AN ACT
To provide public works and economic development programs and the planning and coordination needed to assist in development of the Appalachian region.

_Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,_ That this Act may be cited as the "Appalachian Regional Development Act of 1965".

FINDINGS AND STATEMENT OF PURPOSE

_SEC. 2._ The Congress hereby finds and declares that the Appalachian region of the United States, while abundant in natural resources and rich in potential, lags behind the rest of the Nation in its economic growth and that its people have not shared properly in the Nation's prosperity. The region's uneven past development, with its historical reliance on a few basic industries and a marginal agriculture, has failed to provide the economic base that is a vital prerequisite for vigorous, self-sustaining growth. The State and local governments and the people of the region understand their problems and have been working and will continue to work purposefully toward their solution. The Congress recognizes the comprehensive report of the President's Appalachian Regional Commission documenting these findings and concludes that regionwide development is feasible, desirable, and urgently needed. It is, therefore, the purpose of this Act to assist the region in meeting its special problems, to promote its economic development, and to establish a framework for joint Federal and State efforts toward providing the basic facilities essential to its growth and attacking its common problems and meeting its common needs on a coordinated and concerted regional basis. The public investments made in the region under this Act shall be concentrated in areas where
there is a significant potential for future growth, and where the expected return on public dollars invested will be the greatest. The States will be responsible for recommending local and State projects, within their borders, which will receive assistance under this Act. As the region obtains the needed physical and transportation facilities and develops its human resources, the Congress expects that the region will generate a diversified industry, and that the region will then be able to support itself, through the workings of a strengthened free enterprise economy.

TITLE I—THE APPALACHIAN REGIONAL COMMISSION

MEMBERSHIP AND VOTING

Sec. 101. (a) There is hereby established an Appalachian Regional Commission (hereinafter referred to as the “Commission”) which shall be composed of one Federal member, hereinafter referred to as the “Federal Cochairman”, appointed by the President by and with the advice and consent of the Senate, and one member from each participating State in the Appalachian region. The Federal Cochairman shall be one of the two Cochairmen of the Commission. Each State member may be the Governor, or his designee, or such other person as may be provided by the law of the State which he represents. The State members of the Commission shall elect a Cochairman of the Commission from among their number.

(b) Except as provided in section 105, decisions by the Commission shall require the affirmative vote of the Federal Cochairman and of a majority of the State members (exclusive of members representing States delinquent under section 105). In matters coming before the Commission, the Federal Cochairman shall, to the extent practicable, consult with the Federal departments and agencies having an interest in the subject matter.

(c) Each State member shall have an alternate, appointed by the Governor or as otherwise may be provided by the law of the State which he represents. The President, by and with the advice and consent of the Senate, shall appoint an alternate for the Federal Cochairman. An alternate shall vote in the event of the absence, death, disability, removal, or resignation of the State or Federal representative for which he is an alternate.

(d) The Federal Cochairman shall be compensated by the Federal Government at level IV of the Federal Executive Salary Schedule of the Federal Executive Salary Act of 1964. His alternate shall be compensated by the Federal Government at not to exceed the maximum scheduled rate for grade GS-18 of the Classification Act of 1949, as amended, and when not actively serving as an alternate for the Federal Cochairman shall perform such functions and duties as are delegated to him by the Federal Cochairman. Each State member and his alternate shall be compensated by the State which they represent at the rate established by the law of such State.

The Federal Cochairman shall not participate or vote in such determination. PERSONAL FINANCIAL INTERESTS

Sec. 108. (a) Except as permitted by subsection (b) hereof, no State member or alternate and no officer or employee of the Commission shall participate personally and substantially as member, alternate, officer, or employee, through decision, approval, disapproval, recommendation, the rendering of advice, investigation, or otherwise, in any proceeding, application, request for a ruling or other determination, contract, claim, controversy, or other particular matter in which, to his knowledge, he, his spouse, minor child, partner, organization (other than a State or political subdivision thereof) in
which he is serving as officer, director, trustee, partner, or employee, or any person or organization with whom he is serving as officer, director, trustee, partner, or employee, or any person or organization with whom he is negotiating or has any arrangement concerning prospective employment, has a financial interest. Any person who shall violate the provisions of this subsection shall be fined not more than $10,000, or imprisoned not more than two years, or both.

(b) Subsection (a) hereof shall not apply if the State member, alternate, officer, or employee first advises the Commission of the nature and circumstances of the proceeding, application, request for a ruling or other determination, contract, claim, controversy, or other particular matter and makes full disclosure of the financial interest and receives in advance a written determination made by the Commission that the interest is not so substantial as to be deemed likely to affect the integrity of the services which the Commission may expect from such State member, alternate, officer, or employee.

(c) No State member or alternate shall receive any salary, or any contribution to or supplementation of salary for his services on the Commission from any source other than his State. No person detailed to serve the Commission under authority of paragraph (4) of section 106 shall receive any salary or any contribution to or supplementation of salary for his services on the Commission from any source other than the State, local, or intergovernmental department or agency from which he was detailed or from the Commission. Any person who shall violate the provisions of this subsection shall be fined not more than $5,000, or imprisoned not more than one year, or both.

(d) Notwithstanding any other subsection of this section, the Federal Cochairman and his alternate on the Commission and any Federal officers or employees detailed to duty with it pursuant to paragraph (3) of section 106 shall not be subject to any such subsection but shall remain subject to sections 202 through 209 of title 18, United States Code.

(e) The Commission may, in its discretion, declare void and rescind any contract, loan, or grant of or by the Commission in relation to which it finds that there has been a violation of subsection (a) or (c) of this section, or any of the provisions of sections 202 through 209, title 18, United States Code.

TITLE II—SPECIAL APPALACHIAN PROGRAMS

PART A—New Programs

APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM

Sec. 201. (a) The Secretary of Commerce (hereafter in this section referred to as the "Secretary") is authorized to assist in the construction of an Appalachian development highway system serving the Appalachian region (the length of which shall not exceed two thousand three hundred and fifty miles. In addition thereto, there are authorized to be constructed not in excess of one thousand miles of local access roads, that will serve specific recreational, residential, commercial, industrial, or other like facilities or will facilitate a school consolidation program). The system, in conjunction with the Interstate System and other Federal-aid highways in the region will provide a highway system which will open up an area or areas with a developmental potential where commerce and communication have been inhibited by lack of adequate access. The provisions of title 23, United States Code, that are applicable to Federal-aid primary highways, and which the Secretary determines are not inconsistent
with this Act, shall apply to the Appalachian development highway system, and the local access roads.

(b) As soon as feasible, the Commission shall submit to the Secretary its recommendations with respect to (1) the general corridor location and termini of the development highways, (2) the designation of local access roads to be constructed, (3) priorities for construction of the local access roads and of the major segments of the development highways, and (4) other criteria for the program authorized by this section. Before any State member participates in or votes on such recommendations, he shall have obtained the recommendations of the State highway department of the State which he represents.

(c) The Secretary shall have authority to approve in whole or in part such recommendations or to require modifications or revisions thereof. In no event shall the Secretary approve any recommendations for any construction which would require for its completion the expenditure of Federal funds (other than funds available under title 23, United States Code) in excess of the appropriation authorizations in subsection (g). On its completion each development highway not already on the Federal-aid primary system shall be added to such system and shall be required to be maintained by the State.

(d) In the construction of highways and roads authorized under this section, the States may give special preference to the use of mineral resource materials indigenous to the Appalachian region.

(e) For the purposes of research and development in the use of coal and coal products in highway construction and maintenance, the Secretary is authorized to require each participating State, to the maximum extent possible, to use coal derivatives in the construction of not to exceed 10 per centum of the roads authorized under this Act.

(f) Federal assistance to any construction project under this section shall not exceed 50 per centum of the costs of such project, unless the Secretary determines, pursuant to the recommendation of the Commission, that assistance in excess of such percentage is required in furtherance of the purposes of this Act, but in no event shall such Federal assistance exceed 70 per centum of such costs.

(g) To carry out this section, there is hereby authorized to be appropriated $840,000,000.

DEMONSTRATION HEALTH FACILITIES

SEC. 202. (a) In order to demonstrate the value of adequate health and medical facilities to the economic development of the region, the Secretary of Health, Education, and Welfare is authorized to make grants for the construction, equipment, and operation of multicounty demonstration health facilities, including hospitals, regional health diagnostic and treatment centers, and other facilities necessary to health. Grants for such construction (including initial equipment) shall be made in accordance with the applicable provisions of title VI of the Public Health Service Act (42 U.S.C. 291-291z) and the Mental Retardation Facilities and Community Mental Health Centers Construction Act of 1963 (77 Stat. 282), without regard to any provisions therein relating to appropriation authorization ceiling or to allotments among the States. Grants under this section shall be made solely out of funds specifically appropriated for the purpose of carrying out this Act and shall not be taken into account in the computation of the allotments among the States made pursuant to any other provision of law.

(b) No grant under this section for construction (including initial equipment) shall exceed 80 per centum of the cost of the project. Not to exceed $41,000,000 of the funds authorized in section 401 shall be available for construction grants under this section.
(c) Grants under this section for operation (including equipment other than initial equipment) of a project may be made up to 100 per centum of the costs thereof for the two-year period beginning on the first day such project is in operation as a health facility. For the next three years of operations such grants shall not exceed 50 per centum of such costs. No grants for operation of a project shall be made after five years following the commencement of such operations. Not to exceed $28,000,000 of the funds authorized in section 401 of this Act shall be available for operating grants under this section.

LAND STABILIZATION, CONSERVATION, AND EROSION CONTROL

SEC. 203. (a) In order to provide for the control and prevention of erosion and sediment damages in the Appalachian region and to promote the conservation and development of the soil and water resources of the region, the Secretary of Agriculture is authorized to enter into agreements of not more than ten years with landowners, operators, and occupiers, individually or collectively, in the Appalachian region determined by him to have control for the period of the agreement of the lands described therein, providing for land stabilization, erosion and sediment control, and reclamation through changes in land use, and conservation treatment including the establishment of practices and measures for the conservation and development of soil, water, woodland, wildlife, and recreation resources.

(b) The landowner, operator, or occupier shall furnish to the Secretary of Agriculture a conservation and development plan setting forth the appropriate and safe land uses and conservation treatment mutually agreed by the Secretary and the landowner operator, or occupier to be needed on the lands for which the plan was prepared.

(c) Such plan shall be incorporated in an agreement under which the landowner, operator, or occupier shall agree with the Secretary of Agriculture to carry out the land uses and conservation treatment provided for in such plan on the lands described in the agreement in accordance with the terms and conditions thereof.

(d) In return for such agreement by the landowner, operator, or occupier the Secretary of Agriculture shall be authorized to furnish financial and other assistance to such landowner, operator, or occupier in such amounts and subject to such conditions as the Secretary determines are appropriate and in the public interest for the carrying out of the land uses and conservation treatment set forth in the agreement: Provided, That grants hereunder shall not exceed 80 per centum of the cost of carrying out such land uses and conservation treatment on fifty acres of land occupied by such owner, operator, or occupier.

(e) The Secretary of Agriculture may terminate any agreement with a landowner, operator, or occupier by mutual agreement if the Secretary determines that such termination would be in the public interest, and may agree to such modification of agreements previously entered into hereunder as he deems desirable to carry out the purposes of this section or to facilitate the practical administration of the program authorized herein.

(f) Notwithstanding any other provision of law, the Secretary of Agriculture, to the extent he deems it desirable to carry out the purposes of this section, may provide in any agreement hereunder for (1) preservation for a period not to exceed the period covered by the agreement and an equal period thereafter of the cropland, crop acreage, and allotment history applicable to land covered by the agreement for the purpose of any Federal program under which such history is used as a basis for an allotment or other limitation on the production of such crop; or (2) surrender of any such history and allotments.
(g) The Secretary of Agriculture shall be authorized to issue such rules and regulations as he determines are necessary to carry out the provisions of this section.

(h) In carrying out the provisions of this section, the Secretary of Agriculture shall utilize the services of the Soil Conservation Service, and the State and local committees provided for in section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590(b)), and is authorized to utilize the facilities, services, and authorities of the Commodity Credit Corporation. The Corporation shall not make any expenditures to carry out the provisions of this subsection unless funds specifically appropriated for such purpose have been transferred to it.

(i) Not to exceed $17,000,000 of the funds authorized in section 401 of this Act shall be available to carry out this section.

TIMBER DEVELOPMENT ORGANIZATIONS

Sec. 204. (a) In order that the region shall more fully benefit from the timber stands that are one of its prime assets, the Secretary of Agriculture is authorized to—

(1) provide technical assistance in the organization and operation, under State law, of private timber development organizations having as their objective the carrying out of timber development programs to improve timber productivity and quality, and increase returns to landowners through establishment of private nonprofit corporations, which on a self-supporting basis may provide (A) continuity of management, good cutting practices, and marketing services, (B) physical consolidation of small holdings or administrative consolidation for efficient management under long-term agreement, (C) management of forest lands, donated to the timber development organizations for demonstrating good forest management, on a profitable and taxpaying basis, and (D) establishment of a permanent fund for perpetuation of the work of the corporations to be composed of donations, real or personal, for educational purposes.

(2) provide not more than one-half of the initial capital requirements of such timber development organizations through loans under the applicable provisions of the Consolidated Farmers Home Administration Act of 1961 (7 U.S.C. 1926 et seq.). Such loans shall not be used for the construction or acquisition of facilities for manufacturing, processing, or marketing forest products, or for physical consolidation of small timber holdings authorized by (1)(B) above except for the establishment of demonstration units.

(b) Not to exceed $5,000,000 of the funds authorized in section 401 of this Act shall be available to carry out this section.

MINING AREA RESTORATION

Sec. 205. (a) In order to further the economic development of the region by rehabilitating areas presently damaged by deleterious mining practices, the Secretary of the Interior is authorized to—

(1) make financial contributions to States in the region to seal and fill voids in abandoned coal mines, and to reclaim and rehabilitate existing strip and surface mine areas, in accordance with provisions of the Act of July 15, 1955 (30 U.S.C. 571 et seq.), to the extent applicable, without regard to section 2(b) thereof (30 U.S.C. 572(b)) or to any provisions therein limiting assistance to anthracite coal formation, or to the Commonwealth of Pennsylvania. Grants under this paragraph shall be made
wholly out of funds specifically appropriated for the purposes of carrying out this Act.

(2) plan and execute projects for extinguishing underground and outcrop mine fires in the region in accordance with the provisions of the Act of August 31, 1954 (30 U.S.C. 551 et seq.), without regard to any provisions therein relating to annual appropriation authorization ceilings. Grants under this paragraph shall be made solely out of funds specifically appropriated for the purpose of carrying out this Act.

(3) expand and accelerate fish and wildlife restoration projects in the region in accordance with the provisions of the Act of September 2, 1937 (16 U.S.C. 669 et seq.), and the Act of August 9, 1950 (16 U.S.C. 777 et seq.), without regard to any provisions therein relating to apportionments among the States and to limitations on the availability of funds. The expenses of projects under this paragraph shall be paid solely out of funds specifically appropriated for the purpose of carrying out this Act, and shall not be taken into account in the computation of the apportionments among the States pursuant to any other provisions of law.

(b) For the fiscal years 1966 and 1967, notwithstanding any other provision of law, the Federal share of mining area restoration projects carried out under subsection (a) of this section and conducted on lands other than federally owned lands shall not exceed 75 per centum of the total cost thereof.

(c) The Congress hereby declares its intent to provide for a study of a comprehensive, long-range program for the purpose of reclaiming and rehabilitating strip and surface mining areas in the United States. To this general end, the Secretary of the Interior shall, in full cooperation with the Secretary of Agriculture, the Tennessee Valley Authority, and other appropriate Federal, State, and local departments and agencies, and with the Commission, make a survey and study of strip and surface mining operations and their effects in the United States. The Secretary of the Interior shall submit to the President his recommendations for a long-range comprehensive program for reclamation and rehabilitation of strip and surface mining areas in the United States and for the policies under which the program should be conducted, and the President shall submit these to the Congress, together with his recommendations, not later than July 1, 1967.

By July 1, 1966, the Secretary shall make an interim report to the Commission summarizing his findings to that date on those aspects of strip and surface mining operations in the region that are most urgently in need of attention. Such study and recommendations shall include, but not be limited to, a consideration of the following matters—

1. the nature and extent of strip and surface mining operations in the United States and the conditions resulting therefrom;
2. the ownership of the real property involved in strip and surface mining operations;
3. the effectiveness of past action by States or local units of government to remedy the adverse effects of strip and surface mining operation by financial or regulatory measures, and requirements for appropriate State legislation, including adequate enforcement thereof, to provide for proper reclamation and rehabilitation of areas which may be strip and surface mined in the future;
4. the public interest in and public benefits which may result from reclamation, rehabilitation, and appropriate development and use of areas subjected to strip and surface mining operations,
including (A) economic development growth, (B) public recreation, (C) public health and safety, (D) water pollution, stream sedimentation, erosion control, and flood control, (E) highway programs, (F) fish and wildlife protection and restoration, (G) scenic values, and (H) forestry and agriculture;

(5) the appropriate roles of Federal, State, and private interests in the reclamation and rehabilitation of strip and surface mining areas and the relative costs to be borne by each, including specific consideration of (A) the extent, if any, to which strip and surface mine operators are unable to bear the cost of remedial action within the limits imposed by the economics of such mining activity, and (B) the extent to which the prospective value of lands and other natural resources, after remedial work has been completed, would be inadequate to justify the landowners doing the remedial work at their expense; and

(6) the objectives and the total overall costs of a program for accomplishing the reclamation and rehabilitation of existing strip and surface mining areas in the United States, giving adequate consideration to (A) the economic benefits in relation to costs, (B) the prevention of future devastation of reclaimed and rehabilitated areas, (C) the avoidance of unwarranted financial gain to private owners of improved property, and (D) the types of aid required to accomplish such reclamation and rehabilitation.

(d) Not to exceed $36,500,000 of the funds authorized in section 401 of this Act shall be available to carry out this section. No moneys authorized by this Act shall be expended for the purposes of reclaiming, improving, grading, seeding, or reforestation of strip-mined areas (except on lands owned by Federal, State, or local bodies of government) until authorized by law after completion of the study and report to the President as provided in subsection (c) of this section.

(a) The Secretary of the Army is hereby authorized and directed to prepare a comprehensive plan for the development and efficient utilization of the water and related resources of the Appalachian region, giving special attention to the need for an increase in the production of economic goods and services within the region as a means of expanding economic opportunities and thus enhancing the welfare of its people, which plan shall constitute an integral and harmonious component of the regional economic development program authorized by this Act.

(b) This plan may recommend measures for the control of floods, the regulation of the rivers to enhance their value as sources of water supply for industrial and municipal development, the generation of hydroelectric power, the prevention of water pollution by drainage from mines, the development and enhancement of the recreational potentials of the region, the improvement of the rivers for navigation where this would further industrial development at less cost than would the improvement of other modes of transportation, the conservation and efficient utilization of the land resource, and such other measures as may be found necessary to achieve the objectives of this section.

(c) To insure that the plan prepared by the Secretary of the Army shall constitute a harmonious component of the regional program, he shall consult with the Commission and the following: the Secretary of Agriculture, the Secretary of Commerce, the Secretary of Health, Education, and Welfare, the Secretary of the Interior, the Tennessee Valley Authority, and the Federal Power Commission.
(d) The plan prepared pursuant to this section shall be submitted to the Commission. The Commission shall submit the plan to the President with a statement of its views, and the President shall submit the plan to the Congress with his recommendations not later than December 31, 1968.

Such grants shall be made in accordance with the provisions of the Vocational Education Act of 1963 (77 Stat. 408), without regard to any provisions therein relating to appropriation authorization ceilings or to allotments among the States. SUPPLEMENTS TO FEDERAL GRANT-IN-AID PROGRAMS

Sec. 214. (a) In order to enable the people, States, and local communities of the region, including local development districts, to take maximum advantage of Federal grant-in-aid programs (as hereinafter defined) for which they are eligible but for which, because of their economic situation, they cannot supply the required matching share, the Secretary of Commerce is authorized, pursuant to specific recommendations of the Commission approved by him and after consultation with the appropriate Federal officials, to allocate funds appropriated to carry out this section to the heads of the departments, agencies, and instrumentalities of the Federal Government responsible for the administration of such Federal grant-in-aid programs. Funds so allocated shall be used for the sole purpose of increasing the Federal contribution to projects under such programs above the fixed maximum portion of the cost of such project otherwise authorized by the applicable law. Such allocations shall be available without regard to any appropriation authorization ceilings in such Act.

(d) Not to exceed $90,000,000 of the funds authorized in section 401 of this Act shall be available to carry out this section.

**Part C—General Provisions**

**Maintenance of Effort**

Sec. 221. No State and no political subdivision of such State shall be eligible to receive benefits under this Act unless the aggregate expenditures of State funds, exclusive of Federal funds, for the benefit of the area within the State located in the region are maintained at a level which does not fall below the average level of such expenditures for its last two full fiscal years preceding the date of enactment of this Act. In computing the average level of expenditure for its last two fiscal years, a State's past expenditure for participation in the National System of Interstate and Defense Highways shall not be included. The Commission shall recommend to the President or such Federal officer or officers as the President may designate, a lesser requirement when it finds that a substantial population decrease in that portion of a State which lies within the region would not justify a State expenditure equal to the average level of the last two years or when it finds that a State's average level of expenditure, within an individual program, has been disproportionate to the present need for that portion of the State which lies within the region.

**Consent of States**

Sec. 222. Nothing contained in this Act shall be interpreted as requiring any State to engage in or accept any program under this Act without its consent.

**Program Implementation**

Sec. 223. A program and projects authorized under any section of this title shall not be implemented until (1) the Commission has consulted with the appropriate official or officials concerned with such program and projects as may be designated by the Governor or Governors of the State or States involved and has obtained the recommendations of such official or officials with respect to such program and projects and (2) plans with respect to such program and projects have been recommended by the Commission and have been submitted to and approved or modified by the President or such Federal officer or officers as the President may designate.

**Program Development Criteria**

Sec. 224. (a) In developing recommendations on the programs and projects to be given assistance under this Act, and in establishing within those recommendations a priority ranking of the requests for assistance presented to the Commission, the Commission shall follow procedures that will insure consideration of the following factors:

1. the relationship of the project or class of projects to overall regional development including its location in an area determined by the State have a significant potential for growth;

2. the population and area to be served by the project or class of projects including the relative per capita income and the unemployment rates in the area;
(3) the relative financial resources available to the State or political subdivisions or instrumentalities thereof which seek to undertake the project;

(4) the importance of the project or class of projects in relation to other projects or classes of projects which may be in competition for the same funds;

(5) the prospects that the project for which assistance is sought will improve, on a continuing rather than a temporary basis, the opportunities for employment, the average level of income, or the economic and social development of the area served by the project.

(b) No financial assistance shall be authorized under this Act to be used (1) in relocating any establishment or establishments from one area to another; (2) to finance the cost of industrial plants, commercial facilities, machinery, working capital, or other industrial facilities or to enable plant subcontractors to undertake work theretofore performed in another area by other subcontractors or contractors; (3) to finance the cost of facilities for the generation, transmission, or distribution of electric energy; or (4) to finance the cost of facilities for the production, transmission, or distribution of gas (natural, manufactured, or mixed).

TITLE III—ADMINISTRATION

LOCAL DEVELOPMENT DISTRICTS—CERTIFICATION

Sec. 301. For the purposes of this Act, a “local development district” shall be an entity certified to the Commission either by the Governor of the State or States in which such entity is located, or by the State officer designated by the appropriate State law to make such certification, as having a charter or authority that includes the economic development of counties or parts of counties or other political subdivisions within the region. No entity shall be certified as a local development district for the purposes of this Act unless it is one of the following:

(1) a nonprofit incorporated body organized or chartered under the law of the State in which it is located;

(2) a nonprofit agency or instrumentality of a State or local government;

(3) a nonprofit agency or instrumentality created through an interstate compact; or

(4) a nonprofit association or combination of such bodies, agencies, and instrumentalities.

GRANTS FOR ADMINISTRATIVE EXPENSES OF LOCAL DEVELOPMENT DISTRICTS AND FOR RESEARCH AND DEMONSTRATION PROJECTS

Sec. 302. (a) The Secretary of Commerce is authorized—

(1) either directly or through arrangements with the Commission, to make grants for administrative expenses to local development districts. The amount of any such grant shall not exceed 75 per centum of such expenses in any one fiscal year. No grants for administrative expenses shall be made to a local development district for a period in excess of three years beginning on the date the initial grant is made to such development district. The local contributions for administrative expenses may be in cash or in kind, fairly evaluated, including but not limited to space, equipment, and services; and

(2) either directly or through arrangements with appropriate public or private organizations (including the Commission), to
provide funds for investigation, research, studies, and demonstration projects, but not for construction purposes, which will further the purposes of this Act.

(b) Recipients of Federal assistance under the provisions of this section shall, in accordance with regulations to be promulgated by the Secretary of Commerce, maintain accurate and complete records of transactions and activities financed with Federal funds and report thereon to the Secretary of Commerce. The records of the recipient shall be available for audit with respect to such grants by the Secretary of Commerce and the Comptroller General, or their duly authorized representatives.

(c) Not to exceed $5,500,000 of the funds authorized in section 401 of this Act shall be available to carry out this section.

(d) No part of any appropriated funds may be expended pursuant to authorization given by this Act involving any scientific or technological research or development activity unless such expenditure is conditioned upon provisions effective to insure that all information, copyrights, uses, processes, patents, and other developments resulting from that activity will be made freely available to the general public. Nothing contained in this subsection shall deprive the owner of any background patent relating to any such activity, without his consent, of any right which that owner may have under that patent. Whenever any information, copyright, use, process, patent or development resulting from any such research or development activity conducted in whole or in part with appropriated funds expended under authorization of this Act is withheld or disposed of by any person, organization, or agency in contravention of the provisions of this subsection, the Attorney General shall institute, upon his own motion or upon request made by any person having knowledge of pertinent facts, an action for the enforcement of the provisions of this subsection in the district court of the United States for any judicial district in which any defendant resides, is found, or has a place of business. Such court shall have jurisdiction to hear and determine such action, and to enter therein such orders and decrees as it shall determine to be required to carry into effect fully the provisions of this subsection. Process of the district court for any judicial district in any action instituted under this subsection may be served in any other judicial district of the United States by the United States marshal thereof. Whenever it appears to the court in which any such action is pending that other parties should be brought before the court in such action, the court may cause such other parties to be summoned from any judicial district of the United States.

SEC. 303. An application for a grant or for any other assistance for a program or project under this Act shall be made only by a State, a political subdivision of a State, or a local development district. Each such application shall be made through the State member of the Commission representing such applicant, and such State member shall evaluate such application for approval. Only applications for programs and projects which are approved by a State member as meeting the requirements for assistance under the Act shall be approved for assistance by the Commission.

JOINT RESOLUTION

To provide for Bennett Place commemoration.

Whereas a profound spirit of unity among Americans underlies this Nation's greatness; and
Whereas a striking and memorable example of that spirit of unity pervaded the negotiations between General William T. Sherman and General Joseph E. Johnston when those opposing commanders in their search for peace met at the Bennett House, near the city of Durham, North Carolina, in April of 1865; and
Whereas through the diligent and unselfish labors of the Bennett Place Memorial Commission over long years, the Bennett House, together with its grounds and appurtenant buildings, has been carefully preserved and now comprises an official State historic site, administered by the State of North Carolina, so that the Bennett Place today stands as a permanent symbol of the Nation's unity; and
Whereas the people of North Carolina, imbued with the same sense of unity and concord that characterized the Johnston-Sherman Bennett Place conferences a century ago, and wishing to commemorate the centennial of those conferences, will hold appropriate ceremonies at the Bennett Place, near the city of Durham, on April 25, 1965; and
Whereas the Governor of the State of North Carolina, the city of Durham, and Bennett Place Memorial Commission have invited the people of the United States to attend those ceremonies: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is authorized and requested to issue a proclamation, on
or before April 1, 1965, reminding the American people of the spirit of national unity that is symbolized by the Bennett Place, near the city of Durham, North Carolina, and urging those who can do so to attend the commemorative ceremonies to be held by the people of North Carolina at the Bennett Place on April 25, 1965.

SEC. 2. Departments and agencies of the Government of the United States, including the Civil War Centennial Commission, are hereby requested to cooperate with the Governor of the State of North Carolina, with other public officers, and with governmental agencies of said State, and with the city of Durham, and the Bennett Place Memorial Commission in planning and carrying out the aforementioned commemorative ceremonies.

Approved March 29, 1965.

JOINT RESOLUTION

To authorize the President to designate the week of May 2 through May 8, 1965, as "Professional Photography Week".

Whereas professional photography is vital to the economy and welfare of our Nation, touching upon every aspect of this country's economic, scientific, industrial, and family life; and
Whereas one hundred and fifty thousand men and women are engaged in the practice of professional photography; and
Whereas a billion-dollar industry is generated and supported by the activities of the professional photographer; and
Whereas the work of the professional photographer is used by industry in product design, research, manufacture, the promotion of safety, training, purchasing and sales; and
Whereas professional photography communicates and educates and illustrates in advertising, in our courts, on our farms; and
Whereas in our reach toward outer space, in our search of the ocean's depth, and in research in our hospitals and laboratories throughout the land the professional photographer serves the cause of science; and
Whereas the professional photographer records history for our edification today and the benefit of our posterity; and
Whereas professional photography as an art form has enriched the cultural life of America; and
Whereas professional photography continues in its traditional role of remembrance and recording those we love: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That as a tribute to the professional photographer and his many works and in recognition of the importance of professional photography in our life today and in America's future, the President is authorized to issue a proclamation designating the week beginning May 2 through May 8, 1965, as Professional Photography Week, and calling upon the people of the United States to observe such week with appropriate ceremonies and activities.

The maximum basic grant which a local educational agency in Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands shall be eligible to receive shall be determined pursuant to such criteria as the Commissioner determines will best carry out the purposes of this title.

(2) In any case in which the Commissioner determines that satisfactory data for that purpose are available, the maximum basic grant which a local educational agency in a State shall be eligible to receive under this title for any fiscal year shall be (except as provided in paragraph (3)) an amount equal to the Federal percentage (established pursuant to subsection (c)) of the average per pupil expenditure in that State multiplied by the sum of (A) the number of children aged five to seventeen, inclusive, in the school district of such agency, of families having an annual income of less than the low-income factor (established pursuant to subsection (c)), and (B) the number of children of such ages in such school district of families receiving an annual income in excess of the low-income factor (as established pursuant to subsection (c)) from payments under the program of aid to families with dependent children under a State plan approved under title IV of the Social Security Act. In any other case, the maximum basic grant for any local educational agency in a State shall be determined on the basis of the aggregate maximum amount of such grants for all such agencies in the county or counties in which the school district of the particular agency is located, which aggregate maximum amount shall be equal to the Federal percentage of such per pupil expenditure multiplied by the number of children of such ages and families in such county or counties and shall be allocated among those agencies upon such equitable basis as may be determined by the State educational agency in accordance with basic criteria prescribed by the Commissioner. For purposes of this subsection the 'average per pupil expenditure' in a State shall be the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the computation is made, of all local educational agencies in the State (without regard to the sources of funds from which such expenditures are made), divided by the aggregate number of children in average daily attendance to whom such agencies provided free public education during such preceding year. In determining the maximum amount of a basic grant and the eligibility of a local educational agency for a basic grant for any fiscal year, the number of children determined under the first two sentences of this subsection or under subsection (b) shall be reduced by the number of children aged five to seventeen, inclusive, of families having an annual income of less than the low-income factor (as established pursuant to subsection (c)) for whom a payment was made under title I for the previous fiscal year.

(3) If the maximum amount of the basic grant determined pursuant to paragraph (1) or (2) for any local educational agency for the fiscal year ending June 30, 1966, is greater than 30 per centum of the sum budgeted by that agency for current expenditures for that year (as determined pursuant to regulations of the Commissioner), such maximum amount shall be reduced to 30 per centum of such budgeted sum.
“(4) For purposes of this subsection, the term ‘State’ does not include Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

“(b) A local educational agency shall be eligible for a basic grant for a fiscal year under this title only if it meets the following requirements with respect to the number of children aged five to seventeen, inclusive, of families having an annual income of less than the low-income factor (as established pursuant to subsection (c)):

“(1) In any case (except as provided in paragraph (3)) in which the Commissioner determines that satisfactory data for the purpose of this subsection as to the number of such children of such families are available on a school district basis, the number of such children of such families in the school district of such local educational agency shall be—

“(A) at least one hundred, or

“(B) equal to 3 per centum or more of the total number of all children aged five to seventeen, inclusive, in such district,

whichever is less, except that it shall in no case be less than ten.

“(2) In any other case, except as provided in paragraph (3), the number of children of such ages of families with such income in the county which includes such local educational agency’s school district shall be one hundred or more.

“(3) In any case in which a county includes a part of the school district of the local educational agency concerned and the Commissioner has not determined that satisfactory data for the purpose of this subsection are available on a school district basis for all the local educational agencies for all the counties into which the school district of the local educational agency concerned extends, the eligibility requirement with respect to the number of children of such ages of families of such income for such local educational agency shall be determined in accordance with regulations prescribed by the Commissioner for the purposes of this subsection.

“(c) For the purposes of this section, the ‘Federal percentage’ and the ‘low-income factor’ for the fiscal year ending June 30, 1966, shall be 50 per centum and $2,000, respectively. For each of the two succeeding fiscal years the Federal percentage and the low-income factor shall be established by the Congress by law.

“(d) For the purposes of this section, the Commissioner shall determine the number of children aged five to seventeen, inclusive, of families having an annual income of less than the low-income factor (as established pursuant to subsection (c)) on the basis of the most recent satisfactory data available from the Department of Commerce. At any time such data for a county are available in the Department of Commerce, such data shall be used in making calculations under this section. The Secretary of Health, Education, and Welfare shall determine the number of children of such ages from families receiving an annual income in excess of the low-income factor (established pursuant to subsection (c)) from payments under the program of aid to families with dependent children under a State plan approved under title IV of the Social Security Act on the basis of the best available data for the period most nearly comparable to those which are used by the Commissioner under the first two sentences of this subsection in making determinations for the purposes of subsections (a) and (b). When requested by the Commissioner, the Secretary of Commerce shall make a special estimate of the number of children of such ages who are from families having an annual income less than the low-income factor."
income factor (established pursuant to subsection (c)) in each county or school district, and the Commissioner is authorized to pay (either in advance or by way of reimbursement) the Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

"SPECIAL INCENTIVE GRANTS"

"Sec. 204. Each local educational agency which is eligible to receive a basic grant for the fiscal year ending June 30, 1967, shall be eligible to receive in addition a special incentive grant which does not exceed the product of (a) the aggregate number of children in average daily attendance to whom such agency provided free public education during the fiscal year ending June 30, 1965, and (b) the amount by which the average per pupil expenditure of that agency for the fiscal year ending June 30, 1965, exceeded 105 per centum of such expenditure for the fiscal year ending June 30, 1964. Each local educational agency which is eligible to receive a basic grant for the fiscal year ending June 30, 1968, shall be eligible to receive in addition a special incentive grant which does not exceed the product of (c) the aggregate number of children in average daily attendance to whom such agency provided free public education during the fiscal year ending June 30, 1966, and (d) the amount by which the average per pupil expenditure of that agency for the fiscal year ending June 30, 1966, exceeded 110 per centum of such expenditure for the fiscal year ending June 30, 1964. For the purpose of this section the 'average per pupil expenditure' of a local educational agency for any year shall be the aggregate expenditures (without regard to the sources of funds from which such expenditures are made, except that funds derived from Federal sources shall not be used in computing such expenditures) from current revenues made by that agency during that year for free public education, divided by the aggregate number of children in average daily attendance to whom such agency provided free public education during that year.

"APPLICATION"

"Sec. 205. (a) A local educational agency may receive a basic grant or a special incentive grant under this title for any fiscal year only upon application therefor approved by the appropriate State educational agency, upon its determination (consistent with such basic criteria as the Commissioner may establish)—

"(1) that payments under this title will be used for programs and projects (including the acquisition of equipment and where necessary the construction of school facilities) (A) which are designed to meet the special educational needs of educationally deprived children in school attendance areas having high concentrations of children from low-income families and (B) which are of sufficient size, scope, and quality to give reasonable promise of substantial progress toward meeting those needs, and nothing herein shall be deemed to preclude two or more local educational agencies from entering into agreements, at their option, for carrying out jointly operated programs and projects under this title;

"(2) that, to the extent consistent with the number of educationally deprived children in the school district of the local educational agency who are enrolled in private elementary and secondary schools, such agency has made provision for including
special educational services and arrangements (such as dual enrollment, educational radio and television, and mobile educational services and equipment) in which such children can participate;

"(3) that the local educational agency has provided satisfactory assurance that the control of funds provided under this title, and title to property derived therefrom, shall be in a public agency for the uses and purposes provided in this title, and that a public agency will administer such funds and property;

"(4) in the case of any project for construction of school facilities, that the project is not inconsistent with overall State plans for the construction of school facilities and that the requirements of section 209 will be complied with on all such construction projects;

"(5) that effective procedures, including provision for appropriate objective measurements of educational achievement, will be adopted for evaluating at least annually the effectiveness of the programs in meeting the special educational needs of educationally deprived children;

"(6) that the local educational agency will make an annual report and such other reports to the State educational agency, in such form and containing such information, as may be reasonably necessary to enable the State educational agency to perform its duties under this title, including information relating to the educational achievement of students participating in programs carried out under this title, and will keep such records and afford such access thereto as the State educational agency may find necessary to assure the correctness and verification of such reports;

"(7) that wherever there is, in the area served by the local educational agency, a community action program approved pursuant to title II of the Economic Opportunity Act of 1964 (Public Law 88-452), the programs and projects have been developed in cooperation with the public or private nonprofit agency responsible for the community action program; and

"(8) that effective procedures will be adopted for acquiring and disseminating to teachers and administrators significant information derived from educational research, demonstration, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects.

"(b) The State educational agency shall not finally disapprove in whole or in part any application for funds under this title without first affording the local educational agency submitting the application reasonable notice and opportunity for a hearing.

"ASSURANCES FROM STATES

"Sec. 206. (a) Any State desiring to participate in the program of this title shall submit through its State educational agency to the Commissioner an application, in such detail as the Commissioner deems necessary, which provides satisfactory assurance—

"(1) that, except as provided in section 207(b), payments under this title will be used only for programs and projects which have been approved by the State educational agency pursuant to section 205(a) and which meet the requirements of that section, and that such agency will in all other respects comply with the provisions of this title, including the enforcement of any obligations imposed upon a local educational agency under section 205(a);

"(2) that such fiscal control and fund accounting procedures will be adopted as may be necessary to assure proper disbursement

of, and accounting for, Federal funds paid to the State (including such funds paid by the State to local educational agencies) under this title; and

“(3) that the State educational agency will make to the Commissioner (A) periodic reports (including the results of objective measurements required by section 205(a)(5)) evaluating the effectiveness of payments under this title and of particular programs assisted under it in improving the educational attainment of educationally deprived children, and (B) such other reports as may be reasonably necessary to enable the Commissioner to perform his duties under this title (including such reports as he may require to determine the amounts which the local educational agencies of that State are eligible to receive for any fiscal year), and assurance that such agency will keep such records and afford such access thereto as the Commissioner may find necessary to assure the correctness and verification of such reports.

“(b) The Commissioner shall approve an application which meets the requirements specified in subsection (a), and he shall not finally disapprove an application except after reasonable notice and opportunity for a hearing to the State educational agency.

“PAYMENT

“SEC. 207. (a) (1) The Commissioner shall, subject to the provisions of section 208, from time to time pay to each State, in advance or otherwise, the amount which the local educational agencies of that State are eligible to receive under this title. Such payments shall take into account the extent (if any) to which any previous payment to such State educational agency under this title (whether or not in the same fiscal year) was greater or less than the amount which should have been paid to it.

“(2) From the funds paid to it pursuant to paragraph (1) each State educational agency shall distribute to each local educational agency of the State which is not ineligible by reason of section 203(b) and which has submitted an application approved pursuant to section 205(a) the amount for which such application has been approved, except that this amount shall not exceed an amount equal to the total of the maximum amount of the basic grant plus the maximum amount of the special incentive grant as determined for that agency pursuant to sections 203 and 204, respectively.

“(b) The Commissioner is authorized to pay to each State amounts equal to the amounts expended by it for the proper and efficient performance of its duties under this title (including technical assistance for the measurements and evaluations required by section 206(a)(5)), except that the total of such payments in any fiscal year shall not exceed 1 per centum of the total of the amount of the basic grants paid under this title for that year to the local educational agencies of the State.

“(c) (1) No payments shall be made under this title for any fiscal year to a State which has taken into consideration payments under this title in determining the eligibility of any local educational agency in that State for State aid, or the amount of that aid, with respect to the free public education of children during that year or the preceding fiscal year.

“(2) No payments shall be made under this title to any local educational agency for any fiscal year unless the State educational agency finds that the combined fiscal effort (as determined in accordance with regulations of the Commissioner) of that agency and the State with...
respect to the provision of free public education by that agency for the preceding fiscal year was not less than such combined fiscal effort for that purpose for the fiscal year ending June 30, 1964.

"ADJUSTMENTS WHERE NECESSITATED BY APPROPRIATIONS"

"Sec. 208. If the sums appropriated for the fiscal year ending June 30, 1966, for making the payments provided in this title are not sufficient to pay in full the total amounts which all local and State educational agencies are eligible to receive under this title for such year, such amounts shall be reduced ratably. In case additional funds become available for making payments under this title for that year, such reduced amounts shall be increased on the same basis that they were reduced.

"LABOR STANDARDS"

"Sec. 209. All laborers and mechanics employed by contractors or subcontractors on all construction projects assisted under this title shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5). The Secretary of Labor shall have with respect to the labor standards specified in this section the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 5 U.S.C. 133z-15) and section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c).

"WITHHOLDING"

"Sec. 210. Whenever the Commissioner, after reasonable notice and opportunity for hearing to any State educational agency, finds that there has been a failure to comply substantially with any assurance set forth in the application of that State approved under section 206(b), the Commissioner shall notify the agency that further payments will not be made to the State under this title (or, in his discretion, that the State educational agency shall not make further payments under this title to specified local educational agencies affected by the failure) until he is satisfied that there is no longer any such failure to comply. Until he is so satisfied, no further payments shall be made to the State under this title, or payments by the State educational agency under this title shall be limited to local educational agencies not affected by the failure, as the case may be.

"JUDICIAL REVIEW"

"Sec. 211. (a) If any State is dissatisfied with the Commissioner's final action with respect to the approval of its application submitted under section 206(a) or with his final action under section 210, such State may, within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

"(b) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified
findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

"(c) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

(a) The President shall, within ninety days after the enactment of this title, appoint a National Advisory Council on the Education of Disadvantaged Children for the purpose of reviewing the administration and operation of this title, including its effectiveness in improving the educational attainment of educationally deprived children, and making recommendations for the improvement of this title and its administration and operation. These recommendations shall take into consideration experience gained under this and other Federal educational programs for disadvantaged children and, to the extent appropriate, experience gained under other public and private educational programs for disadvantaged children.

"(b) The Council shall be appointed by the President without regard to the civil service laws and shall consist of twelve persons. When requested by the President, the Secretary of Health, Education, and Welfare shall engage such technical assistance as may be required to carry out the functions of the Council, and the Secretary shall make available to the Council such secretarial, clerical, and other assistance and such pertinent data prepared by the Department of Health, Education, and Welfare as it may require to carry out such functions.

The President shall transmit each such report to the Congress together with his comments and recommendations.

"(d) Members of the Council who are not regular full-time employees of the United States shall, while serving on business of the Council, be entitled to receive compensation at rates fixed by the President, but not exceeding $100 per day, including travel time; and while so serving away from their homes or regular places of business, they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5 of the Administrative Expenses Act of 1946 (5 U.S.C. 73b-2) for persons in Government service employed intermittently."

EXTENSION OF TITLE I OF PUBLIC LAW 874

EIGHTY-FIRST CONGRESS

SEC. 5. Sections 2(a), 3(b), and 4(a) of title I of the Act of September 30, 1950, Public Law 874, Eighty-first Congress, as amended (20 U.S.C. 287(a), 238(b), 239(a)), are each amended by striking out "1966" each place where it appears and inserting in lieu thereof "1968".

TITLE II—SCHOOL LIBRARY RESOURCES, TEXTBOOKS, AND OTHER INSTRUCTIONAL MATERIALS

APPROPRIATIONS AUTHORIZED

SEC. 201. (a) The Commissioner shall carry out during the fiscal year ending June 30, 1966, and each of the four succeeding fiscal years, a program for making grants for the acquisition of school library resources, textbooks, and other printed and published instructional materials for the use of children and teachers in public and private elementary and secondary schools.

(b) For the purpose of making grants under this title, there is hereby authorized to be appropriated the sum of $100,000,000 for the fiscal year ending June 30, 1966; but for the fiscal year ending June 30, 1967, and the three succeeding fiscal years, only such sums may be appropriated as the Congress may hereafter authorize by law.

ALLOCUTION TO STATES

SEC. 202. (a) From the sums appropriated for carrying out this title for any fiscal year, the Commissioner shall reserve such amount, but not in excess of 2 per centum thereof, as he may determine and shall allot such amount among the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands according to their respective needs for assistance under this title. From the remainder of such sums, the Commissioner shall allot to each State an amount which bears the same ratio to such remainder as the number of children enrolled in the public and private elementary and secondary schools of that State bears to the total number of children enrolled in such schools in all of the States. The number of children so enrolled shall be determined by the Commissioner on the basis of the most recent satisfactory data available to him. For purposes of this subsection, the term "State" shall not include the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(b) The amount of any State's allotment under subsection (a) for any fiscal year which the Commissioner determines will not be required for such fiscal year shall be available for reallocation from time to time, on such dates during such year as the Commissioner may fix, to other States in proportion to the original allotments to such States under subsection (a) for that year but with such proportionate amount for any of such other States being reduced to the extent it exceeds the
sum the Commissioner estimates such State needs and will be able to use for such year; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount reallocated to a State under this subsection during a year from funds appropriated pursuant to section 201 shall be deemed part of its allotment under section (a) for such year.

STATE PLANS

SEC. 203. (a) Any State which desires to receive grants under this title shall submit to the Commissioner a State plan, in such detail as the Commissioner deems necessary, which—

(1) designates a State agency which shall, either directly or through arrangements with other State or local public agencies, act as the sole agency for administration of the State plan;

(2) sets forth a program under which funds paid to the State from its allotment under section 202 will be expended solely for (A) acquisition of library resources (which for the purposes of this title means books, periodicals, documents, audio-visual materials, and other related library materials), textbooks, and other printed and published instructional materials for the use of children and teachers in public and private elementary and secondary schools in the State, and (B) administration of the State plan, including the development and revision of standards relating to library resources, textbooks, and other printed and published instructional materials furnished for the use of children and teachers in the public elementary and secondary schools of the State, except that the amount used for administration of the State plan shall not exceed for the fiscal year ending June 30, 1966, an amount equal to 5 per centum of the amount paid to the State under this title for that year, and for any fiscal year thereafter an amount equal to 3 per centum of the amount paid to the State under this title for that year;

(3) sets forth the criteria to be used in selecting the library resources, textbooks, and other instructional materials provided under this title among the children and teachers of the State, which criteria shall—

(A) take into consideration the relative need of the children and teachers of the State for such library resources, textbooks, or other instructional materials, and

(B) provide assurance that to the extent consistent with law such library resources, textbooks, and other instructional materials will be provided on an equitable basis for the use of children and teachers in private elementary and secondary schools in the State which comply with the compulsory attendance laws of the State or are otherwise recognized by it through some procedure customarily used in the State;

(4) sets forth the criteria to be used in selecting the library resources, textbooks, and other instructional materials to be provided under this title and for determining the proportions of the State's allotment for each fiscal year which will be expended for library resources, textbooks, and other printed and published instructional materials, respectively, and the terms by which such library resources, textbooks, and other instructional materials will be made available for the use of children and teachers in the schools of the State;
(5) sets forth policies and procedures designed to assure that Federal funds made available under this title for any fiscal year will be so used as to supplement and, to the extent practical, increase the level of State, local, and private school funds that would in the absence of such Federal funds be made available for library resources, textbooks, and other printed and published instructional materials, and in no case supplant such State, local, and private school funds;

(6) sets forth such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid to the State (including any such funds paid by the State to any other public agency) under this title; and

(7) provides for making such reports, in such form and containing such information, as the Commissioner may reasonably require to carry out his functions under this title, and for keeping such records and for affording such access thereto as the Commissioner may find necessary to assure the correctness and verification of such reports.

(b) The Commissioner shall approve any State plan and any modification thereof which complies with the provisions of subsection (a).

PAYMENTS TO STATES

Sec. 204. (a) From the amounts allotted to each State under section 202 the Commissioner shall pay to that State an amount equal to the amount expended by the State in carrying out its State plan. Such payments may be made in installments, and in advance or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments.

(b) In any State which has a State plan approved under section 203(b) and in which no State agency is authorized by law to provide library resources, textbooks, or other printed and published instructional materials for the use of children and teachers in any one or more elementary or secondary schools in such State, the Commissioner shall arrange for the provision on an equitable basis of such library resources, textbooks, or other instructional materials for such use and shall pay the cost thereof for any fiscal year ending prior to July 1, 1970, out of that State's allotment.

PUBLIC CONTROL OF LIBRARY RESOURCES, TEXTBOOKS, AND OTHER INSTRUCTIONAL MATERIAL AND TYPES WHICH MAY BE MADE AVAILABLE

Sec. 205. (a) Title to library resources, textbooks, and other printed and published instructional materials furnished pursuant to this title, and control and administration of their use, shall vest only in a public agency.

(b) The library resources, textbooks, and other printed and published instructional materials made available pursuant to this title for use of children and teachers in any school in any State shall be limited to those which have been approved by an appropriate State or local educational authority or agency for use, or are used, in a public elementary or secondary school of that State.
ADMINISTRATION OF STATE PLANS

SEC. 206. (a) The Commissioner shall not finally disapprove any State plan submitted under this title, or any modification thereof, without first affording the State agency administering the plan reasonable notice and opportunity for a hearing.

(b) Whenever the Commissioner, after reasonable notice and opportunity for hearing to such State agency, finds—

(1) that the State plan has been so changed that it no longer complies with the provisions of section 203(a), or

(2) that in the administration of the plan there is a failure to comply substantially with any such provisions,
the Commissioner shall notify such State agency that the State will not be regarded as eligible to participate in the program under this title until he is satisfied that there is no longer any such failure to comply.

JUDICIAL REVIEW

SEC. 207. (a) If any State is dissatisfied with the Commissioner's final action with respect to the approval of its State plan submitted under section 203(a) or with his final action under section 206(b), such State may, within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

(b) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(c) The court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

APPROPRIATIONS AUTHORIZED

SEC. 301. (a) The Commissioner shall carry out during the fiscal year ending June 30, 1966, and each of the four succeeding fiscal years, a program for making grants for supplementary educational centers and services, to stimulate and assist in the provision of vitally needed educational services not available in sufficient quantity or quality, and to stimulate and assist in the development and establishment of exemplary elementary and secondary school educational programs to serve as models for regular school programs.
(b) For the purpose of making grants under this title, there is hereby authorized to be appropriated the sum of $100,000,000, for the fiscal year ending June 30, 1966; but for the fiscal year ending June 30, 1967, and the 3 succeeding fiscal years, only such sums may be appropriated as the Congress may hereafter authorize by law.

APPORTIONMENT AMONG STATES

SEC. 302. (a) From the sums appropriated for carrying out this title for each fiscal year, the Commissioner shall reserve such amount, but not in excess of 2 per centum thereof, as he may determine and shall apportion such amount among the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands, according to their respective needs for assistance under this title. From the remainder of such sums the Commissioner shall apportion $200,000 to each State and shall apportion the remainder of such sums among the States as follows:

(1) he shall apportion to each State an amount which bears the same ratio to 50 per centum of such remainder as the number of children aged five to seventeen, inclusive, in the State bears to the number of such children in all the States, and

(2) he shall apportion to each State an amount which bears the same ratio to 50 per centum of such remainder as the population of the State bears to the population of all the States.

For purposes of this subsection, the term "State" does not include the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(b) The number of children aged five to seventeen, inclusive, and the total population of a State and of all the States shall be determined by the Commissioner on the basis of the most recent satisfactory data available to him.

(c) The amount apportioned under this section to any State for the fiscal year ending June 30, 1966, shall be available for payments to applicants with approved applications in that State during that year and the next fiscal year.

(d) The amount apportioned to any State under subsection (a) for any fiscal year which the Commissioner determines will not be required for the period for which that amount is available shall be available for reapportionment from time to time, on such dates during that period as the Commissioner may fix, among other States in proportion to the amounts originally apportioned among those States under subsection (a) for that year, but with the proportionate amount for any of the other States being reduced to the extent it exceeds the sum the Commissioner estimates that State needs and will be able to use for that period; and the total of these reductions shall be similarly reapportioned among the States whose proportionate amounts were not so reduced. Any amount reapportioned to a State under this subsection from funds appropriated pursuant to section 301 for any fiscal year shall be deemed to be a part of the amount apportioned to it under subsection (a) for that year.

USES OF FEDERAL FUNDS

SEC. 303. Grants under this title may be used, in accordance with applications approved under section 304 (b), for—

(a) planning for and taking other steps leading to the development of programs designed to provide supplementary educational

(8) other specially designed educational programs which meet the purposes of this title.

APPLICATIONS FOR GRANTS AND CONDITIONS FOR APPROVAL

SEC. 304. (a) A grant under this title for a program of supplementary educational services may be made to a local educational agency or agencies, but only if there is satisfactory assurance that in the planning of that program there has been, and in the establishing and carrying out of that program there will be, participation of persons broadly representative of the cultural and educational resources of the area to be served. For the purposes of this section, the term "cultural and educational resources" includes State educational agen-
cies, institutions of higher education, nonprofit private schools, public and nonprofit private agencies such as libraries, museums, musical and artistic organizations, educational radio and television, and other cultural and educational resources. Such grants may be made only upon application to the Commissioner at such time or times, in such manner, and containing or accompanied by such information as the Commissioner deems necessary. Such applications shall—

(1) provide that the activities and services for which assistance under this title is sought will be administered by or under the supervision of the applicant;

(2) set forth a program for carrying out the purposes set forth in paragraph (a) or paragraph (b) of section 303 and provide for such methods of administration as are necessary for the proper and efficient operation of the program;

(3) set forth policies and procedures which assure that Federal funds made available under this title for any fiscal year will be so used as to supplement and, to the extent practical, increase the level of funds that would, in the absence of such Federal funds, be made available by the applicant for the purposes described in paragraphs (a) and (b) of section 303, and in no case supplant such funds;

(4) in the case of an application for assistance under this title which includes a project for construction of necessary facilities, provide satisfactory assurance (A) that reasonable provision has been made, consistent with the other uses to be made of the facilities, for areas in such facilities which are adaptable for artistic and cultural activities, (B) that upon completion of the construction the facilities will be in a State or local educational agency, and (C) that the requirements of section 308 will be complied with on all construction projects assisted under this title;

(5) provide for such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of and accounting for Federal funds paid to the applicant under this title; and

(6) provide for making an annual report and such other reports, in such form and containing such information, as the Commissioner may reasonably require to carry out his functions under this title and to determine the extent to which funds provided under this title have been effective in improving the educational opportunities of persons in the area served, and for keeping such records and for affording such access thereto as the Commissioner may find necessary to assure the correctness and verification of such reports.

(b) Applications for grants under this title may be approved by the Commissioner only if—

(1) the application meets the requirements set forth in subsection (a);

(2) the program set forth in the application is consistent with criteria established by the Commissioner for the purpose of achieving an equitable distribution of assistance under this title within each State, which criteria shall be developed by him on the basis of a consideration of (A) the size and population of the State, (B) the geographic distribution of the population within the State, (C) the relative need of persons in different geographic areas and in different population groups within the State for the kinds of services and activities described in paragraph (b) of
section 303, and their financial ability to provide those services and activities; and (D) the relative ability of particular local educational agencies within the State to provide those services and activities;

(3) in the case of an application for assistance for a program for carrying out the purposes described in paragraph (b) of section 303, the Commissioner determines (A) that the program will utilize the best available talents and resources and will substantially increase the educational opportunities in the area to be served by the applicant, and (B) that, to the extent consistent with the number of children enrolled in nonprofit private schools in the area to be served whose educational needs are of the type which the supplementary educational activities and services provided under the program are to meet, provision has been made for participation of such children; and

(4) the application has been submitted for review and recommendations to the State educational agency.

(c) Amendments of applications shall, except as the Commissioner may otherwise provide by or pursuant to regulations, be subject to approval in the same manner as original applications.

PAYMENTS

Sec. 305. (a) From the amounts apportioned to each State under section 302 the Commissioner shall pay to each applicant in that State which has an application approved under this title an amount equal to the total sums expended by the applicant under the application for the purposes set forth therein.

(b) Payments under this title may be made in installments and in advance or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments.

ADVISORY COMMITTEE

Sec. 306. (a) The Commissioner shall establish in the Office of Education an Advisory Committee on Supplementary Educational Centers and Services, consisting of the Commissioner, who shall be Chairman, and eight members appointed, without regard to the civil service laws, by the Commissioner with the approval of the Secretary.

(b) The Advisory Committee shall advise the Commissioner (1) on the action to be taken with regard to each application for a grant under this title, and (2) in the preparation of general regulations and with respect to policy matters arising in the administration of this title, including the development of criteria for approval of applications thereunder. The Commissioner may appoint such special advisory and technical experts and consultants as may be useful in carrying out the functions of the Advisory Committee.

(c) Members of the Advisory Committee shall, while serving on the business of the Advisory Committee, be entitled to receive compensation at rates fixed by the Secretary, but not exceeding $100 per day, including travel time; and, while so serving away from their homes or regular places of business, they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5 of the Administrative Expenses Act of 1946 (5 U.S.C. 73b–2) for persons in the Government service employed intermittently.
SEC. 307. If within twenty years after completion of any construction for which Federal funds have been paid under this title—
(a) the owner of the facility shall cease to be a State or local educational agency, or
(b) the facility shall cease to be used for the educational and related purposes for which it was constructed, unless the Commissioner determines in accordance with regulations that there is good cause for releasing the applicant or other owner from the obligation to do so,
the United States shall be entitled to recover from the applicant or other owner of the facility an amount which bears to the then value of the facility (or so much thereof as constituted an approved project or projects) the same ratio as the amount of such Federal funds bore to the cost of the facility financed with the aid of such funds. Such value shall be determined by agreement of the parties or by action brought in the United States district court for the district in which the facility is situated.

LABOR STANDARDS

SEC. 308. All laborers and mechanics employed by contractors or subcontractors on all construction projects assisted under this title shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5). The Secretary of Labor shall have with respect to the labor standards specified in this section the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 5 U.S.C. 133z-15) and section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c).

TITLE IV—EDUCATIONAL RESEARCH AND TRAINING

SEC. 401. The second section of the Act of July 26, 1954 (20 U.S.C. 332), entitled "An Act to authorize cooperative research in education", is redesignated as section 3 and the material which precedes it is amended to read as follows:

"PURPOSE

"Sec. 1. The purpose of this Act is to enable the Office of Education more effectively to accomplish the purposes and to perform the duties for which it was originally established.

"EDUCATIONAL RESEARCH AND RESEARCH TRAINING

"Sec. 2. (a) (1) The Commissioner of Education (hereinafter in this Act referred to as the 'Commissioner') is authorized to make grants to universities and colleges and other public or private agencies, institutions, and organizations and to individuals, for research, surveys, and demonstrations in the field of education (including programs described in section 503(a) (4) of the Elementary and Secondary Education Act of 1965), and for the dissemination of information derived from educational research (including but not limited to information concerning promising educational practices developed under programs
carried out under the Elementary and Secondary Education Act of 1965) and, without regard to sections 3648 and 3709 of the Revised Statutes (31 U.S.C. 529; 41 U.S.C. 5), to provide by contracts or jointly financed cooperative arrangements with them for the conduct of such activities; except that no such grant may be made to a private agency, organization, or institution other than a nonprofit one.

"(2) No grant shall be made or contract or jointly financed cooperative arrangement entered into under this subsection until the Commissioner has obtained the advice and recommendations of a panel of specialists who are not employees of the Federal Government and who are competent to evaluate the proposals as to the soundness of their design, the possibilities of securing productive results, the adequacy of resources to conduct the proposed research, surveys, or demonstrations, and their relationship to other similar educational research or dissemination programs already completed or in progress.

"(b) The Commissioner is authorized to make grants to public and other nonprofit universities and colleges and to other public or nonprofit agencies, institutions, and organizations to assist them in providing training in research in the field of education (including such research described in section 503(a)(4) of the Elementary and Secondary Education Act of 1965), including the development and strengthening of training staff and curricular capability for such training. Grants under this subsection may, when so authorized by the Commissioner, also be used by such grantees (1) in establishing and maintaining research traineeships, internships, personnel exchanges, and pre- and post-doctoral fellowships, and for stipends and allowances (including traveling and subsistence expenses) for fellows and others undergoing training and their dependents not in excess of such maximum amounts as may be prescribed by the Commissioner, or (2), where the grantee is a State educational agency, in providing for such traineeships, internships, personnel exchanges, and fellowships either directly or through arrangements with public or other nonprofit institutions or organizations. No grant shall be made under this subsection for training in sectarian instruction or, for work to be done in an institution, or a department or branch of an institution, whose program is specifically for the education of students to prepare them to become ministers of religion or to enter upon some other religious vocation or to prepare them to teach theological subjects.

"(c) In addition to the authority granted by section 603(b) of the Elementary and Secondary Education Act of 1965, funds available to the Commissioner for grants or contracts or jointly financed cooperative arrangements under this section shall, with the approval of the Secretary, be available for transfer to any other Federal agency for use (in accordance with an interagency agreement) by such agency (alone or in combination with funds of that agency) for purposes for which such transferred funds could be otherwise expended by the Commissioner under the foregoing provisions of this section, and the Commissioner is likewise authorized to accept and expend funds of any other Federal agency for use under this section.

"(d) The Commissioner shall transmit to the Congress annually a report concerning the research, surveys, and demonstrations, the information disseminating activities, and the training in research initiated under this Act, the recommendations made by research specialists pursuant to subsection (a)(2), and any action taken with respect to such recommendations."
CONFORMING AMENDMENTS

SEC. 402. The section of such Act redesignated as section 3 is amended by striking out "this Act" and inserting in lieu thereof "section 2".

CONSTRUCTION OF REGIONAL FACILITIES FOR RESEARCH AND RELATED PURPOSES

SEC. 403. Such Act is further amended by adding the following new sections at the end thereof:

"CONSTRUCTION OF REGIONAL FACILITIES FOR RESEARCH AND RELATED PURPOSES

"SEC. 4. (a) There is authorized to be appropriated over a period of five fiscal years beginning with the fiscal year ending June 30, 1966, $100,000,000 in the aggregate, to enable the Commissioner to carry out the purposes of this section. Sums so appropriated shall remain available until expended for payments with respect to projects for which applications have been filed under this section before July 1, 1970, and approved by the Commissioner before July 1, 1971.

"(b) Whenever the Commissioner finds that the purposes of this Act can best be achieved through the construction of a facility for research, or for research and related purposes (as defined in this section), and that such facility would be of particular value to the Nation or a region thereof as a national or regional resource for research or related purposes, he may make a grant for part or all of the cost of constructing such facility to a university, college, or other appropriate public or nonprofit private agency or institution competent to engage in the types of activity for which the facility is to constructed, or to a combination of such agencies or institutions, or may construct or make arrangements for constructing such facility through contracts for paying part or all of the cost of construction or otherwise. The Commissioner may, where he deems such action appropriate, make arrangements, by contract or otherwise, for the operation of such facilities or may make contributions toward the cost of such operation of facilities of this nature whether or not constructed pursuant to, or with the aid provided under, this section. Title to any facility constructed under this section, if vested in the United States, may be transferred by the Commissioner on behalf of the United States to any such college or university or other public or nonprofit private agency or institution, but such transfer shall be made subject to the condition that the facility will be operated for the purposes for which it was constructed and to such other conditions as the Commissioner deems necessary to carry out the objectives of this title and to protect the interests of the United States.

"(c) All laborers and mechanics employed by contractors or subcontractors in the performance of work on construction of any project under this section shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5). The Secretary of Labor shall have, with respect to the labor standards specified in this clause, the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 5 U.S.C. 133z-15), and section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c)."
"(d) Payments under this section shall be made in advance or by way of reimbursement, in such installments consistent with construction progress, and on such conditions as the Commissioner may determine.

"(e) As used in this section, the term 'research and related purposes' means research, research training, surveys, or demonstrations in the field of education, or the dissemination of information derived therefrom, or all of such activities, including (but without limitation) experimental schools, except that such term does not include research, research training, surveys, or demonstrations in the field of sectarian instruction or the dissemination of information derived therefrom.

"SHORT TITLE

"Sec. 6. This Act may be cited as the 'Cooperative Research Act'.”

TITLE V—GRANTS TO STRENGTHEN STATE DEPARTMENTS OF EDUCATION

APPROPRIATIONS AUTHORIZED

Sec. 501. (a) The Commissioner shall carry out during the fiscal year ending June 30, 1966, and each of the four succeeding fiscal years, a program for making grants to stimulate and assist States in strengthening the leadership resources of their State educational agencies, and to assist those agencies in the establishment and improvement of programs to identify and meet the educational needs of States.

(b) For the purpose of making grants under this title, there is hereby authorized to be appropriated the sum of $25,000,000 for the fiscal year ending June 30, 1966; but for the fiscal year ending June 30, 1967, and the three succeeding fiscal years, only such sums may be appropriated as the Congress may hereafter authorize by law.
SEC. 502. (a) (1) From 85 per centum of the sums appropriated for carrying out this title for each fiscal year, the Commissioner shall reserve such amount, but not in excess of 2 per centum of such 85 per centum of such sums, as he may determine and shall apportion such amount among the Commonwealth of Puerto Rico, Guam, American Samoa, and the Virgin Islands according to their respective needs for assistance under this title. From the remainder of such 85 per centum of such sums the Commissioner shall apportion $100,000 to each State, and shall apportion to each State such part of the remainder of such 85 per centum of such sums as the number of public school pupils in the State bears to the number of public school pupils in all the States, as determined by the Commissioner on the basis of the most recent satisfactory data available to him. For purposes of this paragraph, the term 'State' does not include the Commonwealth of Puerto Rico, Guam, American Samoa, and the Virgin Islands.

(2) Fifteen per centum of the sums appropriated pursuant to section 501 for each fiscal year shall be reserved by the Commissioner for grants for special projects pursuant to section 505.

(b) (1) The amount apportioned to any State under paragraph (1) of subsection (a) for any fiscal year which the Commissioner determines will not be required for that year shall be available for reapportionment from time to time, on such dates during that year as the Commissioner may fix, to other States in proportion to the amounts originally apportioned among those States under subsection (a) (1) for that year, but with the proportionate amount for any of the other States being reduced to the extent it exceeds the sum the Commissioner estimates that State needs and will be able to use for that year; and the total of these reductions shall be similarly reapportioned among the States whose proportionate amounts were not so reduced. Any amount reapportioned to a State under this subsection from funds appropriated pursuant to section 501 for any fiscal year shall be deemed part of the amount apportioned to it under subsection (a) (1) for that year.

(2) In accordance with regulations of the Commissioner any State may file with him a request that a specified portion of the amount apportioned to it under subsection (a) (1) be added to the amount apportioned to another State under that subsection for the purpose of meeting a portion of the Federal share (as defined in section 503 (b)) of the cost of carrying out one or more programs or activities under an approved application of that other State. If the Commissioner finds that the programs or activities with respect to which the request is made would meet needs of the State making the request and that use of the specified portion of the amount apportioned to that State, as requested by it, would assist in carrying out the purposes of this title, that portion shall be added to the amount apportioned to the other State under subsection (a) (1) to be used for the purpose referred to above. The Federal share of the total funds expended for such programs or activities shall be adjusted on the basis of the proportion of such total funds so expended by each participating State from the amounts originally apportioned to each such State.
Sec. 503. (a) From the amount apportioned to any State for any fiscal year under section 502 the Commissioner may, upon approval of an application or applications therefor submitted to him by such State through the State educational agency, make a grant or grants to such agency equal to the Federal share of expenditures incurred by such agency for the planning of, and for programs for, the development, improvement, or expansion of activities promoting the purposes set forth in section 501(a) and more particularly described in such application and for which such application is approved, such as—

1. educational planning on a statewide basis, including the identification of educational problems, issues, and needs in the State and the evaluation on a periodic or continuing basis of education programs in the State;

2. providing support or services for the comprehensive and compatible recording, collecting, processing, analyzing, interpreting, storing, retrieving, and reporting of State and local educational data, including the use of automated data systems;

3. dissemination or support for the dissemination of information relating to the condition, progress, and needs of education in the State;

4. programs for conducting, sponsoring, or cooperating in educational research and demonstration programs and projects such as (A) establishing and maintaining curriculum research and innovation centers to assist in locating and evaluating curriculum research findings, (B) discovering and testing new educational ideas (including new uses of printed and audio-visual media) and more effective educational practices, and putting into use those which show promise of success, and (C) studying ways to improve the legal and organizational structure for education and the management and administration of education in the State;

5. publication and distribution, or support for the publication and distribution, of curricular materials collected and developed at curriculum research centers and elsewhere;

6. programs to improve the quality of teacher preparation, including student-teaching arrangements, in cooperation with institutions of higher education and local educational agencies;

7. studies or support for studies concerning the financing of public education in the State;

8. support for statewide programs designed to measure the educational achievement of pupils;

9. training and otherwise developing the competency of individuals who serve State or local educational agencies and provide leadership, administrative, or specialist services throughout the State, or throughout the area served by a local educational agency, through the initiation, improvement, and expansion of activities such as (A) sabbatical leave programs, (B) fellowships and traineeships (including educational expenses and the cost of travel) for State educational agency personnel to pursue graduate studies, and (C) conducting institutes, workshops, and conferences (including related costs of operation and payment of the expenses of participants); and

10. providing local educational agencies and the schools of those agencies with consultative and technical assistance and services relating to academic subjects and to particular aspects of edu-
education such as the education of the handicapped, school building design and utilization, school social work, the utilization of modern instructional materials and equipment, transportation, educational administrative procedures, and school health, physical education, and recreation.

(b) (1) For the purposes of this section the Federal share for any State shall be 100 per centum for fiscal years ending prior to July 1, 1967. Thereafter the Federal share for any State shall be 100 per centum less the State percentage, except that (A) the Federal share shall in no case be more than 66 per centum or less than 50 per centum, and (B) the Federal share for the Commonwealth of Puerto Rico, Guam, American Samoa, and the Virgin Islands shall be 66 per centum. The "State percentage" for any State shall be that percentage which bears the same ratio to 50 per centum as the per capita income of that State bears to the per capita income of all the States (excluding the Commonwealth of Puerto Rico, Guam, American Samoa, and the Virgin Islands).

(2) The Federal share for each State for the fiscal years beginning July 1, 1967, and July 1, 1968, shall be promulgated by the Commissioner between July 1 and August 31, 1966, and the Federal share for each State for the fiscal year beginning July 1, 1969, shall be promulgated by the Commissioner between July 1 and August 31, 1968. Such Federal share shall be computed on the basis of the average of the per capita incomes of each State and of all the States (excluding the Commonwealth of Puerto Rico, Guam, American Samoa, and the Virgin Islands) for the three most recent consecutive years for which satisfactory data are available from the Department of Commerce.

APPROVAL OF APPLICATIONS FOR GRANTS FROM APPORTIONED FUNDS

Sec. 504. An application for a grant under section 503 may be approved by the Commissioner only upon his determination that—

(a) each of the proposed projects, programs, and activities for which it is approved meets the requirements of section 503(a) and will make a significant contribution to strengthening the leadership resources of the applicant or its ability to participate effectively in meeting the educational needs of the State;

(b) the application contains or is supported by adequate assurance that Federal funds made available under the approved application will be so used as to supplement, and to the extent practical, increase the amounts of State funds that would in the absence of such Federal funds be made available for projects and activities which meet the requirements of section 503(a);

(c) the application sets forth such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid to the State (including any such funds paid by the State to agencies, institutions, or organizations) under this title; and

(d) the application provides for making such reports, in such form and containing such information, as the Commissioner may require to carry out his functions under this title, and for keeping such records and for affording such access thereto as the Commissioner may find necessary to assure the correctness and verification of such reports.
SPECIAL PROJECT GRANTS

Sec. 505. Fifteen per centum of the sums appropriated pursuant to section 501 for each fiscal year shall be used by the Commissioner to make grants to State educational agencies to pay part of the cost of experimental projects for developing State leadership or for the establishment of special services which, in the judgment of the Commissioner, hold promise of making a substantial contribution to the solution of problems common to the State educational agencies of all or several States.

PAYMENTS

Sec. 506. Payments pursuant to grants under this title may be made in installments, and in advance or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments, as the Commissioner may determine.

INTERCHANGE OF PERSONNEL WITH STATES

Sec. 507. (a) For the purposes of this section, the term "State" means a State or any agency of a State engaged in activities in the field of education, but it does not include a local educational agency; and the term "Office" means the Office of Education.

(b) The Commissioner is authorized, through agreements or otherwise, to arrange for assignment of officers and employees of States to the Office and assignment of officers and employees in the Office to States, for work which the Commissioner determines will aid the Office in more effective discharge of its responsibilities as authorized by law, including cooperation with States and the provision of technical or other assistance. The period of assignment of any officer or employee under an arrangement shall not exceed two years.

(c) (1) Officers and employees in the Office assigned to any State pursuant to this section shall be considered, during such assignment, to be (A) on detail to a regular work assignment in the Office, or (B) on leave without pay from their positions in the Office.

(2) Persons considered to be so detailed shall remain as officers or employees, as the case may be, in the Office for all purposes, except that the supervision of their duties during the period of detail may be governed by agreement between the Office and the State involved.

(3) In the case of persons so assigned and on leave without pay—

(A) if the rate of compensation (including allowances) for their employment by the State is less than the rate of compensation (including allowances) they would be receiving had they continued in their regular assignment in the Office, they may receive supplemental salary payments from the Office in the amount considered by the Commissioner to be justified, but not at a rate in excess of the difference between the State rate and the Office rate; and

(B) they may be granted annual leave and sick leave to the extent authorized by law, but only in circumstances considered by the Commissioner to justify approval of such leave.

Such officers and employees on leave without pay shall, notwithstanding any other provision of law, be entitled—

(C) to continuation of their insurance under the Federal Employees’ Group Life Insurance Act of 1954, and coverage under the Federal Employees Health Benefits Act of 1959, so long
as the Office continues to collect the employee's contribution from the officer or employee involved and to transmit for timely deposit into the funds created under such Acts the amount of the employee's contributions and the Government's contribution from appropriations of the Office; and

(D) to credit the period of their assignment under the arrangement hereunder for which the officer or employee or (if he dies without making such election) his beneficiary elects to receive benefits under any State retirement or insurance law or program, which the Civil Service Commission determines to be similar. The Office shall deposit currently in the funds created under the Federal Employees' Group Life Insurance Act of 1954, the Federal Employees Health Benefits Act of 1959, and the civil service retirement and disability fund, respectively, the amount of the Government's contribution under these Acts on account of service with respect to which employee contributions are collected as provided in subparagraph (C) and the amount of the Government's contribution under the Civil Service Retirement Act on account of service with respect to which payments (of the amount which would have been deducted under that Act) referred to in subparagraph (D) are made to such civil service retirement and disability fund.

(4) Any such officer or employee on leave without pay who suffers disability or death as a result of personal injury sustained while in the performance of his duty during an assignment hereunder, shall be treated, for the purposes of the Federal Employees' Compensation Act, as though he were an employee, as defined in such Act, who had sustained such injury in the performance of duty. When such person (or his dependents, in case of death) entitled by reason of injury or death to benefits under that Act is also entitled to benefits from a State for the same injury or death, he (or his dependents in case of death) shall elect which benefits he will receive. Such election shall be made within one year after the injury or death, or such further time as the Secretary of Labor may, for good cause allow, and when made shall be irrevocable unless otherwise provided by law.

(d) Assignment of any officer or employee in the Office to a State under this section may be made with or without reimbursement by the State for the compensation (or supplementary compensation), travel and transportation expenses (to or from the place of assignment), and allowances, or any part thereof, of such officer or employee.
during the period of assignment, and any such reimbursement shall be credited to the appropriation utilized for paying such compensation, travel or transportation expenses, or allowances.

(f) Officers and employees of States who are assigned to the Office under an arrangement under this section may (1) be given appointments in the Office covering the periods of such assignments, or (2) be considered to be on detail to the Office. Appointments of persons so assigned may be made without regard to the civil service laws. Persons so appointed in the Office shall be paid at rates of compensation determined in accordance with the Classification Act of 1949, and shall not be considered to be officers or employees of the Office for the purposes of (1) the Civil Service Retirement Act, (2) the Federal Employees' Group Life Insurance Act of 1954, or (3) unless their appointments result in the loss of coverage in a group health benefits plan whose premium has been paid in whole or in part by a State contribution, the Federal Employees Health Benefits Act of 1959. State officers and employees who are assigned to the Office without appointment shall not be considered to be officers or employees of the Office, except as provided in subsection (g), nor shall they be paid a salary or wage by the Office during the period of their assignment. The supervision of the duties of such persons during the assignment may be governed by agreement between the Commissioner and the State involved.

(g) (1) Any State officer or employee who is assigned to the Office without appointment shall nevertheless be subject to the provisions of sections 203, 205, 207, 208, and 209 of title 18 of the United States Code.

(2) Any State officer or employee who is given an appointment while assigned to the Office, or who is assigned to the Office without appointment, under an arrangement under this section, and who suffers disability or death as a result of personal injury sustained while in the performance of his duty during such assignment shall be treated, for the purpose of the Federal Employees' Compensation Act, as though he were an employee, as defined in such Act, who had sustained such injury in the performance of duty. When such person (or his dependents, in case of death) entitled by reason of injury or death to benefits under that Act is also entitled to benefits from a State for the same injury or death, he (or his dependents, in case of death) shall elect which benefits he will receive. Such election shall be made within one year after the injury or death, or such further time as the Secretary of Labor may for good cause allow, and when made shall be irrevocable unless otherwise provided by law.

(h) The appropriations to the Office shall be available, in accordance with the standardized Government travel regulations, during the period of assignment and in the case of travel to and from their places
of assignment or appointment, for the payment of expenses of travel of persons assigned to, or given appointments by, the Office under an arrangement under this section.

(i) All arrangements under this section for assignment of officers or employees in the Office to States or for assignments of officers or employees of States to the Office shall be made in accordance with regulations of the Commissioner.

SEC. 508. (a) The Commissioner shall not finally disapprove any application submitted under section 504, or any modification thereof, without first affording the State educational agency submitting the application reasonable notice and opportunity for a hearing.

(b) Whenever the Commissioner, after reasonable notice and opportunity for hearing to the State educational agency administering a program under an application approved under this title, finds—

(1) that the application has been so changed that it no longer complies with the provisions of section 504(a), or

(2) that in the administration of the plan there is a failure to comply substantially with any such provision,

the Commissioner shall notify such State educational agency that the State will not be regarded as eligible to participate in the program under this title until he is satisfied that there is no longer any such failure to comply.

A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action as provided in section 2112 of title 28, United States Code.

(b) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(c) The court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

Public Law 89-11

AN ACT

Granting the consent of Congress to a compact relating to taxation of motor fuels consumed by interstate buses and to an agreement relating to bus taxation proration and reciprocity.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I

SECTION 101. The consent of Congress is hereby given to the States of Maine, Massachusetts, New Hampshire, Pennsylvania, and Maryland, and to the District of Columbia to enter into a compact on taxation of motor fuels consumed by interstate buses. But before any other States, any Province of Canada, or any State or territory or the Federal District of Mexico shall be made a party to such compact, the further consent of Congress shall first be obtained. Such compact shall be in substantially the following form:

"COMPACT ON TAXATION OF MOTOR FUELS CONSUMED BY INTERSTATE BUSES

"ARTICLE I— PURPOSES

"The purposes of this agreement are to—

"(a) avoid multiple taxation of motor fuels consumed by interstate buses and to assure each State of its fair share of motor fuel taxes; 

"(b) establish and facilitate the administration of a criterion of motor fuel taxation for interstate buses which is reasonably related to the use of highway and related facilities and services in each of the party States; and

"(c) encourage the availability of a maximum number of buses for intrastate service by removing motor fuel taxation as a deterrent in the routing of interstate buses.

"ARTICLE II—DEFINITIONS

"(a) State: State shall include the States of the United States, the District of Columbia, the territories of the United States, the Provinces of Canada, and the States, Territories, and Federal District of Mexico.

"(b) Contracting State: Contracting State shall mean a State which is a party to this agreement.

"(c) Administrator: Administrator shall mean the official or agency of a State administering the motor fuel taxes involved.

"(d) Person: Person shall include any individual, firm, copartnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate, or any other group or combination acting as a unit.
"(e) Bus: Bus shall mean any motor vehicle of a bus type engaged in the interstate transportation of passengers and subject to the jurisdiction of the Interstate Commerce Commission or any agency successor thereto, or one or more State regulatory agencies concerned with the regulation of passenger transport.

"(f) Gallon: Gallon shall mean the liquid measure containing 231 cubic inches.

"ARTICLE III—GOVERNING PRINCIPLE

"For purposes of this compact, the primary principle for the imposition of motor fuel taxes shall be consumption of such fuel within the State. Motor fuel consumed by buses shall be taxed on the existing basis, as it may be from time to time, and under the procedures for collection of such taxes by each party State, except that to the extent that this compact makes provision therefor, or for any matter connected therewith, such provision shall govern.

"ARTICLE IV—HOW FUEL CONSUMED TO BE ASCERTAINED

"The amount of fuel used in the operation of any bus within this State shall be conclusively presumed to be the number of miles operated by such bus within the State divided by the average mileage per gallon obtained by the bus during the tax period in all operations, whether within or without the party State. Any owner or operator of two or more buses shall calculate average mileage within the meaning of this article by computing single average figures covering all buses owned or operated by him.

"ARTICLE V—IMPOSITION OF TAX

"Every owner or operator of buses shall pay to the party State taxes equivalent to the amount of tax per gallon multiplied by the number of gallons used in its operations in the party State.

"ARTICLE VI—REPORTS

"On or before the last business day of the month following the month being reported upon, each bus owner or operator subject to the payment of fuel taxes pursuant to this compact shall make such reports of its operations as the State administrator of motor fuel taxes may require and shall furnish the State administrator in each other party State wherein his buses operate a copy of such report.

"ARTICLE VII—CREDIT FOR PAYMENT OF FUEL TAXES

"Each bus owner or operator shall be entitled to a credit equivalent to the amount of tax per gallon on all motor fuel purchased by such operator within the party State for use in operations either within or without the party State, and upon which the motor fuel tax imposed by the laws of such party State has been paid.

"ARTICLE VIII—ADDITIONAL TAX OR REFUND

"If the bus owner or operator's monthly report shows a debit balance after taking credit pursuant to article VII, a remittance in such net amount due shall be made with the report. If the report shows a credit balance, after taking credit as herein provided, a refund in such net amount as has been overpaid shall be made by the party State to such owner or operator.
"Article IX—Entry into Force and Withdrawal

"This compact shall enter into force when enacted into law by any two States. Thereafter it shall enter into force and become binding upon any State subsequently joining when such State has enacted the compact into law. Withdrawal from the compact shall be by act of the legislature of a party State, but shall not take effect until one year after the Governor of the withdrawing State has notified the Governor of each other party State, in writing, of the withdrawal.

"Article X—Construction and Severability

"This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any State or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstances shall not be affected thereby. If this compact shall be held contrary to the constitution of any State participating herein, the compact shall remain in full force and effect as to the remaining party States and in full force and effect as to the State affected as to all severable matters."

(1) the term "Legislature" shall mean the Congress of the United States; and

(2) the term "Governor" shall mean the Board of Commissioners of the District of Columbia.

Notwithstanding any provision of this Act, nothing herein shall be construed so as to affect the authority vested in the Board of Commissioners of the District of Columbia by Reorganization Plan Numbered 5 of 1952 (66 Stat. 824). The performance of any function vested by this Act in the Board of Commissioners (other than the entry into a compact authorized by this Act) or in any office or agency under the jurisdiction and control of said Board of Commissioners may be delegated by said Board of Commissioners in accordance with section 3 of such plan.

Sec. 104. All provisions of law applicable to the District of Columbia shall, to the extent they are inconsistent with the compact authorized by this title, be inapplicable to the taxation of buses (as that term is defined in the compact) in the District of Columbia during such time as the District is a party to such compact.

Sec. 105. The right to alter, amend, or repeal this title is expressly reserved.

Title II

Sec. 201. The consent of Congress is hereby given to the States of Maine, New Hampshire, Pennsylvania, Maryland, and New York, and to the District of Columbia to enter into a compact providing for bus taxation proration and reciprocity. But before any other State, any Province of Canada, or any State or territory or the Federal District of Mexico shall be made a party to such compact, the further consent of Congress shall first be obtained. Such compact shall be in substantially the following form:
"BUS TAXATION PRORATION AND RECIPROCITY AGREEMENT"

"ARTICLE I—PURPOSES AND PRINCIPLES"

"Sec. 1. Purposes of agreement: It is the purpose of this agreement to set up a system whereby any contracting State may permit owners of fleets of buses operating in two or more States to prorate the registration of the buses in such fleets in each State in which the fleets operate on the basis of the proportion of miles operated within such State to total fleet miles, as defined herein.

"Sec. 2. Principle of proration of registration: It is hereby declared that in making this agreement the contracting States adhere to the principle that each State should have the freedom to develop the kind of highway user tax structure that it determines to be most appropriate to itself, that the method of taxation of interstate buses should not be a determining factor in developing its user tax structure, and that annual taxes or other taxes of the fixed-fee type upon buses which are not imposed on a basis that reflects the amount of highway use should be apportioned among the States, within the limits of practicality, on the basis of vehicle miles traveled within each of the States.

"ARTICLE II—DEFINITIONS"

"(a) State: State shall include the States of the United States, the District of Columbia, the territories of the United States, the Provinces of Canada, and the States, Territories, and Federal District of Mexico.

"(b) Contracting State: Contracting State shall mean a State which is a party to this agreement.

"(c) Administrator: Administrator shall mean the official or agency of a State administering the fee involved, or, in the case of proration of registration, the official or agency of a State administering the proration of registration in that State.

"(d) Person: Person shall include any individual, firm, copartnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate, or any other group or combination acting as a unit.

"(e) Base State: Base State shall mean the State from or in which the bus is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled, or also in the case of a fleet bus the State to which it is allocated for registration under statutory requirements. In order that this section may not be used for the purpose of evasion of registration fees, the administrators of the contracting States may make the final decision as to the proper base State, in accordance with article III(h) hereof, to prevent or avoid such evasion.

"(f) Bus: Bus shall mean any motor vehicle of a bus type engaged in the interstate transportation of passengers and subject to the jurisdiction of the Interstate Commerce Commission, or any agency successor thereto, or one or more State regulatory agencies concerned with the regulation of passenger transport.

"(g) Fleet: As to each contracting State, fleet shall include only those buses which actually travel a portion of their total miles in such State. A fleet must include three or more buses."
"(h) Registration: Registration shall mean the registration of a bus and the payment of annual fees and taxes as set forth in or pursuant to the laws of the respective contracting States.

"(i) Proration of registration: Proration of registration shall mean registration of fleets of buses in accordance with article IV of this agreement.

"(j) Reciprocity: Reciprocity shall mean that each contracting State, to the extent provided in this agreement, exempts a bus from registration and registration fees.

"ARTICLE III—GENERAL PROVISIONS

"(a) Effect on other agreements, arrangements, and understandings: On and after its effective date, this agreement shall supersede any reciprocal or other agreement, arrangement, or understanding between any two or more of the contracting States covering, in whole or in part, any of the matters covered by this agreement; but this agreement shall not affect any reciprocal or other agreement, arrangement, or understanding between a contracting State and a State or States not party to this agreement.

"(b) Applicability to exempt vehicles: This agreement shall not require registration in a contracting State of any vehicles which are in whole or part exempt from registration under the laws or regulations of such State without respect to this agreement.

"(c) Inapplicability to caravaned vehicles: The benefits and privileges of this agreement shall not be extended to a vehicle operated on its own wheels, or in tow of a motor vehicle, transported for the purpose of selling or offering the same for sale to or by any agent, dealer, purchaser, or prospective purchaser.

"(d) Other fees and taxes: This agreement does not waive any fees or taxes charged or levied by any State in connection with the ownership or operation of vehicles other than registration fees as defined herein. All other fees and taxes shall be paid to each State in accordance with the laws thereof.

"(e) Statutory vehicle regulations: This agreement shall not authorize the operation of a vehicle in any contracting State contrary to the laws or regulations thereof, except those pertaining to registration and payment of fees; and with respect to such laws or regulations, only to the extent provided in this agreement.

"(f) Violations: Each contracting State reserves the right to withdraw, by order of the administrator thereof, all or any part of the benefits or privileges granted pursuant to this agreement from the owner of any vehicle or fleet of vehicles operated in violation of any provision of this agreement. The administrator shall immediately give notice of any such violation and withdrawal of any such benefits or privileges to the administrator of each other contracting State in which vehicles of such owner are operated.

"(g) Cooperation: The administrator of each of the contracting States shall cooperate with the administrators of the others and each contracting State hereby agrees to furnish such aid and assistance to each other within its statutory authority as will aid in the proper enforcement of this agreement.

"(h) Interpretation: In any dispute between or among contracting States arising under this agreement, the final decision regarding interpretation of questions at issue relating to this agreement shall be reached by joint action of the contracting States, acting through the administrator thereof, and shall upon determination be placed in writing.
“(i) Effect of headings: Article and section headings contained herein shall not be deemed to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of any article or part hereof.

“(j) Entry into force: This agreement shall enter into force and become binding between and among the contracting States when enacted or otherwise entered into by any two States. Thereafter, it shall enter into force and become binding with respect to any State when enacted into law by such State. If the statutes of any State so authorize or provide, such State may become party to this agreement upon the execution thereof by an executive or administrative official thereof acting on behalf of and for such State.

“ARTICLE IV—PRORATION OF REGISTRATION

“(a) Applicability: Any owner of a fleet may register the buses of said fleet in any contracting State by paying to said State total registration fees in an amount equal to that obtained by applying the proportion of in-State fleet miles divided by the total fleet miles, to the total fees which would otherwise be required for regular registration of each of all such vehicles in such contracting State.

“All fleet pro rata registration fees shall be based upon the mileage proportions of the fleet during the period of twelve months ending on August 31 next preceding the commencement of the registration year for which registration is sought: Except, that mileage proportions for a fleet not operated during such period in the State where application for registration is made will be determined by the Administrator upon the sworn application of the applicant showing the operations during such period in other States and the estimated operations during the registration year for which registration is sought, in the State in which application is being made; or if no operations were conducted during such period a full statement of the proposed method of operation.

“If any buses operate in two or more States which permit the proration of registration on the basis of a fleet of buses consisting of a lesser number of vehicles than provided in article II(g), such fleet may be prorated as to registration in such States, in which event the buses in such fleet shall not be required to register in any other contracting States if each such vehicle is registered in some contracting State (except to the extent it is exempt from registration as provided in article III(b)).

“If the administrator of any State determines, based on his method of the operation thereof, that the inclusion of a bus or buses as a part of a fleet would adversely affect the proper fleet fee which should be paid to his State, having due regard for fairness and equity, he may refuse to permit any or all of such buses to be included in his State as a part of such fleet.

“(b) Total fleet miles: Total fleet miles, with respect to each contracting State, shall mean the total miles operated by the fleet (1) in such State, (2) in all other contracting States, (3) in other States having proportional registration provisions, (4) in States with which such contracting State has reciprocity, and (5) in such other States as the administrator determines should be included under the circumstances in order to protect or promote the interest of his State; except that in States having laws requiring proration on the basis of a different determination of total fleet miles, total fleet miles shall be determined on such basis.
"(c) Leased vehicles: If a bus is operated by a person other than the owner as a part of a fleet which is subject to the provisions of this article, then the operator of such fleet shall be deemed to be the owner of said bus for the purposes of this article.

"(d) Extent of privileges: Upon the registration of a fleet in a contracting State pursuant to this article, each bus in the fleet may be operated in both interstate and intrastate operations in such State (except as provided in article III(e)).

"(e) Application for proration: The application for proration of registration shall be made in each contracting State upon substantially the application forms and supplements authorized by joint action of the administrators of the contracting States.

"(f) Issuance of identification: Upon registration of a fleet, the State which is the base State of a particular bus of the fleet shall issue the required license plates and registration card for such bus and each contracting State in which the fleet of which such bus is a part operates shall issue a special identification identifying such bus as a part of a fleet which has fully complied with the registration requirements of such State. The required license plates, registration cards, and identification shall be appropriately displayed in the manner required by or pursuant to the laws of each respective State.

"(g) Additions to fleet: If any bus is added to a prorated fleet after the filing of the original application, the owner shall file a supplemental application. The owner shall register such bus in each contracting State in like manner as provided for buses listed in an original application and the registration fee payable shall be determined on the mileage proportion used to determine the registration fees payable for buses registered under the original application.

"(h) Withdrawals from fleet: If any bus is withdrawn from a prorated fleet during the period for which it is registered or identified, the owner shall notify the administrator of each State in which it is registered or identified of such withdrawal and shall return the plates and registration card or identification as may be required by or pursuant to the laws of the respective States.

"(d) Extent of reciprocity: The reciprocity granted pursuant to this article shall permit the interstate operation of a bus and intra-
state operation which is incidental to a trip of such bus involving interstate operation.

“(e) Other agreements: Nothing in this agreement shall be construed to prohibit any of the contracting States from entering into separate agreements with each other for the granting of temporary permits for the intrastate operation of vehicles registered in the other State; nor to prevent any of the contracting States from entering into agreements to grant reciprocity for intrastate operation within any zone or zones agreed upon by the States.

“ARTICLE VI—WITHDRAWAL OR REVOCATION

“Any contracting State may withdraw from this agreement upon thirty days' written notice to each other contracting State, which notice shall be given only after the repeal of this agreement by the legislature of such State, if adoption was by legislative act, or after renunciation by the appropriate administrative official of such contracting State if the laws thereof empower him so to renounce.

AN ACT

To amend the Agricultural Adjustment Act of 1938, as amended, to provide for acreage-poundage marketing quotas for tobacco, to amend the tobacco price support provisions of the Agricultural Act of 1949, as amended, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Agricultural Adjustment Act of 1938, as amended, hereinafter referred to as the "Act", is amended by adding immediately following section 316 a section 317 to read as follows:

"ACREAGE-POUNDAGE QUOTAS

"SEC. 317. (a) For purposes of this section—

"(1) 'National marketing quota' for any kind of tobacco for a marketing year means the amount of the kind of tobacco produced in the United States which the Secretary estimates will be utilized during the marketing year in the United States and will be exported during the marketing year, adjusted upward or downward in such amount as the Secretary, in his discretion, determines is desirable for the purpose of maintaining an adequate supply or for effecting an orderly reduction of supplies to the reserve supply level. Any such downward adjustment shall not exceed 15 per centum of such estimated utilization and exports.

"(2) 'National average yield goal' for any kind of tobacco means the yield per acre which on a national average basis the Secretary determines will improve or insure the usability of the tobacco and increase the net return per pound to the growers. In making this determination the Secretary shall give consideration to such Federal-State production research data as he deems relevant.

"(3) 'National acreage allotment' means the acreage determined by dividing the national marketing quota by the national average yield goal.

"(4) 'Farm acreage allotment' for a tobacco farm, other than a new tobacco farm, means the acreage allotment determined by adjusting uniformly the acreage allotment established for such farm for the immediately preceding year, prior to any increase or decrease in such allotment due to undermarketings or overmarketings and prior to any reduction under subsection (f), so that the total of all allotments is equal to the national acreage allotment less the reserve provided in subsection (e) of this section with a further downward or upward adjustment to reflect any adjustment in the farm marketing quota, for overmarketing or undermarketing and to reflect any reduction required under subsection (f) of this section, and including any adjustment for..."
errors or inequities from the reserve. In determining farm acreage allotments for Flue-cured tobacco for 1965, the 1965 farm allotment determined under section 313 shall be adjusted in lieu of the acreage allotment for the immediately preceding year.

"(5) The ‘community average yield’ means for Flue-cured tobacco the average yield per acre in the community designated by the Secretary as a local administrative area under the provisions of section 8(b) of the Soil Conservation and Domestic Allotment Act, as amended, which is determined by averaging the yields per acre for the three highest years of the five years 1959 to 1963, inclusive, except that if the yield for any of the three highest years is less than 80 per cent of the average for the three years then that year or years shall be eliminated and the average of the remaining years shall be the community average yield. Community average yields for other kinds of tobacco shall be determined in like manner, except that the five years 1960 to 1964, inclusive, may be used instead of the period 1959 to 1963, as determined by the Secretary.

"(6) (A) ‘Preliminary farm yield’ for Flue-cured tobacco means a farm yield per acre determined by averaging the yield per acre for the three highest years of the five consecutive crop years beginning with the 1959 crop year except that if that average exceeds 120 per centum of the community average yield the preliminary farm yield shall be the sum of 50 per centum of the average of the three highest years and 50 per centum of the national average yield goal but not less than 120 per centum of the community average yield, and if the average of the three highest years is less than 80 per centum of the community average yield the preliminary farm yield shall be 80 per centum of the community average yield. In counties where less than five hundred acres of Flue-cured tobacco were allotted for 1964, the county may be considered as one community. If Flue-cured tobacco was not produced on the farm for at least three years of the five-year period the average of the yields for the years in which tobacco was produced shall be used instead of the three-year average. If no Flue-cured tobacco was produced on the farm in the five-year period but the farm is eligible for an allotment because Flue-cured tobacco was considered to have been produced under applicable provisions of law, a preliminary farm yield for the farm shall be determined under regulations of the Secretary taking into account preliminary farm yields of similar farms in the community.

"(B) ‘Preliminary farm yield’ for kinds of tobacco, other than Flue-cured, means a farm yield per acre determined in accordance with subparagraph (A) of this paragraph (6) except that in lieu of the five consecutive crop years beginning with 1959 the years 1960 to 1964, inclusive, may be used, as determined by the Secretary. In counties where less than five hundred acres of the kind of tobacco for which the determination is being made were allotted in the last year of the five-year period the county may be considered as one community. If tobacco of the kind for which the determination is being made was not produced on the farm for at least three years of the five-year period, the average of the yields for the years in which the kind of tobacco was produced shall be used instead of the three-year average. If no tobacco of the kind for which the determination is being made was produced on the farm in the five-year period but the farm is eligible for an allotment because such tobacco was considered to have been produced under applicable provisions of law, a preliminary farm yield for the farm shall be determined under regulations of the Secretary taking into account preliminary farm yields of similar farms in the community.
“(7) ‘Farm yield’ means the yield of tobacco per acre for a farm determined by multiplying the preliminary farm yield by a national yield factor which shall be obtained by dividing the national average yield goal by a weighted national average yield computed by multiplying the preliminary farm yield for each farm by the acreage allotment determined pursuant to paragraph (4) for the farm prior to adjustments for overmarketing, undermarketing, or reductions required under subsection (f) and dividing the sum of the products by the national acreage allotment.

“(8) ‘Farm marketing quota’ for any farm for any marketing year shall be the number of pounds of tobacco obtained by multiplying the farm yield by the acreage allotment prior to any adjustment for undermarketing or overmarketing, increased for undermarketing or decreased for overmarketing by the number of pounds by which marketings of tobacco from the farm during the immediately preceding marketing year, if marketing quotas were in effect under the program established by this section, is less than or exceeds the farm marketing quota for such year: Provided, That the farm marketing quota for any marketing year shall not be increased for undermarketing by an amount in excess of the number of pounds determined by multiplying the acreage allotment for the farm for the immediately preceding year prior to any increase or decrease for undermarketing or overmarketing by the farm yield. If on account of excess marketings in the preceding marketing year the farm marketing quota for the marketing year is reduced to zero pounds without reflecting the entire reduction required, the additional reduction required shall be made for the subsequent marketing year or years. The farm marketing quota will be increased or decreased for the second succeeding marketing year in the case of Maryland tobacco, and for any other kind of tobacco for which the Secretary determines it is impracticable because of the lack of adequate marketing data, to make the increases or decreases applicable to the immediately succeeding marketing year.

“(b) Within thirty days after the enactment of this section the Secretary pursuant to the provisions of subsection (a) of this section shall determine and announce the amount of the national marketing quota for Flue-cured tobacco for the marketing year beginning July 1, 1965, and the national acreage allotment and national average yield goal for the 1965 crop of Flue-cured tobacco, and within thirty days after the announcement of the amount of such national marketing quota shall conduct a special referendum of the farmers engaged in the production of Flue-cured tobacco of the 1964 crop to determine whether they favor or oppose the establishment of marketing quotas on an acreage-poundage basis as provided in this section for the marketing years beginning July 1, 1965, July 1, 1966, and July 1, 1967, in lieu of quotas on an acreage basis in effect for those marketing years. If the Secretary determines that more than 66⅔ per centum of the farmers voting in the special referendum approve marketing quotas on an acreage-poundage basis, marketing quotas on an acreage-poundage basis as provided in this section shall be in effect for those marketing years and the marketing quotas on an acreage basis shall cease to be in effect at the beginning of such three-year period.

“(c) Whenever, during the first or second marketing year of the three-year period for which marketing quotas on an acreage basis are in effect for any kind of tobacco, including Flue-cured tobacco, the Secretary, in his discretion, determines with respect to that kind of tobacco that acreage-poundage quotas under this section would result in a more effective marketing quota program for that kind of
tobacco he shall at the time the next announcement of the amount of the national marketing quota under section 312(b) of this Act determine and announce the amount of the national quota for that kind of tobacco under this section of the Act and at the same time announce the national acreage allotment and national average yield goal and within forty-five days thereafter conduct a special referendum of farmers engaged in the production of the kind of tobacco of the most recent crop to determine whether they favor the establishment of marketing quotas on an acreage-poundage basis as provided in this section for the next three marketing years: Provided, however, That the Secretary shall not make any such determination with respect to any kind of tobacco except Flue-cured tobacco unless prior thereto he shall conduct public hearings in the areas where such tobacco is produced for the purpose of ascertaining and taking into consideration the attitudes of producers and other interested persons with respect to acreage-poundage quotas. If the Secretary determines that more than $\frac{2}{3}$ per centum of the farmers voting in the special referendum approve marketing quotas on an acreage-poundage basis as provided in this section, quotas on that basis shall be in effect for the next three marketing years and the marketing quotas on an acreage basis shall cease to be in effect at the beginning of such three-year period. If marketing quotas on an acreage-poundage basis are not approved by more than $\frac{2}{3}$ per centum of the farmers voting in such referendum, the marketing quotas on an acreage basis shall continue in effect as theretofore proclaimed under section 312(a).

“(d) If marketing quotas have been made effective for a kind of tobacco on an acreage-poundage basis pursuant to subsections (b) or (c) the Secretary shall, not later than December 1 of any marketing year with respect to Flue-cured tobacco, and February 1 with respect to other kinds of tobacco, proclaim a national marketing quota for that kind of tobacco for the next three succeeding marketing years if the marketing year is the last year of three consecutive years for which marketing quotas previously proclaimed will be in effect. The Secretary, in his discretion, may proclaim the quota on an acreage-poundage basis as provided in this section or on an acreage allotment basis, whichever he determines would result in a more effective marketing quota for that kind of tobacco, and shall conduct a referendum in accordance with the provisions of section 312(c) of this Act. If the Secretary determines that more than one-third of the farmers voting oppose the national marketing quotas the results shall be proclaimed and the national marketing quota so proclaimed shall not be in effect. If the Secretary proclaims the quotas on an acreage-poundage basis he shall determine and proclaim at the same time the national marketing quota, national acreage allotment, and national average yield goal for the first year of the three years for which quotas are proclaimed. Notice of the farm marketing quota which will be in effect for his farm for the first marketing year covered by the referendum insofar as practicable shall be mailed to the farm operator prior to the holding of any special referendum under subsection (b) or a referendum on acreage-poundage quotas under this subsection, and at least 15 days prior to the holding of any special referendum under subsection (c). The Secretary shall determine and announce the national marketing quota, national acreage allotment and national average yield goal for the second and third marketing years of any three-year period for which national marketing quotas on an acreage-poundage basis are in effect on or before the December 1 with respect to Flue-cured tobacco and the February 1 with respect to other kinds of tobacco immediately
preceeding the beginning of the marketing year to which they apply. Whenever a national marketing quota, national acreage allotment, and national average yield goal are determined and announced, the Secretary shall provide for the determination of farm acreage allotments and farm marketing quotas under the provisions of this section for the crop and marketing year covered by the determinations.

"(e) No farm acreage allotment or farm yield shall be established for a farm on which no tobacco was produced or considered produced under applicable provisions of law for the immediately preceding five years. For each marketing year for which acreage-poundage quotas are in effect under this section the Secretary in his discretion may establish a reserve from the national acreage allotment in an amount equivalent to not more than 1 per centum of the national acreage allotment to be available for making corrections of errors in farm acreage allotments, adjusting inequities, and for establishing acreage allotments for new farms, which are farms on which tobacco was not produced or considered produced during the immediately preceding five years. The part of the reserve held for apportionment to new farms shall be allotted on the basis of land, labor, and equipment available for the production of tobacco, crop rotation practices, soil and other physical factors affecting the production of tobacco and the past tobacco-producing experience of the farm operator. The farm yield for any farm for which a new farm acreage allotment is established shall be determined on the basis of available productivity data for the land involved and farm yields for similar farms, and shall not exceed the community average yield.

"(f) Only the provisions of the last two sentences of subsection (g) of section 313 of this Act shall apply with respect to acreage-poundage programs established under this section. The acreage reductions required under the last two sentences shall be in addition to any other adjustments made pursuant to this section, and when acreage reductions are made the farm marketing quota shall be reduced to reflect such reductions. The provisions of the next to the last sentence of such subsection pertaining to the filing of any false report with respect to the acreage of tobacco grown on the farm shall also be applicable to the filing of any false report with respect to the production or marketings of tobacco grown on a farm for which an acreage allotment and a farm yield are established as provided in this section. In establishing acreage allotments and farm yields for other farms owned by the owner displaced by acquisition of his land by any agency, as provided in section 378 of this Act, increases or decreases in such acreage allotments and farm yields as provided in this section shall be made on account of marketings below or in excess of the farm marketing quota for the farm acquired by the agency. Acreage allotments and farm marketing quotas determined under this section may (except in the case of Burley tobacco, or other kinds of tobacco not subject to section 316) be leased under the terms and conditions contained in section 316 of this Act, except that (1) the adjustment provided for in the last sentence of subsection (c) of said section shall be based on farm yields rather than normal yields, and (2) any credit for undermarketing or charge for overmarketing shall be attributed to the farm to which transferred. Transfers of acreage allotments for 1965 under section 316 on the basis of leases executed prior to the effective date of a program for the 1965 crop of Flue-cured tobacco under this section may be approved or ratified by the county committee for the purposes of this section, but the amount of allotment transferred shall be increased or decreased in the same proportion that the allotment of the
farm from which it is transferred is increased or decreased under this section.

"(g) When marketing quotas under this section are in effect, provisions with respect to penalties for the marketing of excess tobacco and the other provisions contained in section 314 of the Act shall apply, except that:

"(1) No penalty on excess tobacco shall be due or collected until 110 per centum (120 per centum in the case of Burley tobacco for the first year for which marketing quotas are made effective under this section) of the farm marketing quota for a farm has been marketed, but with respect to each pound of tobacco marketed in excess of such percentage the full penalty rate shall be due, payable, and collected at the time of marketing on each pound of tobacco marketed, and any tobacco marketed in excess of 100 per centum of the farm marketing quota will require a reduction in subsequent farm marketing quotas in accordance with paragraph (a) (8): Provided, however, If the Secretary, in his discretion, determines it is desirable to encourage the marketing of grade N2 tobacco, or any grade of tobacco not eligible for price support, in order to meet the normal demands of export and domestic markets, he may authorize the marketing of such tobacco in a marketing year without the payment of penalty or deduction from subsequent quotas to the extent of 5 per centum of the farm marketing quota for the farm on which the tobacco was produced.

"(2) When marketing quotas established under this section are in effect the provisions with respect to penalties contained in the third sentence of subsection 314 (a) shall be revised to read: 'If any producer falsely identifies or fails to account for the disposition of any tobacco, the Secretary, in lieu of assessing and collecting penalties based on actual marketings of excess tobacco, may elect to assess a penalty computed by multiplying the full penalty rate by an amount of tobacco equal to 25 per centum of the farm marketing quota plus the farm yield of the number of acres harvested in excess of the farm acreage allotment and the penalty in respect thereof shall be paid and remitted by the producer.'

"(3) For the first year a marketing quota program established under the provisions of this section is in effect, the words ‘normal production’ where they appear in the fourth sentence of subsection (a) of such section shall be read ‘farm yield’ and the said fourth sentence shall otherwise be applicable. For the second and succeeding years for which a program established under the provisions of this section is in effect, the provisions of subsection (a) (8) shall apply when penalties, if any, on carryover tobacco are computed, and the provisions contained in the fourth sentence of subsection 314(a) shall not be applicable.

"(h) Notwithstanding any other provision of this section, for any year subsequent to the first year for which marketing quotas are made effective under this section for Burley tobacco—

"(1) the farm acreage allotment for Burley tobacco under this section shall not be less than the smallest of (A) the acreage allotment established for the farm for such first year, (B) five-tenths of an acre, or (C) 10 per centum of the cropland; and

"(2) the farm marketing quota for Burley tobacco under this section shall not be less than the minimum allotment provided by clause (1) multiplied by the farm yield established for such first year for such farm.

Farm acreage allotments and marketing quotas to which the provisions of (1) and (2) are applicable shall be subject to adjustment for overmarketing or undermarketing or reductions required by subsection
(f). The additional acreage and quotas required under this subsection shall be in addition to the national acreage allotment and national marketing quota.

"Whenever the Secretary proclaims a quota on an acreage allotment basis (in lieu of on an acreage poundage basis)—

"(A) the minimum acreage allotment for Burley tobacco for any farm shall be determined under the provisions of the Act of July 12, 1952, as amended (7 U.S.C. 1315) instead of under the preceding provisions of this subsection;

"(B) clause (1) of the Act of July 12, 1952, shall for such purpose read as follows: ‘(1) the allotment established for the farm for the last preceding year for which a quota was proclaimed on an acreage allotment basis’; and

"(C) the proviso of that Act shall for such purpose read as follows: ‘Provided, however, That no allotment of seven-tenths of an acre or less shall be reduced more than one-tenth of an acre below the allotment established for the farm for the last preceding year for which a quota was proclaimed on an acreage allotment basis’.

“(i) If an acreage-poundage program for Flue-cured tobacco is approved by growers voting in the special referendum under subsection (b), the Secretary shall not later than January 1, 1966—

“(1) Consult with representatives of all segments of the tobacco industry, including growers, State farm organizations, and cooperative associations, in meetings held for each kind of tobacco, to receive their recommendations and to determine the need for a similar or modified program for that kind of tobacco.

“(2) Conduct a study and report to the House Committee on Agriculture and the Senate Committee on Agriculture and Forestry on experience with and operation of the program, and make recommendations for any modifications needed to improve the program, including alternatives adapted to the different needs of other kinds of tobacco.”

Sec. 2. Subsection (j) of section 313 of the Agricultural Adjustment Act of 1938, as added by Public Law 361, 84th Congress, approved August 11, 1955, is amended by inserting immediately following the language “(g) hereof” wherever it appears in said subsection the language “or section 317”.

Sec. 3. Section 106 of the Agricultural Act of 1949, as amended, is amended by adding at the end thereof the following:

“(e) If acreage-poundage farm marketing quotas are in effect under section 317 of the Agricultural Adjustment Act of 1938, as amended, (1) price support shall not be made available on tobacco marketed in excess of 110 per centum (120 per centum in the case of Burley tobacco for the first year for which marketing quotas are made effective under this section) of the marketing quota for the farm on which such tobacco was produced, and (2) for the purpose of price-support eligibility, tobacco carried over from one marketing year to another to avoid marketings in excess of the farm marketing quota shall, when marketed, be considered tobacco of the then current crop.”

Sec. 4. Nothing in this Act shall be construed as affecting the authority or responsibility of the Secretary of Agriculture under section 301(b) (15) or section 313(i) of the Agricultural Adjustment Act of 1938 with respect to providing that different types of tobacco shall be treated as different kinds of tobacco, or with respect to increasing allotments or quotas for farms producing certain types of tobacco.

AN ACT

To authorize the Secretary of the Interior to designate the Nez Perce National Historical Park in the State of Idaho, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the purpose of this Act to facilitate protection and provide interpretation of sites in the Nez Perce country of Idaho that have exceptional value in commemorating the history of the Nation.

SEC. 2. To implement this purpose the Secretary of the Interior may designate as the Nez Perce National Historical Park various component sites in Federal and non-Federal ownership relating to the early Nez Perce culture, the Lewis and Clark Expedition through the area, the fur trade, missionaries, gold mining and logging, the Nez Perce war of 1877, and such other sites as he finds will depict the role of the Nez Perce country in the westward expansion of the Nation.

SEC. 3. The Secretary of the Interior may acquire by donation or with donated funds such lands, or interests therein, and other property which in his judgment will further the purpose of this Act and he may purchase with appropriated funds land, or interests therein, required for the administration of the Nez Perce National Historical Park: Provided, That he may purchase no more than one thousand five hundred acres in fee, and no more than one thousand five hundred acres in scenic easements. The Nez Perce Tribe’s governing body, if it so desires, with the approval of the Secretary of the Interior, is authorized to sell, donate, or exchange tribal-owned lands held in trust needed to further the purpose of this Act.

SEC. 4. (a) Indian trust land may be designated by the Secretary of the Interior for inclusion in the Nez Perce National Historical Park with the concurrence of the beneficial owner. Sites in Federal ownership under the administrative jurisdiction of other Government agencies may likewise be designated by the Secretary of the Interior for inclusion in the Nez Perce National Historical Park with the concurrence of the agency having administrative responsibility therefor, but such designation shall effect no transfer of administrative control unless the administering agency consents thereto. Not more than one thousand and five hundred acres overall shall be designated pursuant to the foregoing provisions of this subsection. The Secretary of the Interior may cooperate with the Nez Perce Tribe or the administering agency, as the case may be, in research into and interpretation of the significance of any site so designated and in providing desirable interpretive services and facilities and other facilities required for public access to and use and enjoyment of the site and in conservation of the scenic and other resources thereof.

(b) The Secretary of the Interior may enter into cooperative agreements with the owners of property which, under the provisions of this Act, may be designated for inclusion in Nez Perce National Historical Park as sites in non-Federal ownership, and he may assist in the preservation, renewal, and interpretation of the properties, provided the cooperative agreements shall contain, but not be limited to, provisions that: (1) the Secretary has right of access at all reasonable times to all public portions of the property for the purpose of conducting visitors through the property and interpreting it to the public, and (2) no changes or alterations shall be made in the properties, including buildings and grounds, without the written consent of the Secretary.

SEC. 5. When the Secretary of the Interior determines that he has acquired title to, or interest in, sufficient properties or determines that
he has entered into appropriate cooperative agreements with owners of non-Federal properties, or any combination thereof including the designation of sites already in Federal ownership, he shall by publication in the Federal Register establish the Nez Perce National Historical Park and thereafter administer the Federal property under his administrative jurisdiction in accordance with the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented.

SEC. 6. (a) In order to carry out the purpose of this Act the Secretary of the Interior may contract and make cooperative agreements with the State of Idaho, its political subdivisions or agencies, corporations, associations, the Nez Perce Tribe, or individuals, to protect, preserve, maintain, or operate any site, object, or property included within the Nez Perce National Historical Park, regardless of whether title thereto is in the United States: Provided, That no contract or cooperative agreement shall be made or entered into which will obligate the general fund of the Treasury unless or until Congress has appropriated money for such purpose.

(b) To facilitate the interpretation of the Nez Perce country the Secretary is authorized to erect and maintain tablets or markers in accordance with the provisions contained in the Act approved August 21, 1935, entitled “An Act to provide for the preservation of historic American sites, buildings, objects, and antiquities of national significance, and for other purposes” (49 Stat. 666).

SEC. 7. There are hereby authorized to be appropriated the sums of not more than $630,000 for the acquisition of lands and interests in land and not more than $1,337,000 for construction, restoration work, and other improvements at the Nez Perce National Historical Park under this Act.

The amount authorized by this Act is to be paid the town of Kure Beach, North Carolina, on the condition that it be paid to the Housing and Home Finance Agency in accordance with the stipulation entered into by the parties in the proceedings before the Court of Claims in Congressional Case No. 2–60 and referred to in the decision of the Court. No part of the amount appropriated in this Act shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with this claim, and the same shall be unlawful, any contract to the contrary notwithstanding. AN ACT

To provide assistance to the States of California, Oregon, Washington, Nevada, and Idaho for the reconstruction of areas damaged by recent floods and high waters.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That Congress hereby recognizes (1) that the States of California, Oregon, Washington, Nevada, and Idaho have experienced extensive property loss and damage as the result of floods and high waters during December 1964, and January and February 1965, (2) that much of the affected area is federally owned and administered, and (3) that the livelihood of the people in the area is dependent on prompt restoration of transportation facilities, and therefore Congress declares the need for special measures designed to aid and accelerate those States in their efforts to provide for the reconstruction of devastated areas.

Sec. 2. There is authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, in addition to the amounts authorized in section 125 of title 23 of the United States Code, not to exceed $50,000,000 for the fiscal year ending June 30, 1965, and not to exceed $20,000,000 for the fiscal year ending June 30, 1966. Such sums shall be obligated and expended by the Secretary of Commerce in accordance with such section 125, and related provisions of title 23 of the United States Code for the repair and reconstruction of highways, roads, and trails, damaged as the result of a disaster.

Sec. 3. (a) Notwithstanding provisions of existing contracts, the Secretary of the Interior and the Secretary of Agriculture, separately, and as part of the regular road and trail construction program, shall reimburse timber sale contractors or otherwise arrange to bear road and trail construction and restoration costs either directly or in cooperation with timber purchasers to the extent of costs determined by the respective Secretary as incurred or to be incurred for restoring roads in any stage of construction authorized by a contract for the purchase of timber from lands under his jurisdiction to substantially the same condition as existed prior to the damage resulting from the floods of December 1964, and January and February of 1965 in California, Oregon, Washington, Nevada, and Idaho, and to the
extent costs determined by the respective Secretary as incurred or to be incurred for completing road construction not performed under any such contract prior to the floods but which, because of changed conditions resulting from the floods, exceed road construction costs as originally determined by the respective Secretary. The costs for such road restoration, reconstruction, and construction under any single timber purchase contract on roads not accepted prior to the floods, whether construction was complete, partial, or not yet begun, shall be borne as follows: 15 per centum of all amounts shall be borne by the timber purchaser, except that such purchaser shall not be required to bear costs of more than $4,500, and the Secretary shall bear the remaining portion of such costs. This subsection shall not apply (1) in the case of any road restoration or reconstruction if the cost of such restoration or reconstruction is less than $500, and (2) in the case of any road construction if the increase in the cost of such construction as the result of the floods is less than $500 more than the construction costs as originally determined by the respective Secretary.

(b) Where the Secretary determines that damages are so great that restoration, reconstruction, or construction is not practical under the cost-sharing arrangement authorized by subsection (a) of this section, the Secretary may allow cancellation of the contract notwithstanding provisions therein.

(c) Paragraph (3) of section 2 of the Federal-Aid Highway Act of 1964 is amended to read as follows:

“(3) For forest development roads and trails, $128,000,000 for the fiscal year ending June 30, 1966, of which not to exceed $38,000,000 shall be used solely for the construction, repair, and reconstruction of forest development roads and trails in the States of California, Oregon, Washington, Nevada, and Idaho, necessary because of the floods and high waters in such States during December 1964, and January and February 1965, and $85,000,000 for the fiscal year ending June 30, 1967.”

(d) The Secretary of Agriculture is authorized to reduce to seven days the minimum period of advance public notice required by the first section of the Act of June 4, 1897 (16 U.S.C. 476), in connection with the sale of timber from national forests, whenever the Secretary determines that the sale of such timber will assist in the reconstruction of any area of California, Oregon, Washington, Nevada, and Idaho damaged by floods or high waters during December 1964, and January and February 1965.

Sec. 4. The Secretary of the Interior is authorized to give any public land entryman such additional time in which to comply with any requirement of law in connection with any public land entry for lands in California, Oregon, Washington, Nevada, and Idaho, as the Secretary finds appropriate because of interference with the entryman's ability to comply with such requirement resulting from floods and high waters during December 1964, and January and February 1965.

Sec. 5. (a) The President, acting through the Office of Emergency Planning, shall make a survey to determine what protective works would be necessary to prevent the recurrence of damage by floods or high waters to those banks of the Eel River, California, which are adjacent to the trackage of any common carrier by railroad and shall report to Congress the results of such survey together with the cost of any recommended work within sixty days after the date of enactment of this Act. The President, acting through the Office of
Emergency Planning, is authorized to perform all or any part of the recommended work determined to be in the public interest and to reimburse any common carrier for any of such recommended work performed by such carrier. The Corps of Engineers of the United States Army shall be used to make the survey authorized by this section, shall recommend necessary work that has been determined by the President acting through the Office of Emergency Planning to be in the public interest, and shall be used to supervise any work authorized to be performed under this section.

(b) There is authorized to be appropriated not to exceed $3,875,000 to carry out this section.

Sec. 6. Loans made pursuant to paragraph (1) of section 7(b) of the Small Business Act (15 U.S.C. 636(b)) for the purpose of replacing, reconstructing, or repairing dwellings in California, Oregon, Washington, Nevada, and Idaho, damaged or destroyed by the floods and high waters of December 1964, and January and February 1965, may have a maturity of up to thirty years, except that section 7(c) of such Act shall not apply to such loans.

Sec. 7. This Act, other than section 5 and the amendment made by section 3(c), shall not be in effect after June 30, 1966, except with respect to payment of expenditures for obligations and commitments entered into under this Act on or before such date.

Sec. 8. This Act may be cited as the "Pacific Northwest Disaster Relief Act of 1965".

Each such grant shall be made under such conditions as the Administrator shall determine to be required to insure that the United States will receive therefrom benefit adequate to justify the making of that grant. None of the funds appropriated for "Research and development" pursuant to this Act may be used for construction of any major facility, the estimated cost of which, including collateral equipment, exceeds $250,000, unless the Administrator or his designee has notified the Committee on Science and Astronautics of the House of Representatives and the Committee on Aeronautical and Space Sciences of the Senate of the nature, location, and estimated cost of such facility.

Sec. 2. Authorization is hereby granted whereby any of the amounts prescribed in paragraphs (1), (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), and (12), of subsection 1(b) may, in the discretion of the Administrator of the National Aeronautics and Space Administration, be varied upward 5 per centum to meet unusual cost variations, but the total cost of all work authorized under such paragraphs shall not exceed a total of $97,376,350.

Sec. 3. Not to exceed one-half of 1 per centum of the funds appropriated pursuant to subsection 1(a) hereof may be transferred to the "Construction of facilities" appropriation, and, when so transferred, together with $10,000,000 of the funds appropriated pursuant to subsection 1(b) hereof (other than funds appropriated pursuant to paragraph (12) of such subsection) shall be available for expenditure to construct, expand, or modify laboratories and other installations at any location (including locations specified in subsection 1(b)), if (1) the Administrator determines such action to be necessary because of changes in the national program of aeronautical and space activities or new scientific or engineering developments, and (2) he determines that deferral of such action until the enactment of the next authorization Act would be inconsistent with the interest of the Nation in aeronautical and space activities. The funds so made available may be expended to acquire, construct, convert, rehabilitate, or install permanent or temporary public works, including land acquisition, site preparation, appurtenances, utilities, and equipment. No portion of such sums may be obligated for expenditure or expended to construct, expand, or modify laboratories and other installations unless (A) a period of thirty days has passed after the Administrator or his designee has transmitted to the Committee on Science and Astronautics of the House of Representatives and to the Committee on Aeronautical and Space Sciences of the Senate a written report containing a full and complete statement concerning (1) the nature of such construction, expansion, or modification, (2) the cost thereof including the cost of any real estate action pertaining thereto, and (3) the reason why such construction, expansion, or modification is necessary in the national interest, or (B) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action.

Report to congressional committees.

Sec. 4. Notwithstanding any other provision of this Act—

(1) no amount appropriated pursuant to this Act may be used for any program deleted by the Congress from requests as originally made to either the House Committee on Science and Astronautics or the Senate Committee on Aeronautical and Space Sciences,

(2) no amount appropriated pursuant to this Act may be used for any program in excess of the amount actually authorized for that particular program by sections 1(a) and 1(c), and

(3) no amount appropriated pursuant to this Act may be used for any program which has not been presented to or requested of either such committee,

unless (A) a period of thirty days has passed after the receipt by each such committee of notice given by the Administrator or his designee containing a full and complete statement of the action proposed to be taken and the facts and circumstances relied upon in support of such proposed action, or (B) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action.

Use of funds, restrictions.

Sec. 5. It is the sense of Congress that it is in the national interest that consideration be given to geographical distribution of Federal research funds whenever feasible, and that the National Aeronautics and Space Administration should explore ways and means of distributing its research and development funds whenever feasible.

Geographical distribution of funds.

AN ACT  

To provide uniform policies with respect to recreation and fish and wildlife benefits and costs of Federal multiple-purpose water resource projects, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the policy of the Congress and the intent of this Act that (a) in investigating and planning any Federal navigation, flood control, reclamation, hydroelectric, or multiple-purpose water resource project, full consideration shall be given to the opportunities, if any, which the project affords for outdoor recreation and for fish and wildlife enhancement and that, wherever any such project can reasonably serve either or both of these purposes consistently with the provisions of this Act, it shall be constructed, operated, and maintained accordingly; (b) planning with respect to the development of the recreation potential of any such project shall be based on the coordination of the recreational use of the project area with the use of existing and planned Federal, State, or local public recreation developments; and (c) project construction agencies shall encourage non-Federal public bodies to administer project land and water areas for recreation and fish and wildlife enhancement purposes and operate, maintain, and replace facilities provided for those purposes unless such areas or facilities are included or proposed for inclusion within a national recreation area, or are appropriate for administration by a Federal agency as a

Federal Water Project Recreation Act.
part of the national forest system, as a part of the public lands classified for retention in Federal ownership, or in connection with an authorized Federal program for the conservation and development of fish and wildlife.

SEC. 2. (a) If, before authorization of a project, non-Federal public bodies indicate their intent in writing to agree to administer project land and water areas for recreation or fish and wildlife enhancement or for both of these purposes pursuant to the plan for the development of the project approved by the head of the agency having administrative jurisdiction over it and to bear not less than one-half the separable costs of the project allocated to either or both of said purposes, as the case may be, and all the costs of operation, maintenance, and replacement incurred therefor—

(1) the benefits of the project to said purpose or purposes shall be taken into account in determining the economic benefits of the project;

(2) costs shall be allocated to said purpose or purposes and to other purposes in a manner which will insure that all project purposes share equitably in the advantages of multiple-purpose construction: Provided, That the costs allocated to recreation or fish and wildlife enhancement shall not exceed the lesser of the benefits from those functions or the costs of providing recreation or fish and wildlife enhancement benefits of reasonably equivalent use and location by the least costly alternative means; and

(3) not more than one-half the separable costs and all the joint costs of the project allocated to recreation and fish and wildlife enhancement shall be borne by the United States and be non-reimbursable.

Projects authorized during the calendar year 1965 may include recreation and fish and wildlife enhancement on the foregoing basis without the required indication of intent. Execution of an agreement as aforesaid shall be a prerequisite to commencement of construction of any project to which this subsection is applicable.

(b) The non-Federal share of the separable costs of the project allocated to recreation and fish and wildlife enhancement shall be borne by non-Federal interests, under either or both of the following methods as may be determined appropriate by the head of the Federal agency having jurisdiction over the project: (1) payment, or provision of lands, interests therein, or facilities for the project; or (2) repayment, with interest at a rate comparable to that for other interest-bearing functions of Federal water resource projects, within fifty years of first use of project recreation or fish and wildlife enhancement facilities: Provided, That the source of repayment may be limited to entrance and user fees or charges collected at the project by non-Federal interests if the fee schedule and the portion of fees dedicated to repayment are established on a basis calculated to achieve repayment, as aforesaid and are made subject to review and renegotiation at intervals of not more than five years.

SEC. 3. (a) No facilities or project modifications which will furnish recreation or fish and wildlife enhancement benefits shall be provided in the absence of the indication of intent with respect thereto specified in subsection 2(a) of this Act unless (1) such facilities or modifications serve other project purposes and are justified thereby without regard to such incidental recreation or fish and wildlife enhancement benefits as they may have or (2) they are minimum facilities which are required for the public health and safety and are located at access points provided by roads existing at the time of project construction or constructed for the administration and management of the project. Calculation of the recreation and fish and wildlife enhancement benefits
in any such case shall be based on the number of visitor-days anticipated in the absence of recreation and fish and wildlife enhancement facilities or modifications except as hereinbefore provided and on the value per visitor-day of the project without such facilities or modifications. Project costs allocated to recreation and fish and wildlife enhancement on this basis shall be nonreimbursable.

(b) Notwithstanding the absence of an indication of intent as specified in subsection 2(a), lands may be provided in connection with project construction to preserve the recreation and fish and wildlife enhancement potential of the project:

(1) If non-Federal public bodies execute an agreement within ten years after initial operation of the project (which agreement shall provide that the non-Federal public bodies will administer project land and water areas for recreation or fish and wildlife enhancement or both pursuant to the plan for the development of the project approved by the head of the agency having administrative jurisdiction over it and will bear not less than one-half the costs of lands, facilities, and project modifications provided for either or both of those purposes, as the case may be, and all costs of operation, maintenance, and replacement attributable thereto) the remainder of the costs of lands, facilities, and project modifications provided pursuant to this paragraph shall be nonreimbursable. Such agreement and subsequent development, however, shall not be the basis for any reallocation of joint costs of the project to recreation or fish and wildlife enhancement.

(2) If, within ten years after initial operation of the project, there is not an executed agreement as specified in paragraph (1) of this subsection, the head of the agency having jurisdiction over the project may utilize the lands for any lawful purpose within the jurisdiction of his agency, or may offer the land for sale to its immediate prior owner or his immediate heirs at its appraised fair market value as approved by the head of the agency at the time of offer or, if a firm agreement by said owner or his immediate heirs is not executed within ninety days of the date of the offer, may transfer custody of the lands to another Federal agency for use for any lawful purpose within the jurisdiction of that agency, or may lease the lands to a non-Federal public body, or may transfer the lands to the Administrator of General Services for disposition in accordance with the surplus property laws of the United States. In no case shall the lands be used or made available for use for any purpose in conflict with the purposes for which the project was constructed, and in every case except that of an offer to purchase made, as hereinbefore provided, by the prior owner or his heirs preference shall be given to uses which will preserve and promote the recreation and fish and wildlife enhancement potential of the project or, in the absence thereof, will not detract from that potential.

Sec. 4. At projects, the construction of which has commenced or been completed as of the effective date of this Act, where non-Federal public bodies agree to administer project land and water areas for recreation and fish and wildlife enhancement purposes and to bear the costs of operation, maintenance, and replacement of existing facilities serving those purposes, such facilities and appropriate project lands may be leased to non-Federal public bodies.

Sec. 5. Nothing herein shall be construed as preventing or discouraging postauthorization development of any project for recreation or fish and wildlife enhancement or both by non-Federal public bodies pursuant to agreement with the head of the Federal agency having jurisdiction over the project. Such development shall not be the basis
for any allocation or reallocation of project costs to recreation or fish and wildlife enhancement.

Sec. 6. (a) The views of the Secretary of the Interior developed in accordance with section 3 of the Act of May 28, 1963 (77 Stat. 49), with respect to the outdoor recreation aspects shall be set forth in any report of any project or appropriate unit thereof within the purview of this Act. Such views shall include a report on the extent to which the proposed recreation and fish and wildlife development conforms to and is in accord with the State comprehensive plan developed pursuant to subsection 5 (d) of the Land and Water Conservation Fund Act of 1965 (78 Stat. 897).

(b) The first proviso of subsection 2(d) of the Act of August 12, 1958 (72 Stat. 563; 16 U.S.C. 662(d)), is amended to read as follows: "Provided, That such cost attributable to the development and improvement of wildlife shall not extend beyond that necessary for (1) land acquisition, (2) facilities as specifically recommended in water resource project reports, (3) modification of the project, and (4) modification of project operations, but shall not include the operation of wildlife facilities." The second proviso of subsection 2(d) of said Act is hereby repealed.

(c) Expenditures for lands or interests in lands hereafter acquired by project construction agencies for the establishment of migratory waterfowl refuges recommended by the Secretary of the Interior at Federal water resource projects, when such lands or interests in lands would not have been acquired but for the establishment of a migratory waterfowl refuge at the project, shall not exceed $28,000,000: Provided, That the aforementioned expenditure limitation in this subsection shall not apply to the costs of mitigating damages to migratory waterfowl caused by such water resource project.

(d) This Act shall not apply to the Tennessee Valley Authority, nor to projects constructed under authority of the Small Reclamation Projects Act, as amended, or under authority of the Watershed Protection and Flood Prevention Act, as amended.

(e) Sections 2, 3, 4, and 5 of this Act shall not apply to nonreservoir local flood control projects, beach erosion control projects, small boat harbor projects, hurricane protection projects, or to project areas or facilities authorized by law for inclusion within a national recreation area or appropriate for administration by a Federal agency as a part of the national forest system, as a part of the public lands classified for retention in Federal ownership, or in connection with an authorized Federal program for the conservation and development of fish and wildlife.

(f) As used in this Act, the term "nonreimbursable" shall not be construed to prohibit the imposition of entrance, admission, and other recreation user fees or charges.

(g) Subsection 6(a) (2) of the Land and Water Conservation Fund Act of 1965 (78 Stat. 897) shall not apply to costs allocated to recreation and fish and wildlife enhancement which are borne by the United States as a nonreimbursable project cost pursuant to subsection 2(a) or subsection 3(b) (1) of this Act.

(h) All payments and repayment by non-Federal public bodies under the provisions of this Act shall be deposited in the Treasury as miscellaneous receipts, and revenue from the conveyance by deed, lease, or otherwise, of lands under subsection 3(b) (2) of this Act shall be deposited in the Land and Water Conservation Fund.

Sec. 7. (a) The Secretary is authorized, in conjunction with any reservoir heretofore constructed by him pursuant to the Federal reclamation laws or any reservoir which is otherwise under his control, except reservoirs within national wildlife refuges, to investigate, plan,
construct, operate and maintain, or otherwise provide for public outdoor recreation and fish and wildlife enhancement facilities, to acquire or otherwise make available such adjacent lands or interests therein as are necessary for public outdoor recreation or fish and wildlife use, and to provide for public use and enjoyment of project lands, facilities, and water areas in a manner coordinated with the other project purposes: Provided, That not more than $100,000 shall be available to carry out the provisions of this subsection at any one reservoir. Lands, facilities and project modifications for the purposes of this subsection may be provided only after an agreement in accordance with subsection 3(b) of this Act has been executed.

(b) The Secretary of the Interior is authorized to enter into agreements with Federal agencies or State or local public bodies for the administration of project land and water areas and the operation, maintenance, and replacement of facilities and to transfer project lands or facilities to Federal agencies or State or local public bodies by lease agreement or exchange upon such terms and conditions as will best promote the development and operation of such lands or facilities in the public interest for recreation and fish and wildlife enhancement purposes.

(c) No lands under the jurisdiction of any other Federal agency may be included for or devoted to recreation or fish and wildlife purposes under the authority of this section without the consent of the head of such agency; and the head of any such agency is authorized to transfer any such lands to the jurisdiction of the Secretary of the Interior for purposes of this section. The Secretary of the Interior is authorized to transfer jurisdiction over project lands within or adjacent to the exterior boundaries of national forests and facilities thereon to the Secretary of Agriculture for recreation and other national forest system purposes; and such transfer shall be made in each case in which the project reservoir area is located wholly within the exterior boundaries of a national forest unless the Secretaries of Agriculture and Interior jointly determine otherwise. Where any project lands are transferred hereunder to the jurisdiction of the Secretary of Agriculture, the lands involved shall become national forest lands: Provided, That the lands and waters within the flow lines of any reservoir or otherwise needed or used for the operation of the project for other purposes shall continue to be administered by the Secretary of the Interior to the extent he determines to be necessary for such operation. Nothing herein shall limit the authority of the Secretary of the Interior granted by existing provisions of law relating to recreation or fish and wildlife development in connection with water resource projects or to disposition of public lands for such purposes.

Sec. 8. Effective on and after July 1, 1966, neither the Secretary of the Interior nor any bureau nor any person acting under his authority shall engage in the preparation of any feasibility report under reclamation law with respect to any water resource project unless the preparation of such feasibility report has been specifically authorized by law, any other provision of law to the contrary notwithstanding.

Sec. 9. Nothing contained in this Act shall be taken to authorize or to sanction the construction under the Federal reclamation laws or under any Rivers and Harbors or Flood Control Act of any project in which the sum of the allocations to recreation and fish and wildlife enhancement exceeds the sum of the allocations to irrigation, hydro-electric power, municipal, domestic and industrial water supply, navigation, and flood control, except that this section shall not apply to
any such project for the enhancement of anadromous fisheries, shrimp, or for the conservation of migratory birds protected by treaty, when each of the other functions of such a project has, of itself, a favorable benefit-cost ratio.

Sec. 10. As used in this Act:
(a) The term “project” shall mean a project or any appropriate unit thereof.
(b) The term “separable costs,” as applied to any project purpose, means the difference between the capital cost of the entire multiple-purpose project and the capital cost of the project with the purpose omitted.
(c) The term “joint costs” means the difference between the capital cost of the entire multiple-purpose project and the sum of the separable costs for all project purposes.
(d) The term “feasibility report” shall mean any report of the scope required by the Congress when formally considering authorization of the project of which the report treats.
(e) The term “capital cost” includes interest during construction, wherever appropriate.

Sec. 11. Section 2, subsection (a) of the Land and Water Conservation Fund Act of 1965 (78 Stat. 897) is hereby amended by striking out the words “notwithstanding any provision of law that such proceeds shall be credited to miscellaneous receipts of the Treasury:” and inserting in lieu thereof the words “notwithstanding any other provision of law:” and by striking out the words “or any provision of law that provides that any fees or charges collected at particular Federal areas shall be used for or credited to specific purposes or special funds as authorized by that provision of law” and inserting in lieu thereof “or affect any contract heretofore entered into by the United States that provides that such revenues collected at particular Federal areas shall be credited to specific purposes”.

TITLE III—GRANTS FOR COMMUNITY PLANNING, SERVICES, AND TRAINING

AUTHORIZATION OF APPROPRIATIONS

Sec. 301. The Secretary shall carry out during the fiscal year ending June 30, 1966, and each of the four succeeding fiscal years, a program of grants to States in accordance with this title. There are authorized to be appropriated $5,000,000 for the fiscal year ending June 30, 1966, and $8,000,000 for the fiscal year ending June 30, 1967, and for the fiscal year ending June 30, 1968, and each of the two succeeding fiscal years, such sums may be appropriated as the Congress may hereafter authorize by law, for—

1. community planning and coordination of programs for carrying out the purposes of this Act;
(2) demonstrations of programs or activities which are particularly valuable in carrying out such purposes;
(3) training of special personnel needed to carry out such programs and activities; and
(4) establishment of new or expansion of existing programs to carry out such purposes, including establishment of new or expansion of existing centers providing recreational and other leisure time activities, and informational, health, welfare, counseling, and referral services for older persons and assisting such persons in providing volunteer community or civic services; except that no costs of construction, other than for minor alterations and repairs, shall be included in such establishment or expansion.

**ALLOTMENTS**

SEC. 302. (a) (1) From the sum appropriated for a fiscal year under section 301 (A) the Virgin Islands, Guam, and American Samoa shall be allotted an amount equal to one-half of 1 per centum of such sum and (B) each other State shall be allotted an amount equal to 1 per centum of such sum.

(2) From the remainder of the sum so appropriated for a fiscal year each State shall be allotted an additional amount which bears the same ratio to such remainder as the population aged sixty-five or over in such State bears to the population aged sixty-five or over in all of the States, as determined by the Secretary on the basis of the most recent information available to him, including any relevant data furnished to him by the Department of Commerce.

(3) A State's allotment for a fiscal year under this title shall be equal to the sum of the amounts allotted to it under paragraphs (1) and (2).

(b) The amount of any allotment to a State under subsection (a) for any fiscal year which the State notifies the Secretary will not be required for carrying out the State plan (if any) approved under this title shall be available for reallocation from time to time, on such dates as the Secretary may fix, to other States which the Secretary determines (1) have need in carrying out their State plans so approved for sums in excess of those previously allotted to them under subsection (a) and (2) will be able to use such excess amounts for projects approved by the State during the period for which the original allotment was available. Such reallocations shall be made on the basis of the State plans so approved, after taking into consideration the population aged sixty-five or over. Any amount so reallocated to a State shall be deemed part of its allotment under subsection (a).

(c) The allotment of any State under subsection (a) for any fiscal year shall be available for grants to pay part of the cost of projects in such State described in section 301 and approved by such State (in accordance with its State plan approved under section 303) prior to the end of such year or, in the case of allotments for the fiscal year ending June 30, 1966, prior to July 1, 1967. To the extent permitted by the State's allotment under this section such payments with respect to any project shall equal 75 per centum of the cost of such project for the first year of the duration of such project, 60 per centum of such cost for the second year of such project, and 50 per centum of such
cost for the third year of such project; except that (1) at the request of the State, such payments shall be less (to the extent requested) than such percentage of the cost of such project, and (2) grants may not be made under this title for any such project for more than three years or for any period after June 30, 1972.

STATE PLANS

Sec. 303. (a) The Secretary shall approve a State plan for purposes of this title which—

(1) establishes or designates a single State agency as the sole agency for administering or supervising the administration of the plan, which agency shall be the agency primarily responsible for coordination of State programs and activities related to the purposes of this Act;

(2) provides for such financial participation by the State or communities with respect to activities and projects under the plan as the Secretary may by regulation prescribe in order to assure continuation of desirable activities and projects after termination of Federal financial support under this title;

(3) provides for development of programs and activities for carrying out the purposes of this Act, including the furnishing of consultative, technical, or information services to public or nonprofit private agencies and organizations engaged in activities relating to the special problems or welfare of older persons, and for coordinating the activities of such agencies and organizations to the extent feasible;

(4) provides for consultation with and utilization, pursuant to agreement with the head thereof, of the services and facilities of appropriate State or local public or nonprofit private agencies and organizations in the administration of the plan and in the development of such programs and activities;

(5) provides such methods of administration (including methods relating to the establishment and maintenance of personnel standards on a merit basis, except that the Secretary shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods) as are necessary for the proper and efficient operation of the plan;

(6) sets forth principles for determining the priority of projects in the State, and provides for approval of such projects in the order determined by application of such principles;

(7) provides for approval of projects of only public or nonprofit private agencies or organizations and for an opportunity for a hearing before the State agency for any applicant whose application for approval of a project is denied; and

(8) provides that the State agency will make such reports to the Secretary, in such form and containing such information, as may reasonably be necessary to enable him to perform his functions under this title and will keep such records and afford such access thereto as the Secretary may find necessary to assure the correctness and verification of such reports.
The Secretary shall not finally disapprove any State plan, or any modification thereof submitted under this section without first affording the State reasonable notice and opportunity for a hearing.

(b) Whenever the Secretary, after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of a State plan approved under subsection (a), finds that—

(1) the State plan has been so changed that it no longer complies with the provisions of subsection (a), or

(2) in the administration of the plan there is a failure to comply substantially with any such provision,

the Secretary shall notify such State agency that no further payments will be made to the State under this title (or, in his discretion, that further payments to the State will be limited to projects under or portions of the State plan not affected by such failure), until he is satisfied that there will no longer be any failure to comply. Until he is so satisfied, no further payments shall be made to such State under this title (or payments shall be limited to projects under or portions of the State plan not affected by such failure).

(c) A State which is dissatisfied with a final action of the Secretary under subsection (a) or (b) may appeal to the United States court of appeals for the circuit in which the State is located, by filing a petition with such court within sixty days after such final action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary, or any officer designated by him for that purpose. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Secretary may modify or set aside his order. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this subsection shall not, unless so specifically ordered by the court, operate as a stay of the Secretary's action.

COSTS OF STATE PLAN ADMINISTRATION

SEC. 304. From a State's allotment under section 302 for a fiscal year, not more than 10 per centum or $15,000, whichever is the larger, shall be available for paying one-half (or such smaller portion as the State may request) of the costs of the State agency (established or designated as provided in section 303(a)(1)) in administering the State plan approved under section 303, including the costs of carrying on the functions referred to in subsection (a)(3) thereof.

AUTHORIZATION OF APPROPRIATIONS

SEC. 603. The Secretary shall carry out titles IV and V of this Act during the fiscal year ending June 30, 1966, and each of the four succeeding fiscal years. There are hereby authorized to be appropriated $1,500,000 for the fiscal year ending June 30, 1966, and $3,000,000 for the fiscal year ending June 30, 1967, and for the fiscal year ending June 30, 1968, and each of the two succeeding fiscal years, such sums may be appropriated as the Congress may hereafter authorize by law.

Approved July 14, 1965.

Public Law 89-74

AN ACT

To protect the public health and safety by amending the Federal Food, Drug, and Cosmetic Act to establish special controls for depressant and stimulant drugs and counterfeit drugs, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Drug Abuse Control Amendments of 1965”.

FINDINGS AND DECLARATION

SEC. 2. The Congress hereby finds and declares that there is a widespread illicit traffic in depressant and stimulant drugs moving in or otherwise affecting interstate commerce; that the use of such drugs, when not under the supervision of a licensed practitioner, often endan-
gers safety on the highways (without distinction of interstate and intrastate traffic thereon) and otherwise has become a threat to the public health and safety, making additional regulation of such drugs necessary regardless of the intrastate or interstate origin of such drugs; that in order to make regulation and protection of interstate commerce in such drugs effective, regulation of intrastate commerce is also necessary because, among other things, such drugs, when held for illicit sale, often do not bear labeling showing their place of origin and because in the form in which they are so held or in which they are consumed a determination of their place of origin is often extremely difficult or impossible; and that regulation of interstate commerce without the regulation of intrastate commerce in such drugs, as provided in this Act, would discriminate against and adversely affect interstate commerce in such drugs.

CONTROL OF DEPRESSANT AND STIMULANT DRUGS

SEC. 3. (a) Section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321) is amended by adding at the end thereof the following:

"(v) The term 'depressant or stimulant drug' means—

"(1) any drug which contains any quantity of (A) barbituric acid or any of the salts of barbituric acid; or (B) any derivative of barbituric acid which has been designated by the Secretary under section 502(d) as habit forming;

"(2) any drug which contains any quantity of (A) amphetamine or any of its optical isomers; (B) any salt of amphetamine or any salt of an optical isomer of amphetamine; or (C) any substance which the Secretary, after investigation, has found to be, and by regulation designated as, habit forming because of its stimulant effect on the central nervous system; or

"(3) any drug which contains any quantity of a substance which the Secretary, after investigation, has found to have, and by regulation designates as having, a potential for abuse because of its depressant or stimulant effect on the central nervous system or its hallucinogenic effect; except that the Secretary shall not designate under this paragraph, or under clause (C) of subparagraph (2), any substance that is now included, or is hereafter included, within the classifications stated in section 4731, and marijuana as defined in section 4761, of the Internal Revenue Code of 1954 (26 U.S.C. 4731, 4761).

The provisions of subsections (e), (f), and (g) of section 701 shall apply to and govern proceedings for the issuance, amendment, or repeal of regulations under subparagraph (2)(C) or (3) of this paragraph."

(b) Chapter V of such Act (21 U.S.C., chap. 9, subch. V) is amended by adding at the end thereof the following new section:
"DEPRESSANT AND STIMULANT DRUGS"

"SEC. 511. (a) No person shall manufacture, compound, or process any depressant or stimulant drug, except that this prohibition shall not apply to the following persons whose activities in connection with any such drug are solely as specified in this subsection:

(1) (A) Manufacturers, compounders, and processors registered under section 510 who are regularly engaged, and are otherwise qualified, in conformance with local laws, in preparing pharmaceutical chemicals or prescription drugs for distribution through branch outlets, through wholesale druggists, or by direct shipment, (i) to pharmacies or to hospitals, clinics, public health agencies, or physicians, for dispensing by registered pharmacists upon prescriptions, or for use by or under the supervision of practitioners licensed by law to administer such drugs in the course of their professional practice, or (ii) to laboratories or research or educational institutions for their use in research, teaching, or chemical analysis.

(B) Suppliers (otherwise qualified in conformance with local laws) of manufacturers, compounders, and processors referred to in subparagraph (A).

(2) Wholesale druggists registered under section 510 who maintain establishments in conformance with local laws and are regularly engaged in supplying prescription drugs (A) to pharmacies, or to hospitals, clinics, public health agencies, or physicians, for dispensing by registered pharmacists upon prescriptions, or for use by or under the supervision of practitioners licensed by law to administer such drugs in the course of their professional practice, or (B) to laboratories or research or educational institutions for their use in research, teaching, or clinical analysis.

(3) Pharmacies, hospitals, clinics, and public health agencies, which maintain establishments in conformance with any applicable local laws regulating the practice of pharmacy and medicine and which are regularly engaged in dispensing prescription drugs upon prescriptions of practitioners licensed to administer such drugs for patients under the care of such practitioners in the course of their professional practice.

(4) Practitioners licensed by law to prescribe or administer depressant or stimulant drugs, while acting in the course of their professional practice.

(5) Persons who use depressant or stimulant drugs in research, teaching, or chemical analysis and not for sale.

(6) Officers and employees of the United States, a State government, or a political subdivision of a State, while acting in the course of their official duties.
“(7) An employee or agent of any person described in paragraph (1) through paragraph (5), and a nurse or other medical technician under the supervision of a practitioner licensed by law to administer depressant or stimulant drugs, while such employee, nurse, or medical technician is acting in the course of his employment or occupation and not on his own account.

“(b) No person, other than—

“(1) a person described in subsection (a), while such person is acting in the ordinary and authorized course of his business, profession, occupation, or employment, or

“(2) a common or contract carrier or warehouseman, or an employee thereof, whose possession of any depressant or stimulant drug is in the usual course of his business or employment as such, shall sell, deliver, or otherwise dispose of any depressant or stimulant drug to any other person.

“(c) No person, other than a person described in subsection (a) or subsection (b)(2), shall possess any depressant or stimulant drug otherwise than (1) for the personal use of himself or of a member of his household, or (2) for administration to an animal owned by him or a member of his household. In any criminal prosecution for possession of a depressant or stimulant drug in violation of this subsection (which is made a prohibited act by section 301(q)(3)), the United States shall have the burden of proof that the possession involved does not come within the exceptions contained in clauses (1) and (2) of the preceding sentence.

“(d)(1) Every person engaged in manufacturing, compounding, processing, selling, delivering, or otherwise disposing of any depressant or stimulant drug shall, upon the effective date of this section, prepare a complete and accurate record of all stocks of each such drug on hand and shall keep such record for three years. On and after the effective date of this section, every person manufacturing, compounding, or processing any depressant or stimulant drug shall prepare and keep, for not less than three years, a complete and accurate record of the kind and quantity of each such drug manufactured, compounded, or processed and the date of such manufacture, compounding, or processing; and every person selling, delivering, or otherwise disposing of any depressant or stimulant drug shall prepare or obtain, and keep for not less than three years, a complete and accurate record of the kind and quantity of each such drug received, sold, delivered, or otherwise disposed of, the name and address of the person, and the registration number, if any, assigned to such person by the Secretary pursuant to section 510(e), from whom it was received and to whom it was sold, delivered, or otherwise disposed of, and the date of such transaction. No separate records, nor set form or forms for any of the foregoing records, shall be required as long as records containing the required information are available.

“(2)(A) Every person required by paragraph (1) of this subsection to prepare or obtain, and keep, records, and any carrier maintaining records with respect to any shipment containing any depressant or stimulant drug, and every person in charge, or having custody, of such records, shall, upon request of an officer or employee designated by the Secretary permit such officer or employee at reasonable times to have access to and copy such records. For the purposes of verification of such records and of enforcement of this section, officers or employees
designated by the Secretary are authorized, upon presenting appropriate credentials and a written notice to the owner, operator, or agent in charge, to enter, at reasonable times, any factory, warehouse, establishment, or vehicle in which any depressant or stimulant drug is held, manufactured, compounded, processed, sold, delivered, or otherwise disposed of and to inspect, within reasonable limits and in a reasonable manner, such factory, warehouse, establishment, or vehicle, and all pertinent equipment, finished and unfinished material, containers and labeling therein, and all things therein (including records, files, papers, processes, controls, and facilities) bearing on violation of this section or section 301(q); and to inventory any stock of any such drug therein and obtain samples of any such drug. If a sample is thus obtained, the officer or employee making the inspection shall, upon completion of the inspection and before leaving the premises, give to the owner, operator, or agent in charge a receipt describing the sample obtained.

"(B) No inspection authorized by subparagraph (A) shall extend to (i) financial data, (ii) sales data other than shipment data, (iii) pricing data, (iv) personnel data, or (v) research data, which are exempted from inspection under the third sentence of section 704(a) of this Act.

"(3) The provisions of paragraphs (1) and (2) of this subsection shall not apply to a licensed practitioner described in subsection (a)(4) with respect to any depressant or stimulant drug received, prepared, processed, administered, or dispensed by him in the course of his professional practice, unless such practitioner regularly engages in dispensing any such drug or drugs to his patients for which they are charged, either separately or together with charges for other professional services.

"(e) No prescription (issued before or after the effective date of this section) for any depressant or stimulant drug may be filled or refilled more than six months after the date on which such prescription was issued and no such prescription which is authorized to be refilled may be refilled more than five times, except that any prescription for such a drug after six months after the date of issue or after being refilled five times may be renewed by the practitioner issuing it either in writing, or orally (if promptly reduced to writing and filed by the pharmacist filling it).

"(f)(1) The Secretary may by regulation exempt any depressant or stimulant drug from the application of all or part of this section when he finds that regulation of its manufacture, compounding, processing, possession, and disposition, as provided in this section or in such part thereof, is not necessary for the protection of the public health.

"(2) The Secretary shall by regulation exempt any depressant or stimulant drug from the application of this section, if—

"(A) such drug may, under the provisions of this Act, be sold over the counter without a prescription; or

"(B) he finds that such drug includes one or more substances not having a depressant or stimulant effect on the central nervous system or a hallucinogenic effect and such substance or substances are present therein in such combination, quantity, proportion, or concentration as to prevent the substance or substances therein which do have such an effect from being ingested or absorbed in sufficient amounts or concentrations as, within the meaning of section 201(v), to—

"(i) be habit forming because of their stimulant effect on the central nervous system,
“(ii) have a potential for abuse because of their depressant or stimulant effect on the central nervous system or their hallucinogenic effect.

“(g) (1) The Secretary may, from time to time, appoint a committee of experts to advise him with regard to any of the following matters involved in determining whether a regulation under subparagraph (2) (C) or (3) of section 201(v) should be proposed, issued, amended, or repealed: (A) whether or not the substance involved has a depressant or stimulant effect on the central nervous system or a hallucinogenic effect, (B) whether the substance involved has a potential for abuse because of its depressant or stimulant effect on the central nervous system, and (C) any other scientific question (as determined by the Secretary) which is pertinent to the determination of whether such substance should be designated by the Secretary pursuant to subparagraph (2) (C) or (3) of section 201(v). The Secretary may establish a time limit for submission of the committee’s report. The appointment, compensation, staffing, and procedure of such committees shall be in accordance with subsections (b) (5)(D), and the admissibility of their reports, recommendations, and testimony at any hearing involving such matters shall be determined in accordance with subsection (d)(2), of section 706. The appointment of such a committee after publication of an order acting on a proposal pursuant to section 701(e) (1) shall not suspend the running of the time for filing objections to such order and requesting a hearing unless the Secretary so directs.

“(2) Where such a matter is referred to an expert advisory committee upon request of an interested person, the Secretary may, pursuant to regulations, require such person to pay fees to pay the costs, to the Department, arising by reason of such referral. Such fees, including advance deposits to cover such fees, shall be available, until expended, for paying (directly or by way of reimbursement of the applicable appropriations) the expenses of advisory committees under this subsection and other expenses arising by reason of referrals to such committees and for refunds in accordance with such regulations.

“(h) As used in this section and in sections 301 and 304, the term ‘manufacture, compound, or process’ shall be deemed to refer to ‘manufacture, preparation, propagation, compounding, or processing’ as defined in section 510(a), and the term ‘manufacturers, compounders, and processors’ shall be deemed to refer to persons engaged in such defined activities.”

(d) Subsection (d) of section 510 of such Act is amended by inserting “(1)” immediately after “(d)” and by striking out the period at the end thereof and inserting in lieu thereof the following: “or the wholesaling, jobbing, or distributing of any depressant or stimulant drug. “(2) Every person who is registered with the Secretary pursuant to the first sentence of subsection (b) or (c) or paragraph (1) of this subsection, but to whom the second sentence of subsection (b) or (c) or of paragraph (1) of this subsection did not apply at the time of such registration, shall, if any depressant or stimulant drug is thereafter manufactured, prepared, propagated, compounded, or processed in any establishment with respect to which he is so registered, immediately file a supplement to such registration with the Secretary indicating such fact, in such manner as the Secretary may by regulation prescribe.”

seion or mitigation of such forfeiture if such claimant proves to the

be committed any prohibited act referred to in such paragraph (2)
and has no interest in any drug referred to therein, (ii) that he has
an interest in such equipment or other thing as owner or lienor or
otherwise, acquired by him in good faith, and (iii) that he at no time
had any knowledge or reason to believe that such equipment or other
thing was being or would be used in, or to facilitate, the violation of

Penalties

Sec. 7. (a) Section 303(a) of the Federal Food, Drug, and Cos-
metic Act (21 U.S.C. 333(a)) is amended by inserting after the final
word “fine” and before the period the following: “: Provided, how-
ever, That any person who, having attained his eighteenth birthday,
vitiates section 301(q) (2) by selling, delivering, or otherwise dispos-
ing of any depressant or stimulant drug to a person who has not
attained his twenty-first birthday shall, if there be no previous con-
viiction of such person under this section which has become final, be
subject to imprisonment for not more than two years, or a fine of not
more than $5,000, or both such imprisonment and fine, and for the
second or any subsequent conviction for such a violation shall be sub-
ject to imprisonment for not more than six years, or a fine of not more
than $15,000, or both such imprisonment and fine”.
(b) Section 303(b) of such Act (21 U.S.C. 333(b)) is amended by
inserting after the word “shall” the following: “(except in the case
of an offense which is subject to the provisions of the proviso to sub-
section (a) relating to second or subsequent offenses)”.
Sec. 8. (a) Section 702 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 372) is amended by adding at the end thereof the following new subsection:

"(e) Any officer or employee of the Department designated by the Secretary to conduct examinations, investigations, or inspections under this Act relating to depressant or stimulant drugs or to counterfeit drugs may, when so authorized by the Secretary—

"(1) carry firearms;
"(2) execute and serve search warrants and arrest warrants;
"(3) execute seizure by process issued pursuant to libel under section 304;
"(4) make arrests without warrant for offenses under this Act with respect to such drugs if the offense is committed in his presence or, in the case of a felony, if he has probable cause to believe that the person so arrested has committed, or is committing, such offense; and
"(5) make, prior to the institution of libel proceedings under section 304(a)(2), seizures of drugs or containers or of equipment, punches, dies, plates, stones, labeling, or other things, if they are, or he has reasonable grounds to believe that they are, subject to seizure and condemnation under such section 304(a)(2). In the event of seizure pursuant to this paragraph (5), libel proceedings under section 304(a)(2) shall be instituted promptly and the property seized be placed under the jurisdiction of the court."

(b) Section 1114 of title 18 of the United States Code is amended by striking out "or any security officer of the Department of State or the Foreign Service" and by inserting in lieu thereof the following: "any security officer of the Department of State or the Foreign Service, or any officer or employee of the Department of Health, Education, and Welfare designated by the Secretary of Health, Education, and Welfare to conduct investigations or inspections under the Federal Food, Drug, and Cosmetic Act".

Sec. 9. (a) The Congress finds and declares that there is a substantial traffic in counterfeit drugs simulating the brand or other identifying mark or device of the manufacturer of the genuine article; that such traffic poses a serious hazard to the health of innocent consumers of such drugs because of the lack of proper qualifications, facilities, and manufacturing controls on the part of the counterfeiter, whose operations are clandestine; that, while such drugs are deemed misbranded within the meaning of section 502(i) of the Federal Food, Drug, and Cosmetic Act, the controls for the suppression of the traffic in such drugs are inadequate because of the difficulty of determining the place of interstate origin of such drugs and, if that place is discovered, the fact that the implements for counterfeiting are not subject to seizure, and that these factors require enactment of additional controls with respect to such drugs without regard to their interstate or intrastate origins.

(b) Paragraph (g) of section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321) is amended (1) by inserting "(1)" immediately after "(g)", (2) by redesignating clauses (1), (2), (3), and (4) thereof as clauses (A), (B), (C), and (D), respectively, (3) by striking out "clause (1), (2), or (3)" and inserting in lieu
thereof "clause (A), (B), or (C)", and (4) by adding at the end thereof the following:

"(2) The term 'counterfeit drug' means a drug which, or the container or labeling of which, without authorization, bears the trademark, trade name, or other identifying mark, imprint, or device, or any likeness thereof, of a drug manufacturer, processor, packer, or distributor other than the person or persons who in fact manufactured, processed, packed, or distributed such drug and which thereby falsely purports or is represented to be the product of, or to have been packed or distributed by, such other drug manufacturer, processor, packer, or distributor."

(c) Paragraph (i) of section 301 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 331(c)) is amended by inserting "(1)" immediately after "(i)" and by adding at the end thereof the following new subparagraphs:

"(2) Making, selling, disposing of, or keeping in possession, control, or custody, or concealing any punch, die, plate, stone, or other thing designed to print, imprint, or reproduce the trademark, trade name, or other identifying mark, imprint, or device of another or any likeness of any of the foregoing upon any drug or container or labeling thereof so as to render such drug a counterfeit drug.

"(3) The doing of any act which causes a drug to be a counterfeit drug, or the sale or dispensing, or the holding for sale or dispensing, of a counterfeit drug."

(d) Section 303 of such Act (21 U.S.C. 333(c)) is amended by inserting immediately before the period at the end thereof the following: 

"; or (5) for having violated section 301(i)(2) if such person acted in good faith and had no reason to believe that use of the punch, die, plate, stone, or other thing involved would result in a drug being a counterfeit drug, or for having violated section 301(i)(3) if the person doing the act or causing it to be done acted in good faith and had no reason to believe that the drug was a counterfeit drug."

APPLICATION OF STATE LAW

Sec. 10. (a) Nothing in this Act shall be construed as authorizing the manufacture, compounding, processing, possession, sale, delivery, or other disposal of any drug in any State in contravention of the laws of such State.

(b) No provision of this Act nor any amendment made by it shall be construed as indicating an intent on the part of the Congress to occupy the field in which such provision or amendment operates to the exclusion of any State law on the same subject matter, unless there is a direct and positive conflict between such provision or amendment and such State law so that the two cannot be reconciled or consistently stand together.

(c) No amendment made by this Act shall be construed to prevent the enforcement in the courts of any State of any statute of such State prescribing any criminal penalty for any act made criminal by any such amendment.

EFFECTIVE DATE

Sec. 11. The foregoing provisions of this Act shall take effect on the first day of the seventh calendar month following the month in which this Act is enacted: except that (1) the Secretary shall permit persons, owning or operating any establishment engaged in manufacturing, preparing, propagating, compounding, processing, whole-
saling, jobbing, or distributing any depressant or stimulant drug, as referred to in the amendments made by section 4 of this Act to section 510 of the Federal Food, Drug, and Cosmetic Act, to register their names, places of business, and establishments, and other information prescribed by such amendments, with the Secretary prior to such effective date, and (2) sections 201(v) and 511(g) of the Federal Food, Drug, and Cosmetic Act, as added by this Act, and the provisions of sections 8 and 10 shall take effect upon the date of enactment of this Act.

In the absence of governing provisions of State law, such State members shall be appointed and serve at the pleasure of the Governor;

(d) One member appointed by any interstate agency created by an interstate compact to which the consent of Congress has been given, and whose jurisdiction extends to the waters of the area, river basin, or group of river basins for which the river basin commission is created;

(e) When deemed appropriate by the President, one member, who shall be appointed by the President, from the United States section of any international commission created by a treaty to which the consent of the Senate has been given, and whose jurisdiction extends to the

(d) In the work of the commission every reasonable endeavor shall be made to arrive at a consensus of all members on all issues; but failing this, full opportunity shall be afforded each member for the presentation and report of individual views: Provided, That at any time the commission fails to act by reason of absence of consensus, the position of the chairman, acting in behalf of the Federal members, and the vice chairman, acting upon instructions of the State members, shall be set forth in the record: Provided further, That the chairman, in consultation with the vice chairman, shall have the final authority, in the absence of an applicable bylaw adopted by the commission or in the absence of a consensus, to fix the times and places for meetings, to set deadlines for the submission of annual and other reports, to establish subcommittees, and to decide such other procedural questions as may be necessary for the commission to perform its functions.

**DUTIES OF THE COMMISSIONS**

Sec. 204. Each river basin commission shall—

2. The Council shall pay to the State, from the allotment available therefor, the amount so estimated by it for any period, reduced or increased, as the case may be, by any sum (not previously adjusted under this paragraph) by which it finds that its estimate of the amount to be paid such State for any prior period under this title was greater or less than the amount which should have been paid to such State for such prior period under this title. Such payments shall be made through the disbursing facilities of the Treasury Department, at such times and in such installments as the Council may determine.

“(1) Bear an interest rate of not less than (a) a rate determined by the Secretary of the Treasury, taking into consideration the average market yield on outstanding Treasury obligations of comparable maturity, plus (b) such additional charge, if any, toward covering other costs of the program as the Secretary may determine to be consistent with its purpose.”

Sec. 3. Amend section 4(b) of the Fish and Wildlife Act of 1956 (70 Stat. 1121), as amended (16 U.S.C. 742c(b)) by adding at the end thereof the following:

“(4) Loans shall be approved only upon the furnishing of such security or other reasonable assurance of repayment as the Secretary may require considering the objectives of this section which are to upgrade commercial fishing vessels and gear and to provide reasonable financial assistance not otherwise available to commercial fishermen. The proposed collateral for a loan must be of such a nature that, when considered with the integrity and ability of the management, and the applicant's past and prospective earnings, repayment of the loan will be reasonably assured.

“(5) The applicant shall possess the ability, experience, resources, and other qualifications necessary to enable him to operate and maintain new or used commercial fishing vessels or gear.

“(6) Before the Secretary approves a loan for the purchase or construction of a new or used vessel which will not replace an existing commercial fishing vessel, he shall determine that the applicant's contemplated operation of such vessel in a fishery will not cause economic hardship or injury to the efficient vessel operators already operating in that fishery.

“(7) An applicant for a fishery loan must be a citizen of the United States.

The Secretary shall pay from the fund into the miscellaneous receipts of the Treasury, at the close of each fiscal year, interest on the cumulative amount of appropriations available as capital to the fund from and after July 1, 1965, less the average undispersed cash balance in the fund during the year. The rate of such interest shall be determined by the Secretary of the Treasury, taking into consideration the average market yield during the month preceding each fiscal year on outstanding Treasury obligations of maturity comparable to the average maturity of loans made from the fund. Interest payments may be deferred with the approval of the Secretary of the Treasury, but any interest payments so deferred shall themselves bear interest. Any funds received in the fisheries loan fund after June 30, 1970, and any balance remaining therein at the close of June 30, 1970 (at which time the fund shall cease to exist), shall be covered into the Treasury as miscellaneous receipts. "(d) Payment under this part may be made for post-hospital home health services furnished an individual only during the one-year period described in section 1861(n) following his most recent hospital discharge which meets the requirements of such section, and only for the first 100 visits in such period. The number of visits to be charged for purposes of the limitation in the preceding sentence, in connection with items or services described in section 1861(m), shall be determined in accordance with regulations.

"(e) For purposes of subsections (b), (c), and (d), inpatient hospital services, inpatient psychiatric hospital services, post-hospital extended care services, and post-hospital home health services shall be taken into account only if payment is or would be, except for this section or the failure to comply with the request and certification requirements of or under section 1814(a), made with respect to such services under this part.

"(f) For definition of 'spell of illness', and for definitions of other terms used in this part, see section 1861.

"DEDUCTIBLES AND COINSURANCE

"SEC. 1813. (a) (1) The amount payable for inpatient hospital services furnished an individual during any spell of illness shall be reduced by a deduction equal to the inpatient hospital deductible or, if less, the charges imposed with respect to such individual for such services, except that, if the customary charges for such services are greater than the charges so imposed, such customary charges shall be considered to be the charges so imposed. Such amount shall be further reduced by a coinsurance amount equal to one-fourth of the
inpatient hospital deductible for each day (before the 91st day) on
which such individual is furnished such services during such spell of
illness after such services have been furnished to him for 60 days
during such spell.

"(2) The amount payable for outpatient hospital diagnostic
services furnished an individual during a diagnostic study shall be
reduced by a deduction equal to the sum of (A) one-half of the
inpatient hospital deductible which is applicable to spells of illness
beginning in the same calendar year as such diagnostic study and (B)
20 per centum of the remainder of such amount. For purposes of the
preceding sentence, a diagnostic study for any individual consists of
the outpatient hospital diagnostic services provided by (or under
arrangements made by) the same hospital during the 20-day period
beginning on the first day (not included in a previous diagnostic
study) on which he is entitled to hospital insurance benefits under
section 226 and on which outpatient hospital diagnostic services are
furnished him.

"(3) The amount payable to any provider of services under this
part for services furnished an individual during any spell of illness
shall be further reduced by an amount equal to the cost of the first
three pints of whole blood furnished to him as part of such services
during such spell of illness.

"(4) The amount payable for post-hospital extended care services
furnished an individual during any spell of illness shall be reduced by
a coinsurance amount equal to one-eighth of the inpatient hospital
deductible for each day (before the 101st day) on which he is fur-
nished such services after such services have been furnished to him
for 20 days during such spell.

"(b)(1) The inpatient hospital deductible which shall be appli-
cable for the purposes of subsection (a) shall be $40 in the case of any
spell of illness or diagnostic study beginning before 1969.

"(2) The Secretary shall, between July 1 and October 1 of 1968,
and of each year thereafter, determine and promulgate the inpatient
hospital deductible which shall be applicable for the purposes of
subsection (a) in the case of any spell of illness or diagnostic study
beginning during the succeeding calendar year. Such inpatient
hospital deductible shall be equal to $40 multiplied by the ratio of
(A) the current average per diem rate for inpatient hospital serv-
ices for the calendar year preceding the promulgation, to (B) the
current average per diem rate for such services for 1966. Any
amount determined under the preceding sentence which is not a
multiple of $4 shall be rounded to the nearest multiple of $4 (or,
if it is midway between two multiples of $4, to the next higher
multiple of $4). The current average per diem rate for any year
shall be determined by the Secretary on the basis of the best infor-
mation available to him (at the time the determination is made) as to
the amounts paid under this part on account of inpatient hospital
services furnished during such year, by hospitals which have agree-
ments in effect under section 1866, to individuals who are entitled
to hospital insurance benefits under section 226, plus the amount
which would have been so paid but for subsection (a)(1) of this
section.
"CONDITIONS OF AND LIMITATIONS ON PAYMENT FOR SERVICES

"Requirement of Requests and Certifications

"Sec. 1814. (a) Except as provided in subsection (d), payment for services furnished an individual may be made only to providers of services which are eligible therefor under section 1866 and only if—

"(1) written request, signed by such individual except in cases in which the Secretary finds it impracticable for the individual to do so, is filed for such payment in such form, in such manner, within such time, and by such person or persons as the Secretary may by regulation prescribe;

"(2) a physician certifies (and recertifies, where such services are furnished over a period of time, in such cases, with such frequency, and accompanied by such supporting material, appropriate to the case involved, as may be provided by regulations, except that the first of such recertifications shall be required in each case of inpatient hospital services not later than the 20th day of such period) that—

"(A) in the case of inpatient hospital services (other than inpatient psychiatric hospital services and inpatient tuberculosis hospital services), such services are or were required to be given on an inpatient basis for such individual’s medical treatment, or that inpatient diagnostic study is or was medically required and such services are or were necessary for such purpose;

"(B) in the case of inpatient psychiatric hospital services, such services are or were required to be given on an inpatient basis, by or under the supervision of a physician, for the psychiatric treatment of an individual; and (i) such treatment can or could reasonably be expected to improve the condition for which such treatment is or was necessary or (ii) inpatient diagnostic study is or was medically required and such services are or were necessary for such purposes;

"(C) in the case of inpatient tuberculosis hospital services, such services are or were required to be given on an inpatient basis, by or under the supervision of a physician, for the treatment of an individual for tuberculosis; and such treatment can or could reasonably be expected to (i) improve the condition for which such treatment is or was necessary or (ii) render the condition noncommunicable;

"(D) in the case of post-hospital extended care services, such services are or were required to be given on an inpatient basis because the individual needs or needed skilled nursing care on a continuing basis for any of the conditions with respect to which he was receiving inpatient hospital services (or services which would constitute inpatient hospital services if the institution met the requirements of paragraphs (6) and (8) of section 1861(e)) prior to transfer to the extended care facility or for a condition requiring such extended care services which arose after such transfer and while he was still in the facility for treatment of the condition or conditions for which he was receiving such inpatient hospital services;
(E) in the case of post-hospital home health services, such services are or were required because the individual is or was confined to his home (except when receiving items and services referred to in section 1861(m)(7)) and needed skilled nursing care on an intermittent basis, or physical or speech therapy, for any of the conditions with respect to which he was receiving inpatient hospital services (or services which would constitute inpatient hospital services if the institution met the requirements of paragraphs (6) and (8) of section 1861(e)) or post-hospital extended care services; a plan for furnishing such services to such individual has been established and is periodically reviewed by a physician; and such services are or were furnished while the individual was under the care of a physician; or

(F) in the case of outpatient hospital diagnostic services, such services are or were required for diagnostic study;

(3) in the case of inpatient psychiatric hospital services, the services are those which the records of the hospital indicate were furnished to the individual during periods when he was receiving (A) intensive treatment services, (B) admission and related services necessary for a diagnostic study, or (C) equivalent services;

(4) in the case of inpatient tuberculosis hospital services, the services are those which the records of the hospital indicate were furnished to the individual during periods when he was receiving treatment which could reasonably be expected to (A) improve his condition or (B) render it noncommunicable;

(5) with respect to inpatient hospital services furnished such individual after the 20th day of a continuous period of such services and with respect to post-hospital extended care services furnished after such day of a continuous period of such services as may be prescribed in or pursuant to regulations, there was not in effect, at the time of admission of such individual to the hospital or extended care facility, as the case may be, a decision under section 1866(d) (based on a finding that utilization review of long-stay cases is not being made in such hospital or facility); and

(6) with respect to inpatient hospital services or post-hospital extended care services furnished such individual during a continuous period, a finding has not been made (by the physician members of the committee or group, as described in section 1861(k)(4)) pursuant to the system of utilization review that further inpatient hospital services or further post-hospital extended care services, as the case may be, are not medically necessary; except that, if such a finding has been made, payment may be made for such services furnished before the 4th day after the day on which the hospital or extended care facility, as the case may be, received notice of such finding.

To the extent provided by regulations, the certification and recertification requirements of paragraph (2) shall be deemed satisfied where, at a later date, a physician makes certification of the kind provided in subparagraph (A), (B), (C), (D), (E), or (F) of paragraph (2)
(whichever would have applied), but only where such certification is accompanied by such medical and other evidence as may be required by such regulations.

"Reasonable Cost of Services"

"(b) The amount paid to any provider of services with respect to services for which payment may be made under this part shall, subject to the provisions of section 1813, be the reasonable cost of such services, as determined under section 1861(v).

"No Payments to Federal Providers of Services"

"(c) No payment may be made under this part (except under subsection (d)) to any Federal provider of services, except a provider of services which the Secretary determines is providing services to the public generally as a community institution or agency; and no such payment may be made to any provider of services for any item or service which such provider is obligated by a law of, or a contract with, the United States to render at public expense.

"Payments for Emergency Hospital Services"

"(d) Payments shall also be made to any hospital for inpatient hospital services or outpatient hospital diagnostic services furnished, by the hospital or under arrangements (as defined in section 1861(w)) with it, to an individual entitled to hospital insurance benefits under section 226 even though such hospital does not have an agreement in effect under this title if (A) such services were emergency services and (B) the Secretary would be required to make such payment if the hospital had such an agreement in effect and otherwise met the conditions of payment hereunder. Such payments shall be made only in the amounts provided under subsection (b) and then only if such hospital agrees to comply, with respect to the emergency services provided, with the provisions of section 1866(a).

"Payment for Inpatient Hospital Services Prior to Notification of Noneligibility"

"(e) Notwithstanding that an individual is not entitled to have payment made under this part for inpatient hospital services furnished by any hospital, payment shall be made to such hospital (unless it elects not to receive such payment or, if payment has already been made by or on behalf of such individual, fails to refund such payment within the time specified by the Secretary) for such services which are furnished to the individual prior to notification to such hospital from the Secretary of his lack of entitlement, if such payments are precluded only by reason of section 1812 and if such hospital complies with the requirements of and regulations under this title with respect to such payments, has acted in good faith and without knowledge of such lack of entitlement, and has acted reasonably in assuming entitlement existed. Payment under the preceding sentence may not be made for services furnished an individual pursuant to any admission after the 6th elapsed day (not including as an elapsed day Saturday, Sunday, or a legal holiday) after the day on which such admission occurred.
"Payment for Certain Emergency Hospital Services Furnished Outside the United States

"(f) The authority contained in subsection (d) shall be applicable to emergency inpatient hospital services furnished an individual by a hospital located outside the United States if—

"(1) such individual was physically present in a place within the United States at the time the emergency which necessitated such inpatient hospital services occurred; and

"(2) such hospital was closer to, or substantially more accessible from, such place than the nearest hospital within the United States which was adequately equipped to deal with, and was available for the treatment of, such individual's illness or injury.

"PAYMENT TO PROVIDERS OF SERVICES

"SEC. 1815. The Secretary shall periodically determine the amount which should be paid under this part to each provider of services with respect to the services furnished by it, and the provider of services shall be paid, at such time or times as the Secretary believes appropriate (but not less often than monthly) and prior to audit or settlement by the General Accounting Office, from the Federal Hospital Insurance Trust Fund, the amounts so determined, with necessary adjustments on account of previously made overpayments or underpayments; except that no such payments shall be made to any provider unless it has furnished such information as the Secretary may request in order to determine the amounts due such provider under this part for the period with respect to which the amounts are being paid or any prior period.

"USE OF PUBLIC AGENCIES OR PRIVATE ORGANIZATIONS TO FACILITATE PAYMENT TO PROVIDERS OF SERVICES

"SEC. 1816. (a) If any group or association of providers of services wishes to have payments under this part to such providers made through a national, State, or other public or private agency or organization and nominates such agency or organization for this purpose, the Secretary is authorized to enter into an agreement with such agency or organization providing for the determination by such agency or organization (subject to such review by the Secretary as may be provided for by the agreement) of the amount of the payments required pursuant to this part to be made to such providers, and for the making of such payments by such agency or organization to such providers. Such agreement may also include provision for the agency or organization to do all or any part of the following: (1) to provide consultative services to institutions or agencies to enable them to establish and maintain fiscal records necessary for purposes of this part and otherwise to qualify as hospitals, extended care facilities, or home health agencies, and (2) with respect to the providers of services which are to receive payments through it (A) to serve as a center for, and communicate to providers, any information or instructions furnished to it by the Secretary, and serve as a channel of communication from providers to the Secretary; (B) to make such audits of the records of providers as may be necessary to insure that proper payments are made under this part; and (C) to perform such other functions as are necessary to carry out this subsection.
"(b) The Secretary shall not enter into an agreement with any agency or organization under this section unless (1) he finds (A) that to do so is consistent with the effective and efficient administration of this part, and (B) that such agency or organization is willing and able to assist the providers to which payments are made through it under this part in the application of safeguards against unnecessary utilization of services furnished by them to individuals entitled to hospital insurance benefits under section 226, and the agreement provides for such assistance, and (2) such agency or organization agrees to furnish to the Secretary such of the information acquired by it in carrying out its agreement under this section as the Secretary may find necessary in performing his functions under this part.

"(c) An agreement with any agency or organization under this section may contain such terms and conditions as the Secretary finds necessary or appropriate, may provide for advances of funds to the agency or organization for the making of payments by it under subsection (a), and shall provide for payment of so much of the cost of administration of the agency or organization as is determined by the Secretary to be necessary and proper for carrying out the functions covered by the agreement.

"(d) If the nomination of an agency or organization as provided in this section is made by a group or association of providers of services, it shall not be binding on members of the group or association which notify the Secretary of their election to that effect. Any provider may, upon such notice as may be specified in the agreement under this section with an agency or organization, withdraw its nomination to receive payments through such agency or organization. Any provider which has withdrawn its nomination, and any provider which has not made a nomination, may elect to receive payments from any agency or organization which has entered into an agreement with the Secretary under this section if the Secretary and such agency or organization agree to it.

"(e) An agreement with the Secretary under this section may be terminated—

"(1) by the agency or organization which entered into such agreement at such time and upon such notice to the Secretary, to the public, and to the providers as may be provided in regulations, or

"(2) by the Secretary at such time and upon such notice to the agency or organization, to the providers which have nominated it for purposes of this section, and to the public, as may be provided in regulations, but only if he finds, after reasonable notice and opportunity for hearing to the agency or organization, that (A) the agency or organization has failed substantially to carry out the agreement, or (B) the continuation of some or all of the functions provided for in the agreement with the agency or organization is disadvantageous or is inconsistent with the efficient administration of this part.

"(f) An agreement with an agency or organization under this section may require any of its officers or employees certifying payments or disbursing funds pursuant to the agreement, or otherwise participating in carrying out the agreement, to give surety bond to the United States in such amount as the Secretary may deem appropriate.
"(g)(1) No individual designated pursuant to an agreement under this section as a certifying officer shall, in the absence of gross negligence or intent to defraud the United States, be liable with respect to any payments certified by him under this section.

"(2) No disbursing officer shall, in the absence of gross negligence or intent to defraud the United States, be liable with respect to any payment by him under this section if it was based upon a voucher signed by a certifying officer designated as provided in paragraph (1) of this subsection.

"(3) No such agency or organization shall be liable to the United States for any payments referred to in paragraph (1) or (2).

"FEDERAL HOSPITAL INSURANCE TRUST FUND

"Sec. 1817. (a) There is hereby created on the books of the Treasury of the United States a trust fund to be known as the 'Federal Hospital Insurance Trust Fund' (hereinafter in this section referred to as the 'Trust Fund'). The Trust Fund shall consist of such amounts as may be deposited in, or appropriated to, such fund as provided in this part. There are hereby appropriated to the Trust Fund for the fiscal year ending June 30, 1966, and for each fiscal year thereafter, out of any moneys in the Treasury not otherwise appropriated, amounts equivalent to 100 per centum of—

"(1) the taxes imposed by sections 3101(b) and 3111(b) of the Internal Revenue Code of 1954 with respect to wages reported to the Secretary of the Treasury or his delegate pursuant to subtitle F of such Code after December 31, 1965, as determined by the Secretary of the Treasury by applying the applicable rates of tax under such sections to such wages, which wages shall be certified by the Secretary of Health, Education, and Welfare on the basis of records of wages established and maintained by the Secretary of Health, Education, and Welfare in accordance with such reports; and

"(2) the taxes imposed by section 1401(b) of the Internal Revenue Code of 1954 with respect to self-employment income reported to the Secretary of the Treasury or his delegate on tax returns under subtitle F of such Code, as determined by the Secretary of the Treasury by applying the applicable rate of tax under such section to such self-employment income, which self-employment income shall be certified by the Secretary of Health, Education, and Welfare on the basis of records of self-employment established and maintained by the Secretary of Health, Education, and Welfare in accordance with such returns.

The amounts appropriated by the preceding sentence shall be transferred from time to time from the general fund in the Treasury to the Trust Fund, such amounts to be determined on the basis of estimates by the Secretary of the Treasury of the taxes, specified in the preceding sentence, paid to or deposited into the Treasury; and proper adjustments shall be made in amounts subsequently transferred to the extent prior estimates were in excess of or were less than the taxes specified in such sentence.

"(b) With respect to the Trust Fund, there is hereby created a body to be known as the Board of Trustees of the Trust Fund (hereinafter in this section referred to as the 'Board of Trustees') composed of the Secretary of the Treasury, the Secretary of Labor, and the Secretary of Health, Education, and Welfare, all ex officio. The Secretary of the Treasury shall be the Managing Trustee of the Board of Trustees (hereinafter in this section referred to as the
‘Managing Trustee’). The Commissioner of Social Security shall serve as the Secretary of the Board of Trustees. The Board of Trustees shall meet not less frequently than once each calendar year. It shall be the duty of the Board of Trustees to—

“(1) Hold the Trust Fund;

“(2) Report to the Congress not later than the first day of March of each year on the operation and status of the Trust Fund during the preceding fiscal year and on its expected operation and status during the current fiscal year and the next 2 fiscal years;

“(3) Report immediately to the Congress whenever the Board is of the opinion that the amount of the Trust Fund is unduly small; and

“(4) Review the general policies followed in managing the Trust Fund, and recommend changes in such policies, including necessary changes in the provisions of law which govern the way in which the Trust Fund is to be managed.

The report provided for in paragraph (2) shall include a statement of the assets of, and the disbursements made from, the Trust Fund during the preceding fiscal year, an estimate of the expected income to, and disbursements to be made from, the Trust Fund during the current fiscal year and each of the next 2 fiscal years, and a statement of the actuarial status of the Trust Fund. Such report shall be printed as a House document of the session of the Congress to which the report is made.

“(c) It shall be the duty of the Managing Trustee to invest such portion of the Trust Fund as is not, in his judgment, required to meet current withdrawals. Such investments may be made only in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. For such purpose such obligations may be acquired (1) on original issue at the issue price, or (2) by purchase of outstanding obligations at the market price. The purposes for which obligations of the United States may be issued under the Second Liberty Bond Act, as amended, are hereby extended to authorize the issuance at par of public-debt obligations for purchase by the Trust Fund. Such obligations issued for purchase by the Trust Fund shall have maturities fixed with due regard for the needs of the Trust Fund and shall bear interest at a rate equal to the average market yield (computed by the Managing Trustee on the basis of market quotations as of the end of the calendar month next preceding the date of such issue) on all marketable interest-bearing obligations of the United States then forming a part of the public debt which are not due or callable until after the expiration of 4 years from the end of such calendar month; except that where such average market yield is not a multiple of one-eighth of 1 per centum, the rate of interest on such obligations shall be the multiple of one-eighth of 1 per centum nearest such market yield. The Managing Trustee may purchase other interest-bearing obligations of the United States or obligations guaranteed as to both principal and interest by the United States, on original issue or at the market price, only where he determines that the purchase of such other obligations is in the public interest.

“(d) Any obligations acquired by the Trust Fund (except public-debt obligations issued exclusively to the Trust Fund) may be sold by the Managing Trustee at the market price, and such public-debt obligations may be redeemed at par plus accrued interest.
“(e) The interest on, and the proceeds from the sale or redemption of, any obligations held in the Trust Fund shall be credited to and form a part of the Trust Fund.

“(f) (1) The Managing Trustee is directed to pay from time to time from the Trust Fund into the Treasury the amount estimated by him as taxes imposed under section 3101(b) which are subject to refund under section 6413(c) of the Internal Revenue Code of 1954 with respect to wages paid after December 31, 1965. Such taxes shall be determined on the basis of the records of wages established and maintained by the Secretary of Health, Education, and Welfare in accordance with the wages reported to the Secretary of the Treasury or his delegate pursuant to subtitle F of the Internal Revenue Code of 1954, and the Secretary of Health, Education, and Welfare shall furnish the Managing Trustee such information as may be required by the Managing Trustee for such purpose. The payments by the Managing Trustee shall be covered into the Treasury as repayments to the account for refunding internal revenue collections.

“(2) Repayments made under paragraph (1) shall not be available for expenditures but shall be carried to the surplus fund of the Treasury. If it subsequently appears that the estimates under such paragraph in any particular period were too high or too low, appropriate adjustments shall be made by the Managing Trustee in future payments.

“(g) There shall be transferred periodically (but not less often than once each fiscal year) to the Trust Fund from the Federal Old-Age and Survivors Insurance Trust Fund and from the Federal Disability Insurance Trust Fund amounts equivalent to the amounts not previously so transferred which the Secretary of Health, Education, and Welfare shall have certified as overpayments (other than amounts so certified to the Railroad Retirement Board) pursuant to section 1870(b) of this Act. There shall be transferred periodically (but not less often than once each fiscal year) to the Trust Fund from the Railroad Retirement Account amounts equivalent to the amounts not previously so transferred which the Secretary of Health, Education, and Welfare shall have certified as overpayments to the Railroad Retirement Board pursuant to section 1870(b) of this Act.

“(h) The Managing Trustee shall also pay from time to time from the Trust Fund such amounts as the Secretary of Health, Education, and Welfare certifies are necessary to make the payments provided for by this part, and the payments with respect to administrative expenses in accordance with section 201(g)(1).

"PART B—SUPPLEMENTARY MEDICAL INSURANCE BENEFITS FOR THE AGED

"ESTABLISHMENT OF SUPPLEMENTARY MEDICAL INSURANCE PROGRAM FOR THE AGED

"Sec. 1831. There is hereby established a voluntary insurance program to provide medical insurance benefits in accordance with the provisions of this part for individuals 65 years of age or over who elect to enroll under such program, to be financed from premium payments by enrollees together with contributions from funds appropriated by the Federal Government.
"SCOPE OF BENEFITS

"Sec. 1832. (a) The benefits provided to an individual by the insurance program established by this part shall consist of—

"(1) entitlement to have payment made to him or on his behalf (subject to the provisions of this part) for medical and other health services, except those described in paragraph (2) (B); and

"(2) entitlement to have payment made on his behalf (subject to the provisions of this part) for—

"(A) home health services for up to 100 visits during a calendar year; and

"(B) medical and other health services (other than physicians' services unless furnished by a resident or intern of a hospital) furnished by a provider of services or by others under arrangements with them made by a provider of services.

"(b) For definitions of 'spell of illness', 'medical and other health services', and other terms used in this part, see section 1861.

"PAYMENT OF BENEFITS

"Sec. 1833. (a) Subject to the succeeding provisions of this section, there shall be paid from the Federal Supplementary Medical Insurance Trust Fund, in the case of each individual who is covered under the insurance program established by this part and incurs expenses for services with respect to which benefits are payable under this part, amounts equal to—

"(1) in the case of services described in section 1832(a)(1)—80 percent of the reasonable charges for the services; except that an organization which provides medical and other health services (or arranges for their availability) on a prepayment basis may elect to be paid 80 percent of the reasonable cost of services for which payment may be made under this part on behalf of individuals enrolled in such organization in lieu of 80 percent of the reasonable charges for such services if the organization undertakes to charge such individuals no more than 20 percent of such reasonable cost plus any amounts payable by them as a result of subsection (b); and

"(2) in the case of services described in section 1832(a)(2)—80 percent of the reasonable cost of the services (as determined under section 1861(v)).

"(b) Before applying subsection (a) with respect to expenses incurred by an individual during any calendar year, the total amount of the expenses incurred by such individual during such year (which would, except for this subsection, constitute incurred expenses from which benefits payable under subsection (a) are determinable) shall be reduced by a deductible of $50; except that (1) the amount of the deductible for such calendar year as so determined shall first be reduced by the amount of any expenses incurred by such individual in the last three months of the preceding calendar year (or regarded under clause (2) as incurred in such preceding year with respect to services furnished in such last three months) and applied toward such individual's deductible under this section for such preceding year, and (2) the amount of any deduction imposed under section 1813(a)(2)(A) with
respect to outpatient hospital diagnostic services furnished in any calendar year shall be regarded as an incurred expense under this part for such year.

"(c) Notwithstanding any other provision of this part, with respect to expenses incurred in any calendar year in connection with the treatment of mental, psychoneurotic, and personality disorders of an individual who is not an inpatient of a hospital at the time such expenses are incurred, there shall be considered as incurred expenses for purposes of subsections (a) and (b) only whichever of the following amounts is the smaller:

1. $312.50, or
2. 62\(\frac{1}{2}\) percent of such expenses.

"(d) No payment may be made under this part with respect to any services furnished an individual to the extent that such individual is entitled (or would be entitled except for section 1813 other than subsection (a) (2) (A) thereof) to have payment made with respect to such services under part A.

"(e) No payment shall be made to any provider of services or other person under this part unless there has been furnished such information as may be necessary in order to determine the amounts due such provider or other person under this part for the period with respect to which the amounts are being paid or for any prior period.

"LIMITATION ON HOME HEALTH SERVICES

"Sec. 1834. (a) Payment under this part may be made for home health services furnished an individual during any calendar year only for 100 visits during such year. The number of visits to be charged for purposes of the limitation in the preceding sentence, in connection with items and services described in section 1861(m), shall be determined in accordance with regulations.

"(b) For purposes of subsection (a), home health services shall be taken into account only if payment under this part is or would be, except for this section or the failure to comply with the request and certification requirements of or under section 1835(a), made with respect to such services.

"PROCEDURE FOR PAYMENT OF CLAIMS OF PROVIDERS OF SERVICES

"Sec. 1835. (a) Payment for services described in section 1832(a) (2) furnished an individual may be made only to providers of services which are eligible therefor under section 1866(a), and only if—

1. written request, signed by such individual except in cases in which the Secretary finds it impracticable for the individual to do so, is filed for such payment in such form, in such manner, within such time, and by such person or persons as the Secretary may by regulations prescribe; and

2. a physician certifies (and recertifies, where such services are furnished over a period of time, in such cases, with such frequency, and accompanied by such supporting material, appropriate to the case involved, as may be provided by regulations) that—

(A) in the case of home health services (i) such services are or were required because the individual is or was confined to his home (except when receiving items and services referred to in section 1861(m) (7) ) and needed skilled nursing care on an intermittent basis, or physical or speech therapy,
(ii) a plan for furnishing such services to such individual has been established and is periodically reviewed by a physician, and (iii) such services are or were furnished while the individual is or was under the care of a physician; and

“(B) in the case of medical and other health services, such services are or were medically required.

To the extent provided by regulations, the certification and recertification requirements of paragraph (2) shall be deemed satisfied where, at a later date, a physician makes a certification of the kind provided in subparagraph (A) or (B) of paragraph (2) (whichever would have applied), but only where such certification is accompanied by such medical and other evidence as may be required by such regulations.

“(b) No payment may be made under this part to any Federal provider of services or other Federal agency, except a provider of services which the Secretary determines is providing services to the public generally as a community institution or agency; and no such payment may be made to any provider of services or other person for any item or service which such provider or person is obligated by a law of, or a contract with, the United States to render at public expense.

“ELIGIBLE INDIVIDUALS

“ENROLLMENT PERIODS

“SEC. 1837. (a) An individual may enroll in the insurance program established by this part only in such manner and form as may be prescribed by regulations, and only during an enrollment period prescribed in or under this section.

“(b)(1) No individual may enroll for the first time under this part more than 3 years after the close of the first enrollment period during which he could have enrolled under this part.

“(2) An individual whose enrollment under this part has terminated may not enroll for the second time under this part unless he does so in a general enrollment period (as provided in subsection (e)) which begins within 3 years after the effective date of such termination. No individual may enroll under this part more than twice.

“(c) In the case of individuals who first satisfy paragraphs (1) and (2) of section 1836 before January 1, 1966, the initial general enrollment period shall begin on the first day of the second month which begins after the date of enactment of this title and shall end on March 31, 1966. For purposes of this subsection and subsection (d), an individual who satisfies paragraph (2) of section 1836 solely by reason of subparagraph (B) thereof shall be treated as satisfying such paragraph (2) on the first day on which he is (or on filing application would be) entitled to hospital insurance benefits under part A.

“(d) In the case of an individual who first satisfies paragraphs (1) and (2) of section 1836 on or after January 1, 1966, his initial enroll-
ment period shall begin on the first day of the third month before the month in which he first satisfies such paragraphs and shall end seven months later.

"(e) There shall be a general enrollment period, after the period described in subsection (c), during the period beginning on October 1 and ending on December 31 of each odd-numbered year beginning with 1967.

"COVERAGE PERIOD

"Sec. 1838. (a) The period during which an individual is entitled to benefits under the insurance program established by this part (hereinafter referred to as his 'coverage period') shall begin on whichever of the following is the latest:

"(1) July 1, 1966; or

"(2) (A) in the case of an individual who enrolls pursuant to subsection (d) of section 1837 before the month in which he first satisfies paragraphs (1) and (2) of section 1836, the first day of such month, or

"(B) in the case of an individual who enrolls pursuant to such subsection (d) in the month in which he first satisfies such paragraphs, the first day of the month following the month in which he so enrolls, or

"(C) in the case of an individual who enrolls pursuant to such subsection (d) in the month following the month in which he first satisfies such paragraphs, the first day of the second month following the month in which he so enrolls, or

"(D) in the case of an individual who enrolls pursuant to such subsection (d) more than one month following the month in which he satisfies such paragraphs, the first day of the third month following the month in which he so enrolls, or

"(E) in the case of an individual who enrolls pursuant to subsection (e) of section 1837, the July 1 following the month in which he so enrolls.

"(b) An individual's coverage period shall continue until his enrollment has been terminated—

"(1) by the filing of notice, during a general enrollment period described in section 1837(e), that the individual no longer wishes to participate in the insurance program established by this part, or

"(2) for nonpayment of premiums.

The termination of a coverage period under paragraph (1) shall take effect at the close of December 31 of the year in which the notice is filed. The termination of a coverage period under paragraph (2) shall take effect on a date determined under regulations, which may be determined so as to provide a grace period (not in excess of 90 days) in which overdue premiums may be paid and coverage continued.

"(c) No payments may be made under this part with respect to the expenses of an individual unless such expenses were incurred by such individual during a period which, with respect to him, is a coverage period.

"AMOUNTS OF PREMIUMS

"Sec. 1839. (a) The monthly premium of each individual enrolled under this part for each month before 1968 shall be $3.

"(b) (1) The monthly premium of each individual enrolled under this part for each month after 1967 shall be the amount determined under paragraph (2).
“(2) The Secretary shall, between July 1 and October 1 of 1967 and of each odd-numbered year thereafter, determine and promulgate the dollar amount which shall be applicable for premiums for months occurring in either of the two succeeding calendar years. Such dollar amount shall be such amount as the Secretary estimates to be necessary so that the aggregate premiums for such two succeeding calendar years will equal one-half of the total of the benefits and administrative costs which he estimates will be payable from the Federal Supplementary Medical Insurance Trust Fund for such two succeeding calendar years. In estimating aggregate benefits payable for any period, the Secretary shall include an appropriate amount for a contingency margin.

“(c) In the case of an individual whose coverage period began pursuant to an enrollment after his initial enrollment period (determined pursuant to subsection (c) or (d) of section 1837), the monthly premium determined under subsection (b) shall be increased by 10 percent of the monthly premium so determined for each full 12 months in which he could have been but was not enrolled. For purposes of the preceding sentence, there shall be taken into account (1) the months which elapsed between the close of his initial enrollment period and the close of the enrollment period in which he enrolled, plus (in the case of an individual who enrolls for a second time) (2) the months which elapsed between the date of the termination of his first coverage period and the close of the enrollment period in which he enrolled for the second time.

“(d) If any monthly premium determined under the foregoing provisions of this section is not a multiple of 10 cents, such premium shall be rounded to the nearest multiple of 10 cents.

“PAYMENT OF PREMIUMS

“Sec. 1840. (a) (1) In the case of an individual who is entitled to monthly benefits under section 202, his monthly premiums under this part shall (except as provided in subsection (d)) be collected by deducting the amount thereof from the amount of such monthly benefits. Such deduction shall be made in such manner and at such times as the Secretary shall by regulation prescribe.

“(2) The Secretary of the Treasury shall, from time to time, transfer from the Federal Old-Age and Survivors Insurance Trust Fund or the Federal Disability Insurance Trust Fund to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates from benefits under section 202 which are payable from such Trust Fund. Such transfer shall be made on the basis of a certification by the Secretary of Health, Education, and Welfare and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

“(b) (1) In the case of an individual who is entitled to receive for a month an annuity or pension under the Railroad Retirement Act of 1937, his monthly premiums under this part shall (except as provided in subsection (d)) be collected by deducting the amount thereof from such annuity or pension. Such deduction shall be made in such manner and at such times as the Secretary shall by regulations prescribe. Such regulations shall be prescribed only after consultation with the Railroad Retirement Board.

“(2) The Secretary of the Treasury shall, from time to time, transfer from the Railroad Retirement Account to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount
deducted under paragraph (1) for the period to which such transfer relates. Such transfers shall be made on the basis of a certification by the Railroad Retirement Board and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

"(c) In the case of an individual who is entitled both to monthly benefits under section 202 and to an annuity or pension under the Railroad Retirement Act of 1937 at the time he enrolls under this part, subsection (a) shall apply so long as he continues to be entitled both to such benefits and such annuity or pension. In the case of an individual who becomes entitled both to such benefits and such an annuity or pension after he enrolls under this part, subsection (a) shall apply if the first month for which he was entitled to such benefits was the same as or earlier than the first month for which he was entitled to such annuity or pension, and otherwise subsection (b) shall apply.

"(d) If an individual to whom subsection (a) or (b) applies estimates that the amount which will be available for deduction under such subsection for any premium payment period will be less than the amount of the monthly premiums for such period, he may (under regulations) pay to the Secretary such portion of the monthly premiums for such period as he desires.

"(e)(1) In the case of an individual receiving an annuity under the Civil Service Retirement Act, or other Act administered by the Civil Service Commission providing retirement or survivorship protection, to whom neither subsection (a) nor subsection (b) applies, his monthly premiums under this part (and the monthly premiums of the spouse of such individual under this part if neither subsection (a) nor subsection (b) applies to such spouse and if such individual agrees) shall, upon notice from the Secretary of Health, Education, and Welfare to the Civil Service Commission, be collected by deducting the amount thereof from each installment of such annuity. Such deduction shall be made in such manner and at such times as the Civil Service Commission may determine. The Civil Service Commission shall furnish such information as the Secretary of Health, Education, and Welfare may reasonably request in order to carry out his functions under this part with respect to individuals to whom this subsection applies.

"(2) The Secretary of the Treasury shall, from time to time, but not less often than quarterly, transfer from the Civil Service Retirement and Disability Fund, or the account (if any) applicable in the case of such other Act administered by the Civil Service Commission, to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates. Such transfer shall be made on the basis of a certification by the Civil Service Commission and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

"(f) In the case of an individual who participates in the insurance program established by this part but with respect to whom none of the preceding provisions of this section applies, or with respect to whom subsection (d) applies, the premiums shall be paid to the Secretary at such times, and in such manner, as the Secretary shall by regulations prescribe.

"(g) Amounts paid to the Secretary under subsection (d) or (f) shall be deposited in the Treasury to the credit of the Federal Supplementary Medical Insurance Trust Fund.
“(h) In the case of an individual who participates in the insurance program established by this part, premiums shall be payable for the period commencing with the first month of his coverage period and ending with the month in which he dies or, if earlier, in which his coverage under such program terminates.

"FEDERAL SUPPLEMENTARY MEDICAL INSURANCE TRUST FUND"

“Sec. 1841. (a) There is hereby created on the books of the Treasury of the United States a trust fund to be known as the 'Federal Supplementary Medical Insurance Trust Fund' (hereinafter in this section referred to as the 'Trust Fund'). The Trust Fund shall consist of such amounts as may be deposited in, or appropriated to, such fund as provided in this part.

“(b) With respect to the Trust Fund, there is hereby created a body to be known as the Board of Trustees of the Trust Fund (hereinafter in this section referred to as the 'Board of Trustees') composed of the Secretary of the Treasury, the Secretary of Labor, and the Secretary of Health, Education, and Welfare, all ex officio. The Secretary of the Treasury shall be the Managing Trustee of the Board of Trustees (hereinafter in this section referred to as the 'Managing Trustee'). The Commissioner of Social Security shall serve as the Secretary of the Board of Trustees. The Board of Trustees shall meet not less frequently than once each calendar year. It shall be the duty of the Board of Trustees to—

“(1) Hold the Trust Fund;
“(2) Report to the Congress not later than the first day of March of each year on the operation and status of the Trust Fund during the preceding fiscal year and on its expected operation and status during the current fiscal year and the next 2 fiscal years;
“(3) Report immediately to the Congress whenever the Board is of the opinion that the amount of the Trust Fund is unduly small; and
“(4) Review the general policies followed in managing the Trust Fund, and recommend changes in such policies, including necessary changes in the provisions of law which govern the way in which the Trust Fund is to be managed.

The report provided for in paragraph (2) shall include a statement of the assets of, and the disbursements made from, the Trust Fund during the preceding fiscal year, an estimate of the expected income to, and disbursements to be made from, the Trust Fund during the current fiscal year and each of the next 2 fiscal years, and a statement of the actuarial status of the Trust Fund. Such report shall be printed as a House document of the session of the Congress to which the report is made.

“(c) It shall be the duty of the Managing Trustee to invest such portion of the Trust Fund as is not, in his judgment, required to meet current withdrawals. Such investments may be made only in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. For such purpose such obligations may be acquired (1) on original issue at the issue price, or (2) by purchase of outstanding obligations at the market price. The purposes for which obligations of the United States may be issued under the Second Liberty Bond Act, as amended, are hereby extended to authorize the issuance at par of public-debt obligations for purchase by the Trust Fund. Such obligations issued for purchase by the Trust Fund shall have matu-
rities fixed with due regard for the needs of the Trust Fund and shall bear interest at a rate equal to the average market yield (computed by the Managing Trustee on the basis of market quotations as of the end of the calendar month next preceding the date of such issue) on all marketable interest-bearing obligations of the United States then forming a part of the public debt which are not due or callable until after the expiration of 4 years from the end of such calendar month; except that where such average market yield is not a multiple of one-eighth of 1 per centum, the rate of interest on such obligations shall be the multiple of one-eighth of 1 per centum nearest such market yield. The Managing Trustee may purchase other interest-bearing obligations of the United States or obligations guaranteed as to both principal and interest by the United States, on original issue or at the market price, only where he determines that the purchase of such other obligations is in the public interest.

"(d) Any obligations acquired by the Trust Fund (except public-debt obligations issued exclusively to the Trust Fund) may be sold by the Managing Trustee at the market price, and such public-debt obligations may be redeemed at par plus accrued interest.

"(e) The interest on, and the proceeds from the sale or redemption of, any obligations held in the Trust Fund shall be credited to and form a part of the Trust Fund.

"(f) There shall be transferred periodically (but not less often than once each fiscal year) to the Trust Fund from the Federal Old-Age and Survivors Insurance Trust Fund and from the Federal Disability Insurance Trust Fund amounts equivalent to the amounts not previously so transferred which the Secretary of Health, Education, and Welfare shall have certified as overpayments (other than amounts so certified to the Railroad Retirement Board) pursuant to section 1870(b) of this Act. There shall be transferred periodically (but not less often than once each fiscal year) to the Trust Fund from the Railroad Retirement Account amounts equivalent to the amounts not previously so transferred which the Secretary of Health, Education, and Welfare shall have certified as overpayments to the Railroad Retirement Board pursuant to section 1870(b) of this Act.

"(g) The Managing Trustee shall pay from time to time from the Trust Fund such amounts as the Secretary of Health, Education, and Welfare certifies are necessary to make the payments provided for by this part, and the payments with respect to administrative expenses in accordance with section 201(g)(1).

"(h) The Managing Trustee shall pay from time to time from the Trust Fund such amounts as the Secretary of Health, Education, and Welfare certifies are necessary to pay the costs incurred by the Civil Service Commission in making deductions pursuant to section 1840(e). During each fiscal year, or after the close of such fiscal year, the Civil Service Commission shall certify to the Secretary the amount of the costs it incurred in making such deductions, and such certified amount shall be the basis for the amount of such costs certified by the Secretary to the Managing Trustee.

"USE OF CARRIERS FOR ADMINISTRATION OF BENEFITS

"Sec. 1842. (a) In order to provide for the administration of the benefits under this part with maximum efficiency and convenience for individuals entitled to benefits under this part and for providers of services and other persons furnishing services to such individuals, and with a view to furthering coordination of the administration of the
benefits under part A and under this part, the Secretary is authorized
to enter into contracts with carriers, including carriers with which
agreements under section 1816 are in effect, which will perform some
or all of the following functions (or, to the extent provided in such
contracts, will secure performance thereof by other organizations); and,
with respect to any of the following functions which involve pay-
ments for physicians' services, the Secretary shall to the extent possible
enter into such contracts:

"(1) (A) make determinations of the rates and amounts of pay-
ments required pursuant to this part to be made to providers of
services and other persons on a reasonable cost or reasonable
charge basis (as may be applicable);

"(B) receive, disburse, and account for funds in making such
payments; and

"(C) make such audits of the records of providers of services
as may be necessary to assure that proper payments are made
under this part;

"(2) (A) determine compliance with the requirements of sec-
tion 1861(k) as to utilization review; and

"(B) assist providers of services and other persons who fur-
nish services for which payment may be made under this part in
the development of procedures relating to utilization practices,
make studies of the effectiveness of such procedures and methods
for their improvement, assist in the application of safeguards
against unnecessary utilization of services furnished by providers
of services and other persons to individuals entitled to benefits
under this part, and provide procedures for and assist in arrang-
ing, where necessary, the establishment of groups outside hos-
pitals (meeting the requirements of section 1861(k)(2)) to make
reviews of utilization;

"(3) serve as a channel of communication of information re-
lating to the administration of this part; and

"(4) otherwise assist, in such manner as the contract may pro-
vide, in discharging administrative duties necessary to carry out
the purposes of this part.

"(b)(1) Contracts with carriers under subsection (a) may be en-
tered into without regard to section 3709 of the Revised Statutes or
any other provision of law requiring competitive bidding.

"(2) No such contract shall be entered into with any carrier unless
the Secretary finds that such carrier will perform its obligations under
the contract efficiently and effectively and will meet such requirements
as to financial responsibility, legal authority, and other matters as he
finds pertinent.

"(3) Each such contract shall provide that the carrier—

"(A) will take such action as may be necessary to assure that,
where payment under this part for a service is on a cost basis, the
cost is reasonable cost (as determined under section 1861(v));

"(B) will take such action as may be necessary to assure that,
where payment under this part for a service is on a charge basis,
(i) such charge will be reasonable and not higher than the charge
applicable, for a comparable service and under comparable cir-
cumstances, to the policyholders and subscribers of the carrier, and
(ii) such payment will be made on the basis of a receipted bill, or
on the basis of an assignment under the terms of which the reason-
able charge is the full charge for the service;

"(C) will establish and maintain procedures pursuant to which
an individual enrolled under this part will be granted an oppor-
portunity for a fair hearing by the carrier when requests for payment under this part with respect to services furnished him are denied or are not acted upon with reasonable promptness or when the amount of such payment is in controversy;

"(D) will furnish to the Secretary such timely information and reports as he may find necessary in performing his functions under this part; and"

"(E) will maintain such records and afford such access thereto as the Secretary finds necessary to assure the correctness and verification of the information and reports under subparagraph (D) and otherwise to carry out the purposes of this part; and shall contain such other terms and conditions not inconsistent with this section as the Secretary may find necessary or appropriate. In determining the reasonable charge for services for purposes of this paragraph, there shall be taken into consideration the customary charges for similar services generally made by the physician or other person furnishing such services, as well as the prevailing charges in the locality for similar services.

"(4) Each contract under this section shall be for a term of at least one year, and may be made automatically renewable from term to term in the absence of notice by either party of intention to terminate at the end of the current term; except that the Secretary may terminate any such contract at any time (after such reasonable notice and opportunity for hearing to the carrier involved as he may provide in regulations) if he finds that the carrier has failed substantially to carry out the contract or is carrying out the contract in a manner inconsistent with the efficient and effective administration of the insurance program established by this part.

"(c) Any contract entered into with a carrier under this section shall provide for advances of funds to the carrier for the making of payments by it under this part, and shall provide for payment of the cost of administration of the carrier, as determined by the Secretary to be necessary and proper for carrying out the functions covered by the contract.

"(d) Any contract with a carrier under this section may require such carrier or any of its officers or employees certifying payments or disbursing funds pursuant to the contract, or otherwise participating in carrying out the contract, to give surety bond to the United States in such amount as the Secretary may deem appropriate.

"(e) (1) No individual designated pursuant to a contract under this section as a certifying officer shall, in the absence of gross negligence or intent to defraud the United States, be liable with respect to any payments certified by him under this section.

"(2) No disbursing officer shall, in the absence of gross negligence or intent to defraud the United States, be liable with respect to any payment by him under this section if it was based upon a voucher signed by a certifying officer designated as provided in paragraph (1) of this subsection.

"(3) No such carrier shall be liable to the United States for any payments referred to in paragraph (1) or (2).

"(f) For purposes of this part, the term 'carrier' means—

"(1) with respect to providers of services and other persons, a voluntary association, corporation, partnership, or other non-governmental organization which is lawfully engaged in providing, paying for, or reimbursing the cost of, health services under group insurance policies or contracts, medical or hospital service agreements, membership or subscription contracts, or similar
group arrangements, in consideration of premiums or other periodic charges payable to the carrier, including a health benefits plan duly sponsored or underwritten by an employee organization; and

“(2) with respect to providers of services only, any agency or organization (not described in paragraph (1)) with which an agreement is in effect under section 1816.

(a) The Secretary shall, at the request of a State made before January 1, 1968, enter into an agreement with such State pursuant to which all eligible individuals in either of the coverage groups described in subsection (b) (as specified in the agreement) will be enrolled under the program established by this part.

“(b) An agreement entered into with any State pursuant to subsection (a) may be applicable to either of the following coverage groups:

“(1) individuals receiving money payments under the plan of such State approved under title I or title XVI; or

“(c) For purposes of this section, an individual shall be treated as an eligible individual only if he is an eligible individual (within the meaning of section 1836) on the date an agreement covering him is entered into under subsection (a) or he becomes an eligible individual (within the meaning of such section) at any time after such date and before January 1, 1968; and he shall be treated as receiving money payments described in subsection (b) if he receives such payments for the month in which the agreement is entered into or any month thereafter before January 1968.

“(d) In the case of any individual enrolled pursuant to this section—

“(1) the monthly premium to be paid by the State shall be determined under section 1839 (without any increase under subsection (e) thereof);

“(2) his coverage period shall begin on whichever of the following is the latest:

“(A) July 1, 1966;

“(B) the first day of the third month following the month in which the State agreement is entered into;

(B) the month preceding the first month for which he becomes entitled to monthly benefits under title II or to an annuity or pension under the Railroad Retirement Act of 1937.

(e) Any individual whose coverage period attributable to the State agreement is terminated pursuant to subsection (d)(3) shall be deemed for purposes of this part (including the continuation of his coverage period under this part) to have enrolled under section 1837 in the initial general enrollment period provided by section 1837(c).

(f) With respect to eligible individuals receiving money payments under the plan of a State approved under title I, IV, X, XIV, or XVI, if the agreement entered into under this section so provides, the term 'carrier' as defined in section 1842(f) also includes the State agency, specified in such agreement, which administers or supervises the administration of the plan of such State approved under title I, XVI, or XIX. The agreement shall also contain such provisions as will facilitate the financial transactions of the State and the carrier with respect to deductions, coinsurance, and otherwise, and as will lead to economy and efficiency of operation, with respect to individuals receiving money payments under plans of the State approved under titles I, IV, X, XIV, and XVI.

“(1) is primarily engaged in providing, by or under the supervision of a physician, medical services for the diagnosis and treatment of tuberculosis;
“(2) satisfies the requirements of paragraphs (3) through (8) of subsection (e);
“(3) maintains clinical records on all patients and maintains such records as the Secretary finds to be necessary to determine the degree and intensity of the treatment provided to individuals covered by the insurance program established by part A;
“(4) meets such staffing requirements as the Secretary finds necessary for the institution to carry out an active program of treatment for individuals who are furnished services in the institution; and
“(5) is accredited by the Joint Commission on Accreditation of Hospitals.
In the case of an institution which satisfies paragraphs (1) and (2) of the preceding sentence and which contains a distinct part which also satisfies paragraphs (3) and (4) of such sentence, such distinct part shall be considered to be a ‘tuberculosis hospital’ if the institution is accredited by the Joint Commission on Accreditation of Hospitals or if such distinct part meets requirements equivalent to such accreditation requirements as determined by the Secretary.

“Extended Care Services

“(h) The term ‘extended care services’ means the following items and services furnished to an inpatient of an extended care facility and (except as provided in paragraphs (3) and (6)) by such extended care facility—
“(1) nursing care provided by or under the supervision of a registered professional nurse;
“(2) bed and board in connection with the furnishing of such nursing care;
“(3) physical, occupational, or speech therapy furnished by the extended care facility or by others under arrangements with them made by the facility;
“(4) medical social services;
“(5) such drugs, biologicals, supplies, appliances, and equipment, furnished for use in the extended care facility, as are ordinarily furnished by such facility for the care and treatment of inpatients;
"(6) medical services provided by an intern or resident-in-training of a hospital with which the facility has in effect a transfer agreement (meeting the requirements of subsection (1)), under a teaching program of such hospital approved as provided in the last sentence of subsection (b), and other diagnostic or therapeutic services provided by a hospital with which the facility has such an agreement in effect; and

"(7) such other services necessary to the health of the patients as are generally provided by extended care facilities; excluding, however, any item or service if it would not be included under subsection (b) if furnished to an inpatient of a hospital.

"Post-Hospital Extended Care Services

"(i) The term ‘post-hospital extended care services’ means extended care services furnished an individual after transfer from a hospital in which he was an inpatient for not less than 3 consecutive days before his discharge from the hospital in connection with such transfer. For purposes of the preceding sentence, items and services shall be deemed to have been furnished to an individual after transfer from a hospital, and he shall be deemed to have been an inpatient in the hospital immediately before transfer therefrom, if he is admitted to the extended care facility within 14 days after discharge from such hospital; and an individual shall be deemed not to have been discharged from an extended care facility if, within 14 days after discharge therefrom, he is admitted to such facility or any other extended care facility.

"Extended Care Facility

"(j) The term ‘extended care facility’ means (except for purposes of subsection (a)(2)) an institution (or a distinct part of an institution) which has in effect a transfer agreement (meeting the requirements of subsection (1)) with one or more hospitals having agreements in effect under section 1866 and which—

"(1) is primarily engaged in providing to inpatients (A) skilled nursing care and related services for patients who require medical or nursing care, or (B) rehabilitation services for the rehabilitation of injured, disabled, or sick persons;

"(2) has policies, which are developed with the advice of (and with provision of review of such policies from time to time by) a group of professional personnel, including one or more physicians and one or more registered professional nurses, to govern the skilled nursing care and related medical or other services it provides;

"(3) has a physician, a registered professional nurse, or a medical staff responsible for the execution of such policies;

"(4) (A) has a requirement that the health care of every patient must be under the supervision of a physician, and (B) provides for having a physician available to furnish necessary medical care in case of emergency;

"(5) maintains clinical records on all patients;

"(6) provides 24-hour nursing service which is sufficient to meet nursing needs in accordance with the policies developed as provided in paragraph (2), and has at least one registered professional nurse employed full time;

"(7) provides appropriate methods and procedures for the dispensing and administering of drugs and biologicals;
“(8) has in effect a utilization review plan which meets the requirements of subsection (k);

“(9) in the case of an institution in any State in which State or applicable local law provides for the licensing of institutions of this nature, (A) is licensed pursuant to such law, or (B) is approved, by the agency of such State or locality responsible for licensing institutions of this nature, as meeting the standards established for such licensing; and

“(10) meets such other conditions relating to the health and safety of individuals who are furnished services in such institution or relating to the physical facilities thereof as the Secretary may find necessary (subject to the second sentence of section 1863); except that such term shall not (other than for purposes of subsection (a)(2)) include any institution which is primarily for the care and treatment of mental diseases or tuberculosis. For purposes of subsection (a)(2), such term includes any institution which meets the requirements of paragraph (1) of this subsection. The term ‘extended care facility’ also includes an institution described in paragraph (1) of subsection (y), to the extent and subject to the limitations provided in such subsection.

“Utilization Review

“(k) A utilization review plan of a hospital or extended care facility shall be considered sufficient if it is applicable to services furnished by the institution to individuals entitled to insurance benefits under this title and if it provides—

“(1) for the review, on a sample or other basis, of admissions to the institution, the duration of stays therein, and the professional services (including drugs and biologicals) furnished, (A) with respect to the medical necessity of the services, and (B) for the purpose of promoting the most efficient use of available health facilities and services;

“(2) for such review to be made by either (A) a staff committee of the institution composed of two or more physicians, with or without participation of other professional personnel, or (B) a group outside the institution which is similarly composed and (i) which is established by the local medical society and some or all of the hospitals and extended care facilities in the locality, or (ii) if (and for as long as) there has not been established such a group which serves such institution, which is established in such other manner as may be approved by the Secretary;

“(3) for such review, in each case of inpatient hospital services or extended care services furnished to such an individual during a continuous period of extended duration, as of such days of such period (which may differ for different classes of cases) as may be specified in regulations, with such review to be made as promptly as possible, after each day so specified, and in no event later than one week following such day; and

“(4) for prompt notification to the institution, the individual, and his attending physician of any finding (made after opportunity for consultation to such attending physician) by the physician members of such committee or group that any further stay in the institution is not medically necessary. The review committee must be composed as provided in clause (B) of paragraph (2) rather than as provided in clause (A) of such paragraph in the case of any hospital or extended care facility where, because of the small size of the institution, or (in the case of an
extended care facility) because of lack of an organized medical staff, or for such other reason or reasons as may be included in regulations, it is impracticable for the institution to have a properly functioning staff committee for the purposes of this subsection.

"Agreements for Transfer Between Extended Care Facilities and Hospitals

"(l) A hospital and an extended care facility shall be considered to have a transfer agreement in effect if, by reason of a written agreement between them or (in case the two institutions are under common control) by reason of a written undertaking by the person or body which controls them, there is reasonable assurance that—

"(1) transfer of patients will be effected between the hospital and the extended care facility whenever such transfer is medically appropriate as determined by the attending physician; and

"(2) there will be interchange of medical and other information necessary or useful in the care and treatment of individuals transferred between the institutions, or in determining whether such individuals can be adequately cared for otherwise than in either of such institutions.

Any extended care facility which does not have such an agreement in effect, but which is found by a State agency (of the State in which such facility is situated) with which an agreement under section 1864 is in effect (or, in the case of a State in which no such agency has an agreement under section 1864, by the Secretary) to have attempted in good faith to enter into such an agreement with a hospital sufficiently close to the facility to make feasible the transfer between them of patients and the information referred to in paragraph (2), shall be considered to have such an agreement in effect if and for so long as such agency (or the Secretary, as the case may be) finds that to do so is in the public interest and essential to assuring extended care services for persons in the community who are eligible for payments with respect to such services under this title.

"Home Health Services

"(m) The term 'home health services' means the following items and services furnished to an individual, who is under the care of a physician, by a home health agency or by others under arrangements with them made by such agency, under a plan (for furnishing such items and services to such individual) established and periodically reviewed by a physician, which items and services are, except as provided in paragraph (7), provided on a visiting basis in a place of residence used as such individual's home—

"(1) part-time or intermittent nursing care provided by or under the supervision of a registered professional nurse;

"(2) physical, occupational, or speech therapy;

"(3) medical social services under the direction of a physician;

"(4) to the extent permitted in regulations, part-time or intermittent services of a home health aide;

"(5) medical supplies (other than drugs and biologicals), and the use of medical appliances, while under such a plan;

"(6) in the case of a home health agency which is affiliated or under common control with a hospital, medical services provided by an intern or resident-in-training of such hospital, under a teaching program of such hospital approved as provided in the last sentence of subsection (b); and
“(7) any of the foregoing items and services which are provided on an outpatient basis, under arrangements made by the home health agency, at a hospital or extended care facility, or at a rehabilitation center which meets such standards as may be prescribed in regulations, and—
“(A) the furnishing of which involves the use of equipment of such a nature that the items and services cannot readily be made available to the individual in such place of residence, or
“(B) which are furnished at such facility while he is there to receive any such item or service described in clause (A), but not including transportation of the individual in connection with any such item or service;
excluding, however, any item or service if it would not be included under subsection (b) if furnished to an inpatient of a hospital.

“Post-Hospital Home Health Services

“(n) The term ‘post-hospital home health services’ means home health services furnished an individual within one year after his most recent discharge from a hospital of which he was an inpatient for not less than 3 consecutive days or (if later) within one year after his most recent discharge from an extended care facility of which he was an inpatient entitled to payment under part A for post-hospital extended care services, but only if the plan covering the home health services (as described in subsection (m)) is established within 14 days after his discharge from such hospital or extended care facility.

“Home Health Agency

“(o) The term ‘home health agency’ means a public agency or private organization, or a subdivision of such an agency or organization, which—
“(1) is primarily engaged in providing skilled nursing services and other therapeutic services;
“(2) has policies, established by a group of professional personnel (associated with the agency or organization), including one or more physicians and one or more registered professional nurses, to govern the services (referred to in paragraph (1)) which it provides, and provides for supervision of such services by a physician or registered professional nurse;
“(3) maintains clinical records on all patients;
“(4) in the case of an agency or organization in any State in which State or applicable local law provides for the licensing of agencies or organizations of this nature, (A) is licensed pursuant to such law, or (B) is approved, by the agency of such State or locality responsible for licensing agencies or organizations of this nature, as meeting the standards established for such licensing; and
“(5) meets such other conditions of participation as the Secretary may find necessary in the interest of the health and safety of individuals who are furnished services by such agency or organization;

except that such term shall not include a private organization which is not a nonprofit organization exempt from Federal income taxation under section 501 of the Internal Revenue Code of 1954 (or a subdivision of such organization) unless it is licensed pursuant to State law and it meets such additional standards and requirements as may be
prescribed in regulations; and except that for purposes of part A such term shall not include any agency or organization which is primarily for the care and treatment of mental diseases.

"Outpatient Hospital Diagnostic Services

"(p) The term 'outpatient hospital diagnostic services' means diagnostic services—

"(1) which are furnished to an individual as an outpatient by a hospital or by others under arrangements with them made by a hospital; and

"(2) which are ordinarily furnished by such hospital (or by others under such arrangements) to its outpatients for the purpose of diagnostic study;

excluding, however—

"(3) any item or service if it would not be included under subsection (b) if furnished to an inpatient of a hospital; and

"(4) any services furnished under such arrangements unless furnished in the hospital or in other facilities operated by or under the supervision of the hospital or its organized medical staff.

"Physicians' Services

"(q) The term 'physicians' services' means professional services performed by physicians, including surgery, consultation, and home, office, and institutional calls (but not including services described in the last sentence of subsection (b)).

"Physician

"(r) The term 'physician', when used in connection with the performance of any function or action, means (1) a doctor of medicine or osteopathy legally authorized to practice medicine and surgery by the State in which he performs such function or action (including a physician within the meaning of section 1101(a)(7)), or (2) a doctor of dentistry or of dental or oral surgery who is legally authorized to practice dentistry by the State in which he performs such function but only with respect to (A) surgery related to the jaw or any structure contiguous to the jaw or (B) the reduction of any fracture of the jaw or any facial bone.

"Medical and Other Health Services

"(s) The term 'medical and other health services' means any of the following items or services (unless they would otherwise constitute inpatient hospital services, extended care services, or home health services):

"(1) physicians' services;

"(2) services and supplies (including drugs and biologicals which cannot, as determined in accordance with regulations, be self-administered) furnished as an incident to a physician's professional service, of kinds which are commonly furnished in physicians' offices and are commonly either rendered without charge or included in the physicians' bills, and hospital services (including drugs and biologicals which cannot, as determined in accordance with regulations, be self-administered) incident to physicians' services rendered to outpatients;
"(8) diagnostic X-ray tests, diagnostic laboratory tests, and
other diagnostic tests;
"(4) X-ray, radium, and radioactive isotope therapy, including
materials and services of technicians;
"(5) surgical dressings, and splints, casts, and other devices
used for reduction of fractures and dislocations;
"(6) rental of durable medical equipment, including iron
lungs, oxygen tents, hospital beds, and wheelchairs used in the
patient's home (including an institution used as his home);
"(7) ambulance service where the use of other methods of
transportation is contraindicated by the individual's condition,
but only to the extent provided in regulations;
"(8) prosthetic devices (other than dental) which replace
all or part of an internal body organ, including replacement of
such devices; and
"(9) leg, arm, back, and neck braces, and artificial legs, arms,
and eyes, including replacements if required because of a change
in the patient's physical condition.
No diagnostic tests performed in any laboratory which is independent
of a physician's office or a hospital shall be included within paragraph
(3) unless such laboratory—
"(10) if situated in any State in which State or applicable local
law provides for licensing of establishments of this nature, (A)
is licensed pursuant to such law, or (B) is approved, by the
agency of such State or locality responsible for licensing estab-
lishments of this nature, as meeting the standards established for
such licensing; and
"(11) meets such other conditions relating to the health and
safety of individuals with respect to whom such tests are per-
formed as the Secretary may find necessary.

"Drugs and Biologicals
"(t) The term 'drugs' and the term 'biologicals', except for pur-
poses of subsection (m) (5) of this section, include only such drugs
and biologicals, respectively, as are included (or approved for inclu-
sion) in the United States Pharmacopoeia, the National Formulary,
or the United States Homeopathic Pharmacopoeia, or in New Drugs
or Accepted Dental Remedies (except for any drugs and biologicals
unfavorably evaluated therein), or as are approved by the pharmacy
and drug therapeutics committee (or equivalent committee) of the
medical staff of the hospital furnishing such drugs and biologicals for
use in such hospital.

"Provider of Services
"(u) The term 'provider of services' means a hospital, extended
care facility, or home health agency.

"Reasonable Cost
"(v) (1) The reasonable cost of any services shall be determined
in accordance with regulations establishing the method or methods to
be used, and the items to be included, in determining such costs for
various types or classes of institutions, agencies, and services; except
that in any case to which paragraph (2) or (3) applies, the amount of
the payment determined under such paragraph with respect to the
services involved shall be considered the reasonable cost of such serv-
ices. In prescribing the regulations referred to in the preceding
sentence, the Secretary shall consider, among other things, the principles generally applied by national organizations or established prepayment organizations (which have developed such principles) in computing the amount of payment, to be made by persons other than the recipients of services, to providers of services on account of services furnished to such recipients by such providers. Such regulations may provide for determination of the costs of services on a per diem, per unit, per capita, or other basis, may provide for using different methods in different circumstances, may provide for the use of estimates of costs of particular items or services, and may provide for the use of charges or a percentage of charges where this method reasonably reflects the costs. Such regulations shall (A) take into account both direct and indirect costs of providers of services in order that, under the methods of determining costs, the costs with respect to individuals covered by the insurance programs established by this title will not be borne by individuals not so covered, and the costs with respect to individuals not so covered will not be borne by such insurance programs, and (B) provide for the making of suitable retroactive corrective adjustments where, for a provider of services for any fiscal period, the aggregate reimbursement produced by the methods of determining costs proves to be either inadequate or excessive.

"(2)(A) If the bed and board furnished as part of inpatient hospital services (including inpatient tuberculosis hospital services and inpatient psychiatric hospital services) or post-hospital extended care services is in accommodations more expensive than semi-private accommodations, the amount taken into account for purposes of payment under this title with respect to such services may not exceed an amount equal to the reasonable cost of such services if furnished in such semi-private accommodations unless the more expensive accommodations were required for medical reasons.

"(B) Where a provider of services which has an agreement in effect under this title furnishes to an individual items or services which are in excess of or more expensive than the items or services with respect to which payment may be made under part A or part B, as the case may be, the Secretary shall take into account for purposes of payment to such provider of services only the equivalent of the reasonable cost of the items or services with respect to which such payment may be made.

"(3) If the bed and board furnished as part of inpatient hospital services (including inpatient tuberculosis hospital services and inpatient psychiatric hospital services) or post-hospital extended care services is in accommodations other than, but not more expensive than, semi-private accommodations and the use of such other accommodations rather than semi-private accommodations was neither at the request of the patient nor for a reason which the Secretary determines is consistent with the purposes of this title, the amount of the payment with respect to such bed and board shall be the reasonable cost of such bed and board furnished in semi-private accommodations (determined pursuant to paragraph (1)) minus the difference between the charge customarily made by the hospital or extended care facility for bed and board in semi-private accommodations and the charge customarily made by it for bed and board in the accommodations furnished.

"(4) For purposes of this subsection, the term 'semi-private accommodations' means two-bed, three-bed, or four-bed accommodations."
"Arrangements for Certain Services

"(w) The term ‘arrangements’ is limited to arrangements under which receipt of payment by the hospital, extended care facility, or home health agency (whether in its own right or as agent), with respect to services for which an individual is entitled to have payment made under this title, discharges the liability of such individual or any other person to pay for the services.

"State and United States

"(x) The terms ‘State’ and ‘United States’ have the meaning given to them by subsections (h) and (i), respectively, of section 210.

"Post-Hospital Extended Care in Christian Science Extended Care Facilities

"(y) (1) The term ‘extended care facility’ also includes a Christian Science sanatorium operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts, but only (except for purposes of subsection (a)(2)) with respect to items and services ordinarily furnished by such an institution to inpatients, and payment may be made with respect to services provided by or in such an institution only to such extent and under such conditions, limitations, and requirements (in addition to or in lieu of the conditions, limitations, and requirements otherwise applicable) as may be provided in regulations.

"(2) Notwithstanding any other provision of this title, payment under part A may not be made for services furnished an individual in an extended care facility to which paragraph (1) applies unless such individual elects, in accordance with regulations, for a spell of illness to have such services treated as post-hospital extended care services for purposes of such part; and payment under part A may not be made for post-hospital extended care services—

"(A) furnished an individual during such spell of illness in an extended care facility to which paragraph (1) applies after—

"(i) such services have been furnished to him in such a facility for 30 days during such spell, or

"(ii) such services have been furnished to him during such spell in an extended care facility to which such paragraph does not apply; or

"(B) furnished an individual during such spell of illness in an extended care facility to which paragraph (1) does not apply after such services have been furnished to him during such spell in an extended care facility to which such paragraph applies.

"(3) The amount payable under part A for post-hospital extended care services furnished an individual during any spell of illness in an extended care facility to which paragraph (1) applies shall be reduced by a coinsurance amount equal to one-eighth of the inpatient hospital deductible for each day before the 31st day on which he is furnished such services in such a facility during such spell (and the reduction under this paragraph shall be in lieu of any reduction under section 1813(a)(4)).

"(4) For purposes of subsection (i), the determination of whether services furnished by or in an institution described in paragraph (1) constitute post-hospital extended care services shall be made in accordance with and subject to such conditions, limitations, and requirements as may be provided in regulations.
"EXCLUSIONS FROM COVERAGE"

"Sec. 1862. (a) Notwithstanding any other provision of this title, no payment may be made under part A or part B for any expenses incurred for items or services—

"(1) which are not reasonable and necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member;

"(2) for which the individual furnished such items or services has no legal obligation to pay, and which no other person (by reason of such individual's membership in a prepayment plan or otherwise) has a legal obligation to provide or pay for;

"(3) which are paid for directly or indirectly by a governmental entity (other than under this Act and other than under a health benefits or insurance plan established for employees of such an entity), except in such cases as the Secretary may specify;

"(4) which are not provided within the United States (except for emergency inpatient hospital services furnished outside the United States under the conditions described in section 1814 (f));

"(5) which are required as a result of war, or of an act of war, occurring after the effective date of such individual's current coverage under such part;

"(6) which constitute personal comfort items;

"(7) where such expenses are for routine physical checkups, eyeglasses or eye examinations for the purpose of prescribing, fitting, or changing eyeglasses, hearing aids or examinations therefor, or immunizations;

"(8) where such expenses are for orthopedic shoes or other supportive devices for the feet;

"(9) where such expenses are for custodial care;

"(10) where such expenses are for cosmetic surgery or are incurred in connection therewith, except as required for the prompt repair of accidental injury or for improvement of the functioning of a malformed body member;

"(11) where such expenses constitute charges imposed by immediate relatives of such individual or members of his household; or

"(12) where such expenses are for services in connection with the care, treatment, filling, removal, or replacement of teeth or structures directly supporting teeth.

"(b) Payment under this title may not be made with respect to any item or service to the extent that payment has been made, or can reasonably be expected to be made (as determined in accordance with regulations), with respect to such item or service, under a workmen's compensation law or plan of the United States or a State. Any payment under this title with respect to any item or service shall be conditioned on reimbursement to the appropriate Trust Fund established by this title when notice or other information is received that payment for such item or service has been made under such a law or plan.

"CONSULTATION WITH STATE AGENCIES AND OTHER ORGANIZATIONS TO DEVELOP CONDITIONS OF PARTICIPATION FOR PROVIDERS OF SERVICES"

"Sec. 1863. In carrying out his functions, relating to determination of conditions of participation by providers of services, under subsections (e)(8), (f)(4), (g)(4), (j)(10), and (o)(5) of section 1861, the Secretary shall consult with the Health Insurance Benefits Advisory Council established by section 1867, appropriate State agencies,
and recognized national listing or accrediting bodies, and may consult with appropriate local agencies. Such conditions prescribed under any of such subsections may be varied for different areas or different classes of institutions or agencies and may, at the request of a State, provide higher requirements for such State than for other States; except that, in the case of any State or political subdivision of a State which imposes higher requirements on institutions as a condition to the purchase of services (or of certain specified services) in such institutions under a State plan approved under title I, XVI, or XIX, the Secretary shall impose like requirements as a condition to the payment for services (or for the services specified by the State or subdivision) in such institutions in such State or subdivision.

"USE OF STATE AGENCIES TO DETERMINE COMPLIANCE BY PROVIDERS OF SERVICES WITH CONDITIONS OF PARTICIPATION"

"Sec. 1864. (a) The Secretary shall make an agreement with any State which is able and willing to do so under which the services of the State health agency or other appropriate State agency (or the appropriate local agencies) will be utilized by him for the purpose of determining whether an institution therein is a hospital or extended care facility, or whether an agency therein is a home health agency, or whether a laboratory meets the requirements of paragraphs (10) and (11) of section 1861(s). To the extent that the Secretary finds it appropriate, an institution or agency which such a State (or local) agency certifies is a hospital, extended care facility, or home health agency (as those terms are defined in section 1861) may be treated as such by the Secretary. The Secretary may also, pursuant to agreement, utilize the services of State health agencies and other appropriate State agencies (and the appropriate local agencies) to do any one or more of the following: (1) to provide consultative services to institutions or agencies to assist them (A) to establish and maintain fiscal records necessary for purposes of this title, or otherwise to qualify as hospitals, extended care facilities, or home health agencies, or (B) to provide information which may be necessary to permit determination under this title as to whether payments are due and the amounts thereof, and (2) to provide consultative services to institutions, agencies, or organizations to assist in the establishment of utilization review procedures meeting the requirements of section 1861(k) and in evaluating their effectiveness.

"(b) The Secretary shall pay any such State, in advance or by way of reimbursement, as may be provided in the agreement with it (and may make adjustments in such payments on account of overpayments or underpayments previously made), for the reasonable cost of performing the functions specified in subsection (a), and for the Federal Hospital Insurance Trust Fund's fair share of the costs attributable to the planning and other efforts directed toward coordination of activities in carrying out its agreement and other activities related to the provision of services similar to those for which payment may be made under part A, or related to the facilities and personnel required for the provision of such services, or related to improving the quality of such services.

"EFFECT OF ACCREDITATION"

"Sec. 1865. Except as provided in the second sentence of section 1863, an institution shall be deemed to meet the requirements of the numbered paragraphs of section 1861(e) (except paragraph (6) thereof) if such institution is accredited as a hospital by the Joint Commission on Accreditation of Hospitals. If such Commission, as
a condition for accreditation of a hospital, requires a utilization review plan or imposes another requirement which serves substantially the same purpose, the Secretary is authorized to find that all institutions so accredited by the Commission comply also with section 1861(e) (6). In addition, if the Secretary finds that accreditation of an institution or agency by the American Osteopathic Association or any other national accreditation body provides reasonable assurance that any or all of the conditions of section 1861 (e), (j), or (o), as the case may be, are met, he may, to the extent he deems it appropriate, treat such institution or agency as meeting the condition or conditions with respect to which he made such finding.

"AGREEMENTS WITH PROVIDERS OF SERVICES"

"Sec. 1866. (a) (1) Any provider of services shall be qualified to participate under this title and shall be eligible for payments under this title if it files with the Secretary an agreement—

(A) not to charge, except as provided in paragraph (2), any individual or any other person for items or services for which such individual is entitled to have payment made under this title (or for which he would be so entitled if such provider of services had complied with the procedural and other requirements under or pursuant to this title or for which such provider is paid pursuant to the provisions of section 1814(e)), and

(B) to make adequate provision for return (or other disposition, in accordance with regulations) of any moneys incorrectly collected from such individual or other person.

(2) (A) A provider of services may charge such individual or other person (i) the amount of any deduction or coinsurance amount imposed pursuant to section 1813 (a)(1), (a)(2), or (a)(4), section 1833 (b), or section 1861 (y) (3) with respect to such items and services (not in excess of the amount customarily charged for such items and services by such provider), and (ii) an amount equal to 20 per centum of the reasonable charges for such items and services (not in excess of 20 per centum of the amount customarily charged for such items and services by such provider) for which payment is made under part B or, in the case of outpatient hospital diagnostic services, for which payment is made under part A. In the case of items and services described in section 1833 (c), clause (ii) of the preceding sentence shall be applied by substituting for 20 percent the proportion which is appropriate under such section.

(B) Where a provider of services has furnished, at the request of such individual, items or services which are in excess of or more expensive than the items or services with respect to which payment may be made under this title, such provider of services may also charge such individual or other person for such more expensive items or services to the extent that the amount customarily charged by it for the items or services furnished at such request exceeds the amount customarily charged by it for the items or services with respect to which payment may be made under this title.

(C) A provider of services may also charge any such individual for any whole blood furnished him with respect to which a deductible is imposed under section 1813(a)(3), except that (i) any excess of such charge over the cost to such provider for the blood shall be deducted from any payment to such provider under this title, (ii) no such charge may be imposed for the cost of administration of such

 blood, and (iii) such charge may not be made to the extent such
blood has been replaced on behalf of such individual or arrangements
have been made for its replacement on his behalf.

“(b) An agreement with the Secretary under this section may be
terminated—

“(1) by the provider of services at such time and upon such
notice to the Secretary and the public as may be provided in
regulations, except that notice of more than 6 months shall not
be required, or

“(2) by the Secretary at such time and upon such reasonable
notice to the provider of services and the public as may be speci-
fied in regulations, but only after the Secretary has determined
(A) that such provider of services is not complying substantially
with the provisions of such agreement, or with the provisions of
this title and regulations thereunder, or (B) that such provider
of services no longer substantially meets the applicable provisions
of section 1861, or (C) that such provider of services has failed
to provide such information as the Secretary finds necessary to
determine whether payments are or were due under this title and
the amounts thereof, or has refused to permit such examination of
its fiscal and other records by or on behalf of the Secretary as may
be necessary to verify such information.

Any termination shall be applicable—

“(3) in the case of inpatient hospital services (including
inpatient tuberculosis hospital services and inpatient psychiatric
hospital services) or post-hospital extended care services, with
respect to such services furnished to any individual who is admit-
ted to the hospital or extended care facility furnishing such
services on or after the effective date of such termination,

Notwithstanding paragraph (5), if on January 1, 1965, and on the date on which a State submits its plan for approval under this title, the State agency which administered or supervised the administration of the plan of such State approved under title X (or title XVI, insofar as it relates to the blind) was different from the State agency which administered or supervised the administration of the State plan approved under title I (or title XVI, insofar as it relates to the aged), the State agency which administered or supervised the administration of such plan approved under title X (or title XVI, insofar as it relates to the blind) may be designated to administer or supervise the administration of the portion of the State plan for medical assistance which relates to blind individuals and a different State agency may be established or designated to administer or supervise the administration of the rest of the State plan for medical assistance; and in such case the part of the plan which each such agency administers, or the administration of which each such agency supervises, shall be regarded as a separate plan for purposes of this title (except for purposes of paragraph (10)).

"(b) The Secretary shall approve any plan which fulfills the conditions specified in subsection (a), except that he shall not approve any plan which imposes, as a condition of eligibility for medical assistance under the plan—

"(1) an age requirement of more than 65 years; or
"(2) effective July 1, 1967, any age requirement which excludes any individual who has not attained the age of 21 and is or would, except for the provisions of section 406(a)(2), be a dependent child under title IV; or
"(3) any residence requirement which excludes any individual who resides in the State; or
"(4) any citizenship requirement which excludes any citizen of the United States.

"(c) Notwithstanding subsection (b), the Secretary shall not approve any State plan for medical assistance if he determines that the approval and operation of the plan will result in a reduction in aid or assistance (other than so much of the aid or assistance as is provided for under the plan of the State approved under this title) provided for eligible individuals under a plan of such State approved under title I, IV, X, XIV, or XVI.
"PAYMENT TO STATES

"SEC. 1903. (a) From the sums appropriated therefor, the Secretary (except as otherwise provided in this section and section 1117) shall pay to each State which has a plan approved under this title, for each quarter, beginning with the quarter commencing January 1, 1966—

"(1) an amount equal to the Federal medical assistance percentage (as defined in section 1905(b)) of the total amount expended during such quarter as medical assistance under the State plan (including expenditures for premiums under part B of title XVIII, for individuals who are recipients of money payments under a State plan approved under title I, IV, X, XIV, or XVI, and other insurance premiums for medical or any other type of remedial care or the cost thereof) ; plus

"(2) an amount equal to 75 per centum of so much of the sums expended during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to compensation or training of skilled professional medical personnel, and staff directly supporting such personnel, of the State agency (or of the local agency administering the State plan in the political subdivision) ; plus

"(3) an amount equal to 50 per centum of the remainder of the amounts expended during such quarter as found necessary by the Secretary for the proper and efficient administration of the State plan.

"(b) Notwithstanding the preceding provisions of this section, the amount determined under such provisions for any State for any quarter which is attributable to expenditures with respect to individuals 65 years of age or older who are patients in institutions for mental diseases shall be paid only to the extent that the State makes a showing satisfactory to the Secretary that total expenditures from Federal, State, and local sources for mental health services (including payments to or in behalf of individuals with mental health problems) under State and local public health and public welfare programs for such quarter exceed the average of the total expenditures from such sources for such services under such programs for each quarter of the fiscal year ending June 30, 1965. For purposes of this subsection, expenditures for such services for each quarter in the fiscal year ending June 30, 1965, in the case of any State shall be determined on the basis of the latest data, satisfactory to the Secretary, available to him at the time of the first determination by him under this subsection for such State; and expenditures for such services for any quarter beginning after December 31, 1965, in the case of any State shall be determined on the basis of the latest data, satisfactory to the Secretary, available to him at the time of the determination under this subsection for such State for such quarter; and determinations so made shall be conclusive for purposes of this subsection.

"(c)(1) If the Secretary finds, on the basis of satisfactory information furnished by a State, that the Federal medical assistance percentage for such State applicable to any quarter in the period beginning January 1, 1966, and ending with the close of June 30, 1969, is less than 105 per centum of the Federal share of medical expenditures by the State during the fiscal year ending June 30, 1965 (as determined under paragraph (2)), then 105 per centum of such Federal share shall be the Federal medical assistance percentage (instead of the percentage determined under section 1905(b)) for such State for
such quarter and each quarter thereafter occurring in such period and prior to the first quarter with respect to which such a finding is not applicable.

"(2) For purposes of paragraph (1), the Federal share of medical expenditures by a State during the fiscal year ending June 30, 1965, means the percentage which the excess of—

"(A) the total of the amounts determined under sections 3, 403, 1003, 1403, and 1603 with respect to expenditures by such State during such year as aid or assistance under its State plans approved under titles I, IV, X, XIV, and XVI, over

"(B) the total of the amounts which would have been determined under such sections with respect to such expenditures during such year if expenditures as aid or assistance in the form of medical or any other type of remedial care had not been counted, is of the total expenditures as aid or assistance in the form of medical or any other type of remedial care under such plans during such year.

"(d)(1) Prior to the beginning of each quarter, the Secretary shall estimate the amount to which a State will be entitled under subsections (a), (b), and (c) for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with the provisions of such subsections, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State's proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, and (B) such other investigation as the Secretary may find necessary.

"(2) The Secretary shall then pay to the State, in such installments as he may determine, the amount so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

"(3) The pro rata share to which the United States is equitably entitled, as determined by the Secretary, of the net amount recovered during any quarter by the State or any political subdivision thereof with respect to medical assistance furnished under the State plan shall be considered an overpayment to be adjusted under this subsection.

"(4) Upon the making of any estimate by the Secretary under this subsection, any appropriations available for payments under this section shall be deemed obligated.

"(e) The Secretary shall not make payments under the preceding provisions of this section to any State unless the State makes a satisfactory showing that it is making efforts in the direction of broadening the scope of the care and services made available under the plan and in the direction of liberalizing the eligibility requirements for medical assistance, with a view toward furnishing by July 1, 1975, comprehensive care and services to substantially all individuals who meet the plan's eligibility standards with respect to income and resources, including services to enable such individuals to attain or retain independence or self-care.
"Sec. 1904. If the Secretary, after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of the State plan approved under this title, finds—

"(1) that the plan has been so changed that it no longer complies with the provisions of section 1902; or

"(2) that in the administration of the plan there is a failure to comply substantially with any such provision;

the Secretary shall notify such State agency that further payments will not be made to the State (or, in his discretion, that payments will be limited to categories under or parts of the State plan not affected by such failure), until the Secretary is satisfied that there will no longer be any such failure to comply. REDUCTION OF BENEFITS ON RECEIPT OF WORKMEN'S COMPENSATION

SEC. 335. Effective with respect to benefits under title II of the Social Security Act for months after December 1965 based on the wages and self-employment income of an individual who is entitled to benefits under section 223 of such Act and whose period of disability (as defined in such title) began after June 1, 1965, title II of such Act is amended by inserting after section 223 the following new section:

"REDUCTION OF BENEFITS BASED ON DISABILITY ON ACCOUNT OF RECEIPT OF WORKMEN'S COMPENSATION

"SEC. 224. (a) If for any month prior to the month in which an individual attains the age of 62—

"(1) such individual is entitled to benefits under section 223, and

"(2) such individual is entitled for such month, under a workmen's compensation law or plan of the United States or a State, to periodic benefits for a total or partial disability (whether or not permanent), and the Secretary has, in a prior month, received notice of such entitlement for such month, the total of his benefits under section 223 for such month and of any benefits under section 202 for such month based on his wages and self-employment income shall be reduced (but not below zero) by the amount by which the sum of—

"(3) such total of benefits under sections 223 and 202 for such month, and

"(4) such periodic benefits payable (and actually paid) for such month to such individual under the workmen's compensation law or plan,

exceeds the higher of—

"(5) 80 per centum of his 'average current earnings', or

"(6) the total of such individual's disability insurance benefits under section 223 for such month and of any monthly insurance benefits under section 202 for such month based on his wages and self-employment income, prior to reduction under this section.

In no case shall the reduction in the total of such benefits under sections 223 and 202 for a month (in a continuous period of months) reduce such total below the sum of—

"(7) the total of the benefits under sections 223 and 202, after reduction under this section, with respect to all persons entitled to benefits on the basis of such individual's wages and self-employment income for such month which were determined for such individual and such persons for the first month for which reduction under this section was made (or which would have been so determined if all of them had been so entitled in such first month), and

"(8) any increase in such benefits with respect to such individual and such persons, before reduction under this section, which is made effective for months after the first month for which reduction under this section is made.

For purposes of clause (5), an individual's average current earnings means the larger of (A) the average monthly wage used for purposes of computing his benefits under section 223, or (B) one-sixtieth of the total of his wages and self-employment income for the five consecutive calendar years after 1950 for which such wages and self-employment income were highest.
“(b) If any periodic benefit under a workmen's compensation law or plan is payable on other than a monthly basis (excluding a benefit payable as a lump sum except to the extent that it is a commutation of, or a substitute for, periodic payments), the reduction under this section shall be made at such time or times and in such amounts as the Secretary finds will approximate as nearly as practicable the reduction prescribed by subsection (a).

“(c) Reduction of benefits under this section shall be made after any reduction under subsection (a) of section 203, but before deductions under such section and under section 222(b).

“(d) The reduction of benefits required by this section shall not be made if the workmen's compensation law or plan under which a periodic benefit is payable provides for the reduction thereof when anyone is entitled to benefits under this title on the basis of the wages and self-employment income of an individual entitled to benefits under section 223.

“(e) If it appears to the Secretary that an individual may be eligible for periodic benefits under a workmen's compensation law or plan which would give rise to reduction under this section, he may require, as a condition of certification for payment of any benefits under section 228 to any individual for any month and of any benefits under section 202 for such month based on such individual's wages and self-employment income, that such individual certify (i) whether he has filed or intends to file any claim for such periodic benefits, and (ii) if he has so filed, whether there has been a decision on such claim. The Secretary may, in the absence of evidence to the contrary, rely upon such a certification by such individual that he has not filed and does not intend to file such a claim, or that he has so filed and no final decision thereon has been made, in certifying benefits for payment pursuant to section 205(i).

“(f) (1) In the second calendar year after the year in which reduction under this section in the total of an individual's benefits under section 223 and any benefits under section 202 based on his wages and self-employment income was first required (in a continuous period of months), and in each third year thereafter, the Secretary shall redetermine the amount of such benefits which are still subject to reduction under this section; but such redetermination shall not result in any decrease in the total amount of benefits payable under this title on the basis of such individual’s wages and self-employment income. Such redetermined benefit shall be determined as of, and shall become effective with, the January following the year in which such redetermination was made.

“(2) In making the redetermination required by paragraph (1), the individual's average current earnings (as defined in subsection (a)) shall be deemed to be the product of his average current earnings as initially determined under subsection (a) and the ratio of (i) the average of the taxable wages of all persons for whom taxable wages were reported to the Secretary for the first calendar quarter of the calendar year in which such redetermination is made, to (ii) the average of the taxable wages of such persons reported to the Secretary for the first calendar quarter of the taxable year in which the reduction was first computed (but not counting any reduction made in benefits for a previous period of disability). Any amount determined under the preceding sentence which is not a multiple of $1 shall be reduced to the next lower multiple of $1.
“(g) Whenever a reduction in the total of benefits for any month based on an individual's wages and self-employment income is made under this section, each benefit, except the disability insurance benefit, shall first be proportionately decreased, and any excess of such reduction over the sum of all such benefits other than the disability insurance benefit shall then be applied to such disability insurance benefit.”

“(A) entitled to disability insurance benefits under section 223, or

“(B) entitled to child's insurance benefits under section 202(d) after having attained age 18 (and are under a disability),

to the end that savings will result to the Trust Funds as a result of rehabilitating the maximum number of such individuals into productive activity, there are authorized to be transferred from the Trust Funds such sums as may be necessary to enable the Secretary to pay the costs of vocational rehabilitation services for such individuals (including (i) services during their waiting periods, and (ii) so much of the expenditures for the administration of any State plan as is attributable to carrying out this subsection); except that the total amount so made available pursuant to this subsection in any fiscal year may not exceed 1 percent of the total of the benefits under section 202(d) for children who have attained age 18 and are under a disability, and the benefits under section 223, which were certified for payment in the preceding year. The selection of individuals (including the order in which they shall be selected) to receive such services shall be made in accordance with criteria formulated by the Secretary which are based upon the effect the provision of such services would have upon the Trust Funds.

“(A) has been approved under section 5 of the Vocational Rehabilitation Act,

“(B) provides that, to the extent funds provided under this subsection are adequate for the purpose, such services will be furnished, to any individual in the State who meets the criteria prescribed by the Secretary pursuant to paragraph (1), with reasonable promptness and in accordance with the order of selection determined under such criteria, and

“(C) provides that such services will be furnished to any individual without regard to (i) his citizenship or place of residence, (ii) his need for financial assistance except as provided in regulations of the Secretary in the case of maintenance during rehabilitation, or (iii) any order of selection which would otherwise be followed under the State plan pursuant to section 5(a) (4) of the Vocational Rehabilitation Act.

“(B) In the case of any State which does not have a plan which meets the requirements of paragraph (2), the Secretary may provide such services by agreement or contract with other public or private agencies, organizations, institutions, or individuals.
“(4) Payments under this subsection may be made in installments, and in advance or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments.

“(5) Money paid from the Trust Funds under this subsection to pay the costs of providing services to individuals who are entitled to benefits under section 223 (including services during their waiting periods), or who are entitled to benefits under section 202(d) on the basis of the wages and self-employment income of such individuals shall be charged to the Federal Disability Insurance Trust Fund, and all other money paid out from the Trust Funds under this subsection shall be charged to the Federal Old-Age and Survivors Insurance Trust Fund. The Secretary shall determine according to such methods and procedures as he may deem appropriate—

“(A) the total cost of the services provided under this subsection, and

“(B) subject to the provisions of the preceding sentence, the amount of such cost which should be charged to each of such Trust Funds.

“(6) For the purposes of this subsection the term ‘vocational rehabilitation services’ shall have the meaning assigned to it in the Vocational Rehabilitation Act, except that such services may be limited in type, scope, or amount in accordance with regulations of the Secretary designed to achieve the purposes of this subsection.”

"(2) Any State dissatisfied with a determination of the Secretary under paragraph (1) with respect to any plan may, within 60 days after it has been notified of such determination, file a petition with the Secretary for reconsideration of the issue of whether such plan conforms to the requirements for approval under such title. “(b) For the purposes of subsection (a), any amendment of a State plan approved under title I, IV, X, XIV, XVI, or XIX may, at the option of the State, be treated as the submission of a new State plan.

“(c) Action pursuant to an initial determination of the Secretary described in subsection (a) shall not be stayed pending reconsideration, but in the event that the Secretary subsequently determines that his initial determination was incorrect he shall certify restitution forthwith in a lump sum of any funds incorrectly withheld or otherwise denied.

AN ACT

To make certain provisions in connection with the construction of the Garrison diversion unit, Missouri River Basin project, by the Secretary of the Interior.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the general plan for the Missouri-Souris unit of the Missouri River Basin project, heretofore authorized in section 9 of the Flood Control Act of December 22, 1944 (58 Stat. 887), as modified by the report of the Secretary of the Interior contained in House Document Numbered 325, Eighty-sixth Congress, second session, is confirmed and approved under the designation “Garrison diversion unit,” and the construction of a development providing for the irrigation of two hundred and fifty thousand acres, municipal and industrial water, fish and wildlife conservation and development, recreation, flood control, and other project purposes shall be prosecuted by the Department of the Interior substantially in accordance with the plans set out in the Bureau of Reclamation report dated November 1962 (revised February 1965) supplemental report to said House Document Numbered 325.

SEC. 2. (a) Subject to the provisions of subsections (b), (c), (d), and (e) of this section, the Secretary is authorized in connection with the Garrison diversion unit (i) to construct, operate, and maintain or provide for the construction, operation, and maintenance of public outdoor recreation and fish and wildlife enhancement facilities, (ii) to acquire or otherwise to include within the unit area such adjacent lands or interests in land as are necessary for present or future public recreation or fish and wildlife use, (iii) to allocate water and reservoir capacity to recreation and fish and wildlife enhancement, and (iv) to provide for the public use and enjoyment of unit lands, facilities, and water areas in a manner coordinated with other unit purposes. The Secretary is further authorized to enter into agreements with Federal agencies or State or local public bodies for the operation, maintenance, and replacement of unit facilities, and to transfer unit lands or facilities to Federal agencies or State or local public bodies by lease or exchange, upon such terms and conditions as will best promote the development and operation of such lands or facilities in the public interest for recreation and fish and wildlife enhancement purposes.

(b) All costs allocated to fish and wildlife enhancement and incurred in connection with waterfowl refuges and waterfowl production areas proposed for Federal administration shall be nonreimbursable.

(c)(1) If, before commencement of construction of the unit, non-Federal public bodies agree to administer for recreation or fish and wildlife enhancement or for both of these purposes pursuant to the plan for the development of the unit approved by the Secretary land and water areas which are not included within Federal waterfowl refuges and waterfowl production areas and to bear not less than one-half the separable costs of the unit allocated to either or both of said purposes, as the case may be, and attributable to such areas and all the costs of operation, maintenance, and replacement incurred in connection therewith, the remainder of the separable capital costs so allocated and attributed shall be nonreimbursable.

(2) In the absence of such a preconstruction agreement recreation and fish and wildlife enhancement facilities (other than minimum facilities for the public health and safety at reservoir access points and facilities related to Federal waterfowl refuges and waterfowl production areas) shall not be provided, and the allocation of unit costs shall reflect only the number of visitor days and the value per visitor...
day estimated to result from such diminished recreation development without reference to lands which may be provided pursuant to subsection (e) of this section.

(d) The non-Federal share of the separable capital costs of the unit allocated to recreation and fish and wildlife enhancement shall be borne by non-Federal interests, under either or both of the following methods as may be determined appropriate by the Secretary: (i) payment, or provision of lands, interests therein, or facilities for the unit; or (ii) repayment, with interest, within fifty years of first use of unit recreation or fish and wildlife enhancement facilities: Provided, That the source of repayment may be limited to entrance and user fees or charges collected at the unit by non-Federal interests if the fee schedule and the portion of fees dedicated to repayment are established on a basis calculated to achieve repayment as aforesaid and are made subject to review and renegotiation at intervals of not more than five years.

(e) Notwithstanding the absence of preconstruction agreements as specified in subsection (e) of this section lands may be acquired in connection with construction of the unit to preserve the recreation and fish and wildlife enhancement potential of the unit.

(1) If non-Federal public bodies agree within ten years after initial unit operation to administer for recreation and fish and wildlife enhancement pursuant to the plan for development of the unit approved by the Secretary land and water areas which are not included within Federal waterfowl refuges and waterfowl production areas and to bear not less than one-half the costs of lands acquired therefor pursuant to this subsection and facilities and project modifications provided for those purposes and all costs of operation, maintenance, and replacement incurred therefor, the remainder of the costs of such lands, facilities, and project modifications shall be nonreimbursable. Such agreement and subsequent development shall not be the basis for any allocation of joint costs of the unit to recreation or fish and wildlife enhancement.

(2) If, within ten years after initial operation of the unit, there is not an executed agreement as specified in paragraph (1) of this subsection, the Secretary may utilize the lands for any lawful purpose within the jurisdiction of the Department of the Interior, or may transfer custody of the land to another Federal agency for use for any lawful purpose within the jurisdiction of that agency, or may lease the lands to a non-Federal public body, or may transfer the lands to the Administrator of General Services for disposition in accordance with the surplus property laws of the United States. In no case shall the lands be used or made available for use for any purpose in conflict with the purposes for which the project was constructed, and in every case preference shall be given to uses which will preserve and promote the recreation and fish and wildlife enhancement potential of the project or, in the absence thereof, will not detract from that potential.

(f) Subject to the limitations hereinbefore stated, joint capital costs allocated to recreation and fish and wildlife enhancement shall be nonreimbursable.

(g) Costs of means and measures to prevent loss of and damage to fish and wildlife shall be treated as unit costs and allocated among all unit purposes.

(h) As used in this Act, the term "nonreimbursable" shall not be construed to prohibit the imposition of entrance, admission, and other recreation user fees or charges.

Sec. 3. The Garrison diversion unit shall be integrated physically and financially with the other Federal works constructed or authorized
to be constructed under the comprehensive plan approved by section 9 of the Act of December 22, 1944, as amended and supplemented. The Secretary shall give consideration to returning to the Missouri River to the fullest extent practicable such of the return flows as are not required for beneficial purposes.

Sec. 4. (a) The interest rate used for computing interest during construction and interest on the unpaid balance of the capital costs allocated to interest-bearing features of the Garrison diversion unit as authorized in this Act shall be determined by the Secretary of the Treasury as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations, which are neither due nor callable for redemption for fifteen years from date of issue.

(b) From and after July 1, 1965, the interest rate on the unamortized balance of the investment allocated to commercial power in facilities constructed or under construction on June 30, 1965, by the Department of the Army in the Missouri River Basin, the commercial power from which is marketed by the Department of the Interior, and in the transmission and marketing facilities associated therewith, shall be 2½ per centum per annum.

Sec. 5. For a period of ten years from the date of enactment of this Act, no water from the project authorized by this Act shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949, or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b)(10) of the Agricultural Adjustment Act of 1938, as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

Sec. 6. There is hereby authorized to be appropriated for construction of the Garrison diversion unit as authorized in this Act, the sum of $207,000,000, plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indexes applicable to the types of construction involved herein. There are also authorized to be appropriated such additional sums as may be required for operation and maintenance of the unit.

Approved August 5, 1965.

Public Law 89-110

AN ACT

To enforce the fifteenth amendment to the Constitution of the United States, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act shall be known as the "Voting Rights Act of 1965".

SEC. 2. No voting qualification or prerequisite to voting, or standard, practice, or procedure shall be imposed or applied by any State or political subdivision to deny or abridge the right of any citizen of the United States to vote on account of race or color.

SEC. 3. (a) Whenever the Attorney General institutes a proceeding under any statute to enforce the guarantees of the fifteenth amendment in any State or political subdivision the court shall authorize the appointment of Federal examiners by the United States Civil Service Commission in accordance with section 6 to serve for such period of time and for such political subdivisions as the court shall determine is appropriate to enforce the guarantees of the fifteenth amendment (1) as part of any interlocutory order if the court determines that the appointment of such examiners is necessary to enforce such guarantees or (2) as part of any final judgment if the court finds that violations of the fifteenth amendment justifying equitable relief have occurred in such State or subdivision: Provided, That the court need not authorize the appointment of examiners if any incidents of denial or abridgement of the right to vote on account of race or color (1) have been few in number and have been promptly and effectively corrected by State or local action, (2) the continuing effect of such incidents has been eliminated, and (3) there is no reasonable probability of their recurrence in the future.

(b) If in a proceeding instituted by the Attorney General under any statute to enforce the guarantees of the fifteenth amendment in any State or political subdivision the court finds that a test or device has been used for the purpose or with the effect of denying or abridging the right of any citizen of the United States to vote on account of race or color, it shall suspend the use of tests and devices in such State or political subdivisions as the court shall determine is appropriate and for such period as it deems necessary.

(c) If in any proceeding instituted by the Attorney General under any statute to enforce the guarantees of the fifteenth amendment in any State or political subdivision the court finds that violations of the fifteenth amendment justifying equitable relief have occurred within the territory of such State or political subdivision, the court, in addition to such relief as it may grant, shall retain jurisdiction for such period as it may deem appropriate and during such period no voting qualification or prerequisite to voting, or standard, practice, or procedure with respect to voting different from that in force or effect at the time the proceeding was commenced shall be enforced unless and until the court finds that such qualification, prerequisite, standard, practice, or procedure does not have the purpose and will not have the effect of denying or abridging the right to vote on
Use of tests or devices prohibited.

Declaratory judgment proceedings.

Sec. 4. (a) To assure that the right of citizens of the United States to vote is not denied or abridged on account of race or color, no citizen shall be denied the right to vote in any Federal, State, or local election because of his failure to comply with any test or device in any State with respect to which the determinations have been made under subsection (b) or in any political subdivision with respect to which such determinations have been made as a separate unit, unless the United States District Court for the District of Columbia in an action for a declaratory judgment brought by such State or subdivision against the United States has determined that no such test or device has been used during the five years preceding the filing of the action for the purpose or with the effect of denying or abridging the right to vote on account of race or color: Provided, That no such declaratory judgment shall issue with respect to any plaintiff for a period of five years after the entry of a final judgment of any court of the United States, other than the denial of a declaratory judgment under this section, whether entered prior to or after the enactment of this Act, determining that denials or abridgments of the right to vote on account of race or color through the use of such tests or devices have occurred anywhere in the territory of such plaintiff.

An action pursuant to this subsection shall be heard and determined by a court of three judges in accordance with the provisions of section 2284 of title 28 of the United States Code and any appeal shall lie to the Supreme Court. The court shall retain jurisdiction of any action pursuant to this subsection for five years after judgment and shall reopen the action upon motion of the Attorney General alleging that a test or device has been used for the purpose or with the effect of denying or abridging the right to vote on account of race or color.

If the Attorney General determines that he has no reason to believe that any such test or device has been used during the five years preceding the filing of the action for the purpose or with the effect of denying or abridging the right to vote on account of race or color, he shall consent to the entry of such judgment.

(b) The provisions of subsection (a) shall apply in any State or in any political subdivision of a state which (1) the Attorney General determines maintained on November 1, 1964, any test or device, and with respect to which (2) the Director of the Census determines that less than 50 per centum of the persons of voting age residing therein were registered on November 1, 1964, or that less than 50 per centum of such persons voted in the presidential election of November 1964.

A determination or certification of the Attorney General or of the Director of the Census under this section or under section 6 or section 13 shall not be reviewable in any court and shall be effective upon publication in the Federal Register.

(c) The phrase "test or device" shall mean any requirement that a person as a prerequisite for voting or registration for voting (1) demonstrate the ability to read, write, understand, or interpret any matter, (2) demonstrate any educational achievement or his knowl-
edge of any particular subject, (3) possess good moral character, or
(4) prove his qualifications by the voucher of registered voters or
members of any other class.

d) For purposes of this section no State or political subdivision
shall be determined to have engaged in the use of tests or devices
for the purpose or with the effect of denying or abridging the right
to vote on account of race or color if (1) incidents of such use
have been few in number and have been promptly and effectively
corrected by State or local action, (2) the continuing effect of such
incidents has been eliminated, and (3) there is no reasonable prob-
ability of their recurrence in the future.

(e) (1) Congress hereby declares that to secure the rights under the
fourteenth amendment of persons educated in American-flag schools
in which the predominant classroom language was other than English,
it is necessary to prohibit the States from conditioning the right to
vote of such persons on ability to read, write, understand, or interpret
any matter in the English language.

(2) No person who demonstrates that he has successfully completed
the sixth primary grade in a public school in, or a private school
accredited by, any State or territory, the District of Columbia, or the
Commonwealth of Puerto Rico in which the predominant classroom
language was other than English, shall be denied the right to vote
in any Federal, State, or local election because of his inability to read,
write, understand, or interpret any matter in the English language,
except that in States in which State law provides that a different level
of education is presumptive of literacy, he shall demonstrate that he
has successfully completed an equivalent level of education in a public
school in, or a private school accredited by, any State or territory, the
District of Columbia, or the Commonwealth of Puerto Rico in which
the predominant classroom language was other than English.

Sec. 5. Whenever a State or political subdivision with respect to
which the prohibitions set forth in section 4(a) are in effect shall
enact or seek to administer any voting qualification or prerequisite to
voting, or standard, practice, or procedure with respect to voting
different from that in force or effect on November 1, 1964, such
State or subdivision may institute an action in the United States
District Court for the District of Columbia for a declaratory judg-
ment that such qualification, prerequisite, standard, practice, or
procedure does not have the purpose and will not have the effect of
denying or abridging the right to vote on account of race or color,
and unless and until the court enters such judgment no person shall
be denied the right to vote for failure to comply with such quali-
fication, prerequisite, standard, practice, or procedure: Provided,
That such qualification, prerequisite, standard, practice, or procedure
may be enforced without such proceeding if the qualification, pre-
requisite, standard, practice, or procedure has been submitted by
the chief legal officer or other appropriate official of such State or
subdivision to the Attorney General and the Attorney General has
not interposed an objection within sixty days after such submission,
except that neither the Attorney General's failure to object nor a
declaratory judgment entered under this section shall bar a subse-
quent action to enjoin enforcement of such qualification, prerequisite,
standard, practice, or procedure. Any action under this section shall
be heard and determined by a court of three judges in accordance
with the provisions of section 2284 of title 28 of the United States
Code and any appeal shall lie to the Supreme Court.

Sec. 6. Whenever (a) a court has authorized the appointment of
examiners pursuant to the provisions of section 3(a), or (b) unless
a declaratory judgment has been rendered under section 4(a), the

Appointment of
examiners.
Attorney General certifies with respect to any political subdivision named in, or included within the scope of, determinations made under section 4(b) that (1) he has received complaints in writing from twenty or more residents of such political subdivision alleging that they have been denied the right to vote under color of law on account of race or color, and that he believes such complaints to be meritorious, or (2) that in his judgment (considering, among other factors, whether the ratio of nonwhite persons to white persons registered to vote within such subdivision appears to him to be reasonably attributable to violations of the fifteenth amendment or whether substantial evidence exists that bona fide efforts are being made within such subdivision to comply with the fifteenth amendment), the appointment of examiners is otherwise necessary to enforce the guarantees of the fifteenth amendment, the Civil Service Commission shall appoint as many examiners for such subdivision as it may deem appropriate to prepare and maintain lists of persons eligible to vote in Federal, State, and local elections. Such examiners, hearing officers provided for in section 9(a), and other persons deemed necessary by the Commission to carry out the provisions and purposes of this Act shall be appointed, compensated, and separated without regard to the provisions of any statute administered by the Civil Service Commission, and service under this Act shall not be considered employment for the purposes of any statute administered by the Civil Service Commission, except the provisions of section 9 of the Act of August 2, 1939, as amended (5 U.S.C. 118i), prohibiting partisan political activity: Provided, That the Commission is authorized, after consulting the head of the appropriate department or agency, to designate suitable persons in the official service of the United States, with their consent, to serve in these positions. Examiners and hearing officers shall have the power to administer oaths.

**Sec. 7.** (a) The examiners for each political subdivision shall, at such places as the Civil Service Commission shall by regulation designate, examine applicants concerning their qualifications for voting. An application to an examiner shall be in such form as the Commission may require and shall contain allegations that the applicant is not otherwise registered to vote.

(b) Any person whom the examiner finds, in accordance with instructions received under section 9(b), to have the qualifications prescribed by State law not inconsistent with the Constitution and laws of the United States shall promptly be placed on a list of eligible voters. A challenge to such listing may be made in accordance with section 9(a) and shall not be the basis for a prosecution under section 12 of this Act. The examiner shall certify and transmit such list, and any supplements as appropriate, at least once a month, to the offices of the appropriate election officials, with copies to the Attorney General and the attorney general of the State, and any such lists and supplements thereto transmitted during the month shall be available for public inspection on the last business day of the month and in any event not later than the forty-fifth day prior to any election. The appropriate State or local election official shall place such names on the official voting list. Any person whose name appears on the examiner's list shall be entitled and allowed to vote in the election district of his residence unless and until the appropriate election officials shall have been notified that such person has been removed from such list in accordance with subsection (d): Provided, That no person shall be entitled to vote in any election by virtue of this Act.
unless his name shall have been certified and transmitted on such a list to the offices of the appropriate election officials at least forty-five days prior to such election.

(c) The examiner shall issue to each person whose name appears on such a list a certificate evidencing his eligibility to vote.

(d) A person whose name appears on such a list shall be removed therefrom by an examiner if (1) such person has been successfully challenged in accordance with the procedure prescribed in section 9, or (2) he has been determined by an examiner to have lost his eligibility to vote under State law not inconsistent with the Constitution and the laws of the United States.

Sec. 8. Whenever an examiner is serving under this Act in any political subdivision, the Civil Service Commission may assign, at the request of the Attorney General, one or more persons, who may be officers of the United States, (1) to enter and attend at any place for holding an election in such subdivision for the purpose of observing whether persons who are entitled to vote are being permitted to vote, and (2) to enter and attend at any place for tabulating the votes cast at any election held in such subdivision for the purpose of observing whether votes cast by persons entitled to vote are being properly tabulated. Such persons so assigned shall report to an examiner appointed for such political subdivision, to the Attorney General, and if the appointment of examiners has been authorized pursuant to section 3(a), to the court.

Sec. 9. (a) Any challenge to a listing on an eligibility list prepared by an examiner shall be heard and determined by a hearing officer appointed by and responsible to the Civil Service Commission and under such rules as the Commission shall by regulation prescribe. Such challenge shall be entertained only if filed at such office within the State as the Civil Service Commission shall by regulation designate, and within ten days after the listing of the challenged person is made available for public inspection, and if supported by (1) the affidavits of at least two persons having personal knowledge of the facts constituting grounds for the challenge, and (2) a certification that a copy of the challenge and affidavits have been served by mail or in person upon the person challenged at his place of residence set out in the application. Such challenge shall be determined within fifteen days after it has been filed. A petition for review of the decision of the hearing officer may be filed in the United States court of appeals for the circuit in which the person challenged resides within fifteen days after service of such decision by mail on the person petitioning for review but no decision of a hearing officer shall be reversed unless clearly erroneous. Any person listed shall be entitled and allowed to vote pending final determination by the hearing officer and by the court.

(b) The times, places, procedures, and form for application and listing pursuant to this Act and removals from the eligibility lists shall be prescribed by regulations promulgated by the Civil Service Commission and the Commission shall, after consultation with the Attorney General, instruct examiners concerning applicable State law not inconsistent with the Constitution and laws of the United States with respect to (1) the qualifications required for listing, and (2) loss of eligibility to vote.

(c) Upon the request of the applicant or the challenger or on its own motion the Civil Service Commission shall have the power to require by subpoena the attendance and testimony of witnesses and the
production of documentary evidence relating to any matter pending before it under the authority of this section. In case of contumacy or refusal to obey a subpoena, any district court of the United States or the United States court of any territory or possession, or the District Court of the United States for the District of Columbia, within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or is domiciled or transacts business, or has appointed an agent for receipt of service of process, upon application by the Attorney General of the United States shall have jurisdiction to issue to such person an order requiring such person to appear before the Commission or a hearing officer, there to produce pertinent, relevant, and nonprivileged documentary evidence if so ordered, or there to give testimony touching the matter under investigation; and any failure to obey such order of the court may be punished by said court as a contempt thereof.

SEC. 10. (a) The Congress finds that the requirement of the payment of a poll tax as a precondition to voting (i) precludes persons of limited means from voting or imposes unreasonable financial hardship upon such persons as a precondition to their exercise of the franchise, (ii) does not bear a reasonable relationship to any legitimate State interest in the conduct of elections, and (iii) in some areas has the purpose or effect of denying persons the right to vote because of race or color. Upon the basis of these findings, Congress declares that the constitutional right of citizens to vote is denied or abridged in some areas by the requirement of the payment of a poll tax as a precondition to voting.

(b) In the exercise of the powers of Congress under section 5 of the fourteenth amendment and section 2 of the fifteenth amendment, the Attorney General is authorized and directed to institute forthwith in the name of the United States such actions, including actions against States or political subdivisions, for declaratory judgment or injunctive relief against the enforcement of any requirement of the payment of a poll tax as a precondition to voting, or substitute therefor enacted after November 1, 1964, as will be necessary to implement the declaration of subsection (a) and the purposes of this section.

(c) The district courts of the United States shall have jurisdiction of such actions which shall be heard and determined by a court of three judges in accordance with the provisions of section 2284 of title 28 of the United States Code and any appeal shall lie to the Supreme Court. It shall be the duty of the judges designated to hear the case to assign the case for hearing at the earliest practicable date, to participate in the hearing and determination thereof, and to cause the case to be in every way expedited.

(d) During the pendency of such actions, and thereafter if the courts, notwithstanding this action by the Congress, should declare the requirement of the payment of a poll tax to be constitutional, no citizen of the United States who is a resident of a State or political subdivision with respect to which determinations have been made under subsection 4(b) and a declaratory judgment has not been entered under subsection 4(a), during the first year he becomes otherwise entitled to vote by reason of registration by State or local officials or listing by an examiner, shall be denied the right to vote.
for failure to pay a poll tax if he tenders payment of such tax for the
current year to an examiner or to the appropriate State or local official
at least forty-five days prior to election, whether or not such tender
would be timely or adequate under State law. An examiner shall
have authority to accept such payment from any person authorized by
this Act to make an application for listing, and shall issue a receipt
for such payment. The examiner shall transmit promptly any such
poll tax payment to the office of the State or local official authorized to
receive such payment under State law, together with the name and
address of the applicant.

Sec. 11. (a) No person acting under color of law shall fail or refuse
to permit any person to vote who is entitled to vote under any pro-
vision of this Act or is otherwise qualified to vote, or willfully fail
or refuse to tabulate, count, and report such person’s vote.

(b) No person, whether acting under color of law or otherwise,
shall intimidate, threaten, or coerce, or attempt to intimidate, threaten,
and coerce any person for voting or attempting to vote, or intimidate,
threaten, or coerce, or attempt to intimidate, threaten, or coerce any
person for urging or aiding any person to vote or attempt to vote,
or intimidate, threaten, or coerce any person for exercising any powers
or duties under section 3(a), 6, 8, 9, 10, or 12(e).

(c) Whoever knowingly or willfully gives false information as to
his name, address, or period of residence in the voting district for the
purpose of establishing his eligibility to register or vote, or conspires
with another individual for the purpose of encouraging his false regis-
tration to vote or illegal voting, or pays or offers to pay or accepts
payment either for registration to vote or for voting shall be fined
not more than $10,000 or imprisoned not more than five years, or both:
Provided, however, That this provision shall be applicable only to
general, special, or primary elections held solely or in part for the
purpose of selecting or electing any candidate for the office of Presi-
dent, Vice President, presidential elector, Member of the United States
Senate, Member of the United States House of Representatives, or
Delegates or Commissioners from the territories or possessions, or
Resident Commissioner of the Commonwealth of Puerto Rico.

(d) Whoever, in any matter within the jurisdiction of an examiner
or hearing officer knowingly and willfully falsifies or conceals a
material fact, or makes any false, fictitious, or fraudulent statements
or representations, or makes or uses any false writing or document
knowing the same to contain any false, fictitious, or fraudulent state-
ment or entry, shall be fined not more than $10,000 or imprisoned not
more than five years, or both.

Sec. 12. (a) Whoever shall deprive or attempt to deprive any per-
son of any right secured by section 2, 3, 4, 5, 7, or 10 or shall violate
section 11 (a) or (b), shall be fined not more than $5,000, or imprisoned
not more than five years, or both.

(b) Whoever, within a year following an election in a political sub-
division in which an examiner has been appointed (1) destroys,
defaces, mutilates, or otherwise alters the marking of a paper ballot
which has been cast in such election, or (2) alters any official record
of voting in such election tabulated from a voting machine or other-
wise, shall be fined not more than $5,000, or imprisoned not more than
five years, or both.
(c) Whoever conspires to violate the provisions of subsection (a) or (b) of this section, or interferes with any right secured by section 2, 3, 4, 5, 7, 10, or 11 (a) or (b) shall be fined not more than $5,000, or imprisoned not more than five years, or both.

(d) Whenever any person has engaged or there are reasonable grounds to believe that any person is about to engage in any act or practice prohibited by section 2, 3, 4, 5, 7, 10, or 11, or subsection (b) of this section, the Attorney General may institute for the United States, or in the name of the United States, an action for preventive relief, including an application for a temporary or permanent injunction, restraining order, or other order, and including an order directed to the State and State or local election officials to require them (1) to permit persons listed under this Act to vote and (2) to count such votes.

(e) Whenever in any political subdivision in which there are examiners appointed pursuant to this Act any persons allege to such an examiner within forty-eight hours after the closing of the polls that notwithstanding (1) their listing under this Act or registration by an appropriate election official and (2) their eligibility to vote, they have not been permitted to vote in such election, the examiner shall forthwith notify the Attorney General if such allegations in his opinion appear to be well founded. Upon receipt of such notification, the Attorney General may forthwith file with the district court an application for an order providing for the marking, casting, and counting of the ballots of such persons and requiring the inclusion of their votes in the total vote before the results of such election shall be deemed final and any force or effect given thereto. The district court shall hear and determine such matters immediately after the filing of such application. The remedy provided in this subsection shall not preclude any remedy available under State or Federal law.

(f) The district courts of the United States shall have jurisdiction of proceedings instituted pursuant to this section and shall exercise the same without regard to whether a person asserting rights under the provisions of this Act shall have exhausted any administrative or other remedies that may be provided by law.

Sec. 13. Listing procedures shall be terminated in any political subdivision of any State (a) with respect to examiners appointed pursuant to clause (b) of section 6 whenever the Attorney General notifies the Civil Service Commission, or whenever the District Court for the District of Columbia determines in an action for declaratory judgment brought by any political subdivision with respect to which the Director of the Census has determined that more than 50 per centum of the nonwhite persons of voting age residing therein are registered to vote, (1) that all persons listed by an examiner for such subdivision have been placed on the appropriate voting registration roll, and (2) that there is no longer reasonable cause to believe that persons will be deprived of or denied the right to vote on account of race or color in such subdivision, and (b), with respect to examiners appointed pursuant to section 3(a), upon order of the authorizing court. A political subdivision may petition the Attorney General for the termination of listing procedures under clause (a) of this section, and may petition the Attorney General to request the Director of the Census to take such survey or census as may be appropriate for the making of the determination provided for in this section. The District Court for the District of Columbia shall have jurisdiction to require such
survey or census to be made by the Director of the Census and it shall require him to do so if it deems the Attorney General’s refusal to request such survey or census to be arbitrary or unreasonable.

Sec. 14. (a) All cases of criminal contempt arising under the provisions of this Act shall be governed by section 151 of the Civil Rights Act of 1957 (42 U.S.C. 1995).

(b) No court other than the District Court for the District of Columbia or a court of appeals in any proceeding under section 9 shall have jurisdiction to issue any declaratory judgment pursuant to section 4 or section 5 or any restraining order or temporary or permanent injunction against the execution or enforcement of any provision of this Act or any action of any Federal officer or employee pursuant thereto.

(c) (1) The terms "vote" or "voting" shall include all action necessary to make a vote effective in any primary, special, or general election, including, but not limited to, registration, listing pursuant to this Act, or other action required by law prerequisite to voting, casting a ballot, and having such ballot counted properly and included in the appropriate totals of votes cast with respect to candidates for public or party office and propositions for which votes are received in an election.

(2) The term "political subdivision" shall mean any county or parish, except that where registration for voting is not conducted under the supervision of a county or parish, the term shall include any other subdivision of a State which conducts registration for voting.

(d) In any action for a declaratory judgment brought pursuant to section 4 or section 5 of this Act, subpenas for witnesses who are required to attend the District Court for the District of Columbia may be served in any judicial district of the United States: Provided, That no writ of subpena shall issue for witnesses without the District of Columbia at a greater distance than one hundred miles from the place of holding court without the permission of the District Court for the District of Columbia being first had upon proper application and cause shown.

Sec. 15. Section 2004 of the Revised Statutes (42 U.S.C. 1971), as amended by section 131 of the Civil Rights Act of 1957 (71 Stat. 637), and amended by section 601 of the Civil Rights Act of 1960 (74 Stat. 90), and as further amended by section 101 of the Civil Rights Act of 1964 (78 Stat. 241), is further amended as follows:

(a) Delete the word "Federal" wherever it appears in subsections (a) and (c);

(b) Repeal subsection (f) and designate the present subsections (g) and (h) as (f) and (g), respectively.

Sec. 16. The Attorney General and the Secretary of Defense, jointly, shall make a full and complete study to determine whether, under the laws or practices of any State or States, there are preconditions to voting, which might tend to result in discrimination against citizens serving in the Armed Forces of the United States seeking to vote. Such officials shall, jointly, make a report to the Congress not later than June 30, 1966, containing the results of such study, together with a list of any States in which such preconditions exist, and shall include in such report such recommendations for legislation as they deem advisable to prevent discrimination in voting against citizens serving in the Armed Forces of the United States.
SEC. 17. Nothing in this Act shall be construed to deny, impair, or otherwise adversely affect the right to vote of any person registered to vote under the law of any State or political subdivision.

SEC. 18. There are hereby authorized to be appropriated such sums as are necessary to carry out the provisions of this Act.

SEC. 19. If any provision of this Act or the application thereof to any person or circumstances is held invalid, the remainder of the Act and the application of the provision to other persons not similarly situated or to other circumstances shall not be affected thereby.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 501 (e) of title 16 of the District of Columbia Code is amended by inserting, immediately before the period at the end thereof, a semicolon and the following: “except that in any case in which the plaintiff states in his affidavit that the value of specified property to be levied upon is less than the amount of his claim, the court may set the amount of such bond in an amount twice the value of the property being attached, and, notwithstanding the provisions of subsection (f) of this section, only the property so specified shall be levied upon: Provided, That the United States marshal may, in his discretion, when levying upon such property, have the same appraised by an independent appraiser retained by the marshal at the expense of the plaintiff. Any such appraisal shall be made at the time the marshal levies upon the property, and the appraiser shall accompany him for such purpose. TITLE I—SPECIAL PROVISIONS FOR DISADVANTAGED PERSONS

FINANCIAL ASSISTANCE TO ENABLE CERTAIN PRIVATE HOUSING TO BE AVAILABLE FOR LOWER INCOME FAMILIES WHO ARE ELDERLY, HANDICAPPED, DISPLACED, VICTIMS OF A NATURAL DISASTER, OR OCCUPANTS OF SUBSTANDARD HOUSING

SEC. 101. (a) The Housing and Home Finance Administrator (hereinafter referred to as the "Administrator") is authorized to make, and contract to make, annual payments to a "housing owner" on behalf of "qualified tenants", as those terms are defined herein, in such amounts and under such circumstances as are prescribed in or pursuant to this section. In no case shall a contract provide for such payments with respect to any housing for a period exceeding forty years. The aggregate amount of the contracts to make such payments shall not exceed amounts approved in appropriation Acts, and payments pursuant to such contracts shall not exceed $30,000,000 per annum prior to July 1, 1966, which maximum dollar amount shall be increased by $35,000,000 on July 1, 1966, by $40,000,000 on July 1, 1967, and by $45,000,000 on July 1, 1968.

(b) As used in this section, the term "housing owner" means a private nonprofit corporation or other private nonprofit legal entity, a limited dividend corporation or other limited dividend legal entity, or a cooperative housing corporation, which is a mortgagor under section 221(d)(3) of the National Housing Act and which, after the enactment of this section, has been approved for mortgage insurance thereunder and has been approved for receiving the benefits of this section: Provided, That, except as provided in subsection (j), no payments under this section may be made with respect to any property financed with a mortgage receiving the benefits of the interest rate provided for in the proviso in section 221(d)(5) of that Act. Subject to the limitations provided in subsection (j), the term "housing owner" also has the meaning prescribed in such subsection.

(c) As used in this section, the term "qualified tenant" means any individual or family who has, pursuant to criteria and procedures established by the Administrator, been determined—

(1) to have an income below the maximum amount which can be established in the area, pursuant to the limitations prescribed in sections 2(2) and 15(7)(b)(ii) of the United States Housing Act of 1937, for occupancy in public housing dwellings; and

(2) to be one of the following—

(A) displaced by governmental action;

(B) sixty-two years of age or older (or, in the case of a family to have a head who is, or whose spouse is, sixty-two years of age or over);
(C) physically handicapped (or, in the case of a family, to have a head who is, or whose spouse is, physically handicapped);

(D) occupying substandard housing; or

(E) an occupant or former occupant of a dwelling which is (or was) situated in an area determined by the Small Business Administration, subsequent to April 1, 1965, to have been affected by a natural disaster, and which has been extensively damaged or destroyed as the result of such disaster.

The terms "qualified tenant" and "tenant" include a member of a cooperative who satisfies the foregoing requirements and who, upon resale of his membership to the cooperative, will not be reimbursed for any equity increment accumulated through payments under this section. With respect to members of a cooperative, the terms "rental" and "rental charges" mean the charges under the occupancy agreements between such members and the cooperative.

(d) The amount of the annual payment with respect to any dwelling unit shall not exceed the amount by which the fair market rental for such unit exceeds one-fourth of the tenant's income as determined by the Administrator pursuant to procedures and regulations established by him.

(e) (1) For purposes of carrying out the provisions of this section, the Administrator shall establish criteria and procedures for determining the eligibility of occupants and rental charges, including criteria and procedures with respect to periodic review of tenant incomes and periodic adjustment of rental charges. The Administrator shall issue, upon the request of a housing owner, certificates as to the following facts concerning the individuals and families applying for admission to, or residing in, dwellings of such owner:

(A) the income of the individual or family; and

(B) whether the individual or family was displaced by governmental action, is elderly, is physically handicapped, or is (or was) occupying substandard housing or housing extensively damaged or destroyed as the result of a natural disaster.

(2) Procedures adopted by the Administrator hereunder shall provide for recertifications of the incomes of occupants, except the elderly, at intervals of two years (or at shorter intervals in cases where the Administrator may deem it desirable) for the purpose of adjusting rental charges and annual payments on the basis of occupants' incomes, but in no event shall rental charges adjusted under this section for any dwelling exceed the fair market rental of the dwelling.

(3) The Administrator may enter into agreements, or authorize housing owners to enter into agreements, with public or private agencies for services required in the selection of qualified tenants, including those who may be approved, on the basis of the probability of future increases in their incomes, as lessees under an option to purchase (which will give such approved qualified tenants an exclusive right to purchase at a price established or determined as provided in the option) dwellings, and in the establishment of rentals. The Administrator is authorized (without limiting his authority under any other provision of law) to delegate to any such public or private agency his authority to issue certificates pursuant to this subsection.

(4) No payments under this section may be made with respect to any property for which the costs of operation (including wages and salaries) are determined by the Administrator to be greater than similar costs of operation of similar housing in the community where the property is situated.
(f) Section 101(c) of the Housing Act of 1949 is amended by inserting "(j)" after "a mortgage under" in the first proviso and by inserting immediately before the colon at the end of such proviso the following: 

"(j) or (ii) section 221(d) (3) of the National Housing Act if payments with respect to the mortgaged property are made or are to be made under section 101 of the Housing and Urban Development Act of 1965, except that no such mortgage shall be insured, and no commitment to insure such a mortgage shall be issued, with respect to property in any community for which a workable program for community improvement was required and in effect at the time a contract for a loan or capital grant was entered into under this title, or a contract for annual contributions or capital grants was entered into pursuant to the United States Housing Act of 1937, unless there is a workable program for community improvement which meets the requirements of this subsection in effect in such community at the time of such insurance or commitment."

(g) The Administrator is authorized to make such rules and regulations, to enter into such agreements, and to adopt such procedures as he may deem necessary or desirable to carry out the provisions of this section. Nothing contained in this section shall affect the authority of (1) the Federal Housing Commissioner with respect to any housing assisted under this section and under sections 221(d) (3) and 231(c) (3) of the National Housing Act, or (2) the Housing and Home Finance Administrator with respect to any housing assisted under this section and under section 202 of the Housing Act of 1959, including the authority to prescribe occupancy requirements under other provisions of law or to determine the portion of any such housing which may be occupied by qualified tenants.

(h) There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this section, including, but not limited to, such sums as may be necessary to make annual payments as prescribed in this section, pay for services provided under (or pursuant to agreements entered into under) subsection (e), and provide administrative expenses.

(i) Section 114(c) (2) of the Housing Act of 1949 is amended by inserting before the colon at the end of the first proviso the following: "or a dwelling unit assisted under section 101 of the Housing and Urban Development Act of 1965".

(j) (1) For the purpose of assisting housing under this section on an experimental basis, subject to the limitations of this subsection, the term "housing owner" (in addition to the meaning prescribed in subsection (b)) includes—

(A) a private nonprofit corporation or other private nonprofit legal entity, a limited dividend corporation or other limited dividend legal entity, or a cooperative housing corporation, which is a mortgagor under a mortgage which receives the benefits of the interest rate provided for in the proviso in section 221(d) (5) of the National Housing Act and which, after the date of the enactment of this Act, has been approved for mortgage insurance under section 221(d) (3) of the National Housing Act and has been approved for receiving the benefits of this section;

(B) a private nonprofit corporation or other private nonprofit legal entity which is a mortgagor under a mortgage insured under section 231(c) (3) of the National Housing Act and which, after the date of the enactment of this Act, has obtained final endorsement of such mortgage for mortgage insurance and has been approved for receiving the benefits of this section; and
(C) a private nonprofit corporation, a public body or agency, or a cooperative housing corporation, which is a borrower under section 202 of the Housing Act of 1959 and has been approved for receiving the benefits of this section: Provided, That, with respect to properties financed with loans under such section made on or before the date of the enactment of this Act, payments shall not be made with respect to more than 20 per centum of the dwelling units in any property so financed.

(2) Of the amounts approved in appropriation Acts pursuant to subsection (a) for payments under this section in any year, not more than 5 per centum in the aggregate shall be paid with respect to properties of housing owners as defined in paragraph (1) (A) of this subsection, and not more than 5 per centum in the aggregate shall be paid with respect to properties of housing owners as defined in paragraphs (1) (B) and (1) (C) of this subsection.

(d) Section 302 (c) of such Act is amended by inserting before the last sentence thereof the following: "If there shall be included within one or more of the trusts or other agencies created pursuant to the authority of this subsection any mortgages bearing a below-market interest rate and insured under section 221 (d) (8) after the date of the enactment of the Housing and Urban Development Act of 1965, there are authorized to be appropriated from time to time such amounts as may be necessary to reimburse the Association for the amount of the differential (including interest, other costs, and a fair proportion of administrative expense) between (1) the total outlay with respect to outstanding participations or other instruments which, at the time of issuance, were predicated upon or otherwise related to such below-market interest rate mortgages, and (2) the total receipts from such mortgages."
LOW-RENT HOUSING IN PRIVATE ACCOMMODATIONS

SEC. 103. (a) The United States Housing Act of 1937 is amended by redesignating section 23 as section 24, and by adding after section 22 the following new section:

"LOW-RENT HOUSING IN PRIVATE ACCOMMODATIONS

"SEC. 23. (a) (1) For the purpose of providing a supplementary form of low-rent housing which will aid in assuring a decent place to live for every citizen and promote efficiency and economy in the program under this Act by taking full advantage of vacancies or potential vacancies in the private housing market, each public housing agency shall, to the maximum extent consistent with the achievement of the objectives of this Act, provide low-rent housing under this Act in the form of low-rent housing in private accommodations in accordance with this section where such housing in private accommodations can be provided at a cost equal to or less than housing in projects assisted under other provisions of this Act.

(2) The provisions of this section shall not apply to any locality unless the governing body of the locality has by resolution approved the application of such provisions to such locality.

(3) As used in this section, the term 'low-rent housing in private accommodations' means dwelling units in an existing structure, leased from a private owner, which provide decent, safe, and sanitary dwelling accommodations and related facilities effectively supplementing the accommodations and facilities in low-rent housing assisted under the other provisions of this Act in a manner calculated to meet the total housing needs of the community in which they are located; and the term 'owner' means any person or entity having the legal right to lease or sublease property containing one or more dwelling units as described in this section.

(b) Beginning as soon as practicable after the date of the enactment of this section, each public housing agency shall conduct a continuing survey and listing of the available dwelling units within the community or communities under its jurisdiction which provide decent, safe, and sanitary dwelling accommodations and related facilities and are, or may be made, suitable for use as low-rent housing in private accommodations under this section.

(c) Each public housing agency, by notification to the owners of housing listed under subsection (b), or by publication or advertisement, or otherwise, shall from time to time make known to the public in the community or communities under its jurisdiction the anticipated need for dwelling units in such community or communities to be used as low-rent housing in private accommodations under this section, inviting the owners of such dwelling units to make available for purposes of this section one or more of such units (not exceeding 10 per centum of the units in any single structure except to the extent that the agency, because of the limited number of units in the structure or for any other reason, determines that such limit should not be applied). The public housing agency shall conduct appropriate inspections of the units offered to be made available in any residential structure by the owner thereof in response to such invitation, and if—

(1) it finds that such units are, or may be made, suitable for use as low-rent housing in private accommodations within the meaning of subsection (a) (3), and

(2) the rentals to be charged for such units, as negotiated and agreed to by the agency and the owner of the structure in a manner consistent with subsection (d) (2), are within the financial range of families of low income,
such agency may approve such units for use as low-rent housing in private accommodations in accordance with (and subject to the applicable limitations contained in) this section. Each public housing agency shall maintain and keep current a list of units approved by it under this subsection, including such information with respect to each such unit as it may consider necessary or appropriate.

"(d) To the extent of contracts for annual contributions entered into by the Authority with a public housing agency under section 10(e), such agency may enter into contracts with the owners of structures containing dwelling units approved under subsection (c) for the use of such units in accordance with this section. Each such contract with an owner shall provide (with respect to any unit) that:

"(1) the selection of tenants for such unit shall be the function of the owner, subject to the provisions of the contract between the Authority and the agency;

"(2) the rental and other charges to be received by the owner shall be negotiated and agreed to by the agency and the owner, and the rental and other charges to be paid by the tenant shall be determined in accordance with the standards applicable to units in low-rent housing projects assisted under the other provisions of this Act;

"(3) the agency shall have the sole right to give notice to vacate, with the owner having the right to make representations to the agency for termination of a tenancy;

"(4) maintenance and replacements (including redecoration) shall be in accordance with the standard practice for the building concerned, as established by the owner and agreed to by the agency; and

"(5) the agency and the owner shall carry out such other appropriate terms and conditions as may be mutually agreed to by them.

Each contract between a public housing agency and an owner entered into under this subsection shall be for a term of not less than twelve months nor more than thirty-six months, and shall be renewable by such agency and owner at the expiration of such term.

"(e) The annual contribution under this Act for a project of a public housing agency for low-rent housing in private accommodations under this section in lieu of any other guaranteed contribution authorized by section 10 shall not exceed the amount of the fixed annual contribution which would be established under this Act for a newly constructed project by such public housing agency designed to accommodate the comparable number, sizes, and kinds of families. The period over which payments will be made to a public housing agency for a project of low-rent housing in private accommodations under this section, and the aggregate amount of such payments, under a contract for annual contributions, shall be determined on the basis of the number of units in the community or communities under the jurisdiction of such agency which are in use (or can reasonably be expected to be placed in use) as low-rent housing in private accommodations under this section, taking into account the terms of the leases under which such units are (or will be) so used. In addition, contracts for financial assistance entered into by the Authority with a public housing agency pursuant to this section shall provide for reimbursement of reasonable and necessary expenses incurred by such agency in conducting surveys, listings, and inspections described in subsections (b) and (c).

"(f) The provisions of sections 10(h) and 15(7) of this Act, and the workable program requirement in section 10(e) of this Act and section
101 (c) of the Housing Act of 1949, shall not apply to low-rent housing in private accommodations provided under this section.

(b) The last sentence of section 2 (1) of such Act is amended by striking out "Income limits for occupancy and rents" and inserting in lieu thereof "Except as otherwise provided in section 23, income limits for occupancy and rents".

SEC. 104. Section 2 (2) of the United States Housing Act of 1937 is amended to read as follows:

The term 'families' includes families consisting of a single person in the case of elderly families and displaced families, and includes the remaining member of a tenant family. The term 'elderly families' means families whose heads (or their spouses), or whose sole members, have attained the age at which an individual may elect to receive an old-age benefit under title II of the Social Security Act, or are under a disability as defined in section 223 of that Act, or are handicapped within the meaning of section 202 of the Housing Act of 1959. The term 'displaced families' means families displaced by urban renewal or other governmental action, or families whose present or former dwellings are situated in areas determined by the Small Business Administration, subsequent to April 1, 1965, to have been affected by a natural disaster, and which have been extensively damaged or destroyed as the result of such disaster."

Any such grant may be made only to an individual or family, as described in subsection (b), who owns and occupies a structure in an urban renewal area, and only for the purpose of covering the cost of repairs and improvements necessary to make such structure conform to public standards for decent, safe, and sanitary housing as required by applicable codes or other requirements of the urban renewal plan for the area. Any contract for financial assistance under this title shall provide that the capital grant

49-850 O-66—32

In case the income of the individual or family exceeds $3,000 a year, a grant may be made under this section, subject to the limitations specified in clauses (1) and (2) of the preceding sentence, but only in an amount not to exceed that portion of the cost of the repairs and improvements which cannot be paid for with any available loan that can be amortized as part of such individual's or family's monthly housing expense without requiring such monthly housing expense to exceed 25 per centum of such individual's or family's monthly income."

(b) Any contract with a local public agency which was executed under title I of the Housing Act of 1949 before the date of enactment of this Act may be amended to provide for grants authorized by section 115 of the Housing Act of 1949.

MORTGAGE RELIEF FOR HOMEOWNERS WHO ARE UNEMPLOYED AS THE RESULT OF THE CLOSING OF A FEDERAL INSTALLATION

(3) The term "distressed mortgagor" means an individual who—

(A) is unemployed, although willing to work, as the result of the closing (in whole or in part) of a Federal installation, and

(b) (1) Any distressed mortgagor, for the purpose of avoiding foreclosure of his mortgage, may apply to the appropriate Federal mortgage agency for a determination that suspension of his obligation to make payments of principal and/or interest under such mortgage during a temporary period is necessary in order to avoid such foreclosure.

(2) Upon receipt of an application made under this subsection by a distressed mortgagor, the Federal mortgage agency shall issue to such mortgagor a certificate of moratorium if it determines, after consultation with the interested mortgagee, that—

(A) the mortgagor is not in default with respect to any condition or covenant of the mortgage other than that requiring the payment of installments of principal and/or interest under the mortgage, and
(B) such action is the only available means whereby a foreclosure of such mortgage can be avoided.

(3) Prior to the issuance to any distressed mortgagor of a certificate of moratorium under paragraph (2), the Federal mortgage agency shall require such mortgagor to enter into a binding agreement under which he will be required to make payments to such agency, after the expiration of such certificate, in an aggregate amount equal to the amount paid by such agency on behalf of such mortgagor as provided in subsection (c). The manner and time in which such payments shall be made shall be determined by the Federal mortgage agency having due regard to the purposes sought to be achieved by this section.

(4) Any certificate of moratorium issued under this subsection shall expire on whichever of the following dates is the earliest—

(A) one year from the date on which such certificate is issued;

(B) thirty days after the date on which the mortgagor to whom such certificate is issued ceases to be a distressed mortgagor as defined in subsection (a); or

(C) the date on which such mortgagor becomes in default with respect to any condition or covenant in his mortgage other than that requiring the payment by him of installments of principal and or interest under the mortgage.

(c) (1) Whenever a Federal mortgage agency issues a certificate of moratorium to any distressed mortgagor with respect to any mortgage, it shall transmit to the mortgagee a copy of such certificate, together with a notice stating that, while such certificate is in effect, such agency will assume the obligation of such mortgagor to make payments of principal, and, if so specified in the certificate, of interest, under the mortgage.

(2) Payments made by any Federal mortgage agency pursuant to a certificate of moratorium issued under this section with respect to the mortgage of any distressed mortgagor shall include, in addition to the payments referred to in paragraph (1), an amount equal to the unpaid principal and interest charges which had accrued under such mortgage prior to the issuance of such certificate and subsequent to the date on which such mortgagor became a distressed mortgagor as defined in subsection (a).

(3) While any certificate of moratorium issued under this section is in effect with respect to the mortgage of any distressed mortgagor, no further payments of principal, and, if so specified in the certificate, of interest, under the mortgage shall be required of such mortgagor, and no action (legal or otherwise) shall be taken or maintained by the mortgagee to enforce or collect such payments. Upon the expiration of such certificate, the mortgagor shall again be liable for the payment of all amounts due under the mortgage in accordance with its terms.

(4) Each Federal mortgage agency shall give prompt notice in writing to the interested mortgagor and mortgagee of the expiration of any certificate of moratorium issued by it under this section.

(d) The Federal mortgage agencies are authorized to issue such individual and joint regulations as may be necessary to carry out this section and to insure the uniform administration thereof.

The capital of each such fund shall consist of such sums as may, from time to time, be appropriated thereto, and any sums so appropriated shall remain available until expended. Receipts arising from the pro-
grams of assistance under subsection (c) shall be credited to the fund from which such assistance was extended. Moneys in either of such funds not needed for current operations, as determined by the Federal Housing Commissioner, or the Administrator of Veterans' Affairs, as the case may be, shall be invested in bonds or other obligations of the United States, or paid into the Treasury as miscellaneous receipts.

(f) Section 1816 of title 38, United States Code, is amended by inserting "(a)" before the text of such section, and by adding at the end thereof a new subsection as follows:

"(b) With respect to any loan made under section 1811 which has not been sold as provided in subsection (g) of such section, if the Administrator finds, after there has been a default in the payment of any installment of principal or interest owing on such loan, that the default was due to the fact that the veteran who is obligated under the loan has become unemployed as the result of the closing (in whole or in part) of a Federal installation, he shall (1) extend the time for curing the default to such time as he determines is necessary and desirable to enable such veteran to complete payments on such loan, including an extension of time beyond the stated maturity thereof, or (2) modify the terms of such loan for the purpose of changing the amortization provisions thereof by recasting, over the remaining term of the loan, or over such longer period as he may determine, the total unpaid amount then due with the modification to become effective currently or upon the termination of an agreed-upon extension of the period for curing the default."

(3) that as the result of the actual or pending closing of such base or installation there is no present market for the sale of such property upon reasonable terms and conditions.
(b) The purchase price of any property which is situated at or near a military base or installation and is acquired under this section shall be equal to an amount determined by the Secretary of Defense to be the average price at which properties, similar in size, construction, condition, and location to that of the property to be acquired, were sold during a representative period, as determined by the Secretary, prior to the announcement of the intention of the Department of Defense to close all or part of such base or installation.

(c) The title to any property acquired under this section shall be free and clear of any outstanding liens or encumbrances and shall conform to such requirements as the Secretary of Defense shall by regulation require. Such regulations shall also prescribe the terms and conditions under which payments may be made under this section, and decisions by the Secretary regarding such payments, and the terms and conditions under which the same are approved or disapproved, shall be final and conclusive and shall not be subject to judicial review.

(d) Properties acquired under this section shall be transferred to the Federal Housing Commissioner, and the Federal Housing Commissioner shall have power to deal with, rent, renovate, or sell for cash or credit any properties so transferred. "(b) the term 'first mortgage' includes such classes of first liens as are commonly given to secure advances (including but not
limited to advances during construction) on, or the unpaid pur-

prepare land primarily for residential and related uses or to pro-
vide facilities for public or common use; but such term shall not
include any building unless it is (1) a building which is needed
in connection with a water supply or sewage disposal installation,
or (2) a building, other than a school, which is to be owned and
maintained jointly by the property owners; and

and such interest shall be exclusive of premium charges for mort-
gage insurance and such service charges and fees as may be
approved by the Commissioner; and

“(3) is consistent with a comprehensive plan which covers, or with comprehensive planning being carried on for, the area in which the land is situated, and which meets criteria established by the Housing and Home Finance Administrator for such plans or planning.

"Sec. 1004. "RELEASES

"Sec. 1006. The Commissioner may, on such terms and conditions as he may prescribe, consent to the release or subordination of a part or parts of the mortgaged property from the lien of the mortgage.

On or before January 1, 1967, the Commissioner shall make a report to the Congress concerning the premium rates and other charges under this title that he estimates will be adequate to provide income sufficient for a self-supporting program.

"INSURANCE BENEFITS

"Sec. 1008. The provisions of subsections (e), (g), (h), (i), (j), (k), (l), and (n) of section 207 of this Act shall be applicable to mortgages insured under this title, except that as applied to such mortgages (1) any reference therein to section 207 shall be deemed to refer to this title, and (2) any reference to an annual premium shall be deemed to refer to such premiums as the Commissioner may designate under this title.

"INCONTESTABILITY PROVISIONS

"Sec. 1009. Any contract of insurance executed by the Commissioner under this title shall be conclusive evidence of the eligibility of the mortgage for insurance, and the validity of any contract of insurance so executed shall be incontestable in the hands of an approved mortgagee from the date of the execution of such contract, except for fraud or material misrepresentation on the part of such approved mortgagee.

"RULES AND REGULATIONS

"Sec. 1010. The Commissioner is authorized to make such rules and regulations and to require such agreements as he may deem necessary or desirable to carry out the provisions of this title.

"TAXATION PROVISIONS

"Sec. 1011. Nothing in this title shall be construed to exempt any real property acquired and held by the Commissioner under this title from taxation by any State or political subdivision thereof to the same extent, according to its value, as other real property is taxed.

"COST CERTIFICATION

"Sec. 1012. (a) The Commissioner shall adopt such requirements as he determines necessary to assure, at reasonable intervals of time during land development and upon completion of such development, that the amount of the mortgage loan outstanding at each such interval does not exceed with respect to that portion of the land remaining under the lien of the mortgage (1) 50 per centum of the Commissioner's estimate of the value of such remaining land before development, plus (2) 90 per centum of the actual costs of the development allocated by the Commissioner to such remaining land.
“(b) From time to time during, and upon completion of, the development, the Commissioner shall require the mortgagor to certify as to the actual costs of development of the land.

“(c) Certifications required pursuant to this section shall be accompanied by such data and records as the Commissioner shall prescribe.

“(d) A mortgagor’s certification approved by the Commissioner shall be final and incontestable except for fraud or material misrepresentation on the part of the mortgagor.

“(e) As used in this section, the term ‘actual costs’ means the costs (exclusive of kickbacks, rebates, or trade discounts) to the mortgagor of the improvements involved. These costs may include amounts paid for labor, materials, construction contracts, land planning, engineers’ and architect’s fees, surveys, taxes, and interest during development, organizational and legal expenses, such allocation of general overhead expenses as are acceptable to the Commissioner, and other items of expense incidental to development which may be approved by the Commissioner. If the Commissioner determines there is an identity of interest between the mortgagor and the contractor, there may be included an allowance for contractor’s profit in an amount deemed reasonable by the Commissioner.”

"(k) There is hereby created a Cooperative Management Housing Insurance Fund (hereinafter referred to as the 'Management Fund'). The Management Fund shall be used by the Commissioner as a revolving fund for carrying out the provisions of this section with respect to mortgages or loans insured, on or after the date of the enactment of this subsection, under subsections (a)(1), (a)(3), (i), and (j). The Management Fund shall also be used as a revolving fund for mortgages, loans, and commitments transferred to it pursuant to subsection (m). The Commissioner is directed to transfer to the Management Fund from the General Insurance Fund established pursuant to section 519 such amount as the Commissioner determines to be necessary and appropriate. General expenses of operation of the Federal Housing Administration relating to mortgages or loans which are the obligation of the Management Fund may be charged to the Management Fund.

"(1) The Commissioner shall establish in the Management Fund, as of the date of the enactment of this subsection, a General Surplus Account and a Participating Reserve Account. The aggregate net income thereafter received or any net loss thereafter sustained by the Management Fund, in any semiannual period, shall be credited or charged to the General Surplus Account or the Participating Reserve Account or both in such manner and amounts as the Commissioner may determine to be in accord with sound actuarial and accounting practice. Upon termination of the insurance obligation of the Management Fund by payment of any mortgage or loan insured under this section, and at such time or times prior to such termination as the Commissioner may determine, the Commissioner is authorized to distribute to the mortgagor or borrower a share of the Participating Reserve Account in such manner and amount as the Commissioner shall determine to be equitable and in accordance with sound actuarial and accounting practice: Provided, That in no event shall the amount of the distributable share exceed the aggregate scheduled annual premiums of the mortgagor or borrower to the year of payment of the share less the total amount of any share or shares previously distributed by the Commissioner to the mortgagor or borrower: And provided further, That in no event may a distributable share be distributed until any funds transferred from the General Insurance Fund to the Management Fund pursuant to subsection (k) or (o) have been repaid in full to the General Insurance Fund. No mortgagor, mortgagee, borrower, or lender shall have any vested right in a credit balance in any such account or be subject to any liability arising out of the mutuality of the Management Fund. The determination of the Commissioner as to the amount to be paid by him to any mortgagor or borrower shall be final and conclusive.
“(m) The Commissioner is authorized to transfer to the Management Fund commitments for insurance issued under subsections (a) (1), (i), and (j) prior to the date of the enactment of this subsection, and to transfer to the Management Fund the insurance of any mortgage or loan insured prior to the date of the enactment of this subsection under subsection (a) (1), (a) (3) (if the project is acquired by a cooperative corporation), (i), or (j), but only in cases where the consent of the mortgagee or lender to the transfer is obtained or a request by the mortgagee or lender for the transfer is received by the Commissioner within such period of time after the date of the enactment of this subsection as the Commissioner shall prescribe: Provided, That the insurance of any mortgage or loan shall not be transferred under the provisions of this subsection if on the date of the enactment of this subsection the mortgage or loan is in default and the mortgagee or lender has notified the Commissioner in writing of its intention to file an insurance claim. Any insurance or commitment not so transferred shall continue to be an obligation of the General Insurance Fund.

“(n) Notwithstanding the limitations contained in other provisions of this Act, premium charges for mortgages or loans insured under this section and sections 207, 231, and 232 may be payable in debentures issued in connection with mortgages or loans transferred to the Management Fund or in connection with mortgages or loans insured pursuant to commitments transferred to the Management Fund, as provided in subsection (m) of this section.

“(o) Notwithstanding any other provision of this Act, the Commissioner is authorized to transfer funds between the Cooperative Management Housing Insurance Fund and the General Insurance Fund in such amounts and at such times as he may determine, taking into consideration the requirements of each such Fund, to assist in carrying out effectively the insurance programs for which such Funds were respectively established.”

“(iv) in no case involving refinancing (except as provided in clause (iii)) have a principal obligation in an amount exceeding the sum of the estimated cost of repair and rehabilitation and the amount (as determined by the Commissioner) required to refinance existing indebtedness secured by the property or project, plus any existing indebtedness incurred in connection with improving, repairing, or rehabilitating the property; or”.

“(b) The Administration shall fix a uniform annual fee for its share of any guarantee under this section which shall be payable in advance at such time as may be prescribed by the Administrator. The amount of any such fee shall be determined in accordance with sound actuarial practices and procedures, to the extent practicable, but in no case shall such amount exceed, on the Administration’s share of any guarantee made under this title, 21/2 per centum per annum of the minimum annual guaranteed rental payable under any guaranteed lease; Provided, That the Administration shall fix the lowest fee that experience under the program established hereby has shown to be justified. “(c) In connection with the guarantee of rentals under any lease pursuant to authority conferred by this section, the Administrator may require, in order to minimize the financial risk assumed under such guarantee—

“(1) that the lessee pay an amount, not to exceed one-fourth of the minimum guaranteed annual rental required under the lease, which shall be held in escrow and shall be available (A) to meet rental charges accruing in any month for which the lessee is in default, or (B) if no default occurs during the term of the lease, for application (with accrued interest) toward final payments of rental charges under the lease;

“(2) that upon occurrence of a default under the lease, the lessor shall, as a condition precedent to enforcing any claim under the lease guarantee, utilize the entire period, for which there are funds available in escrow for payment of rentals, in reasonably diligent efforts to eliminate or minimize losses, by releasing the commercial or industrial property covered by the lease to another qualified tenant, and no claim shall be made or paid under the guarantee until such effort has been made and such escrow funds have been exhausted;

“(3) that any guarantor of the lease will become a successor of the lessor for the purpose of collecting from a lessee in default rentals which are in arrears and with respect to which the lessor has received payment under a guarantee made pursuant to this section; and

“(4) such other provisions, not inconsistent with the purposes of this title, as the Administrator may in his discretion require.

**TITLE VII—COMMUNITY FACILITIES**

PURPOSE

Sec. 701. The purpose of this title is to assist and encourage the communities of the Nation fully to meet the needs of their citizens by
making it possible, with Federal grant assistance, for their governmental bodies (1) to construct adequate basic water and sewer facilities needed to promote the efficient and orderly growth and development of our communities, (2) to construct neighborhood facilities needed to enable them to carry on programs of necessary social services, and (3) to acquire, in a planned and orderly fashion, land to be utilized in connection with the future construction of public works and facilities.

**Grants for Basic Water and Sewer Facilities**

Sec. 702. (a) The Housing and Home Finance Administrator (hereinafter in this title referred to as the "Administrator") is authorized to make grants to local public bodies and agencies to finance specific projects for basic public water facilities (including works for the storage, treatment, purification, and distribution of water), and for basic public sewer facilities (other than "treatment works" as defined in the Federal Water Pollution Control Act): Provided, That no grant shall be made under this section for any sewer facilities unless the Secretary of Health, Education, and Welfare certifies to the Administrator that any waste material carried by such facilities will be adequately treated before it is discharged into any public waterway so as to meet applicable Federal, State, interstate, or local water quality standards.

(b) The amount of any grant made under the authority of this section shall not exceed 50 per centum of the development cost of the project: Provided, That in the case of a community having a population of less than ten thousand, according to the most recent decennial census, which is situated within a metropolitan area, the Administrator may increase the amount of a grant for a basic public sewer facility assisted under this section to not more than 90 per centum of the development cost of such facility, if the community is unable to finance the construction of such facility without the increased grant authorized under this subsection, and if in such community (1) there does not exist a public or other adequate sewer facility which serves a substantial portion of the inhabitants of the community, and (2) the rate of unemployment is, and has been continuously for the preceding calendar year, 100 per centum above the national average: And provided further, That the limitations and restrictions contained in subsection (c) of this section shall not be applicable to any community applying for an increased grant under this subsection.

(c) No grant shall be made under this section in connection with any project unless the Administrator determines that the project is necessary to provide adequate water or sewer facilities for, and will contribute to the improvement of the health or living standards of, the people in the community to be served, and that the project is (1) designed so that an adequate capacity will be available to serve the reasonably foreseeable growth needs of the area; (2) consistent with a program meeting criteria, established by the Administrator, for a unified or officially coordinated areawide water or sewer facilities system as part of the comprehensively planned development of the area, except that prior to July 1, 1968, grants may, in the discretion of the Administrator, be made under this section when such a program for an areawide water and sewer facilities system is under active preparation, although not yet completed, if the facility or facilities for which assistance is sought can reasonably be expected to be required as a part of such program, and there is urgent need for the facility or facilities; and (3) necessary to orderly community development.
GRANTS FOR NEIGHBORHOOD FACILITIES

SEC. 703. (a) In accordance with the provisions of this section, the Administrator is authorized to make grants to any local public body or agency to assist in financing specific projects for neighborhood facilities. Any such project may be undertaken by such body or agency directly or through a nonprofit organization approved by it: Provided, That no grant shall be provided under this section for any project to be undertaken through a nonprofit organization unless the Administrator determines (1) that such organization has or will have the legal, financial, and technical capacity to carry out the project, and (2) that the public body or agency to which the grant is made will have satisfactory continuing control over the use of the proposed facilities.

(b) The amount of any grant made under the authority of this section shall not exceed 662/3 per centum of the development cost of the project for which the grant is made (or 75 per centum of such cost in the case of a project located in an area which at the time the grant is made is designated as a redevelopment area under the Area Redevelopment Act or any Act supplementary thereto).

(c) No grant shall be made under this section for any project unless the Administrator determines that the project will provide a neighborhood facility which is (1) necessary for carrying out a program of health, recreational, social, or similar community service (including a community action program approved under title II of the Economic Opportunity Act of 1964) in the area, (2) consistent with comprehensive planning for the development of the community, and (3) so located as to be available for use by a significant portion (or number in the case of large urban places) of the area's low- or moderate-income residents.

(d) For a period of twenty years after a grant has been made under this section for a neighborhood facility, such facility shall not, without the approval of the Administrator, be converted to uses other than those proposed by the applicant in its application for a grant. The Administrator shall not approve any conversion in the use of such a neighborhood facility during such twenty-year period unless he finds that such conversion is in accordance with the then applicable program of health, recreational, social, or similar community services in the area and consistent with comprehensive planning for the development of the community in which the facility is located. In approving any such conversion, the Administrator may impose such additional conditions and requirements as he deems necessary.

(e) The Administrator shall give priority to applications for projects designed primarily to benefit members of low-income families or otherwise substantially further the objectives of a community action program approved under title II of the Economic Opportunity Act of 1964.

(a) In order to encourage and assist in the timely acquisition of land planned to be utilized in connection with the future construction of public works or facilities, the Administrator is authorized to make grants to local public bodies and agencies to assist in financing the acquisition of a fee simple estate or other interest in such land.

(b) The amount of any grant made under the authority of this section shall not exceed the aggregate amount of reasonable interest charges on the loan or other financial obligation incurred to finance the acquisition of such land for a period not exceeding the lesser of (1) five years from the date such loan was made or such financial obligation was incurred, or (2) the period of time between the date
such loan was made or such financial obligation was incurred and the date construction is begun on the public work or facility for which the land acquired was planned to be utilized.

(c) No grant shall be made under this section for any project for the acquisition of land unless the Administrator determines that the public work or facility for which such land is to be utilized is planned to be constructed or initiated within a reasonable period of time (not to exceed five years after a contract to make such grant is entered into) and that construction of such public work or facility will contribute to economy, efficiency, and the comprehensively planned development of the area.

(d) As a condition to providing assistance under this section, the Administrator may, under terms and conditions prescribed by him, require an applicant to agree to repay such assistance, if (1) the land purchased with such assistance is not utilized within five years after the agreement is entered into in connection with the construction of the public work or facility for which such land was acquired, or (2) such land is diverted to other uses.

"(b) The radiotelegraph station shall be so located that no harmful interference from extraneous mechanical or other noise will be caused to the proper reception of radio signals, and shall be placed in the upper part of the ship in a position of the greatest possible safety and as high as practicable above the deepest load waterline. The location of the radiotelegraph operating room or rooms shall be approved by the Commandant of the Coast Guard. “(i) The radio direction finding apparatus shall be efficient and capable of receiving signals with the minimum of receiver noise and of taking bearings from which the true bearing and direction may be determined. It shall be capable of receiving signals on the radiotelegraph frequencies assigned by the radio regulations annexed to the International Telecommunication Convention in force for the purposes of distress, direction finding, and maritime radio beacons, and, in installations made after May 26, 1965, such other frequencies as the Commission may for safety purposes designate.”

JOINT RESOLUTION

Authorizing the President to proclaim the occasion of the bicentennial celebration of the birth of James Smithson.

Whereas James Smithson, of London, England, by his last will and testament gave the whole of his property to the United States of America, to found at Washington, under the name of the "Smithsonian Institution", an establishment for the increase and diffusion of knowledge among men; and

AN ACT

To amend section 271 of the Atomic Energy Act of 1954, as amended.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 271 of the Atomic Energy Act of 1954, as amended, is amended to read as follows:

"SEC. 271. AGENCY JURISDICTION.—Nothing in this Act shall be construed to affect the authority or regulations of any Federal, State, or local agency with respect to the generation, sale, or transmission of electric power produced through the use of nuclear facilities licensed by the Commission: Provided, That this section shall not be deemed to confer upon any Federal, State, or local agency any authority to regulate, control, or restrict any activities of the Commission."

Approved August 24, 1965.
AN ACT

To provide grants for public works and development facilities, other financial assistance and the planning and coordination needed to alleviate conditions of substantial and persistent unemployment and underemployment in economically distressed areas and regions.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Public Works and Economic Development Act of 1965”.

STATEMENT OF PURPOSE

SEC. 2. The Congress declares that the maintenance of the national economy at a high level is vital to the best interests of the United States, but that some of our regions, counties, and communities are suffering substantial and persistent unemployment and underemployment; that such unemployment and underemployment cause hardship to many individuals and their families, and waste invaluable human resources; that to overcome this problem the Federal Government, in cooperation with the States, should help areas and regions of substantial and persistent unemployment and underemployment to take effective steps in planning and financing their public works and economic development; that Federal financial assistance, including grants for public works and development facilities to communities, industries, enterprises, and individuals in areas needing development should enable such areas to help themselves achieve lasting improvement and enhance the domestic prosperity by the establishment of stable and diversified local economies and improved local conditions, provided that such assistance is preceded by and consistent with sound, long-range economic planning; and that under the provisions of this Act new employment opportunities should be created by developing and expanding new and existing public works and other facilities and resources rather than by merely transferring jobs from one area of the United States to another.

TITLE I—GRANTS FOR PUBLIC WORKS AND DEVELOPMENT FACILITIES

SEC. 101. (a) Upon the application of any State, or political subdivision thereof, Indian tribe, or private or public nonprofit organization or association representing any redevelopment area or part thereof, the Secretary of Commerce (hereinafter referred to as the Secretary) is authorized—

(1) to make direct grants for the acquisition or development of land and improvements for public works, public service, or development facility usage, and the acquisition, construction, rehabilitation, alteration, expansion, or improvement of such facilities, including related machinery and equipment, within a redevelopment area, if he finds that—

(A) the project for which financial assistance is sought will directly or indirectly (i) tend to improve the opportunities, in the area where such project is or will be located, for the successful establishment or expansion of industrial or commercial plants or facilities, (ii) otherwise assist in the creation of additional long-term employment opportunities for such area, or (iii) primarily benefit the long-term unemployed and members of low-income families or otherwise

substantially further the objectives of the Economic Opportunity Act of 1964;

(B) the project for which a grant is requested will fulfill a pressing need of the area, or part thereof, in which it is, or will be, located; and

(C) the area for which a project is to be undertaken has an approved overall economic development program as provided in section 202(b)(10) and such project is consistent with such program;

(2) to make supplementary grants in order to enable the States and other entities within redevelopment areas to take maximum advantage of designated Federal grant-in-aid programs (as hereinafter defined), direct grants-in-aid authorized under this section, and Federal grant-in-aid programs authorized by the Watershed Protection and Flood Prevention Act (68 Stat. 666, as amended), and the eleven watersheds authorized by the Flood Control Act of December 22, 1944, as amended and supplemented (58 Stat. 887), for which they are eligible but for which, because of their economic situation, they cannot supply the required matching share.

(b) Subject to subsection (c) hereof, the amount of any direct grant under this section for any project shall not exceed 50 per centum of the cost of such project.

(c) The amount of any supplementary grant under this section for any project shall not exceed the applicable percentage established by regulations promulgated by the Secretary, but in no event shall the non-Federal share of the aggregate cost of any such project (including assumptions of debt) be less than 20 per centum of such cost. Supplementary grants shall be made by the Secretary, in accordance with such regulations as he shall prescribe, by increasing the amounts of direct grants authorized under this section or by the payment of funds appropriated under this Act to the heads of the departments, agencies, and instrumentalities of the Federal Government responsible for the administration of the applicable Federal programs. Notwithstanding any requirement as to the amount or sources of non-Federal funds that may otherwise be applicable to the Federal program involved, funds provided under this subsection shall be used for the sole purpose of increasing the Federal contribution to specific projects in redevelopment areas under such programs above the fixed maximum portion of the cost of such project otherwise authorized by the applicable law. The term “designated Federal grant-in-aid programs,” as used in this subsection, means such existing or future Federal grant-in-aid programs assisting in the construction or equipping of facilities as the Secretary may, in furtherance of the purposes of this Act, designate as eligible for allocation of funds under this section. In determining the amount of any supplementary grant available to any project under this section, the Secretary shall take into consideration the relative needs of the area, the nature of the project to be assisted, and the amount of such fair user charges or other revenues as the project may reasonably be expected to generate in excess of those which would amortize the local share of initial costs and provide for its successful operation and maintenance (including depreciation).

(d) The Secretary shall prescribe rules, regulations, and procedures to carry out this section which will assure that adequate consideration is given to the relative needs of eligible areas. In prescribing such rules, regulations, and procedures the Secretary shall consider among other relevant factors (1) the severity of the rates of unemployment in the eligible areas and the duration of such unemployment and (2)
the income levels of families and the extent of underemployment in eligible areas.

(e) Except for projects specifically authorized by Congress, no financial assistance shall be extended under this section with respect to any public service or development facility which would compete with an existing privately owned public utility rendering a service to the public at rates or charges subject to regulation by a State or Federal regulatory body, unless the State or Federal regulatory body determines that in the area to be served by the facility for which the financial assistance is to be extended there is a need for an increase in such service (taking into consideration reasonably foreseeable future needs) which the existing public utility is not able to meet through its existing facilities or through an expansion which it agrees to undertake.

(f) The Secretary shall prescribe regulations which will assure that appropriate local governmental authorities have been given a reasonable opportunity to review and comment upon proposed projects under this section.

Sec. 102. (a) In addition to the assistance otherwise authorized, the Secretary is authorized to make grants in accordance with the provisions of this title to those areas which the Secretary of Labor determines, on the basis of average annual available unemployment statistics, were areas of substantial unemployment during the preceding calendar year.

(b) Areas designated under the authority of this section shall be subject to an annual review of eligibility in accordance with section 402, and to all of the rules, regulations, and procedures applicable to redevelopment areas except as the Secretary may otherwise prescribe by regulation.

Sec. 103. Not more than 15 per centum of the appropriations made pursuant to this title may be expended in any one State.

Sec. 104. No part of any appropriations made pursuant to this title may be expended for any project in any area which is within the "Appalachian region" (as that term is defined in section 403 of the Appalachian Regional Development Act of 1965) which is approved for assistance under the Appalachian Regional Development Act of 1965.

Sec. 105. There is hereby authorized to be appropriated to carry out this title not to exceed $500,000,000 for the fiscal year ending June 30, 1966, and for each fiscal year thereafter through the fiscal year ending June 30, 1969.

FINANCIAL ASSISTANCE FOR SEWER FACILITIES

Sec. 106. No financial assistance, through grants, loans, guarantees, or otherwise, shall be made under this Act to be used directly or indirectly for sewer or other waste disposal facilities unless the Secretary of Health, Education, and Welfare certifies to the Secretary that any waste material carried by such facilities will be adequately treated before it is discharged into any public waterway so as to meet applicable Federal, State, interstate, or local water quality standards.

TITLE II—OTHER FINANCIAL ASSISTANCE

PUBLIC WORKS AND DEVELOPMENT FACILITY LOANS

Sec. 201. (a) Upon the application of any State, or political subdivision thereof, Indian tribe, or private or public nonprofit organization or association representing any redevelopment area or part thereof, the Secretary is authorized to purchase evidence of indebtedness and to make loans to assist in financing the purchase or development of land
and improvements for public works, public service, or development facility usage, including public works, public service, and development facility usage, to be provided by agencies of the Federal Government pursuant to legislation requiring that non-Federal entities bear some part of the cost thereof, and the acquisition, construction, rehabilitation, alteration, expansion, or improvement of such facilities, including related machinery and equipment, within a redevelopment area, if he finds that—

(1) the project for which financial assistance is sought will directly or indirectly—

(A) tend to improve the opportunities, in the area where such project is or will be located, for the successful establishment or expansion of industrial or commercial plants or facilities,

(B) otherwise assist in the creation of additional long-term employment opportunities for such area, or

(C) primarily benefit the long-term unemployed and members of low-income families or otherwise substantially further the objectives of the Economic Opportunity Act of 1964;

(2) the funds requested for such project are not otherwise available from private lenders or from other Federal agencies on terms which in the opinion of the Secretary will permit the accomplishment of the project;

(3) the amount of the loan plus the amount of other available funds for such project are adequate to insure the completion thereof;

(4) there is a reasonable expectation of repayment; and

(5) such area has an approved overall economic development program as provided in section 202(b)(10) and the project for which financial assistance is sought is consistent with such program.

(b) Subject to section 701(5), no loan, including renewals or extensions thereof, shall be made under this section for a period exceeding forty years, and no evidence of indebtedness maturing more than forty years from the date of purchase shall be purchased under this section. Such loans shall bear interest at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum, less not to exceed one-half of 1 per centum per annum.

(c) There are hereby authorized to be appropriated such sums as may be necessary to carry out the provisions of this section and section 202: Provided, That annual appropriations for the purpose of purchasing evidences of indebtedness, making and participating in loans, and guaranteeing loans shall not exceed $170,000,000, for the fiscal year ending June 30, 1966, and for each fiscal year thereafter through the fiscal year ending June 30, 1970.

(d) Except for projects specifically authorized by Congress, no financial assistance shall be extended under this section with respect to any public service or development facility which would compete with an existing privately owned public utility rendering a service to the public at rates or charges subject to regulation by a State or Federal regulatory body, unless the State or Federal regulatory body determines that in the area to be served by the facility for which the financial assistance is to be extended there is a need for an increase in such service (taking into consideration reasonably foreseeable

79 Stat. 508. 42 USC 2701 note.
future needs) which the existing public utility is not able to meet through its existing facilities or through an expansion which it agrees to undertake.

(e) The Secretary shall prescribe regulations which will assure that appropriate local governmental authorities have been given a reasonable opportunity to review and comment upon proposed projects under this section.

**LOANS AND GUARANTEES**

**SEC. 202.** (a) The Secretary is authorized (1) to purchase evidences of indebtedness and to make loans (which for purposes of this section shall include participations in loans) to aid in financing any project within a redevelopment area for the purchase or development of land and facilities (including machinery and equipment) for industrial or commercial usage, including the construction of new buildings, the rehabilitation of abandoned or unoccupied buildings, and the alteration, conversion, or enlargement of existing buildings; and (2) to guarantee loans for working capital made to private borrowers by private lending institutions in connection with projects in redevelopment areas assisted under subsection (a) (1) hereof, upon application of such institution and upon such terms and conditions as the Secretary may prescribe: Provided, however, That no such guarantee shall at any time exceed 90 per centum of the amount of the outstanding unpaid balance of such loan.

(b) Financial assistance under this section shall be on such terms and conditions as the Secretary determines, subject, however, to the following restrictions and limitations:

1. Such financial assistance shall not be extended to assist establishments relocating from one area to another or to assist subcontractors whose purpose is to divest, or whose economic success is dependent upon divesting, other contractors or subcontractors of contracts theretofore customarily performed by them: Provided, however, That such limitation shall not be construed to prohibit assistance for the expansion of an existing business entity through the establishment of a new branch, affiliate, or subsidiary of such entity if the Secretary finds that the establishment of such branch, affiliate, or subsidiary will not result in an increase in unemployment of the area of original location or in any other area where such entity conducts business operations, unless the Secretary has reason to believe that such branch, affiliate, or subsidiary is being established with the intention of closing down the operations of the existing business entity in the area of its original location or in any other area where it conducts such operations.

2. Such assistance shall be extended only to applicants, both private and public (including Indian tribes), which have been approved for such assistance by an agency or instrumentality of the State or political subdivision thereof in which the project to be financed is located, and which agency or instrumentality is directly concerned with problems of economic development in such State or subdivision.

3. The project for which financial assistance is sought must be reasonably calculated to provide more than a temporary alleviation of unemployment or underemployment within the redevelopment area wherein it is or will be located.

4. No loan or guarantee shall be extended hereunder unless the financial assistance applied for is not otherwise available from private lenders or from other Federal agencies on terms which in the opinion of the Secretary will permit the accomplishment of the project.

5. The Secretary shall not make any loan without a participation unless he determines that the loan cannot be made on a participation basis.
(6) No evidences of indebtedness shall be purchased and no loans shall be made or guaranteed unless it is determined that there is reasonable assurance of repayment.

(7) Subject to section 701(5) of this Act, no loan, including renewals or extension thereof, may be made hereunder for a period exceeding twenty-five years and no evidences of indebtedness maturing more than twenty-five years from date of purchase may be purchased hereunder: Provided, That the foregoing restrictions on maturities shall not apply to securities or obligations received by the Secretary as a claimant in bankruptcy or equitable reorganization or as a creditor in other proceedings attendant upon insolvency of the obligor.

(8) Loans made and evidences of indebtedness purchased under this section shall bear interest at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum, plus additional charge, if any, toward covering other costs of the program as the Secretary may determine to be consistent with its purpose.

(9) Loan assistance shall not exceed 65 per centum of the aggregate cost to the applicant (excluding all other Federal aid in connection with the undertaking) of acquiring or developing land and facilities (including machinery and equipment), and of constructing, altering, converting, rehabilitating, or enlarging the building or buildings of the particular project, and shall, among others, be on the condition that—

(A) other funds are available in an amount which, together with the assistance provided hereunder, shall be sufficient to pay such aggregate cost;
(B) not less than 15 per centum of such aggregate cost be supplied as equity capital or as a loan repayable in no shorter period of time and at no faster an amortization rate than the Federal financial assistance extended under this section is being repaid, and if such a loan is secured, its security shall be subordinate and inferior to the lien or liens securing such Federal financial assistance: Provided, however, That, except in projects involving financial participation by Indian tribes, not less than 5 per centum of such aggregate cost shall be supplied by the State or any agency, instrumentality, or political subdivision thereof, or by a community or area organization which is nongovernmental in character, unless the Secretary shall determine in accordance with objective standards promulgated by regulation that all or part of such funds are not reasonably available to the project because of the economic distress of the area or for other good cause, in which case he may waive the requirement of this provision to the extent of such unavailability, and allow the funds required by this subsection to be supplied by the applicant or by such other non-Federal source as may reasonably be available to the project;
(C) to the extent the Secretary finds such action necessary to encourage financial participation in a particular project by other lenders and investors, and except as otherwise provided in subparagraph (B), any Federal financial assistance extended under this section may be repayable only after other loans made in connection with such project have been repaid in full, and the security, if any, for such Federal financial assistance may be subordinate and inferior to the lien or liens securing other loans made in connection with the same project.
(10) No such assistance shall be extended unless there shall be submitted to and approved by the Secretary an overall program for the economic development of the area and a finding by the State, or any agency, instrumentality, or local political subdivision thereof, that the project for which financial assistance is sought is consistent with such program: Provided, That nothing in this Act shall authorize financial assistance for any project prohibited by laws of the State or local political subdivision in which the project would be located, nor prevent the Secretary from requiring such periodic revisions of previously approved overall economic development programs as he may deem appropriate.

ECONOMIC DEVELOPMENT REVOLVING FUND

Sec. 203. Funds obtained by the Secretary under section 201, loan funds obtained under section 403, and collections and repayments received under this Act, shall be deposited in an economic development revolving fund (hereinafter referred to as the "fund"), which is hereby established in the Treasury of the United States, and which shall be available to the Secretary for the purpose of extending financial assistance under sections 201, 202, and 403, and for the payment of all obligations and expenditures arising in connection therewith. There shall also be credited to the fund such funds as have been paid into the area redevelopment fund or may be received from obligations outstanding under the Area Redevelopment Act. The fund shall pay into miscellaneous receipts of the Treasury, following the close of each fiscal year, interest on the amount of loans outstanding under this Act computed in such manner and at such rate as may be determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum, during the month of June preceding the fiscal year in which the loans were made.

TITLE III—TECHNICAL ASSISTANCE, RESEARCH, AND INFORMATION

Sec. 301. (a) In carrying out his duties under this Act the Secretary is authorized to provide technical assistance which would be useful in alleviating or preventing conditions of excessive unemployment or underemployment (1) to areas which he has designated as redevelopment areas under this Act, and (2) to other areas which he finds have substantial need for such assistance. Such assistance shall include project planning and feasibility studies, management and operational assistance, and studies evaluating the needs of, and developing potentialities for, economic growth of such areas. Such assistance may be provided by the Secretary through members of his staff, through the payment of funds authorized for this section to other departments or agencies of the Federal Government, through the employment of private individuals, partnerships, firms, corporations, or suitable institutions, under contracts entered into for such purposes, or through grants-in-aid to appropriate public or private nonprofit State, area, district, or local organizations. The Secretary, in his discretion, may require the repayment of assistance provided under this subsection and prescribe the terms and conditions of such repayment.

(b) The Secretary is authorized to make grants to defray not to exceed 75 per centum of the administrative expenses of organizations which he determines to be qualified to receive grants-in-aid under sub-
section (a) hereof. In determining the amount of the non-Federal share of such costs or expenses, the Secretary shall give due consideration to all contributions both in cash and in kind, fairly evaluated, including but not limited to space, equipment, and services. Where practicable, grants-in-aid authorized under this subsection shall be used in conjunction with other available planning grants, such as urban planning grants authorized under the Housing Act of 1954, as amended, and highway planning and research grants authorized under the Federal Aid Highway Act of 1962, to assure adequate and effective planning and economical use of funds.

(c) To assist in the long-range accomplishment of the purposes of this Act, the Secretary, in cooperation with other agencies having similar functions, shall establish and conduct a continuing program of study, training, and research to (A) assist in determining the causes of unemployment, underemployment, underdevelopment, and chronic depression in the various areas and regions of the Nation, (B) assist in the formulation and implementation of national, State, and local programs which will raise income levels and otherwise produce solutions to the problems resulting from these conditions, and (C) assist in providing the personnel needed to conduct such programs. The program of study, training, and research may be conducted by the Secretary through members of this staff, through payment of funds authorized for this section to other departments or agencies of the Federal Government, or through the employment of private individuals, partnerships, firms, corporations, or suitable institutions, under contracts entered into for such purposes, or through grants to such individuals, organizations, or institutions, or through conferences and similar meetings organized for such purposes. The Secretary shall make available to interested individuals and organizations the results of such research. The Secretary shall include in his annual report under section 707 a detailed statement concerning the study and research conducted under this section together with his findings resulting therefrom and his recommendations for legislative and other action.

(d) The Secretary shall aid redevelopment areas and other areas by furnishing to interested individuals, communities, industries, and enterprises within such areas any assistance, technical information, market research, or other forms of assistance, information, or advice which would be useful in alleviating or preventing conditions of excessive unemployment or underemployment within such areas. The Secretary may furnish the procurement divisions of the various departments, agencies, and other instrumentalities of the Federal Government with a list containing the names and addresses of business firms which are located in redevelopment areas and which are desirous of obtaining Government contracts for the furnishing of supplies or services, and designating the supplies and services such firms are engaged in providing.

(e) The Secretary shall establish an independent study board consisting of governmental and nongovernmental experts to investigate the effects of Government procurement, scientific, technical, and other related policies, upon regional economic development. Any Federal officer or employee may, with the consent of the head of the department or agency in which he is employed, serve as a member of such board, but shall receive no additional compensation for such service. Other members of such board may be compensated in accordance with the provisions of section 701(10). The board shall report its findings, together with recommendations for the better coordination of such policies, to the Secretary, who shall transmit the report to the Congress not later than two years after the enactment of this Act.
Appropriation. SEC. 302. There is hereby authorized to be appropriated $25,000,000 annually for the purposes of this title, for the fiscal year ending June 30, 1966, and for each fiscal year thereafter through the fiscal year ending June 30, 1970.

TITLE IV—AREA AND DISTRICT ELIGIBILITY

PART A—REDEVELOPMENT AREAS

AREA ELIGIBILITY

SEC. 401. (a) The Secretary shall designate as "redevelopment areas"—

(1) those areas in which he determines, upon the basis of standards generally comparable with those set forth in paragraphs (A) and (B), that there has existed substantial and persistent unemployment for an extended period of time and areas in which he determines there has been a substantial loss of population due to lack of employment opportunity. There shall be included among the areas so designated any area—

(A) where the Secretary of Labor finds that the current rate of unemployment, as determined by appropriate annual statistics for the most recent available calendar year, is 6 per centum or more and has averaged at least 6 per centum for the qualifying time periods specified in paragraph (B); and

(B) where the Secretary of Labor finds that the annual average rate of unemployment has been at least—

(i) 50 per centum above the national average for three of the preceding four calendar years, or

(ii) 75 per centum above the national average for two of the preceding three calendar years, or

(iii) 100 per centum above the national average for one of the preceding two calendar years.

The Secretary of Labor shall find the facts and provide the data to be used by the Secretary in making the determinations required by this subsection;

(2) those additional areas which have a median family income not in excess of 40 per centum of the national median, as determined by the most recent available statistics for such areas;

(3) those additional Federal or State Indian reservations or trust or restricted Indian-owned land areas which the Secretary, after consultation with the Secretary of the Interior or an appropriate State agency, determines manifest the greatest degree of economic distress on the basis of unemployment and income statistics and other appropriate evidence of economic underdevelopment;

(4) upon request of such areas, those additional areas in which the Secretary determines that the loss, removal, curtailment, or closing of a major source of employment has caused within three years prior to, or threatens to cause within three years after, the date of the request an unusual and abrupt rise in unemployment of such magnitude that the unemployment rate for the area at the time of the request exceeds the national average, or can reasonably be expected to exceed the national average, by 50 per centum or more unless assistance is provided. Notwithstanding any provision of subsection 401(b) to the contrary, an area designated under the authority of this paragraph may be given a reasonable time after designation in which to submit the overall economic development program required by subsection 202(b)(10) of this Act;
(5) notwithstanding any provision of this section to the contrary, those additional areas which were designated redevelopment areas under the Area Redevelopment Act on or after March 1, 1965: Provided, however, That the continued eligibility of such areas after the first annual review of eligibility conducted in accordance with section 402 of this Act shall be dependent on their qualification for designation under the standards of economic need set forth in subsections (a) (1) through (a) (4) of this section.

(b) The size and boundaries of redevelopment areas shall be as determined by the Secretary: Provided, however, That—

(1) no area shall be designated until it has an approved overall economic development program in accordance with subsection 202(b) (10) of this Act;

(2) any area which does not submit an acceptable overall economic development program in accordance with subsection 202(b) (10) of this Act within a reasonable time after notification of eligibility for designation, shall not thereafter be designated prior to the next annual review of eligibility in accordance with section 402 of this Act;

(3) no area shall be designated which does not have a population of at least one thousand five hundred persons, except for areas designated under subsection 401(a) (3), which shall have a population of not less than one thousand persons; and

(4) except for areas designated under subsections (a) (3) and (a) (4) hereof, no area shall be designated which is smaller than a "labor area" (as defined by the Secretary of Labor), a county, or a municipality with a population of over two hundred and fifty thousand, whichever in the opinion of the Secretary is appropriate.

(c) Upon the request of the Secretary, the Secretary of Labor, the Secretary of Agriculture, the Secretary of the Interior, and such other heads of agencies as may be appropriate are authorized to conduct such special studies, obtain such information, and compile and furnish to the Secretary such data as the Secretary may deem necessary or proper to enable him to make the determinations provided for in this section. The Secretary shall reimburse when appropriate, out of any funds appropriated to carry out the purposes of this Act, the foregoing officers for any expenditures incurred by them under this section.

(d) If a State has no area designated under the preceding subsections of this section as a redevelopment area, the Secretary shall designate as a redevelopment area that area in such State which in his opinion most nearly qualifies under such preceding subsections. An area so designated shall have its eligibility terminated in accordance with the provisions of section 402 if any other area within the same State subsequently has become qualified or been designated under any other subsection of this section as of the time of the annual review prescribed by section 402: Provided, That the Secretary shall not terminate any designation of an area in a State as a redevelopment area if to do so would result in such State having no redevelopment area.

(e) As used in this Act, the term "redevelopment area" refers to any area within the United States which has been designated by the Secretary as a redevelopment area.

ANNUAL REVIEW OF AREA ELIGIBILITY

Sec. 402. The Secretary shall conduct an annual review of all areas designated in accordance with section 401 of this Act, and on the basis thereof shall terminate or modify the designations of such areas in accordance with objective standards which he shall prescribe by
regulation. No area previously designated shall retain its designated status unless it maintains a currently approved overall economic development program in accordance with subsection 202(b)(10). No termination of eligibility shall (1) be made without thirty days' prior notification to the area concerned, (2) affect the validity of any application filed, or contract or undertaking entered into, with respect to such area pursuant to this Act prior to such termination, (3) prevent any such area from again being designated a redevelopment area under section 401 of this Act if the Secretary determines it to be eligible under such section, or (4) be made in the case of any designated area where the Secretary determines that an improvement in the unemployment rate of a designated area is primarily the result of increased employment in occupations not likely to be permanent. The Secretary shall keep the departments and agencies of the Federal Government, and interested State or local agencies, advised at all times of any changes made hereunder with respect to the classification of any area.

PART B—ECONOMIC DEVELOPMENT DISTRICTS

SEC. 403. (a) In order that economic development projects of broader geographical significance may be planned and carried out, the Secretary is authorized—

(1) to designate appropriate "economic development districts" within the United States with the concurrence of the States in which such districts will be wholly or partially located, if—

(A) the proposed district is of sufficient size or population, and contains sufficient resources, to foster economic development on a scale involving more than a single redevelopment area;

(B) the proposed district contains two or more redevelopment areas;

(C) the proposed district contains one or more redevelopment areas or economic development centers identified in an approved district overall economic development program as having sufficient size and potential to foster the economic growth activities necessary to alleviate the distress of the redevelopment areas within the district; and

(D) the proposed district has a district overall economic development program which includes adequate land use and transportation planning and contains a specific program for district cooperation, self-help, and public investment and is approved by the State or States affected and by the Secretary;

(2) to designate as "economic development centers," in accordance with such regulations as he shall prescribe, such areas as he may deem appropriate, if—

(A) the proposed center has been identified and included in an approved district overall economic development program and recommended by the State or States affected for such special designation;

(B) the proposed center is geographically and economically so related to the district that its economic growth may reasonably be expected to contribute significantly to the alleviation of distress in the redevelopment areas of the district; and

(C) the proposed center does not have a population in excess of two hundred and fifty thousand according to the last preceding Federal census.

(3) to provide financial assistance in accordance with the criteria of sections 101, 201, and 202 of this Act, except as may be
herein otherwise provided, for projects in economic development centers designated under subsection (a)(2) above, if—

(A) the project will further the objectives of the overall economic development program of the district in which it is to be located;

ESTABLISHMENT OF REGIONS

Sec. 501. The Secretary is authorized to designate appropriate “economic development regions” within the United States with the concurrence of the States in which such regions will be wholly or partially located if he finds (A) that there is a relationship between the areas within such region geographically, culturally, historically, and economically, (B) that with the exception of Alaska and Hawaii, the region is within contiguous States, and (C) upon consideration of the following matters, among others, that the region has lagged behind the whole Nation in economic development:

(1) the rate of unemployment is substantially above the national rate;

(2) the median level of family income is significantly below the national median;

(3) the level of housing, health, and educational facilities is substantially below the national level;

(4) the economy of the area has traditionally been dominated by only one or two industries, which are in a state of long-term decline;

(5) the rate of outmigration of labor or capital or both is substantial;

(6) the area is adversely affected by changing industrial technology;

(7) the area is adversely affected by changes in national defense facilities or production; and

(8) indices of regional production indicate a growth rate substantially below the national average.

REGIONAL COMMISSIONS

Sec. 502. (a) Upon designation of development regions, the Secretary shall invite and encourage the States wholly or partially located within such regions to establish appropriate multistate regional commissions.

(b) Each such commission shall be composed of one Federal member, hereinafter referred to as the “Federal cochairman”, appointed by the President by and with the advice and consent of the Senate, and one member from each participating State in the region. Each State member may be the Governor, or his designee, or such other person as may be provided by the law of the State which he represents. The State members of the commission shall elect a cochairman of the commission from among their number.

(c) Decisions by a regional commission shall require the affirmative vote of the Federal cochairman and of a majority, or at least one if only two, of the State members. In matters coming before a regional commission, the Federal cochairman shall, to the extent practicable, consult with the Federal departments and agencies having an interest in the subject matter.

(d) Each State member of a regional commission shall have an alternate, appointed by the Governor or as otherwise may be provided
by the law of the State which he represents. The President, by and
with the advice and consent of the Senate, shall appoint an alternate
for the Federal cochairman of each regional commission. An alter-
ate shall vote in the event of the absence, death, disability, removal,
or resignation of the State of Federal cochairman for which he is an
alternate.

(e) The Federal cochairman to a regional commission shall be com-

Act up to level IV of the Federal Executive Salary Schedule. His
alternate shall be compensated by the Federal Government from funds
authorized by this Act at not to exceed the maximum scheduled rate
for grade GS–18 of the Classification Act of 1949, as amended, and
when not actively serving as an alternate for the Federal cochair-
man shall perform such functions and duties as are delegated to him
by the Federal cochairman. Each State member and his alternate
shall be compensated by the State which they represent at the rate
established by the law of such State.

(f) If the Secretary finds that the State of Alaska or the State of
Hawaii meet the requirements for an economic development region,
he may establish a Commission for either State in a manner agreeable
to him and to the Governor of the affected State.

AN ACT

To authorize establishment of the Delaware Water Gap National Recreation Area, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to further the purposes of the joint resolution approved September 27, 1961 (re Delaware River Basin compact; 75 Stat. 688), and to provide, in a manner coordinated with the other purposes of the Tocks Island Reservoir project, for public outdoor recreation use and enjoyment of the proposed Tocks Island Reservoir and lands adjacent thereto by the people of the United States and for preservation of the scenic, scientific, and historic features contributing to public enjoyment of such lands and waters, the Secretary of the Interior is authorized, as herein provided, to establish and administer the Delaware Water Gap National Recreation Area, hereinafter referred to as the “area”, as part of the Tocks Island Reservoir project, hereinafter referred to as “the project”.

SEC. 2. (a) The Secretary of the Army is authorized and directed to acquire, by such means as he may deem to be in the public interest, and as a part of his acquisition of properties for the project, lands and interests therein within the boundaries of the area, as generally depicted on the drawing entitled “Proposed Tocks Island National Recreation Area” dated and numbered September 1962, NRA-TI-7100, which drawing is on file in the Office of the National Park Service, Department of the Interior. In acquiring these lands, the Secretary of the Army may utilize such statutory authorities as are available to him for the acquisition of project lands: Provided, That the Secretary of the Army shall acquire no lands or interests in land by exchange for lands or interests in land in Federal ownership unless the latter are in the States of Pennsylvania, New Jersey, or New York. Periodically, and as soon as practicable after such lands and interests within the area are acquired, the Secretary of the Army shall transfer jurisdiction thereover to the Secretary of the Interior for the purposes of this Act.

(b) Notwithstanding the provisions of subsection (a) of this section, the Secretary of the Interior is authorized, after consultation with appropriate public officials of the affected political subdivisions of the States of Pennsylvania or New Jersey, as the case may be, to designate not more than three hundred acres adjacent and contiguous to the Borough of Milford, Pennsylvania, and not more than one thousand acres in Sussex County, New Jersey, for omission from the Delaware Valley National Recreation Area and the lands so designated shall not be acquired for said national recreation area under authority of this Act.

(c) The Secretary of the Interior shall investigate, study, and report to the President and the Congress on the feasibility and usefulness of extending the boundaries of the Delaware Water Gap National Recreation Area to include, in whole or in part, that portion of Tocks Island Reservoir which lies upstream from the northern terminus of the national recreation area as shown on the map hereinbefore referred to and lands adjacent to said portion of said reservoir. No such extension of boundaries, however, shall be made until authorized by Act of Congress.

(d) The beneficial owner, not being a corporation, of a freehold interest acquired before January 1, 1965, in improved residential property within the area to be acquired by the Secretary of the Army under authority of this Act, the continued use of which property for noncommercial residential purposes for a limited time will not, in the judgment of the Secretary of the Interior, unduly interfere with the development of public-use facilities for the national recreation area.
and will not, in the judgment of the Secretary of the Army, unduly interfere with the operation of the Tocks Island Reservoir project, may retain a right of use and occupancy of such property for noncommercial residential purposes for, as said owner may elect, either (i) a period terminating upon his death or the death of his spouse, whichever occurs later, or (ii) a term of not more than twenty-five years: Provided, That in no case shall the period or term for which such right of use and occupancy is retained extend beyond the term of the freehold interest acquired by the United States. The price payable to the owner of such property shall be reduced by an amount equal to the value of the right retained. As used in this Act “improved residential property” means a single-family year-round dwelling, the construction of which was begun before January 21, 1963, which dwelling serves as the owner’s permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located which land the Secretary of the Interior or the Secretary of the Army, as the case may be, finds is reasonably necessary for the owner’s continued use and occupancy of the dwelling.

SEC. 3. (a) As soon as practicable after the date of enactment of this Act and following the transfer to the Secretary of the Interior by the Secretary of the Army of jurisdiction over those lands and interests therein within the boundary generally depicted on the drawing described in section 2 hereof which, in the opinion of the Secretary of the Interior, constitute an efficiently administrable unit, the Secretary of the Interior shall declare establishment of the area by publication of notice thereof in the Federal Register. Such notice shall contain a detailed description of the boundaries of the area which shall encompass, to the extent practicable, the lands and waters shown on said drawing. Prior to such establishment, the Secretary of the Interior shall administer such transferred lands and waters, consistent with the construction of the project, for purposes in contemplation of the establishment of the area pursuant to this Act.

(b) The Secretary of the Interior may subsequently make adjustments in the boundary of the area by publication of the amended description thereof in the Federal Register and acquire, by such means as he may deem to be in the public interest, including an exchange of excluded for included lands or interests therein with or without the payment or receipt of money to equalize values, additional lands and interests therein included in the area by reason of the boundary adjustment: Provided, That the area encompassed by such revised boundary shall not exceed the acreage included within the detailed boundary first described pursuant to this section.

(c) On lands acquired pursuant to this Act for recreation purposes, the Secretary of the Army, with the concurrence of the Secretary of the Interior, may permit the continuance of existing uses consistent with the purposes of this Act.

SEC. 4. In the administration of the area for the purposes of this Act, the Secretary of the Interior may utilize such statutory authorities relating to areas of the national park system and such statutory authorities otherwise available to him for the conservation, management, or disposal of vegetative, mineral, or fish or wildlife resources as he deems appropriate to carry out the purposes of this Act. To assure consistent and effective planning, development, and operation for all purposes of the project, the Secretary of the Interior and the Secretary of the Army shall coordinate the administration of their respective responsibilities in the project; and such administration shall be consistent with the joint resolution approved September 27, 1961 (re Delaware River Basin compact; 75 Stat. 688).
Sec. 5. In the administration of the area for the purposes of this Act, the Secretary of the Interior, subject to provisions of section 4 hereof, shall adopt and implement, and may from time to time revise, a land and water use management plan, which shall include specific provision for, in order of priority—

(1) public outdoor recreation benefits;
(2) preservation of scenic, scientific, and historic features contributing to public enjoyment;
(3) such utilization of natural resources as in the judgment of the Secretary of the Interior is consistent with, and does not significantly impair, public recreation and protection of scenic, scientific, and historic features contributing to public enjoyment.

Sec. 6. The Secretary of the Interior shall permit hunting and fishing on lands and waters under his jurisdiction within the area in accordance with the applicable laws and regulations of the States concerned and of the United States. The Secretary of the Interior may designate zones where, and establish periods when, no hunting shall be permitted for reasons of public safety, wildlife management, administration, or public use and enjoyment not compatible with hunting, and may, in his plan for the area, provide areas for intensive fish and wildlife management, including public hunting and fishing, and shall issue appropriate regulations after consultation with appropriate officials of the States concerned. The Secretary of the Interior shall encourage such officials to adopt uniform regulations applicable to the whole of the Delaware Water Gap National Recreation Area.

Sec. 7. Nothing in this Act shall be construed to deprive any State or political subdivision thereof, of its right to exercise civil and criminal jurisdiction over the lands and waters within the area or of its right to tax persons, corporations, franchises, or property on the lands and waters included in the area.

Sec. 8. There are hereby authorized to be appropriated to the Secretary of the Interior for the acquisition of lands and interests in land pursuant to the provisions of section 2 of this Act and for expenses incident thereto not more than $37,412,000 which moneys shall be transferred to the Secretary of the Army. There are also authorized to be appropriated not more than $18,200,000 for the cost of installing and constructing recreation facilities on the lands and interests in lands so acquired. The amounts herein authorized to be appropriated are supplemental to those authorized to be appropriated for the Tocks Island project and related facilities by the Flood Control Act of 1962 (76 Stat. 1182).

AN ACT

To authorize the Secretary of the Interior to construct, operate, and maintain the Auburn-Folsom South unit, American River division, Central Valley project, California, under Federal reclamation laws.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, for the principal purpose of increasing the supply of water available for irrigation and other beneficial uses in the Central Valley of California, the Secretary of the Interior (hereinafter referred to as the "Secretary"), acting pursuant to the Federal reclamation laws (Act of June 17, 1902; 32 Stat. 388, and Acts amendatory thereof or supplementary thereto), is authorized to construct, operate, and maintain, as an addition to, and an integral part of, the Central Valley project, California, the Auburn-Folsom South unit, American River division. The principal works of the unit shall consist of—

(1) the Auburn Dam and Reservoir with maximum water surface elevation of one thousand one hundred and forty feet above mean sea level, and capacity of approximately two and one-half million acre-feet;

(2) a hydroelectric powerplant at Auburn Dam with initial installed capacity of approximately two hundred and forty thousand kilowatts and necessary electric transmission system for
interconnection with the Central Valley project power system: 
Provided, That provision may be made for the ultimate development of the hydroelectric capacity (now estimated at approximately four hundred thousand kilowatts) and such installation may be made when duly authorized by an Act of Congress: Provided further, That no facilities, except those required for interconnecting the Auburn powerplant and the Folsom switchyard and those interconnecting the Folsom switchyard and the Elverta substation, shall be constructed for electric transmission or distribution service which the Secretary determines, on the basis of a firm offer of a fifty-year contract from a local public or private agency, can be obtained at less cost to the Federal Government than by construction and operation of Government facilities;

(3) the Sugar Pine Dam and Reservoir;
(4) the County Line Dam and Reservoir;
(5) necessary diversion works, conduits, and other appurtenant works for the delivery of water supplies to projects on the Forest Hill Divide in Placer County and in the Folsom-Malby area in Sacramento and El Dorado Counties;
(6) the Folsom South canal and such related structures, including pumping plants, regulating reservoirs, floodways, channels, levees, and other appurtenant works for the delivery of water as the Secretary determines will best serve the needs of Sacramento and San Joaquin Counties: Provided, That the Secretary is authorized to include in such canal and related operating structures such additional works or capacity as he deems necessary and economically justified to provide for the future construction of the East Side division of the Central Valley project, and the incremental costs of providing additional works or capacity in the Folsom South canal to serve the East Side division of the Central Valley project shall be assigned to deferred use for repayment from Central Valley project revenues. In the event that the East Side division is authorized, such costs shall be deemed a part of the cost of that division and shall be reallocated as the Secretary deems right and proper.

Sec. 2. Subject to the provisions of this Act, the operation of the Auburn-Folsom South unit, American River division, shall be integrated and coordinated, from both a financial and an operational standpoint, with the operation of other features of the Central Valley project, as presently authorized and as may in the future be authorized by Act of Congress, in such manner as will effectuate the fullest, most beneficial, and most economic utilization of the water resources hereby made available. Auburn and County Line Dams shall be operated for flood control in accordance with criteria established by the Secretary of the Army as provided for in section 7 of the Flood Control Act of 1944 (58 Stat. 887; 33 U.S.C. 709).

Sec. 3. (a) Subject to the provisions of subsections (b), (c), (d), and (e) of this section, the Secretary is authorized in connection with the Auburn-Folsom South unit (i) to construct, operate, and maintain or provide for the construction, operation, and maintenance of public outdoor recreation and fish and wildlife enhancement facilities, (ii) to acquire or otherwise to include within the unit area such adjacent lands or interests in land as are necessary for present or future public recreation or fish and wildlife use, (iii) to allocate water and reservoir capacity to recreation and fish and wildlife enhancement, and (iv) to provide for the public use and enjoyment of unit lands, facilities, and water areas in a manner coordinated with other unit purposes. The Secretary is further authorized to enter into agreements with Federal
agencies or State or local public bodies for the operation, maintenance, and replacement of unit facilities, and to transfer unit lands or facilities to Federal agencies or State or local public bodies by lease or exchange, upon such terms and conditions as will best promote the development and operation of such lands or facilities in the public interest for recreation and fish and wildlife enhancement purposes.

(b) Costs of recreation facilities at Sugar Pine Reservoir shall be nonreimbursable, and the provisions of subsections (c), (d), and (e) of this section shall not be applicable to such facilities.

(c) (1) If, before commencement of construction of the unit, non-Federal public bodies agree to administer unit land and water areas for recreation or fish and wildlife enhancement or for both of these purposes pursuant to the plan for the development of the unit approved by the Secretary and to bear not less than one-half the separable costs of the unit allocated to either or both of said purposes, as the case may be, and all the costs of operation, maintenance, and replacement incurred in connection therewith, the remainder of the separable capital costs so allocated shall be nonreimbursable.

(2) In the absence of such a preconstruction agreement recreation and fish and wildlife enhancement facilities (other than minimum facilities for the public health and safety at reservoir access points) shall not be provided, and the allocation of unit costs shall reflect only the number of visitor days and the value per visitor day estimated to result from such diminished recreation development without reference to lands which may be provided pursuant to subsection (e) of this section.

(d) The non-Federal share of the separable capital costs of the unit allocated to recreation and fish and wildlife enhancement shall be borne by non-Federal interests, under either or both of the following methods as may be determined appropriate by the Secretary: (i) payment, or provision of lands, interests therein, or facilities for the unit; or (ii) repayment, with interest, within fifty years of first use of unit recreation or fish and wildlife enhancement facilities: Provided, That the source of repayment may be limited to entrance and user fees or charges collected at the unit by non-Federal interests if the fee schedule and the portion of fees dedicated to repayment are established on a basis calculated to achieve repayment as aforesaid and are made subject to review and renegotiation at intervals of not more than five years.

(e) Notwithstanding the absence of preconstruction agreements as specified in subsection (c) of this section lands may be acquired in connection with construction of the unit to preserve its recreation potential, its fish and wildlife enhancement potential, or both.

(1) If non-Federal public bodies agree within ten years after initial unit operation to administer unit land and water areas for recreation and fish and wildlife enhancement pursuant to the plan for development of the unit approved by the Secretary and to bear not less than one-half the costs of land acquired therefor pursuant to this subsection and facilities and project modifications provided for those purposes and all costs of operation, maintenance, and replacement incurred therefor, the remainder of the costs of such lands, facilities, and project modifications shall be nonreimbursable. Such agreement and subsequent development shall not be the basis for any allocation of joint costs of the unit to recreation or fish and wildlife enhancement.

(2) If, within ten years after initial operation of the unit, there is not an executed agreement as specified in paragraph (1) of this subsection, the Secretary may utilize the lands for any lawful purpose within the jurisdiction of the Department of the Interior, or may transfer custody of the lands to another Federal agency for use for
any lawful purpose within the jurisdiction of that agency, or may lease the lands to a non-Federal public body, or may transfer the lands to the Administrator of General Services for disposition in accordance with the surplus property laws of the United States. In no case shall the lands be used or made available for use for any purpose in conflict with the purposes for which the project was constructed, and in every case preference shall be given to uses which will preserve and promote the recreation and fish and wildlife enhancement potential of the project or, in the absence thereof, will not detract from that potential.

(f) Subject to the limitations hereinbefore stated, joint capital costs allocated to recreation and fish and wildlife enhancement shall be nonreimbursable.

(g) Costs of means and measures to prevent loss of and damage to fish and wildlife shall be treated as unit costs and allocated among all unit purposes.

(h) As used in this Act, the term "nonreimbursable" shall not be construed to prohibit the imposition of entrance, admission, and other recreation user fees or charges.

SEC. 4. In locating and designing the works and facilities authorized for construction by this Act, and in acquiring or withdrawing any lands as authorized by this Act, the Secretary shall give due consideration to the reports upon the California water plan prepared by the State of California, and shall consult the local interests who may be affected by the construction and operation of said works and facilities or by the acquisition or withdrawal of lands, through public hearings or in such manner as in his discretion may be found best suited to a maximum expression of the views of such local interests.

SEC. 5. Nothing contained in this Act shall be construed by implication or otherwise as an allocation of water, and in the studies for the purposes of developing plans for disposal of water as herein authorized the Secretary shall make recommendations for the use of water in accord with State water laws, including but not limited to such laws giving priority to the counties and areas of origin for present and future needs.

SEC. 6. There is hereby authorized to be appropriated for construction of the Auburn-Folsom South unit, American River division, the sum of $425,000,000 (1965 prices), plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indexes applicable to the types of construction involved herein. There are also authorized to be appropriated such additional sums as may be required for operation and maintenance of the project.

Approved September 2, 1965.
