If such bridge shall be taken over or acquired by the States or public agencies or political subdivisions thereof, or by either of them, as provided in section 4 of this Act, and if tolls are thereafter charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the reasonable cost of maintaining, repairing, and operating the bridge and its approaches.
under economical management, and to provide a sinking fund sufficient to amortize the amount paid therefor including reasonable interest and financing cost, as soon as possible under reasonable charges, but within a period of not to exceed twenty years from the date of acquiring the same. After a sinking fund sufficient for such amortization shall have been so provided, such bridge shall thereafter be maintained and operated free of tolls, or the rates of toll shall thereafter be so adjusted as to provide a fund of not to exceed the amount necessary for the proper maintenance, repair, and operation of the bridge and its approaches under economical management. An accurate record of the amount paid for acquiring the bridge and its approaches, the actual expenditures for maintaining, repairing, and operating the same and of the daily tolls collected, shall be kept and shall be available for the information of all persons interested.

Sec. 6. The Ashland Bridge Company, its successors and assigns, shall within ninety days after the completion of such bridge file with the Secretary of War, and with the highway departments of the States of Kentucky and Ohio, a sworn itemized statement showing the actual original cost of constructing the bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefor, and the actual financing and promotion costs. The Secretary of War may, and upon request of the highway department of either of such States shall, at any time within three years after the completion of such bridge investigate such costs and determine the accuracy and the reasonableness of the costs alleged in the statement of costs so filed, and shall make a finding of the actual and reasonable costs of constructing, financing, and promoting such bridge; for the purpose of such investigation the said Ashland Bridge Company, its successors and assigns, shall make available all of its records in connection with the construction, financing, and promotion thereof. The findings of the Secretary of War as to the reasonable costs of the construction, financing, and promotion of the bridge shall be conclusive for the purposes mentioned in section 4 of this Act, subject only to review in a court of equity for fraud or gross mistake.

Sec. 7. The right to sell, assign, transfer, and mortgage all the rights, powers, and privileges conferred by this Act is hereby granted to the Ashland Bridge Company, its successors and assigns, and any corporation to which or any person to whom such rights, powers, and privileges may be sold, assigned, or transferred, or who shall acquire the same by mortgage foreclosure or otherwise, is hereby authorized and empowered to exercise the same as fully as though conferred herein directly upon such corporation or person.

Sec. 8. The right to alter, amend, or repeal this Act is hereby expressly reserved.

Approved, February 16, 1928.
the State of Vermont for the creation of the Lake Champlain Bridge Commission, pursuant to authority of chapter 321 of the Laws of 1927 of the State of New York, and the authority of act numbered 199 of the acts and resolutions passed by the General Assembly of the State of Vermont at the biennial session, 1927, and each and every part and article thereof be, and the same is hereby, ratified, approved, and confirmed; Provided, That nothing therein contained shall be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the region which forms the subject of said agreement; which agreement is in words and figures as follows:

Now, therefore, the said States of New York and Vermont do hereby enter into the following agreement, to wit:

**ARTICLE I**

The two States do agree that there shall be created the Lake Champlain Bridge Commission, which shall be a body corporate and politic, having the powers and jurisdiction hereinafter enumerated, and such other and additional powers as shall be conferred upon it by the legislature of either State, concurred in by the legislature of the other State, or by Act or Acts of Congress, as hereinafter provided.

**ARTICLE II**

The Lake Champlain Bridge Commission shall consist of six commissioners, three of whom shall be resident voters from the State of New York and residents of a county of New York adjoining Lake Champlain, and three of whom shall be residents of the State of Vermont. The New York members shall be chosen by the State of New York and the Vermont members shall be chosen by the State of Vermont, in the manner and for the terms fixed and determined from time to time by the legislature of each State, respectively. Each commissioner may be removed or suspended from office as provided by the law of the State for which he shall be appointed.

**ARTICLE III**

The said commissioners shall, for the purpose of doing business, constitute a board and may adopt suitable by-laws for its management.

**ARTICLE IV**

The Lake Champlain Bridge Commission shall constitute a body, both corporate and politic, with full power and authority to purchase, construct, own, maintain, and operate a highway bridge, including approaches, across Lake Champlain between the State of New York and the State of Vermont, and to make charges for the use thereof, and for any of such purposes to purchase, take, own, hold, and operate real or personal property, to borrow money, and secure the same by bonds or by mortgages upon any property held or acquired by it.

The members of the commission shall each receive as compensation for their services the sum of $10 a day for each day's service performed and, in addition, all necessary expenses incurred in the performance of their duties, to be paid from the funds of the said Lake Champlain Bridge Commission.
The Lake Champlain Bridge Commission shall have such additional powers and duties as may hereafter be delegated to or imposed upon it from time to time by the action of the legislature of either State, concurred in by the legislature of the other. Unless and until otherwise provided, it shall make an annual report to the governor of each State, setting forth in detail the operations and transactions conducted by it pursuant to this agreement, and any legislation thereunder, and which said report shall be submitted by the governor to the respective legislatures.

The Lake Champlain Bridge Commission shall not pledge the credit of either State, except by and with the authority of the legislature thereof.

Each member of the Lake Champlain Bridge Commission, before entering upon his duties, shall take and subscribe the constitutional oath of office, which oath shall be filed in the office of the secretary of state of the State from which said commissioner is appointed. The Lake Champlain Bridge Commission shall elect from its number a chairman and a vice chairman, and may appoint a secretary and treasurer, who need not be members of the commission, and such employees as it may require in the performance of its duties, and shall fix and determine their qualifications, duties, and compensation.

It shall adopt a seal and keep in well-bound books a record of all its meetings and proceedings, certificates, contracts, surety bonds, and corporate accounts, and shall maintain a suitable office where its maps, plans, documents, records and accounts shall be kept, subject to public inspection at such times and under such regulations as the commission shall determine.

Unless and until the revenues from operations conducted by the Lake Champlain Bridge Commission are adequate to meet all expenditures, the legislatures of the two States shall appropriate for the administrative expenses such sum or sums as shall be necessary and shall be recommended by the Lake Champlain Bridge Commission and approved by the governors of the two States in the following ratio, to wit: The State of New York shall appropriate 60 per centum thereof and the State of Vermont shall appropriate 40 per centum thereof. And unless and until otherwise determined by the action of the legislatures of the two States, the Lake Champlain Bridge Commission shall not incur any obligations for salaries, office, and other administrative expenses within the provisions of this article prior to the making of the appropriations by both States adequate to meet the same.

Unless and until otherwise determined by the action of the legislatures of the two States, no action of the Lake Champlain Bridge Commission shall be binding, unless taken at a meeting at which at least two members of each State are present, and unless four votes are cast therefor, two from each State.
ARTICLE IX

The Lake Champlain Bridge Commission is hereby authorized to make suitable rules and regulations for the control of traffic across the bridge herein provided for, not inconsistent with the Constitution of the United States or of either State, and subject to the exercise of the power of Congress which, when concurred in or authorized by the legislatures of both States, shall be binding and effective upon all persons and corporations affected thereby.

ARTICLE X

The two States shall provide penalties for violation of any order, rule, or regulation of the Lake Champlain Bridge Commission and for the manner of enforcing the same.

ARTICLE XI

The commissioners of the two States shall have the power to apply to the Congress of the United States or any department of the United States for consent and approval of this agreement, and the bridge to be constructed thereunder by the Lake Champlain Bridge Commission pursuant to law or in the absence of such consent of Congress or of such department of the Federal Government, and until the same shall have been secured, this agreement shall be binding upon the State of New York, when ratified by it, and upon the State of Vermont, when ratified by it, provided, however, that such consent shall be obtained within three years from the date hereof.

ARTICLE XII

The two States hereby agree that there shall be constructed a highway bridge between the State of New York and the State of Vermont as speedily as possible between a point heretofore selected by the aforesaid joint legislative committee and commission at Crown Point, in the county of Essex, and in the State of New York, and a point so selected near Chimney Point, in the town of Addison, in the State of Vermont. Such bridge shall be built according to the plans and specifications of the Lake Champlain Bridge Commission, as approved by such duly constituted Federal authority as by law may be required. The State of New York agrees to pay the entire cost of all highway approaches to said bridge in the State of New York, and the State of Vermont agrees to pay the entire cost of all highway approaches to said bridge in the State of Vermont.

ARTICLE XIII

If, for the construction of said bridge, including approaches, it shall become necessary to acquire lands, rights, or property, and the Lake Champlain Bridge Commission shall be unable to purchase the same upon terms which they deem reasonable, then, and in such case, the Lake Champlain Bridge Commission may take, by right of eminent domain, lands, rights, and property necessary for the proper construction of said bridge and approaches thereto. In the State of Vermont, for the taking of such lands, rights, and property, the said commission shall have the same rights, powers, and duties as are vested in the selectmen of towns for the taking of land for highway purposes, and the provisions of chapter 191 of the General Laws of the State of Vermont, with amendments thereto, are hereby made applicable to all proceedings hereunder.
In the State of New York, if, for any of the purposes provided herein, the Lake Champlain Bridge Commission shall find it necessary or convenient to acquire any real property in this State, then such Lake Champlain Bridge Commission may find and determine that such real property is required for a public use, and upon such due determination the said property shall be and shall be deemed to be required for such public use. Such real property may be acquired by such commission by gift or purchase or, in the event that such real property can not be so acquired, it may be acquired under the provisions of the condemnation law.

If it shall be necessary for the commission to set apart, out of any funds available therefor, any sum or sums to create a fund to be used for making compensation to owners of real property, or of any interest therein to be acquired for the purposes of this agreement, such fund shall be created within the State where such real property or interest therein is located, and shall not be used for any other purpose until such compensation has been duly made according to the law of the State wherein such real property or interest therein is located. The fund so created shall be deposited with the custodian authorized by law to receive and hold the same.

ARTICLE XIV

The State of New York agrees to provide and make available in the year 1927 the sum of $120,000 toward the cost of the construction of such bridge, and the State of Vermont agrees to provide and make available in the year 1927 the sum of $80,000 toward the cost of the construction of such bridge. Such funds shall be available for all costs incidental to the construction of the said bridge, but no part of such fund shall be used by the commission except for expenses of preparing specifications until this agreement also be ratified by the Congress of the United States.

No part of the said sum mentioned in this Article shall be payable by either State, unless the other State shall have made available to the Lake Champlain Bridge Commission the sum herein agreed to be made payable, the intent hereof being that each State shall cause to be paid over or made available to the Lake Champlain Bridge Commission, at such time as may be necessary, the sum herein set forth as an advance to the Lake Champlain Bridge Commission by the respective States for use in the construction of said bridge.

ARTICLE XV

Upon the completion of the bridge, pursuant to this agreement, the Lake Champlain Bridge Commission shall cause the boundary line between the two States on said bridge to be appropriately marked and indicated.

ARTICLE XVI

All accounts of the Lake Champlain Bridge Commission shall be audited jointly by the comptroller of the State of New York and the auditor of accounts of the State of Vermont and the report of such audit shall accompany the annual reports of said Lake Champlain Bridge Commission.

ARTICLE XVII

The balance of the money needed for the construction of the said bridge shall be raised by the Lake Champlain Bridge Commission on its own obligations secured by the pledge of the prop-
property owned by said commission and the revenues and tolls arising out of the use of the said bridge. As security for obligations so issued, and the moneys so appropriated, such property and such revenues and tolls arising out of the use of the said bridge shall be pledged as hereinafter provided to the repayment of the entire issue of bonds and other securities for the construction thereof, together with the interest and the repayment of the moneys paid over by the States, it being the declared policy of the States that the bridge, so far as the payment of bonds or other securities issued for the construction thereof, together with the repayment of the moneys advanced by the States, shall in all respects be self-sustaining; and the Lake Champlain Bridge Commission shall charge and maintain revenues and tolls for the use of the said bridge until all bonds and other securities issued for the construction thereof shall have been paid, and until the moneys so as aforesaid advanced by the States of New York and Vermont shall have been repaid, with interest at the rate of 4 per centum per annum.

The obligation for moneys so raised by the Lake Champlain Bridge Commission on its own obligations for the construction of the said bridge and purposes incidental thereto shall constitute a lien upon the property owned by said commission, and the revenues and tolls therefrom, in accordance with the terms upon which such moneys are raised, and any right or claim of the States, including that arising out of this agreement, shall be subordinated to such lien. The Lake Champlain Bridge Commission shall, however, pay into the State treasury of each State annually out of the revenues and tolls from the bridge a sum equal to 4 per centum upon the unpaid balance of the amount actually advanced to the Lake Champlain Bridge Commission by each State hereunder as interest for that year, together with at least 2 per centum of the principal of such advance, until the whole sum so advanced is repaid to the States, with accrued interest, provided that the Lake Champlain Bridge Commission shall not make such payments until it shall have accumulated a reserve fund, and only so long as and for the years in which it maintains such reserve fund equal to 10 per centum of its own obligations issued in relation to or for the construction of such bridge, over and above the sums required by the terms of such obligations to be set aside for amortization or a sinking fund, and unless in said year the tolls or revenues from the said bridge after the payment of all expenses for operation and maintenance are sufficient to satisfy the interest and other contractual requirements of said obligations: And provided further, That such payments shall not be made into the State treasury of either State unless there shall be available under the same conditions sufficient money to make payment on similar terms to the other State, and that if there exists such surplus revenue, but insufficient to make complete payment on such terms or conditions both to the States of New York and Vermont, then such surplus revenue shall be prorated in accordance with the respective unpaid balances of the advances made under the acts of the two States and such prorated sum shall be paid into the State treasury of each State in place and stead of the amount above provided, to be applied, first, upon interest accrued and unpaid, if any; second, upon the interest for the current year and the balance, if any, in reduction of the principal.
ARTICLE XVIII

The States of New York and Vermont do hereby pledge themselves, and it is hereby agreed with those subscribing to the obligations issued by the Lake Champlain Bridge Commission for the construction of such bridge and incidental purposes, that the States will not authorize the construction or maintenance of any other highway crossing for vehicular traffic over Lake Champlain between the two States in competition with the said bridge, nor will it limit or alter the rights vested in the Lake Champlain Bridge Commission to establish and levy such charges and tolls it may deem convenient and necessary to produce sufficient revenue to meet the expenses of maintenance and operation and to fulfill the terms of the obligations assumed by it in relation to such bridge until the said obligations, together with interest thereon, are fully met and discharged: Provided, That such crossings shall be considered as competitive with such bridge only if they shall form a highway connection for vehicular traffic between the two States across Lake Champlain within a distance of twenty-five miles from such bridge. The provisions of this article, when approved by the two States, shall constitute an agreement between the two States for the benefit of those lending money to the Lake Champlain Bridge Commission for the construction of such bridge, and the Lake Champlain Bridge Commission may include in the bonds or other evidences of its obligations issued by it for the construction of the said bridge, or incidental purposes, such part of this agreement as shall seem proper as evidence of the foregoing agreement made by the two States with the holders of the said bonds or other obligations.

ARTICLE XIX

The States agree that the construction of the said bridge herein authorized be by contract to be executed as follows:

The Lake Champlain Bridge Commission shall advertise for proposals for the construction of such bridge according to the plans, specifications, and estimate approved by it therefor. The advertisement shall be limited to a brief description of the work proposed to be done, with an announcement stating where the maps, plans, specifications, and estimate may be seen, the terms and conditions under which proposals will be received, the time and place where the same shall be opened, and such other matters as the Lake Champlain Bridge Commission may deem advisable to include therein. Such advertisement shall be published at least once in each week for two successive weeks in such newspapers as the Lake Champlain Bridge Commission may designate.

Each proposal shall specify the gross sum for which the work will be performed, and shall also include the amount to be charged for each item specified in the estimate. The Lake Champlain Bridge Commission may prescribe and furnish forms for the submission of such proposals, which shall be sealed, and may prescribe the manner of submitting the same, which shall not be inconsistent herewith. Accompanying each proposal there shall be a draft or certified check for 3 per centum of the amount of the gross sum bid, which check, in case such proposal be accepted, shall be retained by the Lake Champlain Bridge Commission until the contract, and the bond hereinafter provided for, shall have been duly executed, whereupon such check shall be returned to the bidder. In case the bidder, to whom the contract shall be awarded, shall fail to execute such contract and bond, the money represented by such draft or certified check shall be regarded as liquidated.
damages, and shall be forfeited to the Lake Champlain Bridge Commission. The proposals, when opened, shall be subject at all reasonable times to public inspection, and at the time of opening shall be publicly read, and conspicuously posted in such a manner as to indicate the several items of the proposal.

The contract for the construction of such bridge shall be awarded to the lowest responsible bidder, except that no contract shall be awarded at a greater sum than that required in the estimate made for such construction in accordance with the plans and specifications as approved. The lowest bid shall be deemed to be that which specifically states the lowest gross sum for which the entire work will be performed, including all the items specified in the estimate therefor.

If no proposal otherwise acceptable is made within the estimate accompanying the plans and specifications, the Lake Champlain Bridge Commission may cause the estimate to be amended.

The Lake Champlain Bridge Commission may reject any or all proposals, and may advertise for new proposals as above provided, if, in their opinion, the best interests of the States will thereby be promoted.

The Lake Champlain Bridge Commission shall prescribe the form of contracts and may include therein such matters as they may deem advantageous to the States.

The contractor, before entering into a contract for such construction, shall execute a bond in the form prescribed by the Lake Champlain Bridge Commission, with sufficient sureties, to be approved by the Lake Champlain Bridge Commission, conditioned that he will perform the work in accordance with the terms of the contract and with the plans and specifications, and that he will commence and complete the work within the time prescribed in the contract.

The bond shall also provide against any direct or indirect damages that shall be suffered or claimed on account of such construction during the time thereof and until such bridge is accepted.

The contract may provide for partial payment to an amount not exceeding 90 per centum of the value of the work done. Ten per centum of the contract price, where a bond approved by the Lake Champlain Bridge Commission is given, shall be retained until the entire work has been completed and accepted.

All contingencies arising during the prosecution of the work shall be provided for to the satisfaction of the Lake Champlain Bridge Commission, and as may be agreed upon in the original or by a supplemental contract executed by the commission; the amount to be expended shall not exceed the original estimate, unless such estimate shall have been duly amended by the commission. If a supplemental contract be executed by the Lake Champlain Bridge Commission for the performance of work or furnishing of material not provided for in the original contract, the amount to be charged thereunder for any such work or material shall not exceed the rate for which similar work or material was agreed to be performed or furnished under the original bid upon which the contract was awarded.

ARTICLE XX

The construction, maintenance, and operation of said bridge is in all respects for the benefit of the people of the two States, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and the Lake
Champlain Bridge Commission shall be regarded as performing a governmental function in undertaking the said construction, maintenance, and operation, and in carrying out the provisions of law relating to the said bridge, and shall be required to pay no taxes or assessments upon any of the property acquired by it for the construction, operation, and maintenance of such bridge, and the interest of either State in any tolls collected under this article shall be free from any State, county, municipal, or local taxation whatsoever in the other State.

The obligations which may be issued by the Lake Champlain Bridge Commission for the construction of the bridge mentioned herein, or incidental thereto, shall be exempt from taxation and are to be legal securities in which all public officers and bodies of each State and of its municipal subdivisions, all insurance companies and associations, all savings banks and savings institutions, including savings loan associations, executors, administrators, guardians, trustees, and all other fiduciaries in each State may properly and legally invest the funds within their control.

ARTICLE XXI

It is the declared purpose of each of the contracting parties that this bridge will eventually be a free bridge, and to that end it is agreed that after the payment of all the obligations which may be issued against the bridge and the tolls and revenues thereof, and the State of New York and the State of Vermont shall have been fully repaid for any and all moneys that may have been advanced by them, together with all interest thereon, the Legislatures of the State of New York and the State of Vermont, subject to the approval of the governor of each State, by concurrent legislation, shall provide the method and procedure for the future operation, maintenance, and control of said bridge.

In witness whereof we have signed this compact or agreement by and under the authority of chapter 321 of the Laws of 1927 of the State of New York, and by and under the authority of act 139 of the acts and resolutions passed by the General Assembly of the State of Vermont at the twenty-ninth biennial session, 1927, this 11th day of May, 1927.

CLAIMS OF NATIONALS OF THE UNITED STATES AGAINST GERMANY

Sec. 2. (a) The Secretary of State shall, from time to time, certify to the Secretary of the Treasury the awards of the Mixed Claims Commission, United States and Germany, established in pursuance of the agreement of August 10, 1922, between the United States and Germany (referred to in this Act as the "Mixed Claims Commission").

(b) The Secretary of the Treasury is authorized and directed to pay an amount equal to the principal of each award so certified, plus the interest thereon, in accordance with the award, accruing before January 1, 1928.

(c) The Secretary of the Treasury is authorized and directed to pay annually (as nearly as may be) simple interest, at the rate of
5 per centum per annum, upon the amounts payable under subsection (b) and remaining unpaid, beginning January 1, 1928, until paid.

(d) The payments authorized by subsection (b) or (c) shall be made in accordance with such regulations as the Secretary of the Treasury may prescribe, but only out of the German special deposit account created by section 4, within the limitations hereinafter prescribed, and in the order of priority provided in subsection (c) of section 4.

(e) There shall be deducted from the amount of each payment, as reimbursement for the expenses incurred by the United States in respect thereof, an amount equal to one-half of 1 per centum thereof. The amount so deducted shall be deposited in the Treasury as miscellaneous receipts. In computing the amounts payable under subsection (c) of section 4 (establishing the priority of payments) the fact that such deduction is required to be made from the payment when computed or that such deduction has been made from prior payments, shall be disregarded.

(f) The amounts awarded to the United States in respect of claims of the United States on its own behalf shall not be payable under this section.

(g) No payment shall be made under this section unless application therefor is made, within two years after the date of the enactment of this Act, in accordance with such regulations as the Secretary of the Treasury may prescribe. Payment shall be made only to the person on behalf of whom the award was made, except that—

1. If such person is deceased or is under a legal disability, payment shall be made to his legal representative, except that if the payment is not over $500 it may be made to the persons found by the Secretary of the Treasury to be entitled thereto, without the necessity of compliance with the requirements of law in respect of the administration of estates;

2. In the case of a partnership, association, or corporation, the existence of which has been terminated, payment shall be made, except as provided in paragraphs (3) and (4), to the persons found by the Secretary of the Treasury to be entitled thereto;

3. If a receiver or trustee for the person on behalf of whom the award was made has been duly appointed by a court in the United States and has not been discharged prior to the date of payment, payment shall be made to the receiver or trustee or in accordance with the order of the court; and

4. In the case of an assignment of an award, or an assignment (prior to the making of the award) of the claim in respect of which the award was made, by a receiver or trustee for any such person, duly appointed by a court in the United States, such payment shall be made to the assignee.

(h) Nothing in this section shall be construed as the assumption of a liability by the United States for the payment of the awards of the Mixed Claims Commission, nor shall any payment under this section be construed as the satisfaction, in whole or in part, of any of such awards, or as extinguishing or diminishing the liability of Germany for the satisfaction in full of such awards, but shall be considered only as an advance by the United States until all the payments from Germany in satisfaction of the awards have been received. Upon any payment under this section of an amount in respect of an award, the rights in respect of the award and of the claim in respect of which the award was made shall be held to have been assigned pro tanto to the United States, to be enforced by and on behalf of the United States against Germany, in the same manner and to the same extent as such rights would be enforced on behalf of the American national.

SEC. 3. (a) There shall be a War Claims Arbiter (hereinafter referred to as the "Arbiter"), who shall be appointed by the President, by and with the advice and consent of the Senate, without regard to any provision of law prohibiting the holding of more than one office. The Arbiter, notwithstanding any other provision of law, shall receive a salary to be fixed by the President in an amount, if any, which if added to any other salary will make his total salary from the United States not in excess of $15,000 a year.

(b) It shall be the duty of the Arbiter, within the limitations hereinafter prescribed, to hear the claims of any German national (as hereinafter defined), and to determine the fair compensation to be paid by the United States, in respect of—

(1) Any merchant vessel (including any equipment, appurtenances, and property contained therein), title to which was taken by or on behalf of the United States under the authority of the Joint Resolution of May 12, 1917 (Fortieth Statutes, page 75). Such compensation shall be the fair value, as nearly as may be determined, of such vessel to the owner immediately prior to the time exclusive possession was taken under the authority of such Joint Resolution, and in its condition at such time, taking into consideration the fact that such owner could not use or permit the use of such vessel, or charter or sell or otherwise dispose of such vessel for use or delivery, prior to the termination of the war, and that the war was not terminated until July 2, 1921, except that there shall be deducted from such value any consideration paid for such vessel by the United States. The findings of the Board of Survey appointed under the authority of such Joint Resolution shall be competent evidence in any proceeding before the Arbiter to determine the amount of such compensation.

(2) Any radio station (including any equipment, appurtenances, and property contained therein) which was sold to the United States by or under the direction of the Alien Property Custodian under authority of the Trading with the Enemy Act, or any amendment thereto. Such compensation shall be the fair value, as nearly as may be determined, which such radio station would have had on July 2, 1921, if returned to the owner on such date in the same condition as on the date on which it was seized by or on behalf of the United States, or on which it was conveyed or delivered to, or seized by, the Alien Property Custodian, whichever date is earlier, except that there shall be deducted from such value any consideration paid for such radio station by the United States.

(3) Any patent (or any right therein or claim thereto, and including an application therefor and any patent issued pursuant to any such application) which was licensed, assigned, or sold by the
Alien Property Custodian to the United States. Such compensation shall be the amount, as nearly as may be determined, which would have been paid if such patent, right, claim, or application had been licensed, assigned, or sold to the United States by a citizen of the United States, except that there shall be deducted from such amount any consideration paid therefor by the United States (other than consideration which is returned to the United States under section 27 of the Trading with the Enemy Act, as amended).

(4) The use by or for the United States of any invention described in and covered by any patent (including an application therefor and any patent issued pursuant to any such application) which was conveyed, transferred, or assigned to, or seized by, the Alien Property Custodian, but not including any use during any period between April 6, 1917, and November 11, 1918, both dates inclusive, or on or after the date on which such patent was licensed, assigned, or sold by the Alien Property Custodian. In determining such compensation, any defense, general or special, available to a defendant in an action for infringement or in any suit in equity for relief against an alleged infringement, shall be available to the United States.

(c) The proceedings of the Arbiter under this section shall be conducted in accordance with such rules of procedure as he may prescribe. The Arbiter, or any referee designated by him, is authorized to administer oaths, to hold hearings at such places within or without the United States as the Arbiter deems necessary, and to contract for the reporting of such hearings. Any witness appearing for the United States before the Arbiter or any such referee at any place within or without the United States may be paid the same fees and mileage as witnesses in courts of the United States. Such payments shall be made out of any funds in the German special deposit account hereinafter provided for, and may be made in advance.

(d) The Arbiter may, from time to time, and shall, upon the determination by him of the fair compensation in respect of all such vessels, radio stations, and patents, make a tentative award to each claimant of the fair compensation to be paid in respect of his claim, including simple interest, at the rate of 5 per centum per annum, on the amount of such compensation from July 2, 1921, to December 31, 1928, both dates inclusive. If a German national filing a claim in respect of any such vessel fails to establish to the satisfaction of the Arbiter that neither the German Government nor any member of the former ruling family had, at the time of the taking, any interest in such vessel, either directly or indirectly, through stock ownership or control or otherwise, then (whether or not claim has been filed by or on behalf of such Government or individual) no award shall be made to such German national unless and until the extent of such interest of the German Government and of the members of the former ruling family has been determined by the Arbiter. Upon such determination the Arbiter shall make a tentative award in favor of such Government or individual in such amount as the Arbiter determines to be in justice and equity representative of such interest, and reduce accordingly the amount available for tentative awards to German nationals filing claims in respect of the vessel so that the aggregate of the tentative awards (including awards on behalf of the German Government and members of the former ruling family) in respect of the vessel will be within the amount of fair compensation determined under subsection (b) of this section.

(e) The total amount to be awarded under this section shall not exceed $100,000,000, minus the sum of (1) the expenditures in carrying out the provisions of this section (including a reasonable estimate for such expenditures to be incurred prior to the expiration of the

(g) The Secretary of the Treasury is authorized and directed to pay the amount of the awards certified under subsection (f).

(h) The Secretary of the Treasury is authorized and directed to pay annually (as nearly as may be) simple interest, at the rate of 5 per cent per annum, upon the amount of any such award remaining unpaid, beginning January 1, 1929, until paid.

(i) The payments in respect of awards under this section shall be made in accordance with such regulations as the Secretary of the Treasury may prescribe, but only out of the German special deposit account created by section 4, within the limitations hereinafter prescribed, and in the order of priority provided in subsections (c) and (d) of section 4.

(j) The Secretary of the Treasury shall not pay any amount in respect of any award made to or on behalf of the German Government or any member of the former ruling family, but the amount of any such award shall be credited upon the final payment due the United States from the German Government for the purpose of satisfying the awards of the Mixed Claims Commission.

(k) No payment shall be made under this section unless application therefor is made, within two years after the date the award is certified, in accordance with such regulations as the Secretary of the Treasury may prescribe. Payment of any amount in respect of any award may be made, in the discretion of the Secretary of the Treasury, either in the United States or in Germany, and either in money of the United States or in lawful German money, and shall be made only to the person on behalf of whom the award was made, except that—

(1) If such person is deceased or is under a legal disability, payment shall be made to his legal representative, except that if the payment is not over $500 it may be made to the persons found by the Secretary of the Treasury to be entitled thereto, without the necessity of compliance with the requirements of law in respect of the administration of estates;

(2) In the case of a partnership, association, or corporation, the existence of which has been terminated, payment shall be made, except as provided in paragraphs (3) and (4), to the persons found by the Secretary of the Treasury to be entitled thereto;

(3) If a receiver or trustee for the person on behalf of whom the award was made has been duly appointed by a court of competent jurisdiction and has not been discharged prior to the date of payment, payment shall be made to the receiver or trustee or in accordance with the order of the court; and

(4) In the case of an assignment of an award, or of an assignment (prior to the making of the award) of the claim in respect of which such award was made, by a receiver or trustee for any such person, duly appointed by a court of competent jurisdiction, payment shall be made to the assignee.
(1) The head of any executive department, independent establishment, or agency in the executive branch of the Government, including the Alien Property Custodian and the Comptroller General, shall, upon request of the Arbiter, furnish such records, documents, papers, correspondence, and information in the possession of such department, independent establishment, or agency as may assist the Arbiter, furnish them statements and assistance of the same character as is described in section 188 of the Revised Statutes, and may temporarily detail any officers or employees of such department, independent establishment, or agency to assist the Arbiter, or to act as a referee, in carrying out the provisions of this section. The Attorney General shall assign such officers and employees of the Department of Justice as may be necessary to represent the United States in the proceedings under this section.

(m) The Arbiter, with the approval of the Secretary of the Treasury, is authorized to (1) appoint and fix the salaries of such officers, referees, and employees, without regard to the civil service laws and regulations or to the Classification Act of 1923, and (2) make such expenditures (including expenditures for the salary of the Arbiter, rent and personal services at the seat of government and elsewhere, law books, periodicals, books of reference, and printing and binding) as may be necessary for carrying out the provisions of this section and within the funds available therefor. Any officer or employee detailed or assigned under subsection (1) shall be entitled to receive (notwithstanding any provision of law to the contrary) such additional compensation as the Arbiter, with the approval of the Secretary of the Treasury, may prescribe. The Arbiter and officers and employees appointed, detailed, or assigned shall be entitled to receive their necessary traveling expenses and actual expenses incurred for subsistence (without regard to any limitations imposed by law) while away from the District of Columbia on business required by this section.

(n) On the date on which the awards are certified to the Secretary of the Treasury under subsection (f) or the date on which the awards are certified to the Secretary of the Treasury under subsection (e) of section 6 (patent claims of Austrian and Hungarian nationals), whichever date is the later, the terms of office of the Arbiter, and of the officers and employees appointed by the Arbiter, shall expire, and the books, papers, records, correspondence, property, and equipment of the office shall be transferred to the Department of the Treasury.

(o) No award or tentative award shall be made by the Arbiter in respect of any claim if (1) such claim is filed after the expiration of four months from the date on which the Arbiter takes office, or (2) any judgment or decree awarding compensation or damages in respect thereof has been rendered against the United States, and if such judgment or decree has become final (whether before or after the enactment of this Act), or (3) any suit or proceeding against the United States, or any agency thereof, is commenced or is pending in respect thereof and is not dismissed upon motion of the person by or on behalf of whom it was commenced, made before the expiration of six months from the date on which the Arbiter takes office and before any judgment or decree awarding compensation or damages becomes final.

(p) There is hereby authorized to be appropriated, to be immediately available and to remain available until expended, the sum of $50,000,000, and, after the date on which the awards of the Arbiter under this section are certified to the Secretary of the Treasury, such additional amounts as, when added to the amounts previously appropriated, will be equivalent to the aggregate amount of such awards.
plus the amounts necessary for the expenditures authorized by subsections (c) and (m) of this section (expenses of administration), except that the aggregate of such appropriations shall not exceed $100,000,000.

(q) The provisions of this section shall constitute the exclusive method for the presentation and payment of claims arising out of any of the acts by or on behalf of the United States for which this section provides a remedy. Any person who files any claim or makes application for any payment under this section shall be held to have consented to all the provisions of this Act. This subsection shall not bar the presentation of a claim under section 21 (relating to the claims of certain former German nationals in respect of the taking of the vessels "Carl Diederichsen" and "Johanne"); but no award shall be made under section 21 in respect of either of such vessels to or on behalf of any person to whom or on whose behalf an award is made under this section in respect of such vessel.

(r) If the aggregate amount to be awarded in respect of any vessel, radio station, or patent is awarded in respect of two or more claims, such amount shall be apportioned among such claims by the Arbiter as he determines to be just and equitable and as the interests of the claimants may appear.

(s) The Secretary of the Treasury, upon the certification of any of the tentative awards made under subsection (d) of this section and the recommendation of the Arbiter, may make such pro rata payments in respect of such tentative awards as he deems advisable, but the aggregate of such payments shall not exceed $25,000,000.

GERMAN SPECIAL DEPOSIT ACCOUNT

Sec. 4. (a) There is hereby created in the Treasury a German special deposit account, into which shall be deposited all funds hereinafter specified and from which shall be disbursed all payments authorized by section 2 or 3, including the expenses of administration authorized under subsections (c) and (m) of section 3 and subsection (e) of this section.

(b) The Secretary of the Treasury is authorized and directed to deposit in such special deposit account—

(1) All sums invested or transferred by the Alien Property Custodian, under the provisions of section 25 of the Trading with the Enemy Act, as amended;

(2) The amounts appropriated under the authority of section 3 (relating to claims of German nationals); and

(3) All money (including the proceeds of any property, rights, or benefits which may be sold or otherwise disposed of, upon such terms as he may prescribe) received, whether before or after the enactment of this Act, by the United States in respect of claims of the United States against Germany on account of the awards of the Mixed Claims Commission.

(c) The Secretary of the Treasury is authorized and directed, out of the funds in such special deposit account, subject to the provisions of subsection (d), and in the following order of priority—

(1) To make the payments of expenses of administration authorized by subsections (c) and (m) of section 3 or subsection (e) of this section;

(2) To make so much of each payment authorized by subsection (b) of section 2 (relating to awards of the Mixed Claims Commission), as is attributable to an award on account of death or personal injury, together with interest thereon as provided in subsection (c) of section 2;
(3) To make each payment authorized by subsection (b) of section 2 (relating to awards of the Mixed Claims Commission), if the amount thereof is not payable under paragraph (2) of this subsection and does not exceed $100,000, and to pay interest thereon as provided in subsection (c) of section 2;

(4) To pay the amount of $100,000 in respect of each payment authorized by subsection (b) of section 2 (relating to awards of the Mixed Claims Commission), if the amount of such authorized payment is in excess of $100,000 and is not payable in full under paragraph (2) of this subsection. No person shall be paid under this paragraph and paragraph (3) an amount in excess of $100,000 (exclusive of interest beginning January 1, 1928), irrespective of the number of awards made on behalf of such person;

(5) To make additional payments authorized by subsection (b) of section 2 (relating to awards of the Mixed Claims Commission), in such amounts as will make the aggregate payments (authorized by such subsection) under this paragraph and paragraphs (2), (3), and (4) of this subsection equal to 80 per cent of the aggregate amount of all payments authorized by subsection (b) of section 2. Payments under this paragraph shall be prorated on the basis of the amount of the respective payments authorized by subsection (b) of section 2 and remaining unpaid. Pending the completion of the work of the Mixed Claims Commission, the Secretary of the Treasury is authorized to pay such installments of the payments authorized by this paragraph as he determines to be consistent with prompt payment under this paragraph to all persons on behalf of whom claims have been presented to the Commission;

(6) To pay amounts determined by the Secretary of the Treasury to be payable in respect of the tentative awards of the Arbitrator, in accordance with the provisions of subsection (s) of section 3 (relating to awards for ships, patents, and radio stations);

(7) To pay to German nationals such amounts as will make the aggregate payments equal to 50 per cent of the amounts awarded under section 3 (on account of ships, patents, and radio stations). Payments authorized by this paragraph or paragraph (6) may, to the extent of funds available under the provisions of subsection (d) of this section, be made whether or not the payments under paragraphs (1) to (5), inclusive, of this subsection have been completed;

(8) To pay accrued interest upon the participating certificates evidencing the amounts invested by the Alien Property Custodian under subsection (a) of section 25 of the Trading with the Enemy Act, as amended (relating to the investment of 20 per centum of German property temporarily withheld);

(9) To pay the accrued interest payable under subsection (c) of section 2 (in respect of awards of the Mixed Claims Commission) and subsection (h) of section 3 (in respect of awards to German nationals);

(10) To make such payments as are necessary (A) to repay the amounts invested by the Alien Property Custodian under subsection (a) of section 25 of the Trading with the Enemy Act, as amended (relating to the investment of 20 per centum of German property temporarily withheld), (B) to pay amounts equal to the difference between the aggregate payments (in respect of claims of German nationals) authorized by subsections (g) and (h) of section 3 and the amounts previously paid in respect thereof, and (C) to pay amounts equal to the difference between the aggregate payments (in respect of awards of the Mixed Claims Commission) authorized by subsections (b) and (c) of section 2, and the amounts previously paid in respect thereof. If funds available are not sufficient to make the total payments authorized by this paragraph, the amount of

Other awards not exceeding $100,000.

If in excess of that amount, $100,000.

Limit to one person.

CLAIMS OF AUSTRIAN AND HUNGARIAN NATIONALS AGAINST THE UNITED STATES

Sec. 6. (a) It shall be the duty of the Arbiter, within the limitations hereinafter prescribed, to hear the claims of any Austrian or Hungarian national (as hereinafter defined) and to determine the compensation to be paid by the United States, in respect of—

(1) Any patent (or any right therein or claim thereto, and including an application therefor and any patent issued pursuant to any such application) which was licensed, assigned, or sold by the Alien Property Custodian to the United States. Such compensation shall be the amount, as nearly as may be determined, which would have been paid if such patent, right, claim, or application had been licensed, assigned, or sold to the United States by a citizen of the United States, except that there shall be deducted from such amount any consideration paid therefor by the United States (other than consideration which is returned to the United States under section 27 of the Trading with the Enemy Act, as amended).

(2) The use by or for the United States of any invention described in and covered by any patent (including an application therefor and any patent issued pursuant to any such application) which was conveyed, transferred, or assigned to, or seized by, the Alien Property Custodian, but not including any use during any period between December 7, 1917, and November 3, 1918, both dates inclusive, on or after the date on which such patent was licensed, assigned, or sold by the Alien Property Custodian. In determining such compensation, any defense, general or special, available to a defendant in an action for infringement or in any suit in equity for relief against an alleged infringement, shall be available to the United States.

(5) The proceedings of the Arbiter under this section shall be conducted in accordance with such rules of procedure as he may prescribe. The Arbiter, or any referee designated by him, is authorized to administer oaths, to hold hearings at such places within or without the United States as the Arbiter deems necessary, and to contract for the reporting of such hearings. Any witness appearing for the United States before the Arbiter or any such referee at any place within or without the United States may be paid the
same fees and mileage as witnesses in courts of the United States. Such payments may be made in advance, and may be made in the first instance out of the German special deposit account, subject to reimbursement from the special deposit account (Austrian or Hungarian, as the case may be) hereinafter provided for.

(c) The Arbiter shall, upon the determination by him of the fair compensation in respect of all such patents, make a tentative award to each claimant of the fair compensation to be paid in respect of his claim, including simple interest, at the rate of 5 per centum per annum, on the amount of such compensation from July 2, 1921, to December 31, 1928, both dates inclusive.

(d) The total amount to be awarded under this section shall not exceed $1,000,000, minus the sum of (1) the expenditures in carrying out the provisions of this section (including a reasonable estimate for such expenditures to be incurred prior to the expiration of the term of office of the Arbiter) and (2) the aggregate consideration paid by the United States in respect of the use, license, assignment, and sale of such patents (other than consideration which is returned to the United States under section 27 of the Trading with the Enemy Act, as amended).

(e) If the aggregate amount of the tentative awards exceeds the amount which may be awarded under subsection (d), the Arbiter shall reduce pro rata the amount of each tentative award. The Arbiter shall enter an award of the amount to be paid each claimant, and thereupon shall certify such awards to the Secretary of the Treasury.

(f) The Secretary of the Treasury is authorized and directed to pay the amount of the awards certified under subsection (e), together with simple interest thereon, at the rate of 5 per centum per annum, beginning January 1, 1929, until paid.

(g) The payments authorized by subsection (f) shall be made in accordance with such regulations as the Secretary of the Treasury may prescribe, but only out of the special deposit account (Austrian or Hungarian, as the case may be), created by section 7, and within the limitations hereinafter prescribed.

(h) No payment shall be made under this section unless application therefor is made, within two years after the date the award is certified, in accordance with such regulations as the Secretary of the Treasury may prescribe. Payment of any amount in respect of any award may be made, in the discretion of the Secretary of the Treasury, either in the United States or in Austria or in Hungary, and either in money of the United States or in lawful Austrian or Hungarian money (as the case may be), and shall be made only to the person on behalf of whom the award was made, except in the cases specified in paragraphs (1) to (4) of subsection (k) of section 3.

(i) The provisions of subsections (1), (m), and (o) of section 3 shall be applicable in carrying out the provisions of this section, except that the expenditures in carrying out the provisions of section 3 and this section shall be allocated (as nearly as may be) by the Arbiter and paid, in accordance with such allocation, out of the German special deposit account created by section 4 or the special deposit account (Austrian or Hungarian, as the case may be) created by section 7. Such payments may be made in the first instance out of the German special deposit account, subject to reimbursement from the Austrian or the Hungarian special deposit account in appropriate cases.

(j) There is hereby authorized to be appropriated, to remain available until expended, such amount, not in excess of $1,000,000, as may be necessary for carrying out the provisions of this section.
(k) The provisions of this section shall constitute the exclusive method for the presentation and payment of claims arising out of any of the acts by or on behalf of the United States for which this section provides a remedy. Any person who files any claim or makes application for any payment under this section shall be held to have consented to all the provisions of this Act.

(1) If the aggregate amount to be awarded in respect of any patent is awarded in respect of two or more claims, such amount shall be apportioned among such claims by the Arbiter as he determines to be just and equitable and as the interests of the claimants may appear.

of the Commissioner) are sufficient to make the payments authorized by subsection (b) of section 5 in respect of awards against Austria; and

(2) In respect of interlocutory judgments entered by the Commissioner, the rate of exchange at which such interlocutory judgments shall be converted into money of the United States and the rate of interest applicable to such judgments and the period during which such interest shall run. The Commissioner is authorized and requested to fix such rate of exchange and interest as he may determine to be fair and equitable, and to give notice thereof, within thirty days after the enactment of this Act.

(e) No payment shall be made in respect of any award of the Commissioner against Hungary or of the Arbiter on behalf of an Hungarian national, nor shall any money or other property be returned under paragraph (15), (20), (21), or (22) of subsection (b) of section 9 of the Trading with the Enemy Act, as amended by this Act (relating to the return of money and other property by the Alien Property Custodian to Hungarian nationals), prior to the date upon which the Commissioner certifies to the Secretary of the Treasury—

(1) That the amounts deposited in the Hungarian special deposit account under paragraph (2) of subsection (b) of this section (in respect of property of the Hungarian Government or property of a corporation all the stock of which was owned by the Hungarian Government) and under paragraph (3) of subsection (b) of this section (in respect of money received by the United States in respect of claims of the United States against Hungary on account of awards of the Commissioner), are sufficient to make the payments authorized by subsection (b) of section 5 in respect of awards against Hungary; and

(2) In respect of interlocutory judgments entered by the Commissioner, the rate of exchange at which such interlocutory judgments shall be converted into money of the United States and the rate of interest applicable to such judgments and the period during which such interest shall run. The Commissioner is authorized and requested to fix such rate of exchange and interest as he may determine to be fair and equitable, and to give notice thereof, within thirty days after the enactment of this Act.

(f) Amounts available under subsection (e) of section 4 (relating to payment of expenses of administration) shall be available for the payment of expenses in carrying out the provisions of this section, including personal services at the seat of government.

(g) The Secretary of the Treasury is authorized to invest and reinvest, from time to time, in bonds, notes, or certificates of indebtedness of the United States, any of the funds in the Austrian or the Hungarian special deposit account, and to deposit to the credit of such account the interest or other earnings thereon.

(h) There shall be deducted from the amounts first payable under this section to any American national in respect of any debt, the amount, if any, paid by the Alien Property Custodian in respect of such debt which was not credited by the Commissioner in making his award.

(i) The payments of the awards of the Commissioner to the United States on its own behalf, on account of claims of the United States against Austria or Hungary, shall be paid into the Treasury as miscellaneous receipts.

(j) Any amount remaining in the Austrian or the Hungarian special deposit account after all the payments authorized to be made therefrom have been completed shall be disposed of as follows:
(1) There shall first be paid into the Treasury as miscellaneous receipts the respective amount, if any, by which the appropriations made under the authority of section 6 and deposited in such special deposit account exceed the payments authorized by such section; and

(2) The remainder shall be refunded to Austria or Hungary, as their respective interests may appear.

(b) The Secretary of the Treasury, in his annual report to the Congress, shall include a detailed statement of all expenditures made in carrying out the provisions of this Act.

EXCESSIVE FEES PROHIBITED

SEC. 9. (a) The Arbiter, the Commissioner of the Mixed Claims Commission appointed by the United States, and the Commissioner of the Tripartite Claims Commission, respectively, are authorized (upon request as hereinafter provided) to fix reasonable fees (whether or not fixed under any contract or agreement) for services in connection with the proceedings before the Arbiter and the Mixed Claims Commission and the Tripartite Claims Commission, respectively, and with the preparations therefor, and the application for payment, and the payment, of any amount under section 2, 3, 5, or 6. Each such official is authorized and requested to mail to each claimant in proceedings before him or the commission, as the case may be, notice (in English, German, or Hungarian) of the provisions of this section. (b) After a fee has been fixed under subsection (a), any person accepting any consideration (whether or not under a contract or agreement entered into prior to the enactment of this Act) the aggregate value of which (when added to any consideration previously received) is in excess of the amount so fixed, for services in connection with the proceedings before the Arbiter or Mixed Claims Commission or Tripartite Claims Commission, or any preparations therefor, or with the application for payment, or the payment, of any amount under section 2, 3, 5, or 6, shall, upon conviction thereof, be punished by a fine of not more than four times the aggregate value of the consideration accepted by such person therefor.

(c) Section 20 of the Trading with the Enemy Act, as amended, is amended by inserting after the word "attorney" wherever it appears in such section the words "at law or in fact";
INVESTMENT OF FUNDS BY ALIEN PROPERTY CUSTODIAN

Sec. 10. The Trading with the Enemy Act, as amended, is amended by adding thereto the following new section:

"Sec. 25. (a) (1) The Alien Property Custodian is authorized and directed to invest, from time to time upon the request of the Secretary of the Treasury, out of the funds held by the Alien Property Custodian or by the Treasurer of the United States for the Alien Property Custodian, an amount not to exceed $40,000,000 in the aggregate, in one or more participating certificates issued by the Secretary of the Treasury in accordance with the provisions of this section.

"(2) When in the case of any trust written consent under subsection (m) of section 9 has been filed, an amount equal to the portion of such trust the return of which is temporarily postponed under such subsection shall be credited against the investment made under paragraph (1) of this subsection. If the total amount so credited is in excess of the amount invested under paragraph (1) of this subsection, the excess shall be invested by the Alien Property Custodian in accordance with the provisions of this subsection, without regard to the $40,000,000 limitation in paragraph (1). If the amount invested under paragraph (1) of this subsection is in excess of the total amount so credited, such excess shall, from time to time on request of the Alien Property Custodian, be paid to him out of the unallocated interest fund, as defined in section 28. If the amount of such unallocated interest fund, remaining after the investment required by paragraph (1) of subsection (b) of this section has been made, is insufficient to pay the allocated earnings in accordance with subsection (b) of section 26, then theamount necessary to make up the deficiency shall be paid out of the funds in the German special deposit account created by section 4 of the Settlement of War Claims Act of 1928, and such payment shall have priority over any payments therefrom other than the payments under paragraph (1) of subsection (c) of such section (relating to expenses of administration).

"(b) The Alien Property Custodian is authorized and directed to invest, in one or more participating certificates issued by the Secretary of the Treasury, out of the unallocated interest fund, as defined in section 28—

"(1) The sum of $25,000,000. If, after the allocation under section 26 has been made, the amount of the unallocated interest fund allocated to the trusts described in subsection (c) of such section is found to be in excess of $25,000,000, such excess shall be invested by the Alien Property Custodian in accordance with the provisions of this subsection. If the amount so allocated is found to be less than $25,000,000 any participating certificate or certificates that have been issued shall be corrected accordingly; and

"(2) The balance of such unallocated interest fund remaining after the investment provided for in paragraph (1) and the payment of allocated earnings in accordance with the provisions of subsection (b) of section 26 have been made.

"(c) If the amount of such unallocated interest fund, remaining after the investment required by paragraph (1) of subsection (b) of this section has been made, is insufficient to pay the allocated earnings in accordance with subsection (b) of section 26, then the amount necessary to make up the deficiency shall be paid out of the funds in the German special deposit account created by section 4 of the Settlement of War Claims Act of 1928, and such payment shall have priority over any payments therefrom other than the payments under paragraph (1) of subsection (c) of such section (relating to expenses of administration) and the payments under paragraph (2) of subsection (a) of this section.

"(d) The Alien Property Custodian is authorized and directed (after the payment of debts under section 9) to transfer to the Secretary of the Treasury, for deposit in such special deposit account, all money and the proceeds of all property, including all..."
income, dividends, interest, annuities, and earnings accumulated in respect thereof, owned by the German Government or any member of the former ruling family. All money and other property shall be held to be owned by the German Government (1) if no claim thereto has been filed with the Alien Property Custodian prior to the expiration of one year from the date of the enactment of the Settlement of War Claims Act of 1928, or (2) if any claim has been filed before the expiration of such period (whether before or after the enactment of such Act), then if the ownership thereof under any such claim is not established by a decision of the Alien Property Custodian or by suit in court instituted, under section 9, within one year after the decision of the Alien Property Custodian, or after the date of the enactment of the Settlement of War Claims Act of 1928, whichever date is later. The amounts so transferred under this subsection shall be credited upon the final payment due the United States from the German Government on account of the awards of the Mixed Claims Commission.

"(e) The Secretary of the Treasury is authorized and directed to issue to the Alien Property Custodian, upon such terms and conditions and under such regulations as the Secretary of the Treasury may prescribe, one or more participating certificates, bearing interest payable annually (as nearly as may be) at the rate of 5 per centum per annum, as evidence of the investment by the Alien Property Custodian under subsection (a), and one or more non-interest-bearing participating certificates, as evidence of the investment by the Alien Property Custodian under subsection (b). All such certificates shall evidence a participating interest, in accordance with, and subject to the priorities of, the provisions of section 4 of the Settlement of War Claims Act of 1928, in the funds in the German special deposit account created by such section, except that—

"(1) The United States shall assume no liability, directly or indirectly, for the payment of any such certificates, or of the interest thereon, except out of funds in such special deposit account available therefor, and all such certificates shall so state on their face; and

"(2) Such certificates shall not be transferable, except that the Alien Property Custodian may transfer any such participating certificate evidencing the interest of a substantial number of the owners of the money invested, to a trustee duly appointed by such owners.

"(f) Any amount of principal or interest paid to the Alien Property Custodian in accordance with the provisions of subsection (c) of section 4 of the Settlement of War Claims Act of 1928 shall be allocated pro rata among the persons filing written consents under subsection (m) of section 9 of this Act, and the amounts so allocated shall be paid to such persons. If any person to whom any amount is payable under this subsection has died (or if, in the case of a partnership, association, or other unincorporated body of individuals, or a corporation, its existence has terminated), payment shall be made to the persons determined by the Alien Property Custodian to be entitled thereto.

"(g) The Alien Property Custodian is authorized and directed (after the payment of debts under section 9) to transfer to the Secretary of the Treasury, for deposit in the special deposit account (Austrian or Hungarian, as the case may be), created by section 7 of the Settlement of War Claims Act of 1928, all money and the proceeds of all property, including all income, dividends, interest, annuities, and earnings accumulated in respect thereof, owned by the Austrian Government or any corporation all the stock of which was owned by or on behalf of the Austrian Government (including the property of the Imperial Royal Tobacco Monopoly, also known
under the name of K. K. Oesterreichische Tabak Regie), or owned by the Hungarian Government or by any corporation all the stock of which was owned by or on behalf of the Hungarian Government."

which has been licensed, or in respect of which any contract has been entered into, or which is subject to any lien or encumbrance, shall be returned subject to the license, contract, lien, or encumbrance.

"(k) Except as provided in section 27, paragraphs (12) to (22), both inclusive, of subsection (b) of this section shall apply to the proceeds received from the sale, license, or other disposition of any patent, trade-mark, print, label, copyright, or right therein or claim thereto, conveyed, transferred, assigned, or delivered to the Alien Property Custodian, or seized by him.

"(l) This section shall apply to royalties paid to the Alien Property Custodian, in accordance with a judgment or decree in a suit brought under subsection (f) of section 10; but shall not apply to any other money paid to the Alien Property Custodian under section 10."

Sec. 14. Section 9 of the Trading with the Enemy Act, as amended, is amended by adding at the end thereof the following new subsections:

"(m) No money or other property shall be returned under paragraph (12), (13), (14), or (16) of subsection (b) or under subsection (g) or (n) or (to the extent therein provided) under subsection (p), unless the person entitled thereto files a written consent to a postponement of the return of an amount equal to 20 per centum of the aggregate value of such money or other property (at the time, as nearly as may be, of the return), as determined by the Alien Property Custodian, and the investment of such amount in accordance with the provisions of section 25. Such amount shall be deducted from the money to be returned to such person, so far as possible, and the balance shall be deducted from the proceeds of the sale of so much of the property as may be necessary, unless such person pays the balance to the Alien Property Custodian, except that no property shall be so sold prior to the expiration of six years from the date of the enactment of the Settlement of War Claims Act of 1928 without the consent of the person entitled thereto. The amounts so deducted shall be returned to the persons entitled thereto as provided in subsection (f) of section 25. The sale of any such property shall be made in accordance with the provisions of section 12, except that the provisions of such section relating to sales or resales to, or for the benefit of, citizens of the United States shall not be applicable. If such aggregate value of the money or other property to be returned under paragraph (12), (13), (14), or (16) of subsection (b) or under subsection (g) is less than $2,000, then the written consent shall not be required and the money or other property shall be returned in full without the temporary retention and investment of 20 per centum thereof.

"(n) In the case of property consisting of stock or other interest in any corporation, association, company, or trust, or of bonded or other indebtedness thereof, evidenced by certificates of stock or by bonds or by other certificates of interest therein or indebtedness thereof, or consisting of dividends or interest or other accruals thereon, where the right, title, and interest in the property (but not the actual certificate or bond or other certificate of interest or indebtedness) was conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian, or seized by him, if the President determines that the owner thereof or of any interest therein has acquired such ownership by assignment, transfer, or sale of such certificate or bond or other certificate of interest or indebtedness, (it being the intent of this subsection that such assignment, transfer, or sale shall not be deemed invalid hereunder by reason of such conveyance, transfer, assignment, delivery, or payment to the Alien Property
Custodian or seizure by him) and that the written consent provided for in subsection (m) has been filed, then the President may make in respect of such property an order of the same character, upon the same conditions, and with the same effect, as in cases provided for in subsection (b), including the benefits of subsection (c).

"(o) The provisions of paragraph (12), (13), (14), (17), (18), (19), (20), (21), or (22) of subsection (b), or of subsection (m) or (n) of this section, and (except to the extent therein provided) the provisions of paragraph (16) of subsection (b), shall not be construed as diminishing or extinguishing any right under any other provision of this Act in force immediately prior to the enactment of the Settlement of War Claims Act of 1928.

"(p) The Alien Property Custodian shall transfer the money or other property in the trust of any partnership, association, or other unincorporated body of individuals, or corporation, the existence of which has terminated, to trusts in the names of the persons (including the German Government and members of the former ruling family) who have succeeded to its claim or interest; and the provisions of subsection (a) of this section relating to the collection of a debt (by order of the President or of a court) out of money or other property held by the Alien Property Custodian or the Treasurer of the United States shall be applicable to the debts of such successor and any such debt may be collected out of the money or other property in any of such trusts if not returnable under subsection (a) of this section. Subject to the above provisions as to the collection of debts, each such successor (except the German Government and members of the former ruling family) may proceed for the return of the amount so transferred to his trust, in the same manner as such partnership, association, or other unincorporated body of individuals, or corporation might proceed if still in existence. If such partnership, association, or other unincorporated body of individuals, or corporation, would have been entitled to the return of its money or other property only upon filing the written consent provided for in subsection (m), then the successor shall be entitled to the return under this subsection only upon filing such written consent.

"(q) The return of money or other property under paragraph (15), (17), (18), (19), (20), (21), or (22) of subsection (b) (relating to the return to Austrian and Hungarian nationals) shall be subject to the limitations imposed by subsections (d) and (e) of section 7 of the Settlement of War Claims Act of 1928."

Sec. 15. The Trading with the Enemy Act, as amended, is amended by adding thereto the following new sections:

"(a) The Alien Property Custodian shall allocate among the various trusts the funds in the 'unallocated interest fund' (as defined in section 28). Such allocation shall be based upon the average rate of earnings (determined by the Secretary of the Treasury) on the total amounts deposited under section 12.

"(b) The Alien Property Custodian, when the allocation has been made, is authorized and directed to pay to each person entitled, in accordance with a final decision of a court of the United States or of the District of Columbia, or of an opinion of the Attorney General, to the distribution of any portion of such unallocated interest fund, the amount allocated to his trust, except as provided in subsection (c) of this section.

"(c) In the case of persons entitled, under paragraph (12), (13), (14), or (16) of subsection (b) of section 9, to such return, and in the case of persons who would be entitled to such return thereunder if all such money or property had not been returned under paragraph (9) or (10) of such subsection, and in the case of persons entitled to such
return under subsection (n) of section 9, an amount equal to the aggregate amount allocated to their trusts shall be credited against the sum of $25,000,000 invested in participating certificates under paragraph (1) of subsection (b) of section 25. If the aggregate amount so allocated is in excess of $25,000,000, an amount equal to the excess shall be invested in the same manner. Upon the repayment of any of the amounts so invested, under the provisions of section 4 of the Settlement of War Claims Act of 1928, the amount so repaid shall be distributed pro rata among such persons, notwithstanding any receipts or releases given by them.

“(d) The unallocated interest fund shall be available for carrying out the provisions of this section, including the expenses of making the allocation.

“Sec. 27. The Alien Property Custodian is authorized and directed to return to the United States any consideration paid to him by the United States under any license, assignment, or sale by the Alien Property Custodian to the United States of any patent (or any right therein or claim thereto, and including an application therefor and any patent issued pursuant to any such application).

“Sec. 28. As used in this Act, the term ‘unallocated interest fund’ means the sum of (1) the earnings and profits accumulated prior to March 4, 1923, and attributable to investments and reinvestments under section 12 by the Secretary of the Treasury, plus (2) the earnings and profits accumulated on or after March 4, 1923, in respect of the earnings and profits referred to in clause (1) of this section.

“Sec. 29. (a) Where the Alien Property Custodian has made demand or requirement for the conveyance, transfer, assignment, delivery, or payment to him of any money or other property of any enemy or ally of enemy (whether or not suit or proceeding for the enforcement thereof has been begun and whether or not any judgment or decree in respect thereof has been made or entered) and where the whole or any part of such money or other property would, if conveyed, transferred, assigned, delivered, or paid to him, be returnable under any provision of this Act, the Alien Property Custodian may, in his discretion, and on such terms and conditions as he may prescribe, waive such demand or requirement, or accept in full satisfaction of such demand, requirement, judgment, or decree, a less amount than that demanded or required by him.

“(b) The Alien Property Custodian shall not make any such waiver or compromise except with the approval of the Attorney General; nor (if any part of such money or property would be returnable only upon the filing of the written consent required by subsection (m) of section 9) unless, after compliance with the terms and conditions of such waiver or compromise, the Alien Property Custodian or the Treasurer of the United States will hold (in respect of such enemy or ally of enemy) for investment as provided in section 25, an amount equal to 20 per cent of the sum of (1) the value of the money or other property held by the Alien Property Custodian or the Treasurer of the United States at the time of such waiver or compromise, plus (2) the value of the money or other property to which the Alien Property Custodian would be entitled under such demand or requirement if the waiver or compromise had not been made.

“(c) Where the Alien Property Custodian has made demand or requirement for the conveyance, transfer, assignment, delivery, or payment to him of any money or other property of any enemy or ally of enemy (whether or not suit or proceeding for the enforcement thereof has been begun and whether or not any judgment or

decree in respect thereof has been made or entered) and where the interest or right of such enemy or ally of enemy in such money or property has not, prior to the enactment of the Settlement of War Claims Act of 1928, vested in enjoyment, the Alien Property Custodian may, in his discretion, and on such terms and conditions as he may prescribe, waive such demand and requirement, without compliance with the requirements of subsection (b) of this section, but only with the approval of the Attorney General.

"(d) Nothing in this section shall be construed as requiring the Alien Property Custodian to make any waiver or compromise authorized by this section, and the Alien Property Custodian may proceed in respect of any demand or requirement referred to in subsection (a) or (c) as if this section had not been enacted.

"(e) All money or other property received by the Alien Property Custodian as a result of any action or proceeding (whether begun before or after the enactment of the Settlement of War Claims Act of 1928, and whether or not for the enforcement of a demand or requirement as above specified) shall for the purposes of this Act be considered as forming a part of the trust in respect of which such action or proceeding was brought, and shall be subject to return in the same manner and upon the same conditions as any other money or property in such trust, except as otherwise provided in subsection (b) of this section.

"Sec. 30. Any money or other property returnable under subsection (b) or (n) of section 9 shall, at any time prior to such return, be subject to attachment in accordance with the provisions of the code of law for the District of Columbia, as amended, relating to attachments in suits at law and to attachments for the enforcement of judgments at law and decrees in equity, but any writ of attachment or garnishment issuing in any such suit, or for the enforcement of any judgment or decree, shall be served only upon the Alien Property Custodian, who shall for the purposes of this section be considered as holding credits in favor of the person entitled to such return to the extent of the value of the money or other property so returnable. Nothing in this section shall be construed as authorizing the taking of actual possession, by any officer of any court, of any money or other property held by the Alien Property Custodian or by the Treasurer of the United States.

"Sec. 31. As used in this Act, the term 'member of the former ruling family' means (1) any person who was at any time between April 6, 1917, and July 2, 1921, the German Emperor or the ruler of any constituent kingdom of the German Empire, or (2) the wife or any child of such person."

TAXES

SEC. 18. Section 24 of the Trading with the Enemy Act, as amended, is amended by inserting "(a)" after the section number and by adding at the end of such section new subsections to read as follows: "(b) In the case of income, war-profits, excess-profits, or estate taxes imposed by any Act of Congress, the amount thereof shall, under regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury, be computed in the same manner (except as hereinafter in this section provided) as though the money or other property had not been seized by or paid to the Alien Property Custodian, and shall be paid, as far as practicable, in accordance with subsection (a) of this section. Pending final determination of the tax liability the Alien Property Custodian is authorized to return, in accordance with the provisions of this Act, money or other property in any trust in such amounts as may be determined, under regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury, to be consistent with the prompt payment of the full amount of the internal-revenue taxes."

"(c) So much of the net income of a taxpayer for the taxable year 1917, or any succeeding taxable year, as represents the gain derived from the sale or exchange by the Alien Property Custodian of any property conveyed, transferred, assigned, delivered, or paid to him, or seized by him, may at the option of the taxpayer be segregated from the net income and separately taxed at the rate of 30 per centum. This subsection shall be applied and the amount of net income to be so segregated shall be determined, under regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury, as nearly as may be in the same manner as provided in section 208 of the Revenue Act of 1926 (relating to capital net gains), but without regard to the period for which the property was held by the Alien Property Custodian before its sale or exchange, and whether or not the taxpayer is an individual."

"(d) Any property sold or exchanged by the Alien Property Custodian (whether before or after the date of the enactment of the Settlement of War Claims Act of 1928) shall be considered as having been compulsorily or involuntarily converted, within the meaning of the income, excess-profits, and war-profits tax laws and regulations; and the provisions of such laws and regulations relating to such a conversion shall (under regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury) apply in the case of the proceeds of such sale or exchange. For the purpose of determining whether the proceeds of such conversion have been expended within such time as will entitle the taxpayer to the benefits of such laws and regulations relating to such a conversion, the date of the return of the proceeds to the person entitled thereto shall be considered as the date of the conversion."

"(e) In case of any internal-revenue tax imposed in respect of property conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian, or seized by him, and imposed in respect of any period (in the taxable year 1917 or any succeeding taxable year) during which such property was held by him or by the Treasurer of the United States, no interest or civil penalty shall be assessed
upon, collected from, or paid by or on behalf of, the taxpayer; nor shall any interest be credited or paid to the taxpayer in respect of any credit or refund allowed or made in respect of such tax.

"(f) The benefits of subsections (c), (d), and (e) shall be extended to the taxpayer if claim therefor is filed before the expiration of the period of limitations properly applicable thereto, or before the expiration of six months after the date of the enactment of the Settlement of War Claims Act of 1928, whichever date is the later. The benefits of subsection (d) shall also be extended to the taxpayer if claim therefor is filed before the expiration of six months after the return of the proceeds."

Sec. 19. Subsection (f) of section 10 of the Trading with the Enemy Act, as amended, is amended by adding at the end thereof the following new paragraph:

"In the case of any such patent, trade-mark, print, label, or copyright, conveyed, assigned, transferred, or delivered to the Alien Property Custodian or seized by him, any suit brought under this subsection, within the time limited therein, shall be considered as having been brought by the owner within the meaning of this subsection, in so far as such suit relates to royalties for the period prior to the sale by the Alien Property Custodian of such patent, trade-mark, print, label, or copyright, if brought either by the Alien Property Custodian or by the person who was the owner thereof immediately prior to the date such patent, trade-mark, print, label, or copyright was seized or otherwise acquired by the Alien Property Custodian."

Sec. 20. The proviso of paragraph (10) of subsection (b) of section 9 of the Trading with the Enemy Act, as amended (relating to the return to certain insurance companies), is repealed.

SHIP CLAIMS OF FORMER GERMAN NATIONALS

Sec. 21. (a) It shall be the duty of the Arbiter to hear the claims of any partnership, association, joint-stock company, or corporation, and to determine the amount of compensation to be paid to it by the United States, in respect of the merchant vessels "Carl Diederichsen" and "Johanne" (including any equipment, appurtenances, and property contained therein), title to which was taken by or on behalf of the United States under the authority of the Joint Resolution of May 12, 1917, and which were subsequently sold by or on behalf of the United States. Such compensation shall be determined as provided in paragraph (1) of subsection (b) of section 5 of this Act, but the aggregate compensation shall not exceed, in the case of the "Carl Diederichsen," $166,787.78 and in the case of the "Johanne," $174,600 (such amounts being the price for which the vessels were sold, less the cost of reconditioning). The Arbiter shall not make any award under this section in respect of the claim of any partnership, association, joint-stock company, or corporation unless it appears to his satisfaction that all its members and stockholders who were, on April 6, 1917, citizens or subjects of Germany, became, by virtue of any treaty of peace or plebiscite held or further treaty concluded under such treaty of peace, citizens or subjects of any nation other than Germany, and that all its members and stockholders on the date of the enactment of this Act were on such date citizens or subjects of nations other than Germany.

(b) Upon the determination by him of such compensation the Arbiter shall enter an award in favor of such person of the amount of such compensation and shall certify such award to the Secretary of the Treasury. The amount of such award, together with interest thereon, at the rate of 5 per centum per annum, from July 2, 1921,
until the date of such payment, shall be paid by the Secretary of the Treasury, in accordance with such regulations as he may prescribe. There is authorized to be appropriated such amount as may be necessary to make such payment.

(c) No payment shall be made in respect of any award under this section unless application therefor is made, within two years after the date such award is certified, in accordance with such regulations as the Secretary of the Treasury may prescribe, and payment shall be made only to the person on behalf of whom the award was made except in the cases specified in paragraphs (1) to (4) of subsection (k) of section 3. The provisions of subsections (c), (l), (m), (o), and (r) of section 3 shall be applicable in carrying out the provisions of this section.

(d) The provisions of this section shall constitute the exclusive method for the presentation and payment of claims arising out of any of the acts by or on behalf of the United States for which this section provides a remedy. Any person who files any claim or makes application for any payment under this section shall be held to have consented to all the provisions of this Act. This subsection shall not bar the presentation of a claim under section 3 (relating to the ship claims of German nationals) in respect of the taking of the vessel "Carl Diederichsen" or the vessel "Johanne"; but no award shall be made under section 3 in respect of either of such vessels to or on behalf of any person to whom or on whose behalf an award is made under this section in respect of such vessel.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to facilitate interstate commerce, improve the postal service, and provide for military and other purposes, the Interstate Bridge Company, its successors and assigns, be and is hereby authorized to construct, maintain, and operate a bridge and approaches thereto across the Mississippi River, at a point suitable to the interests of navigation, at or near Lansing, Allamakee County, Iowa, and a point opposite in the State of Wisconsin, in accordance with the provisions of the Act entitled “An Act to regulate the construction of bridges over navigable waters,” approved March 23, 1906, and subject to the conditions and limitations contained in this Act.

Sec. 2. There is hereby conferred upon the Interstate Bridge Company, its successors and assigns, all such rights and powers to enter upon lands and to acquire, condemn, occupy, possess, and use real estate and other property needed for the location, construction, operation, and maintenance of such bridge and its approaches as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor, to be ascertained and paid according to the laws of either of such States, and the proceedings therefor shall be the same as in the condemnation or expropriation of property for public purposes in such State.

The findings of the Secretary of War as to the reasonable costs of the construction, financing, and promotion of the bridge shall be conclusive for the purposes mentioned in section 4 of this Act, subject only to review in a court of equity for fraud or gross mistake.

CHAP. 200.—Joint Resolution Granting consent of Congress to an agreement or compact entered into between the State of Wisconsin and the State of Michigan for the construction, maintenance, and operation of a highway bridge across the Menominee River.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the consent of Congress of the United States be, and it is hereby, given to the States of Wisconsin and Michigan to enter into the agreement or compact executed by the State Highway Commissioner of the State of Wisconsin and the Highway Commission of the State of Michigan pursuant to authority of chapter 87 of the Wisconsin statutes, and the authority of Act 354 of the Public Acts of 1925, and Special Act 98
of the Public Acts of 1927 of the State of Michigan: Provided, That nothing therein contained shall be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the region which forms the subject of said agreement; which agreement is in words and figures as follows:

**AGREEMENT**

**MENOMINEE-MARINETTE BRIDGE AT BRIDGE STREET RELOCATION WISCONSIN HIGHWAY COMMISSION WITH MICHIGAN STATE HIGHWAY COMMISSIONER**

This agreement, executed this 14th day of January, 1927, by and between Frank F. Rogers, State Highway Commissioner of the State of Michigan with offices at Lansing, Michigan, party of the first part; and the Wisconsin Highway Commission, with offices at Madison, Wisconsin, party of the second part:

Witnesseth that:

Whereas the existing interstate bridge, crossing the Menominee River at Bridge Street and joining the Municipalities of Marinette, Wisconsin, and Menominee, Michigan, is in an unsafe condition and requires early reconstruction; and

Whereas a proper plan for reconstruction involves a relocation and includes a grade separation and expensive approach fills and properly extends as a project from the center of Dunlap Square in the city of Marinette to the center line of Ogden Avenue in the city of Menominee; and

Whereas the State boundary line, as determined by the United States Supreme Court in a late decision, lies entirely north of the proposed actual structure spanning the Menominee River, and thereby complicates the respective responsibilities of the two parties hereto both as regards construction and maintenance obligations.

Now, therefore, It is hereby agreed:

1. That this project shall, subject to changes to be hereafter mutually agreed upon as signified by joint approval of all subsequent plans and estimates, be built in accord with the preliminary plans prepared by the first party and marked "Exhibit A" and approved by the second party and hereto attached and considered as an integral part of this agreement, and that the detailed plans and specifications for the project shall be prepared by the first party subject to the approval of the second party.

2. That each party shall either directly or through the respective cities, townships, and counties within which the work is situated, furnish and bear the full cost of all right of way and abutting and property damages arising from or necessary to the execution of the plans as they may be finally, mutually, and jointly approved by the said parties, as applying to property situated on the side of the existing interstate boundary line subject to the jurisdiction of the respective parties hereto or the respective cities, townships, and counties within the respective States.

3. That aside from the stipulations stated in item 2 above, the entire cost of fully executing the project shall be borne equally by the respective parties hereto and that to this end any contribution or assessment, to be hereafter paid by the Chicago and North Western Railway Company and/or by the Chicago, Milwaukee and Saint Paul Railway Company and/or by any other public utility company affected by the project, shall be credited equally to the shares of the parties hereto and, further,
that any contribution or assessment, which may be arranged by either party to be paid by a county, township, or municipality within the respective States, shall be guaranteed by the respective parties hereto and that all payments and transactions in the handling of the construction of this project shall be directly between the parties hereto, each of whom agrees to act as its own collecting agent in dealing with the other contributing parties in their respective States.

4. All contracts shall be let jointly by the first and second parties hereto, who shall jointly constitute the first party to all such contracts and no contracts shall be let until after formal approval of awards by each party. The work of construction shall be administered under the joint supervision of the first and second parties as first party of all of the aforesaid contracts to be let under the terms of this agreement, but the second party hereto agrees that its inspection and supervision shall be administered through the representatives of the first party and not through direct dealings with the contractors, and that any matters of dispute in regard to the administration of the contracts shall be adjusted jointly by the bridge engineers of the respective parties hereto. Each party may retain such engineering assistance in supervising the work as it may deem necessary and the cost of such engineering, including office work and administration as may become necessary, shall be considered a legitimate charge to the project. Estimates to the contractor shall be paid direct by each party hereto, each in the amount of 50 per centum of the total estimated amounts due under the provisions of the specifications of the first party and as approved by the second party, all estimates being prepared by the first party at two week intervals or thereabouts, approved by the first party and submitted to the second party for approval, the second party making payment direct to the contractor on approval of estimates and the first party likewise making payment to the contractor on receipt of copies of the estimates after being approved by the second party. Authorizations for extra work will be handled in the same manner as the original contracts. The engineering costs on this project will be considered as including expenditures made by each party prior to the date of the execution of this agreement as well as all such costs subsequent thereto.

5. The work to be covered by this agreement is further indicated in an approximate preliminary estimate of cost known as Exhibit B, based on Exhibit A, attached herewith and considered as an integral part of this agreement. This estimate is for preliminary budget purposes, it being agreed that the shares of the respective parties shall be based upon the actual cost of the work.

6. For the purpose of future maintenance it is hereby agreed that the first and second parties shall, upon completion of this project, each maintain that portion of the project (or bear the expense of doing so) which lies north and south respectively of the center of the third span measured from the north end of the river structure.

7. That the first and second parties shall, through their respective United States Senators and Congressmen from the districts within which the project is situated, take the necessary steps to secure the approval of the United States Congress at the 1928 session, authorizing the construction of said project,
and also the necessary approval of the United States War Department.

In witness whereof the parties hereto have on the day first above written caused this agreement to be executed by their proper authorities.

The Maysville Bridge Company, its successors and assigns, is authorized to construct, maintain, and operate such bridge and the necessary approaches thereto as a railroad bridge for the passage of railway trains or street cars, or both, or as a highway bridge for the passage of pedestrians, animals, and vehicles, adapted to travel on public highways, or as a combined railroad and highway bridge for all such purposes; and there is hereby conferred upon the Maysville Bridge Company, its successors and assigns, all such rights and powers to enter upon lands and to acquire, condemn, occupy, possess, and use real estate and other property needed for the location, construction, operation, and maintenance of such bridge and its approaches as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor, to be ascertained and paid according to the laws of such State, and the proceedings therefor shall be the same as in the condemnation or expropriation of property for public purposes in such State.

SEC. 3. After the completion of such bridge, as determined by the Secretary of War, if the same is constructed as a highway bridge only, either the State of Kentucky, the State of Ohio, any public agency or political subdivision of either of such States, within or adjoining which any part of such bridge is located, or any two or more of them jointly, may at any time acquire and take over all right, title, and interest in such bridge and its approaches, and any interest in real property necessary therefor, by purchase or by condemnation or expropriation, in accordance with the laws of either of such States governing the acquisition of private property for public purposes by condemnation or expropriation. If at any time after the expiration of twenty years after the completion of such bridge the same is acquired by condemnation or expropriation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits, but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value, (2) the actual cost of acquiring such interests in real property, (3) actual financing and promotion costs, not to exceed 10 per centum of the sum of the cost of constructing the bridge and its approaches and acquiring such interest in real property, and (4) actual expenditures for necessary improvements.

SEC. 4. If such bridge shall at any time be taken over or acquired by the States or public agencies or political subdivisions thereof, or by either of them, as provided in section 3 of this Act, and if tolls are thereafter charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the reason-
able cost of maintaining, repairing, and operating the bridge and its approaches under economical management, and to provide a sinking fund sufficient to amortize the amount paid therefor, including reasonable interest and financing cost, as soon as possible under reasonable charges, but within a period of not to exceed twenty years from the date of acquiring the same. After a sinking fund sufficient for such amortization shall have been so provided, such bridge shall thereafter be maintained and operated free of tolls, or the rates of toll shall thereafter be so adjusted as to provide a fund of not to exceed the amount necessary for the proper maintenance, repair, and operation of the bridge and its approaches under economical management. An accurate record of the amount paid for acquiring the bridge and its approaches, the actual expenditures for maintaining, repairing, and operating the same, and of the daily tolls collected shall be kept and shall be available for the information of all persons interested.

SEC. 5. If such bridge is constructed as a combined railroad bridge for the passage of railway trains or street cars, and a highway bridge for the passage of pedestrians, animals, and vehicles, then the right of purchase and condemnation conferred by this act shall apply to a right of way thereover for the passage without cost of persons, animals, and vehicles adapted to travel on public highways; and if the right of purchase or condemnation shall be exercised as to such right of way over the bridge, then the measure of damages or compensation to be allowed or paid for such right of way shall be a sum equal to the difference between the actual fair cash value of such bridge determined in accordance with the provisions of section 3 of this Act, and what its actual fair cash value so determined would have been if such bridge had been constructed as a railroad bridge only. If the right of purchase or condemnation conferred by this Act shall be exercised as to the right of way over such bridge, then that part of the bridge which shall be purchased or condemned and shall be thereafter actually used for the passage of pedestrians, animals, or vehicles, shall be maintained, operated, and kept in repair by the purchaser thereof.

SEC. 6. The Maysville Bridge Company, its successors and assigns, shall within ninety days after the completion of such bridge file with the Secretary of War, and the highway departments of the States of Kentucky and Ohio, a sworn itemized statement showing the actual original cost of constructing the bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefor, and the actual financing and promotion costs. The Secretary of War may, and upon request of the highway department of either of such States shall, at any time within three years after the completion of such bridge, investigate such costs and determine the accuracy and the reasonableness of the costs alleged in the statement of costs so filed, and shall make a finding of the actual and reasonable costs of constructing, financing, and promoting such bridge; for the purpose of such investigation the said Maysville Bridge Company, its successors and assigns, shall make available all of its records in connection with the construction, financing, and promotion thereof, and the actual financing and promotion costs. The findings of the Secretary of War shall be conclusive for the purposes mentioned in section 3 of this Act, subject only to review in a court of equity for fraud or gross mistake.

SEC. 7. The right to sell, assign, transfer, and mortgage all the rights, powers, and privileges conferred by this Act is hereby granted to the Maysville Bridge Company, its successors and assigns, and
any corporation to which or any person to whom such rights, powers, and privileges may be sold, assigned, or transferred, or who shall acquire the same by mortgage foreclosure or otherwise, is hereby authorized and empowered to exercise the same as fully as though conferred herein directly upon such corporation or person.

L. Hendrix, G. C. Trammel, and C. S. Miller, their heirs, legal representatives and assigns, be and hereby are authorized to construct, maintain, and operate a bridge and approaches thereto across the Ohio River at a point suitable to the interests of navigation between the city of Mound City, Illinois, and a point opposite in the State of Kentucky, in accordance with the provisions of the Act entitled, "An Act to regulate the construction of bridges over navigable waters," approved March 23, 1906, and subject to the conditions and limitations contained in this Act.

Miller, their heirs, legal representatives and assigns, all such rights and powers to enter upon lands and to acquire, condemn, occupy, possess, and use real estate and other property needed for the location, construction, operation, and maintenance of such bridge and its approaches as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor, to be ascertained and paid according to the laws of such State, and the proceedings therefor, shall be the same as in the condemnation or expropriation of property for public purposes in such State.

Sec. 3. The said B. L. Hendrix, G. C. Trammel, and C. S. Miller, their heirs, legal representatives, and assigns, are hereby authorized to fix and charge tolls for transit over such bridge, and the rates of toll so fixed shall be the legal rates until changed by the Secretary of War under the authority contained in the Act of March 23, 1906.

After said outstanding obligations of the company have been retired, said 80 per centum of the net earnings shall be held by the company and half thereof shall be turned over to the State of Michigan, or its designated municipality or agency, and half to the Dominion of Canada, or its designated municipality or agency, at the same time as the bridge is turned over. The rates of toll, if any, shall thereafter be so adjusted as to provide a fund of not to exceed the amount necessary for the proper maintenance, repair, and operation of the bridge and its approaches under economical management. If said bridge shall not have become the property of the State of Michigan and the Dominion of Canada, or such agencies as may be authorized by them, in accordance with the provisions of this section, within twenty years after the date that it is completed and formally opened to traffic, the said State of Michigan and the Dominion of Canada, or such agencies as may be authorized by them, shall have the additional right at any time thereafter to acquire said bridge by purchase and retirement, at par plus accrued interest or dividends, of the legally authorized obligations then outstanding against same.

Sec. 7. The said company, its successors and assigns, shall keep an accurate record of the cost of the bridge and its approaches, the expenditures for operating, repairing, and maintaining the bridge,
the daily traffic, and the tolls collected, and shall annually submit to the State highway department of Michigan and to the department of public highways of the Province of Ontario a sworn itemized statement showing the traffic, the tolls collected, the maintenance, repair, and operation costs, the net earnings, interest, and dividend payments, and the stock, bonds, notes, mortgages, debentures, or other obligations retired during the preceding fiscal year. The State highway department of Michigan and the department of public highways of Ontario shall have access at any time to all records, files, and books of the said company, its successors and assigns. The mayor of the city of Port Huron, State of Michigan, and the mayor of the city of Sarnia, Province of Ontario, Dominion of Canada, ex officio, shall be entitled to receive notice of and attend meetings of the board of directors of any company or corporation now existing or hereafter organized and having the control and operation of said bridge.

Sec. 8. The said company, its successors and assigns, shall within ninety days after the completion of such bridge file with the Secretary of War and with the highway department of the State of Michigan a sworn itemized statement showing the actual original cost of constructing the bridge and its approaches; the actual cost of acquiring any interest in real or other property; interest during construction; and the actual financing costs, not to exceed 10 per centum of the total of said items. The Secretary of War may, and upon request of the highway department of the State of Michigan shall, at any time within three years after the completion of such bridge, investigate such costs and determine the accuracy of the costs alleged in the statement of costs so filed, and shall make a finding of the actual costs of constructing and financing such bridge; for the purpose of such investigation the said company, its successors and assigns, shall make available all of its records in connection with the construction and financing thereof. The findings of the Secretary of War as to the costs of the construction and financing of the bridge shall be conclusive for all purposes mentioned in this Act, subject only to review in a court of equity for fraud or gross mistake. A report of the maintenance, repair, and operation costs of said bridge shall be submitted by the said company, its successors and assigns, at the end of each six-month period to the State highway department of Michigan and to the department of public highways of the Province of Ontario, Dominion of Canada. If any class of expenditures therein is disapproved by said highway departments, or either of them, such class of expenditures shall not thereafter, without approval, be an obligation payable out of the proceeds of tolls collected for the use of such bridge. Reconstruction or betterment costs in excess of $10,000 in any fiscal year must be submitted to and be approved as necessary and reasonable by the State highway department of Michigan and the department of public highways of the Province of Ontario prior to incurring the expenditures therefor, and all betterment and reconstruction costs, duly approved if such approval is required, and actually made may be added to the cost of the bridge, as determined by the Secretary of War in accordance with the provisions of this section, and in order to meet the cost thereof additional obligations or encumbrances not in excess of the amount approved for such reconstruction and betterments actually made plus necessary financing costs, not exceeding 10 per centum, may be issued against said bridge.

Sec. 9. The right to sell, assign, transfer, and mortgage all the rights, powers, and privileges conferred by this Act is hereby granted to the said company, its successors and assigns, and any corporation to which or any person to whom such rights, powers, and privileges
may be sold, assigned, or transferred, or who shall acquire the same by mortgage foreclosure or otherwise, is hereby authorized and empowered to exercise the same, subject to the terms and conditions of this Act, as fully as though conferred herein directly upon such corporation or person.

CHAP. 547.—An Act Authorizing the Gulf Coast Properties, Inc., its successors and assigns, to construct, maintain, and operate a bridge across Lake Champlain at or near Rouses Point, New York.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to facilitate interstate commerce, improve the postal service, and pro-
vide for military and other purposes, the Gulf Coast Properties, Inc., its successors and assigns, be, and is hereby, authorized to construct, maintain, and operate a bridge and approaches thereto across Lake Champlain, at a point suitable to the interests of navigation, between a point at or near Rouses Point, New York, and a point at or near Windmill Point, Vermont, or near Alburg, Vermont, in accordance with the provisions of the Act entitled "An Act to regulate the construction of bridges over navigable waters," approved March 23, 1906, and subject to the conditions and limitations contained in this Act: Provided, That such bridge shall not be so located as to interfere with the landings and the cable used for the operation of the existing ferry between Rouses Point and Alburg.

Sec. 2. There is hereby conferred upon Gulf Coast Properties, Inc., its successors and assigns, all such rights and powers to enter upon lands and to acquire, condemn, occupy, possess, and use real estate and other property needed for the location, construction, operation, and maintenance of such bridge and its approaches as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor, to be ascertained and paid according to the laws of such State, and the proceedings therefor shall be the same as in the condemnation or expropriation of property for public purposes in such State.

Sec. 3. The said Gulf Coast Properties, Inc., its successors and assigns, is hereby authorized to fix and charge tolls for transit over such bridge, and the rates of toll so fixed shall be the legal rates until changed by the Secretary of War under the authority contained in the Act of March 23, 1906.

Sec. 4. After the completion of such bridge, as determined by the Secretary of War, either the State of New York, the State of Vermont, any public agency or political subdivision of either of such States within or adjoining which any part of such bridge is located, or any two or more of them jointly, may at any time acquire and take over all right, title, and interest in such bridge and its approaches and any interest in real property necessary therefor, by purchase or by condemnation or expropriation, in accordance with the laws of either of such States governing the acquisition of private property for public purposes by condemnation or expropriation. If at any time after the expiration of twenty years after the completion of such bridge the same is acquired by condemnation or expropriation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits, but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value; (2) the actual cost of acquiring such interests in real property; (3) actual financing and promotion costs, not to exceed 10 per centum of the sum of the cost of constructing the bridge and its approaches and acquiring such interests in real property; and (4) actual expenditures for necessary improvements.

Sec. 5. If such bridge shall at any time be taken over or acquired by the States or public agencies or political subdivisions thereof, or by either of them, as provided in section 4 of this Act, and if tolls are thereafter charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the reasonable cost of maintaining, repairing, and operating the bridge and its approaches under economical management, and to provide a sinking fund sufficient to amortize the amount paid therefor, including reasonable interest and financing cost, as soon as possible under rea-
Maintenance of reasonable charges, but within a period of not to exceed twenty years from the date of acquiring the same. After a sinking fund sufficient for such amortization shall have been so provided, such bridge shall thereafter be maintained and operated free of tolls, or the rates of toll shall thereafter be so adjusted as to provide a fund of not to exceed the amount necessary for the proper maintenance, repair, and operation of the bridge and its approaches under economical management. An accurate record of the amount paid for acquiring the bridge and its approaches, the actual expenditures for maintaining, repairing, and operating the same, and of the daily tolls collected, shall be kept and shall be available for the information of all persons interested.

Sec. 6. The Gulf Coast Properties, Inc., its successors and assigns, shall within ninety days after the completion of such bridge file with the Secretary of War and with the highway departments of the States of New York and Vermont a sworn itemized statement showing the actual original cost of constructing the bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefore, and the actual financing and promotion costs. The Secretary of War may, and upon request of the highway department of either of such States shall, at any time within three years after the completion of such bridge, investigate such costs and determine the accuracy and the reasonableness of the costs alleged in the statement of costs so filed, and shall make a finding of the actual and reasonable costs of constructing, financing, and promoting such bridge; for the purpose of such investigation the said Gulf Coast Properties, Inc., its successors and assigns, shall make available all of its records in connection with the construction, financing, and promotion thereof. The findings of the Secretary of War as to the reasonable costs of the construction, financing, and promotion of the bridge shall be conclusive for the purposes mentioned in section 4 of this Act, subject only to review in a court of equity for fraud or gross mistake.

Sec. 7. The right to sell, assign, transfer, and mortgage all the rights, powers, and privileges conferred by this Act is hereby granted to Gulf Coast Properties, Inc., its successors and assigns, and any corporation to which or any person to whom such rights, powers, and privileges may be sold, assigned, or transferred, or who shall acquire the same by mortgage foreclosure or otherwise, is hereby authorized and empowered to exercise the same as fully as though conferred herein directly upon such corporation or person.

Sec. 2. After the completion of such bridge, as determined by the

may at any time acquire and take over all right, title, and interest
in such bridge and its approaches, and any interest in real property
necessary therefor, by purchase or by condemnation or expropria-
tion, in accordance with the laws of such State governing the
acquisition of private property for public purposes by condemnation
or expropriation. If at any time after the expiration of twenty
years after the completion of such bridge the same is acquired by
condemnation or expropriation, the amount of damages or com-

sum of the cost of constructing the bridge and its approaches and
acquiring such interests in real property; and (4) actual expenditures
for necessary improvements.

Sec. 3. If such bridge shall at any time be taken over or acquired
by the State of Vermont, or by any municipality or other political
subdivision or public agency thereof, under the provisions of section
2 of this Act, and if tolls are thereafter charged for the use thereof,
the rates of toll shall be so adjusted as to provide a fund sufficient
to pay for the reasonable cost of maintaining, repairing, and operating
the bridge and its approaches under economical management and to
provide a sinking fund sufficient to amortize the amount paid there-
for, including reasonable interest and financing cost, as soon as
possible under reasonable charges, but within a period of not to
exceed twenty years from the date of acquiring the same. After a
sinking fund sufficient for such amortization shall have been so
provided, such bridge shall thereafter be maintained and operated
free of tolls, or the rates of toll shall thereafter be so adjusted as to
provide a fund of not to exceed the amount necessary for the proper
maintenance, repair, and operation of the bridge and its approaches
under economical management. An accurate record of the amount
paid for acquiring the bridge and its approaches, the actual expendi-
tures for maintaining, repairing, and operating the same, and of the
daily tolls collected shall be kept and shall be available for the
information of all persons interested.

Sec. 4. The Gulf Coast Properties, Inc., its successors and assigns,
shall, within ninety days after the completion of such bridge, file
with the Secretary of War and with the highway department of the
State of Vermont, a sworn itemized statement showing the actual
original cost of constructing the bridge and its approaches, the
actual cost of acquiring any interest in real property necessary
therefor, and the actual financing and promotion costs. The Secre-
