TITLE VIII—ALTERNATIVE MORTGAGE TRANSACTIONS

SHORT TITLE

Sec. 801. This title may be cited as the "Alternative Mortgage Transaction Parity Act of 1982".

FINDINGS AND PURPOSE

Sec. 802. (a) The Congress hereby finds that—

(1) increasingly volatile and dynamic changes in interest rates have seriously impared the ability of housing creditors to provide consumers with fixed-term, fixed-rate credit secured by interests in real property, cooperative housing, manufactured homes, and other dwellings;

(2) alternative mortgage transactions are essential to the provision of an adequate supply of credit secured by residential property necessary to meet the demand expected during the 1980's; and

(3) the Comptroller of the Currency, the National Credit Union Administration, and the Federal Home Loan Bank Board have recognized the importance of alternative mortgage transactions and have adopted regulations authorizing federally chartered depository institutions to engage in alternative mortgage financing.

(b) It is the purpose of this title to eliminate the discriminatory impact that those regulations have upon nonfederally chartered housing creditors and provide them with parity with federally chartered institutions by authorizing all housing creditors to make, purchase, and enforce alternative mortgage transactions so long as the transactions are in conformity with the regulations issued by the Federal agencies.

DEFINITIONS

Sec. 803. As used in this title—
(1) the term "alternative mortgage transaction" means a loan or credit sale secured by an interest in residential real property, a dwelling, all stock allocated to a dwelling unit in a residential cooperative housing corporation, or a residential manufactured home (as that term is defined in section 603(6) of the National Manufactured Home Construction and Safety Standards Act of 1974)—

(A) in which the interest rate or finance charge may be adjusted or renegotiated;

(B) involving a fixed-rate, but which implicitly permits rate adjustments by having the debt mature at the end of an interval shorter than the term of the amortization schedule; or

(C) involving any similar type of rate, method of determining return, term, repayment, or other variation not common to traditional fixed-rate, fixed-term transactions, including without limitation, transactions that involve the sharing of equity or appreciation;

described and defined by applicable regulation; and

(2) the term "housing creditor" means—

(A) a depository institution, as defined in section 501(a)(2) of the Depository Institutions Deregulation and Monetary Control Act of 1980;

(B) a lender approved by the Secretary of Housing and Urban Development for participation in any mortgage insurance program under the National Housing Act;

(C) any person who regularly makes loans, credit sales, or advances secured by interests in properties referred to in paragraph (1); or

(D) any transferee of any of them.

A person is not a "housing creditor" with respect to a specific alternative mortgage transaction if, except for this title, in order to enter into that transaction, the person would be required to comply with licensing requirements imposed under State law, unless such person is licensed under applicable State law and such person remains, or becomes, subject to the applicable regulatory requirements and enforcement mechanisms provided by State law.

ALTERNATIVE MORTGAGE AUTHORITY

Sec. 804. (a) In order to prevent discrimination against State-chartered depository institutions, and other nonfederally chartered housing creditors, with respect to making, purchasing, and enforcing alternative mortgage transactions, housing creditors may make, purchase, and enforce alternative mortgage transactions, except that this section shall apply—

(1) with respect to banks, only to transactions made in accordance with regulations governing alternative mortgage transactions as issued by the Comptroller of the Currency for national banks, to the extent that such regulations are authorized by rulemaking authority granted to the Comptroller of the Currency with regard to national banks under laws other than this section;

(2) with respect to credit unions, only to transactions made in accordance with regulations governing alternative mortgage
transactions as issued by the National Credit Union Administration Board for Federal credit unions, to the extent that such regulations are authorized by rulemaking authority granted to the National Credit Union Administration with regard to Federal credit unions under laws other than this section; and

(3) with respect to all other housing creditors, including without limitation, savings and loan associations, mutual savings banks, and savings banks, only to transactions made in accordance with regulations governing alternative mortgage transactions as issued by the Federal Home Loan Bank Board for federally chartered savings and loan associations, to the extent that such regulations are authorized by rulemaking authority granted to the Federal Home Loan Bank Board with regard to federally chartered savings and loan associations under laws other than this section.

(b) For the purpose of determining the applicability of this section, an alternative mortgage transaction shall be deemed to be made in accordance with the applicable regulation notwithstanding the housing creditor's failure to comply with the regulation, if—

(1) the transaction is in substantial compliance with the regulation; and

(2) within sixty days of discovering any error, the housing creditor corrects such error, including making appropriate adjustments, if any, to the account.

(c) An alternative mortgage transaction may be made by a housing creditor in accordance with this section, notwithstanding any State constitution, law, or regulation.

APPLICABILITY

Sec. 805. (a) The provisions of section 804 shall not apply to any alternative mortgage transaction in any State made on or after the effective date (if such effective date occurs on or after the effective date of this title and prior to a date three years after the effective date of this title) of a State law or a certification that the voters of such State have voted in favor of any provision, constitutional or otherwise, which states explicitly and by its terms that such State does not want the preemption provided in section 804 to apply with respect to alternative mortgage transactions subject to the laws of such State, except that section 804 shall continue to apply to—

(1) any alternative mortgage transaction undertaken on or after such date pursuant to an agreement to undertake such alternative mortgage transaction which was entered into on or after the effective date of this title and prior to such later date (the "preemption period"); and

(2) any renewal, extension, refinancing, or other modification of an alternative mortgage transaction that was entered into during the preemption period.

(b) An alternative mortgage transaction shall be deemed to have been undertaken during the preemption period to which this section applies if it—

(1) is funded or extended in whole or in part during the preemption period, regardless of whether pursuant to a commitment or other agreement therefor made prior to that period; or

(2) is a renewal, extension, refinancing, or other modification of an alternative mortgage transaction entered into before the preemption period and such renewal, extension, or other modifi-
cation is made during such period with the written consent of any person obligated to repay such credit.

RELATION TO OTHER LAW

SEC. 806. Section 501(c)(1) of the Depository Institutions Deregulation and Monetary Control Act of 1980 shall not apply to transactions which are subject to this title.

EFFECTIVE DATE

SEC. 807. (a) This title shall be effective upon enactment.
(b) Within sixty days of the enactment of this title, the Comptroller of the Currency, the National Credit Union Administration, and the Federal Home Loan Bank Board shall identify, describe, and publish those portions or provisions of their respective regulations that are inappropriate for (and thus inapplicable to), or that need to be conformed for the use of, the nonfederally chartered housing creditors to which their respective regulations apply, including without limitation, making necessary changes in terminology to conform the regulatory and disclosure provisions to those more typically associated with various types of transactions including credit sales.

Each such grant shall be made under such conditions as the Administrator shall determine to be required to insure that the United States will receive therefrom benefit adequate to justify the making of that grant. None of the funds appropriated for “Research and development” pursuant to this Act may be used in accordance with this subsection for the construction of any major facility, the estimated cost of which, including collateral equipment, exceeds $250,000, unless the Administrator or his designee has notified the Speaker of the House of Representatives and the President of the Senate and the Committee on Science and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of the nature, location, and estimated cost of such facility.

(e) When so specified and to the extent provided in an appropriation Act, (1) any amount appropriated for “Research and development” or for “Construction of facilities” may remain available without fiscal year limitation, and (2) maintenance and operation of facilities, and support services contracts may be entered into under the “Research and program management” appropriation for periods not in excess of twelve months beginning at any time during the fiscal year.

(g) Of the funds appropriated pursuant to subsections (a) and (c), not in excess of $75,000 for each project, including collateral equipment, may be used for construction of new facilities and additions to
existing facilities, and for repair, rehabilitation, or modification of facilities: Provided, That, of the funds appropriated pursuant to subsection (a), not in excess of $250,000 for each project, including collateral equipment, may be used for any of the foregoing for unforeseen programmatic needs.

Sec. 102. Authorization is hereby granted whereby any of the amounts prescribed in paragraphs (1) through (12), inclusive, of section 101(b)—

(1) in the discretion of the Administrator or his designee, may be varied upward 10 percent, or

(2) following a report by the Administrator or his designee to the Committee on Science and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the circumstances of such action, may be varied upward 25 percent, to meet unusual cost variations, but the total cost of all work authorized under such paragraphs shall not exceed the total of the amounts specified in such paragraphs.

Sec. 103. Not to exceed one-half of 1 percent of the funds appropriated pursuant to section 101(a) hereof may be transferred to and merged with the “Construction of facilities” appropriation, and, when so transferred, together with $10,000,000 of the funds appropriated pursuant to section 101(b) hereof (other than funds appropriated pursuant to paragraph (13) of such section) shall be available for expenditure to construct, expand, or modify laboratories and other installations at any location (including locations specified in section 101(b)), if (1) the Administrator determines such action to be necessary because of changes in the national program of aeronautical and space activities or new scientific or engineering developments, and (2) he determines that deferral of such action until the enactment of the next authorization Act would be inconsistent with the interest of the Nation in aeronautical and space activities. The funds so made available may be expended to acquire, construct, convert, rehabilitate, or install permanent or temporary public works, including land acquisition, site preparation, appurtenances, utilities, and equipment. No portion of such sums may be obligated for expenditure or expended to construct, expand, or modify laboratories and other installations unless (A) a period of thirty days has passed after the Administrator or his designee has transmitted to the Speaker of the House of Representatives and to the President of the Senate and to the Committee on Science and Technology of the House of Representatives and to the Committee on Commerce, Science, and Transportation of the Senate a written report containing a full and complete statement concerning (i) the nature of such construction, expansion, or modification, (ii) the cost thereof including the cost of any real estate action pertaining thereto, and (iii) the reason why such construction, expansion, or modification is necessary in the national interest, or (B) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action. In calculating the thirty-day period referred to in the preceding sentence, any days on which either House is not in session because of an adjournment sine die or an adjournment of more than 5 days to a day certain shall be excluded, but in no event shall the total period extend beyond 45 days.

Sec. 104. Notwithstanding any other provision of this Act—
(1) no amount appropriated pursuant to this Act may be used for any program deleted by the Congress from requests as originally made to either the House Committee on Science and Technology or the Senate Committee on Commerce, Science, and Transportation,

(2) no amount appropriated pursuant to this Act may be used for any program in excess of the amount actually authorized for that particular program by sections 101(a) and 101(c), and

(3) no amount appropriated pursuant to this Act may be used for any program which has not been presented to or requested of either such committee,

unless (A) a period of thirty days has passed after the receipt by the Speaker of the House of Representatives and the President of the Senate and each such committee of notice given by the Administrator or his designee containing a full and complete statement of the action proposed to be taken and the facts and circumstances relied upon in support of such proposed action, or (B) each such committee before the expiration of such period has transmitted to the Administrator written notice to the effect that such committee has no objection to the proposed action. In calculating the thirty-day period referred to in the preceding sentence, any days on which either House is not in session because of an adjournment sine die or an adjournment of more than five days to a day certain shall be excluded, but in no event shall the total period extend beyond forty-five days.

Sec. 105. It is the sense of the Congress that it is in the national interest that consideration be given to geographical distribution of Federal research funds whenever feasible, and that the National Aeronautics and Space Administration should explore ways and means of distributing its research and development funds whenever feasible.

Sec. 106. (a) Notwithstanding any other provision of law, or any interagency agreement, the Administrator of the National Aeronautics and Space Administration shall charge such prices as necessary to recover the fair value of placing Department of Defense payloads into orbit by means of the Space Shuttle.

(b) This section shall apply to any Department of Defense payloads placed into orbit by means of the Space Shuttle on or after October 1, 1983.

Sec. 107. (a) The Director of the Federal Emergency Management Agency shall ensure that all obligations and responsibilities imposed by the Federal Fire Prevention and Control Act of 1974 are performed during fiscal year 1983, including activities of the United States Fire Administration and the United States Fire Academy.

(b) The Director shall reserve such funds as are appropriated to carry out the functions of the Federal Emergency Management Agency as designated in Reorganization Plan Numbered 3 of 1978 to conduct the operations of the United States Fire Administration, the United States Fire Academy, and such other functions and responsibilities as are vested in the Director pursuant to the Federal Fire Prevention and Control Act of 1974.

The Secretary shall complete these studies and report on them to the Congress by February 1, 1983.

(2) In addition to the studies and comparisons called for in section 201(b)(1) the Secretary shall fund at least two parallel studies outside the government independently to assess the alternatives called for in section 201(b)(1)(C). These studies should be submitted to the Congress by April 1, 1983.

(c) There is authorized to be appropriated $14,955,000 for the fiscal year 1983, for the purpose of carrying out the provisions of this title.

(d) No moneys authorized by this title shall be used to transfer to the private sector the ownership or management of any civil land remote sensing space satellite system and associated ground system equipment unless (A) a period of thirty days has passed after the receipt by the Speaker of the House of Representatives, the President of the Senate, the House Committee on Science and Technol-

Sec. 4. (a) Section 158(b) of the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. 1418(b)) is amended—

(2) by adding at the end thereof the following new paragraphs:

"(2)(A) Except as provided in paragraph (3), the Secretary shall not have any authority to establish any rule which requires a dealer or distributor to complete or compile the records and information specified in paragraph (1) if the business of such dealer or distributor is not owned or controlled by a manufacturer of tires.

"(B) The Secretary shall require each dealer and distributor whose business is not owned or controlled by a manufacturer of tires to furnish the first purchaser of a tire with a registration form (containing the tire identification number of the tire) which the purchaser may complete and return directly to the manufacturer of the tire. The contents and format of such forms shall be established by the Secretary and shall be standardized for all tires. Sufficient copies of such forms shall be furnished to such dealers and distributors by manufacturers of tires.

"(ii) Manufacturers of tires shall reimburse dealers and distributors for all reasonable costs incurred by them in order to comply with any requirement imposed by the Secretary under clause (i).

"(iii) The Secretary may order by rule the imposition of requirements under clause (i) only if the Secretary determines that such requirements are necessary to reduce the risk to motor vehicle safety, after considering (I) the cost of such requirements to manufacturers and the burden of such requirements upon dealers and distributors, as compared to the additional percentage of first purchasers of tires with respect to whom records would be established and maintained as a result of the imposition of such requirements; and (II) the extent to which dealers and distributors have encouraged first purchasers of tires to register the tires, and the extent to which dealers and distributors have complied with the procedures established in paragraph (2).

"(iv) The Secretary, upon making any determination under clause (i), shall submit a report to each House of the Congress containing a detailed statement of the nature of such determination, together with an explanation of the grounds for such determination.

An Act

To establish the Protection Island National Wildlife Refuge, Jefferson County, State of Washington

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Protection Island National Wildlife Refuge Act".

Sec. 2. The Congress finds that—
(1) Protection Island provides nesting habitat for 72 percent of the entire seabird population of Puget Sound and the Strait of Juan de Fuca;
(2) this island also provides refuge for other species, including the endangered bald eagle and the harbor seal; and
(3) this island is a nationally significant environmental resource threatened with destruction through residential and related development.

Sec. 3. As used in this Act:
(a) The term "refuge" means the Protection Island National Wildlife Refuge that includes those lands and waters, and interests therein, located in Jefferson County, State of Washington, that are depicted on the map entitled "Protection Island National Wildlife Refuge", dated September 1980, and on file at the United States Fish and Wildlife Service. The purposes of the refuge are to provide habitat for a broad diversity of bird species, with particular emphasis on protecting the nesting habitat of the bald eagle, tufted puffin, rhinoceros auklet, pigeon guillemot, and pelagic cormorant; to protect the hauling-out area of harbor seals; and to provide for scientific research and wildlife-oriented public education and interpretation."
(b) The term "Secretary" means the Secretary of the Interior.

Sec. 4. (a) Subject to subsections (b) and (c), the Secretary is authorized to acquire lands and waters or interests therein within the boundaries of the refuge by donation, purchase with donated or appropriated funds, or exchange.
(b)(1) In the case of any person who is the owner of land as of January 1, 1982, that—
(A) is within the boundaries of the refuge and contains a structure, suitable for use as a personal residence, that was located on the land on January 1, 1982; and
(B) in the judgment of the Secretary the United States should acquire a fee simple interest therein;
the Secretary shall first offer to acquire the land subject to a life use, or, at the option of the owner, to an extended use reservation for a shorter term of years, subject to such terms and conditions as the Secretary deems necessary or appropriate to insure that the land will be used in a manner that is compatible with the purposes for which the refuge is established.
(2) Acquisition of land subject to life uses or other extended use reservations under paragraph (1) shall be made on the basis of the fair market value of the land and improvements thereon at the time...
of acquisition less 1 per centum of such value for each year of the reservation. The term of life uses shall be calculated on an actuarial basis.

(c) With respect to land within the boundaries of the refuge other than land described in subsection (b), the Secretary, in order to lessen the impact of Federal question on the present owners, shall give special consideration to providing for extended use reservations to the extent compatible with the purposes for which the refuge is established.

(d) Any owner of property within the refuge may offer to sell his property to the Secretary for the amount determined by the Jefferson County assessor to be the assessed value of the property as of the date that the offer is tendered. Prior to two years after Congress has appropriated funds to the Secretary to make purchases under this Act, the Secretary may immediately purchase such properties pursuant to such offers, may tender immediate payment for such properties, and may take immediate possession of such properties, in order to accommodate such owners. Any purchase made pursuant to this section shall not be subject to the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policy Act of 1970 (42 U.S.C. 4601-4655).

(e) Prior to two years after Congress has appropriated funds to the Secretary to make purchases under this Act, the Secretary shall not acquire any of the property within the refuge by exercising the power of eminent domain except as may be necessary to control public access to concentrated nesting sites within the refuge.

SEC. 5. The Secretary shall establish the refuge by publication of a notice to that effect in the Federal Register at such time as he determines that lands, waters, and interests therein sufficient to constitute an efficiently administrable refuge have been acquired. The Secretary may make such minor revisions in the boundaries of the refuge as may be appropriate to carry out the provisions of this Act.

SEC. 6. Prior to the establishment of the refuge and thereafter, the Secretary shall administer the lands, waters, and interests therein acquired for the refuge in accordance with the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-ee). The Secretary may utilize such additional statutory authority as may be available to him for the conservation and development of wildlife and natural resources, the development of outdoor recreation opportunities compatible with the wildlife resources, and interpretive education as he deems appropriate to carry out the purposes of the refuge.

SEC. 7. Beginning October 1, 1982, there are authorized to be appropriated $4,000,000 for acquisition of lands and waters, and interests therein, for the refuge.

SEC. 8. In consideration of the prior transfer of certain properties now in the San Juan National Wildlife Refuge by the Washington State Parks and Recreation Commission to the Department of the Interior, the Secretary of the Interior shall transfer all ownership, jurisdiction, and control over the Jones Island National Wildlife Refuge to the State of Washington.
Refuge, more particularly described as section 10, tract B; section 11, tract A, lots 1, 2, and 3; section 14, tract C, lots 1 to 5 inclusive, and the northeast quarter of the northwest quarter, all of township 36 north, range 3 west, Willamette Meridian, all in the State of Washington, to the State of Washington for use as a public recreation area to be managed in accordance with the applicable laws of the State of Washington.

97th Congress

An Act
Relating to the establishment of a permanent boundary for that portion of the Acadia National Park as lies within the town of Isle au Haut, Maine.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress finds that—

(1) there are significant scenic, educational, natural, and cultural resources in the town of Isle au Haut, Maine;
(2) due to the isolated location and traditional resource-based economy of the town's island community, these resources are fragile and deserving of conservation and protection through both public and private efforts; and
(3) both residents of the town and visitors to the Acadia National Park will benefit from the establishment of a permanent boundary for the park and the management of parklands on a limited entry, low intensity basis.

Sec. 2. Notwithstanding any other provision of law, the permanent boundary of Acadia National Park lying within the town of Isle au Haut, Maine, is hereby established to include only those lands and interests therein as are depicted on the map entitled "Boundary Map, Acadia National Park, Town of Isle au Haut, Maine", numbered 123–80003 and dated October 1981, which map is on file and available for public inspection in the offices of the Department of the Interior and at the Registry of Deeds for Hancock and Knox Counties, Maine.

Sec. 3. (a) Within the boundary established by section 2, and as indicated on the map referenced therein, the Secretary of the Interior (hereinafter referred to as "the Secretary") is authorized to acquire lands and interests therein by donation or exchange. The Secretary is authorized and directed to acquire by donation, purchase with donated or appropriated funds, or exchange the tract known as the Hamilton lot in Duck Harbor. No later than one hundred and eighty days from enactment hereof, the Secretary shall convey to the town of Isle au Haut all right, title and interest of the United States in and to those lands under the jurisdiction of the Secretary which lie outside the boundary established by section 2 and within the town of Isle au Haut, subject only to such covenants running with the land as the Secretary and the town agree are necessary to preserve the general character of such lands, which shall include covenants to maintain forever in their natural condition (excepting the cutting of fire trails and the extinguishment of fires) lands above three hundred feet above the mean high water level: Provided, however, That such covenants with respect to lands above three hundred feet and below four hundred feet shall permit the gathering and removal of dead and fallen timber.

(b) Notwithstanding any other provisions of this Act, the Secretary is also authorized to accept by donation, as a coholder for enforcement purposes only, a limited enforcement interest in con-
servation easements on lands outside the boundary established by section 2 hereof and within the town of Isle au Haut which may from time to time be donated to the Isle au Haut Land Conservation Trust, a trust established under the laws of the State of Maine. The Superintendent of Acadia National Park is hereby authorized to serve as an ex officio trustee of such trust.

Sec. 4. (a) The management and use of parklands on Isle au Haut shall not interfere with the maintenance of a viable local community with a traditional resource-based economy outside the boundary of the park. To the maximum extent practicable, no development or plan for the convenience of park visitors shall be undertaken which would be incompatible with the preservation of the flora and fauna or the physiographic conditions now prevailing, and every effort shall be exerted to maintain and preserve this portion of the park in as nearly its present state and condition as possible. In recognition of the special fragility and sensitivity of the park’s resources, visitation shall be strictly limited to assure negligible adverse impact on such resources, to conserve the character of the town and to protect the quality of the visitor experience.

(b) In furtherance of the purpose of subsection (a) of this section, the Secretary shall prepare a report establishing carrying capacities for the Isle au Haut portion of Acadia National Park. The report shall be prepared and the carrying capacities established with public participation and in consultation with the town of Isle au Haut and other interested parties.

(c) The Secretary shall transmit the report to the Energy and Natural Resources Committee of the Senate and the Interior and Insular Affairs Committee of the House of Representatives no later than six months from the date of enactment of this Act. The Secretary shall begin implementing the carrying capacities contained in the report sixty days after the report has been transmitted to the committees.

(d) Carrying capacities established pursuant to this section shall be reviewed, and if necessary revised, every five years. Any revision in such carrying capacity shall be made in accordance with the procedures set forth in subsections (b) and (c) of this section.

(e) Until such time as a carrying capacity limitation is established and implemented pursuant to subsections (b) and (c) of this section, the Secretary shall take such temporary measures as are necessary to assure that visitation does not exceed the average annual visitation for the period 1979 to 1981.
SEC. 5. There are hereby authorized to be appropriated after October 1, 1982, such sums as may be necessary to carry out the provisions of this Act.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That subject to the requirements provided in section 2 of this Act, the Secretary of the Interior is authorized to reconsider and act upon trade and manufacturing claim application A-056802, comprising approximately 16.33 acres in the State of Alaska, under section 10 of the Act of May 14, 1898 (30 Stat. 413, as amended and supplemented, 43 U.S.C. 687a), without regard to the eighty-rod limitation contained in the first proviso of that section. The land comprising trade and manufacturing claim A-056802 is located between Nuyakuk and Tikchik Lakes in protracted section 36, T. 2 S., R. 54 W., Seward meridian.

Sec. 2. Notwithstanding the payment provisions in section 10 of the Act of May 14, 1898, the Secretary of the Interior shall require payment of fair market value for the approximately 6.27 acres authorized to be conveyed under this Act in excess of the approximately 10.06 acres to which the Secretary has determined the applicant would have been entitled under section 10, had the eighty-rod limitation therein been applicable. Fair market value shall be determined by the Secretary as of the date of filing of such trade and manufacturing claim application A-056802, and shall not include the value of any enhancement of the land.

Sec. 3. The Secretary of the Interior shall not convey any land under this Act unless and until the State of Alaska conveys to the United States all right, title, and interest that it has in that portion...
of the land included in trade and manufacturing claim application A-056802 that has been selected under the Alaska Statehood Act of July 7, 1958 (72 Stat. 339, as amended), and tentatively approved, and warrants that it has not alienated or conveyed any interests in these lands to a third party. Joint Resolution

To provide for the designation of the week of December 12, 1982, through December 18, 1982, as "National Drunk and Drugged Driving Awareness Week".

Whereas traffic accidents cause more violent deaths in the United States than any other cause, over fifty thousand in 1980;
Whereas traffic accidents also play a substantial role in serious injuries in this country;
Whereas between 40 and 55 per centum of drivers who are fatally injured have alcohol concentrations in their blood above the legal limit and this figure rises to 55 to 65 per centum in single vehicle crashes;
Whereas the total societal cost of drunk driving has been estimated anywhere from $5,000,000,000 to $25,000,000,000 a year, which does not include the human suffering that can never be measured;
Whereas there are increasing reports of driving after drug use and accidents involving drivers who have used marihuana or other illegal drugs;
Whereas more research is needed on the effects of drugs on driving ability and their impact on the incidence of traffic accidents, either alone or in combination with alcohol;
Whereas an increased public awareness of the gravity of the problem of drugged driving may warn drug users to refrain from driving and may stimulate interest in increased research on the effects of drugs on driving ability and the incidence of traffic accidents;
Whereas the public, particularly through the work of citizens groups such as Mothers Against Drunk Driving (MADD) and Remove Intoxicated Drivers (RID), is demanding a solution to the problem of drunk driving;
Whereas the President has appointed a Commission on Drunk Driving to heighten public awareness and stimulate the pursuit of solutions;
Whereas many States have appointed task forces to examine the existing drunk driving program and make recommendations for a renewed, comprehensive approach;
Whereas an increase in the national awareness of the problem of drunk and drugged driving may help to sustain current efforts to develop comprehensive solutions at the State and local levels; and
Whereas the Christmas and New Year's holiday period, with more drivers on the roads and an increased number of social functions, is a particularly appropriate time to focus national attention on this critical problem: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week of December 12, 1982, through December 18, 1982, is designated as "National Drunk and Drugged Driving Awareness Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe that week with appropriate activities.

Public Law 97-348  
97th Congress  

An Act  

To protect and conserve fish and wildlife resources, and for other purposes.  

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,  

SECTION 1. SHORT TITLE.  
This Act may be cited as the "Coastal Barrier Resources Act".  

SEC. 2. FINDINGS AND PURPOSE.  
(a) FINDINGS.—The Congress finds that—  
(1) coastal barriers along the Atlantic and Gulf coasts of the United States and the adjacent wetlands, marshes, estuaries, inlets and nearshore waters provide—  
(A) habitats for migratory birds and other wildlife; and  
(B) habitats which are essential spawning, nursery, nesting, and feeding areas for commercially and recreationally important species of finfish and shellfish, as well as other aquatic organisms such as sea turtles;  
(2) coastal barriers contain resources of extraordinary scenic, scientific, recreational, natural, historic, archeological, cultural, and economic importance; which are being irretrievably damaged and lost due to development on, among, and adjacent to, such barriers;  
(3) coastal barriers serve as natural storm protective buffers and are generally unsuitable for development because they are vulnerable to hurricane and other storm damage and because natural shoreline recession and the movement of unstable sediments undermine manmade structures;  
(4) certain actions and programs of the Federal Government have subsidized and permitted development on coastal barriers and the result has been the loss of barrier resources, threats to human life, health, and property, and the expenditure of millions of tax dollars each year; and  
(5) a program of coordinated action by Federal, State, and local governments is critical to the more appropriate use and conservation of coastal barriers.  

(b) PURPOSE.—The Congress declares that it is the purpose of this Act to minimize the loss of human life, wasteful expenditure of Federal revenues, and the damage to fish, wildlife, and other natural resources associated with the coastal barriers along the Atlantic and Gulf coasts by restricting future Federal expenditures and financial assistance which have the effect of encouraging development of coastal barriers, by establishing a Coastal Barrier Resources System, and by considering the means and measures by which the long-term conservation of these fish, wildlife, and other natural resources may be achieved.  

SEC. 3. DEFINITIONS.  
For purposes of this Act—
(1) The term "undeveloped coastal barrier" means—
   (A) a depositional geologic feature (such as a bay barrier, tombolo, barrier spit, or barrier island) that—
      (i) consists of unconsolidated sedimentary materials,
      (ii) is subject to wave, tidal, and wind energies, and
      (iii) protects landward aquatic habitats from direct wave attack; and
   (B) all associated aquatic habitats, including the adjacent wetlands, marshes, estuaries, inlets, and nearshore waters; but only if such feature and associated habitats (i) contain few manmade structures and these structures, and man’s activities on such feature and within such habitats, do not significantly impede geomorphic and ecological processes, and (ii) are not included within the boundaries of an area established under Federal, State, or local law, or held by a qualified organization as defined in section 170(h)(3) of the Internal Revenue Code of 1954, primarily for wildlife refuge, sanctuary, recreational, or natural resource conservation purposes.

(2) The term "Committees" refers to the Committee on Merchant Marine and Fisheries of the House of Representatives and the Committee on Environment and Public Works of the Senate.

(3) The term "financial assistance" means any form of loan, grant, guaranty, insurance, payment, rebate, subsidy, or any other form of direct or indirect Federal assistance other than—
   (A) general revenue-sharing grants made under section 102 of the State and Local Fiscal Assistance Amendments of 1972 (31 U.S.C. 1221);
   (B) deposit or account insurance for customers of banks, savings and loan associations, credit unions, or similar institutions;
   (C) the purchase of mortgages or loans by the Government National Mortgage Association, the Federal National Mortgage Association, or the Federal Home Loan Mortgage Corporation;
   (D) assistance for environmental studies, planning, and assessments that are required incident to the issuance of permits or other authorizations under Federal law; and
   (E) assistance pursuant to programs entirely unrelated to development, such as any Federal or federally assisted public assistance program or any Federal old-age survivors or disability insurance program.

Effective date.

Effective October 1, 1983, such term includes flood insurance described in section 1321 of the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4028).

(4) The term "Secretary" means the Secretary of the Interior.

SEC. 4. THE COASTAL BARRIER RESOURCES SYSTEM.

entitled "Coastal Barrier Resources System", numbered A01 through T12, and dated September 30, 1982.

(2) Any person or persons or other entity owning or controlling land on an undeveloped coastal barrier, associated landform or any portion thereof not within the Coastal Barrier Resources System established under paragraph (1) may, within one year after the date of enactment of this Act, elect to have such land included within the Coastal Barrier Resources System. This election shall be made in compliance with regulations established for this purpose by the Secretary not later than one hundred and eighty days after the date of enactment of this Act; and, once made and filed in accordance with the laws regulating the sale or other transfer of land or other real property of the State in which such land is located, shall have the same force and effect as if such land had originally been included within the Coastal Barrier Resources System.

(b)(1) As soon as practicable after the enactment of this Act, the maps referred to in paragraph (1) of subsection (a) shall be filed with the Committees by the Secretary, and each such map shall have the same force and effect as if included in this Act, except that correction of clerical and typographical errors in each such map may be made. Each such map shall be on file and available for public inspection in the Office of the Director of the United States Fish and Wildlife Service, Department of the Interior, and in other appropriate offices of the Service.

(2) As soon as practicable after the date of the enactment of this Act, the Secretary shall provide copies of the maps referred to in paragraph (1) of subsection (a) to the chief executive officer of (A) each State and county or equivalent jurisdiction in which a system unit is located, (B) each State coastal zone management agency in those States which have a coastal zone management plan approved pursuant to section 306 of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455) and in which a system unit is located, and (C) each appropriate Federal agency.

(c) BOUNDARY MODIFICATIONS.—(1) Within 180 days after the date of enactment of this Act, the Secretary may make such minor and technical modifications to the boundaries of system units as depicted on the maps referred to in paragraph (1) of subsection (a) as are consistent with the purposes of this Act and necessary to clarify the boundaries of said system units; except that, for system units within States which have, on the date of enactment, a coastal zone management plan approved pursuant to section 306 of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455)—

(A) each appropriate State coastal zone management agency may, within 90 days after the date of enactment of this Act, submit to the Secretary proposals for such minor and technical modifications; and

(B) the Secretary may, within 180 days after the date of enactment of this Act, make such minor and technical modifications to the boundaries of such system units.

Joint Resolution

To designate the month of November 1982 as “National Christmas Seal Month”.

Whereas chronic diseases of the lung afflict well over eighteen million Americans, cause more than two hundred thousand deaths annually, and cost the Nation more than $45,000,000,000 each year in lost wages, productivity, and in direct costs of medical care;

Whereas diseases such as emphysema, chronic bronchitis, and lung cancer are responsible for three hundred and forty thousand premature deaths a year;

Whereas lung cancer is shortly expected to surpass breast cancer as a cause of death in American women, emphysema and other chronic obstructive pulmonary diseases have been the fastest rising cause of death in the United States in the last fourteen years, and over six million Americans, including two million children, suffer from asthma;

Whereas the American Lung Association, the Nation’s first voluntary health organization providing services to communities with funds raised through private contributions, was founded in 1904 to combat tuberculosis when this lung disease was known in nearly every American family;

Whereas tuberculosis has been subdued, though not eradicated, and in this one hundredth anniversary year of the discovery of the tubercle bacillus, the American Lung Association, with other national and international health organizations, is pledged to eliminate tuberculosis from this country in the next decade; and

Whereas the American Lung Association now uses Christmas Seal dollars to support pulmonary research, advanced education of doctors and nurses in pulmonary medicine, and to provide services to thousands of Americans in their own communities: Now, therefore, be it
Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the month of November 1982 is designated as "National Christmas Seal Month" and the President of the United States is authorized and requested to issue a proclamation calling upon all government agencies and the people of the United States to observe the month with appropriate activities supporting the Christmas Seal program.

"(b) Any person who is—

"(1) an owner of improved property described in section 11(a)(2) which is situated within the area designated for inclusion in the lakeshore on the date of its acquisition by the Secretary; or

"(2) an occupier of improved property described in section 11(a)(2) which is situated within the area designated for inclusion in the lakeshore on the date of its acquisition by the Secretary, in situations where the fee ownership of such improved property has been heretofore acquired by the United States (whether by donation, purchase, condemnation, exchange or otherwise);

may retain, for a term not to exceed twenty-five years from January 1, 1973, or for a term ending on the death of such owner or occupier, the right of use or occupancy of such property for any residential purpose which is not incompatible with the purposes of this Act or which does not impair the usefulness and attractiveness of the area designated for inclusion. Such owner or occupier must notify the Secretary of any intention to exercise such option within 60 days after receipt of the notice referred to in section 11(c)(3). In situations where the United States has not heretofore acquired fee title to the improved property, the Secretary shall pay to the owner the value of the property on the date of such acquisition, less the value on such date of the right retained by the owner. "(c) Any deed or other instrument used to transfer title to property, with respect to which a right of use and occupancy is retained under this section, and any instrument evidencing any right of use and occupancy retained by any occupier under this section, shall provide that such property shall not be used for any purpose which is incompatible with purposes of this Act, or which impairs the usefulness and attractiveness of such area, and if it should be so
used, that the Secretary may terminate such right. In the event
the Secretary exercises his power of termination under this subsec-
tion he shall pay to the owner of the right terminated an amount
equal to the value of that portion of such right which remained
unexpired on the date of such termination.

"(d)(1) Any owner or occupier of improved property who retains a
right of use and occupancy under subsection (b) may convey or lease
such right during its existence to a member of such owner or
occupier's immediate family for noncommercial residential purposes
which are not incompatible with the purposes of this Act and which
do not impair the usefulness and attractiveness of the area desig-
nated for inclusion.

"(2) Any owner or occupier of improved property who has retained
a right of use and occupancy under subsection (b) may terminate
such right at any time, and the Secretary shall pay, within 120 days
after the date of such termination, to the owner of the right termi-
nated an amount equal to the value of that portion of such right
which remained unexpired on the date of such termination.

"(3) As used in this Act, the term 'member of the immediate

Act is amended to read as follows:

"Sec. 11. (a) As used in this Act, the term 'improved property'
means a detached, one-family dwelling, construction of which—

"(1) was begun before December 31, 1964, or

"(2) for the purposes of section 10(b) or 10(d), was begun on or
after December 31, 1964, and before October 21, 1970, and has
been openly and continuously used, at least during the summer
months of each year when similar dwellings in the area are
used, as a residential dwelling since such construction was
completed, and with respect to the portion of such period after
any acquisition of such property by the United States, by the
owner, or a member of the immediate family of the owner, of
such dwelling on the date of such acquisition,

together with so much of the land on which the dwelling is situated,
such land being in the same ownership as the dwelling, as the
Secretary shall designate to be reasonably necessary for the enjoy-
ment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling
which are situated on the lands so designated. The amount of land
so designated shall in every case be at least three acres in area, or
all of such lesser acreage as may be held in the same ownership as
the dwelling, and in making such designation the Secretary shall
take into account the manner of noncommercial residential use in
which the dwelling and land have customarily been enjoyed.

"(b) The Secretary may exclude from the land designated under
subsection (a) any beach or waters on Lake Michigan, together with
so much of the land adjoining any such beach or waters as the
Secretary may deem necessary for public access thereto. If the
Secretary makes such exclusion, an appropriate buffer zone shall be
provided between any residence and the public access or beach.

"(c)(1) The Secretary may exclude from the category of 'improved
property' under this Act any property described in subsection (a)(2)
which the Secretary determines is in an area required for public use
or development in the immediate future. In making any such deter-
nmination the Secretary shall take into account the proximity of such
property to any other improved property, the development or public use of the lakeshore and the related timetable therefor, and the anticipated availability in the immediate future of funds related to such development or public use.

“(2)(A) With respect to any improved property, as defined in subsection (a)(2), with respect to which the occupier has retained a right of use and occupancy under section 10(b), the Secretary may terminate such right 90 days after notifying in writing the occupier, if the Secretary determines that such improved property is needed for public use or development under this Act. In making any such determination the Secretary shall take into account the proximity of such property to any other improved property, the development or public use requirements of the lakeshore and related timetable therefor, and the current availability of funds for the proposed public use or development.

“(B) The Secretary shall pay to the owner of the right terminated an amount equal to the value of that portion of such right which remained unexpired on the date of such termination.

“(3)(A) The Secretary must, within 60 days after the date of enactment of this subsection, notify in writing any owner or occupier of property described in subsection (a)(2) that an option to retain rights with respect to such property exists under section 10(b), whether such property shall be subject to any action by the Secretary under paragraph (1) of this subsection, the nature of such proposed action, the reasons for such proposed action, and the contemplated timetable therefor.

“(B) With respect to any proposed action to be taken under paragraph (2) of this subsection, if the Secretary determines within 60 days after the date of enactment of this subsection, after taking into account timetable and funding projections, that, consistent with the General Management Plan dated October 1979, public use or development is anticipated before 1998 for an area containing any improved property described in subsection (a)(2), the Secretary shall include notice of such determination in any notification under subparagraph (A) of this paragraph. Any failure of the Secretary to so notify an occupier pursuant to this subparagraph shall not preclude the Secretary from taking action under paragraph (2) at some future date.”.

If the Secretary is unable to effect such an exchange, such lands may be offered for sale to the person who owned such lands immediately before their acquisition by the Secretary. If such previous owner declines such offer, the Secretary may sell such lands to any buyer. Proceeds from any sale under this
subsection shall be credited to the account established under section 17 of this Act.

"(c) The Secretary is authorized to obtain and administer, according to the provisions of this section, as a part of the lakeshore as Resource Preservation Areas certain interests in the following lands:

If the Secretary has not exercised such right within 90 days, the owner may transfer such interest.

"(4) Condemnation may be used with respect to any lands described in subsection (c) only—

"(B) to purchase fee title or such lesser interest as may be sufficient to prevent significant damage to the scenic, soil, or water resources of the lakeshore. If the Secretary determines that such attempts have failed, the Secretary shall notify in writing the owner of the property involved of the proposed action to be taken under this subparagraph and the Secretary shall seek an injunction to prevent such resource damage. The Secretary may at any time, and if an injunction is granted under this subparagraph the Secretary shall within 30 days after the date of such injunction, send in writing to the owner of the property the Secretary's best and final offer for the purchase of such property. "(c) No State may receive grants under this section in more than three fiscal years. The Federal share payable for any grant under this section shall not exceed—

"(d) (1) Subject to subsection (c), the amount of a basic grant made under this section for any fiscal year to any State which is eligible for such a grant under subsection (e)(1) shall equal 30 per centum of the amount apportioned to such State for fiscal year 1983 under section 402 of this title.

"(2) Subject to subsection (c), the amount of a supplemental grant made under this section for any fiscal year to any State which is eligible for such a grant under subsection (e)(2) shall not exceed 20

97th Congress  

An Act  
To establish a White House Conference on Productivity.  

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,  

SHORT TITLE  
SEC. 101. This Act may be cited as the "White House Conference on Productivity Act".  

FINDINGS  
SEC. 102. The Congress finds that—  
(1) the United States traditional annual productivity improvement rate of approximately 3 per centum has fallen drastically in recent years to a negative one-half of 1 per centum;  
(2) if our traditional productivity improvement rate has been maintained, the average household would have received nearly $5,500 in additional real income each year;  
(3) the decline in productivity has inflated the cost of goods and services produced in the United States relative to the goods and services of nations with higher productivity rates;  
(4) improved productivity will enhance our international competitiveness, which will expand foreign market opportunities and jobs;  
(5) productivity improvement can be restored in the United States through the application of policies and management techniques which have brought substantial productivity gains on a broad scale in other countries and in some businesses within the United States;  
(6) when adequate protections are provided, productivity improvement techniques can bring great benefits to labor as well as management; and  
(7) the United States must act immediately to reverse our productivity decline and to restore our annual productivity improvement.  

DEFINITIONS  
SEC. 103. For purposes of this Act—  
(1) the term "Conference" means the White House Conference on Productivity;  
(2) the term "Director" means a Director of the White House Conference on Productivity who shall be appointed by the Secretary of Commerce and who shall be paid at the rate of basic pay provided for level V of the Executive Schedule pursuant to section 5316 of title 5, United States Code;  
(3) the term "productivity" means output per paid employee hour of all employees in the private sector; and
(4) the term "State" includes the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, the Trust Territory of the Pacific Islands, and the Northern Mariana Islands.

ESTABLISHMENT AND DUTIES OF THE WHITE HOUSE CONFERENCE ON PRODUCTIVITY

SEC. 104. (a) The President shall conduct a White House Conference on Productivity (hereinafter referred to as the "Conference") not later than one year after the date of enactment of this Act in order to develop recommendations to stimulate the Nation's productivity improvement rate.

(b) For the purpose of ascertaining facts and developing recommendations concerning the improvement of productivity, the Conference shall bring together individuals who are experts in the field of productivity, employees, and representatives of business, associations, labor organizations, academic institutions, and Federal, State, and local government.

(c) The Conference shall consider the following policy options with regard to their role in improving national productivity:

1. reorganization of the Federal Government so that it can best promote productivity improvement in the private and public sectors;

2. bringing to the attention of American businesses, labor organizations, and Government officials the benefits which result from implementing productivity improvement techniques;

3. improving the general training and skill level of American labor;

4. redirecting Government efforts to inform American businesses of foreign technological developments;

5. encouraging Government agencies to share with industry new discoveries and processes that improve productivity;

6. establishing annual Presidential awards of recognition for those businesses and industries which accomplish outstanding improvement in productivity and establishing similar awards at the State and district levels;

7. revising the tax laws to encourage companies to take actions to improve productivity;

8. reviewing the effect of the antitrust laws on efforts to improve productivity;

9. reviewing the patent laws to determine if changes are needed to encourage more productive use of American patents;

10. improving the accuracy and reliability of data gathered by the Bureau of the Census and other Government statistical collection centers which measure American productivity; and

11. revising Federal civil service laws to improve the productivity of Government workers and encouraging similar action at State and local levels.

REPORT OF THE CONFERENCE

SEC. 105. A final report of the Conference on Productivity shall be submitted to the President not later than one hundred and twenty days following the date on which the Conference is called and the findings and recommendations included therein shall be immediately
made available to the public. The President shall, within one hundred and twenty days after submission of such final report, transmit to the Congress his recommendations for the administrative action and legislation necessary to implement recommendations contained in such report with which he concurs.

**ADMINISTRATION**

Sec. 106. (a) In administering this Act, the Director shall—

1. request the cooperation and assistance of the Office of Management and Budget and the Departments of Labor and the Treasury and such other Federal departments and agencies as may be appropriate in carrying out the provisions of this Act;

2. render all reasonable assistance, including financial assistance to groups and organizations which are conducting district, State, or regional productivity conferences in preparation for the Conference;

3. prepare and make available background materials for the use of delegates to the Conference which are deemed necessary, and prepare and distribute any report of the Conference as may be necessary and appropriate;

4. engage such additional personnel as may be necessary to carry out the provisions of this Act without regard to the provisions of title 5, United States Code, governing appointments in the competitive service, and without regard to chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates; and

Sec. 161. The Nation's economy is entering the seventeenth month of a severe recession, with few signs of recovery:

Nearly twenty million people are underemployed or unemployed due to this recession;

Our Nation's steel, auto and housing industries and our agricultural sector remain mired in a depression;

Given the current underutilization of both labor and capital, lower interest rates will not rekindle inflation;

Lower interest rates are the key to higher employment, higher production and sustained economic growth; therefore, be it declared that it is the Sense of the Congress that: In recent months, the Board of Governors of the Federal Reserve and the Federal Open Market Committee have made a significant contribution to the lower interest rates without rekindling inflation, and that, with due regard for controlling inflation so as not to have an opposite effect of driving interest rates upward, they should continue to take such actions as are necessary to achieve and maintain a level of interest rates low enough to generate significant economic growth and thereby reduce the current intolerable level of unemployment.

Sec. 162. For an additional amount for “Employment and training assistance”, $25,000,000, which shall be for carrying out title III of the Job Training Partnership Act (Public Law 97-300).

Sec. 164. Notwithstanding any other provision of this joint resolution, $94,000 is appropriated to the United States Fish and Wildlife Service, “Resource Management”.

An Act

To permit Indian tribes to enter into certain agreements for the disposition of tribal mineral resources, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Indian Mineral Development Act of 1982".

Sec. 2. For the purposes of this Act, the term—
(1) "Indian" means any individual Indian or Alaska Native who owns land or interests in land the title to which is held in trust by the United States or is subject to a restriction against alienation imposed by the United States;
(2) "Indian tribe" means any Indian tribe, band, nation, pueblo, community, rancheria, colony, or other group which owns land or interests in land title to which is held in trust by the United States or is subject to a restriction against alienation imposed by the United States; and
(3) "Secretary" means the Secretary of the Interior.

Sec. 3. (a) Any Indian tribe, subject to the approval of the Secretary and any limitation or provision contained in its constitution or charter, may enter into any joint venture, operating, production sharing, service, managerial, lease or other agreement, or any amendment, supplement or other modification of such agreement (hereinafter referred to as a "Minerals Agreement") providing for the exploration for, or extraction, processing, or other development of, oil, gas, uranium, coal, geothermal, or other energy or nonenergy mineral resources (hereinafter referred to as "mineral resources") in which such Indian tribe owns a beneficial or restricted interest, or providing for the sale or other disposition of the production or products of such mineral resources.

(b) Any Indian owning a beneficial or restricted interest in mineral resources may include such resources in a tribal Minerals Agreement subject to the concurrence of the parties and a finding by the Secretary that such participation is in the best interest of the Indian.

Sec. 4. (a) The Secretary shall approve or disapprove any Minerals Agreement submitted to him for approval within (1) one hundred and eighty days after submission or (2) sixty days after compliance, if required, with section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)) or any other requirement of Federal law, whichever is later. Any party to such an agreement may enforce the provisions of this subsection pursuant to section 1361 of title 28, United States Code.

(b) In approving or disapproving a Minerals Agreement, the Secretary shall determine if it is in the best interest of the Indian tribe or of any individual Indian who may be party to such agreement and shall consider, among other things, the potential economic return to the tribe; the potential environmental, social, and cultural effects on the tribe; and provisions for resolving disputes that may arise
between the parties to the agreement: Provided, That the Secretary shall not be required to prepare any study regarding environmental, socioeconomic, or cultural effects of the implementation of a Minerals Agreement apart from that which may be required under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)).

(c) Not later than thirty days prior to formal approval or disapproval of any Minerals Agreement, the Secretary shall provide written findings forming the basis of his intent to approve or disapprove such agreement to the affected Indian tribe. Notwithstanding any other law, such findings and all projections, studies, data or other information possessed by the Department of the Interior regarding the terms and conditions of the Minerals Agreement, the financial return to the Indian parties thereto, or the extent, nature, value or disposition of the Indian mineral resources, or the production, products or proceeds thereof, shall be held by the Department of the Interior as privileged proprietary information of the affected Indian or Indian tribe.

(d) The authority to disapprove agreements under this section may only be delegated to the Assistant Secretary of the Interior for Indian Affairs. The decision of the Secretary or, where authority is delegated, of the Assistant Secretary of the Interior for Indian Affairs, to disapprove a Minerals Agreement shall be deemed a final agency action. The district courts of the United States shall have jurisdiction to review the Secretary's disapproval action and shall determine the matter de novo. The burden is on the Secretary to sustain his action.

(e) Where the Secretary has approved a Minerals Agreement in compliance with the provisions of this Act and any other applicable provision of law, the United States shall not be liable for losses sustained by a tribe or individual Indian under such agreement: Provided, That the Secretary shall continue to have a trust obligation to ensure that the rights of a tribe or individual Indian are protected in the event of a violation of the terms of any Minerals Agreement by any other party to such agreement: Provided further, That nothing in this Act shall absolve the United States from any responsibility to Indians, including those which derive from the trust relationship and from any treaties, Executive orders, or agreement between the United States and any Indian tribe.

Sec. 5. (a) the Secretary shall review, within ninety days of enactment of this Act, any existing Minerals Agreement, which does not purport to be a lease, entered into by any Indian tribe and approved by the Secretary after January 1, 1975, but prior to enactment of this Act, to determine if such agreement complies with the purposes of this Act. Such review shall be limited to the terms of the agreement and shall not address questions of the parties' compliance therewith. The Secretary shall notify the affected tribe and other parties to the agreement of any modifications necessary to bring an agreement into compliance with the purposes of this Act. The tribe and other parties to such agreement shall within ninety days after notice make such modifications. If such modifications are not made within ninety days, the provisions of this Act may not be used as a defense in any proceeding challenging the validity of the agreement.

(b) The review required by subsection (a) of this section may be performed prior to the promulgation of regulations required under section 8 of this Act and shall not be considered a Federal action.
within the meaning of that term in section 102(2)(C) of the National Environmental Protection Act of 1969 (42 U.S.C. 4322(2)(C)).

Sec. 6. Nothing in this Act shall affect, nor shall any Minerals Agreement approved pursuant to this Act be subject to or limited by, the Act of May 11, 1938 (52 Stat. 347; 25 U.S.C. 396a et seq.), as amended, or any other law authorizing the development or disposition of the mineral resources of an Indian or Indian tribe.

Sec. 7. In carrying out the obligations of the United States, the Secretary shall ensure that upon the request of an Indian tribe or individual Indian and to the extent of his available resources, such tribe or individual Indian shall have available advice, assistance, and information during the negotiation of a Minerals Agreement. The Secretary may fulfill this responsibility either directly through the use of Federal officials and resources or indirectly by providing financial assistance to the Indian tribe or individual Indian to secure independent assistance.

Sec. 8. Within one hundred and eighty days of the date of enactment of this Act, the Secretary of the Interior shall promulgate rules and regulations to facilitate implementation of this Act. The Secretary shall, to the extent practicable, consult with national and regional Indian organizations and tribes with expertise in mineral development both in the initial formulation of rules and regulations and any future revision or amendment of such rules and regulations. Where there is pending before the Secretary for his approval a Minerals Agreement of the type authorized by section 3 of this Act which was submitted prior to the enactment of this Act, the Secretary shall evaluate and approve or disapprove such agreement based upon section 4 of this Act, but shall not withhold or delay such approval or disapproval on the grounds that the rules and regulations implementing this Act have not been promulgated.

Sec. 9. Nothing in this Act shall impair any right of an Indian tribe organized under section 16 or 17 of the Act of June 18, 1934 (48 Stat. 987), as amended, to develop their mineral resources as may be provided in any constitution or charter adopted by such tribe pursuant to that Act.

(2) with respect to the national forest lands in the State of Indiana which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II), that review and evaluation shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewable Resources Planning Act of 1974 as amended by the National Forest Management Act of
1976 (Public Law 94-588) to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revision of the initial plans and in no case prior to the date established by law for completion of the initial planning cycle;

(3) areas in the State of Indiana reviewed in such final environmental statement and not designated as wilderness by this Act shall be managed for multiple use pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 as amended by the National Forest Management Act of 1976; and

(4) unless expressly authorized by Congress the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of national forest system lands in the State of Indiana for the purpose of determining their suitability for inclusion in the National Wilderness Preservation System.

Sec. 5. As soon as practicable after enactment of this Act, maps and legal descriptions of the Wilderness Area shall be filed with the Committees on Agriculture and Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the Senate, and such maps and legal descriptions shall have the same force and effect as if included in this Act: Provided, however, That corrections of clerical and typographical errors in such legal descriptions and maps may be made.

TITLE II—MARINE MAMMAL PROTECTION

SEC. 201. Section 14 of the North Pacific Fisheries Act of 1954 (16 U.S.C. 1034) is amended to read as follows:

"Sec. 14. (a)(1) The Secretary of Commerce is directed to take such actions as are necessary and appropriate to determine the effect of the Japanese salmon drift gillnet fishery on marine mammal populations, and to reduce or eliminate the incidental taking of marine mammals, particularly Dall's porpoise, by this fishery. Such actions shall include, but not be limited to—

"(A) the placement of duly authorized observers of the United States onboard Japanese salmon fishing and research vessels while within the Fishery Conservation Zone, for the purpose of making scientific observations and studies relating to the biology of the Dall's porpoise and the incidental taking of marine mammals, seabirds, and king salmon of North American origin;

"(B) the collection of a representative sample of biological material and data on all marine mammals incidentally taken in the fishery; and

"(C) the adoption of requirements, by permit conditions or agreement, governing the incidental taking of marine mammals by Japanese salmon fishing vessels within the Fishery Conservation Zone, which will insure that new fishing gear or tech-
niques, or both, are implemented in the North Pacific salmon fishery which will reduce porpoise mortality to the greatest extent practicable.

"(2) The introduction of new fishing gear or techniques, or both, in the fishery under paragraph (1) of this subsection shall be accomplished no later than is specified in the following timetable:

"(A) 25 per centum of the fleet by the commencement of the 1984 season;
"(B) 50 per centum of the fleet by the commencement of the 1985 season;
"(C) 75 per centum of the fleet by the commencement of the 1986 season; and
"(D) 100 per centum of the fleet in order to be eligible for a new permit for the period after June 9, 1987.

The Secretary shall have the authority to decide, based upon available fishery research, which types of fishing gear or techniques offer the most practical and effective opportunity for reducing porpoise mortality, and to specify which of these fishing gear or techniques, or both, must be implemented during the time periods specified in subparagraphs (A) through (D) of this paragraph. In addition, the National Marine Fisheries Service may require the implementation of new gear types or fishing techniques, or both, on a faster schedule if the Service determines that faster implementation is technically and economically feasible.

"(b) The General Permit issued under the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 et seq.) to the Federation of Japan Salmon Fisheries Cooperative Association on May 7, 1981 (hereinafter referred to as the `General Permit'), is extended through June 9, 1987, unless earlier terminated by the Secretary pursuant to applicable law: Provided, That—

"(1) all other provisions of the General Permit and applicable law shall remain in effect during that period;
"(2) the Secretary shall by January 1 of each year during that period prepare and make available a report covering the results of the annual review required by condition B-2 of the General Permit and a proposed action plan for the forthcoming fishing season setting forth monitoring, research and development, and any other necessary actions to assure compliance with the General Permit, resolve questions about the status and trends of marine mammals affected by the Japanese high seas and land-based salmon gillnet fisheries, and reduce the annual incidental take of marine mammals in the Fishery Conservation Zone, and shall publish a notice of availability of the report in the Federal Register. The Secretary shall, by April 30 of each year during this period, prepare and make available a report covering a final action plan and shall publish a notice of availability of the report in the Federal Register.
"(3) the Memorandum of Understanding between the Government of the United States of America and the Government of Japan dated June 3, 1981, relating to such incidental taking shall be modified or renegotiated by June 9, 1984, so as to apply to this extended period and to ensure the conduct of necessary monitoring and research and development efforts to implement the action plans described in paragraph (2) of this subsection.

"(c) The taking of marine mammals incidental to fishing operations by Japanese salmon fishing vessels within the Fishery Conservation Zone shall be regulated in accordance with the General
Permit, except that the Secretary shall take appropriate steps, including the suspension or modification of the General Permit, if the Secretary determines that the General Permit holder or certificate holders are not adhering to the conditions of the General Permit or to the conditions specified in paragraphs (a)(1)(C) and (a)(2) of this section and publishes such determination and its basis in the Federal Register.

"(d) The terms and conditions under which the General Permit is issued may be modified by the Secretary in such manner as the Secretary determines to be consistent with and necessary to carry out the purposes of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 et seq.) and this Act.

"(e) The Secretary shall ensure that any Memorandum of Understanding between the Government of Japan and the Government of the United States of America shall require no less of a commitment to marine mammal research and seabird research than that required by this section and the Memorandum of Understanding in effect on the date of enactment of the Fisheries Amendments Act of 1982.

"(f)(1) In order to assure full implementation of the provisions of this section, the Secretary shall include as a condition of such General Permit and any Memorandum of Understanding that the Government of Japan or the permit holder, shall provide—

"(A) appropriate funding each year to carry out fully a joint research program on Dall's porpoise and other marine mammals incidentally taken in the Japanese fishery; and

"(B) a full report each year on the activities undertaken by the Government of Japan and the General Permit holder relating to marine mammal research and the progress toward the elimination of the incidental taking of marine mammals in the fishery.

"(2) If the Secretary finds that such research cannot be successfully conducted because of a lack of adequate funding by the Government of Japan or the General Permit holder the Secretary shall immediately suspend the General Permit until such time as adequate funding is provided.

Nothing in this section shall apply to any new electric power plant using natural gas produced from the Prudhoe Bay Unit of Alaska.

Sec. 318. Section 21 of the Act entitled "An Act to promote the mining of coal, phosphate, oil, oil shale, gas, and sodium on the public domain", approved February 25, 1920 (41 Stat. 437, as amended; 30 U.S.C. 241), is further amended by adding the following new subsections:

"(o)(1) The Secretary may within the State of Colorado lease to the holder of the Federal oil shale lease known as Federal Prototype Tract C—an additional lands necessary for the disposal of oil shale wastes and the materials removed from mined lands, and for the building of plants, reduction works, and other facilities connected with oil shale operations (which lease shall be referred to hereinafter as an 'offsite lease'). The Secretary may only issue one offsite lease not to exceed six thousand four hundred acres. An offsite lease may not serve more than one Federal oil shale lease and may not be transferred except in conjunction with the transfer of the Federal oil shale lease that it serves.

(2) The Secretary may issue one offsite lease of not more than three hundred and twenty acres to any person, association or corporation which has the right to develop oil shale on non-Federal lands. An offsite lease serving non-Federal oil shale land may not serve more than one oil shale operation and may not be transferred except in conjunction with the transfer of the non-Federal oil shale land that it serves. Not more than two offsite leases may be issued under this paragraph.

(3) An offsite lease shall include no rights to any mineral deposits.

(4) The Secretary may issue offsite leases after consideration of the need for such lands, impacts on the environment and other resource values, and upon a determination that the public interest will be served thereby.

(5) An offsite lease for lands the surface of which is under the jurisdiction of a Federal agency other than the Department of the Interior shall be issued only with the consent of that other Federal agency and shall be subject to such terms and conditions as it may prescribe.

(6) An offsite lease shall be for such periods of time and shall include such lands, subject to the acreage limitations contained in this subsection, as the Secretary determines to be necessary to achieve the purposes for which the lease is issued, and shall contain such provisions as he determines are needed for protection of environmental and other resource values.

(7) An offsite lease shall provide for the payment of an annual rental which shall reflect the fair market value of the rights granted and which shall be subject to such revisions as the Secretary, in his discretion, determines may be needed from time to time to continue to reflect the fair market value.

(8) An offsite lease may, at the option of the lessee, include provisions for payments in any year which payments shall be credited against any portion of the annual rental for a subsequent year to the extent that such payment is payable by the Secretary of the Treasury under section 35 of this Act to the State within the
boundaries of which the leased lands are located. Such funds shall be paid by the Secretary of the Treasury to the appropriate State in accordance with section 35, and such funds shall be distributed by the State only to those counties, municipalities, or jurisdictional subdivisions impacted by oil shale development and/or where the lease is sited.

“(9) An offsite lease shall remain subject to leasing under the other provisions of this Act where such leasing would not be incompatible with the offsite lease.

“(d) In recognition of the unique character of oil shale development:

“(1) In determining whether to offer or issue an offsite lease under subsection (c), the Secretary shall consult with the Governor and appropriate State, local, and tribal officials of the State where the lands to be leased are located, and of any additional State likely to be affected significantly by the social, economic, or environmental effects of development under such lease, in order to coordinate Federal and State planning processes, minimize duplication of permits, avoid delays, and anticipate and mitigate likely impacts of development.

“(2) The Secretary may issue an offsite lease under subsection (d) after consideration of (A) the need for leasing, (B) impacts on the environment and other resource values, (C) socioeconomic factors, and (D) information from consultations with the Governors of the affected States.

“(3) Before determining whether to offer an offsite lease under subsection (c), the Secretary shall seek the recommendation of the Governor of the State in which the lands to be leased are located as to whether or not to lease such lands, what alternative actions are available, and what special conditions could be added to the proposed lease to mitigate impacts. The Secretary shall accept the recommendations of the Governor if he determines that they provide for a reasonable balance between the national interest and the State’s interests. The Secretary shall communicate to the Governor, in writing, and publish in the Federal Register the reasons for his determination to accept or reject such Governor’s recommendations.”.

An Act

To provide for the payment of losses incurred as a result of the ban on the use of the chemical Tris in apparel, fabric, yarn, or fiber, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) the United States Claims Court shall have jurisdiction to hear, determine, and render judgment upon any claim for losses sustained by any producer, manufacturer, distributor, or retailer of children's sleepwear, or by any producer, converter, manufacturer, distributor, or retailer of fabric, yarn, or fiber contained in or intended for use in children's sleepwear, (1) if those losses resulted from the actions taken by the Federal Government under the Federal Hazardous Substances Act on April 8, 1977, and thereafter relating to apparel, fabric, yarn, or fiber containing Tris (2,3-dibromopropyl) phosphate, and (2) if such children's sleepwear or such fabric, yarn, or fiber, as the case may be, at the time of its manufacture was subject to the requirements of or was subject to use in compliance with the mandatory Federal flammability standard FF3–71 or FF5–74.

(b)(1) In determining the validity of any claim under this Act and the amount of the losses sustained for which such a claim is brought, the court shall consider the following factors:

(A) The degree to which reasonable alternatives to Tris (2,3-dibromopropyl) phosphate existed at the time the Federal Government established the applicable mandatory Federal flammability standard referred to in subsection (a).

(B) Whether it would have been feasible or reasonable for the claimant to have tested Tris (2,3-dibromopropyl) phosphate for chronic hazards at the time the Federal Government established such flammability standard.

(C) The degree to which the Federal Government or other nationally known researchers tested Tris (2,3-dibromopropyl) phosphate for toxicity or other health hazards and disseminated the results of those tests.

(D) The degree of good faith demonstrated by the claimant in seeking to comply fully with such Federal flammability standard.

(E) The extent to which a claimant may have relied in good faith upon assurances from suppliers that the products containing Tris (2,3-dibromopropyl) phosphate were safe.

(F) The degree to which the claimant acted reasonably in using Tris (2,3-dibromopropyl) phosphate.

(G) The degree to which the claimant, in good faith, complied with actions taken by the Federal Government under the Federal Hazardous Substances Act on April 8, 1977.

(H) The degree to which the claimant, in good faith, complied with those provisions relating to exports contained in section 14 of the Federal Hazardous Substances Act and section 18 of the Consumer Product Safety Act.
Determination of losses.

(2) The court may not enter judgment in favor of a claimant under this Act, nor may the Attorney General agree to any settlement with a claimant under this Act, unless the claimant produces proof, to the satisfaction of the court or the Attorney General, as the case may be, that the claimant lawfully disposed of the apparel, fabric, yarn, or fiber with respect to which the claim was brought.

(3) In determining the amount of the losses for which a claim is brought under this Act, the amount of such losses shall not include lost profits, proceeds from distress sales, attorney's fees, or interest on any loss suffered by any producer, converter, manufacturer, distributor, or retailer of children's sleepwear, or by any producer or manufacturer of fabric, yarn, or fiber.

c)(1) The measure of losses for any producer or manufacturer of children's sleepwear shall be the cost of producing or manufacturing the sleepwear garment, plus the cost of the fabric, yarn, or fiber used for such production or manufacture, or the cost of such sleepwear, fabric, yarn, or fiber held in stock on the date of the enactment of this Act, less the fair market value, if any, of the sleepwear garment or the fabric, yarn, or fiber. If such garment, fabric, yarn, or fiber was resold after April 8, 1977, but prior to such date of enactment, then the measure of losses shall be the cost of producing or manufacturing the sleepwear garment plus the cost of the fabric, yarn, or fiber, less the proceeds from any such sale.

(2) The measure of losses for any producer, converter, or manufacturer of fabric, yarn, or fiber shall be the cost of producing, converting, or manufacturing the fabric, yarn, or fiber, plus the cost of the raw materials used for such production, converting, or manufacturing, or the cost of such fabric, yarn, or fiber held in stock on the date of the enactment of this Act, less the fair market value, if any, of the fabric, yarn, or fiber on such date. If the fabric, yarn, or fiber was resold after April 8, 1977, but prior to such date of enactment, then the measure of losses shall be the cost of producing, converting, or manufacturing the fabric, yarn, or fiber plus the cost of the raw materials used for such production, converting, or manufacturing, less the proceeds from any such sale.

(3) The measure of losses for any distributor or retailer shall be the distributor's or retailer's purchase price for the children's sleepwear, fabric, yarn, or fiber involved, less the fair market value, if any, of such sleepwear, fabric, yarn, or fiber, and less the amount of any reimbursement received for such sleepwear, fabric, yarn, or fiber.

(4) In addition to the losses determined under paragraphs (1), (2), and (3) of this subsection, a claimant may also be compensated for (A) unreimbursed costs of transportation paid for the return of the sleepwear garments, fabric, yarn, or fiber involved, and (B) unreimbursed costs of the lawful disposal of such garments, fabric, yarn, or fiber.

d) No claim under this Act may be brought as a class action. No claim under this Act may be brought by two or more parties unless damages are claimed to be jointly recoverable or are disputed among the parties.

e) Upon payment of any claim under this Act, whether or not such payment is the result of a court judgment or a settlement, the United States shall be subrogated to the claimant's rights to recover losses or to assert a claim against any person relating to the subject matter of such claim paid by the United States. The claimant shall take the necessary steps, as determined by the Attorney General, to
secure such rights in the United States in order to be entitled to the entry of a judgment by the court or payment under this Act, and the failure of the claimant to take such steps shall constitute cause to deny the entry of such judgment or such payment. The failure of the claimant to take such steps shall not limit or adversely affect the right of the United States to act as subrogee or assignee to the full extent of its payments under this Act. Any purported limitation on the right of the United States to act as assignee or to become subrogated to the rights of a claimant shall be without any effect, to the extent that the United States has made payments under this Act.

(f) Any claim under this Act shall be barred unless commenced within two years after the date of the enactment of this Act.

(g) No person shall have any claim under this Act who, on or after June 14, 1978, (1) exported from the United States any apparel, fabric, yarn, or fiber containing Tris (2,3-dibromopropyl) phosphate which was produced, converted, manufactured, or sold for use in the United States, or (2) transferred any apparel, fabric, yarn, or fiber described in clause (1) to another person with knowledge that such apparel, fabric, yarn, or fiber would be exported from the United States.

(h) Before payment is made on any claim under this Act, the Attorney General shall notify the Administrator of the Small Business Administration of the claim. The Administrator shall, after receipt of such notification, notify the Attorney General as soon as possible of—

(1) any unpaid loans made by the Small Business Administration under the Small Business Act, and

(2) other amounts owing to the Small Business Administration on account of loans made under the Small Business Act, for the purpose of assisting the claimant on account of losses sustained as a result of the actions taken by the United States under the Federal Hazardous Substance Act on April 8, 1977, and thereafter relating to apparel, fabric, yarn, or fiber containing Tris (2,3-dibromopropyl) phosphate. The Attorney General shall offset, from the amount of the payment on the claim under this Act, the amount of any such unpaid loans or other amounts owing to the Small Business Administration. The amount of any offset under this subsection shall be treated as accrued and paid to the claimant in ten equal annual installments beginning with the first year in which payment on the claim under this Act is made.
(i) Nothing in this Act shall be construed as an admission of fault or liability on behalf of the United States for any personal injury which may hereafter be claimed to arise from exposure to Tris (2,3-dibromopropyl) phosphate.

An Act

To settle certain Indian land claims within the State of Florida, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Florida Indian Land Claims Settlement Act of 1982”.

CONGRESSIONAL FINDINGS AND DECLARATION OF POLICY

Sec. 2. Congress finds and declares that—
(1) there is pending before the United States District Court for the Southern District of Florida a lawsuit by the Miccosukee Indian Tribe which involves certain lands within the State of Florida;
(2) the pendency of such lawsuit may result in economic hardships for residents of the State of Florida by clouding the titles to lands in the State, including lands not now involved in the lawsuits;
(3) the pendency of such lawsuit also has clouded the easement rights of the South Florida Water Management District in lands necessary for use as a water flowage and storage area, which is part of a federally authorized project for flood control and water management in central and southern Florida, and which is being used to provide and regulate a water supply for the residents of South Florida;
(4) the State of Florida and the Miccosukee Indian Tribe have executed agreements for the purposes of resolving tribal land claims and settling such lawsuit, which agreements require implementing legislation by the Congress of the United States and the Legislature of the State of Florida; and
(5) Congress shares with the parties to such agreements a desire to settle such Indian claims in the State of Florida without additional cost to the United States.

(2) The term “State of Florida” means the State of Florida, its agencies, political subdivisions, constitutional officers, officials of its agencies and subdivisions, and the South Florida Water Management District.

To designate certain lands in the Mark Twain National Forest in Missouri, which comprise approximately six thousand eight hundred and eighty-eight acres, and which are generally depicted on a map entitled “Paddy Creek Wilderness Area”, as a component of the National Wilderness Preservation System.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

That this Act may be known as the Paddy Creek Wilderness Act of 1981.

Sec. 2. In furtherance of the purposes of the Wilderness Act (78 Stat. 890) and the Act of January 3, 1975 (88 Stat. 2096), the following area as generally depicted on a map appropriately referenced, dated December 1981, is hereby designated as wilderness and, therefore, as a component of the National Wilderness Preservation System; certain lands in the Mark Twain National Forest, Missouri, which comprise about six thousand eight hundred and eighty-eight acres, are generally depicted on a map entitled “Paddy Creek Wilderness Area”, dated December 1981, and shall be known as the Paddy Creek Wilderness Area.

Sec. 3. As soon as practicable after this Act takes effect, the Secretary of Agriculture shall file a map and legal description of the Paddy Creek Wilderness Area with the Energy and Natural Resources Committee of the Senate and the Committees on Agriculture and Interior and Insular Affairs of the House of Representatives, and such map and legal description shall have the same force and effect as if included in this Act: Provided, however, That correction of clerical and typographical errors in such legal description and map may be made.

Sec. 4. The area designated as wilderness by this Act shall be administered in accordance with the applicable provisions of the Wilderness Act (78 Stat. 890) and the Act of January 3, 1975 (88 Stat. 2096), except that any reference in such provisions to the effective date of such Acts shall be deemed to be a reference to the effective date of this Act.

Sec. 5. (a) The Congress finds that—

(1) the Department of Agriculture has completed the second roadless area review and evaluation program (RARE II); and

(b) On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the question of the legal and factual sufficiency of the RARE II Final Environmental Statement (dated January 1979) with respect to National Forest System lands in States other than Missouri such statement shall not be subject to judicial review with respect to National Forest System lands in the State of Missouri;
(2) with respect to the National Forest System lands in the State of Missouri which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II), except those lands remaining in further planning upon enactment of this Act, or designated as wilderness by this Act or previous Acts of Congress that review and evaluation shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewal Resources Planning Act of 1974 as amended by the National Forest Management Act of 1976 (Public Law 94-588) to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revision of the initial plans and in no case prior to the date established by law for completion of the initial planning cycle;

(3) areas in the State of Missouri reviewed in such final environmental statement and not designated as wilderness by this Act or previous Acts of Congress or remaining in further planning upon enactment of this Act shall be managed for multiple use pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 as amended by the National Forest Management Act of 1976; and

An Act

To amend the Communications Act of 1934 to provide reasonable access to telephone service for persons with impaired hearing and to enable telephone companies to accommodate persons with other physical disabilities.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Telecommunications for the Disabled Act of 1982".

Sec. 2. The Congress finds that—

(1) all persons should have available the best telephone service which is technologically and economically feasible;

(2) currently available technology is capable of providing telephone service to some individuals who, because of hearing impairments, require telephone reception by means of hearing aids with induction coils, or other inductive receptors;

(3) the lack of technical standards ensuring compatibility between hearing aids and telephones has prevented receipt of the best telephone service which is technologically and economically feasible; and

(4) adoption of technical standards is required in order to ensure compatibility between telephones and hearing aids, thereby accommodating the needs of individuals with hearing impairments.

Sec. 3. Title VI of the Communications Act of 1934 (47 U.S.C. 601 et seq.) is amended by adding at the end thereof the following new section:

"TELEPHONE SERVICE FOR THE DISABLED"

"Sec. 610. (a) The Commission shall establish such regulations as are necessary to ensure reasonable access to telephone service by persons with impaired hearing.

(b) The Commission shall require that essential telephones provide internal means for effective use with hearing aids that are specially designed for telephone use. For purposes of this subsection, the term 'essential telephones' means only coin-operated telephones, telephones provided for emergency use, and other telephones frequently needed for use by persons using such hearing aids.

(c) The Commission shall establish or approve such technical standards as are required to enforce this section.

(d) The Commission shall establish such requirements for the labeling of packaging materials for equipment as are needed to provide adequate information to consumers on the compatibility between telephones and hearing aids.

(e) In any rulemaking to implement the provisions of this section, the Commission shall specifically consider the costs and benefits to all telephone users, including persons with and without hearing impairments. The Commission shall ensure that regulations adopted to implement this section encourage the use of currently available technology and do not discourage or impair the development of improved technology.
“(f) The Commission shall complete rulemaking actions required by this section and issue specific and detailed rules and regulations resulting therefrom within one year after the date of enactment of the Telecommunications for the Disabled Act of 1982. Thereafter the Commission shall periodically review such rules and regulations. Except for coin-operated telephones and telephones provided for emergency use, the Commission may not require the retrofitting of equipment to achieve the purposes of this section.

“(g) Any common carrier or connecting carrier may provide specialized terminal equipment needed by persons whose hearing, speech, vision, or mobility is impaired. The State commission may allow the carrier to recover in its tariffs for regulated service reasonable and prudent costs not charged directly to users of such equipment.

“(h) The Commission shall delegate to each State commission the authority to enforce within such State compliance with the specific regulations that the Commission issues under subsections (a) and (b), conditioned upon the adoption and enforcement of such regulations by the State commission.”

“SEC. 4. Subparagraph (B) of paragraph (2) of section 1225(a) of the Public Broadcasting Amendments Act of 1981 is amended to read as follows:

“(B) Notwithstanding the provisions of subsection (c) of section 396 of the Communications Act of 1934, in the case of the offices of director the terms of which expired March 1982, persons appointed to fill two of such vacancies existing as of December 13, 1982, shall be appointed for terms which shall expire on March 1, 1984 and shall not be representative of the political party having a majority of the directors of the Board on December 13, 1982. Persons appointed for a term beginning March 1, 1984, to fill the vacancies occurring in such offices the terms of which, by reason of the preceding sentence, expire on March 1, 1984, shall not be filled by persons representing the political party having a majority of the directors of the Board on March 1, 1984. Persons appointed on or after March 1, 1984, to fill vacancies in the two such offices shall be appointed for terms of five years. On March 1, 1984, there are abolished those five offices of director the terms of which, without application of the preceding provisions of this paragraph, expire on such date. In administering the provisions of this paragraph a
director is a minority member of the Board if he is not a member of the political party to which the majority of the directors of the Board are members.

Joint Resolution

Jan. 3, 1983

[S.J. Res. 270]

To designate 1983 as the “Bicentennial of Air and Space Flight”.

Whereas the first manned flight in history was made by Etienne de Montgolfier at LaMuette, France, on November 21, 1783, releasing man from his terrestrial shackles;

Whereas a few months later in Baltimore, Maryland, a thirteen-year-old boy named Edward Warren soared aloft in a balloon launched by Peter Carnes, Esquire, who a few days previously launched America’s first hot air balloon, the Splendid Chariot, from the grounds of the Indian Queen Tavern in Bladensburg, Maryland;

Whereas the United States and its first ally, France, together with many other countries will celebrate the extraordinary achievements in air and space flight of the past two centuries;

Whereas the United States Organizing Committee has been established to plan, coordinate, and assist in the implementation of national, State, and local festivities during 1983;

Whereas the bicentennial provides an opportunity for increasing public awareness in international trade, of education in science, mathematics, and engineering, and of reigniting the creativity and competitiveness that has historically fueled America and its economy: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the year commencing January 1, 1983, is hereby designated the “Bicentennial of Air and Space Flight”, and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe the year with appropriate ceremonies and activities.

An Act  

To amend the Federal Food, Drug, and Cosmetic Act to facilitate the development of drugs for rare diseases and conditions, and for other purposes.  

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,  

SHORT TITLE; FINDINGS  

SECTION 1. (a) This Act may be cited as the "Orphan Drug Act".  
(b) The Congress finds that—  
(1) there are many diseases and conditions, such as Huntingdon's disease, myoclonus, ALS (Lou Gehrig's disease), Tourette syndrome, and muscular dystrophy which affect such small numbers of individuals residing in the United States that the diseases and conditions are considered rare in the United States;  
(2) adequate drugs for many of such diseases and conditions have not been developed;  
(3) drugs for these diseases and conditions are commonly referred to as "orphan drugs";  
(4) because so few individuals are affected by any one rare disease or condition, a pharmaceutical company which develops an orphan drug may reasonably expect the drug to generate relatively small sales in comparison to the cost of developing the drug and consequently to incur a financial loss;  
(5) there is reason to believe that some promising orphan drugs will not be developed unless changes are made in the applicable Federal laws to reduce the costs of developing such drugs and to provide financial incentives to develop such drugs; and  
(6) it is in the public interest to provide such changes and incentives for the development of orphan drugs.  

AMENDMENTS TO THE FEDERAL FOOD, DRUG, AND COSMETIC ACT  

Sec. 2. (a) Chapter V of the Federal Food, Drug, and Cosmetic Act is amended by adding at the end the following:  

"SUBCHAPTER B—DRUGS FOR RARE DISEASES OR CONDITIONS  

"RECOMMENDATIONS FOR INVESTIGATIONS OF DRUGS FOR RARE DISEASES OR CONDITIONS  

"Sec. 525. (a) The sponsor of a drug for a disease or condition which is rare in the States may request the Secretary to provide written recommendations for the non-clinical and clinical investigations which must be conducted with the drug before—  
"(1) it may be approved for such disease or condition under section 505, or
"(2) if the drug is a biological product, before it may be licensed for such disease or condition under section 351 of the Public Health Service Act.

If the Secretary has reason to believe that a drug for which a request is made under this section is a drug for a disease or condition which is rare in the States, the Secretary shall provide the person making the request written recommendations for the non-clinical and clinical investigations which the Secretary believes, on the basis of information available to the Secretary at the time of the request under this section, would be necessary for approval of such drug for such disease or condition under section 505 or licensing under section 351 of the Public Health Service Act for such disease or condition.

"(b) The Secretary shall by regulation promulgate procedures for the implementation of subsection (a).

"DESIGNATION OF DRUGS FOR RARE DISEASES OR CONDITIONS

"Sec. 526. (a)(1) The manufacturer or the sponsor of a drug may request the Secretary to designate the drug as a drug for a rare disease or condition. If the Secretary finds that a drug for which a request is submitted under this subsection is being or will be investigated for a rare disease or condition and—

"(A) if an application for such drug is approved under section 505, or

"(B) if the drug is a biological product, a license is issued under section 351 of the Public Health Service Act, the approval or license would be for use for such disease or condition, the Secretary shall designate the drug as a drug for such disease or condition. A request for a designation of a drug under this subsection shall contain the consent of the applicant to notice being given by the Secretary under subsection (b) respecting the designation of the drug.

"(2) For purposes of paragraph (1), the term 'rare disease or condition' means any disease or condition which occurs so infrequently in the United States that there is no reasonable expectation that the cost of developing and making available in the United States a drug for such disease or condition will be recovered from sales in the United States of such drug. Determinations under the preceding sentence with respect to any drug shall be made on the basis of the facts and circumstances as of the date the request for designation of the drug under this subsection is made.

"(b) Notice respecting the designation of a drug under subsection (a) shall be made available to the public.

"(c) The Secretary shall by regulation promulgate procedures for the implementation of subsection (a).

"PROTECTION FOR UNPATENTED DRUGS FOR RARE DISEASES OR CONDITIONS

"Sec. 527. (a) Except as provided in subsection (b), if the Secretary—

"(1) approves an application filed pursuant to section 505(b), or

"(2) issues a license under section 351 of the Public Health Service Act
for a drug designated under section 526 for a rare disease or condition and for which a United States Letter of Patent may not be issued, the Secretary may not approve another application under section 505(b) or issue another license under section 351 of the Public Health Service Act for such drug for such disease or condition for a person who is not the holder of such approved application or of such license until the expiration of seven years from the date of the approval of the approved application or the issuance of the license. Section 505(c)(2) does not apply to the refusal to approve an application under the preceding sentence.

"(b) If an application filed pursuant to section 505(b) is approved for a drug designated under section 526 for a rare disease or condition or a license is issued under section 351 of the Public Health Service Act for such a drug and if a United States Letter of Patent may not be issued for the drug, the Secretary may, during the seven-year period beginning on the date of the application approval or of the issuance of the license, approve another application under section 505(b), or, if the drug is a biological product, issue a license under section 351 of the Public Health Service Act, for such drug for such disease or condition for a person who is not the holder of such approved application or of such license if—

"(1) The Secretary finds, after providing the holder notice and opportunity for the submission of views, that in such period the holder of the approved application or of the license cannot assure the availability of sufficient quantities of the drug to meet the needs of persons with the disease or condition for which the drug was designated; or

"(2) such holder provides the Secretary in writing the consent of such holder for the approval of other applications or the issuance of other licenses before the expiration of such seven-year period.

"OPEN PROTOCOLS FOR INVESTIGATIONS OF DRUGS FOR RARE DISEASES OR CONDITIONS

"Sec. 528. If a drug is designated under section 526 as a drug for a rare disease or condition and if notice of a claimed exemption under section 505(i) or regulations issued thereunder is filed for such drug, the Secretary shall encourage the sponsor of such drug to design protocols for clinical investigations of the drug which may be conducted under the exemption to permit the addition to the investigations of persons with the disease or condition who need the drug to treat the disease or condition and who cannot be satisfactorily treated by available alternative drugs."

(b) Chapter V of the Federal Food, Drug, and Cosmetic Act is amended by inserting before section 501 the following:

"Subchapter A—Drugs and Devices."

(1) a period of 30 calendar days (excluding any day in which either House of Congress is not in session because of an adjournment of more than 3 calendar days to a day certain or an adjournment sine die) passes after the receipt, by the Committee on Energy and Commerce and the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Environment and Public Works of the Senate, of notice submitted by the Commission containing a full and complete statement of the reallocation proposed to be made and the facts and circumstances relied upon in support of such proposed reallocation; or

(2) each such committee, before the expiration of such period, transmits to the Commission a written notification that such committee does not object to such proposed reallocation.

AUTHORITY TO RETAIN CERTAIN AMOUNTS RECEIVED

Sec. 2. Moneys received by the Nuclear Regulatory Commission for the cooperative nuclear research program and the material access authorization program may be retained and used for salaries and expenses associated with such programs, notwithstanding the provisions of section 3617 of the Revised Statutes (31 U.S.C. 484), and shall remain available until expended.
AUTHORITY TO TRANSFER CERTAIN AMOUNTS TO OTHER AGENCIES

Sec. 3. From amounts appropriated to the Nuclear Regulatory Commission pursuant to section 1(a), the Commission may transfer to other agencies of the Federal Government sums for salaries and expenses for the performance by such agencies of activities for which such appropriations of the Commission are made. Any sums so transferred may be merged with the appropriation of the agency to which such sums are transferred.

LIMITATION ON SPENDING AUTHORITY

Sec. 4. Notwithstanding any other provision of this Act, no authority to make payments under this Act shall be effective except to such extent or in such amounts as are provided in advance in appropriation Acts.

AUTHORITY TO ISSUE LICENSES IN ABSENCE OF EMERGENCY PREPAREDNESS PLANS

Sec. 5. Of the amounts authorized to be appropriated under section 1, the Nuclear Regulatory Commission may use such sums as may be necessary, in the absence of a State or local emergency preparedness plan which has been approved by the Federal Emergency Management Agency, to issue an operating license (including a temporary operating license under section 192 of the Atomic Energy Act of 1954, as amended by section 11 of this Act) for a nuclear power reactor, if it determines that there exists a State, local, or utility plan which provides reasonable assurance that public health and safety is not endangered by operation of the facility concerned.

NUCLEAR SAFETY GOALS

Sec. 6. Funds authorized to be appropriated under this Act shall be used by the Nuclear Regulatory Commission to expedite the establishment of safety goals for nuclear reactor regulation. The development of such safety goals, and any accompanying methodologies for the application of such safety goals, should be expedited to the maximum extent practicable to permit establishment of a safety goal by the Commission not later than December 31, 1982.

LOSS-OF-FLUID TEST FACILITY

Sec. 7. Of the amounts authorized to be used for the Loss-of-Fluid Test Facility in accordance with section 1(a)(4) for fiscal years 1982 and 1983, the Commission shall provide funding through contract with the organization responsible for the Loss-of-Fluid Test operations for a detailed technical review and analysis of research results obtained from the Loss-of-Fluid Test Facility research program. The contract shall provide funding for not more than twenty man-years in each of fiscal years 1982 and 1983 to conduct the technical review and analysis.

NUCLEAR DATA LINK

Sec. 8. (a) Of the amounts authorized to be appropriated under this Act for the fiscal years 1982 and 1983, not more than $200,000 is authorized to be used by the Nuclear Regulatory Commission for—
(1) the acquisition (by purchase, lease, or otherwise) and installation of equipment to be used for the "small test prototype nuclear data link" program or for any other program for the collection and transmission to the Commission of data from licensed nuclear reactors during abnormal conditions at such reactors; and

(2) the conduct of a full and complete study and analysis of—

(A) the appropriate role of the Commission during abnormal conditions at a nuclear reactor licensed by the Commission;

(B) the information which should be available to the Commission to enable the Commission to fulfill such role and to carry out other related functions;

(C) various alternative means of assuring that such information is available to the Commission in a timely manner; and

(D) any changes in existing Commission authority necessary to enhance the Commission response to abnormal conditions at a nuclear reactor licensed by the Commission.

The small test prototype referred to in paragraph (1) may be used by the Commission in carrying out the study and analysis under paragraph (2). Such analysis shall include a cost-benefit analysis of each alternative examined under subparagraph (C).

(b)(1) Upon completion of the study and analysis required under subsection (a)(2), the Commission shall submit to Congress a detailed report setting forth the results of such study and analysis.

(2) The Commission may not take any action with respect to any alternative described in subsection (a)(2)(C), unless a period of 60 calendar days (excluding any day in which either House of Congress is not in session because of an adjournment of more than 3 calendar days to a day certain or an adjournment sine die) passes after the receipt, by the Committee on Energy and Commerce and the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Environment and Public Works of the Senate, of notice submitted by the Commission containing a full and complete statement of the action proposed to be taken and the facts and circumstances relied upon in support of such proposed action.

INTERIM CONSOLIDATION OF OFFICES

SEC. 9. (a) Of the amounts authorized to be appropriated pursuant to paragraph 6 of section 1(a), such sums as may be necessary shall be available for interim consolidation of Nuclear Regulatory Commission headquarters staff offices.

(b) No amount authorized to be appropriated under this Act may be used, in connection with the interim consolidation of Nuclear Regulatory Commission offices, to relocate the offices of members of the Commission outside the District of Columbia.

THREE MILE ISLAND

SEC. 10. (a) No part of the funds authorized to be appropriated under this Act may be used to provide assistance to the General Public Utilities Corporation for purposes of the decontamination, cleanup, repair, or rehabilitation of facilities at Three Mile Island Unit 2.
(b) The prohibition contained in subsection (a) shall not relate to the responsibilities of the Nuclear Regulatory Commission for monitoring or inspection of the decontamination, cleanup, repair, or rehabilitation activities at Three Mile Island and such prohibition shall not apply to the use of funds by the Nuclear Regulatory Commission to carry out regulatory functions of the Commission under the Atomic Energy Act of 1954 with respect to the facilities at Three Mile Island.

(c) The Nuclear Regulatory Commission shall include in its annual report to the Congress under section 307(c) of the Energy Reorganization Act of 1974 (42 U.S.C. 5877(c)) as a separate chapter a description of the collaborative efforts undertaken, or proposed to be undertaken, by the Commission and the Department of Energy with respect to the decontamination, cleanup, repair, or rehabilitation of facilities at Three Mile Island Unit 2.

(d) No funds authorized to be appropriated under this Act may be used by the Commission to approve any willful release of “accident-generated water”, as defined by the Commission in NUREG-0683 (“Final Programmatic Environmental Impact Statement” p. 1-23), from Three Mile Island Unit 2 into the Susquehanna River or its watershed.

TEMPORARY OPERATING LICENSES

SEC. 11. Section 192 of the Atomic Energy Act of 1954 (42 U.S.C. 2242) is amended to read as follows:

“SEC. 192. TEMPORARY OPERATING LICENSE.—

“a. In any proceeding upon an application for an operating license for a utilization facility required to be licensed under section 103 or 104 b. of this Act, in which a hearing is otherwise required pursuant to section 189 a., the applicant may petition the Commission for a temporary operating license for such facility authorizing fuel loading, testing, and operation at a specific power level to be determined by the Commission, pending final action by the Commission on the application. The initial petition for a temporary operating license for each such facility, and any temporary operating license issued for such facility based upon the initial petition, shall be limited to power levels not to exceed 5 percent of rated full thermal power. Following issuance by the Commission of the temporary operating license for each such facility, the licensee may file petitions with the Commission to amend the license to allow facility operation in staged increases at specific power levels, to be determined by the Commission, exceeding 5 percent of rated full thermal power. The initial petition for a temporary operating license for each such facility may be filed at any time after the filing of: (1) the report of the Advisory Committee on Reactor Safeguards required by section 182 b.; (2) the filing of the initial Safety Evaluation Report by the Nuclear Regulatory Commission staff and the Nuclear Regulatory Commission staff’s first supplement to the report prepared in response to the report of the Advisory Committee on Reactor Safeguards for the facility; (3) the Nuclear Regulatory Commission staff’s final detailed statement on the environmental impact of the facility prepared pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)); and (4) a State, local, or utility emergency preparedness plan for the facility. Petitions for the issuance of a temporary operating license, or for an amendment to such a license allowing operation at a specific power level greater than that authorized in the initial temporary operating
license, shall be accompanied by an affidavit or affidavits setting forth the specific facts upon which the petitioner relies to justify issuance of the temporary operating license or the amendment thereto. The Commission shall publish notice of each such petition in the Federal Register and in such trade or news publications as the Commission deems appropriate to give reasonable notice to persons who might have a potential interest in the grant of such temporary operating license or amendment thereto. Any person may file affidavits or statements in support of, or in opposition to, the petition within thirty days after the publication of such notice in the Federal Register.

"b. With respect to any petition filed pursuant to subsection a. of this section, the Commission may issue a temporary operating license, or amend the license to authorize temporary operation at each specific power level greater than that authorized in the initial temporary operating license, as determined by the Commission, upon finding that—

"(1) in all respects other than the conduct or completion of any required hearing, the requirements of law are met;

"(2) in accordance with such requirements, there is reasonable assurance that operation of the facility during the period of the temporary operating license in accordance with its terms and conditions will provide adequate protection to the public health and safety and the environment during the period of temporary operation; and

"(3) denial of such temporary operating license will result in delay between the date on which construction of the facility is sufficiently completed, in the judgment of the Commission, to permit issuance of the temporary operating license, and the date when such facility would otherwise receive a final operating license pursuant to this Act.

The temporary operating license shall become effective upon issuance and shall contain such terms and conditions as the Commission may deem necessary, including the duration of the license and any provision for the extension thereof. Any final order authorizing the issuance or amendment of any temporary operating license pursuant to this section shall recite with specificity the facts and reasons justifying the findings under this subsection, and shall be transmitted upon such issuance to the Committees on Interior and Insular Affairs and Energy and Commerce of the House of Representatives and the Committee on Environment and Public Works of the Senate. The final order of the Commission with respect to the issuance or amendment of a temporary operating license shall be subject to judicial review pursuant to chapter 158 of title 28, United States Code. The requirements of section 189 a. of this Act with respect to the issuance or amendment of facility licenses shall not apply to the issuance or amendment of a temporary operating license under this section.

"c. Any hearing on the application for the final operating license for a facility required pursuant to section 189 a. shall be concluded as promptly as practicable. The Commission shall suspend the temporary operating license if it finds that the applicant is not prosecuting the application for the final operating license with due diligence. Issuance of a temporary operating license under subsection b. of this section shall be without prejudice to the right of any party to raise any issue in a hearing required pursuant to section 189 a.; and failure to assert any ground for denial or limitation of a
temporary operating license shall not bar the assertion of such ground in connection with the issuance of a subsequent final operating license. Any party to a hearing required pursuant to section 189 a. on the final operating license for a facility for which a temporary operating license has been issued under subsection b., and any member of the Atomic Safety and Licensing Board conducting such hearing, shall promptly notify the Commission of any information indicating that the terms and conditions of the temporary operating license are not being met, or that such terms and conditions are not sufficient to comply with the provisions of paragraph (2) of subsection b.

"d. The Commission is authorized and directed to adopt such administrative remedies as the Commission deems appropriate to minimize the need for issuance of temporary operating licenses pursuant to this section.

"e. The authority to issue new temporary operating licenses under this section shall expire on December 31, 1983."

OPERATING LICENSE AMENDMENT HEARINGS

Sec. 12. (a) Section 189 a. of the Atomic Energy Act of 1954 (42 U.S.C. 2239(a)) is amended—

(1) by inserting "(1)" after the subsection designation; and
(2) by adding at the end thereof the following new paragraph:

"(2)(A) The Commission may issue and make immediately effective any amendment to an operating license, upon a determination by the Commission that such amendment involves no significant hazards consideration, notwithstanding the pendency before the Commission of a request for a hearing from any person. Such amendment may be issued and made immediately effective in advance of the holding and completion of any required hearing. In determining under this section whether such amendment involves no significant hazards consideration, the Commission shall consult with the State in which the facility involved is located. In all other respects such amendment shall meet the requirements of this Act.

"(B) The Commission shall periodically (but not less frequently than once every thirty days) publish notice of any amendments issued, or proposed to be issued, as provided in subparagraph (A). Each such notice shall include all amendments issued, or proposed to be issued, since the date of publication of the last such periodic notice. Such notice shall, with respect to each amendment or proposed amendment (i) identify the facility involved; and (ii) provide a brief description of such amendment. Nothing in this subsection shall be construed to delay the effective date of any amendment.

"(C) The Commission shall, during the ninety-day period following the effective date of this paragraph, promulgate regulations establishing (i) standards for determining whether any amendment to an operating license involves no significant hazards consideration; (ii) criteria for providing or, in emergency situations, dispensing with prior notice and reasonable opportunity for public comment on any such determination, which criteria shall take into account the exigency of the need for the amendment involved; and (iii) procedures for consultation on any such determination with the State in which the facility involved is located."

(b) The authority of the Nuclear Regulatory Commission, under the provisions of the amendment made by subsection (a), to issue and to make immediately effective any amendment to an operating license shall not bar the assertion of such ground in connection with the issuance of a subsequent final operating license. Any party to a hearing required pursuant to section 189 a. on the final operating license for a facility for which a temporary operating license has been issued under subsection b., and any member of the Atomic Safety and Licensing Board conducting such hearing, shall promptly notify the Commission of any information indicating that the terms and conditions of the temporary operating license are not being met, or that such terms and conditions are not sufficient to comply with the provisions of paragraph (2) of subsection b.

"d. The Commission is authorized and directed to adopt such administrative remedies as the Commission deems appropriate to minimize the need for issuance of temporary operating licenses pursuant to this section.

"e. The authority to issue new temporary operating licenses under this section shall expire on December 31, 1983."

(2) by adding at the end thereof the following new paragraph:

"(2)(A) The Commission may issue and make immediately effective any amendment to an operating license, upon a determination by the Commission that such amendment involves no significant hazards consideration, notwithstanding the pendency before the Commission of a request for a hearing from any person. Such amendment may be issued and made immediately effective in advance of the holding and completion of any required hearing. In determining under this section whether such amendment involves no significant hazards consideration, the Commission shall consult with the State in which the facility involved is located. In all other respects such amendment shall meet the requirements of this Act.

"(B) The Commission shall periodically (but not less frequently than once every thirty days) publish notice of any amendments issued, or proposed to be issued, as provided in subparagraph (A). Each such notice shall include all amendments issued, or proposed to be issued, since the date of publication of the last such periodic notice. Such notice shall, with respect to each amendment or proposed amendment (i) identify the facility involved; and (ii) provide a brief description of such amendment. "(C) The Commission shall, during the ninety-day period following the effective date of this paragraph, promulgate regulations establishing (i) standards for determining whether any amendment to an operating license involves no significant hazards consideration; (ii) criteria for providing or, in emergency situations, dispensing with prior notice and reasonable opportunity for public comment on any such determination, which criteria shall take into account the exigency of the need for the amendment involved; and (iii) procedures for consultation on any such determination with the State in which the facility involved is located."

(b) The authority of the Nuclear Regulatory Commission, under the provisions of the amendment made by subsection (a), to issue and to make immediately effective any amendment to an operating license shall not bar the assertion of such ground in connection with the issuance of a subsequent final operating license. Any party to a hearing required pursuant to section 189 a. on the final operating license for a facility for which a temporary operating license has been issued under subsection b., and any member of the Atomic Safety and Licensing Board conducting such hearing, shall promptly notify the Commission of any information indicating that the terms and conditions of the temporary operating license are not being met, or that such terms and conditions are not sufficient to comply with the provisions of paragraph (2) of subsection b.

"d. The Commission is authorized and directed to adopt such administrative remedies as the Commission deems appropriate to minimize the need for issuance of temporary operating licenses pursuant to this section.

"e. The authority to issue new temporary operating licenses under this section shall expire on December 31, 1983."
license shall take effect upon the promulgation by the Commission of the regulations required in such provisions.

QUALITY ASSURANCE

Sec. 13. (a) The Nuclear Regulatory Commission is authorized and directed to implement and accelerate the resident inspector program so as to assure the assignment of at least one resident inspector by the end of fiscal year 1982 at each site at which a commercial nuclear powerplant is under construction and construction is more than 15 percent complete. At each such site at which construction is not more than 15 percent complete, the Commission shall provide that such inspection personnel as the Commission deems appropriate shall be physically present at the site at such times following issuance of the construction permit as may be necessary in the judgment of the Commission.

(b) The Commission shall conduct a study of existing and alternative programs for improving quality assurance and quality control in the construction of commercial nuclear powerplants. In conducting the study, the Commission shall obtain the comments of the public, licensees of nuclear powerplants, the Advisory Committee on Reactor Safeguards, and organizations comprised of professionals having expertise in appropriate fields. The study shall include an analysis of the following:

1. providing a basis for quality assurance and quality control, inspection, and enforcement actions through the adoption of an approach which is more prescriptive than that currently in practice for defining principal architectural and engineering criteria for the construction of commercial nuclear powerplants;

2. conditioning the issuance of construction permits for commercial nuclear powerplants on a demonstration by the licensee that the licensee is capable of independently managing the effective performance of all quality assurance and quality control responsibilities for the powerplant;

3. evaluations, inspections, or audits of commercial nuclear powerplant construction by organizations comprised of professionals having expertise in appropriate fields which evaluations, inspections, or audits are more effective than those under current practice;

4. improvement of the Commission’s organization, methods, and programs for quality assurance development, review, and inspection; and

5. conditioning the issuance of construction permits for commercial nuclear powerplants on the permittee entering into contracts or other arrangements with an independent inspector to audit the quality assurance program to verify quality assurance performance.

For purposes of paragraph (5), the term “independent inspector” means a person or other entity having no responsibility for the design or construction of the plant involved. The study shall also include an analysis of quality assurance and quality control programs at representative sites at which such programs are operating satisfactorily and an assessment of the reasons therefor.

(c) For purposes of—

1. determining the best means of assuring that commercial nuclear powerplants are constructed in accordance with the
applicable safety requirements in effect pursuant to the Atomic Energy Act of 1954; and

(2) assessing the feasibility and benefits of the various means listed in subsection (b);

the Commission shall undertake a pilot program to review and evaluate programs that include one or more of the alternative concepts identified in subsection (b) for the purposes of assessing the feasibility and benefits of their implementation. The pilot program shall include programs that use independent inspectors for auditing quality assurance responsibilities of the licensee for the construction of commercial nuclear powerplants, as described in paragraph (5) of subsection (b). The pilot program shall include at least three sites at which commercial nuclear powerplants are under construction. The Commission shall select at least one site at which quality assurance and quality control programs have operated satisfactorily, and at least two sites with remedial programs underway at which major construction, quality assurance, or quality control deficiencies (or any combination thereof) have been identified in the past. The Commission may require any changes in existing quality assurance and quality control organizations and relationships that may be necessary at the selected sites to implement the pilot program.

(d) Not later than fifteen months after the date of the enactment of this Act, the Commission shall complete the study required under subsection (b) and submit to the United States Senate and House of Representatives a report setting forth the results of the study. The report shall include a brief summary of the information received from the public and from other persons referred to in subsection (b) and a statement of the Commission's response to the significant comments received. The report shall also set forth an analysis of the results of the pilot program required under subsection (c). The report shall be accompanied by the recommendations of the Commission, including any legislative recommendations, and a description of any administrative actions that the Commission has undertaken or intends to undertake, for improving quality assurance and quality control programs that are applicable during the construction of nuclear powerplants.

LIMITATION ON USE OF SPECIAL NUCLEAR MATERIAL

Sec. 14. Section 57 of the Atomic Energy Act of 1954 (42 U.S.C. 2077) is amended by adding at the end thereof the following new subsection:

"e. Special nuclear material, as defined in section 11, produced in facilities licensed under section 103 or 104 may not be transferred, reprocessed, used, or otherwise made available by any instrumentality of the United States or any other person for nuclear explosive purposes."

RESIDENT INSPECTORS

Sec. 15. Of the amounts authorized to be appropriated under section 1, the Nuclear Regulatory Commission shall use such sums as may be necessary to conduct a study of the financial hardships incurred by resident inspectors as a result of (1) regulations of the Commission requiring resident inspectors to relocate periodically from one duty station to another; and (2) the requirements of the Commission respecting the domicile of resident inspectors and

respecting travel between their domicile and duty station in such manner as to avoid the appearance of a conflict of interest. Not later than 90 days after the date of the enactment of this Act, the Commission shall submit to the Congress a report setting forth the findings of the Commission as a result of such study, together with a legislative proposal (including any supporting data or information) relating to any assistance for resident inspectors determined by the Commission to be appropriate.

"SEC. 236. SABOTAGE OF NUCLEAR FACILITIES OR FUEL.—

"(a) Any person who intentionally and willfully destroys or causes physical damage to, or who intentionally and willfully attempts to destroy or cause physical damage to—

"(1) any production facility or utilization facility licensed under this Act;

"(2) any nuclear waste storage facility licensed under this Act;

"or

"(3) any nuclear fuel for such a utilization facility, or any spent nuclear fuel from such a facility;

shall be fined not more than $10,000 or imprisoned for not more than ten years, or both.

"(b) Any person who intentionally and willfully causes or attempts to cause an interruption of normal operation of any such facility through the unauthorized use of or tampering with the machinery, components, or controls of any such facility, shall be fined not more than $10,000 or imprisoned for not more than ten years, or both.

**DEPARTMENT OF ENERGY INFORMATION**

(b) Section 148 of the Atomic Energy Act of 1954 (42 U.S.C. 2168) is amended by adding at the end thereof the following new subsections:

"(d) Any determination by the Secretary concerning the applicability of this section shall be subject to judicial review pursuant to section 552(a)(4)(B) of title 5, United States Code.

"(e) The Secretary shall prepare on a quarterly basis a report to be made available upon the request of any interested person, detailing the Secretary's application during that period of each regulation or order prescribed or issued under this section. In particular, such report shall—

"(1) identify any information protected from disclosure pursuant to such regulation or order;

"(2) specifically state the Secretary's justification for determining that unauthorized dissemination of the information protected from disclosure under such regulation or order could reasonably be expected to have a significant adverse effect on the health and safety of the public or the common defense and security by significantly increasing the likelihood of illegal production of nuclear weapons, or theft, diversion, or sabotage
of nuclear materials, equipment, or facilities, as specified under subsection a.; and

“(3) provide justification that the Secretary has applied such regulation or order so as to protect from disclosure only the minimum amount of information necessary to protect the health and safety of the public or the common defense and security.”.

STANDARDS AND REQUIREMENTS UNDER SECTION 275

SEC. 18. (a) Section 275 of the Atomic Energy Act of 1954 is amended—

(1) by striking in subsection a. “one year after the date of enactment of this section” and substituting “October 1, 1982” and by adding the following at the end thereof: “After October 1, 1982, if the Administrator has not promulgated standards in final form under this subsection, any action of the Secretary of Energy under title I of the Uranium Mill Tailings Radiation Control Act of 1978 which is required to comply with, or be taken in accordance with, standards of the Administrator shall comply with, or be taken in accordance with, the standards proposed by the Administrator under this subsection until such time as the Administrator promulgates such standards in final form.”;

(2) by striking in subsection b. (1) “eighteen months after the enactment of this section, the Administrator shall, by rule, promulgate” and inserting in lieu thereof the following: “October 31, 1982, the Administrator shall, by rule, propose, and within 11 months thereafter promulgate in final form, ,

(3) by adding the following at the end of subsection b. (1): “If the Administrator fails to promulgate standards in final form under this subsection by October 1, 1983, the authority of the Administrator to promulgate such standards shall terminate, and the Commission may take actions under this Act without regard to any provision of this Act requiring such actions to comply with, or be taken in accordance with, standards promulgated by the Administrator. In any such case, the Commission shall promulgate, and from time to time revise, any such standards of general application which the Commission deems necessary to carry out its responsibilities in the conduct of its licensing activities under this Act. Requirements established by the Commission under this Act with respect to byproduct material as defined in section 11 e. (2) shall conform to such standards. Any requirements adopted by the Commission respecting such byproduct material before promulgation by the Commission of such standards shall be amended as the Commission deems necessary to conform to such standards in the same manner as provided in subsection f. (4) by adding the following new subsection at the end thereof: “f. (1) Prior to January 1, 1983, the Commission shall not implement or enforce the provisions of the Uranium Mill Licensing Requirements published as final rules at 45 Federal Register 65521
Implementation and enforcement.

Review, public comment, and suspension.

(2) Following the proposal by the Administrator of standards under subsection b., the Commission shall review the October 3 regulations, and, not later than 90 days after the date of such proposal, suspend implementation and enforcement of any provision of such regulations which the Commission determines after notice and opportunity for public comment to require a major action or major commitment by licensees which would be unnecessary if—

"(A) the standards proposed by the Administrator are promulgated in final form without modification, and

"(B) the Commission's requirements are modified to conform to such standards.

Such suspension shall terminate on the earlier of April 1, 1984 or the date on which the Commission amends the October 3 regulations to conform to final standards promulgated by the Administrator under subsection b. During the period of such suspension, the Commission shall continue to regulate byproduct material (as defined in section 11 e. (2)) under this Act on a licensee-by-licensee basis as the Commission deems necessary to protect public health, safety, and the environment.

"(3) Not later than 6 months after the date on which the Administrator promulgates final standards pursuant to subsection b. of this section, the Commission shall, after notice and opportunity for public comment, amend the October 3 regulations, and adopt such modifications, as the Commission deems necessary to conform to such final standards of the Administrator.

Remedial action.

(1) Section 108(a) of the Uranium Mill Tailings Radiation Control Act of 1978 is amended by adding the following new paragraph at the end thereof:

"(3) Notwithstanding paragraphs (1) and (2) of this subsection, after October 31, 1982, if the Administrator has not promulgated standards under section 275 a. of the Atomic Energy Act of 1954 in final form by such date, remedial action taken by the Secretary under this title shall comply with the standards proposed by the Administrator under such section 275 a. until such time as the Administrator promulgates the standards in final form.”.

(2) The second sentence of section 108(a)(2) of the Uranium Mill Tailings Radiation Control Act of 1978 is repealed.

AGREEMENT STATES

SEC. 19. (a) Section 274 o. of the Atomic Energy Act of 1954 is amended by adding the following at the end thereof: “In adopting requirements pursuant to paragraph (2) of this subsection with respect to sites at which ores are processed primarily for their source material content or which are used for the disposal of byproduct material as defined in section 11 e. (2), the State may
adopt alternatives (including, where appropriate, site-specific alternatives) to the requirements adopted and enforced by the Commission for the same purpose if, after notice and opportunity for public hearing, the Commission determines that such alternatives will achieve a level of stabilization and containment of the sites concerned, and a level of protection for public health, safety, and the environment from radiological and nonradiological hazards associated with such sites, which is equivalent to, to the extent practicable, or more stringent than the level which would be achieved by standards and requirements adopted and enforced by the Commission for the same purpose and any final standards promulgated by the Administrator of the Environmental Protection Agency in accordance with section 275. Such alternative State requirements may take into account local or regional conditions, including geology, topography, hydrology and meteorology."

(b) Section 204(h)(3) of the Uranium Mill Tailings Radiation Control Act of 1978 is amended by inserting the following before the period at the end thereof: "Provided, however, That, in the case of a State which has exercised any authority under State law pursuant to an agreement entered into under section 274 of the Atomic Energy Act of 1954, the State authority over such byproduct material may be terminated, and the Commission authority over such material may be exercised, only after compliance by the Commission with the same procedures as are applicable in the case of termination of agreements under section 274 j. of the Atomic Energy Act of 1954.".

AMENDMENT TO SECTION 84

"a. The Secretary of Energy shall monitor and for the years 1983 to 1992 report annually to the Congress and to the President a determination of the viability of the domestic uranium mining and milling industry and shall establish by rule, after public notice and in accordance with the requirements of section 181 of this Act, within 9 months of enactment of this section, specific criteria which shall be assessed in the annual reports on the domestic uranium industry’s viability. The Secretary of Energy is authorized to issue regulations providing for the collection of such information as the Secretary of Energy deems necessary to carry out the monitoring and reporting requirements of this section.

"b. Upon a satisfactory showing to the Secretary of Energy by any person that any information, or portion thereof obtained under this section, would, if made public, divulge proprietary information of such person, the Secretary shall not disclose such information and disclosure thereof shall be punishable under section 1905 of title 18, United States Code.

"c. The criteria referred to in subsection a. shall also include, but not be limited to—

"(1) an assessment of whether executed contracts or options for source material or special nuclear material will result in greater than 37½ percent of actual or projected domestic uranium requirements for any two-consecutive-year period being supplied by source material or special nuclear material from foreign sources;

"(2) projections of uranium requirements and inventories of domestic utilities for a 10 year period;

"(3) present and probable future use of the domestic market by foreign imports;

"d. The Secretary or Energy, at any time, may determine on the basis of the monitoring and annual reports required under this section that source material or special nuclear material from foreign sources is being imported in such increased quantities as to be a substantial cause of serious injury, or threat thereof, to the United States uranium mining and milling industry. Based on that determination, the United States Trade Representative shall request that the United States International Trade Commission initiate an investigation under section 201 of the Trade Act of 1974 (19 U.S.C. 2251).

"e. (1) If, during the period 1982 to 1992, the Secretary of Energy determines that executed contracts or options for source material or special nuclear material from foreign sources for use in utilization facilities within or under the jurisdiction of the United States represent greater than 37½ percent of actual or projected domestic uranium requirements for any two-consecutive-year period, or if the Secretary of Energy determines the level of contracts or options involving source material and special nuclear material from foreign sources may threaten to impair the national security, the Secretary of Energy shall request the Secretary of Commerce to initiate under section 232 of the Trade Expansion Act of 1962 (19 U.S.C. 1862) an investigation to determine the effects on the national security of imports of source material and special nuclear material. The Secretary of Energy shall cooperate fully with the Secretary of Commerce in carrying out such an investigation and shall make available to the Secretary of Commerce the findings that lead to this request and such other information that will assist the Secretary of Commerce in the conduct of the investigation.

"(2) The Secretary of Commerce shall, in the conduct of any investigation requested by the Secretary of Energy pursuant to this section, take into account any information made available by the Secretary of Energy, including information regarding the impact on national security of projected or executed contracts or options for source material or special nuclear material from foreign sources or whether domestic production capacity is sufficient to supply projected national security requirements.
“(3) No sooner than 3 years following completion of any investigation by the Secretary of Commerce under paragraph (1), if no recommendation has been made pursuant to such study for trade adjustments to assist or protect domestic uranium production, the Secretary of Energy may initiate a request for another such investigation by the Secretary of Commerce.”.

Joint Resolution

To authorize and request the President to designate the month of December 1982 as “National Closed-Captioned Television Month”.

Whereas the Congress has officially proclaimed 1982 as the National Year of Disabled Persons;
Whereas hearing-handicapped Americans of all ages traditionally have suffered isolation from society and too often have unwillingly ended up as burdens to society rather than participating citizens;
Whereas the recent telecommunications breakthrough of “closed captioning” now enables these people to read on the television screen what they cannot hear and thus share—for the first time in history—that wealth of information, entertainment, and language so abundantly absorbed by the general public;
Whereas the innovative service, provided through the nonprofit and tax-exempt National Captioning Institute (NCI), represents the culmination of almost ten years of technological research and development, market exploration, and cooperation between government, industry, and community;
Whereas the nationwide service which began in March 1980 on ABC, NBC, and PBS is already proving to open up new educational horizons and new avenues toward equal opportunity for this severely disadvantaged population, particularly its children and youth;
Whereas hearing-impaired citizens have personally invested over $17,000,000 to date for purchase of decoding devices;
Whereas many Members of the Congress have long been actively supporting development, implementation, and expansion of the closed-captioned television service which is the first of its kind anywhere in the world; and
Whereas President Reagan, referring to the closed captioning of his inaugural ceremonies and televised addresses to the Nation, has stated: “I feel very honored to be the first President in history to have spoken directly to people who had never before experienced this historic tradition”: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is authorized and requested to issue a proclamation Jan. 4, 1983

Joint Resolution

Designating January 17, 1983, as "Public Employees' Appreciation Day".

Whereas public employees have made great contributions to American society in many areas including health care, crime prevention, science, transportation, agriculture, housing, energy, and the national defense;

Whereas public employees are the often forgotten individuals who make government run smoothly;

Whereas professionals in the public work force provide continuity and security in government operations in times of national emergency and stress;

Whereas the merit system of employing public employees has provided our Federal, State, and local governments with the finest public work force in the world; and

Whereas the Congress of the United States recognizes the dedication, talents, and contributions made by public employees at all levels of government: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That January 17, 1983, is designated as "Public Employees' Appreciation Day" and the President is requested to issue a proclamation inviting the Governors of the several States, the chief officials of local governments, and the people of the United States to observe that day with appropriate ceremonies and activities.

[H.J. Res. 630]

To commemorate the one hundred and fiftieth anniversary of the founding of Greene County, Missouri.

Whereas 1983 marks the sesquicentennial anniversary of the founding of Greene County, Missouri;
Whereas Greene County, named for the distinguished Revolutionary War hero, General Nathanael Greene, has enjoyed a long and distinguished history, and has contributed many of its sons and daughters to hold high public office and otherwise serve the State of Missouri and our Nation;
Whereas in 1833 Greene County included all of southwest Missouri and remains today the cultural and economic hub of that part of Missouri; and
Whereas Greene County is the third most populous county in the State of Missouri and continues to grow and prosper: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President is authorized and requested to issue a proclamation commemorating January 3, 1983, as the one hundred and fiftieth anniversary of the founding of Greene County, Missouri, and to transmit an enrolled copy of such proclamation to the Governor of the State of Missouri, and the presiding judge of Greene County, Springfield, Missouri.

The Secretary of Transportation shall determine for each State the higher of (1) the amount which would be apportioned to such State under section 104(b)(1) of title 23, United States Code, and (2) the amount which would be apportioned to such State under the following formula:

One-half in the ratio which the population of rural areas of each State bears to the total population of rural areas of all the States as shown by the latest available Federal census and one-half in the ratio which the population in urban areas in each
State bears to the total population in urban areas in all the States as shown by the latest Federal census.

(b) The Secretary of Transportation shall, for each of the fiscal years 1983, 1984, 1985, and 1986, determine the total of the amounts determined for each State under subsection (a) and shall determine the ratio which the total amount authorized for such fiscal year for the Federal-aid primary system bears to the total of such amounts determined under subsection (a) for such fiscal year.

(c) The amount which shall be apportioned to each State for the Federal-aid primary system (including extensions in urban areas and priority primary routes) for each of the fiscal years 1983, 1984, 1985, and 1986 shall be the amount determined for such State under subsection (a), multiplied by the ratio determined under subsection (b).

Notwithstanding any other provision of law, no State shall receive for any such fiscal year less than one-half of 1 per centum of the total apportionment under this section for such fiscal year. For purposes of this paragraph and subsection (b) of section 103 of this title, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands shall be considered together as one State. The State consisting of the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Mariana Islands shall not receive less than one-half of 1 per centum of each year's apportionment. There are authorized to be appropriated such sums as may be necessary out of the Highway Trust Fund to carry out this subsection. Funds authorized by this subsection shall be available for obligation in the same manner and to the same extent as if such funds were apportioned under chapter 1 of title 23, United States Code.

(e) Amounts apportioned under this section shall be deemed to be amounts apportioned under section 104(b)(1) of title 23, United States Code, for purposes of such title and all other provisions of law. (b) Section 120 of title 23, United States Code, is amended by adding at the end thereof the following new subsection:

"(k) Notwithstanding any other provision of this section, the Federal share payable on account of any project under this title to reconstruct, resurface, restore, and rehabilitate any highway which the Secretary determines, at the request of any State, is incurring a substantial use as a result of transportation activities to meet national energy requirements and will continue to incur such use is 85 per centum of the cost of such project."

RESURFACING STANDARDS

SEC. 110. (a) Section 109 of title 23, United States Code, is amended by adding at the end thereof the following new subsection:

"(o) It is the intent of Congress that any project for resurfacing, restoring, or rehabilitating any highway, other than a highway access to which is fully controlled, in which Federal funds participate shall be constructed in accordance with standards to preserve and extend the service life of highways and enhance highway safety."

(b) The Secretary of Transportation shall enter into appropriate arrangements with the National Academy of Sciences (1) to conduct a study of the safety cost-effectiveness of geometric design criteria of standards currently in effect for construction and reconstruction of highways, other than highways access to which is fully controlled, to determine the most appropriate minimum standards to apply to resurfacing, restoration, and rehabilitation projects on such highways, which study shall include a study of the cost effectiveness of the hot dip galvanizing process for the installation, repair, or replacement of exposed structural and miscellaneous steel, and (2) to propose standards to preserve and extend the service life of such highways and enhance highway safety. The National Academy of Sciences shall conduct such study in cooperation with the National Transportation Safety Board, the Congressional Budget Office, and the American Association of State Highway and Transportation Officials. (2) The Secretary shall submit such study to the Congress not later than one year after the date of enactment of this section.

Such vending machines may only dispense such food, drink, and other articles as the State highway department determines are appropriate and desirable. Such vending machines may only be operated by the State. In permitting the placement of vending machines under this Section, the State shall give priority to vending machines which are operated through the State licensing agency designated pursuant to section 2(a)(5) of the Act of June 20, 1936, commonly known as the Randolph-Sheppard Act (20 U.S.C. 107a(a)(5)). In no event shall the amount of interest considered as a cost of construction of a project under the preceding sentence be greater than the excess of (A) the amount which would be the estimated cost of construction of the project if the project were to be constructed at the time the project is converted to a regularly funded project, over (B) the actual cost of construction of such project (not including such interest). The Secretary shall consider changes in construction cost indices in determining the amount under clause (A) of this paragraph.”.

(c) Section 115(a) of title 23, United States Code, is amended to read as follows:

No application may be approved which will exceed the State's expected apportionment of such authorizations."

high cost projects which directly contribute to the completion of an Interstate segment which is not open to traffic; and second, for projects of high cost in relation to a State's apportionment. Sums may only be made available under this paragraph in any State if the Secretary determines that the State has obligated all of its apportionments other than an amount which, by itself, is insufficient to pay the Federal share of the cost of a project on the Interstate System which has been submitted by such State to the Secretary for approval, and the applicant is willing and able to (A) apply the funds to a ready-to-commence project; and (B) in the case of construction work, begin work within ninety days of obligation. Sums made available under this paragraph shall remain available until expended.

VEHICLE WEIGHT, LENGTH, AND WIDTH LIMITATIONS

SEC. 133. (a) Section 127 of title 23 of the United States Code is amended to read:

“§ 127. Vehicle weight limitations—Interstate System

“(a) No funds authorized to be appropriated for any fiscal year under provisions of the Federal-Aid Highway Act of 1956 shall be apportioned to any State which does not permit the use of the National System of Interstate and Defense Highways within its boundaries by vehicles with a weight of twenty thousand pounds carried on any one axle, including enforcement tolerances, or with a tandem axle weight of thirty-four thousand pounds, including enforcement tolerances, or a gross weight of at least eighty thousand pounds for vehicle combinations of five axles or more. However, the maximum gross weight to be allowed by any State for vehicles using the National System of Interstate and Defense Highways shall be twenty thousand pounds carried on one axle, including enforcement
tolerances, and a tandem axle weight of thirty-four thousand pounds, including enforcement tolerances and with an overall maximum gross weight, including enforcement tolerances, on a group of two or more consecutive axles produced by application of the following formula:

\[ W = 500 \left( \frac{LN}{N-1} + 12N + 36 \right) \]

where \( W \) equals overall gross weight on any group of two or more consecutive axles to the nearest five hundred pounds, \( L \) equals distance in feet between the extreme of any group of two or more consecutive axles, and \( N \) equals number of axles in group under consideration, except that two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each providing the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more: Provided, That such overall gross weight may not exceed eighty thousand pounds, including all enforcement tolerances, except for those vehicles and loads which cannot be easily dismantled or divided and which have been issued special permits in accordance with applicable State laws, or the corresponding maximum weights permitted for vehicles using the public highways of such State under laws or regulations established by appropriate State authority in effect on July 1, 1956, except in the case of the overall gross weight of any group of two or more consecutive axles, on the date of enactment of the Federal-Aid Highway Amendments of 1974, whichever is the greater. Any amount which is withheld from apportionment to any State pursuant to the foregoing provisions shall lapse. This section shall not be construed to deny apportionment to any State allowing the operation within such State of any vehicles or combinations thereof which the State determines could be lawfully operated within such State on July 1, 1956, except in the case of the overall gross weight of any group of two or more consecutive axles, on the date of enactment of the Federal-Aid Highway Amendments of 1974. With respect to the State of Hawaii, laws or regulations in effect on February 1, 1960, shall be applicable for the purposes of this section in lieu of those in effect on July 1, 1956. With respect to the State of Michigan, laws or regulations in effect on May 1, 1982, shall be applicable for the purposes of this subsection.

Sec. 137. (a) The Secretary of Transportation shall study and determine the need for including weather-related factors, particularly the effects of freezing and thawing, in the apportionment formulas for Federal-aid highways under section 104 of title 23, United States Code. The Secretary shall report to Congress not later than four months after the date of enactment of this Act on the results of such study and shall include in such report specific recommendations for changing such apportionment formulas to take into account weather-related factors.
Federal financial assistance, distribution procedures.

(b)(1) The Secretary of Transportation shall make a full and complete study regarding the procedures for distributing Federal financial assistance for resurfacing, restoring, rehabilitating, and reconstructing routes on the Interstate System in order to maintain a high level of transportation service. The study shall analyze current conditions and factors including, but not limited to, volume and mix of traffic, weight and size of vehicles, environmental, geographical, and meteorological conditions in various States, and other pertinent factors that can be utilized to determine the most equitable and efficient method of apportioning such Federal financial assistance to the several States. In conducting the study the Secretary shall consider such criteria as need, national importance, impact on individual State highway programs, structural and operational integrity, and any other relevant criteria, to determine the most equitable method of distribution.

(2) In conducting this study the Secretary shall consult with other agencies of the Federal Government, the States and their political subdivisions, and other interested private organizations, groups, and individuals.

(3) The Secretary shall report to Congress not later than four months after the date of enactment of this section the results of such study together with recommendations for necessary legislation.

REPORT REGARDING LONGER COMBINATION COMMERCIAL MOTOR VEHICLES

Sec. 138. (a) Within one year after the date of enactment of this Act, the Secretary of Transportation, after consultation with the transportation officials and Governors of the several States and after an opportunity for public comment, shall submit to Congress a detailed report on the potential benefits and costs, if any, to shippers, receivers, operators of commercial motor vehicles, and the general public, that reasonably may be anticipated from the establishment of a national intercity truck route network for the operation of a special class of longer combination commercial motor vehicles.

(b) For the purposes of this section—

(1) the term “longer combination commercial motor vehicles” means multiple-trailer combinations consisting of (A) truck tractor-semitrailer-full trailer, and (B) truck tractor-semitrailer-full trailer-full trailer combinations with an overall length not in excess of one hundred and ten feet; and

(2) the term “national intercity truck route network” means a network consisting of a number of controlled-access, interconnecting segments of the National System of Interstate and Defense Highways and other highways of comparable design and traffic capacity including, but not limited to, all such highways where the operation of longer combination commercial motor vehicles is authorized on the date of enactment of this Act.

(c) The detailed report mandated by this section shall include, but need not be limited to, the following:

(1) a specific plan for the establishment of a national intercity truck route network, including the designation of those specific highway segments which would be required to connect the major distribution centers and markets for long-haul intercity freight service; except that the Secretary of Transportation
shall not include in the plan any highway segment which, because of design limitations or other factors, cannot accommodate the safe operation of longer combination commercial motor vehicles;

(2) an analysis of the intercity motor freight volume that reasonably can be anticipated to be transported by longer combination commercial motor vehicles over the national intercity truck route network if such network is established by Congress;

(3) an analysis of the fuel savings that reasonably can be anticipated in the transportation of freight by commercial motor vehicle if such network is established by Congress;

(4) an analysis of the productivity gains that reasonably can be anticipated to be achieved in the transportation of freight by commercial motor vehicle if such network is established by Congress;

(5) an analysis of the fuel conservation and productivity gains historically achieved by operators of longer combination commercial motor vehicles;

(6) an analysis of the safety record of longer combination commercial motor vehicle operations that have been conducted prior to the date of enactment of this Act; and

(7) an analysis of the effect of the size and weight limitations as in effect after the date of enactment of this Act.

(d) In making the findings and determinations required by subsection (c) of this section, and in making the detailed report to Congress required by this section, the Secretary of Transportation shall assume that the longer combination commercial motor vehicles operating on the national intercity truck route network, if and when established by Congress, would be subject to the single- and tandem-axle weight limits imposed by section 127 of title 23, United States Code. The Secretary of Transportation shall further assume that the overall gross weight of such vehicles on a group of two or more consecutive axles shall be limited by the formula set forth in such section, and only by such formula.

(e) In making the detailed report to Congress required by this section, the Secretary of Transportation shall assume that longer combination commercial motor vehicles operating on the national intercity truck route network will have reasonable access to terminals, combination breakup areas, and food and fuel facilities consistent with safe operations of such vehicles.

(f) Nothing in this section shall be construed to establish Federal policy with regard to highway vehicle weight and size standards, nor shall anything in this section be construed to preempt or to affect any State law establishing highway vehicle weight or size standards. The provisions of this section require an investigation and study on the feasibility and propriety of making changes in vehicle weight and size standards which the Congress may choose to consider in the future.

CHANGE IN LOCATION OF INTERSTATE SEGMENTS

Sec. 139. (a) Notwithstanding the provisions of section 4(b) of the Federal-Aid Highway Act of 1981, the Secretary of Transportation may approve a change in location of any Interstate route or segment and approve, in lieu thereof, the construction of such Interstate route or segment on a new location if the original location of such route or segment meets the following criteria: (1) it has been designated under section 103(e) of title 23, United States Code; (2) it is
serving Interstate travel as of the date of enactment of this section; (3) it requires improvements which are eligible under the Federal-Aid Highway Act of 1981, and which would either involve major modifications in order to meet acceptable standards or result in severe environmental impacts and such major modifications or mitigation measures relating to the environmental impacts are not cost effective. The cost of the construction of such Interstate route or segment on new location with funds available under section 108(b) of the Federal-Aid Highway Act of 1956, as amended, shall not exceed the estimated cost of the eligible improvements on the original location as eligible under the Federal-Aid Highway Act of 1981 and included in the 1983 interstate cost estimate as approved by the Congress. Such cost shall be increased or decreased, as determined by the Secretary, based on changes in construction costs of the original location of the route or segment as of the date of approval of each project on the new location. Upon approval of a new location, and funds apportioned under section 104(b)(5)(A) of title 23, United States Code, which were expended on the route or segment in the original location shall be refunded to the Highway Trust Fund and credited to the unobligated balance of the State's apportionment made under section 104(b)(5)(A) of title 23, United States Code, and other eligible Federal-aid highway funds may be substituted in lieu thereof at the appropriate Federal share.

(b) Where the Secretary of Transportation approves a relocation of an Interstate route or segment under the provisions of subsection (a) of this section, such route or segment shall not be eligible for withdrawal under the provisions of section 103(e)(4) of title 23, United States Code, and shall be subject to the Interstate System completion deadlines provided in subsections (d) and (e) of section 107 of the Surface Transportation Assistance Act of 1978 or subject to Interstate System completion deadlines as may be determined by Congress.

INNOVATIVE TECHNOLOGIES

SEC. 142. (a) The Congress hereby finds and declares that it is in the national interest to encourage and promote utilization by the States of highway and bridge surfacing, resurfacing, or restoration materials which are produced from recycled materials or which contain asphalt additives to strengthen the materials. Such materi-
als conserve energy and reduce the cost of resurfacing or restoring our highways.

(b) The Secretary of Transportation is hereby authorized for each of the fiscal years through September 30, 1985, to increase the Federal share as provided in sections 119, 120, and 144 of title 23, United States Code, by 5 per centum of any project submitted by the State highway departments which contains in the plans, specifications, and estimates submitted pursuant to section 106, of title 23, United States Code, the use of the materials described in subsection (a). To be eligible for such supplemental Federal assistance, significant amounts of asphalt additives or recycled materials must be used in each project approved by the Secretary.

(c) The Secretary shall establish a procedure within ninety days of the date of enactment of this Act for increasing the Federal share under this section.

Such monitoring shall include, but need not be limited to, determining the effects of the use of such vehicle combinations on highways and highway safety in urban and rural areas and in different regions of the country, taking into account differences in age and design features of highways on the Interstate System.

(b) The Secretary of Transportation shall request the National Academy of Sciences to submit a report to the Secretary and the Congress of such monitoring, not later than two years after appropriate arrangements are entered into under subsection (a). The Secretary shall furnish to the Academy, at its request, any information which the Academy deems necessary for the purpose of conducting such monitoring.

Any amount deducted under this subsection shall be reapportioned for the fiscal years 1985 and 1986 in accordance with section 104(b)(1) of title 23, United States Code, to those States which have not received a higher Federal share under this section and to those States which have made the repayment required by subsection (d).

LANE RESTRICTIONS

SEC. 146. The State of California shall not restrict or require the restriction of the use of any lane on any Federal-aid highway in the unincorporated areas of Alameda County, California, to high occupancy vehicles, exclusive of approaches to controlled access highways, toll roads, or bridges.
UPGRADING CERTAIN INTERCHANGES

Sec. 147. Notwithstanding any other provision of law, in the case of any portion of a route on the Interstate System in the State of California which is open to traffic and which has less than two through lanes in either direction in the area where such route connects with a limited access highway on the Federal-aid primary system, a project to improve the portion of the Interstate route to a design of six lanes and to upgrade the interchange between such Interstate route and primary route to accommodate such design shall be eligible for funds authorized by section 108(b) of the Federal-Aid Highway Act of 1956, as amended, as if the costs of such project were included in the 1981 interstate cost estimate and shall be included as an eligible project in the 1983 interstate cost estimate and any later interstate cost estimate.

For the purpose of this subsection, the terms 'fixed guideway revenue vehicle miles' and 'fixed guideway route miles' shall include ferry boat operations directly or under contract by the designated recipient.

"(i) 50 per centum of the amount available under this subparagraph multiplied by the ratio which the total bus revenue vehicle miles operated in or directly serving such urbanized area bears to the total bus revenue vehicle miles in all such urbanized areas;

"(ii) 25 per centum of such amount multiplied by the ratio which the population of such urbanized area bears to the total population of all such urbanized areas as shown by the latest Federal census; and

"(iii) 25 per centum of such amount multiplied by a ratio for that urbanized area determined on the basis of population weighted by a factor of density, as determined by the Secretary; and

"(B) 26.61 per centum shall be made available for expenditure in only those urbanized areas with a population of less than 1,000,000 and on the basis of a formula under which such urbanized areas will be entitled to receive an amount equal to the sum of—

“(e)(1) The provisions of sections 3(e), 3(f), 3(g), 5(k)(3), 12(c), 13, and 19 shall apply to this section and to every grant made under this section. (3) The Secretary may make appropriate adjustments in the amount of annual grants in accordance with the Secretary's findings under this subsection, and may reduce or withdraw such assistance or take other action as appropriate in accordance with the Secretary's review, evaluation, and audits under this subsection.

(4) No grant shall be made under this section to any recipient in any fiscal year unless the Secretary has accepted a certification for such fiscal year submitted by such person pursuant to subsection (e) of this section.

(h) The provisions of section 1001 of title 18, United States Code, apply to any certification or submission under this section. In addition, if any false or fraudulent statement or related act within the meaning of section 1001 of title 18, United States Code, is made in connection with a certification of submission under this subsection, the Secretary may terminate and seek appropriate reimbursement of the affected grant or grants directly or by offsetting funds available under this subsection.

(i) A recipient may request the Secretary to approve its procurement system. If, after consultation with the Office of Federal Procurement Policy, the Secretary finds that such system provides for competitive procurement, the Secretary shall approve such system for use for all procurements financed under this section. Such approval shall be binding until withdrawn. A certification from the recipient under subsection (e)(3)(E) is still required.

(j) Grants under this section shall be available to finance the planning, acquisition, construction, improvement, and operating costs of facilities, equipment, and associated capital maintenance items for use, by operation or lease or otherwise, in mass transportation service, including the renovation and improvement of a historic transportation facility with related private investment. As used in this section, the term 'associated capital maintenance items' means any equipment and materials each of which costs no less than 1 per centum of the current fair market value of rolling stock comparable to the rolling stock for which the equipment and materials are to be used.

(k)(1) The Federal grant for any construction project (including capital maintenance items) under this section shall not exceed 80 per centum of the net project cost of such project. The Federal grant for any project for operating expenses shall not exceed 50 per centum of the net project cost of such project. The remainder shall be provided in cash from sources other than Federal funds or revenues from the operation of public mass transportation systems. Any public or private transit system funds so provided shall be solely from undistributed cash surpluses, replacement or depreciation funds or reserves available in cash, or new capital.

(2) The amount of funds apportioned under this section which may be used for operating assistance shall not exceed 80 per centum of the amount of funds apportioned in fiscal year 1982 under paragraphs (1)(A), (2)(A), and (3)(A) of section 5(a) of this Act to an urbanized area with a population of 1,000,000 or more, 90 per centum of funds so apportioned to an urbanized area with a population of 200,000 or more and less than 1,000,000 population; and 95 per centum of funds so apportioned to an urbanized area of less than 200,000 population. Notwithstanding the preceding sentence, an urbanized area that became an urbanized area for the first time
under the 1980 census may use not to exceed 40 per centum of its apportionment under this section for operating assistance.

(3) Notwithstanding any other provision of law, the amount of funds apportioned under section 5 of this Act and available for operating assistance in fiscal year 1983 in an urbanized area shall be subject to the limitations set forth in paragraph (2) of this subsection. Subject to the limitation in the preceding sentence, funds apportioned under section 5(a)(4) of this Act in fiscal year 1983 may be used for operating assistance.

(1)(A) Notwithstanding the provisions of subsection (k)(1), any recipient may, in fiscal years 1983 and 1984, transfer, for use for operating assistance, a portion of its apportionment under this section that otherwise is available only for capital assistance, except that the recipient's total operating assistance under this section (including any amounts transferred from its capital apportionment) for the fiscal year in which the transfer occurs shall not exceed the amount of Federal funds such recipient was apportioned under sections 5(a)(1)(A), 5(a)(2)(A), and 5(a)(3)(A) of this Act for the fiscal year ending September 30, 1982. The total operating assistance under this section (including any amounts transferred from its capital apportionment) for a recipient in an urbanized area that became an urbanized area for the first time under the 1980 census may not exceed 50 per centum of its apportionment under this section.

(B) Notwithstanding any other provision of law, a recipient may use its capital apportionment under section 5(a)(4) of this Act in fiscal year 1983 for purposes of carrying out a transfer under this subsection. No source of capital assistance under this Act (other than under section 5(a)(4)) may be used for such a transfer in such fiscal year.

(2) Any recipient that intends to carry out a transfer under this subsection shall, at the time it submits a proposed program of projects to the Secretary under subsection (e)(2)—

(A) certify that it has provided public notice of its intent to transfer its capital apportionment (including notice of the funding reductions resulting from utilization of this subsection and other requirements of this subsection) and provided an opportunity for public comment; and

(B) certify that it has developed a three-year plan to assure that in the fiscal year ending September 30, 1985, it will not need to use and will not use its capital apportionment for operating assistance.

(3) Whenever any recipient transfers its capital apportionment for operating assistance in accordance with the requirements of this subsection, two-thirds of the amount transferred shall be available to the recipient for operating assistance and the remaining one-third amount shall be available to the Secretary to make discretionary grants under this section. In making such discretionary grants, first priority shall be given to any urbanized area that is apportioned an amount under this section in fiscal year 1983 which is less than the amount such urbanized area was apportioned under section 5 of this Act for the fiscal year ending September 30, 1982. Any amounts remaining shall be available for discretionary construction grants under this section subject to the second and third sentences of section 4(a).

(4) The authority of recipients to use the provisions of this paragraph shall terminate on September 30, 1984.
“(m)(1) The Governor, responsible local officials, and publicly owned operators of mass transportation services in accordance with the planning process required under section 8 of this Act shall designate a recipient or recipients to receive and dispense the funds appropriated under this section that are attributable to urbanized areas of 200,000 or more population. In any case in which a statewide or regional agency or instrumentality is responsible under State laws for the financing, construction and operation, directly, by lease, contract, or otherwise, of public transportation services, such agency or instrumentality shall be the recipient to receive and dispense such funds. As used in this section, the term ‘designated recipient’ shall refer to a recipient selected according to the procedures required by this section or to a recipient designated in accordance with section 5(b)(1) of this Act prior to the date of enactment of this section.

“(2) Sums apportioned under this subsection not made available for expenditure by designated recipients in accordance with the terms of paragraph (1) shall be made available to the Governor for expenditure in urbanized areas with populations of less than 200,000.

“(n)(1) The Governor may transfer an amount of the State’s apportionment under subsection (d) to supplement funds apportioned to the State under section 18(a) of this Act, or to supplement funds apportioned to urbanized areas with populations of 300,000 or less under this subsection. The Governor may make such transfers only after consultation with responsible local officials and publicly owned operators of mass transportation services in each area to which the funding was originally apportioned pursuant to subsection (d). The Governor may transfer an amount of the State’s apportionment under section 18(a) to supplement funds apportioned to the State under subsection (d). Amounts transferred shall be subject to the capital and operating assistance limitations applicable to the original apportionments of such amounts.

“(2) A designated recipient for an urbanized area of 200,000 or more population may transfer its apportionment under this section, or a portion thereof, to the Governor. The Governor shall distribute any such apportionment to urbanized areas in the State, including areas of 200,000 or more population, in accordance with this section. Amounts transferred shall be subject to the capital and operating assistance limitations applicable to the original apportionment of such amounts.

“(o) Sums apportioned under this section shall be available for obligation by the recipient for a period of three years following the close of the fiscal year for which such sums are apportioned. Any amounts so apportioned remaining unobligated at the end of such period shall be added to the amount available for apportionment under this section for the succeeding fiscal year.

(b) Notwithstanding section 21(a)(2) of the Urban Mass Transportation Act of 1964, of the amount made available by such section 21(a)(2) for the fiscal year ending September 30, 1983, $500,000 shall be available only to carry out this section and such amount shall remain available until expended.

The investigation should determine the nature and extent of such conditions and the means which might best be employed to correct or eliminate them. If the Secretary determines that such conditions do create such a hazard, he shall require the local public body which has received funds under this Act to submit a plan for correcting or eliminating such condition. The Secretary may withhold further financial assistance under this Act from the local public body until he approves such plan and the local public body implements such plan."

(A) if such vehicle has a gross vehicle weight rating of ten thousand or more pounds;

(B) if such vehicle is designed to transport more than ten passengers, including the driver; or

(C) if such vehicle is used in the transportation of materials found by the Secretary to be hazardous for the purposes of the Hazardous Materials Transportation Act, as amended (49 U.S.C. 1801 et seq.);

(2) "employee" means—

(A) a driver of a commercial motor vehicle (including an independent contractor while in the course of personally operating a commercial motor vehicle);

(B) a mechanic;

(C) a freight handler; or

(D) any individual other than an employer;
who is employed by a commercial motor carrier and who in the course of his employment directly affects commercial motor vehicle safety, but such term does not include an employee of the United States, any State, or a political subdivision of a State who is acting within the course of such employment, nor does such term include an individual employed by a commercial motor carrier engaged in the transportation of passengers;

(3) "employer" means any person engaged in a business affecting commerce who owns or leases a commercial motor vehicle in connection with that business, or assigns employees to operate it in commerce, but such term does not include the United States, any State, or a political subdivision of a State;

(4) "person" means one or more individuals, partnerships, associations, corporations, business trusts, or any other organized group of individuals;

GRANTS TO STATES

Sec. 402. (a) Under the terms and conditions of this section, subject to the availability of funds, the Secretary is authorized to make grants to States for the development or implementation of programs for the enforcement of Federal rules, regulations, standards, and orders applicable to commercial motor vehicle safety and compatible State rules, regulations, standards, and orders.

(b)(1) The Secretary shall formulate procedures for any State to submit a plan whereby the State agrees to adopt, and to assume responsibility for enforcing Federal rules, regulations, standards, and orders applicable to commercial motor vehicle safety, or compatible State rules, regulations, standards, and orders. Such plan shall be approved by the Secretary if, in the Secretary's judgment, the plan is adequate to promote the objectives of this section, and the plan—

(A) designates the State motor vehicle safety agency responsible for administering the plan throughout the State;

(B) contains satisfactory assurances that such agency has or will have the legal authority, resources, and qualified personnel necessary for the enforcement of such rules, regulations, standards, and orders;

(C) gives satisfactory assurances that such State will devote adequate funds to the administration of such plan and enforcement of such rules, regulations, standards, and orders;

(D) provides a right of entry and inspection sufficient to enforce such rules, regulations, standards, and orders;

(E) provides that all reports required pursuant to this section be submitted to the State agency, and that such agency make available upon request to the Secretary all such reports;

(F) provides that such State agency will adopt such uniform reporting requirements and use such uniform forms for recordkeeping, inspections, and investigations as may be established and required by the Secretary; and
(G) requires registrants of commercial motor vehicles to make a declaration of knowledge of applicable Federal and State safety rules, regulations, standards, and orders.

(2) If a plan submitted under paragraph (1) of this subsection is rejected, the Secretary shall provide the State a written explanation of the Secretary's action and shall permit the State to modify and resubmit its proposed plan for approval, in accordance with the procedures formulated in such paragraph.

(c) The Secretary shall, on the basis of reports submitted by the State agency, and on the Secretary's own inspections, make a continuing evaluation of the manner in which each State with a plan approved under this section is carrying out such plan. Whenever the Secretary finds, after affording due notice and opportunity for comment, that a State plan previously approved is not being followed or that it has become inadequate to assure the enforcement of Federal rules, regulations, standards, or orders applicable to commercial motor vehicle safety or compatible State rules, regulations, standards, or orders, he shall notify the State of withdrawal of approval of such plan. Upon receipt of such notice such plan shall cease to be in effect. Any State aggrieved by a determination of the Secretary pursuant to this subsection may seek judicial review pursuant to chapter 7 of title 5, United States Code. The State may, however, retain jurisdiction in any administrative or judicial enforcement proceeding commenced before the withdrawal of the plan wherein the issues involved do not directly relate to the reasons for the withdrawal of approval of the plan.

(d) The Secretary shall not approve any plan under this section which does not provide that the aggregate expenditure of funds of the State and political subdivisions thereof, exclusive of Federal funds, for commercial motor vehicle safety programs will be maintained at a level which does not fall below the average level of such expenditure for its last two full fiscal years preceding the date of enactment of this section.

FEDERAL SHARE OF COSTS

SEC. 403. By grants authorized under this part, the Secretary shall reimburse any State an amount not to exceed 80 per centum of the costs incurred by that State in that fiscal year in the development and implementation of programs to enforce commercial motor vehicle rules, regulations, standards, or orders adopted pursuant to this title. The funds of the State and political subdivisions thereof which are required to be expended under section 402(d) of this title shall not be considered to be part of the non-Federal share. The Secretary is authorized to allocate, among the States whose applications for grants have been approved, those amounts appropriated for grants to support such programs, pursuant to such criteria as may be established.

AUTHORIZATIONS

SEC. 404. To carry out the purposes of section 402 of this title, there is authorized to be appropriated out of the Highway Trust Fund not to exceed $10,000,000 in the fiscal year ending September 30, 1984, not to exceed $20,000,000 in the fiscal year ending September 30, 1985, not to exceed $30,000,000 in the fiscal year ending September 30, 1986, not to exceed $40,000,000 in the fiscal year ending September 30, 1987, and not to exceed $50,000,000 in the
Appropriated funds authorized by this section shall be used to reimburse States pro rata for the Federal share of costs incurred. Grants made pursuant to the authority of this part shall be for periods not to exceed one fiscal year, ending at the end of a fiscal year.

PROTECTION OF EMPLOYEES

Sec. 405. (a) No person shall discharge, discipline, or in any manner discriminate against any employee with respect to the employee’s compensation, terms, conditions, or privileges of employment because such employee (or any person acting pursuant to a request of the employee) has filed any complaint or instituted or caused to be instituted any proceeding relating to a violation of a commercial motor vehicle safety rule, regulation, standard, or order, or has testified or is about to testify in any such proceeding.

(b) No person shall discharge, discipline, or in any manner discriminate against an employee with respect to the employee’s compensation, terms, conditions, or privileges of employment for refusing to operate a vehicle when such operation constitutes a violation of any Federal rules, regulations, standards, or orders applicable to commercial motor vehicle safety or health, or because of the employee’s reasonable apprehension of serious injury to himself or the public due to the unsafe condition of such equipment. The unsafe conditions causing the employee’s apprehension of injury must be of such nature that a reasonable person, under the circumstances then confronting the employee, would conclude that there is a bona fide danger of an accident, injury, or serious impairment of health, resulting from the unsafe condition. In order to qualify for protection under this subsection, the employee must have sought from his employer, and have been unable to obtain, correction of the unsafe condition.

(c)(1) Any employee who believes he has been discharged, disciplined, or otherwise discriminated against by any person in violation of subsection (a) or (b) of this section may, within one hundred and eighty days after such alleged violation occurs, file (or have filed by any person on the employee’s behalf) a complaint with the Secretary of Labor alleging such discharge, discipline, or discrimination. Upon receipt of such a complaint, the Secretary of Labor shall notify the person named in the complaint.

(2)(A) Within sixty days of receipt of a complaint filed under paragraph (1) of this subsection, the Secretary of Labor shall conduct an investigation and determine whether there is reasonable cause to believe that the complaint has merit and notify the complainant and the person alleged to have committed a violation of this section of his findings. Where the Secretary of Labor has concluded that there is reasonable cause to believe that a violation has occurred, he shall accompany his findings with a preliminary order providing the relief prescribed by subparagraph (B) of this paragraph. Thereafter, either the person alleged to have committed the violation or the complainant may, within thirty days, file objections to the findings or preliminary order, or both, and request a hearing on the record, except that the filing of such objections shall not operate to stay any reinstatement remedy contained in the preliminary order. Such hearings shall be expeditiously conducted. Where a hearing is not timely requested, the preliminary order
shall be deemed a final order which is not subject to judicial review. Upon the conclusion of such hearing, the Secretary of Labor shall issue a final order within one hundred and twenty days. In the interim, such proceedings may be terminated at any time on the basis of a settlement agreement entered into by the Secretary of Labor, the complainant, and the person alleged to have committed the violation.

(B) If, in response to a complaint filed under paragraph (1) of this subsection, the Secretary of Labor determines that a violation of subsection (a) or (b) of this section has occurred, the Secretary of Labor shall order (i) the person who committed such violation to take affirmative action to abate the violation, (ii) such person to reinstate the complainant to the complainant’s former position together with the compensation (including back pay), terms, conditions, and privileges of the complainant’s employment, and (iii) compensatory damages. If such an order is issued, the Secretary of Labor, at the request of the complainant may assess against the person against whom the order is issued a sum equal to the aggregate amount of all costs and expenses (including attorney’s fees) reasonably incurred, as determined by the Secretary of Labor, by the complainant for, or in connection with, the bringing of the complaint upon which the order was issued.

(d)(1) Any person adversely affected or aggrieved by an order issued after a hearing under subsection (c) of this section may obtain review of the order in the United States Court of Appeals for the circuit in which the violation, with respect to which the order was issued, allegedly occurred, or the circuit in which such person resided on the date of such violation. The petition for review must be filed within sixty days from the issuance of the Secretary of Labor’s order. Such review shall be in accordance with the provisions of chapter 7 of title 5, United States Code, and shall be heard and decided expeditiously.

(2) An order of the Secretary of Labor, with respect to which review could have been obtained under this section, shall not be subject to judicial review in any criminal or other civil proceeding.

(e) Whenever a person has failed to comply with an order issued under subsection (c)(2) of this section, the Secretary of Labor shall file a civil action in the United States district court for the district in which the violation was found to occur in order to enforce such order. In actions brought under this subsection, the district courts shall have jurisdiction to grant all appropriate relief, including injunctive relief, reinstatement, and compensatory damages. Civil actions brought under this subsection shall be heard and decided expeditiously.

MINIMUM FINANCIAL RESPONSIBILITY FOR MOTOR CARRIERS

Sec. 406. (a) Section 30 of the Motor Carrier Act of 1980 is amended in subsections (a) and (b) by striking out “two-year period" each place it appears and inserting in lieu thereof “three and one-half year period”.

(d) Section 30(f) of the Motor Carrier Act of 1980 is amended to read as follows:

"(f) This section shall not apply to any motor vehicle having a gross vehicle weight rating of less than ten thousand pounds, if such vehicle is not used to transport any quantity of class A or B explosives, any quantity of poison gas, or a large quantity of radioactive materials in interstate or foreign commerce.".

PART B—COMMERCIAL MOTOR VEHICLE LENGTH LIMITATION

LENGTH LIMITATIONS ON FEDERALLY ASSISTED HIGHWAYS

Sec. 411. (a) No State shall establish, maintain, or enforce any regulation of commerce which imposes a vehicle length limitation of less than forty-eight feet on the length of the semitrailer unit operating in a truck tractor-semitrailer combination, and of less than twenty-eight feet on the length of any semitrailer or trailer operating in a truck tractor-semitrailer-trailer combination, on any segment of the National System of Interstate and Defense Highways and those classes of qualifying Federal-aid Primary System highways as designated by the Secretary, pursuant to subsection (e) of this section.

(b) Length limitations established, maintained, or enforced by the States under subsection (a) of this section shall apply solely to the semitrailer or trailer or trailers and not to a truck tractor. No State shall establish, maintain, or enforce any regulation of commerce which imposes an overall length limitation on commercial motor vehicles operating in truck-tractor semitrailer or truck tractor semitrailer, trailer combinations. No State shall establish, maintain, or enforce any regulation of commerce which has the effect of prohibiting the use of trailers or semitrailers of such dimensions as those that were in actual and lawful use in such State on December 1, 1982. No State shall establish, maintain, or enforce any regulation of commerce which has the effect of prohibiting the use of existing trailers or semitrailers, of up to twenty-eight and one-half feet in length, in a truck tractor-semitrailer-trailer combination if those trailers or semitrailers were actually and lawfully operating on December 1, 1982, within a sixty-five-foot overall length limit in any State.

(c) No State shall prohibit commercial motor vehicle combinations consisting of a truck tractor and two trailing units on any segment
Specialized equipment accommodations.

(d) The Secretary is authorized to establish rules to implement the provisions of this section, and to make such determinations as are necessary to accommodate specialized equipment (including, but not limited to, automobile transporters) subject to subsections (a) and (b) of this section.

(e)(1) The Secretary shall designate as qualifying Federal-aid Primary System highways subject to the provisions of subsections (a) and (c) those Primary System highways that are capable of safely accommodating the vehicle lengths set forth therein.

(2) The Secretary shall make an initial determination of which classes of highways shall be designated pursuant to paragraph (1) within 90 days of the date of enactment of this section.

(3) The Secretary shall enact final rules pursuant to paragraph (1) no later than two hundred and seventy days from the date of enactment of this section and may revise such rules from time to time thereafter.

"Truck tractor."

(f) For the purposes of this section, "truck tractor" shall be defined as the noncargo carrying power unit that operates in combination with a semitrailer or trailer, except that a truck tractor and semitrailer engaged in the transportation of automobiles may transport motor vehicles on part of the power unit.

Effective date.

(g) The provisions of this section shall take effect ninety days after the date of enactment of this title.

(h) The length limitations described in this section shall be exclusive of safety and energy conservation devices, such as rear view mirrors, turn signal lamps, marker lamps, steps and handholds for entry and egress, flexible fender extensions, mudflaps and splash and spray suppressant devices, load-induced tire bulge, refrigeration units or air compressors and other devices, which the Secretary may interpret as necessary for safe and efficient operation of commercial motor vehicles, except that no device excluded under this subsection from the limitations of this section shall have by its design or use the capability to carry cargo.

ENFORCEMENT

SEC. 413. The Secretary, or, on the request of the Secretary, the Attorney General of the United States, is authorized and directed to institute any civil action for injunctive relief as may be appropriate to assure compliance with the provisions of this title. Such action may be instituted in any district court of the United States in any State where such relief is required to assure compliance with the terms of this title. In any action under this section, the court shall, upon a proper showing, issue a temporary restraining order or
preliminary or permanent injunction. In any such action, the court may also issue a mandatory injunction commanding any State or person to comply with any applicable provision of this title, or any rule issued under authority of this title.

SPLASH AND SPRAY SUPPRESSANT DEVICES

Sec. 414. (a) The Congress declares that visibility on wet roadways on the Interstate System should be improved by reducing, by a practicable and reliable means, splash and spray from truck tractors, semitrailers, and trailers.

(b) The Secretary shall by regulation—

(1) within one year after the date of the enactment of this title, establish minimum standards with respect to the performance and installation of splash and spray suppression devices for use on truck tractors, semitrailers, or trailers;

(2) within two years after the date of the enactment of this title, require that all new truck tractors, semitrailers, and trailers operated on the Interstate System be equipped with any splash and spray suppression device which satisfies the standards established pursuant to paragraph (1) of this subsection; and

(3) within five years after the date of the enactment of this title, require that all truck trailers, semitrailers, and trailers operated on the Interstate System be equipped with any splash and spray suppression device which satisfies the standards established pursuant to paragraph (1) of this subsection.

(c) For the purposes of this section, the term—

(1) "truck tractor" means the noncargo carrying power unit that operates in combination with a semitrailer or trailer(s);

(2) "semitrailer" and "trailer" mean any semitrailer or trailer, respectively, with respect to which section 422 of this title applies; and

(3) "Interstate System" has the same meaning provided in section 101 of title 23, United States Code.

REPORT REGARDING LONGER COMBINATION COMMERCIAL MOTOR VEHICLES

Sec. 415. (a) Within 18 months after the date of enactment of this title, the Secretary, after consultation with the transportation officials and Governors of the several States and after an opportunity for public comment, shall submit to Congress a detailed report on the potential benefits and costs if any, to shippers, receivers, operators of commercial motor vehicles, and the general public, that reasonably may be anticipated from the establishment of a National intercity truck route network for the operation of a special class of longer combination commercial motor vehicles.

(b) For the purposes of this section, the term—

(1) "longer combination commercial motor vehicles" means multiple-trailer combinations consisting of (A) truck tractor-semitrailer-full trailer, and (B) truck tractor-semitrailer-full trailer-full trailer combinations with an overall length not in excess of one hundred and ten feet; and

(2) "national intercity truck route network" means a network consisting of a number of controlled-access, interconnecting segments of the National System of Interstate and Defense
Weight limits.

Highways and other highways of comparable design and traffic capacity including, but not limited to, all such highways where the operation of longer combination commercial motor vehicles is authorized on the date of enactment of this section.

(c) The detailed report mandated by this section shall include, but need not be limited to, the following—

(1) a specific plan for the establishment of a national intercity truck route network, including the designation of those specific highway segments which would be required to connect the major distribution centers and markets for long-haul intercity freight service, except that the Secretary shall not include in the plan any highway segment which, because of design limitations or other factors, cannot accommodate the safe operation of longer combination commercial motor vehicles;

(2) an analysis of the intercity motor freight volume that reasonably can be anticipated to be transported by longer combination commercial motor vehicles over the national intercity truck route network if such network is established by Congress;

(3) an analysis of the fuel savings that reasonably can be anticipated in the transportation of freight by commercial motor vehicle if such network is established by Congress;

(4) an analysis of the productivity gains that reasonably can be anticipated to be achieved in the transportation of freight by commercial motor vehicle if such network is established by Congress;

(5) an analysis of the fuel conservation and productivity gains historically achieved by operators of longer combination commercial motor vehicles; and

(6) an analysis of the safety record of longer combination commercial motor vehicle operations that have been conducted prior to the date of enactment of this section.

(d) In making the findings and determinations required by subsection (c) of this section, and in making the detailed report to Congress required by this section, the Secretary shall assume that the longer combination commercial motor vehicles operating on the national intercity truck route network, if and when established by Congress, would be subject to the single- and tandem-axle weight limits imposed by section 127 of title 23, United States Code. The Secretary shall further assume that the overall gross weight of such vehicles on a group of two or more consecutive axles shall be limited by the formula set forth in such section, and only by such formula.

(e) In making the detailed report to Congress required by this section, the Secretary shall assume that longer combination commercial motor vehicles operating on the national intercity truck route network will have reasonable access to terminals, combination breakup areas, and food and fuel facilities consistent with safe operations of such vehicles.

(b) Evaluation by President.—(1) Not later than 2 years after the date of the enactment of this Act, the President shall evaluate the use of disposal capacity at one or more repositories to be developed under subtitle A of title I for the disposal of high-level radioactive waste resulting from atomic energy defense activities. Such evaluation shall take into consideration factors relating to cost.
efficiency, health and safety, regulation, transportation, public acceptability, and national security.

(2) Unless the President finds, after conducting the evaluation required in paragraph (1), that the development of a repository for the disposal of high-level radioactive waste resulting from atomic energy defense activities only is required, taking into account all of the factors described in such subsection, the Secretary shall proceed promptly with arrangement for the use of one or more of the repositories to be developed under subtitle A of title I for the disposal of such waste. TITLE I—DISPOSAL AND STORAGE OF HIGH-LEVEL RADIOACTIVE WASTE, SPENT NUCLEAR FUEL, AND LOW-LEVEL RADIOACTIVE WASTE

STATE AND AFFECTED INDIAN TRIBE PARTICIPATION IN DEVELOPMENT OF PROPOSED REPOSITORIES FOR DEFENSE WASTE

SEC. 101. (a) NOTIFICATION TO STATES AND AFFECTED INDIAN TRIBES.—Notwithstanding the provisions of section 8, upon any decision by the Secretary or the President to develop a repository for the disposal of high-level radioactive waste or spent nuclear fuel resulting exclusively from atomic energy defense activities, research and development activities of the Secretary, or both, and before proceeding with any site-specific investigations with respect to such repository, the Secretary shall notify the Governor and legislature of the State in which such repository is proposed to be located, or the governing body of the affected Indian tribe on whose reservation such repository is proposed to be located, as the case may be, of such decision.

(b) PARTICIPATION OF STATES AND AFFECTED INDIAN TRIBES.—Following the receipt of any notification under subsection (a), the State or Indian tribe involved shall be entitled, with respect to the proposed repository involved, to rights of participation and consultation identical to those provided in sections 115 through 118, except that

out this section.

**SUBTITLE A—REPOSITORIES FOR DISPOSAL OF HIGH-LEVEL
RADIOACTIVE WASTE AND SPENT NUCLEAR FUEL**

**FINDINGS AND PURPOSES**

SEC. 111. (a) FINDINGS.—The Congress finds that—

(1) radioactive waste creates potential risks and requires safe
and environmentally acceptable methods of disposal;

(2) a national problem has been created by the accumulation
of (A) spent nuclear fuel from nuclear reactors; and (B) radioactive
waste from (i) reprocessing of spent nuclear fuel; (ii) activities
related to medical research, diagnosis, and treatment; and
(iii) other sources;

(3) Federal efforts during the past 30 years to devise a perma-
nent solution to the problems of civilian radioactive waste
disposal have not been adequate;

(4) while the Federal Government has the responsibility to
provide for the permanent disposal of high-level radioactive
waste and such spent nuclear fuel as may be disposed of in
order to protect the public health and safety and the environ-
ment, the costs of such disposal should be the responsibility of
the generators and owners of such waste and spent fuel;

(5) the generators and owners of high-level radioactive waste
and spent nuclear fuel have the primary responsibility to pro-
vide for, and the responsibility to pay the costs of, the interim
storage of such waste and spent fuel until such waste and spent
fuel is accepted by the Secretary of Energy in accordance with
the provisions of this Act;

(6) State and public participation in the planning and develop-
ment of repositories is essential in order to promote public
confidence in the safety of disposal of such waste and spent fuel;
and

(7) high-level radioactive waste and spent nuclear fuel have
become major subjects of public concern, and appropriate pre-
cautions must be taken to ensure that such waste and spent fuel
do not adversely affect the public health and safety and the
environment for this or future generations.

(b) PURPOSES.—The purposes of this subtitle are—

(1) to establish a schedule for the siting, construction, and
operation of repositories that will provide a reasonable assur-
ance that the public and the environment will be adequately
protected from the hazards posed by high-level radioactive
waste and such spent nuclear fuel as may be disposed of in a
repository;

(2) to establish the Federal responsibility, and a definite
Federal policy, for the disposal of such waste and spent fuel;

(3) to define the relationship between the Federal Gover-
ment and the State governments with respect to the disposal of
such waste and spent fuel; and

(4) to establish a Nuclear Waste Fund, composed of payments
made by the generators and owners of such waste and spent
fuel, that will ensure that the costs of carrying out activities
relating to the disposal of such waste and spent fuel will be borne by the persons responsible for generating such waste and spent fuel.

RECOMMENDATION OF CANDIDATE SITES FOR SITE CHARACTERIZATION

Sec. 112. (a) GUIDELINES.—Not later than 180 days after the date of the enactment of this Act, the Secretary, following consultation with the Council on Environmental Quality, the Administrator of the Environmental Protection Agency, the Director of the Geological Survey, and interested Governors, and the concurrence of the Commission shall issue general guidelines for the recommendation of sites for repositories. Such guidelines shall specify detailed geologic considerations that shall be primary criteria for the selection of sites in various geologic media. Such guidelines shall specify factors that qualify or disqualify any site from development as a repository, including factors pertaining to the location of valuable natural resources, hydrology, geophysics, seismic activity, and atomic energy defense activities, proximity to water supplies, proximity to populations, the effect upon the rights of users of water, and proximity to components of the National Park System, the National Wildlife Refuge System, the National Wild and Scenic Rivers System, the National Wilderness Preservation System, or National Forest Lands. Such guidelines shall take into consideration the proximity to sites where high-level radioactive waste and spent nuclear fuel is generated or temporarily stored and the transportation and safety factors involved in moving such waste to a repository. Such guidelines shall specify population factors that will disqualify any site from development as a repository if any surface facility of such repository would be located (1) in a highly populated area; or (2) adjacent to an area 1 mile by 1 mile having a population of not less than 1,000 individuals. Such guidelines also shall require the Secretary to consider the cost and impact of transporting to the repository site the solidified high-level radioactive waste and spent fuel to be disposed of in the repository and the advantages of regional distribution in the siting of repositories. Such guidelines shall require the Secretary to consider the various geologic media in which sites for repositories may be located and, to the extent practicable, to recommend sites in different geologic media. The Secretary shall use guidelines established under this subsection in considering candidate sites for recommendation under subsection (b). The Secretary may revise such guidelines from time to time, consistent with the provisions of this subsection.

(b) RECOMMENDATION BY SECRETARY TO THE PRESIDENT.—(1)(A) Following the issuance of guidelines under subsection (a) and consultation with the Governors of affected States, the Secretary shall nominate at least 5 sites that he determines suitable for site characterization for selection of the first repository site.

(B) Subsequent to such nomination, the Secretary shall recommend to the President 3 of the nominated sites not later than January 1, 1985 for characterization as candidate sites.

(C) Not later than July 1, 1989, the Secretary shall nominate 5 sites, which shall include at least 3 additional sites not nominated under subparagraph (A), and recommend by such date to the President from such 5 nominated sites 3 candidate sites the Secretary determines suitable for site characterization for selection of the second repository. The Secretary may not nominate any site previ-
ously nominated under subparagraph (A), that was not recommended as a candidate site under subparagraph (B).

(D) Such recommendations under subparagraphs (B) and (C) shall be consistent with the provisions of section 305.

(E) Each nomination of a site under this subsection shall be accompanied by an environmental assessment, which shall include a detailed statement of the basis for such recommendation and of the probable impacts of the site characterization activities planned for such site, and a discussion of alternative activities relating to site characterization that may be undertaken to avoid such impacts. Such environmental assessment shall include—

(i) an evaluation by the Secretary as to whether such site is suitable for site characterization under the guidelines established under subsection (a);

(ii) an evaluation by the Secretary as to whether such site is suitable for development as a repository under each such guideline that does not require site characterization as a prerequisite for application of such guideline;

(iii) an evaluation by the Secretary of the effects of the site characterization activities at such site on the public health and safety and the environment;

(iv) a reasonable comparative evaluation by the Secretary of such site with other sites and locations that have been considered;

(v) a description of the decision process by which such site was recommended; and

(vi) an assessment of the regional and local impacts of locating the proposed repository at such site.

(F)(i) The issuance of any environmental assessment under this paragraph shall be considered to be a final agency action subject to judicial review in accordance with the provisions of chapter 7 of title 5, United States Code, and section 119. Such judicial review shall be limited to the sufficiency of such environmental assessment with respect to the items described in clauses (i) through (vi) of subparagraph (E).

(G) Each environmental assessment prepared under this paragraph shall be made available to the public.

(H) Before nominating a site, the Secretary shall notify the Governor and legislature of the State in which such site is located, or the governing body of the affected Indian tribe where such site is located, as the case may be, of such nomination and the basis for such nomination.

(2) Before nominating any site the Secretary shall hold public hearings in the vicinity of such site to inform the residents of the area in which such site is located of the proposed nomination of such site and to receive their comments. At such hearings, the Secretary shall also solicit and receive any recommendations of such residents with respect to issues that should be addressed in the environmental assessment described in paragraph (1) and the site characterization plan described in section 113(b)(1).

(3) In evaluating the sites nominated under this section prior to any decision to recommend a site as a candidate site, the Secretary shall use available geophysical, geologic, geochemical and hydrologic, and other information and shall not conduct any preliminary borings or excavations at a site unless (i) such preliminary boring or excavation activities were in progress upon the date of enactment of this Act or (ii) the Secretary certifies that such available informa-
tion from other sources, in the absence of preliminary borings or excavations, will not be adequate to satisfy applicable requirements of this Act or any other law: Provided, That preliminary borings or excavations under this section shall not exceed a diameter of 6 inches.

(c) **Presidential Review of Recommended Candidate Sites.**—(1) The President shall review each candidate site recommendation made by the Secretary under subsection (b). Not later than 60 days after the submission by the Secretary of a recommendation of a candidate site, the President, in his discretion, may either approve or disapprove such candidate site, and shall transmit any such decision to the Secretary and to either the Governor and legislature of the State in which such candidate site is located, or the governing body of the affected Indian tribe where such candidate site is located, as the case may be. If, during such 60-day period, the President fails to approve or disapprove such candidate site, or fails to invoke his authority under paragraph (2) to delay his decision, such candidate site shall be considered to be approved, and the Secretary shall notify such Governor and legislature, or governing body of the affected Indian tribe, of the approval of such candidate site by reason of the inaction of the President.

(2) The President may delay for not more than 6 months his decision under paragraph (1) to approve or disapprove a candidate site, upon determining that the information provided with the recommendation of the Secretary is insufficient to permit a decision within the 60-day period referred to in paragraph (1). The President may invoke his authority under this paragraph by submitting written notice to the Congress, within such 60-day period, of his intent to invoke such authority. If the President invokes such authority, but fails to approve or disapprove the candidate site involved by the end of such 6-month period, such candidate site shall be considered to be approved, and the Secretary shall notify such Governor and legislature, or governing body of the affected Indian tribe, of the approval of such candidate site by reason of the inaction of the President.

(d) **Continuation of Candidate Site Screening.**—After the required recommendation of candidate sites under subsection (b), the Secretary may continue, as he determines necessary, to identify and study other sites to determine their suitability for recommendation for site characterization, in accordance with the procedures described in this section.

(e) **Preliminary Activities.**—Except as otherwise provided in this section, each activity of the President or the Secretary under this section shall be considered to be a preliminary decisionmaking activity. No such activity shall require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), or to require any environmental review under subparagraph (E) or (F) of section 102(2) of such Act.

(f) **Timely Site Characterization.**—Nothing in this section may be construed as prohibiting the Secretary from continuing ongoing or presently planned site characterization at any site on Department of Energy land for which the location of the principal borehole has been approved by the Secretary by August 1, 1982, except that (1) the environmental assessment described in subsection (b)(1) shall be prepared and made available to the public before proceeding to sink shafts at any such site; and (2) the Secretary shall not continue site characterization at any such site unless such site is among the
candidate sites recommended by the Secretary under the first sentence of subsection (b) for site characterization and approved by the President under subsection (c); and (3) the Secretary shall conduct public hearings under 113(b)(2) and comply with requirements under section 117 of this Act within one year of the date of enactment.

SITE CHARACTERIZATION

SEC. 113. (a) IN GENERAL.—The Secretary shall carry out, in accordance with the provisions of this section, appropriate site characterization activities beginning with the candidate sites that have been approved under section 112 and are located in various geologic media. The Secretary shall consider fully the comments received under subsection (b)(2) and section 112(b)(2) and shall, to the maximum extent practicable and in consultation with the Governor of the State involved or the governing body of the affected Indian tribe involved, conduct site characterization activities in a manner that minimizes any significant adverse environmental impacts identified in such comments or in the environmental assessment submitted under subsection (b)(1).

(b) COMMISSION AND STATES.—(1) Before proceeding to sink shafts at any candidate site, the Secretary shall submit for such candidate site to the Commission and to either the Governor and legislature of the State in which such candidate site is located, or the governing body of the affected Indian tribe on whose reservation such candidate site is located, as the case may be, for their review and comment—

(A) a general plan for site characterization activities to be conducted at such candidate site, which plan shall include—

(i) a description of such candidate site;

(ii) a description of such site characterization activities, including the following: the extent of planned excavations, plans for any onsite testing with radioactive or nonradioactive material, plans for any investigation activities that may affect the capability of such candidate site to isolate high-level radioactive waste and spent nuclear fuel, and plans to control any adverse, safety-related impacts from such site characterization activities;

(iii) plans for the decontamination and decommissioning of such candidate site, and for the mitigation of any significant adverse environmental impacts caused by site characterization activities if it is determined unsuitable for application for a construction authorization for a repository;

(iv) criteria to be used to determine the suitability of such candidate site for the location of a repository, developed pursuant to section 112(a); and

(v) any other information required by the Commission;

(B) a description of the possible form or packaging for the high-level radioactive waste and spent nuclear fuel to be emplaced in such repository, a description, to the extent practicable, of the relationship between such waste form or packaging and the geologic medium of such site, and a description of the activities being conducted by the Secretary with respect to such possible waste form or packaging or such relationship; and

(C) a conceptual repository design that takes into account likely site-specific requirements.
(2) Before proceeding to sink shafts at any candidate site, the Secretary shall (A) make available to the public the site characterization plan described in paragraph (1); and (B) hold public hearings in the vicinity of such candidate site to inform the residents of the area in which such candidate site is located of such plan, and to receive their comments.

(3) During the conduct of site characterization activities at a candidate site, the Secretary shall report not less than once every 6 months to the Commission and to either the Governor and legislature of the State in which such candidate site is located, or the governing body of the affected Indian tribe where such candidate site is located, as the case may be, on the nature and extent of such activities and the information developed from such activities.

(c) Restrictions.—(1) The Secretary may conduct at any candidate site only such site characterization activities as the Secretary considers necessary to provide the data required for evaluation of the suitability of such candidate site for an application to be submitted to the Commission for a construction authorization for a repository at such candidate site, and for compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

(2) In conducting site characterization activities—
(A) the Secretary may not use any radioactive material at a candidate site unless the Commission concurs that such use is necessary to provide data for the preparation of the required environmental reports and an application for a construction authorization for a repository at such candidate site; and
(B) if any radioactive material is used at a candidate site—
(i) the Secretary shall use the minimum quantity necessary to determine the suitability of such candidate site for a repository, but in no event more than the curie equivalent of 10 metric tons of spent nuclear fuel; and
(ii) such radioactive material shall be fully retrievable.

(3) If site characterization activities are terminated at a candidate site for any reason, the Secretary shall (A) notify the Congress, the Governors and legislatures of all States in which candidate sites are located, and the governing bodies of all affected Indian tribes where candidate sites are located, of such termination and the reasons for such termination; and (B) remove any high-level radioactive waste, spent nuclear fuel, or other radioactive materials at or in such candidate site as promptly as practicable.

(4) If a site is determined to be unsuitable for application for a construction authorization for a repository, the Secretary shall take reasonable and necessary steps to reclaim the site and to mitigate any significant adverse environmental impacts caused by site characterization activities.

(d) Preliminary Activities.—Each activity of the Secretary under this section that is in compliance with the provisions of subsection (c) shall be considered a preliminary decisionmaking activity. No such activity shall require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), or to require any environmental review under subparagraph (E) or (F) of section 102(2) of such Act.
SEC. 114. (a) HEARINGS AND PRESIDENTIAL RECOMMENDATION.—(1) The Secretary shall hold public hearings in the vicinity of each site under consideration for recommendation to the President under this paragraph as a site for the development of a repository, for the purposes of informing the residents of the area in which such site is located of such consideration and receiving their comments regarding the possible recommendation of such site. If, upon completion of such hearings and completion of site characterization activities at not less than 3 candidate sites for the first proposed repository, or from all of the characterized sites for the development of subsequent repositories, under section 113, the Secretary decides to recommend approval of such site to the President, the Secretary shall notify the Governor and legislature of the State in which such site is located, or the governing body of the affected Indian tribe where such site is located, as the case may be, of such decision. No sooner than the expiration of the 30-day period following such notification, the Secretary shall submit to the President a recommendation that the President approve such site for the development of a repository. Any such recommendation by the Secretary shall be based on the record of information developed by the Secretary under section 113 and this section, including the information described in subparagraph (A) through subparagraph (G). In making site recommendations and approvals subsequent to the first site recommendation, the Secretary and the President, respectively, shall also consider the need for regional distribution of repositories and the need to minimize, to the extent practicable, the impacts and cost of transporting spent fuel and solidified high-level radioactive waste. Together with any recommendation of a site under this paragraph, the Secretary shall make available to the public, and submit to the President, a comprehensive statement of the basis of such recommendation, including the following:

(A) a description of the proposed repository, including preliminary engineering specifications for the facility;

(B) a description of the waste form or packaging proposed for use at such repository, and an explanation of the relationship between such waste form or packaging and the geologic medium of such site;

(C) a discussion of data, obtained in site characterization activities, relating to the safety of such site;

(D) a final environmental impact statement prepared pursuant to subsection (f) and the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), including an analysis of the consideration given by the Secretary to not less than 3 candidate sites for the first proposed repository or to all of the characterized sites for the development of subsequent repositories, with respect to which site characterization is completed under section 113, together with comments made concerning such environmental impact statement by the Secretary of the Interior, the Council on Environmental Quality, the Administrator, and the Commission, except that any such environmental impact statement concerning the first repository to be developed under this Act shall not be required to consider the need for a repository or the alternatives to geologic disposal;

(E) preliminary comments of the Commission concerning the extent to which the at-depth site characterization analysis and
the waste form proposal for such site seem to be sufficient for
inclusion in any application to be submitted by the Secretary
for licensing of such site as a repository;
(F) the views and comments of the Governor and legislature of
any State, or the governing body of any affected Indian tribe, as
determined by the Secretary, together with the response of the
Secretary to such views;
(G) such other information as the Secretary considers appro-
 priate; and
(H) any impact report submitted under section 116(c)(2)(B) by
the State in which such site is located, or under section
118(b)(3)(B) by the affected Indian tribe where such site is
located, as the case may be.

(2)(A) Not later than March 31, 1987, the President shall submit to
the Congress a recommendation of one site from the three sites
initially characterized that the President considers qualified for
application for a construction authorization for a repository. Not
later than March 31, 1990, the President shall submit to the Con-
gress a recommendation of a second site from any sites already
characterized that the President considers qualified for a construc-
tion authorization for a second repository. The President shall
submit with such recommendation a copy of the report for such site
prepared by the Secretary under paragraph (1). After submission of
the second such recommendation, the President may submit to the
Congress recommendations for other sites, in accordance with the
provisions of this subtitle.

(B) The President may extend the deadlines described in subpara-
graph (A) by not more than 12 months if, before March 31, 1986, for
the first site, and March 31, 1989, for the second site, (i) the
President determines that such extension is necessary; and (ii)
transmits to the Congress a report setting forth the reasons for such
extension.

(3) If approval of any such site recommendation does not take
effect as a result of a disapproval by the Governor or legislature of a
State under section 116 or the governing body of an affected Indian
tribe under section 118, the President shall submit to the Congress,
not later than 1 year after the disapproval of such recommendation,
a recommendation of another site for the first or subsequent
repository.

(4)(A) The President may not recommend the approval of any site
under this subsection unless the Secretary has recommended to the
President under paragraph (1) approval of such site and has submit-
ted to the President a report for such site as required under such
paragraph.

(B) No recommendation of a site by the President under this
subsection shall require the preparation of an environmental impact
statement under section 102(2)(C) of the National Environmental
Policy Act of 1969 (42 U.S.C. 4332(2)(C)), or to require any environ-
mental review under subparagraph (E) or (F) of section 102(2) of
such Act.

(b) SUBMISSION OF APPLICATION.—If the President recommends to
the Congress a site for a repository under subsection (a) and the site
designation is permitted to take effect under section 115, the Secre-
tary shall submit to the Commission an application for a construc-
tion authorization for a repository at such site not later than 90 days
after the date on which the recommendation of the site designation
is effective under such section and shall provide to the Governor and
legislature of the State in which such site is located, or the governing body of the affected Indian tribe where such site is located, as the case may be, a copy of such application.

(c) Status Report on Application.—Not later than 1 year after the date on which an application for a construction authorization is submitted under subsection (b), and annually thereafter until the date on which such authorization is granted, the Commission shall submit a report to the Congress describing the proceedings undertaken through the date of such report with regard to such application, including a description of—

(1) any major unresolved safety issues, and the explanation of the Secretary with respect to design and operation plans for resolving such issues;

(2) any matters of contention regarding such application; and

(3) any Commission actions regarding the granting or denial of such authorization.

(d) Commission Action.—The Commission shall consider an application for a construction authorization for all or part of a repository in accordance with the laws applicable to such applications, except that the Commission shall issue a final decision approving or disapproving the issuance of a construction authorization not later than—

(1) January 1, 1989, for the first such application, and January 1, 1992, for the second such application; or

(2) the expiration of 3 years after the date of the submission of such application, except that the Commission may extend such deadline by not more than 12 months if, not less than 30 days before such deadline, the Commission complies with the reporting requirements established in subsection (e)(2);

whichever occurs later. The Commission decision approving the first such application shall prohibit the emplacement in the first repository of a quantity of spent fuel containing in excess of 70,000 metric tons of heavy metal or a quantity of solidified high-level radioactive waste resulting from the reprocessing of such a quantity of spent fuel until such time as a second repository is in operation. In the event that a monitored retrievable storage facility, approved pursuant to subtitle C of this Act, shall be located, or is planned to be located, within 50 miles of the first repository, then the Commission decision approving the first such application shall prohibit the emplacement of a quantity of spent fuel containing in excess of 70,000 metric tons of heavy metal or a quantity of solidified high-level radioactive waste resulting from the reprocessing of spent fuel in both the repository and monitored retrievable storage facility until such time as a second repository is in operation.

(e) Project Decision Schedule.—(1) The Secretary shall prepare and update, as appropriate, in cooperation with all affected Federal agencies, a project decision schedule that portrays the optimum way to attain the operation of the repository involved, within the time periods specified in this subtitle. Such schedule shall include a description of objectives and a sequence of deadlines for all Federal agencies required to take action, including an identification of the activities in which a delay in the start, or completion, of such activities will cause a delay in beginning repository operation.

(2) Any Federal agency that determines that it cannot comply with any deadline in the project decision schedule, or fails to so comply, shall submit to the Secretary and to the Congress a written report explaining the reason for its failure or expected failure to
meet such deadline, the reason why such agency could not reach an agreement with the Secretary, the estimated time for completion of the activity or activities involved, the associated effect on its other deadlines in the project decision schedule, and any recommendations it may have or actions it intends to take regarding any improvements in its operation or organization, or changes to its statutory directives or authority, so that it will be able to mitigate the delay involved. The Secretary, within 30 days after receiving any such report, shall file with the Congress his response to such report, including the reasons why the Secretary could not amend the project decision schedule to accommodate the Federal agency involved.

(f) ENVIRONMENTAL IMPACT STATEMENT.—Any recommendation made by the Secretary under this section shall be considered a major Federal action significantly affecting the quality of the human environment for purposes of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.). A final environmental impact statement prepared by the Secretary under such Act shall accompany any recommendation to the President to approve a site for a repository. With respect to the requirements imposed by the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), compliance with the procedures and requirements of this Act shall be deemed adequate consideration of the need for a repository, the time of the initial availability of a repository, and all alternatives to the isolation of high-level radioactive waste and spent nuclear fuel in a repository. For purposes of complying with the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 1321 et seq.) and this section, the Secretary shall consider as alternate sites for the first repository to be developed under this subtitle 3 candidate sites with respect to which (1) site characterization has been completed under section 113; and (2) the Secretary has made a preliminary determination, that such sites are suitable for development as repositories consistent with the guidelines promulgated under section 112(a). The Secretary shall consider as alternative sites for subsequent repositories at least three of the remaining sites recommended by the Secretary by January 1, 1985, and by July 1, 1989, pursuant to section 112(b) and approved by the President for site characterization pursuant to section 112(c) for which (1) site characterization has been completed under section 113; and (2) the Secretary has made a preliminary determination that such sites are suitable for development as repositories consistent with the guidelines promulgated under section 112(a). Any environmental impact statement prepared in connection with a repository proposed to be constructed by the Secretary under this subtitle shall be constructed by the Secretary under this subtitle shall, to the extent practicable, be adopted by the Commission in connection with the issuance by the Commission of a construction authorization and license for such repository. To the extent such statement is adopted by the Commission, such adoption shall be deemed to also satisfy the responsibilities of the Commission under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and no further consideration shall be required, except that nothing in this subsection shall affect any independent responsibilities of the Commission to protect the public health and safety under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.). Nothing in this Act shall be construed to amend or otherwise detract from the licensing requirements of the Nuclear Regulatory Commission as established in title II of the Energy Reorganization Act of 1974 (Public Law 93-438). In
any such statement prepared with respect to the first repository to be constructed under this subtitle, the need for a repository or nongeologic alternatives to the site of such repository shall not be considered.

REVIEW OF REPOSITORY SITE SELECTION

SEC. 115. (a) DEFINITION.—For purposes of this section, the term “resolution of repository siting approval” means a joint resolution of the Congress, the matter after the resolving clause of which is as follows: “That there hereby is approved the site at .......... for a repository, with respect to which a notice of disapproval was submitted by .......... on ..........”. The first blank space in such resolution shall be filled with the name of the geographic location of the proposed site of the repository to which such resolution pertains; the second blank space in such resolution shall be filled with the designation of the State Governor and legislature or Indian tribe governing body submitting the notice of disapproval to which such resolution pertains; and the last blank space in such resolution shall be filled with the date of such submission.

(b) STATE OR INDIAN TRIBE PETITIONS.—The designation of a site as suitable for application for a construction authorization for a repository shall be effective at the end of the 60-day period beginning on the date that the President recommends such site to the Congress under section 114, unless the Governor and legislature of the State in which such site is located, or the governing body of an Indian tribe on whose reservation such site is located, as the case may be, has submitted to the Congress a notice of disapproval under section 116 or 118. If any such notice of disapproval has been submitted, the designation of such site shall not be effective except as provided under subsection (c).

(c) CONGRESSIONAL REVIEW OF PETITIONS.—If any notice of disapproval of a repository site designation has been submitted to the Congress under section 116 or 118 after a recommendation for approval of such site is made by the President under section 114, such site shall be disapproved unless, during the first period of 90 calendar days of continuous session of the Congress after the date of the receipt by the Congress of such notice of disapproval, the Congress passes a resolution of repository siting approval in accordance with this subsection approving such site, and such resolution thereafter becomes law.

(d) PROCEDURES APPLICABLE TO THE SENATE.—(1) The provisions of this subsection are enacted by the Congress—

(A) as an exercise of the rulemaking power of the Senate, and as such they are deemed a part of the rules of the Senate, but applicable only with respect to the procedure to be followed in the Senate in the case of resolutions of repository siting approval, and such provisions supersede other rules of the Senate only to the extent that they are inconsistent with such other rules; and

(B) with full recognition of the constitutional right of the Senate to change the rules (so far as relating to the procedure of the Senate) at any time, in the same manner and to the same extent as in the case of any other rule of the Senate.

(2)(A) Not later than the first day of session following the day on which any notice of disapproval of a repository site selection is submitted to the Congress under section 116 or 118, a resolution of
repository siting approval shall be introduced (by request) in the Senate by the chairman of the committee to which such notice of disapproval is referred, or by a Member or Members of the Senate designated by such chairman.

(B) Upon introduction, a resolution of repository siting approval shall be referred to the appropriate committee or committees of the Senate by the President of the Senate, and all such resolutions with respect to the same repository site shall be referred to the same committee or committees. Upon the expiration of 60 calendar days of continuous session after the introduction of the first resolution of repository siting approval with respect to any site, each committee to which such resolution was referred shall make its recommendations to the Senate.

(3) If any committee to which is referred a resolution of siting approval introduced under paragraph (2)(A), or, in the absence of such a resolution, any other resolution of siting approval introduced with respect to the site involved, has not reported such resolution at the end of 60 days of continuous session of Congress after introduction of such resolution, such committee shall be deemed to be discharged from further consideration of such resolution, and such resolution shall be placed on the appropriate calendar of the Senate.

(4)(A) When each committee to which a resolution of siting approval has been referred has reported, or has been deemed to be discharged from further consideration of, a resolution described in paragraph (3), it shall at any time thereafter be in order (even though a previous motion to the same effect has been disagreed to) for any Member of the Senate to move to proceed to the consideration of such resolution. Such motion shall be highly privileged and shall not be debatable. Such motion shall not be subject to amendment, to a motion to postpone, or to a motion to proceed to the consideration of other business. A motion to reconsider the vote by which such motion is agreed to or disagreed to shall not be in order. If a motion to proceed to the consideration of such resolution is agreed to, such resolution shall remain the unfinished business of the Senate until disposed of.

(B) Debate on a resolution of siting approval, and on all debatable motions and appeals in connection with such resolution, shall be limited to not more than 10 hours, which shall be divided equally between Members favoring and Members opposing such resolution. A motion further to limit debate shall be in order and shall not be debatable. Such motion shall not be subject to amendment, to a motion to postpone, or to a motion to proceed to the consideration of other business, and a motion to recommit such resolution shall not be in order. A motion to reconsider the vote by which such resolution is agreed to or disagreed to shall not be in order.

(C) Immediately following the conclusion of the debate on a resolution of siting approval, and a single quorum call at the conclusion of such debate if requested in accordance with the rules of the Senate, the vote on final approval of such resolution shall occur.

(D) Appeals from the decisions of the Chair relating to the application of the rules of the Senate to the procedure relating to a resolution of siting approval shall be decided without debate.

(5) If the Senate receives from the House a resolution of repository siting approval with respect to any site, then the following procedure shall apply:
(A) The resolution of the House with respect to such site shall not be referred to a committee.

(B) With respect to the resolution of the Senate with respect to such site—

(i) the procedure with respect to that or other resolutions of the Senate with respect to such site shall be the same as if no resolution from the House with respect to such site had been received; but

(ii) on any vote on final passage of a resolution of the Senate with respect to such site, a resolution from the House with respect to such site where the text is identical shall be automatically substituted for the resolution of the Senate.

(e) PROCEDURES APPLICABLE TO THE HOUSE OF REPRESENTATIVES.—

(1) The provisions of this section are enacted by the Congress—

(A) as an exercise of the rulemaking power of the House of Representatives, and as such they are deemed a part of the rules of the House, but applicable only with respect to the procedure to be followed in the House in the case of resolutions of repository siting approval, and such provisions supersede other rules of the House only to the extent that they are inconsistent with such other rules; and

(B) with full recognition of the constitutional right of the House to change the rules (so far as relating to the procedure of the House) at any time, in the same manner and to the same extent as in the case of any other rule of the House.

(2) Resolutions of repository siting approval shall upon introduction, be immediately referred by the Speaker of the House to the appropriate committee or committees of the House. Any such resolution received from the Senate shall be held at the Speaker's table.

(3) Upon the expiration of 60 days of continuous session after the introduction of the first resolution of repository siting approval with respect to any site, each committee to which such resolution was referred shall be discharged from further consideration of such resolution, and such resolution shall be referred to the appropriate calendar, unless such resolution or an identical resolution was previously reported by each committee to which it was referred.

(4) It shall be in order for the Speaker to recognize a Member favoring a resolution to call up a resolution of repository siting approval after it has been on the appropriate calendar for 5 legislative days. When any such resolution is called up, the House shall proceed to its immediate consideration and the Speaker shall recognize the Member calling up such resolution and a Member opposed to such resolution for 2 hours of debate in the House, to be equally divided and controlled by such Members. When such time has expired, the previous question shall be considered as ordered on the resolution to adoption without intervening motion. No amendment to any such resolution shall be in order, nor shall it be in order to move to reconsider the vote by which such resolution is agreed to or disagreed to.

(5) If the House receives from the Senate a resolution of repository siting approval with respect to any site, then the following procedure shall apply:

(A) The resolution of the Senate with respect to such site shall not be referred to a committee.

(B) With respect to the resolution of the House with respect to such site—
(i) the procedure with respect to that or other resolutions of the House with respect to such site shall be the same as if no resolution from the Senate with respect to such site had been received; but

(ii) on any vote on final passage of a resolution of the House with respect to such site, a resolution from the Senate with respect to such site where the text is identical shall be automatically substituted for the resolution of the House.

(f) COMPUTATION OF DAYS.—For purposes of this section—

(1) continuity of session of Congress is broken only by an adjournment sine die; and

(2) the days on which either House is not in session because of an adjournment of more than 3 days to a day certain are excluded in the computation of the 90-day period referred to in subsection (c) and the 60-day period referred to in subsections (d) and (e).

(g) INFORMATION PROVIDED TO CONGRESS.—In considering any notice of disapproval submitted to the Congress under section 116 or 118, the Congress may obtain any comments of the Commission with respect to such notice of disapproval. The provision of such comments by the Commission shall not be construed as binding the Commission with respect to any licensing or authorization action concerning the repository involved.

PARTICIPATION OF STATES

42 USC 10136.

SEC. 116. (a) NOTIFICATION OF STATES AND AFFECTED TRIBES.—The Secretary shall identify the States with one or more potentially acceptable sites for a repository within 90 days after the date of enactment of this Act. Within 90 days of such identification, the Secretary shall notify the Governor, the State legislature, and the tribal council of any affected Indian tribe in any State of the "Potentially acceptable sites." For the purposes of this title, the term "potentially acceptable site" means any site at which, after geologic studies and field mapping but before detailed geologic data gathering, the Department undertakes preliminary drilling and geophysical testing for the definition of site location.

(b) STATE PARTICIPATION IN REPOSITORY SITING DECISIONS.—(1) Unless otherwise provided by State law, the Governor or legislature of each State shall have authority to submit a notice of disapproval to the Congress under paragraph (2). In any case in which State law provides for submission of any such notice of disapproval by any other person or entity, any reference in this subtitle to the Governor or legislature of such State shall be considered to refer instead to such other person or entity.

(2) Upon the submission by the President to the Congress of a recommendation of a site for a repository, the Governor or legislature of the State in which such site is located may disapprove the site designation and submit to the Congress a notice of disapproval. Such Governor or legislature may submit such a notice of disapproval to the Congress not later than the 60 days after the date that the President recommends such site to the Congress under section 114. A notice of disapproval shall be considered to be submitted to the Congress on the date of the transmittal of such notice of disapproval to the Speaker of the House and the President pro tempore of the Senate. Such notice of disapproval shall be accompanied by a state-
ment of reasons explaining why such Governor or legislature disapproved the recommended repository site involved.

(3) The authority of the Governor or legislature of each State under this subsection shall not be applicable with respect to any site located on a reservation.

(c) **Financial Assistance.**—(1)(A) The Secretary shall make grants to each State notified under subsection (a) for the purpose of participating in activities required by sections 116 and 117 or authorized by written agreement entered into pursuant to subsection 117(c). Any salary or travel expense that would ordinarily be incurred by such State, or by any political subdivision of such State, may not be considered eligible for funding under this paragraph.

(B) The Secretary shall make grants to each State in which a candidate site for a repository is approved under section 112(c). Such grants may be made to each such State only for purposes of enabling such State—

(i) to review activities taken under this subtitle with respect to such site for purposes of determining any potential economic, social, public health and safety, and environmental impacts of such repository on the State and its residents;

(ii) to develop a request for impact assistance under paragraph (2);

(iii) to engage in any monitoring, testing, or evaluation activities with respect to site characterization programs with regard to such site;

(iv) to provide information to its residents regarding any activities of such State, the Secretary, or the Commission with respect to such site; and

(v) to request information from, and make comments and recommendations to, the Secretary regarding any activities taken under this subtitle with respect to such site.

(C) Any salary or travel expense that would ordinarily be incurred by such State, or by any political subdivision of such State, may not be considered eligible for funding under this paragraph.

(2)(A) The Secretary shall provide financial and technical assistance to any State requesting such assistance in which there is a site with respect to which the Commission has authorized construction of a repository. Such assistance shall be designed to mitigate the impact on such State of the development of such repository. Such assistance to such State shall commence within 6 months following the granting by the Commission of a construction authorization for such repository and following the initiation of construction activities at such site.

(B) Any State desiring assistance under this paragraph shall prepare and submit to the Secretary a report on any economic, social, public health and safety, and environmental impacts that are likely as a result of the development of a repository at a site in such State. Such report shall be submitted to the Secretary following the completion of site characterization activities at such site and before the recommendation of such site to the President by the Secretary for application for a construction authorization for a repository. As soon as practicable following the granting of a construction authorization for such repository, the Secretary shall seek to enter into a binding agreement with the State involved setting forth the amount of assistance to be provided to such State under this paragraph and the procedures to be followed in providing such assistance.
(3) The Secretary shall also grant to each State and unit of general local government in which a site for a repository is approved under section 112(c) an amount each fiscal year equal to the amount such State and unit of general local government, respectively, would receive were they authorized to tax site characterization activities at such site, and the development and operation of such repository, as such State and unit of general local government tax the other real property and industrial activities occurring within such State and unit of general local government. Such grants shall continue until such time as all such activities, development, and operation are terminated at such site.

(4)(A) A State may not receive any grant under paragraph (1) after the expiration of the 1-year period following—
   (i) the date on which the Secretary notifies the Governor and legislature of the State involved of the termination of site characterization activities at the candidate site involved in such State;
   (ii) the date on which the site in such State is disapproved under section 115; or
   (iii) the date on which the Commission disapproves an application for a construction authorization for a repository at such site;

whichever occurs first, unless there is another candidate site in the State approved under section 112(c) with respect to which the actions described in clauses (i), (ii), and (iii) have not been taken.

(B) A State may not receive any further assistance under paragraph (2) with respect to a site if repository construction activities at such site are terminated by the Secretary or if such activities are permanently enjoined by any court.

(C) At the end of the 2-year period beginning on the effective date of any license to receive and possess for a repository in a State, no Federal funds shall be made available to such State under paragraph (1) or (2), except for—
   (i) such funds as may be necessary to support State activities related to any other repository located in, or proposed to be located in, such State, and for which a license to receive and possess has not been in effect for more than 1 year; and
   (ii) such funds as may be necessary to support State activities pursuant to agreements or contracts for impact assistance entered into, under paragraph (2), by such State with the Secretary during such 2-year period.

(5) Financial assistance authorized in this subsection shall be made out of amounts held in the Nuclear Waste Fund established in section 302.

(d) ADDITIONAL NOTIFICATION AND CONSULTATION.—Whenever the Secretary is required under any provision of this Act to notify or consult with the governing body of an affected Indian tribe where a site is located, the Secretary shall also notify or consult with, as the case may be, the Governor of the State in which such reservation is located.

CONSULTATION WITH STATES AND AFFECTED INDIAN TRIBES

SEC. 117. (a) PROVISION OF INFORMATION.—(1) The Secretary, the Commission, and other agencies involved in the construction, operation, or regulation of any aspect of a repository in a State shall provide to the Governor and legislature of such State, and to the
(2) Upon written request for such information by the Governor or legislature of such State, or by the governing body of any affected Indian tribe, as the case may be, the Secretary shall provide a written response to such request within 30 days of the receipt of such request. Such response shall provide the information requested or, in the alternative, the reasons why the information cannot be so provided. If the Secretary fails to so respond within such 30 days, the Governor or legislature of such State, or the governing body of any affected Indian tribe, as the case may be, may transmit a formal written objection to such failure to respond to the President. If the President or Secretary fails to respond to such written request within 30 days of the receipt by the President of such formal written objection, the Secretary shall immediately suspend all activities in such State authorized by this subtitle, and shall not renew such activities until the Governor or legislature of such State, or the governing body of any affected Indian tribe, as the case may be, has received the written response to such written request required by this subsection.

(b) CONSULTATION AND COOPERATION.—In performing any study of an area within a State for the purpose of determining the suitability of such area for a repository pursuant to section 112(c), and in subsequently developing and loading any repository within such State, the Secretary shall consult and cooperate with the Governor and legislature of such State and the governing body of any affected Indian tribe in an effort to resolve the concerns of such State and any affected Indian tribe regarding the public health and safety, environmental, and economic impacts of any such repository. In carrying out his duties under this subtitle, the Secretary shall take such concerns into account to the maximum extent feasible and as specified in written agreements entered into under subsection (c).

(c) WRITTEN AGREEMENT.—Not later than 60 days after (1) the approval of a site for site characterization for such a repository under section 112(c), or (2) the written request of the State or Indian tribe in any affected State notified under section 116(a) to the Secretary, whichever, first occurs, the Secretary shall seek to enter into a binding written agreement, and shall begin negotiations, with such State and, where appropriate, to enter into a separate binding agreement with the governing body of any affected Indian tribe, setting forth (but not limited to) the procedures under which the requirements of subsections (a) and (b), and the provisions of such written agreement, shall be carried out. Any such written agreement shall not affect the authority of the Commission under existing law. Each such written agreement shall, to the maximum extent feasible, be completed not later than 6 months after such notification. If such written agreement is not completed within such period, the Secretary shall report to the Congress in writing within 30 days on the status of negotiations to develop such agreement and the reasons why such agreement has not been completed. Prior to submission of such report to the Congress, the Secretary shall transmit such report to the Governor of such State or the governing body of such affected Indian tribe, as the case may be, for their review and comments. Such comments shall be included in such
report prior to submission to the Congress. Such written agreement shall specify procedures—

(1) by which such State or governing body of an affected Indian tribe, as the case may be, may study, determine, comment on, and make recommendations with regard to the possible public health and safety, environmental, social, and economic impacts of any such repository;

(2) by which the Secretary shall consider and respond to comments and recommendations made by such State or governing body of an affected Indian tribe, including the period in which the Secretary shall so respond;

(3) by which the Secretary and such State or governing body of an affected Indian tribe may review or modify the agreement periodically;

(4) by which such State or governing body of an affected Indian tribe is to submit an impact report and request for impact assistance under section 116(c) or section 118(b), as the case may be;

(5) by which the Secretary shall assist such State, and the units of general local government in the vicinity of the repository site, in resolving the offsite concerns of such State and units of general local government, including, but not limited to, questions of State liability arising from accidents, necessary road upgrading and access to the site, ongoing emergency preparedness and emergency response, monitoring of transportation of high-level radioactive waste and spent nuclear fuel through such State, conduct of baseline health studies of inhabitants in neighboring communities near the repository site and reasonable periodic monitoring thereafter, and monitoring of the repository site upon any decommissioning and decontamination;

(6) by which the Secretary shall consult and cooperate with such State on a regular, ongoing basis and provide for an orderly process and timely schedule for State review and evaluation, including identification in the agreement of key events, milestones, and decision points in the activities of the Secretary at the potential repository site;

(7) by which the Secretary shall notify such State prior to the transportation of any high-level radioactive waste and spent nuclear fuel into such State for disposal at the repository site;

(8) by which such State may conduct reasonable independent monitoring and testing of activities on the repository site, except that such monitoring and testing shall not unreasonably interfere with or delay onsite activities;

(9) for sharing, in accordance with applicable law, of all technical and licensing information, the utilization of available expertise, the facilitating of permit procedures, joint project review, and the formulation of joint surveillance and monitoring arrangements to carry out applicable Federal and State laws;

(10) for public notification of the procedures specified under the preceding paragraphs; and

(11) for resolving objections of a State and affected Indian tribes at any stage of the planning, siting, development, construction, operation, or closure of such a facility within such State through negotiation, arbitration, or other appropriate mechanisms.
SEC. 118. (a) PARTICIPATION OF INDIAN TRIBES IN REPOSITORY SITING DECISIONS.—Upon the submission by the President to the Congress of a recommendation of a site for a repository located on the reservation of an affected Indian tribe, the governing body of such Indian tribe may disapprove the site designation and submit to the Congress a notice of disapproval. The governing body of such Indian tribe may submit such a notice of disapproval to the Congress not later than the 60 days after the date that the President recommends such site to the Congress under section 114. A notice of disapproval shall be considered to be submitted to the Congress on the date of the transmittal of such notice of disapproval to the Speaker of the House and the President pro tempore of the Senate. Such notice of disapproval shall be accompanied by a statement of reasons explaining why the governing body of such Indian tribe disapproved the recommended repository site involved.

(b) FINANCIAL ASSISTANCE.—(1) The Secretary shall make grants to each affected tribe notified under section 116(a) for the purpose of participating in activities required by section 117 or authorized by written agreement entered into pursuant to section 117(c). Any salary or travel expense that would ordinarily be incurred by such tribe, may not be considered eligible for funding under this paragraph.

(2)(A) The Secretary shall make grants to each affected Indian tribe where a candidate site for a repository is approved under section 112(c). Such grants may be made to each such Indian tribe only for purposes of enabling such Indian tribe—

(i) to review activities taken under this subtitle with respect to such site for purposes of determining any potential economic, social, public health and safety, and environmental impacts of such repository on the reservation and its residents;

(ii) to develop a request for impact assistance under paragraph (2);

(iii) to engage in any monitoring, testing, or evaluation activities with respect to site characterization programs with regard to such site;

(iv) to provide information to the residents of its reservation regarding any activities of such Indian tribe, the Secretary, or the Commission with respect to such site; and

(v) to request information from, and make comments and recommendations to, the Secretary regarding any activities taken under this subtitle with respect to such site.

(B) The amount of funds provided to any affected Indian tribe under this paragraph in any fiscal year may not exceed 100 percent of the costs incurred by such Indian tribe with respect to the activities described in clauses (i) through (v) of subparagraph (A). Any salary or travel expense that would ordinarily be incurred by such Indian tribe may not be considered eligible for funding under this paragraph.

(3)(A) The Secretary shall provide financial and technical assistance to any affected Indian tribe requesting such assistance and where there is a site with respect to which the Commission has authorized construction of a repository. Such assistance shall be designed to mitigate the impact on such Indian tribe of the development of such repository. Such assistance to such Indian tribe shall commence within 6 months following the granting by the Commis-
sion of a construction authorization for such repository and following the initiation of construction activities at such site.

(B) Any affected Indian tribe desiring assistance under this paragraph shall prepare and submit to the Secretary a report on any economic, social, public health and safety, and environmental impacts that are likely as a result of the development of a repository at a site on the reservation of such Indian tribe. Such report shall be submitted to the Secretary following the completion of site characterization activities at such site and before the recommendation of such site to the President by the Secretary for application for a construction authorization for a repository. As soon as practicable following the granting of a construction authorization for such repository, the Secretary shall seek to enter into a binding agreement with the Indian tribe involved setting forth the amount of assistance to be provided to such Indian tribe under this paragraph and the procedures to be followed in providing such assistance.

(4) The Secretary shall grant to each affected Indian tribe where a site for a repository is approved under section 112(c) an amount each fiscal year equal to the amount such Indian tribe would receive were it authorized to tax site characterization activities at such site, and the development and operation of such repository, as such Indian tribe taxes the other commercial activities occurring on such reservation. Such grants shall continue until such time as all such activities, development, and operation are terminated at such site.

(5) An affected Indian tribe may not receive any grant under paragraph (1) after the expiration of the 1-year period following—

(i) the date on which the Secretary notifies such Indian tribe of the termination of site characterization activities at the candidate site involved on the reservation of such Indian tribe;
(ii) the date on which such site is disapproved under section 115; or
(iii) the date on which the Commission disapproves an application for a construction authorization for a repository at such site;

whichever occurs first, unless there is another candidate site on the reservation of such Indian tribe that is approved under section 112(c) and with respect to which the actions described in clauses (i), (ii), and (iii) have not been taken.

(B) An affected Indian tribe may not receive any further assistance under paragraph (2) with respect to a site if repository construction activities at such site are terminated by the Secretary or if such activities are permanently enjoined by any court.

(C) At the end of the 2-year period beginning on the effective date of any license to receive and possess for a repository at a site on the reservation of an affected Indian tribe, no Federal funds shall be made available under paragraph (1) or (2) to such Indian tribe, except for—

(i) such funds as may be necessary to support activities of such Indian tribe related to any other repository where a license to receive and possess has not been in effect for more than 1 year; and
(ii) such funds as may be necessary to support activities of such Indian tribe pursuant to agreements or contracts for impact assistance entered into, under paragraph (2), by such Indian tribe with the Secretary during such 2-year period.
Financial assistance authorized in this subsection shall be made out of amounts held in the Nuclear Waste Fund established in section 302.

JUDICIAL REVIEW OF AGENCY ACTIONS

SEC. 119. (a) JURISDICTION OF UNITED STATES COURTS OF APPEALS.—
(1) Except for review in the Supreme Court of the United States, the United States courts of appeals shall have original and exclusive jurisdiction over any civil action—
(A) for review of any final decision or action of the Secretary, the President, or the Commission under this subtitle;
(B) alleging the failure of the Secretary, the President, or the Commission to make any decision, or take any action, required under this subtitle;
(C) challenging the constitutionality of any decision made, or action taken, under any provision of this subtitle;
(D) for review of any environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) with respect to any action under this subtitle, or as required under section 135(c)(1), or alleging a failure to prepare such statement with respect to any such action;
(E) for review of any environmental assessment prepared under section 112(b)(1) or 135(c)(2); or
(F) for review of any research and development activity under title II.

(2) The venue of any proceeding under this section shall be in the judicial circuit in which the petitioner involved resides or has its principal office, or in the United States Court of Appeals for the District of Columbia.

(c) DEADLINE FOR COMMENCING ACTION.—A civil action for judicial review described under subsection (a)(1) may be brought not later than the 180th day after the date of the decision or action or failure to act involved, as the case may be, except that if a party shows that he did not know of the decision or action complained of (or of the failure to act), and that a reasonable person acting under the circumstances would not have known, such party may bring a civil action not later than the 180th day after the date such party acquired actual or constructive knowledge of such decision, action, or failure to act.

EXPEDITED AUTHORIZATIONS

SEC. 120. (a) ISSUANCE OF AUTHORIZATIONS.—(1) To the extent that the taking of any action related to the site characterization of a site or the construction or initial operation of a repository under this subtitle requires a certificate, right-of-way, permit, lease, or other authorization from a Federal agency or officer, such agency or officer shall issue or grant any such authorization at the earliest practicable date, to the extent permitted by the applicable provisions of law administered by such agency or officer. All actions of a Federal agency or officer with respect to consideration of applications or requests for the issuance or grant of any such authorization shall be expedited, and any such application or request shall take precedence over any similar applications or requests not related to such repositories.
(2) The provisions of paragraph (1) shall not apply to any certificate, right-of-way, permit, lease, or other authorization issued or granted by, or requested from, the Commission.

(b) Terms of Authorizations.—Any authorization issued or granted pursuant to subsection (a) shall include such terms and conditions as may be required by law, and may include terms and conditions permitted by law.

CERTAIN STANDARDS AND CRITERIA

SEC. 121. (a) Environmental Protection Agency Standards.—Not later than 1 year after the date of the enactment of this Act, the Administrator, pursuant to authority under other provisions of law, shall, by rule, promulgate generally applicable standards for protection of the general environment from offsite releases from radioactive material in repositories.

(b) Commission Requirements and Criteria.—(1)(A) Not later than January 1, 1984, the Commission, pursuant to authority under other provisions of law, shall, by rule, promulgate technical requirements and criteria that it will apply, under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.) and the Energy Reorganization Act of 1974 (42 U.S.C. 5801 et seq.), in approving or disapproving—

(i) applications for authorization to construct repositories;

(ii) applications for licenses to receive and possess spent nuclear fuel and high-level radioactive waste in such repositories; and

(iii) applications for authorization for closure and decommissioning of such repositories.

(B) Such criteria shall provide for the use of a system of multiple barriers in the design of the repository and shall include such restrictions on the retrievability of the solidified high-level radioactive waste and spent fuel emplaced in the repository as the Commission deems appropriate.

(C) Such requirements and criteria shall not be inconsistent with any comparable standards promulgated by the Administrator under subsection (a).

(2) For purposes of this Act, nothing in this section shall be construed to prohibit the Commission from promulgating requirements and criteria under paragraph (1) before the Administrator promulgates standards under subsection (a). If the Administrator promulgates standards under subsection (a) after requirements and criteria are promulgated by the Commission under paragraph (1), such requirements and criteria shall be revised by the Commission if necessary to comply with paragraph (1)(C).

(c) Environmental Impact Statement.—The promulgation of standards or criteria in accordance with the provisions of this section shall not require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), or to require any environmental review under subparagraph (E) or (F) of section 102(2) of such Act.

DISPOSAL OF SPENT NUCLEAR FUEL

SEC. 122. Notwithstanding any other provision of this subtitle, any repository constructed on a site approved under this subtitle shall be designed and constructed to permit the retrieval of any spent
nuclear fuel placed in such repository, during an appropriate period of operation of the facility, for any reason pertaining to the public health and safety, or the environment, or for the purpose of permitting the recovery of the economically valuable contents of such spent fuel. The Secretary shall specify the appropriate period of retrievability with respect to any repository at the time of design of such repository, and such aspect of such repository shall be subject to approval or disapproval by the Commission as part of the construction authorization process under subsections (b) through (d) of section 114.

TITLE TO MATERIAL

Sec. 123. Delivery, and acceptance by the Secretary, of any high-level radioactive waste or spent nuclear fuel for a repository constructed under this subtitle shall constitute a transfer to the Secretary of title to such waste or spent fuel.

CONSIDERATION OF EFFECT OF ACQUISITION OF WATER RIGHTS

Sec. 124. The Secretary shall give full consideration to whether the development, construction, and operation of a repository may require any purchase or other acquisition of water rights that will have a significant adverse effect on the present or future development of the area in which such repository is located. The Secretary shall mitigate any such adverse effects to the maximum extent practicable.

TERMINATION OF CERTAIN PROVISIONS

Sec. 125. Sections 119 and 120 shall cease to have effect at such time as a repository developed under this subtitle is licensed to receive and possess high-level radioactive waste and spent nuclear fuel.

SUBTITLE B—INTERIM STORAGE PROGRAM

FINDINGS AND PURPOSES

Sec. 131. (a) FINDINGS.—The Congress finds that—

(1) the persons owning and operating civilian nuclear power reactors have the primary responsibility for providing interim storage of spent nuclear fuel from such reactors, by maximizing, to the extent practical, the effective use of existing storage facilities at the site of each civilian nuclear power reactor, and by adding new onsite storage capacity in a timely manner where practical;

(2) the Federal Government has the responsibility to encourage and expedite the effective use of existing storage facilities and the addition of needed new storage capacity at the site of each civilian nuclear power reactor; and

(3) the Federal Government has the responsibility to provide, in accordance with the provisions of this subtitle, not more than 1,900 metric tons of capacity for interim storage of spent nuclear fuel for civilian nuclear power reactors that cannot reasonably provide adequate storage capacity at the sites of such
reactors when needed to assure the continued, orderly operation of such reactors.

(b) PURPOSES.—The purposes of this subtitle are—

(1) to provide for the utilization of available spent nuclear fuel pools at the site of each civilian nuclear power reactor to the extent practical and the addition of new spent nuclear fuel storage capacity where practical at the site of such reactor; and

(2) to provide, in accordance with the provisions of this subtitle, for the establishment of a federally owned and operated system for the interim storage of spent nuclear fuel at one or more facilities owned by the Federal Government with not more than 1,900 metric tons of capacity to prevent disruptions in the orderly operation of any civilian nuclear power reactor that cannot reasonably provide adequate spent nuclear fuel storage capacity at the site of such reactor when needed.

AVAILABLE CAPACITY FOR INTERIM STORAGE OF SPENT NUCLEAR FUEL

42 USC 10152.

 Sec. 132. The Secretary, the Commission, and other authorized Federal officials shall each take such actions as such official considers necessary to encourage and expedite the effective use of available storage, and necessary additional storage, at the site of each civilian nuclear power reactor consistent with—

(1) the protection of the public health and safety, and the environment;

(2) economic considerations;

(3) continued operation of such reactor;

(4) any applicable provisions of law; and

(5) the views of the population surrounding such reactor.

INTERIM AT REACTOR STORAGE

42 USC 10153

 Sec. 133. The Commission shall, by rule, establish procedures for the licensing of any technology approved by the Commission under section 219(a) for use at the site of any civilian nuclear power reactor. The establishment of such procedures shall not preclude the licensing, under any applicable procedures or rules of the Commission in effect prior to such establishment, of any technology for the storage of civilian spent nuclear fuel at the site of any civilian nuclear power reactor.

LICENSING OF FACILITY EXPANSIONS AND TRANSSHIPMENTS

42 USC 10154.

 Sec. 134. (a) ORAL ARGUMENT.—In any Commission hearing under section 189 of the Atomic Energy Act of 1954 (42 U.S.C. 2239) on an application for a license, or for an amendment to an existing license, filed after the date of the enactment of this Act, to expand the spent nuclear fuel storage capacity at the site of a civilian nuclear power reactor, through the use of high-density fuel storage racks, fuel rod compaction, the transshipment of spent nuclear fuel to another civilian nuclear power reactor within the same utility system, the construction of additional spent nuclear fuel pool capacity or dry storage capacity, or by other means, the Commission shall, at the request of any party, provide an opportunity for oral argument with respect to any matter which the Commission determines to be in controversy among the parties. The oral argument shall be preceded by such discovery procedures as the rules of the Commission shall
provide. The Commission shall require each party, including the Commission staff, to submit in written form, at the time of the oral argument, a summary of the facts, data, and arguments upon which such party proposes to rely that are known at such time to such party. Only facts and data in the form of sworn testimony or written submission may be relied upon by the parties during oral argument. Of the materials that may be submitted by the parties during oral argument, the Commission shall only consider those facts and data that are submitted in the form of sworn testimony or written submission.

(b) Adjudicatory Hearing.—(1) At the conclusion of any oral argument under subsection (a), the Commission shall designate any disputed question of fact, together with any remaining questions of law, for resolution in an adjudicatory hearing only if it determines that—

(A) there is a genuine and substantial dispute of fact which can only be resolved with sufficient accuracy by the introduction of evidence in an adjudicatory hearing; and

(B) the decision of the Commission is likely to depend in whole or in part on the resolution of such dispute.

(2) In making a determination under this subsection, the Commission—

(A) shall designate in writing the specific facts that are in genuine and substantial dispute, the reason why the decision of the agency is likely to depend on the resolution of such facts, and the reason why an adjudicatory hearing is likely to resolve the dispute; and

(B) shall not consider—

(i) any issue relating to the design, construction, or operation of any civilian nuclear power reactor already licensed to operate at such site, or any civilian nuclear power reactor for which a construction permit has been granted at such site, unless the Commission determines that any such issue substantially affects the design, construction, or operation of the facility or activity for which such license application, authorization, or amendment is being considered; or

(ii) any siting or design issue fully considered and decided by the Commission in connection with the issuance of a construction permit or operating license for a civilian nuclear power reactor at such site, unless (I) such issue results from any revision of siting or design criteria by the Commission following such decision; and (II) the Commission determines that such issue substantially affects the design, construction, or operation of the facility or activity for which such license application, authorization, or amendment is being considered.

(3) The provisions of paragraph (2)(B) shall apply only with respect to licenses, authorizations, or amendments to licenses or authorizations, applied for under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.) before December 31, 2005.

(4) The provisions of this section shall not apply to the first application for a license or license amendment received by the Commission to expand onsite spent fuel storage capacity by the use of a new technology not previously approved for use at any nuclear powerplant by the Commission.
(c) JUDICIAL REVIEW.—No court shall hold unlawful or set aside a decision of the Commission in any proceeding described in subsection (a) because of a failure by the Commission to use a particular procedure pursuant to this section unless—

(1) an objection to the procedure used was presented to the Commission in a timely fashion or there are extraordinary circumstances that excuse the failure to present a timely objection; and

(2) the court finds that such failure has precluded a fair consideration and informed resolution of a significant issue of the proceeding taken as a whole.

STORAGE OF SPENT NUCLEAR FUEL

42 USC 10155.

Sec. 135. (a) Storage Capacity.—(1) Subject to section 8, the Secretary shall provide, in accordance with paragraph (5), not more than 1,900 metric tons of capacity for the storage of spent nuclear fuel from civilian nuclear power reactors. Such storage capacity shall be provided through any one or more of the following methods, used in any combination determined by the Secretary to be appropriate:

(A) use of available capacity at one or more facilities owned by the Federal Government on the date of the enactment of this Act, including the modification and expansion of any such facilities, if the Commission determines that such use will adequately protect the public health and safety, except that such use shall not—

(i) render such facilities subject to licensing under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.) or the Energy Reorganization Act of 1974 (42 U.S.C. 5801 et seq.); or

(ii) except as provided in subsection (c) require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), such facility is already being used, or has previously been used, for such storage or for any similar purpose.

(B) acquisition of any modular or mobile spent nuclear fuel storage equipment, including spent nuclear fuel storage casks, and provision of such equipment, to any person generating or holding title to spent nuclear fuel, at the site of any civilian nuclear power reactor operated by such person or at any site owned by the Federal Government on the date of enactment of this Act;

(C) construction of storage capacity at any site of a civilian nuclear power reactor.

(2) Storage capacity authorized by paragraph (1) shall not be provided at any Federal or non-Federal site within which there is a candidate site for a repository. The restriction in the preceding sentence shall only apply until such time as the Secretary decides that such candidate site is no longer a candidate site under consideration for development as a repository.

(3) In selecting methods of providing storage capacity under paragraph (1), the Secretary shall consider the timeliness of the availability of each such method and shall seek to minimize the transportation of spent nuclear fuel, the public health and safety impacts, and the costs of providing such storage capacity.
(4) In providing storage capacity through any method described in paragraph (1), the Secretary shall comply with any applicable requirements for licensing or authorization of such method, except as provided in paragraph (1)(A)(i).

(5) The Secretary shall ensure that storage capacity is made available under paragraph (1) when needed, as determined on the basis of the storage needs specified in contracts entered into under section 136(a), and shall accept upon request any spent nuclear fuel as covered under such contracts.

(6) For purposes of paragraph (1)(A), the term "facility" means any building or structure.

(b) CONTRACTS.—(1) Subject to the capacity limitation established in subsections (a)(1) and (d), the Secretary shall offer to enter into, and may enter into, contracts under section 136(a) with any person generating or owning spent nuclear fuel for purposes of providing storage capacity for such spent fuel under this section only if the Commission determines that—

(A) adequate storage capacity to ensure the continued orderly operation of the civilian nuclear power reactor at which such spent nuclear fuel is generated cannot reasonably be provided by the person owning and operating such reactor at such site, or at the site of any other civilian nuclear power reactor operated by such person, and such capacity cannot be made available in a timely manner through any method described in subparagraph (B); and

(B) such person is diligently pursuing licensed alternatives to the use of Federal storage capacity for the storage of spent nuclear fuel expected to be generated by such person in the future, including—

(i) expansion of storage facilities at the site of any civilian nuclear power reactor operated by such person;

(ii) construction of new or additional storage facilities at the site of any civilian nuclear power reactor operated by such person;

(iii) acquisition of modular or mobile spent nuclear fuel storage equipment, including spent nuclear fuel storage casks, for use at the site of any civilian nuclear power reactor operated by such person; and

(iv) transshipment to another civilian nuclear power reactor owned by such person.

(2) In making the determination described in paragraph (1)(A), the Commission shall ensure maintenance of a full core reserve storage capability at the site of the civilian nuclear power reactor involved unless the Commission determines that maintenance of such capability is not necessary for the continued orderly operation of such reactor.

(3) The Commission shall complete the determinations required in paragraph (1) with respect to any request for storage capacity not later than 6 months after receipt of such request by the Commission.

(c) ENVIRONMENTAL REVIEW.—(1) The provision of 300 or more metric tons of storage capacity at any one Federal site under subsection (a)(1)(A) shall be considered to be a major Federal action requiring preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)).

(2)(A) The Secretary shall prepare, and make available to the public, an environmental assessment of the probable impacts of any
provision of less than 300 metric tons of storage capacity at any one Federal site under subsection (a)(1)(A) that requires the modification or expansion of any facility at the site, and a discussion of alternative activities that may be undertaken to avoid such impacts. Such environmental assessment shall include—

(i) an estimate of the amount of storage capacity to be made available at such site;
(ii) an evaluation as to whether the facilities to be used at such site are suitable for the provision of such storage capacity;
(iii) a description of activities planned by the Secretary with respect to the modification or expansion of the facilities to be used at such site;
(iv) an evaluation of the effects of the provision of such storage capacity at such site on the public health and safety, and the environment;
(v) a reasonable comparative evaluation of current information with respect to such site and facilities and other sites and facilities available for the provision of such storage capacity;
(vi) a description of any other sites and facilities that have been considered by the Secretary for the provision of such storage capacity; and
(vii) an assessment of the regional and local impacts of providing such storage capacity at such site, including the impacts on transportation.

Judicial review

(B) The issuance of any environmental assessment under this paragraph shall be considered to be a final agency action subject to judicial review in accordance with the provisions of chapter 7 of title 5, United States Code. Such judicial review shall be limited to the sufficiency of such assessment with respect to the items described in clauses (i) through (vii) of subparagraph (A).

(3) Judicial review of any environmental impact statement or environmental assessment prepared pursuant to this subsection shall be conducted in accordance with the provisions of section 119.

(d) REVIEW OF SITES AND STATE PARTICIPATION.—(1) In carrying out the provisions of this subtitle with regard to any interim storage of spent fuel from civilian nuclear power reactors which the Secretary is authorized by section 135 to provide, the Secretary shall, as soon as practicable, notify, in writing, the Governor and the State legislature of any State and the Tribal Council of any affected Indian tribe in such State in which is located a potentially acceptable site or facility for such interim storage of spent fuel of his intention to investigate that site or facility.

(2) During the course of investigation of such site or facility, the Secretary shall keep the Governor, State legislature, and affected Tribal Council currently informed of the progress of the work, and results of the investigation. At the time of selection by the Secretary of any site or existing facility, but prior to undertaking any site-specific work or alterations, the Secretary shall promptly notify the Governor, the legislature, and any affected Tribal Council in writing of such selection, and subject to the provisions of paragraph (6) of this subsection, shall promptly enter into negotiations with such State and affected Tribal Council to establish a cooperative agreement under which such State and Council shall have the right to participate in a process of consultation and cooperation, based on public health and safety and environmental concerns, in all stages of the planning, development, modification, expansion, operation, and closure of storage capacity at a site or facility within such State.
for the interim storage of spent fuel from civilian nuclear power reactors. Public participation in the negotiation of such an agreement shall be provided for and encouraged by the Secretary, the State, and the affected Tribal Council. The Secretary, in cooperation with the States and Indian tribes, shall develop and publish minimum guidelines for public participation in such negotiations, but the adequacy of such guidelines or any failure to comply with such guidelines shall not be a basis for judicial review.

(3) The cooperative agreement shall include, but need not be limited to, the sharing in accordance with applicable law of all technical and licensing information, the utilization of available expertise, the facilitating of permitting procedures, joint project review, and the formulation of joint surveillance and monitoring arrangements to carry out applicable Federal and State laws. The cooperative agreement also shall include a detailed plan or schedule of milestones, decision points and opportunities for State or eligible Tribal Council review and objection. Such cooperative agreement shall provide procedures for negotiating and resolving objections of the State and affected Tribal Council in any stage of planning, development, modification, expansion, operation, or closure of storage capacity at a site or facility within such State. The terms of any cooperative agreement shall not affect the authority of the Nuclear Regulatory Commission under existing law.

(4) For the purpose of this subsection, "process of consultation and cooperation" means a methodology by which the Secretary (A) keeps the State and eligible Tribal Council fully and currently informed about the aspects of the project related to any potential impact on the public health and safety and environment; (B) solicits, receives, and evaluates concerns and objections of such State and Council with regard to such aspects of the project on an ongoing basis; and (C) works diligently and cooperatively to resolve, through arbitration or other appropriate mechanisms, such concerns and objections. The process of consultation and cooperation shall not include the grant of a right to any State or Tribal Council to exercise an absolute veto of any aspect of the planning, development, modification, expansion, or operation of the project.

(5) The Secretary and the State and affected Tribal Council shall seek to conclude the agreement required by paragraph (2) as soon as practicable, but not later than 180 days following the date of notification of the selection under paragraph (2). The Secretary shall periodically report to the Congress thereafter on the status of the agreements approved under paragraph (3). Any report to the Congress on the status of negotiations of such agreement by the Secretary shall be accompanied by comments solicited by the Secretary from the State and eligible Tribal Council.

(6)(A) Upon deciding to provide an aggregate of 300 or more metric tons of storage capacity under subsection (a)(1) at any one site, the Secretary shall notify the Governor and legislature of the State where such site is located, or the governing body of the Indian tribe in whose reservation such site is located, as the case may be, of such decision. During the 60-day period following receipt of notification by the Secretary of his decision to provide an aggregate of 300 or more metric tons of storage capacity at any one site, the Governor or legislature of the State in which such site is located, or the governing body of the affected Indian tribe where such site is located, as the case may be, may disapprove the provision of 300 or more metric tons of storage capacity at the site involved and submit to the

Guidelines.

Cooperative agreement.

"Process of consultation and cooperation."

Report to Congress.
Congress a notice of such disapproval. A notice of disapproval shall be considered to be submitted to the Congress on the date of the transmittal of such notice of disapproval to the Speaker of the House and the President pro tempore of the Senate. Such notice of disapproval shall be accompanied by a statement of reasons explaining why the provision of such storage capacity at such site was disapproved by such Governor or legislature or the governing body of such Indian tribe.

(B) Unless otherwise provided by State law, the Governor or legislature of each State shall have authority to submit a notice of disapproval to the Congress under subparagraph (A). In any case in which State law provides for submission of any such notice of disapproval by any other person or entity, any reference in this subtitle to the Governor or legislature of such State shall be considered to refer instead to such other person or entity.

(C) The authority of the Governor and legislature of each State under this paragraph shall not be applicable with respect to any site located on a reservation.

(D) If any notice of disapproval is submitted to the Congress under subparagraph (A), the proposed provision of 300 or more metric tons of storage capacity at the site involved shall be disapproved unless, during the first period of 90 calendar days of continuous session of the Congress following the date of the receipt by the Congress of such notice of disapproval, the Congress passes a resolution approving such proposed provision of storage capacity in accordance with the procedures established in this paragraph and subsections (d) through (f) of section 115 and such resolution thereafter becomes law. For purposes of this paragraph, the term "resolution" means a joint resolution of either House of the Congress, the matter after the resolving clause of which is as follows: "That there hereby is approved the provision of 300 or more metric tons of spent nuclear fuel storage capacity at the site located at ____________, with respect to which a notice of disapproval was submitted by _______ on ________, _______." The first blank space in such resolution shall be filled with the geographic location of the site involved; the second blank space in such resolution shall be filled with the designation of the State Governor and legislature or affected Indian tribe governing body submitting the notice of disapproval involved; and the last blank space in such resolution shall be filled with the date of submission of such notice of disapproval.

(E) For purposes of the consideration of any resolution described in subparagraph (D), each reference in subsections (d) and (e) of section 115 to a resolution of repository siting approval shall be considered to refer to the resolution described in such subparagraph.

(7) As used in this section, the term "affected Tribal Council" means the governing body of any Indian tribe within whose reservation boundaries there is located a potentially acceptable site for interim storage capacity of spent nuclear fuel from civilian nuclear power reactors, or within whose boundaries a site for such capacity is selected by the Secretary, or whose federally defined possessory or usage rights to other lands outside of the reservation's boundaries arising out of congressionally ratified treaties, as determined by the Secretary of the Interior pursuant to a petition filed with him by the appropriate governmental officials of such tribe, may be substantially and adversely affected by the establishment of any such storage capacity.
(e) LIMITATIONS.—Any spent nuclear fuel stored under this section shall be removed from the storage site or facility involved as soon as practicable, but in any event not later than 3 years following the date on which a repository or monitored retrievable storage facility developed under this Act is available for disposal of such spent nuclear fuel.

(f) REPORT.—The Secretary shall annually prepare and submit to the Congress a report on any plans of the Secretary for providing storage capacity under this section. Such report shall include a description of the specific manner of providing such storage selected by the Secretary, if any. The Secretary shall prepare and submit the first such report not later than 1 year after the date of the enactment of this Act.

(g) CRITERIA FOR DETERMINING ADEQUACY OF AVAILABLE STORAGE CAPACITY.—Not later than 90 days after the date of the enactment of this Act, the Commission pursuant to section 553 of the Administrative Procedures Act, shall propose, by rule, procedures and criteria for making the determination required by subsection (b) that a person owning and operating a civilian nuclear power reactor cannot reasonably provide adequate spent nuclear fuel storage capacity at the civilian nuclear power reactor site when needed to ensure the continued orderly operation of such reactor. Such criteria shall ensure the maintenance of a full core reserve storage capability at the site of such reactor unless the Commission determines that maintenance of such capability is not necessary for the continued orderly operation of such reactor. Such criteria shall identify the feasibility of reasonably providing such adequate spent nuclear fuel storage capacity, taking into account economic, technical, regulatory, and public health and safety factors, through the use of high-density fuel storage racks, fuel rod compaction, transshipment of spent nuclear fuel to another civilian nuclear power reactor within the same utility system, construction of additional spent nuclear fuel pool capacity, or such other technologies as may be approved by the Commission.

(h) APPLICATION.—Notwithstanding any other provision of law, nothing in this Act shall be construed to encourage, authorize, or require the private or Federal use, purchase, lease, or other acquisition of any storage facility located away from the site of any civilian nuclear power reactor and not owned by the Federal Government on the date of the enactment of this Act.

(i) COORDINATION WITH RESEARCH AND DEVELOPMENT PROGRAM.—To the extent available, and consistent with the provisions of this section, the Secretary shall provide spent nuclear fuel for the research and development program authorized in section 217 from spent nuclear fuel received by the Secretary for storage under this section. Such spent nuclear fuel shall not be subject to the provisions of subsection (e).

INTERIM STORAGE FUND

SEC. 136. (a) CONTRACTS.—(1) During the period following the date of the enactment of this Act, but not later than January 1, 1990, the Secretary is authorized to enter into contracts with persons who generate or own spent nuclear fuel resulting from civilian nuclear activities for the storage of such spent nuclear fuel in any storage capacity provided under this subtitle: Provided, however, That the Secretary shall not enter into contracts for spent nuclear fuel in
amounts in excess of the available storage capacity specified in section 135(a). Those contracts shall provide that the Federal Government will (1) take title at the civilian nuclear power reactor site, to such amounts of spent nuclear fuel from the civilian nuclear power reactor as the Commission determines cannot be stored onsite, (2) transport the spent nuclear fuel to a federally owned and operated interim away-from-reactor storage facility, and (3) store such fuel in the facility pending further processing, storage, or disposal. Each such contract shall (A) provide for payment to the Secretary of fees determined in accordance with the provisions of this section; and (B) specify the amount of storage capacity to be provided for the person involved.

(2) The Secretary shall undertake a study and, not later than 180 days after the date of the enactment of this Act, submit to the Congress a report, establishing payment charges that shall be calculated on an annual basis, commencing on or before January 1, 1984. Such payment charges and the calculation thereof shall be published in the Federal Register, and shall become effective not less than 30 days after publication. Each payment charge published in the Federal Register under this paragraph shall remain effective for a period of 12 months from the effective date as the charge for the cost of the interim storage of any spent nuclear fuel. The report of the Secretary shall specify the method and manner of collection (including the rates and manner of payment) and any legislative recommendations determined by the Secretary to be appropriate.

(3) Fees for storage under this subtitle shall be established on a nondiscriminatory basis. The fees to be paid by each person entering into a contract with the Secretary under this subsection shall be based upon an estimate of the pro rata costs of storage and related activities under this subtitle with respect to such person, including the acquisition, construction, operation, and maintenance of any facilities under this subtitle.

(4) The Secretary shall establish in writing criteria setting forth the terms and conditions under which such storage services shall be made available.

(5) Except as provided in section 137, nothing in this or any other Act requires the Secretary, in carrying out the responsibilities of this section, to obtain a license or permit to possess or own spent nuclear fuel.

(b) LIMITATION.—No spent nuclear fuel generated or owned by any department of the United States referred to in section 101 or 102 of title 5, United States Code, may be stored by the Secretary in any storage capacity provided under this subtitle unless such department transfers to the Secretary, for deposit in the Interim Storage Fund, amounts equivalent to the fees that would be paid to the Secretary under the contracts referred to in this section if such spent nuclear fuel were generated by any other person.

(c) ESTABLISHMENT OF INTERIM STORAGE FUND.—There hereby is established in the Treasury of the United States a separate fund, to be known as the Interim Storage Fund. The Storage Fund shall consist of—

(1) all receipts, proceeds, and recoveries realized by the Secretary under subsections (a), (b), and (e), which shall be deposited in the Storage Fund immediately upon their realization;

(2) any appropriations made by the Congress to the Storage Fund; and
(3) any unexpended balances available on the date of the enactment of this Act for functions or activities necessary or incident to the interim storage of civilian spent nuclear fuel, which shall automatically be transferred to the Storage Fund on such date.

(d) USE OF STORAGE FUND.—The Secretary may make expenditures from the Storage Fund, subject to subsection (e), for any purpose necessary or appropriate to the conduct of the functions and activities of the Secretary, or the provision or anticipated provision of services, under this subtitle, including—

(1) the identification, development, licensing, construction, operation, decommissioning, and post-decommissioning maintenance and monitoring of any interim storage facility provided under this subtitle;

(2) the administrative cost of the interim storage program;

(3) the costs associated with acquisition, design, modification, replacement, operation, and construction of facilities at an interim storage site, consistent with the restrictions in section 135;

(4) the cost of transportation of spent nuclear fuel; and

(5) impact assistance as described in subsection (e).

(e) IMPACT ASSISTANCE.—(1) Beginning the first fiscal year which commences after the date of the enactment of this Act, the Secretary shall make annual impact assistance payments to a State or appropriate unit of local government, or both, in order to mitigate social or economic impacts occasioned by the establishment and subsequent operation of any interim storage capacity within the jurisdictional boundaries of such government or governments and authorized under this subtitle: Provided, however, That such impact assistance payments shall not exceed (A) ten per centum of the costs incurred in paragraphs (1) and (2), or (B) $15 per kilogram of spent fuel, whichever is less;

(2) Payments made available to States and units of local government pursuant to this section shall be—

(A) allocated in a fair and equitable manner with a priority to those States or units of local government suffering the most severe impacts; and

(B) utilized by States or units of local government only for (i) planning, (ii) construction and maintenance of public services, (iii) provision of public services related to the providing of such interim storage authorized under this title, and (iv) compensation for loss of taxable property equivalent to that if the storage had been provided under private ownership.

(3) Such payments shall be subject to such terms and conditions as the Secretary determines necessary to ensure that the purposes of this subsection shall be achieved. The Secretary shall issue such regulations as may be necessary to carry out the provisions of this subsection.

(4) Payments under this subsection shall be made available solely from the fees determined under subsection (a).

(5) The Secretary is authorized to consult with States and appropriate units of local government in advance of commencement of establishment of storage capacity authorized under this subtitle in an effort to determine the level of the payment such government would be eligible to receive pursuant to this subsection.

(6) As used in this subsection, the term “unit of local government” means a county, parish, township, municipality, and shall include a
borough existing in the State of Alaska on the date of the enactment of this subsection, and any other unit of government below the State level which is a unit of general government as determined by the Secretary.

(f) Administration of Storage Fund.—(1) The Secretary of the Treasury shall hold the Storage Fund and, after consultation with the Secretary, annually report to the Congress on the financial condition and operations of the Storage Fund during the preceding fiscal year.

(2) The Secretary shall submit the budget of the Storage Fund to the Office of Management and Budget triennially along with the budget of the Department of Energy submitted at such time in accordance with chapter 11 of title 31, United States Code. The budget of the Storage Fund shall consist of estimates made by the Secretary of expenditures from the Storage Fund and other relevant financial matters for the succeeding 3 fiscal years, and shall be included in the Budget of the United States Government. The Secretary may make expenditures from the Storage Fund, subject to appropriations which shall remain available until expended. Appropriations shall be subject to triennial authorization.

(3) If the Secretary determines that the Storage Fund contains at any time amounts in excess of current needs, the Secretary may request the Secretary of the Treasury to invest such amounts, or any portion of such amounts as the Secretary determines to be appropriate, in obligations of the United States—

(A) having maturities determined by the Secretary of the Treasury to be appropriate to the needs of the Storage Fund; and

(B) bearing interest at rates determined to be appropriate by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the maturities of such investments, except that the interest rate on such investments shall not exceed the average interest rate applicable to existing borrowings.

(4) Receipts, proceeds, and recoveries realized by the Secretary under this section, and expenditures of amounts from the Storage Fund, shall be exempt from annual apportionment under the provisions of subchapter II of chapter 15 of title 31, United States Code.

(5) If at any time the moneys available in the Storage Fund are insufficient to enable the Secretary to discharge his responsibilities under this subtitle, the Secretary shall issue to the Secretary of the Treasury obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions as may be agreed to by the Secretary and the Secretary of the Treasury. The total of such obligations shall not exceed amounts provided in appropriation Acts. Redemption of such obligations shall be made by the Secretary from moneys available in the Storage Fund. Such obligations shall bear interest at a rate determined by the Secretary of the Treasury, which shall be not less than a rate determined by taking into consideration the average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the obligations under this paragraph. The Secretary of the Treasury shall purchase any issued obligations, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31.
(6) Any appropriations made available to the Storage Fund for any purpose described in subsection (d) shall be repaid into the general fund of the Treasury, together with interest from the date of availability of the appropriations until the date of repayment. Such interest shall be paid on the cumulative amount of appropriations available to the Storage Fund, less the average undisbursed cash balance in the Storage Fund account during the fiscal year involved. The rate of such interest shall be determined by the Secretary of the Treasury taking into consideration the average market yield during the month preceding each fiscal year on outstanding marketable obligations of the United States of comparable maturity. Interest payments may be deferred with the approval of the Secretary of the Treasury, but any interest payments so deferred shall themselves bear interest.

SEC. 137. (a) TRANSPORTATION.—(1) Transportation of spent nuclear fuel under section 136(a) shall be subject to licensing and regulation by the Commission and by the Secretary of Transportation as provided for transportation of commercial spent nuclear fuel under existing law.

(2) The Secretary, in providing for the transportation of spent nuclear fuel under this Act, shall utilize by contract private industry to the fullest extent possible in each aspect of such transportation. The Secretary shall use direct Federal services for such transportation only upon a determination of the Secretary of Transportation, in consultation with the Secretary, that private industry is unable or unwilling to provide such transportation services at reasonable cost.

SUBTITLE C—MONITORED RETRIEVABLE STORAGE

MONITORED RETRIEVABLE STORAGE

SEC. 141. (a) FINDINGS.—The Congress finds that—

(1) long-term storage of high-level radioactive waste or spent nuclear fuel in monitored retrievable storage facilities is an option for providing safe and reliable management of such waste or spent fuel;

(2) the executive branch and the Congress should proceed as expeditiously as possible to consider fully a proposal for construction of one or more monitored retrievable storage facilities to provide such long-term storage;

(3) the Federal Government has the responsibility to ensure that site-specific designs for such facilities are available as provided in this section;

(4) the generators and owners of the high-level radioactive waste and spent nuclear fuel to be stored in such facilities have the responsibility to pay the costs of the long-term storage of such waste and spent fuel; and

(5) disposal of high-level radioactive waste and spent nuclear fuel in a repository developed under this Act should proceed
regardless of any construction of a monitored retrievable storage facility pursuant to this section.

(b) SUBMISSION OF PROPOSAL BY SECRETARY.—(1) On or before June 1, 1985, the Secretary shall complete a detailed study of the need for and feasibility of, and shall submit to the Congress a proposal for, the construction of one or more monitored retrievable storage facilities for high-level radioactive waste and spent nuclear fuel. Each such facility shall be designed—

(A) to accommodate spent nuclear fuel and high-level radioactive waste resulting from civilian nuclear activities;

(B) to permit continuous monitoring, management, and maintenance of such spent fuel and waste for the foreseeable future;

(C) to provide for the ready retrieval of such spent fuel and waste for further processing or disposal; and

(D) to safely store such spent fuel and waste as long as may be necessary by maintaining such facility through appropriate means, including any required replacement of such facility.

(2) Such proposal shall include—

(A) the establishment of a Federal program for the siting, development, construction, and operation of facilities capable of safely storing high-level radioactive waste and spent nuclear fuel, which facilities are to be licensed by the Commission;

(B) a plan for the funding of the construction and operation of such facilities, which plan shall provide that the costs of such activities shall be borne by the generators and owners of the high-level radioactive waste and spent nuclear fuel to be stored in such facilities;

(C) site-specific designs, specifications, and cost estimates sufficient to (i) solicit bids for the construction of the first such facility; (ii) support congressional authorization of the construction of such facility; and (iii) enable completion and operation of such facility as soon as practicable following congressional authorization of such facility; and

(D) a plan for integrating facilities constructed pursuant to this section with other storage and disposal facilities authorized in this Act.

(3) In formulating such proposal, the Secretary shall consult with the Commission and the Administrator, and shall submit their comments on such proposal to the Congress at the time such proposal is submitted.

(4) The proposal shall include, for the first such facility, at least 3 alternative sites and at least 5 alternative combinations of such proposed sites and facility designs consistent with the criteria of paragraph (b)(1). The Secretary shall recommend the combination among the alternatives that the Secretary deems preferable. The environmental assessment under subsection (c) shall include a full analysis of the relative advantages and disadvantages of all 5 such alternative combinations of proposed sites and proposed facility designs.

(c) ENVIRONMENTAL IMPACT STATEMENTS.—(1) Preparation and submission to the Congress of the proposal required in this section shall not require the preparation of an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)). The Secretary shall prepare, in accordance with regulations issued by the Secretary implementing such Act, an environmental assessment with respect to such proposal. Such environmental assessment shall be based upon available...
information regarding alternative technologies for the storage of spent nuclear fuel and high-level radioactive waste. The Secretary shall submit such environmental assessment to the Congress at the time such proposal is submitted.

(2) If the Congress by law, after review of the proposal submitted by the Secretary under subsection (b), specifically authorizes construction of a monitored retrievable storage facility, the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) shall apply with respect to construction of such facility, except that any environmental impact statement prepared with respect to such facility shall not be required to consider the need for such facility or any alternative to the design criteria for such facility set forth in subsection (b)(1).

(d) LICENSING.—Any facility authorized pursuant to this section shall be subject to licensing under section 202(3) of the Energy Reorganization Act of 1974 (42 U.S.C. 5842(3)). In reviewing the application filed by the Secretary for licensing of the first such facility, the Commission may not consider the need for such facility or any alternative to the design criteria for such facility set forth in subsection (b)(1).

(e) CLARIFICATION.—Nothing in this section limits the consideration of alternative facility designs consistent with the criteria of paragraph (b)(1) in any environmental impact statement, or in any licensing procedure of the Commission, with respect to any monitored, retrievable facility authorized pursuant to this section.

(f) IMPACT ASSISTANCE.—(1) Upon receipt by the Secretary of congressional authorization to construct a facility described in subsection (b), the Secretary shall commence making annual impact aid payments to appropriate units of general local government in order to mitigate any social or economic impacts resulting from the construction and subsequent operation of any such facility within the jurisdictional boundaries of any such unit.

(2) Payments made available to units of general local government under this subsection shall be—

(A) allocated in a fair and equitable manner, with priority given to units of general local government determined by the Secretary to be most severely affected; and

(B) utilized by units of general local government only for planning, construction, maintenance, and provision of public services related to the siting of such facility.

(3) Such payments shall be subject to such terms and conditions as the Secretary determines are necessary to ensure achievement of the purposes of this subsection. The Secretary shall issue such regulations as may be necessary to carry out the provisions of this subsection.

(4) Such payments shall be made available entirely from funds held in the Nuclear Waste Fund established in section 302(c) and shall be available only to the extent provided in advance in appropriation Acts.

(5) The Secretary may consult with appropriate units of general local government in advance of commencement of construction of any such facility in an effort to determine the level of payments each such unit is eligible to receive under this subsection.

(g) LIMITATION.—No monitored retrievable storage facility developed pursuant to this section may be constructed in any State in which there is located any site approved for site characterization under section 112. The restriction in the preceding sentence shall
only apply until such time as the Secretary decides that such
candidate site is no longer a candidate site under consideration for
development as a repository. Such restriction shall continue to apply
to any site selected for construction as a repository.

(h) PARTICIPATION OF STATES AND INDIAN TRIBES.—Any facility
authorized pursuant to this section shall be subject to the provisions
of sections 115, 116(a), 116(b), 116(d), 117, and 118. For purposes of
carrying out the provisions of this subsection, any reference in
sections 115 through 118 to a repository shall be considered to refer
to a monitored retrievable storage facility.

SUBTITLE D—LOW-LEVEL RADIOACTIVE WASTE

FINANCIAL ARRANGEMENTS FOR LOW-LEVEL RADIOACTIVE WASTE SITE CLOSURE

SEC. 151. (a) FINANCIAL ARRANGEMENTS.—(1) The Commission
shall establish by rule, regulation, or order, after public notice, and
in accordance with section 181 of the Atomic Energy Act of 1954 (42
U.S.C. 2231), such standards and instructions as the Commission
may deem necessary or desirable to ensure in the case of each
license for the disposal of low-level radioactive waste that an ade-
quate bond, surety, or other financial arrangement (as determined
by the Commission) will be provided by a licensee to permit comple-
tion of all requirements established by the Commission for the
decontamination, decommissioning, site closure, and reclamation
of sites, structures, and equipment used in conjunction with such low-
level radioactive waste. Such financial arrangements shall be pro-
vided and approved by the Commission, or, in the case of sites
within the boundaries of any agreement State under section 274 of
the Atomic Energy Act of 1954 (42 U.S.C. 2021), by the appropriate
State or State entity, prior to issuance of licenses for low-level
radioactive waste disposal or, in the case of licenses in effect on the
date of the enactment of this Act, prior to termination of such
licenses.

(2) If the Commission determines that any long-term maintenance
or monitoring, or both, will be necessary at a site described in
paragraph (1), the Commission shall ensure before termination of
the license involved that the licensee has made available such
bonding, surety, or other financial arrangements as may be neces-
sary to ensure that any necessary long-term maintenance or moni-
toring needed for such site will be carried out by the person having
title and custody for such site following license termination.

(b) TITLE AND CUSTODY.—(1) The Secretary shall have authority to
assume title and custody of low-level radioactive waste and the land
on which such waste is disposed of, upon request of the owner of
such waste and land and following termination of the license issued
by the Commission for such disposal, if the Commission determines
that—

(A) the requirements of the Commission for site closure,
decommissioning, and decontamination have been met by the
licensee involved and that such licensee is in compliance with
the provisions of subsection (a);

(B) such title and custody will be transferred to the Secretary
without cost to the Federal Government; and
(C) Federal ownership and management of such site is necessary or desirable in order to protect the public health and safety, and the environment.

(2) If the Secretary assumes title and custody of any such waste and land under this subsection, the Secretary shall maintain such waste and land in a manner that will protect the public health and safety, and the environment.

(c) SPECIAL SITES.—If the low-level radioactive waste involved is the result of a licensed activity to recover zirconium, hafnium, and rare earths from source material, the Secretary, upon request of the owner of the site involved, shall assume title and custody of such waste and the land on which it is disposed when such site has been decontaminated and stabilized in accordance with the requirements established by the Commission and when such owner has made adequate financial arrangements approved by the Commission for the long-term maintenance and monitoring of such site.

TITLE II—RESEARCH, DEVELOPMENT, AND DEMONSTRATION REGARDING DISPOSAL OF HIGH-LEVEL RADIOACTIVE WASTE AND SPENT NUCLEAR FUEL

PURPOSE

Sec. 211. It is the purpose of this title—
(1) to provide direction to the Secretary with respect to the disposal of high-level radioactive waste and spent nuclear fuel;
(2) to authorize the Secretary, pursuant to this title—
(A) to provide for the construction, operation, and maintenance of a deep geologic test and evaluation facility; and
(B) to provide for a focused and integrated high-level radioactive waste and spent nuclear fuel research and development program, including the development of a test and evaluation facility to carry out research and provide an integrated demonstration of the technology for deep geologic disposal of high-level radioactive waste, and the development of the facilities to demonstrate dry storage of spent nuclear fuel; and
(3) to provide for an improved cooperative role between the Federal Government and States, affected Indian tribes, and units of general local government in the siting of a test and evaluation facility.

APPLICABILITY

Sec. 212. The provisions of this title are subject to section 8 and shall not apply to facilities that are used for the disposal of high-level radioactive waste, low-level radioactive waste, transuranic waste, or spent nuclear fuel resulting from atomic energy defense activities.

IDENTIFICATION OF SITES

Sec. 213. (a) GUIDELINES.—Not later than 6 months after the date of the enactment of this Act and notwithstanding the failure of other agencies to promulgate standards pursuant to applicable law, the Secretary, in consultation with the Commission, the Director of the Geological Survey, the Administrator, the Council on Environ-
mental Quality, and such other Federal agencies as the Secretary considers appropriate, is authorized to issue, pursuant to section 553 of title 5, United States Code, general guidelines for the selection of a site for a test and evaluation facility. Under such guidelines the Secretary shall specify factors that qualify or disqualify a site for development as a test and evaluation facility, including factors pertaining to the location of valuable natural resources, hydrogeophysics, seismic activity, and atomic energy defense activities, proximity to water supplies, proximity to populations, the effect upon the rights of users of water, and proximity to components of the National Park System, the National Wildlife Refuge System, the National Wild and Scenic Rivers System, the National Wilderness Preservation System, or National Forest Lands. Such guidelines shall require the Secretary to consider the various geologic media in which the site for a test and evaluation facility may be located and, to the extent practicable, to identify sites in different geologic media. The Secretary shall use guidelines established under this subsection in considering and selecting sites under this title.

(b) SITE IDENTIFICATION BY THE SECRETARY.—(1) Not later than 1 year after the date of the enactment of this Act, and following promulgation of guidelines under subsection (a), the Secretary is authorized to identify 3 or more sites, at least 2 of which shall be in different geologic media in the continental United States, and at least 1 of which shall be in media other than salt. Subject to Commission requirements, the Secretary shall give preference to sites for the test and evaluation facility in media possessing geochemical characteristics that retard aqueous transport of radionuclides. In order to provide a greater possible protection of public health and safety as operating experience is gained at the test and evaluation facility, and with the exception of the primary areas under review by the Secretary on the date of the enactment of this Act for the location of a test and evaluation facility or repository, all sites identified under this subsection shall be more than 15 statute miles from towns having a population of greater than 1,000 persons as determined by the most recent census unless such sites contain high-level radioactive waste prior to identification under this title. Each identification of a site shall be supported by an environmental assessment, which shall include a detailed statement of the basis for such identification and of the probable impacts of the siting research activities planned for such site, and a discussion of alternative activities relating to siting research that may be undertaken to avoid such impacts. Such environmental assessment shall include—

(A) an evaluation by the Secretary as to whether such site is suitable for siting research under the guidelines established under subsection (a);

(B) an evaluation by the Secretary of the effects of the siting research activities at such site on the public health and safety and the environment;

(C) a reasonable comparative evaluation by the Secretary of such site with other sites and locations that have been considered;

(D) a description of the decision process by which such site was recommended; and

(E) an assessment of the regional and local impacts of locating the proposed test and evaluation facility at such site.

(2) When the Secretary identifies a site, the Secretary shall as soon as possible notify the Governor of the State in which such site
is located, or the governing body of the affected Indian tribe where such site is located, of such identification and the basis of such identification. Additional sites for the location of the test and evaluation facility authorized in section 302(d) may be identified after such 1 year period, following the same procedure as if such sites had been identified within such period.

SITING RESEARCH AND RELATED ACTIVITIES

SEC. 214. (a) IN GENERAL.—Not later than 30 months after the date on which the Secretary completes the identification of sites under section 213, the Secretary is authorized to complete sufficient evaluation of 3 sites to select a site for expanded siting research activities and for other activities under section 218. The Secretary is authorized to conduct such preconstruction activities relative to such site selection for the test and evaluation facility as he deems appropriate. Additional sites for the location of the test and evaluation facility authorized in section 302(d) may be evaluated after such 30-month period, following the same procedures as if such sites were to be evaluated within such period.

(b) PUBLIC MEETINGS AND ENVIRONMENTAL ASSESSMENT.—Not later than 6 months after the date on which the Secretary completes the identification of sites under section 213, and before beginning siting research activities, the Secretary shall hold at least 1 public meeting in the vicinity of each site to inform the residents of the area of the activities to be conducted at such site and to receive their views.

(c) RESTRICTIONS.—Except as provided in section 218 with respect to a test and evaluation facility, in conducting siting research activities pursuant to subsection (a)—

(1) the Secretary shall use the minimum quantity of high-level radioactive waste or other radioactive materials, if any, necessary to achieve the test or research objectives;
(2) the Secretary shall ensure that any radioactive material used or placed on a site shall be fully retrievable; and
(3) upon termination of siting research activities at a site for any reason, the Secretary shall remove any radioactive material at or in the site as promptly as practicable.

(d) TITLE TO MATERIAL.—The Secretary may take title, in the name of the Federal Government, to the high-level radioactive waste, spent nuclear fuel, or other radioactive material emplaced in a test and evaluation facility. If the Secretary takes title to any such material, the Secretary shall enter into the appropriate financial arrangements described in subsection (a) or (b) of section 302 for the disposal of such material.

TEST AND EVALUATION FACILITY SITING REVIEW AND REPORTS

SEC. 215. (a) CONSULTATION AND COOPERATION.—The Governor of a State, or the governing body of an affected Indian tribe, notified of a site identification under section 213 shall have the right to participate in a process of consultation and cooperation as soon as the site involved has been identified pursuant to such section and throughout the life of the test and evaluation facility. For purposes of this section, the term “process of consultation and cooperation” means a methodology—

(1) by which the Secretary—
(A) keeps the Governor or governing body involved fully and currently informed about any potential economic or public health and safety impacts in all stages of the siting, development, construction, and operation of a test and evaluation facility;

(B) solicits, receives, and evaluates concerns and objections of such Governor or governing body with regard to such test and evaluation facility on an ongoing basis; and

(C) works diligently and cooperatively to resolve such concerns and objections; and

(2) by which the State or affected Indian tribe involved can exercise reasonable independent monitoring and testing of onsite activities related to all stages of the siting, development, construction and operation of the test and evaluation facility, except that any such monitoring and testing shall not unreasonably interfere with onsite activities.

(b) WRITTEN AGREEMENTS.—The Secretary shall enter into written agreements with the Governor of the State in which an identified site is located or with the governing body of any affected Indian tribe where an identified site is located in order to expedite the consultation and cooperation process. Any such written agreement shall specify—

(1) procedures by which such Governor or governing body may study, determine, comment on, and make recommendations with regard to the possible health, safety, and economic impacts of the test and evaluation facility;

(2) procedures by which the Secretary shall consider and respond to comments and recommendations made by such Governor or governing body, including the period in which the Secretary shall so respond;

(3) the documents the Department is to submit to such Governor or governing body, the timing for such submissions, the timing for such Governor or governing body to identify public health and safety concerns and the process to be followed to try to eliminate those concerns;

(4) procedures by which the Secretary and either such Governor or governing body may review or modify the agreement periodically; and

(5) procedures for public notification of the procedures specified under subparagraphs (A) through (D).

(c) LIMITATION.—Except as specifically provided in this section, nothing in this title is intended to grant any State or affected Indian tribe any authority with respect to the siting, development, or loading of the test and evaluation facility.

FEDERAL AGENCY ACTIONS

SEC. 216. (a) COOPERATION AND COORDINATION.—Federal agencies shall assist the Secretary by cooperating and coordinating with the Secretary in the preparation of any necessary reports under this title and the mission plan under section 301.

(b) ENVIRONMENTAL REVIEW.—(1) No action of the Secretary or any other Federal agency required by this title or section 301 with respect to a test and evaluation facility to be taken prior to the initiation of onsite construction of a test and evaluation facility shall require the preparation of an environmental impact statement under section 102(2)(C) of the Environmental Policy Act of 1969 (42
(2) The Secretary and the heads of all other Federal agencies shall, to the maximum extent possible, avoid duplication of efforts in the preparation of reports under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

SECTION 217. (a) PURPOSE.—Not later than 64 months after the date of the enactment of this Act, the Secretary is authorized to, to the extent practicable, begin at a site evaluated under section 214, as part of and as an extension of siting research activities of such site under such section, the mining and construction of a test and evaluation facility. Prior to the mining and construction of such facility, the Secretary shall prepare an environmental assessment. The purpose of such facility shall be—

(1) to supplement and focus the repository site characterization process;

(2) to provide the conditions under which known technological components can be integrated to demonstrate a functioning repository-like system;

(3) to provide a means of identifying, evaluating, and resolving potential repository licensing issues that could not be resolved during the siting research program conducted under section 212;

(4) to validate, under actual conditions, the scientific models used in the design of a repository;

(5) to refine the design and engineering of repository components and systems and to confirm the predicted behavior of such components and systems;

(6) to supplement the siting data, the generic and specific geological characteristics developed under section 214 relating to isolating disposal materials in the physical environment of a repository;

(7) to evaluate the design concepts for packaging, handling, and emplacement of high-level radioactive waste and spent nuclear fuel at the design rate; and

(8) to establish operating capability without exposing workers to excessive radiation.

(b) DESIGN.—The Secretary shall design each test and evaluation facility—

(1) to be capable of receiving not more than 100 full-sized canisters of solidified high-level radioactive waste (which canisters shall not exceed an aggregate weight of 100 metric tons), except that spent nuclear fuel may be used instead of such waste if such waste cannot be obtained under reasonable conditions;

(2) to permit full retrieval of solidified high-level radioactive waste, or other radioactive material used by the Secretary for testing, upon completion of the technology demonstration activities; and

(3) based upon the principle that the high-level radioactive waste, spent nuclear fuel, or other radioactive material involved shall be isolated from the biosphere in such a way that the
initial isolation is provided by engineered barriers functioning as a system with the geologic environment.

(c) Operation.—(1) Not later than 88 months after the date of the enactment of this Act, the Secretary shall begin an in situ testing program at the test and evaluation facility in accordance with the mission plan developed under section 301, for purposes of—

(A) conducting in situ tests of bore hole sealing, geologic media fracture sealing, and room closure to establish the techniques and performance for isolation of high-level radioactive waste, spent nuclear fuel, or other radioactive materials from the biosphere;

(B) conducting in situ tests with radioactive sources and materials to evaluate and improve reliable models for radionuclide migration, absorption, and containment within the engineered barriers and geologic media involved, if the Secretary finds there is reasonable assurance that such radioactive sources and materials will not threaten the use of such site as a repository;

(C) conducting in situ tests to evaluate and improve models for ground water or brine flow through fractured geologic media;

(D) conducting in situ tests under conditions representing the real time and the accelerated time behavior of the engineered barriers within the geologic environment involved;

(E) conducting in situ tests to evaluate the effects of heat and pressure on the geologic media involved, on the hydrology of the surrounding area, and on the integrity of the disposal packages;

(F) conducting in situ tests under both normal and abnormal repository conditions to establish safe design limits for disposal packages and to determine the effects of the gross release of radionuclides into surroundings, and the effects of various credible failure modes, including—

(i) seismic events leading to the coupling of aquifers through the test and evaluation facility;

(ii) thermal pulses significantly greater than the maximum calculated; and

(iii) human intrusion creating a direct pathway to the biosphere; and

(G) conducting such other research and development activities as the Secretary considers appropriate, including such activities necessary to obtain the use of high-level radioactive waste, spent nuclear fuel, or other radioactive materials (such as any highly radioactive material from the Three Mile Island nuclear powerplant or from the West Valley Demonstration Project) for test and evaluation purposes, if such other activities are reasonably necessary to support the repository program and if there is reasonable assurance that the radioactive sources involved will not threaten the use of such site as a repository.

(2) The in situ testing authorized in this subsection shall be designed to ensure that the suitability of the site involved for licensing by the Commission as a repository will not be adversely affected.

(d) Use of Existing Department Facilities.—During the conducting of siting research activities under section 214 and for such period thereafter as the Secretary considers appropriate, the Secretary shall use Department facilities owned by the Federal Government on the date of the enactment of this Act for the conducting of
generically applicable tests regarding packaging, handling, and emplacement technology for solidified high-level radioactive waste and spent nuclear fuel from civilian nuclear activities.

(e) ENGINEERED BARRIERS.—The system of engineered barriers and selected geology used in a test and evaluation facility shall have a design life at least as long as that which the Commission requires by regulations issued under this Act, or under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.), for repositories.

(f) ROLE OF COMMISSION.—(1)(A) Not later than 1 year after the date of the enactment of this Act, the Secretary and the Commission shall reach a written understanding establishing the procedures for review, consultation, and coordination in the planning, construction, and operation of the test and evaluation facility under this section. Such understanding shall establish a schedule, consistent with the deadlines set forth in this subtitle, for submission by the Secretary of, and review by the Commission of and necessary action on—

(i) the mission plan prepared under section 301; and

(ii) such reports and other information as the Commission may reasonably require to evaluate any health and safety impacts of the test and evaluation facility.

(B) Such understanding shall also establish the conditions under which the Commission may have access to the test and evaluation facility for the purpose of assessing any public health and safety concerns that it may have. No shafts may be excavated for the test and evaluation until the Secretary and the Commission enter into such understanding.

(2) Subject to section 305, the test and evaluation facility, and the facilities authorized in section 217, shall be constructed and operated as research, development, and demonstration facilities, and shall not be subject to licensing under section 202 of the Energy Reorganization Act of 1974 (42 U.S.C. 5842).

(3)(A) The Commission shall carry out a continuing analysis of the activities undertaken under this section to evaluate the adequacy of the consideration of public health and safety issues.

(B) The Commission shall report to the President, the Secretary, and the Congress as the Commission considers appropriate with respect to the conduct of activities under this section.

(g) ENVIRONMENTAL REVIEW.—The Secretary shall prepare an environmental impact statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)) prior to conducting tests with radioactive materials at the test and evaluation facility. Such environmental impact statement shall incorporate, to the extent practicable, the environmental assessment prepared under section 217(a). Nothing in this subsection may be construed to limit siting research activities conducted under section 214. This subsection shall apply only to activities performed exclusively for a test and evaluation facility.

(h) LIMITATIONS.—(1) If the test and evaluation facility is not located at the site of a repository, the Secretary shall obtain the concurrence of the Commission with respect to the decontamination and decommissioning of such facility.

(2) If the test and evaluation facility is not located at a candidate site or repository site, the Secretary shall conduct only the portion of the in situ testing program required in subsection (c) determined by the Secretary to be useful in carrying out the purposes of this Act.
Termination.  

(3) The operation of the test and evaluation facility shall terminate not later than—

(A) 5 years after the date on which the initial repository begins operation; or

(B) at such time as the Secretary determines that the continued operation of a test and evaluation facility is not necessary for research, development, and demonstration purposes; whichever occurs sooner.

(4) Notwithstanding any other provisions of this subsection, as soon as practicable following any determination by the Secretary, with the concurrence of the Commission, that the test and evaluation facility is unsuitable for continued operation, the Secretary shall take such actions as are necessary to remove from such site any radioactive material placed on such site as a result of testing and evaluation activities conducted under this section. Such requirement may be waived if the Secretary, with the concurrence of the Commission, finds that short-term testing and evaluation activities using radioactive material will not endanger the public health and safety.

RESEARCH AND DEVELOPMENT ON SPENT NUCLEAR FUEL

42 USC 10198.

SEC. 218. (a) DEMONSTRATION AND COOPERATIVE PROGRAMS.—The Secretary shall establish a demonstration program, in cooperation with the private sector, for the dry storage of spent nuclear fuel at civilian nuclear power reactor sites, with the objective of establishing one or more technologies that the Commission may, by rule, approve for use at the sites of civilian nuclear power reactors without, to the maximum extent practicable, the need for additional site-specific approvals by the Commission. Not later than 1 year after the date of the enactment of this Act, the Secretary shall select at least 1, but not more than 3, sites evaluated under section 214 at such power reactors. In selecting such site or sites, the Secretary shall give preference to civilian nuclear power reactors that will soon have a shortage of interim storage capacity for spent nuclear fuel. Subject to reaching agreement as provided in subsection (b), the Secretary shall undertake activities to assist such power reactors with demonstration projects at such sites, which may use one of the following types of alternate storage technologies: spent nuclear fuel storage casks, caissons, or silos. The Secretary shall also undertake a cooperative program with civilian nuclear power reactors to encourage the development of the technology for spent nuclear fuel rod consolidation in existing power reactor water storage basins.

(b) COOPERATIVE AGREEMENTS.—To carry out the programs described in subsection (a), the Secretary shall enter into a cooperative agreement with each utility involved that specifies, at a minimum, that—

(1) such utility shall select the alternate storage technique to be used, make the land and spent nuclear fuel available for the dry storage demonstration, submit and provide site-specific documentation for a license application to the Commission, obtain a license relating to the facility involved, construct such facility, operate such facility after licensing, pay the costs required to construct such facility, and pay all costs associated with the operation and maintenance of such facility;

(2) the Secretary shall provide, on a cost-sharing basis, consultative and technical assistance, including design support
and generic licensing documentation, to assist such utility in obtaining the construction authorization and appropriate license from the Commission; and

(3) the Secretary shall provide generic research and development of alternative spent nuclear fuel storage techniques to enhance utility-provided, at-reactor storage capabilities, if authorized in any other provision of this Act or in any other provision of law.

(c) **DRY STORAGE RESEARCH AND DEVELOPMENT.**—(1) The consultative and technical assistance referred to in subsection (b)(2) may include, but shall not be limited to, the establishment of a research and development program for the dry storage of not more than 300 metric tons of spent nuclear fuel at facilities owned by the Federal Government on the date of the enactment of this Act. The purpose of such program shall be to collect necessary data to assist the utilities involved in the licensing process.

(2) To the extent available, and consistent with the provisions of section 135, the Secretary shall provide spent nuclear fuel for the research and development program authorized in this subsection from spent nuclear fuel received by the Secretary for storage under section 135. Such spent nuclear fuel shall not be subject to the provisions of section 135(e).

(d) **FUNDING.**—The total contribution from the Secretary from Federal funds and the use of Federal facilities or services shall not exceed 25 percent of the total costs of the demonstration program authorized in subsection (a), as estimated by the Secretary. All remaining costs of such program shall be paid by the utilities involved or shall be provided by the Secretary from the Interim Storage Fund established in section 136.

(e) **RELATION TO SPENT NUCLEAR FUEL STORAGE PROGRAM.**—The spent nuclear fuel storage program authorized in section 135 shall not be construed to authorize the use of research development or demonstration facilities owned by the Department unless—

(1) a period of 30 calendar days (not including any day in which either House of Congress is not in session because of adjournment of more than 3 calendar days to a day certain) has passed after the Secretary has transmitted to the Committee on Science and Technology of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a written report containing a full and complete statement concerning (A) the facility involved; (B) any necessary modifications; (C) the cost thereof; and (D) the impact on the authorized research and development program; or

(2) each such committee, before the expiration of such period, has transmitted to the Secretary a written notice to the effect that such committee has no objection to the proposed use of such facility.

**PAYMENTS TO STATES AND INDIAN TRIBES**

Sec. 219. **Payments.**—Subject to subsection (b), the Secretary shall make payments to each State or affected Indian tribe that has entered into an agreement pursuant to section 215. The Secretary shall pay an amount equal to 100 percent of the expenses incurred by such State or Indian tribe in engaging in any monitoring, testing, evaluation, or other consultation and cooperation activity under section 215 with respect to any site. The amount paid by the
Secretary under this paragraph shall not exceed $3,000,000 per year from the date on which the site involved was identified to the date on which the decontamination and decommission of the facility is complete pursuant to section 217(h). Any such payment may only be made to a State in which a potential site for a test and evaluation facility has been identified under section 213, or to an affected Indian tribe where the potential site has been identified under such section.

(b) Limitation.—The Secretary shall make any payment to a State under subsection (a) only if such State agrees to provide, to each unit of general local government within the jurisdictional boundaries of which the potential site or effectively selected site involved is located, at least one-tenth of the payments made by the Secretary to such State under such subsection. A State or affected Indian tribe receiving any payment under subsection (a) shall otherwise have discretion to use such payment for whatever purpose it deems necessary, including the State or tribal activities pursuant to agreements entered into in accordance with section 215. Annual payments shall be prorated on a 365-day basis to the specified dates.

STUDY OF RESEARCH AND DEVELOPMENT NEEDS FOR MONITORED RETRIEVABLE STORAGE PROPOSAL

Sec. 220. Not later than 6 months after the date of the enactment of this Act, the Secretary shall submit to the Congress a report describing the research and development activities the Secretary considers necessary to develop the proposal required in section 141(b) with respect to a monitored retrievable storage facility.

JUDICIAL REVIEW

Sec. 221. Judicial review of research and development activities under this title shall be in accordance with the provisions of section 119.

Sec. 222. Research on Alternatives for the Permanent Disposal of High-Level Radioactive Waste.—The Secretary shall continue and accelerate a program of research, development, and investigation of alternative means and technologies for the permanent disposal of high-level radioactive waste from civilian nuclear activities and Federal research and development activities except that funding shall be made from amounts appropriated to the Secretary for purposes of carrying out this section. Such program shall include examination of various waste disposal options.

TECHNICAL ASSISTANCE TO NON-NUCLEAR WEAPON STATES IN THE FIELD OF SPENT FUEL STORAGE AND DISPOSAL

Sec. 223. (a) It shall be the policy of the United States to cooperate with and provide technical assistance to non-nuclear weapon states in the field of spent fuel storage and disposal.

(b)(1) Within 90 days of enactment of this Act, the Secretary and the Commission shall publish a joint notice in the Federal Register stating that the United States is prepared to cooperate with and provide technical assistance to non-nuclear weapon states in the fields of at-reactor spent fuel storage; away-from-reactor spent fuel storage; monitored, retrievable spent fuel storage; geologic disposal of spent fuel; and the health, safety, and environmental regulation
of such activities. The notice shall summarize the resources that can
be made available for international cooperation and assistance in
these fields through existing programs of the Department and the
Commission, including the availability of: (i) data from past or
ongoing research and development projects; (ii) consultations with
expert Department or Commission personnel or contractors; and (iii)
liaison with private business entities and organizations working in
these fields.

(2) The joint notice described in the preceding subparagraph shall
be updated and reissued annually for 5 succeeding years.

(c) Following publication of the annual joint notice referred to in
paragraph (2), the Secretary of State shall inform the governments
of non-nuclear weapon states and, as feasible, the organizations
operating nuclear powerplants in such states, that the United States
is prepared to cooperate with and provide technical assistance to
non-nuclear weapon states in the fields of spent fuel storage and
disposal, as set forth in the joint notice. The Secretary of State shall
also solicit expressions of interest from non-nuclear weapon state
governments and non-nuclear weapon state nuclear power reactor
operators concerning their participation in expanded United States
cooperation and technical assistance programs in these fields. The
Secretary of State shall transmit any such expressions of interest to
the Department and the Commission.

(d) With his budget presentation materials for the Department
and the Commission for fiscal years 1984 through 1989, the Presi-
dent shall include funding requests for an expanded program of
cooperation and technical assistance with non-nuclear weapon
states in the fields of spent fuel storage and disposal as appropriate
in light of expressions of interest in such cooperation and assistance
on the part of non-nuclear weapon state governments and non-
nuclear weapon state nuclear power reactor operators.

(e) For the purposes of this subsection, the term "non-nuclear
weapon state" shall have the same meaning as that set forth in
article IX of the Treaty on the Non-Proliferation of Nuclear Weapons

(f) Nothing in this subsection shall authorize the Department or
the Commission to take any action not authorized under existing
law.

(b) Submission of Mission Plan.—(1) Not later than 15 months after the date of the enactment of this Act, the Secretary shall submit a draft mission plan to the States, the affected Indian tribes, the Commission, and other Government agencies as the Secretary deems appropriate for their comments.

(2) In preparing any comments on the mission plan, such agencies shall specify with precision any objections that they may have. Upon submission of the mission plan to such agencies, the Secretary shall publish a notice in the Federal Register of the submission of the mission plan and of its availability for public inspection, and, upon receipt of any comments of such agencies respecting the mission plan, the Secretary shall publish a notice in the Federal Register of the receipt of comments and of the availability of the comments for public inspection. If the Secretary does not revise the mission plan to meet objections specified in such comments, the Secretary shall publish in the Federal Register a detailed statement for not so revising the mission plan.

(3) The Secretary, after reviewing any other comments made by such agencies and revising the mission plan to the extent that the Secretary may consider to be appropriate, shall submit the mission plan to the appropriate committees of the Congress not later than 17 months after the date of the enactment of this Act. NUCLEAR WASTE FUND

Sec. 302. (a) Contracts.—(1) In the performance of his functions under this Act, the Secretary is authorized to enter into contracts with any person who generates or holds title to high-level radioactive waste, or spent nuclear fuel, of domestic origin for the acceptance of title, subsequent transportation, and disposal of such waste or spent fuel. Such contracts shall provide for payment to the Secretary of fees pursuant to paragraphs (2) and (3) sufficient to offset expenditures described in subsection (d).

(2) For electricity generated by a civilian nuclear power reactor and sold on or after the date 90 days after the date of enactment of this Act, the fee under paragraph (1) shall be equal to 1.0 mil per kilowatt-hour.
 Fees.  

(3) For spent nuclear fuel, or solidified high-level radioactive waste derived from spent nuclear fuel, which fuel was used to generate electricity in a civilian nuclear power reactor prior to the application of the fee under paragraph (2) to such reactor, the Secretary shall, not later than 90 days after the date of enactment of this Act, establish a 1 time fee per kilogram of heavy metal in spent nuclear fuel, or in solidified high-level radioactive waste. Such fee shall be in an amount equivalent to an average charge of 1.0 mil per kilowatt-hour for electricity generated by such spent nuclear fuel, or such solidified high-level waste derived therefrom, to be collected from any person delivering such spent nuclear fuel or high-level waste, pursuant to section 128, to the Federal Government. Such fee shall be paid to the Treasury of the United States and shall be deposited in the separate fund established by subsection (c) 126(b). In paying such a fee, the person delivering spent fuel, or solidified high-level radioactive wastes derived therefrom, to the Federal Government shall have no further financial obligation to the Federal Government for the long-term storage and permanent disposal of such spent fuel, or the solidified high-level radioactive waste derived therefrom.

Collection and payment procedures. Review.  

(4) Not later than 180 days after the date of enactment of this Act, the Secretary shall establish procedures for the collection and payment of the fees established by paragraph (2) and paragraph (3). The Secretary shall annually review the amount of the fees established by paragraphs (2) and (3) above to evaluate whether collection of the fee will provide sufficient revenues to offset the costs as defined in subsection (d) herein. In the event the Secretary determines that either insufficient or excess revenues are being collected, in order to recover the costs incurred by the Federal Government that are specified in subsection (d), the Secretary shall propose an adjustment to the fee to insure full cost recovery. The Secretary shall immediately transmit this proposal for such an adjustment to Congress. The adjusted fee proposed by the Secretary shall be effective after a period of 90 days of continuous session have elapsed following the receipt of such transmittal unless during such 90-day period either House of Congress adopts a resolution disapproving the Secretary's proposed adjustment in accordance with the procedures set forth for congressional review of an energy action under section 551 of the Energy Policy and Conservation Act.

Transmittal to Congress.  

(5) Contracts entered into under this section shall provide that—

(A) following commencement of operation of a repository, the Secretary shall take title to the high-level radioactive waste or spent nuclear fuel involved as expeditiously as practicable upon the request of the generator or owner of such waste or spent fuel; and

(B) in return for the payment of fees established by this section, the Secretary, beginning not later than January 31, 1998, will dispose of the high-level radioactive waste or spent nuclear fuel involved as provided in this subtitle.

42 USC 6421.  

Disposal services, terms and conditions. License renewal or issuance.  

(6) The Secretary shall establish in writing criteria setting forth the terms and conditions under which such disposal services shall be made available.

(b) ADVANCE CONTRACTING REQUIREMENT.—(1)(A) The Commission shall not issue or renew a license to any person to use a utilization or production facility under the authority of section 103 or 104 of the Atomic Energy Act of 1954 (42 U.S.C. 2133, 2134) unless—
(i) such person has entered into a contract with the Secretary under this section; or
   (ii) the Secretary affirms in writing that such person is actively and in good faith negotiating with the Secretary for a contract under this section.

(B) The Commission, as it deems necessary or appropriate, may require as a precondition to the issuance or renewal of a license under section 103 or 104 of the Atomic Energy Act of 1954 (42 U.S.C. 2133, 2134) that the applicant for such license shall have entered into an agreement with the Secretary for the disposal of high-level radioactive waste and spent nuclear fuel that may result from the use of such license.

(2) Except as provided in paragraph (1), no spent nuclear fuel or high-level radioactive waste generated or owned by any person (other than a department of the United States referred to in section 101 or 102 of title 5, United States Code) may be disposed of by the Secretary in any repository constructed under this Act unless the generator or owner of such spent fuel or waste has entered into a contract with the Secretary under this section by not later than—
   (A) June 30, 1983; or
   (B) the date on which such generator or owner commences generation of, or takes title to, such spent fuel or waste; whichever occurs later.

(3) The rights and duties of a party to a contract entered into under this section may be assignable with transfer of title to the spent nuclear fuel or high-level radioactive waste involved.

(4) No high-level radioactive waste or spent nuclear fuel generated or owned by any department of the United States referred to in section 101 or 102 of title 5, United States Code, may be disposed of by the Secretary in any repository constructed under this Act unless such department transfers to the Secretary, for deposit in the Nuclear Waste Fund, amounts equivalent to the fees that would be paid to the Secretary under the contracts referred to in this section if such waste or spent fuel were generated by any other person.

(c) ESTABLISHMENT OF NUCLEAR WASTE FUND.—There hereby is established in the Treasury of the United States a separate fund, to be known as the Nuclear Waste Fund. The Waste Fund shall consist of—

   (1) all receipts, proceeds, and recoveries realized by the Secretary under subsections (a), (b), and (e), which shall be deposited in the Waste Fund immediately upon their realization;
   (2) any appropriations made by the Congress to the Waste Fund; and
   (3) any unexpended balances available on the date of the enactment of this Act for functions or activities necessary or incident to the disposal of civilian high-level radioactive waste or civilian spent nuclear fuel, which shall automatically be transferred to the Waste Fund on such date.

(d) USE OF WASTE FUND.—The Secretary may make expenditures from the Waste Fund, subject to subsection (e), only for purposes of radioactive waste disposal activities under titles I and II, including—

   (1) the identification, development, licensing, construction, operation, decommissioning, and post-decommissioning maintenance and monitoring of any repository, monitored, retrievable storage facility or test and evaluation facility constructed under this Act;
(2) the conducting of nongeneric research, development, and demonstration activities under this Act;

(3) the administrative cost of the radioactive waste disposal program;

(4) any costs that may be incurred by the Secretary in connection with the transportation, treating, or packaging of spent nuclear fuel or high-level radioactive waste to be disposed of in a repository, to be stored in a monitored, retrievable storage site or to be used in a test and evaluation facility;

(5) the costs associated with acquisition, design, modification, replacement, operation, and construction of facilities at a repository site, a monitored, retrievable storage site or a test and evaluation facility site and necessary or incident to such repository, monitored, retrievable storage facility or test and evaluation facility; and

(6) the provision of assistance to States, units of general local government, and Indian tribes under sections 116, 118, and 219.

No amount may be expended by the Secretary under this subtitle for the construction or expansion of any facility unless such construction or expansion is expressly authorized by this or subsequent legislation. The Secretary hereby is authorized to construct one repository and one test and evaluation facility.

(e) ADMINISTRATION OF WASTE FUND.—(1) The Secretary of the Treasury shall hold the Waste Fund and, after consultation with the Secretary, annually report to the Congress on the financial condition and operations of the Waste Fund during the preceding fiscal year.

(2) The Secretary shall submit the budget of the Waste Fund to the Office of Management and Budget triennially along with the budget of the Department of Energy submitted at such time in accordance with chapter 11 of title 31, United States Code. The budget of the Waste Fund shall consist of the estimates made by the Secretary of expenditures from the Waste Fund and other relevant financial matters for the succeeding 3 fiscal years, and shall be included in the Budget of the United States Government. The Secretary may make expenditures from the Waste Fund, subject to appropriations which shall remain available until expended. Appropriations shall be subject to triennial authorization.

(3) If the Secretary determines that the Waste Fund contains at any time amounts in excess of current needs, the Secretary may request the Secretary of the Treasury to invest such amounts, or any portion of such amounts as the Secretary determines to be appropriate, in obligations of the United States—

(A) having maturities determined by the Secretary of the Treasury to be appropriate to the needs of the Waste Fund; and

(B) bearing interest at rates determined to be appropriate by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the maturities of such investments, except that the interest rate on such investments shall not exceed the average interest rate applicable to existing borrowings.

(4) Receipts, proceeds, and recoveries realized by the Secretary under this section, and expenditures of amounts from the Waste Fund, shall be exempt from annual apportionment under the provisions of subchapter II of chapter 15 of title 31, United States Code.
(5) If at any time the moneys available in the Waste Fund are insufficient to enable the Secretary to discharge his responsibilities under this subtitle, the Secretary shall issue to the Secretary of the Treasury obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions as may be agreed to by the Secretary and the Secretary of the Treasury. The total of such obligations shall not exceed amounts provided in appropriation Acts. Redemption of such obligations shall be made by the Secretary from moneys available in the Waste Fund. Such obligations shall bear interest at a rate determined by the Secretary of the Treasury, which shall be not less than a rate determined by taking into consideration the average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the obligations under this paragraph. The Secretary of the Treasury shall purchase any issued obligations, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, United States Code, and the purposes for which securities may be issued under such Act are extended to include any purchase of such obligations. The Secretary of the Treasury may at any time sell any of the obligations acquired by him under this paragraph. All redemptions, purchases, and sales by the Secretary of the Treasury of obligations under this paragraph shall be treated as public debt transactions of the United States.

(6) Any appropriations made available to the Waste Fund for any purpose described in subsection (d) shall be repaid into the general fund of the Treasury, together with interest from the date of availability of the appropriations until the date of repayment. Such interest shall be paid on the cumulative amount of appropriations available to the Waste Fund, less the average undisbursed cash balance in the Waste Fund account during the fiscal year involved. The rate of such interest shall be determined by the Secretary of the Treasury taking into consideration the average market yield during the month preceding each fiscal year on outstanding marketable obligations of the United States of comparable maturity. Interest payments may be deferred with the approval of the Secretary of the Treasury, but any interest payments so deferred shall themselves bear interest.

ALTERNATIVE MEANS OF FINANCING

Sec. 303. The Secretary shall undertake a study with respect to alternative approaches to managing the construction and operation of all civilian radioactive waste management facilities, including the feasibility of establishing a private corporation for such purposes. In conducting such study, the Secretary shall consult with the Director of the Office of Management and Budget, the Chairman of the Commission, and such other Federal agency representatives as may be appropriate. Such study shall be completed, and a report containing the results of such study shall be submitted to the Congress, within 1 year after the date of the enactment of this Act.

An Act

To grant Federal recognition to the Texas Band of Kickapoo Indians; to clarify the status of the members of the band; to provide trust lands to the band, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Texas Band of Kickapoo Act".

CONGRESSIONAL FINDINGS AND DECLARATION OF POLICY

Sec. 2. (a) Congress finds that the Texas Band of Kickapoo Indians is a subgroup of the Kickapoo Tribe of Oklahoma; that many years ago, the Band was forced to migrate from its ancestral lands to what is now the State of Texas and the nation of Mexico; that, although many members of the band meet the requirements for United States citizenship, some of them cannot prove that they are United States citizens; that, although the Band resides in the State of Texas, it owns no land there; that, because the Band owns no land in Texas, members of the Band are considered ineligible for services which the United States provides to other Indians who are members of federally recognized tribes because of their status as Indians except when the members of the Band are on or near the reservation of the Kickapoo Tribe of Oklahoma; that members of the Band live under conditions that pose serious threats to their health; and that, because their culture is derived from three different cultures, they have unique needs including, especially, educational needs.

(b) Congress therefore declares that the Band should be recognized by the United States; that the right of the members of the Band to pass and repass the borders of the United States should be clarified; that services which the United States provides to Indians because of their status as Indians except when the members of the Band are on or near the reservation of the Kickapoo Tribe of Oklahoma; that members of the Band live under conditions that pose serious threats to their health; and that, because their culture is derived from three different cultures, they have unique needs including, especially, educational needs.

(b) If the Secretary does not compile the roll within the period prescribed in subsection 4(a), he shall submit a report to Congress setting forth the reasons he did not do so.

(c) For a period of five years after the publication of the Federal Register notice required under subsection 4(a), any member of the Band whose name appears on the roll compiled by the Secretary, may, at his option, apply for United States citizenship. Such application shall be made to the Immigration and Naturalization Service and, upon receipt of the application, citizenship shall promptly be granted to the applicant.

(d) Notwithstanding the Immigration and Nationality Act, all members of the Band shall be entitled to freely pass and repass the borders of the United States and to live and work in the United States.

LAND ACQUISITION; APPLICABILITY OF THE INDIAN REORGANIZATION ACT

SEC. 5. (a) The Act of June 18, 1934 (48 Stat. 984), is hereby made applicable to the Band: Provided, however, That the Secretary is only authorized to exercise his authority under section 5 of that Act (25 U.S.C. 465) with respect to lands located in Maverick County, Texas.

(b) The Secretary is authorized and directed to accept no more than one hundred acres of land in Maverick County, Texas which shall be offered for the benefit of the Band with the approval of the Tribe. The provisions of section 403 of the Act of April 11, 1968 (82 Stat. 79), shall be applicable and available to the State of Texas.

PROVISION OF FEDERAL INDIAN SERVICES

SEC. 7. (a) Notwithstanding any other provision of law authorizing the provision of special programs and services by the United States to Indians because of their status as Indians, the Band and its members in Maverick County, Texas shall be eligible for such programs and services without regard to the existence of a reservation, the residence of members of the Band on or near a reservation, or the compilation of the roll pursuant to subsection 4(a) of this Act.

(b) In providing services pursuant to subsection (a), the Secretary and the head of each department and agency shall consult and cooperate with appropriate officials or agencies of the Mexican Government to the greatest extent possible to ensure that such services meet the special tricultural needs of the Band and its members. (5) the University will include the terms of such agreement in any document transferring to the University property acquired by the University pursuant to such agreement.

An Act

To amend the Federal Water Pollution Control Act to allow modifications of certain effluent limitations relating to biochemical oxygen demand and pH.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 301 of the Federal Water Pollution Control Act is amended by adding at the end thereof the following new subsection:

“(m)(1) The Administrator, with the concurrence of the State, may issue a permit under section 402 which modifies the requirements of subsections (b)(1)(A) and (b)(2)(E) of this section, and of section 403, with respect to effluent limitations to the extent such limitations relate to biochemical oxygen demand and pH from discharges by an industrial discharger in such State into deep waters of the territorial seas, if the applicant demonstrates and the Administrator finds that—

“(A) the facility for which modification is sought is covered at the time of the enactment of this subsection by National Pollutant Discharge Elimination System permit number CA0005594 or CA0005282;
“(B) the energy and environmental costs of meeting such requirements of subsections (b)(1)(A) and (b)(2)(E) and section 403 exceed by an unreasonable amount the benefits to be obtained, including the objectives of this Act;
“(C) the applicant has established a system for monitoring the impact of such discharges on a representative sample of aquatic biota;
“(D) such modified requirements will not result in any additional requirements on any other point or nonpoint source;
“(E) there will be no new or substantially increased discharges from the point source of the pollutant to which the modification applies above that volume of discharge specified in the permit;
“(F) the discharge is into waters where there is strong tidal movement and other hydrological and geological characteristics which are necessary to allow compliance with this subsection and section 101(a)(2) of this Act;
“(G) the applicant accepts as a condition to the permit a contractual obligation to use funds in the amount required (but not less than $250,000 per year for ten years) for research and development of water pollution control technology, including but not limited to closed cycle technology;
“(H) the facts and circumstances present a unique situation which, if relief is granted, will not establish a precedent or the relaxation of the requirements of this Act applicable to similarly situated discharges; and
“(I) no owner or operator of a facility comparable to that of the applicant situated in the United States has demonstrated that it would be put at a competitive disadvantage to the
applicant (or the parent company or any subsidiary thereof) as a result of the issuance of a permit under this subsection.

"(2) The effluent limitations established under a permit issued under paragraph (1) shall be sufficient to implement the applicable State water quality standards, to assure the protection of public water supplies and protection and propagation of a balanced, indigenous population of shellfish, fish, fauna, wildlife, and other aquatic organisms, and to allow recreational activities in and on the water. In setting such limitations, the Administrator shall take into account any seasonal variations and the need for an adequate margin of safety, considering the lack of essential knowledge concerning the relationship between effluent limitations and water quality and the lack of essential knowledge of the effects of discharges on beneficial uses of the receiving waters.

"(3) A permit under this subsection may be issued for a period not to exceed five years, and such a permit may be renewed for one additional period not to exceed five years upon a demonstration by the applicant and a finding by the Administrator at the time of application for any such renewal that the provisions of this subsection are met.

"(4) The Administrator may terminate a permit issued under this subsection if the Administrator determines that there has been a decline in ambient water quality of the receiving waters during the period of the permit even if a direct cause and effect relationship cannot be shown: Provided, That if the effluent from a source with a permit issued under this subsection is contributing to a decline in ambient water quality of the receiving waters, the Administrator shall terminate such permit.”.

Joint Resolution

Designating "National High School Activities Week".

Whereas more than half of the students in this Nation's senior high schools are involved in at least one extracurricular activity;
Whereas this "other half of education" plans a significant role in the total educational development of high school students;
Whereas participation in activities such as athletics, speech, music, debate, drama, and others generally leads to positive development for all and often leads to superior achievement;
Whereas participation and achievement in those areas often contribute to increased interest and performance in strictly academic areas;
Whereas both academic and extracurricular achievement contribute greatly to the social development and interaction of all high school students;
Whereas that development directly benefits local communities by channeling young people's interests and talents into positive efforts, and by instilling in them an early sense of civic duty and community pride;
Whereas former President Gerald R. Ford has agreed to act as honorary national chairman of the effort to recognize the important role of extracurricular activities in this Nation's high schools:

Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President should designate the week of October 17 through October 23, 1982, as "National High School Activities Week", in recognition of the valuable contribution that such programs make in developing the interests and talents of young people at the community level.

Joint Resolution

Jan. 8, 1983
[S.J. Res. 240]

To authorize and request the President to designate the week of January 16, 1983, through January 22, 1983, as "National Jaycee Week".

Whereas the Jaycee idea began with a handful of young men in Saint Louis, Missouri, sixty-three years ago;
Whereas the Jaycee idea embraces today approximately three hundred thousand members in seven thousand five hundred American communities that have chapters in the United States Jaycees;
Whereas the Jaycee idea enriches the lives of communities around the world through affiliation in Jaycees International;
Whereas the Jaycees organization retains a youthful outlook, even in its maturity, and continues to build on the individual member, even with its global scope—first, helping him be the best man he can be, then helping him help his fellow man in need, one to one;
Whereas a Jaycee cares about people, and he shows it;
Whereas a Jaycee cares about progress, and he does something about it;
Whereas a Jaycee lives by the creed that "service to humanity is the best work of life", and throws himself into that work both in his vocation and avocation;
Whereas a Jaycee is the kind of young man this country will need in great numbers to help meet the challenges of our times and the coming century; and
Whereas it is fitting that we should give special recognition and encouragement to the Jaycee and his organization: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President is authorized and requested to issue a proclamation designating the week of January 16, 1983, through January 22, 1983, as "National Jaycee Week", and calling upon all Government agencies and people of the United States to observe the week with appropriate programs, ceremonies, and activities.

Joint Resolution  

To designate the week of March 13, 1983, through March 19, 1983, as “National Children and Television Week”.  

Whereas television can create an intellectual and emotional environment which can play a decisive role in shaping individual development and perception;  
Whereas parents and other adults should be able to look to television to provide children with true pictures of the world and positive models for behavior;  
Whereas many dedicated groups and individuals strive to improve the quality of television programing viewed by children and their families; and  
Whereas this Nation has a continuing responsibility to provide appropriate, stimulating programing for children and adolescents:  

Now, therefore, be it  

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week of March 13, 1983, through March 19, 1983, is designated as “National Children and Television Week” and the President of the United States is authorized and requested to issue a proclamation calling upon all government agencies and the people of the United States to observe the week with appropriate activities supporting television programs which are attentive to the needs and interests of children.

An Act

To extend the Commodity Exchange Act, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Futures Trading Act of 1982".

TITLE I—JURISDICTION

OPTIONS; FUTURES CONTRACTS

Sec. 101. (a) Section 2(a) of the Commodity Exchange Act (7 U.S.C. 2) is amended by—

(1) redesignating paragraph (1) as paragraph (1)(A);

(2) inserting in the third sentence of paragraph (1)(A), as so redesignated, "except to the extent otherwise provided in subparagraph (B) of this paragraph," after "exclusive jurisdiction;

(3) adding a new subparagraph (B) to read as follows:

"(B) Notwithstanding any other provision of law—

"(i) This Act shall not apply to and the Commission shall have no jurisdiction to designate a board of trade as a contract market for any transaction whereby any party to such transaction acquires any put, call, or other option on one or more securities (as defined in section 2(1) of the Securities Act of 1933 or section 3(a)(10) of the Securities Exchange Act of 1934 on the date of enactment of the Futures Trading Act of 1982), including any group or index of such securities, or any interest therein or based on the value thereof.

"(ii) This Act shall apply to and the Commission shall have exclusive jurisdiction with respect to accounts, agreements (including any transaction which is of the character of, or is commonly known to the trade as, an ‘option’, ‘privilege’, ‘indemnity’, ‘bid’, ‘offer’, ‘put’, ‘call’, ‘advance guaranty’, or ‘decline guaranty’) and transactions involving, and may designate a board of trade as a contract market in, contracts of sale (or options on such contracts) for future delivery of a group or index of securities (or any interest therein or based upon the value thereof): Provided, however, That no board of trade shall be designated as a contract market with respect to any such contracts of sale (or options on such contracts) for future delivery unless the board of trade making such application demonstrates and the Commission expressly finds that the specific contract (or option on such contract) with respect to which the application has been made meets the following minimum requirements:
"(I) Settlement of or delivery on such contract (or option on such contract) shall be effected in cash or by means other than the transfer or receipt of any security, except an exempted security under section 3 of the Securities Act of 1933 or section 3(a)(12) of the Securities Exchange Act of 1934 as in effect on the date of enactment of the Futures Trading Act of 1982 (other than any municipal security, as defined in section 3(a)(29) of the Securities Exchange Act of 1934 on the date of enactment of the Futures Trading Act of 1982);

"(II) Trading in such contract (or option on such contract) shall not be readily susceptible to manipulation of the price of such contract (or option on such contract), nor to causing or being used in the manipulation of the price of any underlying security, option on such security or option on a group or index including such securities; and

"(III) Such group or index of securities shall be predominately composed of the securities of unaffiliated issuers and shall be a widely published measure of, and shall reflect, the market for all publicly traded equity or debt securities or a substantial segment thereof, or shall be comparable to such measure.

"(iii) Upon application by a board of trade for designation as a contract market with respect to any contract of sale (or option on such contract) for future delivery involving a group or index of securities, the Commission shall provide an opportunity for public comment on whether such contracts (or options on such contracts) meet the minimum requirements set forth in clause (ii) of this subparagraph.

"(iv)(I) The Commission shall consult with the Securities and Exchange Commission with respect to any application which is submitted by a board of trade before December 9, 1982, for designation as a contract market with respect to any contract of sale (or option on such contract) for future delivery of a group or index of securities. If, no later than fifteen days following the close of the public comment period, the Securities and Exchange Commission shall object to the designation of a board of trade as a contract market in such contract (or option on such contract) on the ground that any minimum requirement of clause (ii) of this subparagraph is not met, the Commission shall afford the Securities and Exchange Commission an opportunity for an oral hearing, to be transcribed, before the Commission, and shall give appropriate weight to the views of the Securities and Exchange Commission. Such oral hearing shall be held after the public comment period, prior to Commission action upon such designation, and not less than thirty nor more than forty-five days after the close of the public comment period, unless both the Commission and the Securities Exchange Commission otherwise agree. If such an oral hearing is held, the Securities and Exchange Commission fails to withdraw its objections, and the Commission issues an order designating a board of trade as a contract market with respect to any such contract (or option on such contract), the Securities and Exchange Commission shall have the right of judicial review of such order in accordance.
with the standards of section 6(b) of this Act. If, pursuant to section 6 of this Act, there is a hearing on the record with respect to such application for designation, the Securities and Exchange Commission shall have the right to participate in that hearing as an interested party.

"(II) Effective for any application submitted by a board of trade on or after December 9, 1982, for designation as a contract market with respect to any contract of sale (or option on such contract) for future delivery of a group or index of securities, the Commission shall transmit a copy of such application to the Securities and Exchange Commission for review. The Commission shall not approve any such application if the Securities and Exchange Commission determines that such contract (or option on such contract) fails to meet the minimum requirements set forth in clause (ii) of this subparagraph. Such determination shall be made by order no later than forty-five days after the close of the public comment period under clause (iii) of this subparagraph. In the event of such determination, the board of trade shall be afforded an opportunity for a hearing on the record before the Securities and Exchange Commission. If a board of trade requests a hearing on the record, the hearing shall commence no later than thirty days following the receipt of the request, and a final determination shall be made no later than thirty days after the close of the hearing. A person aggrieved by any such order of the Securities and Exchange Commission may obtain judicial review thereof in the same manner and under such terms and conditions as are provided in section 6(a) of this Act.

"(v) No person shall offer to enter into, enter into, or confirm the execution of any contract of sale (or option on such contract) for future delivery of any security, or interest therein or based on the value thereof, except an exempted security under section 3 of the Securities Act of 1933 or section 3(a)(12) of the Securities Exchange Act of 1934 as in effect on the date of enactment of the Futures Trading Act of 1982 (other than any municipal security as defined in section 3(a)(29) of the Securities Exchange Act of 1934 on the date of enactment of the Futures Trading Act of 1982), or except as provided in clause (ii) of this subparagraph, any group or index of such securities or any interest therein or based on the value thereof.".

“Sec. 3. Transactions in commodities involving the sale thereof for future delivery as commonly conducted on boards of trade and known as ‘futures’ are affected with a national public interest. Such futures transactions are carried on in large volume by the public generally and by persons engaged in the business of buying and selling commodities and the products and byproducts thereof in interstate commerce. The prices involved in such transactions are generally quoted and disseminated throughout the United States and in foreign countries as a basis for determining the prices to the producer and the consumer of commodities and the products and byproducts thereof and to facilitate the movements thereof in interstate commerce. Such transactions are utilized by shippers, dealers, millers, and others engaged in handling commodities and the products and byproducts thereof in interstate commerce as a means of hedging themselves against possible loss through fluctuations in price. The transactions and prices of commodities on such boards of trade are susceptible to excessive speculation and can be manipulated, controlled, cornered or squeezed, to the detriment of the producer or the consumer and the persons handling commodities and the products and byproducts thereof in interstate commerce, rendering regulation imperative for the protection of such commerce and the national public interest therein. Furthermore, transactions which are of the character of, or are commonly known to the trade as, ‘options’ are or may be utilized by commercial and other
entities for risk shifting and other purposes. Options transactions are in interstate commerce or affect such commerce and the national economy, rendering regulation of such transactions imperative for the protection of such commerce and the national public interest.”

“(1) such transaction is conducted on or subject to the rules of a board of trade which has been designated by the Commission as a ‘contract market’ for such commodity;

“(2) such contract is executed or consummated by or through a member of such contract market; and

“(3) such contract is evidenced by a record in writing which shows the date, the parties to such contract and their addresses, the property covered and its price, and the terms of delivery: Provided, That each contract market member shall keep such record for a period of three years from the date thereof, or for a longer period if the Commission shall so direct, which record shall at all times be open to the inspection of any representative of the Commission or the Department of Justice.

“(b) The Commission may adopt rules and regulations proscribing fraud and requiring minimum financial standards, the disclosure of risk, the filing of reports, the keeping of books and records, the safeguarding of customers’ funds, and registration with the Commission by any person located in the United States, its territories or possessions, who engages in the offer or sale of any contract of sale of a commodity for future delivery that is made on or to be made on or subject to the rules of a board of trade, exchange, or market located outside the United States, its territories or possessions. Such rules and regulations may impose different requirements for such persons depending upon the particular foreign board of trade, exchange, or market involved. No rule or regulation may be adopted by the Commission under this subsection that (1) requires Commission approval of any contract, rule, regulation, or action of any foreign board of trade, exchange, or market, or clearinghouse for such board of trade, exchange, or market, or (2) governs in any way any rule or contract term or action of any foreign board of trade, exchange, or market, or clearinghouse for such board of trade, exchange, or market.”.

Such terms may be defined to permit producers, purchasers, sellers, middlemen, and users of a commodity or a product derived therefrom to hedge their legitimate anticipated business needs for that period of time into the future for which an appropriate futures contract is open and available on an exchange. It shall be a violation of this Act for any person to violate any bylaw, rule, regulation, or resolution of any contract market or other board of trade licensed or designated by the Commission fixing limits on the amount of trading which may be done or positions which may be held by any person under contracts of sale of any commodity for future delivery or under options on such contracts or commodities, if such bylaw, rule, regulation, or resolution has been approved by the Commission: Provided, That the provisions of section 9(c) of this Act shall apply only to those who knowingly violate such limits."

“(ii) In subsequent calendar years, the Secretary of Commerce and the Secretary of the Interior (hereinafter referred to as the ‘Secretaries’), acting jointly, shall establish a limit on the quantity which may be entered free of duty during the calendar year, and shall consider whether such limit is in the best interest of the insular possessions and not inconsistent with domestic or international trade policy considerations. The quantity the Secretaries establish in any calendar year under this paragraph shall not—

Allocations made by the Secretaries shall be final. In making the allocations, the Secretaries shall consider the potential impact of territorial production on domestic production of like articles and shall establish allocation criteria (including minimum assembly requirements) that will reasonably maximize the net amount of direct economic benefits to the insular possessions.

"(h)(i) In the case of each calendar year beginning after December 31, 1982, and before January 1, 1995, the Secretaries, acting jointly, shall—

"(I) verify the wages paid by each producer to permanent residents of the insular possessions during the preceding calendar year, and

"(I) 90 percent of the producer's creditable wages on the assembly during the preceding calendar year of the first 300,000 units, plus

"(II) the applicable graduated declining percentage (determined each year by the Secretaries) of the producer's creditable
wages on the assembly during the preceding calendar year of units in excess of 300,000 but not in excess of 750,000.

"(iii) The aggregate amount of all certificates which are issued during any calendar year shall not exceed an amount which bears the same ratio to $5,000,000 as—

"(I) the gross national product of the United States (as determined by the Secretary of Commerce) for the preceding calendar year, bears to—

"(II) the gross national product of the United States (as so determined) for 1982.

"(iv) (I) Subject to the provision of clause (II), if the amount of the certificates issued under subparagraph (i) would exceed the limit under subparagraph (iii), the applicable amount of each producer's certificate shall be reduced proportionately by the amount of such excess.

"(II) The applicable amount of any producer's certificate shall not be reduced below the amount determined under subparagraph (ii)(I), except that if the application of this clause would result in the aggregate amount of the certificates exceeding the limit under subparagraph (iii), the applicable amount of each producer's certificate shall again be reduced proportionately by the amount of the excess determined after application of this clause.

"(v) Any certificate issued under subparagraph (i) shall entitle the certificate holder to secure the refund of duties equal to the face value of the certificate on watches, watch movements (including solid state timepieces) and, with the exception of discrete cases, parts therefor imported into the customs territory of the United States by the certificate holder. Such refunds shall be made under regulations issued by the Treasury Department. Not more than 5 percent of such refunds may be retained as a reimbursement to the Customs Service for the administrative costs of making the refunds.

"(vi) Any certificate issued under subparagraph (i), or any portion thereof, shall be negotiable.

"(vii) Any certificate issued under subparagraph (i) shall expire 1 year from the date of issuance and may be applied against duties on imports of watches and watch movements the entry of which were made within 2 years prior to the date of issuance of the certificate.

"(viii) For purposes of determining the applicable amount of any producer's certificate to be issued during calendar year 1983, the greater of—

"(I) the producer's creditable wages for calendar year 1982, or

"(II) 60 percent of the producer's creditable wages for calendar year 1981,

shall be considered the creditable wages for calendar year 1982.

"(i) The Secretaries are authorized to issue such regulations, not inconsistent with the provisions of this headnote, as they determine necessary to carry out their respective duties under this headnote. Such regulations shall include minimum assembly requirements. Any duty-free entry determined not to have been made in accordance with applicable regulations shall be subject to the applicable civil remedies and criminal sanctions, and, in addition, the Secretaries may cancel or restrict the license or certificate of any manufacturer found in willful violation of the regulations.”.

(a) Agreement Authority.—

(1) In general.—If the President determines, after request is made to the United States under article 9 of the Convention by any State Party—

(A) that the cultural patrimony of the State Party is in jeopardy from the pillage of archaeological or ethnological materials of the State Party;

(B) that the State Party has taken measures consistent with the Convention to protect its cultural patrimony;

(C) that—

(i) the application of the import restrictions set forth in section 307 with respect to archaeological or ethnological material of the State Party, if applied in concert with similar restrictions implemented, or to be implemented within a reasonable period of time, by those nations (whether or not State Parties) individually having a significant import trade in such material, would be of substantial benefit in deterring a serious situation of pillage, and

(ii) remedies less drastic than the application of the restrictions set forth in such section are not available; and

(D) that the application of the import restrictions set forth in section 307 in the particular circumstances is consistent with the general interest of the international community in the interchange of cultural property among nations for scientific, cultural, and educational purposes; the President may, subject to the provisions of this title, take the actions described in paragraph (2).

(2) Authority of President.—For purposes of paragraph (1), the President may enter into—

(A) a bilateral agreement with the State Party to apply the import restrictions set forth in section 307 to the archaeological or ethnological material of the State Party the pillage of which is creating the jeopardy to the cultural patrimony of the State Party found to exist under paragraph (1)(A); or

(B) a multilateral agreement with the State Party and with one or more other nations (whether or not a State Party) under which the United States will apply such restrictions, and the other nations will apply similar restrictions, with respect to such material.

nied by a written statement of the facts known to the State Party that relate to those matters with respect to which determinations must be made under subparagraphs (A) through (D) of paragraph (1).

(4) IMPLEMENTATION.—In implementing this subsection, the President should endeavor to obtain the commitment of the State Party concerned to permit the exchange of its archaeological and ethnological materials under circumstances in which such exchange does not jeopardize its cultural patrimony.

(b) EFFECTIVE PERIOD.—The President may not enter into any agreement under subsection (a) which has an effective period beyond the close of the five-year period beginning on the date on which such agreement enters into force with respect to the United States.

(c) RESTRICTIONS ON ENTERING INTO AGREEMENTS.—

(2) EXCEPTION TO RESTRICTIONS.—Notwithstanding paragraph (1), the President may enter into an agreement if he determines that a nation individually having a significant import trade in such material is not implementing, or is not likely to implement, similar restrictions, but—

(B) the application of the import restrictions set forth in section 307 in concert with similar restrictions implemented, or to be implemented, by other nations (whether or not State Parties) individually having a significant import trade in such material would be of substantial benefit in deterring a serious situation of pillage.

(d) SUSPENSION OF IMPORT RESTRICTIONS UNDER AGREEMENTS.—If, after an agreement enters into force with respect to the United States, the President determines that a number of parties to the agreement (other than parties described in subsection (c)(2)) having significant import trade in the archaeological and ethnological material covered by the agreement—

(1) have not implemented within a reasonable period of time import restrictions that are similar to those set forth in section 307, or

(2) are not implementing such restrictions satisfactorily with the result that no substantial benefit in deterring a serious situation of pillage in the State Party concerned is being obtained,

the President shall suspend the implementation of the import restrictions under section 307 until such time as the nations take appropriate corrective action.

(e) EXTENSION OF AGREEMENTS.—The President may extend any agreement that enters into force with respect to the United States for additional periods of not more than five years each if the President determines that—
(1) the factors referred to in subsection (a)(1) which justified the entering into of the agreement still pertain, and
(2) no cause for suspension under subsection (d) exists.

(f) PROCEDURES.—If any request described in subsection (a) is made by a State Party, or if the President proposes to extend any agree-
ment under subsection (e), the President shall—
(1) publish notification of the request or proposal in the Federal Register;

dispersal, or fragmentation which is, or threatens to be, of crisis proportions;
and application of the import restrictions set forth in section 307 on a temporary basis would, in whole or in part, reduce the incentive for such pillage, dismantling, dispersal or fragmentation.

(c) LIMITATIONS.—

(1) The President may not implement this section with respect to the archaeological or ethnological materials of any State Party unless the State Party has made a request described in section 303(a) to the United States and has supplied information which supports a determination that an emergency condition exists.

(2) In taking action under subsection (b) with respect to any State Party, the President shall consider the views and recommendations contained in the Committee report required under section 306(f)(3) if the report is submitted to the President before the close of the ninety-day period beginning on the day on which the President submitted information to the Committee under section 303(f)(2) on the request of the State Party under section 303(a).

(3) No import restrictions set forth in section 307 may be applied under this section to the archaeological or ethnological materials of any State Party for more than five years after the date on which the request of a State Party under section 303(a) is made to the United States. This period may be extended by the President for three more years if the President determines that the emergency condition continues to apply with respect to the archaeological or ethnological material. However, before taking such action, the President shall request and consider, if received within ninety days, a report of the Committee setting forth its recommendations, together with the reasons therefor, as to whether such import restrictions shall be extended.

(4) The import restrictions under this section may continue to apply in whole or in part, if before their expiration under paragraph (3), there has entered into force with respect to the archaeological or ethnological materials an agreement under section 203 or an agreement with a State Party to which the Senate has given its advice and consent to ratification. Such import restrictions may continue to apply for the duration of the agreement.

The Secretary may list such material by type or other appropriate classification, but each listing made under this section shall be sufficiently specific and precise to insure that (1) the import restric-
tions under section 307 are applied only to the archeological and ethnological material covered by the agreement or emergency action; and (2) fair notice is given to importers and other persons as to what material is subject to such restrictions.

Such rules shall, to the maximum extent feasible, permit meaningful consultations by Committee members with persons affected by proposed agreements authorized by this title.

(B) on or before the date on which such material was
designated under section 305,

the customs officer concerned shall refuse to release the material
from customs custody and send it to a bonded warehouse or store to

any other provision of law, until such documentation or evidence is
filed with such officer. If such documentation or evidence is not
presented within ninety days after the date on which such material
is refused release from customs custody, or such longer period as

from the State Party not less than ten years before the date
of entry into the United States, and the reasons on which
the statement is based; and

(2) for purposes of subsection (b)(2)(B)—

(A) one or more declarations under oath by the importer
or the person for whose account the material is to be
imported, stating that, to the best of his knowledge, the
material was exported from the State Party on or before
the date such material was designated under section 305,
and

(B) a statement by the consignor or person who sold the
material to the importer which states the date, or if not
known, his belief, that the material was exported from the

statement is based.
(d) Related Persons.—For purposes of subsections (b) and (c), a person shall be treated as a related person to an importer, or to a person for whose account material is imported, if such person—

SEC. 310. SEIZURE AND FORFEITURE.

(a) In General.—Any designated archaeological or ethnological material or article of cultural property, as the case may be, which is imported into the United States in violation of section 307 or section 308 shall be subject to seizure and forfeiture. All provisions of law relating to seizure, forfeiture, and condemnation for violation of the customs laws shall apply to seizures and forfeitures incurred, or alleged to have been incurred, under this title, insofar as such provisions of law are applicable to, and not inconsistent with, the provisions of this title.

(3) if not returned to the State Party under paragraph (1) or to a claimant under paragraph (2), be disposed of in the manner prescribed by law for articles forfeited for violation of the customs laws.

No return of material may be made under paragraph (1) or (2) unless the State Party or claimant, as the case may be, bears the expenses incurred incident to the return and delivery, and complies with such other requirements relating to the return as the Secretary shall prescribe.

(c) Articles of Cultural Property.—

(1) In any action for forfeiture under this section regarding an article of cultural property imported into the United States in violation of section 208, if the claimant establishes valid title to the article, under applicable law, as against the institution from which the article was stolen, forfeiture shall not be decreed unless the State Party to which the article is to be returned pays the claimant just compensation for the article. In any action for forfeiture under this section where the claimant does not establish such title but establishes that it purchased the article for value without knowledge or reason to believe it was stolen, forfeiture shall not be decreed unless—

(A) the State Party to which the article is to be returned pays the claimant an amount equal to the amount which the claimant paid for the article, or

(B) the United States establishes that such State Party, as a matter of law or reciprocity, would in similar circumstances recover and return an article stolen from an institution in the United States without requiring the payment of compensation.

(2) Any article of cultural property which is imported into the United States in violation of section 308 and which is forfeited to the United States under this title shall—

(A) first be offered for return to the State Party in whose territory is situated the institution referred to in section 308 and shall be returned if that State Party bears the expenses incident to such return and delivery and complies with such other requirements relating to the return as the Secretary prescribes; or

(2) in the case of any article subject to section 308, that the article—

Convention for the State Party concerned, whichever date is later.

SEC. 312. CERTAIN MATERIAL AND ARTICLES EXEMPT FROM TITLE.

The provisions of this title shall not apply to—

(1) any archaeological or ethnological material or any article of cultural property which is imported into the United States for temporary exhibition or display if such material or article is immune from seizure under judicial process pursuant to the Act entitled "An Act to render immune from seizure under judicial process certain objects of cultural significance imported into the United States for temporary display or exhibition, and for other purposes", approved October 19, 1965 (22 U.S.C. 2459); or

(C) if subparagraphs (A) and (B) do not apply, has been within the United States for a period of not less than ten consecutive years and the State Party concerned has received or should have received during such period fair notice (through such adequate and accessible publication, or other means, as the Secretary shall by regulation prescribe) of its location within the United States; and

(D) if none of the preceding subparagraphs apply, has been within the United States for a period of not less than twenty consecutive years and the claimant establishes that it purchased the material or article for value without knowledge or reason to believe that it was imported in violation of law.
In the customs territory of the United States, and in the Virgin Islands, the provisions of this title shall be enforced by appropriate customs officers. In any other territory or area within the United States, but not within such customs territory or the Virgin Islands, such provisions shall be enforced by such persons as may be designated by the President.

(c)(1) Any person engaged in transporting by motor vehicle any oil from any lease site, or allocated to any such lease site, shall carry, on his person, in his vehicle, or in his immediate control, documentation showing, at a minimum, the amount, origin, and intended first destination of the oil.

(b) Records required by the Secretary with respect to oil and gas leases from Federal or Indian lands or the Outer Continental Shelf shall be maintained for 6 years after the records are generated unless the Secretary notifies the record holder that he has initiated an audit or investigation involving such records and that such records must be maintained for a longer period. In any case when an audit or investigation is underway, records shall be maintained until the Secretary releases the record holder of the obligation to maintain such records.

PROMPT DISBURSEMENT OF ROYALTIES

Sec. 104. (a) Section 35 of the Mineral Lands Leasing Act of 1920 (approved February 25, 1920; 41 Stat. 437; 30 U.S.C. 191) is amended by deleting “as soon as practicable after March 31 and September 30 of each year” and by adding at the end thereof “Payments to States under this section with respect to any moneys received by the United States, shall be made not later than the last business day of the month in which such moneys are warranted by the United States Treasury to the Secretary as having been received, except for..."

(c) The provisions of this section shall apply with respect to payments received by the Secretary after October 1, 1983, unless the Secretary, by rule, prescribes an earlier effective date.

(1) liable to the United States for any losses caused by any intentional or reckless action or inaction of such individual with respect to such moneys; and

(2) in the case of an independent contractor, required as the Secretary deems necessary to maintain a bond commensurate with the amount of money for which such individual could be liable to the United States.

HEARINGS AND INVESTIGATIONS

SEC. 107. (a) In carrying out his duties under this Act the Secretary may conduct any investigation or other inquiry necessary and appropriate and may conduct, after notice, any hearing or audit, necessary and appropriate to carrying out his duties under this Act.

(b) In case of refusal to obey a subpoena served upon any person under this section, the district court of the United States for any district in which such person is found, resides, or transacts business, upon application by the Attorney General at the request of the Secretary and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony before the Secretary or to appear and produce documents before the Secretary. Any failure to obey such order of the court may be punished by such court as contempt thereof and subject to a penalty of up to $10,000 a day.

(a)(1) On any lease site on Federal or Indian lands, any authorized and properly identified representative of the Secretary may stop and inspect any motor vehicle that he has probable cause to believe is carrying oil from a lease site on Federal or Indian lands or allocated to such a lease site, for the purpose of determining whether the driver of such vehicle has documentation related to such oil as required by law.

(2) Any authorized and properly identified representative of the Secretary, accompanied by any appropriate law enforcement officer, or an appropriate law enforcement officer alone, may stop and inspect any motor vehicle which is not on a lease site if he has probable cause to believe the vehicle is carrying oil from a lease site on Federal or Indian lands or allocated to such a lease site. Such inspection shall be for the purpose of determining whether the driver of such vehicle has the documentation required by law.

(b) Authorized and properly identified representatives of the Secretary may without advance notice, enter upon, travel across and inspect lease sites on Federal or Indian lands and may obtain from the operator immediate access to secured facilities on such lease sites, for the purpose of making any inspection or investigation for determining whether there is compliance with the requirements of the mineral leasing laws and this Act. The Secretary shall develop guidelines setting forth the coverage and the frequency of such inspections.
(c) For the purpose of making any inspection or investigation under this Act, the Secretary shall have the same right to enter upon or travel across any lease site as the lessee or operator has acquired by purchase, condemnation, or otherwise.

**CIVIL PENALTIES**

Sec. 109. (a) Any person who—

(1) after due notice of violation or after such violation has been reported under subparagraph (A), fails or refuses to comply with any requirements of this Act or any mineral leasing law, any rule or regulation thereunder, or the terms of any lease or permit issued thereunder; or

(2) fails to permit inspection authorized in section 108 or fails to notify the Secretary of any assignment under section 102(a)(2) shall be liable for a penalty of up to $500 per violation for each day such violation continues, dating from the date of such notice or report. A penalty under this subsection may not be applied to any person who is otherwise liable for a violation of paragraph (1) if:

(A) the violation was discovered and reported to the Secretary or his authorized representative by the liable person and corrected within 20 days after such report or such longer time as the Secretary may agree to; or

(B) after the due notice of violation required in paragraph (1) has been given to such person by the Secretary or his authorized representative, such person has corrected the violation within 20 days of such notification or such longer time as the Secretary may agree to.

(b) If corrective action is not taken within 40 days or a longer period as the Secretary may agree to, after due notice or the report referred to in subsection (a)(1), such person shall be liable for a civil penalty of not more than $5,000 per violation for each day such violation continues, dating from the date of such notice or report.

(c) Any person who—

(1) knowingly or willfully fails to make any royalty payment by the date as specified by statute, regulation, order or terms of the lease;

(2) fails or refuses to permit lawful entry, inspection, or audit; or

(3) knowingly or willfully fails or refuses to comply with subsection 102(b)(3),

shall be liable for a penalty of up to $10,000 per violation for each day such violation continues.

(d) Any person who—

(1) knowingly or willfully prepares, maintains, or submits false, inaccurate, or misleading reports, notices, affidavits, records, data, or other written information;

(3) purchases, accepts, sells, transports, or conveys to another, any oil or gas knowing or having reason to know that such oil or gas was stolen or unlawfully removed or diverted,

shall be liable for a penalty of up to $25,000 per violation for each day such violation continues.
(e) No penalty under this section shall be assessed until the person charged with a violation has been given the opportunity for a hearing on the record.

(f) The amount of any penalty under this section, as finally determined may be deducted from any sums owing by the United States to the person charged.

(g) On a case-by-case basis the Secretary may compromise or reduce civil penalties under this section.

(h) Notice under this subsection (a) shall be by personal service by an authorized representative of the Secretary or by registered mail. Any person may, in the manner prescribed by the Secretary, designate a representative to receive any notice under this subsection.

(i) In determining the amount of such penalty, or whether it should be remitted or reduced, and in what amount, the Secretary shall state on the record the reasons for his determinations.

(j) Any person who has requested a hearing in accordance with subsection (e) within the time the Secretary has prescribed for such a hearing and who is aggrieved by a final order of the Secretary under this section may seek review of such order in the United States district court for the judicial district in which the violation allegedly took place. Review by the district court shall be only on the administrative record and not de novo. Such an action shall be barred unless filed within 90 days after the Secretary's final order.

(k) If any person fails to pay an assessment of a civil penalty under this Act—

(1) after the order making the assessment has become a final order and if such person does not file a petition for judicial review of the order in accordance with subsection (j), or

(2) after a court in an action brought under subsection (j) has entered a final judgment in favor of the Secretary, the court shall have jurisdiction to award the amount assessed plus interest from the date of the expiration of the 90-day period referred to in subsection (j). Judgment by the court shall include an order to pay.

(l) No person shall be liable for a civil penalty under subsection (a) or (b) for failure to pay any rental for any lease automatically terminated pursuant to section 31 of the Mineral Leasing Act of 1920.

CRIMINAL PENALTIES

Sec. 110. Any person who commits an act for which a civil penalty is provided in section 109(d) shall, upon conviction, be punished by a fine of not more than $50,000, or by imprisonment for not more than 2 years, or both.

ROYALTY INTEREST, PENALTIES AND PAYMENTS

Sec. 111. (a) In the case of oil and gas leases where royalty payments are not received by the Secretary on the date that such payments are due, or are less than the amount due, the Secretary shall charge interest on such late payments or underpayments at the rate applicable under section 6621 of the Internal Revenue Code of 1954. In the case of an underpayment or partial payment, interest shall be computed and charged only on the amount of the deficiency and not on the total amount due.
(b) Any payment made by the Secretary to a State under section 35 of the Mineral Lands Leasing Act of 1920 (30 U.S.C. 191) and any other payment made by the Secretary to a State from any oil or gas royalty received by the Secretary which is not paid on the date required under section 35 shall include an interest charge computed at the rate applicable under section 6621 of the Internal Revenue Code of 1954.

(c) All interest charges collected under this Act or under other applicable laws because of nonpayment, late payment or underpayment of royalties due and owing to an Indian tribe or an Indian allottee shall be deposited to the same account as the royalty with respect to which such interest is paid.

(d) Any deposit of royalty funds made by the Secretary to an Indian account which is not made by the date required under subsection 104(b) shall include an interest charge computed at the rate applicable under section 6621 of the Internal Revenue Code of 1954.

(e) Notwithstanding any other provision of law, no State will be assessed for any interest or penalties found to be due against the Secretary for failure to comply with the Emergency Petroleum Allocation Act of 1973 or regulation of the Secretary of Energy thereunder concerning crude oil certification or pricing with respect to crude oil taken by the Secretary in kind as royalty. Any State share of an overcharge, resulting from such failure to comply, shall be assessed against moneys found to be due and owing to such State as a result of audits of royalty accounts for transactions which took place prior to the date of the enactment of this Act except that if after the completion of such audits, sufficient moneys have not been found due and owing to any State, the State shall be assessed the balance of that State’s share of the overcharge.

(f) Interest shall be charged under this section only for the number of days a payment is late.

(g) The first sentence of section 35 of the Act of February 25, 1920 is amended by inserting “including interest charges collected under the Federal Oil and Gas Royalty Management Act of 1982” between “royalties” and “and”.

**INJUNCTION AND SPECIFIC ENFORCEMENT AUTHORITY**

**Sec. 112.** (a) In addition to any other remedy under this Act or any mineral leasing law, the Attorney General of the United States or his designee may bring a civil action in a district court of the United States, which shall have jurisdiction over such actions—

(1) to restrain any violation of this Act; or

(2) to compel the taking of any action required by or under this Act or any mineral leasing law of the United States.

(b) A civil action described in subsection (a) may be brought only in the United States district court for the judicial district wherein the act, omission, or transaction constituting a violation under this Act or any other mineral leasing law occurred, or wherein the defendant is found or transacts business.

**REWARDS**

**Sec. 113.** Where amounts representing royalty or other payments owed to the United States with respect to any oil and gas lease on Federal lands or the Outer Continental Shelf are recovered pursu-
ant to any action taken by the Secretary under this Act as a result of information provided to the Secretary by any person, the Secretary is authorized to pay to such person an amount equal to not more than 10 percent of such recovered amounts. The preceding sentence shall not apply to information provided by an officer or employee of the United States, an officer or employee of a State or Indian tribe acting pursuant to a cooperative agreement or delegation under this Act, or any person acting pursuant to a contract authorized by this Act.

NONCOMPETITIVE OIL AND GAS LEASE ROYALTY RATES

Sec. 114. The Secretary is directed to conduct a thorough study of the effects of a change in the royalty rate under section 17(c) of the Mineral Leasing Act of 1920 on: (a) the exploration, development, or production of oil or gas; and (b) the overall revenues generated by such change. Such study shall be completed and submitted to Congress within six months after the date of enactment of this Act.

TITLE II—STATES AND INDIAN TRIBES

APPLICATION OF TITLE

Sec. 201. This title shall apply only with respect to oil and gas leases on Federal lands or Indian lands. Nothing in this title shall be construed to apply to any lease on the Outer Continental Shelf.

COOPERATIVE AGREEMENTS

Sec. 202. (a) The Secretary is authorized to enter into a cooperative agreement or agreements with any State or Indian tribe to share oil or gas royalty management information, to carry out inspection, auditing, investigation or enforcement (not including the collection of royalties, civil or criminal penalties or other payments) activities under this Act in cooperation with the Secretary, and to carry out any other activity described in section 108 of this Act. The Secretary shall not enter into any such cooperative agreement with a State with respect to any such activities on Indian lands, except with the permission of the Indian tribe involved.

(b) Except as provided in section 203, and pursuant to a cooperative agreement—

(2) each Indian tribe shall, upon request, have access to all royalty accounting information in the possession of the Secretary respecting the production, removal, or sale of oil or gas from leases on Indian lands under the jurisdiction of such tribe. Information shall be made available under paragraphs (1) and (2) as soon as practicable after it comes into the possession of the Secretary. Effective October 1, 1983, such information shall be made available under paragraphs (1) and (2) not later than 30 days after such information comes into the possession of the Secretary.

(c) Any cooperative agreement entered into pursuant to this section shall be in accordance with the provisions of the Federal Grant and Cooperative Agreement Act of 1977, and shall contain such

41 USC 501 note.
terms and conditions as the Secretary deems appropriate and consistent with the purposes of this Act, including, but not limited to, a limitation on the use of Federal assistance to those costs which are directly required to carry out the agreed upon activities.

INFORMATION

Sec. 203. (a) Trade secrets, proprietary and other confidential information shall be made available by the Secretary, pursuant to a cooperative agreement, to a State or Indian tribe upon request only if—

(1) such State or Indian tribe consents in writing to restrict the dissemination of the information to those who are directly involved in an audit or investigation under this Act and who have a need to know;

(2) such State or tribe accepts liability for wrongful disclosure;

(3) in the case of a State, such State demonstrates that such information is essential to the conduct of an audit or investigation or to litigation under section 204; and

(4) in the case of an Indian tribe, such tribe demonstrates that such information is essential to the conduct of an audit or investigation and waives sovereign immunity by express consent for wrongful disclosure by such tribe.

(b) The United States shall not be liable for the wrongful disclosure by any individual, State, or Indian tribe of any information provided to such individual, State, or Indian tribe pursuant to any cooperative agreement or a delegation, authorized by this Act.

(c) Whenever any individual, State, or Indian tribe has obtained possession of information pursuant to a cooperative agreement authorized by this section, or any individual or State has obtained possession of information pursuant to a delegation under section 205, the individual shall be subject to the same provisions of law with respect to the disclosure of such information as would apply to an officer or employee of the United States or of any department or agency thereof and the State or Indian tribe shall be subject to the same provisions of law with respect to the disclosure of such information as would apply to the United States or any department or agency thereof. No State or State officer or employee who receives trade secrets, proprietary information, or other confidential information under this Act may be required to disclose such information under State law.

STATE SUITS UNDER FEDERAL LAW

Sec. 204. (a)(1) A State may commence a civil action under this section against any person to recover any royalty, interest, or civil penalty which the State believes is due, based upon credible evidence, with respect to any oil and gas lease on Federal lands located within the State.

(2)(A) No action may be commenced under paragraph (1) prior to 90 days after the State has given notice in writing to the Secretary of the payment required. Such 90-day limitation may be waived by the Secretary on a case-by-case basis.

(B) If, within the 90-day period specified in subparagraph (A), the Secretary issues a demand for the payment concerned, no action may be commenced under paragraph (1) with respect to such payment during a 45-day period after issuance of such demand. If,
during such 45-day period, the Secretary receives payment in full, no action may be commenced under paragraph (1).

(C) If the Secretary refers the case to the Attorney General of the United States within the 45-day period referred to in subparagraph (B) or within 10 business days after the expiration of such 45-day period, no action may be commenced under paragraph (1) if the Attorney General, within 45 days after the date of such referral, commences, and thereafter diligently prosecutes, a civil action in a court of the United States with respect to the payment concerned.

(3) The State shall notify the Secretary and the Attorney General of the United States of any suit filed by the State under this section.

(4) A court in issuing any final order in any action brought under paragraph (1) may award costs of litigation including reasonable attorney and expert witness fees, to any party in such action if the court determines such an award is appropriate.

(b) An action brought under subsection (a) of this section may be brought only in a United States district court for the judicial district in which the lease site or the leasing activity complained of is located. Such district court shall have jurisdiction, without regard to the amount in controversy or the citizenship of the parties, to require compliance or order payment in any such action.

(c)(1) Notwithstanding any other provision of law, any civil penalty recovered by a State under subsection (a) shall be retained by the State and may be expended in such manner and for such purposes as the State deems appropriate.

(2) Any rent, royalty, or interest recovered by a State under subsection (a) shall be deposited in the Treasury of the United States in the same manner, and subject to the same requirements, as are applicable in the case of any rent, royalty, or interest collected by an officer or employee of the United States, except that such amounts shall be deposited in the Treasury not later than 10 days after receipt by the State.

DELEGATION TO STATES

SEC. 205. (a) Upon written request of any State, the Secretary is authorized to delegate, in accordance with the provisions of this section, all or part of the authorities and responsibilities of the Secretary under this Act to conduct inspections, audits, and investigations to any State with respect to all Federal lands or Indian lands within the State; except that the Secretary may not undertake such a delegation with respect to any Indian lands, except with the permission of the Indian tribe allottee involved.

(b) After notice and opportunity for a hearing, the Secretary is authorized to delegate such authorities and responsibilities granted under this section as the State has requested, if the Secretary finds that—

(1) it is likely that the State will provide adequate resources to achieve the purposes of this Act;

(2) the State has demonstrated that it will effectively and faithfully administer the rules and regulations of the Secretary under this Act in accordance with the requirements of subsections (c) and (d) of this section; and

(3) such delegation will not create an unreasonable burden on any lessee,

with respect to the Federal lands and Indian lands within the State.
Regulations.

(c) The Secretary shall promulgate regulations which define those functions, if any, which must be carried out jointly in order to avoid duplication of effort, and any delegation to any State must be made in accordance with those requirements.

(d) The Secretary shall by rule promulgate standards and regulations, pertaining to the authorities and responsibilities under subsection (a), including standards and regulations pertaining to:

1. audits performed;
2. records and accounts to be maintained; and
3. reporting procedures to be required by States under this section.

Such standards and regulations shall be designed to provide reasonable assurance that a uniform and effective royalty management system will prevail among the States. The records and accounts under paragraph (2) shall be sufficient to allow the Secretary to monitor the performance of any State under this section.

(e) If, after notice and opportunity for a hearing, the Secretary finds that any State to which any authority or responsibility of the Secretary has been delegated under this section is in violation of any requirement of this section or any rule thereunder, or that an affirmative finding by the Secretary under subsection (b) can no longer be made, the Secretary may revoke such delegation.

(f) The Secretary shall compensate any State for those costs which may be necessary to carry out the delegated activities under this section. Payment shall be made no less than every quarter during the fiscal year.

(b) Nothing in this Act shall be construed to reduce the responsibilities of the Secretary to ensure prompt and proper collection of revenues from coal, uranium and other energy and nonenergy minerals on Federal and Indian lands, or to restrain the Secretary from entering into cooperative agreements or other appropriate arrangements with States and Indian tribes to share royalty management responsibilities and activities for such minerals under existing authorities.

(c) Except as expressly provided in subsection 302(b), nothing in this Act shall be construed to enlarge, diminish, or otherwise affect the authority or responsibility of the Inspector General of the Department of the Interior or of the Comptroller General of the United States.

(d) No provision of this Act impairs or affects lands and interests in land entrusted to the Tennessee Valley Authority.

EFFECTIVE DATE

Sec. 305. The provisions of this Act shall apply to oil and gas leases issued before, on, or after the date of the enactment of this Act, except that in the case of a lease issued before such date, no

30 USC 1757. Sec. 309. If any provision of this Act or the applicability thereof to any person or circumstances is held invalid, the remainder of this Act and the application of such provision to other persons or circumstances shall not be affected thereby.

TITLE IV—REINSTATEMENT OF LEASES AND CONVERSION OF UNPATENTED OIL PLACER CLAIMS

AMENDMENT OF MINERAL LANDS LEASING ACT OF 1920

Sec. 401. Section 31 of the Mineral Lands Leasing Act of 1920 (30 U.S.C. 188) is amended by redesignating subsection (d) as subsection (j) and by inserting after subsection (c) the following new subsections:

“(d)(1) Where any oil and gas lease issued pursuant to section 17(b) or section 17(c) of this Act or the Mineral Leasing Act for Acquired Lands (30 U.S.C. 351 et seq.) has been, or is hereafter, terminated automatically by operation of law under this section for failure to pay on or before the anniversary date the full amount of the rental due, and such rental is not paid or tendered within twenty days thereafter, and it is shown to the satisfaction of the Secretary of the Interior that such failure was justifiable or not due to lack of reasonable diligence on the part of the lessee, or, no matter when the rental is paid after termination, it is shown to the satisfaction of the Secretary that such failure was inadvertent, the Secretary may reinstate the lease as of the date of termination for the unexpired portion of the primary term of the original lease or any extension thereof remaining at the date of termination, and so long thereafter
as oil or gas is produced in paying quantities. In any case where a lease is reinstated under this subsection and the Secretary finds that the reinstatement of such lease (A) occurs after the expiration of the primary term or any extension thereof, or (B) will not afford the lessee a reasonable opportunity to continue operations under the lease, the Secretary may, at his discretion, extend the term of such lease for such period as he deems reasonable, but in no event for more than two years from the date the Secretary authorizes the reinstatement and so long thereafter as oil or gas is produced in paying quantities.

(2) No lease shall be reinstated under paragraph (1) of this subsection unless—

(A) with respect to any lease that terminated under subsection (b) of this section prior to enactment of the Federal Oil and Gas Royalty Management Act of 1982:

(i) the lessee tendered rental prior to enactment of such Act and the final determination that the lease terminated was made by the Secretary or a court less than three years before enactment of such Act, and

(B) prevent further loss of trust land.

Sec. 102. (a) The Secretary of the Interior (hereinafter in this Act referred to as the “Secretary”) is authorized to—

(2) sell or approve sales of any interest in tribal trust or tribal restricted land (or any improvements thereon) located within the boundaries of the Devils Lake Sioux Reservation but only if additional tribal trust or tribal restricted land which is approximately equal in acreage or value to the interest sold is acquired by the Secretary at the time of such sale; and

(3) exchange any interest in tribal or individual trust land or tribal or individual restricted land (or any improvements thereon) for any land located within the Devils Lake Sioux Reservation but only if the values of the interests in land involved in such an exchange are equal or are equalized by the payment of money.

(b) Any purchase of Federal lands under subsection (a)(1) shall be made in accordance with the provisions of the Federal Land Policy and Management Act of 1976 (90 Stat. 2744).

Sec. 103. The Secretary shall accept any transfer of title from the Devils Lake Sioux Tribe, or from any individual member of such tribe.
tribe, for any interest in land (or any improvements thereon) located within the boundaries of the Devils Lake Sioux Reservation, and shall take title to such property in the name of the United States in trust for the benefit of the Devils Lake Sioux Tribe, or for such individual member.

Sec. 106. Money or amounts credited to the Devils Lake Sioux Tribe from the sale or exchange under this title of any interest in trust or restricted land (or any improvements thereon) may be used only for the purpose of purchasing or acquiring property under this title and shall be deposited in a special account under the control of the Secretary or his duly authorized representative.

(2) Within ninety days after the date on which the Secretary receives payment of an amount for the benefit of a person under paragraph (1), the Secretary shall pay such amount to such person.

(3) The Devils Lake Sioux Tribe may exercise its right under paragraph (1) to purchase the interest of a person only if the governing body of such tribe notifies such person and the Secretary of the intent of such tribe to purchase such interest at least ninety days prior to the date of such purchase.

(b)(1) Subsection (a) shall not apply to any interest in land acquired by the spouse of a decedent if—
(A) the spouse elects the application of this subsection prior to the date which is ninety days after the date on which the
governing body of the Devils Lake Sioux Tribe notifies the spouse of its intent to acquire such interest, and

(B) prior to such date, the spouse retains a life estate in such interest and conveys the remainder of such interest to any heir of the decedent who is a member of such tribe.

(2) If the spouse of a decedent elects the application of this subsection with respect to any interest in land which was trust or restricted land immediately prior to the death of the decedent, the life estate and the remainder of such interest created by the conveyance described in paragraph (1)(B) shall acquire such trust or restricted status.

Sec. 204. (a) Notwithstanding any other provision of law, any tribe, acting through its governing body, is authorized, with the approval of the Secretary to adopt a land consolidation plan providing for the sale or exchange of any tribal lands or interest in lands for the purpose of eliminating undivided fractional interests in Indian trust or restricted lands or consolidating its tribal land-holdings.

Sec. 205. Any Indian tribe may purchase at no less than the fair market value all of the interests in any tract of trust or restricted land within that tribe's reservation or otherwise subjected to that tribe's jurisdiction with the consent of over 50 per centum of the owners or with the consent of the owners of over 50 per centum of the undivided interests in such tract: Provided, That—

(1) the sale price or exchange value received by the tribe for land or interests in land covered by this section shall be no less than within 10 per centum of the fair market value as determined by the Secretary;

(2) if the tribal land involved in an exchange is of greater or lesser value than the land for which it is being exchanged, the tribe may accept or give cash in such exchange in order to equalize the values of the property exchanged;

(3) any proceeds from the sale of land or interests in land or proceeds received by the tribe to equalize an exchange made pursuant to this section shall be used exclusively for the purchase of other land or interests in land;

(4) the Secretary shall maintain a separate trust account for each tribe selling or exchanging land pursuant to this section consisting of the proceeds of the land sales and exchanges and shall release such funds only for the purpose of buying lands under this section; and

(5) any tribe may retain the mineral rights to such sold or exchanged lands and the Secretary shall assist such tribe in determining the value of such mineral rights and shall take such value into consideration in determining the fair market value of such lands.

(b) The Secretary must execute such instrument of conveyance needed to effectuate a sale or exchange of tribal lands made pursuant to an approved tribal land consolidation plan unless he makes a specific finding that such sale or exchange is not in the best interest of the tribe or is not in compliance with the tribal land consolidation plan—

(1) if an Indian dies intestate, the surviving non-Indian or nonmember spouse and/or children shall be entitled to a life estate in as much of the trust or restricted lands as he, she or they would have been entitled to take under existing law;

(3) if an Indian decedent has devised interests in trust or restricted lands to persons who are ineligible for such an inheritance by reason of a tribal ordinance enacted pursuant to this section, the devise shall be voided only if, while the estate is pending before the Secretary for probate, the tribe acquires such interests by paying to the Secretary, on behalf of the
devisees, the fair market value of such interests as determined by the Secretary as of the date of the decedent's death: Provided, That any non-Indian or nonmember spouse and/or children of such decedent who have been devised such interests may retain, at their option, a life estate in such interests, or be compensated by the tribe for the value of such interests.

Sec. 207. No undivided fractional interest in any tract of trust or restricted land within a tribe's reservation or otherwise subjected to a tribe's jurisdiction shall descend by intestacy or devise but shall escheat to that tribe if such interest represents 2 percent or less of the total acreage in such tract and has earned to its owner less than $100 in the preceding year before it is due to escheat.

Sec. 208. The Secretary in carrying out his responsibility to regulate the descent and distribution of trust lands under section 1 of the Act of June 25, 1910 (36 Stat. 855; 25 U.S.C. 372) as amended, and other laws, shall give full faith and credit to any tribal actions taken pursuant to section 206 of this title, which provision shall apply only to estates of decedent's whose deaths occur on or after the effective date of tribal ordinances adopted pursuant to this title.

Sec. 209. The Secretary shall have the authority to issue deeds, patents, or such other instruments of conveyance needed to effectuate a sale or exchange of tribal lands made pursuant to the terms of this title and to remove, at the request of an Indian owner, the trust status of individually held lands or interests therein, where authorized by law.

Sec. 210. Title to any land acquired under this title by any Indian or Indian tribe shall be taken in trust by the United States for that Indian or Indian tribe.

Sec. 211. All lands or interests in land acquired by the United States for an Indian or Indian tribe under authority of this title shall be exempt from Federal, State and local taxation.

An Act

Jan. 12, 1983

To revise the boundaries of the Saratoga National Historical Park in the State of New York, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. In order to preserve certain lands historically associated with the Battle of Saratoga and to facilitate the administration and interpretation of the Saratoga National Historical Park (hereinafter in this Act referred to as "the park"), the boundary of the park is hereby revised to include the area generally depicted on the map entitled "Saratoga National Historical Park", numbered 80,001, and dated March 23, 1979.

SEC. 2. (a) Except as provided in subsection (b), within the boundary of the park, the Secretary of the Interior (hereinafter in this Act referred to as the "Secretary"), is authorized to acquire lands and interests therein by donation, purchase with donated or appropriated funds, or exchange. Except for the tract identified on the aforesaid map as tract number 01-132, which was authorized to be acquired by section 115 of the Act of March 5, 1980 (94 Stat. 71), the Secretary may not acquire (except by donation) fee simple title to those lands depicted on the map as proposed for less than fee acquisition. The map shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior.

(b) Appropriated funds may not be used to acquire lands or interests therein within the park without the consent of the owner except when—

(A) the Secretary determines that such owner is subjecting, or is about to subject, the property to actions which would significantly degrade its value as a component of the park; or

(B) the owner fails to comply with the provisions of paragraph (2).

The Secretary shall immediately notify the owner in writing of any determination under subparagraph (A). If the owner immediately ceases the activity subject to such notification, the Secretary shall attempt to negotiate a mutually satisfactory solution prior to exercising any authority provided by subsection (a) of this section.

(2) If an owner of lands or interests therein within the park intends to transfer any such lands or interest to persons other than the owner's immediate family, the owner shall notify the Secretary in writing of such intention. Within forty-five days after receipt of such notice, the Secretary shall respond in writing as to his interest in exercising a right of first refusal to purchase fee title or lesser interests. If, within such forty-five days, the Secretary declines to respond in writing or expresses no interest in exercising such right, the owner may proceed to transfer such interests. If the Secretary responds in writing within such forty-five days and expresses an interest and intention to exercise a right of first refusal, the Secre-
tary shall initiate an action to exercise such right within ninety days after the date of the Secretary's response. If the Secretary fails to initiate action to exercise such right within such ninety days, the owner may proceed to otherwise transfer such interests. As used in this subsection with respect to a property owner, the term "immediate family" means the spouse, brother, sister, parent, or child of such property owner. Such term includes a person bearing such relationships through adoption and a stepchild shall be treated as a natural born child for purposes of determining such relationship.

(c) Subsection (b) shall not apply with respect to tract number 01-142.

(d) When an owner of property within the park desires to take an action with respect to his property, he shall request, in writing, a prompt written determination from the Secretary as to the likelihood of such action provoking a determination by the Secretary under the provisions of subsection (b)(1)(A). The Secretary is thereupon directed to promptly issue such owner a certificate of exemption from condemnation for such actions proposed by the owner which the Secretary determines to be compatible with the purposes of the park.

(e)(1) An owner of improved property which is used solely for noncommercial residential purposes, or for commercial agricultural purposes found to be compatible with the General Management Plan, on the date of its acquisition by the Secretary may retain, as a condition of such an acquisition, a right of use and occupancy of the property for such residential or agricultural purposes. The right retained may be for a definite term which shall not exceed twenty-five years, or in lieu thereof, for a term ending at the death of the owner. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value of the term retained by the owner.

(2) Except for tract number 01-142, paragraph (1) shall not apply to property which the Secretary determines to be necessary for the purposes of administration, development, access, or public use.

(f) Any owner of lands or interests therein within the park who desires to have such lands or interests acquired by the Secretary may notify the Secretary in writing of such desire. It is the intention of the Congress that, upon receipt of such notification, and on the condition that such acquisition will transpire at fair market value and in accordance with other conditions acceptable to the Secretary, the Secretary shall endeavor to acquire such lands or interests therein within six months of the date of receipt of such notice from the owner.
Sec. 3. Section 2 of the Act approved June 22, 1948 (62 Stat. 571; 16 U.S.C. 159d), is amended to read as follows:

"Sec. 2. The Secretary of the Interior is authorized to accept all or any portion of the General Philip Schuyler Mansion property, real and personal, situated at Schuylerville, New York, comprising approximately fifty acres."

Sec. 4. There are hereby authorized to be appropriated after October 1, 1983, such sums as may be necessary, but not to exceed $1,000,000 for the acquisition of lands and interests therein, to carry out the purposes of this Act.

An Act

To authorize the Secretary of Agriculture to convey certain National Forest System lands, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That for purposes of this Act—

(1) the term "person" includes any State or any political subdivision or entity thereof;

(2) the term "interchange" means a land transfer in which the Secretary and another person exchange titles to lands or interests in lands of approximately equal value where the Secretary finds that such a value determination can be made without a formal appraisal and under such regulations as the Secretary may prescribe; and

(3) the term "Secretary" means the Secretary of Agriculture of the United States.

Sec. 2. The Secretary is authorized, when the Secretary determines it to be in the public interest—

(1) to sell, exchange, or interchange by quitclaim deed, all right, title, and interest, including the mineral estate, of the United States in and to National Forest System lands described in section 3; and

(2) to accept as consideration for the lands sold, exchanged, or interchanged other lands, interests in lands, or cash payment, or any combination of such forms of consideration, which, in the case of conveyance by sale or exchange, is at least equal in value, including the mineral estate, or, in the case of conveyance by interchange, is of approximately equal value, including the mineral estate, to the lands being conveyed by the Secretary. The Secretary shall insert in any such quitclaim deed such terms, covenants, conditions, and reservations as the Secretary deems necessary to ensure protection of the public interest, including protection of the scenic, wildlife, and recreation values of the National Forest System and provision for appropriate public access to and use of lands within the System. The preceding sentence shall not be applicable to deeds issued by the Secretary to lands outside the boundary of units of the National Forest System.

Sec. 3. The National Forest System lands which may be sold, exchanged, or interchanged under this Act are those the sale or exchange of which is not practicable under any other authority of the Secretary, which have a value as determined by the Secretary of not more than $150,000, and which are—

(1) parcels of forty acres or less which are interspersed with or adjacent to lands which have been transferred out of Federal ownership under the mining laws and which are determined by the Secretary, because of location or size, not to be subject to efficient administration;
(2) parcels of ten acres or less which are encroached upon by improvements occupied or used under claim or color of title by persons to whom no advance notice was given that the improvements encroached or would encroach upon such parcels, and who in good faith relied upon an erroneous survey, title search, or other land description indicating that there was not such encroachment; or

(3) road rights-of-way, reserved or acquired, which are substantially surrounded by lands not owned by the United States and which are no longer needed by the United States, subject to the first right of abutting landowners to acquire such rights-of-way.

16 USC 521f.

SEC. 4. Any person to whom lands are conveyed under this Act shall bear all reasonable costs of administration, survey, and appraiser incidental to such conveyance, as determined by the Secretary. In determining the value of any lands or interest in lands to be conveyed under this Act, the Secretary may, in those cases in which the Secretary determines it would be in the public interest, exclude from such determination the value of any improvements to the lands made by any person other than the Government. In the case of road rights-of-way conveyed under this Act, the person to whom the right-of-way is conveyed shall reimburse the United States for the value of any improvements to such right-of-way which may have been made by the United States. The Secretary may, in those cases in which the Secretary determines that it would be in the public interest, waive payment by any person of costs incidental to any conveyance authorized by this Act or reimbursement by any person for the value of improvements to rights-of-way otherwise required by this section.

16 USC 521g.

SEC. 5. Conveyance of any road rights-of-way under this Act shall not be construed as permitting any designation, maintenance, or use of such rights-of-way for road or other purposes except to the extent permitted by State or local law and under conditions imposed by such law.

16 USC 521h.

SEC. 6. The Secretary shall issue regulations to carry out the provisions of this Act, including specification of—

(1) criteria which shall be used in making the determination as to what constitutes the public interest;

(2) the definition of and the procedure for determining "approximately equal value"; and

(3) factors relating to location or size which shall be considered in connection with determining the lands to be sold, exchanged, or interchanged under clause (1) of section 3.

16 USC 521i.

16 USC 484a.

SEC. 8. (a) The Act of December 4, 1967 (81 Stat. 531), is amended by inserting before the phrase "public school district" wherever it appears, and before the phrase "public school authority" the second time it appears, the words "State, county, or municipal government or".
(b) The Act of December 4, 1967 (81 Stat. 531), is further amended by adding the following at the end thereof: "Lands may be conveyed to any State, county, or municipal government pursuant to this Act only if the lands were being utilized by such entities on the date of enactment of this sentence. Lands so conveyed may be used only for the purposes for which they were being used prior to conveyance."

To designate certain lands in the Monongahela National Forest, West Virginia, as wilderness; and to designate management of certain lands for uses other than wilderness.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

DESIGNATION OF WILDERNESS AREAS

SECTION 1. In furtherance of the purposes of the Wilderness Act, the following lands are hereby designated as wilderness, and therefore, as components of the National Wilderness Preservation System—

(1) certain lands in the Monongahela National Forest, West Virginia, which comprise approximately thirty-five thousand six hundred acres, as generally depicted on a map entitled “Cranberry Wilderness—Proposed”, dated May 1982, and which shall be known as the Cranberry Wilderness: Provided, That for purposes of the Act of July 14, 1955 (69 Stat. 322) as amended, the Cranberry Wilderness may be reclassified only by Act of Congress enacted after the date of enactment of this Act;

(2) certain lands in the Monongahela National Forest, West Virginia, which comprise approximately six thousand one hundred acres, as generally depicted on a map entitled “Laurel Fork North Wilderness—Proposed”, dated November 1981, and which shall be known as the Laurel Fork North Wilderness; and

(3) certain lands in the Monongahela National Forest, West Virginia, which comprise approximately six thousand one hundred acres, as generally depicted on a map entitled “Laurel Fork South Wilderness—Proposed”, dated November 1981, and which shall be known as the Laurel Fork South Wilderness.

MAPS AND DESCRIPTIONS

SEC. 2. As soon as practicable after the provisions of this Act take effect, the Secretary of Agriculture shall file maps and legal descriptions of each wilderness area designated by this Act with the Committee on Interior and Insular Affairs and the Committee on Agriculture of the House of Representatives and the Committees on Energy and Natural Resources and Agriculture, Nutrition, and Forestry of the United States Senate, and each such map and legal description shall have the same force and effect as if included in this Act: Provided, however, That correction of clerical and typographical errors in such legal descriptions and maps may be made. Each such map and legal description shall be on file and available for public inspection in the office of the Chief, United States Forest Service, Department of Agriculture.
ADMINISTRATION OF WILDERNESS

SEC. 3. Subject to valid existing rights, each wilderness area designated by this Act shall be administered by the Secretary of Agriculture in accordance with the provisions of the Wilderness Act governing areas designated by that Act as wilderness: Provided, That any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the effective date of the relevant provision of this Act.

DISPOSITION OF VALID EXISTING RIGHTS

SEC. 4. (a) The Secretary of the Interior (hereinafter in this Act referred to as ‘‘the Secretary’’), in consultation with the Secretary of Agriculture, shall acquire:

(1) all nonfederally owned coal deposits and other mineral interests and rights within the boundaries of the Cranberry Wilderness; and

(2) coal deposits and mineral interests and rights outside the boundaries of the Cranberry Wilderness which are—

(A) contiguous to the deposits, mineral interests, and rights referred to in paragraph (1) and owned by the person or entity which owns the deposits, interests, and rights referred to in paragraph (1); or

(B) economically accessible only through the exercise of rights held within the wilderness.

16 USC 1131 note.

(b) For purposes of carrying out the acquisition required under subsection (a), not later than three months after the date of enactment of this Act, the Secretary shall initiate negotiations with the owner of the coal deposits or other mineral interests and rights within the Cranberry Wilderness.

(c)(1) The Secretary shall conduct such coal or mineral evaluations with respect to the coal or other mineral interests or rights within the Cranberry Wilderness as may be necessary to determine fair market value. The fair market value of any rights as may exist shall be determined without reference to any restriction on access or use which may result from designation of the area as a wilderness. In determining fair market value the Secretary may contract with the owner to perform any necessary exploratory drilling or other evaluation work and may compensate the owner therefor through payment of money or as an addition to the monetary credit under this Act. Where the Secretary conducts such evaluations, he shall provide the owner with all data available to the Secretary as a result of the evaluations.

2) Within one year of the date of enactment of this Act, the Secretary, in consultation with the owner shall determine the present fair market value of coal deposits and mineral interests and rights.

(A) The determination of fair market value shall be based on the replacement cost of the unmined recoverable coal deposits and mineral interests and rights in the ground, taking into account comparable sales recoverable minerals of comparable nature in the ground in the eastern United States, costs of compliance with all applicable Federal, State, and local laws and regulations, including reclamation and restoration of the land (including wetlands) and other costs normally incurred in the mining of such minerals.
Monetary credits.

(b) Upon voluntary surrender and relinquishment by the owner of all nonfederally owned coal deposits and other mineral interests and rights in the Cranberry Wilderness, the Secretary shall extend to the owner, its successors and assigns, a monetary credit to be used against that portion of payment, bonus payments, rental or royalty payments paid into the Treasury of the United States and retained by the Federal Government on any mineral, oil, or gas lease or other Federal property competitively won or otherwise held by the applicant, its successors, or assigns. The monetary credit may be transferred or sold at any time by the owner to any other party with all the rights of the owner to the credit, and after such transfer, the owner shall notify the Secretary. In lieu of the monetary credits described above, the Secretary may, at his sole option, purchase the mineral rights referred to above.

(c) Monetary credits authorized pursuant to this subsection shall be based on the fair market value of the owner’s mineral interests as determined pursuant to subsection (c) of this section. Such credit shall be used over a period of years with not more than ten percent of the credit to be used in any one year.

(d) In the event the Secretary and the owner cannot agree on fair market value within one year of the date of enactment of this Act, either the Secretary or the owner shall have the right to petition the United States Claims Court for determination of fair market value in accordance with the standards set forth in this subsection, and said Court shall have jurisdiction to make said determination which shall be binding on all parties for purposes of this Act subject to the right of appeal.

(e) Effective October 1, 1983, there are hereby authorized to be appropriated such sums as may be necessary to establish the value of the nonfederally owned mineral interests or rights lying within the Cranberry Wilderness area. Effective October 1, 1983, there are hereby authorized to be appropriated such sums as are necessary to carry out the other provisions of this Act: Provided, That no payment shall be effective except to the extent or in such amounts as are provided in advance in Appropriation Acts.

(f) Exploration activities, including core drilling and use of mechanized ground equipment, shall be allowed in the Cranberry Wilderness designated by this Act to determine the value of the nonfederally owned mineral resources therein, under such reasonable stipulations and conditions as may be imposed by the Secretary of Agriculture.

OTHER PROVISIONS

Sec. 5. (a) The Congress finds that—

(1) the Department of Agriculture has completed the second Roadless Area Review and Evaluation program (RARE II); and

(2) the Congress has made its own review and examination of National Forest System roadless areas in the State of West Virginia and of the environmental impacts associated with alternative allocations of such areas.

(b) On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the question of the legal and factual sufficiency of the RARE II final environmental statement (dated January 1979) with respect to National Forest System
lands in States other than West Virginia, such statement shall not be subject to judicial review with respect to National Forest System lands in the State of West Virginia;

(2) with respect to the National Forest System lands in the State of West Virginia which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II), that review and evaluation shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewable Resources Planning Act of 1974 as amended by the National Forest Management Act of 1976 to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revision of the initial plans and in no case prior to the date established by law for completion of the initial planning cycle;

(3) areas in the State of West Virginia reviewed in such final environmental statement and not designated as wilderness by this Act need not be managed for the purpose of protecting their suitability for wilderness designation pending revision of the initial plans; and

(4) unless expressly authorized by Congress the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of national forest system lands in the State of West Virginia for the purposes of determining their suitability for inclusion in the National Wilderness Preservation System.

POCAHONTAS COUNTY AND WEBSTER COUNTY, WEST VIRGINIA

Sec. 6. Notwithstanding any other provision of law, effective October 1, 1983, there is hereby authorized to be appropriated up to $2,200,000 to be paid to Pocahontas and Webster Counties, West Virginia; such sum in compensation for property tax revenues and other taxes or payments foregone by the aforementioned counties as a consequence of the acquisition of the nonfederally owned coal deposits and other mineral interests and rights within the boundaries of the Cranberry Wilderness as designated by this Act.

TITLE II—BANKRUPT RAILROADS

SHORT TITLE

Sec. 201. This title may be referred to as the "Bankrupt Railroad Service Preservation and Employee Protection Act of 1982".

Subtitle A—Service Preservation

PURPOSE

Sec. 211. It is the purpose of this subtitle to continue the effort by Congress to assure service over the lines of rail carriers subject to liquidation in instances where rail carriers are willing to provide service over such lines and financially responsible persons are willing to purchase the lines for continued rail operations.

FINDINGS

Sec. 212. The Congress finds that—

(1) it is necessary to establish procedures to facilitate and expedite the acquisition of rail lines of carriers subject to liquidation by financially responsible persons in instances where service is not being provided over the line by the carrier and
where the financially responsible person seeks to provide rail service over the line;

(2) procedures set forth in the amendments made by this title represent an exercise of the powers of the Congress under the Constitution to regulate commerce among the several States which will provide a practicable means for preserving rail service, thus benefiting shippers, employees, and the economies of the States in which such carriers subject to liquidation have operated service, and for facilitating interstate commerce, while at the same time providing safeguards to protect the interest of the estates of such carriers by requiring compensation which is not less than the constitutionally required minimum; and

(3) it is in the public interest that the Interstate Commerce Commission's authority to issue orders involving temporary authority to operate service over lines of carriers subject to liquidation be clarified.

AMENDMENTS TO THE MILWAUKEE RAILROAD RESTRUCTURING ACT

Sec. 213. Section 17(b) of the Milwaukee Railroad Restructuring Act (45 U.S.C. 915(b)) is amended—

(1) by redesignating paragraph (3) as paragraph (4); and

(2) by inserting after paragraph (2) the following new paragraph:

"(3)(A) If a person has made or makes an offer to acquire from a carrier subject to liquidation a rail line or lines over which no service is provided by that carrier, and that offer has been or is rejected by the trustee in bankruptcy of such carrier, such person may submit an application to the Commission seeking approval of such person's acquisition of such line or lines. A copy of any such application shall be filed simultaneously with the court.

"(B) The Commission shall, within 15 days after the filing of an application under subparagraph (A) of this paragraph, determine whether the applicant—

"(i) is a financially responsible person; and

"(ii) has made a bona fide offer to acquire the line or lines under reasonable terms.

"(C)(i) If the Commission's determination under subparagraph (B) of this paragraph is affirmative with respect to the matters referred to in clauses (i) and (ii) of such subparagraph, the applicant and the trustee in bankruptcy (hereafter in this paragraph referred to collectively as the 'parties') shall enter into negotiations with respect to terms for the acquisition of the line or lines applied for. (a) Notwithstanding any other provision of law, the Secretary of Transportation shall provide Federal financial assistance, in accordance with the provisions of this section, for the acquisition and rehabilitation (including related new construction of sidings and connecting tracks) of the feeder line which the Illinois Central Gulf Railroad has abandoned extending between Milepost 72 near Herscher, Illinois and Milepost 135 near Barnes, Illinois (known as the "Bloomer Line").

(b) In carrying out this section, the Secretary shall provide assistance to a qualified applicant in an amount not to exceed 90 percent of the acquisition costs and 80 percent of the rehabilitation costs associated with the redevelopment of the feeder line. Any qualified applicant may provide the non-Federal share of the costs of such project.

(c) If an application is filed with the Secretary which is supported by a preponderance of the rail service users on the feeder line or segment of such line for which such an application is filed, the Secretary shall act expeditiously on such application. If the Secretary denies an application filed under this section, the Secretary must provide to the applicant a contemporaneous statement of reasons for the denial and a list of the specific amendments to the application which, if made, would cause the Secretary to approve such application.

(d) If the entity purchasing the line described in subsection (a) of this section petitions the Interstate Commerce Commission for joint rates applicable to traffic moving over through routes in which the purchasing carrier may practically participate, the Commission shall, within 90 days after the date such petition is filed and pursuant to section 10705(a) of title 49, United States Code, require the establishment of reasonable joint rates and divisions over such route.

(e) There is authorized to be appropriated $3,000,000 to carry out this section.

(f) As used in this section, the term "qualified applicant" means—

(1) a State or local governmental entity;
(2) a person who is able to assure that adequate transportation will be provided over a substantial portion of the feeder line described in subsection (a) of this section for a period of not less than 3 years; or

(3) any combination of members of the classes of applicants described in paragraphs (1) and (2) of this subsection.

**TITLE VI—ALASKA RAILROAD TRANSFER**

**SHORT TITLE**

**Sec. 601.** This title may be cited as the “Alaska Railroad Transfer Act of 1982”.

**FINDINGS**

**Sec. 602.** The Congress finds that—

(1) the Alaska Railroad, which was built by the Federal Government to serve the transportation and development needs of the Territory of Alaska, presently is providing freight and passenger services that primarily benefit residents and businesses in the State of Alaska;

(2) many communities and individuals in Alaska are wholly or substantially dependent on the Alaska Railroad for freight and passenger service and provision of such service is an essential governmental function;

(3) continuation of services of the Alaska Railroad and the opportunity for future expansion of those services are necessary to achieve Federal, State, and private objectives; however, continued Federal control and financial support are no longer necessary to accomplish these objectives;

(4) the transfer of the Alaska Railroad and provision for its operation by the State in the manner contemplated by this title is made pursuant to the Federal goal and ongoing program of transferring appropriate activities to the States;

(5) the State's continued operation of the Alaska Railroad following the transfer contemplated by this title, together with such expansion of the railroad as may be necessary or convenient in the future, will constitute an appropriate public use of the rail system and associated properties, will provide an essential governmental service, and will promote the general welfare of Alaska's residents and visitors; and

(6) in order to give the State government the ability to determine the Alaska Railroad's role in serving the State's transportation needs in the future, including the opportunity to extend rail service, and to provide a savings to the Federal Government, the Federal Government should offer to transfer the railroad to the State, in accordance with the provisions of this title, in the same manner in which other Federal transportation functions (including highways and airports) have been transferred since Alaska became a State in 1959.

(A) the unexercised reservation to the United States for future rights-of-way required in all patents for land taken up, entered, or located in Alaska, as provided by the Act of March 12, 1914 (43 U.S.C. 975 et seq.);

(B) the right of the United States to exercise the power of eminent domain;

(C) any moneys in the Alaska Railroad Revolving Fund which the Secretary demonstrates, in consultation with the State, are unobligated funds appropriated from general tax revenues or are needed to satisfy obligations incurred by the United States in connection with the operation of the Alaska Railroad which would have been paid from such Fund but for this title and which are not assumed by the State pursuant to this title;

(15) "Village Corporation" has the same meaning as such term has under section 3(j) of the Alaska Native Claims Settlement Act (43 U.S.C. 1602(j)).
SEC. 604. (a) Subject to the provisions of this title, the United States, through the Secretary, shall transfer all rail properties of the Alaska Railroad to the State. Such transfer shall occur as soon as practicable after the Secretary has made the certifications required by subsection (d) of this section and shall be accomplished in the manner specified in subsection (b) of this section.

(b)(1) On the date of transfer, the Secretary shall simultaneously:

(A) deliver to the State a bill of sale conveying title to all rail properties of the Alaska Railroad except any interest in real property;

(B) deliver to the State an interim conveyance of the rail properties of the Alaska Railroad that are not conveyed pursuant to subparagraph (A) of this paragraph and are not subject to unresolved claims of valid existing rights;

(C) deliver to the State an exclusive license granting the State the right to use all rail properties of the Alaska Railroad not conveyed pursuant to subparagraphs (A) or (B) of this paragraph pending conveyances in accordance with the review and settlement or final administrative adjudication of claims of valid existing rights;

(D) convey to the State a deed granting the State (i) an exclusive-use easement for that portion of the right-of-way of the Alaska Railroad within the Denali National Park and Preserve extending not less than one hundred feet on either side of the main or branch line tracks, and eight feet on either side of the centerline of the “Y” track connecting the main line of the railroad to the power station at McKinley Park Station and (ii) title to railroad-related improvements within such right-of-way.

Prior to taking the action specified in subparagraphs (A) through (D) of this paragraph, the Secretary shall consult with the Secretary of the Interior. The exclusive-use easement granted pursuant to subparagraph (D) of this paragraph and all rights afforded by such easement shall be exercised only for railroad purposes, and for such other transportation, transmission, or communication purposes for which lands subject to such easement were utilized as of the date of enactment of this Act. In the event of reversion to the United States, pursuant to section 610 of this title, of the State’s interests in all or part of the lands subject to such easement, such easement shall terminate with respect to the lands subject to such reversion, and no new exclusive-use easement with respect to such reverted lands shall be granted except by Act of Congress.

(2) The Secretary shall deliver to the State an interim conveyance of rail properties of the Alaska Railroad described in paragraph (1)(C) of this subsection that become available for conveyance to the State after the date of transfer as a result of settlement, relinquishment, or final administrative adjudication pursuant to section 606 of this title. Where the rail properties to be conveyed pursuant to this paragraph are surveyed at the time they become available for conveyance to the State, the Secretary shall deliver a patent therefor in lieu of an interim conveyance.

(3) The force and effect of an interim conveyance made pursuant to paragraphs (1)(B) or (2) of this subsection shall be to convey to and vest in the State exactly the same right, title, and interest in and to the rail properties identified therein as the State would have received had it been issued a patent by the United States. The
Secretary of the Interior shall survey the land conveyed by an interim conveyance to the State pursuant to paragraphs (1)(B) or (2) of this subsection and, upon completion of the survey, the Secretary shall issue a patent therefor.

(4) The license granted pursuant to paragraph (1)(C) of this subsection shall authorize the State to use, occupy, and directly receive all benefits of the rail properties described in the license for the operation of the State-owned railroad in conformity with the Memorandum of Understanding referred to in section 606(b)(3) of this title. The license shall be exclusive, subject only to valid leases, permits, and other instruments issued before the date of transfer and easements reserved pursuant to subsection (c)(2) of this section. With respect to any parcel conveyed pursuant to this title, the license shall terminate upon conveyance of such parcel.

(c)(1) Interim conveyances and patents issued to the State pursuant to subsection (b) of this section shall confirm, convey and vest in the State all reservations to the United States (whether or not expressed in a particular patent or document of title), except the unexercised reservations to the United States for future rights-of-way made or required by the first section of the Act of March 12, 1914 (43 U.S.C. 975d). The conveyance to the State of such reservations shall not be affected by the repeal of such Act under section 615 of this title.

(2) In the license granted under subsection (b)(1)(C) of this section and in all conveyances made to the State under this title, there shall be reserved to the Secretary of the Interior, the Secretary of Defense and the Secretary of Agriculture, as appropriate, existing easements for administration (including agency transportation and utility purposes) that are identified in the report required by section 605(a) of this title. The appropriate Secretary may obtain, only after consent of the State, such future easements as are necessary for administration. Existing and future easements and use of such easements shall not interfere with operations and support functions of the State-owned railroad.

(3) There shall be reserved to the Secretary of the Interior the right to use and occupy, without compensation, five thousand square feet of land at Talkeetna, Alaska, as described in ARR lease numbered 69–25–0003–5165 for National Park Service administrative activities, so long as the use or occupation does not interfere with the operation of the State-owned railroad. This reservation shall be effective on the date of transfer under this section or the expiration date of such lease, whichever is later.

(d)(1) Prior to the date of transfer, the Secretary shall certify that the State has agreed to operate the railroad as a rail carrier in intrastate and interstate commerce.

(2)(A) Prior to the date of transfer, the Secretary shall also certify that the State has agreed to assume all rights, liabilities, and obligations of the Alaska Railroad on the date of transfer, including leases, permits, licenses, contracts, agreements, claims, tariffs, accounts receivable, and accounts payable, except as otherwise provided by this title.

(B) Notwithstanding the provisions of subparagraph (A) of this paragraph, the United States shall be solely responsible for—

(i) all claims and causes of action against the Alaska Railroad that accrue on or before the date of transfer, regardless of the date on which legal proceedings asserting such claims were or may be filed, except that the United States shall, in the case of
any tort claim, only be responsible for any such claim against
the United States that accrues before the date of transfer and
results in an award, compromise, or settlement of more than
$2,500, and the United States shall not compromise or settle any
claim resulting in State liability without the consent of the
State, which consent shall not be unreasonably withheld; and
(ii) all claims that resulted in a judgment or award against
the Alaska Railroad before the date of transfer.
(C) For purposes of subparagraph (B) of this paragraph, the term
“accrue” shall have the meaning contained in section 2401 of title
28, United States Code.
(3)(A) Prior to the date of transfer, the Secretary shall also certify
that the State-owned railroad has established arrangements pursu-
ant to section 607 of this title to protect the employment interests of
employees of the Alaska Railroad during the two-year period com-
mencing on the date of transfer. These arrangements shall include
provisions—
(i) which ensure that the State-owned railroad will adopt
collective bargaining agreements in accordance with the provi-
sions of subparagraph (B) of this paragraph;
(ii) for the retention of all employees, other than officers of
the Alaska Railroad, who elect to transfer to the State-owned
railroad in their same positions for the two-year period comm-
mencing on the date of transfer, except in cases of reassign-
ment, separation for cause, resignation, retirement, or lack of
work;
(iii) for the payment of compensation to transferred employees
(other than employees provided for in subparagraph (E) of
this paragraph), except in cases of separation for cause, resigna-
tion, retirement, or lack of work, for two years commencing on the
date of transfer at or above the base salary levels in effect for
such employees on the date of transfer, unless the parties
otherwise agree during that two-year period;
(iv) for priority of reemployment at the State-owned railroad
during the two-year period commencing on the date of transfer
for transferred employees who are separated for lack of work, in
accordance with subparagraph (C) of this paragraph (except for
officers of the Alaska Railroad, who shall receive such priority
for one year following the date of transfer);
(v) for credit during the two-year period commencing on the
date of transfer for accrued annual and sick leave, seniority
rights, and relocation and turnaround travel allowances which
have been accrued during their period of Federal employment
by transferred employees retained by the State-owned railroad
(except for officers of the Alaska Railroad, who shall receive
such credit for one year following the date of transfer);
(vi) for payment to transferred employees retained by the
State-owned railroad during the two-year period commencing on
the date of transfer, including for one year officers retained
or separated under subparagraph (E) of this paragraph, of an
amount equivalent to the cost-of-living allowance to which they
are entitled as Federal employees on the day before the date of
transfer, in accordance with the provisions of subparagraph (D)
of this paragraph; and
(vii) for health and life insurance programs for transferred
employees retained by the State-owned railroad during the two-
year period commencing on the date of transfer, substantially
equivalent to the Federal health and life insurance programs available to employees on the day before the date of transfer (except for officers of the Alaska Railroad, who shall receive such credit for one year following the date of transfer).

(B) The State-owned railroad shall adopt all collective bargaining agreements which are in effect on the date of transfer. Such agreements shall continue in effect for the two-year period commencing on the date of transfer, unless the parties agree to the contrary before the expiration of that two-year period. Such agreements shall be renegotiated during the two-year period, unless the parties agree to the contrary. Any labor-management negotiation impasse declared before the date of transfer shall be settled in accordance with chapter 71 of title 5, United States Code. Any impasse declared after the date of transfer shall be subject to applicable State law.

(C) Federal service shall be included in the computation of seniority for transferred employees with priority for reemployment, as provided in subparagraph (A)(iv) of this paragraph.

(D) Payment to transferred employees pursuant to subparagraph (A)(vi) of this paragraph shall not exceed the percentage of any transferred employee’s base salary level provided by the United States as a cost-of-living allowance on the day before the date of transfer, unless the parties agree to the contrary.

(E) Prior to the date of transfer, the Secretary shall also certify that the State-owned railroad has agreed to the retention, for at least one year from the date of transfer, of the offices of the Alaska Railroad, except in cases of separation for cause, resignation, retirement, or lack of work, at or above their base salaries in effect on the date of transfer, in such positions as the State-owned railroad may determine; or to the payment of lump-sum severance pay in an amount equal to such base salary for one year to officers not retained by the State-owned railroad upon transfer or, for officers separated within one year on or after the date of transfer, of a portion of such lump-sum severance payment (diminished pro rata for employment by the State-owned railroad within one year of the date of transfer prior to separation).

(4) Prior to the date of transfer, the Secretary shall also certify that the State has agreed to allow representatives of the Secretary adequate access to employees and records of the Alaska Railroad when needed for the performance of functions related to the period of Federal ownership.

(5) Prior to the date of transfer, the Secretary shall also certify that the State has agreed to compensate the United States at the value, if any, determined pursuant to section 605(d) of this title.

TRANSITION PERIOD

Sec. 605. (a) Within 6 months after the date of enactment of this Act, the Secretary and the Governor of Alaska shall jointly prepare and deliver to the Congress of the United States and the legislature of the State a report that describes to the extent possible the rail properties of the Alaska Railroad, the liabilities and obligations to be assumed by the State, the sum of money, if any, in the Alaska Railroad Revolving Fund to be withheld from the State pursuant to section 603(8)(C) of this title, and any personal property to be withheld pursuant to section 603(8)(D) of this title. The report shall separately identify by the best available descriptions (1) the rail properties of the Alaska Railroad to be transferred pursuant to
section 604(b)(1)(A), (B), and (D) of this title; (2) the rail properties to be subject to the license granted pursuant to section 604(b)(1)(C) of this title; and (3) the easements to be reserved pursuant to section 604(c)(2) of this title. The Secretaries of Agriculture, Defense, and the Interior and the Administrator of the General Services Administration shall provide the Secretary with all information and assistance necessary to allow the Secretary to complete the report within the time required.

(b) During the period from the date of enactment of this Act until the date of transfer, the State shall have the right to inspect, analyze, photograph, photocopy and otherwise evaluate all of the rail properties of the Alaska Railroad and all records related to the rail properties of the Alaska Railroad maintained by any agency of the United States under conditions established by the Secretary to protect the confidentiality of proprietary business data, personnel records, and other information, the public disclosure of which is prohibited by law. During that period, the Secretary and the Alaska Railroad shall not, without the consent of the State and only in conformity with applicable law and the Memorandum of Understanding referred to in section 606(b)(3) of this title—

(1) make or incur any obligation to make any individual capital expenditure of money from the Alaska Railroad Revolving Fund in excess of $300,000;
(2) (except as required by law) sell, exchange, give, or otherwise transfer any real property included in the rail properties of the Alaska Railroad; or
(3) lease any rail property of the Alaska Railroad for a term in excess of five years.

(c) Prior to transfer of the rail properties of the Alaska Railroad to the State, the Alaska Railroad's accounting practices and systems shall be capable of reporting data to the Interstate Commerce Commission in formats required of comparable rail carriers subject to the jurisdiction of the Interstate Commerce Commission.

(d)(1) Within nine months after the date of enactment of this Act, the United States Railway Association (hereinafter in this section referred to as the “Association”) shall determine the fair market value of the Alaska Railroad under the terms and conditions of this title, applying such procedures, methods and standards as are generally accepted as normal and common practice. Such determination shall include an appraisal of the real and personal property to be transferred to the State pursuant to this title. Such appraisal by the Association shall be conducted in the usual manner in accordance with generally accepted industry standards, and shall consider the current fair market value and potential future value if used in whole or in part for other purposes. The Association shall take into account all obligations imposed by this title and other applicable law upon operation and ownership of the State-owned railroad. In making such determination, the Association shall use to the maximum extent practicable all relevant data and information, including, if relevant, that contained in the report prepared pursuant to subsection (a) of this section.

(2) The determination made pursuant to paragraph (1) of this subsection shall not be construed to affect, enlarge, modify, or diminish any inventory, valuation, or classification required by the Interstate Commerce Commission pursuant to subchapter V of chapter 107 of title 49, United States Code (49 U.S.C. 10781 et seq.).
(e) Section 202(a) of the Regional Rail Reorganization Act of 1973 is amended—
(1) by striking "and" at the end of paragraph (9);
(2) by striking the period at the end of paragraph (10) and inserting in lieu thereof "; and"; and
(3) by adding at the end thereof the following new paragraph:
"(11) determine the value of the Alaska Railroad, as required by section 605 of the Alaska Railroad Transfer Act of 1982."

LANDS TO BE TRANSFERRED

(45 USC 712. 45 USC 1205.)

Sec. 606. (a) Lands among the rail properties of the Alaska Railroad shall not be—

(1) available for selection under section 12 of the Act of January 2, 1976, as amended (43 U.S.C. 1611, note), subject to the exception contained in section 12(b)(8)(i)(D) of such Act, as amended by subsection (d)(5) of this section;

(2) available for conveyance under section 1425 of the Alaska National Interest Lands Conservation Act (Public Law 96-487; 94 Stat. 2515);

(3) available for conveyance to Chugach Natives, Inc., under sections 1429 or 1430 of the Alaska National Interest Lands Conservation Act (Public Law 96-487; 94 Stat. 2531) or under sections 12(c) or 14(h)(8) of the Alaska Native Claims Settlement Act (43 U.S.C. 1611(c) and 1613(h)(8), respectively); or

(4) available under any law or regulation for entry, location, or for exchange by the United States, or for the initiation of a claim or selection by any party other than the State or other transferee under this title, except that this paragraph shall not prevent a conveyance pursuant to section 12(b)(8)(i)(D) of the Act of January 2, 1976 (43 U.S.C. 1611, note), as amended by subsection (d)(5) of this section.

(b)(1)(A) During the ten months following the date of enactment of this Act, so far as practicable consistent with the priority of preparing the report required pursuant to section 605(a) of this title, the Secretary of the Interior, Village Corporations with claims of valid existing rights, and the State shall review and make a good faith effort to settle as many of the claims as possible. Any agreement to settle such claims shall take effect and bind the United States, the State, and the Village Corporation only as of the date of transfer of the railroad.

(B) At the conclusion of the review and settlement process provided in subparagraph (A) of this paragraph, the Secretary of the Interior shall prepare a report identifying lands to be conveyed in accordance with settlement agreements under this title or applicable law. Such settlement shall not give rise to a presumption as to whether a parcel of land subject to such agreement is or is not public land.

(2) The Secretary of the Interior shall have the continuing jurisdiction and duty to adjudicate unresolved claims of valid existing rights pursuant to applicable law and this title. The Secretary of the Interior shall complete the final administrative adjudication required under this subsection not later than three years after the date of enactment of this Act, and shall complete the survey of all lands to be conveyed under this title not later than five years after the date of enactment of this Act, and after consulting with the Governor of the State of Alaska to determine priority of survey with
regard to other lands being processed for patent to the State. The Secretary of the Interior shall give priority to the adjudication of Village Corporation claims as required in this section. Upon completion of the review and settlement process required by paragraph (1)(A) of this subsection, with respect to lands not subject to an agreement under such paragraph, the Secretary of the Interior shall adjudicate which lands subject to claims of valid existing rights filed by Village Corporations, if any, are public lands and shall complete such final administrative adjudication within two years after the date of enactment of this Act.

(3) Pending settlement or final administrative adjudication of claims of valid existing rights filed by Village Corporations prior to the date of transfer or while subject to the license granted to the State pursuant to section 604(b)(1)(C) of this title, lands subject to such claims shall be managed in accordance with the Memorandum of Understanding among the Federal Railroad Administration, the State, Eklutna, Incorporated, Cook Inlet Region, Incorporated (as that term is used in section 12 of the Act of January 2, 1976 (Public Law 94-204; 89 Stat. 1150)), and Toghotthele Corporation, executed by authorized officers or representatives of each of these entities. Duplicate originals of the Memorandum of Understanding shall be maintained and made available for public inspection and copying in the Office of the Secretary, at Washington, District of Columbia, and in the Office of the Governor of the State of Alaska, at Juneau, Alaska.

(4) The following procedures and requirements are established to promote finality of administrative adjudication of claims of valid existing rights filed by Village Corporations, to clarify and simplify the title status of lands subject to such claims, and to avoid potential impairment of railroad operations resulting from joint or divided ownership in substantial segments of right-of-way:

(A) (i) Prior to final administrative adjudication of Village Corporation claims of valid existing rights in land subject to the license granted under section 604(b)(1)(C) of this title, the Secretary of the Interior may, notwithstanding any other provision of law, accept relinquishment of so much of such claims as involved lands within the right-of-way through execution of an agreement with the appropriate Village Corporation effective on or after the date of transfer. Upon such relinquishment, the interest of the United States in the right-of-way shall be conveyed to the State pursuant to section 604(b)(1)(B) or (2) of this title.

(ii) With respect to a claim described in clause (i) of this subparagraph that is not settled or relinquished prior to final administrative adjudication, the Congress finds that exclusive control over the right-of-way by the Alaska Railroad has been and continues to be necessary to afford sufficient protection for safe and economic operation of the railroad. Upon failure of the interested Village Corporation to relinquish so much of its claims as involve lands within the right-of-way prior to final adjudication of valid existing rights, the Secretary shall convey to the State pursuant to section 604(b)(1)(B) or (2) of this title all right, title and interest of the United States in and to the right-of-way free and clear of such Village Corporation's claim to and interest in lands within such right-of-way.

(B) Where lands within the right-of-way, or any interest in such lands, have been conveyed from Federal ownership prior to
the date of enactment of this Act, or is subject to a claim of valid existing rights by a party other than a Village Corporation, the conveyance to the State of the Federal interest in such properties pursuant to section 604(b)(1)(B) or (2) of this title shall grant not less than an exclusive-use easement in such properties. The foregoing requirements shall not be construed to permit the conveyance to the State of less than the entire Federal interest in the rail properties of the Alaska Railroad required to be conveyed by section 604(b) of this title. If an action is commenced against the State or the United States contesting the validity or existence of a reservation of right-of-way for the use or benefit of the Alaska Railroad made prior to the date of enactment of this Act, the Secretary of the Interior, through the Attorney General, shall appear in and defend such action.

(c)(1) The final administrative adjudication pursuant to subsection (b) of this section shall be final agency action and subject to judicial review only by an action brought in the United States District Court for the District of Alaska. Review of agency action pursuant to this title shall be expedited to the same extent as the expedited review provided by section 1108 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3168).

(2) No administrative or judicial action under this title shall enjoin or otherwise delay the transfer of the Alaska Railroad pursuant to this title, or substantially impair or impede the operations of the Alaska Railroad or the State-owned railroad.

(3) Before the date of transfer, the State shall have standing to participate in any administrative determination or judicial review pursuant to this title. If transfer to the State does not occur pursuant to section 604 of this title, the State shall not thereafter have standing to participate in any such determination or review.

(d)(1) Section 12(b)(7)(i) of the Act of January 2, 1976 (Public Law 94-204) is amended—

(A) by striking “subsection 12(b)(6)” and inserting in lieu thereof “section 12(b) (5) and (6)”; 
(B) by striking “12(b)(7)(ii)” and inserting in lieu thereof “12(b)(7)(iv)”;
(C) by striking “crediting” and inserting in lieu thereof “using”; 
(D) by striking “this subsection 12(b)(7)(i)” and inserting in lieu thereof “these subsections 12(b)(7)(i)(b) or (ii)”;

"(ii) Subject to the exceptions stated in section 12(b)(9), and notwithstanding the foregoing subsection 12(b)(7)(i) and any provision of any other law or any implementing regulation inconsistent with this subsection, until the obligations of the Secretary and the Administrator of General Services under section 12(b) (5) and (6) are otherwise fulfilled:

(A) concurrently with the commencement of screening of any excess real property, wherever located, for utilization by Federal agencies, the Administrator of General Services shall
notify the Region that such property may be available for conveyance to the Region upon negotiated sale. Within fifteen days of the date of receipt of such notice, the Region may advise the Administrator that there is a tentative need for the property to fulfill the obligations established under section 12(b) (5) and (6). If the Administrator determines the property should be disposed of by transfer to the Region, the Administrator or other appropriate Federal official shall promptly transfer such property;

"(B) no disposition or conveyance of property under this subsection to the Region shall be made until the Administrator, after notice to affected State and local governments, has provided to them such opportunity to obtain the property as is recognized in title 40, United States Code and the regulations thereunder for the disposition or conveyance of surplus property; and

"(C) as used in this subsection, ‘real property’ means any land or interests in land owned or held by the United States or any Federal agency, any improvements on such land or rights to their use or exploitation, and any personal property related to the land.

"(iii) If the Region accepts any conveyance under section 12(b)(7) (i) or (ii), it shall be in exchange for acres or acre-equivalents as provided in subparagraph I(C)(2)(e) of the document referred to in this section, except that, after the obligation of the Secretary and the Administrator under subparagraph I(C)(2)(g) of that document has been fulfilled, the acre-equivalents under subparagraph I(C)(2)(e)(iii)(A) shall be one-half the valued increment therein stated. The entitlement of the Region under section 12(b) of this Act shall be reduced by the number of acres or acre-equivalents attributed to the Region under this subsection. The Secretary and the Administrator are directed to execute an agreement with the Region which shall conform substantially to the 'Memorandum of Understanding Regarding the Implementation of Section 12(b)(7)', dated September 10, 1982, and submitted to the Senate Committee on Commerce, Science, and Transportation. The Secretary, the Administrator and the Region may thereafter otherwise agree to procedures to implement responsibilities under this section 12(b)(7), including establishment of accounting procedures and the delegation or reassignment of duties under this statute.'.

(G) by striking "subsection 12(b)(6)" and inserting in lieu thereof "section 12(b) (5) and (6)".

(5) Section 12(b)(8) of such Act is amended to read as follows:

"12(b)(8). Subject to the exceptions stated in section 12(b)(9), and notwithstanding any provisions of law or implementing regulation inconsistent with this section:

"(i) The deadlines in subparagraphs I(C)(2) (a) and (g) of the document referred to in this section shall be extended until the Secretary's obligations under section 12(b) (5) and (6) are fulfilled: Provided, That:

"(A) the obligation of the Secretary under subparagraph I(C)(2)(a) of such document shall terminate on such date, after July 15, 1984, that the Secretary has fulfilled his obligation under subparagraph I(C)(2)(g) of that document: Provided, That the obligation of the Secretary under subparagraph I(C)(2)(g) of such document shall be fulfilled at such date, after July 15, 1984, that the sum of the acres or acre-equivalents identified for and placed in the pool and the acres or acre-equivalents used by the Region in purchasing property under section 12(b)(7) equals or exceeds 138,240 acres or acre-equivalents;

"(B) the authority of the Secretary under subparagraphs I(C)(2)(b) and I(C)(2)(g)(ii) of such document to contribute to the pool created under subparagraph I(C)(2)(a) of such document shall terminate (a) on July 15, 1984, if, by that date, the Secretary has fulfilled his obligation under subparagraph I(C)(2)(g), or (b) if not, on such date after July 15, 1984 as such obligation is fulfilled, or (c) if such obligation remains unfulfilled, on July 15, 1987; and

"(C) the concurrence by the State as described in subparagraphs I(C)(2)(a)(vi) and I(C)(2)(c) of the document referred to in this section shall be deemed not required after the Secretary has fulfilled his obligation under subparagraph I(C)(2)(g) of that document, but in no event after July 15, 1987. In lieu of such concurrence, after 1984 as to military property, and after the Secretary has fulfilled his obligation under subparagraph I(C)(2)(g) of that document or July 15, 1987, whichever is earlier, as to any other property, except property of the Alaska Railroad which is governed by subsection 12(b)(6)(i)(D) of this Act, the Secretary shall not place any lands in the selection pool referred to in subparagraphs I(C)(2) (a) and (g) of the document referred to in this section without the prior written concurrence of the State. Such concurrence shall be deemed obtained unless the State advises the Secretary within ninety days of receipt of a formal notice from the Secretary that he is considering placing property in the selection pool, that the State, or a municipality of the State which includes all or part of the property in question, requires the property for a public purpose of the State or municipality; and
"(D) notwithstanding section 606(a)(2) of the Alaska Railroad Transfer Act of 1982, the Secretary may include property of the Alaska Railroad in the pool of lands to be made available for selection to the extent that he is authorized to do so under a provision of section 12(b) of this Act if the State consents to its inclusion, which consent is not subject to any limitation under subsection 12(b)(8)(i)(C) herein: Provided, That, while the Alaska Railroad is the property of the United States, the Secretary shall obtain the consent of the Secretary of Transportation prior to including such property: And provided further, That, if the transfer of the Alaska Railroad to the State does not occur pursuant to the terms of the Alaska Railroad Transfer Act of 1982 or any amendments thereto, the State's consent shall be deemed obtained unless the State advises the Secretary in writing, within ninety days of receipt of a formal notice from the Secretary that he is considering placing such property in the selection pool, that the State, or a municipality of the State which includes all or part of the property in question, requires the property for a public purpose of the State or the municipality.

(ii) In addition to the review required to identify public lands under section 3(e) of the Alaska Native Claims Settlement Act (43 U.S.C. 1602(e)), the Secretary shall identify for inclusion in the pool all public lands (as such term is used under section 3(e) of the Alaska Native Claims Settlement Act (43 U.S.C. 1602(e)), as described in subparagraph I(C)(2)(a)(v) of the document referred to in this section, and shall, in so doing, review all Federal installations within the boundaries of the Cook Inlet Region whether within or without the areas withdrawn pursuant to section 11 of the Alaska Native Claims Settlement Act (43 U.S.C. 1610) or by the Secretary acting under authority contained in that section: Provided, That no such additional review under such subparagraph shall be required of military installations or of such other installations as may be mutually excluded from review by the Region and the Secretary: And provided further, That the Secretary shall not review any property of the Alaska Railroad unless such property becomes available for selection pursuant to subsection 12(b)(8)(i)(D).

(iii) The concurrence required of the State as to the inclusion of any property in the pool under subparagraph I(C)(2)(b) of the document referred to in this section shall be deemed obtained unless the State advises the Secretary in writing, within ninety days of receipt of a formal notice from the Secretary that the Secretary is considering placing property in the selection pool, that the State, or a municipality of the State which includes all or part of the property in question requires the property for a public purpose of the State or the municipality.

(iv) The deadlines in subparagraph I(C)(1)(b) of the document referred to in this section shall be extended for an additional twenty-four months beyond the dates established in the Act of July 17, 1980 (Public Law 96-311; 94 Stat. 947).

(v) On or before January 15, 1985, the Secretary shall report to the Congress with respect to:

(A) such studies and inquiries as shall have been initiated by the Secretary and the Administrator of General Services, or have been prepared by other holding agencies,
to determine what lands, except for lands held by the Alaska Railroad or the State-owned railroad, within the boundaries of the Cook Inlet Region or elsewhere can be made available to the Region, to the extent of its entitlement;

"(B) the feasibility and appropriate nature of reimbursement of the Region for its unfulfilled entitlement as valued in subsection 12(b)(7)(iv) of this Act;

"(C) the extent to which implementation of the mechanisms established in section 12(b)(7) promise to meet such unfulfilled entitlement;

"(D) such other remedial legislation or administrative action as may be needed; and

"(E) the need to terminate any mechanism established by law through which the entitlement of the Region may be completed.”.

(6) Section 12(b) of such Act is amended by adding at the end thereof the following:

“12(b)(9). No disposition or conveyance of property located within the State to the Region under section 12(b)(6), 12(b)(7) and 12(b)(8), as amended, shall be made if the property is subject to an express waiver of rights under the provisions of subparagraph I(C)(2)(f) of the document referred to in this section, or if such disposition or conveyance violates valid rights, including valid selections or valid authorized agreements, of Native Corporations (as such term is used in section 102(6) of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3102(6)) or the State existing at the time of such disposition or conveyance under section 6 of Public Law 85–508, as amended (excepting section 906(e) of the Alaska National Interest Lands Conservation Act), sections 12(a), 12(b), 16(b) or 22(f) of the Alaska Native Claims Settlement Act, section 12(h) of the Act of January 2, 1976 (Public Law 94–204; 89 Stat. 1154), or sections 1416, 1418 through 1425 (inclusive), 1427 through 1434 (inclusive), or 1436 of the Alaska National Interest Lands Conservation Act: Provided, however, That nothing within this subsection 12(b)(9) shall diminish such rights and priorities as the Region has under section 12(b) of the Act of January 2, 1976 (Public Law 94–204; 89 Stat. 1151), as amended by section 4 of the Act of October 4, 1976 (Public Law 94–456; 90 Stat. 1935), section 3 of the Act of November 15, 1977 (Public Law 95–178; 91 Stat. 1369), section 2 of the Act of August 14, 1979 (Public Law 96–55; 93 Stat. 388), the Act of July 17, 1980 (Public Law 96–311; 94 Stat. 947), and section 1435 of the Alaska National Interest Lands Conservation Act.

“12(b)(10). For the purpose of its incorporation into this section, paragraph I(C)(1) of the document referred to in this section is amended as follows: (1) by striking ‘withdrawn’ and inserting in lieu thereof ‘withdrawn or formerly withdrawn’; (2) by striking ‘17(d)(1)’ and inserting in lieu thereof ‘17(d)(1) and (2)’; and (3) by striking the last sentence of subparagraph I(C)(1)(a) and inserting in lieu thereof the following: ‘Cook Inlet Region, Incorporated shall not nominate any lands within the boundaries of any conservation system unit, national conservation area, national recreation area, national forest, defense withdrawal, or any lands that were made available to the State for selection pursuant to sections 2 and 5 of the State-Federal Agreement of September 1, 1972.’.

"(i) The State is hereby authorized to convey to the United States for reconveyance to the Region, and the Secretary is directed to accept and so reconvey, lands tentatively approved for patent or patented to the State, if the State and the Region enter into an agreement that such lands shall be reconveyed to the Region to fulfill all or part of its entitlement under paragraph I(C)(1) of the document referred to in this section: Provided, That the acreage of lands conveyed to the United States under this provision shall be added to the State's unfulfilled entitlement pursuant to section 6 of the Alaska Statehood Act, and the number of townships to be nominated, pooled, struck, selected and conveyed pursuant to paragraph I(C)(1) of the document referred to in this section shall be reduced accordingly.

"(ii) The Secretary is directed to convey to the Region lands selected by the State prior to July 18, 1973 or pursuant to sections 2 and 5 of the State-Federal Agreement of September 1, 1972, if the State relinquishes such selections and enters into an agreement with the Region that such lands shall be reconveyed to the Region to fulfill all or part of its entitlement under paragraph I(C)(1) of the document referred to in this section, and the number of townships to be nominated, pooled, struck, selected and conveyed pursuant to paragraph I(C)(1) of the document referred to in this section shall be reduced accordingly.

"(iii) The Secretary, in the Secretary's discretion, is authorized to enter into an agreement with the State and the Region to implement the authority contained in this section 12(b)(11), which agreement may provide for conveyances directly from the State to the Region. Conveyances directly conveyed shall be deemed conveyances from the Secretary pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)."

(e) The State shall be liable to a party receiving a conveyance of land among the rail properties of the Alaska Railroad subject to the license granted pursuant to section 604(b)(1)(C) of this title for damage resulting from use by the State of the land under such license in a manner not authorized by such license.

EMPLOYEES OF THE ALASKA RAILROAD

Sec. 607. (a)(1) Any employees who elect to transfer to the State-owned railroad and who on the day before the date of transfer are subject to the civil service retirement law (subchapter III of chapter 83 of title 5, United States Code) shall, so long as continually employed by the State-owned railroad without a break in service, continue to be subject to such law, except that the State-owned railroad shall have the option of providing benefits in accordance with the provisions of paragraph (2) of this subsection. Employment by the State-owned railroad without a break in continuity of service shall be considered to be employment by the United States Government for purposes of subchapter III of chapter 83 of title 5, United States Code. The State-owned railroad shall be the employing agency for purposes of section 8334(a) of title 5, United States Code, and shall contribute to the Civil Service Retirement and Disability
Fund a sum as provided by such section, except that such sum shall be determined by applying to the total basic pay (as defined in section 8331(3) of title 5, United States Code) paid to the employees of the State-owned railroad who are covered by the civil service retirement law, the per centum rate determined annually by the Director of the Office of Personnel Management to be the excess of the total normal cost per centum rate of the civil service retirement system over the employee deduction rate specified in section 8334(a) of title 5, United States Code. The State-owned railroad shall pay into the Federal Civil Service Retirement and Disability Fund that portion of the cost of administration of such Fund which is demonstrated by the Director of the Office of Personnel Management to be attributable to its employees.

(2) At any time during the two-year period commencing on the date of transfer, the State-owned railroad shall have the option of providing to transferred employees retirement benefits, reflecting prior Federal service, in or substantially equivalent to benefits under the retirement program maintained by the State for State employees. If the State decides to provide benefits under this paragraph, the State shall provide such benefits to all transferred employees, except those employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5, United States Code, within five years after the date of transfer and who elect to remain participants in the Federal retirement program.

(3) If the State provides benefits under paragraph (2) of this subsection—

(A) the provisions of paragraph (1) of this subsection regarding payments into the Civil Service Retirement and Disability Fund for those employees who are transferred to the State program shall have no further force and effect (other than for employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5, United States Code, within five years after the date of transfer and who elect to remain participants in the Federal retirement program); and

(B) all of the accrued employee and employer contributions and accrued interest on such contributions made by and on behalf of the transferred employees during their prior Federal service (other than amounts for employees who will meet the age and service requirements for retirement under section 8336 (a), (b), (c) or (f) of title 5, United States Code, within five years after the date of transfer and who elect to remain participants in the Federal retirement program) shall be withdrawn from the Federal Civil Service Retirement and Disability Fund and shall be paid into the retirement fund utilized by the State-owned railroad for the transferred employees, in accordance with the provisions of paragraph (2) of this subsection. Upon such payment, credit for prior Federal service under the Federal civil service retirement system shall be forever barred, notwithstanding the provisions of section 8334 of title 5, United States Code.

(b) Employees of the Alaska Railroad who do not transfer to the State-owned railroad shall be entitled to all of the rights and benefits available to them under Federal law for discontinued employees.
(c) Transferred employees whose employment with the State-owned railroad is terminated during the two-year period commencing on the date of transfer shall be entitled to all of the rights and benefits of discontinued employees that such employees would have had under Federal law if their termination had occurred immediately before the date of the transfer, except that financial compensation paid to officers of the Alaska Railroad shall be limited to that compensation provided pursuant to section 604(d)(3)(E) of this title. Such employees shall also be entitled to seniority and other benefits accrued under Federal law while they were employed by the State-owned railroad on the same basis as if such employment had been Federal service.

(d) Any employee who transfers to the State-owned railroad under this title shall not be entitled to lump-sum payment for unused annual leave under section 5551 of title 5, United States Code, but shall be credited by the State with the unused annual leave balance at the time of transfer.

STATE OPERATION

Sec. 608. (a)(1) After the date of transfer to the State pursuant to section 604 of this title, the State-owned railroad shall be a rail carrier engaged in interstate and foreign commerce subject to the jurisdiction of the Interstate Commerce Commission under chapter 105 of subtitle IV of title 49, United States Code, and all other Acts applicable to rail carriers subject to that chapter, including the antitrust laws of the United States, except, so long as it is an instrumentality of the State of Alaska, the Railroad Retirement Act of 1974 (45 U.S.C. 231 et seq.), the Railroad Retirement Tax Act (26 U.S.C. 3201 et seq.), the Railway Labor Act (45 U.S.C. 151 et seq.), the Act of April 22, 1908 (45 U.S.C. 51 et seq.) (popularly referred to as the "Federal Employers' Liability Act"), and the Railroad Unemployment Insurance Act (45 U.S.C. 351 et seq.). Nothing in this title shall preclude the State from explicitly invoking by law any exemption from the antitrust laws as may otherwise be available.

(2) The transfer to the State authorized by section 604 of this title and the conferral of jurisdiction to the Interstate Commerce Commission pursuant to paragraph (1) of this subsection are intended to confer upon the State-owned railroad all business opportunities available to comparable railroads, including contract rate agreements meeting the requirements of section 10713 of title 49, United States Code, notwithstanding any participation in such agreements by connecting water carriers.

(3) All memoranda which sanction noncompliance with Federal railroad safety regulations contained in 49 CFR Parts 209–236, and which are in effect on the date of transfer, shall continue in effect according to their terms as "waivers of compliance" (as that term is used in section 202(c) of the Federal Railroad Safety Act of 1970 (45 U.S.C. 431(c))).

(4) The operation of trains by the State-owned railroad shall not be subject to the requirement of any State or local law which specifies the minimum number of crew members which must be employed in connection with the operation of such trains.

(5) Revenues generated by the State-owned railroad shall be retained and managed by the State-owned railroad for railroad and related purposes.

(6)(A) After the date of transfer, continued operation of the Alaska Railroad by a public corporation, authority or other agency of the
State shall be deemed to be an exercise of an essential governmental function, and revenue derived from such operation shall be deemed to accrue to the State for the purposes of section 115(a)(1) of the Internal Revenue Code of 1954 (26 U.S.C. 115(a)(1)). Obligations issued by such entity shall also be deemed obligations of the State for the purposes of section 103(a)(1) of the Internal Revenue Code of 1954 (26 U.S.C. 103(a)(1)), but not obligations within the meaning of section 103(b)(2) of the Internal Revenue Code of 1954 (26 U.S.C. 103(b)(2)).

(B) Nothing in this title shall be deemed or construed to affect customary tax treatment of private investment in the equipment or other assets that are used or owned by the State-owned railroad.

(b) As soon as practicable after the date of enactment of this Act, the Interstate Commerce Commission shall promulgate an expedited, modified procedure for providing on the date of transfer a certificate of public convenience and necessity to the State-owned railroad. No inventory, valuation, or classification of property owned or used by the State-owned railroad pursuant to subchapter V of chapter 107 of title 49, United States Code (49 U.S.C. 10781 et seq.) shall be required during the two-year period after the date of transfer. The provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and section 382(b) of the Energy Policy and Conservation Act (42 U.S.C. 6362(b)) shall not apply to actions of the Commission under this subsection.

(c) The State-owned railroad shall be eligible to participate in all Federal railroad assistance programs on a basis equal to that of other rail carriers subject to the jurisdiction of the Interstate Commerce Commission under chapter 105 of subtitle IV of title 49, United States Code.

(d) After the date of transfer to the State pursuant to section 604 of this title, the portion of the rail properties within the boundaries of the Chugach National Forest and the exclusive-use easement within the boundaries of the Denali National Park and Preserve shall be subject to laws and regulations for the protection of forest and park values. The right to fence the exclusive-use easement within Denali National Park and Preserve shall be subject to the concurrence of the Secretary of the Interior. The Secretary of the Interior, or the Secretary of Agriculture where appropriate, shall not act pursuant to this subsection without consulting with the Governor of the State of Alaska or in such a manner as to unreasonably interfere with continued or expanded operations and support functions authorized under this title.

FUTURE RIGHTS-OF-WAY

SEC. 609. (a) After the date of enactment of this Act, the State or State-owned railroad may request the Secretary of the Interior or the Secretary of Agriculture, as appropriate under law, to expeditiously approve an application for a right-of-way in order that the Alaska Railroad or State-owned railroad may have access across Federal lands for transportation and related purposes. The State or State-owned railroad may also apply for a lease, permit, or conveyance of any necessary or convenient terminal and station grounds and material sites in the vicinity of the right-of-way for which an application has been submitted.

(b) Before approving a right-of-way application described in subsection (a) of this section, the Secretary of the Interior or the
Secretary of Agriculture, as appropriate, shall consult with the Secretary. Approval of an application for a right-of-way, permit, lease, or conveyance described in subsection (a) of this section shall be pursuant to applicable law. Rights-of-way, grounds, and sites granted pursuant to this section and other applicable law shall conform, to the extent possible, to the standards provided in the Act of March 12, 1914 (43 U.S.C. 975 et seq.) and section 603(6) of this title. Such conformance shall not be affected by the repeal of such Act under section 615 of this title.

(c) Reversion to the United States of any portion of any right-of-way or exclusive-use easement granted to the State or State-owned railroad shall occur only as provided in section 610 of this title. For purposes of such section, the date of the approval of any such right-of-way shall be deemed the "date of transfer".

REVERSION

Sec. 610. (a) If, within ten years after the date of transfer to the State authorized by section 604 of this title, the Secretary finds that all or part of the real property transferred to the State under this title, except that portion of real property which lies within the boundaries of the Denali National Park and Preserve, is converted to a use that would prevent the State-owned railroad from continuing to operate, that real property (including permanent improvements to the property) shall revert to the United States Government, or (at the option of the State) the State shall pay to the United States Government an amount determined to be the fair market value of that property at the time its conversion prevents continued operation of the railroad.

(b) If, after the date of transfer pursuant to section 604 of this title, the State discontinues use of any land within the right-of-way, the State's interest in such land shall revert to the United States. The State shall be considered to have discontinued use within the meaning of this subsection and subsection (d) of this section when:

(1) the Governor of the State of Alaska delivers to the Secretary of the Interior a notice of such discontinuance, including a legal description of the property subject to the notice, and a quitclaim deed thereto; or

(2) the State has made no use of the land for a continuous period of eighteen years for transportation, communication, or transmission purposes. Notice of such discontinuance shall promptly be published in the Federal Register by the Secretary, the Secretary of the Interior, or the Secretary of Agriculture, and reversion shall be effected one year after such notice, unless within such one-year period the State brings an appropriate action in the United States District Court for the District of Alaska to establish that the use has been continuing without an eighteen-year lapse. Any such action shall have the effect of staying reversion until exhaustion of appellate review from the final judgment in that action or termination of the right to seek such review, whichever first occurs.

(c) Upon such reversion pursuant to subsection (b) of this section, the Secretary of the Interior shall immediately convey by patent to abutting landowners all right, title and interest of the United States. Where land abutting the reverted right-of-way is owned by different persons or entities, the conveyance made pursuant to this

45 USC 1209.
subsection shall extend the property of each abutting owner to the centerline of the right-of-way.

(d) If use is discontinued (as that term is used in subsection (b) of this section) of all or part of those properties of the Alaska Railroad transferred to the State pursuant to this title which lie within the boundaries of the Denali National Park and Preserve or the Chugach National Forest, such properties or part thereof (including permanent improvements to the property) shall revert to the United States and shall not be subject to subsection (c) of this section. Upon such reversion, jurisdiction over that property shall be transferred to the Secretary of the Interior or the Secretary of Agriculture, as appropriate, for administration as part of the Denali National Park and Preserve or the Chugach National Forest.

(e) Except as provided in subsections (a) through (d) of this section, if, within five years after the date of transfer to the State pursuant to section 604 of this title, the State sells or transfers all or substantially all of the State-owned railroad to an entity other than an instrumentality of the State, the proceeds from the sale or transfer that exceed the cost of any rehabilitation and improvement made by the State for the State-owned railroad and any net liabilities incurred by the State for the State-owned railroad shall be paid into the general fund of the Treasury of the United States.

(f) The Attorney General, upon the request of the Secretary, the Secretary of the Interior, or the Secretary of Agriculture, shall institute appropriate proceedings to enforce this section in the United States District Court for the District of Alaska.

OTHER DISPOSITION

Sec. 611. If the Secretary has not certified that the State has satisfied the conditions under section 604 within one year after the date of delivery of the report referred to in section 605(a) of this title, the Secretary may dispose of the rail properties of the Alaska Railroad. Any disposal under this section shall give preference to a buyer or transferee who will continue to operate rail service, except that—

(1) such preference shall not diminish or modify the rights of the Cook Inlet Region, Incorporated (as that term is used in section 12 of the Act of January 2, 1976 (Public Law 94-204; 89 Stat. 1150)), pursuant to such section, as amended by section 606(d) of this title; and

(2) this section shall not be construed to diminish or modify the powers of consent of the Secretary or the State under section 12(b)(8) of such Act, as amended by section 606(d)(5) of this title.

Any disposal under this section shall be subject to valid existing rights.

DENALI NATIONAL PARK AND PRESERVE LANDS

Sec. 612. On the date of transfer to the State (pursuant to section 604 of this title) or other disposition (pursuant to section 611 of this title), that portion of rail properties of the Alaska Railroad within the Denali National Park and Preserve shall, subject to the exclusive-use easement granted pursuant to section 604(b)(1)(D) of this title, be transferred to the Secretary of the Interior for administration as part of the Denali National Park and Preserve, except that a
transferee under section 611 of this title shall receive the same interest as the State under section 604(b)(1)(D) of this title.

**APPLICABILITY OF OTHER LAWS**

Sec. 613. English. The Department of Labor shall make forms available in
English, Spanish, and other languages, as necessary, which may be
used in providing workers with information required under this
section.

WAGES, SUPPLIES, AND OTHER WORKING ARRANGEMENTS

Sec. 302. (a) Each farm labor contractor, agricultural employer,
and agricultural association which employs any seasonal agricul-
tural worker shall pay the wages owed to such worker when due.

(b) No farm labor contractor, agricultural employer, or agricul-
tural association shall require any seasonal agricultural worker to
purchase any goods or services solely from such farm labor contrac-
tor, agricultural employer, or agricultural association.

(c) No farm labor contractor, agricultural employer, or agricul-
tural association shall, without justification, violate the terms of any
working arrangement made by that contractor, employer, or associ-
atation with any seasonal agricultural worker.
Sec. 401. (a)(1) Except as provided in paragraph (2), this section applies to the transportation of any migrant or seasonal agricultural worker.

(2) This section does not apply to the transportation of any migrant or seasonal agricultural worker on a tractor, combine, harvester, picker, or other similar machinery and equipment while such worker is actually engaged in the planting, cultivating, or harvesting of any agricultural commodity or the care of livestock or poultry.

(b)(1) When using, or causing to be used, any vehicle for providing transportation to which this section applies, each agricultural employer, agricultural association, and farm labor contractor shall—

(A) ensure that such vehicle conforms to the standards prescribed by the Secretary under paragraph (2) of this subsection and other applicable Federal and State safety standards,

(B) ensure that each driver has a valid and appropriate license, as provided by State law, to operate the vehicle, and

(C) have an insurance policy or a liability bond that is in effect which insures the agricultural employer, the agricultural association, or the farm labor contractor against liability for damage to persons or property arising from the ownership, operation, or the causing to be operated, of any vehicle used to transport any migrant or seasonal agricultural worker.

(2)(A) For purposes of paragraph (1)(A), the Secretary shall prescribe such regulations as may be necessary to protect the health and safety of migrant and seasonal agricultural workers.

(i) the type of vehicle used,

(ii) the passenger capacity of the vehicle,

(iii) the distance which such workers will be carried in the vehicle,

(iv) the type of roads and highways on which such workers will be carried in the vehicle,

(C) Standards prescribed by the Secretary under subparagraph (A) shall be in addition to, and shall not supersede or modify, any standard under part II of the Interstate Commerce Act (49 U.S.C. 301 et seq.), or any successor provision of subtitle IV of title 49, United States Code, or regulations issued thereunder, which is independently applicable to transportation to which this section applies. A violation of any such standard shall also constitute a violation under this Act.

(D) In the event that the Secretary fails for any reason to prescribe standards under subparagraph (A) by the effective date of this Act, the standards prescribed under section 204(a)(3a) of the Interstate Commerce Act (49 U.S.C. 304(a)(3a)), relating to the transporta-
tion of migrant workers, shall, for purposes of paragraph (1)(A), be deemed to be the standards prescribed by the Secretary under this paragraph, and shall, as appropriate and reasonable in the circumstances, apply (i) without regard to the mileage and boundary line limitations contained in such section, and (ii) until superseded by standards actually prescribed by the Secretary in accordance with this paragraph.

(3) The level of the insurance required by paragraph (1)(C) shall be at least the amount currently required for common carriers of passengers under part II of the Interstate Commerce Act (49 U.S.C. 301 et seq.), and any successor provision of subtitle IV of title 49, United States Code, and regulations prescribed thereunder.

(c) If an agricultural employer, agricultural association, or farm labor contractor is the employer of any migrant or seasonal agricultural worker for purposes of a State workers' compensation law and such employer provides workers' compensation coverage for such worker in the case of bodily injury or death as provided by such State law, the following adjustments in the requirements of subsection (b)(1)(C) relating to having an insurance policy or liability bond apply:

(1) No insurance policy or liability bond shall be required of the employer, if such workers are transported only under circumstances for which there is coverage under such State law.

(2) An insurance policy or liability bond shall be required of the employer for circumstances under which coverage for the transportation of such workers is not provided under such State law.

(d) The Secretary shall, by regulations promulgated in accordance with section 511 not later than the effective date of this Act, prescribe the standards required for the purposes of implementing this section. Any subsequent revision of such standards shall also be accomplished by regulation promulgated in accordance with such section.

CONFIRMATION OF REGISTRATION

Sec. 402. No person shall utilize the services of any farm labor contractor to supply any migrant or seasonal agricultural worker unless the person first takes reasonable steps to determine that the farm labor contractor possesses a certificate of registration which is valid and which authorizes the activity for which the contractor is utilized. In making that determination, the person may rely upon either possession of a certificate of registration, or confirmation of such registration by the Department of Labor. The Secretary shall maintain a central public registry of all persons issued a certificate of registration.

INFORMATION ON EMPLOYMENT CONDITIONS

Sec. 403. Each farm labor contractor, without regard to any other provisions of this Act, shall obtain at each place of employment and make available for inspection to every worker he furnishes for employment, a written statement of the conditions of such employment as described in sections 201(b) and 301(b) of this Act.
Sec. 404. (a) No farm labor contractor shall violate, without justification, the terms of any written agreements made with an agricultural employer or an agricultural association pertaining to any contracting activity or worker protection under this Act.

(b) Written agreements under this section do not relieve a person of any responsibility that such person would otherwise have under this Act.

TITLE V—GENERAL PROVISIONS

PART A—ENFORCEMENT PROVISIONS

CRIMINAL SANCTIONS

Sec. 501. (a) Any person who willfully and knowingly violates this Act or any regulation under this Act shall be fined not more than $1,000 or sentenced to prison for a term not to exceed one year, or both. Upon conviction for any subsequent violation of this Act or any regulation under this Act, the defendant shall be fined not more than $10,000 or sentenced to prison for a term not to exceed three years, or both.

(b) If a farm labor contractor who commits a violation of section 106 has been refused issuance or renewal of, or has failed to obtain, a certificate of registration or is a farm labor contractor whose certificate has been suspended or revoked, the contractor shall, upon conviction, be fined not more than $10,000 or sentenced to prison for a term not to exceed three years, or both.

JUDICIAL ENFORCEMENT

Sec. 502. (a) The Secretary may petition any appropriate district court of the United States for temporary or permanent injunctive relief if the Secretary determines that this Act, or any regulation under this Act, has been violated.

(b) Except as provided in section 518(a) of title 28, United States Code, relating to litigation before the Supreme Court, the Solicitor of Labor may appear for and represent the Secretary in any civil litigation brought under this Act, but all such litigation shall be subject to the direction and control of the Attorney General.

ADMINISTRATIVE SANCTIONS

Sec. 503. (a)(1) Subject to paragraph (2), any person who commits a violation of this Act or any regulation under this Act, may be assessed a civil money penalty of not more than $1,000 for each violation.

(2) In determining the amount of any penalty to be assessed under paragraph (1), the Secretary shall take into account (A) the previous record of the person in terms of compliance with this Act and with comparable requirements of the Farm Labor Contractor Registration Act of 1963, and with regulations promulgated under such Acts, and (B) the gravity of the violation.

(b) The person assessed shall be afforded an opportunity for agency hearing, upon request made within thirty days after the date of issuance of the notice of assessment. In such hearing, all issues
shall be determined on the record pursuant to section 554 of title 5, United States Code. If no hearing is requested as herein provided, the assessment shall constitute a final and unappealable order.

(2) If a hearing is requested, the initial agency decision shall be made by an administrative law judge, and such decision shall become the final order unless the Secretary modifies or vacates the decision. Notice of intent to modify or vacate the decision of the administrative law judge shall be issued to the parties within thirty days after the decision of the administrative law judge. A final order which takes effect under this paragraph shall be subject to review only as provided under subsection (c).

(c) Any person against whom an order imposing a civil money penalty has been entered after an agency hearing under this section may obtain review by the United States district court for any district in which he is located or the United States District Court for the District of Columbia by filing a notice of appeal in such court within thirty days from the date of such order, and simultaneously sending a copy of such notice by registered mail to the Secretary. The Secretary shall promptly certify and file in such court the record upon which the penalty was imposed. The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence as provided by section 706(2)(E) of title 5, United States Code. Any final decision, order, or judgment of such District Court concerning such review shall be subject to appeal as provided in chapter 83 of title 28, United States Code.

(d) If any person fails to pay an assessment after it has become a final and unappealable order, or after the court has entered final judgment in favor of the agency, the Secretary shall refer the matter to the Attorney General, who shall recover the amount assessed by action in the appropriate United States district court. In such action the validity and appropriateness of the final order imposing the penalty shall not be subject to review.

(e) All penalties collected under authority of this section shall be paid into the Treasury of the United States.

PRIVATE RIGHT OF ACTION

Sec. 504. (a) Any person aggrieved by a violation of this Act or any regulation under this Act by a farm labor contractor, agricultural employer, agricultural association, or other person may file suit in any district court of the United States having jurisdiction of the parties, without respect to the amount in controversy and without regard to the citizenship of the parties and without regard to exhaustion of any alternative administrative remedies provided herein.

(b) Upon application by a complainant and in such circumstances as the court may deem just, the court may appoint an attorney for such complainant and may authorize the commencement of the action.

(c)(1) If the court finds that the respondent has intentionally violated any provision of this Act or any regulation under this Act, it may award damages up to and including an amount equal to the amount of actual damages, or statutory damages of up to $500 per plaintiff per violation, or other equitable relief, except that (A) multiple infractions of a single provision of this Act or of regulations under this Act shall constitute only one violation for purposes of determining the amount of statutory damages due a plaintiff; and
(B) if such complaint is certified as a class action, the court shall award no more than the lesser of up to $500 per plaintiff per violation, or up to $500,000 or other equitable relief.

(2) In determining the amount of damages to be awarded under paragraph (1), the court is authorized to consider whether an attempt was made to resolve the issues in dispute before the resort to litigation.

(3) Any civil action brought under this section shall be subject to appeal as provided in chapter 83 of title 28, United States Code.

SEC. 505. (a) No person shall intimidate, threaten, restrain, coerce, blacklist, discharge, or in any manner discriminate against any migrant or seasonal agricultural worker because such worker has, with just cause, filed any complaint or instituted, or caused to be instituted, any proceeding under or related to this Act, or has testified or is about to testify in any such proceedings, or because of the exercise, with just cause, by such worker on behalf of himself or others of any right or protection afforded by this Act.

(b) A migrant or seasonal agricultural worker who believes, with just cause, that he has been discriminated against by any person in violation of this section may, within 180 days after such violation occurs, file a complaint with the Secretary alleging such discrimination. Upon receipt of such complaint, the Secretary shall cause such investigation to be made as he deems appropriate. If upon such investigation, the Secretary determines that the provisions of this section have been violated, the Secretary shall bring an action in any appropriate United States district court against such person. In any such action the United States district courts shall have jurisdiction, for cause shown, to restrain violation of subsection (a) and order all appropriate relief, including rehiring or reinstatement of the worker, with back pay, or damages.

Joint Resolution

To designate the period commencing January 1, 1983, and ending December 31, 1983, as the "Tricentennial Anniversary Year of German Settlement in America".

Whereas October 6, 1983, is the three hundredth anniversary of German settlement in America at Philadelphia, Pennsylvania;

Whereas such date marks the beginning of the immeasurable human, economic, political, social, and cultural contributions to this country by millions of German immigrants over the past three centuries;

Whereas today the United States of America and the Federal Republic of Germany continue their close friendship based on the common values of democracy, guaranteed individual liberties, tolerance of personal differences, and opposition to totalitarianism;

Whereas it is fitting that this historic event be commemorated in such a manner as to celebrate German-American friendship and to focus on the democratic values that bind us together: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the period commencing January 1, 1983, and ending December 31, 1983, is hereby designated as the "Tricentennial Anniversary Year of German Settlement in America", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe the year with appropriate ceremonies and activities.

Sec. 2. As a concrete demonstration of our commitment to the enduring United States-German relationship, and as an act of celebration to inaugurate the Tricentennial Year, we express our strong support for the President's Youth Exchange Initiative, and especially the concept of a United States-German teenage exchange sponsored by the Members of the United States Congress and the West German Bundestag, and emphasizing home stays with families.

Sec. 3. (a) There is hereby established a Commission to be known as the Presidential Commission for the German-American Tricentennial (hereinafter referred to as the "Commission") to plan, encourage, develop, and coordinate the commemoration of the German-American Tricentennial. In preparing its plans and carrying out its program, the Commission shall give due consideration to any related plans and programs developed by State, local, private, and foreign groups.

(b) The Commission shall be composed of not more than 40 members, appointed by the President, ten of whom shall be appointed upon the recommendation of the Speaker of the House of Representatives, and ten of whom shall be appointed upon the recommendation of the President pro tempore of the Senate, in consultation with the majority leader and minority leader of the Senate. One member shall be the Chief Justice of the United States...
or his designee. The members shall be from the public and private sectors and the President shall designate a member from the private sector as Chairman. The members of the Commission shall receive no compensation for their services as such but may be allowed necessary travel expenses, as authorized by law, to carry out Commission activities.

(c) The Commission is authorized to encourage the participation of, and receive donations of money, property and personal services from, public and private organizations and individuals to assist the Commission in carrying out its responsibilities. The Director of the United States Information Agency is authorized to provide administrative services and staff support to the Commission, as necessary, for which reimbursement shall be made from funds of the Commission under section 686 of title 31, United States Code, in such amounts as may be agreed upon by the Chairman of the Commission and the Director. The heads of other Executive agencies and departments are also authorized and requested to cooperate with and assist the Commission in fulfilling its responsibilities.

(d) The Commission shall have power to appoint and fix the compensation of such personnel as it deems advisable and to appoint such advisory committees as it deems necessary. The Commission may also procure temporary and intermittent services as authorized by section 3109(b) of title 5, United States Code. The Commission shall have authority to make contracts and grants as necessary and appropriate to carry out its program.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
