annual salary received during the ten years immediately preceding retirement, for each year of his whole term of service rendered after June 30, 1926, payable monthly throughout life, for every such teacher who shall be retired, as herein provided.

“The deductions herein provided for shall be based on such annuity table or tables as the Commissioners of the District of Columbia shall direct: Provided, however, That said deductions shall in no case exceed 8 per centum of his annual salary: And provided further, That when the annual salary exceeds $2,000 the deductions and benefits shall be made as on an annual salary of $2,000.

“The Commissioners of the District of Columbia shall cause to be filed with the Board of Education on September 10 of each year a certificate showing the amount of deduction to be made from the salary of each teacher during the year, said deduction to be made in equal amounts, one to be deducted for each school month. A similar certificate shall be filed not later than the 15th day of each calendar month to cover cases of new entrants. No deduction shall be made from less than an entire month’s salary.

“Sec. 2. That the amount so deducted and withheld from the annual salary of every teacher shall be deposited in the Treasury of the United States and shall be credited, together with interest at 4 per centum per annum, compounded annually, to an individual

account of the teacher from whose salary the deduction is made, which account shall be kept by the auditor of the District of Columbia. The fund thus created shall be held and invested by the Treasurer of the United States until paid out as hereinafter provided, and the income derived from such investments shall constitute a part of said fund for the purpose of carrying out the provisions of this Act.

"Sec. 3. That any teacher who shall have reached the age of sixty-two may be retired by the Board of Education on its own motion, or shall be retired if application is made by the teacher. Any teacher who shall have reached the age of seventy shall be retired unless, in the judgment of two-thirds of the Board of Education, such teacher should be longer retained for the good of the service: Provided, That no sum shall be paid to any teacher upon his retirement under the provisions of this section unless he shall have been continuously employed as a teacher in the public schools of the District of Columbia from the time of his attainment of the age of fifty-two years.

"Sec. 4. That any teacher who shall have reached the age of forty-five, and who shall have been continuously employed in the public schools of the District of Columbia for not less than ten years immediately prior to his retirement, or who shall have been continuously employed for not less than fifteen years prior to his retirement and who by reason of accident or illness not due to vicious habits has become physically or mentally disabled and incapable of satisfactorily performing the duties of his position, may be retired by the Board of Education under the provisions hereinafter stated: Provided, That absence of any teacher on authorized leave of absence without pay for a period not in excess of two years shall not constitute a break in continuous employment: Provided further, That no teacher shall be retired by the Board of Education under the provisions of this section until said teacher shall have been examined under the direction of the health officer of the District of Columbia, and as a result of said examination, in his judgment, or in the judgment of two-thirds of the members of the Board of Education, shall have been found to be physically or mentally incapacitated for efficient service.

"Sec. 5. That following the passage of this Act, every teacher who shall be retired under the provisions of section 3 or section 4 hereof shall receive during the remainder of his life a combined annuity composed of (1) an annuity equal to 1 per centum of his average annual salary received during the ten years immediately preceding retirement for each year of his whole term of service after June 30, 1926; (2) a sum equal to 1 per centum of his average annual salary received during the ten years immediately preceding retirement for each year of his whole term of service prior to July 1, 1926, but not to exceed forty years; and (3) an additional sum of $15 for each year of said service, but in neither case to exceed forty years, such annuity to be fixed at the nearest multiple of 12 cents and to be payable monthly and to cease and determine at his death.

"Sec. 6. That in calculating, as provided in section 5, the third part of the annuity of a teacher retired under the provisions of section 4 hereof, a minimum credit of twenty years shall be used in determining the sum allowable to a teacher with less than twenty years of service.

"Sec. 7. That the second and third parts of the annuity provided for by section 5 hereof shall be paid by appropriations from the same fund as the current expenses of the District of Columbia are now paid or may hereafter be paid. The amount of each year's appropriation shall be calculated, on an actuarial basis, as a level
percentage of the pay roll of all participants which shall be adequate to cover the liability normally accrued plus a further level percentage of the pay roll computed to be sufficient to liquidate, within a period of approximately thirty years after July 1, 1926, the amount of the accrued liability as of that date. The amount of the necessary appropriations shall be certified each year by the Commissioners of the District of Columbia to the Bureau of the Budget, and shall be transmitted by it to Congress.

"The reserves created as the result of such annual appropriations shall be held by the Treasurer of the United States separate from the fund created by the contributions of the teachers, and the fund shall be credited with interest at 4 per centum per annum, compounded annually. The fund thus created shall be held and invested by the Treasurer of the United States until paid out as hereinafter provided, and the income derived from such investments shall constitute a part of said fund for the purpose of carrying out the provisions of this Act.

"Sec. 8. That in computing length of service of retiring teachers credit may be given, year for year, but not to exceed ten years, for public-school service or its equivalent outside the District of Columbia: Provided, That no credit for service outside of the public schools of the District of Columbia shall be given to any teacher entering the said public schools after June 30, 1926, until he shall have deposited to the credit of the teachers' retirement fund of the District of Columbia a sum equal to the contributions that would have been required of the teacher if such service had been rendered in the public schools of the District of Columbia, with interest thereon at 4 per centum per annum, compounded annually, said contributions to be based on the average annual salary of the class to which the teacher is appointed: Provided further, That when the average annual salary of the class exceeds $2,000 the contributions shall be based on a salary of $2,000: Provided further, That if the teacher so elects he may deposit the required sum in the fund in any number of monthly installments not exceeding one hundred, with interest at 4 per centum per annum, compounded annually: And provided further, That nothing contained herein shall be construed to repeal section 19 of said Act of January 15, 1920, nor to allow any teacher more than one year's credit for all services rendered in any one fiscal year.

"Sec. 9. That upon separation of any teacher from the service of the public schools of the District of Columbia, except for retirement under section 3 or section 4, he shall receive the amount of his deductions, together with the interest then credited thereon.

"No teacher who shall withdraw the amount of his deductions under this section shall, after reinstatement, be entitled to credit for previous service unless he shall deposit in the fund the amount so withdrawn by him: Provided, That the amount required to be so deposited may be paid by the teacher, if he so elects, in any number of monthly installments, not exceeding one hundred, with interest at 4 per centum, compounded annually, but no credit for previous service shall be given in any case of reinstatement where the teacher has been separated from teaching service in any public school system for more than five years.

"Sec. 10. That in case of the death of a teacher while in the service the amount of his deductions, together with the interest then credited thereon, as provided in section 2 hereof, shall be paid to his legal representatives.

"In the case of the death of an annuitant no part of the deductions made from his salary, with the interest thereon to the credit of his account, shall be returned to his estate unless prior to his retirement
he shall have selected, under the provisions of such rules and regulations as the Commissioners of the District of Columbia shall prescribe, an annuity which shall carry with it a provision for the return of the unpaid principal or for the continuance of all or part of the annuity as a survivorship annuity.

"Sec. 11. That every teacher who shall continue in the service of the public schools of the District of Columbia after the passage of this Act, as well as every person who hereafter may be appointed to a position as teacher in the public schools of the District of Columbia, shall be deemed to consent and agree to the deductions made and provided for herein; and the salary, pay, or compensation, which may be paid monthly or at any other time, shall be full and complete discharge and acquittance of all claims and demands whatsoever for all services rendered by such teacher during the period covered by such payment, except his claim for the benefits to which he may be entitled under the provisions of this Act, notwithstanding the provisions of said Public Act Numbered 254, approved June 20, 1906, and of any other law, rule, or regulation affecting the salary, pay, or compensation of the teachers employed in the service of the public schools of the District of Columbia.

"Sec. 12. That nothing in this Act shall be construed to prevent the discharge of any teacher at any time in the discretion of the Board of Education of the District of Columbia under the provisions of law.

"Sec. 13. That the term 'teacher,' under this Act, shall include all teachers permanently employed by the Board of Education in the public day schools of the District of Columbia, including other educational employees whose salaries are established in the Act approved June 20, 1906, and Acts amendatory thereof, except the employees of the Community Center Department and the Department of School Attendance and Work Permits; the term 'annual salary' shall be construed to mean the total annual income received during the fiscal year for services rendered in the public day schools of the District of Columbia, including basic salary, longevity allowance, session room allowance, and increase of compensation (bonus); and whenever the pronoun 'his' occurs in this Act it shall be construed to mean both male and female teachers.

"Sec. 14. That the Commissioners of the District of Columbia shall prepare and keep all needful tables, records, and accounts required for carrying out the provisions of this Act. The records to be kept shall include data showing the mortality experience of the service of the public schools of the District of Columbia and the rate of withdrawal from such service, and any other information pertaining to such service that may be of value and may serve as a guide for future valuations and adjustments of the plan for the retirement of teachers. The Commissioners of the District of Columbia shall make a detailed comparative report annually to Congress showing all receipts and disbursements under the provisions of this Act, together with the total number of persons receiving annuities and the amounts paid them. And the Commissioners of the District of Columbia shall have made each year after the passage of this Act an actuarial valuation of this retirement fund and the operation thereof, which shall show the financial condition of the fund, and shall report the findings of such investigations to Congress at the opening of the following session.

"Sec. 15. That the Commissioners of the District of Columbia shall include in their annual estimates of appropriations a sum sufficient to carry out the provisions of this Act and Acts amendatory thereof. No officer or employee receiving a regular salary or
compensation from the Government shall receive any additional salary or compensation for any service rendered in connection with the system of retiring teachers provided for by this Act.

"Sec. 16. That the Commissioners of the District of Columbia are hereby authorized to perform, or cause to be performed, any or all acts and to make such rules and regulations as may be necessary and proper for the purpose of carrying the provisions of this Act into full force and effect.

"Sec. 17. That none of the money mentioned in this Act shall be assignable, either in law or equity, or be subject to execution or levy by attachment, garnishment, or other legal process.

"Sec. 18. That the provisions of this Act shall not apply to any teacher who receives an annuity from any State or municipality other than the District of Columbia.

"Sec. 19. That the provisions of 'An Act for the retirement of public-school teachers in the District of Columbia,' approved January 15, 1920, and Acts amendatory thereof, shall apply to (A) all teachers who were on the rolls of the public schools of the District of Columbia for the month of June, 1926, if otherwise eligible; and (B) all teachers who, on June 30, 1926, were receiving an annuity under the provisions of said Act of January 15, 1920, and Acts amendatory thereof, the annuity to be paid each such teacher after June 30, 1926, to be computed in the manner provided herein: Provided, That nothing in this Act shall be construed to require a reduction in the amount of the annuity being paid to any teacher at the time this Act becomes effective."

SEC. 2. The amendments herein provided to "An Act for the retirement of public-school teachers in the District of Columbia," approved January 15, 1920, shall take effect July 1, 1926.

Approved, June 11, 1926.

CHAP. 647.—An Act To provide home care for dependent children in the District of Columbia.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever the parent of a child under the age of sixteen years is unable to provide for the proper care of such child in his own home, the mother or guardian of such child may make application to the board of
public welfare of the District of Columbia, hereinafter called the board, for the benefits conferred by this Act, which application shall be referred to a standing subcommittee of the board, at least one of whom shall be a woman: Provided, That such applicant has been a bona fide resident of the District of Columbia for one year preceding such application and that she is a citizen of the United States or has made application to become a citizen.

Sec. 2. The board shall thereupon make an investigation for the purpose of securing the following information:

a. Whether the mother or guardian is a proper person to have the custody and care of the child.

b. Whether the home is a satisfactory place for the training and rearing of the child.

c. What resources may be available for the complete or partial maintenance of the child, including the full amount, if any, of real and personal property owned by the parent or held in trust for the child; whether there are any persons or organizations legally obligated to assist in the support of the child.

d. Whether legal steps have been taken to compel the father of the child, if he be living, to provide support when he willfully refuses to do so and with what result.

e. What amount of aid is needed to keep the child in its own home and to provide proper care.

Sec. 3. The board shall make written findings based upon its investigations. If it shall find affirmatively on subsections a, b, and d of section 2, and further that the income from, or the amount of, real and personal property owned by the parent or held in trust for the child, if any, is not of an amount or character which makes the giving of public aid inappropriate or unnecessary, the board may then make an order for a monthly allowance sufficient to insure the proper maintenance of the child in the home with the mother and, if it deems necessary, may impose such conditions upon the granting of the allowance as will promote the welfare of the child. The allowance shall be discontinued whenever the mother ceases to be a resident of the District of Columbia.

Sec. 4. The board may award an allowance from month to month or for a continuous period. It shall review all allowances at regular intervals and in no case shall an allowance be continued for more than six months without such review. Any allowance may be increased or decreased in amount, or discontinued, and the board may alter or amend the conditions upon which the allowance was previously granted upon a showing that the welfare of the child and the protection of the public interest demands such change, discontinuance, or amendment after reasonable notice has been given to the mother of the child.

Sec. 5. The board shall cause every home for which an allowance is made to be visited by its representative as often as may be necessary to observe the conditions which obtain in the home, the care which the child is receiving, and to offer such friendly counsel and advice as may be helpful to the mother and the child.

Sec. 6. The board shall keep on file a full record of each applicant for, or recipient of, assistance under this Act, including the reports of investigations, correspondence and other pertinent information, together with the orders of the board in each case.

Sec. 7. The board shall make such reasonable rules and regulations as may be necessary to the proper administration of this Act.

Sec. 8. Any person who attempts to obtain, or obtains, by false representations, fraud, or deceit, any allowance under this Act, or who receives any allowance knowing it to have been fraudulently obtained, or who aids or assists any person in obtaining or attempting to obtain an allowance by fraud, shall be punished by a fine.

Sec. 9. That section 5a of the National Defense Act, as amended, be, and the same is hereby, amended by adding at the end of said section 5a the following:

"To aid the Secretary of War in fostering military aeronautics, and to perform such functions as the Secretary may direct, there shall be an additional Assistant Secretary of War who shall be appointed by the President, by and with the advice and consent of the Senate, and whose compensation shall be fixed in accordance with the Classification Act of 1923."

Sec. 10. (a) That in order to encourage the development of aviation and improve the efficiency of the Army and Navy aeronautical material the Secretary of War or the Secretary of the Navy, prior to the procurement of new designs of aircraft or aircraft parts or aeronautical accessories, shall, by advertisement for a period of thirty days in at least three of the leading aeronautical journals and in such other manner as he may deem advisable, invite the submission in competition, by sealed communications, of such designs of aircraft, aircraft parts, and aeronautical accessories, together with a statement of the price for which such designs in whole or in part will be sold to the Government.

(b) The aforesaid advertisement shall specify a sufficient time, not less than sixty days from the expiration of the advertising period, within which all such communications containing designs and prices therefor must be submitted, and all such communications received shall be carefully kept sealed in the War Department or the Navy Department, as the case may be, until the expiration of said specified time, and no designs mailed after that time shall be received or considered. Said advertisement shall state in general terms the kind or aircraft, parts, or accessories to be developed and
the approximate number or quantity required, and the department concerned shall furnish to each applicant identical specific detailed information as to the conditions and requirements of the competition and as to the various features and characteristics to be developed, listing specifically the respective measures of merit, expressed in rates per centum, that shall be applied in determining the merits of the designs, and said measures of merit shall be adhered to throughout such competition. All designs received up to the time specified for submitting them shall then be referred to a board appointed for that purpose by the Secretary of the department concerned and shall be appraised by it as soon as practicable and report made to the Secretary as to the winner or winners of such competition. When said Secretary shall have approved the report of said board, he shall then fix a time and place for a public announcement of the results and notify each competitor thereof; but if said report shall be disapproved by said Secretary, the papers shall be returned to the board for revision or the competition be decided by the Secretary, in his discretion, and in any case the decision of the Secretary shall be final and conclusive. Such announcement shall include the percentages awarded to each of the several features or characteristics of the designs submitted by each competitor and the prices named by the competitors for their designs and the several features thereof if separable.

(c) Thereupon the said Secretary is authorized to contract with the winner or winners in such competition on such terms and conditions as he may deem most advantageous to the Government for furnishing or constructing all of each of the items, or all of any one or more of the several items of the aircraft, or parts, or accessories indicated in the advertisement, as the said Secretary shall find that in his judgment a winner is, or can within a reasonable time become, able and equipped to furnish or construct satisfactorily all or part, provided said Secretary and the winner shall be able to agree on a reasonable price. If the Secretary shall decide that a winner can not reasonably carry out and perform a contract for all or part of such aircraft, parts, or accessories, as above provided, then he is authorized to purchase the winning designs or any separable parts thereof if a fair and reasonable price can be agreed on with the winner, but not in excess of the price submitted with the designs.

(d) After contract is made, as authorized by any provision of this section, with a winner in such design competition for furnishing or constructing aircraft, aircraft parts, or aeronautical accessories in accordance with his designs and payment is completed under said contract, and after the purchase of and payment for the designs or separable parts thereof of a winner, as authorized herein, with whom a contract shall not have been made for furnishing or constructing aircraft, aircraft parts or aeronautical accessories in accordance with his designs, then in either case any department of the Government shall have the right without further compensation to the winner to construct or have constructed according to said designs and use any number of aircraft or parts or accessories, and sell said aircraft or parts or accessories according to law as condemned material. Provided, That such winner shall, nevertheless, be at liberty to apply for a patent on any features originated by him, and shall be entitled to enjoy the exclusive rights under such patent as he may obtain as against all other persons except the United States Government or its assignee as aforesaid. (e) The competitors in design competition mentioned in this section shall submit with their designs a graduated scale of prices for
which they are willing to construct any or all of the aircraft, aircraft parts, and aeronautical accessories for which designs are submitted and such stated prices shall not be exceeded in the awarding of contracts contemplated by this section.

(f) If the Secretary of War or the Secretary of the Navy shall find that in his judgment none of the designs submitted in said competition is of sufficient merit to justify the procurement of aircraft, aircraft parts, or aeronautical accessories in accordance therewith, then he shall not be obligated to accept any of such designs or to make any payment on account of any of them. If the Secretary of the department concerned shall decide that the designs submitted by two or more competitors possess equal merit, or that certain features embodied in the designs of any competitor are superior to corresponding features embodied in the designs of any other competitor and such features of one design may be substituted in another design, the said Secretary shall in his discretion divide the contracts for furnishing and manufacturing the aircraft, parts, or accessories required, equitably among those competitors that have submitted designs of equal merit, or he may select and combine features of superior excellence in different designs in such manner as may in his judgment best serve the Government's interests and make payment accordingly to the several competitors concerned at fair and reasonable prices, awarding the contract for furnishing or constructing the aircraft, parts, or accessories to the competitor or competitors concerned that have the highest figures of merit in said competition.

(g) In case the Secretary of War or the Secretary of the Navy shall be unable to make contract as above authorized with a winner in said competition for furnishing or constructing aircraft, aircraft parts, or aeronautical accessories covered by the whole or part of the designs of such winner, or shall be unable to agree with a winner in the competition on a reasonable purchase price for the design of such winner with whom a contract may not be made, as aforesaid, he may retain such designs and shall advertise according to law for proposals for furnishing or constructing aircraft, or parts or accessories, in accordance with such designs or combinations thereof as aforesaid and, after all proposals are submitted, make contract on such terms and conditions as he may consider the best in the Government's interests, with the bidder that he shall find to be the lowest responsible bidder for furnishing or constructing the aircraft, parts, or accessories, required, but the said Secretary shall have the right to reject all bids and to advertise for other bids with such other and different specifications as he may deem proper.

(h) If, within ten days after the announcement of the results of said competition, any participant in the competition shall make to the Secretary of War or the Secretary of the Navy a reasonable showing in writing that error was made in determining the merits of designs submitted whereby such claimant was unjustly deprived of an award, the matter shall at once be referred by the Secretary of the department concerned to a board of arbitration to determine the matter.

(i) Any person, firm, or corporation that shall complain that his, their, or its designs hereafter developed relating to aircraft or any components thereof are used or manufactured by or for any department of the Government without just compensation from either the
Government or any other source, may within four years from the date of such use file suit in the Court of Claims for the recovery of his reasonable and entire compensation for such use and manufacture after the date of this Act.

(j) Only citizens of the United States, and corporations of which not less than three-fourths of the capital stock is owned by citizens of the United States, and of which the members of the boards of directors are citizens of the United States, and having manufacturing plants located within the continental limits of the United States shall be eligible to be awarded any contract under this section to furnish or construct aircraft, aircraft parts or aeronautical accessories for the United States Government, except that a domestic corporation whose stock shall be listed on a stock exchange shall not be barred by the provisions of this section unless and until foreign ownership or control of a majority of its stock shall be known to the Secretary of War or the Secretary of the Navy, as the case may be, and no aliens employed by a contractor for furnishing or constructing aircraft, or aircraft parts, or aeronautical accessories for the United States shall be permitted to have access to the plans or specifications or the work under construction or to participate in the contract trials without the written consent beforehand of the Secretary of the department concerned.

(k) The Secretary of War or the Secretary of the Navy may at his discretion purchase abroad or in the United States with or without competition, by contract, or otherwise, such designs, aircraft, aircraft parts, or aeronautical accessories as may be necessary in his judgment for experimental purposes in the development of aircraft or aircraft parts or aeronautical accessories of the best kind for the Army or the Navy, as the case may be, and if as a result of such procurement, new and suitable designs considered to be the best kind for the Army or the Navy are developed, he may enter into contract, subject to the requirements of paragraph (j) of this section, for the procurement in quantity of such aircraft, aircraft parts, or aeronautical accessories without regard to the provisions of paragraphs (a) to (e), inclusive, hereof.

(l) The manufacturing plant, and books, of any contractor for furnishing or constructing aircraft, aircraft parts, or aeronautical accessories, for the War Department or the Navy Department, or such part of any manufacturing plant as may be so engaged, shall at all times be subject to inspection and audit by any person designated by the head of any executive department of the Government.

(m) All audits and reports of inspection, made under the provisions of this section, shall be preserved by the Secretary of War or the Secretary of the Navy, as the case may be, for a period of ten years, and shall be subject to inspection by any committee of Congress, and the said Secretaries shall annually make a detailed and itemized report to Congress of all the departments' operations under this section, the names and addresses of all competitors, and of all persons having been awarded contracts and the prices paid for aircraft purchased and the grounds and reasons for having awarded such contracts to the particular persons, firms, or corporations, and all such reports shall be printed and held subject to public distribution.

(n) Every vendor of designs to the War Department or the Navy Department, under the provisions of this section, and every contractor for furnishing or constructing for the War Department or the Navy Department, or both, aircraft or aircraft parts or aeronautical accessories, shall deliver to the Secretary of War or Secretary of the Navy, or both, when required by either or both, a release of all claims arising out of the sale or contract.
claims on the part of such vendor or contractor against the United States arising out of such sale or contract, or both.

(o) All or any appropriations available for the procurement of aircraft, aircraft parts, or aeronautical accessories, for the War Department or the Navy Department shall also be available for payment of the purchase price of designs and the costs of arbitration as authorized by this section.

(p) Any collusion, understanding, or arrangement to deprive the United States Government of the benefit of full and free competition in any competition authorized by this section, or to deprive the United States Government of the benefit of a full and free audit of the books of any person, firm, or corporation engaged in carrying out any contract authorized by this section, so far as may be necessary to disclose the exact cost of executing such contract, shall be unlawful, and any person, firm, or corporation that shall, upon indictment and trial, be found guilty of violating any of the provisions of this section shall be sentenced to pay a fine of not exceeding $20,000, or to be imprisoned not exceeding five years, or both, at the discretion of the court.

(q) In the procurement of aircraft constructed according to designs presented by any individual, firm, or corporation prior to the passage of this Act, which designs have been reduced to practice and found to be suitable for the purpose intended, or according to such designs with minor modifications thereof, the Secretary of War or the Secretary of the Navy, when in his opinion the interests of the United States will be best served thereby, may contract with said individual, firm, or corporation, at reasonable prices for such quantities of said aircraft, aircraft parts, or aeronautical accessories as he may deem necessary: Provided, That the action of the Secretary of War or the Secretary of the Navy, in each such case shall be final and conclusive.

(r) A board to be known as the patents and design board is hereby created, the three members of which shall be an Assistant Secretary of War, an Assistant Secretary of the Navy, and an Assistant Secretary of Commerce. To this board any individual, firm, or corporation may submit a design for aircraft, aircraft parts, or aeronautical accessories, and whether patented or unpatentable, the said board upon the recommendation of the National Advisory Committee for Aeronautics shall determine whether the use of such designs by the Government is desirable or necessary, and evaluate the designs so submitted and fix the worth to the United States of said design, not to exceed $75,000. The said designer, individual, firm, or corporation, may then be offered the sum fixed by the board for the ownership or a nonexclusive right of the United States to the use of the design in aircraft, aircraft parts, or aeronautical accessories and upon the acceptance thereof shall execute complete assignment or nonexclusive license to the United States: Provided, That no sum in excess of $75,000 shall be paid for any one design.

Meaning of “winner” or “winners.”

The terms “winner” or “winners” as used in this section shall be construed to include not more than three competitors having the highest figures of merit in any one competition.

(t) Hereafter whenever the Secretary of War, or the Secretary of the Navy, shall enter into a contract for or on behalf of the United States, for aircraft, aircraft parts, or aeronautical accessories, said Secretary is hereby authorized to award such contract to the bidder that said Secretary shall find to be the lowest responsible bidder that can satisfactorily perform the work or the service required to the best advantage of the Government; and the decision of the Secretary of the department concerned as to the award of such contract, the interpretation of the provisions of the contract,
and the application and administration of the contract shall not be reviewable, otherwise than as may be therein provided for, by any officer or tribunal of the United States except the President and the Federal courts.

Sec. 11. Under such rules and regulations as he may prescribe, the President is hereby authorized to present, but not in the name of Congress, a medal to be known as the soldier's medal, of appropriate design, with accompanying ribbon, to any person who, while serving in any capacity with the Army of the United States, including the National Guard and the Organized Reserves, shall hereafter distinguish himself, or herself, by heroism not involving actual conflict with an enemy.

No more than one soldier's medal shall be issued to any one person; but for each succeeding deed or act sufficient to justify the award of the soldier's medal the President may award a suitable bar, or other suitable device, to be worn as he shall direct.

Sec. 12. Under such rules and regulations as he may prescribe, and notwithstanding the provisions of section 14 of this Act, the President is hereby authorized to present, but not in the name of Congress, a distinguished flying cross of appropriate design, with accompanying ribbon, to any person who, while serving in any capacity with the Air Corps of the Army of the United States, including the National Guard and the Organized Reserves, or with the United States Navy, since the 6th day of April, 1917, has distinguished, or who, after the approval of this Act, distinguishes himself by heroism or extraordinary achievement while participating in an aerial flight: Provided, That no person shall be eligible for the award of the distinguished flying cross for any act performed prior to November 11, 1918, except officers or enlisted men who have heretofore been recommended for but have not received the congressional medal of honor, the distinguished service cross, or the distinguished service medal and except those officers or enlisted men who displayed heroism while serving as instructors or students at flying schools. No more than one distinguished flying cross shall be issued to any one person, but for each succeeding act or achievement sufficient to justify the award of a distinguished flying cross the President may award a suitable bar or other suitable device to be worn as he shall direct. In case an individual who distinguishes himself shall have died before the making of the award to which he may be entitled, the award may nevertheless be made and the cross or the bar or other device presented to such representative of the deceased as the President may designate, but no cross, bar, or other device hereinafter authorized shall be awarded or presented to any individual whose entire service subsequent to the time he distinguishes himself has not been honorable.

Sec. 13. Each enlisted or enrolled man to whom there shall be awarded the distinguished flying cross or the soldier's medal shall be entitled to additional pay at the rate of $2 per month from the date of the act of heroism or extraordinary achievement on which the award is based, and each bar, or other suitable device, in lieu of the distinguished flying cross or the soldier's medal, as hereinafter provided for, shall entitle him to further additional pay at the rate of $2 per month from the date of the act of heroism or extraordinary achievement for which the bar or other device is awarded, and said additional pay shall continue throughout his active service, whether such service shall or shall not be continuous.

For death or disability resulting from personal injury suffered or disease contracted in the military or naval service on or after April 6, 1917, and before July 2, 1921, or for an aggravation or recurrence of a disability existing prior to examination, acceptance, and enrollment for service, when such aggravation was suffered or contracted in, or such recurrence was caused by, the military or naval service on or after April 6, 1917, and before July 2, 1921, by any commissioned officer or enlisted man, or by any member of the Army Nurse Corps (female), or of the Navy Nurse Corps (female), when employed in the active service under the War Department or Navy Department, the United States shall pay to such commissioned officer or enlisted man, or member of the Army Nurse Corps (female), or of the Navy Nurse Corps (female), or of the United States who were taken from the United States by the United States Government and who served in base hospitals overseas, or, in the discretion of the director, separately to his or her dependents, compensation as hereinafter provided; but no compensation shall be paid if the injury, disease, aggravation, or recurrence has been caused by his own willful misconduct: Provided, That no person suffering from paralysis, paresis, or blindness shall be denied compensation by reason of willful misconduct, nor shall any person who is helpless or bedridden as a result of any disability be denied compensation by reason of willful misconduct. That for the purposes of this Act every such officer, enlisted man, or other member employed in the active service under the War Department or Navy Department who was discharged or who resigned prior to July 2, 1921, and every such officer, enlisted man, or other member employed in the active service under the War Department or Navy Department on or before November 11, 1918, who on or after July 2, 1921, is discharged or resigns, shall be conclusively held and taken to have been in sound condition when examined, accepted, and enrolled for service, except as to defects, disorders, or infirmities made of record in any manner by proper authorities of the United States at the time of, or prior to, inception of active service, to the extent to which any such defect, disorder, or infirmity was so made of record: Provided, That an ex-service man who is shown to have or, if deceased, to have had, prior to January 1, 1925, neuropsychiatric disease and spinal meningitis, an active tuberculosis disease, paralysis agitans, encephalitis lethargica, or amoebic dysentery developing a 10 per centum degree of disability or more in accordance with the provisions of subdivision (4) of section 202.

And provided further, That no accrued pension, compensation, or insurance due at the time of death shall be deducted from the sum allowed.”

"All or any part of the compensation, of any mentally incompetent inmate of an institution, may, in the discretion of the director, be paid to the chief officer of said institution to be properly accounted for and to be used for the benefit of such inmate, or may, in the discretion of the director, be apportioned to wife, child, or children, or dependent parents, in accordance with regulations.
That any ex-service person shown to have had a tuberculous disease of a compensable degree, who in the judgment of the director has reached a condition of complete arrest of his disease, shall receive compensation of not less than $50 per month: Provided, however, That nothing in this provision shall deny a beneficiary the right to receive a temporary total rating for six months after discharge from a one year period of hospitalization: Provided further, That no payments under this provision shall be retroactive and the payments hereunder shall commence from the date of the passage of this Act or the date the disease reaches a condition of arrest, whichever be the later date.

"After June 30, 1927, the monthly rate of compensation for all veterans (other than those totally and permanently disabled), who are being maintained by the bureau in an institution of any description, and who are without wife, child, or dependent parents, shall not exceed $40.

"(10) That all hospital facilities under the control and jurisdiction of the bureau shall be available for every honorably discharged veteran of the Spanish-American War, the Philippine insurrection, the Boxer rebellion, or the World War suffering from neuro-psychiatric or tubercular ailments and diseases, paralysis agitans, encephalitis lethargica, or amoebic dysentery, or the loss of sight of both eyes, regardless whether such ailments or diseases are due to military service or otherwise, including traveling expenses as granted to those receiving compensation and hospitalization under this Act. The director is further authorized, so far as he shall find that existing Government facilities permit, to furnish hospitalization and necessary traveling expenses incident to hospitalization to veterans of any war, military occupation, or military expedition, including those women who served as Army nurses under contracts between April 21, 1898, and February 2, 1901, not dishonorably discharged, without regard to the nature or origin of their disabilities: Provided, That any and all laws applicable to women who belonged to the Nurse Corps of the Army after February 2, 1901, shall apply equally to members of the Army Nurse Corps who served under contract between April 21, 1898, and February 2, 1901, including all women who served honorably as nurses, chief nurses, or superintendent of said corps in said period: Provided, That preference to admission to any Government hospital for hospitalization under the provisions of this subdivision shall be given to those veterans who are financially unable to pay for hospitalization and their necessary traveling expenses: Provided further, That where a veteran hospitalized under the authority of this subdivision is suffering with a disease or injury necessitating the wearing of a prosthetic appliance and is financially unable to supply himself with same, upon an affidavit to that effect the director is hereby authorized to furnish such appliance and to effect necessary repairs to the same without cost to the veteran: And provided further, That the pension of a veteran entitled to hospitalization under this subdivision shall not be subject to deduction, while such veteran is hospitalized in any Government hospital, for board, maintenance, or any other purpose incident to hospitalization: Provided further, That the Act of May 4, 1898, entitled 'An Act making appropriations for the naval service for the fiscal year ending June 30, 1899, and for other purposes,' the Act of February 28, 1861, as amended by the Act of February 2, 1909, relative to the Government hospital for the insane in the District of Columbia,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the consent of Congress is hereby granted to John F. Kenward, his heirs, executors, administrators, or assigns, to construct, maintain, and operate a bridge across Lake Washington at a point suitable to the interests of navigation, from a point on the west shore of Lake Washington approximately due east of the intersection of Orcas Street and Seward Park Avenue, Seattle, King County, Washington, running thence easterly to a point on the west shore of Mercer Island approximately due east from the point of beginning, in accordance with the provisions of the Act entitled “An Act to regulate the construction of bridges over navigable waters,” approved March 23, 1906, and subject to the conditions and limitations contained in this Act.

Sect. 2. After the completion of such bridge, as determined by the Secretary of War, either the State of Washington, any political subdivision thereof within or adjoining which any part of such bridge is located, or any two or more of them jointly, may at any time acquire and take over all right, title, and interest in such bridge and its approaches, and any interests in real property necessary therefor, by purchase or condemnation in accordance with the laws of such State governing the acquisition of private property for public purposes by condemnation. If at any time after the expiration of 25 years after the completion of such bridge the same is acquired by condemnation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits, but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value, (2) the actual cost of acquiring such interests in real property, (3) actual financing and promotion cost, not exceeding 10 per cent of the sum of the cost of constructing the bridge and its approaches and acquiring such interest in real property, and (4) actual expenditures for necessary improvements.

Sect. 3. If such bridge shall at any time be taken over or acquired by any municipality or other political subdivision or subdivisions of the State of Washington under the provisions of section 2 of this Act, and if tolls are charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the cost of maintaining, repairing, and operating the bridge and its approaches, and to provide a sinking fund sufficient to amortize the amount paid for such bridge and its approaches as soon as possible under reasonable charges, but within a period of not to exceed 25 years from the date of acquiring the same. After a sinking fund sufficient to amortize the cost of acquiring the bridge and its approaches shall have been provided, such bridge shall thereafter be maintained and operated free of tolls, or the rates of tolls shall thereafter be so adjusted as to provide a fund of not to exceed the amount necessary for the proper care, repair, maintenance, and operation of the bridge and its approaches. An accurate record of the amount paid for the bridge and its approaches, the expenditures for operating, repairing, and
maintaining the same, and of daily tolls collected shall be kept and shall be available for the information of all persons interested.

Sec. 4. The said John F. Kenward, his successors, and assigns shall within 90 days after the completion of such bridge file with the Secretary of War a sworn itemized statement showing the actual original cost of constructing such bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefor, and the actual financing and promotion cost. The Secretary of War may at any time within three years after the completion of such bridge investigate the actual cost of constructing the same, and for such purpose the said John F. Kenward, his successors, and assigns shall make available all of its records in connection with the financing and construction thereof. The findings of the Secretary of War, as to the actual original cost of the bridge, shall be conclusive, subject only to review in a court of equity for fraud or gross mistake.

CHAP. 751.—An Act to amend the World War Adjusted Compensation Act.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 302 of the World War Adjusted Compensation Act is amended, to take effect as of May 19, 1924, to read as follows:

“Sec. 302. (a) A veteran may receive the benefits to which he is entitled by application claiming the benefits of this Act, filed with the Secretary of War, if he is serving in, or his last service was with, the military forces; or filed with the Secretary of the Navy, if he is serving in, or his last service was with, the naval forces.

“(b) Such application shall be made and filed on or before January 1, 1928, (1) personally by veteran, unless physically or mental incapacity prevents the making or filing of a personal application, then by such representative of the veteran and in such manner as may be by regulations prescribed. An application made by a person other than the representative authorized by any such regulation, or not filed on or before January 1, 1928, shall be held void. If the veteran dies after the application is made and before it is filed it may be filed by any person: Provided, however, That if the veteran died between May 19, 1924, and July 1, 1924, without making the application, leaving a widow surviving him, the application may be made by the widow and shall be valid with the same force and effect in every respect as if the application had been made by the veteran.

“(c) If the veteran dies after the application is made, it shall be valid if the Secretary of War or the Secretary of the Navy, as the case may be, finds that it bears the bona fide signature of the applicant, discloses an intention to claim the benefits of this Act on behalf of the veteran, and is filed on or before January 1, 1928, whether or not the veteran is alive at the time it is filed. If the veteran dies and payments are made to his dependents under Title VI, and thereafter a valid application is filed under this section, then if the adjusted service credit of the veteran is more than $50,
payment shall be made in accordance with Title V, less any amounts already paid under Title VI.

"(d) The Secretary of War and the Secretary of the Navy shall jointly make any regulations necessary to the efficient administration of the provisions of this section."

Sec. 2. Section 305 of such Act is amended to read as follows:

"Sec. 305 (a) As soon as practicable after the receipt of a valid application the Secretary of War or the Secretary of the Navy, as the case may be, shall transmit to the Director of the United States Veterans' Bureau (hereinafter in this Act referred to as the Director) the application and a certificate setting forth—

"(1) That a valid application has been received;

"(2) That the applicant is a veteran;

"(3) His name and address;

"(4) The date and place of his birth; and

"(5) The amount of his adjusted service credit.

"Sec. 308. No sum payable under this Act to a veteran or his dependents, or to his estate, or to any beneficiary named under Title V, no adjusted service certificate, and no proceeds of any loan made on such certificate shall be subject to attachment, levy, or seizure under any legal or equitable process, or to National or State taxation, and no deductions on account of any indebtedness of the veteran to the United States shall be made from the adjusted service credit or from any amounts due under this Act.

(b) As used in this section the term "original credit" means the amount of the adjusted service credit computed under the World War Adjusted Compensation Act before its amendment by this Act, less amounts deducted on account of any indebtedness of the veteran to the United States; and the term "new credit" means the amount of the adjusted service credit computed under such Act as amended by this Act, without such deduction.

(c) If the veteran is alive at the time of the enactment of this Act and the benefits of the World War Adjusted Compensation Act have been extended to him, then any excess of the new credit over the original credit shall be considered as if it were a separate adjusted service certificate and the benefits of such Act shall be extended in respect thereof according to the terms of such Act as amended by this Act.

(d) If the veteran has died before the enactment of this Act and before making application under section 302 of the World War Adjusted Compensation Act, then if any part of the original credit has been paid to the dependents of the veteran, any remaining part shall be paid as provided in Title VI of such Act as amended by this Act, and any excess of the new credit over the original credit shall be paid in cash in a lump sum to the dependents as provided in Title VI of such Act as amended by this Act.

(e) If the veteran has died before the enactment of this Act after having made application, then—

1. If the original credit was not over $50 and the new credit is not over $50 payment shall be made as provided in subdivision (d).

2. If the original credit was not over $50 and the new credit is over $50 then the face value of an adjusted service certificate computed on the basis of the new credit shall be paid to the beneficiary named, or, if the beneficiary died before the veteran and no new beneficiary was named or if no beneficiary was named in the application, then to the estate of the veteran. If at any time after the expiration of ten years after the completion of such bridge the same is acquired by condemnation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits, but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value, (2) the actual cost of acquiring such interests in real property, (3) actual financing and promotion cost, not to exceed 10 per centum of the sum of the cost of constructing the bridge and its approaches and acquiring such interest in real property, and (4) actual expenditures for necessary improvements.

Sec. 3. If such bridge shall at any time be taken over or acquired by any municipality or other political subdivision or subdivisions of the State of Alabama under the provisions of section 3 of this Act, and if tolls are charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the cost of maintaining, repairing, and operating the bridge and its approaches, and to provide a sinking fund sufficient to amortize the amount paid for such bridge and its approaches as soon as possible under reasonable charges, but within a period of not to exceed twenty years from the date of acquiring the same. After a sinking fund sufficient to amortize the cost of acquiring the bridge and its approaches shall have been provided, such bridge shall thereafter be maintained and operated free of tolls, or the rates of tolls shall thereafter be so adjusted as to provide a fund of not to exceed the amount necessary for the proper care, repair, maintenance, and operation of the bridge and its approaches. An accurate record of the amount paid for the bridge and its approaches, the expenditures for operating, repairing, and maintaining the same, and of daily tolls collected shall be kept and shall be available for the information of all persons interested.

Sec. 4. The said William H. Armbrecht, his heirs, legal representatives, and assigns, shall within ninety days after the completion of such bridge file with the Secretary of War a sworn itemized statement showing the actual original cost of constructing such bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefor, and the actual financing and promotion costs. The Secretary of War may at any time within three years after the completion of such bridge investigate the actual cost of constructing the same, and for such purpose the said William H. Armbrecht, his heirs, legal representatives, and assigns, shall make available all of his records in connection with the financing and the construction thereof. The findings of the Secretary of War as to the actual original cost of the bridge shall be conclusive, subject only to review in a court of equity for fraud or gross mistake.

Sec. 5. The right to sell, assign, transfer, and mortgage all the rights, powers, and privileges conferred by this Act is hereby granted to William H. Armbrecht, his heirs, legal representatives, and assigns, and any corporation to which or any person to whom such rights, powers, and privileges may be sold, assigned, or transferred, or who...

shall acquire the same by mortgage foreclosure or otherwise, is hereby authorized and empowered to exercise the same as fully as though conferred herein directly upon such corporation or person.

CHAP. 801.—An Act To amend the Act entitled “An Act for the retirement of employees in the classified civil service, and for other purposes,” approved May 22, 1920, and Acts in amendment thereof.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act entitled “An Act for the retirement of employees in the classified civil service, and for other purposes,” approved May 22, 1920, and Acts in amendment thereof, be, and they are hereby, amended to read as follows:

ELIGIBILITY FOR SUPERANNUATION RETIREMENT

SEC. 1. All employees to whom this Act applies who, before its effective date, shall have attained or shall thereafter attain the age of seventy years and rendered at least fifteen years of service computed as prescribed in section 5 of this Act shall be eligible for retirement on an annuity as provided in section 4 hereof: Provided, That city, rural, and village letter carriers, post-office clerks, laborers, and mechanics generally shall, under like conditions, be eligible for retirement at sixty-five years of age and that railway postal clerks and those employees engaged in pursuits whose occupation is hazardous or requires great physical effort, or which necessitates exposure to extreme heat or cold, and those employees whose terms of service shall include fifteen years or more of such service rendered in the Tropics, shall be eligible at sixty-two years of age; the classification of employees for the purpose of assignment to the various age groups shall be determined jointly by the Civil Service Commission and the head of the department, branch, or independent office of the Government concerned.  Provided further, That any such employee who was employed as a mechanic for the major portion of his service, and not less than fifteen years, and was subsequent to August 20, 1920, involuntarily transferred to employment as a laborer and thereafter involuntarily discharged from the service of the United States, shall receive such annuity as he would have been entitled to, if on the day of his discharge from the service he had been retired under the provisions of this Act: Provided further, That any mechanic, having served thirty years, who was, through no fault of his own, transferred or reduced to a minor position, and who shall have attained, or who shall thereafter attain the age of sixty-two years, shall have his
annuity computed upon his average annual basic salary, pay, or compensation, for the last ten years of his service as a mechanic.

Provided further, That the term "mechanics" as used in this Act shall include all employees in the Government Printing Office whose duties are to supervise, perform, or assist in apprentice, helper, or journeyman work of a recognized trade or craft, as determined by the Public Printer.

AUTOMATIC SEPARATION

Sect. 2. All employees to whom this Act applies shall, on arriving at retirement age as defined in the preceding section and having rendered fifteen years of service, be automatically separated from the service, and all salary, pay, or compensation shall cease from that date, and it shall be the duty of the head of each department, branch or independent office of the Government concerned to notify such employees under his direction of the date of such separation from the service at least sixty days in advance thereof: Provided, That if not less than thirty days before the arrival of an employee at the age of retirement, the head of the department, branch, or independent office of the Government in which he is employed certifies to the Civil Service Commission that by reason of his efficiency and willingness to remain in the civil service of the United States the continuance of such employee therein would be advantageous to the public service, such employee may be retained for a term not exceeding two years upon the approval and certification by the Civil Service Commission and at the end of the two years he may, by similar approval and certification, be continued for an additional term not exceeding two years and so on: Provided, however, That after August 20, 1930, no employee shall be continued in the civil service of the United States beyond the age of retirement for more than four years.

Whenever an employee shall make application for such continuation in the civil service, and shall submit acceptable proof of his present physical fitness to perform his work, it shall be the duty of the head of the department, branch, or independent office of the Government concerned to obtain from the immediate superior in the service of such applicant all efficiency ratings and other information on file respecting the character of the work of such applicant, and shall also obtain from such immediate superior his opinion in writing with respect to the efficiency of the work performed by such applicant. From such information shall be eliminated increases in ratings, credits, and other preferences for any cause whatsoever other than the character of work actually performed. Should such information show that the applicant has been efficient and competent during the two years next preceding his application for continuance in the civil service, the head of the department, branch or independent office of the Government concerned shall, as of course, certify to the United States Civil Service Commission that, by reason of the efficiency and willingness of such applicant to remain in the civil service of the United States, the continuance of such employee would be advantageous to the public service.

No person separated from the service who is receiving an annuity under the provisions of section 1 of this Act, shall be employed again in any position within the purview of this Act.

EMPLOYEES TO WHOM THE ACT SHALL APPLY

Sect. 3. This Act shall apply to the following employees and groups of employees:

(a) All employees in the classified civil service of the United States, including all persons who have been heretofore or may
hereafter be given a competitive status in the classified civil service, with or without competitive examination, by legislative enactment, or under civil service rules promulgated by the President, or by Executive orders covering into the competitive classified service groups of employees with their positions, or authorizing the appointment of individuals to positions within such service.

(b) Superintendents of United States national cemeteries, and such employees of the offices of solicitors of the several executive departments, of the Architect of the Capitol, of the Library of Congress, and of the United States Botanic Garden, of the recorder of deeds and register of wills of the District of Columbia, whose tenure of employment is not intermittent nor of uncertain duration.

c) All employees of the Panama Canal on the Isthmus of Panama who are citizens of the United States and whose tenure of employment is not intermittent nor of uncertain duration.

(d) Unclassified employees of the United States in all cities and in all establishments or offices in which appointments are made under labor regulations approved by the President, or from sub clerical or other registers for the classified service; and unclassified employees transferred from classified positions: Provided, That these groups shall include only those employees whose tenure of employment is not intermittent nor of uncertain duration.

e) All regular annual employees of the municipal government of the District of Columbia, appointed directly by the commissioners or by other competent authority, including those employees receiving per diem compensation paid out of general appropriations and including public-school employees, excepting school officers and teachers.

(f) All employees and groups of employees to whom the benefits of the Act of May 22, 1920, and amendments thereof, shall have been extended by Executive orders.

g) Postmasters of the first, second, and third class who have been promoted, appointed, or transferred from the classified civil service.

This Act shall not apply to such employees of the Lighthouse Service as come within the provisions of section 6 of the Act of June 20, 1918, entitled “An Act to authorize aids to navigation and for other works in the Lighthouse Service, and for other purposes,” nor to members of the police and fire departments of the municipal government of the District of Columbia, nor to postmasters, excepting those specifically described in paragraph (g) of this section, nor to such employees or groups of employees as may have been before the effective date of this Act excluded by Executive orders from the benefits of the Act of May 22, 1920, and amendments thereof.

The provisions of this Act may be extended by Executive order, upon recommendation of the Civil Service Commission, to apply to any employee or group of employees in the civil service of the United States not included at the time of its passage. The President shall have power, in his discretion, to exclude from the operation of this Act any employee or group of employees in the civil service whose tenure of office or employment is intermittent or of uncertain duration: Provided, That the provisions of this Act shall apply to anyone who entered the United States mail service as a rural carrier before January 1, 1897, and who continued in the service as such carrier continuously for twenty years or more, and who was honorably separated from the service. Such carrier shall be paid such compensation under this Act as his length of service entitles him to receive.
METHOD OF COMPUTING ANNUITIES

Sec. 4. The annuity of an employee retired under the provisions of the preceding sections of this Act shall be computed by multiplying the average annual basic salary, pay, or compensation, not to exceed $1,500 per annum, received by such employee during the ten years of allowable service next preceding the date of retirement, by the number of years of service, not to exceed thirty years, and dividing the product by forty-five. In no case, however, shall the annuity exceed $1,000 per annum. For the purposes of this Act all periods of service shall be computed in accordance with section 5 hereof, and the annuity shall be fixed at the nearest multiple of twelve.

The term “basic salary, pay, or compensation,” wherever used in this Act shall be so construed as to exclude from the operation of the Act all bonuses, allowances, overtime pay, or salary, pay, or compensation given in addition to the base pay of the position as fixed by law or regulation.

COMPUTATION OF ACCREDITED SERVICE

Sec. 5. Subject to the provisions of section 9 hereof, the aggregate period of service which forms the basis for calculating the amount of any benefit provided in this Act shall be computed from the date of original employment, whether as a classified or an unclassified employee in the civil service of the United States, including periods of service at different times and in one or more departments, branches or independent offices of the Government, and also periods of service performed overseas under authority of the United States, both military and naval, and periods of honorable service in the Army, Navy, Marine Corps, or Coast Guard of the United States; in the case of an employee, however, who is eligible for and elects to receive a pension under any law, or retired pay on account of military or naval service, or compensation under the War Risk Insurance Act, the period of his military or naval service upon which such pension, retired pay, or compensation is based shall not be excluded, but nothing in this Act shall be so construed as to affect in any manner his or her right to a pension, or to retired pay, or to compensation under the War Risk Insurance Act in addition to the annuity herein provided.

In computing length of service for the purposes of this Act all periods of separation from the service, and so much of any leaves of absence as may exceed six months in the aggregate in any calendar year, shall be excluded, and in the case of substitutes in the Postal Service credit shall be given from date of original appointment as a substitute.

In determining the aggregate period of service upon which the annuity is to be based, the fractional part of a month, if any, in the total service shall be eliminated.

DISABILITY RETIREMENT—MEDICAL EXAMINATIONS REQUIRED

Sec. 6. Any employee to whom this Act applies who shall have served for a total period of not less than fifteen years, and who, before becoming eligible for retirement under the conditions defined in the preceding sections hereof, becomes totally disabled for useful and efficient service in the grade or class of position occupied by the employee, by reason of disease or injury not due to vicious habits, intemperance, or willful misconduct on the part of the employee, shall upon his own application or upon the request or order of the head of the department, branch or independent office concerned,
be retired on an annuity computed in accordance with the provisions of section 4 hereof: Provided. That proof of freedom from vicious habits, intemperance, or willful misconduct for a period of more than five years next prior to becoming so disabled for useful and efficient service, shall not be required in any case. No claim shall be allowed under the provisions of this section unless the application for retirement shall have been executed prior to the applicant's separation from the service or within six months thereafter. No employee shall be retired under the provisions of this section unless examined by a medical officer of the United States, or a duly qualified physician or surgeon, or board of physicians or surgeons, designated by the Commissioner of Pensions for that purpose, and found to be disabled in the degree and in the manner specified herein.

Every annuitant retired under the provisions of this section, unless the disability for which retired be permanent in character, shall at the expiration of one year from the date of such retirement and annually thereafter, until reaching retirement age as defined in section 1 hereof, be examined under the direction of the Commissioner of Pensions by a medical officer of the United States, or a duly qualified physician or surgeon, or board of physicians or surgeons designated by the Commissioner of Pensions for that purpose, in order to ascertain the nature and degree of the annuitant’s disability, if any. If an annuitant shall recover before reaching retirement age and be restored to an earning capacity which would permit him to be appointed to some appropriate position fairly comparable in compensation to the position occupied at the time of retirement, payment of the annuity shall be continued temporarily to afford the annuitant opportunity to seek such available position, but not in any case exceeding ninety days from the date of the medical examination showing such recovery. Should the annuitant fail to appear for examination, as required under this section, payment of the annuity shall be suspended until continuance of the disability shall have been satisfactorily established. The Commissioner of Pensions may order or direct at any time such medical or other examination as he shall deem necessary to determine the facts relative to the nature and degree of disability of any employee retired on an annuity under this section.

In all cases where the annuity is discontinued under the provisions of this section before the annuitant has received a sum equal to the total amount of his contributions with accrued interest, the difference, unless he shall become reemployed in a position within the purview of this Act, shall be paid to the retired employee, as provided in section 12 hereof, upon application therefor in such form and manner as the Comptroller General may direct. In case of reemployment in a position within the purview of this Act the amount so refunded shall be redeposited as provided in section 12 hereof.

No person shall be entitled to receive an annuity under the provisions of this Act, and compensation under the provisions of the Act of September 7, 1916, entitled “An Act to provide compensation for employees of the United States suffering injuries while in the performance of their duties, and for other purposes,” covering the same period of time; but this provision shall not be so construed as to bar the right of any claimant to the greater benefit conferred by either Act for any part of the same period of time.

Fees for examinations made under the provisions of this section, by physicians or surgeons who are not medical officers of the United States, shall be fixed by the Commissioner of Pensions, and such fees, together with the employee's reasonable traveling and other...
expenses incurred in order to submit to such examinations, shall be
paid out of the appropriations for the cost of administering this Act.

IN VOLUNTARY SEPARATION FROM THE SERVICE

SEC. 7. Should any employee fifty-five years of age or over to
whom this Act applies, after having served for a total period of not
less than fifteen years and before becoming eligible for retirement
under the conditions defined in section 1 hereof, become involun-
tarily separated from the service, not by removal for cause on
charges of misconduct or delinquency, such employee shall be paid
as he or she may elect, either—

(a) The amount of the deductions from his basic salary, pay,
or compensation made under section 10 of this Act and under Act
of May 22, 1920, including accrued interest thereon computed as
prescribed in section 12 hereof; or

(b) An immediate life annuity beginning at the date of separa-
tion from the service, having a value equal to the present worth of
a deferred annuity, beginning at the age at which the employees
would otherwise have become eligible for superannuation retirement
computed as provided in section 4 of this Act; or

(c) A deferred annuity beginning at the age at which the
employee would otherwise have become eligible for superannuation
retirement, computed as provided in section 4 of this Act. The
right to such deferred annuity shall be evidenced by a proper
certificate issued under the seal of the Department of the Interior.

Any employee who has served for a period of not less than fifteen
years, and who is forty-five years of age, or over, and less than
fifty-five years, and who becomes separated from the service under
the conditions set forth in this section shall be entitled to a deferred
annuity, but such employee may, upon reaching the age of fifty-five
years, elect to receive an immediate annuity as provided in paragraph
(b) of this section.

Should an annuitant under the provisions of this section be
reemployed in a position included in the provisions of this Act,
or in any other position in the Government service, the annuity
shall cease, and all rights and benefits under the provisions of this
section shall terminate from and after the date of such employment.

This section shall include former employees within the provisions
of the Act of May 22, 1920, or said Act as amended or as extended
by Executive orders, who may have been separated from the service
subsequent to August 20, 1920, under the conditions defined in this
section: Provided, That in the case of an employee who has with-
drawn his deductions from the “civil-service retirement and
disability fund,” such employee shall be required to return the
amount so withdrawn with interest compounded on June 30 of each
year at the rate of 4 per centum per annum before he shall be
entitled to the benefits of this section.

BENEFITS EXTENDED TO THOSE ALREADY RETIRED

SEC. 8. In the case of those who before the effective date of this
Act shall have been retired on annuity under the provisions of the
Act of May 22, 1920, or said Act as amended, or as extended by
Executive orders, the annuity shall be computed, adjusted, and paid
under the provisions of this Act, but this Act shall not be so
construed as to reduce the annuity of any person retired before its
effective date, nor shall any increase in annuity commence before
such effective date.
SIXTY-NINTH CONGRESS. Sess. I. Ch. 801. 1926.

CREDIT FOR PAST SERVICE

Sect. 9. Beginning with the effective date of this Act, all employees who may be brought then or thereafter within the purview of the Act by legislative enactment, or by appointment, or through classification, or by transfer, or reinstatement, or Executive order, or otherwise, shall be required to deposit with the Treasurer of the United States to the credit of the "civil-service retirement and disability fund" a sum equal to 21/2 per centum of the employee's basic salary, pay, or compensation received for services rendered after July 31, 1920, and prior to the effective date of this Act, and also 31/2 per centum of the basic salary, pay, or compensation for services rendered after the effective date of this Act, together with interest computed at the rate of 4 per centum per annum compounded on June 30 of each fiscal year, but such interest shall not be included for any period during which the employee was separated from the service. Upon making such deposit the employee shall be entitled to credit for the period or periods of service involved: Provided, That failure to make such deposit shall not deprive the employee of credit for any past service rendered prior to August 1, 1920, to which he or she would otherwise be entitled.

DEDUCTIONS AND DONATIONS

Sect. 10. Beginning as of July 1, 1926, there shall be deducted and withheld from the basic salary, pay, or compensation of each employee to whom this Act applies a sum equal to 31/4 per centum of such employee's basic salary, pay, or compensation. The amounts so deducted and withheld from the basic salary, pay, or compensation of each employee shall, in accordance with such procedure as may be prescribed by the Comptroller General of the United States, be deposited in the Treasury of the United States to the credit of the "civil-service retirement and disability fund" created by the Act of May 22, 1920, and said fund is hereby appropriated for the payment of annuities, refunds, and allowances as provided in this Act.

The Secretary of the Treasury is hereby authorized and empowered in carrying out the provisions of this Act to supplement the individual contributions of employees with moneys received in the form of donations, gifts, legacies, or bequests, or otherwise, and to receive, deposit, and invest for the purposes of this Act all moneys which may be contributed by private individuals or corporations or organizations for the benefit of civil-service employees generally.

Every employee coming within the provisions of this Act shall be deemed to consent and agree to the deductions from salary, pay, or compensation as provided herein, and payment less such deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for all regular services rendered by such employee during the period covered by such payment, except the right to the benefits to which he shall be entitled under the provisions of this Act, notwithstanding the provisions of sections 167, 168, and 169 of the Revised Statutes of the United States, and of any other law, rule, or regulation affecting the salary, pay, or compensation of any person or persons employed in the civil service to whom this Act applies.

Applications for annuity shall be in such form as the Commissioner of Pensions may prescribe, and shall be supported by such certificates from the heads of departments, branches or independent offices of the Government in which the applicant has been employed as may be necessary to the determination of the rights of the applicant. Upon receipt of satisfactory evidence the Commissioner of Pensions shall forthwith adjudicate the claim of the applicant, and if title to annuity be established, a proper certificate shall be issued to the annuitant under the seal of the Department of the Interior.

If the defendant can be found in the Canal Zone, such summons
shall be served by delivering to the defendant in person a true copy
thereof and a copy of the petition for divorce. If the defendant
can not be found in the Canal Zone, the summons shall be returned
to such clerk with an indorsement thereon showing such fact.

“(b) Upon application of the petitioner, accompanied by the affi-
davit required by subdivision (c), if the summons has not been
served as provided in subdivision (a), the court, or the judge thereof,
shall enter an order directing service of a summons by publication
if it appears to the satisfaction of such court or judge—

“(1) That the defendant can not be found in the Canal Zone; and

“(2) That a proper cause for divorce is alleged in favor of the
petitioner; and

“(3) Either (A) that the husband and wife have resided together
in the Canal Zone and that the defendant has gone out of the Canal
Zone and wilfully refuses to return, so that process can not be

address of the defendant, and that, after the exercise of due dili-

dress. Such affidavit shall contain such other information as the
court, or the judge thereof, may require.

give notice to the defendant. The clerk of the court shall mail a
copy of the summons and a copy of the petition, not later than ten
days after the first publication of the summons, addressed to the
defendant at his or her last known place of residence. The court is

“(f) In any case where service by publication may be ordered
the court, or the judge thereof, upon application of the petitioner, shall

Such service shall be made by delivering to the defendant in person
a true copy of the summons and a copy of the petition for divorce,
and may be made by any person not a party to or otherwise interested
in the subject matter in controversy. Such service shall have only
the effect of service of summons by publication. Return of such
summons shall be made with a notation of the time and place of
service and the fact that the defendant served is a nonresident of the
Canal Zone. Such return shall be made under oath. The cost of making such service shall be borne by the party at whose instance the same was made, except that if made by any such officer authorized to serve process, the actual cost of such service shall be included as a part of the costs of the case.

“(g) All the facts relating to the service of summons, whether made personally or by publication, must be established to the satisfaction of the court, or the judge thereof, before any decree is entered pursuant to a petition for divorce.”

An appeal may be taken from any such interlocutory order in the same manner and within the same time as an appeal from a final decree of such court in any other proceeding.

“(b) After the expiration of such period of six months, or if an appeal is taken and the case is pending at the time of the expiration of such period then after the final disposition of the case if determined in favor of the petitioner, the court, upon application filed within thirty days after the expiration of such period or such final disposition by the person in whose favor such interlocutory order was entered, shall, or upon its own motion may, enter a final decree granting a divorce. ESCHEAT OF PROPERTY

Sec. 17. If a person dies, or has heretofore died, owning any property situated in the Canal Zone and leaving no heir, next of kin, devisee, legatee, or other person entitled thereto, and if such property has not, prior to the enactment of this Act, been decreed to have escheated under section 780 of the Code of Civil Procedure of the Canal Zone, such property shall escheat to the United States.

Sec. 18. (a) In any case where he believes that property has escheated to the United States, the District Attorney for the Canal Zone, after the expiration of two years from the date of the death of the deceased person, shall file, for the benefit of the United States and in the name of the government of the Canal Zone, in either division of the district court for the Canal Zone, a petition praying for a decree declaring that such property has escheated to the United States. One petition may cover any number of estates, but the facts relating to each estate shall be stated in a separate count. Each count as to which the claim of the United States is contested shall be tried separately. The court shall enter a separate decree on each count, and may apportion and tax costs as justice may require.

(b) Upon the filing of such petition the court shall fix a time and place for a hearing thereon, and direct the clerk to give notice thereof by publication at least once each week for four successive weeks in a newspaper designated by the court and having a general circulation in the Canal Zone and an English section or edition. The first publication shall be not less than ninety days prior to the time fixed for the hearing. Such notice shall also be served personally on any person in possession of any of such property at the time of the filing of the petition.

(c) Such notice shall be in such form as the court may prescribe, shall state the time and place of such hearing, and shall require any and all persons claiming any interest in any of such property to appear at such hearing and assert their claims.

Sec. 19. (a) If, after such hearing, the court finds that any of such property has escheated, it shall enter its decree to that effect. Such decree may direct the sale of any of the escheated property, in the manner provided for the sale of property on execution, and direct the deposit, after the payment of all just debts and charges, of all moneys realized from such estate with the collector of the Panama Canal, as a special fund, to be kept separate and apart from all other funds.

(b) The collector of the Panama Canal shall, as nearly as may be, keep all the funds deposited under the provisions of this section in a separate account and invested in United States Government bonds, United States postal savings certificates, or United States post-office money orders, bearing interest, until disposed of as hereinafter provided.

Sec. 20. (a) Any person claiming an interest in any property which has escheated, if his claim has not been adjudicated, may, at any time within eight years from the date of the decree under subdivision (a) of section 20, or from the date of the final disposition of the case if an appeal is taken from such decree, file a claim in either division of the district court for the Canal Zone. Upon the filing of such claim the court shall direct the clerk to serve notice upon the district attorney for the Canal Zone. Such notice shall be in such form as the court may prescribe and shall state the time and place fixed for a hearing upon such claim.
(b) If, after hearing, the court finds in favor of the claimant, it shall enter its decree to that effect, stating the amount of money (including interest) to which such claimant is entitled. The collector of the Panama Canal, upon presentation by the claimant of a certified copy of the decree of the court which has become final, shall pay to the claimant the amount of money to which such claimant is entitled. Costs in any such proceeding shall be assessed by the court and paid by, or deducted from any amount due, the claimant.

(c) Upon the expiration of such period of eight years, or, if a claim is pending, upon the final disposition of such claim, any money deposited in accordance with a decree under subdivision (a) of section 20 and not successfully claimed under this section, together with any interest realized from the investment thereof, shall be covered into the Treasury of the United States as miscellaneous receipts, and all claims thereto shall thereafter be forever barred.

Sec. 21. All proceedings under sections 19 and 21 shall be deemed equitable actions, triable by the court without the intervention of a jury. In any case involving an amount exceeding $1,000, where a decree has been entered after contest, an appeal may be taken in the same manner and within the same time as an appeal in other civil actions.

SETTLEMENT OF ESTATES

Sec. 22. Hereafter, in the Canal Zone, the settlement of the estate of a deceased person shall not be delayed because any heir, next of kin, devisee, legatee, or person entitled thereto, or to any part thereof, is unknown or can not be found. In any such case the court shall, in the decree of distribution, fix the interest of such heir, next of kin, devisee, legatee, or person in such estate, direct the conversion of such interest into money, and direct that the money representing the interest of such person be paid to the administrator of estates of the Canal Zone, to be held by such administrator as a special fund, distinct and apart from all other funds. Such fund, or any part thereof, shall be disbursed by such administrator thereafter only by order of the court, either to the person entitled thereto, on presentation of claim and satisfactory proof to the court, or to the collector of the Panama Canal pursuant to a proceeding under section 19.
