SECTION 1. That this Act may be cited as the “Coos, Lower Umpqua, and Siuslaw Restoration Act”.

EXTENSION OF FEDERAL RECOGNITION, RIGHTS, AND PRIVILEGES

SEC. 3. (a) Federal Recognition.—Federal recognition is hereby extended to the Tribe, and its members shall be eligible for all Federal services and benefits furnished to federally recognized tribes. Notwithstanding any provision to the contrary in any law establishing such services and benefits, eligibility of the Tribe and its members for such Federal services and benefits shall become effective upon passage of this Act without regard to the existence of a reservation for the Tribe or the residence of the members of the Tribe on a reservation for such members who reside in the following counties of Oregon: Coos, Lane, Lincoln, Douglas, and Curry.

(b) Restoration of Rights and Privileges.—Except as provided in subscription (c) of this section, all rights and privileges of the Tribe and of members of the Tribe under any Federal treaty, Executive order, agreement or statute, or under any other authority, which were diminished or lost under the Act of August 13, 1954 (25 U.S.C. 691, et seq.), are hereby restored and the provisions of that Act are inapplicable to the Tribe and to members of the Tribe upon passage of this Act.

(c) Hunting, Fishing, or Trapping Rights Not Granted or Restored.—This Act shall not grant or restore any hunting, fishing,
or trapping right of any nature, including any indirect or procedural right or advantage, to any member of the Tribe, nor shall any presumption be created by this Act as to the existence or non-existence of such rights.

(d) EFFECT ON PROPERTY RIGHTS AND OTHER OBLIGATIONS.—Except as specifically provided in this Act, nothing in this Act shall alter any property right or obligation, any contractual right or obligation, or any obligation for taxes already levied.

MEMBERSHIP ROLLS

SEC. 4. (a) OPENING; DUTY OF INTERIM COUNCIL AND TRIBAL OFFICIALS.—The membership roll is declared open. The Interim Council and tribal officials under the Tribe's constitution and bylaws shall take such measures as will insure the continuing accuracy of the membership roll.

(b) CRITERIA FOR ENROLLMENT.—

(1) Until a tribal constitution and bylaws are adopted, a person shall be a member of the Tribe and his name shall be placed on the membership roll if the individual is living and if—

(a) that individual's name was listed on the Tribe's Census Roll of 1940;
(b) that individual was entitled to be listed on the Tribe's Census Roll of January 1, 1940 but was not so listed. Any person placed on the membership roll must be listed on the January 1, 1940 Census Roll of the Grand Ronde-Siletz Indian Agency of nonreservation Indians as Coos, Lower Umpqua, or Siuslaw, be a descendant of such a person, or be a descendant of public domain allotee of Western Oregon who was a member of one of these three tribes.
(c) that individual is a direct lineal descendant of an individual, living or dead, identified by subparagraph (a) or (b); and
(d) that individual or the lineal ancestor through whom he qualifies for membership under subparagraph (c) has never been an enrolled member of, or qualified for the payment of any money for the taking of land or otherwise through, any other Indian tribe, either federally recognized or acknowledged or not federally recognized or acknowledged.

(2) Until a tribal constitution and bylaws are adopted, a person shall be eligible for membership if the individual is living and meets the criteria established in subsections (b)(1)(a), (b) and (c) of this section. Such individual may submit an application for enrollment to the Interim Council for consideration and decision and the Interim Council shall place on the roll the name of all individuals who submitted an application and are meeting the criteria established under subsections (b)(1)(a), (b) and (c) of this section: Provided, That the Interim Council may reject the application of any person who is found to be a member or who is claiming membership in another Indian tribe. Nothing in this Act shall bar unsuccessful applicants for enrollment before the Interim Council from submitting an application for enrollment to the Tribe after the adoption of a tribal constitution and bylaws.

(3) After the adoption of a tribal constitution and bylaws, those documents shall govern membership in the Tribe.
(c) **Verification of Eligibility for Enrollment; Appeal; Finality of Determination; Possession of Enrollment Records and Materials.**—

(1) Prior to any election pursuant to section 6 of this Act, the Interim Council shall verify by tribal resolution the eligibility for enrollment and age of each member listed on the Tribe's membership roll, which resolution shall be forwarded to the Secretary.

(2) With regard to the exclusion of any name from the tribal membership roll, any member may appeal to the Secretary, who shall make a final determination of each such appeal within ninety days after an appeal has been filed with him. The determination of the Secretary with respect to such an appeal shall be final.

(d) **Franchise.**—A member who is eighteen years of age or older is entitled and eligible to be given notice of, attend, participate in, and vote at, general council meetings and to nominate candidates for, to run for any office in, and to vote in elections of members to the interim council and to other tribal councils.

The election shall be held after such written request and within sixty days after the Secretary has published in appropriate local media a certification copy of the Tribe's membership roll.

(b) **Preelection Distribution of Proposed Constitution and Bylaws and Brief Impartial Description; Consultation by Interim Council with Members of Tribe.**—The Interim Council shall draft and distribute to each member described in section 4(d) of this Act, no later than thirty days before the election under subsection (a) of this section, a copy of the proposed constitution and bylaws of the Tribe, as proposed by the Interim Council, along with a brief, impartial description of the constitution and bylaws. The members of the Interim Council may freely consult with members of the Tribe, outside legal counsel and other consultants concerning the text and description of the constitution and bylaws, except that such consultation may not be carried on within fifty feet of the polling places on the date of the election.

(c) **Majority Vote Necessary for Adoption of Constitution and Bylaws.**—In any election held pursuant to subsection (a) of this section, the vote of a majority of those actually voting shall be

For the purpose of this election and notwithstanding any provision in the tribal constitution and bylaws to the contrary, absentee balloting shall be permitted.

RESERVATION

SEC. 7. (a) ESTABLISHMENT.—A reservation shall be established by this Act at no cost to the Federal Government.

(b) LEGAL DESCRIPTION.—So long as the lands are offered to the Federal Government free of purchase cost, the Secretary shall accept the following lands in trust for the tribe as a reservation:

The Secretary shall not accept this parcel into trust until the date that is 1 year after enactment of this Act. If before the end of the ninety day period, a person or entity other than the tribe files a lawsuit in a court of competent jurisdiction claiming an interest in such parcel or portion thereof, the Secretary shall not accept the parcel into trust until the final adjudication of this lawsuit. Nothing in this Act shall be construed to the prejudice of any parties to such lawsuit or be construed to prevent a court of competent jurisdiction from partitioning such parcel in the adjudication of such lawsuit. Notwithstanding any other provision of law, the United States District Court for the District of Oregon shall be deemed to have jurisdiction over any lawsuit filed to determine the rights to the above described parcel of land.

(3) In Curry County, Oregon, a parcel described as the southeast quarter of the southeast quarter of the southwest quarter of section 11 of township 32 south, range 15 west, Willamette meridian.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Fire Island National Seashore Amendments Act of 1984".

Sec. 2. Section 2 of the Act entitled "An Act to establish the Fire Island National Seashore, and for other purposes", approved September 11, 1964 (16 U.S.C. 459e-1), is amended by adding at the end thereof the following new subsections:

"(h)(1)(A) The Secretary shall sell any property described in subparagraph (B) of this paragraph acquired by condemnation under this Act to the highest bidder; except that—

"(i) no property shall be sold at less than its fair market value; and

"(ii) no property shall be sold unless it is sold subject to covenants or other restrictions that will ensure that the use of such property conforms—

"(I) to the standards specified in regulations issued under section 3(a) of this Act which are in effect at the time of such sale, and

"(II) to any approved zoning ordinance or amendment thereof to which such property is subject.

"(B) The property referred to in subparagraph (A) of this paragraph is any property within the boundaries of the national seashore as delineated on the map mentioned in section 1 except—

"(i) property within the Dune district referred to in subsection (g) of this section;

"(ii) beach or waters and adjoining land within the exempt communities referred to in the first sentence of subsection (e) of this section; and

"(iii) property within the eight-mile area described in the second sentence of subsection (e) of this section; and

"(iv) any property acquired prior to October 1, 1982, that the Secretary determines should be retained to further the purpose of this Act.

"(2) Notwithstanding any other provision of law, all moneys received from sales under paragraph (1) of this subsection may be retained and shall be available to the Secretary, without further appropriation, only for purposes of acquiring property under this Act.

"(i)(1) Upon or after the commencement of any action for condemnation with respect to any property under this Act, the Secretary, through the Attorney General of the United States, may apply to the United States District Court for the Eastern District of New York for a temporary restraining order or injunction to prevent any use of, or construction upon, such property that—
“(A) fails, or would result in a failure of such property, to conform to the standards specified in regulations issued under section 3(a) of this Act in effect at the time such use or construction began; or

“(B) in the case of undeveloped tracts in the Dune district referred to in subsection (g) of this section, would result in such undeveloped property not being maintained in its natural state.

“(2) Any temporary restraining order or injunction issued pursuant to such an application shall terminate in accordance with the provisions of section 3(g) of this Act.”

Sec. 3. Section 3(e) of the Act entitled “An Act to establish the Fire Island National Seashore, and for other purposes”, approved September 11, 1964 (16 U.S.C. 459e-2(e)), is amended to read as follows:

“(e) In the case of any property, including improved property but excluding undeveloped property in the Dune district referred to in section 2(g) of this Act, with respect to which the Secretary’s authority to acquire by condemnation has been suspended under this Act if—

“(1) such property is, after the date of the enactment of the Fire Island National Seashore Amendments Act of 1984, made the subject of a variance under, or becomes for any reason an exception to, any applicable zoning ordinance approved under this section; and

“(2) such variance or exception results, or will result, in such property being used in a manner that fails to conform to any applicable standard contained in regulations of the Secretary issued pursuant to this section and in effect at the time such variance or exception took effect;

then the suspension of the Secretary’s authority to acquire such property by condemnation shall automatically cease.”

Sec. 4. Subsection (b) of section 3 of the Act entitled “An Act to establish the Fire Island National Seashore, and for other purposes”, approved September 11, 1964 (16 U.S.C. 459e-2(b)) is amended by striking out “by means of acreage, frontage, and setback requirements.” and inserting “by means of limitations or restrictions on the size, location or use of any commercial, residential, and other structures. In accomplishing these objectives, such standards shall seek to reconcile the population density of the seashore at the time of enactment of the Fire Island National Seashore Amendments Act of 1984 with the protection of the natural resources of the Seashore consistent with the purposes for which it has been established as provided by this Act.”

Sec. 5. Section 3 of the Act entitled “An Act to establish the Fire Island National Seashore, and for other purposes”, approved September 11, 1984 (16 U.S.C. 459e-2) is amended by adding the following new subsection (g) after subsection (f):

“(g) Notwithstanding any other provision of this Act, the Secretary of the Interior, acting through the Attorney General of the United States, may apply to the United States District Court for the Eastern District of New York for a temporary restraining order or injunction to prohibit the use of, including construction upon, any property within the seashore in a manner that—

“(1) will cause or is likely to cause significant harm to the natural resources of the seashore, or

“(2) is inconsistent with the purposes for which the seashore was established.
Except to the extent the Court may deem necessary in extraordinary circumstances, no such order or injunction shall continue in effect for more than one hundred and eighty days. During the period of such order or injunction, the Secretary shall diligently and in good faith negotiate with the owner of the property to assure that following termination of the order or injunction, the inconsistent use is abated or the significant harm to the natural resources is mitigated."

To withdraw certain public lands in Lincoln County, Nevada, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. (a) Subject to valid existing rights, the lands depicted on the map entitled "Groom Mountain Addition to Nellis Air Force Range", dated September 1984, and aggregating approximately 89,600 acres in Lincoln County, Nevada, are hereby withdrawn from all forms of appropriation under the public land laws, including the mining laws but not the mineral and geothermal leasing laws. Such lands are reserved for use by the Secretary of the Air Force—

(1) for training for electronic warfare, tactical maneuvering, and air support, and

(2) for other defense-related purposes consistent with, and involving no greater adverse impact on the withdrawn lands and their resources than, such training.

(b) The withdrawal provided by subsection (a) with regard to the lands described in subsection (a), and the right of their use by the Secretary of the Air Force for the purposes specified in that subsection, terminates on December 31, 1987.

SEC. 2. As soon as possible after the date of the enactment of this Act but no later than January 1, 1987, the Secretary of the Interior and the Secretary of the Air Force shall issue an environmental impact statement, consistent with requirements of the National Environmental Policy Act of 1969, concerning continued or renewed withdrawal of the lands described in section 1(a) after December 31, 1987. Such statement shall include a description of and recommendations concerning measures to mitigate the impact of such continued or renewed withdrawal on opportunities for outdoor recreation, mineral exploration and development, and agriculture in Nevada. Such measures shall include possible acquisition by the Secretary of the Interior (through exchanges or otherwise) of lands in Nevada suitable for outdoor recreational uses and possible increased mineral, agricultural, or recreational use of lands in Nevada withdrawn for military purposes.

SEC. 3. (a) During the period of the withdrawal of the lands described in section 1(a), the Secretary of the Interior shall manage such lands pursuant to the Federal Land Policy and Management Act of 1976 and other applicable law, including this Act. All use of such lands, and the issuance of any lease, easement, right-of-way, or other authorization with regard to such lands—

(1) shall be secondary to the military use of such lands for the purposes specified in section 1, and

(2) may be authorized by the Secretary of the Interior only with the concurrence of the Secretary of the Air Force.

(b) When military operations, public safety, or national security, as determined by the Secretary of the Air Force, require the closure to public use of any road, any trail, or any other portion of the lands
withdrawn by this Act, the Secretary of the Air Force may take such action as the Secretary of the Air Force determines necessary or desirable to effect and maintain such closure. Such closures shall be limited to the minimum areas and periods which the Secretary of the Air Force determines are required for the purposes specified in this subsection. During such closures appropriate warning notices shall be kept posted and the Secretary of the Air Force shall take appropriate steps to notify the public concerning such closures.

(c)(1) As soon as possible after the date of the enactment of this Act, the Secretary of the Interior shall prepare and publish in the Federal Register a legal description of the lands withdrawn by this Act. The Secretary of the Air Force shall reimburse the Secretary of the Interior for the costs of preparing and publishing such description.

(2) The map referred to in section 1(a) shall be on file and available for public inspection in the Offices of the Secretary of the Interior and the Secretary of the Air Force in Washington, District of Columbia, and Las Vegas and Carson City, Nevada.

(3) The withdrawal provided by this Act is not intended to—
   (A) reserve or otherwise withdraw any water for use in connection with the purposes specified in section 1;
   (B) affect in any manner the future appropriation, under State law, by the United States or others, of waters in, under, or upon the lands withdrawn by this Act; or
   (C) affect any water rights acquired by the Secretary of the Air Force or any other person or entity before the date of the enactment of this Act.

(4) The withdrawal established by this Act may not be extended or renewed except by Act of Congress.

The terms of designation may be modified only by the same procedures by which the original designation is made.

“(5) FISHING REGULATIONS.—The Secretary shall provide the appropriate Regional Fishery Management Council with the opportunity to prepare draft regulations for fishing within the United States Fishery Conservation Zone as the Council may deem necessary to implement the proposed designation. "(c) Any retirement or separation under subsection (a) shall take effect on the first day of the sixth month beginning after the date on which the Secretary of Commerce approves the retirement or separation, except that if the officer concerned requests earlier retirement or separation, the date shall be as determined by the Secretary.

"SEC. 9. (a) An officer who is separated under section 8 and who has completed more than three years of continuous active service immediately before that separation is entitled to separation pay computed under subsection (b) unless the Secretary of Commerce determines that the conditions under which the officer is separated do not warrant payment of that pay.

"(2) An officer who has received separation pay under this section may not be deprived, by reason of receipt of that pay, of any disability compensation to which the officer is entitled under the laws administered by the Veterans' Administration, but there shall be deducted from that disability compensation an amount equal to the total amount of separation pay received. An Act

To amend the Federal Aviation Act of 1958 to provide for the revocation of the airman certificates and for additional penalties for the transportation by aircraft of controlled substances, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Aviation Drug-Trafficking Control Act”.

SEC. 2. (a) Section 609 of the Federal Aviation Act of 1958 (49 U.S.C. App. 1429) is amended by adding at the end thereof the following new subsection:

“TRANSPORTATION, DISTRIBUTION, AND OTHER ACTIVITIES RELATED TO CONTROLLED SUBSTANCES

“(c)(1) The Administrator shall issue an order revoking the airman certificates of any person upon conviction of such person of a crime punishable by death or imprisonment for a term exceeding one year under a State or Federal law relating to a controlled substance (other than a law relating to simple possession of a controlled substance), if the Administrator determines that (A) an aircraft was used in the commission of the offense or to facilitate the commission of the offense, and (B) such person served as an airman, or was on board such aircraft, in connection with the commission of the offense or the facilitation of the commission of the offense. The Administrator shall have no authority under this paragraph to review the issue of whether an airman violated a State or Federal law relating to a controlled substance.

“(2) The Administrator shall issue an order revoking the airman certificates of any person if the Administrator determines that (A) such person knowingly engaged in an activity that is punishable by death or imprisonment for a term exceeding one year under a State or Federal law relating to a controlled substance (other than any law relating to simple possession of a controlled substance), (B) an aircraft was used to carry out such activity or to facilitate such activity, and (C) such person served as an airman, or was on board such aircraft, in connection with such activity or the facilitation of such activity. The Administrator shall not revoke, and the National Transportation Safety Board on appeal under paragraph (3) shall not affirm the revocation of, a certificate under this paragraph on the basis of any activity if the holder of the certificate is acquitted of all charges contained in an indictment or information which relate to controlled substances and which arise from such activity.

“(3) Prior to revoking an airman certificate under this subsection, the Administrator shall advise the holder thereof of the charges or any reasons relied upon by the Administrator for his proposed action and shall provide the holder of such certificate an opportunity to answer any charges and be heard as to why such certificate should not be revoked. Any person whose certificate is revoked by the Administrator under this subsection may appeal the Adminis-
trator's order to the National Transportation Safety Board and the Board shall, after notice and a hearing on the record, affirm or reverse the Administrator's order. In the conduct of its hearings, the National Transportation Safety Board shall not be bound by findings of fact of the Administrator. The filing of an appeal with the National Transportation Safety Board shall stay the effectiveness of the Administrator's order unless the Administrator advises the Board that safety in air commerce or air transportation requires the immediate effectiveness of his order, in which event the order shall remain effective and the Board shall finally dispose of the appeal within sixty days after being so advised by the Administrator. The person substantially affected by the National Transportation Safety Board's order may obtain judicial review of such order under the provisions of section 1006, and the Administrator shall be made a party to such proceedings.

"(4) For purposes of this subsection, the term 'controlled substance' has the meaning given such term by section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)).".

(b) That portion of the table of contents contained in the first section of the Federal Aviation Act of 1958 which appears under the side heading "Sec. 609. Amendment, suspension, and revocation of certificates." is amended by adding at the end thereof

"(c) Transportation, distribution, and other activities related to controlled substances.".

"(2)(A) Except as provided in subparagraphs (B) and (O), the Administrator shall not issue an airman certificate to any person whose airman certificate has been revoked under subsection (c) of section 609 of this title during the five-year period beginning on the date of such revocation.

"(B) The Administrator may issue an airman certificate to any such person before the end of such five-year period (but not before the end of the one-year period beginning on the date of such revocation) if, in addition to the findings required by paragraph (1), the Administrator determines (i) that revocation of the certificate for such five-year period would be excessive considering the nature of the offense or the act committed and the burden which revocation places on such person, or (ii) that revocation of the certificate for such five-year period would not be in the public interest. The determinations under clauses (i) and (ii) of the preceding sentence shall be within the discretion of the Administrator and any such determination or failure to make such a determination shall not be subject to administrative or judicial review.

"(C) In any case in which the Administrator has revoked an airman certificate of a person under section 609(c) (1) or (2) as a result of any activity and—

"(i) such person is subsequently acquitted of all charges contained in an indictment or information which relate to controlled substances and which arise from such activity; or

"(ii) in the case of a revocation under section 609(c)(1), the judgment of conviction on which the revocation is based is reversed on appeal;
the Administrator shall issue an airman certificate to such person if such person is otherwise qualified to serve as an airman under this section.”.

SEC. 4. (a) Section 501(e) of the Federal Aviation Act of 1958 (49 U.S.C. App. 1401(e)) is amended by inserting “(1)” after “(e)” and by adding at the end thereof the following new paragraph:

“(2)(A) The Administrator shall issue an order revoking the certificate of registration issued to an owner under this section for an aircraft and each other certificate of registration held by such owner under this section, if the Administrator determines that—

“(i) such aircraft has been used to carry out an activity, or to facilitate an activity, that is punishable by death or imprisonment for a term exceeding one year under a State or Federal law relating to a controlled substance (other than any law relating to simple possession of a controlled substance); and

“(ii) the use of the aircraft was permitted by such owner with the knowledge that the aircraft was intended to be used for an activity described in clause (i) of this subparagraph.

For purposes of this paragraph, an owner of an aircraft who is not an individual shall be considered to have permitted the use of an aircraft with knowledge that it was intended to be used for an activity described in clause (i) of this subparagraph only if a majority of the individuals who control such owner or who are involved in forming the major policy of such owner permitted the use of the aircraft with knowledge of such intended use. The Administrator shall not revoke, and the National Transportation Safety Board on appeal under subparagraph (B) shall not affirm the revocation of, a certificate under this paragraph on the basis of any activity if the holder of the certificate is acquitted of all charges contained in an indictment or information which relate to controlled substances and which arise from such activity.

“(B) Prior to revoking any certificate of registration under this subsection, the Administrator shall advise the holder thereof of the charges or any reasons relied upon by the Administrator for his proposed action and shall provide the holder of the certificate of registration an opportunity to answer any charges and be heard as to why such certificate should not be revoked. Any person whose certificate of registration is revoked by the Administrator under this subsection may appeal the Administrator's order to the National Transportation Safety Board and the Board shall, after notice and a hearing on the record, affirm or reverse the Administrator's order. In the conduct of its hearings, the National Transportation Safety Board shall not be bound by findings of fact of the Administrator. The filing of an appeal with the National Transportation Safety Board shall stay the effectiveness of the Administrator's order unless the Administrator advises the Board that safety in air commerce or air transportation requires the immediate effectiveness of his order, in which event the order shall remain effective and the Board shall finally dispose of the appeal within 60 days after being so advised by the Administrator. The person substantially affected by the National Transportation Safety Board's order may obtain judicial review of such order under the provisions of section 1006, and the Administrator shall be made a party to such proceedings.

“(C) For purposes of this paragraph, the term 'controlled substance' has the meaning given such term by section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)).
“(D) Except as provided in subparagraphs (E) and (F), the Administrator shall not issue a certificate of registration to any person who has had a certificate revoked under subparagraph (A) of this paragraph during the five-year period beginning on the date of such revocation.

“(E) The Administrator may issue a certificate of registration for an aircraft to any such person before the end of such five-year period (but not before the end of the one-year period beginning on the date of such revocation) if the Administrator determines that such aircraft is otherwise eligible for registration under this section and (i) that revocation of the certificate for such five-year period would be excessive considering the nature of the offense or the act committed and the burden which revocation places on such person, or (ii) that revocation of the certificate for such five-year period would not be in the public interest. The determinations under clauses (i) and (ii) of the preceding sentence shall be within the discretion of the Administrator and any such determination or failure to make such a determination shall not be subject to administrative or judicial review.

“(F) In any case in which the Administrator has revoked the certificate of registration as a result of any activity and such person is subsequently acquitted of all charges contained in an indictment or information which relate to controlled substances and which arise from such activity, the Administrator shall issue a certificate of registration to such person if such person is otherwise qualified for such a certificate under this section.”.

“(b) Notwithstanding subsection (a), a Federal agency shall conduct any additional audits which are necessary to carry out its responsibilities under Federal law or regulation. The provisions of this chapter do not authorize any State or local government (or subrecipient thereof) to constrain, in any manner, such agency from carrying out such additional audits.

Each Federal agency shall promulgate such amendments to its regulations as may be necessary to conform such regulations to the requirements of this chapter and of such policies, procedures, and guidelines.

(b)(1) The policies, procedures, and guidelines prescribed pursuant to subsection (a) shall include criteria for determining the appropriate charges to programs of Federal financial assistance for the cost of audits. Such criteria shall prohibit a State or local government which is required to conduct an audit pursuant to this chapter from charging to any such program (A) the cost of any financial or financial and compliance audit which is not conducted in accordance with this chapter, and (B) more than a reasonably proportionate share of the cost of any such audit that is conducted in accordance with this chapter.

(2) The criteria prescribed pursuant to paragraph (1) shall not, in the absence of documentation demonstrating a higher actual cost, permit (A) the ratio of (i) the total charges by a government to Federal financial assistance programs for the cost of audits performed pursuant to this chapter, to (ii) the total cost of such audits, to exceed (B) the ratio of (i) total Federal financial assistance expended by such government during the applicable fiscal year or years, to (ii) such government’s total expenditures during such fiscal year or years.

(c) Such policies, procedures, and guidelines shall include such provisions as may be necessary to ensure that small business concerns and business concerns owned and controlled by socially and economically disadvantaged individuals will have the opportunity to participate in the performance of contracts awarded to fulfill the audit requirements of this chapter.

98th Congress

An Act

To designate certain national forest system lands in the State of Arkansas for inclusion in the National Wilderness Preservation System, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Arkansas Wilderness Act of 1984”.

Sec. 2. (a) The Congress finds that—

(1) many areas of undeveloped national forest system lands in the State of Arkansas possess outstanding natural characteristics which give them high values as wilderness and will, if properly preserved, contribute as an enduring resource of wilderness for the benefit of the American people;

(2) the Department of Agriculture's second roadless area review and evaluation (RARE II) of national forest system lands in the State of Arkansas and the related congressional review of such lands have identified areas which, on the basis of their land-form, ecosystem, associated wildlife, and location, will help to fulfill the national forest system's share of a quality National Wilderness Preservation System; and

(3) the Department of Agriculture's second roadless area review and evaluation of national forest system lands in the State of Arkansas and the related congressional review of such lands have also identified areas which do not possess outstanding wilderness attributes or which possess outstanding energy, mineral, timber, grazing, dispersed recreation, and other values and which should not now be designated as components of the National Wilderness Preservation System but should be available for nonwilderness multiple uses under the land management planning process and other applicable laws.

(b) The purposes of this Act are to—

(1) designate certain national forest system lands in the State of Arkansas as components of the National Wilderness Preservation System, in order to promote, perpetuate, and preserve the wilderness character of the land, protect watersheds and wildlife habitat, preserve scenic and historic resources, and promote scientific research, primitive recreation, solitude, physical and mental challenge, and inspiration for the benefit of all the American people, to a greater extent than is possible in the absence of wilderness designation; and

(2) insure that certain other national forest system lands in the State of Arkansas be available for nonwilderness multiple uses.

Sec. 3. In furtherance of the purposes of the Wilderness Act, the following lands in the State of Arkansas are hereby designated as wilderness and, therefore, as components of the National Wilderness Preservation System:

(a) certain lands in the Ouachita National Forest, Arkansas, which comprise approximately seven thousand five hundred
and sixty-eight acres, as generally depicted on a map entitled "Black Fork Mountain Wilderness—Proposed", dated September 1984, and which shall be known as the Black Fork Mountain Wilderness;

(b) certain lands in the Ouachita National Forest, Arkansas, which comprise approximately six thousand three hundred and ten acres, as generally depicted on a map entitled "Dry Creek Wilderness—Proposed", dated September 1984, and which shall be known as the Dry Creek Wilderness;

(c) certain lands in the Ouachita National Forest, Arkansas, which comprise approximately ten thousand eight hundred and eighty-four acres, as generally depicted on a map entitled "Poteau Mountain Wilderness—Proposed", dated September 1984, and which shall be known as the Poteau Mountain Wilderness;

(d) certain lands in the Ouachita National Forest, Arkansas, which comprise approximately ten thousand one hundred and five acres, as generally depicted on a map entitled "Flatside Wilderness—Proposed", dated September 1984, and which shall be known as the Flatside Wilderness;

(e) certain lands in the Ozark-Saint Francis National Forest which comprise approximately one thousand five hundred and four acres, as generally depicted on a map entitled "Upper Buffalo Addition—Proposed", dated November 1983, and which are hereby incorporated in and shall be deemed to be a part of the Upper Buffalo Wilderness as designated by Public Law 93-622;

(f) certain lands in the Ozark-Saint Francis National Forest which comprise approximately fifteen thousand one hundred and seventy-seven acres, as generally depicted on a map entitled "Hurricane Creek Wilderness—Proposed", dated November 1983, and which shall be known as the Hurricane Creek Wilderness;

(g) certain lands in the Ozark-Saint Francis National Forest, Arkansas, which comprise approximately eleven thousand eight hundred and twenty-two acres, as generally depicted on a map entitled "Richland Creek Wilderness—Proposed", dated November 1983, and which shall be known as the Richland Creek Wilderness;

(h) certain lands in the Ozark-Saint Francis National Forest, Arkansas, which comprise approximately ten thousand seven hundred and seventy-seven acres, as generally depicted on a map entitled "East Fork Wilderness—Proposed", dated September 1984, and which shall be known as the East Fork Wilderness; and

(i) certain lands in the Ozark-Saint Francis National Forest, Arkansas, which comprise approximately sixteen thousand nine hundred and fifty-six acres, as generally depicted on a map entitled "Leatherwood Wilderness—Proposed", dated November 1983, and which shall be known as the Leatherwood Wilderness.

Conservation.

SEC. 4. (a) The Congress finds that—

(1) the Department of Agriculture has completed the second roadless area review and evaluation program (RARE II);

(2) the Congress has made its own review and examination of national forest system roadless areas in Arkansas and of the
environmental impacts associated with alternative allocations of such areas.

(b) On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the questions of the legal and factual sufficiency of the RARE II Final Environmental Impact Statement (dated January 1979) with respect to national forest system lands in States other than Arkansas, such statement shall not be subject to judicial review with respect to national forest system lands in the State of Arkansas;

(2) with respect to the national forest system lands in the State of Arkansas which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II) and those lands referred to in subsection (d), that review and evaluation or reference shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revisions of the plans, but shall review the wilderness option when the plans are revised, which revisions will ordinarily occur on a ten-year cycle, or at least every fifteen years, unless, prior to such time the Secretary of Agriculture finds that conditions in a unit have significantly changed;

(3) areas in the State of Arkansas reviewed in such final environmental statement or referenced in subsection (d) and not designated wilderness upon enactment of this Act shall be managed for multiple use in accordance with land management plans pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976: Provided, That such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the initial land management plans;

(4) in the event that revised land management plans in the State of Arkansas are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purpose of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law; and

(5) unless expressly authorized by Congress, the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of national forest system lands in the State of Arkansas for the purpose of determining their suitability for inclusion in the National Wilderness Preservation System.
(c) As used in this section, and as provided in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, the term "revision" shall not include an "amendment" to a plan.

(d) The provisions of this section shall also apply to national forest system roadless lands in the State of Arkansas which are less than five thousand acres in size.

SEC. 5. Sec. 102. (a) Title XIX is amended by striking out section 1912 and inserting in lieu thereof the following:

"GRANTS"

"Sec. 1912. (a) The Secretary may use not more than 1 percent of the amount appropriated under section 1911 for any fiscal year to make grants to public and nonprofit private entities for projects for the training and retraining of employees adversely affected by changes in the delivery of mental health services and for providing such employees assistance in securing employment.

"(b) No grant may be made by the Secretary under subsection (a) unless an application therefor has been submitted to, and approved by, the Secretary. Such application shall be in such form, submitted in such manner, and contain and be accompanied by such information, as the Secretary may specify. No such application may be approved unless it contains assurances that the applicant will use the funds provided only for the purposes specified in the approved application and will establish such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting of Federal funds paid to the applicant under subsection (a).

"ALLOTMENTS"

"Sec. 1913. (a)(1) If the amount available for allotment from appropriations under section 1911 for a fiscal year does not exceed $490,000,000, the Secretary shall allot such amount—"
“(A) on the basis of a formula prescribed by the Secretary which is based equally—
   “(i) on the population of each State, and
   “(ii) the population of each State weighted by its relative per capita income, or
   “(B) on the basis of the amount received by a State in fiscal year 1984, whichever yields a higher amount. For purposes of subparagraph (A), the term ‘relative per capita income’ means the quotient of the per capita income of the United States and the per capita income of the State, except that if the State is Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, the Commonwealth of Puerto Rico, or the Virgin Islands, the quotient shall be considered to be one.

“(2) If the amount available for allotment from appropriations under section 1911 for a fiscal year is at least $490,000,000, the Secretary shall allot $490,000,000 in accordance with paragraph (1) and shall allot the amount which is in excess of such amount on the basis of the formula described in paragraph (1)(A).

“(3) Notwithstanding paragraph (1), if the aggregate of the amounts to be allotted to each State pursuant to paragraph (1)(B) in any fiscal year exceeds the total amount available for allotment from appropriations under section 1911, the amount to be allotted to a State for such fiscal year shall be an amount which bears the same ratio to the amount which is to be allotted to the State pursuant to such paragraph as the total amount available for allotment from appropriations under section 1911 bears to the total of the amount required to be appropriated and made available under such section for allotments to provide each State with the allotment required by such paragraph.

“(4) To the extent that all the funds appropriated under section 1911 for a fiscal year and available for allotment in such fiscal year are not otherwise allotted to States because—
   “(A) one or more States have not submitted an application or description of activities in accordance with section 1916 for the fiscal year;
   “(B) one or more States have notified the Secretary that they do not intend to use the full amount of their allotment; or
   “(C) some State allotments are offset or repaid under section 1917(b)(3); such excess shall be allotted among each of the remaining States in proportion to the amount otherwise allotted to such States for the fiscal year without regard to this paragraph.

“(b)(1) If the Secretary—
   “(A) receives a request from the governing body of an Indian tribe or tribal organization within any State that funds under this part be provided directly by the Secretary to such tribe or organization, and
   “(B) determines that the members of such tribe or tribal organization would be better served by means of grants made directly by the Secretary on this part, the Secretary shall reserve from amounts which would otherwise be allotted to such State under subsection (a) for the fiscal year the amount determined under paragraph (2).

“(2) The Secretary shall reserve for the purpose of paragraph (1) from amounts that would otherwise be allotted to such State under subsection (a) an amount equal to the amount which bears the same
ratio to the State's allotment for the fiscal year involved as the total amount provided or allotted for fiscal year 1980 by the Secretary to such tribe or tribal organization under—

"(A) the Community Mental Health Centers Act,

"(B) the Mental Health Systems Act,

"(C) section 301 of this Act,

"(D) sections 301 and 312 of the Comprehensive Alcohol Abuse and Alcoholism, Prevention, Treatment, and Rehabilitation Act of 1970, and

"(E) sections 409 and 410 of the Drug Abuse Prevention, Treatment, and Rehabilitation Act,

bore to the total amount provided or allotted for such fiscal year by the Secretary to the State and entities (including Indian tribes and tribal organizations) in the State under such provisions of law.

"(3) The amount reserved by the Secretary on the basis of a determination under this subsection shall be granted to the Indian tribe or tribal organization serving the individuals for whom such a determination has been made.

"(4) In order for an Indian tribe or tribal organization to be eligible for a grant for a fiscal year under this subsection, it shall submit to the Secretary a plan for such fiscal year which meets such criteria as the Secretary may prescribe.

"(5) The terms 'Indian tribe' and 'tribal organization' have the same meaning given such terms in section 4(b) and section 4(c) of the Indian Self-Determination and Education Assistance Act.”

(b)(1) The Secretary of Health and Human Services shall enter into an agreement with a nongovernmental entity to review the allotment of funds to the States under part B of title XIX of the Public Health Service Act for the purpose of determining whether a formula for the allotment of funds under such part can be devised which is more equitable than the formula specified in section 1913 of such Act. In conducting such review, such entity shall consider—

(B) the populations of the States;

Bilingual Education Act.

20 USC 3221.

"TITLE VII—BILINGUAL EDUCATION PROGRAMS"

"SHORT TITLE"

"Sec. 701. This title may be cited as the 'Bilingual Education Act'."

"POLICY; APPROPRIATIONS"

"Sec. 702. (a) Recognizing—"

"(1) that there are large and growing numbers of children of limited English proficiency;"

"(2) that many of such children have a cultural heritage which differs from that of English proficient persons;"

"(3) that the Federal Government has a special and continuing obligation to assist in providing equal educational opportunity to limited English proficient children;"

"(4) that the Federal Government has a special and continuing obligation to assist language minority students to acquire the English language proficiency that will enable them to become full and productive members of society;"

"(5) that a primary means by which a child learns is through the use of such child's native language and cultural heritage;"

"(6) that, therefore, large numbers of children of limited English proficiency have educational needs which can be met by the use of bilingual educational methods and techniques;"

"(7) that in some school districts establishment of bilingual education programs may be administratively impractical due to the presence of small numbers of students of a particular native language or because personnel who are qualified to provide bilingual instructional services are unavailable;"

"(8) that States and local school districts should be encouraged to determine appropriate curricula for limited English proficient students within their jurisdictions and to develop and implement appropriate instructional programs;"

"(9) that children of limited English proficiency have a high dropout rate and low median years of education;"

"(10) that the segregation of many groups of limited English proficient students remains a serious problem;"

"(11) that both limited English proficient children and children whose primary language is English can benefit from bilingual education programs, and that such programs help develop our national linguistic resources;"

"(12) that research, evaluation, and data collection capabilities in the field of bilingual education need to be strengthened so as to better identify and promote those programs and instructional practices which result in effective education;"

"(13) that parent and community participation in bilingual education programs contributes to program effectiveness; and"

"(14) that because of limited English proficiency, many adults are not able to participate fully in national life, and that limited English proficient parents are often not able to participate effectively in their children's education,"

the Congress declares it to be the policy of the United States, in order to establish equal educational opportunity for all children and to promote educational excellence (A) to encourage the establishment and operation, where appropriate, of educational programs using bilingual educational practices, techniques, and methods, (B)
to encourage the establishment of special alternative instructional programs for students of limited English proficiency in school districts where the establishment of bilingual education programs is not practicable or for other appropriate reasons, and (C) for those purposes, to provide financial assistance to local educational agencies, and, for certain related purposes, to State educational agencies, institutions of higher education, and community organizations. The programs assisted under this title include programs in elementary and secondary schools as well as related preschool and adult programs which are designed to meet the educational needs of individuals of limited English proficiency, with particular attention to children having the greatest need for such programs. Such programs shall be designed to enable students to achieve full competence in English. Such programs may additionally provide for the development of student competence in a second language.

“(b)(1) For the purposes of carrying out the provisions of this title, there are authorized to be appropriated for fiscal year 1985 and each of the three succeeding years such sums as may be necessary, subject to paragraph (7).

“(2) There are further authorized to be appropriated to carry out the provisions of section 732, such sums as may be necessary for fiscal year 1985 and each of the three succeeding fiscal years, subject to paragraph (7).

“(3) From the sums appropriated under paragraph (1) for any fiscal year which do not exceed $140,000,000, the Secretary shall reserve 4 percent for special alternative instructional programs and related activities authorized under this Act. From the sums appropriated under paragraph (1) for any fiscal year in excess of $140,000,000, the Secretary shall reserve 50 percent for special alternative instructional programs and related activities authorized under this Act, except that the amount of funds reserved for special alternative instructional programs and related activities pursuant to this paragraph shall not exceed 10 percent of the funds appropriated under paragraph (1).

“(4) From the sums appropriated under paragraph (1) for any fiscal year, the Secretary shall reserve at least 60 percent for the programs carried out under part A of this Act; and of this amount, at least 75 percent shall be reserved for the programs of transitional bilingual education carried out under section 721(a)(1).

“(5) From the sums appropriated under paragraph (1) for any fiscal year, the Secretary shall reserve at least 25 percent for training activities carried out under part C.

“(6) The Secretary shall reserve from the amount not reserved pursuant to paragraphs (4) and (5) of this subsection such amount as may be necessary, but not in excess of 1 percent thereof, for the purposes of section 752.

“(7) Notwithstanding paragraphs (1) and (2), no amount in excess of $176,000,000 is authorized to be appropriated to carry out the provisions of this title (including section 732) for fiscal year 1985.

Such instruction shall incorporate the cultural heritage of such children and of other children in American society. Such instruction shall, to the extent necessary, be in all courses or subjects of study which will allow a child to meet grade-promotion and graduation standards.

“(B) In order to prevent the segregation of children on the basis of national origin in programs of transitional bilingual education, and in order to broaden the understanding of children about languages and cultural heritages other than their own, a program of transitional bilingual education may include the participation of children whose language is English, but in no event shall the percentage of such children exceed 40 percent. The program may provide for centralization of teacher training and curriculum development, but it shall serve such children in the schools which they normally attend.

“(C) In such courses or subjects of study as art, music, and physical education, a program of transitional bilingual education shall make provision for the participation of children of limited English proficiency in regular classes.

“(D) Children enrolled in a program of transitional bilingual education shall, if graded classes are used, be placed, to the extent practicable, in classes with children of approximately the same age and level of educational attainment. If children of significantly varying ages or levels of educational attainment are placed in the same class, the program of transitional bilingual education shall seek to ensure that each child is provided

Such programs shall be designed to help children achieve competence in English and a second language, while mastering subject matter skills. Such instruction shall, to the extent necessary, be in all courses or subjects of study which will allow a child to meet grade-promotion and graduation standards.

“(B) Where possible, classes in programs of developmental bilingual education shall be comprised of approximately equal numbers of students whose native language is English and limited English proficient students whose native language is the second language of instruction and study in the program.

“(6) The term ‘special alternative instructional programs’ means programs of instruction designed for children of limited English proficiency in elementary and secondary schools. Such programs are not transitional or developmental bilingual education programs, but have specially designed curricula and are appropriate for the particular linguistic and instructional needs of the children enrolled. Such programs shall provide, with respect to the years of study to which such program is applicable, structured English language instruction and special instructional services which will allow a child to achieve competence in the English language and to meet grade-promotion and graduation standards.

“(7) The term ‘family English literacy program’ means a program of instruction designed to help limited English proficient adults and out-of-school youth achieve competence in the English language. Such programs of instruction may be conducted exclusively in English or in English and the student’s native language. Where appropriate, such programs may include instruction on how parents and family members can facilitate the educational achievement of limited English proficient children. To the extent feasible, preference for participation in such programs shall be accorded to the parents and immediate family members of children enrolled in programs assisted under this title.

“(8) The term ‘programs of academic excellence’ means programs of transitional bilingual education, developmental bilingual education, or special alternative instruction which have an established record of providing effective, academically excellent instruction and which are designed to serve as models of exemplary bilingual education programs and to facilitate the dissemination of effective bilingual educational practices.

the Department of Education directly involving bilingual education activities serving persons of limited English proficiency, such as the programs carried out in coordination with the provisions of this title pursuant to part E of title IV of the Carl D. Perkins Vocational Education Act, and section 306(a)(11) of the Adult Education Act, and programs and projects serving areas with high concentrations of persons of limited English proficiency pursuant to section 6(b)(4) of the Library Services and Construction Act.

"(b)(1) In prescribing regulations under this title, the Secretary shall, through the National Advisory and Coordinating Council on Bilingual Education, consult with State and local educational agencies, organizations representing persons of limited English proficiency, and organizations representing teachers and other personnel involved in bilingual education.

"(2) The Secretary shall not prescribe under this title any regulations further defining the terms defined in paragraphs (4), (5), (6), (7), and (8) of subsection (a), or any regulations restricting or expanding the definitions contained in such paragraphs.

SEC. 605. Whenever the Secretary, after reasonable notice and opportunity for a hearing to any State educational agency, finds that there is a failure to meet the requirements of any provision of this title, the Secretary shall notify that agency that further payments will not be made to the agency under this title, or in the discretion of the Secretary, that the State educational agency shall not make further payments under this title to specified local educational agencies whose actions cause or are involved in such failure until the Secretary is satisfied that there is no longer any such failure to comply. Until the Secretary is so satisfied, no further payments shall be made to the State educational agency under this title, or payments by the State educational agency under this title shall be limited to local educational agencies whose actions did not cause or were not involved in the failure, as the case may be.

STATE ENTITLEMENTS

SEC. 606. (a) The Secretary shall, in accordance with the provisions of this section, make payments to State educational agencies for each of the fiscal years 1985, 1986, 1987, 1988, and 1989 for the purpose set forth in section 607.

(b)(1) Except as provided in paragraph (3) and in subsections (c) and (d) of this section, the amount of the grant to which a State educational agency is entitled under this title shall be equal to the product of (A) the number of immigrant children enrolled during such fiscal year in elementary and secondary public schools under the jurisdiction of each local educational agency described under paragraph (2) within that State, and in any elementary or secondary nonpublic school within the district served by each such local educational agency, multiplied by (B) $500.

(2) The local educational agencies referred to in paragraph (1) are those local educational agencies in which the sum of the number of immigrant children who are enrolled in elementary or secondary public schools under the jurisdiction of such agencies, and in elementary or secondary nonpublic schools within the districts served by such agencies, during the fiscal year for which the payments are to be made under this title, is equal to—

(A) at least five hundred; or

(B) at least 3 per centum of the total number of students enrolled in such public or nonpublic schools during such fiscal year;

whichever number is less.

(3)(A) The amount of the grant of any State educational agency for any fiscal year as determined under paragraph (1) shall be reduced by the amounts made available for such fiscal year under any other Federal law for expenditure within the State for the same purpose as those for which funds are available under this title, but such
reduction shall be made only to the extent that (i) such amounts are made available for such purpose specifically because of the refugee, parolee, asylee, or other immigrant status of the individuals served by such funds, and (ii) such amounts are made available to provide assistance to individuals eligible for services under this title.

(B) No reduction of a grant under this title shall be made under subparagraph (A) for any fiscal year if a reduction is made, pursuant to a comparable provision in any such other Federal law, in the amount made available for expenditure in the State for such fiscal year under such other Federal law, based on the amount assumed to be available under this title.

(c)(1) Determinations by the Secretary under this section for any period with respect to the number of immigrant children shall be made on the basis of data or estimates provided to the Secretary by each State educational agency in accordance with criteria established by the Secretary, unless the Secretary determines, after notice and opportunity for a hearing to the affected State educational agency, that such data or estimates are clearly erroneous.

(2) No such determination with respect to the number of immigrant children shall operate because of an underestimate or overestimate to deprive any State educational agency of its entitlement to any payment (or the amount thereof) under this section to which such agency would be entitled had such determination been made on the basis of accurate data.

(d) Whenever the Secretary determines that any amount of a payment made to a State under this title for a fiscal year will not be used by such State for carrying out the purpose for which the payment was made, the Secretary shall make such amount available for carrying out such purpose to one or more other States to the extent the Secretary determines that such other States will be able to use such additional amount for carrying out such purpose. Any amount made available to a State from an appropriation for a fiscal year in accordance with the preceding sentence shall, for purposes of this title, be regarded as part of such State's payment (as determined under subsection (b)) for such year, but shall remain available until the end of the succeeding fiscal year.

USES OF FUNDS

Sec. 607. (a) Payments made under this title to any State may be used in accordance with applications approved under section 608 for supplementary educational services and costs, as described under subsection (b) of this section, for immigrant children enrolled in the elementary and secondary public schools under the jurisdiction of the local educational agencies of the State described in section 606(b)(2) and in elementary and secondary nonpublic schools of that State within the districts served by such agencies.

(b) Financial assistance provided under this title shall be available to meet the costs of providing immigrant children supplementary educational services, including but not limited to—

(1) supplementary educational services necessary to enable those children to achieve a satisfactory level of performance, including—

(A) English language instruction;

(B) other bilingual educational services; and

(C) special materials and supplies.
(2) additional basic instructional services which are directly attributable to the presence in the school district of immigrant children, including the costs of providing additional classroom supplies, overhead costs, costs of construction, acquisition or rental of space, costs of transportation, or such other costs as are directly attributable to such additional basic instructional services; and

(3) essential inservice training for personnel who will be providing instruction described in either paragraph (1) or (2) of this subsection.

APPLICATIONS

Sec. 608. (a) No State educational agency shall be entitled to any payment under this title for any period unless that agency submits an application to the Secretary at such time, in such manner, and containing or accompanied by such information, as the Secretary may reasonably require. Each such application shall—

(1) provide that the educational programs, services, and activities for which payments under this title are made will be administered by or under the supervision of the agency;

(2) provide assurances that payments under this title will be used for purposes set forth in section 607;

(3) provide assurances that such payments will be distributed among local educational agencies within that State on the basis of the number of children counted with respect to such local educational agency under section 606(b)(1), adjusted to reflect any reductions imposed pursuant to section 606(b)(3) which are attributable to such local educational agency;

(4) provide assurances that the State educational agency will not finally disapprove in whole or in part any application for funds received under this title without first affording the local educational agency submitting an application for such funds reasonable notice and opportunity for a hearing;

(5) provide for making such reports as the Secretary may reasonably require to perform the functions under this title; and

(6) provide assurances—

(A) that to the extent consistent with the number of immigrant children enrolled in the elementary or secondary nonpublic schools within the district served by a local educational agency, such agency, after consultation with appropriate officials of such schools, shall provide for the benefit of these children secular, neutral, and nonideological services, materials, and equipment necessary for the education of such children;

(B) that the control of funds provided under this title and the title to any materials, equipment, and property repaired, remodeled, or constructed with those funds shall be in a public agency for the uses and purposes provided in this title, and a public agency shall administer such funds and property; and

(C) that the provision of services pursuant to this paragraph shall be provided by employees of a public agency or through contract by such public agency with a person, association, agency, or corporation who or which, in the provision of such services, is independent of such elemen-
tary or secondary nonpublic school and of any religious organization; and such employment or contract shall be under the control and supervision of such public agency, and the funds provided under this paragraph shall not be commingled with State or local funds.

(b) The Secretary shall approve an application which meets the requirements of subsection (a). The Secretary shall not finally disapprove an application of a State educational agency except after reasonable notice and opportunity for a hearing on the record to such agency.

PAYMENTS

Sec. 609. (a) Except as provided in section 603(b), the Secretary shall pay to each State educational agency having an application approved under section 608 the amount which that State is entitled to receive under this title.

(b) If by reason of any provision of law a local educational agency is prohibited from providing educational services for children enrolled in elementary and secondary nonpublic schools, as required by section 608(a)(6), or if the Secretary determines that a local educational agency has substantially failed or is unwilling to provide for the participation on an equitable basis of children enrolled in such schools, the Secretary may waive such requirement and shall arrange for the provision of services to such children through arrangements which shall be subject to the requirements of this title. Such waivers shall be subject to consultation, withholding, notice, and judicial review requirements in accordance with section 557(b)(3) and (4) of the Education Consolidation and Improvement Act of 1981.

An Act

Pertaining to the inheritance of trust or restricted land on the Lake Traverse Indian Reservation, North Dakota and South Dakota, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That to the extent that the laws of devise, descent and distribution of the State of North Dakota or the State of South Dakota are inconsistent with this Act or to the extent that the Indian Land Consolidation Act (25 U.S.C. 2201 et seq.), is inconsistent with this Act, the provisions of this Act shall govern the right to inherit trust or restricted land located within such States and within the original exterior boundaries of the Lake Traverse Indian Reservation (hereinafter the “reservation”) as described in article III of the Treaty of February 19, 1867 (15 Stat. 505).

SEC. 2. (a) Except as provided in section 4 of this Act, only the Sisseton-Wahpeton Sioux Tribe of North Dakota and South Dakota (hereinafter the “tribe”) or persons who are enrolled members of the tribe shall be entitled to receive by devise or descent any interest in trust or restricted land within the reservation.

(b) The provisions of this Act shall apply only to estates of decedents whose deaths occur on or after the date of enactment of this Act.

SEC. 3. (a) Whenever any person dies possessed of any interest in trust or restricted land within the reservation and the trust or restricted land has not been devised by a will approved by the Secretary of the Interior pursuant to section 2 of the Act of June 25, 1910 (36 Stat. 856), as amended (25 U.S.C. 373), or the bequest or devise is not consistent with the provisions of section 2 of this Act, such interest shall descend to the following persons: Provided, That such persons are eligible heirs under sections 2 and 5 of this Act:

(1) one-half of the interest shall descend to the surviving spouse and the other one-half shall descend in equal shares to the children of the decedent and to the issue of any deceased child of the decedent by right of representation;

(2) if there is no surviving spouse, the interest shall descend in equal shares to the children of the decedent and to the issue of any deceased child of the decedent by right of representation;

(3) if there are no surviving children or issue of any child, the interest shall descend to the surviving spouse;

(4) if there is no surviving spouse and no surviving children or issue of any child, the interest shall descend to the surviving parents or parent of the decedent;

(5) if there is no surviving spouse, and no surviving children or issue of any child, and no surviving parent, the interest shall descend equally to the brothers and sisters of the decedent; and

(6) if there is no surviving spouse, and no surviving children or issue of any child, no surviving parent, and no surviving brothers or sisters, the interest shall escheat to the tribe and...
title to such escheated interest shall be taken in the name of the United States in trust for the tribe.

(b) As used in this section, the words “children” and “issue” include children adopted under the laws of a State or foreign country or in accordance with the laws of an Indian tribe, children of unwed parents where the Secretary of the Interior determines that paternity has been acknowledged or established under the laws of a State or foreign country or in accordance with the laws of an Indian tribe, and children of parents whose parental rights have been terminated pursuant to lawful authority.

(c) As used in this section, the word “parent” shall not include the parent of any child with respect to whom such parent’s parental rights have been voluntarily terminated pursuant to lawful authority.

Sec. 4. (a) Notwithstanding the provisions of section 2 and subject to the provisions of section 5 of this Act, the nonmember of the tribe surviving spouse, nonmember surviving children and the nonmember surviving issue of any children of any person who dies possessed of any interest in trust or restricted land within the reservation, shall be entitled to take only a life estate in any interest in such trust or restricted land devised by a will approved by the Secretary of the Interior pursuant to section 2 of the Act of June 25, 1910 (36 Stat. 856), as amended (25 U.S.C. 373).

(b) Notwithstanding the provisions of sections 2 and 3 and subject to the provisions of section 5 of this Act, wherever any person dies possessed of any interest in trust or restricted land within the reservation and the trust or restricted land has not been devised by a will approved by the Secretary of the Interior pursuant to section 2 of the Act of June 25, 1910 (36 Stat. 856), as amended (25 U.S.C. 373), the nonmember of the tribe surviving spouse, nonmember children, and the nonmember issue of any children of the decedent shall be entitled to take only a life estate in any interest provided in section 3 of this Act.

(c) At the time that the Secretary of the Interior approves any life estate for a surviving spouse, children, or the issue of any children of a decedent, the trust or restricted land subject to such life estate thereafter shall be held in trust for the appropriate heir under section 3 of this Act or the provisions of any will approved by the Secretary pursuant to section 2 of the Act of June 25, 1910 (36 Stat. 856), as amended (25 U.S.C. 373).

(d) The provisions of subsections (a) and (b) of this section notwithstanding, unless a devise of trust or restricted land otherwise provides, any life estate provided for in this Act shall be subject to applicable regulations pertaining to the use of trust or restricted land and to the following conditions, restrictions and limitations:

(1) whenever the life tenant is a sole heir, such life tenant shall be entitled to determine the use and to receive any income from the lease or other use of the life tenant's interest in the land;

(2) whenever an enrolled member of the tribe dies survived by a nonmember spouse and nonmember children, such spouse shall be entitled to one-half of the income from the lease or other use of the life tenant's interest in the land and such children shall be entitled to the other one-half, and the same division shall apply to any land use determination;

(3) whenever an enrolled member of the tribe dies survived by a nonmember spouse, nonmember children, and nonmember
issue of any deceased child, such spouse shall be entitled to one-
half of the income from the lease or other use of the life tenant’s
interest in the land and such children and issue of children
shall be entitled to equal shares of the other one-half, and the
same division shall apply to any land use determination;
(4) whenever an enrolled member of the tribe dies without a
surviving nonmember spouse but survived by nonmember chil-
dren, such children shall be entitled equally to determine the
use and to receive any income from the lease or other use of the
life tenant’s interest in the land;
(5) whenever an enrolled member of the tribe dies without a
surviving nonmember spouse but survived by nonmember chil-
dren and nonmember issue of any deceased child, such children
and issue of children shall be entitled equally to determine the
use and to receive any income from the lease or other use of the
life tenant’s interest in the land; and
(6) whenever an enrolled member of the tribe dies without a
surviving nonmember spouse and nonmember children but sur-
vived by nonmember issue of the children of such member, such
issue shall be entitled equally to determine the use and to
receive any income from the lease or other use of the life
tenant’s interest in the land.

For the purposes of this subsection, any children or the issue of any
children of an enrolled member of the tribe born after the death of
such member shall have the same rights as any children or the issue
of any children who survive such member.

Sec. 5. Notwithstanding any other provision of this Act, no person
shall be entitled by devise or descent to take any interest, including
any interest in a life estate under section 4 of this Act, less than two
and one-half acres, or the equivalent thereof, in trust or restricted
land within the reservation. Any interest less than two and one-half
acres of a devisee or intestate distributee of a decedent under section
3 of this Act, shall escheat to the tribe and title to such escheated
interest shall be taken in the name of the United States in trust for
the tribe: Provided, That the provisions of this section shall not be
applicable to the devise or descent of any interest in trust or
restricted land located within a municipality.

Sec. 6. If a decedent has devised an interest in trust or restricted
land within the reservation to a person prohibited under section 2 of
this Act from acquiring an interest in such trust or restricted land,
the interest in such land shall escheat to the tribe and title to such
escheated interest shall be taken in the name of the United States in
trust for the tribe: Provided, That any interest escheated to the tribe
shall be subject to a life estate in the devisee as provided for under
section 4(a) of this Act.

Sec. 7. (a) Whenever the tribe or an enrolled member, or mem-
bers, of the tribe holds at least a 50 per centum undivided interest in
trust or restricted land within the reservation, the Secretary of the
Interior, upon the request of the tribe or the enrolled member, or
members, of the tribe shall partition the allotment or part thereof:
Provided, That whenever the tribe requests partition, the Secretary
shall partition the allotment to the advantage of the heirs, except
that any partition shall assure that the tribe retains one contiguous
divided interest in the land unless the tribe agrees to a different
division: Provided further, That whenever an enrolled member or
members of the tribe requests partition, the fair market value of the
lands remaining after partition shall not be less than the fair
market value of the interest, prior to partition, of the owners of such lands. The person or persons requesting partition, in order to meet the fair market value requirement of this subsection, may relinquish to the other heirs a portion of their undivided interest in the trust or restricted lands to be partitioned.

(b) The provisions of any law to the contrary notwithstanding, the Secretary of the Interior, upon the request of the tribe or an enrolled heir member of the tribe, shall approve partition of trust or restricted land within the reservation whenever the partitioned interest in the land of the tribe or the enrolled heir member of the tribe is at least two and one-half acres and the owners of more than a 50 per centum undivided interest in the trust or restricted land to be partitioned consent to the partition.

(c) Within one hundred and eighty days after the Secretary, pursuant to subsection (a) or (b) of this section, receives a request to partition trust or restricted land, he shall issue a new trust patent, in accordance with applicable law, for the lands set apart for the tribe or the enrolled heir member of the tribe, as the case may be, the trust period to terminate in accordance with the terms of the original patent or order of extension of the trust period set out in said patent or in accordance with the provisions of law governing the sale of allotted lands: Provided, That the provisions of any law to contrary notwithstanding, no patent in fee shall be issued for lands partitioned under this section until the expiration of at least ten years from the date of issuance of such new trust patent.

Sect. 8. (a) The tribe shall have authority to exercise powers of eminent domain, over trust or restricted lands within the reservation, to eliminate fractional heirship interests in trust or restricted land, to consolidate tribal interests in land, to develop agriculture, and to condemn for other public purposes any interest in trust or restricted land. Upon the request of the tribe, the interest acquired thereafter shall be held by the United States in trust for the tribe: Provided, That the tribe has made just compensation under tribal judicial process and in accordance with a code of tribal eminent domain laws approved by the Secretary of the Interior.

Any appeal taken under this Act shall be limited to a review of whether the tribal court order or judgment of condemnation is in accordance with the provisions of this Act, any tribal eminent
domain laws and the provisions of title II of the Act of April 11, 1968
(82 Stat. 77).

(d) In any tribal court or United States district court proceeding
pursuant to subsection (a) or (d) of this section, notice of the
proceeding shall be served upon the United States. The United
States shall not be an indispensable party in such proceeding.

of eliminating fractional heirship interests in land, consolidating
tribal interests in land, and developing tribal agriculture or com-

The amount of the tax collected shall be payable to the tribe.

Sec. 11. Within one hundred and twenty days after the date of
enactment of this Act, the Secretary of the Interior shall send an

unable to amend a will in order to comply with the provisions of this
Act.

tives promoting links between public school needs and private sector
sources of support should be encouraged and implemented.

(b) Except as provided in subsection (c), none of the $2,500,000,000 described in subsection (a) may be obligated for the procurement of additional operational MX missiles unless—

1. after March 1, 1985, the President submits to Congress a report described in subsection (e);
2. a joint resolution approving the obligation of those funds is enacted as provided for in this section; and
3. a second joint resolution is enacted as provided for in the Department of Defense Appropriation Act, 1985 (or in a joint resolution providing funds for the Department of Defense for fiscal year 1985), further approving the obligation of those funds.

(c) Of the $2,500,000,000 described in subsection (a), $1,000,000,000 may be obligated only for—

(4)(A) When the committee to which a resolution is referred has reported, or has been deemed to be discharged (under paragraph (3)) from further consideration of, a resolution described in paragraph (1), it is at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) for any Member of the respective House to move to proceed to the consideration of the resolution, and all points of order against the resolution (and against consideration of the resolution) are waived. The motion is highly privileged in the House of Representatives and is privileged in the Senate and is not debatable. The motion is not subject to amendment, or to a motion to postpone, or to a motion to proceed to the consideration of other business. A motion to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order. If a motion to proceed to the consideration of the resolution is agreed to, the resolution shall remain the unfinished business of the respective House until disposed of.

(B) Debate on the resolution, and on all debatable motions and appeals in connection therewith, shall be limited to not more than 10 hours, which shall be divided equally between those favoring and those opposing the resolution. A motion further to limit debate is in order and not debatable. An amendment to, or a motion to postpone, or a motion to proceed to the consideration of other business, or a motion to reconsider the vote by which the resolution is agreed to or disagreed to is not in order.

(C) Immediately following the conclusion of the debate on a resolution described in paragraph (1), and a single quorum call at the conclusion of the debate if requested in accordance with the rules of the appropriate House, the vote on final passage of the resolution shall occur.

(D) Appeals from the decisions of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to a resolution described in paragraph (1) shall be decided without debate.

(A) The resolution of the other House shall not be referred to a committee.

(B) With respect to a resolution described in paragraph (1) of the House receiving the resolution—

(i) the procedure in that House shall be the same as if no resolution had been received from the other House; but

(ii) the vote on final passage shall be on the resolution of the other House.

(6) This subsection is enacted by Congress—

(A) as an exercise of the rulemaking power of the Senate and House of Representatives, respectively, and as such it is deemed a part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in that House in the case of a resolution described in paragraph (1), and it supercedes other rules only to the extent that it is inconsistent with such rules; and

(B) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner and to the same extent as in the case of any other rule of that House.

(g)(1) Section 1231(e) of the Department of Defense Authorization Act, 1984 (Public Law 98–94; 97 Stat. 694), is amended—

(E) by adding at the end thereof the following new clause: “(D) the progress of efforts to develop more survivable basing modes for the MX and other intercontinental missiles, including a new small mobile intercontinental ballistic missile.”.

(2) The first assessment under section 1231(e) of the Department of Defense Authorization Act, 1984, submitted after the date of the enactment of this Act shall be submitted as part of the report described in subsection (e) (rather than coincident with any request
for funds for the procurement of MX missiles submitted to Congress before the submission of that report).

""Payable to a member without dependents who under section 403 (b) or (c) of title 37, United States Code, is not entitled to receive a basic allowance for quarters.""
(2) During the period beginning on January 1, 1985, and ending on the date on which any change is made by law in any of the rates of basic allowance for quarters for members of the uniformed services prescribed in paragraph (1), the rate of the basic allowance for quarters authorized by section 403(a)(1) of title 37, United States Code, which is payable to a member of the uniformed services who is entitled to that allowance on or after January 1, 1985, and before the date of any such change and who was entitled to that allowance on December 31, 1984, shall not be less than the rate of the basic allowance for quarters that was in effect for that member on December 31, 1984 (unless the member holds a lower grade than he held on that date or has had a change in dependent status from a "with dependents" status to a "without dependents" status).

Prohibition. (b)(1) During the period beginning on October 1, 1984, and ending on January 1, 1985, the Secretary of a military department may not pay a variable housing allowance under section 403(a)(2) of title 37, United States Code, except in accordance with the limitations on such payments applicable during fiscal year 1984 under the provisions of sections 786 and 792 of the Department of Defense Appropriation Act, 1984 (Public Law 98–212).

(2) Section 906 of the Department of Defense Authorization Act, 1984 (Public Law 98–94), is amended by striking out "fiscal year 1984" and inserting in lieu thereof "the period beginning on October 1, 1983, and ending on January 1, 1985".

(c)(1) Subsection (a) of section 403 of title 37, United States Code, is amended by striking out "(1)" after "(a)" and by striking out paragraph (2).

(2) The heading of such section is amended to read as follows:

"§ 403. Basic allowance for quarters".

(d)(1) Chapter 7 of title 37, United States Code, is amended by inserting after section 403 the following new section:

"§ 403a. Variable housing allowance

"(a)(1) Except as provided in subsection (b) of this section, a member of a uniformed service entitled to basic allowance for quarters is entitled to a variable housing allowance under this section whenever assigned to duty in an area of the United States which is a high housing cost area with respect to that member. A member with dependents who is assigned to an unaccompanied tour of duty outside the United States is entitled to a variable housing allowance while serving that tour of duty for any period during which the member's dependents reside in an area of the United States where, if the member were assigned to duty in that area, the member would be entitled to receive a variable housing allowance.

"(2) In the case of a member with dependents—

"(A) who is assigned to duty inside the United States the location or the circumstances of which make it necessary that his dependents reside at another location; and

"(B) whose dependents reside in an area of the United States where, if the member were assigned to duty in that area, the member would be entitled to receive a variable housing allowance at a rate other than the rate to which the member is entitled (if at all) in the area of his duty assignment,

the member may be paid a variable housing allowance as if he were assigned to duty in the area in which his dependents reside if the
Secretary concerned determines (under regulations prescribed under subsection (e) of this section) that it would be inequitable to base the member's entitlement to, and amount of, variable housing allowance on the area to which the member is assigned.

“(3) In the case of a member with dependents—

“A who is assigned to an unaccompanied tour of duty in Alaska or Hawaii; and

“B who would, if his duty station were outside the United States, be entitled to a family separation allowance under section 427(a) of this title,

the member may be paid a variable housing allowance at the rate applicable to a member without dependents serving in the same grade and at the same location. Payment of a variable housing allowance under this paragraph shall be in addition to any allowance or per diem to which the member otherwise may be entitled under this title.

“(b) A member of a uniformed service is not entitled to a variable housing allowance—

“(1) in the case of a member who makes a change in permanent duty station, for the number of days that travel is authorized between permanent duty stations (under regulations prescribed under subsection (e) of this section);

“(2) in the case of a member with dependents, if the member (A) is assigned to unaccompanied personnel housing of the United States (or an unaccompanied personnel housing facility under the jurisdiction of a uniformed service) appropriate to his grade, rank, or rating and adequate for himself, and (B) is authorized the basic allowance for quarters at the rate established for a member with dependents solely by reason of a court order requiring the member to pay support for dependents; or

“(3) in the case of a member of a reserve component, while on active duty under a call or order to active duty specifying a period of less than 140 days.

“(c)(1) The monthly amount of a variable housing allowance under this section for a member of a uniformed service with respect to an area is the difference between (A) the median monthly cost of housing in that area for members of the uniformed services serving in the same pay grade as that member, and (B) 80 percent of the median monthly cost of housing in the United States for members of the uniformed services serving in the same pay grade as that member.

“(2) The rates of variable housing allowance shall be reduced as necessary to comply with subsection (d) of this section.

“(3) The effective date of any adjustment in rates of variable housing allowance because of a redetermination of median monthly costs of housing under this subsection shall be the same as the effective date of the next increase after such redetermination in the basic allowances for quarters.

“(4) For the purposes of this section, an area shall be considered to be a high housing cost area with respect to a member of a uniformed service whenever the median monthly cost of housing in that area for members of the uniformed services serving in the same pay grade as that member exceeds 80 percent of the median monthly cost of housing in the United States for members of the uniformed services serving in the same pay grade as that member.
"(5) Any reduction required under paragraph (2) of this subsection and any determination of median monthly costs of housing under this subsection shall be made under regulations prescribed under subsection (e) of this section.

"(d)(1) The total amount that may be paid for a fiscal year for the variable housing allowance authorized members of the uniformed services by this section is the product of—

"(A) the total amount authorized to be paid for such allowance for the preceding fiscal year (as adjusted under paragraph (3) of this subsection); and

"(B) a fraction—

"(i) the numerator of which is the military housing cost index for October of the preceding fiscal year; and

"(ii) the denominator of which is the military housing cost index for October of the fiscal year before the preceding fiscal year.

"(2) The military housing cost index is the housing component of the Consumer Price Index (as determined by the Bureau of Labor Statistics of the Department of Labor), as adjusted under regulations prescribed under subsection (e) of this section. Such regulations may assign weights to the elements of that housing component other than those assigned by the Secretary of Labor in order more appropriately to reflect the distribution of elements of housing costs of members of the uniformed services.

"(3) In making a determination under paragraph (1) of this subsection for a fiscal year, the amount authorized to be paid for the preceding fiscal year for the variable housing allowance shall be adjusted to reflect changes during the year for which the determination is made in the number, grade distribution, and dependency status of members of the uniformed services entitled to variable housing allowance from the number of such members during the preceding fiscal year. Adjustments under this paragraph shall be made in accordance with regulations prescribed under subsection (e) of this section.

"(e) The President may prescribe regulations for the administration of this section.

(2) The table of sections at the beginning of such chapter is amended by striking out the item relating to section 403 and inserting in lieu thereof the following:

"403. Basic allowance for quarters.
403a. Variable housing allowance."

(e) Section 405 of title 37, United States Code, is amended—

(1) by inserting "(a)", before "Without regard to";

(3) by inserting after such sentence the following new sentence: "A station housing allowance may not be prescribed under this section for a member who is on duty in Hawaii or Alaska."; and

(4) by designating the last sentence as subsection (c).

(f)(1) Except as provided in paragraph (2), the amendments made by this section shall take effect on January 1, 1985.
(2) A member who on December 31, 1984, is assigned to a permanent duty station in Alaska or Hawaii and is entitled on that date to a station housing allowance under section 405 of title 37, United States Code, shall, until he departs that station as a result of a permanent change of duty station, be entitled to receive that allowance as if the amendment made by subsection (d) had not been enacted and shall not be entitled to a variable housing allowance under section 403a of this title (as added by subsection (c)).

(3) For the period beginning on January 1, 1985, and ending on September 30, 1985, the limitation applicable under subsection (d)(1) of section 403a of title 37, United States Code (as added by subsection (d)), on the total amount that may be paid during a fiscal year for the variable housing allowance authorized members of the uniformed services by that section shall be 15 percent of the median annual costs of housing in the United States for members of the uniformed services as measured during fiscal year 1984. In determining for the purposes of clause (A) of such subsection the total amount authorized to be paid for such allowance for fiscal year 1985, such amount shall be determined as if the amendments made by this section took effect on October 1, 1984.

(b) Subsection (a) shall apply with respect to the transportation of motor vehicles during the period beginning with the month after the month in which this Act is enacted and ending with September 1985. After that period transportation of motor vehicles from Guam under the circumstances described in subsection (a) may be provided at Government expense only as specifically authorized by law after the date of the enactment of this Act.

States for their personal use while assigned to duty stations in the United States; and

(5) the United States provides a substantial contribution to the defense of Japan and the waters surrounding Japan.

(b) Considering the findings set out in subsection (a), it is the sense of the Congress that the President, acting through the Secretary of Defense and the Secretary of State, should enter into negotiations with the Government of Japan for the purpose of obtaining the agreement of such government not to require the modification of the Personal motor vehicles of members of the Armed Forces of the United States brought into Japan for their personal use while stationed in Japan.

(c) Not later than 90 days after the date of the enactment of this Act, the Secretary of Defense and the Secretary of State shall transmit to the Congress a written report relating to the matters described in subsection (a). The report shall include—

“(c) A member or former member may have in effect at any time only one request for withholding under this section and may not have more than two such requests in effect during any one calendar year.

“(d)(1) This section does not give the consent of the United States to the application of a statute that imposes more burdensome requirements on the United States than on employers generally or
that subjects the United States or any member or former member entitled to retired or retainer pay to a penalty or liability because of this section.

(2) The Secretary concerned may not accept pay from a State for services performed in withholding State income taxes from retired or retainer pay.

(3) Any amount erroneously withheld from retired or retainer pay and paid to a State by the Secretary concerned shall be repaid by the State in accordance with regulations prescribed by the Secretary concerned.

“(a) Educational assistance under this chapter shall be provided through the Veterans' Administration, under agreements to be entered into by the Secretary of Defense, and by the Secretary of Transportation, with the Administrator of Veterans’ Affairs. Such agreements shall include administrative procedures to ensure the prompt and timely transfer of funds from the Secretary concerned to the Veterans’ Administration for the making of payments under this chapter.

“(b) Except as otherwise provided in this chapter, the provisions of sections 1663, 1670, 1671, 1673, 1674, 1676, 1682(g), and 1683 of chapter 34 of title 38 and the provisions of subchapters I and II of chapter 36 of such title (with the exception of sections 1780(a)(5), 1780(b), 1786, 1787(b)(1), and 1792) shall be applicable to the provision of educational assistance under this chapter. The term 'eligible veteran', as used in those provisions, shall be deemed for the purpose of the application of those provisions to this chapter to refer to a person eligible for educational assistance under this chapter.

“§ 2137. Reports to Congress

“The Secretary of Defense shall submit to the Congress a report not later than December 15 of each year concerning the operation of the educational assistance program established by this chapter during the preceding fiscal year. Each such report shall include the number of members of the Selected Reserve of the Ready Reserve of each armed force receiving, and the number entitled to receive, educational assistance under this chapter during the preceding fiscal year.

“§ 2138. Savings provision

“A member who entered into an agreement under this chapter before July 1, 1985, shall continue to be eligible for educational assistance in accordance with the terms of such agreement and of this chapter as in effect before such date.”.

(2) The items relating to such chapter in the table of chapters at the beginning of subtitle A of such title, and in the table of chapters at the beginning of part III of such subtitle, are amended to read as follows:

“106. Educational Assistance for Members of the Selected Reserve ..................... 2131”.

(b) The amendments made by this section shall take effect on July 1, 1985, and shall apply only to members of the Armed Forces who qualify for educational assistance under chapter 106 of title 10, United States Code, as amended by subsection (a), on or after such date.
ACCRUAL FUNDING OF DEPARTMENT OF DEFENSE LIABILITIES

Sec. 706. (a)(1) Chapter 101 of title 10, United States Code, is amended by adding at the end thereof the following new section:

10 USC 2006.

"§ 2006. Department of Defense Education Benefits Fund"

"(a) There is established on the books of the Treasury a fund to be known as the Department of Defense Education Benefits Fund (hereinafter in this section referred to as the 'Fund'), which shall be administered by the Secretary of the Treasury. The Fund shall be used for the accumulation of funds in order to finance Department of Defense education liabilities on an actuarially sound basis.

"(b) In this section:

"(1) `Department of Defense education liabilities' means liabilities of the Department of Defense for benefits under chapter 30 of title 38 and for benefits under chapter 106 of this title.

"(2) `Normal cost', with respect to any period of time, means the total of the following:

"(A) The present value of the future benefits payable from the Fund for amounts attributable to increased amounts of educational assistance authorized under section 1415(c) of title 38 to persons who were not on active duty on July 1, 1985, and who during such period enter on active duty.

"(B) The present value of the future benefits payable from the Fund for amounts attributable to educational assistance authorized under subchapter III of chapter 30 of title 38 to persons who were not on active duty on July 1, 1985, and who during such period—

"(i) enter a fourth year of active duty, in the case of persons eligible for basic educational assistance under section 1411 of such title; or

"(ii) enter a period of service that will establish entitlement to such educational assistance under section 1421(b) of such title, in the case of persons eligible for basic educational assistance under section 1412 of such title.

"(C) The present value of the future benefits payable from the Fund for educational assistance under chapter 106 of this title to persons who during such period become entitled to such assistance.

"(c) There shall be deposited into the Fund the following, which shall constitute the assets of the Fund:

"(1) Amounts paid into the Fund by the Secretary of Defense under subsection (g).

"(2) Any amount appropriated to the Fund.

"(3) Any return on investment of the assets of the Fund.

"(d) The Secretary of the Treasury shall transfer from the Fund to the Administrator of Veterans' Affairs such amounts as may be necessary to enable the Administrator to make required payments of Department of Defense education liabilities. The Secretary of the Treasury, the Secretary of Defense, and the Administrator shall enter into an agreement as to how and when, and the amounts in which, such transfers shall be made. Except for investments under subsection (h), amounts in the Fund may not be used for any purpose other than transfers as described in this subsection."
"(e)(1)(A) There is established in the Department of Defense a Department of Defense Education Benefits Board of Actuaries (hereinafter in this section referred to as the "Board"). The Board shall consist of three members, who shall be appointed by the Secretary of Defense from among qualified professional actuaries who are members of the Society of Actuaries.

"(B)(i) Except as provided in clause (ii), the members of the Board shall serve for a term of fifteen years, except that a member of the Board appointed to fill a vacancy occurring before the end of the term for which his predecessor was appointed shall only serve until the end of such term. A member may serve after the end of his term until his successor has taken office. A member of the Board may be removed by the Secretary of Defense for misconduct or failure to perform functions vested in the Board, and for no other reason.

"(ii) Of the members of the Board who are first appointed under this paragraph, one each shall be appointed for terms ending five, ten, and fifteen years, respectively, after the date of appointment, as designated by the Secretary of Defense at the time of appointment.

"(C) A member of the Board who is not otherwise an employee of the United States is entitled to receive pay at the daily equivalent of the annual rate of basic pay of the highest rate of basic pay then currently being paid under the General Schedule of subchapter III of chapter 53 of title 5, for each day the member is engaged in the performance of duties vested in the Board and is entitled to travel expenses, including a per diem allowance, in accordance with section 5703 of title 5.

"(2) The Board shall report to the Secretary of Defense annually on the actuarial status of the Fund and shall furnish its advice and opinion on matters referred to it by the Secretary.

"(3) The Board shall review valuations of the Fund under subsection (f) and report periodically, not less than once every four years, to the President and Congress on the status of the Fund and shall recommend such changes as in the Board’s judgment are necessary to protect the public interest and maintain the Fund on a sound actuarial basis.

"(4) The Secretary shall keep, or cause to be kept, such records as necessary for determining the actuarial status of the Fund.

"(f)(1) The Secretary of Defense shall carry out periodic actuarial valuations of the educational programs described in subsection (b)(1).

"(2) Based on the most recent such valuation, the Secretary of Defense shall estimate the normal cost for the next fiscal year.

"(3) If at the time of any such valuation there has been a change in benefits under an education program described in subsection (b)(1) that has been made since the last such valuation and that increases or decreases the present value of benefits payable from the Fund, the Secretary of Defense shall determine an amortization methodology and schedule for the liquidation of the unfunded liability (or negative unfunded liability) thus created such that the present value of the sum of the amortization payments equals the increase or decrease in the present value of such benefits.

"(4) If at the time of any such valuation the Secretary of Defense determines that, based upon changes in actuarial assumptions since the last valuation, there has been an actuarial gain or loss to the Fund, the Secretary shall determine an amortization methodology and schedule for the liquidation of such gain or loss through an
increase or decrease in the payments that would otherwise be made to the Fund.

“(5) Based on the determinations under paragraphs (2), (3), and (4) the Secretary of Defense shall determine the amount needed to be appropriated to the Department of Defense for the next fiscal year for payments to be made to the Fund under subsection (g). The President shall include not less than the full amount so determined in the budget transmitted to Congress for the next fiscal year under section 1105 of title 31. The President may comment and make recommendations concerning any such amount.

“(6) All determinations under this subsection shall be made using methods and assumptions approved by the Board of Actuaries (including assumptions of interest rates and inflation) and in accordance with generally accepted actuarial principles and practices.

“(g)(1) The Secretary of Defense shall pay into the Fund each month the amount that, based upon the most recent actuarial valuation of the education programs described in subsection (b)(1), is equal to the actual total normal cost for the preceding month.

“(2) The Secretary of Defense shall pay into the Fund at the beginning of each fiscal year (or as soon thereafter as appropriations are available for such purpose) the sum of the following:

“(A) The amount of the payment for that year, if any, for the amortization of any liability to the Fund resulting from a change in benefits, as determined by the Secretary of Defense under subsection (f)(3).

“(B) The amount of the payment for that year, if any, for the amortization of any actuarial gain or loss to the Fund, as determined by the Secretary of Defense under subsection (f)(4).

“(3) Amounts paid into the Fund under this subsection shall be paid from appropriations available for the pay of members of the armed forces under the jurisdiction of the Secretary of a military department.

“(h) The Secretary of the Treasury shall invest such portion of the Fund as is not in the judgment of the Secretary required to meet current withdrawals. Such investments shall be in public debt securities with maturities suitable to the needs of the Fund, as determined by the Secretary, and bearing interest at rates determined by the Secretary, taking into consideration current market yields on outstanding marketable obligations of the United States of comparable maturities. The income on such investments shall be credited to and form a part of the Fund.”.

(2) The table of sections at the beginning of such chapter is amended by adding at the end thereof the following new item:

(b) The first payment into the Department of Defense Education Benefits Fund under section 2006 of title 10, United States Code, as added by subsection (a), shall be made not later than three months after the Board of Actuaries determines the amounts needed to be paid into the Fund for that portion of fiscal year 1985 beginning on July 1, 1985. The first payment shall be made in a lump sum equal to the total of the amounts that would have been paid to the Fund each month between July 1, 1985, and the time such first payment is made.
SEC. 707. Chapter 40 of title 10, United States Code, relating to leave, is amended by adding at the end thereof the following new section:

§ 708. Educational leave of absence

(a) Under such regulations as the Secretary of Defense may prescribe after consultation with the Secretary of Transportation and subject to subsection (b), the Secretary concerned may grant to any eligible member (as defined in subsection (e)) a leave of absence for a period of not to exceed two years for the purpose of permitting the member to pursue a program of education.

(b)(1) A member may not be granted a leave of absence under this section unless—

(A) in the case of an enlisted member, the member agrees in writing to extend his current enlistment after completion (or other termination) of the program of education for which the leave of absence was granted for a period of two months for each month of the period of the leave of absence; and

(B) in the case of an officer, the member agrees to serve on active duty after completion (or other termination) of the program of education for which the leave of absence was granted for a period (in addition to any other period of obligated service on active duty) of two months for each month of the period of the leave of absence.

(2) A member may not be granted a leave of absence under this section until he has completed any extension of enlistment or reenlistment, or any period of obligated service, incurred by reason of any previous leave of absence granted under this section.

(c)(1) While on a leave of absence under this section, a member shall be paid basic pay but may not receive basic allowance for quarters or basic allowance for subsistence or any other pay and allowances to which he would otherwise be entitled for such period.

(2) A period during which a member is on a leave of absence under this section shall be counted for the purposes of computing the amount of the member's basic pay, for the purpose of determining the member's eligibility for retired pay, and for the purpose of determining the member's time in grade for promotion purposes, but may not be counted for the purposes of completion of the term of enlistment of the member (in the case of an enlisted member) or for purposes of section 1421 of title 38, relating to entitlement to supplemental educational assistance.

(d)(1) In time of war, or of national emergency declared by the President or the Congress after the date of the enactment of this section, the Secretary concerned may cancel any leave of absence granted under this section.

(2) The Secretary concerned may cancel a leave of absence granted to a member under this section if the Secretary determines that the member is not satisfactorily pursuing the program of education for which the leave was granted.

(e) In this section, 'eligible member' means a member of the armed forces on active duty who is eligible for basic educational assistance under chapter 30 of title 38 and who—

(1) in the case of an enlisted member, has completed at least one term of enlistment and has reenlisted; and
“(2) in the case of an officer, has completed the officer’s initial period of obligated service on active duty.”.

(2) The table of sections at the beginning of such chapter is amended by adding at the end thereof the following new item:

“708. Educational leave of absence.”.

(b) Section 708 of title 10, United States Code, as added by subsection (a), shall take effect on October 1, 1985.

That counseling shall include a discussion of the educational assistance benefits to which the member is entitled because of the member’s service in the armed forces and an explanation of the procedures for and advantages of affiliating with the Selected Reserve. Moneys deposited into the Fund under this subsection shall be deemed to have been covered into the Fund under section 9(b) of the Act.

TITLE X—MATTERS RELATING TO NATO AND OTHER ALLIES

SENSE OF CONGRESS RELATING TO INCREASE IN DEFENSE SPENDING BY UNITED STATES ALLIES

22 USC 1928 note. Sec. 1001. It is the sense of Congress that the President—

(1) should call on the pertinent member nations of the North Atlantic Treaty Organization to meet or exceed their pledges for an annual increase in defense spending during fiscal years 1984 and 1985 of at least 3 percent real growth; and

Japan.

(2) should call on Japan to further increase its defense spending during fiscal years 1984 and 1985; in furtherance of increased unity, equitable sharing of the common defense burden, and international stability.

IMPROVEMENTS TO NATO CONVENTIONAL CAPABILITY

22 USC 1928 note. Sec. 1002. (a) The Congress finds—

(1) that the North Atlantic Treaty Organization (NATO) should improve its conventional defense capability so as to lengthen the period of time that Western Europe can be defended by conventional forces without the necessity of resorting to the early use of nuclear weapons in the event of a non-nuclear attack on any NATO member country;

(2) that fulfillment by NATO member nations of their goals and commitments to increase defense spending, improve conventional sustainability, and provide support facilities in Western Europe for rapid reinforcements from the United States is crucial to accomplishing that objective; and

(3) that an increase over current United States military personnel levels in European member nations of NATO can be
justified only if these goals and commitments are substantially met by NATO member nations (other than the United States).

(b) The Congress urges the President and the Secretary of Defense to continue to encourage member nations of NATO (other than the United States) to work expeditiously to fulfill the following commitments they have undertaken:

1. To achieve and maintain an annual increase in their defense spending of at least 3 percent, after inflation.

2. To acquire a 30-day supply of air and ground munitions among those NATO members which have committed forces to the Northern, Center, and Southern Regions.

3. To construct the number of minimum essential and emergency operating facilities and semihardened aircraft shelters in Western Europe required by NATO Ministerial Guidance to support, under NATO/SHAPE standards, as a minimum, the annual commitment of United States reinforcing tactical aircraft.

(c)(1) After September 30, 1985, none of the funds appropriated pursuant to an authorization contained in this Act or any other Act enacted after the date of the enactment of this Act may be used to support an end strength level of members of the Armed Forces of the United States assigned to permanent duty ashore in European member nations of NATO at any level exceeding a permanent ceiling of 326,414.

(2) If the Secretary of Defense certifies to the Congress in writing during any fiscal year after fiscal year 1985 that during the previous fiscal year the member nations of NATO (other than the United States) have undertaken significant measures to improve their conventional defense capacity consistent with the goals set forth in subsection (b) which contributes to lengthening the time period between an armed attack on any NATO country and the time the Supreme Allied Commander, Europe, would have to request the release and use of nuclear weapons, the Congress would give strong consideration to authorizing an increase in the permanent ceiling prescribed in paragraph (1) for fiscal years after such fiscal year.

(d)(1) Not later than April 1, 1985, and each year thereafter, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and House of Representatives a report on the status, as of January 1 of the year in which the report is submitted, of the following matters:

(A) The number of days of supply of the ground and aerial munitions in hand or on order of the member nations of NATO (other than the United States) which have committed forces to the Northern, Center, and Southern Regions.

(B) The number of facilities and semihardened aircraft shelters completed or under construction as they relate to the United States commitment of reinforcing aircraft in the United States Defense Planning Questionnaire (DPQ) Response of the previous year.

(2)(A) Beginning with the budget submitted to Congress for fiscal year 1986, but not later than April 1, 1985, and each year thereafter, the Secretary of Defense shall submit to Congress a report on the status and cost of the United States commitment to NATO as reflected in the DPQ Response and in the defense budget request. The report shall be an annual update of the Department of Defense Report entitled “United States Expenditures in Support of NATO”, first submitted to the Congress in June 1984 pursuant to section
1107 of the Department of Defense Authorization Act, 1984 (Public Law 98-94; 97 Stat. 677). In addition to the information required by that section, each such report shall include information which specifically identifies those items in the Secretary of Defense's procurement budget request that are in support of United States forces committed to or earmarked for NATO.

(B) In addition to the requirements of subparagraph (A), the Secretary of Defense shall include in the report an assessment of the performance of the members of NATO (other than the United States) in the following areas:

(i) Allied contributions to the common defense.
(ii) Improvement in sustainability and support for United States reinforcing tactical aircraft.
(iii) Meeting NATO force goals.
(iv) Increasing NATO infrastructure funding.
(v) Improvements in air base defenses.
(vi) Increasing trained manpower levels, particularly reserves.
(vii) Increasing war reserve material.
(viii) Improving NATO's ability to neutralize enemy follow-on forces, including use of emerging technologies.
(ix) Improvements in mine/counter mine capability.
(x) Improvements in offensive counter air capability.

(C) The requirement under clause (i) of subparagraph (B) is satisfied in any year by the submission of the report required by section 1003(c) for that year.

(e)(1) The Congress finds that a viable "two-way street" of defense procurement improves NATO interoperability and therefore is important to overall improvements in conventional defense.

(2) In addition to any funds appropriated pursuant to the authorization contained in this Act for the activities of the Director of Operational Test and Evaluation, Defense, the Director may use an additional amount, not to exceed $50,000,000, to acquire certain types of weapons, subsystems, and munitions of European NATO manufacture for side-by-side testing with comparable United States manufactured items. Such additional amount shall be derived from any funds appropriated pursuant to an authorization contained in this Act. Items that may be acquired under this paragraph include submunitions and dispensers, anti-tank and anti-armor guided missiles, mines, runway-cratering devices, torpedoes, mortar systems, light armored vehicles, and high-velocity anti-tank guns.

(f)(1) This section shall not apply in the event of a declaration of war or an armed attack on any NATO member country.

(2) This section may be waived by the President if he declares an emergency and immediately informs the Congress of his action and the reasons therefor.

REPORT ON ALLIED CONTRIBUTIONS TO THE COMMON DEFENSE

Sec. 1003. (a) In recognition of the increasing military threat faced by the Western World and in view of the growth, relative to the United States, in the economic strength of Japan, Canada, and a number of Western European countries which has occurred since the signing of the North Atlantic Treaty on April 4, 1949, and the Mutual Cooperation and Security Treaty between Japan and the United States on January 19, 1960, it is the sense of the Congress that—

(1) the burdens of mutual defense now assumed by some of the countries allied with the United States under those agreements are not commensurate with their economic resources;
(2) since May 1978, when each member nation of the North Atlantic Treaty Organization (NATO) agreed to increase real defense spending annually in the range of 3 percent, most NATO members, except for the United States, have failed to meet the 3 percent real growth commitment consistently;

(3) since May 1981, when the Government of Japan established its policy to defend the air and sea lines of communication out to 1,000 nautical miles from the coast of Japan, progress to develop the necessary self-defense capabilities to fulfill that pledge has been extremely disappointing;

(4) Japan is the ally of the United States with the greatest potential for improving its self-defense capabilities and should, therefore, rapidly increase its annual defense spending to the levels required to fulfill that pledge and to enable Japan to be capable of an effective conventional self-defense capability by 1990, including the capability to carry out its 1,000-mile defense policy, a development that would be consonant not only with Japan's current prominent position in the family of nations but also with its unique sensibilities on the issues of war and peace, sensibilities that are recognized and respected by the people of the United States; and

(5) the continued unwillingness of such countries to increase their contributions to the common defense to more appropriate levels will endanger the vitality, effectiveness, and cohesion of the alliances between those countries and the United States.

(b) It is further the sense of the Congress that the President should seek from each signatory country (other than the United States) of the two treaties referred to in subsection (a) acceptance of international security responsibilities and an agreement to make contributions to the common defense which are commensurate with the economic resources of such country, including, when appropriate, an increase in host nation support.

(c) The Secretary of Defense shall submit to the Congress each year, not later than March 1, a classified report containing—

(1) a comparison of the fair and equitable shares of the mutual defense burdens of these alliances that should be borne by the United States, by other member nations of NATO, and by Japan, based upon economic strength and other relevant factors, and the actual defense efforts of each nation together with an explanation of disparities that currently exist and their impact on mutual defense efforts;

(2) a description of efforts by the United States and the efforts of other members of the alliances to eliminate any existing disparities;

(3) projected estimates of the real growth in defense spending for the fiscal year in which the report is submitted for each NATO member nation;

(4) a description of the defense-related initiatives undertaken by each NATO member nation within the real growth in defense spending of such nation in the fiscal year immediately preceding the fiscal year in which the report is submitted;

(5) an explanation of those instances in which the commitments to real growth in defense spending have not been realized and a description of efforts being made by the United States to ensure fulfillment of these important NATO commitments;

(6) a description of the activities of each NATO member and Japan to enhance the security and stability of the Southwest
Asia region and to assume additional missions for their own defense as the United States allocates additional resources to the mission of protecting Western interests in world areas not covered by the system of Western Alliances; and

(7) a description of what additional actions the executive branch plans to take should the efforts by the United States referred to in clauses (2) and (5) fail, and, in those instances where such additional actions do not include consideration of the repositioning of American troops, a detailed explanation as to why such repositioning is not being so considered.

(d) The Secretary of Defense shall also submit to the Congress not more than 30 days after the submission of the report required under subsection (a) an unclassified report containing the matters set forth in clauses (1) through (7) of such subsection.

NATO SEASPARROW COOPERATIVE PROGRAM

Sec. 1004. The Secretary of the Navy is authorized to continue participation, in accordance with current operating procedures, in the North Atlantic Treaty Organization SEASPARROW Surface Missile System Cooperative Consortium, as described in the Memorandum of Understanding between the United States, Denmark, Norway, Italy, the Netherlands, Belgium, Canada, Greece, and Federal Republic of Germany, signed by the United States on June 6, 1968, and the Memorandum of Understanding between the same countries, signed by the United States on May 20, 1977.

PROCUREMENT OF COMMUNICATIONS SUPPORT AND RELATED SUPPLIES AND SERVICES

Sec. 1005. (a) Chapter 141 of title 10, United States Code, is amended by adding at the end thereof the following new section:

"§ 2401a. Procurement of communications support and related supplies and services

(a) As an alternative means of obtaining communications support and related supplies and services, the Secretary of Defense, subject to the approval of the Secretary of State, may enter into an arrangement with the Minister of Defense or other appropriate official of any allied country or with the North Atlantic Treaty Organization (NATO), under which, in return for being provided communications support and related supplies and services, the United States would agree to provide to such country or NATO an equivalent value of communications support and related supplies and services.

(b) Any arrangement entered into under this section shall require that any accrued credits and liabilities resulting from an unequal exchange of communications support and related supplies and services during the term of such arrangement would be liquidated by direct payment to the party having provided the greater amount of communications support and related supplies and services. Payments received by the United States shall be credited to the appropriation from which such communications support and related supplies and services have been provided.

(c) The Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives copies of all documents evidencing an arrangement entered into
under subsection (a) not later than 45 days after entering into such an arrangement.

"(d) In this section, 'allied country' means—

"(1) a country that is a member of the North Atlantic Treaty Organization, or

"(2) Australia, New Zealand, Japan, or the Republic of Korea.”.

(b) The table of sections at the beginning of such chapter is amended by adding at the end thereof the following new item:

“2401a. Procurement of communications support and related supplies and services.”.

**POLICY ON ARMAMENTS COOPERATION WITH NATO MEMBER COUNTRIES**

**Sec. 1006.** Not later than May 1, 1985, the Secretary of Defense shall transmit to Congress a report setting forth a comprehensive proposal by which the United States and other North Atlantic Treaty Organization member countries may achieve the objectives described in section 1122(b) of the Department of Defense Authorization Act, 1983 (Public Law 97-252; 96 Stat. 755).

**AUTHORITY OF SECRETARY OF DEFENSE IN CONNECTION WITH COOPERATIVE AGREEMENTS ON AIR DEFENSE IN CENTRAL EUROPE**

**Sec. 1007.** (a) During fiscal year 1985, the Secretary of Defense may carry out the European air defense agreements. In carrying out those agreements during that year, the Secretary—

1. may provide without monetary charge to the Federal Republic of Germany articles and services as specified in the agreements; and

2. may accept from the Federal Republic of Germany (in return for the articles and services provided under paragraph (1)) articles and services as specified in the agreements.

(b) In connection with the administration of the European air defense agreements during fiscal year 1985, the Secretary of Defense may—

1. waive any surcharge for administrative services otherwise chargeable under section 21(e)(1)(A) of the Arms Export Control Act (22 U.S.C. 2761(e)(1)(A));

2. waive any charge not otherwise waived for services associated with contract administration for the sale under the Arms Export Control Act of Patriot air defense missile fire units to the Federal Republic of Germany contemplated in the agreements;

3. use, to the extent contemplated in the agreements, the NATO Maintenance and Supply Agency (A) for the supply of logistic support in Europe for the Patriot missile system, and (B) for the acquisition of such logistic support, to the extent that the Secretary determines that the procedures of that agency governing such supply and acquisition are appropriate;

4. share, to the extent contemplated in the agreements, the costs of set-up charges of facilities for use by that agency to perform depot-level support of Patriot missile fire units in Europe; and

5. deliver to the Federal Republic of Germany one Patriot missile fire unit configured for training, to be purchased by the Federal Republic of Germany under the Arms Export Control Act as contemplated in the agreements, without regard to the
requirement in section 22 of that Act (22 U.S.C. 2762) for payment in advance of delivery for any purchase under that Act.

(c) Notwithstanding the rate required to be charged under section 21 of the Arms Export Control Act for services furnished by the United States, in the case of the 14 Patriot missile fire units which the Federal Republic of Germany purchases from the United States under that Act as contemplated in the European air defense agreements, the rate charged by the Secretary of Defense for packing, crating, handling, and transportation services associated with that purchase may not exceed the established Department of Defense rate for such services.

(d) For the purposes of this section, the term "European air defense agreements" means (1) the agreement entitled "Agreement between the Secretary of Defense of the United States of America and the Minister of Defense of the Federal Republic of Germany on Cooperative Measures for Enhancing Air Defense for Central Europe", signed on December 6, 1983, and (2) the agreement entitled "Agreement between the Secretary of Defense of the United States of America and the Federal Minister of Defense of the Federal Republic of Germany in implementation of the 6 December 1983 Agreement on Cooperative Measures for Enhancing Air Defense for Central Europe", signed on July 12, 1984.

(e) The authority of the Secretary of Defense to enter into contracts under the European air defense agreements is available only to the extent that appropriated funds are otherwise available for that purpose.

TITLE XI—MATTERS RELATING TO ARMS CONTROL

REPORT ON STRATEGIC NUCLEAR SUBMARINE FORCE

Sec. 1101. Not later than April 1, 1985, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and House of Representatives a report on the survivability of the United States strategic nuclear ballistic missile submarine force. The report shall address whether there are grounds for adjusting, in short or long-range terms, strategic force plans of the United States based on any vulnerability or potential vulnerability of such force. The report shall also examine the feasibility and desirability of enhancing the survivability of such force through measures that would affect antisubmarine warfare, including the nature of the patrols and the rules of engagement of attack submarines and the nature of the patrols and the rules of engagement of ballistic missile submarines.

ANNUAL REPORT ON STRATEGIC DEFENSE PROGRAMS

Sec. 1102. At the time of the submission by the Secretary of Defense to the Congress of his annual budget presentation materials for each fiscal year beginning with fiscal year 1986 and ending with fiscal year 1990 (but not later than March 15 of the calendar year in which such fiscal year begins), the Secretary of Defense shall transmit to the Committee on Armed Services and the Committee on Foreign Affairs of the House of Representatives and the Committee on Armed Services and the Committee on Foreign Relations of the Senate a report on the programs that constitute the Strategic
Defense Initiative and other programs, if any, relating to defense against strategic ballistic missiles. Each such report shall include—

(1) details of all programs and projects included in the Strategic Defense Initiative or relating to defense against strategic ballistic missiles;

(2) a clear definition of the objectives of the Strategic Defense Initiative;

(3) an explanation of the relationship between each such objective and each program and project associated with the Strategic Defense Initiative or defense against strategic ballistic missiles;

(4) the status of consultations with other member nations of the North Atlantic Treaty Organization, Japan, and other appropriate allies concerning research being conducted in the Strategic Defense Initiative program;

(5) a statement of any anticipated impact on the anti-ballistic missile treaty;

(6) consideration of a process by which Congress could review Soviet countermeasures to specific Strategic Defense Initiative programs and evaluate the adequacy of such programs to respond to such countermeasures;

(7) details on the funding of programs, projects, and tasks for the Strategic Defense Initiative, including—

(A) prior and current year funding levels for all such programs, projects, and tasks in the Strategic Defense Initiative budgetary presentation materials;

(B) the amount requested to be appropriated for such programs, projects, and tasks for the fiscal year for which the budget is submitted; and

(C) the amount programmed to be requested for the following fiscal year.

REPORT ON THEATER NUCLEAR WEAPONS AND FORCE STRUCTURE

Sec. 1103. Not later than January 19, 1985, the President shall submit to Congress a report setting forth reasons why the United States should or should not initiate a long-term program for the renovation of the North Atlantic Treaty Organization (NATO) nuclear deterrent in a manner designed to reduce pressures for early first use of tactical nuclear weapons and to substantially reduce the theater nuclear arsenal to types and numbers of weapons whose characteristics make for a more stable and credible force. The report (in addition to any other matter covered) should specifically address the following issues:

(1) Whether NATO should not eliminate its reliance on short-range battlefield nuclear weapons (such as the atomic demolition bomb and 155-millimeter and 8-inch nuclear artillery rounds), the exposure of which to early loss from enemy action promotes pressures for early use.

(2) Whether NATO should not refurbish its nuclear deterrent by designing and deploying specific dedicated nuclear launchers of a range which permits the coverage of all potential targets from locations in the rear of the European NATO territory in the territory of the Warsaw Pact short of the territory of the Soviet Union, thereby reducing pressure from enemy action for early first use of nuclear weapons.
(3) Whether NATO should not, as a consequence of a change in policy described in paragraph (2), eliminate its inventory of dual-capable nuclear/conventional weapons in order to allow early use of artillery, aircraft, and surface-to-surface missiles for conventional missions rather than causing them to be withheld for possible nuclear use.

(4) Whether NATO should not place control and operation of tactical nuclear weapons in a single specialized command established for that purpose so that all other NATO force elements could be free to concentrate on pursuing conventional military missions with maximum efficiency.

REPORT ON WITHDRAWAL OF TACTICAL NUCLEAR WARHEADS FROM EUROPE

Sec. 1104. The President shall submit a report to Congress not later than 90 days after the final decision is made (based upon the recommendations of the Supreme Allied Commander, Europe) regarding the net reduction to be made by the United States in the number of tactical nuclear warheads in the territory of North Atlantic Treaty Organization European member nations pursuant to the decision of the Nuclear Planning Group of the North Atlantic Treaty Organization of October 17, 1983. The report shall—

(1) specify the types of warheads to be withdrawn in accordance with that decision, the number of each such warhead to be withdrawn, the schedule for the withdrawal, and the rationale for the selection of the particular warheads to be withdrawn; and

(2) any changes in force structure to be made resulting from the changes in the tactical nuclear warheads positioned in Europe.

REPORT ON UNITED STATES COUNTERFORCE CAPABILITY

Sec. 1105. (a) Not later than April 15, 1985, the President shall submit to Congress a report discussing the required strategic counterforce capability consistent with existing United States policy.

(b) The report under subsection (a) shall be developed taking into consideration current and proposed United States intercontinental ballistic missiles having an accuracy on the order of the MX missile (including specifically the MX missile, the D-5 Trident missile, and the small single-warhead missile) intended to be procured for United States strategic force modernization and the rationale for the overall counterforce capability that would be attained as a cumulative result of those procurements. The President shall include in the report a specific definition of what United States counterforce capability would constitute a so-called “first-strike capability” against the Soviet Union.

(c) The report shall also include an assessment of corresponding Soviet counterforce and first-strike capabilities.

TRANSMITTAL TO CONGRESS OF REPORT ON SOVIET COMPLIANCE WITH ARMS CONTROL AGREEMENTS

Sec. 1106. (a) Not later than 30 days after the date of the enactment of this Act, the President shall transmit to Congress the text of the report by the General Advisory Committee on Arms Control of the Arms Control and Disarmament Agency entitled “A Quarter

If the President determines that that report contains material the release of which to Congress would compromise United States intelligence sources, methods of intelligence gathering, or the national security of the United States, the President may furnish the text of such report after deleting or modifying such compromising material.

(b) Not later than 60 days after the date of the enactment of this Act, the President shall transmit to Congress an unclassified version of the report described in subsection (a).

REPORT ON NUCLEAR WINTER FINDINGS AND POLICY IMPLICATIONS

SEC. 1107. (a) The Secretary of Defense shall participate in any comprehensive study of the atmospheric, climatic, environmental, and biological consequences of nuclear war and the implications that such consequences have for the nuclear weapons strategy and policy, the arms control policy, and the civil defense policy of the United States.

(b) Not later than March 1, 1985, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and House of Representatives an unclassified report suitable for release to the public, together with classified addenda (if required), concerning the subject described in subsection (a). The Secretary shall include in such report the following:

(1) A detailed review and assessment of the current scientific studies and findings on the atmospheric, climatic, environmental, and biological consequences of nuclear explosions and nuclear exchanges.

(2) A thorough evaluation of the implications that such studies and findings have on (A) the nuclear weapons policy of the United States, especially with regard to strategy, targeting, planning, command, control, procurement, and deployment, (B) the nuclear arms control policy of the United States, and (C) the civil defense policy of the United States.

(3) A discussion of the manner in which the results of such evaluation of policy implications will be incorporated into the nuclear weapons, arms control, and civil defense policies of the United States.

(4) An analysis of the extent to which current scientific findings on the consequences of nuclear explosions are being studied, disseminated, and used in the Soviet Union.

SENSE OF THE CONGRESS RELATING TO THE ESTABLISHMENT OF NUCLEAR RISK REDUCTION CENTERS IN THE UNITED STATES AND THE SOVIET UNION

SEC. 1108. (a) The Congress makes the following findings:

(1) An increasing number of scenarios (including misjudgment, miscalculation, misunderstanding, possession of nuclear arms by a terrorist group or a State sponsored threat) could precipitate a sudden increase in tensions and the risk of a nuclear confrontation between the United States and the Soviet Union, situations that neither side anticipates, intends, or desires.
(2) There has been a steady proliferation throughout the world of the knowledge, equipment, and materials necessary to fabricate nuclear weapons.

(3) Such proliferation of nuclear capabilities suggests an increasing potential for nuclear terrorism, the cumulative risk of which, considering potential terrorist groups and other threats over a period of years into the future, may be great.

(4) Current communications links represent equipment of the 1960’s and as such are relatively outdated and limited in their capabilities.

(5) The President, responding to congressional initiatives, proposed the establishment of additional and improved communications links between the United States and the Soviet Union and other measures to reduce the risk of nuclear confrontation, and has initiated discussions at a working level with the Soviet Union pertaining to—

(A) the addition of a high speed facsimile capability to the direct communication link (hotline);

(B) the creation of a joint military communications link between the Department of Defense and the Soviet Defense Ministry; and

(C) the establishment by the Governments of the United States and Soviet Union of high-rate data communication links between each nation and its embassy in the other nation’s capital.

(6) The establishment of nuclear risk reduction centers in Washington and Moscow could reduce the risk of increased tensions and nuclear confrontations, thereby enhancing the security of both the United States and the Soviet Union.

(7) These centers could serve a variety of functions, including—

(A) discussing procedures to be followed in the event of possible incidents involving the use of nuclear weapons by third parties;

(B) maintaining close contact during nuclear threats or incidents precipitated by third parties;

(C) exchanging information on a voluntary basis concerning events that might lead to the acquisition of nuclear weapons, materials, or equipment by subnational groups;

(D) exchanging information about United States-Union of Soviet Socialist Republics military activities which might be misunderstood by the other party during periods of mounting tensions; and

(E) establishing a dialog about nuclear doctrines, forces, and activities.

(8) The continuing and routine implementation of these various activities could be facilitated by the establishment within each Government of facilities, organizations, and bureaucratic relationships designated for these purposes, such as risk reduction centers, and by the appointment of individuals responsible to the respective head of state with responsibilities to manage such centers.

(b) The Congress—

(1) commends the President for his announced support for the confidence building measures described in subsection (a) and his initiation of negotiations which have occurred; and
(2) urges the President to pursue negotiations on these measures with the Government of the Soviet Union and to add to these negotiations the establishment of nuclear risk reduction centers in both nations to be operated under the direction of the appropriate diplomatic and defense authorities.

SENSE OF CONGRESS REGARDING A REPORT TO CONGRESS ON CERTAIN VERIFICATION PROGRAMS RELATING TO BIOLOGICAL AND CHEMICAL WEAPONS

Sec. 1109. (a) The Congress makes the following findings:

(1) The Iran-Iraq war has recently demonstrated a marked increase in the proliferation of technology on the production of chemical weapons and an increase in the willingness of nations to use such weapons in armed conflict.

(2) The President's Report to Congress on Soviet Arms Control Noncompliance concluded that the Soviet Union has refused to respond adequately to United States concerns about the transfer or use by the Soviet Union of lethal chemical warfare agents in Laos, Kampuchea, and Afghanistan and United States concerns about adherence by the Soviet Union to the 1972 Biological and Toxin Weapons Convention.

(3) Experts at the recent annual meeting of the American Association for the Advancement of Science and at the First World Congress on New Compounds in Biological and Chemical Warfare held at Ghent, Belgium, emphasized that better verification of the use of chemical weapons and of the development of biological and toxin weapons was essential to strengthen the 1972 Biological and Toxin Weapons Convention and the Geneva Protocol of 1925.

(5) The United States is anxious to promote and strengthen adherence to the Geneva Protocol of 1925 and the 1972 Biological and Chemical Weapons Convention and is vigorously pursuing a comprehensive, verifiable, international agreement to ban chemical weapons.

(6) Any comprehensive agreement intended to ban the production, storage, and transfer of chemical weapons must provide for effective measures of verification and enforcement and in order for the 1972 Biological and Toxin Weapons Convention to be effective, compliance with the terms of the convention must be verifiable; and

(7) The Congress must be well informed regarding existing and planned programs for verifying compliance with the 1972 Biological and Toxin Weapons Convention and with a chemical weapons ban agreement.

(b) It is the sense of Congress that the President should submit to the Committee on Foreign Relations and the Select Committee on Intelligence of the Senate and to the Committee on Foreign Affairs and thePermanent Select Committee on Intelligence of the House of Representatives a comprehensive report identifying and evaluating—

(1) existing and planned programs to support verification requirements necessary to determine compliance with the 1972 Biological and Toxin Weapons Convention and a chemical weapons ban; and
(2) the budget resources necessary to support verification requirements necessary to determine compliance with the 1972 Biological and Toxin Weapons Convention and a chemical weapons ban.

(c) The President is requested to submit the report referred to in subsection (b) to the committees referred to in such subsection not later than December 31, 1984.

SENSE OF CONGRESS EXPRESSING SUPPORT FOR UNITED STATES TO PURSUE OUTSTANDING ARMS CONTROL COMPLIANCE

Sec. 1110. (a) The Congress makes the following findings:

(1) It is a vital security objective of the United States to limit the Soviet nuclear threat against the United States and its allies.

(2) The President has declared that “as for existing strategic arms agreements, we will refrain from actions which undercut them so long as the Soviet Union shows equal restraint”.

(3) The United States has legitimate concerns about certain Soviet actions and behavior relevant to limitations and other provisions of existing strategic arms agreements.

(4) The President has declared that “the United States will continue to press compliance issues with the Soviet Union through diplomatic channels, and to insist upon explanations, clarifications, and corrective actions”.

(5) The President has also declared that “the United States is continuing to carry out its obligations under relevant agreements”.

(6) It would be detrimental to the security interests of the United States and its allies and to international peace and stability for the last remaining limitations on strategic offensive nuclear weapons to break down or lapse before replacement by a new strategic arms control agreement between the United States and the Soviet Union.

(7) The continuation of existing restraints on strategic offensive nuclear arms would provide an atmosphere more conducive to achieving an agreement significantly reducing the levels of nuclear arms.

(8) The Soviet Union has not agreed to a date for resumption of the nuclear arms talks in Geneva, and it is incumbent on the Soviet Union to return to the negotiating table.

(9) A termination of existing restraints on strategic offensive nuclear weapons could make the resumption of negotiations more difficult.

(10) Both sides have, to date, abided by important numerical and other limits contained in existing strategic offensive arms agreements, including dismantling operational missile-firing submarines and remaining within the ceilings on multiple-warhead missile launchers and other related limits.

(11) It is in the interest of the United States and its allies for the Soviet Union to continue to dismantle older missile-firing submarines as new ones are deployed and to continue to remain at or below a level of 820 launchers of intercontinental ballistic missiles with multiple independently targeted reentry vehicles, 1,200 launchers of intercontinental ballistic missiles with multiple independently targeted reentry vehicles and submarine launched ballistic missiles, and 1,320 launchers of interconti-
nental ballistic missiles with multiple independently targeted reentry vehicles and submarine launched ballistic missiles and heavy bombers equipped with air launched cruise missiles, and other related limits in existing strategic offensive arms agreements.

(b) In view of these findings, it is the sense of Congress that—

(1) the United States should vigorously pursue with the Soviet Union the resolution of concerns over compliance with existing strategic and other arms control agreements and should seek corrective actions, where appropriate, through the Standing Consultative Commission and other available diplomatic channels;

(2) the United States should, through December 31, 1985, continue to pursue its stated policy to refrain from undercutting the provisions of existing strategic offensive arms agreements so long as the Soviet Union refrains from undercutting the provisions of those agreements, or until a new strategic offensive arms agreement is concluded;

(3) the President should provide a report to the Congress in both classified and unclassified forms reflecting additional findings regarding Soviet adherence to such a no-undercut policy, by February 15, 1985;

(4) the President shall provide to Congress on or before June 1, 1985, a report that—

(A) describes the implications of the United States Ship Alaska’s sea trials, both with and without the concurrent dismantling of older launchers of missiles with multiple independently targeted reentry vehicles, for the current United States no-undercut policy on strategic arms and United States security interests more generally;

(B) assesses possible Soviet political, military, and negotiating responses to the termination of the United States no-undercut policy;

(C) reviews and assesses Soviet activities with respect to existing strategic offensive arms agreements; and

(D) makes recommendations regarding the future of United States interim restraint policy; and

(5) the President should carefully consider the impact of any change to this current policy regarding existing strategic offensive arms agreements on the long-term security interests of the United States and its allies and should consult with the Congress before making any change in current policy.

POLICY ON THE STATUS OF CERTAIN TREATIES TO PREVENT NUCLEAR TESTING

Sec. 1111. (a) The Senate makes the following findings:

(1) The United States is committed in the Limited Test Ban Treaty of 1963 and in the Non-Proliferation Treaty of 1968 to seek to achieve the discontinuance of all test explosions of nuclear weapons for all time.

(2) A comprehensive test ban treaty would promote the security of the United States by constraining the United States-Soviet nuclear arms competition and by strengthening efforts to prevent the proliferation of nuclear weapons.

(3) The Threshold Test Ban Treaty was signed in 1974 and the Peaceful Nuclear Explosions Treaty was signed in 1976, and
both have yet to be considered by the full Senate for its advice and consent to ratification.

(4) The entry into force of the Peaceful Nuclear Explosions Treaty and the Threshold Test Ban Treaty will ensure full implementation of significant new verification procedures and so make completion of a comprehensive test ban treaty more probable.

(5) A comprehensive test ban treaty must be adequately verifiable, and significant progress has been made in methods for detection of underground nuclear explosions by seismological and other means.

(6) At present, negotiations are not being pursued by the United States and the Soviet Union toward completion of a comprehensive test ban treaty.

(7) The past five administrations have supported the achievement of a comprehensive test ban treaty.

(b) It is the sense of the Senate that at the earliest possible date, the President should—

(1) request advice and consent of the Senate to ratification (with a report containing any plans the President may have to negotiate supplemental verification procedures, or if the President believes it necessary, any understanding or reservation on the subject of verification which should be attached to the treaty) of the Threshold Test Ban and Peaceful Nuclear Explosions Treaties, signed in 1974 and 1976, respectively; and

(2) propose to the Soviet Union the immediate resumption of negotiations toward conclusion of a verifiable comprehensive test ban treaty.

(c) In accordance with international law, the United States shall have no obligation to comply with any bilateral arms control agreement with the Soviet Union that the Soviet Union is violating.

**Title XII—Procurement Policy Reform and Other Procurement Matters**

**Part A—Short Title and Congressional Findings**

**Short Title**

Sec. 1201. This title may be cited as the “Defense Procurement Reform Act of 1984”.

**Congressional Findings and Policy**

Sec. 1202. The Congress finds that recent disclosures of excessive payments by the Department of Defense for replenishment parts have undermined confidence by the public and Congress in the defense procurement system. The Secretary of Defense should make every effort to reform procurement practices relating to replenishment parts. Such efforts should, among other matters, be directed to the elimination of excessive pricing of replenishment spare parts and the recovery of unjustified payments. Specifically, the Secretary should—

(1) direct that officials in the Department of Defense refuse to enter into contracts unless the proposed prices are fair and reasonable;
(2) continue and accelerate ongoing efforts to improve defense contracting procedures in order to encourage effective competition and assure fair and reasonable prices;

(3) direct that replenishment parts be acquired in economic order quantities and on a multiyear basis whenever feasible, practicable, and cost effective;

(4) direct that standard or commercial parts be used whenever such use is technically acceptable and cost effective;

(5) vigorously continue reexamination of policies relating to acquisition, pricing, and management of replenishment parts and of technical data related to such parts; and

(6) ensure that persons that have developed products or processes offered or to be offered for sale to the public are not required, as a condition for the procurement of such products or processes by the Department of Defense, to provide to the United States technical data relating to the design, development, or manufacture of such products or processes (except for such data as may be necessary for the United States to operate and maintain the product or use the process if obtained by the United States as an element of performance under the contract).

PART B—AMENDMENTS TO CHAPTER 137 OF TITLE 10, UNITED STATES CODE

DEFINITIONS

Sec. 1211. Section 2302 of title 10, United States Code, is amended by adding at the end thereof the following new paragraphs:

“(4) ‘Technical data’ means recorded information (regardless of the form or method of the recording) of a scientific or technical nature (including computer software documentation) relating to supplies procured by an agency. Such term does not include computer software or financial, administrative, cost or pricing, or management data or other information incidental to contract administration.

“(5) ‘Major system’ means a combination of elements that will function together to produce the capabilities required to fulfill a mission need. The elements may include hardware, equipment, software or any combination thereof, but excludes construction or other improvements to real property. A system shall be considered a major system if (A) the Department of Defense is responsible for the system and the total expenditures for research, development, test, and evaluation for the system are estimated to be more than $75,000,000 (based on fiscal year 1980 constant dollars) or the eventual total expenditure for procurement of more than $300,000,000 (based on fiscal year 1980 constant dollars); (B) a civilian agency is responsible for the system and total expenditures for the system are estimated to exceed $750,000 (based on fiscal year 1980 constant dollars) or the dollar threshold for a ‘major system’ established by the agency pursuant to Office of Management and Budget (OMB) Circular A-109, entitled ‘Major Systems Acquisitions’, whichever is greater; or (C) the system is designated a ‘major system’ by the head of the agency responsible for the system.”.
Sec. 1212. (a) Chapter 137 of title 10, United States Code, is amended by inserting after section 2303 the following new section:

"§ 2303a. Publication of proposed regulations

(a) Except as provided in subsection (d), a procurement policy, regulation, procedure, or form (including amendments or modification thereto) that (1) has a significant effect beyond the internal operating procedures of the agency issuing the procurement policy, regulation, procedure, or form, or (2) has a significant cost or administrative impact on contractors or offerors may not take effect until 30 days after the procurement policy, regulation, procedure, or form is published for public comment in the Federal Register pursuant to subsection (b).

(b) Subject to subsection (c), the head of the agency shall cause to be published in the Federal Register a notice of the proposed procurement policy, regulation, procedure, or form and provide for a public comment period for receiving and considering the views of all interested parties on such proposal. The length of such comment period may not be less than 30 days.

(c) Any notice of a proposed procurement policy, regulation, procedure, or form prepared for publication in the Federal Register shall include—

(1) in a format required for publication in the Federal Register, the text of the proposal or, if it is impracticable to publish the full text of the proposal, a summary of the proposal and a statement specifying the name and address of the officer or employee of the executive agency from whom the full text may be obtained; and

(2) a request for interested parties to submit comments on the proposal and shall include the name and address of the officer or employee of the Government designated to receive such comments.

(d)(1) The requirements of subsections (a) and (b) may be waived by the officer of the agency authorized to issue a procurement policy, regulation, procedure, or form if circumstances make compliance with such requirements impracticable.

(2) A procurement policy, regulation, procedure, or form with respect to which the requirements of subsections (a) and (b) are waived under paragraph (1) shall be effective on a temporary basis if—

(A) a notice of such procurement policy, regulation, procedure, or form is published in the Federal Register and includes a statement that the procurement policy, regulation, procedure, or form is temporary; and

(B) provision is made for a public comment period of 30 days beginning on the date on which the notice is published.

After considering the comments received, the head of the agency waiving the requirements of subsections (a) and (b) under paragraph (1) may issue the final procurement policy, regulation, procedure, or form."

(b) The amendment made by subsection (a) shall take effect with respect to procurement policies, regulations, procedures, or forms first proposed to be issued by an agency on or after the date which is 30 days after the date of enactment of this Act.
PLANNING FOR PROCUREMENT OF SUPPLIES AND FOR FUTURE
COMPETITION

SEC. 1213. (a) Section 2305 of title 10, United States Code, is amended by adding at the end thereof the following new subsections:

"(c) The Secretary of Defense shall ensure that before a contract for the delivery of supplies to the Department of Defense is entered into—

“(1) when the appropriate officials of the Department are making an assessment of the most advantageous source for acquisition of the supplies (considering quality, price, delivery, and other factors), there is a review of the availability and cost of each item of supply—

“(A) through the supply system of the Department of Defense; and

“(B) under standard Government supply contracts, if the item is in a category of supplies defined under regulations of the Secretary of Defense as being potentially available under a standard Government supply contract; and

“(2) there is a review of both the procurement history of the item and a description of the item, including, when necessary for an adequate description of the item, a picture, drawing, diagram, or other graphic representation of the item.

“(d)(1)(A) The Secretary of Defense shall ensure that, in preparing a solicitation for the award of a development contract for a major system, the head of an agency consider requiring in the solicitation that an offeror include in its offer proposals described in subparagraph (B). In determining whether to require such proposals, the head of the agency shall give due consideration to the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If such proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

“(B) The proposals that the head of an agency is to consider requiring in a solicitation for the award of a development contract are the following:

“(i) Proposals to incorporate in the design of the major system items which are currently available within the supply system of the Federal agency responsible for the major system, available elsewhere in the national supply system, or commercially available from more than one source.

“(ii) With respect to items that are likely to be required in substantial quantities during the system's service life, proposals to incorporate in the design of the major system items which the United States will be able to acquire competitively in the future.

“(2)(A) The Secretary of Defense shall ensure that, in preparing a solicitation for the award of a production contract for a major system, the head of an agency consider requiring in the solicitation that an offeror include in its offer proposals described in subparagraph (B). In determining whether to require such proposals, the head of the agency shall give due consideration to the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If such proposals are required, the head of the agency shall consider them in evaluating the offeror's price.
“(B) The proposals that the head of an agency is to consider requiring in a solicitation for the award of a production contract are proposals identifying opportunities to ensure that the United States will be able to obtain on a competitive basis items procured in connection with the system that are likely to be reprocured in substantial quantities during the service life of the system. Proposals submitted in response to such requirement may include the following:

“(i) Proposals to provide to the United States the right to use technical data to be provided under the contract for competitive reprocurement of the item, together with the cost to the United States, if any, of acquiring such technical data and the right to use such data.

“(ii) Proposals for the qualification or development of multiple sources of supply for the item.

“(3) If the head of an agency is making a noncompetitive award of a development contract or a production contract for a major system, the factors specified in paragraphs (1) and (2) to be considered in evaluating an offer for a contract may be considered as objectives in negotiating the contract to be awarded.”.

(b) The amendment made by subsection (a) shall take effect at the end of the 180-day period beginning on the date of the enactment of this Act.

DELEGATION OF CERTAIN PROCUREMENT FUNCTIONS

SEC. 1214. Section 2311 of title 10, United States Code, is amended—

(1) by inserting “(a)” before “Except as provided in”; and

(2) by adding at the end thereof the following new subsection:

“(b)(1) The head of a procuring activity of an agency named in section 2303 of this title may delegate (subject to his direction) to any general or flag officer, to any civilian officer or employee serving in a position in grade GS-16 or above under the General Schedule (or in a comparable or higher position under another schedule), or to the head of a contracting office any authority of the head of the procuring activity to enter into a contract (or to approve the authority to enter into a contract) that is a sole-source contract or that results from an unsolicited proposal.

“(2) Any report required to be submitted by the head of an agency to Congress concerning contracts (or negotiations for contracts) above a certain dollar threshold that are sole-source contracts or that result from unsolicited proposals and that are entered into without the approval of certain officials of the procuring activity concerned need not specify a contract or negotiation above the stated amount if the head of the procuring activity, his deputy, or a person to whom authority was delegated under paragraph (1) approved the authority to enter into the contract.”.

PERSONNEL EVALUATIONS TO INCLUDE EMPHASIS ON COMPETITION AND COST SAVINGS

SEC. 1215. Chapter 137 of title 10, United States Code, is amended by adding at the end thereof the following new section:
§ 2317. Encouragement of competition and cost savings

"The Secretary of Defense shall establish procedures to ensure that personnel appraisal systems of the Department of Defense give appropriate recognition to efforts to increase competition and achieve cost savings in areas relating to contracts covered by this chapter."

IMPROVED PROCUREMENT PROCEDURES

Sec. 1216. (a) Chapter 137 of title 10, United States Code, is amended by adding after section 2317 (as added by section 1215 of this Act) the following new sections:

§ 2318. Advocates for competition

"(a)(1) In addition to the advocates for competition established or designated pursuant to section 20(a) of the Office of Federal Procurement Policy Act, the Secretary of Defense shall designate an officer or employee of the Defense Logistics Agency to serve as the advocate for competition of the agency.

"(2) The advocate for competition of the Defense Logistics Agency shall carry out the responsibilities and functions provided for in sections 20(b) and 20(c) of the Office of Federal Procurement Policy Act.

"(b) Each advocate for competition of an agency named in section 2303(a) of this title shall be a general or flag officer if a member of the armed forces or a grade GS-16 or above under the General Schedule (or in a comparable or higher position under another schedule), if a civilian employee and shall be designated to serve for a minimum of two years.

"(c) Each advocate for competition of an agency of the Department of Defense shall transmit to the Secretary of Defense a report describing his activities during the preceding year. The report of each advocate for competition shall be included in the annual report of the Secretary of Defense required by section 21 of the Office of Federal Procurement Policy Act, in the form in which it was submitted to the Secretary.

§ 2319. Encouragement of new competitors

"(a) In this section, `qualification requirement' means a requirement for testing or other quality assurance demonstration that must be completed by an offeror before award of a contract.

"(b) Except as provided in subsection (c), the head of the agency shall, before establishing a qualification requirement—

"(1) prepare a written justification stating the necessity for establishing the qualification requirement and specify why the qualification requirement must be demonstrated before contract award;

"(2) specify in writing and make available to a potential offeror upon request all requirements which a prospective offeror, or its product, must satisfy in order to become qualified, such requirements to be limited to those least restrictive to meet the purposes necessitating the establishment of the qualification requirement;

"(3) specify an estimate of the costs of testing and evaluation likely to be incurred by a potential offeror in order to become qualified;

"(4) ensure that a potential offeror is provided, upon request and on a reimbursable basis, a prompt opportunity to demonstrate its ability to meet the standards specified for qualification
using qualified personnel and facilities of the agency concerned or of another agency obtained through interagency agreement, or under contract, or other methods approved by the agency (including use of approved testing and evaluation services not provided under contract to the agency);

"(5) If testing and evaluation services are provided under contract to the agency for the purposes of clause (4), provide to the extent possible that such services be provided by a contractor who is not expected to benefit from an absence of additional qualified sources and who shall be required in such contract to adhere to any restriction on technical data asserted by the potential offeror seeking qualification; and

"(6) Ensure that a potential offeror seeking qualification is promptly informed as to whether qualification is attained and, in the event qualification is not attained, is promptly furnished specific information why qualification was not attained.

"(c)(1) Subsection (b) of this section does not apply with respect to a qualification requirement established by statute or administrative action before the date of the enactment of the Defense Procurement Reform Act of 1984 unless such requirement is a qualified products list.

Waiver.

"(2)(A) Except as provided in subparagraph (B), if it is unreasonable to specify the standards for qualification which a prospective offeror or its product must satisfy, a determination to that effect shall be submitted to the advocate for competition for the procuring activity responsible for the purchase of the item subject to the qualification requirement. After considering any comments of the advocate for competition reviewing such determination, the head of the purchasing office may waive the requirements of clauses (2) through (6) of subsection (b) for up to two years with respect to the item subject to the qualification requirement.

"(B) The waiver authority provided in this paragraph does not apply with respect to a qualified products list.

"(3) A potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror (A) is not on a qualified bidders list, qualified manufacturers list, or qualified products list, or (B) has not been identified as meeting a qualification requirement established after the date of the enactment of the Defense Procurement Reform Act of 1984 if the potential offeror can demonstrate to the satisfaction of the contracting officer that the potential offeror or its product meets the standards established for qualification or can meet such standards before the date specified for award of the contract.

"(4) Nothing contained in this subsection requires the referral of an offer to the Small Business Administration pursuant to section 8(b)(7) of the Small Business Act if the basis for the referral is a challenge by the offeror to either the validity of the qualification requirement or the offeror's compliance with such requirement.

"(5) The head of an agency need not delay a proposed procurement in order to comply with subsection (b) or in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification.

"(6) The requirements of subsection (b) also apply before enforcement of any qualified products list, qualified manufacturers list, or qualified bidders list.
“(d)(1) If the number of qualified sources or qualified products available to compete actively for an anticipated future requirement is fewer than two actual manufacturers or the products of two actual manufacturers, respectively, the head of the agency concerned shall—

“(A) periodically publish notice in the Commerce Business Daily soliciting additional sources or products to seek qualification, unless the contracting officer determines that such publication would compromise national security; and

“(B) bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern which has met the standards specified for qualification and which could reasonably be expected to compete for a contract for that requirement, but such costs may be borne only if the head of the agency determines that such additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to amortize the costs incurred by the agency within a reasonable period of time considering the duration and dollar value of anticipated future requirements.

“(2) The head of an agency shall require a prospective contractor requesting the United States to bear testing and evaluation costs under paragraph (1)(B) to certify as to its status as a small business concern under section 3 of the Small Business Act.

“(e) Within seven years after the establishment of a qualification requirement under subsection (b) or within seven years following an agency’s enforcement of a qualified products list, qualified manufacturers list, or qualified bidders list, any such qualification requirement shall be examined and revalidated in accordance with the requirements of subsection (b). The preceding sentence does not apply in the case of a qualification requirement for which a waiver is in effect under subsection (c)(2).

“(f) Except in an emergency as determined by the head of the agency, whenever the head of the agency determines not to enforce a qualification requirement for a solicitation, the agency may not thereafter enforce that qualification requirement unless the agency complies with the requirements of subsection (b).

§ 2320. Rights in technical data

“(a) The legitimate proprietary interest of the United States and of a contractor in technical or other data shall be defined in regulations prescribed as part of the single system of Government-wide procurement regulations as defined in section 4(4) of the Office of Federal Procurement Policy Act. Such regulations may not impair any right of the United States or of any contractor with respect to patents or copyrights or any other right in technical data otherwise established by law. The following factors shall be considered in prescribing such regulations:

“(1) Whether the technical data was developed—

“(A) exclusively with Federal funds;

“(B) exclusively at private expense; or

“(C) in part with Federal funds and in part at private expense.

15 USC 632.

"(3) The interest of the United States in increasing competition and lowering costs by developing and locating alternative sources of supply and manufacture.  

(b) Regulations prescribed under subsection (a) shall require that, whenever practicable, a contract for supplies or services entered into by an agency named in section 2303 of this title contain appropriate provisions relating to technical data, including provisions—  

"(1) defining the respective rights of the United States and the contractor or subcontractor (at any tier) regarding any technical data to be delivered under the contract;  

"(2) specifying the technical data, if any, to be delivered under the contract and delivery schedules for such delivery;  

"(3) establishing or referencing procedures for determining the acceptability of technical data to be delivered under the contract;  

"(4) establishing separate contract line items for the technical data, if any, to be delivered under the contract;  

"(5) to the maximum practicable extent, identifying, in advance of delivery, technical data which is to be delivered with restrictions on the right of the United States to use such data;  

"(6) requiring the contractor to revise any technical data delivered under the contract to reflect engineering design changes made during the performance of the contract and affecting the form, fit, and function of the items specified in the contract and to deliver such revised technical data to an agency within a time specified in the contract;  

"(7) requiring the contractor to furnish written assurance at the time the technical data is delivered or is made available that the technical data is complete and accurate and satisfies the requirements of the contract concerning technical data;  

"(8) establishing remedies to be available to the United States when technical data required to be delivered or made available under the contract is found to be incomplete or inadequate or to not satisfy the requirements of the contract concerning technical data; and  

"(9) authorizing the head of the agency to withhold payments under the contract (or exercise such other remedies as the head of the agency considers appropriate) during any period if the contractor does not meet the requirements of the contract pertaining to the delivery of technical data.  

(c) Nothing in this section or in section 2305(d) of this title prohibits the Secretary of Defense from prescribing standards for determining whether a contract entered into by the Department of Defense shall provide for a time to be specified in the contract after which the United States shall have the right to use (or have used) for any purpose of the United States all technical data required to be delivered to the United States under the contract or providing for such a period of time (not to exceed 7 years) as a negotiation objective.
"(d) The Secretary of Defense shall by regulation establish programs which provide domestic business concerns an opportunity to purchase or borrow replenishment parts from the United States for the purpose of design replication or modification, to be used by such concerns in the submission of subsequent offers to sell the same or like parts to the United States. Nothing in this subsection limits the authority of the head of an agency to impose restrictions on such a program related to national security considerations, inventory needs of the United States, the improbability of future purchases of the same or like parts, or any additional restriction otherwise required by law.

§ 2321. Validation of proprietary data restrictions

(a) A contract for supplies or services entered into by the Department of Defense which provides for the delivery of technical data shall provide that—

"(1) a contractor or subcontractor at any tier shall be prepared to furnish to the contracting officer a written justification for any restriction asserted by the contractor or subcontractor on the right of the United States to use such technical data; and

"(2) the contracting officer may review the validity of any restriction asserted by the contractor or by a subcontractor under the contract on the right of the United States to use technical data furnished to the United States under the contract if the contracting officer determines that reasonable grounds exist to question the current validity of the asserted restriction and that the continued adherence to the asserted restriction by the United States would make it impracticable to procure the item competitively at a later time.

"(b) If after such review the contracting officer determines that a challenge to the asserted restriction is warranted, the contracting officer shall provide written notice to the contractor or subcontractor asserting the restriction. Such notice shall—

"(1) state the grounds for challenging the asserted restriction; and

"(2) require a response within 60 days justifying the current validity of the asserted restriction.

"(c) If a contractor or subcontractor asserting a restriction subject to this section submits to the contracting officer a written request, showing the need for additional time to comply with the requirement to justify the current validity of the asserted restriction, additional time to adequately permit the submission of such justification shall be provided by the contracting officer as appropriate. If a party asserting a restriction receives notices of challenges to restrictions on technical data from more than one contracting officer, and notifies each contracting officer of the existence of more than one challenge, the contracting officer initiating the first in time challenge, after consultation with the party asserting the restriction and the other contracting officers, shall formulate a schedule of responses to each of the challenges that will afford the party asserting the restriction with an equitable opportunity to respond to each such challenge.

"(d)(1) Upon a failure by the contractor or subcontractor to submit any response under subsection (b), the contracting officer shall issue a decision pertaining to the validity of the asserted restriction.

"(2) After review of any justification submitted in response to the notice provided pursuant to subsection (b), the contracting officer
shall, within 60 days of receipt of any justification submitted, issue a
decision or notify the party asserting the restriction of the time
within which a decision will be issued.

"(e) If a claim pertaining to the validity of the asserted restriction
is submitted in writing to a contracting officer by a contractor or
subcontractor at any tier, such claim shall be considered a claim
within the meaning of the Contract Disputes Act of 1978 (41 U.S.C.
601 et seq.).

"(f)(1) If, upon final disposition, the contracting officer's challenge
to the restriction on the right of the United States to use such
technical data is sustained—

"(A) the restriction on the right of the United States to use
the technical data shall be cancelled; and

"(B) if the asserted restriction is found not to be substantially
justified, the contractor or subcontractor, as appropriate, shall
be liable to the United States for payment of the cost to the
United States of reviewing the asserted restriction and the fees
and other expenses (as defined in section 2412(d)(2)(A) of title 28)
incurred by the United States in challenging the asserted
restriction, unless special circumstances would make such pay-
ment unjust.

"(2) If, upon final disposition, the contracting officer's challenge to
the restriction on the right of the United States to use such techni-
cal data is not sustained—

"(A) the United States shall continue to be bound by the
restriction; and

"(B) the United States shall be liable for payment to the party
asserting the restriction for fees and other expenses (as defined
in section 2412(d)(2)(A) of title 28) incurred by the party assert-
ing the restriction in defending the asserted restriction if the
challenge by the United States is found not to be made in good
faith.

10 USC 2322.

"§ 2322. Limitation on small business set-asides

"(a) The head of an agency may not authorize a procurement to be
set-aside for participation only by small business concerns in the
case of a procurement under the Foreign Military Sales Program, if
the foreign purchaser specifies the sources qualified to meet the
requirement and only one of those sources is a small business
concern.

Expiration date.

"(b) This section expires two years after the effective date of this
section.

10 USC 2323.

"§ 2323. Commercial pricing for supplies

"(a) Except in the case of an offer submitted with a written
statement under subsection (b)(2) and except as provided in subsec-
tion (c), a contract entered into using other than competitive proce-
dures by an agency named in section 2303(a) of this title for the
purchase of items that are offered for sale to the public may not
result in a price to the United States that exceeds the lowest price at
which such items are sold by the contractor to the public.

"(b) A person who submits an offer to such an agency for the
supply of items that it offers for sale to the public (1) shall certify in
the offer that the price offered is not more than its lowest commer-
cial price for the items, or (2) shall submit with the offer a written
statement specifying the amount of the difference between its lowest commercial price for the items and the price offered and providing a justification for that difference.

"(c) Subsections (a) and (b) do not apply to a contract if the contracting officer determines that the use of the price otherwise required by subsection (a) for such contract is not appropriate because of—

"(1) national security considerations; or

"(2) differences in quantities, quality, delivery, or other terms and conditions of the contract from commercial contract terms."

(b) Within 60 days after the date the regulations required by section 2320(a) of title 10, United States Code (as added by subsection (a)), are prescribed, the Secretary of Defense, the Administrator of General Services, and the Administrator of the National Aeronautics and Space Administration shall submit to Congress a joint report describing in detail how those regulations give consideration to the factors specified for consideration in that subsection.

(c)(1) Section 2318 of title 10, United States Code (as added by subsection (a)), shall take effect on April 1, 1985.

(2) Sections 2319, 2320, and 2321 of title 10, United States Code (as added by subsection (a)), shall apply with respect to solicitations issued after the end of the one-year period beginning on the date of the enactment of this Act.

(3) Section 2322 of title 10, United States Code (as added by subsection (a)), shall take effect at the end of the 90-day period beginning on the date of the enactment of this Act.

(4) Section 2323 of title 10, United States Code (as added by subsection (a)), shall take effect at the end of the 180-day period beginning on the date of the enactment of this Act.

(2) The Secretary of Defense shall take paragraph (1) into account in approving rates of obligation of appropriations under section 2204 of this title.

(b) Each solicitation for a contract for supplies shall, if practicable, include a provision inviting each offeror responding to the solicitation to state an opinion on whether the quantity of the supplies proposed to be procured is economically advantageous to the United States and, if applicable, to recommend a quantity or quantities which would be more economically advantageous to the United States. Each such recommendation shall include a quotation of the total price and the unit price for supplies procured in each recommended quantity.

(b) The amendment made by subsection (a) shall take effect at the end of the 180-day period beginning on the date of the enactment of this Act.

ADDITIONAL MISCELLANEOUS PROCUREMENT PROVISIONS

Sec. 1234. (a) Chapter 141 of title 10, United States Code, as amended by section 1005, is amended by adding at the end thereof the following new sections:

"§ 2402. Prohibition of contractors limiting subcontractor sales directly to the United States

(a) Each contract for the purchase of supplies or services made by the Department of Defense shall provide that the contractor will not—

(1) enter into any agreement with a subcontractor under the contract that has the effect of unreasonably restricting sales by the subcontractor directly to the United States of any item or process (including computer software) made or furnished by the subcontractor under the contract (or any follow-on production contract); or

(2) otherwise act to restrict unreasonably the ability of a subcontractor to make sales to the United States described in clause (1).

(b) This section does not prohibit a contractor from asserting rights it otherwise has under law.

"§ 2403. Major weapon systems: contractor guarantees

(a) In this section:

(1) 'Weapon system' means items that can be used directly by the armed forces to carry out combat missions and that cost more than $100,000 or for which the eventual total procurement cost is more than $10,000,000. Such term does not include commercial items sold in substantial quantities to the general public.

(2) 'Prime contractor' means a party that enters into an agreement directly with the United States to furnish part or all of a weapon system.
“(3) ‘Design and manufacturing requirements’ means structural and engineering plans and manufacturing particulars, including precise measurements, tolerances, materials, and finished product tests for the weapon system being produced.

“(4) ‘Essential performance requirements’, with respect to a weapon system, means the operating capabilities or maintenance and reliability characteristics of the system that are determined by the Secretary of Defense to be necessary for the system to fulfill the military requirement for which the system is designed.

“(5) ‘Component’ means any constituent element of a weapon system.

“(6) ‘Mature full-scale production’ means the manufacture of all units of a weapon system after the manufacture of the first one-tenth of the eventual total production or the initial production quantity of such system, whichever is less.

“(7) ‘Initial production quantity’ means the number of units of a weapon system contracted for in the first year of full-scale production.

“(8) ‘Head of an agency’ has the meaning given that term in section 2302 of this title.

“(b) Except as otherwise provided in this section, the head of an agency may not after January 1, 1985, enter into a contract for the production of a weapon system unless each prime contractor for the system provides the United States with written guarantees that—

“(1) the item provided under the contract will conform to the design and manufacturing requirements specifically delineated in the production contract (or in any amendment to that contract);

“(2) the item provided under the contract, at the time it is delivered to the United States, will be free from all defects in materials and workmanship;

“(3) the item provided under the contract will conform to the essential performance requirements of the item as specifically delineated in the production contract (or in any amendment to that contract); and

“(4) if the item provided under the contract fails to meet the guarantee specified in clause (1), (2), or (3), the contractor will at the election of the Secretary of Defense or as otherwise provided in the contract—

“(A) promptly take such corrective action as may be necessary to correct the failure at no additional cost to the United States; or

“(B) pay costs reasonably incurred by the United States in taking such corrective action.

“(c) The head of the agency concerned may not require guarantees under subsection (b) from a prime contractor for a weapon system, or for a component of a weapon system, that is furnished by the United States to the contractor.

“(d) Subject to subsection (e)(1), the Secretary of Defense may waive part or all of subsection (b) in the case of a weapon system, or component of a weapon system, if the Secretary determines—

“(1) that the waiver is necessary in the interest of national defense; or

“(2) that a guarantee under that subsection would not be cost-effective.
The Secretary may not delegate authority under this subsection to any person who holds a position below the level of Assistant Secretary of Defense or Assistant Secretary of a military department.

"(e)(1) Before making a waiver under subsection (d) with respect to a weapon system that is a major defense acquisition program for the purpose of section 139a of this title, the Secretary of Defense shall notify the Committees on Armed Services and on Appropriations of the Senate and House of Representatives in writing of his intention to waive any or all of the requirements of subsection (b) with respect to that system and shall include in the notice an explanation of the reasons for the waiver.

"(2) Not later than February 1 of each year, the Secretary of Defense shall submit to the committees specified in paragraph (1) a report identifying each waiver made under subsection (d) during the preceding calendar year for a weapon system that is not a major defense acquisition program for the purpose of section 139a of this title and shall include in the report an explanation of the reasons for the waivers.

"(f) The requirement for a guarantee under subsection (b)(3) applies only in the case of a contract for a weapon system that is in mature full-scale production. However, nothing in this section prohibits the head of the agency concerned from negotiating a guarantee similar to the guarantee described in that subsection for a weapon system not yet in mature full-scale production. When a contract for a weapon system not yet in mature full-scale production is not to include the full guarantee described in subsection (b)(3), the Secretary shall comply with the notice requirements of subsection (e).

"(g) Nothing in this section prohibits the head of the agency concerned from—

"(1) negotiating the specific details of a guarantee, including reasonable exclusions, limitations and time duration, so long as the negotiated guarantee is consistent with the general requirements of this section;

"(2) requiring that components of a weapon system furnished by the United States to a contractor be properly installed so as not to invalidate any warranty or guarantee provided by the manufacturer of such component to the United States;

"(3) reducing the price of any contract for a weapon system or other defense equipment to take account of any payment due from a contractor pursuant to subclause (B) of subsection (b)(4);

"(4) in the case of a dual source procurement, exempting from the requirements of subsection (b)(3) an amount of production by the second source contractor equivalent to the first one-tenth of the eventual total production by the second source contractor; and

"(5) using written guarantees to a greater extent than required by this section, including guarantees that exceed those in clauses (1), (2), and (3) of subsection (b) and guarantees that provide more comprehensive remedies than the remedies specified under clause (4) of that subsection.

"(h)(1) The Secretary of Defense shall prescribe such regulations as may be necessary to carry out this section.

"(2) This section does not apply to the Coast Guard or to the National Aeronautics and Space Administration.
"§ 2404. Acquisition of petroleum: authority to waive contract procedures

(a) The Secretary of Defense may, for any purchase of petroleum, waive the application of any provision of law prescribing procedures to be followed in the formation of contracts, prescribing terms and conditions to be included in contracts, or regulating the performance of contracts if the Secretary determines—

(1) that petroleum market conditions have adversely affected (or will in the near future adversely affect) the acquisition of petroleum by the Department of Defense; and

(2) the waiver will expedite or facilitate the acquisition of petroleum for Government needs.

(b) A waiver under subsection (a) may be made with respect to a particular contract or with respect to classes of contracts. Such a waiver that is applicable to a contract for the purchase of petroleum may also be made applicable to a subcontract under that contract.

(c) The Secretary of Defense may acquire petroleum by exchange of petroleum or petroleum derivatives.

(d) The Secretary of Defense shall notify the Congress within 10 days of the date on which any waiver is made under this section and of the reasons for the necessity of exercising such waiver.

(e) In this section, 'petroleum' means natural or synthetic crude, blends of natural or synthetic crude, and products refined or derived from natural or synthetic crude or from such blends.

"§ 2405. Limitation on adjustment of shipbuilding contracts

(a) The Secretary of a military department may not adjust any price under a shipbuilding contract entered into after December 7, 1983, for an amount set forth in a claim, request for equitable adjustment, or demand for payment under the contract (or incurred due to the preparation, submission, or adjudication of any such claim, request, or demand) arising out of events occurring more than 18 months before the submission of the claim, request, or demand.

(b) For the purposes of subsection (a), a claim, request, or demand shall be considered to have been submitted only when the contractor has provided the certification required by section 6(c)(1) of the Contract Disputes Act of 1978 (41 U.S.C. 605(c)(1)) and the supporting data for the claim, request, or demand.

(b)(2) Effective on the date of the enactment of this Act, section 787 of the Department of Defense Appropriation Act, 1984 (Public Law 98–212; 97 Stat. 1453), is repealed.

(c) Section 2402 of title 10, United States Code (as added by subsection (a)), shall take effect at the end of the 180-day period beginning on the date of the enactment of this Act.

PART D—OTHER PROCUREMENT PROVISIONS

PART E—OTHER MISCELLANEOUS MATTERS

SURVIVORS OF THE GLOMAR JAVA SEA

Sec. 1541. (a) The Congress finds that—

(1) on October 26, 1983, the United States registered oil drilling ship Glomar Java Sea was reported missing during stormy weather at its drilling site 60 miles off Hainan Island in the South China Sea and was found sunken near its drilling site on November 1, 1983;

(2) no evidence has been found of 46 of the 81 crewmen, including citizens of the United States, or of the lifeboats which, reportedly, were launched from the Glomar Java Sea, despite an intensive cooperative search involving United States military search and rescue aircraft and commercial vessels;

(3) the Chairman of the United States Coast Guard Marine Board of Investigation has concluded that it is possible that crewmembers of the Glomar Java Sea survived and drifted into waters near the coast of Vietnam; and

(4) the Government of Vietnam has refused to allow an independent search for the possible survivors to be conducted in waters within 20 miles of such coast.

(b) Considering the findings set out in subsection (a), it is the sense of the Congress that the President should, through all appropriate bilateral and multilateral channels, continue and accelerate the effort to obtain the cooperation of the Government of Vietnam in ascertaining the fate or locations of the 46 crewmen of the sunken United States registered vessel Glomar Java Sea.

POLICY REGARDING THE FURNISHING OF FOOD AND MEDICAL SUPPLIES TO AFGHANISTAN

Sec. 1542. (a) The Congress finds—

(2) that the current Soviet Union offensive has resulted in great suffering and destruction in Afghanistan and has intensified the Soviet policy which targets civilian populations; and

(3) that this "scorched earth" policy of the Soviet Union, which has resulted in the destruction of crops, food supplies, farms, hospitals, and other public buildings in Afghanistan, has been a desperate attempt on the part of the Soviet Union to subdue the population of that country or to force the depopulation of certain areas which the occupying forces of the Soviet Union are unable to control.
(b) It is, therefore, the sense of Congress that the free world should take all appropriate steps to ensure that the people of Afghanistan have food and medical supplies adequate to sustain themselves as they struggle to regain their freedom.

REAFFIRMATION OF UNITED STATES POLICY TOWARD CUBA

(b) Nothing in this section shall be deemed to change or otherwise affect the standards and procedures provided in the National Security Act of 1947, the Foreign Assistance Act of 1961, or the War Powers Resolution. This section does not constitute the statutory authorization for introduction of United States Armed Forces contemplated by the War Powers Resolution.

PART C—SPECIAL PROGRAM PROVISIONS

CONTRACTOR LIABILITY FOR INJURY OR LOSS OF PROPERTY ARISING OUT OF ATOMIC WEAPONS TESTING PROGRAMS

Sec. 1631. (a)(1) The remedy against the United States provided by sections 1346(b) and 2672 of title 28, United States Code, or by the Act of March 9, 1920 (46 U.S.C. 741-752 and 781-790), as appropriate, for injury, loss of property, personal injury, or death shall apply to any civil action for injury, loss of property, personal injury, or death due to exposure to radiation based on acts or omissions by a contractor in carrying out an atomic weapons testing program under a contract with the United States.

(2) The remedies referred to in paragraph (1) shall be exclusive of any other civil action or proceeding for the purpose of determining
civil liability arising from any act or omission of the contractor without regard to when the act or omission occurred. The employees of a contractor referred to in paragraph (1) shall be considered to be employees of the Federal Government, as provided in section 2671 of title 28, United States Code, for the purposes of any such civil action or proceeding; and the civil action or proceeding shall proceed in the same manner as any action against the United States filed pursuant to section 1346(b) of such title and shall be subject to the limitations and exceptions applicable to those actions.

(b) A contractor against whom a civil action or proceeding described in subsection (a) is brought shall promptly deliver all processes served upon that contractor to the Attorney General of the United States. Upon certification by the Attorney General that the suit against the contractor is within the provisions of subsection (a), a civil action or proceeding commenced in a State court shall be removed without bond at any time before trial by the Attorney General to the district court of the United States for the district and division embracing the place wherein it is pending and the proceedings shall be deemed a tort action brought against the United States under the provisions of section 1346(b), 2401(b), or 2402, or sections 2671 through 2680 of title 28, United States Code. For purposes of removal, the certification by the Attorney General under this subsection establishes contractor status conclusively.

(c) The provisions of this section shall apply to any action now pending or hereafter commenced which is an action within the provisions of subsection (a) of this section. Notwithstanding section 2401(b) of title 28, United States Code, if a civil action or proceeding pending on the date of enactment of this section is dismissed because the plaintiff in such action or proceeding did not file an administrative claim as required by section 2672 of that title, the plaintiff in that action or proceeding shall have 30 days from the date of the dismissal or two years from the date upon which the claim accrued, whichever is later, to file an administrative claim, and any claim or subsequent civil action or proceeding shall thereafter be subject to the provisions of section 2401(b) of title 28, United States Code.

(d) For purposes of this section, the term "contractor" includes a contractor or cost reimbursement subcontractor of any tier participating in the conduct of the United States atomic weapons testing program for the Department of Energy (or its predecessor agencies, including the Manhattan Engineer District, the Atomic Energy Commission, and the Energy Research and Development Administration). Such term also includes facilities which conduct or have conducted research concerning health effects of ionizing radiation in connection with the testing under contract with the Department of Energy (or any of its predecessor agencies).

(a) The President shall establish a Blue Ribbon Task Group to examine the procedures used by the Department of Defense and the Department of Energy in establishing requirements for, and in providing resources for, the research, development, testing, production, surveillance, and retirement of nuclear weapons. The Task Group shall recommend any needed change in such procedures in accordance with subsection (e).
(b)(1) The Task Group shall consist of seven members, qualified for service by reasons of experience and education. The President shall appoint three members and shall designate one of those members to act as chairman of the Task Group. The Chairman and ranking minority members of the Committees on Armed Services of the Senate and House of Representatives shall each appoint one member.

(2) None of the members may be an employee of the Department of Defense or the Department of Energy.

(c) Within 90 days of the date of the enactment of this Act, the President shall submit to the Committees on Armed Services of the Senate and House of Representatives (1) the names of the persons appointed by him to the Task Group, together with the qualifications of each such person to serve on the Task Group, and (2) a detailed plan for completing the report required by subsection (e).

(d) The President shall ensure that the Task Group has complete and timely access to employees and records of the Department of Energy and the Department of Defense pertaining to procedures referred to in subsection (a).

(e) Within 270 days of the date of the enactment of this Act, the Task Group shall submit to the President and the Committees on Armed Services of the Senate and House of Representatives a report containing its findings and recommendations. (a) In addition to the amounts otherwise authorized to be appropriated in this title, there is authorized to be appropriated to the Secretary of Energy for fiscal years beginning after September 30, 1984, $60,000,000 for the construction of facilities necessary to produce the 155-millimeter artillery-fired, atomic projectile (Project 82-D-109).
(b) In the case of the 155-millimeter atomic-fired artillery projectile (W-82) and the 8-inch atomic-fired artillery projectile (W-79), the following conditions shall be complied with:
(1) The total number of both such warheads produced may not exceed 925.
(2) The total amount spent for the production of both such warheads after the date of the enactment of this Act may not exceed $1,100,000,000.
(3) No such warhead produced after the date of the enactment of this Act may be produced in the enhanced radiation version.
(4) In producing such warheads, special emphasis shall be placed upon improvements in the safety, security, range, and survivability of such warheads.
(5) Replacement of obsolete atomic-fired artillery projectiles now in Europe with such improved warheads shall be carried out within the nuclear stockpile limits agreed to by NATO Defense Ministers at Montebello, Canada, in October 1983, which required the withdrawal of 1,400 tactical nuclear warheads from the European stockpile in addition to the 1,000 warheads withdrawn in 1980.
(c) No action may be taken to implement this section until the Secretary of Defense submits a plan for the implementation of this section to the Committees on Armed Services of the Senate and House of Representatives.

TITLE XVII—UNITED STATES INSTITUTE OF PEACE

SHORT TITLE

Sec. 1701. This title may be cited as the "United States Institute of Peace Act".

DECLARATION OF FINDINGS AND PURPOSES

Sec. 1702. (a) The Congress finds and declares that—
(1) a living institution embodying the heritage, ideals, and concerns of the American people for peace would be a significant response to the deep public need for the Nation to develop fully a range of effective options, in addition to armed capacity, that can leash international violence and manage international conflict;

(2) people throughout the world are fearful of nuclear war, are divided by war and threats of war, are experiencing social and cultural hostilities from rapid international change and real and perceived conflicts over interests, and are diverted from peace by the lack of problem-solving skills for dealing with such conflicts;

(3) many potentially destructive conflicts among nations and peoples have been resolved constructively and with cost efficiency at the international, national, and community levels through proper use of such techniques as negotiation, conciliation, mediation, and arbitration;

(4) there is a national need to examine the disciplines in the social, behavioral, and physical sciences and the arts and humanities with regard to the history, nature, elements, and future of peace processes, and to bring together and develop new and tested techniques to promote peaceful economic, political, social, and cultural relations in the world;

(5) existing institutions providing programs in international affairs, diplomacy, conflict resolution, and peace studies are essential to further development of techniques to promote peaceful resolution of international conflict, and the peacemaking activities of people in such institutions, government, private enterprise, and voluntary associations can be strengthened by a national institution devoted to international peace research, education and training, and information services;

(6) there is a need for Federal leadership to expand and support the existing international peace and conflict resolution efforts of the Nation and to develop new comprehensive peace education and training programs, basic and applied research projects, and programs providing peace information;

(7) the Commission on Proposals for the National Academy of Peace and Conflict Resolution, created by the Education Amendments of 1978, recommended establishing an academy as a highly desirable investment to further the Nation's interest in promoting international peace;

(8) an institute strengthening and symbolizing the fruitful relation between the world of learning and the world of public affairs, would be the most efficient and immediate means for the Nation to enlarge its capacity to promote the peaceful resolution of international conflicts; and

(9) the establishment of such an institute is an appropriate investment by the people of this Nation to advance the history, science, art, and practice of international peace and the resolution of conflicts among nations without the use of violence.

(b) It is the purpose of this title to establish an independent, nonprofit, national institute to serve the people and the Government through the widest possible range of education and training, basic and applied research opportunities, and peace information services on the means to promote international peace and the resolution of conflicts among the nations and peoples of the world without recourse to violence.

The Institute may designate such legal entity as the "Endowment of the United States Institute for Peace".
(d) The Institute is liable for the acts of its directors, officers, employees, and agents when acting within the scope of their authority.
(e)(1) The Institute has the sole and exclusive right to use and to allow or refuse others the use of the terms "United States Institute of Peace", "Jennings Randolph Program for International Peace", and "Endowment of the United States Institute of Peace" and the use of any official United States Institute of Peace emblem, badge, seal, and other mark of recognition or any colorable simulation thereof. No powers or privileges hereby granted shall interfere or conflict with established or vested rights secured as of September 1, 1981.

“Sec. 100. This title may be cited as the ‘Developmental Disabilities Assistance and Bill of Rights Act’.

“FINDINGS AND PURPOSES

“Sec. 101. (a) The Congress finds that—

“(1) there are more than two million persons with developmental disabilities in the United States;

“(2) individuals with disabilities occurring during their developmental period are more vulnerable and less able to reach an independent level of existence than other handicapped individuals who generally have had a normal developmental period on which to draw during the rehabilitation process;

“(3) persons with developmental disabilities often require specialized lifelong services to be provided by many agencies in a coordinated manner in order to meet the persons’ needs;

“(4) generic service agencies and agencies providing specialized services to disabled persons tend to overlook or exclude persons with developmental disabilities in their planning and delivery of services; and

“(5) it is in the national interest to strengthen specific programs, especially programs that reduce or eliminate the need for institutional care, to meet the needs of persons with developmental disabilities.

“(b)(1) It is the overall purpose of this title to assist States to (A) assure that persons with developmental disabilities receive the care, treatment, and other services necessary to enable them to achieve their maximum potential through increased independence, productivity, and integration into the community, and (B) establish and operate a system which coordinates, monitors, plans, and evaluates services which ensures the protection of the legal and human rights of persons with developmental disabilities.

“(2) The specific purposes of this title are—
"(A) to assist in the provision of comprehensive services to persons with developmental disabilities, with priority to those persons whose needs are not otherwise met under the Rehabilitation Act of 1973 or other health, education, or welfare programs;

"(B) to assist States in appropriate planning activities;

"(C) to make grants to States and public and private, nonprofit agencies to establish model programs, to demonstrate innovative habilitation techniques, and to train professional and paraprofessional personnel with respect to providing services to persons with developmental disabilities;

"(D) to make grants to university affiliated facilities to assist them in administering and operating demonstration facilities for the provision of services to persons with developmental disabilities and interdisciplinary training programs for personnel needed to provide specialized services for these persons; and

"(E) to make grants to support a system in each State to protect the legal and human rights of all persons with developmental disabilities.

"(1) Persons with developmental disabilities have a right to appropriate treatment, services, and habilitation for such disabilities.

"(3) The Federal Government and the States both have an obligation to assure that public funds are not provided to any institutional or other residential program for persons with developmental disabilities that—

"(A) does not provide treatment, services, and habilitation which is appropriate to the needs of such persons; or

"(B) does not meet the following minimum standards:

"(i) Provision of a nourishing, well-balanced daily diet to the persons with developmental disabilities being served by the program.

"(ii) Provision to such persons of appropriate and sufficient medical and dental services.
“(iii) Prohibition of the use of physical restraint on such persons unless absolutely necessary and prohibition of the use of such restraint as a punishment or as a substitute for a habilitation program.

“(C) in the case of nonresidential programs, which assure the care provided by such programs is appropriate to the persons served by the programs.

The rights of persons with developmental disabilities described in findings made in this section are in addition to any constitutional or other rights otherwise afforded to all persons.

"PART B—FEDERAL ASSISTANCE FOR PLANNING AND SERVICE ACTIVITIES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES"

"PURPOSE"

42 USC 6021.

"Sec. 121. The purpose of this part is to provide payments to States to plan for, and to conduct, activities which will increase and support the independence, productivity, and integration into the community of persons with developmental disabilities.

"STATE PLANS"

42 USC 6022.

"Sec. 122. (a) Any State desiring to take advantage of this part must have a State plan submitted to and approved by the Secretary under this section."
“(b) In order to be approved by the Secretary under this section, a State plan for the provision of services for persons with developmental disabilities must meet the following requirements:

“(1)(A) The plan must provide for the establishment of a State Planning Council, in accordance with section 124, for the assignment to the Council of personnel in such numbers and with such qualifications as the Secretary determines to be adequate to enable the Council to carry out its duties under this title, and for the identification of the personnel so assigned.

“(B) The plan must designate the State agency or agencies which shall administer or supervise the administration of the State plan and, if there is more than one such agency, the portion of such plan which each will administer (or the portion the administration of which each will supervise).

“(C) The plan must provide that each State agency designated under subparagraph (B) will keep such records and afford such access thereto as the Secretary or the State Planning Council finds necessary.

“(D) The plan must provide for such fiscal control and fund accounting procedures as may be necessary to assure the proper disbursement of and accounting for funds paid to the State under this part.

“(2) The plan must—

“(A) set out the specific objectives to be achieved under the plan and a listing of the programs and resources to be used to meet such objectives;

“(B) set forth the non-Federal share that will be required in carrying out each such objective and program;

“(C) describe (and provide for the review annually and revision of the description not less often than once every three years) (i) the extent and scope of services being provided, or to be provided, to persons with developmental disabilities under such other State plans for federally assisted State programs as the State conducts relating to education for the handicapped, vocational rehabilitation, public assistance, medical assistance, social services, maternal and child health, crippled children's services, and comprehensive health and mental health, and under such other plans as the Secretary may specify, and (ii) how funds allotted to the State in accordance with section 125 will be used to complement and augment rather than duplicate or replace services for persons with developmental disabilities who are eligible for Federal assistance under such other State programs;

“(D) for each fiscal year, assess and describe the extent and scope of the priority services being or to be provided under the plan in the fiscal year; and

“(E) establish a method for the periodic evaluation of the plan's effectiveness in meeting the objectives described in subparagraph (A).

“(3) The plan must contain or be supported by assurances satisfactory to the Secretary that—

“(A) the funds paid to the State under section 125 will be used to make a significant contribution toward strengthening services for persons with developmental disabilities through agencies in the various political subdivisions of the State;

“(B) part of such funds will be made available by the State to public or nonprofit private entities;
"(C) not more than 25 percent of such funds will be allocated to the agency or agencies designated under section 122(b)(1)(B) for the provision of services by such agency or agencies;

"(D) such funds paid to the State under section 125 will be used to supplement and to increase the level of funds that would otherwise be made available for the purposes for which Federal funds are provided and not to supplant such non-Federal funds; and

"(E) there will be reasonable State financial participation in the cost of carrying out the State plan.

"(4)(A) The plan must provide for the examination not less often than once every three years of the provision, and the need for the provision, in the State of the four priority services.

"(B) The plan must provide for the development, not later than the second year in which funds are provided under the plan after the date of the enactment of the Developmental Disabilities Act of 1984, and the timely review and revision of, a comprehensive statewide plan to plan, financially support, coordinate, and otherwise better address, on a statewide and comprehensive basis, unmet needs in the State for the provision of services for persons with developmental disabilities as follows:

"(i)(I) Except as provided in subclause (II), the plan shall provide for the provision of at least one but not more than two priority services.

"(II) In fiscal year 1987, the plan may provide for the provision of three priority services.

"(ii) For any fiscal year after fiscal year 1986 for which the total appropriations under section 130 are at least $50,250,000, the plan shall provide for the provision of employment related activities among the priority services to be provided under the plan.

"(iii) At the option of the State, the plan may provide for the provision of one or more additional services for persons with developmental disabilities from the services described in section 102(11)(A)(ii).

"(C) Notwithstanding the requirements of subparagraph (B), upon the application of a State, the Secretary, pursuant to regulations which the Secretary shall prescribe, may permit the portion of the funds which must otherwise be expended under the State plan for service activities in a limited number of services to be expended for service activities in additional services if the Secretary determines that the expenditures of the State on service activities in the initially specified services has reasonably met the need for those services in the State in comparison to the extent to which the need for such additional services has been met in such State. Such additional areas shall, to the maximum extent feasible, be areas within the priority services.

"(D) The plan must be developed after consideration of the data collected by the State education agency under section 618(b)(3) of the Education of the Handicapped Act.

"(E)(i) The plan must provide that not less than 65 percent of the amount available to the State under section 125 will be expended for service activities in the priority services.

"(ii) The plan must provide that the remainder of the amount available to the State from allotments under section 125 (after making the expenditures required by clause (i) of this paragraph) shall be used for service activities for persons with developmental
disabilities, and the planning, coordination, and administration of, and the advocacy for, the provision of such services.

"(F) The plan must provide that special financial and technical assistance shall be given to agencies or entities providing services for persons with developmental disabilities who are residents of geographical areas designated as urban or rural poverty areas.

"(5)(A)(i) The plan must provide that services furnished, and the facilities in which they are furnished, under the plan for persons with developmental disabilities will be in accordance with standards prescribed by the Secretary in regulations.

"(ii) The plan must provide satisfactory assurances that buildings used in connection with the delivery of services assisted under the plan will meet standards adopted pursuant to the Act of August 12, 1968 (known as the Architectural Barriers Act of 1968).

"(B) The plan must provide that services are provided in an individualized manner consistent with the requirements of section 123 (relating to habilitation plans).

"(C) The plan must contain or be supported by assurances satisfactory to the Secretary that the human rights of all persons with developmental disabilities (especially those persons without familial protection) who are receiving treatment, services, or habilitation under programs assisted under this part will be protected consistent with section 110 (relating to rights of the developmentally disabled).

"(D) The plan must provide assurances that the State has undertaken affirmative steps to assure the participation in programs under this title of individuals generally representative of the population of the State, with particular attention to the participation of members of minority groups.

"(E) The plan must provide assurances that the State will provide the State Planning Council with a copy of each annual survey report and plan of corrections for cited deficiencies prepared pursuant to section 1902(a)(31)(B) of the Social Security Act with respect to any intermediate care facility for the mentally retarded in such State within 30 days after the completion of each such report or plan.

"(6)(A) The plan must provide for the maximum utilization of all available community resources including volunteers serving under the Domestic Volunteer Service Act of 1973 and other appropriate voluntary organizations, except that such volunteer services shall supplement, and shall not be in lieu of, services of paid employees.

"(B) The plan must provide for fair and equitable arrangements (as determined by the Secretary after consultation with the Secretary of Labor) to protect the interests of employees affected by actions under the plan to provide alternative community living arrangement services, including arrangements designed to preserve employee rights and benefits and to provide training and retraining of such employees where necessary and arrangements under which maximum efforts will be made to guarantee the employment of such employees.

"(7) The plan also must contain such additional information and assurances as the Secretary may find necessary to carry out the provisions and purposes of this part.

"(c) The Secretary shall approve any State plan and any modification thereof which complies with the provisions of subsection (b). The Secretary shall not finally disapprove a State plan except after reasonable notice and opportunity for a hearing to the State.

"(d)(1) At the request of any State, a portion of any allotment or allotments of such State under this part for any fiscal year shall be
available to pay one-half (or such smaller share as the State may request) of the expenditures found necessary by the Secretary for the proper and efficient administration of the State plan approved under this section; except that not more than 5 per centum of the total of the allotments of such State for any fiscal year, or $50,000, whichever is less, shall be available for the total expenditures for such purpose by all of the State agencies designated under subsection (b)(1)(B) for the administration or supervision of the administration of the State plan. Payments under this paragraph may be made in advance or by way of reimbursement, and in such installments, as the Secretary may determine.

“(2) Any amount paid under paragraph (1) to any State for any fiscal year shall be paid on condition that there shall be expended from the State sources for such year for administration of the State plan approved under this section not less than the total amount expended for such purposes from such sources during the previous fiscal year.

"HABILITATION PLANS"

42 USC 6023.

"Sec. 123. (a) The Secretary shall require as a condition to a State's receiving an allotment under this part that the State provide the Secretary satisfactory assurances that each program (including programs of any agency, facility, or project) which receives funds from the State's allotment under this part (1) has in effect for each developmentally disabled person who receives services from or under the program a habilitation plan meeting the requirements of subsection (b), and (2) provides for an annual review, in accordance with subsection (c), of each such plan.

“(b) A habilitation plan for a person with developmental disabilities shall meet the following requirements:

“(3) The plan shall contain a statement of the long-term habilitation goals for the person and the intermediate habilitation objectives relating to the attainments of such goals. Such goals should include the increase or support of independence, productivity, and integration into the community for the person. Such objectives shall be stated specifically and in sequence and shall be expressed in behavioral or other terms that provide measurable indices of progress. The plan shall (A) describe how the objectives will be achieved and the barriers that might interfere with the achievement of them, (B) state an objective criteria and an evaluation procedure and schedule for determining whether such objectives and goals are being achieved, and (C) provide for a program coordinator who will be responsible for the implementation of the plan.

“(4) The plan shall contain a statement (in readily understandable form) of specific habilitation services to be provided, shall identify each agency which will deliver such services, shall describe the personnel (and their qualifications) necessary for the provision of such services, and shall specify the date of the

"(5) The plan shall specify the role and objectives of all parties to the implementation of the plan."

"(c) Each habilitation plan shall be reviewed at least annually by the agency primarily responsible for the delivery of services to the person for whom the plan was established or responsible for the coordination of the delivery of services to such person. In the course of the review, such person and the person's parents or guardian or other representative shall be given an opportunity to review such plan and to participate in its revision.

"STATE PLANNING COUNCILS"

"SEC. 124. (a)(1) Each State which receives assistance under this part shall establish a State Planning Council which will serve as an advocate for persons with developmental disabilities. The members of the State Planning Council of a State shall be appointed by the Governor of the State from among the residents of that State. The Governor of each State shall make appropriate provisions for the rotation of membership on the Council of that State. Each State Planning Council shall at all times include in its membership representatives of the principal State agencies (including the State agency that administers funds provided under the Rehabilitation Act of 1973, the State agency that administers funds provided under the Education of the Handicapped Act, and the State agency that administers funds provided under title XIX of the Social Security Act for persons with developmental disabilities), higher education training facilities, each university affiliated facility or satellite center in the State, the State protection and advocacy system established under section 142, local agencies, and nongovernmental agencies and private nonprofit groups concerned with services to persons with developmental disabilities in that State.

"(2) At least one-half of the membership of each such Council shall consist of persons who—

"(A) are persons with developmental disabilities or parents or guardians of such persons, or

"(B) are immediate relatives or guardians of persons with mentally impairing developmental disabilities,

who are not employees of a State agency which receives funds or provides services under this part, who are not managing employees (as defined in section 1126(b) of the Social Security Act) of any other entity which receives funds or provides services under this part, and who are not persons with an ownership or control interest (within the meaning of section 1124(a)(3) of the Social Security Act) with respect to such an entity.

"(3) to the maximum extent feasible, review and comment on all State plans in the State which relate to programs affecting persons with developmental disabilities; and

"(4) submit to the Secretary, through the Governor, such periodic reports on its activities as the Secretary may reasonably request, and keep such records and afford such access thereto as the Secretary finds necessary to verify such reports.

"STATE ALLOTMENTS

42 USC 6025.

"Sec. 125. (a)(1) For each fiscal year, the Secretary shall, in accordance with regulations and this paragraph, allot the sums appropriated for such year under section 130 among the States on the basis of—

"(A) the population,

"(B) the extent of need for services for persons with developmental disabilities, and

"(C) the financial need,

of the respective States. Sums allotted to the States under this section shall be used in accordance with approved State plans under section 122 for the provision under such plans of services for persons with developmental disabilities.

"(2) Adjustments in the amounts of State allotments based on subparagraphs (A), (B), and (C) of paragraph (1) may be made not more often than annually. The Secretary shall notify States of any adjustment made not less than six months before the beginning of the fiscal year in which such adjustment is to take effect.

"(3)(A) Except as provided in paragraph (4), for any fiscal year the allotment under paragraph (1)—

"(i) to each of American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific Islands may not be less than $100,000, and

"(ii) to any other State may not be less than the greater of $250,000, or the amount of the allotment (determined without regard to subsection (d)) received by the State for the fiscal year ending September 30, 1984.

"(B) Notwithstanding subparagraph (A), if the aggregate of the amounts to be allotted to each State pursuant to subparagraph (A) in any fiscal year exceeds the total amount appropriated under section 130 for such fiscal year, the amount to be allotted to a State for such fiscal year shall be an amount which bears the same ratio to the amount which is to be allotted to the State pursuant to such subparagraph as the total amount appropriated under section 130 for such fiscal year bears to the total of the amount required to be appropriated under such section for allotments to provide each State with the allotment required by such subparagraph.

"(4) In any case in which amounts appropriated under section 130 for a fiscal year exceed $47,000,000, the allotment under paragraph (1) for such fiscal year—

"(A) to each of American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or the
Trust Territory of the Pacific Islands may not be less than $160,000; and

“(B) to each of the several States, Puerto Rico, or the District of Columbia, may not be less than $300,000.

“(5) In determining, for purposes of paragraph (1)(B), the extent of need in any State for services for persons with developmental disabilities, the Secretary shall take into account the scope and extent of the services described, pursuant to section 122(b)(2)(C), in the State plan of the State.

“(b) Whenever the State plan approved in accordance with section 122 provides for participation of more than one State agency in administering or supervising the administration of designated portions of the State plan, the State may apportion its allotment among such agencies in a manner which, to the satisfaction of the Secretary, is reasonably related to the responsibilities assigned to such agencies in carrying out the purposes of the State plan. Funds so apportioned to State agencies may be combined with other State or Federal funds authorized to be spent for other purposes, provided the purposes of the State plan will receive proportionate benefit from the combination.

“(c) Whenever the State plan approved in accordance with section 122 provides for cooperative or joint effort between States or between or among agencies, public or private, in more than one State, portions of funds allotted to one or more such cooperating States may be combined in accordance with the agreements between the agencies involved.

“(d) The amount of an allotment to a State for a fiscal year which the Secretary determines will not be required by the State during the period for which it is available for the purpose for which allotted shall be available for reallocation by the Secretary from time to time, on such date or dates as the Secretary may fix (but not earlier than thirty days after the Secretary has published notice of the intention of the Secretary to make such reallocation in the Federal Register), to other States with respect to which such a determination has not been made, in proportion to the original allotments of such States for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount so reallocated to a State for a fiscal year shall be deemed to be a part of its allotment under subsection (a) for such fiscal year.

“PAYMENTS TO THE STATES FOR PLANNING, ADMINISTRATION AND SERVICES

“Sec. 126. From each State's allotments for a fiscal year under section 125, the State shall be paid the Federal share of the expenditures, other than expenditures for construction, incurred during such year under its State plan approved under this part. Such payments shall be made from time to time in advance on the basis of estimates by the Secretary of the sums the State will expend under the State plan, except that such adjustments as may be necessary shall be made on account of previously made underpayments or overpayments under this section.
"WITHHOLDING OF PAYMENTS FOR PLANNING, ADMINISTRATION AND SERVICES

42 USC 6027.

"Sec. 127. Whenever the Secretary, after reasonable notice and opportunity for hearing to the State Planning Council and the appropriate State agency designated pursuant to section 122(b)(1) finds that—

"(1) there is a failure to comply substantially with any of the provisions required by section 122 to be included in the State plan; or

"(2) there is a failure to comply substantially with any regulations of the Secretary which are applicable to this part,

the Secretary shall notify such State Council and agency or agencies that further payments will not be made to the State under section 125 (or, in the discretion of the Secretary, that further payments will not be made to the State under section 125 for activities in which there is such failure), until the Secretary is satisfied that there will no longer be such failure. Until the Secretary is so satisfied, the Secretary shall make no further payment to the State under section 125, or shall limit further payment under section 125 to such State to activities in which there is no such failure.

"NONDUPLCATION

42 USC 6028.

"Sec. 128. "APPEALS BY STATES

Sec. 111. Not later than six months after the date of the enactment of this Act, the Administrator of Veterans' Affairs (1) shall issue guidelines for the treatment and rehabilitation of veterans for alcohol or drug dependence or abuse disabilities under chapter 17 of title 38, United States Code, in facilities over which the Administrator has direct jurisdiction, and (2) shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report (including a copy of such guidelines) on the implementation of this section.

TITLE II—REPORTS

REPORT ON VETERANS' ADMINISTRATION PROGRAMS FOR TERMINALLY ILL VETERANS

Sec. 201. (a) Not later than September 30, 1985, the Administrator of Veterans' Affairs shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on programs of the Veterans' Administration to furnish palliative care, supportive counseling, and other medical services to terminally ill veterans and, pursuant to section 601(6)(B) of title 38, United States Code, supportive counseling to members of such veterans' families.

(b) The report required by subsection (a) shall include the following:

(1) A review of Veterans' Administration policies and guidelines on the provision of care, counseling, and services described in subsection (a).

(2) A review of the care, counseling, and services furnished, including the treatment modalities used and services furnished by the Veterans' Administration.

(3) An analysis and a comparison of the care, counseling, and services furnished with respect to terminally ill veterans in hospice and other Veterans' Administration programs, including a comparison of the routine and ancillary services, of the duration of inpatient and outpatient treatment and hospital-based home care, and of the cost of care furnished in such programs.

(4) An explanation of how the care, counseling, and services described in subsection (a) are or will be included in the overall plans of the Veterans' Administration for providing health care to older veterans in the future and the extent to which plans to furnish hospice care are included in such plans.
(5) A review of any steps taken to arrange for the exchange of information between Veterans' Administration facilities providing the care, counseling, and services described in subsection (a) and non-Veterans' Administration facilities providing similar care, counseling, and services.

VETERANS RESIDING IN REMOTE GEOGRAPHIC AREAS

SEC. 202. (a) The Congress makes the following findings:

(1) Many veterans with service-connected disabilities and other veterans eligible for certain health-care services from the Veterans' Administration, within the limits of Veterans' Administration facilities, reside in areas of the United States that are geographically remote from health-care facilities over which the Administrator of Veterans' Affairs has direct jurisdiction.

(2) For many such veterans such health-care facilities are geographically inaccessible and for many other such veterans the inconvenience of travel to such facilities discourages them from seeking health-care services from the Veterans' Administration.

(3) A study conducted by the Administrator of eligible veterans residing in remote areas and the use by those veterans of Veterans' Administration health-care services would provide useful information on the feasibility and appropriateness of alternative approaches to furnishing health-care services to such veterans.

(b)(1) The Administrator shall carry out a study to develop information about veterans who reside in remote areas and are eligible for health-care services from the Veterans' Administration and to develop alternative approaches that could be adopted to furnish such veterans with such services. In carrying out the study, the Administrator shall develop the following information:

(A) To the maximum extent feasible, statistics on the number of eligible veterans who, during fiscal year 1985—
   (i) reside less than fifty miles from the nearest Veterans' Administration medical facility,
   (ii) reside between fifty miles and one hundred miles from the nearest Veterans' Administration medical facility,
   (iii) reside between one hundred miles and two hundred miles from the nearest Veterans' Administration medical facility, and
   (iv) reside more than two hundred miles from the nearest Veterans' Administration medical facility.

(B) Statistics, shown by each group of veterans described in clause (A), on the numbers of eligible veterans who, during fiscal year 1985—
   (i) use Veterans' Administration medical facilities,
   (ii) receive inpatient care in such facilities (including the typical lengths of stay of such veterans in such facilities),
   (iii) receive outpatient care from such facilities, and
   (iv) receive followup health-care services from such facilities.

(C) Such additional statistics and such additional information as the Administrator considers appropriate.

(D) Breakdowns of the statistics described in clauses (A) and (B) with respect to age, service connection, and financial need regarding the applicable veteran populations.
(2) Not later than January 1, 1986, the Administrator shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a full report on the study under paragraph (1). The report shall include—
(A) the statistics and breakdown developed and information gathered under that paragraph;
(B) the Administrator's findings on the extent of the need for the Veterans' Administration to increase health-care services in remote areas; and
(C) the Administrator's findings and recommendations regarding the advantages and disadvantages of the Veterans' Administration contracting for and making other arrangements for the furnishing of health-care services to eligible veterans in remote areas.

(3) Not later than July 1, 1986, the Administrator shall submit to such committees a report describing an experimental program that could feasibly be carried out through projects in five remote areas, selected on the basis of the information and findings included in the report under paragraph (2), to demonstrate alternative approaches for the Veterans' Administration to furnish health-care services to eligible veterans in remote areas. The report shall include a description of the health-care services, and a detailed breakdown of the costs for them, that could be furnished under such an experimental program to such veterans in each such area, along with the recommendations (and the reasons therefor) of the Administrator regarding whether any such project should be carried out and such recommendations for legislative or administrative action as the Administrator considers appropriate in light of the information contained in the report.

The Administrator may carry out the preceding sentence subject to such terms and conditions as the Administrator requires in order to protect the interests of the United States.

(b) The real property referred to in subsection (a) is the property transferred to the State of California for the use of the University of California by a quitclaim deed dated December 10, 1948, executed by the Administrator of Veterans' Affairs under the Act entitled "An Act to authorize the Administrator of Veterans' Affairs to transfer a portion of the Veterans' Administration center at Los Angeles, California, to the State of California for the use of the University of California", approved June 19, 1948 (62 Stat. 559), and recorded in the land records of the County of Los Angeles, California, at page 307 of book 29032.

(c) Any document executed to carry out subsection (a) of this section shall provide that the property involved shall revert to the United States if it ceases to be used as a research and medical center or for educational or cultural purposes.

To remove an impediment to oil and gas leasing of certain Federal lands in Corpus Christi, Texas, and Port Hueneme, California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, notwithstanding section 3 of the Mineral Leasing Act for Acquired Lands (30 U.S.C. 352), the fact that acquired lands are incorporated into and a part of the city of Corpus Christi, Texas, or the city of Port Hueneme, California, shall not prevent the leasing of such lands: Provided, That prior to any such leasing the Department of the Interior must do a detailed reevaluation to determine if the lands are within a known geologic structure, by the Secretary of the Interior for oil or gas exploration and extraction, and such lands shall be available for such leasing as if they were not in an incorporated city, except that no such leasing activity shall proceed without the permission of the appropriate city.

Public Law 98–530  
98th Congress  

An Act  

Relating to the water rights of the Ak-Chin Indian Community.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. The Congress hereby finds and declares that—

(1) the Department of the Interior and the Ak-Chin Indian Community executed on September 23, 1983, an agreement entitled “Agreement in Principle for Revised Ak-Chin Water Settlement”, wherein the parties agreed to revisions of the Act of July 28, 1978 (Public Law 95–328; 92 Stat. 409);

(2) the main purpose of the Agreement in Principle is to accomplish a prompt and economical fulfillment of the intent of that Act;

(3) section 3 of that Act requires that the Secretary of the Interior (hereinafter referred to as the “Secretary”) as soon as possible but not later than twenty-five years after the date of the enactment of that Act, deliver to the Ak-Chin Indian Reservation a permanent supply of water to fulfill the Ak-Chin Indian Community’s entitlement to eighty-five thousand acre-feet of water;

(4) section 2 of that Act requires that the Secretary deliver an interim supply of water until the permanent supply is acquired and delivered to the Reservation;

(5) the Secretary proposed to the Community, subject to the approval of Congress, to deliver the permanent supply not later than January 1, 1988, except that the Community, as a consideration, agree to certain modifications in the quantities of water to be delivered as the permanent supply and to release him from his obligation to deliver an interim supply;

(6) in order to establish January 1, 1988, as the date certain for the delivery of a permanent supply, the Community agreed to—

(A) the reduced deliveries of the permanent supply under certain conditions;

(B) the Secretary’s proposals regarding the interim supply; and

(C) certain other proposals of the Secretary;

and executed the Agreement in Principle; and

(7) the provisions contained in this Act conform to the purposes of that Agreement and the consideration embodied in it.

Sec. 2. (a) As soon as possible but not later than January 1, 1988, the Secretary shall deliver annually a permanent water supply from the main project works of the Central Arizona Project to the southeast corner of the Ak-Chin Indian Reservation of not less than seventy-five thousand acre-feet of surface water suitable for agricultural use except as otherwise provided under subsections (b) and (c).

(b) In any year in which sufficient surface water is available, the Secretary shall deliver such additional quantity of water as is
requested by the Community not to exceed ten thousand acre-feet. The Secretary shall be required to carry out the obligation referred to in this subsection only if he determines that there is sufficient capacity available in the main project works of the Central Arizona Project to deliver such additional quantity.

(c) In time of shortage, if the aggregate supply of water referred to in subsection (f) is not sufficient to deliver seventy-five thousand acre-feet, the Secretary may deliver a lesser quantity but in no event less than seventy-two thousand acre-feet. For the purposes of this Act, the term “time of shortage” means a calendar year for which the Secretary determines that a shortage exists pursuant to section 301(b) of the Colorado River Basin Project Act of September 30, 1968 (Public Law 90–537), such that there is not sufficient Central Arizona Project water in that year to supply up to a limit of three hundred nine thousand eight hundred and twenty-eight acre-feet of water for Indian uses, and up to a limit of five hundred ten thousand acre-feet of water for non-Indian municipal and industrial uses.

(d) The Secretary shall be deemed to have satisfied his obligation to deliver water under this section only if such water is delivered at flow rates which meet the seasonal requirements for agricultural use on the Reservation. Such rates shall not exceed three hundred cubic feet per second.

(e) To meet the obligations of the Secretary to deliver water under this Act, the Secretary shall design, construct, operate, maintain, and replace, at no cost to the Community, such facilities, including any aqueduct and appurtenant pumping facilities, powerplants and electric power transmission facilities, which may be necessary.

(f) The water supply referred to in subsections (a) and (c) shall consist of the aggregate of the following—

(1) First, a permanent supply of no more or less than fifty thousand acre-feet of surface water per annum to be diverted from the Colorado River of the three hundred thousand acre-feet of water heretofore authorized by the Act of July 30, 1947 (61 Stat. 628), for beneficial consumptive use on lands of the Yuma Mesa Division of the Gila Project. Water referred to in this paragraph and in subsection (g)(1) shall have equal priority. Furthermore, these provisions shall not affect the relative priorities among themselves of water users in Arizona, Nevada, and California which are senior to diversions for the Central Arizona Project as fully set out in section 301(b) of Public Law 90–537.

(2) Such Central Arizona Project water allocated to the Community and referred to in the “Notice of Final Water Allocations to Indians and non-Indian Water Users and Related Decisions” (48 Fed. Reg. 12446, March 24, 1983) as is necessary to fulfill the Secretary's water delivery obligations. Delivery of such Central Arizona Project water shall be as provided in the December 11, 1980, Central Arizona Project water delivery contract between the United States and the Ak-Chin Indian Community, except as otherwise provided by this Act and any contract executed pursuant to this Act.

Notwithstanding any other provision of this Act, nothing in paragraph (1) of this subsection shall enlarge or diminish the authority of the Secretary under existing law. Nothing in section 4 or any other provision of this Act shall reduce the Secretary's obligation to deliver to the Ak-Chin Reservation a permanent supply of fifty
thousand acre-feet of surface water per annum as well as the water
referred to in paragraph (2) of this subsection.

(g)(1) The limitation in the first section of the Act of July 30, 1947
(61 Stat. 628) on the annual beneficial consumptive use in the Yuma
Mesa Division of the Gila Project of no more than three hundred
thousand acre-feet of Colorado River water shall be deemed to be a
limitation of no more than two hundred and fifty thousand acre-feet,
effective as provided in section 4 of this Act.

(2) Such two hundred and fifty thousand acre-feet of water shall
not be used to irrigate more than thirty-seven thousand one hun-
dred and eighty-seven acres of land in the Yuma Mesa Division,
specifically: six thousand five hundred and eighty-seven acres in the
North Gila Valley Irrigation District; ten thousand six hundred
acres in the Yuma Irrigation District; and twenty thousand acres in
the Yuma Mesa Irrigation and Drainage District. Additional land in
the Yuma Mesa Irrigation and Drainage District may be irrigated if
there is a corresponding reduction in the irrigated acreage in the
other districts so that at no time are more than thirty-seven thou-
sand one hundred and eighty-seven acres being irrigated in the
Yuma Mesa Division.

(3) Pursuant to appropriations, the Secretary shall pay—

(A) $5,400,000 to the Yuma Mesa Irrigation and Drainage
District for the purpose of replacement, rehabilitation, and
repair of the water delivery system within the Yuma Mesa
Irrigation and Drainage District, including water pumping
facilities; and

(B) $2,000,000 to the Yuma Mesa Irrigation and Drainage
District, $1,000,000 to the Yuma Irrigation District, and
$1,000,000 to the North Gila Valley Irrigation District, for the
purpose of on-farm and district water conservation and drain-
age measures.

Such funds shall not be used as non-Federal contributions in connection
with any other Federal programs requiring cost-sharing. None
of the payments to be made by the Secretary to said districts under
this subsection shall be treated as supplemental or additional bene-
fits or reimbursable to the United States.

(4) The Secretary is authorized and directed to amend the repay-
ment contracts, as amended, between the United States and said
districts to conform to the provisions of this Act and to provide that
all remaining repayment obligations owing to the United States on
the date of the enactment of this Act are discharged. The Secretary
is authorized at the request of the districts or any one of them to
issue a certificate acknowledging that the lands in the requesting
district are free of the ownership and full cost pricing provisions of
Federal reclamation law. Such certificate shall be in a form suitable
for entry in the land records of Yuma County, Arizona. Amend-
ments to the districts' contracts relating to items other than those
covered by this Act shall not be made without the consent of the
irrigation districts.

(5) The Secretary shall be required to carry out his obligations in
paragraphs (3) and (4) only if the Yuma Mesa Irrigation and Drain-
age District, the North Gila Valley Irrigation District, and the
Yuma Irrigation District execute amendatory contracts necessary to
carry out the provisions of this subsection, including specifically a
waiver and release of any and all claims to the annual beneficial
consumptive use of Colorado River water in excess of two hundred
fifty thousand acre-feet as provided in paragraph (1) of this subsection.

(h)(1) If the facilities required to deliver water to the Ak-Chin Reservation as provided in this section are not completed by January 1, 1988, the Secretary shall pay damages measured by the replacement cost of water not delivered in that calendar year up to a limit of thirty-five thousand acre-feet. In addition and to mitigate the effects occasioned by the failure to deliver said water, the Secretary shall pay all operation, maintenance and replacement costs of on-reservation wells to produce up to forty thousand acre-feet of water in that year for use by the Community.

(2) Commencing January 1, 1989, the Secretary shall pay damages measured by the replacement cost of water not delivered under subsection (a) or (c) as appropriate, up to a limit of seventy-five thousand or seventy-two thousand acre-feet of water, irrespective of whether the facilities to deliver water to the Ak-Chin Reservation have been completed.

(i) In any year in which the Ak-Chin Indian Community requests additional water under subsection (b) and such water and associated canal capacity are available, if the Secretary fails to deliver that quantity of additional water, in addition to any damages which he is required to pay under subsection (h), he shall pay damages in an amount measured by the agricultural water service operation, maintenance, and replacement costs for the Central Arizona Project in effect during that year, plus 20 per centum, of such additional quantity of water as is not delivered.

(j) The Ak-Chin Indian Community shall have the right to devote the permanent water supply provided for by this Act to any use, including but not limited to agricultural, municipal, industrial, commercial, mining or recreational use.

(k) The water referred to in subsection (f)(1) shall be for the exclusive use and benefit of the Ak-Chin Indian Community, except that whenever the aggregate water supply referred to in subsection (f) exceeds the quantity necessary to meet the obligations of the Secretary under this Act, the Secretary shall allocate on an interim basis to the Central Arizona Project any of the water referred to in subsection (f) which is not required for delivery to the Ak-Chin Indian Reservation under this Act.

Sec. 3. (a) The obligation of the Secretary to acquire and deliver to the Community an interim water supply from 1984 through 1987 under section 2 of the Act of July 28, 1978 (Public Law 95-328) shall be deemed to be fully discharged once—

(1) within sixty days of enactment of appropriations, the Secretary pays to the Community $1,400,000 in a lump sum grant for economic development in fiscal year 1986;

(2) the Secretary of the Treasury, within thirty days after the date of enactment of this Act, has paid to the Community $15,000,000 for general community purposes as provided in Public Law 98-396;

(3) within sixty days after the date of enactment of this Act the Secretary has provided to the Community grants for economic development purposes of $2,000,000 from funds provided in Public Law 98-396 for the permanent water supply; and

(4) the Secretary has amended those repayment contracts between the United States and the Community to provide that all repayment obligations owing to the United States are discharged.
The Secretary is hereby authorized and directed to take such actions needed to amend the contracts referred to in paragraph (4).

(b) To carry out the purposes of this section the Ak-Chin Indian Community shall have the complete discretion to use and expend the funds referred to in this section.

Sec. 4. The provisions of sections 2 (f)(1) and (g) of this Act shall not take effect until—

(1) the amendatory contracts authorized by section 2(g) of this Act have been duly ratified and approved by each of the districts and executed by the United States; and

(2) the funds authorized to be paid to the districts by section 2(g)(3) of this Act have been appropriated and transferred to the districts.

Sec. 5. (a) The obligations of the Secretary under section 3 of the Act of July 28, 1978 (92 Stat. 409; Public Law 95-328), shall terminate upon the enactment of this Act. If the Secretary fails to acquire the water supply referred to in section 2(f)(1) of this Act by January 1, 1988, the Secretary shall be obligated—

(1) to deliver annually to the southeast corner of the Ak-Chin Indian Reservation eighty-five thousand acre-feet of water suitable for irrigation beginning January 1, 1988; and

(2) to provide as soon as possible, but not later than January 1, 2003, for the permanent delivery of such water.

(b) Failure to deliver water as specified in this section shall render the United States liable for damages measured by the replacement cost of water not delivered.

Sec. 6. The Secretary shall establish a water management plan for the Ak-Chin Indian Reservation which, except as is necessary to be consistent with the provisions of this Act, will have the same effect as any management plan developed under Arizona law.

Sec. 7. (a) There is hereby authorized to be appropriated the sum of $1,000,000 for payment to the fund referred to in subsection (b). Subject to appropriations, the Secretary shall pay a sum of $1,000,000 to such fund.

(b) No portion of the sum referred to in subsection (a) shall be paid unless—

(1) the Central Arizona Water Conservation District establishes a fund to be administered by the District for voluntary acquisition or conservation of water from sources within the State of Arizona for use in central Arizona in years when water supplies are reduced; and

(2) the Central Arizona Water Conservation District has contributed the sum of not less than $1,000,000 to such fund: Provided, That if the contribution of not less than $1,000,000 by the District to such fund has not been fully paid as provided in this section within two years of the date of enactment of this Act, the authorization for appropriation and payment of the sum referred to in subsection (a) shall terminate.

(c) If the provisions of this section are for any reason not implemented as herein provided, the other sections of this Act shall remain unaffected thereby.

Sec. 8. Nothing in this Act shall be construed to enlarge or diminish the authority of the Secretary with regard to the Colorado River.

Sec. 9. No authority under this Act to enter into contracts or to make payments shall be effective except to the extent and in such amounts as provided in advance in appropriations Acts. Any provi-
tion of this Act which, directly or indirectly, authorizes the enactment of new budget authority shall be effective only for fiscal years beginning after September 30, 1985.

Sec. 10. (a) Section 311 of the Southern Arizona Water Rights Settlement Act of 1982 (96 Stat. 1283) is amended to read as follows:

"Sec. 311. The provisions of section 2415 of title 28, United States Code, shall apply to any action relating to water rights of the Papago Indian Tribe or of any member of such Tribe which is brought—

"(1) by the United States for, or on behalf of, such Tribe or member of such Tribe, or

"(2) by such Tribe."

(b) The amendment made by this section shall not apply with respect to any action filed prior to the date of enactment of this Act.

An Act

To provide for the restoration of the fish and wildlife in the Trinity River Basin, California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

FINDINGS

SECTION 1. The Congress finds that—

(1) the construction of the Trinity River division of the Central Valley project in California, authorized by the Act of August 12, 1955 (69 Stat. 719), has substantially reduced the streamflow in the Trinity River Basin thereby contributing to damage to pools, spawning gravels, and rearing areas and to a drastic reduction in the anadromous fish populations and a decline in the scenic and recreational qualities of such river system;

(2) the loss of land areas inundated by two reservoirs constructed in connection with such project has contributed to reductions in the populations of deer and other wildlife historically found in the Trinity River Basin;

(3) the Act referred to in paragraph (1) of this section directed the Secretary of the Interior (hereinafter in this Act referred to as the “Secretary”) to take appropriate actions to ensure the preservation and propagation of such fish and wildlife and additional authority was conferred on the Secretary under the Act approved September 4, 1980 (94 Stat. 1062), to take certain actions to mitigate the impact on fish and wildlife of the construction and operation of the Trinity River division;

(4) activities other than those related to the project including, but not limited to, inadequate erosion control and fishery harvest management practices, have also had significant adverse effects on fish and wildlife populations in the Trinity River Basin and are of such a nature that the cause of any detrimental impact on such populations cannot be attributed solely to such activities or to the project;

(5) a fish and wildlife management program has been developed by an existing interagency advisory group called the Trinity River Basin Fish and Wildlife Task Force; and

(6) the Secretary requires additional authority to implement a basin-wide fish and wildlife management program in order to achieve the long-term goal of restoring fish and wildlife populations in the Trinity River Basin to a level approximating that which existed immediately before the start of the construction of the Trinity River division.
TRINITY RIVER BASIN FISH AND WILDLIFE MANAGEMENT PROGRAM

SEC. 2. (a) Subject to subsection (b), the Secretary shall formulate and implement a fish and wildlife management program for the Trinity River Basin designed to restore the fish and wildlife populations in such basin to the levels approximating those which existed immediately before the start of the construction referred to in section 1(1) and to maintain such levels. The program shall include the following activities:

(1) The design, construction, operation, and maintenance of facilities to—

(A) rehabilitate fish habitats in the Trinity River between Lewiston Dam and Weitchpec;
(B) rehabilitate fish habitats in tributaries of such river below Lewiston Dam and in the south fork of such river; and
(C) modernize and otherwise increase the effectiveness of the Trinity River Fish Hatchery.

(2) The establishment of a procedure to monitor (A) the fish and wildlife stock on a continuing basis, and (B) the effectiveness of the rehabilitation work.

(3) Such other activities as the Secretary determines to be necessary to achieve the long-term goal of the program.

(b)(1) The Secretary shall use the program described in section 1(5) of this Act as a basis for the management program to be formulated under subsection (a) of this section. In formulating and implementing such management program, the Secretary shall be assisted by an advisory group called the Trinity River Basin Fish and Wildlife Task Force established under section 3.

(2) In order to facilitate the implementation of those activities under the management program over which the Secretary does not have jurisdiction, the Secretary shall undertake to enter into a memorandum of agreement with those Federal, State, and local agencies, and the Indian tribe, represented on the Task Force established under section 3. The memorandum of agreement should specify those management program activities for which the respective signatories to the agreement are primarily responsible and should contain such commitments and arrangements between and among the signatories as may be necessary or appropriate to ensure the coordinated implementation of the program.

(3) To the extent not provided for under a memorandum of agreement entered into under paragraph (2), the Secretary shall coordinate the activities undertaken under such management program with the activities of State and local agencies, and the activities of other Federal agencies, which have responsibilities for managing public lands and natural resources within the Trinity River Basin.

Establishment.

(c) (1) Members of the Task Force who are full-time officers or employees of the United States shall receive no additional pay, allowances, or benefits by reason of their service on the Task Force.

(2) No moneys authorized to be appropriated under this Act may be used to pay any member of the Task Force for service on the Task Force or to reimburse any agency or governmental unit for the pay of any such member for such service.

(1) the State of California and the counties of Humboldt and Trinity in California will pay during each fiscal year (on the basis of such shares as the State and the counties mutually agree upon) to the Treasury of the United States an amount equal to 15 per centum of the total amount of money that is expended during that year (A) from appropriations made under subsection (a), and (B) for carrying out Grass Valley Creek activities; and

(2) the public utilities, water districts, and other direct purchasers of water and power from the Trinity River division of the Central Valley project referred to in section 1(1) will pay (on the basis of such shares as are determined by the Secretary) to the Treasury of the United States, within such period of time and in such increments as are satisfactory to the Secretary, an amount equal to 50 per centum of the total amount of money that is expended (A) from appropriations made under subsection (a), and (B) for carrying out Grass Valley Creek activities.

(c) No moneys appropriated under subsection (a) may be expended for any construction described in section 2(a)(1)(A) below the confluence of Grass Valley Creek and the Trinity River until the construction of the debris dam referred to in subsection (d)(1) is completed.

(d) For purposes of this section, the term "Grass Valley Creek activities" means the following activities authorized by the Act of September 4, 1980 (94 Stat. 1062):

Public Law 98-542
98th Congress

An Act

To require the Administrator of Veterans' Affairs to prescribe regulations regarding the determination of service connection of certain disabilities of veterans who were exposed to dioxin in the Republic of Vietnam while performing active military, naval, or air service or to radiation from nuclear detonations while performing such service, to provide interim benefits for certain disabilities and deaths, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the "Veterans' Dioxin and Radiation Exposure Compensation Standards Act".

FINDINGS

SEC. 2. The Congress makes the following findings:

(1) Veterans who served in the Republic of Vietnam during the Vietnam era and veterans who participated in atmospheric nuclear tests or the American occupation of Hiroshima or Nagasaki, Japan, are deeply concerned about possible long-term health effects of exposure to herbicides containing dioxin or to ionizing radiation.

(2) There is scientific and medical uncertainty regarding such long-term adverse health effects.

(3) In section 102 of Public Law 97-22, the Congress responded to that uncertainty by authorizing priority medical care at Veterans' Administration facilities for any disability of a veteran who may have been so exposed (even though there is insufficient medical evidence linking such disability with such exposure) unless the disability is found to have resulted from a cause other than the exposure.

(4) The Congress has further responded to that medical and scientific uncertainty by requiring, in section 307 of Public Law 96-151 and section 601 of Public Law 98-160, the conduct of thorough epidemiological studies of the health effects experienced by veterans in connection with exposure both to herbicides containing dioxin and (if not determined to be scientifically infeasible) to radiation, and by requiring in Public Law 97-414, the development of radioepidemiological tables setting forth the probabilities of causation between various cancers and exposure to radiation.

(5) There is some evidence that chloracne, porphyria cutanea tarda, and soft tissue sarcoma are associated with exposure to certain levels of dioxin as found in some herbicides and that most types of leukemia, malignancies of the thyroid, female breast, lung, bone, liver, and skin, and polycythemia vera are associated with exposure to certain levels of ionizing radiation.
(6) As of the date of the enactment of this Act, there are sixty-six federally sponsored research projects being conducted relating to herbicides containing dioxin, at a cost to the Federal Government in excess of $130,000,000 and, as of 1981, federally sponsored research projects relating to ionizing radiation were costing the Federal Government more than $115,000,000.

(7) The initial results of one project—an epidemiological study, conducted by the United States Air Force School of Aerospace Medicine, of the health status of the “Ranch Hand” veterans who carried out the loading and aerial spraying of herbicides containing dioxin in Vietnam and in the process came into direct skin contact with such herbicides in their most concentrated liquid form—were released on February 24, 1984, and contained the conclusion “that there is insufficient evidence to support a cause and effect relationship between herbicide exposure and adverse health in the Ranch Hand group at this time”.

(8) The “film badges” which were originally issued to members of the Armed Forces in connection with the atmospheric nuclear test program have previously constituted a primary source of dose information for veterans (and survivors of veterans) filing claims for Veterans’ Administration disability compensation or dependency and indemnity compensation in connection with exposure to radiation.

(9) These film badges often provide an incomplete measure of radiation exposure, since they were not capable of recording inhaled, ingested, or neutron doses (although the Defense Nuclear Agency currently has the capability to reconstruct individual estimates of such doses), were not issued to most of the participants in nuclear tests, often provided questionable readings because they were shielded during the detonation, and were worn for only limited periods during and after each nuclear detonation.

(10) Standards governing the reporting of dose estimates in connection with radiation-related claims for Veterans’ Administration disability compensation vary among the several branches of the Armed Forces, and no uniform minimum standards exist.

(11) The Veterans’ Administration has not promulgated permanent regulations setting forth specific guidelines, standards, and criteria for the adjudication of claims for Veterans’ Administration disability compensation based on exposure to herbicides containing dioxin or to ionizing radiation.

(12) Such claims (especially those involving health effects with long latency periods) present adjudicatory issues which are significantly different from issues generally presented in claims based upon the usual types of injuries incurred in military service.

(13) It has always been the policy of the Veterans’ Administration and is the policy of the United States, with respect to individual claims for service connection of diseases and disabilities, that when, after consideration of all evidence and material of record, there is an approximate balance of positive and negative evidence regarding the merits of an issue material to the determination of a claim, the benefit of the doubt in resolving each such issue shall be given to the claimant.
PURPOSE

Sec. 3. The purpose of this Act is to ensure that Veterans' Administration disability compensation is provided to veterans who were exposed during service in the Armed Forces in the Republic of Vietnam to a herbicide containing dioxin or to ionizing radiation in connection with atmospheric nuclear tests or in connection with the American occupation of Hiroshima or Nagasaki, Japan, for all disabilities arising after that service that are connected, based on sound scientific and medical evidence, to such service (and that Veterans' Administration dependency and indemnity compensation is provided to survivors of those veterans for all deaths resulting from such disabilities).

REQUIREMENT IN TITLE 38, UNITED STATES CODE, RELATING TO REGULATIONS

Sec. 4. Section 354(a) of title 38, United States Code, is amended—
(1) by striking out the comma after “disabilities” and inserting in lieu thereof “(1)”;
(2) by inserting before the period a comma and “and (2) the provisions required by section 5 of the Veterans’ Dioxin and Radiation Exposure Compensation Standards Act”.

REQUIREMENT FOR AND CONTENT OF REGULATIONS

Sec. 5. (a) In carrying out the responsibilities of the Administrator of Veterans’ Affairs under section 354(a)(2) of title 38, United States Code, and in order to promote consistency in claims processing and decisions, the Administrator shall prescribe regulations to—
(1) establish guidelines and (where appropriate) standards and criteria for the resolution of claims for benefits under laws administered by the Veterans’ Administration where the criteria for eligibility for a benefit include a requirement that a death or disability be service connected and the claim of service connection is based on a veteran’s exposure during service—
(A) in the Republic of Vietnam during the Vietnam era to a herbicide containing dioxin, or
(B) in connection with such veteran’s participation in atmospheric nuclear tests or with the American occupation of Hiroshima or Nagasaki, Japan, prior to July 1, 1946, to ionizing radiation from the detonation of a nuclear device; and
(2) ensure that, with respect to those claims, the policy of the United States described in section 2(13) is carried out.

(b)(1)(A) The guidelines required to be established in regulations prescribed under this section shall include guidelines governing the evaluation of the findings of scientific studies relating to the possible increased risk of adverse health effects of exposure to herbicides containing dioxin or of exposure to ionizing radiation. Those guidelines shall require that, in the evaluation of those studies, the Administrator shall take into account whether the results are statistically significant, are capable of replication, and withstand peer review.

(B) The evaluations described in subparagraph (A) shall be made by the Administrator of Veterans’ Affairs after receiving the advice of the appropriate panel of the Scientific Council of the Veterans’ Advisory Committee on Environmental Hazards (established under
Those evaluations shall be published in the notice section of the Federal Register.

(C) The standards and criteria required to be established in regulations prescribed under this section shall include provisions governing the use in the adjudication of individual claims of the Administrator’s evaluations made under subparagraph (B).

(2)(A)(i) In prescribing regulations under this section, the Administrator (after receiving the advice of the Advisory Committee and of the appropriate panel of the Scientific Council of the Veterans’ Advisory Committee on Environmental Hazards regarding the diseases described in subparagraph (B)) shall make determinations, based on sound medical and scientific evidence, with respect to each disease described in subparagraph (B) as to whether service connection shall, subject to division (ii) of this subparagraph, be granted in the adjudication of individual cases. In making determinations regarding such diseases, the Administrator shall give due regard to the need to maintain the policy of the United States with respect to the resolution of contested issues as set forth in section 2(13). The Administrator shall set forth in such regulations such determinations, with any specification (relating to exposure or other relevant matter) of limitations on the circumstances under which service connection shall be granted, and shall implement such determinations in accordance with such regulations.

(ii) If the Administrator makes a determination, pursuant to this subparagraph, that service connection shall be granted in the case of a disease described in subparagraph (B), the Administrator shall specify in such regulations that, in the adjudication of individual cases, service connection shall not be granted where there is sufficient affirmative evidence to the contrary or evidence to establish that an intercurrent injury or disease which is a recognized cause of the described disease has been suffered between the date of separation from service and the onset of such disease or that the disability is due to the veteran’s own willful misconduct.

(iii) With regard to each disease described in subparagraph (B), the Administrator shall include in the regulations prescribed under this section provisions specifying the factors to be considered in adjudicating issues relating to whether or not service connection should be granted in individual cases and the circumstances governing the granting of service connection for such disease.

(B) The diseases referred to in subparagraph (A) are those specified in section 2(5) and any other disease with respect to which the Administrator finds (after receiving and considering the advice of the appropriate panel of the Scientific Council established under section 6(d)(2)) that there is sound scientific or medical evidence indicating—

(i) a connection to exposure to a herbicide containing dioxin, in the case of a veteran who was exposed to that herbicide during such veteran’s service in the Republic of Vietnam during the Vietnam era, or

(ii) a connection to exposure to ionizing radiation, in the case of a veteran who was exposed to ionizing radiation in connection with such veteran’s participation in an atmospheric nuclear test or with the American occupation of Hiroshima or Nagasaki, Japan, before July 1, 1946.

(3) The regulations prescribed under this section shall include—
(A) specification of the maximum period of time after exposure to such herbicide or ionizing radiation for the development of those diseases; and

(B) a requirement that a claimant filing a claim based upon a veteran's exposure to a herbicide containing dioxin or to ionizing radiation from the detonation of a nuclear device may not be required to produce evidence substantiating the veteran's exposure during active military, naval, or air service if the information in the veteran's service records and other records of the Department of Defense is not inconsistent with the claim that the veteran was present where and when the claimed exposure occurred.

(c)(1) The Administrator of Veterans' Affairs shall develop the regulations required by this section (and any amendment to those regulations) through a public review and comment process in accordance with the provisions of section 553 of title 5, United States Code. That process may include consideration by the Administrator of the recommendations of the Veterans' Advisory Committee on Environmental Hazards and the Scientific Council thereof (established under section 6) with respect to the proposed regulations, and that process shall include consideration by the Administrator of the recommendations of the Committee and the Council with respect to the final regulations and proposed and final amendments to such regulations. The period for public review and comment shall be completed not later than ninety days after the proposed regulations or proposed amendments are published in the Federal Register.

(2)(A) Not later than one hundred and eighty days after the date of the enactment of this Act, the Administrator shall develop and publish in the Federal Register a proposed version of the regulations required to be prescribed by this section.

(B) Not later than three hundred days after the date of the enactment of this Act, the Administrator shall publish in the Federal Register the final regulations (together with explanations of the bases for the guidelines, standards, and criteria contained therein) required to be prescribed by this section.

ADVISORY COMMITTEE ON ENVIRONMENTAL HAZARDS

Sec. 6. (a) The advisory committee referred to in subsections (b) and (c) of section 5, to be known as the Veterans' Advisory Committee on Environmental Hazards (hereinafter in this section referred to as the "Committee") shall consist of fifteen members appointed by the Administrator of Veterans' Affairs after requesting and considering recommendations from veteran organizations, including—

(1) eleven individuals (of whom none may be members of the Armed Forces on active duty or employees of the Veterans' Administration or the Department of Defense and not more than three may be employees of other Federal departments or agencies), appointed, after requesting and considering the recommendations of the heads of Federal entities with particular expertise in biomedical and environmental science, including—

(A) three individuals who are recognized medical or scientific authorities in fields pertinent to understanding the health effects of exposure to dioxin;
(B) three individuals who are recognized medical or scientific authorities in fields pertinent to understanding the health effects of exposure to ionizing radiation; and
(C) five individuals who are recognized medical or scientific authorities in fields, such as epidemiology and other scientific disciplines, pertinent to determining and assessing the health effects of exposure to dioxin or ionizing radiation in exposed populations; and
(2) four individuals from the general public, including at least one disabled veteran, having a demonstrated interest in and experience relating to veterans' concerns regarding exposure to dioxin or ionizing radiation.

(b) The Committee shall include, as ex officio, nonvoting members, the Chief Medical Director and the Chief Benefits Director of the Veterans' Administration, or their designees.

(c) The Committee shall submit to the Administrator any recommendations it considers appropriate for administrative or legislative action.

(d)(1) The eleven members of the Committee described in subsection (a)(1) shall, in addition to serving as members of the Committee, constitute a Scientific Council of the Committee (hereinafter in this section referred to as the “Council”).
(2) The Council shall be divided into (A) an eight-member panel with responsibility for evaluating scientific studies relating to possible adverse health effects of exposure to dioxin, and (B) an eight-member panel with responsibility for evaluating scientific studies relating to possible adverse health effects of exposure to ionizing radiation.

(3) The Council shall make findings and evaluations regarding pertinent scientific studies and shall submit to the Committee and the Administrator directly periodic reports on such findings and evaluations.

(e) The Administrator shall designate one of the members to chair the Committee and another member to chair the Council.

(f) The Administrator shall determine the terms of service and pay and allowances of members of the Committee, except that a term of service of any member may not exceed three years. The Administrator may reappoint any member for additional terms of service.

(g) The Administrator shall provide administrative support services and fiscal support for the Committee.

NUCLEAR RADIATION MATTERS INVOLVING OTHER AGENCIES

Sec. 7. (a) In connection with the duties of the Director of the Defense Nuclear Agency, as Department of Defense Executive Agent for the Nuclear Test Personnel Review Program, relating to the preparation of radiation dose estimates with regard to claims for Veterans' Administration disability compensation and dependency and indemnity compensation under chapters 11 and 13, respectively, of title 38, United States Code—

(1) the Secretary of Defense shall prescribe guidelines (and any amendment to those guidelines) through a public review and comment process in accordance with the provisions of section 553 of title 5, United States Code—
(A) specifying the minimum standards governing the preparation of radiation dose estimates in connection with claims for such compensation,

(B) making such standards uniformly applicable to the several branches of the Armed Forces, and

(C) requiring that each such estimate furnished to the Veterans' Administration and to any veteran or survivor include information regarding all material aspects of the radiation environment to which the veteran was exposed and which form the basis of the claim, including inhaled, ingested, and neutron doses; and

(2) the Secretary of Health and Human Services, through the Director of the National Institutes of Health, shall—

(A) conduct a review of the reliability and accuracy of scientific and technical devices and techniques (such as "whole body counters") which may be useful in determining previous radiation exposure;

(B) submit to the Administrator of Veterans' Affairs and the Committees on Veterans' Affairs of the House of Representatives and the Senate, not later than July 1, 1985, a report regarding the results of such review, including information concerning the availability of such devices and techniques, the categories of exposed individuals as to whom use of such devices and techniques may be appropriate, and the reliability and accuracy of dose estimates which may be derived from such devices and techniques; and

(C) enter into an interagency agreement with the Administrator of Veterans' Affairs for the purpose of assisting the Administrator in identifying agencies or other entities capable of furnishing services involving the use of such devices and techniques.

(b) The Administrator of Veterans' Affairs, in resolving material differences between a radiation dose estimate, from a credible source, submitted by a veteran or survivor and a radiation dose estimate prepared and transmitted by the Director of the Defense Nuclear Agency, shall provide for the preparation of a radiation dose estimate by an independent expert, who shall be selected by the Director of the National Institutes of Health and who shall not be affiliated with the Defense Nuclear Agency, and the Administrator shall provide for the consideration of such independent estimate in connection with the adjudication of the claim for Veterans' Administration compensation.

AMENDMENTS TO REGULATIONS

Sec. 8. (a) Paragraph (3) of section 307(b) of the Veterans' Health Programs Extension and Improvement Act of 1979 (38 U.S.C. 219 note) is amended to read as follows:

"(3) Immediately after the submission of each report under paragraph (2), the Administrator, based on the results described in such report and the comments and recommendations included therein and any other available pertinent information, shall evaluate the need for any amendments to regulations, prescribed pursuant to section 5 of the Veterans' Dioxin and Radiation Exposure Compensation Standards Act, for the resolution of claims for service connection based on the exposure specified in subsection (a)(1)(A) of such
section. To the extent that the Administrator determines that any amendments to such regulations are needed, the Administrator, not later than 90 days after such submission, shall develop and publish in the Federal Register, for public review and comment, proposed amendments to such regulations.”.

(b) Paragraph (5) of section 601(a) of the Veterans’ Health Care Amendments of 1983 (Public Law 98–160; 97 Stat. 1007) is amended by redesignating subparagraph (B) as subparagraph (C) and inserting after subparagraph (A) the following new subparagraph (B):

“(B) Immediately after the submission of each report under subparagraph (A), the Administrator, based on the results described in such report and the comments and recommendations included therein and any other available pertinent information, shall evaluate the need for any amendments to regulations, prescribed pursuant to section 5 of the Veterans’ Dioxin and Radiation Exposure Compensation Standards Act, for the resolution of claims for service connection based on the exposure specified in subsection (a)(1)(B) of such section. To the extent that the Administrator determines that any amendments to such regulations are needed, the Administrator, not later than 90 days after such submission, shall develop and publish in the Federal Register, for public review and comment, proposed amendments to such regulations.”.

INTERIM BENEFITS FOR DISABILITY OR DEATH IN CERTAIN CASES

SEC. 9. (a)(1) In the case of a veteran—

(A) who served in the active military, naval, or air service in the Republic of Vietnam during the Vietnam era; and

(B) who has a disease described in subsection (b) that became manifest within one year after the date of the veteran’s most recent departure from the Republic of Vietnam during that service,

the Administrator shall (except as provided in subsection (c)) pay a monthly disability benefit to the veteran in accordance with this section.

(2) If a veteran described in paragraph (1) dies from the disease, the Administrator shall pay a monthly death benefit to the survivors of the veteran in accordance with this section.

(b) The diseases referred to in subsection (a) are chloracne and porphyria cutanea tarda.

(c) Benefits may not be paid under this section with respect to a disease occurring in a veteran—

(1) where there is affirmative evidence that the disease was not incurred by the veteran during service in the Republic of Vietnam during the Vietnam era;

(2) where there is affirmative evidence to establish that an intercurrent injury or disease which is a recognized cause of the disease was suffered by the veteran between the date of the veteran’s most recent departure from the Republic of Vietnam during active military, naval, or air service and the onset of the disease; or

(3) if the Administrator determines, based on evidence in the veteran’s service records and other records of the Department of Defense, that the veteran was not exposed to dioxin during active military, naval, or air service in the Republic of Vietnam during the Vietnam era.
(d)(1) A disability benefit payable to a veteran under this section for a disease described in subsection (b) shall be paid at the rate at which compensation would be payable under chapter 11 of title 38, United States Code, to that veteran for the disability resulting from that disease if the disability were determined to be service-connected.

(2) A death benefit payable under this section to the survivors of a veteran shall be paid to such survivors based upon the eligibility requirements (other than the requirement that death be the result of a service-connected or compensable disability) and at the rates that are applicable to dependency and indemnity compensation under chapter 13 of that title.

(e) A benefit may not be paid under this section with respect to a disease or the death of a veteran for any month for which compensation is payable to that veteran for that disease under chapter 11 of title 38, United States Code, or for which dependency and indemnity compensation is payable for that death under chapter 13 of such title.

(f) A disease establishing eligibility for a disability or death benefit under this section shall be treated for purposes of all other laws of the United States (other than chapters 11 and 13 of title 38, United States Code) as if such disease were service connected. The receipt of a disability benefit under this section shall be treated for purposes of all other laws of the United States as if such benefit were compensation under chapter 11 of such title, and the receipt of a death benefit under this section shall be treated for purposes of all other laws of the United States as if such benefit were dependency and indemnity compensation under chapter 13 of title 38, United States Code.

(g) For the purposes of this section:

(1) The term "Administrator" means the Administrator of Veterans Affairs.

(2) The term "Vietnam era" means the period beginning on August 5, 1964, and ending on May 7, 1975.

(4) The terms "service-connected" and "active military, naval, or air service" have the meanings given those terms in paragraphs (16) and (24), respectively, of section 101 of title 38, United States Code.
Effective date. (h)(1) This section takes effect as of October 1, 1984. No benefit may be paid under this section for a period before that date.
(2) No benefit may be paid under this section for a period after September 30, 1986.

PART B—COMPENSATION PROGRAM AMENDMENTS

TRIAL WORK PERIOD AND VOCATIONAL REHABILITATION PILOT PROJECT

SEC. 111. (a)(1) Subchapter VI of chapter 11 is amended by adding at the end the following new section:

$363. Temporary program for trial work periods and vocational rehabilitation for certain veterans with total disability ratings

"(a)(1) The disability rating of a qualified veteran who begins to engage in a substantially gainful occupation during the program period may not be reduced on the basis of the veteran having secured and followed a substantially gainful occupation unless the veteran maintains such an occupation for a period of 12 consecutive months.

"(2) For purposes of this section:

"(A) The term 'qualified veteran' means a veteran who has a service-connected disability, or service-connected disabilities, not rated as total but who has been awarded a rating of total disability by reason of inability to secure or follow a substantially gainful occupation as a result of such disability or disabilities.

"(B) The term 'program period' means the period beginning on February 1, 1985, and ending on January 31, 1989.

"(b) During the program period, the Administrator shall make counseling services described in section 1504(a)(2) of this title and placement and postplacement services described in section 1504(a)(5) of this title available to each qualified veteran (whether or not the veteran is participating in a vocational rehabilitation program under chapter 31 of this title).

"(c)(1)(A) Except as provided in paragraph (4) of this subsection, in the case of each award during the program period of a rating of total disability described in subsection (a)(2)(A) of this section to a veteran, the Administrator shall provide to the veteran, at the time that notice of the award is provided to the veteran, a statement providing—

"(i) notice of the provisions of this section;

"(ii) information explaining the purposes and availability of and eligibility for, and the procedures for pursuing, a vocational rehabilitation program under chapter 31 of this title; and

"(iii) a summary description of the scope of services and assistance available under that chapter.

"(B) After providing the notice required under subparagraph (A) of this paragraph to a veteran, the Administrator shall arrange as promptly as is practical for the veteran to be provided an evaluation in order to make a determination as to whether the achievement of a vocational goal by the veteran is reasonably feasible. Such evaluation shall include a personal interview of the veteran by a Veterans' Administration employee who is trained in vocational counseling. The Administrator shall provide the veteran with reasonable notice of the schedule for the evaluation.

"(2) If the veteran fails, for reasons other than those beyond the veteran's control, to participate in an evaluation under paragraph (1)(B) of this subsection in the manner required by the Administrator in order to make the determination described in that paragraph, the Administrator shall reduce the veteran's disability rating to the
rating that would be applicable to the veteran but for the determination of the veteran’s inability to secure or follow a substantially gainful occupation. Any such reduction shall remain in effect for the duration of such failure.

"(3)(A) If, after completion of an evaluation under paragraph (1)(B) of this subsection, the Administrator determines that achievement of a vocational goal by the veteran is reasonably feasible, the Administrator shall formulate an individualized written plan of vocational rehabilitation for the veteran under chapter 31 of this title.

"(B) If the Administrator determines that the veteran has failed to pursue (or to continue to pursue) the vocational rehabilitation program described in such plan, the Administrator shall provide the veteran with notice that, if the veteran fails, for reasons other than those beyond the veteran’s control, to initiate or resume pursuit of such program within 60 days after the Administrator provided such notice (or such longer period as the Administrator determines is the shortest period within which it is reasonably feasible for the veteran to initiate or resume pursuit), the Administrator will provide for the results of the evaluation to be considered in the next scheduled review of the veteran’s eligibility for a rating of total disability based on inability to secure or follow a substantially gainful occupation. Unless the veteran initiates or resumes such pursuit within such 60 days (or such longer period, if applicable), the Administrator shall provide for such results to be so considered.

"(4) This subsection does not apply with respect to a veteran as to whom the Administrator determines that an evaluation of vocational rehabilitation potential or achievement of a vocational goal is not reasonably feasible.”.

(2) The table of sections at the beginning of such chapter is amended by adding at the end the following new item:

"363. Temporary program for trial work periods and vocational rehabilitation for certain veterans with total disability ratings.".

(b)(1) Not later than April 1, 1985, the Administrator of Veterans' Affairs shall provide to each veteran described in paragraph (2) a statement providing—

(A) information explaining the provisions of section 363(b) of title 38, United States Code (as added by subsection (a)(1));

(B) information explaining the purposes and availability of and eligibility for, and the procedures for pursuing, a vocational rehabilitation program under chapter 31 of such title; and

(C) a summary description of the scope of services and assistance available under that chapter.

(2)(A) A veteran to whom a statement is to be provided under paragraph (1) is a veteran who has a service-connected disability, or service-connected disabilities, not rated as total but who, as of January 31, 1985, has been awarded a rating of total disability by reason of a determination of inability to secure or follow a substantially gainful occupation as a result of such disability or disabilities.

(B) Notice under paragraph (1) need not be provided to a veteran who has a rating of total disability described in subparagraph (A) which is protected by the first sentence of section 110 of title 38, United States Code.

(c) Not later than April 15, 1988, the Administrator of Veterans' Affairs shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on the results of the
implementation of section 363 of title 38, United States Code (as added by subsection (a)(1)), during the three-year period beginning on February 1, 1985. The report shall include—

(1) information regarding—

(A) the number of veterans with a disability rating of total based on inability to secure or follow a substantially gainful occupation who during such period followed a substantially gainful occupation for a period of twelve consecutive months and the work experience of those veterans and their disability ratings after completing such twelve-month period and (if known) the number of veterans with such a rating who during the period covered by the report followed a substantially gainful occupation but did not maintain employment in it for a period of twelve consecutive months,

(B) the number of veterans who during the period covered by the report were provided with evaluations under subsection (b) of such section,

(C) the number of veterans provided such evaluations for whom a plan of vocational rehabilitation was formulated pursuant to such subsection,

(D) the number of veterans for whom such a plan was formulated who elected, and who did not elect, to pursue a vocational rehabilitation program,

(E) the extent to which those veterans who elected to pursue such a program completed the program, and

(F) the subsequent work experience and disability ratings of the veterans who were provided such evaluations;

(2) a tabulation of the reasons given by such veterans for not electing to pursue such a program by those who did not elect to pursue such a program; and

Any such determination shall be made only after evaluation of the veteran's potential for rehabilitation, and any such evaluation shall include a personal interview of the veteran by a

(3) the term "State" has the meaning given it in section 4G(2) of the Clayton Act (15 U.S.C. 15g(2)).

SEC. 3. (a) No damages, interest on damages, costs, or attorney's fees may be recovered under section 4, 4A, or 4C of the Clayton Act (15 U.S.C. 15, 15a, or 15c) from any local government, or official or employee thereof acting in an official capacity.

(b) Subsection (a) shall not apply to cases commenced before the effective date of this Act unless the defendant establishes and the court determines, in light of all the circumstances, including the stage of litigation and the availability of alternative relief under the Clayton Act, that it would be inequitable not to apply this subsection to a pending case. In consideration of this section, existence of a jury verdict, district court judgment, or any stage of litigation subsequent thereto, shall be deemed to be prima facie evidence that subsection (a) shall not apply.

SEC. 4. (a) No damages, interest on damages, costs or attorney's fees may be recovered under section 4, 4A, or 4C of the Clayton Act (15 U.S.C. 15, 15a, or 15c) in any claim against a person based on any official action directed by a local government, or official or employee thereof acting in an official capacity.

(b) Subsection (a) shall not apply with respect to cases commenced before the effective date of this Act.
SEC. 5. Section 510 of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriation Act, 1985 (Public Law 98–411), is repealed.

SEC. 6. This Act shall take effect thirty days before the date of the enactment of this Act.

MOTOR VEHICLE THEFT PREVENTION STANDARD

SEC. 101. (a) The Motor Vehicle Information and Cost Savings Act
(15 U.S.C. 1901 and following) is amended by adding at the end the
following new title:

"TITLE VI—THEFT PREVENTION

"DEFINITIONS

"Sec. 601. For purposes of this title:

"(1) The term 'passenger motor vehicle' does not include any
multipurpose passenger vehicle (including any vehicle commonly
known as a 'passenger van').

"(2) The term 'line' means a name which a manufacturer
applies to a group of motor vehicle models of the same make
which have the same body or chassis, or otherwise are similar in
construction or design.

"(3) The term 'existing line' means any line introduced into
commerce before the beginning of the 2-year period specified in
section 603(a)(1)(A).

"(4) The term 'new line' means any line introduced into
commerce on or after the beginning of the 2-year period speci-

died in section 603(a)(1)(A).

"(5) The term 'first purchaser' means first purchaser for
purposes other than resale.

"(6) The term 'covered major part' means any major part

section 602.

"(7) The term 'major part' means—

"(A) the engine;

present);
"(I) rear quarter panels;
"(J) the trunk floor pan;
"(K) the frame or, in the case of a unitized body, the
supporting structure which serves as the frame; and

the Secretary, by rule, determines is comparable in design
or function to any of the parts listed in subparagraphs (A)
through (K).

"(8) The term 'major replacement part' means any major
part—

"(A) which is not installed in or on a motor vehicle at the
time of its delivery to the first purchaser, and
"(B) the equitable or legal title to which has not been transferred to any first purchaser.

"(9) The term ‘model year’ has the meaning given such term under section 501(12) of this Act.

"(10) The term ‘vehicle theft prevention standard’ means a minimum performance standard for the identification of—

"(A) major parts of new motor vehicles, and

"(B) major replacement parts,

by inscribing or affixing numbers or symbols to such parts.

"THEFT PREVENTION STANDARD

"SEC. 602. (a) The Secretary shall by rule promulgate, in accordance with this section, a vehicle theft prevention standard which conforms to the requirements of this title and which applies with respect to—

"(1) the covered major parts which are installed by manufacturers into passenger motor vehicles in lines designated under section 603 as high theft lines; and

"(2) the major replacement parts for the major parts described in paragraph (1).

"(b) The standard under this section shall be practicable, and shall provide relevant objective criteria.

"(c)(1) Not later than 3 months after the date of the enactment of this title, the Secretary shall prescribe and publish a proposed vehicle theft prevention standard.

"(2) As soon as practicable after the 30th day following the publication of the proposed standard under paragraph (1), but not later than 6 months after such date of enactment, the Secretary shall promulgate a final rule establishing such a standard.

"(3) The Secretary may, for good cause, extend the 3-month and 6-month periods under paragraphs (1) and (2) if the Secretary publishes the reasons therefor. Either such period may not, in the aggregate, be extended by more than 5 months.

"(4) Such standard shall take effect not earlier than 6 months after the date such final rule is prescribed, except that the Secretary may prescribe an earlier effective date if the Secretary—

"(A) finds, for good cause shown, that the earlier date is in the public interest, and

"(B) publishes the reasons for such finding.

"(5) The standard may apply only with respect to—

"(A) major parts which are installed by the motor vehicle manufacturer in any passenger motor vehicle which has a model year designation later than the calendar year in which such standard takes effect, and

"(B) major replacement parts manufactured after such standard takes effect.

"(d)(1) In the case of major parts installed by the motor vehicle manufacturer, the standard under this section may not require—

"(A) any part to have more than a single identification, and

"(B) any motor vehicle to have identification of more than 14 of its major parts.

"(2) In the case of major replacement parts, the standard under this section may not require—

"(A) identification of any part which is not designed as a replacement for a major part required to be identified under such standard, and
"(B) the inscribing or affixing of any identification other than a symbol identifying the manufacturer and a common symbol identifying the part as a major replacement part.

"(e) Nothing in this title shall be construed to grant authority to require any person to keep records or make reports, except as expressly provided in sections 603(c), 605(b), 606(a), and 612.

"DESIGNATION OF HIGH THEFT VEHICLE LINES AND PARTS

"Sec. 603. (a)(1) For purposes of the standard under section 602, the following motor vehicle lines are high theft lines:

"(A) passenger motor vehicles of any line which is determined under subsection (b) to have had a new passenger motor vehicle theft rate in the 2 calendar years immediately preceding the year in which the final standard is promulgated which exceeds the median theft rate for all new passenger motor vehicle thefts in such 2-year period;

"(B) passenger motor vehicles of any line initially introduced into commerce in the United States at any time after the beginning of the 2-year period specified in subparagraph (A) which is determined under paragraph (2) to be likely to have a theft rate exceeding such median theft rate; and

"(C) passenger motor vehicles of any line which is below the median theft rate (in the case of existing lines) or which is likely to be below the median theft rate (in the case of new lines) if the major parts contained in such vehicles are determined under paragraph (2) to be interchangeable with the majority of the major parts which are subject to the standard and which are contained in the motor vehicles of a line subject to the standard pursuant to subparagraph (A) or (B); except that such standard shall not apply to such major parts of any line specified by this paragraph if all the passenger motor vehicles of lines—

"(i) which are or are likely to be below the median theft rate, and

"(ii) which contain parts which are interchangeable with the major parts of the line involved, account (in the case of existing lines) or the Secretary determines are likely to account (in the case of new lines) for more than 90 percent of the total annual production of all lines of that manufacturer which contain those interchangeable parts.

"(2) The specific lines, and the major parts of the vehicles within such lines, which are to be subject to the standard may be selected by agreement between that manufacturer and the Secretary. If the manufacturer and the Secretary disagree as to such selection, the Secretary shall select such lines and parts, after notice to the manufacturer and opportunity for written comment, and subject to the confidentiality requirements of this title.

"(3) Notwithstanding paragraph (1), of those passenger motor vehicle lines initially introduced by a manufacturer into commerce in the United States before the effective date of the standard, no more than 14 of the lines of any manufacturer shall be selected as high theft lines under paragraph (1)(A) and (B). Any such selection shall be made under paragraph (2) within one year after the date of the enactment of the Motor Vehicle Theft Law Enforcement Act of 1984.

"(4) The Secretary shall prescribe reasonable procedures designed to assure that, to the maximum extent practicable, any selection
under paragraph (2) or (3) is made at least 6 months before the first applicable model year beginning after such selection.

"(5) A manufacturer shall not be required to begin to comply with the standard pursuant to any selection made under paragraph (2) or (3) for a model year beginning earlier than 6 months after the date of selection.

"(b)(1) For purposes of subsection (a), the theft rate for passenger motor vehicles of a line shall be determined by a fraction, the numerator of which is the number of new passenger motor vehicle thefts for that line during the 2 calendar years specified in subsection (a)(1)(A), and the denominator of which is the sum of the respective production volumes of all passenger motor vehicles of that line (as reported to the Environmental Protection Agency under title V of this Act) which are of the 2 model years having the same model-year designations as the 2 calendar years specified in subsection (a)(1)(A) and which are distributed for sale in commerce within the United States.

"(2) For purposes of subsection (a), the median theft rate for all new passenger motor vehicle thefts during such 2-year period is that theft rate midway between the highest and the lowest theft rates determined under paragraph (1). If there is an even number of theft rates determined under paragraph (1), the median theft rate is the arithmetic average of the two adjoining theft rates midway between the highest and the lowest of such theft rates.

"(3) Immediately upon enactment of this title, and periodically thereafter, the Secretary, in consultation with the Director of the Federal Bureau of Investigation, shall obtain from the most reliable source or sources accurate and timely theft and recovery data and publish such data for review and comment. To the greatest extent possible, the Secretary shall utilize theft data reported by Federal, State, or local police. After such publication and opportunity for comment, the Secretary shall utilize the theft data to determine the median theft rate under this subsection. The Secretary and such Director shall take such actions as may be necessary to improve the accuracy, reliability, and timeliness of such data, including ensuring that vehicles represented as stolen are in fact stolen.

"(4) In calculating the median theft rate, the Secretary shall take into account the theft rate of lines which are exempted by reason of the 14-line limitation in subsection (a)(3).

"(5) As used in this section, the term 'new passenger motor vehicle thefts', when used with respect to any calendar year, refers to those thefts in the United States in such year which are of passenger motor vehicles with the same model-year designation as that calendar year.

"(c) The Secretary shall, by rule, require each manufacturer to provide information necessary to select pursuant to subsection (a)(2) the high theft lines and the major parts to be subject to the standard.

"(d) Except as provided in section 605, the Secretary may not render the standard inapplicable to any line which at any time has been subject to the standard.

"COST LIMITATION

"Sec. 604. (a) The standard under section 602 may not—

"(1) impose costs upon any manufacturer of motor vehicles to comply with such standard in excess of $15 per motor vehicle, or
“(2) impose costs upon any manufacturer of major replacement parts to comply with such standard in excess of such reasonable lesser amount per major replacement part as the Secretary specifies in such standard.

“(b) In the case of any manufacturer engaged in identifying engines or transmissions on the effective date of this title in a manner which substantially complies with the requirements of the theft prevention standard promulgated under section 602—

“(1) the costs of identifying engines and transmissions shall not be taken into account in calculating such manufacturer's costs under subsection (a); and

“(2) the manufacturer shall not be required, pursuant to the standard or any subsequent modification, to conform to any identification system for engines and transmissions which imposes greater costs on the manufacturer than are incurred under the identification system used by the manufacturer on such effective date.

“(c)(1) At the beginning of each calendar year commencing on or after January 1, 1985, as there becomes available necessary data from the Bureau of Labor Statistics of the Department of Labor, the Secretary of Labor shall certify to the Secretary and publish in the Federal Register the percentage difference between the price index for the 12 months preceding the beginning of such calendar year and the price index for the base period. Effective for model years beginning in such calendar year, the amounts specified under subsections (a)(1) and (2) shall be adjusted by such percentage difference.

“(2) For purposes of paragraph (1)—

“(A) The term ‘base period’ means calendar year 1984.

“(B) The term ‘price index’ means the average over a calendar year of the Consumer Price Index (all items—United States city average) published monthly by the Bureau of Labor Statistics.

“EXEMPTION FOR VEHICLES EQUIPPED WITH ANTITHEFT DEVICES

“Sec. 605. (a)(1) Any manufacturer may petition the Secretary for an exemption from the application of any of the requirements of the vehicle theft prevention standard under section 602 for any line or lines of passenger motor vehicles which are equipped as standard equipment with an antitheft device which the Secretary determines is likely to be as effective in reducing and deterring motor vehicle theft as compliance with the requirements of such standard.

“(2) For the initial model year to which such standard applies, the Secretary may not grant an exemption for more than 2 lines of any manufacturer. For each subsequent model year, the Secretary may grant exemption for not more than 2 additional lines of any manufacturer, and such exemption shall not affect the validity of the exemption of any line previously exempted under this paragraph.

“(3) For purposes of paragraph (1), the term ‘standard equipment’ means equipment which is installed in a vehicle at the time it is delivered from the manufacturer and which is not an accessory or other item which the first purchaser customarily has the option to have installed.

“(b) Any such petition shall be filed with the Secretary not later than 8 months before the commencement of production for the first model year covered by the petition. Such petition shall include—

“(1) a detailed description of such device,
“(2) the reasons for the manufacturer's conclusion that such device will be effective in reducing and deterring theft of motor vehicles, and

“(3) such additional information as the Secretary determines may be reasonably required to make the determination specified in subsection (a)(1).

“(c) Such determination shall be made, based upon substantial evidence, within 120 days after the date of filing of such petition. The Secretary may approve such petition in whole or in part. If the Secretary fails to make such determination within such time period, the petition shall be considered approved, and the manufacturer shall be exempt from the application of such standard for the subsequent model year.

“(d) Nothing in this section shall preclude the Secretary from rescinding any such exemption for any model year after the model year in which such rescission occurs if the Secretary determines that such device has not been as effective in reducing and deterring motor vehicle theft as compliance with the requirements of the standard under section 602, except that such rescission shall not be effective until at least 6 months after the manufacturer receives written notice from the Secretary of such rescission.

“(e) As used in this section, the term 'antitheft device' means a device to reduce or deter theft which is in addition to the theft-deterrent devices required by Federal motor vehicle safety standard numbered 114 (49 CFR 571.114) which the manufacturer believes will be effective in reducing or deterring theft of motor vehicles, and which does not utilize any signaling device which is reserved by a provision of any State law for use on police, emergency, or official vehicles, or on school buses.

"DETERMINATION OF COMPLIANCE OF MANUFACTURER"

"SEC. 606. (a) Every manufacturer of any motor vehicle any part of which is subject to the standard under section 602, and any manufacturer of major replacement parts subject to such standard, shall—

“(1) establish and maintain such records, make such reports, and provide such items and information as the Secretary may reasonably require to enable the Secretary to determine whether such manufacturer has acted or is acting in compliance with this title and such standard, and

“(2) upon request of an officer or employee duly designated by the Secretary, permit such officer or employee to inspect (A) vehicles and major parts which are subject to such standard, and (B) appropriate books, papers, records, and documents relevant to determining whether such manufacturer has acted or is acting in compliance with this title and any motor vehicle theft prevention standard promulgated pursuant to this title; such manufacturer shall make available all such items and information in accordance with such reasonable rules as the Secretary may prescribe.

“(b) For purposes of enforcing this title, officers or employees duly designated by the Secretary, upon presenting appropriate credentials and a written notice to the owner, operator, or agent in charge, may enter and inspect any facility in which motor vehicles containing major parts subject to such standard, or major replacement parts subject to such standard, are manufactured, held for introduc-
tion into interstate commerce, or are held for sale after such introduction. Each such inspection shall be conducted at reasonable times and in a reasonable manner and shall be commenced and completed with reasonable promptness.

"(c)(1) Every manufacturer of a motor vehicle subject to the standard promulgated under section 602, and every manufacturer of any major replacement part subject to such standard, shall furnish at the time of delivery of such vehicle or part a certification that such vehicle or replacement part conforms to the applicable motor vehicle theft prevention standard. Such certification shall accompany such vehicle or replacement part until delivery to the first purchaser. The Secretary may issue rules prescribing the manner and form of such certification.

"(2) Paragraph (1) shall not apply to any motor vehicle or major replacement part—

"(A) which is intended solely for export,
"(B) which is so labeled or tagged on the vehicle or replacement part itself and on the outside of the container, if any, until exported, and
"(C) which is exported.

"(d) If a manufacturer obtains knowledge that (1) the identification applied, to conform to the standard under section 602, to any major part installed by the manufacturer in a motor vehicle during its assembly, or to any major replacement part manufactured by the manufacturer, contains an error, and (2) such motor vehicle or major replacement part has been distributed in interstate commerce, the manufacturer shall furnish notification of such error to the Secretary.

"PROHIBITED ACTS

"Sec. 607. (a) No person shall—

"(1) manufacture for sale, sell, offer for sale, or introduce or deliver for introduction in interstate commerce, or import into the United States—

"(A) any motor vehicle subject to the standard under section 602, or
"(B) any major replacement part subject to such standard,

which is manufactured on or after the date the standard under section 602 takes effect under this title for such vehicle or major replacement part unless it is in conformity with such standard;

"(2) fail to comply with any rule prescribed by the Secretary under this title;

"(3) fail to keep specified records or refuse access to or copying of records, or fail to make reports or provide items or information, or fail or refuse to permit entry or inspection, as required by this title; or

"(4) fail to—

"(A) furnish certification required by section 606(c), or
"(B) issue a certification required by section 606(c) if such person knows, or in the exercise of due care has reason to know, that such certification is false or misleading in a material respect.

"(b) Subsection (a)(1) shall not apply to any person who establishes that he did not have reason to know in the exercise of due care that the vehicle or major replacement part is not in conformity with an applicable theft prevention standard.
SEC. 608. (a)(1) Whoever violates section 607(a) may be assessed a civil penalty of not to exceed $1,000 for each violation. The failure of more than one part of a single motor vehicle to conform to an applicable motor vehicle theft prevention standard shall constitute only a single violation.

(2) Any such penalty shall be assessed by the Secretary and collected in a civil action brought by the Attorney General of the United States. Any such civil penalty may be compromised by the Secretary. In determining the amount of such penalty, or the amount agreed upon in compromise, the appropriateness of such penalty to the size of the business of the person charged and the gravity of the violation shall be considered.

(3) The amount of such penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the United States to the person charged.

(4) The maximum civil penalty shall not exceed $250,000 for any related series of violations.

(b)(1) Upon petition by the Attorney General on behalf of the United States, the United States district courts shall have jurisdiction, for cause shown and subject to the provisions of rule 65 (a) and (b) of the Federal Rules of Civil Procedure, to restrain violations of this title, or to restrain the sale, offer for sale, or the introduction or delivery for introduction in interstate commerce, or the importation into the United States, of—

(A) any passenger motor vehicle containing a major part, or

(B) any major replacement part, which is subject to the standard under section 602 and is determined, before the sale of such vehicle or such major replacement part to a first purchaser, not to conform to such standard. Whenever practicable, the Secretary shall give notice to any person against whom an action for injunctive relief is contemplated and afford the person an opportunity to present his views, and except in the case of a knowing and willful violation, shall afford the person reasonable opportunity to achieve compliance. The failure to give such notice and afford such opportunity shall not preclude the granting of appropriate relief.

(2) In any proceeding for criminal contempt for violation of an injunction or restraining order issued under this subsection, which violation also constitutes a violation of this title, trial shall be by the court, or, upon demand of the accused, by a jury. Such trial shall be conducted in accordance with the practice and procedure applicable in the case of proceedings subject to the provisions of rule 42(b) of the Federal Rules of Criminal Procedure.

(3) Actions under paragraph (1) and under subsection (a) may be brought in the district wherein any act or transaction constituting the violation occurred, or in the district wherein the defendant is found or is an inhabitant or transacts business, and process in such cases may be served in any other district in which the defendant is an inhabitant or wherever the defendant may be found.

(4) In any actions brought under paragraph (1) and under subsection (a), subpenas for witnesses who are required to attend a United States district court may run into any other district.
"CONFIDENTIALITY OF INFORMATION"

"Sec. 609. All information reported to, or otherwise obtained by, the Secretary or the Secretary's representative under this title which contains or relates to a trade secret or other matter referred to in section 1905 of title 18, United States Code, or in section 552(b)(4) of title 5, United States Code, shall be considered confidential for the purpose of the applicable section of this title, except that such information may be disclosed to other officers or employees concerned with carrying out this title or when relevant in any proceeding under this title (other than a proceeding under section 603(a) (2) or (3) of this title). Nothing in this section shall authorize the withholding of information by the Secretary or any officer or employee under the Secretary's control from any committee of the Congress.

"JUDICIAL REVIEW"

"Sec. 610. Any person who may be adversely affected by any provision of any standard or other rule under this title may obtain judicial review of such standard or rule in accordance with section 504. Nothing in this section shall preclude the availability to any person of other remedies provided by law in the case of any standard, rule, or other action under this title.

"COORDINATION WITH STATE AND LOCAL LAW"

"Sec. 611. Whenever a vehicle theft prevention standard established under section 602 is in effect, no State or political subdivision of a State shall have any authority either to establish, or to continue in effect, with respect to any motor vehicle, or major replacement part, any vehicle theft prevention standard which is not identical to such vehicle theft prevention standard.

"INSURANCE REPORTS AND INFORMATION"

"Sec. 612. (a)(1) In order to—

"(A) prevent or discourage the theft of motor vehicles, particularly those vehicles which are stolen for the removal of certain parts,

"(B) prevent or discourage the sale and distribution in interstate commerce of used parts that are removed from such vehicles, and

"(C) help reduce the cost to consumers of comprehensive insurance coverage for motor vehicles,

each insurer of such coverage (or their designated agents) shall provide to the Secretary the information required by this subsection. Such information shall be provided annually, beginning 2 years after the date of the enactment of this section.

"(2) Such information shall include—

"(A) the thefts and recoveries (in whole or in part) of motor vehicles;

"(B) the number of vehicles which have been recovered intact;

"(C) the rating rules and plans, such as loss data and rating characteristics, used by such insurers to establish premiums for comprehensive insurance coverage for motor vehicles, including the basis for such premiums, and premium penalties for motor vehicles considered by such insurers as more likely to be stolen;"
“(D) the actions taken by such insurers to reduce such premiums, including changes in rate levels for automobile comprehensive coverages, due to a reduction in thefts of motor vehicles;
“(E) the actions taken by such insurers to assist in deterring or reducing thefts of motor vehicles; and
“(F) such other information as the Secretary may require to administer this title and to make the report and findings required by this title.

The information on thefts and recoveries of such vehicles shall include an explanation about how such information is obtained by the insurer, the accuracy and timeliness of such information, and the use made of such information, including the extent to which such information is reported, including the frequency of such reporting, to national, public, and private entities, such as the Federal Bureau of Investigation and State and local police.

“(3) For purposes of this section, the term ‘insurer’ includes any person which has a fleet of 20 or more motor vehicles (other than any governmental entity) which are used primarily for rental or lease and which are not covered by theft insurance policies issued by insurers of passenger motor vehicles.

“(4) The Secretary shall exempt from the requirements of this section, for one or more years, any insurer if the Secretary determines that such insurer should be exempted because—

“(A) the cost of preparing and furnishing reports and information is excessive in relation to the size of the business of the insurer, and
“(B) such reports and information will not significantly contribute to carrying out the purposes of this title.

“(5)(A) Subject to subparagraph (B), the Secretary shall, by rule, exempt from the requirements of this section small insurers if the Secretary finds that such exemption will not significantly affect the validity or usefulness of the information collected and compiled under this section, nationally or State-by-State.

“(B) The Secretary may not, under subparagraph (A), exempt any person who is considered an insurer under this section solely by reason of paragraph (3).

“(C)(i) Subject to clause (ii), for purposes of this paragraph, the term ‘small insurer’ means any insurer whose premiums for motor vehicle insurance issued directly or through any affiliate, including any pooling arrangement established under State law or regulation for the issuance of motor vehicle insurance, account for less than one percent of the total premiums for all forms of motor vehicle insurance issued by insurers within the United States. The regulations under this paragraph shall provide that eligibility as a small insurer shall be based on the most recent calendar year for which adequate data is available, and that, once attained, such eligibility shall continue without further demonstration of qualification for one or more years, as the Secretary considers appropriate.

“(ii) For purposes of the reporting requirements under this section for an insurer’s operations within any State, the term ‘small insurer’ shall not include any insurer whose premiums for motor vehicle insurance issued directly or through any affiliate, including any pooling arrangement described in clause (i), account for 10 percent or more of the total premiums for all forms of motor vehicle insurance issued by insurers within such State.

“(b) The information obtained by the Secretary under this section shall be periodically compiled and (subject to section 552 of title 5,
United States Code) published by the Secretary in a form that will be helpful to the public, including Federal, State, and local police, and Congress.

"(c) The Secretary shall consult with such State and insurance regulatory agencies and other agencies and associations, both public and private, as the Secretary deems appropriate.

"PART II—USE OF CABLE CHANNELS AND CABLE OWNERSHIP
RESTRICTIONS

"CABLE CHANNELS FOR PUBLIC, EDUCATIONAL, OR GOVERNMENTAL USE

47 USC 531.

"Sec. 611. (a) A franchising authority may establish requirements in a franchise with respect to the designation or use of channel capacity for public, educational, or governmental use only to the extent provided in this section.

"(b) A franchising authority may in its request for proposals require as part of a franchise, and may require as part of a cable operator's proposal for a franchise renewal, subject to section 626, that channel capacity be designated for public, educational, or governmental use, and channel capacity on institutional networks be designated for educational or governmental use, and may require rules and procedures for the use of the channel capacity designated pursuant to this section.

"(c) A franchising authority may enforce any requirement in any franchise regarding the providing or use of such channel capacity. Such enforcement authority includes the authority to enforce any provisions of the franchise for services, facilities, or equipment proposed by the cable operator which relate to public, educational, or governmental use of channel capacity, whether or not required by the franchising authority pursuant to subsection (b).

"(d) In the case of any franchise under which channel capacity is designated under subsection (b), the franchising authority shall prescribe—

"(1) rules and procedures under which the cable operator is permitted to use such channel capacity for the provision of other services if such channel capacity is not being used for the purposes designated, and

"(2) rules and procedures under which such permitted use shall cease.

"(e) Subject to section 624(d), a cable operator shall not exercise any editorial control over any public, educational, or governmental use of channel capacity provided pursuant to this section.

"(f) For purposes of this section, the term 'institutional network' means a communication network which is constructed or operated by the cable operator and which is generally available only to subscribers who are not residential subscribers.

"CABLE CHANNELS FOR COMMERCIAL USE

47 USC 532.

"Sec. 612. (a) The purpose of this section is to assure that the widest possible diversity of information sources are made available to the public from cable systems in a manner consistent with growth and development of cable systems.

"(b)(1) A cable operator shall designate channel capacity for commercial use by persons unaffiliated with the operator in accordance with the following requirements:

"(A) An operator of any cable system with 36 or more (but not more than 54) activated channels shall designate 10 percent of such channels which are not otherwise required for use (or the use of which is not prohibited) by Federal law or regulation.

"(B) An operator of any cable system with 55 or more (but not more than 100) activated channels shall designate 15 percent of
the use of which is not prohibited) by Federal law or regulation.

"(C) An operator of any cable system with more than 100 activated channels shall designate 15 percent of all such channels.

"(D) An operator of any cable system with fewer than 36 activated channels shall not be required to designate channel capacity for commercial use by persons unaffiliated with the operator, unless the cable system is required to provide such channel capacity under the terms of a franchise in effect on the date of the enactment of this title.

"(E) An operator of any cable system in operation on the date of the enactment of this title shall not be required to remove any service actually being provided on July 1, 1984, in order to comply with this section, but shall make channel capacity available for commercial use as such capacity becomes available until such time as the cable operator is in full compliance with this section.

"(2) Any Federal agency, State, or franchising authority may not require any cable system to designate channel capacity for commercial use by unaffiliated persons in excess of the capacity specified in paragraph (1), except as otherwise provided in this section.

"(3) A cable operator may not be required, as part of a request for proposals or as part of a proposal for renewal, subject to section 626, to designate channel capacity for any use (other than commercial use by unaffiliated persons under this section) except as provided in sections 611 and 637, but a cable operator may offer in a franchise, or proposal for renewal thereof, to provide, consistent with applicable law, such capacity for other than commercial use by such persons.

"(4) A cable operator may use any unused channel capacity designated pursuant to this section until the use of such channel capacity is obtained, pursuant to a written agreement, by a person unaffiliated with the operator.

"(5) For the purposes of this section—

"(A) the term 'activated channels' means those channels engineered at the headend of the cable system for the provision of services generally available to residential subscribers of the cable system, regardless of whether such services actually are provided, including any channel designated for public, educational, or governmental use; and

"(B) the term 'commercial use' means the provision of video programming, whether or not for profit.

"(6) Any channel capacity which has been designated for public, educational, or governmental use may not be considered as designated under this section for commercial use for purpose of this section.

"(c)(1) If a person unaffiliated with the cable operator seeks to use channel capacity designated pursuant to subsection (b) for commercial use, the cable operator shall establish, consistent with the purpose of this section, the price, terms, and conditions of such use which are at least sufficient to assure that such use will not adversely affect the operation, financial condition, or market development of the cable system.

"(2) A cable operator shall not exercise any editorial control over any video programming provided pursuant to this section, or in any other way consider the content of such programming, except that an
operator may consider such content to the minimum extent necessary to establish a reasonable price for the commercial use of designated channel capacity by an unaffiliated person.

“(3) Any cable system channel designated in accordance with this section shall not be used to provide a cable service that is being provided over such system on the date of the enactment of this title, if the provision of such programming is intended to avoid the purpose of this section.

“(d) Any person aggrieved by the failure or refusal of a cable operator to make channel capacity available for use pursuant to this section may bring an action in the district court of the United States for the judicial district in which the cable system is located to compel that such capacity be made available. If the court finds that the channel capacity sought by such person has not been made available in accordance with this section, or finds that the price, terms, or conditions established by the cable operator are unreasonable, the court may order such system to make available to such person the channel capacity sought, and further determine the appropriate price, terms, or conditions for such use consistent with subsection (c), and may award actual damages if it deems such relief appropriate. In any such action, the court shall not consider any price, term, or condition established between an operator and an affiliate for comparable services.

“(e)(1) Any person aggrieved by the failure or refusal of a cable operator to make channel capacity available pursuant to this section may petition the Commission for relief under this subsection upon a showing of prior adjudicated violations of this section. Records of previous adjudications resulting in a court determination that the operator has violated this section shall be considered as sufficient for the showing necessary under this subsection. If the Commission finds that the channel capacity sought by such person has not been made available in accordance with this section, or that the price, terms, or conditions established by such system are unreasonable under subsection (c), the Commission shall, by rule or order, require such operator to make available such channel capacity under price, terms, and conditions consistent with subsection (c).

“(2) In any case in which the Commission finds that the prior adjudicated violations of this section constitute a pattern or practice of violations by an operator, the Commission may also establish any further rule or order necessary to assure that the operator provides the diversity of information sources required by this section.

“(3) In any case in which the Commission finds that the prior adjudicated violations of this section constitute a pattern or practice of violations by any person who is an operator of more than one cable system, the Commission may also establish any further rule or order necessary to assure that such person provides the diversity of information sources required by this section.

“(f) In any action brought under this section in any Federal district court or before the Commission, there shall be a presumption that the price, terms, and conditions for use of channel capacity designated pursuant to subsection (b) are reasonable and in good faith unless shown by clear and convincing evidence to the contrary.

“(g) Notwithstanding sections 621(c) and 623(a), at such time as cable systems with 36 or more activated channels are available to 70 percent of households within the United States and are subscribed to by 70 percent of the households to which such systems are available, the Commission may promulgate any additional rules
necessary to provide diversity of information sources. Any rules promulgated by the Commission pursuant to this subsection shall not preempt authority expressly granted to franchising authorities under this title.

"(h) Any cable service offered pursuant to this section shall not be provided, or shall be provided subject to conditions, if such cable service in the judgment of the franchising authority is obscene, or is in conflict with community standards in that it is lewd, lascivious, filthy, or indecent or is otherwise unprotected by the Constitution of the United States.

"OWNERSHIP RESTRICTIONS

"Sec. 613. (a) It shall be unlawful for any person to be a cable operator if such person, directly or through 1 or more affiliates, owns or controls, the licensee of a television broadcast station and the predicted grade B contour of such station covers any portion of the community served by such operator's cable system.

"(b)(1) It shall be unlawful for any common carrier, subject in whole or in part to title II of this Act, to provide video programming directly to subscribers in its telephone service area, either directly or indirectly through an affiliate owned by, operated by, controlled by, or under common control with the common carrier.

"(2) It shall be unlawful for any common carrier, subject in whole or in part to title II of this Act, to provide channels of communications or pole line conduit space, or other rental arrangements, to any entity which is directly or indirectly owned by, operated by, controlled by, or under common control with such common carrier, if such facilities or arrangements are to be used for, or in connection with, the provision of video programming directly to subscribers in the telephone service area of the common carrier.

"(3) This subsection shall not apply to any common carrier to the extent such carrier provides telephone exchange service in any rural area (as defined by the Commission).

"(4) In those areas where the provision of video programming directly to subscribers through a cable system demonstrably could not exist except through a cable system owned by, operated by, controlled by, or affiliated with the common carrier involved, or upon other showing of good cause, the Commission may, on petition for waiver, waive the applicability of paragraphs (1) and (2) of this subsection. Any such waiver shall be made in accordance with section 63.56 of title 47, Code of Federal Regulations (as in effect September 20, 1984) and shall be granted by the Commission upon a finding that the issuance of such waiver is justified by the particular circumstances demonstrated by the petitioner, taking into account the policy of this subsection.

"(c) The Commission may prescribe rules with respect to the ownership or control of cable systems by persons who own or control other media of mass communications which serve the same community served by a cable system.

"(d) Any State or franchising authority may not prohibit the ownership or control of a cable system by any person because of such person's ownership or control of any media of mass communications or other media interests.

"(e)(1) Subject to paragraph (2), a State or franchising authority may hold any ownership interest in any cable system.

"(2) Any State or franchising authority shall not exercise any editorial control regarding the content of any cable service on a
cable system in which such governmental entity holds ownership interest (other than programming on any channel designated for educational or governmental use), unless such control is exercised through an entity separate from the franchising authority.

"(f) This section shall not apply to prohibit any combination of any interests held by any person on July 1, 1984, to the extent of the interests so held as of such date, if the holding of such interests was not inconsistent with any applicable Federal or State law or regulations in effect on that date.

"(g) For purposes of this section, the term 'media of mass communications' shall have the meaning given such term under section 309(i)(3)(C)(i) of this Act.

"PART III—FRANCHISING AND REGULATION

"GENERAL FRANCHISE REQUIREMENTS

"Sec. 621. (a)(1) A franchising authority may award, in accordance with the provisions of this title, 1 or more franchises within its jurisdiction.

"(2) Any franchise shall be construed to authorize the construction of a cable system over public rights-of-way, and through easements, which is within the area to be served by the cable system and which have been dedicated for compatible uses, except that in using such easements the cable operator shall ensure—

"(A) that the safety, functioning, and appearance of the property and the convenience and safety of other persons not be adversely affected by the installation or construction of facilities necessary for a cable system;

"(B) that the cost of the installation, construction, operation, or removal of such facilities be borne by the cable operator or subscriber, or a combination of both; and

"(C) that the owner of the property be justly compensated by the cable operator for any damages caused by the installation, construction, operation, or removal of such facilities by the cable operator.

"(3) In awarding a franchise or franchises, a franchising authority shall assure that access to cable service is not denied to any group of potential residential cable subscribers because of the income of the residents of the local area in which such group resides.

"(b)(1) Except to the extent provided in paragraph (2), a cable operator may not provide cable service without a franchise.

"(2) Paragraph (1) shall not require any person lawfully providing cable service without a franchise on July 1, 1984, to obtain a franchise unless the franchising authority so requires.

"(c) Any cable system shall not be subject to regulation as a common carrier or utility by reason of providing any cable service.

"(d)(1) A State or the Commission may require the filing of informational tariffs for any intrastate communications service provided by a cable system, other than cable service, that would be subject to regulation by the Commission or any State if offered by a common carrier subject, in whole or in part, to title II of this Act. Such informational tariffs shall specify the rates, terms, and conditions for the provision of such service, including whether it is made available to all subscribers generally, and shall take effect on the date specified therein.
"(2) Nothing in this title shall be construed to affect the authority of any State to regulate any cable operator to the extent that such operator provides any communication service other than cable service, whether offered on a common carrier or private contract basis.

"(3) For purposes of this subsection, the term 'State' has the meaning given it in section 3(v).

"(e) Nothing in this title shall be construed to affect the authority of any State to license or otherwise regulate any facility or combination of facilities which serves only subscribers in one or more multiple unit dwellings under common ownership, control, or management and which does not use any public right-of-way.

"FRANCHISE FEES

"Sec. 622. (a) Subject to the limitation of subsection (b), any cable operator may be required under the terms of any franchise to pay a franchise fee.

"(b) For any twelve-month period, the franchise fees paid by a cable operator with respect to any cable system shall not exceed 5 percent of such cable operator's gross revenues derived in such period from the operation of the cable system. For purposes of this section, the 12-month period shall be the 12-month period applicable under the franchise for accounting purposes. Nothing in this subsection shall prohibit a franchising authority and a cable operator from agreeing that franchise fees which lawfully could be collected for any such 12-month period shall be paid on a prepaid or deferred basis; except that the sum of the fees paid during the term of the franchise may not exceed the amount, including the time value of money, which would have lawfully been collected if such fees had been paid per annum.

"(c) A cable operator may pass through to subscribers the amount of any increase in a franchise fee, unless the franchising authority demonstrates that the rate structure specified in the franchise reflects all costs of franchise fees and so notifies the cable operator in writing.

"(d) In any court action under subsection (c), the franchising authority shall demonstrate that the rate structure reflects all costs of the franchise fees.

"(e) Any cable operator shall pass through to subscribers the amount of any decrease in a franchise fee.

"(f) A cable operator may designate that portion of a subscriber's bill attributable to the franchise fee as a separate item on the bill.

"(g) For the purposes of this section—

"(1) the term 'franchise fee' includes any tax, fee, or assessment of any kind imposed by a franchising authority or other governmental entity on a cable operator or cable subscriber, or both, solely because of their status as such;

"(2) the term 'franchise fee' does not include—

"(A) any tax, fee, or assessment of general applicability (including any such tax, fee, or assessment imposed on both utilities and cable operators or their services but not including a tax, fee, or assessment which is unduly discriminatory against cable operators or cable subscribers);

"(B) in the case of any franchise in effect on the date of the enactment of this title, payments which are required by the franchise to be made by the cable operator during the
term of such franchise for, or in support of the use of, public, educational, or governmental access facilities;

"(C) in the case of any franchise granted after such date of enactment, capital costs which are required by the franchise to be incurred by the cable operator for public, educational, or governmental access facilities;

"(D) requirements or charges incidental to the awarding or enforcing of the franchise, including payments for bonds, security funds, letters of credit, insurance, indemnification, penalties, or liquidated damages; or

"(E) any fee imposed under title 17, United States Code.

"(h)(1) Nothing in this Act shall be construed to limit any authority of a franchising authority to impose a tax, fee, or other assessment of any kind on any person (other than a cable operator) with respect to cable service or other communications service provided by such person over a cable system for which charges are assessed to subscribers but not received by the cable operator.

"(2) For any 12-month period, the fees paid by such person with respect to any such cable service or other communications service shall not exceed 5 percent of such person's gross revenues derived in such period from the provision of such service over the cable system.

"(i) Any Federal agency may not regulate the amount of the franchise fees paid by a cable operator, or regulate the use of funds derived from such fees, except as provided in this section.

"REGULATION OF RATES

47 USC 543.

"Sec. 623. (a) Any Federal agency or State may not regulate the rates for the provision of cable service except to the extent provided under this section. Any franchising authority may regulate the rates for the provision of cable service, or any other communications service provided over a cable system to cable subscribers, but only to the extent provided under this section.

"(b)(1) Within 180 days after the date of the enactment of this title, the Commission shall prescribe and make effective regulations which authorize a franchising authority to regulate rates for the provision of basic cable service in circumstances in which a cable system is not subject to effective competition. Such regulations may apply to any franchise granted after the effective date of such regulations. Such regulations shall not apply to any rate while such rate is subject to the provisions of subsection (c).

"(2) For purposes of rate regulation under this subsection, such regulations shall—

"(A) define the circumstances in which a cable system is not subject to effective competition; and

"(B) establish standards for such rate regulation.

"(3) The Commission shall periodically review such regulations, taking into account developments in technology, and may amend such regulations, consistent with paragraphs (1) and (2), to the extent the Commission determines necessary.

"(c) In the case of any cable system for which a franchise has been granted on or before the effective date of this title, until the end of the 2-year period beginning on such effective date, the franchising authority may, to the extent provided in a franchise—

"(1) regulate the rates for the provision of basic cable service, including multiple tiers of basic cable service;
"(2) require the provision of any service tier provided without charge (disregarding any installation or rental charge for equipment necessary for receipt of such tier); or

"(3) regulate rates for the initial installation or the rental of 1 set of the minimum equipment which is necessary for the subscriber's receipt of basic cable service.

"(d) Any request for an increase in any rate regulated pursuant to subsection (b) or (c) for which final action is not taken within 180 days after receipt of such request by the franchising authority shall be deemed to be granted, unless the 180-day period is extended by mutual agreement of the cable operator and the franchising authority.

"(e)(1) In addition to any other rate increase which is subject to the approval of a franchising authority, any rate subject to regulation pursuant to this section may be increased after the effective date of this title at the discretion of the cable operator by an amount not to exceed 5 percent per year if the franchise (as in effect on the effective date of this title) does not specify a fixed rate or rates for basic cable service for a specified period or periods which would be exceeded if such increase took effect.

"(2) Nothing in this section shall be construed to limit provisions of a franchise which permits a cable operator to increase any rate at the operator's discretion; however, the aggregate increases per year allowed under paragraph (1) shall be reduced by the amount of any increase taken such year under such franchise provisions.

"(f) Nothing in this title shall be construed as prohibiting any Federal agency, State, or a franchising authority, from—

"(1) prohibiting discrimination among customers of basic cable service, or

"(2) requiring and regulating the installation or rental of equipment which facilitates the reception of basic cable service by hearing impaired individuals.

"(g) Any State law in existence on the effective date of this title which provides for any limitation or preemption of regulation by any franchising authority (or the State or any political subdivision or agency thereof) of rates for cable service shall remain in effect during the 2-year period beginning on such effective date, to the extent such law provides for such limitation or preemption. As used in this section, the term 'State' has the meaning given it in section 3(v).

"(h) Not later than 6 years after the date of the enactment of this title, the Commission shall prepare and submit to the Congress a report regarding rate regulation of cable services, including such legislative recommendations as the Commission considers appropriate. Such report and recommendations shall be based on a study of such regulation which the Commission shall conduct regarding the effect of competition in the marketplace.

"REGULATION OF SERVICES, FACILITIES, AND EQUIPMENT

"Sec. 624. (a) Any franchising authority may not regulate the services, facilities, and equipment provided by a cable operator except to the extent consistent with this title.

"(b) In the case of any franchise granted after the effective date of this title, the franchising authority, to the extent related to the establishment or operation of a cable system—
“(1) in its request for proposals for a franchise (including requests for renewal proposals, subject to section 626), may establish requirements for facilities and equipment, but may not establish requirements for video programming or other information services; and
“(2) subject to section 625, may enforce any requirements contained within the franchise—
“(A) for facilities and equipment; and
“(B) for broad categories of video programming or other services.
“(c) In the case of any franchise in effect on the effective date of this title, the franchising authority may, subject to section 625, enforce requirements contained within the franchise for the provision of services, facilities, and equipment, whether or not related to the establishment or operation of a cable system.
“(d)(1) Nothing in this title shall be construed as prohibiting a franchising authority and a cable operator from specifying, in a franchise or renewal thereof, that certain cable services shall not be provided or shall be provided subject to conditions, if such cable services are obscene or are otherwise unprotected by the Constitution of the United States.
“(2)(A) In order to restrict the viewing of programming which is obscene or indecent, upon the request of a subscriber, a cable operator shall provide (by sale or lease) a device by which the subscriber can prohibit viewing of a particular cable service during periods selected by that subscriber.
“(B) Subparagraph (A) shall take effect 180 days after the effective date of this title.
“(e) The Commission may establish technical standards relating to the facilities and equipment of cable systems which a franchising authority may require in the franchise.
“(f)(1) Any Federal agency, State, or franchising authority may not impose requirements regarding the provision or content of cable services, except as expressly provided in this title.
“(2) Paragraph (1) shall not apply to—
“(A) any rule, regulation, or order issued under any Federal law, as such rule, regulation, or order (i) was in effect on September 21, 1983, or (ii) may be amended after such date if the rule, regulation, or order as amended is not inconsistent with the express provisions of this title; and
“(B) any rule, regulation, or order under title 17, United States Code.

“MODIFICATION OF FRANCHISE OBLIGATIONS

47 USC 545.

“Sec. 625. (a)(1) During the period a franchise is in effect, the cable operator may obtain from the franchising authority modifications of the requirements in such franchise—
“(A) in the case of any such requirement for facilities or equipment, including public, educational, or governmental access facilities or equipment, if the cable operator demonstrates that (i) it is commercially impracticable for the operator to comply with such requirement, and (ii) the proposal by the cable operator for modification of such requirement is appropriate because of commercial impracticability; or
“(B) in the case of any such requirement for services, if the cable operator demonstrates that the mix, quality, and level of
services required by the franchise at the time it was granted will be maintained after such modification.

"(2) Any final decision by a franchising authority under this subsection shall be made in a public proceeding. Such decision shall be made within 120 days after receipt of such request by the franchising authority, unless such 120 day period is extended by mutual agreement of the cable operator and the franchising authority.

"(b)(1) Any cable operator whose request for modification under subsection (a) has been denied by a final decision of a franchising authority may obtain modification of such franchise requirements pursuant to the provisions of section 635.

"(2) In the case of any proposed modification of a requirement for facilities or equipment, the court shall grant such modification only if the cable operator demonstrates to the court that—

"(A) it is commercially impracticable for the operator to comply with such requirement; and

"(B) the terms of the modification requested are appropriate because of commercial impracticability.

"(3) In the case of any proposed modification of a requirement for services, the court shall grant such modification only if the cable operator demonstrates to the court that the mix, quality, and level of services required by the franchise at the time it was granted will be maintained after such modification.

"(c) Notwithstanding subsections (a) and (b), a cable operator may, upon 30 days' advance notice to the franchising authority, rearrange, replace, or remove a particular cable service required by the franchise if—

"(1) such service is no longer available to the operator; or

"(2) such service is available to the operator only upon the payment of a royalty required under section 801(b)(2) of title 17, United States Code, which the cable operator can document—

"(A) is substantially in excess of the amount of such payment required on the date of the operator's offer to provide such service, and

"(B) has not been specifically compensated for through a rate increase or other adjustment.

"(d) Notwithstanding subsections (a) and (b), a cable operator may take such actions to rearrange a particular service from one service tier to another, or otherwise offer the service, if the rates for all of the service tiers involved in such actions are not subject to regulation under section 623.

"(e) A cable operator may not obtain modification under this section of any requirement for services relating to public, educational, or governmental access.

"(f) For purposes of this section, the term 'commercially impracticable' means, with respect to any requirement applicable to a cable operator, that it is commercially impracticable for the operator to comply with such requirement as a result of a change in conditions which is beyond the control of the operator and the nonoccurrence of which was a basic assumption on which the requirement was based.

"RENEWAL

"Sec. 626. (a) During the 6-month period which begins with the 36th month before the franchise expiration, the franchising authority may on its own initiative, and shall at the request of the cable
operator, commence proceedings which afford the public in the franchise area appropriate notice and participation for the purpose of—

“(1) identifying the future cable-related community needs and interests; and

“(2) reviewing the performance of the cable operator under the franchise during the then current franchise term.

“(b)(1) Upon completion of a proceeding under subsection (a), a cable operator seeking renewal of a franchise may, on its own initiative or at the request of a franchising authority, submit a proposal for renewal.

“(2) Subject to section 624, any such proposal shall contain such material as the franchising authority may require, including proposals for an upgrade of the cable system.

“(3) The franchising authority may establish a date by which such proposal shall be submitted.

“(c)(1) Upon submittal by a cable operator of a proposal to the franchising authority for the renewal of a franchise, the franchising authority shall provide prompt public notice of such proposal and, during the 4-month period which begins on the completion of any proceedings under subsection (a), renew the franchise or, issue a preliminary assessment that the franchise should not be renewed and, at the request of the operator or on its own initiative, commence an administrative proceeding, after providing prompt public notice of such proceeding, in accordance with paragraph (2) to consider whether—

“(A) the cable operator has substantially complied with the material terms of the existing franchise and with applicable law;

“(B) the quality of the operator's service, including signal quality, response to consumer complaints, and billing practices, but without regard to the mix, quality, or level of cable services or other services provided over the system, has been reasonable in light of community needs;

“(C) the operator has the financial, legal, and technical ability to provide the services, facilities, and equipment as set forth in the operator’s proposal; and

“(D) the operator’s proposal is reasonable to meet the future cable-related community needs and interests, taking into account the cost of meeting such needs and interests.

“(2) In any proceeding under paragraph (1), the cable operator shall be afforded adequate notice and the cable operator and the franchise authority, or its designee, shall be afforded fair opportunity for full participation, including the right to introduce evidence (including evidence related to issues raised in the proceeding under subsection (a)), to require the production of evidence, and to question witnesses. A transcript shall be made of any such proceeding.

“(3) At the completion of a proceeding under this subsection, the franchising authority shall issue a written decision granting or denying the proposal for renewal based upon the record of such proceeding, and transmit a copy of such decision to the cable operator. Such decision shall state the reasons therefor.

“(d) Any denial of a proposal for renewal shall be based on one or more adverse findings made with respect to the factors described in subparagraphs (A) through (D) of subsection (c)(1), pursuant to the record of the proceeding under subsection (c). A franchising authority may not base a denial of renewal on a failure to substantially
comply with the material terms of the franchise under subsection (c)(1)(A) or on events considered under subsection (c)(1)(B) in any case in which a violation of the franchise or the events considered under subsection (c)(1)(B) occur after the effective date of this title unless the franchising authority has provided the operator with notice and the opportunity to cure, or in any case in which it is documented that the franchising authority has waived its right to object, or has effectively acquiesced.

"(e)(1) Any cable operator whose proposal for renewal has been denied by a final decision of a franchising authority made pursuant to this section, or has been adversely affected by a failure of the franchising authority to act in accordance with the procedural requirements of this section, may appeal such final decision or failure pursuant to the provisions of section 635.

"(2) The court shall grant appropriate relief if the court finds that—

"(A) any action of the franchising authority is not in compliance with the procedural requirements of this section; or

"(B) in the event of a final decision of the franchising authority denying the renewal proposal, the operator has demonstrated that the adverse finding of the franchising authority with respect to each of the factors described in subparagraphs (A) through (D) of subsection (c)(1) on which the denial is based is not supported by a preponderance of the evidence, based on the record of the proceeding conducted under subsection (c).

"(f) Any decision of a franchising authority on a proposal for renewal shall not be considered final unless all administrative review by the State has occurred or the opportunity therefor has lapsed.

"(g) For purposes of this section, the term `franchise expiration' means the date of the expiration of the term of the franchise, as provided under the franchise, as it was in effect on the date of the enactment of this title.

"(h) Notwithstanding the provisions of subsections (a) through (g) of this section, a cable operator may submit a proposal for the renewal of a franchise pursuant to this subsection at any time, and a franchising authority may, after affording the public adequate notice and opportunity for comment, grant or deny such proposal at any time (including after proceedings pursuant to this section have commenced). The provisions of subsections (a) through (g) of this section shall not apply to a decision to grant or deny a proposal under this subsection. The denial of a renewal pursuant to this subsection shall not affect action on a renewal proposal that is submitted in accordance with subsections (a) through (g).

"CONDITIONS OF SALE

"Sec. 627. (a) If a renewal of a franchise held by a cable operator is denied and the franchising authority acquires ownership of the cable system or effects a transfer of ownership of the system to another person, any such acquisition or transfer shall be—

"(1) at fair market value, determined on the basis of the cable system valued as a going concern but with no value allocated to the franchise itself, or

"(2) in the case of any franchise existing on the effective date of this title, at a price determined in accordance with the
franchise if such franchise contains provisions applicable to such an acquisition or transfer.

"(b) If a franchise held by a cable operator is revoked for cause and the franchising authority acquires ownership of the cable system or effects a transfer of ownership of the system to another person, any such acquisition or transfer shall be—

"(1) at an equitable price, or
"(2) in the case of any franchise existing on the effective date of this title, at a price determined in accordance with the franchise if such franchise contains provisions applicable to such an acquisition or transfer.

"(1) such entity offers clear and convincing evidence that the subject of the information is reasonably suspected of engaging in criminal activity and that the information sought would be material evidence in the case; and

"(2) the subject of the information is afforded the opportunity to appear and contest such entity's claim.

"(b) A franchising authority may enforce any provision, contained in any franchise, relating to requirements described in paragraph (1) or (2) of subsection (a), to the extent not inconsistent with this title.

“Sec. 634. (a) This section shall apply to any corporation, partnership, association, joint-stock company, or trust engaged primarily in the management or operation of any cable system.

“(c) Any entity specified in subsection (a) shall establish, maintain, and execute a positive continuing program of specific practices designed to ensure equal opportunity in every aspect of its employment policies and practices. Under the terms of its program, each such entity shall—

“(1) define the responsibility of each level of management to ensure a positive application and vigorous enforcement of its policy of equal opportunity, and establish a procedure to review and control managerial and supervisory performance;

“(2) inform its employees and recognized employee organizations of the equal employment opportunity policy and program and enlist their cooperation;

“(3) communicate its equal employment opportunity policy and program and its employment needs to sources of qualified applicants without regard to race, color, religion, national origin, age, or sex, and solicit their recruitment assistance on a continuing basis;

“(5) conduct a continuing review of job structure and employment practices and adopt positive recruitment, training, job design, and other measures needed to ensure genuine equality of opportunity to participate fully in all its organizational units, occupations, and levels of responsibility.

“(d)(1) Not later than 270 days after the effective date of this section, and after notice and opportunity for hearing, the Commission shall prescribe rules to carry out this section.

“(2) Such rules shall specify the terms under which an entity specified in subsection (a) shall, to the extent possible—
"(A) disseminate its equal opportunity program to job applicants, employees, and those with whom it regularly does business;

"(B) use minority organizations, organizations for women, media, educational institutions, and other potential sources of minority and female applicants, to supply referrals whenever jobs are available in its operation;

"(C) evaluate its employment profile and job turnover against the availability of minorities and women in its franchise area;

"(D) undertake to offer promotions of minorities and women to positions of greater responsibility;

Report. "(3) Such rules also shall require an entity specified in subsection (a) with more than 5 full-time employees to file with the Commission an annual statistical report identifying by race and sex the number of employees in each of the following full-time and part-time job categories:

"(A) officials and managers;

"(B) professionals;

"(C) technicians;

"(D) sales persons;

"(E) office and clerical personnel;

"(e)(1) On an annual basis, the Commission shall certify each entity described in subsection (a) as in compliance with this section if, on the basis of information in the possession of the Commission, including the report filed pursuant to subsection (d)(3), such entity was in compliance, during the annual period involved, with the requirements of subsections (b), (c), and (d).

"(2) The Commission shall, periodically but not less frequently than every five years, investigate the employment practices of each entity described in subsection (a), in the aggregate, as well as in individual job categories, and determine whether such entity is in compliance with the requirements of subsections (b), (c), and (d), including whether such entity’s employment practices deny or abridge women and minorities equal employment opportunities. As part of such investigation, the Commission shall review whether the entity’s reports filed pursuant to subsection (d)(3) accurately reflect employee responsibilities in the reported job classifications.
“(f)(1) If the Commission finds after notice and hearing that the entity involved has willfully or repeatedly without good cause failed to comply with the requirements of this section, such failure shall constitute a substantial failure to comply with this title. The failure to obtain certification under subsection (e) shall not itself constitute the basis for a determination of substantial failure to comply with this title. For purposes of this paragraph, the term ‘repeatedly’, when used with respect to failures to comply, refers to 3 or more failures during any 7-year period.

“(2) Any person who is determined by the Commission, through an investigation pursuant to subsection (e) or otherwise, to have failed to meet or failed to make best efforts to meet the requirements of this section, or rules under this section, shall be liable to the United States for a forfeiture penalty of $200 for each violation. Each day of a continuing violation shall constitute a separate offense. Any entity defined in subsection (a) shall not be liable for more than 180 days of forfeitures which accrued prior to notification by the Commission of a potential violation. Nothing in this paragraph shall limit the forfeiture imposed on any person as a result of any violation that continues subsequent to such notification. In addition, any person liable for such penalty may also have any license under this Act for cable auxiliary relay service suspended until the Commission determines that the failure involved has been corrected. Whoever knowingly makes any false statement or submits documentation which he knows to be false, pursuant to an application for certification under this section shall be in violation of this section.

“(3) The provisions of paragraphs (3) and (4), and the last 2 sentences of paragraph (2), of section 503(b) shall apply to forfeitures under this subsection.

“(4) The Commission shall provide for notice to the public and appropriate franchising authorities of any penalty imposed under this section.

“(g) Employees or applicants for employment who believe they have been discriminated against in violation of the requirements of this section, or rules under this section, or any other interested person, may file a complaint with the Commission. A complaint by any such person shall be in writing, and shall be signed and sworn to by that person. The regulations under subsection (d)(1) shall specify a program, under authorities otherwise available to the Commission, for the investigation of complaints and violations, and for the enforcement of this section.

“(3) In any case in which a cable operator is the owner of a multiple unit dwelling, the requirements of this section shall only apply to such cable operator with respect to its employees who are primarily engaged in cable telecommunications.

“(i)(1) Nothing in this section shall affect the authority of any State or any franchising authority—

(1) the Department of Agriculture has completed the second roadless area review and evaluation program (RARE II); and

(2) the Congress has made its own review and examination of national forest roadless areas in Wyoming and the environmental impacts associated with alternative allocations of such areas.

tion System and the Department of Agriculture shall not be required to review the wilderness option prior to the revisions of the plans, but shall review the wilderness option when the plans are revised, which revisions will ordinarily occur on a ten-year cycle, or at least every fifteen years, unless, prior to such time, the Secretary finds that conditions in a unit have significantly changed;

Provided, That such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the initial land management plans;

(4) in the event that revised land management plans in the State of Wyoming are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 as amended by the National Forest Management Act of 1976, and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans and areas recommended for wilderness designation shall be managed for the purpose of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974 as amended by the National Forest Management Act of 1976, and other applicable law; and

(5) unless expressly authorized by Congress, the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of National Forest System lands in the State of Wyoming for the purpose of determining their suitability for inclusion in the National Wilderness Preservation System.

c) As used in this section, and as provided in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 as amended by the National Forest Management Act of 1976, the term “revision” shall not include an “amendment” to a plan.

d) The provisions of this section shall also apply to:

From amounts appropriated to the Nuclear Regulatory Commission pursuant to this title, the Commission may transfer to other agencies of the Federal Government sums for salaries and expenses for the performance by such agencies of activities for which such appropriations of the Commission are made. Any sums so transferred may be merged with the appropriation of the agency to which such sums are transferred.

SEC. 105. Notwithstanding any other provisions of this Act, no authority to make payments under this Act shall be effective except to such extent or in such amounts as are provided in advance in appropriation Acts.

SEC. 106. (a) No funds authorized to be appropriated under this Act may be used to carry out any policy or program for the decentralization or regionalization of any Nuclear Regulatory Commission authorities regarding commercial nuclear powerplant licensing until sixty legislative days after the date on which the Commission submits to the Congress a report evaluating the effect of such policy or program on nuclear reactor safety: Provided, however, That the prohibition contained in this subsection shall not apply to any personnel assigned to the field, or to activities in which they were engaged, on or before September 22, 1983. The report shall include—

(1) a detailed description of the authorities to be transferred, the reason for such transfer, and an assessment of the effect of such transfer on nuclear reactor safety;
(2) an analysis of all comments submitted to the Commission regarding the effect on nuclear reactor safety which would result from carrying out the policy or program proposed by the Commission; and

(3) an evaluation of the results, including the advantages and disadvantages, of the pilot program conducted under subsection (b).

(b) Notwithstanding the prohibition contained in subsection (a), the Commission is authorized to conduct a pilot program for the purpose of evaluating the concept of delegating authority to regional offices for issuance of specific types of operating reactor licensing actions and for the purpose of addressing the issues identified in paragraphs (a)(1)-(3) of this section.

Sec. 107. (a) Of the amounts authorized to be appropriated under this Act for the fiscal years 1984 and 1985, such sums as may be necessary are authorized to be used by the Nuclear Regulatory Commission for—

(D) any changes in existing Commission authority necessary to enhance the Commission response to abnormal conditions at a nuclear reactor licensed by the Commission.

Provided, however, That no funds shall be available under this Act for the acquisition and installation of any equipment for the collection and transmission to the Commission of data from licensed nuclear reactors during abnormal conditions at such reactors, or for the analysis of such equipment, unless such acquisition and analysis includes, as one of the alternatives considered, a fully automated electronic nuclear data link. The small test prototype referred to in paragraph (1) may be used by the Commission in carrying out the study and analysis under paragraph (2). Such analysis shall include a cost-benefit analysis of each alternative examined under subparagraph (C).

Sec. 108. Of the amounts authorized to be appropriated under this Act, the Nuclear Regulatory Commission may use such sums as may be necessary, in the absence of a State or local emergency preparedness plan which has been approved by the Federal Emergency Management Agency, to issue an operating license (including a temporary operating license under section 192 of the Atomic Energy Act of 1954, as amended) for a nuclear power reactor, if it determines that there exists a State, local, or utility plan which provides reasonable assurance that public health and safety is not endangered by operation of the facility concerned.
Sec. 109. Notwithstanding the second sentence of section 103 d. and the second sentence of section 104 d. of the Atomic Energy Act of 1954, as amended, the Nuclear Regulatory Commission is hereby authorized to transfer Facility Operating License numbered R-81 to a United States entity or corporation owned or controlled by a foreign corporation if the Commission—

(1) finds that such transfer would not be inimical to the common defense and security or to the health and safety of the public; and

(2) includes in such license, as transferred, such conditions as the Commission deems necessary to ensure that such foreign corporation cannot direct the actions of the licensee in ways that would be inimical to the common defense and security or the health and safety of the public.

49 USC app.
2507.

Sec. 208. (a) After the last day of the 60-month period beginning on the date of the enactment of this Act, no State may have in effect or enforce with respect to commercial motor vehicles any State law or regulation pertaining to commercial motor vehicle safety which the Secretary finds under this section may not be in effect and enforced.

(b)(1) Not later than 18 months after the date of the enactment of this Act and annually thereafter, the Safety Panel shall analyze the laws and regulations of each State and determine which of such laws and regulations pertain to commercial motor vehicle safety.

(2) Within 12 months after the date on which the Secretary issues any regulation under section 206 or within 12 months after the date on which a State law or regulation is determined under paragraph (1) to pertain to commercial motor vehicle safety, whichever is later, the Safety Panel—

(A) shall determine if such law or regulation—

(i) has the same effect as;
(ii) is less stringent than; or
(iii) is additional to or more stringent than;

the regulation issued by the Secretary under section 206; and

(C) shall notify the Secretary of the determinations made under this subsection with respect to such State law or regulation.

(c)(1) The Secretary shall review each State law and regulation pertaining to commercial motor vehicle safety. Within 18 months after the date the Secretary is notified by the Safety Panel of a determination regarding a State law or regulation under subsection (b), the Secretary (A) shall conduct a rulemaking proceeding to determine in accordance with the provisions of this subsection whether or not such law or regulation may be in effect and enforced with respect to commercial motor vehicles, and (B) shall issue a final rule in such rulemaking proceeding.

(2) If the Secretary finds that the State law or regulation has the same effect as a regulation issued by the Secretary under section 206, the State law or regulation may be in effect and enforced with respect to commercial motor vehicles after the last day of the 60-month period beginning on the date of the enactment of this Act.

(3) If the Secretary finds that the State law or regulation is less stringent than a regulation issued by the Secretary under section
206, the State law or regulation shall not have effect and be enforced with respect to commercial motor vehicles after the last day of the 60-month period beginning on the date of the enactment of this Act.

(A) there is no safety benefit associated with such State law or regulation;

(B) such State law or regulation is incompatible with the regulation issued by the Secretary under section 6; or

(C) enforcement of such State law or regulation would be an undue burden on interstate commerce;

such State law or regulation shall not have effect and be enforced with respect to commercial motor vehicles after the last day of such 60-month period.

(5)(A) In making any determination with respect to any State law or regulation under this subsection, the Secretary shall give great weight to the corresponding determination made by the Safety Panel with respect to such State law or regulation under subsection (b).

(B) In determining under paragraph (4) whether or not a law or regulation of a State will unduly burden interstate commerce, the Secretary may consider the effect upon interstate commerce of implementation of such law or regulation along with implementation of all similar laws and regulations of other States.

(d)(1) Any person (including any State) may petition the Secretary for a waiver from a determination of the Secretary that a State law or regulation may not be in effect and enforced under this section. The Secretary shall grant such waiver, as expeditiously as possible, if such person demonstrates to the satisfaction of the Secretary that such waiver is not contrary to the public interest and is consistent with the safe operation of commercial motor vehicles.

(2) The decision to grant or deny a petition for a waiver submitted under this subsection shall only be made after the Secretary has afforded the petitioner an opportunity for a hearing on the record.

(e) The Secretary may consolidate rulemaking proceedings under this section if the Secretary determines that such consolidation will not adversely affect any party to any of such proceedings.

(f) Not later than 10 days after making a determination under subsection (c) that a State law or regulation may not be in effect and enforced, the Secretary shall notify, in writing, such State of such determination.

(g)(1) Not later than 60 days after the Secretary makes a determination under subsection (c) with respect to a State law or regulation or grants or denies a petition for a waiver under subsection (d), any person (including any State) adversely affected by such determination or the grant or denial of such petition may file, with the United States court of appeals for the District of Columbia or for the circuit in which such person resides or has his principal place of business a petition for judicial review of such determination or the grant or denial of such petition.

(2) Upon the filing of a petition under paragraph (1) of this subsection, the court shall have jurisdiction to review in accordance with chapter 7 of title 5, United States Code, such determination or

Courts, U.S.

the grant or denial of the petition for such waiver and to grant appropriate relief, including interim relief, as provided in such chapter.

(3) The judgment of the court affirming or setting aside, in whole or in part, any such determination or the grant or denial of the petition for such waiver shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification, as provided in section 1254 of title 28, United States Code.

(4) The remedies provided for in this subsection shall be in addition to and not in lieu of any other remedies provided by law.

(h) The Secretary may extend, for an additional period not to exceed 12 months, the 60-month period referred to in section 207(a) and subsections (a) and (c) of this section.

(i) After the last day of the 48-month period beginning on the date of the enactment of this Act, the Secretary, on his or her own initiative or on petition of any interested person (including any State), may initiate a rulemaking proceeding to review under this section any State law or regulation pertaining to commercial motor vehicle safety.

Commerce, Science, and Transportation of the Senate, and the other half of such appointments, from names submitted by the Committee on Public Works and Transportation of the House of Representatives. Each of such committees shall submit to the Secretary the names of twenty individuals qualified to serve on the Safety Panel.

(d)(1) A vacancy in the Safety Panel shall not affect its powers but shall be filled in the manner in which the original appointment was made.

The amended regulations shall become effective on the date on which they are published in the Federal Register.

(d)(1) Except as provided in paragraph (2), nothing in section 402 of the Surface Transportation Assistance Act of 1982 or section 208 or any other provision of this title shall be construed as—

(A) preventing any State or voluntary group of States from imposing more stringent standards for use in their own periodic roadside inspection programs of commercial motor vehicles;

(B) preventing any State from having in effect and enforcing a program for inspection of commercial motor vehicles which the Secretary determines is as effective as the Federal standards established under subsection (b);

(C) preventing any State from having in effect and enforcing a program for inspection of commercial motor vehicles which meets the requirements for membership in the Commercial Vehicle Safety Alliance as such requirements were in effect on the date of the enactment of this Act; and

(D) requiring any State which has in effect and is enforcing a program described in subparagraph (B) or (C) of subsection (d)(1) which is in effect and being enforced shall be recognized as adequate in every State for the period of such inspection. The provisions of this subsection shall not be deemed to prohibit a State from making random inspections of commercial motor vehicles.

(2) If, after notice and an opportunity for a hearing, the Secretary determines that any State which has in effect and is enforcing a program described in paragraph (1)(C) of this subsection is not enforcing such program in a manner which achieves the objectives of this section, and if, after making such determination, the Secretary provides such State with a six month period in which to improve the enforcement of such program to achieve the objectives of this section, the Federal standards established under subsection (b) shall preempt such program with respect to the inspection of commercial motor vehicles in such State and such program shall not be in effect and enforced with respect to such vehicles.

(f) The Federal standards established under subsection (b) shall have no effect and shall not be enforced with respect to the inspection of commercial motor vehicles in any State which has in effect and is enforcing a program described in subparagraph (B) or (C) of subsection (d)(1) if the Secretary determines that such Federal standards not having effect and being enforced with respect to such inspection is in the public interest and consistent with public safety.
POWERS OF THE SECRETARY

SEC. 211. (a) The Secretary may conduct, directly or indirectly, such studies and such development, demonstration, and training activities as the Secretary considers appropriate to develop regulations authorized to be issued under section 206 of this title, to design and develop improved enforcement procedures and technologies, and to familiarize affected persons with such regulations.

(b) In carrying out the Secretary's functions under this title, the Secretary is authorized to perform such acts (including conducting investigations and inspections; compiling statistics; making reports; issuing subpoenas; requiring production of documents, records, and property; taking depositions; holding hearings; prescribing record-keeping and reporting requirements; and carrying out and contracting for studies, development, testing, evaluation, and training) as the Secretary determines necessary to carry out the provisions of this title, or regulations issued pursuant to section 402 of the Surface Transportation Assistance Act of 1982 (49 U.S.C. 2302). The Secretary may delegate to a State which is receiving a grant under such section such functions respecting the enforcement (including investigations) of the provisions of this title and regulations issued under this title as the Secretary determines appropriate to carry out such provisions and regulations.

(c) To carry out the Secretary's inspection and investigation functions under subsection (b) of this section, the Secretary or the Secretary's agent shall, as appropriate, consult with employers and employees and their duly authorized representatives, and shall offer them a right of accompaniment.

DUTY TO INVESTIGATE COMPLAINTS; PROTECTION OF COMPLAINANTS

SEC. 212. (a) The Secretary shall timely investigate any nonfrivolous written complaint alleging that a substantial violation of any regulation issued under this title is occurring or has occurred within the preceding 60 days. The complainant shall be timely notified of findings resulting from such investigation. The Secretary shall not be required to conduct separate investigations of duplicative complaints.

(b) Notwithstanding the provisions of section 552 of title 5, United States Code, the Secretary shall not disclose the identity of complainants unless it is determined that such disclosure is necessary to prosecute a violation. If disclosure becomes necessary, the Secretary shall take every practical measure within the Secretary's authority to assure that the complainant is not subject to harassment, intimidation, disciplinary action, discrimination, or financial loss as a result of such disclosure.

PENALTIES

SEC. 213. (a) Section 507 of title 49, United States Code, is amended—

(1) by redesignating subsections (c) and (d), and any references thereto, as subsections (d) and (e), respectively; and

(2) by inserting after subsection (b) the following new subsection:

"(c) The Attorney General, at the request of the Secretary, may bring an action in an appropriate district court of the United States for equitable relief to redress a violation by any person of a provi-
sion of section 3102 of this title or the Motor Carrier Safety Act of 1984, or an order or regulation issued under such section or Act. Such district court shall have jurisdiction to determine any such action and may grant such relief as is necessary or appropriate, including mandatory or prohibitive injunctive relief, interim equitable relief, and punitive damages.”.

(b) Section 521(b) of title 49, United States Code, is amended to read as follows:

“(b)(1) If the Secretary finds that a violation of section 3102 of this title or the Motor Carrier Safety Act of 1984, or a violation of a regulation issued under such section or Act, has occurred, the Secretary shall issue a written notice to the violator. Such notice shall describe with reasonable particularity the nature of the violation found and the provision which has been violated. The notice shall fix a reasonable time for abatement of the violation, specify the proposed civil penalty, if any, and suggest actions which might be taken in order to abate the violation. The notice shall indicate that the violator may, within 15 days of service, notify the Secretary of the violator’s intention to contest the matter. In the event of a contested notice, the Secretary shall afford such violator an opportunity for a hearing, pursuant to section 554 of title 5, following which the Secretary shall issue an order affirming, modifying, or vacating the notice of violation.

“(2) Except as otherwise provided in this subsection, any person who is determined by the Secretary, after notice and opportunity for a hearing, to have committed an act which is a violation of a recordkeeping requirement issued by the Secretary pursuant to section 3102 of this title or the Motor Carrier Safety Act of 1984 shall be liable to the United States for a civil penalty not to exceed $500 for each offense. Each day of a violation shall constitute a separate offense, except that the total of all civil penalties assessed against any violator for all offenses relating to any single violation shall not exceed $2,500. If the Secretary determines that a serious pattern of safety violations, other than recordkeeping requirements, exists or has occurred, the Secretary may assess a civil penalty not to exceed $1,000 for each offense; except that the maximum fine for each such pattern of safety violations shall not exceed $10,000. If the Secretary determines that a substantial health or safety violation exists or has occurred which could reasonably lead to, or has resulted in, serious personal injury or death, the Secretary may assess a civil penalty not to exceed $10,000 for each offense. Notwithstanding any other provision of this section, except for recordkeeping violations, no civil penalty shall be assessed under this section against an employee for a violation unless the Secretary determines that such employee’s actions constituted gross negligence or reckless disregard for safety, in which case such employee shall be liable for a civil penalty not to exceed $1,000. The amount of any civil penalty, and a reasonable time for abatement of the violation, shall by written order be determined by the Secretary, taking into account the nature, circumstances, extent, and gravity of the violation committed and, with respect to the violator, the degree of culpability, history of prior offenses, ability to pay, effect on ability to continue to do business, and such other matters as justice and public safety may require. In each case, the assessment shall be calculated to induce further compliance.

“(3) The Secretary may require any violator served with a notice of violation to post a copy of such notice or statement of such notice
in such place or places and for such duration as the Secretary may
determine appropriate to aid in the enforcement of section 3102 of
this title or the Motor Carrier Safety Act of 1984, as the case may be.

“(4) Such civil penalty may be recovered in an action brought by
the Attorney General on behalf of the United States in the appropriate
district court of the United States or, before referral to the
Attorney General, such civil penalty may be compromised by the
Secretary.

“(5)(A) If, upon inspection or investigation, the Secretary deter-
dines that a violation of section 3102 of this title or the Motor
Carrier Safety Act of 1984 or a regulation issued under such section
or Act, or combination of such violations, poses an imminent hazard
to safety, the Secretary shall order a vehicle or employee operating
such vehicle out of service, or order an employer to cease all or part
of the employer's commercial motor vehicle operations. In making
any such order, the Secretary shall impose no restriction on any
employee or employer beyond that required to abate the hazard.
Subsequent to the issuance of the order, opportunity for review shall
be provided in accordance with section 554 of title 5, except that
such review shall occur not later than 10 days after issuance of such
order.

“(B) In this paragraph, ‘imminent hazard’ means any condition of
vehicle, employee, or commercial motor vehicle operations which is
likely to result in serious injury or death if not discontinued
immediately.

“(6) Any person who knowingly and willfully violates any provi-
sion of section 3102 of this title, the Motor Carrier Safety Act of
1984, or a regulation issued under such section or Act shall, upon
conviction, be subject for each offense for a fine not to exceed
$25,000 or imprisonment for a term not to exceed one year, or both,
except that, if such violator is an employee, the violator shall only
be subject to penalty if, while operating a commercial motor vehicle,
the violator's activities have led or could have led to death or serious
injury, in which case the violator shall be liable, upon conviction, for
a fine not to exceed $2,500.

“(7) The Secretary shall issue regulations establishing penalty
schedules designed to induce timely compliance for persons failing
to comply promptly with the requirements set forth in any notices
and orders under this subsection.

“(8) Any aggrieved person who, after a hearing, is adversely
affected by a final order issued under this section may, within 30
days, petition for review of the order in the United States Court of
Appeals in the circuit wherein the violation is alleged to have
occurred or where the violator has his principal place of business or

Joint Resolution

Relating to cooperative East-West ventures in space.

Whereas the United States and the Soviet Union could soon find themselves in an arms race in space, which is in the interest of no one;
Whereas the prospect of an arms race in space between the United States and the Soviet Union has aroused worldwide concern expressed publicly by the governments of many countries;
Whereas the 1972-1975 Apollo-Soyuz project involving the United States and the Soviet Union and culminating with a joint docking in space was successful, thus proving the practicability of a joint space effort;
Whereas, shortly after the completion of the Apollo-Soyuz project, and intended as a followup to it, the United States and the Soviet Union signed an agreement to examine the feasibility of a Shuttle-Salyut program and an international space platform program, but that initiative was allowed to lapse;
Whereas the United States signed a five-year space cooperation agreement with the Soviet Union in 1972, renewed it in 1977, then chose not to renew it in 1982;
Whereas the United States recently proposed to the Soviet Union that the two Nations conduct a joint simulated space rescue mission;
Whereas the Soviet Union has not yet responded to the substance of this proposal; and
Whereas the opportunities offered by space for prodigious achievements in virtually every field of human endeavor, leading ultimately to the colonization of space in the cause of advancing human civilization, would probably be lost irretrievably were space to be made into yet another East-West battleground: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President should—

(1) endeavor, at the earliest practicable date, to renew the 1972-1977 agreement between the United States and the Soviet Union on space cooperation for peaceful purposes;
(2) continue energetically to gain Soviet agreement to the recent United States proposal for a joint simulated space rescue mission; and
(3) seek to initiate talks with the Government of the Soviet Union, and with other governments interested in space activities, to explore further opportunities for cooperative East-West ventures in space including cooperative ventures in such areas as space medicine and space biology, planetary science, manned and unmanned space exploration.

(d) Any coastwise privileges granted in this Act that expire under subsection (b)(1) or (b)(2) shall be reinstated upon a determination by the Secretary that the service on which the expiration of the privileges was based is no longer available.

"(2) Non-Federal entities shall be required by the Secretary to contract for the long-term operation and maintenance of canal and lateral systems constructed pursuant to activities provided for in subsection (a): Provided, That the Secretary shall reimburse such non-Federal entities for the costs of such operation and maintenance to the extent the costs exceed the expenses that would have been incurred by them in the thorough and timely operation and maintenance of their canal and lateral
systems absent the construction of a unit, said expenses to be determined by the Secretary after consultation with the involved non-Federal entities. The operation and maintenance for which non-Federal entities shall be responsible shall include such repairing and replacing of a unit's facilities as are associated with normal annual maintenance activities in order to keep such facilities in a condition which will assure maximum reduction of salinity inflow to the Colorado River. These non-Federal entities shall not be responsible, nor incur any costs, for the replacement of a unit's facilities, including measures to replace incidental fish and wildlife values foregone. The term replacement shall be defined for the purposes of this title as a major modification or reconstruction of a completed unit, or portion thereof, which is necessitated, through no fault of the non-Federal entity or entities operating and maintaining a unit, by design or construction inadequacies or by normal limits on the useful life of a facility. "(6) In implementing the units authorized to be constructed pursuant to subsection (a), the Secretary shall implement measures to replace incidental fish and wildlife values foregone concurrently with the implementation of a unit's, or a portion of a unit's, related features.

"(c)(1) The Secretary of Agriculture may establish a voluntary cooperative salinity control program with landowners to improve on-farm water management and reduce watershed erosion on non-Federal lands and on lands under the control of the Department of Agriculture for the purpose of assisting in meeting the objectives of this title.

"(2) In carrying out such program, the Secretary of Agriculture shall—

"(A) identify salt-source areas and determine the salt load resulting from irrigation and watershed management practices;

"(B) develop, in consultation with the public and affected governmental interests, plans for implementing measures that will reduce the salt load of the Colorado River by improving on-farm irrigation water management including improvement of...
related laterals and by improving watershed erosion management practices, such measures to include voluntary replacement of incidental fish and wildlife values foregone;

"(C) provide technical and cost-sharing assistance for the voluntary implementation of plans through contracts and agreements with individuals or groups of owners and operators of farms, ranches, and other lands as well as with local governmental and nongovernmental entities such as irrigation districts and canal companies, except that a portion of the costs of implementing such plans shall be shared by the participants on the basis of benefits received and other appropriate factors, as determined by the Secretary of Agriculture, and except that such contracts and agreements shall provide for continuing operation and maintenance of measures installed under this subsection, including measures to replace incidental fish and wildlife values foregone, without additional cost-sharing assistance;

"(D) provide continuing technical assistance for irrigation water management as well as monitoring and evaluation of changes in salt contributions to the Colorado River to determine program effectiveness;

"(3) The measures to be implemented in any particular salt source area shall be described in reports issued by the Secretary of Agriculture. Copies of the reports are to be submitted to—

"(A) the committees on Agriculture and Appropriations of the House of Representatives and the committees on Agriculture, Nutrition and Forestry and Appropriations of the Senate;

"(B) members of the advisory council established by section 43 USC 1594.

43 USC 1594.

"(C) the Governor of any State where measures are to be implemented.

Prohibition.

No funds for implementation of proposed measures undertaken pursuant to this subsection may be expended until the expiration of sixty days after submission of the report of the Secretary of Agriculture.

(4) to undertake feasibility investigations of saline water use and disposal opportunities, including measures and all necessary appurtenant and associated works, to demonstrate saline water use technology and to beneficially use and dispose of saline and brackish waters of the Colorado River Basin in joint ventures with current and future industrial water users, using, but not limited to, the concepts generally described in the Bureau of Reclamation Special Report of September 1981, entitled "Saline water use and disposal opportunities"; and

"(2) LICENSES FOR INDIVIDUALS.—The Secretary may grant an individual a customs broker's license only if that individual is a citizen of the United States. Before granting the license, the Secretary may require an applicant to show any facts deemed necessary to establish that the applicant is of good moral character and qualified to render valuable service to others in the conduct of customs business. In assessing the qualifications of an applicant, the Secretary may conduct an examination to determine the applicant's knowledge of customs and related laws, regulations and procedures, bookkeeping, accounting, and all other appropriate matters.

"(3) LICENSES FOR CORPORATIONS, ETC.—The Secretary may grant a customs broker's license to any corporation, association, or partnership that is organized or existing under the laws of any of the several States of the United States if at least one officer of the corporation or association, or one member of the partnership, holds a valid customs broker's license granted under paragraph (2).
"(4) Duties.—A customs broker shall exercise responsible supervision and control over the customs business that it conducts.

"(5) Lapse of License.—The failure of a customs broker that is licensed as a corporation, association, or partnership under paragraph (3) to have, for any continuous period of 120 days, at least one officer of the corporation or association, or at least one member of the partnership, validly licensed under paragraph (2) shall, in addition to causing the broker to be subject to any other sanction under this section (including paragraph (6)), result in the revocation by operation of law of its license.

"(6) Prohibited Acts.—Any person who intentionally transacts customs business, other than solely on the behalf of that person, without holding a valid customs broker's license granted to that person under this subsection shall be liable to the United States for a monetary penalty not to exceed $10,000 for each such transaction as well as for each violation of any other provision of this section. This penalty shall be assessed in the same manner and under the same procedures as the monetary penalties provided for in subsection (d)(2)(A).

"(c) Customs Broker's Permits.—

"(1) In general.—Each person granted a customs broker's license under subsection (b) shall—

the Secretary may waive the requirement in paragraph (1)(B).

"(3) Lapse of Permit.—The failure of a customs broker granted a permit under paragraph (1) to employ, for any continuous period of 180 days, at least one individual who is licensed under subsection (b)(2) within the district or region (if paragraph (2) applies) for which a permit was issued shall, in addition to causing the broker to be subject to any other sanction under this section (including any in subsection (d)), result in the revocation by operation of law of the permit.

"(d) Disciplinary Proceedings.—

"(1) General Rule.—The Secretary may impose a monetary penalty in all cases with the exception of the infractions described in clause (iii) of subparagraph (B) of this subsection, or revoke or suspend a license or permit of any customs broker, if it is shown that the broker—
“(A) has made or caused to be made in any application for any license or permit under this section, or report filed with the Customs Service, any statement which was, at the time and in light of the circumstances under which it was made, false or misleading with respect to any material fact, or has omitted to state in any such application or report any material fact which was required to be stated therein;
“(B) has been convicted at any time after the filing of an application for license under subsection (b) of any felony or misdemeanor which the Secretary finds—

“(E) has knowingly employed, or continues to employ, any person who has been convicted of a felony, without written approval of such employment from the Secretary; or
“(F) has, in the course of its customs business, with intent to defraud, in any manner willfully and knowingly deceived, misled or threatened any client or prospective client.
“(2) PROCEDURES.—
“(A) MONETARY PENALTY.—Unless action has been taken under subparagraph (B), the appropriate customs officer shall serve notice in writing upon any customs broker to show cause why the broker should not be subject to a monetary penalty not to exceed $30,000 in total for a violation or violations of this section. The notice shall advise the customs broker of the allegations or complaints against him and shall explain that the broker has a right to respond to the allegations or complaints in writing within 30 days of the date of the notice. Before imposing a monetary penalty, the customs officer shall consider the allegations or complaints and any timely response made by the customs broker and issue a written decision. A customs broker against whom a monetary penalty has been issued under this section shall have a reasonable opportunity under section 618 to make representations seeking remission or mitigation of the monetary penalty. Following the conclusion of any proceeding under section 618, the appropriate customs officer shall provide to the customs broker a written statement which sets forth the final determination and the findings of fact and conclusions of law on which such determination is based.
“(B) Revocation or suspension.—The appropriate customs officer may, for good and sufficient reason, serve notice in writing upon any customs broker to show cause why a license or permit issued under this section should not be revoked or suspended. The notice shall be in the form of a statement specifically setting forth the grounds of the complaint, and shall allow the customs broker 30 days to respond. If no response is filed, or the appropriate customs officer determines that the revocation or suspension is still warranted, he shall notify the customs broker in writing of a hearing to be held within 15 days, or at a later date if the broker requests an extension and shows good cause therefor, before an administrative law judge appointed pursuant to section 3105 of title 5, United States Code, who shall serve as the hearing officer. If the customs broker waives the hearing, or the broker or his designated representative fails to appear at the appointed time and place, the hearing officer shall make findings and recommendations based on the record submitted by the parties. A transcript of the hearing shall be made and a copy will be provided to the appropriate customs officer and the customs broker; they shall thereafter be provided reasonable opportunity to file a post-hearing brief. Following the conclusion of the hearing, the hearing officer shall transmit promptly the record of the hearing along with his findings of fact and recommendations to the Secretary for decision. The Secretary will issue a written decision, based solely on the record, setting forth his findings of fact and the reasons for his decision. Such decision may provide for the sanction contained in the notice to show cause or any lesser sanction authorized by this subsection, including a monetary penalty not to exceed $30,000, than was contained in the notice to show cause.

“(3) Settlement and compromise.—The Secretary may settle and compromise any disciplinary proceeding which has been instituted under this subsection according to the terms and conditions agreed to by the parties, including but not limited to the reduction of any proposed suspension or revocation to a monetary penalty.

“(4) Limitation of actions.—Notwithstanding section 621, no proceeding under this subsection or subsection (b)(6) shall be commenced unless such proceeding is instituted by the appropriate service of written notice within 5 years from the date the alleged violation was committed; except that if the alleged violation consists of fraud, the 5-year period of limitation shall commence running from the time such alleged violation was discovered.

“(e) Judicial appeal.—

“(1) In general.—A customs broker, applicant, or other person directly affected may appeal any decision of the Secretary denying or revoking a license or permit under subsection (b) or (c), or revoking or suspending a license or permit or imposing a monetary penalty in lieu thereof under subsection 19 USC 1621.

In cases involving revocation or suspension of a license or permit or imposition of a monetary penalty in lieu thereof under subsection (d)(2)(B), after receipt of the petition, the Secretary shall file in court the record upon which the decision or order complained of was entered, as provided in section 2635(d) of title 28, United States Code.

"(2) CONSIDERATION OF OBJECTIONS.—The court shall not consider any objection to the decision or order of the Secretary, or to the introduction of evidence or testimony, unless that objection was raised before the hearing officer in suspension or revocation proceedings unless there were reasonable grounds for failure to do so.

"(3) CONCLUSIVENESS OF FINDINGS.—The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive.

"(4) ADDITIONAL EVIDENCE.—If any party applies to the court for leave to present additional evidence and the court is satisfied that the additional evidence is material and that reasonable grounds existed for the failure to present the evidence in the proceedings before the hearing officer, the court may order the additional evidence to be taken before the hearing officer and to be presented in a manner and upon the terms and conditions prescribed by the court. The Secretary may modify the findings of facts on the basis of the additional evidence presented. The Secretary shall then file with the court any new or modified findings of fact which shall be conclusive if supported by substantial evidence, together with a recommendation, if any, for the modification or setting aside of the original decision or order.

"(5) EFFECT OF PROCEEDINGS.—The commencement of proceedings under this subsection shall, unless specifically ordered by the court, operate as a stay of the decision of the Secretary except in the case of a denial of a license or permit.

"(6) FAILURE TO APPEAL.—If an appeal is not filed within the time limits specified in this section, the decision by the Secretary shall be final and conclusive. In the case of a monetary penalty imposed under subsection (d)(2)(B) of this section, if the amount is not tendered within 60 days after the decision becomes final, the license shall automatically be suspended until payment is made to the Customs Service.

"(f) REGULATIONS BY THE SECRETARY.—The Secretary may prescribe such rules and regulations relating to the customs business of customs brokers as the Secretary considers necessary to protect importers and the revenue of the United States, and to carry out the provisions of this section, including rules and regulations governing the licensing of or issuance of permits to customs brokers, the keeping of books, accounts, and records by customs brokers, and documents and correspondence, and the furnishing by customs brokers of any other information relating to their customs business to any duly accredited officer or employee of the United States Customs Service.

“(A) whether such person is actively engaged in business as a customs broker; and

“(B) the name under, and the address at, which such business is being transacted.

“(2) SUSPENSION AND REVOCATION.—If a person licensed under subsection (b) fails to file the required report by March 1 of the reporting year, the license is suspended, and may be thereafter revoked subject to the following procedures:

“(A) The Secretary shall transmit written notice of suspension to the licensee no later than March 31 of the reporting year.

“(B) If the licensee files the required report within 60 days of receipt of the Secretary's notice, the license shall be reinstated.

“(C) In the event the required report is not filed within the 60-day period, the license shall be revoked without prejudice to the filing of an application for a new license.

“(h) FEES AND CHARGES.—The Secretary may prescribe reasonable fees and charges to defray the costs of the Customs Service in carrying out the provisions of this section, including, but not limited to, a fee for licenses issued under subsection (b) and fees for any test administered by him or under his direction; except that no separate fees shall be imposed to defray the costs of an individual audit or of individual disciplinary proceedings of any nature.”

“(a) There is established in the Commission a Trade Remedy Assistance Office which shall provide full information to the public, upon request, concerning—
“(1) remedies and benefits available under the trade laws, and
“(2) The petition and application procedures, and the appropriate filing dates, with respect to such remedies and benefits.

“(b) Each agency responsible for administering a trade law shall provide technical assistance to eligible small businesses to enable them to prepare and file petitions and applications (other than those which, in the opinion of the agency, are frivolous) to obtain the remedies and benefits that may be available under that law.

“(c) For purposes of this section—

“(1) The term ‘eligible small business’ means any business concern which, in the agency’s judgment, due to its small size, has neither adequate internal resources nor financial ability to obtain qualified outside assistance in preparing and filing petitions and applications for remedies and benefits under trade laws. In determining whether a business concern is an ‘eligible small business’, the agency may consult with the Small Business Administration, and shall consult with any other agency that has provided assistance under subsection (b) to that business concern. An agency decision regarding whether a business concern is an eligible small business for purposes of this section is not reviewable by any other agency or by any court.

Subtitle C—Miscellaneous Provisions

SEC. 231. FOREIGN TRADE ZONE PROVISIONS.

(a)(1) The Congress finds that a delicate balance of the interests of the bicycle industry and the bicycle component parts industry has been reached through repeated revision of the Tariff Schedules of the United States so as to allow duty free import of those categories of bicycle component parts which are not manufactured domestically. The Congress further finds that this balance would be destroyed by exempting otherwise dutiable bicycle component parts from the customs laws of the United States through granting foreign trade zone status to bicycle manufacturing and assembly plants in the United States and that the preservation of such balance is in the public interest and in the interest of the domestic bicycle industry.

(2) Section 3 of the Act of June 18, 1934 (commonly known as the Foreign Trade Zones Act (19 U.S.C. 81c)), is amended—
(A) by inserting "(a)" immediately before the first word thereof; 
(B) by redesignating paragraphs (a) and (b) as paragraphs (1) and (2), respectively; and 
(C) by adding at the end thereof the following new subsection:

"(b) The exemption from the customs laws of the United States provided under subsection (a) shall not be available before June 30, 1986, to bicycle component parts unless such parts are reexported from the United States, whether in the original package, as components of a completely assembled bicycle, or otherwise."

(3) The amendments made by paragraph (2) shall take effect on the fifteenth day after the date of the enactment of this Act.

"(j) CERTAIN FOREIGN ADVERTISING EXPENSES.—

"(1) IN GENERAL.—No deduction shall be allowed under subsection (a) for any expenses of an advertisement carried by a foreign broadcast undertaking and directed primarily to a market in the United States. This paragraph shall apply only to foreign broadcast undertakings located in a country which denies a similar deduction for the cost of advertising directed primarily to a market in the foreign country when placed with a United States broadcast undertaking.

"(2) BROADCAST UNDERTAKING.—For purposes of paragraph (1), the term 'broadcast undertaking' includes (but is not limited to) radio and television stations."

(1) the airport located at Lebanon, New Hampshire, and 
(2) any other airport designated by the Secretary of the Treasury under subsection (c).
(b) The fee which is charged under subsection (a) shall be paid by each person using the customs services at the airport and shall be in an amount equal to the expenses incurred by the Secretary of the Treasury in providing the customs services which are rendered to such person at such airport (including the salary and expenses of individuals employed by the Secretary of the Treasury to provide such customs services).

(c) The Secretary of the Treasury may designate 4 airports under this subsection. An airport may be designated under this subsection only if—

(1) the Secretary of the Treasury has made a determination that the volume or value of business cleared through such airport is insufficient to justify the availability of customs services at such airport, and

(2) the governor of the State in which such airport is located approves such designation.

(d) Any person who, after notice and demand for payment of any fee charged under subsection (a), fails to pay such fee shall be guilty of a misdemeanor and if convicted thereof shall pay a fine that does not exceed an amount equal to 200 percent of such fee.

(a) The Commissioner of Customs shall notify the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives at least 90 days prior to initiating any major field reorganization or consolidation or taking any other action which would—

(1) result in a significant reduction in force of employees other than by means of attrition;

(2) eliminate or relocate any district, regional, or border office of the United States Customs Service; or

(3) significantly reduce the number of employees assigned to any district, regional, or border office of the United States Customs Service.

(b) The provisions of this section shall not apply after September 30, 1985.

(c) The amendment made by subsection (a) shall take effect after the effective date of any provision of law enacted by the 98th Congress that would, but for this section, limit the authority of the Commissioner of Customs to reorganize or consolidate any district, regional, or border office of the Service.

1. which were imported into the United States for the use of Montana State University, Bozeman, Montana, and

if the Secretary of Commerce finds that these systems are eligible to enter free of duty pursuant to headnote 6 of part 4 of schedule 8 of the Tariff Schedules of the United States.

SEC. 240. MAX PLANCK INSTITUTE FOR RADIOASTRONOMY.

(a)(1) The Secretary of the Treasury is authorized and directed to admit free of duty any article provided by the Max Planck Institute for Radioastronomy of the Federal Republic of Germany to the joint astronomical project being undertaken by the Steward Observatory of the University of Arizona and the Max Planck Institute for the construction, installation, and operation of a sub-mm telescope in the State of Arizona if—

1. such article is an instrument or apparatus (within the meaning of headnote 6(a) of part 4 of schedule 8 of the Tariff Schedules of the United States (19 U.S.C. 1202)), and
2. no instruments or apparatus of equivalent scientific value for the purposes for which such article is intended to be used is being manufactured in the United States.
(2) For purposes of paragraph 1(B), scientific testing equipment provided by the Max Planck Institute and necessary for aligning, calibrating, or otherwise testing an instrument or apparatus shall be considered to be part of such instrument or apparatus.

(b) The University of Arizona or the Max Planck Institute shall submit to the United States Customs Service and to the International Trade Administration descriptions of the articles sought to be admitted free of duty containing sufficient detail to allow the United States Customs Service to determine whether subsection (a)(1)(A) is satisfied and the International Trade Administration to determine whether subsection (a)(1)(B) is satisfied. SEC. 245. SENSE OF CONGRESS REGARDING POSSIBLE EEC ACTION ON CORN GLUTEN.

Whereas—

(1) the European Council of Ministers has directed the Commission of the European Community (EC) to initiate consultations with the United States and other interested parties under article XXVIII of the General Agreement on Tariffs and Trade (GATT) for the purpose of imposing tariff or tariff quota restrictions on imports of nongrain feed ingredients, including corn gluten feed;

(2) the EC has considered proposals to impose a domestic consumption tax on vegetable fats and oils, which would undermine the intention of the duty-free binding on certain corn and soybean products imported from the United States;

(3) the EC has bound in the GATT that it will impose no import duties on soybeans, soybean meal, corn gluten feed, and other corn by-products, and such zero-tariff bindings were agreed to in return for United States trade concessions to the EC during previous rounds of trade negotiations;

(4) the EC has not demonstrated sound economic justification for restrictions on the import of nongrain feed ingredients and such restrictions would only shift the financial burden of EC Common Agricultural Policy (CAP) reform from the EC to other countries, with negligible improvement in the current EC budget situation;

(5) action by the EC to breach a negotiated concession would severely erode the basic GATT principle of comparative advantage and set a dangerous precedent which could threaten other previously negotiated concessions and serve as a precursor to restrictions on the import of soybeans and soybean products; and

(6) the official position of the United States, as stated by the Secretary of Agriculture, is that there is strong support for the EC efforts to balance the Agricultural budget, but that the
United States will oppose any efforts to limit its exports of corn gluten feed to the EC;
it is the sense of Congress that—
(A) the President should continue to firmly oppose the imposi-
tion of any restriction on European Community imports of nongrain feed ingredients, including corn gluten, and should support the current duty-free binding on such products;
(B) the President should continue to rigorously oppose any European Community proposals which would violate the intent of the existing duty-free binding in the General Agreement on Tariffs and Trade on soybeans and soybean products and reaffirm the United States conviction that the imposition of a consumption tax on vegetable fats and oils by the European Community would represent a restraint of trade; and
(C) if unilateral action is taken by the European Community to restrict or inhibit the importation of either nongrain feed ingredients, including corn gluten feed, or vegetable fats and oils, including soybean products, the United States should act immediately to restrict European Community imports of at least the aggregate value of the reduced and potentially reduced United States export products.

SEC. 246. STUDY ON HONEY IMPORTS.
(a) The Senate finds that—
(1) in 1976 the International Trade Commission found that honey imports threatened serious injury to the domestic honey industry and recommended action to control honey imports,
(2) the domestic honey industry is essential for production of many agricultural crops,
(3) a significant part of our total diet is dependent directly or indirectly on insect pollination, and
(4) it is imperative that the domestic honey bee industry be maintained at a level sufficient to provide crop pollination.
(b) It is the sense of the Senate that the Secretary of Agriculture should promptly request the President to call for an International Trade Commission investigation of honey imports, under section 22 of the Agriculture Adjustment Act.

SEC. 247. COPPER IMPORTS.
(a) The Congress finds that—
(1) the United States International Trade Commission unanimously found that the United States copper producing industry is being seriously injured by copper imports;
(2) worldwide copper prices are at record low levels;
(3) foreign copper producers have increased their copper production in spite of depressed world prices in an effort to meet their external debt obligations;
(4) United States copper production has been reduced by over forty percent and over half of the work force has been laid off;
(5) continuation of the current depressed world price for copper threatens severe economic distress for less developed countries which are dependent on copper exports as their major source of foreign exchange;
(6) the competitiveness of United States copper producers could be enhanced through the investment which could be generated if worldwide copper prices returned to more historically representaive levels; and
(7) a balanced reduction in foreign copper production which raises marginally the world price for copper would not disadvantage domestic fabricators by creating a two-tier pricing system.

(b) It is the sense of Congress that the President should negotiate with the principal foreign copper-producing countries to conclude voluntary restraint agreements with those governments for the purpose of effecting a balanced reduction of total annual foreign copper production for a period of between three and five years in order to—

(1) allow the price of copper on international markets to rise modestly to levels which will permit the remaining copper operations located in the United States to attract needed capital, and

(2) achieve a secure domestic supply of copper.

(c) It is the further sense of the Congress that the President should submit a report to Congress, within twelve months of the date of enactment of this Act, explaining—

(1) the results of his negotiations; or

(2) why he felt it was inappropriate or unnecessary to undertake such negotiations.

(a)(1) Section 203(c)(1) of the Trade Act of 1974 (19 U.S.C. 2253(c)(1)) is amended to read as follows:

(1) If the President reports under subsection (b) that he is taking action which differs from the action recommended by the Commission under section 201(d)(1)(A), or that he will not provide import relief, the action recommended by the Commission shall take effect (as provided in paragraph (2)) upon enactment of a joint resolution described in section 152(a)(1)(A) within the 90-day period beginning on the date on which the document referred to in subsection (b) is transmitted to the Congress.

(2) Section 203(c)(2) of the Trade Act of 1974 (19 U.S.C. 2253(c)(2)) is amended—

(A) by striking out “adoption of such resolution” and inserting in lieu thereof “enactment of the joint resolution referred to in paragraph (1)”, and

(B) by striking out “section 201(b)” and inserting in lieu thereof “section 201(d)”.

(b) Section 152(a)(1)(A) of the Trade Act of 1974 (19 U.S.C. 2192(a)(1)(A)) is amended by striking out “concurrent resolution” and inserting in lieu thereof “joint resolution”.

(c) Section 330(d)(4) of the Tariff Act of 1930 (19 U.S.C. 1330(d)(4)) is amended by striking out “the concurrent resolution described in such section 152” and inserting in lieu thereof “the joint resolution described in such section 152(a)(1)(A)”.

SEC. 249. SECTION 201 CRITERIA.

Section 201(b) of the Trade Act of 1974 (19 U.S.C. 2251(b)) is amended—

(1) by amending paragraph (2)—

(A) by inserting “(whether maintained by domestic producers, importers, wholesalers, or retailers)” after “inventory” in subparagraph (B),

(B) by striking out “and” at the end of subparagraph (B),
(C) by striking out the period at the end of subparagraph (C) and inserting in lieu thereof "and", and
(D) by adding at the end thereof the following:
"(D) the presence or absence of any factor which the Commission is required to evaluate in subparagraphs (A) and (B) shall not necessarily be dispositive of whether an article is being imported into the United States in such increased quantities as to be a substantial cause of serious injury or threat of serious injury to the domestic industry."; and
(2) by adding at the end thereof the following new paragraph:
"(7) For purposes of this section, the term 'significant idling of productive facilities' includes the closing of plants or the underutilization of production capacity."

SEC. 250. HOGS AND PORK PRODUCTS FROM CANADA.

The pork industry contributes $9,000,000,000 annually to the United States economy;
Over four hundred and fifty thousand United States farmers produce pork for domestic and foreign markets;
United States imports of live hogs from Canada averaged one hundred thousand animals each year between 1970 and 1974, yet since 1981, such imports have increased yearly from one hundred and forty-six thousand head to an estimated more than one million head in 1984;
The adverse economic effect of the recent surge in imports of Canadian hogs and pork products on United States pork producers has been estimated to be in excess of $500,000,000 in 1982 and 1983, and approximately $300,000,000 during the first five months of 1984;
The Canadian Government provides price support for hogs at a level equal to 90 per centum of the previous five-year average market price, indexed for changes in cash costs of production of hogs, which represented a payment of $6.54 per head to Canadian pork producers last year, and all but one provincial government of Canada also provide direct production assistance to support Canadian pork producers; and
