To amend section 334 (e) of the Agricultural Adjustment Act of 1938, as amended, relating to increased allotments for durum wheat.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 334 (e) of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1334), is amended to read as follows:

"(e) Notwithstanding any other provision of this Act, the Secretary shall increase the farm marketing quotas and acreage allotments for the 1957 crop of wheat for farms located in counties in the States of North Dakota, Minnesota, Montana, South Dakota, and California, designated by the Secretary as counties which (1) are capable of producing durum wheat (class II) and (2) have produced such wheat for commercial food products during one or more of the five years 1952 through 1956. The increase in the wheat acreage allotment for any farm shall be conditioned upon the production of durum wheat (class II) on such increased acreage. The increased allotment shall be determined by adding to the allotment established without regard to this subsection (hereinafter referred to as the 'original allotment') an acreage equal to the acreage by which the original allotment exceeds the 1957 acreage on the farm of classes of wheat other than durum wheat (class II) (hereinafter referred to as 'other wheat'), but such increased allotment shall not exceed the smaller of the cropland on the farm well suited to wheat or the wheat acreage on the farm: Provided, That for the purposes of this subsection (1) the original allotment for each farm shall be not less than fifteen acres, and (2) varieties of class II (durum wheat) known as 'Golden Ball' and 'Peliss' shall be regarded as 'other wheat'. Notwithstanding any other provision of this subsection, (1) no acreage allotment shall be increased under this subsection by more than sixty acres, and (2) no acreage allotment shall be increased under this subsection for any farm on which the producer knowingly devotes to the production of other wheat an acreage in excess of the acreage allotment estab-
lished without regard to this subsection (and particularly without regard to clause (1) of the foregoing proviso).

"The increases in wheat acreage allotments authorized by this subsection shall be in addition to the National, State, and county wheat acreage allotments, and the acreage of durum wheat (class II) on such increased allotments shall not be considered in establishing future State, county and farm acreage allotments.

"The provisions of paragraph (6) of Public Law 74, Seventy-seventh Congress (7 U. S. C. 1340 (6)), and section 326 (b) of this Act, relating to the reduction of the storage amount of wheat shall apply to the allotment for the farm established without regard to this subsection and not to the increased allotment under this subsection.

"For the purpose of applying section 103 (a) (1) of the Soil Bank Act (relating to participation in the acreage reserve) to any farm receiving an increased allotment under this subsection—

"(1) the 'farm acreage allotment' shall be the allotment established without regard to this subsection and not the increased allotment under this subsection, and

"(2) each acre planted to durum wheat (class II) shall count as one-half acre of wheat.

For the purposes of this subsection 'wheat acreage on the farm' shall include acreage in the wheat acreage reserve."

AN ACT

Granting the consent and approval of Congress to the Merrimack River Flood Control Compact.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the consent and approval of Congress is given to the Merrimack River Flood Control Compact between the States of Massachusetts and New Hampshire. Such compact reads as follows:
"Whereas, The federal government exercises jurisdiction over the nation's navigable rivers and their tributaries through passage of the flood control act of nineteen hundred and thirty-six and various other acts amendatory thereto; and

"Whereas, These acts provide for construction by the United States of dams for flood control and, where feasible, in addition to flood control for storage of water to be used for irrigation, recreation, hydroelectric power, or for any of these purposes; and

"Whereas, The Merrimack river is an interstate river and control of major floods on it can be obtained only by the construction of dams by the United States under authorization of the above mentioned acts; and

"Whereas, The Commonwealth of Massachusetts and the State of New Hampshire recognize that it is in the interest of their general welfare that the United States construct in the Merrimack river valley a comprehensive system of local protection works and dams and reservoirs to control floods and prevent loss of life and property, the disruption of orderly processes and the impairment of commerce between the aforesaid states; and

"Whereas, The United States has constructed dikes, flood walls and other local protection works at Nashua in the State of New Hampshire and at Haverhill, Lowell and Fitchburg in the Commonwealth of Massachusetts and dams and reservoirs for the storage of flood waters at Franklin Falls, Peterboro and Webster in the State of New Hampshire, and has prepared designs for dikes and flood walls and other local protection works at Lawrence and North Andover in the Commonwealth of Massachusetts; and

"Whereas, The congress has at various times authorized construction by the United States of other dams and reservoirs for the storage of flood waters in the State of New Hampshire and has more recently instructed the Corps of Engineers to determine what additional local protection works and dams and reservoirs are required for a comprehensive system to control floods in the Merrimack river and its tributaries; and

"Whereas, It is believed that such a comprehensive flood control system should include dams and reservoirs controlling flood run-off from approximately thirty per cent of the total drainage area of the Merrimack river basin and strategically located in reference to characteristics of tributaries and to damage centers; and

"Whereas, Dams and reservoirs to control thirty per cent of flood run-off will be located in the State of New Hampshire and the major benefits from such dams and reservoirs will accrue to the Commonwealth of Massachusetts; and

"Whereas, Construction by the United States of additional dams and reservoirs in the State of New Hampshire, to complete such a comprehensive flood control system, will remove from the tax rolls of local governments of the State of New Hampshire such property as is acquired by the United States and may work other hardships against the people of New Hampshire; and

"Whereas, It is highly desirable that any flood control dam and reservoir constructed by the United States in the Merrimack river valley have the approval of the State of New Hampshire and the Commonwealth of Massachusetts and that the Commonwealth of Massachusetts benefiting from construction of such dam and reservoir make reimbursement for such loss of taxes and for such hardships; and

"Whereas, A comprehensive system for the prevention of destructive floods and for water resources utilization in the Merrimack river valley can best be accomplished by cooperation between the Commonwealth of Massachusetts and the State of New Hampshire and by
and through a common and joint agency of said two states; now, therefore,
“*The said Commonwealth of Massachusetts and State of New Hampshire do hereby enter into the following compact, to wit:—*

**"ARTICLE I."

“The principal purposes of this compact are:—(a) to promote interstate comity among and between the signatory states; (b) to provide adequate storage capacity for impounding the waters of the Merrimack river and its tributaries for the protection of life and property from floods; (c) to provide a joint or common agency through which the signatory states, while promoting, protecting, and preserving to each the local interest and sovereignty of the respective signatory states, may more effectively co-operate in accomplishing the object of flood control and water resources utilization in the basin of the Merrimack river and its tributaries.

**"ARTICLE II."

“There is hereby created The Merrimack River Valley Flood Control Commission, hereinafter referred to as the commission, which shall consist of six members, three of whom shall be residents of the Commonwealth of Massachusetts, one of whom shall be a resident of the Merrimack Valley, and three of whom shall be residents of the State of New Hampshire.

“The members of the commission shall be chosen by their respective states in such manner and for such term as may be fixed and determined from time to time by the law of each of said states, respectively, by which they are appointed. A member of the commission may be removed or suspended from office as provided by the law of the state from which he shall be appointed, and any vacancy occurring in the commission shall be filled in accordance with the laws of the state wherein such vacancy exists.

“A majority of the members of each state shall constitute a quorum for the transaction of business, the exercise of any powers or the performance of any duties, but no action of the commission shall be binding unless at least two members from each State shall vote in favor thereof.

“The compensation of members of the commission shall be fixed, determined and paid by the state which they respectively represent. All necessary expenses incurred in the performance of their duties shall be paid from the funds of the commission.

“The commission shall elect from its members a chairman, vice-chairman, clerk and treasurer. Such treasurer shall furnish to the commission, at its expense, a bond with corporate surety, to be approved by the commission, in such amount as the commission may determine, conditioned for the faithful performance of his duties.

“The commission shall adopt suitable by-laws and shall make such rules and regulations as it may deem advisable not inconsistent with laws of the United States, of the signatory states or with any rules or regulations lawfully promulgated thereunder.

“The commission shall make an annual report to the governor and legislature of each of the signatory states, setting forth in detail the operations and transactions conducted by it pursuant to this compact.

“The commission shall keep a record of all its meetings and proceedings, contracts and accounts, and shall maintain a suitable office, where its maps, plans, documents, records and accounts shall be kept, subject to public inspection at such times and under such regulations as the commission shall determine.
ARTICLE III.

"The commission shall constitute a body, both corporate and political, with full power and authority; (1) to sue and be sued; (2) to have a seal and alter the same at pleasure; (3) to appoint and employ such agents and employees as may be required in the proper performance of the duties hereby committed to it and to fix and determine their qualifications, duties and compensation; (4) to enter into such contracts and agreements and to do and perform any and all other acts, matters and things as may be necessary and essential to the full and complete performance of the powers and duties hereby committed to and imposed upon it and as may be incidental thereto; (5) to have such additional powers and duties as may hereafter be delegated to or imposed upon it from time to time by the action of the legislature of either of said states, concurred in by the legislature of the other state and by the Congress of the United States.

"The commission shall make, or cause to be made, such studies as it may deem necessary, in co-operation with the corps of engineers and other federal agencies, for the development of a comprehensive plan for flood control and for utilization of the water resources of the Merrimack river valley.

"The commission shall not pledge the credit of the signatory states or either of them.

ARTICLE IV.

"The State of New Hampshire wherein is located the site of each of the following dams and reservoirs agrees to the construction by the United States of each such dam and reservoir in accordance with authorization by the congress:— (1) at West Hopkinton on the Contoocook river, controlling a drainage area of approximately four hundred and twenty-six square miles, and near East Weare, on the north branch of the Piscataquog river, controlling a drainage area of approximately sixty-four square miles; and providing flood control storage for approximately six inches of rim-off over both said drainage areas; and (2) near Loudon on the Soucook river, controlling a drainage area of approximately seventy-seven square miles and providing flood control storage for approximately six inches of run-off over said drainage area.

ARTICLE V.

"The Commonwealth of Massachusetts agrees to reimburse the State of New Hampshire seventy per cent of the amount of taxes lost to its political subdivisions by reason of acquisition and ownership by the United States of lands, rights or other property therein for the flood control dams and reservoirs at Franklin Falls, Blackwater and West Peterboro and for construction in the future of any flood control dam and reservoir specified in Article IV, and also for any other flood control dam and reservoir hereafter constructed by the United States in the Merrimack river valley.

"Annually, not later than November first of each year the commission shall determine the loss of taxes resulting to political subdivisions of the State of New Hampshire by reason of acquisition and ownership therein by the United States of lands, rights or other property in connection with each flood control dam and reservoir for which provision for tax reimbursement has been made in the preceding paragraph. Such losses of taxes as determined by the commission shall be based on the tax rate then current in each such political subdivision and on the average assessed valuation for a period of five years prior
to the acquisition by the United States of such property; provided,
that whenever a political subdivision wherein a flood control dam and
reservoir or portion thereof is located shall have made a general
revaluation of property subject to the annual municipal taxes of such
subdivision, the commission may use such revaluation for the purpose
of determining the amount of taxes for which reimbursement shall
be made in the paragraph next above. Using the percentage of pay-
ment agreed to in said paragraph, the commission shall then compute
the sum, if any, due from the Commonwealth of Massachusetts to
the State of New Hampshire and shall send notice to the treasurer
of the Commonwealth of Massachusetts setting forth in detail the
sums, if any, to be paid to the State of New Hampshire in reimbur-
sement of tax losses.

"The Commonwealth of Massachusetts on receipt of formal notifi-
cation from the commission of the sum which it is to pay in reimbur-
sement for tax losses shall, not later than July first of the following
year, make its payment for such tax losses to the State of New Hamp-
shire, except that in case of the first annual payment for tax losses
at any dam or reservoir such payment shall be made by the Common-
wealth of Massachusetts not later than July first of the year in which
the next regular session of its legislature is held.

"Payment by the Commonwealth of Massachusetts of its share of
reimbursement for taxes in accordance with formal notification
received from the commission shall be a complete and final discharge
of all liability of the Commonwealth of Massachusetts to the State of
New Hampshire for each flood control dam and reservoir within the
State of New Hampshire for the time specified in such formal notifi-
cation. The State of New Hampshire shall have full responsibility
for distributing or expending all such sums received and no agency
or political subdivision shall have any claim against the Common-
wealth of Massachusetts nor against the commission relative to tax
losses covered by such payments.

"Whenever the Commonwealth of Massachusetts and the State of
New Hampshire shall agree, through the commission, on a lump sum
payment in lieu of annual payments and such lump sum payment
has been made and received, the requirement that the commission
annually shall determine the tax losses, compute sums due from the
Commonwealth of Massachusetts and send notice thereof to the
treasurer of the Commonwealth of Massachusetts, shall no longer
apply to the aforesaid states with respect to any flood control dam
and reservoir for which lump sum payment has been made and
received.

"The Commonwealth of Massachusetts agrees to pay the State of
New Hampshire its respective share in reimbursement, as determined
by the commission under the procedure following, for economic losses
and damages occurring by reason of ownership of property by the
United States for construction and operation of a flood control dam
and reservoir at any site specified in Article IV, and for any other
flood control dam and reservoir constructed hereafter by the United
States in the Merrimack river valley; provided, however, that no reim-
bursement shall be made for speculative losses and damages or losses
or damages for which the United States is liable.

"On receipt of information from the chief of engineers that request
is to be made for funds for the purpose of preparing detailed plans
and specifications for any flood control dam and reservoir proposed
to be constructed in the Merrimack river valley, including those speci-
fied in Article IV, the commission shall make an estimate of the
amount of taxes which would be lost to and of economic losses and
damages which would occur in political subdivisions of the State
of New Hampshire wherein such dam and reservoir would be located, wholly or in part, by reason of acquisition and ownership by the United States of lands, rights or other property for the construction and operation of such flood control dam and reservoir and shall decide whether the flood control benefits to be derived in the signatory states from such flood control dam and reservoir, both by itself and as a unit of a comprehensive flood control plan, justifies, in the opinion of the commission, the assumption by a signatory state of the obligation to make reimbursement for loss of taxes and for economic losses and damages. Such estimate and decision shall thereafter be reviewed by the commission at five-year intervals until such time as the United States shall have acquired title to the site of such flood control dam, or plans for its construction are abandoned. The commission shall notify the governor, the members of the United States Senate and the members of the United States House of Representatives from each signatory state, and the chief of engineers as to the commission's decision and as to any change in such decision.

"On receipt of information from the chief of engineers that any flood control dam and reservoir is to be constructed, reconstructed, altered or used for any purpose in addition to flood control, including those flood control dams and reservoirs hereafter constructed and those specified in Article IV, the commission shall make a separate estimate of the amount of taxes which would be lost to and of economic losses and damages which would occur in political subdivisions of the signatory state wherein such dam and reservoir would be located, wholly or in part, by reason of acquisition and ownership by the United States of lands, rights or other property for the construction and operation of such dam and reservoir in excess of the estimated amount of taxes which would be lost and of the economic losses and damages which would occur if the dam were constructed and operated for flood control only, and the commission shall decide the extent to which, in its opinion, the signatory states would be justified in making reimbursement for loss of taxes and for economic losses and damages in addition to reimbursement for such dam and reservoir if constructed and used for flood control only. Such estimate and decision shall thereafter be reviewed by the commission at five-year intervals until such time as such dam and reservoir shall be so constructed, reconstructed, altered or used, or plans for such construction, reconstruction, alteration or use are abandoned. The commission shall notify the governor, the members of the United States Senate and the members of the United States House of Representatives from each signatory state as to the commission's decision and as to any change in such decision.

"Within thirty days after acquisition by the United States of the site of any flood control dam the commission shall proceed to make a final determination of economic losses and damages occasioned by such dam and reservoir. The commission shall not include in such determination either speculative losses and damages or losses and damages for which the United States is liable.

"The commission shall compute the share the Commonwealth of Massachusetts shall pay to the State of New Hampshire by multiplying the sum of such losses and damages, as previously determined, by the percentage of flood control benefits which the Commonwealth of Massachusetts receives of the flood control benefits resulting from the dam and reservoir.

"The commission shall send a notice to the treasurer of the Commonwealth of Massachusetts setting forth in detail the sum, if any, the Commonwealth of Massachusetts is to pay to the State of New Hampshire in reimbursement for economic losses and damages and
shall also send such notice to the treasurer of the State of New Hampshire.

"The Commonwealth of Massachusetts on receipt of such formal notification by the commission shall pay its share of such economic losses or damages to the State of New Hampshire. Full payment by the Commonwealth of Massachusetts of the sum specified in such formal notification from the commission as to the amount of economic losses and damages for which the Commonwealth of Massachusetts is to make reimbursement shall be a complete and final discharge of all liability by the Commonwealth of Massachusetts to the State of New Hampshire for economic losses and damages for each flood control dam and reservoir within the said state designated in such formal notification. The State of New Hampshire shall have full responsibility for distributing or expending all such sums received and no agency, political subdivision, private person, partnership, firm, association or corporation shall have any claim against the Commonwealth of Massachusetts nor against the commission relative to such economic losses and damages.

"The State of New Hampshire may, in agreement with the commission and the chief of engineers, acquire title or option to acquire title to any or all lands, rights or other property required for any flood control dam and reservoir within its boundaries and transfer such titles or options to the United States. Whenever the fair cost to said state for such titles or options, as determined by the commission, is greater than the amount received therefor from the United States, the Commonwealth of Massachusetts shall pay its share of such excess cost to said State of New Hampshire, such share to be determined by the commission in accordance with procedure herein contained for determining reimbursement for economic losses and damages.

"Whenever the Commission shall not agree, within a reasonable time or within sixty days after a formal request from the governor of the State of New Hampshire or the Commonwealth of Massachusetts, concerning reimbursement for loss of taxes or for economic losses and damages at any flood control dam and reservoir heretofore or hereafter constructed by the United States in the Merrimack river valley, or concerning the extent, if any, to which reimbursement shall be made for additional loss of taxes and for additional economic losses and damages caused by construction, reconstruction, alteration or use of any such dam for purposes other than flood control, the governor of each signatory state shall designate a person from his state as a member of a board of arbitration, hereinafter called the board, and the members so designated shall choose one additional member who shall be chairman of such board. Whenever the members appointed by the governors to such board shall not agree within sixty days on such additional member of the board, the governors of such signatory states shall jointly designate the additional member. The board shall by majority vote decide the question referred to it and shall do so in accordance with the provisions of this compact concerning such reimbursement. The decision of the board on each question referred to it concerning reimbursement for loss of taxes and for economic losses and damages shall be binding on the commission and on each signatory state, notwithstanding any other provision of this compact.

"ARTICLE VI.

"Nothing contained in this compact shall be construed as a limitation upon the authority of the United States.
"ARTICLE VII.

"The signatory states agree to appropriate for compensation of agents and employees of the commission for office, administrative, travel and other expenses on recommendation of the commission subject to limitations as follows:—The Commonwealth of Massachusetts obligates itself to not more than seventeen thousand five hundred dollars for the first year and to not more than fourteen thousand dollars in any one year thereafter, the State of New Hampshire obligates itself to not more than seven thousand five hundred dollars for the first year and to not more than six thousand dollars in any one year thereafter.

"ARTICLE VIII.

"Should any part of this compact be held to be contrary to the constitution of either signatory state or of the United States, all other parts thereof shall continue to be in full force and effect.

"ARTICLE IX.

"This compact shall become operative and effective when ratified by the Commonwealth of Massachusetts and the State of New Hampshire, and approved by the Congress of the United States. Notice of ratification shall be given by the governor of each state to the governor of the other state and to the President of the United States, and the President of the United States is requested to give notice to the governors of the Commonwealth of Massachusetts and the State of New Hampshire of approval by the Congress of the United States."

To establish a deferred grazing program as part of the relief available to drought stricken areas under Public Law 875, Eighty-first Congress, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That notwithstanding any other provision of law, in connection with any major disaster due to drought determined by the President to warrant assistance by the Federal Government under Public Law 875, Eighty-first Congress, as amended, the President is authorized and directed as part of the assistance provided pursuant to such Act to formulate and carry out, through the facilities of the Department of Agriculture, a deferred grazing program, which shall include nonuse or limited use, or any needed combination thereof, in any county affected by such disaster in which the Secretary of Agriculture determines grazing of native rangeland is a substantial factor in agricultural production, and finds that limited or deferred grazing is necessary and appropriate for the reestablishment or conservation of grass for grazing. Such program shall be applicable only to nonfederally owned land which is normally used for grazing. Within thirty days (1) after the date of enactment of this Act, or (2) after any subsequent designation of any such area as a disaster area by the President, the Secretary shall designate the counties in any such area in which this program shall be available, and the program shall remain available in each such county for a period of not more than five years after the date of enactment of this Act.

Sec. 2. The program shall provide for payment for deferred grazing to farmers and ranchers at rates equal to the fair rental value of the land for the grazing use withheld under the program, as determined by the Secretary on the basis of the normal grazing capacity of the land during periods of adequate precipitation. No payment shall be made under the program if it is determined that a shift of livestock from the deferred areas to other land results in overgrazing nondeferred areas. Payment to any person for deferred grazing on land in any one county or land in more than one county operated as a single unit shall not exceed $5,000 for any one year.

Sec. 3. The program authorized herein may include such terms and conditions, in addition to those specifically provided for herein, as are determined desirable to effectuate its purposes and to facilitate practical administration. The program authorized herein for any county shall be supplemental to the agricultural conservation program, and not in substitution of, other programs in such county authorized by any other law, except that no payment shall be made concurrently on the same land for deferred grazing under this and any other program.

Sec. 4. There is hereby authorized to be appropriated, in addition to other funds authorized to be appropriated for the purposes of Public Law 875, Eighty-first Congress, such funds as are necessary to carry out the program authorized herein.

JOINT RESOLUTION

Requesting the President to designate the third Friday of May of each year as National Defense Transportation Day.

Whereas the United States of America has the greatest transportation system ever developed and maintained anywhere in the world, and it is of the greatest importance that it be so recognized and maintained; and

Whereas the growth and development of all of the areas of the United States, the expansion of our commerce, trade, and cultural relations among the various sections of our country and with the nations of the world, are directly attributable to and their continuance dependent upon the transportation mobility of our people and the products of our farms and factories, serving adequately and effectively all our people; and

Whereas this great transportation system, by land, by sea, and in the air, has been so expansive and comprehensive as to become somewhat commonplace in its acceptability, and the true importance and significance of this great transportation system in the community life and security of all our people, and as a bulwark in support of the Armed Forces in a national emergency or preparedness in the defense of our country, is not given the full recognition to which this national development is entitled; and

Whereas without effective transportation, all logistic effort collapses, and without effective logistics, all defense collapses: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is authorized and requested annually to issue a proclamation designating the third Friday of May of each year as National Defense Transportation Day, and urging the people of the United States, including labor, management, users, and investors, in all communities served by any of the various forms of transportation by land, by sea, and by air, to observe this occasion by appropriate ceremonies which will give full recognition to the importance to each and every community and the people thereof of our transportation system and the maintenance of its facilities in the most modern state of adequacy to serve our needs in times of peace and in national defense.

Sec. 103. (a) No person shall knowingly move any plant pest of plant pests from a foreign country into or through the United States, or interstate, or knowingly accept delivery of any plant pest moving from any foreign country into or through the United States, or interstate, unless such movement is authorized under general or specific permit from the Secretary and is made in accordance with such conditions as the Secretary may prescribe in the permit and in such regulations as he may promulgate under this section to prevent the dissemination into the United States, or interstate, of plant pests.

(b) The Secretary may refuse to issue a permit for the movement of any plant pest when, in his opinion, such movement would involve a danger of dissemination of such pests. The Secretary may permit the movement of host materials otherwise barred under the Plant Quarantine Act when they must necessarily accompany the plant pest to be moved.

Sec. 104. (a) Any letter, parcel, box, or other package containing any plant pest, whether sealed as letter-rate postal matter or not, is hereby declared to be nonmailable, and will not knowingly be conveyed in the mail or delivered from any post office or by any mail carrier, except when accompanied by a copy of a permit issued under this Act.

(b) Nothing in this Act shall authorize any person to open any letter or other sealed matter except in accordance with the postal laws and regulations.

Sec. 105. (a) Except as provided in paragraph (c), the Secretary may, whenever he deems it necessary as an emergency measure in order
to prevent the dissemination of any plant pest new to or not theretofore known to be widely prevalent or distributed within and throughout the United States, seize, quarantine, treat, apply other remedial measures to, destroy, or otherwise dispose of, in such manner as he deems appropriate, any product or article of any character whatsoever, or means of conveyance, which is moving into or through the United States, or interstate, and which he has reason to believe is infested or infected by or contains any such plant pest, or which has moved into the United States, or interstate, and which he has reason to believe was infested or infected by or contained any such plant pest at the time of such movement; and any plant pest, product, article, or means of conveyance which is moving into or through the United States, or interstate, or has moved into the United States, or interstate, in violation of this Act or any regulation thereunder: Provided, That this paragraph shall not authorize such action with respect to any product, article, means of conveyance, or plant pest subject, at the time of the proposed action, to disposal under the Plant Quarantine Act.

(b) Except as provided in paragraph (c), the Secretary may order the owner of any product, article, means of conveyance, or plant pest subject to disposal under paragraph (a), or his agent, to treat, apply other remedial measures to, destroy, or make other disposal of such product, article, means of conveyance, or plant pest, without cost to the Federal Government and in such manner as the Secretary deems appropriate. The Secretary may apply to the United States district court, or to the United States court of any Territory or possession, for the judicial district in which such person resides or transacts business or in which the product, article, means of conveyance, or plant pest is found, for enforcement of such order by injunction, mandatory or otherwise. Process in any such case may be served in any judicial district wherein the defendant resides or transacts business or may be found, and subpoena for witnesses who are required to attend a court in any judicial district in such a case may run into any other judicial district.

(c) No product, article, means of conveyance, or plant pest shall be destroyed, exported, or returned to shipping point of origin, or ordered to be destroyed, exported, or so returned under this section, unless in the opinion of the Secretary there is no less drastic action which would be adequate to prevent the dissemination of plant pests new to or not theretofore known to be widely prevalent or distributed within and throughout the United States.

(d) The owner of any product, article, means of conveyance, or plant pest destroyed, or otherwise disposed of by the Secretary under this section, may bring an action against the United States in the United States District Court for the District of Columbia, within one year after such destruction or disposal, and recover just compensation for such destruction or disposal of such product, article, means of conveyance, or plant pest (not including compensation for loss due to delays incident to determining eligibility for movement into or through the United States or for interstate movement) if the owner establishes that neither this section nor the Plant Quarantine Act authorized such destruction or disposal. Any judgment rendered in favor of such owner shall be paid out of the money in the Treasury appropriated for plant disease and pest control activities of the Department of Agriculture.

Sec. 106. The Secretary may promulgate such regulations requiring inspection of products and articles of any character whatsoever and means of conveyance, specified in the regulations, as a condition of their movement into or through the United States, or interstate, and

Any judge of the United States or of a court of record of any State, Territory or possession, or a United States commissioner, may, within his respective jurisdiction, upon proper oath or affirmation showing probable cause to believe that there are on certain premises any products, articles, means of conveyance, or plant pests regulated or subject to disposal under this Act, issue warrants for the entry of such premises to make any inspections or seizures under this Act. Such warrants may be executed by any authorized employee of the Department of Agriculture.

AN ACT

To fix the responsibilities of certifying officers and disbursing officer of the Library of Congress.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That hereafter, each officer and employee of the Library of Congress, including the Copyright Office, who has been duly authorized in writing by the Librarian of Congress to certify vouchers for payment from appropriations and funds, shall (1) be held responsible for the existence and correctness of the facts recited in the certificate or otherwise stated on the voucher or its supporting papers and for the legality of the proposed payment under the appropriation or fund involved; (2) be required to give bond to the United States, with good and sufficient surety approved by the Secretary of the Treasury, in such amount as may be determined by the Librarian of Congress, pursuant to standards prescribed by the Secretary of the Treasury, and under such conditions as may be prescribed by the Secretary of the Treasury; (3) be held responsible and accountable for the correctness of the computations of certified vouchers; and (4) be held accountable for and required to make good to the United States the amount of any illegal, improper, or incorrect payment resulting from any false, inaccurate, or misleading certificate made by him, as well as for any payment prohibited by law or which did not represent a legal obligation under the appropriation or fund involved: Provided, That the Comptroller General of the United States may, at his discretion, relieve such certifying officer or employee of liability for any payment otherwise proper whenever he finds (1) that the certification was based on official records and that such certifying officer or employee did not know, and by reasonable diligence and inquiry could not have ascertained, the actual facts, or (2) that the obligation was incurred in good faith, that the payment was not contrary to any statutory provision specifically prohibiting payments of the character involved, and the United States has received value for such payment: Provided further, That the Comptroller General shall relieve such certifying officer or employee of liability for an overpayment for transportation services made to any common carrier covered by title III, part II, section 322, of the Transportation Act of 1940, approved September 18, 1940, whenever he finds that the overpayment occurred solely because the administrative examination made prior to payment of the transportation bill did not include a verification of transportation rates, freight classifications, or land grant deductions.

SEC. 2. The liability of these certifying officers or employees shall be enforced in the same manner and to the same extent as now provided by law with respect to enforcement of the liability of disbursing and other accountable officers; and they shall have the right to apply for and obtain a decision by the Comptroller General on any question of law involved in a payment on any vouchers presented to them for certification.

SEC. 3. The disbursing officer of the Library of Congress shall (1) disburse moneys of the Library of Congress only upon, and in strict accordance with, vouchers duly certified by the Librarian of Congress or by an officer or employee of the Library of Congress duly authorized in writing by the Librarian to certify such vouchers; (2) make such examination of vouchers as may be necessary to ascertain whether they are in proper form, and duly certified and approved; and (3) be held accountable accordingly: Provided, That the disbursing officer
shall not be held accountable or responsible for any illegal, improper, or incorrect payment resulting from any false, inaccurate, or misleading certificate, the responsibility for which, under section 1 hereof, is imposed upon a certifying officer or employee of the Library of Congress.

military, naval, or air service when it is shown to exist within one
year after separation from active service, or at a time when standard
and accepted treatises indicate that the incubation period thereof com-

(b) Service connection shall not be granted pursuant to subsection

service.

PART F—GENERAL COMPENSATION PROVISIONS

BENEFITS FOR PERSONS DISABLED BY TREATMENT

SEC. 351. Where any veteran shall have suffered an injury, or an aggravation of an injury, as the result of vocational rehabilitation training, hospitalization, or medical or surgical treatment, awarded him under any of the laws administered by the Veterans' Administration, or as a result of having submitted to an examination under any such law and not the result of his misconduct, and such injury or aggravation results in additional disability to or the death of such veteran, disability compensation under this title and dependency and indemnity compensation under the Servicemen's and Veterans' Survivor Benefits Act shall be awarded in the same manner as if such disability, aggravation, or death were service connected; except that no benefits shall be awarded unless application be made therefor within two years after such injury or aggravation was suffered, or such death occurred.

PERSONS HERETOFORE HAVING A COMPENSABLE STATUS

SEC. 352. The death and disability benefits of parts D and E shall, notwithstanding the service requirements of such parts, be granted to persons heretofore recognized by law as having a compensable status, including persons whose claims are based on war or peacetime service rendered before April 21, 1898.

AGGRAVATION

SEC. 353. A preexisting injury or disease will be considered to have been aggravated by active military, naval, or air service, where there is an increase in disability during active service, unless there is a specific finding that the increase in disability is due to the natural progress of the disease.

CONSIDERATION TO BE ACCORDED TIME, PLACE, AND CIRCUMSTANCES OF SERVICE

SEC. 354. (a) The Administrator is authorized and directed to include in the regulations pertaining to service-connection of disabilities, additional provisions in effect requiring that in each case where a veteran is seeking service-connection for any disability due consideration shall be given to the places, types, and circumstances of his service as shown by his service record, the official history of each organization in which he served, his medical records, and all pertinent medical and lay evidence.

(b) In the case of any veteran who engaged in combat with the enemy in active service with a military, naval, or air organization of the United States during a period of war, campaign, or expedition, the Administrator is authorized and directed to accept as sufficient proof of service connection of any disease or injury alleged to have been incurred in or aggravated by such service satisfactory lay or other evidence of service incurrence or aggravation of such injury or disease, if consistent with the circumstances, conditions, or hardships of such service, notwithstanding the fact that there is no official record of such incurrence or aggravation in such service, and, to that end, shall resolve every reasonable doubt in favor of the veteran. Service connection of such injury or disease may be rebutted by clear and convincing evidence to the contrary. The reasons for granting or denying service connection in each case shall be recorded in full.
AUTHORITY FOR SCHEDULE FOR RATING DISABILITIES

Sec. 355. The Administrator is authorized and directed to adopt and apply a schedule of ratings of reductions in earning capacity from specific injuries or combination of injuries. The ratings shall be based, as far as practicable, upon the average impairments of earning capacity resulting from such injuries in civil occupations. The schedule shall be constructed so as to provide ten grades of disability and no more, upon which payments of compensation shall be based, namely, 10 per centum, 20 per centum, 30 per centum, 40 per centum, 50 per centum, 60 per centum, 70 per centum, 80 per centum, 90 per centum, and total, 100 per centum. The Administrator shall from time to time readjust this schedule of ratings in accordance with experience.

MINIMUM RATING FOR ARRESTED TUBERCULOSIS

Sec. 356. Any veteran shown to have active tuberculosis which is compensable under this title, who in the judgment of the Administrator has reached a condition of complete arrest, shall be rated as totally disabled for a period of two years following such date of arrest, as 50 per centum disabled for an additional period of four years, and 30 per centum for a further five years. Following far advanced active lesions the permanent rating shall be 30 per centum, and following moderately advanced lesions, the permanent rating, after eleven years, shall be 20 per centum, provided there is continued disability, dyspnea on exertion, impairment of health, and so forth; otherwise the rating shall be zero per centum. The total disability rating herein provided for the two years following a complete arrest may be reduced to 50 per centum for failure to follow prescribed treatment or to submit to examination when requested. This section shall not be construed as requiring a reduction of compensation authorized under any other provision of this title.

COMBINATION OF CERTAIN RATINGS

Sec. 357. The Administrator is authorized and directed to provide for the combination of ratings and to pay compensation at the rates prescribed in part B to those veterans who served during a period of war and during any other time, who have suffered disability in line of duty in each period of service.

DISAPPEARANCE

Sec. 358. Where an incompetent veteran receiving compensation under this title disappears, the Administrator, in his discretion, may pay the compensation otherwise payable to the veteran to his wife, children, and parents. Payments made to a wife, child, or parent under the preceding sentence shall not exceed the amounts payable to each if the veteran had died from service-connected disability.

(3) which is a service-connected dental condition or disability due to combat wounds or other service trauma, or of a former prisoner of war;

(5) from which a veteran of the Spanish-American War is suffering.

(c) Dental services and related appliances for a dental condition or disability described in clause (2) of subsection (b) of this section shall be furnished on a one-time completion basis, unless the services rendered on a one-time completion basis are found unacceptable within the limitations of good professional standards, in which event such additional services may be afforded as are required to complete professionally acceptable treatment.

(d) Dental appliances, wheelchairs, artificial limbs, trusses, special clothing, and similar appliances to be furnished by the Administrator under this section may be procured by him either by purchase or by manufacture, whichever he determines may be advantageous and reasonably necessary.

(e) Any disability of a veteran of the Spanish-American War, upon application for the benefits of this section or outpatient medical services under section 524, shall be considered for the purposes thereof to be a service-connected disability incurred or aggravated in a period of war.

Sec. 527. Persons who have a status which would, under the laws in effect on the day before the effective date of this Act, entitle them to the medical services, hospital and domiciliary care, and other benefits, provided for in this title, but who do not meet the service requirements contained in this title, shall be entitled to such benefits notwithstanding failure to meet such service requirements.

TITLE VI—SPECIALLY ADAPTED HOUSING FOR DISABLED VETERANS

VETERANS ELIGIBLE FOR ASSISTANCE

Sec. 601. The Administrator is authorized, under such regulations as he may prescribe, to assist any veteran, who is entitled to compensation under title III of this Act, based on service after April 20, 1898, for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis of both lower extremities, such as to preclude locomotion without the aid of braces, crutches, canes, or a wheel chair, in acquiring a suitable housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, and necessary land therefor. The regulations of the Administrator shall include, but not be limited to, provisions requiring findings that (1) it is medically feasible for such veteran to reside in the proposed housing unit and in the proposed locality; (2) the proposed housing unit bears a proper relation to the veteran's present and anticipated income and expenses; and (3) the nature and condition of the proposed housing unit are such as to be suitable to the veteran's needs for dwelling purposes.

(1) where the veteran elects to construct a housing unit on land to be acquired by him, the Administrator shall pay not to exceed 50 per centum of the total cost to the veteran of (A) the housing unit and (B) the necessary land upon which it is to be situated;

(2) where the veteran elects to construct a housing unit on land acquired by him prior to application for assistance under this title, the Administrator shall pay not to exceed the smaller of the following sums: (A) 50 per centum of the total cost to the veteran of the housing unit and the land necessary for such housing unit,
or (B) 50 per centum of the cost to the veteran of the housing unit
plus the full amount of the unpaid balance, if any, of the cost to
the veteran of the land necessary for such housing unit;

(3) where the veteran elects to remodel a dwelling, which is not
adapted to the requirements of his disability, acquired by him
prior to application for assistance under this title, the Adminis-

the cost to the veteran of such remodeling, plus (B) the smaller

eligible for assistance under this title, without cost to the veterans,
model plans and specifications of suitable housing units.

BENEFITS ADDITIONAL TO BENEFITS UNDER OTHER LAWS

SEC. 604. Any veteran who accepts the benefits of this title shall not
by reason thereof be denied the benefits of title III of the Servicemen's
Readjustment Act of 1944; however, the assistance authorized by this
title shall not be available to any veteran who has received financial
assistance under part IX of Veterans Regulation Numbered 1 (a).

NONLIABILITY OF UNITED STATES

SEC. 605. The Government of the United States shall have no lia-

aquired under the provisions of this title.

TITLE VII—AUTOMOBILES FOR DISABLED VETERANS

VETERANS ELIGIBLE FOR ASSISTANCE

SEC. 701. (a) The Administrator, under such regulations as he may
prescribe, shall provide or assist in providing an automobile or other
conveyance by paying not to exceed $1,600 on the purchase price,
including equipment with such special attachments and devices as the
Administrator may deem necessary, for each veteran who is entitled
to compensation under title III of this Act for any of the following
due to disability incurred in or aggravated by active military, naval,
or air service during World War II or the Korean conflict:

(1) Loss or permanent loss of use of one or both feet;
(2) Loss or permanent loss of use of one or both hands;
(3) Permanent impairment of vision of both eyes of the fol-
lowing status: Central visual acuity of 20/200 or less in the better
eye, with corrective glasses, or central visual acuity of more than
20/200 if there is a field defect in which the peripheral field has
contracted to such an extent that the widest diameter of visual
field subtends an angular distance no greater than twenty degrees
in the better eye.
(b) For the purposes of this section, the term "World War II" includes, in the case of any veteran, any period of continuous service performed by him after December 31, 1946, and before July 26, 1947, if such period began before January 1, 1947.

LIMITATION ON TYPES OF ASSISTANCE FURNISHED AND VETERANS OTHERWISE ENTITLED

Sec. 702. No payment shall be made under this title for the repair, maintenance, or replacement of any such automobile or other conveyance and no veteran shall be given an automobile or other conveyance until it is established to the satisfaction of the Administrator that such veteran will be able to operate such automobile or other conveyance in a manner consistent with his own safety and the safety of others and will be licensed to operate such automobile or other conveyance by the State of his residence or other proper licensing authority; however, a veteran who cannot qualify to operate a vehicle shall nevertheless be entitled to the payment of not to exceed $1,600 on the purchase price of an automobile or other conveyance, as provided in section 701, to be operated for him by another person, but only if such veteran meets the other eligibility requirements of this title.

LIMITATION ON AMOUNTS PAID BY UNITED STATES

Sec. 703. The furnishing of such automobile or other conveyance, or the assisting therein, shall be accomplished by the Administrator paying the total purchase price, if not in excess of $1,600, or the amount of $1,600 if the total purchase price is in excess of $1,600, to the seller from whom the veteran is purchasing under sales agreement between the seller and the veteran.

PROHIBITION AGAINST DUPLICATION OF BENEFITS

Sec. 704. (a) No veteran shall be entitled to receive more than one automobile or other conveyance under the provisions of this title.

(b) No veteran who has received or who hereafter receives an automobile or other conveyance under (1) the provisions of the paragraph under the heading "Veterans' Administration" in the First Supplemental Appropriation Act, 1947 (2) the Act of September 21, 1950 (64 Stat. 894), or (3) the Act of October 20, 1951 (65 Stat. 574; 38 U. S. C., secs. 252a-252e), shall be entitled to receive an automobile or other conveyance under the provisions of this title.

APPLICATIONS

Sec. 705. The benefits provided in this title shall not be available to any veteran who has not made application for such benefits to the Administrator within five years after the date of the veteran's discharge or release from active service; except that in the case of any veteran whose loss or permanent loss of use of one or both feet, or one or both hands, or permanent impairment of vision, as specified in section 701, shall have occurred after his discharge or release from active service, application may be made within three years after the occurrence of such disability. Notwithstanding the foregoing time limits, no otherwise eligible veteran shall be denied the benefits of this title who makes application within one year from the date on which his entitlement to compensation for loss or permanent loss of use of one or both feet, or one or both hands, or permanent impairment of vision, as specified in section 701, shall have been determined.
TITLE VIII—BURIAL BENEFITS

Flags

Sec. 801. (a) The Administrator shall furnish a flag to drape the casket of each deceased veteran who—

(1) was a veteran of any war;

(2) had served at least one enlistment; or

(3) had been discharged or released from the active military, naval, or air service for a disability incurred or aggravated in line of duty.

(b) After the burial of the veteran the flag so furnished shall be given to his next of kin. If no claim is made for the flag by the next of kin, it may be given, upon request, to a close friend or associate of the deceased veteran. If a flag is given to a close friend or associate of the deceased veteran, no flag shall be given to any other person on account of the death of such veteran.

Funeral Expenses

Sec. 802. (a) Where a veteran dies who—

(1) was a veteran of any war;

(2) had been discharged from the active military, naval, or air service for a disability incurred or aggravated in line of duty; or

(3) was in receipt of disability compensation; the Administrator, in his discretion having due regard to the circumstances in each case, may pay a sum not exceeding $150 to such person as he prescribes to cover the burial and funeral expenses of the deceased veteran and the expense of preparing the body and transporting it to the place of burial.

(b) Except as hereafter provided in this subsection, no deduction shall be made from the burial allowance because of the veteran's net assets at the time of his death, or because of any contribution from any source toward the burial and funeral expenses (including transportation) unless the amount of expenses incurred is covered by the amount actually paid therefor by the United States, a State, any agency or political subdivision of the United States or of a State, the employer of the deceased veteran, or a burial association. No claim shall be allowed for more than the difference between the entire amount of the expenses incurred, and the amount paid by any or all of the foregoing. The Administrator shall not deny or reduce the amount of the burial allowance otherwise payable because of a cash contribution made by a burial association to any person other than the person rendering burial and funeral services. The burial allowance or any part thereof shall not be paid in any case where specific provision is otherwise made for payment of expenses of funeral, transportation, and interment under any other Act.

Death in Veterans' Administration Facility

Sec. 803. (a) Where death occurs in a Veterans' Administration facility to which the deceased was properly admitted for hospital or domiciliary care under authority of section 510 or 511 (a) of this Act, the Administrator shall pay the actual cost (not to exceed $150) of the burial and funeral.

(b) In addition to the foregoing, when such a death occurs in the continental United States, the Administrator shall transport the body to the place of burial in the United States, or to the place of burial within Alaska if the deceased was a resident of Alaska who had been...
brought to the United States as a beneficiary of the Veterans' Administration for hospital or domiciliary care. Where such a death occurs in a Territory, a Commonwealth, or a possession of the United States, the Administrator shall transport the body to the place of burial within such Territory, Commonwealth, or possession.

(c) Within the limits prescribed in subsection (a), the Administrator may make contracts for burial and funeral services without regard to the laws requiring advertisement for proposals for supplies and services for the Veterans' Administration.

**CLAIMS FOR REIMBURSEMENT**

Sec. 804. Applications for payments under section 802 must be filed within two years after the burial of the veteran. If a claimant's application is incomplete at the time it is originally submitted, the Administrator shall notify the applicant of the evidence necessary to complete the application. If such evidence is not received within one year from the date of such notification, no allowance may be paid.

**PERSONS ELIGIBLE UNDER PRIOR LAW**

Sec. 805. The death of any person who had a status which would, under the laws in effect on the day before the effective date of this Act, afford entitlement to the burial benefits and other benefits provided for in this title, but who did not meet the service requirements contained in this title, shall afford entitlement to such benefits notwithstanding the failure of such person to meet such service requirements.

**TITLE IX—APPLICATIONS, EFFECTIVE DATES AND PAYMENTS**

**PART A—APPLICATIONS**

**CLAIMS AND FORMS**

Sec. 901. (a) A specific claim in the form prescribed by the Administrator (or jointly with the Secretary of Health, Education, and Welfare under section 601 of the Servicemen's and Veterans' Survivor Benefits Act) must be filed in order for benefits to be paid or furnished to any individual under the laws administered by the Veterans' Administration.

(b) (1) A claim by a widow or child for compensation or dependency and indemnity compensation shall also be considered to be a claim for death pension and accrued benefits under section 921, and a claim by a widow or child for death pension shall be considered to be a claim for death compensation (or dependency and indemnity compensation) and accrued benefits under section 921.

(2) A claim by a parent for compensation or dependency and indemnity compensation shall also be considered to be a claim for accrued benefits under section 921.

INCOMPLETE APPLICATIONS

Sec. 903. (a) If a claimant's application for benefits under the laws administered by the Veterans' Administration is incomplete, the Administrator shall notify the claimant of the evidence necessary to complete the application. If such evidence is not received within one year from the date of such notification, no benefits may be paid or furnished by reason of such application.

(b) This section shall not apply to any application or claim for Government life insurance benefits.

DISALLOWED CLAIMS

Sec. 904. (a) Where a claim has been finally disallowed, a later claim on the same factual basis, if supported by new and material evidence, shall have the attributes of a new claim, except that whenever any disallowed claim is reopened and thereafter allowed on the basis of new and material evidence resulting from the correction of the military records of the proper service department under section 1552 of title 10 of the United States Code, the effective date of commencement of the benefits so awarded shall be the date on which an application was filed for correction of the military record.

(b) This section shall not apply to any application or claim for Government life insurance benefits.

PART B—EFFECTIVE DATES

EFFECTIVE DATES OF AWARDS

Sec. 910. (a) Unless specifically provided otherwise in this title, the effective date of an award of compensation, dependency and indemnity compensation, or pension, shall be fixed in accordance with the facts found, but shall not be earlier than the date of receipt of application therefor.

(b) The effective date of an award of disability compensation to a veteran shall be the date of his discharge or release if application therefor is received within one year from such date of discharge or release.

SEC. 911. The effective date of an award of increased compensation, dependency and indemnity compensation, or pension (amending, reopening, or supplementing a previous award, authorizing any payments not previously authorized to the individual involved) shall be fixed in accordance with the facts found, but shall not be earlier than the date of receipt of evidence showing entitlement thereto.

EFFECTIVE DATES OF REDUCTIONS AND DISCONTINUANCES

SEC. 912. (a) Except as otherwise specified in this section, the effective date of reduction or discontinuance of compensation, dependency and indemnity compensation, or pension shall be fixed in accordance with the facts found.

PART C—PAYMENT OF BENEFITS

PAYMENT OF BENEFITS BY CHECK; DELIVERY

SEC. 920. (a) Monetary benefits under laws administered by the Veterans' Administration shall be paid by checks drawn, pursuant to certification by the Administrator, by the Secretary of the Treasury in such form as to protect the United States against loss, and payable by the Secretary of the Treasury. Such checks shall be payable without separate vouchers or receipts except in any case in which the Administrator may consider a voucher necessary for the protection of the Government. Such checks shall be transmitted by mail to the payee thereof at his last-known address, and the envelope or cover thereof may bear an appropriate notice of the prohibition set forth in subsection (b).

(b) Postmasters, delivery clerks, letter carriers, and all other postal employees are prohibited from delivering any mail addressed by the United States and containing any such check to any person whomsoever, if he has died or moved, or in the case of a widow, if the postal employee believes that she has remarried (unless the mail is addressed to her in the name she has acquired by her remarriage). The preceding sentence shall apply in the case of checks in payment of benefits other than pension, compensation, dependency and indemnity compensation, and insurance, only insofar as the Administrator deems it necessary to protect the United States against loss.

(c) Whenever mail is not delivered because of the prohibition of subsection (b), such mail shall be returned forthwith by the post-
master with a statement of the reason for so doing, and if because of death or remarriage, the date thereof, if known. Checks returned under this subsection because of death or remarriage shall be canceled.

PAYMENT OF ACCRUED BENEFITS UPON DEATH OF A BENEFICIARY

SEC. 921. (a) Pension, compensation, dependency and indemnity compensation, retirement pay, subsistence allowance, education and training allowance, special training allowance, and educational assistance allowance to which an individual was entitled at his death under existing ratings or decisions, or those based on evidence in the file at date of death (hereafter in this section and section 922 referred to as "accrued benefits") and due and unpaid for a period not to exceed one year, shall, upon the death of such individual, be paid as follows:

1. Upon the death of a person receiving an apportioned share of benefits payable to a veteran, all or any part of such benefits to the veteran or to any other dependent or dependents of the veteran, as may be determined by the Administrator;

2. Upon the death of a veteran, to the living person first listed below:
   (A) His spouse;
   (B) His children (in equal shares);
   (C) His dependent parents (in equal shares);

3. Upon the death of a widow or remarried widow, to the children of the deceased veteran;

4. Upon the death of a child, to the surviving children of the veteran who are entitled to death compensation, dependency and indemnity compensation, or death pension; and

5. In all other cases, only so much of the accrued benefits may be paid as may be necessary to reimburse the person who bore the expense of last sickness and burial.

(b) No part of any accrued benefits shall be used to reimburse any political subdivision of the United States for expenses incurred in the last sickness or burial of any beneficiary.

(c) Applications for accrued benefits must be filed within one year after the date of death. If a claimant’s application is incomplete at the time it is originally submitted, the Administrator shall notify the claimant of the evidence necessary to complete the application. If such evidence is not received within one year from the date of such notification, no accrued benefits may be paid.

CANCELLATION OF CHECKS MAILED TO DECEASED PAYEES

SEC. 922. A check received by a payee in payment of accrued benefits shall, if the payee died on or after the last day of the period covered by the check, be returned to the Veterans' Administration and canceled, unless negotiated by the payee or the duly appointed representative of his estate. The amount represented by such check, or any amount recovered by reason of improper negotiation of any such check, shall be payable in the manner provided in section 921, without regard to section 921 (c). Any amount not paid in the manner provided in section 921 shall be paid upon settlement by the General Accounting Office to the estate of the deceased payee unless the estate will escheat.
TITLE X—SPECIAL PROVISIONS RELATING TO BENEFITS

NONASSIGNABILITY AND EXEMPT STATUS OF BENEFITS

Sec. 1001. (a) Payments of benefits due or to become due under any law administered by the Veterans' Administration shall not be assignable except to the extent specifically authorized by law, and such payments made to, or on account of, a beneficiary shall be exempt from taxation, shall be exempt from the claim of creditors, and shall not be liable to attachment, levy, or seizure by or under any legal or equitable process whatever, either before or after receipt by the beneficiary. The preceding sentence shall not apply to claims of the United States arising under such laws nor shall the exemption therein contained as to taxation extend to any property purchased in part or wholly out of such payments. The provisions of this section shall not be construed to prohibit the assignment by any person, to whom converted insurance shall be payable under title III of the World War Veterans' Act, 1924, of his interest in such insurance to any other member of the permitted class of beneficiaries or the assignment, otherwise authorized, of insurance under the National Service Life Insurance Act of 1940, or of indemnity under the Servicemen's Indemnity Act of 1951.

(b) This section shall prohibit the collection by setoff or otherwise out of any benefits payable pursuant to any law administered by the Veterans' Administration and relating to veterans, their estates, or their dependents, of any claim of the United States or any agency thereof against (1) any person other than the indebted beneficiary or his estate; or (2) any beneficiary or his estate except amounts due the United States by such beneficiary or his estate by reason of overpayments or illegal payments made under such laws to such beneficiary or his estate or to his dependents as such. If the benefits referred to in the preceding sentence are insurance payable by reason of yearly renewable term or of United States Government life (converted) insurance or of National Service Life Insurance, issued by the United States, the exemption provided in this section shall not apply to indebtedness existing against the particular insurance contract upon the maturity of which the claim is based, whether such indebtedness is in the form of liens to secure unpaid premiums or loans, or interest on such premiums or loans, or indebtedness arising from overpayments of dividends, refunds, loans, or other insurance benefits.

(c) Notwithstanding subsection (a), payments of benefits under laws administered by the Veterans' Administration shall not be exempt from levy under subchapter D of chapter 64 of the Internal Revenue Code of 1954 (relating to seizure of property for collection of taxes).

WAIVER OF RECOVERY OF OVERPAYMENTS

Sec. 1002. (a) There shall be no recovery of overpayments of any benefits (except servicemen's indemnity) under any of the laws administered by the Veterans' Administration from any person who, in the judgment of the Administrator, is without fault on his part, and where, in the judgment of the Administrator, such recovery would defeat the purpose of benefits otherwise authorized or would be against equity and good conscience.

(b) No certifying or disbursing officer shall be liable for any amount paid to any person where the recovery of such amount is waived under subsection (a).
CERTAIN BARS TO BENEFITS

SEC. 1003. (a) The discharge or dismissal by reason of the sentence of a general court-martial of any person from the Armed Forces, or the discharge of any such person on the ground that he was a conscientious objector who refused to perform military duty or refused to wear the uniform or otherwise to comply with lawful orders of competent military authority, or as a deserter, or of an officer by the acceptance of his resignation for the good of the service, or (except as provided in subsection (c)) the discharge of any individual during a period of hostilities as an alien, shall bar all rights of such person under laws administered by the Veterans' Administration based upon the period of service from which discharged or dismissed.

(b) Notwithstanding subsection (a), if it is established to the satisfaction of the Administrator that, at the time of the commission of an offense leading to his court-martial, discharge, or resignation, any person was insane, such person shall not be precluded from benefits under laws administered by the Veterans' Administration based upon the period of service from which he was separated.

(c) Subsection (a) shall not apply to any alien whose service was honest and faithful, and who was not discharged on his own application or solicitation as an alien.

(d) This section shall not apply to any war-risk insurance, Government (converted) or national service life insurance policy.

PROHIBITION AGAINST DUPLICATION OF BENEFITS

SEC. 1004. (a) Except to the extent that retirement pay is waived under other laws, not more than one award of pension, compensation, emergency officers', regular, or reserve retirement pay, or initial award of naval pension granted after July 13, 1943, shall be made concurrently to any person based on his own service.

(b) The receipt of pension, compensation, or dependency and indemnity compensation by a widow, child, or parent on account of the death of any person, or receipt by any person of pension or compensation on account of his own service, shall not bar the payment of pension, compensation, or dependency and indemnity compensation on account of the death or disability of any other person.

(c) Pension, compensation, or retirement pay on account of his own service shall not be paid to any person for any period for which he receives active service pay.

WAIVER OF RETIRED PAY

SEC. 1005. Any person who is receiving pay pursuant to any provision of law relating to the retirement of persons in the regular military, naval, or air service, or relating to retirement from any reserve component of the military, naval, or air service for disability, and who would be eligible to receive pension or compensation under the laws administered by the Veterans' Administration if he were not receiving such retired pay, shall be entitled to receive such pension or compensation upon the filing by such person with the department by which such retired pay is paid of a waiver of so much of his retired pay as is equal in amount to such pension or compensation. To prevent duplication of payments, the department with which any such waiver is filed shall notify the Veterans' Administration of the receipt of such waiver, the amount waived, and the effective date of the reduction in retired pay.
RENOUNCEMENT OF RIGHT TO BENEFITS

Sec. 1006. (a) Any person entitled to pension, compensation, or dependency and indemnity compensation under any of the laws administered by the Veterans' Administration may renounce his right thereto. The application renouncing the right shall be in writing over the person's signature. TITLE XIII—BOARD OF VETERANS' APPEALS

COMPOSITION OF BOARD OF VETERANS' APPEALS

Sec. 1301. (a) There shall be in the Veterans' Administration a Board of Veterans' Appeals (hereafter in this title referred to as the "Board") under the administrative control and supervision of a chairman directly responsible to the Administrator. The Board shall consist of a Chairman, a Vice Chairman, such number (not more than fifty) of associate members as may be found necessary, and such other professional, administrative, clerical, and stenographic personnel as are necessary in conducting hearings and considering and disposing of appeals properly before the Board.

(b) Members of the Board (including the Chairman and Vice Chairman) shall be appointed by the Administrator with the approval of the President.

ASSIGNMENT OF MEMBERS OF BOARD

Sec. 1302. The Chairman may from time to time divide the Board into sections of three members, assign the members of the Board thereto, and designate the chief thereof. If a section as a result of a vacancy or absence or inability of a member assigned thereto to serve thereon is composed of a number of members less than designated for the section, the Chairman may assign other members to the section or direct the section to proceed with the transaction of business without awaiting any additional assignment of members thereto. A hearing docket shall be maintained and formal recorded hearings shall be held by such associate member or members as the Chairman may designate, the associate member or members being of the section which will make final determination in the claim. A section of the Board shall make a determination on any proceeding instituted before the Board and on any motion in connection therewith assigned to such section by the Chairman and shall make a report of any such determination, which report shall constitute its final disposition of the proceeding.

DETERMINATIONS BY THE BOARD

Sec. 1303. (a) The determination of the section, when unanimously concurred in by the members of the section, shall be the final determination of the Board, except that the Board on its own motion may correct an obvious error in the record, or may upon the basis of additional official information from the service department concerned reach a contrary conclusion.

(b) When there is a disagreement among the members of the section the concurrence of the Chairman with the majority of members of such section shall constitute the final determination of the Board, except that the Board on its own motion may correct an obvious error in the record, or may upon the basis of additional official information from the service department concerned reach a contrary conclusion.

JURISDICTION OF THE BOARD

Sec. 1304. (a) All questions on claims involving benefits under the laws administered by the Veterans' Administration shall be subject to one review on appeal to the Administrator. Final decisions on such appeals shall be made by the Board.

(b) When a claim is disallowed by the Board, it may not thereafter be reopened and allowed, and no claim based upon the same factual basis shall be considered; however, where subsequent to disallowance of a claim, new and material evidence in the form of official reports
from the proper service department is secured, the Board may authorize the reopening of the claim and review of the former decision.

(c) The Board shall be bound in its decisions by the regulations of the Veterans' Administration, instructions of the Administrator, and the precedent opinions of the chief law officer.

APPLICATIONS FOR REVIEW ON APPEAL

Sec. 1305. (a) Except in the case of simultaneously contested claims, applications for review on appeal shall be filed within one year from the date of mailing of notice of the result of initial review or determination. Such applications must be filed with the activity which entered the denial. If such an application is timely filed, a reasonable time thereafter will be allowed, if requested, for the perfection of the appeal and the presentation of additional evidence before final determination or decision is made. Applications postmarked before the expiration of the one-year period will be accepted as timely filed.

(b) If no application for review on appeal is filed in accordance with this title within the one-year period, the action taken on initial review or determination shall become final and the claim will not thereafter be reopened or allowed, except that where subsequent to such disallowance new and material evidence in the form of official reports from the proper service department is secured the Administrator may authorize the reopening of the claim and review of the former decision.

(c) (1) Application for review on appeal may be made in writing by the claimant, his legal guardian, or such accredited representative, or authorized agent, as may be selected by him. Not more than one recognized organization or authorized agent will be recognized at any one time in the prosecution of a claim.

(2) Application for review on appeal may be made within the one-year period prescribed by this section by such officials of the Veterans' Administration as may be designated by the Administrator. An application entered under this paragraph shall not operate to deprive the claimant of the right of review on appeal as provided in this title.

(d) In each application for review on appeal the name and service of the veteran on account of whose service the claim is based must be stated, together with the number of the claim and the date of the action from which the appeal is taken. The application must clearly identify the benefit sought.

(e) Each application for review on appeal should contain specific assignments of the alleged mistake of fact or error of law in the adjudication of the claim. Any application which is insufficient may be dismissed.

DOCKETING OF APPEAL

Sec. 1306. All cases received pursuant to application for review on appeal shall be considered and decided in regular order according to their places upon the docket; however, for cause shown a case may be advanced on motion for earlier consideration and determination. Every such motion shall set forth succinctly the grounds upon which it is based. No such motion shall be granted except in cases involving interpretation of law of general application affecting other claims, or for other sufficient cause shown.
SIMULTANEOUSLY CONTESTED CLAIMS

SEC. 1307. (a) In simultaneously contested claims where one is allowed and one rejected, the time allowed for the filing of an application for review on appeal shall be sixty days, from the date notice is mailed of the original action to the claimant to whom the action is adverse. In such cases the activity concerned shall promptly notify all parties in interest of the original action taken, expressly inviting attention to the fact that an application for review on appeal will not be entertained unless filed within the sixty-day period prescribed by this subsection. Such notices shall be forwarded to the parties in interest to the last known address of record.

(b) Upon the filing of an application for review on appeal in simultaneously contested claims, all parties other than the applicant for review on appeal whose interests may be adversely affected by the decision, shall be notified of the substance thereof and allowed thirty days from the date of mailing of such notice within which to file brief or argument in answer thereto before the record is forwarded on application for review on appeal. Such notice shall be forwarded to the last known address of record of the parties whose interests may be adversely affected, and such action shall constitute sufficient evidence of notice.

REJECTION OF APPLICATIONS

SEC. 1308. An application for review on appeal shall not be entertained unless it is in conformity with this title.

Where in the opinion of the Administrator any guardian, curator, conservator, or other person is acting as fiduciary in such a number of cases as to make it impracticable to conserve properly the estates or to supervise the persons of the wards, the Administrator may refuse to make future payments in such cases as he may deem proper. Before receipt of notice by the Veterans’ Administration that any such person is under such other legal disability adjudged by some court of competent jurisdiction, payment may be made to such person direct. Where no guardian, curator, or conservator of the person under a legal disability has been appointed under the laws of the State of residence of the claimant, the Administrator shall determine the person who is otherwise legally vested with the care of the claimant or his estate.

(b) Whenever it appears that any guardian, curator, conservator, or other person, in the opinion of the Administrator, is not properly executing or has not properly executed the duties of his trust or has collected or paid, or is attempting to collect or pay, fees, commissions, or allowances that are inequitable or in excess of those allowed by law for the duties performed or expenses incurred, or has failed to make such payments as may be necessary for the benefit of the ward or the dependents of the ward, then the Administrator may appear, by his duly authorized attorney, in the court which has appointed such fiduciary, or in any court having original, concurrent, or appellate jurisdiction over said cause, and make proper presentation of such matters. The Administrator, in his discretion, may suspend payments to any such guardian, curator, conservator, or other person who shall neglect or refuse, after reasonable notice, to render an account to the Administrator from time to time showing the application of such payments for the benefit of such incompetent or minor beneficiary, or who shall neglect or refuse to administer the estate according to law. The Administrator may appear or intervene by his duly authorized attorney in any court as an interested party in any litigation instituted by himself or otherwise, directly affecting money paid to such fiduciary under this section.

(c) Authority is hereby granted for the payment of any court or other expenses incident to any investigation or court proceeding for the appointment of any guardian, curator, conservator, or other person legally vested with the care of the claimant or his estate or the removal of such fiduciary and appointment of another, and of expenses in connection with the administration of such estates by such fiduciaries, or
in connection with any other court proceeding hereby authorized, when such payment is authorized by the Administrator.

(d) All or any part of any benefits the payment of which is suspended or withheld under this section may, in the discretion of the Administrator, be paid temporarily to the person having custody and control of the incompetent or minor beneficiary, to be used solely for the benefit of such beneficiary, or, in the case of an incompetent veteran, may be apportioned to the dependent or dependents, if any, of such veteran. Any part not so paid and any funds of a mentally incompetent or insane veteran not paid to the chief officer of the institution in which such veteran is an inmate nor apportioned to his dependent or dependents may be ordered held in the Treasury to the credit of such beneficiary. All funds so held shall be disbursed under the order and in the discretion of the Administrator for the benefit of such beneficiary or his dependents. Any balance remaining in such fund to the credit of any beneficiary may be paid to him if he recovers and is found competent, or, if a minor, attains majority, or otherwise to his guardian, curator, or conservator, or, in the event of his death, to his personal representative, except as otherwise provided by law; however, payment will not be made to his personal representative if, under the law of his last legal residence, his estate would escheat to the State. Any funds in the hands of a guardian, curator, conservator, or person legally vested with the care of the beneficiary or his estate, derived from benefits payable under laws administered by the Veterans' Administration, which under the law of the State wherein the beneficiary had his last legal residence would escheat to the State, shall escheat to the United States and shall be returned by such guardian, curator, conservator, or person legally vested with the care of the beneficiary or his estate, or by the personal representative of the deceased beneficiary, less legal expenses of any administration necessary to determine that an escheat is in order, to the Veterans' Administration, and shall be deposited to the credit of the applicable current appropriation.

(e) In the case of any incompetent veteran having no guardian, payment of compensation, pension, or retirement pay may be made in the discretion of the Administrator to the wife of such veteran for the use of the veteran and his dependents.

(f) Payment of death benefits to a widow for herself and child or children, if any, may be made directly to such widow, notwithstanding she may be a minor.

HOSPITALIZED VETERANS AND ESTATES OF INCOMPETENT INSTITUTIONALIZED VETERANS

Sec. 1508. (a) (1) Where any veteran having neither wife, child, nor dependent parent is being furnished hospital treatment, institutional or domiciliary care by the Veterans' Administration any pension, compensation, or retirement pay otherwise payable shall continue without reduction until the first day of the seventh calendar month following the month of admission of such veteran for treatment or care. If treatment or care extends beyond that period, the pension, compensation, or retirement pay, if $30 per month or less, shall continue without reduction, but if greater than $30 per month, the pension, compensation, or retirement pay shall not exceed 50 per centum of the amount otherwise payable or $30 per month, whichever is the greater. If such veteran is discharged from such treatment or care upon certification by the officer in charge of the hospital, institution, or home, that maximum benefits have been received or that release is approved, he shall be paid in a lump sum such additional
amount as would equal the total sum by which his pension, compensation, or retirement pay has been reduced under this section. If treatment or care is terminated by the veteran against medical advice or as the result of disciplinary action the amount by which any pension, compensation, or retirement pay is reduced hereunder, shall be paid to him at the expiration of six months after such termination or, in the event of his prior death, as provided in paragraph (2) of this subsection; and the pension, compensation, or retirement pay of any veteran leaving against medical advice or as the result of disciplinary action shall, upon a succeeding readmission for treatment or care, be subject to reduction, as herein provided, from the date of such readmission, but if such subsequent treatment or care is continued until discharge therefrom upon certification, by the officer in charge of the hospital, institution, or home in which treatment or care was furnished, that maximum benefits have been received or that release is approved, the veteran shall be paid in a lump sum such additional amount as would equal the total sum by which his pension, compensation, or retirement pay has been reduced under this section after such readmission.

(2) (A) In the event of the death of any veteran subject to the provisions of this section, while receiving hospital treatment, institutional or domiciliary care, or before payment of any lump sum authorized herein, such lump sum shall be paid in the following order of precedence: First, to the spouse; second, if the decedent left no spouse, or if the spouse is dead at time of settlement, then to the children (without regard to their age or marital status) in equal parts; third, if no spouse or child, then to the father and mother in equal parts; fourth, if either the father or mother is dead, then to the one surviving; fifth, if there is no spouse, child, father, or mother at the time of settlement, then to the brothers and sisters in equal parts. If there are no persons in the classes named to whom payment may be made under this paragraph, no payment shall be made, except there may be paid only so much of the lump sum as may be necessary to reimburse a person who bore the expenses of last sickness or burial, but no part of the lump sum shall be used to reimburse any political subdivision of the United States for expenses incurred in the last sickness or burial of such veteran.

(B) No payment shall be made under this paragraph (2) unless claim therefor is filed with the Veterans' Administration within five years after the death of the veteran, except that if any person so entitled under this paragraph is under legal disability at the time of death of the veteran, such five-year period of limitation shall run from the termination or removal of the legal disability.

(b) (1) Where any veteran having neither wife, child, nor dependent parent is being furnished hospital treatment, institutional or domiciliary care by the Veterans' Administration, and is rated by the Veterans' Administration in accordance with regulations as being incompetent by reason of mental illness, the pension, compensation, or retirement pay of such veteran shall be subject to the provisions of subsection (a) of this section; however, no payment of a lump sum herein authorized shall be made until after the expiration of six months following a finding of competency.

(2) In any case where the estate of such incompetent veteran derived from any source equals or exceeds $1,500, further payments of such benefits (except retired pay, but including emergency officers' retirement pay) shall not be made until the estate is reduced to $500; however, the amount which would be payable but for this subsection shall be paid to the veteran as provided for the lump sum in paragraph (1) of this subsection but in the event of the veteran's death no part thereof shall be payable.
(3) All or any part of the pension, compensation, or retirement pay payable on account of any incompetent veteran who is being furnished hospital treatment, institutional or domiciliary care may, in the discretion of the Administrator, be paid to the chief officer of the institution wherein the veteran is being furnished such treatment or care, to be properly accounted for by such chief officer and to be used for the benefit of the veteran.

(c) Any veteran subject to the provisions of subsection (a) or (b) shall be deemed to be single and without dependents in the absence of satisfactory evidence to the contrary. In no event shall increased compensation, pension, or retirement pay of such veteran be granted for any period more than one year before receipt of satisfactory evidence showing such veteran has a wife, child, or dependent parent.

(d) Notwithstanding any other provision of this section or any other provision of law, no reduction shall be made in the pension, compensation, or retirement pay of any veteran for any part of the period during which he is furnished hospital treatment, or institutional or domiciliary care, for Hansen's disease, by the United States or any political subdivision thereof.

ADMINISTRATION OF TRUST FUNDS

Sec. 1504. All cash balances in the personal funds of patients and the funds due incompetent beneficiaries trust funds administered by the Veterans' Administration, and all moneys received which are properly for deposit into these funds, may be deposited, respectively, into special deposit accounts with the Treasurer of the United States for credit to the several disbursing officers of the Division of Disbursement, Treasury Department, and such balances and deposits shall thereupon be available for disbursement for properly authorized purposes without covering into the Treasury of the United States and withdrawal on money requisitions. When any balances have been on deposit with the Treasurer of the United States for more than one year and represent moneys belonging to individuals whose whereabouts are unknown, they shall be transferred and disposed of as directed in the last proviso of subsection (a) of section 20 of the Permanent Appropriation Repeal Act, 1934 (31 U. S. C., sec. 725s).

   (2) unless, with respect to each claim, such individual has filed
       with the Administrator a power of attorney, executed in such
       manner and form as the Administrator may prescribe.

(c) Service rendered in connection with any such claim, while not
    on active duty, by any retired officer, warrant officer, or enlisted
    man of the Armed Forces recognized under this section shall not be a vio-

The Attorney General may procure and accept on behalf of the United States by gift, purchase, cession, or otherwise absolute title to and complete jurisdiction over all such property.

Any such easement or right-of-way shall be terminated upon abandonment or nonuse of the same and all right, title, and interest in the land covered thereby shall thereupon revert to the United States or its assignee.

LEGAL PROCEEDINGS

SEC. 1802. For the purpose of acquiring title to and possession of any property which he is by this title authorized to accept, the Administrator may initiate and appear in any appropriate legal proceedings, and take such steps therein or in connection therewith as in his discretion may be desirable and appropriate to reduce said property to possession. He may incur such expenses incident to such proceedings as he deems necessary or appropriate, which shall be paid as are other administrative expenses of the Veterans' Administration. All funds received by devise, bequest, gift, or otherwise, for the purposes contemplated in this title, including net proceeds of sales authorized by this title, shall be deposited with the Treasurer of the United States to the credit of the General Post Fund.

RESTRICTED GIFTS

SEC. 1803. Disbursements from the General Post Fund shall be made on orders by and within the discretion of the Administrator and in the manner prescribed in section 1923; except that (1) if the testator or donor has directed or shall direct that his devise, bequest, or gift be devoted to a particular use authorized by this title, the same, less expenses incurred, or the net proceeds thereof, shall be used or disbursed as directed, except that a precatory direction shall be fulfilled only.
insofar as may be proper or practicable; and (2) if the testator or
donor shall have indicated his desire that his devise, bequest, or gift
shall be for the benefit of persons in hospitals or homes, or other
institutions operated by the United States but under the jurisdiction
of an official other than the Administrator, the same, less expenses
incurred, or the net proceeds thereof which may come into possession
of the Administrator shall be disbursed by transfer to the governing
authorities of such institution, or otherwise, in such manner as the
Administrator may determine, for the benefit of the persons in the
institution indicated by the testator or donor, for proper purposes,
as nearly as practicable in conformity with such desire of the testator
or donor.

DISPOSITION OF PROPERTY

SEC. 1804. If the Administrator receives any property other than
moneys as contemplated by this title, he is authorized in his discretion
to sell, assign, transfer, and convey the same, or any interest therein
claimed by virtue of such devise, bequest, or gift, for such price and
upon such terms as he deems advantageous (including consent to
partition of realty and compromise of contested claim of title) and
his assignment, deed, or other conveyance of any such property,
executed in the name and on behalf of the United States, shall be valid
to pass to the purchaser thereof such title to said property as the
United States, beneficially or as trustee of the General Post Fund,
may have by virtue of any such devise, bequest, or gift, and the pro-
cedings incident thereto, subject to the conditions, limitations, and
provisions of the instruments so executed by the Administrator.

SAVINGS PROVISION

SEC. 1805. (a) Nothing contained in this title shall be construed
to repeal or modify section 4831 of the Revised Statutes of the United
States, or any other statute authorizing the acceptance of devises,
bequests, or gifts to the United States for their own use and benefit or
for any particular purpose specified by the donors or testators.
(b) Whenever the United States receives property and it appears
that it is, or shall have been, the intention of the testator or donor
that such devise, bequest, or gift be for the benefit of those persons
described in section 1801, or any particular hospital or other insti-
tution operated primarily for their benefit, such property or the pro-
cceeds thereof shall be credited to the General Post Fund, and shall be
used or disbursed in accordance with the provisions of this title.

TITLE XIX—DISPOSITION OF DECEASED VETERANS' PERSONAL PROPERTY

PART A—PROPERTY LEFT ON VETERANS' ADMINISTRATION FACILITY

VESTING OF PROPERTY LEFT BY DECEDENTS

SEC. 1901. (a) Personal property left by any decedent upon prem-
ises used as a Veterans' Administration facility, which premises are
subject to the exclusive legislative jurisdiction of the United States
and are within the exterior boundaries of any State, Territory, Com-
monwealth, insular possession, or dependency of the United States,
shall vest and be disposed of as provided in this part, except that—

(1) if such person died leaving a last will and testament pro-
bated under the laws of the place of his domicile or under the
laws of the State, Territory, Commonwealth, insular possession,
or dependency of the United States within the exterior bound-
aries of which such premises or a part thereof may be, the personal property of such decedent situated upon such premises shall vest in the person or persons entitled thereto under the provisions of such last will and testament; and

(2) if such person died leaving any such property not disposed of by a last will and testament probated in accord with the provisions of paragraph (1) such property shall vest in the persons entitled to take such property by inheritance under and upon the conditions provided by the law of the decedent's domicile. This paragraph shall not apply to property to which the United States is entitled except where such title is divested out of the United States.

(b) Any officer or employee of the United States in possession of any such property may deliver same to the executor (or the administrator with will annexed) who shall have qualified in either jurisdiction as provided in subsection (a) (1); or if none such then to the domiciliary administrator or to any other qualified administrator who shall demand such property. When delivery shall have been made to any such executor or administrator in accordance with this subsection, neither the United States nor any officer or employee thereof shall be liable therefor.

DISPOSITION OF UNCLAIMED PERSONAL PROPERTY

SEC. 1902. (a) Notwithstanding the provisions of section 1901, the Administrator may dispose of the personal property of such decedent left or found upon such premises as hereafter provided in this part.

(b) If any veteran (admitted as a veteran), upon his last admission to, or during his last period of maintenance in, a Veterans' Administration facility, shall have designated in writing a person (natural or corporate) to whom he desires his personal property situated upon such facility to be delivered, upon the death of such veteran the Administrator or employee of the Veterans' Administration authorized by him so to act, may transfer possession of such personal property to the person so designated. If there exists no person so designated by the veteran or if the one so designated declines to receive such property, or if he has failed to request such property within ninety days after the Veterans' Administration mails to such designate a notice of death and of the fact of such designation, a description of the property, and an estimate of transportation cost, which shall be paid by such designate if required under the regulations hereinafter mentioned, or if the Administrator declines to transfer possession to such designate, possession of such property may in the discretion of the Administrator of Veterans' Affairs, or his designated subordinate, be transferred to the following persons in the order and manner herein specified unless the parties otherwise agree as provided in this part, namely, executor or administrator, or if no notice of appointment received, to the spouse, child, grandchild, mother, father, grandmother, grandfather, brother, or sister of the veteran. In case two or more of those named above request the property, only one shall be entitled to possession thereof and in the order hereinbefore set forth, unless they otherwise agree in writing delivered to the Veterans' Administration. If claim is made by two or more such relatives having equal priorities, as hereinafter prescribed, or if there are conflicting claims the Administrator or his designee may in such case select the one to receive such possession, or may make delivery as may be agreed upon by those entitled, or may in his discretion withhold delivery from them and require the qualification of an administrator or executor of the veterans' estate and thereupon make delivery to such.
(c) If the property of any decedent is not so delivered or claimed and accepted the Administrator or his designee may dispose of such property by public or private sale in accordance with the provisions of this part and regulations prescribed by the Administrator.

(d) All sales authorized by this part shall be for cash upon delivery at the premises where sold and without warranty, express or implied. The proceeds of such sales after payment of any expenses incident thereto as may be prescribed by regulations, together with any other moneys left or found on a facility, not disposed of in accordance with this part, shall be credited to the General Post Fund, National Homes, Veterans' Administration, a trust fund provided for in section 20 (45) of the Permanent Appropriation Repeal Act, 1934 (31 U. S. C., sec. 725s). In addition to the purposes for which such fund may be used under the existing law, disbursements may be made therefrom as authorized by the Administrator by regulation or otherwise for the purpose of satisfying any legal liability incurred by any employee in administering the provisions of this part, including any expense incurred in connection therewith. Legal liability shall not exist when delivery or sale shall have been made in accordance with this part.

(e) If, notwithstanding such sale, a claim is filed with the Administrator within five years after notice of sale as herein required, by or on behalf of any person or persons who if known would have been entitled to the property under section 1901 or to possession thereof under this section, the Administrator shall determine the person or persons entitled under the provisions of this part and may pay to such person or persons so entitled the proceeds of sale of such property, less expenses. Such payment shall be made out of the said trust fund, and in accord with the provisions of this section or section 1901. Persons under legal disability to sue in their own name may make claim for the proceeds of sale of such property at any time within five years after termination of such legal disability.

(f) Any such property, the sale of which is authorized under this part and which remains unsold, may be used, destroyed, or otherwise disposed of in accordance with regulations promulgated by the Administrator.

NOTICE OF PROVISIONS OF THIS PART

Sec. 1903. All persons having or bringing personal property on the premises of a Veterans' Administration facility shall be given reasonable notice of the provisions of this part. In case of a mentally incompetent person, notice hereof shall be given the guardian or other person having custody or control of such person or, if none, to his nearest relative if known. The admission to or continued maintenance in such facility after reasonable notice of the provisions of this part shall constitute consent to the provisions hereof. The death of any person on any such facility or the leaving of property thereon shall be prima facie evidence of a valid agreement for the disposition of such property in accordance with the provisions of this part.

DISPOSITION OF OTHER UNCLAIMED PROPERTY

Sec. 1904. Any other unclaimed property found on the premises under the control of the Veterans' Administration shall be stored by the officer in charge of such premises and may be sold, used, destroyed, or otherwise disposed of in accordance with regulations promulgated by the Administrator if the owner thereof fails to claim same within ninety days. If undisposed of, the same may be reclaimed by the owner, his personal representative or next of kin, upon payment of
reasonable storage charges prescribed by regulations. If sold, the net proceeds thereof shall be credited to said post fund to be expended as other assets of such funds. The person who was entitled to such property, or his legal representative, or assignee, shall be paid the proceeds of sale thereof, less expenses if claim therefor be made within five years from the date of finding. If the owner shall have died intestate without creditors or next of kin surviving, such proceeds shall not be paid to his legal representative.

SALE OR OTHER DISPOSITION OF PROPERTY

Sec. 1905. Any unclaimed personal property as described in section 1902 of veterans who have heretofore died or who may hereafter die while maintained as such in a Veterans' Administration facility, and also any unclaimed property heretofore or hereafter found or situated in such facility, may be sold, used, destroyed, or otherwise disposed of in accordance with this part, and subject to regulations promulgated by the Administrator pursuant hereto; and the net proceeds of sale thereof shall be credited and be subject to disbursement as provided in this part.

NOTICE OF SALE

Sec. 1906. At least ninety days before any sale pursuant to this part, written or printed notice thereof describing the property to be sold shall be mailed to the owner of the property or, if deceased, to his executor or administrator, or to the nearest kin, if any such appear by the records of the Veterans' Administration. If none such appears from said records, similar notice shall be posted at the facility where the death occurred or property shall have been found (if in existence) and at the place where such property is situated at the time of such notice, and also at the place where probate notices are posted in the county wherein the sale is to be had. The person posting such notice shall make an affidavit setting forth the time and place of such posting and attaching thereto a copy of such notice, and such affidavit shall be prima facie evidence of such posting and admissible in evidence as proof of the same.

PAYMENT OF SMALL SHIPPING CHARGES

Sec. 1907. Upon receipt of a proper claim for such property under the provisions of this part the Administrator is hereby authorized, in his discretion and in accordance with regulations by him promulgated, to pay mailing or shipping charges not to exceed $10 in the case of each deceased veteran as hereinabove defined.

RELINQUISHMENT OF FEDERAL JURISDICTION

Sec. 1908. Subject to the provisions of this part and to the extent necessary to effectuate the purposes of this part, there is hereby relinquished to the respective State, Territory, Commonwealth, insular possession, or dependency of the United States such jurisdiction pertaining to the administration of estates of decedents as may have been ceded to the United States by said State, Territory, Commonwealth, insular possession, or dependency of the United States respecting the Federal reservation on which is situated any Veterans' Administration facility while such facility is operated by the Veterans' Administration; such jurisdiction with respect to any such property on any such reservation to be to the same extent as if such premises had not been ceded to the United States. Nothing in this
section shall be construed to deprive any said State, Territory, Commonwealth, insular possession, or dependency of the United States of any jurisdiction which it now has nor to give any State, Territory, Commonwealth, insular possession, or dependency of the United States authority over any Federal official as such on such premises or otherwise.

DEFINITIONS

Sec. 1909. The term "facility" or "Veterans' Administration facility" as used in this part means those facilities over which the Veterans' Administration has direct and exclusive administrative jurisdiction, including hospitals or other facilities on property owned or leased by the United States while operated by the Veterans' Administration.

FINIALITY OF DECISIONS

Sec. 1910. Decisions by the Administrator under this part shall not be reviewable administratively by any other officer of the United States.

PART B—DEATH WHILE INMATE OF VETERANS' ADMINISTRATION FACILITY

VESTING OF PROPERTY LEFT BY DECEDEENTS

Sec. 1920. (a) Whenever any veteran (admitted as a veteran) shall die while a member or patient in any facility, or any hospital while being furnished care or treatment therein by the Veterans' Administration, and shall not leave surviving him any spouse, next of kin, or heirs entitled, under the laws of his domicile, to his personal property as to which he dies intestate, all such property, including money and choses in action, owned by him at the time of death and not disposed of by will or otherwise, shall immediately vest in and become the property of the United States as trustee for the sole use and benefit of the General Post Fund (hereafter in this part referred to as the "Fund"), a trust fund prescribed by section 20 (45) of the Permanent Appropriation Repeal Act, 1934 (31 U. S. C., sec. 725e (45)).

(b) The provisions of subsection (a) are conditions precedent to the initial, and also to the further furnishing of care or treatment by the Veterans' Administration in a facility or hospital. The acceptance and the continued acceptance of care or treatment by any veteran (admitted as a veteran to a Veterans' Administration facility or hospital) shall constitute an acceptance of the provisions and conditions of this part and have the effect of an assignment, effective at his death, of such assets in accordance with and subject to the provisions of this part and regulations issued in accordance with this part and former provisions of law on this subject.

PRESCRIPTION OF CONTRACT FOR DISPOSITION OF PERSONALITY

Sec. 1921. The fact of death of a veteran (admitted as such) in a facility or hospital, while being furnished care or treatment therein by the Veterans' Administration, leaving no spouse, next of kin, or heirs, shall give rise to a conclusive presumption of a valid contract for the disposition in accordance with this part, but subject to its conditions, of all property described in section 1920 owned by said decedent at death and as to which he dies intestate.
SALE OF ASSETS ACCRUING TO THE FUND

SEC. 1922. Any assets heretofore or hereafter accruing to the benefit of the Fund, other than money, but including jewelry and other personal effects, may be sold at the times and places and in the manner prescribed by regulations issued by the Administrator. Upon receipt of the purchase price he is authorized to deliver at the place of sale, said property sold, and upon request to execute and deliver appropriate assignments or other conveyances thereof in the name of the United States, which shall pass to the purchaser such title as decedent had at date of death. The net proceeds after paying any proper sales expenses as determined by the Administrator shall forthwith be paid to the Treasurer of the United States to the credit of the Fund; and may be disbursed as are other moneys in the Fund by the Division of Disbursements, Treasury Department, upon order of said Administrator. Articles of personal adornment which are obviously of sentimental value, shall be retained and not sold or otherwise disposed of until the expiration of five years from the date of death of the veteran, without a claim therefor, unless for sanitary or other proper reasons it is deemed unsafe to retain same, in which event they may be destroyed forthwith. Any other articles coming into possession of the Administrator or his representatives by virtue of this part which, under regulations promulgated by the Administrator, are determined to be unsalable may be destroyed forthwith or at the time prescribed by regulations, or may be used for the purposes for which disbursements might properly be made from the Fund, or if not usable, otherwise disposed of in accordance with regulations.

DISBURSEMENTS FROM THE FUND

SEC. 1923. Disbursements from the Fund shall be made by the Division of Disbursements, Treasury Department, upon the order and within the discretion of the Administrator for the benefit of members and patients while being supplied care or treatment by the Veterans' Administration in any facility or hospital. The authority contained in the preceding sentence is not limited to facilities or hospitals under direct administrative control of the Veterans' Administration. There shall be paid out of the assets of the decedent so far as may be the valid claims of creditors against his estate that would be legally payable therefrom in the absence of this part and without the benefit of any exemption statute, and which may be presented to the Veterans' Administration within one year from the date of death, or within the time, to the person, and in the manner required or permitted by the law of the State wherein administration, if any, is had upon the estate of the deceased veteran; and also the proper expenses and costs of administration, if any. If the decedent's estate is insolvent the distribution to creditors shall be in accordance with the laws of his domicile, and the preferences and priorities prescribed thereby shall govern, subject to any applicable law of the United States.

DISPOSAL OF REMAINING ASSETS

SEC. 1924. The remainder of such assets or their proceeds shall become assets of the United States as trustee for the Fund and disposed of in accordance with this part. If there is administration upon the decedent's estate such assets, other than money, upon claim therefor within the time required by law, shall be delivered by the administrator of the estate to the Administrator or his authorized representative, as upon final distribution; and upon the same claim there shall be paid to the Treasurer of the United States for credit to the Fund.
any such money, available for final distribution. In the absence of administration, any money, chose in action, or other property of the deceased veteran held by any person shall be paid or transferred to the Administrator upon demand by him or his duly authorized representative, who shall deliver itemized receipt therefor. Such payment or transfer shall constitute a complete acquittance of the transferor with respect to any claims by any administrator, creditor, or next of kin of such decedent.

COURT ACTIONS

Sec. 1925. If necessary to obtain such assets the Administrator, through his authorized attorneys, may bring and prosecute appropriate actions at law or other legal proceedings, the costs and expenses thereof to be paid as are other administrative expenses of the Veterans' Administration.

FILING OF CLAIMS FOR ASSETS

Sec. 1926. Notwithstanding the crediting to said Fund of the assets, or proceeds thereof, of any decedent, whether upon determination by a court or the Veterans' Administration pursuant to the provisions of section 1920, any person claiming a right to such assets may within five years after the death of the decedent file a claim on behalf of himself and any others claiming with the Administrator. Upon receipt of due proof that any person was at date of death of the veteran entitled to his personal property, or a part thereof, under the laws of the State of domicile of the decedent, the Administrator may pay out of the Fund, but not to exceed the net amount credited thereto from said decedent's estate less any necessary expenses, the amount to which such person, or persons, was or were so entitled, and upon similar claim any assets of the decedent which shall not have been disposed of shall be delivered in kind to the parties legally entitled thereto. If any person so entitled is under legal disability at the date of death of such decedent, such five-year period of limitation shall run from the termination or removal of legal disability. In the event of doubt as to entitlement, the Administrator may cause administration or other appropriate proceedings to be instituted in any court having jurisdiction. In determining questions of fact or law involved in the adjudication of claims made under this section, no judgment, decree, or order entered in any action at law, suit in equity, or other legal proceeding of any character purporting to determine entitlement to said assets or any part thereof, shall be binding upon the United States or the Administrator or determinative of any fact or question involving entitlement to any such property or the proceeds thereof, or any part of the Fund, unless the Administrator has been reasonably served with notice and permitted to become a party to such suit or proceeding if he makes a request therefor within thirty days after such notice. Notice may be served in person or by registered mail upon the Administrator, or upon his authorized attorney in the State wherein the action or proceedings may be pending. Notice may be waived by the Administrator or by his authorized attorney, in which event the finding, judgment, or decree shall have the same effect as if the Administrator were a party and served with notice. Any necessary court costs or expenses if authorized by the Administrator may be paid as are other administrative expenses of the Veterans' Administration.
NOTICE OF PROVISIONS OF PART

SEC. 1927. The Administrator shall prescribe a form of application for hospital treatment and domiciliary care which shall include notice of the provisions of this part.

INVESTMENT OF THE FUND

SEC. 1928. Money in the Fund not required for current disbursements may be invested and reinvested by the Secretary of the Treasury in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States.

PURPOSE OF VETERANS' CANTEEN SERVICE

SEC. 2001. The Veterans' Canteen Service (hereafter in this title referred to as the "Service") in the Veterans' Administration is an instrumentality of the United States, created for the primary purpose of making available to veterans of the Armed Forces who are hospitalized or domiciled in hospitals and homes of the Veterans' Administration, at reasonable prices, articles of merchandise and services essential to their comfort and well-being.

(5) employ such persons as are necessary for the establishment, maintenance, and operation of the Service, and to pay the salaries, wages, and expenses of all such employees from the funds of the Service. Personnel necessary for the transaction of the business of the Service at canteens, warehouses, and storage depots shall be appointed, compensated from funds of the Service, and removed by the Administrator without regard to civil-service laws and the Classification Act of 1949. Such employees shall be subject to the Veterans' Preference Act of 1944, the Civil Service Retirement Act, and laws administered by the Bureau of Em-

S. C., secs. 521, 543), for the purpose of cashing checks, money orders, and similar instruments in nominal amounts for the payment of money presented by veterans hospitalized or domiciled at hospitals and homes of the Veterans' Administration, and by other persons authorized by section 2003 to make purchases at canteens. Such checks, money orders, and other similar instruments may be cashed outright or may be accepted, subject to strict administrative controls, in payment for merchandise or services, and the difference between the amount of the purchase and the amount of the tendered instrument refunded in cash.

OPERATION OF SERVICE

Sec. 2003. (a) The canteens at hospitals and homes of the Veterans' Administration shall be primarily for the use and benefit of veterans hospitalized or domiciled at such hospitals and homes. Service at such canteens may also be furnished to personnel of the Veterans' Administration and recognized veterans' organizations employed at such hospitals and homes and to other persons so employed, to the families of all the foregoing persons who reside at the hospital or home concerned, and to relatives and other persons while visiting any of the persons named in this subsection; however, service to any person not hospitalized, domiciled, or residing at the hospital or home shall be limited to the sale of merchandise or services for consumption or use on the premises.
(b) Service at canteens other than those established at hospitals and homes shall be limited to sales of merchandise and services for consumption or use on the premises, to personnel employed at such establishments, their visitors, and other persons at such establishments on official business.

Amounts appropriated under the authority contained in this title, amounts heretofore appropriated under Public Law 636, Seventy-ninth Congress, and all income from canteen operations become and will be administered as a revolving fund to effectuate the provisions of this title.

REVOLVING FUND

Sec. 2005. The revolving fund shall be deposited in a checking account with the Treasury of the United States. Such amounts thereof as the Administrator may determine to be necessary to establish and maintain operating accounts for the various canteens may be deposited in checking accounts in other depositaries selected by the Administrator.

Sec. 2006. The Service shall prepare annually and submit a budget program as provided for wholly owned Government corporations by the Government Corporation Control Act which shall contain an estimate of the needs of the Service for the ensuing fiscal year including an estimate of the amount required to restore any impairment of the revolving fund resulting from operations of the current fiscal year. Any balance in the revolving fund at the close of the fiscal year in excess of the estimated requirements for the ensuing fiscal year shall be covered into the Treasury as miscellaneous receipts.

AUDIT OF ACCOUNTS

Sec. 2007. The Service shall maintain an integral set of accounts which shall be audited annually by the General Accounting Office in accordance with the principles and procedures applicable to commercial transactions as provided by the Government Corporation Control Act. No other audit shall be required.

The defendant shall be presumed to have been present in the responding State during the period for which support is sought until otherwise shown.

REMEDIES OF A STATE FURNISHING SUPPORT OR INSTITUTIONAL CARE

Sec. 5. Whenever any State or a political subdivision or agency thereof has furnished, or is furnishing support or institutional care to a dependent, it shall for the purposes of securing reimbursement of past expenditures and of obtaining continuing support, have the same right to invoke the provisions of this Act as the dependent to whom such support or care was furnished, or is being furnished.

HOW DUTIES OF SUPPORT ARE ENFORCED; JURISDICTION

Sec. 6. Proceedings to enforce duties of support initiated in the District of Columbia shall be commenced by the filing of a complaint irrespective of the relationship between the plaintiff and defendant. Jurisdiction of all proceedings under this Act shall be vested in the domestic relations branch of the municipal court for the District of Columbia, which branch in exercising the jurisdiction vested in the court by this Act, shall have all of the power and authority which is vested in the court by the Act entitled “An Act to establish a domestic relations branch in the municipal court for the District of Columbia, and for other purposes”, approved April 11, 1956 (70 Stat. 111, chapter 204).

CONTENTS OF THE COMPLAINT

Sec. 7. The complaint shall be verified and shall state the name and, so far as known to the plaintiff, the address and circumstances of the defendant and of the dependents for whom the duty of support is sought to be enforced, and all other pertinent facts necessary to enable the court to determine whether a duty of support exists on the part of the defendant. The plaintiff may include in or attach to the complaint any information which may help in locating or identifying the defendant including, but without limitation by enumeration, a photograph of the defendant, a description of any distinguishing marks of his person, other names and aliases by which he has been or is known, the name of his employer, his fingerprints, or social security number.

REPRESENTATION OF PLAINTIFF

Sec. 8. In any instance in which the Corporation Counsel of the District of Columbia is satisfied that a public support burden has been incurred or is threatened, it shall be his duty to represent the plaintiff in any proceedings arising under this Act or a similar reciprocal Act. In all other cases the court may, in its discretion, appoint private counsel to represent the plaintiff: Provided, That the plaintiff
may be represented by private counsel in any proceedings under this Act at his own expense.

**COMPLAINT ON BEHALF OF A MINOR**

Sec. 9. A complaint on behalf of a minor dependent may be brought by any person or agency as next friend of the minor, regardless of whether such person or agency has been appointed guardian of such minor.

**DUTY OF COURT WHEN DISTRICT OF COLUMBIA IS INITIATING STATE**

Sec. 10. If the court finds that a complaint initiated in the District of Columbia sets forth facts from which it appears that the defendant owes a duty of support, as defined in this Act, and that a court of a responding State may obtain jurisdiction of the defendant, it shall so certify and shall cause to be transmitted to the court in the responding State, three copies of its certificate, three certified copies of the complaint, and three copies of this Act.

**COSTS AND FEES**

Sec. 11. The complaint, when initiated in the District of Columbia, shall be accompanied by such fees and costs as may be required by the court as well as by the court of the responding State: Provided, That the court whether the District of Columbia be the initiating or responding State, may in its discretion direct that payment or prepayment of any part or all fees and costs incurred in the District of Columbia be waived upon the filing of an affidavit representing that the plaintiff is unable to pay the same: Provided further, That the court shall direct waiver of payment or prepayment of such fees and costs whenever the plaintiff is a State having a similar provision for waiver of fees, or a political subdivision or agency thereof. Nothing in this section shall be construed to deprive the court of its discretion to assess costs and fees.

**JURISDICTION BY ARREST**

Sec. 12. When the court has reason to believe that the defendant may flee the jurisdiction of the responding State, it may (a) as the court of the initiating State, request in its certificate that the court of the responding State obtain the body of the defendant by appropriate process if that be permissible under the law of the responding State, or (b) as the court of a responding State, obtain the body of the defendant by any appropriate process.

**INFORMATION AGENT**

Sec. 13. The Corporation Counsel of the District of Columbia is hereby designated as the reciprocal information agent under this Act and it shall be his duty to transmit a copy of this Act and any subsequent changes therein to the State information agency of every other State which has adopted this or a substantially similar Act, and to maintain a registry of the names and addresses of the courts having jurisdiction of such proceedings in other States.

**DUTY OF THE COURT WHEN THE DISTRICT OF COLUMBIA IS RESPONDING STATE**

Sec. 14. (a) When the court receives from the court of an initiating State certified copies of a complaint or other proceedings containing the essential allegations of a complaint, under whatever name it may be known, and a certificate similar to that required by section 10
hereof, it shall docket the cause and refer the matter to the Corporation Counsel, or to private counsel, if appropriate, for such further action as may be necessary to obtain jurisdiction of the defendant in order to carry out the provisions of this Act.

(b) If the court is unable to obtain jurisdiction of the defendant due to inaccuracies or inadequacies in the complaint or otherwise, the court shall communicate this fact to the court in the initiating State, and shall hold the case pending receipt of more accurate information or an amended complaint from the court in the initiating State.

ORDER OF SUPPORT

Sec. 15. If the court finds a duty of support as defined by this Act it may order the defendant to pay such amounts under such terms and conditions as the court may deem proper. To authorize funds available for construction of Indian health facilities to be used to assist in the construction of community hospitals which will serve Indians and non-Indians.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever the Surgeon General of the Public Health Service, in carrying out his functions under the Act of August 5, 1954 (68 Stat. 674) with respect to the provision of health services to Indians in any particular area, determines, after consultation with such Indians, that the provision of financial assistance to one or more public or other nonprofit agencies or organizations for the construction of a community hospital constitutes a method of making needed hospital facilities available for such Indians which is more desirable and effective than direct Federal construction, he may provide such financial assistance from funds available for the construction of Indian health facilities for such Indians.
SEC. 2. The amount of such financial assistance shall not exceed that portion of the reasonable cost of the construction project which is attributable to the Indian health needs, as determined by the Surgeon General: Provided, That in determining, for the purposes of this Act, the portion of the cost of the construction project attributable to Indian health needs, the Surgeon General shall take into account only those categories of Indians for which hospital and medical care, including outpatient care and field health services, is being provided by or at the expense of the Public Health Service on the date of enactment of this Act.

SEC. 3. As a condition to providing assistance under section 1, the Surgeon General shall—

(a) require plans and specifications meeting such standards of construction and equipment as he may prescribe, and

(b) obtain such assurances and agreements as in his judgment are equitable in the light of the financial assistance provided under this Act and are necessary to assure the availability of the facility for the provision of hospital and medical care to Indians and to assure that the hospital is operated in compliance with State standards for operation and maintenance of hospitals which receive Federal aid under title VI of the Public Health Service Act (42 U. S. C., ch. 6A, subch. IV).

SEC. 4. The Surgeon General shall make payments under section 1 in advance or by way of reimbursement and in such installments consistent with construction progress, as he may determine.

SEC. 5. Neither assistance provided under this Act for meeting part of the cost of construction of a hospital project, nor the giving of any assurance required as a condition of such assistance, shall be construed as affecting in any way the eligibility of such project for aid under title VI of the Public Health Service Act or any other Federal Act authorizing financial aid in the construction of such project, but construction costs met with Federal funds made available under this Act shall not be included in the cost of construction in which the Federal Government shares under such title VI or other Federal Act.

SEC. 6. As used in this Act:

(a) "Hospital" includes diagnostic or treatment centers and general hospitals, and related facilities, such as laboratories, outpatient departments, nurses' home and training facilities, and central service facilities operated in connection with hospitals, but does not include any hospital furnishing primarily domiciliary care;

(b) "Diagnostic or treatment center" means a facility for the diagnosis or diagnosis and treatment of ambulatory patients—

(1) which is operated in connection with a hospital, or

(2) in which patient care is under the professional supervision of persons licensed to practice medicine or surgery in the State, or, in the case of dental diagnosis or treatment, under the professional supervision of persons licensed to practice dentistry in the State.

(c) "Nonprofit" means owned or operated by one or more corporations or associations no part of the net earnings of which inures, or may lawfully inure, to the benefit of any private shareholder or individual.

(d) "Construction" means construction of new buildings, expansion, remodeling, and alteration of existing buildings, and initial equipment of any such buildings (including medical transportation facilities), including architects and engineering fees, but excluding legal fees, the cost of off-site improvements and the cost of the acquisition of land.
AN ACT

To provide for the construction by the Secretary of the Interior of the San Angelo Federal reclamation project, Texas, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior is authorized to construct, operate, and maintain the San Angelo Federal reclamation project, Texas, for the principal purposes of furnishing water for the irrigation of approximately ten thousand acres of land in Tom Green County and municipal, domestic, and industrial use, controlling floods, providing recreation and fish and wildlife benefits, and controlling silt. The principal engineering features of said project shall be a dam and reservoir at or near the Twin Buttes site, outlet works at the existing Nasworthy Dam, and necessary canals, drains, and related works.

Sec. 2. (a) In constructing, operating, and maintaining the San Angelo project, the Secretary shall be governed by the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto), except as is otherwise provided in this Act.

(b) Actual construction of the project shall not be commenced, and no construction contract therefor shall be awarded, until a contract or contracts complying with the provisions of this Act have been entered into for payment of those portions of the construction cost of the project which are allocated to irrigation and to municipal, domestic, and industrial water.

(c) In furnishing water for irrigation and for municipal, domestic, and industrial uses from the project, the Secretary shall charge rates with the object of returning to the United States over a period of not more than forty years, exclusive of any development period for irrigation, all of the costs incurred by it in constructing, operating, and maintaining the project which the Secretary finds to be properly allocable to the purposes aforesaid and of interest on the unamortized balance of the portion of the construction cost which is allocated to municipal, domestic, and industrial water. Said interest shall be at the average rate, which rate shall be certified by the Secretary of the Treasury, paid by the United States on its marketable long-term securities outstanding on the date of this Act. When all of the said costs allocable to said purpose incurred by the United States in constructing, operating, and maintaining the project, together with said interest on the said unamortized balance, have been returned to the United States, the contracting organization or organizations which have thus reimbursed the United States shall have a permanent right to use that portion of the storage space in the project thus allocable to said uses.

(d) Any contract entered into under section 9, subsection (d), of the Reclamation Project Act of 1939 (53 Stat. 1197, 1193, 43 U. S. C., sec. 485h (d)) for payment of those portions of the costs of constructing, operating, and maintaining the project which are allocated
to irrigation and assigned to be paid by the contracting organization may provide for repayment of the portion of the construction cost of the project assigned to any project contract unit or, if the contract unit be divided into two or more irrigation blocks, to any such block over the period specified in said section 9, subsection (d), or as near thereto as is consistent with the adoption and operation of a variable payment formula which, being based on full repayment within said period under normal conditions, permits variance in the required annual payments in the light of economic factors pertinent to the ability of the irrigators to pay: Provided, That for a period of ten years from the date of enactment of this Act, no water from the project shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949, or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301 (b) (10) of the Agricultural Adjustment Act of 1938, as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

(e) Contracts relating to municipal, domestic, and industrial water supply may be entered into without regard to the last sentence of section 9, subsection (c), of the Reclamation Project Act of 1939, and such contracts may recognize the relative priorities of domestic, municipal, industrial, and irrigational uses.

(f) Upon request of a contracting organization, the Secretary may at any time and shall, after payment of the reimbursable costs of the project has been completed, transfer to the requesting organization, or to another organization designated by it and satisfactory to him, the care, operation, and maintenance of any project works which serve the requesting organization and do not serve any other contracting organization. The care, operation, and maintenance of project works which serve two or more contracting organizations may or shall, as the case may be, be transferred in like circumstances to an organization satisfactory to all of said organizations and to the Secretary. Any transfer made pursuant to the authority of this section shall be upon terms and conditions satisfactory to the Secretary, and the works transferred shall be operated and maintained without further expense to the United States. If the transferred works serve a flood control or fish and wildlife function, they shall be operated and maintained in accordance with regulations with respect thereto prescribed by the Secretary of the Army and the Secretary of the Interior, respectively, and upon failure so to operate or maintain them they shall, upon demand, be returned immediately to the Secretary of the Interior.

SEC. 3. The Secretary is authorized to construct minimum basic recreational facilities at the Twin Buttes Reservoir and to operate and maintain or arrange for the operation and maintenance of the same. The costs of constructing, operating, and maintaining such facilities, and like costs of the San Angelo project allocated to flood control and to the preservation and propagation of fish and wildlife shall, except as is otherwise provided in this Act, be nonreimbursable and nonreturnable under the reclamation laws. The Secretary shall, upon conclusion of a suitable agreement with a qualified agency and subject to such conditions as may be set forth in the repayment contracts, permit said agency to construct, operate, and maintain additional public recreational facilities and parks in connection with the project to the extent determined by the Secretary to be consistent with its primary purposes and subject to terms and conditions satisfactory to him.
SEC. 4. There are hereby authorized to be appropriated for construction of the works authorized by this Act $32,220,000 plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the type of construction involved herein. There are also authorized to be appropriated such sums as may be required for the operation and maintenance of said works.

"CREDITABLE SERVICE

"(c) (1) A member’s service for the purposes of this section shall mean all police or fire service and such military and Government service as is authorized by this section prior to the date of separation upon which title to annuity is based.

"(2) Each member shall be allowed credit for periods of military service served prior to the date of the separation upon which the annuity is based; however, if a member is awarded retired pay on account of military service, such military service shall not be included, unless such retired pay is awarded on account of a service-connected disability (a) incurred in combat with an enemy of the United States or (b) caused by an instrumentality of war and incurred in line of duty during an enlistment or employment as provided in Veterans Regulation numbered 1 (a), part I, paragraph I, or is awarded under title III of Public Law 810, Eightieth Congress. Nothing in this section shall affect the rights of members to retired pay, pension, or compensation in addition to the annuity herein provided.
“(3) Credit shall be allowed for leaves of absence granted a member while performing military service, excluding from credit so much of any other leaves of absence without pay as may exceed six months in the aggregate in any calendar year.

“(4) A member who, during any war or national emergency as proclaimed by the President or declared by the Congress, has left or leaves his position to enter the military service shall not be considered, for the purposes of this section, as separated from his position by reason of such military service, unless he shall apply for and receive his salary deductions: Provided, That such member shall not be considered as retaining such position beyond December 31, 1957, or the expiration of five years of such military service, whichever is later.

“(5) Each member shall be allowed credit for government service performed prior to appointment in any of the departments mentioned in paragraph (1), subsection (a) of this section: Provided, That such member deposits with the Collector of Taxes of the District of Columbia, for credit to the revenues of the District of Columbia, a sum equal to the entire amount including interest, if any, refunded to him for such period of government service: Provided further, That if such member so elects he shall deposit with the Collector of Taxes of the District of Columbia, the total amount of such refund in equal monthly installments not exceeding 24.

“(6) The total service of a member shall be the full years and twelfth parts thereof, excluding from the aggregate any fractional part of a month.

“(7) Notwithstanding any other provision of this subsection, any military service (other than military service covered by military leave with pay from a civilian position) performed by an individual after December 1956 shall be excluded in determining the aggregate period of service upon which an annuity payable under this Act to such individual or to his widow or child is to be based, if such individual or widow or child is entitled (or would upon proper application be entitled), at the time of such determination, to monthly old-age or survivors benefits under section 202 of the Social Security Act based on such individual’s wages and self-employment income. If in the case of the individual or widow such military service is not excluded under the preceding sentence, but upon attaining retirement age (as defined in section 216 (a) of the Social Security Act) he or she becomes entitled (or would upon proper application be entitled) to such benefits, the Commissioners shall redetermine the aggregate period of service upon which such annuity is based, effective as of the first day of the month in which he or she attains such age, so as to exclude such service. The Secretary of Health, Education, and Welfare shall, upon the request of the Commissioners, inform the Commissioners whether or not any such individual or widow or child is entitled at any specified time to such benefits.

“DEDUCTIONS, DEPOSITS, AND REFUNDS

“(d) (1) From and after the first day of the first pay period which begins on or after October 1, 1956, there shall be deducted and withheld from each member’s basic salary an amount equal to 6½ per centum of such basic salary. Such deductions and withholdings shall be paid to the Collector of Taxes of the District of Columbia, and shall be deposited in the Treasury to the credit of the District of Columbia.

“(2) Any member coming under the provisions of this section who is separated from his department, except for retirement as authorized by this section, shall be refunded the amount of the deductions made
from his salary under this section. The receipt of payment of such
deductions by such member shall void all annuity rights under this
section, unless and until such member shall be reappointed to any
department whose members come under this section. If such officer or
member is subsequently reappointed to any department whose members
come under this section, he shall be required to redeposit the amount
of deductions so refunded to him.

"(3) In order to facilitate the settlement of the accounts of each
member coming under the provisions of this section who dies prior
to retirement leaving no survivor entitled to receive an annuity under
the provisions of this section, the Commissioners shall pay all deduc-
tions for retirement made from the salary of such deceased member
to the person or persons surviving at the time of death, in the follow-
ing order of precedence, and such payment shall be a bar to recovery
by any other person of amounts so paid:

"First, to the beneficiary or beneficiaries designated in writing by
such member, filed with the Commissioners and received by them
prior to the death of such member;

"Second, if there be no such beneficiary, to the child or children
of such deceased member and the descendants of deceased children by
representation;

"Third, if there be none of the above, to the parents of such mem-
ber, or the survivor of them;

"Fourth, if there be none of the above, to the duly appointed legal
representative of the estate of the deceased member, or if there be
none to the person or persons determined to be entitled thereto under
the laws of the domicile of the deceased member.

"MEDICAL AND HOSPITAL SERVICE

"(e) Whenever any member shall become temporarily disabled by
injury received or disease contracted in the performance of duty, to
such an extent as to require medical or surgical services, other than
such as can be rendered by the Commissioners, or to require hospital
treatment, the expense of such medical or surgical services, or hos-
pital treatment, shall be paid by the District of Columbia; but no such
expense shall be paid except upon a certificate of the Commissioners
setting forth the necessity for such services or treatment and the nature
of the injury or disease which rendered the same necessary.

"RETIREMENT FOR DISABILITY NOT INCURRED IN PERFORMANCE OF DUTY

"(f) Whenever any member coming under this section completes
five years of police or fire service and is found by the Commissioners
to have become disabled due to injury received or disease contracted
other than in the performance of duty, which disability precludes
further service with his department, such member shall be retired on
an annuity computed at the rate of 2 per centum of his basic salary at
the time of retirement for each year or portion thereof of his service:
Provided, That such annuity shall not exceed 70 per centum of his
basic salary at time of retirement: Provided further, That the annuity
of a member retiring under this subsection shall be at least 40 per
centum of his basic salary at time of retirement.

"RETIREMENT FOR DISABILITY INCURRED WHILE PERFORMING DUTY

"(g) Whenever any member is injured or contracts a disease in the
performance of duty or such injury or disease is aggravated by such
duty at any time after appointment and such injury or disease or
aggravation permanently disables him for the performance of duty,
he shall upon retirement for such disability, receive an annuity computed at the rate of 2 per centum of his basic salary at the time of retirement for each year or portion thereof of his service: Provided, That such annuity shall not exceed 70 per centum of his basic salary at the time of retirement, nor shall it be less than 66\(\frac{2}{3}\) per centum of his basic salary at the time of retirement.

"OPTIONAL RETIREMENT"

"(h) (1) Any member who attains the age of fifty years and completes twenty years of police or fire service may, after giving at least sixty days' written advance notice to his department head stating his intention to retire and stating the date on which he will retire, voluntarily retire from the service and shall be entitled to an annuity computed at the rate of 2 per centum of his basic salary at the time of his retirement for each year of service; except that the rate of 3 per centum of his basic salary at time of retirement shall be used to compute each year's police or fire service in excess of twenty years: Provided, That such notice requirement may be waived by the department head when, in his opinion, circumstances justify such waiver: Provided further, That whenever the Commissioners or the Chief of the White House Police force, or the Chief of the United States Park Police force, or the Chief of the United States Secret Service division shall determine that there exists an emergency which is likely to endanger the safety of the public and that the public safety cannot be adequately protected except by suspending the retirement provisions of this paragraph (1), then the Commissioners or any of said Chiefs shall be authorized to suspend the retirement provisions of this paragraph (1) in any one or more of the departments under their respective jurisdictions until such time as, in the opinion of the Commissioners or any of said Chiefs, respectively, public safety can be adequately protected without such suspension.

"(2) Any member of the Metropolitan Police force or of the Fire Department of the District of Columbia having reached the age of sixty years shall, in the discretion of the Commissioners, and any member of the White House Police force or of the United States Park Police force or of the United States Secret Service Division to whom this section applies shall, in the discretion of the head of his department, be retired from the service and shall be entitled to receive an annuity as computed in subsection (h), paragraph (1).

"(3) No annuity granted under paragraph (1) or (2) of this subsection (h) shall exceed 70 per centum of the basic salary of such member at the time of retirement.

"IN VOLUNTARY SEPARATION FROM SERVICE"

"(i) If any member is injured or contracts a disease during his first five years of service in his department which, in the judgment of the Board of Police and Fire Surgeons, disables him from performing further duty in his department, and if the Police and Firemen's Retiring and Relief Board finds that such injury or disease was not incurred in the performance of duty in his department, such member shall, upon the approval of such finding by the head of his department, and without regard for the provisions of any other law or regulation, be separated from the service.
"RECOVERY FROM DISABILITY OR RESTORATION TO EARNING CAPACITY"

"(j) (1) If any annuitant retired under subsection (f) or (g), before reaching the age of fifty-five, recovers from his disability or is restored to an earning capacity fairly comparable to the current rate of compensation of the position occupied at the time of retirement, payment of the annuity shall cease (1) upon reemployment in the department from which he was retired, (2) one year from the date of the medical examination showing such recovery, or (3) one year from the date of determination that he is so restored, whichever is earliest. Earning capacity shall be deemed restored if in each of two succeeding calendar years the income of the annuitant from wages or self-employment or both shall be equal to at least 80 per centum of the current rate of compensation of the position occupied immediately prior to retirement. Nothing in this subsection shall preclude such member from having an annuity reestablished if his disability recurs, or when his earning capacity is less than 80 per centum of the rate of compensation of the position occupied immediately prior to retirement for any full year thereafter: Provided, That whenever any member is reinstated with his respective department it shall be at the same grade or rank held by the member at the time of his retirement.

"(2) When an annuitant recovers prior to age fifty-five from a disabling condition for which he has been retired, and applies for reinstatement in the department from which he was retired, he shall be reinstated in the same or nearest equivalent grade and salary available as that received at the time of his separation from the service: Provided, That such applicant meets the current entrance requirements of such department as to character.

"SURVIVOR ANNUITIES"

"(k) (1) In case of the death of any member before retirement, or of any former member after retirement, leaving a widow or dependent widower, such widow or dependent widower shall be entitled to receive an annuity in the greater amount of (1) $1,800, or (2) 30 per centum of such member's basic salary at the time of death, or 30 per centum of the basis upon which the annuity, relief, or retirement compensation being received by such former member at the time of death was computed. Such annuity shall begin on the first day of the month in which the member or former member dies, and such annuity or any right thereto shall terminate upon the survivor's death or remarriage. If such member or former member is survived by a wife or husband, each surviving child shall be entitled to receive an annuity equal to the smallest of (1) 40 per centum of such member's basic salary at the time of death, or 40 per centum of the basis upon which the annuity, relief, or retirement compensation being received by such former member at the time of death was computed, divided by the number of children, (2) $600; or (3) $1,800 divided by the number of children. If such member or former member is not survived by a wife or husband, each surviving child shall be paid an annuity equal to the smallest of (1) 50 per centum of the member's basic salary at the time of death, or 50 per centum of the basis upon which the annuity, relief, or retirement compensation being received by such former member at the time of death was computed, divided by the number of children, (2) $720; or (3) $2,160 divided by the number of children. The annuity of any child under this subsection shall begin
on the first day of the month in which the member or former member dies, and such annuity or any right thereto shall terminate upon (1) his attaining age 18, unless incapable of self-support, (2) his becoming capable of self-support after age 18, (3) his marriage, or (4) his death.

“(2) Upon the death of the surviving wife or husband or termination of the annuity of a child, the annuity of any other child or children shall be recomputed and paid as though such wife, husband, or child had not survived the member or former member.

“(3) Any member retiring under subsection (f), (g), or (h) of this section, may, at the time of such retirement, elect to receive a reduced annuity in lieu of the full annuity, and designate in writing the person to receive an increased annuity after the retired annuitant’s death: Provided, That the person so designated be the surviving spouse or child of the retiring member. AN ACT

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) the Federal Power Commission is hereby expressly authorized and directed to issue a license to the Power Authority of the State of New York for the construction and operation of a power project with capacity to utilize all of the United States share of the water of the Niagara River permitted to be used by international agreement.

(b) The Federal Power Commission shall include among the licensing conditions, in addition to those deemed necessary and required under the terms of the Federal Power Act, the following:

(1) In order to assure that at least 50 per centum of the project power shall be available for sale and distribution primarily for the benefit of the people as consumers, particularly domestic and rural consumers, to whom such power shall be made available at the lowest rates reasonably possible and in such manner as to encourage the widest possible use, the licensee in disposing of 50 per centum of the project power shall give preference and priority to public bodies and nonprofit cooperatives within economic transmission distance. In any case in which project power subject to the preference provisions of this paragraph is sold to utility companies organized and administered for profit, the licensee shall make flexible arrangements and contracts providing for the withdrawal upon reasonable notice and fair terms of enough power to meet the reasonably foreseeable needs of the preference customers.

(2) The licensee shall make a reasonable portion of the project power subject to the preference provisions of paragraph (1) available for use within reasonable economic transmission distance in neighboring States, but this paragraph shall not be construed to require more than 20 per centum of the project power subject to such preference provisions to be made available for use in such States. The licensee shall cooperate with the appropriate agencies in such States to insure compliance with this requirement. In the event of disagreement between the licensee and the power-marketing agencies of any of such States, the Federal Power Commission may, after public hearings, determine and fix the applicable portion of power to be made available and the terms applicable thereto: Provided, That if any such State shall have designated a bargaining agency for the procurement of such power on behalf of such State, the licensee shall deal only with such agency in that State. The arrangements made by the licensee for the sale of power to or in such States shall include observance of the preferences in paragraph (1) of this subsection.

(3) The licensee shall contract, with the approval of the Governor of the State of New York, pursuant to the procedure established by New York law, to sell to the licensee of Federal Power Commission project 16 for a period ending not later than the final maturity date of the bonds initially issued to finance the project works herein specifically authorized, four hundred and forty-five thousand kilowatts of the remaining project power, which is equivalent to the amount produced by project 16 prior to June 7, 1956, for resale generally to the industries which purchased power produced by project 16 prior to such date, or their successors, in order as nearly as possible to restore low power costs to such industries and for the same general purposes for which power from project 16 was utilized: Provided, That the licensee...
of project 16 consents to the surrender of its license at the completion of the construction of such project works upon terms agreed to by both licensees and approved by the Federal Power Commission which shall include the following: (a) the licensee of project 16 shall waive and release any claim for compensation or damages from the Power Authority of the State of New York or from the State of New York, except just compensation for tangible property and rights-of-way actually taken, and (b) without limiting the generality of the foregoing, the licensee of project 16 shall waive all claims to compensation or damages based upon loss of or damage to riparian rights, div-ersionary rights, or other rights relating to the diversion or use of water, whether founded on legislative grant or otherwise.

(4) The licensee shall, if available on reasonable terms and conditions, acquire by purchase or other agreement, the ownership or use of, or if unable to do so, construct such transmission lines as may be necessary to make the power and energy generated at the project available in wholesale quantities for sale on fair and reasonable terms and conditions to privately owned companies, to the preference customers enumerated in paragraph (1) of this subsection, and to the neighboring States in accordance with paragraph (2) of this subsection.

(5) In the event project power is sold to any purchaser for resale, contracts for such sale shall include adequate provisions for establishing resale rates, to be approved by the licensee, consistent with paragraphs (1) and (3) of this subsection.

(6) The licensee, in cooperation with the appropriate agency of the State of New York which is concerned with the development of parks in such State, may construct a scenic drive and park on the American side of the Niagara River, near the Niagara Falls, pursuant to a plan the general outlines of which shall be approved by the Federal Power Commission; and the cost of such drive and park shall be considered a part of the cost of the power project and part of the licensee's net investment in said project: Provided, That the maximum part of the cost of such drive and park to be borne by the power project and to be considered a part of the licensee's net investment shall not exceed $15,000,000.

(7) The licensee shall pay to the United States and include in its net investment in the project herein authorized the United States share of the cost of the construction of the remedial works, including engineering and economic investigations, undertaken in accordance with article II of the treaty between the United States of America and Canada concerning uses of the waters of the Niagara River signed February 27, 1950, whenever such remedial works are constructed.

SEC. 2. The license issued under the terms of this Act shall be granted in conformance with Rules of Practice and Procedure of the Federal Power Commission, but in the event of any conflict, the provisions of this Act shall govern in respect of the project herein authorized.

Approved August 21, 1957.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That part I of subchapter Q of chapter 1 of the Internal Revenue Code of 1954 (relating to income attributable to several taxable years) is amended by redesignating section 1305 as section 1306 and by inserting after section 1304 the following new section:

"SEC. 1305. BREACH OF CONTRACT DAMAGES.

"(a) General Rule.—If an amount representing damages is received or accrued by a taxpayer during a taxable year as a result of an award in a civil action for breach of contract or breach of a fiduciary duty or relationship, then the tax attributable to the inclusion in gross income for the taxable year of that part of such amount which would have been received or accrued by the taxpayer in a prior taxable year or years but for the breach of contract, or breach of a fiduciary duty or relationship, shall not be greater than the aggregate of the increases in taxes which would have resulted had such part been included in gross income for such prior taxable year or years.

"(b) Credits and Deductions Allowed in Computation of Tax.—The taxpayer in computing said tax shall be entitled to deduct all credits and deductions for depletion, depreciation, and other items to which he would have been entitled, had such income been received or accrued by the taxpayer in the year during which he would have received or accrued it, except for such breach of contract or for such breach of a fiduciary duty or relationship. The credits, deductions, or other items referred to in the prior sentence, attributable to property, shall be allowed only with respect to that part of the award which represents the taxpayer's share of income from the actual operation of such property.

"(c) Limitation.—Subsection (a) shall not apply unless the amount representing damages is $3,000 or more."

Sec. 3. The amendments made by the first section and section 2 of this Act shall apply to taxable years ending after December 31, 1954, but only as to amounts received or accrued after such date as the result of awards made after such date.

Sec. 4. Section 168 of the Internal Revenue Code of 1954 (relating to amortization of emergency facilities) is amended—
(a) by striking out "There" in subsection (e) (1) and inserting in lieu thereof the following: "CERTIFICATIONS ON OR BEFORE AUGUST 22, 1957.—In the case of a certificate made on or before August 22, 1957, there";
(b) by striking out subsection (e) (2) and inserting in lieu thereof the following:
"(2) CERTIFICATIONS AFTER AUGUST 22, 1957.—In the case of a certificate made after August 22, 1957, there shall be included only so much of the amount of the adjusted basis of such facility (computed without regard to this section) as is properly attributable to such construction, reconstruction, erection, installation, or acquisition after December 31, 1949, as the certifying authority designated by the President by Executive order, has certified is to be used—

and only such portion of such amount as such authority has certified is attributable to the national defense program. Such certification shall be under such regulations as may be prescribed from time to time by such certifying authority with the approval of the President. An application for a certificate must be filed at such time and in such manner as may be prescribed by such certifying authority under such regulations but in no event shall such certificate have any effect unless an application therefor is filed before the expiration of 6 months after the beginning of such construction, reconstruction, erection, or installation or the date of such acquisition. For purposes of the preceding sentence, an application which was timely filed under this subsection on or before August 22, 1957, and which was pending on such date, shall be considered to be an application timely filed under this paragraph.
(3) SEPARATE FACILITIES; SPECIAL RULE.—After the completion or acquisition of any emergency facility with respect to which a certificate under paragraph (1) or (2) has been made, any expenditure (attributable to such facility and to the period after such completion or acquisition) which does not represent construction, reconstruction, erection, installation, or acquisition included in such certificate, but with respect to which a separate certificate is made under paragraph (1) or (2), shall not be applied in adjustment of the basis of such facility, but a separate basis shall be computed therefor pursuant to paragraph (1) or
(2), as the case may be, as if it were a new and separate emergency facility.

"(4) Definitions.—For purposes of paragraph (2)—

"(A) New or specialized defense item.—The term ‘new or specialized defense item’ means only an item (excluding services)—

"(i) which is produced, or will be produced, for sale to the Department of Defense (or one of the component departments of such Department), or to the Atomic Energy Commission, for use in the national defense program, and

AN ACT

To provide for the compulsory inspection by the United States Department of Agriculture of poultry and poultry products.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Poultry Products Inspection Act”.

LEGISLATIVE FINDING

Sec. 2. Wholesome poultry products are an important source of the Nation’s total supply of food. Such products are consumed throughout the Nation and substantial quantities thereof move in interstate and foreign commerce. Unwholesome and adulterated poultry products in the channels of interstate or foreign commerce, are injurious to the public welfare, adversely affect the marketing of wholesome poultry products, result in sundry losses to producers, and destroy markets for wholesome poultry products. The marketing of wholesome poultry products is affected with the public interest and directly affects the welfare of the people. All poultry and poultry products which have or are required to have inspection under this Act are either in the current of interstate or foreign commerce or directly affect such commerce. That part that enters directly into the current of interstate or foreign commerce cannot be effectively inspected and regulated without also inspecting and regulating all poultry and poultry products processed or handled in the same establishment.

The great volume of poultry products required as an article of food for the inhabitants of large centers of population may directly affect the movement of poultry and poultry products in interstate commerce. To protect interstate commerce in poultry and poultry products inspected for wholesomeness, from being adversely burdened, obstructed, or affected by uninspected poultry or poultry products, major consuming areas where poultry or poultry products are handled or consumed in such volume as to affect the movement of inspected poultry or poultry products in interstate commerce should be designated by the Secretary pursuant to the provisions of this Act.

DECLARATION OF POLICY

Sec. 3. It is hereby declared to be the policy of Congress to provide for the inspection of poultry and poultry products by the inspection service as herein provided to prevent the movement in interstate or foreign commerce or in a designated major consuming area of poultry products which are unwholesome, adulterated, or otherwise unfit for human food.

2. If they bear or contain any added poisonous or added deleterious substance, unless such substance is permitted in their production or unavoidable under good manufacturing practices as may be determined by rules and regulations hereunder prescribed by the Secretary or other provisions of Federal law limiting or tolerating the quantity of such added substance on or in such poultry and poultry products: Provided, That any quantity of such added substance exceeding the limits so fixed shall also be deemed to constitute adulteration.

or agency of a substantial portion of any major consuming area or
upon application by an appropriate local poultry industry group in
such an area, where the Secretary has reason to believe that poultry or
poultry products are handled or consumed in such volume as to affect,
burden, or obstruct the movement of inspected poultry products in
interstate commerce, the Secretary shall conduct a public hearing to
ascertain whether or not it will tend to effectuate the purposes of this
Act for such area to be subject to the provisions of this Act. If after
public hearing the Secretary finds that poultry or poultry products
are handled or consumed in such volume as to affect, burden, or
obstruct the movement of inspected poultry products in commerce
and that the designation of such area will tend to effectuate the pur-
poses of this Act, he shall by order designate such area and prescribe
such exemptions therefrom as he determines practicable. Such desig-
nation shall not become effective until six months after the notice
thereof is published in the Federal Register. On and after the effec-
tive date of such designation, all poultry and poultry products pro-
cessed, sold, received, or delivered in any such area shall be subject to
the provisions of this Act.

QUARANTINE

Sec. 6. (a) For the purpose of preventing the entry into or flow or
movement in commerce or a designated major consuming area of any
poultry product which is unwholesome or adulterated, the Secretary
shall, where and to the extent considered by him necessary, cause to
be made by inspectors ante mortem inspection of poultry in any official
establishment processing poultry or poultry products for commerce
or in, or for marketing in a designated city or area.

(b) The Secretary, whenever processing operations are being con-

the carcass of each bird processed, and at any time such quarantine,
segregation, reinspection as he deems necessary of poultry and poul-

(c) All poultry carcasses and parts thereof and poultry products found to be unwholesome or adulterated shall be condemned and shall, if no appeal be taken from such determination of condemnation, be destroyed for human food purposes under the supervision of an inspector: Provided, That carcasses, parts, and products, which may by reprocessing be made not unwholesome and not adulterated, need not be so condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not unwholesome and not adulterated. If an appeal be taken from such determination, the carcasses, parts, or products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the Secretary determines that the appeal is frivolous. If the determination of condemnation is sustained the carcasses, parts, and products shall be destroyed for human food purposes under the supervision of an inspector.

SANITATION, FACILITIES, AND PRACTICES

Sec. 7. (a) Each official establishment slaughtering poultry or processing poultry products for commerce or in or for marketing in a designated major consuming area shall have such premises, facilities, and equipment, and be operated in accordance with such sanitary practices, as are required by regulations promulgated by the Secretary for the purpose of preventing the entry into or flow or movement in commerce or in a designated major consuming area, of poultry products which are unwholesome or adulterated.

(b) The Secretary shall refuse to render inspection to any establishment whose premises, facilities, or equipment, or the operation thereof, fail to meet the requirements of this section.

Each immediate container of any poultry product inspected under the authority of this Act and found to be wholesome and not adulterated shall at the time such product leaves the official establishment bear, in addition to the official inspection mark, in distinctly legible form, the name of the product, a statement of ingredients if fabricated from two or more ingredients including a declaration as to artificial flavors, colors, or preservatives, if any, the net weight or other appropriate measure of the contents, the name and address of the processor and the approved plant number of the official establishment in which the contents were processed. The Secretary may permit reasonable variations and grant exemptions from the foregoing labeling requirements in any manner not in conflict with the purposes of this Act.

(b) The use of any written, printed or graphic matter upon or accompanying any poultry product inspected or required to be inspected pursuant to the provisions of this Act or the container thereof which is false or misleading in any particular is prohibited. No poultry products inspected or required to be inspected pursuant to the provisions of this Act shall be sold or offered for sale by any person, firm, or corporation under any false or deceptive name; but estab-

If the Secretary has reason to believe that any label in use or prepared for use is false or misleading in any particular, he may direct that the use of the label be withheld unless it is modified in such manner as the Secretary may prescribe so that it will not be false or misleading. If the person using or proposing to use the label does not accept the determination of the Secretary, he may request a hearing, but the use of the label shall, if the Secretary so directs, be withheld pending hearing and final determination by the Secretary. Any such determination by the Secretary shall be conclusive unless within thirty days after the receipt of notice of such final determination the person adversely affected thereby appeals to the United States court of appeals for the circuit in which he has his principal place of business or to the United States Court of Appeals for the District of Columbia Circuit. The provisions of section 204 of the Packers and Stockyards Act of 1921, as amended, shall be applicable to appeals taken under this section.

In the event an exemption becomes null and void the provisions of this Act shall become applicable to the same extent as if such exemption had not been granted. No acreage planted to wheat in excess of the farm acreage allotment for a crop covered by an exemption hereunder shall be considered in determining any subsequent wheat acreage allotment or marketing quota for such farm and the estimated production from such excess acreage shall not be included in total supply and normal supply in the determination of future marketing quotas and level of price support. JOINT RESOLUTION

To authorize the designation of October 19, 1957, as National Olympic Day.

Whereas the XVII Olympic Games of the modern era will be held in
Rome, Italy, August 25 to September 11, 1960, with Winter Games
to be held at Squaw Valley, California, February and March 1960;
and

Whereas these games will afford an opportunity of bringing together young men and women representing more than seventy nations, of
many races, creeds, and stations in life and possessing various habits and customs, all bound by the universal appeal of friendly athletic
competition, governed by rules of sportsmanship and dedicated to
the principle that the important thing is for each and every particip-
ant to do his very best to win in a manner that will reflect credit
upon himself or herself, and the country represented; and

Whereas the peoples of the world in these trying times require above all else occasions for friendship and understanding, and among the most telling things which influence people of other countries are the acts of individuals and not those of governments; and

Whereas experiences afforded by the Olympic Games make a unique contribution to common understanding and mutual respect among all peoples; and

Whereas previous Olympic Games have proved that competitors and spectators alike have been imbued with ideals of friendship, chivalry,
and comradeship and impressed with the fact that accomplishment is reward in itself; and

Whereas the United States Olympic Association is presently engaged in assuring maximum support for the teams representing the United States at Rome and Squaw Valley; and

Whereas a day set aside by this Nation for a rededication to the amateur ideal could accomplish great good in encouraging good will for these games: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is authorized and requested to issue a proclamation designating the 19th of October 1957 as National Olympic Day and urging all citizens of our country to do all in their power to support
the XVII Olympic Games and the Winter Games to be held in 1960 and to insure that the United States will be fully and adequately represented in these games.

“(c) No part of any amount paid on any claim filed pursuant to subsection (b) of this section in excess of 10 per centum of the first $1,000 so paid on such claim, and 7 per centum of the amount so paid over $1,000, shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with any such claim, and the same shall be unlawful, any contract to the contrary notwithstanding. Any person violating the provisions of this subsection shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding $10,000 or imprisoned not more than one year, or both.”

(c) Section 9 is amended by redesignating that section as subsection (a) and adding the following new subsection at the end thereof:

“(b) A dependent of any person in active service, as defined by this Act, is a ‘person’ under this Act for the sole purpose of determining status as provided in sections 5 and 9, and any determination under those sections by the head of the department concerned shall be conclusive on all other departments of the Government: Provided, That nothing in this section shall be construed as conferring upon any dependent any right to pay, allowances or other compensation to which not otherwise entitled.”

To facilitate and promote the orderly, integrated, and comprehensive development, use, conservation, and control thereof for various purposes, including, among others: the use of water for domestic purposes; the development of lands by irrigation and other means; the protection and enhancement of fish, wildlife, and recreational resources; the use of water for industrial purposes and hydroelectric power production; and the use and control of water for navigation and flood prevention.

B. To further intergovernmental cooperation and comity with respect to these resources and programs for their use and development and to remove causes of present and future controversies by providing (1) for equitable distribution and use of water among the two States and the Federal Government, (2) for preferential rights to the use of water after the effective date of this compact for the anticipated ultimate requirements for domestic and irrigation purposes in the Upper Klamath River Basin in Oregon and California, and (3) for prescribed relationships between beneficial uses of water as a practicable means of accomplishing such distribution and use.

"Article II. Definition of Terms

"As used in this compact:

A. ‘Klamath River Basin’ shall mean the drainage area of the Klamath River and all its tributaries within the States of California and Oregon and all closed basins included in the Upper Klamath River Basin.
"B. 'Upper Klamath River Basin' shall mean the drainage area of the Klamath River and all its tributaries upstream from the boundary between the States of California and Oregon and the closed basins of Butte Valley, Red Rock Valley, Lost River Valley, Swan Lake Valley and Crater Lake, as delineated on the official map of the Upper Klamath River Basin approved on September 6, 1956, by the commissions negotiating this compact and filed with the Secretaries of State of the two states and the General Services Administration of the United States, which map is incorporated by reference and made a part hereof.

"C. 'Commission' shall mean the Klamath River Compact Commission as created by Article IX of this compact.

"D. 'Klamath Project' of the Bureau of Reclamation of the Department of the Interior of the United States shall mean that area as delineated by appropriate legend on the official map incorporated by reference under subdivision B of this article.

"E. 'Person' shall mean any individual or any other entity, public or private, including either state, but excluding the United States.

"F. 'Keno' shall mean a point on the Klamath River at the present needle dam, or any substitute control dam constructed in Section 36, Township 39 South, Range 7 East, Willamette Base and Meridian.

"G. 'Water' or 'waters' shall mean waters appearing on the surface of the ground in streams, lakes or otherwise, regardless of whether such waters at any time were or will become ground water, but shall not include water extracted from underground sources until after such water is used and becomes surface return flow or waste water.

"H. 'Domestic use' shall mean the use of water for human sustenance, sanitation and comfort; for municipal purposes; for livestock watering; for irrigation of family gardens; and for other like purposes.

"I. 'Industrial use' shall mean the use of water in manufacturing operations.

"J. 'Irrigation use' shall mean the use of water for production of agricultural crops, including grain grown for feeding wildfowl.

"ARTICLE III. DISTRIBUTION AND USE OF WATER

"A. There are hereby recognized vested rights to the use of waters originating in the Upper Klamath River Basin validly established and subsisting as of the effective date of this compact under the laws of the state in which the use or diversion is made, including rights to the use of waters for domestic and irrigation uses within the Klamath Project. There are also hereby recognized rights to the use of all waters reasonably required for domestic and irrigation uses which may hereafter be made within the Klamath Project.

"B. Subject to the rights described in subdivision A of this article and excepting the uses of water set forth in subdivision E of Article XI, rights to the use of unappropriated waters originating within the Upper Klamath River Basin for any beneficial use in the Upper Klamath River Basin, by direct diversion or by storage for later use, may be acquired by any person after the effective date of this compact by appropriation under the laws of the state where the use is to be made, as modified by the following provisions of this subdivision B and subdivision C of this article, and may not be acquired in any other way:

"1. In granting permits to appropriate waters under this subdivision B, as among conflicting applications to appropriate when there is insufficient water to satisfy all such applications, each state
shall give preference to applications for a higher use over applications for a lower use in accordance with the following order of uses:

"(a) Domestic use,
(b) Irrigation use,
(c) Recreational use, including use for fish and wildlife,
(d) Industrial use,
(e) Generation of hydroelectric power,
(f) Such other uses as are recognized under the laws of the state involved.

These uses are referred to in this compact as uses (a), (b), (c), (d), (e) and (f), respectively. Except as to the superiority of rights to the use of water for use (a) or (b) over the rights to the use of water for use (c), (d), (e) or (f), as governed by subdivision C of this article, upon a permit being granted and a right becoming vested and perfected by use, priority in right to the use of water shall be governed by priority in time within the entire Upper Klamath River Basin regardless of State boundaries. The date of priority of any right to the use of water appropriated for the purposes above enumerated shall be the date of the filing of the application therefor, but such priority shall be dependent on commencement and completion of construction of the necessary works and application of the water to beneficial use with due diligence and within the times specified under the laws of the State where the use is to be made. Each State shall promptly provide the commission and the appropriate official of the other State with complete information as to such applications and as to all actions taken thereon.

"2. Conditions on the use of water under this subdivision B in Oregon shall be:

(a) That there shall be no diversion of waters from the Upper Klamath River Basin, but this limitation shall not apply to out-of-basin diversions of waters originating within the drainage area of Fourmile Lake.

(b) That water diverted from Upper Klamath Lake and the Klamath River and its tributaries upstream from Keno, Oregon, for use in Oregon and not consumed therein and appearing as surface return flow and waste water within the Upper Klamath River Basin shall be returned to the Klamath River or its tributaries above Keno, Oregon.

3. Conditions on the use of water under this subdivision B in California shall be:

(a) That the waters diverted from the Klamath River within the Upper Klamath River Basin for use in California shall not be taken outside the Upper Klamath River Basin.

(b) That substantially all of the return flows and waste water finally resulting from such diversions and use appearing as surface waters in the Upper Klamath River Basin shall be made to drain so as to be eventually returned to the Klamath River upstream from Keno, Oregon.

"C. 1. All rights, acquired by appropriation after the effective date of this compact, to use waters originating within the Upper Klamath River Basin for use (a) or (b) in the Upper Klamath River Basin in either state shall be superior to any rights, acquired after the effective date of this compact, to use such waters (i) for any purpose outside the Klamath River Basin by diversion in California or (ii) for use (c), (d), (e) or (f) anywhere in the Klamath River Basin. Such superior rights shall exist regardless of their priority in time and may be exercised with respect to inferior rights without the payment of compensation. But such superior rights to use water for use (b) in California shall be limited to the quantity of water neces-
sary to irrigate 100,000 acres of land, and in Oregon shall be limited
to the quantity of water necessary to irrigate 200,000 acres of land.
“2. The provisions of paragraph 1 of this subdivision C shall not
prohibit the acquisition and exercise after the effective date of this
compact of rights to store waters originating within the Upper
Klamath River Basin and to make later use of such stored water for
any purpose, as long as the storing of waters for such later use, while
being effected, does not interfere with the direct diversion or storage
of such waters for use (a) or (b) in the Upper Klamath River Basin.

“ARTICLE IV. HYDROELECTRIC POWER

“It shall be the objective of each state, in the formulation and exe-
cution and the granting of authority for the formulation and execu-
tion of plans for the distribution and use of the waters of the
Klamath River Basin, to provide for the most efficient use of avail-
able power head and its economic integration with the distribution
of water for other beneficial uses in order to secure the most economi-
cal distribution and use of water and lowest power rates which may
be reasonable for irrigation and drainage pumping, including pump-
ing from wells.

“ARTICLE V. INTERSTATE DIVERSION AND STORAGE
RIGHTS; MEASURING DEVICES

A. Each state hereby grants for the benefit of the other and its
designees the right to construct and operate facilities for the measure-
ment, diversion, storage and conveyance of water from the Upper
Klamath River Basin in one state for use in the other insofar as the
exercise of such right may be necessary to effectuate and comply
with the terms of this compact. The location of such facilities shall
be subject to approval by the commission.

“(B) Each state or its designee, exercising within the jurisdiction
of the other a right granted under subdivision A of this article, shall
make provision for the establishment, operation and maintenance of
permanent gaging stations at such points on streams or reservoir or
conveyance facilities as may be required by the commission for the
purpose of ascertaining and recording the volume of diversions by
the streams or facilities involved. Said stations shall be equipped
with suitable devices for determining the flow of water at all times.
All information obtained from such stations shall be compiled in
accordance with the standards of the United States Geological Sur-
vey, shall be filed with the commission, and shall be available to the
public.

“ARTICLE VI. ACQUISITION OF PROPERTY FOR STORAGE AND DIVERSION;
IN LIEU TAXES

“A. Subject to approval of the commission, either state shall have
the right (1) to acquire such property rights in the other state as are
necessary for the diversion, storage, conveyance, measurement and
use of water in conformity with this compact, by donation or pur-
chase, or (2) to elect to have the other state acquire such property
rights for it by purchase or through the exercise of the power of
eminent domain. A state making the latter election shall make a
written request therefor and the other state shall expeditiously
acquire said property rights either by purchase at a price satisfactory
to the requesting state, or, if such purchase cannot be made, then
through the exercise of its power of eminent domain, and shall convey
said property rights to the requesting state or its designee. All costs
of such acquisition shall be paid by the requesting state. Neither state
shall have any greater power to acquire property rights for the other
state through the exercise of the power of eminent domain than it
would have under its laws to acquire the same property rights for
itself.

"B. Should any diversion, storage or conveyance facilities be con-
structed or acquired in either state for the benefit of the other state, as
herein provided, the construction, repair, replacement, maintenance
and operation of such facilities shall be subject to the laws of the state
in which the facilities are located, except that the proper officials of
that state shall permit the storage, release and conveyance of any
water to which the other state is entitled under this compact.

"C. Either state having property rights other than water rights in
the other state acquired as provided in this article shall pay to each
political subdivision of the state in which such property rights are
located, each and every year during which such rights are held, a sum
of money equivalent to the average annual amount of taxes assessed
against those rights during the 10 years preceding the acquisition
of such rights in reimbursement for the loss of taxes to such political
subdivisions of the state. Payments so made to a political subdivision
shall be in lieu of any and all taxes by that subdivision on the property
rights for which the payments are made.

"ARTICLE VII. POLLUTION CONTROL

"A. The states recognize that the growth of population and the
 economy of the Upper Klamath River Basin can result in pollution of
the waters of the Upper Klamath River Basin constituting a menace
to the health and welfare of, and occasioning economic loss to, people
living or having interests in the Klamath River Basin. The states
recognize further that protection of the beneficial uses of the waters
of the Klamath River Basin requires cooperative action of the two
states in pollution abatement and control.

"B. To aid in such pollution abatement and control, the commis-
sion shall have the duty and power:

"1. To cooperate with the states or agencies thereof or other en-
tities and with the United States for the purpose of promoting effec-
tive laws and the adoption of effective regulations for abatement and
control of pollution of the waters of the Klamath River Basin, and
from time to time to recommend to the governments reasonable mini-
imum standards for the quality of such waters.

"2. To disseminate to the public by any and all appropriate means
information respecting pollution abatement and control in the waters
of the Klamath River Basin and on the harmful and uneconomic
results of such pollution.

"C. Each state shall have the primary obligation to take appropri-
ate action under its own laws to abate and control interstate pollution,
which is defined as the deterioration of the quality of the waters of
the Upper Klamath River Basin within the boundaries of such state
which materially and adversely affects beneficial uses of waters of
the Klamath River Basin in the other state. Upon complaint to the
commission by the state water pollution control agency of one state
that interstate pollution originating in the other state is not being
prevented or abated, the procedure shall be as follows:

"1. The commission shall make an investigation and hold a con-
ference on the alleged interstate pollution with the water pollution
control agencies of the two states, after which the commission shall
recommend appropriate corrective action.
"2. If appropriate corrective action is not taken within a reasonable time, the commission shall call a hearing, giving reasonable notice in writing thereof to the water pollution control agencies of the two states and to the person or persons which it is believed are causing the alleged interstate pollution. Such hearing shall be held in accordance with rules and regulations of the commission, which shall conform as nearly as practicable with the laws of the two states governing administrative hearings. At the conclusion of such hearing, the commission shall make a finding as to whether interstate pollution exists, and if so, shall issue to any person or persons which the commission finds are causing such interstate pollution an order or orders for correction thereof.

"3. It shall be the duty of the person against whom any such order is issued to comply therewith. Any court of general jurisdiction of the state where such discharge is occurring or the United States District Court for the district where the discharge is occurring shall have jurisdiction, on petition of the commission for enforcement of such order, to compel action by mandamus, injunction, specific performance, or any other appropriate remedy, or on petition of the person against whom the order is issued to review any order. At the conclusion of such enforcement or review proceedings, the court may enter such decree or judgment affirming, reversing, modifying, or remanding such order as in its judgment is proper in the circumstances on the basis of the rules customarily applicable in proceedings for court enforcement or review of administrative actions.

"D. The water pollution control agencies of the two states shall, from time to time, make available to the commission all data relating to the quality of the waters of the Upper Klamath River Basin which they possess as the result of studies, surveys and investigations thereof which they may have made.

"Article VIII. Miscellaneous

"A. Subject to vested rights as of the effective date of this compact, there shall be no diversion of waters from the basin of Jenny Creek to the extent that such waters are required, as determined by the commission, for use on land within the basin of Jenny Creek.

"B. Each state shall exercise whatever administrative, judicial, legislative or police powers it has that are required to provide any necessary re-regulation or other control over the flow of the Klamath River downstream from any hydroelectric power plant for protection of fish, human life or property from damage caused by fluctuations resulting from the operation of such plant.

"Article IX. Administration

"A. There is hereby created a commission to administer this compact. The commission shall consist of three members. The representative of the State of California shall be the Department of Water Resources. The representative of the State of Oregon shall be the State Engineer of Oregon who shall serve as ex officio representative of the State Water Resources Board of Oregon. The President is requested to appoint a federal representative who shall be designated and shall serve as provided by the laws of the United States.

"2. The representative of each state shall be entitled to one vote in the commission. The representative of the United States shall serve as chairman of the commission without vote. The compensation and expenses of each representative shall be fixed and paid by the govern-
ment which he represents. Any action by the commission shall be effective only if it be agreed to by both voting members.

"3. The commission shall meet to establish its formal organization within 60 days after the effective date of this compact, such meeting to be at the call of the governors of the two states. The commission shall then adopt its initial set of rules and regulations governing the management of its internal affairs providing for, among other things, the calling and holding of meetings, the adoption of a seal, and the authority and duties of the chairman and executive director. The commission shall establish its office within the Upper Klamath River Basin.

"4. The commission shall appoint an executive director, who shall also act as secretary, to serve at the pleasure of the commission and at such compensation, under such terms and conditions and performing such duties as it may fix. The executive director shall be the custodian of the records of the commission with authority to affix the commission's official seal, and to attest to and certify such records or copies thereof. The commission, without regard to the provisions of the civil service laws of either state, may appoint and discharge such consulting, clerical and other personnel as may be necessary for the performance of the commission's functions, may define their duties, and may fix and pay their compensation. The commission may require the executive director and any of its employees to post official bonds, and the cost thereof shall be paid by the commission.

"5. All records, files and documents of the commission shall be open for public inspection at its office during established office hours.

"6. No member, officer or employe of the commission shall be liable for injury or damage resulting from (a) action taken by such member, officer or employe in good faith and without malice under the apparent authority of this compact, even though such action is later judicially determined to be unauthorized, or (b) the negligent or wrongful act or omission of any other person, employed by the commission and serving under such officer, member or employe, unless such member, officer or employe either failed to exercise due care in the selection, appointment or supervision of such other person, or failed to take all available action to suspend or discharge such other person after knowledge or notice that such other person was inefficient or incompetent to perform the work for which he was employed. No suit may be instituted against a member, officer or employe of the commission for damages alleged to have resulted from the negligent or wrongful act or omission of such member, officer or employe or a subordinate thereof occurring during the performance of his official duties unless, within 90 days after occurrence of the incident, a verified claim for damages is presented in writing and filed with such member, officer or employe and with the commission. In the event of a suit for damages against any member, officer or employe of the commission on account of any act or omission in the performance of his or his subordinates' official duties, the commission shall arrange for the defense of such suit and may pay all expenses therefor on behalf of such member, officer or employe. The commission may at its expense insure its members, officers and employes against liability resulting from their acts or omissions in the performance of their official duties. Nothing in this paragraph shall be construed as imposing any liability upon any member, officer or employe of the commission that he would otherwise not have.

"7. The commission may incur obligations and pay expenses which are necessary for the performance of its functions. But it shall not pledge the credit of any government except by and with the authority of the legislative body thereof given pursuant to and in keeping
with the constitution of such government, nor shall the commission incur any obligations prior to the availability of funds adequate to meet them.

8. The commission may:

(a) Borrow, accept or contract for the services of personnel from any government or agency thereof, from any intergovernmental agency, or from any other entity.

(b) Accept for any of its purposes and functions under this compact any and all donations, gifts, grants of money, equipment, supplies, materials and services from any government or agency thereof or intergovernmental agency or from any other entity.

(c) Acquire, hold and dispose of real and personal property as may be necessary in the performance of its functions.

(d) Make such studies, surveys and investigations as are necessary in carrying out the provisions of this compact.

9. All meetings of the commission for the consideration of and action on any matters coming before the commission, except matters involving the management of internal affairs of the commission and its staff, shall be open to the public. Matters coming within the exception of this paragraph may be considered and acted upon by the commission in executive sessions under such rules and regulations as may be established therefor.

10. In the case of the failure of the two voting members of the commission to agree on any matter relating to the administration of this compact as provided in paragraph 2 of this subdivision A, the representative from each state shall appoint one person and the two appointed persons shall appoint a third person. The three appointees shall sit as an arbitration forum. The terms of appointment and the compensation of the members of the arbitration forum shall be fixed by the commission. Matters on which the two voting members of the commission have failed to agree shall be decided by a majority vote of the members of the arbitration forum. Each state obligates itself to abide by the decision of the arbitration forum, subject, however, to the right of each state to have the decision reviewed by a court of competent jurisdiction.

11. The commission shall have the right of access, through its authorized representatives, to all properties in the Klamath River Basin whenever necessary for the purpose of administration of this compact. The commission may obtain a court order to enforce its right of access.

B. 1. The commission shall submit to the governor or designated officer of each state a budget of its estimated expenditures for such period and at such times as may be required by the laws of that state for presentation to the legislature thereof. Each state pledges itself to appropriate and pay over to the commission one-half of the amount required to finance the commission's estimated expenditures as set forth in each of its budgets, and pledges further that concurrently with approval of this compact by its legislature the sum of not less than $12,000 will be appropriated by it to be paid over to the commission at its first meeting for use in financing the commission's functions until the commission can prepare its first budget and receive its first appropriation thereunder from the states.

2. The commission shall keep accurate accounts of all receipts and disbursements, which shall be audited yearly by a certified public accountant, and the report of the audit shall be made a part of its annual report. The accounts of the commission shall be open for public inspection during established office hours.

3. The commission shall make and transmit to the legislature and governor of each state and to the President of the United States an
C. The commission shall have the power to adopt, and to amend or repeal, such rules and regulations to effectuate the purposes of this compact as in its judgment may be appropriate.

2. Except as to matters involving exclusively the management of the internal affairs of the commission and its staff or involving emergency matters, prior to the adoption amendment or repeal of any rule or regulation the commission shall hold a hearing at which any interested person shall have the opportunity to present his views on the proposed action in writing, with or without the opportunity to present the same orally. The commission shall give adequate advance notice in a reasonable manner of the time, place and subject of such hearings.

3. Emergency rules and regulations may be adopted without a prior hearing, but in such case they may be effective for not longer than 90 days.

4. The commission shall publish its rules and regulations in convenient form.

"ARTICLE X. STATUS OF INDIAN RIGHTS"

A. Nothing in this compact shall be deemed:

1. To affect adversely the present rights of any individual Indian, tribe, band or community of Indians to the use of the waters of the Klamath River Basin for irrigation.

2. To deprive any individual Indian, tribe, band or community of Indians of any rights, privileges, or immunities afforded under Federal treaty, agreement or statute.

3. To affect the obligations of the United States of America to the Indians, tribes, bands or communities of Indians, and their reservations.

4. To alter, amend or repeal any of the provisions of the Act of August 13, 1954, (68 Stat. 718) as it may be amended.

B. Lands within the Klamath Indian Reservation which are brought under irrigation after the effective date of this compact, whether before or after Section 14 of said Act of August 13, 1954, becomes fully operative, shall be taken into account in determining whether the 200,000 acre limitation provided in paragraph 1 of subdivision C of Article III has been reached.

"ARTICLE XI. FEDERAL RIGHTS"

A. Nothing in this compact shall be deemed:

1. To impair or affect any rights, powers or jurisdiction in the United States, its agencies or those acting by or under its authority, in, over and to the waters of the Klamath River Basin, nor to impair or affect the capacity of the United States, its agencies or those acting by or under its authority in any manner whatsoever, except as otherwise provided by the federal legislation enacted for the implementation of this compact as specified in Article XIII.

2. To subject any property of the United States, its agencies or instrumentalities, to taxation by either state or any subdivision thereof, unless otherwise provided by Act of Congress.

3. To subject any works or property of the United States, its agencies, instrumentalities or those acting by or under its authority, used in connection with the control or use of waters which are the subject of this compact, to the laws of any state to an extent other than the extent to which those laws would apply without regard to this comp-
pact, except as otherwise provided by the federal legislation enacted for the implementation of this compact as specified in Article XIII.

"D. To affect adversely the existing areas of Crater Lake National Park or Lava Beds National Monument, or to limit the operation of laws relating to the preservation thereof.

"E. To apply to the use of water for the maintenance, on the scale at which such land and water areas are maintained as of the effective date of this compact, of officially designated waterfowl management areas, including water consumed by evaporation and transpiration on water surface areas and water used for irrigation or otherwise in the Upper Klamath River Basin; nor to affect the rights and obligations of the United States under any migratory bird treaty or the Migratory Bird Conservation Act (45 Stat. 1222), as amended, to the effective date of this compact.

"ARTICLE XII. GENERAL PROVISIONS

"A. Each state and all persons using, claiming or in any manner asserting any right to the use of the waters of the Klamath River Basin under the authority of either state shall be subject to the terms of this compact.

"B. Nothing in this compact shall be construed to limit or prevent either state from instituting or maintaining any action or proceeding, legal or equitable, in any court of competent jurisdiction for the protection of any right under this compact or the enforcement of any of its provisions.

"C. Should a court of competent jurisdiction hold any part of this compact to be contrary to the Constitution of either state or the United States, all other provisions shall continue in full force and effect, unless it is authoritatively and finally determined judicially that the remaining provisions cannot operate for the purposes, or substantially in the manner, intended by the states independently of the portions declared unconstitutional or invalid.

"D. Except as to matters requiring the exercise of discretion by the commission, the provisions of this compact shall be self-executing and shall by operation of law be conditions of the various state permits, licenses or other authorizations relating to the waters of the Klamath River Basin issued after the effective date of this compact.

"E. The physical and other conditions peculiar to the Klamath River Basin constitute the basis for this compact, and neither of the states hereby, nor the Congress of the United States by its consent, considers that this compact establishes any general principle or precedent with respect to any other interstate stream.

"ARTICLE XIII. RATIFICATION

"A. This compact shall become effective when ratified by the legislature of each signatory state, and when consented to by an act of Congress of the United States which will, in substance, meet the provisions hereinafter set forth in this article.

"B. The act of Congress referred to in subdivision A of this article shall provide that the United States or any agency thereof, and any entity acting under any license or other authority granted under the laws of the United States (referred to in this article as 'the United States'), in connection with developments undertaken after the effective date of this compact pursuant to laws of the United States, shall comply with the following requirements:
"1. The United States shall recognize and be bound by the provisions of subdivision A of Article III.

"2. The United States shall not, without payment of just compensation, impair any rights to the use of water for use (a) or (b) within the Upper Klamath River Basin by the exercise of any powers or rights to use or control water (i) for any purpose whatsoever outside the Klamath River Basin by diversions in California or (ii) for any purpose whatsoever within the Klamath River Basin other than use (a) or (b). But the exercise of powers and rights by the United States shall be limited under this paragraph 2 only as against rights to the use of water for use (a) or (b) within the Upper Klamath River Basin which are acquired as provided in subdivision B of Article III after the effective date of this compact, but only to the extent that annual depletions in the flow of the Klamath River at Keno resulting from the exercise of such rights to use water for uses (a) and (b) do not exceed 340,000 acre-feet in any one calendar year.

"3. The United States shall be subject to the limitation on diversions of waters from the basin of Jenny Creek as provided in subdivision A of Article VIII.

"4. The United States shall be governed by all the limitations and provisions of paragraph 2 and subparagraph (a) of paragraph 3 of subdivision B of Article III.

"5. The United States, with respect to any irrigation or reclamation development undertaken by the United States in the Upper Klamath River Basin in California, shall provide that substantially all of the return flows and waste water finally resulting from such diversions and use appearing as surface waters in the Upper Klamath River Basin shall be made to drain so as to be eventually returned to the Klamath River upstream from Keno, unless the Secretary of the Interior shall determine that compliance with this requirement would render it less feasible than under an alternate plan of development, in which event such return flows and waste waters shall be returned to the Klamath River at a point above Copco Lake.

"C. Upon enactment of the act of Congress referred to in subdivision A of this article and so long as such act shall be in effect, the United States, when exercising rights to use water pursuant to state law, shall be entitled to all of the same privileges and benefits of this compact as any person exercising similar rights.

"D. Such act of Congress shall not be construed as relieving the United States of any requirement of compliance with state law which may be provided by other federal statutes.

"ARTICLE XIV. TERMINATION

"This compact may be terminated at any time by legislative consent of both states, but despite such termination, all rights then established hereunder or recognized hereby shall continue to be recognized as valid by the states."

Sec. 2. As used in this Act—

(a) The term "United States" shall mean collectively or separately, as the case may be, the United States, any agency thereof, and any entity acting under any license or other authority granted under the laws of the United States.

(b) The United States, when exercising rights to use water pursuant to State law, shall be entitled to all of the same privileges and benefits of the compact as any person exercising similar rights.

(c) This Act shall not be construed as relieving the United States of any requirement of compliance with State law which may be provided by other Federal statutes.

SEC. 4. Nothing in this Act or in the compact shall be construed as:

(a) Affecting the obligations of the United States to the Indians or Indian tribes, bands, or communities of Indians, or any right owned or held by or for the Indians or Indian tribes, bands or communities of Indians, which is subject to control by the United States.

(b) Enlarging, diminishing or otherwise affecting the jurisdiction of the courts of the United States.

(c) Impairing or affecting any existing rights of the United States to waters of the Klamath River Basin now beneficially used by the United States; nor any power or capacity of the United States to acquire rights in and to the use of the said waters of said basin by purchase, donation, or eminent domain.

SEC. 5. (a) The Federal representative to the Commission shall be appointed by the President, and shall report to the President either directly or through such agency or official of the Government as the President may specify. Such representative shall have no vote.

(b) The Federal representative shall receive compensation and shall be entitled to travel expenses, including per diem in lieu of subsistence, in the same manner as provided for experts and consultants under sections 5 and 15 of the Administrative Expenses Act of 1946 and the Travel Expense Act of 1949, except (1) that his term of service shall be governed by the terms of this Act and shall not be affected by the time limitations of said section 15, and (2) his per diem rate of compensation shall be in such amount, not in excess of $50, as the President shall specify, but the total amount of compensation payable in any one calendar year shall not exceed $15,000:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) section 1402 (e) (2) of the Internal Revenue Code of 1954 (relating to time for filing waiver certificates in the case of ministers, members of religious orders, and Christian Science practitioners) is amended (1) by inserting "whichever of the following dates is later: (A)" after "on or before", and (2) by inserting "; or (B) the due date of the return (including any extension thereof) for his second taxable year ending after 1956" before the final period.

(b) Section 1402 (e) (3) of such code (relating to effective date of certificate) is amended by adding at the end thereof the following: "Notwithstanding the first sentence of this paragraph:

"(A) A certificate filed by an individual after the date of the enactment of this subparagraph but on or before the due date of the return (including any extension thereof) for his second taxable year ending after 1956 shall be effective for the first taxable year ending after 1955 and all succeeding taxable years.

"(B) If an individual filed a certificate on or before the date of the enactment of this subparagraph which (but for this subparagraph) is effective only for the third or fourth taxable year ending after 1954 and all succeeding taxable years, such certificate shall be effective for his first taxable year ending after 1955 and all succeeding taxable years if such individual files a supplemental certificate after the date of the enactment of this subparagraph and on or before the due date of the return (including any extension thereof) for his second taxable year ending after 1956.

"(C) A certificate filed by an individual after the due date of the return (including any extension thereof) for his second taxable year ending after 1956 shall be effective for the taxable year immediately preceding the taxable year with respect to which it is filed and all succeeding taxable years.

(c) If a certificate filed pursuant to section 1402 (e) (3) (A) or (B) of the Internal Revenue Code of 1954 after the due date of the return (including any extension thereof) for any taxable year is effective for such taxable year or for any preceding taxable year, then—
(1) for purposes of computing interest, the due date for the payment of the increase in tax for such taxable year or years resulting from the filing of such certificate shall be the last day of the sixth month following the month in which such certificate is filed;

(2) the statutory period for the assessment of any deficiency attributable to such increase in tax shall not expire before the expiration of 3 years from such due date; and

(3) for purposes of section 6651 of such Code (relating to addition to tax for failure to file tax return), the amount of tax required to be shown on the return shall not include such increase in tax.

Sec. 2. Section 1402 (e) of the Internal Revenue Code of 1954 is amended by adding at the end thereof the following new paragraph:

"(4) TREATMENT OF CERTAIN REMUNERATION PAID IN 1955 AND 1956 AS WAGES.—If—

"(A) in 1955 or 1956 an individual was paid remuneration for service described in section 3121 (b) (8) (A) which was erroneously treated by the organization employing him (under a certificate filed by such organization pursuant to section 3121 (k) or the corresponding section of prior law) as employment (within the meaning of chapter 21), and

"(B) on or before the date of the enactment of this paragraph the taxes imposed by sections 3101 and 3111 were paid (in good faith and upon the assumption that the insurance system established by title II of the Social Security Act had been extended to such service) with respect to any part of the remuneration paid to such individual for such service, then the remuneration with respect to which such taxes were paid, and with respect to which no credit or refund of such taxes (other than a credit or refund which would be allowable if such service had constituted employment) has been obtained on or before the date of the enactment of this paragraph, shall be deemed (for purposes of this chapter and chapter 21) to constitute remuneration paid for employment and not net earnings from self-employment."

Sec. 3. Remuneration which is deemed under section 1402 (e) (4) of the Internal Revenue Code of 1954 to constitute remuneration for employment shall also be deemed, notwithstanding sections 210 (a) (8) (A) and 211 (c) of the Social Security Act, to constitute remuneration for employment (and not net earnings from self-employment) for purposes of title II of such Act.

Sec. 4. (a) Section 3, and the amendments made by the first section of this Act, shall apply with respect to monthly insurance benefits under title II of the Social Security Act for months beginning after, and lump sum death payments under such title in the case of deaths occurring after, the date of the enactment of this Act.

(b) Notwithstanding subsection (a), in the case of any individual who—

(1) (A) has remuneration which is deemed, by reason of section 3, to constitute remuneration for employment for purposes of title II of the Social Security Act, or

(B) has income which constitutes net earnings from self-employment under such title by reason of the filing of a certificate pursuant to section 1402 (e) (8) (A) or (B) of the Internal Revenue Code of 1954, and

(2) was entitled to monthly insurance benefits under title II of the Social Security Act for the month in which this Act is enacted,
section 3 and the amendments made by the first section of this Act shall apply with respect to monthly insurance benefits under such title based on his wages and self-employment income only if he, or any other person entitled to monthly insurance benefits under such title on the basis of such wages and self-employment income, files, on or after the date of enactment of this Act, an application for recomputation by reason of this Act. Such recomputation shall be made in the manner provided in title II of the Social Security Act as in effect at the time of the last previous computation or recomputation of such individual's primary insurance amount and as though the application therefor was filed in the month in which the application for such last previous computation or recomputation was filed. No recomputation under this subsection shall be regarded as a recomputation under section 215 (f) of the Social Security Act. Any such recomputation shall be effective for and after the twelfth month before the month in which the application therefor is filed, but in no case for any month which begins on or prior to the date of the enactment of this Act. Any such recomputation shall be effective only if it results in a higher primary insurance amount.

(c) The preceding provisions of this section shall not render erroneous any monthly insurance benefits under title II of the Social Security Act for the month in which this Act is enacted or any prior month.

Sec. 5. (a) Paragraph (7) of section 211 (a) of the Social Security Act is amended to read as follows:

"(7) An individual who is a duly ordained, commissioned, or licensed minister of a church or a member of a religious order shall compute his net earnings from self-employment derived from the performance of service described in subsection (c) (4) without regard to section 107 (relating to rental value of parsonages) and section 119 (relating to meals and lodging furnished for the convenience of the employer) of the Internal Revenue Code of 1954 and, in addition, if he is a citizen of the United States performing such service as an employee of an American employer (as defined in section 3121 (h)) or as a minister in a foreign country who has a congregation which is composed predominantly of citizens of the United States, without regard to section 911 (relating to earned income from sources without the United States) and section 931 (relating to income from sources within possessions of the United States) of such Code."

(b) Paragraph (8) of section 1402 (a) of the Internal Revenue Code of 1954 is amended to read as follows:

"(8) an individual who is a duly ordained, commissioned, or licensed minister of a church or a member of a religious order shall compute his net earnings from self-employment derived from the performance of service described in subsection (c) (4) without regard to section 107 (relating to rental value of parsonages) and section 119 (relating to meals and lodging furnished for the convenience of the employer) and, in addition, if he is a citizen of the United States performing such service as an employee of an American employer (as defined in section 3121 (h)) or as a minister in a foreign country who has a congregation which is composed predominantly of citizens of the United States, without regard to section 911 (relating to earned income from sources without the United States) and section 931 (relating to income from sources within possessions of the United States)."
(c) The amendments made by this section shall, except for purposes of section 203 of the Social Security Act, apply only with respect to taxable years ending on or after December 31, 1957. For purposes of section 203 of the Social Security Act (other than subsection (a)), such amendments shall apply only with respect to taxable years beginning after the month in which this Act is enacted. For purposes of subsection (a) of such section 203, such amendments shall apply only with respect to taxable years of the insured individual ending on or after December 31, 1957.

The area herein referred to as the town area is situated in Douglas, Grant, and Okanogan counties and comprises the following lands:

The term "the municipality", as used in this Act, refers to any municipal corporation organized hereafter embracing any part of the town area described.

Sec. 2. Except for property, disposal of which is authorized under section 6 of this Act, the Secretary of the Interior, hereinafter referred to as the Secretary, is authorized to sell all lands and improvements situated in the town and Grand Coulee areas which was acquired or built by the United States for the construction, operation, and maintenance of Grand Coulee Dam and its appurtenant works and which is not needed for Federal purposes. Such disposals shall be made in accordance with the terms and conditions set forth in section 3 of this Act, but lands to be sold in the Grand Coulee area shall be sold at public sale to the highest responsible bidder.

Sec. 3. (a) All land authorized to be sold under section 2 of this Act which, when offered for sale, is occupied by improvements owned by the United States shall be sold with the improvements in place.

(b) Of the property authorized to be sold under section 2 of this Act, lands in the town area occupied by dwelling units shall be sold in accordance with the following terms and conditions:

(1) First priority to purchase shall be given to the tenant of the United States in the town area who occupies the land and dwelling unit to be sold. The land and dwelling unit shall be offered at the appraised value as established under section 5 less any applicable discounts under this Act. This right of priority shall expire unless a deposit of earnest money in an amount to be fixed by the Secretary is received by him before the expiration of sixty days after the date on which the property has been offered for sale, and the right of priority shall be deemed abandoned unless within an additional one hundred and eighty days the prospective purchaser shall have signed a contract to purchase the property.

Any tenant having a priority under (1) who desires to continue to rent the property occupied by him rather than to purchase it may assign his priority to a person who has entered into a valid contract to lease the property back to him. The Secretary may permit such other assignments of priorities under (1) as he finds to be fair and equitable. Assignments under this paragraph shall be subject to such general rules and regulations as the Secretary may prescribe, including denial, in any instance where the Secretary in his judgment finds it proper, to the assignee concerned, or his successors, assigns, or legal representatives, of any discount in or rebate of the purchase price to which such person or persons would otherwise be entitled under this Act.

(2) Second priority to purchase shall apply to property in the town area not purchased under (1) and shall be given to persons who are tenants of the United States in Federal housing in the town area or who would meet the requirements for eligibility to become such tenants under the most recent regulations of the Bureau of Reclamation for the assignment of persons to Federal housing in the town area. Applicants to purchase shall be placed in order of opportunity to choose pursuant to a public drawing, but spouses of such applicants shall not be entitled to apply. Sales shall be at the appraised value as established under section 5, less applicable discounts under this Act. Selection of dwelling units by successful applicants shall be concluded within limits of time established by the Secretary, and thereafter the purchase shall be concluded in the same manner as provided under (1). A purchase under (1) or (2) shall render the purchaser and any spouse of such purchaser ineligible thereafter to purchase under either (1) or (2).
(3) Property not sold under (1) or (2) shall be opened to bids from the general public and shall be sold to the highest responsible bidder.

(c) (1) Of the property authorized to be sold under section 2 of this Act, land in the town area occupied by privately owned improvements shall be offered for sale to the owner of such improvements at the appraised value as established under section 5 less applicable discounts under this Act. This preference right shall expire unless a deposit of earnest money in an amount to be fixed by the Secretary is received by the Secretary before the expiration of sixty days after the date on which the property has been offered for sale, and thereafter the purchase shall be concluded in the same manner as provided under subsection (b) (1) of this section.

(2) Land not purchased by the owner of the improvements (except church or hospital improvements) thereon under (1) shall be made available for sale for a period of thirty days to those eligible for purchase under subsection (f) of this section, and thereafter shall be opened to bids from the general public and sold to the highest responsible bidder.

(3) Land with church or hospital improvements thereon which has not been purchased by the owners of the improvements under (1) may be disposed of by advertising and competitive bids, or by negotiated sale or other transfer at such prices and on such other terms and conditions as the Secretary shall determine to be fair and equitable.

(d) (1) Of the property authorized to be sold under section 2 of this Act, land in the town area occupied by improvements owned by the United States other than dwelling units shall be offered to the lessee of the United States in such improvements at the appraised value as established under section 5 less applicable discounts under this Act: Provided, That where there is more than one lessee in a given improvement and the Secretary finds it impractical to offer each lessee an interest in the property, the Secretary, pursuant to such standards as he deems appropriate, shall designate an order of priority among such lessees for acceptance of the offer of sale of such property, which shall be sold at the appraised value as established under section 5 less applicable discounts under this Act and pursuant to such other terms and conditions as the Secretary deems proper. Any preference or priority right under this paragraph shall expire unless a deposit of earnest money in an amount to be fixed by the Secretary is received by the Secretary before the expiration of sixty days after the date on which the property has been offered for sale, and thereafter the purchase shall be concluded in the same manner as provided under subsection (b) (1) of this section.

(2) Property referred to in (1) which is not under lease granted by the United States or which has not been purchased under (1) shall be made available for sale for a period of thirty days to those eligible for purchase under subsection (f) of this section and thereafter may be opened to bids from the general public and sold to the highest responsible bidder.

(e) Of the property authorized to be sold under section 2 of this Act, land in the town area which has not been improved or land from which the improvements have been removed shall be sold in accordance with the following terms and conditions.

(1) Residential property in the town area shall be offered for sale to persons who are tenants of the United States in Federal housing in the town area or who would meet the requirements for eligibility to become such tenants under the most recent regulations of the Bureau of Reclamation for the assignment of persons to Federal housing in
the town area. Applicants to purchase shall be placed in order of opportunity to choose pursuant to a public drawing. No application shall be accepted from the spouse of any applicant or from a person, or the spouse of such person, who owns, has owned, or has contracted to buy other residential property in the town area. Sales shall be at the appraised value as established under section 5 less applicable discounts under this Act, and selection and purchase under this priority by successful applicants shall be concluded within limits of time to be established by the Secretary. Residential property which is not sold under the preceding provisions of this subsection shall be open to bids from the general public and shall be sold to the highest responsible bidder.

(2) Property which at the time of sale is zoned for other than residential use, except such as is disposed of under subsection (f) of this section and land with church or hospital improvements thereon, shall be open to bids from the general public and shall be sold to the highest responsible bidder.

(f) Of the property in the town area authorized to be sold under section 2 of this Act, except that which is covered by subsections (b), (c) (3), and (e) (1) of this section, land not purchased by the holders of a priority or preference under this section shall, for thirty days following the period during which holders of a priority or preference could purchase the same, be offered for sale at the appraised value as established under section 5 less applicable discounts under this Act to persons leasing property in the town area from the United States for business or commercial uses. The Secretary may, in his discretion, permit more than one lot to be included in a single purchase, but only if the property to be purchased is compact and contiguous. If two or more applicants to purchase under this subsection desire the same property, their order of opportunity to purchase shall be determined pursuant to a public drawing. A purchase under this subsection shall render the purchaser and any spouse of such purchaser ineligible either to make an additional purchase under this subsection or to purchase the business or commercial property he is renting from the United States.

(g) Any improvement owned by the United States located on lands in the town area subject to being purchased by the holder of a priority or preference right hereunder and not purchased, after being offered for sale, within one year following the expiration of the period within which the priority or preference right can be exercised, may be opened to bids from the general public and may be sold to the highest responsible bidder.

(h) In all public sales of property under this Act to the highest responsible bidder, which shall include all sales of property to be sold in the Grand Coulee area, the Secretary shall reserve the right to reject all bids; and, in the event all bids are less than the appraised value of the property as established under section 5 or in the event no bids are received, the property shall be available for sale to the first taker from the general public at not less than aforesaid appraised value until all such property has been sold.

(i) (1) Whenever the Secretary, on presentation of adequate evidence by a prospective purchaser or purchasers under subsections (b) (1) or (b) (2) of this section, shall determine that financing of purchases on reasonable terms cannot be arranged from other sources, he is authorized to enter into contracts with such purchasers under which the purchaser would not be required to make a downpayment of more than 10 per centum of the appraised value of the property as established under section 5 less applicable discounts under this Act and the remainder of the repayment obligation shall be paid on terms
as to amount, repayment period, installments, and interest rate not more favorable to the purchasers than those which would be available were the purchases to be financed under mortgages eligible for insurance under subsection 223 (a) of the National Housing Act, as herein amended: Provided. That the Secretary may increase the interest rate by additional components equal to the premium being charged (and any periodic service charge being authorized by the Federal Housing Commissioner for property of a similar character) under subsection 223 (a) of the National Housing Act, as herein amended, at the effective date of the aforesaid contracts.

(2) Whenever the Secretary, on presentation of adequate evidence by a prospective purchaser or purchasers under subsections (c) (1), (d) (1), or (f) of this section, shall determine that financing of purchases on reasonable terms cannot be arranged from other sources, he is authorized to enter into contracts with such purchasers under which the purchaser would not be required to make a down payment of more than 10 per centum of the appraised value of the property as established under section 5, less applicable discounts under this Act. The remainder of the repayment obligation shall be paid with such terms as to amount, repayment period, installments, and interest rate as the Secretary shall determine to be fair and equitable.

(3) The Secretary may assign any installment contract under this section at such times and on such terms and conditions as he deems appropriate. Any such assignment made at a discount shall be defeasible if within sixty days after receipt of notification of such assignment the original obligor of the assigned contract, or his successors, assigns, or legal representative, shall cause to be received by the Secretary a tender of the amount for which such assignment was made, in which event such tender shall be accepted as full payment of the contract.

(j) Except in the case of property sold to the highest responsible bidder under this section or property sold to the first taker from the general public under subsection (h) of this section or by negotiated sale under subsection (c) (3) of this section, persons purchasing property under this section or their successors, assigns, or legal representatives, shall be entitled to a discount in the purchase price at the time they enter into a purchase contract equal to 5 per centum of its appraised value as established under section 5 and, in the event of incorporation of the municipality within four years from the date of this Act, they shall be entitled to an additional discount in the purchase price (or rebate as appropriate) equal to 10 per centum of the aforesaid appraised value.

(k) In establishing rules and regulations governing sales of property in the town area under this section, and in determining the terms and conditions of such sales other than those prescribed in this Act, the Secretary shall consult with the representatives of the Coulee Dam Community as determined by him.

Sec. 4. Paragraph (3) of subsection 223 (a) of the National Housing Act, as amended, is hereby amended by inserting after the words "Tennessee Valley Authority" the words "or of any housing under the jurisdiction of the Department of the Interior located within the town area of Coulee Dam, Washington, acquired by the United States for the construction, operation, and maintenance of Grand Coulee Dam and its appurtenant works: Provided, That for the purpose of the application of this title to sales by the Secretary of the Interior pursuant to subsections 3 (b) (1) and 3 (b) (2) of the Coulee Dam Community Act of 1957, the selling price of the property involved shall be deemed to be the appraised value".
SEC. 5. The appraised values referred to in section 3 of this Act shall be determined from time to time for a period of five years after the date of this Act by the Administrator of Housing and Home Finance Agency or his designee at the request of the Secretary. Thereafter, the Secretary may make such reappraisals as he deems necessary. Appraisals or reappraisals in the town area shall be made only after representatives of the Coulee Dam community, as determined by the Secretary, and of the Columbia Basin Commission, or such corresponding organization as may succeed it, have been granted an opportunity to offer advice. All appraisals and reappraisals shall be made on the basis of the properties' fair market value in the locality. In the sale of property to a tenant under subsections 3 (b) (1) and 3 (d) (1) of this Act, the value of structural improvements made at such tenant's own expense shall, to the extent the appraiser or appraisers hereunder determine that such improvements actually enhance the value of the property, be deducted from what would otherwise be the appraised value of the property to be sold; and the difference shall be deemed the appraised value for the purposes of this Act.

SEC. 6. The Secretary is authorized to transfer without cost out of the properties in his custody within the town and Grand Coulee areas ownership of—

(a) any Federally owned municipal-type property and facilities together with rights-of-way therefor, equipment, materials, and supplies, in or serving said areas, including but not limited to the sewer, water, fire-alarm, street-lighting, electric feeder lines, and power-distribution systems, and the highways, streets, alleys, sidewalks, parks, and parking areas to the municipality or Grand Coulee if their respective areas are substantially served by such properties. Any such transfer to the municipality, however, will not be made unless the town area or a part thereof is incorporated within four years from the date of this Act;

(b) the school buildings and grounds, athletic fields, tennis courts, and other properties currently used for educational purposes to the appropriate school district; and

(c) highway improvements in and connecting the town and Grand Coulee areas and the bridge across the Columbia River, together with the necessary rights-of-way therefor to the State of Washington.

SEC. 7. (a) There is hereby made available out of the proceeds of sales made pursuant to section 3 of this Act an amount not to exceed $130,000 for expenditure, directly or through the local units of government involved, for work in connection with the disposal of sewage in the immediate vicinity of the town of Coulee Dam and the city of Grand Coulee, including betterment work on the existing open drain along the north side of the highway through the city of Grand Coulee. Of this amount the Secretary shall pay not more than $100,000 to Grand Coulee and not more than $30,000 to the municipality. Except to the extent that any expenditures have been made directly as provided in the preceding sentence, the Secretary shall, upon application, pay to Grand Coulee the amount of $10,000 and to the municipality the amount of $3,000 for engineering surveys and drafting of specifications for proposed construction and/or improvement of sewage disposal and drainage facilities. After final drawings and specifications have been approved by the Secretary and the construction contracts have been entered into, the Secretary shall pay monthly to Grand Coulee and to the municipality additional amounts equivalent to earnings under their contracts as evidenced by construction progress reports certified by their contractors and by Grand Coulee and the
municipality, but not to exceed a total of $90,000 for the former and $27,000 for the latter.

(b) Subject to the provisions of subsection 9 (a) of this Act, the following amounts shall be made available, out of the proceeds of sales made pursuant to section 3 of this Act, to the municipality if incorporated within four years from the date of this Act: (1) On incorporation, $44,000; (2) at the end of one year after incorporation, $21,000; and (3) at the end of two years after incorporation, $15,000.

(c) The Secretary is hereby authorized to make available as herein provided, as power and energy reserved for the operation and maintenance of the Columbia Basin project, for users in the town area and, to other communities within three and one-half miles of Grand Coulee Dam which are served by municipally owned distribution systems such amount of power and energy as, in his judgment, is needed to meet load requirements for space-heating purposes existing at the time of incorporation of the municipality. Such power and energy may be made available directly to the users or indirectly through distributing agencies, for a period of ten years from the date of this Act, and may be at such special rates as the Secretary finds to be proper but at not less than cost.

SEC. 8. Property sold under any contract deferring transfer of title pending payment of the purchase price upon recordation of such contract in the county records shall be subject to the provisions of the laws of the State of Washington relating to the assessment and collection of property taxes, and to liens for such taxes and to all proceedings for the enforcement thereof, in the same manner and to the same extent as privately owned property. The United States does not assume any obligation for the amounts so assessed or taxed; and any proceedings to enforce them shall be subject to any title then remaining in the United States and to any prior lien reserved to the United States for unpaid installments under sale contracts made hereunder.

SEC. 9. **TITLE V—GENERAL PROVISIONS**

Sec. 501. The Secretary of each military department may proceed to establish or develop installations and facilities under this Act without regard to sections 3648 and 3734 of the Revised Statutes, as amended, and sections 4774 (d) and 9774 (d) of title 10, United States Code. The authority to place permanent or temporary improvements on land includes authority for surveys, administration, overhead, planning, and supervision incident to construction. That authority may be exercised before title to the land is approved under section 355 of the Revised Statutes, as amended, and even though the land is held temporarily. The authority to acquire real estate or land includes authority to make surveys and to acquire land, and interests in land (including temporary use), by gift, purchase, exchange of Government-owned land, or otherwise.

Sec. 502. There are authorized to be appropriated such sums as may be necessary for the purposes of this Act, but appropriations, for public works projects authorized by titles I, II, and III shall not exceed—

1. for title I: Inside the United States, $115,624,000; outside the United States, $34,477,000; section 102, $143,002,000; or a total of $293,103,000;

Sec. 503. Any of the amounts named in titles I, II, and III of this Act may, in the discretion of the Secretary concerned, be increased by 5 per centum for projects inside the United States and by 10 per centum for projects outside the United States. However, the total cost of all projects in each such title may not be more than the total amount authorized to be appropriated for projects in that title.

Sec. 504. Whenever—

1. the President determines that compliance with section 2313 (b) of title 10, United States Code, for contracts made under this Act for the establishment or development of military installations and facilities in foreign countries would interfere with the carrying out of this Act; and
(2) the Secretary of Defense and the Comptroller General have agreed upon alternative methods for adequately auditing those contracts; the President may exempt those contracts from the requirements of that section.

Sec. 505. Contracts made by the United States under this Act shall be awarded, insofar as practicable, on a competitive basis to the lowest responsible bidder, if the national security will not be impaired and the award is consistent with chapter 137 of title 10, United States Code, and section 15 of the Act of August 9, 1955 (69 Stat. 547, 551). The Secretaries of the military departments shall report semiannually to the President of the Senate and the Speaker of the House of Representatives with respect to all contracts awarded on other than a competitive basis to the lowest responsible bidder.

Sec. 506. As of July 1, 1958, all authorizations for military public works to be accomplished by the Secretary of a military department in connection with the establishment or development of military installations and facilities, and all authorizations for appropriations therefor, that are contained in Acts approved before July 25, 1954, and not superseded or otherwise modified by a later authorization are repealed, except—

(1) authorizations for public works and for appropriations therefor that are set forth in those Acts in the titles that contain the general provisions;

(2) the authorization for public works projects as to which appropriated funds have been obligated for construction contracts in whole or in part before July 1, 1958, and authorizations for appropriations therefor;

(3) the authorization for the rental guaranty for family housing in the amount of $100,000,000 that is contained in section 302 of Public Law 534, Eighty-second Congress;

(4) the authorizations for public works and the appropriation of funds that are contained in sections 2231-2238 of title 10, United States Code, as amended (50 U. S. C. 882, 883, 885, 886);

(5) the authorization for the development of the Line of Communications, France, in the amount of $60,000,000 that is contained in title I, section 102, of Public Law 534, Eighty-second Congress;

(6) notwithstanding the provisions of section 410 of the Act of August 3, 1956 (70 Stat. 991, 1016), the authorization for (a) development of classified facilities in the amount of $6,439,000 that is contained in title I, section 102, of the Act of September 28, 1951 (65 Stat. 386, 343), and (b) development of classified facilities in the amount of $6,654,000 that is contained in title I, section 102 of the Act of July 14, 1952 (66 Stat. 606, 609); and

(7) the authorization for public works and for the appropriations of funds that are contained in the Act of April 1, 1954 (68 Stat. 47), as amended.

(a) $28 per square foot for cold-storage warehousing;

(b) $6 per square foot for regular warehousing;

(c) $1,850 per man for permanent barracks;

(d) $7,500 per man for bachelor officer quarters, unless the Secretary of Defense determines that, because of special circumstances, application to such project of the limitation on unit costs contained in this section is impracticable.
Sec. 508. Section 9 of the Air Force Academy Act, as amended (68 Stat. 49), is further amended by striking out in the first sentence the figure "$126,000,000" and inserting in place thereof the figure "$135,425,000".

To provide that the United States shall return to the former owners certain mineral interests in lands acquired for the Arkabutla, Sardis, Enid, and Grenada Reservoirs, Mississippi.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever the Secretary of the Army determines that the exploration for or exploitation of any mineral interests underlying any lands within, or acquired for the purpose of, the Arkabutla, Sardis, Enid, and Grenada Reservoirs of the Yazoo Basin headwater project in the State of Mississippi will not be incompatible with the development, maintenance, and operation of the reservoir projects, he shall make such interests available for reconveyance to the former owners thereof or, in the case of any such owner who is deceased, to the legal heirs or devisees, if any.

SEC. 2. Upon application filed with the Secretary of the Interior within three years after the date of enactment of this Act and upon approval of that application by the Secretary of the Army, whose determination shall be final, the Secretary of the Interior shall, upon payment of the fair market value thereof as determined by him, reconvey the mineral interests made available in accordance with this Act, subject to the limitations contained in section 3 of this Act.

SEC. 3. Each proposed reconveyance of mineral interests under this Act shall be subject to the following limitations:

(a) In the event all of the mineral interests of the United States in and to all of the mineral deposits that are subject to any one lease, permit, license, or contract issued under the Mineral Leasing Act for Acquired Lands, approved August 7, 1947 (61 Stat. 913; 30 U.S.C. 1952 edition, secs. 351–359) as amended, are otherwise eligible for conveyance under section 1 of this Act to a single grantee, or to several grantees as tenants in common, then such conveyance shall contain an assignment of all right, title, and interest of the United States in and to such lease, permit, license, or contract, including the right to all rentals, royalties, and other payments accruing under such lease, permit, license, or contract after the effective date of such conveyance. Except as provided in the preceding sentence, mineral deposits that are subject to any such lease, permit, license, or contract, including the right to all rentals, royalties, and other payments accruing under such lease, permit, license, or contract shall not be eligible during its continuance for conveyance under this Act. Nothing contained in this Act shall affect the continued validity of any such lease, permit, license, or contract or any rights arising thereunder.

(b) Where mineral interests in the same lands were acquired from more than one owner, no conveyance shall be made unless it is established to the satisfaction of the Secretary of the Interior that the proposed conveyance will operate in a manner which will be fair and just to each person from whom any mineral interest in such lands was acquired by the United States, and will not prejudice the proper conservation and development of the mineral deposits affected by the conveyance. For the purposes of this Act former mineral interests, whether or not in the same lands, may be combined or divided in such manner as may be requested by the applicants and approved by the Secretary of the Interior.

(c) No reconveyance shall be made of mineral interests in any lands if it is determined by the Secretary of the Interior that such reconveyance would adversely affect facilities required for the protection and management of migratory birds and fishing resources as provided in the Act of August 14, 1946 (60 Stat. 1080), or if the lands are desig-
nated by the Secretary of the Army, after consultation with the Secretary of the Interior, as needed for public park or recreation purposes.

(d) The Secretary of the Army may include such reservations and restrictions as he determines to be necessary for the development, maintenance, and operation of the reservoir projects involved and as may otherwise be in the public interest.

JOINT RESOLUTION

Providing for the recognition and endorsement of the second World Metallurgical Congress.

Whereas the growing demand upon the metal resources of the world presents a problem prompting the most serious consideration among nations; and
Whereas a broader acquaintanceship with present day mineral resources and the means for conserving these diminishing resources is essential to the well-being of mankind; and
Whereas our own mineral resources being deficient in several vital minerals, the United States is faced with continued dependence upon overseas and other sources; and
Whereas the outlook for improvement in basic resources is not encouraging, there is need for broad scientific research and wide-scale exploration to effect discovery of new metals and metal resources; and
Whereas the free exchange of scientific information among the world's metallurgists will contribute to the betterment of this deficiency at home and abroad; and
Whereas the United States has a responsibility and an opportunity to provide vigorous leadership in the search for substitutes for critical resources in order to preserve these resources from complete exhaustion; and
Whereas the metal scientist is today accepting this challenge in good spirit and with efficient performance, contributing actively to the mastery of new wonder metals and the peacetime uses of the atom; and
Whereas the economic health of the world will be enhanced if the United States nurtures a friendly attitude toward worldwide scientific and industrial efforts; and
Whereas several hundred distinguished metal scientists from two-score countries throughout the world will visit our shores in October and November of 1957 to participate in deliberations on metal resources and operations: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress hereby extends its official welcome to the overseas metal scientists who will attend the World Metallurgical Congress, November 2 to 8, 1957, under the sponsorship of the American Society for Metals. The President is authorized and requested, by proclamation, or in such manner as he may deem proper, to grant recognition to the World Metallurgical Congress and the American Society for Metals for its instigation and sponsorship of this second world gathering of metal scientists, calling upon officials and agencies of the Government to assist and cooperate with such congress as occasion may warrant.

AN ACT
To amend the Atomic Energy Act of 1954, as amended, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2 of the Atomic Energy Act of 1954, as amended, is amended by adding a new subsection to read as follows:

"i. In order to protect the public and to encourage the development of the atomic energy industry, in the interest of the general welfare and of the common defense and security, the United States may make funds available for a portion of the damages suffered by the public from nuclear incidents, and may limit the liability of those persons liable for such losses."

Sec. 2. Subsection 53 e. (8) of the Atomic Energy Act of 1954, as amended, is amended to read as follows:

"(8) except to the extent that the indemnification and limitation of liability provisions of section 170 apply, the licensee will hold the United States and the Commission harmless from any damages resulting from the use or possession of special nuclear material by the licensee."

Sec. 3. Section 11 of the Atomic Energy Act of 1954, as amended, is amended by adding thereto the following new subsections, and redesignating the other subsections accordingly:

"j. The term ‘financial protection’ means the ability to respond in damages for public liability and to meet the costs of investigating and defending claims and settling suits for such damages."

"n. The term ‘licensed activity’ means an activity licensed pursuant to this Act and covered by the provisions of section 170 a."

"o. The term ‘nuclear incident’ means any occurrence within the United States causing bodily injury, sickness, disease, or death, or loss of or damage to property, or for loss of use of property, arising out of or resulting from the radioactive, toxic, explosive, or other hazardous properties of source, special nuclear, or byproduct material."

"p. The term ‘person indemnified’ means the person with whom an indemnity agreement is executed and any other person who may be liable for public liability."

"u. The term ‘public liability’ means any legal liability arising out of or resulting from a nuclear incident, except claims under State or Federal Workmen’s Compensation Acts of employees of persons indemnified who are employed at the site of and in connection with the activity where the nuclear incident occurs, and except for claims arising out of an act of war. ‘Public liability’ also includes damage to property of persons indemnified: Provided, That such property is covered under the terms of the financial protection required, except property which is located at the site of and used in connection with the activity where the nuclear incident occurs."

Sec. 4. The Atomic Energy Act of 1954, as amended, is amended by adding thereto a new section, with the appropriate amendment to the table of contents:

"Sec. 170. Indemnification and Limitation of Liability.—"

"a. Each license issued under section 103 or 104 and each construction permit issued under section 185 shall, and each license issued under section 53, 63, or 81 may, have as a condition of the license a requirement that the licensee have and maintain financial protection of such type and in such amounts as the Commission
shall require in accordance with subsection 170 b. to cover public liability claims. Whenever such financial protection is required, it shall be a further condition of the license that the licensee execute and maintain an indemnification agreement in accordance with subsection 170 c. The Commission may require, as a further condition of issuing a license, that an applicant waive any immunity from public liability conferred by Federal or State law.

"b. The amount of financial protection required shall be the amount of liability insurance available from private sources, except that the Commission may establish a lesser amount on the basis of criteria set forth in writing, which it may revise from time to time, taking into consideration such factors as the following: (1) the cost and terms of private insurance, (2) the type, size, and location of the licensed activity and other factors pertaining to the hazard, and (3) the nature and purpose of the licensed activity: Provided, That for facilities designed for producing substantial amounts of electricity and having a rated capacity of 100,000 electrical kilowatts or more, the amount of financial protection required shall be the maximum amount available from private sources. Such financial protection may include private insurance, private contractual indemnities, self insurance, other proof of financial responsibility, or a combination of such measures.

c. The Commission shall, with respect to licenses issued between August 30, 1954, and August 1, 1967, for which it requires financial protection, agree to indemnify and hold harmless the licensee and other persons indemnified, as their interest may appear, from public liability arising from nuclear incidents which is in excess of the level of financial protection required of the licensee. The aggregate indemnity for all persons indemnified in connection with each nuclear incident shall not exceed $500,000,000 including the reasonable costs of investigating and settling claims and defending suits for damage. Such a contract of indemnification shall cover public liability arising out of or in connection with the licensed activity.

d. In addition to any other authority the Commission may have, the Commission is authorized until August 1, 1967, to enter into agreements of indemnification with its contractors for the construction or operation of production or utilization facilities or other activities under contracts for the benefit of the United States involving activities under the risk of public liability for a substantial nuclear incident. In such agreements of indemnification the Commission may require its contractor to provide and maintain financial protection of such a type and in such amounts as the Commission shall determine to be appropriate to cover public liability arising out of or in connection with the contractual activity, and shall indemnify the persons indemnified against such claims above the amount of the financial protection required, in the amount of $500,000,000 including the reasonable costs of investigating and settling claims and defending suits for damage in the aggregate for all persons indemnified in connection with such contract and for each nuclear incident. The provisions of this subsection may be applicable to lump sum as well as cost type contracts and to contracts and projects financed in whole or in part by the Commission.

e. The aggregate liability for a single nuclear incident of persons indemnified, including the reasonable costs of investigating and settling claims and defending suits for damage, shall not exceed the sum of $500,000,000 together with the amount of
financial protection required of the licensee or contractor. The Commission or any person indemnified may apply to the appropriate district court of the United States having venue in bankruptcy matters over the location of the nuclear incident, and upon a showing that the public liability from a single nuclear incident will probably exceed the limit of liability imposed by this section, shall be entitled to such orders as may be appropriate for enforcement of the provisions of this section, including an order limiting the liability of the persons indemnified, orders staying the payment of claims and the execution of court judgments, orders apportioning the payments to be made to claimants, orders permitting partial payments to be made before final determination of the total claims, and an order setting aside a part of the funds available for possible latent injuries not discovered until a later time.

"f. The Commission is authorized to collect a fee from all persons with whom an indemnification agreement is executed under this section. This fee shall be $30 per year per thousand kilowatts of thermal energy capacity for facilities licensed under section 103. For facilities licensed under section 104, and for construction permits under section 185, the Commission is authorized to reduce the fee set forth above. The Commission shall establish criteria in writing for determination of the fee for facilities licensed under section 104, taking into consideration such factors as (1) the type, size, and location of facility involved, and other factors pertaining to the hazard, and (2) the nature and purpose of the facility. For other licenses, the Commission shall collect such nominal fees as it deems appropriate. No fee under this subsection shall be less than $100 per year.

"g. In administering the provisions of this section, the Commission shall use, to the maximum extent practicable, the facilities and services of private insurance organizations, and the Commission may contract to pay a reasonable compensation for such services. Any contract made under the provisions of this subsection may be made without regard to the provisions of section 3709 of the Revised Statutes, as amended, upon a showing by the Commission that advertising is not reasonably practicable and advance payments may be made.

"h. The agreement of indemnification may contain such terms as the Commission deems appropriate to carry out the purposes of this section. Such agreement shall provide that, when the Commission makes a determination that the United States will probably be required to make indemnity payments under this section, the Commission shall collaborate with any person indemnified and may approve the payment of any claim under the agreement of indemnification, appear through the Attorney General on behalf of the person indemnified, take charge of such action, and settle or defend any such action. The Commission shall have final authority on behalf of the United States to settle or approve the settlement of any such claim on a fair and reasonable basis with due regard for the purposes of this Act. Such settlement may include reasonable expenses in connection with the claim incurred by the person indemnified.

"i. After any nuclear incident which will probably require payments by the United States under this section, the Commission shall make a survey of the causes and extent of damage which shall forthwith be reported to the Joint Committee, and, except as forbidden by the provisions of chapter 12 of this Act or any other law or Executive order, all final findings shall be
made available to the public, to the parties involved and to the courts. The Commission shall report to the Joint Committee by April 1, 1958, and every year thereafter on the operations under this section.

"j. In administering the provisions of this section, the Commission may make contracts in advance of appropriations and incur obligations without regard to section 3679 of the Revised Statutes, as amended.

Sec. 5. The Atomic Energy Act of 1954, as amended, is amended by adding thereto a new section, making the appropriate amendment to the table of contents, as follows:

"Sec. 29. ADVISORY COMMITTEE ON REACTOR SAFEGUARDS.—There is hereby established an Advisory Committee on Reactor Safeguards consisting of a maximum of fifteen members appointed by the Commission for terms of four years each. The Committee shall review safety studies and facility license applications referred to it and shall make reports thereon, shall advise the Commission with regard to the hazards of proposed or existing reactor facilities and the adequacy of proposed reactor safety standards, and shall perform such other duties as the Commission may request. One member shall be designated by the Committee as its Chairman. The members of the Committee shall receive a per diem compensation for each day spent in meetings or conferences, or other work of the Committee, and all members shall receive their necessary traveling or other expenses while engaged in the work of the Committee. The provisions of section 163 shall be applicable to the Committee."

Sec. 6. Section 182 of the Atomic Energy Act of 1954, as amended, is amended by redesignating subsection b. as subsection c. and subsection c. as subsection d., and by inserting the following subsection as a new subsection b. immediately after subsection a.:

"b. The Advisory Committee on Reactor Safeguards shall review each application under section 103 or 104 b. for a license for a facility, any application under section 104 c. for a testing facility, and any application under section 104 a. or c. specifically referred to it by the Commission, and shall submit a report thereon, which shall be made part of the record of the application and available to the public, except to the extent that security classification prevents disclosure."

Sec. 7. Section 189 a. of the Atomic Energy Act of 1954, as amended, is amended by adding the following sentence at the end thereof: "The Commission shall hold a hearing after thirty days notice and publication once in the Federal Register on each application under section 103 or 104 b. for a license for a facility, and on any application under section 104 c. for a license for a testing facility."

To amend certain provisions of the Columbia Basin Project Act, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) section 2 (b) (iii) of the Columbia Basin Project Act (57 Stat. 14), as amended, is hereby repealed and the following is substituted therefor:

"(iii) Water shall not be delivered from, through, or by means of the project works to or for lands not conforming in area and boundaries to the farm units covering the lands involved. Water may be delivered to one or more farm units held by any one landowner (a) which, taken together, comprise not more than one hundred and sixty irrigable acres, or (b) in the case of a nominal quarter section comprising more than one hundred and sixty irrigable acres referred to in subdivision (1) of subsection (b) of this section, which comprise the acreage contained in such quarter section: Provided, That water may be delivered to one or more farm units comprising a total irrigable area of not more than three hundred and twenty acres held by members of a family: Provided further, That notwithstanding any other provision of this Act, water shall not be delivered (1) to more than one farm unit held by any one owner or family on September 1, 1957, except that, in the case of land held by one having equitable or legal title on May 27, 1937, or by the heir or devisee of such owner, delivery may be made to farm units comprising not more than one hundred and sixty irrigable acres or a nominal quarter section, or (2) to any excess lands disposed of after September 1, 1957, which are reacquired (otherwise than in the circumstances set forth in the proviso to section 2 (b) (iv) of this Act) by the present owner or a member of his family within five years from the date of their disposition, or which are reacquired by the present owner or a member of his family at any time pursuant to any contract, arrangement, or understanding (other than a bona fide security transaction) made in connection with or as an incident to their disposition, or in which the owner or any member of his family retains any interest (except a bona fide security interest) or from which he or any member of his family derives any profit or advantage after their disposition."

(b) Section 2 (b) (iv) of said Act is hereby repealed and the following is substituted therefor:

"(iv) Lands within the project held by any landowner in excess of the farm unit or units to which water may lawfully be delivered as provided in subdivision (iii) of this subsection shall be deemed excess land: Provided, That if excess land is acquired by foreclosure or other process of law, by conveyance in satisfaction of mortgages, by inheritance or by devise, water therefor may be furnished temporarily for a period not exceeding five years from the effective date of such acquisition, delivery of water thereafter ceasing until the transfer thereof to a landowner duly qualified to secure water therefor."

(c) Section 2 (b) (v) of said Act is hereby repealed and the following is substituted therefor:

"(v) As used in this Act, the terms 'owner', 'landowner', and 'any one landowner' denote any person, corporation, joint-stock association; the term 'family' denotes a group consisting of either or both husband and wife, together with their children under eighteen years of age, or all of such children if both parents are dead; the term 'their children' includes the issue and lawfully adopted children of either or both husband and wife; and the term 'lands within the project' denotes those lands within the boundaries of the existing Columbia Basin Project Act, amendments. 16 USC 835a.
Basin irrigation districts, or revisions thereof approved by the Secretary, which the Secretary determines may be supplied water from, through, or by means of the project works and are required to be included to provide for sound development and operation of the project. Lands shall be deemed to be held by a family, if held as separate property of husband or wife, or constitute a part or all of their community property, or if they are the property of any or all of their children under eighteen years of age. Lands held in trust for any person shall, for the purpose of this Act, be deemed to be held both by that person and, if the trustee derives any profit or advantage from the trust other than a moderate fixed fee for the management of the same, by the trustee.”

The last sentence of this amendment shall not be deemed to affect any irrevocable trust for the benefit of a child under eighteen created prior to this amendment, which would then have been held to be consistent with the provisions and intent of the Columbia Basin Project Act or to excuse any violation or evasion of that Act, or of the rules and regulations issued pursuant to it or of contracts entered into under it, by the creation or purported creation of a trust prior to this amendment, which would then have been held to be inconsistent with said provisions and intent.

No application for a farm unit shall be received from any person who, or a member of whose family, then has outstanding another application for a farm unit on the project or to whom a farm unit could not at the time of application lawfully be sold under this Act. No farm unit shall be sold to, and no contract to sell a farm unit shall be entered into with, any person, corporation, joint-stock association, or family which has theretofore purchased or entered into a contract to purchase a farm unit under this Act or which then owns a farm unit within the Columbia Basin Project. The prohibition of the preceding sentence, however, shall not preclude a purchase or contract to purchase by a person, otherwise eligible, whose farm unit has been or is acquired by the United States for exchange purposes under this Act or the Act of August 13, 1953 (67 Stat. 566) or, if he is 18 years of age or older, whose family purchased or entered into a contract to purchase a farm unit at a time when he was under 18 years of age.”

The consent of the United States is hereby given to the recording, at the expense of the party benefited thereby, of any such amendment.

To amend chapter 223, title 18, United States Code, to provide for the production of statements and reports of witnesses.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That chapter 223 of title 18, United States Code, is amended by adding a new section 3500 which shall read as follows:

"§ 3500. Demands for production of statements and reports of witnesses

"(a) In any criminal prosecution brought by the United States, no statement or report in the possession of the United States which was made by a Government witness or prospective Government witness (other than the defendant) to an agent of the Government shall be the subject of subpoena, discovery, or inspection until said witness has testified on direct examination in the trial of the case.

"(b) After a witness called by the United States has testified on direct examination, the court shall, on motion of the defendant, order the United States to produce any statement (as hereinafter defined) of the witness in the possession of the United States which relates to the subject matter as to which the witness has testified. If the entire contents of any such statement relate to the subject matter of the testimony of the witness, the court shall order it to be delivered directly to the defendant for his examination and use.

"(c) If the United States claims that any statement ordered to be produced under this section contains matter which does not relate to the subject matter of the testimony of the witness, the court shall order the United States to deliver such statement for the inspection of the court in camera. Upon such delivery the court shall excise the portions of such statement which do not relate to the subject matter of the testimony of the witness. With such material excised, the court shall then direct delivery of such statement to the defendant for his use. If, pursuant to such procedure, any portion of such statement is withheld from the defendant and the defendant objects to such withholding, and the trial is continued to an adjudication of the guilt of the defendant, the entire text of such statement shall be preserved by the United States and, in the event the defendant appeals, shall be made available to the appellate court for the purpose of determining the correctness of the ruling of the trial judge. Whenever any statement is delivered to a defendant pursuant to this section, the court in its discretion, upon application of said defendant, may recess proceedings in the trial for such time as it may determine to be reasonably required for the examination of such statement by said defendant and his preparation for its use in the trial.

"(d) If the United States elects not to comply with an order of the court under paragraph (b) or (c) hereof to deliver to the defendant any such statement, or such portion thereof as the court may direct, the court shall strike from the record the testimony of the witness, and the trial shall proceed unless the court in its discretion shall determine that the interests of justice require that a mistrial be declared.

"(e) The term 'statement', as used in subsections (b), (c), and (d) of this section in relation to any witness called by the United States, means—
“(1) a written statement made by said witness and signed or otherwise adopted or approved by him; or
“(2) a stenographic, mechanical, electrical, or other recording, or a transcription thereof, which is a substantially verbatim recital of an oral statement made by said witness to an agent of the Government and recorded contemporaneously with the making of such oral statement.”

To authorize the construction, maintenance, and operation by the Armory Board of the District of Columbia of a stadium in the District of Columbia, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “District of Columbia Stadium Act of 1957”.

SEC. 2. In order to provide the people of the District of Columbia with a stadium suitable for holding athletic events and other activities and events of a nature requiring such a facility, the Armory Board (hereinafter referred to as the “Board”), created by section 2 of the Act entitled “An Act to establish a District of Columbia Armory Board, and for other purposes”, approved June 4, 1948 (D. C. Code, sec. 2-1702), is hereby authorized to construct, maintain, and operate a stadium (including necessary motor-vehicle parking areas) with a seating capacity of not to exceed fifty thousand, on a site in the District of Columbia determined in accordance with provisions of section 3 of this Act. The cost of constructing such stadium shall not exceed $6,000,000, and such amount shall be deemed to include interest during the construction of the stadium and for 12 months thereafter and all engineering, legal, financial, architectural, and other expenses incident to the construction of the stadium.

SEC. 3. The Secretary of the Interior is authorized and directed to acquire by gift, purchase, condemnation, or otherwise, all real property within the boundaries of the East Capitol Street site, as established in the first paragraph under the heading “(2) East Capitol Street Site” contained in the National Capital Planning Commission report entitled “Preliminary Report on Sites for National Memorial Stadium” dated November 8, 1956, and thereafter, upon the request of the Board, the Secretary of the Interior shall transfer to the Board, all right, title, and interest of the United States in and to all real property within the boundaries of such East Capitol Street site.

SEC. 4. (a) The Board is hereby authorized to provide for the payment of the cost of such stadium, including the land upon which said stadium is located, by an issue or issues of negotiable bonds of the Board, bearing interest, payable semiannually, at the rate of not more than to be approved by the Secretary of the Treasury, the principal and interest of such bonds shall be payable solely from the funds provided in accordance with this Act, and such payments may be further secured by mortgage of the stadium. All such bonds may be registered as to principal alone or both principal and interest, shall be payable as to principal within not to exceed thirty years from the date thereof, shall be in such denominations, shall be executed in such manner, and shall be payable in such medium and at such place or places as the Board may determine, and the face amount thereof shall be so calculated as to produce, at the price of their sale, the cost of the stadium constructed pursuant to this Act, but such cost shall not exceed $6,000,000. The Board may reserve the right to redeem any or all of the bonds before maturity in such manner and at such price or prices not exceeding 105 per centum of the face value and accrued interest as may be fixed by the Board prior to the issuance of the bonds. The Board when it deems advisable may issue refunding bonds to refinance any outstanding bonds at maturity or before maturity when called for redemption, except that such refunding bonds shall mature within not to exceed thirty years from the date thereof, or not to exceed fifty years from the date of enactment of this Act, whichever shall first occur, and shall not exceed in principal amount the principal amount of outstanding bonds replaced by such refunding bonds.
The Board may enter into an agreement with any bank or trust company in the United States as trustee having the power to make such agreement, setting forth the duties of the Board with respect to acquisition, construction, maintenance, operation, repair, and insurance of the stadium, the conservation and application of all funds, the security for the payment of the bonds, safeguarding of money on hand or on deposit, and the rights and remedies of such trustee and the holders of the bonds, restricting the individual right of action on the bondholders as is customary in trust agreements respecting bonds of corporations. Such trust agreement may contain such provisions for protecting and enforcing the rights and remedies of the trustee and the bondholders as may be reasonable and proper.

(b) The bonds may be sold at not less than par. If the proceeds of the bonds shall exceed the cost, the excess shall be placed in the fund created by section 6 for the payment of the principal and interest of such bonds. Prior to the preparation of definitive bonds the Board may, under like restrictions, issue temporary bonds, or may, under like restrictions, issue temporary bonds or interim certificates without coupons, of any denomination whatsoever, exchangeable for definitive bonds when such bonds that have been executed are available for delivery.

(c) All bonds, or other obligations, issued by the Board under authority of this Act, shall be exempt both as to principal and interest, from all taxation (except estate and inheritance taxes) now or hereafter imposed by the United States, or by the District of Columbia.

Sec. 5. In order to carry out the purposes of this Act, the Board is hereby authorized, without regard to any other provision of law—

(1) to determine all questions concerning the use of the stadium for the purposes of this Act;

(2) to enter into contracts and agreements with the District of Columbia and the Federal departments, bureaus, establishments, and offices, and the Act of March 4, 1915, as amended (31 U. S. C. 686), is hereby made applicable to such contracts;

(3) to acquire by purchase or lease, equipment, appliances, facilities, and property of any kind necessary or desirable to carry out the purposes of this Act, and to sell or dispose of any such property so acquired when in its judgment it shall be advantageous to do so, except that no contract for more than $3,000 shall be entered into for the purpose of this paragraph without competitive bidding;

(4) to make such structural and other changes in the stadium as it may deem necessary or desirable for carrying out the purposes of this Act;

(5) to prepare, maintain, light, and operate motor-vehicle parking lots on such land as is provided for that purpose by the Secretary of the Interior under section 3 of this Act;

(6) to operate or contract for the operation of such concessions, including the checking of clothing and the sale of beverages and food as the Board may deem appropriate to the purposes for which the stadium may be rented or leased;

(7) to furnish such services to renters, lessees, and other occupants of the stadium as in its judgment are necessary or suitable for carrying out the purposes of this Act;

(8) to rent or lease from time to time for any of the purposes of this Act, all or any part or parts of the stadium including any or all structures, equipment, or facilities of the stadium, at such rental values and for such periods of time as the Board shall determine;
(9) to carry public-liability insurance protecting the Board, and the members, officers, and employees thereof engaged in operating and maintaining the stadium; and to require tenants or lessees of the stadium to carry public-liability insurance protecting the interests of such tenants or lessees;

(10) to accept the gratuitous services of such persons as may volunteer to aid in the conduct of its activities.

SEC. 6. (a) The Board shall place into a fund all receipts derived from the exercise by the Board of the powers granted by this Act. This fund shall be used for operating, maintaining, and repairing the stadium and to pay the principal and interest of bonds issued under authority of section 4 of this Act as they fall due and the redemption or repurchase price of all or any thereof redeemed or repurchased before maturity as provided in section 4 of this Act. All revenues and receipts from the rental or lease of the stadium are hereby pledged to such uses and to the application thereof as hereinafter in this section required. After payment or provision for payment therefrom of all cost of maintenance, repair, and operation and the reservation of an amount of money estimated to be sufficient for the same purpose during the ensuing period of not more than six months, the remainder of receipts received from rental or lease of the stadium shall be placed in a fund to be used to pay the principal and interest of the bonds. An accurate record of the cost of the stadium, the expenditure for maintaining and operating it, and of rentals and lease receipts shall be kept and shall be available for the information of all interested persons.

(b) Within a reasonable time after the construction of the stadium, the Board shall file with Congress and the Board of Commissioners of the District of Columbia a sworn itemized statement showing the cost of constructing the stadium, and the amount of bonds, debentures, or other evidences of indebtedness issued in connection with the construction of such stadium.

SEC. 7. After payment of the bonds and interest or after a sinking fund sufficient for such purpose shall have been provided and shall be held solely for that purpose, but in any event not later than fifty years from the date of enactment of this Act, the Board shall deliver deeds or other suitable instruments of conveyance of the interest of the Board in and to the stadium to the Board of Commissioners of the District of Columbia, for the District of Columbia and the stadium shall thereafter be properly operated, maintained, and repaired by the District of Columbia.

SEC. 8. (a) The Board is authorized to employ and fix compensation of such personnel as may be necessary to carry out the purposes of this Act, without regard to the provisions of the civil-service laws and the Classification Act of 1949, as amended.

(b) Under the direction of the Board and with the written authorization signed by the members thereof, an employee of the Board may exercise such of the powers vested in the Board by section 5 of this Act as the Board shall determine.

SEC. 9. Nothing contained in this Act shall be construed to authorize or permit the Board or any member thereof to create any obligation or incur any liability other than such obligations and liabilities as are dischargeable solely from funds contemplated to be provided by this Act. No obligation created or liability incurred pursuant to this Act shall be a personal obligation or liability of any member or members of the Board but shall be chargeable solely to the funds contemplated to be provided by this Act. No indebtedness created pursuant to this Act shall be an indebtedness of the District of Columbia or the United States.
Sec. 10. The Board shall file with the Congress in January of each year a financial statement certified as to the accuracy by the auditor of the District of Columbia, a report of the activities and business at the stadium during the preceding fiscal year and recommendations to Congress as to future control and use of the stadium.

(a) The term "natural resources" includes, without limiting the generality thereof, oil, gas, and all other minerals, but does not include fish, shrimp, oysters, clams, crabs, lobsters, sponges, kelp, and other marine animal and plant life, or waterpower, or the use of water for the production of power; and

(b) The term "pierhead line" means a pierhead line established, now or in the future, by the Corps of Engineers of the Department of the Army: Provided, That the pierhead line shall be a line parallel to the existing line of mean low tide at such distance offshore from the line of mean low tide that said pierhead line shall encompass, to the landward, all stationary, manmade structures (but shall not encompass any part of breakwaters, bridges, or piers used for vessel dockage which part extends beyond such a parallel line marking the seaward extremity of other manmade structures) which were in existence as of February 1, 1957, to the seaward of the particular townsite for which the pierhead line is being established, and shall encompass no more: And provided further, That the determination of the location of a pierhead line by the Corps of Engineers shall be conclusive.

SEC. 2. (a) Except as provided in section 3, there is granted to the Territory of Alaska (hereinafter called the "Territory") all the right, title, and interest of the United States in and to all lands within the Territory of Alaska, including improvements thereon and natural resources thereof, lying offshore of surveyed townsites in the Territory, between the line of mean high tide and the pierhead line. For the purposes of this Act, the term "line of mean high tide" shall mean the meander line as heretofore established by Government survey, or, in the event that such a survey has not been made, the present line of mean high tide. JOINT RESOLUTION

To establish a commission to commemorate the one hundredth anniversary of the Civil War, and for other purposes.

Whereas the years 1961-1965 will mark the centennial of the American Civil War, the supreme experience in our history as a nation; and

Whereas the sacrifice of our people in that great ordeal was severe in all sections of the land; and

Whereas the far-reaching events of the Civil War established that the United States would remain permanently one nation; and

Whereas the Civil War, the greatest internal crisis through which this Nation passed, forged the unity of this country and the sons of both North and South have subsequently fought side by side for human freedom, justice, and the dignity of the individual among people everywhere; and

Whereas the development and preservation of the national military and battlefield parks contemplates acquisition of the necessary lands to assure perpetual preservation of these great battlefields and the furnishing of improvements to assure proper and adequate visitor understanding and use of these American fields of valor and sacrifice; and

Whereas it is incumbent upon us as a nation to provide for the proper observances of the centennial years of this great and continuing force in our history: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) in order to provide for appropriate and nationwide observances and the coordination of ceremonies, there is hereby established a commission to be known as the Civil War Centennial Commission, hereafter in this Act referred to as the “Commission”, which shall be composed of twenty-five members, as follows:

(c) Appointments provided for in this section, with the exception of honorary members, shall be made within ninety days from the date of enactment of this resolution. Vacancies shall be filled in the same manner as the original appointments were made.

Sec. 2. It shall be the duty of the Commission to prepare an overall program to include specific plans for commemorating the one hundredth anniversary of the Civil War. In preparing its plans and programs, the Commission shall give due consideration to any similar
and related plans advanced by State, civic, patriotic, hereditary, and historical bodies, and may designate special committees with representation from the above-mentioned bodies to plan and conduct specific ceremonies. The Commission may give suitable recognition such as the award of medals and certificates or by other appropriate means to persons and organizations for outstanding accomplishments in preserving and writing the history of the Civil War.

Sec. 5. The Board shall prescribe and collect from the lending institution a reasonable guaranty fee in connection with each loan guaranteed under this Act.

Sec. 6. (a) To permit it to make use of such expert advice and services as it may require in carrying out the provisions of this Act, the Board may use available services and facilities of other agencies and instrumentalities of the Federal Government with their consent and on a reimbursable basis.

Not more than two such special nonquota immigrant visas may be issued to eligible orphans adopted or to be adopted by any one United States citizen and spouse, unless necessary to prevent the separation of brothers or sisters.

22, 1945, and November 1, 1954, both dates inclusive, and misrepresented his nationality, place of birth, identity, or residence in applying for a visa: Provided, That such alien described in clause (B) shall establish to the satisfaction of the Attorney General that the misrepresentation was predicated upon the alien’s fear of persecution because of race, religion, or political opinion if repatriated to his former home or residence, and was not committed for the purpose of evading the quota restrictions of the immigration laws or an investigation of the alien at the place of his former home, or residence, or elsewhere. After the effective date of this Act, any alien who is the spouse, parent, or child of a United States citizen or of an alien lawfully admitted for permanent residence and who is excludable because (1) he seeks, has sought to procure, or has procured, a visa or other documentation, or entry into the United States, by fraud or misrepresentation, or (2) he admits the commission of perjury in connection therewith, shall hereafter be granted a visa and admitted to the United States for permanent residence, if otherwise admissible, if the Attorney General in his discretion has consented to the alien’s applying or reapplying for a visa and for admission to the United States.

Sec. 9. In the administration of the Immigration and Nationality Act, the Attorney General is authorized, pursuant to such terms and conditions as he may by regulations prescribe, to adjust the status to that of an alien lawfully admitted for permanent residence in the case of (A) an alien, physically present within the United States on July 1, 1957, who is the beneficiary of an approved visa petition for immigrant status under section 203 (a) (1) (A) of the Immigration and Nationality Act filed on his behalf prior to the date of enactment of this Act, and (B) his spouse and children physically present within the United States on July 1, 1957. This section shall be applicable only to aliens admissible to the United States except for the fact that an immigrant visa is not promptly available for issuance to them because the quota of the quota area to which they are chargeable is oversubscribed. Upon the payment of the required visa fee and the adjustment of status under this Act, the Attorney General shall record the alien’s lawful admission for permanent residence as of the date of the order adjusting status. Nothing contained in this section shall be held to repeal, amend or modify any of the provisions of the Act of June 4, 1956 (70 Stat. 241), nor shall any person acquiring exchange visitors status subsequent to the enactment of that Act, and who has not received a waiver pursuant thereto, be eligible for adjustment of status under this section. Pursuant to such terms and conditions, and in accordance with such procedure, as he may by regulations prescribe, the Attorney General is authorized to grant nonquota status, and a nonquota immigrant visa shall be issued, to the otherwise admissible spouse and child of any alien specified in clause (A) whose status has been adjusted under this Act if the marriage by virtue of which such relationship exists occurred prior to July 1, 1957.
Sec. 10. The quota deductions required under the provisions of the following Acts are terminated effective July 1, 1957—

(1) section 201 (e) (2) of the Immigration and Nationality Act;

(2) the Displaced Persons Act of 1948, as amended (62 Stat. 1009, 64 Stat. 219; 65 Stat. 96);

(3) the Act of June 30, 1950 (64 Stat. 306); and

(4) the Act of April 9, 1952 (66 Stat. 50).

Sec. 11. Section 323 of the Immigration and Nationality Act is amended by adding at the end thereof the following new subsection:

"(c) Any such adopted child (1) one of whose adoptive parents is (A) a citizen of the United States, (B) in the Armed Forces of the United States or in the employment of the Government of the United States, or of an American institution of research recognized as such by the Attorney General, or of an American firm or corporation engaged in whole or in part in the development of foreign trade and commerce of the United States, or a subsidiary thereof, or of a public international organization in which the United States participates by treaty or statute, and (C) regularly stationed abroad in such service or employment, and (2) who is in the United States at the time of naturalization, and (3) whose citizen adoptive parent declares before the naturalization court in good faith an intention to have such child take up residence within the United States immediately upon the termination of such service or employment abroad of such citizen adoptive parent, may be naturalized upon compliance with all the requirements of the naturalization laws except that no prior residence or specified period of physical presence within the United States or within the jurisdiction of the naturalization court or proof thereof shall be required, and paragraph (3) of subsection (a) of this section shall not be applicable."

Sec. 12. Any alien eligible for a quota immigrant status under the provisions of section 203 (a)(1), (2), or (3) of the Immigration and Nationality Act on the basis of a petition approved by the Attorney General prior to July 1, 1957, shall be held to be a nonquota immigrant and, if otherwise admissible under the provisions of that Act, shall be issued a nonquota immigrant visa: Provided, That, upon his application for an immigrant visa, and for admission to the United States, the alien is found to have retained his relationship to the petitioner, and status, as established in the approved petition.

Sec. 13. Notwithstanding any other provision of law—

(b) If, after consultation with the Secretary of State, it shall appear to the satisfaction of the Attorney General that the alien is a person of good moral character, that he is admissible for permanent residence under the Immigration and Nationality Act, and that such action would not be contrary to the national welfare, safety, or security, the Attorney General, in his discretion, may record the alien's lawful admission for permanent residence as of the date of the order of the Attorney General approving the application for adjustment of status is made.

(c) A complete and detailed statement of the facts and pertinent provisions of law in the case shall be reported to the Congress with the reasons for such adjustment of status. Such
reports shall be submitted on the first day of each calendar month in which Congress is in session. If, during the session of the Congress at which a case is reported, or prior to the close of the session of Congress next following the session at which a case is reported, either the Senate or the House of Representatives passes a resolution stating in substance that it does not favor the adjustment of status of such alien, the Attorney General shall thereupon require the departure of such alien in the manner provided by law. If neither the Senate nor the House of Representatives passes such a resolution within the time above specified, the Secretary of State shall, if the alien was classifiable as a quota immigrant at the time of his entry, reduce by one the quota of the quota area to which the alien is chargeable under section 202 of the Immigration and Nationality Act for the fiscal year then current or the next following year in which a quota is available. No quota shall be so reduced by more than 50 per centum in any fiscal year.

(d) The number of aliens who may be granted the status of aliens lawfully admitted for permanent residence in any fiscal year, pursuant to this section, shall not exceed fifty.

Sec. 14. Except as otherwise specifically provided in this Act, the definitions contained in subsections (a) and (b) of section 101 of the Immigration and Nationality Act shall apply to sections 4, 5, 6, 7, 8, 9, 12, 13, and 15 of this Act.

Sec. 15. (a) Notwithstanding the provisions of section 20 of the Refugee Relief Act of 1953, as amended (67 Stat. 400; 68 Stat. 1044), special nonquota immigrant visas authorized to be issued under section 3 of that Act which remained unissued on January 1, 1957, shall be allotted, and may be issued by consular officers as defined in the Immigration and Nationality Act, in the following manner:

(2) For the purposes of this section, the term "general area of the Middle East" means the area between and including (1) Libya on the west, (2) Turkey on the north, (3) Pakistan on the east, and (4) Saudi Arabia and Ethiopia on the south.

(d) Except as otherwise provided in subsection (a) of this section, nothing in this section shall be held to extend the Refugee Relief Act of 1953, as amended (67 Stat. 400; 68 Stat. 1044), and nothing in this section shall be held to authorize the issuance of special nonquota immigrant visas in excess of the number provided in section 3 of that Act.

Sec. 16.
