CHAP. 24.—An Act To establish a Federal Farm Board to promote the effective merchandising of agricultural commodities in interstate and foreign commerce, and to place agriculture on a basis of economic equality with other industries.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

DECLARATION OF POLICY

SECTION 1. (a) That it is hereby declared to be the policy of Congress to promote the effective merchandising of agricultural commodities in interstate and foreign commerce, so that the industry of agriculture will be placed on a basis of economic equality with other industries, and to that end to protect, control, and stabilize the currents of interstate and foreign commerce in the marketing of agricultural commodities and their food products—

(1) by minimizing speculation.
(2) by preventing inefficient and wasteful methods of distribution.
(3) by encouraging the organization of producers into effective associations or corporations under their own control for greater unity of effort in marketing and by promoting the establishment and financing of a farm marketing system of producer-owned and producer-controlled cooperative associations and other agencies.
(4) by aiding in preventing and controlling surpluses in any agricultural commodity, through orderly production and distribution, so as to maintain advantageous domestic markets and prevent such surpluses from causing undue and excessive fluctuations or depressions in prices for the commodity.

(b) There shall be considered as a surplus for the purposes of this Act any seasonal or year's total surplus, produced in the United States and either local or national in extent, that is in excess of the requirements for the orderly distribution of the agricultural commodity or is in excess of the domestic requirements for such commodity.

(c) The Federal Farm Board shall execute the powers vested in it by this Act only in such manner as will, in the judgment of the board, aid to the fullest practicable extent in carrying out the policy above declared.

FEDERAL FARM BOARD

SEC. 2. A Federal Farm Board is hereby created, which shall consist of eight members to be appointed by the President, by and with the advice and consent of the Senate, and of the Secretary of Agriculture, ex officio. The board shall invite the cooperative associations handling any agricultural commodity to establish an advisory commodity committee to consist of seven members, of whom at least two shall be experienced handlers or processors of the commodity, to represent such commodity before the board in matters relating to the commodity. Members of each advisory committee shall be selected by the cooperative associations from time to time in such manner as the board shall prescribe. (5) enabling the cooperative association applying for the loan to advance to its members a greater share of the market price of the commodity delivered to the association than is practicable under other credit facilities.

(b) No loan shall be made to any cooperative association unless, in the judgment of the board, the loan is in furtherance of the policy declared in section 1 and the cooperative association applying for the loan has an organization and management, and business policies, of such character as to insure the reasonable safety of the loan and the furtherance of such policy.

(c) Loans for the construction or acquisition by purchase or lease of physical facilities shall be subject to the following limitations:

(1) No such loan for the construction or purchase of such facilities shall be made in an amount in excess of 80 per centum of the value of the facilities to be constructed or purchased.

c) Loans to any cooperative association or stabilization corporation shall be made upon the terms specified in this Act and upon such other terms not inconsistent therewith and upon such security as the board deems necessary.

d) No loan or insurance agreement shall be made by the board if in its judgment the agreement is likely to increase unduly the production of any agricultural commodity of which there is commonly produced a surplus in excess of the annual marketing requirements.

STABILIZATION CORPORATIONS

Sec. 9. (a) The board may, upon application of the advisory commodity committee for any commodity, recognize as a stabilization corporation for the commodity any corporation if—

1) The board finds that the marketing situation with respect to the agricultural commodity requires or may require the establishment of a stabilization corporation in order effectively to carry out the policy declared in section 1; and

2) The board finds that the corporation is duly organized under the laws of a State or Territory; and

3) The board finds that all the outstanding voting stock or membership interests in the corporation are and may be owned only by cooperative associations handling the commodity; and

(c) Upon request of the advisory committee for any commodity the board is authorized to make loans from the revolving fund to the stabilization corporation for the commodity for working capital to enable the corporation to act as a marketing agency for its stockholders or members as hereinbefore provided. Not less than 75 per centum of all profits derived by a stabilization corporation each year from its operations as such a marketing agency shall be paid into a merchandising reserve fund to be established by the corporation. No such payment shall be required whenever the fund is in such amount as, in the judgment of the board, constitutes a sufficient reserve for such operations of the corporation. The board is authorized, upon application of cooperative associations, to enter into agreements, subject to the conditions hereinafter specified, for the insurance of the cooperative associations against loss through price decline in the agricultural commodity handled by the associations and produced by the members thereof. Such agreements shall be entered into only if, in the judgment of the board, (1) coverage is not available from private agencies at reasonable rates, (2) the insurance will be in furtherance of the policy declared in section 1, (3) the agricultural commodity is regularly bought and sold in the markets in sufficient volume to establish a recognized basic price for the market grades of the commodity, and (4) there is available with respect to the commodity such market information as will afford an accurate record of prevailing prices for the commodity covering a period of years of sufficient length to serve as a basis to calculate the risk and fix the premium for the insurance. The agreements shall require payment of premiums so fixed and shall include such other terms as, in the judgment of the board, are necessary. The board may make advances from the revolving fund to meet obligations under any insurance agreement, but such advances together with the interest thereon shall, as soon as practicable, be repaid from the proceeds of insurance premiums.

Sec. 12. For expenditures in executing the functions vested in the board by this Act (including salaries and expenses of members, officers, and employees of the board and per diem compensation and expenses of the commodity committees), incurred prior to July 1, 1930, there is hereby authorized to be appropriated the sum of $1,500,000. No part of the moneys appropriated in pursuance of this authorization shall be available for expenditures, including loans and advances, for the payment of which the revolving fund or insurance moneys are authorized to be used.

AVOIDANCE OF DUPLICATION

Sec. 13. (a) The board shall, in cooperation with any governmental establishment in the Executive branch of the Government, including any field service thereof at home or abroad, avail itself of the services and facilities thereof in order to avoid preventable expense or duplication of effort.

(b) The President may by Executive order direct any such governmental establishment to furnish the board such information and data as such governmental establishment may have pertaining to the functions of the board; except that the President shall not direct that the board be furnished with any information or data supplied by any person in confidence to any governmental establishment in pursuance of any provision of law or any agreement with a governmental establishment.

(c) The board may cooperate with any State or Territory, or department, agency, or political subdivision thereof, or with any person.

(d) The board shall, through the Secretary of Agriculture, indicate to the appropriate bureau or division of the Department of Agriculture any special problem on which a research is needed to aid in carrying out the provisions of this Act.
The President is authorized, by Executive order, to transfer to or retransfer from the jurisdiction and control of the board the whole or any part of (1) any office, bureau, service, division, commission, or board in the Executive branch of the Government engaged in scientific or extension work, or the furnishing of services, with respect to the marketing of agricultural commodities, (2) its functions pertaining to such work or services, and (3) the records, property, including office equipment, personnel, and unexpended balances of appropriation, pertaining to such work or services.

EXAMINATION OF BOOKS AND ACCOUNTS OF BOARD

Section 14. Vouchers approved by the chairman of the board for expenditures from the revolving fund pursuant to any loan or advance or from insurance moneys pursuant to any insurance agreement, shall be final and conclusive upon all officers of the Government; except that all financial transactions of the board shall, subject to the above limitations, be examined by the General Accounting Office at such times and in such manner as the Comptroller General of the United States may by regulation prescribe. Such examination, with respect to expenditures from the revolving fund pursuant to any loan or advance or from insurance moneys pursuant to any insurance agreement, shall be for the sole purpose of making a report to the Congress and to the board of expenditures and of loan and insurance agreements in violation of law, together with such recommendations thereon as the Comptroller General deems advisable.

this subdivision, shall be fined not more than $5,000, or imprisoned not more than five years, or both.

(e) If any provision of this Act is declared unconstitutional, or the applicability thereof to any person, circumstance, commodity, or class of transactions with respect to any commodity is held invalid, the validity of the remainder of the Act and the applicability of such provision to other persons, circumstances, commodities, and classes of transactions shall not be affected thereby. CHAP. 349.—An Act to amend the Act entitled "An Act to amend the Act entitled 'An Act for the retirement of employees in the classified civil service, and for other purposes,' approved May 22, 1920, and Acts in amendment thereof," approved July 3, 1926, as amended.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act entitled "An Act to amend the Act entitled 'An Act for the retirement of employees in the classified civil service, and for other purposes,' approved May 22, 1920, and Acts in amendment thereof," approved July 3, 1926, be, and the same is hereby, amended as follows:

ELIGIBILITY FOR SUPERANNUATION RETIREMENT

Section 1. All employees to whom this Act applies who, before its effective date, shall have attained or shall thereafter attain the age of seventy years and rendered at least fifteen years of service computed as prescribed in section 5 of this Act shall be eligible for retirement on an annuity as provided in section 4 hereof: Provided, That city, rural, and village letter carriers, post office clerks, sea-post clerks, employees of the Indian Service at large excepting clerks,
laborers, and mechanics generally shall, under like conditions, be eligible for retirement at sixty-five years of age and that railway postal clerks, mechanics and laborers in navy yards including leading men and quartermen but excluding master mechanics and foremen, and those employees engaged in pursuits whose occupation is hazardous or requires great physical effort, or which necessitates exposure to extreme heat or cold, and those employees whose terms of service shall include fifteen years or more of such service rendered in the Tropics, shall be eligible at sixty-two years of age; the classification of employees for the purpose of assignment to the various age groups shall be determined jointly by the Civil Service Commission and the head of the department, branch, or independent office of the Government concerned: Provided further, That any such employee who was employed as a mechanic for the major portion of his service, and not less than fifteen years, and was subsequent to August 20, 1920, involuntarily transferred to employment as a laborer and thereafter involuntarily discharged from the service of the United States, shall receive such annuity as he would have been entitled to, if on the day of his discharge from the service he had been retired under the provisions of this Act: Provided further, That any mechanic, having served thirty years, who was, through no fault of his own, transferred or reduced to a minor position, and who shall have attained, or who shall thereafter attain the age of sixty-two years, shall have his annuity computed upon his average annual basic salary, pay, or compensation for the last ten years of his service as a mechanic: Provided further, that the term "mechanics," as used in this Act, shall include all employees in the Government Printing Office whose duties are to supervise, perform, or assist in apprentice, helper, or journeyman work of a recognized trade or craft, as determined by the Public Printer.

All employees to whom this Act applies, who would be eligible for retirement from the service upon attaining the age of seventy years, sixty-five years, or sixty-two years, as the case may be, after attaining the age of sixty-eight years, sixty-three years, and sixty years, respectively, and having rendered at least thirty years’ service, computed as provided in section 5 of this Act, be eligible for retirement on an annuity as provided in section 4 of this Act. Retirement under the provisions of this paragraph shall be at the option of the employee; but if such option is not exercised prior to the date upon which the employee would otherwise be eligible for retirement from the service, the provisions of this Act with respect to automatic separation from the service shall apply.

AUTOMATIC SEPARATION

Sec. 2. All employees to whom this Act applies shall, on arriving at retirement age as defined in the preceding section, and having rendered fifteen years of service, be automatically separated from the service, and all salary, pay, or compensation shall cease from that date, and it shall be the duty of the head of each department, branch, or independent office of the Government concerned to notify such employees under his direction of the date of such separation from the service at least sixty days in advance thereof: Provided, That if the head of the department, branch, or independent office of the Government in which he is employed certifies to the Civil Service Commission that by reason of his efficiency and willingness to remain in the civil service of the United States the continuance of such employee therein would be advantageous to the public service, such employee may be retained for a term not exceeding two years upon the approval and certification by the Civil Service Commission, and at the end of
the two years he may, by similar approval and certification, be con-
tinued for an additional term not exceeding two years, and so on:
Provided, however, That after August 20, 1930, no employee shall
be continued in the civil service of the United States beyond the age
of retirement for more than four years, except that where the head
of the department or establishment certifies, and the Civil Service
Commission agrees, that by reason of expert knowledge and special
qualifications the continuance of the employee would be advantag-
eous to the public service, further extensions of two years may be
granted.

Whenever an employee shall make application for such continua-
tion in the civil service, and shall submit acceptable proof of his
present physical fitness to perform his work, it shall be the duty of
the head of the department, branch, or independent office of the
Government concerned to obtain from the immediate superior in
the service of such applicant all efficiency ratings and other informa-
tion on file respecting the character of the work of such applicant,
and shall also obtain from such immediate superior his opinion in
writing with respect to the efficiency of the work performed by
such applicant. From such information shall be eliminated in-
creases in ratings, credits, and other preferences for any cause what-
soever other than the character of work actually performed. Should
such information show that the applicant has been efficient and com-
petent during the two years next preceding his application for con-
tinuance in the civil service, the head of the department, branch,
or independent office of the Government concerned shall, as of course,
certify to the United States Civil Service Commission that, by
reason of the efficiency and willingness of such applicant to remain
in the civil service of the United States, the continuance of such
employee would be advantageous to the public service.

No person separated from the service who is receiving an annuity
under the provisions of section 1 of this Act, shall be employed again
in any position within the purview of this Act.

Employees to whom the act shall apply

SEC. 3. This Act shall apply to the following employees and groups of
employees:

(g) Postmasters of the first, second, and third class who have been promoted, appointed, or transferred from the classified civil service.

This Act shall not apply to such employees of the Lighthouse Service as come within the provisions of section 6 of the Act of June 20, 1918, entitled "An Act to authorize aids to navigation and for other works in the Lighthouse Service, and for other purposes," nor to members of the police and fire departments of the municipal government of the District of Columbia, nor to postmasters, excepting those specifically described in paragraph (g) of this section, nor to such employees or groups of employees as may have been before the effective date of this Act excluded by Executive orders from the benefits of the Act of May 22, 1920, and amendments thereof.

The provisions of this Act may be extended by Executive order, upon recommendation of the Civil Service Commission, to apply to any employee or group of employees in the civil service of the United States not included at the time of its passage. The President shall have power, in his discretion, to exclude from the operation of this Act any employee or group of employees in the civil service whose tenure of office or employment is intermittent or of uncertain duration; Provided, That the provisions of this Act shall apply to anyone who entered the United States mail service as a rural carrier before January 1, 1897, and who continued in the service as such carrier continuously for twenty years or more, and who was honorably separated from the service. Such carrier shall be paid such compensation under this Act as his length of service entitles him to receive.

METHOD OF COMPUTING ANNUITIES

Sec. 4. The annuity of an employee retired under the provisions of the preceding sections of this Act shall be a life annuity, terminable upon the death of the annuitant and shall be composed of: (1) A sum equal to $80 for each year of service not exceeding thirty: Provided, That such portion of the annuity shall not exceed three-fourths of the average annual basic salary, pay, or compensation received by the employee during any five consecutive years of allowable service at the option of the employee; and (2) the amount of annuity purchasable with the sum to the credit of the employee's individual account, as provided in section 12 (a) hereof, together with interest at 4 per centum per annum compounded on June 30 of each year, according to the experience of the civil-service retirement and disability fund as may from time to time be set forth in tables of

Unclassified employees of the United States in all cities and in all establishments or offices in which appointments are made under labor regulations approved by the President, or from subclerical or other registers for the classified service; and unclassified employees transferred from classified positions: Provided, That these groups shall include only those employees whose tenure of employment is not intermittent nor of uncertain duration.

average annual basic salary, pay, or compensation, not to exceed
$1,600 per annum, received by the employee during any five consecu-
tive years of allowable service at the option of the employee,
multiplied by the number of years of service, not exceeding thirty
years, and divided by forty: And provided further, That any

unexpended part of the principal upon the annuitant's death shall
be returned. For the purposes of this Act all periods of service
shall be computed in accordance with section 5 hereof, and the

DISABILITY RETIREMENT—MEDICAL EXAMINATIONS REQUIRED

Sec. 5. Subject to the provisions of section 9 hereof, the aggregate
period of service which forms the basis for calculating the amount
of any benefit provided in this Act shall be computed from the
date of original employment, whether as a classified or an unclassi-
cified employee in the civil service of the United States, or in the
service of the District of Columbia, including periods of service
at different times and in one or more departments, branches, or
independent offices, or the legislative branch of the Government, and
also periods of service performed overseas under authority of the
United States, and periods of honorable service in the Army, Navy,
Marine Corps, or Coast Guard of the United States; in the case of
an employee, however, who is eligible for and elects to receive a pen-
sion under any law, or retired pay on account of military or naval
service, or compensation under the War Risk Insurance Act, the
period of his military or naval service upon which such pension,
to retired pay, or compensation is based shall not be included, but
nothing in this Act shall be so construed as to affect in any manner
his or her right to a pension, or to retired pay, or to compensation
under the War Risk Insurance Act in addition to the annuity herein
provided.

In computing length of service for the purposes of this Act all
periods of separation from the service, and so much of any leaves
of absence as may exceed six months in the aggregate in any calendar
year, shall be excluded, except such leaves of absence granted
employees while receiving benefits under the United States
Employees' Compensation Act, and in the case of substitutes in the
Postal Service credit shall be given from date of original appoint-
ment as a substitute.

In determining the aggregate period of service upon which the
annuity is to be based, the fractional part of a month, if any, in
the total service shall be eliminated.

Sec. 6. Any employee to whom this Act applies who shall have
served for a total period of not less than five years, and who, before
becoming eligible for retirement under the conditions defined in the
preceding sections hereof, becomes totally disabled for useful and
efficient service in the grade or class of position occupied by the employee, by reason of disease or injury not due to vicious habits, intemperance, or willful misconduct on the part of the employee, shall upon his own application or upon the request or order of the head of the department, branch, or independent office concerned, be retired on an annuity computed in accordance with the provisions of section 4 hereof: Provided, That proof of freedom from vicious habits, intemperance, or willful misconduct for a period of more than five years next prior to becoming so disabled for useful and efficient service, shall not be required in any case. No claim shall be allowed under the provisions of this section unless the application for retirement shall have been executed prior to the applicant's separation from the service or within six months thereafter: Provided, That any employee who heretofore has failed to file an application for retirement within six months after separation from the service, may file such application within three months after the effective date of this Act. No employee shall be retired under the provisions of this section unless examined by a medical officer of the United States, or a duly qualified physician or surgeon, or board of physicians or surgeons, designated by the Commissioner of Pensions for that purpose, and found to be disabled in the degree and in the manner specified herein.

Every annuitant retired under the provisions of this section, unless the disability for which retired be permanent in character, shall at the expiration of one year from the date of such retirement and annually thereafter, until reaching retirement age as defined in section 1 hereof, be examined under the direction of the Commissioner of Pensions by a medical officer of the United States, or a duly qualified physician or surgeon, or board of physicians or surgeons, designated by the Commissioner of Pensions for that purpose, in order to ascertain the nature and degree of the annuitant's disability, if any. If an annuitant shall recover before reaching retirement age and be restored to an earning capacity which would permit him to be appointed to some appropriate position fairly comparable in compensation to the position occupied at the time of retirement, payment of the annuity shall be continued temporarily to afford the annuitant opportunity to seek such available position, but not in any case exceeding ninety days from the date of the medical examination showing such recovery. Should the annuitant fail to appear for examination as required under this section, payment of the annuity shall be suspended until continuance of the disability shall have been satisfactorily established. The Commissioner of Pensions may order or direct at any time such medical or other examination as he shall deem necessary to determine the facts relative to the nature and degree of the annuitant's disability, if any.

In all cases where the annuity is discontinued under the provisions of this section before the annuitant has received a sum equal to the amount credited to his individual account as provided in section 12 (a) hereof, together with interest at 4 per centum per annum compounded on June 30 of each year, the difference, unless he shall become reemployed in a position within the purview of this Act, shall be paid to the retired employee, as provided in section 12 (b) hereof, upon application therefor in such form and manner as the Commissioner of Pensions may direct. In case of reemployment in a position within the purview of this Act the amount so refunded shall be redeposited as provided in section 12 (b) hereof.
No person shall be entitled to receive an annuity under the provisions of this Act, and compensation under the provisions of the Act of September 7, 1916, entitled "An Act to provide compensation for employees of the United States suffering injuries while in the performance of their duties, and for other purposes," covering the same period of time; but this provision shall not be so construed as to bar the right of any claimant to the greater benefit conferred by either Act for any part of the same period of time.

Fees for examinations made under the provisions of this section, by physicians or surgeons who are not medical officers of the United States, shall be fixed by the Commissioner of Pensions, and such fees, together with the employee’s reasonable traveling and other expenses incurred in order to submit to such examinations, shall be paid out of the appropriations for the cost of administering this Act.

INvoluntary Separation FROM The Service

Payments, if eligible and before reaching retirement age.

Sec. 7. Should any employee fifty-five years of age or over to whom this Act applies, after having served for a total period of not less than fifteen years and before becoming eligible for retirement under the conditions defined in section 1 hereof, become involuntarily separated from the service, not by removal for cause on charges of misconduct or delinquency, such employee shall be paid as he or she may elect, either—

(a) The total amount of his deductions with interest thereon; or

(b) An immediate life annuity beginning at the date of separation from the service, having a value equal to the present worth of a deferred annuity beginning at the age at which the employee would otherwise have become eligible for superannuation retirement, computed as provided in section 4 of this Act; or

(c) A deferred annuity beginning at the age at which the employee would otherwise have become eligible for superannuation retirement, computed as provided in section 4 of this Act. The right to such deferred annuity shall be evidenced by a proper certificate issued under the seal of the Department of the Interior.

Any employee who has served for a period of not less than fifteen years, and who is forty-five years of age, or over, and less than fifty-five years, and who becomes separated from the service under the conditions set forth in this section shall be entitled to a deferred annuity, but such employee may, upon reaching the age of fifty-five years, elect to receive an immediate annuity as provided in paragraph (b) of this section.

Annuities to cease if reemployed.

Should an annuitant under the provisions of this section be reemployed in a position included in the provisions of this Act, or in any other position in the Government service, the annuity shall cease, and all rights and benefits under the provisions of this section shall terminate from and after the date of such employment.
SEVENTY-FIRST CONGRESS.  Sess. II.  Ch.349.  1930.

BENEFITS EXTENDED TO THOSE ALREADY RETIRED

SEC. 8. In the case of those who before the effective date of this Act shall have been retired on annuity under the provisions of the Act of May 22, 1920, or said Act as amended, or as extended by Executive orders, the annuity shall be computed, adjusted, and paid under the provisions of this Act, but this Act shall not be so construed as to reduce the annuity of any person retired before its effective date, nor shall any increase in annuity commence before such effective date.

CREDIT FOR PAST SERVICE

SEC. 9. Beginning with the effective date of this Act, all employees who may be brought then or thereafter within the purview of the Act by legislative enactment, or by appointment, or through classification, or by transfer, or reclassification, or Executive order, or otherwise, shall be required to deposit with the Treasurer of the United States to the credit of the "civil-service retirement and disability fund" a sum equal to 2½ per centum of the employee's basic salary, pay, or compensation received for services rendered after July 31, 1920, and prior to July 1, 1926, and also 3½ per centum of the basic salary, pay, or compensation for services rendered from and after July 1, 1926, together with interest computed at the rate of 4 per centum per annum compounded on June 30 of each fiscal year, but such interest shall not be included for any period during which the employee was separated from the service. All employees who may hereafter be brought within the purview of this Act may elect to make such deposits in installments during the continuance of their service in such amounts and under such conditions as may be determined in each instance by the Commissioner of Pensions. The amount so deposited, less $1 for each month, or major fraction thereof, of service after the effective date of this Act, shall be credited to the employee's individual account, as provided in section 12 (a) hereof. Upon making such deposit the employee shall be entitled to credit for the period or periods of service involved: Provided, That failure to make such deposit shall not deprive the employee of credit for any past service rendered prior to August 1, 1920, to which he or she would otherwise be entitled.

DEDUCTIONS AND DONATIONS

SEC. 10. Beginning as of July 1, 1926, there shall be deducted and withheld from the basic salary, pay, or compensation of each employee to whom this Act applies a sum equal to 3½ per centum of such employee's basic salary, pay, or compensation. The amounts so deducted and withheld from the basic salary, pay, or compensation of each employee shall, in accordance with such procedure as may be prescribed by the Comptroller General of the United States, be deposited in the Treasury of the United States to the credit of the "civil-service retirement and disability fund" created by the Act of May 22, 1920, and said fund is hereby appropriated for the payment of annuities, refunds, and allowances as provided in this Act.

The Secretary of the Treasury is hereby authorized and empowered in carrying out the provisions of this Act to supplement the individual contributions of employees with moneys received in the form of donations, gifts, legacies, or bequests, or otherwise, and to receive, deposit, and invest for the purposes of this Act all moneys which may be contributed by private individuals or corporations or organizations for the benefit of civil-service employees generally.
CONSENT BY EMPLOYEES, OF DEDUCTIONS FROM SALARY.

Every employee coming within the provisions of this Act shall be deemed to consent and agree to the deductions from salary, pay, or compensation as provided herein, and payment less such deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for all regular services rendered by such employee during the period covered by such payment, except the right to the benefits to which he shall be entitled under the provisions of this Act, notwithstanding the provisions of sections 167, 168, and 169 of the Revised Statutes of the United States, and of any other law, rule, or regulation affecting the salary, pay, or compensation of any person or persons employed in the civil service to whom this Act applies.

INVESTMENT AND ACCOUNTS

SEC. 11. The Secretary of the Treasury shall invest from time to time, in interest-bearing securities of the United States or Federal farm-loan bonds, such portions of the "civil-service retirement and disability fund" as in his judgment may not be immediately required for the payment of annuities, refunds, and allowances as herein provided, and the income derived from such investments shall constitute a part of said fund for the purpose of paying annuities and of carrying out the provisions of section 12 of this Act.

SEC. 12. (a) Under such regulations as may be prescribed by the Civil Service Commission the amounts deducted and withheld from the basic salary, pay, or compensation of each employee for credit to the "civil-service retirement and disability fund" created by the Act of May 22, 1920, covering service during the period from August 1, 1920, to the effective date of this Act, shall be credited to an individual account of such employee, to be maintained by the department or office by which he is employed and the amounts deducted and withheld from the basic salary, pay, or compensation of each employee for credit to the "civil-service retirement and disability fund" covering service from and after the effective date of this Act, less the sum of $1 per month or major fraction thereof, shall similarly be credited to such individual account.

(b) In the case of any employee to whom this Act applies who shall be transferred to a position not within the purview of the Act, or who shall become absolutely separated from the service before becoming eligible for retirement on annuity, the amount credited to his individual account shall be returned to such employee together with interest at 4 per centum per annum compounded on June 30 of each year: Provided, That when any employee becomes involuntarily separated from the service, not by removal for cause on charges of misconduct or delinquency, the total amount of his deductions with interest thereon shall be paid to such employee: And provided further, That all money so returned to an employee must, upon reinstatement, retransfer, or reappointment to a position coming within the purview of this Act, be redeposited with interest before such employee may derive any benefits under this Act, except as provided in this section, but interest shall not be required covering any period of separation from the service.

(c) In case an annuitant shall die without having received in annuities purchased by the employee's contributions as provided in (2) of section 4 hereof an amount equal to the total amount to his credit at time of retirement, the amount remaining to his credit shall
be paid in one sum to his legal representatives upon the establishment of a valid claim therefor, unless the annuitant shall have elected to receive an increased annuity as provided in section 4 hereof.

(d) In case an employee shall die without having attained eligibility for retirement or without having established a valid claim for annuity, the total amount of his deductions with interest thereon shall be paid to the legal representatives of such employee.

(e) In case a former employee entitled to the return of the amount credited to his individual account shall become legally incompetent, the total amount due may be paid to a duly appointed guardian or committee of such employee.

(f) If the amount of accrued annuity or of refund due a former employee who is legally incompetent does not exceed $1,000, and if there has been no demand upon the Commissioner of Pensions by a duly appointed executor, administrator, guardian, or committee, payment may be made, after the expiration of thirty days from date of death or of separation from the service, as the case may be, to such person or persons as may appear in the judgment of the Commissioner of Pensions to be legally entitled thereto, and such payment shall be a bar to recovery by any other person.

PAYMENT OF ANNUITIES AND FORM OF APPLICATION

SEC. 13. Annuities granted under the terms of this Act shall be due and payable in monthly installments on the first business day of the month following the month or other period for which the annuity shall have accrued, and payment of all annuities, refunds, and allowances granted hereunder shall be made by checks drawn and issued by the disbursing clerk for the payment of pensions in such form and manner and with such safeguards as shall be prescribed by the Secretary of the Interior in accordance with the laws, rules, and regulations governing accounting that may be found applicable to such payments.

Applications for annuity shall be in such form as the Commissioner of Pensions may prescribe, and shall be supported by such certificates from the heads of departments, branches, or independent offices of the Government in which the applicant has been employed as may be necessary to the determination of the rights of the applicant. Upon receipt of satisfactory evidence the Commissioner of Pensions shall forthwith adjudicate the claim of the applicant, and if title to annuity be established, a proper certificate shall be issued to the annuitant under the seal of the Department of the Interior.

Annuities granted under this Act for retirement under the provisions of section 1 of this Act shall commence from the date of separation from the service and shall continue during the life of the annuitant. Annuities granted under the provisions of sections 6 and 7 hereof shall be subject to the limitations specified in said sections.

SEC. 14. Employees who have gone from employment within the purview of this Act to other employment under the Government and have returned to a position under the purview of this Act shall have the time of such other service included in the computation for his retirement: Provided, That such employee shall contribute to the retirement fund upon reentering such employment within the purview of this Act an amount, including interest, equivalent to that which would have been paid if such employee had continued in such employment.
DUTIES OF THE CIVIL SERVICE COMMISSION

Sec. 15. The Civil Service Commission shall keep a record of appointments, transfers, changes in grade, separations from the service, reinstatements, loss of pay, and such other information concerning individual service as may be deemed essential to a proper determination of rights under this Act; and shall furnish the Commissioner of Pensions such reports therefrom as he shall from time to time request as necessary to the proper adjustment of any claim for annuity hereunder; and shall prepare and keep all needful tables and records required for carrying out the provisions of this Act, including data showing the mortality experience of the employees in the service and the percentage of withdrawals from such service, and any other information that may serve as a guide for future valuations and adjustments of the plan for the retirement of employees under this Act.

BOARD OF ACTUARIES

Sec. 16. The Commissioner of Pensions, with the approval of the Secretary of the Interior, is hereby authorized and directed to select three actuaries, one of whom shall be the Government actuary, to be known as the Board of Actuaries, whose duty it shall be to annually report upon the actual operations of this Act, with authority to recommend to the Commissioner of Pensions such changes as in their judgment may be deemed necessary to protect the public interest and maintain the system upon a sound financial basis, and they shall make a valuation of the "civil-service retirement and disability fund" at intervals of five years, or oftener if deemed necessary by the Commissioner of Pensions; they shall also prepare such tables as may be required by the Commissioner of Pensions for the purpose of computing annuities under this Act. The compensation of the members of the Board of Actuaries, exclusive of the Government actuary, shall be fixed by the Commissioner of Pensions with the approval of the Secretary of the Interior.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby authorized to be appropriated the sum of $9,000,000, or so much thereof as may be necessary, out of any money in the Treasury not otherwise appropriated, for acquiring and developing, except as in this section otherwise provided, in accordance with the provisions of the Act of June 6, 1924, entitled "An Act providing for a comprehensive development of the park and playground system of the National Capital," as amended, such lands in the States of Maryland and Virginia as are necessary and desirable for the park and parkway system of the National Capital in the environs of Washington. Such funds shall be appropriated as required for the expeditions, economical, and efficient development and completion of the following projects:
(a) For the George Washington Memorial Parkway, to include the shores of the Potomac, and adjacent lands, from Mount Vernon to a point above the Great Falls on the Virginia side, except within the city of Alexandria, and from Fort Washington to a similar point above the Great Falls on the Maryland side except within the District of Columbia, and including the protection and preservation of the natural scenery of the Gorge and the Great Falls of the Potomac, the preservation of the historic Patowmack Canal, and the acquisition of that portion of the Chesapeake and Ohio Canal below Point of Rocks, $7,500,000: Provided, That the acquisition of any land in the Potomac River Valley for park purposes shall not debar or limit, or abridge its use for such works as Congress may in the future authorize for the improvement and the extension of navigation, including the connecting of the upper Potomac River with the Ohio River, or for flood control or irrigation or drainage, or for the development of hydroelectric power. The title to the lands acquired hereunder shall vest in the United States, and said lands, including the Mount Vernon Memorial Highway authorized by the Act approved May 28, 1928, upon its completion, shall be maintained and administered by the Director of Public Buildings and Public Parks of the National Capital, who shall exercise all the authority, power, and duties with respect to lands acquired under this section as are conferred upon him within the District of Columbia by the Act approved February 26, 1925; and said director is authorized to incur such expenses as may be necessary for the proper administration and maintenance of said lands within the limits of the appropriations from time to time granted therefor from the Treasury of the United States, which appropriations are hereby authorized. The National Capital Park and Planning Commission is authorized to occupy such lands belonging to the United States as may be necessary for the development and protection of said parkway and to accept the donation to the United States of any other lands by it deemed desirable for inclusion in said parkway. As to any lands in Maryland or Virginia along or adjacent to the shores of the Potomac within the proposed limits of the parkway that would involve great expense for their acquisition and are held by said commission not to be essential to the proper carrying out of the project, the acquisition of said lands shall not be required, upon a finding of the commission to that effect. Said parkway shall include a highway from Fort Washington to the Great Falls on the Maryland side of the Potomac and a free bridge across the Potomac at or near Great Falls and necessary approaches to said bridge: Provided, That no money shall be expended by the United States for lands for any unit of this project until the National Capital Park and Planning Commission shall have received definite commitments from the State of Maryland or Virginia, or political subdivisions thereof or from other responsible sources for one-half the cost of acquiring the lands in its judgment necessary for such unit of said project deemed by said commission sufficiently complete, other than lands now belonging to the United States or donated to the United States: Provided further, That no money shall be expended by the United States for the construction of said highway on the Maryland side of the Potomac, except as part of the Federal-aid highway program: Provided, That in the discretion of the National Capital Park and Planning Commission, upon agreement duly entered into by the State of Maryland or Virginia or any political subdivision thereof to reimburse the United States as hereinafter provided, it may advance the full amount of the funds necessary for the acquisition of the lands and the construction of said roads in any such unit referred to in this paragraph, such agreement providing for reim-
bursement to the United States to the extent of one-half of the cost thereof without interest within not more than eight years from the date of any such expenditure. The appropriation of the amount necessary for such advance, in addition to the contribution by the United States, is hereby authorized from any money in the Treasury not otherwise appropriated.

(b) For the extension of Rock Creek Park into Maryland as may be agreed upon between the National Capital Park and Planning Commission and the Maryland National Capital Park and Planning Commission, for the preservation of the flow of water in Rock Creek, for the extension of the Anacostia Park system up the valley of the Anacostia River, Indian Creek, the Northwest Branch, and Sligo Creek, and of the George Washington Memorial Parkway up the valley of Cabin John Creek, as may be agreed upon between the National Capital Park and Planning Commission and the Maryland National Capital Park and Planning Commission, $1,500,000: Provided, That no appropriation authorized in this subsection shall be available for expenditure until a suitable agreement is entered into by the National Capital Park and Planning Commission and the Washington Suburban Sanitary Commission as to sewage disposal and storm water flow: Provided further, That no money shall be contributed by the United States for any unit of such extensions until the National Capital Park and Planning Commission shall have received definite commitments from the Maryland National Capital Park and Planning Commission for the balance of the cost of acquiring such unit of said extensions deemed by said commission sufficiently complete, other than lands now belonging to the United States or donated to the United States: Provided further, That in the discretion of the National Capital Park and Planning Commission upon agreement duly entered into with the Maryland National Capital Park and Planning Commission to reimburse the United States as hereinafter provided, it may advance the full amount of the funds necessary for the acquisition of the lands required for such extensions referred to in this paragraph, such advance, exclusive of said contribution of $1,500,000 by the United States, not to exceed $3,000,000, the appropriation of which amount from funds in the Treasury of the United States not otherwise appropriated is hereby authorized, such agreement providing for reimbursement to the United States of such advance, exclusive of said Federal contribution, without interest within not more than eight years from the date of any such expenditure. The title to the lands acquired hereunder shall vest in the State of Maryland under laws thereof, shall be under the Maryland National Capital Park and Planning Commission in accordance with plans approved by the National Capital Park and Planning Commission. The United States is not to share in the cost of construction of roads in the areas mentioned in this paragraph, except if and as Federal-aid highways.

Sec. 2. Whenever it becomes necessary to acquire by condemnation proceedings any lands in the States of Virginia or Maryland for the purpose of carrying out the provisions of this Act, such acquisition shall be under and in accordance with the provisions of the Act of August 1, 1888 (U. S. C., p. 1302, sec. 257). No payment shall be made for any such lands until the title thereto in the United States shall be satisfactory to the Attorney General of the United States.

Sec. 3. Whenever the use of the Forts Washington, Foote, and Hunt, or either of them, is no longer deemed necessary for military purposes they shall be turned over to the Director of Public Buildings and Public Parks of the National Capital, without cost, for
administration and maintenance as a part of the said George Washington Memorial Parkway.

Sec. 4. There is hereby further authorized to be appropriated the sum of $16,000,000, or so much thereof as may be necessary, out of any money in the Treasury of the United States not otherwise appropriated, for the acquiring of such lands in the District of Columbia as are necessary and desirable for the suitable development of the National Capital park, parkway, and playground system, in accordance with the provisions of the said Act of June 6, 1924, as amended, except as in this section otherwise provided. Such funds shall be appropriated for the fiscal year 1931 and thereafter as required for the expeditious, economical, and efficient accomplishment of the purposes of this Act and shall be reimbursed to the United States from any funds in the Treasury to the credit of the District of Columbia as follows, to wit: $1,000,000 on the 30th day of June, 1931; and $1,000,000 on the 30th day of June each year thereafter until the full amount expended hereunder is reimbursed without interest. The National Capital Park and Planning Commission shall, before purchasing any lands hereunder for playground, recreation center, community center, and similar municipal purposes, request from the Commissioners of the District of Columbia a report thereon. Said commission is authorized to accept the donation to the United States of any lands deemed desirable for inclusion in said park, parkway, and playground system, and the donation of any funds for the acquisition of such lands under this Act.

Sec. 5. The right of Congress to alter or amend this Act is hereby reserved.

of Agriculture shall prescribe.

(b) The Secretary shall refuse to issue a license to an applicant if after notice and hearing he finds (1) that the applicant has previously been responsible in whole or in part for any violation of the provisions of section 2 for which the license of the applicant, or the license of any partnership, association, or corporation in which the applicant held any office or, in the case of a partnership, had any share or interest, was revoked, or (2) in case the applicant is a partnership, association, or corporation, that any individual holding any office or, in the case of a partnership, having any interest or share in the applicant, had previously been responsible in whole or in part for any violation of the provisions of section 2 for which the license of such individual, or of any partnership, association, or corporation in which such person held any office, or, in the case of a partnership, had any share or interest, was revoked. Notwithstanding the foregoing provisions, the Secretary, in the case of such applicant, may issue a license if the applicant furnishes a bond or other satisfactory assurance that his business will be conducted in accordance with the provisions of this Act, but such license shall not be issued before the expiration of one year from the date of such revocation.

COMPLAINT AND INVESTIGATION

Sec. 6. (a) Any person complaining of any violation of any provision of section 2 by any commission merchant, dealer, or broker may, at any time within nine months after the cause of action accrues, apply to the Secretary by petition, which shall briefly state the facts, whereupon, if, in the opinion of the Secretary, the facts therein contained warrant such action, a copy of the complaint thus made shall be forwarded by the Secretary to the commission merchant, dealer, or broker, who shall be called upon to satisfy the complaint, or to answer it in writing, within a reasonable time to be prescribed by the Secretary.

(b) Any officer or agency of any State or Territory having jurisdiction over commission merchants, dealers, or brokers in such State or Territory and any employee of the United States Department of Agriculture or any interested person, may file, in accordance with rules and regulations of the Secretary a complaint of any violation of any provision of section 2 by any commission merchant, dealer, or broker, and may request an investigation of such complaint by the Secretary.

(c) If there appear to be, in the opinion of the Secretary, any reasonable grounds for investigating any complaint made under this section, the Secretary shall investigate such complaint and may, if in his opinion the facts warrant such action, have said complaint served by registered mail or otherwise on the person concerned and afford such person an opportunity for a hearing thereon before a duly authorized examiner of the Secretary in any place in which the said person is engaged in business.

(d) After an opportunity for a hearing on a complaint the Secretary shall determine whether or not the commission merchant, dealer, or broker has violated any provision of section 2.

(e) In case complaint is made by a nonresident of the United States before any action is taken thereon, that the complainant shall be required to furnish a bond of double the amount of the claim, the bond to be conditioned upon the payment of costs, including attorney's fees of respondents, in case of failure to sustain the case.

REPARATION ORDER

Sec. 7. (a) If after a hearing on a complaint made by any person under section 6 the Secretary determines that the commission merchant, dealer, or broker has violated any provision of paragraph (1), (2), (3), or (4) of section 2, he shall, unless the offender has already made reparation to the person complaining, determine the amount of damage, if any, to which such person is entitled as a result of such violation and shall make an order directing the offender to pay to such person complaining such amount on or before the date fixed in the order.
(b) If any commission merchant, dealer, or broker does not comply with an order for the payment of money within the time limit in such order, the complainant, or any person for whose benefit such order was made, may within one year of the date of the order file in the district court of the United States for the district in which he resides or in which is located the principal place of business of the commission merchant, dealer, or broker, or in any State court having general jurisdiction of the parties, a petition setting forth briefly the causes for which he claims damages and the order of the Secretary in the premises. Such suit in the district court shall proceed in all respects like other civil suits for damages except that the findings and orders of the Secretary shall be prima facie evidence of the facts therein stated, and the petitioner shall not be liable for costs in the district court nor for costs at any subsequent state of the proceedings unless they accrue upon his appeal. If the petitioner finally prevails, he shall be allowed a reasonable attorney's fee, to be taxed and collected as a part of the costs of the suit.

SUSPENSION AND REVOCATION OF LICENSE

Sec. 8. Whenever the Secretary determines, as provided in section 6, that any commission merchant, dealer, or broker has violated any of the provisions of section 2, he may publish the facts and circumstances of such violation and/or, by order, suspend the license of such offender for a period not to exceed ninety days, except that, if the violation is a flagrant or repeated violation of such provisions, the Secretary may, by order, revoke the license of the offender.

ACCOUNTS AND RECORDS

Sec. 9. Every commission merchant, dealer, and broker shall keep such accounts, records, and memoranda as fully and correctly disclose all transactions involved in his business, including the true ownership of such business by stockholding or otherwise. If such accounts, records, and memoranda are not so kept, the Secretary may publish the facts and circumstances and/or, by order, suspend the license of the offender for a period not to exceed ninety days.

EFFECTIVE DATE AND FINALITY OF ORDER

Sec. 10. Any order of the Secretary under this Act other than an order for the payment of money shall take effect within such reasonable time, not less than ten days, as is prescribed in the order, and shall continue in force until his further order, or for a specified period of time, accordingly as it is prescribed in the order, unless such order is suspended, modified, or set aside by the Secretary or is suspended, modified, or set aside by a court of competent jurisdiction. Any such order of the Secretary, if regularly made, shall be final, unless before the date prescribed for its taking effect application is made to a court of competent jurisdiction by the commission merchant, dealer, or broker against whom such order is directed to have such order set aside or its enforcement, operation, or execution suspended or restrained.

INJUNCTIONS

Sec. 11. For the purposes of this Act the provisions of all laws relating to the suspending or restraining of the enforcement, operation, or execution, or the setting aside in whole or in part, of the orders of the Interstate Commerce Commission are made applicable to orders of the Secretary under this Act and to any person subject to the provisions of this Act.
SEVENTY-FIRST CONGRESS.  Sess. II.  Ch. 436.  1930.

GENERAL PROVISIONS

Sec. 12. The Secretary may report any violation of this Act for which a civil penalty is provided to the Attorney General of the United States, who shall cause appropriate proceedings to be commenced and prosecuted in the proper courts of the United States without delay. The costs and expenses of such proceedings shall be paid out of the appropriation for the expenses of the courts of the United States.

Sec. 13. (a) In the investigation of complaints under this Act, the Secretary or his duly authorized agents shall have the right to inspect such accounts, records, and memoranda of any commission merchant, dealer, or broker as may be material for the determination of any such complaint. If any such commission merchant, dealer, or broker refuses to permit such inspection, the Secretary may publish the facts and circumstances and/or, by order, suspend the license of the offender until permission to make such inspection is given.

(b) The Secretary, or any officer or employee designated by him for such purpose, may hold hearings, sign and issue subpoenas, administer oaths, examine witnesses, receive evidence, and require by subpoena the attendance and testimony of witnesses and the production of such accounts, records, and memoranda as may be material for the determination of any complaint under this Act.

(c) In case of disobedience to a subpoena, the Secretary or any of his examiners may invoke the aid of any court of the United States in requiring the attendance and testimony of witnesses and the production of accounts, records, and memoranda. Any district court of the United States within the jurisdiction of which any hearing is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, issue an order requiring the person to appear before the Secretary or his examiner or to produce accounts, records, and memoranda if so ordered, or to give evidence touching any matter pertinent to any complaint; and any failure to obey such order of the court shall be punished by the court as a contempt thereof.

(d) The Secretary may order testimony to be taken by deposition in any proceeding or investigation or incident to any complaint pending under this Act at any stage thereof. Such depositions may be taken before any person designated by the Secretary and having power to administer oaths. Such testimony shall be reduced to writing by the person taking the deposition or under his direction and shall then be subscribed by the deponent. Any person may be compelled to appear and depose and to produce accounts, records, and memoranda in the same manner as witnesses may be compelled to appear and testify and produce accounts, records, and memoranda before the Secretary or any of his examiners.

(e) Witnesses summoned before the Secretary or any officer or employee designated by him shall be paid the same fees and mileage that are paid witnesses in the courts of the United States, and witnesses whose depositions are taken and the persons taking the same shall severally be entitled to the same fees as are paid for like service in the courts of the United States.

(f) No person shall be excused from attending, testifying, answering any lawful inquiry, or deposing, or from producing any documentary evidence, before the Secretary or any officer or employee designated by him, in obedience to the subpoena of the Secretary or any such officer or employee, in any cause or proceeding, based upon or growing out of any alleged violation of this Act, or upon the taking of any deposition herein provided for, upon the ground or...
for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture. But no natural person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing, concerning which he is compelled under oath so to testify, or produce evidence, documentary or otherwise, before the Secretary or any officer or employee designated by him, in obedience to the subpoena of the Secretary, or any such officer or employee, or upon the taking of any such deposition, or in any such cause or proceeding: Provided, That no person so testifying shall be exempt from prosecution and punishment for perjury committed in so testifying.

SEC. 14. The Secretary is hereby authorized, independently and in cooperation with other branches of the Government, State, or municipal agencies, and/or any person, whether operating in one or more jurisdictions, to employ and/or license inspectors to inspect and certify, without regard to the filing of a complaint under this Act, to any interested person the class, quality, and/or condition of any lot of any perishable agricultural commodity when offered for interstate or foreign shipment or when received at places where the Secretary shall find it practicable to provide such service, under such rules and regulations as he may prescribe, including the payment of such fees and expenses as will be reasonable and as nearly as may be to cover the cost for the service rendered: Provided, That fees for inspections made by a licensed inspector, less the percentage thereof which he is allowed by the terms of his contract of employment with the Secretary as compensation for his services, shall be deposited into the Treasury of the United States as miscellaneous receipts; and fees for inspections made by an inspector acting under a cooperative agreement with a State, municipality, or other person shall be disposed of in accordance with the terms of such agreement: Provided further, That expenses for travel and subsistence incurred by inspectors shall be paid by the applicant for inspection to the disbursing clerk of the United States Department of Agriculture to be credited to the appropriation for carrying out the purposes of this Act: And provided further, That certificates issued by such inspectors shall be received in all courts of the United States as prima facie evidence of the truth of the statements therein contained.

SEC. 15. The Secretary may make such rules, regulations, and orders as may be necessary to carry out the provisions of this Act, and may cooperate with any department or agency of the Government, any State, Territory, District, or possession, or department, agency, or political subdivision thereof, or any person; and shall have the power to appoint, remove, and fix the compensation of such officers and employees not in conflict with existing law, and make such expenditures for rent outside the District of Columbia, printing, binding, telegrams, telephones, law books, books of reference, publications, furniture, stationery, office equipment, travel, and other supplies and expenses, including reporting services, as shall be necessary to the administration of this Act in the District of Columbia and elsewhere, and as may be appropriated for by Congress; and there is hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, such sums as may be necessary for such purpose. This Act shall not abrogate nor nullify any other statute, whether State or Federal, dealing with the same subjects as this Act; but it is intended that all such statutes shall remain in full force and effect except in so far only as they are inconsistent herewith or repugnant hereto.

Sec. 16. In construing and enforcing the provisions of this Act, the act, omission, or failure of any agent, officer, or other person acting for or employed by any commission merchant, dealer, or broker, within the scope of his employment or office, shall in every case be deemed the act, omission, or failure of such commission merchant, dealer, or broker as that of such agent, officer, or other person.

SEPARABILITY

Sec. 17. If any provision of this Act or the application thereof to any person or circumstances is held invalid, the validity of the remainder of the Act and of the application of such provision to other persons and circumstances shall not be affected thereby.

(b) There is hereby conferred upon J. C. (c) The said J. C. An accurate record of the amount paid for acquiring the bridge and its approaches, the actual expenditures for maintaining, repairing, and operating the same, and of the daily tolls collected, shall be kept and shall be available for the information of all persons interested.

(d) If, after the completion of such bridge, as determined by the Secretary of War, either the State of Nebraska and the State of Iowa, jointly, or said cities of Omaha and Council Bluffs, jointly, or the counties of Douglas, Nebraska, and Pottawattamie, Iowa, jointly, may at any time desire to acquire and take over all right, title, and interest in such bridge and its approaches, and any interest in real property necessary therefor, it shall not be necessary to condemn or expropriate such property, but the said The Omaha-Council Bluffs Missouri River Bridge Board of Trustees, its legal representatives and assigns, shall deliver to such public agency, by proper instrument of conveyance, all right, title, and interest in such bridge and its approaches; and no damages or compensation whatsoever shall be allowed for any such right, title, or interest, but if such bridge is so acquired it shall be taken over subject to the bonds, debentures, or other instruments of indebtedness, including accrued interest thereon, actually issued in payment for the bridge, its approaches, and improvements and outstanding at the time of such taking over. (e) If such bridge shall at any time be taken over or acquired by such States, or public agencies or political subdivisions thereof, or by either of them, as provided in section 3 (d) of this Act, and if tolls are thereafter charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the reasonable cost of maintaining, repairing, and operating the bridge and its approaches under economical management and to provide a sinking fund sufficient to amortize the amount paid therefor, including only those items named in section 3 (d) of this Act, as soon as possible under reasonable charges but within a period of not to exceed twenty years from the date of acquiring the same.
