To promote the conservation and profitable use of agricultural land resources by temporary Federal aid to farmers and by providing for a permanent policy of Federal aid to States for such purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act entitled "An Act to provide for the protection of land resources against soil erosion, and for other purposes", approved April 27, 1933, is amended by inserting at the end thereof the following:

"Sec. 7. (a) It is hereby declared to be the policy of this Act also to secure, and the purposes of this Act shall also include, (1) preservation and improvement of soil fertility; (2) promotion of the economic use and conservation of land; (3) diminution of exploitation and wasteful and unscientific use of national soil resources; (4) the protection of rivers and harbors against the results of soil erosion in aid of maintaining the navigability of waters and water courses and in aid of flood control; and (5) reestablishment, at as rapid a rate as the Secretary of Agriculture determines to be practicable and in the general public interest, of the ratio between the purchasing power of the net income per person on farms and that of the income per person not on farms that prevailed during the five-year period August 1909-July 1914, inclusive, as determined from statistics available in the United States Department of Agriculture, and the maintenance of such ratio. The powers conferred under sections 7 to 14, inclusive, of this Act shall be used to assist voluntary action calculated to effectuate the purposes specified in this section. Such powers shall not be used to discourage the production of supplies of foods and fibers sufficient to maintain normal domestic human consumption as determined by the Secretary from the records of domestic human consumption in the years 1920 to 1929, inclusive, taking into consideration increased population, quantities of any commodity that were forced into domestic consumption by decline in exports during such period, current trends in domestic consumption and exports of particular commodities, and the quantities of substitutes available for domestic consumption within any general class of food commodities. In carrying out the purposes of this section due regard shall be given to the maintenance of a continuous and stable supply of agricultural commodities adequate to meet consumer demand at prices fair to both producers and consumers."

"(b) The Secretary of Agriculture shall cooperate with States, in the execution of State plans to effectuate the purposes of this section, by making grants under this section to enable them to carry out such plans.

"(c) Any State which submits to the Secretary, prior to such time and in such manner and form as the Secretary prescribes, a State plan to effectuate the purposes of this section shall be entitled to payments, as provided in this section, for the year to which such plan is applicable, if such plan is approved by the Secretary as provided in this section.

"(d) No such plan shall be approved unless by its terms:

"(1) It provides that the agency to administer the plan shall be such State agency as may be designated by the Secretary if such agency is authorized by the State, or such other State agency as is authorized by the State and approved by the Secretary;

"(2) It provides for such methods of administration, and such participation in the administration of the plan by county and community committees or associations of agricultural producers organized
for such purpose, as the Secretary finds necessary for the effective
administration of the plan; and

"(3) It provides for the submission to the Secretary of such
reports as he finds necessary to ascertain whether the plan is being
carried out according to its terms, and for compliance with such
requirements as the Secretary may prescribe to assure the correctness
of and make possible the verification of such reports.

"(e) Such plan shall be approved if the Secretary finds that there
is a reasonable prospect that—

"(1) Substantial accomplishment in effectuating the purposes
of this section will be brought about through the operation of
such plan and the plans submitted by other States, and

"(2) The operation of such plan will result in as substantial
a furtherance of such accomplishment as may reasonably be
achieved through the action of such State.

"(f) Upon approval of any State plan for any year the Secretary
shall allocate to such State such sum (not in excess of the maximum
amount fixed in pursuance of subsection (g) for such State for such
year) as he finds necessary to carry out such plan for such year, and
thereupon shall certify to the Secretary of the Treasury for payment
to such agency of the State as the Secretary of Agriculture certifies
is designated in the plan, and the Secretary of the Treasury shall
pay to such agency, one-fourth of the amount so allocated. The
remainder of the amount so allocated shall be similarly certified and
paid in such installments (payable prior to the end of the calendar
year) as may be provided in the plan. No such installment shall be
certified for payment if the Secretary of Agriculture finds that, prior
to the due date of such installment, there has been a substantial fail-
ure by the State to carry out the plan according to its terms, or that
the further operation of the plan according to its terms will not tend
to effectuate the purposes of this section. No amount shall be certi-
fied for payment under any such installment in excess of the amount
the Secretary finds necessary for the effective carrying out of the
plan during the period to which the installment relates.

"(g) On or before November 1 of each year, the Secretary shall
apportion among the several States the funds which will be available
for carrying out State plans during the next calendar year, and in
determining the amount to be apportioned to each State, the Secretary
shall take into consideration the acreage and value of the major soil
depleting and major export crops produced in the respective States
during a representative period and the acreage and productivity of
land devoted to agricultural production (including dairy products)
in the respective States during a representative period: Provided,
however, That apportionments of funds available for carrying out
the purposes specified in this section for the year 1936 may be made
at any time during 1936, and apportionments for 1937 may be made
at any time during 1937. Notwithstanding the making of an appor-
tionment to any State for any calendar year, the funds apportioned
to any State for which no plan has been approved for such year, and
any amount apportioned to any State which is not required to carry
out an approved plan for such State for such year, shall be available
for carrying out the provisions of sections 7 to 14, inclusive, of this
Act.

"Sec. 8. (a) In order to carry out the purposes specified in section
7 (a) during the period necessary to afford a reasonable opportunity
for legislative action by a sufficient number of States to assure the
effectuation of such purposes by State action and in order to promote
the more effective accomplishment of such purposes by State action

No such powers shall be exercised after December 31, 1937, except with respect to payments or grants in connection with farming operations carried out prior to January 1, 1938.

In determining the amount of any payment or grant measured by (1) or (2) the Secretary shall take into consideration the productivity of the land affected by the farming practices adopted during the year with respect to which such payment is made. In carrying out the provisions of this section, the Secretary shall, as far as practicable, protect the interests of tenants and share-croppers. In carrying out the provisions of this section, the Secretary is authorized to utilize county and community committees of agricultural producers and the agricultural extension service, or other approved agencies. In carrying out the provisions of this section, the Secretary shall, in every practicable manner, protect the interests of small producers. The Secretary in administering this section shall in every practical way encourage and provide for soil conserving and soil rebuilding practices rather than the growing of soil depleting commercial crops.

(c) Any payment or grant of aid made under subsection (b) shall be conditioned upon the utilization of the land, with respect to which such payment is made, in conformity with farming practices which the Secretary finds tend to effectuate the purposes specified in clause (1), (2), (3), or (4) of section 7 (a).

SEC. 9. The Secretary is authorized to conduct surveys, investigations, and research relating to the conditions and factors affecting, and methods of accomplishing most effectively, the policy and purposes of section 7 (a). All funds available for carrying out this Act shall be available for allotment to the bureaus and offices of the Department of Agriculture and for transfer to such other agencies of the Federal or State Governments as the Secretary may request to cooperate or assist in carrying out this Act.
“Sec. 12. Whenever the Secretary finds that the exercise of the powers conferred in this section will tend to carry out the purpose specified in clause (5) of section 7(a), or will tend to provide for and maintain a continuous and stable supply of agricultural commodities adequate to meet consumer demand at prices fair to both producers and consumers, or both, he shall use such part as he deems necessary of the sums appropriated to carry out this Act for the expansion of domestic and foreign markets or for seeking new or additional markets for agricultural commodities or the products thereof or for the removal or disposition of surpluses of such commodities or the products thereof.

“Sec. 13. Notwithstanding the foregoing provisions of this Act, the Secretary is authorized and directed to provide for the execution by the Agricultural Adjustment Administration of such powers conferred upon him under sections 7 to 14, inclusive, of this Act as he deems may be appropriately exercised by such Administration, and for such purposes the provisions of law applicable to the appointment and compensation of persons employed by the Agricultural Adjustment Administration shall apply.

“Sec. 14. The facts constituting the bases for any payment or grant or the amount thereof authorized to be made under section 7 or 8 hereof, when officially determined in conformity with rules or regulations prescribed by the Secretary of Agriculture, shall be reviewable only by the Secretary of Agriculture.

“Sec. 15. To enable the Secretary of Agriculture to carry out the purposes of sections 7 and 8 there is hereby authorized to be appropriated for any fiscal year not exceeding $500,000,000.

“Sec. 16. The obligations incurred for the purpose of carrying out, for any calendar year, the provisions of sections 7 to 14, inclusive, of this Act shall not exceed $500,000,000.

Determinations by the Secretary as to what constitutes diversion and what constitutes normal channels of trade and commerce and what constitutes normal production for domestic consumption shall be final.” and by striking out part of the last sentence thereof which precedes the second proviso and inserting in lieu thereof: “The sums appropriated under this section shall be expended for such one or more of the above-specified purposes, and at such times, in such manner, and in such amounts as the Secretary of Agriculture finds will effectuate substantial accomplishment of any one or more of the purposes of this section.”.

"Such boards of adjustment may be established by agreement between employees and carriers either on any individual carrier, or system, or group of carriers by air and any class or classes of its or their employees; or pending the establishment of a permanent National Board of Adjustment as hereinafter provided. National Air Transport Adjustment Board.

"SEC. 205. The National Air Transport Adjustment Board shall meet within forty days after the date of the order of the National Mediation Board directing the selection and designation of its members and shall organize and adopt rules for conducting its proceedings, in the manner prescribed in section 3 of title I of this Act. Vacancies in membership or office shall be filled, members shall be appointed in case of failure of the carriers or of labor organizations of the employees to select and designate representatives, members of the National Air Transport Adjustment Board shall be compensated, hearings shall be held, findings and awards made, stated, served, and enforced, and the number and compensation of any necessary assistants shall be determined and the compensation of such employees shall be paid, all in the same manner and to the same extent as provided with reference to the National Railroad Adjustment Board by section 3 of title I of this Act. The powers and duties prescribed and established by the provisions of section 3 of title I of this Act with reference to the National Railroad Adjustment Board and the several divisions thereof are hereby conferred upon and shall be exercised and performed in like manner and to the same extent by the said National Air Transport Adjustment Board, not exceeding, however, the jurisdiction conferred upon said National Air Transport Adjustment Board by the provisions of this title. From and after the organization of the National Air Transport Adjustment Board, if any system, group, or regional board of adjustment established by any carrier or carriers by air and any class or classes of its or their employees is not satisfactory to either party thereto, the said party, upon ninety days' notice to the other party, may elect to come under the jurisdiction of the National Air Transport Adjustment Board.
“Sec. 206. All cases referred to the National Labor Relations Board, or over which the National Labor Relations Board shall have taken jurisdiction, involving any dispute arising from any cause between any common carrier by air engaged in interstate or foreign commerce or any carrier by air transporting mail for or under contract with the United States Government, and employees of such carrier or carriers, and unsettled on the date of approval of this Act, shall be handled to conclusion by the Mediation Board. The books, records, and papers of the National Labor Relations Board and of the National Labor Board pertinent to such case or cases, whether settled or unsettled, shall be transferred to the custody of the National Mediation Board.

“Sec. 207. If any provision of this title or application thereof to any person or circumstance is held invalid, the remainder of the Act and the application of such provision to other persons or circumstances shall not be affected thereby.

“Sec. 208. There is hereby authorized to be appropriated such sums as may be necessary for expenditure by the Mediation Board in carrying out the provisions of this Act.”

Such expenditures shall not be subject to the provisions of any law regulating or limiting the expenditure of public money other than this Act, but this provision shall not be construed to waive the submission of accounts and vouchers to the General Accounting Office for audit, or permit any indebtedness to be incurred in excess of the amount authorized to be appropriated.

Sec. 5. The heads of the various executive departments and independent offices and establishments of the Government are authorized to assist the commissioner general and the commissioner in the procurement, installation, and display of exhibits; to lend to the International Exposition of Paris—Art and Technique in Modern Life, with the knowledge and consent of the commissioner general and the commissioner, such articles, specimens, and exhibits which the commissioner shall deem to be in the interest of the United States to place with the science or other exhibits to be shown under the auspices of the exposition management; to contract for such labor or other services as shall be authorized by the commissioner general or commissioner, without regard to section 3709 of the Revised Statutes (U. S. C., title 41, sec. 5); and to designate officials or employees of their departments or branches to assist the commissioner general and the commissioner.

Sec. 6. The commissioner general and the commissioner, with the approval of the Secretary of State, may receive from any source contributions to aid in carrying out the general purpose of this Act, but the same shall be expended and accounted for in the same manner as any appropriation which may be made under authority of this Act. The commissioner general and the commissioner are also authorized to receive contributions of material to aid in carrying out the general purpose of this Act, and at the close of the exposition
or when the connection of the Government of the United States therewith ceases, under the direction of the Secretary of State, shall dispose of any such portion thereof as may be unused, and account therefor.

Sec. 7. It shall be the duty of the Secretary of State to transmit to Congress within six months after the close of the exposition a detailed statement of all expenditures, together with the reports hereinafter specified and such other reports as he may deem proper, which reports shall be prepared and arranged with a view to concise statement and convenient reference.

AN ACT

To amend section 80 of chapter 9 of an Act to amend the Act entitled "An Act to establish a uniform system of bankruptcy throughout the United States", approved July 1, 1898.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That subparagraphs (a) and (d) of section 80 of chapter 9 of an Act to amend an Act entitled "An Act to establish a uniform system of bankruptcy throughout the United States", approved July 1, 1898, and Acts amendatory thereof and supplementary thereto be, and the same are hereby, amended to read as follows:

"Sec. 80. Municipal debt readjustments.—(a) Any municipality or other political subdivision of any State, including (but not hereby limiting the generality of the foregoing) any county, city, borough, village, parish, town, or township, unincorporated tax or special assessment district, and any school, drainage, irrigation, reclamation, levee, sewer, or paving, sanitary, port, improvement, or other districts (hereinafter referred to as a 'taxing district'), may file a petition stating that the taxing district is insolvent or unable to meet its debts as they mature, and that it desires to effect a plan of readjustment of its debts. The petition shall be filed with the court in whose territorial jurisdiction the taxing district or the major part thereof is located and for any such district having no officials of its own the petition shall be filed by the municipality or political subdivision, the officials of which have power to contract on behalf of said district or to levy the special assessments within such district. The petition shall be accompanied by payment to the clerk of a filing fee of $100, which shall be in addition to the fees required to be collected by the clerk under other chapters of this Act. The petition shall state that a plan of readjustment has been prepared, is filed and submitted with the petition, and that creditors of the taxing district owning not less than 30 per centum in the case of drainage, irrigation, reclamation, and levee districts (except as hereinafter provided) and owning not less than 51 per centum in the case of all other taxing districts in amount of the bonds, notes, and certificates of indebtedness of the taxing district affected by the plan, excluding bonds, notes, or certificates of indebtedness owned, held, or controlled by the taxing district in a fund or otherwise, have accepted it in writing. The petition shall be accompanied with such written acceptance and with a list of all known creditors of the taxing district, together with their addresses so far as known to the taxing district, and description of their respective claims showing separately those who have accepted the plan of readjustment, together with their separate addresses, the contents of which list shall not constitute admissions by the taxing districts in a proceeding under this chapter or otherwise. Upon the filing of such a petition the judge shall enter an order either approving it as properly filed under this
chapter, if satisfied that such petition complies with this chapter and has been filed in good faith, or dismissing it, if not so satisfied. If creditors holding 5 per centum in amount of the bonds, notes, or certificates of indebtedness shall, within ninety days after the first publication of the notice provided for in subdivision (c), clause (1), of this chapter, appear and controvert the facts alleged in the petition, the judge shall decide the issues presented, and unless the material allegations of the petition are sustained, shall dismiss the petition: Provided, however, That such written acceptance of not less than 30 per centum of the creditors of drainage, irrigation, reclamation, and levee districts, shall not be required in any case where a loan shall have been authorized to the petitioning taxing district by an agency of the United States Government, for the purpose of enabling any such petitioning district to reduce and refinance its outstanding indebtedness.

“(d) The plan of readjustment shall not be confirmed until it has been accepted in writing, filed in the proceeding, by or on behalf of creditors holding at least 51 per centum in amount of the claims of each class in the case of drainage, irrigation, reclamation and levee districts and creditors holding two-thirds in amount of the claims of each class in the case of all other taxing districts whose claims have been allowed and would be affected by the plan, and by creditors holding 51 per centum in the case of drainage, irrigation, reclamation, and levee districts and creditors holding 75 per centum in the case of all other taxing districts in amount of the claims of all classes of the taxing district affected by the plan, but excluding claims owned, held, or controlled by a taxing district, and such plan has been accepted and approved by the taxing district in a writing filed in the proceeding, signed in its name by an authorized authority: Provided, however, That it shall not be requisite to the confirmation of the plan (a) whose claims are not affected by the plan, or (b) if the plan makes provision for the payment of their claims in cash in full, or (c) if provision is made in the plan for the protection of the interests, claims or liens of such creditors or class of creditors.”

AN ACT
To create a commission and to extend further relief to water users on United States reclamation projects and on Indian irrigation projects.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby created a commission to be composed of three members, all of whom shall be appointed by the Secretary of the Interior, two from the personnel of the Department of the Interior, and one who shall be a landowner and water user under a United States reclamation project. The commission is authorized and directed to investigate the financial and economic condition of the various United States reclamation projects, with particular reference to the ability of each such project to make payments of water-right charges without undue burden on the water users, district, association, or other reclamation organization liable for such charges. Such investigation shall include an examination and consideration of any statement filed with the commission, or the Department of the Interior, by any such district, association, or other reclamation organization, or the water users thereof, and, where requested by any such district, association, or other reclamation organization, said commission shall proceed to such project and hold hearings, the proceedings of which shall be reduced to writing and filed with its report. Said commission, after having made careful investigation and study of the financial and economic condition of the various United States reclamation projects and their probable present and future ability to meet such water-right charges, shall report to the Congress, at the beginning of the Seventy-fifth Congress, with its recommendations as to the best, most feasible, and practicable comprehensive permanent plan for such water-right payments, with due consideration for the development and carrying on of the reclamation program of
the United States, and having particularly in mind the probable ability of such water users, districts, associations, or other reclamation organizations to meet such water-right charges regularly and faithfully from year to year, during periods of prosperity and good prices for agricultural products as well as during periods of decline in agricultural income and unsatisfactory conditions of agriculture.

Sec. 2. There is hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, the sum of $5,000, which shall be available for expenditure, as the Secretary of the Interior may direct, for expenses and all necessary disbursements, including salaries, in carrying out the provisions of this Act. The commission is authorized to appoint and fix the compensation of such employees as may be necessary for carrying out its functions under this Act without regard to civil-service laws or the Classification Act of 1923, as amended.

Sec. 3. That all the provisions of the Act entitled "An Act to further extend relief to water users on the United States reclamation projects and on Indian irrigation projects", approved June 13, 1935, are hereby further extended for the period of one year, so far as concerns 50 per centum of the construction charges, for the calendar year 1936: Provided, however, That where the construction charge for the calendar year 1936 is payable in two installments the sum hereby extended shall be the amount due as the first of such installments. If payable in one installment, the due date for the 50 per centum to be paid shall not be changed.

AN ACT

Relating to the carriage of goods by sea.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That every bill of lading or similar document of title which is evidence of a contract for the carriage of goods by sea to or from ports of the United States, in foreign trade, shall have effect subject to the provisions of this Act.
Title I.

Terms defined.

"Carrier."

"Contract of carriage."

"Goods."

"Ship."

"Carriage of goods."

Risks.

Section 1. When used in this Act—
(a) The term "carrier" includes the owner or the charterer who enters into a contract of carriage with a shipper.
(b) The term "contract of carriage" applies only to contracts of carriage covered by a bill of lading or any similar document of title, insofar as such document relates to the carriage of goods by sea, including any bill of lading or any similar document as aforesaid issued under or pursuant to a charter party from the moment at which such bill of lading or similar document of title regulates the relations between a carrier and a holder of the same.
(c) The term "goods" includes goods, wares, merchandise, and articles of every kind whatsoever, except live animals and cargo which by the contract of carriage is stated as being carried on deck and is so carried.
(d) The term "ship" means any vessel used for the carriage of goods by sea.
(e) The term "carriage of goods" covers the period from the time when the goods are loaded on to the time when they are discharged from the ship.

Sec. 2. Subject to the provisions of section 6, under every contract of carriage of goods by sea, the carrier in relation to the loading, handling, stowage, carriage, custody, care, and discharge of such goods, shall be subject to the responsibilities and liabilities and entitled to the rights and immunities hereinafter set forth.

RESPONSIBILITIES AND LIABILITIES

Sec. 3. (1) The carrier shall be bound, before and at the beginning of the voyage, to exercise due diligence to—
(a) Make the ship seaworthy;
(b) Properly man, equip, and supply the ship;
(c) Make the holds, refrigerating and cooling chambers, and all other parts of the ship in which goods are carried, fit and safe for their reception, carriage, and preservation.
(2) The carrier shall properly and carefully load, handle, stow, carry, keep, care for, and discharge the goods carried.
(3) After receiving the goods into his charge the carrier, or the master or agent of the carrier, shall, on demand of the shipper, issue to the shipper a bill of lading showing among other things—
(a) The leading marks necessary for identification of the goods as the same are furnished in writing by the shipper before the loading of such goods starts, provided such marks are stamped or otherwise shown clearly upon the goods if uncovered, or on the cases or coverings in which such goods are contained, in such a manner as should ordinarily remain legible until the end of the voyage.
(b) Either the number of packages or pieces, or the quantity or weight, as the case may be, as furnished in writing by the shipper.
(c) The apparent order and condition of the goods; Provided, That no carrier, master, or agent of the carrier, shall be bound to state or show in the bill of lading any marks, number, quantity, or weight which he has reasonable ground for suspecting not accurately to represent the goods actually received, or which he has had no reasonable means of checking.
(4) Such a bill of lading shall be prima facie evidence of the receipt by the carrier of the goods as therein described in accordance with paragraphs (3) (a), (b), and (c), of this section: Provided, That nothing in this Act shall be construed as repealing or limiting the application of any part of the Act, as amended, entitled "An Act relating to bills of lading in interstate and foreign commerce," approved August 29, 1916 (U. S. C., title 49, secs. 81-124), commonly known as the "Pomerene Bills of Lading Act."

(5) The shipper shall be deemed to have guaranteed to the carrier the accuracy at the time of shipment of the marks, number, quantity, and weight, as furnished by him; and the shipper shall indemnify the carrier against all loss, damages, and expenses arising or resulting from inaccuracies in such particulars. The right of the carrier to such indemnity shall in no way limit his responsibility and liability under the contract of carriage to any person other than the shipper.

(6) Unless notice of loss or damage and the general nature of such loss or damage be given in writing to the carrier or his agent at the port of discharge before or at the time of the removal of the goods into the custody of the person entitled to delivery thereof under the contract of carriage, such removal shall be prima facie evidence of the delivery by the carrier of the goods as described in the bill of lading. If the loss or damage is not apparent, the notice must be given within three days of the delivery.

Said notice of loss or damage may be endorsed upon the receipt for the goods given by the person taking delivery thereof.

The notice in writing need not be given if the state of the goods has at the time of their receipt been the subject of joint survey or inspection.

In any event the carrier and the ship shall be discharged from all liability in respect of loss or damage unless suit is brought within one year after delivery of the goods or the date when the goods should have been delivered: Provided, That if a notice of loss or damage, either apparent or concealed, is not given as provided in this section, that fact shall not affect or prejudice the right of the shipper to bring suit within one year after the delivery of the goods or the date when the goods should have been delivered.

In the case of any actual or apprehended loss or damage the carrier and the receiver shall give all reasonable facilities to each other for inspecting and tallying the goods.

(7) After the goods are loaded the bill of lading to be issued by the carrier, master, or agent of the carrier to the shipper shall, if the shipper so demands, be a "shipped" bill of lading: Provided, That if the shipper shall have previously taken up any document of title to such goods, he shall surrender the same as against the issue of the "shipped" bill of lading, but at the option of the carrier such document of title may be noted at the port of shipment by the carrier, master, or agent with the name or names of the ship or ships upon which the goods have been shipped and the date or dates of shipment, and when so noted the same shall for the purpose of this section be deemed to constitute a "shipped" bill of lading.

(8) Any clause, covenant, or agreement in a contract of carriage relieving the carrier or the ship from liability for loss or damage to or in connection with the goods, arising from negligence, fault, or failure in the duties and obligations provided in this section, or lessening such liability otherwise than as provided in this Act, shall be null and void and of no effect. A benefit of insurance in favor of the carrier, or similar clause, shall be deemed to be a clause relieving the carrier from liability.
Rights and Immunities

Loss from unseaworthiness.

Sec. 4. (1) Neither the carrier nor the ship shall be liable for loss or damage arising or resulting from unseaworthiness unless caused by want of due diligence on the part of the carrier to make the ship seaworthy, and to secure that the ship is properly manned, equipped, and supplied, and to make the holds, refrigerating and cool chambers, and all other parts of the ship in which goods are carried fit and safe for their reception, carriage, and preservation in accordance with the provisions of paragraph (1) of section 3. Whenever loss or damage has resulted from unseaworthiness, the burden of proving the exercise of due diligence shall be on the carrier or other persons claiming exemption under this section.

(2) Neither the carrier nor the ship shall be responsible for loss or damage arising or resulting from—
   
   a. Act, neglect, or default of the master, mariner, pilot, or the servants of the carrier in the navigation or in the management of the ship;
   
   b. Fire, unless caused by the actual fault or privity of the carrier;
   
   c. Perils, dangers, and accidents of the sea or other navigable waters;
   
   d. Act of God;
   
   e. Act of war;
   
   f. Act of public enemies;
   
   g. Arrest or restraint of princes, rulers, or people, or seizure under legal process;
   
   h. Quarantine restrictions;
   
   i. Act or omission of the shipper or owner of the goods, his agent or representative;
   
   j. Strikes or lockouts or stoppage or restraint of labor from whatever cause, whether partial or general: Provided, that nothing herein contained shall be construed to relieve a carrier from responsibility for the carrier’s own acts;
   
   k. Riots and civil commotions;
   
   l. Saving or attempting to save life or property at sea;
   
   m. Wastage in bulk or weight or any other loss or damage arising from inherent defect, quality, or vice of the goods;
   
   n. Insufficiency of packing;
   
   o. Insufficiency or inadequacy of marks;
   
   p. Latent defects not discoverable by due diligence; and
   
   q. Any other cause arising without the actual fault and privity of the carrier and without the fault or neglect of the agents or servants of the carrier, but the burden of proof shall be on the person claiming the benefit of this exception to show that neither the actual fault or privity of the carrier nor the fault or neglect of the agents or servants of the carrier contributed to the loss or damage.

Shipper not responsible for damage to carrier, etc., without fault.

Sec. 4. (3) The shipper shall not be responsible for loss or damage sustained by the carrier or the ship arising or resulting from any cause without the act, fault, or neglect of the shipper, his agents, or his servants.

(4) Any deviation in saving or attempting to save life or property at sea, or any reasonable deviation shall not be deemed to be an infringement or breach of this Act or of the contract of carriage, and the carrier shall not be liable for any loss or damage resulting therefrom: Provided, however, That if the deviation is for the purpose of loading or unloading cargo or passengers it shall, prima facie, be regarded as unreasonable.
(5) Neither the carrier nor the ship shall in any event be or become liable for any loss or damage to or in connection with the transportation of goods in an amount exceeding $500 per package lawful money of the United States, or in case of goods not shipped in packages, per customary freight unit, or the equivalent of that sum in other currency, unless the nature and value of such goods have been declared by the shipper before shipment and inserted in the bill of lading. This declaration, if embodied in the bill of lading, shall be prima facie evidence, but shall not be conclusive on the carrier.

By agreement between the carrier, master, or agent of the carrier, and the shipper another maximum amount than that mentioned in this paragraph may be fixed: Provided, That such maximum shall not be less than the figure above named. In no event shall the carrier be liable for more than the amount of damage actually sustained.

Neither the carrier nor the ship shall be responsible in any event for loss or damage to or in connection with the transportation of the goods if the nature or value thereof has been knowingly and fraudulently misstated by the shipper in the bill of lading.

(6) Goods of an inflammable, explosive, or dangerous nature to the shipment whereof the carrier, master or agent of the carrier, has not consented with knowledge of their nature and character, may at any time before discharge be landed at any place or destroyed or rendered innocuous by the carrier without compensation, and the shipper of such goods shall be liable for all damages and expenses directly or indirectly arising out of or resulting from such shipment. If any such goods shipped with such knowledge and consent shall become a danger to the ship or cargo, they may in like manner be landed at any place, or destroyed or rendered innocuous by the carrier without liability on the part of the carrier except to general average, if any.

SURRENDER OF RIGHTS AND IMMUNITIES AND INCREASE OF RESPONSIBILITIES AND LIABILITIES

Sec. 5. A carrier shall be at liberty to surrender in whole or in part all or any of his rights and immunities or to increase any of his responsibilities and liabilities under this Act, provided such surrender or increase shall be embodied in the bill of lading issued to the shipper.

The provisions of this Act shall not be applicable to charter parties; but if bills of lading are issued in the case of a ship under a charter party, they shall comply with the terms of this Act. Nothing in this Act shall be held to prevent the insertion in a bill of lading of any lawful provision regarding general average.

SPECIAL CONDITIONS

Sec. 6. Notwithstanding the provisions of the preceding sections, a carrier, master or agent of the carrier, and a shipper shall, in regard to any particular goods be at liberty to enter into any agreement in any terms as to the responsibility and liability of the carrier for such goods, and as to the rights and immunities of the carrier in respect of such goods, or his obligation as to seaworthiness (so far as the stipulation regarding seaworthiness is not contrary to public policy), or the care or diligence of his servants or agents in regard to the loading, handling, stowage, carriage, custody, care, and discharge of the goods carried by sea: Provided, That in this case no bill of lading has been or shall be issued and that the terms agreed shall be embodied in a receipt which shall be a nonnegotiable document and shall be marked as such.
Any agreement so entered into shall have full legal effect: Provided, That this section shall not apply to ordinary commercial shipments made in the ordinary course of trade but only to other shipments where the character or condition of the property to be carried or the circumstances, terms, and conditions under which the carriage is to be performed are such as reasonably to justify a special agreement.

Sec. 7. Nothing contained in this Act shall prevent a carrier or a shipper from entering into any agreement, stipulation, condition, reservation, or exemption as to the responsibility and liability of the carrier or the ship for the loss or damage to or in connection with the custody and care and handling of goods prior to the loading on and subsequent to the discharge from the ship on which the goods are carried by sea.

Sec. 8. The provisions of this Act shall not affect the rights and obligations of the carrier under the provisions of the Shipping Act, 1916, or under the provisions of sections 4281 to 4289, inclusive, of the Revised Statutes of the United States, or of any amendments thereto; or under the provisions of any other enactment for the time being in force relating to the limitation of the liability of the owners of seagoing vessels.

TITLE II

Section 9. Nothing contained in this Act shall be construed as permitting a common carrier by water to discriminate between competing shippers similarly placed in time and circumstances, either (a) with respect to their right to demand and receive bills of lading subject to the provisions of this Act; or (b) when issuing such bills of lading, either in the surrender of any of the carrier’s rights and immunities or in the increase of any of the carrier’s responsibilities and liabilities pursuant to section 5, title I, of this Act; or (c) in any other way prohibited by the Shipping Act, 1916, as amended.

Sec. 10. Section 25 of the Interstate Commerce Act is hereby amended by adding the following proviso at the end of paragraph 4 thereof: “Provided, however, That insofar as any bill of lading authorized hereunder relates to the carriage of goods by sea, such bill of lading shall be subject to the provisions of the Carriage of Goods by Sea Act.”

Sec. 11. Where under the customs of any trade the weight of any bulk cargo inserted in the bill of lading is a weight ascertained or accepted by a third party other than the carrier or the shipper, and the fact that the weight is so ascertained or accepted is stated in the bill of lading, then, notwithstanding anything in this Act, the bill of lading shall not be deemed to be prima facie evidence against the carrier of the receipt of goods of the weight so inserted in the bill of lading, and the accuracy thereof at the time of shipment shall not be deemed to have been guaranteed by the shipper.

Sec. 12. Nothing in this Act shall be construed as superseding any part of the Act entitled “An Act relating to navigation of vessels, bills of lading, and to certain obligations, duties, and rights in connection with the carriage of property”, approved February 13, 1893, or of any other law which would be applicable in the absence of this Act, insofar as they relate to the duties, responsibilities, and liabilities of the ship or carrier prior to the time when the goods are loaded on or after the time they are discharged from the ship.

Sec. 13. This Act shall apply to all contracts for carriage of goods by sea to or from ports of the United States in foreign trade. As used in this Act the term “United States” includes its districts, terri-
tories, and possessions: Provided, however, That the Philippine Legislature may by law exclude its application to transportation to or from ports of the Philippine Islands. The term "foreign trade" means the transportation of goods between the ports of the United States and ports of foreign countries. Nothing in this Act shall be held to apply to contracts for carriage of goods by sea between any port of the United States or its possessions, and any other port of the United States or its possessions: Provided, however, That any bill of lading or similar document of title which is evidence of a contract for the carriage of goods by sea between such ports, containing an express statement that it shall be subject to the provisions of this Act, shall be subject ed hereto as fully as if subject hereto by the express provisions of this Act: Provided further, That every bill of lading or similar document of title which is evidence of a contract for the carriage of goods by sea from ports of the United States, in foreign trade, shall contain a statement that it shall have effect subject to the provisions of this Act.

SEC. 14. Upon the certification of the Secretary of Commerce that the foreign commerce of the United States in its competition with that of foreign nations is prejudiced by the provisions, or any of them, of title I of this Act, or by the laws of any foreign country or countries relating to the carriage of goods by sea, the President of the United States may, from time to time, by proclamation, suspend any or all provisions of title I of this Act for such periods of time or indefinitely as may be designated in the proclamation. The President may at any time rescind such suspension of title I hereof, and any provisions thereof which may have been suspended shall thereby be reinstated and again apply to contracts thereafter made for the carriage of goods by sea. Any proclamation of suspension or rescission of any such suspension shall take effect on a date named therein, which date shall be not less than ten days from the issue of the proclamation.

Any contract for the carriage of goods by sea, subject to the provisions of this Act, effective during any period when title I hereof, or any part thereof, is suspended, shall be subject to all provisions of law now or hereafter applicable to that part of title I which may have thus been suspended.

SEC. 15. This Act shall take effect ninety days after the date of its approval; but nothing in this Act shall apply during a period not to exceed one year following its approval to any contract for the carriage of goods by sea, made before the date on which this Act is approved, nor to any bill of lading or similar document of title issued, whether before or after such date of approval in pursuance of any such contract as aforesaid.

SEC. 16. This Act may be cited as the "Carriage of Goods by Sea Act."

SEC. 7. (a) For the purpose of administering this Act there is authorized to be appropriated to the Secretary of Agriculture the sum of $300,000, or so much thereof as may be necessary for that purpose.

(b) Any advances or loans which are repaid to the Secretary by any commission or association pursuant to sections 3 and 5 of this Act shall revert to the general fund of the Treasury of the United States.

SEC. 8. All funds available for carrying out this Act shall be available for allotment to the bureaus and offices of the Department of Agriculture and for transfer to such other agencies of the Federal or State Governments as the Secretary may request to cooperate or assist in carrying out this Act.

SEC. 9. If, pursuant to this Act, any compact entered into among three or more of the States of Pennsylvania, Ohio, Wisconsin, Massachusetts, Florida, and Connecticut, becomes effective, or if any association or associations are formed, the membership of which includes at least two-thirds of the producers of cigar-filler tobacco and cigar-binder tobacco in three or more of said States, commerce in cigar-filler tobacco produced in Puerto Rico shall be regulated during the period in which any such compact remains effective or such associations continue to operate, as follows:

(a) The Secretary shall determine for each crop year, by calculations from available statistics of the United States Department of Agriculture, the quantity of cigar-filler tobacco produced in the continental United States and Puerto Rico which is likely to be consumed in all countries of the world during such crop year, increased or decreased, as the case may be, by the amount by which the world stocks of cigar-filler tobacco (produced in the continental United States and Puerto Rico) at the beginning of such crop year are less than or greater than the normal stocks of such cigar-filler tobacco, as determined by the Secretary. For the purposes of this section, the Secretary shall specify as a "crop year" such period of twelve months as he deems will facilitate the administration of this section.

(b) The Secretary shall determine a marketing quota for Puerto Rico for cigar-filler tobacco for each crop year in which the provisions of this section are operative. Such quota shall be that quantity of cigar-filler tobacco which bears the same proportion (subject to such adjustment, which may be cumulative from one crop year to another, not exceeding 5 per centum of said proportion in any one year, as the Secretary determines is necessary to correct for any abnormal conditions of production during any three normal crop years during the last ten years for trends in production during such crop years and for trends in consumption since such crop years) to the total quantity of cigar-filler tobacco produced in the continental United States and Puerto Rico and required for world consumption (as determined pursuant to paragraph (a) of this section) as the average production of cigar-filler tobacco in Puerto Rico in such crop years bore to the average of the total production of cigar-filler tobacco in the continental United States and Puerto Rico in such crop years.
(c) The Secretary shall establish for each farm in Puerto Rico for each crop year a tobacco-marketing quota, giving due consideration to the quantity of cigar-filler tobacco marketed from the crops produced on such farm and by the operator thereof in past years; to the land, labor, and equipment available for production of tobacco on such farm; to the crop-rotation practices on such farm; and to the soil and other physical factors affecting production of tobacco on such farm. *Provided*, that the total of the marketing quotas established for all farms in Puerto Rico for any crop year shall not exceed the marketing quota for Puerto Rico for such crop year.

(d) The marketing quota established for Puerto Rico and the marketing quotas established for farms in Puerto Rico for any crop year pursuant to paragraphs (b) and (c) of this section shall be subject to such uniform adjustment during the crop year, not exceeding 10 per centum of said quotas, as the Secretary shall determine to be necessary to establish and maintain normal world stocks of cigar-filler tobacco produced in the continental United States and Puerto Rico and otherwise to effectuate the purposes of this Act.

(e) The Secretary shall, under such terms and conditions and in accordance with such methods as may be established in regulations prescribed by him, issue, to buyers or handlers of tobacco from any farm in Puerto Rico, marketing certificates for an amount of tobacco equal to the marketing quota established for such farm, and, for any tobacco marketed in excess of such quota for such farm, sell, to the buyer or handlers of such excess tobacco, marketing certificates for a charge equal to one-third of the current market value of such tobacco, and the Secretary may require the buyer or handler of such excess tobacco to deduct the charge for marketing certificates from the price or proceeds of or advances on such tobacco.

(f) From the proceeds received from the sale of marketing certificates pursuant to paragraph (e) of this section, the Secretary shall make payments to the producers of tobacco on farms in Puerto Rico from which the sales of tobacco, because of weather or diseases or loss by fire affecting the tobacco crops thereon adversely during any crop year, are less than the marketing quotas for such farms for such crop year. Such payments shall be at a rate per pound of such deficit as shall be determined by dividing the funds remaining after deduction of such amount as the Secretary estimates to be necessary for the payment of administrative expenses incurred in administering the provisions of this section by the total number of pounds by which the sales of tobacco from all such farms fall below the marketing quotas for such farms.

(g) The sale, marketing, purchase, or transportation of any cigar-filler tobacco produced, sold, or marketed in Puerto Rico during any period of time when this section shall be in effect is hereby prohibited unless a marketing certificate has been issued for such tobacco by the Secretary pursuant to the provisions of this Act.

All accounts and vouchers covering expenditures shall be approved by said Commissioner General or by such assistants as the Commission may designate except for such allotments as may be made to the various executive departments, independent offices, and establishments for direct expenditure; but these provisions shall not be construed to waive the submission of accounts and vouchers to the General Accounting Office for audit, or permit any obligations to be incurred in excess of the amount authorized herein: And provided further, That in the construction of exhibits requiring skilled and unskilled labor, the prevailing rate of wages, as provided in the Act of March 3, 1931, shall be paid.

Sec. 13. That if any clause, sentence, paragraph, or part of this Act shall for any reason be adjudged to be invalid by any court of competent jurisdiction, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered.
There is hereby authorized to be appropriated from time to time, out of any money in the Treasury not otherwise appropriated, such amounts as may be necessary to carry out the provisions and accomplish the purposes of this Act and said Convention.

Extending the time for the Federal Trade Commission to make an investigation and file final report with respect to agricultural income and the financial and economic condition of agricultural producers generally.

Whereas the Federal Trade Commission was authorized under the provisions of Public Resolution Numbered 61, Seventy-fourth Congress, first session, approved August 27, 1935, to make an investigation with respect to agricultural income and the financial and economic condition of agricultural producers generally; and

Whereas the said Commission was directed to present an interim report to the Congress on January 1, 1936, describing the progress made and the status of its work under said public resolution, and a final report with recommendations for legislation not later than July 1, 1936; and

Whereas it appears that the appropriation for conducting this investigation carried in the deficiency appropriation bill failed of passage in the first session of the Seventy-fourth Congress, and was not actually made until February 11, 1936, although the resolution authorizing the investigation was introduced some eighteen months prior to the date specified for the completion of the investigation and report, and was approved August 27, 1935; and

Whereas the extensive information called for under the terms of the said public resolution has caused frequent and numerous requests for extensions of time upon the part of persons from whom such information has had to be obtained, such extensions amounting to from one to three months in addition to thirty days' time originally allowed by the Commission; and

Whereas it is learned that much of the necessary information cannot be secured by July 1, 1936; and

Whereas it appears that it will be possible for the Commission to secure and present much more comprehensive data and to present a much more thorough and accurate study and report upon the same if the time within which it is directed to complete its investigation and to submit its final report thereon with recommendations for legislation be extended: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Federal Trade Commission be, and it is hereby, authorized and directed to proceed under the public resolution aforesaid and is directed to complete the investigation thereunder and to submit a final report to the Congress with recommendations for legislation not later than October 1, 1936,

AN ACT

To provide for rural electrification, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby created and established an agency of the United States to be known as the "Rural Electrification Administration", all of the powers of which shall be exercised by an Administrator, who shall be appointed by the President, by and with the advice and consent of the Senate, for a term of ten years, and who shall receive a salary of $10,000 per year. This Act may be cited as the "Rural Electrification Act of 1936".

Sec. 2. The Administrator is authorized and empowered to make loans in the several States and Territories of the United States for rural electrification and the furnishing of electric energy to persons in rural areas who are not receiving central station service, as hereinafter provided; to make, or cause to be made, studies, investigations, and reports concerning the condition and progress of the electrification of rural areas in the several States and Territories; and to publish and disseminate information with respect thereto.
SEC. 3. (a) The Reconstruction Finance Corporation is hereby authorized and directed to make loans to the Administrator, upon his request approved by the President, not exceeding in aggregate amount $50,000,000 for the fiscal year ending June 30, 1937, with interest at 3 per centum per annum upon the security of the obligations of borrowers from the Administrator appointed pursuant to the provisions of this Act or from the Administrator of the Rural Electrification Administration established by Executive Order Numbered 7037: Provided, That no such loan shall be in an amount exceeding 85 per centum of the principal amount outstanding of the obligations constituting the security therefor: And provided further, That such obligations incurred for the purpose of financing the construction and operation of generating plants, electric transmission and distribution lines, or systems shall be fully amortized over a period not to exceed twenty-five years, and that the maturity of such obligations incurred for the purpose of financing the wiring of premises and the acquisition and installation of electrical and plumbing appliances and equipment shall not exceed two-thirds of the assured life thereof and not more than five years. The Administrator is hereby authorized to make all such endorsements, to execute all such instruments, and to do all such acts and things as shall be necessary to effect the valid transfer and assignment to the Reconstruction Finance Corporation of all such obligations.

(b) There is hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending June 30, 1938, and for each of the eight years thereafter, the sum of $40,000,000 for the purposes of this Act as hereinafter provided.

(c) Fifty per centum of the annual sums herein made available or appropriated for the purposes of this Act shall be allotted yearly by the Administrator for loans in the several States in the proportion which the number of their farms not then receiving central station electric service bears to the total number of farms of the United States not then receiving such service. The Administrator shall, within ninety days after the beginning of each fiscal year, determine for each State and for the United States the number of farms not then receiving such service.

(d) The remaining 50 per centum of such annual sums shall be available for loans in the several States and in the Territories, without allotment as hereinabove provided, in such amounts for each State and Territory as, in the opinion of the Administrator, may be effectively employed for the purposes of this Act, and to carry out the provisions of section 7: Provided, however, That not more than 10 per centum of said unallotted annual sums may be employed in any one State, or in all of the Territories.

(e) If any part of the annual sums made available for the purposes of this Act shall not be loaned or obligated during the fiscal year for which such sums are made available, such unexpended or unobligated sums shall be available for loans by the Administrator in the following year or years without allotment: Provided, however, That not more than 10 per centum of said sums may be employed in any one State or in all of the Territories: And provided further, That no loans shall be made by the Reconstruction Finance Corporation to the Administrator after June 30, 1937.

(f) All moneys representing payments of principal and interest on loans made by the Administrator under this Act shall be covered into the Treasury as miscellaneous receipts, except that any such moneys representing payments of principal and interest on obligations constituting the security for loans made by the Reconstruction
Finance Corporation to the Administrator shall be paid to the Reconstruction Finance Corporation in payment of such loans.

Sec. 4. The Administrator is authorized and empowered, from the sums hereinbefore authorized, to make loans to persons, corporations, States, Territories, and subdivisions and agencies thereof, municipalities, peoples utility districts and cooperative nonprofit, or limited-dividend associations organized under the laws of any State or Territory of the United States, for the purpose of financing the construction and operation of generating plants, electric transmission and distribution lines or systems for the furnishing of electric energy to persons in rural areas who are not receiving central station service: Provided, however, That the Administrator, in making such loans, shall give preference to States, Territories, and subdivisions and agencies thereof, municipalities, peoples utility districts, and cooperative, nonprofit, or limited dividend associations, the projects of which comply with the requirements of this Act. Such loans shall be on such terms and conditions relating to the expenditure of the moneys loaned and the security therefor as the Administrator shall determine and may be made payable in whole or in part out of income: Provided, however, That all such loans shall be self-liquidating within a period of not to exceed twenty-five years, and shall bear interest at a rate equal to the average rate of interest payable by the United States of America on its obligations, having a maturity of ten or more years after the dates thereof, issued during the last preceding fiscal year in which any such obligations were issued: Provided further, That no loan for the construction, operation, or enlargement of any generating plant shall be made unless the consent of the State authority having jurisdiction in the premises is first obtained. Loans under this section and section 5 shall not be made unless the Administrator finds and certifies that in his judgment the security therefor is reasonably adequate and such loan will be repaid within the time agreed.

Sec. 5. The Administrator is authorized and empowered, from the sums hereinbefore authorized, to make loans for the purpose of financing the wiring of the premises of persons in rural areas and the acquisition and installation of electrical and plumbing appliances and equipment. Such loans may be made to any of the borrowers of funds loaned under the provisions of section 4, or to any person, firm, or corporation supplying or installing the said wiring, appliances, or equipment. Such loans shall be for such terms, subject to such conditions, and so secured as reasonably to assure repayment thereof, and shall be at a rate of interest equal to the average rate of interest payable by the United States of America on its obligations, having a maturity of ten or more years after the dates thereof, issued during the last preceding fiscal year in which any such obligations were issued.

Sec. 6. For the purpose of administering this Act and for the purpose of making the studies, investigations, publications, and reports herein provided for, there is hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, such sums as shall be necessary.

Sec. 7. The Administrator is authorized and empowered to bid for and purchase at any foreclosure or other sale, or otherwise to acquire, property pledged or mortgaged to secure any loan made pursuant to this Act; to pay the purchase price and any costs and expenses incurred in connection therewith from the sums authorized in section 3 of this Act; to accept title to any property so purchased or acquired in the name of the United States of America; to operate or lease such property for such period as may be deemed necessary or advisable.
advisable to protect the investment therein, but not to exceed five years after the acquisition thereof; and to sell such property so purchased or acquired, upon such terms and for such consideration as the Administrator shall determine to be reasonable.

No borrower of funds under section 4 shall, without the approval of the Administrator, sell or dispose of its property, rights, or franchises, acquired under the provisions of this Act, until any loan obtained from the Rural Electrification Administration, including all interest and charges, shall have been repaid.

SEC. 8. The administration of loans and contracts entered into by the Rural Electrification Administration established by Executive Order Numbered 7037, dated May 11, 1935, may be vested by the President in the Administrator authorized to be appointed by this Act; and in such event the provisions of this Act shall apply to said loans and contracts to the extent that said provisions are not inconsistent therewith. The President may transfer to the Rural Electrification Administration created by this Act the jurisdiction and control of the records, property (including office equipment), and personnel used or employed in the exercise and performance of the functions of the Rural Electrification Administration established by such Executive order.

SEC. 9. This Act shall be administered entirely on a nonpartisan basis, and in the appointment of officials, the selection of employees, and in the promotion of any such officials or employees, no political test or qualification shall be permitted or given consideration, but all such appointments and promotions shall be given and made on the basis of merit and efficiency. The Virgin Islands Company shall also pay into the municipal treasuries of the Virgin Islands amounts equal to the amounts of any taxes of general application which a private corporation similarly situated would be required to pay into the said treasuries. Similar payments shall be made with respect to any property owned by the United States in the Virgin Islands which is used for ordinary business or commercial purposes, and the income derived from any property so used shall be available for making such payments.

AN ACT

To provide for the continuation of trading in unlisted securities upon national securities exchanges, for the registration of over-the-counter brokers and dealers, for the filing of current information and periodic reports by issuers, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That subsection (f) of section 12 of the Securities Exchange Act of 1934 is amended to read as follows:

“(f) Notwithstanding the foregoing provisions of this section, any national securities exchange, upon application to and approval of such application by the Commission and subject to the terms and conditions hereinafter set forth, (1) may continue unlisted trading privileges to which a security had been admitted on such exchange prior to March 1, 1934; or (2) may extend unlisted trading privileges to any security duly listed and registered on any other national securities exchange, but such unlisted trading privileges shall continue in effect only so long as such security shall remain listed and registered on any other national securities exchange; or (3) may extend unlisted trading privileges to any security in respect of which there is available from a registration statement and periodic reports or other data filed pursuant to rules or regulations prescribed by the Commission under this title or the Securities Act of 1933, as amended, information substantially equivalent to that available pursuant to rules or regulations of the Commission in respect of a security duly listed and registered on a national securities exchange, but such unlisted trading privileges shall continue in effect only so long as such a registration statement remains effective and such periodic reports or other data continue to be so filed.

No application pursuant to this subsection shall be approved unless the Commission finds that the continuation or extension of unlisted trading privileges pursuant to such application is necessary or appropriate in the public interest or for the protection of investors. No application to extend unlisted trading privileges to any security pursuant to clause (2) or (3) of this subsection shall be approved except after appropriate notice and opportunity for hearing. No application to extend unlisted trading privileges to any security pursuant to clause (2) or (3) of this subsection shall be approved unless the applicant exchange shall establish to the satisfaction of the Commission that there exists in the vicinity of such exchange sufficiently widespread public distribution of such security and sufficient public trading activity therein to render the extension of unlisted trading privileges on such exchange thereto necessary or appropriate in the public interest or for the protection of investors. No application to extend unlisted trading privileges to any security pursuant to clause (3) of this subsection shall be approved except upon such terms and conditions as will subject the issuer thereof, the officers and directors of such issuer, and every beneficial owner of more than 10 per centum of such security to
duties substantially equivalent to the duties which would arise pursuant to this title if such security were duly listed and registered on a national securities exchange; except that such terms and conditions need not be imposed in any case or class of cases in which it shall appear to the Commission that the public interest and the protection of investors would nevertheless best be served by such extension of unlisted trading privileges. In the publication or making available for publication by any national securities exchange, or by any person directly or indirectly controlled by such exchange, of quotations or transactions in securities made or effected upon such exchange, such exchange or controlled person shall clearly differentiate between quotations or transactions in listed securities, and quotations or transactions in securities for which unlisted trading privileges on such exchange have been continued or extended pursuant to this subsection. In the publication or making available for publication of such quotations or transactions otherwise than by ticker, such exchange or controlled person shall group under separate headings (A) quotations or transactions in listed securities, and (B) quotations or transactions in securities for which unlisted trading privileges on such exchange has been continued or extended pursuant to this subsection.

The Commission shall by rules and regulations suspend unlisted trading privileges in whole or in part or any or all classes of securities for a period not exceeding twelve months, if it deems such suspension necessary or appropriate in the public interest or for the protection of investors or to prevent evasion of the purposes of this title.

Unlisted trading privileges continued for any security pursuant to clause (1) of this subsection shall be terminated by order, after appropriate notice and opportunity for hearing, if it appears at any time that such security has been withdrawn from listing on any exchange by the issuer thereof, unless it shall be established to the satisfaction of the Commission that such delisting was not designed to evade the purposes of this title or unless it shall appear to the Commission that, notwithstanding any such purpose of evasion, the continuation of such unlisted trading privileges is nevertheless necessary or appropriate in the public interest or for the protection of investors. On the application of the issuer of any security for which unlisted trading privileges on any exchange have been continued or extended pursuant to this subsection, or of any broker or dealer who makes or creates a market for such security, or of any other person having a bona-fide interest in the question of termination or suspension of such unlisted trading privileges, or on its own motion, the Commission shall by order terminate, or suspend for a period not exceeding twelve months, such unlisted trading privileges for such security if the Commission finds, after appropriate notice and opportunity for hearing, that by reason of inadequate public distribution of such security in the vicinity of said exchange, or by reason of inadequate public trading activity or of the character of trading therein on said exchange, such termination or suspension is necessary or appropriate in the public interest or for the protection of investors.

In any proceeding under this subsection in which appropriate notice and opportunity for hearing are required, notice of not less than ten days to the applicant in such proceeding, to the issuer of the security involved, to the exchange which is seeking to continue or extend or has continued or extended unlisted trading privileges for such security, and to the exchange, if any, on which such security is listed and registered, shall be deemed adequate notice, and any broker or dealer who makes or creates a market for such security,
and any other person having a bona-fide interest in such proceeding, shall upon application be entitled to be heard.

"Any security for which unlisted trading privileges are continued or extended pursuant to this subsection shall be deemed to be registered on a national securities exchange within the meaning of this title. The powers and duties of the Commission under subsection (b) of section 19 of this title shall be applicable to the rules of an exchange in respect of any such security. The Commission may, by such rules and regulations as it deems necessary or appropriate in the public interest or for the protection of investors, either unconditionally or upon specified terms and conditions, or for stated periods, exempt such securities from the operation of any provision of section 13, 14, or 16 of this title."

SEC. 2. Any application to continue unlisted trading privileges for any security heretofore filed by any exchange and approved by the Commission pursuant to clause (1) of subsection (f) of section 12 of the Securities Exchange Act of 1934 and rules and regulations thereunder shall be deemed to have been filed and approved pursuant to clause (1) of said subsection (f) as amended by section 1 of this Act.

SEC. 3. Section 15 of the Securities Exchange Act of 1934 is amended to read as follows:

"Sec. 15. (a) No broker or dealer (other than one whose business is exclusively intrastate) shall make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce the purchase or sale of, any security (other than an exempted security or commercial paper, bankers' acceptances, or commercial bills) otherwise than on a national securities exchange, unless such broker or dealer is registered in accordance with subsection (b) of this section.

(b) A broker or dealer may be registered for the purposes of this section by filing with the Commission an application for registration, which shall contain such information in such detail as to such broker or dealer and any person directly or indirectly controlling or controlled by, or under direct or indirect common control with, such broker or dealer, as the Commission may by rules and regulations require as necessary or appropriate in the public interest or for the protection of investors. Except as hereinafter provided, such registration shall become effective thirty days after the receipt of such application by the Commission or within such shorter period of time as the Commission may determine.

"An application for registration of a broker or dealer to be formed or organized may be made by a broker or dealer to which the broker or dealer to be formed or organized is to be the successor. Such application shall contain such information in such detail as to the applicant and as to the successor and any person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the applicant or the successor, as the Commission may by rules and regulations require as necessary or appropriate in the public interest or for the protection of investors. Except as hereinafter provided, such registration shall become effective thirty days after the receipt of such application by the Commission or within such shorter period of time as the Commission may determine. Such registration shall terminate on the forty-fifth day after the effective date thereof, unless prior thereto the successor shall, in accordance with such rules and regulations as the Commission may prescribe, adopt such application as its own.

"If any amendment to any application for registration pursuant to this subsection is filed prior to the effective date thereof, such amendment shall be deemed to have been filed simultaneously with
Postponement of effective date by Commission.

Registration; denial or revocation for specified cause.

Misleading, etc., statements in application.

Postponement of effective date of registration.

Cancellation of registration or application by Commission.

Use of mails, etc., to induce purchase or sale by fraudulent, etc., device.

Definition of fraudulent device by Commission.

and as part of such application; except that the Commission may, if it appears necessary or appropriate in the public interest or for the protection of investors, defer the effective date of any such registration as thus amended until the thirtieth day after the filing of such amendment.

"The Commission shall, after appropriate notice and opportunity for hearing, by order deny registration to or revoke the registration of any broker or dealer if it finds that such denial or revocation is in the public interest and that (1) such broker or dealer whether prior or subsequent to becoming such, or (2) any partner, officer, director, or branch manager of such broker or dealer (or any person occupying a similar status or performing similar functions), or any person directly or indirectly controlling or controlled by such broker or dealer, whether prior or subsequent to becoming such, (A) has willfully made or caused to be made in any application for registration pursuant to this subsection or in any document supplemental thereto or in any proceeding before the Commission with respect to registration pursuant to this subsection any statement which was at the time and in the light of the circumstances under which it was made false or misleading with respect to any material fact; or (B) has been convicted within ten years preceding the filing of any such application or at any time thereafter of any felony or misdemeanor involving the purchase or sale of any security or arising out of the conduct of the business of a broker or dealer; or (C) is permanently or temporarily enjoined by order, judgment, or decree of any court of competent jurisdiction from engaging in or continuing any conduct or practice in connection with the purchase or sale of any security; or (D) has willfully violated any provision of the Securities Act of 1933, as amended, or of this title, or of any rule or regulation thereunder. Pending final determination whether any such registration shall be denied, the Commission may by order postpone the effective date of such registration for a period not to exceed fifteen days, but if, after appropriate notice and opportunity for hearing, it shall appear to the Commission to be necessary or appropriate in the public interest or for the protection of investors to postpone the effective date of such registration until final determination, the Commission shall so order. Pending final determination whether any such registration shall be revoked, the Commission shall by order suspend such registration if, after appropriate notice and opportunity for hearing, such suspension shall appear to the Commission to be necessary or appropriate in the public interest or for the protection of investors. Any registered broker or dealer may, upon such terms and conditions as the Commission may deem necessary in the public interest or for the protection of investors, withdraw from registration by filing a written notice of withdrawal with the Commission. If the Commission finds that any registered broker or dealer, or any broker or dealer for whom an application for registration is pending, is no longer in existence or has ceased to do business as a broker or dealer, the Commission shall by order cancel the registration or application of such broker or dealer.

(c) No broker or dealer shall make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce the purchase or sale of, any security (other than commercial paper, banker's acceptances, or commercial bills) otherwise than on a national securities exchange, by means of any manipulative, deceptive, or other fraudulent device or contrivance. The Commission shall, for the purposes of this subsection, by rules and regulations define such devices or contrivances as are manipulative, deceptive, or otherwise fraudulent.
“(d) Each registration statement hereafter filed pursuant to the Securities Act of 1933, as amended, shall contain an undertaking by the issuer of the issue of securities to which the registration statement relates to file with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors, such supplementary and periodic information, documents, and reports as may be required pursuant to section 13 of this title in respect of a security listed and registered on a national securities exchange; but such undertaking shall become operative only if the aggregate offering price of such issue of securities, plus the aggregate value of all other securities of such issuer of the same class (as hereinafter defined) outstanding, computed upon the basis of such offering price, amounts to $2,000,000 or more. The issuer shall file such supplementary and periodic information, documents, and reports pursuant to such undertaking, except that the duty to file shall be automatically suspended if and so long as (1) such issue of securities is listed and registered on a national securities exchange, or (2) by reason of the listing and registration of any other security of such issuer on a national securities exchange, such issuer is required to file pursuant to section 13 of this title information, documents, and reports substantially equivalent to such as would be required if such issue of securities were listed and registered on a national securities exchange, or (3) the aggregate value of all outstanding securities of the class to which such issue belongs is reduced to less than $1,000,000, computed upon the basis of the offering price of the last issue of securities of said class offered to the public. For the purposes of this subsection, the term ‘class’ shall be construed to include all securities of an issuer which are of substantially similar character and the holders of which enjoy substantially similar rights and privileges. Nothing in this subsection shall apply to securities issued by a foreign government or political subdivision thereof or to any other security which the Commission may by rules and regulations exempt as not comprehended within the purposes of this subsection.”

Sec. 4. Subsection (a) of section 17 of such Act is amended by striking out “every broker or dealer making or creating a market for both the purchase and sale of securities through the use of the mails or of any means or instrumentality of interstate commerce”, and inserting in lieu thereof “every broker or dealer registered pursuant to section 15 of this title”.

AN ACT

To provide for a change in the designation of the Bureau of Navigation and Steamboat Inspection, to create a marine casualty investigation board and increase efficiency in administration of the steamboat inspection laws, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Bureau of Navigation and Steamboat Inspection in the Department of Commerce shall hereafter be known as the "Bureau of Marine Inspection and Navigation."
SEC. 2. That section 4404 of the Revised Statutes is hereby amended to read as follows:

"SEC. 4404. There shall be seven supervising inspectors, who shall be appointed by the Secretary of Commerce. In the appointment of the supervising inspectors provided for by this section the Secretary of Commerce shall give due consideration to the reappointment of such of the present supervising inspectors as by their record of efficiency and experience have demonstrated their fitness for their positions. All vacancies occurring thereafter in the Board of Supervising Inspectors may be filled by selection from the principal traveling inspectors provided for by section 3 of this Act, or from the United States Local Inspectors. Each supervising inspector shall be entitled to a salary of not to exceed $6,000 per annum and his necessary traveling expenses while traveling on official business assigned him by competent authority, together with his actual and reasonable expenses for transportation of instruments, which shall be certified and sworn to under such instructions as shall be given by the Secretary of Commerce.

"In the case of the absence of any such supervising inspector from his official station, the Secretary of Commerce may designate some officer of the Bureau of Marine Inspection and Navigation to perform the duties of such officer during his absence."

SEC. 3. That there shall be in the field service of the Bureau of Marine Inspection and Navigation in the Department of Commerce not to exceed ten principal traveling inspectors to be appointed by the Secretary of Commerce, the compensation of such principal traveling inspectors to be fixed by the Secretary of Commerce at not to exceed $5,000 per annum. Each of said principal traveling inspectors shall be entitled to his necessary traveling expenses while traveling on official business. Such principal traveling inspectors shall be selected for their knowledge, skill, and practical experience in steam and motor power for navigation and shall be competent judges of the character and qualities of such vessels and of all parts of the machinery employed in such navigation. They also shall have full knowledge of the duties imposed by law on licensed officers and crews of vessels.

SEC. 4. That section 4450 of the Revised Statutes is hereby amended so as to read:

Sec. 4450. (a) The Secretary of Commerce shall prescribe rules and regulations for the investigation of marine casualties involving loss of life in order to determine whether any incompetence, misconduct, unskillfulness or willful violation of law on the part of any licensed officer, pilot, seaman, employee, owner, or agent of such owner of any vessel involved in such casualty, or any inspector, officer of the Coast Guard, or other officer or employee of the United States, or any other person, caused, or contributed to the cause of such casualty. For the purpose of investigating such a marine casualty, the Secretary of Commerce shall appoint a marine casualty investigation board or boards consisting of a chairman and two other members; the chairman shall be an officer or employee of the Department of Justice (learned in maritime laws) designated by the Attorney General; one member shall be a representative of the Bureau of Marine Inspection and Navigation designated by the Secretary of Commerce; and the other member shall be an officer of the United States Coast Guard designated by the Secretary of the Treasury. All reports shall be made to the Secretary of Commerce and such reports shall be public records and be open to inspection at reasonable times by any persons. Copies of such reports shall be sent to the Attorney General and to the Secretary of the Treasury.
Rules and regulations.

"(b) The Secretary of Commerce shall establish rules and regulations for the investigation of marine casualties and accidents not involving loss of life, any act in violation of any of the provisions of this title or of any of the regulations issued thereunder, and all cases of acts of incompetency or misconduct committed by any licensed officer or holder of a certificate of service while acting under the authority of his license or certificate of service, whether or not any of such acts are committed in connection with any marine casualty or accident. The Secretary of Commerce shall classify marine casualties and accidents not involving loss of life according to the gravity thereof and in making such classification the Secretary shall give consideration to the extent of injuries to persons, the extent of property damage, the dangers actual or potential which such marine casualties or accidents may create to the safety of navigation or commerce. All such marine casualties or accidents classified as serious shall be investigated by a marine board appointed by the Secretary of Commerce consisting of two principal traveling inspectors and a supervising inspector of the Bureau of Marine Inspection and Navigation. Marine casualties or accidents classified as less serious shall be investigated by a marine board consisting of representatives of the Bureau of Marine Inspection and Navigation designated by the Director thereof.

"(c) The said boards provided for in subsections (a) and (b) of this section shall, upon the approval of the Director of the Bureau of Marine Inspection and Navigation, have authority to engage such other assistants, clerical or technical, as may be deemed necessary by the said Director. The members of said boards shall not receive any compensation in addition to that for their regular appointment but shall be entitled to their necessary traveling expenses while traveling on official business.

"(d) All acts in violation of any of the provisions of this title or of any of the regulations issued thereunder, whether or not committed in connection with any marine casualty or accident, and all acts of incompetency or misconduct, whether or not committed in connection with any marine casualty or accident, committed by any licensed officer acting under authority of his license or by any chief or assistant steward, purser, radio operator, electrician, able seaman, or lifeboat man acting under authority of a certificate of service issued to him by the Bureau of Marine Inspection and Navigation, and all marine casualties and accidents and the attendant circumstances shall be immediately investigated by the appropriate board as provided in subsections (a) and (b) of this section. Such board shall determine, as far as possible, the cause of any such casualty or accident, the persons responsible therefor, and whether or not the United States Government employee charged with the inspection of the vessel or the vessels involved and with the examination and licensing of the officers thereof have properly performed their duties in connection with such inspection, examination and licensing. In all investigations conducted under the authority of this section, any owner, licensed officer, or any holder of a certificate of service, or any other person whose conduct is under investigation, or any other party in interest, shall be allowed to be represented by counsel, to cross-examine witnesses, and to call witnesses in his own behalf, and a full and complete record of the facts and circumstances shall be submitted to the Director of the Bureau of Marine Inspection and Navigation.

"(e) In any investigation directed by this section a marine casualty investigation board or a marine board shall have power to summon before it witnesses and to require the production of books, papers,
documents, and any other evidence. Attendance of witnesses or the production of books, papers, documents, or any other evidence shall be compelled by a similar process as in the United States District Court. The chairman of each of said boards shall administer all necessary oaths to any witnesses summoned before said boards.

"(f) The disbursing clerk, Department of Commerce, shall pay, on properly certified vouchers, such fees to any witness summoned under subsection (e) of this section, for his actual travel and attendance, as shall be officially certified to by the chairman of the board conducting the investigation, not exceeding the rate allowed for fees and to witnesses for travel and attendance in any District Court of the United States.

"(g) In any investigation of acts of incompetency or misconduct or of any act in violation of the provisions of this title, or of any of the regulations issued thereunder, committed by any licensed officer or any holder of a certificate of service, the person whose conduct is under investigation shall be given reasonable notice of the time, place, and subject of such investigation and an opportunity to be heard in his own defense. The whole record of the testimony received by the board conducting such investigation and the findings and recommendations of such board shall be forwarded to the Director of the Bureau of Marine Inspection and Navigation, and if that officer shall find that such licensed officer or holder of certificate of service is incompetent or has been guilty of misbehavior, negligence, or unskilfulness, or has endangered life, or has willfully violated any of the provisions of this title or any of the regulations issued thereunder, he shall, in a written order reciting said findings, suspend or revoke the license or certificate of service of such officer or holder of such certificate. The person whose license or certificate of service is revoked may within thirty days appeal from the order of the said Director to the Secretary of Commerce. On such appeal the appellant shall be allowed to be represented by counsel. The Secretary of Commerce may alter or modify any finding of the board which conducted the investigation or of the Director of the Bureau of Marine Inspection and Navigation, but the decision of the Secretary of Commerce shall be based solely on the testimony received by the said board and shall recite the findings of fact on which it is based.

"(h) If the Director of the Bureau of Marine Inspection and Navigation shall find evidence of criminal liability on the part of any licensed officer or holder of a certificate of service, he shall submit such findings to the Secretary of Commerce who, if he be satisfied that such criminal liability exists, shall refer all of the evidence and the findings in such investigation to the Attorney General for investigation by and prosecution through the Federal district attorney of the district having jurisdiction, under the provisions of the Criminal Code. Nothing in this section shall be construed as prohibiting the Federal district attorney from conducting a criminal investigation or prosecution in connection with a shipping casualty.

"(i) Any attempt to coerce any witnesses, or to induce them to testify falsely in connection with a shipping casualty, or to induce them to leave the jurisdiction of the United States, shall be punishable by a fine of $5,000 or imprisonment for one year, or both such fine and imprisonment. Any person making such attempts shall be prosecuted by the Federal district attorney of the district having jurisdiction.

"(j) The Secretary of Commerce shall make such regulations as may be necessary to secure the proper administration of this section."
(k) This section shall take effect ninety days from its enactment.

SEC. 5. (a) That hereafter there shall be in the Bureau of Marine Inspection and Navigation a technical staff, consisting of the Director and technical members who shall be selected for their knowledge, skill, and practical experience in designing and supervising the construction and operation of vessels propelled by machinery, and they shall be competent judges of the character, strength, stability, and safety qualities of such vessels and their equipment. Such technical members shall be appointed by the Secretary of Commerce, without reference to the civil-service laws and regulations. The Director of the said Bureau with the advice and assistance of the technical staff so appointed shall pass upon all contract plans and specifications for passenger vessels of the United States of one hundred gross tons and over, propelled by machinery, as provided for by subsection (b) of this section, including the installation of tested and effective sprinkler systems, and upon arrangement plans for all material alterations to existing vessels. Such approval shall be given promptly and with due regard to the orderly progress of the work but only when the Director is satisfied, after a full and complete examination of the plans and specifications, that the vessel, when built or altered, as the case may be, can be navigated with safety to those on board.

In case the said Director shall disapprove such plans and specifications, the person or persons submitting the same shall be apprised thereof the reasons for such disapproval and advised of the amendments necessary to secure such approval. The Director shall, at as early a date as practicable, and from time to time thereafter as he shall deem advisable, formulate and publish regulations and instructions for the guidance of builders of prospective vessels showing the safety characteristics of vessels which will meet the approval of the Director: Provided, however, That such regulations and instructions shall in all cases be subject to the approval of the Secretary of Commerce.

(b) That no passenger vessel of the United States of one hundred gross tons and over, propelled by machinery, the construction or material alteration of which shall be begun subsequent to the passage of this Act, shall be granted a certificate of inspection by a board of local inspectors of the Bureau unless the said general contract plans and specifications therefor shall have been submitted at least in triplicate to and approved by the aforesaid Director before the construction of such vessel or alteration thereof shall have been commenced; nor shall any such vessel, the said plans or specifications for which have been materially altered subsequent to such approval be granted a certificate, as aforesaid, unless such altered plans and specifications shall have been submitted at least in triplicate to and approved by the said Director, prior to such change in construction having been made. No such certificate shall be granted to any such vessel which has not been constructed and equipped in accordance with said plans and specifications approved as aforesaid: Provided, That approved plans and certificates of the American Bureau of Shipping classed vessels may be accepted by the Director as evidence of the structural efficiency of the hull and the reliability of the machinery of such vessels, except as far as existing law places definite responsibility on the Bureau of Marine Inspection and Navigation. The American Bureau of Shipping shall continue to function in connection with the Government, its bureaus, departments, boards, and commissions, as heretofore provided under the Merchant Marine Act, June 5, 1920 (ch. 250, sec. 25; 41 Stat. 998; 46 U. S. C. Annotated, sec. 881) and as provided in the Act of March 2, 1929, entitled "An Act to establish load lines for American.
vessels, and for other purposes", or any similar Act hereinafter enacted.

(c) Upon the approval by the said Director of the original or modified plans and specifications for any such vessel or for any subsequent alteration of such vessel, an endorsement to that effect, signed by the Director, shall be placed upon such plans and specifications, and one copy thereof shall be delivered to the person or persons submitting the same. Whenever any inspector shall ascertain to his satisfaction that any such vessel does not conform in all material respects to said plans and specifications approved as aforesaid, he shall immediately report his conclusions to the aforesaid Director, setting forth the reasons for his belief; and if, after a preliminary examination of the facts of the case, the said Director shall be of the opinion that reasonable ground exists for believing the conclusions of such reporting officer to be correct, he shall notify the person or persons who submitted the said plans and specifications and the board of local inspectors of the Bureau who shall not issue the vessel's certificate of inspection until the discrepancy has been corrected to the satisfaction of the said Director. The final decision of the Director shall be reached with as little delay as the proper consideration of the question will permit. The owner of any vessel coming within the provisions of this Act shall notify the Director of any material alterations proposed to be made on such vessel, and should any such alteration be made on such vessel before the plans and specifications for such alteration have received the approval of the said Director the owners shall, in addition to any suspension of the certificate of inspection which the Director may determine to be necessary, incur a penalty of $500 for which the vessel shall be liable and which may be mitigated or remitted by the Secretary of Commerce on such condition as he may deem proper.

(d) That the words "plans and specifications" wherever used in this Act shall be held to include prints of all general contract plans and copies of the specifications and other matters of a similar nature, as necessary to the purposes of this Act for any vessel to which this Act applies. The said plans and specifications of all passenger ships of one hundred gross tons and over shall specify for fire-retardant material in their construction so far as reasonable and practicable.

(e) That any person or persons who shall alter, deface, obliterate, remove, or destroy any plans or specifications approved as provided in this Act, with intent to deceive or delay any officer of the United States in the discharge of his duties under this Act, shall be deemed guilty of a misdemeanor, and upon conviction thereof in any court of competent jurisdiction shall be punished by a fine of not to exceed $5,000 or by imprisonment for not to exceed five years, or by both such fine and imprisonment, in the discretion of the court.

(f) This section shall not take effect as to vessels under five hundred gross tons until three months, nor as to vessels of five hundred gross tons and over until thirty days, after its enactment.

Sec. 6. That the Secretary of Commerce shall fix a reasonable rate of extra compensation for overtime services of local inspectors of steam vessels and their assistants, United States shipping commissioners and their deputies and assistants, who may be required to remain on duty between the hours of 5 o'clock postmeridian and 8 o'clock antemeridian or on Sundays or holidays to perform services in connection with the inspection of vessels or their equipment, supplying or signing on or discharging crews of vessels on the basis of one-half day's additional pay for each two hours or fraction thereof of at least one hour that the overtime extends beyond 5 o'clock postmeridian (but not to exceed two and one-half days'

"SEC. 4a. (1) Excessive speculation in any commodity under contracts of sale of such commodity for future delivery made on or subject to the rules of contract markets causing sudden or unreasonable fluctuations or unwarranted changes in the price of such commodity, is an undue and unnecessary burden on interstate commerce in such commodity. For the purpose of diminishing, eliminating, or preventing such burden, the commission shall, from time to time, after due notice and opportunity for hearing, by order, proclaim and fix such limits on the amount of trading under contracts of sale of such commodity for future delivery on or subject to the rules of any contract market which may be done by any person as the commission finds is necessary to diminish, eliminate, or prevent such burden. Nothing in this section shall be construed to prohibit the commission from fixing different trading limits for different commodities, markets, futures, or delivery months, or different trading limits for buying and selling operations, or different limits for the purposes of subparagraphs (A) and (B) of this section, or from exempting transactions commonly known to the trade as 'spreads' or 'straddles' or from fixing trading limits applying to such transactions different from trading limits fixed for other transactions.

(2) The commission shall, in such order, fix a reasonable time (not to exceed ten days) after the order's promulgation; after which, and until such order is suspended, modified, or revoked, it shall be unlawful for any person—

(A) directly or indirectly to buy or sell, or agree to buy or sell, under contracts of sale of such commodity for future delivery on or subject to the rules of the contract market or markets to which the order applies, any amount of such commodity during any one business day in excess of any trading limit fixed for one business day by the commission in such order for or with respect to such commodity; or

(B) directly or indirectly to buy or sell, or agree to buy or sell, under contracts of sale of such commodity for future delivery on or subject to the rules of any contract market, any amount of such commodity that shall result in giving such person a net long or net short position at any one time in or with respect to such

commodity in excess of any trading limit fixed by the commission for net long or net short position in such order for or with respect to such commodity.

(5) No order issued under paragraph (1) of this section shall apply to transactions which are shown to be bona fide hedging transactions. For the purposes of this paragraph, bona fide hedging transactions shall mean sales of any commodity for future delivery on or subject to the rules of any board of trade to the extent that such sales are offset in quantity by the ownership or purchase of the same cash commodity or, conversely, purchases of any commodity for future delivery on or subject to the rules of any board of trade to the extent that such purchases are offset by sales of the same cash commodity. There shall be included in the amount of any commodity which may be hedged by any person—

(A) the amount of such commodity such person is raising, or in good faith intends or expects to raise, within the next twelve months, on land (in the United States or its Territories) which such person owns or leases;

(B) an amount of such commodity the sale of which for future delivery would be a reasonable hedge against the products or byproducts of such commodity owned or purchased by such person, or the purchase of which for future delivery would be a reasonable hedge against the sale of any product or byproduct of such commodity by such person.

(4) This section shall apply to a person that is registered as a futures commission merchant or as floor broker under authority of this Act only to the extent that transactions made by such person are made on behalf of or for the account or benefit of such person. This section shall not apply to transactions made by, or on behalf of, or at the direction of, the United States, or a duly authorized agency thereof.

Sec. 4b. It shall be unlawful for any member of a contract market, or for any correspondent, agent, or employee of any member, in or in connection with any order to make, or the making of (1) any contract of sale of any commodity in interstate commerce, or (2) any contract of sale of any commodity for future delivery made, or to be made, on or subject to the rules of any contract market for or on behalf of any person if such contract for future delivery is or may be used for (a) hedging any transaction in interstate commerce in such commodity, or the products or byproducts thereof, or (b) determining the price basis of any transaction in interstate commerce in such commodity, or (c) delivering any such commodity sold, shipped, or received in interstate commerce for the fulfillment thereof—

(A) to cheat or defraud or attempt to cheat or defraud such person;

(B) willfully to make or cause to be made to such person any false report or statement thereof, or willfully to enter or cause to be entered for such person any false record thereof;

(C) willfully to deceive or attempt to deceive such person by any means whatsoever in regard to any such order or contract or the disposition or execution of any such order or contract, or in regard to any act of agency performed with respect to such order or contract for such person; or

(D) to bucket such order, or to fill such order by offset against the order or orders of any other person, or willfully and knowingly and without the prior consent of such person to become the buyer in respect to any selling order of such person, or become the seller in respect to any buying order of such person.
“Nothing in this section or in any other section of this Act shall be construed to prevent a futures commission merchant or floor broker who shall have in hand, simultaneously, buying and selling orders at the market for different principals for a like quantity of cotton for future delivery in the same month, from executing such buying and selling orders at the market price: Provided, That any such execution shall take place on the floor of the exchange where such orders are to be executed at public outcry across the ring and shall be duly reported, recorded, and cleared in the same manner as other orders executed on such exchange.

“Sec. 4c. It shall be unlawful for any person to offer to enter into, enter into, or confirm the execution of, any transaction involving any commodity, which is or may be used for (1) hedging any transaction in interstate commerce in such commodity or the products or byproducts thereof, or (2) determining the price basis of any such transaction in interstate commerce in such commodity, or (3) delivering any such commodity sold, shipped, or received in interstate commerce for the fulfillment thereof—

“(A) if such transaction is, is of the character of, or is commonly known to the trade as, a ‘wash sale’, ‘cross trade’, or ‘accommodation trade’, or is a fictitious sale;

“(B) if such transaction is, is of the character of, or is commonly known to the trade as, a ‘privilege’, ‘indemnity’, ‘bid’, ‘offer’, ‘put’, ‘call’, ‘advance guaranty’, or ‘decline guaranty’, or

“(C) if such transaction is used to cause any price to be reported, registered, or recorded which is not a true and bona fide price.

“Nothing in this section shall be construed to prevent the exchange of futures in connection with cash commodity transactions or of futures for cash commodities, or of transfer trades or office trades if made in accordance with board of trade rules applying to such transactions and such rules shall not have been disapproved by the Secretary of Agriculture. Nothing in this section or section 4b shall be construed to impair any State law applicable to any transaction enumerated or described in such sections.

“Sec. 4d. It shall be unlawful for any person to engage as futures commission merchant in soliciting orders or accepting orders for the purchase or sale of any commodity for future delivery, or involving any contracts for sale of any commodity for future delivery, on or subject to the rules of any contract market unless—

“(1) such person shall have registered, under this Act, with the Secretary of Agriculture as such futures commission merchant and such registration shall not have expired nor been suspended nor revoked; and

“(2) such person shall, whether a member or nonmember of a contract market, treat and deal with all money, securities, and property received by such person to margin, guarantee, or secure the trades or contracts of any customer of such person, or accruing to such customer as the result of such trades or contracts, as belonging to such customer. Such money, securities, and property shall be separately accounted for and shall not be commingled with the funds of such commission merchant or be used to margin or guarantee the trades or contracts, or to secure or extend the credit, of any customer or person other than the one for whom the same are held: Provided, however, That such money, securities, and property of the customers of such futures commission merchant may, for convenience, be commingled and deposited in the same account or accounts with any bank or trust company or with the clearing house organization of such contract market, and that such share thereof as in the normal course of business...
shall be necessary to margin, guarantee, secure, transfer, adjust, or settle the contracts or trades of such customers, or resulting market positions, with the clearing-house organization of such contract market or with any member of such contract market, may be withdrawn and applied to such purposes, including the payment of commissions, brokerage, interest, taxes, storage, and other charges, lawfully accruing in connection with such contracts and trades: Provided further, That such money may be invested in obligations of the United States, in general obligations of any State or of any political subdivision thereof, in obligations fully guaranteed as to principal and interest by the United States, and in 'investment securities' as defined in and under authority of section 5136 of the Revised Statutes, as amended, and, subject to approval by the Secretary of Agriculture, may be loaned on the security of negotiable warehouse receipts conveying or securing title to readily marketable commodities to the extent of the current loan value of such receipts, such investments and loans to be made in accordance with such rules and regulations and subject to such conditions as the Secretary of Agriculture may prescribe.

"Sec. 4e. It shall be unlawful for any person to act as floor broker in executing any orders for the purchase or sale of any commodity for future delivery, or involving any contracts of sale of any commodity for future delivery, on or subject to the rules of any contract market unless such person shall have registered, under this Act, with the Secretary of Agriculture as such floor broker and such registration shall not have expired nor been suspended nor revoked.

"Sec. 4f. (1) Any person desiring to register as futures commission merchant or as floor broker hereunder shall be registered upon application to the Secretary of Agriculture, which application shall be made in form and manner to be prescribed by the Secretary of Agriculture, giving such information and facts as the Secretary of Agriculture may deem necessary concerning the business in which the applicant is or will be engaged, including, in the case of applications of futures commission merchants, the names and addresses of the managers of all branch offices and of all correspondents and agents engaged in soliciting or accepting on behalf of such applicant any orders for the purchase or sale of any commodity for future delivery on or subject to the rules of any board of trade, and including also the names of its officers and partners, if a partnership, and of its officers, directors, and stockholders, as the Secretary of Agriculture may direct, if a corporation. Such person, when registered hereunder, shall likewise continue to report and furnish to the Secretary of Agriculture the above-mentioned information and such other information pertaining to his business as the Secretary of Agriculture may require. All registrations shall expire on the 31st day of December of the year for which issued, and shall be renewed upon application therefor unless the registration has been suspended (and the period of such suspension has not expired) or revoked after notice and hearing as prescribed in section 4g of this Act.

"(2) Any person registered as futures commission merchant hereunder shall post in a conspicuous place in each of the offices maintained by such person in the United States in which orders for the purchase or sale of any commodity for future delivery are solicited or accepted, the original or duplicate copy (issued by the Secretary of Agriculture) of such person's registration certificate as such futures commission merchant.

Used for hedging, price basis, or delivery of commodity in interstate commerce.
Misrepresentations.
Making contract for future delivery, without reporting same, in excess of prescribed limits.
Record, etc., of transactions to be kept.

"Sec. 4g. If any person registered hereunder as futures commission merchant or floor broker shall violate any of the provisions of this Act, or any of the rules or regulations of the Secretary of Agriculture thereunder, or shall fail or refuse to make any report required by the Secretary of Agriculture regarding the transactions of such person, or the transactions of the customers thereof, in commodities for future delivery on any board of trade in the United States or elsewhere, or shall fail or refuse to keep the books and records pertaining to such transactions in the form and manner required by the Secretary of Agriculture, or shall fail or refuse to keep such books and records open to inspection by any representative of the United States Department of Agriculture or the United States Department of Justice, the registration of such person may be suspended or revoked after notice and hearing in accordance with the procedure and subject to the judicial review provided in paragraph (b) of section 6 of this Act.

"Sec. 4h. It shall be unlawful for any person—

(1) to conduct any office or place of business anywhere in the United States or its territories for the purpose of soliciting or accepting any orders for the purchase or sale of any commodity for future delivery, or for making or offering to make any contracts for the purchase or sale of any commodity for future delivery, or for conducting any dealings in commodities for future delivery, that are or may be used for

"Sec. 4i. It shall be unlawful for any person to make any contract for the purchase or sale of any commodity for future delivery on or subject to the rules of any contract market unless such person shall report or cause to be reported to the properly designated officer in accordance with the rules and regulations of the Secretary of Agriculture (1) whenever such person shall directly or indirectly make such contracts with respect to any commodity, or any future of such commodity, during any one day in an amount equal to or in excess of such amount as shall be fixed from time to time by the Secretary of Agriculture; and (2) whenever such person shall directly or indirectly have or obtain a long or short position in any commodity or in any future of such commodity, equal to or in excess of such amount as shall be fixed from time to time by the Secretary of Agriculture. Such person shall also keep books and records of transactions coming within the provisions of (1) and (2) hereof, which books and records shall show complete details concerning all such transactions, including the names and addresses of all persons
having any interest therein, and shall be open at all times to inspection by any representative of the United States Department of Agriculture or the United States Department of Justice.

Sec. 6. Section 5 of the Grain Futures Act (U. S. C., 1934 ed., title 7, sec. 7) is amended by—

(a) striking out the word “purpose” at the end of paragraph (a) and inserting in lieu thereof the following: “purpose: Provided, That any board of trade not so located shall be designated as a ‘contract market’ if such board of trade provides for the delivery of commodities on such contracts at a delivery point or points and upon terms and conditions approved by the Secretary of Agriculture.”; and

(b) striking out the word “or” after the word “prices” in paragraph (d) and inserting in lieu thereof the word “and”.

Sec. 7. The Grain Futures Act is amended by adding after section 5 (U. S. C., 1934 ed., title 7, sec. 7) the following new sections:

“Sec. 5a. Each contract market shall—

“(1) promptly furnish the Secretary of Agriculture copies of all bylaws, rules, regulations, and resolutions made or issued by it or by the governing board thereof or any committee, and of all changes and proposed changes therein;

“(2) allow inspection at all times by any authorized representative of the United States Department of Agriculture or United States Department of Justice of the books, records, and all minutes and journals of proceedings of such contract market, its governing board and all committees, and of all subsidiaries and affiliates of such contract market, which books, records, minutes, and journals of proceedings shall be kept for a period of three years from the date thereof, or for a longer period if the Secretary of Agriculture shall so direct;

“(3) require the operators of warehouses in which or out of which any commodity is deliverable on any contract for future delivery made on or subject to the rules of such contract market, to make such reports, keep such records, and permit such warehouse visitation as the Secretary of Agriculture may prescribe. Such books and records shall be required to be kept for a period of three years from the date thereof, or for a longer period if the Secretary of Agriculture shall so direct, and such books, records, and warehouses shall be open at all times to inspection by any representative of the United States Department of Agriculture or United States Department of Justice;

“(4) when so directed by order of the Secretary of Agriculture, provide for a period, after trading in contracts of sale of any commodity for future delivery in a delivery month has ceased, during which contracts of sale of such commodity for future delivery in such month may be satisfied by the delivery of the actual cash commodity. Whenever, after due notice and opportunity for hearing, the Secretary of Agriculture finds that provision for such a period of delivery for any one or more commodities or markets would prevent or tend to prevent ‘squeezes’ and market congestion endangering price stability, he shall, by order, require such period of delivery (which shall be not less than three nor more than ten business days) applicable to such commodities and markets as he finds will prevent or tend to prevent such ‘squeezes’ and market congestion: Provided, however, That such order shall not apply to then existing contracts;

“(5) require the party making delivery of any commodity on any contract of sale of such commodity for future delivery to furnish the party obligated under the contract to accept delivery,
written notice of the date of delivery at least one business day prior to such date of delivery. Whenever, after due notice and opportunity for hearing, the Secretary of Agriculture finds that the giving of longer notice of delivery is necessary to prevent or diminish unfair practices in trading in any one or more commodities or markets, he shall by order require such longer notice of delivery (which shall be not more than ten business days) applicable to such commodities and markets as he finds will prevent or diminish such unfair practices: Provided, however, that such order shall not apply to the existing contracts;

"(6) require that all contracts of sale of any commodity for future delivery on such contract market shall provide for the delivery thereunder of commodities of grades conforming to United States standards if such standards shall have been officially promulgated;

"(7) require that receipts issued under the United States Warehouse Act (U. S. C., 1934 ed., title 7, secs. 241-273) shall be accepted in satisfaction of any futures contract, made on or subject to the rules of such contract market, without discrimination and notwithstanding that the warehouseman issuing such receipts is not also licensed as a warehouseman under the laws of any State or enjoys other or different privileges than under State law: Provided, however, that such receipts shall be for the kind, quality, and quantity of commodity specified in such contract and that the warehouse in which the commodity is stored meets such reasonable requirements as may be imposed by such contract market on other warehouses as to location, accessibility, and suitability for warehousing and delivery purposes.

"Sec. 5b. The failure or refusal of any board of trade to comply with any of the provisions of this Act, or any of the rules and regulations of the Secretary of Agriculture thereunder, shall be cause for suspending for a period not to exceed six months or revoking the designation of such board of trade as a 'contract market' in accordance with the procedure and subject to the judicial review provided in paragraph (a) of section 6 of this Act."

Sec. 8. Section 6 of the Grain Futures Act (U. S. C., 1934 ed., title 7, secs. 8, 9, 10, and 15) is amended by—

(a) striking out the first sentence of paragraph (b) and inserting in lieu thereof the following: "If the Secretary of Agriculture has reason to believe that any person (other than a contract market) is violating or has violated any of the provisions of this Act, or any of the rules and regulations made pursuant to its requirements, or has manipulated or is attempting to manipulate the market price of any commodity, in interstate commerce, or for future delivery or on subject to the rules of any board of trade, he may serve upon such person a complaint stating his charges in that respect, to which complaint shall be attached or contained therein a notice of hearing, specifying a day and place not less than three days after the service thereof, requiring such person to show cause why an order should not be made directing that all contract markets until further notice of the Secretary of Agriculture refuse all trading privileges to such person, and to show cause why the registration of such person, if registered as futures commission merchant or as floor broker hereunder, should not be suspended or revoked.

(b) striking out the words "said commission" after the words "before the" in the second sentence of paragraph (b) and inserting in lieu thereof "Secretary of Agriculture";

(c) striking out the word "who" in the second sentence of paragraph (b) and inserting in lieu thereof "which referee";

(h) striking out the fourth sentence of paragraph (b) and inserting in lieu thereof the following: “Upon evidence received, the Secretary of Agriculture may require all contract markets to refuse such person all trading privileges thereon for such period as may be specified in the order, and, if such person is registered as futures commission merchant or as floor broker hereunder, may suspend, for a period not to exceed six months, or revoke, the registration of such person.”;  
(i) striking out the word “commission” wherever it appears in the sixth, seventh, and eighth sentences of paragraph (b) and inserting in lieu thereof the words “Secretary of Agriculture”;

“Sec. 6a. (1) No board of trade which has been designated as a ‘contract market’ shall exclude from membership in, and all privileges on, such board of trade, any association or corporation engaged in cash commodity business having adequate financial responsibility which is organized under the cooperative laws of any State, or which has been recognized as a cooperative association of producers by the United States Government or by any agency thereof, if such association or corporation complies and agrees to comply with such terms and conditions as are or may be imposed lawfully upon other members of such board, and as are or may be imposed lawfully upon a cooperative association of producers engaged in cash commodity business, unless such board of trade is authorized by the commission to exclude such association or corporation from membership and privileges after hearing held upon at least three days’ notice subsequent to the filing of complaint by the board of trade: Provided, however, That if any such association or corporation shall fail to meet its obligations with any established clearing house or clearing agency of any contract market, such association or corporation shall be ipso facto debarred from further trading on such contract market, except such trading as may be necessary to close open trades and to discharge existing contracts in accordance with the rules of such contract market applicable in such cases. Such commission may prescribe that such association or corporation shall have and retain membership and privileges, with or without imposing conditions, or it may permit such board of trade immediately to bar such association or corporation from membership and privileges. Any order of said commission entered hereunder shall be reviewable by the circuit court of appeals for the circuit in which such association or corporation,
or such board of trade, has its principal place of business, on written petition either of such association or corporation, or of such board of trade, under the procedure provided in paragraph (a) of section 6 of this Act, but such order shall not be stayed by the court pending review.

"(2) No rule of any board of trade designated as a contract market shall forbid or be construed to forbid the payment of compensation on a commodity-unit basis, or otherwise, by any federated cooperative association to its regional member-associations for services rendered or to be rendered in connection with any organization work, educational activity, or procurement of patronage, provided no part of any such compensation is returned to patrons (whether members or nonmembers) of such cooperative association, or of its regional or local member-associations, otherwise than as a dividend on capital stock or as a patronage dividend out of the net earnings or surplus of such federated cooperative association.

"Sec. 6b. If any board of trade, or any director, officer, agent, or employee of any board of trade is violating or has violated any of the provisions of this Act or any of the rules or regulations of the Secretary of Agriculture thereunder, or any order issued by the commission pursuant to any provision of this Act, the commission, in lieu of revoking the designation of such board of trade as a contract market may, upon notice and hearing and subject to appeal as in other cases provided for in paragraph (a) of section 6 of this Act, make and enter an order directing that such board of trade, director, officer, agent, or employee shall cease and desist from such violation or violations, and if such board of trade, director, officer, agent, or employee, thereafter and after the lapse of the period allowed for appeal of such order or after the affirmance of such order, shall fail or refuse to obey or comply with such order, such board of trade, director, officer, agent, or employee shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than $500 nor more than $10,000 or imprisoned for not less than six months nor more than one year, or both. Each day during which such failure or refusal to obey such order continues shall be deemed a separate offense."

"(3) to suspend or revoke the registration of any futures commission merchant who shall knowingly accept any order for the purchase or sale of any commodity for future delivery on or subject to the rules of any contract market from any person if such person has been denied trading privileges on any contract market by order of the Secretary of Agriculture under the provisions of paragraph (b) of section 6 of this Act and the period of denial specified in such order shall not have expired; and

"(4) to fix and establish from time to time fees and charges for registrations and renewals thereof and for copies of registration
certificates, not to exceed $10 for each such registration, renewal, or copy; and

“(5) to make and promulgate such rules and regulations as, in the judgment of the Secretary of Agriculture, are reasonably necessary to effectuate any of the provisions or to accomplish any of the purposes of this Act; and

“(6) to communicate to the proper committee or officer of any contract market and to publish, notwithstanding the provisions of section 8 of this Act, the full facts concerning any transaction or market operation, including the names of parties thereto, which in the judgment of the Secretary of Agriculture disrupts or tends to disrupt any market or is otherwise harmful or against the best interests of producers and consumers.”

Sec. 12. If any provision of this Act which is amendatory of any section of the Grain Futures Act, or the application thereof to any person or circumstances is held invalid, the provisions of the section of the Grain Futures Act which is amended by such provision of this Act shall apply to such person or circumstances. AN ACT

To amend the Act entitled "An Act for the control of floods on the Mississippi
River and its tributaries and for other purposes", approved May 15, 1928.

Be it enacted by the Senate and House of Representatives of the
United States of America in Congress assembled, That the project
for the control of floods of the Mississippi River and its tributaries,
adopted by Public Act Numbered 391, approved May 15, 1928 (45
Stat. 534); Seventieth Congress, entitled "An Act for the control of
floods on the Mississippi River and its tributaries, and for other
purposes", is hereby modified in accordance with the recommenda-
tions of section 43 of the report submitted by the Chief of Engineers
to the Chairman of the Committee on Flood Control, dated February
12, 1935, and printed in House Committee on Flood Control Docu-
ment Numbered 1, Seventy-fourth Congress, first session, as herein-
after further modified and amended; and as so modified is hereby
adopted and authorized and directed to be prosecuted under the
direction of the Secretary of War and the supervision of the Chief
of Engineers.
SEC. 2. That the Boeuf Floodway, authorized by the provisions adopted in the Flood Control Act of May 15, 1928, shall be abandoned as soon as the Eudora Floodway, provided for in Flood Control Committee Document Numbered 1, Seventy-fourth Congress, first session, is in operative condition and the back-protection levee recommended in said document, extending north from the head of the Eudora Floodway, shall have been constructed.

SEC. 3. That the levees along the Mississippi River from the head of the Morganza Floodway to the head of the Atchafalaya River and down the east bank of the Atchafalaya River to intersection with the west protection levee of said Morganza Floodway shall be raised and enlarged to 1928 grade and section.

SEC. 4. That neither of the projects for the flood control of the Saint Francis River or the Yazoo River, hereby authorized, shall be undertaken until the States, or other qualified agencies, shall have furnished satisfactory assurances that they will undertake, without cost to the United States, all alterations of highways made necessary because of the construction of the authorized reservoirs, and meet all damages because of such highway alterations, and have agreed also to furnish without cost to the United States all lands and easements necessary to the construction of levees and drainage ditches constructed under this project: Provided, That the reservoirs for control of headwater flow of the Yazoo River system may be located by the Chief of Engineers, in his discretion: And provided further, That the Chief of Engineers may, in his discretion, substitute levees, floodways, or auxiliary channels, or any or all of them, for any or all of the seven detention reservoirs recommended in his report of February 12, 1935, for the control of floods of the Yazoo River: And provided further, That the Chief of Engineers, with the approval of the Secretary of War, may modify the project for the flood control of the Saint Francis River as recommended in said report, to include therein the construction of a detention reservoir for the reduction of floods, and the acquisition at the cost of the United States of all lands and flowage necessary to the construction of said reservoir except flowage of highways: Provided further, That the estimated cost to the United States of the project is not increased by reason of such detention reservoir.

SEC. 5. The Chief of Engineers, under the supervision of the Secretary of War, shall at the expense of the United States Government construct a system of levees substantially in accordance with general plan shown on map designated as sheet numbered 1 entitled "Tributary Levee Location Survey—White River Levee District—Proposed Levee Location" accompanying report dated April 2, 1925, and filed in office of First and Second Mississippi River Commission Districts, Memphis, Tennessee. The Chief of Engineers shall have the right to alter, change, or modify said plan as to the grades and levee sections: Provided, however, That no work shall be commenced on the above-mentioned project until the State, levee boards, or other responsible local interests have given assurances satisfactory to the Secretary of War that they will (a) provide without cost to the United States all rights-of-way necessary for the construction of said project; (b) provide drainage facilities made necessary by construction of levees; (c) acquire and provide without cost to the United States all flowage and storage rights and easements over, upon, and across the lands and properties within the protected area in the event it becomes necessary in the judgment and discretion of the Secretary of War or the Chief of Engineers to use said area, or any part thereof, for an emergency reservoir; (d) hold and save the United States free from liability for damages on account of the use of said area for reservoir purposes during said emergency.
Sec. 6. That the United States shall provide the drainage made necessary by the construction of floodway levees included in the modified project.

Sec. 7. That the United States shall construct, at its own cost, one railroad and one highway crossing over the Eudora Floodway and not to exceed three railway and two highway crossings over the Morganza Floodway, and not to exceed one railway crossing (together with suitable physical connections therewith) and one highway crossing over the floodway west of the Atchafalaya River provided for in the modified project: Provided, That equitable agreements can be made with the railroad and highway authorities concerned and that the appropriate railroad or highway agencies agree to accept and maintain and operate these crossings without cost to the United States: Provided further, That the railroads crossing the Morganza and West Atchafalaya Floodways agree in consideration for the crossings constructed to waive all claims against the Government for any damages that may occur by reason of overflows in the Morganza and West Atchafalaya Floodways: And provided further, That other railway and highway damages shall be adjusted as provided for in section 12.

Sec. 8. That, in addition to the construction by the United States of roads in connection with floodways as heretofore provided, the Federal Government may, in the discretion of the Chief of Engineers, and within the limits of available funds, construct additional roads to afford access to those portions of the levee lines not otherwise accessible.

State contributions, etc. Provisions stipulated.

Provision: Dam construction.

Reimbursement for excess expenditures.

Benefits accruing outside State where project is located.

Proportion of cost to be charged.

DRAINAGE.

SEC. 6. That the United States shall provide the drainage made necessary by the construction of floodway levees included in the modified project.

SEC. 7. That the United States shall construct, at its own cost, one railroad and one highway crossing over the Eudora Floodway and not to exceed three railway and two highway crossings over the Morganza Floodway, and not to exceed one railway crossing (together with suitable physical connections therewith) and one highway crossing over the floodway west of the Atchafalaya River provided for in the modified project: Provided, That equitable agreements can be made with the railroad and highway authorities concerned and that the appropriate railroad or highway agencies agree to accept and maintain and operate these crossings without cost to the United States: Provided further, That the railroads crossing the Morganza and West Atchafalaya Floodways agree in consideration for the crossings constructed to waive all claims against the Government for any damages that may occur by reason of overflows in the Morganza and West Atchafalaya Floodways: And provided further, That other railway and highway damages shall be adjusted as provided for in section 12.

SEC. 8. That, in addition to the construction by the United States of roads in connection with floodways as heretofore provided, the Federal Government may, in the discretion of the Chief of Engineers, and within the limits of available funds, construct additional roads to afford access to those portions of the levee lines not otherwise accessible.

thereof, or responsible local agency should contribute in consideration for the benefits to be received by such agencies: And provided further, That whenever not less than 75 per centum of the benefits as estimated by the Secretary of War of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, provision (c) of this section shall not apply thereto; nothing herein shall impair or abridge the powers now existing in the Department of War with respect to navigable streams: And provided further, That nothing herein shall be construed to interfere with the completion of any reservoir or flood control work authorized by the Congress and now under way.

Sec. 9. The sum of $15,000,000 is authorized to be appropriated as an emergency fund to be allocated by the Secretary of War on the recommendation of the Chief of Engineers in rescue work or in the repair or maintenance of any flood-control work on any tributary of the Mississippi River threatened or destroyed by flood heretofore or hereafter occurring: Provided, That the unexpended and unallotted balance of said sum, or so much thereof as may be necessary, may be allotted by the Secretary of War, on the recommendation of the Chief of Engineers, in the reimbursement of levee districts or others for expenditures heretofore incurred or made for the construction, repair, or maintenance of any flood-control work on any tributaries or outlets of the Mississippi River that may be threatened, impaired, or destroyed by the flood of 1927 or subsequent flood; and also in the construction, repair, or maintenance, and in the reimbursement of levee districts or others for the construction, repair, or maintenance of any flood-control work on any of the tributaries or outlets of the Mississippi River that may have been impaired, damaged, or destroyed by caving banks or that may be threatened or impaired by caving banks, of such tributaries, whether or not such caving has taken place during a flood stage: Provided further, That if the Chief of Engineers finds that it has been or will be necessary or advisable to change the location of any such flood-control work in order to provide the protection contemplated by this section, such change may be approved and authorized.

Sec. 10. After the Eudora Floodway shall have been constructed and is ready for operation, the fuse-plug levees now at the head of the Boeuf and Tensas Basins shall be constructed to the 1914 grade and the 1928 section. The fuse-plug levees at the head of the Atchafalaya Basin on the west side shall be constructed to the 1914 grade and the 1928 section. The fuse-plug levees at the head of the Atchafalaya Basin on the east side of the Atchafalaya River shall be constructed to the 1914 grade and 1928 section, and, after the Morganza Floodway has been completed, shall be raised to the 1928 grade as provided in section 3 of this Act. Thereafter those stretches of said levees which are left as fuse-plug levees shall be reconstructed and maintained as herein provided, subject to the provisions of section 3 of this Act. Any funds appropriated under authority of this Act may be expended for this purpose.

Sec. 11. That the back-protection levee north of the Eudora Floodway shall be constructed to the same grade and section as the levees opposite on the east side of the Mississippi River: Provided, That this levee extending from the head of the Eudora Floodway north to the Arkansas River shall be so located as to afford adequate space for the passage of flood waters without endangering the levees opposite on the east side of the river and shall be constructed contemporaneously with the construction of the Eudora Floodway; except that, until the Eudora Floodway is in operative condition, there shall be left in this back levee north of the head of the Eudora Floodway...
openings which shall be sufficient, in the discretion of the Chief of Engineers, to permit the passage of all flood waters to be reasonably contemplated in the event of any break in the riverside fuse-plug levee prior to the time the Eudora Floodway shall be in operative condition.

SEC. 12. JOINT RESOLUTION

Making provision for a national celebration of the bicentenary of the birth of Charles Carroll of Carrollton, wealthiest signer of the Declaration of Independence.

Whereas Charles Carroll of Carrollton during his lifetime of nearly a century rendered services of paramount importance to his country; and Whereas on February 18, 1776, more than four months before the adoption of the Declaration of Independence, John Adams stated that "in the cause of American liberty, his zeal, fortitude, and perseverance have been so conspicuous that he is said to be marked out for a peculiar vengeance by the friends of administration; but he continues to hazard his all, his immense fortune, the largest in America, and his life"; and

4 So in original.
Whereas in signing the Declaration of Independence Charles Carroll of Carrollton pledged his life, his sacred honor, and the largest fortune in America to the success of the Revolution; and

Whereas the services rendered by Charles Carroll of Carrollton to the United States during the War of Independence, and in the subsequent struggle to preserve the Republic from disintegrating, which resulted in the adoption of the present Constitution, received the warm praise of his contemporaries, including the Father of his Country; and

Whereas Charles Carroll of Carrollton, as United States Senator from Maryland, played a foremost part in the organization of the Federal Government, under the Presidency of George Washington; and

Whereas for a period of fifty-six years following the signing of the Declaration of Independence Charles Carroll of Carrollton watched the progress of American Affairs with eager solicitude and labored unceasingly for the advancement of the Republic; and

Whereas Daniel Webster in an oration delivered at Faneuil Hall, Boston, on August 2, 1826, on the occasion of a civic tribute to Thomas Jefferson and John Adams, then recently deceased, paid eloquent homage to Charles Carroll of Carrollton, then the last of the signers, comparing him to a venerable oak "standing alone on the plain", hailing him as a "fortunate, distinguished patriot", and exhorting his hearers to "let him know that while we honor the dead we do not forget the living, and that there is not a heart here which does not fervently pray that Heaven may yet keep him back from the society of his companions"; and

Whereas in 1828, as a mark of national homage to Charles Carroll of Carrollton, Congress, by joint resolution, conferred upon him the franking privilege, Speaker Stevenson requesting him, in his official notification, to receive the honor "as a token of the distinguished respect and veneration which Congress entertains toward an early and devoted friend to liberty, and one who stood eminently forward in the purest and noblest band of patriots that the world has ever seen"; and

Whereas on November 15, 1832, the President of the United States, Andrew Jackson, voiced in feeling terms the tribute of the Republic to Charles Carroll of Carrollton, who had died on the preceding day, affirming that "no one estimated higher than I did his claims, whilst living, upon the gratitude and love of his country; none will cherish more sacredly his memory now that he is taken from us by the Great Disposer of the affairs of this world"; and

Whereas the bicentenary of the birth of Charles Carroll of Carrollton occurs on September 19, 1937; and

Whereas it is eminently proper and desirable that the United States should officially commemorate this event: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States be, and he is hereby, authorized to appoint a body of five persons, to be designated "The Charles Carroll of Carrollton Bicentenary Commission", this Commission to be charged by him with the work of making adequate preparations for a national celebration of the bicentenary of the birth of Charles Carroll of Carrollton. There is hereby authorized to be appropriated, out of any moneys in the Treasury not otherwise appropriated, a sum not to exceed $12,500, or the necessary part thereof, to carry out the provisions of this resolution.

remaining for construction with which to match all, or any part, of the regular Federal-aid road funds apportioned to such State for either or both said years, respectively, in accordance with the provisions of the Federal Highway Act of 1921, as amended and supplemented, all, or such portion, of such apportionment as the State is unable to match shall be available for expenditure in such State in accordance with said Federal Highway Act without being matched by the State with State funds.

Sec. 4. The President is authorized to appoint, by and with the advice and consent of the Senate, to temporary rank in the grades of colonel, lieutenant colonel, and major, without vacating their permanent commissions, such numbers of officers of the Regular Army Air Corps as the Secretary of War, from time to time, may determine as necessary to meet the administrative, tactical, technical, and training needs of the Air Corps; the then resulting numbers in each grade, permanent and temporary, to be further increased by 5 per centum to meet the additional needs of the War Department for Air Corps officers: Provided, That such temporary appointments shall be made in order of seniority of the appointees in each grade in accordance with their standing on the relative rank list of Air Corps officers in their permanent grade, and such temporary appointments may be vacated at any time upon the recommendation of the Secretary of War: Provided further, That when an officer holding a temporary appointment under the provisions of this section becomes entitled to permanent promotion his temporary appointment shall be vacated: Provided further, That all Air Corps officers temporarily advanced in grade take rank in the grade to which temporarily advanced after officers holding such grade through permanent appointment, and among themselves in the order in which they stand on the relative rank list of Air Corps officers in their permanent grade: Provided further, That Air Corps officers temporarily appointed under the provisions of this Act shall be entitled to the pay, flying pay, and allowances pertaining to the grade to which temporarily appointed: And provided further, That no officer holding temporary rank under the provisions of this Act shall be eligible to command outside his own corps except by seniority under his permanent commission.

Approved, June 16, 1936.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2 of the Act entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914, as amended (U. S. C., title 15, sec. 13), is amended to read as follows:

"Sec. 2. (a) That it shall be unlawful for any person engaged in commerce, in the course of such commerce, either directly or indirectly, to discriminate in price between different purchasers of commodities of like grade and quality, where either or any of the purchases involved in such discrimination are in commerce, where such commodities are sold for use, consumption, or resale within the United States or any Territory thereof or the District of Columbia or any insular possession or other place under the jurisdiction of the United States, and where the effect of such discrimination may be substantially to lessen competition or tend to create a monopoly in any line of commerce, or to injure, destroy, or prevent competition with any person who either grants or knowingly receives the benefit of such discrimination, or with customers of either of them: Provided, That nothing herein contained shall prevent differentials which make only due allowance for differences in the cost of manufacture, sale, or delivery resulting from the differing methods or quantities in which such commodities are to such purchasers sold or delivered: Provided, however, That the Federal Trade Commission may, after due investigation and hearing to all interested parties, fix and establish quantity limits, and revise the same as it finds necessary, as to particular commodities or classes of commodities, where it finds that available purchasers in greater quantities are so few as to render differentials on account thereof unjustly discriminatory or promotive of monopoly in any line of commerce; and the foregoing shall then not be construed to permit differentials based on differences in quantities greater than those so fixed and established: And provided further, That nothing herein contained shall prevent persons engaged in selling goods, wares, or merchandise in commerce from selecting their own customers in bona fide transactions and not in restraint of trade: And provided further, That nothing herein contained shall prevent price changes from time to time where in response to changing conditions affecting the market for or the marketability of the goods concerned, such as but not limited to actual or imminent deterioration of perishable goods, obsolescence of seasonal goods, distress sales under court process, or sales in good faith in discontinuance of business in the goods concerned.

(b) Upon proof being made, at any hearing on a complaint under this section, that there has been discrimination in price or services or facilities furnished, the burden of rebutting the prima facie case thus made by showing justification shall be upon the person charged with a violation of this section, and unless justification shall be affirmatively shown, the Commission is authorized to issue an order terminating the discrimination: Provided, however, That nothing herein contained shall prevent a seller rebutting the prima facie case thus made by showing that his lower price or the furnishing of services or facilities to any purchaser or purchasers was made in good faith to meet an equally low price of a competitor, or the services or facilities furnished by a competitor.
“(c) That it shall be unlawful for any person engaged in commerce, in the course of such commerce, to pay or grant, or to receive or accept, anything of value as a commission, brokerage, or other compensation, or any allowance or discount in lieu thereof, except for services rendered in connection with the sale or purchase of goods, wares, or merchandise, either to the other party to such transaction or to an agent, representative, or other intermediary therein where such intermediary is acting in fact for or in behalf, or is subject to the direct or indirect control, of any party to such transaction other than the person by whom such compensation is so granted or paid.

“(d) That it shall be unlawful for any person engaged in commerce to pay or contract for the payment of anything of value to or for the benefit of a customer of such person in the course of such commerce as compensation or in consideration for any services or facilities furnished by or through such customer in connection with the processing, handling, sale, or offering for sale of any products or commodities manufactured, sold, or offered for sale by such person, unless such payment or consideration is available on proportionally equal terms to all other customers competing in the distribution of such products or commodities.

“(e) That it shall be unlawful for any person to discriminate in favor of one purchaser against another purchaser or purchasers of a commodity bought for resale, with or without processing, by contracting to furnish or furnishing, or by contributing to the furnishing of, any services or facilities connected with the processing, handling, sale, or offering for sale of such commodity so purchased upon terms not accorded to all purchasers on proportionally equal terms.

“(f) That it shall be unlawful for any person engaged in commerce, in the course of such commerce, knowingly to induce or receive a discrimination in price which is prohibited by this section.”

Sec. 2. That nothing herein contained shall affect rights of action arising, or litigation pending, or orders of the Federal Trade Commission issued and in effect or pending on review, based on section 2 of said Act of October 15, 1914, prior to the effective date of this amendatory Act: Provided, That where, prior to the effective date of this amendatory Act, the Federal Trade Commission has issued an order requiring any person to cease and desist from a violation of section 2 of said Act of October 15, 1914, and such order is pending on review or in effect, either as issued or as affirmed or modified by a court of competent jurisdiction, and the Commission shall have reason to believe that such person has committed, used or carried on, since the effective date of this amendatory Act, or is committing, using or carrying on, any act, practice or method in violation of any of the provisions of said section 2 as amended by this Act, it may reopen such original proceeding and may issue and serve upon such person its complaint, supplementary to the original complaint, stating its charges in that respect. Thereupon the same proceedings shall be had upon such supplementary complaint as provided in section 11 of said Act of October 15, 1914. If upon such hearing the Commission shall be of the opinion that any act, practice, or method charged in said supplementary complaint has been committed, used, or carried on since the effective date of this amendatory Act, or is being committed, used or carried on, in violation of said section 2 as amended by this Act, it shall make a report in writing in which it shall state its findings as to the facts and shall issue and serve upon such person its order modifying or amending
its original order to include any additional violations of law so found. Thereafter the provisions of section 11 of said Act of October 15, 1914, as to review and enforcement of orders of the Commission shall in all things apply to such modified or amended order. If upon review as provided in said section 11 the court shall set aside such modified or amended order, the original order shall not be affected thereby, but it shall be and remain in force and effect as fully and to the same extent as if such supplementary proceedings had not been taken.

Sec. 3. It shall be unlawful for any person engaged in commerce, in the course of such commerce, to be a party to, or assist in, any transaction of sale, or contract to sell, which discriminates to his knowledge against competitors of the purchaser, in that, any discount, rebate, allowance, or advertising service charge is granted to the purchaser over and above any discount, rebate, allowance, or advertising service charge available at the time of such transaction to said competitors in respect of a sale of goods of like grade, quality, and quantity; to sell, or contract to sell, goods in any part of the United States at prices lower than those exacted by said person elsewhere in the United States for the purpose of destroying competition, or eliminating a competitor in such part of the United States; or, to sell, or contract to sell, goods at unreasonably low prices for the purpose of destroying competition or eliminating a competitor.

Any person violating any of the provisions of this section shall, upon conviction thereof, be fined not more than $5,000 or imprisoned not more than one year, or both.

Sec. 4. Nothing in this Act shall prevent a cooperative association from returning to its members, producers, or consumers the whole, or any part of, the net earnings or surplus resulting from its trading operations, in proportion to their purchases or sales from, to, or through the association.

AN ACT

Relating to the admissibility in evidence of certain writings and records made in the regular course of business.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in any court of the United States and in any court established by Act of Congress, any writing or record, whether in the form of an entry in a book or otherwise, made as a memorandum or record of any act, transaction, occurrence, or event, shall be admissible as evidence of
said act, transaction, occurrence, or event, if it shall appear that it was made in the regular course of any business, and that it was the regular course of such business to make such memorandum or record at the time of such act, transaction, occurrence, or event or within a reasonable time thereafter. All other circumstances of the making of such writing or record, including lack of personal knowledge by the entrant or maker, may be shown to affect its weight, but they shall not affect its admissibility. The term "business" shall include business, profession, occupation, and calling of every kind.

SEC. 2. Any book, paper, statement, record, account, writing, or other document, or any portion thereof, of whatever character and in whatever form, as well as any copy thereof equally with the original, which is not in the United States (hereinafter referred to as a foreign document) shall, when duly certified as hereinafter provided, be admissible in evidence in any criminal action or proceeding in any court of the United States if the court shall find, from all the testimony taken with respect to such foreign document pursuant to a commission executed under the provisions of this Act, that such document (or the original thereof in case such document is a copy) satisfies the requirements of section 1 of this Act, unless in the event that the genuineness of such document is denied, any party to such criminal action or proceeding making such denial shall establish to the satisfaction of the court that such document is not genuine. Nothing contained herein shall be deemed to require authentication under the provisions of this Act of any foreign documents which may otherwise be properly authenticated by law.

SEC. 3. (a) The testimony of any witness in a foreign country may be taken either on oral or written interrogatories, or on interrogatories partly oral and partly written, pursuant to a commission issued, as hereinafter provided, for the purpose of determining whether any foreign documents sought to be used in any criminal action or proceeding in any court of the United States are genuine, and whether the requirements of section 1 of this Act are satisfied with respect to any such document (or the original thereof in case such document is a copy). Application for the issuance of a commission for such purpose may be made to the court in which such action or proceeding is pending by the United States or any other party thereto, after five days' notice in writing by the applicant party, or his attorney, to the opposite party, or his attorney of record, which notice shall state the names and addresses of witnesses whose testimony is to be taken and the time when it is desired to take such testimony. In granting such application the court shall issue a commission for the purpose of taking the testimony sought by the applicant, addressed to any consular officer of the United States conveniently located for the purpose. In cases of testimony taken on oral or partly oral interrogatories, the court shall make provisions in the commission for the selection as hereinafter provided of foreign counsel to represent each party (except the United States) to the criminal action or proceeding in which the foreign documents in question are to be used, unless such party has, prior to the issuance of the commission, notified the court that he does not desire the selection of foreign counsel to represent him at the time of taking of such testimony. In cases of testimony taken on written interrogatories, such provision shall be made only upon the request of any such party prior to the issuance of such commission. Selection of foreign counsel shall be made by the party whom such foreign counsel is to represent within ten days prior to the taking of testimony or by the court from which the commission issued, upon the request of such party made within such time.
(b) Any consular officer to whom a commission is addressed to take testimony, who is interested in the outcome of the criminal action or proceeding in which the foreign documents in question are to be used or has participated in the prosecution of such action or proceeding, whether by investigations, preparation of evidence, or otherwise, may be disqualified on his own motion or on that of the United States or any other party to such criminal action or proceeding made to the court from which the commission issued at any time prior to the execution thereof. If, after notice and hearing, the court grants the motion, it shall instruct the consular officer thus disqualified to send the commission to any other consular officer of the United States named by the court, and such other officer shall execute the commission according to its terms and shall for all purposes be deemed the officer to whom the commission is addressed.

(c) The provisions of this Act applicable to consular officers shall be applicable to diplomatic officers pursuant to such regulations as may be prescribed by the President.

Sec. 4. The consular officer to whom any commission authorized under this Act is addressed shall take testimony in accordance with its terms. Every person whose testimony is taken shall be cautioned and sworn to testify the whole truth and carefully examined. His testimony shall be reduced to writing or typewriting by the consular officer taking the testimony, or by some person under his personal supervision, or by the witness himself, in the presence of the consular officer and by no other person, and shall, after it has been reduced to writing or typewriting, be subscribed by the witness. Every foreign document, with respect to which testimony is taken, shall be annexed to such testimony and subscribed by each witness who appears for the purpose of establishing the genuineness of such document. When counsel for all the parties attend the examination of any witness whose testimony is to be taken on written interrogatories, they may consent that oral interrogatories in addition to those accompanying the commission may be put to the witness. The consular officer taking any testimony shall require an interpreter to be present when his services are needed or are requested by any party or his attorney.

Sec. 5. If the consular officer executing any commission authorized under this Act shall be satisfied, upon all the testimony taken, that a foreign document is genuine, he shall certify such document to be genuine under the seal of his office. Such certification shall include a statement that he is not subject to disqualification under the provisions of section 3 (b) of this Act. He shall thereupon transmit, by mail, such foreign documents, together with the record of all testimony taken and the commission which has been executed, to the clerk of the court from which such commission issued, in the manner in which his official dispatches are transmitted to the Government. The clerk receiving any executed commission shall open it and shall make any foreign documents and record of testimony, transmitted with such commission, available for inspection by the parties to the criminal action or proceeding in which such documents are to be used, and said parties shall be furnished copies of such documents free of charge.

Sec. 6. A copy of any foreign document of record or on file in a public office of a foreign country, or political subdivision thereof, certified by the lawful custodian of such document, shall be admissible in evidence in any court of the United States when authenticated by a certificate of a consular officer of the United States resident in such foreign country, under the seal of his office, certifying that the copy of such foreign document has been certified by the lawful custodian.
of the Revised Statutes, as amended (U. S. C., title 22, sec. 127), for official services in connection with the taking of testimony under this Act, and the fees of any witness whose testimony is taken shall be paid by the party who applied for the commission pursuant to which such testimony was taken. Every witness under this Act shall be entitled to receive, for each day's attendance, fees prescribed under section 8 of this Act. Every foreign counsel selected pursuant to a commission issued on application of the United States, and every interpreter whose services are required by a consular officer under the provisions of this Act, shall be paid by the United States, such compensation, together with such personal and incidental expense upon verified statements filed with the consular officer, as he may allow. Compensation and expenses of foreign counsel selected pursuant to a commission issued on application of any party other than the United States shall be paid by the party whom such counsel represents and shall be allowed in the same manner.

(b) Whenever any party makes affidavit, prior to the issuance of a commission for the purpose of taking testimony, that he is not possessed of sufficient means and is actually unable to pay any fees and costs incurred under this section, such fees and costs shall, upon order of the court, be paid in the same manner as fees and costs are paid which are chargeable to the United States.

(c) Any appropriation available for the payment of fees and costs in the case of witnesses subpoenaed in behalf of the United States in criminal cases shall be available for any fees or costs which the United States is required to pay under this section.

It is hereby recognized that destructive floods upon the rivers of the United States, upsetting orderly processes and causing loss of life and property, including the erosion of lands, and impairing and obstructing navigation, highways, railroads, and other channels of commerce between the States, constitute a menace to national welfare; that it is the sense of Congress that flood control on navigable waters or their tributaries is a proper activity of the Federal Government in cooperation with States, their political subdivisions, and localities thereof; that investigations and improvements of rivers and other waterways, including watersheds thereof, for flood-control purposes are in the interest of the general welfare; that the Federal Government should improve or participate in the improvement of navigable waters or their tributaries, including watersheds thereof, for flood-control purposes if the benefits to whomever they may accrue are in excess of the estimated costs, and if the lives and social security of people are otherwise adversely affected.

Sec. 2. That, hereafter, Federal investigations and improvements of rivers and other waterways for flood control and allied purposes shall be under the jurisdiction of and shall be prosecuted by the War Department under the direction of the Secretary of War and supervision of the Chief of Engineers, and Federal investigations of watersheds and measures for run-off and waterflow retardation and soil erosion prevention on watersheds shall be under the jurisdiction of and shall be prosecuted by the Department of Agriculture under the direction of the Secretary of Agriculture, except as otherwise provided by Act of Congress; and that in their reports upon examinations and surveys, the Secretary of War and the Secretary of Agriculture shall be guided as to flood-control measures.
by the principles set forth in section 1 in the determination of the Federal interests involved: Provided, That the foregoing grants of authority shall not interfere with investigations and river improvements incident to reclamation projects that may now be in progress or may be hereafter undertaken by the Bureau of Reclamation of the Interior Department pursuant to any general or specific authorization of law.

Sec. 3. That hereafter no money appropriated under authority of this Act shall be expended on the construction of any project until States, political subdivisions thereof, or other responsible local agencies have given assurances satisfactory to the Secretary of War that they will (a) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction of the project, except as otherwise provided herein; (b) hold and save the United States free from damages due to the construction works; (c) maintain and operate all the works after completion in accordance with regulations prescribed by the Secretary of War; Provided, That the construction of any dam authorized herein may be undertaken without delay when the dam site has been acquired and the assurances prescribed herein have been furnished, without awaiting the acquisition of the easements and rights-of-way required for the reservoir area: And provided further, That whenever expenditures for lands, easements, and rights-of-way by States, political subdivisions thereof, or responsible local agencies for any individual project or useful part thereof shall have exceeded the present estimated construction cost therefor, the local agency concerned may be reimbursed one-half of its excess expenditures over said estimated construction cost: And provided further, That when benefits of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, the Secretary of War with the consent of the State wherein the same are located may acquire the necessary lands, easements, and rights-of-way for said project or part thereof after he has received from the States, political subdivisions thereof, or responsible local agencies benefited the present estimated cost of said lands, easements, and rights-of-way, less one-half the amount by which the estimated cost of these lands, easements, and rights-of-way exceeds the estimated construction cost corresponding thereto: And provided further, That the Secretary of War shall determine the proportion of the present estimated cost of said lands, easements, and rights-of-way that each State, political subdivision thereof, or responsible local agency should contribute in consideration for the benefits to be received by such agencies: And provided further, That whenever not less than 75 per centum of the benefits as estimated by the Secretary of War of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, provision (c) of this section shall not apply thereto; nothing herein shall impair or abridge the powers now existing in the Department of War with respect to navigable streams: And provided further, That nothing herein shall be construed to interfere with the completion of any reservoir or flood control work authorized by the Congress and now under way.

Sec. 4. The consent of Congress is hereby given to any two or more States to enter into compacts or agreements in connection with any project or operation authorized by this Act for flood control or the prevention of damage to life or property by reason of floods upon any stream or streams and their tributaries which lie in two or more such States, for the purpose of providing, in such manner and such proportion as may be agreed upon by such States and approved by the Secretary of War, funds for construction and
maintenance, for the payment of damages, and for the purchase of rights-of-way, lands, and easements in connection with such project or operation. No such compact or agreement shall become effective without the further consent or ratification of Congress, except a compact or agreement which provides that all money to be expended pursuant thereto and all work to be performed thereunder shall be expended and performed by the Department of War, with the exception of such reasonable sums as may be reserved by the States entering into the compact or agreement for the purpose of collecting taxes and maintaining the necessary State organizations for carrying out the compact or agreement.

Annuities, etc.—Amounts received (other than amounts paid by reason of the death of the insured and interest payments on such amounts and other than amounts received as annuities) under a life insurance or endowment contract, but if such amounts (when added to amounts received before the taxable year under such contract) exceed the aggregate premiums or consideration paid (whether or not paid during the taxable year) then the excess shall be included in gross income. Amounts received as an annuity under an annuity or endowment contract shall be included in gross income; except that there shall be excluded from gross income the excess of the amount received in the taxable year over an amount equal to 3 per centum of the aggregate premiums or consideration paid for such annuity (whether or not paid during such year), until the aggregate amount excluded from gross income under this title or prior income tax laws in respect of such annuity equals the aggregate premiums or consideration paid for such annuity. In the case of a transfer for a valuable consideration, by assignment or otherwise, of a life insurance, endowment, or annuity contract, or any interest therein, only the actual value of such consideration and the amount of the premiums and other sums subsequently paid by the transferee shall be exempt from taxation under paragraph (1) or this paragraph;

SEC. 23. DEDUCTIONS FROM GROSS INCOME.

In computing net income there shall be allowed as deductions:

(a) EXPENSES.—All the ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business, including a reasonable allowance for salaries or other com-
pensation for personal services actually rendered; traveling expenses (including the entire amount expended for meals and lodging) while away from home in the pursuit of a trade or business; and rentals or other payments required to be made as a condition to the continued use or possession, for purposes of the trade or business, of property to which the taxpayer has not taken or is not taking title or in which he has no equity.

(b) Interest.—All interest paid or accrued within the taxable year on indebtedness, except on indebtedness incurred or continued to purchase or carry obligations (other than obligations of the United States issued after September 24, 1917, and originally subscribed for by the taxpayer) the interest upon which is wholly exempt from the taxes imposed by this title.

c) Taxes Generally.—Taxes paid or accrued within the taxable year, except—

(1) Federal income, war-profits, and excess-profits taxes (other than the excess-profits tax imposed by section 106 of the Revenue Act of 1935);

(2) income, war-profits, and excess-profits taxes imposed by the authority of any foreign country or possession of the United States; but this deduction shall be allowed in the case of a taxpayer who does not signify in his return his desire to have to any extent the benefits of section 131 (relating to credit for taxes of foreign countries and possessions of the United States);

(3) estate, inheritance, legacy, succession, and gift taxes; and

(4) taxes assessed against local benefits of a kind tending to increase the value of the property assessed; but this deduction shall not exclude the allowance as a deduction of so much of such taxes as is properly allocable to maintenance or interest charges.

d) Taxes of Shareholder Paid by Corporation.—The deduction for taxes allowed by subsection (c) shall be allowed to a corporation in the case of taxes imposed upon a shareholder of the corporation upon his interest as shareholder which are paid by the corporation without reimbursement from the shareholder, but in such cases no deduction shall be allowed the shareholder for the amount of such taxes.

e) Losses by Individuals.—In the case of an individual, losses sustained during the taxable year and not compensated for by insurance or otherwise—

(1) if incurred in trade or business; or

(2) if incurred in any transaction entered into for profit, though not connected with the trade or business; or

(3) of property not connected with the trade or business, if the loss arises from fires, storms, shipwreck, or other casualty, or from theft. No loss shall be allowed as a deduction under this paragraph if at the time of the filing of the return such loss has been claimed as a deduction for estate tax purposes in the estate tax return.

(f) Losses by Corporations.—In the case of a corporation, losses sustained during the taxable year and not compensated for by insurance or otherwise.

g) Wagering Losses.—Losses from wagering transactions shall be allowed only to the extent of the gains from such transactions.

(h) Basis for Determining Loss.—The basis for determining the amount of deduction for losses sustained, to be allowed under subsection (e) or (f), shall be the adjusted basis provided in section 112 (b) for determining the loss from the sale or other disposition of property.
Disallowance of loss on wash sales of stock, etc.

(ii) Loss on Wash Sales of Stock or Securities.—For disallowance of loss deduction in the case of sales of stock or securities where within thirty days before or after the date of the sale the taxpayer has acquired substantially identical property, see section 118.

(j) Capital Losses.—Losses from sales or exchanges of capital assets shall be allowed only to the extent provided in section 117 (d).

(k) Bad Debts.—Debts ascertained to be worthless and charged off within the taxable year (or, in the discretion of the Commissioner, a reasonable addition to a reserve for bad debts); and when satisfied that a debt is recoverable only in part, the Commissioner may allow such debt, in an amount not in excess of the part charged off within the taxable year, as a deduction.

(l) Depreciation.—A reasonable allowance for the exhaustion, wear and tear of property used in the trade or business, including a reasonable allowance for obsolescence. In the case of property held by one person for life with remainder to another person, the deduction shall be computed as if the life tenant were the absolute owner of the property and shall be allowed to the life tenant. In the case of property held in trust the allowable deduction shall be apportioned between the income beneficiaries and the trustee in accordance with the pertinent provisions of the instrument creating the trust, or, in the absence of such provisions, on the basis of the trust income allocable to each.

(m) Depletion.—In the case of mines, oil and gas wells, other natural deposits, and timber, a reasonable allowance for depletion and for depreciation of improvements, according to the peculiar conditions in each case; such reasonable allowance in all cases to be made under rules and regulations to be prescribed by the Commissioner, with the approval of the Secretary. In any case in which it is ascertained as a result of operations or of development work that the recoverable units are greater or less than the prior estimate thereof, then such prior estimate (but not the basis for depletion) shall be revised and the allowance under this subsection for subsequent taxable years shall be based upon such revised estimate.

In the case of leases the deductions shall be equitably apportioned between the lessor and lessee. In the case of property held by one person for life with remainder to another person, the deduction shall be computed as if the life tenant were the absolute owner of the property and shall be allowed to the life tenant. In the case of property held in trust the allowable deduction shall be apportioned between the income beneficiaries and the trustee in accordance with the pertinent provisions of the instrument creating the trust, or, in the absence of such provisions, on the basis of the trust income allocable to each. (For percentage depletion allowed under this subsection, see section 114 (b), (3) and (4).)

(o) Basis for Depreciation and Depletion.—The basis upon which depletion, exhaustion, wear and tear, and obsolescence are to be allowed in respect of any property shall be as provided in section 114.

(o) Charitable and Other Contributions.—In the case of an individual, contributions or gifts made within the taxable year to or for the use of:

(1) the United States, any State, Territory, or any political subdivision thereof, or the District of Columbia, for exclusively public purposes;

(2) a corporation, or trust, or community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the
prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation;

(3) the special fund for vocational rehabilitation authorized by section 12 of the World War Veterans' Act, 1924;

(4) posts or organizations of war veterans, or auxiliary units or societies of any such posts or organizations, if such posts, organizations, units, or societies are organized in the United States or any of its possessions, and if no part of their net earnings inures to the benefit of any private shareholder or individual; or

(5) a fraternal society, order, or association, operating under the lodge system, but only if such contributions or gifts are to be used exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals;

to an amount which in all the above cases combined does not exceed 15 per centum of the taxpayer's net income as computed without the benefit of this subsection. Such contributions or gifts shall be allowable as deductions only if verified under rules and regulations prescribed by the Commissioner, with the approval of the Secretary.

(For unlimited deduction if contributions and gifts exceed 90 per centum of the net income, see section 120.)

(p) PENSION TRUSTS.—An employer establishing or maintaining a pension trust to provide for the payment of reasonable pensions to his employees (if such trust is exempt from tax under section 165, relating to trusts created for the exclusive benefit of employees) shall be allowed as a deduction (in addition to the contributions to such trust during the taxable year to cover the pension liability accruing during the year, allowed as a deduction under subsection (a) of this section) a reasonable amount transferred or paid into such trust during the taxable year in excess of such contributions, but only if such amount (1) has not theretofore been allowable as a deduction, and (2) is apportioned in equal parts over a period of ten consecutive years beginning with the year in which the transfer or payment is made. Any deduction allowable under section 23 (q) of the Revenue Act of 1928 or the Revenue Act of 1932 or the Revenue Act of 1934 which under such section was apportioned to any taxable year beginning after December 31, 1935, shall be allowed as a deduction in the years to which so apportioned to the extent allowable under such section if it had remained in force with respect to such year.

(q) CHARITABLE AND OTHER CONTRIBUTIONS BY CORPORATIONS.—In the case of a corporation, contributions or gifts made within the taxable year to or for the use of a domestic corporation, or domestic trust, or domestic community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes or the prevention of cruelty to children (but in the case of contributions or gifts to a trust, chest, fund, or foundation, only if such contributions or gifts are to be used within the United States exclusively for such purposes), no part of the net earnings of which inures to the benefit of any private shareholder or individual, and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation; to an amount which does not exceed 5 per centum of the taxpayer's net income as computed without the benefit of this subsection. Such contributions or gifts shall be allowable as deductions only if verified under rules and regulations prescribed by the Commissioner, with the approval of the Secretary.
(r) For deduction of dividends paid by certain banking corporations, see section 121.

**SEC. 24. ITEMS NOT DEDUCTIBLE.**

(a) **GENERAL RULE.**—In computing net income no deduction shall in any case be allowed in respect of—

1. Personal, living, or family expenses;
2. Any amount paid out for new buildings or for permanent improvements or betterments made to increase the value of any property or estate;
3. Any amount expended in restoring property or in making good the exhaustion thereof for which an allowance is or has been made;
4. Premiums paid on any life insurance policy covering the life of any officer or employee, or of any person financially interested in any trade or business carried on by the taxpayer, when the taxpayer is directly or indirectly a beneficiary under such policy;
5. Any amount otherwise allowable as a deduction which is allocable to one or more classes of income other than interest (whether or not any amount of income of that class or classes is received or accrued) wholly exempt from the taxes imposed by this title; or
6. Loss from sales or exchanges of property, directly or indirectly, (A) between members of a family, or (B) except in the case of distributions in liquidation, between an individual and a corporation in which such individual owns, directly or indirectly, more than 50 per centum in value of the outstanding stock. For the purpose of this paragraph—(C) an individual shall be considered as owning the stock owned, directly or indirectly, by his family; and (D) the family of an individual shall include only his brothers and sisters (whether by the whole or half blood), spouse, ancestors, and lineal descendants.

(b) **HOLDERS OF LIFE OR TERMINABLE INTEREST.**—Amounts paid under the laws of any State, Territory, District of Columbia, possession of the United States, or foreign country as income to the holder of a life or terminable interest acquired by gift, bequest, or inheritance shall not be reduced or diminished by any deduction for shrinkage (by whatever name called) in the value of such interest due to the lapse of time, nor by any deduction allowed by this Act (except the deductions provided for in subsections (1) and (m) of section 23) for the purpose of computing the net income of an estate or trust but not allowed under the laws of such State, Territory, District of Columbia, possession of the United States, or foreign country for the purpose of computing the income to which such holder is entitled.

(c) **TAX WITHHELD ON TAX-FREE COVENANT BONDS.**—For nondeductibility of tax withheld on tax-free covenant bonds, see section 143 (a) (3).

**SEC. 25. CREDITS OF INDIVIDUAL AGAINST NET INCOME.**

(a) **CREDITS FOR NORMAL TAX ONLY.**—There shall be allowed for the purpose of the normal tax, but not for the surtax, the following credits against the net income:

1. Interest on United States obligations. The amount received as interest upon obligations of the United States which is included in gross income under section 22.
2. Interest on obligations of instrumentalities. The amount received as interest on obligations of a corporation organized under Act of Congress, if (A) such
corporation is an instrumentality of the United States; and (B) such interest is included in gross income under section 22; and (C) under the Act authorizing the issue thereof, as amended and supplemented, such interest is exempt from normal tax.

(2) **Earned Income Credit.**—10 per centum of the amount of the earned net income, but not in excess of 10 per centum of the amount of the net income.

(4) **Earned Income Definitions.**—For the purposes of this section—

(A) “Earned income” means wages, salaries, professional fees, and other amounts received as compensation for personal services actually rendered, but does not include any amount not included in gross income, nor that part of the compensation derived by the taxpayer for personal services rendered by him to a corporation which represents a distribution of earnings or profits rather than a reasonable allowance as compensation for the personal services actually rendered. In the case of a taxpayer engaged in a trade or business in which both personal services and capital are material income producing factors, a reasonable allowance as compensation for the personal services actually rendered by the taxpayer, not in excess of 20 per centum of his share of the net profits of such trade or business, shall be considered as earned income.

(B) “Earned income deductions” means such deductions as are allowed by section 23 for the purpose of computing net income, and are properly allocable to or chargeable against earned income.

(C) “Earned net income” means the excess of the amount of the earned income over the sum of the earned income deductions.

(b) **Credits for Both Normal Tax and Surtax.**—There shall be allowed for the purposes of the normal tax and the surtax the following credits against net income:

1. **Personal Exemption.**—In the case of a single person, a personal exemption of $1,000; or in the case of the head of a family or a married person living with husband or wife, a personal exemption of $2,500. A husband and wife living together shall receive but one personal exemption. The amount of such personal exemption shall be $2,500. If such husband and wife make separate returns, the personal exemption may be taken by either or divided between them.

2. **Credit for Dependents.**—$400 for each person (other than husband or wife) dependent upon and receiving his chief support from the taxpayer if such dependent person is under eighteen years of age or is incapable of self-support because mentally or physically defective.

3. **Change of Status.**—If the status of the taxpayer, insofar as it affects the personal exemption or credit for dependents, changes during the taxable year, the personal exemption and credit shall be apportioned, under rules and regulations prescribed by the Commissioner with the approval of the Secretary, in accordance with the number of months before and after such change. For the purpose of such apportionment a fractional part of a month shall be disregarded unless it amounts to more than half a month in which case it shall be considered as a month.
SEC. 26. CREDITS OF CORPORATIONS.

In the case of a corporation the following credits shall be allowed to the extent provided in the various sections imposing tax—

(a) INTEREST ON OBLIGATIONS OF THE UNITED STATES AND ITS INSTRUMENTALITIES.—The amount received as interest upon obligations of the United States or of corporations organized under Act of Congress which is allowed to an individual as a credit for purposes of normal tax by section 25(a)(1) or (2).

(b) DIVIDENDS RECEIVED.—85 per centum of the amount received as dividends from a domestic corporation which is subject to taxation under this title. The credit allowed by this subsection shall not be allowed in respect of dividends received from a corporation organized under the China Trade Act, 1922, or from a corporation which under section 251 is taxable only on its gross income from sources within the United States by reason of its receiving a large percentage of its gross income from sources within a possession of the United States.

(c) CONTRACTS RESTRICTING PAYMENT OF DIVIDENDS.—

(1) PROHIBITION ON PAYMENT OF DIVIDENDS.—An amount equal to the excess of the adjusted net income over the aggregate of the amounts which can be distributed within the taxable year as dividends without violating a provision of a written contract executed by the corporation prior to May 1, 1936, which provision expressly deals with the payment of dividends. If a corporation would be entitled to a credit under this paragraph because of a contract provision and also to one or more credits because of other contract provisions, only the largest of such credits shall be allowed, and for such purpose if two or more credits are equal in amount only one shall be taken into account.

(2) DISPOSITION OF PROFITS OF TAXABLE YEAR.—An amount equal to the portion of the earnings and profits of the taxable year which is required (by a provision of a written contract executed by the corporation prior to May 1, 1936, which provision expressly deals with the disposition of earnings and profits of the taxable year) to be paid within the taxable year in discharge of a debt, or to be irrevocably set aside within the taxable year for the discharge of a debt; to the extent that such amount has been so paid or set aside. For the purposes of this paragraph, a requirement to pay or set aside an amount equal to a percentage of earnings and profits shall be considered a requirement to pay or set aside such percentage of earnings and profits. As used in this paragraph, the word “debt” does not include a debt incurred after April 30, 1936.

(3) DOUBLE CREDIT NOT ALLOWED.—If both paragraph (1) and paragraph (2) apply, the one of such paragraphs which allows the greater credit shall be applied; and, if the credit allowable under each paragraph is the same, only one of such paragraphs shall be applied.

(d) BANK AFFILIATES.—In the case of a holding company affiliate (as defined in section 2 of the Banking Act of 1933), the amount of the earnings or profits which the Board of Governors of the Federal Reserve System certifies to the Commissioner has been devoted by such affiliate during the taxable year to the acquisition of readily marketable assets other than bank stock in compliance with section 5144 of the Revised Statutes. The aggregate of the credits allowable under this subsection for all taxable years shall not exceed the amount required to be devoted under such section 5144 to such purposes.

(e) NATIONAL MORTGAGE ASSOCIATIONS.—In the case of a national mortgage association created under Title III of the National Housing
Act, the amount of the earnings or profits which the Federal Housing Administrator certifies to the Commissioner has been devoted by such association during the taxable year to the acquisition of such reserves as the Administrator may require under the provisions of section 303 of that Act.

SEC. 27. CORPORATION CREDIT FOR DIVIDENDS PAID.

(a) DIVIDENDS PAID CREDIT IN GENERAL.—For the purposes of this title, the dividends paid credit shall be the amount of dividends paid during the taxable year.

(b) DIVIDEND CARRY-OVER.—In computing the dividends paid credit for any taxable year, if the dividends paid during the taxable year are less than the adjusted net income, there shall be allowed as part of the dividends paid credit, and in the following order:

(1) Dividends paid during the second preceding taxable year in excess of the adjusted net income for such year, to the extent not needed as a dividends paid credit for the taxable year preceding the taxable year for which is being computed; and

(2) Dividends paid during the first preceding taxable year in excess of the adjusted net income for such year.

No credit shall be allowed for dividends paid by a corporation prior to its first taxable year under this title.

(c) DIVIDENDS IN KIND.—If a dividend is paid in property other than money (including stock of the corporation if held by the corporation as an investment) the dividends paid credit with respect thereto shall be the adjusted basis of the property in the hands of the corporation at the time of the payment, or the fair market value of the property at the time of the payment, whichever is the lower.

(d) DIVIDENDS IN OBLIGATIONS OF THE CORPORATION.—If a dividend is paid in obligations of the corporation, the amount of the dividends paid credit with respect thereto shall be the face value of the obligations, or their fair market value at the time of the payment, whichever is the lower. If the fair market value is lower than the face value, then when the obligation is redeemed by the corporation, the excess of the amount for which redeemed over the fair market value at the time of the payment (to the extent not allowable as a deduction in computing net income for any taxable year) shall be treated as a dividend paid in the taxable year in which the redemption occurs.

(e) TAXABLE STOCK DIVIDENDS.—In case of a stock dividend or stock right which is a taxable dividend in the hands of shareholders under section 115 (f), the dividends paid credit with respect thereto shall be the fair market value of the stock or the stock right at the time of the payment.

(f) DISTRIBUTIONS IN LIQUIDATION.—In the case of amounts distributed in liquidation the part of such distribution which is properly chargeable to the earnings or profits accumulated after February 28, 1913, shall, for the purposes of computing the dividends paid credit under this section, be treated as a taxable dividend paid.

(g) PREFERRED DIVIDENDS.—No dividends paid credit shall be allowed with respect to any distribution unless the distribution is pro rata, equal in amount, and with no preference to any share of stock as compared with other shares of the same class.

(b) NONTAXABLE DISTRIBUTIONS.—If any part of a distribution (including stock dividends and stock rights) is not a taxable dividend in the hands of such of the shareholders as are subject to taxation under this title for the period in which the distribution is made, no dividends paid credit shall be allowed with respect to such part.
Credits against tax.

Sec. 31. Taxes of foreign countries and U. S. possessions.

The amount of income, war-profits, and excess-profits taxes imposed by foreign countries or possessions of the United States shall be allowed as a credit against the tax, to the extent provided in section 131.

Sec. 32. Taxes withheld at source.

The amount of tax withheld at the source under section 143 or 144 shall be allowed as a credit against the tax.

Sec. 33. Credit for overpayments.

For credit against the tax of overpayments of taxes imposed by this title for other taxable years, see section 322.

Part IV—Accounting Periods and Methods of Accounting

Sec. 41. General rule.

The net income shall be computed upon the basis of the taxpayer's annual accounting period (fiscal year or calendar year, as the case may be) in accordance with the method of accounting regularly employed in keeping the books of such taxpayer; but if no such method of accounting has been so employed, or if the method employed does not clearly reflect the income, the computation shall be made in accordance with such method as in the opinion of the Commissioner does clearly reflect the income. If the taxpayer's annual accounting period is other than a fiscal year as defined in section 48 or if the taxpayer has no annual accounting period or does not keep books, the net income shall be computed on the basis of the calendar year. (For use of inventories, see section 22 (c).)

Sec. 42. Period in which items of gross income included.

The amount of all items of gross income shall be included in the gross income for the taxable year in which received by the taxpayer, unless, under methods of accounting permitted under section 41, any such amounts are to be properly accounted for as of a different period. In the case of the death of a taxpayer there shall be included in computing net income for the taxable period in which falls the date of his death, amounts accrued up to the date of his death if not otherwise properly includible in respect of such period or a prior period.

Sec. 43. Period for which deductions and credits taken.

The deductions and credits (other than the dividends paid credit provided in section 27) provided for in this title shall be taken for the taxable year in which "paid or accrued" or "paid or incurred," dependent upon the method of accounting upon the basis of which the net income is computed, unless in order to clearly reflect the income the deductions or credits should be taken as of a different period. In the case of the death of a taxpayer there shall be allowed as deductions and credits for the taxable period in which falls the date of his death, amounts accrued up to the date of his death if not otherwise properly allowable in respect of such period or a prior period.
SEC. 44. INSTALLMENT BASIS.

(a) DEALERS IN PERSONAL PROPERTY.—Under regulations prescribed by the Commissioner with the approval of the Secretary, a person who regularly sells or otherwise disposes of personal property on the installment plan may return as income therefrom in any taxable year that proportion of the installment payments actually received in that year which the gross profit realized or to be realized when payment is completed, bears to the total contract price.

(b) SALES OF REALTY AND CASUAL SALES OF PERSONALITY.—In the case (1) of a casual sale or other casual disposition of personal property (other than property of a kind which would properly be included in the inventory of the taxpayer if on hand at the close of the taxable year), for a price exceeding $1,000, or (2) of a sale or other disposition of real property, if in either case the initial payments do not exceed 30 per centum of the selling price (or, in case the sale or other disposition was in a taxable year beginning prior to January 1, 1934, the percentage of the selling price prescribed in the law applicable to such year), the income may, under regulations prescribed by the Commissioner with the approval of the Secretary, be returned on the basis and in the manner above prescribed in this section. As used in this section the term “initial payments” means the payments received in cash or property other than evidences of indebtedness of the purchaser during the taxable period in which the sale or other disposition is made.

(c) CHANGE FROM ACCRUAL TO INSTALLMENT BASIS.—If a taxpayer entitled to the benefits of subsection (a) elects for any taxable year to report his net income on the installment basis, then in computing his income for the year of change or any subsequent year, amounts actually received during any such year on account of sales or other dispositions of property made in any prior year shall not be excluded.

(d) GAIN OR LOSS UPON DISPOSITION OF INSTALLMENT OBLIGATIONS.—If an installment obligation is satisfied at other than its face value or distributed, transmitted, sold, or otherwise disposed of, gain or loss shall result to the extent of the difference between the basis of the obligation and (1) in the case of satisfaction at other than face value or a sale or exchange—the amount realized, or (2) in case of a distribution, transmission, or disposition otherwise than by sale or exchange—the fair market value of the obligation at the time of such distribution, transmission, or disposition. Any gain or loss so resulting shall be considered as resulting from the sale or exchange of the property in respect of which the installment obligation was received. The basis of the obligation shall be the excess of the face value of the obligation over an amount equal to the income which would be returnable were the obligation satisfied in full. This subsection shall not apply to the transmission at death of installment obligations if there is filed with the Commissioner, at such time as he may by regulation prescribe, a bond in such amount and with such sureties as he may deem necessary, conditioned upon the return as income, by the person receiving any payment on such obligations, of the same proportion of such payment as would be returnable as income by the decedent if he had lived and had received such payment.

SEC. 45. ALLOCATION OF INCOME AND DEDUCTIONS.

In any case of two or more organizations, trades, or businesses (whether or not incorporated, whether or not organized in the United States, and whether or not affiliated) owned or controlled directly or indirectly by the same interests, the Commissioner is...
SEC. 46. CHANGE OF ACCOUNTING PERIOD.

If a taxpayer changes his accounting period from fiscal year to calendar year, from calendar year to fiscal year, or from one fiscal year to another, the net income shall, with the approval of the Commissioner, be computed on the basis of such new accounting period, subject to the provisions of section 47.

SEC. 47. RETURNS FOR A PERIOD OF LESS THAN TWELVE MONTHS.

(a) RETURNS FOR SHORT PERIOD RESULTING FROM CHANGE OF ACCOUNTING PERIOD.—If a taxpayer, with the approval of the Commissioner, changes the basis of computing net income from fiscal year to calendar year a separate return shall be made for the period between the close of the last fiscal year for which return was made and the following December 31. If the change is from calendar year to fiscal year, a separate return shall be made for the period between the close of the last calendar year for which return was made and the date designated as the close of the fiscal year. If the change is from one fiscal year to another fiscal year a separate return shall be made for the period between the close of the former fiscal year and the date designated as the close of the new fiscal year.

(b) INCOME COMPUTED ON BASIS OF SHORT PERIOD.—Where a separate return is made under subsection (a) on account of a change in the accounting period, and in all other cases where a separate return is required or permitted, by regulations prescribed by the Commissioner with the approval of the Secretary, to be made for a fractional part of a year, then the income shall be computed on the basis of the period for which separate return is made.

(c) INCOME PLACED ON ANNUAL BASIS.—If a separate return is made (except returns of the income of a corporation) under subsection (a) on account of a change in the accounting period, the net income, computed on the basis of the period for which separate return is made, shall be placed on an annual basis by multiplying the amount thereof by twelve and dividing by the number of months included in the period for which the separate return is made. The tax shall be such part of the tax computed on such annual basis as the number of months in such period is of twelve months.

(d) EARNED INCOME.—The Commissioner with the approval of the Secretary shall by regulations prescribe the method of applying the provisions of subsections (b) and (c) (relating to computing income on the basis of a short period, and placing such income on an annual basis) to cases where the taxpayer makes a separate return under subsection (a) on account of a change in the accounting period, and it appears that for the period for which the return is so made he has received earned income.

(e) REDUCTION OF CREDITS AGAINST NET INCOME.—In the case of a return made for a fractional part of a year, except a return made under subsection (a), on account of a change in the accounting period, the personal exemption and credit for dependents shall be reduced respectively to amounts which bear the same ratio to the full credits provided as the number of months in the period for which return is made bears to twelve months.

(f) CLOSING OF TAXABLE YEAR IN CASE OF JEOPARDY.—For closing of taxable year in case of jeopardy, see section 146.

(E) Its shareholders are, upon reasonable notice, entitled to redemption of their stock for their proportionate interests in the corporation's properties, or the cash equivalent thereof less a discount not in excess of 5 per centum thereof.

(2) LIMITATIONS.—Despite the provisions of paragraph (1) a corporation shall not be considered as a mutual investment company if, subsequent to a date thirty days after the date of the enactment of this Act, at any time during the taxable year—

The return shall be sworn to by the president, vice president, or other principal officer and by the treasurer, assistant treasurer, or chief accounting officer. In cases where receivers, trustees in bankruptcy, or assignees are operating the property or business of corporations, such receivers, trustees, or assignees shall make returns for such corporations in the same manner and form as corporations are required to make returns. Any tax due on the basis of such returns made by receivers, trustees, or assignees shall be collected in the same manner as if collected from the corporations of whose business or property they have custody and control.

SEC. 53. TIME AND PLACE FOR FILING RETURNS.

(b) TO DETERMINE LIABILITY TO TAX.—Whenever in the judgment of the Commissioner necessary he may require any person, by notice served upon him, to make a return, render under oath such statements, or keep such records, as the Commissioner deems sufficient to show whether or not such person is liable to tax under this title.

(c) INFORMATION AT THE SOURCE.—For requirement of statements and returns by one person to assist in determining the tax liability of another person, see sections 147 to 150.

(d) COPIES OF RETURNS.—If any person, required by law or regulations made pursuant to law to file a copy of any income return for any taxable year, fails to file such copy at the time required, there shall be due and assessed against such person $5 in the case of an individual return or $10 in the case of a fiduciary, partnership, or corporation return, and the collector with whom the return is filed shall prepare such copy. Such amount shall be collected and paid, without interest, in the same manner as the amount of tax due in excess of that shown by the taxpayer upon a return in the case of a mathematical error appearing on the face of the return. SEC. 102. SURTAX ON CORPORATIONS IMPROPERLY ACCUMULATING SURPLUS.

(a) Imposition of Tax.—There shall be levied, collected, and paid for each taxable year (in addition to other taxes imposed by this title) upon the net income of every corporation (other than a personal holding company as defined in section 351) if such corporation, however created or organized, is formed or availed of for the purpose of preventing the imposition of the surtax upon its shareholders or the shareholders of any other corporation, through the medium of permitting earnings or profits to accumulate instead of being divided or distributed—

(1) In the case of corporations not subject to the surtax on undistributed profits imposed by section 14, a surtax equal to the sum of the following:
   - 25 per centum of the amount of the retained net income not in excess of $100,000, plus
   - 35 per centum of the amount of the retained net income in excess of $100,000.

(2) In the case of corporations subject to the surtax on undistributed profits imposed by section 14, a surtax equal to the sum of the following:
   - 15 per centum of the amount of the retained net income not in excess of $100,000, plus
   - 25 per centum of the amount of the retained net income in excess of $100,000.

(b) Prima Facie Evidence.—The fact that any corporation is a mere holding or investment company, or that the earnings or profits are permitted to accumulate beyond the reasonable needs of the business, shall be prima facie evidence of a purpose to avoid surtax upon shareholders.

(c) Definitions.—As used in this title—

(1) Special Adjusted Net Income.—The term “special adjusted net income” means the net income minus the sum of—

   (A) Taxes.—Federal income, war-profits, and excess-profits taxes paid or accrued during the taxable year, to the extent not allowed as a deduction by section 23, but not including the tax imposed by this section or a corresponding section of a prior income-tax law.

   (B) Disallowed Charitable, etc., Contributions.—Contributions or gifts, not otherwise allowed as a deduction, to or for the use of donees described in section 23 (o), for the purposes therein specified.

   (C) Disallowed Losses.—Losses from sales or exchanges of capital assets which are disallowed as a deduction by section 117 (d).

   (D) Bank Affiliates.—In the case of a holding company affiliate (as defined in section 2 of the Banking Act of 1933), the amount allowed as a credit under section 26 (d).

   (E) National Mortgage Associations.—In the case of a national mortgage association created under Title III of the National Housing Act, the amount allowed as a credit under section 26 (e).
(2) **Retained net income.**—The term "retained net income" means the special adjusted net income minus the sum of the dividends paid credit provided in section 27 and the credit provided in section 26 (c), relating to contracts restricting dividends. For the purposes of this subsection, such credits shall be computed by substituting in section 26 (c) and in section 27 for the words "adjusted net income" wherever appearing in such sections the words "special adjusted net income".

(d) **Payment of surtax on pro rata shares.**—The tax imposed by this section shall not apply if (1) all the shareholders of the corporation include (at the time of filing their returns) in their gross income their entire pro rata shares, whether distributed or not, of the retained net income of the corporation for such year, and (2) 90 per centum or more of such retained net income is so included in the gross income of shareholders other than corporations. Any amount so included in the gross income of a shareholder shall be treated as a dividend received. Any subsequent distribution made by the corporation out of earnings or profits for such taxable year shall, if distributed to any shareholder who has so included in his gross income his pro rata share, be exempt from tax in the amount of the share so included.

(e) **Tax on personal holding companies.**—For surtax on personal holding companies, see section 351.

**SEC. 103. Rates of tax on citizens and corporations of certain foreign countries.**

Whenever the President finds that, under the laws of any foreign country, citizens or corporations of the United States are being subjected to discriminatory or extraterritorial taxes, the President shall so proclaim and the rates of tax imposed by sections 11, 12, 13, 201 (b), 204 (a), 211 (a), and 231 (a) shall, for the taxable year during which such proclamation is made and for each taxable year thereafter, be doubled in the case of each citizen and corporation of such foreign country; but the tax at such doubled rate shall be considered as imposed by sections 11, 12, 13, 201 (b), 204 (a), 211 (a), or 231 (a), as the case may be. In no case shall this section operate to increase the taxes imposed by such sections (computed without regard to this section) to an amount in excess of 80 per centum of the net income of the taxpayer. Whenever the President finds that the laws of any foreign country with respect to which the President has made a proclamation under the preceding provisions of this section have been modified so that discriminatory and extraterritorial taxes applicable to citizens and corporations of the United States have been removed, he shall so proclaim, and the provisions of this section providing for doubled rates of tax shall not apply to any citizen or corporation of such foreign country with respect to any taxable year beginning after such proclamation is made.

**SEC. 104. Banks and trust companies.**

(a) **Definition.**—As used in this section the term "bank" means a bank or trust company incorporated and doing business under the laws of the United States (including laws relating to the District of Columbia), of any State, or of any Territory, a substantial part of the business of which consists of receiving deposits and making loans and discounts, or of exercising fiduciary powers similar to those permitted to national banks under section 11 (k) of the Federal Reserve Act, as amended, and which is subject by law to supervision and examination by State or Federal authority having supervision over banking institutions.
(b) **Rate of Tax.**—Banks shall be taxable in the same manner as other corporations, except that they shall not be subject to the surtax imposed by section 14, and except that the normal tax imposed by section 13 shall be at the rate of 15 per centum instead of at the rates provided in such section.

**SEC. 105. SALE OF OIL OR GAS PROPERTIES.**

In the case of a bona fide sale of any oil or gas property, or any interest therein, where the principal value of the property has been demonstrated by prospecting or exploration or discovery work done by the taxpayer, the portion of the tax imposed by section 12 attributable to such sale shall not exceed 30 per centum of the selling price of such property or interest.

### Supplement B—Computation of Net Income

**[Supplementary to Subtitle B, Part II]**

**SEC. 111. DETERMINATION OF AMOUNT OF, AND RECOGNITION OF, GAIN OR LOSS.**

(a) **Computation of Gain or Loss.**—The gain from the sale or other disposition of property shall be the excess of the amount realized therefrom over the adjusted basis provided in section 113 (b) for determining gain, and the loss shall be the excess of the adjusted basis provided in such section for determining loss over the amount realized.

(b) **Amount Realized.**—The amount realized from the sale or other disposition of property shall be the sum of any money received plus the fair market value of the property (other than money) received.

(c) **Recognition of Gain or Loss.**—In the case of a sale or exchange, the extent to which the gain or loss determined under this section shall be recognized for the purposes of this title, shall be determined under the provisions of section 112.

(d) **Installment Sales.**—Nothing in this section shall be construed to prevent (in the case of property sold under contract providing for payment in installments) the taxation of that portion of any installment payment representing gain or profit in the year in which such payment is received.

**SEC. 112. RECOGNITION OF GAIN OR LOSS.**

(a) **General Rule.**—Upon the sale or exchange of property the entire amount of the gain or loss, determined under section 111, shall be recognized, except as hereinafter provided in this section.

(b) **Exchanges Solely in Kind.**—

1. **Property held for productive use or investment.**—No gain or loss shall be recognized if property held for productive use in trade or business or for investment (not including stock in trade or other property held primarily for sale, nor stocks, bonds, notes, choses in action, certificates of trust or beneficial interest, or other securities or evidences of indebtedness or interest) is exchanged solely for property of a like kind to be held either for productive use in trade or business or for investment.

2. **Stock for stock of same corporation.**—No gain or loss shall be recognized if common stock in a corporation is exchanged solely for common stock in the same corporation, or if preferred stock in a corporation is exchanged solely for preferred stock in the same corporation.
(3) Stock for stock on reorganization.—No gain or loss shall be recognized if stock or securities in a corporation a party to a reorganization are, in pursuance of the plan of reorganization, exchanged solely for stock or securities in such corporation or in another corporation a party to the reorganization.

(4) Same—Gain of corporation.—No gain or loss shall be recognized if a corporation a party to a reorganization exchanges property, in pursuance of the plan of reorganization, solely for stock or securities in another corporation a party to the reorganization.

(5) Transfer to corporation controlled by transferor.—No gain or loss shall be recognized if property is transferred to a corporation by one or more persons solely in exchange for stock or securities in such corporation, and immediately after the exchange such person or persons are in control of the corporation; but in the case of an exchange by two or more persons this paragraph shall apply only if the amount of the stock and securities received by each is substantially in proportion to his interest in the property prior to the exchange.

(6) Property received by corporation on complete liquidation of another.—No gain or loss shall be recognized upon the receipt by a corporation of property distributed in complete liquidation of another corporation. For the purposes of this paragraph a distribution shall be considered to be in complete liquidation only if—

(A) the corporation receiving such property was, on the date of the adoption of the plan of liquidation, and has continued to be at all times until the receipt of the property, the owner of stock (in such other corporation) possessing at least 80 per centum of the total combined voting power of all classes of stock entitled to vote and the owner of at least 80 per centum of the total number of shares of all other classes of stock (except non-voting stock which is limited and preferred as to dividends), and was at no time on or after the date of the adoption of the plan of liquidation and until the receipt of the property the owner of a greater percentage of any class of stock than the percentage of such class owned at the time of the receipt of the property; and

(B) no distribution under the liquidation was made before the first day of the first taxable year of the corporation beginning after December 31, 1935; and either

(C) the distribution is by such other corporation in complete cancellation or redemption of all its stock, and the transfer of all the property occurs within the taxable year; in such case the adoption by the stockholders of the resolution under which is authorized the distribution of all the assets of such corporation in complete cancellation or redemption of all its stock, shall be considered an adoption of a plan of liquidation, even though no time for the completion of the transfer of the property is specified in such resolution; or

(D) such distribution is one of a series of distributions by such other corporation in complete cancellation or redemption of all its stock in accordance with a plan of liquidation under which the transfer of all the property under the liquidation is to be completed within three years from the close of the taxable year during which is made the first of the series of distributions under the plan, except that if such transfer is not completed within such period, or if the taxpayer does not continue qualified under subparagraph (A) until the completion of such transfer, no
distribution under the plan shall be considered a distribution in complete liquidation. If such transfer of all the property does not occur within the taxable year the Commissioner may require of the taxpayer such bond, or waiver of the statute of limitations on assessment and collection, or both, as he may deem necessary to insure, if the transfer of the property is not completed within such three-year period, or if the taxpayer does not continue qualified under subparagraph (A) until the completion of such transfer, the assessment and collection of all income, war-profits, and excess-profits taxes then imposed by law for such taxable year or subsequent taxable years, to the extent attributable to property so received. A distribution otherwise constituting a distribution in complete liquidation within the meaning of this paragraph shall not be considered as not constituting such a distribution merely because it does not constitute a distribution or liquidation within the meaning of the corporate law under which the distribution is made; and for the purposes of this paragraph a transfer of property of such other corporation to the taxpayer shall not be considered as not constituting a distribution (or one of a series of distributions) in complete cancellation or redemption of all the stock of such other corporation, merely because the carrying out of the plan involves (i) the transfer under the plan to the taxpayer by such other corporation of property, not attributable to shares owned by the taxpayer, upon an exchange described in paragraph (4) of this subsection, and (ii) the complete cancellation or redemption under the plan, as a result of exchanges described in paragraph (3) of this subsection, of the shares not owned by the taxpayer.

(c) Gain from Exchanges not Solely in Kind.

(1) If an exchange would be within the provisions of subsection (b) (1), (2), (3), or (5) of this section if it were not for the fact that the property received in exchange consists not only of property permitted by such paragraph to be received without the recognition of gain, but also of other property or money, then the gain, if any, to the recipient shall be recognized, but in an amount not in excess of the sum of such money and the fair market value of such other property.

(2) If a distribution made in pursuance of a plan of reorganization is within the provisions of paragraph (1) of this subsection but has the effect of the distribution of a taxable dividend, then there shall be taxed as a dividend to each distributee such an amount of the gain recognized under paragraph (1) as is not in excess of his ratable share of the undistributed earnings and profits of the corporation accumulated after February 28, 1913. The remainder, if any, of the gain recognized under paragraph (1) shall be taxed as a gain from the exchange of property.

(d) Gain of Corporation.

(1) If the corporation receiving such other property or money distributes it in pursuance of the plan of reorganization, no gain to the corporation shall be recognized from the exchange, but

(2) If the corporation receiving such other property or money does not distribute it in pursuance of the plan of reorganization, the gain, if any, to the corporation shall be recognized, but in an
amount not in excess of the sum of such money and the fair market value of such other property so received, which is not so distributed.

(e) Loss from Exchanges Not Solely in Kind.—If an exchange would be within the provisions of subsection (b) (1) to (5), inclusive, of this section if it were not for the fact that the property received in exchange consists not only of property permitted by such paragraph to be received without the recognition of gain or loss, but also of other property or money, then no loss from the exchange shall be recognized.

(f) Involuntary Conversions.—If property (as a result of its destruction in whole or in part, theft or seizure, or an exercise of the power of requisition or condemnation, or the threat or imminence thereof) is compulsorily or involuntarily converted into property similar or related in service or use to the property so converted, or into money which is forthwith in good faith, under regulations prescribed by the Commissioner with the approval of the Secretary, expended in the acquisition of other property similar or related in service or use to the property so converted, or in the acquisition of control of a corporation owning other property, or in the establishment of a replacement fund, no gain or loss shall be recognized. If any part of the money is not so expended, the gain, if any, shall be recognized, but in an amount not in excess of the money which is not so expended.

(g) Definition of Reorganization.—As used in this section and section 113—

(1) The term "reorganization" means (A) a statutory merger or consolidation, or (B) the acquisition by one corporation in exchange solely for all or a part of its voting stock: of at least 80 per centum of the voting stock and at least 80 per centum of the total number of shares of all other classes of stock of another corporation; or of substantially all the properties of another corporation, or (C) a transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor or its stockholders or both are in control of the corporation to which the assets are transferred, or (D) a recapitalization, or (E) a mere change in identity, form, or place of organization, however effected.

(2) The term "a party to a reorganization" includes a corporation resulting from a reorganization and includes both corporations in the case of a reorganization resulting from the acquisition by one corporation of stock or properties of another.

(h) Definition of Control.—As used in this section the term "control" means the ownership of stock possessing at least 80 per centum of the total combined voting power of all classes of stock entitled to vote and at least 80 per centum of the total number of shares of all other classes of stock of the corporation.

(i) Foreign Corporations.—In determining the extent to which gain shall be recognized in the case of any of the exchanges (made after the date of the enactment of this Act) described in subsection (b) (3), (4), (5), or (6), or described in so much of subsection (c) as refers to subsection (b) (3) or (5), or described in subsection (d), a foreign corporation shall not be considered as a corporation unless, prior to such exchange, it has been established to the satisfaction of the Commissioner that such exchange is not in pursuance of a plan having as one of its principal purposes the avoidance of Federal income taxes.
Adjusted basis for determining gain or loss.

Cost value; exceptions.

Inventory value.

Gifts after December 31, 1920.

Determination of basis.

Inventory value.

Gifts after December 31, 1920.

Adjusted basis for determining gain or loss.

(a) Basis (Unadjusted) of Property.—The basis of property shall be the cost of such property, except that—

(1) Inventory Value.—If the property should have been included in the last inventory, the basis shall be the last inventory value thereof.

(2) Gifts After December 31, 1920.—If the property was acquired by gift after December 31, 1920, the basis shall be the same as it would be in the hands of the donor or the last preceding owner by whom it was not acquired by gift, except that for the purpose of determining loss the basis shall be the basis so determined or the fair market value of the property at the time of the gift, whichever is lower. If the facts necessary to determine the basis in the hands of the donor or the last preceding owner are unknown to the donee, the Commissioner shall, if possible, obtain such facts from such donor or last preceding owner, or any other person cognizant thereof. If the Commissioner finds it impossible to obtain such facts, the basis in the hands of such donor or last preceding owner shall be the fair market value of such property as found by the Commissioner as of the date or approximate date at which, according to the best information that the Commissioner is able to obtain, such property was acquired by such donor or last preceding owner.

(3) Transfer in Trust After December 31, 1920.—If the property was acquired after December 31, 1920, by a transfer in trust (other than by a transfer in trust by a bequest or devise) the basis shall be the same as it would be in the hands of the grantor, increased in the amount of gain or decreased in the amount of loss recognized to the grantor upon such transfer under the law applicable to the year in which the transfer was made.

(4) Gift or Transfer in Trust Before January 1, 1921.—If the property was acquired by gift or transfer in trust on or before December 31, 1920, the basis shall be the fair market value of such property at the time of such acquisition.

(5) Property Transmitted at Death.—If the property was acquired by bequest, devise, or inheritance, or by the decedent’s estate from the decedent, the basis shall be the fair market value of such property at the time of such acquisition. In the case of property transferred in trust to pay the income for life to or upon the order or direction of the grantor, with the right reserved to the grantor at all times prior to his death to revoke the trust, the basis of such property in the hands of the persons entitled under the terms of the trust instrument to the property after the grantor’s death shall, after such death, be the same as if the trust instrument had been a will executed on the day of the grantor’s death. For the purpose of this paragraph property passing without full and adequate consideration under a general power of appointment exercised by will shall be deemed to be property passing from the individual exercising such power by bequest or devise.

(6) Tax-Free Exchanges Generally.—If the property was acquired, after February 28, 1913, upon an exchange described in section 112 (b) to (e), inclusive, the basis (except as provided in paragraph (15) of this subsection) shall be the same as in the case of the property exchanged, decreased in the amount of any money received by the taxpayer and increased in the amount of gain or decreased in the amount of loss to the taxpayer that was recognized upon such exchange under the law applicable to the
year in which the exchange was made. If the property so
acquired consisted in part of the type of property permitted
by section 112 (b) to be received without the recognition of gain
or loss, and in part of other property, the basis provided in this
paragraph shall be allocated between the properties (other than
money) received, and for the purpose of the allocation there
shall be assigned to such other property an amount equivalent to
its fair market value at the date of the exchange. This paragraph
shall not apply to property acquired by a corporation by the
issuance of its stock or securities as the consideration in whole
or in part for the transfer of the property to it.

(7) TRANSFERS TO CORPORATION.—If the property was acquired
after December 31, 1917, by a corporation in connection with a
reorganization, then the basis shall be the same as it would be in
the hands of the transferor, increased in the amount of gain or
decreased in the amount of loss recognized to the transferor upon
such transfer under the law applicable to the year in which the
transfer was made. This paragraph shall not apply if the prop-
erty acquired consists of stock or securities in a corporation a party
to the reorganization, unless acquired by the issuance of stock or
securities of the transferee as the consideration in whole or in
part for the transfer.

(8) PROPERTY ACQUIRED BY ISSUANCE OF STOCK OR AS PAID-IN
SURPLUS.—If the property was acquired after December 31, 1920,
by a corporation—

(A) by the issuance of its stock or securities in connection with
a transaction described in section 112 (b) (5) (including, also,
cases where part of the consideration for the transfer of such
property to the corporation was property or money, in addition
to such stock or securities), or

(B) as paid-in surplus or as a contribution to capital,
then the basis shall be the same as it would be in the hands of
the transferor, increased in the amount of gain or decreased in
the amount of loss recognized to the transferor upon such transfer
under the law applicable to the year in which the transfer was
made.

(9) INVOLUNTARY CONVERSION.—If the property was acquired,
after February 28, 1913, as the result of a compulsory or invol-
untary conversion described in section 112 (f), the basis shall be
the same as in the case of the property so converted, decreased
in the amount of any money received by the taxpayer which was
not expended in accordance with the provisions of law (applicable
to the year in which such conversion was made) determining the
taxable status of the gain or loss upon such conversion, and
increased in the amount of gain or decreased in the amount of
loss to the taxpayer recognized upon such conversion under the
law applicable to the year in which such conversion was made.

(10) WASH SALES OF STOCK.—If the property consists of stock
or securities the acquisition of which (or the contract or option to
acquire which) resulted in the nondeductibility (under section 118
of this Act or corresponding provisions of prior income tax laws,
relating to wash sales) of the loss from the sale or other disposition
of substantially identical stock or securities, then the basis shall
be the basis of the stock or securities so sold or disposed of,
increased or decreased, as the case may be, by the difference, if
any, between the price at which the property was acquired and the
price at which such substantially identical stock or securities were
sold or otherwise disposed of.
(11) Property acquired during affiliation.—In the case of property acquired by a corporation, during a period of affiliation, from a corporation with which it was affiliated, the basis of such property, after such period of affiliation, shall be determined, in accordance with regulations prescribed by the Commissioner with the approval of the Secretary, without regard to inter-company transactions in respect of which gain or loss was not recognized. For the purposes of this paragraph, the term “period of affiliation” means the period during which such corporations were affiliated (determined in accordance with the law applicable thereto) but does not include any taxable year beginning on or after January 1, 1922, unless a consolidated return was made, nor any taxable year after the taxable year 1928. The basis in case of property acquired by a corporation during any period, in the taxable year 1929 or any subsequent taxable year, in respect of which a consolidated return was made by such corporation under section 141 of this Act or the Revenue Act of 1928, shall be determined in accordance with regulations prescribed under section 141 (b) of this Act or the Revenue Act of 1928 or the Revenue Act of 1932 or the Revenue Act of 1934, shall be determined in accordance with regulations prescribed under section 141 (b) of this Act or the Revenue Act of 1928 or the Revenue Act of 1932 or the Revenue Act of 1934. The basis in the case of property held by a corporation during any period, in the taxable year 1929 or any subsequent taxable year, in respect of which a consolidated return is made by such corporation under section 141 of this Act or the Revenue Act of 1928 or the Revenue Act of 1932 or the Revenue Act of 1934, shall be adjusted in respect of any items relating to such period, in accordance with regulations prescribed under section 141 (b) of this Act or the Revenue Act of 1928 or the Revenue Act of 1932 or the Revenue Act of 1934, applicable to such period.

(12) Basis established by Revenue Act of 1932.—If the property was acquired, after February 28, 1913, in any taxable year beginning prior to January 1, 1934, and the basis thereof, for the purposes of the Revenue Act of 1932 was prescribed by section 113 (a)(6), (7), or (9) of such Act, then for the purposes of this Act the basis shall be the same as the basis therein prescribed in the Revenue Act of 1932.

(13) Partnerships.—If the property was acquired, after February 28, 1913, by a partnership and the basis is not otherwise determined under any of the paragraphs (1) to (12), inclusive, of this subsection, then the basis shall be the same as it would be in the hands of the transferor, increased in the amount of gain or decreased in the amount of loss recognized to the transferor upon such transfer under the law applicable to the year in which the transfer was made. If the property was distributed in kind by a partnership to any partner, the basis of such property in the hands of the partner shall be such part of the basis in his hands of his partnership interest as is properly allocable to such property.

(14) Property acquired before March 1, 1913.—In the case of property acquired before March 1, 1913, if the basis otherwise determined under this subsection, adjusted (for the period prior to March 1, 1913) as provided in subsection (b), is less than the fair market value of the property as of March 1, 1913, then the basis for determining gain shall be such fair market value. In determining the fair market value of stock in a corporation as of March 1, 1913, due regard shall be given to the fair market value of the assets of the corporation as of that date.

(15) Property received by a corporation on complete liquidation of another.—If the property was received by a corporation upon a distribution in complete liquidation of another corporation
within the meaning of section 112 (b) (6), then the basis shall be
the same as it would be in the hands of the transferor.

(16) Basis established by Revenue Act of 1934.—If the prop-
erty was acquired, after February 28, 1913, in any taxable year
beginning prior to January 1, 1936, and the basis thereof, for
the purposes of the Revenue Act of 1934 was prescribed by section
118 (a) (6), (7), or (8) of such Act, then for the purposes of this
Act the basis shall be the same as the basis therein prescribed in
the Revenue Act of 1934.

(b) Adjusted Basis.—The adjusted basis for determining the
gain or loss from the sale or other disposition of property, whenever
acquired, shall be the basis determined under subsection (a), adjusted
as hereinafter provided.

(1) General rule.—Proper adjustment in respect of the prop-
erty shall in all cases be made—

(A) for expenditures, receipts, losses, or other items, properly
chargeable to capital account, including taxes and other carry-
ing charges on unimproved and unproductive real property, but
no such adjustment shall be made for taxes or other carrying
charges for which deductions have been taken by the taxpayer
in determining net income for the taxable year or prior taxable
years;

(B) in respect of any period since February 28, 1913, for
exhaustion, wear and tear, obsolescence, amortization, and deple-
tion, to the extent allowed (but not less than the amount allow-
able) under this Act or prior income tax laws. Where for any
taxable year prior to the taxable year 1932 the depletion allow-
ance was based on discovery value or a percentage of income,
then the adjustment for depletion for such year shall be based
on the depletion which would have been allowable for such year
if computed without reference to discovery value or a percentage
of income;

(C) in respect of any period prior to March 1, 1913, for
exhaustion, wear and tear, obsolescence, amortization, and deple-
tion, to the extent sustained;

(D) in the case of stock (to the extent not provided for in
the foregoing subparagraphs) for the amount of distributions
previously made which, under the law applicable to the year in
which the distribution was made, either were tax-free or were
applicable in reduction of basis (not including distributions
made by a corporation, which was classified as a personal service
corporation under the provisions of the Revenue Act of 1918 or
1921, out of its earnings or profits which were taxable in accord-
ance with the provisions of section 218 of the Revenue Act of
1918 or 1921).

(2) Substituted basis.—The term "substituted basis" as used
in this subsection means a basis determined under any provision
of subsection (a) of this section or under any corresponding pro-
vision of a prior income tax law, providing that the basis shall be
determined—

(A) by reference to the basis in the hands of a transferor,
donor, or grantor, or

(B) by reference to other property held at any time by the
person for whom the basis is to be determined.

Whenever it appears that the basis of property in the hands of
the taxpayer is a substituted basis, then the adjustments provided
in paragraph (1) of this subsection shall be made after first mak-
ing in respect of such substituted basis proper adjustments of a
similar nature in respect of the period during which the property
was held by the transferor, donor, or grantor, or during which
the other property was held by the person for whom the basis
is to be determined. A similar rule shall be applied in the case
of a series of substituted bases.

SEC. 114. BASIS FOR DEPRECIATION AND DEPLETION.

(a) Basis for Depreciation.—The basis upon which exhaustion,
wear and tear, and obsolescence are to be allowed in respect of any
property shall be the adjusted basis provided in section 113 (b) for
the purpose of determining the gain upon the sale or other disposi-
tion of such property.

(b) Basis for Depreciation.

(1) General rule.—The basis upon which depreciation is to be
allowed in respect of any property shall be the adjusted basis
provided in section 113 (b) for the purpose of determining the
gain upon the sale or other disposition of such property, except
as provided in paragraphs (2), (3), and (4) of this subsection.

(2) Discovery value in case of mines.—In the case of mines
(other than metal, coal, or sulphur mines) discovered by the tax-
payer after February 28, 1913, the basis for depreciation shall be
the fair market value of the property at the date of discovery or
within thirty days thereafter, if such mines were not acquired
as the result of purchase of a proven tract or lease, and if the
fair market value of the property is materially disproportionate
to the cost. The depreciation allowance under section 23 (m) based
on discovery value provided in this paragraph shall not exceed 50
per centum of the net income of the taxpayer (computed without
allowance for depreciation) from the property upon which the dis-
covery was made, except that in no case shall the depreciation allow-
anse under section 23 (m) be less than it would be if computed
without reference to discovery value. Discoveries shall include
minerals in commercial quantities contained within a vein or
deposit discovered in an existing mine or mining tract by the
taxpayer after February 28, 1913, if the vein or deposit thus dis-
covered was not merely the uninterrupted extension of a continu-
ing commercial vein or deposit already known to exist, and if the
discovered minerals are of sufficient value and quantity that they
could be separately mined and marketed at a profit.

(3) Percentage Depletion for Oil and Gas Wells.—In the case
of oil and gas wells the allowance for depletion under section
23 (m) shall be 27 1/2 per centum of the gross income from the
property during the taxable year, excluding from such gross
income an amount equal to any rents or royalties paid or incurred
by the taxpayer in respect of the property. Such allowance shall
not exceed 50 per centum of the net income of the taxpayer (com-
puted without allowance for depletion) from the property, except
that in no case shall the depletion allowance under section 23 (m)
be less than it would be if computed without reference to this
paragraph.

(4) Percentage Depletion for Coal and Metal Mines and
Sulphur.—The allowance for depletion under section 23 (m) shall
be, in the case of coal mines, 5 per centum, in the case of metal
mines, 15 per centum, and, in the case of sulphur mines or depo-
sits, 23 per centum, of the gross income from the property during the
taxable year, excluding from such gross income an amount equal
to any rents or royalties paid or incurred by the taxpayer in respect
of the property. Such allowance shall not exceed 50 per centum
of the net income of the taxpayer (computed without allowance for
depreciation) from the property. A taxpayer making his first
return under this title in respect of a property shall state whether
he elects to have the depletion allowance for such property for the taxable year for which the return is made computed with or without regard to percentage depletion, and the depletion allowance in respect of such property for such year shall be computed according to the election thus made. If the taxpayer fails to make such statement in the return, the depletion allowance for such property for such year shall be computed without reference to percentage depletion. The method, determined as above, of computing the depletion allowance shall be applied in the case of the property for all taxable years in which it is in the hands of such taxpayer, or of any other person if the basis of the property (for determining gain) in his hands is, under section 113, determined by reference to the basis in the hands of such taxpayer, either directly or through one or more substituted bases, as defined in that section. The above right of election shall be subject to the qualification that this paragraph shall, for the purpose of determining whether the method of computing the depletion allowance follows the property, be considered a continuation of section 114 (b) (4) of the Revenue Act of 1934, and as giving no new election in cases where such section would, if applied, give no new election.

SEC. 115. DISTRIBUTIONS BY CORPORATIONS.

(a) Definition of Dividend.—The term "dividend" when used in this title (except in section 203 (a) (3) and section 207 (c) (1), relating to insurance companies) means any distribution made by a corporation to its shareholders, whether in money or in other property, (1) out of its earnings or profits accumulated after February 28, 1913, or (2) out of the earnings or profits of the taxable year (computed as of the close of the taxable year without diminution by reason of any distributions made during the taxable year), without regard to the amount of the earnings and profits at the time the distribution was made.

(b) Source of Distributions.—For the purposes of this Act every distribution is made out of earnings or profits to the extent thereof, and from the most recently accumulated earnings or profits. Any earnings or profits accumulated, or increase in value of property accrued, before March 1, 1913, may be distributed exempt from tax, after the earnings and profits accumulated after February 28, 1913, have been distributed, but any such tax-free distribution shall be applied against and reduce the adjusted basis of the stock provided in section 113.

(c) Distributions in Liquidation.—Amounts distributed in complete liquidation of a corporation shall be treated as in full payment in exchange for the stock, and amounts distributed in partial liquidation of a corporation shall be treated as in part or full payment in exchange for the stock. The gain or loss to the distributee resulting from such exchange shall be determined under section 111, but shall be recognized only to the extent provided in section 112. Despite the provisions of section 117 (a), 100 per centum of the gain so recognized shall be taken into account in computing net income, except in the case of amounts distributed in complete liquidation of a corporation. For the purpose of the preceding sentence, "complete liquidation" includes any one of a series of distributions made by a corporation in complete cancellation or redemption of all of its stock in accordance with a bona fide plan of liquidation and under which the transfer of the property under the liquidation is to be completed within a time specified in the plan, not exceeding two years from the close of the taxable year during which is made the

Amounts distributed (whether before January 1, 1934, or on or after such date) in partial liquidation (other than a distribution within the provisions of subsection (b) of this section of stock or securities in connection with a reorganization) the part of such distribution which is properly chargeable to capital account shall not be considered a distribution of earnings or profits.

(d) Other Distributions from Capital.—If any distribution (not in partial or complete liquidation) made by a corporation to its shareholders is not out of increase in value of property accrued before March 1, 1913, and is not a dividend, then the amount of such distribution shall be applied against and reduce the adjusted basis of the stock provided in section 113, and if in excess of such basis, such excess shall be taxable in the same manner as a gain from the sale or exchange of property.

(e) Distributions by Personal Service Corporations.—Any distribution made by a corporation, which was classified as a personal service corporation under the provisions of the Revenue Act of 1918 or the Revenue Act of 1921, out of its earnings or profits which were taxable in accordance with the provisions of section 218 of the Revenue Act of 1918 or section 218 of the Revenue Act of 1921, shall be exempt from tax to the distributees.

(f) Stock Dividends.—

(1) General Rule.—A distribution made by a corporation to its shareholders in its stock or in rights to acquire its stock shall not be treated as a dividend to the extent that it does not constitute income to the shareholder within the meaning of the Sixteenth Amendment to the Constitution.

(2) Election of Shareholders as to Medium of Payment.—Whenever a distribution by a corporation is, at the election of any of the shareholders (whether exercised before or after the declaration thereof), payable either (A) in its stock or in rights to acquire its stock, of a class which if distributed without election would be exempt from tax under paragraph (1), or (B) in money or any other property (including its stock or in rights to acquire its stock, of a class which if distributed without election would not be exempt from tax under paragraph (1)), then the distribution shall constitute a taxable dividend in the hands of all shareholders, regardless of the medium in which paid.

(g) Redemption of Stock.—If a corporation cancels or redeems its stock (whether or not such stock was issued as a stock dividend) at such time and in such manner as to make the distribution and cancellation or redemption in whole or in part essentially equivalent to the distribution of a taxable dividend, the amount so distributed in redemption or cancellation of the stock, to the extent that it represents a distribution of earnings or profits accumulated after February 28, 1913, shall be treated as a taxable dividend.

(h) Effect on Earnings and Profits of Distributions of Stock.—The distribution (whether before January 1, 1936, or on or after such date) to a distributee by or on behalf of a corporation of its stock or securities or stock or securities in another corporation shall not be considered a distribution of earnings or profits of any corporation.—

(1) if no gain to such distributee from the receipt of such stock or securities was recognized by law, or;

(2) if the distribution was not subject to tax in the hands of such distributee because it did not constitute income to him within the meaning of the Sixteenth Amendment to the Constitution or
because exempt to him under section 115 (f) of the Revenue Act of 1934 or a corresponding provision of a prior Revenue Act. As used in this subsection the term “stock or securities” includes rights to acquire stock or securities.

(i) Definition of Partial Liquidation.—As used in this section the term “amounts distributed in partial liquidation” means a distribution by a corporation in complete cancellation or redemption of a part of its stock, or one of a series of distributions in complete cancellation or redemption of all or a portion of its stock.

(j) Valuation of Dividend.—If the whole or any part of a dividend is paid to a shareholder in any medium other than money the property received other than money shall be included in gross income at its fair market value at the time as of which it becomes income to the shareholder.

trade or business.

property however acquired there shall be included the period for
which such property was held by any other person, if under the

[Supplementary to Subtitle B, Part III]

SEC. 131. TAXES OF FOREIGN COUNTRIES AND POSSESSIONS OF UNITED STATES.

(2) RESIDENT OF UNITED STATES.—In the case of a resident of the United States, the amount of any such taxes paid or accrued during the taxable year to any possession of the United States; and

(3) ALIEN RESIDENT OF UNITED STATES.—In the case of an alien resident of the United States, the amount of any such taxes paid or accrued during the taxable year to any foreign country, if the foreign country of which such alien resident is a citizen or subject, in imposing such taxes, allows a similar credit to citizens of the United States residing in such country; and

(4) PARTNERSHIPS AND ESTATES.—In the case of any such individual who is a member of a partnership or a beneficiary of an estate or trust, his proportionate share of such taxes of the partnership or the estate or trust paid or accrued during the taxable year to a foreign country or to any possession of the United States, as the case may be.

(b) LIMIT ON CREDIT.—The amount of the credit taken under this section shall be subject to each of the following limitations:

(1) The amount of the credit in respect of the tax paid or accrued to any country shall not exceed the same proportion of the tax against which such credit is taken, which the taxpayer's net income from sources within such country bears to his entire net income for the same taxable year; and

In the case of such a tax accrued but not paid, the Commissioner as a condition precedent to the allowance of this credit may require the taxpayer to give a bond with sureties satisfactory to and to be approved by the Commissioner in such sum as the Commissioner may require, conditioned upon the payment by the taxpayer of any amount of tax found due upon any such redetermination; and the bond herein prescribed shall contain such further conditions as the Commissioner may require.

(d) Year in Which Credit Taken.—The credits provided for in this section may, at the option of the taxpayer and irrespective of the method of accounting employed in keeping his books, be taken in the year in which the taxes of the foreign country or the possession of the United States accrued, subject, however, to the conditions prescribed in subsection (c) of this section. If the taxpayer elects to take such credits in the year in which the taxes of the foreign country or the possession of the United States accrued, the credits for all subsequent years shall be taken upon the same basis, and no portion of any such taxes shall be allowed as a deduction in the same or any succeeding year.

(e) Proof of Credits.—The credits provided in this section shall be allowed only if the taxpayer establishes to the satisfaction of the Commissioner: (1) the total amount of income derived from sources without the United States, determined as provided in section 119, (2) the amount of income derived from each country, the tax paid or accrued to which is claimed as a credit under this section, such amount to be determined under rules and regulations prescribed by the Commissioner with the approval of the Secretary, and (3) all other information necessary for the verification and computation of such credits.

(f) Taxes of Foreign Subsidiary.—For the purposes of this section a domestic corporation which owns a majority of the voting stock of a foreign corporation from which it receives dividends in any taxable year shall be deemed to have paid the same proportion of any income, war-profits, or excess-profits taxes paid by such foreign corporation to any foreign country or to any possession of the United States, upon or with respect to the accumulated profits of such foreign corporation from which such dividends were paid, which the amount of such dividends bears to the amount of such accumulated profits: Provided, That the amount of tax deemed to have been paid under this subsection shall in no case exceed the same proportion of the tax against which credit is taken which the amount of such dividends bears to the amount of the entire net income of the domestic corporation in which such dividends are included. The term "accumulated profits" when used in this subsection in reference to a foreign corporation, means the amount of its gains, profits, or income in excess of the income, war-profits, and excess-profits taxes imposed upon or with respect to such profits or income; and the Commissioner with the approval of the Secretary shall have full power to determine from the accumulated profits of what year or years such dividends were paid; treating dividends paid in the first sixty days of any year as having been paid from
the accumulated profits of the preceding year or years (unless to his satisfaction shown otherwise), and in other respects treating dividends as having been paid from the most recently accumulated gains, profits, or earnings. In the case of a foreign corporation, the income, war-profits, and excess-profits taxes of which are determined on the basis of an accounting period of less than one year, the word “year” as used in this subsection shall be construed to mean such accounting period.

(g) CORPORATIONS TREATED AS FOREIGN.—For the purposes of this section the following corporations shall be treated as foreign corporations:

(1) A corporation entitled to the benefits of section 251, by reason of receiving a large percentage of its gross income from sources within a possession of the United States;

Supplement D.—Returns and Payment of Tax

[Supplementary to Subtitle B, Part VI]

SEC. 141. CONSOLIDATED RETURNS OF RAILROAD CORPORATIONS.

(a) PRIVILEGE TO FILE CONSOLIDATED RETURNS.—An affiliated group of corporations shall, subject to the provisions of this section, have the privilege of making a consolidated return for the taxable year in lieu of separate returns. The making of a consolidated return shall be upon the condition that all the corporations which have been members of the affiliated group at any time during the taxable year for which the return is made consent to all the regulations under subsection (b) (or, in case such regulations are not prescribed prior to the making of the return, then the regulations prescribed under section 141(b) of the Revenue Act of 1934 insofar as not inconsistent with this Act) prescribed prior to the making of such return; and the making of a consolidated return shall be considered as such consent. In the case of a corporation which is a member of the affiliated group for a fractional part of the year the consolidated return shall include the income of such corporation for such part of the year as it is a member of the affiliated group.

(b) REGULATIONS.—The Commissioner, with the approval of the Secretary, shall prescribe such regulations as he may deem necessary in order that the tax liability of any affiliated group of corporations making a consolidated return and of each corporation in the group, both during and after the period of affiliation, may be determined, computed, assessed, collected, and adjusted in such manner as clearly to reflect the income and to prevent avoidance of tax liability.

(c) COMPUTATION AND PAYMENT OF TAX.—In any case in which a consolidated return is made the tax shall be determined, computed, assessed, collected, and adjusted in accordance with the regulations prescribed under subsection (b) (or, in case such regulations are not prescribed prior to the making of the return, then the regulations prescribed under section 141(b) of the Revenue Act of 1934 insofar as not inconsistent with this Act) prescribed prior to the date on which such return is made.

(d) DEFINITION OF "AFFILIATED GROUP".—As used in this section an “affiliated group” means one or more chains of corporations connected through stock ownership with a common parent corporation if—

(1) At least 95 per centum of the stock of each of the corporations (except the common parent corporation) is owned directly by one or more of the other corporations; and
(2) The common parent corporation owns directly at least 95 per centum of the stock of at least one of the other corporations; and

(3) Each of the corporations is either (A) a corporation whose principal business is that of a common carrier by railroad or (B) a corporation the assets of which consist principally of stock in such corporations and which does not itself operate a business other than that of a common carrier by railroad. For the purpose of determining whether the principal business of a corporation is that of a common carrier by railroad, if a common carrier by railroad has leased its railroad properties and such properties are operated as such by another common carrier by railroad, the business of receiving rents for such railroad properties shall be considered as the business of a common carrier by railroad. As used in this paragraph, the term "railroad" includes a street, suburban, or interurban electric railway.

As used in this subsection (except in paragraph (3)) the term "stock" does not include nonvoting stock which is limited and preferred as to dividends.

(i) SUSPENSION OF RUNNING OF STATUTE OF LIMITATIONS.—If a notice under section 272 (a) in respect of a deficiency for any taxable year is mailed to a corporation, the suspension of the running of the statute of limitations, provided in section 277, shall apply in the case of corporations with which such corporation made a consolidated return for such taxable year.

(j) RECEIVERSHIP CASES.—If the common parent corporation of an affiliated group making a consolidated return would, if filing a separate return, be exempt under section 14 (d) (2) from the surtax on undistributed profits imposed by section 14, the affiliated group shall be exempt from such surtax imposed by section 14. In all other cases the affiliated group making a consolidated return shall be subject to the surtax imposed by section 14, regardless of the fact that one or more of the corporations in the group are in bankruptcy or in receivership.

(k) ALLOCATION OF INCOME AND DEDUCTIONS.—For allocation of income and deductions of related trades or businesses, see section 48.

Such fiduciary shall make oath (1) that he has sufficient knowledge of the affairs of the individual, estate, or trust for which the return is made, to enable him to make the return, and (2) that the return is, to the best of his knowledge and belief, true and correct.

(c) Law Applicable to Fiduciaries.—Any fiduciary required to make a return under this title shall be subject to all the provisions of law which apply to individuals.

(f) **REFUNDS AND CREDITS.**—Where there has been an overpayment of tax under this section any refund or credit made under the provisions of section 322 shall be made to the withholding agent unless the amount of such tax was actually withheld by the withholding agent.

Supplement K—China Trade Act Corporations

SEC. 261. TAXATION IN GENERAL.

In the case of a corporation organized under the China Trade Act, 1922, the normal tax imposed by section 13 shall be at the rate of 15 per cent instead of at the rates provided in such section, and such a corporation shall not be subject to the surtax imposed by section 14.

(b) SPECIAL DIVIDEND.—Such credit shall not be allowed unless the Secretary of Commerce has certified to the Commissioner—

(1) The amount which, during the year ending on the date fixed by law for filing the return, the corporation has distributed as a special dividend to or for the benefit of such persons as on the last day of the taxable year were resident in China, the United States, or possessions of the United States, or were individual citizens of the United States or China, and owned shares of stock of the corporation;

(2) That such special dividend was in addition to all other amounts, payable or to be payable to such persons or for their benefit, by reason of their interest in the corporation; and

(3) That such distribution has been made to or for the benefit of such persons in proportion to the par value of the shares of stock of the corporation owned by each; except that if the corporation has more than one class of stock, the certificates shall contain a statement that the articles of incorporation provide a
method for the apportionment of such special dividend among such persons, and that the amount certified has been distributed in accordance with the method so provided.

(c) **Ownership of Stock.**—For the purposes of this section shares of stock of a corporation shall be considered to be owned by the person in whom the equitable right to the income from such shares is in good faith vested.

**Supplement L—Assessment and Collection of Deficiencies**

**SEC. 271. DEFINITION OF DEFICIENCY.**

As used in this title in respect of a tax imposed by this title "deficiency" means—

(a) The amount by which the tax imposed by this title exceeds the amount shown as the tax by the taxpayer upon his return; but the amount so shown on the return shall first be increased by the amounts previously assessed (or collected without assessment) as a deficiency, and decreased by the amounts previously abated, credited, refunded, or otherwise repaid in respect of such tax; or

(b) If no amount is shown as the tax by the taxpayer upon his return, or if no return is made by the taxpayer, then the amount by which the tax exceeds the amounts previously assessed (or collected without assessment) as a deficiency; but such amounts previously assessed, or collected without assessment, shall first be decreased by the amounts previously abated, credited, refunded, or otherwise repaid in respect of such tax.

**SEC. 272. PROCEDURE IN GENERAL.**

(a) **Petition to Board of Tax Appeals.**—If in the case of any taxpayer, the Commissioner determines that there is a deficiency in respect of the tax imposed by this title, the Commissioner is authorized to send notice of such deficiency to the taxpayer by registered mail. Within ninety days after such notice is mailed (not counting Sunday or a legal holiday in the District of Columbia as the ninetieth day), the taxpayer may file a petition with the Board of Tax Appeals for a redetermination of the deficiency. No assessment of a deficiency in respect of the tax imposed by this title and no distraint or proceeding in court for its collection shall be made, begun, or prosecuted until such notice has been mailed to the taxpayer, nor until the expiration of such ninety-day period, nor, if a petition has been filed with the Board, until the decision of the Board has

become final. Notwithstanding the provisions of section 3224 of the Revised Statutes the making of such assessment or the beginning of such proceeding or distraint during the time such prohibition is in force may be enjoined by a proceeding in the proper court.

For exceptions to the restrictions imposed by this subsection, see—
(1) Subsection (d) of this section, relating to waivers by the taxpayer;
(2) Subsection (f) of this section, relating to notifications of mathematical errors appearing upon the face of the return;
(3) Section 273, relating to jeopardy assessments;
(4) Section 274, relating to bankruptcy and receiverships; and
(5) Section 1001 of the Revenue Act of 1926, as amended, relating to assessment or collection of the amount of the deficiency determined by the Board pending court review.

(b) COLLECTION OF DEFICIENCY FOUND BY BOARD.—If the taxpayer files a petition with the Board, the entire amount redetermined as the deficiency by the decision of the Board which has become final shall be assessed and shall be paid upon notice and demand from the collector. No part of the amount determined as a deficiency by the Commissioner but disallowed as such by the decision of the Board which has become final shall be assessed or be collected by distraint or by proceeding in court with or without assessment.

(c) FAILURE TO FILE PETITION.—If the taxpayer does not file a petition with the Board within the time prescribed in subsection (a) of this section, the deficiency, notice of which has been mailed to the taxpayer, shall be assessed, and shall be paid upon notice and demand from the collector.

(d) WAIVER OF RESTRICTIONS.—The taxpayer shall at any time have the right, by a signed notice in writing filed with the Commissioner, to waive the restrictions provided in subsection (a) of this section on the assessment and collection of the whole or any part of the deficiency.

(e) INCREASE OF DEFICIENCY AFTER NOTICE Mailed.—The Board shall have jurisdiction to redetermine the correct amount of the deficiency even if the amount so redetermined is greater than the amount of the deficiency, notice of which has been mailed to the taxpayer, and to determine whether any penalty, additional amount or addition to the tax should be assessed—if claim therefor is asserted by the Commissioner at or before the hearing or a rehearing.

(f) FURTHER DEFICIENCY LETTERS RESTRICTED.—If the Commissioner has mailed to the taxpayer notice of a deficiency as provided in subsection (a) of this section, and the taxpayer files a petition with the Board within the time prescribed in such subsection, the Commissioner shall have no right to determine any additional deficiency in respect of the same taxable year, except in the case of fraud, and except as provided in subsection (e) of this section, relating to assertion of greater deficiencies before the Board, or in section 273 (c), relating to the making of jeopardy assessments. If the taxpayer is notified that, on account of a mathematical error appearing upon the face of the return, an amount of tax in excess of that shown upon the return is due, and that an assessment of the tax has been or will be made on the basis of what would have been the correct amount of tax but for the mathematical error, such notice shall not be considered (for the purposes of this subsection, or of subsection (a) of this section, prohibiting assessment and collection until notice of deficiency has been mailed, or of section 322 (c), prohibiting credits or refunds after petition to the Board of Tax Appeals) as a notice of a deficiency, and the taxpayer shall have no right to file a petition with the Board based on such notice, nor shall such assess-
ment or collection be prohibited by the provisions of subsection (a) of this section.

(g) Jurisdiction Over Other Taxable Years.—The Board in redetermining a deficiency in respect of any taxable year shall consider such facts with relation to the taxes for other taxable years as may be necessary correctly to redetermine the amount of such deficiency, but in so doing shall have no jurisdiction to determine whether or not the tax for any other taxable year has been overpaid or underpaid.

(h) Final Decisions of Board.—For the purposes of this title the date on which a decision of the Board becomes final shall be determined according to the provisions of section 1005 of the Revenue Act of 1926.

(i) Prorating of Deficiency to Installments.—If the taxpayer has elected to pay the tax in installments and a deficiency has been assessed, the deficiency shall be prorated to the four installments. Except as provided in section 273 (relating to jeopardy assessments), that part of the deficiency so prorated to any installment the date for payment of which has not arrived, shall be collected at the same time as and as part of such installment. That part of the deficiency so prorated to any installment the date for payment of which has arrived, shall be paid upon notice and demand from the collector.

(j) Extension of Time for Payment of Deficiencies.—Where it is shown to the satisfaction of the Commissioner that the payment of a deficiency upon the date prescribed for the payment thereof will result in undue hardship to the taxpayer the Commissioner, with the approval of the Secretary (except where the deficiency is due to negligence, to intentional disregard of rules and regulations, or to fraud with intent to evade tax), may grant an extension for the payment of such deficiency or any part thereof for a period not in excess of eighteen months, and, in exceptional cases, for a further period not in excess of twelve months. If an extension is granted, the Commissioner may require the taxpayer to furnish a bond in such amount, not exceeding double the amount of the deficiency, and with such sureties, as the Commissioner deems necessary, conditioned upon the payment of the deficiency in accordance with the terms of the extension.

(k) Address for Notice of Deficiency.—In the absence of notice to the Commissioner under section 312 (a) of the existence of a fiduciary relationship, notice of a deficiency in respect of a tax imposed by this title, if mailed to the taxpayer at his last known address, shall be sufficient for the purposes of this title even if such taxpayer is deceased, or is under a legal disability, or, in the case of a corporation, has terminated its existence.

SEC. 273. JEOPARDY ASSESSMENTS.

(a) Authority for Making.—If the Commissioner believes that the assessment or collection of a deficiency will be jeopardized by delay, he shall immediately assess such deficiency (together with all interest, additional amounts, or additions to the tax provided for by law) and notice and demand shall be made by the collector for the payment thereof.

(b) Deficiency Letters.—If the jeopardy assessment is made before any notice in respect of the tax to which the jeopardy assessment relates has been mailed under section 272 (a), then the Commissioner shall mail a notice under such subsection within sixty days after the making of the assessment.
Amount assessable before Board's decision.

(c) AMOUNT ASSESSABLE BEFORE DECISION OF BOARD.—The jeopardy assessment may be made in respect of a deficiency greater or less than that notice of which has been mailed to the taxpayer, despite the provisions of section 272 (f) prohibiting the determination of additional deficiencies, and whether or not the taxpayer has theretofore filed a petition with the Board of Tax Appeals. The Commissioner shall notify the Board of the amount of such assessment, if the petition is filed with the Board before the making of the assessment or is subsequently filed, and the Board shall have jurisdiction to redetermine the entire amount of the deficiency and of all amounts assessed at the same time in connection therewith.

(d) AMOUNT ASSESSABLE AFTER DECISION OF BOARD.—If the jeopardy assessment is made after the decision of the Board is rendered such assessment may be made only in respect of the deficiency determined by the Board in its decision.

Expiration of right to assess.

(f) BOND TO STAY COLLECTION.—When a jeopardy assessment has been made the taxpayer, within 10 days after notice and demand from the collector for the payment of the amount of the assessment, may obtain a stay of collection of the whole or any part of the amount of the assessment by filing with the collector a bond in such amount, not exceeding double the amount as to which the stay is desired, and with such sureties, as the collector deems necessary, conditioned upon the payment of so much of the amount, the collection of which is stayed by the bond, as is not abated by a decision of the Board which has become final, together with interest thereon as provided in section 297.

Further conditions, if bond given before filing petition.

(g) SAME—FURTHER CONDITIONS.—If the bond is given before the taxpayer has filed his petition with the Board under section 272 (a), the bond shall contain a further condition that if a petition is not filed within the period provided in such subsection, then the amount the collection of which is stayed by the bond will be paid on notice and demand at any time after the expiration of such period, together with interest thereon at the rate of 6 per centum per annum from the date of the jeopardy notice and demand to the date of notice and demand under this subsection.

Stay of collection of part covered by bond.

(h) WAIVER OF STAY.—Upon the filing of the bond the collection of so much of the amount assessed as is covered by the bond shall be stayed. The taxpayer shall have the right to waive such stay at any time in respect of the whole or any part of the amount covered by the bond, and if as a result of such waiver any part of the amount covered by the bond is paid, then the bond shall, at the request of the taxpayer, be proportionately reduced. If the Board determines that the amount assessed is greater than the amount which should have been assessed, then when the decision of the Board is rendered the bond shall, at the request of the taxpayer, be proportionately reduced.

Collection of unpaid amounts when decision of Board final.

(i) COLLECTION OF UNPAID AMOUNTS.—When the petition has been filed with the Board and when the amount which should have been assessed has been determined by a decision of the Board which has become final, then any unpaid portion, the collection of which has been stayed by the bond, shall be collected as part of the tax upon notice and demand from the collector, and any remaining portion of the assessment shall be abated. If the amount already collected exceeds the amount determined as the amount which should have been assessed, such excess shall be credited or refunded to the
taxpayer as provided in section 322, without the filing of claim therefor. If the amount determined as the amount which should have been assessed is greater than the amount actually assessed, then the difference shall be assessed and shall be collected as part of the tax upon notice and demand from the collector.

(j) Claims in Abatement.—No claim in abatement shall be filed in respect of any assessment in respect of any tax imposed by this title.

SEC. 274. BANKRUPTCY AND RECEIVERSHIPS.

(a) Immediate Assessment.—Upon the adjudication of bankruptcy of any taxpayer in any bankruptcy proceeding or the appointment of a receiver for any taxpayer in any receivership proceeding before any court of the United States or of any State or Territory or of the District of Columbia, any deficiency (together with all interest, additional amounts, or additions to the tax provided for by law) determined by the Commissioner in respect of a tax imposed by this title upon such taxpayer shall, despite the restrictions imposed by section 272 (a) upon assessments be immediately assessed if such deficiency has not theretofore been assessed in accordance with law. In such cases the trustee in bankruptcy or receiver shall give notice in writing to the Commissioner of the adjudication of bankruptcy or the appointment of the receiver, and the running of the statute of limitations on the making of assessments shall be suspended for the period from the date of adjudication in bankruptcy or the appointment of the receiver to a date 30 days after the date upon which the notice from the trustee or receiver is received by the Commissioner; but the suspension under this sentence shall in no case be for a period in excess of two years. Claims for the deficiency and such interest, additional amounts and additions to the tax may be presented, for adjudication in accordance with law, to the court before which the bankruptcy or receivership proceeding is pending, despite the pendency of proceedings for the redetermination of the deficiency in pursuance of a petition to the Board; but no petition for any such redetermination shall be filed with the Board after the adjudication of bankruptcy or the appointment of the receiver.

(b) Unpaid Claims.—Any portion of the claim allowed in such bankruptcy or receivership proceeding which is unpaid shall be paid by the taxpayer upon notice and demand from the collector after the termination of such proceeding, and may be collected by distraint or proceeding in court within six years after termination of such proceeding. Extensions of time for such payment may be had in the same manner and subject to the same provisions and limitations as are provided in section 272 (j) and section 296 in the case of a deficiency in a tax imposed by this title.

SEC. 275. PERIOD OF LIMITATION UPON ASSESSMENT AND COLLECTION.

Corporations.

Sec. 276. SAME—EXCEPTIONS.

(4) For the purposes of subsections (a), (b), and (c), a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day.

(e) CORPORATION AND SHAREHOLDER.—If a corporation makes no return of the tax imposed by this title, but each of the shareholders includes in his return his distributive share of the net income of the corporation, then the tax of the corporation shall be assessed within four years after the last date on which any such shareholder's return was filed.

SEC. 277. SUSPENSION OF RUNNING OF STATUTE.

The running of the statute of limitations provided in section 275 or 276 on the making of assessments and the beginning of distraint or a proceeding in court for collection, in respect of any deficiency, shall (after the mailing of a notice under section 272 (a)) be suspended for the period during which the Commissioner is prohibited from making the assessment or beginning distraint or a proceeding in court (and in any event, if a proceeding in respect of the deficiency is placed on the docket of the Board, until the decision of the Board becomes final), and for sixty days thereafter.
Supplement M—Interest and Additions to the Tax

SEC. 291. FAILURE TO FILE RETURN.

In case of any failure to make and file return required by this title, within the time prescribed by law or prescribed by the Commissioner in pursuance of law, unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there shall be added to the tax: 5 per centum if the failure is for not more than thirty days with an additional 5 per centum for each additional thirty days or fraction thereof during which such failure continues, not exceeding 25 per centum in the aggregate. The amount so added to any tax shall be collected at the same time and in the same manner and as a part of the tax unless the tax has been paid before the discovery of the neglect, in which case the amount so added shall be collected in the same manner as the tax. The amount added to the tax under this section shall be in lieu of the 25 per centum addition to the tax provided in section 3176 of the Revised Statutes, as amended.

(b) FRAUD.—If any part of any deficiency is due to fraud with intent to evade tax, then 50 per centum of the total amount of the deficiency (in addition to such deficiency) shall be so assessed, collected, and paid, in lieu of the 50 per centum addition to the tax provided in section 3176 of the Revised Statutes, as amended.

if any. If the amount already paid, whether or not on the basis of installments, exceeds the amount determined to be the correct amount of the tax, the overpayment shall be credited or refunded as provided in section 322.

SEC. 322. REFUNDS AND CREDITS.

(a) AUTHORIZATION.—Where there has been an overpayment of any tax imposed by this title, the amount of such overpayment shall be credited against any income, war-profits, or excess-profits tax or installment thereof then due from the taxpayer, and any balance shall be refunded immediately to the taxpayer.

(b) LIMITATION ON ALLOWANCE.—

(1) PERIOD OF LIMITATION.—Unless a claim for credit or refund is filed by the taxpayer within three years from the time the return was filed by the taxpayer or within two years from the time the tax was paid, no credit or refund shall be allowed or made after the expiration of whichever of such periods expires the later. If no return is filed by the taxpayer, then no credit or refund shall be allowed or made after two years from the time the tax was paid, unless before the expiration of such period a claim therefor is filed by the taxpayer.

(2) LIMIT ON AMOUNT OF CREDIT OR REFUND.—The amount of the credit or refund shall not exceed the portion of the tax paid during the three years immediately preceding the filing of the claim, or, if no claim was filed, then during the three years immediately preceding the allowance of the credit or refund.

(c) EFFECT OF PETITION TO BOARD.—If the Commissioner has mailed to the taxpayer a notice of deficiency under section 272 (a) and if the taxpayer files a petition with the Board of Tax Appeals within the time prescribed in such subsection, no credit or refund in respect of the tax for the taxable year in respect of which the Commissioner has determined the deficiency shall be allowed or made and no suit by the taxpayer for the recovery of any part of such tax shall be instituted in any court except—

(1) As to overpayments determined by a decision of the Board which has become final; and

(2) As to any amount collected in excess of an amount computed in accordance with the decision of the Board which has become final; and

(3) As to any amount collected after the period of limitation upon the beginning of distraint or a proceeding in court for collection has expired; but in any such claim for credit or refund or in any such suit for refund the decision of the Board which has become final as to whether such period has expired before the notice of deficiency was mailed, shall be conclusive.

(d) OVERPAYMENT FOUND BY BOARD.—If the Board finds that there is no deficiency and further finds that the taxpayer has made an overpayment of tax in respect of the taxable year in respect of which the Commissioner determined the deficiency, the Board shall have jurisdiction to determine the amount of such overpayment, and such amount shall, when the decision of the Board has become final, be credited or refunded to the taxpayer. No such credit or refund shall be made of any portion of the tax unless the Board determines as part of its decision that it was paid within three years before the filing of the claim or the filing of the petition, whichever is earlier.

(e) TAX WITHHELD AT SOURCE.—For refund or credit in case of excessive withholding at the source, see section 143 (f).
SEC. 331. SURTAX ON PERSONAL HOLDING COMPANIES.

(a) Imposition of Tax.—There shall be levied, collected, and paid, for each taxable year (in addition to the taxes imposed by Title I), upon the undistributed adjusted net income of every personal holding company a surtax equal to the sum of the following:

1. 8 per centum of the amount thereof not in excess of $2,000; plus
2. 18 per centum of the amount thereof in excess of $2,000 and not in excess of $100,000; plus
3. 28 per centum of the amount thereof in excess of $100,000 and not in excess of $500,000; plus
4. 38 per centum of the amount thereof in excess of $500,000 and not in excess of $1,000,000; plus
5. 48 per centum of the amount thereof in excess of $1,000,000.

(b) Definitions.—As used in this title—

1. The term "personal holding company" means any corporation (other than a corporation exempt from taxation under section 101, and other than a bank, as defined in section 104, and other than a life-insurance company or surety company) if—(A) at least 80 per centum of its gross income for the taxable year is derived from royalties, dividends, interest, annuities, and (except in the case of regular dealers in stock or securities) gains from the sale of stock or securities, and (B) at any time during the last half of the taxable year more than 50 per centum in value of its outstanding stock is owned, directly or indirectly, by or for not more than five individuals. For the purpose of determining the ownership of stock in a personal holding company—(C) stock owned, directly or indirectly, by a corporation, partnership, estate, or trust shall be considered as being owned proportionately by its shareholders, partners, or beneficiaries; (D) an individual shall be considered as owning, to the exclusion of any other individual, the stock owned, directly or indirectly, by his family, and this rule shall be applied in such manner as to produce the smallest possible number of individuals owning, directly or indirectly, more than 50 per centum in value of the outstanding stock; and (E) the family of an individual shall include only his brothers and sisters (whether by the whole or half blood), spouse, ancestors, and lineal descendants.

2. The term "undistributed adjusted net income" means the adjusted net income minus the sum of:

(A) 20 per centum of the excess of the adjusted net income over the amount of dividends received from personal holding companies which are allowable as a credit for the purposes of the tax imposed by section 13 or 204;

(B) Amounts used or set aside to retire indebtedness incurred prior to January 1, 1934, if such amounts are reasonable with reference to the size and terms of such indebtedness; and

(C) The amount of the dividends paid credit provided in section 27, computed without the benefit of subsection (b) thereof (relating to the dividend carry-over).

3. The term "adjusted net income" means the net income minus the sum of:

(A) Federal income, war-profits, and excess-profits taxes paid or accrued during the taxable year to the extent not allowed as a deduction by section 23, but not including the tax imposed by this section or a corresponding section of a prior income-tax law;
(B) Contributions or gifts, not otherwise allowed as a deduction, to or for the use of donees described in section 23 (a) for the purposes therein specified, including, in the case of a corporation organized prior to January 1, 1936, to take over the assets and liabilities of the estate of a decedent, amounts paid in liquidation of any liability of the corporation based on the liability of the decedent to make any such contribution or gift, to the extent such liability of the decedent existed prior to January 1, 1934; and

(C) Losses from sales or exchanges of capital assets which are disallowed as a deduction by section 117 (d).

(4) The terms used in this section shall have the same meaning as when used in Title I.

(c) ADMINISTRATIVE PROVISIONS.—All provisions of law (including penalties) applicable in respect of the taxes imposed by Title I of this Act, shall insofar as not inconsistent with this section, be applicable in respect of the tax imposed by this section, except that the provisions of section 131 of that title shall not be applicable.

(d) PAYMENT OF SURTAX ON PRO RATA SHARES.—The tax imposed by this section shall not apply if (1) all the shareholders of the corporation include (at the time of filing their returns) in their gross income their entire pro rata shares, whether distributed or not, of the adjusted net income of the corporation for such year, and (2) 90 per centum or more of such adjusted net income is so included in the gross income of shareholders other than corporations. Any amount so included in the gross income of a shareholder shall be treated as a dividend received. Any subsequent distribution made by the corporation out of earnings or profits for such taxable year shall, if distributed to any shareholder who has so included in his gross income his pro rata share, be exempt from tax in the amount of the share so included.

(e) IMPROPER ACCUMULATION OF SURPLUS.—For surtax on corporations which accumulate surplus to avoid surtax on stockholders, see section 102.

Title III—Tax on Unjust Enrichment.

Tax on net income from certain sources.

(1) A tax equal to 80 per centum of that portion of the net income from the sale of articles with respect to which a Federal excise tax was imposed on such person but not paid, which is attributable to shifting to others to any extent the burden of such Federal excise tax and which does not exceed such person's net income for the entire taxable year from the sale of articles with respect to which such Federal excise tax was imposed.

(2) A tax equal to 80 per centum of the net income from reimbursement received by such person from his vendors of amounts representing Federal excise-tax burdens included in prices paid by such person to such vendors, to the extent that such net income does not exceed the amount of such Federal excise-tax burden which such person in turn shifted to his vendees.

(3) A tax equal to 80 per centum of the net income from refunds or credits to such person from the United States of Federal excise taxes erroneously or illegally collected with respect to any articles, to the extent that such net income does not exceed the amount of the burden of such Federal excise taxes with respect to such articles which such person shifted to others.

(b) The net income (specified in subsection (a) (1)) from the sale of articles with respect to which the Federal excise tax was not paid, and the net income specified in subsection (a) (2) or (3), shall not include the net income from the sale of any article, from reimbursement with respect to any article, or from refund or credit of Federal excise tax with respect to any article (1) if such article (or the articles processed therefrom) were not sold by the taxpayer on or before the date of the termination of the Federal excise tax; (2) if the taxpayer made a tax adjustment with respect to such article (or the articles processed therefrom) with his vendee; or (3) if under the terms of any statute the taxpayer would have been entitled to a refund from the United States of the Federal excise tax with respect to the article otherwise than as an erroneous or illegal collection (assuming, in case the tax was not paid, that it had been paid).

(c) The net income from the sales specified in subsection (a) (1) shall be computed as follows:

(1) From the gross income from such sales there shall be deducted the allocable portion of the deductions from gross income for the taxable year which are allowable under the applicable Revenue Act; or

(2) If the taxpayer so elects by filing his return on such basis, the total net income for the taxable year from the sale of all articles with respect to which each Federal excise tax was imposed (computed by deducting from the gross income from such sales the allocable portion of the deductions from gross income which are allowable under the applicable Revenue Act, but without
deduction of the amount of such Federal excise tax which was
paid or of the amount of reimbursement to purchasers with respect
to such Federal excise tax) shall be divided by the total quantity
of such articles sold during the taxable year and the quotient shall
be multiplied by the quantity of such articles involved in the sales
specified in subsection (a) (1). Such quantities shall be expressed
in terms of the unit on the basis of which the Federal excise tax
was imposed.

For the purposes of this section the proper apportionment and allo-
cation of deductions with respect to gross income shall be determined
under rules and regulations prescribed by the Commissioner with the
approval of the Secretary.

d) The net income from reimbursement or refunds specified in
subsection (a) (2) or (3) shall be computed as follows: From the
total payment or accrual (1) of reimbursement to the taxpayer from
vendors for amounts representing Federal excise tax burdens included
in prices paid by the taxpayer to such vendors or (2) of refunds or
credits to the taxpayer of Federal excise taxes erroneously or illegally
collected, there shall be deducted the expenses and fees reasonably
incurred in obtaining such reimbursement or refunds.

e) For the purposes of subsection (a) (1), (2), and (3), the extent
to which the taxpayer shifted to others the burden of a Federal excise
tax shall be presumed to be an amount computed as follows:

(1) From the selling price of the articles there shall be deducted
the sum of (A) the cost of such articles plus (B) the average
margin with respect to the quantity involved; or

(2) If the taxpayer so elects by filing his return on such basis,
from the aggregate selling price of all articles with respect to which
such Federal excise tax was imposed and which were sold by him
during the taxable year (computed without deduction of reimburse-
ment to purchasers with respect to such Federal excise tax) there
shall be deducted the aggregate cost of such articles, and the differ-
ence shall be reduced to a margin per unit in terms of the basis on
which the Federal excise tax was imposed. The excess of such
margin per unit over the average margin (computed for the same
unit) shall be multiplied by the number of such units represented
by the articles with respect to which the computation is being
made; but

(3) In no case shall the extent to which the taxpayer shifted to
others the burden of the Federal excise tax with respect to the
articles be deemed to exceed the amount of such tax with respect
to such articles minus (A) the portion of the amount of the Federal
excise tax (or of the reimbursement specified in subsection (a) (2))
with respect to the articles which is paid or credited by the tax-

payer to any purchasers as specified in subsection (f) (3) and
minus (B) the amount of any increase in the tax under section 602
of the Revenue Act of 1932 for which the taxpayer under this
section became liable as the result of the nonpayment or refund
of the Federal excise tax with respect to the articles.

(f) As used in this section—

(1) The term “margin” means the difference between the selling
price of articles and the cost thereof, and the term “average
margin” means the average difference between the selling price
and the cost of similar articles sold by the taxpayer during his six
taxable years preceding the initial imposition of the Federal excise
tax in question, except that if during any part of such six-year
period the taxpayer was not in business, or if his records for any
part of such period are so inadequate as not to furnish satisfactory
data, the average margin of the taxpayer for such part of such
period shall, when necessary for a fair comparison, be deemed to be the average margin, as determined by the Commissioner, of representative concerns engaged in a similar business and similarly circumstanced.

(2) The term "cost" means, in the case of articles manufactured or produced by the taxpayer, the cost to the taxpayer of materials entering into the articles; or, in the case of articles purchased by the taxpayer for resale, the price paid by him for such articles (reduced in both cases by the amount for which he is reimbursed by his vendor).

(3) The term "selling price" means selling price minus (A) amounts subsequently paid or credited to the purchaser on or before June 1, 1936, or thereafter in the bona fide settlement of a written agreement entered into on or before March 3, 1936, as reimbursement for the amount included in such price on account of a Federal excise tax; and minus (B) the allocable portion of any professional fees and expenses of litigation incurred in securing the refund or preventing the collection of the Federal excise tax, not to exceed 10 per centum of the amount of such tax.

(g) In determining costs, selling prices, and net income, the taxpayer shall, unless otherwise shown, be deemed to have sold articles in the order in which they were manufactured, produced, or acquired. Where the taxpayer's records do not adequately establish the quantity of a commodity taxable under the Agricultural Adjustment Act, as amended, entering into articles sold by him, such quantities shall be computed by the use of the conversion factors prescribed in regulations under such Act, as amended.

(h) If the taxpayer made any purchase or sale otherwise than through an arm's-length transaction, and at a price other than the fair market price, the Commissioner may determine the purchase or sale price to be that for which such purchases or sales were at that time made in the ordinary course of trade.

(i) Either the taxpayer or the Commissioner may rebut the presumption established by subsection (e) by proof of the actual extent to which the taxpayer shifted to others the burden of the Federal excise tax. Such proof may include, but shall not be limited to:

(1) Proof that the change or lack of change in the margin was due to changes in factors other than the tax. Such factors shall include any clearly shown change (A) in the type or grade of article or materials, or (B) in costs of production. If the taxpayer asserts that the burden of the tax was borne by him while the burden of any other increased cost was shifted to others, the Commissioner shall determine, from the respective effective dates of the tax and of the other increase in cost as compared with the date of the change in margin, and from the general experience of the industry, whether the tax or the increase in other cost was shifted to others. If the Commissioner determines that the change in margin was due in part to the tax and in part to the increase in other cost, he shall apportion the change in margin between them.

(2) Proof that the taxpayer modified contracts of sale, or adopted a new contract of sale, to reflect the initiation, termination, or change in amount of the Federal excise tax, or at any such time changed the sale price of the article (including the effect of a change in size, package, discount terms, or any other merchandising practice) by substantially the amount of the tax or change therein, or at any time billed the tax as a separate item to any vendee or indicated by any writing that the sale
price included the amount of the tax, or contracted to refund any part of the sale price in the event of recovery of the tax or decision of its invalidity; but the taxpayer may establish that such acts were caused by factors other than the tax, or that they do not represent his practice during the period in which the articles in question were sold.

(j) As used in this section—

(1) The term "Federal excise tax" means a tax or exaction with respect to the sale, lease, manufacture, production, processing, ginning, importation, transportation, refining, recovery, or holding for sale or other disposition, of commodities or articles, provided for by any Federal statute, whether valid or invalid, if denominated a "tax" by such statute. A Federal excise tax shall be deemed to have been imposed with respect to an article if it was imposed with respect to (or with respect to the processing of) any commodity or other article, from which such article was processed.

(2) The term "date of the termination of the Federal excise tax" means, in the case of a Federal excise tax held invalid by a decision of the Supreme Court, the date of such decision.

(3) The term "refund or credit" does not include a refund or credit made in accordance with the provisions and limitations set forth in Title VII of this Act, or in section 621 (d) of the Revenue Act of 1932.

(4) The term "tax adjustment" means a repayment or credit by the taxpayer to his vendee of an amount equal to the Federal excise tax with respect to an article (less reasonable expense to the vendor in connection with the nonpayment or recovery by him of the amount of such tax and in connection with the making of such repayment or credit) if such repayment or credit is made on or before June 1, 1936, or thereafter in the bona fide settlement of a written agreement entered into on or before March 3, 1936.

(5) The term "taxpayer" means a person subject to a tax imposed by this section.

(k) All references in this section to the purchase or sale (or to parties to the sale) of articles with respect to which a Federal excise tax was imposed shall be deemed to include the purchase or sale (or parties to the sale) of services with respect to which a Federal excise tax was imposed, and for the purposes of subsection (a) the extent to which the taxpayer shifted to others the burden of such Federal excise tax with respect to such services shall be presumed to be an amount computed as follows: From the selling price of the services there shall be deducted the average price received by the taxpayer for performing similar services during the six taxable years preceding the initial imposition of the Federal excise tax in question. The balance (to the extent that it does not exceed the amount of such Federal excise tax with respect to such services minus any payments or credits with respect to the services made to purchasers as specified in subsection (f) (3)) shall be the extent to which the taxpayer shifted the burden of such Federal excise tax to others. If during any part of such six-year period the taxpayer was not in business, or if his records for any part of such period are so inadequate as not to furnish satisfactory data, the average price of the taxpayer for such part of such period shall, when necessary for a fair comparison, be deemed to be the average price, as determined by the Commissioner, of representative concerns engaged in a similar business and similarly circumstanced. The presumption established by this subsection may be rebutted by proof of the character described in subsection (i).
Administrative provisions.

(1) The taxes imposed by subsection (a) shall be imposed on the net income from the sources specified therein, regardless of any loss arising from the other transactions of the taxpayer, and regardless of whether the taxpayer had a taxable net income (under the income-tax provisions of the applicable Revenue Act) for the taxable year as a whole; except that if such application of the tax imposed by subsection (a) is held invalid, the tax under subsection (a) shall apply to that portion of the taxpayer's entire net income for the taxable year which is attributable to the net income from the sources specified in such subsection.

(b) The amount of the other Federal income and excess-profits taxes which would have been payable by the taxpayer for the taxable year if his net income were decreased by the amount of net income taxable under this title.

SEC. 503. ADMINISTRATIVE PROVISIONS.
