(e) Definitions.—When used in this subdivision and in subdivision (d)—

(1) The term “article” includes any commodity, whether grown, produced, fabricated, manipulated, or manufactured;

(2) The term “import cost” means the price at which an article is freely offered for sale in the ordinary course of trade in the usual wholesale quantities for exportation to the United States plus, when not included in such price, all necessary expenses, exclusive of customs duties, of bringing such imported article to the United States.

(f) The Tariff Commission is hereby directed, within eight months from the passage of this Act, to ascertain the approximate average cost per barrel to the oil refineries located on the Atlantic seaboard of crude petroleum delivered to them from the oil fields of the United States during the three years preceding 1930, and the present approximate average cost per barrel of crude petroleum from Lake Maracaibo, Venezuela, delivered to the same points. (a) CHANGE OF CLASSIFICATION OR DUTIES.—In order to put into force and effect the policy of Congress by this Act intended, the commission (1) upon request of the President, or (2) upon resolution of either or both Houses of Congress, or (3) upon its own motion, or (4) when in the judgment of the commission there is good and sufficient reason therefor, upon application of any interested party, shall investigate the differences in the costs of production of any domestic article and of any like or similar foreign article. In the course of the investigation the commission shall hold hearings and give reasonable public notice thereof, and shall afford reasonable opportunity for parties interested to be present, to produce evidence, and to be heard at such hearings. The commission is authorized to adopt such reasonable procedure and rules and regulations as it deems necessary to execute its functions under this section. The commission shall report to the President the results of the investigation and its findings with respect to such differences in costs of production. If the commission finds it shown by the investigation that the duties expressly fixed by statute do not equalize the differences in the costs of production of the domestic article and the like or similar foreign article when produced in the principal competing country, the commission shall specify in its report such increases or decreases in rates of duty expressly fixed by statute (including any necessary change in classification) as it finds shown by the investigation to be necessary to equalize such differences. In no case shall the total increase or decrease of such rates of duty exceed 50 per centum of the rates expressly fixed by statute.

(b) CHANGE TO AMERICAN SELLING PRICE.—If the commission finds upon any such investigation that such differences can not be equalized by proceeding as hereinbefore provided, it shall so state in its report to the President and shall specify therein such ad valorem rates of duty based upon the American selling price (as defined in section 402 (g)) of the domestic article, as it finds shown by the investigation to be necessary to equalize such differences. In no case shall the total decrease of such rates of duty exceed 50 per centum of the rates expressly fixed by statute, and no such rate shall be increased.

(c) PROCLAMATION BY THE PRESIDENT.—The President shall by proclamation approve the rates of duty and changes in classification and in basis of value specified in any report of the commission under this section, if in his judgment such rates of duty and changes are shown by such investigation of the commission to be necessary to equalize such differences in costs of production.
(d) **Effective Date of Rates and Changes.**—Commencing thirty days after the date of any presidential proclamation of approval the increased or decreased rates of duty and changes in classification or in basis of value specified in the report of the commission shall take effect.

(e) **Ascertainment of Differences in Costs of Production.**—In ascertaining under this section the differences in costs of production, the commission shall take into consideration, in so far as it finds it practicable:

1. **In the Case of a Domestic Article.**—(A) The cost of production as hereinafter in this section defined; (B) transportation costs and other costs incident to delivery to the principal market or markets of the United States for the article; and (C) other relevant factors that constitute an advantage or disadvantage in competition.

2. **In the Case of a Foreign Article.**—(A) The cost of production as hereinafter in this section defined, or, if the commission finds that such cost is not readily ascertainable, the commission may accept as evidence thereof, or as supplemental thereto, the weighted average of the invoice prices or values for a representative period and/or the average wholesale selling price for a representative period (which price shall be that at which the article is freely offered for sale to all purchasers in the principal market or markets of the principal competing country or countries in the ordinary course of trade and in the usual wholesale quantities in such market or markets); (B) transportation costs and other costs incident to delivery to the principal market or markets of the United States for the article; (C) other relevant factors that constitute an advantage or disadvantage in competition, including advantages granted to the foreign producers by a government, person, partnership, corporation, or association in a foreign country.

(f) **Modification of Changes in Duty.**—Any increased or decreased rate of duty or change in classification or in basis of value which has taken effect as above provided may be modified or terminated in the same manner and subject to the same conditions and limitations (including time of taking effect) as is provided in this section in the case of original increases, decreases, or changes.

(g) **Prohibition Against Transfers from the Dutiable List to the Free List or from the Free List to the Dutiable List.**—Nothing in this section shall be construed to authorize a transfer of an article from the dutiable list to the free list or from the free list to the dutiable list, nor a change in form of duty. Whenever it is provided in any paragraph of Title I of this Act, or in any amendatory Act, that the duty or duties shall not exceed a specified ad valorem rate upon the articles provided for in such paragraph, no rate determined under the provisions of this section upon such articles shall exceed the maximum ad valorem rate so specified.

(h) **Definitions.**—For the purpose of this section—

1. The term "domestic article" means an article wholly or in part the growth or product of the United States; and the term "foreign article" means an article wholly or in part the growth or product of a foreign country.

2. The term "United States" includes the several States and Territories and the District of Columbia.

(i) Rules and Regulations of President.—The President is authorized to make all needful rules and regulations for carrying out his functions under the provisions of this section.

(j) Rules and Regulations of Secretary of Treasury.—The Secretary of the Treasury is authorized to make such rules and regulations as he may deem necessary for the entry and declaration of foreign articles of the class or kind of articles with respect to which a change in basis of value has been made under the provisions of subdivision (b) of this section, and for the form of invoice required at time of entry.

(k) Investigations Prior to Enactment of Act.—All uncompleted investigations instituted prior to the approval of this Act under the provisions of section 315 of the Tariff Act of 1922, including investigations in which the President has not proclaimed changes in classification or in basis of value or increases or decreases in rates of duty, shall be dismissed without prejudice; but the information and evidence secured by the commission in any such investigation may be given due consideration in any investigation instituted under the provisions of this section.

Section 337. Unfair Practices in Import Trade.

(a) Unfair Methods of Competition Declared Unlawful.—Unfair methods of competition and unfair acts in the importation of articles into the United States, or in their sale by the owner, importer, consignee, or agent of either, the effect or tendency of which is to destroy or substantially injure an industry, efficiently and economically operated, in the United States, or to prevent the establishment of such an industry, or to restrain or monopolize trade and commerce in the United States, are hereby declared unlawful, and when found by the President to exist shall be dealt with, in addition to any other provisions of law, as hereinafter provided.

The testimony in every such investigation shall be reduced to writing, and a transcript thereof with the findings and recommendation of the commission shall be the official record of the proceedings and findings.
in the case, and in any case where the findings in such investigation show a violation of this section, a copy of the findings shall be promptly mailed or delivered to the importer or consignee of such articles. Such findings, if supported by evidence, shall be conclusive, except that a rehearing may be granted by the commission and except that, within such time after said findings are made and in such manner as appeals may be taken from decisions of the United States Customs Court, an appeal may be taken from said findings upon a question or questions of law only to the United States Court of Customs and Patent Appeals by the importer or consignee of such articles. If it shall be shown to the satisfaction of said court that further evidence should be taken, and that there were reasonable grounds for the failure to adduce such evidence in the proceedings before the commission, said court may order such additional evidence to be taken before the commission in such manner and upon such terms and conditions as to the court may seem proper. The commission may modify its findings as to the facts or make new findings by reason of additional evidence, which, if supported by evidence, shall be conclusive as to the facts except that within such time and in such manner an appeal may be taken as aforesaid upon a question or questions of law only. The judgment of said court shall be final.

Transmittal to the President.

The final findings of the commission shall be transmitted with the record to the President.

Articles excluded entry, if unfair method used.

Whenever the existence of any such unfair method or act shall be established to the satisfaction of the President he shall direct that the articles concerned in such unfair methods or acts, imported by any person violating the provisions of this Act, shall be excluded from entry into the United States, and upon information of such action by the President, the Secretary of the Treasury shall, through the proper officers, refuse such entry. The decision of the President shall be conclusive.

Action if import believed to be in violation thereof.

Whenever the President has reason to believe that any article is offered or sought to be offered for entry into the United States in violation of this section but has not information sufficient to satisfy him thereof, the Secretary of the Treasury shall, upon his request in writing, forbid entry thereof until such investigation as the President may deem necessary shall be completed; except that such articles shall be entitled to entry under bond prescribed by the Secretary of the Treasury.

Continuance of exclusion.

Any refusal of entry under this section shall continue in effect until the President shall find and instruct the Secretary of the Treasury that the conditions which led to such refusal of entry no longer exist.

(a) Additional Duties.—The President when he finds that the public interest will be served thereby shall by proclamation specify and declare new or additional duties as hereinafter provided upon articles wholly or in part the growth or product of, or imported in a vessel of, any foreign country whenever he shall find as a fact that such country—
(1) Imposes, directly or indirectly, upon the disposition in or transportation in transit through or reexportation from such country of any article wholly or in part the growth or product of the United States any unreasonable charge, exaction, regulation, or limitation which is not equally enforced upon the like articles of every foreign country; or

(2) Discriminates in fact against the commerce of the United States, directly or indirectly, by law or administrative regulation or practice, by or in respect to any customs, tonnage, or port duty, fee, charge, exaction, classification, regulation, condition, restriction, or prohibition, in such manner as to place the commerce of the United States at a disadvantage compared with the commerce of any foreign country.

(b) EXCLUSION FROM IMPORTATION.—If at any time the President shall find it to be a fact that any foreign country has not only discriminated against the commerce of the United States, as aforesaid, but has, after the issuance of a proclamation as authorized in subdivision (a) of this section, maintained or increased its said discriminations against the commerce of the United States, the President is hereby authorized, if he deems it consistent with the interests of the United States, to issue a further proclamation directing that such products of said country or such articles imported in its vessels as he shall deem consistent with the public interests shall be excluded from importation into the United States.

(c) APPLICATION OF PROCLAMATION.—Any proclamation issued by the President under the authority of this section shall, if he deems it consistent with the interests of the United States, extend to the whole of any foreign country or may be confined to any subdivision or subdivisions thereof; and the President shall, whenever he deems the public interests require, suspend, revoke, supplement, or amend any such proclamation.

(d) DUTIES TO OFFSET COMMERCIAL DISADVANTAGES.—Whenever the President shall find as a fact that any foreign country places any burden or disadvantage upon the commerce of the United States by any of the unequal impositions or discriminations aforesaid, he shall, when he finds that the public interest will be served thereby, by proclamation specify and declare such new or additional rate or rates of duty as he shall determine will offset such burden or disadvantage, not to exceed 50 per centum ad valorem or its equivalent, on any products of, or on articles imported in a vessel of, such foreign country; and thirty days after the date of such proclamation there shall be levied, collected, and paid upon the articles enumerated in such proclamation when imported into the United States from such foreign country such new or additional rate or rates of duty; or, in case of articles declared subject to exclusion from importation into the United States under the provisions of subdivision (b) of this section, such articles shall be excluded from importation.

(e) DUTIES TO OFFSET BENEFITS TO THIRD COUNTRY.—Whenever the President shall find as a fact that any foreign country imposes any unequal imposition or discrimination as aforesaid upon the commerce of the United States, or that any benefits accrue or are likely to accrue to any industry in any foreign country by reason of any such imposition or discrimination imposed by any foreign country other than the foreign country in which such industry is located, and whenever the President shall determine that any new or additional rate or rates of duty or any prohibition hereinbefore provided for do not effectively remove such imposition or discrimination and that any benefits from any such imposition or discrimination accrue or are likely to accrue to any industry in any foreign country, he shall, when he finds that the public interest will be served thereby,

by proclamation specify and declare such new or additional rate or rates of duty upon the articles wholly or in part the growth or product of any such industry as he shall determine will offset such benefits, not to exceed 50 per centum ad valorem or its equivalent, upon importation from any foreign country into the United States of such articles; and on and after thirty days after the date of any such proclamation such new or additional rate or rates of duty so specified and declared in such proclamation shall be levied, collected, and paid upon such articles.

Seizure, forfeiture, etc., of illegal imports.

(f) FORFEITURE OF ARTICLES.—All articles imported contrary to the provisions of this section shall be forfeited to the United States and shall be liable to be seized, prosecuted, and condemned in like manner and under the same regulations, restrictions, and provisions as may from time to time be established for the recovery, collection, distribution, and remission of forfeitures to the United States by the several revenue laws. Whenever the provisions of this Act shall be applicable to importations into the United States of articles wholly or in part the growth or product of any foreign country, they shall be applicable thereto whether such articles are imported directly or indirectly.

(g) ASCERTAINMENT BY COMMISSION OF DISCRIMINATIONS.—It shall be the duty of the commission to ascertain and at all times to be informed whether any of the discriminations against the commerce of the United States enumerated in subdivisions (a), (b), and (e) of this section are practiced by any country; and if and when such discriminatory acts are disclosed, it shall be the duty of the commission to bring the matter to the attention of the President, together with recommendations.

(h) RULES AND REGULATIONS OF SECRETARY OF TREASURY.—The Secretary of the Treasury with the approval of the President shall make such rules and regulations as are necessary for the execution of such proclamations as the President may issue in accordance with the provisions of this section.

Term “foreign country” construed.

No investigation or other proceeding pending before the commission at such time (other than proceedings under section 315 of the Tariff Act of 1922) shall abate by reason of such repeal and reenactment, but shall continue under the provisions of this Act.

Domestic value.

Conversion of rates.

(a) CONVERSION OF RATES BY COMMISSION.—The commission shall ascertain, with respect to each of the ad valorem rates of duty, and each of the rates of duty regulated by the value of the article, specified in this Act, an ad valorem rate (or a rate regulated by the
value of the article, as the case may be) which if applied upon the basis of domestic value would have resulted as nearly as possible in the imposition, during the period from July 1, 1927, to June 30, 1929, both dates inclusive, of amounts of duty neither greater nor less than would have been collectible at the rate specified in this Act applied upon the basis of value defined in section 402 of the Tariff Act of 1922.

(b) Report to Congress by Commission.—The commission shall, as soon as practicable, but in no event later than July 1, 1932, submit a report to the Congress setting forth the classes of articles respect to which the conversion of rates has been made, together with the converted rates applicable thereto.

After the entry, preliminary or otherwise, of any vessel or report of the arrival of any vehicle, the collector may issue a permit to the master of the vessel, or to the person in charge of the vehicle, to unlade merchandise or baggage, but except as provided in subdivision (b) of this section merchandise or baggage so unladen shall be retained at the place of unlading until entry therefor is made and a permit for its delivery granted, and the owners of the vessel or vehicle from which any imported merchandise is unladden prior to entry of such merchandise shall be liable for the payment of the duties accruing on any part thereof that may be removed from the place of unlading without a permit therefor having been issued. In lieu of such bond the owner, or agent, of any vessel or vehicle or line of vessels or vehicles may execute a bond in a penal sum to be fixed by the Secretary of the Treasury to cover and include the issuance of special licenses for the unlading of vessels or vehicles belonging to such line for a period of one year from the date thereof. At the request of the master, owner, or agent of any vessel, the collector shall assign customs officers and employees to duty at night or on Sunday or a holiday in connection with the entering or clearing of such vessel, or the issuing and recording of its marine documents, bills of sale, mortgages, or other instruments of title, but only if the master, owner, or agent gives a bond in a penal sum to be fixed by the collector, conditioned to pay the compensation and expenses of such customs officers and employees, who shall be entitled to rates of compensation fixed on the same basis and payable in the same manner and upon the same terms and conditions as in the case of customs officers and employees assigned to duty in connection with lading or unlading at night or on Sunday or a holiday.

(5) The purchase price of each item in the currency of the purchase, if the merchandise is shipped in pursuance of a purchase or an agreement to purchase;

(6) If the merchandise is shipped otherwise than in pursuance of a purchase or an agreement to purchase, the value for each item, in the currency in which the transactions are usually made, or, in the absence of such value, the price in such currency that the manufacturer, seller, shipper, or owner would have received, or was willing to receive, for such merchandise if sold in the ordinary course of trade and in the usual wholesale quantities in the country of exportation;

(7) The kind of currency, whether gold, silver, or paper;

(8) All charges upon the merchandise, itemized by name and amount when known to the seller or shipper; or all charges by name (including commissions, insurance, freight, cases, containers, coverings, and cost of packing) included in the invoice prices when the amounts for such charges are unknown to the seller or shipper;

(9) All rebates, drawbacks, and bounties, separately itemized, allowed upon the exportation of the merchandise; and

(10) Any other facts deemed necessary to a proper appraisement, examination, and classification of the merchandise that the Secretary of the Treasury may require.

(b) SHIPMENTS NOT PURCHASED AND NOT SHIPPED BY MANUFACTURER.—If the merchandise is shipped to a person in the United States by a person other than the manufacturer, otherwise than by purchase, such person shall state on the invoice the time when, the place where, the person from whom such merchandise was purchased, and the price paid therefor in the currency of the purchase, stating whether gold, silver, or paper.

(c) PURCHASES IN DIFFERENT CONSULAR DISTRICTS.—When the merchandise has been purchased in different consular districts for shipment to the United States and is assembled for shipment and embraced in a single invoice which is produced for certification under the provisions of paragraph (2) of subdivision (a) of section 482 of this Act, the invoice shall have attached thereto the original bills or invoices received by the shipper, or extracts therefrom, showing the actual prices paid or to be paid for such merchandise. The consular officer to whom the invoice is so produced for certification may require that any such original bill or invoice be certified by the consular officer for the district in which the merchandise was purchased.

(d) EXCEPTIONS BY REGULATIONS.—The Secretary of the Treasury may by regulations provide for such exceptions from the requirements of this section as he deems advisable.

SEC. 482. CERTIFIED INVOICE.

(a) CERTIFICATION IN GENERAL.—Every invoice covering merchandise exceeding $100 in value shall, at or before the time of the shipment of the merchandise, or as soon thereafter as the conditions will permit, be produced for certification to the consular officer of the United States—

(1) For the consular district in which the merchandise was manufactured, or purchased, or from which it was to be delivered pursuant to contract;

(2) For the consular district in which the merchandise is assembled and repacked for shipment to the United States, if it has been purchased in different consular districts.
(b) Declaration.—Such invoices shall have indorsed thereon, when so produced, a verified declaration, in a form prescribed by the Secretary of the Treasury, stating whether the merchandise is sold or agreed to be sold, or whether it is shipped otherwise than in pursuance of a purchase or an agreement to purchase, that there is no other invoice differing from the invoice so produced, and that all the statements contained in such invoice and in such declaration are true and correct.

(c) Making and Signing.—Every certified invoice shall be made out in triplicate, or, for merchandise intended for immediate transportation under the provisions of section 552 of this Act, in quadruplicate, if desired by the shipper, and shall be signed by the seller or shipper, or the agent of either; but a person who has no interest in the merchandise except as broker or forwarder shall not be competent to sign any such invoice. Where any such invoice is signed by an agent, he shall state thereon the name of his principal.

(d) Certified Under Existing Law.—Such invoices shall be certified in accordance with the provisions of existing law.

(e) Disposition.—The original of the invoice and, if made, the quadruplicate shall be delivered to the exporter, to be forwarded to the consignee for use in making entry of the merchandise, and the triplicate shall be promptly transmitted by the consular officer to the collector of customs at the port of entry named in the invoice. The duplicate shall be filed in the office of the consular officer by whom the invoice was certified, to be there kept until the Secretary of State authorizes its destruction.

(f) Certification by Others Than American Consul.—When merchandise is to be shipped from a place so remote from an American consulate as to render impracticable certification of the invoice by an American consular officer, such invoice may be certified by a consular officer of a nation at the time in amity with the United States, or if there be no such consular officer available such invoice shall be executed before a notary public or other officer having authority to administer oaths and having an official seal: Provided, That invoices for merchandise shipped to the United States from the Philippine Islands, the Virgin Islands, American Samoa, the island of Guam, or the Canal Zone may be certified by the collector of customs or the person acting as such, or by his deputy.

(g) Effective Date.—This section shall take effect sixty days after the date of enactment of this Act.

The underwriters of abandoned merchandise and the salvors of merchandise saved from a wreck at sea or on or along a coast of the United States may be regarded as the consignees.

(2) A person making entry of merchandise under the provisions of subdivision (b) or (i) of section 484 (relating to entry on carrier's certificate and on duplicate bill of lading, respectively) shall be deemed the sole consignee thereof.

87594—31—43
SEC. 484. ENTRY OF MERCHANDISE.

(a) REQUIREMENT AND TIME.—Except as provided in sections 490, 498, 552, and 553 and in subdivision (j) of section 336 of this Act, and in subdivisions (h) and (i) of this section, the consignee of imported merchandise shall make entry therefor either in person or by an agent authorized by him in writing under such regulations as the Secretary of the Treasury may prescribe. Such entry shall be made at the customhouse within forty-eight hours, exclusive of Sundays and holidays, after the entry of the importing vessel or report of the vehicle, or after the arrival at the port of destination in the case of merchandise transported in bond, unless the collector authorizes in writing a longer time.

(b) PRODUCTION OF CERTIFIED INVOICE.—No merchandise shall be admitted to entry under the provisions of this section without the production of a certified invoice therefor, except that entry may be permitted if—

1. The collector is satisfied that the failure to produce such invoice is due to causes beyond the control of the person making entry;

2. Such person makes a verified declaration in writing that he is unable to produce such invoice and (A) files therewith a seller’s or shipper’s invoice, or (B) if he is not in possession of a seller’s or shipper’s invoice files therewith a statement of the value, or the price paid, in the form of an invoice; and

3. Such person gives a bond for the production of such certified invoice within six months.

The Secretary of the Treasury may by regulations provide for such exceptions from the requirements of this subdivision as he deems advisable.

(c) PRODUCTION OF BILL OF LADING.—The consignee shall produce the bill of lading at the time of making entry, except that—

1. If the collector is satisfied that no bill of lading has been issued, the shipping receipt or other evidence satisfactory to the collector may be accepted in lieu thereof;

2. The collector is authorized to permit entry and to release merchandise from customs custody without the production of the bill of lading if the person making such entry gives a bond satisfactory to the collector, in a sum equal to not less than one and one-half times the invoice value of the merchandise, to indemnify the collector against loss, to defend every action brought upon a claim for loss or damage, by reason of such release from customs custody or a failure to produce such bill of lading and to entitle any person injured by reason of such release from customs custody to sue on such bond in his own name, without making the collector a party thereto. Any person so injured by such release may sue on such bond to recover any damages so sustained by him; and

3. The provisions of this subdivision shall not apply in the case of an entry under subdivision (h) or (i) of this section (relating to entry on carrier’s certificate and on duplicate bill of lading, respectively).

(d) SIGNING AND CONTENTS.—Such entry shall be signed by the consignee, or his agent, and shall set forth such facts in regard to the importation as the Secretary of the Treasury may require for the purpose of assessing duties and to secure a proper examination, inspection, appraisement, and liquidation, and shall be accompanied by such invoices, bills of lading, certificates, and documents as are required by law and regulations promulgated thereunder.
(e) **Statistical Enumeration.**—The Secretary of the Treasury, the Secretary of Commerce, and the Chairman of the United States Tariff Commission are authorized and directed to establish from time to time for statistical purposes an enumeration of articles in such detail as in their judgment may be necessary, comprehending all merchandise imported into the United States, and as a part of the entry there shall be attached thereto or included therein an accurate statement specifying, in terms of such detailed enumeration, the kinds and quantities of all merchandise imported and the value of the total quantity of each kind of article.

(f) **Packages Included.**—If any of the certificates or documents necessary to make entry of any part of merchandise arriving on one vessel or vehicle and consigned to one consignee have not arrived, such part may be entered subsequently, and notation of the packages or cases to be omitted from the original entry shall be made thereon. One or more packages arriving on one vessel or vehicle addressed for delivery to one person and imported in another package containing packages addressed for delivery to other persons may be separately entered, under such rules and regulations as the Secretary of the Treasury may prescribe. All other merchandise arriving on one vessel or vehicle and consigned to one consignee shall be included in one entry.

(g) **Statement of Cost of Production.**—Under such regulations as the Secretary of the Treasury may prescribe, the collector or the appraiser may require a verified statement from the manufacturer or producer showing the cost of production of the imported merchandise, when necessary to the appraisement of such merchandise.

(h) **Entry on Carrier’s Certificate.**—Any person certified by the carrier bringing the merchandise to the port at which entry is to be made to be the owner or consignee of the merchandise, or an agent of such owner or consignee, may make entry thereof, either in person or by an authorized agent, in the manner and subject to the requirements prescribed in this section (or in regulations promulgated hereunder) in the case of a consignee within the meaning of paragraph (1) of section 483.

(i) **Entry on Duplicate Bill of Lading.**—Any person may, upon the production of a duplicate bill of lading signed or certified to be genuine by the carrier bringing the merchandise to the port at which entry is to be made, make entry for the merchandise in respect of which such bill of lading is issued, in the manner and subject to the requirements prescribed in this section (or in regulations promulgated hereunder) in the case of a consignee within the meaning of paragraph (1) of section 483, except that such person shall make such entry in his own name.

(j) **Release of Merchandise.**—Merchandise shall be released from customs custody only to or upon the order of the carrier by whom the merchandise is brought to the port at which entry is made, except that merchandise in a bonded warehouse shall be released from customs custody only to or upon the order of the proprietor of the warehouse. The collector shall return to the person making entry the bill of lading (if any is produced) with a notation thereon to the effect that entry for such merchandise has been made. The collector shall not be liable to any person in respect of the delivery of merchandise released from customs custody in accordance with the provisions of this section. SEC. 485. DECLARATION.
(a) Requirement—Form and Contents.—Every consignee making an entry under the provisions of section 484 of this Act shall make and file therewith, in a form to be prescribed by the Secretary of the Treasury, a declaration under oath, stating—

(1) Whether the merchandise is imported in pursuance of a purchase or an agreement to purchase, or whether it is imported otherwise than in pursuance of a purchase or agreement to purchase;

(2) That the prices set forth in the invoice are true, in the case of merchandise purchased or agreed to be purchased; or in the case of merchandise secured otherwise than by purchase or agreement to purchase, that the statements in such invoice as to value or price are true to the best of his knowledge and belief;

(3) That all other statements in the invoice or other documents filed with the entry, or in the entry itself, are true and correct; and

(4) That he will produce at once to the collector any invoice, paper, letter, document, or information received showing that such prices or statements are not true or correct.

(b) Books and Periodicals.—The Secretary of the Treasury is authorized to prescribe regulations for one declaration in the case of books, magazines, newspapers, and periodicals published and imported in successive parts, numbers, or volumes, and entitled to free entry.

(c) Agents.—In the event that an entry is made by an agent under the provisions of section 484 of this Act and such agent is not in possession of such declaration of the consignee, such agent shall give a bond to produce such declaration.

(d) A consignee shall not be liable for any additional or increased duties if (1) he declares at the time of entry that he is not the actual owner of the merchandise, (2) he furnishes the name and address of such owner, and (3) within ninety days from the date of entry he produces a declaration of such owner conditioned that he will pay all additional and increased duties, under such regulations as the Secretary of the Treasury may prescribe. Such owner shall possess all the rights of a consignee.

(e) Separate Forms for Purchase and Nonpurchase Importations.—The Secretary of the Treasury shall prescribe separate forms for the declaration in the case of merchandise which is imported in pursuance of a purchase or agreement to purchase and merchandise which is imported otherwise than in pursuance of a purchase or agreement to purchase.

(f) Deceased or Insolvent Persons—Partnerships and Corporations.—Whenever such merchandise is consigned to a deceased person, or to an insolvent person who has assigned the same for the benefit of his creditors, the executor or administrator, or the assignee of such person or receiver or trustee in bankruptcy, shall be considered as the consignee; when consigned to a partnership the declaration of one of the partners only shall be required, and when consigned to a corporation such declaration may be made by any officer of such corporation, or by any other person specifically authorized by any officer of such corporation to make the same.
SEC. 486. ADMINISTRATION OF OATHS.

(a) Customs Officers.—The following officers and employees may administer any oaths required or authorized by law or regulations promulgated thereunder in respect of any matter coming before such officers or employees in the performance of their official duties: (1) Any customs officer appointed by the President; (2) the chief assistant of any such officer, or any officer or employee of the customs field service designated for the purpose by such officer or by the Secretary of the Treasury; and (3) any officer or employee of the Bureau of Customs designated for the purpose by the Secretary of the Treasury.

(b) Postmasters.—The postmaster or assistant postmaster of the United States at any post office where customs officers are not stationed, is hereby authorized to administer any oaths required to be made to statements in customs documents by importers of merchandise, not exceeding $100 in value, through the mails.

(c) No Compensation.—No compensation or fee shall be demanded or accepted for administering any oath under the provisions of this section.

SEC. 487. VALUE IN ENTRY—AMENDMENT.

The consignee or his agent may, under such regulations as the Secretary of the Treasury may prescribe, at the time entry is made, or at any time before the invoice or the merchandise has come under the observation of the appraiser for the purpose of appraisement, make in the entry such additions to or deductions from the cost or value given in the invoice as, in his opinion, may raise or lower the same to the value of such merchandise.

SEC. 488. APPRAISEMENT OF MERCHANDISE.

The collector within whose district any merchandise is entered shall cause such merchandise to be appraised.

SEC. 489. ADDITIONAL DUTIES.

If the final appraised value of any article of imported merchandise which is subject to an ad valorem rate of duty or to a duty based upon or regulated in any manner by the value thereof shall exceed the entered value, there shall be levied, collected, and paid, in addition to the duties imposed by law on such merchandise, an additional duty of 1 per centum of the total final appraised value thereof for each 1 per centum that such final appraised value exceeds the value declared in the entry. Such additional duty shall apply only to the particular article or articles in each invoice that are so advanced in value upon final appraisement and shall not be imposed upon any article upon which the amount of duty imposed by law on account of the final appraised value does not exceed the amount of duty that would be imposed if the final appraised value did not exceed the entered value, and shall be limited to 75 per centum of the final appraised value of such article or articles. Such additional duties shall not be construed to be penal and shall not be remitted nor payment thereof in any way avoided, except in the case of a clerical error, upon the order of the Secretary of the Treasury, or in any case upon the finding of the United States Customs Court, upon a petition filed at any time after final appraisement and before the expiration of sixty days after liquidation and supported by satisfactory evidence under such rules as the court may prescribe, that the entry of the merchandise at a less value than that returned upon final appraisement was without any inten-
Presumption of fraud. If the appraised value of any merchandise exceeds the value declared in the entry by more than 100 per centum, such entry shall be presumptively fraudulent, and the collector shall seize the whole case or package containing such merchandise and proceed as in case of forfeiture for violation of the customs laws; and in any legal proceeding other than a criminal prosecution that may result from such seizure, the undervaluation as shown by the appraisal shall be presumptive evidence of fraud, and the burden of proof shall be on the claimant to rebut the same, and forfeiture shall be adjudged unless he rebuts such presumption of fraud by sufficient evidence.

Remission or refund. Upon the making of such order or finding, the additional duties shall be remitted or refunded, wholly or in part, and the entry shall be liquidated or reliquidated accordingly. Such additional duties shall not be refunded in case of exportation of the merchandise, nor shall they be subject to the benefit of drawback. All additional duties, penalties, or forfeitures applicable to merchandise entered in connection with a certified invoice shall be alike applicable to merchandise entered in connection with a seller's or shipper's invoice or statement in the form of an invoice.

Additional duty. Furniture described in paragraph 1811 shall enter the United States at ports which shall be designated by the Secretary of the Treasury for this purpose. If any article described in paragraph 1811 and imported for sale is rejected as unauthentic in respect to the antiquity claimed as a basis for free entry, there shall be imposed, collected, and paid on such article, unless exported under customs supervision, a duty of 25 per centum of the value of such article in addition to any other duty imposed by law upon such article.

SEC. 490. GENERAL ORDERS.

(a) INCOMPLETE ENTRY.—Whenever entry of any imported merchandise is not made within the time provided by law or the regulations prescribed by the Secretary of the Treasury, or whenever entry of such merchandise is incomplete because of failure to pay the estimated duties, or whenever, in the opinion of the collector, entry of such merchandise can not be made for want of proper documents or other cause, or whenever the collector believes that any merchandise is not correctly and legally invoiced, he shall take the merchandise into his custody and send it to a bonded warehouse or public store, to be held at the risk and expense of the consignee until entry is made or completed and the proper documents are produced, or a bond given for their production.

(b) AT REQUEST OF CONSIGNEE.—At the request of the consignee of any merchandise, or of the owner or master of the vessel or the person in charge of the vehicle in which the same is imported, any merchandise may be taken possession of by the collector after the expiration of one day after the entry of the vessel or report of the vehicle and may be unladen and held at the risk and expense of the consignee until entry thereof is made.

SEC. 491. UNCLAIMED MERCHANDISE.

Any merchandise of which possession has been taken by the collector which shall remain in bonded warehouse or public store for one year from the date of importation without entry thereof having been made and the duties and charges thereon paid, and any merchandise, destined to a foreign country, entered for transportation in bond through the United States, which shall remain in the United States
during a period of one year from the date of its arrival at the port of exit (but in no case less than one year after the effective date of this Act) without having been entered for consumption or warehouse, shall be considered unclaimed and abandoned to the Government and shall be appraised by the appraiser of merchandise and sold by the collector at public auction under such regulations as the Secretary of the Treasury shall prescribe. All gunpowder and other explosive substances and merchandise liable to depreciation in value by damage, leakage, or other cause to such extent that the proceeds of sale thereof may be insufficient to pay the duties, storage, and other charges, if permitted to remain in public store or bonded warehouse for a period of one year, may be sold forthwith, under such regulations as the Secretary of the Treasury may prescribe.

SEC. 492. DESTRUCTION OF ABANDONED OR FORFEITED MERCHANDISE.

Except as provided in section 3369 of the Revised Statutes, as amended (relating to tobacco and snuff), and in section 901 of the Revenue Act of 1926 (relating to distilled spirits), any merchandise abandoned or forfeited to the Government under the preceding or any other provision of the customs laws, which is subject to internal revenue tax and which the collector shall be satisfied will not sell for a sufficient amount to pay such taxes, shall be forthwith destroyed under regulations as the Secretary of the Treasury may prescribe.

SEC. 493. PROCEEDS OF SALE.

The surplus of the proceeds of sales under section 491 of this Act, after the payment of storage charges, expenses, duties, and the satisfaction of any lien for freight, charges, or contribution in general average, shall be deposited by the collector in the Treasury of the United States, if claim therefor shall not be filed with the collector within ten days from the date of sale, and the sale of such merchandise shall exonerate the master of any vessel in which the merchandise was imported from all claims of the owner thereof, who shall, nevertheless, on due proof of his interest, be entitled to receive from the Treasury the amount of any surplus of the proceeds of sale.

SEC. 494. EXPENSE OF WEIGHING AND MEASURING.

In all cases in which the invoice or entry does not state the weight, quantity, or measure of the merchandise, the expense of ascertaining the same shall be collected from the consignee before its release from customs custody.

SEC. 495. PARTNERSHIP BOND.

When any bond is required by law or regulations to be executed by any partnership for any purpose connected with the transaction of business at any customhouse, the execution of such bond by any member of such partnership shall bind the other partners in like manner and to the same extent as if such other partners had personally joined in the execution, and an action or suit may be instituted on such bond against all partners as if all had executed the same.

SEC. 496. EXAMINATION OF BAGGAGE.

The collector may cause an examination to be made of the baggage of any person arriving in the United States in order to ascertain what articles are contained therein and whether subject to duty,
free of duty, or prohibited notwithstanding a declaration and entry therefor has been made.

SEC. 497. SAME—PENALTIES.

Any article not included in the declaration and entry made, and, before examination of the baggage was begun, not mentioned in writing by such person, if written declaration and entry was required, or orally if written declaration and entry was not required, shall be subject to forfeiture and such person shall be liable to a penalty equal to the value of such article.

SEC. 498. ENTRY UNDER REGULATIONS.

(a) AUTHORIZED FOR CERTAIN MERCHANDISE.—The Secretary of the Treasury is authorized to prescribe rules and regulations for the declaration and entry of—

(1) Merchandise not exceeding $100 in value, including such merchandise imported through the mails;

(2) Merchandise damaged on the voyage of importation, by fire or through marine casualty or any other cause, without fault on the part of the shipper;

(3) Merchandise recovered from a wrecked or stranded vessel;

(4) Household effects used abroad and personal effects, not imported in pursuance of a purchase or agreement for purchase and not intended for sale;

(5) Articles sent by persons in foreign countries as gifts to persons in the United States;

(6) Articles carried on the person or contained in the baggage of a person arriving in the United States;

(7) Tools of trade of a person arriving in the United States;

(8) Personal effects of citizens of the United States who have died in a foreign country;

(9) Merchandise within the provisions of sections 465 and 466 of this Act (relating to supplies, repairs, and equipment on vessels and railway cars) at the first port of arrival;

(10) Merchandise when in the opinion of the Secretary of the Treasury the value thereof can not be declared; and

(11) Merchandise within the provisions of the Act entitled "An Act to expedite the delivery of imported parcels and packages, not exceeding $500 in value," approved June 8, 1896.

(b) APPLICATION OF GENERAL PROVISIONS.—The Secretary of the Treasury is authorized to include in such rules and regulations any of the provisions of section 484 or 485 of this Act (relating, respectively, to entry and to declaration of merchandise generally).

SEC. 499. EXAMINATION OF MERCHANDISE.

Imported merchandise, required by law or regulations made in pursuance thereof to be inspected, examined, or appraised, shall not be delivered from customs custody, except as otherwise provided in this Act, until it has been inspected, examined, or appraised and is reported by the appraiser to have been truly and correctly invoiced and found to comply with the requirements of the laws of the United States. The collector shall designate the packages or quantities covered by any invoice or entry which are to be opened and examined for the purpose of appraisement or otherwise and shall order such packages or quantities to be sent to the public stores or other places for such purpose. Not less than one package of every invoice and not less than one package of every ten packages of merchandise, shall be so designated unless the Secretary of
the Treasury, from the character and description of the merchandise, is of the opinion that the examination of a less proportion of packages will amply protect the revenue and by special regulation permit a less number of packages to be examined. The collector or the appraiser may require such additional packages or quantities as either of them may deem necessary. If any package is found by the appraiser to contain any article not specified in the invoice and he reports to the collector that in his opinion such article was omitted from the invoice with fraudulent intent on the part of the seller, shipper, owner, or agent, the contents of the entire package in which such article is found shall be liable to seizure, but if the appraiser reports that no such fraudulent intent is apparent then the value of said article shall be added to the entry and the duties thereon paid accordingly. If a deficiency is found in quantity, weight, or measure in the examination of any package, report thereof shall be made to the collector, who shall make allowance therefor in the liquidation of duties.

SEC. 500. DUTIES OF APPRAISING OFFICERS.

(a) APPRAISER.—It shall be the duty of the appraiser under such rules and regulations as the Secretary of the Treasury may prescribe—

(1) To appraise the merchandise in the unit of quantity in which the merchandise is usually bought and sold by ascertaining or estimating the value thereof by all reasonable ways and means in his power, any statement of cost or cost of production in any invoice, affidavit, declaration, or other document to the contrary notwithstanding;

(2) To ascertain the number of yards, parcels, or quantities of the merchandise ordered or designated for examination;

(3) To ascertain whether the merchandise has been truly and correctly invoiced;

(4) To describe the merchandise in order that the collector may determine the dutiable classification thereof; and

(5) To report his decisions to the collector.

(b) REPORTS OF APPRAISER'S SUBORDINATES.—The appraiser shall have power to review, revise, and correct the reports of his subordinate officers.

(c) CHIEF ASSISTANT AND DEPUTY APPRAISERS.—The duties of the chief assistant appraiser and deputy appraisers shall be prescribed by the Secretary of the Treasury. During the absence or disability of the appraiser, or in the event that there is no appraiser, the chief assistant appraiser shall exercise the powers and perform the duties of the appraiser.

(d) ASSISTANT APPRAISERS.—It shall be the duty of an assistant appraiser—

(1) To examine and inspect such merchandise as the appraiser may direct, and to report to him the value thereof;

(2) To revise and correct the reports and to supervise and direct the work of such examiners and other employees as the appraiser may designate; and

(3) To assist the appraiser, under such regulations as the Secretary of the Treasury or the appraiser may prescribe.

(e) EXAMINERS.—It shall be the duty of an examiner to examine and inspect the merchandise and report the value and such other facts as the appraiser may require in his appraisement or report, and to perform such other duties as may be prescribed by rules and regulations of the Secretary of the Treasury or the appraiser.
(f) Acting Appraiser.—The Secretary of the Treasury is authorized to designate an officer of the customs as acting appraiser at a port where there is no appraiser. Such acting appraiser shall take the oath, perform all the duties, and possess all the powers of an appraiser. The Secretary of the Treasury may appoint an officer of the customs who shall perform the functions of acting appraiser during the absence or disability of such acting appraiser.

SEC. 501. NOTICE OF APPRAISEMENT—REAPPRAISEMENT.

The collector shall give written notice of appraisement to the consignee, his agent, or his attorney, if (1) the appraised value is higher than the entered value, or (2) a change in the classification of the merchandise results from the appraiser’s determination of value. The decision of the appraiser shall be final and conclusive upon all parties unless a written appeal for a reappraisement is filed with or mailed to the United States Customs Court by the collector within sixty days after the date of the appraiser’s report, or filed by the consignee or his agent with the collector within thirty days after the date of personal delivery, or if mailed the date of mailing of written notice of appraisement to the consignee, his agent, or his attorney. No such appeal filed by the consignee or his agent shall be deemed valid, unless he has complied with all the provisions of this Act relating to the entry and appraisement of such merchandise. Every such appeal shall be transmitted with the entry and the accompanying papers by the collector to the United States Customs Court and shall be assigned to one of the judges, who shall, after affording the parties an opportunity to be heard, determine the value of the merchandise. Reasonable notice shall be given to the importer and to the person designated to represent the Government in such proceedings of the time and place of the hearing, at which the parties and their attorneys shall have an opportunity to introduce evidence and to hear and cross-examine the witnesses of the other party and to inspect all samples and all papers admitted or offered as evidence. In finding such value affidavits and depositions of persons whose attendance can not reasonably be had, price lists and catalogues, reports or depositions of consuls, customs agents, collectors, appraisers, assistant appraisers, examiners, and other officers of the Government may be admitted in evidence. Copies of official documents, when certified by an official duly authorized by the Secretary of the Treasury, may be admitted in evidence with the same force and effect as original documents. The value found by the appraiser shall be presumed to be the value of the merchandise and the burden shall rest upon the party who challenges its correctness to prove otherwise.

The judge shall, after argument on the part of any of the interested parties requesting to be heard, render his decision in writing together with a statement of the reasons therefor and of the facts on which the decision is based. Such decision shall be final and conclusive upon all parties unless within thirty days from the date of the filing of the decision with the collector an application for its review shall be filed with or mailed to the United States Customs Court by the collector or other person authorized by the Secretary of the Treasury, and a copy of such application mailed to the consignee, or his agent or attorney, or filed by the consignee, or his agent or attorney, with the collector, by whom the same shall be forthwith forwarded to the United States Customs Court. Every such application shall be assigned by the court to a division of three judges, who shall consider the case upon the samples of the merchandise, if there be any, and the record made before the single judge, and, after hearing argument on the part of any of the interested
parties requesting to be heard, shall affirm, reverse, or modify the
decision of the single judge or remand the case to the single judge
for further proceedings, and shall state its action in a written deci-
sion, to be forwarded to the collector, setting forth the facts upon
which the finding is based and the reasons therefor. The decision of
the United States Customs Court shall be final and conclusive upon
all parties unless an appeal shall be taken by either party to the
Court of Customs and Patent Appeals upon a question or questions
of law only within the time and in the manner provided by section
198 of the Judicial Code, as amended.

SEC. 502. REGULATIONS FOR APPRAISEMENT AND CLASSIFICA-

(a) POWERS OF SECRETARY OF THE TREASURY.—The Secretary of
the Treasury shall establish and promulgate such rules and regula-
tions not inconsistent with the law, and may disseminate such infor-
mation as may be necessary to secure a just, impartial, and uniform
appraisement of imported merchandise and the classification and
assessment of duties thereon at the various ports of entry, and may
direct any appraiser, deputy appraiser, assistant appraiser, or exam-
iner of merchandise to go from one port of entry to another for the
purpose of appraising or assisting in appraising merchandise
imported at such port.

(b) REVERSAL OF SECRETARY’S RULINGS.—No ruling or decision once
made by the Secretary of the Treasury, giving construction to any
law imposing customs duties, shall be reversed or modified adversely
to the United States, by the same or a succeeding Secretary, except
in concurrence with an opinion of the Attorney General recommend-
ing the same, or a final decision of the United States Customs Court.

(c) DUTIES OF CUSTOMS OFFICERS.—It shall be the duty of all officers
of the customs to execute and carry into effect all instructions of the
Secretary of the Treasury relative to the execution of the revenue
laws; and in case any difficulty arises as to the true construction or
meaning of any part of the revenue laws, the decision of the Secre-
tary shall be binding upon all officers of the customs.

SEC. 503. DUTIABLE VALUE.

(a) GENERAL RULE.—Except as provided in section 562 of this
Act (relating to withdrawal from manipulating warehouses) and in
subdivision (b) of this section, the basis for the assessment of duties
on imported merchandise subject to ad valorem rates of duty shall
be the entered value or the final appraised value, whichever is higher.

(b) ENTRIES PENDING REAPPRAISEMENT.—If the importer certifies
at the time of entry that he has entered the merchandise at a value
higher than the value as defined in this Act because of advances by
the appraiser in similar cases then pending on appeal for reappraise-
ment or re-reappraisal, and if the importer’s contention in such
pending cases shall subsequently be sustained, wholly or in part, by
a final decision on reappraisal or re-reappraisal, and if it
shall appear that such action of the importer on entry was taken in
good faith, the collector shall liquidate the entry in accordance
with the final appraisement.

(c) BASIS OF RATE.—For the purpose of determining the rate of
duty to be assessed upon any merchandise when the rate is based
upon or regulated in any manner by the value of the merchandise,
the final appraised value shall (except as provided in section 562
of this Act) be taken to be the value of the merchandise.
SEC. 504. COVERINGS AND CONTAINERS.

If there shall be used for covering or holding imported merchandise, whether dutiable or free of duty, any unusual material, article, or form designed for use otherwise than in the bona fide transportation of such merchandise to the United States, additional duties shall be levied upon such material, article, or form at the rate or rates to which the same would be subjected if separately imported.

SEC. 505. PAYMENT OF DUTIES.

The consignee shall deposit with the collector, at the time of making entry, unless the merchandise is entered for warehouse or transportation, or under bond, the amount of duty estimated to be payable thereon. Upon receipt of the appraiser's report and of the various reports of landing, weight, gauge, or measurement the collector shall ascertain, fix, and liquidate the rate and amount of duties to be paid on such merchandise as provided by law and shall give notice of such liquidation in the form and manner prescribed by the Secretary of the Treasury, and collect any increased or additional duties due or refund any excess of duties deposited as determined on such liquidation.

SEC. 506. ALLOWANCE FOR ABANDONMENT AND DAMAGE.

Allowance shall be made in the estimation and liquidation of duties under regulations prescribed by the Secretary of the Treasury in the following cases:

1. ABANDONMENT WITHIN THIRTY DAYS.—Where the importer abandons to the United States, within thirty days after entry in the case of merchandise not sent to the appraiser's stores for examination, or within thirty days after the release of the examination packages or quantities of merchandise in the case of merchandise sent to the appraiser's stores for examination, any imported merchandise representing 5 per centum or more of the total value of all the merchandise of the same class or kind entered in the invoice in which the item appears, and delivers, within the applicable thirty-day period, the portion so abandoned to such place as the collector directs unless the collector is satisfied that the merchandise is so far destroyed as to be nondeliverable;

2. PERISHABLE MERCHANDISE, CONDEMNED.—Where fruit or other perishable merchandise has been condemned at the port of entry, within ten days after landing, by the health officers or other legally constituted authorities, and the consignee, within five days after such condemnation, files with the collector written notice thereof, an invoiced description and the location thereof, and the name of the vessel or vehicle in which imported.

SEC. 507. TARE AND DRAFT.

The Secretary of the Treasury is hereby authorized to prescribe and issue regulations for the ascertainment of tare upon imported merchandise, including the establishment of reasonable and just schedule tares therefor, but in no case shall there be any allowance for draft or for impurities, other than excessive moisture and impurities not usually found in or upon such or similar merchandise.

SEC. 508. COMMINGLING OF GOODS.

Whenever dutiable merchandise and merchandise which is free of duty or merchandise subject to different rates of duty are so packed
together or mingled that the quantity or value of each class of such merchandise cannot be readily ascertained by the customs officers, the whole of such merchandise shall be subject to the highest rate of duty applicable to any part thereof, unless the importer or consignee shall segregate such merchandise at his own risk and expense under customs supervision within ten days after entry thereof, in order that the quantity and value of each part or class thereof may be ascertained.

SEC. 509. EXAMINATIONS OF IMPORTERS AND OTHERS.

Collectors, appraisers, and judges and divisions of the United States Customs Court may cite to appear before them or any of them and to examine upon oath, which said officers or any of them are hereby authorized to administer, any owner, importer, consignee, agent, or other person upon any matter or thing which they, or any of them, may deem material respecting any imported merchandise then under consideration or previously imported within one year, in ascertaining the classification or the value thereof or the rate or amount of duty; and they, or any of them, may require the production of any letters, accounts, contracts, invoices, or other documents relating to said merchandise, and may require such testimony to be reduced to writing, and when so taken it shall be filed and preserved, under such rules as the United States Customs Court may prescribe, and such evidence may be given consideration in subsequent proceedings relating to such merchandise.

SEC. 510. PENALTIES FOR REFUSAL TO GIVE TESTIMONY.

If any person so cited to appear shall neglect or refuse to attend, or shall decline to answer, or shall refuse to answer in writing any interrogatories, and subscribe his name to his deposition, or to produce such papers when so required by a judge of the United States Customs Court, or a division of such court, or an appraiser, or a collector, he shall be liable to a penalty of not less than $20 nor more than $500; and if such person be the owner, importer, or consignee, the appraisement last made of such merchandise, whether made by an appraiser, a judge of the United States Customs Court, or a division of such court, or appraiser or collector, shall be deemed guilty of perjury, and if he is the owner, importer, or consignee, the merchandise shall be forfeited or the value thereof may be recovered from him.

SEC. 511. INSPECTION OF IMPORTER'S BOOKS.

If any person importing merchandise into the United States or dealing in imported merchandise fails, at the request of the Secretary of the Treasury, or an appraiser, or person acting as appraiser, or a collector, or the United States Customs Court, or a judge of such court, as the case may be, to permit a duly accredited officer of the United States to inspect his books, papers, records, accounts, documents, or correspondence, pertaining to the value or classification of such merchandise, then while such failure continues the Secretary of the Treasury, under regulations prescribed by him, (1) shall prohibit the importation of merchandise into the United States by or for the account of such person, and (2) shall instruct the collectors to withhold delivery of merchandise imported by or for the account of such person. If such failure continues for a period of one year from the date of such instructions the collector shall cause the merchandise,
SEC. 512. DEPOSIT OF DUTY RECEIPTS.

All money paid to any collector for unascertained duties or for duties paid under protest against the rate or amount of duties charged shall be deposited to the credit of the Treasurer of the United States and shall not be held by the collectors to await any ascertainment of duties or the result of any litigation in relation to the rate or amount of duties legally chargeable and collectible in any case where money is so paid.

SEC. 513. COLLECTOR'S IMMUNITY.

No collector or other customs officer shall be in any way liable to any owner, importer, consignee, or agent or any other person for or on account of any rulings or decisions as to the appraisement or the classification of any imported merchandise or the duties charged thereon, or the collection of any dues, charges, or duties on or on account of said merchandise, or any other matter or thing as to which said owner, importer, consignee, or agent might under this Act be entitled to protest or appeal from the decision of such collector or other officer.

SEC. 514. PROTEST AGAINST COLLECTOR'S DECISIONS.

Except as provided in subdivision (b) of section 516 of this Act (relating to protests by American manufacturers, producers, and wholesalers), all decisions of the collector, including the legality of all orders and findings entering into the same, as to the rate and amount of duties chargeable, and as to all exactions of whatever character (within the jurisdiction of the Secretary of the Treasury), and his decisions excluding any merchandise from entry or delivery, under any provision of the customs laws, and his liquidation or reliquidation of any entry, or refusal to pay any claim for drawback, or his refusal to reliquidate any entry for a clerical error discovered within one year after the date of entry, or within sixty days after liquidation or reliquidation when such liquidation or reliquidation is made more than ten months after the date of entry, shall, upon the expiration of sixty days after the date of such liquidation, reliquidation, decision, or refusal, be final and conclusive upon all persons (including the United States and any officer thereof), unless the importer, consignee, or agent of the person paying such charge or exaction, or filing such claim for drawback, or seeking such entry or delivery, shall, within sixty days after, but not before such liquidation, reliquidation, decision, or refusal, as the case may be, as well in cases of merchandise entered in bond as for consumption, file a protest in writing with the collector setting forth distinctly and specifically, and in respect to each entry, payment, claim, decision, or refusal, the reasons for the objection thereto. The reliquidation of an entry shall not open such entry so that a protest may be filed against the decision of the collector upon any question not involved in such reliquidation.

SEC. 515. SAME.

Upon the filing of such protest the collector shall within ninety days thereafter review his decision, and may modify the same in whole or in part and thereafter remit or refund any duties, charge, or exaction found to have been assessed or collected in excess, or pay any drawback found due, of which notice shall be given as in
the case of the original liquidation, and against which protest may be filed within the same time and in the same manner and under the same conditions as against the original liquidation or decision. If the collector shall, upon such review, affirm his original decision, or if a protest shall be filed against his modification of any decision, and, in the case of merchandise entered for consumption, if all duties and charges shall be paid, then the collector shall forthwith transmit the entry and the accompanying papers, and all the exhibits connected therewith, to the United States Customs Court for due assignment and determination, as provided by law. Such determination shall be final and conclusive upon all persons, and the papers transmitted shall be returned, with the decision and judgment order thereon, to the collector, who shall take action accordingly, except in cases in which an appeal shall be filed in the United States Court of Customs and Patent Appeals within the time and in the manner provided by law.

SEC. 516. APPEAL OR PROTEST BY AMERICAN PRODUCERS.

(a) Value.—Whenever an American manufacturer, producer, or wholesaler believes that the appraised value of any imported merchandise of a class or kind manufactured, produced, or sold at wholesale by him is too low, he may file with the Secretary of the Treasury a complaint setting forth the value at which he believes the merchandise should be appraised and the facts upon which he bases his belief. The Secretary shall thereupon transmit a copy of such complaint to the appraiser at each port of entry where the merchandise is usually imported. Until otherwise directed by the Secretary, the appraiser shall report each subsequent importation of the merchandise giving the entry number, the name of the importer, the appraised value, and his reasons for the appraisement. If the Secretary does not agree with the action of the appraiser, he shall instruct the collector to file an appeal for a reappraisement as provided in section 501 of this Act, and such manufacturer, producer, or wholesaler shall have the right to appear and to be heard as a party in interest under such rules as the United States Customs Court may prescribe. The Secretary shall notify such manufacturer, producer, or wholesaler of the action taken by such appraiser, giving the port of entry, the entry number, and the appraised value of such merchandise and the action he has taken thereon. If the appraiser advances the entered value of merchandise upon the information furnished by the American manufacturer, producer, or wholesaler, and an appeal is taken by the consignee, such manufacturer, producer, or wholesaler shall have the right to appear and to be heard as a party in interest, under such rules as the United States Customs Court may prescribe. If the American manufacturer, producer, or wholesaler is not satisfied with the action of the Secretary, or the action of the appraiser thereon, he may file, within thirty days after the date of the mailing of the Secretary’s notice, an appeal for a reappraisement in the same manner and with the same effect as an appeal by a consignee under the provisions of section 501 of this Act.

(b) Classification.—The Secretary of the Treasury shall, upon written request by an American manufacturer, producer, or wholesaler, furnish the classification of and the rate of duty, if any, imposed upon designated imported merchandise of a class or kind manufactured, produced, or sold at wholesale by him. If such manufacturer, producer, or wholesaler believes that the proper rate of duty is not being assessed, he may file a complaint with the Secretary of the Treasury setting forth a description of the merchandise, the
classification, and the rate or rates of duty he believes proper, and the reasons for his belief. If the Secretary decides that the classification of or rate of duty assessed upon the merchandise is not correct, he shall notify the collectors as to the proper classification and rate of duty and shall so inform such manufacturer, producer, or wholesaler, and such rate of duty shall be assessed upon all such merchandise imported or withdrawn from warehouse after thirty days after the date of such notice to the collectors. If the Secretary decides that the classification and rate of duty are correct, he shall so inform such manufacturer, producer, or wholesaler, and shall, under such regulations as he may prescribe, cause publication to be made of his decision, together with notice that the classification of and the rate of duty on all such merchandise imported or withdrawn from warehouse after the expiration of thirty days after such publication will be subject to the decision of the United States Customs Court in the event that a protest is filed under the provisions of this subdivision.

If dissatisfied with the decision of the Secretary, such manufacturer, producer, or wholesaler may file with him a notice that he desires to protest the classification or the rate of duty imposed upon the merchandise, and upon receipt of such notice the Secretary shall furnish him with such information as to the entries and consignees of such merchandise, entered after the expiration of thirty days after the publication of the decision of the Secretary, at the port of entry designated by the manufacturer, producer, or wholesaler in his notice of desire to protest, as will enable him to protest the classification of or the rate of duty imposed upon such merchandise when liquidated at such port. The Secretary shall direct the collector at such port to notify such manufacturer, producer, or wholesaler immediately upon the liquidation of the first of such entries to be liquidated. Such manufacturer, producer, or wholesaler may file, within thirty days after the date of such liquidation, with the collector of such port a protest in writing setting forth a description of the merchandise and the classification and the rate of duty he believes proper. Upon the filing of any such protest the collector shall notify the Secretary of the Treasury who shall order the suspension, pending the decision of the United States Customs Court upon such protest, of the liquidation, at all ports, of all unliquidated entries of such merchandise imported or withdrawn from warehouse after the expiration of thirty days after the publication of the Secretary’s decision. All entries of such merchandise so imported or withdrawn shall be liquidated, or if already liquidated, shall, if necessary, be reliquidated, in conformity with such decision of the United States Customs Court. If, upon appeal to the Court of Customs and Patent Appeals, the decision of the United States Customs Court is reversed, the classification of the merchandise and the rate of duty imposed thereon shall be in accordance with the decision of the Court of Customs and Patent Appeals, and any necessary reliquidation shall be made. The provisions of this subdivision shall apply only in the case of complaints filed after the effective date of this Act.

(c) HEARING AND DETERMINATION.—A copy of every appeal and every protest filed by an American manufacturer, producer, or wholesaler under the provisions of this section shall be mailed by the collector to the consignee or his agent within five days after the filing thereof, and such consignee or his agent shall have the right to appear and to be heard as a party in interest before the United States Customs Court. The collector shall transmit the entry and all papers and exhibits accompanying or connected therewith to the United States Customs Court for due assignment and determination of the proper value or of the proper classification and rate of duty.
The decision of the United States Customs Court upon any such appeal or protest shall be final and conclusive upon all parties unless an appeal is taken by either party to the Court of Customs and Patent Appeals, as provided in sections 501 and 515 of this Act.

(d) Inspection of Documents.—In proceedings instituted under the provisions of this section an American manufacturer, producer, or wholesaler shall not have the right to inspect any documents or papers of the consignee or importer disclosing any information which the United States Customs Court or any judge or division thereof shall deem unnecessary or improper to be disclosed to him.

SEC. 517. FRIVOLOUS PROTEST OR APPEAL.

The United States Customs Court shall, upon motion of counsel for the Government, and may, upon its own motion, decide whether any appeal for reappraisal or protest filed under the provisions of section 501, 514, 515, or 516 of this Act is frivolous, and, if said court shall decide that such appeal or protest is frivolous, a penalty of not less than $5 nor more than $250 shall be assessed against the person filing such appeal or protest: Provided, That all appeals for reappraisal or protests filed by the same person and raising the same issue shall, if held frivolous by said court, be consolidated and deemed one proceeding for the purpose of imposing the penalty provided in this section: Provided further, That the person against whom such penalty is assessed may have a review by the Court of Customs and Patent Appeals of the decision of the United States Customs Court by filing an appeal within the time and in the manner provided by section 198 of the Judicial Code, as amended.

SEC. 518. UNITED STATES CUSTOMS COURT.

The United States Customs Court shall continue as now constituted, except that the chief justice and the associate justices of such court now in office and their successors shall hereafter be known as the judges of such court. All vacancies in such court shall be filled by appointment by the President, by and with the advice and consent of the Senate. Not more than five of the judges of such court shall be appointed from the same political party and each of such judges shall receive a salary of $10,000 a year. They shall not engage in any other business, vocation, or employment, and shall hold their office during good behavior. The offices of such court shall be at the port of New York. The court and each judge thereof shall have and possess all the powers of a district court of the United States for preserving order, compelling the attendance of witnesses and the production of evidence, and in punishing for contempt. The court shall have power to establish from time to time such rules of evidence, practice, and procedure, not inconsistent with law, as may be deemed necessary for the conduct of its proceedings, in securing uniformity in its decisions and in the proceedings and decisions of the judges thereof, and for the production, care, and custody of samples and of the records of such court. Under such rules as the United States Customs Court may prescribe, and in its discretion, the court may permit the amendment of a protest, appeal, or application for review. One of the judges of such court, designated for that purpose by the President of the United States, shall act as presiding judge, and in his absence the judge then present who is senior as to the date of his commission shall act as presiding judge; and until any such designation is made the chief justice of the United States Customs Court now in office shall act as presiding judge. The presiding judge, or the acting presiding judge in his absence, shall have control of the fiscal affairs and of the clerical force of the court,
making all recommendations for appointment, promotions, or otherwise affecting such clerical force; he may at any time before trial, under the rules of the court, assign or reassign any case for hearing or determination, or both, and shall designate a judge or division of three judges and such clerical assistants as may be necessary to proceed to any port within the jurisdiction of the United States for the purpose of hearing or of hearing and determining cases assigned for hearing at such port, and shall cause to be prepared and promulgated dockets therefor. Judges of the court, stenographic clerks, and Government counsel shall each be allowed and paid his necessary expenses of travel and his reasonable expenses, not to exceed $10 per day in the case of the judges of the court and Government counsel, and $8 per day in the case of stenographic clerks, actually incurred for maintenance while absent from New York on official business. The judges of said court shall be divided into three divisions of three judges each for the purpose of hearing and deciding appeals for the review of reappraisements of merchandise, and of hearing and deciding protests against decisions of collectors. A division of three judges or a single judge shall have power to order an analysis of imported merchandise and reports thereon by laboratories or bureaus of the United States. The presiding judge shall assign three judges to each of said divisions and shall designate one of such three judges to preside. The presiding judge of the court shall be competent to sit as a judge of any division or to assign one or two other judges to any of such divisions in the absence or disability of any one or two judges of such division. A majority of the judges of any division shall have full power to hear and decide all cases and questions arising therein or assigned thereto. A division of the court deciding a case or a single judge deciding an appeal for a reappraisal may, upon the motion of either party made within thirty days next after such decision, grant a rehearing or retrial of such case when in the opinion of such division or single judge the ends of justice so require.

The judges of the United States Customs Court are hereby exempted from so much of section 1790 of the Revised Statutes as relates to their salaries.

When any judge of the United States Customs Court resigns his office after having held a commission as judge or justice of such court or member of the Board of General Appraisers at least ten years continuously, or otherwise, and having attained the age of seventy years, he shall, during the residue of his natural life, receive the salary which is payable to a judge of such court at the time of his resignation. Any such judge, who is qualified to resign under the foregoing provisions, may retire, upon the salary of which he is then in receipt, from regular active service as a judge of such court and upon such retirement the President may appoint a successor; but such retired judge may, with his consent, be assigned by the presiding judge of such court to serve upon such court and while so serving shall have all the powers of a judge of such court.

All functions of the Secretary of the Treasury with respect to the appointment and fixing of the compensation of the clerks and other employees of the United States Customs Court, and with respect to the official records, papers, office equipment, and other property of such court, are hereby transferred to the Attorney General. All unexpended amounts allotted from any appropriation for collecting the revenue from customs, available for expenditure by the Secretary of the Treasury for the payment of the salaries of the judges of the United States Customs Court, including judges retired under the provisions of section 518 of the Tariff Act of 1922, and for the expenses of operation of the United States Customs Court, are
hereby transferred to the Department of Justice, to be available for expenditure by the Department of Justice for the same purposes for which such allotments were made.

SEC. 519. PUBLICATION OF DECISIONS OF CUSTOMS COURT.

All decisions of the United States Customs Court shall be preserved and filed and shall be open to inspection, and it shall be the duty of the court to forward a copy of each decision to the collector of customs for the district in which the merchandise affected thereby was imported and to forward an additional copy to the Secretary of the Treasury, who shall cause such decisions as he or the court shall deem sufficiently important to be published in full, or, if neither the Secretary of the Treasury nor the court deems a full publication thereof necessary, then the court shall cause abstracts of such decisions to be made for publication, and such decisions and abstracts thereof shall be published from time to time and at least once each week for the information of customs officers and the public.

SEC. 520. REFUNDS BY SECRETARY OF TREASURY.

(a) AUTHORIZED.—The Secretary of the Treasury is hereby authorized to refund duties and correct errors in liquidation of entries in the following cases:

(1) EXCESS DEPOSIT.—Whenever it is ascertained on final liquidation or reliquidation of an entry that more money has been deposited or paid than was required by law to be so deposited or paid;

(2) ERRONEOUS CHARGES.—Whenever it is determined in the manner required by law that any fees, charges, or exactions, other than duties, have been erroneously collected;

(3) CLERICAL ERROR.—Whenever a clerical error is discovered in any entry or liquidation within one year after the date of entry, or within sixty days after liquidation when liquidation is made more than ten months after the date of entry; and

(4) HOUSEHOLD GOODS.—Whenever duties have been paid on household or personal effects which by law were not subject to duty, notwithstanding a protest was not filed within the time and in the manner prescribed by law.

(b) APPROPRIATION.—The necessary moneys to make such refunds are hereby appropriated, and this appropriation shall be deemed a permanent and indefinite appropriation.

SEC. 521. RELIQUIDATION ON ACCOUNT OF FRAUD.

If the collector finds probable cause to believe there is fraud in the case, he may reliquidate an entry within two years (exclusive of the time during which a protest is pending) after the date of liquidation or last reliquidation.

SEC. 522. CONVERSION OF CURRENCY.

(a) VALUE OF FOREIGN COIN PROCLAIMED BY SECRETARY OF TREASURY.—Section 25 of the Act of August 27, 1894, entitled “An Act to reduce taxation, to provide revenue for the Government, and for other purposes,” as amended, is reenacted without change as follows:

“All that the value of foreign coin as expressed in the money of account of the United States shall be that of the pure metal of such coin of standard value; and the values of the standard coins in circulation of the various nations of the world shall be estimated...”
SEVENTY-FIRST CONGRESS. Sess. II. Ch. 497. 1930.

ADMINISTRATIVE PROVISIONS.

To be proclaimed quarterly by the Director of the Mint and be proclaimed by the Secretary of the Treasury quarterly on the 1st day of January, April, July, and October in each year:

(b) PROCLAIMED VALUE BASIS OF CONVERSION.—For the purpose of the assessment and collection of duties upon merchandise imported into the United States on or after the day of the enactment of this Act, wherever it is necessary to convert foreign currency into currency of the United States, such conversion, except as provided in subdivision (c), shall be made at the values proclaimed by the Secretary of the Treasury under the provisions of section 25 of such Act of August 27, 1894, as amended, for the quarter in which the merchandise was exported.

(c) MARKET RATE WHEN NO PROCLAMATION.—If no such value has been proclaimed, or if the value so proclaimed varies by 5 per centum or more from a value measured by the buying rate in the New York market at noon on the day of exportation, conversion shall be made at a value measured by such buying rate. If the date of exportation falls upon a Sunday or holiday, then the buying rate at noon on the last preceding business day shall be used. For the purposes of this subdivision such buying rate shall be the buying rate for cable transfers payable in the foreign currency so to be converted; and shall be determined by the Federal Reserve Bank of New York and certified daily to the Secretary of the Treasury, who shall make it public at such times and to such extent as he deems necessary. In ascertaining such buying rate such Federal reserve bank may in its discretion (1) take into consideration the last ascertainable transactions and quotations, whether direct or through exchange of other currencies, and (2) if there is no market buying rate for such cable transfers, calculate such rate from actual transactions and quotations in demand or time bills of exchange.

SEC. 523. COMPUTERS OF CUSTOMS.

Naval officers of customs in office on September 22, 1922, and their successors shall continue to be known as Comptrollers of Customs.

Comptrollers of Customs shall examine the collector's accounts of receipts and disbursements of money and receipts and disposition of merchandise and certify the same to the Secretary of the Treasury for transmission to the General Accounting Office. They shall perform such other duties as the Secretary of the Treasury may from time to time prescribe, and their administrative examination shall extend to all customs districts assigned to them by the Secretary of the Treasury.

Comptrollers of Customs shall verify all assessments of duties and allowances of drawbacks made by collectors in connection with the liquidation thereof. In cases of disagreement between a collector and a Comptroller of Customs, the latter shall report the facts to the Secretary of the Treasury for instructions.

This section shall not be construed to affect the manner of appointment, the terms of office, or the compensation of any such officer as now provided by law, nor to affect the provisions of the Budget and Accounting Act, 1921, approved June 10, 1921.

So much of sections 2626 and 4158 of the Revised Statutes, as amended, as requires the countersigning of documents by naval officers (now Comptrollers of Customs) or by surveyors, and so much of section 4332 of the Revised Statutes, as amended, as requires the signing of documents by naval officers (now Comptrollers of Customs), is hereby repealed.
SEC. 524. DEPOSIT OF REIMBURSABLE CHARGES.

Receipts from reimbursable charges for labor, services, and other expenses connected with the customs, shall be deposited as a refund to the appropriation from which paid, instead of being covered into the Treasury as miscellaneous receipts as provided by the Act entitled "An Act making appropriations for sundry civil expenses of the Government for the fiscal year ending June 30, 1908, and for other purposes," approved March 4, 1907.

SEC. 525. DETAILS TO DISTRICT OF COLUMBIA FROM FIELD SERVICE.

(b) SEIZURE AND FORFEITURE.—Any such merchandise imported into the United States in violation of the provisions of this section shall be subject to seizure and forfeiture for violation of the customs laws.

(c) INJUNCTION AND DAMAGES.—Any person dealing in any such merchandise may be enjoined from dealing therein within the United States or may be required to export or destroy such merchandise or to remove or obliterate such trade-mark and shall be liable for the same damages and profits provided for wrongful use of a trade-mark, under the provisions of such Act of February 20, 1905, as amended.

SEC. 527. IMPORTATION OF WILD MAMMALS AND BIRDS IN VIOLATION OF FOREIGN LAW.

(a) IMPORTATION PROHIBITED.—If the laws or regulations of any country, dependency, province, or other subdivision of government restrict the taking, killing, possession, or exportation to the United States, of any wild mammal or bird, alive or dead, or restrict the exportation to the United States of any part or product of any wild mammal or bird, whether raw or manufactured, no such mammal or bird, or part or product thereof, shall, after the expiration of ninety days after the enactment of this Act, be imported into the United States from such country, dependency, province, or other subdivision of government, directly or indirectly, unless accompanied by a certification of the United States consul, for the consular district in which is located the port or place from which such mammal or bird, or part or product thereof, was exported from such country,
dependency, province, or other subdivision of government, that such mammal or bird, or part or product thereof, has not been acquired or exported in violation of the laws or regulations of such country, dependency, province, or other subdivision of government.

(b) **Forfeiture.**—Any mammal or bird, alive or dead, or any part or product thereof, whether raw or manufactured, imported into the United States in violation of the provisions of the preceding subdivision shall be subject to seizure and forfeiture under the customs laws. Any such article so forfeited may, in the discretion of the Secretary of the Treasury and under such regulations as he may prescribe, be placed with the departments or bureaus of the Federal or State Governments, or with societies or museums, for exhibition or scientific or educational purposes, or destroyed, or (except in the case of heads or horns of wild mammals) sold in the manner provided by law.

Such merchandise may be withdrawn, at any time within three years (or ten months in the case of grain) from the date of importation, for consumption upon payment of the duties and charges accruing thereon at the rate of duty imposed by law upon such merchandise at the date of withdrawal; or may be withdrawn for exportation or for transportation and exportation to a foreign country, or for shipment or for transportation and shipment to the Virgin Islands, American Samoa, or the island of Guam, without the payment of duties thereon, or for transportation and rewarehousing at another port: Provided, That the total period of time for which such merchandise may remain in bonded warehouse shall not exceed three years (or ten months in the case of grain) from the date of importation. Merchandise upon which the duties have been paid and which shall have remained continuously in bonded warehouse or otherwise in the custody and under the control of customs officers, may be entered or withdrawn at any time within three years (or ten months in the case of grain) after the date of importation for exportation or for transportation and exportation to a foreign country, or for shipment or for transportation and shipment to the Virgin Islands, American Samoa, or the island of Guam, under such regulations as the Secretary of the Treasury shall prescribe, and upon such entry or withdrawal, and exportation or shipment, 99 per centum of the duties thereon shall be refunded.

Section 558. No Remission or Refund After Delivery of Merchandise.

No remission, abatement, refund, or drawback of estimated or liquidated duty shall be allowed on the exportation of any merchandise after its release from the custody or control of the Government except in case of the exportation of articles manufactured or produced in whole or in part from imported materials, or not conforming to sample or specifications, on which a drawback of duties is expressly provided for by law.

SEC. 560. LEASING OF WAREHOUSES.

The Secretary of the Treasury may cause to be set aside any available space in a building used as a customhouse for the storage of bonded merchandise or may lease premises for the storage of unclaimed merchandise or other imported merchandise required to be stored by the Government, and set aside a portion of such leased premises for the storage of bonded merchandise: Provided, That no part of any premises owned or leased by the Government may be used for the storage of bonded merchandise at any port at which a public bonded warehouse has been established and is in operation. No collector or other officer of the customs shall own, in whole or in part, any bonded warehouse or enter into any contract or agreement for the lease or use of any building to be thereafter erected as a public store or warehouse. No lease of any building to be so used shall be taken for a longer period than three years, nor shall rent for any such premises be paid, in whole or in part, in advance.

SEC. 561. PUBLIC STORES.

Any premises owned or leased by the Government and used for the storage of merchandise for the final release of which from customs custody a permit has not been issued shall be known as a "public store."

SEC. 562. MANIPULATION IN WAREHOUSE.

Unless by special authority of the Secretary of the Treasury, no merchandise shall be withdrawn from bonded warehouse in less quantity than an entire bale, cask, box, or other package; or, if in bulk, in the entire quantity imported or in a quantity not less than one ton weight. All merchandise so withdrawn shall be withdrawn in the original packages in which imported unless, upon the application of the importer, it appears to the collector that it is necessary to the safety or preservation of the merchandise to repack or transfer the same: Provided, That upon permission therefor being granted by the Secretary of the Treasury, and under customs supervision, at the expense of the proprietor, merchandise may be cleaned, sorted, repacked, or otherwise changed in condition, but not manufactured, in bonded warehouses established for that purpose and be withdrawn therefrom for exportation to a foreign country or for shipment to the Virgin Islands, American Samoa, or the island of Guam, without payment of the duties, or for consumption, upon payment of the duties accruing thereon, in its condition and quantity, and at its weight, at the time of withdrawal from warehouse, with such additions to or deductions from the final appraised value as may be necessary by reason of change in condition. The basis for the assessment of duties on such merchandise so withdrawn for consumption shall be the entered value or the adjusted final appraised value, whichever is higher, and if the rate of duty is based upon or regulated in any manner by the value of the merchandise such rate shall be based upon or regulated by such adjusted final appraised value; but for the purpose of the ascertainment and assessment of additional duties

(a) ALLOWANCE.—In no case shall there be any abatement or allowance made in the duties for any injury, deterioration, loss, or damage sustained by any merchandise while remaining in customs custody, except that the Secretary of the Treasury is authorized, upon production of proof satisfactory to him of the loss or theft of any merchandise while in the appraiser’s stores, or of the actual injury or destruction, in whole or in part, of any merchandise by accidental fire or other casualty, while in bonded warehouse, or in the appraiser’s stores, or while in transportation under bond, or while in the custody of the officers of the customs, although not in bond, or while within the limits of any port of entry and before having been landed under the supervision of the officers of the customs, to abate or refund, as the case may be, the duties upon such merchandise, in whole or in part, and to pay any such refund out of any moneys in the Treasury not otherwise appropriated, and to cancel any warehouse bond or bonds, or enter satisfaction thereon in whole or in part, as the case may be, but no abatement or refund shall be made in respect of injury or destruction of any merchandise in bonded warehouse occurring after the expiration of three years (or ten months in the case of grain) from the date of importation. The decision of the Secretary of the Treasury as to the abatement or refund of the duties on any such merchandise shall be final and conclusive upon all persons.

The Secretary of the Treasury is authorized to prescribe such regulations as he may deem necessary to carry out the provisions of this subdivision and he may by such regulations limit the time within which proof of loss, theft, injury, or destruction shall be submitted, and may provide for the abatement or refund of duties, as authorized herein, by collectors of customs in cases in which the amount of the abatement or refund claimed is less than $25 and in which the importer has agreed to abide by the decision of the collector. The decision of the collector in any such case shall be final and conclusive upon all persons.

Any case pending before the United States Customs Court upon the effective date of this Act, under the provisions of section 563 of the Tariff Act of 1922, may, with the consent of the parties and the permission of the court, be transferred to the Secretary of the Treasury, or to the collector, for consideration and final determination in accordance with the provisions of this subdivision.

(b) ABANDONMENT.—Under such regulations as the Secretary of the Treasury may prescribe and subject to any conditions imposed thereby the consignee may at any time within three years (or ten months in the case of grain) from the date of original importation, abandon to the Government any merchandise in bonded warehouse, whereupon any duties on such merchandise may be remitted or refunded as the case may be, but any merchandise so abandoned shall not be less than an entire package and shall be abandoned in the original package without having been repacked while in a bonded warehouse (other than a bonded manipulating warehouse).
SEC. 564. LIENS.

Whenever a collector of customs shall be notified in writing of the existence of a lien for freight, charges, or contribution in general average upon any imported merchandise sent to the appraiser's store for examination, entered for warehousing or taken possession of by him, he shall refuse to permit delivery thereof from public store or bonded warehouse until proof shall be produced that the said lien has been satisfied or discharged. The rights of the United States shall not be prejudiced or affected by the filing of such lien, nor shall the United States or its officers be liable for losses or damages consequent upon such refusal to permit delivery. If merchandise, regarding which such notice of lien has been filed, shall be forfeited or abandoned and sold, the freight, charges, or contribution in general average due thereon shall be paid from the proceeds of such sale in the same manner as other lawful charges and expenses are paid therefrom.

SEC. 565. CARTAGE.

The cartage of merchandise entered for warehouse shall be done by cartmen to be appointed and licensed by the collector of customs and who shall give a bond, in a penal sum to be fixed by such collector, for the protection of the Government against any loss of, or damage to, such merchandise while being so carted. The cartage of merchandise designated for examination at the appraiser's stores and of merchandise taken into custody by the collector as unclaimed shall be performed by such persons as may be designated, under contract or otherwise, by the Secretary of the Treasury, and under such regulations for the protection of the owners thereof and of the revenue as the Secretary of the Treasury shall prescribe.

The Secretary of the Treasury may prescribe regulations for the search of persons and baggage and he is authorized to employ female inspectors for the examination and search of persons of their own sex; and all persons coming into the United States from foreign countries shall be liable to detention and search by authorized officers or agents of the Government under such regulations.

The master of every vessel and the person in charge of every vehicle bound to a port or place in the United States shall deliver to the officer of the customs or Coast Guard who shall first demand it of him, the original and one copy of the manifest of such vessel or vehicle, and such officer shall certify on the back of the original manifest to the inspection thereof and return the same to the master or other person in charge.

SEC. 584. FALSITY OR LACK OF MANIFEST—PENALTIES.

Any master of any vessel and any person in charge of any vehicle bound to the United States who does not produce the manifest to the officer demanding the same shall be liable to a penalty of $500, and if any merchandise, including sea stores, is found on board of or after having been unladen from such vessel or vehicle which is not included or described in said manifest or does not agree therewith, the master of such vessel or the person in charge of such vehicle or the owner of such vessel or vehicle shall be liable to a penalty equal to the value of the merchandise so found or unladen, and any such merchandise belonging or consigned to the master or other officer or to any of the crew of such vessel, or to the owner or person in charge of such vehicle, shall be subject to forfeiture, and if any merchandise described in such manifest is not found on board the vessel or vehicle the master or other person in charge or the owner of such vessel or vehicle shall be subject to a penalty of $500: Provided, That if the collector shall be satisfied that the manifest was lost or mislaid without intentional fraud, or was defaced by accident, or is incorrect by reason of clerical error or other mistake and that no part of the merchandise not found on board was unshipped or discharged except as specified in the report of the master, said penalties shall not be incurred.

Such penalty shall, notwithstanding the proviso in section 594 of this Act (relating to the immunity of vessels or vehicles used as common carriers), constitute a lien upon such vessel which may be enforced by a libel in rem; except that the master or owner of a vessel used by any person as a common carrier in the transaction of business as such common carrier shall not be liable to such penalty and the vessel shall not be held subject to the lien, if it appears to the satisfaction of the court that neither the master nor any of the officers (including licensed and unlicensed officers and petty officers) nor the owner of the vessel knew, and could not, by the exercise of the highest degree of care and diligence, have known, that such smoking opium or opium prepared for smoking was on board. Clearance of any such vessel may be withheld until such penalty is paid or until a bond, satisfactory to the collector, is given for the payment thereof. The provisions of this paragraph

SEC. 585. DEPARTURE BEFORE REPORT OR ENTRY.

Provided, That whenever any part of the cargo or stores of a vessel has been unladen or transshipped because of accident, stress of weather, or other necessity, the master of such vessel shall, as soon as possible thereafter, notify the collector of the district within which such unlading or transshipment has occurred, or the collector within the district at which such vessel shall first arrive thereafter, and shall furnish proof that such unlading or transshipment was made necessary by accident, stress of weather, or other unavoidable cause, and if the collector is satisfied that the unlading or transshipment was in fact due to accident, stress of weather, or other necessity the penalties above described shall not be incurred.

SEC. 587. UNLAWFUL TRANSSHIPMENT.

If any merchandise (including sea stores) unladen in violation of the provisions of section 586 of this Act is transshipped to or placed in or received on any other vessel, the master of the vessel on which such merchandise is placed, and any person aiding or assisting therein, shall be liable to a penalty equal to twice the value of the merchandise, but not less than $1,000, and such vessel and such merchandise shall be liable to seizure and forfeiture.

**SEC. 590. FALSE DRAWBACK CLAIM.**

If any person shall knowingly and willfully file any false or fraudulent entry or claim for the payment of drawback, allowance, or refund of duties upon the exportation of merchandise, or shall knowingly or willfully make or file any false affidavit, abstract, record, certificate, or other document, with a view to securing the payment to himself or others of any drawback, allowance, or refund of duties, on the exportation of merchandise, greater than that legally due thereon, such person shall be guilty of a felony, and upon conviction thereof shall be punished by a fine of not more than $5,000, or by imprisonment for not more than two years, or both, and the merchandise or the value thereof to which such false entry or claim, affidavit, abstract, record, certificate, or other document relates shall be subject to forfeiture.

If any consignor, seller, owner, importer, consignee, agent, or other person or persons enters or introduces, or attempts to enter or

SEC. 593. SMUGGLING AND CLANDESTINE IMPORTATIONS.

(a) Fraud on Revenue.—If any person knowingly and willfully, with intent to defraud the revenue of the United States, smuggles, or clandestinely introduces into the United States any merchandise which should have been invoiced, or makes out or passes, or attempts to pass, through the customhouse any false, forged, or fraudulent invoice, or other document or paper, every such person, his, her, or their niders and abettors, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not exceeding $5,000, or imprisoned for any term of time not exceeding two years, or both, at the discretion of the court.

(b) Importation Contrary to Law.—If any person fraudulently or knowingly imports or brings into the United States, or assists in so doing, any merchandise contrary to law, or receives, conceals, buys, sells, or in any manner facilitates the transportation, concealment, or sale of such merchandise after importation, knowing the same to have been imported or brought into the United States contrary to law, such merchandise shall be forfeited and the offender shall be fined in any sum not exceeding $5,000 nor less than $50, or be imprisoned for any time not exceeding two years, or both.

counter to law, he may make application, under oath, to any justice
of the peace, to any municipal, county, State, or Federal judge, or

repackaged in any bonded warehouse, or if any marks or numbers
placed upon packages deposited in such a warehouse be fraudulently
altered, defaced, or obliterated, such merchandise and packages shall
be subject to forfeiture, and all persons convicted of the fraudulent

In order to enable him to ascertain the facts, the Secretary of the Treasury may issue a commission to any customs agent, collector, judge of the United States Customs Court, or United States commissioner, to take testimony upon such petition: Provided, That nothing in this section shall be construed to deprive any person of an award of compensation made before the filing of such petition.

Except as otherwise specifically provided by law, whenever a bond is required by law or regulations, the Secretary of the Treasury may by regulations prescribe the conditions and form of such bond, provide for the approval of the sureties thereon (without regard to any general provision of law), fix the amount or penalty thereof, whether for the payment of liquidated damages or of a penal sum, and authorize the cancellation of any such bond, in the event of a breach of any condition thereof, upon the payment of such lesser amount as he may deem sufficient. No such license shall be granted to any corporation, association, or partnership unless licenses as customhouse brokers have been issued to at least two of the officers of such corporation or association, or two of the members of such partnership, and such licenses are in force. house brokers. Except as provided in subdivision (c) of this section, no person shall transact business as a customhouse broker without a license granted in accordance with the provisions of this subdivision, but nothing in this section shall be construed to authorize the requiring of a license in the case of any person transacting at a custom-house business pertaining to his own importations.

At the conclusion of such hearing the collector or chief officer of customs shall forthwith transmit all papers and the stenographic report of the hearing, which shall constitute the record in the case, to the Secretary of the Treasury for his action. Thereupon the said Secretary of the Treasury shall have the right to revoke or suspend the license of any customhouse broker, in which case formal notice shall be given such customhouse broker within ten days.

Thereupon the court shall immediately give notice in writing of such application to the Secretary of the Treasury, who shall forthwith transmit to said court the record and evidence taken in the case, together with a statement of his decision therein. The filing of such application shall operate as a stay of the revocation or suspension of the license. The matter may be brought on to be heard before the said court in the same manner as a motion, by either the Assistant Attorney General or the attorney for the customhouse broker, and the decision of said United States Customs Court shall be upon the merits as disclosed by the record and be final, and the proceedings remanded to the Secretary of the Treasury for further action to be taken in accordance with the terms of the decree.

CHAP. 506.—An Act Giving the consent and approval of Congress to the Rio Grande compact signed at Santa Fe, New Mexico, on February 12, 1929.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the consent and approval of Congress is hereby given to the compact signed by the commissioners for the States of Colorado, New Mexico, and Texas at Santa Fe, New Mexico, on the 12th day of February, 1929, and thereafter approved by the Legislature of the State of Colorado by act approved April 19, 1929, by the Legislature of the State of New Mexico by act approved March 9, 1929, and by the Legislature of the State of Texas by act approved May 22, 1929, which compact reads as follows:
"RIO GRANDE COMPACT"

The State of Colorado, the State of New Mexico, and the State of Texas, desiring to remove all causes of present and future controversy among these States and between citizens of one of these States and citizens of another State with respect to the use of the waters of the Rio Grande above Fort Quitman, Texas, and being moved by considerations of interstate comity, have resolved to conclude a compact for the attainment of these purposes, and to that end, through their respective governors, have named as their respective commissioners Delph E. Carpenter for the State of Colorado, Francis C. Wilson for the State of New Mexico, and T. H. McGregor for the State of Texas, who, after negotiations participated in by William J. Donovan, appointed by the President as the representative of the United States of America, have agreed upon the following articles, to wit:

"ARTICLE I"

Use of terms.

"(a) The State of Colorado, the State of New Mexico, the State of Texas, and the United States of America are hereinafter designated 'Colorado,' 'New Mexico,' 'Texas,' and the 'United States,' respectively.

"(b) The term 'Rio Grande Basin' means all of the territory drained by the Rio Grande and its tributaries in Colorado, New Mexico, and Texas above Fort Quitman, Texas.

"(c) The term 'tributary' means any water course the waters of which naturally flow into the channel of the Rio Grande.

"(d) The 'Closed Basin' means that part of the San Luis Valley in Colorado where the streams and waters naturally flow and drain into the San Luis Lakes and adjacent territory, and the waters of which are not tributary to the Rio Grande.

"(e) 'Domestic' use of water has the significance which attaches to the word 'domestic' in that sense at common law. 'Municipal' use means the use of water by or through water works serving the public. 'Agricultural' use means the use of water for the irrigation of land.

"(f) The term 'power' as applied to the use of water means all uses of water, direct or indirect, for the generation of energy.

"(g) 'Spill' or waste of water at a reservoir means the flowage of water over the spillway, or the release of water through outlet structures other than for domestic, municipal, or agricultural uses, and losses incident thereto.

Extent of provisions.

The provisions hereof binding each signatory State shall include and bind its citizens, agents, and corporations, and all others engaged in, or interested in, the diversion, storage, or use of the waters of the Rio Grande in Colorado or New Mexico, or in Texas above Fort Quitman.

"ARTICLE II"

Declaration of States.

The States of Colorado, New Mexico, and Texas hereby declare:

"(a) That they recognize the paramount right and duty of the United States, in the interests of international peace and harmony, to determine and settle international controversies and claims by treaty, and that when those purposes are accomplished by that means the treaty becomes the supreme law of the Nation;

"(b) That since the benefits which flow from the wise exercise of that authority and the just performance of that duty accrue to all the people, it follows as a corollary that the Nation should defray the cost of the discharge of any obligation thus assumed;
“(c) That with respect to the Rio Grande, the United States, without obligation imposed by international law and ‘being moved by considerations of international comity,’ entered into a treaty dated May 21, 1906 (Thirty-fourth Statutes, page 2953), with the United States of Mexico which obligated the United States of America to deliver from the Rio Grande to the United States of Mexico sixty thousand acre-feet of water annually and forever, whereby in order to fulfill that promise the United States of America, in effect, drew upon the States of Colorado, New Mexico, and Texas a draft worth to them many millions of dollars, and thereby there was cast upon them an obligation which should be borne by the Nation;

“(d) That for the economic development and conservation of the waters of the Rio Grande Basin and for the fullest realization of the purposes recited in the preamble to this compact it is of primary importance that the area in Colorado known as the Closed Basin be drained and the water thus recovered be added to the flow of the river, and that a reservoir be constructed in Colorado upon the river at or near the site generally described as the State Line Reservoir site. The installation of the drain will materially augment the flow of the river, and the construction of the reservoir will so regulate the flow as to remove forever the principal causes of the difficulties between the States signatory hereto; and

“(e) That in alleviation of the heavy burden so placed upon them it is the earnest conviction of these States that without cost to them the United States should construct the Closed Basin Drain and the State Line Reservoir described in paragraph (d).

“The signatory States agree that approval by Congress of this compact shall not be construed as constituting an acceptance or approval, directly, indirectly, or impliedly, of any statement or conclusion appearing in this article.

“ARTICLE III

“(a) Colorado, under the direction and administration of its State engineer, shall cause to be maintained and operated an automatic recording stream-gauging station at each of the following points, to wit:

“(1) On the Rio Grande near Del Norte at the station now maintained, known and designated herein as the Del Norte gauging station (the water records from this station to include the flow diverted into the canal of the Del Norte irrigation system);

“(2) On the Rio Conejos near Mogote, a station known and designated herein as the Mogote gauging station;

“(3) On the Rio Grande at or near the Colorado-New Mexico interstate line, a station known and designated herein as the interstate gauging station; and

“(4) Such other station or stations as may be necessary to comply with the provisions of this compact.

“(b) New Mexico, under the direction and administration of its State engineer, shall cause to be maintained and operated an automatic stream-gauging station at each of the following points, to wit:

“(1) On the Rio Grande at the station known as Buckman;

“(2) On the Rio Grande at San Marcial;

“(3) On the Rio Grande at the Elephant Butte Reservoir outlet; and

“(4) Such other station or stations as may be necessary to comply with the provisions of this compact.
"(c) Texas, under the direction and administration of its duly constituted official, shall cause to be maintained and operated an automatic stream-gauging station at each of the following points, to wit:

"(1) On the Rio Grande at Courchesne;
"(2) On the Rio Grande at Tornillo; and
"(3) On the Rio Grande at Fort Quitman.

"(d) New Mexico and Texas shall establish and maintain such other gauging station or stations as may be necessary for ascertaining and recording the release, flow, distribution, waste, and other disposition of water at all points between the Elephant Butte Reservoir and the lower end of the Rio Grande project, both inclusive: Provided, however, That when the United States shall maintain and operate, through any of its agencies, an automatic gauging station at any of the points herein designated it shall not be necessary for the State within which said station is located to maintain a duplicate gauging station at such point whenever the records of such Government stations are available to the authorities of the several States.

"(e) The officials in charge of all of the gauging stations herein provided for shall exchange records and data obtained at such stations for monthly periods through the operation thereof, or at such other intervals as they may jointly determine, and said officials shall provide for check ratings and such other hydrographic work at the designated stations as may be necessary for the accuracy of the records obtained at such stations and to that end may establish rules and regulations from time to time.

"ARTICLE IV

The State engineer of Colorado, the State engineer of New Mexico, and such officer of Texas as the governor thereof may designate shall constitute a committee which may employ such engineering and clerical aid as may be authorized by the respective State legislatures, and the jurisdiction of the committee shall extend only to the ascertaining of the flow of the river and to the prevention of waste of water, and to findings of fact reached only by unanimous agreement. It shall communicate its findings of fact to the officers of the respective States charged with the performance of duties under this compact. Its findings of fact shall not be conclusive in any court or other tribunal which may be called upon to interpret or enforce this compact. Annual reports compiled for each calendar year shall be made by the committee and transmitted to the governors of the signatory States on or before February 1 following the year covered by such report.

"ARTICLE V

It is agreed that to and until the construction of the Closed Basin Drain and the State Line Reservoir herein described, but not subsequent to June 1, 1935, or such other date as the signatory States may hereafter fix by acts of their respective State legislatures, Colorado will not cause or suffer the water supply at the interstate gauging station to be impaired by new or increased diversions or storage within the limits of Colorado unless and until such depletion is offset by increase of drainage return.

"ARTICLE VI

To the end that the maximum use of the waters of the Rio Grande may be made it is agreed that at such times as the State engineer of New Mexico, under the supervision and control of the committee, shall find that spill at Elephant Butte Dam is anticipated
he shall forthwith give notice to Colorado and New Mexico of the estimated amount of such spill, and of the time at which water may be impounded or diverted above San Marcial, and thereupon Colorado and New Mexico may use in equal portions the amount of such estimated spill so found by the State engineer of New Mexico; and on notice from the said State engineer of New Mexico that the period of said spill, or estimated spill, is terminated, Colorado and New Mexico shall desist from such increased use.

"ARTICLE VII"

"(a) On or before the completion of the Closed Basin Drain and the State Line Reservoir, and in any event not later than June 1, 1935, a commission of three members shall be constituted, to which the governor of each of the signatory States shall appoint a commissioner, for the purpose of concluding a compact among the signatory States and providing for the equitable apportionment of the use of the waters of the Rio Grande among said States. The governors of said States shall request the President of the United States to name a representative to sit with said commission.

(b) The commission so named shall equitably apportion the waters of the Rio Grande as of conditions obtaining on the river and within the Rio Grande Basin at the time of the signing of this compact, and no advantage or right shall accrue or be asserted by reason of construction of works, reclamation of land, or other change in conditions or in use of water within the Rio Grande Basin or the Closed Basin during the time intervening between the signing of this compact and the concluding of such subsequent compact to the end that the rights and equities of each State may be preserved unimpaired: Provided, however, That Colorado shall not be denied the right to divert, store, and/or use water in additional amounts equivalent to the flow into the river from the drain from the Closed Basin.

(c) Any compact concluded by said commission shall be of no force or effect until ratified by the legislature of each of the signatory States and approved by the Congress of the United States.

"ARTICLE VIII"

"(a) Subject to the provisions of this article Colorado consents to the construction and use of a reservoir by the United States and/or New Mexico, and/or Texas, as the case may be, by the erection of a dam across the channel of the Rio Grande at a suitable point in the canyon below the lower State bridge, and grants to the United States and/or to said States, or to either thereof, the right to acquire by purchase, prescription, or to exercise of eminent domain such rights of way, easements, and/or lands as may be necessary or convenient for the construction, maintenance, and operation of said reservoir and the storage and release of waters.

(b) Said reservoir shall be so constructed and operated that the storage and release of waters therefrom and the flowage of water over the spillway shall not impede or interfere with the operation, maintenance, and uninterrupted use of drainage works in the San Luis Valley in Colorado or with the flow and discharge of waters therefrom.

(c) The construction and/or operation of said reservoir and the storage and regulation of flow of waters thereby for beneficial uses or otherwise shall not become the basis or hereafter give rise to any claim of appropriation of waters or of any prior, preferred, or supe-

rior right to the use of any such waters. The purpose of said reservoir shall be to store and regulate the flow of the river.

" (d) The United States, or the signatory States, as the case may be, shall control the storage and release of water from said reservoir and the management and operation thereof, subject to a compact between the signatory States.

" (e) Colorado reserves jurisdiction and control over said reservoir for game, fish, and all other purposes not herein relinquished.

" (f) Colorado waives rights of taxation of said reservoir and appurtenant structures and all lands by it occupied.

" ARTICLE IX

Mexican and Indian rights not impaired.

" ARTICLE X

Policy to avoid waste of waters.

" ARTICLE XI

Subject to the provisions of this compact water of the Rio Grande or any of its tributaries may be impounded and used for the generation of power, but such impounding and use shall always be subservient to the use and consumption of such waters for domestic, municipal, and agricultural purposes. Water shall not be stored, detained, nor discharged so as to prevent or impair use for such dominant purposes.

" ARTICLE XII

New Mexico agrees with Texas, with the understanding that prior vested rights above and below Elephant Butte Reservoir shall never be impaired hereby, that she will not cause or suffer the water supply of the Elephant Butte Reservoir to be impaired by new or increased diversion or storage within the limits of New Mexico unless and until such depletion is offset by increase of drainage return.

" ARTICLE XIII

The physical and other conditions characteristic of the Rio Grande and peculiar to the territory drained and served thereby, and to the development thereof, have actuated this compact, and none of the signatory States admits that any provision herein contained establishes any general principle or precedent applicable to other interstate streams.

" ARTICLE XIV

This compact may be terminated or extended at any time by the unanimous legislative action of all of the signatory States, and in that event all rights established under it shall remain and continue unimpaired.
"**Article XV**

"Nothing herein contained shall prevent the adjustment or settlement of any claim or controversy between these States by direct legislative action of the interested States, nor shall anything herein contained be construed to limit the right of any State to invoke the jurisdiction of any court of competent jurisdiction for the protection of any right secured to such State by the provisions of this compact, or to enforce any provision thereof."

"**Article XVI**

"Nothing in this compact shall be considered or construed as recognizing, establishing, or fixing any status of the river or the accuracy of any data or records or the rights or equities of any of the signatories or as a recognition, acceptance, or acknowledgment of any plan or principle or of any claim or assertion made or advanced by either of the signatories or hereafter construed as in any manner establishing any principle or precedent as regards future equitable apportionment of the waters of the Rio Grande. The signatories agree that the plan herein adopted for administration of the waters of the Rio Grande is merely a temporary expedient to be applied during the period of time in this compact specified, is a compromise temporary in nature and shall have no other force or interpretation, and that the plan adopted as a basis therefore is not to be construed as in any manner establishing, acknowledging, or defining any status, condition, or principle at this or any other time."

"**Article XVII**

"The signatories consent and agree to the extension of time for construction of reservoirs on sites covered by approved applications during the time of this compact and for a reasonable time thereafter."

"**Article XVIII**

"This compact shall become operative when approved by the legislature of each of the signatory States and by the Congress of the United States. Notice of approval shall be given by the governor of each State to the governors of the other States and to the President of the United States, and the President of the United States is requested to give notice to the governors of each of the signatory States of its approval by the Congress of the United States."

"In witness whereof, the commissioners have signed this compact in quadruplicate original, one of which shall be deposited in the archives of the Department of State of the United States of America and shall be deemed the authoritative original, and of which a duly certified copy shall be forwarded to the governor of each of the signatory States."

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to promote interstate commerce, improve the postal service, and more adequately provide for military and other purposes the Commonwealth of Kentucky, by and through the State Highway Commission of Kentucky, or the successors of said commission, be, and it hereby is, authorized to construct, maintain, and operate any or all of the following bridges and approaches thereto, at points suitable to the interests of navigation, in accordance with the provisions of the Act entitled “An Act to regulate the construction of bridges over navigable waters,” approved March 23, 1906, and subject to the conditions and limitations contained in this Act:
A bridge across the Ohio River at or near Maysville; a bridge across the Ohio River at or near Ashland; a bridge across the Ohio River at or near a point opposite Cairo, Illinois; a bridge across the Ohio River at or near Carrollton; a bridge across the Tennessee River at or near Eggners Ferry; a bridge across the Tennessee River near Paducah; a bridge across the South Fork of the Cumberland River at or near Burnside; a bridge across the North Fork of the Cumberland River at or near Burnside; a bridge across Cumberland River at or near Smithland; a bridge across Cumberland River at or near Canton; a bridge across Cumberland River at or near Burkesville; a bridge across the Kentucky River at or near Tyrone; a bridge across the Kentucky River at or near High Bridge; a bridge across the Kentucky River at or near Boonesboro; a bridge across the Kentucky River at or near Gratz; a bridge across the Green River at or near Brownsville; a bridge across the Green River at or near Rockport; a bridge across the Green River at or near Morgantown; and a bridge across Green River at or near Spottsville.

- A bridge across the Ohio River at or near Milton; a bridge across the Ohio River at or near Paducah; a bridge across the Kentucky River at or near Carrollton; and a bridge across Green River at or near Calhoun.

Sect. 2. There is hereby conferred upon the Commonwealth of Kentucky and the State Highway Commission of Kentucky, or the successors of said commission, all such rights and powers to enter upon lands and to acquire, condemn, occupy, possess, and use real estate and other property needed for the location, construction, and/or operation of any and/or all such bridges and their approaches as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor, to be ascertained and paid according to the laws of such State, and the proceedings therefor shall be the same as in condemnation or expropriation of property for public purposes in such State.

Sect. 3. The Commonwealth of Kentucky, by and through the State Highway Commission of Kentucky, or the successors of said commission, is hereby authorized to fix and charge tolls for transit over any and/or all such bridges, and the rates of toll so fixed shall be the legal rates until changed by the Secretary of War under the authority contained in the Act of March 23, 1906.

Sect. 4. The Commonwealth of Kentucky, by and through the State Highway Commission of Kentucky, or its successors, may unite or group all or such of said bridges, excepting and excluding interstate bridges, into one or more separate projects for financing purpose, as in its or their judgment shall be deemed practicable to so unite or group. If tolls are charged for the use of a bridge or bridges in a project, the rates of toll to be charged for the use of such bridge or bridges embraced in the particular project shall be so adjusted as to provide a fund not to exceed an amount sufficient to pay the reasonable costs of maintaining, repairing, and operating the bridge or all of the bridges included in the particular project and their approaches under economical management, and not to exceed an amount sufficient, in addition to the foregoing, to provide a sinking fund suffi-
cient to amortize the aggregate cost of the bridge or all of the bridges embraced in the particular project, and their approaches, including reasonable interests and financing costs, as soon as possible under reasonable charges, but within a period not exceeding twenty years from the date of approval of this Act. The tolls derived from the bridge or bridges embraced in any particular project may be continued and paid into the appropriate sinking fund until all such costs of the bridges embraced in the particular project shall have been amortized. In any event tolls shall be charged on the basis aforesaid for transit over the bridge or bridges in each project for which revenue bonds of said Commonwealth are issued, and such tolls shall be continued and adjusted at such rates as may be necessary to pay such bonds with interest thereon and any lawful premium for the retirement thereof before maturity, subject only to the power of the Secretary of War or other authorized Federal authority to regulate such rates.

If the State Highway Commission of Kentucky, or its successors, shall in the exercise of its or their judgment deem it inexpedient or impracticable to construct or acquire any one or more of such bridges, or to unite or group any one or more with another or others for financing purposes, then the failure of the Commonwealth of Kentucky, acting by and through the State Highway Commission of Kentucky, or its successors, to construct or acquire any one or more of such bridges, or failure to unite or group any one or more with another or others for financing purposes, shall in nowise affect its authority or powers granted by this Act as to such bridge or bridges or the remainder of such bridges which it may so construct, acquire, unite, or group, and operate.

After a sinking fund sufficient to amortize the cost of the bridge or bridges in any particular project shall have been provided to the extent hereinabove required, the bridge or bridges included in such project shall thereafter be maintained and operated free of tolls. An accurate record of the cost of the bridge or bridges in a project and their approaches, the expenditures for maintaining, repairing, and operating same, and of the daily tolls collected shall be kept and shall be available for the information of all persons interested. Tolls shall be uniform as between individuals and as between vehicles of the same class using any one of the bridges, but different rates of toll may be charged for the use of different bridges.

Sec. 5. The authority and powers conferred by this Act are supplementary and additional to all other authority and powers heretofore granted by law in relation to such bridges and tolls for transit thereover, and such authority or powers as to any one or more of such bridges may be exercised either under the authority and provisions of this Act or under the authority and provisions of any other law relating thereto; and nothing in this Act shall be construed as requiring tolls to be charged for the use of any one or more of such bridges, except as hereinabove provided, and nothing herein shall be construed to prohibit the Commonwealth of Kentucky, acting by and through the State Highway Commission of Kentucky, or its successors, from paying all or any part of the cost of any one or more of such bridges and their approaches from the State road fund, or from paying all or any part of the cost of maintenance, repair, or operation of any one or more of such bridges from the State road fund of the Commonwealth of Kentucky.

"That a commission is hereby created and established, to be known as the Federal Power Commission (hereinafter referred to as the "commission") which shall be composed of five commissioners who shall be appointed by the President, by and with the advice and consent of the Senate, one of whom shall be designated by the President as chairman and shall be the principal executive officer of the commission: Provided, That after the expiration of the original term of the commissioner so designated as chairman by the President, chairmen shall be elected by the commission itself, each chairman when so elected to act as such until the expiration of his term of office.

"The commissioners first appointed under this section, as amended, shall continue in office for terms of one, two, three, four, and five years, respectively, from the date this section, as amended, takes effect, the term of each to be designated by the President at the time of nomination. Their successors shall be appointed each for a term of five years from the date of the expiration of the term for which his predecessor was appointed, except that any person appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed only for the unexpired term of such predecessor. Not more than three of the commissioners shall be appointed from the same political party. No person in the employ of or holding any official relation to any licensee or to any person, firm, association, or corporation engaged in the generation, transmission, distribution, or sale of power, or owning stock or bonds thereof, or who is in any manner pecuniarily interested therein, shall enter upon the duties of or hold the office of commissioner. Said commissioners shall not engage in any other business, vocation, or employment. No vacancy in the commission shall impair the right of the remaining commissioners..."
to exercise all the powers of the commission. Three members of the commission shall constitute a quorum for the transaction of business, and the commission shall have an official seal of which judicial notice shall be taken. The commission shall annually elect a vice chairman to act in case of the absence or disability of the chairman or in case of a vacancy in the office of chairman.

"Each commissioner shall receive an annual salary of $10,000, together with necessary traveling and subsistence expenses, or per diem allowance in lieu thereof, within the limitations prescribed by law, while away from the seat of government upon official business.

"The principal office of the commission shall be in the District of Columbia, where its general sessions shall be held; but whenever the convenience of the public or of the parties may be promoted or delay or expense prevented thereby, the commission may hold special sessions in any part of the United States.

"Sec. 2. The commission shall have authority to appoint, prescribe the duties, and fix the salaries of, a secretary, a chief engineer, a general counsel, a solicitor, and a chief accountant; and may, subject to the civil service laws, appoint such other officers and employees as are necessary in the execution of its functions and fix their salaries in accordance with the Classification Act of 1923, as amended. The commission may request the President to detail an officer or officers from the Corps of Engineers, or other branches of the United States Army, to serve the commission as engineer officer or officers, or in any other capacity, in field work outside the seat of government, their duties to be prescribed by the commission; and such detail is hereby authorized. The President may also, at the request of the commission, detail, assign, or transfer to the commission engineers in or under the Departments of the Interior or Agriculture for field work outside the seat of government under the direction of the commission.

"The commission may make such expenditures (including expenditures for rent and personal services at the seat of government and elsewhere, for law books, periodicals, and books of reference, and for printing and binding) as are necessary to execute its functions. Expenditures by the commission shall be allowed and paid upon the presentation of itemized vouchers therefor, approved by the chairman of the commission or by such other member or officer as may be authorized by the commission for that purpose."

"Sec. 2. Subsection (c) of section 4 of the Federal Water Power Act is amended by adding at the end thereof the following new sentence: "Such report shall contain the names and show the compensation of the persons employed by the commission."

"Sec. 3. Notwithstanding the provisions of section 1 of this Act the Federal Power Commission as constituted upon the date of the approval of this Act shall continue to function until the date of the reorganization of the commission pursuant to the provisions of such section. The commission shall be deemed to be reorganized upon such date as three of the commissioners appointed as provided in such section 1 have taken office, and no such commissioner shall be paid salary for any period prior to such date.

"Sec. 4. This Act shall be held to reorganize the Federal Power Commission created by the Federal Water Power Act, and said Federal Water Power Act shall remain in full force and effect, as herein amended, and no regulations, actions, investigations, or other proceedings under the Federal Water Power Act existing or pending at the time of the approval of this Act shall abate or otherwise be affected by reasons of the provisions of this Act.

Sec. 2. There is hereby conferred upon the commission and its successors and assigns all such rights and powers to enter upon lands and to acquire, condemn, occupy, possess, and use such real estate and other property in the State of Michigan as may be needed for the location, construction, operation, and maintenance of such bridge and its approaches as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State of Michigan, upon making just compensation therefor, to be ascertained and paid according to the laws of such State, and the proceedings therefor shall be the same as in the condemnation of private property for public purposes in such State, and the commission and its successors or assigns may exercise in the Dominion of Canada all rights, powers, and authority which shall be granted or permitted to the commission by the proper authorities of the Dominion of Canada or of the Province of Ontario, including the entering upon lands and acquiring, condemning, occupying, possessing, and using such real estate and other property in the Dominion of Canada as may be needed for such location, construction, operation, and maintenance of such bridge.

Sec. 3. The commission and its successors and assigns are hereby authorized to fix and charge tolls for transit over such bridge and such ferry or ferries in accordance with the provisions of this Act.

Sec. 4. The commission and its successors and assigns are hereby authorized to provide for the payment of the cost of the bridge and its approaches and the ferry or ferries and the necessary lands, easements, and appurtenances thereto by an issue or issues of bonds of the commission, upon approval by the Michigan Public Utilities Commission, bearing interest at not more than 6 per centum per annum, payable annually or at shorter intervals, maturing not more than thirty years from their date of issuance, such bonds and the interest thereon, and any premium to be paid for retirement thereof before maturity, to be payable solely from the sinking fund provided in accordance with this Act. Such bonds may be registerable as to principal alone or both principal and interest, and shall be in such form not inconsistent with this Act, and be payable at such place or places as the commission may determine. The commission may re-purchase and may reserve the right to redeem all or any of said bonds before maturity at prices not exceeding one hundred and five and accrued interest. The commission may enter into an agreement with any bank or trust company in the United States as trustee having the power to make such agreement, setting forth the duties of the commission in respect of the construction, maintenance, operation, repair, and insurance of the bridge and/or the ferry or ferries, the conservation and application of all funds, the safeguarding of moneys on hand or on deposit, and the rights and remedies of said trustee and the holders of the bonds, restricting the individual right of action of the bondholders as is customary in trust agreements respecting bonds of corporations. Such trust agreement may contain such provision for protecting and enforcing the rights and remedies of the trustee and the bondholders as may be reasonable and proper and not inconsistent with the law and also a provision for approval by the original purchasers of the bonds of the employment of consulting engineers and of the security given by bridge contractors and by any bank or trust company in which the proceeds of bonds or of bridge and/or ferry tolls or other moneys of the commission shall be deposited, and may provide that no contract for construction shall be made without the approval of the consulting
engineers. The bridge constructed under the authority of this Act shall be deemed to be an instrumentality for international commerce authorized by the Government of the United States, and said bridge and ferry or ferries and the income derived therefrom shall be exempt from all Federal, State, municipal, and local taxation. Said bonds shall be sold in such manner and at such price as the commission may determine, such price to be not less than the price at which the interest yield basis will equal 6 per centum per annum as computed from standard tables of bond values, and the face amount thereof shall be so calculated as to produce, at the price of their sale, the estimated cost of the bridge and its approaches, and the land, easements, and appurtenances used in connection therewith and, in the event the ferry or ferries are to be acquired, also the estimated cost of such ferry or ferries and the lands, easements, and appurtenances used in connection therewith. The cost of the bridge and ferry or ferries shall be deemed to include interest during construction of the bridge, and for twelve months thereafter, and all engineering, legal, architectural, traffic surveying, and other expenses incident to the construction of the bridge or the acquisition of the ferry or ferries, and the acquisition of the necessary property, and incident to the financing thereof, including the cost of acquiring existing franchises, rights, plans, and works of and relating to the bridge, now owned by any person, firm, or corporation, and the cost of purchasing all or any part of the shares of stock of any such corporate owner if in the judgment of the commission such purchases should be found expedient. If the proceeds of the bonds issued shall exceed the cost as finally determined, the excess shall be placed in the sinking fund hereinafter provided. Prior to the preparation of definitive bonds the commission may under like restrictions issue temporary bonds with or without coupons, exchangeable for definitive bonds upon the issuance of the latter.

Sec. 5. In fixing the rates of toll to be charged for the use of such bridge the same shall be so adjusted as to provide a fund sufficient to pay for the reasonable cost of maintaining, repairing, and operating the bridge and its approaches under economical management, and to provide a sinking fund sufficient to pay the principal and interest of such bonds as the same shall fall due and the redemption or repurchase price of all or any thereof redeemed or repurchased before maturity as herein provided. All tolls and other revenues from said bridge are hereby pledged to such uses and to the application thereof hereinafter in this section required. After payment or provision for payment therefrom of all such cost of maintaining, repairing, and operating and the reservation of an amount of money estimated to be sufficient for the same purpose during an ensuing period of not more than six months, the remainder of tolls collected shall be placed in the sinking fund, at intervals to be determined by the commission prior to issuance of the bonds. An accurate record of the cost of the bridge and its approaches, the expenditures for maintaining, repairing, and operating the same, and of the daily tolls collected, shall be kept and shall be available for the information of all persons interested. The commission shall classify in a reasonable way all traffic over the bridge, so that the tolls shall be so fixed and adjusted by it as to be uniform in the application thereof to all traffic falling within any such reasonable class, regardless of the status or character of any person, firm, or corporation participating in such traffic, and shall prevent all use of such bridge for traffic except upon payment of the tolls so fixed and adjusted. No toll shall be charged to officials or employees of the commission or of the Governments of the United States or Canada or any State, Province,

county, or municipality in the United States or Canada while in the discharge of their duties or municipal police or fire departments when engaged in the proper work of any such department.

Sec. 6. Nothing herein contained shall require the commission or its successors to maintain or operate any ferry or ferries purchased hereunder, but in the discretion of the commission or its successors any ferry or ferries so purchased, with the appurtenances and properly thereto connected and belonging, may be sold or otherwise disposed of or may be abandoned and/or dismantled whenever in the judgment of the commission or its successors it may seem expedient so to do. The commission and its successors may fix such rates of toll for the use of such ferry or ferries as it may deem proper, subject to the same conditions as are hereinabove required as to tolls for traffic over the bridge. All tolls collected for the use of the ferry or ferries and the proceeds of any sale or disposition of any ferry or ferries, shall be used, so far as may be necessary, to pay the cost of maintaining, repairing, and operating the same, and any residue thereof shall be paid into the sinking fund hereinafter provided for bonds. An accurate record of the cost of purchasing the ferry or ferries, the expenditures for maintaining, repairing, and operating the same, and of the daily tolls collected shall be kept and shall be available for the information of all persons interested.

Sec. 7. After payment of the bonds and interest, or after a sinking fund sufficient for such payment shall have been provided and shall be held for that purpose, the commission shall deliver deeds or other suitable instruments of conveyance of the interest of the commission in and to the bridge, that part within the United States to the State of Michigan or any municipality or agency thereof as may be authorized by or pursuant to law to accept the same (hereinafter referred to as the United States interests) and that part within Canada to the Dominion of Canada or to such Province, municipality or agency thereof as may be authorized by or pursuant to law to accept the same (hereinafter referred to as the Canadian interests), under the condition that the bridge shall thereafter be free of tolls and be properly maintained, operated, and repaired by the United States interests and the Canadian interests, as may be agreed upon; but if either the United States interests or the Canadian interests shall not be authorized to accept or shall not accept the same under such conditions, then the bridge shall continue to be owned, maintained, operated, and repaired by the commission, and the rates of tolls shall be so adjusted as to provide a fund of not to exceed the amount necessary for the proper maintenance, repair, and operation of the bridge and its approaches under economical management, until such time as both the United States interests and the Canadian interests shall be authorized to accept and shall accept such conveyance under such conditions. If at the time of such conveyance, the commission or its successors shall not have disposed of such ferry or ferries, the same shall be disposed of by sale as soon as practicable, at such price and upon such terms as the commission or its successors may determine, but in making any such sale preference shall be given to the Canadian interests and thereafter to the United States interests before any sale except to such respective interests.

Sec. 8. For the purpose of carrying into effect the objects stated in this Act, there is hereby created the Great Lakes Bridge Commission, and by that name, style, and title said body shall have perpetual succession; may contract and be contracted with, sue and be sued, implead and be impleaded, complain and defend in all courts of law and equity; may make and have a common seal; may purchase or otherwise acquire and hold or dispose of real estate and other property; may accept and receive donations or gifts of money.
or other property and apply same to the purposes of this Act; and shall have and possess all powers necessary, convenient, or proper for carrying into effect the objects stated in this Act.

The commission shall consist of Frank E. Beard, Edgar W. Kiefer, Major David McCook, junior, Fred W. Moore, and Louis A. Weil. Any vacancy occurring in said commission shall be filled by a majority vote of the remaining members of the commission, and notices of elections to fill vacancies and of acceptances thereof shall be filed with the county clerk of Saint Clair County, Michigan. Any officer of the United States Army, who may be appointed or elected a member of the commission, may serve as such member notwithstanding the provisions of section 1222, Revised Statutes, or any other law. Each member of the commission and their respective successors shall qualify by giving such bond as may be fixed by the State highway commissioner of Michigan, conditioned for the faithful performance of all duties required by this Act. The commission shall elect a chairman and a vice chairman from its members, and may establish rules and regulations for the government of its own business. Three members shall constitute a quorum for the transaction of business.

Sec. 9. The commission shall have no capital stock or shares of interest or participation, and all revenues and receipts thereof shall be applied to the purposes specified in this Act. The members of the commission shall not be entitled to any compensation for their services but may employ a secretary, treasurer, engineers, attorneys, and such other experts, assistants, and employees as they may deem necessary, who shall be entitled to receive such compensation as the commission may determine. After all bonds and interest thereon shall have been paid and all other obligations of the commission paid or discharged, or provision for all such payment shall have been made as hereinbefore provided, and after the bridge shall have been conveyed to the United States interests and the Canadian interests as herein provided, and any ferry or ferries shall have been sold, or in the event that the bridge herein authorized is not constructed within five years from the date of approval of this Act, the commission shall be dissolved and shall cease to have further existence, by an order of the State highway commissioner of Michigan made upon his own initiative or upon application of the commission or any member or members thereof, but only after a public hearing in the city of Port Huron, notice of the time and place of which hearing and the purpose thereof shall have been published once, at least thirty days before the date thereof, in a newspaper published in the city of Port Huron, Michigan, and a newspaper published in the city of Sarnia, Ontario. At the time of such dissolution, all moneys in the hands of or to the credit of the commission shall be divided into two equal parts, one of which shall be paid to said United States interests and the other to said Canadian interests.

Sec. 10. Nothing herein contained shall be construed to authorize or permit the commission or any member thereof to create any obligation or incur any liability other than such obligations and liabilities as are dischargeable solely from funds provided by this Act. No obligation created or liability incurred pursuant to this Act shall be an obligation or liability of any member or members of the commission, but shall be chargeable solely to the funds herein provided, nor shall any indebtedness created pursuant to this Act be an indebtedness of the United States.

Sec. 11. All provisions of this Act may be enforced, or the violation thereof prevented by mandamus, injunction, or other appropriate remedy brought by the attorney general for the State of Michigan, the United States district attorney for the district in
which the bridge may be located in part, or by the solicitor general of the Dominion of Canada in any court having competent jurisdiction of the subject matter and of the parties.

Sec. 12. The right to alter, amend, or repeal this Act is hereby expressly reserved.

Approved, June 25, 1930.

C., Supp. III, title 47, sec. 96) is amended by striking out the whole of said section and by inserting in lieu thereof the following: "Sec. 16. (a) An appeal may be taken, in the manner hereinafter provided, from decisions of the commission to the Court of Appeals of the District of Columbia in any of the following cases:

(3) By any other person, firm, or corporation aggrieved or whose interests are adversely affected by any decision of the commission granting or refusing any such application or by any decision of the commission revoking, modifying, or suspending an existing station license.

Such appeal shall be taken by filing with said court within twenty days after the decision complained of is effective, notice in writing of said appeal and a statement of the reasons therefor, together with proof of service of a true copy of said notice and statement upon the commission. Unless a later date is specified by the commission as part of its decision, the decision complained of shall be considered to be effective as of the date on which public announcement of the decision is made at the office of the commission in the city of Washington.

(b) The commission shall thereupon immediately, and in any event not later than five days from the date of such service upon it, mail or otherwise deliver a copy of said notice of appeal to each person, firm, or corporation shown by the records of the commission to be interested in such appeal and to have a right to intervene therein under the provisions of this section, and shall at all times thereafter permit any such person, firm, or corporation to inspect and make copies of the appellant's statement of reasons for said appeal at the office of the commission in the city of Washington. Within thirty days after the filing of said appeal the commission shall file with the court the originals or certified copies of all papers and evidence presented to it upon the application involved or upon its order revoking, modifying, or suspending a license, and also a like copy of its decision thereon, and shall within thirty days thereafter file a full statement in writing of the facts and grounds for its decision as found and given by it, and a list of all interested per-

Any person, firm, or corporation who would be aggrieved or whose interests would be adversely affected by a reversal or modification of the decision of the commission complained of shall be considered an interested party.

“(d) At the earliest convenient time the court shall hear and determine the appeal upon the record before it, and shall have power, upon such record, to enter a judgment affirming or reversing the decision of the commission, and, in event the court shall render a decision and enter an order reversing the decision of the commission, it shall remand the case to the commission to carry out the judgment of the court: Provided, however, That the review by the court shall be limited to questions of law and that findings of fact by the commission, if supported by substantial evidence, shall be conclusive unless it shall clearly appear that the findings of the commission are arbitrary or capricious. The court's judgment shall be final, subject, however, to review by the Supreme Court of the United States upon writ of certiorari on petition therefor under section 347 of title 28 of the Judicial Code by appellant, by the commission, or by any interested party intervening in the appeal.

“(e) The court may, in its discretion, enter judgment for costs in favor of or against an appellant, and/or other interested parties intervening in said appeal, but not against the commission, depending upon the nature of the issues involved upon said appeal and the outcome thereof: Provided, however, That this section shall not relate to or affect appeals which were filed in said Court of Appeals prior to the enactment of this amendment.”

SEC. 19. In the event of disagreement as to claim, including claim for refund of premiums, under a contract of insurance between the bureau and any person or persons claiming thereunder an action on the claim may be brought against the United States either in the Supreme Court of the District of Columbia or in the district court of the United States in and for the district in which such persons or any one of them resides, and jurisdiction is hereby conferred upon such courts to hear and determine all such controversies. The procedure in such suits shall be the same as that provided in sections 5 and 6 of the Act entitled ‘An Act to provide for the bringing of suits against the Government of the United States,’ approved March 3, 1887, and section 10 thereof so far as applicable. All persons having or claiming to have an interest in such insurance may be made parties to such suit, and such as are not inhabitants of or found within the district in which suit is brought may be brought in by order of the court to be served personally or by publication or in such other reasonable manner as the court may direct. In all cases where the bureau acknowledges the indebtedness of the United States upon any such contract of insurance and there is a dispute as to the person or persons entitled to payment, a suit in the nature of a bill of interpleader may be brought by the bureau in the name of the United States against all persons having or claiming to have any interest in such insurance in the Supreme Court of the District of Columbia or in the district court in and for the district in which any such claimants reside: Provided, That no less than thirty days prior to instituting such suit the bureau shall mail a notice of such intention to each of the persons to be made parties to the suit. “No suit on yearly renewable term insurance shall be allowed under this section unless the same shall have been brought within six years after the right accrued for which the claim is made or within one year after the date of approval of this amendatory Act, whichever is the later date, and no suit on United States Government life (converted) insurance shall be allowed under this section unless the same shall have been brought within six years after the right acknowledged.
accrued for which the claim is made: Provided, That for the purposes of this section it shall be deemed that the right accrued on the happening of the contingency on which the claim is founded: Provided further, That this limitation is suspended for the period elapsing between the filing in the bureau of the claim sued upon and the denial of said claim by the director. Infants, insane persons, or persons under other legal disability, or persons rated as incompetent or insane by the bureau shall have three years in which to bring suit after the removal of their disabilities. If suit is seasonably begun and fails for defect in process, or for other reasons not affecting the merits, a new action, if one lies, may be brought within a year though the period of limitations has elapsed. Judgments heretofore rendered against the person or persons claiming under the contract of war-risk insurance on the ground that the claim was barred by the statute of limitations shall not be a bar to the institution of another suit on the same claim. No State or other statute of limitations shall be applicable to suits filed under this section.

"In any suit, action, or proceeding brought under the provisions of this Act subpoenas for witnesses who are required to attend a court of the United States in any district may run into any other district: Provided, That no writ of subpoena shall issue for witnesses living out of the district in which the court is held at a greater distance than one hundred miles from the place of holding the same without the permission of the court being first had upon proper application and cause shown. The word 'district' and the words 'district court' as used herein shall be construed to include the District of Columbia and the Supreme Court of the District of Columbia.

"Attorneys of the bureau when assigned to assist in the trial of cases, and employees of the bureau when ordered in writing by the director to appear as witnesses shall be paid the regular travel and subsistence allowance paid to other employees when on official travel status.

"Part time and fee basis employees of the bureau, in addition to their regular travel and subsistence allowance, when ordered in writing by the director to appear as witnesses in suits under this section, may be allowed, within the discretion and under written orders of the director, a fee in an amount not to exceed $20 per day.

"Employees of the United States Veterans' Bureau who are subpoenaed to attend the trial of any suit, under the provisions of this Act, as witnesses for plaintiffs shall be granted official leave for the period they are required to be away from the bureau in answer to such subpoenas.

"The term 'claim' as used in this section, means any writing which alleges permanent and total disability at a time when the contract of insurance was in force, or which uses words showing an intention to claim insurance benefits and the term 'disagreement' means a denial of the claim by the director or some one acting in his name on an appeal to the director. This section, as amended, with the exception of this paragraph, shall apply to all suits now pending against the United States under the provisions of the War Risk Insurance Act, as amended, or the World War Veterans' Act, 1924, as amended."

Sec. 5. That a new subdivision be added to section 21 of the World War Veterans' Act, 1924, as amended (section 940, title 38, United States Code), to be known as subdivision (3), and to read as follows:

"(3) Any or any part of the compensation or insurance the payment of which is suspended or withheld under this section may, in the discretion of the director, be paid temporarily to the person having custody and control of the incompetent or minor beneficiary to be used solely for the benefit of such beneficiary, or, in the case of an
incompetent veteran, may be apportioned to the dependent or dependents, if any, of such veteran. Any part not so paid and any funds of a mentally incompetent or insane veteran not paid to the chief officer of the institution in which such veteran is an inmate nor apportioned to his dependent or dependents under the provisions of section 202 (7) of this Act may be ordered held in the Treasury to the credit of such beneficiary. All funds so held shall be disbursed under the order and in the discretion of the director for the benefit of such veteran or his dependents. Any balance remaining in such fund to the credit of any veteran may be paid to him if he recovers and is found competent, or otherwise to his guardian, curator, or conservator, or, in the event of his death, to his personal representative, except as provided in section 26 of this Act: Provided, That payment will not be made to his personal representative if, under the law of the State of his last legal residence, his estate would escheat to the State: Provided further, That any funds in the hands of a guardian, curator, conservator, or person legally vested with the care of the veteran or his estate, derived from compensation, automatic or term insurance payable under said Acts, which under the law of the State wherein the veteran had his last legal residence would escheat to the State, shall escheat to the United States and shall be returned by such guardian, curator, conservator, or person legally vested with the care of the veteran or his estate, less legal expenses of any administration necessary to determine that an escheat is in order, to the bureau, and shall be deposited to the credit of the current appropriations provided for payment of compensation and insurance.”

Sec. 6. That section 28 of the World War Veterans’ Act, 1924, as amended (section 453, title 38, United States Code), be hereby amended to read as follows:

“SEC. 28. There shall be no recovery of payments from any person who, in the judgment of the director, is without fault on his part and where, in the judgment of the director, such recovery would defeat the purpose of benefits otherwise authorized or would be against equity and good conscience. No disbursing officer shall be held liable for any amount paid by him to any person where the recovery of such amount is waived under this section.

“When under the provisions of this section the recovery of a payment made from the United States Government life insurance fund is waived, the United States Government life insurance fund shall be reimbursed for the amount involved from the current appropriation for military and naval insurance.

“This section, as amended, shall be deemed to be in effect as of June 7, 1924.”

"(3) If and while the disability is rated as total and permanent, the rate of compensation shall be $100 per month: Provided, however, That the permanent loss of the use of both feet, or both hands, or of both eyes, or of one foot and one hand, or of one foot and one eye, or of one hand and one eye, or the loss of hearing of both ears, or the organic loss of speech, or becoming permanently helpless or permanently bedridden, shall be deemed to be total permanent disability: Provided further, That the compensation for the loss of the use of both eyes shall be $150 per month, and that compensation for the loss of the use of both eyes and one or more limbs shall be $200 per month: Provided further, That for double total permanent disability the rate of compensation shall be $200 per month.

"That any ex-service man shown to have a tuberculous disease of compensable degree, and who has been hospitalized for a period of one year, and who in the judgment of the director will not reach a condition of arrest by further hospitalization, and whose discharge from hospitalization will not be prejudicial to the beneficiary or his family, and who is not, in the judgment of the director, feasible for training, shall, upon his request, be discharged from hospitalization and rated as temporarily totally disabled, said rating to continue for the period of three years: Provided, however, That nothing in this subdivision shall deny the beneficiary the right, upon presentation of satisfactory evidence, to be adjudged to be permanently and totally disabled: Provided further, That in addition to the compensation above provided, the injured person shall be furnished by the United States such reasonable governmental, medical, surgical, and hospital services, including payment of court costs and other expenses incident to proceedings heretofore or hereafter taken for commitment of mentally incompetent persons to hospitals for care and treatment of the insane, and shall be furnished with such supplies, including wheel chairs, artificial limbs, trusses, and similar appliances, as the director may determine to be useful and reasonably necessary, which wheel chairs, artificial limbs, trusses, and similar appliances may be procured by the bureau in such manner, either by purchase or manufacture, as the director may determine to be advantageous and reasonably necessary: Provided, That nothing in this Act shall be construed to affect the necessary military control over any member of the Military or Naval Establishments before he shall have been discharged from the military or naval service: Provided further, That where any person entitled to the benefits of this paragraph has heretofore been hospitalized in a State institution, the United States Veterans' Bureau is hereby authorized to reimburse such person, or his estate, where payment has been made to the State out of the funds of such person, or to reimburse the State or any subdivision thereof where no payment has been made for the reasonable cost of such services from the date of admission.

"There shall be paid to any person who suffered the loss of the use of a creative organ or one or more feet or hands as the result of an injury received in the active service in line of duty between April 6, 1917, and November 11, 1918, compensation of $25 per month, independent of any other compensation which may be payable under this Act: Provided, however, That if such injury was incurred while the veteran was serving with the United States military forces in Russia, the dates herein stated shall extend from April 6, 1917, to April 1, 1920.
“(5) If the disabled person is so helpless as to be in need of a nurse or attendant, such additional sum shall be paid, but not exceeding $50 per month, as the director may deem reasonable.”

Sec. 14. That subdivision (7) of section 202 of the World War Veterans’ Act, 1924, as amended (sections 480, 481, title 38, United States Code), be hereby amended to read as follows:

“(7) Where any disabled person having neither wife, child, nor dependent parent shall, after July 1, 1924, have been maintained by the Government of the United States for a period or periods amounting to six months in an institution or institutions, and shall be deemed by the director to be insane, the compensation for such person shall thereafter be $20 per month so long as he shall thereafter be maintained by the bureau in an institution; and such compensation may, in the discretion of the director, be paid to the chief officer of said institution to be used for the benefit of such person:

Provided, however, That in any case where the estate of such veteran derived from funds paid under the War Risk Insurance Act, as amended, and/or the World War Veterans’ Act, 1924, as amended, equals or exceeds $3,000, payment of the $20 per month shall be discontinued until the estate is reduced to $3,000: Provided further, That if such person shall recover his reason and shall be discharged from such institution as competent, such additional sum shall be paid him as would equal the total sum by which his compensation has been reduced or discontinued through the provisions of this subdivision.

“All or any part of the compensation of any mentally incompetent inmate of an institution may, in the discretion of the director, be paid to the chief officer of said institution to be properly accounted for and to be used for the benefit of such inmate, or may, in the discretion of the director, be apportioned to wife, child, or children, or dependent parents in accordance with regulations.

“That any ex-service person shown to have had a tuberculous disease of a compensable degree, who in the judgment of the director has reached a condition of complete arrest of his disease, shall receive compensation of not less than $50 per month: Provided, however, That nothing in this provision shall deny a beneficiary the right to receive a temporary total rating for six months after discharge from a one year’s period of hospitalization: Provided further, That no payments under this provision shall be retroactive, and the payments hereunder shall commence from the date of the passage of this Act or the date the disease reaches a condition of arrest, whichever be the later date.

“The director is hereby authorized and directed to insert in the rating schedule a minimum rating of permanent partial 25 per cent for arrested or apparently cured tuberculosis.”

Sec. 15. (1) That so much of the second sentence of subdivision (10) of section 202 of the World War Veterans’ Act, 1924, as amended (section 484, title 38, United States Code), as precedes the first proviso thereof, be hereby amended to read as follows:

Sec. 16. That subdivision (15) of section 209 of the World War Veterans' Act, 1924, as amended (section 489, title 38, United States Code), be hereby amended to read as follows:

"(15) That any person who is now receiving a gratuity or pension from the United States under existing law shall not receive compensation under this section unless he shall first surrender all claim to further payments of such gratuity or pension, except as hereafter provided and in subdivision (7) of section 201: Provided, That in the event of surrender of pension as hereinbefore set forth, any disability incurred in the military service of the United States, by reason of which said pension would be payable, shall be evaluated in accordance with the provisions of subdivision (4), section 202, and shall be payable as compensation under this Act: Provided further, That such compensation rating shall be combined with any other compensation rating awarded by reason of active service in the World War."

Sec. 17. That section 206 of the World War Veterans' Act, 1924, as amended (section 495, title 38, United States Code), be hereby repealed.

Sec. 18. That section 209 of the World War Veterans' Act, 1924, as amended (section 498, title 38, United States Code), be hereby repealed.

"The insurance, except as provided herein, shall be payable in two hundred and forty equal monthly installments: Provided, That when the amount of an individual monthly payment is less than $5, such amount may in the discretion of the director be allowed to accumulate without interest and be disbursed annually. Provisions for maturity at certain ages, for continuous installments during the life of the insured or beneficiaries, or both, for refund of premiums, cash loan, paid-up and extended values, dividends from gains and savings, and such other provisions for the protection and advantage of and for alternative benefits to the insured and the beneficiaries as may be found to be reasonable and practicable, may be provided for in the contract of insurance, or from time to time by regulations. All calculations shall be based upon the American Experience Table of Mortality and interest at 3 1/2 per centum per annum, except that no deduction shall be made for continuous installments during the life of the insured in case his total and permanent disability continues more than two hundred and forty months. "Sec. 311. The director is hereby authorized and directed to include in United States Government life (converted) insurance policies provision whereby an insured, who is totally disabled as a result of disease or injury for a period of four consecutive months or more before attaining the age of sixty-five years and before default in payment of any premium, shall be paid disability benefits at the rate of $5.75 monthly for each $1,000 of converted insurance in force when total disability benefits become payable. The amount of such monthly payment under the provisions of this section shall not be reduced because of payment of permanent and total disability benefits under the United States Government life (converted) insurance policy. Such payments shall be effective as of the first day of the fifth consecutive month, and shall be made monthly during the continuance of such total disability. Such payments shall be concurrent with or independent of permanent total disability benefits under the United States Government life (converted) insurance policy. In addition to the monthly disability benefits the payment of premiums on the United States Government life (converted) insurance policy and for the total disability benefits authorized by this section shall be waived during the continuance of such total disability. Regulations shall provide for reexaminations of beneficiaries under this section; and, in the event that it is found that an insured is no longer totally disabled, the waiver of premiums and payment of benefits shall cease and the United States Government life (converted) insurance policy, including the total disability provision authorized by this section, may be continued by payment of premiums as provided in said policy and the total disability provision authorized by this section. Neither the dividends nor the amount payable in any settlement under any United States Government life (converted) insurance policy shall be decreased because of disability benefits granted under the provisions of this section. The payment of total disability benefits shall not prejudice the right of any insured, who is totally and permanently disabled, to total permanent disability benefits under his United States Government life (converted) insurance policy: Provided, That the provision authorized by this section shall not be included in any United States Government life (converted) insurance policy herefore or hereafter issued, except upon application, payment of premium by the insured, and proof of good health satisfactory to the director. The benefit granted under this section shall be on the basis of multiples of $500, and not less than $1,000 or more than the amount of United States Government life (converted) insurance in force at time of application. The director shall determine the amount of the monthly premium to cover the benefits of this section, and in order to continue such benefits in force the monthly premiums shall be payable until the insured attains the age of sixty-five years or until the prior maturity of the policy. In all other respects such monthly premium shall be payable under the same terms and conditions as the regular monthly premium on the United States Government life (converted) insurance policy."\(^7\)

CHAP. 863.—An Act to authorize the President to consolidate and coordinate governmental activities affecting war veterans.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, (a) That the President is authorized, by Executive order, to consolidate and coordinate any hospitals and executive and administrative bureaus, agencies, or offices, especially created for or concerned in the administration of the laws relating to the relief and other benefits provided by law for former members of the Military and Naval Establishments of the United States, including the Bureau of Pensions, the National Home for Disabled Volunteer Soldiers, and the United States Veterans' Bureau, into an establishment to be known as the Veterans' Administration, and to transfer the duties, powers, and functions now vested by law in the hospitals, bureaus, agencies, or offices so consolidated and coordinated, including the personnel thereof, and the whole or any part of the records and public property belonging thereto to the Veterans' Administration.

(b) Under the direction of the President the Administrator of Veterans' Affairs shall have the power, by order or regulation, to consolidate, eliminate, or redistribute the functions of the bureaus, agencies, offices, or activities in the Veterans' Administration and to create new ones therein, and, by rules and regulations not inconsistent with law, shall fix the functions thereof and the duties and powers of their respective executive heads.

Sec. 2. There shall be at the head of such Veterans' Administration an administrator to be known as the Administrator of Veterans' Affairs, who shall be appointed by the President, by and with the advice and consent of the Senate. Such administrator shall receive a salary of $12,000 a year, payable monthly. Upon the establishment of such Veterans' Administration all the functions, powers, and duties now conferred by law upon the Commissioner of Pensions, the Board of Managers of the National Home for Disabled Volunteer Soldiers, and the Director of the United States Veterans' Bureau are hereby conferred upon and vested in the Administrator of Veterans' Affairs. Such administrator, under the direction of the President, shall have the control, direction, and management of the various agencies and activities enumerated in and referred to in section 1 of this Act, and shall be charged with all the administrative duties relating to the National Home for Disabled Volunteer Soldiers and the Bureau of Pensions now imposed by law upon the Secretary of War and the Secretary of the Interior, respectively. All final decisions or orders of any division, bureau, or board in the Veterans' Administration shall be subject to review, on appeal, by such administrator.

Sec. 3. All property the title of which now stands in the name of the Board of Managers of the National Home for Disabled Volunteer Soldiers is hereby transferred to and the title thereof vested in the United States. If by reason of any defeasance or conditional clause or clauses contained in any deed of conveyance to the National Home for Disabled Volunteer Soldiers the full and complete enjoyment and use of any of the property hereby transferred to the United States shall be threatened, it shall be the duty of the Attorney General, upon request of the President of the United States, to institute in the district court of the United States for the district within which such property is located such proceedings as shall be proper to extinguish all outstanding adverse interests: Provided, That the Attorney General shall have authority to procure and accept on behalf of the United States by gift, purchase, cession, or otherwise, evidenced by
appropriate instruments of conveyance or cession, absolute title to and complete jurisdiction over all of the lands and other property herein transferred and conveyed to the United States.

Sec. 4. (a) The personnel on duty at the time of consolidation at the various branches of the National Home for Disabled Volunteer Soldiers shall be transferred to and given appointment in the Veterans' Administration, subject to such change in designation and organization as the Administrator may deem necessary.

(b) Such of the personnel as are not inmates of any of the branches of the National Home for Disabled Volunteer Soldiers may, by Executive order, be given a civil-service status in accordance with the laws relating thereto upon such terms and conditions as the President may direct. Whether covered into the civil service or not, the salaries of such officers and employees (other than inmates) shall be fixed in accordance with the Classification Act of 1923, as amended (United States Code, title 5, chapter 13; United States Code, Supplement III, title 5, chapter 13).

Sec. 5. (a) When the consolidation and coordination herein provided for shall have been effected in the Veterans' Administration the President shall so declare by proclamation or order, whereupon the corporation known as the National Home for Disabled Volunteer Soldiers and the Board of Managers shall cease to exist.

(b) All contracts and other valid and subsisting obligations of the corporation, the National Home for Disabled Volunteer Soldiers, shall continue and be and become obligations of the United States, and the United States shall be considered as substituted for said corporation with respect to all such demands either by or against said corporation, unless and until they shall thereafter be superseded or discharged according to law. The outstanding obligations assumed by the United States by virtue of the provisions of this subdivision may be enforced by suit in the Court of Claims or in the district courts of the United States according to the ordinary provisions of law governing actions against the United States, and such courts shall have the power to enter judgment against the United States, with interest, in the same manner and to the same extent as if said corporation were party defendant. No such suit shall be maintained upon any cause of action existing at the time of the dissolution of said corporation or arising simultaneously therewith, unless brought within two years from the time of such dissolution.

Sec. 6. (a) All unexpended appropriations in respect of any hospital, bureau, agency, office, or home consolidated into the Veterans' Administration shall, upon such consolidation, become available for expenditure by the Veterans' Administration and shall be treated as if the Veterans' Administration had been originally named in the laws making the appropriations.

(b) All orders, rules, regulations, and permits or other privileges, issued or granted in respect of any function consolidated under the provisions of this Act and in effect at the time of the consolidation, shall continue in effect to the same extent as if such consolidation had not occurred, until modified, superseded, or repealed by the Administrator.

(c) The Administrator shall make annually, at the close of each fiscal year, a report in writing to the Congress, giving an account of all moneys received and disbursed by him and his administration, describing the work done, and stating his activities under subdivision (b) of section 1 of this Act, and making such recommendations as he shall deem necessary for the active performance of the duties and purposes of his administration.
Laws, not in conflict herewith, remain in force.

M.; and all public lands of
the United States on the shore lines of Burntside Lake and Lake Vermilion, State of Minnesota, are hereby withdrawn from all forms of entry or appropriation under the public land laws of the United States, subject to prior existing legal rights initiated under the public land laws, so long as such claims are maintained as required by the applicable law or laws and subject to such permits and licenses as may be granted or issued by the Department of Agriculture under laws or regulations generally applicable to national forests.

Sec. 2. That the principle of conserving the natural beauty of shore lines for recreational use shall apply to all Federal lands which border upon any boundary lake or stream contiguous to this area, or any other lake or stream within this area which is now or eventually to be in general use for boat or canoe travel, and that for the purpose of carrying out this principle logging of all such shores to a depth of four hundred feet from the natural water line is hereby forbidden, except as the Forest Service of the Department of Agriculture may see fit in particular instances to vary the distance for practical reasons: Provided, That in no case shall logging of any timber other than diseased, insect infested, dying, or dead be permitted closer to the natural shore line than two hundred feet, except where necessary to open areas for banking grounds, landings, and other uses connected with logging operations.

CHAP. 104.—An Act Authorizing the construction of the Michaud division of the Fort Hall Indian irrigation project, Idaho, an appropriation therefor, and the completion of the project, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior is hereby authorized to extend the Fort Hall Indian irrigation system in Idaho over an area approximating thirty thousand acres of Indian land in the Michaud division of the Fort Hall Indian Reservation and to complete the irrigation system of that reservation by the enlargement, straightening, and improving of the stream channels, including the Blackfoot River, and to complete necessary storage facilities to make possible the delivery of an adequate water supply to the sixty thousand acres of land already provided with distributary system in the existing Fort Hall and Gibson divisions of the irrigation project and to the thirty thousand acres of the Michaud division of that project, as provided for in a report of November 12, 1929, to the Commissioner of Indian Affairs, prepared in pursuance to an Act approved March 28, 1928, the total cost of the work herein authorized to be reimbursed as hereinafter provided.

Sec. 2. The Michaud division shall bear its equitable share of the cost of the present existing works and for the development of that part of the water supply that will be used on the lands of the Michaud division. Of the cost of the existing system $362,500 is hereby allocated to the Michaud division, as provided in section 3 hereof in consideration of the share of the developed water supply hereby allocated to that division and of its share of the existing works. The said $362,500 is hereby authorized to be used in completing the distributary system of the Fort Hall and Gibson divisions, including the rebuilding of the Tyhee siphon; the completion of storage facilities, and the enlargement and straightening of the Blackfoot River Channel, and including payment of damages for the benefit of the entire irrigation project.

Sec. 3. The water supply available shall be divided between the Fort Hall and Gibson divisions of the existing project and the Michaud division as follows: Fort Hall and Gibson divisions two-thirds, and the Michaud division one-third: Provided, That if at any time there should occur a deficiency in the water supply available, the lands of the Fort Hall and Gibson divisions shall have a prior right over the lands of the Michaud division to the use of sufficient water to supply said lands of those divisions with three acre-feet of water per acre per season delivered to the land actually utilized, or so much thereof as may be necessary for proper and beneficial irrigation; and in any case, as between the Indian-owned lands and the white-owned lands of the Michaud division of the project as of the date of the passage of this Act, such lands in Indian ownership shall have a water right prior to the right of the white-owned land which shall entitle such Indian lands to three acre-feet of water per acre per season, or so much thereof as may be available or as may be necessary for efficient and beneficial irrigation.

Sec. 4. For each Indian, now owning land allotted as grazing or agricultural under the Michaud Division, who has no irrigable agricultural allotment with an adequate water supply elsewhere within the Fort Hall Indian Reservation, there shall be reserved by the Secretary of the Interior as a homestead from such grazing or agricultural allotment under the Michaud Division a tract of twenty acres on which the collection of construction charges shall be deferred
so long as said tract remains in Indian ownership: Provided, That no more than one such tract of twenty acres in one ownership shall be so exempted from payment of construction charges. The construction charges on the remaining area of the Michaud Division shall be reimbursed to the United States in not more than forty years as may be prescribed by the Secretary of the Interior, it being within his discretion to require no payments for the first three years. When any Indian owned lands under the Michaud Division shall hereafter pass into non-Indian ownership, one-fortieth of the construction charges originally due from such lands shall thereafter be reimbursed each year to the United States by such non-Indian owner, until such construction charges shall have been entirely reimbursed as to such land. There is hereby created a first lien against all lands in the said Michaud Division, which lien shall be recited in any patent or instrument issued therefor prior to the reimbursement to the United States of the total amount chargeable against such lands, which lien shall not, however, be enforced as to Indian-owned lands during the period that the title to such lands remains in such Indian ownership.

SEC. 5. The lands in white ownership within the Michaud division of the project, on the date of the passage of this Act, in addition to paying their proportionate share of the cost of the construction of the division as shall be determined by the Secretary of the Interior, shall be required to pay for water rights for their lands in addition thereto at the rate of $7.50 per acre-foot, measured at the point of diversion for the water hereby equitably allotted to such lands, payment therefor to be made to the Commissioner of Indian Affairs as a part of and on the same terms as the construction cost of the division. The money so derived shall be distributed equitably by the Secretary of the Interior to the Indians of the Fort Hall Reservation entitled thereto: Provided, That where any charge on behalf of the construction against any Indian land within the Fort Hall project has not yet been paid to the Government the share of this fund to which the Indian owner of such land would otherwise be entitled shall be credited upon installments yet due on behalf thereof to the United States.

SEC. 6. The funds hereby authorized to be appropriated shall not be expended unless and until the Secretary of the Interior shall make contracts with both the Indian and non-Indian landowners obligating said landowners to repay the cost of all the work herein authorized to be done, including a share of the cost of the benefits to the Michaud division derived from the existing works. Such agreement shall create a first lien against the lands in white ownership, which lien shall not be released until the total share of the cost of such works properly assessable against such land as herein provided shall have been reimbursed to the United States: Provided, That where existing irrigation ditches constructed by the Indians themselves are destroyed in the construction of the Michaud division, proper credit to the extent of the present value of the work so destroyed shall be given to the Indian owner of the land on the share of the cost of the Michaud division properly assessable against his land, and the total of all such credits shall be charged into the total cost of the Michaud division of the project.

SEC. 7. The said Secretary of the Interior shall by public notice consistent herewith fix the per acre charge against the irrigable land of both the Indian and white owned tracts, and the installments herefore provided for shall be due and payable on the 1st day of December of each year until the total sum shall have been reimbursed to the United States.
SEC. 8. The water-right agreements provided for in section 6 hereof shall require the said Secretary of the Interior to refuse to deliver water to any tract of land of the Michaud division of the project if the operation and maintenance charges against such land are not paid in advance of each irrigation season, or if any installment of the construction or water-right charges remains unpaid for more than twelve months after same became due. The charges for water rights, operation, and maintenance and construction, assessed against lands in other than Indian ownership that are not paid when due shall bear interest at 6 per centum per annum from the due date until paid.

SEC. 9. The Secretary of the Interior is hereby authorized to perform any and all acts and to make such rules and regulations as may be necessary and proper for the purpose of carrying the provisions of this Act into full force and effect; and the money hereby authorized to be appropriated shall be available for the acquiring of the necessary right of way by purchase or judicial proceedings, and for other purposes necessary in successfully prosecuting the work to complete the project.

SEC. 10. There is hereby authorized to be appropriated for expenditure after July 1, 1932, out of any money in the Treasury of the United States not otherwise appropriated, the sum of $2,500,000, or so much thereof as may be required, to enable the Secretary of the Interior to carry into effect the provisions of this Act.

Each party shall have the right of appeal as in other cases in the Supreme Court of the District of Columbia.
