AN ACT

To extend and amend the Export Administration Act of 1969 to afford more equal export opportunity, to establish a Council on International Economic Policy, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.

TITLE I—AMENDMENTS TO THE EXPORT ADMINISTRATION ACT OF 1969

SEC. 101. This title may be cited as the “Equal Export Opportunity Act”.

SEC. 102. Section 2(3) of the Export Administration Act of 1969 is amended by inserting before the period at the end thereof a comma and the following: “particularly when export restrictions applied by the United States are more extensive than export restrictions imposed by countries with which the United States has defense treaty commitments”.

SEC. 103. Section 3 of the Export Administration Act of 1969 is amended by adding at the end thereof the following:

“(6) It is the policy of the United States that the desirability of subjecting, or continuing to subject, particular articles, materials, or supplies, including technical data or other information, to United States export controls should be subjected to review by and consultation with representatives of appropriate United States Government agencies and qualified experts from private industry.”

SEC. 104. (a) Section 4(b) of the Export Administration Act of 1969 is amended—

(1) by inserting “(1)” after “(b)”; and

(2) by adding at the end thereof the following new paragraphs

“(2) The Secretary of Commerce, in cooperation with appropriate United States Government departments and agencies and the appropriate technical advisory committees established under section 5(c), shall undertake an investigation to determine which articles, materials, and supplies, including technical data and other information, should no longer be subject to export controls because of their significance to the national security of the United States. Notwithstanding the provisions of paragraph (1), the President shall remove unilateral export controls on the export from the United States of articles, materials or supplies, including technical data or other information, which he determines are available without restriction from sources outside the United States in significant quantities and comparable in quality to those produced in the United States, except that any such control may remain in effect if the President determines that adequate evidence has been presented to him demonstrating that the absence of such a control would prove detrimental to the national security of the United States. The nature of such evidence shall be included in the special report required by paragraph (4).

“(3) In conducting the investigation referred to in paragraph (2) and in taking the action required under such paragraph, the Secretary of Commerce shall give priority to those controls which apply to articles, materials, and supplies, including technical data and other information, for which there are significant potential export markets.

“(4) Not later than nine months after the date of enactment of the Equal Export Opportunity Act, the Secretary of Commerce shall submit to the President and to the Congress a special report of actions taken under paragraphs (2) and (3). Such report shall contain—
"(A) a list of any articles, materials, and supplies, including technical data and other information, which are subject under this Act to export controls greater than those imposed by nations with which the United States has defense treaty commitments, and the reasons for such greater controls; and

"(B) a list of any procedures applicable to export licensing in the United States which may be or are claimed to be more burdensome than similar procedures utilized in nations with which the United States has defense treaty commitments, and the reasons for retaining such procedures in their present form."

(b) (1) Section 4(e) of such Act is amended to read as follows:

"(e) The authority conferred by this section shall not be exercised with respect to any agricultural commodity, including fats and oils or animal hides or skins, without the approval of the Secretary of Agriculture. The Secretary of Agriculture shall not approve the exercise of such authority with respect to any such commodity during any period for which the supply of such commodity is determined by him to be in excess of the requirements of the domestic economy, except to the extent the President determines that such exercise of authority is required to effectuate the policies set forth in clause (B) or (C) of paragraph (2) of section 3 of this Act."

(2) Any rule, regulation, proclamation, or order issued after July 1, 1972, under section 4 of the Export Administration Act of 1969, exercising any authority conferred by such section with respect to any agricultural commodity, including fats and oils or animal hides or skins, shall cease to be effective upon the date of enactment of this Act.

Sec. 105. Section 5 of the Export Administration Act of 1969 is amended by adding at the end thereof the following:

"(c)(1) Upon written request by representatives of a substantial segment of any industry which produces articles, materials and supplies, including technical data and other information, which are subject to export controls or are being considered for such controls because of their significance to the national security of the United States, the Secretary of Commerce shall appoint a technical advisory committee for any grouping of such articles, materials, and supplies, including technical data and other information, which he determines is difficult to evaluate because of questions concerning technical matters, worldwide availability and actual utilization of production and technology, or licensing procedures. Each such committee shall consist of representatives of United States industry and government. No person serving on any such committee who is representative of industry shall serve on such committee for more than two consecutive years.

"(2) It shall be the duty and function of the technical advisory committees established under paragraph (1) to advise and assist the Secretary of Commerce and any other department, agency, or official of the Government of the United States to which the President has delegated power, authority, and discretion under section 4(d) with respect to actions designed to carry out the policy set forth in section 3 of this Act. Such committees shall be consulted with respect to questions involving technical matters, worldwide availability and actual utilization of production and technology, or licensing procedures. Each such committee shall consist of representatives of United States industry and government. No person serving on any such committee who is representative of industry shall serve on such committee for more than two consecutive years.

"(2) It shall be the duty and function of the technical advisory committees established under paragraph (1) to advise and assist the Secretary of Commerce and any other department, agency, or official of the Government of the United States to which the President has delegated power, authority, and discretion under section 4(d) with respect to actions designed to carry out the policy set forth in section 3 of this Act. Such committees shall be consulted with respect to questions involving technical matters, worldwide availability and actual utilization of production and technology, or licensing procedures which may affect the level of export controls applicable to any articles, materials, or supplies, including technical data or other information, and including those whose export is subject to multilateral controls undertaken with nations with which the United States has defense treaty commitments, for which the committees have expertise. Such committees shall also be consulted and kept fully informed of
progress with respect to the investigation required by section 4(b)(2) of this Act. Nothing in this subsection shall prevent the Secretary from consulting, at any time, with any person representing industry or the general public regardless of whether such person is a member of a technical advisory committee. Members of the public shall be given a reasonable opportunity, pursuant to regulations prescribed by the Secretary of Commerce, to present evidence to such committees.

“(3) Upon request of any member of any such committee, the Secretary may, if he determines it appropriate, reimburse such member for travel, subsistence, and other necessary expenses incurred by him in connection with his duties as a member.

“(4) Each such committee shall elect a chairman, and shall meet at least every three months at the call of the Chairman, unless the Chairman determines, in consultation with the other members of the committee, that such a meeting is not necessary to achieve the purposes of this Act. Each such committee shall be terminated after a period of two years, unless extended by the Secretary for additional periods of two years. The Secretary shall consult each such committee with regard to such termination or extension of that committee.”

SEC. 106. Section 14 of the Export Administration Act of 1969 is amended by striking out “August 1, 1972” and inserting in lieu thereof “June 30, 1974”.

TITLE IV—RURAL COMMUNITY FIRE PROTECTION

SEC. 401. WILDFIRE PROTECTION ASSISTANCE.—In order to shield human and natural resources, financial investments, and environmental quality from losses due to wildfires in unprotected or poorly protected rural areas there is a need to strengthen and synergize Federal, State, and local efforts to establish an adequate protection capability wherever the lives and property of Americans are endangered by wildfire in rural communities and areas. The Congress hereby finds that inadequate fire protection and the resultant threat of substantial losses of life and property is a significant deterrent to the investment of the labor and capital needed to help revitalize rural America, and that well-organized, equipped, and trained firefighting forces are needed in many rural areas to encourage and safeguard public and private investments in the improvement and development of areas of rural America where organized protection against losses from wildfire is lacking or inadequate. To this end, the Secretary of Agriculture is authorized and directed to provide financial, technical, and other assistance to State foresters or other appropriate officials of the several States in cooperative efforts to organize, train, and equip local forces, including those of Indian tribes on Federal and State reservations or other federally recognized Indian tribal groups to prevent, control, and suppress wildfires threatening human life, livestock, wildlife, crops, pastures, orchards, rangeland, woodland, farmsteads, or other improvements, and other values in rural areas as defined in section 306(a) (7) of the Consolidated Farm and Rural Development Act.

SEC. 402. MATCHING.—The Secretary shall carry out this title in accordance with cooperative agreements, made with appropriate State officials, which include such terms and conditions as the Secretary deems necessary to achieve the purposes of this title. No such agreement shall provide for financial assistance by the Secretary under
this title in any State during any fiscal year in excess of 50 per centum of the total budgeted expenditures or the actual expenditures, whichever is less, of the undertaking of such agreement for such year, including any expenditures of local public and private nonprofit organizations, including Indian tribal groups, participating in the activities covered by the agreement. Payments by the Secretary under any such agreement may be made on the certificate of the appropriate State official that the expenditures provided for under such agreement have been made.

Sec. 403. Report.—The Secretary of Agriculture shall submit to the President within two years after the date of enactment of this title a written report detailing the contribution of the rural fire protection program toward achieving the purposes of this title. The Secretary shall also include in such report such recommendations regarding the rural fire protection program as he deems appropriate. The President shall transmit the report to the Congress for review and appropriate action.

Sec. 404. Appropriations.—There is authorized to be appropriated to carry out the provisions of this title $7,000,000 for each of the fiscal years ending June 30, 1973, June 30, 1974, and June 30, 1975.

Public Law 92-423

AN ACT

To amend the Public Health Service Act to enlarge the authority of the National Heart and Lung Institute in order to advance the national attack against diseases of the heart and blood vessels, the lungs, and blood, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the "National Heart, Blood Vessel, Lung, and Blood Act of 1972".

FINDINGS AND DECLARATION OF PURPOSE

SEC. 2. (a) Congress finds and declares that—

(1) diseases of the heart and blood vessels collectively cause more than half of all the deaths each year in the United States and the combined effect of the disabilities and deaths from such diseases is having a major social and economic impact on the Nation;

(2) elimination of heart and blood vessel diseases as significant causes of disability and death could increase the average American's life expectancy by about eleven years and could provide for annual savings to the economy in lost wages, productivity, and costs of medical care of more than $30,000,000,000 per year;

(3) chronic lung diseases have been gaining steadily in recent years as important causes of disability and death, with emphysema alone being the fastest rising cause of death in the United States;

(4) chronic respiratory diseases affect an estimated ten million Americans, emphysema an estimated one million, chronic bronchitis an estimated four million, and asthma an estimated five million;

(5) thrombosis (the formation of blood clots in the vessels) may cause, directly or in combination with other problems, many deaths and disabilities from heart disease and stroke which can now be prevented;
(6) blood and blood products are essential human resources whose value in saving life and promoting health cannot be assessed in terms of dollars;

(7) the provision of prompt and effective emergency medical services utilizing to the fullest extent possible advances in transportation and communications and other electronic systems and specially trained professional and paraprofessional health care personnel can reduce substantially the number of fatalities and severe disabilities due to critical illnesses in connection with heart, blood vessel, lung, and blood diseases; and

(8) the greatest potential for advancement against heart, blood vessel, lung, and blood diseases lies in the National Heart and Lung Institute, but advancement against such diseases depends not only on the research programs of that Institute but also on the research programs of other research institutes of the National Institutes of Health.

(b) It is the purpose of this Act to enlarge the authority of the National Heart and Lung Institute in order to advance the national attack upon heart, blood vessel, lung, and blood diseases.

"Sec. 722. (a) The Director is authorized to provide financial assistance, including loans having a maximum maturity of 15 years and in amounts not resulting in an aggregate principal indebtedness of more
than $3,500 at any one time, to any low-income rural family where, in the judgment of the Director, such financial assistance has a reasonable possibility of effecting a permanent increase in the income of such families, or will contribute to the improvement of their living or housing conditions, by assisting or permitting them to—

"(1) any cooperative association receiving assistance has a minimum of fifteen active members, a majority of which are low-income rural persons;

"(3) the amount of the loan, together with other funds available, is adequate to assure completion of the project or achievement of the purposes for which the loan is made.

Loans made by the Director pursuant to this section shall bear interest at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the average market yield on outstanding Treasury obligations of comparable maturity, plus such additional charge, if any, toward covering other costs of the program as the Director may determine to be consistent with its purposes, except that, for the five years following the date on which funds are initially available to the borrower, the rate of interest shall be set at a rate considered appropriate by the Director in light of the particular needs of the borrower, which rate shall not be lower than 1 per centum. All such loans shall be repayable within a period of not more than thirty years.

"(b) The Director is authorized to adjust interest rates, grant moratoriums on repayment of principal and interest, collect or compromise any obligations held by him, and to take such other actions in respect to such loans as he shall determine to be necessary or appropriate, consistent with the purposes of this section.

"(c) (1) To carry out the lending and guaranty functions authorized under this part, there shall be established a Development Loan Fund consisting of two separate accounts, one of which shall be a revolving fund called the Rural Development Loan Fund and the other of which shall be a revolving fund called the Community Development Loan Fund. The capital of each such revolving fund shall remain available until expended.

"(3) The Community Development Loan Fund shall consist of such amounts as may be deposited in such Fund by the Director out of funds made available from appropriations for the purpose of carrying out
this title. The Secretary may make deposits in the Community Development Loan Fund in any fiscal year in which he has made available for grants to community development corporations not less than $60,000,000 out of funds made available from appropriations for the purpose of carrying out this title.

The results of such evaluations, together with the Director's findings and recommendations concerning the program, shall be included in the report required by section 608 of this Act.

(b) The Director shall conduct, either directly or through grants or other arrangements, research designed to suggest new programs and policies to achieve the purposes of this title in such ways as to provide opportunities for employment, ownership, and a better quality of life for low-income residents. The Director shall particularly investigate the feasibility and most appropriate manner of establishing development banks and similar institutions and shall report to the Congress on his research findings and recommendations not later than June 30, 1973.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That chapter 73 of title 10, United States Code, is amended as follows:

(1) The title of the chapter is amended by adding "SURVIVOR BENEFIT PLAN" after "PAY", and by inserting the following after the revised title:

(2) Subchapter I is amended as follows:

(A) Sections 1435, 1436, 1437, 1438, 1439, 1440, 1441, 1442, 1444 (a) and (c), 1445, and 1446 are each amended by striking out "chapter" wherever it appears and inserting in place thereof "subchapter".

(B) Section 1443 is repealed and the corresponding item in the subchapter analysis for that section is stricken.

(C) Section 1444(b) is repealed and the catchline and subchapter analysis item for section 1444 are each amended by striking out "reports to Congress;".

(3) The following new subchapter is added after section 1446:

"Subchapter II.—Survivor Benefit Plan

Sec. 1447. Definitions

In this subchapter

(A) ‘Plan’ means the Survivor Benefit Plan established by this subchapter.

(B) ‘Base amount’ means—

(a) the amount of monthly retired or retainer pay to which a person—

(i) was entitled when he became eligible for that pay; or

(ii) later became entitled by being advanced on the retired list, performing active duty, or being transferred from the temporary disability retired list to the permanent disability retired list; or

(B) any amount less than that described by clause (A) designated by that person on or before the first day for which he became eligible for retired or retainer pay, but not less than $300;

as increased from time to time under section 1401a of this title.

(3) ‘Widow’ means the surviving wife of a person who, if not married to the person at the time he became eligible for retired or retainer pay—

(A) was married to him for at least two years immediately before his death; or

(B) . . .
"(B) is the mother of issue by that marriage.

"(4) 'Widower' means the surviving husband of a person who, if not married to the person at the time she became eligible for retired or retainer pay—

"(A) was married to her for at least two years immediately before her death; or

"(B) is the father of issue by that marriage.

"(5) 'Dependent child' means a person who is—

"(A) unmarried;

"(B) (i) under 18 years of age; (ii) at least 18, but under 22, years of age and pursuing a full-time course of study or training in a high school, trade school, technical or vocational institute, junior college, college, university, or comparable recognized educational institution; or (iii) incapable of supporting himself because of a mental or physical incapacity existing before his eighteenth birthday or incurred on or after that birthday, but before his twenty-second birthday, while pursuing such a full-time course of study or training; and

"(C) the child of a person to whom the Plan applies, including

(i) an adopted child, and (ii) a stepchild, foster child, or recognized natural child who lived with that person in a regular parent-child relationship.

For the purpose of this clause, a child whose twenty-second birthday occurs before July 1 or after August 31 of a calendar year, and while he is regularly pursuing such a course of study or training, is considered to have become 22 years of age on the first day of July after that birthday. A child who is a student is considered not to have ceased to be a student during an interim between school years if the interim is not more than 150 days and if he shows to the satisfaction of the Secretary of Defense that he has a bona fide intention of continuing to pursue a course of study or training in the same or a different school during the school semester (or other period into which the school year is divided) immediately after the interim. Under this clause, a foster child, to qualify as the dependent child of a person to whom the Plan applies, must, at the time of the death of that person, also reside with, and receive over one-half of his support from, that person, and not be cared for under a social agency contract. The temporary absence of a foster child from the residence of that person, while he is a student as described in this clause, will not be considered to affect the residence of such a foster child.

"§ 1448. Application of plan

"(a) The Plan applies to a person who is married or has a dependent child when he becomes entitled to retired or retainer pay unless he elects not to participate in the Plan before the first day for which he is eligible for that pay. If a person who is married elects not to participate in the Plan at the maximum level, that person's spouse shall be notified of the decision. An election not to participate in the Plan is irrevocable if not revoked before the date on which the person first becomes entitled to retired or retainer pay. However, a person who is not married when he becomes entitled to retired or retainer pay but who later marries, or acquires a dependent child, may elect to participate in the Plan but his election must be written, signed by him, and received by the Secretary concerned within one year after he marries, or acquires that dependent child. Such an election may not be revoked. His election is effective as of the first day of the month after his election is received by the Secretary concerned.

"(b) A person who is not married and does not have a dependent
child when he becomes entitled to retired or retainer pay may elect to provide an annuity to a natural person with an insurable interest in that person.

"(c) The application of the Plan to a person whose name is on the temporary disability retired list terminates when his name is removed from that list and he is no longer entitled to retired pay.

"(d) If a member of an armed force dies on active duty after he has become entitled to retired or retainer pay, or after he has qualified for that pay except that he has not applied for or been granted that pay, and his spouse is eligible for dependency and indemnity compensation under section 411(a) of title 38 in an amount that is less than the annuity the spouse would have received under this subchapter if it had applied to the member when he died, the Secretary concerned shall pay to the spouse an annuity equal to the difference between that amount of compensation and 55 percent of the retired or retainer pay to which the otherwise eligible spouse described in section 1450(a)(1) of this title would have been entitled if the member had been entitled to that pay based upon his years of active service when he died.

"§ 1449. Mental incompetency of member

"If a person to whom section 1448 of this title applies is determined to be mentally incompetent by medical officers of the armed force concerned or of the Veterans' Administration, or by a court of competent jurisdiction, any election described in the first sentence of subsection (a), or subsection (b), of section 1448 of this title may be made on behalf of that person by the Secretary concerned. If the person for whom the Secretary has made an election is later determined to be mentally competent by an authority named in the first sentence, he may, within 180 days after that determination revoke that election. Any deductions made from retired or retainer pay by reason of such an election will not be refunded.

"§ 1450. Payment of annuity: beneficiaries

"(a) Effective as of the first day after the death of a person to whom section 1448 of this title applies, a monthly annuity under section 1451 of this title shall be paid to—

"(1) the eligible widow or widower;

"(2) the surviving dependent children in equal shares, if the eligible widow or widower is dead, dies, or otherwise becomes ineligible under this section; or

"(3) the natural person designated under section 1448(b) of this title at the time the person to whom section 1448 applies became entitled to retired or retainer pay, if there is no eligible beneficiary under clause (1) or (2).

"(b) An annuity payable to the beneficiary terminates effective as of the first day of the month in which eligibility is lost. An annuity for a widow or widower shall be paid to the widow or widower while the widow or widower is living or, if the widow or widower remarries before reaching age 60, until the widow or widower remarries. If the widow or widower remarries before reaching age 60 and that marriage is terminated by death, annulment, or divorce, payment of the annuity will be resumed effective as of the first day of the month in which the marriage is so terminated. However, if the widow or widower is also entitled to an annuity under this section based upon the marriage so terminated, the widow or widower may not receive both annuities but must elect which to receive.

"(c) If, upon the death of a person to whom section 1448 of this title applies, the widow or widower of that person is also entitled to compensation under section 411(a) of title 38, the widow or widower
may be paid an annuity under this section, but only in the amount that the annuity otherwise payable under this section would exceed that compensation.

"(d) If, upon the death of a person to whom section 1448 of this title applies, that person had in effect a waiver of his retired or retainer pay for the purposes of subchapter III of chapter 83 of title 5, an annuity under this section shall not be payable unless, in accordance with section 8339 (i) of title 5, he notified the Civil Service Commission that he did not desire any spouse surviving him to receive an annuity under section 8341 (b) of that title.

"(e) If no annuity under this section is payable because of subsection (c), any amounts deducted from the retired or retainer pay of the deceased under section 1452 of this title shall be refunded to the widow or widower. If, because of subsection (c), the annuity payable is less than the amount established under section 1451 of this title, the annuity payable shall be recalculated under that section. The amount of the reduction in the retired or retainer pay required to provide that recalculated annuity shall be computed under section 1452 of this title, and the difference between the amount deducted prior to the computation of that recalculated annuity and the amount that would have been deducted on the basis of that recalculated annuity shall be refunded to the widow or widower.

"(f) An unmarried person who elects to provide an annuity to a person designated by him under subsection (a) (3), but who later marries or acquires a dependent child, may change that election and provide an annuity to his spouse or dependent child. A change of election under this subsection is subject to the rules with respect to execution, revocation, and effectiveness set forth in the last three sentences of section 1448 (a) of this title.

"(g) Except as provided in section 1449 of this title or in subsection (f) of this section, an election under this section may not be changed or revoked.

"(h) Except as provided in section 1451 of this title, an annuity under this section is in addition to any other payment to which a person is entitled under any other provision of law. Such annuity shall be considered as income under laws administered by the Veterans' Administration.

"(i) An annuity under this section is not assignable or subject to execution, levy, attachment, garnishment, or other legal process.

"§ 1451. Amount of annuity

"(a) If the widow or widower is under age 62 or there is a dependent child, the monthly annuity payable to the widow, widower, or dependent child, under section 1450 of this title shall be equal to 55 percent of the base amount. However, when the widow has one dependent child, the monthly annuity shall be reduced by an amount equal to the mother's benefit, if any, to which the widow would be entitled under subchapter II of chapter 7 of title 42 based solely upon service by the person concerned as described in section 410 (1) (1) of title 42 and calculated assuming that the person concerned lived to age 65. When the widow or widower reaches age 62, or there is no longer a dependent child, whichever occurs later, the monthly annuity shall be reduced by an amount equal to the amount of the survivor benefit, if any, to which the widow or widower would be entitled under subchapter II of chapter 7 of title 42 based solely upon service by the person concerned as described in section 410 (1) (1) of title 42 and calculated assuming that the person concerned lived to age 65. For the purpose of the preceding sentence, a widow or widower shall be considered as entitled to a benefit under subchapter II of chapter 7 of title 42 even
though that benefit has been offset by deductions under section 403 of title 42 on account of work.

"(b) The monthly annuity payable under section 1450(a)(3) of this title shall be 55 percent of the retired or retainer pay of the person who elected to provide that annuity after the reduction in that retired or retainer pay in accordance with section 1452(c) of this title.

"(c) Whenever retired or retainer pay is increased under section 1401a of this title, each annuity that is payable under this section, or section 1448(d) of this title, on the day before the effective day of that increase shall be increased at the same time by the same total percent. The amount of the increase shall be based on the monthly annuity payable before any reduction under section 1448(d) or 1450(c) of this title, or subsection (a) of this section.

"§ 1452. Reduction in retired or retainer pay

"(a) The retired or retainer pay of a person to whom section 1448 of this title applies who has a spouse, or who has a spouse and a dependent child, and who has not elected to provide an annuity to a person designated by him under section 1450(a)(3) of this title, or who had elected to provide such an annuity to such a person but has changed his election in favor of his spouse under section 1450(f) of this title, shall be reduced each month by an amount equal to 2½ percent of the first $300 of the base amount plus 10 percent of the remainder of the base amount. As long as there is an eligible spouse and a dependent child, that amount shall be increased by an amount prescribed under regulations of the Secretary of Defense.

"(b) The retired or retainer pay of a person to whom section 1448 of this title applies who has a dependent child but does not have an eligible spouse, shall, as long as he has an eligible dependent child, be reduced by an amount prescribed under regulations of the Secretary of Defense.

"(c) The retired or retainer pay of a person who has elected to provide an annuity to a person designated by him under section 1450(a)(3) of this title shall be reduced by 10 percent plus 5 percent for each full 5 years the individual designated is younger than that person. However, the total reduction may not exceed 40 percent.

"(d) If a person who has elected to participate in the Plan has been awarded retired or retainer pay and is not entitled to that pay for any period, he must deposit in the Treasury the amount that would otherwise have been deducted from his pay for that period, except when he is called or ordered to active duty for a period of more than 30 days.

"(e) When a person who has elected to participate in the Plan waives his retired or retainer pay for the purposes of subchapter III of chapter 83 of title 5, he shall not be required to make the deposit otherwise required by subsection (d) as long as that waiver is in effect unless, in accordance with section 8339(i) of title 5, he has notified the Civil Service Commission that he does not desire any spouse surviving him to receive an annuity under section 8341(b) of title 5.

"(f) Except as provided in section 1450(e) of this title, a person is not entitled to any refunds of amounts deducted from retired or retainer pay under this section unless the amounts were deducted through administrative error.

"§ 1453. Recovery of annuity erroneously paid

"In addition to other methods of recovery provided by law, the Secretary concerned may authorize the recovery, by deduction from later payments to a person, of any amount erroneously paid to him under this subchapter. However, recovery is not required if, in the judgment
of the Secretary concerned and the Comptroller General, there has been no fault by the person to whom the amount was erroneously paid and recovery would be contrary to the purposes of this subchapter or against equity and good conscience.

"§ 1454. Correction of administrative deficiencies

"The Secretary concerned may, under regulations prescribed under section 1455 of this title, correct or revoke any election under this subchapter when he considers it necessary to correct an administrative error. Except when procured by fraud, a correction or revocation under this section is final and conclusive on all officers of the United States.

"§ 1455. Regulations

"The President shall prescribe regulations to carry out this subchapter. Those regulations shall, so far as practicable, be uniform for the armed forces, the National Oceanic and Atmospheric Administration, and the Public Health Service. Those regulations shall—

"(1) provide that, when the notification referred to in section 1448(a) of this title is required, the member and his spouse shall, before the date the member becomes entitled to retired or retainer pay, be informed of the elections available and the effects of such elections; and

"(2) establish procedures for depositing the amounts referred to in section 1452(d) of this title."

Sec. 2. The chapter analysis of subtitle A and the analysis of part II of subtitle A of title 10, United States Code, are each amended by amending the item relating to chapter 73 by adding "Survivor Benefit Plan" after "Pay".

Sec. 3. (a) The Survivor Benefit Plan established pursuant to clause (3) of the first section of this Act applies to any person who initially becomes entitled to retired or retainer pay on or after the effective date of this Act. An election made before that date by such a person under section 1431 of title 10, United States Code, is canceled. However, a person who initially becomes entitled to retired or retainer pay within 180 days after the effective date of this Act may, within 180 days after becoming so entitled, elect—

(1) not to participate in such Survivor Benefit Plan if he is married or has a dependent child; or

(2) to participate in that Plan, if he is a person covered by section 1448(b) of title 10, United States Code.

(b) Any person who is entitled to retired or retainer pay on the effective date of this Act may elect to participate in the Survivor Benefit Plan established pursuant to clause (3) of the first section of this Act before the first anniversary of that date. However, such a person who is receiving retired or retainer pay reduced under section 1436(a) of title 10, United States Code, or who is depositing amounts under section 1438 of that title, may elect before the first anniversary of the effective date of this Act—

(1) to participate in the Plan and continue his participation under chapter 73 of that title as in effect on the day before the effective date of this Act, except that the total of the annuities elected may not exceed 100 percent of his retired or retainer pay; or

(2) to participate in the Plan and, notwithstanding section 1436(b) of that title, terminate his participation under chapter 73 of that title as in effect on the day before the effective date of this Act.
A person who elects under clause (2) of this subsection is not entitled to a refund of amounts previously deducted from his retired or retainer pay under chapter 73 of title 10, United States Code, as in effect on the day before the effective date of this Act, or any payments made thereunder on his behalf. A person who is not married or does not have a dependent child on the first anniversary of the effective date of this Act, but who later marries or acquires a dependent child, may elect to participate in the Plan under the fourteenth sentence of section 1448 (a) of that title.

(c) Notwithstanding the provisions of the Survivor Benefit Plan established pursuant to clause (3) of the first section of this Act, and except as otherwise provided in this section, subchapter I of chapter 73 of title 10, United States Code (other than the last two sentences of section 1436 (a), section 1443, and section 1444 (b)), as in effect on the day before the effective date of this Act, shall continue to apply in the case of persons, and their beneficiaries, who have elected annuities under section 1431 or 1432 of that title and who have not elected under subsection (b) (2) of this section to participate in that Plan.

(d) In this section, "base amount" means—

(1) the monthly retired or retainer pay to which a person—

(A) is entitled on the effective date of this Act; or

(B) later becomes entitled by being advanced on the retired list, performing active duty, or being transferred from the temporary disability retired list to the permanent disability retired list; or

(2) any amount less than that described in clause (1) designated by that person at the time he makes an election under subsection (a) (2) or (b) of this section, but not less than $300; as increased from time to time under section 1401a of title 10, United States Code.

(e) An election made under subsection (a) or (b) of this section is effective on the date it is received by the Secretary concerned, as defined in section 101 (5) of title 37, United States Code.

(f) Sections 1449, 1453, and 1454 of title 10, United States Code, as added by clause (3) of the first section of this Act, are applicable to persons covered by this section.

Sec. 4. (a) A person—

(1) who, on the effective date of this Act is, or within one calendar year after that date becomes, a widow of a person who was entitled to retired or retainer pay when he died:

(2) who is eligible for a pension under subchapter III of chapter 15 of title 38, United States Code, or section 9 (b) of the Veterans' Pension Act of 1959 (73 Stat. 436); and

(3) whose annual income, as determined in establishing that eligibility, is less than $1,400;

shall be paid an annuity by the Secretary concerned unless she is eligible to receive an annuity under the Survivor Benefit Plan established pursuant to clause (3) of the first section of this Act. However, such a person who is the widow of a retired officer of the Public Health Service or the National Oceanic and Atmospheric Administration, and who would otherwise be eligible for an annuity under this section except that she does not qualify for the pension described in clause (2) of this subsection because the service of her deceased spouse is not considered active duty under section 101 (21) of title 38, United States Code, is entitled to an annuity under this section.

(b) The annuity under subsection (a) of this section shall be in an amount which when added to the widow's income determined under
subsection (a)(3) of this section, plus the amount of any annuity being received under sections 1431-1436 of title 10, United States Code, but exclusive of a pension described in subsection (a)(2) of this section, equals $1,400 a year. In addition, the Secretary concerned shall pay to the widow, described in the last sentence of subsection (a) of this section, an amount equal to the pension she would otherwise have been eligible to receive under subchapter III of chapter 15 of title 38, United States Code, if the service of her deceased spouse was considered active duty under section 101(21) of that title.

Sec. 5. Section 3(a)(4) of the Act of August 10, 1956, chapter 1041, as amended (33 U.S.C. 857a(a)(5)), and section 221(a)(5) of the Public Health Service Act, as amended (42 U.S.C. 213a(a)(5)), are each amended to read as follows:

"Chapter 73, Retired Serviceman's Family Protection Plan; Survivor Benefit Plan."

Sec. 6. Title 38, United States Code, is amended as follows:

(1) Section 415(g)(M) is amended to read as follows:

"(M) payments of annuities elected under subchapter I of chapter 73 of title 10."

(2) Section 503(17) is amended to read as follows:

"(17) payments of annuities elected under subchapter I of chapter 73 of title 10."

AN ACT

To declare title to certain Federal lands in the State of Oregon to be in the United States in trust for the use and benefit of the Confederated Tribes of the Warm Springs Reservation of Oregon.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That title to the Federal lands, together with all improvements thereon, known as the McQuinn Strip, is declared to be in the United States in trust for the use and benefit of the Confederated Tribes of the Warm Springs Reservation of Oregon, and a part of the Warm Springs Reservation of Oregon, and such lands are excluded from the Mount Hood and Willamette National Forests. The Secretary of the Interior shall administer such lands in accordance with, and for the purpose of, this Act.

SEC. 2. As used in this Act, the term “McQuinn Strip” means the approximately 61,360 acres of federally owned lands which are within the following described area:

An area bounded by a line beginning at a point in the middle of the channel of the Deschutes River, established as the initial point of the Handley Survey of 1871; thence in a direct line northwardly to the seven-and-one-half-mile post of the McQuinn Survey of 1887; thence continuing northwardly along the line of the McQuinn Survey to the thirty-mile post thereof at Little Dark Butte in the Cascade Mountains; thence following the McQuinn Survey southwestwardly in a direct line to the summit of Mount Jefferson; thence northeastwardly in a direct line to the western terminus of the northern boundary of the Warm Springs Indian Reservation as established by the Act of June 6, 1894 (28 Stat. 86); thence along said northern boundary to the place of beginning, excluding any lands which are within the exterior boundaries of the Mount Jefferson Wilderness Area.

SEC. 3. The distributive shares of the respective counties of receipts from the national forests from which the lands described in section 2
of this Act are excluded, as paid under the provisions of the Act of May 23, 1908 (35 Stat. 260), as amended, shall not be affected by the elimination of lands from such national forests by the enactment of this Act.

Sec. 4. The declaration of trust made by this Act shall be subject to the following provisions:

(a) Commercial timber from lands described in section 2 shall continue to be sold by public oral auction with qualifying sealed bids until January 1, 1992, such timber to be managed on a sustained yield basis, to be appraised and sold in accordance with established rules and regulations of the Secretary of Interior, and to be designated for primary manufacture in the United States. During such period until January 1, 1992, the Confederated Tribes of the Warm Springs Reservation of Oregon shall not participate in the bidding and shall not purchase or cut and remove any of the timber from the McQuinn Strip.

(b) Existing valid livestock grazing permits issued by the United States Government shall be converted to lease agreements between the Confederated Tribes of the Warm Springs Reservation of Oregon and the permittees, such leases to be on the same fee schedule, terms, and conditions as existing permits, except that the leases shall continue until January 1, 1992.

(c) For that portion of the Pacific Crest Trail traversing the lands in the McQuinn Strip, the Secretary of Agriculture shall retain a right-of-way of not to exceed 200 feet in width for continued administration by the Secretary as the Pacific Crest Trail in accord with the provisions of the National Trails System Act (82 Stat. 919, 16 U.S.C. 1241-48).

(d) All lakes within the boundaries of the lands transferred by this Act shall be open to public fishing, with appropriate access thereto, under rules and regulations adopted by the Confederated Tribes and approved by the Secretary of Interior.

(e) The Confederated Tribes shall enter into a cooperative agreement with the Oregon State Game Commission for the enforcement of State regulations and laws affecting hunting and fishing on all lands, streams, and lakes in the McQuinn Strip for a period of ten years from the date of this Act. The cooperative agreement shall give the commission the option to extend the agreement for an additional ten-year period if, in the judgment of said commission, additional time is required for the Confederated Tribes of the Warm Springs Reservation of Oregon to develop an effective program of fish and game management on such lands. Notwithstanding the preceding provisions of this subsection, the cooperative agreement shall provide that the area known as Sunflower Flats, and described as follows:

All of the McQuinn Strip within township 5 south and township 6 south, range 11 east of the Willamette meridian, Wasco County, Oregon, lying west of the Simnasho-Wapinitia Road, shall be managed jointly by the Confederated Tribes of the Warm Springs Reservation of Oregon and the Oregon State Game Commission until the agreement is canceled by mutual agreement, and that no hunting shall be permitted in such area without the joint agreement of both the Confederated Tribes and the Oregon State Game Commission.

(f) The United States Forest Service shall have the right to the use without charge of all fire lookout stations within the McQuinn Strip, and the improvements and the lands upon which such improvements are located at the Bear Springs Ranger Station for so long as they
are needed: Provided, That during such use, the Forest Service shall maintain the improvements.

(g) All public campgrounds within the McQuinn Strip shall be managed and maintained by the Confederated Tribes in perpetuity for use by the public with appropriate access thereto on the same basis that other comparable campgrounds are maintained by the Forest Service.

(h) All public roads within the McQuinn Strip shall be maintained as public roads in perpetuity.

(i) The Confederated Tribes of the Warm Springs Reservation of Oregon shall place an adequate fence for the control of livestock along the north boundary of the McQuinn Strip as soon as practicable after the enactment of this Act: Provided, That where fee patent lands are bisected by said north line, the Confederated Tribes shall pay 50 per centum of the cost of providing an adequate livestock fence along the boundary lines of such fee patent lands located within the McQuinn Strip in the event the owner of such fee patent lands shall desire to fence the same. On all fee patent lands located within the McQuinn Strip, the Confederated Tribes shall pay 50 per centum of the cost of providing an adequate livestock fence around said fee patent lands provided the owner of such lands desires to fence the same.

Sec. 5. The Confederated Tribes of the Warm Springs Reservation of Oregon, with the approval of the Secretary of Interior, shall promulgate such rules and regulations, and shall enter into such contracts with the State of Oregon and with individuals, organizations, and agencies of the United States, as may be necessary or desirable to effectuate the provisions of this Act.

Such income guidelines for reduced-price lunches shall be prescribed at not more than 50 per centum above the applicable family-size income levels in the income poverty guideline prescribed by the Secretary, except that any local school authority having income guidelines for free or reduced price lunches which exceed those allowed by this subsection may continue to use such guidelines for determining eligibility until July 1, 1973, if such guidelines were established prior to July 1, 1972. Local school authorities shall publicly announce such income guidelines on or about the opening of school each fiscal year and shall make determinations with respect to the annual incomes of any household solely on the basis of a statement executed in such form as the Secretary may prescribe by an adult member of such household. No physical segregation of or other discrimination against any child eligible for a free lunch or a reduced-price lunch shall be made by the school nor shall there be any overt identification of any such child by special tokens or tickets, announced or published lists of names, or by other means.”

(c) The eighth through the thirteenth sentences of section 9 of the National School Lunch Act shall be designated as subsection (c) of that section and the last sentence of such subsection shall be amended by deleting the phrase “under the provisions of section 10 until such time as the Secretary” and inserting in lieu thereof the following phrase “under this Act until such time as the State educational agency, or in the case of such schools which participate under the provisions of section 10 of this Act the Secretary.”

purposes of this section among the States on the basis of the ratio that the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 9 of the National School Lunch Act) served in each State in the latest preceding fiscal year for which the Secretary determines data are available at the time such funds are apportioned bears to the total number of such lunches served in all States in such preceding fiscal year. If any State cannot utilize all of the funds apportioned to it under the provisions of this subsection, the Secretary shall make further apportionments to the remaining States in the manner set forth in this subsection for apportioning funds among all the States. Payments to any State of funds apportioned under the provisions of this subsection for any fiscal year shall be made upon condition that at least one-fourth of the cost of equipment financed under this subsection shall be borne by funds from sources within the State.”

The Secretary shall apportion the funds so reserved among the States on the basis of the ratio of the number of children enrolled in schools without a food service in the State for the latest fiscal year for which the Secretary determines data are available at the time such funds are apportioned to the total number of children enrolled in schools without a food service in all States in such fiscal year. In those States in which the Secretary administers the nonfood assistance program in nonprofit private schools, the Secretary shall withhold from the funds apportioned to any such State under this subsection an amount which bears the same ratio to such funds as the number of children enrolled in nonprofit private schools without a food service in such State for the latest fiscal year for which the Secretary determines data are available at the time such funds are withheld bears to the total number of children enrolled in all schools without food service in such State in such fiscal year. The funds reserved, apportioned, and withheld under the authority of this subsection shall be used by State educational agencies, or the Secretary in the case of nonprofit private schools, only to assist schools without
a food service. If any State cannot utilize all the funds apportioned to it under the provisions of this subsection to assist schools in the State without a food service, the Secretary shall make further apportionments to the remaining States in the same manner set forth in this subsection for apportioning funds among all the States and such remaining States, or the Secretary in the case of nonprofit private schools, shall use the additional funds so apportioned or withheld only to assist schools in the State without a food service. Payments to any State of the funds apportioned under the provisions of this paragraph shall be made upon condition that at least one-fourth of the cost of equipment financed shall be borne by funds from sources within the State, except that such condition shall not apply with respect to funds used under this section to assist schools without food service if such schools are especially needy, as determined by the State.

(e) To assist the Congress in determining the amounts needed annually, the Secretary is directed to conduct a survey among the States and school districts on unmet needs for equipment in schools eligible for assistance under section 5 of the Child Nutrition Act. The results of such survey shall be reported to the Congress by June 30, 1973.

Sec. 7. After the first sentence of section 10 of the Child Nutrition Act of 1966 (42 U.S.C. 1779) add the following new sentence: "Such regulations shall not prohibit the sale of competitive foods in food service facilities or areas during the time of service of food under this Act or the National School Lunch Act if the proceeds from the sales of such foods will inure to the benefit of the schools or of organizations of students approved by the schools."

Sec. 8. Section 8 of the National School Lunch Act (42 U.S.C. 1757) is amended by deleting the phrase "reimbursing it for" in the second sentence thereof and inserting in lieu thereof the following: "assisting it to finance" and by adding at the end of such sentence the following sentence: "Lunch assistance disbursements to schools under this section and under section 11 of this Act may be made in advance or by way of reimbursement in accordance with procedures prescribed by the Secretary."

Such program shall be operated for a two-year period and may be carried out in any area of the United States without regard to whether a food stamp program or a direct food distribution program is in effect in such area.

(b) In order to carry out the program provided for under subsection (a) of this section during the fiscal year ending June 30, 1973, the Secretary shall use $20,000,000 out of funds appropriated by section 32 of the Act of August 24, 1935 (7 U.S.C. 612(c)). In the course of determining whether to grant such approval, the President shall secure the advice and recommendations of (1) the United States section of the International Boundary and Water
Commission, United States and Mexico, in the case of a bridge connecting the United States and Mexico, and (2) the heads of such departments and agencies of the Federal Government as he deems appropriate to determine the necessity for such bridge.

Sec. 5. The approval of the Secretary of Transportation, as required by the first section of the Act of March 23, 1906 (33 U.S.C. 491), shall be given only subsequent to the President's approval, as provided for in section 4 of this Act, and shall be null and void unless the construction of the bridge is commenced within two years and completed within five years from the date of the Secretary's approval: Provided, however, That the Secretary, for good cause shown, may extend for a reasonable time either or both of the time limits herein provided.

Sec. 6. If tolls are charged for the use of an international bridge constructed under this Act, the following provisions shall apply, so far as the United States has jurisdiction, in the case of a bridge constructed or acquired by a private individual, company, or other private entity:

(1) Tolls may be collected from the date of completion of the bridge for a period determined by the Secretary of Transportation to be a reasonable period for amortization of the cost of construction or acquisition of the bridge, including interest and financing costs, and a reasonable return on invested capital.

(2) At the end of such period, the United States portion of the bridge and its approaches, if not previously transferred to a public agency pursuant to section 8, shall become the property of the State having jurisdiction over the United States portion of the bridge, and no further compensation shall be deemed to be due such private individual, company, or other private entity.

(3) An accurate record of the amount paid for acquiring or constructing the bridge and its approaches, the actual expenditures for maintaining, repairing, and operating the same, and of the daily tolls collected, shall be kept and shall be reported annually to the Secretary of Transportation. Whenever he may deem advisable, the Secretary of Transportation shall audit, review, and inspect such records, books, accounts, and operations.

"(3) after the date of final repayment, the bridge or tunnel shall be maintained or operated as a free bridge or free tunnel; except in the case of a bridge which connects the United States with any foreign country: Provided, That such tolls or charges do not exceed the amount necessary for the proper maintenance, repair, and operation of the bridge and its approaches under economical management: And further provided, That the entity or governmental instrumentality responsible for the operation of the portion of the bridge within the jurisdiction of the foreign country is charging tolls for the use of the bridge."

Sec. 8. (a) Nothing in this Act shall be deemed to prevent the individual, corporation, or other entity to which, pursuant to this Act, authorization has been given to construct, operate, and main-

Nothing in clause (A) of the first sentence of this paragraph shall be construed as authorizing the use of any such funds to support Vietnamese or other free world forces in actions designed to provide military support and assistance to the Government of Cambodia or Laos: Provided, That nothing contained in this section shall be construed to prohibit support of actions required to insure the safe and orderly withdrawal or disengagement of United States forces from Southeast Asia, or to aid in the release of Americans held as prisoners of war."

Sec. 602. (a) Notwithstanding any other provision of law, no funds authorized to be appropriated by this or any other Act may be expended in any amount in excess of $375,000,000 for the purpose of carrying out directly or indirectly any economic or military assistance, or any operation, project, or program of any kind, or for providing any goods, supplies, materials, equipment, services, personnel, or advisers in, to, for, or on behalf of Laos during the fiscal year ending June 30, 1973.

For the purpose of this subsection, "value" means the fair market value of any goods, supplies, materials, or equipment provided to, for, or on behalf of Laos, but in no case less than 33 1/3 per centum of the amount the United States paid at the time such goods, supplies, materials, or equipment were acquired by the United States.

(c) No additional expenditures in excess of the limitation prescribed in subsection (a) of this section may be made for any of the purposes described in such subsection in, to, for, or on behalf of Laos in any fiscal year beginning after June 30, 1973, unless such expenditures have been specifically authorized by law enacted after the date of enactment of this Act. In no case shall expenditures in any amount in excess of the amount authorized by law for any fiscal year be made for any such purpose during such fiscal year.

(d) The provisions of subsections (a) and (c) of this section shall not apply with respect to the expenditure of funds to carry out combat air operations in or over Laos by United States and South Vietnamese military forces.

(f) The President shall submit to the Congress within thirty days after the end of each quarter of each fiscal year, a written report showing the total amount of expenditures in, for, or on behalf of Laos during the preceding quarter by the United States Government, and shall include in such report a general breakdown of the total amount expended, describing the different purposes for which such funds were expended and the total amount expended for such purposes.

Sec. 603. (a) The amount of $107,600,000 authorized to be appropriated by this Act for the development and procurement of the C-5A aircraft may be expended only for the reasonable and allocable direct
and indirect costs incurred by the prime airframe contractor under a contract entered into with the United States to carry out the C-5A aircraft program. No part of such amount may be used for—

(1) direct costs of any other contract or activity of the prime contractor;

(2) profit on any materials, supplies, or services which are sold or transferred between any division, subsidiary, or affiliate of the prime contractor under the common control of the prime contractor and such division, subsidiary, or affiliate;

(3) bid and proposal costs, independent research and development costs, and the cost of other similar unsponsored technical effort; or

(4) depreciation and amortization costs in excess of $4,400,000 on property, plant, or equipment.

Any of the costs referred to in the preceding sentence which would otherwise be allocable to any work funded by such $107,600,000 may not be allocated to other portions of the C-5A aircraft contract or to any other contract with the United States, but payments to C-5A aircraft subcontractors shall not be subject to the restriction referred to in such sentence.

(b) Any payments from such $107,600,000 shall be made to the prime contractor through a special bank account from which such contractor may withdraw funds only after a request containing a detailed justification of the amount requested has been submitted to and approved by the contracting officer for the United States. All payments made from such special bank account shall be audited by the Defense Contract Audit Agency of the Department of Defense and, on a quarterly basis, by the General Accounting Office. The Controller General shall submit to the Congress not more than thirty days after the close of each quarter a report on the audit for such quarter performed by the General Accounting Office pursuant to this subsection.

(c) The restrictions and controls provided for in this section with respect to the $107,600,000 referred to in subsections (a) and (b) of this section shall be in addition to such other restrictions and controls as may be prescribed by the Secretary of Defense or the Secretary of the Air Force.

Sec. 604. Section 412 of Public Law 86-149, as amended, is further amended by adding the following new subsection:

“(e) (1) Beginning with the fiscal year which begins July 1, 1973, and for each fiscal year thereafter, the Congress shall authorize the average military training student loads for each component of the Armed Forces. Such authorization shall not be required for unit or crew training student loads, but shall be required for student loads for the following individual training categories: recruit and specialized training; flight training; professional training in military and civilian institutions; and officer acquisition training; and no funds may be appropriated for any fiscal year beginning on or after such date for the use of training any military personnel in the aforementioned categories of any component of the Armed Forces unless the average student load of such component for such fiscal year has been authorized by law.

“(2) Beginning with the fiscal year ending June 30, 1973, the Secretary of Defense shall submit to the Congress a written report not later than March 1 of each fiscal year recommending the average student load for each category of training for each component of the Armed Forces for the next three fiscal years and shall include in such report justification for and explanation of the average student loads recommended.”

(b) The prohibition made by subsection (a) of this section as it applies to research and development funds shall not apply if the Secretary of Defense or his designee determines that the expenditure is a continuation or a renewal of a previous program with such institution which is likely to make a significant contribution to the defense effort.

JOINT RESOLUTION

Approval and authorization for the President of the United States to accept an Interim Agreement Between the United States of America and the Union of Soviet Socialist Republics on Certain Measures With Respect to the Limitation of Strategic Offensive Arms.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress hereby endorses those portions of the Declaration of Basic Principles of Mutual Relations Between the United States of America and the Union of Soviet Socialist Republics signed by President Nixon and General Secretary Brezhnev at Moscow on May 29, 1972, which relate to the dangers of military confrontation and which read as follows:

“The United States of America and the Union of Soviet Socialist Republics attach major importance to preventing the development of situations capable of causing a dangerous exacerbation of their relations . . .” and “will do their utmost to avoid military confrontations and to prevent the outbreak of nuclear war” and “will always exercise restraint in their mutual relations,” and “on outstanding issues will conduct” their discussions and negotiations “in a spirit of reciprocity, mutual accommodation and mutual benefit.” and

“Both sides recognize that efforts to obtain unilateral advantage at the expense of the other, directly or indirectly, are inconsistent with these objectives,” and

“The prerequisites for maintaining and strengthening peaceful relations between the United States of America and the Union of Soviet Socialist Republics are the recognition of the security interests of the parties based on the principle of equality and the renunciation of the use or threat of force.”.
Sec. 2. The President is hereby authorized to approve on behalf of the United States the interim agreement between the United States of America and the Union of Soviet Socialist Republics on certain measures with respect to the limitation of strategic offensive arms, and the protocol related thereto, signed at Moscow on May 26, 1972, by Richard Nixon, President of the United States of America and Leonid I. Brezhnev, General Secretary of the Central Committee of the Communist Party of the Soviet Union.

Sec. 3. The Government and the people of the United States ardently desire a stable international strategic balance that maintains peace and deters aggression. The Congress supports the stated policy of the United States that, were a more complete strategic offensive arms agreement not achieved within the five years of the interim agreement, and were the survivability of the strategic deterrent forces of the United States to be threatened as a result of such failure, this could jeopardize the supreme national interests of the United States; the Congress recognizes the difficulty of maintaining a stable strategic balance in a period of rapidly developing technology; the Congress recognizes the principle of United States-Soviet Union equality reflected in the antiballistic missile treaty, and urges and requests the President to seek a future treaty that, inter alia, would not limit the United States to levels of intercontinental strategic forces inferior to the limits provided for the Soviet Union; and the Congress considers that the success of these agreements and the attainment of more permanent and comprehensive agreements are dependent upon the maintenance under present world conditions of a vigorous research and development and modernization program as required by a prudent strategic posture.

Sec. 4. The Congress hereby commends the President for having successfully concluded agreements with the Soviet Union limiting the production and deployment of antiballistic missiles and certain strategic offensive armaments, and it supports the announced intention of the President to seek further limits on the production and deployment of strategic armaments at future Strategic Arms Limitation Talks. At the same time, the Senate takes cognizance of the fact that agreements to limit the further escalation of the arms race are only preliminary steps, however important, toward the attainment of world stability and national security. The Congress therefore urges the President to seek at the earliest practicable moment Strategic Arms Reduction Talks (SART) with the Soviet Union, the People's Republic of China, and other countries, and simultaneously to work toward reductions in conventional armaments, in order to bring about agreements for mutual decreases in the production and development of weapons of mass destruction so as to eliminate the threat of large-scale devastation and the ever-mounting costs of arms production and weapons modernization, thereby freeing world resources for constructive, peaceful use.

Sec. 5. Pursuant to paragraph six of the Declaration of Principles of Nixon and Brezhnev on May 29, 1972, which states that the United States and the Union of Soviet Socialist Republics: "will continue to make special efforts to limit strategic armaments. Whenever possible. they will conclude concrete agreements aimed at achieving these purposes"; Congress considers that the success of the interim agreement and the attainment of more permanent and comprehensive agreements are dependent upon the preservation of longstanding United States policy that neither the Soviet Union nor the United States should seek unilateral advantage by developing a first strike potential.

Approved September 30, 1972.
To amend the Public Health Service Act to extend and revise the program of assistance under that Act for the control and prevention of communicable diseases.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—COMMUNICABLE DISEASE CONTROL PROGRAMS

SEC. 101. Section 317 of the Public Health Service Act (42 U.S.C. 247b) is amended to read as follows:

"GRANTS FOR VACCINATION PROGRAMS AND OTHER COMMUNICABLE DISEASE CONTROL PROGRAMS

"Sec. 317. (a) The Secretary may make grants to States and, in consultation with the State health authority, to agencies and political subdivisions of States to assist in meeting the costs of communicable disease control programs. In making a grant under this section, the Secretary shall give consideration to (1) the relative extent, in the area served by the applicant for the grant, of the problems which relate to one or more of the communicable diseases referred to in subsection (h)(1), and (2) the design of the applicant’s communicable disease program to determine its effectiveness.

"(b) (1) No grant may be made under this section unless an application therefor has been submitted to, and approved by, the Secretary. Except as provided in paragraph (2), such application shall be in such form, submitted in such manner, and contain such information as the Secretary shall by regulation prescribe.

"(2) An application for a grant for a fiscal year beginning after June 30, 1973, shall—

"(A) set forth with particularity the objectives (and their priorities, as determined in accordance with such regulations as the Secretary may prescribe) of the applicant for each of the programs he proposes to conduct with assistance from a grant under this section;

"(B) contain assurances satisfactory to the Secretary that, in the fiscal year for which a grant under this section is applied for, the applicant will conduct such programs as may be necessary to develop an awareness in those persons in the area served by the applicant who are most susceptible to the diseases referred to in subsection (h)(1) of the importance of immunization against such diseases, to encourage such persons to seek appropriate immunization, and to facilitate access by such persons to immunization services; and

"(C) provide for the reporting to the Secretary of such information as he may require concerning (i) the problems, in the area served by the applicant, which relate to any communicable disease referred to in subsection (h)(1), and (ii) the communicable disease control programs of the applicant.

"(3) Nothing in this section shall be construed to require any State or any agency or political subdivision of a State to have a communicable disease control program which would require any person, who objects to any treatment provided under such a program, to be treated
or to have any child or ward of his treated under such a program.

"(c)(1) Payments under grants under this section may be made in advance on the basis of estimates or by way of reimbursement, with necessary adjustments on account of underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of this section.

"(2) The Secretary, at the request of a recipient of a grant under this section, may reduce such grant by the fair market value of any supplies (including vaccines and other preventive agents) or equipment furnished to such recipient and by the amount of the pay, allowances, travel expenses, and any other costs in connection with the detail of an officer or employee of the Government to the recipient when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such recipient and for the purpose of carrying out the program with respect to which the grant under this section is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based.

"(d)(1) There is authorized to be appropriated $11,000,000 for the fiscal year ending June 30, 1973, $11,000,000 for the fiscal year ending June 30, 1974, and $11,000,000 for the fiscal year ending June 30, 1975, for grants under this section for communicable disease control programs for tuberculosis.

"(3) There is authorized to be appropriated $23,000,000 for the fiscal year ending June 30, 1973, $23,000,000 for the fiscal year ending June 30, 1974, and $23,000,000 for the fiscal year ending June 30, 1975, for grants under this section for communicable disease control programs other than communicable disease control programs for which appropriations are authorized by paragraph (1) or (2).

"(4) Not to exceed 50 per centum of the amount appropriated for any fiscal year under any of the preceding paragraphs of this subsection may be used by the Secretary for grants for such fiscal year under (A) programs for which appropriations are authorized under any one or more of the other paragraphs of this subsection if the Secretary determines that such use will better carry out the purposes of this section, and (B) section 318.

"(e) The Secretary shall develop a plan under which personnel, equipment, medical supplies, and other resources of the Service and other agencies under his jurisdiction may be effectively utilized to meet epidemics or, other health emergencies involving, any disease referred to in subsection (h)(1). There is authorized to be appropriated to the Secretary $5,000,000 for the fiscal year ending June 30, 1973, $5,000,000 for the fiscal year ending June 30, 1974, and $5,000,000 for the fiscal year ending June 30, 1975, for costs incurred in utilizing such resources in accordance with such plan.

"(f) (1) Except as provided in section 318(g), no funds appropriated under any provision of this Act other than subsection (d) may be used to make grants in any fiscal year for communicable disease control programs if (A) grants for such programs are authorized by this section, and (B) all the funds authorized to be appropriated under that subsection for that fiscal year have not been appropriated for that fiscal year and obligated in that fiscal year.
“(2) No funds appropriated under any provision of this Act other than subsection (e) may be used in any fiscal year for costs incurred in utilizing resources of the Service in accordance with a plan developed in accordance with that subsection if all the funds authorized to be appropriated under that subsection for that fiscal year have not been appropriated for that fiscal year and obligated in that fiscal year.

“(g) The Secretary shall submit to the President for submission to the Congress on January 1 of each year a report (1) on the effectiveness of all Federal and other public and private activities in preventing and controlling the diseases referred to in subsection (h) (1), (2) on the extent of the problems presented by such diseases, (3) on the effectiveness of the activities, assisted under grants under this section, in preventing and controlling such diseases, and (4) setting forth a plan for the coming year for the prevention and control of such diseases.

“(h) For the purposes of this section:

“(1) The term `communicable disease control program' means a program which is designed and conducted so as to contribute to national protection against tuberculosis, rubella, measles, Rh disease, poliomyelitis, diphtheria, tetanus, whooping cough, or other communicable diseases (other than venereal disease) which are transmitted from State to State, are amenable to reduction, and are determined by the Secretary to be of national significance. Such term includes vaccination programs, laboratory services, and studies to determine the communicable disease control needs of States and political subdivisions of States and the means of best meeting such needs.

“(2) The term `State' includes the Commonwealth of Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands, the Virgin Islands, and the District of Columbia.

“(i) Nothing in this section shall limit or otherwise restrict the use of funds which are granted to a State or to an agency or a political subdivision of a State under provisions of Federal law (other than this Act) and which are available for the conduct of communicable disease control programs from being used in connection with programs assisted through grants under this section.”

Sec. 102. The amendment made by section 101 of this title shall apply to grants made under section 317 of the Public Health Service Act after June 30, 1972, except that subsection (d) of such section as amended by section 101 shall take effect on the date of enactment of this Act.

TITLE II—VENereal disease prevention and control

Sec. 201. This title may be cited as the “National Venereal Disease Prevention and Control Act”.

Sec. 202. (a) The Congress finds and declares that—

(1) the number of reported cases of venereal disease has reached epidemic proportions in the United States;

(2) the number of patients with venereal disease reported to public health authorities is only a fraction of those treated by physicians;

(3) the incidence of venereal disease is particularly high among individuals in the 20–24 age group, and in metropolitan areas;

(4) venereal disease accounts for needless deaths and leads to such severe disabilities as sterility, insanity, blindness, and crippling conditions:
SEC. 318. (a) The Secretary may provide technical assistance to appropriate public authorities and scientific institutions for their research, training, and public health programs for the prevention and control of venereal disease.

(b)(1) The Secretary is authorized to make grants to States, political subdivisions of States, and any other public or nonprofit private entity for projects for the conduct of research, demonstrations, and training for the prevention and control of venereal disease.

(2) For the purpose of carrying out this subsection, there is authorized to be appropriated $7,500,000 for the fiscal year ending June 30, 1973, and for each of the next two fiscal years.

(c)(1) There is authorized to be appropriated $25,000,000 for the fiscal year ending June 30, 1973, and for each of the next two fiscal years, to enable the Secretary to make grants to State health authorities to assist the States in establishing and maintaining adequate public health programs for the diagnosis and treatment of venereal disease. For purposes of this subsection, the term 'State' means each of the several States of the United States, the District of Columbia, the Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Commonwealth of Puerto Rico.

(D) contain or be supported by assurances satisfactory to the Secretary that (i) not less than 70 per centum of the funds paid to the State under this subsection will be used to provide and strengthen public health services in its political subdivisions for the diagnosis and treatment of venereal disease; (ii) such funds
will be used to supplement and, to the extent practical, to increase the level of funds that would otherwise be made available for the purposes for which the Federal funds are provided under this subsection and will not supplant any non-Federal funds which would otherwise be available for such purposes; and (iii) the plan is compatible with the total health program of the State;

"(E) provide that the State health authority will from time to time, but not less often than annually, review and evaluate its State plan approved under this subsection, and submit to the Secretary appropriate modifications thereof;

"(B) Any amount allotted to a State (other than the Virgin Islands, American Samoa, Guam, the Trust Territory of the Pacific Islands, and the Commonwealth of Puerto Rico) under subparagraph (A) for a fiscal year and remaining unobligated at the end of such year shall remain available to such State, for the purposes for which made, for the next fiscal year (and for such year only), and any such amount shall be in addition to the amounts allotted to such State for such purpose for such next fiscal year; except that any such amount, remaining unobligated at the end of the sixth month following the end of such year for which it was allotted, which the Secretary determines will remain unobligated by the close of such next fiscal year, may be reallocated by the Secretary, to be available for the purposes for which made until the close of such next fiscal year, to other States which have need therefor, on such basis as the Secretary deems equitable and consistent with the purposes of this subsection, and any amount so reallocated to a State shall be in addition to the amounts allotted and available to the States for the same period. Any amount allotted under subparagraph (A) to the Virgin Islands, American Samoa, Guam, the Trust Territory of the Pacific Islands, or the Commonwealth of Puerto Rico for a fiscal year and remaining unobligated at the end of such year shall remain available to it for the purposes for which made, for the next two fiscal years (and for such years only), and any such amount shall be in addition to the amounts allotted and available to the States for the same period. Any amount allotted under subparagraph (A) to the Virgin Islands, American Samoa, Guam, the Trust Territory of the Pacific Islands, or the Commonwealth of Puerto Rico for a fiscal year and remaining unobligated at the end of such year shall remain available to it for the purposes for which made, for the next two fiscal years (and for such years only), and any such amount shall be in addition to the amounts allotted to it for such purposes for each of such next two fiscal years; except that any such amount, remaining unobligated at the end of the first of such next two years, which the Secretary determines will remain unobligated at the close of the second of such next two years, may be reallocated by the Secretary, to be available for the purposes for which made until the

"(4) The amount of any grant under this subsection for public health programs under an approved State plan shall be determined by the Secretary, except that no grant for any such program may exceed 90 per centum of its cost (as determined under regulations of the Secretary). Payments under grants under this subsection shall be made from time to time in advance on the basis of estimates by the Secretary or by way of reimbursement, with necessary adjustments on account of previous underpayments or overpayments.

"(d) (1) The Secretary is authorized to make project grants to States and, in consultation with the State health authority, to political subdivisions of States, for—

"(2) For the purpose of carrying out this subsection, there is authorized to be appropriated $30,000,000 for the fiscal year ending June 30, 1973, and for each of the next two succeeding fiscal years.

"(e) (1) Grants made under subsection (b) or (d) of this section shall be made on such terms and conditions as the Secretary finds necessary to carry out the purposes of such subsection, and payments under any such grants shall be made in advance or by way of reimbursement and in such installments as the Secretary finds necessary.

"(2) Each recipient of a grant under this section shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant, the total cost of the project or undertaking in connection with which such grant was given or used, and the amount of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

"(3) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients of grants under this section that are pertinent to such grants.

"(4) The Secretary, at the request of a recipient of a grant under this section, may reduce such grant by the fair market value of any supplies or equipment furnished to such recipient and by the amount of pay, allowances, travel expenses, and any other costs in connection with the detail of an officer or employee of the United States to the recipient when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such recipient and for the purpose of carrying out the program with respect to which the grant under this section is made. The amount by which any such grant is so reduced shall be available for
payment by the Secretary of the costs incurred in furnishing the supplies, equipment, or personal services on which the reduction of such grant is based; and, in the case of a grant under subsection (c), such amount shall be deemed a part of the grant to such recipient and shall, for the purposes of that subsection, be deemed to have been paid to such recipient.

"(5) All information obtained in connection with the examination, care, or treatment of any individual under any program which is being carried out with a grant made under this section shall not, without such individual's consent, be disclosed except as may be necessary to provide service to him. Information derived from any such program may be disclosed—

"(A) in summary, statistical, or other form, or

"(B) for clinical or research purposes,

but only if the identity of the individuals diagnosed or provided care or treatment under such program is not disclosed.

"(f) Except as provided in section 317(d)(4), no funds appropriated under any provision of this Act other than this section may be used to make grants in any fiscal year for programs or projects respecting venereal disease if (1) grants for such programs or projects are authorized by this section, and (2) all the funds authorized to be appropriated under this section for that fiscal year have not been appropriated for that fiscal year and obligated in that fiscal year.

"(g) Not to exceed 50 per centum of the amounts appropriated for any fiscal year under subsections (b), (c), and (d) of this section may be used by the Secretary for grants for such fiscal year under section 317.

"(h) Nothing in this section shall be construed to require any State or any political subdivision of a State to have a venereal disease program which would require any person, who objects to any treatment provided under such a program, to be treated or to have, any child or ward of his treated under such a program."

The number that may be recommended for continuation shall be not less than 50 per centum or more than 75 per centum of the number of officers being considered for continuation.

“(d) A board convened under this section shall submit its report to the Secretary. If the board has acted contrary to law or regulation, the Secretary may return the report for proceedings in revision and resubmission to the Secretary. After his final review the Secretary shall submit the report of the board to the President for his approval.

“(e) Each officer who is considered but not continued on active duty under the provisions of this section shall, unless retired under some other provision of law, be retired on June 30 of the fiscal year in which the report of the continuation board convened under this section is approved.

“(g) Notwithstanding subsection (f) of this section, the Commandant, with the approval of the Secretary, may by annual action retain on active duty from fiscal year to fiscal year any officer who would otherwise be retired under subsection (f). An officer so retained, unless retired under some other provision of law, shall be retired on June 30 of that fiscal year in which no action is taken to further retain him under this subsection.

and inserting in lieu thereof:

“47. Vice Commandant; assignment; retirement.

and inserting in lieu thereof:

"290. Rear admirals; continuation on active duty; involuntary retirement."

Sec. 2. Subsection (f) of section 202 of title 37, United States Code, is amended to read as follows:

"(f) The number of rear admirals on the active list of the Coast Guard entitled to the basic pay of a rear admiral of the upper half is one-half of the number of officers on the active list in grades above captain, less the number of officers serving in grades above rear admiral. If the division results in an odd number, the odd number shall be placed in the upper half. However, an officer who is entitled to the basic pay of a rear admiral of the upper half may not have his basic pay reduced solely because the number of rear admirals is reduced."

INTERIM PROVISIONS

Sec. 3. This Act is effective upon enactment except that continuation boards, pursuant to subsection (a) of section 290 of title 14, United States Code, as amended by this Act, may not be held until one year following enactment hereof. During the period of one year following enactment hereof the Secretary of the Department in which the Coast Guard is operating shall convene a board consisting of not less than three Coast Guard officers serving in the grade of vice admiral to recommend for continuation on active duty Coast Guard officers on the active duty promotion list serving in the grade of rear admiral, who during the fiscal year in which the board meets will complete not less than five years' service in that grade. Subsections (b) through (g) of section 290 and other sections of title 14, United States Code, as amended by this Act, apply to continuation board action taken pursuant to this section. No officer who is entitled to the basic pay of a rear admiral of the upper half may have his basic pay reduced because of the reduction which results from this Act in the number of officers entitled to the basic pay of a rear admiral of the upper half.

Accordingly, representatives of employees and retirees and representatives of carriers shall, no later than March 1, 1973, submit to the Senate Committee on Labor and Public Welfare and the House of Representatives Committee on Interstate and Foreign Commerce a report containing the mutual recommendations of such representatives based upon their negotiations and taking into account the report and specific recommendations of the Commission on Railroad Retirement designed to insure such solvency. A copy of the report of such representatives shall also be submitted to the Railroad Retirement Board, which, no later than April 1, 1973, shall submit to such committees of the Congress a report containing its views and specific recommendations, and those of the administration, with reference to the report submitted by such representatives.

AN ACT

To authorize the establishment of a system governing the creation and operation of advisory committees in the executive branch of the Federal Government, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Advisory Committee Act".

FINDINGS AND PURPOSES

SEC. 2. (a) The Congress finds that there are numerous committees, boards, commissions, councils, and similar groups which have been established to advise officers and agencies in the executive branch of the Federal Government and that they are frequently a useful and beneficial means of furnishing expert advice, ideas, and diverse opinions to the Federal Government.

(b) The Congress further finds and declares that—

(1) the need for many existing advisory committees has not been adequately reviewed;

(2) new advisory committees should be established only when they are determined to be essential and their number should be kept to the minimum necessary;

(3) advisory committees should be terminated when they are no longer carrying out the purposes for which they were established;

(4) standards and uniform procedures should govern the establishment, operation, administration, and duration of advisory committees;

(5) the Congress and the public should be kept informed with respect to the number, purpose, membership, activities, and cost of advisory committees; and

(6) the function of advisory committees should be advisory only, and that all matters under their consideration should be determined, in accordance with law, by the official, agency, or officer involved.

DEFINITIONS

SEC. 3. For the purpose of this Act—

(1) The term "Director" means the Director of the Office of Management and Budget.

(2) The term "advisory committee" means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof (hereafter in this paragraph referred to as "committee"), which is—

(A) established by statute or reorganization plan, or

(B) established or utilized by the President, or

(C) established or utilized by one or more agencies, in the interest of obtaining advice or recommendations for the President or one or more agencies or officers of the Federal Government, except that such term excludes (i) the Advisory Commission on Intergovernmental Relations, (ii) the Commission on Government Procurement, and (iii) any committee which is composed wholly of full-time officers or employees of the Federal Government.
(3) The term "agency" has the same meaning as in section 551(1) of title 5, United States Code.

(4) The term "Presidential advisory committee" means an advisory committee which advises the President.

APPLICABILITY

SEC. 4. (a) The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

(1) the Central Intelligence Agency; or

(2) the Federal Reserve System.

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

SEC. 5. (a) In the exercise of its legislative review function, each standing committee of the Senate and the House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of legislation necessary to carry out the purpose of this subsection.

(b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarging the mandate of an existing advisory committee. Any such legislation shall—

(1) contain a clearly defined purpose for the advisory committee;

(2) require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;

(3) contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;

(4) contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and
(b) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate shall make a report to the Congress stating either his proposals for action or his reasons for inaction, with respect to the recommendations contained in the public report.

(c) The President shall, not later than March 31 of each calendar year (after the year in which this Act is enacted), make an annual report to the Congress on the activities, status, and changes in the composition of advisory committees in existence during the preceding calendar year. The report shall contain the name of every advisory committee, the date of and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, the dates of its meetings, the names and occupations of its current members, and the total estimated annual cost to the United States to fund, service, supply, and maintain such committee. Such report shall include a list of those advisory committees abolished by the President, and in the case of advisory committees established by statute, a list of those advisory committees which the President recommends be abolished together with his reasons therefor. The President shall exclude from this report any information which, in his judgment, should be withheld for reasons of national security, and he shall include in such report a statement that such information is excluded.

RESPONSIBILITIES OF THE DIRECTOR, OFFICE OF MANAGEMENT AND BUDGET

Sec. 7. (a) The Director shall establish and maintain within the Office of Management and Budget a Committee Management Secretariat, which shall be responsible for all matters relating to advisory committees.

(b) The Director shall, immediately after the enactment of this Act, institute a comprehensive review of the activities and responsibilities of each advisory committee to determine—

(1) whether such committee is carrying out its purpose;

(2) whether, consistent with the provisions of applicable statutes, the responsibilities assigned to it should be revised;

(3) whether it should be merged with other advisory committees; or

(4) whether it should be abolished.

The Director may from time to time request such information as he deems necessary to carry out his functions under this subsection. Upon the completion of the Director's review he shall make recommendations to the President and to either the agency head or the Congress with respect to action he believes should be taken. Thereafter, the Director shall carry out a similar review annually. Agency heads shall cooperate with the Director in making the reviews required by this subsection.
(c) The Director shall prescribe administrative guidelines and management controls applicable to advisory committees, and, to the maximum extent feasible, provide advice, assistance, and guidance to advisory committees to improve their performance. In carrying out his functions under this subsection, the Director shall consider the recommendations of each agency head with respect to means of improving the performance of advisory committees whose duties are related to such agency.

(d) (1) The Director, after study and consultation with the Civil Service Commission, shall establish guidelines with respect to uniform fair rates of pay for comparable services of members, staffs, and consultants of advisory committees in a manner which gives appropriate recognition to the responsibilities and qualifications required and other relevant factors. Such regulations shall provide that—

(A) no member of any advisory committee or of the staff of any advisory committee shall receive compensation at a rate in excess of the rate specified for GS-18 of the General Schedule under section 5332 of title 5, United States Code; and

(B) such members, while engaged in the performance of their duties away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons employed intermittently in the Government service.

(2) Nothing in this subsection shall prevent—

(A) an individual who (without regard to his service with an advisory committee) is a full-time employee of the United States, or

(B) an individual who immediately before his service with an advisory committee was such an employee, from receiving compensation at the rate at which he otherwise would be compensated (or was compensated) as a full-time employee of the United States.

(e) The Director shall include in budget recommendations a summary of the amounts he deems necessary for the expenses of advisory committees, including the expenses for publication of reports where appropriate.

RESPONSIBILITIES OF AGENCY HEADS

SEC. 8. (a) Each agency head shall establish uniform administrative guidelines and management controls for advisory committees established by that agency, which shall be consistent with directives of the Director under section 7 and section 10. Each agency shall maintain systematic information on the nature, functions, and operations of each advisory committee within its jurisdiction.

(b) The head of each agency which has an advisory committee shall designate an Advisory Committee Management Officer who shall—

(1) exercise control and supervision over the establishment, procedures, and accomplishments of advisory committees established by that agency;

(2) assemble and maintain the reports, records, and other papers of any such committee during its existence; and

(3) carry out, on behalf of that agency, the provisions of section 552 of title 5, United States Code, with respect to such reports, records, and other papers.

ESTABLISHMENT AND PURPOSE OF ADVISORY COMMITTEES

SEC. 9. (a) No advisory committee shall be established unless such establishment is—

(1) specifically authorized by statute or by the President; or
(2) determined as a matter of formal record, by the head of the agency involved after consultation with the Director, with timely notice published in the Federal Register, to be in the public interest in connection with the performance of duties imposed on that agency by law.

(b) Unless otherwise specifically provided by statute or Presidential directive, advisory committees shall be utilized solely for advisory functions. Determinations of action to be taken and policy to be expressed with respect to matters upon which an advisory committee reports or makes recommendations shall be made solely by the President or an officer of the Federal Government.

(c) No advisory committee shall meet or take any action until an advisory committee charter has been filed with (1) the Director, in the case of Presidential advisory committees, or (2) with the head of the agency to whom any advisory committee reports and with the standing committees of the Senate and of the House of Representatives having legislative jurisdiction of such agency. Such charter shall contain the following information:

(A) the committee's official designation;
(B) the committee's objectives and the scope of its activity;
(C) the period of time necessary for the committee to carry out its purposes;
(D) the agency or official to whom the committee reports;
(E) the agency responsible for providing the necessary support for the committee;
(F) a description of the duties for which the committee is responsible, and, if such duties are not solely advisory, a specification of the authority for such functions;
(G) the estimated annual operating costs in dollars and man-years for such committee;
(H) the estimated number and frequency of committee meetings;
(I) the committee's termination date, if less than two years from the date of the committee's establishment; and
(J) the date the charter is filed.

A copy of any such charter shall also be furnished to the Library of Congress.

ADVISORY COMMITTEE PROCEDURES

SEC. 10. (a) (1) Each advisory committee meeting shall be open to the public.

(2) Except when the President determines otherwise for reasons of national security, timely notice of each such meeting shall be published in the Federal Register, and the Director shall prescribe regulations to provide for other types of public notice to insure that all interested persons are notified of such meeting prior thereto.

(3) Interested persons shall be permitted to attend, appear before, or file statements with any advisory committee, subject to such reasonable rules or regulations as the Director may prescribe.

(b) Subject to section 552 of title 5, United States Code, the records, reports, transcripts, minutes, appendixes, working papers, drafts, studies, agenda, or other documents which were made available to or prepared for or by each advisory committee shall be available for public inspection and copying at a single location in the offices of the advisory committee or the agency to which the advisory committee reports until the advisory committee ceases to exist.

(c) Detailed minutes of each meeting of each advisory committee shall be kept and shall contain a record of the persons present, a complete and accurate description of matters discussed and conclusions reached, and copies of all reports received, issued, or approved by the
advisory committee. The accuracy of all minutes shall be certified to by the chairman of the advisory committee.

(d) Subsections (a)(1) and (a)(3) of this section shall not apply to any advisory committee meeting which the President, or the head of the agency to which the advisory committee reports, determines is concerned with matters listed in section 552(b) of title 5, United States Code. Any such determination shall be in writing and shall contain the reasons for such determination. If such a determination is made, the advisory committee shall issue a report at least annually setting forth a summary of its activities and such related matters as would be informative to the public consistent with the policy of section 552(b) of title 5, United States Code.

(e) There shall be designated an officer or employee of the Federal Government to chair or attend each meeting of each advisory committee. The officer or employee so designated is authorized, whenever he determines it to be in the public interest, to adjourn any such meeting. No advisory committee shall conduct any meeting in the absence of that officer or employee.

(f) Advisory committees shall not hold any meetings except at the call of, or with the advance approval of, a designated officer or employee of the Federal Government, and in the case of advisory committees (other than Presidential advisory committees), with an agenda approved by such officer or employee.

AVAILABILITY OF TRANSCRIPTS

Sec. 11. (a) Except where prohibited by contractual agreements entered into prior to the effective date of this Act, agencies and advisory committees shall make available to any person, at actual cost of duplication, copies of transcripts of agency proceedings or advisory committee meetings.

(b) As used in this section “agency proceeding” means any proceeding as defined in section 551(12) of title 5, United States Code.

FISCAL AND ADMINISTRATIVE PROVISIONS

Sec. 12. (a) Each agency shall keep records as will fully disclose the disposition of any funds which may be at the disposal of its advisory committees and the nature and extent of their activities. The General Services Administration, or such other agency as the President may designate, shall maintain financial records with respect to Presidential advisory committees. The Comptroller General of the United States, or any of his authorized representatives, shall have access, for the purpose of audit and examination, to any such records.

(b) Each agency shall be responsible for providing support services for each advisory committee established by or reporting to it unless the establishing authority provides otherwise. Where any such advisory committee reports to more than one agency, only one agency shall be responsible for support services at any one time. In the case of Presidential advisory committees, such services may be provided by the General Services Administration.

RESPONSIBILITIES OF LIBRARY OF CONGRESS

Sec. 13. Subject to section 552 of title 5, United States Code, the Director shall provide for the filing with the Library of Congress of at least eight copies of each report made by every advisory committee and, where appropriate, background papers prepared by consultants. The Librarian of Congress shall establish a depository for such reports and papers where they shall be available to public inspection and use.
TERMINATION OF ADVISORY COMMITTEES

SEC. 14. (a) (1) Each advisory committee which is in existence on the effective date of this Act shall terminate not later than the expiration of the two-year period following such effective date unless—

(A) in the case of an advisory committee established by the President or an officer of the Federal Government, such advisory committee is renewed by the President or that officer by appropriate action prior to the expiration of such two-year period; or

(B) in the case of an advisory committee established by an Act of Congress, its duration is otherwise provided for by law.

(2) Each advisory committee established after such effective date shall terminate not later than the expiration of the two-year period beginning on the date of its establishment unless—

(A) in the case of an advisory committee established by the President or an officer of the Federal Government such advisory committee is renewed by the President or such officer by appropriate action prior to the end of such period; or

(B) in the case of an advisory committee established by an Act of Congress, its duration is otherwise provided for by law.

(b) (1) Upon the renewal of any advisory committee, such advisory committee shall file a charter in accordance with section 9(c).

(3) No advisory committee required under this subsection to file a charter shall take any action (other than preparation and filing of such charter) prior to the date on which such charter is filed.

AN ACT

To establish an Office of Technology Assessment for the Congress as an aid in the identification and consideration of existing and probable impacts of technological application; to amend the National Science Foundation Act of 1950; and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Technology Assessment Act of 1972".

FINDINGS AND DECLARATION OF PURPOSE

SEC. 2. The Congress hereby finds and declares that:

(a) As technology continues to change and expand rapidly, its applications are—

(1) large and growing in scale; and

(2) increasingly extensive, pervasive, and critical in their impact, beneficial and adverse, on the natural and social environment.

(b) Therefore, it is essential that, to the fullest extent possible, the consequences of technological applications be anticipated, understood, and considered in determination of public policy on existing and emerging national problems.

(c) The Congress further finds that:

(1) the Federal agencies presently responsible directly to the Congress are not designed to provide the legislative branch with adequate and timely information, independently developed, relating to the potential impact of technological applications, and

(2) the present mechanisms of the Congress do not and are not designed to provide the legislative branch with such information.

(d) Accordingly, it is necessary for the Congress to—

(1) equip itself with new and effective means for securing competent, unbiased information concerning the physical, biological, economic, social, and political effects of such applications; and

(2) utilize this information, whenever appropriate, as one factor in the legislative assessment of matters pending before the Congress, particularly in those instances where the Federal Government may be called upon to consider support for, or management or regulation of, technological applications.

ESTABLISHMENT OF THE OFFICE OF TECHNOLOGY ASSESSMENT

SEC. 3. (a) In accordance with the findings and declaration of purpose in section 2, there is hereby created the Office of Technology Assessment (hereinafter referred to as the "Office") which shall be within and responsible to the legislative branch of the Government.

(b) The Office shall consist of a Technology Assessment Board (hereinafter referred to as the "Board") which shall formulate and promulgate the policies of the Office, and a Director who shall carry out such policies and administer the operations of the Office.

(c) The basic function of the Office shall be to provide early indications of the probable beneficial and adverse impacts of the applications of technology and to develop other coordinate information which may assist the Congress. In carrying out such function, the Office shall:

(1) identify existing or probable impacts of technology or technological programs;
(2) where possible, ascertain cause-and-effect relationships;
(3) identify alternative technological methods of implementing specific programs;
(4) identify alternative programs for achieving requisite goals;
(5) make estimates and comparisons of the impacts of alternative methods and programs;
(6) present findings of completed analyses to the appropriate legislative authorities;
(7) identify areas where additional research or data collection is required to provide adequate support for the assessments and estimates described in paragraph (1) through (5) of this subsection; and
(8) undertake such additional associated activities as the appropriate authorities specified under subsection (d) may direct.

(d) Assessment activities undertaken by the Office may be initiated upon the request of:

(1) the chairman of any standing, special, or select committee of either House of the Congress, or of any joint committee of the Congress, acting for himself or at the request of the ranking minority member or a majority of the committee members;
(2) the Board; or
(3) the Director, in consultation with the Board.

(e) Assessments made by the Office, including information, surveys, studies, reports, and findings related thereto, shall be made available to the initiating committee or other appropriate committees of the Congress. In addition, any such information, surveys, studies, reports, and findings produced by the Office may be made available to the public except where—

(1) to do so would violate security statutes; or
(2) the Board considers it necessary or advisable to withhold such information in accordance with one or more of the numbered paragraphs in section 552(b) of title 5, United States Code.

SEC. 4. (a) The Board shall consist of thirteen members as follows:

(1) six Members of the Senate, appointed by the President pro tempore of the Senate, three from the majority party and three from the minority party;
(2) six Members of the House of Representatives appointed by the Speaker of the House of Representatives, three from the majority party and three from the minority party; and
(3) the Director, who shall not be a voting member.

(b) Vacancies in the membership of the Board shall not affect the power of the remaining members to execute the functions of the Board and shall be filled in the same manner as in the case of the original appointment.

(c) The Board shall select a chairman and a vice chairman from among its members at the beginning of each Congress. The vice chairman shall act in the place and stead of the chairman in the absence of the chairman. The chairmanship and the vice chairmanship shall alternate between the Senate and the House of Representatives with each Congress. The chairman during each even-numbered Congress shall be selected by the Members of the House of Representatives on the Board from among their number. The vice chairman during each
Congress shall be chosen in the same manner from that House of Congress other than the House of Congress of which the chairman is a Member.

(d) The Board is authorized to sit and act at such places and times during the sessions, recesses, and adjourned periods of Congress, and upon a vote of a majority of its members, to require by subpoena or otherwise the attendance of such witnesses and the production of such books, papers, and documents, to administer such oaths and affirmations, to take such testimony, to procure such printing and binding, and to make such expenditures, as it deems advisable. The Board may make such rules respecting its organization and procedures as it deems necessary, except that no recommendation shall be reported from the Board unless a majority of the Board assent. Subpoenas may be issued over the signature of the chairman of the Board or of any voting member designated by him or by the Board, and may be served by such person or persons as may be designated by such chairman or member. The chairman of the Board or any voting member thereof may administer oaths or affirmations to witnesses.

**DIRECTOR AND DEPUTY DIRECTOR**

Sec. 5. (a) The Director of the Office of Technology Assessment shall be appointed by the Board and shall serve for a term of six years unless sooner removed by the Board. He shall receive basic pay at the rate provided for level III of the Executive Schedule under section 5314 of title 5, United States Code.

(b) In addition to the powers and duties vested in him by this Act, the Director shall exercise such powers and duties as may be delegated to him by the Board.

(c) The Director may appoint with the approval of the Board, a Deputy Director who shall perform such functions as the Director may prescribe and who shall be Acting Director during the absence or incapacity of the Director or in the event of a vacancy in the office of Director. The Deputy Director shall receive basic pay at the rate provided for level IV of the Executive Schedule under section 5315 of title 5, United States Code.

(d) Neither the Director nor the Deputy Director shall engage in any other business, vocation, or employment than that of serving as such Director or Deputy Director, as the case may be; nor shall the Director or Deputy Director, except with the approval of the Board, hold any office in, or act in any capacity for, any organization, agency, or institution with which the Office makes any contract or other arrangement under this Act.

(c) The Office, in carrying out the provisions of this Act, shall not, itself, operate any laboratories, pilot plants, or test facilities.

No person shall be appointed a member of the Council under subsection (a) (1) more than twice. Terms of the members appointed under subsection (a) (1) shall be staggered so as to establish a rotating membership according to such method as the Board may devise.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act of July 4, 1955 (69 Stat. 245), as amended by the Act of May 14, 1956 (70 Stat. 155), is hereby amended to read as follows:

"That distribution and drainage systems authorized to be constructed under the Federal reclamation laws may, in lieu of construction by the Secretary of the Interior (referred to in this Act as the 'Secretary'), be constructed by irrigation districts or other public agencies according to plans and specifications approved by the Secretary as provided in this Act. The drainage systems referred to in this Act are those required for collection and removal of excess irrigation water, either on or below the surface of the ground and do not include enlargement or alteration of existing waterways for disposition of natural runoff.

"Sec. 2. To assist financially in the construction of the aforesaid local distribution and drainage systems by irrigation districts and other public agencies the Secretary is authorized, on application therefor by such irrigation districts or other public agencies, to make funds available on a loan basis from moneys appropriated for the construction of such distribution and drainage systems to any irrigation district or other public agency in an amount equal to the estimated construction cost of such system, contingent upon a finding by the Secretary that the loan can be returned to the United States in accordance with the general repayment provisions of sections 2(d) and 9(d) of the Reclamation Project Act of August 4, 1939, and upon a showing that such district or agency already holds or can acquire all lands and interests in land (except public and other lands or interests in land owned by the United States which are within the administrative jurisdiction of the Secretary and subject to disposition by him) necessary for the construction, operation, and maintenance of the project. The Secretary shall, upon approval of a loan, including any loan for a distribution and drainage system receiving water from the San Luis unit, Central Valley project, authorized by the Act of June 3, 1960 (74 Stat. 156), enter into a repayment contract which includes such provisions as the Secretary shall deem necessary and proper to provide assurance of prompt repayment of the loan within not to exceed forty years plus a development period not to exceed ten years. The term 'irrigation district or other public agency' shall for the purposes of this Act mean any conservancy district, irrigation district, water users' organization, or other organization, which is organized under State law and which has capacity to enter into contracts with the United States pursuant to the Federal reclamation laws.

"Sec. 3. The Secretary shall require, as conditions to any such loan, that the borrower contribute in money or materials, labor, lands, or interests in land, computed at their reasonable value, a portion not in excess of 10 per centum, of the construction cost of the distribution and drainage system (including all costs of acquiring lands and interests in land), that the plans for the system be in accord with sound engineering practices and be such as will achieve the purposes for which the system was authorized, and that the borrower agree to account in full in regard to all disbursements of borrowed funds and to return at once for application toward amortization of the loan all funds which are not expended in the construction of the distribution and drainage system. Every organization contracting for repayment..."

The Secretary is hereby authorized to reconvey to borrowers all lands or interests in lands and distribution works transferred to the United States under the provisions of this Act: Provided, That any reconveyance shall be upon the condition that the repayment contract of the borrower be amended to include such provisions as the Secretary shall deem necessary or proper to provide assurance of and security for prompt repayment of the loan. The head of any department or agency of the Government within whose administrative jurisdiction are lands owned by the United States the use of which is reasonably necessary for the construction, operation, and maintenance of distribution and drainage works under this Act may grant to a borrower or prospective borrower under this Act revocable permission for the use thereof in like manner as under the Acts of March 3, 1891, sections 18 to 21 (26 Stat. 1101), as amended (43 U.S.C. 946-949), January 21, 1895 (28 Stat. 633), as amended (43 U.S.C. 956), February 15, 1901 (31 Stat. 790), as amended (16 U.S.C. 79, 522; 43 U.S.C. 959), February 1, 1905 (33 Stat. 628; 16 U.S.C. 624), March 1, 1921 (41 Stat. 1194; 43 U.S.C. 950), May 9, 1941 (55 Stat. 183; 43 U.S.C. 951a), July 24, 1946, section 7 (60 Stat. 643), as amended (43 U.S.C. 951b), May 31, 1947 (61 Stat. 124; 58 U.S.C. 11), February 5, 1948 (62 Stat. 17; 25 U.S.C. 323-328), or September 3, 1954 (68 Stat. 1146; 43 U.S.C. 931c-931d), or any other similar Act which is applicable to the lands involved: Provided, That no such permission shall be granted in the case of lands being administered for national park, national monument, or wildlife purposes.

"Sec. 4. Except as herein otherwise provided, the provisions of the Federal reclamation laws, and Acts amendatory thereto, are continued in full force and effect.

"Sec. 5. Unless otherwise provided in the Act authorizing construction of the project, the delivery and distribution of municipal and industrial water supplies shall be deemed to be an authorized project purpose under this Act, and where appropriate, an allocation of loan funds acceptable to the Secretary shall be made between irrigation and municipal and industrial purposes. Loan repayment contracts shall require that the borrower pay interest on that portion of the unamortized loan obligation (including interest during construction) allocated in each year to municipal and industrial purposes at the rate provided in the Act authorizing the project, or absent such an authorized rate, at a rate determined by the Secretary of the Treasury as of the beginning of the fiscal year in which the contract, or contract amendment entered into pursuant to section 6 hereof, is executed, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations which are neither due nor callable for redemption for fifteen years from date of issue, and by adjusting such average rate to the nearest one-eighth of 1 per centum.

reducing, storing, collecting, treating, or otherwise eliminating pollu-
tion from sewage in rural and other areas where collection of sewage
in conventional, community-wide sewage collection systems is imprac-
tical, uneconomical, or otherwise infeasible, or where soil conditions or
other factors preclude the use of septic tank and drainage field sys-
tems, and (B) in cooperation with other interested Federal and State
agencies, to disseminate such information obtained under this subsec-
tion as will encourage and enable the adoption of new and improved
methods developed pursuant to this subsection.

“(f) Federal grants under subsection (a) of this section shall be
subject to the following limitations:

“(1) No grant shall be made for any project unless such project
shall have been approved by the appropriate State water pollu-
tion control agency or agencies and by the Administrator;

“(2) No grant shall be made for any project in an amount
exceeding 75 per centum of cost thereof as determined by the
Administrator; and

subsection (a).

“(g) Federal grants under subsections (c) and (d) of this section
shall not exceed 75 per centum of the cost of the project.

“(h) For the purpose of this section there is authorized to be appro-

1973, and the fiscal year ending June 30, 1974, and from such appro-
priations at least 10 per centum of the funds actually appropriated
in each fiscal year shall be available only for the purposes of subsec-
tion (e).

"(c) The Administrator is authorized to pay to each State and interstate agency each fiscal year either—

"(1) the allotment of such State or agency for such fiscal year under subsection (b), or

"(2) the reasonable costs as determined by the Administrator of developing and carrying out a pollution program by such State or agency during such fiscal year,

which ever amount is the lesser.

"(d) No grant shall be made under this section to any State or interstate agency for any fiscal year when the expenditure of non-Federal funds by such State or interstate agency during such fiscal year for the recurrent expenses of carrying out its pollution control program are less than the expenditure by such State or interstate agency of non-Federal funds for such recurrent program expenses during the fiscal year ending June 30, 1971.

"(e) Beginning in fiscal year 1974 the Administrator shall not make any grant under this section to any State which has not provided or is not carrying out as a part of its program—

"(1) the establishment and operation of appropriate devices, methods, systems, and procedures necessary to monitor, and to compile and analyze data on (including classification according to eutrophic condition), the quality of navigable waters and to the extent practicable, ground waters including biological monitoring; and provision for annually updating such data and including it in the report required under section 305 of this Act;

"(2) authority comparable to that in section 504 of this Act and adequate contingency plans to implement such authority.

“(g) Any sums allotted under subsection (b) in any fiscal year which are not paid shall be reallocated by the Administrator in accordance with regulations promulgated by him.

**MINE WATER POLLUTION CONTROL DEMONSTRATIONS**

“Sec. 107. (a) The Administrator in cooperation with the Appalachian Regional Commission and other Federal agencies is authorized to conduct, to make grants for, or to contract for, projects to demonstrate comprehensive approaches to the elimination or control of acid or other mine water pollution resulting from active or abandoned mining operations and other environmental pollution affecting water quality within all or part of a watershed or river basin, including siltation from surface mining. Such projects shall demonstrate the engineering and economic feasibility and practicality of various abatement techniques which will contribute substantially to effective and practical methods of acid or other mine water pollution elimination or control, and other pollution affecting water quality, including techniques that demonstrate the engineering and economic feasibility and practicality of using sewage sludge materials and other municipal wastes to diminish or prevent pollution affecting water quality from acid, sedimentation, or other pollutants and in such projects to restore affected lands to usefulness for forestry, agriculture, recreation, or other beneficial purposes.

“(b) Prior to undertaking any demonstration project under this section in the Appalachian region (as defined in section 403 of the Appalachian Regional Development Act of 1965, as amended), the Appalachian Regional Commission shall determine that such demonstration project is consistent with the objectives of the Appalachian Regional Development Act of 1965, as amended.

“(c) The Administrator, in selecting watersheds for the purposes of this section, shall be satisfied that the project area will not be affected adversely by the influx of acid or other mine water pollution from nearby sources.

“(d) Federal participation in such projects shall be subject to the conditions—

“(1) that the State shall acquire any land or interests therein necessary for such project; and

“(2) that the State shall provide legal and practical protection to the project area to insure against any activities which will cause future acid or other mine water pollution.

“(e) There is authorized to be appropriated $30,000,000 to carry out the provisions of this section, which sum shall be available until expended.

**POLLUTION CONTROL IN GREAT LAKES**

“Sec. 108. (a) The Administrator, in cooperation with other Federal departments, agencies, and instrumentalities is authorized to enter into agreements with any State, political subdivision, interstate agency, or other public agency, or combination thereof, to carry out one or more projects to demonstrate new methods and techniques and to develop preliminary plans for the elimination or control of pollution, within all or any part of the watersheds of the Great Lakes. Such projects shall demonstrate the engineering and economic feasibility and practicality of removal of pollutants and prevention of any polluting matter from entering into the Great Lakes in the future and other reduction and remedial techniques which will contribute substantially to effective and practical methods of pollution prevention, reduction, or elimination.
(b) Federal participation in such projects shall be subject to the condition that the State, political subdivision, interstate agency, or other public agency, or combination thereof, shall pay not less than 25 per centum of the actual project costs, which payment may be in any form, including, but not limited to, land or interests therein that is needed for the project, and personal property or services the value of which shall be determined by the Administrator.

(c) There is authorized to be appropriated $20,000,000 to carry out the provisions of subsections (a) and (b) of this section, which sum shall be available until expended.

(d) (1) In recognition of the serious conditions which exist in Lake Erie, the Secretary of the Army, acting through the Chief of Engineers, is directed to design and develop a demonstration waste water management program for the rehabilitation and environmental repair of Lake Erie. Prior to the initiation of detailed engineering and design, the program, along with the specific recommendations of the Chief of Engineers, and recommendations for its financing, shall be submitted to the Congress for statutory approval. This authority is in addition to, and not in lieu of, other waste water studies aimed at eliminating pollution emanating from select sources around Lake Erie.

(2) This program is to be developed in cooperation with the Environmental Protection Agency, other interested departments, agencies, and instrumentalities of the Federal Government, and the States and their political subdivisions. This program shall set forth alternative systems for managing waste water on a regional basis and shall provide local and State governments with a range of choice as to the type of system to be used for the treatment of waste water. These alternative systems shall include both advanced waste treatment technology and land disposal systems including aerated treatment-spray irrigation technology and will also include provisions for the disposal of solid wastes, including sludge. Such program should include measures to control point sources of pollution, area sources of pollution, including acid-mine drainage, urban runoff and rural runoff, and in place sources of pollution, including bottom loads, sludge banks, and polluted harbor dredgings.

(e) There is authorized to be appropriated $5,000,000 to carry out the provisions of subsection (d) of this section, which sum shall be available until expended.

"TITLE II—GRANTS FOR CONSTRUCTION OF TREATMENT WORKS

"PURPOSE

"Sec. 201. (a) It is the purpose of this title to require and to assist the development and implementation of waste treatment management plans and practices which will achieve the goals of this Act.

"(b) Waste treatment management plans and practices shall provide for the application of the best practicable waste treatment technology before any discharge into receiving waters, including reclaiming and recycling of water, and confined disposal of pollutants so they will not migrate to cause water or other environmental pollution and shall provide for consideration of advanced waste treatment techniques.

"(c) To the extent practicable, waste treatment management shall be on an areawide basis and provide control or treatment of all point and nonpoint sources of pollution, including in place or accumulated pollution sources.

"(d) The Administrator shall encourage waste treatment management which results in the construction of revenue producing facilities providing for—
"(1) the recycling of potential sewage pollutants through the production of agriculture, silviculture, or aquaculture products, or any combination thereof;

"(2) the confined and contained disposal of pollutants not recycled;

"(3) the reclamation of wastewater; and

"(4) the ultimate disposal of sludge in a manner that will not result in environmental hazards.

"(e) The Administrator shall encourage waste treatment management which results in integrating facilities for sewage treatment and recycling with facilities to treat, dispose of, or utilize other industrial and municipal wastes, including but not limited to solid waste and waste heat and thermal discharges. Such integrated facilities shall be designed and operated to produce revenues in excess of capital and operation and maintenance costs and such revenues shall be used by the designated regional management agency to aid in financing other environmental improvement programs.

"(f) The Administrator shall encourage waste treatment management which combines 'open space' and recreational considerations with such management.

"(g) (1) The Administrator is authorized to make grants to any State, municipality, or intermunicipal or interstate agency for the construction of publicly owned treatment works.

"(2) The Administrator shall not make grants from funds authorized for any fiscal year beginning after June 30, 1974, to any State, municipality, or intermunicipal or interstate agency for the erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works unless the grant applicant has satisfactorily demonstrated to the Administrator that—

"(A) alternative waste management techniques have been studied and evaluated and the works proposed for grant assistance will provide for the application of the best practicable waste treatment technology over the life of the works consistent with the purposes of this title; and

"(B) as appropriate, the works proposed for grant assistance will take into account and allow to the extent practicable the application of technology at a later date which will provide for the reclaiming or recycling of water or otherwise eliminate the discharge of pollutants.

"(3) The Administrator shall not approve any grant after July 1, 1973, for treatment works under this section unless the applicant shows to the satisfaction of the Administrator that each sewer collection system discharging into such treatment works is not subject to excessive infiltration.

"(4) The Administrator is authorized to make grants to applicants for treatment works grants under this section for such sewer system evaluation studies as may be necessary to carry out the requirements of paragraph (3) of this subsection. Such grants shall be made in accordance with rules and regulations promulgated by the Administrator. Initial rules and regulations shall be promulgated under this paragraph not later than 120 days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972.

"Sec. 202. (a) The amount of any grant for treatment works made under this Act from funds authorized for any fiscal year beginning after June 30, 1971, shall be 75 per centum of the cost of construction
thereof (as approved by the Administrator). Any grant (other than for reimbursement) made prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 from any funds authorized for any fiscal year beginning after June 30, 1971, shall, upon the request of the applicant, be increased to the applicable percentage under this section.

(b) The amount of the grant for any project approved by the Administrator after January 1, 1971, and before July 1, 1971, for the construction of treatment works, the actual erection, building or acquisition of which was not commenced prior to July 1, 1971, shall, upon the request of the applicant, be increased to the applicable percentage under subsection (a) of this section for grants for treatment works from funds for fiscal years beginning after June 30, 1971, with respect to the cost of such actual erection, building, or acquisition. Such increased amount shall be paid from any funds allocated to the State in which the treatment works is located without regard to the fiscal year for which such funds were authorized. Such increased amount shall be paid for such project only if—

(1) a sewage collection system that is a part of the same total waste treatment system as the treatment works for which such grant was approved is under construction or is to be constructed for use in conjunction with such treatment works, and if the cost of such sewage collection system exceeds the cost of such treatment works, and

(2) the State water pollution control agency or other appropriate State authority certifies that the quantity of available ground water will be insufficient, inadequate, or unsuitable for public use, including the ecological preservation and recreational use of surface water bodies, unless effluents from publicly-owned treatment works after adequate treatment are returned to the ground water consistent with acceptable technological standards.

"PLANs, SPECIFICATIONS, ESTIMATES, AND PAYMENTS"

"Sec. 203. (a) Each applicant for a grant shall submit to the Administrator for his approval, plans, specifications, and estimates for each proposed project for the construction of treatment works for which a grant is applied for under section 201(g)(1) from funds allotted to the State under section 205 and which otherwise meets the requirements of this Act. The Administrator shall act upon such plans, specifications, and estimates as soon as practicable after the same have been submitted, and his approval of any such plans, specifications, and estimates shall be deemed a contractual obligation of the United States for the payment of its proportional contribution to such project.

(b) The Administrator shall, from time to time as the work progresses, make payments to the recipient of a grant for costs of construction incurred on a project. These payments shall at no time exceed the Federal share of the cost of construction incurred to the date of the voucher covering such payment plus the Federal share of the value of the materials which have been stockpiled in the vicinity of such construction in conformity to plans and specifications for the project.

(c) After completion of a project and approval of the final voucher by the Administrator, he shall pay out of the appropriate sums the unpaid balance of the Federal share payable on account of such project.

"LIMITATIONS AND CONDITIONS"

"Sec. 204. (a) Before approving grants for any project for any treatment works under section 201(g)(1) the Administrator shall determine—"
“(1) that such works are included in any applicable areawide waste treatment management plan developed under section 208 of this Act;

“(2) that such works are in conformity with any applicable State plan under section 303 (e) of this Act;

“(3) that such works have been certified by the appropriate State water pollution control agency as entitled to priority over such other works in the State in accordance with any applicable State plan under section 303 (e) of this Act;

“(4) that the applicant proposing to construct such works agrees to pay the non-Federal costs of such works and has made adequate provisions satisfactory to the Administrator for assuring proper and efficient operation, including the employment of trained management and operations personnel, and the maintenance of such works in accordance with a plan of operation approved by the State water pollution control agency or, as appropriate, the interstate agency, after construction thereof;

“(5) that the size and capacity of such works relate directly to the needs to be served by such works, including sufficient reserve capacity. The amount of reserve capacity provided shall be approved by the Administrator on the basis of a comparison of the cost of constructing such reserves as a part of the works to be funded and the anticipated cost of providing expanded capacity at a date when such capacity will be required;

“(6) that no specification for bids in connection with such works shall be written in such a manner as to contain proprietary, exclusionary, or discriminatory requirements other than those based upon performance, unless such requirements are necessary to test or demonstrate a specific thing or to provide for necessary interchangeability of parts and equipment, or at least two brand names or trade names of comparable quality or utility are listed and are followed by the words 'or equal'.

“(b)(1) Notwithstanding any other provision of this title, the Administrator shall not approve any grant for any treatment works under section 201 (g) (1) after March 1, 1973, unless he shall first have determined that the applicant (A) has adopted or will adopt a system of charges to assure that each recipient of waste treatment services within the applicant's jurisdiction, as determined by the Administrator, will pay its proportionate share of the costs of operation and maintenance (including replacement) of any waste treatment services provided by the applicant; (B) has made provision for the payment to such applicant by the industrial users of the treatment works, of that portion of the cost of construction of such treatment works (as determined by the Administrator) which is allocable to the treatment of such industrial wastes to the extent attributable to the Federal share of the cost of construction; and (C) has legal, institutional, managerial, and financial capability to insure adequate construction, operation, and maintenance of treatment works throughout the applicant's jurisdiction, as determined by the Administrator.

“(2) The Administrator shall, within one hundred and eighty days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, and after consultation with appropriate State, interstate, municipal, and intermunicipal agencies, issue guidelines applicable to payment of waste treatment costs by industrial and nonindustrial recipients of waste treatment services which shall establish (A) classes of users of such services, including categories of industrial users; (B) criteria against which to determine the adequacy of charges imposed on classes and categories of users reflecting all
factors that influence the cost of waste treatment, including strength, volume, and delivery flow rate characteristics of waste; and (C) model systems and rates of user charges typical of various treatment works serving municipal-industrial communities.

"(3) The grantee shall retain an amount of the revenues derived from the payment of costs by industrial users of waste treatment services, to the extent costs are attributable to the Federal share of eligible project costs provided pursuant to this title as determined by the Administrator, equal to (A) the amount of the non-Federal cost of such project paid by the grantee plus (B) the amount, determined in accordance with regulations promulgated by the Administrator, necessary for future expansion and reconstruction of the project, except that such retained amount shall not exceed 50 per centum of such revenues from such project. All revenues from such project not retained by the grantee shall be deposited by the Administrator in the Treasury as miscellaneous receipts. That portion of the revenues retained by the grantee attributable to clause (B) of the first sentence of this paragraph, together with any interest thereon shall be used solely for the purposes of future expansion and reconstruction of the project.

"(4) Approval by the Administrator of a grant to an interstate agency established by interstate compact for any treatment works shall satisfy any other requirement that such works be authorized by Act of Congress.

"ALLOTMENT

"Sec. 205. (a) Sums authorized to be appropriated pursuant to section 207 for each fiscal year beginning after June 30, 1972, shall be allotted by the Administrator not later than the January 1st immediately preceding the beginning of the fiscal year for which authorized, except that the allotment for fiscal year 1973 shall be made not later than 30 days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Such sums shall be allotted among the States by the Administrator in accordance with regulations promulgated by him, in the ratio that the estimated cost of constructing all needed publicly owned treatment works in each State bears to the estimated cost of construction of all needed publicly owned treatment works in all of the States. For the fiscal years ending June 30, 1973, and June 30, 1974, such ratio shall be determined on the basis of table III of House Public Works Committee Print No. 92–50. Allotments for fiscal years which begin after the fiscal year ending June 30, 1974, shall be made only in accordance with a revised cost estimate made and submitted to Congress in accordance with section 516(b) of this Act and only after such revised cost estimate shall have been approved by law specifically enacted hereafter.

"(b)(1) Any sums allotted to a State under subsection (a) shall be available for obligation under section 203 on and after the date of such allotment. Such sums shall continue available for obligation in such State for a period of one year after the close of the fiscal year for which such sums are authorized. Any amounts so allotted which are not obligated by the end of such one-year period shall be immediately reallocated by the Administrator, in accordance with regulations promulgated by him, generally on the basis of the ratio used in making the last allotment of sums under this section. Such reallocated sums shall be added to the last allotments made to the States. Any sum made available to a State by reallocation under this subsection shall be in addition to any funds otherwise allotted to such State for grants under this title during any fiscal year.
"(2) Any sums which have been obligated under section 203 and which are released by the payment of the final voucher for the project shall be immediately credited to the State to which such sums were last allotted. Such released sums shall be added to the amounts last allotted to such State and shall be immediately available for obligation in the same manner and to the same extent as such last allotment.

"REIMBURSEMENT AND ADVANCED CONSTRUCTION"

"Sec. 206. (a) Any publicly owned treatment works in a State on which construction was initiated after June 30, 1966, but before July 1, 1972, which was approved by the appropriate State water pollution control agency and which the Administrator finds meets the requirements of section 8 of this Act in effect at the time of the initiation of construction shall be reimbursed a total amount equal to the difference between the amount of Federal financial assistance, if any, received under such section 8 for such project and 50 per centum of the cost of such project, or 55 per centum of the project cost where the Administrator also determines that such treatment works was constructed in conformity with a comprehensive metropolitan treatment plan as described in section 8(f) of the Federal Water Pollution Control Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Nothing in this subsection shall result in any such works receiving Federal grants from all sources in excess of 80 per centum of the cost of such project.

"(b) Any publicly owned treatment works constructed with or eligible for Federal financial assistance under this Act in a State between June 30, 1956, and June 30, 1966, which was approved by the State water pollution control agency and which the Administrator finds meets the requirements of section 8 of this Act prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 but which was constructed without assistance under such section 8 or which received such assistance in an amount less than 30 per centum of the cost of such project shall qualify for payments and reimbursement of State or local funds used for such project from sums allocated to such State under this section in an amount which shall not exceed the difference between the amount of such assistance, if any, received for such project and 30 per centum of the cost of such project.

"(c) No publicly owned treatment works shall receive any payment or reimbursement under subsection (a) or (b) of this section unless an application for such assistance is filed with the Administrator within the one year period which begins on the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Any application filed within such one year period may be revised from time to time, as may be necessary.

"(d) The Administrator shall allocate to each qualified project under subsection (a) of this section each fiscal year for which funds are appropriated under subsection (e) of this section an amount which bears the same ratio to the unpaid balance of the reimbursement due such project as the total of such funds for such year bears to the total unpaid balance of reimbursement due all such approved projects on the date of enactment of such appropriation. The Administrator shall allocate to each qualified project under subsection (b) of this section each fiscal year for which funds are appropriated under subsection (e) of this section an amount which bears the same ratio to the unpaid balance of the reimbursement due such project as the total of such funds
for such year bears to the total unpaid balance of reimbursement due all such approved projects on the date of enactment of such appropriation.

"(e) There is authorized to be appropriated to carry out subsection (a) of this section not to exceed $2,000,000,000 and, to carry out subsection (b) of this section, not to exceed $750,000,000. The authorizations contained in this subsection shall be the sole source of funds for reimbursements authorized by this section.

"(f) (1) In any case where all funds allotted to a State under this title have been obligated under section 203 of this Act, and there is construction of any treatment works project without the aid of Federal funds and in accordance with all procedures and all requirements applicable to treatment works projects, except those procedures and requirements which limit construction of projects to those constructed with the aid of previously allotted Federal funds, the Administrator, upon his approval of an application made under this subsection therefor, is authorized to pay the Federal share of the cost of construction of such project when additional funds are allotted to the State under this title if prior to the construction of the project the Administrator approves plans, specifications, and estimates therefor in the same manner as other treatment works projects. The Administrator may not approve an application under this subsection unless an authorization is in effect for the future fiscal year for which the application requests payment, which authorization will insure such payment without exceeding the State's expected allotment from such authorization.

"(2) In determining the allotment for any fiscal year under this title, any treatment works project constructed in accordance with this section and without the aid of Federal funds shall not be considered completed until an application under the provisions of this subsection with respect to such project has been approved by the Administrator, or the availability of funds from which this project is eligible for reimbursement has expired, whichever first occurs.

AUTHORIZED

"SEC. 207. There is authorized to be appropriated to carry out this title, other than sections 208 and 209, for the fiscal year ending June 30, 1973, not to exceed $5,000,000,000, for the fiscal year ending June 30, 1974, not to exceed $6,000,000,000, and for the fiscal year ending June 30, 1975, not to exceed $7,000,000,000.

AREAWIDE WASTE TREATMENT MANAGEMENT

"SEC. 208. (a) For the purpose of encouraging and facilitating the development and implementation of areawide waste treatment management plans—

"(1) The Administrator, within ninety days after the date of enactment of this Act and after consultation with appropriate Federal, State, and local authorities, shall by regulation publish guidelines for the identification of those areas which, as a result of urban-industrial concentrations or other factors, have substantial water quality control problems.

"(2) The Governor of each State, within sixty days after publication of the guidelines issued pursuant to paragraph (1) of this subsection, shall identify each area within the State which, as a result of urban-industrial concentrations or other factors, has substantial water quality control problems. Not later than one hundred and twenty days following such identification and after consultation with appropriate elected and other officials of local...
governments having jurisdiction in such areas, the Governor shall designate (A) the boundaries of each such area, and (B) a single representative organization, including elected officials from local governments or their designees, capable of developing effective areawide waste treatment management plans for such area. The Governor may in the same manner at any later time identify any additional area (or modify an existing area) for which he determines areawide waste treatment management to be appropriate, designate the boundaries of such area, and designate an organization capable of developing effective areawide waste treatment management plans for such area.

"(3) With respect to any area which, pursuant to the guidelines published under paragraph (1) of this subsection, is located in two or more States, the Governors of the respective States shall consult and cooperate in carrying out the provisions of paragraph (2), with a view toward designating the boundaries of the interstate area having common water quality control problems and for which areawide waste treatment management plans would be most effective, and toward designating, within one hundred and eighty days after publication of guidelines issued pursuant to paragraph (1) of this subsection, of a single representative organization capable of developing effective areawide waste treatment management plans for such area.

"(4) If a Governor does not act, either by designating or determining not to make a designation under paragraph (2) of this subsection, within the time required by such paragraph, or if, in the case of an interstate area, the Governors of the States involved do not designate a planning organization within the time required by paragraph (3) of this subsection, the chief elected officials of local governments within an area may by agreement designate (A) the boundaries for such an area, and (B) a single representative organization including elected officials from such local governments, or their designees, capable of developing an areawide waste treatment management plan for such area.

"(5) Existing regional agencies may be designated under paragraphs (2), (3), and (4) of this subsection.

"(6) The State shall act as a planning agency for all portions of such State which are not designated under paragraphs (2), (3), or (4) of this subsection.

"(7) Designations under this subsection shall be subject to the approval of the Administrator.

"(b) (1) Not later than one year after the date of designation of any organization under subsection (a) of this section such organization shall have in operation a continuing areawide waste treatment management planning process consistent with section 201 of this Act. Plans prepared in accordance with this process shall contain alternatives for waste treatment management, and be applicable to all wastes generated within the area involved. The initial plan prepared in accordance with such process shall be certified by the Governor and submitted to the Administrator not later than two years after the planning process is in operation.

"(2) Any plan prepared under such process shall include, but not be limited to—

"(A) the identification of treatment works necessary to meet the anticipated municipal and industrial waste treatment needs of the area over a twenty-year period, annually updated (including an analysis of alternative waste treatment systems), including any requirements for the acquisition of land for treatment pur-
poses; the necessary waste water collection and urban storm water runoff systems; and a program to provide the necessary financial arrangements for the development of such treatment works;

"(B) the establishment of construction priorities for such treatment works and time schedules for the initiation and completion of all treatment works;

"(C) the establishment of a regulatory program to—

"(i) implement the waste treatment management requirements of section 201(c),

"(ii) regulate the location, modification, and construction of any facilities within such area which may result in any discharge in such area, and

"(iii) assure that any industrial or commercial wastes discharged into any treatment works in such area meet applicable pretreatment requirements;

"(D) the identification of those agencies necessary to construct, operate, and maintain all facilities required by the plan and otherwise to carry out the plan;

"(E) the identification of the measures necessary to carry out the plan (including financing), the period of time necessary to carry out the plan, the costs of carrying out the plan within such time, and the economic, social, and environmental impact of carrying out the plan within such time;

"(F) a process to (i) identify, if appropriate, agriculturally and silviculturally related nonpoint sources of pollution, including runoff from manure disposal areas, and from land used for livestock and crop production, and (ii) set forth procedures and methods (including land use requirements) to control to the extent feasible such sources;

"(G) a process to (i) identify, if appropriate, mine-related sources of pollution including new, current, and abandoned surface and underground mine runoff, and (ii) set forth procedures and methods (including land use requirements) to control to the extent feasible such sources;

"(H) a process to (i) identify construction activity related sources of pollution, and (ii) set forth procedures and methods (including land use requirements) to control to the extent feasible such sources;

"(I) a process to (i) identify, if appropriate, salt water intrusion into rivers, lakes, and estuaries resulting from reduction of fresh water flow from any cause, including irrigation, obstruction, ground water extraction, and diversion, and (ii) set forth procedures and methods to control such intrusion to the extent feasible where such procedures and methods are otherwise a part of the waste treatment management plan;

"(J) a process to control the disposition of all residual waste generated in such area which could affect water quality; and

"(K) a process to control the disposal of pollutants on land or in subsurface excavations within such area to protect ground and surface water quality.

"(4) Whenever the Governor of any State determines (and notifies the Administrator) that consistency with a statewide regulatory program under section 303 so requires, the requirements of clauses (F)
through (K) of paragraph (2) of this subsection shall be developed and submitted by the Governor to the Administrator for application to all regions within such State.

"(c) (1) The Governor of each State, in consultation with the planning agency designated under subsection (a) of this section, at the time a plan is submitted to the Administrator, shall designate one or more waste treatment management agencies (which may be an existing or newly created local, regional, or State agency or political subdivision) for each area designated under subsection (a) of this section and submit such designations to the Administrator.

"(2) The Administrator shall accept any such designation, unless, within 120 days of such designation, he finds that the designated management agency (or agencies) does not have adequate authority—

"(A) to carry out appropriate portions of an areawide waste treatment management plan developed under subsection (b) of this section;
"(B) to manage effectively waste treatment works and related facilities serving such area in conformance with any plan required by subsection (b) of this section;
"(C) directly or by contract, to design and construct new works, and to operate and maintain new and existing works as required by any plan developed pursuant to subsection (b) of this section;

"(H) to refuse to receive any wastes from any municipality or subdivision thereof, which does not comply with any provisions of an approved plan under this section applicable to such area; and

"(I) to accept for treatment industrial wastes.

"(d) After a waste treatment management agency having the authority required by subsection (c) has been designated under such subsection for an area and a plan for such area has been approved under subsection (b) of this section, the Administrator shall not make any grant for construction of a publicly owned treatment works under section 201(g)(1) within such area except to such designated agency and for works in conformity with such plan.

"(e) No permit under section 402 of this Act shall be issued for any point source which is in conflict with a plan approved pursuant to subsection (b) of this section.

"(f) (1) The Administrator shall make grants to any agency designated under subsection (a) of this section for payment of the reasonable costs of developing and operating a continuing areawide waste treatment management planning process under subsection (b) of this section.

"(2) The amount granted to any agency under paragraph (1) of this subsection shall be 100 per centum of the costs of developing and operating a continuing areawide waste treatment management planning process under subsection (b) of this section for each of the fiscal years ending on June 30, 1973, June 30, 1974, and June 30, 1975, and shall not exceed 75 per centum of such costs in each succeeding fiscal year.
“(3) Each applicant for a grant under this subsection shall submit to the Administrator for his approval each proposal for which a grant is applied for under this subsection. The Administrator shall act upon such proposal as soon as practicable after it has been submitted, and his approval of that proposal shall be deemed a contractual obligation of the United States for the payment of its contribution to such proposal. There is authorized to be appropriated to carry out this subsection not to exceed $50,000,000 for the fiscal year ending June 30, 1973, not to exceed $100,000,000 for the fiscal year ending June 30, 1974, and not to exceed $150,000,000 for the fiscal year ending June 30, 1975.

“(g) The Administrator is authorized, upon request of the Governor or the designated planning agency, and without reimbursement, to consult with, and provide technical assistance to, any agency designated under subsection (a) of this section in the development of areawide waste treatment management plans under subsection (b) of this section.

“(h) (1) The Secretary of the Army, acting through the Chief of Engineers, in cooperation with the Administrator is authorized and directed, upon request of the Governor or the designated planning organization, to consult with, and provide technical assistance to, any agency designated under subsection (a) of this section in developing and operating a continuing areawide waste treatment management planning process under subsection (b) of this section.

“(2) There is authorized to be appropriated to the Secretary of the Army, to carry out this subsection, not to exceed $50,000,000 per fiscal year for the fiscal years ending June 30, 1973, and June 30, 1974.

"BASIN PLANNING"

“Sec. 209. (a) The President, acting through the Water Resources Council, shall, as soon as practicable, prepare a Level B plan under the Water Resources Planning Act for all basins in the United States. All such plans shall be completed not later than January 1, 1980, except that priority in the preparation of such plans shall be given to those basins and portions thereof which are within those areas designated under paragraphs (2), (3), and (4) of subsection (a) of section 208 of this Act.

“(b) The President, acting through the Water Resources Council, shall report annually to Congress on progress being made in carrying out this section. The first such report shall be submitted not later than January 31, 1973.

“(c) There is authorized to be appropriated to carry out this section not to exceed $200,000,000.

"ANNUAL SURVEY"

“Sec. 210. The Administrator shall annually make a survey to determine the efficiency of the operation and maintenance of treatment works constructed with grants made under this Act, as compared to the efficiency planned at the time the grant was made. The results of such annual survey shall be included in the report required under section 516(a) of this Act.

"SEWAGE COLLECTION SYSTEMS"

“Sec. 211. No grant shall be made for a sewage collection system under this title unless such grant (1) is for replacement or major rehabilitation of an existing collection system and is necessary to the total integrity and performance of the waste treatment works servicing such
Methods evaluation guidelines, publication.

DEFINITIONS

"Sec. 212. As used in this title—

"(1) The term ‘construction’ means any one or more of the following: preliminary planning to determine the feasibility of treatment works, engineering, architectural, legal, fiscal, or economic investigations or studies, surveys, designs, plans, working drawings, specifications, procedures, or other necessary actions, erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works, or the inspection or supervision of any of the foregoing items.

"(2)(A) The term ‘treatment works’ means any devices and systems used in the storage, treatment, recycling, and reclamation of municipal sewage or industrial wastes of a liquid nature to implement section 201 of this Act, or necessary to recycle or reuse water at the most economical cost over the estimated life of the works, including intercepting sewers, outfall sewers, sewage collection systems, pumping, power, and other equipment, and their appurtenances; extensions, improvements, remodeling, additions, and alterations thereof; elements essential to provide a reliable recycled supply such as standby treatment units and clear well facilities; and any works, including site acquisition of the land that will be an integral part of the treatment process or is used for ultimate disposal of residues resulting from such treatment.

"(B) In addition to the definition contained in subparagraph (A) of this paragraph, ‘treatment works’ means any other method or system for preventing, abating, reducing, storing, treating, separating, or disposing of municipal waste, including storm water runoff, or industrial waste, including waste in combined storm water and sanitary sewer systems. Any application for construction grants which includes wholly or in part such methods or systems shall, in accordance with guidelines published by the Administrator pursuant to subparagraph (C) of this paragraph, contain adequate data and analysis demonstrating such proposal to be, over the life of such works, the most cost efficient alternative to comply with sections 301 or 302 of this Act, or the requirements of section 201 of this Act.

"(C) For the purposes of subparagraph (B) of this paragraph, the Administrator shall, within one hundred and eighty days after the date of enactment of this title, publish and thereafter revise no less often than annually, guidelines for the evaluation of methods, including cost-effective analysis, described in subparagraph (B) of this paragraph.

"(3) The term ‘replacement’ as used in this title means those expenditures for obtaining and installing equipment, accessories, or appurtenances during the useful life of the treatment works necessary to maintain the capacity and performance for which such works are designed and constructed.

TITLE III—STANDARDS AND ENFORCEMENT

EFFLUENT LIMITATIONS

"Sec. 301. (a) Except as in compliance with this section and sections 302, 306, 307, 318, 402, and 404 of this Act, the discharge of any pollutant by any person shall be unlawful.

"(b) In order to carry out the objective of this Act there shall be achieved—
“(1) (A) not later than July 1, 1977, effluent limitations for point sources, other than publicly owned treatment works, (i) which shall require the application of the best practicable control technology currently available as defined by the Administrator pursuant to section 304(b) of this Act, or (ii) in the case of a discharge into a publicly owned treatment works which meets the requirements of subparagraph (B) of this paragraph, which shall require compliance with any applicable pretreatment requirements and any requirements under section 307 of this Act; and

“(B) for publicly owned treatment works in existence on July 1, 1977, or approved pursuant to section 203 of this Act prior to June 30, 1974 (for which construction must be completed within four years of approval), effluent limitations based upon secondary treatment as defined by the Administrator pursuant to section 304(d)(1) of this Act; or,

“(C) not later than July 1, 1977, any more stringent limitation, including those necessary to meet water quality standards, treatment standards, or schedules of compliance, established pursuant to any State law or regulations (under authority preserved by section 510) or any other Federal law or regulation, or required to implement any applicable water quality standard established pursuant to this Act.

“(2)(A) not later than July 1, 1983, effluent limitations for categories and classes of point sources, other than publicly owned treatment works, which (i) shall require application of the best available technology economically achievable for such category or class, which will result in reasonable further progress toward the national goal of eliminating the discharge of all pollutants, as determined in accordance with regulations issued by the Administrator pursuant to section 304(b)(2) of this Act, which such effluent limitations shall require the elimination of discharges of all pollutants if the Administrator finds, on the basis of information available to him (including information developed pursuant to section 315), that such elimination is technologically and economically achievable for a category or class of point sources as determined in accordance with regulations issued by the Administrator pursuant to section 304(b)(2) of this Act, or (ii) in the case of the introduction of a pollutant into a publicly owned treatment works which meets the requirements of subparagraph (B) of this paragraph, shall require compliance with any applicable pretreatment requirements and any other requirement under section 307 of this Act; and

“(B) not later than July 1, 1983, compliance by all publicly owned treatment works with the requirements set forth in section 201(g)(2)(A) of this Act.

“(c) The Administrator may modify the requirements of subsection (b)(2)(A) of this section with respect to any point source for which a permit application is filed after July 1, 1977, upon a showing by the owner or operator of such point source satisfactory to the Administrator that such modified requirements (1) will represent the maximum use of technology within the economic capability of the owner or operator; and (2) will result in reasonable further progress toward the elimination of the discharge of pollutants.

“(d) Any effluent limitation required by paragraph (2) of subsection (b) of this section shall be reviewed at least every five years and, if appropriate, revised pursuant to the procedure established under such paragraph.

“(e) Effluent limitations established pursuant to this section or section 302 of this Act shall be applied to all point sources of discharge of pollutants in accordance with the provisions of this Act.
“(f) Notwithstanding any other provisions of this Act it shall be unlawful to discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the navigable waters.

"WATER QUALITY RELATED EFFLUENT LIMITATIONS"

"SEC. 302. (a) Whenever, in the judgment of the Administrator, discharges of pollutants from a point source or group of point sources, with the application of effluent limitations required under section 301 (b) (2) of this Act, would interfere with the attainment or maintenance of that water quality in a specific portion of the navigable waters which shall assure protection of public water supplies, agricultural and industrial uses, and the protection and propagation of a balanced population of shellfish, fish and wildlife, and allow recreational activities in and on the water, effluent limitations (including alternative effluent control strategies) for such point source or sources shall be established which can reasonably be expected to contribute to the attainment or maintenance of such water quality.

“(b) (1) Prior to establishment of any effluent limitation pursuant to subsection (a) of this section, the Administrator shall issue notice of intent to establish such limitation and within ninety days of such notice hold a public hearing to determine the relationship of the economic and social costs of achieving any such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained (including the attainment of the objective of this Act) and to determine whether or not such effluent limitations can be implemented with available technology or other alternative control strategies.

“(2) If a person affected by such limitation demonstrates at such hearing that (whether or not such technology or other alternative control strategies are available) there is no reasonable relationship between the economic and social costs and the benefits to be obtained (including attainment of the objective of this Act), such limitation shall not become effective and the Administrator shall adjust such limitation as it applies to such person.

“(c) The establishment of effluent limitations under this section shall not operate to delay the application of any effluent limitation established under section 301 of this Act.

"WATER QUALITY STANDARDS AND IMPLEMENTATION PLANS"

"SEC. 303. (a) (1) In order to carry out the purpose of this Act, any water quality standard applicable to interstate waters which was adopted by any State and submitted to, and approved by, or is awaiting approval by, the Administrator pursuant to this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, shall remain in effect unless the Administrator determined that such standard is not consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. If the Administrator makes such a determination he shall, within three months after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, notify the State and specify the changes needed to meet such requirements. If such changes are not adopted by the State within ninety days after the date of such notification, the Administrator shall promulgate such changes in accordance with subsection (b) of this section.
"(2) Any State which, before the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, has adopted, pursuant to its own law, water quality standards applicable to intrastate waters shall submit such standards to the Administrator within thirty days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Each such standard shall remain in effect, in the same manner and to the same extent as any other water quality standard established under this Act unless the Administrator determines that such standard is inconsistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. If the Administrator makes such a determination he shall not later than the one hundred and twentieth day after the date of submission of such standards, notify the State and specify the changes needed to meet such requirements. If such changes are not adopted by the State within ninety days after such notification, the Administrator shall promulgate such changes in accordance with subsection (b) of this section.

"(3)(A) Any State which prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 has not adopted pursuant to its own laws water quality standards applicable to intrastate waters shall, not later than one hundred and eighty days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, adopt and submit such standards to the Administrator.

"(B) If the Administrator determines that any such standards are consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, he shall approve such standards.

"(C) If the Administrator determines that any such standards are not consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, he shall, not later than the ninetieth day after the date of submission of such standards, notify the State and specify the changes to meet such requirements. If such changes are not adopted by the State within ninety days after the date of notification, the Administrator shall promulgate such standards pursuant to subsection (b) of this section.

"(b)(1) The Administrator shall promptly prepare and publish proposed regulations setting forth water quality standards for a State in accordance with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, if—

"(A) the State fails to submit water quality standards within the times prescribed in subsection (a) of this section,

"(B) a water quality standard submitted by such State under subsection (a) of this section is determined by the Administrator not to be consistent with the applicable requirements of subsection (a) of this section.

"(2) The Administrator shall promulgate any water quality standard published in a proposed regulation not later than one hundred and ninety days after the date he publishes any such proposed standard, unless prior to such promulgation, such State has adopted a water quality standard which the Administrator determines to be in accordance with subsection (a) of this section.

"(c)(1) The Governor of a State or the State water pollution control agency of such State shall from time to time (but at least once each three year period beginning with the date of enactment of the
Federal Water Pollution Control Act Amendments of 1972) hold public hearings for the purpose of reviewing applicable water quality standards and, as appropriate, modifying and adopting standards. Results of such review shall be made available to the Administrator.

"(2) Whenever the State revises or adopts a new standard, such revised or new standard shall be submitted to the Administrator. Such revised or new water quality standard shall consist of the designated uses of the navigable waters involved and the water quality criteria for such waters based upon such uses. Such standards shall be such as to protect the public health or welfare, enhance the quality of water and serve the purposes of this Act. Such standards shall be established taking into consideration their use and value for public water supplies, propagation of fish and wildlife, recreational purposes, and agricultural, industrial, and other purposes, and also taking into consideration their use and value for navigation.

"(3) If the Administrator, within sixty days after the date of submission of the revised or new standard, determines that such standard meets the requirements of this Act, such standard shall thereafter be the water quality standard for the applicable waters of that State. If the Administrator determines that any such revised or new standard is not consistent with the applicable requirements of this Act, he shall not later than the ninetieth day after the date of submission of such standard notify the State and specify the changes to meet such requirements. If such changes are not adopted by the State within ninety days after the date of notification, the Administrator shall promulgate such standard pursuant to paragraph (4) of this subsection.

"(4) The Administrator shall promptly prepare and publish proposed regulations setting forth a revised or new water quality standard for the navigable waters involved—

"(A) if a revised or new water quality standard submitted by such State under paragraph (3) of this subsection for such waters is determined by the Administrator not to be consistent with the applicable requirements of this Act, or

"(B) in any case where the Administrator determines that a revised or new standard is necessary to meet the requirements of this Act.

The Administrator shall promulgate any revised or new standard under this paragraph not later than ninety days after he publishes such proposed standards, unless prior to such promulgation, such State has adopted a revised or new water quality standard which the Administrator determines to be in accordance with this Act.

"(d) (1) (A) Each State shall identify those waters within its boundaries for which the effluent limitations required by section 301(b)(1)(A) and section 301(b)(1)(B) are not stringent enough to implement any water quality standard applicable to such waters. The State shall establish a priority ranking for such waters, taking into account the severity of the pollution and the uses to be made of such waters.

"(B) Each State shall identify those waters or parts thereof within its boundaries for which controls on thermal discharges under section 301 are not stringent enough to assure protection and propagation of a balanced indigenous population of shellfish, fish, and wildlife.

"(C) Each State shall establish for the waters identified in paragraph (1)(A) of this subsection, and in accordance with the priority ranking, the total maximum daily load, for those pollutants which the Administrator identifies under section 304(a)(2) as suitable for such calculation. Such load shall be established at a level necessary to implement the applicable water quality standards with seasonal variations and a margin of safety which takes into account any lack of
knowledge concerning the relationship between effluent limitations and water quality.

"(D) Each State shall estimate for the waters identified in paragraph (1) (B) of this subsection the total maximum daily thermal load required to assure protection and propagation of a balanced, indigenous population of shellfish, fish and wildlife. Such estimates shall take into account the normal water temperatures, flow rates, seasonal variations, existing sources of heat input, and the dissipative capacity of the identified waters or parts thereof. Such estimates shall include a calculation of the maximum heat input that can be made into each such part and shall include a margin of safety which takes into account any lack of knowledge concerning the development of thermal water quality criteria for such protection and propagation in the identified waters or parts thereof.

"(2) Each State shall submit to the Administrator from time to time, with the first such submission not later than one hundred and eighty days after the date of publication of the first identification of pollutants under section 304 (a) (2) (D), for his approval the waters identified and the loads established under paragraphs (1) (A), (1) (B), (1) (C), and (1) (D) of this subsection. The Administrator shall either approve or disapprove such identification and load not later than thirty days after the date of submission. If the Administrator approves such identification and load, such State shall incorporate them into its current plan under subsection (e) of this section. If the Administrator disapproves such identification and load, he shall not later than thirty days after the date of such disapproval identify such waters in such State and establish such loads for such waters as he determines necessary to implement the water quality standards applicable to such waters and upon such identification and establishment the State shall incorporate them into its current plan under subsection (e) of this section.

"(3) For the specific purpose of developing information, each State shall identify all waters within its boundaries which it has not identified under paragraph (1) (A) and (1) (B) of this subsection and estimate for such waters the total maximum daily load with seasonal variations and margins of safety, for those pollutants which the Administrator identifies under section 304 (a) (2) as suitable for such calculation and for thermal discharges, at a level that would assure protection and propagation of a balanced indigenous population of fish, shellfish and wildlife.

"(e) (1) Each State shall have a continuing planning process approved under paragraph (2) of this subsection which is consistent with this Act.

"(2) Each State shall submit not later than 120 days after the date of the enactment of the Water Pollution Control Amendments of 1972 to the Administrator for his approval a proposed continuing planning process which is consistent with this Act. Not later than thirty days after the date of submission of such a process the Administrator shall either approve or disapprove such process. The Administrator shall from time to time review each State's approved planning process for the purpose of insuring that such planning process is at all times consistent with this Act. The Administrator shall not approve any State permit program under title IV of this Act for any State which does not have an approved continuing planning process under this section.

"(3) The Administrator shall approve any continuing planning process submitted to him under this section which will result in plans for all navigable waters within such State, which include, but are not limited to, the following:
"(A) effluent limitations and schedules of compliance at least as stringent as those required by section 301(b)(1), section 301
(b)(2), section 306, and section 307, and at least as stringent as any requirements contained in any applicable water quality
standard in effect under authority of this section;
"(B) the incorporation of all elements of any applicable area-
wide waste management plans under section 208, and applicable
basin plans under section 209 of this Act;
"(C) total maximum daily load for pollutants in accordance
with subsection (d) of this section;
"(D) procedures for revision;
"(E) adequate authority for intergovernmental cooperation;
"(F) adequate implementation, including schedules of com-
plicity, for revised or new water quality standards, under sub-
section (c) of this section;
"(G) controls over the disposition of all residual waste from
any water treatment processing;
"(H) an inventory and ranking, in order of priority, of needs
for construction of waste treatment works required to meet the
applicable requirements of sections 301 and 302.

"(f) Nothing in this section shall be construed to affect any effluent
limitation, or schedule of compliance required by any State to be
implemented prior to the dates set forth in sections 301(b)(1) and 301
(b)(2) nor to preclude any State from requiring compliance with
any effluent limitation or schedule of compliance at dates earlier than
such dates.

"(g) Water quality standards relating to heat shall be consistent
with the requirements of section 316 of this Act.

"(h) For the purposes of this Act the term ‘water quality standards’
includes thermal water quality standards.

"INFORMATION AND GUIDELINES

"SEC. 304. (a)(1) The Administrator, after consultation with appro-
priate Federal and State agencies and other interested persons, shall
develop and publish, within one year after the date of enactment
of this title (and from time to time thereafter revise) criteria for
water quality accurately reflecting the latest scientific knowledge (A)
on the kind and extent of all identifiable effects on health and welfare
including, but not limited to, plankton, fish, shellfish, wildlife, plant
life, shorelines, beaches, esthetics, and recreation which may be expected
from the presence of pollutants in any body of water, including
ground water; (B) on the concentration and dispersal of pollutants,
or their byproducts, through biological, physical, and chemical proc-
cesses; and (C) on the effects of pollutants on biological community
diversity, productivity, and stability, including information on the
factors affecting rates of eutrophication and rates of organic and inor-
ganic sedimentation for varying types of receiving waters.

"(2) The Administrator, after consultation with appropriate Fed-
eral and State agencies and other interested persons, shall develop and
publish, within one year after the date of enactment of this title (and
from time to time thereafter revise) information (A) on the factors
necessary to restore and maintain the chemical, physical, and bio-
logical integrity of all navigable waters, ground waters, waters of
the contiguous zone, and the oceans; (B) on the factors necessary for
the protection and propagation of shellfish, fish, and wildlife for classes
and categories of receiving waters and to allow recreational activities
in and on the water; and (C) on the measurement and classification of
water quality; and (D) for the purpose of section 303, on and the
identification of pollutants suitable for maximum daily load measurement correlated with the achievement of water quality objectives.

“(3) Such criteria and information and revisions thereof shall be issued to the States and shall be published in the Federal Register and otherwise made available to the public.

“(b) For the purpose of adopting or revising effluent limitations under this Act the Administrator shall, after consultation with appropriate Federal and State agencies and other interested persons, publish within one year of enactment of this title, regulations, providing guidelines for effluent limitations, and, at least annually thereafter, revise, if appropriate, such regulations. Such regulations shall—

“(1)(A) identify, in terms of amounts of constituents and chemical, physical, and biological characteristics of pollutants, the degree of effluent reduction attainable through the application of the best practicable control technology currently available for classes and categories of point sources (other than publicly owned treatment works); and

“(B) specify factors to be taken into account in determining the control measures and practices to be applicable to point sources (other than publicly owned treatment works) within such categories or classes. Factors relating to the assessment of best practicable control technology currently available to comply with subsection (b) (1) of section 301 of this Act shall include consideration of the total cost of application of technology in relation to the effluent reduction benefits to be achieved from such application, and shall also take into account the age of equipment and facilities involved, the process employed, the engineering aspects of the application of various types of control techniques, process changes, non-water quality environmental impact (including energy requirements), and such other factors as the Administrator deems appropriate;

“(2)(A) identify, in terms of amounts of constituents and chemical, physical, and biological characteristics of pollutants, the degree of effluent reduction attainable through the application of the best control measures and practices achievable including technology, process and procedure innovations, operating methods, and other alternatives for classes and categories of point sources (other than publicly owned treatment works); and

“(B) specify factors to be taken into account in determining the best measures and practices available to comply with subsection (b) (2) of section 301 of this Act to be applicable to any point source (other than publicly owned treatment works) within such categories or classes. Factors relating to the assessment of best available technology shall take into account the age of equipment and facilities involved, the process employed, the engineering aspects of the application of various types of control techniques, process changes, the cost of achieving such effluent reduction, non-water quality environmental impact (including energy requirements), and such other factors as the Administrator deems appropriate; and

“(c) The Administrator, after consultation, with appropriate Federal and State agencies and other interested persons, shall issue to the States and appropriate water pollution control agencies within 270 days after enactment of this title (and from time to time thereafter) information on the processes, procedures, or operating methods which
result in the elimination or reduction of the discharge of pollutants to implement standards of performance under section 306 of this Act. Such information shall include technical and other data, including costs, as are available on alternative methods of elimination or reduction of the discharge of pollutants. Such information, and revisions thereof, shall be published in the Federal Register and otherwise shall be made available to the public.

“(d) (1) The Administrator, after consultation with appropriate Federal and State agencies and other interested persons, shall publish within sixty days after enactment of this title (and from time to time thereafter) information, in terms of amounts of constituents and chemical, physical, and biological characteristics of pollutants, on the degree of effluent reduction attainable through the application of secondary treatment.

Such information and revisions thereof shall be published in the Federal Register and otherwise made available to the public.

“(f) (1) For the purpose of assisting States in carrying out programs under section 402 of this Act, the Administrator shall publish, within one hundred and twenty days after the date of enactment of this title, and review at least annually thereafter and, if appropriate, revise guidelines for pretreatment of pollutants which he determines are not susceptible to treatment by publicly owned treatment works. Guidelines under this subsection shall be established to control and prevent the discharge into the navigable waters, the contiguous zone, or the ocean (either directly or through publicly owned treatment works) of any pollutant which interferes with, passes through, or otherwise is incompatible with such works.
“(2) When publishing guidelines under this subsection, the Administrator shall designate the category or categories of treatment works to which the guidelines shall apply.

“(A) monitoring requirements;
“(B) reporting requirements (including procedures to make information available to the public);
“(C) enforcement provisions; and
“(D) funding, personnel qualifications, and manpower requirements (including a requirement that no board or body which approves permit applications or portions thereof shall include, as a member, any person who receives, or has during the previous two years received, a significant portion of his income directly or indirectly from permit holders or applicants for a permit).

“(i) The Administrator shall, within 270 days after the effective date of this subsection (and from time to time thereafter), issue such information on methods, procedures, and processes as may be appropriate to restore and enhance the quality of the Nation's publicly owned fresh water lakes.

“(j)(1) The Administrator shall, within six months from the date of enactment of this title, enter into agreements with the Secretary of Agriculture, the Secretary of the Army, and the Secretary of the Interior to provide for the maximum utilization of the appropriate programs authorized under other Federal law to be carried out by such Secretaries for the purpose of achieving and maintaining water quality through appropriate implementation of plans approved under section 208 of this Act.

“(2) The Administrator, pursuant to any agreement under paragraph (1) of this subsection is authorized to transfer to the Secretary of Agriculture, the Secretary of the Army, or the Secretary of the Interior any funds appropriated under paragraph (3) of this subsection to supplement any funds otherwise appropriated to carry out appropriate programs authorized to be carried out by such Secretaries.

“(3) There is authorized to be appropriated to carry out the provisions of this subsection, $100,000,000 per fiscal year for the fiscal year ending June 30, 1973, and the fiscal year ending June 30, 1974.

“WATER QUALITY INVENTORY

“Sec. 305. (a) The Administrator, in cooperation with the States and with the assistance of appropriate Federal agencies, shall prepare a report to be submitted to the Congress on or before January 1, 1974, which shall—

“(1) describe the specific quality, during 1973, with appropriate supplemental descriptions as shall be required to take into
account seasonal, tidal, and other variations, of all navigable waters and the waters of the contiguous zone;

“(2) include an inventory of all point sources of discharge (based on a qualitative and quantitative analysis of discharges) of pollutants, into all navigable waters and the waters of the contiguous zone; and

“(3) identify specifically those navigable waters, the quality of which—

“(B) can reasonably be expected to attain such level by 1977 or 1983; and

“(C) can reasonably be expected to attain such level by any later date.

State reports.

“(b) (1) Each State shall prepare and submit to the Administrator by January 1, 1975, and shall bring up to date each year thereafter, a report which shall include—

“(A) a description of the water quality of all navigable waters in such State during the preceding year, with appropriate supplemental descriptions as shall be required to take into account seasonal, tidal, and other variations, correlated with the quality of water required by the objective of this Act (as identified by the Administrator pursuant to criteria published under section 304(a) of this Act) and the water quality described in subparagraph (13) of this paragraph;

Transmittal to Congress.

“(2) The Administrator shall transmit such State reports, together with an analysis thereof, to Congress on or before October 1, 1975, and annually thereafter.

"NATIONAL STANDARDS OF PERFORMANCE"

"Sec. 306. (a) For purposes of this section:

“(1) The term ‘standard of performance’ means a standard for the control of the discharge of pollutants which reflects the greatest degree of effluent reduction which the Administrator determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alterna-
tives, including, where practicable, a standard permitting no discharge of pollutants.

"(2) The term 'new source' means any source, the construction of which is commenced after the publication of proposed regulations prescribing a standard of performance under this section which will be applicable to such source, if such standard is thereafter promulgated in accordance with this section.

"(3) The term 'source' means any building, structure, facility, or installation from which there is or may be the discharge of pollutants.

"(4) The term 'owner or operator' means any person who owns, leases, operates, controls, or supervises a source.

"(5) The term 'construction' means any placement, assembly, or installation of facilities or equipment (including contractual obligations to purchase such facilities or equipment) at the premises where such equipment will be used, including preparation work at such premises.

"(b)(1) (A) The Administrator shall, within ninety days after the date of enactment of this title publish (and from time to time thereafter shall revise) a list of categories of sources, which shall, at the minimum, include:

- pulp and paper mills;
- paperboard, builders paper and board mills;
- meat product and rendering processing;
- dairy product processing;
- grain mills;
- canned and preserved fruits and vegetables processing;
- canned and preserved seafood processing;
- sugar processing;
- textile mills;
- cement manufacturing;
- feedlots;
- electroplating;
- organic chemicals manufacturing;

"(B) As soon as practicable, but in no case more than one year, after a category of sources is included in a list under subparagraph (A) of this paragraph, the Administrator shall propose and publish regulations establishing Federal standards of performance for new sources within such category. The Administrator shall afford interested persons an opportunity for written comment on such proposed regulations. After considering such comments, he shall promulgate, within one hundred and twenty days after publication of such proposed regulations, such standards with such adjustments as he deems appropriate. The Administrator shall, from time to time, as technol-
ogy and alternatives change, revise such standards following the procedure required by this subsection for promulgation of such standards. Standards of performance, or revisions thereof, shall become effective upon promulgation. In establishing or revising Federal standards of performance for new sources under this section, the Administrator shall take into consideration the cost of achieving such effluent reduction, and any non-water quality environmental impact and energy requirements.

(2) The Administrator may distinguish among classes, types, and sizes within categories of new sources for the purpose of establishing such standards and shall consider the type of process employed (including whether batch or continuous).

(3) The provisions of this section shall apply to any new source owned or operated by the United States.

(c) Each State may develop and submit to the Administrator a procedure under State law for applying and enforcing standards of performance for new sources located in such State. If the Administrator finds that the procedure and the law of any State require the application and enforcement of standards of performance to at least the same extent as required by this section, such State is authorized to apply and enforce such standards of performance (except with respect to new sources owned or operated by the United States).

(d) Notwithstanding any other provision of this Act, any point source the construction of which is commenced after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 and which is so constructed as to meet all applicable standards of performance shall not be subject to any more stringent standard of performance during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169 (or both) of the Internal Revenue Code of 1954, whichever period ends first.

(e) After the effective date of standards of performance promulgated under this section, it shall be unlawful for any owner or operator of any new source to operate such source in violation of any standard of performance applicable to such source.
the usual or potential presence of the affected organisms in any waters, the importance of the affected organisms and the nature and extent of the effect of the toxic pollutant on such organisms, and he shall publish a notice for a public hearing on such proposed standard to be held within thirty days. As soon as possible after such hearing, but not later than six months after publication of the proposed effluent standard (or prohibition), unless the Administrator finds, on the record, that a modification of such proposed standard (or prohibition) is justified based upon a preponderance of evidence adduced at such hearings, such standard (or prohibition) shall be promulgated.

“(3) If after a public hearing the Administrator finds that a modification of such proposed standard (or prohibition) is justified, a revised effluent standard (or prohibition) for such pollutant or combination of pollutants shall be promulgated immediately. Such standard (or prohibition) shall be reviewed and, if appropriate, revised at least every three years.

“(4) Any effluent standard promulgated under this section shall be at that level which the Administrator determines provides an ample margin of safety.

“(5) When proposing or promulgating any effluent standard (or prohibition) under this section, the Administrator shall designate the category or categories of sources to which the effluent standard (or prohibition) shall apply. Any disposal of dredged material may be included in such a category of sources after consultation with the Secretary of the Army.

“(6) Any effluent standard (or prohibition) established pursuant to this section shall take effect on such date or dates as specified in the order promulgating such standard, but in no case more than one year from the date of such promulgation.

“(7) Prior to publishing any regulations pursuant to this section the Administrator shall, to the maximum extent practicable within the time provided, consult with appropriate advisory committees, States, independent experts, and Federal departments and agencies.

“(b)(1) The Administrator shall, within one hundred and eighty days after the date of enactment of this title and from time to time thereafter, publish proposed regulations establishing pretreatment standards for introduction of pollutants into treatment works (as defined in section 212 of this Act) which are publicly owned for those pollutants which are determined not to be susceptible to treatment by such treatment works or which would interfere with the operation of such treatment works. Not later than ninety days after such publication, and after opportunity for public hearing, the Administrator shall promulgate such pretreatment standards. Pretreatment standards under this subsection shall specify a time for compliance not to exceed three years from the date of promulgation and shall be established to prevent the discharge of any pollutant through treatment works (as defined in section 212 of this Act) which are publicly owned, which pollutant interferes with, passes through, or otherwise is incompatible with such works.

“(2) The Administrator shall, from time to time, as control technology, processes, operating methods, or other alternatives change, revise such standards following the procedure established by this subsection for promulgation of such standards.

“(3) When proposing or promulgating any pretreatment standard under this section, the Administrator shall designate the category or categories of sources to which such standard shall apply.

“(4) Nothing in this subsection shall affect any pretreatment requirement established by any State or local law not in conflict with any pretreatment standard established under this subsection.
“(c) In order to insure that any source introducing pollutants into a publicly owned treatment works, which source would be a new source subject to section 306 if it were to discharge pollutants, will not cause a violation of the effluent limitations established for any such treatment works, the Administrator shall promulgate pretreatment standards for the category of such sources simultaneously with the promulgation of standards of performance under section 306 for the equivalent category of new sources. Such pretreatment standards shall prevent the discharge of any pollutant into such treatment works, which pollutant may interfere with, pass through, or otherwise be incompatible with such works.

“(d) After the effective date of any effluent standard or prohibition or pretreatment standard promulgated under this section, it shall be unlawful for any owner or operator of any source to operate any source in violation of any such effluent standard or prohibition or pretreatment standard.

“INSPECTIONS, MONITORING AND ENTRY

“Sec. 308. (a) Whenever required to carry out the objective of this Act, including but not limited to (1) developing or assisting in the development of any effluent limitation, or other limitation, prohibition, or effluent standard, pretreatment standard, or standard of performance under this Act; (2) determining whether any person is in violation of any such effluent limitation, or other limitation, prohibition or effluent standard, pretreatment standard, or standard of performance; (3) any requirement established under this section; or (4) carrying out sections 305, 311, 402, and 504 of this Act—

“(A) the Administrator shall require the owner or operator of any point source to (i) establish and maintain such records, (ii) make such reports, (iii) install, use, and maintain such monitoring equipment or methods (including where appropriate, biological monitoring methods), (iv) sample such effluents (in accordance with such methods, at such locations, at such intervals, and in such manner as the Administrator shall prescribe), and (v) provide such other information as he may reasonably require; and

“(B) the Administrator or his authorized representative, upon presentation of his credentials—

“(i) shall have a right of entry to, upon, or through any premises in which an effluent source is located or in which any records required to be maintained under clause (A) of this subsection are located, and

“(ii) may at reasonable times have access to and copy any records, inspect any monitoring equipment or method required under clause (A), and sample any effluents which the owner or operator of such source is required to sample under such clause.

“(b) Any records, reports, or information obtained under this section (1) shall, in the case of effluent data, be related to any applicable effluent limitations, toxic, pretreatment, or new source performance standards, and (2) shall be available to the public, except that upon a showing satisfactory to the Administrator by any person that records, reports, or information, or particular part thereof (other than effluent data), to which the Administrator has access under this section, if made public would divulge methods or processes entitled to protection as trade secrets of such person, the Administrator shall consider such record, report, or information, or particular portion thereof confidential in accordance with the purposes of section 1905
of title 18 of the United States Code, except that such record, report, or information may be disclosed to other officers, employees, or authorized representatives of the United States concerned with carrying out this Act or when relevant in any proceeding under this Act.

"(c) Each State may develop and submit to the Administrator procedures under State law for inspection, monitoring, and entry with respect to point sources located in such State. If the Administrator finds that the procedures and the law of any State relating to inspection, monitoring, and entry are applicable to at least the same extent as those required by this section, such State is authorized to apply and enforce its procedures for inspection, monitoring, and entry with respect to point sources located in such State (except with respect to point sources owned or operated by the United States).

"FEDERAL ENFORCEMENT

"Sec. 309. (a) (1) Whenever, on the basis of any information available to him, the Administrator finds that any person is in violation of any condition or limitation which implements section 301, 302, 306, 307, or 308 of this Act in a permit issued by a State under an approved permit program under section 402 of this Act, he shall proceed under his authority in paragraph (3) of this subsection or he shall notify the person in alleged violation and such State of such finding. If beyond the thirtieth day after the Administrator's notification the State has not commenced appropriate enforcement action, the Administrator shall issue an order requiring such person to comply with such condition or limitation or shall bring a civil action in accordance with subsection (b) of this section.

"(2) Whenever, on the basis of information available to him, the Administrator finds that violations of permit conditions or limitations as set forth in paragraph (1) of this subsection are so widespread that such violations appear to result from a failure of the State to enforce such permit conditions or limitations effectively, he shall so notify the State. If the Administrator finds such failure extends beyond the thirtieth day after such notice, he shall give public notice of such finding. During the period beginning with such public notice and ending when such State satisfies the Administrator that it will enforce such conditions and limitations (hereafter referred to in this section as the period of 'federally assumed enforcement'), the Administrator shall enforce any permit condition or limitation with respect to any person—

"(A) by issuing an order to comply with such condition or limitation, or

"(B) by bringing a civil action under subsection (b) of this section.

"(3) Whenever on the basis of any information available to him the Administrator finds that any person is in violation of section 301, 302, 306, 307, or 308 of this Act, or is in violation of any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by him or by a State, he shall issue an order requiring such person to comply with such section or requirement, or he shall bring a civil action in accordance with subsection (b) of this section.

"(4) A copy of any order issued under this subsection shall be sent immediately by the Administrator to the State in which the violation occurs and other affected States. Any order issued under this subsection shall be by personal service and shall state with reasonable specificity the nature of the violation, specify a time for compliance, not to exceed thirty days, which the Administrator determines is reasonable, taking into account the seriousness of the violation and any good faith efforts
to comply with applicable requirements. In any case in which an order under this subsection (or notice to a violator under paragraph (1) of this subsection) is issued to a corporation, a copy of such order (or notice) shall be served on any appropriate corporate officers. An order issued under this subsection relating to a violation of section 306 of this Act shall not take effect until the person to whom it is issued has had an opportunity to confer with the Administrator concerning the alleged violation.

"(b) The Administrator is authorized to commence a civil action for appropriate relief, including a permanent or temporary injunction, for any violation for which he is authorized to issue a compliance order under subsection (a) of this section. Any action under this subsection may be brought in the district court of the United States for the district in which the defendant is located or resides or is doing business, and such court shall have jurisdiction to restrain such violation and to require compliance. Notice of the commencement of such action shall be given immediately to the appropriate State.

"(c) (1) Any person who willfully or negligently violates section 301, 302, 306, 307, or 308 of this Act, or any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator or by a State, shall be punished by a fine of not less than $2,500 nor more than $25,000 per day of violation, or by imprisonment for not more than one year, or by both. If the conviction is for a violation committed after a first conviction of such person under this paragraph, punishment shall be by a fine of not more than $50,000 per day of violation, or by imprisonment for not more than two years, or by both.

"(2) Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Act or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained under this Act, shall upon conviction, be punished by a fine of not more than $10,000, or by imprisonment for not more than six months, or by both.

"(3) For the purposes of this subsection, the term 'person' shall mean, in addition to the definition contained in section 502(5) of this Act, any responsible corporate officer.

"(d) Any person who violates section 301, 302, 306, 307, or 308 of this Act, or any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator, or by a State, and any person who violates any order issued by the Administrator under subsection (a) of this section, shall be subject to a civil penalty not to exceed $10,000 per day of such violation.

"(e) Whenever a municipality is a party to a civil action brought by the United States under this section, the State in which such municipality is located shall be joined as a party. Such State shall be liable for payment of any judgment, or any expenses incurred as a result of complying with any judgment, entered against the municipality in such action to the extent that the laws of that State prevent the municipality from raising revenues needed to comply with such judgment.

"INTERNATIONAL POLLUTION ABATEMENT

"Sec. 310. (a) Whenever the Administrator, upon receipts of reports, surveys, or studies from any duly constituted international agency, has reason to believe that pollution is occurring which endangers the health or welfare of persons in a foreign country, and the Secretary of State requests him to abate such pollution, he shall give
formal notification thereof to the State water pollution control agency of the State or States in which such discharge or discharges originate and to the appropriate interstate agency, if any. He shall also promptly call such a hearing, if he believes that such pollution is occurring in sufficient quantity to warrant such action, and if such foreign country has given the United States essentially the same rights with respect to the prevention and control of pollution occurring in that country as is given that country by this subsection. The Administrator, through the Secretary of State, shall invite the foreign country which may be adversely affected by the pollution to attend and participate in the hearing, and the representative of such country shall, for the purpose of the hearing and any further proceeding resulting from such hearing, have all the rights of a State water pollution control agency. Nothing in this subsection shall be construed to modify, amend, repeal, or otherwise affect the provisions of the 1909 Boundary Waters Treaty between Canada and the United States or the Water Utilization Treaty of 1944 between Mexico and the United States (59 Stat. 1219), relative to the control and abatement of pollution in waters covered by those treaties.

"(b) The calling of a hearing under this section shall not be construed by the courts, the Administrator, or any person as limiting, modifying, or otherwise affecting the functions and responsibilities of the Administrator under this section to establish and enforce water quality requirements under this Act.

"(c) The Administrator shall publish in the Federal Register a notice of a public hearing before a hearing board of five or more persons appointed by the Administrator. A majority of the members of the board and the chairman who shall be designated by the Administrator shall not be officers or employees of Federal, State, or local governments. On the basis of the evidence presented at such hearing, the board shall within sixty days after completion of the hearing make findings of fact as to whether or not such pollution is occurring and shall thereupon by decision, incorporating its findings therein, make such recommendations to abate the pollution as may be appropriate and shall transmit such decision and the record of the hearings to the Administrator. All such decisions shall be public. Upon receipt of such decision, the Administrator shall promptly implement the board's decision in accordance with the provisions of this Act.

"(d) In connection with any hearing called under this subsection, the board is authorized to require any person whose alleged activities result in discharges causing or contributing to pollution to file with it in such forms as it may prescribe, a report based on existing data, furnishing such information as may reasonably be required as to the character, kind, and quantity of such discharges and the use of facilities or other means to prevent or reduce such discharges by the person filing such a report. Such report shall be made under oath or otherwise, as the board may prescribe, and shall be filed with the board within such reasonable period as it may prescribe, unless additional time is granted by it. Upon a showing satisfactory to the board by the person filing such report that such report or portion thereof (other than effluent data), to which the Administrator has access under this section, if made public would divulge trade secrets or secret processes of such person, the board shall consider such report or portion thereof confidential for the purposes of section 1905 of title 18 of the United States Code. If any person required to file any report under this paragraph shall fail to do so within the time fixed by the board for filing the same, and such failure shall continue for thirty days after notice of such default, such person shall forfeit to the United States the sum

Of $1,000 for each and every day of the continuance of such failure, which forfeiture shall be payable into the Treasury of the United States, and shall be recoverable in a civil suit in the name of the United States in the district court of the United States where such person has his principal office or in any district in which he does business. The Administrator may upon application therefor remit or mitigate any forfeiture provided for under this subsection.

“(e) Board members, other than officers or employees of Federal, State, or local governments, shall be for each day (including travel-time) during which they are performing board business, entitled to receive compensation at a rate fixed by the Administrator but not in excess of the maximum rate of pay for grade GS-18, as provided in the General Schedule under section 5332 of title 5 of the United States Code, and shall, notwithstanding the limitations of sections 5703 and 5704 of title 5 of the United States Code, be fully reimbursed for travel, subsistence, and related expenses.

“(f) When any such recommendation adopted by the Administrator involves the institution of enforcement proceedings against any person to obtain the abatement of pollution subject to such recommendation, the Administrator shall institute such proceedings if he believes that the evidence warrants such proceedings. The district court of the United States shall consider and determine de novo all relevant issues, but shall receive in evidence the record of the proceedings before the conference or hearing board. The court shall have jurisdiction to enter such judgment and orders enforcing such judgment as it deems appropriate or to remand such proceedings to the Administrator for such further action as it may direct.

He shall establish such fixed amount based on the toxicity, degradability, and dispersal characteristics of the substance.
“(3) The discharge of oil or hazardous substances into or upon the navigable waters of the United States, adjoining shorelines, or into or upon the waters of the contiguous zone in harmful quantities as determined by the President under paragraph (4) of this subsection, is prohibited, except (A) in the case of such discharges of oil into the waters of the contiguous zone, where permitted under article IV of the International Convention for the Prevention of Pollution of the Sea by Oil, 1954, as amended, and (B) where permitted in quantities and at times and locations or under such circumstances or conditions as the President may, by regulation, determine not to be harmful. Any regulations issued under this subsection shall be consistent with maritime safety and with marine and navigation laws and regulations and applicable water quality standards.
“(4) The President shall by regulation, to be issued as soon as possible after the date of enactment of this paragraph, determine for the purposes of this section, those quantities of oil and any hazardous substance the discharge of which, at such times, locations, circumstances, and conditions, will be harmful to the public health or welfare of the United States, including, but not limited to, fish, shellfish, wildlife, and public and private property, shorelines, and beaches except that in the case of the discharge of oil into or upon the waters of the contiguous zone, only those discharges which threaten the fishery resources of the contiguous zone or threaten to pollute or contribute to the pollution of the territory or the territorial sea of the United States may be determined to be harmful.
“(5) Any person in charge of a vessel or of an onshore facility or an offshore facility shall, as soon as he has knowledge of any discharge of oil or a hazardous substance from such vessel or facility in violation of paragraph (3) of this subsection, immediately notify the appropriate agency of the United States Government of such discharge. “(6) Any owner or operator of any vessel, onshore facility, or offshore facility from which oil or a hazardous substance is discharged in violation of paragraph (3) of this subsection shall be assessed a civil penalty by the Secretary of the department in which the Coast Guard
(c) (1) Whenever any oil or a hazardous substance is discharged, into or upon the navigable waters of the United States, adjoining shorelines, or into or upon the waters of the contiguous zone, the President is authorized to act to remove or arrange for the removal of such oil or substance at any time, unless he determines such removal will be done properly by the owner or operator of the vessel, onshore facility, or offshore facility from which the discharge occurs.

(2) Within sixty days after the effective date of this section, the President shall prepare and publish a National Contingency Plan for removal of oil and hazardous substances, pursuant to this subsection. Such National Contingency Plan shall provide for efficient, coordinated, and effective action to minimize damage from oil and hazardous substance discharges, including containment, dispersal, and removal of oil and hazardous substances, and shall include, but not be limited to—

(A) assignment of duties and responsibilities among Federal departments and agencies in coordination with State and local agencies, including, but not limited to, water pollution control, conservation, and port authorities;

(B) identification, procurement, maintenance, and storage of equipment and supplies;

(C) establishment or designation of a strike force consisting of personnel who shall be trained, prepared, and available to provide necessary services to carry out the Plan, including the establishment at major ports, to be determined by the President, of emergency task forces of trained personnel, adequate oil and hazardous substance pollution control equipment and material, and a detailed oil and hazardous substance pollution prevention and removal plan;

(D) a system of surveillance and notice designed to insure earliest possible notice of discharges of oil and hazardous substances to the appropriate Federal agency;

(E) establishment of a national center to provide coordination and direction for operations in carrying out the Plan;

(F) procedures and techniques to be employed in identifying, containing, dispersing, and removing oil and hazardous substances;

(G) a schedule, prepared in cooperation with the States, identifying (i) dispersants and other chemicals, if any, that may be used in carrying out the Plan, (ii) the waters in which such dispersants and chemicals may be used, and (iii) the quantities of such dispersant or chemical which can be used safely in such waters, which schedule shall provide in the case of any dispersant, chemical, or waters not specifically identified in such schedule that the President, or his delegate, may, on a case-by-case basis, iden-
identify the dispersants and other chemicals which may be used, the waters in which they may be used, and the quantities which can be used safely in such waters; and

"(H) a system whereby the State or States affected by a discharge of oil or hazardous substance may act where necessary to remove such discharge and such State or States may be reimbursed from the fund established under subsection (k) of this section for the reasonable costs incurred in such removal.

The President may, from time to time, as he deems advisable revise or otherwise amend the National Contingency Plan. After publication of the National Contingency Plan, the removal of oil and hazardous substances and actions to minimize damage from oil and hazardous substance discharges shall, to the greatest extent possible, be in accordance with the National Contingency Plan.

"(d) Whenever a marine disaster in or upon the navigable waters of the United States has created a substantial threat of a pollution hazard to the public health or welfare of the United States, including, but not limited to, fish, shellfish, and wildlife and the public and private shorelines and beaches of the United States, because of a discharge, or an imminent discharge, of large quantities of oil, or of a hazardous substance from a vessel the United States may (A) coordinate and direct all public and private efforts directed at the removal or elimination of such threat; and (B) summarily remove, and, if necessary, destroy such vessel by whatever means are available without regard to any provisions of law governing the employment of personnel or the expenditure of appropriated funds. Any expense incurred under this subsection shall be a cost incurred by the United States Government for the purposes of subsection (f) in the removal of oil or hazardous substance.

"(e) In addition to any other action taken by a State or local government, when the President determines there is an imminent and substantial threat to the public health or welfare of the United States, including, but not limited to, fish, shellfish, and wildlife and public and private property, shorelines, and beaches within the United States, because of an actual or threatened discharge of oil or hazardous substance into or upon the navigable waters of the United States from an onshore or offshore facility, the President may require the United States attorney of the district in which the threat occurs to secure such relief as may be necessary to abate such threat, and the district courts of the United States shall have jurisdiction to grant such relief as the public interest and the equities of the case may require.

"(f)(1) Except where an owner or operator can prove that a discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of a third party without regard to whether any such act or omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any vessel from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section shall, not withstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (e) for the removal of such oil or substance by the United States Government in an amount not to exceed $100 per gross ton of such vessel or $14,000,000, whichever is lesser, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. Such costs shall constitute a maritime lien on such vessel which may be recovered in an action in rem in the district court of the United
States for any district within which any vessel may be found. The United States may also bring an action against the owner or operator of such vessel in any court of competent jurisdiction to recover such costs.

“(2) Except where an owner or operator of an onshore facility can prove that a discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of a third party without regard to whether any such act or omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any such facility from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section shall be liable to the United States Government for the actual costs incurred under subsection (c) for the removal of such oil or substance by the United States Government in an amount not to exceed $8,000,000, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. The United States may bring an action against the owner or operator of such facility in any court of competent jurisdiction to recover such costs. The Secretary is authorized, by regulation, after consultation with the Secretary of Commerce and the Small Business Administration, to establish reasonable and equitable classifications of those onshore facilities having a total fixed storage capacity of 1,000 barrels or less which he determines because of size, type, and location do not present a substantial risk of the discharge of oil or a hazardous substance in violation of subsection (b) (2) of this section, and apply with respect to such classifications differing limits of liability which may be less than the amount contained in this paragraph.

“(3) Except where an owner or operator of an offshore facility can prove that a discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of a third party without regard to whether any such act or omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any such facility from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section shall, notwithstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (c) for the removal of such oil or substance by the United States Government in an amount not to exceed $8,000,000, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. The United States may bring an action against the owner or operator of such a facility in any court of competent jurisdiction to recover such costs.

“(g) In any case where an owner or operator of a vessel, of an onshore facility, or of an offshore facility, from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section, proves that such discharge of oil or hazardous substance was caused solely by an act or omission of a third party, or was caused solely by such an act or omission in combination with an act of God, an act of war, or negligence on the part of the United States Government, such third party shall, notwithstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (c) for removal of such oil or substance by the United States Government, except where such third party can
prove that such discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of another party, without regard to whether such act or omission was or was not negligent, or any combination of the foregoing clauses. If such third party was the owner or operator of a vessel which caused the discharge of oil or a hazardous substance in violation of subsection (b) (2) of this section, the liability of such third party under this subsection shall not exceed $100 per gross ton of such vessel or $14,000,000, whichever is the lesser. In any other case the liability of such third party shall not exceed the limitation which would have been applicable to the owner or operator of the vessel or the onshore or offshore facility from which the discharge actually occurred if such owner or operator were liable. If the United States can show that the discharge of oil or a hazardous substance in violation of subsection (b) (2) of this section was the result of willful negligence or willful misconduct within the privity and knowledge of such third party, such third party shall be liable to the United States Government for the full amount of such removal costs. The United States may bring an action against the third party in any court of competent jurisdiction to recover such removal costs.

(h) The liabilities established by this section shall in no way affect any rights which (1) the owner or operator of a vessel or of an onshore facility or an offshore facility may have against any third party whose acts may in any way have caused or contributed to such discharge, or (2) The United States Government may have against any third party whose actions may in any way have caused or contributed to the discharge of oil or hazardous substance.

(i) (1) In any case where an owner or operator of a vessel or an onshore facility or an offshore facility from which oil or a hazardous substance is discharged in violation of subsection (b) (2) of this section acts to remove such oil or substance in accordance with regulations promulgated pursuant to this section, such owner or operator shall be entitled to recover the reasonable costs incurred in such removal upon establishing, in a suit which may be brought against the United States Government in the United States Court of Claims, that such discharge was caused solely by (A) an act of God, (B) an act of war, (C) negligence on the part of the United States Government, or (D) an act or omission of a third party without regard to whether such act or omission was or was not negligent, or of any combination of the foregoing causes.

(2) The provisions of this subsection shall not apply in any case where liability is established pursuant to the Outer Continental Shelf Lands Act.

(3) Any amount paid in accordance with a judgment of the United States Court of Claims pursuant to this section shall be paid from the funds established pursuant to subsection (k).

(j) (1) Consistent with the National Contingency Plan required by subsection (c) (2) of this section, as soon as practicable after the effective date of this section, and from time to time thereafter, the President shall issue regulations consistent with maritime safety and with marine and navigation laws (A) establishing methods and procedures for removal of discharged oil and hazardous substances, (B) establishing criteria for the development and implementation of local and regional oil and hazardous substance removal contingency plans, (C) establishing procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil and hazardous substances from vessels and from onshore facilities and offshore facilities, and to contain such discharges, and (D) governing the inspection of vessels carrying cargoes of oil and hazardous substances.
and the inspection of such cargoes in order to reduce the likelihood of discharges of oil from vessels in violation of this section.

"(2) Any owner or operator of a vessel or an onshore facility or an offshore facility and any other person subject to any regulation issued under paragraph (1) of this subsection who fails or refuses to comply with the provisions of any such regulations, shall be liable to a civil penalty of not more than $5,000 for each such violation. Each violation shall be a separate offense. The President may assess and compromise such penalty. No penalty shall be assessed until the owner, operator, or other person charged shall have been given notice and an opportunity for a hearing on such charge. In determining the amount of the penalty, or the amount agreed upon in compromise, the gravity of the violation, and the demonstrated good faith of the owner, operator, or other person charged in attempting to achieve rapid compliance, after notification of a violation, shall be considered by the President.

"(k) There is hereby authorized to be appropriated to a revolving fund to be established in the Treasury not to exceed $35,000,000 to carry out the provisions of subsections (c), (d), (i), and (l) of this section. Any other funds received by the United States under this section shall also be deposited in said fund for such purposes. All sums appropriated to, or deposited in, said fund shall remain available until expended.

"(l) The President is authorized to delegate the administration of this section to the heads of those Federal departments, agencies, and instrumentalities which he determines to be appropriate. Any moneys in the fund established by subsection (k) of this section shall be available to such Federal departments, agencies, and instrumentalities to carry out the provisions of subsections (c) and (l) of this section. Each such department, agency, and instrumentality, in order to avoid duplication of effort, shall, whenever appropriate, utilize the personnel, services, and facilities of other Federal departments, agencies, and instrumentalities.

"(m) Anyone authorized by the President to enforce the provisions of this section may, except as to public vessels, (A) board and inspect any vessel upon the navigable waters of the United States or the waters of the contiguous zone, (B) with or without a warrant arrest any person who violates the provisions of this section or any regulation issued thereunder in his presence or view, and (C) execute any warrant or other process issued by an officer or court of competent jurisdiction.

"(n) The several district courts of the United States are invested with jurisdiction for any actions, other than actions pursuant to subsection (i) (1), arising under this section. In the case of Guam and the Trust Territory of the Pacific Islands, such actions may be brought in the district court of Guam, and in the case of the Virgin Islands such actions may be brought in the district court of the Virgin Islands. In the case of American Samoa and the Trust Territory of the Pacific Islands, such actions may be brought in the District Court of the United States for the District of Hawaii and such court shall have jurisdiction of such actions. In the case of the Canal Zone, such actions may be brought in the United States District Court for the District of the Canal Zone.

"(o) (1) Nothing in this section shall affect or modify in any way the obligations of any owner or operator of any vessel, or of any owner or operator of any onshore facility or offshore facility to any person or agency under any provision of law for damages to any publicly owned or privately owned property resulting from a discharge of any oil or hazardous substance or from the removal of any such oil or hazardous substance.
“(2) Nothing in this section shall be construed as preempting any State or political subdivision thereof from imposing any requirement or liability with respect to the discharge of oil or hazardous substance into any waters within such State.

“(3) Nothing in this section shall be construed as affecting or modifying any other existing authority of any Federal department, agency, or instrumentality, relative to onshore or offshore facilities under this Act or any other provision of law, or to affect any State or local law not in conflict with this section.

“(p) (1) Any vessel over three hundred gross tons, including any barge of equivalent size, but not including any barge that is not self-propelled and that does not carry oil or hazardous substances as cargo or fuel, using any port or place in the United States or the navigable waters of the United States for any purpose shall establish and maintain under regulations to be prescribed from time to time by the President, evidence of financial responsibility of $100 per gross ton, or $14,000,000 whichever is the lesser, to meet the liability to the United States which such vessel could be subjected under this section. In cases where an owner or operator owns, operates, or charters more than one such vessel, financial responsibility need only be established to meet the maximum liability to which the largest of such vessels could be subjected. Financial responsibility may be established by any one of, or a combination of, the following methods acceptable to the President: (A) evidence of insurance, (B) surety bonds, (C) qualification as a self-insurer, or (D) other evidence of financial responsibility. Any bond filed shall be issued by a bonding company authorized to do business in the United States.

“(2) The provisions of paragraph (1) of this subsection shall be effective April 3, 1971, with respect to oil and one year after the date of enactment of this section with respect to hazardous substances. The President shall delegate the responsibility to carry out the provisions of this subsection to the appropriate agency head within sixty days after the date of enactment of this section. Regulations necessary to implement this subsection shall be issued within six months after the date of enactment of this section.

“(3) Any claim for costs incurred by such vessel may be brought directly against the insurer or any other person providing evidence of financial responsibility as required under this subsection. In the case of any action pursuant to this subsection such insurer or other person shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if an action had been brought against him by the claimant, and which would have been available to him if an action had been brought against him by the owner or operator.

“(4) Any owner or operator of a vessel subject to this subsection, who fails to comply with the provisions of this subsection or any regulation issued thereunder, shall be subject to a fine of not more than $10,000.

“(5) The Secretary of the Treasury may refuse the clearance required by section 4197 of the Revised Statutes of the United States, as amended (4 U.S.C. 91), to any vessel subject to this subsection, which does not have evidence furnished by the President that the financial responsibility provisions of paragraph (1) of this subsection have been complied with.

“(6) The Secretary of the Department in which the Coast Guard is operated may (A) deny entry to any port or place in the United States or the navigable waters of the United States, to, and (B) detain at the port or place in the United States from which it is about to depart for any other port or place in the United States, any vessel sub-
ject to this subsection, which upon request, does not produce evidence furnished by the President that the financial responsibility provisions of paragraph (1) of this subsection have been complied with.

Definitions.

Federal standards of performance, promulgation.
"(2) Any existing vessel equipped with a marine sanitation device on the date of promulgation of initial standards and regulations under this section, which device is in compliance with such initial standards and regulations, shall be deemed in compliance with this section until such time as the device is replaced or is found not to be in compliance with such initial standards and regulations.

"(c) (1) Initial standards and regulations under this section shall become effective for new vessels two years after promulgation; and for existing vessels five years after promulgation. Revisions of standards and regulations shall be effective upon promulgation, unless another effective date is specified, except that no revision shall take effect before the effective date of the standard or regulation being revised.

"(2) The Secretary of the department in which the Coast Guard is operating with regard to his regulatory authority established by this section, after consultation with the Administrator, may distinguish among classes, type, and sizes of vessels as well as between new and existing vessels, and may waive applicability of standards and regulations as necessary or appropriate for such classes, types, and sizes of vessels (including existing vessels equipped with marine sanitation devices on the date of promulgation of the initial standards required by this section), and, upon application, for individual vessels.

"(d) The provisions of this section and the standards and regulations promulgated hereunder apply to vessels owned and operated by the United States unless the Secretary of Defense finds that compliance would not be in the interest of national security. With respect to vessels owned and operated by the Department of Defense, regulations under the last sentence of subsection (b) (1) of this section and certifications under subsection (g) (2) of this section shall be promulgated and issued by the Secretary of Defense.

"(e) Before the standards and regulations under this section are promulgated, the Administrator and the Secretary of the department in which the Coast Guard is operating shall consult with the Secretary of State; the Secretary of Health, Education, and Welfare; the Secretary of Defense; the Secretary of the Treasury; the Secretary of Commerce; other interested Federal agencies; and the States and industries interested; and otherwise comply with the requirements of section 553 of title 5 of the United States Code.

"(f) (1) After the effective date of the initial standards and regulations promulgated under this section, no State or political subdivision thereof shall adopt or enforce any statute or regulation of such State or political subdivision with respect to the design, manufacture, or installation or use of any marine sanitation device on any vessel subject to the provisions of this section.

"(2) If, after promulgation of the initial standards and regulations and prior to their effective date, a vessel is equipped with a marine sanitation device in compliance with such standards and regulations and the installation and operation of such device is in accordance with such standards and regulations, such standards and regulations shall, for the purposes of paragraph (1) of this subsection, become effective with respect to such vessel on the date of such compliance.

"(3) After the effective date of the initial standards and regulations promulgated under this section, if any State determines that the protection and enhancement of the quality of some or all of the waters within such State require greater environmental protection, such State may completely prohibit the discharge from all vessels of any sewage, whether treated or not, into such waters, except that no such prohibition shall apply until the Administrator determines that adequate facilities for the safe and sanitary removal and treatment
of sewage from all vessels are reasonably available for such water to which such prohibition would apply. Upon application of the State, the Administrator shall make such determination within 90 days of the date of such application.

“(4) If the Administrator determines upon application by a State that the protection and enhancement of the quality of specified waters within such State requires such a prohibition, he shall by regulation completely prohibit the discharge from a vessel of any sewage (whether treated or not) into such waters.

“(g)(1) No manufacturer of a marine sanitation device shall sell, offer for sale, or introduce or deliver for introduction in interstate commerce, or import into the United States for sale or resale any marine sanitation device manufactured after the effective date of the standards and regulations promulgated under this section unless such device is in all material respects substantially the same as a test device certified under this subsection.

“(2) Upon application of the manufacturer, the Secretary of the department in which the Coast Guard is operating shall so certify a marine sanitation device if he determines, in accordance with the provisions of this paragraph, that it meets the appropriate standards and regulations promulgated under this section. The Secretary of the department in which the Coast Guard is operating shall test or require such testing of the device in accordance with procedures set forth by the Administrator as to standards of performance and for such other purposes as may be appropriate. If the Secretary of the department in which the Coast Guard is operating determines that the device is satisfactory from the standpoint of safety and any other requirements of maritime law or regulation, and after consideration of the design, installation, operation, material, or other appropriate factors, he shall certify the device. Any device manufactured by such manufacturer which is in all material respects substantially the same as the certified test device shall be deemed to be in conformity with the appropriate standards and regulations established under this section.

“(3) Every manufacturer shall establish and maintain such records, make such reports, and provide such information as the Administrator or the Secretary of the department in which the Coast Guard is operating may reasonably require to enable him to determine whether such manufacturer has acted or is acting in compliance with this section and regulations issued thereunder and shall, upon request of an officer or employee duly designated by the Administrator or the Secretary of the department in which the Coast Guard is operating, permit such officer or employee at reasonable times to have access to and copy such records. All information reported to or otherwise obtained by the Administrator or the Secretary of the department in which the Coast Guard is operating or their representatives pursuant to this subsection which contains or relates to a trade secret or other matter referred to in section 1905 of title 18 of the United States Code shall be considered confidential for the purpose of that section, except that such information may be disclosed to other officers or employees concerned with carrying out this section. This paragraph shall not apply in the case of the construction of a vessel by an individual for his own use.

“(h) After the effective date of standards and regulations promulgated under this section, it shall be unlawful—

“(1) for the manufacturer of any vessel subject to such standards and regulations to manufacture for sale, to sell or offer for sale, or to distribute for sale or resale any such vessel unless it is equipped with a marine sanitation device which is in all material respects substantially the same as the appropriate test device certified pursuant to this section;
“(2) for any person, prior to the sale or delivery of a vessel subject to such standards and regulations to the ultimate purchaser, wrongfully to remove or render inoperative any certified marine sanitation device or element of design of such device installed in such vessel;

“(3) for any person to fail or refuse to permit access to or copying of records or to fail to make reports or provide information required under this section; and

“(4) for a vessel subject to such standards and regulations to operate on the navigable waters of the United States, if such vessel is not equipped with an operable marine sanitation device certified pursuant to this section.

Jurisdiction.

“(i) The district courts of the United States shall have jurisdictions to restrain violations of subsection (g) (1) of this section and subsections (h) (1) through (3) of this section. Actions to restrain such violations shall be brought by, and in, the name of the United States. In case of contumacy or refusal to obey a subpena served upon any person under this subsection, the district court of the United States for any district in which such person is found or resides or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony or to appear and produce documents, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

Penalties.

“(j) Any person who violates subsection (g) (1) of this section or clause (1) or (2) of subsection (h) of this section shall be liable to a civil penalty of not more than $5,000 for each violation. Any person who violates clause (4) of subsection (h) of this section or any regulation issued pursuant to this section shall be liable to a civil penalty of not more than $2,000 for each violation. Each violation shall be a separate offense. The Secretary of the department in which the Coast Guard is operating may assess and compromise any such penalty. No penalty shall be assessed until the person charged shall have been given notice and an opportunity for a hearing on such charge. In determining the amount of the penalty, or the amount agreed upon in compromise, the gravity of the violation, and the demonstrated good faith of the person charged in attempting to achieve rapid compliance, after notification of a violation, shall be considered by said Secretary.

Enforcement.

“(k) The provisions of this section shall be enforced by the Secretary of the department in which the Coast Guard is operating and he may utilize by agreement, with or without reimbursement, law enforcement officers or other personnel and facilities of the Administrator, other Federal agencies, or the States to carry out the provisions of this section.

“(l) Anyone authorized by the Secretary of the department in which the Coast Guard is operating to enforce the provisions of this section may, except as to public vessels, (1) board and inspect any vessel upon the navigable waters of the United States and (2) execute any warrant or other process issued by an officer or court of competent jurisdiction.

“(m) In the case of Guam and the Trust Territory of the Pacific Islands, actions arising under this section may be brought in the district court of Guam, and in the case of the Virgin Islands such actions may be brought in the district court of the Virgin Islands. In the case of American Samoa and the Trust Territory of the Pacific Islands, such actions may be brought in the District Court of the United States for the District of Hawaii and such court shall have jurisdiction of such actions. In the case of the Canal Zone, such actions may be brought in the District Court for the District of the Canal Zone.
"FEDERAL FACILITIES POLLUTION CONTROL

"Sec. 313. Each department, agency, or instrumentality of the executive, legislative, and judicial branches of the Federal Government (1) having jurisdiction over any property or facility, or (2) engaged in any activity resulting, or which may result, in the discharge or run-off of pollutants shall comply with Federal, State, interstate, and local requirements respecting control and abatement of pollution to the same extent that any person is subject to such requirements, including the payment of reasonable service charges. The President may exempt any effluent source of any department, agency, or instrumentality in the executive branch from compliance with any such a requirement if he determines it to be in the paramount interest of the United States to do so; except that no exemption may be granted from the requirements of section 306 or 307 of this Act. No such exemptions shall be granted due to lack of appropriation unless the President shall have specifically requested such appropriation as a part of the budgetary process and the Congress shall have failed to make available such requested appropriation. Any exemption shall be for a period not in excess of one year, but additional exemptions may be granted for periods of not to exceed one year upon the President's making a new determination. The President shall report each January to the Congress all exemptions from the requirements of this section granted during the preceding calendar year, together with his reason for granting such exemption.

"CLEAN LAKES

"Sec. 314. (a) Each State shall prepare or establish, and submit to the Administrator for his approval—

"(1) an identification and classification according to eutrophic condition of all publicly owned fresh water lakes in such State;

"(2) procedures, processes, and methods (including land use requirements), to control sources of pollution of such lakes; and

"(3) methods and procedures, in conjunction with appropriate Federal agencies, to restore the quality of such lakes.

"(b) The Administrator shall provide financial assistance to States in order to carry out methods and procedures approved by him under this section.

"(c)(1) The amount granted to any State for any fiscal year under this section shall not exceed 70 per centum of the funds expended by such State in such year for carrying out approved methods and procedures under this section.

"(2) There is authorized to be appropriated $50,000,000 for the fiscal year ending June 30, 1973; $100,000,000 for the fiscal year 1974; and $150,000,000 for the fiscal year 1975 for grants to States under this section which such sums shall remain available until expended. The Administrator shall provide for an equitable distribution of such sums to the States with approved methods and procedures under this section.

"NATIONAL STUDY COMMISSION

"Sec. 315. (a) There is established a National Study Commission, which shall make a full and complete investigation and study of all of the technological aspects of achieving, and all aspects of the total economic, social, and environmental effects of achieving or not achieving, the effluent limitations and goals set forth for 1983 in section 301(b) (2) of this Act.

"(b) Such Commission shall be composed of fifteen members, including five members of the Senate, who are members of the Public Works committee, appointed by the President of the Senate, five mem-
bers of the House, who are members of the Public Works committee, appointed by the Speaker of the House, and five members of the public appointed by the President. The Chairman of such Commission shall be elected from among its members.

"(c) In the conduct of such study, the Commission is authorized to contract with the National Academy of Sciences and the National Academy of Engineering (acting through the National Research Council), the National Institute of Ecology, Brookings Institution, and other nongovernmental entities, for the investigation of matters within their competence.

"(d) The heads of the departments, agencies and instrumentalities of the executive branch of the Federal Government shall cooperate with the Commission in carrying out the requirements of this section, and shall furnish to the Commission such information as the Commission deems necessary to carry out this section.

"(e) A report shall be submitted to the Congress of the results of such investigation and study, together with recommendations, not later than three years after the date of enactment of this title.

"(f) The members of the Commission who are not officers or employees of the United States, while attending conferences or meetings of the Commission or while otherwise serving at the request of the Chairman shall be entitled to receive compensation at a rate not in excess of the maximum rate of pay for grade GS-18, as provided in the General Schedule under section 5332 of title V of the United States Code, including traveltime and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence as authorized by law (5 U.S.C. 73b-2) for persons in the Government service employed intermittently.

"(g) There is authorized to be appropriated, for use in carrying out this section, not to exceed $15,000,000.

"THERMAL DISCHARGES

"SEC. 316. (a) With respect to any point source otherwise subject to the provisions of section 301 or section 306 of this Act, whenever the owner or operator of any such source, after opportunity for public hearing, can demonstrate to the satisfaction of the Administrator (or, if appropriate, the State) that any effluent limitation proposed for the control of the thermal component of any discharge from such source will require effluent limitations more stringent than necessary to assure the projection and propagation of a balanced, indigenous population of shellfish, fish, and wildlife in and on the body of water into which the discharge is to be made, the Administrator (or, if appropriate, the State) may impose an effluent limitation under such sections for such plant, with respect to the thermal component of such discharge (taking into account the interaction of such thermal component with other pollutants), that will assure the protection and propagation of a balanced, indigenous population of shellfish, fish, and wildlife in and on that body of water.

"(b) Any standard established pursuant to section 301 or section 306 of this Act and applicable to a point source shall require that the location, design, construction, and capacity of cooling water intake structures reflect the best technology available for minimizing adverse environmental impact.

"(c) Notwithstanding any other provision of this Act, any point source of a discharge having a thermal component, the modification of which point source is commenced after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 and which, as modified, meets effluent limitations established under section 301 or, if more stringent, effluent limitations established under
section 303 and which effluent limitations will assure protection and propagation of a balanced, indigenous population of shellfish, fish, and wildlife in or on the water into which the discharge is made, shall not be subject to any more stringent effluent limitation with respect to the thermal component of its discharge during a ten year period beginning on the date of completion of such modification or during the period of depreciation or amortization of such facility for the purpose of section 167 or 169 (or both) of the Internal Revenue Code of 1954, whichever period ends first.

"FINANCING STUDY"

"Sec. 317. (a) The Administrator shall continue to investigate and study the feasibility of alternate methods of financing the cost of preventing, controlling and abating pollution as directed in the Water Quality Improvement Act of 1970 (Public Law 91-224), including, but not limited to, the feasibility of establishing a pollution abatement trust fund. The results of such investigation and study shall be reported to the Congress not later than two years after enactment of this title, together with recommendations of the Administrator for financing the programs for preventing, controlling and abating pollution for the fiscal years beginning after fiscal year 1976, including any necessary legislation.

"(b) There is authorized to be appropriated for use in carrying out this section, not to exceed $1,000,000.

"AQUACULTURE"

"Sec. 318. (a) The Administrator is authorized, after public hearings, to permit the discharge of a specific pollutant or pollutants under controlled conditions associated with an approved aquaculture project under Federal or State supervision.

"(b) The Administrator shall by regulation, not later than January 1, 1974, establish any procedures and guidelines he deems necessary to carry out this section.

"TITLE IV—PERMITS AND LICENSES"

"CERTIFICATION"

"Sec. 401. (a) (1) Any applicant for a Federal license or permit to conduct any activity including, but not limited to, the construction or operation of facilities, which may result in any discharge into the navigable waters, shall provide the licensing or permitting agency a certification from the State in which the discharge originates or will originate, or, if appropriate, from the interstate water pollution control agency having jurisdiction over the navigable waters at the point where the discharge originates or will originate, that any such discharge will comply with the applicable provisions of sections 301, 302, 306, and 307 of this Act. In the case of any such activity for which there is not an applicable effluent limitation or other limitation under sections 301(b) and 302, and there is not an applicable standard under sections 306 and 307, the State shall so certify, except that any such certification shall not be deemed to satisfy section 511(c) of this Act. Such State or interstate agency shall establish procedures for public notice in the case of all applications for certification by it and, to the extent it deems appropriate, procedures for public hearings in connection with specific applications. In any case where a State or interstate agency has no authority to give such a certification, such certification shall be from the Administrator. If the State, interstate
agency, or Administrator, as the case may be, fails or refuses to act on a request for certification, within a reasonable period of time (which shall not exceed one year) after receipt of such request, the certification requirements of this subsection shall be waived with respect to such Federal application. No license or permit shall be granted until the certification required by this section has been obtained or has been waived as provided in the preceding sentence. No license or permit shall be granted if certification has been denied by the State, interstate agency, or the Administrator, as the case may be.

"(2) Upon receipt of such application and certification the licensing or permitting agency shall immediately notify the Administrator of such application and certification. Whenever such a discharge may affect, as determined by the Administrator, the quality of the waters of any other State, the Administrator within thirty days of the date of notification of such Federal license or permit shall notify such other State, the licensing or permitting agency, and the applicant. If, within sixty days after receipt of such notice, such other State determines that such discharge will affect the quality of its waters so as to violate any water quality requirement in such State, and within such sixty-day period notifies the Administrator and the licensing or permitting agency in writing of its objection to the issuance of such license or permit and requests a public hearing on such objection, the licensing or permitting agency shall hold such a hearing. The Administrator shall submit his evaluation and recommendations with respect to any such objection to the licensing or permitting agency. Such agency, based upon the recommendations of such State, the Administrator, and upon any additional evidence, if any, presented to the agency at the hearing, shall condition such license or permit in such manner as may be necessary to insure compliance with applicable water quality requirements. If the imposition of conditions cannot insure such compliance such agency shall not issue such license or permit.

"(3) The certification obtained pursuant to paragraph (1) of this subsection with respect to the construction of any facility shall fulfill the requirements of this subsection with respect to certification in connection with any other Federal license or permit required for the operation of such facility unless, after notice to the certifying State, agency, or Administrator, as the case may be, which shall be given by the Federal agency to whom application is made for such operating license or permit, the State, or if appropriate, the interstate agency or the Administrator, notifies such agency within sixty days after receipt of such notice that there is no longer reasonable assurance that there will be compliance with the applicable provisions of sections 301, 302, 306, and 307 of this Act because of changes since the construction license or permit certification was issued in (A) the construction or operation of the facility, (B) the characteristics of the waters into which such discharge is made, (C) the water quality criteria applicable to such waters or (D) applicable effluent limitations or other requirements. This paragraph shall be inapplicable in any case where the applicant for such operating license or permit has failed to provide the certifying State, or, if appropriate, the interstate agency or the Administrator, with notice of any proposed changes in the construction or operation of the facility with respect to which a construction license or permit has been granted, which changes may result in violation of section 301, 302, 306, or 307 of this Act.
“(4) Prior to the initial operation of any federally licensed or permitted facility or activity which may result in any discharge into the navigable waters and with respect to which a certification has been obtained pursuant to paragraph (1) of this subsection, which facility or activity is not subject to a Federal operating license or permit, the licensee or permittee shall provide an opportunity for such certifying State, or, if appropriate, the interstate agency or the Administrator to review the manner in which the facility or activity shall be operated or conducted for the purposes of assuring that applicable effluent limitations or other limitations or other applicable water quality requirements will not be violated. Upon notification by the certifying State, or if appropriate, the interstate agency or the Administrator that the operation of any such federally licensed or permitted facility or activity will violate applicable effluent limitations or other limitations or other water quality requirements such Federal agency may, after public hearing, suspend such license or permit. If such license or permit is suspended, it shall remain suspended until notification is received from the certifying State, agency, or Administrator, as the case may be, that there is reasonable assurance that such facility or activity will not violate the applicable provisions of section 301, 302, 306, or 307 of this Act.

“(5) Any Federal license or permit with respect to which a certification has been obtained under paragraph (1) of this subsection may be suspended or revoked by the Federal agency issuing such license or permit upon the entering of a judgment under this Act that such facility or activity has been operated in violation of the applicable provisions of section 301, 302, 306, or 307 of this Act.

“(6) No Federal agency shall be deemed to be an applicant for the purposes of this subsection.

“(7) Except with respect to a permit issued under section 402 of this Act, in any case where actual construction of a facility has been lawfully commenced prior to April 3, 1970, no certification shall be required under this subsection for a license or permit issued after April 3, 1970, to operate such facility, except that any such license or permit issued without certification shall terminate April 3, 1973, unless prior to such termination date the person having such license or permit submits to the Federal agency which issued such license or permit a certification and otherwise meets the requirements of this section.

“(b) Nothing in this section shall be construed to limit the authority of any department or agency pursuant to any other provision of law to require compliance with any applicable water quality requirements. The Administrator shall, upon the request of any Federal department or agency, or State or interstate agency, or applicant, provide, for the purpose of this section, any relevant information on applicable effluent limitations, or other limitations, standards, regulations, or requirements, or water quality criteria, and shall, when requested by any such department or agency or State or interstate agency, or applicant, comment on any methods to comply with such limitations, standards, regulations, requirements, or criteria.

“(c) In order to implement the provisions of this section, the Secretary of the Army, acting through the Chief of Engineers, is authorized, if he deems it to be in the public interest, to permit the use of spoil disposal areas under his jurisdiction by Federal licensees or permittees, and to make an appropriate charge for such use. Moneys received from such licensees or permittees shall be deposited in the Treasury as miscellaneous receipts.

“(d) Any certification provided under this section shall set forth any effluent limitations and other limitations, and monitoring require-
ments necessary to assure that any applicant for a Federal license or permit will comply with any applicable effluent limitations and other limitations, under section 301 or 302 of this Act, standard of performance under section 306 of this Act, or prohibition, effluent standard, or pretreatment standard under section 307 of this Act, and with any other appropriate requirement of State law set forth in such certification, and shall become a condition on any Federal license or permit subject to the provisions of this section.

"NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM"

"Sec. 402. (a) (1) Except as provided in sections 318 and 404 of this Act, the Administrator may, after opportunity for public hearing, issue a permit for the discharge of any pollutant, or combination of pollutants, notwithstanding section 301(a), upon condition that such discharge will meet either all applicable requirements under sections 301, 302, 306, 307, 308, and 403 of this Act, or prior to the taking of necessary implementing actions relating to all such requirements, such conditions as the Administrator determines are necessary to carry out the provisions of this Act.

"(2) The Administrator shall prescribe conditions for such permits to assure compliance with the requirements of paragraph (1) of this subsection, including conditions on data and information collection, reporting, and such other requirements as he deems appropriate.

"(3) The permit program of the Administrator under paragraph (1) of this subsection, and permits issued thereunder, shall be subject to the same terms, conditions, and requirements as apply to a State permit program and permits issued thereunder under subsection (b) of this section.

"(4) All permits for discharges into the navigable waters issued pursuant to section 13 of the Act of March 3, 1899, shall be deemed to be permits issued under this title, and permits issued under this title shall be deemed to be permits issued under section 13 of the Act of March 3, 1899, and shall continue in force and effect for their term unless revoked, modified, or suspended in accordance with the provisions of this Act.

"(5) No permit for a discharge into the navigable waters shall be issued under section 13 of the Act of March 3, 1899, after the date of enactment of this title, and permits issued under this title shall be deemed to be permits issued under section 13 of the Act of March 3, 1899, and shall continue in force and effect for their term unless revoked, modified, or suspended in accordance with the provisions of this Act.

"(b) At any time after the promulgation of the guidelines required by subsection (h) (2) of section 304 of this Act, the Governor of each State desiring to administer its own permit program for discharges..."
into navigable waters within its jurisdiction may submit to the Administrator a full and complete description of the program it proposes to establish and administer under State law or under an interstate compact. In addition, such State shall submit a statement from the attorney general (or the attorney for those State water pollution control agencies which have independent legal counsel), or from the chief legal officer in the case of an interstate agency, that the laws of such State, or the interstate compact, as the case may be, provide adequate authority to carry out the described program. The Administrator shall approve each such submitted program unless he determines that adequate authority does not exist:

"(1) To issue permits which—

"(A) apply, and insure compliance with, any applicable requirements of sections 301, 302, 306, 307, and 403;

"(B) are for fixed terms not exceeding five years; and

"(C) can be terminated or modified for cause including, but not limited to, the following:

"(i) violation of any condition of the permit;

"(ii) obtaining a permit by misrepresentation, or failure to disclose fully all relevant facts;

"(iii) change in any condition that requires either a temporary or permanent reduction or elimination of the permitted discharge;

"(D) control the disposal of pollutants into wells;

"(2) (A) To issue permits which apply, and insure compliance with, all applicable requirements of section 308 of this Act, or

"(B) To inspect, monitor, enter, and require reports to at least the same extent as required in section 308 of this Act;

"(3) To insure that the public, and any other State the waters of which may be affected, receive notice of each application for a permit and to provide an opportunity for public hearing before a ruling on each such application;

"(4) To insure that the Administrator receives notice of each application (including a copy thereof) for a permit;

"(5) To insure that any State (other than the permitting State), whose waters may be affected by the issuance of a permit may submit written recommendations to the permitting State (and the Administrator) with respect to any permit application and, if any part of such written recommendations are not accepted by the permitting State, that the permitting State will notify such affected State (and the Administrator) in writing of its failure to so accept such recommendations together with its reasons for so doing;

"(6) To insure that no permit will be issued if, in the judgment of the Secretary of the Army acting through the Chief of Engineers, after consultation with the Secretary of the department in which the Coast Guard is operating, anchorage and navigation of any of the navigable waters would be substantially impaired thereby;

"(7) To abate violations of the permit or the permit program, including civil and criminal penalties and other ways and means of enforcement;

"(8) To insure that any permit for a discharge from a publicly owned treatment works includes conditions to require adequate notice to the permitting agency of (A) new introductions into such works of pollutants from any source which would be a new source as defined in section 306 if such source were discharging pollutants, (B) new introductions of pollutants into such works from a source which would be subject to section 301 if it were discharging such pollutants, or (C) a substantial change in volume or character of pollutants being introduced into such works by a source introducing pollutants into
such works at the time of issuance of the permit. Such notice shall include information on the quality and quantity of effluent to be introduced into such treatment works and any anticipated impact of such change in the quantity or quality of effluent to be discharged from such publicly owned treatment works; and

“(9) To insure that any industrial user of any publicly owned treatment works will comply with sections 204(b), 307, and 308.

“(c)(1) Not later than ninety days after the date on which a State has submitted a program (or revision thereof) pursuant to subsection (b) of this section, the Administrator shall suspend the issuance of permits under subsection (a) of this section as to those navigable waters subject to such program unless he determines that the State permit program does not meet the requirements of subsection (b) of this section or does not conform to the guidelines issued under section 304(h)(2) of this Act. If the Administrator so determines, he shall notify the State of any revisions or modifications necessary to conform to such requirements or guidelines.

“(2) Any State permit program under this section shall at all times be in accordance with this section and guidelines promulgated pursuant to section 304(h)(2) of this Act.

“(3) Whenever the Administrator determines after public hearing that a State is not administering a program approved under this section in accordance with requirements of this section, he shall so notify the State and, if appropriate corrective action is not taken within a reasonable time, not to exceed ninety days, the Administrator shall withdraw approval of such program. The Administrator shall not withdraw approval of any such program unless he shall first have notified the State, and made public, in writing, the reasons for such withdrawal.

“(d)(1) Each State shall transmit to the Administrator a copy of each permit application received by such State and provide notice to the Administrator of every action related to the consideration of such permit application, including each permit proposed to be issued by such State.

“(2) No permit shall issue (A) if the Administrator within ninety days of the date of his notification under subsection (b)(5) of this section objects in writing to the issuance of such permit, or (B) if the Administrator within ninety days of the date of transmittal of the proposed permit by the State objects in writing to the issuance of such permit as being outside the guidelines and requirements of this Act.

“(3) The Administrator may, as to any permit application, waive paragraph (2) of this subsection.

“(e) In accordance with guidelines promulgated pursuant to subsection (h)(2) of section 304 of this Act, the Administrator is authorized to waive the requirements of subsection (d) of this section at the time he approves a program pursuant to subsection (b) of this section for any category (including any class, type, or size within such category) of point sources within the State submitting such program.

“(f) The Administrator shall promulgate regulations establishing categories of point sources which he determines shall not be subject to the requirements of subsection (d) of this section in any State with a program approved pursuant to subsection (b) of this section. The Administrator may distinguish among classes, types, and sizes within any category of point sources.

“(g) Any permit issued under this section for the discharge of pollutants into the navigable waters from a vessel or other floating craft shall be subject to any applicable regulations promulgated by the Secretary of the department in which the Coast Guard is operating,
establishing specifications for safe transportation, handling, carriage, storage, and stowage of pollutants.

“(h) In the event any condition of a permit for discharges from a treatment works (as defined in section 212 of this Act) which is publicly owned is violated, a State with a program approved under subsection (b) of this section or the Administrator, where no State program is approved, may proceed in a court of competent jurisdiction to restrict or prohibit the introduction of any pollutant into such treatment works by a source not utilizing such treatment works prior to the finding that such condition was violated.

“(i) Nothing in this section shall be construed to limit the authority of the Administrator to take action pursuant to section 309 of this Act.

“(j) A copy of each permit application and each permit issued under this section shall be available to the public. Such permit application or permit, or portion thereof, shall further be available on request for the purpose of reproduction.

“(c) The Administrator is authorized to prohibit the specification (including the withdrawal of specification) of any defined area as a disposal site, and he is authorized to deny or restrict the use of any defined area for specification (including the withdrawal of specification) as a disposal site, whenever he determines, after notice and opportunity for public hearings, that the discharge of such materials into such area will have an unacceptable adverse effect on municipal water supplies, shellfish beds and fishery areas (including spawning and breeding areas), wildlife, or recreational areas. Before making such determination, the Administrator shall consult with the Secretary of the Army. The Administrator shall set forth in writing and make public his findings and his reasons for making any determination under this subsection.

"(b) The Administrator shall issue regulations governing the issuance of permits for the disposal of sewage sludge subject to this section. Such regulations shall require the application to such disposal of each criterion, factor, procedure, and requirement applicable to a permit issued under section 402 of this title, as the Administrator determines necessary to carry out the objective of this Act.

"(c) Each State desiring to administer its own permit program for disposal of sewage sludge within its jurisdiction may do so if upon submission of such program the Administrator determines such program is adequate to carry out the objective of this Act.

"APPEARANCE

Sec. 506. The Administrator shall request the Attorney General to 
appear and represent the United States in any civil or criminal action 
 instituted under this Act to which the Administrator is a party. Unless 
the Attorney General notifies the Administrator within a reasonable 
time, that he will appear in a civil action, attorneys who are officers or 
employees of the Environmental Protection Agency shall appear and 
represent the United States in such action.
"SEC. 507. (a) No person shall fire, or in any other way discriminate against, or cause to be fired or discriminated against, any employee or any authorized representative of employees by reason of the fact that such employee or representative has filed, instituted, or caused to be filed or instituted any proceeding under this Act, or has testified or is about to testify in any proceeding resulting from the administration or enforcement of the provisions of this Act.

(b) Any employee or a representative of employees who believes that he has been fired or otherwise discriminated against by any person in violation of subsection (a) of this section may, within thirty days after such alleged violation occurs, apply to the Secretary of Labor for a review of such firing or alleged discrimination. A copy of the application shall be sent to such person who shall be the respondent. Upon receipt of such application, the Secretary of Labor shall cause such investigation to be made as he deems appropriate. Such investigation shall provide an opportunity for a public hearing at the request of any party to such review to enable the parties to present information relating to such alleged violation. The parties shall be given written notice of the time and place of the hearing at least five days prior to the hearing. Any such hearing shall be of record and shall be subject to section 554 of title 5 of the United States Code. Upon receiving the report of such investigation, the Secretary of Labor shall make findings of fact. If he finds that such violation did occur, he shall issue a decision, incorporating an order therein and his findings, requiring the party committing such violation to take such affirmative action to abate the violation as the Secretary of Labor deems appropriate, including, but not limited to, the rehiring or reinstatement of the employee or representative of employees to his former position with compensation. If he finds that there was no such violation, he shall issue an order denying the application. Such order issued by the Secretary of Labor under this subparagraph shall be subject to judicial review in the same manner as orders and decisions of the Administrator are subject to judicial review under this Act.

(c) Whenever an order is issued under this section to abate such violation, at the request of the applicant, a sum equal to the aggregate amount of all costs and expenses (including the attorney's fees), as determined by the Secretary of Labor, to have been reasonably incurred by the applicant for, or in connection with, the institution and prosecution of such proceedings, shall be assessed against the person committing such violation.

(d) This section shall have no application to any employee who, acting without direction from his employer (or his agent) deliberately violates any prohibition of effluent limitation or other limitation under section 301 or 302 of this Act, standards of performance under section 306 of this Act, effluent standard, prohibition or pretreatment standard under section 307 of this Act, or any other prohibition or limitation established under this Act.

(e) The Administrator shall conduct continuing evaluations of potential loss or shifts of employment which may result from the issuance of any effluent limitation or order under this Act, including, where appropriate, investigating threatened plant closures or reductions in employment allegedly resulting from such limitation or order. Any employee who is discharged or laid-off, threatened with discharge or lay-off, or otherwise discriminated against by any person because of the alleged results of any effluent limitation or order issued under this Act, or any representative of such employee, may request the Administrator to conduct a full investigation of the matter.

Any such hearing shall be of record and shall be subject to section 554 of title 5 of the United States Code. Upon receiving the report of such investigation, the Administrator shall make findings of fact as to the effect of such effluent limitation or order on employment and on the alleged discharge, lay-off, or discrimination and shall make such recommendations as he deems appropriate. Such report, findings, and recommendations shall be available to the public. "Sec. 508. (a) No Federal agency may enter into any contract with any person, who has been convicted of any offense under section 309 (c) of this Act, for the procurement of goods, materials, and services if such contract is to be performed at any facility at which the violation which gave rise to such conviction occurred, and if such facility is owned, leased, or supervised by such person. The prohibition in the preceding sentence shall continue until the Administrator certifies that the condition giving rise to such conviction has been corrected.

(b) The Administrator shall establish procedures to provide all Federal agencies with the notification necessary for the purposes of subsection (a) of this section.

(c) In order to implement the purposes and policy of this Act to protect and enhance the quality of the Nation’s water, the President shall, not more than one hundred and eighty days after enactment of this Act, cause to be issued an order (1) requiring each Federal agency authorized to enter into contracts and each Federal agency which is empowered to extend Federal assistance by way of grant, loan, or contract to effectuate the purpose and policy of this Act in such contracting or assistance activities, and (2) setting forth procedures, sanctions, penalties, and such other provisions, as the President determines necessary to carry out such requirement.

(d) The President may exempt any contract, loan, or grant from all or part of the provisions of this section where he determines such exemption is necessary in the paramount interest of the United States and he shall notify the Congress of such exemption.

(e) The President shall annually report to the Congress on measures taken in compliance with the purpose and intent of this section, including, but not limited to, the progress and problems associated with such compliance.

"ADMINISTRATIVE PROCEDURE AND JUDICIAL REVIEW"

Except for effluent data, upon a showing satisfactory to the Administrator that such papers, books, documents, or information or particular part thereof, if made public, would divulge trade secrets or secret processes, the Administrator
shall consider such record, report, or information or particular portion thereof confidential in accordance with the purposes of section 1905 of title 18 of the United States Code, except that such paper, book, document, or information may be disclosed to other officers, employees, or authorized representatives of the United States concerned with carrying out this Act, or when relevant in any proceeding under this Act. Witnesses summoned shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. In case of contumacy or refusal to obey a subpena served upon any person under this subsection, the district court of the United States for any district in which such person is found or resides or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony before the Administrator, to appear and produce papers, books, and documents before the Administrator, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

"(2) The district courts of the United States are authorized, upon application by the Administrator, to issue subpenas for attendance and testimony of witnesses and the production of relevant papers, books, and documents, for purposes of obtaining information under sections 304 (b) and (c) of this Act. Any papers, books, documents, or other information or part thereof, obtained by reason of such a subpena shall be subject to the same requirements as are provided in paragraph (1) of this subsection.

"(b) (1) Review of the Administrator's action (A) in promulgating any standard of performance under section 306, (B) in making any determination pursuant to section 306(b) (1) (C), (C) in promulgating any effluent standard, prohibition, or treatment standard under section 307, (D) in making any determination as to a State permit program submitted under section 402(b), (E) in approving or promulgating any effluent limitation or other limitation under section 301, 302, or 306, and (F) in issuing or denying any permit under section 402, may be had by any interested person in the Circuit Court of Appeals of the United States for the Federal judicial district in which such person resides or transacts such business upon application by such person. Any such application shall be made within ninety days from the date of such determination, approval, promulgation, issuance or denial, or after such date only if such application is based solely on grounds which arose after such ninetieth day.

"(2) Action of the Administrator with respect to which review could have been obtained under paragraph (1) of this subsection shall not be subject to judicial review in any civil or criminal proceeding for enforcement.

"(c) In any judicial proceeding brought under subsection (b) of this section in which review is sought of a determination under this Act required to be made on the record after notice and opportunity for hearing, if any party applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Administrator, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Administrator, in such manner and upon such terms and conditions as the court may deem proper. The Administrator may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken and he shall file such modified or new findings, and his recommendation, if any, for the modification or setting aside of his original determination, with the return of such additional evidence.
"STATE AUTHORITY"

"Sec. 510. Except as expressly provided in this Act, nothing in this Act shall (1) preclude or deny the right of any State or political subdivision thereof or interstate agency to adopt or enforce (A) any standard or limitation respecting discharges of pollutants, or (B) any requirement respecting control or abatement of pollution; except that if an effluent limitation, or other limitation, effluent standard, prohibition, pretreatment standard, or standard of performance is in effect under this Act, such State or political subdivision or interstate agency may not adopt or enforce any effluent limitation, or other limitation, effluent standard, prohibition, pretreatment standard, or standard of performance which is less stringent than the effluent limitation, or other limitation, effluent standard, prohibition, pretreatment standard, or standard of performance under this Act; or (2) be construed as impairing or in any manner affecting any right or jurisdiction of the States with respect to the waters (including boundary waters) of such States.

(b) There is hereby created a body corporate to be known as the
Environmental Financing Authority, which shall have succession
until dissolved by Act of Congress. The Authority shall be subject to
the general supervision and direction of the Secretary of the Treasury.
The Authority shall be an instrumentality of the United States Gov-
ernment and shall maintain such offices as may be necessary or ap-
propriate in the conduct of its business.
(c) The purpose of this section is to assure that inability to borrow necessary funds on reasonable terms does not prevent any State or local public body from carrying out any project for construction of waste treatment works determined eligible for assistance pursuant to subsection (e) of this section.

(d) (1) The Authority shall have a Board of Directors consisting of five persons, one of whom shall be the Secretary of the Treasury or his designee as Chairman of the Board, and four of whom shall be appointed by the President from among the officers or employees of the Authority or of any department or agency of the United States Government.

(2) The Board of Directors shall meet at the call of its Chairman. The Board shall determine the general policies which shall govern the operations of the Authority. The Chairman of the Board shall select and effect the appointment of qualified persons to fill the offices as may be provided for in the bylaws, with such executive functions, powers, and duties as may be prescribed by the bylaws or by the Board of Directors, and such persons shall be the executive officers of the Authority and shall discharge all such executive functions, powers, and duties. The members of the Board, as such, shall not receive compensation for their services.

(e) (1) Until July 1, 1975, the Authority is authorized to make commitments to purchase, and to purchase on terms and conditions determined by the Authority, any obligation or participation therein which is issued by a State or local public body to finance the non-Federal share of the cost of any project for the construction of waste treatment works which the Administrator of the Environmental Protection Agency has determined to be eligible for Federal financial assistance under the Federal Water Pollution Control Act.

(2) No commitment shall be entered into, and no purchase shall be made, unless the Administrator of the Environmental Protection Agency (A) has certified that the public body is unable to obtain on reasonable terms sufficient credit to finance its actual needs; (B) has approved the project as eligible under the Federal Water Pollution Control Act; and (C) has agreed to guarantee timely payment of principal and interest on the obligation. The Administrator is authorized to guarantee such timely payments and to issue regulations as he deems necessary and proper to protect such guarantees. Appropriations are hereby authorized to be made to the Administrator in such sums as are necessary to make payments under such guarantees, and such payments are authorized to be made from such appropriations.

(3) No purchase shall be made of obligations issued to finance projects, the permanent financing of which occurred prior to the enactment of this section.

(4) Any purchase by the Authority shall be upon such terms and conditions as to yield a return at a rate determined by the Secretary of the Treasury taking into consideration (A) the current average yield on outstanding marketable obligations of the United States of comparable maturity or in its stead whenever the Authority has sufficient of its own long-term obligations outstanding, the current average yield on outstanding obligations of the Authority of comparable maturity; and (B) the market yields on municipal bonds.

(5) The Authority is authorized to charge fees for its commitments and other services adequate to cover all expenses and to provide for the accumulation of reasonable contingency reserves and such fees shall be included in the aggregate project costs.

(f) To provide initial capital to the Authority the Secretary of the Treasury is authorized to advance the funds necessary for this purpose. Each such advance shall be upon such terms and conditions
as to yield a return at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturities. Interest payments on such advances may be deferred, at the discretion of the Secretary, but any such deferred payments shall themselves bear interest at the rate specified in this section. There is authorized to be appropriated not to exceed $100,000,000, which shall be available for the purposes of this subsection.

(g) (1) The Authority is authorized, with the approval of the Secretary of the Treasury, to issue and have outstanding obligations having such maturities and bearing such rate or rates of interest as may be determined by the Authority. Such obligations may be redeemable at the option of the Authority before maturity in such manner as may be stipulated therein.

(2) As authorized in appropriation Acts, and such authorizations may be without fiscal year limitation, the Secretary of the Treasury may in his discretion purchase or agree to purchase any obligations issued pursuant to paragraph (1) of this subsection, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds of the sale of any securities hereafter issued under the Second Liberty Bond Act, as now or hereafter in force, and the purposes for which securities may be issued under the Second Liberty Bond Act as now or hereafter in force, are extended to include such purchases. Each purchase of obligations by the Secretary of the Treasury under this subsection shall be upon such terms and conditions as to yield a return at a rate not less than a rate determined by the Secretary of the Treasury, taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturities. The Secretary of the Treasury may sell, upon such terms and conditions and at such price or prices as he shall determine, any of the obligations acquired by him under this paragraph. All purchases and sales by the Secretary of the Treasury of such obligations under this paragraph shall be treated as public debt transactions of the United States.

(h) The Secretary of the Treasury is authorized and directed to make annual payments to the Authority in such amounts as are necessary to equal the amount by which the dollar amount of interest expense accrued by the Authority on account of its obligations exceeds the dollar amount of interest income accrued by the Authority on account of obligations purchased by it pursuant to subsection (e) of this section.

(i) The Authority shall have power—

(1) to sue and be sued, complain and defend, in its corporate name;
(2) to adopt, alter, and use a corporate seal, which shall be judicially noticed;
(3) to adopt, amend, and repeal bylaws, rules, and regulations as may be necessary for the conduct of its business;
(4) to conduct its business, carry on its operations, and have offices and exercise the powers granted by this section in any State without regard to any qualification or similar statute in any State;
(5) to lease, purchase, or otherwise acquire, own, hold, improve, use, or otherwise deal in and with any property, real, personal, or mixed, or any interest therein, wherever situated;
(6) to accept gifts or donations of services, or of property, real, personal, or mixed, tangible or intangible, in aid of any of the purposes of the Authority.
(7) to sell, convey, mortgage, pledge, lease, exchange, and otherwise dispose of its property and assets;
(8) to appoint such officers, attorneys, employees, and agents as may be required, to define their duties, to fix and to pay such compensation for their services as may be determined, subject to the civil service and classification laws, to require bonds for them and pay the premium thereof; and
(9) to enter into contracts, to execute instruments, to incur liabilities, and to do all things as are necessary or incidental to the proper management of its affairs and the proper conduct of its business.

(j) The Authority, its property, its franchise, capital, reserves, surplus, security holdings, and other funds, and its income shall be exempt from all taxation now or hereafter imposed by the United States or by any State or local taxing authority; except that (A) any real property and any tangible personal property of the Authority shall be subject to Federal, State, and local taxation to the same extent according to its value as other such property is taxed, and (B) any and all obligations issued by the Authority shall be subject both as to principal and interest to Federal, State, and local taxation to the same extent as the obligations of private corporations are taxed.

(k) All obligations issued by the Authority shall be lawful investments, and may be accepted as security for all fiduciary, trust, and public funds, the investment or deposit of which shall be under authority or control of the United States or of any officer or officers thereof. All obligations issued by the Authority pursuant to this section shall be deemed to be exempt securities within the meaning of laws administered by the Securities and Exchange Commission, to the same extent as securities which are issued by the United States.

(l) In order to furnish obligations for delivery by the Authority, the Secretary of the Treasury is authorized to prepare such obligations in such form as the Authority may approve, such obligations when prepared to be held in the Treasury subject to delivery upon order by the Authority. The engraved plates, dies, bed pieces, and so forth, executed in connection therewith, shall remain in the custody of the Secretary of the Treasury. The Authority shall reimburse the Secretary of the Treasury for any expenditures made in the preparation, custody, and delivery of such obligations.

(m) The Authority shall, as soon as practicable after the end of each fiscal year, transmit to the President and the Congress an annual report of its operations and activities.

(n) The sixth sentence of the seventh paragraph of section 5136 of the Revised Statutes, as amended (12 U.S.C. 24), is amended by inserting "or obligations of the Environmental Financing Authority" immediately after "or obligations, participations, or other instruments of or issued by the Federal National Mortgage Association or the Government National Mortgage Association".

(o) The budget and audit provisions of the Government Corporation Control Act (31 U.S.C. 846) shall be applicable to the Environmental Financing Authority in the same manner as they are applied to the wholly owned Government corporations.

(p) Section 3689 of the Revised Statutes, as amended (31 U.S.C. 711), is further amended by adding a new paragraph following the last paragraph appropriating moneys for the purposes under the Treasury Department to read as follows:

“Sec. 1103. (a) The Secretary of Commerce, upon application by a citizen of the United States, is authorized to guarantee, and to enter into commitments to guarantee, the payment of the interest on, and the unpaid balance of the principal of, any obligation which is eligible to be guaranteed under this title.

(b) No obligation shall be guaranteed under this title unless the obligor conveys or agrees to convey to the Secretary of Commerce such security interest, which may include a mortgage or mortgages on a vessel or vessels, as the Secretary of Commerce may reasonably require to protect the interests of the United States.

(c) The Secretary of Commerce shall not guarantee the principal of obligations in an amount in excess of 75 per centum, or 87 1/2 per centum, whichever is applicable under section 1104 of this title, of the amount, as determined by the Secretary of Commerce which determination shall be conclusive, paid by or for the account of the obligor for the construction, reconstruction, or reconditioning of a vessel or vessels with respect to which a security interest has been conveyed to the Secretary of Commerce, unless the obligor creates an escrow fund as authorized by section 1108 of this title, in which case the Secretary of Commerce may guarantee 75 per centum or 87 1/2 per centum, whichever is applicable under section 1104 of this title, of the actual cost of such vessel or vessels.

(d) The full faith and credit of the United States is pledged to the payment of all guarantees made under this title with respect to both principal and interest, including interest, as may be provided for in the guarantee, accruing between the date of default under a guaranteed obligation and the payment in full of the guarantee.

(e) Any guarantee, or commitment to guarantee, made by the Secretary of Commerce under this title shall be conclusive evidence of the eligibility of the obligations for such guarantee, and the validity of any guarantee, or commitment to guarantee, so made shall be incontestable.

(f) The aggregate unpaid principal amount of the obligations guaranteed under this section and outstanding at any one time shall not exceed $3,000,000,000.

Sec. 1104. (a) Pursuant to the authority granted under section 1103(a), the Secretary of Commerce, upon such terms as he shall prescribe, may guarantee or make a commitment to guarantee, payment of the principal of and interest on an obligation which aids in—
“(1) financing, including reimbursement of an obligor for expenditures previously made for, construction, reconstruction, or reconditioning of a vessel or vessels owned by citizens of the United States which are designed principally for research, or for commercial use (A) in the coastwise or intercoastal trade; (B) on the Great Lakes, or on bays, sounds, rivers, harbors, or inland lakes of the United States; (C) in foreign trade as defined in section 905 of this Act for purposes of title V of this Act; (D) in the fishing trade or industry; or (E) with respect to floating drydocks, in the construction, reconstruction, reconditioning, or repair of vessels: Provided, however, That no guarantee shall be entered into pursuant to this paragraph (a) (1) later than one year after delivery, or redelivery in the case of reconstruction or reconditioning of any such vessel unless the proceeds of the obligation are used to finance the construction, reconstruction, or reconditioning of a vessel or vessels, or facilities or equipment pertaining to marine operations;

“(2) financing the purchase of vessels theretofore acquired by the Fund under the provisions of section 1105 and reconditioning and reconstructing such vessels;

“(3) financing, in whole or in part, the repayment to the United States of any amount of construction-differential subsidy paid with respect to a vessel pursuant to title V of this Act, as amended; or

“(4) refinancing existing obligations issued for one of the purposes specified in (1), (2), or (3) whether or not guaranteed under this title, including, but not limited to, short-term obligations incurred for the purpose of obtaining temporary funds with the view to refinancing from time to time.

“(b) Obligations guaranteed under this title—

“(1) shall have an obligor approved by the Secretary of Commerce as responsible and possessing the ability, experience, financial resources, and other qualifications necessary to the adequate operation and maintenance of the vessel or vessels which serve as security for the guarantee of the Secretary of Commerce;

“(2) subject to the provisions of paragraph (1) of subsection (c) of this section, shall be in an aggregate principal amount which does not exceed 75 per centum of the actual cost or depreciated actual cost, as determined by the Secretary of Commerce, of the vessel which is used as security for the guarantee of the Secretary of Commerce: Provided, however, That in the case of a vessel, the size and speed of which are approved by the Secretary of Commerce, and which is or would have been eligible for mortgage aid for construction under section 509 of this Act (or would have been eligible for mortgage aid under section 509 of this Act except that the vessel was built with the aid of construction-differential subsidy and said subsidy has been repaid) and in respect of which the minimum downpayment by the mortgagor required by that section would be or would have been 12 1/2 per centum of the cost of such vessel, such obligations may be in an amount which does not exceed 87 1/2 per centum of such actual cost or depreciated actual cost: Provided, further, That the obligations which relate to a barge which is constructed without the aid of construction-differential subsidy, or, if so subsidized, on which said subsidy has been repaid, may be in an aggregate principal amount which does not exceed 87 1/2 per centum of the actual cost or depreciated actual cost thereof;

“(3) shall have maturity dates satisfactory to the Secretary of Commerce but, subject to the provisions of paragraph (2) of
subsection (c) of this section, not to exceed twenty-five years from the date of the delivery of the vessel which serves as security for the guarantee of the Secretary of Commerce or, if the vessel has been reconstructed or reconditioned, not to exceed the later of (i) twenty-five years from the date of delivery of the vessel and (ii) the remaining years of the useful life of the vessel as determined by the Secretary of Commerce;

“(4) shall provide for payments by the obligor satisfactory to the Secretary of Commerce;

“(5) shall bear interest (exclusive of charges for the guarantee and service charges, if any) at rates not to exceed such per centum per annum on the unpaid principal as the Secretary of Commerce determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the Secretary of Commerce;

“(6) shall provide, or a related agreement shall provide, that if the vessel used as security for the guarantee of the Secretary of Commerce is a delivered vessel, the vessel shall be in class A-1, American Bureau of Shipping, or shall meet such other standards as may be acceptable to the Secretary of Commerce, with all required certificates, including but not limited to, marine inspection certificates of the United States Coast Guard, with all outstanding requirements and recommendations necessary for retention of class accomplished, unless the Secretary of Commerce permits a deferment of such repairs, and shall be tight, stanch, strong, and well and sufficiently tackled, appareled, furnished, and equipped, and in every respect seaworthy and in good running condition and repair, and in all respects fit for service; and

“(7) may provide, or a related agreement may provide, if the vessel used as security for the guarantee of the Secretary of Commerce is a passenger vessel having the tonnage, speed, passenger accommodations and other characteristics set forth in title V of this Act, as amended, and if the Secretary of Commerce approves, that the sole recourse against the obligor by the United States for any payments under the guarantee shall be limited to repossession of the vessel and the assignment of insurance claims and that the liability of the obligor for any payments of principal and interest under the guarantee shall be satisfied and discharged by the surrender of the vessel and all right, title, and interest therein to the United States: Provided, That the vessel upon surrender shall be (i) free and clear of all liens and encumbrances whatsoever except the security interest conveyed to the Secretary of Commerce under this title, (ii) in class, and (iii) in as good order and condition, ordinary wear and tear excepted, as when acquired by the obligor, except that any deficiencies with respect to freedom from encumbrances, condition and class may, to the extent covered by valid policies of insurance, be satisfied by the assignment to the Secretary of Commerce of claims of the obligor under such policies.

“(c) (1) The security for the guarantee of an obligation by the Secretary of Commerce under this title may relate to more than one vessel and may consist of any combination of types of security. The aggregate principal amount of obligations which have more than one vessel as security for the guarantee of the Secretary of Commerce under this title may equal, but not exceed, the sum of the principal amount of obligations permissible with respect to each vessel.

“(2) If the security for the guarantee of an obligation by the Sec
retary of Commerce under this title relates to more than one vessel, such obligation may have the latest maturity date permissible under subsection (b) of this section with respect to any of such vessels: Provided, That the Secretary of Commerce may require such payments of principal, prior to maturity, with respect to all related obligations as he deems necessary in order to maintain adequate security for his guarantee.

"(d) No commitment to guarantee an obligation shall be made by the Secretary of Commerce unless he finds, at or prior to the time such commitment is made, that the property or project with respect to which the obligation will be executed will be, in his opinion, economically sound and in the case of fishing vessels, that the purpose of the financing or refinancing is consistent with the wise use of the fisheries resources and with the development, advancement, management, conservation, and protection of the fisheries resources, and no obligation, unless made pursuant to a prior commitment, shall be guaranteed unless the Secretary of Commerce finds, at or prior to the time the guarantee becomes effective, that the property or project with respect to which the obligation is executed will be, in his opinion, economically sound and in the case of fishing vessels, that the purpose of the financing or refinancing is consistent with the wise use of the fisheries resources and with the development, advancement, management, conservation, and protection of the fisheries resources.

"(e) The Secretary of Commerce is authorized to fix a fee for the guarantee of an obligation under this title. If the security for the guarantee of an obligation under this title relates to a delivered vessel, such fee shall not be less than one-half of 1 per centum per annum nor more than 1 per centum per annum of the average principal amount of such obligation outstanding, excluding the average amount (except interest) on deposit in an escrow fund created under section 1108 of this Act. If the security for the guarantee of an obligation under this title relates to a vessel to be constructed, reconstructed, or reconditioned, such fee shall not be less than one-quarter of 1 per centum per annum nor more than one-half of 1 per centum per annum of the average principal amount of such obligation outstanding, excluding the average amount (except interest) on deposit in an escrow fund created under section 1108 of this Act. For purposes of this subsection (e), if the security for the guarantee of an obligation under this title relates both to a delivered vessel or vessels and to a vessel or vessels to be constructed, reconstructed, or reconditioned, the principal amount of such obligation shall be prorated in accordance with regulations prescribed by the Secretary of Commerce. Fee payments shall be made by the obligor to the Secretary of Commerce when moneys are first advanced under a guaranteed obligation and at least sixty days prior to each anniversary date thereafter. All fees shall be computed and shall be payable to the Secretary of Commerce under such regulations as the Secretary of Commerce may prescribe.

"(f) The Secretary of Commerce shall charge and collect from the obligor such amounts as he may deem reasonable for the investigation of applications for a guarantee, for the appraisal of properties offered as security for a guarantee, for the issuance of commitments, for services in connection with the escrow fund authorized by section 1108 and for the inspection of such properties during construction, reconstruction, or reconditioning: Provided. That such charges shall not aggregate more than one-half of 1 per centum of the original principal amount of the obligations to be guaranteed.
“(g) All moneys received by the Secretary of Commerce under the provisions of sections 1101-1107 of this title shall be deposited in the Fund.

“(h) Obligations guaranteed under this title and agreements relating thereto shall contain such other provisions with respect to the protection of the security interests of the United States (including acceleration and subrogation provisions and the issuance of notes by the obligor to the Secretary of Commerce), liens and releases of liens, payments of taxes, and such other matters as the Secretary of Commerce may, in his discretion, prescribe.

“SEC. 1105. (a) In the event of a default, which has continued for thirty days, in any payment by the obligor of principal or interest due under an obligation guaranteed under this title, the obligee or his agent shall have the right to demand, at or before the expiration of such period as may be specified in the guarantee or related agreements, but not later than ninety days from the date of such default, payment by the Secretary of Commerce of the unpaid principal amount of said obligation and of the unpaid interest thereon to the date of payment. Within such period as may be specified in the guarantee or related agreements, but not later than thirty days from the date of such demand, the Secretary of Commerce shall promptly pay to the obligee or his agent the unpaid principal amount of said obligation and unpaid interest thereon to the date of payment: Provided, That the Secretary of Commerce shall not be required to make such payment if prior to the expiration of said period he shall find that there was no default by the obligor in the payment of principal or interest or that such default has been remedied prior to any such demand.

“(b) In the event of a default under a mortgage, loan agreement, or other security agreement between the obligor and the Secretary of Commerce, the Secretary of Commerce may notify the obligee or his agent of such default and the obligee or his agent shall have the right to demand at or before the expiration of such period as may be specified in the guarantee or related agreements, but not later than sixty days from the date of such notice, payment by the Secretary of Commerce of the unpaid principal amount of said obligation and of the unpaid interest thereon. Within such period as may be specified in the guarantee or related agreements, but not later than thirty days from the date of such demand, the Secretary of Commerce shall promptly pay to the obligee or his agent the unpaid principal amount of said obligation and unpaid interest thereon to the date of payment.

“(c) In the event of any payment by the Secretary of Commerce under subsection (a) or (b) of this section, the Secretary of Commerce shall have all rights in any security held by him relating to his guarantee of such obligations as are conferred upon him under any security agreement with the obligor. Notwithstanding any other provision of law relating to the acquisition, handling, or disposal of property by the United States, the Secretary of Commerce shall have the right, in his discretion, to complete, recondition, reconstruct, renovate, repair, maintain, operate, charter, or sell any property acquired by him pursuant to a security agreement with the obligor or may place a vessel in the national defense reserve. The terms of the sale shall be as approved by the Secretary of Commerce.

“(d) Any amount required to be paid by the Secretary of Commerce pursuant to subsection (a) or (b) of this section, shall be paid in cash. If at any time the moneys in the Fund authorized by section 1102 of this Act are not sufficient to pay any amount the Secretary of Commerce is required to pay by subsection (a) or (b) of this section, the Secretary of Commerce is authorized to issue to the Secretary...
of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions as may be prescribed by the Secretary of Commerce, with the approval of the Secretary of the Treasury. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of such notes or other obligations. The Secretary of the Treasury is authorized and directed to purchase any notes and other obligations to be issued hereunder and for such purpose he is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as amended, and the purposes for which securities may be issued under such Act, as amended, are extended to include any purchases of such notes and obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this section. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States. Funds borrowed under this section shall be deposited in the Fund and redemptions of such notes and obligations shall be made by the Secretary of Commerce from such Fund.

“(e) In the event of a default under any guaranteed obligation or any related agreement, the Secretary of Commerce shall take such action against the obligor or any other parties liable thereunder that, in his discretion, may be required to protect the interests of the United States. Any suit may be brought in the name of the United States or in the name of the obligee and the obligee shall make available to the United States all records and evidence necessary to prosecute any such suit. The Secretary of Commerce shall have the right, in his discretion, to accept a conveyance of title to and possession of property from the obligor or other parties liable to the Secretary of Commerce, and may purchase the property for an amount not greater than the unpaid principal amount of such obligation and interest thereon. In the event the Secretary of Commerce shall receive through the sale of property an amount of cash in excess of any payment made to an obligee under subsection (a) or (b) and the expenses of collection of such amounts, he shall pay such excess to the obligor.

“Sec. 1106. Whoever, for the purpose of obtaining any loan or advance of credit from any person, partnership, association, or corporation with the intent that an obligation relating to such loan or advance of credit shall be offered to or accepted by the Secretary of Commerce to be guaranteed, or for the purpose of obtaining any extension or renewal of any loan, advance of credit, or mortgage relating to an obligation guaranteed by the said Secretary of Commerce, or the acceptance, release, or substitution of any security on such a loan, advance of credit, or for the purpose of influencing in any way the action of said Secretary of Commerce under this title, makes, passes, utters, or publishes, or causes to be made, passed, uttered, or published any statement, knowing the same to be false, or alters, forges, or counterfeits, or causes or procures to be altered, forged, or counterfeited, any instrument, paper, or document, or utters, publishes, or passes as true, or causes to be uttered, published, or passed as true, any instrument, paper, or document, knowing it to have been altered, forged, or counterfeited, or willfully overvalues any security, asset, or income shall be guilty of a misdemeanor and punished as provided under the first paragraph of section 806(b) of this Act.”

“Sec. 1108. (a) If the proceeds of an obligation guaranteed under this title are to be used to finance the construction, reconstruction, or reconditioning of a vessel or vessels which will serve as security for the guarantee of the Secretary of Commerce, the Secretary of Commerce is authorized to accept and hold, in escrow under an escrow agreement with the obligor, a portion of the proceeds of all obligations guaranteed under this title whose proceeds are to be so used which is equal to: (i) the excess of the principal amount of all obligations whose proceeds are to be so used over 75 per centum, or 87½ per centum, whichever is applicable under section 1104 of this title, of the amount paid by or for the account of the obligor for the construction, reconstruction, or reconditioning of the vessel or vessels; (ii) with such interest thereon, if any, as the Secretary of Commerce may require: Provided, That in the event the security for the guarantee of an obligation by the Secretary of Commerce relates both to a vessel or vessels to be constructed, reconstructed or reconditioned and to a delivered vessel or vessels, the principal amount of such obligation shall be prorated for purposes of this subsection (a) under regulations prescribed by the Secretary of Commerce.

(b) The Secretary of Commerce shall, as specified in the escrow agreement, disburse the escrow fund to pay amounts the obligor is obligated to pay as interest on such obligations or for the construction, reconstruction, or reconditioning of the vessel or vessels used as security for the guarantee of the Secretary of Commerce under this title, to redeem such obligations in connection with a refinancing under paragraph (4) of subsection (a) of section 1104 or to pay to the obligor at such times as may be provided for in the escrow agreement any excess interest deposits, except that if payments become due under the guarantee prior to the termination of the escrow agreement, all amounts in the escrow fund at the time such payments become due (including realized income which has not yet been paid to the obligor) shall be paid into the Fund and (i) be credited against any amounts due or to become due to the Secretary of Commerce from the obligor with respect to the guaranteed obligations and (ii) to the extent not so required, be paid to the obligor.

(c) If payments under the guarantee have not become due prior to the termination of the escrow agreement, any balance of the escrow fund at the time of such termination shall be disbursed to prepay the excess of the principal of all obligations whose proceeds are to be used to finance the construction, reconstruction, or reconditioning of the vessel or vessels which serve or will serve as security for such guarantee over 75 per centum or 87½ per centum, whichever is applicable under section 1104 of this title, of the actual cost of such vessel or vessels to the extent paid, and to pay interest on such prepaid amount of principal, and the remainder of such balance of the escrow fund shall be paid to the obligor.

(d) The Secretary of Commerce may invest and reinvest all or any part of the escrow fund in obligations of the United States with such maturities that the escrow fund will be available as required for purposes of the escrow agreement.

(e) Any income realized on the escrow fund shall, upon receipt, be paid to the obligor.
“(f) The escrow agreement shall contain such other terms as the Secretary of Commerce may consider necessary to protect fully the interests of the United States.

"Sec. 1109. The Secretary of Commerce is authorized and directed to make such rules and regulations as may be deemed necessary or appropriate to carry out the purposes and provisions of this title."

Sec. 6. Nothing in this Act shall limit or affect the right of an obligor who maintains a capital reserve fund under section 607 of the Merchant Marine Act, 1936, to make deposits of the proceeds of guaranteed obligations into such capital reserve fund as provided in subparagraph (c) of condition (6) of section 1107 of the Merchant Marine Act, 1936, as in effect prior to the effective date of this Act. Sec. 7. Any citizen of the United States to whom the Secretary of Commerce issued an approval in principle of an application for loan or mortgage insurance or a commitment with respect to such insurance under the provisions of title XI of the Merchant Marine Act, 1936, prior to the effective date of this Act may elect, with respect to the vessels covered by such approval or commitment, to be bound either by the provisions of title XI of the Merchant Marine Act, 1936, as in effect prior to the effective date of this Act or by the provisions of this Act. Sec. 8. This Act may be cited as the “Federal Ship Financing Act of 1972.”

TITLE I—FISCAL ASSISTANCE TO STATE AND LOCAL GOVERNMENTS

Subtitle A—Allocation and Payment of Funds

SEC. 101. SHORT TITLE.

This title may be cited as the "State and Local Fiscal Assistance Act of 1972".

SEC. 102. PAYMENTS TO STATE AND LOCAL GOVERNMENTS.

Except as otherwise provided in this title, the Secretary shall, for each entitlement period, pay out of the Trust Fund to—

(1) each State government a total amount equal to the entitlement of such State government determined under section 107 for such period, and

(2) each unit of local government a total amount equal to the entitlement of such unit determined under section 108 for such period.

In the case of entitlement periods ending after the date of the enactment of this Act, such payments shall be made in installments, but not less often than once for each quarter, and, in the case of quarters ending after September 30, 1972, shall be paid not later than 5 days after the close of each quarter. Such payments for any entitlement period may be initially made on the basis of estimates. Proper adjustment shall be made in the amount of any payment to a State government or a unit of local government to the extent that the payments previously made to such government under this subtitle were in excess of or less than the amounts required to be paid.

SEC. 103. USE OF FUNDS BY LOCAL GOVERNMENTS FOR PRIORITY EXPENDITURES.

(a) In General.—Funds received by units of local government under this subtitle may be used only for priority expenditures. For purposes of this title, the term "priority expenditures" means only—

(1) ordinary and necessary maintenance and operating expenses for—

(A) public safety (including law enforcement, fire protection, and building code enforcement),

(B) environmental protection (including sewage disposal, sanitation, and pollution abatement),

(C) public transportation (including transit systems and streets and roads),

(b) Certificates by Local Governments.—The Secretary is authorized to accept a certification by the chief executive officer of a unit of local government that the unit of local government has used

Federal State revenue sharing.
the funds received by it under this subtitle for an entitlement period only for priority expenditures, unless he determines that such certification is not sufficiently reliable to enable him to carry out his duties under this title.

SEC. 104. PROHIBITION ON USE AS MATCHING FUNDS BY STATE OR LOCAL GOVERNMENTS.

(a) IN GENERAL.—No State government or unit of local government may use, directly or indirectly, any part of the funds it receives under this subtitle as a contribution for the purpose of obtaining Federal funds under any law of the United States which requires such government to make a contribution in order to receive Federal funds.

(b) DETERMINATIONS BY SECRETARY OF THE TREASURY.—If the Secretary has reason to believe that a State government or unit of local government has used funds received under this subtitle in violation of subsection (a), he shall give reasonable notice and opportunity for hearing to such government. If, thereafter, the Secretary of the Treasury determines that such government has used funds in violation of subsection (a), he shall notify such government of his determination and shall request repayment to the United States of an amount equal to the funds so used. To the extent that such government fails to repay such amount, the Secretary shall withhold from subsequent payments to such government under this subtitle an amount equal to the funds so used.

(c) INCREASED STATE OR LOCAL GOVERNMENT REVENUES.—No State government or unit of local government shall be determined to have used funds in violation of subsection (a) with respect to any funds received for any entitlement period to the extent that the net revenues received by it from its own sources during such period exceed the net revenues received by it from its own sources during the one-year period beginning July 1, 1971 (or one-half of such net revenues, in the case of an entitlement period of 6 months).

(d) DEPOSITS AND TRANSFERS TO GENERAL FUND.—Any amount repaid by a State government or unit of local government under subsection (b) shall be deposited in the general fund of the Treasury. An amount equal to the reduction in payments to any State government or unit of local government which results from the application of this section (after any judicial review under section 143) shall be transferred from the Trust Fund to the general fund of the Treasury on the day on which such reduction becomes final.

(e) CERTIFICATES BY STATE AND LOCAL GOVERNMENTS.—The Secretary is authorized to accept a certification by the Governor of a State or the chief executive officer of a unit of local government that the State government or unit of local government has not used any funds received by it under this subtitle for an entitlement period in violation of subsection (a), unless he determines that such certification is not sufficiently reliable to enable him to carry out his duties under this title.

SEC. 105. CREATION OF TRUST FUND; APPROPRIATIONS.

(a) TRUST FUND.—

(1) IN GENERAL.—There is hereby established on the books of the Treasury of the United States a trust fund to be known as the "State and Local Government Fiscal Assistance Trust Fund" (referred to in this subtitle as the "Trust Fund"). The Trust Fund shall remain available without fiscal year limitation and shall consist of such amounts as may be appropriated to it and deposited in it as provided in subsection (b). Except as provided in this title,

(G) for the period beginning July 1, 1976, and ending December 31, 1976, $3,325,000,000.

(2) NONCONTIGUOUS STATES ADJUSTMENT AMOUNTS.—There is appropriated to the Trust Fund, out of amounts in the general fund of the Treasury attributable to the collections of the Federal individual income taxes not otherwise appropriated—

(A) for the period beginning January 1, 1972, and ending June 30, 1972, $2,390,000;

(B) for the period beginning July 1, 1972, and ending December 31, 1972, $2,390,000;

(c) TRANSFERS FROM TRUST FUND TO GENERAL FUND.—The Secretary shall from time to time transfer from the Trust Fund to the general fund of the Treasury any moneys in the Trust Fund which he determines will not be needed to make payments to State governments and units of local government under this subtitle.

SEC. 106. ALLOCATION AMONG STATES.

(a) IN GENERAL.—There shall be allocated to each State for each entitlement period, out of amounts appropriated under section 105—

(b) DETERMINATION OF ALLOCABLE AMOUNT.—
(1) IN GENERAL.—For purposes of subsection (a), the amount allocable to a State under this subsection for any entitlement period shall be determined under paragraph (2), except that such amount shall be determined under paragraph (3) if the amount allocable to it under paragraph (3) is greater than the sum of the amounts allocable to it under paragraph (2) and subsection (c).

(2) THREE FACTOR FORMULA.—For purposes of paragraph (1), the amount allocable to a State under this paragraph for any entitlement period is the amount which bears the same ratio to $3,300,000,000 as—

(A) the population of that State, multiplied by the general tax effort factor of that State, multiplied by the relative income factor of that State, bears to

(B) the sum of the products determined under subparagraph (A) for all States.

(3) FIVE FACTOR FORMULA.—For purposes of paragraph (1), the amount allocable to a State under this paragraph for any entitlement period is the amount to which that State would be entitled if—

(A) 1/3 of $3,500,000,000 were allocated among the States on the basis of population,

(B) 1/3 of $3,500,000,000 were allocated among the States on the basis of urbanized population,

(C) 1/3 of $3,500,000,000 were allocated among the States on the basis of population inversely weighted for per capita income,

(D) 1/2 of $1,800,000,000 were allocated among the States on the basis of income tax collections, and

(E) 1/2 of $1,800,000,000 were allocated among the States on the basis of general tax effort.

(c) NONCONTIGUOUS STATES ADJUSTMENT.—

(1) IN GENERAL.—In addition to amounts allocated among the States under subsection (a), there shall be allocated for each entitlement period, out of amounts appropriated under section 105(b)(2), an additional amount to any State (A) whose allocation under subsection (b) is determined by the formula set forth in paragraph (2) of that subsection and (B) in which civilian employees of the United States Government receive an allowance under section 5941 of title 5, United States Code.

(2) DETERMINATION OF AMOUNT.—The additional amount allocable to any State under this subsection for any entitlement period is an amount equal to a percentage of the amount allocable to that State under subsection (b) (2) for that period which is the same as the percentage of basic pay received by such employees stationed in that State as an allowance under such section 5941.

If the total amount appropriated under section 105(b)(2) for any entitlement period is not sufficient to pay in full the additional amounts allocable under this subsection for that period, the Secretary shall reduce proportionately the amounts so allocable.

SEC. 107. ENTITLEMENTS OF STATE GOVERNMENTS.

(a) DIVISION BETWEEN STATE AND LOCAL GOVERNMENTS.—The State government shall be entitled to receive one-third of the amount allocated to that State for each entitlement period. The remaining portion of each State’s allocation shall be allocated among the units of local government of that State as provided in section 108.

(b) STATE MUST MAINTAIN TRANSFERS TO LOCAL GOVERNMENTS.—
(1) General Rule.—The entitlement of any State government for any entitlement period beginning on or after July 1, 1973, shall be reduced by the amount (if any) by which—

(A) the average of the aggregate amounts transferred by the State government (out of its own sources) during such period and the preceding entitlement period to all units of local government in such State, is less than,

(B) the similar aggregate amount for the one-year period beginning July 1, 1971.

For purposes of subparagraph (A), the amount of any reduction in the entitlement of a State government under this subsection for any entitlement period shall, for subsequent entitlement periods, be treated as an amount transferred by the State government (out of its own sources) during such period to units of local government in such State.

(2) Adjustment Where State Assumes Responsibility for Category of Expenditures.—If the State government establishes to the satisfaction of the Secretary that since June 30, 1972, it has assumed responsibility for a category of expenditures which (before July 1, 1972) was the responsibility of local governments located in such State, then, under regulations prescribed by the Secretary, the aggregate amount taken into account under paragraph (1) (B) shall be reduced to the extent that increased State government spending (out of its own sources) for such category has replaced corresponding amounts which for the one-year period beginning July 1, 1971, it transferred to units of local government.

(3) Adjustment Where New Taxing Powers Are Conferred Upon Local Governments.—If a State establishes to the satisfaction of the Secretary that since June 30, 1972, one or more units of local government within such State have had conferred upon them new taxing authority, then, under regulations prescribed by the Secretary, the aggregate amount taken into account under paragraph (1) (B) shall be reduced to the extent of the larger of—

(A) an amount equal to the amount of the taxes collected by reason of the exercise of such new taxing authority by such local governments, or

(B) an amount equal to the amount of the loss of revenue to the State by reason of such new taxing authority being conferred on such local governments.

No amount shall be taken into consideration under subparagraph (A) if such new taxing authority is an increase in the authorized rate of tax under a previously authorized kind of tax, unless the State is determined by the Secretary to have decreased a related State tax.

(4) Special Rule for Period Beginning July 1, 1973.—In the case of the entitlement period beginning July 1, 1973, the preceding entitlement period for purposes of paragraph (1) (A) shall be treated as being the one-year period beginning July 1, 1972.

(5) Special Rule for Period Beginning July 1, 1976.—In the case of the entitlement period beginning July 1, 1976, and ending December 31, 1976, the aggregate amount taken into account under paragraph (1) (A) for the preceding entitlement period and the aggregate amount taken into account under paragraph (1) (B) shall be one-half of the amounts which (but for this paragraph) would be taken into account.
(6) Reduction in Entitlement.—If the Secretary has reason to believe that paragraph (1) requires a reduction in the entitlement of any State government for any entitlement period, he shall give reasonable notice and opportunity for hearing to the State. If, thereafter, he determines that paragraph (1) requires the reduction of such entitlement, he shall also determine the amount of such reduction and shall notify the Governor of such State of such determinations and shall withhold from subsequent payments to such State government under this subtitle an amount equal to such reduction.

(7) Transfer to General Fund.—An amount equal to the reduction in the entitlement of any State government which results from the application of this subsection (after any judicial review under section 143) shall be transferred from the Trust Fund to the general fund of the Treasury on the day on which such reduction becomes final.

SEC. 108. Entitlements of Local Governments.

(a) Allocation Among County Areas.—The amount to be allocated to the units of local government within a State for any entitlement period shall be allocated among the county areas located in that State so that each county area will receive an amount which bears the same ratio to the total amount to be allocated to the units of local government within that State as—

(1) the population of that county area, multiplied by the general tax effort factor of that county area, multiplied by the relative income factor of that county area, bears to

(2) the sum of the products determined under paragraph (1) for all county areas within that State.

(b) Allocation to County Governments, Municipalities, Townships, Etc.—

(1) County Governments.—The county government shall be allocated that portion of the amount allocated to the county area for the entitlement period under subsection (a) which bears the same ratio to such amount as the adjusted taxes of the county government bear to the adjusted taxes of the county government and all other units of local government located in the county area.

(2) Other Units of Local Government.—The amount remaining for allocation within a county area after the application of paragraph (1) shall be allocated among the units of local government (other than the county government and other than township governments) located in that county area so that each unit of local government will receive an amount which bears the same ratio to the total amount to be allocated to all such units as—

(A) the population of that local government, multiplied by the general tax effort factor of that local government, multiplied by the relative income factor of that local government, bears to

(B) the sum of the products determined under subparagraph (A) for all such units.

(3) Township Governments.—If the county area includes one or more township governments, then before applying paragraph (2)—

(A) there shall be set aside for allocation under subparagraph (B) to such township governments that portion of the amount allocated to the county area for the entitlement period which bears the same ratio to such amount as the sum
of the adjusted taxes of all such township governments bears to the aggregate adjusted taxes of the county government, such township governments, and all other units of local government located in the county area, and

(B) that portion of each amount set aside under subparagraph (A) shall be allocated to each township government on the same basis as amounts are allocated to units of local government under paragraph (2).

If this paragraph applies with respect to any county area for any entitlement period, the remaining portion allocated under paragraph (2) to the units of local government located in the county area (other than the county government and the township governments) shall be appropriately reduced to reflect the amounts set aside under subparagraph (A).

(4) INDIAN TRIBES AND ALASKAN NATIVE VILLAGES.—If within a county area there is an Indian tribe or Alaskan native village which has a recognized governing body which performs substantial governmental functions, then before applying paragraph (1) there shall be allocated to such tribe or village a portion of the amount allocated to the county area for the entitlement period which bears the same ratio to such amount as the population of that tribe or village within that county area bears to the population of that county area. If this paragraph applies with respect to any county area for any entitlement period, the amount to be allocated under paragraph (1) shall be appropriately reduced to reflect the amount allocated under the preceding sentence. If the entitlement of any such tribe or village is waived for any entitlement period by the governing body of that tribe or village, then the provisions of this paragraph shall not apply with respect to the amount of such entitlement for such period.

(5) RULE FOR SMALL UNITS OF GOVERNMENT.—If the Secretary determines that in any county area the data available for any entitlement period are not adequate for the application of the formulas set forth in paragraphs (2) and (3) (B) with respect to units of local government (other than a county government) with a population below a number (not more than 500) prescribed for that county area by the Secretary, he may apply paragraph (2) or (3) (B) by allocating for such entitlement period to each such unit located in that county area an amount which bears the same ratio to the total amount to be allocated under paragraph (2) or (3) (B) for such entitlement period as the population of such unit bears to the population of all units of local government in that county area to which allocations are made under such paragraph. If the preceding sentence applies with respect to any county area, the total amount to be allocated under paragraph (2) or (3) (B) to other units of local government in that county area for the entitlement period shall be appropriately reduced to reflect the amounts allocated under the preceding sentence.

(6) ENTITLEMENT.—

(A) IN GENERAL.—Except as otherwise provided in this paragraph, the entitlement of any unit of local government for any entitlement period shall be the amount allocated to such unit under this subsection (after taking into account any applicable modification under subsection (c)).

(B) MAXIMUM AND MINIMUM PER CAPITA ENTITLEMENT.—Subject to the provisions of subparagraphs (C) and (D), the per capita amount allocated to any county area or any unit of local government (other than a county government) within a
State under this section for any entitlement period shall not be less than 20 percent, nor more than 145 percent, of two-thirds of the amount allocated to the State under section 106, divided by the population of that State.

(C) Limitation.—The amount allocated to any unit of local government under this section for any entitlement period shall not exceed 50 percent of the sum of (i) such government's adjusted taxes, and (ii) the intergovernmental transfers of revenue to such government (other than transfers to such government under this subtitle).

(D) Entitlement less than $200, or governing body waives entitlement.—If (but for this subparagraph) the entitlement of any unit of local government below the level of the county government—

(i) would be less than $200 for any entitlement period ($100 for an entitlement period of 6 months), or

(ii) is waived for any entitlement period by the governing body of such unit,

then the amount of such entitlement for such period shall (in lieu of being paid to such unit) be added to, and shall become a part of, the entitlement for such period of the county government of the county area in which such unit is located.

(7) Adjustment of entitlement.—

(A) In general.—In adjusting the allocation of any county area or unit of local government, the Secretary shall make any adjustment required under paragraph (6)(B) first, any adjustment required under paragraph (6)(C) next, and any adjustment required under paragraph (6)(D) last.

(B) Adjustment for application of maximum or minimum per capita entitlement.—The Secretary shall adjust the allocations made under this section to county areas or to units of local governments in any State in order to bring those allocations into compliance with the provisions of paragraph (6)(B). In making such adjustments he shall make any necessary adjustments with respect to county areas before making any necessary adjustments with respect to units of local government.

(C) Adjustment for application of limitation.—In any case in which the amount allocated to a unit of local government is reduced under paragraph (6)(C) by the Secretary, the amount of that reduction—

(i) in the case of a unit of local government (other than a county government), shall be added to and increase the allocation of the county government of the county area in which it is located, unless (on account of the application of paragraph (6)) that county government may not receive it, in which case the amount of the reduction shall be added to and increase the entitlement of the State government of the State in which that unit of local government is located; and

(ii) in the case of a county government, shall be added to and increase the entitlement of the State government of the State in which it is located.

(c) Special Allocation Rules.—

(1) Optional formula.—A State may by law provide for the allocation of funds among county areas, or among units of local government (other than county governments), on the basis of the population multiplied by the general tax effort factors of such areas or units of local government, on the basis of the population
multiplied by the relative income factors of such areas or units of local government, or on the basis of a combination of those two factors. Any State which provides by law for such a variation in the allocation formula provided by subsection (a), or by paragraphs (2) and (3) of subsection (b), shall notify the Secretary of such law not later than 30 days before the beginning of the first entitlement period to which such law is to apply. Any such law shall—

(A) provide for allocating 100 percent of the aggregate amount to be allocated under subsection (a), or under paragraphs (2) and (3) of subsection (b);

(B) apply uniformly throughout the State; and

(C) apply during the period beginning on the first day of the first entitlement period to which it applies and ending on December 31, 1976.

(2) CERTIFICATION.—Paragraph (1) shall apply within a State only if the Secretary certifies that the State law complies with the requirements of such paragraph. The Secretary shall not certify any such law with respect to which he receives notification later than 30 days prior to the first entitlement period during which it is to apply.

(d) GOVERNMENTAL DEFINITIONS AND RELATED RULES.—For purposes of this title—

(1) UNITS OF LOCAL GOVERNMENT.—The term "unit of local government" means the government of a county, municipality, township, or other unit of government below the State which is a unit of general government (determined on the basis of the same principles as are used by the Bureau of the Census for general statistical purposes). (5) ONLY PART OF UNIT LOCATED IN LARGER ENTITY.—If only part of a unit of local government is located in a larger entity, such part shall be treated for allocation purposes as a separate unit of
local government, and all computations shall, except as otherwise provided in regulations, be made on the basis of the ratio which the estimated population of such part bears to the population of the entirety of such unit.

(6) Boundary changes, governmental reorganization, etc.—If, by reason of boundary line changes, by reason of State statutory or constitutional changes, by reason of annexations or other governmental reorganizations, or by reason of other circumstances, the application of any provision of this section to units of local government does not carry out the purposes of this subtitle, the application of such provision shall be made, under regulations prescribed by the Secretary, in a manner which is consistent with such purposes.

All provisions of this subtitle, subtitle G, and chapter 24 relating to the collection and administration of the taxes imposed by chapter 1 on the incomes of individuals (and all civil and criminal sanctions provided by this subtitle or by title 18 of the United States Code with respect to such collection and administration) shall apply to the collection and administration of qualified State individual income taxes as if such taxes were imposed by chapter 1, except to the extent that their application is modified by the Secretary or his delegate by regulations necessary or appropriate to reflect the provisions of this subchapter, or to reflect differences in the taxes or differences in the situations in which liability for such taxes arises.

"(1) In General.—A tax meets the requirements of this subsection only if it is imposed as a specified percentage of the excess of the taxes imposed by chapter 1 over the sum of the credits allowable under part IV of subchapter A of chapter 1 (other than the credits allowable by sections 31 and 39).

"(2) Required Adjustment.—A tax meets the requirements of this subsection only if the liability for tax is decreased by the decrease in such liability which would result from excluding from gross income an amount equal to the interest on obligations of the United States which was included in gross income for such year.

"(3) Permitted Adjustments.—A tax which otherwise meets the requirements of paragraphs (1) and (2) shall not be deemed to fail to meet such requirements solely because it provides for both of the following adjustments:

"(A) the liability for tax is increased by the increase in such liability which would result from including as an item of gross income an amount equal to the net tax-exempt income for the year, and

"(B) the liability for tax is increased by the increase in such liability which would result from including as an item of gross income an amount equal to the net State income tax deduction for the year.

"(4) Further Permitted Adjustment.—A tax which otherwise meets the requirements of paragraphs (1) and (2) shall not be deemed to fail to meet such requirements solely because a credit determined under rules prescribed by the Secretary or his delegate is allowed against such tax for income tax paid to another State or a political subdivision thereof.

"(d) Qualified Nonresident Tax.—

"(1) In General.—A tax imposed by a State meets the requirements of this subsection only if it has the following characteristics:

"(A) such tax is imposed by the State on the wage and other business income of individuals who are not residents of such State,

"(B) such tax applies only with respect to wage and other business income derived from sources within such State,

"(C) such tax applies only if 25 percent or more of the individual's wage and other business income for the taxable year is derived from sources within such State,

"(D) the amount of such tax imposed with respect to any individual who is not a resident does not exceed the amount of tax for which he would be liable under such State's qualified resident tax if he were a resident of such State and if his taxable income were an amount equal to the excess of—

"(i) the amount of his wage and other business income derived from sources within such State, over
“(ii) that portion of the nonbusiness deductions taken into account for purposes of the State's qualified resident tax which bears the same ratio to the amount of such deductions as the income referred to in clause (i) bears to his adjusted gross income, and

“(E) the State has in effect for the same period a qualified resident tax.

“(2) WAGE AND OTHER BUSINESS INCOME.—The term ‘wage and other business income’ means—

“(A) wages, as defined in section 3401(a),

“(B) net earnings from self-employment (within the meaning of section 1402(a)), and

“(C) the distributive share of income of any trade or business carried on by a trust, estate, or electing small business corporation (within the meaning of section 1371(a)) to the extent such share (i) is includible in the gross income of the individual for the taxable year, and (ii) would constitute net earnings from self-employment (within the meaning of section 1402(a)) if such trade or business were carried on by a partnership.

“(e) REQUIREMENTS RELATING TO RESIDENCE.—A tax imposed by a State meets the requirements of this subsection only if for purposes of such tax—

“(1) RESIDENT INDIVIDUAL.—An individual (other than a trust or estate) is treated as a resident of such State with respect to a taxable year only if—

“(A) his principal place of residence has been within such State for a period of at least 135 consecutive days and at least 30 days of such period are in such taxable year, or

“(B) in the case of a citizen or resident of the United States who is not a resident (determined in the manner provided in subparagraph (A)) of any State with respect to such taxable year, such individual is domiciled in such State for at least 30 days during such taxable year.

Nothing in this subchapter shall be construed to require or authorize the treatment of a Senator, Representative, Delegate, or Resident Commissioner as a resident of a State other than the State which he represents in Congress.

“(2) ESTATE.—An estate of an individual is treated as a resident of the last State of which such individual was a resident (within the meaning of paragraph (1)) before his death.

“(3) TRUSTS.—

“(A) Testamentary trust.—A trust with respect to which a deceased individual is the principal contributor by reason of property passing on his death is treated as a resident of the last State of which such individual was a resident (within the meaning of paragraph (1)) before his death.

“(B) Nontestamentary trust.—A trust (other than a trust described in subparagraph (A)) is treated as a resident of such State with respect to a taxable year only if the principal contributor to the trust, during the 3-year period ending on the date of the creation of the trust, resided in the State for an aggregate number of days longer than the aggregate number of days he resided in any other State.

“(C) Special rules.—For purposes of this paragraph—

“(i) If on any day before the close of the taxable year an existing trust received assets having a value greater
than the aggregate value of all assets theretofore con-
tributed to the trust, such trust shall be treated as created
on such day. For purposes of this subparagraph, the
value of any asset taken into account shall be its fair
market value on the day it is contributed to the trust.

"(ii) The principal contributor to the trust is the indi-
vidual who contributed more (in value) of the assets
contributed on the date of the creation of the trust (de-
termined after applying clause (i)) than any other
individual.

"(iii) If the foregoing rules would create more than
one State of residence (or no State of residence) for a
trust, such trust shall be treated as a resident of the
State determined under similar principles prescribed by
the Secretary or his delegate by regulations.

"(4) LIABILITY
FOR
TAX ON CHANGE
OF
RESIDENCE.—With respect
to a taxable year, in the case of an individual (other than an
individual who comes into being or ceases to exist) who becomes
a resident, or ceases to be a resident, of the State, his liability to
such State for the resident tax is determined by multiplying the
amount which would be his liability for tax (after the nonrefund-
able credits allowed against such tax) if he had been a resident
of such State for the entire taxable year by a fraction the
numerator of which is the number of days he was a resident of
such State and the denominator of which is the total number of
days in the taxable year. In the case of an individual who is
treated as a resident of a State with respect to a taxable year by
reason of paragraph (1)(B), the preceding sentence shall be
applied by substituting days of domicile for days of residence.

"(5) CURRENT
COLLECTION
OF
TAX.—In applying chapter 24
(relating to withholding) and section 6015 and other provisions
relating to declarations of estimated income (and amendments
thereto)—

"(A) in the case of a resident tax, an individual is treated
as subject to the tax if he reasonably expects to reside in the
State for 30 days or more or if such individual is a resident of
the State (within the meaning of paragraph (1), (2), or
(3)), and

"(B) in the case of a nonresident tax, an individual is
treated as subject to the tax if he reasonably expects to receive
wage and other business income (within the meaning of sub-
section (d)(2)) for 30 days or more during the taxable year.

"(f) ADDITIONAL REQUIREMENTS.—A tax imposed by a State shall
meet the requirements of this subsection only if—

"(1) STATE AGREEMENT MUST BE IN EFFECT FOR PERIOD CON-
CERNED.—A State agreement entered into under section 6363 is
in effect with respect to such tax for the taxable period in question.

"(2) STATE LAWS MUST CONTAIN CERTAIN PROVISIONS.—Under
the laws of such State—

"(A) the provisions of this subchapter (and of the regu-
lations prescribed thereunder) as in effect from time to time
are made applicable for the period for which the State
agreement is in effect, and

"(B) any change made by the State in the tax imposed
by the State will not apply to taxable years beginning in
any calendar year for which the State agreement is in effect
unless such change is enacted before November 1 of such
calendar year.
§3) State laws taxing income of individuals can only be of certain kinds.—The State does not impose any tax on the income of individuals other than—

(A) a qualified resident tax,
(B) a qualified nonresident tax, and
(C) a separate tax on income which is not wage and other business income and which is received or accrued by individuals who are domiciled in the State but who are not residents of the State within the meaning of subsection (e)(1).

(4) Taxable years must coincide.—The taxable years of individuals under such tax coincide with taxable years for purposes of the taxes imposed by chapter 1.

(5) Married individuals.—A married individual (within the meaning of section 143) —

(A) who files a joint return for purposes of the taxes imposed by chapter 1 shall not file a separate return for purposes of such State tax, and

(B) who files a separate return for purposes of the taxes imposed by chapter 1, shall not file a joint return for purposes of such State tax.

(6) No double jeopardy under State law.—The laws of such State do not provide criminal or civil sanctions for an act (or omission to act) with respect to a qualified resident tax or qualified nonresident tax other than the criminal or civil sanctions to which an individual is subjected by reason of section 6361.

(7) Partnerships, trusts, subchapter S corporations, and other conduit entities.—Under the State law the tax treatment of—

(A) partnerships and partners,
(B) trusts and their beneficiaries,
(C) estates and their beneficiaries,
(D) electing small business corporations (within the meaning of section 1371(a)) and their shareholders, and
(E) any other entity and the individuals having beneficial interests therein, to the extent that such entity is treated as a conduit for purposes of the taxes imposed by chapter 1, shall correspond to the tax treatment provided therefor in the case of the taxes imposed by chapter 1.

(8) Members of Armed Forces.—The relief provided to any member of the Armed Forces of the United States by section 514 of the Soldiers' and Sailors' Civil Relief Act (50 U.S.C. App. sec. 574) is in no way diminished.

(9) Withholding on compensation of employees of railroads, motor carriers, airlines, and water carriers.—There is no contravention of the provisions of section 26, 226A, or 324 of the Interstate Commerce Act or of section 1112 of the Federal Aviation Act of 1958 with respect to the withholding of compensation to which such sections apply for purposes of the nonresident tax.

"Sec. 6363. State Agreements; Other Procedures.

(a) State Agreement.—If a State elects to enter into an agreement with the United States to have its individual income taxes collected and administered as provided in this subchapter, it shall file notice of such election in such manner and with such supporting information as the Secretary or his delegate may prescribe by regulations. The Secretary shall enter into an agreement with such State unless the Secretary notifies the Governor of the State within 90 days
after the date of the filing of the notice of the election that the State
does not have a qualified State individual income tax (determined
without regard to section 6362(f)(1)). The provisions of this sub-
chapter shall apply on and after the date (not earlier than the first
January 1 which is more than 6 months after the date of the notice)
specified for this purpose in the agreement.

"(b) Withdrawal.—

(1) By notification.—If a State wishes to withdraw from
the agreement, it shall notify the Secretary or his delegate of its
intention to withdraw in such manner as the Secretary or his
delegate may prescribe by regulations. The provisions of this
subchapter (other than this section) shall not apply on or after
the date specified for this purpose in the notification. Except as
provided in regulations, the date so specified shall not be earlier
than the first January 1 which is more than 6 months after the
date on which the Secretary or his delegate is so notified.

(2) By change in state law.—Any change in State law
which would (but for this subchapter) have the effect of causing
a tax to cease to be a qualified State individual income tax shall
be treated as an intention to withdraw from the agreement.
Notification by the Secretary to the Governor of such State that
the change in State law will be treated as an intention to withdraw
shall be made by the Secretary in such manner as the Secretary
or his delegate shall by regulations prescribe. Such notification
shall have the same effect as a notice under paragraph (1) of an
intention to withdraw from the agreement received on the effective
date of the change in State law.

(c) Transition Years.—

(1) Subchapter ceases to apply during taxpayer's year.—
If the provisions of this subchapter cease to apply on a day other
than the last day of the taxpayer's taxable year, then amounts
previously paid to the United States on account of the State's
qualified individual income tax for that taxable year (whether
paid by withholding, estimated tax, credit in lieu of refund, or
otherwise) shall be treated as having been paid on account of
the State's individual income tax law for that taxable year. Such
amounts shall be transferred to the State as though the State had
not withdrawn from the agreement. Returns, applications, elec-
tions, and other forms previously filed with the Secretary or his
delegate for that taxable year, which are thereafter required to
be filed with the appropriate State official shall be treated as
having been filed with the appropriate State official.

(2) Prevention of unintended hardships or benefits.—The
State may by law provide for the transition to a qualified State
individual income tax or from such a tax to the extent necessary
to prevent double taxation or other unintended hardships, or to
prevent unintended benefits, under State law.

(3) Administration of subsection.—The provisions of this
subsection shall be administered by the Secretary or his delegate,
by the State, or jointly, to the extent provided in regulations pre-
scribed by the Secretary or his delegate.

(d) Judicial review.—

(1) In general.—Whenever under this section the Secretary
or his delegate determines that a State does not have a qualified
State individual income tax, such State may, within 60 days after
the Governor of the State has been notified of such action, file
with the United States court of appeals for the circuit in which
such State is located, or with the United States Court of Appeals
for the District of Columbia, a petition for review of such action.
A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary or his delegate. The Secretary or his delegate thereupon shall file in the court the record of the proceedings on which he based his action as provided in section 2112 of title 28, United States Code.

"(2) JURISDICTION OF COURT; REVIEW.—The court shall have jurisdiction to affirm the action of the Secretary or his delegate or to set it aside in whole or in part and to issue such other orders as may be appropriate with regard to taxable years which include any part of the period of litigation. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

"(3) STAY OF DECISION.—

"(A) If judgment on a petition to review a determination under subsection (a) includes a determination that the State has a qualified State individual income tax, then the provisions of this subchapter shall apply on and after the first January 1 which is more than 6 months after the date of the judgment.

"(B) If judgment on a petition to review a determination by the Secretary under subsection (b)(2) includes a determination that the State does not have a qualified State individual income tax, then the provisions of this subchapter (other than this section) shall not apply on and after the first January 1 which is more than 6 months after the date of the judgment.

"(4) PREFERENCE.—Any judicial proceedings under this section shall be entitled to, and, upon request of the Secretary or the State, shall receive a preference and shall be heard and determined as expeditiously as possible.

TITLE I—BUMPER STANDARDS

FINDINGS AND PURPOSE

Sec. 101. (a) The Congress finds that it is necessary to reduce the economic loss resulting from damage to passenger motor vehicles involved in motor vehicle accidents.
(b) It is the purpose of this title to reduce the extent of such economic loss by providing for the promulgation and enforcement of bumper standards.

SETTING OF STANDARDS

Sec. 102. (a) Subject to subsections (b) through (e) of this section, the Secretary by rule—

(1) shall promulgate bumper standards applicable to all passenger motor vehicles manufactured in or imported into the United States, and

(2) may promulgate bumper standards applicable to any item of passenger motor vehicle equipment so manufactured or imported, except that such a rule shall not apply to any vehicle or item of passenger motor vehicle equipment which is intended solely for export (and is so labeled or tagged on the vehicle or equipment itself and on the outside of the container, if any) and which is exported.

(b) (1) Any standard under subsection (a) shall seek to obtain the maximum feasible reduction of costs to the public and to the consumer, taking into account:

(A) the cost of implementing the standard and the benefits attainable as the result of implementation of the standard;

(B) the effect of implementation of the standard on the cost of insurance and prospective legal fees and costs;

(C) savings in terms of consumer time and inconvenience; and

(D) considerations of health and safety, including emission standards.

(c) (1) In promulgating any bumper standard under this title the Secretary may for good cause shown—

(A) exempt partially or completely any multipurpose passenger motor vehicle; or

(B) exempt partially or completely any make, model, or class of passenger motor vehicle manufactured for a special use, if such standard would unreasonably interfere with the special use of such vehicle.

(2) To the maximum extent practicable, a bumper standard promulgated by the Secretary shall not preclude the attachment of detachable hitches.

(d) The Secretary shall establish the effective date of any bumper standard when finally promulgating the standard, and such standard shall apply only to passenger motor vehicles or passenger motor vehicle equipment manufactured on or after such effective date. Such effective date shall not be—

(1) earlier than the date on which such standard is finally promulgated, or

(2) later than eighteen months after final promulgation of the standard unless the Secretary presents to Congress and publishes a detailed explanation of the reasons for such later effective date.
In no event shall the Secretary establish an effective date which is earlier than July 1, 1973.

(e) (1) All rules establishing, amending, or revoking a bumper standard under this title shall be issued pursuant to section 553 of title 5 of the United States Code, except that the Secretary shall give interested persons an opportunity for oral presentation of data, views, or arguments, and the opportunity to make written submissions. A transcript shall be kept of any oral presentation.

(2) The Secretary may also conduct a hearing in accordance with such conditions or limitations as he may make applicable thereto, for the purpose of resolving any issue of fact material to the establishing, amending, or revoking of a bumper standard.

JUDICIAL REVIEW

Sec. 103. (a) Any person who may be adversely affected by any rule issued under section 102 of this title may at any time prior to sixty days after such rule is issued file a petition with the United States Court of Appeals for the District of Columbia, or any circuit wherein such person resides or has his principal place of business, for judicial review of such rule. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary or his delegate. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based his rule, as provided in section 2112 of title 28, United States Code.

(b) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Secretary, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Secretary, and to be adduced in a hearing, in such manner and upon such terms and conditions as the court may deem proper. The Secretary may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file such modified or new findings, and his recommendation, if any, for the modification or setting aside of his rule, with the return of such additional evidence.

(c) Upon the filing of the petition referred to in subsection (a) of this section, the court shall have jurisdiction to review the rule in accordance with chapter 7 of title 5, United States Code, and to grant appropriate relief as provided in such chapter.

(d) The judgment of the court affirming or setting aside, in whole or in part, any such rule of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

(e) The remedies provided for in this section shall be in addition to and not in lieu of any other remedies provided by law.

POWERS OF THE SECRETARY

Sec. 104. (a) (1) For the purpose of carrying out the provisions of this title, the Secretary, or on the authorization of the Secretary, any officer or employee of the Department of Transportation may hold
such hearings, take such testimony, sit and act at such times and places, administer such oaths, and require, by subpoena or otherwise, the attendance and testimony of such witnesses and the production of such books, papers, correspondence, memorandums, contracts, agreements, or other records as the Secretary, or such officer or employee, deems advisable.

(2) In order to carry out the provisions of this title, the Secretary or his duly authorized agent shall at all reasonable times have access to, and for the purposes of examination the right to copy, any documentary evidence of any person having materials or information relevant to any function of the Secretary under this title.

(3) The Secretary is authorized to require, by general or special orders, any person to file, in such form as the Secretary may prescribe, reports or answers in writing to specific questions relating to any function of the Secretary under this title. Such reports and answers shall be made under oath or otherwise, and shall be filed with the Secretary within such reasonable period as the Secretary may prescribe.

(4) Any of the district courts of the United States within the jurisdiction of which an inquiry is carried on may, in the case of contumacy or refusal to obey a subpoena or order of the Secretary or such officer or employee issued under paragraph (1) or paragraph (3) of this subsection, issue an order requiring compliance therewith; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

(5) Witnesses summoned pursuant to this subsection shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

(b) All information reported to or otherwise obtained by the Secretary or his representative under this title which information contains or relates to a trade secret or other matter referred to in section 1905 of title 18 of the United States Code, shall be considered confidential for the purpose of that section, except that such information may be disclosed to other officers or employees concerned with carrying out this title or when relevant in any proceeding under this title. Nothing in this section shall authorize the withholding of information by the Secretary or any officer or employee under his control from the duly authorized committees of the Congress.

(c) (1) The Secretary is authorized to request from any department, agency, or instrumentality of the Government any information he deems necessary to carry out his functions under this title; and each such department, agency, or instrumentality is authorized and directed to cooperate with the Secretary and to furnish such information to the Department of Transportation upon request made by the Secretary.

(2) The head of any Federal department, agency, or instrumentality is authorized to detail, on a reimbursable basis, any personnel of such department, agency, or instrumentality to assist in carrying out the duties of the Secretary under this title.

(d) The Secretary shall conduct such research as is necessary for him to carry out his functions under this title.
SEC. 105. (a) Every manufacturer of passenger motor vehicles or of passenger motor vehicle equipment shall establish and maintain such records, make such reports, and provide such items and information (including the supplying of vehicles or equipment for testing) as the Secretary may reasonably require to enable him to determine whether such manufacturer has acted or is acting in compliance with this title and bumper standards prescribed pursuant to this title and shall, upon request of an officer or employee duly designated by the Secretary, permit such officer or employee to inspect vehicles and appropriate books, papers, records, and documents relevant to determining whether such manufacturer has acted or is acting in compliance with this title and bumper standards prescribed pursuant to this title. Such manufacturer shall make available all such items and information in accordance with such reasonable rules as the Secretary may prescribe. Vehicles and equipment for testing shall be made available under this subsection at a negotiated price that does not exceed the manufacturer's cost.

(b) For purposes of enforcement of this title, officers or employees duly designated by the Secretary, upon presenting appropriate credentials and a written notice to the owner, operator, or agent in charge, are authorized (1) to enter any factory, warehouse, or establishment in which passenger motor vehicles or passenger motor vehicle equipment is manufactured, or held for introduction into interstate commerce or are held for sale after such introduction; and (2) to inspect such factory, warehouse, or establishment. Each such inspection shall be conducted at reasonable times and in a reasonable manner and shall be commenced and completed with reasonable promptness.

(c) (1) Every manufacturer or distributor of a passenger motor vehicle subject to a Federal bumper standard under this title, or an item of passenger motor vehicle equipment subject to such a standard, shall furnish to the distributor or dealer at the time of delivery of such vehicle or item of equipment by such manufacturer or distributor a certification that each such vehicle or item of equipment conforms to applicable Federal bumper standards. The Secretary is authorized to issue rules prescribing the manner and form of such certification.

(2) Paragraph (1) of this subsection shall not apply to any passenger motor vehicle or item of passenger motor vehicle equipment which is intended solely for export (and is so labeled or tagged on the vehicle or equipment itself and on the outside of the container, if any) and which is exported.

(1) manufacture for sale, sell, offer for sale, or introduce or deliver for introduction in interstate commerce, or import into the United States, any passenger motor vehicle or passenger motor vehicle equipment manufactured on or after the date any applicable Federal bumper standard takes effect under this title unless it is in conformity with such standard;

(4) (A) fail to furnish a certificate required by section 105(c), or (B) issue a certificate required by such subsection to the effect that a passenger motor vehicle or passenger motor vehicle equipment conforms to all applicable bumper standards, if such person knows, or in the exercise of due care has reason to know, that such certificate is false or misleading in a material respect.

(b) (1) Paragraph (1) of subsection (a) shall not apply to the sale, the offer for sale, or the introduction or delivery for introduction in interstate commerce of any passenger motor vehicle or any passenger motor vehicle equipment after the first purchase of it in good faith for purposes other than resale. Nothing contained in this paragraph shall be construed as prohibiting the Secretary from promulgating any standard which requires vehicles or equipment to be manufactured so as to perform in accordance with the standard over a specified period of operation or use.

(2) Paragraph (1) of subsection (a) shall not apply to any person who establishes that he did not have reason to know in the exercise of due care that the vehicle or item of equipment is not in conformity with applicable bumper standards or to any person who, prior to such first purchase, holds a certificate issued under section 105(c) to the effect that the vehicle or item of equipment conforms to all applicable Federal bumper standards, unless such person knows that such vehicle or such equipment does not so conform.

(3) A passenger motor vehicle or passenger motor vehicle equipment offered for importation in violation of paragraph (1) of subsection (a) shall be refused admission into the United States under joint regulations issued by the Secretary of the Treasury and the Secretary; except that the Secretary of the Treasury and the Secretary may, by such regulations, provide for authorizing the importation of such vehicle or equipment into the United States upon such terms and conditions (including the furnishing of a bond) as may appear to them appropriate to insure that any such vehicle or such equipment will be brought into conformity with any applicable Federal bumper standard prescribed under this title, or will be exported or abandoned to the United States.

(4) The Secretary of the Treasury and the Secretary may, by joint regulations, permit the importation of any passenger motor vehicle or passenger motor vehicle equipment after the first purchase of it in good faith for purposes other than resale.

(c) Compliance with any Federal bumper standard issued under this title does not exempt any person from any liability under statutory or common law.

ENFORCEMENT

Sec. 107. (a) Whoever violates subsection (a) of section 106 may be assessed a civil penalty of not to exceed $1,000 for each violation. Such penalty shall be assessed by the Secretary and collected in a civil action.
brought by the Attorney General or by the Secretary (with the concurrence of the Attorney General) by any of the Secretary's attorneys designated by the Secretary for such purpose. With respect to violations of paragraph (1) or (4) of subsection (a) of section 106, a separate violation is committed with respect to each passenger motor vehicle or each item of passenger motor vehicle equipment which fails to conform to an applicable bumper standard or for which a certificate is not furnished or for which a misleading or false certificate is issued; except that the maximum civil penalty shall not exceed $800,000 for any related series of violations.

(b) (1) Any person who knowingly and willfully violates section 106(a)(1) after having received notice of noncompliance from the Secretary shall be fined not more than $50,000 or be imprisoned not more than one year, or both.

(2) If a corporation violates section 106(a)(1) after having received notice of noncompliance from the Secretary, any individual director, officer, or agent of such corporation who knowingly and willfully authorized, ordered, or performed any of the acts or practices constituting in whole or in part such violation and who had knowledge of such notice from the Secretary shall be subject to penalties under this section in addition to the corporation.

(c) (1) Upon petition by the Secretary or by the Attorney General on behalf of the United States, the United States district courts shall have jurisdiction, for cause shown and subject to the provisions of rule 65(a) and (b) of the Federal Rules of Civil Procedure, to restrain violations of this title, or to restrain the sale, offer for sale, or the introduction or delivery for introduction in interstate commerce, or the importation into the United States, of any passenger motor vehicle or passenger motor vehicle equipment which is determined, prior to the first purchase of such vehicle or such equipment in good faith for purposes other than resale, not to conform to applicable bumper standards prescribed pursuant to this title. Whenever practicable, the Secretary shall give notice to any person against whom an action for injunctive relief is contemplated and afford him an opportunity to present his views, and, except in the case of a knowing and willful violation, shall afford him reasonable opportunity to achieve compliance. The failure to give such notice and afford such opportunity shall not preclude the granting of appropriate relief.

(2) In any proceeding for criminal contempt for violation of an injunction or restraining order issued under this subsection, which violation also constitutes a violation of this title, trial shall be by the court, or, upon demand of the accused, by a jury. Such trial shall be conducted in accordance with the practice and procedure applicable in the case of proceedings subject to the provisions of rule 42(b) of the Federal Rules of Criminal Procedure.

(3) Actions under paragraph (1) of this subsection and under subsection (a) of this section may be brought in the district wherein any act or transaction constituting the violation occurred, or in the district wherein the defendant is found or is an inhabitant or transacts business, and process in such cases may be served in any other district of which the defendant is an inhabitant or wherever the defendant may be found.
(4) In any actions brought under paragraph (1) of this subsection and under subsection (a) of this section, subpoenas for witnesses who are required to attend a United States district court may run into any other district.

(b) Any such action shall be brought within three years of the date of the motor vehicle accident.

PUBLIC ACCESS TO INFORMATION

SEC. 109. Subject to section 104(b), copies of any communications, documents, reports, or other information sent or received by the Secretary in connection with his duties under this title shall be made available to any member of the public, upon request, at cost.

SEC. 110. (a) Except as provided in subsection (b) of this section, no State or political subdivision thereof shall have any authority to establish or enforce with respect to any passenger motor vehicle or passenger motor vehicle equipment offered for sale any bumper standard which is not identical to a Federal bumper standard.

(b) (1) Until a Federal bumper standard takes effect with respect to an aspect of performance of a passenger motor vehicle or of an item of passenger motor vehicle equipment, neither this Act nor the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. 1391, et seq.) shall affect the authority of a State to continue to enforce any bumper standard which is applicable to the same aspect of performance of such vehicle or item of equipment, which is not in conflict with any Federal standard promulgated under title 1 of the National Traffic and Motor Vehicle Safety Act of 1966, and which was in effect or had been promulgated on the date of enactment of this Act.

(2) The Federal Government or the government of any State or political subdivision thereof may establish a bumper standard applicable to vehicles or equipment procured for its own use which is not identical to the Federal standard under section 102 if such requirement imposes an additional or higher standard of performance.

(2) Not less than five nor more than ten demonstration projects may be assisted by the Secretary under this title. No more than 50 percent of the projects so assisted may permit diagnostic inspection services to be performed under the project by any person who also provides automobile repair services or who is affiliated with, controls, is controlled by, or is under common control with, any person who provides automobile repair services.

(2) Such project shall require an additional inspection of any motor vehicle subject to the demonstration project (as determined by the Secretary)—

(A) whenever the title to such motor vehicle is transferred to another person unless the transfer is for the purpose of resale; and

(B) whenever such motor vehicle sustains substantial damage to any safety-related or emission-related system or subsystem, as prescribed by the Secretary.

(3) To the greatest extent practicable, such inspections shall be conducted so as to provide specific technical diagnoses of each motor vehicle inspected in order to facilitate correction of any component failing inspection.

(4) A demonstration project shall provide for reinspection of vehicles which initially fail to meet the safety and emission standards established for the project after repair.

(5) Each project shall provide to the Secretary information and data relating to the development of diagnostic testing equipment designed to maximize the interchangeability and interface capability of test equipment and vehicles, and information, and data relating to the costs and benefits of such projects, including information and data relating to vehicle-in-use standards, vehicle designs which facilitate or hinder
inspection and repair, the standardization of diagnostic systems and test equipment, the capability of the motor vehicle repair industry to correct diagnosed deficiencies or malfunctions and the costs of such repairs, the relative costs and benefits of the project, the efficiency of facility designs employed, recommendations as to feasible reject levels which may be employed, in any such project and such other information and data as the Secretary may require.

TITLE IV—ODOMETER REQUIREMENTS

FINDINGS AND PURPOSE

SEC. 401. The Congress hereby finds that purchasers, when buying motor vehicles, rely heavily on the odometer reading as an index of the condition and value of such vehicle; that purchasers are entitled to rely on the odometer reading as an accurate reflection of the mileage actually traveled by the vehicle; that an accurate indication of the mileage traveled by a motor vehicle assists the purchaser in determining its safety and reliability; and that motor vehicles move in the current of interstate and foreign commerce or affect such commerce. It is therefore the purpose of this title to prohibit tampering with odometers on motor vehicles and to establish certain safeguards for the protection of purchasers with respect to the sale of motor vehicles having altered or reset odometers.

DEFINITIONS

SEC. 402. As used in this title—

(1) The term “odometer” means an instrument for measuring and recording the actual distance a motor vehicle travels while
in operation; but shall not include any auxiliary odometer designed to be reset by the operator of the motor vehicle for the purpose of recording mileage on trips.

(2) The term "repair and replacement" means to restore to a sound working condition by replacing the odometer or any part thereof or by correcting what is inoperative.

(3) The term "transfer" means to change ownership by purchase, gift, or any other means.

**UNLAWFUL DEVICES**

Sec. 403. It is unlawful for any person to advertise for sale, to sell, to use, or to install or to have installed, any device which causes an odometer to register any mileage other than the true mileage driven. For purposes of this section, the true mileage driven is that mileage driven by the vehicle as registered by the odometer within the manufacturer's designed tolerance.

**UNLAWFUL CHANGE OF MILEAGE**

Sec. 404. It is unlawful for any person or his agent to disconnect, reset, or alter the odometer of any motor vehicle with the intent to change the number of miles indicated thereon.

**OPERATION WITH INTENT TO DEFRAUD**

Sec. 405. It is unlawful for any person with the intent to defraud to operate a motor vehicle on any street or highway knowing that the odometer of such vehicle is disconnected or nonfunctional.

**CONSPIRACY**

Sec. 406. No person shall conspire with any other person to violate section 403, 404, 405, 407, or 408.

**LAWFUL SERVICE, REPAIR, OR REPLACEMENT**

Sec. 407. Nothing in this title shall prevent the service, repair, or replacement of an odometer, provided the mileage indicated thereon remains the same as before the service, repair, or replacement. Where the odometer is incapable of registering the same mileage as before such service, repair, or replacement, the odometer shall be adjusted to read zero and a notice in writing shall be attached to the left door frame of the vehicle by the owner or his agent specifying the mileage prior to repair or replacement of the odometer and the date on which it was repaired or replaced. Any removal or alteration of such notice so affixed shall be unlawful.

**DISCLOSURE REQUIREMENTS**

Sec. 408. (a) Not later than 90 days after the date of enactment of this Act, the Secretary shall prescribe rules requiring any transferor to give the following written disclosure to the transferee in connection with the transfer of ownership of a motor vehicle:

(1) Disclosure of the cumulative mileage registered on the odometer.

(2) Disclosure that the actual mileage is unknown, if the odometer reading is known to the transferor to be different from the number of miles the vehicle has actually traveled.
Such rules shall prescribe the manner in which information shall be disclosed under this section and in which such information shall be retained.

(b) It shall be a violation of this section for any transferor to violate any rules under this section or to knowingly give a false statement to a transferee in making any disclosure required by such rules.

PRIVATE CIVIL ACTION

SEC. 409. (a) Any person who, with intent to defraud, violates any requirement imposed under this title shall be liable in an amount equal to the sum of—

(1) three times the amount of actual damages sustained or $1,500, whichever is the greater; and

(2) in the case of any successful action to enforce the foregoing liability, the costs of the action together with reasonable attorney fees as determined by the court.

(b) An action to enforce any liability created under subsection (a) of this section, may be brought in a United States district court without regard to the amount in controversy, or in any other court of competent jurisdiction, within two years from the date on which the liability arises.

INJUNCTIVE ENFORCEMENT

SEC. 410. (a) Upon petition by the Attorney General on behalf of the United States, the United States district courts shall have jurisdiction, for cause shown and subject to the provisions of rule 65 (a) and (b) of the Federal Rules of Civil Procedure, to restrain violations of this title. Whenever practicable, the Secretary shall give notice to any person against whom an action for injunctive relief is contemplated and afford him an opportunity to present his views. The failure to give such notice and afford such opportunity shall not preclude the granting of appropriate relief.

(b) Paragraphs (3) and (4) of section 107(b) shall apply to actions under this section in the same manner as they apply to actions under section 107.

EFFECT ON STATE LAW

SEC. 411. This title does not—

(1) annul, alter, or affect the laws of any State with respect to the disconnecting, altering, or tampering with odometers with the intent to defraud, or

(2) exempt any person subject to the provisions of this title from complying with such laws,

except to the extent that those laws are inconsistent with any provision of this title, and then only to the extent of the inconsistency.

EFFECTIVE DATE

SEC. 412. This title (other than section 408(a)) shall take effect ninety calendar days following the date of enactment of this Act. Section 408(a) shall take effect on the date of enactment of this Act.

Public Law 92-514

AN ACT

To authorize the Secretary of the Interior to construct, operate, and maintain various Federal reclamation projects, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act shall be known as the Reclamation Project Authorization Act of 1972.

TITLE I

CLOSED BASIN DIVISION, SAN LUIS VALLEY PROJECT, COLORADO

Sec. 101. The Secretary of the Interior is authorized to construct, operate, and maintain the closed basin division, San Luis Valley project, Colorado, including channel rectification of the Rio Grande between the uppermost point of discharge into the river of waters salvaged by the project, and the Colorado-New Mexico State line, so as to provide for the carriage of water so salvaged without flooding of surrounding lands, to minimize losses of waters through evaporation, transpiration, and seepage, and to provide a conduit for the reception of waters salvaged by drainage projects undertaken in the San Luis Valley below Alamosa, Colorado, in accordance with the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto), and as otherwise provided in this Act, for the principal purposes of salvaging, regulating, and furnishing water from the closed basin area of Colorado; transporting such water into the Rio Grande; making water available for fulfilling the United States obligation to the United States of Mexico in accordance with the treaty dated May 21, 1906 (34 Stat. 2953); furnishing irrigation water, industrial water, and municipal water supplies to water deficient areas of Colorado, New Mexico, and Texas through direct diversion and exchange of water; establishing the Mishak National Wildlife Refuge and furnishing a water supply for the operation of the Mishak National Wildlife Refuge and the Alamosa National Wildlife Refuge and for conservation and development of other fish and wildlife resources; providing outdoor recreational opportunities; augmenting the flow of the Rio Grande; and other useful purposes, in substantial accordance with the engineering plans set out in the report of the Secretary of the Interior on this project: Provided, That no wells of the project, other than observation wells, shall be permitted to penetrate the aquiclude, or first confining clay layer.

(b) Construction of the project may be undertaken in such units or stages as in the determination of the Secretary will best serve project requirements and meet water needs: Provided, That construction of each of the successive units or stages after stage 1 of said project shall be undertaken only with the consent of the Colorado Water Conservation Board and the Rio Grande Water Conservation District of the State of Colorado.

(c) The closed basin division, San Luis Valley project, Colorado, shall be operated in such manner that the delivery of water to the river and return flows of water will not cause the Rio Grande system to be in violation of water quality standards promulgated pursuant to the Water Quality Act of 1965 (79 Stat. 903).

Sec. 102. (a) Prior to commencement of construction of any part of the project, except channel rectification, there shall be incorporated into the project plans a control system of observation wells, which shall be designed to provide positive identification of any fluctuations
in the water table of the area surrounding the project attributable to operation of the project or any part thereof. Such control system, or so much thereof as is necessary to provide such positive identification with respect to any stage of the project, shall be installed concurrently with such stage of the project.

(b) The Secretary shall operate project facilities in a manner that will not cause the water table available for any irrigation or domestic wells in existence prior to the construction of the project to drop more than two feet and in a manner that will not cause reduction of artesian flows in existence prior to the construction of the project.

Sec. 103. There is hereby established an operating committee consisting of one member appointed by the Secretary, one member appointed by the Colorado Water Conservation Board, and one member appointed by the Rio Grande Water Conservation District, which is authorized to determine from time to time whether the requirements of section 102 of this Act are being complied with. The committee shall inform the Secretary if the operation of the project fails to meet the requirements of section 102 or adversely affects the beneficial use of water in the Rio Grande Basin in Colorado as defined in article I(c) of the Rio Grande compact (53 Stat. 785). Upon receipt of such information the Secretary shall modify, curtail, or suspend operation of the project to the extent necessary to comply with such requirements or eliminate such adverse effect.

Sec. 104. (a) Except as hereinafter provided, project costs shall be nonreimbursable.

(b) After the project or any phase thereof has been constructed and is operational, the Secretary shall make water available in the following listed order of priority:

1. To assist in making the annual delivery of water at the gaging station on the Rio Grande near Lobatos, Colorado, as required by article III of the Rio Grande compact: Provided, That the total amount of water delivered for this purpose shall not exceed an aggregate of six hundred thousand acre-feet for any period of ten consecutive years reckoned in continuing progressive series beginning with the first day of January next succeeding the year in which the Secretary determined that the project authorized by this Act is operational.

2. To maintain the Alamosa National Wildlife Refuge and the Mishak National Wildlife Refuge: Provided, That the amount of water delivered to the Alamosa National Wildlife Refuge shall not exceed five thousand three hundred acre-feet annually, and the water delivered to the Mishak National Wildlife Refuge shall not exceed twelve thousand five hundred acre-feet annually.

3. To apply to the reduction and elimination of any accumulated deficit in deliveries by Colorado as is determined to exist by the Rio Grande Compact Commission under article VI of the Rio Grande compact at the end of the compact water years in which the Secretary first determines that the project to be operational.

4. For irrigation or other beneficial uses in Colorado: Provided, That no water shall be delivered until agreements between the United States and water users in Colorado, or the Rio Grande Water Conservation District acting for them, have been executed providing for the repayment of such costs as in the opinion of the Secretary are appropriate and within the ability of the users to pay.

Sec. 105. Construction of the project shall not be started until the State of Colorado agrees that it will, as its participation in the project, convey to the United States easements and rights-of-way over lands owned by the State that are needed for wells, channels, laterals, and
wildlife refuge areas, as identified in the project plan. Acquisition of privately owned land shall, where possible and consistent with the development of the project, be restricted to easements and rights-of-way in order to minimize the removal of land from local tax rolls.

Sec. 106. Conservation and development of the fish and wildlife resources and the enhancement of recreation opportunities in connection with the closed basin division of the San Luis Valley project works authorized by this Act shall be accordance with the provisions of the Federal Water Project Recreation Act (70 Stat. 213).

Sec. 107. The Secretary is authorized to transfer to the State of Colorado or to any qualified agency or political subdivision of the State, or to a water users' organization, responsibility for the care, operation, and maintenance of the project works, or any part thereof. The agency or organization assuming such obligation shall obligate itself to operate the project works in accordance with regulations prescribed by the Secretary.

Sec. 108. Nothing contained in this Act shall be construed to abrogate, amend, modify, or be in conflict with any provisions of the Rio Grande compact; or to shift any legal burden of delivery from the Rio Grande or the Conejos River to the closed basin.

Sec. 109. There is hereby authorized to be appropriated for construction of the closed basin division of the San Luis Valley project the sum of $18,246,000 (April 1972 prices), plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuation in construction costs as indicated by engineering cost indexes applicable to the types of construction involved herein, and such additional sums as may be required for operation and maintenance of the project.

TITLE II

BRANTLEY PROJECT, PECOS RIVER BASIN, NEW MEXICO

Sec. 201. The Secretary of the Interior is authorized to construct, operate, and maintain the Brantley project, Pecos River Basin, New Mexico, in accordance with the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) and the provisions of this Act and the plan set out in the report of the Secretary on this project, with such modification of, omissions from, or additions to the works, as the Secretary may find proper and necessary for the purposes of irrigation, flood control, fish and wildlife and recreation, and for the elimination of the hazards of failure of McMilland and Avalon Dams: Provided, That the Secretary of the Interior shall operate the existing Alamogordo Dam and Reservoir unit: And provided further, That the Secretary of the Interior shall familiarize himself with the water rights of appropriators of water from the Pecos River and shall promulgate criteria for the operation of the Brantley project and other irrigation storage projects on the Pecos River in the State of New Mexico that will preclude any detrimental effect on water rights in the Pecos River so that appropriators of water will not be adversely and unreasonably affected by such operations.

Sec. 202. The conservation and development of the fish and wildlife resources and the enhancement of recreation opportunities in connection with the Brantley project shall be in accordance with the provisions of the Federal Water Project Recreation Act (79 Stat. 213).
Sec. 203. Nothing in this Act shall be construed to alter, amend, repeal, modify, or be in conflict with the provisions of the Pecos River Compact, 1948, consented to by the Congress in the Act of June 9, 1949 (63 Stat. 159).

Sec. 204. The costs allocated to flood control and the safety of dams purposes of the project shall be nonreimbursable and nonreturnable. The repayment of costs allocated to recreation and fish and wildlife enhancement shall be in accordance with the provisions of the Federal Water Project Recreation Act (79 Stat. 213).

Sec. 205. The interest rate used for computing interest during construction and interest on the unpaid balance of the reimbursable costs of the Brantley project shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction on the project is commenced, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations which are neither due nor callable for redemption for fifteen years from date of issue.

Sec. 206. There is hereby authorized to be appropriated for construction of the Brantley project the sum of $45,605,000 (based on July 1971 prices), plus or minus such amounts, if any, as may be justified by reason of changes in construction costs as indicated by engineering cost indexes applicable to the types of construction involved and, in addition thereto, sums as may be required for operation and maintenance of the project.

TITLE III

SALMON FALLS DIVISION, UPPER SNAKE RIVER PROJECT, IDAHO

Sec. 301. For the primary purposes of providing irrigation water supplies and the enhancement of fish and wildlife resources, and other purposes, the Secretary of the Interior, acting pursuant to the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto), is authorized to construct, operate, and maintain the Salmon Falls division, Upper Snake River project, Idaho. The principal works of the divisions shall consist of the Milner pumping plant, the Milner-Salmon Falls Canal, relift pumping stations, water distribution facilities, wells to provide supplemental water, drainage facilities, and related works. The wells to provide supplemental water, authorized by this Act, shall be so located that the irrigation water produced therefrom can be delivered to the lands of the Salmon Falls division without the requirement for water rights exchange agreements between the Salmon River Canal Company and the North Side Canal Company of Jerome, Idaho.

Sec. 302. Any exchanges of water which may be required in connection with the operation of the division authorized by this title shall be made in conformity with applicable State law and shall in no way jeopardize, diminish, or otherwise alter contractual rights and obligations now in existence or water rights acquired under State law, and shall be without prejudice to, but in enjoyment of, the rights of the appropriator participating in the exchange as a use under his original appropriation. Existing water users shall bear no additional costs as a consequence of any exchange in their service area.

Sec. 303. Irrigation repayment contracts shall provide, with respect to any contract unit, for repayment of the irrigation construction costs assigned to the irrigators for repayment over a period of not more than fifty years, exclusive of any development period authorized by
law. Construction costs allocated to irrigation beyond the ability of irrigators to repay shall be charged to and returned to the reclamation fund in accordance with the provisions of section 2 of the Act of June 14, 1966 (80 Stat. 200), as amended by section 6 of the Act of September 7, 1966 (80 Stat. 707).

SEC. 304. The provision of lands, facilities, and project modifications which furnish fish and wildlife benefits in connection with the Salmon Falls division shall be in accordance with the Federal Water Project Recreation Act (79 Stat. 213).

SEC. 305. Power and energy required for irrigation water pumping for the Salmon Falls division shall be made available by the Secretary from the Federal Columbia River power system at charges determined by him.

SEC. 306. The interest rate used for computing interest during construction and interest on the unpaid balance of the reimbursable costs of the Salmon Falls division shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction on the division is commenced, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations which are neither due nor callable for fifteen years from date of issue.

SEC. 307. For a period of ten years from the date of enactment of this Act, no water from the project authorized by this Act shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949 (63 Stat. 1051; 7 U.S.C. 1421), or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b)(10) of the Agricultural Adjustment Act of 1938 (62 Stat. 1251; 7 U.S.C. 1301), as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

SEC. 308. There is hereby authorized to be appropriated for construction of the works herein authorized and for the acquisition of the necessary land and rights the sum of $62,258,000 (January 1972 prices), plus or minus such amounts, if any, as may be required by reason of changes in the cost of construction work of the types involved therein as shown by engineering cost indexes. There are also authorized to be appropriated such sums as may be required for the operation and maintenance of said division.

TITLE IV

O'NEILL UNIT, PICK-SLOAN MISSOURI BASIN PROGRAM, NEBRASKA

SEC. 401. The O'Neill unit, heretofore authorized as an integral part of the Pick-Sloan Missouri Basin program by the Act of August 21, 1954 (68 Stat. 757), is hereby reauthorized as a unit of that project for the purposes of providing irrigation water for seventy-seven thousand acres of land, flood control, fish and wildlife conservation and development, public outdoor recreation, and for other purposes. The construction, operation, and maintenance of the O'Neill unit shall be subject to the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 358, and Acts amendatory thereof or supplementary thereto). The principal features of the unit shall include Norden Dam and Reservoir, related canals, a pumping plant, distribution systems, and other necessary works needed to effect the aforesaid purposes.
Sec. 402. The conservation and development of the fish and wildlife resources and the enhancement of recreation opportunities in connection with the O'Neill unit shall be in accordance with provisions of the Federal Water Project Recreation Act (79 Stat. 213).

Sec. 403. The O'Neill unit shall be integrated physically and financially with the other Federal works constructed under the comprehensive plan approved by section 9 of the Flood Control Act of December 22, 1944, as amended and supplemented.

Sec. 404. The interest rate used for purposes of computing interest during construction and interest on the unpaid balance of the capital costs allocated to interest-bearing features of the project shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable to the Treasury upon its outstanding marketable public obligations, which are neither due nor callable for redemption for fifteen years from date of issue.

Sec. 405. For a period of ten years from the date of enactment of this Act, no water from the project authorized by this Act shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949 (63 Stat. 1051; 7 U.S.C. 1421 note), or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b)(10) of the Agricultural Adjustment Act of 1938 (62 Stat. 1251; 7 U.S.C. 1301), as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

Sec. 406. There is hereby authorized to be appropriated for construction of the O'Neill unit as authorized in this Act the sum of $113,300,000 (based upon January 1972 prices), plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction involved herein. There are also authorized to be appropriated such additional sums as may be required for operation and maintenance of the unit.

TITLE V

NORTH LOUP DIVISION, PICK-SLOAN MISSOURI BASIN PROGRAM, NEBRASKA

Sec. 501. The North Loup division heretofore authorized as an integral part of the Missouri River Basin project by section 9 of the Flood Control Act of December 22, 1944, as amended and supplemented, is hereby reauthorized as a unit of that project for the purposes of providing irrigation water for fifty-three thousand acres of land, enhancement of outdoor recreation opportunities, conservation and development of fish and wildlife resources, and for other purposes. The principal features of the North Loup division shall include Calamus and Davis Creek Dams and Reservoirs, Kent diversion works; irrigation canals; pumping facilities; associated irrigation distribution and drainage works; facilities for public outdoor recreation and fish and wildlife developments; and other necessary works and facilities to effect its purposes.

Sec. 502. The interest rate used for purposes of computing interest during construction and interest on the unpaid balance of the capital costs allocated to interest-bearing features of the project shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable to the Treasury upon its
outstanding marketable public obligations, which are neither due nor callable for redemption for fifteen years from date of issue.

Sec. 503. The conservation and development of the fish and wildlife resources and the enhancement of recreation opportunities in connection with the North Loup division shall be in accordance with provisions of the Federal Water Project Recreation Act (79 Stat. 213).

Sec. 504. The North Loup division shall be integrated, physically and financially, with the other Federal works in the Missouri Basin constructed or authorized to be constructed under the comprehensive plans approved by section 9 of the Act of December 22, 1944 (58 Stat. 891), as amended and supplemented.

Sec. 505. The North Loup division shall be so constructed and operated that no water shall be diverted from either the Calamus or the North Loup Rivers for any use by the division during the months of July and August each year; and no water shall be diverted from said rivers during the month of September each year whenever during said month there is sufficient water available in the division storage reservoirs to deliver the design capacity of the canals receiving water from said reservoirs.

Sec. 506. For a period of ten years from the date of enactment of this Act, no water from the project authorized by this Act shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949 (63 Stat. 1051; 7 U.S.C. 1421 note), or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b)(10) of the Agricultural Adjustment Act of 1938 (62 Stat. 1251; 7 U.S.C. 1301), as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

Sec. 507. There is hereby authorized to be appropriated for construction of the North Loup division as authorized in this Act the sum of $79,500,000 (based upon January 1972 prices), plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering costs indexes applicable to the types of construction involved herein. There are also authorized to be appropriated such additional sums as may be required for operation and maintenance of the division.

Also, the term 'plant regulator' shall not be required to include any of such of those nutrient mixtures or soil amendments as are commonly known as vitamin-hormone horticultural products, intended for improvement, maintenance, survival, health, and propagation of plants, and as are not for pest destruction and are nontoxic, nonpoisonous in the undiluted packaged concentration.

"SEC. 3. REGISTRATION OF PESTICIDES.

"(a) Requirement.—Except as otherwise provided by this Act, no person in any State may distribute, sell, offer for sale, hold for sale, ship, deliver for shipment, or receive and (having so received) deliver or offer to deliver, to any person any pesticide which is not registered with the Administrator.

"(b) Exemptions.—A pesticide which is not registered with the Administrator may be transferred if—

"(1) the transfer is from one registered establishment to another registered establishment operated by the same producer solely for packaging at the second establishment or for use as a constituent part of another pesticide produced at the second establishment; or

"(2) the transfer is pursuant to and in accordance with the requirements of an experimental use permit.

"(c) Procedure for Registration.—

(1) Statement Required.—Each applicant for registration of a pesticide shall file with the Administrator a statement which includes—

"(A) the name and address of the applicant and of any other person whose name will appear on the labeling;

"(B) the name of the pesticide;

"(C) a complete copy of the labeling of the pesticide, a statement of all claims to be made for it, and any directions for its use;

"(D) if requested by the Administrator, a full description of the tests made and the results thereof upon which the
claims are based, except that data submitted in support of an application shall not, without permission of the applicant, be considered by the Administrator in support of any other application for registration unless such other applicant shall have first offered to pay reasonable compensation for producing the test data to be relied upon and such data is not protected from disclosure by section 10(b). If the parties cannot agree on the amount and method of payment, the Administrator shall make such determination and may fix such other terms and conditions as may be reasonable under the circumstances. The Administrator's determination shall be made on the record after notice and opportunity for hearing. If the owner of the test data does not agree with said determination, he may, within thirty days, take an appeal to the federal district court for the district in which he resides with respect to either the amount of the payment or the terms of payment, or both. In no event shall the amount of payment determined by the court be less than that determined by the Administrator;

"(E) the complete formula of the pesticide; and

"(F) a request that the pesticide be classified for general use, for restricted use, or for both.

"(2) DATA IN SUPPORT OF REGISTRATION.—The Administrator shall publish guidelines specifying the kinds of information which will be required to support the registration of a pesticide and shall revise such guidelines from time to time. If thereafter he requires any additional kind of information he shall permit sufficient time for applicants to obtain such additional information. Except as provided by subsection (c) (1) (D) of this section and section 10, within 30 days after the Administrator registers a pesticide under this Act he shall make available to the public the data called for in the registration statement together with such other scientific information as he deems relevant to his decision.

"(3) TIME FOR ACTING WITH RESPECT TO APPLICATION.—The Administrator shall review the data after receipt of the application and shall, as expeditiously as possible, either register the pesticide in accordance with paragraph (5), or notify the applicant of his determination that it does not comply with the provisions of the Act in accordance with paragraph (6).

"(4) NOTICE OF APPLICATION.—The Administrator shall publish in the Federal Register, promptly after receipt of the statement and other data required pursuant to paragraphs (1) and (2), a notice of each application for registration of any pesticide if it contains any new active ingredient or if it would entail a changed use pattern. The notice shall provide for a period of 30 days in which any Federal agency or any other interested person may comment.

"(5) APPROVAL OF REGISTRATION.—The Administrator shall register a pesticide if he determines that, when considered with any restrictions imposed under subsection (d)—

"(A) its composition is such as to warrant the proposed claims for it;

"(B) its labeling and other material required to be submitted comply with the requirements of this Act;

"(C) it will perform its intended function without unreasonable adverse effects on the environment; and
"(D) when used in accordance with widespread and commonly recognized practice it will not generally cause unreasonable adverse effects on the environment.

The Administrator shall not make any lack of essentiality a criterion for denying registration of any pesticide. Where two pesticides meet the requirements of this paragraph, one should not be registered in preference to the other.

"(6) DENIAL OF REGISTRATION.—If the Administrator determines that the requirements of paragraph (5) for registration are not satisfied, he shall notify the applicant for registration of his determination and of his reasons (including the factual basis) therefor, and that, unless the applicant corrects the conditions and notifies the Administrator thereof during the 30-day period beginning with the day after the date on which the applicant receives the notice, the Administrator may refuse to register the pesticide. Whenever the Administrator refuses to register a pesticide, he shall notify the applicant of his decision and of his reasons (including the factual basis) therefor. The Administrator shall promptly publish in the Federal Register notice of such denial of registration and the reasons therefor. Upon such notification, the applicant for registration or other interested person with the concurrence of the applicant shall have the same remedies as provided for in section 6.

"(d) CLASSIFICATION OF PESTICIDES.—

"(1) CLASSIFICATION FOR GENERAL USE, RESTRICTED USE, OR BOTH.—

"(A) As a part of the registration of a pesticide the Administrator shall classify it as being for general use or for restricted use, provided that if the Administrator determines that some of the uses for which the pesticide is registered should be for general use and that other uses for which it is registered should be for restricted use, he shall classify it for both general use and restricted use. If some of the uses of the pesticide are classified for general use and other uses are classified for restricted use, the directions relating to its general uses shall be clearly separated and distinguished from those directions relating to its restricted uses: Provided, however, That the Administrator may require that its packaging and labeling for restricted uses shall be clearly distinguishable from its packaging and labeling for general uses.

"(B) If the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, will not generally cause unreasonable adverse effects on the environment, he will classify the pesticide, or the particular use or uses of the pesticide to which the determination applies, for general use.

"(C) If the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, may generally cause, without additional regulatory restrictions, unreasonable adverse effects on the environment, including injury to the applicator, he shall classify the pesticide, or the particular
use or uses to which the determination applies, for restricted use:

“(i) If the Administrator classifies a pesticide, or one or more uses of such pesticide, for restricted use because of a determination that the acute dermal or inhalation toxicity of the pesticide presents a hazard to the applicator or other persons, the pesticide shall be applied for any use to which the restricted classification applies only by or under the direct supervision of a certified applicator.

“(ii) If the Administrator classifies a pesticide, or one or more uses of such pesticide, for restricted use because of a determination that its use without additional regulatory restriction may cause unreasonable adverse effects on the environment, the pesticide shall be applied for any use to which the determination applies only by or under the direct supervision of a certified applicator, or subject to such other restrictions as the Administrator may provide by regulation. Any such regulation shall be reviewable in the appropriate court of appeals upon petition of a person adversely affected filed within 60 days of the publication of the regulation in final form.

“(2) Change in Classification.—If the Administrator determines that a change in the classification of any use of a pesticide from general use to restricted use is necessary to prevent unreasonable adverse effects on the environment, he shall notify the registrant of such pesticide of such determination at least 30 days before making the change and shall publish the proposed change in the Federal Register. The registrant, or other interested person with the concurrence of the registrant, may seek relief from such determination under section 6(b).

“(e) Products with Same Formulation and Claims.—Products which have the same formulation, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same pesticide may be registered as a single pesticide; and additional names and labels shall be added to the registration by supplemental statements.

“(f) Miscellaneous.—

“(1) Effect of Change of Labeling or Formulation.—If the labeling or formulation for a pesticide is changed, the registration shall be amended to reflect such change if the Administrator determines that the change will not violate any provision of this Act.

“(2) Registration not a Defense.—In no event shall registration of an article be construed as a defense for the commission of any offense under this Act: Provided, That as long as no cancellation proceedings are in effect registration of a pesticide shall be prima facie evidence that the pesticide, its labeling and packaging comply with the registration provisions of the Act.

“(3) Authority to Consult Other Federal Agencies.—In connection with consideration of any registration or application for registration under this section, the Administrator may consult with any other Federal agency.
"SEC. 4. USE OF RESTRICTED USE PESTICIDES; CERTIFIED APPLICATORS.

(a) Certification Procedure.—

(1) Federal Certification.—Subject to paragraph (2), the Administrator shall prescribe standards for the certification of applicators of pesticides. Such standards shall provide that to be certified, an individual must be determined to be competent with respect to the use and handling of pesticides, or to the use and handling of the pesticide or class of pesticides covered by such individual's certification.

(2) State Certification.—If any State, at any time, desires to certify applicators of pesticides, the Governor of such State shall submit a State plan for such purpose. The Administrator shall approve the plan submitted by any State, or any modification thereof, if such plan in his judgment—

(A) designates a State agency as the agency responsible for administering the plan throughout the State;

(B) contains satisfactory assurances that such agency has or will have the legal authority and qualified personnel necessary to carry out the plan;

(C) gives satisfactory assurances that the State will devote adequate funds to the administration of the plan;

(D) provides that the State agency will make such reports to the Administrator in such form and containing such information as the Administrator may from time to time require; and

(E) contains satisfactory assurances that State standards for the certification of applicators of pesticides conform with those standards prescribed by the Administrator under paragraph (1).

Any State certification program under this section shall be maintained in accordance with the State plan approved under this section.

(b) State Plans.—If the Administrator rejects a plan submitted under this paragraph, he shall afford the State submitting the plan due notice and opportunity for hearing before so doing. If the Administrator approves a plan submitted under this paragraph, then such State shall certify applicators of pesticides with respect to such State. Whenever the Administrator determines that a State is not administering the certification program in accordance with the plan approved under this section, he shall so notify the State and provide for a hearing at the request of the State, and, if appropriate corrective action is not taken within a reasonable time, not to exceed ninety days, the Administrator shall withdraw approval of such plan.

"SEC. 5. EXPERIMENTAL USE PERMITS.

(a) Issuance.—Any person may apply to the Administrator for an experimental use permit for a pesticide. The Administrator may issue an experimental use permit if he determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide under section 3. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed.

(b) Temporary Tolerance Level.—If the Administrator determines that the use of a pesticide may reasonably be expected to result in any residue on or in food or feed, he may establish a temporary tolerance level for the residue of the pesticide before issuing the experimental use permit.
“(c) Use Under Permit.—Use of a pesticide under an experimental use permit shall be under the supervision of the Administrator, and shall be subject to such terms and conditions and be for such period of time as the Administrator may prescribe in the permit.

“(d) Studies.—When any experimental use permit is issued for a pesticide containing any chemical or combination of chemicals which has not been included in any previously registered pesticide, the Administrator may specify that studies be conducted to detect whether the use of the pesticide under the permit may cause unreasonable adverse effects on the environment. All results of such studies shall be reported to the Administrator before such pesticide may be registered under section 3.

“(e) Revocation.—The Administrator may revoke any experimental use permit, at any time, if he finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

“(f) State Issuance of Permits.—Notwithstanding the foregoing provisions of this section, the Administrator may, under such terms and conditions as he may by regulations prescribe, authorize any State to issue an experimental use permit for a pesticide. All provisions of section 4 relating to State plans shall apply with equal force to a State plan for the issuance of experimental use permits under this section.

“SEC. 6. ADMINISTRATIVE REVIEW; SUSPENSION.

“(a) Cancellation After Five Years—

“(1) Procedure.—The Administrator shall cancel the registration of any pesticide at the end of the five-year period which begins on the date of its registration (or at the end of any five-year period thereafter) unless the registrant, or other interested person with the concurrence of the registrant, before the end of such period, requests in accordance with regulations prescribed by the Administrator that the registration be continued in effect: Provided, That the Administrator may permit the continued sale and use of existing stocks of a pesticide whose registration is canceled under this subsection or subsection (b) to such extent, under such conditions, and for such uses as he may specify if he determines that such sale or use is not inconsistent with the purposes of this Act and will not have unreasonable adverse effects on the environment. The Administrator shall publish in the Federal Register, at least 30 days prior to the expiration of such five-year period, notice that the registration will be canceled if the registrant or other interested person with the concurrence of the registrant does not request that the registration be continued in effect.

“(2) Information.—If at any time after the registration of a pesticide the registrant has additional factual information regarding unreasonable adverse effects on the environment of the pesticide, he shall submit such information to the Administrator.

“(b) Cancellation and Change in Classification.—If it appears to the Administrator that a pesticide or its labeling or other material required to be submitted does not comply with the provisions of this Act or, when used in accordance with widespread and commonly recognized practice, generally causes unreasonable adverse effects on the environment, the Administrator may issue a notice of his intent either—
“(1) to cancel its registration or to change its classification together with the reasons (including the factual basis) for his action, or

“(2) to hold a hearing to determine whether or not its registration should be canceled or its classification changed.

Such notice shall be sent to the registrant and made public. The proposed action shall become final and effective at the end of 30 days from receipt by the registrant, or publication, of a notice issued under paragraph (1), whichever occurs later, unless within that time either (i) the registrant makes the necessary corrections, if possible, or (ii) a request for a hearing is made by a person adversely affected by the notice. In the event a hearing is held pursuant to such a request or to the Administrator's determination under paragraph (2), a decision pertaining to registration or classification issued after completion of such hearing shall be final.

“(c) Suspension.—

“(1) ORDER.—If the Administrator determines that action is necessary to prevent an imminent hazard during the time required for cancellation or change in classification proceedings, he may, by order, suspend the registration of the pesticide immediately. No order of suspension may be issued unless the Administrator has issued or at the same time issues notice of his intention to cancel the registration or change the classification of the pesticide.

“Except as provided in paragraph (3), the Administrator shall notify the registrant prior to issuing any suspension order. Such notice shall include findings pertaining to the question of ‘imminent hazard’. The registrant shall then have an opportunity, in accordance with the provisions of paragraph (2), for an expedited hearing before the Agency on the question of whether an imminent hazard exists.

“(2) EXPEDITED HEARING.—If no request for a hearing is submitted to the Agency within five days of the registrant's receipt of the notification provided for by paragraph (1), the suspension order may be issued and shall take effect and shall not be reviewable by a court. If a hearing is requested, it shall commence within five days of the receipt of the request for such hearing unless the registrant and the Agency agree that it shall commence at a later time. The hearing shall be held in accordance with the provisions of subchapter II of title 5 of the United States Code, except that the presiding officer need not be a certified hearing examiner. The presiding officer shall have ten days from the conclusion of the presentation of evidence to submit recommended findings and conclusions to the Administrator, who shall then have seven days to render a final order on the issue of suspension.

“(3) EMERGENCY ORDER.—Whenever the Administrator determines that an emergency exists that does not permit him to hold a hearing before suspending, he may issue a suspension order in advance of notification to the registrant. In that case, paragraph (2) shall apply except that (i) the order of suspension shall be in effect pending the expeditious completion of the remedies provided by that paragraph and the issuance of a final order on suspension, and (ii) no party other than the registrant and the Agency shall participate except that any person adversely affected may file briefs within the time allotted by the Agency’s rules. Any person so filing briefs shall be considered a party to such proceeding for the purposes of section 16(b).
“(4) Judicial review.—A final order on the question of suspension following a hearing shall be reviewable in accordance with Section 16 of this Act, notwithstanding the fact that any related cancellation proceedings have not been completed. Petitions to review orders on the issue of suspension shall be advanced on the docket of the courts of appeals. Any order of suspension entered prior to a hearing before the Administrator shall be subject to immediate review in an action by the registrant or other interested person with the concurrence of the registrant in an appropriate district court, solely to determine whether the order of suspension was arbitrary, capricious or an abuse of discretion, or whether the order was issued in accordance with the procedures established by law. The effect of any order of the court will be only to stay the effectiveness of the suspension order, pending the Administrator’s final decision with respect to cancellation or change in classification. This action may be maintained simultaneously with any administrative review proceeding under this section. The commencement of proceedings under this paragraph shall not operate as a stay of order, unless ordered by the court.

“(d) Public Hearings and Scientific Review.—In the event a hearing is requested pursuant to subsection (b) or determined upon by the Administrator pursuant to subsection (b), such hearing shall be held after due notice for the purpose of receiving evidence relevant and material to the issues raised by the objections filed by the applicant or other interested parties, or to the issues stated by the Administrator, if the hearing is called by the Administrator rather than by the filing of objections. Upon a showing of relevance and reasonable scope of evidence sought by any party to a public hearing, the Hearing Examiner shall issue a subpoena to compel testimony or production of documents from any person. The Hearing Examiner shall be guided by the principles of the Federal Rules of Civil Procedure in making any order for the protection of the witness or the content of documents produced and shall order the payment of reasonable fees and expenses as a condition to requiring testimony of the witness. On contest, the subpoena may be enforced by an appropriate United States district court in accordance with the principles stated herein. Upon the request of any party to a public hearing and when in the Hearing Examiner’s judgment it is necessary or desirable, the Hearing Examiner shall at any time before the hearing record is closed refer to a Committee of the National Academy of Sciences the relevant questions of scientific fact involved in the public hearing. No member of any committee of the National Academy of Sciences established to carry out the functions of this section shall have a financial or other conflict of interest with respect to any matter considered by such committee. The Committee of the National Academy of Sciences shall report in writing to the Hearing Examiner within 60 days after such referral on these questions of scientific fact. The report shall be made public and shall be considered as part of the hearing record. The Administrator shall enter into appropriate arrangements with the National Academy of Sciences to assure an objective and competent scientific review of the questions presented to Committees of the Academy and to provide such other scientific advisory services as may be required by the Administrator for carrying out the purposes of this Act. As soon as practicable after completion of the hearing (including the report of the Academy) but not later than 90 days thereafter, the Administrator shall evaluate the data and reports before him and issue an order either revoking his notice of intention issued pursuant to
this section, or shall issue an order either canceling the registration, changing the classification, denying the registration, or requiring modification of the labeling or packaging of the article. Such order shall be based only on substantial evidence of record of such hearing and shall set forth detailed findings of fact upon which the order is based.

“(e) JUDICIAL REVIEW.—Final orders of the Administrator under this section shall be subject to judicial review pursuant to section 16.

“(d) CONFIDENTIAL RECORDS AND INFORMATION.—Any information submitted to the Administrator pursuant to subsection (c) shall be considered confidential and shall be subject to the provisions of section 10.

“SEC. 8. BOOKS AND RECORDS.

“(a) REQUIREMENTS.—The Administrator may prescribe regulations requiring producers to maintain such records with respect to their operations and the pesticides and devices produced as he determines are necessary for the effective enforcement of this Act. No records required under this subsection shall extend to financial data, sales data other than shipment data, pricing data, personnel data, and research data (other than data relating to registered pesticides or to a pesticide for which an application for registration has been filed).

“(b) INSPECTION.—For the purposes of enforcing the provisions of this Act, any producer, distributor, carrier, dealer, or any other person who sells or offers for sale, delivers or offers for delivery any pesticide or device subject to this Act, shall, upon request of any officer or employee of the Environmental Protection Agency or of any State or political subdivision, duly designated by the Administrator, furnish or permit such person at all reasonable times to have access to, and to copy: (1) all records showing the delivery, movement, or holding of such pesticide or device, including the quantity, the date of shipment and receipt, and the name of the consignor and consignee; or (2) in the event of the inability of any person to produce records containing such
information, all other records and information relating to such delivery, movement, or holding of the pesticide or device. "SEC. 9. INSPECTION OF ESTABLISHMENTS, ETC.

"(a) In General.—For purposes of enforcing the provisions of this Act, officers or employees duly designated by the Administrator are authorized to enter at reasonable times, any establishment or other place where pesticides or devices are held for distribution or sale for the purpose of inspecting and obtaining samples of any pesticides or devices, packaged, labeled, and released for shipment, and samples of any containers or labeling for such pesticides or devices.

Before undertaking such inspection, the officers or employees must present to the owner, operator, or agent in charge of the establishment or other place where pesticides or devices are held for distribution or sale, appropriate credentials and a written statement as to the reason for the inspection, including a statement as to whether a violation of the law is suspected. If no violation is suspected, an alternate and sufficient reason shall be given in writing. Each such inspection shall be commenced and completed with reasonable promptness. If the officer or employee obtains any samples, prior to leaving the premises, he shall give to the owner, operator, or agent in charge a receipt describing the samples obtained and, if requested, a portion of each such sample equal in volume or weight to the portion retained. If an analysis is made of such samples, a copy of the results of such analysis shall be furnished promptly to the owner, operator, or agent in charge.

"(b) Warrants.—For purposes of enforcing the provisions of this Act and upon a showing to an officer or court of competent jurisdiction that there is reason to believe that the provisions of this Act have been violated, officers or employees duly designated by the Administrator are empowered to obtain and to execute warrants authorizing—

"(2) inspection and reproduction of all records showing the quantity, date of shipment, and the name of consignor and consignee of any pesticide or device found in the establishment which is adulterated, misbranded, not registered (in the case of a pesticide) or otherwise in violation of this Act and in the event of the inability of any person to produce records containing such information, all other records and information relating to such delivery, movement, or holding of the pesticide or device; and

"(3) the seizure of any pesticide or device which is in violation of this Act.

"(c) Enforcement.—

"(1) Certification of Facts to Attorney General.—The examination of pesticides or devices shall be made in the Environmental Protection Agency or elsewhere as the Administrator may designate for the purpose of determining from such examinations whether they comply with the requirements of this Act. If it shall appear from any such examination that they fail to comply with the requirements of this Act, the Administrator shall cause notice to be given to the person against whom criminal or civil proceedings are contemplated. Any person so notified shall be
given an opportunity to present his views, either orally or in
writing, with regard to such contemplated proceedings, and if
in the opinion of the Administrator it appears that the provisions
of this Act have been violated by such person, then the Adminis-
trator shall certify the facts to the Attorney General, with a copy
of the results of the analysis or the examination of such pesticide
for the institution of a criminal proceeding pursuant to section
14(b) or a civil proceeding under section 14(a), when the
Administrator determines that such action will be sufficient to
effectuate the purposes of this Act.

"(2) NOTICE NOT REQUIRED.—The notice of contemplated pro-
ceedings and opportunity to present views set forth in this sub-
section are not prerequisites to the institution of any proceeding
by the Attorney General.

"(3) WARNING NOTICES.—Nothing in this Act shall be con-
strued as requiring the Administrator to institute proceedings
for prosecution of minor violations of this Act whenever he
believes that the public interest will be adequately served by a
suitable written notice of warning.

"SEC. 10. PROTECTION OF TRADE SECRETS AND OTHER INFORMATION.

"(a) IN GENERAL.—In submitting data required by this Act, the
applicant may (1) clearly mark any portions thereof which in his
opinion are trade secrets or commercial or financial information and
(2) submit such marked material separately from other material
required to be submitted under this Act.

"(b) Disclosure.—Notwithstanding any other provision of this Act,
the Administrator shall not make public information which in his judg-

by the Administrator.

"(c) DISPUTES.—If the Administrator proposes to release for inspec-

protected from disclosure under subsection (b), he shall notify the
applicant or registrant, in writing, by certified mail. The Administra-

thirty days after receipt of the notice by the applicant or registrant.
During this period, the applicant or registrant may institute an action
in an appropriate district court for a declaratory judgment as to
whether such information is subject to protection under subsection (b).

SEC. 13. STOP SALE, USE, REMOVAL, AND SEIZURE.
“(a) Stop Sale, Etc., Orders.—Whenever any pesticide or device is found by the Administrator in any State and there is reason to believe on the basis of inspection or tests that such pesticide or device is in violation of any of the provisions of this Act, or that such pesticide or device has been or is intended to be distributed or sold in violation of any such provisions, or when the registration of the pesticide has been canceled by a final order or has been suspended, the Administrator may issue a written or printed ‘stop sale, use, or removal’ order to any person who owns, controls, or has custody of such pesticide or device, and after receipt of such order no person shall sell, use, or
remove the pesticide or device described in the order except in accordance with the provisions of the order.

“(b) Seizure.—Any pesticide or device that is being transported or, having been transported, remains unsold or in original unbroken packages, or that is sold or offered for sale in any State, or that is imported from a foreign country, shall be liable to be proceeded against in any district court in the district where it is found and seized for confiscation by a process in rem for condemnation if—

“(3) Hearing.—No civil penalty shall be assessed unless the person charged shall have been given notice and opportunity for a hearing on such charge in the county, parish, or incorporated city of the residence of the person charged. In determining the amount of the penalty the Administrator shall consider the appropriateness of such penalty to the size of the business of the person charged, the effect on the person’s ability to continue in business, and the gravity of the violation.

“(4) References to Attorney General.—In case of inability to collect such civil penalty or failure of any person to pay all, or such portion of such civil penalty as the Administrator may determine, the Administrator shall refer the matter to the Attorney General, who shall recover such amount by action in the appropriate United States district court.

“(3) any person who owned any quantity of such pesticide immediately before the notice to the registrant under paragraph (1) suffered losses by reason of suspension or cancellation of the registration,

the Administrator shall make an indemnity payment to such person, unless the Administrator finds that such person (i) had knowledge of facts which, in themselves, would have shown that such pesticide did
not meet the requirements of section 3 (c) (5) for registration, and (ii) continued thereafter to produce such pesticide without giving timely notice of such facts to the Administrator.

"(b) Amount of Payment.—

"(1) In general.—The amount of the indemnity payment under subsection (a) to any person shall be determined on the basis of the cost of the pesticide owned by such person immediately before the notice to the registrant referred to in subsection (a) (1); except that in no event shall an indemnity payment to any person exceed the fair market value of the pesticide owned by such person immediately before the notice referred to in subsection (a) (1).

A copy of the petition shall be forthwith transmitted by the clerk of the court to the Administrator or any officer designated by him for that purpose, and thereupon the Administrator shall file in the court the record of the proceedings on which he based his order, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition the court shall have exclusive jurisdiction to affirm or set aside the order complained of in whole or in part. The court shall consider all evidence of record. The order of the Administrator shall be sustained if it is supported by substantial evidence when considered on the record as a whole. The judgment of the court affirming or setting aside, in whole or in part, any order under this section shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28 of the United States Code. The commencement of proceedings under this section shall not, unless specifically ordered by the court to the contrary, operate as a stay of an order. (b) Cancellation Notices Furnished to Foreign Governments.—Whenever a registration, or a cancellation or suspension of the registration of a pesticide becomes effective, or ceases to be effective, the Administrator shall transmit through the State Department notification thereof to the governments of other countries and to appropriate international agencies.

(c) Importation of Pesticides and Devices.—The Secretary of the Treasury shall notify the Administrator of the arrival of pesticides and devices and shall deliver to the Administrator, upon his request, samples of pesticides or devices which are being imported into the United States, giving notice to the owner or consignee, who may appear before the Administrator and have the right to introduce testimony. If it appears from the examination of a sample that it is adulterated, or misbranded or otherwise violates the provisions set forth in this Act, or is otherwise injurious to health or the environment, the pesticide or device may be refused admission, and the Secretary of the Treasury shall refuse delivery to the consignee and shall cause the destruction of any pesticide or device refused delivery which shall not be exported by the consignee within 90 days from the date of notice of such refusal under such regulations as the Secretary of the Treasury may prescribe: Provided, That the Secretary of the Treasury may deliver to the consignee such pesticide or device pending examination and decision in the matter on execution of bond for the amount of the full invoice value of such pesticide or device, together with the duty thereon, and on refusal to return such pesticide or device for any cause to the custody of the Secretary of the Treasury, when demanded, for the purpose of excluding them from the country, or for any other purpose, said consignee shall forfeit the full amount of said bond: And provided further, That all charges for storage, cartage, and labor on pesticides or devices which are refused admission or delivery shall be paid by the owner or consignee, and in default of such payment shall constitute a lien against any future importation made by such owner or consignee.

SEC. 19. DISPOSAL AND TRANSPORTATION.

(a) Procedures.—The Administrator shall, after consultation with other interested Federal agencies, establish procedures and regula-
tions for the disposal or storage of packages and containers of pesticides and for disposal or storage of excess amounts of such pesticides, and accept at convenient locations for safe disposal a pesticide the registration of which is canceled under section 6(c) if requested by the owner of the pesticide.

"(b) ADVICE TO SECRETARY OF TRANSPORTATION.—The Administrator shall provide advice and assistance to the Secretary of Transportation with respect to his functions relating to the transportation of hazardous materials under the Department of Transportation Act (49 U.S.C. 1657), the Transportation of Explosives Act (18 U.S.C. 831-835), the Federal Aviation Act of 1958 (49 U.S.C. 1421-1430, 1472 H), and the Hazardous Cargo Act (46 U.S.C. 170, 375, 416).

in the State, but only if and to the extent the regulation does not
permit any sale or use prohibited by this Act;
“(b) such State shall not impose or continue in effect any require-
ments for labeling and packaging in addition to or different from those
required pursuant to this Act; and
“(c) a State may provide registration for pesticides formulated for
distribution and use within that State to meet special local needs if that
State is certified by the Administrator as capable of exercising ade-
quate controls to assure that such registration will be in accord with
the purposes of this Act and if registration for such use has not previ-
ously been denied, disapproved, or canceled by the Administrator.
Such registration shall be deemed registration under section 3 for all
purposes of this Act, but shall authorize distribution and use only
within such State and shall not be effective for more than 90 days if
disapproved by the Administrator within that period.

“SEC. 25. AUTHORITY OF ADMINISTRATOR.

AN ACT

To provide for acquisition by the Washington Metropolitan Area Transit Author-
ity of the mass transit bus systems engaged in scheduled regular route opera-
tions in the National Capital area, and for other purposes.

Be it enacted by the Senate and House of Representatives of the
United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as “National Capital Area Transit
Act of 1972”.

STATEMENT OF FINDINGS AND PURPOSES

Sec. 2. The Congress finds that (1) an adequate and economically
sound transportation system or systems, including bus and rail rapid
transit, serving the Washington metropolitan area is essential to commerce among the several States, and among such States and the District of Columbia, and to the health, welfare, and safety of the public; (2) economies and improvement of service will result from the unification of bus transit and rail transit operations as well as from integration of bus transit facilities within the Washington metropolitan area; (3) the Washington Metropolitan Area Transit Authority is a body corporate and politic organized pursuant to interstate compact among the States of Maryland and Virginia and the District of Columbia, with the consent of Congress, to plan, develop, finance, and operate improved transit facilities in the Washington metropolitan area transit zone; (4) an appropriate solution to the current bus transportation emergency is public ownership and operation of bus transit facilities within the Washington metropolitan area; (5) the cost of such public ownership should be shared by the Federal and local governments in the Washington metropolitan area in accordance with the matching formula authorized by the Urban Mass Transportation Act of 1964 (49 U.S.C. 1601-1612); and (6) to these ends it is necessary to enact the provisions hereinafter set forth.

**TITLE I**

**CONSENT TO COMPACT AMENDMENT**

Sec. 101. (a) The Congress hereby consents to amendments to articles XII and XVI of title III of the Washington Metropolitan Area Transit Regulation Compact (D.C. Code, sec. 1-1431 note) substantially as follows:

(1) Section 56 of article XII is amended by adding at the end thereof the following new paragraph:

"(e) The Authority may acquire the capital stock or transit facilities of any private transit company and may perform transit service, including service by bus or similar motor vehicle, with transit facilities so acquired, or with transit facilities acquired pursuant to article VII, section 20. Upon acquisition of the capital stock or the transit facilities of any private transit company, the Authority shall undertake the acquisition as soon as possible of the capital stock or the transit facilities of each of the other private transit companies within the zone requesting such acquisition. Lack of such request, however, shall not be construed to preclude the Authority from acquiring the capital stock or the transit facilities of any such company pursuant to section 82 of article XVI."

(2) Subsection (a) of section 82 of article XVI is amended by deleting "or by a private transit company" at the end of such subsection and by inserting in lieu thereof the following: "whenever such property cannot be acquired by negotiated purchase at a price satisfactory to the Authority".

(b) The Commissioner of the District of Columbia is authorized and directed to enter into and execute on behalf of the District of Columbia amendments, substantially as set forth above, to title III of the Washington Metropolitan Area Transit Regulation Compact with the States of Virginia and Maryland.
ACQUISITION OF PRIVATE BUS COMPANIES OPERATING WITHIN THE WASHINGTON METROPOLITAN AREA

Sec. 102. (a) Based on the findings set forth in section 2 of this Act, it is the sense of the Congress that the Washington Metropolitan Area Transit Authority (hereafter in this Act referred to as the "Transit Authority") should initiate negotiations as soon as possible with the ownership of D.C. Transit System, Incorporated (and its subsidiary, the Washington, Virginia, and Maryland Coach Company), the Alexandria, Barcroft, and Washington Transit Company, and the WMA Transit Company for acquisition by the Transit Authority of capital stock or facilities, plant, equipment, real and personal property of such bus companies of whatever nature, whether owned directly or indirectly, used or useful for mass transportation by bus of passengers within the Washington metropolitan area. It is further the sense of the Congress that representatives of the Transit Authority should participate in any labor contract negotiations undertaken prior to acquisition by the Transit Authority of such bus companies.

(b) The franchise to operate a system of mass transportation of passengers for hire granted to D.C. Transit System, Incorporated, by the Act of July 24, 1956 (70 Stat. 598) is hereby canceled, effective upon the date immediately preceding the date on which the Transit Authority acquires the transit facilities of D.C. Transit System, Incorporated.

(c) (1) The Transit Authority, and any transit company owned or controlled by the Transit Authority, may operate charter service by bus in accordance with title III of the Washington Metropolitan Area Transit Regulation Compact only between any point within the transit zone and any point in the State of Maryland or Virginia, or a point within 250 miles of the Zero Mile Stone located on the Ellipse.

(2) For the purposes of this subsection, the term "transit zone" means the area designated in section 3 of title III of the Washington Metropolitan Area Transit Regulation Compact.

(d) D.C. Transit System, Incorporated, a corporation of the District of Columbia, may—

(1) continue to exist as such a corporation and amend its charter in any manner provided under the laws of the District of Columbia;

(2) avail itself of the provisions of the District of Columbia Business Corporation Act in respect to a change of its name; and

(3) become incorporated or reincorporated in any manner provided under the laws of the District of Columbia.

Nothing in this Act shall be construed so as to cause or require the corporate dissolution of D.C. Transit System, Incorporated.
TITLE II

DISTRICT OF COLUMBIA AUTHORIZATIONS

SEC. 201. (a) The Commissioner of the District of Columbia is authorized to contract with the Transit Authority for payment to it of the District's share of the cost to the Transit Authority of acquiring—

(1) the private bus companies referred to in section 102(a) of this Act; and

(2) any rolling stock, real estate, or other capital resources required for the operation of bus service in the District of Columbia either at the time of acquisition of such bus companies or at some future time.

(b) Subsection (b) of the first section of the Act of June 6, 1958 (D.C. Code, sec. 9-220) (relating to the borrowing authority of the District of Columbia), is amended by adding at the end thereof the following new paragraph:

"(5) Loans may be made under this subsection to carry out the purposes of section 210(a) of the National Capital Area Transit Act of 1972."

TITLE III

FINANCING

SEC. 301. The Transit Authority, for the purpose of effecting the acquisition of the mass transit bus system or systems as contemplated by this Act, together with such improvements or replacement of acquired equipment and facilities as may be found necessary or desirable by the Secretary of Transportation (hereafter in this title referred to as the "Secretary") in conjunction with such acquisition and within a reasonable time thereafter, not to exceed six months, is eligible for capital grant assistance pursuant to section 3 of the Urban Mass Transportation Act of 1964. For this purpose, the Transit Authority shall be considered a "local public body" within the meaning of that section and, accordingly, the Secretary may authorize and approve capital grant assistance to the Transit Authority in the maximum amount provided for in the Urban Mass Transportation Act of 1964 toward the cost of acquisition of such bus system or systems, including the cost of improvements to or replacement of acquired equipment and facilities approved by the Secretary in conjunction with such acquisition. Such assistance shall be provided from funds available to the Urban Mass Transportation Administration of the Department of Transportation.

SEC. 302. (a) If the Secretary should determine that immediate action is urgently required to protect the public interest in the National Capital area, he may waive any or all provisions of the Urban Mass Transportation Act of 1964 (except section 13(c) thereof), and immediately grant to the Transit Authority from funds available to the Urban Mass Transportation Administration of the Department of Transportation such sums as are contemplated under section 301.
(b) The Secretary, after determining that immediate action is necessary in the public interest in accordance with subsection (a) of this section, may, in accordance with subsection (c) of this section, advance from funds available to the Urban Mass Transportation Administration of the Department of Transportation such funds as he determines to be necessary for payment to the Transit Authority to provide temporary financing for that portion of the cost of acquisition of the mass transit bus system or systems contemplated by this Act, together with associated improvements to or replacement of acquired equipment and facilities, which are not provided for by the Secretary pursuant to section 301 of this Act. For this purpose, such advance shall not be construed as a loan made under section 3 of the Urban Mass Transportation Act of 1964. Funds advanced pursuant to this section shall be considered as “other than Federal funds” within the meaning of section 4(a) of the Urban Mass Transportation Act of 1964.

(c) The Secretary shall not advance funds under this section until he has determined that the Transit Authority has the capacity and ability to arrange for repayment of such advance in accordance with section 303 of this Act.

SEC. 303. The advance authorized under section 302(b) shall be repaid by the Transit Authority to the Urban Mass Transportation Administration of the Department of Transportation from contributions by the District of Columbia and other local government jurisdictions or from other non-Federal sources as may be available to the Transit Authority and which were not estimated to be available for financing the mass transit rail rapid system authorized by the National Capital Transportation Act of 1969. Repayment of such advance may be deferred by the Secretary of Transportation, at the request of the Transit Authority, but not beyond the end of the fiscal year following the fiscal year in which the advance was made. Repayment shall be made with interest at a rate to be determined by the Secretary of the Treasury calculated in accordance with the formula set forth in section 3(c) of the Urban Mass Transportation Act of 1964. Principal and interest repaid pursuant to this section shall be credited to the Urban Mass Transportation Fund and shall be considered a restoration of obligational authority available to the Secretary under section 4(c) of the Urban Mass Transportation Act of 1964.

TITLE IV

SEC. 401. (a) The United States District Court for the District of Columbia shall have complete and exclusive jurisdiction over any proceedings by the Transit Authority for the condemnation of property, wherever situated, of D.C. Transit System, Incorporated (including its subsidiary, the Washington, Virginia, and Maryland Coach Company), the Alexandria, Barcroft, and Washington Transit Company, and the WMA Transit Company. Such proceedings shall be instituted and maintained in accordance with the provisions of this section and the provisions of subchapter IV of chapter 13 of title 16, District of Columbia Code, except that the court may appoint a commission in accordance with rule 71A(h) of the Federal Rules of Civil Procedure in connection with the issue of compensation arising out of any such proceedings.

(b) Any such condemnation proceedings shall be commenced by the Attorney General of the United States, upon the request of the Transit Authority.
Authority, by filing with the United States District Court for the District of Columbia a complaint and declaration of taking containing a description of the land and other assets to be taken, together with a sum of money deposited with the registrar of such court in accordance with the applicable provisions of law set forth in subsection (a) of this section. Upon such filing and deposit, title to the possession of the assets described in any such complaint and declaration of taking shall pass to the Transit Authority and the value of the assets so acquired shall be determined as of that date.

(c) The trial of any such condemnation proceedings shall be a preferred cause and shall be commenced at the earliest date convenient to the court.

(d) Any proceeding brought by the Transit Authority under this section against the Alexandria, Barcroft, and Washington Transit Company shall be transferred, upon motion made by such Transit Company, to the United States District Court for the Eastern District of Virginia, and such district court shall have, upon such transfer, complete and exclusive jurisdiction over such proceeding. Any action brought by the Transit Authority under this section against the WMA Transit Company, shall be transferred, upon motion made by the WMA Transit Company, to the United States District Court for the District of Maryland, and such district court shall have, upon such transfer, complete and exclusive jurisdiction over such proceeding.

TITLE V

AUDIT AND REVIEW

Sec. 501. The Comptroller General of the United States shall have access to all books, records, papers, and accounts and operations of the Transit Authority, and any company with which the Transit Authority is conducting negotiations under this Act, and any company eligible to receive or receiving any funds authorized by this Act. The Comptroller General is authorized to inspect any facility or real or personal property of the Transit Authority or of such companies.

TITLE VI

ARLINGTON CEMETERY AND SMITHSONIAN STATIONS

Sec. 601. The National Capital Transportation Act of 1969, approved December 9, 1969 (83 Stat. 320) as amended, is hereby further amended by adding at the end thereof the following new section:

"Sec. 13. (a) The Secretary of Transportation shall make payments to the Transit Authority in such amounts as may be requisitioned from time to time by the Transit Authority sufficient, in the aggregate, to finance the cost of designing, constructing, and equipping (1) a rail rapid transit station partially under Memorial Drive designed to serve the Arlington Cemetery with two entrances surfacing adjacent to the sidewalks north and south of Memorial Drive and east of Jefferson Davis Highway, and (2) an additional entrance in the vicinity of the northeast end of the Smithsonian Station surfacing on the Mall south of Adams Drive; except that the aggregate amount of such payments shall not exceed $7,385,000.

"(b) There are authorized to be appropriated to the Secretary of Transportation, without fiscal year limitation, not to exceed $7,385,000 to carry out the purposes of this section. The appropriations authorized in this subsection shall not be subject to the provisions of this Act requiring contributions by the local governments and shall be in addition to the appropriations authorized by section 3(c) thereof."

Public Law 92-519

To provide that any person operating a motor vehicle within the District of Columbia shall be deemed to have given his consent to a chemical test of his blood, breath, or urine, for the purpose of determining the blood alcohol content.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That as used in this Act—

(1) The term "Commissioner" means the Commissioner of the District, or his designated agent;

(2) The term "District" means the District of Columbia;

(3) The term "license" means any operator's permit or any other license or permit to operate a motor vehicle issued under the laws of the District, including—

(A) any temporary or learner's permit;

(B) the privilege of any person to drive a motor vehicle whether or not such person holds a valid license; and

(C) any nonresident's operating privilege;

(4) The term "nonresident" means every person who is not a resident of the District;
(5) The term "nonresident's operating privilege" means the privilege conferred upon a nonresident by the laws of the District relating to the operation by such person of a motor vehicle, or the use of a vehicle owned by such person, in the District; and

(6) The term "police officer" means an officer or member of the Metropolitan Police force, the United States Park Police force, or the Capitol Police force, or any other person actually and officially engaged in the performance of police duties in connection with guarding the property of the United States or of the District.

(7) The term "specimen" means that quantity of a person's blood, breath, or urine necessary to conduct a chemical test or tests to determine blood alcoholic content.

Sec. 2. (a) Any person, other than one described in subsection (b) of this section, who operates a motor vehicle within the District shall be deemed to have given his consent, subject to the provisions of this Act, to two chemical tests of his blood, breath, or urine, whichever he may elect, for the purpose of determining blood-alcohol content. However, when the election of a particular test, such as a blood test requiring a physician or registered nurse, causes unreasonable delay or inconvenience, the arresting officer or other appropriate law enforcement officer shall elect which chemical test should be administered. In such a case, the operator can only object to a particular test on valid religious or medical grounds. The tests shall be administered at the direction of a police officer who, having arrested such person for a violation of law, has reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within the District while under the influence of intoxicating liquor.

(b) Any person who operates a motor vehicle within the District of Columbia and who is involved in a motor vehicle collision or accident in which death or personal injury results shall submit, subject to the provisions of this Act, to two chemical tests of his blood, breath, or urine, whichever he may elect, for the purpose of determining blood-alcohol content. However, when the election of a particular test, such as a blood test requiring a physician or registered nurse, causes unreasonable delay or inconvenience, the arresting officer or other appropriate law enforcement officer shall elect which chemical test should be administered. In such a case, the operator can only object to a particular test on valid religious or medical grounds.

Sec. 3. Only a physician or registered nurse acting at the request of a police officer may withdraw blood for the purpose of determining the alcoholic content thereof. This limitation shall not apply to the taking of a breath or urine specimen. The person tested may, in addition to submitting to the two tests administered at the direction of a police officer, also submit to a chemical test or tests administered to him by a physician, registered nurse, or other person of his own choosing who is qualified to administer such test or tests. The failure or inability to obtain an additional test by a person shall not preclude the admission of the tests taken at the direction of a police officer.

Sec. 4. Full information concerning the tests administered under this Act shall be made available to the person from whom a specimen was obtained. Prior to administering the tests the police officer shall advise the operator of the motor vehicle about the requirements of this Act.
SEC. 3. (a) If a person under arrest refuses to submit to chemical testing as provided in section 2(a) he shall be informed that failure to submit to such test will result in the revocation of his license. If such person, after having been so informed, still refuses to submit to chemical testing, no test shall be given, but the Commissioner, upon receipt of a sworn report of the police officer that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor, and that the person had refused to submit to the two tests, shall revoke his license for a period of six months; or if the person is a resident without a license to operate a motor vehicle in the District, the Commissioner shall deny to the person the issuance of a license for a period of six months after the date of the alleged violation, subject to review as hereinafter provided.

(b) Any person who is unconscious, or who is otherwise in a condition rendering him incapable of refusal, shall be deemed not to have withdrawn the consent provided by section 2 of this Act and the two tests may be given, except, that if such person thereafter objects to the use of the evidence so secured, such evidence shall not be used and the license of such person shall be revoked, or, if he is a resident without a license, no license shall be issued to him for a period of six months.

SEC. 6. (a) Whenever any license has been revoked or denied under the provisions of this Act, the reasons therefor shall be set forth in the order of revocation or denial, as the case may be. Such order shall take effect five days after service of notice on the person whose license is to be revoked or who is to be denied a license unless such person shall have filed within such period written application with the Commissioner for a hearing. Such hearing by the Commissioner shall cover the issues of—

(1) whether a police officer had reasonable grounds to believe such person had been driving or was in actual control of a motor vehicle upon the public street or highway while under the influence of intoxicating liquor; and

(2) whether such person, having been placed under arrest, refused to submit to the test or tests, after having been informed of the consequences of such refusal.

(b) If, following the hearing provided in subsection (a) of this section, the Commissioner shall sustain the order of revocation, the same shall become effective immediately.

SEC. 7. Any person aggrieved by a final order of the Commissioner revoking his license or denying him a license under the authority of this Act, may obtain a review thereof in accordance with section 11 of the District of Columbia Administrative Procedure Act (82 Stat. 1204; D.C. Code, secs. 1-1501 to 1-1510).

SEC. 8. The Act approved March 4, 1958 (72 Stat. 30; D.C. Code, sec. 40-609a) is amended (a) by striking out the subsection designation “a” in the first section; (b) by striking out in paragraph (2) “fifteen one-hundredths”, “eight one-hundredths”, and “twenty one-hundredths”, and inserting in lieu thereof “ten one-hundredths”, “six one-hundredths”, and “eleven one-hundredths”, respectively; (c) by striking out in paragraph (3) “fifteen one-hundredths” and “twenty one-hundredths” and inserting in lieu thereof “ten one-hundredths” and “eleven one-hundredths” respectively; and (d) by striking out subsections (b), (c), and (d) of the first section, and section 2.

SEC. 9. This Act shall be known and may be cited as the “District of Columbia Implied Consent Act”.

Approved October 21, 1972.

the District of Columbia to establish major centers of commercial
and economic activity within the city;

(2) such a center of activity would result from the development
of a civic center located in the downtown area of the District of
Columbia;

(3) a civic center would (A) attract large numbers of visitors
to the downtown area and result in increased business activity in
the area surrounding the center; (B) enable national organiza-
tions to hold their conventions and other meetings in the District
of Columbia and thereby encourage citizens from the entire Nation
to visit their Capital City; (C) provide a new source of revenue
for the District of Columbia as a consequence of its operations
and the expanded commercial activities resulting therefrom; and
(D) provide expanded employment opportunities for residents of
the District of Columbia;

(4) it is fitting that said civic center be established as a memo-
rial to the late President, Dwight D. Eisenhower;

(5) the prompt provision of major convention facilities in the
District of Columbia will significantly contribute to the com-
memoration of the Nation's bicentennial year; and

(6) the powers conferred by this Act are for public uses and
purposes for which public powers may be employed, public funds
may be expended, and the power of eminent domain and the police
power may be exercised, and the granting of such powers is neces-
sary in the public interest.

SEC. 3. The Public Buildings Act of 1959 (73 Stat. 479), as amended
(40 U.S.C. 601 et seq.), is amended by adding at the end thereof the
following new section:

"Sec. 18. (a) In order to provide for the District of Columbia facili-
ties for the holding of conventions, exhibitions, meetings, and other
social, cultural, and business activities, the Commissioner of the Dis-
trict of Columbia (hereinafter, 'Commissioner') is authorized to pro-

The Commissioner is further authorized to lease the site described in subsection (a) at a nominal rental for a period of not more than thirty-five years. The payment term of said purchase contracts shall not be more than thirty years from the date of acceptance of the civic center and such purchase contracts shall provide that title to the civic center shall vest in the District of Columbia at or before the expiration of the contract term and upon fulfillment of the terms and conditions stipulated in the purchase contracts. Such terms and conditions shall include provision for the application to the purchase price agreed upon therein of installment payments made thereunder.

"(2) Such purchase contracts shall include such provisions as the Commissioner, in his discretion, shall deem to be in the best interest of the District of Columbia and appropriate to secure the performance of the obligations imposed upon the party or parties that shall enter into such agreement with the Commissioner. The purchase contracts shall provide for payments to be made to—

"(A) amortize the cost of site acquisition, including relocation payments required by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and such other moneys as may be advanced by the contractors to the District of Columbia;

"(3) For the purpose of the purchase contracts provided by this subsection for the erection of the civic center, the Commissioner is authorized to enter into agreements with any person, copartnership, corporation, or other public or private entity to effectuate any of the purposes of this subsection."
“(4) No purchase contract for the construction of such civic center shall be entered into, pursuant to the authority of this section, until thirty legislative days following submittal to and approval by the Senate and House Committees for the District of Columbia, and the Senate and House Committees on Appropriations, of the design, plans, and specifications, including detailed cost estimates, of such civic center.

“(e) The full faith and credit of the Government of the District of Columbia is hereby committed to guarantee, upon such terms and conditions as may be prescribed by the Commissioner, the fulfillment of all obligations imposed by the provision of this section.

“(f) (1) The Commissioner is authorized to accept and administer gifts, personal services, securities, or other property of whatever character to aid in carrying out the purposes of this section.

“(2) The Commissioner is further authorized to provide for the operation of any or all aspects of the civic center by any department or agency of the Government of the District of Columbia, or may provide for the performance of such operations, including the use or rental of the civic center or its equipment, motor vehicle parking facilities, concessions, and other activities, by contract entered into with any person, copartnership, corporation, or other public or private entity, upon such terms and conditions as may be stipulated in the agreements, and for such purposes may utilize or employ the services of personnel of any agency or instrumentality of the United States or the District of Columbia, with the consent of such agency or instrumentality, upon a reimbursable or nonreimbursable basis, and may utilize voluntary or uncompensated personnel.”

FINDINGS AND DECLARATION OF POLICY

Sec. 2. The Congress finds that—

1. certain species and population stocks of marine mammals are, or may be, in danger of extinction or depletion as a result of man's activities;
2. such species and population stocks should not be permitted to diminish beyond the point at which they cease to be a significant functioning element in the ecosystem of which they are a part, and, consistent with this major objective, they should not be permitted to diminish below their optimum sustainable population. Further measures should be immediately taken to replenish any species or population stock which has already diminished below that population. In particular, efforts should be made to protect the rookeries, mating grounds, and areas of similar significance for each species of marine mammal from the adverse effect of man's actions;
3. there is inadequate knowledge of the ecology and population dynamics of such marine mammals and of the factors which bear upon their ability to reproduce themselves successfully;
4. negotiations should be undertaken immediately to encourage the development of international arrangements for research on, and conservation of, all marine mammals;
5. marine mammals and marine mammal products either—
   (A) move in interstate commerce,
(B) affect the balance of marine ecosystems in a manner which is important to other animals and animal products which move in interstate commerce, and that the protection and conservation of marine mammals is therefore necessary to insure the continuing availability of those products which move in interstate commerce; and

(6) marine mammals have proven themselves to be resources of great international significance, esthetic and recreational as well as economic, and it is the sense of the Congress that they should be protected and encouraged to develop to the greatest extent feasible commensurate with sound policies of resource management and that the primary objective of their management should be to maintain the health and stability of the marine ecosystem. Whenever consistent with this primary objective, it should be the goal to obtain an optimum sustainable population keeping in mind the optimum carrying capacity of the habitat.

DEFINITIONS

SEC. 3. For the purposes of this Act—

(1) The term "depletion" or "depleted" means any case in which the Secretary, after consultation with the Marine Mammal Commission and the Committee of Scientific Advisors on Marine Mammals established under title II of this Act, determines that the number of individuals within a species or population stock—

(A) has declined to a significant degree over a period of years;

(B) has otherwise declined and that if such decline continues, or is likely to resume, such species would be subject to the provisions of the Endangered Species Conservation Act of 1969; or

(C) is below the optimum carrying capacity for the species or stock within its environment.

(2) The terms "conservation" and "management" mean the collection and application of biological information for the purposes of increasing and maintaining the number of animals within species and populations of marine mammals at the optimum carrying capacity of their habitat. Such terms include the entire scope of activities that constitute a modern scientific resource program, including, but not limited to, research, census, law enforcement, and habitat acquisition and improvement. Also included within these terms, when and where appropriate, is the periodic or total protection of species or populations as well as regulated taking.

(3) The term "district court of the United States" includes the District Court of Guam, District Court of the Virgin Islands, District Court of Puerto Rico, District Court of the Canal Zone, and, in the case of American Samoa and the Trust Territory of the Pacific Islands, the District Court of the United States for the District of Hawaii.

(4) The term "humane" in the context of the taking of a marine mammal means that method of taking which involves the least possible degree of pain and suffering practicable to the mammal involved.

(5) The term "marine mammal" means any mammal which (A) is morphologically adapted to the marine environment (including sea otters and members of the orders Sirenia, Pinnipedia and Cetacea), or (B) primarily inhabits the marine environment (such as the polar bear); and, for the purposes of this Act, includes any part of any such marine mammal, including its raw, dressed, or dyed fur or skin.

(6) The term "marine mammal product" means any item of merchandise which consists, or is composed in whole or in part, of any marine mammal.
(7) The term “moratorium” means a complete cessation of the taking of marine mammals and a complete ban on the importation into the United States of marine mammals and marine mammal products, except as provided in this Act.

(8) The term “optimum carrying capacity” means the ability of a given habitat to support the optimum sustainable population of a species or population stock in a healthy state without diminishing the ability of the habitat to continue that function.

(9) The term “optimum sustainable population” means, with respect to any population stock, the number of animals which will result in the maximum productivity of the population or the species, keeping in mind the optimum carrying capacity of the habitat and the health of the ecosystem of which they form a constituent element.

(10) The term “person” includes (A) any private person or entity, and (B) any officer, employee, agent, department, or instrumentality of the Federal Government, of any State or political subdivision thereof, or of any foreign government.

(11) The term “population stock” or “stock” means a group of marine mammals of the same species or smaller taxa in a common spatial arrangement, that interbreed when mature.

(12) The term “Secretary” means—

(A) the Secretary of the department in which the National Oceanic and Atmospheric Administration is operating, as to all responsibility, authority, funding, and duties under this Act with respect to members of the order Cetacea and members, other than walruses, of the order Pinnipedia, and

(B) the Secretary of the Interior as to all responsibility, authority, funding, and duties under this Act with respect to all other marine mammals covered by this Act.

(13) The term “take” means to harass, hunt, capture, or kill, or attempt to harass, hunt, capture, or kill any marine mammal.

(14) The term “United States” includes the several States, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, the possessions of the United States, and the Trust Territory of the Pacific Islands.

(15) The term “waters under the jurisdiction of the United States” means—

(A) the territorial sea of the United States, and

(B) the fisheries zone established pursuant to the Act of October 14, 1966 (80 Stat. 908; 16 U.S.C. 1091-1094).

EFFECTIVE DATE

Sec. 4. The provisions of this Act shall take effect upon the expiration of the sixty-day period following the date of its enactment.

TITLE I—CONSERVATION AND PROTECTION OF MARINE MAMMALS

MORATORIUM AND EXCEPTIONS

Sec. 101. (a) There shall be a moratorium on the taking and importation of marine mammals and marine mammal products, commencing on the effective date of this Act, during which time no permit may be issued for the taking of any marine mammal and no marine mammal or marine mammal product may be imported into the United States except in the following cases:

(1) Permits may be issued by the Secretary for taking and importation for purposes of scientific research and for public display if—
(A) the taking proposed in the application for any such permit, or
(B) the importation proposed to be made,
is first reviewed by the Marine Mammal Commission and the Committee of Scientific Advisors on Marine Mammals established under title II of this Act. The Commission and Committee shall recommend any proposed taking or importation which is consistent with the purposes and policies of section 2 of this Act. The Secretary shall, if he grants approval for importation, issue to the importer concerned a certificate to that effect which shall be in such form as the Secretary of the Treasury prescribes and such importation may be made upon presentation of the certificate to the customs officer concerned.

(2) During the twenty-four calendar months initially following the date of the enactment of this Act, the taking of marine mammals incidental to the course of commercial fishing operations shall be permitted, and shall not be subject to the provisions of sections 103 and 104 of this title: Provided, That such taking conforms to such conditions and regulations as the Secretary is authorized and directed to impose pursuant to section 111 hereof to insure that those techniques and equipment are used which will produce the least practicable hazard to marine mammals in such commercial fishing operations. Subsequent to such twenty-four months, marine mammals may be taken incidentally in the course of commercial fishing operations and permits may be issued thereof pursuant to section 104 of this title, subject to regulations prescribed by the Secretary in accordance with section 103 hereof. In any event it shall be the immediate goal that the incidental kill or incidental serious injury of marine mammals permitted in the course of commercial fishing operations be reduced to insignificant levels approaching a zero mortality and serious injury rate. The Secretary shall request the Committee on Scientific Advisors on Marine Mammals to prepare for public dissemination detailed estimates of the numbers of mammals killed or seriously injured under existing commercial fishing technology and under the technology which shall be required subsequent to such twenty-four-month period. The Secretary of the Treasury shall ban the importation of commercial fish or products from fish which have been caught with commercial fishing technology which results in the incidental kill or incidental serious injury of ocean mammals in excess of United States standards. The Secretary shall insist on reasonable proof from the government of any nation from which fish or fish products will be exported to the United States of the effects on ocean mammals of the commercial fishing technology in use for such fish or fish products exported from such nation to the United States.

(3) (A) The Secretary, on the basis of the best scientific evidence available and in consultation with the Marine Mammal Commission, is authorized and directed, from time to time, having due regard to the distribution, abundance, breeding habits, and times and lines of migratory movements of such marine mammals, to determine when, to what extent, if at all, and by what means, it is compatible with this Act to waive the requirements of this section so as to allow taking, or importing of any marine mammal, or any marine mammal product, and to adopt suitable regulations, issue permits, and make determinations in accordance with sections 102, 103, 104, and 111 of this title permitting and governing such taking and importing, in accordance with such determinations: Provided, however, That the Secretary, in making such determinations, must be assured that the taking of such marine
mammal is in accord with sound principles of resource protection and conservation as provided in the purposes and policies of this Act: Provided further, however, That no marine mammal or no marine mammal product may be imported into the United States unless the Secretary certifies that the program for taking marine mammals in the country of origin is consistent with the provisions and policies of this Act. Products of nations not so certified may not be imported into the United States for any purpose, including processing for exportation.

(B) Except for scientific research purposes as provided for in paragraph (1) of this subsection, during the moratorium no permit may be issued for the taking of any marine mammal which is classified as belonging to an endangered species pursuant to the Endangered Species Conservation Act of 1969 or has been designated by the Secretary as depleted, and no importation may be made of any such mammal.

(b) The provisions of this Act shall not apply with respect to the taking of any marine mammal by any Indian, Aleut, or Eskimo who dwells on the coast of the North Pacific Ocean or the Arctic Ocean if such taking—

(1) is for subsistence purposes by Alaskan natives who reside in Alaska, or

(2) is done for purposes of creating and selling authentic native articles of handicrafts and clothing: Provided, That only authentic native articles of handicrafts and clothing may be sold in interstate commerce: And provided further, That any edible portion of marine mammals may be sold in native villages and towns in Alaska or for native consumption. For the purposes of this subsection, the term "authentic native articles of handicrafts and clothing" means items composed wholly or in some significant respect of natural materials, and which are produced, decorated, or fashioned in the exercise of traditional native handicrafts without the use of pantographs, multiple carvers, or other mass copying devices. Traditional native handicrafts include, but are not limited to weaving, carving, stitching, sewing, lacing, beading, drawing, and painting; and

(3) in each case, is not accomplished in a wasteful manner.

Notwithstanding the preceding provisions of this subsection, when, under this Act, the Secretary determines any species or stock of marine mammal subject to taking by Indians, Aleuts, or Eskimos to be depleted, he may prescribe regulations upon the taking of such marine mammals by any Indian, Aleut, or Eskimo described in this subsection. Such regulations may be established with reference to species or stocks, geographical description of the area included, the season for taking, or any other factors related to the reason for establishing such regulations and consistent with the purposes of this Act. Such regulations shall be prescribed after notice and hearing required by section 103 of this title and shall be removed as soon as the Secretary determines that the need for their imposition has disappeared.

(c) In order to minimize undue economic hardship to persons subject to this Act, other than those engaged in commercial fishing operations referred to in subsection (a) (2) of this section, the Secretary, upon any such person filing an application with him and upon filing such information as the Secretary may require showing, to his satisfaction, such hardship, may exempt such person or class of persons from provisions of this Act for no more than one year from the date of the enactment of this Act, as he determines to be appropriate.
SEC. 102. (a) Except as provided in sections 101, 103, 104, 111, and 113 of this title, it is unlawful—

(1) for any person subject to the jurisdiction of the United States or any vessel or other conveyance subject to the jurisdiction of the United States to take any marine mammal on the high seas;

(2) except as expressly provided for by an international treaty, convention, or agreement to which the United States is a party and which was entered into before the effective date of this title or by any statute implementing any such treaty, convention, or agreement—

(A) for any person or vessel or other conveyance to take any marine mammal in waters or on lands under the jurisdiction of the United States; or

(B) for any person to use any port, harbor, or other place under the jurisdiction of the United States for any purpose in any way connected with the taking or importation of marine mammals or marine mammal products; and

(3) for any person, with respect to any marine mammal taken in violation of this title—

(A) to possess any such mammal; or

(B) to transport, sell, or offer for sale any such mammal or any marine mammal product made from any such mammal; and

(4) for any person to use, in a commercial fishery, any means or methods of fishing in contravention of any regulations or limitations, issued by the Secretary for that fishery to achieve the purposes of this Act.

(b) Except pursuant to a permit for scientific research issued under section 104(c) of this title, it is unlawful to import into the United States any marine mammal if such mammal was—

(1) pregnant at the time of taking;

(2) nursing at the time of taking, or less than eight months old, whichever occurs later;

(3) taken from a species or population stock which the Secretary has, by regulation published in the Federal Register, designated as a depleted species or stock or which has been listed as endangered under the Endangered Species Conservation Act of 1969; or

(4) taken in a manner deemed inhumane by the Secretary.

(c) It is unlawful to import into the United States any of the following:

(1) Any marine mammal which was—

(A) taken in violation of this title; or

(B) taken in another country in violation of the law of that country.

(2) Any marine mammal product if—

(A) the importation into the United States of the marine mammal from which such product is made is unlawful under paragraph (1) of this subsection; or

(B) the sale in commerce of such product in the country of origin of the product is illegal;

(3) Any fish, whether fresh, frozen, or otherwise prepared, if such fish was caught in a manner which the Secretary has prescribed for persons subject to the jurisdiction of the United States, whether or not any marine mammals were in fact taken incident to the catching of the fish.

(d) Subsections (b) and (c) of this section shall not apply—

(1) in the case of marine mammals or marine mammal prod-
acts, as the case may be, to which subsection (b) (3) of this section applies, to such items imported into the United States before the date on which the Secretary publishes notice in the Federal Register of his proposed rulemaking with respect to the designation of the species or stock concerned as depleted or endangered; or

(2) in the case of marine mammals or marine mammal products to which subsection (c) (1) (B) or (c) (2) (B) of this section applies, to articles imported into the United States before the effective date of the foreign law making the taking or sale, as the case may be, of such marine mammals or marine mammal products unlawful.

(e) This Act shall not apply with respect to any marine mammal taken before the effective date of this Act, or to any marine mammal product consisting of, or composed in whole or in part of, any marine mammal taken before such date.

REGULATIONS ON TAKING OF MARINE MAMMALS

Sec. 103. (a) The Secretary, on the basis of the best scientific evidence available and in consultation with the Marine Mammal Commission, shall prescribe such regulations with respect to the taking and importing of animals from each species of marine mammal (including regulations on the taking and importing of individuals within population stocks) as he deems necessary and appropriate to insure that such taking will not be to the disadvantage of those species and population stocks and will be consistent with the purposes and policies set forth in section 2 of this Act.

(b) In prescribing such regulations, the Secretary shall give full consideration to all factors which may affect the extent to which such animals may be taken or imported, including but not limited to the effect of such regulations on—

(1) existing and future levels of marine mammal species and population stocks;
(2) existing international treaty and agreement obligations of the United States;
(3) the marine ecosystem and related environmental considerations;
(4) the conservation, development, and utilization of fishery resources; and
(5) the economic and technological feasibility of implementation.

(c) The regulations prescribed under subsection (a) of this section for any species or population stock of marine mammal may include, but are not limited to, restrictions with respect to—

(1) the number of animals which may be taken or imported in any calendar year pursuant to permits issued under section 104 of this title;
(2) the age, size, or sex (or any combination of the foregoing) of animals which may be taken or imported, whether or not a quota prescribed under paragraph (1) of this subsection applies with respect to such animals;
(3) the season or other period of time within which animals may be taken or imported;
(4) the manner and locations in which animals may be taken or imported; and
(5) fishing techniques which have been found to cause undue fatalities to any species of marine mammal in a fishery.

(d) Regulations prescribed to carry out this section with respect to any species or stock of marine mammals must be made on the record after opportunity for an agency hearing on both the Secretary’s deter-
mination to waive the moratorium pursuant to section 101(a)(3)(A) of this title and on such regulations, except that, in addition to any other requirements imposed by law with respect to agency rulemaking, the Secretary shall publish and make available to the public either before or concurrent with the publication of notice in the Federal Register of his intention to prescribe regulations under this section—

(1) a statement of the estimated existing levels of the species and population stocks of the marine mammal concerned;

(2) a statement of the expected impact of the proposed regulations on the optimum sustainable population of such species or population stock;

(3) a statement describing the evidence before the Secretary upon which he proposes to base such regulations; and

(4) any studies made by or for the Secretary or any recommendations made by or for the Secretary or the Marine Mammal Commission which relate to the establishment of such regulations.

Review.

(e) Any regulation prescribed pursuant to this section shall be periodically reviewed, and may be modified from time to time in such manner as the Secretary deems consistent with and necessary to carry out the purposes of this Act.

(f) Within six months after the effective date of this Act and every twelve months thereafter, the Secretary shall report to the public through publication in the Federal Register and to the Congress on the current status of all marine mammal species and population stocks subject to the provisions of this Act. His report shall describe those actions taken and those measures believed necessary, including where appropriate, the issuance of permits pursuant to this title to assure the well-being of such marine mammals.

PERMITS

SEC. 104. (a) The Secretary may issue permits which authorize the taking or importation of any marine mammal.

(b) Any permit issued under this section shall—

(1) be consistent with any applicable regulation established by the Secretary under section 103 of this title, and

(2) specify—

(A) the number and kind of animals which are authorized to be taken or imported,

(B) the location and manner (which manner must be determined by the Secretary to be humane) in which they may be taken, or from which they may be imported,

(C) the period during which the permit is valid, and

(D) any other terms or conditions which the Secretary deems appropriate.

In any case in which an application for a permit cites as a reason for the proposed taking the overpopulation of a particular species or population stock, the Secretary shall first consider whether or not it would be more desirable to transplant a number of animals (but not to exceed the number requested for taking in the application) of that species or stock to a location not then inhabited by such species or stock but previously inhabited by such species or stock.

(c) Any permit issued by the Secretary which authorizes the taking or importation of a marine mammal for purposes of display or scientific research shall specify, in addition to the conditions required by subsection (b) of this section, the methods of capture, supervision,
care, and transportation which must be observed pursuant to and after such taking or importation. Any person authorized to take or import a marine mammal for purposes of display or scientific research shall furnish to the Secretary a report on all activities carried out by him pursuant to that authority.

(d)(1) The Secretary shall prescribe such procedures as are necessary to carry out this section, including the form and manner in which application for permits may be made.

(2) The Secretary shall publish notice in the Federal Register of each application made for a permit under this section. Such notice shall invite the submission from interested parties, within thirty days after the date of the notice, of written data or views, with respect to the taking or importation proposed in such application.

(3) The applicant for any permit under this section must demonstrate to the Secretary that the taking or importation of any marine mammal under such permit will be consistent with the purposes of this Act and the applicable regulations established under section 103 of this title.

(4) If within thirty days after the date of publication of notice pursuant to paragraph (2) of this subsection with respect to any application for a permit any interested party or parties request a hearing in connection therewith, the Secretary may, within sixty days following such date of publication, afford to such party or parties an opportunity for such a hearing.

(5) As soon as practicable (but not later than thirty days) after the close of the hearing or, if no hearing is held, after the last day on which data, or views, may be submitted pursuant to paragraph (2) of this subsection, the Secretary shall (A) issue a permit containing such terms and conditions as he deems appropriate, or (B) shall deny issuance of a permit. Notice of the decision of the Secretary to issue or to deny any permit under this paragraph must be published in the Federal Register within ten days after the date of issuance or denial.

(6) Any applicant for a permit, or any party opposed to such permit, may obtain judicial review of the terms and conditions of any permit issued by the Secretary under this section or of his refusal to issue such a permit. Such review, which shall be pursuant to chapter 7 of title 5, United States Code, may be initiated by filing a petition for review in the United States district court for the district wherein the applicant for a permit resides, or has his principal place of business, or in the United States District Court for the District of Columbia, within sixty days after the date on which such permit is issued or denied.

(e)(1) The Secretary may modify, suspend, or revoke in whole or part any permit issued by him under this section—

(A) in order to make any such permit consistent with any change made after the date of issuance of such permit with respect to any applicable regulation prescribed under section 103 of this title, or

(B) in any case in which a violation of the terms and conditions of the permit is found.

(2) Whenever the Secretary shall propose any modification, suspension, or revocation of a permit under this subsection, the permittee shall be afforded opportunity, after due notice, for a hearing by the Secretary with respect to such proposed modification, suspension, or revocation. Such proposed action by the Secretary shall not take effect until a decision is issued by him after such hearing. Any action taken by the Secretary after such a hearing is subject to judicial review on the same basis as is any action taken by him with respect to a permit.
application under paragraph (5) of subsection (d) of this section.

(3) Notice of the modification, suspension, or revocation of any permit by the Secretary shall be published in the Federal Register within ten days from the date of the Secretary’s decision.

(f) Any permit issued under this section must be in the possession of the person to whom it is issued (or an agent of such person) during—

(1) the time of the authorized or taking importation;

(2) the period of any transit of such person or agent which is incident to such taking or importation; and

(3) any other time while any marine mammal taken or imported under such permit is in the possession of such person or agent.

A duplicate copy of the issued permit must be physically attached to the container, package, enclosure, or other means of containment, in which the marine mammal is placed for purposes of storage, transit, supervision, or care.

(g) The Secretary shall establish and charge a reasonable fee for permits issued under this section.

(h) Consistent with the regulations prescribed pursuant to section 103 of this title and to the requirements of section 101 of this title, the Secretary may issue general permits for the taking of such marine mammals, together with regulations to cover the use of such general permits.

**PENALTIES**

Sec. 105. (a) Any person who violates any provision of this title or of any permit or regulation issued thereunder may be assessed a civil penalty by the Secretary of not more than $10,000 for each such violation. No penalty shall be assessed unless such person is given notice and opportunity for a hearing with respect to such violation. Each unlawful taking or importation shall be a separate offense. Any such civil penalty may be remitted or mitigated by the Secretary for good cause shown. Upon any failure to pay a penalty assessed under this subsection, the Secretary may request the Attorney General to institute a civil action in a district court of the United States for any district in which such person is found, resides, or transacts business to collect the penalty and such court shall have jurisdiction to hear and decide any such action.

(b) Any person who knowingly violates any provision of this title or of any permit or regulation issued thereunder shall, upon conviction, be fined not more than $20,000 for each such violation, or imprisoned for not more than one year, or both.

**VESSEL FINE, CARGO FORFEITURE, AND REWARDS**

Sec. 106. (a) Any vessel or other conveyance subject to the jurisdiction of the United States that is employed in any manner in the unlawful taking of any marine mammal shall have its entire cargo or the monetary value thereof subject to seizure and forfeiture. All provisions of law relating to the seizure, judicial forfeiture, and condemnation of cargo for violation of the customs laws, the disposition of such cargo, and the proceeds from the sale thereof, and the remission or mitigation of any such forfeiture, shall apply with respect to the cargo of any vessel or other conveyance seized in connection with the unlawful taking of a marine mammal insofar as such provisions of law are applicable and not inconsistent with the provisions of this title.
(b) Any vessel subject to the jurisdiction of the United States that is employed in any manner in the unlawful taking of any marine mammal shall be liable for a civil penalty of not more than $25,000. Such penalty shall be assessed by the district court of the United States having jurisdiction over the vessel. Clearance of a vessel against which a penalty has been assessed, from a port of the United States, may be withheld until such penalty is paid, or until a bond or otherwise satisfactory surety is posted. Such penalty shall constitute a maritime lien on such vessel which may be recovered by action in rem in the district court of the United States having jurisdiction over the vessel.

(c) Upon the recommendation of the Secretary, the Secretary of the Treasury is authorized to pay an amount equal to one-half of the fine incurred but not to exceed $2,500 to any person who furnishes information which leads to a conviction for a violation of this title. Any officer or employee of the United States or of any State or local government who furnishes information or renders service in the performance of his official duties shall not be eligible for payment under this section.

ENFORCEMENT

SEC. 107. (a) Except as otherwise provided in this title, the Secretary shall enforce the provisions of this title. The Secretary may utilize, by agreement, the personnel, services, and facilities of any other Federal agency for purposes of enforcing this title.

(b) The Secretary may also designate officers and employees of any State or of any possession of the United States to enforce the provisions of this title. When so designated, such officers and employees are authorized to function as Federal law enforcement agents for these purposes, but they shall not be held and considered as employees of the United States for the purposes of any laws administered by the Civil Service Commission.

(c) The judges of the district courts of the United States and the United States magistrates may, within their respective jurisdictions, upon proper oath or affirmation showing probable cause, issue such warrants or other process, including warrants or other process issued in admiralty proceedings in United States district courts, as may be required for enforcement of this title and any regulations issued thereunder.

(d) Any person authorized by the Secretary to enforce this title may execute any warrant or process issued by any officer or court of competent jurisdiction for the enforcement of this title. Such person so authorized may, in addition to any other authority conferred by law—

(1) with or without warrant or other process, arrest any person committing in his presence or view a violation of this title or the regulations issued thereunder;

(2) with a warrant or other process, or without a warrant if he has reasonable cause to believe that a vessel or other conveyance subject to the jurisdiction of the United States or any person on board is in violation of any provision of this title or the regulations issued thereunder, search such vessel or conveyance and arrest such person;

(3) seize the cargo of any vessel or other conveyance subject to the jurisdiction of the United States used or employed contrary to the provisions of this title or the regulations issued hereunder or which reasonably appears to have been so used or employed; and

(4) seize, whenever and wherever found, all marine mammals and marine mammal products taken or retained in violation of
this title or the regulations issued thereunder and shall dispose of them in accordance with regulations prescribed by the Secretary.

(e) (1) Whenever any cargo or marine mammal or marine mammal product is seized pursuant to this section, the Secretary shall expedite any proceedings commenced under section 105 (a) or (b) of this title. All marine mammals or marine mammal products or other cargo so seized shall be held by any person authorized by the Secretary pending disposition of such proceedings. The owner or consignee of any such marine mammal or marine mammal product or other cargo so seized shall, as soon as practicable following such seizure, be notified of that fact in accordance with regulations established by the Secretary.

(2) The Secretary may, with respect to any proceeding under section 105 (a) or (b) of this title, in lieu of holding any marine mammal or marine mammal product or other cargo, permit the person concerned to post bond or other surety satisfactory to the Secretary pending the disposition of such proceeding.

(3) (A) Upon the assessment of a penalty pursuant to section 105 (a) of this title, all marine mammals and marine mammal products or other cargo seized in connection therewith may be proceeded against in any court of competent jurisdiction and forfeited to the Secretary for disposition by him in such manner as he deems appropriate.

(B) Upon conviction for violation of section 105 (b) of this title, all marine mammals and marine mammal products seized in connection therewith shall be forfeited to the Secretary for disposition by him in such manner as he deems appropriate. Any other property or item so seized may, at the discretion of the court, be forfeited to the United States or otherwise disposed of.

(4) If with respect to any marine mammal or marine mammal product or other cargo so seized—

(A) a civil penalty is assessed under section 105 (a) of this title and no judicial action is commenced to obtain the forfeiture of such mammal or product within thirty days after such assessment, such marine mammal or marine mammal product or other cargo shall be immediately returned to the owner or the consignee; or

(B) no conviction results from an alleged violation of section 105 (b) of this title, such marine mammal or marine mammal product or other cargo shall immediately be returned to the owner or consignee if the Secretary does not, with thirty days after the final disposition of the case involving such alleged violation, commence proceedings for the assessment of a civil penalty under section 105 (a) of this title.

INTERNATIONAL PROGRAM

SEC. 108. (a) The Secretary, through the Secretary of State, shall—

(1) initiate negotiations as soon as possible for the development of bilateral or multilateral agreements with other nations for the protection and conservation of all marine mammals covered by this Act;

(2) initiate negotiations as soon as possible with all foreign governments which are engaged in, or which have persons or companies engaged in, commercial fishing operations which are found by the Secretary to be unduly harmful to any species of marine mammal, for the purpose of entering into bilateral and multilat-
eral treaties with such countries to protect marine mammals. The Secretary of State shall prepare a draft agenda relating to this matter for discussion at appropriate international meetings and forums;

(3) encourage such other agreements to promote the purposes of this Act with other nations for the protection of specific ocean and land regions which are of special significance to the health and stability of marine mammals;

(4) initiate the amendment of any existing international treaty for the protection and conservation of any species of marine mammal to which the United States is a party in order to make such treaty consistent with the purposes and policies of this Act;

(5) seek the convening of an international ministerial meeting on marine mammals before July 1, 1973, for the purposes of (A) the negotiation of a binding international convention for the protection and conservation of all marine mammals, and (B) the implementation of paragraph (3) of this section; and

(6) provide to the Congress by not later than one year after the date of the enactment of this Act a full report on the results of his efforts under this section.

(b) (1) In addition to the foregoing, the Secretary shall—

(A) in consultation with the Marine Mammal Commission established by section 201 of this Act, undertake a study of the North Pacific fur seals to determine whether herds of such seals subject to the jurisdiction of the United States are presently at their optimum sustainable population and what population trends are evident; and

(B) in consultation with the Secretary of State, promptly undertake a comprehensive study of the provisions of this Act, as they relate to North Pacific fur seals, and the provisions of the North Pacific Fur Seal Convention signed on February 9, 1957, as extended (hereafter referred to in this subsection as the "Convention"), to determine what modifications, if any, should be made to the provisions of the Convention, or of this Act, or both, to make the Convention and this Act consistent with each other.

The Secretary shall complete the studies required under this paragraph not later than one year after the date of enactment of this Act and shall immediately provide copies thereof to Congress.

(2) If the Secretary finds—

(A) as a result of the study required under paragraph (1)(A) of this subsection, that the North Pacific fur seal herds are below their optimum sustainable population and are not trending upward toward such level, or have reached their optimum sustainable population but are commencing a downward trend, and believes the herds to be in danger of depletion; or

(B) as a result of the study required under paragraph (1)(B) of this subsection, that modifications of the Convention are desirable to make it and this Act consistent;

he shall, through the Secretary of State, immediately initiate negotiations to modify the Convention so as to (i) reduce or halt the taking of seals to the extent required to assure that such herds attain and remain at their optimum sustainable population, or (ii) make the Convention and this Act consistent; or both, as the case may be. If negotiations to so modify the Convention are unsuccessful, the Secretary shall, through the Secretary of State, take such steps as may be necessary to continue the existing Convention beyond its present termination date so as to continue to protect and conserve the North Pacific fur seals and to prevent a return to pelagic sealing.
Sec. 109. (a) (1) Except as otherwise provided in this section, no State may adopt any law or regulation relating to the taking of marine mammals within its jurisdiction or attempt to enforce any State law or regulation relating to such taking.

(2) Any State may adopt and enforce any laws or regulations relating to the protection and taking, within its jurisdiction, of any species or population stock of marine mammals if the Secretary determines, after review thereof, that such laws and regulations will be consistent with (A) the regulations promulgated under section 103 of this title with respect to such species or population stock, and (B) such other provisions of this Act, and any rule or regulation promulgated pursuant to this title, which apply with respect to such species or population stock. If the Secretary determines that any such State laws and regulations are so consistent, the provisions of this Act, except this section and sections 101 (except to the extent that the Secretary waives the application of section 101 to permit such State laws and regulations to take effect) and 110 of this title, and title II of this Act, shall not apply with respect to the species or population stock concerned within the jurisdiction of the State.

(3) Notwithstanding the preceding provisions of this subsection and the provisions of subsection (c) of this section, the Secretary shall continuously monitor and review the laws and regulations of any State which has assumed responsibility for marine mammals as provided for in paragraph (2) of this subsection. Whenever the Secretary finds that the laws and regulations of any such State are not in substantial compliance with either paragraph (1) or (2), or both, he shall resume responsibilities under this Act for the marine mammals concerned within the jurisdiction of that State, superseding such State laws and regulations to the extent which, after notice and opportunity for hearing, he deems necessary.

(4) Nothing in this Act shall prevent a State or local government official or employee, in the course of his duties as an official or employee, from taking a marine mammal in a humane manner if such taking (A) is for the protection or welfare of such mammal or for the protection of the public health and welfare, and (B) includes steps designed to assure the return of such mammal to its natural habitat.

(b) The Secretary is authorized to make grants to each State whose laws and regulations relating to protection and management of marine mammals which primarily inhabit waters or lands within the boundaries of that State are found to be consistent with the purposes and policies of this Act. The purpose of such grants shall be to assist such States in developing and implementing State programs for the protection and management of such marine mammals. Such grants shall not exceed 50 per centum of the costs of a particular program’s development and implementation. To be eligible for such grants, State programs shall include planning and such specific activities, including, but not limited to, research, censusing, habitat acquisition and improvement, or law enforcement as the Secretary finds contribute to the purposes and policies of this Act. The Secretary may also, as a condition of any such grant, provide that State agencies report at regular intervals on the status of species and populations which are the subject of such grants.

(c) The Secretary is authorized and directed to enter into cooperative arrangements with the appropriate officials of any State for the delegation to such State of the administration and enforcement of this title: Provided, That any such arrangement shall contain such provisions as the Secretary deems appropriate to insure that the purposes and policies of this Act will be carried out.
MARINE MAMMAL RESEARCH GRANTS

Sec. 110. (a) The Secretary is authorized to make grants, or to provide financial assistance in such other form as he deems appropriate, to any Federal or State agency, public or private institution, or other person for the purpose of assisting such agency, institution, or person to undertake research in subjects which are relevant to the protection and conservation of marine mammals.

(b) Any grant or other financial assistance provided by the Secretary pursuant to this section shall be subject to such terms and conditions as the Secretary deems necessary to protect the interests of the United States and shall be made after review by the Marine Mammal Commission.

(c) There are authorized to be appropriated for the fiscal year in which this section takes effect and for the next four fiscal years thereafter such sums as may be necessary to carry out this section, but the sums appropriated for any such year shall not exceed $2,500,000, one-third of such sum to be available to the Secretary of the Interior and two-thirds of such sum to be made available to the Secretary of the department in which the National Oceanic and Atmospheric Administration is operating.

COMMERCIAL FISHERIES GEAR DEVELOPMENT

Sec. 111. (a) The Secretary of the department in which the National Oceanic and Atmospheric Administration is operating (hereafter referred to in this section as the "Secretary") is hereby authorized and directed to immediately undertake a program of research and development for the purpose of devising improved fishing methods and gear so as to reduce to the maximum extent practicable the incidental taking of marine mammals in connection with commercial fishing. At the end of the full twenty-four calendar month period following the date of the enactment of this Act, the Secretary shall deliver his report in writing to the Congress with respect to the results of such research and development. For the purposes of this section, there is hereby authorized to be appropriated the sum of $1,000,000 for the fiscal year ending June 30, 1973, and the same amount for the next fiscal year. Funds appropriated for this section shall remain available until expended.

(b) The Secretary, after consultation with the Marine Mammal Commission, is authorized and directed to issue, as soon as practicable, such regulations, covering the twenty-four-month period referred to in section 101(a) (2) of this title, as he deems necessary or advisable, to reduce to the lowest practicable level the taking of marine mammals incidental to commercial fishing operations. Such regulations shall be adopted pursuant to section 553 of title 5, United States Code. In issuing such regulations, the Secretary shall take into account the results of any scientific research under subsection (a) of this section and, in each case, shall provide a reasonable time not exceeding four months for the persons affected to implement such regulations.

(c) Additionally, the Secretary and Secretary of State are directed to commence negotiations within the Inter-American Tropical Tuna Commission in order to effect essential compliance with the regulatory provisions of this Act so as to reduce to the maximum extent feasible the incidental taking of marine mammals by vessels involved in the tuna fishery. The Secretary and Secretary of State are further directed to request the Director of Investigations of the Inter-American Tropical Tuna Commission to make recommendations to all member nations...
Sec. 112. (a) The Secretary, in consultation with any other Federal agency to the extent that such agency may be affected, shall prescribe such regulations as are necessary and appropriate to carry out the purposes of this title.

(b) Each Federal agency is authorized and directed to cooperate with the Secretary, in such manner as may be mutually agreeable, in carrying out the purposes of this title.

(c) The Secretary may enter into such contracts, leases, cooperative agreements, or other transactions as may be necessary to carry out the purposes of this title and on such terms as he deems appropriate with any Federal or State agency, public or private institution, or other person.

(d) The Secretary shall review annually the operation of each program in which the United States participates involving the taking of marine mammals on land. If at any time the Secretary finds that any such program cannot be administered on lands owned by the United States or in which the United States has an interest in a manner consistent with the purposes of policies of this Act, he shall suspend the operation of that program and shall forthwith submit to Congress his reasons for such suspension, together with recommendations for such legislation as he deems necessary and appropriate to resolve the problem.

Sec. 113. (a) The provisions of this title shall be deemed to be in addition to and not in contravention of the provisions of any existing international treaty, convention, or agreement, or any statute implementing the same, which may otherwise apply to the taking of marine mammals. Upon a finding by the Secretary that the provisions of any international treaty, convention, or agreement, or any statute implementing the same has been made applicable to persons subject to the provisions of this title in order to effect essential compliance with the regulatory provisions of this Act so as to reduce to the lowest practicable level the taking of marine mammals incidental to commercial fishing operations, section 105 of this title may not apply to such persons.

(b) The proviso to the Act entitled "An Act to repeal certain laws providing for the protection of sea lions in Alaska water“, approved June 16, 1934 (16 U.S.C. 659), is repealed.
AUTHORIZATION OF APPROPRIATIONS

SEC. 114. (a) There are authorized to be appropriated not to exceed $2,000,000 for the fiscal year ending June 30, 1973, and the four next following fiscal years to enable the department in which the National Oceanic and Atmospheric Administration is operating to carry out such functions and responsibilities as it may have been given under this title.

(b) There are authorized to be appropriated not to exceed $700,000 for the fiscal year ending June 30, 1973, and not to exceed $525,000 for each of the next four fiscal years thereafter to enable the Department of the Interior to carry out such functions and responsibilities as it may have been given under this title.

In arranging such equal exchanges with allottees the council may acquire beneficial whole or fractionated interests in tracts outside the boundaries of the monument. When the council is unable to acquire such interests, it may request that the Secretary, on its behalf and with funds which it provides, acquire such beneficial interest in any lands within the boundaries of the monument, and the Secretary may acquire such interest by condemnation.

TITLE I—OCEAN DUMPING

PROHIBITED ACTS

Sec. 101. (a) No person shall transport from the United States any radiological, chemical, or biological warfare agent or any high-level radioactive waste, or except as may be authorized in a permit issued under this title, and subject to regulations issued under section 108 hereof by the Secretary of the Department in which the Coast Guard is operating, any other material for the purpose of dumping it into ocean waters.

(b) No person shall dump any radiological, chemical, or biological warfare agent or any high-level radioactive waste, or, except as may be authorized in a permit issued under this title, any other material, transported from any location outside the United States, (1) into the territorial sea of the United States, or (2) into a zone contiguous to the territorial sea of the United States, extending to a line twelve nautical miles seaward from the base line from which the breadth of the territorial sea is measured, to the extent that it may affect the territorial sea or the territory of the United States.

(c) No officer, employee, agent, department, agency, or instrumentality of the United States shall transport from any location outside the United States any radiological, chemical, or biological warfare agent or any high-level radioactive waste, or, except as may be authorized in a permit issued under this title, any other material for the purpose of dumping it into ocean waters.
ENVIRONMENTAL PROTECTION AGENCY PERMITS

SEC. 102. (a) Except in relation to dredged material, as provided for in section 103 of this title, and in relation to radiological, chemical, and biological warfare agents and high-level radioactive waste, as provided for in section 101 of this title, the Administrator may issue permits, after notice and opportunity for public hearings, for the transportation from the United States or, in the case of an agency or instrumentality of the United States, for the transportation from a location outside the United States, of material for the purpose of dumping it into ocean waters, or for the dumping of material into the waters described in section 101(b), where the Administrator determines that such dumping will not unreasonably degrade or endanger human health, welfare, or amenities, or the marine environment, ecological systems, or economic potentialities. The Administrator shall establish and apply criteria for reviewing and evaluating such permit applications, and, in establishing or revising such criteria, shall consider, but not be limited in his consideration to, the following:

(A) The need for the proposed dumping.

(B) The effect of such dumping on human health and welfare, including economic, aesthetic, and recreational values.

(C) The effect of such dumping on fisheries resources, plankton, fish, shellfish, wildlife, shorelines and beaches.

(D) The effect of such dumping on marine ecosystems, particularly with respect to—

(i) the transfer, concentration, and dispersion of such material and its byproducts through biological, physical, and chemical processes,

(ii) potential changes in marine ecosystem diversity, productivity, and stability, and

(iii) species and community population dynamics.

(E) The persistence and permanence of the effects of the dumping.

(F) The effect of dumping particular volumes and concentrations of such materials.

(G) Appropriate locations and methods of disposal or recycling, including land-based alternatives and the probable impact of requiring use of such alternate locations or methods upon considerations affecting the public interest.

(H) The effect on alternate uses of oceans, such as scientific study, fishing, and other living resource exploitation, and non-living resource exploitation.

(I) In designating recommended sites, the Administrator shall utilize wherever feasible locations beyond the edge of the Continental Shelf.

In establishing or revising such criteria, the Administrator shall consult with Federal, State, and local officials, and interested members of the general public, as may appear appropriate to the Administrator. With respect to such criteria as may affect the civil works program of the Department of the Army, the Administrator shall also consult with the Secretary. In reviewing applications for permits, the Administrator shall make such provision for consultation with interested Federal and State agencies as he deems useful or necessary. No permit shall be issued for a dumping of material which will violate applicable water quality standards.

(b) The Administrator may establish and issue various categories of permits, including the general permits described in section 104(c).
(c) The Administrator may, considering the criteria established pursuant to subsection (a) of this section, designate recommended sites or times for dumping and, when he finds it necessary to protect critical areas, shall, after consultation with the Secretary, also designate sites or times within which certain materials may not be dumped.

(d) No permit is required under this title for the transportation for dumping or the dumping of fish wastes, except when deposited in harbors or other protected or enclosed coastal waters, or where the Administrator finds that such deposits could endanger health, the environment, or ecological systems in a specific location. Where the Administrator makes such a finding, such material may be deposited only as authorized by a permit issued by the Administrator under this section.

CORPS OF ENGINEERS PERMITS

Sec. 103. (a) Subject to the provisions of subsections (b), (c), and (d) of this section, the Secretary may issue permits, after notice and opportunity for public hearings, for the transportation of dredged material for the purpose of dumping it into ocean waters, where the Secretary determines that the dumping will not unreasonably degrade or endanger human health, welfare, or amenities, or the marine environment, ecological systems, or economic potentialities.

(b) In making the determination required by subsection (a), the Secretary shall apply those criteria, established pursuant to section 102(a), relating to the effects of the dumping. Based upon an evaluation of the potential effect of a permit denial on navigation, economic and industrial development, and foreign and domestic commerce of the United States, the Secretary shall make an independent determination as to the need for the dumping. The Secretary shall also make an independent determination as to other possible methods of disposal and as to appropriate locations for the dumping. In considering appropriate locations, he shall, to the extent feasible, utilize the recommended sites designated by the Administrator pursuant to section 102(c).

(c) Prior to issuing any permit under this section, the Secretary shall first notify the Administrator of his intention to do so. In any case in which the Administrator disagrees with the determination of the Secretary as to compliance with the criteria established pursuant to section 102(a) relating to the effects of the dumping or with the restrictions established pursuant to section 102(c) relating to critical areas, the determination of the Administrator shall prevail. Unless the Administrator grants a waiver pursuant to subsection (d), the Secretary shall not issue a permit which does not comply with such criteria and with such restrictions.

(d) If, in any case, the Secretary finds that, in the disposition of dredged material, there is no economically feasible method or site available other than a dumping site the utilization of which would result in non-compliance with the criteria established pursuant to section 102(a) relating to the effects of dumping or with the restrictions established pursuant to section 102(c) relating to critical areas, he shall so certify and request a waiver from the Administrator of the specific requirements involved. Within thirty days of the receipt of the waiver request, unless the Administrator finds that the dumping of the material will result in an unacceptably adverse impact on municipal water supplies, shell-fish beds, wildlife, fisheries (including spawning and breeding areas), or recreational areas, he shall grant the waiver.
(e) In connection with Federal projects involving dredged material, the Secretary may, in lieu of the permit procedure, issue regulations which will require the application to such projects of the same criteria, other factors to be evaluated, the same procedures, and the same requirements which apply to the issuance of permits under subsections (a), (b), (c), and (d) of this section.

PERMIT CONDITIONS

Sec. 104. (a) Permits issued under this title shall designate and include (1) the type of material authorized to be transported for dumping or to be dumped; (2) the amount of material authorized to be transported for dumping or to be dumped; (3) the location where such transport for dumping will be terminated or where such dumping will occur; (4) the length of time for which the permits are valid and their expiration date; (5) any special provisions deemed necessary by the Administrator or the Secretary, as the case may be, after consultation with the Secretary of the Department in which the Coast Guard is operating, for the monitoring and surveillance of the transportation or dumping; and (6) such other matters as the Administrator or the Secretary, as the case may be, deems appropriate.

(b) The Administrator or the Secretary, as the case may be, may prescribe such processing fees for permits and such reporting requirements for actions taken pursuant to permits issued by him under this title as he deems appropriate.

(c) Consistent with the requirements of sections 102 and 103, but in lieu of a requirement for specific permits in such case, the Administrator or the Secretary, as the case may be, may issue general permits for the transportation for dumping, or dumping, or both, of specified materials or classes of materials for which he may issue permits, which he determines will have a minimal adverse environmental impact.

(d) Any permit issued under this title shall be reviewed periodically and, if appropriate, revised. The Administrator or the Secretary, as the case may be, may limit or deny the issuance of permits, or he may alter or revoke partially or entirely the terms of permits issued by him under this title as he deems appropriate.

(e) The Administrator or the Secretary, as the case may be, shall require an applicant for a permit under this title to provide such information as he may consider necessary to review and evaluate such application.

(f) Information received by the Administrator or the Secretary, as the case may be, as a part of any application or in connection with any permit granted under this title shall be available to the public as a matter of public record, at every stage of the proceeding. The final determination of the Administrator or the Secretary, as the case may be, shall be likewise available.

(g) A copy of any permit issued under this title shall be placed in a conspicuous place in the vessel which will be used for the transportation or dumping authorized by such permit, and an additional copy shall be furnished by the issuing official to the Secretary of the department in which the Coast Guard is operating, or its designee.
PENALTIES

SEC. 105. (a) Any person who violates any provision of this title, or of the regulations promulgated under this title, or a permit issued under this title shall be liable to a civil penalty of not more than $50,000 for each violation to be assessed by the Administrator. No penalty shall be assessed until the person charged shall have been given notice and an opportunity for a hearing of such violation. In determining the amount of the penalty, the gravity of the violation, prior violations, and the demonstrated good faith of the person charged in attempting to achieve rapid compliance after notification of a violation shall be considered by said Administrator. For good cause shown, the Administrator may remit or mitigate such penalty. Upon failure of the offending party to pay the penalty, the Administrator may request the Attorney General to commence an action in the appropriate district court of the United States for such relief as may be appropriate.

(b) In addition to any action which may be brought under subsection (a) of this section, a person who knowingly violates this title, regulations promulgated under this title, or a permit issued under this title shall be fined not more than $50,000, or imprisoned for not more than one year, or both.

(c) For the purpose of imposing civil penalties and criminal fines under this section, each day of a continuing violation shall constitute a separate offense as shall the dumping from each of several vessels, or other sources.

(d) The Attorney General or his delegate may bring actions for equitable relief to enjoin an imminent or continuing violation of this title, of regulations promulgated under this title, or of permits issued under this title, and the district courts of the United States shall have jurisdiction to grant such relief as the equities of the case may require.

(e) A vessel, except a public vessel within the meaning of section 13 of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1163), used in a violation, shall be liable in rem for any civil penalty assessed or criminal fine imposed and may be proceeded against in any district court of the United States having jurisdiction thereof; but no vessel shall be liable unless it shall appear that one or more of the owners, or bareboat charterers, was at the time of the violation a consenting party or privy to such violation.

(f) If the provisions of any permit issued under section 102 or 103 are violated, the Administrator or the Secretary, as the case may be, may revoke the permit or may suspend the permit for a specified period of time. No permit shall be revoked or suspended unless the permittee shall have been given notice and opportunity for a hearing on such violation and proposed suspension or revocation.

(g) (1) Except as provided in paragraph (2) of this subsection any person may commence a civil suit on his own behalf to enjoin any person, including the United States and any other governmental instrumentality or agency (to the extent permitted by the eleventh amendment to the Constitution), who is alleged to be in violation of any prohibition, limitation, criterion, or permit established or issued by or under this title. The district courts shall have jurisdiction, without regard to the amount in controversy or the citizenship of the parties, to enforce such prohibition, limitation, criterion, or permit, as the case may be.
(2) No action may be commenced—
   (A) prior to sixty days after notice of the violation has been
       given to the Administrator or to the Secretary, and to any alleged
       violator of the prohibition, limitation, criterion, or permit; or
   (B) if the Attorney General has commenced and is diligently
       prosecuting a civil action in a court of the United States to
       require compliance with the prohibition, limitation, criterion, or
       permit; or
   (C) if the Administrator has commenced action to impose a
       penalty pursuant to subsection (a) of this section, or if the
       Administrator, or the Secretary, has initiated permit revocation or
       suspension proceedings under subsection (f) of this section; or
   (D) if the United States has commenced and is diligently
       prosecuting a criminal action in a court of the United States or
       a State to redress a violation of this title.

(3) (A) Any suit under this subsection may be brought in the judicial
      district in which the violation occurs.
   (B) In any such suit under this subsection in which the United
       States is not a party, the Attorney General, at the request of the
       Administrator or Secretary, may intervene on behalf of the United
       States as a matter of right.

(4) The court, in issuing any final order in any suit brought pur-
      suant to paragraph (1) of this subsection may award costs of litigation
      (including reasonable attorney and expert witness fees) to any party,
      whenever the court determines such award is appropriate.

(5) The injunctive relief provided by this subsection shall not
      restrict any right which any person (or class of persons) may have
      under any statute or common law to seek enforcement of any standard
      or limitation or to seek any other relief (including relief against the
      Administrator, the Secretary, or a State agency).

   (h) No person shall be subject to a civil penalty or to a criminal
      fine or imprisonment for dumping materials from a vessel if such mate-
      rials are dumped in an emergency to safeguard life at sea. Any such
      emergency dumping shall be reported to the Administrator under
      such conditions as he may prescribe.

SEC. 106. (a) After the effective date of this title, all licenses, per-
mits, and authorizations other than those issued pursuant to this title

to authorize any activity regulated by this title, and whether issued
before or after the effective date of this title.

(b) The provisions of subsection (a) shall not apply to actions

U.S.C. 401 et seq.).

(c) Prior to issuing any permit under this title, if it appears to the
Administrator that the disposition of material, other than dredged
material, may adversely affect navigation in the territorial sea of the
United States, or in the approaches to any harbor of the United States,
or may create an artificial island on the Outer Continental Shelf, the
Administrator shall consult with the Secretary and no permit shall
be issued if the Secretary determines that navigation will be unreasonably impaired.

Any State may, however, propose to the Administrator criteria relating to the dumping of materials into ocean waters within its jurisdiction, or into other ocean waters to the extent that such dumping may affect waters within the jurisdiction of such State, and if the Administrator determines, after notice and opportunity for hearing, that the proposed criteria are not inconsistent with the purposes of this title, may adopt those criteria and may issue regulations to implement such criteria. Such determination shall be made by the Administrator within one hundred and twenty days of receipt of the proposed criteria. For the purposes of this subsection, the term "State" means any State, interstate or regional authority, Federal territory or Commonwealth or the District of Columbia.

(b) The Administrator or the Secretary may delegate responsibility and authority for reviewing and evaluating permit applications, including the decision as to whether a permit will be issued, to an officer of his agency, or he may delegate, by agreement, such responsibility and authority to the heads of other Federal departments or agencies, whether on a reimbursable or nonreimbursable basis.

(c) The Secretary of the department in which the Coast Guard is operating shall conduct surveillance and other appropriate enforcement activity to prevent unlawful transportation of material for dumping, or unlawful dumping. Such enforcement activity shall include, but not be limited to, enforcement of regulations issued by him pursuant to section 108, relating to safe transportation, handling, carriage, storage, and stowage. The Secretary of the Department in which the Coast Guard is operating shall supply to the Administrator and to the Attorney General, as appropriate, such information of enforcement activities and such evidentiary material assembled as they may require in carrying out their duties relative to penalty assessments, criminal prosecutions, or other actions involving litigation pursuant to the provisions of this title.

TITLE II—COMPREHENSIVE RESEARCH ON OCEAN DUMPING

SEC. 201. The Secretary of Commerce, in coordination with the Secretary of the Department in which the Coast Guard is operating and with the Administrator shall, within six months of the enactment of this Act, initiate a comprehensive and continuing program of monitoring and research regarding the effects of the dumping of material into ocean waters or other coastal waters where the tide ebbs and flows or into the Great Lakes or their connecting waters and shall report from time to time, not less frequently than annually, his findings (including an evaluation of the short-term ecological effects and the social and economic factors involved) to the Congress.

SEC. 202. (a) The Secretary of Commerce, in consultation with other appropriate Federal departments, agencies, and instrumentalities shall, within six months of the enactment of this Act, initiate a comprehensive and continuing program of research with respect to the possible long-range effects of pollution, overfishing, and man-induced changes of ocean ecosystems. In carrying out such research, the Secretary of Commerce shall take into account such factors as existing and proposed international policies affecting oceanic problems, economic considerations involved in both the protection and the use of the oceans, possible alternatives to existing programs, and ways in which the health of the oceans may best be preserved for the benefit of succeeding generations of mankind.

(b) In carrying out his responsibilities under this section, the Secretary of Commerce, under the foreign policy guidance of the President and pursuant to international agreements and treaties made by

(e) The Secretary of Commerce, in carrying out his responsibilities under this section, shall, to the extent feasible utilize the personnel, services, and facilities of other Federal departments, agencies, and instrumentalities (including those of the Coast Guard for monitoring purposes), and is authorized to enter into appropriate inter-agency agreements to accomplish this action.

Sec. 203. The Secretary of Commerce shall conduct and encourage, cooperate with, and render financial and other assistance to appropriate public (whether Federal, State, interstate, or local) authorities, agencies, and institutions, private agencies and institutions, and individuals in the conduct of, and to promote the coordination of, research, investigations, experiments, training, demonstrations, surveys, and studies for the purpose of determining means of minimizing or ending all dumping of materials within five years of the effective date of this Act.

Sec. 204. There are authorized to be appropriated for the first fiscal year after this Act is enacted and for the next two fiscal years thereafter such sums as may be necessary to carry out this title, but the sums appropriated for any such fiscal year may not exceed $6,000,000.

TITLE III—MARINE SANCTUARIES

Sec. 301. Notwithstanding the provisions of subsection (h) of section 3 of this Act, the term "Secretary", when used in this title, means Secretary of Commerce.

Sec. 302. (a) The Secretary, after consultation with the Secretaries of State, Defense, the Interior, and Transportation, the Administrator, and the heads of other interested Federal agencies, and with the approval of the President, may designate as marine sanctuaries those areas of the ocean waters, as far seaward as the outer edge of the Continental Shelf, as defined in the Convention of the Continental Shelf (15 U.S.T. 74; TIAS 5578), of other coastal waters where the tide ebbs and flows, or of the Great Lakes and their connecting waters, which he determines necessary for the purpose of preserving or restoring such areas for their conservation, recreational, ecological, or esthetic values. The consultation shall include an opportunity to review and comment on a specific proposed designation.

(b) Prior to designating a marine sanctuary which includes waters lying within the territorial limits of any State or superjacent to the subsoil and seabed within the seaward boundary of a coastal State, as that boundary is defined in section 2 of title I of the Act of May 22, 1953 (67 Stat. 29), the Secretary shall consult with, and give due consideration to the views of, the responsible officials of the State involved. As to such waters, a designation under this section shall become effec-
tive sixty days after it is published, unless the Governor of any State involved shall, before the expiration of the sixty-day period, certify to the Secretary that the designation, or a specified portion thereof, is unacceptable to his State, in which case the designated sanctuary shall not include the area certified as unacceptable until such time as the Governor withdraws his certification of unacceptability.

(c) When a marine sanctuary is designated, pursuant to this section, which includes an area of ocean waters outside the territorial jurisdiction of the United States, the Secretary of State shall take such actions as may be appropriate to enter into negotiations with other Governments for the purpose of arriving at necessary agreements with those Governments, in order to protect such sanctuary and to promote the purposes for which it was established.

(d) The Secretary shall submit an annual report to the Congress, on or before November 1 of each year, setting forth a comprehensive review of his actions during the previous fiscal year undertaken pursuant to the authority of this section, together with appropriate recommendation for legislation considered necessary for the designation and protection of marine sanctuaries.

(e) Before a marine sanctuary is designated under this section, the Secretary shall hold public hearings in the coastal areas which would be most directly affected by such designation, for the purpose of receiving and giving proper consideration to the views of any interested party. Such hearings shall be held no earlier than thirty days after the publication of a public notice thereof.

(f) After a marine sanctuary has been designated under this section, the Secretary, after consultation with other interested Federal agencies, shall issue necessary and reasonable regulations to control any activities permitted within the designated marine sanctuary, and no permit, license, or other authorization issued pursuant to any other authority shall be valid unless the Secretary shall certify that the permitted activity is consistent with the purposes of this title and can be carried out within the regulations promulgated under this section.

(g) The regulations issued pursuant to subsection (f) shall be applied in accordance with recognized principles of international law, including treaties, conventions, and other agreements to which the United States is signatory. Unless the application of the regulations is in accordance with such principles or is otherwise authorized by an agreement between the United States and the foreign State of which the affected person is a citizen or, in the case of the crew of a foreign vessel, between the United States and flag State of the vessel, no regulation applicable to ocean waters outside the territorial jurisdiction of the United States shall be applied to a person not a citizen of the United States.

SEC. 303. (a) Any person subject to the jurisdiction of the United States who violates any regulation issued pursuant to this title shall be liable to a civil penalty of not more than $50,000 for each such violation, to be assessed by the Secretary. Each day of a continuing violation shall constitute a separate violation.

(b) No penalty shall be assessed under this section until the person charged has been given notice and an opportunity to be heard. Upon failure of the offending party to pay an assessed penalty, the Attorney General, at the request of the Secretary, shall commence action in the appropriate district court of the United States to collect the penalty and to seek such other relief as may be appropriate.
(c) A vessel used in the violation of a regulation issued pursuant to this title shall be liable in rem for any civil penalty assessed for such violation and may be proceeded against in any district court of the United States having jurisdiction thereof.

(d) The district courts of the United States shall have jurisdiction to restrain a violation of the regulations issued pursuant to this title, and to grant such other relief as may be appropriate. Actions shall be brought by the Attorney General in the name of the United States, either on his own initiative or at the request of the Secretary.

Sec. 304. There are authorized to be appropriated for the fiscal year in which this Act is enacted and for the next two fiscal years thereafter such sums as may be necessary to carry out the provisions of this title, including sums for the costs of acquisition, development, and operation of marine sanctuaries designated under this title, but the sums appropriated for any such fiscal year shall not exceed $10,000,000.

AN ACT

To establish the Cumberland Island National Seashore in the State of Georgia, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled: That in order to provide for public outdoor recreation use and enjoyment of certain significant shoreline lands and waters of the United States, and to preserve related scenic, scientific, and historical values, there is established in the State of Georgia the Cumberland Island National Seashore (hereinafter referred to as the "seashore") consisting of the area generally depicted on the drawing entitled "Boundary Map, Cumberland Island National Seashore", numbered CUIS-40,000B, and dated June 1971, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior. The Secretary of the Interior (hereinafter referred to as the "Secretary") may after notifying the Committees on Interior and Insular Affairs of the United States House of Representatives and United States Senate in writing, make minor adjustments in the boundary of the seashore from time to time by publication of a revised drawing or other boundary description in the Federal Register, but the total acreage within the boundaries shall not exceed forty thousand five hundred acres.

SEC. 2. Within the boundaries of the seashore, the Secretary may acquire lands, waters, and interests therein by purchase, donation, transfer from any Federal agency, or exchange. The Secretary may also acquire not to exceed one hundred acres of lands or interests in lands on the mainland to provide access to the administrative and visitor facilities for the seashore. Any lands or interests therein owned by the State of Georgia, or any political subdivision thereof may be acquired only by donation. Notwithstanding any other provision of law, any Federal property located within the boundaries of the seashore may, with the concurrence of the agency having custody thereof, be transferred without transfer of funds to the administrative jurisdiction of the Secretary for the purposes of the seashore.

SEC. 3. For the purpose of providing access from Interstate 95 to the mainland administrative and visitor facilities of the seashore, the Secretary may designate as the Cumberland Island Parkway a right-of-way, together with adjacent or related sites for public non-commercial recreational use and for interpretation of scenic and historic values, of not more than one thousand acres of lands, waters, and interests therein. The Secretary is authorized to acquire only by donation those lands and interests therein, and other property comprising such right-of-way and adjacent or related sites as he may designate pursuant to this Act for the development, hereby authorized, of a road of parkway standards, including necessary bridges, spurs, connecting roads, access roads, and other facilities, and for the development and interpretation of recreation areas and historic sites in connection therewith. Lands acquired for the parkway shall be administered as a part of the seashore, subject to all laws and regulations applicable thereto, and subject to such special regulations as the Secretary may promulgate for the parkway.

SEC. 4. (a) With the exception of any property deemed necessary by the Secretary for visitor facilities or administration of the seashore, any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occup-
pary of the property for noncommercial residential purposes, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The owner shall elect the term to be reserved. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner: Provided, however, That, in addition, for so long as a right of use and occupancy remains in effect by the donors of land of one hundred acres or more, the Secretary shall not, with respect to such lands, develop any public use facilities except for trails, road access, and utilities: Provided further, That when acquiring lands, waters, and interests therein from the National Park Foundation, its successors and assigns, the Secretary shall acquire such lands, waters, and interests subject to the written terms and conditions contained in those transactions, including but not limited to options, entered into by the National Park Foundation prior to January 1, 1973, and that such previous written rights and interests shall prevail over provisions of this paragraph.

(b) A right of use and occupancy retained or enjoyed pursuant to this section may be terminated with respect to the entire property by the Secretary upon his determination that the property or any portion thereof has ceased to be used for noncommercial residential purposes and upon tender to the holder of a right an amount equal to the fair market value, as of the date of tender, of that portion of the right which remains unexpired on the date of termination.

(c) The term "improved property", as used in this section shall mean a detached, noncommercial residential dwelling, the construction of which was begun before February 1, 1970 (hereinafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

(d) (1) In order to provide an opportunity for the establishment of a natural and scenic preserve by voluntary private action of certain owners of lands within the seashore, and notwithstanding anything to the contrary herein contained, no lands or interests in lands shall be acquired on Little Cumberland Island without the consent of the owner, for a period of one year from the date of enactment of this Act, except as specifically otherwise provided herein.

(2) In the event that the owners of land on Little Cumberland Island enter into an irrevocable trust or some other irrevocable agreement for the preservation of the resources of Little Cumberland Island which, in the judgment of the Secretary, assures the protection of the resources in a manner consistent with the purposes for which the seashore is established, the authority of the Secretary to acquire such lands shall be suspended for such time as the trust is in effect and the lands are used and occupied in accordance therewith.

(3) If, at any time during the one-year period following the date of enactment of this Act, the Secretary determines that any lands on Little Cumberland Island are threatened with development, or other uses, inconsistent with the establishment or continuation of the trust herein referred to, then the Secretary may acquire such lands, or interests therein, by any of the methods provided for in section 2 of this Act.
Hunting and fishing.

SEC. 5. The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the seashore in accordance with the appropriate laws of Georgia and the United States to the extent applicable, except that he may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, fish and wildlife management, or public use and enjoyment. Except in emergencies, any regulations prescribing any such restrictions shall be put into effect only after consultation with the appropriate State agency responsible for hunting, fishing, and trapping activities.

Administration.

SEC. 6. (a) The seashore shall be administered, protected, and developed in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4), as amended and supplemented, except that any other statutory authority available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of the Act.

(b) Except for certain portions of the seashore deemed to be especially adaptable for recreational uses, particularly swimming, boating, fishing, hiking, horseback riding, and other recreational activities of similar nature, which shall be developed for such uses as needed, the seashore shall be permanently preserved in its primitive state, and no development of the project or plan for the convenience of visitors shall be undertaken which would be incompatible with the preservation of the unique flora and fauna or the physiographic conditions not prevailing, nor shall any road or causeway connecting Cumberland Island to the mainland be constructed.

Preservation in primitive state.

State jurisdiction.

SEC. 7. Nothing in this Act shall deprive the State of Georgia or any political subdivision thereof of its civil or criminal jurisdiction over persons found, acts performed, and offenses committed within the boundaries of the seashore, or of its right to tax persons, corporations, franchises, or other non-Federal property on lands included therein.

Water resource developments.

SEC. 8. The authority of the Secretary of the Army to undertake or contribute to water resource developments, including shore erosion control, beach protection and navigation improvements on land and/or waters within the Cumberland Island National Seashore shall be exercised in accordance with plans which are mutually acceptable to the Secretary of the Interior and the Secretary of the Army and which are consistent with both the purpose of this Act and the purpose of existing statutes dealing with water and related land resource development.

Report to President.

SEC. 9. Within three years from the date of enactment of this Act, the Secretary of the Interior shall report to the President, in accordance with subsections 3(c) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d)), his recommendations as to the suitability or nonsuitability of any area within the national seashore for preservation as wilderness, and any designation of any such area as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

Appropriation.

SEC. 10. There are authorized to be appropriated not to exceed $10,500,000 for the acquisition of lands and interests in lands and not to exceed $27,840,000 for development of the seashore.

Approved October 23, 1972.

SEC. 3. Within the boundaries of the monument the Secretary may acquire lands and interests in lands by donation, purchase, or exchange, except that lands or interests therein owned by the State of Wyoming or a political subdivision thereof may be acquired only by donation or exchange.

SEC. 4. (a) For a period of ten years, and for not more than ten years thereafter if extended by the Secretary, the continuation of existing uses of Federal lands and waters within the monument for grazing and stock watering may be permitted if the Secretary finds that such uses will not conflict with public use, interpretation, or administration of the monument: Provided, That the use of lands within the monument for stock driveways shall continue in perpetuity at such places where this use will not conflict with administration of the monument.

(b) Upon termination of the uses set forth in subsection (a) of this section, the Secretary of the Interior is authorized to provide for the disposition and use of water surplus to the needs of the monument, to a point or points outside the boundaries of the monument.

SEC. 5. There are hereby authorized to be appropriated $378,000 for land acquisition and not to exceed $4,469,000 (June 1971 prices) for development, plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the type of construction involved herein.

(f) If an eligible veteran or eligible person fails to enroll in or pursue a course for which an educational assistance or subsistence allowance advance payment is made, the amount of such payment and any amount of subsequent payments which, in whole or in part, are
due to erroneous information required to be furnished under subsection (d) (2) and (3) of this section, shall become an overpayment and shall constitute a liability of such veteran or person to the United States and may be recovered, unless waived pursuant to section 3102 of this title, from any benefit otherwise due him under any law administered by the Veterans' Administration or may be recovered in the same manner as any other debt due the United States.

"Payments for Less Than Half-Time Training"

Sec. 316. Subchapter II of chapter 36 of title 38, United States Code, is amended by—

(1) striking out sections 1786 and 1787 and inserting in lieu thereof the following:

§ 1786. Correspondence courses

"(a) (1) Each eligible veteran (as defined in section 1652 (a) (1) and (2) of this title) and each eligible wife or widow (as defined in section 1701 (a) (1) (B), (C), or (D) of this title) who enters into an enrollment agreement to pursue a program of education exclusively by correspondence shall be paid an educational assistance allowance computed at the rate of 90 per centum of the established charge which the institution requires nonveterans to pay for the course or courses pursued by the eligible veteran or wife or widow. The term 'established charge' as used herein means the charge for the course or courses determined on the basis of the lowest extended time payment plan offered by the institution and approved by the appropriate State approving agency or the actual cost to the veteran or wife or widow, whichever is the lesser. Such allowance shall be paid quarterly on a pro rata basis..."
for the lessons completed by the veteran or wife or widow and serviced by the institution.

“(2) The period of entitlement of any veteran or wife or widow who is pursuing any program of education exclusively by correspondence shall be charged with one month for each $220 which is paid to the veteran or wife or widow as an educational assistance allowance for such course.

“(b) The enrollment agreement shall fully disclose the obligation of both the institution and the veteran or wife or widow and shall prominently display the provisions for affirmance, termination, refunds, and the conditions under which payment of the allowance is made by the Administrator to the veteran or wife or widow. A copy of the enrollment agreement shall be furnished to each such veteran or wife or widow at the time such veteran or wife or widow signs such agreement. No such agreement shall be effective unless such veteran or wife or widow, after the expiration of ten days after the enrollment agreement is signed, have signed and submitted to the Administrator a written statement, with a signed copy to the institution, specifically affirming the enrollment agreement. In the event the veteran or wife or widow at any time notifies the institution of his intention not to affirm the agreement in accordance with the preceding sentence, the institution, without imposing any penalty or charging any fee shall promptly make a full refund of all amounts paid.

“(c) In the event a veteran or wife or widow elects to terminate his enrollment under an affirmed enrollment agreement, the institution (other than one subject to the provisions of section 1776 of this title) may charge the veteran or wife or widow a registration or similar fee not in excess of 10 per centum of the tuition for the course, or $50, whichever is less. Where the veteran or wife or widow elects to terminate the agreement after completion of one or more but less than 25 per centum of the total number of lessons comprising the course, the institution may retain such registration or similar fee plus 25 per centum of the tuition for the course. Where the veteran or wife or widow elects to terminate the agreement after completion of 25 per centum but less than 50 per centum of the lessons comprising the course, the institution may retain the full registration or similar fee plus 50 per centum of the course tuition. If 50 per centum or more of the lessons are completed, no refund of tuition is required.

“§ 1787. Apprenticeship or other on-job training

“(a) An eligible veteran (as defined in section 1652(a)(1) of this title) or an eligible person (as defined in section 1701(a) of this title) shall be paid a training assistance allowance as prescribed by subsection (b) of this section while pursuing a full-time—

“(1) program of apprenticeship approved by a State approving agency as meeting the standards of apprenticeship published by the Secretary of Labor pursuant to section 50a of title 29, or

“(2) program of other on-job training approved under provisions of section 1777 of this title,

For the purpose of subclause (A) of this clause, a unit is defined to be not less than one hundred and twenty sixty-minute hours or their equivalent of study in any subject in one academic year;

"(4) an institutional undergraduate course offered by a college or university on a quarter- or semester-hour basis shall be considered a full-time course when a minimum of fourteen semester hours or the equivalent thereof (including such hours for which no credit is granted but which are required to be taken to correct an educational deficiency and which the educational institution considers to be quarter or semester hours for other administrative purposes), for which credit is granted toward a standard college degree, is required, except that where such college or university certifies, upon the request of the Administrator, that (A) full-time tuition is charged to all undergraduate students carrying a minimum of less than fourteen such semester hours or the equivalent thereof, or (B) all undergraduate students carrying a minimum of less than fourteen such semester hours or the equivalent thereof, are considered to be pursuing a full-time course for other administrative purposes, then such an institutional undergraduate course offered by such college or university with such minimum number of such semester hours shall be considered a full-time course, but in the event such minimum number of semester hours is less than twelve semester hours or the equivalent thereof, then twelve semester hours or the equivalent thereof shall be considered a full-time course;

"(5) a program of apprenticeship or a program of other on-job training shall be considered a full-time program when the eligible veteran or person is required to work the number of hours constituting the standard workweek of the training establishment, but a workweek of less than thirty hours shall not be considered to constitute full-time training unless a lesser number of hours has been established as the standard workweek for the particular establishment through bona fide collective bargaining; and

"(6) an institutional course offered as part of a program of education below the college level under section 1691(a)(2) or 1696(a)(2) of this title shall be considered a full-time course on the basis of measurement criteria provided in clause (2), (3), or (4) as determined by the educational institution.

"(b) The Administrator shall define part-time training in the case of the types of courses referred to in subsection (a), and shall define full-time and part-time training in the case of all other types of courses pursued under this chapter or chapter 34 or 35 of this title.

§1789. Period of operation for approval

"(a) The Administrator shall not approve the enrollment of an eligible veteran or eligible person in any course offered by an educational institution when such course has been in operation for less than two years.
"(b) Subsection (a) shall not apply to—

"(1) any course to be pursued in a public or other tax-supported educational institution;

"(2) any course which is offered by an educational institution which has been in operation for more than two years, if such course is similar in character to the instruction previously given by such institution;

"(5) any course offered by a proprietary nonprofit educational institution which qualifies to carry out an approved program of education under the provisions of subchapter V or VI of chapter 34 of this title (including those courses offered at other than the institution's principal location) if the institution offering such course has been in operation for more than two years.

"(2) instituted, after the effective date of section 1780 of this title, a policy or practice with respect to the payment of tuition, fees, or other charges in the case of eligible veterans and the Administrator finds that the effect of such policy or practice substantially denies to veterans the benefits of the advance and prepayment allowances under such section, he may disapprove such educational institution for the enrollment of any eligible veteran or eligible person not already enrolled therein under this chapter or chapter 31, 34, or 35, of this title.

JOINT RESOLUTION

Amending Title 38 of the United States Code to authorize the Administrator of Veterans' Affairs to provide certain assistance in the establishment of new State medical schools and the improvement of existing medical schools affiliated with the Veterans' Administration; to develop cooperative arrangements between institutions of higher education, hospitals, and other nonprofit health service institutions affiliated with the Veterans' Administration to coordinate, improve, and expand the training of professional and allied health and para-medical personnel; to develop and evaluate new health careers, interdisciplinary approaches and career advancement opportunities; to improve and expand allied and other health manpower utilization; to afford continuing education for health manpower of the Veterans' Administration and other such manpower at Regional Medical Education Centers established at Veterans' Administration hospitals throughout the United States; and for other purposes.

Whereas there is a great national shortage of physicians and allied health personnel;
Whereas it is now estimated that there is a shortage of approximately 48,000 doctors of medicine and over 250,000 allied health and other medical personnel;
Whereas the Veterans' Administration operates the largest medical care system in the United States, if not the world;
Whereas the Department of Medicine and Surgery of the Veterans' Administration has an active and close affiliation with over eighty medical schools;
Whereas if the training of sufficient numbers of physicians, other health professionals, allied health personnel, and other health personnel is to be accomplished, it is essential that the educational capacities of medical and health professions schools affiliated with the Veterans' Administration be expanded, that new medical and health professions schools affiliated with Veterans' Administration hospitals be established, and that education and training opportunities for the training of existing and future allied health and other health personnel be expanded and improved;
Whereas because of the size, diversity, and quality of its medical program, the Veterans' Administration's Department of Medicine and Surgery is uniquely qualified to assist in the expansion and improvement of existing affiliated medical schools and other health professions schools, in the establishment of new medical and health professions schools, and in the expansion and improvement of education and training opportunities for allied health and other health personnel; and
Whereas it is essential that an adequate number of physicians, health professionals, allied health personnel, and other health personnel be trained if the Congress is to discharge its responsibility to provide the best possible medical care for the Nation's veterans:

Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Veterans' Administration Medical School Assistance and Health Manpower Training Act of 1972”.

TITLE VII
GENERAL PROVISIONS

Sec. 701. The Secretary of each military department may proceed to establish or develop installations and facilities under this Act without regard to section 3648 of the Revised Statutes, as amended (31 U.S.C. 529), and sections 4774(d) and 9774(d) of title 10, United States Code. The authority to place permanent or temporary improvements on land includes authority for surveys, administration, overhead, planning, and supervision incident to construction. That authority may be exercised before title to the land is approved under section 355 of the Revised Statutes, as amended (40 U.S.C. 255), and even though the land is held temporarily. The authority to acquire real estate or land includes authority to make surveys and to acquire land, and interests in land (including temporary use), by gift, purchase, exchange of Government-owned land, or otherwise.

Sec. 702. There are authorized to be appropriated such sums as may be necessary for the purposes of this Act, but appropriations for public work projects authorized by titles I, II, III, IV, and V, shall not exceed—

1. for title I: Inside the United States, $441,704,000; outside the United States, $117,074,000; or a total of $558,778,000.
2. for title II: Inside the United States, $474,450,000; outside the United States, $41,217,000; or a total of $515,667,000.

Sec. 703. (a) Except as provided in subsection (b), any of the amounts specified in titles I, II, III, and IV of this Act, may, in the discretion of the Secretary concerned, be increased by 5 per centum when inside the United States (other than Hawaii and Alaska), and by 10 per centum when outside the United States or in Hawaii and Alaska, if he determines that such increase (1) is required for the sole purpose of meeting unusual variations in cost, and (2) could not have been reasonably anticipated at the time such estimate was submitted to the Congress. However, the total cost of all construction and acquisition in each such title may not exceed the total amount authorized to be appropriated in that title.
(b) When the amount named for any construction or acquisition in title I, II, III, or IV of this Act involves only one project at any military installation and the Secretary of Defense, or his designee, determines that the amount authorized must be increased by more than the applicable percentage prescribed in subsection (a), the Secretary concerned may proceed with such construction or acquisition if the amount of the increase does not exceed by more than 25 per centum the amount named for such project by the Congress.

(c) Subject to the limitations contained in subsection (a), no individual project authorized under title I, II, III, or IV of this Act for any specifically listed military installation may be placed under contract if—

(1) the estimated cost of such project is $250,000 or more, and

(2) the current working estimate of the Department of Defense, based upon bids received, for the construction of such project exceeds by more than 25 per centum the amount authorized for such project by the Congress, until after the expiration of thirty days from the date on which a written report of the facts relating to the increased cost of such project, including a statement of the reasons for such increase has been submitted to the Committees on Armed Services of the House of Representatives and the Senate.

(d) The Secretary of Defense shall submit an annual report to the Congress identifying each individual project which has been placed under contract in the preceding twelve-month period and with respect to which the then current working estimate of the Department of Defense based upon bids received for such project exceeded the amount authorized by the Congress for that project by more than 25 per centum. The Secretary shall also include in such report each individual project with respect to which the scope was reduced in order to permit contract award within the available authorization for such project. Such report shall include all pertinent cost information for each individual project, including the amount in dollars and percentage by which the current working estimate based on the contract price for the project exceeded the amount authorized for such project by the Congress.

SEC. 704. Contracts for construction made by the United States for performance within the United States and its possessions under this Act shall be executed under the jurisdiction and supervision of the Corps of Engineers, Department of the Army, or the Naval Facilities Engineering Command, Department of the Navy, or such other department or Government agency as the Secretaries of the military departments recommend and the Secretary of Defense approves to assure the most efficient, expeditious, and cost-effective accomplishment of the construction herein authorized. The Secretaries of the military departments shall report annually to the President of the Senate and the Speaker of the House of Representatives a breakdown of the dollar value of construction contracts completed by each of the several construction agencies selected, together with the design, construction supervision, and overhead fees charged by each of the several agents in the execution of the assigned construction. Further, such contracts (except architect and engineering contracts which, unless specifically authorized by the Congress, shall continue to be awarded in accordance with presently established procedures, customs, and practice) shall be awarded, insofar as practicable, on a competitive basis to the lowest responsible bidder, if the national security will not be impaired and the award is consistent with chapter 137 of title 10, United States Code. The Secretaries of the military departments shall report annually to the President of the Senate and the Speaker of the
House of Representatives with respect to all contracts awarded on other than a competitive basis to the lowest responsible bidder.

AN ACT

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “National Traffic and Motor Vehicle Safety Act Amendments of 1972”.

Sec. 2. Section 121 of the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. 1409) is amended to read as follows:

“Sec. 121. For the purpose of carrying out this Act there is authorized to be appropriated $52,714,000 for the fiscal year ending June 30, 1973.”.

Sec. 3. Section 123 of the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. 1410) is amended to read as follows:

“Sec. 123. (a) Except as provided in subsection (d) of this section, upon application by a manufacturer at such time, in such manner, and containing such information as required in this section and as the Secretary shall prescribe, the Secretary may, after publication of notice and opportunity to comment and under such terms and conditions and to such extent as he deems appropriate, temporarily exempt or renew the exemption of a motor vehicle from any motor vehicle safety standard established under this title if he finds—

“(1) (A) that compliance would cause such manufacturer substantial economic hardship and that the manufacturer has, in good faith, attempted to comply with each standard from which it requests to be exempted,

“(B) that such temporary exemption would facilitate the development or field evaluation of new motor vehicle safety features which provide a level of safety which is equivalent to or exceeds the level of safety established in each standard from which an exemption is sought,

“(C) that such temporary exemption would facilitate the development or field evaluation of a low-emission motor vehicle and would not unreasonably degrade the safety of such vehicle, or

“(D) that requiring compliance would prevent a manufacturer from selling a motor vehicle whose overall level of safety is equivalent to or exceeds the overall level of safety of non-exempted motor vehicles; and

“(2) that such temporary exemption would be consistent with the public interest and the objectives of the Act.

Notice of each decision to grant a temporary exemption and the reasons for granting it shall be published in the Federal Register.

“(b) The Secretary shall require permanent labeling of each exempted motor vehicle. Such label shall either name or describe each of the standards from which the motor vehicle is exempted and be affixed to such exempted vehicles. The Secretary may require that written notification of the exemption be delivered to the dealer and first purchaser for purposes other than the resale of such exempted motor vehicle in such manner as he deems appropriate.

“(c) (1) No exemption or renewal granted under paragraph (1) (A) of subsection (a) of this section shall be granted for a period longer than three years and no renewal shall be granted without reapplication and approval conforming to the requirements of subsection (a).
“(2) No exemption or renewal granted under paragraph (1) (B), (1) (C), or (1) (D) of subsection (a) of this section shall be granted for a period longer than two years and no renewal shall be granted without reapplication and approval conforming to the requirements of subsection (a).

“(d) (1) No manufacturer whose total motor vehicle production in its most recent year of production exceeds 10,000, as determined by the Secretary, shall be eligible to apply for an exemption under paragraph (1) (A) of subsection (a) of this section.

“(2) No manufacturer shall be eligible to apply for exemption under paragraph (1) (B), (1) (C), or (1) (D) of subsection (a) of this section for more than 2,500 vehicles to be sold in the United States in any 12 month period, as determined by the Secretary.

“(e) Any manufacturer applying for an exemption on the basis of paragraph (1) (A) of subsection (a) of this section shall include in the application a complete financial statement showing the basis of the economic hardship and a complete description of its good faith efforts to comply with the standards. Any manufacturer applying for an exemption on the basis of paragraph (1) (B) of subsection (a) of this section shall include in the application research, development, and testing documentation establishing the innovational nature of the safety features and a detailed analysis establishing that the level of safety of the new safety feature is equivalent to or exceeds the level of safety established in the standard from which the exemption is sought. Any manufacturer applying for an exemption on the basis of paragraph (1) (C) of subsection (a) of this section shall include in the application research, development, and testing documentation establishing that the safety of such vehicle is not unreasonably degraded and that such vehicle is a low-emission motor vehicle. Any manufacturer applying for an exemption on the basis of paragraph (1) (D) of subsection (a) of this section shall include in the application a detailed analysis of how the vehicle provides an overall level of safety equivalent to or exceeding the overall level of safety of nonexempted motor vehicles.

“(f) The Secretary shall promulgate regulations within 90 days (which time may be extended by the Secretary by a notice published in the Federal Register stating good cause therefor) after the date of the enactment of this subsection for applications for exemption from any motor vehicle safety standard provided for in this section. The Secretary may make public within 10 days of the date of filing an application under this section all information contained in such application or other information relevant thereto unless such information concerns or relates to a trade secret, or other confidential business information, not relevant to the application for exemption.

“(g) For the purpose of this section, the term ‘low-emission motor vehicle’ means any motor vehicle which—

“(1) emits any air pollutant in amounts significantly below new motor vehicle standards applicable under section 202 of the Clean Air Act (42 U.S.C. 1857f-1) at the time of manufacture to that type of vehicle; and

“(2) with respect to all other air pollutants meets the new motor vehicle standards applicable under section 202 of the Clean Air Act at the time of manufacture to that type of vehicle.”

   (C) to preserve the Rio Grande and the Colorado River as the boundary by preventing the construction of works which may cause deflection or obstruction of the normal flow of the rivers or of their floodflows; and
   (D) for relocation of any structure or facility, public or private, the relocation of which, in the judgment of the Commissioner, is necessitated by the project; and

Land acquired or to be acquired by the United States of America in accordance with the provisions of the treaty, including the tract provided for in section 106, shall become a geographical part of the State to which it attaches and shall be under the civil and criminal jurisdiction of such State, without affecting the ownership of such land. The addition of land and the ceding of jurisdiction to a State shall take effect upon acceptance by such State.

SEC. 106. Upon transfer of sovereignty from Mexico to the United States of the 481.68 acres of land acquired by the United States from Mexico near Hidalgo-Reynosa, administration over the portion of that land which is determined by the Commissioner not to be required for the construction and maintenance of the relocated river channel shall be assumed by the Department of the Interior; and the Department of the Interior, Fish and Wildlife Service, Bureau of Sport Fisheries and Wildlife, is authorized to plan, establish, develop, and administer such portion of the acquired lands as a part of the national wildlife refuge system.

(b) Subsection (b) of such section 322 is amended by striking out "and" at the end of clause (2), by striking out the period at the end of clause (3) and inserting in lieu thereof "; and", and by adding at the end thereof the following new clause:

SEC. 108. There is authorized to be appropriated to the Department of State for the use of the United States section of the International

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the “National Advisory Commission on Multiple Sclerosis Act”.

FINDINGS

Sec. 2. The Congress finds that—

(1) multiple sclerosis is a disease characterized by degeneration within the brain and spinal cord and by loss of motor and sensory functions;

(2) this disease, known as the “great crippler of young adults”, generally makes its first appearance in the very prime of life, between the ages of twenty and forty, already affects great numbers of Americans, and will begin to afflict an even greater number as our young adult population expands;

(3) the cause of multiple sclerosis is unknown and there is neither a preventive nor a cure for the disease; and

(4) the determination of the most effective program for discovering the cause of and cures and treatments for the disease deserves the highest priority.

NATIONAL ADVISORY COMMISSION

Sec. 3. (a) (1) The Secretary of Health, Education, and Welfare (hereinafter in this section referred to as the “Secretary”), after consultation with the advisory council to the National Institute on Neurological Diseases and Stroke appointed under section 342 of the Public Health Service Act, shall appoint a national advisory commission to determine the most effective means of finding the cause of and cures and treatments for multiple sclerosis. Such study and investigation shall give particular emphasis to the need for additional financial support by the Federal Government and the means by which the Federal Government can best participate in the effort to find the cause of and cures and treatments for multiple sclerosis.
(2) The Secretary shall appoint to the commission (A) four members of the advisory council referred to in paragraph (1), and (B) five other individuals from the public who are particularly qualified to participate in the work of the commission. The members of the commission shall select a chairman from among the members appointed under clause (B) of the preceding sentence. Members of the commission shall each be entitled to receive the daily equivalent of the annual rate of basic pay in effect for grade GS-18 of the General Schedule for each day (including traveltime) during which they are engaged in the actual performance of duties vested in the commission. While away from their homes or regular places of business in the performance of services for the commission, members of the commission shall be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed expenses under section 5703(b) of title 5 of the United States Code.

(3) The Secretary shall provide such administrative support services for the commission as it may request.

(b) Each department, agency, and instrumentality of the executive branch of the Federal Government, including independent agencies, shall furnish to the commission, upon the request of its chairman, such information, services, personnel, and facilities as the commission deems necessary to carry out the purposes of this section.

JOINT RESOLUTION

To authorize the preparation of a history of public works in the United States.

Whereas the President of the United States and bicentennial organizations have encouraged associations and other groups to undertake meaningful activities to commemorate the two hundredth anniversary of our independence; and

Whereas the American Public Works Association is a nonprofit, public service organization comprised of top-ranking officials engaged in various phases of the broad field of public works at the local, State, and Federal levels of government and this highly respected nonpartisan organization has a long history of fostering the improvement of public works practices and the enhancement of public support for needed community facilities and services as exemplified by its sponsorship and support of the Graduate Center for Public Works Engineering and Administration of the University of Pittsburgh, the annual observance of National Public Works Week, which is designed to increase the citizen's understanding of public works, inspire excellence and loyal dedicated public service, and encourage and assist talented young persons to prepare for careers in public works, and other important programs; and

Whereas the board of directors, house of delegates, and advisory council of the American Public Works Association at a special ceremonial meeting held at Congress Hall in Philadelphia on Saturday, September 11, 1971, unanimously adopted a bicentennial resolution calling for the association to undertake as its official bicentennial project
the preparation and publication of the “History of Public Works in the United States From 1776 to 1976”, so that future generations may benefit from a comprehensive review of public works in perspective—the project to be conducted over the next five years from the association’s Washington office, located appropriately at 1776 Massachusetts Avenue Northwest; and

Whereas there is a need for such a publication as the development of public works is of vital importance to the growth and development of the United States and the quality of life of its citizens; and

Whereas the American Public Works Association intends to draw on the resources of other interested and responsible groups in carrying out this important project; and

Whereas it is to be conducted by a competent staff with an editorial review board to assure its accuracy and appropriateness, on a non-profit basis, resulting in no monetary benefit to the American Public Works Association or to any individual, but undertaken strictly as a public service to develop a meaningful and accurate history which would be available to the young people of our country, educational institutions, and others: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That all public works oriented agencies of the Federal Government, the Library of Congress, and the appropriate congressional committees be requested to cooperate in carrying this important project forward.

AN ACT

To amend the Fishermen's Protective Act of 1967 to expedite the reimbursement of United States vessel owners for charges paid by them for the release of vessels and crews illegally seized by foreign countries; to strengthen the provisions therein relating to the collection of claims against such foreign countries for amounts so reimbursed and for certain other amounts, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2(b) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1972(b)) is amended by striking out "and to secure the release of such vessel and crew." and inserting in lieu thereof the following: "to secure the release of such vessel and crew, and to immediately ascertain the amount of any fine, fee, or other direct charge which may be reimbursable under section 3(a)."

SEC. 2. Section 3 of the Fishermen's Protective Act of 1967 (22 U.S.C. 1973) is amended by inserting "(a)" immediately before "In", and by adding at the end thereof the following: "Any reimbursement under this section shall be made from the Fishermen's Protective Fund established pursuant to section 9.

"(b) The Secretary of State shall make a certification under subsection (a) of this section as soon as possible after he is notified pursuant to section 2(b) of the amounts of the fines, fees, and other direct charges which were paid by the owners to secure the release of their vessel and crew. The amount of reimbursement made by the Secretary of the Treasury to the owners of any vessel under subsection (a) of this section shall constitute a lien on the vessel which may be recovered in proceedings by libel in rem in the district court of the United States for any district within which the vessel may be. Any such lien shall terminate on the ninetieth day after the date on which the Secretary of the Treasury reimburses the owners under this section unless before such ninetieth day the United States initiates action to enforce the lien."

"(b) If a foreign country fails or refuses to make payment in full on any claim made under subsection (a) (2) of this section within one hundred and twenty days after the date on which such country is notified pursuant to subsection (a) (1) of this section, the Secretary of State shall transfer an amount equal to such unpaid claim or unpaid portion thereof from any funds appropriated by Congress and programed for the current fiscal year for assistance to the government of such country under the Foreign Assistance Act of 1961 unless the President certifies to the Congress that it is in the national interest not to do so in the particular instance (and if such funds are insufficient to cover such claim, transfer shall be made from any funds so appropriated and programed for the next and any succeeding fiscal year) to (1) the Fishermen’s Protective Fund established pursuant to section 9 if the amount is transferred with respect to an unpaid claim for a reimbursement made under section 3, or (2) the separate account established in the Treasury of the United States pursuant to section 7 (c) if the amount is transferred with respect to an unpaid claim for a payment made under section 7(a). Amounts transferred under this section shall not constitute satisfaction of any such claim of the United States against such foreign country.”

Sec. 4. Section 7(c) of the Fishermen’s Protective Act of 1967 (22 U.S.C. 1977(c)) is amended by inserting immediately before the last sentence thereof the following new sentence: “If a transfer of funds is made to the separate account under section 5(b) (2) with respect to an unpaid claim and such claim is later paid, the amount so paid shall be covered into the Treasury as miscellaneous receipts.”

Sec. 5. The Fishermen’s Protective Act of 1967 is further amended by adding at the end thereof the following new section:

“Sec. 9. There is created a Fishermen’s Protective Fund which shall be used by the Secretary of the Treasury to reimburse owners of vessels for amounts certified to him by the Secretary of State under section 3. The amount of any claim or portion thereof collected by the Secretary of State from any foreign country pursuant to section 5(a) shall be deposited in the fund and shall be available for the purpose of reimbursing vessel owners under section 3; except that if a transfer to the fund was made pursuant to section 5(b) (1) with respect to any such claim, an amount from the fund equal to the amount so collected shall be covered into the Treasury as miscellaneous receipts. There is authorized to be appropriated to the fund (1) the sum of $3,000,000 to provide initial capital, and (2) such additional sums as may be necessary from time to time to supplement the fund in order to meet the requirements of the fund.”

Sec. 6. The amendments made by this Act shall apply with respect to seizures of vessels of the United States occurring on or after the date of the enactment of this Act; except that reimbursements under section 3 of the Fishermen’s Protective Act of 1967 (as in effect before such date of enactment) may be made from the fund established by the amendment made by section 5 of this Act with respect to any seizure of a vessel occurring before such date of enactment and after December 31, 1970, if no reimbursement was made before such date of enactment.

FINDINGS AND PURPOSES

SECTION 2. (a) The Congress finds that—

(1) an unacceptable number of consumer products which present unreasonable risks of injury are distributed in commerce;

(2) complexities of consumer products and the diverse nature and abilities of consumers using them frequently result in an inability of users to anticipate risks and to safeguard themselves adequately;

(3) the public should be protected against unreasonable risks of injury associated with consumer products;

(4) control by State and local governments of unreasonable risks of injury associated with consumer products is inadequate and may be burdensome to manufacturers;

(5) existing Federal authority to protect consumers from exposure to consumer products presenting unreasonable risks of injury is inadequate; and
(6) regulation of consumer products the distribution or use of which affects interstate or foreign commerce is necessary to carry out this Act.

(b) The purposes of this Act are—

(1) to protect the public against unreasonable risks of injury associated with consumer products;

(2) to assist consumers in evaluating the comparative safety of consumer products;

(3) to develop uniform safety standards for consumer products and to minimize conflicting State and local regulations; and

(4) to promote research and investigation into the causes and prevention of product-related deaths, illnesses, and injuries.

DEFINITIONS

SEC. 3. (a) For purposes of this Act:

(1) The term "consumer product" means any article, or component part thereof, produced or distributed (i) for sale to a consumer for use in or around a permanent or temporary household or residence, a school, in recreation, or otherwise, or (ii) for the personal use, consumption or enjoyment of a consumer in or around a permanent or temporary household or residence, a school, in recreation, or otherwise; but such term does not include—

(F) aircraft, aircraft engines, propellers, or appliances (as defined in section 101 of the Federal Aviation Act of 1958),

(H) drugs, devices, or cosmetics (as such terms are defined in sections 201 (g), (h), and (i) of the Federal Food, Drug, and Cosmetic Act), or

(I) food. The term "food", as used in this subparagraph means all "food", as defined in section 201(f) of the Federal Food, Drug, and Cosmetic Act, including poultry and poultry

(6) The term “retailer” means a person to whom a consumer product is delivered or sold for purposes of sale or distribution by such person to a consumer.

(7) (A) The term “private labeler” means an owner of a brand or trademark on the label of a consumer product which bears a private label.

(B) A consumer product bears a private label if (i) the product (or its container) is labeled with the brand or trademark of a person other than a manufacturer of the product, (ii) the person with whose brand or trademark the product (or container) is labeled has authorized or caused the product to be so labeled, and (iii) the brand or trademark of a manufacturer of such product does not appear on such label.

(12) The term “commerce” means trade, traffic, commerce, or transportation—

(A) between a place in a State and any place outside thereof, or

(B) which affects trade, traffic, commerce, or transportation described in subparagraph (A).

(13) The terms “import” and “importation” include reimporting a consumer product manufactured or processed, in whole or in part, in the United States.

(14) The term “United States”, when used in the geographic sense, means all of the States (as defined in paragraph (10)).

(b) A common carrier, contract carrier, or freight forwarder shall not, for purposes of this Act, be deemed to be a manufacturer, distrib-
Establishment.

SEC. 4. (a) An independent regulatory commission is hereby established, to be known as the Consumer Product Safety Commission, consisting of five Commissioners who shall be appointed by the President, by and with the advice and consent of the Senate, one of whom shall be designated by the President as Chairman. The Chairman, when so designated, shall act as Chairman until the expiration of his term of office as Commissioner. Any member of the Commission may be removed by the President for neglect of duty or malfeasance in office but for no other cause.

Chairman.

(b) (1) Except as provided in paragraph (2), (A) the Commissioners first appointed under this section shall be appointed for terms ending three, four, five, six, and seven years, respectively, after the date of the enactment of this Act, the term of each to be designated by the President at the time of nomination; and (B) each of their successors shall be appointed for a term of seven years from the date of the expiration of the term for which his predecessor was appointed.

Terms.

(2) Any Commissioner appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed only for the remainder of such term. A Commissioner may continue to serve after the expiration of his term until his successor has taken office, except that he may not so continue to serve more than one year after the date on which his term would otherwise expire under this subsection.

Restrictions.

(c) Not more than three of the Commissioners shall be affiliated with the same political party. No individual (1) in the employ of, or holding any official relation to, any person engaged in selling or manufacturing consumer products, or (2) owning stock or bonds of substantial value in a person so engaged, or (3) who is in any other manner pecuniarily interested in such a person, or in a substantial supplier of such a person, shall hold the office of Commissioner. A Commissioner may not engage in any other business, vocation, or employment.

(d) No vacancy in the Commission shall impair the right of the remaining Commissioners to exercise all the powers of the Commission, but three members of the Commission shall constitute a quorum for the transaction of business. The Commission shall have an official seal of which judicial notice shall be taken. The Commission shall annually elect a Vice Chairman to act in the absence or disability of the Chairman or in case of a vacancy in the office of the Chairman.

Functions.

(e) The Commission shall maintain a principal office and such field offices as it deems necessary and may meet and exercise any of its powers at any other place.

(f) (1) The Chairman of the Commission shall be the principal executive officer of the Commission, and he shall exercise all of the executive and administrative functions of the Commission, including functions of the Commission with respect to (A) the appointment and supervision of personnel employed under the Commission (other than personnel employed regularly and full time in the immediate offices of commissioners other than the Chairman), (B) the distribution of business among personnel appointed and supervised by the Chairman and among administrative units of the Commission, and (C) the use and expenditure of funds.

(2) In carrying out any of his functions under the provisions of this subsection the Chairman shall be governed by general policies of
the Commission and by such regulatory decisions, findings, and determinations as the Commission may by law be authorized to make.

(g)(1) The Chairman, subject to the approval of the Commission, shall appoint an Executive Director, a General Counsel, a Director of Engineering Sciences, a Director of Epidemiology, and a Director of Information. No individual so appointed may receive pay in excess of the annual rate of basic pay in effect for grade GS-18 of the General Schedule.

(2) The Chairman, subject to subsection (f) (2), may employ such other officers and employees (including attorneys) as are necessary in the execution of the Commission's functions. No full-time officer or employee of the Commission who was at any time during the 12 months preceding the termination of his employment with the Commission compensated at a rate in excess of the annual rate of basic pay in effect for grade GS-14 of the General Schedule, shall accept employment or compensation from any manufacturer subject to this Act, for a period of 12 months after terminating employment with the Commission.

(h) (1) Section 5314 of title 5, United States Code, is amended by adding at the end thereof the following new paragraph:

(2) Section 5315 of such title is amended by adding at the end thereof the following new paragraph:

"(97) Members, Consumer Product Safety Commission (4)."

PRODUCT SAFETY INFORMATION AND RESEARCH

Sec. 5. (a) The Commission shall—

(1) maintain an Injury Information Clearinghouse to collect, investigate, analyze, and disseminate injury data, and information, relating to the causes and prevention of death, injury, and illness associated with consumer products; and

(2) conduct such continuing studies and investigations of deaths, injuries, diseases, other health impairments, and economic losses resulting from accidents involving consumer products as it deems necessary.

(b) The Commission may—

(1) conduct research, studies, and investigations on the safety of consumer products and on improving the safety of such products;

(2) test consumer products and develop product safety test methods and testing devices; and

(3) offer training in product safety investigation and test methods, and assist public and private organizations, administratively and technically, in the development of safety standards and test methods.

(c) In carrying out its functions under this section, the Commission may make grants or enter into contracts for the conduct of such functions with any person (including a governmental entity).

(d) Whenever the Federal contribution for any information, research, or development activity authorized by this Act is more than minimal, the Commission shall include in any contract, grant, or other arrangement for such activity, provisions effective to insure that the rights to all information, uses, processes, patents, and other developments resulting from that activity will be made available to the public without charge on a nonexclusive basis. Nothing in this subsection shall be construed to deprive any person of any right which he may have had, prior to entering into any arrangement referred to in this subsection, to any patent, patent application, or invention.
SEC. 6. (a) (1) Nothing contained in this Act shall be deemed to require the release of any information described by subsection (b) of section 552, title 5, United States Code, or which is otherwise protected by law from disclosure to the public.

(2) All information reported to or otherwise obtained by the Commission or its representative under this Act which information contains or relates to a trade secret or other matter referred to in section 1905 of title 18, United States Code, shall be considered confidential and shall not be disclosed, except that such information may be disclosed to other officers or employees concerned with carrying out this Act or when relevant in any proceeding under this Act. Nothing in this Act shall authorize the withholding of information by the Commission or any officer or employee under its control from the duly authorized committees of the Congress.

(b) (1) Except as provided by paragraph (2) of this subsection, not less than 30 days prior to its public disclosure of any information obtained under this Act, or to be disclosed to the public in connection therewith (unless the Commission finds out that the public health and safety requires a lesser period of notice), the Commission shall, to the extent practicable, notify, and provide a summary of the information to, each manufacturer or private labeler of any consumer product to which such information pertains, if the manner in which such consumer product is to be designated or described in such information will permit the public to ascertain readily the identity of such manufacturer or private labeler, and shall provide such manufacturer or private labeler with a reasonable opportunity to submit comments to the Commission in regard to such information. The Commission shall take reasonable steps to assure, prior to its public disclosure thereof, that information from which the identity of such manufacturer or private labeler may be readily ascertained is accurate, and that such disclosure is fair in the circumstances and reasonably related to effectuating the purposes of this Act. If the Commission finds that, in the administration of this Act, it has made public disclosure of inaccurate or misleading information which reflects adversely upon the safety of any consumer product, or the practices of any manufacturer, private labeler, distributor, or retailer of consumer products, it shall, in a manner similar to that in which such disclosure was made, publish a retraction of such inaccurate or misleading information.

(2) Paragraph (1) (except for the last sentence thereof) shall not apply to the public disclosure of (A) information about any consumer product with respect to which product the Commission has filed an action under section 12 (relating to imminently hazardous products), or which the Commission has reasonable cause to believe is in violation of section 19 (relating to prohibited acts), or (B) information in the course of or concerning any administrative or judicial proceeding under this Act.

(c) The Commission shall communicate to each manufacturer of a consumer product, insofar as may be practicable, information as to any significant risk of injury associated with such product.

CONSUMER PRODUCT SAFETY STANDARDS

SEC. 7. (a) The Commission may by rule, in accordance with this section and section 9, promulgate consumer product safety standards. A consumer product safety standard shall consist of one or more of any of the following types of requirements:
(1) Requirements as to performance, composition, contents, design, construction, finish, or packaging of a consumer product.

(2) Requirements that a consumer product be marked with or accompanied by clear and adequate warnings or instructions, or requirements respecting the form of warnings or instructions. Any requirement of such a standard shall be reasonably necessary to prevent or reduce an unreasonable risk of injury associated with such product. The requirements of such a standard (other than requirements relating to labeling, warnings, or instructions) shall, whenever feasible, be expressed in terms of performance requirements.

(b) A proceeding for the development of a consumer product safety standard under this Act shall be commenced by the publication in the Federal Register of a notice which shall—

(1) identify the product and the nature of the risk of injury associated with the product;

(2) state the Commission's determination that a consumer product safety standard is necessary to eliminate or reduce the risk of injury;

(3) include information with respect to any existing standard known to the Commission which may be relevant to the proceeding; and

(4) include an invitation for any person, including any State or Federal agency (other than the Commission), within 30 days after the date of publication of the notice (A) to submit to the Commission an existing standard as the proposed consumer product safety standard or (B) to offer to develop the proposed consumer product safety standard.

An invitation under paragraph (4) (B) shall specify a period of time, during which the standard is to be developed, which shall be a period ending 150 days after the publication of the notice, unless the Commission for good cause finds (and includes such finding in the notice) that a different period is appropriate.

(c) If the Commission determines that (1) there exists a standard which has been issued or adopted by any Federal agency or by any other qualified agency, organization, or institution, and (2) such standard if promulgated under this Act, would eliminate or reduce the unreasonable risk of injury associated with the product, then it may, in lieu of accepting an offer pursuant to subsection (d) of this section, publish such standard as a proposed consumer product safety rule.

(d)(1) Except as provided by subsection (c), the Commission shall accept one, and may accept more than one, offer to develop a proposed consumer product safety standard pursuant to the invitation prescribed by subsection (b) (4) (B), if it determines that the offeror is technically competent, is likely to develop an appropriate standard within the period specified in the invitation under subsection (b), and will comply with regulations of the Commission under paragraph (3) of this subsection. The Commission shall publish in the Federal Register the name and address of each person whose offer it accepts, and a summary of the terms of such offer as accepted.

(2) If an offer is accepted under this subsection, the Commission may agree to contribute to the offeror's cost in developing a proposed consumer product safety standard, in any case in which the Commission determines that such contribution is likely to result in a more satisfactory standard than would be developed without such contribution, and that the offeror is financially responsible. Regulations of the Commission shall set forth the items of cost in which it may participate, and shall exclude any contribution to the acquisition of land or buildings.
(3) The Commission shall prescribe regulations governing the development of proposed consumer product safety standards by persons whose offers are accepted under paragraph (1). Such regulations shall include requirements—

(A) that standards recommended for promulgation be suitable for promulgation under this Act, be supported by test data or such other documents or materials as the Commission may reasonably require to be developed, and (where appropriate) contain suitable test methods for measurement of compliance with such standards;

(B) for notice and opportunity by interested persons (including representatives of consumers and consumer organizations) to participate in the development of such standards;

(C) for the maintenance of records, which shall be available to the public, to disclose the course of the development of standards recommended for promulgation, the comments and other information submitted by any person in connection with such development (including dissenting views and comments and information with respect to the need for such recommended standards), and such other matters as may be relevant to the evaluation of such recommended standards; and

(D) that the Commission and the Comptroller General of the United States, or any of their duly authorized representatives, have access for the purpose of audit and examination to any books, documents, papers, and records relevant to the development of such recommended standards or to the expenditure of any contribution of the Commission for the development of such standards.

(e) (1) If the Commission has published a notice of proceeding as provided by subsection (b) of this section and has not, within 30 days after the date of publication of such notice, accepted an offer to develop a proposed consumer product safety standard, the Commission may develop a proposed consumer product safety rule and publish such proposed rule.

(2) If the Commission accepts an offer to develop a proposed consumer product safety standard, the Commission may not, during the development period (specified in paragraph (3)) for such standard—

(A) publish a proposed rule applicable to the same risk of injury associated with such product, or

(B) develop proposals for such standard or contract with third parties for such development, unless the Commission determines that no offeror whose offer was accepted is making satisfactory progress in the development of such standard.

In any case in which the sole offeror whose offer is accepted under subsection (d) (1) of this section is the manufacturer, distributor, or retailer of a consumer product proposed to be regulated by the consumer product safety standard, the Commission may independently proceed to develop proposals for such standard during the development period.

(3) For purposes of paragraph (2), the development period for any standard is a period (A) beginning on the date on which the Commission first accepts an offer under subsection (d) (1) for the development of a proposed standard, and (B) ending on the earlier of—

(i) the end of the period specified in the notice of proceeding (except that the period specified in the notice may be extended if good cause is shown and the reasons for such extension are published in the Federal Register), or
(ii) the date on which it determines (in accordance with such procedures as it may by rule prescribe) that no offeror whose offer was accepted is able and willing to continue satisfactorily the development of the proposed standard which was the subject of the offer, or
(iii) the date on which an offeror whose offer was accepted submits such a recommended standard to the Commission.

(f) Not more than 210 days after its publication of a notice of proceeding pursuant to subsection (b) (which time may be extended by the Commission by a notice published in the Federal Register stating good cause therefor), the Commission shall publish in the Federal Register a notice withdrawing such notice of proceeding or publish a proposed rule which either proposes a product safety standard applicable to any consumer product subject to such notice, or proposes to declare any such subject product a banned hazardous consumer product.

BANNED HAZARDOUS PRODUCTS

SEC. 8. Whenever the Commission finds that—

(1) a consumer product is being, or will be, distributed in commerce and such consumer product presents an unreasonable risk of injury; and

(2) no feasible consumer product safety standard under this Act would adequately protect the public from the unreasonable risk of injury associated with such product,

the Commission may propose and, in accordance with section 9, promulgate a rule declaring such product a banned hazardous product.

ADMINISTRATIVE PROCEDURE APPLICABLE TO PROMULGATION OF CONSUMER PRODUCT SAFETY RULES

SEC. 9. (a) (1) Within 60 days after the publication under section 7 (c), (e)(1), or (f) or section 8 of a proposed consumer product safety rule respecting a risk of injury associated with a consumer product, the Commission shall—

(A) promulgate a consumer product safety rule respecting the risk of injury associated with such product if it makes the findings required under subsection (c), or

(B) withdraw by rule the applicable notice of proceeding if it determines that such rule is not (i) reasonably necessary to eliminate or reduce an unreasonable risk of injury associated with the product, or (ii) in the public interest;

except that the Commission may extend such 60-day period for good cause shown (if it publishes its reasons therefor in the Federal Register).

(2) Consumer product safety rules which have been proposed under section 7 (c), (e)(1), or (f) or section 8 shall be promulgated pursuant to section 553 of title 5, United States Code, except that the Commission shall give interested persons an opportunity for the oral presentation of data, views, or arguments, in addition to an opportunity to make written submissions. A transcript shall be kept of any oral presentation.

(b) A consumer product safety rule shall express in the rule itself the risk of injury which the standard is designed to eliminate or reduce. In promulgating such a rule the Commission shall consider relevant available product data including the results of research, development, testing, and investigation activities conducted generally and pursuant to this Act.
(c) (1) Prior to promulgating a consumer product safety rule, the Commission shall consider, and shall make appropriate findings for inclusion in such rule with respect to—

(A) the degree and nature of the risk of injury the rule is designed to eliminate or reduce;

(B) the approximate number of consumer products, or types or classes thereof, subject to such rule;

(C) the need of the public for the consumer products subject to such rule, and the probable effect of such rule upon the utility, cost, or availability of such products to meet such need; and

(D) any means of achieving the objective of the order while minimizing adverse effects on competition or disruption or dislocation of manufacturing and other commercial practices consistent with the public health and safety.

(2) The Commission shall not promulgate a consumer product safety rule unless it finds (and includes such finding in the rule)—

(A) that the rule (including its effective date) is reasonably necessary to eliminate or reduce an unreasonable risk of injury associated with such product;

(B) that the promulgation of the rule is in the public interest; and

(C) in the case of a rule declaring the product a banned hazardous product, that no feasible consumer product safety standard under this Act would adequately protect the public from the unreasonable risk of injury associated with such product.

d) (1) Each consumer product safety rule shall specify the date such rule is to take effect not exceeding 180 days from the date promulgated, unless the Commission finds, for good cause shown, that a later effective date is in the public interest and publishes its reasons for such finding. The effective date of a consumer product safety standard under this Act shall be set at a date at least 30 days after the date of promulgation unless the Commission for good cause shown determines that an earlier effective date is in the public interest. In no case may the effective date be set at a date which is earlier than the date of promulgation. A consumer product safety standard shall be applicable only to consumer products manufactured after the effective date.

(2) The Commission may by rule prohibit a manufacturer of a consumer product from stockpiling any product to which a consumer product safety rule applies, so as to prevent such manufacturer from circumventing the purpose of such consumer product safety rule. For purposes of this paragraph, the term "stockpiling" means manufacturing or importing a product between the date of promulgation of such consumer product safety rule and its effective date at a rate which is significantly greater (as determined under the rule under this paragraph) than the rate at which such product was produced or imported during a base period (prescribed in the rule under this paragraph) ending before the date of promulgation of the consumer product safety rule.

e) The Commission may by rule amend or revoke any consumer product safety rule. Such amendment or revocation shall specify the date on which it is to take effect which shall not exceed 180 days from the date the amendment or revocation is published unless the Commission finds for good cause shown that a later effective date is in the public interest and publishes its reasons for such finding. Where an amendment involves a material change in a consumer product safety rule, sections 7 and 8, and subsections (a) through (d) of this section shall apply. In order to revoke a consumer product safety rule, the Commission shall publish a proposal to revoke such rule in the Federal Register, and allow oral and written presentations in accordance with
subsection (a) (2) of this section. It may revoke such rule only if it
determines that the rule is not reasonably necessary to eliminate or
reduce an unreasonable risk of injury associated with the product. Sec-
tion 11 shall apply to any amendment of a consumer product safety
rule which involves a material change and to any revocation of a con-
sumer product safety rule, in the same manner and to the same extent
as such section applies to the Commission's action in promulgating
such a rule.

COMMISSION RESPONSIBILITY—PETITION FOR CONSUMER PRODUCT
SAFETY RULE

SEC. 10. (a) Any interested person, including a consumer or con-
sumer organization, may petition the Commission to commence a pro-
ceeding for the issuance, amendment, or revocation of a consumer
product safety rule.

(b) Such petition shall be filed in the principal office of the Com-
mission and shall set forth (1) facts which it is claimed establish that
a consumer product safety rule or an amendment or revocation thereof
is necessary, and (2) a brief description of the substance of the con-
sumer product safety rule or amendment thereof which it is claimed
should be issued by the Commission.

(c) The Commission may hold a public hearing or may conduct
such investigation or proceeding as it deems appropriate in order to
determine whether or not such petition should be granted.

(d) Within 120 days after filing of a petition described in subsection
(b), the Commission shall either grant or deny the petition. If the
Commission grants such petition, it shall promptly commence an
appropriate proceeding under section 7 or 8. If the Commission denies
such petition it shall publish in the Federal Register its reasons for
such denial.

(e) (1) If the Commission denies a petition made under this section
(or if it fails to grant or deny such petition within the 120-day period)
the petitioner may commence a civil action in a United States district
court to compel the Commission to initiate a proceeding to take the
action requested. Any such action shall be filed within 60 days after
the Commission's denial of the petition, or (if the Commission fails to
grant or deny the petition within 120 days after filing the petition)
within 60 days after the expiration of the 120-day period.

(2) If the petitioner can demonstrate to the satisfaction of the
court, by a preponderance of evidence in a de novo proceeding before
such court, that the consumer product presents an unreasonable risk
of injury, and that the failure of the Commission to initiate a rule-
making proceeding under section 7 or 8 unreasonably exposes the peti-
tioner or other consumers to a risk of injury presented by the consumer
product, the court shall order the Commission to initiate the action
requested by the petitioner.

(3) In any action under this subsection, the district court shall have
no authority to compel the Commission to take any action other than
the initiation of a rule-making proceeding in accordance with section
7 or 8.

(f) The remedies under this section shall be in addition to, and not
in lieu of, other remedies provided by law.

(g) Subsection (e) of this section shall apply only with respect to
petitions filed more than 3 years after the date of enactment of this
Act.
PUBLIC LAW 92-573—OCT. 27, 1972

JUDICIAL REVIEW OF CONSUMER PRODUCT SAFETY RULES

Sec. 11. (a) Not later than 60 days after a consumer product safety rule is promulgated by the Commission, any person adversely affected by such rule, or any consumer or consumer organization, may file a petition with the United States court of appeals for the District of Columbia or for the circuit in which such person, consumer, or organization resides or has his principal place of business for judicial review of such rule. Copies of the petition shall be forthwith transmitted by the clerk of the court to the Commission or other officer designated by it for that purpose and to the Attorney General. The Commission shall transmit to the Attorney General, who shall file in the court, the record of the proceedings on which the Commission based its rule, as provided in section 2112 of title 28 of the United States Code. For purposes of this section, the term "record" means such consumer product safety rule; any notice or proposal published pursuant to section 7, 8, or 9; the transcript required by section 9(a)(2) of any oral presentation; any written submission of interested parties; and any other information which the Commission considers relevant to such rule.

(b) If the petitioner applies to the court for leave to adduce additional data, views, or arguments and shows to the satisfaction of the court that such additional data, views, or arguments are material and that there were reasonable grounds for the petitioner's failure to adduce such data, views, or arguments in the proceeding before the Commission, the court may order the Commission to provide additional opportunity for the oral presentation of data, views, or arguments and for written submissions. The Commission may modify its findings, or make new findings by reason of the additional data, views, or arguments so taken and shall file such modified or new findings, and its recommendation, if any, for the modification or setting aside of its original rule, with the return of such additional data, views, or arguments.

(c) Upon the filing of the petition under subsection (a) of this section the court shall have jurisdiction to review the consumer product safety rule in accordance with chapter 7 of title 5, United States Code, and to grant appropriate relief, including interim relief, as provided in such chapter. The consumer product safety rule shall not be affirmed unless the Commission's findings under section 9(c) are supported by substantial evidence on the record taken as a whole.

(d) The judgment of the court affirming or setting aside, in whole or in part, any consumer product safety rule shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification, as provided in section 1254 of title 28 of the United States Code.

(e) The remedies provided for in this section shall be in addition to and not in lieu of any other remedies provided by law.

IMMINENT HAZARDS

Sec. 12. (a) The Commission may file in a United States district court an action (1) against an imminently hazardous consumer product for seizure of such product under subsection (b)(2), or (2) against any person who is a manufacturer, distributor, or retailer of such product, or (3) against both. Such an action may be filed notwithstanding the existence of a consumer product safety rule applicable to such product, or the pendency of any administrative or judicial proceedings under any other provision of this Act. As used in this section, and hereinafter in this Act, the term "imminently hazardous consumer product" means a consumer product which presents imminent and...
unreasonable risk of death, serious illness, or severe personal injury.

(b)(1) The district court in which such action is filed shall have jurisdiction to declare such product an imminently hazardous consumer product, and (in the case of an action under subsection (a)(2)) to grant (as ancillary to such declaration or in lieu thereof) such temporary or permanent relief as may be necessary to protect the public from such risk. Such relief may include a mandatory order requiring the notification of such risk to purchasers of such product known to the defendant, public notice, the recall, the repair or the replacement of, or refund for, such product.

(2) In the case of an action under subsection (a)(1), the consumer product may be proceeded against by process of libel for the seizure and condemnation of such product in any United States district court within the jurisdiction of which such consumer product is found. Proceedings and cases instituted under the authority of the preceding sentence shall conform as nearly as possible to proceedings in rem in admiralty.

(e) Where appropriate, concurrently with the filing of such action or as soon thereafter as may be practicable, the Commission shall initiate a proceeding to promulgate a consumer product safety rule applicable to the consumer product with respect to which such action is filed.

(d)(1) Prior to commencing an action under subsection (a), the Commission may consult the Product Safety Advisory Council (established under section 28) with respect to its determination to commence such action, and request the Council's recommendations as to the type of temporary or permanent relief which may be necessary to protect the public.

(2) The Council shall submit its recommendations to the Commission within one week of such request.

(3) Subject to paragraph (2), the Council may conduct such hearing or offer such opportunity for the presentation of views as it may consider necessary or appropriate.

(e)(1) An action under subsection (a)(2) of this section may be brought in the United States district court for the District of Columbia or in any judicial district in which any of the defendants is found, is an inhabitant or transacts business; and process in such an action may be served on a defendant in any other district in which such defendant resides or may be found. Subpoenas requiring attendance of witnesses in such an action may run into any other district. In determining the judicial district in which an action may be brought under this section in instances in which such action may be brought in more than one judicial district, the Commission shall take into account the convenience of the parties.

(2) Whenever proceedings under this section involving substantially similar consumer products are pending in courts in two or more judicial districts, they shall be consolidated for trial by order of any such court upon application reasonably made by any party in interest, upon notice to all other parties in interest.

(f) Notwithstanding any other provision of law, in any action under this section, the Commission may direct attorneys employed by it to appear and represent it.

NEW PRODUCTS

Sec. 13. (a) The Commission may, by rule, prescribe procedures for the purpose of insuring that the manufacturer of any new consumer product furnish notice and a description of such product to the Commission before its distribution in commerce.
"New consumer product."

(b) For purposes of this section, the term "new consumer product" means a consumer product which incorporates a design, material, or form of energy exchange which (1) has not previously been used substantially in consumer products and (2) as to which there exists a lack of information adequate to determine the safety of such product in use by consumers.

PRODUCT CERTIFICATION AND LABELING

SEC. 14. (a) (1) Every manufacturer of a product which is subject to a consumer product safety standard under this Act and which is distributed in commerce (and the private labeler of such product if it bears a private label) shall issue a certificate which shall certify that such product conforms to all applicable consumer product safety standards, and shall specify any standard which is applicable. Such certificate shall accompany the product or shall otherwise be furnished to any distributor or retailer to whom the product is delivered. Any certificate under this subsection shall be based on a test of each product or upon a reasonable testing program; shall state the name of the manufacturer or private labeler issuing the certificate; and shall include the date and place of manufacture.

(2) In the case of a consumer product for which there is more than one manufacturer or more than one private labeler, the Commission may by rule designate one or more of such manufacturers or one or more of such private labelers (as the case may be) as the persons who shall issue the certificate required by paragraph (1) of this subsection, and may exempt all other manufacturers of such product or all other private labelers of the product (as the case may be) from the requirement under paragraph (1) to issue a certificate with respect to such product.

(b) The Commission may by rule prescribe reasonable testing programs for consumer products which are subject to consumer product safety standards under this Act and for which a certificate is required under subsection (a). Any test or testing program on the basis of which a certificate is issued under subsection (a) may, at the option of the person required to certify the product, be conducted by an independent third party qualified to perform such tests or testing programs.

(c) The Commission may by rule require the use and prescribe the form and content of labels which contain the following information (or that portion of it specified in the rule)—

(1) The date and place of manufacture of any consumer product.

(2) A suitable identification of the manufacturer of the consumer product, unless the product bears a private label in which case it shall identify the private labeler and shall also contain a code mark which will permit the seller of such product to identify the manufacturer thereof to the purchaser upon his request.

(3) In the case of a consumer product subject to a consumer product safety rule, a certification that the product meets all applicable consumer product safety standards and a specification of the standards which are applicable.

Such labels, where practicable, may be required by the Commission to be permanently marked on or affixed to any such consumer product. The Commission may, in appropriate cases, permit information required under paragraphs (1) and (2) of this subsection to be coded.
NOTIFICATION AND REPAIR, REPLACEMENT, OR REFUND

SEC. 15. (a) For purposes of this section, the term "substantial product hazard" means—

(1) a failure to comply with an applicable consumer product safety rule which creates a substantial risk of injury to the public, or

(2) a product defect which (because of the pattern of defect, the number of defective products distributed in commerce, the severity of the risk, or otherwise) creates a substantial risk of injury to the public.

(b) Every manufacturer of a consumer product distributed in commerce, and every distributor and retailer of such product, who obtains information which reasonably supports the conclusion that such product—

(1) fails to comply with an applicable consumer product safety rule; or

(2) contains a defect which could create a substantial product hazard described in subsection (a)(2), shall immediately inform the Commission of such failure to comply or of such defect, unless such manufacturer, distributor, or retailer has actual knowledge that the Commission has been adequately informed of such defect or failure to comply.

(c) If the Commission determines (after affording interested persons, including consumers and consumer organizations, an opportunity for a hearing in accordance with subsection (f) of this section) that a product distributed in commerce presents a substantial product hazard and that notification is required in order to adequately protect the public from such substantial product hazard, the Commission may order the manufacturer or any distributor or retailer of the product to take any one or more of the following actions:

(1) To give public notice of the defect or failure to comply.

(2) To mail notice to each person who is a manufacturer, distributor, or retailer of such product.

(3) To mail notice to every person to whom the person required to give notice knows such product was delivered or sold.

Any such order shall specify the form and content of any notice required to be given under such order.

(d) If the Commission determines (after affording interested parties, including consumers and consumer organizations, an opportunity for a hearing in accordance with subsection (f)) that a product distributed in commerce presents a substantial product hazard and that action under this subsection is in the public interest, it may order the manufacturer or any distributor or retailer of such product to take whichever of, the following actions the person to whom the order is directed elects:

(1) To bring such product into conformity with the requirements of the applicable consumer product safety rule or to repair the defect in such product.

(2) To replace such product with a like or equivalent product which complies with the applicable consumer product safety rule or which does not contain the defect.

(3) To refund the purchase price of such product (less a reasonable allowance for use, if such product has been in the possession of a consumer for one year or more (A) at the time of public notice under subsection (c), or (B) at the time the consumer receives actual notice of the defect or noncompliance, whichever first occurs).
An order under this subsection may also require the person to whom it applies to submit a plan, satisfactory to the Commission, for taking action under whichever of the preceding paragraphs of this subsection under which such person has elected to act. The Commission shall specify in the order the persons to whom refunds must be made if the person to whom the order is directed elects to take the action described in paragraph (3). If an order under this subsection is directed to more than one person, the Commission shall specify which person has the election under this subsection.

(e) (1) No charge shall be made to any person (other than a manufacturer, distributor, or retailer) who avails himself of any remedy provided under an order issued under subsection (d), and the person subject to the order shall reimburse each person (other than a manufacturer, distributor, or retailer) who is entitled to such a remedy for any reasonable and foreseeable expenses incurred by such person in availing himself of such remedy.

(2) An order issued under subsection (c) or (d) with respect to a product may require any person who is a manufacturer, distributor, or retailer of the product to reimburse any other person who is a manufacturer, distributor, or retailer of such product for such other person's expenses in connection with carrying out the order, if the Commission determines such reimbursement to be in the public interest.

(f) An order under subsection (c) or (d) may be issued only after an opportunity for a hearing in accordance with section 554 of title 5, United States Code, except that, if the Commission determines that any person who wishes to participate in such hearing is a part of a class of participants who share an identity of interest, the Commission may limit such person's participation in such hearing to participation through a single representative designated by such class (or by the Commission if such class fails to designate such a representative).

INSPECTION AND RECORDKEEPING

Sec. 16. (a) For purposes of implementing this Act, or rules or orders prescribed under this Act, officers or employees duly designated by the Commission, upon presenting appropriate credentials and a written notice from the Commission to the owner, operator, or agent in charge, are authorized—

(1) to enter, at reasonable times, (A) any factory, warehouse, or establishment in which consumer products are manufactured or held, in connection with distribution in commerce, or (B) any conveyance being used to transport consumer products in connection with distribution in commerce; and

(2) to inspect, at reasonable times and in a reasonable manner such conveyance or those areas of such factory, warehouse, or establishment where such products are manufactured, held, or transported and which may relate to the safety of such products. Each such inspection shall be commenced and completed with reasonable promptness.

(b) Every person who is a manufacturer, private labeler, or distributor of a consumer product shall establish and maintain such records, make such reports, and provide such information as the Commission may, by rule, reasonably require for the purposes of implementing this Act, or to determine compliance with rules or orders prescribed under this Act. Upon request of an officer or employee duly designated by the Commission, every such manufacturer, private labeler, or distributor shall permit the inspection of appropriate books, records, and papers
relevant to determining whether such manufacturer, private labeler, or distributor has acted or is acting in compliance with this Act and rules under this Act.

IMPORTED PRODUCTS

SEC. 17. (a) Any consumer product offered for importation into the customs territory of the United States (as defined in general headnote 2 to the Tariff Schedules of the United States) shall be refused admission into such customs territory if such product—

1. fails to comply with an applicable consumer product safety rule;
2. is not accompanied by a certificate required by section 14, or is not labeled in accordance with regulations under section 14 (c);
3. is or has been determined to be an imminently hazardous consumer product in a proceeding brought under section 12;
4. has a product defect which constitutes a substantial product hazard (within the meaning of section 15(a) (2)) ; or
5. is a product which was manufactured by a person who the Commission has informed the Secretary of the Treasury is in violation of subsection (g).

(b) The Secretary of the Treasury shall obtain without charge and deliver to the Commission, upon the latter's request, a reasonable number of samples of consumer products being offered for import. Except for those owners or consignees who are or have been afforded an opportunity for a hearing in a proceeding under section 12 with respect to an imminently hazardous product, the owner or consignee of the product shall be afforded an opportunity by the Commission for a hearing in accordance with section 554 of title 5 of the United States Code with respect to the importation of such products into the customs territory of the United States. If it appears from examination of such samples or otherwise that a product must be refused admission under the terms of subsection (a), such product shall be refused admission, unless subsection (c) of this section applies and is complied with.

(c) If it appears to the Commission that any consumer product which may be refused admission pursuant to subsection (a) of this section can be so modified that it need not (under the terms of paragraphs (1) through (4) of subsection (a)) be refused admission, the Commission may defer final determination as to the admission of such product and, in accordance with such regulations as the Commission and the Secretary of the Treasury shall jointly agree to, permit such product to be delivered from customs custody under bond for the purpose of permitting the owner or consignee an opportunity to so modify such product.

(d) All actions taken by an owner or consignee to modify such product under subsection (c) shall be subject to the supervision of an officer or employee of the Commission and of the Department of the Treasury. If it appears to the Commission that the product cannot be so modified or that the owner or consignee is not proceeding satisfactorily to modify such product, it shall be refused admission into the customs territory of the United States, and the Commission may direct the Secretary to demand redelivery of the product into customs custody, and to seize the product in accordance with section 22(b) if it is not so redelivered.

(e) Products refused admission into the customs territory of the United States under this section must be exported, except that upon application, the Secretary of the Treasury may permit the destruction of the product in lieu of exportation. If the owner or consignee does
not export the product within a reasonable time, the Department of the Treasury may destroy the product.

(f) All expenses (including travel, per diem or subsistence, and salaries of officers or employees of the United States) in connection with the destruction provided for in this section (the amount of such expenses to be determined in accordance with regulations of the Secretary of the Treasury) and all expenses in connection with the storage, cartage, or labor with respect to any consumer product refused admission under this section, shall be paid by the owner or consignee and, in default of such payment, shall constitute a lien against any future importations made by such owner or consignee.

(g) The Commission may, by rule, condition the importation of a consumer product on the manufacturer's compliance with the inspection and recordkeeping requirements of this Act and the Commission's rules with respect to such requirements.

**EXPORTS**

SEC. 18. This Act shall not apply to any consumer product if (1) it can be shown that such product is manufactured, sold, or held for sale for export from the United States (or that such product was imported for export), unless such consumer product is in fact distributed in commerce for use in the United States, and (2) such consumer product when distributed in commerce, or any container in which it is enclosed when so distributed, bears a stamp or label stating that such consumer product is intended for export; except that this Act shall apply to any consumer product manufactured for sale, offered for sale, or sold for shipment to any installation of the United States located outside of the United States.

**PROHIBITED ACTS**

SEC. 19. (a) It shall be unlawful for any person to—

(1) manufacture for sale, offer for sale, distribute in commerce, or import into the United States any consumer product which is not in conformity with an applicable consumer product safety standard under this Act;

(2) manufacture for sale, offer for sale, distribute in commerce, or import into the United States any consumer product which has been declared a banned hazardous product by a rule under this Act;

(3) fail or refuse to permit access to or copying of records, or fail or refuse to make reports or provide information, or fail or refuse to permit entry or inspection, as required under this Act or rule thereunder;

(4) fail to furnish information required by section 15(b);

(5) fail to comply with an order issued under section 15 (c) or (d) (relating to notification, and to repair, replacement, and refund);

(6) fail to furnish a certificate required by section 14 or issue a false certificate if such person in the exercise of due care has reason to know that such certificate is false or misleading in any material respect; or to fail to comply with any rule under section 14(c) (relating to labeling); or

(7) fail to comply with any rule under section 9(d)(2) (relating to stockpiling).

(b) Paragraphs (1) and (2) of subsection (a) of this section shall not apply to any person (1) who holds a certificate issued in accordance with section 14(a) to the effect that such consumer product conforms to all applicable consumer product safety rules, unless such person knows that such consumer product does not conform, or (2)
who relies in good faith on the representation of the manufacturer or a distributor of such product that the product is not subject to an applicable product safety rule.

CIVIL PENALTIES

Sec. 20. (a) (1) Any person who knowingly violates section 19 of this Act shall be subject to a civil penalty not to exceed $2,000 for each such violation. Subject to paragraph (2), a violation of section 19(a) (1), (2), (4), (5), (6), or (7) shall constitute a separate offense with respect to each consumer product involved, except that the maximum civil penalty shall not exceed $500,000 for any related series of violations. A violation of section 19(a) (3) shall constitute a separate violation with respect to each failure or refusal to allow or perform an act required thereby; and, if such violation is a continuing one, each day of such violation shall constitute a separate offense, except that the maximum civil penalty shall not exceed $500,000 for any related series of violations.

(2) The second sentence of paragraph (1) of this subsection shall not apply to violations of paragraph (1) or (2) of section 19(a)—

(A) if the person who violated such paragraphs is not the manufacturer or private labeler or a distributor of the products involved, and

(B) if such person did not have either (i) actual knowledge that his distribution or sale of the product violated such paragraphs or (ii) notice from the Commission that such distribution or sale would be a violation of such paragraphs.

(b) Any civil penalty under this section may be compromised by the Commission. In determining the amount of such penalty or whether it should be remitted or mitigated and in what amount, the appropriateness of such penalty to the size of the business of the person charged and the gravity of the violation shall be considered. The amount of such penalty when finally determined, or the amount agreed on compromise, may be deducted from any sums owing by the United States to the person charged.

(c) As used in the first sentence of subsection (a) (1) of this section, the term “knowingly” means (1) the having of actual knowledge, or (2) the presumed having of knowledge deemed to be possessed by a reasonable man who acts in the circumstances, including knowledge obtainable upon the exercise of due care to ascertain the truth of representations.

CRIMINAL PENALTIES

Sec. 21. (a) Any person who knowingly and willfully violates section 19 of this Act after having received notice of noncompliance from the Commission shall be fined not more than $50,000 or be imprisoned not more than one year, or both.

(b) Any individual director, officer, or agent of a corporation who knowingly and willfully authorizes, orders, or performs any of the acts or practices constituting in whole or in part a violation of section 19, and who has knowledge of notice of noncompliance received by the corporation from the Commission, shall be subject to penalties under this section without regard to any penalties to which that corporation may be subject under subsection (a).

INJUNCTIVE ENFORCEMENT AND SEIZURE

Sec. 22. (a) The United States district courts shall have jurisdiction to restrain any violation of section 19, or to restrain any person from distributing in commerce a product which does not comply with a con-
sumer product safety rule, or both. Such actions may be brought by the Commission (with the concurrence of the Attorney General) or by the Attorney General in any United States district court for a district wherein any act, omission, or transaction constituting the violation occurred, or in such court for the district wherein the defendant is found or transacts business. In any action under this section process may be served on a defendant in any other district in which the defendant resides or may be found.

(b) Any consumer product which fails to conform to an applicable consumer product safety rule when introduced into or while in commerce or while held for sale after shipment in commerce shall be liable to be proceeded against on libel of information and condemned in any United States district court within the jurisdiction of which such consumer product is found. Proceedings in cases instituted under the authority of this subsection shall conform as nearly as possible to proceedings in rem in admiralty. Whenever such proceedings involving substantially similar consumer products are pending in courts of two or more judicial districts they shall be consolidated for trial by order of any such court upon application reasonably made by any party in interest upon notice to all other parties in interest.

Suits for Damages by Persons Injured

Sec. 23. (a) Any person who shall sustain injury by reason of any knowing (including willful) violation of a consumer product safety rule, or any other rule or order issued by the Commission may sue any person who knowingly (including willfully) violated any such rule or order in any district court of the United States in the district in which the defendant resides or is found or has an agent, subject to the provisions of section 1331 of title 28, United States Code as to the amount in controversy, and shall recover damages sustained, and the cost of suit, including a reasonable attorney's fee, if considered appropriate in the discretion of the court.

(b) The remedies provided for in this section shall be in addition to and not in lieu of any other remedies provided by common law or under Federal or State law.

Private Enforcement of Product Safety Rules and of Section 15 Orders

Sec. 24. Any interested person may bring an action in any United States district court for the district in which the defendant is found or transacts business to enforce a consumer product safety rule or an order under section 15, and to obtain appropriate injunctive relief. Not less than thirty days prior to the commencement of such action, such interested person shall give notice by registered mail to the Commission, to the Attorney General, and to the person against whom such action is directed. Such notice shall state the nature of the alleged violation of any such standard or order, the relief to be requested, and the court in which the action will be brought. No separate suit shall be brought under this section if at the time the suit is brought the same alleged violation is the subject of a pending civil or criminal action by the United States under this Act. In any action under this section, such interested person may elect, by a demand for such relief in his complaint, to recover reasonable attorney's fees, in which case the court shall award the costs of suit, including a reasonable attorney's fee, to the prevailing party.
EFFECT ON PRIVATE REMEDIES

SEC. 25. (a) Compliance with consumer product safety rules or other rules or orders under this Act shall not relieve any person from liability at common law or under State statutory law to any other person.

(b) The failure of the Commission to take any action or commence a proceeding with respect to the safety of a consumer product shall not be admissible in evidence in litigation at common law or under State statutory law relating to such consumer product.

(c) Subject to sections 6(a)(2) and 6(b) but notwithstanding section 6(a)(1), (1) any accident or investigation report made under this Act by an officer or employee of the Commission shall be made available to the public in a manner which will not identify any injured person or any person treating him, without the consent of the person so identified, and (2) all reports on research projects, demonstration projects, and other related activities shall be public information.

EFFECT ON STATE STANDARDS

SEC. 26. (a) Whenever a consumer product safety standard under this Act is in effect and applies to a risk of injury associated with a consumer product, no State or political subdivision of a State shall have any authority either to establish or to continue in effect any provision of a safety standard or regulation which prescribes any requirements as to the performance, composition, contents, design, finish, construction, packaging, or labeling of such product which are designed to deal with the same risk of injury associated with such consumer product, unless such requirements are identical to the requirements of the Federal standard.

(b) Nothing in this section shall be construed to prevent the Federal Government or the government of any State or political subdivision thereof from establishing a safety requirement applicable to a consumer product for its own use if such requirement imposes a higher standard of performance than that required to comply with the otherwise applicable Federal standard.

(c) Upon application of a State or political subdivision thereof, the Commission may by rule, after notice and opportunity for oral presentation of views, exempt from the provisions of subsection (a) (under such conditions as it may impose) a proposed safety standard or regulation described in such application, where the proposed standard or regulation (1) imposes a higher level of performance than the Federal standard, (2) is required by compelling local conditions, and (3) does not unduly burden interstate commerce.

SEC. 27. (a) The Commission may, by one or more of its members or by such agents or agency as it may designate, conduct any hearing or other inquiry necessary or appropriate to its functions anywhere in the United States. A Commissioner who participates in such a hearing or other inquiry necessary shall not be disqualified solely by reason of such participation from subsequently participating in a decision of the Commission in the same matter. (c) Any United States district court within the jurisdiction of which any inquiry is carried on, may, upon petition by the Commission with the concurrence of the Attorney General or by the Attorney General, in case of refusal to obey a subpoena or order of the Commission issued under subsection (b) of this section, issue an order requiring compliance therewith; and any failure to obey the order of the court may be punished by the court as a contempt thereof.

(d) No person shall be subject to civil liability to any person (other than the Commission or the United States) for disclosing information at the request of the Commission.

(e) The Commission may by rule require any manufacturer of consumer products to provide to the Commission such performance and technical data related to performance and safety as may be required to carry out the purposes of this Act, and to give such notification of such performance and technical data at the time of original purchase to prospective purchasers and to the first purchaser of such product for purposes other than resale, as it determines necessary to carry out the purposes of this Act.

(f) For purposes of carrying out this Act, the Commission may purchase any consumer product and it may require any manufacturer, distributor, or retailer of a consumer product to sell the product to the Commission at manufacturer's, distributor's, or retailer's cost.

(g) The Commission is authorized to enter into contracts with governmental entities, private organizations, or individuals for the conduct of activities authorized by this Act.

(h) The Commission may plan, construct, and operate a facility or facilities suitable for research, development, and testing of consumer products in order to carry out this Act.

(i) (1) Each recipient of assistance under this Act pursuant to grants or contracts entered into under other than competitive bidding
procedures shall keep such records as the Commission by rule shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such assistance, the total cost of the project undertaken in connection with which such assistance is given or used, and the amount of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(2) The Commission and the Comptroller General of the United States, or their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients that are pertinent to the grants or contracts entered into under this Act under other than competitive bidding procedures.

(j) The Commission shall prepare and submit to the President and the Congress on or before October 1 of each year a comprehensive report on the administration of this Act for the preceding fiscal year. Such report shall include—

(1) a thorough appraisal, including statistical analyses, estimates, and long-term projections, of the incidence of injury and effects to the population resulting from consumer products, with a breakdown, insofar as practicable, among the various sources of such injury;

(2) a list of consumer product safety rules prescribed or in effect during such year;

(3) an evaluation of the degree of observance of consumer product safety rules, including a list of enforcement actions, court decisions, and compromises of alleged violations, by location and company name;

(9) an appraisal of significant actions of State and local governments relating to the responsibilities of the Commission; and

(10) such recommendations for additional legislation as the Commission deems necessary to carry out the purposes of this Act.

(k) (1) Whenever the Commission submits any budget estimate or request to the President or the Office of Management and Budget, it shall concurrently transmit a copy of that estimate or request to the Congress.

(2) Whenever the Commission submits any legislative recommendations, or testimony, or comments on legislation to the President or the Office of Management and Budget, it shall concurrently transmit a copy thereof to the Congress. No officer or agency of the United States shall have any authority to require the Commission to submit its legislative recommendations, or testimony, or comments on legislation, to any officer or agency of the United States for approval, comments, or review, prior to the submission of such recommendations, testimony, or comments to the Congress.
SEC. 28. (a) The Commission shall establish a Product Safety Advisory Council which it may consult before prescribing a consumer product safety rule or taking other action under this Act. The Council shall be appointed by the Commission and shall be composed of fifteen members, each of whom shall be qualified by training and experience in one or more of the fields applicable to the safety of products within the jurisdiction of the Commission. The Council shall be constituted as follows:

(1) five members shall be selected from governmental agencies including Federal, State, and local governments;

(2) five members shall be selected from consumer product industries including at least one representative of small business; and

(3) five members shall be selected from among consumer organizations, community organizations, and recognized consumer leaders.

(d) Members of the Council who are not officers or employees of the United States shall, while attending meetings or conferences of the Council or while otherwise engaged in the business of the Council, be entitled to receive compensation at a rate fixed by the Commission, not exceeding the daily equivalent of the annual rate of basic pay in effect for grade GS-18 of the General Schedule, including traveltime, and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code. Payments under this subsection shall not render members of the Council officers or employees of the United States for any purpose.

SEC. 29. (a) The Commission shall establish a program to promote Federal-State cooperation for the purposes of carrying out this Act. In implementing such program the Commission may—

(1) accept from any State or local authorities engaged in activities relating to health, safety, or consumer protection assistance in such functions as injury data collection, investigation, and educational programs, as well as other assistance in the administration and enforcement of this Act which such States or localities may be able and willing to provide and, if so agreed, may pay in advance or otherwise for the reasonable cost of such assistance, and

(2) commission any qualified officer or employee of any State or local agency as an officer of the Commission for the purpose of conducting examinations, investigations, and inspections.

(b) In determining whether such proposed State and local programs are appropriate in implementing the purposes of this Act, the Commission shall give favorable consideration to programs which establish separate State and local agencies to consolidate functions relating to product safety and other consumer protection activities.
(c) The Commission may obtain from any Federal department or agency such statistics, data, program reports, and other materials as it may deem necessary to carry out its functions under this Act. Each such department or agency may cooperate with the Commission and, to the extent permitted by law, furnish such materials to it. The Commission and the heads of other departments and agencies engaged in administering programs related to product safety shall, to the maximum extent practicable, cooperate and consult in order to insure fully coordinated efforts.

(a) The functions of the Secretary of Health, Education, and Welfare under the Federal Hazardous Substances Act (15 U.S.C. 1261 et seq.) and the Poison Prevention Packaging Act of 1970 are transferred to the Commission. The functions of the Administrator of the Environmental Protection Agency and of the Secretary of Health, Education, and Welfare under the Acts amended by subsections (b) through (f) of section 7 of the Poison Prevention Packaging Act of 1970, to the extent such functions relate to the administration and enforcement of the Poison Prevention Packaging Act of 1970, are transferred to the Commission.

(b) The functions of the Secretary of Health, Education, and Welfare, the Secretary of Commerce, and the Federal Trade Commission under the Flammable Fabrics Act (15 U.S.C. 1191 et seq.) are transferred to the Commission. The functions of the Federal Trade Commission under the Federal Trade Commission Act, to the extent such functions relate to the administration and enforcement of the Flammable Fabrics Act, are transferred to the Commission.

(c) The functions of the Secretary of Commerce and the Federal Trade Commission under the Act of August 2, 1956 (15 U.S.C. 1211) are transferred to the Commission.

(d) A risk of injury which is associated with consumer products and which could be eliminated or reduced to a sufficient extent by action taken under the Federal Hazardous Substances Act, the Poison Prevention Packaging Act of 1970, or the Flammable Fabrics Act may be regulated by the Commission only in accordance with the provisions of those Acts.

(e) (1) (A) All personnel, property, records, obligations, and commitments, which are used primarily with respect to any function transferred under the provisions of subsections (a), (b) and (c) of this section shall be transferred to the Commission, except those associated with fire and flammability research in the National Bureau of Standards. The transfer of personnel pursuant to this paragraph shall be without reduction in classification or compensation for one year after such transfer, except that the Chairman of the Commission shall have full authority to assign personnel during such one-year period in order to efficiently carry out functions transferred to the Commission under this section.
(B) Any commissioned officer of the Public Health Service who upon the day before the effective date of this section, is serving as such officer primarily in the performance of functions transferred by this Act to the Commission, may, if such officer so elects, acquire competitive status and be transferred to a competitive position in the Commission subject to subparagraph (A) of this paragraph, under the terms prescribed in paragraphs (3) through (8)(A) of section 15(b) of the Clean Air Amendments of 1970 (84 Stat. 1676; 42 U.S.C. 215 nt).

(2) All orders, determinations, rules, regulations, permits, contracts, certificates, licenses, and privileges (A) which have been issued, made, granted, or allowed to become effective in the exercise of functions which are transferred under this section by any department or agency, any functions of which are transferred by this section, and (B) which are in effect at the time this section takes effect, shall continue in effect according to their terms until modified, terminated, superseded, set aside, or repealed by the Commission, by any court of competent jurisdiction, or by operation of law.

(3) The provisions of this section shall not affect any proceedings pending at the time this section takes effect before any department or agency, functions of which are transferred by this section; except that such proceedings, to the extent that they relate to functions so transferred, shall be continued before the Commission. Orders shall be issued in such proceedings, appeals shall be taken therefrom, and payments shall be made pursuant to such orders, as if this section had not been enacted; and orders issued in any such proceedings shall continue in effect until modified, terminated, superseded, or repealed by the Commission, by a court of competent jurisdiction, or by operation of law.

(4) The provisions of this section shall not affect suits commenced prior to the date this section takes effect and in all such suits proceedings shall be had, appeals taken, and judgments rendered, in the same manner and effect as if this section had not been enacted; except that if before the date on which this section takes effect, any department or agency (or officer thereof in his official capacity) is a party to a suit involving functions transferred to the Commission, then such suit shall be continued by the Commission. No cause of action, and no suit, action, or other proceeding, by or against any department or agency (or officer thereof in his official capacity) functions of which are transferred by this section, shall abate by reason of the enactment of this section. Causes of actions, suits, actions, or other proceedings may be asserted by or against the United States or the Commission as may be appropriate and, in any litigation pending when this section takes effect, the court may at any time, on its own motion or that of any party, enter an order which will give effect to the provisions of this paragraph.

(f) For purposes of this section, (1) the term "function" includes power and duty, and (2) the transfer of a function, under any provision of law, of an agency or the head of a department shall also be a transfer of all functions under such law which are exercised by any office or officer of such agency or department.

LIMITATION ON JURISDICTION

SEC. 31. The Commission shall have no authority under this Act to regulate any risk of injury associated with a consumer product if such risk could be eliminated or reduced to a sufficient extent by actions taken under the Occupational Safety and Health Act of 1970; the Atomic Energy Act of 1954; or the Clean Air Act. The Commission shall have no authority under this Act to regulate any risk of injury
associated with electronic product radiation emitted from an electronic product (as such terms are defined by sections 355 (1) and (2) of the Public Health Service Act) if such risk of injury may be subjected to regulation under subpart 3 of part F of title III of the Public Health Service Act.

AUTHORIZATION OF APPROPRIATIONS

SEC. 32. (a) There are hereby authorized to be appropriated for the purpose of carrying out the provisions of this Act (other than the provisions of section 27 (h) which authorize the planning and construction of research, development, and testing facilities), and for the purpose of carrying out the functions, powers, and duties transferred to the Commission under section 30, not to exceed—

(1) $55,000,000 for the fiscal year ending June 30, 1973;
(2) $59,000,000 for the fiscal year ending June 30, 1974; and
(3) $64,000,000 for the fiscal year ending June 30, 1975.

(b) (1) There are authorized to be appropriated such sums as may be necessary for the planning and construction of research, development and testing facilities described in section 27 (h); except that no appropriation shall be made for any such planning or construction involving an expenditure in excess of $100,000 if such planning or construction has not been approved by resolutions adopted in substantially the same form by the Committee on Interstate and Foreign Commerce of the House of Representatives, and by the Committee on Commerce of the Senate. For the purpose of securing consideration of such approval the Commission shall transmit to Congress a prospectus of the proposed facility including (but not limited to)—

(A) a brief description of the facility to be planned or constructed;
(B) the location of the facility, and an estimate of the maximum cost of the facility;
(C) a statement of those agencies, private and public, which will use such facility, together with the contribution to be made by each such agency toward the cost of such facility; and
(D) a statement of justification of the need for such facility.

(2) The estimated maximum cost of any facility approved under this subsection as set forth in the prospectus may be increased by the amount equal to the percentage increase, if any, as determined by the Commission, in construction costs, from the date of the transmittal of such prospectus to Congress, but in no event shall the increase authorized by this paragraph exceed 10 per centum of such estimated maximum cost.

SEPARABILITY

SEC. 33. If any provision of this Act, or the application of such provision to any person or circumstance, shall be held invalid, the remainder of this Act, or the application of such provisions to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

EFFECTIVE DATE

SEC. 34. This Act shall take effect on the sixtieth day following the date of its enactment, except—

(1) sections 4 and 32 shall take effect on the date of enactment of this Act, and
(2) section 30 shall take effect on the later of (A) 150 days after the date of enactment of this Act, or (B) the date on which at least three members of the Commission first take office.

AN ACT

To control the emission of noise detrimental to the human environment, and for other purposes.

Public Law 92-574

October 27, 1972
[H. R. 11021]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the “Noise Control Act of 1972”.

FINDINGS AND POLICY

SEC. 2. (a) The Congress finds—

(1) that inadequately controlled noise presents a growing danger to the health and welfare of the Nation’s population, particularly in urban areas;

(2) that the major sources of noise include transportation vehicles and equipment, machinery, appliances, and other products in commerce; and

(3) that, while primary responsibility for control of noise rests with State and local governments, Federal action is essential to deal with major noise sources in commerce control of which require national uniformity of treatment.

(b) The Congress declares that it is the policy of the United States to promote an environment for all Americans free from noise that jeopardizes their health or welfare. To that end, it is the purpose of this Act to establish a means for effective coordination of Federal research and activities in noise control, to authorize the establishment of Federal noise emission standards for products distributed in commerce, and to provide information to the public respecting the noise emission and noise reduction characteristics of such products.

DEFINITIONS

SEC. 3. For purposes of this Act:

(1) The term “Administrator” means the Administrator of the Environmental Protection Agency.

(2) The term “person” means an individual, corporation, partnership, or association, and (except as provided in sections 11(e) and 12(a)) includes any officer, employee, department, agency, or instrumentality of the United States, a State, or any political subdivision of a State.

(3) The term “product” means any manufactured article or goods or component thereof; except that such term does not include—

(A) any aircraft, aircraft engine, propeller, or appliance, as such terms are defined in section 101 of the Federal Aviation Act of 1958; or

(B) (i) any military weapons or equipment which are designed for combat use; (ii) any rockets or equipment which are designed for research, experimental, or developmental work to be performed by the National Aeronautics and Space Administration; or (iii) to the extent provided by regulations of the Administrator, any other machinery or equipment designed for use in experimental work done by or for the Federal Government.

(4) The term “ultimate purchaser” means the first person who in good faith purchases a product for purposes other than resale.
(5) The term “new product” means (A) a product the equitable or legal title of which has never been transferred to an ultimate purchaser, or (B) a product which is imported or offered for importation into the United States and which is manufactured after the effective date of a regulation under section 6 or section 8 which would have been applicable to such product had it been manufactured in the United States.

(6) The term “manufacturer” means any person engaged in the manufacturing or assembling of new products, or the importing of new products for resale, or who acts for, and is controlled by, any such person in connection with the distribution of such products.

(7) The term “commerce” means trade, traffic, commerce, or transportation—

(11) The term “environmental noise” means the intensity, duration, and the character of sounds from all sources.

FEDERAL PROGRAMS

SEC. 4. (a) The Congress authorizes and directs that Federal agencies shall, to the fullest extent consistent with their authority under Federal laws administered by them, carry out the programs within their control in such a manner as to further the policy declared in section 2(b).

(b) Each department, agency, or instrumentality of the executive, legislative, and judicial branches of the Federal Government—

(1) having jurisdiction over any property or facility, or

(2) engaged in any activity resulting, or which may result, in the emission of noise,

shall comply with Federal, State, interstate, and local requirements respecting control and abatement of environmental noise to the same extent that any person is subject to such requirements. The President may exempt any single activity or facility, including noise emission sources or classes thereof, of any department, agency, or instrumentality in the executive branch from compliance with any such requirement if he determines it to be in the paramount interest of the United States to do so; except that no exemption, other than for those products referred to in section 3(3)(B) of this Act, may be granted from the requirements of sections 6, 17, and 18 of this Act. No such exemption shall be granted due to lack of appropriation unless the President shall have specifically requested such appropriation as a part of the budgetary process and the Congress shall have failed to make available such requested appropriation. Any exemption shall be for a period not in excess of one year, but additional exemptions may be granted for periods of not to exceed one year upon the President’s making a new determination. The President shall report each January to the Congress all exemptions from the requirements...
of this section granted during the preceding calendar year, together with his reason for granting such exemption.

(c) (1) The Administrator shall coordinate the programs of all Federal agencies relating to noise research and noise control. Each Federal agency shall, upon request, furnish to the Administrator such information as he may reasonably require to determine the nature, scope, and results of the noise-research and noise-control programs of the agency.

(2) Each Federal agency shall consult with the Administrator in prescribing standards or regulations respecting noise. If at any time the Administrator has reason to believe that a standard or regulation, or any proposed standard or regulation, of any Federal agency respecting noise does not protect the public health and welfare to the extent he believes to be required and feasible, he may request such agency to review and report to him on the advisability of revising such standard or regulation to provide such protection. Any such request may be published in the Federal Register and shall be accompanied by a detailed statement of the information on which it is based. Such agency shall complete the requested review and report to the Administrator within such time as the Administrator specifies in the request, but such time specified may not be less than ninety days from the date the request was made. The report shall be published in the Federal Register and shall be accompanied by a detailed statement of the findings and conclusions of the agency respecting the revision of its standard or regulation. With respect to the Federal Aviation Administration, section 611 of the Federal Aviation Act of 1958 (as amended by section 7 of this Act) shall apply in lieu of this paragraph.

(3) On the basis of regular consultation with appropriate Federal agencies, the Administrator shall compile and publish, from time to time, a report on the status and progress of Federal activities relating to noise research and noise control. This report shall describe the noise-control programs of each Federal agency and assess the contributions of those programs to the Federal Government's overall efforts to control noise.

IDENTIFICATION OF MAJOR NOISE SOURCES; NOISE CRITERIA AND CONTROL TECHNOLOGY

Sec. 5. (a) (1) The Administrator shall, after consultation with appropriate Federal agencies and within nine months of the date of the enactment of this Act, develop and publish criteria with respect to noise. Such criteria shall reflect the scientific knowledge most useful in indicating the kind and extent of all identifiable effects on the public health or welfare which may be expected from differing quantities and qualities of noise.

(2) The Administrator shall, after consultation with appropriate Federal agencies and within twelve months of the date of the enactment of this Act, publish information on the levels of environmental noise the attainment and maintenance of which in defined areas under various conditions are requisite to protect the public health and welfare with an adequate margin of safety.

(b) The Administrator shall, after consultation with appropriate Federal agencies, compile and publish a report or series of reports (1) identifying products (or classes of products) which in his judgment are major sources of noise, and (2) giving information on techniques for control of noise from such products, including available data on the technology, costs, and alternative methods of noise control. The first such report shall be published not later than eighteen months after the date of enactment of this Act.
(c) The Administrator shall from time to time review and, as appropriate, revise or supplement any criteria or reports published under this section.

(d) Any report (or revision thereof) under subsection (b) (1) identifying major noise sources shall be published in the Federal Register. The publication or revision under this section of any criteria or information on control techniques shall be announced in the Federal Register, and copies shall be made available to the general public.

NOISE EMISSION STANDARDS FOR PRODUCTS DISTRIBUTED IN COMMERCE

Sec. 6. (a) (1) The Administrator shall publish proposed regulations, meeting the requirements of subsection (c), for each product—

(A) which is identified (or is part of a class identified) in any report published under section 5(b) (1) as a major source of noise,

(B) for which, in his judgment, noise emission standards are feasible, and

(C) which falls in one of the following categories:

(i) Construction equipment.

(ii) Transportation equipment (including recreational vehicles and related equipment).

(iii) Any motor or engine (including any equipment of which an engine or motor is an integral part).

(iv) Electrical or electronic equipment.

(2) (A) Initial proposed regulations under paragraph (1) shall be published not later than eighteen months after the date of enactment of this Act, and shall apply to any product described in paragraph (1) which is identified (or is part of a class identified) as a major source of noise in any report published under section 5(b) (1) on or before the date of publication of such initial proposed regulations.

(B) In the case of any product described in paragraph (1) which is identified (or is part of a class identified) as a major source of noise in a report published under section 5(b) (1) after publication of the initial proposed regulations under subparagraph (A) of this paragraph, regulations under paragraph (1) for such product shall be proposed and published by the Administrator not later than eighteen months after such report is published.

(3) After proposed regulations respecting a product have been published under paragraph (2), the Administrator shall, unless in his judgment noise emission standards are not feasible for such product, prescribe regulations, meeting the requirements of subsection (c), for such product—

(A) not earlier than six months after publication of such proposed regulations, and

(B) not later than—

(i) twenty-four months after the date of enactment of this Act, in the case of a product subject to proposed regulations published under paragraph (2) (A), or

(ii) in the case of any other product, twenty-four months after the publication of the report under section 5(b) (1) identifying it (or a class of products of which it is a part) as a major source of noise.

(b) The Administrator may publish proposed regulations, meeting the requirements of subsection (c), for any product for which he is not required by subsection (a) to prescribe regulations but for which, in his judgment, noise emission standards are feasible and are requisite to protect the public health and welfare. Not earlier than six months after the date of publication of such proposed regulations respecting such product, he may prescribe regulations, meeting the requirements of subsection (c), for such product.
(c) (1) Any regulation prescribed under subsection (a) or (b) of this section (and any revision thereof) respecting a product shall include a noise emission standard which shall set limits on noise emissions from such product and shall be a standard which in the Administrator's judgment, based on criteria published under section 5, is requisite to protect the public health and welfare, taking into account the magnitude and conditions of use of such product (alone or in combination with other noise sources), the degree of noise reduction achievable through the application of the best available technology, and the cost of compliance. In establishing such a standard for any product, the Administrator shall give appropriate consideration to standards under other laws designed to safeguard the health and welfare of persons, including any standards under the National Traffic and Motor Vehicle Safety Act of 1966, the Clean Air Act, and the Federal Water Pollution Control Act. Any such noise emission standards shall be a performance standard. In addition, any regulation under subsection (a) or (b) (and any revision thereof) may contain testing procedures necessary to assure compliance with the emission standard in such regulation, and may contain provisions respecting instructions of the manufacturer for the maintenance, use, or repair of the product.

(2) After publication of any proposed regulations under this section, the Administrator shall allow interested persons an opportunity to participate in rulemaking in accordance with the first sentence of section 553 (c) of title 5, United States Code.

(3) The Administrator may revise any regulation prescribed by him under this section by (A) publication of proposed revised regulations, and (B) the promulgation, not earlier than six months after the date of such publication, of regulations making the revision; except that a revision which makes only technical or clerical corrections in a regulation under this section may be promulgated earlier than six months after such date if the Administrator finds that such earlier promulgation is in the public interest.

(d) (1) On and after the effective date of any regulation prescribed under subsection (a) or (b) of this section, the manufacturer of each new product to which such regulation applies shall warrant to the ultimate purchaser and each subsequent purchaser that such product is designed, built, and equipped so as to conform at the time of sale with such regulation.

(2) Any cost obligation of any dealer incurred as a result of any requirement imposed by paragraph (1) of this subsection shall be borne by the manufacturer. The transfer of any such cost obligation from a manufacturer to any dealer through franchise or other agreement is prohibited.

(3) If a manufacturer includes in any advertisement a statement respecting the cost or value of noise emission control devices or systems, such manufacturer shall set forth in such statement the cost or value attributed to such devices or systems by the Secretary of Labor (through the Bureau of Labor Statistics). The Secretary of Labor, and his representatives, shall have the same access for this purpose to the books, documents, papers, and records of a manufacturer as the Comptroller General has to those of a recipient of assistance for purposes of section 311 of the Clean Air Act.

(e) (1) No State or political subdivision thereof may adopt or enforce—

(A) with respect to any new product for which a regulation has been prescribed by the Administrator under this section, any law or regulation which sets a limit on noise emissions from such
new product and which is not identical to such regulation of the Administrator; or

(B) with respect to any component incorporated into such new product by the manufacturer of such product, any law or regulation setting a limit on noise emissions from such component when so incorporated.

(2) Subject to sections 17 and 18, nothing in this section precludes or denies the right of any State or political subdivision thereof to establish and enforce controls on environmental noise (or one or more sources thereof) through the licensing, regulation, or restriction of the use, operation, or movement of any product or combination of products.

**AIRCRAFT NOISE STANDARDS**

Sec. 7. (a) The Administrator, after consultation with appropriate Federal, State, and local agencies and interested persons, shall conduct a study of the (1) adequacy of Federal Aviation Administration flight and operational noise controls; (2) adequacy of noise emission standards on new and existing aircraft, together with recommendations on the retrofitting and phaseout of existing aircraft; (3) implications of identifying and achieving levels of cumulative noise exposure around airports; and (4) additional measures available to airport operators and local governments to control aircraft noise. He shall report on such study to the Committee on Interstate and Foreign Commerce of the House of Representatives and the Committees on Commerce and Public Works of the Senate within nine months after the date of the enactment of this Act.

(b) Section 611 of the Federal Aviation Act of 1958 (49 U.S.C. 1431) is amended to read as follows:

72 Stat. 776.

82 Stat. 395.

"CONTROL AND ABATEMENT OF AIRCRAFT NOISE AND SONIC BOOM"

Sec. 611. (a) For purposes of this section:

"(1) The term 'FAA' means Administrator of the Federal Aviation Administration.

"(2) The term 'EPA' means the Administrator of the Environmental Protection Agency.

"(b) (1) In order to afford present and future relief and protection to the public health and welfare from aircraft noise and sonic boom, the FAA, after consultation with the Secretary of Transportation and with EPA, shall prescribe and amend standards for the measurement of aircraft noise and sonic boom and shall prescribe and amend such regulations as the FAA may find necessary to provide for the control and abatement of aircraft noise and sonic boom, including the application of such standards and regulations in the issuance, amendment, modification, suspension, or revocation of any certificate authorized by this title. No exemption with respect to any standard or regulation under this section may be granted under any provision of this Act unless the FAA shall have consulted with EPA before such exemption is granted, except that if the FAA determines that safety in air commerce or air transportation requires that such an exemption be granted before EPA can be consulted, the FAA shall consult with EPA as soon as practicable after the exemption is granted.

"(2) The FAA shall not issue an original type certificate under section 603(a) of this Act for any aircraft for which substantial noise abatement can be achieved by prescribing standards and regulations in accordance with this section, unless he shall have prescribed standards and regulations in accordance with this section which apply to such aircraft and which protect the public from aircraft noise and sonic boom, consistent with the considerations listed in subsection (d).
“(c) (1) Not earlier than the date of submission of the report required by section 7(a) of the Noise Control Act of 1972, EPA shall submit to the FAA proposed regulations to provide such control and abatement of aircraft noise and sonic boom (including control and abatement through the exercise of any of the FAA’s regulatory authority over air commerce or transportation or over aircraft or airport operations) as EPA determines is necessary to protect the public health and welfare. The FAA shall consider such proposed regulations submitted by EPA under this paragraph and shall, within thirty days of the date of its submission to the FAA, publish the proposed regulations in a notice of proposed rulemaking. Within sixty days after such publication, the FAA shall commence a hearing at which interested persons shall be afforded an opportunity for oral (as well as written) presentations of data, views, and arguments. Within a reasonable time after the conclusion of such hearing and after consultation with EPA, the FAA shall—

“(A) in accordance with subsection (b), prescribe regulations (i) substantially as they were submitted by EPA, or (ii) which are a modification of the proposed regulations submitted by EPA, or

“(B) publish in the Federal Register a notice that it is not prescribing any regulation in response to EPA’s submission of proposed regulations, together with a detailed explanation providing reasons for the decision not to prescribe such regulations.

“(2) If EPA has reason to believe that the FAA’s action with respect to a regulation proposed by EPA under paragraph (1) (A) (ii) or (1) (B) of this subsection does not protect the public health and welfare from aircraft noise or sonic boom, consistent with the considerations listed in subsection (d) of this section, EPA shall consult with the FAA and may request the FAA to review, and report to EPA on, the advisability of prescribing the regulation originally proposed by EPA. Any such request shall be published in the Federal Register and shall include a detailed statement of the information on which it is based. The FAA shall complete the review requested and shall report to EPA within such time as EPA specifies in the request, but such time specified may not be less than ninety days from the date the request was made. The FAA’s report shall be accompanied by a detailed statement of the FAA’s findings and the reasons for the FAA’s conclusions; shall identify any statement filed pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 with respect to such action of the FAA under paragraph (1) of this subsection; and shall specify whether (and where) such statements are available for public inspection. The FAA’s report shall be published in the Federal Register, except in a case in which EPA’s request proposed specific action to be taken by the FAA, and the FAA’s report indicates such action will be taken.

“(3) If, in the case of a matter described in paragraph (2) of this subsection with respect to which no statement is required to be filed under such section 102(2)(C), the report of the FAA indicates that the proposed regulation originally submitted by EPA should not be made, then EPA may request the FAA to file a supplemental report, which shall be published in the Federal Register within such a period as EPA may specify (but such time specified shall not be less than ninety days from the date the request was made), and which shall contain a comparison of (A) the environmental effects (including those which cannot be avoided) of the action actually taken by the FAA in response to EPA’s proposed regulations, and (B) EPA’s proposed regulations.
“(d) In prescribing and amending standards and regulations under this section, the FAA shall—

“(1) consider relevant available data relating to aircraft noise and sonic boom, including the results of research, development, testing, and evaluation activities conducted pursuant to this Act and the Department of Transportation Act;

“(2) consult with such Federal, State, and interstate agencies as he deems appropriate;

“(3) consider whether any proposed standard or regulation is consistent with the highest degree of safety in air commerce or air transportation in the public interest;

“(4) consider whether any proposed standard or regulation is economically reasonable, technologically practicable, and appropriate for the particular type of aircraft, aircraft engine, appliance, or certificate to which it will apply; and

“(5) consider the extent to which such standard or regulation will contribute to carrying out the purposes of this section.

“(e) In any action to amend, modify, suspend, or revoke a certificate in which violation of aircraft noise or sonic boom standards or regulations is at issue, the certificate holder shall have the same notice and appeal rights as are contained in section 609, and in any appeal to the National Transportation Safety Board, the Board may amend, modify, or reverse the order of the FAA if it finds that control or abatement of aircraft noise or sonic boom and the public health and welfare do not require the affirmation of such order, or that such order is not consistent with safety in air commerce or air transportation.

“(c) All—

(1) standards, rules, and regulations prescribed under section 611 of the Federal Aviation Act of 1958, and

(2) exemptions, granted under any provision of the Federal Aviation Act of 1958, with respect to such standards, rules, and regulations,

which are in effect on the date of the enactment of this Act, shall continue in effect according to their terms until modified, terminated, superseded, set aside, or repealed by the Administrator of the Federal Aviation Administration in the exercise of any authority vested in him, by a court of competent jurisdiction, or by operation of law.

LABELING

SEC. 8. (a) The Administrator shall by regulation designate any product (or class thereof)—

(1) which emits noise capable of adversely affecting the public health or welfare; or

(2) which is sold wholly or in part on the basis of its effectiveness in reducing noise.

(b) For each product (or class thereof) designated under subsection (a) the Administrator shall by regulation require that notice be given to the prospective user of the level of the noise the product emits, or of its effectiveness in reducing noise, as the case may be. Such regulations shall specify (1) whether such notice shall be affixed to the product or to the outside of its container, or to both, at the time of its sale to the ultimate purchaser or whether such notice shall be given to the prospective user in some other manner, (2) the form of the notice, and (3) the methods and units of measurement to be used. Sections 6(c)(2) shall apply to the prescribing of any regulation under this section.

(c) This section does not prevent any State or political subdivision thereof from regulating product labeling or information respecting products in any way not in conflict with regulations prescribed by the Administrator under this section.
Sec. 9. The Secretary of the Treasury shall, in consultation with the Administrator, issue regulations to carry out the provisions of this Act with respect to new products imported or offered for importation.

PROHIBITED ACTS

Sec. 10. (a) Except as otherwise provided in subsection (b), the following acts or the causing thereof are prohibited:

(1) In the case of a manufacturer, to distribute in commerce any new product manufactured after the effective date of a regulation prescribed under section 6 which is applicable to such product, except in conformity with such regulation.

(2) (A) The removal or rendering inoperative by any person, other than for purposes of maintenance, repair, or replacement, of any device or element of design incorporated into any product in compliance with regulations under section 6, prior to its sale or delivery to the ultimate purchaser or while it is in use, or (B) the use of a product after such device or element of design has been removed or rendered inoperative by any person.

(3) In the case of a manufacturer, to distribute in commerce any new product manufactured after the effective date of a regulation prescribed under section 8(b) (requiring information respecting noise) which is applicable to such product, except in conformity with such regulation.

(4) The removal by any person of any notice affixed to a product or container pursuant to regulations prescribed under section 8(b), prior to sale of the product to the ultimate purchaser.

(5) The importation into the United States by any person of any new product in violation of a regulation prescribed under section 9 which is applicable to such product.

(6) The failure or refusal by any person to comply with any requirement of section 11(d) or 13(a) or regulations prescribed under section 13(a), 17, or 18.

(b) (1) For the purpose of research, investigations, studies, demonstrations, or training, or for reasons of national security, the Administrator may exempt for a specified period of time any product, or class thereof, from paragraphs (1), (2), (3), and (5) of subsection (a), upon such terms and conditions as he may find necessary to protect the public health or welfare.

(2) Paragraphs (1), (2), (3), and (4) of subsection (a) shall not apply with respect to any product which is manufactured solely for use outside any State and which (and the container of which) is labeled or otherwise marked to show that it is manufactured solely for use outside any State; except that such paragraphs shall apply to such product if it is in fact distributed in commerce for use in any State.

ENFORCEMENT

Sec. 11. (a) Any person who willfully or knowingly violates paragraph (1), (3), (5), or (6) of subsection (a) of section 10 of this Act shall be punished by a fine of not more than $25,000 per day of violation, or by imprisonment for not more than one year, or by both. If the conviction is for a violation committed after a first conviction of such person under this subsection, punishment shall be by a fine of not more than $50,000 per day of violation, or by imprisonment for not more than two years, or by both.

(b) For the purpose of this section, each day of violation of any paragraph of section 10(a) shall constitute a separate violation of that section.
(c) The district courts of the United States shall have jurisdiction of actions brought by and in the name of the United States to restrain any violations of section 10(a) of this Act.

(d) (1) Whenever any person is in violation of section 10(a) of this Act, the Administrator may issue an order specifying such relief as he determines is necessary to protect the public health and welfare.

(2) Any order under this subsection shall be issued only after notice and opportunity for a hearing in accordance with section 554 of title 5 of the United States Code.

(e) The term "person," as used in this section, does not include a department, agency, or instrumentality of the United States.

CITIZEN SUITS

SEC. 12. (a) Except as provided in subsection (b), any person (other than the United States) may commence a civil action on his own behalf—

(1) against any person (including (A) the United States, and (B) any other governmental instrumentality or agency to the extent permitted by the eleventh amendment to the Constitution) who is alleged to be in violation of any noise control requirement (as defined in subsection (e)), or

(2) against—

(A) the Administrator of the Environmental Protection Agency where there is alleged a failure of such Administrator to perform any act or duty under this Act which is not discretionary with such Administrator, or

(B) the Administrator of the Federal Aviation Administration where there is alleged a failure of such Administrator to perform any act or duty under section 611 of the Federal Aviation Act of 1958 which is not discretionary with such Administrator.

The district courts of the United States shall have jurisdiction, without regard to the amount in controversy, to restrain such person from violating such noise control requirement or to order such Administrator to perform such act or duty, as the case may be.

(b) No action may be commenced—

(1) under subsection (a) (1)—

(A) prior to sixty days after the plaintiff has given notice of the violation (i) to the Administrator of the Environmental Protection Agency (and to the Federal Aviation Administrator in the case of a violation of a noise control requirement under such section 611) and (ii) to any alleged violator of such requirement, or

(B) if an Administrator has commenced and is diligently prosecuting a civil action to require compliance with the noise control requirement, but in any such action in a court of the United States any person may intervene as a matter of right, or

(2) under subsection (a) (2) prior to sixty days after the plaintiff has given notice to the defendant that he will commence such action.

Notice under this subsection shall be given in such manner as the Administrator of the Environmental Protection Agency shall prescribe by regulation.

(c) In an action under this section, the Administrator of the Environmental Protection Agency, if not a party, may intervene as a matter of right. In an action under this section respecting a noise control requirement under section 611 of the Federal Aviation Act of 1958,
the Administrator of the Federal Aviation Administration, if not a party, may also intervene as a matter of right.

(d) The court, in issuing any final order in any action brought pursuant to subsection (a) of this section, may award costs of litigation (including reasonable attorney and expert witness fees) to any party, whenever the court determines such an award is appropriate.

(e) Nothing in this section shall restrict any right which any person (or class of persons) may have under any statute or common law to seek enforcement of any noise control requirement or to seek any other relief (including relief against an Administrator).

(f) For purposes of this section, the term "noise control requirement" means paragraph (1), (2), (3), (4), or (5) of section 10(a), or a standard, rule, or regulation issued under section 17 or 18 of this Act or under section 611 of the Federal Aviation Act of 1958.

RECORDS, REPORTS, AND INFORMATION

Sec. 13. (a) Each manufacturer of a product to which regulations under section 6 or section 8 apply shall—

(1) establish and maintain such records, make such reports, provide such information, and make such tests, as the Administrator may reasonably require to enable him to determine whether such manufacturer has acted or is acting in compliance with this Act,

(2) upon request of an officer or employee duly designated by the Administrator, permit such officer or employee at reasonable times to have access to such information and the results of such tests and to copy such records, and

(3) to the extent required by regulations of the Administrator, make products coming off the assembly line or otherwise in the hands of the manufacturer available for testing by the Administrator.

(b) (1) All information obtained by the Administrator or his representatives pursuant to subsection (a) of this section, which information contains or relates to a trade secret or other matter referred to in section 1905 of title 18 of the United States Code, shall be considered confidential for the purpose of that section, except that such information may be disclosed to other Federal officers or employees, in whose possession it shall remain confidential, or when relevant to the matter in controversy in any proceeding under this Act.

(2) Nothing in this subsection shall authorize the withholding of information by the Administrator, or by any officers or employees under his control, from the duly authorized committees of the Congress.

(c) Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Act or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained under this Act, shall upon conviction be punished by a fine of not more than $10,000, or by imprisonment for not more than six months, or by both.

RESEARCH, TECHNICAL ASSISTANCE, AND PUBLIC INFORMATION

Sec. 14. In furtherance of his responsibilities under this Act and to complement, as necessary, the noise-research programs of other Federal agencies, the Administrator is authorized to:

(1) Conduct research, and finance research by contract with any person, on the effects, measurement, and control of noise, including but not limited to—
(A) investigation of the psychological and physiological effects of noise on humans and the effects of noise on domestic animals, wildlife, and property, and determination of acceptable levels of noise on the basis of such effects;
(B) development of improved methods and standards for measurement and monitoring of noise, in cooperation with the National Bureau of Standards, Department of Commerce; and
(C) determination of the most effective and practicable means of controlling noise emission.

(2) Provide technical assistance to State and local governments to facilitate their development and enforcement of ambient noise standards, including but not limited to—
(A) advice on training of noise-control personnel and on selection and operation of noise-abatement equipment; and
(B) preparation of model State or local legislation for noise control.

(3) Disseminate to the public information on the effects of noise, acceptable noise levels, and techniques for noise measurement and control.

DEVELOPMENT OF LOW-NOISE-EMISSION PRODUCTS

SEC. 15. (a) For the purpose of this section:
(1) The term “Committee” means the Low-Noise-Emission Product Advisory Committee.
(3) The term “low-noise-emission product” means any product which emits noise in amounts significantly below the levels specified in noise emission standards under regulations applicable under section 6 at the time of procurement to that type of product.
(4) The term “retail price” means (A) the maximum statutory price applicable to any type of product; or (B) in any case where there is no applicable maximum statutory price, the most recent procurement price paid for any type of product.

(b) (1) The Administrator shall determine which products qualify as low-noise-emission products in accordance with the provisions of this section.
(2) The Administrator shall certify any product—
(A) for which a certification application has been filed in accordance with paragraph (5) (A) of this subsection;
(B) which is a low-noise-emission product as determined by the Administrator; and
(C) which he determines is suitable for use as a substitute for a type of product at that time in use by agencies of the Federal Government.

(3) The Administrator may establish a Low-Noise-Emission Product Advisory Committee to assist him in determining which products qualify as low-noise-emission products for purposes of this section. The Committee shall include the Administrator or his designee, a representative of the National Bureau of Standards, and representatives of such other Federal agencies and private individuals as the Administrator may deem necessary from time to time. Any member of the Committee not employed on a full-time basis by the United States may receive the daily equivalent of the annual rate of basic pay in effect for grade GS-18 of the General Schedule for each day such.
member is engaged upon work of the Committee. Each member of the Committee shall be reimbursed for travel expenses, including per diem in lieu of subsistence as authorized by section 5703 of title 5, United States Code, for persons in the Government service employed intermittently.

(4) Certification under this section shall be effective for a period of one year from the date of issuance.

(5) (A) Any person seeking to have a class or model of product certified under this section shall file a certification application in accordance with regulations prescribed by the Administrator.

(B) The Administrator shall publish in the Federal Register a notice of each application received.

(C) The Administrator shall make determinations for the purpose of this section in accordance with procedures prescribed by him by regulation.

(D) The Administrator shall conduct whatever investigation is necessary, including actual inspection of the product at a place designated in regulations prescribed under subparagraph (A).

(E) The Administrator shall receive and evaluate written comments and documents from interested persons in support of, or in opposition to, certification of the class or model of product under consideration.

(F) Within ninety days after the receipt of a properly filed certification application the Administrator shall determine whether such product is a low-noise-emission product for purposes of this section. If the Administrator determines that such product is a low-noise-emission product, then within one hundred and eighty days of such determination the Administrator shall reach a decision as to whether such product is a suitable substitute for any class or classes of products presently being purchased by the Federal Government for use by its agencies.

(G) Immediately upon making any determination or decision under subparagraph (F), the Administrator shall publish in the Federal Register notice of such determination or decision, including reasons therefor.

(c) (1) Certified low-noise-emission products shall be acquired by purchase or lease by the Federal Government for use by the Federal Government in lieu of other products if the Administrator of General Services determines that such certified products have procurement costs which are no more than 125 per centum of the retail price of the least expensive type of product for which they are certified substitutes.

(2) Data relied upon by the Administrator in determining that a product is a certified low-noise-emission product shall be incorporated in any contract for the procurement of such product.

(d) The procuring agency shall be required to purchase available certified low-noise-emission products which are eligible for purchase to the extent they are available before purchasing any other products for which any low-noise-emission product is a certified substitute. In making purchasing selections between competing eligible certified low-noise-emission products, the procuring agency shall give priority to any class or model which does not require extensive periodic maintenance to retain its low-noise-emission qualities or which does not involve operating costs significantly in excess of those products for which it is a certified substitute.

(e) For the purpose of procuring certified low-noise-emission products any statutory price limitations shall be waived.

(f) The Administrator shall, from time to time as he deems appropriate, test the emissions of noise from certified low-noise-emission products purchased by the Federal Government. If at any time he finds that the noise-emission levels exceed the levels on which certifi-
cation under this section was based, the Administrator shall give the supplier of such product written notice of this finding, issue public notice of it, and give the supplier an opportunity to make necessary repairs, adjustments, or replacements. If no such repairs, adjustments, or replacements are made within a period to be set by the Administrator, he may order the supplier to show cause why the product involved should be eligible for recertification.

(g) There are authorized to be appropriated for paying additional amounts for products pursuant to, and for carrying out the provisions of, this section, $1,000,000 for the fiscal year ending June 30, 1973, and $2,000,000 for each of the two succeeding fiscal years.

(h) The Administrator shall promulgate the procedures required to implement this section within one hundred and eighty days after the date of enactment of this Act.

JUDICIAL REVIEW; WITNESSES

Sec. 16. (a) A petition for review of action of the Administrator of the Environmental Protection Agency in promulgating any standard or regulation under section 6, 17, or 18 of this Act or any labeling regulation under section 8 of this Act may be filed only in the United States Court of Appeals for the District of Columbia Circuit, and a petition for review of action of the Administrator of the Federal Aviation Administration in promulgating any standard or regulation under section 611 of the Federal Aviation Act of 1958 may be filed only in such court. Any such petition shall be filed within ninety days from the date of such promulgation, or after such date if such petition is based solely on grounds arising after such ninetieth day. Action of either Administrator with respect to which review could have been obtained under this subsection shall not be subject to judicial review in civil or criminal proceedings for enforcement.

(b) If a party seeking review under this Act applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that the information is material and was not available at the time of the proceeding before the Administrator of such Agency or Administration (as the case may be), the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before such Administrator, and to be adduced upon the hearing, in such manner and upon such terms and conditions as the court may deem proper. Such Administrator may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file with the court such modified or new findings, and his recommendation, if any, for the modification or setting aside of his original order, with the return of such additional evidence.

(c) With respect to relief pending review of an action by either Administrator, no stay of an agency action may be granted unless the reviewing court determines that the party seeking such stay is (1) likely to prevail on the merits in the review proceeding and (2) will suffer irreparable harm pending such proceeding.

(d) For the purpose of obtaining information to carry out this Act, the Administrator of the Environmental Protection Agency may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, and documents, and he may administer oaths. Witnesses summoned shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. In cases of contumacy or refusal to obey a subpoena served upon any person under this subsection, the district court of the United States for any district in which such person is found or resides or transacts business, upon application by the United States and after notice to such person,
shall have jurisdiction to issue an order requiring such person to appear and give testimony before the Administrator, to appear and produce papers, books, and documents before the Administrator, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

SEC. 17. (a) (1) Within nine months after the date of enactment of this Act, the Administrator shall publish proposed noise emission regulations for surface carriers engaged in interstate commerce by railroad. Such proposed regulations shall include noise emission standards setting such limits on noise emissions resulting from operation of the equipment and facilities of surface carriers engaged in interstate commerce by railroad which reflect the degree of noise reduction achievable through the application of the best available technology, taking into account the cost of compliance. These regulations shall be in addition to any regulations that may be proposed under section 6 of this Act.

(2) Within ninety days after the publication of such regulations as may be proposed under paragraph (1) of this subsection, and subject to the provisions of section 16 of this Act, the Administrator shall promulgate final regulations. The Secretary of Transportation shall carry out such regulations through the use of his powers and duties of enforcement and inspection authorized by the Safety Appliance Acts, the Interstate Commerce Act, and the Department of Transportation Act. Regulations promulgated under this section shall be subject to the provisions of sections 10, 11, 12, and 16 of this Act.

(c) (1) Subject to paragraph (2) but notwithstanding any other provision of this Act, after the effective date of a regulation under this section applicable to noise emissions resulting from the operation of any equipment or facility of a surface carrier engaged in interstate commerce by railroad, no State or political subdivision thereof may adopt or enforce any standard applicable to noise emissions resulting from the operation of the same equipment or facility of such carrier unless such standard is identical to a standard applicable to noise emissions resulting from such operation prescribed by any regulation under this section.

(2) Nothing in this section shall diminish or enhance the rights of any State or political subdivision thereof to establish and enforce standards or controls on levels of environmental noise, or to control, license, regulate, or restrict the use, operation, or movement of any product if the Administrator, after consultation with the Secretary of Transportation, determines that such standard, control, license, regulation, or restriction is necessitated by special local conditions and is not in conflict with regulations promulgated under this section.
(d) The terms "carrier" and "railroad" as used in this section shall have the same meaning as such terms have under the first section of the Act of February 17, 1911 (45 U.S.C. 22).

MOTOR CARRIER NOISE EMISSION STANDARDS

Such proposed regulations shall include noise emission standards setting such limits on noise emissions resulting from operation of motor carriers engaged in interstate commerce which reflect the degree of noise reduction achievable through the application of the best available technology, taking into account the cost of compliance. These regulations shall be in addition to any regulations that may be proposed under section 6 of this Act.

(2) Within ninety days after the publication of such regulations as may be proposed under paragraph (1) of this subsection, and subject to the provisions of section 16 of this Act, the Administrator shall promulgate final regulations. Such regulations may be revised from time to time, in accordance with this subsection.

(3) Any standard or regulation, or revision thereof, proposed under this subsection shall be promulgated only after consultation with the Secretary of Transportation in order to assure appropriate consideration for safety and technological availability.

(b) The Secretary of Transportation, after consultation with the Administrator shall promulgate regulations to insure compliance with all standards promulgated by the Administrator under this section. The Secretary of Transportation shall carry out such regulations through the use of his powers and duties of enforcement and inspection authorized by the Interstate Commerce Act and the Department of Transportation Act. Regulations promulgated under this section shall be subject to the provisions of sections 10, 11, 12, and 16 of this Act.

(c) (1) Subject to paragraph (2) of this subsection but notwithstanding any other provision of this Act, after the effective date of a regulation under this section applicable to noise emissions resulting from the operation of any motor carrier engaged in interstate commerce, no State or political subdivision thereof may adopt or enforce any standard applicable to the same operation of such motor carrier, unless such standard is identical to a standard applicable to noise emissions resulting from such operation prescribed by any regulation under this section.

(2) Nothing in this section shall diminish or enhance the rights of any State or political subdivision thereof to establish and enforce standards or controls on levels of environmental noise, or to control, license, regulate, or restrict the use, operation, or movement of any product if the Administrator, after consultation with the Secretary of Transportation, determines that such standard, control, license, regulation, or restriction is necessitated by special local conditions and is not in conflict with regulations promulgated under this section.

(d) For purposes of this section, the term "motor carrier" includes a common carrier by motor vehicle, a contract carrier by motor vehicle,
and a private carrier of property by motor vehicle as those terms are defined by paragraphs (14), (15), and (17) of section 203(a) of the Interstate Commerce Act (49 U.S.C. 303(a)).

SEC. 5. (a) Section 6 of the Longshoremen's and Harbor Workers' Compensation Act is amended by striking out subsection (b) and inserting in lieu thereof the following new subsections:

"(b)(1) Except as provided in subsection (c), compensation for disability shall not exceed the following percentages of the applicable national average weekly wage as determined by the Secretary under paragraph (3):

(A) 125 per centum or $167, whichever is greater, during the period ending September 30, 1973.

(B) 150 per centum during the period beginning October 1, 1973, and ending September 30, 1974.

(C) 175 per centum during the period beginning October 1, 1974, and ending September 30, 1975.

(D) 200 per centum beginning October 1, 1975.

"(2) Compensation for total disability shall not be less than 50 per centum of the applicable national average weekly wage determined by the Secretary under paragraph (3), except that if the employee's average weekly wages as computed under section 10 are less than 50 per centum of such national average weekly wage, he shall receive his average weekly wages as compensation for total disability.

"(3) As soon as practicable after June 30 of each year, and in any event prior to October 1 of such year, the Secretary shall determine the national average weekly wage for the three consecutive calendar quarters ending June 30. Such determination shall be the applicable national average weekly wage for the period beginning with October 1 of that year and ending with September 30 of the next year. The initial determination under this paragraph shall be made as soon as practicable after the enactment of this subsection.

"(c) The maximum rate of compensation for a nonappropriated fund instrumentality employee shall be equal to 66 2/3 per centum of the maximum rate of basic pay established for a Federal employee in grade GS-12 by section 5332 of title 5, United States Code, and the minimum rate of compensation for such an employee shall be
equal to 662/3 per centum of the minimum rate of basic pay established for a Federal employee in grade GS-2 by such section.

“(d) Determinations under this subsection with respect to a period shall apply to employees or survivors currently receiving compensation for permanent total disability or death benefits during such period, as well as those newly awarded compensation during such period.”

(b) Section 2 of such Act as amended by this Act is further amended by redesignating paragraph (20) thereof as paragraph (21) and by inserting immediately after paragraph (19) the following:

“(20) The term ‘national average weekly wage’ means the national average weekly earnings of production or nonsupervisory workers on private nonagricultural payrolls.”

(c) Section 8(d) of such Act is amended to read as follows:

“(d)(1) If an employee who is receiving compensation for permanent partial disability pursuant to section 8(c)(1)-(20) dies from causes other than the injury, the total amount of the award unpaid at the time of death shall be payable to or for the benefit of his survivors, as follows:

“(A) if the employee is survived only by a widow or widower, such unpaid amount of the award shall be payable to such widow or widower.

“(B) if the employee is survived only by a child or children, such unpaid amount of the award shall be paid to such child or children in equal shares.

“(C) if the employee is survived by a widow or widower and a child or children, such unpaid amount of the award shall be payable to such survivors in equal shares.

“(D) if there be no widow or widower and no surviving child or children, such unpaid amount of the award shall be paid to the survivors specified in section 9(d) (other than a wife, husband, or child); and the amount to be paid each such survivor shall be determined by multiplying such unpaid amount of the award by the appropriate percentage specified in section 9(d), but if the aggregate amount to which all such survivors are entitled, as so determined, is less than such unpaid amount of the award, the excess amount shall be divided among such survivors pro rata according to the amount otherwise payable to each under this subparagraph.

“(2) Notwithstanding any other limitation in section 9, the total amount of any award for permanent partial disability pursuant to section 8(c)(1)-(20) unpaid at time of death shall be payable in full in the appropriate distribution.

“(3) If an employee who was receiving compensation for permanent partial disability pursuant to section 8(c)(21) dies from causes other than the injury, his survivors shall receive death benefits as provided in section 9(b)-(g), except that the percentage figures therein shall be applied to the weekly compensation payable to the employee at the time of his death multiplied by 1.5, rather than to his average weekly wages.

“(4) An award for disability may be made after the death of the injured employee. Except where compensation is payable under section 8(c)(21), if there be no survivors as prescribed in this section, then the compensation payable under this subsection shall be paid to the special fund established under section 44(a) of this Act.”

(d) The first phrase of section 9 of such Act, preceding the first colon, is amended to read as follows:

“If the injury causes death, or if the employee who sustains permanent total disability due to the injury thereafter dies from causes
other than the injury, the compensation shall be known as a death benefit and shall be payable in the amount and to or for the benefit of the persons following:"

(e) Section 14 of such Act is amended by striking out subsection (m).

MEDICAL SERVICES

SEC. 6. (a) Section 7 of the Longshoremen's and Harbor Workers' Compensation Act is amended to read as follows:

MEDICAL SERVICES AND SUPPLIES

"Sec. 7. (a) The employer shall furnish such medical, surgical, and other attendance or treatment, nurse and hospital service, medicine, crutches, and apparatus, for such period as the nature of the injury or the process of recovery may require.

(b) The employee shall have the right to choose an attending physician authorized by the Secretary to provide medical care under this Act as hereinafter provided. If, due to the nature of the injury, the employee is unable to select his physician and the nature of the injury requires immediate medical treatment and care, the employer shall select a physician for him. The Secretary shall actively supervise the medical care rendered to injured employees, shall require periodic reports as to the medical care being rendered to injured employees, shall have authority to determine the necessity, character, and sufficiency of any medical aid furnished or to be furnished, and may, on his own initiative or at the request of the employer, order a change of physicians or hospitals when in his judgment such change is desirable or necessary in the interest of the employee. Change of physicians at the request of employees shall be permitted in accordance with regulations of the Secretary.

(c) The Secretary may designate the physicians who are authorized to render medical care under the Act. The names of physicians so designated in the community shall be made available to employees through posting or in such other form as the Secretary may prescribe.

(d) An employee shall not be entitled to recover any amount expended by him for medical or other treatment or services unless he shall have requested the employer to furnish such treatment or services, or to authorize provision of medical or surgical services by the physician selected by the employee, and the employer shall have refused or neglected to do so, or unless the nature of the injury required such treatment and services and the employer or his superintendent or foreman having knowledge of such injury shall have neglected to provide or authorize the same; nor shall any claim for medical or surgical treatment be valid and enforceable, as against such employer, unless within ten days following the first treatment the physician giving such treatment furnish to the employer and the Secretary a report of such injury and treatment, on a form prescribed by the Secretary. The Secretary may, however, excuse the failure to furnish such report within ten days when he finds it to be in the interest of justice to do so, and he may, upon application by a party in interest, make an award for the reasonable value of such medical or surgical treatment so obtained by the employee. If at any time the employee unreasonably refuses to submit to medical or surgical treatment, or to an examination by a physician selected by the employer, the Secretary may, by order, suspend the payment of further compensation during such time as such refusal continues, and no compensation shall be paid at any time during the period of such suspension, unless the circumstances justified the refusal.
“(e) In the event that medical questions are raised in any case, the Secretary shall have the power to cause the employee to be examined by a physician employed or selected by the Secretary and to obtain from such physician a report containing his estimate of the employee’s physical impairment and such other information as may be appropriate. Any party who is dissatisfied with such report may request a review or reexamination of the employee by one or more different physicians employed or selected by the Secretary. The Secretary shall order such review or reexamination unless he finds that it is clearly unwarranted. Such review or reexamination shall be completed within two weeks from the date ordered unless the Secretary finds that because of extraordinary circumstances a longer period is required. The Secretary shall have the power in his discretion to charge the cost of examination or review under this subsection to the employer, if he is a self-insurer, or to the insurance company which is carrying the risk, in appropriate cases, or to the special fund in section 44.

“(f) An employee shall submit to a physical examination under subsection (e) at such place as the Secretary may require. The place, or places, shall be designated by the Secretary and shall be reasonably convenient for the employee. No physician selected by the employer, carrier, or employee shall be present at or participate in any manner in such examination, nor shall conclusions of such physicians as to the nature or extent of impairment or the cause of impairment be available to the examining physician unless otherwise ordered, for good cause, by the Secretary. Such employer or carrier shall, upon request, be entitled to have the employee examined immediately thereafter and upon the same premises by a qualified physician or physicians in the presence of such physician as the employee may select, if any. Proceedings shall be suspended and no compensation shall be payable for any period during which the employee may refuse to submit to examination.

“(g) All fees and other charges for medical examinations, treatment, or service shall be limited to such charges as prevail in the community for such treatment, and shall be subject to regulation by the Secretary. The Secretary shall issue regulations limiting the nature and extent of medical expenses chargeable against the employer without authorization by the employer or the Secretary.

“(h) The liability of an employer for medical treatment as herein provided shall not be affected by the fact that his employee was injured through the fault or negligence of a third party not in the same employ, or that suit has been brought against such third party. The employer shall, however, have a cause of action against such third party to recover any amounts paid by him for such medical treatment in like manner as provided in section 33(b) of this Act.

“(i) Unless the parties to the claim agree, the Secretary shall not employ or select any physician for the purpose of making examinations or reviews under subsection (e) of this section who, during such employment, or during the period of two years prior to such employment, has been employed by, or accepted or participated in any fee relating to a workmen’s compensation claim from any insurance carrier or any self-insurer.”

(b) Section 44 of such Act is further amended by redesignating subsections (d), (e), (f), and (g) as (f), (g), (h), and (i), respectively and by striking out subsection (c) and inserting in lieu thereof the following:

"(c) Payments into such fund shall be made as follows:

(1) Whenever the Secretary determines that there is no person entitled under this Act to compensation for the death of an employee which would otherwise be compensable under this Act, the appropriate employer shall pay $5,000 as compensation for the death of such an employee.

(2) At the beginning of each calendar year the Secretary shall estimate the probable expenses of the fund during that calendar year and each carrier or self-insurer shall make payments into the fund on a prorated assessment by the Secretary in the proportion that the total compensation and medical payments made on risks covered by this Act by each carrier and self-insurer bears to the total of such payments made by all carriers and self-insurers under the Act in the prior calendar year in accordance with a formula and schedule to be determined from time to time by the Secretary to maintain adequate reserves in the fund.

(3) All amounts collected as fines and penalties under the provisions of this Act shall be paid into such fund.

(d) (1) For the purpose of making rules, regulations, and determinations under this section and for providing enforcement thereof, the Secretary may investigate and gather appropriate data from each carrier and self-insurer. For that purpose, the Secretary may enter and inspect such places and records (and make such transcriptions thereof), question such employees, and investigate such facts, conditions, practices, or matters as he may deem necessary or appropriate.

(2) Each carrier and self-insurer shall make, keep, and preserve such records, and make such reports and provide such additional information, as prescribed by regulation or order of the Secretary, as the Secretary deems necessary or appropriate to carry out his responsibilities under this section.

(3) For the purpose of any hearing or investigation related to determinations or the enforcement of the provisions of this section, the provisions of sections 9 and 10 (relating to the attendance of witnesses and the production of books, papers, and documents) of the Federal Trade Commission Act of September 16, 1914, as amended (U.S.C., title 15, secs. 49 and 50), are hereby made applicable to the jurisdiction, powers, and duties of the Secretary of Labor.

(e) There is hereby authorized to be appropriated to the Secretary the sum of $2,000,000 which the Secretary shall immediately deposit into the fund. Upon deposit in the fund such moneys shall be treated as the property of such fund. This sum, without additional payments for interest, shall be repaid from the money or property belonging to the fund on a schedule of repayment set by the Secretary: Provided, That full repayment must be made no later than five years from the date of deposit into the fund. INJURY FOLLOWING PREVIOUS IMPAIRMENT

SEC. 9. (a) Section 8(f) (1) of the Longshoremen’s and Harbor Workers’ Compensation Act is amended to read as follows: “(1) In any case in which an employee having an existing permanent partial disability suffers injury, the employer shall provide compensation for such disability as is found to be attributable to that injury based upon the average weekly wages of the employee at the time of the injury. If following an injury falling within the provisions of section 8(c)(1)-(20), the employee is totally and permanently disabled, and the disability is found not to be due solely to that injury, the employer shall provide compensation for the applicable prescribed period of weeks provided for in that section for the subsequent injury, or for one hundred and four weeks, whichever is the greater. In all other cases of total permanent disability or of death, found not to be due solely to that injury, of an employee having an existing permanent partial disability, the employer shall provide in addition to compensation under paragraphs (b) and (e) of this section, compensation payments or death benefits for one hundred and four weeks only. If following an injury falling within the provisions of 8(c)(1)-(20), the employee has a permanent partial disability and the disability is found not to be due solely to that injury, and such disability is materially and substantially greater than that which would have resulted from the subsequent injury alone, the employer shall provide compensation for the applicable period of weeks provided for in that section for the subsequent injury, or for one hundred and four weeks, whichever is the greater.

“In all other cases in which the employee has a permanent partial disability, found not to be due solely to that injury, and such disability is materially and substantially greater than that which would have resulted from the subsequent injury alone, the employer shall provide in addition to compensation under paragraphs (b) and (e) of this section, compensation for one hundred and four weeks only.

“(2) After cessation of the payments for the period of weeks provided for herein, the employee or his survivor entitled to benefits shall be paid the remainder of the compensation that would be due out of the special fund established in section 44.”

(b) Section 8(f) of such Act is further amended by striking out paragraph (2).

DEATH BENEFITS

SEC. 10. (a) Section 9(a) of the Act is amended by striking out “$400” and inserting in lieu thereof “$1,000”.

(b) Sections 9 (b) and (c) of such Act are amended by striking “35” and “15” wherever they appear, and substituting “50” and “16%” respectively.
(c) The first sentence of section 9(d) of such Act is amended to read as follows: "If there be no surviving wife or husband or child, or if the amount payable to a surviving wife or husband and to children shall be less in the aggregate than 662/3 per centum of the average wages of the deceased; then for the support of grandchildren or brothers and sisters, if dependent upon the deceased at the time of the injury, and any other persons who satisfy the definition of the term 'dependent' in section 152 of title 26 of the United States Code, but are not otherwise eligible under this section, 20 per centum of such wages for the support of each such person during such dependency and for the support of each parent, or grandparent, of the deceased if dependent upon him at the time of the injury, 25 per centum of such wages during such dependency."

(d) Section 9(e) of such Act is amended to read as follows:

"(e) In computing death benefits the average weekly wages of the deceased shall be considered to have been not less than the applicable national average weekly wage as prescribed in section 6(b) but the total weekly benefits shall not exceed the average weekly wages of the deceased."

DETERMINATION OF PAY

Sec. 11. Section 10 of the Act is amended by adding the following new subsections:

"(f) Effective October 1 of each year, the compensation or death benefits payable for permanent total disability or death arising out of injuries sustained after the date of enactment of this subsection shall be increased by a percentage equal to the percentage (if any) by which the applicable national weekly wage for the period beginning on such October 1, as determined under section 6(b), exceeds the applicable national average weekly wage, as so determined, for the period beginning with the preceding October 1.

"(g) The weekly compensation after adjustment under subsection (f) shall be fixed at the nearest dollar. No adjustment of less than $1 shall be made, but in no event shall compensation or death benefits be reduced.

"(h) (1) Not later than ninety days after the date of enactment of this subsection, the compensation to which an employee or his survivor is entitled due to total permanent disability or death which commenced or occurred prior to enactment of this subsection shall be adjusted. The amount of such adjustment shall be determined in accordance with regulations of the Secretary by designating as the employee's average weekly wage the applicable national average weekly wage determined under section 6(b) and (A) computing the compensation to which such employee or survivor would be entitled if the disabling injury or death had occurred on the day following such enactment date and (B) subtracting therefrom the compensation to which such employee or survivor was entitled on such enactment date; except that no such employee or survivor shall receive total compensation amounting to less than that to which he was entitled on such enactment date. Notwithstanding the foregoing sentence, where such an employee or his survivor was awarded compensation as the result of death or permanent total disability at less than the maximum rate that was provided in this Act at the time of the injury which resulted in the death or disability, then his average weekly wage shall be determined by increasing his average weekly wage at the time of such injury by the percentage which the applicable national average weekly wage has increased between the year in which the injury occurred and the first day of the first month following the enactment of this section. Where
such injury occurred prior to 1947, the Secretary shall determine, on
the basis of such economic data as he deems relevant, the amount by
which the employee's average weekly wage shall be increased for the
pre-1947 period.

“(2) Fifty per centum of any additional compensation or death
benefit paid as a result of the adjustment required by paragraphs (1)
and (3) of this subsection shall be paid out of the special fund
established under section 44 of this Act, and 50 per centum shall be
paid from appropriations.

“(3) For the purposes of subsections (f) and (g) an injury which
resulted in permanent total disability or death which occurred prior
to the date of enactment of this subsection shall be considered to have
occurred on the day following such enactment date.”

**TIME FOR NOTICE AND CLAIMS**

SEC. 12. (a) Section 12(a) of the Longshoremen's and Harbor
Workers' Compensation Act is amended to read as follows:

“Sec. 12. (a) Notice of an injury or death in respect of which
compensation is payable under this Act shall be given within thirty
days after the date of such injury or death, or thirty days after the
employee or beneficiary is aware or in the exercise of reasonable
diligence should have been aware of a relationship between the
injury or death and the employment. Such notice shall be given (1)
to the deputy commissioner in the compensation district in which the
injury occurred, and (2) to the employer.”

(b) Section 13(a) of such Act is amended to read as follows:

“Sec. 13. (a) Except as otherwise provided in this section, the
right to compensation for disability or death under this Act shall
be barred unless a claim therefore is filed within one year after the
injury or death. If payment of compensation has been made without an
award on account of such injury or death, a claim may be filed within
one year after the date of the last payment. Such claim shall be filed
with the deputy commissioner in the compensation district in which
such injury or death occurred. The time for filing a claim shall not
begin to run until the employee or beneficiary is aware, or by the
exercise of reasonable diligence should have been aware, of the
relationship between the injury or death and the employment.”

**FEES FOR SERVICES**

SEC. 13. Section 28 of the Longshoremen's and Harbor Workers' Compensat
Compensation Act is amended to read as follows:

"FEES FOR SERVICES

"Sec. 28. (a) If the employer or carrier declines to pay any com-
pensation on or before the thirtieth day after receiving written notice
of a claim for compensation having been filed from the deputy com-
misioner, on the ground that there is no liability for compensation
within the provisions of this Act, and the person seeking benefits shall
thereafter have utilized the services of an attorney at law in the suc-
cessful prosecution of his claim, there shall be awarded, in addition to
the award of compensation, in a compensation order, a reasonable
attorney's fee against the employer or carrier in an amount approved
by the deputy commissioner, Board, or court, as the case may be, which
shall be paid directly by the employer or carrier to the attorney for
the claimant in a lump sum after the compensation order becomes
final.
“(b) If the employer or carrier pays or tenders payment of compensation without an award pursuant to section 14(a) and (b) of this Act, and thereafter a controversy develops over the amount of additional compensation, if any, to which the employee may be entitled, the deputy commissioner or Board shall set the matter for an informal conference and following such conference the deputy commissioner or Board shall recommend in writing a disposition of the controversy. If the employer or carrier refuse to accept such written recommendation, within fourteen days after its receipt by them, they shall pay or tender to the employee in writing the additional compensation, if any, to which they believe the employee is entitled. If the employee refuses to accept such payment or tender of compensation, and thereafter utilizes the services of an attorney at law, and if the compensation thereafter awarded is greater than the amount paid or tendered by the employer or carrier, a reasonable attorney's fee based solely upon the difference between the amount awarded and the amount tendered or paid shall be awarded in addition to the amount of compensation. The foregoing sentence shall not apply if the controversy relates to degree or length of disability, and if the employer or carrier offers to submit the case for evaluation by physicians employed or selected by the Secretary, as authorized in section 7(e) and offers to tender an amount of compensation based upon the degree or length of disability found by the independent medical report at such time as an evaluation of disability can be made. If the claimant is successful in review proceedings before the Board or court in any such case an award may be made in favor of the claimant and against the employer or carrier for a reasonable attorney's fee for claimant’s counsel in accord with the above provisions. In all other cases any claim for legal services shall not be assessed against the employer or carrier.

“(c) In all cases fees for attorneys representing the claimant shall be approved in the manner herein provided. If any proceedings are had before the Board or any court for review of any action, award, order, or decision, the Board or court may approve an attorney’s fee for the work done before it by the attorney for the claimant. An approved attorney’s fee, in cases in which the obligation to pay the fee is upon the claimant, may be made a lien upon the compensation due under an award; and the deputy commissioner, Board, or court shall fix in the award approving the fee, such lien and manner of payment.

“(d) In cases where an attorney’s fee is awarded against an employer or carrier there may be further assessed against such employer or carrier as costs, fees and mileage for necessary witnesses attending the hearing at the instance of claimant. Both the necessity for the witness and the reasonableness of the fees of expert witnesses must be approved by the hearing officer, the Board, or the court, as the case may be. The amounts awarded against an employer or carrier as attorney’s fees, costs, fees and mileage for witnesses shall not in any respect affect or diminish the compensation payable under this Act.

“(e) Any person who receives any fees, other consideration, or any gratuity on account of services rendered as a representative of a claimant, unless such consideration or gratuity is approved by the deputy commissioner, Board, or court, or who makes it a business to solicit employment for a lawyer, or for himself in respect of any claim or award for compensation, shall upon conviction thereof, for each offense be punished by a fine of not more than $1,000 or by imprisonment for not more than one year, or by both such fine and imprisonment.”

The Board's orders shall be based upon the hearing record. The findings of fact in the decision under review by the Board shall be conclusive if supported by substantial evidence in the record considered as a whole. The payment of the amounts required by an award shall not be stayed pending final decision in any such proceeding unless ordered by the Board. No stay shall be issued unless irreparable injury would otherwise ensue to the employer or carrier.

"(4) The Board may, on its own motion or at the request of the Secretary, remand a case to the hearing examiner for further appropriate action. The consent of the parties in interest shall not be a prerequisite to a remand by the Board."

"(c) Any person adversely affected or aggrieved by a final order of the Board may obtain a review of that order in the United States court of appeals for the circuit in which the injury occurred, by filing in such court within sixty days following the issuance of such Board order a written petition praying that the order be modified or set aside. A copy of such petition shall be forthwith transmitted by the clerk of the court, to the Board, and to the other parties, and thereupon the Board shall file the record in the proceedings as provided in section 2112 of title 28, United States Code. Upon such filing, the court shall have jurisdiction of the proceeding and shall have the power to give a decree affirming, modifying, or setting aside, in whole or in part, the order of the Board and enforcing same to the extent that such order is affirmed or modified. The orders, writs, and processes of the court in such proceedings may run, be served, and be returnable anywhere in the United States. The payment of the amounts required by an award shall not be stayed pending final decision in any such proceeding unless ordered by the court. No stay
shall be issued unless irreparable injury would otherwise ensue to the employer or carrier. The order of the court allowing any stay shall contain a specific finding, based upon evidence submitted to the court and identified by reference thereto, that irreparable damage would result to the employer, and specifying the nature of the damage."

In such action the defendant may not plead as a defense that the injury was caused by the negligence of a fellow servant, or that the employee assumed the risk of his employment, or that the injury was due to the contributory negligence of the employee.

"(b) In the event of injury to a person covered under this Act caused by the negligence of a vessel, then such person, or anyone otherwise entitled to recover damages by reason thereof, may bring an action against such vessel as a third party in accordance with the provisions of section 33 of this Act, and the employer shall not be liable to the vessel for such damages directly or indirectly and any agreements or warranties to the contrary shall be void. AN ACT

To establish the Pennsylvania Avenue Development Corporation, to provide for the preparation and carrying out of a development plan for certain areas between the White House and the Capitol, to further the purposes for which the Pennsylvania Avenue National Historic Site was designated, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Pennsylvania Avenue Development Corporation Act of 1972".

SEC. 2. The Congress finds and declares—

(a) that it is in the national interest that the area adjacent to Pennsylvania Avenue between the Capitol and the White House, most of which was designated on September 30, 1965, as a national historic site under the Historic Sites Act of August 21, 1935 (16 U.S.C. 461 et seq.), be developed, maintained, and used in a manner suitable to its ceremonial, physical, and historic relationship to the legislative and executive branches of the Federal Government and to the governmental buildings, monuments, memorials, and parks in or adjacent to the area;

(b) that the area adjacent to Pennsylvania Avenue between the Capitol and the White House, because of its blighted character, imposes severe public, economic, and social liabilities upon the District of Columbia as the seat of the government of the United States, thereby impeding its sound growth and development and constituting a serious and growing threat to the public health, safety, morals, and welfare of its inhabitants;

(c) that to insure suitable development, maintenance, and use of the area and the elimination of blight, it is essential that there be developed and carried out as an entirety plans for this area which will specify the uses, both public and private, to which property is to be put, the programming and financing of necessary acquisitions, construction, reconstruction, and other activities;

(d) that such duties and responsibilities can best be developed and carried out by vesting the requisite powers in a Federal corporation which can take maximum advantage of the private as well as the public resources which will be necessary;

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471 et seq.) is amended by adding at the end thereof the following new title:

“TITLE IX—SELECTION OF ARCHITECTS AND ENGINEERS

“DEFINITIONS

“Sec. 901. As used in this title—

“(1) The term ‘firm’ means any individual, firm, partnership, corporation, association, or other legal entity permitted by law to practice the professions of architecture or engineering.

“(2) The term ‘agency head’ means the Secretary, Administrator, or head of a department, agency, or bureau of the Federal Government.

“(3) The term ‘architectural and engineering services’ includes those professional services of an architectural or engineering nature as well
as incidental services that members of these professions and those in their employ may logically or justifiably perform.

"POLICY"

"Sec. 902. The Congress hereby declares it to be the policy of the Federal Government to publicly announce all requirements for architectural and engineering services, and to negotiate contracts for architectural and engineering services on the basis of demonstrated competence and qualification for the type of professional services required and at fair and reasonable prices.

"REQUESTS FOR DATA ON ARCHITECTURAL AND ENGINEERING SERVICES"

"Sec. 903. In the procurement of architectural and engineering services, the agency head shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data. The agency head, for each proposed project, shall evaluate current statements of qualifications and performance data on file with the agency, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three firms regarding anticipated concepts and the relative utility of alternative methods of approach for furnishing the required services and then shall select therefrom, in order of preference, based upon criteria established and published by him, no less than three of the firms deemed to be the most highly qualified to provide the services required.

"(b) Should the agency head be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price he determines to be fair and reasonable to the Government, negotiations with that firm should be formally terminated. The agency head should then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the agency head should terminate negotiations. The agency head should then undertake negotiations with the third most qualified firm.

"(c) Should the agency head be unable to negotiate a satisfactory contract with any of the selected firms, he shall select additional firms in order of their competence and qualification and continue negotiations in accordance with this section until an agreement is reached."

AN ACT

To establish a national policy and develop a national program for the management, beneficial use, protection, and development of the land and water resources of the Nation's coastal zones, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act entitled "An Act to provide for a comprehensive, long-range, and coordinated national program in marine science, to establish a National Council on Marine Resources and Engineering Development, and a Commission on Marine Science, Engineering and Resources, and for other purposes", approved June 17, 1960 (80 Stat. 208), as amended (33 U.S.C. 1101-1124), is further amended by adding at the end thereof the following new title:

TITLE III—MANAGEMENT OF THE COASTAL ZONE

SHORT TITLE

SEC. 301. This title may be cited as the "Coastal Zone Management Act of 1972".

CONGRESSIONAL FINDINGS

SEC. 302. The Congress finds that—

(a) There is a national interest in the effective management, beneficial use, protection, and development of the coastal zone;

(b) The coastal zone is rich in a variety of natural, commercial, recreational, industrial, and esthetic resources of immediate and potential value to the present and future well-being of the Nation;

(c) The increasing and competing demands upon the lands and waters of our coastal zone occasioned by population growth and economic development, including requirements for industry, commerce, residential development, recreation, extraction of mineral resources and fossil fuels, transportation and navigation, waste disposal, and harvesting of fish, shellfish, and other living marine resources, have resulted in the loss of living marine resources, wildlife, nutrient-rich areas, permanent and adverse changes to ecological systems, decreasing open space for public use, and shoreline erosion;

(d) The coastal zone, and the fish, shellfish, other living marine resources, and wildlife therein, are ecologically fragile and consequently extremely vulnerable to destruction by man's alterations;

(e) Important ecological, cultural, historic, and esthetic values in the coastal zone which are essential to the well-being of all citizens are being irretrievably damaged or lost;

(f) Special natural and scenic characteristics are being damaged by ill-planned development that threatens these values;

(g) In light of competing demands and the urgent need to protect and to give high priority to natural systems in the coastal zone, present state and local institutional arrangements for planning and regulating land and water uses in such areas are inadequate; and

(h) The key to more effective protection and use of the land and water resources of the coastal zone is to encourage the states to exercise their full authority over the lands and waters in the coastal zone by assisting the states, in cooperation with Federal and local governments and other vitally affected interests, in developing land and water use programs for the coastal zone, including unified policies, criteria, standards, methods, and processes for dealing with land and water use decisions of more than local significance.
DECLARATION OF POLICY

SEC. 303. The Congress finds and declares that it is the national policy (a) to preserve, protect, develop, and where possible, to restore or enhance, the resources of the Nation's coastal zone for this and succeeding generations, (b) to encourage and assist the states to exercise effectively their responsibilities in the coastal zone through the development and implementation of management programs to achieve wise use of the land and water resources of the coastal zone giving full consideration to ecological, cultural, historic, and esthetic values as well as to needs for economic development, (c) for all Federal agencies engaged in programs affecting the coastal zone to cooperate and participate with state and local governments and regional agencies in effectuating the purposes of this title, and (d) to encourage the participation of the public, of Federal, state, and local governments and of regional agencies in the development of coastal zone management programs. With respect to implementation of such management programs, it is the national policy to encourage cooperation among the various state and regional agencies including establishment of interstate and regional agreements, cooperative procedures, and joint action particularly regarding environmental problems.

DEFINITIONS

SEC. 304. For the purposes of this title—
(a) “Coastal zone” means the coastal waters (including the lands therein and thereunder) and the adjacent shorelands (including the waters therein and thereunder), strongly influenced by each other and in proximity to the shorelines of the several coastal states, and includes transitional and intertidal areas, salt marshes, wetlands, and beaches. The zone extends, in Great Lakes waters, to the international boundary between the United States and Canada and, in other areas, seaward to the outer limit of the United States territorial sea. The zone extends inland from the shorelines only to the extent necessary to control shorelands, the uses of which have a direct and significant impact on the coastal waters. Excluded from the coastal zone are lands the use of which is by law subject solely to the discretion of or which is held in trust by the Federal Government, its officers or agents.
(b) “Coastal waters” means (1) in the Great Lakes area, the waters within the territorial jurisdiction of the United States consisting of the Great Lakes, their connecting waters, harbors, roadsteads, and estuary-type areas such as bays, shallows, and marshes and (2) in other areas, those waters, adjacent to the shorelines, which contain a measurable quantity or percentage of sea water, including, but not limited to, sounds, bays, lagoons, bayous, ponds, and estuaries.
(c) “Coastal state” means a state of the United States in, or bordering on, the Atlantic, Pacific, or Arctic Ocean, the Gulf of Mexico, Long Island Sound, or one or more of the Great Lakes. For the purposes of this title, the term also includes Puerto Rico, the Virgin Islands, Guam, and American Samoa.
(d) “Estuary” means that part of a river or stream or other body of water having unimpaired connection with the open sea, where the sea water is measurably diluted with fresh water derived from land drainage. The term includes estuary-type areas of the Great Lakes.
(e) “Estuarine sanctuary” means a research area which may include any part or all of an estuary, adjoining transitional areas, and adjacent uplands, constituting to the extent feasible a natural unit, set
aside to provide scientists and students the opportunity to examine over a period of time the ecological relationships within the area.

(f) "Secretary" means the Secretary of Commerce.

(g) "Management program" includes, but is not limited to, a comprehensive statement in words, maps, illustrations, or other media of communication, prepared and adopted by the state in accordance with the provisions of this title, setting forth objectives, policies, and standards to guide public and private uses of lands and waters in the coastal zone.

(h) "Water use" means activities which are conducted in or on the water; but does not mean or include the establishment of any water quality standard or criteria or the regulation of the discharge or runoff of water pollutants except the standards, criteria, or regulations which are incorporated in any program as required by the provisions of section 307(f).

(i) "Land use" means activities which are conducted in or on the shorelands within the coastal zone, subject to the requirements outlined in section 307(g).

MANAGEMENT PROGRAM DEVELOPMENT GRANTS

SEC. 305. (a) The Secretary is authorized to make annual grants to any coastal state for the purpose of assisting in the development of a management program for the land and water resources of its coastal zone.

(b) Such management program shall include:

(1) an identification of the boundaries of the coastal zone subject to the management program;

(2) a definition of what shall constitute permissible land and water uses within the coastal zone which have a direct and significant impact on the coastal waters;

(3) an inventory and designation of areas of particular concern within the coastal zone;

(4) an identification of the means by which the state proposes to exert control over the land and water uses referred to in paragraph (2) of this subsection, including a listing of relevant constitutional provisions, legislative enactments, regulations, and judicial decisions;

(5) broad guidelines on priority of uses in particular areas, including specifically those uses of lowest priority;

(6) a description of the organizational structure proposed to implement the management program, including the responsibilities and interrelationships of local, areawide, state, regional, and interstate agencies in the management process.

(c) The grants shall not exceed 66 2/3 per centum of the costs of the program in any one year and no state shall be eligible to receive more than three annual grants pursuant to this section. Federal funds received from other sources shall not be used to match such grants. In order to qualify for grants under this section, the state must reasonably demonstrate to the satisfaction of the Secretary that such grants will be used to develop a management program consistent with the requirements set forth in section 306 of this title. After making the initial grant to a coastal state, no subsequent grant shall be made under this section unless the Secretary finds that the state is satisfactorily developing such management program.

(d) Upon completion of the development of the state's management program, the state shall submit such program to the Secretary for
review and approval pursuant to the provisions of section 306 of this title, or such other action as he deems necessary. On final approval of such program by the Secretary, the state's eligibility for further grants under this section shall terminate, and the state shall be eligible for grants under section 306 of this title.

(e) Grants under this section shall be allocated to the states based on rules and regulations promulgated by the Secretary: Provided, however, That no management program development grant under this section shall be made in excess of 10 per centum nor less than 1 per centum of the total amount appropriated to carry out the purposes of this section.

(f) Grants or portions thereof not obligated by a state during the fiscal year for which they were first authorized to be obligated by the state, or during the fiscal year immediately following, shall revert to the Secretary, and shall be added by him to the funds available for grants under this section.

(g) With the approval of the Secretary, the state may allocate to a local government, to an area-wide agency designated under section 204 of the Demonstration Cities and Metropolitan Development Act of 1966, to a regional agency, or to an interstate agency, a portion of the grant under this section, for the purpose of carrying out the provisions of this section.

(h) The authority to make grants under this section shall expire on June 30, 1977.

ADMINISTRATIVE GRANTS

SEC. 306. (a) The Secretary is authorized to make annual grants to any coastal state for not more than 66 2/3 per centum of the costs of administering the state's management program, if he approves such program in accordance with subsection (c) hereof. Federal funds received from other sources shall not be used to pay the state's share of costs.

(b) Such grants shall be allocated to the states with approved programs based on rules and regulations promulgated by the Secretary which shall take into account the extent and nature of the shoreline and area covered by the plan, population of the area, and other relevant factors: Provided, however, That no annual administrative grant under this section shall be made in excess of 10 per centum nor less than 1 per centum of the total amount appropriated to carry out the purposes of this section.

(c) Prior to granting approval of a management program submitted by a coastal state, the Secretary shall find that:

(1) The state has developed and adopted a management program for its coastal zone in accordance with rules and regulations promulgated by the Secretary, after notice, and with the opportunity of full participation by relevant Federal agencies, state agencies, local governments, regional organizations, port authorities, and other interested parties, public and private, which is adequate to carry out the purposes of this title and is consistent with the policy declared in section 303 of this title.

(2) The state has:

(A) coordinated its program with local, area-wide, and interstate plans applicable to areas within the coastal zone existing on January 1 of the year in which the state's management program is submitted to the Secretary, which plans have been developed by a local government, an area-wide agency designated pursuant to regulations established under section 204 of the Demonstration Cities and Metropolitan Development Act of 1966, to a regional agency, or to an interstate agency, a portion of the grant under this section, for the purpose of carrying out the provisions of this section.

(h) The authority to make grants under this section shall expire on June 30, 1977.
Cities and Metropolitan Development Act of 1966, a regional agency, or an interstate agency; and

(B) established an effective mechanism for continuing consultation and coordination between the management agency designated pursuant to paragraph (5) of this subsection and with local governments, interstate agencies, regional agencies, and areawide agencies within the coastal zone to assure the full participation of such local governments and agencies in carrying out the purposes of this title.

(3) The state has held public hearings in the development of the management program.

(4) The management program and any changes thereto have been reviewed and approved by the Governor.

(5) The Governor of the state has designated a single agency to receive and administer the grants for implementing the management program required under paragraph (1) of this subsection.

(6) The state is organized to implement the management program required under paragraph (1) of this subsection.

(7) The state has the authorities necessary to implement the program, including the authority required under subsection (d) of this section.

(8) The management program provides for adequate consideration of the national interest involved in the siting of facilities necessary to meet requirements which are other than local in nature.

(9) The management program makes provision for procedures whereby specific areas may be designated for the purpose of preserving or restoring them for their conservation, recreational, ecological, or esthetic values.

(d) Prior to granting approval of the management program, the Secretary shall find that the state, acting through its chosen agency or agencies, including local governments, areawide agencies designated under section 204 of the Demonstration Cities and Metropolitan Development Act of 1966, regional agencies, or interstate agencies, has authority for the management of the coastal zone in accordance with the management program. Such authority shall include power—

(1) to administer land and water use regulations, control development in order to ensure compliance with the management program, and to resolve conflicts among competing uses; and

(2) to acquire fee simple and less than fee simple interests in lands, waters, and other property through condemnation or other means when necessary to achieve conformance with the management program.

(e) Prior to granting approval, the Secretary shall also find that the program provides:

(1) for any one or a combination of the following general techniques for control of land and water uses within the coastal zone;

   (A) State establishment of criteria and standards for local implementation, subject to administrative review and enforcement of compliance;

   (B) Direct state land and water use planning and regulation; or

   (C) State administrative review for consistency with the management program of all development plans, projects, or land and water use regulations, including exceptions and variances thereto, proposed by any state or local authority or private developer, with power to approve or disapprove after public notice and an opportunity for hearings.
(2) for a method of assuring that local land and water use regulations within the coastal zone do not unreasonably restrict or exclude land and water uses of regional benefit.

(f) With the approval of the Secretary, a state may allocate to a local government, an area-wide agency designated under section 204 of the Demonstration Cities and Metropolitan Development Act of 1966, a regional agency, or an interstate agency, a portion of the grant under this section for the purpose of carrying out the provisions of this section: Provided, That such allocation shall not relieve the state of the responsibility for ensuring that any funds so allocated are applied in furtherance of such state's approved management program.

(g) The state shall be authorized to amend the management program. The modification shall be in accordance with the procedures required under subsection (c) of this section. Any amendment or modification of the program must be approved by the Secretary before additional administrative grants are made to the state under the program as amended.

(h) At the discretion of the state and with the approval of the Secretary, a management program may be developed and adopted in segments so that immediate attention may be devoted to those areas within the coastal zone which most urgently need management programs: Provided, That the state adequately provides for the ultimate coordination of the various segments of the management program into a single unified program and that the unified program will be completed as soon as is reasonably practicable.

INTERAGENCY COORDINATION AND COOPERATION

Sec. 307. (a) In carrying out his functions and responsibilities under this title, the Secretary shall consult with, cooperate with, and, to the maximum extent practicable, coordinate his activities with other interested Federal agencies.

(b) The Secretary shall not approve the management program submitted by a state pursuant to section 306 unless the views of Federal agencies principally affected by such program have been adequately considered. In case of serious disagreement between any Federal agency and the state in the development of the program the Secretary, in cooperation with the Executive Office of the President, shall seek to mediate the differences.

(c) (1) Each Federal agency conducting or supporting activities directly affecting the coastal zone shall conduct or support those activities in a manner which is, to the maximum extent practicable, consistent with approved state management programs.

(2) Any Federal agency which shall undertake any development project in the coastal zone of a state shall insure that the project is, to the maximum extent practicable, consistent with approved state management programs.

(3) After final approval by the Secretary of a state's management program, any applicant for a required Federal license or permit to conduct an activity affecting land or water uses in the coastal zone of that state shall provide in the application to the licensing or permitting agency a certification that the proposed activity complies with the state's approved program and that such activity will be conducted in a manner consistent with the program. At the same time, the applicant shall furnish to the state or its designated agency a copy of the certification, with all necessary information and data. Each coastal state shall establish procedures for public notice in the case of all such certification.\footnote{Program modification. Segmental development. Certification.}
certifications and, to the extent it deems appropriate, procedures for public hearings in connection therewith. At the earliest practicable time, the state or its designated agency shall notify the Federal agency concerned that the state concurs with or objects to the applicant's certification. If the state or its designated agency fails to furnish the required notification within six months after receipt of its copy of the applicant's certification, the state's concurrence with the certification shall be conclusively presumed. No license or permit shall be granted by the Federal agency until the state or its designated agency has concurred with the applicant's certification or until, by the state's failure to act, the concurrence is conclusively presumed, unless the Secretary, on his own initiative or upon appeal by the applicant, finds, after providing a reasonable opportunity for detailed comments from the Federal agency involved and from the state, that the activity is consistent with the objectives of this title or is otherwise necessary in the interest of national security.

(d) State and local governments submitting applications for Federal assistance under other Federal programs affecting the coastal zone shall indicate the views of the appropriate state or local agency as to the relationship of such activities to the approved management program for the coastal zone. Such applications shall be submitted and coordinated in accordance with the provisions of title IV of the Intergovernmental Coordination Act of 1968 (82 Stat. 1098). Federal agencies shall not approve proposed projects that are inconsistent with a coastal state's management program, except upon a finding by the Secretary that such project is consistent with the purposes of this title or necessary in the interest of national security.

(e) Nothing in this title shall be construed—

(1) to diminish either Federal or state jurisdiction, responsibility, or rights in the field of planning, development, or control of water resources, submerged lands, or navigable waters; nor to displace, supersede, limit, or modify any interstate compact or the jurisdiction or responsibility of any legally established joint or common agency of two or more states or of two or more states and the Federal Government; nor to limit the authority of Congress to authorize and fund projects;

(2) as superseding, modifying, or repealing existing laws applicable to the various Federal agencies; nor to affect the jurisdiction, powers, or prerogatives of the International Joint Commission, United States and Canada, the Permanent Engineering Board, and the United States operating entity or entities established pursuant to the Columbia River Basin Treaty, signed at Washington, January 17, 1961, or the International Boundary and Water Commission, United States and Mexico.

(f) Notwithstanding any other provision of this title, nothing in this title shall in any way affect any requirement (1) established by the Federal Water Pollution Control Act, as amended, or the Clean Air Act, as amended, or (2) established by the Federal Government or by any state or local government pursuant to such Acts. Such requirements shall be incorporated in any program developed pursuant to this title and shall be the water pollution control and air pollution control requirements applicable to such program.

(g) When any state's coastal zone management program, submitted for approval or proposed for modification pursuant to section 306 of this title, includes requirements as to shorelands which also would be subject to any Federally supported national land use program which may be hereafter enacted, the Secretary, prior to approving such pro-
gram, shall obtain the concurrence of the Secretary of the Interior, or such other Federal official as may be designated to administer the national land use program, with respect to that portion of the coastal zone management program affecting such inland areas.

PUBLIC HEARINGS

Sec. 308. All public hearings required under this title must be announced at least thirty days prior to the hearing date. At the time of the announcement, all agency materials pertinent to the hearings, including documents, studies, and other data, must be made available to the public for review and study. As similar materials are subsequently developed, they shall be made available to the public as they become available to the agency.

REVIEW OF PERFORMANCE

Sec. 309. (a) The Secretary shall conduct a continuing review of the management programs of the coastal states and of the performance of each state.

(b) The Secretary shall have the authority to terminate any financial assistance extended under section 306 and to withdraw any unexpended portion of such assistance if (1) he determines that the state is failing to adhere to and is not justified in deviating from the program approved by the Secretary; and (2) the state has been given notice of the proposed termination and withdrawal and given an opportunity to present evidence of adherence or justification for altering its program.

RECORDS

Sec. 310. (a) Each recipient of a grant under this title shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition of the funds received under the grant, the total cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(b) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient of the grant that are pertinent to the determination that funds granted are used in accordance with this title.

ADVISORY COMMITTEE

Sec. 311. (a) The Secretary is authorized and directed to establish Coastal Zone Management Advisory Committee to advise, consult with, and make recommendations to the Secretary on matters of policy concerning the coastal zone. Such committee shall be composed of not more than fifteen persons designated by the Secretary and shall perform such functions and operate in such a manner as the Secretary may direct. The Secretary shall insure that the committee membership as a group possesses a broad range of experience and knowledge relating to problems involving management, use, conservation, protection, and development of coastal zone resources.

(b) Members of the committee who are not regular full-time employees of the United States, while serving on the business of the committee, including traveltie, may receive compensation at rates not exceeding $100 per diem; and while so serving away from their
homes or regular places of business may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for individuals in the Government service employed intermittently.

**ESTUARINE SANCTUARIES**

Sec. 312. The Secretary, in accordance with rules and regulations promulgated by him, is authorized to make available to a coastal state grants of up to 50 per centum of the costs of acquisition, development, and operation of estuarine sanctuaries for the purpose of creating natural field laboratories to gather data and make studies of the natural and human processes occurring within the estuaries of the coastal zone. The Federal share of the cost for each such sanctuary shall not exceed $2,000,000. No Federal funds received pursuant to section 305 or section 306 shall be used for the purpose of this section.

**ANNUAL REPORT**

Sec. 313. (a) The Secretary shall prepare and submit to the President for transmittal to the Congress not later than November 1 of each year a report on the administration of this title for the preceding fiscal year. The report shall include but not be restricted to (1) an identification of the state programs approved pursuant to this title during the preceding Federal fiscal year and a description of those programs; (2) a listing of the states participating in the provisions of this title and a description of the status of each state's programs and its accomplishments during the preceding Federal fiscal year; (3) an itemization of the allocation of funds to the various coastal states and a breakdown of the major projects and areas on which these funds were expended; (4) an identification of any state programs which have been reviewed and disapproved or with respect to which grants have been terminated under this title, and a statement of the reasons for such action; (5) a listing of all activities and projects which, pursuant to the provisions of subsection (c) or subsection (d) of section 307, are not consistent with an applicable approved state management program; (6) a summary of the regulations issued by the Secretary or in effect during the preceding Federal fiscal year; (7) a summary of a coordinated national strategy and program for the Nation's coastal zone including identification and discussion of Federal, regional, state, and local responsibilities and functions therein; (8) a summary of outstanding problems arising in the administration of this title in order of priority; and (9) such other information as may be appropriate.

(b) The report required by subsection (a) shall contain such recommendations for additional legislation as the Secretary deems necessary to achieve the objectives of this title and enhance its effective operation.

**RULES AND REGULATIONS**

Sec. 314. The Secretary shall develop and promulgate, pursuant to section 553 of title 5, United States Code, after notice and opportunity for full participation by relevant Federal agencies, state agencies, local governments, regional organizations, port authorities, and other interested parties, both public and private, such rules and regulations as may be necessary to carry out the provisions of this title.

"(ii) the (I) local government of such area, and (II) the State and district medical, dental, or other appropriate health societies (as the case may be), certify to the Secretary that such assignment of Corps personnel is needed for such area.

"(B) In providing health care and services under this section, Corps personnel shall utilize the techniques, facilities, and organizational forms most appropriate for the area and shall, to the maximum extent feasible, provide such care and services (i) to all persons in such area regardless of the ability of such persons to pay for the care and services, and (ii) in connection with (I) direct health care programs carried out by the Service; (II) any direct health care program carried out in whole or in part with Federal financial assistance; or (III) any
other health care activity which is in furtherance of the purposes of this section.

"(C) Any person who receives health care or services provided under this section shall be charged for such care or service on a fee-for-service or other basis at a rate established by the Secretary, pursuant to regulations, to recover the reasonable cost of providing such care or service; except that if such person is determined under regulations of the Secretary to be unable to pay such charge, the Secretary shall provide for the furnishing of such care or service at a reduced rate or without charge. If a Federal agency, an agency of a State or local government, or other third party would be responsible for all or part of the cost of the care or service provided under this section if such care or service had not been provided under this section, the Secretary shall collect, on a fee-for-service or other basis, from such agency or third party the portion of such cost for which it would be so responsible. Any funds collected by the Secretary under this subparagraph shall be deposited in the Treasury as miscellaneous receipts and shall be disregarded in determining (i) the amounts of appropriations to be requested under subsection (h), and (ii) the amounts to be made available from appropriations made under such subsection to carry out this section."

"(c) Each participant in the Program will be authorized a scholarship for each approved academic year of training, not to exceed four years, in an amount prescribed by the Secretary and payable in monthly installments. The scholarship shall not exceed an amount equal to the basic pay and allowances of a commissioned officer on active duty in pay grade O–1 with less than two years of service, plus an amount to cover the reasonable cost of books, supplies, equipment, student medical expenses, and other necessary educational expenses which are not otherwise paid as a part of the basic tuition payment.

ESTABLISHMENT

SECTION 1. In order to preserve for public use and enjoyment certain areas of Marin and San Francisco Counties, California, possessing outstanding natural, historic, scenic, and recreational values, and in order to provide for the maintenance of needed recreational open space necessary to urban environment and planning, the Golden Gate National Recreation Area (hereinafter referred to as the "recreation area") is hereby established. In the management of the recreation area, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall utilize the resources in a manner which will provide for recreation and educational opportunities consistent with sound principles of land use planning and management. In carrying out the provisions of this Act, the Secretary shall preserve the recreation area, as far as possible, in its natural setting, and protect it from development and uses which would destroy the scenic beauty and natural character of the area.

COMPOSITION AND BOUNDARIES

SEC. 2. (a) The recreation area shall comprise the lands, waters, and submerged lands generally depicted on the map entitled "Boundary Map, Golden Gate National Recreation Area", numbered NRA-GG-80,003A, sheets 1 through 3, and dated July, 1972.

(b) The map referred to in this section shall be on file and available for public inspection in the Offices of the National Park Service, Department of the Interior, Washington, District of Columbia. After advising the Committees on Interior and Insular Affairs of the United States House of Representatives and the United States Senate (hereinafter referred to as the "committees") in writing, the Secretary may make minor revisions of the boundaries of the recreation area when necessary by publication of a revised drawing or other boundary description in the Federal Register.

ACQUISITION POLICY

SEC. 3. (a) Within the boundaries of the recreation area, the Secretary may acquire lands, improvements, waters, or interests therein, by donation, purchase, exchange or transfer. Any lands, or interests therein, owned by the State of California or any political subdivision thereof, may be acquired only by donation. When any tract of land is only partly within such boundaries, the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so acquired outside of the boundaries may be exchanged by the Secretary for non-Federal lands within the boundaries. Any portion of land acquired outside the boundaries and not utilized for exchange shall be reported to the General Services Administration for disposal under the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended: Provided, That no disposal shall be for less than fair market value. Except as hereinafter provided, Federal property within...
the boundaries of the recreation area is hereby transferred without consideration to the administrative jurisdiction of the Secretary for the purposes of this Act, subject to the continuation of such existing uses as may be agreed upon between the Secretary and the head of the agency formerly having jurisdiction over the property. Notwithstanding any other provision of law, the Secretary may develop and administer for the purposes of this Act structures or other improvements and facilities on lands for which he receives a permit of use and occupancy from the Secretary of the Army.

(b) Fort Cronkhite, Fort Barry, and the westerly one-half of Fort Baker, in Marin County, California, as depicted on the map entitled “Golden Gate Military Properties” numbered NRAGG-20,002 and dated January 1972, which shall be on file and available for public inspection in the offices of the National Park Service, are hereby transferred to the jurisdiction of the Secretary for purposes of this Act, subject to continued use and occupancy by the Secretary of the Army of those lands needed for existing air defense missions, reserve activities and family housing, until he determines that such requirements no longer exist. The Coast Guard Radio Receiver Station, shall remain under the jurisdiction of the Secretary of the Department in which the Coast Guard is operating. When this station is determined to be excess to the needs of the Coast Guard, it shall be transferred to the jurisdiction of the Secretary for purposes of this Act.

(c) The easterly one-half of Fort Baker in Marin County, California, shall remain under the jurisdiction of the Department of the Army. When this property is determined by the Department of Defense to be excess to its needs, it shall be transferred to the jurisdiction of the Secretary for purposes of this Act. The Secretary of the Army shall grant to the Secretary reasonable public access through such property to Horseshoe Bay, together with the right to construct and maintain such public service facilities as are necessary for the purposes of this Act. The precise facilities and location thereof shall be determined between the Secretary and the Secretary of the Army.

(d) Upon enactment, the Secretary of the Army shall grant to the Secretary the irrevocable use and occupancy of one hundred acres of the Baker Beach area of the Presidio of San Francisco, as depicted on the map referred to in subsection (b).

(e) The Secretary of the Army shall grant to the Secretary within a reasonable time, the irrevocable use and occupancy of forty-five acres of the Crissy Army Airfield of the Presidio, as depicted on the map referred to in subsection (b).

(f) When all or any substantial portion of the remainder of the Presidio is determined by the Department of Defense to be excess to its needs, such lands shall be transferred to the jurisdiction of the Secretary for purposes of this Act. The Secretary shall grant a permit for continued use and occupancy for that portion of said Fort Point Coast Guard Station necessary for activities of the Coast Guard.

(g) Point Bonita, Point Diablo, and Lime Point shall remain under the jurisdiction of the Secretary of the Department in which the Coast Guard is operating. When this property is determined to be excess to the needs of the Coast Guard, it shall be transferred to the jurisdiction of the Secretary for purposes of this Act. The Coast Guard may continue to maintain and operate existing navigational aids: Provided, That access to such navigational aids and the installation of necessary new navigational aids within the recreation area shall be undertaken in accordance with plans which are mutually acceptable to the Secretary and the Secretary of the Department in which the Coast Guard is operating and which are consistent with both the purposes of this Act and the purpose of existing
statutes dealing with establishment, maintenance, and operation of navigational aids.

(h) That portion of Fort Miley comprising approximately one and seven-tenths acres of land presently used and required by the Secretary of the Navy for its inshore, underwater warfare installations shall remain under the administrative jurisdiction of the Department of the Navy until such time as all or any portion thereof is determined by the Department of Defense to be excess to its needs, at which time such excess portion shall be transferred to the administrative jurisdiction of the Secretary for purposes of this Act.

(i) New construction and development within the recreation area on property remaining under the administrative jurisdiction of the Department of the Army and not subject to the provisions of subsection (d) or (e) hereof shall be limited to that which is required to accommodate facilities being relocated from property being transferred under this Act to the administrative jurisdiction of the Secretary or which is directly related to the essential missions of the Sixth United States Army: Provided, however, That any construction on presently undeveloped open space may be undertaken only after prior consultation with the Secretary. The foregoing limitation on construction and development shall not apply to expansion of those facilities known as Letterman General Hospital or the Western Medical Institute of Research.

(j) The owner of improved property on the date of its acquisition by the Secretary under this Act may, as a condition of such acquisition, retain for himself and his heirs and assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated to the United States, the Secretary shall pay to the owner the fair market value of the property on the date of acquisition minus the fair market value on that date of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purpose of this Act, and it shall terminate by operation of law upon the Secretary's notifying the holder of the right of such determination and tendering to him an amount equal to the fair market value of that portion of the right which remains unexpired.

(k) The term "improved property", as used in subsection (j), means a detached, noncommercial residential dwelling, the construction of which was begun before June 1, 1971, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

(l) Whenever an owner of property elects to retain a right of use and occupancy as provided for in the Act, such owner shall be deemed to have waived any benefits or rights accruing under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894), and for the purposes of those sections such owner shall not be considered a displaced person as defined in section 101(6) of that Act.

(m) Notwithstanding any other provision of law, the Secretary shall have the same authority with respect to contracts for the acquisition of land and interests in land for the purposes of this Act as was
given the Secretary of the Treasury for other land acquisitions by section 34 of the Act of May 30, 1908, relating to purchase of sites for public buildings (35 Stat. 545), and the Secretary and the owner of land to be acquired under this Act may agree that the purchase price will be paid in periodic installments over a period that does not exceed ten years, with interest on the unpaid balance thereof at a rate which is not in excess of the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities on the installments. Judgments against the United States for amounts in excess of the deposit in court made in condemnation actions shall be subject to the provisions of the Act of July 27, 1956 (70 Stat. 624) and sections 2414 and 2517 of title 28, United States Code.

ADMINISTRATION

Sec. 4. (a) The Secretary shall administer the lands, waters and interests therein acquired for the recreation area in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4), as amended and supplemented, and the Secretary may utilize such statutory authority available to him for the conservation and management of wildlife and natural resources as he deems appropriate to carry out the purposes of this Act. Notwithstanding their inclusion within the boundaries of the recreation area, the Muir Woods National Monument and Fort Point National Historic Site shall continue to be administered as distinct and identifiable units of the national park system in accordance with the laws applicable to such monument and historic site.

(b) The Secretary may enter into cooperative agreements with any Federal agency, the State of California, or any political subdivision thereof, for the rendering, on a reimbursable basis, of rescue, firefighting, and law enforcement and fire preventive assistance.

(c) The authority of the Army to undertake or contribute to water resource developments, including shore erosion control, beach protection, and navigation improvements on land and/or waters within the recreation area shall be exercised in accordance with plans which are mutually acceptable to the Secretary and the Secretary of the Army and which are consistent with both the purpose of this Act and the purpose of existing statutes dealing with water and related resource development.

(d) The Secretary, in cooperation with the State of California and affected political subdivisions thereof, local and regional transit agencies, and the Secretaries of Transportation and of the Army, shall make a study for a coordinated public and private transportation system to and within the recreation area and other units of the national park system in Marin and San Francisco Counties.

There are authorized to be appropriated not more than $58,000,000 (May 1971 prices) for the development of the recreation area, plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the type of construction involved herein.

AN ACT

To authorize the Secretary of Transportation to make loans to certain railroads in order to restore or replace essential facilities and equipment damaged or destroyed as a result of natural disasters during the month of June 1972.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Emergency Rail Facilities Restoration Act".

DEFINITIONS

SEC. 2 For the purpose of this Act—
(a) "Secretary" means the Secretary of Transportation.
(b) "Railroad" means any common carrier by railroad subject to part I of the Interstate Commerce Act (49 U.S.C. 1-27).
(c) "Net income" means ordinary income reported to the Interstate Commerce Commission pursuant to the relevant railroad annual report form, adjusted for extraordinary items of a nonrecurring nature and directly related to railroad operations.

AUTHORIZATION

SEC. 3. The Secretary is authorized to make loans, upon such terms and conditions as are specified by this Act and any others he deems appropriate, in an aggregate amount not to exceed $48,000,000 to railroads undergoing reorganization under section 77 of the Bankruptcy Act, as amended (11 U.S.C. 205), to railroads which have reported to the Interstate Commerce Commission in the railroad annual report a deficit net income for either of the last two calendar years, and to railroads whose certified damage to railroad facilities or equipment as a result of the natural disasters which occurred during the month of June 1972 exceeds their net income for either of the last two calendar years for the purpose of restoring or replacing railroad facilities, equipment, or services which are determined to be essential to public service (including, without limitation, bridges, track structures, signal and communication systems, and rolling stock) damaged or destroyed as a result of the natural disasters which occurred during the month of June 1972. There are authorized to be appropriated to the Secretary to remain available through June 30, 1975, such sums as are necessary to carry out the purposes of this Act.

TERMS AND CONDITIONS

SEC. 4. (a) Prior to making a loan under this Act the Secretary shall—
(1) find in writing that there is no other practicable means of obtaining funds from either private or government sources than a loan pursuant to this Act;
(2) require that application be made by a railroad in such form and substance as the Secretary shall prescribe;
(3) require satisfactory proof in writing of costs incurred or to be incurred in the restoration or replacement of essential railroad facilities, equipment, or services;
(4) take appropriate action to insure that funds loaned under this Act are used solely for the purpose of restoring or replacing facilities and equipment (including the upgrading of such facilities and equipment) damaged or destroyed as a result of the natural disasters of June 1972;
(5) obtain satisfactory assurances from the applicant railroad that the restoration or replacement to be accomplished with funds made available under the loan shall be completed without undue delay;

(6) require as a condition of the loan that the United States obtain such security as the Secretary deems will adequately protect the interests of the United States except that, in the case of a railroad undergoing reorganization under section 77 of the Bankruptcy Act, as amended (11 U.S.C. 205), if the Secretary expressly determines in writing that the railroad does not have sufficient working capital to fund the restoring or replacing of essential railroad facilities, equipment, or services, he may, notwithstanding section 3466 of the Revised Statutes (31 U.S.C. 191) or any other law, require any priority or subordination of the interests of the United States he deems to be appropriate in relation to the claims of any other creditors of the railroad or its trustees, so long as such position is not lower than that of a prebankruptcy unsecured creditor of the railroad; and

(7) require that no part of the restoration or replacement work to be financed by the loan program hereunder which is presently or should be performed under collective bargaining agreements by railroad employees shall be subcontracted by the railroad; except that to the extent that the Secretary finds in writing that railroad employees, including employees on furlough, in the affected region are insufficient to perform such restoration or replacement work and that such railroad employees on furlough, if not recalled by the railroad will be employed by a subcontractor to perform such work in which event such employees shall be deemed to be railroad employees retaining all the rights and privileges of railroad employees while so employed.

(8) None of the foregoing conditions shall apply to such work undertaken prior to the enactment of this Act.

(b) No loan application shall be approved under this Act after eight months have elapsed from its date of enactment.

(c) (1) The Secretary in reviewing applications for loans shall examine such applications to determine whether any service or facility which is essential to the public interest in maintaining transportation service, including specifically the Sunbury-Wilkes-Barre (Buttonwood) line, will not be restored or replaced. In making such determination the Secretary shall take into consideration the interests of persons and communities affected thereby; existing rail facilities and the pattern of service by railroads; and the public interest in a balanced and economical transportation system responsive to the needs of the public and the users of such system.

(2) If after such determination the Secretary finds that any such service or facility of the applicant railroad will not be restored or replaced, the Secretary shall not approve such application unless and until such application is amended to include such restoration and replacement.

(3) As an aid to the formulation of public policy regarding rail transportation, the Secretary shall prepare and keep current a comprehensive schedule setting forth transportation facilities and services that he believes should be provided by railroads in the northeastern region of the United States. In formulating such a schedule the Secretary shall take into consideration the interests of persons and communities affected thereby; existing rail facilities and the pattern of service by railroads; and the public interest in a balanced and economical transportation system responsive to the needs of the public and the users of such system.
(4) The Secretary shall provide as a condition of the loan that, in consideration of the relief provided by this Act, the railroad shall offer to convey to the State, for just compensation, or in the event any such railroad is subject to a proceeding under the bankruptcy laws, the court having jurisdiction in such bankruptcy proceedings shall direct the trustee or trustees or the debtor to offer to convey to the State, for just compensation, all of its right, title, and interest free and clear of all encumbrances, in any right-of-way, track, and other related real and personal property on any branch line within such State which has been damaged or destroyed as a result of the natural disasters of June 1972; which have not been scheduled for restoration or replacement under the loan program as approved by the Secretary; and which such State, or subdivision thereof, proposes to restore or replace.

STATE AND LOCAL AUTHORITY

Sec. 5. (a) The Secretary is authorized to make loans pursuant to this section to assist regional, State, and local public bodies and agencies thereof in financing the restoration and replacement of railroad facilities and equipment damaged or destroyed as a result of the natural disasters of June 1972. Eligible facilities and equipment may include railroad right-of-way, track, rolling stock, and other real and personal property needed for an efficient and coordinated railroad transportation system and conveyed in accordance with the provisions of section 4(c)(3).

(b) No such loan shall be provided unless the Secretary determines that the applicant has or will have—

(1) demonstrated a valid need for the establishment or reestablishment of railroad service in the affected area; and

(2) the technical capability to carry out the proposed project.

(c) Any such loan may be made for not to exceed 80 per centum of the total costs of the proposed project and shall be subject to such other terms and conditions as the Secretary may determine are necessary to carry out the purposes of this section.

(d) There is authorized to be appropriated not to exceed $10,000,000 to carry out the provisions of this section. Sums so appropriated shall remain available through June 30, 1975.

Sec. 6. (a) Except as provided in subsection (b) of this section, and except for the conveyance of facilities pursuant to subsection 4(c)(3), all abandonment of facilities and services shall continue to be subject to the appropriate provisions of the Interstate Commerce Act.

(b) The damage or destruction caused by the natural disasters of June 1972 to any railroad facility, equipment, or service therefrom, of a railroad obtaining assistance under this Act, or any action taken pursuant to this Act affecting any railroad, shall not be evidence in any proceeding before any Federal agency or in any court in which line abandonment is an issue. Any violation of this section shall be deemed to be prejudicial.
INTEREST RATES

SEC. 7. Any loan made under this Act shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity of ten to twelve years reduced by not to exceed 2 per centum per annum. In no event shall any loan made under this Act bear interest at a rate in excess of 6 per centum per annum.

DEFERRAL OF PAYMENT

SEC. 8. Whenever he determines it necessary to insure the provision of essential transportation services of a railroad, the Secretary may in his discretion provide in the terms and conditions of a loan under this Act for deferral of the payment of principal and interest on the loan for a period not to exceed ten years from the date the loan is made.

RULES AND REGULATIONS

SEC. 9. The Secretary shall issue such rules and regulations as are appropriate to carry out the purposes of this Act.

ENFORCEMENT

SEC. 10. The Secretary shall insure that railroads which obtain loans under this Act comply with the provisions of this Act and any rules, regulations, or conditions imposed by the Secretary pursuant to this Act. In the event of any failure to comply with such provisions, rules, regulations, or conditions, the Secretary may take such enforcement action as he deems appropriate including a declaration that the obligation of applicant railroads is immediately due and payable as a claim of the United States without regard to any other provision of the loan or of this Act.

REPORTS

SEC. 11. The Secretary shall, within one year after enactment of this Act, report to the President and to the Congress with respect to his activities pursuant to this Act, including an evaluation of the financial conditions of railroads which obtained loans under this Act and including an evaluation of the impact of this Act on the condition of the rail facilities and services described in the schedule prepared under subsection 4(c)(1) of this Act. Such report shall also include recommendations, if any, for additional legislation action.

AUDIT

SEC. 12. The Comptroller General of the United States, or any of his duly authorized representatives, shall have access to such information, books, records, and documents as he determines necessary to effectively audit financial transactions and operations carried out by the Secretary in the administration of this Act. The Comptroller General shall make such reports to the Congress on the results of any such audits as are appropriate.
SEC. 13. A railroad qualifying for a loan or loans under the provisions of this Act shall not be required to comply with the provisions of section 20a of the Interstate Commerce Act (49 U.S.C. 20a) with respect to such loan or loans.

AN ACT

To establish the Glen Canyon National Recreation Area in the States of Arizona and Utah.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to provide for public outdoor recreation use and enjoyment of Lake Powell and lands adjacent thereto in the States of Arizona and Utah and to preserve scenic, scientific, and historic features contributing to public enjoyment of the area, there is established the Glen Canyon National Recreation Area (hereafter referred to as the "recreation area") to comprise the area generally depicted on the drawing entitled "Boundary Map Glen Canyon National Recreation Area," numbered GLC-91,006 and dated August 1972, which is on file and available for public inspection in the office of the National Park Service, Department of the Interior. The Secretary of the Interior (hereafter referred to as the "Secretary") may revise the boundaries of the recreation area from time to time by publication in the Federal Register of a revised drawing or other boundary description, but the total acreage of the national recreation area may not exceed one million two hundred and thirty-six thousand eight hundred and eighty acres.

Sec. 2. (a) Within the boundaries of the recreation area, the Secretary may acquire lands and interests in lands by donation, purchase, or exchange. Any lands owned by the States of Utah or Arizona, or any State, political subdivisions thereof, may be acquired only by donation or exchange. No lands held in trust for any Indian tribe may be acquired except with the concurrence of the tribal council.

(b) Nothing in this Act shall be construed to affect the mineral rights reserved to the Navajo Indian Tribe under section 2 of the Act of September 2, 1958 (72 Stat. 1686), or the rights reserved to the Navajo Indian Tribal Council in said section 2 with respect to the use of the lands there described under the heading "PARCEL B".
Public lands, withdrawal.

Sec. 3. (a) The lands within the recreation area, subject to valid existing rights, are withdrawn from location, entry, and patent under the United States mining laws. Under such regulations as he deems appropriate, the Secretary shall permit the removal of the nonleasable minerals from lands or interests in lands within the national recreation area in the manner prescribed by section 10 of the Act of August 4, 1939, as amended (53 Stat. 1196; 43 U.S.C. 387 et seq.), and he shall permit the removal of leasable minerals from lands or interests in lands within the recreation area in accordance with the Mineral Leasing Act of February 25, 1920, as amended (30 U.S.C. 181 et seq.), or the Acquired Lands Mineral Leasing Act of August 7, 1947 (30 U.S.C. 351 et seq.), if he finds that such disposition would not have significant adverse effects on the Glen Canyon project or on the administration of the national recreation area pursuant to this Act.

(b) All receipts derived from permits and leases issued on lands in the recreation area under the Mineral Leasing Act of February 25, 1920, as amended, or the Act of August 7, 1947, shall be disposed of as provided in the applicable Act; and receipts from the disposition of nonleasable minerals within the recreation area shall be disposed of in the same manner as moneys received from the sale of public lands.

Administration.

Sec. 4. The Secretary shall administer, protect, and develop the recreation area in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented, and with any other statutory authority available to him for the conservation and management of natural resources to the extent he finds such authority will further the purposes of this Act: Provided, however, That nothing in this Act shall affect or interfere with the authority of the Secretary granted by Public Law 485, Eighty-fourth Congress, second session, to operate Glen Canyon Dam and Reservoir in accordance with the purposes of the Colorado River Storage Project Act for river regulation, irrigation, flood control, and generation of hydroelectric power.

Hunting and fishing.

Sec. 5. The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the recreation area in accordance with applicable laws of the United States and the States of Utah and Arizona, except that the Secretary may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, or public use and enjoyment. Except in emergencies, any regulation of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State fish and game department.

Leases.

Sec. 6. The administration of mineral and grazing leases within the recreation area shall be by the Bureau of Land Management. The same policies followed by the Bureau of Land Management in issuing and administering mineral and grazing leases on other lands under its jurisdiction shall be followed in regard to the lands within the boundaries of the recreation area, subject to the provisions of sections 3 (a) and 4 of this Act.

Easements and rights-of-way.

Sec. 7. The Secretary shall grant easements and rights-of-way on a nondiscriminatory basis upon, over, under, across, or along any component of the recreation area unless he finds that the route of such easements and rights-of-way would have significant adverse effects on the administration of the recreation area.

Proposed road, study.

Sec. 8. (a) The Secretary together with the Highway Department of the State of Utah, shall conduct a study of proposed road alignments within and adjacent to the recreation area. Such study shall locate the specific route of a scenic, low-speed road, hereby authorized, from Glen Canyon City to Bullfrog Basin, crossing the Escalante
River south of the point where the river has entered Lake Powell when the lake is at the three thousand seven hundred-foot level. In determining the route for this road, special care shall be taken to minimize any adverse environmental impact and said road is not required to meet ordinary secondary road standards as to grade, alignment, and curvature. Turnouts, overlooks, and scenic vistas may be included in the road plan. In no event shall said route cross the Escalante River north of Stephens Arch.

(b) The study shall include a reasonable timetable for the engineering, planning, and construction of the road authorized in section 8(a) and the Secretary of the Interior shall adhere to said timetable in every way feasible to him.

(c) The Secretary is authorized to construct and maintain markers and other interpretive devices consistent with highway safety standards.

(d) The study specified in section 8(a) hereof shall designate what additional roads are appropriate and necessary for full utilization of the area for the purposes of this Act and to connect with all roads of ingress to, and egress from the recreation area.

(e) The findings and conclusions of the Secretary and the Highway Department of the State of Utah, specified in section 8(a), shall be submitted to Congress within two years of the date of enactment of this Act, and shall include recommendations for any further legislation necessary to implement the findings and conclusions. It shall specify the funds necessary for appropriation in order to meet the timetable fixed in section 8(b).

Sec. 9. Within two years from the date of enactment of this Act, the Secretary shall report to the President, in accordance with subsections 3(c) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d)), his recommendations as to the suitability or unsuitability of any area within the recreation area for preservation as wilderness, and any designation of any such area as wilderness shall be in accordance with said Wilderness Act.

Sec. 10. There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this Act, not to exceed, however, $400,000 for the acquisition of lands and interests in lands and not to exceed $37,325,400 for development. The sums authorized in this section shall be available for acquisition and development undertaken subsequent to the approval of this Act.

AN ACT

To amend the Youth Conservation Corps Act of 1970 (Public Law 91-378, 84 Stat. 794) to expand the Youth Conservation Corps pilot program and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act of August 13, 1970 (84 Stat. 794) is amended to read as follows:

"POLICY AND PURPOSE

"SECTION 1. The Congress finds that the gainful employment during the summer months of American youth, representing all segments of society, in the healthful outdoor atmosphere afforded in the national park system, the national forest system, the national wildlife refuge system, and other public land and water areas of the United States creates an opportunity for understanding and appreciation of the Nation's natural environment and heritage. Accordingly, it is the purpose of this Act to further the development and maintenance of the natural resources of the United States by the youth, upon whom will fall the ultimate responsibility for maintaining and managing these resources for the American people.

"YOUTH CONSERVATION CORPS

"SEC. 2. (a) To carry out the purposes of this Act, there is established in the Department of the Interior and the Department of Agriculture a Youth Conservation Corps (hereinafter referred to as the "Corps"). The Corps shall consist of young men and women who are permanent residents of the United States, its territories, possessions, or trust territories, who have attained age fifteen but have not attained age nineteen, and whom the Secretary of the Interior or the Secretary of Agriculture may employ during the summer months, without regard to the civil service or classification laws, rules, or regulations, for the purpose of developing, preserving, or maintaining the lands and waters of the United States under his jurisdiction.

"(b) The Corps shall be open to youth of both sexes and youth of all social, economic, and racial classifications, with no person being employed as a member of the Corps for a term in excess of ninety days during any single year.

"SECRETARIAL DUTIES AND FUNCTIONS

"SEC. 3. (a) In carrying out this Act, the Secretary of the Interior and the Secretary of Agriculture shall—

"(1) determine, with other Federal agencies, the areas under the administrative jurisdiction of the Secretaries which are appropriate for carrying out programs using members of the Corps, and determine and select appropriate work and education programs and projects for participation by members of the Corps;

"(2) determine the rates of pay, hours, and other conditions of employment in the Corps, except that members of the Corps shall not be deemed to be Federal employees other than for the purposes of chapter 171 of title 28, United States Code, and chapter 81 of title 5, United States Code;

"(3) provide for such transportation, lodging, subsistence, and other services and equipment as they may deem necessary or appropriate for the needs of members of the Corps in their duties;"
“(4) promulgate regulations to insure the safety, health, and welfare of the Corps members; and

“(5) provide, to the extent possible, that permanent or semi-permanent facilities used as Corps camps be made available to local schools, school districts, State junior colleges and universities, and other educational institutions for use as environmental/ecological education camps during periods of nonuse by the Corps program.

Costs for operations, maintenance, and staffing of Corps camp facilities during periods of use by non-Corps programs as well as any liability for personal injury or property damage stemming from such use shall be the responsibility of the entity or organization using the facility and shall not be a responsibility of the Secretaries or the Corps.

“(b) Whenever economically feasible, existing but unoccupied Federal facilities and surplus or unused equipment (or both), of all types, including military facilities and equipment, shall be utilized for the purposes of the Corps, where appropriate and with the approval of the Federal agency involved. To minimize transportation costs, Corps members shall be employed on conservation projects as near to their places of residence as is feasible.

“(c) The Secretary of the Interior and the Secretary of Agriculture may contract with any public agency or organization or any private nonprofit agency or organization which has been in existence for at least five years for the operation of any Youth Conservation Corps project.

“Sec. 4. (a) The Secretary of the Interior and the Secretary of Agriculture shall jointly establish a pilot grant program under which grants shall be made to States to assist them in meeting the cost of projects for the employment of young men and women to develop, preserve, and maintain non-Federal public lands and waters within the States. For purposes of this section, the term ‘States’ includes the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, the Trust Territory of the Pacific Islands, and American Samoa.

“(b) (1) No grant may be made under this section unless an application therefor has been submitted to, and approved by, the Secretary of the Interior and the Secretary of Agriculture. Such application shall be in such form, and submitted in such manner, as the Secretaries shall jointly by regulation prescribe, and shall contain—

“(A) assurances satisfactory to the Secretaries that individuals employed under the project for which the application is submitted shall (i) have attained the age of fifteen but not attained the age of nineteen, (ii) be permanent residents of the United States or its territories, possessions, or the Trust Territory of the Pacific Islands, (iii) be employed without regard to the personnel laws, rules, and regulations applicable to full-time employees of the applicant, (iv) be employed for a period of not more than ninety days in any calendar year, and (v) be employed without regard to their sex or social, economic, or racial classification; and

“(B) such other information as the Secretaries may jointly by regulation prescribe.

“(2) The Secretaries may approve applications which they determine (A) meet the requirements of paragraph (1), and (B) are for projects which will further the development, preservation, or maintai-
nance of non-Federal public lands or waters within the jurisdiction of the applicant.

"(c) (1) The amount of any grant under this section shall be determined jointly by the Secretaries, except that no grant for any project may exceed 80 per centum of the cost (as determined by the Secretaries) of such project.

"(2) Payments under grants under this section may be made in advance or by way of reimbursement and at such intervals and on such conditions as the Secretaries find necessary.

"Sec. 5. The Secretary of the Interior and Secretary of Agriculture shall annually prepare a joint report detailing the activities carried out under this Act and providing recommendations. Each report for a fiscal year shall be submitted concurrently to the President and the Congress not later than one hundred and eighty days following the close of that fiscal year.

"AUTHORIZATION OF APPROPRIATIONS

If any such agency or instrumentality has decided, or thereafter decides, that such a benefit is payable by it, it shall so notify the Secretary of Health, Education, and Welfare, and the Secretary shall certify no further benefits for payment or shall recompute the amount of any further benefits payable, as may be required by this section.

“(4) Any agency or wholly owned instrumentality of the United States which is authorized by any law of the United States to pay benefits, or has a system of benefits which are based, in whole or in part, on any period for which any individual was an internee shall, at the request of the Secretary of Health, Education, and Welfare, certify to him, with respect to any individual who was an internee, such information as the Secretary deems necessary to carry out his functions under paragraph (3) of this subsection.

(d), and (e) as subsections (d), (e), and (f), respectively, and by
inserting after subsection (b) the following new subsection:

“(1) The Secretary shall, during December of 1972 and of each
year thereafter, determine the monthly actuarial rate for enrollees age
65 and over which shall be applicable for the 12-month period com-
mencing July 1 in the succeeding year. Such actuarial rate shall be the
amount the Secretary estimates to be necessary so that the aggregate
amount for such 12-month period with respect to those enrollees age 65
and over will equal one-half of the total of the benefits and administra-
tive costs which he estimates will be payable from the Federal Supple-
mentary Medical Insurance Trust Fund for services performed and
related administrative costs incurred in such 12-month period. In
calculating the monthly actuarial rate, the Secretary shall include an
appropriate amount for a contingency margin.

“(2) The monthly premium of each individual enrolled under this
part for each month after June 1973 shall, except as provided in sub-
section (d), be the amount determined under paragraph (3).

“(3) The Secretary shall, during December of 1972 and of each year
thereafter, determine and promulgate the monthly premium applicable
for the individuals enrolled under this part for the 12-month period
commencing July 1 in the succeeding year. The monthly premium shall
be equal to the smaller of—

“(A) the monthly actuarial rate for enrollees age 65 and over,
determined according to paragraph (1) of this subsection, for that
12-month period, or

“(B) the monthly premium rate most recently promulgated by
the Secretary under this paragraph or, in the case of the deter-
mination made in December 1971, such rate promulgated under
subsection (b)(2) multiplied by the ratio of (i) the amount in
column IV of the table which, by reason of the law in effect at
the time the promulgation is made, will be in effect as of June 1
next following such determination appears (or is deemed to
appear) in section 215(a) on the line which includes the figure ‘750’
in column III of such table to (ii) the amount in column IV of
the table which appeared (or was deemed to appear) in section
215(a) on the line which included the figure ‘750’ in column III
as of June 1 of the year in which such determination is made.

Whenever the Secretary promulgates the dollar amount which shall
be applicable as the monthly premium for any period, he shall, at the
time such promulgation is announced, issue a public statement setting
forth the actuarial assumptions and bases employed by him in arriving
at the amount of an adequate actuarial rate for enrollees age 65 and over as provided in paragraph (1) and the derivation of the dollar amounts specified in this paragraph.

"(4) The Secretary shall also, during December of 1972 and of each year thereafter, determine the monthly actuarial rate for disabled enrollees under age 65 which shall be applicable for the 12-month period commencing July 1 in the succeeding year. Such actuarial rate shall be the amount the Secretary estimates to be necessary so that the aggregate amount for such 12-month period with respect to disabled enrollees under age 65 will equal one-half of the total of the benefits and administrative costs which he estimates will be incurred in the Federal Supplementary Medical Insurance Trust Fund for such 12-month period with respect to such enrollees. In calculating the monthly actuarial rate under this paragraph, the Secretary shall include an appropriate amount for a contingency margin."

"(1) (A) a Government contribution equal to the aggregate premiums payable for a month for enrollees age 65 and over under this part and deposited in the Trust Fund, multiplied by the ratio of—

"(i) twice the dollar amount of the actuarially adequate rate per enrollee age 65 and over as determined under section 1839(c)(1) for such month minus the dollar amount of the premium per enrollee for such month, as determined under section 1839(c)(3), to

"(ii) the dollar amount of the premium per enrollee for such month, plus

"(B) a Government contribution equal to the aggregate premiums payable for a month for enrollees under age 65 under this part and deposited in the Trust Fund, multiplied by the ratio of—

"(i) twice the dollar amount of the actuarially adequate rate per enrollee under age 65 as determined under section 1839(c)(4) for such month minus the dollar amount of the premium per enrollee for such month, as determined under section 1839(c)(3), to

INCENTIVES FOR STATES TO ESTABLISH EFFECTIVE UTILIZATION REVIEW PROCEDURES UNDER MEDICAID

Sec. 207. (a) (1) Section 1903 of the Social Security Act is amended by adding at the end thereof the following new subsections:

"(g)(1) With respect to amounts paid for the following services furnished under the State plan after June 30, 1973 (other than services furnished pursuant to a contract with a health maintenance organization as defined in section 1876), the Federal medical assistance percentage shall be decreased as follows: After an individual has received care as an inpatient in a hospital (including an institution for tuberculosis), skilled nursing home or intermediate care facility on 60 days, or in a hospital for mental diseases on 90 days (whether or not such days are consecutive), during any fiscal year, which for purposes of this section means the four calendar quarters ending with June 30, the Federal medical assistance percentage with respect to amounts paid for any such care furnished thereafter to such individual in the same fiscal year shall be decreased by 33 1/3 per centum thereof unless the State agency responsible for the administration of the plan makes a showing satisfactory to the Secretary that, with respect to each calendar quarter for which the State submits a request for payment at the full Federal medical assistance percentage for amounts paid for inpatient hospital services (including tuberculosis hospitals), skilled nursing home services, or intermediate care facility services furnished beyond 60 days (or inpatient mental hospital services furnished beyond 90 days), there is in operation in the State an effective program of control over utilization of such services; such a showing must include evidence that—

"(A) in each case for which payment is made under the State plan, a physician certifies at the time of admission, or, if later, the time the individual applies for medical assistance under the State plan (and recertifies, where such services are furnished over a period of time, in such cases, at least every 60 days, and accompanied by such supporting material, appropriate to the case involved, as may be provided in regulations of the Secretary), that such services are or were required to be given on an inpatient basis because the individual needs or needed such services; and

"(B) in each such case, such services were furnished under a plan established and periodically reviewed and evaluated by a physician;

"(C) such State has in effect a continuous program of review of utilization pursuant to section 1902(a)(30) whereby the necessity for admission and the continued stay of each patient in such institution is periodically reviewed and evaluated (with such
frequency as may be prescribed in regulations of the Secretary) by medical and other professional personnel who are not themselves directly responsible for the care of the patient and who are not employed by or financially interested in any such institution; and

“(D) such State has an effective program of medical review of the care of patients in mental hospitals, skilled nursing homes, and intermediate care facilities pursuant to section 1902(a) (26) and (31) whereby the professional management of each case is reviewed and evaluated at least annually by independent professional review teams.

In determining the number of days on which an individual has received services described in this subsection, there shall not be counted any days with respect to which such individual is entitled to have payments made (in whole or in part) on his behalf under section 1812.

“(2) The Secretary shall, as part of his validation procedures under this subsection, conduct sample onsite surveys of private and public institutions in which recipients of medical assistance may receive care and services under a State plan approved under this title, and his findings with respect to such surveys (as well as the showings of the State agency required under this subsection) shall be made available for public inspection.

“(h)(1) If the Secretary determines for any calendar quarter beginning after June 30, 1973, with respect to any State that there does not exist a reasonable cost differential between the statewide average cost of skilled nursing home services and the statewide average cost of intermediate care facility services in such State, the Secretary may reduce the amount which would otherwise be considered as expenditures under the State plan by any amount which in his judgment is a reasonable equivalent of the difference between the amount of the expenditures by such State for intermediate care facility services and the amount that would have been expended by such State for such services if there had been a reasonable cost differential between the cost of skilled nursing home services and the cost of intermediate care facility services.

“(2) In determining whether any such cost differential in any State is reasonable the Secretary shall take into consideration the range of such cost differentials in all States.

“(3) For the purposes of this subsection, the term ‘cost differential’ for any State for any quarter means, as determined by the Secretary on the basis of the data for the most recent calendar quarter for which satisfactory data are available, the excess of—

“(A) the average amount paid in such State (regardless of the source of payment) per inpatient day for skilled nursing home services, over

“(B) the average amount paid in such State (regardless of the source of payment) per inpatient day for intermediate care facility services.

“(4) For purposes of this subsection, the term ‘cost’ shall mean amounts reimbursable by the State under a State plan approved under this title.”
SECTION 208. (a) Section 1902(a)(14) of the Social Security Act is amended to read as follows:

"(14) effective January 1, 1973, provide that—

(A) in the case of individuals receiving aid or assistance under a State plan approved under title I, X, XIV, or XVI, or part A of title IV, or who meet the income and resources requirements of the one of such State plans which is appropriate—

(i) no enrollment fee, premium, or similar charge, and no deduction, cost sharing, or similar charge with respect to the care and services listed in clauses (1) through (5) and (7) of section 1905(a), will be imposed under the plan, and

(ii) any deduction, cost sharing, or similar charge imposed under the plan with respect to other care and services will be nominal in amount (as determined in accordance with standards approved by the Secretary and included in the plan), and

(B) with respect to individuals who are not receiving aid or assistance under any such State plan and who do not meet the income and resources requirements of the one of such State plans which is appropriate or who, after December 31, 1973, are included under the State plan for medical assistance pursuant to section 1902(a)(10)(B) approved under title XIX—

(i) there shall be imposed an enrollment fee, premium, or similar charge which (as determined in accordance with standards prescribed by the Secretary) is related to the individual's income, and

(ii) any deductible, cost-sharing, or similar charge imposed under the plan will be nominal;".

(b) The amendment made by subsection (a) shall be effective January 1, 1973 (or earlier if the State plan so provided).

SECTION 209. (a) Section 1902 of the Social Security Act is amended by adding at the end thereof the following new subsection:

"(e) Notwithstanding any other provision of this title, effective January 1, 1974, each State plan approved under this title must provide that each family which was eligible for assistance pursuant to part A of title IV in at least 3 of the 6 months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment, shall, while a member of such family is employed, remain eligible for such assistance for 4 calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of the income and resources limitations contained in such plan."

(b) (1) Section 1902 of the Social Security Act, as amended by this section, is further amended by adding at the end thereof the following new subsection:

"(f) Notwithstanding any other provision of this title, except as provided in subsection (e), no State shall be required to provide medical assistance to any aged, blind, or disabled individual (within the meaning of title XVI) for any month unless such State would be (or would have been) required to provide medical assistance to such individual for such month had its plan for medical assistance approved under this title and in effect on January 1, 1972, been in effect in such
month, except that for this purpose any such individual shall be deemed eligible for medical assistance under such State plan if (in addition to meeting such other requirements as are or may be imposed under the State plan) the income of any such individual as determined in accordance with section 1903(f) (after deducting such individual's payment under title XVI, and incurred expenses for medical care as defined in section 213 of the Internal Revenue Code of 1954) is not in excess of the standard for medical assistance established under the State plan as in effect on January 1, 1972."

(2) The amendment made by this subsection shall become effective on January 1, 1974.

"(2) the Government or such plan will make available to such Federal employee or annuitant a contribution in an amount at least equal to the contribution which the Government makes toward the health insurance of any employee or annuitant enrolled for high option coverage under the Government-wide plans established under chapter 89 of such title 5, with such contribution being in the form of (A) a contribution toward the supplementary protection referred to in paragraph (1), (B) a payment to or on behalf of such employee or annuitant to offset the cost to him of his coverage under this title, or (C) a combination of such contribution and such payment."

such previous sentence, legally authorized to practice such art in the
country in which the inpatient hospital services (referred to in such
section 1862(a)(4)) are furnished.”

(3) Section 1842(b)(3)(B)(ii) of such Act is amended by striking
out “service;” and inserting in lieu thereof the following: “service

furnished as described in section 1862(a)(4), other than for purposes
of section 1870(f));”.

(4) Section 1833(a)(1) of such Act is amended by striking out
“and” before “(B),” and by inserting before the semicolon at the end
thereof the following: “and (C) with respect to expenses incurred for
those physicians’ services for which payment may be made under this
part that are described in section 1862(a)(4), the amounts paid shall

shall be reimbursed whether furnished by a physician or an
optometrist.”

(b) The provisions of subsection (e) of section 1905 of the Social

### Limitation on Liability of Beneficiary Where Medicare Claims
Are Disallowed

Sec. 213. (a) Title XVIII of the Social Security Act, as amended
by sections 220, 242, and 243 of this Act, is further amended by adding
at the end thereof the following new section:
"LIMITATION ON LIABILITY OF BENEFICIARY WHERE MEDICARE CLAIMS ARE DISALLOWED

"Sec. 1879. (a) Where—

"(1) a determination is made that, by reason of section 1862 (a) (1) or (9), payment may not be made under part A or part B of this title for any expenses incurred for items or services furnished an individual by a provider of services or by another person pursuant to an assignment under section 1842(b) (3) (B) (ii), and

"(2) both such individual and such provider of services or such other person, as the case may be, did not know, and could not reasonably have been expected to know, that payment would not be made for such items or services under such part A or part B, then to the extent permitted by this title, payment shall, notwithstanding such determination, be made for such items or services (and for such period of time as the Secretary finds will carry out the objectives of this title), as though section 1862 (a) (1) and section 1862 (a) (9) did not apply. In each such case the Secretary shall notify both such individual and such provider of services or such other person, as the case may be, of the conditions under which payment for such items or services was made and in the case of comparable situations arising thereafter with respect to such individual or such provider or such other person, each shall, by reason of such notice (or similar notices provided before the enactment of this section), be deemed to have knowledge that payment cannot be made for such items or services or reasonably comparable items or services.

"(b) In any case in which the provisions of paragraphs (1) and (2) of subsection (a) are met, except that such provider or such other person, as the case may be, knew, or could be expected to know, that payment for such services or items could not be made under such part A or part B, then the Secretary shall, upon proper application filed within such time as may be prescribed in regulations, indemnify the individual (referred to in such paragraphs), subject to the deductible and coinsurance provisions of this title, for any payments received from such individual by such provider or such other person, as the case may be, for such items or services. Any payments made by the Secretary as indemnification shall be deemed to have been made to such provider or such other person, as the case may be, and shall be treated as overpayments, recoverable from such provider or such other person, as the case may be, under applicable provisions of law. In each such case the Secretary shall notify such individual of the conditions under which indemnification is made and in the case of comparable situations arising thereafter with respect to such individual, he shall, by reason of such notice (or similar notices provided before the enactment of this section), be deemed to have knowledge that payment cannot be made for such items or services.

"(c) No payments shall be made under this title in any cases in which the provisions of paragraph (1) of subsection (a) are met, but both the individual to whom the items or services were furnished and the provider of service or other person, as the case may be, who furnished the items or services knew, or could reasonably have been expected to know, that payment could not be made for items or services under part A or part B by reason of section 1862 (a) (1) or (a) (9).

"(d) In any case arising under subsection (b) (but without regard to whether payments have been made by the individual to the provider or other person) or subsection (c), the provider or other person shall have the same rights that an individual has under section 1869(b) (when the determination is under part A) or section 1842(b) (3) (C)
(when the determination is under part B) when the amount of benefit or payments is in controversy, except that such rights may, under prescribed regulations, be exercised by such provider or other person only after the Secretary determines that the individual will not exercise such rights under such sections."

(b) The amendments made by this section shall be effective with respect to claims under part A or part B of title XVIII of the Social Security Act, filed with respect to items or services furnished after the date of the enactment of this Act.

LIMITATION ON FEDERAL PARTICIPATION FOR CAPITAL EXPENDITURES

SEC. 221. (a) Title XI of the Social Security Act is amended by adding at the end thereof the following new section:

"LIMITATION ON FEDERAL PARTICIPATION FOR CAPITAL EXPENDITURES

SEC. 1122. (a) The purpose of this section is to assure that Federal funds appropriated under titles V, XVIII, and XIX are not used to support unnecessary capital expenditures made by or on behalf of health care facilities or health maintenance organizations which are reimbursed under any of such titles and that, to the extent possible, reimbursement under such titles shall support planning activities with respect to health services and facilities in the various States.

(b) The Secretary, after consultation with the Governor (or other chief executive officer) and with appropriate local public officials, shall make an agreement with any State which is able and willing to do so under which a designated planning agency (which shall be an agency described in clause (ii) of subsection (d) (1) (B) that has a governing body or advisory board at least half of whose members represent consumer interests) will—

"(1) make, and submit to the Secretary together with such supporting materials as he may find necessary, findings and recommendations with respect to capital expenditures proposed by or on behalf of any health care facility or health maintenance organization in such State within the field of its responsibilities.

(2) receive from other agencies described in clause (ii) of subsection (d) (1) (B), and submit to the Secretary together with such supporting material as he may find necessary, the findings and recommendations of such other agencies with respect to capital expenditures proposed by or on behalf of health care facilities or health maintenance organizations in such State within the fields of their respective responsibilities, and

(3) establish and maintain procedures pursuant to which a person proposing any such capital expenditure may appeal a recommendation by the designated agency and will be granted an opportunity for a fair hearing by such agency or person other than the designated agency as the Governor (or other chief executive officer) may designate to hold such hearings, whenever and to the extent that the findings of such designated agency or any such other agency indicate that any such expenditure is not consistent with the standards, criteria, or plans developed pursuant to the Public Health Service Act (or the Mental Retardation Facilities and Community Mental Health Centers Construction Act of 1963) to meet the need for adequate health care facilities in the area covered by the plan or plans so developed.

(c) The Secretary shall pay any such State from the Federal Hospital Insurance Trust Fund, in advance or by way of reimbursement as may be provided in the agreement with it (and may make
adjustments in such payments on account of overpayments or underpayments previously made), for the reasonable cost of performing the functions specified in subsection (b).

"(d)(1) Except as provided in paragraph (2), if the Secretary determines that—

"(A) neither the planning agency designated in the agreement described in subsection (b) nor an agency described in clause (ii) of subparagraph (B) of this paragraph had been given notice of any proposed capital expenditure (in accordance with such procedure or in such detail as may be required by such agency) at least 60 days prior to obligation for such expenditure; or

"(B)(i) the planning agency so designated or an agency so described had received such timely notice of the intention to make such capital expenditure and had, within a reasonable period after receiving such notice and prior to obligation for such expenditure, notified the person proposing such expenditure that the expenditure would not be in conformity with the standards, criteria, or plans developed by such agency or any other agency described in clause (ii) for adequate health care facilities in such State or in the area for which such other agency has responsibility, and

"(ii) the planning agency so designated had, prior to submitting to the Secretary the findings referred to in subsection (b)—

"(I) consulted with, and taken into consideration the findings and recommendations of, the State planning agencies established pursuant to sections 314(a) and 604(a) of the Public Health Service Act (to the extent that either such agency is not the agency so designated) as well as the public or nonprofit private agency or organization responsible for the comprehensive regional, metropolitan area, or other local area plan or plans referred to in section 314(b) of the Public Health Service Act and covering the area in which the health care facility or health maintenance organization proposing such capital expenditure is located (where such agency is not the agency designated in the agreement), or, if there is no such agency, such other public or nonprofit private agency or organization (if any) as performs, as determined in accordance with criteria included in regulations, similar functions, and

"(II) granted to the person proposing such capital expenditure an opportunity for a fair hearing with respect to such findings;

then, for such period as he finds necessary in any case to effectuate the purpose of this section, he shall, in determining the Federal payments to be made under titles V, XVIII, and XIX with respect to services furnished in the health care facility for which such capital expenditure is made, not include any amount which is attributable to depreciation, interest on borrowed funds, a return on equity capital (in the case of proprietary facilities), or other expenses related to such capital expenditure. With respect to any organization which is reimbursed on a per capita basis, in determining the Federal payments to be made under titles V, XVIII, and XIX, the Secretary shall exclude an amount which in his judgment is a reasonable equivalent to the amount which would otherwise be excluded under this subsection if payment were to be made on other than a per capita basis.

"(2) If the Secretary, after submitting the matters involved to the advisory council established or designated under subsection (i), determines that an exclusion of expenses related to any capital expenditure of any health care facility or health maintenance organization would discourage the operation or expansion of such facility

42 USC 246, 1391, 1391.
or organization, or of any facility of such organization, which has demonstrated to his satisfaction proof of capability to provide comprehensive health care services (including institutional services) efficiently, effectively, and economically, or would otherwise be inconsistent with the effective organization and delivery of health services or the effective administration of title V, XVIII, or XIX, he shall not include such expenses pursuant to paragraph (1).

"(e) Where a person obtains under lease or comparable arrangement any facility or part thereof, or equipment for a facility, which would have been subject to an exclusion under subsection (d) if the person had acquired it by purchase, the Secretary shall (1) in computing such person's rental expense in determining the Federal payments to be made under titles V, XVIII, and XIX with respect to services furnished in such facility, deduct the amount which in his judgment is a reasonable equivalent of the amount that would have been excluded if the person had acquired such facility or such equipment by purchase, and (2) in computing such person's return on equity capital deduct any amount deposited under the terms of the lease or comparable arrangement.

"(f) Any person dissatisfied with a determination by the Secretary under this section may within six months following notification of such determination request the Secretary to reconsider such determination. A determination by the Secretary under this section shall not be subject to administrative or judicial review.

"(g) For the purposes of this section, a 'capital expenditure' is an expenditure which, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance and which (1) exceeds $100,000, (2) changes the bed capacity of the facility with respect to which such expenditure is made, or (3) substantially changes the services of the facility with respect to which such expenditure is made. For purposes of clause (1) of the preceding sentence, the cost of the studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of the plant and equipment with respect to which such expenditure is made shall be included in determining whether such expenditure exceeds $100,000.

"(h) The provisions of this section shall not apply to Christian Science sanatoriums operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts.

"(i)(1) The Secretary shall establish a national advisory council, or designate an appropriate existing national advisory council, to advise and assist him in the preparation of general regulations to carry out the purposes of this section and on policy matters arising in the administration of this section, including the coordination of activities under this section with those under other parts of this Act or under other Federal or federally assisted health programs.

"(2) The Secretary shall make appropriate provision for consultation between and coordination of the work of the advisory council established or designated under paragraph (1) and the Federal Hospital Council, the National Advisory Health Council, the Health Insurance Benefits Advisory Council, and other appropriate national advisory councils with respect to matters bearing on the purposes and administration of this section and the coordination of activities under this section with related Federal health programs.

"(3) If an advisory council is established by the Secretary under paragraph (1), it shall be composed of members who are not otherwise in the regular full-time employ of the United States, and who shall be appointed by the Secretary without regard to the civil service laws from among leaders in the fields of the fundamental sciences, the med-
ical sciences, and the organization, delivery, and financing of health care, and persons who are State or local officials or are active in community affairs or public or civic affairs or who are representative of minority groups. Members of such advisory council, while attending meetings of the council or otherwise serving on business of the council, shall be entitled to receive compensation at rates fixed by the Secretary, but not exceeding the maximum rate specified at the time of such service for grade GS-18 in section 5332 of title 5, United States Code, including traveltime, and while away from their homes or regular places of business they may also be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703(b) of such title 5 for persons in the Government service employed intermittently.

(b) The amendment made by subsection (a) shall apply only with respect to a capital expenditure the obligation for which is incurred by or on behalf of a health care facility or health maintenance organization subsequent to whichever of the following is earlier: (A) December 31, 1972, or (B) with respect to any State or any part thereof specified by such State, the last day of the calendar quarter in which the State requests that the amendment made by subsection (a) of this section apply in such State or such part thereof.

(c) (1) Section 505(a)(6) of such Act (as amended by section 232(b) of this Act) is further amended by inserting "consistent with section 1122," after "standards" where it first appears.

(2) Section 506 of such Act (as amended by sections 224(d), 229(d), 233(d), and 237(b) of this Act) is further amended by adding at the end thereof the following new subsection:

"(g) For limitation on Federal participation for capital expenditures which are out of conformity with a comprehensive plan of a State or area wide planning agency, see section 1122.

(3) Clause (2) of the second sentence of section 509(a) of such Act is amended by inserting "consistent with section 1122," after "standards".

(4) Section 1861(v) of such Act is amended by adding at the end thereof the following new paragraph:

"(5) For limitation on Federal participation for capital expenditures which are out of conformity with a comprehensive plan of a State or area wide planning agency, see section 1122."
DEMONSTRATIONS AND REPORTS; PROSPECTIVE REIMBURSEMENT; EXTENDED CARE; INTERMEDIATE CARE AND HOMEMAKER SERVICES; AMBULATORY SURGICAL CENTERS; PHYSICIANS' Assistants; PERFORMANCE INCENTIVE CONTRACTS

Sec. 222. (a) (1) The Secretary of Health, Education, and Welfare, directly or through contracts with, or grants to, public or private agencies or organizations, shall develop and carry out experiments and demonstration projects designed to determine the relative advantages and disadvantages of various alternative methods of making payment on a prospective basis to hospitals, skilled nursing facilities, and other providers of services for care and services provided by them under title XVIII of the Social Security Act and under State plans approved under titles XIX and V of such Act, including alternative methods for classifying providers, for establishing prospective rates of payment, and for implementing on a gradual, selective, or other basis the establishment of a prospective payment system, in order to stimulate such providers through positive (or negative) financial incentives to use their facilities and personnel more efficiently and thereby to reduce the total costs of the health programs involved without adversely affecting the quality of services by containing or lowering the rate of increase in provider costs that has been and is being experienced under the existing system of retroactive cost reimbursement.

(2) The experiments and demonstration projects developed under paragraph (1) shall be of sufficient scope and shall be carried out on a wide enough scale to permit a thorough evaluation of the alternative methods of prospective payment under consideration while giving assurance that the results derived from the experiments and projects will obtain generally in the operation of the programs involved (without committing such programs to the adoption of any prospective payment system either locally or nationally).

(3) In the case of any experiment or demonstration project under paragraph (1), the Secretary may waive compliance with the requirements of titles XVIII, XIX, and V of the Social Security Act insofar as such requirements relate to methods of payment for services provided; and costs incurred in such experiment or project in excess of those which would otherwise be reimbursed or paid under such titles may be reimbursed or paid to the extent that such waiver applies to them (with such excess being borne by the Secretary). No experiment or demonstration project shall be developed or carried out under paragraph (1) until the Secretary obtains the advice and recommendations of specialists who are competent to evaluate the proposed experiment or project as to the soundness of its objectives, the possibilities of securing productive results, the adequacy of resources to conduct it, and its relationship to other similar experiments or projects already completed or in process; and no such experiment or project shall be actually placed in operation unless at least 30 days prior thereto a written report, prepared for purposes of notification and information only, containing a full and complete description thereof has been transmitted to the Committee on Ways and Means of the House of Representatives and to the Committee on Finance of the Senate.

(4) Grants, payments under contracts, and other expenditures made for experiments and demonstration projects under this subsection shall be made in appropriate part from the Federal Hospital Insurance Trust Fund (established by section 1817 of the Social Security Act) and the Federal Supplementary Medical Insurance Trust Fund (established by section 1841 of the Social Security Act) and from funds appropriated under titles V and XIX of such Act. Grants and payments under contracts may be made either in advance or by way of
reimbursement, as may be determined by the Secretary, and shall be
made in such installments and on such conditions as the Secretary
finds necessary to carry out the purpose of this subsection. With
respect to any such grant, payment, or other expenditure, the amount to
be paid from each of such trust funds (and from funds appropriated
under such titles V and XIX) shall be determined by the Secretary,
giving due regard to the purposes of the experiment or project
involved.

(5) The Secretary shall submit to the Congress no later than July
1, 1974, a full report on the experiments and demonstration projects
carried out under this subsection and on the experience of other pro-
gress.

grams with respect to prospective reimbursement together with any
related data and materials which he may consider appropriate. Such
report shall include detailed recommendations with respect to the
specific methods which could be used in the full implementation of a
system of prospective payment to providers of services under the pro-
grants to public or nonprofit

grams involved.

(b) (1) Section 402 (a) of the Social Security Amendments of 1967
is amended to read as follows:

“(a) (1) The Secretary of Health, Education, and Welfare is
authorized, either directly or through grants to public or nonprofit
private agencies, institutions, and organizations or contracts with
public or private agencies, institutions, and organizations, to develop
and engage in experiments and demonstration projects for the follow-

ing purposes:

“(A) to determine whether, and if so which, changes in methods
of payment or reimbursement (other than those dealt with in
section 222(a) of the Social Security Amendments of 1972) for
health care and services under health programs established by the
Social Security Act, including a change to methods based on
negotiated rates, would have the effect of increasing the efficiency
and economy of health services under such programs through the
creation of additional incentives to these ends without adversely
affecting the quality of such services;

“(B) to determine whether payments for services other than
those for which payment may be made under such programs (and
which are incidental to services for which payment may be made
under such programs) would, in the judgment of the Secretary,
result in more economical provision and more effective utilization
of services for which payment may be made under such program,
where such services are furnished by organizations and institu-
tions which have the capability of providing—

“(i) comprehensive health care services,

“(ii) mental health care services (as defined by section
401(c) of the Mental Retardation Facilities and Community
Health Centers Construction Act of 1963),

“(iii) ambulatory health care services (including surgical
services provided on an outpatient basis), or

“(iv) institutional services which may substitute, at lower
cost, for hospital care;

“(C) to determine whether the rates of payment or reimburse-
ment for health care services, approved by a State for purposes
of the administration of one or more of its laws, when utilized to
determine the amount to be paid for services furnished in such
State under the health programs established by the Social Secu-

the teaching activities and patient care which residents, interns, and supervising physicians render in connection with a graduate medical education program in a patient facility would result in more equitable and economical patient care arrangements without adversely affecting the quality of such care;

"(E) to determine whether coverage of intermediate care facility services and homemaker services would provide suitable alternatives to posthospital benefits presently provided under title XVIII of the Social Security Act; such experiment and demonstration projects may include:

"(i) counting each day of care in an intermediate care facility as one day of care in a skilled nursing facility, if such care was for a condition for which the individual was hospitalized,

"(ii) covering the services of homemakers for a maximum of 21 days, if institutional services are not medically appropriate,

"(iii) determining whether such coverage would reduce long-range costs by reducing the lengths of stay in hospitals and skilled nursing facilities, and

"(iv) establishing alternative eligibility requirements and determining the probable cost of applying each alternative, if the project suggests that such extension of coverage would be desirable;

"(F) to determine whether, and if so which type of, fixed price or performance incentive contract would have the effect of inducing to the greatest degree effective, efficient, and economical performance of agencies and organizations making payment under agreements or contracts with the Secretary for health care and services under health programs established by the Social Security Act;

"(G) to determine under what circumstances payment for services would be appropriate and the most appropriate, equitable, and noninflationary methods and amounts of reimbursement under health care programs established by the Social Security Act for services, which are performed independently by an assistant to a physician, including a nurse practitioner (whether or not performed in the office of or at a place at which such physician is physically present), and—

"(i) which such assistant is legally authorized to perform by the State or political subdivision wherein such services are performed, and

"(ii) for which such physician assumes full legal and ethical responsibility as to the necessity, propriety, and quality thereof;

"(H) to establish an experimental program to provide day-care services, which consist of such personal care, supervision, and services as the Secretary shall by regulation prescribe, for individuals eligible to enroll in the supplemental medical insurance program established under part B of title XVIII and title XIX of the Social Security Act, in day-care centers which meet such standards as the Secretary shall by regulation establish; and

"(I) to determine whether the services of clinical psychologists may be made more generally available to persons eligible for services under titles XVIII and XIX of this Act in a manner consistent with quality of care and equitable and efficient administration.
For purposes of this subsection, ‘health programs established by the Social Security Act’ means the program established by title XVIII of such Act, a program established by a plan of a State approved under title XIX of such Act, and a program established by a plan of a State approved under title V of such Act.

“(2) Grants, payments under contracts, and other expenditures made for experiments and demonstration projects under paragraph (1) shall be made in appropriate part from the Federal Hospital Insurance Trust Fund (established by section 1817 of the Social Security Act) and the Federal Supplementary Medical Insurance Trust Fund (established by section 1841 of the Social Security Act) and from funds appropriated under titles V and XIX of such Act. Grants and payments under contracts may be made either in advance or by way of reimbursement, as may be determined by the Secretary, and shall be made in such installments and on such conditions as the Secretary finds necessary to carry out the purpose of this section. With respect to any such grant, payment, or other expenditure, the amount to be paid from each of such trust funds (and from funds appropriated under such titles V and XIX) shall be determined by the Secretary, giving due regard to the purposes of the experiment or project involved.”

(2) Section 402 (b) of such amendments is amended—

(A) by striking out “experiment” each time it appears and inserting in lieu thereof “experiment or demonstration project”;

(B) by striking out “experiments” and inserting in lieu thereof “experiments and projects”; and

(C) by striking out “reasonable charge” and inserting in lieu thereof “reasonable charge, or to reimbursement or payment only for such services or items as may be specified in the experiment”.

(c) Section 1875 (b) of the Social Security Act is amended—

(1) by striking out “experimentation” and inserting in lieu thereof “experiments and demonstration projects”, and

(2) by inserting “and the experiments and demonstration projects authorized by section 222 (a) of the Social Security Amendments of 1972” after “1967”.

SEC. 223. (a) The first sentence of section 1861 (v) (1) of the Social Security Act is amended by inserting immediately before “determined” where it first appears the following: “the cost actually incurred, excluding therefrom any part of incurred cost found to be unnecessary in the efficient delivery of needed health services, and shall be”.

(b) The third sentence of section 1861 (v) (1) of such Act is amended by striking out the comma after “services,” where it last appears and inserting in lieu thereof the following: “may provide for the establishment of limits on the direct or indirect overall incurred costs or incurred costs of specific items or services or groups of items or services to be recognized as reasonable based on estimates of the costs necessary in the efficient delivery of needed health services to individuals covered by the insurance programs established under this title.”

(c) The fourth sentence of section 1861 (v) (1) of such Act is amended by inserting after “services” when it first appears the following: “(excluding therefrom any such costs, including standby costs, which are determined in accordance with regulations to be unnecessary in the efficient delivery of services covered by the insurance programs established under this title)”.

42 USC 1395x.
(d) The fourth sentence of section 1861(v) (1) of such Act is further amended by striking out "costs with respect" where it first appears and inserting in lieu thereof the following: "necessary costs of efficiently delivering covered services".

(e) Section 1866(a) (2) (B) of such Act is amended (1) by inserting "(i)" after "(B)"; and (2) by adding at the end thereof the following new clause:

"(ii) Where a provider of services customarily furnishes an individual items or services which are more expensive than the items or services determined to be necessary in the efficient delivery of needed health services under this title and which have not been requested by such individual, such provider may (except with respect to emergency services) charge such individual or other person for such more expensive items or services to the extent that the costs of (or, if less, the customary charges for) such more expensive items or services experienced by such provider in the second fiscal period immediately preceding the fiscal period in which such charges are imposed exceed the cost of such items or services determined to be necessary in the efficient delivery of needed health services, but only if—

"(I) the Secretary has provided notice to the public of any charges being imposed on individuals entitled to benefits under this title on account of costs in excess of the costs determined to be necessary in the efficient delivery of needed health services under this title by particular providers of services in the area in which such items or services are furnished, and

"(II) the provider of services has identified such charges to such individual or other person, in such manner as the Secretary may prescribe, as charges to meet costs in excess of the cost determined to be necessary in the efficient delivery of needed health services under this title."

(f) Section 1861(v) of such Act (as amended by section 221(c) (4) of this Act) is further amended by redesignating paragraphs (4) and (5) as paragraphs (5) and (6), respectively, and by inserting after paragraph (3) the following new paragraph:

"(4) If a provider of services furnishes items or services to an individual which are in excess of or more expensive than the items or services determined to be necessary in the efficient delivery of needed health services and charges are imposed for such more expensive items or services under the authority granted in section 1866 (a) (2) (B)(ii), the amount of payment with respect to such items or services otherwise due such provider in any fiscal period shall be reduced to the extent that such payment plus such charges exceed the cost actually incurred for such items or services in the fiscal period in which such charges are imposed."

(g) (1) Section 1866(a) (2) of such Act is amended by inserting after subparagraph (C) the following new subparagraph:

"(D) Where a provider of services customarily furnishes items or services which are in excess of or more expensive than the items or services with respect to which payment may be made under this title, such provider, notwithstanding the preceding provisions of this paragraph, may not, under the authority of section 1866 (a) (2) (B)(ii), charge any individual or other person any amount for such items or services in excess of the amount of the payment which may otherwise be made for such items or services under this title if the admitting physician has a direct or indirect financial interest in such provider."

(2) The last paragraph of section 1866(a) (2) is amended by striking out "clause (iii) of the preceding sentence" and inserting in lieu thereof "subparagraph (C)".

(h) The amendments made by this section shall be effective with respect to accounting periods beginning after December 31, 1972.
SEC. 224. (a) Section 1842(b)(3) of the Social Security Act is amended by adding at the end thereof the following new sentences:

"No charge may be determined to be reasonable in the case of bills submitted or requests for payment made under this part after December 31, 1970, if it exceeds the higher of (i) the prevailing charge recognized by the carrier and found acceptable by the Secretary for similar services in the same locality in administering this part on December 31, 1970, or (ii) the prevailing charge level that, on the basis of statistical data and methodology acceptable to the Secretary, would cover 75 percent of the customary charges made for similar services in the same locality during the last preceding calendar year elapsing prior to the start of the fiscal year in which the bill is submitted or the request for payment is made. In the case of physician services the prevailing charge level determined for purposes of clause (ii) of the preceding sentence for any fiscal year beginning after June 30, 1973, may not exceed (in the aggregate) the level determined under such clause for the fiscal year ending June 30, 1973, except to the extent that the Secretary finds, on the basis of appropriate economic index data, that such higher level is justified by economic changes. In the case of medical services, supplies, and equipment (including equipment servicing) that, in the judgment of the Secretary, do not generally vary significantly in quality from one supplier to another, the charges incurred after December 31, 1972, determined to be reasonable may not exceed the lowest charge levels at which such services, supplies, and equipment are widely and consistently available in a locality except to the extent and under the circumstances specified by the Secretary."

(b) The Health Insurance Benefits Advisory Council established under section 1867 of the Social Security Act shall conduct a study of the methods of reimbursement for physicians' services under Medicare for the purpose of evaluating their effects on (1) physicians' fees generally; (2) the extent of assignments accepted by physicians, and (3) the share of total physician-fee costs which the Medicare program does not pay and which the beneficiary must assume. The Council shall report the results of such study to the Congress no later than January 1, 1973, together with a presentation of alternatives to the present methods and its recommendations as to the preferred method.

(c) Section 1903 of such Act is amended by adding at the end thereof (after the new subsections added by section 207(a) (1) of this Act) the following new subsection:

"(i) Payment, under the preceding provisions of this section shall not be made with respect to any amount paid for items or services furnished under the plan after December 31, 1972, to the extent that such amount exceeds the charge which would be determined to be reasonable for such items or services under the third, fourth, and fifth sentences of section 1842(b)(3)."

(d) Section 506 of such Act is amended by adding at the end thereof the following new subsection:

"(f) Notwithstanding the preceding provisions of this section, no payment shall be made to any State thereunder with respect to any amount paid for items or services furnished under the plan after December 31, 1972, to the extent that such amount exceeds the charge which would be determined to be reasonable for such items or services under the third, fourth, and fifth sentences of section 1842(b)(3)."
LIMITS ON PAYMENT FOR SKILLED NURSING HOME AND INTERMEDIATE CARE FACILITY SERVICES

Sec. 225. Section 1903 of the Social Security Act is amended by adding at the end thereof (after the new subsection added by section 224(c) of this Act) the following new subsection:

"(j) Notwithstanding the preceding provisions of this section—

"(1) in determining the amount payable to any State with respect to expenditures for skilled nursing home services furnished in any calendar quarter beginning after December 31, 1972, there shall not be included as expenditures under the State plan any amount in excess of the product of (A) the number of inpatient days of skilled nursing home services provided under the State plan in such quarter, and (B) 105 per centum of the average per diem cost of such services for the fourth calendar quarter preceding such calendar quarter; and

"(2) in determining the amount payable to any State with respect to expenditures for intermediate care facility services furnished in any calendar quarter beginning after December 31, 1972, there shall not be included as expenditures under the State plan any amount in excess of the product of (A) the number of inpatient days of intermediate care facility services provided in such quarter under each of the plans of such State approved under titles I, X, XIV, XVI, and XIX, and (B) 105 per centum of the average per diem cost of such services for the fourth calendar quarter preceding such calendar quarter.

For purposes of determining the amount payable to any State with respect to any quarter under paragraphs (1) and (2), the Secretary may by regulation increase the percentage specified in clause (B) of each such paragraph to the extent necessary to take account of increases in per diem costs which result directly from increases in the Federal minimum wage, or which otherwise result directly from cost increases which the Secretary determines are attributable to the upgrading of services and facilities required by this Act or from provisions of Federal law enacted (or amendments to Federal law made) after the date of the enactment of the Social Security Amendments of 1972."

PAYMENTS TO HEALTH MAINTENANCE ORGANIZATIONS

Sec. 226. (a) Title XVIII of the Social Security Act is amended by adding at the end thereof the following new section:

"PAYMENTS TO HEALTH MAINTENANCE ORGANIZATIONS

Sec. 1876. (a) (1) In lieu of amounts which would otherwise be payable pursuant to sections 1814(b) and 1833(a), the Secretary is authorized to determine, by actuarial methods, as provided in this section, but only with respect to a health maintenance organization with which he has entered into a contract under subsection (i), a per capita rate of payment—

"(A) for services provided under parts A and B for individuals enrolled with such organization pursuant to subsection (e) who are entitled to hospital insurance benefits under part A and enrolled for medical insurance benefits under part B, and

"(B) for services provided under part B for individuals enrolled with such organization pursuant to subsection (e) who are not entitled to benefits under part A but who are enrolled for benefits under part B."
“(2) An interim per capita rate of payment for each health
maintenance organization shall be determined annually by the
Secretary on the basis of each organization’s annual operating budget
and enrollment forecast which shall be submitted (in such form and
in such detail as the Secretary may prescribe) at least 90 days before
the beginning of each contract year. Each interim rate shall be equal
to the estimated per capita cost (based upon types and components
of expenses otherwise reimbursable under this title) of providing
services defined in paragraph (3)(A)(iii). In the event that the data
requested to be furnished by a health maintenance organization are
not furnished timely, such reduction in interim payments may be
made by the Secretary as is appropriate, until such time as a reasonable
estimate of per capita costs can be made. Each month, the Secretary
shall pay each such organization its interim per capita rate, in advance,
for each individual enrolled with it pursuant to subsection (e).
Each such organization shall submit interim estimated cost reports
and enrollment data on a quarterly basis in such form and manner
satisfactory to the Secretary, and the Secretary shall adjust each
interim per capita rate to the extent necessary to maintain interim
payments at the level of current costs. Interim payments made under
this paragraph shall be subject to retroactive adjustment at the end
of each contract year as provided in paragraph (3).
“(3)(A) With respect to any health maintenance organization
which has entered into a risk sharing contract with the Secretary pur-
suant to subsection (i)(2)(A), payments made to such organization
shall be subject to the following adjustments at the end of each contract
year:
“(i) if the Secretary determines that the per capita incurred
cost of any such organization in any contract year for providing
services described in paragraph (1) is less than the adjusted aver-
age per capita incurred cost (as defined herein) of providing
such services, the resulting difference (hereinafter referred to as
‘savings’) shall be apportioned following the close of a contract
year for such year between such organization and the Federal
Hospital Insurance Trust Fund and the Federal Supplementary
Medical Insurance Trust Fund (hereinafter collectively referred
to as the ‘Medicare Trust Funds’) as follows:
“(I) savings up to 20 percent of the adjusted average per
capita cost shall be apportioned equally between such organi-
zation and the Medicare Trust Funds;
“(II) savings in excess of 20 percent of the adjusted aver-
age per capita cost shall be apportioned entirely to such Trust
Funds;
“(ii) if the Secretary determines that the per capita incurred
cost of any such organization in any contract year for providing
services described in paragraph (1) is greater than the adjusted
average per capita incurred cost of providing such services, the
resulting difference (hereinafter referred to as ‘losses’), shall be
absorbed by such organization, and shall be carried forward and
offset from savings realized in later years, with the apportion-
ment of savings being proportional to the losses absorbed and
not yet offset;
“(iii) determination of any amounts payable at the close of the
contract year to such organization or to the Trust Funds shall be
made as follows:
“(I) within 90 days after close of a contract year, interim
determination of the amount of estimated savings and appor-
tionment thereof shall be made, actuarially, on the basis of
interim reports of costs incurred by an organization, and
adjusted average per capita costs incurred (as defined herein), and other evidence acceptable to the Secretary and one-half of any amounts deemed payable to such organization or the Trust Funds shall be paid by such organization or the Secretary as appropriate;

"(II) final settlement and payment by the Secretary or organization, as appropriate, of any additional amounts due on basis of such final settlement will be made where adequate data for actuarial computation are available, in timely fashion following submission by such organization of reports specified in subparagraph (C) of this paragraph; and

"(III) where such final settlement is reached more than 90 days following submission of reports specified in subparagraph (C) of this paragraph, any amount payable by the Secretary or organization shall be increased by an interest amount, accruing from the 91st day following submission of such report, equal to the average rate of interest payable on Federal obligations if issued on such 91st day for purchase by the Trust Funds.

"(iv) The term ‘adjusted average per capita cost’ means the average per capita amount that the Secretary determines (on the basis of actual experience, or retrospective actuarial equivalent based upon an adequate sample and other information and data, in the geographic area served by a health maintenance organization or in a similar area, with appropriate adjustment to assure actuarial equivalence, including adjustments relating to age distribution, sex, race, institutional status, disability status, and any other relevant factors) would be payable in any contract year for services covered under this title and types of expenses otherwise reimbursable under this title (including administrative costs incurred by organizations described in sections 1816 and 1842) if such services were to be furnished by other than such health maintenance organization.

"(B) With respect to any health maintenance organization which has entered into a reasonable cost reimbursement contract with the Secretary pursuant to subsection (i) (2)(B), payments made to such organization shall be subject to suitable retroactive corrective adjustments at the end of each contract year so as to assure that such organization is paid for the reasonable cost actually incurred (excluding therefrom any part of incurred cost found to be unnecessary in the efficient delivery of health services) for the types of expenses otherwise reimbursable under this title for providing services covered under this title to individuals described in paragraph (1).

"(C) Any contract with a health maintenance organization under this title shall provide that the Secretary shall require, at such time following the expiration of each accounting period of a health maintenance organization (and in such form and in such detail) as he may prescribe:

"(i) that such health maintenance organization report to him in an independently certified financial statement its per capita incurred cost based on the types and components of expenses otherwise reimbursable under this title for providing services described in paragraph (1), including therein, in accordance with accounting procedures prescribed by the Secretary, its methods of allocating costs between individuals enrolled under this section and other individuals enrolled with such organization;

"(ii) that failure to report such information as may be required may be deemed to constitute evidence of likely overpayment on the basis of which appropriate collection action may be taken;
“(iii) that in any case in which a health maintenance organization is related to another organization by common ownership or control, a consolidated financial statement shall be filed and that the allowable costs for such organization may not include costs for the types of expense otherwise reimbursable under this title, in excess of those which would be determined to be reasonable in accordance with regulations (providing for limiting reimbursement to costs rather than charges to the health maintenance organization by related organizations and owners) issued by the Secretary in accordance with section 1861(v) of the Social Security Act; and

“(iv) that in any case in which compensation is paid by a health maintenance organization substantially in excess of what is normally paid for similar services by similar practitioners (regardless of method of compensation), such compensation may as appropriate be considered to constitute a distribution of profits.

“(4) The payments to health maintenance organizations under this subparagraph with respect to individuals described in subsection (a) (1) (A) shall be made from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund. The portion of such payment to such an organization for a month to be paid by the latter trust fund shall be equal to 200 percent of the sum of—

“(A) the product of (i) the number of covered enrollees of such organization for such month (as described in paragraph (1)) who have attained age 65, and (ii) the monthly actuarial rate for supplementary medical insurance for such month as determined under section 1839 (c) (1), and

“(B) the product of (i) the number of covered enrollees of such organization for such month (as described in paragraph (1)) who have not attained age 65, and (ii) the monthly actuarial rate for supplementary medical insurance for such month as determined under section 1839 (c) (4).

The remainder of such payment shall be paid by the former trust fund. For limitation on Federal participation for capital expenditures which are out of conformity with a comprehensive plan of a State or area-wide planning agency, see section 1122.

“(b) The term ‘health maintenance organization’ means a public or private organization which—

“(1) provides, either directly or through arrangements with others, health services to individuals enrolled with such organization on the basis of a predetermined periodic rate without regard to the frequency or extent of services furnished to any particular enrollee;

“(2) provides, either directly or through arrangements with others, to the extent applicable in subsection (c) (through institutions, entities, and persons meeting the applicable requirements of section 1861), all of the services and benefits covered under parts A and B of this title which are available to individuals residing in the geographic area served by the health maintenance organization;

“(3) provides physicians’ services primarily (A) directly through physicians who are either employees or partners of such organization, or (B) under arrangements with one or more groups of physicians (organized on a group practice or individual practice basis) under which each such group is reimbursed for its services primarily on the basis of an aggregate fixed sum or on a
per capita basis, regardless of whether the individual physician members of any such group are paid on a fee-for-service or other basis;

"(4) provides either directly or under arrangements with others, the services of a sufficient number of primary care and specialty care physicians to meet the health needs of its members; for purposes of this section the term 'specialty care physician' means a physician who is either board certified or eligible for board certification, except that the Secretary may by regulation prescribe conditions under which physicians who have a record of demonstrated proficiency but who are not eligible for board certification may, on the basis of training and experience, be recognized as specialty care physicians;

"(5) has effective arrangements to assure that its members have access to qualified practitioners in those specialties which are generally available in the geographic area served by the health maintenance organization;

"(6) demonstrates to the satisfaction of the Secretary proof of financial responsibility and proof of capability to provide comprehensive health care services, including institutional services, efficiently, effectively, and economically;

"(7) except as provided in subsection (h), has at least half of its enrolled members consisting of individuals under age 65;

"(8) assures that the health services required by its members are received promptly and appropriately and that the services that are received measure up to quality standards which it establishes in accordance with regulations; and

"(9) has an open enrollment period at least every year under which it accepts up to the limits of its capacity and without restrictions, except as may be authorized in regulations, individuals who are eligible to enroll under subsection (d) in the order in which they apply for enrollment (unless to do so would result in failure to meet the requirements of paragraph (7)) or would result in enrollment of enrollees substantially nonrepresentative, as determined in accordance with regulations of the Secretary, of the population in the geographic area served by such health maintenance organization.

"(c) The benefits provided under this section to enrollees of an organization which has entered into a risk sharing contract with the Secretary pursuant to subsection (i) (2) (A) shall consist of—

"(1) in the case of an individual who is entitled to hospital insurance benefits under part A and enrolled for medical insurance benefits under part B—

"(A) entitlement to have payment made on his behalf for all services described in section 1812 and section 1832 which are furnished to him by the health maintenance organization with which he is enrolled pursuant to subsection (e) of this section; and

"(B) entitlement to have payment made by such health maintenance organization to him or on his behalf for (i) such emergency services (as defined in regulations), (ii) such urgently needed services (as defined in regulations) furnished to him during a period of temporary absence (as defined in regulations) from the geographic area served by the health maintenance organization with which he is enrolled, and (iii) such other services as may be determined, in accordance with subsection (f), to be services which the individual was entitled to have furnished by the health
maintenance organization, as may be furnished to him by a physician, supplier, or provider of services, other than the health maintenance organization with which he is enrolled; and

“(2) in the case of an individual who is not entitled to hospital insurance benefits under part A but who is enrolled for medical insurance benefits under part B, entitlement to have payment made for services described in paragraph (1), but only to the extent that such services are also described in section 1832.

“(d) Subject to the provisions of subsection (e), every individual described in subsection (c) shall be eligible to enroll with any health maintenance organization (as defined in subsection (b)) which serves the geographic area in which such individual resides.

“(e) An individual may enroll with a health maintenance organization under this section, and may terminate such enrollment, as may be prescribed by regulations.

“(f) Any individual enrolled with a health maintenance organization under this section who is dissatisfied by reason of his failure to receive without additional cost to him any health service to which he believes he is entitled shall, if the amount in controversy is $100 or more, be entitled to a hearing before the Secretary to the same extent as is provided in section 205 (b) and in any such hearing the Secretary shall make such health maintenance organization a party thereto. If the amount in controversy is $1,000 or more, such individual or health maintenance organization shall be entitled to judicial review of the Secretary’s final decision after such hearing as is provided in section 205 (g).

“(g) (1) If the health maintenance organization provides its enrollees under this section only the services described in subsection (c), its premium rate or other charges for such enrollees shall not exceed the actuarial value of the deductible and coinsurance which would otherwise be applicable to such enrollees under part A and part B, if they were not enrolled under this section.

“(2) If the health maintenance organization provides to its enrollees under this section services in addition to those described in subsection (c), election of coverage for such additional services shall be optional for such enrollees and such organization shall furnish such enrollees with information on the portion of its premium rate or other charges applicable to such additional services. The portion applicable to the services described in subsection (c) may not exceed (i) the actuarial value of the deductible and coinsurance which would otherwise be applicable to such enrollees under part A and part B if they were not enrolled under this section less (ii) the actuarial value of other charges made in lieu of such deductible and coinsurance.

“(h) The provisions of paragraph (7) of subsection (b) shall not apply with respect to any health maintenance organization for such period not to exceed three years from the date such organization enters into an agreement with the Secretary pursuant to subsection (i), as the Secretary may permit, but only so long as such organization demonstrates to the satisfaction of the Secretary by the submission of its plans for each year that it is making continuous efforts and progress toward achieving compliance with the provisions of such paragraph (7) within such three-year period.

“(i) (1) Subject to the limitations contained in subparagraphs (A) and (B) of paragraph (2), the Secretary is authorized to enter into a contract with any health maintenance organization which undertakes to provide, on an interim per capita prepayment basis, the services described in section 1832 (and section 1812, in the case of indi-
individuals who are entitled to hospital insurance benefits under part A) to individuals enrolled with such organization pursuant to subsection (e).

"(2) (A) If the health maintenance organization (i) has a current enrollment of not less than 25,000 members on a prepaid capitation basis and has been the primary source of health care of at least 8,000 persons in each of the two years immediately preceding the contract year, or (ii) serves a nonurban geographic area, has a current enrollment of not less than 5,000 members on a prepaid capitation basis and has been the primary source of health care for at least 1,500 persons in each of the three years immediately preceding the contract year, the Secretary may enter into a risk sharing contract with such organization pursuant to which any savings, as determined pursuant to subsection (a) (3)(A), are shared between such organization and the Medicare Trust Funds in the manner prescribed in such subsection. For purposes of this subparagraph, a health maintenance organization shall be considered to serve a nonurban geographic area if it is located in a nonmetropolitan county (that is, a county with fewer than 50,000 inhabitants), or if it has at least one such county in its normal service area, or if it is located outside of a metropolitan area and its facilities are within reasonable travel distance (as defined by the Secretary) of fewer than 50,000 individuals. No health maintenance organization which has entered into a risk-sharing contract with the Secretary under this subparagraph and has voluntarily terminated such contract may again enter into such a contract.

"(B) If the health maintenance organization does not meet the requirements of subparagraph (A), or if the Secretary is not satisfied that the health maintenance organization has the capacity to bear the risk of potential losses as determined under clause (ii) of subsection (a) (3)(A), or if the health maintenance organization meeting the requirements of subparagraph (A) so elects, or if an organization does not fully meet the requirements of section 1876(b) but has demonstrated to the satisfaction of the Secretary that it is making reasonable efforts to meet, and is developing the capability to fully meet, such requirements, and that it fully meets such basic requirements as the Secretary shall prescribe in regulations, the Secretary may, if he is otherwise satisfied that the health maintenance organization or other organization is able to perform its contractual obligations effectively and efficiently, enter into a contract with such organization pursuant to which such organization is reimbursed on the basis of its reasonable cost (as defined in section 1861(v)) in the manner prescribed in subsection (a) (3)(B).

"(3) Such contract may, at the option of such organization, provide that the Secretary (A) will reimburse hospitals and extended care facilities for the reasonable cost (as determined under section 1861(v)) of services furnished to individuals enrolled with such organization pursuant to subsection (e), and (B) will deduct the amount of such reimbursement from payments which would otherwise be made to such organization. If a health maintenance organization pays a hospital or extended care facility directly, the amount paid shall not exceed the reasonable cost of the services (as determined under section 1861(v)) unless such organization demonstrates to the satisfaction of the Secretary that such excess payments are justified on the basis of advantages gained by the organization.

"(4) Each contract under this section shall be for a term of at least one year, as determined by the Secretary, and may be made automatically renewable from term to term in the absence of notice by either party of intention to terminate at the end of the current term; except that the Secretary may terminate any such contract at any
time (after such reasonable notice and opportunity for hearing to the
health maintenance organization involved as he may provide in regula-
tions), if he finds that the organization (A) has failed substantially
to carry out the contract, (B) is carrying out the contract in a manner
inconsistent with the efficient and effective administration of this
section, or (C) no longer substantially meets the applicable conditions
of subsection (b).

"(5) The effective date of any contract executed pursuant to this
subsection shall be specified in such contract pursuant to the
regulations.

"(6) Each contract under this section—

"(A) shall provide that the Secretary, or any person or organi-
ization designated by him—

"(i) shall have the right to inspect or otherwise evaluate
the quality, appropriateness, and timeliness of services
performed under such contract; and

"(ii) shall have the right to audit and inspect any books
and records of such health maintenance organization which
pertain to services performed and determinations of amounts
payable under such contract;

"(B) shall provide that no reinsurance costs (other than those
with respect to out-of-area services), including any underwriting
of risk relating to costs in excess of adjusted average per capita
cost, as defined in clause (iii) of subsection (a)(3)(A), shall be
allowed for purposes of determining payments authorized under
this section; and

"(C) shall contain such other terms and conditions not incon-
sistent with this section as the Secretary may find necessary.

"(j) The function vested in the Secretary by subsection (i) may
be performed without regard to such provisions of law or of other
regulations relating to the making, performance, amendment, or
modification of contracts of the United States as the Secretary may
determine to be inconsistent with the furtherance of the purposes
of this title."

(b)(1) Notwithstanding the provisions of section 1814 and sec-
tion 1833 of the Social Security Act, any health maintenance orga-
nization which has entered into a contract with the Secretary
pursuant to section 1876 of such Act shall, for the duration of such
contract, (except as provided in paragraph (2)) be entitled to
reimbursement only as provided in section 1876 of such Act for
individuals who are members of such organizations.

(2) With respect to individuals who are members of organizations
which have entered into a risk-sharing contract with the Secretary
pursuant to subsection (i)(2)(A) prior to July 1, 1973, and who,
although eligible to have payment made pursuant to section 1876 of
such Act for services rendered to them, chose (in accordance with regu-
lations) not to have such payment made pursuant to such section, the
Secretary shall, for a period not to exceed three years commencing on
July 1, 1973, pay to such organization on the basis of an interim per
capita rate, determined in accordance with the provisions of section
1876(a)(2) of such Act, with appropriate actuarial adjustments to
reflect the difference in utilization of out-of-plan services, which would
have been considered sufficiently reasonable and necessary under the
rules of the health maintenance organization to be provided by that
organization, between such individuals and individuals who are
enrolled with such organization pursuant to section 1876 of such Act.
Payments under this paragraph shall be subject to retroactive adjust-
ment at the end of each contract year as provided in paragraph (3).
(3) If the Secretary determines that the per capita cost of any such organization in any contract year for providing services to individuals described in paragraph (2), when combined with the cost of the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund in such year for providing out-of-plan services to such individuals, is less than or greater than the adjusted average per capita cost (as defined in section 1876(a)(3) of such Act) of providing such services, the resulting savings shall be apportioned between such organization and such Trust Funds, or the resulting losses shall be absorbed by such organization, in the manner prescribed in section 1876(a)(3) of such Act.

(c) (1) Section 1814(a) of such Act is amended by striking out “Except as provided in subsection (d),” and inserting in lieu thereof the following: “Except as provided in subsection (d) and in section 1876,”.

(2) Section 1833(a) of such Act is amended by striking out “Subject to” and inserting in lieu thereof the following: “Except as provided in section 1876, and subject to”.

(d) Section 1875(b) of the Social Security Act, as amended by section 222(c) of this Act, is further amended—

(1) by inserting “the operation and administration of health maintenance organizations authorized by section 226 of the Social Security Amendments of 1972,” after the word “including”; and

(2) by striking out “1971” and inserting in lieu thereof “1972”.

(e) Section 1903 of such Act, as amended by sections 207, 224, and 290 of this Act, is further amended by adding after subsection (j) the following new subsection:

“(k) The Secretary is authorized to provide at the request of any State (and without cost to such State) such technical and actuarial assistance as may be necessary to assist such State to contract with any health maintenance organization which meets the requirements of section 1876 for the purpose of providing medical care and services to individuals who are entitled to medical assistance under this title.”

(f) The amendments made by this section shall be effective with respect to services provided on or after July 1, 1973.
regularly billed by the hospital for services rendered by physicians and reasonable efforts have been made to collect in full from all patients and payment of reasonable charges (including applicable deductibles and coinsurance) has been regularly collected in full or in substantial part from at least 50 percent of all inpatients.

(b) (1) So much of section 1814(a) of such Act as precedes paragraph (1) (as amended by section 226(c)(1) of this Act) is further amended by striking out "subsection (d)" and inserting in lieu thereof "subsections (d) and (g)".

(2) Section 1814 is further amended by adding at the end thereof the following new subsection:

"Payment for Services of a Physician Rendered in a Teaching Hospital

(g) For purposes of services for which the reasonable cost thereof is determined under section 1861(v)(1)(D), payment under this part shall be made to such fund as may be designated by the organized medical staff of the hospital in which such services were furnished or, if such services were furnished in such hospital by the faculty of a medical school, to such fund as may be designated by such faculty, but only if:

"(1) such hospital has an agreement with the Secretary under section 1866, and

"(2) the Secretary has received written assurances that (A) such payment will be used by such fund solely for the improvement of care of hospital patients or for educational or charitable purposes and (B) the individuals who were furnished such services or any other persons will not be charged for such services (or if charged, provision will be made for return of any moneys incorrectly collected).

(c) Section 1861(v)(1) of such Act (as amended by section 223 of this Act) is amended—

(1) by inserting "(A)" after "(1)";

(2) by striking out "(A) take" and "(B) provide" in the fourth sentence and inserting in lieu thereof "(i) take" and "(ii) provide", respectively;

(3) by inserting "(B)" immediately preceding "Such regulations in the case of extended care services"; and

(4) by adding at the end thereof the following new subparagraphs:

"(C) Where a hospital has an arrangement with a medical school under which the faculty of such school provides services at such hospital, an amount not in excess of the reasonable cost of such services to the medical school shall be included in determining the reasonable cost to the hospital of furnishing services—

"(i) for which payment may be made under part A, but only if

"(I) payment for such services as furnished under such arrangement would be made under part A to the hospital had such services been furnished by the hospital, and

"(II) such hospital pays to the medical school at least the reasonable cost of such services to the medical school, or
“(ii) for which payment may be made under part B, but only if such hospital pays to the medical school at least the reasonable cost of such services to the medical school.

“(D) Where (i) physicians furnish services which are either inpatient hospital services (including services in conjunction with the teaching programs of such hospital) by reason of paragraph (7) of subsection (b) or for which entitlement exists by reason of clause (II) of section 1832(a)(2)(B)(i) and (ii) such hospital (or medical school under arrangement with such hospital) incurs no actual cost in the furnishing of such services, the reasonable cost of such services shall (under regulations of the Secretary) be deemed to be the cost such hospital or medical school would have incurred had it paid a salary to such physicians rendering such services approximately equivalent to the average salary paid to all physicians employed by such hospital (or if such employment does not exist, or is minimal in such hospital, by similar hospitals in a geographic area of sufficient size to assure reasonable inclusion of sufficient physicians in development of such average salary).”

(d) (1) Section 1861(u) of such Act is amended by inserting before the period at the end thereof the following: “, or, for purposes of section 1814(g) and section 1835(e), a fund”.

(2) So much of section 1866(a)(1) of such Act as precedes subparagraph (A) is amended by inserting “(except a fund designated for purposes of section 1814(g) and section 1835(e))” after “provider of services”.

(e) (1) Section 1832(a)(2)(B) of such Act is amended to read as follows:

“(B) medical and other health services furnished by a provider of services or by others under arrangement with them made by a provider of services, excluding—

“(i) physician services except where furnished by—

“(I) a resident or intern of a hospital, or

(a) Any provider of services which has filed a required cost report within the time specified in regulations may obtain a hearing with respect to such cost report by a Provider Reimbursement Review Board (hereinafter referred to as the 'Board') which shall be established by the Secretary in accordance with subsection (h), if—

"(1) such provider—

"(A) is dissatisfied with a final determination of the organization serving as its fiscal intermediary pursuant to section 1816 as to the amount of total program reimbursement due the provider for the items and services furnished to individuals for which payment may be made under this title for the period covered by such report,

"(B) has not received such final determination from such intermediary on a timely basis after filing such report, where such report complied with the rules and regulations of the Secretary relating to such report, or

"(C) has not received such final determination on a timely basis after filing a supplementary cost report, where such cost report did not so comply and such supplementary cost report did so comply,

"(2) the amount in controversy is $10,000 or more, and

"(3) such provider files a request for a hearing within 180 days after notice of the intermediary's final determination under paragraph (1) (A) or with respect to appeals pursuant to paragraph (1) (B) or (C), within 180 days after notice of such determination would have been received if such determination had been made on a timely basis.

"(b) The provisions of subsection (a) shall apply to any group of providers of services if each provider of services in such group would, upon the filing of an appeal (but without regard to the $10,000 limitation), be entitled to such a hearing, but only if the matters in controversy involve a common question of fact or interpretation of law or regulations and the amount in controversy is, in the aggregate, $50,000 or more.

"(c) At such hearing, the provider of services shall have the right to be represented by counsel, to introduce evidence, and to examine and cross-examine witnesses. Evidence may be received at any such hearing even though inadmissible under rules of evidence applicable to court procedure.

"(d) A decision by the Board shall be based upon the record made at such hearing, which shall include the evidence considered by the intermediary and such other evidence as may be obtained or received by the Board, and shall be supported by substantial evidence when the record is viewed as a whole. The Board shall have the power to affirm, modify, or reverse a final determination of the fiscal intermediary with respect to a cost report and to make any other revisions on matters covered by such cost report (including revisions adverse to the provider of services) even though such matters were not considered by the intermediary in making such final determination.

"(e) The Board shall have full power and authority to make rules and establish procedures, not inconsistent with the provisions of this title or regulations of the Secretary, which are necessary or appropriate to carry out the provisions of this section. In the course of any hearing the Board may administer oaths and affirmations. The provisions of subsections (d), (e), and (f) of section 205 with respect to subpoenas
shall apply to the Board to the same extent as they apply to the Secretary with respect to title II.

“(f) A decision of the Board shall be final unless the Secretary, on his own motion, and within 60 days after the provider of services is notified of the Board's decision, reverses or modifies (adversely to such provider) the Board’s decision. In any case where such a reversal or modification occurs the provider of services may obtain a review of such decision by a civil action commenced within 60 days of the date he is notified of the Secretary’s reversal or modification. Such action shall be brought in the district court of the United States for the judicial district in which the provider is located or in the District Court for the District of Columbia and shall be tried pursuant to the applicable provisions under chapter 7 of title 5, United States Code, notwithstanding any other provisions in section 205.

“(g) The finding of a fiscal intermediary that no payment may be made under this title for any expenses incurred for items or services furnished to an individual because such items or services are listed in section 1862 shall not be reviewed by the Board, or by any court pursuant to an action brought under subsection (f).

Two of such members shall be representative of providers of services. All of the members of the Board shall be persons knowledgeable in the field of cost reimbursement, and at least one of them shall be a certified public accountant. Members of the Board shall be entitled to receive compensation at rates fixed by the Secretary, but not exceeding the rate specified (at the time the service involved is rendered by such members) for grade GS-18 in section 5332 of title 5, United States Code. The term of office shall be three years, except that the Secretary shall appoint the initial members of the Board for shorter terms to the extent necessary to permit staggered terms of office.

“(i) The Board is authorized to engage such technical assistance as may be required to carry out its functions, and the Secretary shall, in addition, make available to the Board such secretarial, clerical, and other assistance as the Board may require to carry out its functions.”

Hospitals. The Secretary shall pay for such services in the manner prescribed in subsection (b).”

then, such institution shall be deemed to meet the requirements of the numbered paragraphs of section 1861(e); except—

“(3) paragraph (6) thereof, and

If such Commission, as a condition for accreditation of a hospital, requires a utilization review plan (or imposes another requirement which serves substantially the same purpose) or imposes a standard which the Secretary determines is at least equivalent to the standard promulgated by the Secretary as described in paragraph (4) of this subsection, the Secretary is authorized to find that all institutions so accredited by such Commission comply also with section 1861(e)(6) or the standard described in such paragraph (4), as the case may be.”

(2) Such section 1865 (as so amended) is further amended by adding after subsection (a) thereof the following:

(c) Section 1861(e) of such Act, as amended by sections 211 and 234 of this Act, is further amended by striking out “SEC. 1861” and the first two sentences of such section and inserting in lieu thereof the following: “SEC. 1861. then, such institution shall be deemed to meet the requirements of the numbered paragraphs of section 1861(e); except—

“(3) paragraph (6) thereof, and

“(4) any standard, promulgated by the Secretary pursuant to paragraph (9) thereof, which is higher than the requirements prescribed for accreditation by such Commission.

If such Commission, as a condition for accreditation of a hospital, requires a utilization review plan (or imposes another requirement which serves substantially the same purpose) or imposes a standard which the Secretary determines is at least equivalent to the standard promulgated by the Secretary as described in paragraph (4) of this subsection, the Secretary is authorized to find that all institutions so accredited by such Commission comply also with section 1861(e)(6) or the standard described in such paragraph (4), as the case may be.”

(d) Section 1875(b) of such Act, as amended by sections 222 and 226 of this Act, is further amended by inserting, after “the operation”, the following: “a validation of the accreditation process of the Joint Commission on the Accreditation of Hospitals,”.

(b) Such experiment may be conducted in one or more geographic areas, as the Secretary deems appropriate, and may, pursuant to agreements with suppliers, provide for reimbursement for such equipment on a lump-sum basis whenever it is determined (in accordance
with guidelines established by the Secretary) that a lump-sum payment would be more economical than the anticipated period of rental payments. Such experiments may also provide for incentives to beneficiaries (including waiver of the 20 percent coinsurance amount applicable under section 1833 of the Social Security Act) to purchase used equipment whenever the purchase price is at least 25 percent less than the reasonable charge for new equipment.

(c) The Secretary is authorized, at such time as he deems appropriate, to implement on a nationwide basis any such reimbursement procedures which he finds to be workable, desirable and economical and which are consistent with the purposes of this section.

(4) by adding at the end of paragraph (15) (as redesignated by paragraph (2) of this subsection) the following new sentence:

"(1) individual contractor performance reviews and other formal evaluations of the performance of carriers, intermediaries, and State agencies, including the reports of follow-up reviews;

"(2) comparative evaluations of the performance of such contractors, including comparisons of either overall performance or of any particular aspect of contractor operation; and

"(3) program validation survey reports and other formal evaluations of the performance of providers of services, including the reports of follow-up reviews, except that such reports shall not identify individual patients, individual health care practitioners, or other individuals.

"(e) No report described in subsection (d) shall be made public by the Secretary or the State title XIX agency until the contractor or provider of services whose performance is being evaluated has had a reasonable opportunity (not exceeding 60 days) to review such report and to offer comments pertinent parts of which may be incorporated in the public report; nor shall the Secretary be required to include in any such report information with respect to any deficiency (or improper practice or procedures) which is known by the Secretary to have been fully corrected, within 60 days of the date such deficiency was first brought to the attention of such contractor or provider of services, as the case may be."

(b) The provisions of subsection (a) shall apply with respect to reports which are completed by the Secretary after the third calendar month following the enactment of this Act.

PROFESSIONAL STANDARDS REVIEW

SEC. 249F. (a) The heading to title XI of the Social Security Act is amended by striking out "TITLE XI—GENERAL PROVISIONS" and inserting in lieu thereof "TITLE XI—GENERAL PROVISIONS AND PROFESSIONAL STANDARDS REVIEW "PART A—General Provisions"

(b) Title XI of such Act is further amended by adding the following:

"PART B—Professional Standards Review "DECLARATION OF PURPOSE

"Sec. 1151. In order to promote the effective, efficient, and economical delivery of health care services of proper quality for which payment may be made (in whole or in part) under this Act and in recognition of the interests of patients, the public, practitioners, and providers in improved health care services, it is the purpose of this part to assure, through the application of suitable procedures of professional standards review, that the services for which payment may be made under the Social Security Act will conform to appropriate professional standards for the provision of health care and that payment for such services will be made—"
"(1) only when, and to the extent, medically necessary, as determined in the exercise of reasonable limits of professional discretion; and

"(2) in the case of services provided by a hospital or other health care facility on an inpatient basis, only when and for such period as such services cannot, consistent with professionally recognized health care standards, effectively be provided on an outpatient basis or more economically in an inpatient health care facility of a different type, as determined in the exercise of reasonable limits of professional discretion.

"DETECTION OF PROFESSIONAL STANDARDS REVIEW ORGANIZATIONS

"SEC. 1152. (a) The Secretary shall (1) not later than January 1, 1974, establish throughout the United States appropriate areas with respect to which Professional Standards Review Organizations may be designated, and (2) at the earliest practicable date after designation of an area enter into an agreement with a qualified organization whereby such an organization shall be conditionally designated as the Professional Standards Review Organization for such area. If, on the basis of its performance during such period of conditional designation, the Secretary determines that such organization is capable of fulfilling, in a satisfactory manner, the obligations and requirements for a Professional Standards Review Organization under this part, he shall enter into an agreement with such organization designating it as the Professional Standards Review Organization for such area.

"(b) For purposes of subsection (a), the term 'qualified organization' means—

"(1) when used in connection with any area—

"(A) an organization (i) which is a nonprofit professional association (or a component organization thereof), (ii) which is composed of licensed doctors of medicine or osteopathy engaged in the practice of medicine or surgery in such area, (iii) the membership of which includes a substantial proportion of all such physicians in such area, (iv) which is organized in a manner which makes available professional competence to review health care services of the types and kinds with respect to which Professional Standards Review Organizations have review responsibilities under this part, (v) the membership of which is voluntary and open to all doctors of medicine or osteopathy licensed to engage in the practice of medicine or surgery in such area without requirement of membership in or payment of dues to any organized medical society or association, and (vi) which does not restrict the eligibility of any member for service as an officer of the Professional Standards Review Organization or eligibility for and assignment to duties of such Professional Standards Review Organization, or, subject to subsection (c)(i),

"(B) such other public, nonprofit private, or other agency or organization, which the Secretary determines, in accordance with criteria prescribed by him in regulations, to be of professional competence and otherwise suitable; and

"(2) an organization which the Secretary, on the basis of his examination and evaluation of a formal plan submitted to him by the association, agency, or organization (as well as on the basis of other relevant data and information), finds to be willing to perform and capable of performing, in an effective, timely, and objective manner and at reasonable cost, the duties, functions, and
activities of a Professional Standards Review Organization required by or pursuant to this part.

"(c) (1) The Secretary shall not enter into any agreement under this part under which there is designated as the Professional Standards Review Organization for any area any organization other than an organization referred to in subsection (b) (1) (A) prior to January 1, 1976, nor after such date, unless, in such area, there is no organization referred to in subsection (b) (1) (A) which meets the conditions specified in subsection (b) (2).

"(2) Whenever the Secretary shall have entered into an agreement under this part under which there is designated as the Professional Standards Review Organization for any area any organization other than an organization referred to in subsection (b) (1) (A), he shall not renew such agreements with such organization if he determines that—

"(A) there is in such area an organization referred to in subsection (b) (1) (A) which (i) has not been previously designated as a Professional Standards Review Organization, and (ii) is willing to enter into an agreement under this part under which such organization would be designated as the Professional Standards Review Organization for such area;

"(B) such organization meets the conditions specified in subsection (b) (2); and

"(C) the designation of such organization as the Professional Standards Review Organization for such area is anticipated to result in substantial improvement in the performance in such area of the duties and functions required of such organizations under this part.

"(d) Any such agreement under this part with an organization (other than an agreement established pursuant to section 1154) shall be for a term of 12 months; except that, prior to the expiration of such term such agreement may be terminated—

"(1) by the organization at such time and upon such notice to the Secretary as may be prescribed in regulations (except that notice of more than 3 months may not be required); or

"(2) by the Secretary at such time and upon such reasonable notice to the organization as may be prescribed in regulations, but only after the Secretary has determined (after providing such organization with an opportunity for a formal hearing on the matter) that such organization is not substantially complying with or effectively carrying out the provisions of such agreement.

"(e) In order to avoid duplication of functions and unnecessary review and control activities, the Secretary is authorized to waive any or all of the review, certification, or similar activities otherwise required under or pursuant to any provision of this Act (other than this part) where he finds, on the basis of substantial evidence of the effective performance of review and control activities by Professional Standards Review Organizations, that the review, certification, and similar activities otherwise so required are not needed for the provision of adequate review and control.

"(f) (1) In the case of agreements entered into prior to January 1, 1976, under this part under which any organization is designated as the Professional Standards Review Organization for any area, the Secretary shall, prior to entering into any such agreement with any organization for any area, inform (under regulations of the Secretary) the doctors of medicine or osteopathy who are in active practice in such area of the Secretary's intention to enter into such an agreement with such organization.
"(2) If, within a reasonable period of time following the serving of such notice, more than 10 per centum of such doctors object to the Secretary's entering into such an agreement with such organization on the ground that such organization is not representative of doctors in such area, the Secretary shall conduct a poll of such doctors to determine whether or not such organization is representative of such doctors in such area. If more than 50 per centum of the doctors responding to such poll indicate that such organization is not representative of such doctors in such area the Secretary shall not enter into such an agreement with such organization.

"REVIEW PENDING DESIGNATION OF PROFESSIONAL STANDARDS REVIEW ORGANIZATION"

"Sec. 1153. Pending the assumption by a Professional Standards Review Organization for any area, of full review responsibility, and pending a demonstration of capacity for improved review effort with respect to matters involving the provision of health care services in such area for which payment (in whole or in part) may be made under this Act, any review with respect to such services which has not been designated by the Secretary as the full responsibility of such organization, shall be reviewed in the manner otherwise provided for under law.

"TRIAL PERIOD FOR PROFESSIONAL STANDARDS REVIEW ORGANIZATIONS"

"Sec. 1154. (a) The Secretary shall initially designate an organization as a Professional Standards Review Organization for any area on a conditional basis with a view to determining the capacity of such organization to perform the duties and functions imposed under this part on Professional Standards Review Organizations. Such designation may not be made prior to receipt from such organization and approval by the Secretary of a formal plan for the orderly assumption and implementation of the responsibilities of the Professional Standards Review Organization under this part.

(b) During any such trial period (which may not exceed 24 months), the Secretary may require a Professional Standards Review Organization to perform only such of the duties and functions required under this part of Professional Standards Review Organization as he determines such organization to be capable of performing. The number and type of such duties shall, during the trial period, be progressively increased as the organization becomes capable of added responsibility so that, by the end of such period, such organization shall be considered a qualified organization only if the Secretary finds that it is substantially carrying out in a satisfactory manner, the activities and functions required of Professional Standards Review Organizations under this part with respect to the review of health care services provided or ordered by physicians and other practitioners and institutional and other health care facilities, agencies, and organizations. Any of such duties and functions not performed by such organization during such period shall be performed in the manner and to the extent otherwise provided for under law.

(c) Any agreement under which any organization is conditionally designated as the Professional Standards Review Organization for any area may be terminated by such organization upon 90 days notice to the Secretary or by the Secretary upon 90 days notice to such organization."
DUTIES AND FUNCTIONS OF PROFESSIONAL STANDARDS REVIEW ORGANIZATIONS

"Sec. 1155. (a) (1) Notwithstanding any other provision of law, but consistent with the provisions of this part, it shall (subject to the provisions of subsection (g)) be the duty and function of each Professional Standards Review Organization for any area to assume, at the earliest date practicable, responsibility for the review of the professional activities in such area of physicians and other health care practitioners and institutional and noninstitutional providers of health care services in the provision of health care services and items for which payment may be made (in whole or in part) under this Act for the purpose of determining whether—

(A) such services and items are or were medically necessary;

(B) the quality of such services meets professionally recognized standards of health care; and

(C) in case such services and items are proposed to be provided in a hospital or other health care facility on an inpatient basis, such services and items could, consistent with the provision of appropriate medical care, be effectively provided on an outpatient basis or more economically in an inpatient health care facility of a different type.

(2) Each Professional Standards Review Organization shall have the authority to determine, in advance, in the case of—

(A) any elective admission to a hospital, or other health care facility, or

(B) any other health care service which will consist of extended or costly courses of treatment,

whether such service, if provided, or if provided by a particular health care practitioner or by a particular hospital or other health care facility, organization, or agency, would meet the criteria specified in clauses (A) and (C) of paragraph (1).

(3) Each Professional Standards Review Organization shall, in accordance with regulations of the Secretary, determine and publish, from time to time, the types and kinds of cases (whether by type of health care, or diagnosis involved, or whether in terms of other relevant criteria relating to the provision of health care services) with respect to which such organization will, in order most effectively to carry out the purposes of this part, exercise the authority conferred upon it under paragraph (2).

(4) Each Professional Standards Review Organization shall be responsible for the arranging for the maintenance of and the regular review of profiles of care and services received and provided with respect to patients, utilizing to the greatest extent practicable in such patient profiles, methods of coding which will provide maximum confidentiality as to patient identity and assure objective evaluation consistent with the purposes of this part. Profiles shall also be regularly reviewed on an ongoing basis with respect to each health care practitioner and provider to determine whether the care and services ordered or rendered are consistent with the criteria specified in clauses (A), (B), and (C) of paragraph (1).

(5) Physicians assigned responsibility for the review of hospital care may be only those having active hospital staff privileges in at least one of the participating hospitals in the area served by the Professional Standards Review Organization and (except as may be otherwise provided under subsection (e) (1) of this section) such physicians ordinarily should not be responsible for, but may participate in the review of care and services provided in any hospital in which such physicians have active staff privileges.
“(6) No physician shall be permitted to review—
   “(A) health care services provided to a patient if he was
directly or indirectly involved in providing such services, or
   “(B) health care services provided in or by an institution,
organization, or agency, if he or any member of his family has,
directly or indirectly, any financial interest in such institution,
organization, or agency.

For purposes of this paragraph, a physician’s family includes only his
spouse (other than a spouse who is legally separated from him under
a decree of divorce or separate maintenance), children (including
legally adopted children), grandchildren, parents, and grandparents.

“(b) To the extent necessary or appropriate for the proper perform-
ance of its duties and functions, the Professional Standards Review
Organization serving any area is authorized in accordance with regu-
lations prescribed by the Secretary to—

   “(1) make arrangements to utilize the services of persons who
are practitioners of or specialists in the various areas of medicine
(including dentistry), or other types of health care, which persons
shall, to the maximum extent practicable, be individuals engaged
in the practice of their profession within the area served by such
organization;
   “(2) undertake such professional inquiry either before or after,
or both before and after, the provision of services with respect to
which such organization has a responsibility for review under
subsection (a) (1);
   “(3) examine the pertinent records of any practitioner or pro-
vider of health care services providing services with respect to
which such organization has a responsibility for review under
subsection (a) (1); and
   “(4) inspect the facilities in which care is rendered or services
provided (which are located in such area) of any practitioner or
provider.

“(c) No Professional Standards Review Organization shall utilize
the services of any individual who is not a duly licensed doctor of
medicine or osteopathy to make final determinations in accordance
with its duties and functions under this part with respect to the pro-
fessional conduct of any other duly licensed doctor of medicine or
osteopathy, or any act performed by any duly licensed doctor of
medicine or osteopathy in the exercise of his profession.

“(d) In order to familiarize physicians with the review functions
and activities of Professional Standards Review Organizations and to
promote acceptance of such functions and activities by physicians,
patients, and other persons, each Professional Standards Review
Organization, in carrying out its review responsibilities, shall (to
the maximum extent consistent with the effective and timely perform-
ance of its duties and functions)—

   “(1) encourage all physicians practicing their profession in the
area served by such Organization to participate as reviewers in
the review activities of such Organizations;
   “(2) provide rotating physician membership of review com-
mittes on an extensive and continuing basis;
   “(3) assure that membership on review committees have the
broader representation feasible in terms of the various types of
practice in which physicians engage in the area served by such
Organization; and
   “(4) utilize, whenever appropriate, medical periodicals and
similar publications to publicize the functions and activities of
Professional Standards Review Organizations.
“(e)(1) Each Professional Standards Review Organization shall utilize the services of, and accept the findings of, the review committees of a hospital or other operating health care facility or organization located in the area served by such organization, but only when and only to the extent and only for such time that such committees in such hospital or other operating health care facility or organization have demonstrated to the satisfaction of such organization their capacity effectively and in timely fashion to review activities in such hospital or other operating health care facility or organization (including the medical necessity of admissions, types and extent of services ordered, and lengths of stay) so as to aid in accomplishing the purposes and responsibilities described in subsection (a)(1), except where the Secretary disapproves, for good cause, such acceptance.

“(2) The Secretary may prescribe regulations to carry out the provisions of this subsection.

“(f)(1) An agreement entered into under this part between the Secretary and any organization under which such organization is designated as the Professional Standards Review Organization for any area shall provide that such organization will—

“(A) perform such duties and functions and assume such responsibilities and comply with such other requirements as may be required by this part or under regulations of the Secretary promulgated to carry out the provisions of this part; and

“(B) collect such data relevant to its functions and such information and keep and maintain such records in such form as the Secretary may require to carry out the purposes of this part and to permit access to and use of any such records as the Secretary may require for such purposes.

“(2) Any such agreement with an organization under this part shall provide that the Secretary make payments to such organization equal to the amount of expenses reasonably and necessarily incurred, as determined by the Secretary, by such organization in carrying out or preparing to carry out the duties and functions required by such agreement.

“(g) Notwithstanding any other provision of this part, the responsibility for review of health care services of any Professional Standards Review Organization shall be the review of health care services provided by or in institutions, unless such Organization shall have made a request to the Secretary that it be charged with the duty and function of reviewing other health care services and the Secretary shall have approved such request.

“NORMS OF HEALTH CARE SERVICES FOR VARIOUS ILLNESSES OR HEALTH CONDITIONS

“Sec. 1156. (a) Each Professional Standards Review Organization shall apply professionally developed norms of care, diagnosis, and treatment based upon typical patterns of practice in its regions (including typical lengths-of-stay for institutional care by age and diagnosis) as principal points of evaluation and review. The National Professional Standards Review Council and the Secretary shall provide such technical assistance to the organization as will be helpful in utilizing and applying such norms of care, diagnosis, and treatment. Where the actual norms of care, diagnosis, and treatment in a Professional Standards Review Organization area are significantly different from professionally developed regional norms of care, diagnosis, and
treatment approved for comparable conditions, the Professional Standards Review Organization concerned shall be so informed, and in the event that appropriate consultation and discussion indicate reasonable basis for usage of other norms in the area concerned, the Professional Standards Review Organization may apply such norms in such area as are approved by the National Professional Standards Review Council.

"(b) Such norms with respect to treatment for particular illnesses or health conditions shall include (in accordance with regulations of the Secretary)—

"(1) the types and extent of the health care services which, taking into account differing, but acceptable, modes of treatment and methods of organizing and delivering care are considered within the range of appropriate diagnosis and treatment of such illness or health condition, consistent with professionally recognized and accepted patterns of care;

"(2) the type of health care facility which is considered, consistent with such standards, to be the type in which health care services which are medically appropriate for such illness or condition can most economically be provided.

"(c)(1) The National Professional Standards Review Council shall provide for the preparation and distribution, to each Professional Standards Review Organization and to each other agency or person performing review functions with respect to the provision of health care services under this Act, of appropriate materials indicating the regional norms to be utilized pursuant to this part. Such data concerning norms shall be reviewed and revised from time to time. The approval of the National Professional Standards Review Council of norms of care, diagnosis, and treatment shall be based on its analysis of appropriate and adequate data.

"(2) Each review organization, agency, or person referred to in paragraph (1) shall utilize the norms developed under this section as a principal point of evaluation and review for determining, with respect to any health care services which have been or are proposed to be provided, whether such care and services are consistent with the criteria specified in section 1155 (a)(1).

"(d)(1) Each Professional Standards Review Organization shall—

"(A) in accordance with regulations of the Secretary, specify the appropriate points in time after the admission of a patient for inpatient care in a health care institution, at which the physician attending such patient shall execute a certification stating that further inpatient care in such institution will be medically necessary effectively to meet the health care needs of such patient; and

"(B) require that there be included in any such certification with respect to any patient such information as may be necessary to enable such organization properly to evaluate the medical necessity of the further institutional health care recommended by the physician executing such certification.

"(2) The points in time at which any such certification will be required (usually, not later than the 50th percentile of lengths-of-stay for patients in similar age groups with similar diagnoses) shall be consistent with and based on professionally developed norms of care and treatment and data developed with respect to length of stay in health care institutions of patients having various illnesses, injuries, or health conditions, and requiring various types of health care services or procedures.
"SUBMISSION OF REPORTS BY PROFESSIONAL STANDARDS REVIEW ORGANIZATIONS"

"Sec. 1157. If, in discharging its duties and functions under this part, any Professional Standards Review Organization determines that any health care practitioner or any hospital, or other health care facility, agency, or organization has violated any of the obligations imposed by section 1160, such organization shall report the matter to the Statewide Professional Standards Review Council for the State in which such organization is located together with the recommendations of such Organization as to the action which should be taken with respect to the matter. Any Statewide Professional Standards Review Council receiving any such report and recommendation shall review the same and promptly transmit such report and recommendation to the Secretary together with any additional comments or recommendations thereon as it deems appropriate. The Secretary may utilize a Professional Standards Review Organization, in lieu of a program review team as specified in sections 1862 and 1866, for purposes of subparagraph (C) of section 1862 (d) (1) and subparagraph (F) of section 1866(b) (2).

"REQUIREMENT OF REVIEW APPROVAL AS CONDITION OF PAYMENT OF CLAIMS"

"Sec. 1158. (a) Except as provided for in section 1159, no Federal funds appropriated under any title of this Act (other than title V) for the provision of health care services or items shall be used (directly or indirectly) for the payment, under such title or any program established pursuant thereto, of any claim for the provision of such services or items, unless the Secretary, pursuant to regulation determines that the claimant is without fault if—

"(1) the provision of such services or items is subject to review under this part by any Professional Standards Review Organization, or other agency; and

"(2) such organization or other agency has, in the proper exercise of its duties and functions under or consistent with the purposes of this part, disapproved of the services or items giving rise to such claim, and has notified the practitioner or provider who provided or proposed to provide such services or items and the individual who would receive or was proposed to receive such services or items of its disapproval of the provision of such services or items.

"(b) Whenever any Professional Standards Review Organization, in the discharge of its duties and functions as specified by or pursuant to this part, disapproves of any health care services or items furnished or to be furnished by any practitioner or provider, such organization shall, after notifying the practitioner, provider, or other organization or agency of its disapproval in accordance with subsection (a), promptly notify the agency or organization having responsibility for acting upon claims for payment for or on account of such services or items.

"HEARINGS AND REVIEW BY SECRETARY"

"Sec. 1159. (a) Any beneficiary or recipient who is entitled to benefits under this Act (other than title V) or a provider or practitioner who is dissatisfied with a determination with respect to a claim made by a Professional Standards Review Organization in carrying out its responsibilities for the review of professional activities in accordance with paragraphs (1) and (2) of section 1155(a) shall, after being
notified of such determination, be entitled to a reconsideration thereof by the Professional Standards Review Organization and, where the Professional Standards Review Organization reaffirms such determination in a State which has established a Statewide Professional Standards Review Council, and where the matter in controversy is $100 or more, such determination shall be reviewed by professional members of such Council and, if the Council so determined, revised.

"(b) Where the determination of the Statewide Professional Standards Review Council is adverse to the beneficiary or recipient (or, in the absence of such Council in a State and where the matter in controversy is $100 or more), such beneficiary or recipient shall be entitled to a hearing thereon by the Secretary to the same extent as is provided in section 205(b), and, where the amount in controversy is $1,000 or more, to judicial review of the Secretary's final decision after such hearing as is provided in section 205(g). The Secretary will render a decision only after appropriate professional consultation on the matter.

"(c) Any review or appeals provided under this section shall be in lieu of any review, hearing, or appeal under this Act with respect to the same issue.

"OBLIGATIONS OF HEALTH CARE PRACTITIONERS AND PROVIDERS OF HEALTH CARE SERVICES; SANCTIONS AND PENALTIES; HEARINGS AND REVIEW

"SEC. 1160. (a) (1) It shall be the obligation of any health care practitioner and any other person (including a hospital or other health care facility, organization, or agency) who provides health care services for which payment may be made (in whole or in part) under this Act, to assure that services or items ordered or provided by such practitioner or person to beneficiaries and recipients under this Act-

"(A) will be provided only when, and to the extent, medically necessary; and

"(B) will be of a quality which meets professionally recognized standards of health care; and

"(C) will be supported by evidence of such medical necessity and quality in such form and fashion and at such time as may reasonably be required by the Professional Standards Review Organization in the exercise of its duties and responsibilities; and it shall be the obligation of any health care practitioner in ordering, authorizing, directing, or arranging for the provision by any other person (including a hospital or other health care facility, organization, or agency), of health care services for any patient of such practitioner, to exercise his professional responsibility with a view to assuring (to the extent of his influence or control over such patient, such person, or the provision of such services) that such services or items will be provided—

"(D) only when, and to the extent, medically necessary; and

"(E) will be of a quality which meets professionally recognized standards of health care.

"(2) Each health care practitioner, and each hospital or other provider of health care services, shall have an obligation, within reasonable limits of professional discretion, not to take any action, in the exercise of his profession (in the case of any health care practitioner), or in the conduct of its business (in the case of any hospital or other such provider), which would authorize any individual to be admitted as an inpatient in or to continue as an inpatient in any hospital or other health care facility unless—
“(A) inpatient care is determined by such practitioner and by such hospital or other provider, consistent with professionally recognized health care standards, to be medically necessary for the proper care of such individual; and

“(B) (i) the inpatient care required by such individual cannot, consistent with such standards, be provided more economically in a health care facility of a different type; or

“(ii) (in the case of a patient who requires care which can, consistent with such standards, be provided more economically in a health care facility of a different type) there is, in the area in which such individual is located, no such facility or no such facility which is available to provide care to such individual at the time when care is needed by him.

“(b) (1) If after reasonable notice and opportunity for discussion with the practitioner or provider concerned, any Professional Standards Review Organization submits a report and recommendations to the Secretary pursuant to section 1157 (which report and recommendations shall be submitted through the Statewide Professional Standards Review Council, if such Council has been established, which shall promptly transmit such report and recommendations together with any additional comments and recommendations thereon as it deems appropriate) and if the Secretary determines that such practitioner or provider, in providing health care services over which such organization has review responsibility and for which payment (in whole or in part) may be made under this Act has—

“(A) by failing, in a substantial number of cases, substantially to comply with any obligation imposed on him under subsection (a), or

“(B) by grossly and flagrantly violating any such obligation in one or more instances, demonstrated an unwillingness or a lack of ability substantially to comply with such obligations, he (in addition to any other sanction provided under law) may exclude (permanently for such period as the Secretary may prescribe) such practitioner or provider from eligibility to provide such services on a reimbursable basis.

“(2) A determination made by the Secretary under this subsection shall be effective at such time and upon such reasonable notice to the public and to the person furnishing the services involved as may be specified in regulations. Such determination shall be effective with respect to services furnished to an individual on or after the effective date of such determination (except that in the case of institutional health care services such determination shall be effective in the manner provided in title XVIII with respect to terminations of provider agreements), and shall remain in effect until the Secretary finds and gives reasonable notice to the public that the basis for such determination has been removed and that there is reasonable assurance that it will not recur.

“(3) In lieu of the sanction authorized by paragraph (1), the Secretary may require that (as a condition to the continued eligibility of such practitioner or provider to provide such health care services on a reimbursable basis) such practitioner or provider pay to the United States, in case such acts or conduct involved the provision or ordering by such practitioner or provider of health care services which were medically improper or unnecessary, an amount not in excess of the actual or estimated cost of the medically improper or unnecessary services so provided, or (if less) $5,000. Such amount may be deducted from any sums owing by the United States (or any instrumentality thereof) to the person from whom such amount is claimed.

Ante, p. 1437.

42 USC 1395.
“(4) Any person furnishing services described in paragraph (1) who is dissatisfied with a determination made by the Secretary under this subsection shall be entitled to reasonable notice and opportunity for a hearing thereon by the Secretary to the same extent as is provided in section 205(b), and to judicial review of the Secretary’s final decision after such hearing as is provided in section 205(g).

“(c) It shall be the duty of each Professional Standards Review Organization and each Statewide Professional Standards Review Council to use such authority or influence it may possess as a professional organization, and to enlist the support of any other professional or governmental organization having influence or authority over health care practitioners and any other person (including a hospital or other health care facility, organization, or agency) providing health care services in the area served by such review organization, in assuring that each practitioner or provider (referred to in subsection (a)) providing health care services in such area shall comply with all obligations imposed on him under subsection (a).

“NOTICE TO PRACTITIONER OR PROVIDER

“SEC. 1161. Whenever any Professional Standards Review Organization takes any action or makes any determination—

“(a) which denies any request, by a health care practitioner or other provider of health care services, for approval of a health care service or item proposed to be ordered or provided by such practitioner or provider; or

“(b) that any such practitioner or provider has violated any obligation imposed on such practitioner or provider under section 1160,

such organization shall, immediately after taking such action or making such determination, give notice to such practitioner or provider of such determination and the basis therefor, and shall provide him with appropriate opportunity for discussion and review of the matter.

“STATEWIDE PROFESSIONAL STANDARDS REVIEW COUNCILS; ADVISORY GROUPS TO SUCH COUNCILS

“SEC. 1162. (a) In any State in which there are located three or more Professional Standards Review Organizations, the Secretary shall establish a Statewide Professional Standards Review Council.

“(b) The membership of any such Council for any State shall be appointed by the Secretary and shall consist of—

“(1) one representative from and designated by each Professional Standards Review Organization in the State;

“(2) four physicians, two of whom may be designated by the State medical society and two of whom may be designated by the State hospital association of such State to serve as members on such Council; and

“(3) four persons knowledgeable in health care from such State whom the Secretary shall have selected as representatives of the public in such State (at least two of whom shall have been recommended for membership on the Council by the Governor of such State).

“(c) It shall be the duty and function of the Statewide Professional Standards Review Council for any State, in accordance with regulations of the Secretary, (1) to coordinate the activities of, and disseminate information and data among the various Professional Standards Review Organizations within such State including assisting the Secre-

“(B) The Secretary shall provide for the monitoring and testing of all individuals who are receiving benefits under this title and who as a condition of such benefits are required to be undergoing treatment and complying with the terms, conditions, and requirements thereof as described in subparagraph (A), in order to assure such compliance and to determine the extent to which the imposition of such requirement is contributing to the achievement of the purposes of this title. The Secretary shall annually submit to the Congress a full and complete report on his activities under this paragraph.

"MEANING OF TERMS

"Aged, Blind, or Disabled Individual

"Sec. 1614. (a) (1) For purposes of this title, the term ‘aged, blind, or disabled individual’ means an individual who—

"(A) is 65 years of age or older, is blind (as determined under paragraph (2)), or is disabled (as determined under paragraph (3)), and

"(B) is a resident of the United States, and is either (i) a citizen or (ii) an alien lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law (including any alien who is lawfully present in the United States as a result of the application of the provisions of section 203(a)(7) or section 212(d)(5) of the Immigration and Nationality Act).

"(2) An individual shall be considered to be blind for purposes of this title if he has central visual acuity of 20/200 or less in the better eye with the use of a correcting lens. An eye which is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees shall be considered for purposes of the first sentence of this subsection as having a central visual acuity of 20/200 or less. An individual shall also be considered to be blind for purposes of this title if he is blind as defined under a State plan approved under title X or XVI as in effect for October 1972 and received aid under such plan (on the basis of blindness) for December 1973, so long as he is continuously blind as so defined.

"(3)(A) An individual shall be considered to be disabled for purposes of this title if he is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months (or, in the case of a child under the age of 18, if he suffers from any medically determinable physical or mental impairment of comparable severity). An individual shall also be
considered to be disabled for purposes of this title if he is permanently and totally disabled as defined under a State plan approved under title XIV or XVI as in effect for October 1972 and received aid under such plan (on the basis of disability) for December 1973, so long as he is continuously disabled as so defined.

"(B) For purposes of subparagraph (A), an individual shall be determined to be under a disability only if his physical or mental impairment or impairments are of such severity that he is not only unable to do his previous work but cannot, considering his age, education, and work experience, engage in any other kind of substantial gainful work which exists in the national economy, regardless of whether such work exists in the immediate area in which he lives, or whether a specific job vacancy exists for him, or whether he would be hired if he applied for work. For purposes of the preceding sentence (with respect to any individual), ‘work which exists in the national economy’ means work which exists in significant numbers either in the region where such individual lives or in several regions of the country.

"(C) For purposes of this paragraph, a physical or mental impairment is an impairment that results from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques.

"(D) The Secretary shall by regulations prescribe the criteria for determining when services performed or earnings derived from services demonstrate an individual’s ability to engage in substantial gainful activity. Notwithstanding the provisions of subparagraph (B), an individual whose services or earnings meet such criteria, except for purposes of paragraph (4), shall be found not to be disabled.

"(4) (A) For purposes of this title, any services rendered during a period of trial work (as defined in subparagraph (B)) by an individual who is an aged, blind, or disabled individual solely by reason of disability (as determined under paragraph (3) of this subsection) shall be deemed not to have been rendered by such individual in determining whether his disability has ceased in a month during such period. As used in this paragraph, the term ‘services’ means activity which is performed for remuneration or gain or is determined by the Secretary to be of a type normally performed for remuneration or gain.

"(B) The term ‘period of trial work’, with respect to an individual who is an aged, blind, or disabled individual solely by reason of disability (as determined under paragraph (3) of this subsection), means a period of months beginning and ending as provided in subparagraphs (C) and (D).

"(C) A period of trial work for any individual shall begin with the month in which he becomes eligible for benefits under this title on the basis of his disability; but no such period may begin for an individual who is eligible for benefits under this title on the basis of a disability if he has had a previous period of trial work while eligible for benefits on the basis of the same disability.

"(D) A period of trial work for any individual shall end with the close of whichever of the following months is the earlier:

"(i) the ninth month, beginning on or after the first day of such period, in which the individual renders services (whether or not such nine months are consecutive); or

"(ii) the month in which his disability (as determined under paragraph (3) of this subsection) ceases (as determined after the application of subparagraph (A) of this paragraph).
"Eligible Spouse

"(b) For purposes of this title, the term ‘eligible spouse’ means an aged, blind, or disabled individual who is the husband or wife of another aged, blind, or disabled individual and who has not been living apart from such other aged, blind, or disabled individual for more than six months. If two aged, blind, or disabled individuals are husband and wife as described in the preceding sentence, only one of them may be an ‘eligible individual’ within the meaning of section 1611(a).

"Definition of Child

"(c) For purposes of this title, the term ‘child’ means an individual who is neither married nor (as determined by the Secretary) the head of a household, and who is (1) under the age of eighteen, or (2) under the age of twenty-two and (as determined by the Secretary) a student regularly attending a school, college, or university, or a course of vocational or technical training designed to prepare him for gainful employment.

"Determination of Marital Relationships

"(d) In determining whether two individuals are husband and wife for purposes of this title, appropriate State law shall be applied; except that—

"(1) if a man and women have been determined to be husband and wife under section 216(h)(1) for purposes of title II they shall be considered (from and after the date of such determination or the date of their application for benefits under this title, whichever is later) to be husband and wife for purposes of this title, or

"(2) if a man and woman are found to be holding themselves out to the community in which they reside as husband and wife, they shall be so considered for purposes of this title notwithstanding any other provision of this section.

"United States

"(e) For purposes of this title, the term ‘United States’, when used in a geographical sense, means the 50 States and the District of Columbia.

"Income and Resources of Individuals Other Than Eligible Individuals and Eligible Spouses

"(f)(1) For purposes of determining eligibility for and the amount of benefits for any individual who is married and whose spouse is living with him in the same household but is not an eligible spouse, such individual’s income and resources shall be deemed to include any income and resources of such spouse, whether or not available to such individual, except to the extent determined by the Secretary to be inequitable under the circumstances.

"(2) For purposes of determining eligibility for and the amount of benefits for any individual who is a child under age 21, such individual’s income and resources shall be deemed to include any income and resources of a parent of such individual (or the spouse of such a parent) who is living in the same household as such individual,
whether or not available to such individual, except to the extent determined by the Secretary to be inequitable under the circumstances.

"REHABILITATION SERVICES FOR BLIND AND DISABLED INDIVIDUALS"

"Sec. 1615. (a) In the case of any blind or disabled individual who—
"(1) has not attained age 65, and
"(2) is receiving benefits (or with respect to whom benefits are paid) under this title,
the Secretary shall make provision for referral of such individual to the appropriate State agency administering the State plan for vocational rehabilitation services approved under the Vocational Rehabilitation Act, and (except in such cases as he may determine) for a review not less often than quarterly of such individual's blindness or disability and his need for and utilization of the rehabilitation services made available to him under such plan.

"(b) Every individual with respect to whom the Secretary is required to make provision for referral under subsection (a) shall accept such rehabilitation services as are made available to him under the State plan for vocational rehabilitation services approved under the Vocational Rehabilitation Act; and the Secretary is authorized to pay to the State agency administering or supervising the administration of such State plan the costs incurred in the provision of such services to individuals so referred.

"(c) No individual shall be an eligible individual or eligible spouse for purposes of this title if he refuses without good cause to accept vocational rehabilitation services for which he is referred under subsection (a).

"OPTIONAL STATE SUPPLEMENTATION"

"Sec. 1616. (a) Any cash payments which are made by a State (or political subdivision thereof) on a regular basis to individuals who are receiving benefits under this title or who would but for their income be eligible to receive benefits under this title, as assistance based on need in supplementation of such benefits (as determined by the Secretary), shall be excluded under section 1612(b)(6) in determining the income of such individuals for purposes of this title and the Secretary and such State may enter into an agreement which satisfies subsection (b) under which the Secretary will, on behalf of such State (or subdivision) make such supplementary payments to all such individuals.

"(b) Any agreement between the Secretary and a State entered into under subsection (a) shall provide—
"(1) that such payments will be made (subject to subsection (c)) to all individuals residing in such State (or subdivision) who are receiving benefits under this title, and
"(2) such other rules with respect to eligibility for or amount of the supplementary payments, and such procedural or other general administrative provisions, as the Secretary finds necessary (subject to subsection (c)) to achieve efficient and effective administration of both the program which he conducts under this title and the optional State supplementation.

"(c) (1) Any State (or political subdivision) making supplementary payments described in subsection (a) may at its option impose as a condition of eligibility for such payments, and include in the State's agreement with the Secretary under such subsection, a residence requirement which excludes individuals who have resided in the State (or political subdivision) for less than a minimum period prior to application for such payments.
“(2) Any State (or political subdivision), in determining the eligibility of any individual for supplementary payments described in subsection (a), may disregard amounts of earned and unearned income in addition to other amounts which it is required or permitted to disregard under this section in determining such eligibility, and shall include a provision specifying the amount of any such income that will be disregarded, if any.

“(d) Any State which has entered into an agreement with the Secretary under this section which provides that the Secretary will, on behalf of the State (or political subdivision), make the supplementary payments to individuals who are receiving benefits under this title (or who would but for their income be eligible to receive such benefits), shall, at such times and in such installments as may be agreed upon between the Secretary and such State, pay to the Secretary an amount equal to the expenditures made by the Secretary as such supplementary payments.

“PART B—PROCEDURAL AND GENERAL PROVISIONS

“PAYMENTS AND PROCEDURES

“Payment of Benefits

“SEC. 1631. (a) (1) Benefits under this title shall be paid at such time or times and in such installments as will best effectuate the purposes of this title, as determined under regulations (and may in any case be paid less frequently than monthly where the amount of the monthly benefit would not exceed $10).

“(2) Payments of the benefit of any individual may be made to any such individual or to his eligible spouse (if any) or partly to each, or, if the Secretary deems it appropriate to any other person (including an appropriate public or private agency) who is interested in or concerned with the welfare of such individual (or spouse). Notwithstanding the provisions of the preceding sentence, in the case of any individual or eligible spouse referred to in section 1611(e) (3)(A), the Secretary shall provide for making payments of the benefit to any other person (including an appropriate public or private agency) who is interested in or concerned with the welfare of such individual (or spouse).

“(3) The Secretary may by regulation establish ranges of incomes within which a single amount of benefits under this title shall apply.

“(4) The Secretary—

“(A) may make to any individual initially applying for benefits under this title who is presumptively eligible for such benefits and who is faced with financial emergency a cash advance against such benefits in an amount not exceeding $100; and

“(B) may pay benefits under this title to an individual applying for such benefits on the basis of disability for a period not exceeding 3 months prior to the determination of such individual’s disability, if such individual is presumptively disabled and is determined to be otherwise eligible for such benefits, and any benefits so paid prior to such determination shall in no event be considered overpayments for purposes of subsection (b).

“(5) Payment of the benefit of any individual who is an aged, blind, or disabled individual solely by reason of blindness (as determined under section 1614(a) (2)) or disability (as determined under section 1614(a) (3)), and who ceases to be blind or to be under such disability,
shall continue (so long as such individual is otherwise eligible) through the second month following the month in which such blindness or disability ceases.

"Overpayments and Underpayments"

"(b) Whenever the Secretary finds that more or less than the correct amount of benefits has been paid with respect to any individual, proper adjustment or recovery shall, subject to the succeeding provisions of this subsection, be made by appropriate adjustments in future payments to such individual or by recovery from or payment to such individual or his eligible spouse (or by recovery from the estate of either). The Secretary shall make such provision as he finds appropriate in the case of payment of more than the correct amount of benefits with respect to an individual with a view to avoiding penalizing such individual or his eligible spouse who was without fault in connection with the overpayment, if adjustment or recovery on account of such overpayment in such case would defeat the purposes of this title, or be against equity or good conscience, or (because of the small amount involved) impede efficient or effective administration of this title.

"Hearings and Review"

"(c) (1) The Secretary shall provide reasonable notice and opportunity for a hearing to any individual who is or claims to be an eligible individual or eligible spouse and is in disagreement with any determination under this title with respect to eligibility of such individual for benefits, or the amount of such individual's benefits, if such individual requests a hearing on the matter in disagreement within thirty days after notice of such determination is received.

"(2) Determination on the basis of such hearing, except to the extent that the matter in disagreement involves the existence of a disability (within the meaning of section 1614(a)(3)), shall be made within ninety days after the individual requests the hearing as provided in paragraph (1).

"(3) The final determination of the Secretary after a hearing under paragraph (1) shall be subject to judicial review as provided in section 205(g) to the same extent as the Secretary's final determinations under section 205; except that the determination of the Secretary after such hearing as to any fact shall be final and conclusive and not subject to review by any court.

"Procedures; Prohibitions of Assignments; Representation of Claimants"

"(d) (1) The provisions of section 207 and subsections (a), (d), (e), and (f) of section 205 shall apply with respect to this part to the same extent as they apply in the case of title II.

"(2) To the extent the Secretary finds it will promote the achievement of the objectives of this title, qualified persons may be appointed to serve as hearing examiners in hearings under subsection (c) without meeting the specific standards prescribed for hearing examiners by or under subchapter II of chapter 5 of title 5, United States Code.

"(3) The Secretary may prescribe rules and regulations governing the recognition of agents or other persons, other than attorneys, as hereinafter provided, representing claimants before the Secretary under this title, and may require of such agents or other persons, before being recognized as representatives of claimants, that they shall show
that they are of good character and in good repute, possessed of the necessary qualifications to enable them to render such claimants valuable service, and otherwise competent to advise and assist such claimants in the presentation of their cases. An attorney in good standing who is admitted to practice before the highest court of the State, Territory, District, or insular possession of his residence or before the Supreme Court of the United States or the inferior Federal courts, shall be entitled to represent claimants before the Secretary. The Secretary may, after due notice and opportunity for hearing, suspend or prohibit from further practice before him any such person, agent, or attorney who refuses to comply with the Secretary's rules and regulations or who violates any provision of this paragraph for which a penalty is prescribed. The Secretary may, by rule and regulation, prescribe the maximum fees which may be charged for services performed in connection with any claim before the Secretary under this title, and any agreement in violation of such rules and regulations shall be void. Any person who shall, with intent to defraud, in any manner willfully and knowingly deceive, mislead, or threaten any claimant or prospective claimant or beneficiary under this title by word, circular, letter, or advertisement, or who shall knowingly charge or collect directly or indirectly any fee in excess of the maximum fee, or make any agreement directly or indirectly to charge or collect any fee in excess of the maximum fee, prescribed by the Secretary, shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall for each offense be punished by a fine not exceeding $500 or by imprisonment not exceeding one year, or both.

"Applications and Furnishing of Information

"(e)(1)(A) The Secretary shall, subject to subparagraph (B), prescribe such requirements with respect to the filing of applications, the suspension or termination of assistance, the furnishing of other data and material, and the reporting of events and changes in circumstances, as may be necessary for the effective and efficient administration of this title.

"(B) The requirements prescribed by the Secretary pursuant to subparagraph (A) shall require that eligibility for benefits under this title will not be determined solely on the basis of declarations by the applicant concerning eligibility factors or other relevant facts, and that relevant information will be verified from independent or collateral sources and additional information obtained as necessary in order to assure that such benefits are only provided to eligible individuals (or eligible spouses) and that the amounts of such benefits are correct.

"(2) In case of the failure by any individual to submit a report of events and changes in circumstances relevant to eligibility for or amount of benefits under this title as required by the Secretary under paragraph (1), or delay by any individual in submitting a report as so required, the Secretary (in addition to taking any other action he may consider appropriate under paragraph (1)) shall reduce any benefits which may subsequently become payable to such individual under this title by—

"(A) $25 in the case of the first such failure or delay,

"(B) $50 in the case of the second such failure or delay, and

"(C) $100 in the case of the third or a subsequent such failure or delay,

except where the individual was without fault or good cause for such failure or delay existed.
"Furnishing of Information by Other Agencies

"(f) The head of any Federal agency shall provide such information as the Secretary needs for purposes of determining eligibility for or amount of benefits, or verifying other information with respect thereto.

"Penalties for Fraud

"Sec. 1632. Whoever—

"(1) knowingly and willfully makes or causes to be made any false statement or representation of a material fact in any application for any benefit under this title,

"(2) at any time knowingly and willfully makes or causes to be made any false statement or representation of a material fact for use in determining rights to any such benefit,

"(3) having knowledge of the occurrence of any event affecting (A) his initial or continued right to any such benefit, or (B) the initial or continued right to any such benefit of any other individual in whose behalf he has applied for or is receiving such benefit, conceals or fails to disclose such event with an intent fraudulently to secure such benefit either in a greater amount or quantity than is due or when no such benefit is authorized, or

"(4) having made application to receive any such benefit for the use and benefit of another and having received it, knowingly and willfully converts such benefit or any part thereof to a use other than for the use and benefit of such other person, shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than $1,000 or imprisoned for not more than one year, or both.

"Administration

"Sec. 1633. The Secretary may make such administrative and other arrangements (including arrangements for the determination of blindness and disability under section 1614(a) (2) and (3) in the same manner and subject to the same conditions as provided with respect to disability determinations under section 221) as may be necessary or appropriate to carry out his functions under this title.

"Determinations of Medicaid Eligibility

"Sec. 1634. The Secretary may enter into an agreement with any State which wishes to do so under which he will determine eligibility for medical assistance in the case of aged, blind, or disabled individuals under such State's plan approved under title XIX. Any such agreement shall provide for payments by the State, for use by the Secretary in carrying out the agreement, of an amount equal to one-half of the cost of carrying out the agreement, but in computing such cost with respect to individuals eligible for benefits under this title, the Secretary shall include only those costs which are additional to the costs incurred in carrying out this title."

Sec. 802. The Social Security Act is amended, effective January 1, 1974, by adding after title V the following new title:

"Title VI—Grants to States for Services to the Aged, Blind, or Disabled

"Sec. 601. For the purpose of encouraging each State, as far as practicable under the conditions in such State, to furnish rehabilitation

The sums made available under this section shall be used for making payments to States which have submitted, and had approved by the Secretary of Health, Education, and Welfare, State plans for services to the aged, blind, or disabled.

"STATE PLANS FOR SERVICES TO THE AGED, BLIND, OR DISABLED"

"Sec. 602. (a) A State plan for services to the aged, blind, or disabled, must—"

"(2) provide for financial participation by the State;

"(3) either provide for the establishment or designation of a single State agency to administer the plan, or provide for the establishment or designation of a single State agency to supervise the administration of the plan;

"(4) provide (A) such methods of administration (including methods relating to the establishment and maintenance of personnel standards on a merit basis, except that the Secretary shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods) as are found by the Secretary to be necessary for the proper and efficient operation of the plan, and (B) for the training and effective use of paid subprofessional staff, with particular emphasis on the full-time or part-time employment of persons of low income, as community service aides, in the administration of the plan and for the use of nonpaid or partially paid volunteers in a social service volunteer program in providing services under the plan and in assisting any advisory committees established by the State agency;

"(5) provide that the State agency will make such reports, in such form and containing such information, as the Secretary may from time to time require, and comply with such provisions as the Secretary may from time to time find necessary to assure the correctness and verification of such reports;

"(6) provide safeguards which permit the use or disclosure of information concerning applicants or recipients only (A) to public officials who require such information in connection with their official duties, or (B) to other persons for purposes directly connected with the administration of the State plan;

“(B) provide for an individual plan for each such patient to assure that the institutional care provided to him is in his best interests, including, to that end, assurances that there will be initial and periodic review of his medical and other needs, that he will be given appropriate medical treatment within the institution, and that there will be a periodic determination of his need for continued treatment in the institution; and
“(C) provide for the development of alternate plans of care, making maximum utilization of available resources, for persons receiving services under the State plan who are 65 years of age or older and who would otherwise need care in such institutions; for services referred to in section 603(a)(1)(A)(i) and (ii) which are appropriate for such persons receiving services and for such patients; and for methods of administration necessary to assure that the responsibilities of the State agency under the State plan with respect to such persons receiving services and such patients will be effectively carried out;
“(12) if the State plan includes services to individuals 65 years of age or older who are patients in public institutions for mental diseases, show that the State is making satisfactory progress toward developing and implementing a comprehensive mental health program, including provision for utilization of community mental health centers, nursing homes, and other alternatives to care in public institutions for mental diseases.

Notwithstanding paragraph (3), if on October 1, 1972, the State agency which administered or supervised the administration of the plan of such State approved under title X (or so much of the plan of such State approved under title XVI as applies to the blind) was different from the State agency which administered or supervised the administration of the plan of such State approved under title I and the State agency which administered or supervised the administration of the plan of such State approved under title XIV (or so much of the plan of such State approved under title XVI as applies to the aged and disabled), the State agency which administered or supervised the administration of such plan approved under title X (or so much of the plan of such State approved under title XVI as applies to the blind) may be designated to administer or supervise the administration of the portion of the State plan for services to the aged, blind, or disabled which relates to blind individuals and a separate State agency may be established or designated to administer or supervise the administra-
tion of the rest of such plan; and in such case the part of the plan which each such agency administers, or the administration of which each such agency supervises, shall be regarded as a separate plan for purposes of this title.

"(b) The Secretary shall approve any plan which fulfills the conditions specified in subsection (a), except that he shall not approve any plan which imposes, as a condition of eligibility for services under the plan—

"(1) an age requirement of more than sixty-five years; or

"(2) any residence requirement which excludes any individual who resides in the State; or

"(3) any citizenship requirement which excludes any citizen of the United States.

"PAYMENTS TO STATES

"SEC. 603. (a) From the sums appropriated therefor, the Secretary shall, subject to section 1130, pay to each State which has a plan approved under this title, for each quarter—

"(1) in the case of any State whose State plan approved under section 602 meets the requirements of subsection (c)(1), an amount equal to the sum of the following proportions of the total amounts expended during such quarter as found necessary by the Secretary of Health, Education, and Welfare for the proper and efficient administration of the State plan—

"(A) 75 per centum of so much of such expenditures as are for—

"(i) services which are prescribed pursuant to subsection (c)(1) and are provided (in accordance with the next sentence) to applicants for or recipients of supplementary security income benefits under title XVI to help them attain or retain capability for self-support or self-care, or

"(ii) other services, specified by the Secretary as likely to prevent or reduce dependency, so provided to such applicants or recipients, or

"(iii) any of the services prescribed pursuant to subsection (c)(1), and of the services specified as provided in clause (ii), which the Secretary may specify as appropriate for individuals who, within such period or periods as the Secretary may prescribe, have been or are likely to become applicants for or recipients of supplementary security income benefits under title XVI, if such services are requested by such individuals and are provided to such individuals in accordance with the next sentence, or

"(iv) the training of personnel employed or preparing for employment by the State agency or by the local agency administering the plan in the political subdivision; plus

"(B) one-half of so much of such expenditures (not included under subparagraph (A)) as are for services provided (in accordance with the next sentence) to applicants for or recipients of supplementary security income benefits under title XVI, and to individuals requesting such services who (within such period or periods as the Secretary may prescribe) have been or are likely to become applicants for or recipients of such benefits; plus
“(C) one-half of the remainder of such expenditures. The services referred to in subparagraphs (A) and (B) shall, except to the extent specified by the Secretary, include only—

“(D) services provided by the staff of the State agency, or of the local agency administering the State plan in the political subdivision; Provided, That no funds authorized under this title shall be available for services defined as vocational rehabilitation services under the Vocational Rehabilitation Act (i) which are available to individuals in need of them under programs for their rehabilitation carried on under a State plan approved under such Act, or (ii) which the State agency or agencies administering or supervising the administration of the State plan approved under such Act are able and willing to provide if reimbursed for the cost thereof pursuant to agreement under subparagraph (E), if provided by such staff, and

“(E) under conditions which shall be prescribed by the Secretary, services which in the judgment of the State agency cannot be as economically or as effectively provided by the staff of such State or local agency and are not otherwise reasonably available to individuals in need of them, and which are provided, pursuant to agreement with the State agency, by the State health authority or the State agency or agencies administering or supervising the administration of the State plan for vocational rehabilitation services approved under the Vocational Rehabilitation Act or by any other State agency which the Secretary may determine to be appropriate (whether provided by its staff or by contract with public (local) or nonprofit private agencies); except that services described in clause (ii) of subparagraph (D) hereof may be provided only pursuant to agreement with such State agency or agencies administering or supervising the administration of the State plan for vocational rehabilitation services so approved. The portion of the amount expended for administration of the State plan to which subparagraph (A) applies and the portion thereof to which subparagraphs (B) and (C) apply shall be determined in accordance with such methods and procedures as may be permitted by the Secretary; and

“(2) in the case of any State whose State plan approved under section 602 does not meet the requirements of subsection (c)(1), an amount equal to one-half of the total of the sums expended during such quarter as found necessary by the Secretary for the proper and efficient administration of the State plan, including services referred to in paragraph (1) and provided in accordance with the provisions of such paragraph.

“(b) (1) Prior to the beginning of each quarter, the Secretary shall estimate the amount to which a State will be entitled under subsection (a) for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with the provisions of such subsection, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State’s proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, and (B) such other investigation as the Secretary may find necessary.

“(2) The Secretary shall then pay, in such installments as he may determine, to the State the amount so estimated, reduced or increased
to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

(3) Upon the making of any estimate by the Secretary under this subsection, any appropriations available for payments under this section shall be deemed obligated.

(c)(1) In order for a State to qualify for payments under paragraph (1) of subsection (a), its State plan approved under section 602 must provide that the State agency shall make available to applicants for and recipients of supplementary security income benefits under title XVI at least those services to help them attain or retain capability for self-support or self-care which are prescribed by the Secretary.

(2) In the case of any State whose State plan included a provision meeting the requirements of paragraph (1), but with respect to which the Secretary finds, after reasonable notice and opportunity for hearing to the State agency, administering or supervising the administration of such plan, that—

(A) the provision has been so changed that it no longer complies with the requirements of paragraph (1), or

(B) in the administration of the plan there is a failure to comply substantially with such provision,

the Secretary shall notify such State agency that further payments will not be made to the State under paragraph (1) of subsection (a) until he is satisfied that there will no longer be any such failure to comply. Until the Secretary is so satisfied further payments with respect to the administration of such State plan shall not be made under paragraph (1) of subsection (a) but shall instead be made, subject to the other provisions of this title, under paragraph (2) of such subsection.

(d) Notwithstanding the preceding provisions of this section, the amount determined under such provisions for any State for any quarter which is attributable to expenditures with respect to individuals 65 years of age or older who are patients in institutions for mental diseases shall be paid only to the extent that the State makes a showing satisfactory to the Secretary that total expenditures in the State from Federal, State, and local sources for mental health services (including payments to or in behalf of individuals with mental health problems) under State and local public health and public welfare programs for such quarter exceed the average of the total expenditures in the State from such sources for such services under such programs for each quarter of the fiscal year ending June 30, 1965. For purposes of this subsection, expenditures for such services for each quarter in the fiscal year ending June 30, 1965, in the case of any State shall be determined on the basis of the latest data, satisfactory to the Secretary, available to him at the time of the first determination by him under this subsection for such State; and expenditures for such services for any quarter beginning after December 31, 1965, in the case of any State shall be determined on the basis of the latest data, satisfactory to the Secretary, available to him at the time of the determination under this subsection for such State for such quarter; and determinations so made shall be conclusive for purposes of this subsection.
"OPERATION OF STATE PLANS"

"Sec. 604. If the Secretary, after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of the State plan approved under this title, finds—

"(1) that the plan no longer complies with the provisions of section 602; or

"(2) that in the administration of the plan there is a failure to comply substantially with any such provision;

the Secretary shall notify such State agency that further payments will not be made to the State (or, in his discretion, that payments will be limited to categories under or parts of the State plan not affected by such failure), until the Secretary is satisfied that there will no longer be any such failure to comply. Until he is so satisfied he shall make no further payments to such State (or shall limit payments to categories under or parts of the State plan not affected by such failure).

TITLE IV—MISCELLANEOUS

LIMITATION ON FISCAL LIABILITY OF STATES FOR OPTIONAL STATE SUPPLEMENTATION

Sec. 401. (a) (1) The amount payable to the Secretary by a State for any fiscal year pursuant to its agreement under
section 1616 of the Social Security Act shall not exceed the non-Federal share of expenditures as aid or assistance for quarters in the calendar year 1972 under the plans of the State approved under titles I, X, XIV, and XVI of the Social Security Act (as defined in subsection (c) of this section).

(2) Paragraph (1) of this subsection shall only apply with respect to that portion of the supplementary payments made by the Secretary on behalf of the State under such agreements in any fiscal year which does not exceed in the case of any individual the difference between—

(A) the adjusted payment level under the appropriate approved plan of such State as in effect for January 1972 (as defined in subsection (b) of this section), and

(B) the benefits under title XVI of the Social Security Act, plus income not excluded under section 1612(b) of such Act in determining such benefits, paid to such individual in such fiscal year,

and shall not apply with respect to supplementary payments to any individual who (i) is not required by section 1616 of such Act to be included in any such agreement administered by the Secretary and (ii) would have been ineligible (for reasons other than income) for payments under the appropriate approved State plan as in effect for January 1972.

(b) (1) For purposes of subsection (a), the term "adjusted payment level under the appropriate approved plan of a State as in effect for January 1972" means the amount of the money payment which an individual with no other income would have received under the plan of such State approved under title I, X, XIV, or XVI of the Social Security Act, as may be appropriate, and in effect for January 1972; except that the State may, at its option, increase such payment level with respect to any such plan by an amount which does not exceed the sum of—

(A) the face value of the coupon allotment which would have been provided to such an individual under the Food Stamp Act of 1964 for January 1972, reduced by

(B) the charge which such an individual would have paid for such coupon allotment,

if the income of such individual, for purposes of determining the charge it would have paid for its coupon allotment, had been equal to the adjusted payment level under the State plan (including any
payment level modification with respect to the plan adopted pursuant to paragraph (2) (but not including any amount under this paragraph). The total face value of food stamps and the cost thereof in January 1972 shall be determined in accordance with rules prescribed by the Secretary of Agriculture in effect in such month.

(c) For purposes of this section, the term “non-Federal share of expenditures as aid or assistance for quarters in the calendar year 1972 under the plans of a State approved under titles I, X, XIV, and XVI of the Social Security Act” means the difference between—
