(A) to conduct research and development activities relating to critical defense technologies, including the critical technologies identified in the first annual defense critical technologies plan submitted pursuant to section 2508 of title 10, United States Code, as added by section 841(b) of this Act;

(B) to apply those technologies to the production of goods and the furnishing of services; and

(B) the consequences of mergers, acquisitions, and takeovers of such businesses;

(C) the results of current Department of Defense spending for critical defense technologies; and

(D) the likely future level of Department of Defense spending for such technologies during the four fiscal years following fiscal year 1990 and the likely results of that level of spending.

SEC. 843. SCIENTIFIC AND TECHNICAL EDUCATION

(a) FINDINGS.—Congress makes the following findings:

(1) The possession and maintenance of technologically superior systems in the Department of Defense is a critical part of the national defense strategy of the United States.

(2) Defense programs use a significant portion of the entire science and technology workforce of the United States.

(3) The science and technology workforce of the United States has been declining in recent years and that decline threatens
the supply of qualified engineers and scientists for the Department of Defense in the future.

(b) SENSE OF CONGRESS.—In light of the findings in subsection (a), it is the sense of Congress that the Secretary of Defense should take such actions as may be necessary and appropriate to promote and encourage, at precollege through post-doctoral levels, an increase in the number of citizens and nationals of the United States who pursue courses of study in science, engineering, and other technical disciplines.

(c) REPORT.—The Secretary of Defense shall submit to the Committees on Armed Services of the Senate and House of Representatives, by February 1, 1990, a report on current, expanded, and proposed new programs of the Department of Defense and, as appropriate, proposed interagency programs to preserve and perpetuate an effective scientific and engineering workforce for the United States for the future. The Secretary, in coordination with the Director of the Office of Science and Technology Policy, shall include in the report an evaluation of the following concepts:

(1) Summer internships at Department of Defense laboratories for precollege teachers of sciences, engineering, or other technical disciplines.

(2) An award program for exceptional precollege teachers in sciences, engineering, or other technical disciplines.

(3) A scholarship program for undergraduates in scientific or technical education who plan to teach those disciplines at the precollege level.

(4) Expanding the Barry Goldwater Scholarship and Excellence in Education Program or any other such program that the Secretary and the Director mutually agree would promote increases in scientific and engineering careers.

(d) NATIONAL DEFENSE SCIENCE AND ENGINEERING GRADUATE FELLOWSHIPS.—(1) Part III of subtitle A of title 10, United States Code, is amended by adding at the end the following chapter:

"CHAPTER 111—NATIONAL DEFENSE SCIENCE AND ENGINEERING GRADUATE FELLOWSHIPS

Sec. 2191. Graduate fellowships.

§ 2191. Graduate fellowships

(a) The Secretary of Defense shall prescribe regulations providing for the award of fellowships to citizens and nationals of the United States who agree to pursue graduate degrees in science, engineering, or other fields of study designated by the Secretary to be of priority interest to the Department of Defense.

(b) A fellowship awarded pursuant to regulations prescribed under subsection (a) shall be known as a `National Defense Science and Engineering Graduate Fellowship'.

(c) National Defense Science and Engineering Graduate Fellowships shall be awarded solely on the basis of academic ability. The Secretary shall take all appropriate actions to encourage applications for such fellowships of persons who are members of groups (including minority groups, women, and disabled persons) which historically have been underrepresented in science and technology fields. Recipients shall be selected on the basis of a nationwide competition. The award of a fellowship under this section may not
be predicated on the geographic region in which the recipient lives or the geographic region in which the recipient will pursue an advanced degree.

“(d) The regulations prescribed under this section shall include—
“(1) the criteria for award of fellowships;
“(2) the procedures for selecting recipients;
“(3) the basis for determining the amount of a fellowship; and
“(4) the maximum amount that may be awarded to an individual during an academic year.”.

(2) The tables of chapters at the beginning of subtitle A, and at the beginning of part III of subtitle A, of such title are each amended by inserting after the item relating to chapter 110 the following new item:

“111. National Defense Science and Engineering Graduate Fellowships . . . . 2191”.

(e) FUNDING.—Of the amounts authorized to be appropriated pursuant to section 201, $10,500,000 of the amount appropriated for fiscal year 1990 and $11,000,000 of the amount authorized to be appropriated for fiscal year 1991 shall be available for National Defense Science and Engineering Graduate Fellowships provided for under chapter 111 of title 10, United States Code (as added by subsection (c)).

SEC. 852. PROCUREMENT FROM COUNTRIES THAT DENY ADEQUATE AND EFFECTIVE PROTECTION OF INTELLECTUAL PROPERTY RIGHTS

(a) SENSE OF CONGRESS.—It is the sense of Congress that it should be a very important consideration in the procurement of property, services, or technology by the Department of Defense whether such procurement is from any person of any country which has been identified by the United States Trade Representative, on the advice of the Commissioner of Patents and Trademarks in the Department of Commerce and the Register of Copyrights, pursuant to section 182(a)(2) of the Trade Act of 1974 (19 U.S.C. 2242) as denying adequate and effective protection of intellectual property rights or fair and equitable market access to United States persons that rely upon intellectual property protection.

TITLE IX—MATTERS RELATING TO NATO MEMBER NATIONS AND OTHER ALLIES

PART A—CONVENTIONAL FORCE REDUCTIONS IN EUROPE

SEC. 901. FRAMEWORK FOR DETERMINING CONVENTIONAL FORCE REQUIREMENTS IN A CHANGING THREAT ENVIRONMENT

(a) Evaluation of Effect of Warsaw Pact Reductions and of Possible CFE Agreement.—The Secretary of Defense shall submit to the congressional defense committees a report providing the Secretary’s evaluation of the effect upon requirements of the United States for conventional forces and for military spending that could be anticipated under the following assumptions:

   (1) The full implementation of the unilateral force reductions in, and subsequent reorganization of, forces of the Soviet Union described by the President of the Soviet Union on December 7, 1988, and the unilateral force reductions subsequently announced by the other members of the Warsaw Pact.

   (2) Entry into force of a conventional arms control agreement establishing rough parity in conventional forces in Europe between forces of the North Atlantic Treaty Organization and the Warsaw Pact at equal levels (at approximately 85 to 90 percent of NATO’s current inventory) of tanks, artillery, armored troop carriers, combat helicopters, and land-based combat aircraft.
(b) MATTERS TO BE INCLUDED IN EVALUATION.—In carrying out the evaluation required by subsection (a) of the unilateral force reductions referred to in paragraph (1) of that subsection and the potential effect of an agreement referred to in paragraph (2) of that subsection, the Secretary shall include in the evaluation (at a minimum) the following (stated for both the near-term and mid-term):

1. An assessment of the threat to NATO under the assumptions specified in each of paragraphs (1) and (2) of subsection (a).

2. The effect on the defense strategy of the United States for meeting its NATO commitments in the changing threat environment, including the effect on the ability of NATO to defend against an attack by the Warsaw Pact (A) on short warning, or (B) during a crisis in Europe.

3. The effect on—
   (A) the mix of active and reserve forces of the United States;
   (B) the ratio of (i) conventional forces of the United States deployed in the European theater, to (ii) conventional forces of the United States deployed in the continental United States; and
   (C) air and sea lift requirements.

4. The effect on operational military concepts of the United States and NATO (such as Follow-on Forces Attack (FOFA), AirLand Battle, Maritime Strategy, and Rapid Reinforcement) that were initially developed to counter the large advantage of the Warsaw Pact in conventional land forces in the European theater.

5. The effect on equipment requirements of the United States for meeting its commitments to NATO in the 1990s.

(c) TIME FOR SUBMISSION.—The report required by subsection (a) shall be submitted concurrently with the submission to Congress of the President's budget for fiscal year 1991 pursuant to section 1105 of title 31, United States Code. The report shall be submitted in both classified and unclassified form.

SEC. 902. IMPLICATIONS OF MUTUAL REDUCTIONS IN CONVENTIONAL FORCES IN EUROPE BY NATO AND WARSAW PACT MEMBER NATIONS

(a) COMMENDATION OF PRESIDENT'S CONVENTIONAL ARMS REDUCTION INITIATIVE.—Congress commends and supports the President's conventional arms control initiative announced in Brussels on May 29, 1989, in which the President proposed, and the North Atlantic Treaty Organization (NATO) agreed, that NATO expand its negotiating position at the negotiations on reductions in conventional forces in Europe (begun in Vienna on March 9, 1989, and known as the "CFE Talks") to include—

1. substantial reductions by each side to equal ceilings of helicopters and combat aircraft; and

2. a reduction to a common ceiling of United States military personnel stationed in Western Europe and Soviet military personnel stationed in Eastern Europe.

(b) PRESIDENTIAL REPORT.—(1) Not later than six months after the date of the enactment of this Act, the President shall submit to Congress an unclassified report, with classified annexes as necessary, on the foreign policy and military implications to NATO and to the Warsaw Pact of significant reductions of conventional forces
by NATO and Warsaw Pact countries to a ceiling which is the same for both sides.

(2) The report shall address possible force reduction scenarios for a second round of CFE negotiations and shall be based upon two different assumptions with regard to the level of reductions in personnel and equipment to be made. Under the first assumption, personnel and equipment would be reduced to a level 25 percent below current NATO levels. Under the second assumption, personnel and equipment would be reduced to a level 50 percent below current NATO levels.

(3) The report shall include the following:

(A) A comprehensive net assessment of the current balance between NATO forces and Warsaw Pact forces and of the overall trends in that balance, including an assessment of the trends in active and reserve forces and in total equipment holdings in stationed and indigenous forces.

(B) A description of the likely alternative force postures that could be adopted by member nations of both alliances (particularly by the United States and the Soviet Union) under each of the assumptions analyzed, together with a description of the possible effects of restructuring of both NATO and Warsaw Pact forces in Europe for defensive purposes.

(C) A statement of the costs (or savings) to the United States, over at least a seven-year period, estimated to be associated with each force posture described under subparagraph (B), together with an analysis of how those costs (or savings) were determined.

(D) An analysis of the implications for NATO strategy, security, and military policy under each of the reduction levels referred to in paragraph (2), including a net assessment of the resulting balance between NATO forces and Warsaw Pact forces.

(E) An assessment of the effects under each of the reduction levels referred to in paragraph (2) (including the alternative force postures under each assumption) upon the stability of the conventional balance of forces in Europe.

(F) An assessment of the ability of NATO to defend Europe under each of the assumed reduction levels in the event of an attack by the Warsaw Pact (i) on short warning, or (ii) during a crisis in Europe.

(G) An assessment of the effects under each of the reduction levels referred to in paragraph (2) on—

(i) the short-range nuclear force requirements of NATO;

(ii) the requirements of the United States for POMCUS and war-reserve stocks;

(iii) the requirements of NATO for airlift and sealift based in the United States and for reinforcing units from the United States; and

(iv) the ability of the United States to meet global military requirements.

SEC. 903. REPORT ON VERIFICATION MEASURES FOR POSSIBLE CONVENTIONAL ARMS CONTROL AGREEMENT

(a) Report.—The President shall submit to Congress a report on the types of measures that would be required to verify the proposal for reductions in conventional forces in Europe adopted by the President of U.S.

(b) MATTERS TO BE INCLUDED IN REPORT.—The President shall include in the report under subsection (a) the following:

(1) A discussion of the types of information that it would be necessary for the parties to such an agreement to exchange for such verification.

(2) A discussion of the range of options under consideration by the executive branch for defining what constitutes a militarily significant violation of a conventional arms control agreement.

(3) A description of the national technical means, on-site inspections, and other cooperative measures that would be necessary to detect violations of such an agreement, including—

(A) an analysis of the measures that would be required to monitor (i) the withdrawal and demobilization of military personnel, and (ii) the withdrawal and (if required by the agreement) the destruction of military equipment provided for in any such agreement; and

(B) the President's judgment on those on-site inspections and confidence building measures under consideration that are the most acceptable, and the least acceptable, to the NATO alliance and the Warsaw Pact, including an assessment of the counterintelligence aspects of such measures for NATO.

(4) A discussion of the procedures the NATO alliance would follow in the event of a violation of such an agreement by a member of the Warsaw Treaty Organization.

(c) DATA BASE ANALYSIS.—(1) The report under subsection (a) shall also include a comprehensive analysis of—

(A) the uncertainties in the data bases to be used by United States intelligence with respect to the military forces of NATO member nations and Warsaw Pact member nations located in the proposed areas of reduction;

(B) the uncertainties in the estimates of the trends in such forces; and

(C) the differences in the data bases and counting rules used by the United States, the allies of the United States, and the Warsaw Pact member nations.

(2) The analysis under paragraph (1) shall address separately the uncertainties in the estimates of each of the following:

(A) Active forces.

(B) Reserve forces.

(C) Equipment subject to reductions and ceilings.

(D) Indigenous forces.

(E) Stationed forces.

(d) SUBMISSION OF REPORT.—The report required by subsection (a) shall be submitted not later than March 1, 1990. The report shall include such comments and recommendations as the President determines appropriate. The report shall be submitted in both classified and unclassified versions.
SEC. 911. REDUCTION IN AUTHORIZED END STRENGTH FOR THE NUMBER OF MILITARY PERSONNEL IN EUROPE

(a) REDUCTION REQUIRED.—Section 1002(c)(1) of the Department of Defense Authorization Act, 1985 (22 U.S.C. 1928 note), is amended by striking out "326,414" and inserting in lieu thereof "311,855".

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect on September 30, 1991.

SEC. 912. ACTIVE-DUTY FORCES IN EUROPE OF MEMBER NATIONS OF NATO

(a) FINDINGS.—Congress makes the following findings:

(1) Member nations of the North Atlantic Treaty Organization (NATO), at the initiative of the President, have presented to the nations of the Warsaw Pact a comprehensive proposal concerning reductions in conventional forces in Europe for consideration in the negotiations on Conventional Armed Forces in Europe (CFE).

(2) An agreement based on that proposal would significantly enhance security and stability in Europe and the cause of peace worldwide.

(3) Irrespective of developments in the CFE negotiations, several member nations of NATO are considering making significant unilateral reductions over the next several years in the number of their active-duty forces in Europe.

(4) Such unilateral reductions in active-duty forces before an agreement on CFE enters into force would—

(A) undercut efforts by NATO to improve its conventional defense posture in Europe, increase reliance by NATO on the threat of the early use of nuclear weapons to deter aggression, and undermine the NATO arms control negotiating posture in the CFE negotiations; and

(B) exacerbate longstanding burdensharing tensions among member nations of NATO.

(5) Despite shifts in relative economic power from the United States to some of the major allies of the United States, the costs of mutual defense continue to be borne disproportionately by the United States.

(6) Adjustments in burdensharing are long overdue.

(b) DEFINITIONS.—For purposes of this section:

(1) The term "active-duty forces in Europe" means those active-duty military personnel assigned to permanent duty ashore in European member nations of NATO, except that such term does not include INF-related forces.

(2) The term "INF-related forces" means those active-duty military personnel assigned to permanent duty ashore in European member nations of NATO who are to be demobilized or withdrawn from Europe as a result of the elimination of the intermediate-range nuclear weapons of the United States pursuant to the Treaty between the United States of America and the Union of Soviet Socialist Republics on the Elimination of their Intermediate-range and Shorter-range Missiles, signed on December 8, 1987 (commonly referred to as the "INF Treaty").

(3) The term "U.S. end-strength level in Europe" means the actual number of active-duty forces in Europe of the Armed Forces of the United States at the end of a fiscal year.
(4) The term "allied forces end-strength level in Europe" means the actual number of active-duty forces in Europe of the armed forces of member nations of NATO (other than the United States) in Europe at the end of a fiscal year.

(c) Baseline Report on Active-Duty Forces in Europe.—(1) Not later than 60 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives a report on the number of the active-duty forces in Europe of the member nations of NATO. The report shall identify the following:
   (2) The allied forces end-strength level in Europe for fiscal year 1989.
   (3) The actual number of active-duty forces in Europe of each member nation of NATO (other than the United States) at the end of fiscal year 1989.
   (4) The ratio (expressed in terms of a percentage) of—
      (A) the U.S. end-strength level in Europe; to
      (B) the allied forces end-strength level in Europe.

(d) U.S.-Allied Forces Ratio.—(1) The ratio identified for fiscal year 1989 under subsection (c)(4) is hereinafter in this section referred to as the "baseline U.S.-allied forces ratio".
   (2) The ratio identified in an annual report under subsection (e) is hereinafter in this section referred to as the "U.S.-allied forces ratio".

(e) Annual Report on Maintaining Active-Duty Forces in Europe.—(1) During each of the fiscal years 1991, 1992, and 1993, the Secretary of Defense shall prepare a report identifying for the preceding fiscal year the following:
   (A) The U.S. end-strength level in Europe for the fiscal year covered by the report.
   (B) The allied forces end-strength level in Europe for such fiscal year.
   (C) The ratio (expressed in terms of a percentage) of the U.S. end-strength level in Europe to the allied forces end-strength level in Europe for the fiscal year covered by the report.
   (2) The Secretary shall include in each such report the following:
      (A) A statement of whether there has been any change in the U.S.-allied forces ratio for such fiscal year compared with—
         (i) the baseline U.S.-allied forces ratio; and
         (ii) after fiscal year 1991, the U.S.-allied forces ratio for the fiscal year immediately preceding the fiscal year covered by such report.
      (B) In the case of a change in the U.S.-allied forces ratio for such fiscal year, a description of the amount of such change and any explanation of the cause for such change.
      (C) A discussion of any action taken by the United States during such fiscal year to encourage member nations of NATO (other than the United States) to increase the number of their active-duty forces in Europe and the results of that action.
   (3)(A) Except as provided in subparagraph (B), the report required by paragraph (1) shall be submitted to the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives not later than April 1 of each fiscal year referred to in such paragraph.
(B) The Secretary shall be considered to have complied with subparagraph (A) in a fiscal year if the Secretary includes the information required by paragraphs (1) and (2) in the report submitted in such year pursuant to section 1002(d)(2) of the Department of Defense Authorization Act, 1985 (22 U.S.C. 1928 note).

(f) LIMITATION ON OBLIGATION OF FUNDS.—(1) If the Secretary of Defense states in a report prepared under subsection (e) that the U.S.-allied forces ratio for the fiscal year covered by such report is greater than the baseline U.S.-allied forces ratio by more than one-tenth of one percentage point—

(A) the President shall undertake appropriate diplomatic initiatives to persuade the member nations of NATO (other than the United States) to increase the number of their active-duty forces in Europe so that the U.S.-allied forces ratio no longer exceeds the baseline U.S.-allied forces ratio; and

(B) funds appropriated to or for the use of the Department of Defense may not be obligated or expended for the next fiscal year to support active-duty forces in Europe of the Armed Forces of the United States at an end-strength level that would cause the U.S.-allied forces ratio in such fiscal year to exceed the baseline U.S.-allied forces ratio by more than one-tenth of one percentage point.

(2) The President may waive the provisions of paragraph (1) if the President determines that such action is critical to the national security of the United States. The President shall immediately notify Congress of such a waiver and the reasons for such waiver.

(3) Paragraph (1) shall not apply in the event of a declaration of war or an armed attack on any member nation of NATO or in the event that a comprehensive arms reduction agreement enters into force as a result of the negotiations on Conventional Armed Forces in Europe (CFE).

(g) END-STRENGTH PERMANENT CEILING.—Nothing in this section shall be construed to permit the obligation or expenditure of funds to support an end-strength level of members of the Armed Forces of the United States assigned to permanent duty ashore in European member nations of NATO at any level in excess of the permanent ceiling specified in section 1002(c)(1) of the Department of Defense Authorization Act, 1985 (22 U.S.C. 1928 note).

SEC. 913. CONTRIBUTIONS BY JAPAN TO GLOBAL SECURITY

(a) FINDINGS.—Congress finds—

(1) that extraordinary political, economic, and social changes have occurred in Japan since World War II; and

(2) that, as a result of such changes, Japan is capable of assuming increased responsibility for its own security.

(b) SENSE OF CONGRESS.—It is the sense of Congress that, in view of the changes referred to in subsection (a), Japan should—

(1) assume increased responsibility for its own security;

(2) offset the direct costs incurred by the United States in deploying military forces for the defense of Japan, including costs (other than pay and allowances) related to the presence of United States military personnel in Japan; and

(3) make a contribution to the common defense that is more commensurate with its economic status by taking the following actions:

(A) Increasing expenditures for its Official Development Assistance program and its defense programs so that, by
1992, the level of spending by Japan on those programs (stated as a percentage of gross national product) will approximate the average of the levels of spending by the member nations of the North Atlantic Treaty Organization (NATO) on official development assistance and defense programs (stated as a percentage of their respective gross national products).

(B) Devoting any increase in its spending for such Official Development Assistance program primarily to the Republic of the Philippines and to countries in regions of importance to global stability outside of East Asia, particularly to countries in Latin America, the Caribbean area, and the Mediterranean area.

(C) Devoting any increase in spending for that program primarily to untied grants and increasing the portion of total expenditures made in that program for those multilateral financial institutions of which Japan is a member.

(D) Designating those nations that are to be recipients of increased development assistance referred to in subparagraphs (A) through (C) after consultation with Japan's security partners.

(E) Completing, after consultation with the United States, the 5-year defense program of Japan for fiscal years 1986 through 1990 and, at the earliest possible date after the completion of that program, fulfilling the pledge made by the Prime Minister of Japan in May 1981 to defend the territory, airspace, and sea lanes of Japan to a distance of 1,000 nautical miles.

(F) Acquiring "off-the-shelf" military equipment from the United States (including completely equipped, long-range early warning aircraft, additional AEGIS weapon systems, refueling aircraft, munitions, and spare parts) in developing the capabilities called for in Japan's current and subsequent 5-year defense programs.

(c) Negotiations and Consultations.—At the earliest practicable date after the enactment of this Act, the President shall—

(1) enter into negotiations with Japan for the purpose of achieving an agreement under which Japan agrees to make contributions sufficient in value to meet the direct cost of deploying United States forces for the defense of Japan; and

(2) issue an invitation to the Government of Japan and other governments of Pacific allies of the United States to engage in annual multilateral consultations on security concerns, consistent with the constitutions and national defense requirements of the respective countries.

(d) Reports.—(1) In order that Congress may determine whether further action is appropriate, not later than April 1, 1990, the President shall submit to the congressional committees described in paragraph (3) an initial report on the status and results of—

(A) the negotiations with Japan referred to in subsection (c)(1); and

(B) the invitation required under subsection (c)(2), including any consultations resulting from such invitation.

(2) Not later than one year after the date of the enactment of this Act, the President shall submit to such congressional committees a second report on the status and results of the matters referred to in paragraph (1).
(3) The congressional committees referred to in this subsection are the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives.

SEC. 914. REPORT ON COSTS ASSOCIATED WITH OVERSEAS DEPENDENTS

(a) REPORT REQUIRED.—The Secretary of Defense shall submit a report to the Committees on Armed Services of the Senate and House of Representatives on practicable options available to the Department of Defense to reduce costs associated with maintaining overseas—

(1) dependents of members of the Armed Forces; and
(2) dependents of civilian employees of the Department of Defense.

(b) ELEMENTS OF REPORT.—In preparing the report required by subsection (a), the Secretary shall specifically address, at a minimum, the following:

(1) Whether expansion of incentives for unaccompanied tours of duty overseas would be effective in increasing the number of such tours and whether such an expansion of incentives would be cost effective.
(2) Whether more frequent rotation of overseas personnel without dependents would result in overall savings as compared to current rotation practices.
(3) Whether an increase in the use of local contractors at overseas stations to provide services currently being provided by Department of Defense personnel would result in overall savings to the United States.
(4) The cost implications for United States families at overseas stations resulting from an increase in the use of local contractors.

SEC. 915. UNITED STATES-REPUBLIC OF KOREA SECURITY RELATIONSHIP AND OTHER SECURITY MATTERS IN EAST ASIA

(a) FINDINGS.—Congress makes the following findings:

(1) Since the end of the Korean conflict, the Republic of Korea has made tremendous progress in rebuilding its economic and military strength.

(2) Despite this progress, an indigenous military balance has not yet been achieved on the Korean peninsula, and the Democratic People's Republic of Korea continues to pose a serious threat to the security of the Republic of Korea.

(3) The alliance between the United States and the Republic of Korea has contributed greatly to the security of both countries.

(4) The Republic of Korea has dedicated a large share of its national resources to its security, as shown by the fact that defense expenditures comprise approximately one-third of the national budget of the Republic of Korea.

(5) The United States has contributed a large amount of national resources, including approximately 44,000 military personnel, to protecting the security interests that it shares with the Republic of Korea.

(6) The presence of United States military personnel in the Republic of Korea contributes to the preservation of peace on the Korean peninsula, serves as a military deterrent, and is a tangible manifestation of the commitment of the United States to the defense of the Republic of Korea.

(7) In accordance with its obligations under the 1954 Mutual Defense Treaty with the Republic of Korea, the United States remains committed to the security and territorial integrity of the Republic of Korea.

(b) SENSE OF CONGRESS ON THE UNITED STATES-REPUBLIC OF KOREA SECURITY RELATIONSHIP.—(1) It is the sense of Congress that—

(A) the United States should review the missions, force structure, and locations of its military forces in the Republic of Korea and East Asia;

(B) the Republic of Korea should assume increased responsibility for its own security;

(C) the Republic of Korea should offset more of the direct costs incurred by the United States in deploying military forces for the defense of the Republic of Korea; and

(D) the United States and the Republic of Korea should consult on the feasibility and desirability of partial, gradual reductions of United States military forces in the Republic of Korea.

(2) In order that Congress may determine whether further action is appropriate, not later than April 1, 1990, the President shall submit to the congressional committees described in subsection (d) an initial report on the status and results of any consultations held by the United States and the Republic of Korea on the matter referred to in paragraph (1)(D).

(3) Not later than one year after the date of the enactment of this Act, the President shall submit to such congressional committees a second report on the status and results of the consultations referred to in paragraph (1)(D).

(c) REPORT ON MILITARY PRESENCE IN EAST ASIA.—(1) Not later than April 1, 1990, the President shall submit to the congressional
committees described in subsection (d) a report on the military presence of the United States in East Asia, including the Republic of Korea. The President shall include in such report a strategic plan relating to the continued United States military presence in East Asia.

(2) The report required by this subsection shall specifically include the following:

(A) An assessment of the implications of recent developments in the Soviet Union and the People's Republic of China for United States and allied security planning in East Asia.

(B) Identification of any changes in the missions, force structure, and locations of United States forces in East Asia that could strengthen the capabilities of such forces and lower the costs of maintaining such forces.

(C) A discussion of ways in which increased defense responsibilities and costs presently borne by the United States can be transferred to the allies of the United States in East Asia.

(D) Identification of the additional actions that the Republic of Korea can take to contribute more to its own security.

(E) A discussion of the feasibility of restructuring United States military forces stationed in Okinawa with the objective of improving civil-military relations and increasing United States training opportunities.

(F) A discussion of the status and prospects of negotiations between the United States and the Republic of the Philippines on the continued use of United States military installations in the Republic of the Philippines.

(G) An assessment of whether a requirement still exists for a regional security role for United States forces stationed in the Republic of Korea.

(3) The report required by this subsection shall also include a five-year plan with respect to the United States military presence in the Republic of Korea, including a discussion of the feasibility and desirability of the following:

(A) Partial, gradual reductions in the number of United States military personnel stationed in the Republic of Korea.

(B) Larger offsets by the Republic of Korea for the direct costs incurred by the United States in deploying military forces in defense of the Republic of Korea.

(C) The relocation of United States military personnel and facilities within the Republic of Korea that can be made to reduce friction between such personnel and the people of the Republic of Korea.

(D) Changes in the United Nations and United States-Republic of Korea bilateral command arrangements that would facilitate a transfer of certain military missions and command to the Republic of Korea.

(E) Confidence-building measures that could be promoted in northeast Asia to lessen tensions in the region.

(F) Additional actions the Republic of Korea could take to assume more responsibility for its own security.

(d) CONGRESSIONAL COMMITTEES TO RECEIVE REPORTS.—The congressional committees referred to in this section are the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives.

SEC. 922. SENSE OF CONGRESS CONCERNING UNITED STATES MILITARY FACILITIES IN NATO MEMBER COUNTRIES

(a) NATO POLICY.—It is the sense of Congress that the North Atlantic Treaty Organization (NATO) should adopt as its policy the following views expressed by the North Atlantic Assembly in its 1987 report entitled “NATO in the 1990s”:

(1) The member nations of NATO should examine further measures that could be taken to relieve the United States from the burdens of its military presence in Europe.

(2) Such nations should consider the provision of base facilities for allied forces and equipment as a part of their national contributions to Western security.

(3) Such nations should not expect compensation for providing facilities that the NATO alliance decides are essential to implement NATO security strategy.

(4) All wealthier member nations of NATO should assist Portugal, Greece, and Turkey to ensure that NATO remains politically, economically, and militarily strong in its southern region as well as in its central and northern regions.

(b) UNITED STATES PAYMENT FOR USE OF BASE FACILITIES IN NATO COUNTRIES.—It is further the sense of Congress that the United
States should not provide economic or security assistance to any NATO member nation as compensation or rent for the use of base facilities in that nation.

(5) The verification challenges to the United States posed by such options if the Soviet Union were to adopt them in its ballistic missile submarine forces.

(b) FORM OF REPORT.—The President shall submit the report under subsection (a) in both classified and unclassified versions.

(c) WAIVER.—The President may waive the requirements of subsection (a) if he has signed a START agreement or other strategic arms reduction agreement with the Soviet Union before the date by which the report is otherwise required to be submitted.

SEC. 1002. PRESIDENTIAL REPORT ON THE VERIFICATION WORK THAT HAS BEEN CONDUCTED WITH REGARD TO MOBILE ICBMs UNDER A START AGREEMENT

(a) FINDINGS.—Congress makes the following findings:

(1) The United States must have confidence that any agreement achieved through the Strategic Arms Limitation Talks (START) in Geneva will be effectively verifiable.

(2) The position of the United States at the START negotiations, from 1985 until September 1989, was to ban the deployment of mobile intercontinental ballistic missiles (ICBMs) under a START regime unless an effective verification regime could be identified and implemented. In September 1989, the United States announced that it was withdrawing its proposal for the ban of mobile ICBMs, contingent upon Congress providing funds for mobile ICBMs to be deployed by the United States.

(3) The Soviet Union has deployed two mobile ICBM systems, the SS-24 and the SS-25.

(4) The President conducted a strategic review during the period between January 20, 1989, and the resumption of the START negotiations on June 15, 1989.

(b) PRESIDENTIAL REPORT.—Not later than March 31, 1990, the President shall submit to Congress a report (in classified and unclassified form) describing all studies that have been performed between March 1985 and August 1989 by agencies of the United States Government with regard to the capability of the United States to monitor and verify a START agreement which allows mobile ICBMs. The report shall include the following:

(1) A description of each study conducted by United States Government agencies during the strategic review referred to in subsection (a)(4) to determine the ability of the United States to verify limitations on mobile ICBMs of the Soviet Union under a START agreement, including a summary of the conclusions reached under each such study.

(2) A description of any so-called “Red Team” study conducted between March 1985 and August 1989 with regard to the existence of mobile ICBMs under a START regime, including a summary of the conclusions reached under each such study.

(3) A description of each study conducted by United States Government agencies between March 1989 and August 1989 to assess the value of various options relating to the verification of mobile ICBMs (such options to include the option known as “tagging” and the establishment of designated deployment
areas), including a summary of the conclusions reached under each such study.

SEC. 1003. SENSE OF CONGRESS ON START TALKS

Congress hereby reaffirms the sense of Congress expressed in the second session of the 100th Congress (in section 902 of the National Defense Authorization Act, Fiscal Year 1989 (Public Law 100-456; 102 Stat. 2031)) that any agreement negotiated by the President to achieve a reduction and limitation on strategic arms (through the Strategic Arms Reduction Talks in Geneva or otherwise)—

(1) should not prevent the United States from deploying a force structure under the agreement which emphasizes survivable strategic systems and, in particular, should not in any way compromise the security of the United States ballistic-missile carrying submarine force; and

(2) should not prohibit or limit the deployment of non-nuclear cruise missiles.

SEC. 1004. REPORT ON ASYMMETRIES IN CAPABILITIES OF UNITED STATES AND SOVIET UNION TO PRODUCE AND DEPLOY BALLISTIC MISSILE DEFENSE SYSTEMS

(a) Study Required.—The Secretary of Defense shall conduct a study on the asymmetry in the near-term capabilities of the United States and the Soviet Union to deploy ballistic missile defenses beyond those permitted under the 1972 ABM Treaty. The study shall be conducted in coordination with the Director of Central Intelligence.

(b) Matters To be Included in Study.—Subject to subsection (e), the study shall include the following:

(1) An assessment of the likelihood of a breakout by the Soviet Union from the 1972 ABM Treaty in the next five years and the assumptions used for that assessment.

(2) An assessment of the capability of the Soviet Union to exploit a situation in which the limitations of the 1972 ABM Treaty do not apply, including a detailed assessment of the capabilities of the Soviet Union to produce—

(A) space-based anti-ballistic missile (ABM) launchers and interceptors;

(B) ground-based ABM launchers and interceptors; and

(C) the infrastructure for ABM battle management command, control, and communications.

(3) An assessment of the production base of the United States for production of the elements specified in subparagraphs (A), (B), and (C) of paragraph (2), including an estimate of how quickly the United States could respond to a breakout by the Soviet Union in each of those elements.

(c) Study To Assess Possible United States Response to Soviet Breakout.—(1) The study shall also include an assessment of the immediate and long-term actions that could be taken by the United States to respond to redress any asymmetry in the potential of the United States and the Soviet Union to exploit a breakout by the Soviet Union from the 1972 ABM Treaty.

(2) That assessment shall include an evaluation of the actions that would be necessary to support—

(A) a one-site ABM system (as allowed under the Treaty); or

(B) an expanded ABM system unconstrained by the limitations of the 1972 ABM Treaty.
North Dakota.

(3) Such assessment shall specifically address the required actions, and the costs associated with those actions, to support both the one-site ABM system and the expanded ABM system to be evaluated under paragraph (2), including (A) the upgrading and expansion of the existing United States radar network, (B) the use of existing inactive ABM components at Grand Forks, North Dakota, and (C) the development and deployment of other required components.

(d) Report.—Not later than the date on which the budget for fiscal year 1991 is submitted to Congress pursuant to section 1105 of title 31, United States Code, the Secretary of Defense shall submit to Congress a report on the study under subsection (a). The report shall be submitted in both classified and unclassified form. The report shall specify the results of the study under subsection (a), including each matter required to be included in the study under this section.

(e) Waiver of Required Study Feature.—The study under subsection (a) need not include the assessment referred to in subsection (b)(1) if, before the date of the submission of the report required by subsection (d) with respect to the study, the President submits to Congress the report required by section 907 of the National Defense Authorization Act, Fiscal Year 1989 (Public Law 100-456; 102 Stat. 2034), regarding antiballistic missile capabilities and activities of the Soviet Union (such report having been required by subsection (c) of such section to be submitted not later than January 1, 1989).

(f) 1972 ABM Treaty Defined.—For purposes of this section, the term “1972 ABM Treaty” means the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Limitations of Anti-Ballistic Missiles, signed at Moscow on May 26, 1972.

SEC. 1005. SENSE OF THE CONGRESS WITH RESPECT TO ACCIDENTAL LAUNCH PROTECTION

(a) Findings.—Congress makes the following findings:

(1) The Strategic Defense Initiative (SDI) has made substantial progress in developing technologies to defend the United States from a possible ballistic missile attack, be it deliberate or accidental.

(2) Ground-based elements and their associated adjuncts and technologies represent the most mature technologies within the SDI program and should therefore receive priority by the Strategic Defense Initiative Organization.

(3) The United States is a signatory to the 1972 Anti-Ballistic Missile Treaty.

(4) There have been several accidents involving ballistic missiles, including the loss of a submarine of the Soviet Union due to inadvertent missile ignition and the inadvertent landing in China of a test missile of the Soviet Union.

(5) The continued proliferation of offensive ballistic missile forces by non-superpower countries hostile to the United States and our allies raises the possibility of future nuclear threats.

(b) Reaffirmation of Sense of Congress.—Congress hereby reaffirms the sense of Congress expressed in section 224(b) of the National Defense Authorization Act, Fiscal Year 1989 (Public Law 100-456; 102 Stat. 1942) stating—

(1) that the Secretary of Defense should direct the Strategic Defense Initiative Organization to give priority to development of technologies and systems for a system capable of protecting
the United States from the accidental launch of a strategic ballistic missile against the continental United States; and
(2) that such development of an accidental launch protection system should be carried out with an objective of ensuring that such system is in compliance with the 1972 Anti-Ballistic Missile Treaty.

(c) SUBMISSION OF PREVIOUSLY REQUIRED REPORT.—The Secretary of Defense shall submit to Congress forthwith the report on the status of planning for development of a deployment option for such an accidental launch protection system that was required by section 224(c) of that Act to be submitted not later than March 1, 1989.

SEC. 1006. CONGRESSIONAL FINDINGS AND SENSE OF CONGRESS CONCERNING THE KRASNOYARSK RADAR

(a) REAFFIRMATION OF PRIOR FINDINGS.—Congress hereby reaffirms the findings made with respect to the large phased-array radar of the Soviet Union known as the “Krasnoyarsk radar” in paragraphs (1) through (6) of section 902(a) of the National Defense Authorization Act for Fiscal Years 1988 and 1989 (Public Law 100–180; 101 Stat. 1135), as follows:

(1) The 1972 Anti-Ballistic Missile Treaty prohibits each party from deploying ballistic missile early warning radars except at locations along the periphery of its national territory and oriented outward.
(2) The 1972 Anti-Ballistic Missile Treaty prohibits each party from deploying an ABM system to defend its national territory and from providing a base for any such nationwide defense.
(3) Large phased-array radars were recognized during negotiation of the Anti-Ballistic Missile Treaty as the critical long lead-time element of a nationwide defense against ballistic missiles.
(4) In 1983 the United States discovered the construction, in the interior of the Soviet Union near the town of Krasnoyarsk, of a large phased-array radar that has subsequently been judged to be for ballistic early warning and tracking.
(5) The Krasnoyarsk radar is more than 700 kilometers from the Soviet-Mongolian border and is not directed outward but instead faces the northeast Soviet border more than 4,500 kilometers away.
(6) The Krasnoyarsk radar is identical to other Soviet ballistic missile early warning radars and is ideally situated to fill the gap that would otherwise exist in a nationwide Soviet ballistic missile early warning radar network.

(b) FURTHER FINDINGS.—In addition to the findings referred to in subsection (a), Congress finds with respect to the Krasnoyarsk radar that—

(1) in 1987 the President declared that radar to be a clear violation of the 1972 Anti-Ballistic Missile Treaty;
(2) until the meeting between the Secretary of State and the Foreign Minister of the Soviet Union at Jackson Hole, Wyoming, in September 1989, the Soviet Union had rejected demands by the United States that it dismantle that radar without conditions, but the joint statement issued following that meeting states that the government of the Soviet Union “had decided to completely dismantle the Krasnoyarsk radar station”; and
(3) on October 23, 1989, the Foreign Minister of the Soviet Union conceded that the Krasnoyarsk radar is a violation of the 1972 Anti-Ballistic Missile Treaty.

(c) SENSE OF CONGRESS.—It is the sense of Congress—

(1) that the Soviet Union should dismantle the Krasnoyarsk radar (as announced in the joint statement referred to in subsection (b)(2)) expeditiously and without conditions; and

(2) that until such radar is completely dismantled it will remain a clear violation of the 1972 Anti-Ballistic Missile Treaty.

SEC. 1007. SENSE OF CONGRESS CONCERNING EXPLORING THE FEASIBILITY OF TREATY LIMITATIONS ON WEAPONS CAPABLE OF THREATENING MILITARY SATELLITES

It is the sense of Congress that, as soon as practicable, the President should explore the feasibility of a mutual and verifiable treaty with the Soviet Union which places the strictest possible limitations, consistent with the security interests of the United States and its allies, on the development, testing, production, and deployment of weapons capable of directly threatening United States military satellites.

SEC. 1008. REPORT ON SATELLITE SURVIVABILITY

(a) REQUIREMENT FOR REPORT.—The President shall submit to Congress a comprehensive report on United States antisatellite weapon activities and the survivability of United States satellites against current and potential antisatellite weapons deployed by the Soviet Union. The report shall be submitted by March 15, 1990, and shall be submitted in both classified and unclassified versions.

(b) MATTERS TO BE INCLUDED IN REPORT.—The report required by subsection (a) shall include the following:

(1) Detailed information (including funding profiles, expected capabilities, and schedules for development, testing, and deployment) on all United States antisatellite weapon programs.

(2) An analysis of the antisatellite potential of the anticipated deployed version of each Strategic Defense Initiative technology capable of damaging or destroying objects in space.

(3) An assessment of the threat that would be posed to satellites of the United States if the technologies described in paragraphs (1) and (2) were to be tested by the Soviet Union, at levels of performance equal to those intended by the United States, and developed into weapons for damaging or destroying objects in space.

(4) A review of arms control options and satellite survivability measures (including cost data) that would improve the survivability of current and future United States military satellite systems.

(5) A review of alternative means of providing the support to military forces of the United States that is currently provided by United States satellites if those satellites become vulnerable to attack as the result of the deployment by the Soviet Union of antisatellite weapons with the levels of performance contemplated in paragraph (3).
SEC. 1009. REPORT ON THE DESIRABILITY OF NEGOTIATIONS WITH THE SOVIET UNION REGARDING LIMITATIONS ON ANTISATELLITE CAPABILITIES

(a) REPORT BY THE PRESIDENT.—The President shall submit to Congress a comprehensive report regarding the desirability of an agreement with the Soviet Union to impose limitations on antisatellite capabilities. The President shall include in such report his determination of whether a ban or other limitations on some or all antisatellite weapons would be verifiable and, if so, whether such a ban or other limitation would be in the national interest of the United States.

(b) MATTERS RELATING TO VERIFICATION.—In making the determination referred to in subsection (a), the President shall—

(1) consider the extent to which on-site inspection measures (as well as national technical means for verification) can increase confidence in the ability of the United States to monitor and verify various agreed-upon antisatellite limitations; and

(2) examine various arms control possibilities, including—

(A) a total ban on antisatellite capability by both the United States and the Soviet Union;

(B) a ban or other limitation on antisatellite weapons with the potential to attack satellites at altitudes above the Van Allen belt; and

(C) a ban or other limitation on antisatellite weapons that operate only in low-Earth orbit.

(c) MATTERS RELATING TO DETERRENCE AND WAR FIGHTING REQUIREMENTS.—In the report required by subsection (a), the President shall also address the following:

(1) The contribution an antisatellite capability of the United States can make toward enhancing deterrence.

(2) The contribution an antisatellite capability can make toward meeting the war fighting requirements of the United States and how such a capability enhances force survivability.

(3) The extent to which (based upon a net assessment) the United States would be better able to meet its war fighting requirements and deterrence objectives if—

(A) the Soviet Union possessed an antisatellite capability and the United States did not possess an antisatellite capability;

(B) neither the United States nor the Soviet Union possessed an antisatellite capability;

(C) the United States and the Soviet Union both possessed a limited antisatellite capability;

(D) the United States and the Soviet Union both possessed an unrestricted antisatellite capability.

(d) SUBMISSION OF REPORT.—The report required by subsection (a) shall be submitted to Congress not later than May 1, 1990, and shall be submitted in both classified and unclassified versions.

SEC. 1010. REPORT ON VERIFICATION OF COMPLIANCE WITH AGREEMENTS TO LIMIT NUCLEAR TESTING

(a) REPORT REQUIREMENT.—The Secretary of Energy shall prepare a report, in classified form, assessing the possible effects on the abilities of the United States to verify compliance by the Soviet Union with any agreement (presently in effect or under negotiation) to limit testing of nuclear devices should any information or data now obtained under any cooperative agreement with any controlled...
country and used to verify the degree of such compliance be curtailed or become unavailable due to a change in, or severing of, diplomatic relations with such a controlled country. The report shall assess, in particular, whether compliance by the Soviet Union with any such agreement to limit testing of nuclear devices can be fully and reliably verified should such a cooperative agreement be curtailed or terminated. The report shall be prepared in consultation with the Secretary of Defense.

(b) Submission of Report.—The report prepared under subsection (a) shall be submitted to Congress not later than six months after the date of the enactment of this Act.

(c) Controlled Country Definition.—For purposes of this section, the term “controlled country” means a country listed in section 620F(1) of the Foreign Assistance Act of 1961 (22 U.S.C. 2370F(1)).

SEC. 1011. SENSE OF CONGRESS ON ARMS CONTROL NEGOTIATIONS AND UNITED STATES MODERNIZATION POLICY

(a) Findings.—Congress makes the following findings:

1. The United States is currently engaged in a wide range of arms control negotiations in the areas of strategic nuclear forces, strategic defenses, conventional force levels, chemical weapons, and security and confidence building measures.

2. On May 30, 1989, the North Atlantic Treaty Organization issued a “Comprehensive Concept on Arms Control and Disarmament” which placed a special emphasis on arms control as a means of enhancing security and stability in Europe.

3. The President has stated that arms control is one of the highest priorities of the United States in the area of security and foreign policy and that the United States will pursue a dynamic, active arms control dialogue with the Soviet Union and the other Warsaw Pact countries.

4. The United States has already made major proposals at the Conventional Forces in Europe Talks, convened on March 6, 1989, which would result in a dramatic reduction in Soviet and Warsaw Pact conventional forces.

5. The President, on September 25, 1989, made a major new arms control proposal in the area of chemical weapons.

(b) Sense of Congress.—It is the sense of Congress that—

1. the President is to be commended for pursuing a wide array of arms control initiatives in the context of a multitude of arms control negotiations, all of which have been designed to enhance global security and result in meaningful, militarily significant reductions in military forces;

2. Congress fully supports the arms control efforts of the President and encourages the government of the Soviet Union to respond favorably to United States arms control proposals which would require the Soviet Union to reduce its massive quantitative superiority in military weaponry;

3. the President should seek arms control agreements that would not limit the United States to levels of forces inferior to the limits provided for the Soviet Union; and

4. the President’s efforts to negotiate such agreements is dependent upon the maintenance of a vigorous research and development and modernization program as required for a prudent defense posture.

(c) Reaffirmation of Prohibition Relating to Entering Into Certain Arms Control Agreements.—Congress hereby reaffirms
the proviso in the first sentence of section 33 of the Arms Control and Disarmament Act (22 U.S.C. 2573) that no action may be taken under that Act or any other Act that will obligate the United States to disarm or to reduce or limit the Armed Forces or armaments of the United States, except pursuant to the treatymaking power of the President under the Constitution or unless authorized by further affirmative legislation by the Congress.

SEC. 1012. REPORT ON EFFECT OF SPACE NUCLEAR REACTORS ON GAMMA-RAY ASTRONOMY MISSIONS

Not later than April 30, 1990, the President shall submit to Congress a report on the potential for interference with gamma-ray astronomy missions that could be caused by the placement in Earth orbit of space nuclear reactors.

SEC. 1013. SENSE OF CONGRESS ON CHEMICAL WEAPONS NEGOTIATIONS

(a) FINDINGS.—Congress makes the following findings:

(1) The proliferation of chemical weapons and the repeated use of chemical weapons represent a grave threat to the security and interests of the United States.

(2) The most comprehensive and effective response to the threat posed by the proliferation of chemical weapons is the completion of an effectively verifiable treaty banning the production and stockpiling of all chemical weapons.

(3) The successful completion of a treaty banning all chemical weapons through the negotiations at the multinational United Nations Conference on Disarmament in Geneva should be one of the highest arms control priorities of the United States.

(b) SENSE OF CONGRESS.—In light of the findings in subsection (a), it is the sense of Congress that—

(1) the President should continue ongoing efforts to establish an agreement with the Soviet Union and other countries establishing a mutual and effectively verifiable agreement to stop the production, proliferation, and stockpiling of all lethal chemical weapons; and

(2) the United States negotiators in Geneva should take concrete steps to initiate proposals regarding the composition of the verification regime for such an agreement that will meet the legitimate concerns of other parties while addressing the security concerns of the United States.

SEC. 1014. UNITED STATES PROGRAM FOR ON-SITE INSPECTIONS UNDER ARMS CONTROL AGREEMENTS

(a) FINDINGS CONCERNING ON-SITE INSPECTION PERSONNEL.—Congress makes the following findings:

(1) The United States is currently engaged in multilateral and bilateral negotiations seeking to achieve treaties or agreements to reduce or eliminate various types of military weapons and to make certain reductions in military personnel levels. These negotiations include negotiations for (A) reductions in strategic forces, conventional armaments, and military personnel levels, (B) regimes for monitoring nuclear testing, and (C) the complete elimination of chemical weapons.

(2) Requirements for monitoring these possible treaties or agreements will be extensive and will place severe stress on the monitoring capabilities of United States national technical means.
(3) In the case of the INF Treaty, the United States and the Soviet Union negotiated, and are currently using, on-site inspection procedures to complement and support monitoring by national technical means. Similar on-site inspection procedures are being negotiated for inclusion in possible future treaties and agreements referred to in paragraph (1).

(4) During initial implementation of the provisions of the INF Treaty, the United States was not fully prepared for the personnel requirements for the conduct of on-site inspections. The Director of Central Intelligence has stated that on-site inspection requirements for any strategic arms reduction treaty or agreement will be far more extensive than those for the INF Treaty. The number of locations within the Soviet Union that would possibly be subject to on-site inspections under a START agreement have been estimated to be approximately 2,500 (compared to 120 for the INF Treaty).

(5) On-site inspection procedures are likely to be an integral part of any future arms control treaty or agreement.

(6) Personnel requirements will be extensive for such on-site inspection procedures, both in terms of numbers of personnel and technical and linguistic skills. Since verification requirements for the INF Treaty are already placing severe stress on current personnel resources, the requirements for verification under START and other possible future treaties and agreements may quickly exceed the current number of verification personnel having necessary technical and language skills.

(7) There is a clear need for a database of the names of individuals who are members of the Armed Forces or civilian employees of the United States Government, or of other citizens and nationals of the United States, who are qualified (by reason of technical or language skills) to participate in on-site inspections under an arms control treaty or agreement.

(8) The organization best suited to establish such a database is the On-Site Inspection Agency (OSIA) of the Department of Defense, which was created by the President to implement (for the United States) the on-site inspection provisions of the INF Treaty.

(b) STATUS OF THE OSIA.—(1) Congress finds that—

(A) the Director of the OSIA (currently a brigadier general of the Army) is appointed by the Secretary of Defense with the concurrence of the Secretary of State and the approval of the President;

(B) the Secretary of Defense provides to the Director appropriate policy guidance formulated by the interagency arms control mechanism established by the President;

(C) most of the personnel of the OSIA are members of the Armed Forces (who are trained and paid by the military departments within the Department of Defense) and include linguists, weapons specialists, and foreign area specialists;

(D) the Department of Defense provides the OSIA with substantially all of its administrative and logistic support (including military air transportation for inspections in the Soviet Union and Eastern Europe); and

(E) the facilities in Europe and the United States at which OSIA personnel escort personnel of the Soviet Union conducting inspections under the on-site inspection terms of the INF Treaty are under the jurisdiction of the Department of Defense (or
(2) In light of the findings in paragraph (1) and the report submitted pursuant to section 909 of Public Law 100–456 entitled “Report to the Congress on U.S. Monitoring and Verification Activities Related to the INF Treaty” (submitted on July 27, 1989), Congress hereby determines that by locating the On-Site Inspection Agency within the Department of Defense for the purposes of administrative and logistic support and operational guidance, and integrating on-site inspection responsibilities under the INF Treaty with existing organizational activities of that Department, the President has been able to ensure that sensitive national security assets are protected and that obligations of the United States under that treaty are fulfilled in an efficient and cost-effective manner.

(c) ESTABLISHMENT OF PERSONNEL DATABASE.—(1) In light of the findings in subsection (a), the Director of the On-Site Inspection Agency shall establish a database consisting of the names of individuals who could be assigned or detailed (in the case of Government personnel) or employed (in the case of non-Government personnel) to participate in the conduct of on-site inspections under any future arms control treaty or agreement that includes provisions for such inspections.

(2) The database should be composed of the names of individuals with skills (including linguistic and technical skills) necessary for the conduct of on-site inspections.

(d) INF TREATY DEFINED.—For purposes of this section, the term “INF Treaty” means the Treaty Between the United States and the Union of Soviet Socialist Republics on the Elimination of Their Intermediate-Range and Shorter-Range Missiles, signed in Washington, DC, on December 8, 1987.

TITLE XI—DEPARTMENT OF DEFENSE ORGANIZATION AND MANAGEMENT MATTERS

PART A—FORCE STRUCTURE

SEC. 1101. STUDY OF TOTAL FORCE POLICY, FORCE MIX, AND MILITARY FORCE STRUCTURE

(a) FINDINGS.—Congress makes the following findings:

(1) Since the inception of the Total Force Policy in the Department of Defense in 1973, there has never been a comprehensive, authoritative study done by the Department on the operation and effectiveness of that policy.

(2) Decisions within the Department of Defense with respect to military force mix appear to be made in a fragmented and decentralized manner.

(3) A comprehensive study of the Total Force Policy, force mix, and military force structure is long overdue.

(b) STUDY.—(1) The Secretary of Defense shall convene a study group to review the operation, effectiveness, and soundness of the following policies and practices of the Department of Defense and to make recommendations to the Secretary for improvement of those policies and practices:

(A) The Total Force Policy.

(B) Assignment of missions within and between the active and reserve components of the armed forces.
(C) Force structure of the active and reserve components of the armed forces.

(2) The study group shall include—
(A) senior-level active-duty officers from each branch of the armed forces;
(B) senior-level reserve-component officers from each of the seven reserve components;
(C) civilian officials of the Department of Defense; and
(D) such participants from outside the Department of Defense as the Secretary considers appropriate.

(3) The Chairman of the Joint Chiefs of Staff shall provide such joint staff support to the study group as necessary. He shall participate in the activities of the study group in accordance with the provisions of section 153 of title 10, United States Code, including the responsibility to assess the conformance of manpower programs and policies with strategic plans and to advise the study group about the extent to which program recommendations and budget proposals conform with the priorities established in strategic plans and for the combatant commands.

(4) The Secretary shall ensure that the study group, in carrying out its duties and responsibilities, has access to federally funded research centers (FFRCS) and other necessary support.

(5) The Secretary of Defense shall consult with the Secretary of Transportation with respect to the functions of the study group insofar as they relate to the Selected Reserve of the Coast Guard Reserve.

(6) Meetings of the study group may be closed to the public in connection with the consideration of classified material.

(c) MATTERS TO BE CONSIDERED.—(1) In carrying out the study required by subsection (a), the study group shall evaluate and make recommendations to the Secretary concerning each of the following matters (with each such matter to be evaluated separately insofar as it relates to each policy or practice set forth in subparagraphs (A) through (C) of subsection (b)(1)):

(1) With respect to the Total Force Policy of the Department of Defense, the basic tenets of that policy, how well that policy has been implemented, and what changes (if any) are desirable to improve upon that policy and its implementation.

(2) The effectiveness of the existing chain of management and command responsibility in evaluating and integrating force requirements among the armed forces, and between the active components and the reserve components.

(3) The extent to which officials responsible for such evaluation and integration of force requirements currently (and should in the future) participate in the budget and resource allocation processes of the Department of Defense.

(4) The adequacy of the methodology used by the Department of Defense in the assignment of missions between the active and reserve components and, within each active and reserve component, the assignment of missions among various major types of units, including—
(A) the extent to which that methodology includes the use of cost-benefit analyses; and
(B) the methodology for the manner by which force reductions are distributed within individual units and between active and reserve components.
(5) The scope and size of force reductions with respect to major units (such as air wings, carrier groups, and divisions) that would result in an irreversible change of the capability of those units to perform assigned missions, with emphasis on considerations such as mobilization, loss of skilled manpower, equipment, and training.

(d) ADDITIONAL MATTERS TO BE CONSIDERED.—(1) In carrying out its study and making its recommendations, the study group shall also evaluate the process by which decisions within the Department of Defense respecting force mix and force structure are made with regard to the readiness, sustainability, and overall mission capability of the active and reserve forces. The study group shall also consider whether the Department of Defense has a cogent strategy for making such decisions with respect to force mix that anticipates a substantially smaller military force structure in the future and whether the Department has developed a system for regular and systematic top-level evaluation of decisions respecting force mix or reductions in force structure.

(2) In carrying out the evaluation required by paragraph (1), the study group shall consider (among other matters it considers appropriate) the following:

(A) The optimal structure of military forces required to meet the threat as described in net assessments prepared pursuant to section 153 of title 10, United States Code, taking into account currently available and projected budget resources.

(B) The appropriateness of the missions that have been assigned to major units (such as air wings, carrier groups, and divisions) in each of the active and reserve components in view of the status of those units with respect to personnel and equipment resources and training systems.

(C) The response times for the deployment of such units in the event of a mobilization.

(D) An evaluation of the readiness and sustainability of each of the active and reserve components and of the contributions of each such component to the overall military capability of the United States.

(E) The extent to which the active and reserve component units that are identified for use during the first 30 days of a mobilization are prepared to undertake wartime missions (as measured against the standards established by the Chairman of the Joint Chiefs of Staff in accordance with section 153 of title 10, United States Code), the reasons for any lack of preparedness for such missions, and recommendations for measures that would be necessary for those units to become fully mission capable.

(F) The adequacy of equipment distribution and modernization in the active and reserve components, including consideration of the importance of prepositioning of light and heavy equipment in the mobilization process.

(G) The adequacy of the current base of military personnel and equipment available for short notice rotation and deployment in order to meet worldwide defense commitments.

(H) The capability of each component of the active and reserve forces to meet assigned and projected missions at each step in the mobilization process and the adequacy of current airlift and sealift capability.
(I) The resources (including funds) needed for sufficient personnel, equipment, and training to achieve desired force structure and mission capability in both the active and reserve components.

(J) The capability of the active and reserve components, jointly and separately, to respond to mobilization requirements at each stage of the mobilization process.

(d) REPORTS.—(1) The study group shall submit to the Secretary of Defense an interim report on its findings and recommendations at such time as the Secretary may require, but not later than September 1, 1990. The Secretary shall submit the interim report to the Committees on Armed Services of the Senate and the House of Representatives not later than September 15, 1990.

(2) The study group shall submit its final report, including its findings and recommendations, to the Secretary not later than December 1, 1990. The Secretary shall submit the final report of the study group, together with any comment and recommendation of the Secretary, to those committees not later than December 31, 1990.

(e) LIMITATION ON OBLIGATION OF CERTAIN FUNDS IF REPORTS SUBMITTED LATE.—If either of the reports required by subsection (d) is not submitted to those committees by the date specified in that subsection for the report to be submitted, the Secretary of Defense may not, on or after that date, obligate any funds for a new contract for advisory, consultant, or assistance services until the report is submitted.

SEC. 1102. STUDIES OF CLOSE SUPPORT FOR LAND FORCES

(a) SECRETARY OF DEFENSE STUDY.—The Secretary of Defense shall conduct a study of close support, including close air support.

(b) CONTRACTOR STUDY.—In conducting the study required by subsection (a), the Secretary shall provide for a study to be conducted by the Institute for Defense Analysis, a Federal contract research center. (B) the maintenance of rigorous standards at joint professional military education schools for the education of joint specialty officers.

(2) Congress applauds the actions taken since 1986 by the Secretary of Defense and the Chairman of the Joint Chiefs of Staff, consistent with such mandate, to improve professional military education provided by intermediate and senior professional military education schools.

(b) **Statement of Congressional Policy.**—As part of the efforts of the Secretary of Defense to improve professional military education, Congress urges, as a matter of policy, and fully expects the Secretary to establish the following:

1. A coherent and comprehensive framework for the education of officers, including officers nominated for the joint specialty.
(2) A two-phase approach to strengthening the focus on joint matters, as follows:

(A) Phase I instruction consisting of a joint curriculum, in addition to the principal curriculum taught to all officers at service-operated professional military education schools.

(B) Phase II instruction consisting of a follow-on, solely joint curriculum taught at the Armed Forces Staff College to officers who are expected to be selected for the joint specialty. The curriculum should emphasize multiple "hands on" exercises and must adequately prepare students to perform effectively from the outset in what will probably be their first exposure to a totally new environment, an assignment to a joint, multiservice organization. Phase II instruction should be structured so that students progress from a basic knowledge of joint matters learned in Phase I to the level of expertise necessary for successful performance in the joint arena.

(3) A sequenced approach to joint education in which the norm would require an officer to complete Phase I instruction before proceeding to Phase II instruction. An exception to the normal sequence should be granted by the Chairman of the Joint Chiefs of Staff only on a case-by-case basis for compelling cause. Officers selected to receive such an exception should be required to demonstrate a basic knowledge of joint matters and other aspects of the Phase I curriculum that qualifies them to meet the minimum requirements established for entry into Phase II instruction without first completing Phase I instruction. The number of officers selected to attend an offering of the principal course of instruction at the Armed Forces Staff College who have not completed Phase I instruction should comprise only a small portion of the total number of officers selected.

(c) DURATION OF PRINCIPAL COURSE OF INSTRUCTION AT THE ARMED FORCES STAFF COLLEGE.—(1) Section 663 of title 10, United States Code, is amended by adding at the end the following new subsection:

(B) the number of those officers as a percentage of all officers who attended that course of instruction at the Armed Forces Staff College;

Such an election may not be revoked.

(3)(A) The Secretary of Defense shall notify the Director of the Office of Personnel Management whenever an election under paragraph (2) is made affecting any right or interest under subchapter III of chapter 83 or subchapter II of chapter 84 of title 5 based on service as a judge of the United States Court of Military Appeals.

Survivor Benefit Plan, the monthly amount of the supplemental spouse annuity is the difference between—

SEC. 1638. CONGRESSIONAL FINDINGS AND SENSE OF CONGRESS CONCERNING KIDNAPPING AND MURDER OF LIEUTENANT COLONEL HIGGINS

(a) FINDINGS.—Congress makes the following findings:

(1) The radical, Lebanese-based terrorist organization which calls itself the “Organization of the Oppressed of the Earth” announced on July 31, 1989, that it had executed Lieutenant
Colonel William R. Higgins, a United States Marine assigned for service with the United Nations in the U.N. Truce Supervision Organization (UNTSO), who was kidnapped in southern Lebanon on February 17, 1988.

(2) That organization claimed to have executed Lieutenant Colonel Higgins in response to the capture on July 28, 1989, by Israeli commandos of a radical Muslim Shiite leader, Sheik Abdul Karim Obeid, believed to be associated with that organization.

(3) That organization released to certain news agencies a videotape showing Lieutenant Colonel Higgins killed by hanging, though many forensic experts believe the videotape indicates that the person shown did not die from hanging.

(4) The kidnapping of Lieutenant Colonel Higgins, who was engaged only in carrying out the legitimate United Nations peacekeeping activities to which he had been assigned, was wholly unjustified.

(5) It is absolutely clear that the kidnapping and the murder of Lieutenant Colonel Higgins were outrageous acts of terrorism that deserve the condemnation of all civilized people.

(6) There is strong evidence that the Government of Iran has supported the organization responsible for Lieutenant Colonel Higgins' kidnapping and murder, as well as other terrorist and extremist forces inside Lebanon and throughout the Middle East.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) Congress is outraged by the kidnapping and murder of Lieutenant Colonel Higgins and condemns those actions as barbaric, cowardly, and utterly incompatible with the standards of conduct upheld by civilized people;

(2) the President should use all available resources of the United States Government, including diplomatic and intelligence channels, to determine the identity of those persons responsible for the kidnapping and murder and the details regarding those terrorist acts;

(3) the President should determine whether it would be possible to identify and bring to justice, or to retaliate against, those persons responsible for the kidnapping and murder in a manner consistent with United States and international legal requirements that would reduce the risk to Americans from terrorism;

(4) the President should take strong and decisive action, possibly including the use of military force, to prevent or respond to acts of international terrorism. Such actions should be taken in concert with other nations where practicable, but the President should be prepared to act unilaterally, if necessary;

PART C—TECHNOLOGY TRANSFER

SEC. 3131. SHORT TITLE

This part may be cited as the “National Competitiveness Technology Transfer Act of 1989”.

SEC. 3132. FINDINGS AND PURPOSES

(a) FINDINGS.—Congress finds that—

(1) technology advancement is a key component in the growth of the United States industrial economy, and a strong industrial base is an essential element of the security of this country;

(2) there is a need to enhance United States competitiveness in both domestic and international markets;

(3) innovation and the rapid application of commercially valuable technology are assuming a more significant role in near-term marketplace success;

(4) the Federal laboratories and other facilities have outstanding capabilities in a variety of advanced technologies and skilled scientists, engineers, and technicians who could contribute substantially to the posture of United States industry in international competition;

(5) improved opportunities for cooperative research and development agreements between contractor-managers of certain Federal laboratories and the private sector in the United States,
consistent with the program missions at those facilities, particularly the national security functions involved in atomic energy defense activities, would contribute to our national well-being; and

(6) more effective cooperation between those laboratories and the private sector in the United States is required to provide speed and certainty in the technology transfer process.

(b) Purposes.—The purposes of this part are to—

(1) enhance United States national security by promoting technology transfer between Government-owned, contractor-operated laboratories and the private sector in the United States; and

(2) enhance collaboration between universities, the private sector, and Government-owned, contractor-operated laboratories in order to foster the development of technologies in areas of significant economic potential.

SEC. 3133. AUTHORITY TO ENTER INTO COOPERATIVE RESEARCH AND DEVELOPMENT AGREEMENTS

(a) Technology Transfer Activities.—Section 12 of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. 3710a) is amended—

(1) in subsection (a)—

(A) by inserting "and, to the extent provided in an agency-approved joint work statement, the director of any of its Government-owned, contractor-operated laboratories after "Government-operated Federal laboratories";

(B) by striking "for Government-owned" and inserting in lieu thereof "(in the case of a Government-owned, contractor-operated laboratory, subject to subsection (c) of this section) for" in paragraph (2); and

(C) by striking "of Federal employees" in paragraph (2);

(2) in subsection (b)—

(A) by inserting "and, to the extent provided in an agency-approved joint work statement, a Government-owned, contractor-operated laboratory," after "Government-operated Federal laboratory";

(B) by striking "a Federal" in paragraph (2) and inserting in lieu thereof "a laboratory";

(C) by inserting after paragraph (5) the following:

"A Government-owned, contractor-operated laboratory that enters into a cooperative research and development agreement under subsection (a)(1) may use or obligate royalties or other income accruing to such laboratory under such agreement with respect to any invention only (i) for payments to inventors; (ii) for the purposes described in section 14(a)(1)(B)(i), (ii), and (iv); and (iii) for scientific research and development consistent with the research and development mission and objectives of the laboratory."

(3) in subsection (c)(3)(A), by striking "employee standards of conduct" and inserting in lieu thereof "standards of conduct for its employees";

(4) in subsection (c)(5)(A), by inserting "presented by the director of a Government-operated laboratory" after "any such agreement";

(5) in subsection (c)(5)(B), by inserting "by the director of a Government-operated laboratory" after "an agreement presented";
(6) in subsection (c)(5), by adding at the end the following new subparagraph:

"(C)(i) Any agency which has contracted with a non-Federal entity to operate a laboratory shall review and approve, request specific modifications to, or disapprove a joint work statement that is submitted by the director of such laboratory within 90 days after such submission. In any case where an agency has requested specific modifications to a joint work statement, the agency shall approve or disapprove any resubmission of such joint work statement within 30 days after such resubmission, or 90 days after the original submission, whichever occurs later. No agreement may be entered into by a Government-owned, contractor-operated laboratory under this section before both approval of the agreement under clause (iv) and approval under this clause of a joint work statement.

(ii) In any case in which an agency which has contracted with a non-Federal entity to operate a laboratory disapproves or requests the modification of a joint work statement submitted under this section, the agency shall promptly transmit a written explanation of such disapproval or modification to the director of the laboratory concerned.

(iii) Any agency which has contracted with a non-Federal entity to operate a laboratory or laboratories shall develop and provide to such laboratory or laboratories one or more model cooperative research and development agreements, for the purposes of standardizing practices and procedures, resolving common legal issues, and enabling review of cooperative research and development agreements to be carried out in a routine and prompt manner.

(iv) An agency which has contracted with a non-Federal entity to operate a laboratory shall review each agreement under this section. Within 30 days after the presentation, by the director of the laboratory, of such agreement, the agency shall, on the basis of such review, approve or request specific modification to such agreement. Such agreement shall not take effect before approval under this clause.

(v) If an agency fails to complete a review under clause (iv) within the 30-day period specified therein, the agency shall submit to the Congress, within 10 days after the end of that 30-day period, a report on the reasons for such failure. The agency shall, at the end of each successive 30-day period thereafter during which such failure continues, submit to the Congress another report on the reasons for the continuing failure. Nothing in this clause relieves the agency of the requirement to complete a review under clause (iv).

(vi) In any case in which an agency which has contracted with a non-Federal entity to operate a laboratory requests the modification of an agreement presented under this section, the agency shall promptly transmit a written explanation of such modification to the director of the laboratory concerned."

(7) in subsection (c), by adding at the end the following new paragraph:

"(7)(A) No trade secrets or commercial or financial information that is privileged or confidential, under the meaning of section 552(b)(4) of title 5, United States Code, which is obtained in the conduct of research or as a result of activities under this Act from a non-Federal party participating in a cooperative research and development agreement shall be disclosed.

(B) The director, or in the case of a contractor-operated laboratory, the agency, for a period of up to 5 years after development of
information that results from research and development activities conducted under this Act and that would be a trade secret or commercial or financial information that is privileged or confidential if the information had been obtained from a non-Federal party participating in a cooperative research and development agreement, may provide appropriate protections against the dissemination of such information, including exemption from subchapter II of chapter 5 of title 5, United States Code.

but such term does not include any facility covered by Executive Order No. 12344, dated February 1, 1982, pertaining to the Naval nuclear propulsion program; and”;

(C) by adding at the end the following new paragraph:

“(3) the term ‘joint work statement’ means a proposal prepared for a Federal agency by the director of a Government-owned, contractor-operated laboratory describing the purpose and scope of a proposed cooperative research and development agreement, and assigning rights and responsibilities among the agency, the laboratory, and any other party or parties to the proposed agreement.”.

paragraph (1)(C), and where the agency employee determines that such financial interest is not so substantial as to be considered likely to affect the integrity of the laboratory employee's service in that matter.

(3) Not later than 180 days after the date of enactment of this Act, each agency which has contracted with a non-Federal entity to operate a Government-owned laboratory shall submit a report to the Congress which includes a copy of each contract provision amended pursuant to this subsection.

“(D) a certification that the Inspector General has had full and direct access to all information relevant to the performance of his functions;

“(E) a description of all cases occurring during the reporting period where the Inspector General could not obtain documentary evidence relevant to any inspection, audit, or investigation due to his lack of authority to subpoena such information; and

“(F) such recommendations as the Inspector General may wish to make concerning legislation to promote economy and efficiency in the administration of programs and operations undertaken by the Agency, and to detect and eliminate fraud and abuse in such programs and operations.

“(2) The Inspector General shall report immediately to the Director whenever he becomes aware of particularly serious or flagrant problems, abuses, or deficiencies relating to the administration of programs or operations. The Director shall transmit such report to the intelligence committees within seven calendar days, together with any comments he considers appropriate.

“(3) In the event that—

“(A) the Inspector General is unable to resolve any differences with the Director affecting the execution of the Inspector General’s duties or responsibilities;
“(B) an investigation, inspection, or audit carried out by the Inspector General should focus upon the Director or Acting Director; or
“(C) the Inspector General, after exhausting all possible alternatives, is unable to obtain significant documentary information in the course of an investigation, the Inspector General shall immediately report such matter to the intelligence committees.

“(4) Pursuant to Title V of the National Security Act of 1947, the Director shall submit to the intelligence committees any report of an inspection, investigation, or audit conducted by the office which has been requested by the Chairman or Ranking Minority Member of either committee.

“(e) AUTHORITIES OF THE INSPECTOR GENERAL.—(1) The Inspector General shall have direct and prompt access to the Director when necessary for any purpose pertaining to the performance of his duties.

“(2) The Inspector General shall have access to any employee or any employee of a contractor of the Agency whose testimony is needed for the performance of his duties. Failure on the part of any employee or contractor to cooperate with the Inspector General shall be grounds for appropriate administrative actions by the Director, to include loss of employment or the termination of an existing contractual relationship.

“(3) The Inspector General is authorized to receive and investigate complaints or information from an employee of the Agency concerning the existence of an activity constituting a violation of laws, rules, or regulations, or mismanagement, gross waste of funds, abuse of authority, or a substantial and specific danger to the public health and safety. Once such complaint or information has been received—

“(A) the Inspector General shall not disclose the identity of the employee without the consent of the employee, unless the Inspector General determines that such disclosure is unavoidable during the course of the investigation; and

“(B) no action constituting a reprisal, or threat of reprisal, for making such complaint may be taken by any employee of the Agency in a position to take such actions, unless the complaint was made or the information was disclosed with the knowledge that it was false or with willful disregard for its truth or falsity.

“(4) The Inspector General shall have authority to administer to or take from any person an oath, affirmation, or affidavit, whenever necessary in the performance of his duties, which oath affirmation, or affidavit when administered or taken by or before an employee of the Office designated by the Inspector General shall have the same force and effect as if administered or taken by or before an officer having a seal.

“(5) The Inspector General shall be provided with appropriate and adequate office space at central and field office locations, together with such equipment, office supplies, maintenance services, and communications facilities and services as may be necessary for the operation of such offices.
“(6) Subject to applicable law and the policies of the Director, the Inspector General shall select, appoint and employ such officers and employees as may be necessary to carry out his functions. In making such selections, the Inspector General shall ensure that such officers and employees have the requisite training and experience to enable him to carry out his duties effectively. In this regard, it is the sense of Congress that the Inspector General should create within his organization a career cadre of sufficient size to provide appropriate continuity and objectivity needed for the effective performance of his duties.

“(7) Subject to the concurrence of the Director, the Inspector General may request such information or assistance as may be necessary for carrying out his duties and responsibilities from any Federal agency. Upon request of the Inspector General for such information or assistance, the head of the Federal agency involved shall, insofar as is practicable and not in contravention of any existing statutory restriction or regulation of the Federal agency concerned, furnish to the Inspector General, or to an authorized designee, such information or assistance.

“(f) SEPARATE BUDGET ACCOUNT.—Beginning with fiscal year 1991, and in accordance with procedures to be issued by the Director of Central Intelligence in consultation with the intelligence committees, the Director of Central Intelligence shall include in the National Foreign Intelligence Program budget a separate account for the Office of Inspector General established pursuant to this section.

“(g) TRANSFER.—There shall be transferred to the Office the office of the Agency referred to as the 'Office of Inspector General.' The personnel, assets, liabilities, contracts, property, records, and unexpended balances of appropriations, authorizations, allocations, and other funds employed, held, used, arising from, or available to such 'Office of Inspector General' are hereby transferred to the Office established pursuant to this section.”.

“(2) if, by regulation issued by the Director of the Office of Government Ethics, applicable to all or a portion of all officers and employees covered by this section, and published in the Federal Register, the financial interest has been exempted from the requirements of paragraph (1) as being too remote or too inconsequential to affect the integrity of the services of the...

(a) Chapter 33 of title 5, United States Code, is amended—

(1) by inserting immediately following section 3393 the following new section:

"§ 3393a. Recertification

(a)(1) In order to ensure that the performance of career appointees demonstrates the excellence needed to meet the goals of the Senior Executive Service, as set forth in section 3131, each career appointee shall be subject to recertification by the employing agency in accordance with the provisions of this section.

(2) Beginning in calendar year 1991, and recurring every third calendar year thereafter, the head of an agency shall determine a time during such calendar year when the performance of career appointees in the agency shall be subject to recertification. Recertification shall not be required of any career appointee who has not been continuously employed as a senior executive for the 156 weeks preceding the time determined for the recertification. For the purposes of the previous sentence, a break in service of 6 months shall be deemed not to interrupt the 156 weeks of continuous employment.

(b) The supervising official of each career appointee shall submit to a performance review board established by the agency under section 4314 a recommendation as to whether the career appointee's performance justifies recertification as a senior executive, based on such factors as the career appointee’s performance ratings for the 3 preceding years under section 4314, any award or other recognition received by the career appointee, any developmental activities of the career appointee, and any other relevant factors. The supervising official's recommendation shall reflect that official's view as to whether the career appointee's overall performance over the 3 preceding years has demonstrated the excellence expected of a senior executive in relation to the written performance requirements for the career appointee's senior executive position as established under section 4312(b). The career appointee may submit to the performance review board a statement of accomplishments and other documentation giving evidence of the quality of the career appointee's performance.

(c)(1) After considering the recommendation and other information received under subsection (b), the performance review board shall submit to the appointing authority a recommendation as to whether the career appointee should be recertified, conditionally recertified, or not recertified as a senior executive. If the board proposes to recommend conditional recertification or non-recertification, then the affected appointee shall be so notified and shall have the opportunity to appear before the performance review board. If the board is recommending that the career appointee be recertified, the board may also recommend that the career appointee's rate of basic pay be increased to a higher rate.
established under section 5382. If the board is recommending that the career appointee be conditionally recertified, the board may recommend that the career appointee’s pay be reduced to the next lower rate established under section 5382. The board shall also provide to the appointing authority the recommendation and other information received under subsection (b).

“(2) More than one-half of the members of a performance review board under this section shall consist of career appointees. The requirement of the preceding sentence shall not apply in any case in which the Office of Personnel Management determines that there exists an insufficient number of career appointees available to comply with the requirement.

“(d)(1) If the appointing authority determines that the career appointee’s performance during the preceding 3 years demonstrates the excellence expected of a senior executive, the appointing authority shall recommend to the head of the agency that the career appointee be recertified as a senior executive.

“(2) If the appointing authority determines that the career appointee’s performance has not demonstrated the excellence expected of a senior executive, the appointing authority shall recommend to the head of the agency that the career appointee be conditionally recertified as a senior executive or not be recertified as a senior executive.

“(e)(1) If the head of the agency decides that the career appointee’s performance warrants recertification as a senior executive, the career appointee shall continue in the Senior Executive Service. If a career appointee is recertified as a senior executive, the career appointee’s rate of basic pay may not be reduced at the time of recertification.

“(2) If the head of the agency decides that the career appointee’s performance does not warrant full recertification, but does warrant conditional recertification, the career appointee—

“(A) shall remain a career appointee in the Senior Executive Service;

“(B) shall be subject to continuing close review of the career appointee’s performance by the supervising official in coordination with an executive resources board established under section 3393, in accordance with a performance improvement plan developed by the supervising official and subject to the approval of the executive resources board;

“(C) may, if the head of the agency so determines, be reduced to the next lower rate of basic pay established under section 5382; and

“(D) shall be removed from the Senior Executive Service if the career appointee is not recertified as a senior executive at the end of the 12-month period following the conditional recertification.

If, at the end of the 12-month period following the conditional recertification, the career appointee is recertified as a senior executive, any reduction that was made in the career appointee’s rate of basic pay under subparagraph (C) shall be restored prospectively.

“(3) If the head of the agency decides that the career appointee’s performance does not demonstrate that the career appointee qualifies for recertification or conditional recertification as a senior executive, the career appointee shall be removed from the Senior Executive Service in accordance with section 3592.
"(f) The Office of Personnel Management shall prescribe standards and procedures to ensure consistency and fairness for the process of recertification under this section."

that review and evaluation or reference shall be deemed for the purposes of the initial land management plans required for such lands by section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604) to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System, and the Department of Agriculture shall not be required to review the wilderness option prior to the revisions of the plans, but shall review the wilderness option when the plans are revised, which revisions will ordinarily occur on a 10-year cycle, or at least every 15 years, unless, prior to such time, the Secretary of Agriculture finds that conditions in a unit have significantly changed;

(3) areas in the State of Nevada reviewed in such final environmental statement or referenced in subsection (d) and not designated as wilderness in section 2 shall be managed for multiple use in accordance with land management plans pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604). Provided, That such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the initial land management plans;

(4) in the event that revised land management plans in the State of Nevada are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604) and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purposes of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1600-1614) and other applicable law; and
(5) unless expressly authorized by Congress, the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of National Forest System lands in the State of Nevada for the purpose of determining their suitability for inclusion in the National Wilderness Preservation System.

SEC. 6. GRAZING IN WILDERNESS AREAS.

(a) Livestock Grazing.—Grazing of livestock in wilderness areas designated in section 2 that was established prior to the date of enactment of this Act shall be administered in accordance with section 4(d)(4) of the Wilderness Act (16 U.S.C. 1133(d)(4)) and section 108 of the Act entitled “An Act to designate certain National Forest System lands in the States of Colorado, South Dakota, Missouri, South Carolina, and Louisiana for inclusion in the National Wilderness Preservation System, and for other purposes (16 U.S.C. 1133 note).

(b) Review.—The Secretary of Agriculture is directed to review all policies, practices, and regulations of the Department of Agriculture regarding livestock grazing in National Forest Wilderness areas in Nevada in order to insure that such policies, practices, and regulations fully conform with and implement the intent of Congress regarding grazing in such areas, as such intent is expressed in this Act.

(c) Reports.—Not later than 1 year after the enactment of this Act, and at least every 5 years thereafter, the Secretary of Agriculture shall submit to the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report detailing the progress made by the Forest Service in carrying out the provisions of subsections (a) and (b).

SEC. 7. PROHIBITION OF BUFFER ZONES.

Congress does not intend that the designation of wilderness areas in the State of Nevada implies the creation of protective perimeters
or buffer zones around each wilderness area. The fact that nonwilderness activities or uses can be seen or heard from within a wilderness area shall not, of itself, preclude such activities or uses up to the boundary of the wilderness area.

SEC. 8. WATER ALLOCATION AUTHORITY.

(a) Within the wilderness areas designated by this Act, there is hereby reserved a quantity of water sufficient to fulfill the purposes of the wilderness areas created by this Act.

(b) The priority date of the water rights reserved in paragraph (a) shall be the date of enactment of this Act.

(c) The Secretary shall file a claim for the quantification of the water rights reserved in paragraph (a) in an appropriate stream adjudication and shall take all steps necessary to protect such rights in such an adjudication.

(d) The Federal water rights reserved by this Act shall be in addition to any water rights which may have been previously reserved or obtained by the United States for other than wilderness purposes.

(e) The Federal water rights reserved by this Act are specific to the wilderness areas located in the State of Nevada designated by this Act. Nothing in this Act, nor in any legislative history accompanying this Act related to reserved Federal water rights, shall be construed as establishing a precedent with regard to any future designations, nor shall it constitute an interpretation of any other Act or any designation made pursuant thereto.

SEC. 9. STATE FISH AND WILDLIFE AUTHORITY.

As provided in section 4(d)(7) of the Wilderness Act (16 U.S.C. 1133(d)(7)), nothing in this Act shall be construed as affecting the jurisdiction or responsibilities of the State of Nevada with respect to wildlife and fish in the national forests in Nevada.

SEC. 10. CLIMATOLOGICAL DATA COLLECTION.

Subject to such reasonable terms and conditions as the Secretary may prescribe, nothing in this Act or the Wilderness Act shall be construed to prevent, where appropriate, the installation and maintenance of hydrologic, meteorologic, or climatological collection devices within the wilderness areas or additions thereto designated by this Act, where such facilities and access thereto are essential to flood warning, flood control and water reservoir operation purposes.
SEC. 11. LOW ALTITUDE FLIGHT ACTIVITIES.

Nothing in this Act shall preclude low level overflights of military aircraft, the designation of new units of special airspace, or the use or establishment of military flight training routes over the Alta Toquima, Arc Dome, Currant Mountain or Table Mountain Wilderness areas.

Joint Resolution

Designating November 1989 and November 1990 as "National Alzheimer's Disease Month".

Whereas more than two and one-half million Americans are affected by Alzheimer's disease, which is a surprisingly common disorder that destroys certain vital cells of the brain;
Whereas Alzheimer's disease is the fourth leading cause of death among older Americans;
Whereas Alzheimer's disease is responsible for 45 per centum of all nursing home admissions, at an annual cost of more than $80,000,000,000;
Whereas in one-third of all American families one parent will succumb to this disease;
Whereas Alzheimer's disease is not a normal consequence of aging; and
Whereas an increase in the national awareness of the problem of Alzheimer's Disease and recognition of national organizations such as the Alzheimer's Disease and Related Disorders Association and the American Health Assistance Foundation may stimulate the interest and concern of the American people, which may lead, in turn, to increased research and eventually to the discovery of a cure for Alzheimer's disease: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That November 1989 and November 1990 are designated as “National Alzheimer's Disease Month". The President is requested to issue a proclamation calling upon the people of the United States to observe such months with appropriate ceremonies and activities.

Joint Resolution

Designating December 3 through 9, 1989, as "National Cities Fight Back Against Drugs Week".

Whereas the presence of drugs and narcotics in our society has resulted in innumerable problems of human, community, social, and economic dimensions;
Whereas the dissolution of the family, inadequate education system, poverty, unemployment, and greed all contribute to illegal drug use;
Whereas the consequences of drug-related problems are witnessed in the loss of human lives, the loss of economic productivity, and the diversion of public resources to address these problems on all fronts;
Whereas the demand for illegal drugs is a pervasive problem that affects all segments of our society, including professional and affluent people;
Whereas illegal drugs plague urban, suburban, and rural communities of all sizes and regions;
Whereas illegal drugs constitute a problem in our community and lead to a host of problems such as homicide, robbery, burglary, and other crimes and domestic violence;
Whereas a national response is needed to curtail the importation, trafficking, sale, and abuse of drugs;
Whereas our Nation’s cities and towns carry the heaviest burden in confronting the Nation’s drug problem;
Whereas hundreds of America’s dedicated public servants have died and thousands of others risk their lives daily in our cities’ individual battles against illegal drugs and in the criminal activities stemming from illegal drugs; and
Whereas the National League of Cities has called on the President and the Congress to join in a partnership in fighting drugs: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That December 3 through 9, 1989, is designated as “National Cities Fight Back Against Drugs Week”, and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such week with appropriate programs, ceremonies, and activities.

An Act

Dec. 6, 1989
[S. 1960]

To authorize the food stamp portion of the Minnesota Family Investment Plan.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Food Stamp Act of 1977 (7 U.S.C. 2011 et seq.) is amended by adding the following new section:

"SEC. 22. (a) IN GENERAL.—

“(1) Subject to paragraph (2), upon written application of the State of Minnesota that complies with this section and sections 6 to 11, 13, 130, and 132 of article 5 of 282 of the 1989 Laws of Minnesota, and after approval of such application by the Secretary in accordance with subsections (b) and (d), the State may implement a family investment demonstration project (hereinafter in this section referred to as the 'Project') in parts of the State to determine whether the Project more effectively helps families to become self-supporting and enhances their ability to care for their children than do the food stamp program and programs under parts A and F of title IV of the Social Security Act. The State may provide cash payments under the Project, subject to paragraph (2), that replace assistance otherwise available under the food stamp program and under part A of title IV of the Social Security Act.

“(2) The Project may be implemented only in accordance with this section and only if the Secretary of Health and Human Services approves an application submitted by the State permitting the State to include in the Project families who are eligible to receive benefits under part A of title IV of the Social Security Act.

“(b) REQUIRED TERMS AND CONDITIONS OF THE PROJECT.—The application submitted by the State under subsection (a) shall provide an assurance that the Project shall satisfy all of the following requirements:

“(1) Only families may be eligible to receive assistance and services through the Project.

“(2) Participating families, families eligible for or participating in the program authorized under part A of title IV of the Social Security Act or the food stamp program that are assigned to and found eligible for the Project, and families required to submit an application for the Project that are found eligible for the Project shall be ineligible to receive benefits under the food stamp program.

“(3)(A) Subject to the provisions of this paragraph and any reduction imposed under subsection (c)(3) of this section, the value of assistance provided to participating families shall not be less than the aggregate value of the assistance such families could receive under the food stamp program and part A of title IV of the Social Security Act if such families did not participate in the Project.
“(B) For purposes of satisfying the requirement specified in subparagraph (A)—

(i) payments for child care expenses under the Project shall be considered part of the value of assistance provided to participating families with earnings;

(ii) payments for child care expenses for families without earnings shall not be considered part of the value of assistance provided to participating families or the aggregate value of assistance that such families could have received under the food stamp program and part A of title IV of the Social Security Act; and

(iii) any child support payments not assigned to the State under the provisions of part A of title IV of the Social Security Act, less $50 per month, shall be considered part of the aggregate value of assistance participating families would receive if such families did not participate in the Project;

“(C) For purposes of satisfying the requirement specified in subparagraph (A), the State shall—

(i) identify the sets of characteristics indicative of families that might receive less assistance under the Project;

(ii) establish a mechanism to determine, for each participating family that has a set of characteristics identified under clause (i) whether such family could receive more assistance, in the aggregate, under the food stamp program and part A of title IV of the Social Security Act if such family did not participate in the project;

(iii) increase the amount of assistance provided under the Project to any family that could receive more assistance, in the aggregate, under the food stamp program and part A of title IV of the Social Security Act if such family did not participate in the Project, so that the assistance provided under the Project to such family is not less than the aggregate amount of assistance such family could receive under the food stamp program and part A of title IV of the Social Security Act if such family did not participate in the Project; and

(iv) increase the amount of assistance paid to participating families, if the State or locality imposes a sales tax on food, by the amount needed to compensate for the tax. This subparagraph shall not be construed to require the State to make the determination under clause (ii) for families that do not have a set of characteristics identified under clause (i).

“(D)(i) The State shall designate standardized amounts of assistance provided as food assistance under the Project and notify monthly each participating family of such designated amount.

(ii) The amount of food assistance so designated shall be at least the value of coupons such family could have received under the food stamp program if the Project had not been implemented. The provisions of this subparagraph shall not require that the State make individual determinations as to the amount of assistance under the Project designated as food assistance.

(iii) The State shall periodically allow participating families the option to receive such food assistance in the form of coupons.
“(E)(i) Individuals ineligible for the Project who are members of a household including a participating family shall have their eligibility for the food stamp program determined and have their benefits calculated and issued following the standards established under the food stamp program, except as provided differently in this subparagraph.

“(ii) The State agency shall determine such individuals’ eligibility for benefits under the food stamp program and the amount of such benefits without regard to the participating family.

“(iii) In computing such individuals’ income for purposes of determining eligibility (under section 5(c)(1)) and benefits, the State agency shall apply the maximum excess shelter expense deduction specified under section 5(e).

“(iv) Such individuals’ monthly allotment shall be the higher of $10 or 75 percent of the amount calculated following the standards of the food stamp program and the foregoing requirements of this subparagraph, rounded to the nearest lower whole dollar.

“(4) The Project shall include education, employment, and training services equivalent to those offered under the employment and training program described in section 6(d)(4) to families similar to participating families elsewhere in the State.

“(5) The State may select families for participation in the Project through submission and approval of an application for participation in the Project or by assigning to the Project families that are determined eligible for or are participating in the program authorized by part A of title IV of the Social Security Act or the food stamp program.

“(6) Whenever selection for participation in the Project is accomplished through submission and approval of an application for the Project—

“(A) the State shall promptly determine eligibility for the Project, and issue assistance to eligible families, retroactive to the date of application, not later than thirty days following the family’s filing of an application;

“(B) in the case of families determined ineligible for the Project upon application, the application for the Project shall be deemed an application for the food stamp program, and benefits under the food stamp program shall be issued to those found eligible following the standards established under the food stamp program;

“(C) expedited benefits shall be provided under terms no more restrictive than under paragraph (9) of section 11(e) and the laws of Minnesota and shall include expedited issuance of designated food assistance provided through the Project or expedited benefits through the food stamp program;

“(D) each individual who contacts the State in person during office hours to make what may reasonably be interpreted as an oral or written request to receive financial assistance shall receive and shall be permitted to file an application form on the same day such contact is first made;

“(E) provision shall be made for telephone contact by, mail delivery of forms to and mail return of forms by, and subsequent home or telephone interview with, elderly individuals, physically or mentally handicapped individu-
uals, and individuals otherwise unable to appear in person solely because of transportation difficulties and similar hardships;

"(F) a family may be represented by another person if the other person has clearly been designated as the representative of such family for that purpose and the representative is an adult who is sufficiently aware of relevant circumstances, except that the State may—

"(i) restrict the number of families who may be represented by such person; and

"(ii) otherwise establish criteria and verification standards for representation under this subparagraph; and

"(G) the State shall provide a method for reviewing applications to participate in the Project submitted by, and distributing assistance under the Project to, families that do not reside in permanent dwellings or who have no fixed mailing address.

"(7) Whenever selection for participation in the Project is accomplished by assigning families that are determined eligible for or participating in the program authorized by part A of title IV of the Social Security Act or the food stamp program—

"(A) the State shall provide eligible families assistance under the Project no later than benefits would have been provided following the standards established under the food stamp program; and

"(B) the State shall ensure that assistance under the Project is provided so that there is no interruption in benefits for families participating in the program under part A of title IV of the Social Security Act or the food stamp program.

"(8) Paragraphs (1)(B) and (8) of section 11(e) shall apply with respect to applicants and participating families in the same manner as such paragraphs apply with respect to applicants and participants in the food stamp program.

"(9) Assistance provided under the Project shall be reduced to reflect the pro rata value of any coupons received under the food stamp program for the same period.

"(10)(A) The State shall provide each family or family member whose participation in the Project ends and each family whose participation is terminated with notice of the existence of the food stamp program and the person or agency to contact for more information.

"(B)(i) Following the standards specified in subparagraph (C), the State shall ensure that benefits under the food stamp program are provided to participating families in case the Project is terminated or to participating families or family members that are determined ineligible for the Project because of income, resources, or change in household composition, if such families or individuals are determined eligible for the food stamp program. Food coupons shall be issued to eligible families and individuals described in this clause retroactive to the date of termination from the Project; and

"(ii) If sections 256.031 through 256.036 of the Minnesota Statutes, 1989 Supplement, or Minnesota Laws 1989, chapter 282, article 5, section 130, are amended to reduce or eliminate benefits provided under those sections or restrict the rights of Homeless persons.
Project applicants or participating families, the State shall exclude from the Project applicants or participating families or individuals affected by such amendments and follow the standards specified in subparagraph (C), except that the State shall continue to pay from State funds an amount equal to the food assistance portion to such families and individuals until the State determines eligibility or ineligibility for the food stamp program or the family or individual has failed to supply the needed additional information within ten days. Food coupons shall be provided to families and individuals excluded from the Project under this clause who are determined eligible for the food stamp program retroactive to the date of the determination of eligibility. The Secretary shall pay to the State the value of the food coupons for which such families and individuals would have been eligible in the absence of food assistance payments under this clause from the date of termination from the Project to the date food coupons are provided.

"(C) Each family whose Project participation is terminated shall be screened for potential eligibility for the food stamp program and if the screening indicates potential eligibility, the family or family member shall be given a specific request to supply all additional information needed to determine such eligibility and assistance in completing a signed food stamp program application including provision of any relevant information obtained by the State for purpose of the Project. If the family or family member supplies such additional information within ten days after receiving the request, the State shall, within five days after the State receives such information, determine whether the family or family member is eligible for the food stamp program. Each family or family member who is determined through the screening or otherwise to be ineligible for the food stamp program shall be notified of that determination.

"(11) Section 11(e)(10) shall apply with respect to applicant and participating families in the same manner as such paragraph applies with respect to applicants and participants in the food stamp program, except that families shall be given notice of any action for which a hearing is available in a manner consistent with the notice requirements of the regulations implementing sections 402(a)(4) and 482(h) of the Social Security Act.

"(12) For each fiscal year, the Secretary shall not be liable for any costs related to carrying out the Project in excess of those that the Secretary would have been liable for had the Project not been implemented, except for costs for evaluating the Project, but shall adjust for the full amount of the federal share of increases or decreases in costs that result from changes in economic, demographic, and other conditions in the State based on data specific to the State, changes in eligibility or benefit levels authorized by the Food Stamp Act, as amended, or changes in amounts of Federal funds available to States and localities under the food stamp program.

"(13) The State shall carry out the food stamp program throughout the State while the State carries out the Project.

"(14) (A) Except as provided in subparagraph (B), the State will carry out the Project during a five-year period beginning on the date the first family receives assistance under the Project.
“(B) The Project may be terminated—
    “(i) by the State one hundred and eighty days after the State
        gives notice to the Secretary that it intends to termi-
        nate the Project;
    “(ii) by the Secretary one hundred and eighty days after
        the Secretary, after notice and an opportunity for a hear-
        ing, determines that the State materially failed to comply
        with this section; or
    “(iii) whenever the State and the Secretary jointly agree
        to terminate the Project.

“(15) Not more than six thousand families may participate in
the Project simultaneously.

“(c) ADDITIONAL TERMS AND CONDITIONS OF THE PROJECT.—The
Project shall be subject to the following additional terms and
conditions:

“(1) The State may require any parent in a participating
family to participate in education, employment, or training
requirements unless the individual is a parent in a family with
one parent who—

“(2) The State shall not require any parent of a child under
six years of age in a participating family with only one parent to
be employed or participate in education or employment and
training services for more than twenty hours a week.

“(3) For any period during which an individual required to
participate in education, employment, or training requirements
fails to comply without good cause with a requirement imposed
by the State under paragraph (1), the amount of assistance to
the family under the Project may be reduced by an amount not
more than 10 percent of the assistance the family would be
eligible for with no income other than that from the Project.

“(2) The Secretary shall periodically adjust payments made to the State under paragraph (1) to reflect—

“(A) the cost of coupons issued to individuals ineligible for the Project specified in subsection (b)(3)(E) in excess of the amount that would have been issued to such individuals had the Project not been implemented, as estimated under a methodology satisfactory to the Secretary after negotiations with the State; and

Designating 1990 as the "International Year of Bible Reading".

Whereas the Bible has made a unique contribution in shaping the United States as a distinctive and blessed Nation and people;

Joint Resolution

To designate the week of December 10, 1989, through December 16, 1989, as "National Drunk and Drugged Driving Awareness Week".

Whereas traffic accidents cause more violent deaths in the United States than any other cause, approximately 47,000 in 1988;
Whereas traffic accidents cause thousands of serious injuries in the United States each year;
Whereas 37.5 percent of all drivers fatally injured in 1988 had blood alcohol concentrations above the legal limit of .10;
Whereas the United States Surgeon General has reported that life expectancy has risen for every age group over the past 75 years except for Americans 15 to 24 years old, whose death rate, the leading cause of which is drunk driving, is higher now than it was 20 years ago;
Whereas the total societal cost of drunk driving has been estimated at more than $26,000,000,000 per year, which does not include the human suffering that can never be measured;
Whereas there are increasing reports of driving after drug use and accidents involving drivers who have used marijuana or other illegal drugs;
Whereas driving after the use of therapeutic drugs, either alone or in combination with alcohol, contrary to the advice of physician, pharmacist, or manufacturer, may create a safety hazard on the roads;
Whereas more research is needed on the effect of drugs, either alone or in combination with alcohol, on driving ability and the incidence of traffic accidents;
Whereas an increased public awareness of the gravity of the problem of drugged driving may warn drug users to refrain from driving and may stimulate interest in increasing necessary research on the effect of drugs on driving ability and the incidence of traffic accidents;
Whereas the public, particularly through the work of citizens groups, is demanding a solution to the problem of drunk and drugged driving;
Whereas the best defense against the drunk or drugged driver is the use of safety belts and consistent safety belt usage by all drivers and passengers would save as many as 10,000 lives each year;
Whereas an increase in the public awareness of the problem of drunk and drugged driving may contribute to a change in society's attitude toward the drunk or drugged driver and help sustain current efforts to develop comprehensive solutions at the State and local levels;
Whereas the Christmas and New Year holiday period, with more drivers on the roads and an increased number of social functions, is a particularly appropriate time to focus national attention on this critical problem;
Whereas designation of National Drunk and Drugged Driving Awareness Week in each of the last 7 years stimulated many activities and programs by groups in both the private and public sectors aimed at curbing drunk and drugged driving in the high-risk Christmas and New Year holiday period and thereafter; and

Whereas the activities and programs during National Drunk and Drugged Driving Awareness Week have heightened the awareness of the American public to the danger of drunk and drugged driving: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week of December 10, 1989, through December 16, 1989, is designated as “National Drunk and Drugged Driving Awareness Week” and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe the week with appropriate activities.

(c) LOCAL RAIL FREIGHT ASSISTANCE PROGRAM.—Section 5 of the Department of Transportation Act (49 U.S.C. App. 1654) is amended to read as follows:

"LOCAL RAIL FREIGHT ASSISTANCE"

"SEC. 5. (a) A State is eligible to receive rail freight assistance under this section if—

"(1) such State has established an adequate plan for rail services in such State, including a suitable process for updating, revising, and amending such plan;

"(2) such State plan is administered or coordinated by a designated State agency and provides for the equitable distribution of resources;

"(3) such State agency—

"(A) has authority and administrative jurisdiction to develop, promote, supervise, and support safe, adequate, and efficient rail transportation services;

"(B) employs or will employ, directly or indirectly, sufficient trained and qualified personnel;

"(C) maintains or will maintain adequate programs of investigation, research, promotion, and development, with provisions for public participation; and

"(D) is designated and directed solely, or in cooperation with other State agencies, to take all practicable steps to improve rail transportation safety and to reduce transportation-related energy utilization and pollution;

"(4) such State provides satisfactory assurance that it has or will adopt and maintain adequate procedures for financial control, accounting, and performance evaluation in order to assure proper use of Federal funds; and

"(5) such State complies with regulations of the Secretary issued under this section and the Secretary determines that such State meets or exceeds the requirements of paragraphs (1) through (4) of this subsection.

"(b) The Secretary shall, in accordance with this section, provide financial assistance to States for rail freight assistance projects that are designed to cover—

"(1) the cost of acquiring, by purchase, lease, or in such other manner as the State considers appropriate, a line of railroad or other rail properties, or any interest therein, to maintain existing or provide for future rail freight service, but only if the Interstate Commerce Commission has authorized, or has exempted from the requirements of such authorization, the abandonment of, or the discontinuance of rail service on, the line of railroad related to the project;

"(2) the cost of rehabilitating or improving rail properties on a line of railroad to the extent necessary to permit adequate and efficient rail freight service on such line, but only if the line of railroad related to the project is certified by the railroad as having carried 5 million gross ton miles of freight or less per mile during the prior year; and

"(3) the cost of constructing rail or rail related facilities (including new connections between two or more existing lines of railroad, intermodal freight terminals, sidings, bridges, and relocation of existing lines) for the purpose of improving the quality and efficiency of rail freight service, but only if the line
of railroad related to the project is certified by the railroad as having carried 5 million gross ton miles of freight or less per mile during the prior year.

“(c)(1) No project shall be provided rail freight assistance under this section unless the line of railroad related to the project is certified by the railroad as having carried more than 20 carloads per mile during the most recent year of operation of service on such line. In a case where the railroad is no longer in existence, the applicant shall provide such information in the manner prescribed by the Secretary. The Secretary may waive the requirement of this paragraph upon a determination that the line of railroad is contractually guaranteed at least 40 carloads per mile for each of the first 2 years of operation if the proposed project is carried out, and the Secretary finds that there is a reasonable expectation that such contractual guarantee will be fulfilled.

“(2) No project shall be provided rail freight assistance under this section unless the ratio of benefits to costs for such project, calculated in accordance with the methodology established by the Secretary under subsection (n), is greater than 1.0.

“(d) A State shall use assistance provided under subsection (b) of this section as follows:

“(1) The State may grant or loan funds to the owner of rail properties or operator of rail service related to the project.

“(2) The State shall determine all financial terms and conditions of a grant or loan, except that the timing of all advances with respect to grants under this subsection shall be in accordance with Department of Treasury regulations.

“(3) The State shall place the Federal share of repaid funds in an interest-bearing account or, with the approval of the Secretary, permit any borrower to place such funds, for the benefit and use of the State, in a bank which has been designated by the Secretary of the Treasury in accordance with section 10 of the Act of June 11, 1942 (12 U.S.C. 265). The State shall use such funds and all accumulated interest to make further loans or grants under subsection (b) of this section in the same manner and under the same conditions as if they were originally granted to the State by the Secretary. The State may, at any time, pay to the Secretary the Federal share of any unused funds and accumulated interest. After the termination of a State’s participation in the rail freight assistance program established by this section, such State shall pay the Federal share of any unused funds and accumulated interest to the Secretary.

“(4) The State, to the maximum extent possible, shall encourage the participation of shippers, railroads, and local communities in providing the State share of rail freight assistance funds.

“(e) The Federal share of the costs of any rail freight assistance project shall be 50 percent, except that in the case of assistance provided under subsection (b)(2), the Federal share shall be 70 percent. The State share of the costs may be provided in cash or through any of the following benefits, to the extent that such benefits would not otherwise be provided:

“(1) Forgiveness of taxes imposed on a railroad or on its properties.

“(2) The provision by the State or by any person on behalf of such State, for use in its rail freight assistance program, of real

property or tangible personal property of the kind necessary for the safe and efficient operation of rail freight service.

"(3) Trackage rights secured by the State for a railroad.

"(4) The cash equivalent of State salaries for State public employees working in the State rail freight assistance program, but not including overhead and general administrative costs. A State may provide more than its required percentage share of the cost of its rail freight assistance program. If a State, or any person on behalf of a State, provides more than such State's percentage share of the cost of its rail freight assistance program during any fiscal year, the amount in excess of such share shall be applied toward such State's share of the costs of its program for subsequent fiscal years.

"(f) A State seeking financial assistance for rail freight assistance projects described in subsection (b) shall apply, in the form required by the Secretary, for such assistance by January 1 of the fiscal year for which the funds have been appropriated, except in fiscal years in which authorizations of appropriations have not been enacted as of the first day of the fiscal year, in which case application must be made within 90 days after the date of enactment of legislation authorizing appropriations for that fiscal year. In considering applications for rail freight assistance projects under subsection (b), the Secretary shall consider the following:

"(1) The percentage of lines identified to the Interstate Commerce Commission by rail carriers for abandonment or potential abandonment within a State.

"(2) The likelihood of future abandonments within a State.

"(3) The ratio of benefits to costs for a proposed project calculated in accordance with the methodology established by the Secretary under subsection (n).

"(4) The likelihood that the line will continue operating with rail freight assistance.

"(5) The impact of rail bankruptcies, rail restructuring, and rail mergers on the State applying for assistance.

"(g) On the first day of the fiscal year, each State shall be entitled to $36,000 of the funds available for expenditure pursuant to subsection (q) of this section during the fiscal year to meet the cost of establishing, implementing, revising, and updating the State rail plan required by subsection (a) of this section, or to carry out projects described in subsection (b) (1), (2), or (3), as designated by the State, if such projects meet the requirements of subsection (c)(2). Each State must apply for such funds on or before the first day of the fiscal year, except in fiscal years in which authorizations of appropriations have not been enacted as of the first day of the fiscal year, in which case application must be made within 60 days after the date of enactment of legislation authorizing appropriations for that fiscal year. Upon receipt of an application under this subsection, the Secretary shall consider the application and notify the State submitting such an application as to its approval or disapproval within 60 days. Funds provided under this subsection shall remain available to a State for obligation for the first 3 months after the end of the fiscal year for which such funds have been made available. Any funds which have not been timely applied for under this subsection, or which have remained unobligated after the expiration of the period described in the previous sentence, shall be made available to the Secretary for rail freight assistance projects meeting the requirements of this section.
“(h) The Secretary shall establish such procedures as are necessary to ensure that funds available to the Secretary for use for rail freight assistance projects under subsection (b) are distributed by April 1 of the fiscal year for which such funds are appropriated. If any funds are not distributed by that date, the Secretary shall report to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status of such funds and the reasons for the delay in distribution.

“(i) Each State shall retain a contingent interest (redeemable preference shares) for the Federal share of funds in any line receiving rail freight assistance under this section and may exercise the right to collect its share of the funds used for a such a line, if an application for abandonment of such line is filed under chapter 109 of title 49, United States Code, or if such line is abandoned, discontinued, sold, or disposed of in any way after it has received Federal assistance.

“(j) Two or more States which are eligible to receive rail freight assistance under this section may, where not in violation of State law, enter into an agreement to combine any portion of such assistance for purposes of conducting any project which is eligible for assistance under this section and which will benefit each State which is a party to such agreement.

“(k)(1) Each recipient of funds provided under this section, whether in the form of grants, subgrants, contracts, subcontracts, or other arrangements, shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of such funds, the total cost of the project or undertaking in connection with which such funds were provided or used, the amount of that portion of the cost of the project which was supplied by other sources, and such other records as will facilitate an effective audit. Such records shall be maintained for 3 years after the completion of such a project or undertaking.

“(2) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access, for the purpose of audit and examination, to any books, documents, papers, and records of receipts which, in the opinion of the Secretary or of the Comptroller General, may be related or pertinent to the grants, contracts, or other arrangements referred to in paragraph (1) of this subsection.

“(3) The Secretary and the Comptroller General shall regularly conduct, or cause to be conducted—

“(A) a financial audit, in accordance with generally accepted auditing standards; and

“(B) a performance audit of the activities and transactions assisted under this section, in accordance with generally accepted management principles.

Such audits may be conducted by independent certified or licensed public accountants and management consultants approved by the Secretary and the Comptroller General, and they shall be conducted in accordance with such rules and regulations as may be prescribed by the Comptroller General.

“(I) The Interstate Commerce Commission shall provide the Secretary with such information as the Secretary requests to assist in administering the program authorized by this section. The Commission shall provide the requested information within 30 days after receipt of any such request.
“(m) On or before August 1 of each year, each rail carrier providing transportation subject to the jurisdiction of the Interstate Commerce Commission under chapter 105 of title 49, United States Code, shall prepare, update, and submit to the Secretary a listing of those rail lines of such carrier which, based on level of usage, carried 5 million gross ton miles of freight or less per mile during the prior year.

“(n) The Secretary, no later than July 1, 1990, shall establish a methodology for calculating the ratio of benefits to costs of projects proposed under subsection (b), taking into consideration the need for equitable treatment of different regions of the United States and different commodities transported by rail. The establishment of such methodology shall be a matter committed to the Secretary’s discretion.

“(o) No more than 15 percent of the funds provided under subsection (b) in any fiscal year shall be provided to any one State. No more than 20 percent of the funds provided under subsection (b) in any fiscal year shall be provided for any one project.

“(p) As used in this section, the term ‘State’ means any State in which a rail carrier providing transportation subject to the jurisdiction of the Interstate Commerce Commission under chapter 105 of title 49, United States Code, maintains any line of railroad.

“(q) There are authorized to be appropriated to the Secretary for the purposes of this section not to exceed $15,000,000 for fiscal year 1991. Such sums as are appropriated are authorized to remain available until expended. No funds are authorized to be appropriated under this subsection for any period after September 30, 1991.”.

(d) EFFECTIVE DATE.—The amendment made by subsection (c) shall take effect October 1, 1990.

(b) Excluded Lands.—Lands and interests in lands within the boundary depicted on the maps referred to in subsection (a) as “Existing Park Boundary” but outside of the boundary depicted as “Proposed Park Boundary” are hereby excluded from the park, in accordance with the provisions of subsection 3(b). The Secretary of the Interior (hereinafter referred to as the “Secretary”) may relinquish to the Commonwealth of Virginia exclusive or concurrent legislative jurisdiction over lands excluded from the park by this section by filing with the Governor a notice of relinquishment. Such relinquishment shall take effect upon acceptance thereof, or as the laws of the Commonwealth may otherwise provide.

(3) All Federal lands and interests sold or exchanged pursuant to this subsection shall be subject to such terms and conditions as will assure the use of the property in a manner which, in the judgment of the Secretary, will protect the battlefield setting. Notwithstanding any other provision of law, the net proceeds from any such sale or exchange shall be used, subject to appropriations, to acquire lands and interests within the park.

(c) ALTERNATIVE ACCESS.—In order to facilitate the acquisition by the United States of existing easements or rights of access across Federal lands within the park and to provide the owners of such easements or rights of access with alternative rights of access across nonpark lands, the Secretary may acquire, by donation, purchase with donated or appropriated funds, or exchange, interests in land of similar estate across lands which are not within the park. (b) TERMS AND CONDITIONS.—Any rights retained pursuant to this section shall be subject to such terms and conditions as the Secretary may prescribe and may be terminated by the Secretary upon his determination and after reasonable notice to the owner thereof that such property is being used for any purpose which is incompatible with the administration, protection, or public use of the park. Such right shall terminate by operation of law upon notification of the owner by the Secretary and tendering to the owner an amount equal to the fair market value of that portion of the right which remains unexpired.

(c) DEFINITION.—As used in this section, the term “improved property” means a year-round noncommercial single-family dwelling together with such land, in the same ownership as the dwelling, as the Secretary determines is reasonably necessary for the enjoyment of the dwelling for single-family residential use.

Public Law 101-221
101st Congress

An Act

To implement the steel trade liberalization program.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Steel Trade Liberalization Program Implementation Act".

SEC. 2. CONGRESSIONAL FINDINGS AND PURPOSES; SENSE OF CONGRESS REGARDING THE STEEL TRADE LIBERALIZATION PROGRAM.

(a) FINDINGS AND PURPOSES.—Section 802 of the Steel Import Stabilization Act (19 U.S.C. 2253 note) is amended to read as follows:

"SEC. 802. FINDINGS AND PURPOSES.

“(a) The Congress finds that—

“(1) since 1984, the United States steel industry has made significant progress toward adjustment, through modernization of production facilities, elimination of excess capacity, reduction of production costs, and improvement of productivity;

“(2) an extension of import relief, through transitional bilateral arrangements, for a period of two and one-half years will facilitate the steel industry's continued modernization and worker retraining;

“(3) liberalization of market access during the period of transitional bilateral arrangements, with preferential treatment for countries who support fair and open trade, will help ensure an orderly return to an open market;

“(4) the negotiation of an international consensus through the Uruguay Round of trade negotiations and through bilateral agreements to address subsidies and tariff and nontariff barriers will strengthen the international trading system and conditions of global steel trade; and

“(5) the termination of transitional bilateral arrangements by March 31, 1992, and the full and forceful application of the United States unfair trade laws, will protect the United States national interest in preserving conditions of fair and open trade in the United States market.

“(b) The purposes of this title are—

“(1) to endorse the principles and goals of the steel trade liberalization program as announced by the President on July 25, 1989, and provide for its implementation;

“(2) to grant specific enforcement powers to the President to carry out the terms and conditions of bilateral arrangements entered into for purposes of implementing that program; and

“(3) to make the continuation of those powers subject to the condition that the steel industry continue to modernize its plant and equipment and provide for appropriate worker retraining."
(b) **SENSE OF CONGRESS.—**Section 803 of the Steel Import Stabilization Act is amended to read as follows:

"SEC. 803. SENSE OF CONGRESS REGARDING THE STEEL TRADE LIBERALIZATION PROGRAM.

"(a) The Congress supports the full and effective implementation of the steel trade liberalization program.

"(b) It is the sense of the Congress that the steel trade liberalization program should be implemented in a manner which provides for liberalized market access for steel products during the period in which bilateral arrangements remain authorized in order to prepare for the eventual termination of such arrangements in 1992 and reliance thereafter on market forces and the full enforcement of United States trade laws. In particular, liberalized market access should be provided to those foreign countries that work with the United States to achieve the goals referred to in subsection (c).

"(c) It is further the sense of the Congress that the United States Trade Representative should promptly conduct negotiations, through the Uruguay Round of negotiations under the General Agreement on Tariffs and Trade and through complementary bilateral arrangements, to seek an international consensus regarding steel trade that provides for—

"(1) strong disciplines over trade-distorting government subsidies;

"(2) the lowering of trade barriers so as to ensure market access; and

"(3) enforcement measures to deal with violations of consensus obligations.

"(d) The President shall provide to the Congress an annual assessment of the progress of the negotiations referred to in subsection (c). The President may include the assessment in the annual report required under section 163(a) of the Trade Act of 1974 (19 U.S.C. 2213(a)) regarding the trade agreements program."

**SEC. 3. EXTENSION OF ACT.**

(a) **EXTENSION UNTIL APRIL 1, 1992.—**Section 806(a) of the Steel Import Stabilization Act is amended—

(1) by striking out "the fifth anniversary of the effective date of this title" in paragraph (1) and inserting "March 31, 1992"; and

(2) by striking out "or fourth" in paragraph (2) and inserting "fourth, fifth, sixth, or seventh".

(b) **SPECIAL PROVISION.—**If the Steel Trade Liberalization Program Implementation Act is not enacted on or before October 1, 1989, then section 806(a)(2) of the Steel Import Stabilization Act (as amended by subsection (a)) shall be applied by treating the reference therein to the close of the fifth anniversary of the effective date of the Steel Import Stabilization Act as a reference to the close of the 30th day after the date of the enactment of the Steel Trade Liberalization Program Implementation Act.

**SEC. 4. ENFORCEMENT AUTHORITY.**

(a) **INTERIM AUTHORITY.—**Section 805(a) of the Steel Import Stabilization Act is amended by adding at the end thereof the following new sentence: "The President is further authorized to carry out, between October 1, 1989, and the date of the concluding of any
bilateral arrangement, such actions as may be necessary or appropriate to ensure an orderly transition to that arrangement.”.

(b) SHORT SUPPLY SITUATIONS.—Section 805(b) of the Steel Import Stabilization Act is amended to read as follows:

“(b)(1) If—

“(A) a bilateral arrangement includes a provision relating to short supply situations; and

“(B) the Secretary of Commerce (hereinafter in this subsection referred to as the ‘Secretary’) determines, in accordance with this subsection, that a short supply situation exists in the United States with respect to a steel product that is subject to a quantitative limitation under such arrangement;

the Secretary shall authorize the importation of additional quantities of that product without regard to any aggregate quantitative import limitation in effect under such arrangement.

“(2) In determining under this subsection whether a short supply situation exists in the United States with respect to a steel product, the Secretary shall take into account all relevant factors, including—

“(A) (to the extent information is available) the recent levels of capacity utilization for domestic facilities producing the product;

“(B) the quantity of the steel product requested in a short supply petition and the ability of domestic producers to supply the product in such quantity;

“(C) the willingness of a domestic producer to supply the steel product at a price which is not an aberration from prevailing domestic market prices;

“(D) reasonable specifications requested by the purchaser or any end user; and

“(E) delivery times to the purchaser and any end user of the steel product.

“(3)(A) A petition requesting a determination under this subsection may be filed with the Secretary. The petition must be in such form and contain such relevant information as the Secretary requires.

“(B) If the Secretary considers that a petition filed under subparagraph (A) is adequate, the Secretary shall promptly cause to be published in the Federal Register a notice that a determination under this subsection with respect to the steel product concerned is under consideration.

“(C) The Secretary shall provide opportunity for comment by interested persons regarding the issues raised in a petition.

“(D)(i) The petitioner shall certify that the factual information contained in the petition and any additional submission is accurate and complete to the best of the petitioner’s knowledge.

“(ii) An interested person shall certify that the factual information submitted by that person to the Secretary is accurate and complete to the best of the person’s knowledge.

“(4)(A) If an adequate petition is filed under paragraph (3)(A), the Secretary shall determine, not later than the day specified in subparagraph (B)—

“(i) whether a short supply situation exists in the United States with respect to the steel product; and

“(ii) if the determination under clause (i) is affirmative, the quantity of the steel product that the Secretary will authorize for importation.
"(B) The Secretary must make a determination with respect to a petition not later than—

(i) the 15th day after the day on which the petition is filed if—

(I) the raw steel making capacity utilization in the United States equals or exceeds 90 percent,

(II) the importation of additional quantities of the steel product was authorized by the Secretary during each of the 2 immediately preceding years, or

(III) the Secretary finds, on the basis of available information (and whether or not in the context of a determination under this subsection), that the steel product is not produced in the United States; or

(ii) the 30th day after the day on which the petition was filed if neither subclause (I), (II), or (III) of clause (i) applies.

(C) In making a determination with respect to which subparagraph (B)(i) applies, the Secretary shall apply a rebuttable presumption that the short supply situation alleged in the petition exists.

(D) The Secretary shall cause to be published in the Federal Register notice of each determination made under this subsection setting forth the reasons for the determination.

(5) If under this subsection the Secretary authorizes the importation of a specified quantity of a steel product, the Secretary shall notify a representative of the appropriate foreign government and issue to the petitioner the necessary documentation to permit the importation of that quantity.

(6) The Secretary shall prescribe regulations to carry out this subsection. The interim text of such regulations shall be issued on or before the 30th day after the date of the enactment of the Steel Trade Liberalization Program Implementation Act. The regulations shall provide for transparency and fairness in the process of making short supply determinations, and shall be consistent with the President's announcement on July 25, 1989, establishing the steel trade liberalization program.

"(2) Providing credits, guarantees, or other financial assistance under the authority of this Act, the Foreign Assistance Act of 1961, or any other law (except as provided in subsection (h)), with respect to the acquisition of any munitions item by a country described in subsection (d). In implementing this para-
graph, the United States Government shall suspend expendi-
tures pursuant to any such assistance obligated before the
Secretary of State makes the determination described in subsec-
tion (d). The President may authorize expenditures otherwise
required to be suspended pursuant to the preceding sentence if
the President has determined, and reported to the Congress,
that suspension of those expenditures causes undue financial
hardship to a supplier, shipper, or similar person and allowing
the expenditure will not result in any munitions item being
made available for use by such country.

"(3) Consenting under section 3(a) of this Act, under section
505(a) of the Foreign Assistance Act of 1961, under the regula-
tions issued to carry out section 38 of this Act, or under any
other law (except as provided in subsection (h)), to any transfer
of any munitions item to a country described in subsection (d).
In implementing this paragraph, the United States Government

paragraph, the United States Government shall suspend any
such license or other approval which is in effect at the time the

of the following actions:

"(A) Exporting any munitions item to any country de-

providing any munitions item to any country described in
subsection (d).

"(C) Selling, leasing, loaning, granting, or otherwise
providing any munitions item to any recipient which is not
the government of or a person in a country described in subsection (d) if the United States person has reason to know that the munitions item will be made available to any country described in subsection (d).

"(D) Taking any other action which would facilitate the acquisition, directly or indirectly, of any munitions item by the government of any country described in subsection (d), or any person acting on behalf of that government, if the United States person has reason to know that that action will facilitate the acquisition of that item by such a government or person.

"(2) LIABILITY FOR ACTIONS OF FOREIGN SUBSIDIARIES, ETC.—A United States person violates this subsection if a corporation or other person that is controlled in fact by that United States person (as determined under regulations, which the President shall issue) takes an action described in paragraph (1) outside the United States.

To the extent provided in regulations issued under subsection (1)(3)(D), paragraph (1) applies with respect to actions described in that paragraph which are taken outside the United States by a person designated as a United States person in those regulations.

"(2) not less than 15 days prior to the proposed transaction, the President—
  "(A) consults with the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate; and
  "(B) submits to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a report containing—

policy justification required by that section shall include the information specified in subsection (g)(2)(B) of this section.

"(j) CRIMINAL PENALTY.—Any person who willfully violates this section shall be fined for each violation not more than $1,000,000, imprisoned not more than 10 years, or both.

"(k) CIVIL PENALTIES; ENFORCEMENT.—In the enforcement of this section, the President is authorized to exercise the same powers concerning violations and enforcement which are conferred upon departments, agencies, and officials by sections 11(c), 11(e), 11(g), and 12(a) of the Export Administration Act of 1979 (subject to the same terms and conditions as are applicable to such powers under that Act), except that, notwithstanding section 11(c) of that Act, the civil penalty for each violation of this section may not exceed $500,000.

Nov. 21, considered and passed House and Senate.
Dec. 12, Presidential statement.
An Act

To modify the boundaries of the Everglades National Park and to provide for the protection of lands, waters, and natural resources within the park, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SEC. 1. SHORT TITLE.

This Act may be cited as the “Everglades National Park Protection and Expansion Act of 1989”.

TITLE I—EVERGLADES NATIONAL PARK EXPANSION

SEC. 101. FINDINGS, PURPOSES AND DEFINITION OF TERMS.

(a) FINDINGS.—The Congress makes the following findings:

(1) The Everglades National Park is a nationally and internationally significant resource and the park has been adversely affected and continues to be adversely affected by external factors which have altered the ecosystem including the natural hydrologic conditions within the park.

(2) The existing boundary of Everglades National Park excludes the contiguous lands and waters of the Northeast Shark River Slough that are vital to long-term protection of the park and restoration of natural hydrologic conditions within the park.

(3) Wildlife resources and their associated habitats have been adversely impacted by the alteration of natural hydrologic conditions within the park, which has contributed to an overall decline in fishery resources and a 90 percent population loss of wading birds.

(4) Incorporation of the Northeast Shark River Slough and the East Everglades within the park will limit further losses suffered by the park due to habitat destruction outside the present park boundaries and will preserve valuable ecological resources for use and enjoyment by future generations.

(5) The State of Florida and certain of its political subdivisions or agencies have indicated a willingness to transfer approximately 35,000 acres of lands under their jurisdiction to the park in order to protect lands and water within the park, and may so transfer additional lands in the future.

(6) The State of Florida has proposed a joint Federal-State effort to protect Everglades National Park through the acquisition of additional lands.

(b) PURPOSE.—The purposes of this Act are to—

(1) increase the level of protection of the outstanding natural values of Everglades National Park and to enhance and restore
the ecological values, natural hydrologic conditions, and public enjoyment of such area by adding the area commonly known as the Northeast Shark River Slough and the East Everglades to Everglades National Park; and

(2) assure that the park is managed in order to maintain the natural abundance, diversity, and ecological integrity of native plants and animals, as well as the behavior of native animals, as a part of their ecosystem.

(c) Definitions.—As used in this Act:

(1) The term "Secretary" means the Secretary of the Interior.

(2) The term "addition" means the approximately 107,600 acre area of the East Everglades area authorized to be added to Everglades National Park by this Act.

(3) The term "park" means the area encompassing the existing boundary of Everglades National Park and the addition area described in paragraph (2).

(4) The term "project" means the Central and Southern Florida Project.

SEC. 102. BOUNDARY MODIFICATION.

(a) Area Included.—The park boundary is hereby modified to include approximately 107,600 acres as generally depicted on the map entitled "Boundary Map, Everglades National Park Addition, Dade County, Florida", numbered 160-20,013B and dated September 1989. The map shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior.

(b) Boundary Adjustment.—The Secretary may from time to time make minor revisions in the boundaries of the park in accordance with section 7(c) of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601-4 and following). In exercising the boundary adjustment authority the Secretary shall ensure all actions will enhance resource preservation and shall not result in a net loss of acreage from the park.

(c) Acquisition.—(1) Within the boundaries of the addition described in subsection (a), the Secretary may acquire lands and interests in land by donation, purchase with donated or appropriated funds, or exchange. For purposes of acquiring property by exchange, the Secretary may, notwithstanding any other provision of law, exchange the approximately one acre of Federal land known as "Gilberts' Marina" for non-Federal land of equal value located within the boundaries of the addition. Any lands or interests in land which are owned by the State of Florida or any political subdivision thereof, may be acquired only by donation.

(2) It is the express intent of Congress that acquisition within the boundaries of the addition shall be completed not later than 5 years after the date of enactment of this section. The authority provided by this section shall remain in effect until all acquisition is completed.

(d) Acquisition of Tracts Partially Outside Boundaries.—When any tract of land is only partly within boundaries referred to in subsection (a), the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so acquired outside of the boundaries may be exchanged by the Secretary for non-Federal lands within the boundaries, and any land so acquired and not utilized for exchange shall be reported to the General Services Administration for disposal.

(e) Offers To Sell.—In exercising the authority to acquire property under this Act, the Secretary shall give prompt and careful consideration to any offer made by any person owning property within the boundaries of the addition to sell such property, if such owner notifies the Secretary that the continued ownership of such property is causing, or would result in undue hardship.

(f) Authorization of Appropriations.—(1) Subject to the provisions of paragraph (2), there are hereby authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act.

(2) With respect to land acquisition within the addition, not more than 80 percent of the cost of such acquisition may be provided by the Federal Government. Not less than 20 percent of such cost shall be provided by the State of Florida.

(g) Assistance.—Upon the request of the Governor of the State of Florida, the Secretary is authorized to provide technical assistance and personnel to assist in the acquisition of lands and waters within the Kissimmee River/Lake Okeechobee/Everglades Hydrologic Basin, including the Big Cypress Swamp, through the provision of Federal land acquisition personnel, practices, and procedures. The State of Florida shall reimburse the Secretary for such assistance in such amounts and at such time as agreed upon by the Secretary and the State. Notwithstanding any other provision of law, reimbursement received by the Secretary for such assistance shall be retained by the Secretary and shall be available without further appropriation for purposes of carrying out any authorized activity of the Secretary within the boundaries of the park.

16 USC 410r-7.

SEC. 103. ADMINISTRATION.

(a) In General.—The Secretary shall administer the areas within the addition in accordance with this Act and other provisions of law applicable to the Everglades National Park, and with the provisions of law generally applicable to units of the national park system, including the Act entitled "An Act to establish a National Park Service, and for other purposes", approved August 25, 1916 (39 Stat. 535; 16 U.S.C. 1-4). In order to further preserve and protect Everglades National Park, the Secretary shall utilize such other statutory authority as may be available to him for the preservation of wildlife and natural resources as he deems necessary to carry out the purposes of this Act.

(b) Protection of Ecosystem.—The Secretary shall manage the park in order to maintain the natural abundance, diversity, and ecological integrity of native plants and animals, as well as the behavior of native animals, as a part of their ecosystem.

Boating.

(c) Protection of Flora and Fauna.—The park shall be closed to the operation of airboats—

(1) except as provided in subsection (d); and

(2) except that within a limited capacity and on designated routes within the addition, owners of record of registered airboats in use within the addition as of January 1, 1989, shall be issued nontransferable, nonrenewable permits, for their individual lifetimes, to operate personally-owned airboats for noncommercial use in accordance with rules prescribed by the Secretary to determine ownership and registration, establish
uses, permit conditions, and penalties, and to protect the biological resources of the area.

(d) CONCESSION CONTRACTS.—The Secretary is authorized to negotiate and enter into concession contracts with the owners of commercial airboat and tour facilities in existence on or before January 1, 1989, located within the addition for the provision of such services at their current locations under such rules and conditions as he may deem necessary for the accommodation of visitors and protection of biological resources of the area.

(e) VISITOR CENTER.—The Secretary is authorized and directed to expedite the construction of the visitor center facility at Everglades City, Florida, as described in the Development Concept Plan, Gulf Coast, dated February 1989, and upon construction shall designate the visitor center facility as “The Marjory Stoneman Douglas Center” in commemoration of the vision and leadership shown by Mrs. Douglas in the protection of the Everglades and Everglades National Park.

SEC. 104. MODIFICATION OF CERTAIN WATER PROJECTS.

(a) IMPROVED WATER DELIVERIES.—(1) Upon completion of a final report by the Chief of the Army Corps of Engineers, the Secretary of the Army, in consultation with the Secretary, is authorized and directed to construct modifications to the Central and Southern Florida Project to improve water deliveries into the park and shall, to the extent practicable, take steps to restore the natural hydrological conditions within the park.

(2) Such modifications shall be based upon the findings of the Secretary’s experimental program authorized in section 1302 of the 1984 Supplemental Appropriations Act (97 Stat. 1292) and generally as set forth in a General Design Memorandum to be prepared by the Jacksonville District entitled “Modified Water Deliveries to Everglades National Park”. The Draft of such Memorandum and the Final Memorandum, as prepared by the Jacksonville District, shall be submitted as promptly as practicable to the Committee on Energy and Natural Resources and the Committee on Environment and Public Works of the United States Senate and the Committee on Interior and Insular Affairs and the Committee on Public Works and Transportation of the United States House of Representatives.

(3) Construction of project modifications authorized in this subsection and flood protection systems authorized in subsections (c) and (d) are justified by the environmental benefits to be derived by the Everglades ecosystem in general and by the park in particular and shall not require further economic justification.

(4) Nothing in this section shall be construed to limit the operation of project facilities to achieve their design objectives, as set forth in the Congressional authorization and any modifications thereof.

(b) DETERMINATION OF ADVERSE EFFECT.—(1) Upon completion of the Final Memorandum referred to in subsection (a), the Secretary of the Army, in consultation with the South Florida Water Management District, shall make a determination as to whether the residential area within the East Everglades known as the “Eight and One-Half Square Mile Area” or adjacent agricultural areas, all as generally depicted on the map referred to in subsection 102(a), will be adversely affected by project modifications authorized in subsection (a).
(2) In determining whether adjacent agricultural areas will be adversely affected, the Secretary of the Army shall consider the impact of any flood protection system proposed to be implemented pursuant to subsection (c) on such agricultural areas.

(c) Flood Protection; Eight and One-Half Square Mile Area.—If the Secretary of the Army makes a determination pursuant to subsection (b) that the “Eight and One-Half Square Mile Area” will be adversely affected, the Secretary of the Army is authorized and directed to construct a flood protection system for that portion of presently developed land within such area.

(d) Flood Protection; Adjacent Agricultural Area.—(1) If the Secretary of the Army determines pursuant to subsection (b) that an adjacent agricultural area will be adversely affected, the Secretary of the Army is authorized and directed to construct a flood protection system for such area. Such determination shall be based on a finding by the Secretary of the Army that:

(A) the adverse effect will be attributable solely to a project modification authorized in subsection (a) or to a flood protection system implemented pursuant to subsection (c), or both; and

(B) such modification or flood protection system will result in a substantial reduction in the economic utility of such area based on its present agricultural use.

(2) No project modification authorized in subsection (a) which the Secretary of the Army determines will cause an adverse effect pursuant to subsection (b) shall be made operational until the Secretary of the Army has implemented measures to prevent such adverse effect on the adjacent agricultural area: Provided, That the Secretary of the Army or the South Florida Water Management District may operate the modification to the extent that the Secretary of the Army determines that such operation will not adversely affect the adjacent agricultural area: Provided further, That any preventive measure shall be implemented in a manner that presents the least prospect of harm to the natural resources of the park.

(3) Any flood protection system implemented by the Secretary of the Army pursuant to this subsection shall be required only to provide for flood protection for present agricultural uses within such adjacent agricultural area.

(4) The acquisition of land authorized in section 102 shall not be considered a project modification.

(e) Periodic Review.—(1) Not later than 18 months after the completion of the project modifications authorized in subsection (a), and periodically thereafter, the Secretary of the Army shall review the determination of adverse effect for adjacent agricultural areas.

(2) In conducting such review, the Secretary of the Army shall consult with all affected parties, including, but not limited to, the Secretary, the South Florida Water Management District and agricultural users within adjacent agricultural areas.

(3) If, on the basis of such review, the Secretary of the Army determines that an adjacent agricultural area has been, or will be adversely affected, the Secretary of the Army is authorized and directed, in accordance with the provisions of subsection (d), to construct a flood protection system for such area: Provided, That the provisions of subsection (d)(2) shall be applicable only to the extent that the Secretary, in consultation with the Secretary of the Army, determines that the park will not be adversely affected.
(4) The provisions of this subsection shall only be applicable if the Secretary of the Army has previously made a determination that such adjacent agricultural area will not be adversely affected.

(f) CURRENT CANAL OPERATING LEVELS.—Nothing in this section shall be construed to require or prohibit the Secretary of the Army or the South Florida Water Management District from maintaining the water level within any project canal below the maximum authorized operating level as of the date of enactment of this Act.

(g) NO LIMITATION ON OTHER CLAIMS.—If the Secretary of the Army makes a determination of no adverse effect pursuant to subsection (b), such determination shall not be considered as a limitation or prohibition against any available legal remedy which may otherwise be available.

(h) COORDINATION.—The Secretary and the Secretary of the Army shall coordinate the construction program authorized under this section and the land acquisition program authorized in section 102 in such a manner as will permit both to proceed concurrently and as will avoid unreasonable interference with property interests prior to the acquisition of such interests by the Secretary under section 102.

(i) WEST DADE WELLFIELD.—No Federal license, permit, approval, right-of-way or assistance shall be granted or issued with respect to the West Dade Wellfield (to be located in the Bird Drive Drainage Basin, as identified in the Comprehensive Development Master Plan for Dade County, Florida) until the Secretary, the Governor of the State of Florida, the South Florida Water Management District and Dade County, Florida enter into an agreement providing that the South Florida Water Management District's water use permit for the wellfield, if granted, must include the following limiting conditions: (1) the wellfield's peak pumpage rate shall not exceed 140,000,000 gallons per day; (2) the permit shall include reasonable, enforceable measures to limit demand on the wellfield in times of water shortage; and (3) if, during times of water shortage, the District fails to limit demand on the wellfield pursuant to (2), or if the District limits demand on the wellfield pursuant to (2), but the Secretary certifies that operation of the wellfield is still causing significant adverse impacts on the resources of the Park, the Governor shall require the South Florida Water Management District to take necessary actions to alleviate the adverse impact, including, but not limited to, temporary reductions in the pumpage from the wellfield.

(j) PROTECTION OF NATURAL VALUES.—The Secretary of the Army is directed in analysis, design and engineering associated with the development of a general design memorandum for works and operations in the “C-111 basin” area of the East Everglades, to take all measures which are feasible and consistent with the purposes of the project to protect natural values associated with Everglades National Park. Upon completion of a general design memorandum for the area, the Secretary shall prepare and transmit a report to the Committee on Energy and Natural Resources and the Committee on Environment and Public Works of the United States Senate and the Committee on Interior and Insular Affairs and the Committee on Public Works and Transportation of the United States House of Representatives on the status of the natural resources of the C-111 basin and functionally related lands.

SEC. 2. ANDEAN DRUG INITIATIVE.

(a) Findings relating to economic assistance needs.—The Congress finds that—

1. It is crucial to international antidrug efforts that funds be made available for crop substitution programs and alternative employment opportunities to provide alternative sources of income for those individuals in major coca producing countries who are dependent on illicit drug production activities, as well as for eradication, enforcement, rehabilitation and treatment, and education programs in those countries; and

2. The United States and other major donor countries (including European countries and Japan) should provide increased economic assistance, on an urgent basis, to those major coca producing countries which have taken concrete steps to attack illicit coca production, processing, and trafficking, by eradication, interdiction, or other methods which significantly reduce the flow of cocaine to the world market.

(b) Plan to address need for assistance.—The Congress, therefore, urges the Director of National Drug Control Policy to submit to the Congress in February 1990, as part of the National Drug Control

(c) ANDEAN SUMMIT.—The Congress urges the President in the strongest possible terms to include the following issues on the formal agenda of the meeting between the President and the heads of government of Bolivia, Colombia, and Peru, scheduled for early February 1990:

(1) Bilateral and multilateral antidrug efforts that make funds available for crop substitution programs and alternative employment opportunities in major coca producing countries, as well as for eradication, enforcement, rehabilitation and treatment, and education programs in those countries.

(2) Initiatives to improve and expand antidrug efforts in the Andean region, including through the use of United States international economic, commercial, and other policies.

(3) Prior bilateral discussions aimed at increasing multilateral economic development assistance from Japan, Canada, and Western European countries for antidrug efforts in the Andean region.

(4) Debt-for-drugs exchanges that forgive Andean bilateral debt held by the United States and other creditor countries in return for commitments by Andean governments to use the savings in debt service for antidrug programs, pursuant to agreements negotiated under section 481(h)(2)(B) of the Foreign Assistance Act of 1961 (22 U.S.C. 2291(h)(2)(B)) and other international agreements and initiatives.

(5) Bilateral and multilateral efforts to halt the transfer of arms, precursor chemicals, and sophisticated communications equipment and technology from legitimate sources to drug trafficking organizations.

(d) REPORT ON ANDEAN SUMMIT MEETING.—Not later than 30 days after the conclusion of the Andean summit meeting described in subsection (c), the President shall report to the Congress on the outcome of that meeting.

(e) SUPPLEMENTAL BUDGET REQUESTS.—At the same time as he submits the report required by subsection (d), the President shall submit to the Congress such supplemental budget requests for fiscal years 1990 and 1991 as may be necessary to cover the United States share of the cost of additional economic assistance to implement an Andean antidrug strategy, including the commitments made at the Andean summit meeting described in subsection (c).

such excess defense articles as may be necessary to carry out subsection (b).

"(b) Purpose.—Excess defense articles may be transferred under subsection (a) only for the purpose of encouraging the military forces of an eligible country in Latin America and the Caribbean to participate with local law enforcement agencies in a comprehensive national antinarcotics program, conceived and developed by the government of that country, by conducting activities within that country and on the high seas to prevent the production, processing, trafficking, transportation, and consumption of illicit narcotic or psychotropic drugs or other controlled substances (as defined in section 481(i)(3)).

During fiscal year 1990, section 620(q) of the Foreign Assistance Act of 1961 (22 U.S.C. 2370(q)) and section 518 of the Foreign Operations, Export Financing, and Related Programs Appropriation Act, 1990, do not apply with respect to narcotics-related assistance for a country which is a major illicit drug producing country (as defined in section 481(i)(2) of the Foreign Assistance Act of 1961) because of its coca production.

SEC. 7. MEXICO.

(a) LIMITATION ON NARCOTICS CONTROL ASSISTANCE.—

(1) LIMITATION.—Except as provided in paragraph (2), not more than $15,000,000 of the amounts made available for fiscal year 1990 to carry out chapter 8 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2291 and following; relating to international narcotics control assistance) may be made available for Mexico.

(2) PROCEDURE FOR ADDITIONAL ASSISTANCE.—Assistance in excess of the amount specified in paragraph (1) may be made available for Mexico only if the congressional committees specified in section 634A of the Foreign Assistance Act of 1961 (22 U.S.C. 2394-1) are notified at least 15 days in advance in accordance with the procedures applicable to reprogramming under that section.

(b) SENATE POLICY TOWARD THE CONTROL OF ILLEGAL DRUGS IN MEXICO.—

(1) FINDINGS.—The Senate finds that—

(A) the Foreign Assistance Act of 1961 requires, except in cases of vital national interest, that all countries determined to be a major illicit drug producing country or a major drug-transit country must be "cooperating fully" with United States antinarcotics activities in order to continue receiving various forms of United States foreign assistance;

(B) relations between the United States and Mexico have suffered since the 1985 kidnapping and murder of Drug Enforcement Administration agent Enrique Camarena and the 1986 torture of DEA agent Victor Cortez;

(C) testimony before the Senate dating to 1986 has indicated that high-ranking Mexican government, military, and law enforcement officials have been involved in illegal

narcotics operations, including narcotics trafficking operations into the United States;

(D) Mexico has been determined to be the primary producer of marijuana and heroin entering the United States and the transit point for up to 50 percent of the cocaine being smuggled into this country;

(E) there have been three drug-related mass murders involving more than 30 victims along the southwest border in recent months involving Mexican drug trafficking organizations;

(F) the United States continues to seek, with Mexican cooperation, hot pursuit and overflight authority for United States law enforcement agencies, access to bank records, verification of eradication figures, information on those who have been tried, charged, sentenced, and served time for narcotics-related crimes, and extradition of criminal figures;

(G) there was sworn in a new president and Government of Mexico on December 1, 1988, creating a new era of opportunity for increased cooperation and mutual friendship;

(H) the new President of Mexico, Carlos Salinas de Gortari, has indicated a strong willingness to expand and improve Mexico's antinarcotics activities;

(I) the Chief of the Mexico City Police Investigative Service, Miguel Nazar Haro, who is under indictment in the United States, has been fired;

(J) the Government of Mexico has arrested Miguel Angel Felix-Gallardo, one of the most notorious drug trafficking figures in Mexico;

(K) Mexican officials have for the first time conceded that corrupt Mexican officials, including law enforcement, government, and military officials, have previously protected Mr. Gallardo; and

(L) criminal charges of electoral fraud against the mayor of Hermosillo, Carlos Robles, and homicide and arms charges against the head of Mexico's Oil Workers Union, Joaquin Hernandez Galicia, have been filed.

(2) SENATE POLICY.—It is the sense of the Senate that—

(A) President Salinas should be supported in his expressed willingness to end the narcotics-related corruption that has permeated the Government of Mexico in the past;

(B) Mexico should conclude the prosecution of the murders of Drug Enforcement Administration agent Camarena, the perpetrators of torture against DEA agent Cortez, and make progress in the prosecution of Felix-Gallardo;

(C) Mexico should demonstrate its commitment to cooperating fully in antinarcotics activities by entering into negotiations with the United States on—

(i) joint overflight and hot pursuit operations, involving Mexican law enforcement officials traveling on United States interdiction aircraft with Mexican officers having responsibility for actual arrests of suspects;

(ii) participation of United States law enforcement agencies in air surveillance flights for interdiction efforts and joint United States-Mexico border enforcement and interdiction operations;
(iii) United States requests for access to bank records to assist in carrying out narcotics-related investigations; and

(iv) United States requests for verification of eradication statistics, including ground verification; and

(D) the people of Mexico should be supported in their efforts to rid their country of illicit narcotics, bribery and corruption, and electoral fraud.

SEC. 8. NONAPPLICABILITY OF CERTIFICATION PROCEDURES TO CERTAIN MAJOR DRUG-TRANSIT COUNTRIES.

Section 481(h) of the Foreign Assistance Act of 1961 shall not apply with respect to a major drug-transit country for fiscal year 1990 if the President certifies to the Congress, during that fiscal year, that—

(1) subparagraph (C) of section 481(i)(5) of that Act, relating to money laundering, does not apply to that country;

(2) the country previously was a major illicit drug producing country but, during each of the preceding two years, has effectively eliminated illicit drug production; and

(3) the country is cooperating fully with the United States or has taken adequate steps on its own—

(A) in satisfying the goals agreed to in an applicable bilateral narcotics agreement with the United States (as described in section 481(h)(2)(B) of that Act) or a multilateral agreement which achieves the objectives of that section;

(B) in preventing narcotic and psychotropic drugs and other controlled substances transported through such country from being sold illegally within the jurisdiction of such country to United States Government personnel or their dependents or from being transported, directly or indirectly, into the United States; and

(C) in preventing and punishing bribery and other forms of public corruption which facilitate the production, processing, or shipment of narcotic and psychotropic drugs and other controlled substances, or which discourage the investigation and prosecution of such acts.

SEC. 9. COORDINATION OF UNITED STATES TRADE POLICY AND NARCOTICS CONTROL OBJECTIVES.

(a) Need for Coordination.—It is the sense of the Congress that United States trade policy should be coordinated with United States narcotics control objectives, particularly with respect to issues such as the International Coffee Agreement.

(b) Presidential Review.—The Congress commends the President for reviewing whether the International Coffee Agreement negotiations should be resumed and whether the trade benefits provided in the Caribbean Basin Economic Recovery Act (19 U.S.C. 2701 and following) should be extended to the major coca producing countries of Latin America.

SEC. 10. DEBT-FOR-DRUGS EXCHANGES.

(a) Authority.—The President may release Bolivia, Colombia, or Peru from its obligation to make payments to the United States Government of principal and interest on account of a loan made to that country under the Foreign Assistance Act of 1961 (22 U.S.C.
2151 and following; relating to foreign assistance programs) or credits extended for that country under section 23 of the Arms Export Control Act (22 U.S.C. 2763; relating to foreign military sales credits) if the President determines that that country is implementing programs to reduce the flow of cocaine to the United States in accordance with a formal bilateral or multilateral agreement, to which the United States is a party, that contains specific, quantitative and qualitative, performance criteria with respect to those programs.

(b) CONGRESSIONAL REVIEW OF AGREEMENTS.—The President shall submit any such agreement with Bolivia, Colombia, or Peru to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate at least 15 days before exercising the authority of section (a) with respect to that country.

(b) COORDINATION WITH MULTILATERAL DEBT RELIEF ACTIVITIES.—The authority provided in subsection (a) shall be exercised in coordination with multilateral debt relief activities.

(c) EFFECTIVE DATE.—Subsection (a) takes effect on October 1, 1990.

SEC. 11. MULTILATERAL ANTINARCOTICS STRIKE FORCE.

(a) FINDINGS.—The Congress finds that—

(1) the Congress has, in the past, indicated its support for a multilateral, regional approach to narcotics control efforts;

(2) a proposal to create a multilateral, international antinarcotics force for the Western Hemisphere, is a plan worthy of praise and strong United States support;

(3) the development of a greater capability to assist the governments of Latin America and the Caribbean, including the Caribbean Basin nations, is an essential component of efforts to interdict the flow of narcotics to the United States; and

(4) regional leadership in the promotion of a multilateral, paramilitary force to combat the drug cartels is welcomed and encouraged.

(b) SENSE OF CONGRESS.—It is therefore the sense of the Congress that—

(1) the proposal for the promotion of a regional multilateral antinarcotics force for the Western Hemisphere should be endorsed; and

(2) the United States should work through the United Nations, the Organization of American States, and other multilateral organizations to determine the feasibility of such a force and should assist in the establishment of this force if it is found to be feasible.

SEC. 12. WEAPONS TRANSFERS TO INTERNATIONAL NARCOTICS TRAFFICKERS.

(a) HALTING WEAPONS TRANSFERS TO NARCOTICS TRAFFICKERS.—The Congress urges the President to seek agreement by the relevant foreign countries, especially the member countries of the North Atlantic Treaty Organization and the member countries of the Warsaw Pact, to join with the United States in taking the necessary steps to halt transfers of weapons to narcotics traffickers in Latin America.
(b) COORDINATION OF UNITED STATES EFFORTS TO TRACK ILLEGAL ARMS TRANSFERS.—The Congress urges the President to improve the coordination of United States Government efforts—

(1) to track the flow of weapons illegally from the United States and other countries to international narcotics traffickers, and

(2) to prevent such illegal shipments from the United States.

(c) INTERPOL.—The Congress calls upon the President to direct the United States representative to INTERPOL to urge that organization to study the feasibility of creating an international database on the flow of those types of weapons that are being acquired illegally by international narcotics traffickers.

(d) REPORT TO CONGRESS.—Not later than 6 months after the date of enactment of this Act, the President shall report to the Congress on the steps taken in accordance with this section.

SEC. 13. REWARDS FOR INFORMATION CONCERNING ACTS OF INTERNATIONAL TERRORISM.

Public Law 101–233
101st Congress

An Act

To conserve North American wetland ecosystems and waterfowl and the other migratory birds and fish and wildlife that depend upon such habitats.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "North American Wetlands Conservation Act".

SEC. 2. FINDINGS AND STATEMENT OF PURPOSE.

(a) FINDINGS.—The Congress finds and declares that—

(1) the maintenance of healthy populations of migratory birds in North America is dependent on the protection, restoration, and management of wetland ecosystems and other habitats in Canada, as well as in the United States and Mexico;

(2) wetland ecosystems provide essential and significant habitat for fish, shellfish, and other wildlife of commercial, recreational, scientific, and aesthetic values;

(3) almost 35 per centum of all rare, threatened, and endangered species of animals are dependent on wetland ecosystems;

(4) wetland ecosystems provide substantial flood and storm control values and can obviate the need for expensive manmade control measures;

(5) wetland ecosystems make a significant contribution to water availability and quality, recharging ground water, filtering surface runoff, and providing waste treatment;

(6) wetland ecosystems provide aquatic areas important for recreational and aesthetic purposes;

(7) more than 50 per centum of the original wetlands in the United States alone have been lost;

(8) wetlands destruction, loss of nesting cover, and degradation of migration and wintering habitat have contributed to long-term downward trends in populations of migratory bird species such as pintails, American bitterns, and black ducks;

(9) the migratory bird treaty obligations of the United States with Canada, Mexico, and other countries require protection of wetlands that are used by migratory birds for breeding, wintering, or migration and are needed to achieve and to maintain optimum population levels, distributions, and patterns of migration;

(10) the 1988 amendments to the Fish and Wildlife Conservation Act of 1980 require the Secretary of the Interior to identify conservation measures to assure that nongame migratory bird species do not reach the point at which measures of the Endangered Species Act are necessary;

(11) protection of migratory birds and their habitats requires long-term planning and the close cooperation and coordination of management activities by Canada, Mexico, and the United States within the framework of the 1916 and 1936 Migratory
Bird Conventions and the Convention on Nature Protection and Wildlife Preservation in the Western Hemisphere;

(12) the North American Waterfowl Management Plan, signed in 1986 by the Minister of Environment for Canada and the Secretary of the Interior for the United States, provides a framework for maintaining and restoring an adequate habitat base to ensure perpetuation of populations of North American waterfowl and other migratory bird species;

(13) a tripartite agreement signed in March 1988, by the Director General for Ecological Conservation of Natural Resources of Mexico, the Director of the Canadian Wildlife Service, and the Director of the United States Fish and Wildlife Service, provides for expanded cooperative efforts in Mexico to conserve wetlands for migratory birds that spend the winter there;

(14) the long-term conservation of migratory birds and habitat for these species will require the coordinated action of governments, private organizations, landowners, and other citizens; and

(15) the treaty obligations of the United States under the Convention on Wetlands of International Importance especially as waterfowl habitat requires promotion of conservation and wise use of wetlands.

(b) Purpose.—The purposes of this Act are to encourage partnership among public agencies and other interests—

(1) to protect, enhance, restore, and manage an appropriate distribution and diversity of wetland ecosystems and other habitats for migratory birds and other fish and wildlife in North America;

(2) to maintain current or improved distributions of migratory bird populations; and

(3) to sustain an abundance of waterfowl and other migratory birds consistent with the goals of the North American Waterfowl Management Plan and the international obligations contained in the migratory bird treaties and conventions and other agreements with Canada, Mexico, and other countries.

   (B) the restoration, management, or enhancement of wetland ecosystems and other habitat for migratory birds and other fish and wildlife species if such restoration, management, or enhancement is conducted on lands and waters that are administered for the long-term conservation of such lands and waters and the migratory birds and other fish and wildlife dependent thereon; and

(ii) in paragraph (3), by striking "subsection (1)" and inserting "subsections (1), (m), and (n)"; and

(C) by adding at the end the following new subsections:

"(m)(1)(A) If, within the 90-day period beginning on the date of the enactment of this subsection, the National Association of Insurance Commissioners (in this subsection and subsection (n) referred to as the 'Association') revises the amended NAIC Model Regulation (referred to in subsection (k)(1)(A) and adopted on September 20, 1988) to improve such regulation and otherwise to reflect the changes in law made by the Medicare Catastrophic Coverage Repeal Act of 1989, subsection (g)(2)(A) shall be applied in a State, effective on and after the date specified in subparagraph (B), as if the reference to the Model Regulation adopted on June 6, 1979, were a reference to the amended NAIC Model Regulation (referred to in subsection (k)(1)(A)) as revised by the Association in accordance with this paragraph (in this subsection and subsection (n) referred to as the 'revised NAIC Model Regulation').

"(B) The date specified in this subparagraph for a State is the earlier of the date the State adopts standards equal to or more stringent than the revised NAIC Model Regulation or 1 year after the date the Association first adopts such revised Regulation.

"(2)(A) If the Association does not revise the amended NAIC Model Regulation, within the 90-day period specified in paragraph (1)(A), the Secretary shall promulgate, not later than 60 days after the end of such period, revised Federal model standards (in this subsection and subsection (n) referred to as 'revised Federal model standards') for medicare supplemental policies to improve such standards and otherwise to reflect the changes in law made by the Medicare Catastrophic Coverage Repeal Act of 1989, subsection (g)(2)(A) shall be applied in a State, effective on and after the date specified in subparagraph (B), as if the reference to the Model Regulation adopted on June 6, 1979, were a reference to the revised Federal model standards.

"(B) The date specified in this subparagraph for a State is the earlier of the date the State adopts standards equal to or more stringent than the revised Federal model standards or 1 year after the date the Secretary first promulgates such standards.

"(3) Notwithstanding any other provision of this section (except as provided in subsection (n))—

"(A) no medicare supplemental policy may be certified by the Secretary pursuant to subsection (a),

"(B) no certification made pursuant to subsection (a) shall remain in effect, and

"(C) no State regulatory program shall be found to meet (or to continue to meet) the requirements of subsection (b)(1)(A), unless such policy meets (or such program provides for the application of standards equal to or more stringent than) the standards set
forth in the revised NAIC Model Regulation or the revised Federal model standards (as the case may be) by the date specified in paragraph (1)(B) or (2)(B) (as the case may be).

"(n)(1) Until the date specified in paragraph (4), in the case of a qualifying medicare supplemental policy described in paragraph (3) issued in a State—
   "(A) before the transition deadline, the policy is deemed to remain in compliance with the standards described in subsection (b)(1)(A) only if the insurer issuing the policy complies with the transition provision described in paragraph (2), or
   "(B) on or after the transition deadline, the policy is deemed to be in compliance with the standards described in subsection (b)(1)(A) only if the insurer issuing the policy complies with the revised NAIC Model Regulation or the revised Federal model standards (as the case may be) before the date of the sale of the policy.

In this paragraph, the term 'transition deadline' means 1 year after the date the Association adopts the revised NAIC Model Regulation or 1 year after the date the Secretary promulgates revised Federal model standards (as the case may be).

"(2) The transition provision described in this paragraph is—
   "(A) such transition provision as the Association provides, by not later than December 15, 1989, so as to provide for an appropriate transition (i) to restore benefit provisions which are no longer duplicative as a result of the changes in benefits under this title made by the Medicare Catastrophic Coverage Repeal Act of 1989 and (ii) to eliminate the requirement of payment for the first 8 days of coinsurance for extended care services, or
   "(B) if the Association does not provide for a transition provision by the date described in subparagraph (A), such transition provision as the Secretary shall provide, by January 1, 1990, so as to provide for an appropriate transition described in subparagraph (A).

"(3) In paragraph (1), the term 'qualifying medicare supplemental policy' means a medicare supplemental policy which has been issued in compliance with this section as in effect on the date before the date of the enactment of this subsection.

"(4)(A) The date specified in this paragraph for a policy issued in a State is—
   "(i) the first date a State adopts, after the date of the enactment of this subsection, standards equal to or more stringent than the revised NAIC Model Regulation (or revised Federal model standards), as the case may be, or
   "(ii) the date specified in subparagraph (B), whichever is earlier.

"(B) In the case of a State which the Secretary identifies, in consultation with the Association, as—
   "(i) requiring State legislation (other than legislation appropriating funds) in order for medicare supplemental policies to meet standards described in subparagraph (A)(i), but
   "(ii) having a legislature which is not scheduled to meet in 1990 in a legislative session in which such legislation may be considered, the date specified in this subparagraph is the first day of the first calendar quarter beginning after the close of the first legislative session of the State legislature that begins on or after January 1,
1990. For purposes of the previous sentence, in the case of a State that has a 2-year legislative session, each year of such session shall be deemed to be a separate regular session of the State legislature.

"(5) In the case of a medicare supplemental policy in effect on January 1, 1990, the policy shall not be deemed to meet the standards in subsection (c) unless each individual who is entitled to benefits under this title and is a policyholder or certificate holder under such policy on such date is sent a notice in an appropriate form by not later than January 31, 1990, that explains—

"(A) the changes in benefits under this title effected by the Medicare Catastrophic Coverage Repeal Act of 1989, and

"(B) how these changes may affect the benefits contained in such policy and the premium for the policy.

"(6)(A) Except as provided in subparagraph (B), in the case of an individual who had in effect, as of December 31, 1988, a medicare supplemental policy with an insurer (as a policyholder or, in the case of a group policy, as a certificate holder) and the individual terminated coverage under such policy before the date of the enactment of this subsection, no medicare supplemental policy of the insurer shall be deemed to meet the standards in subsection (c) unless the insurer—

"(i) provides written notice, no earlier than December 15, 1989, and no later than January 30, 1990, to the policyholder or certificate holder (at the most recent available address) of the offer described in clause (ii), and

"(ii) offers the individual, during a period of at least 60 days beginning not later than February 1, 1990, reinstitution of coverage (with coverage effective as of January 1, 1990), under the terms which (I) do not provide for any waiting period with respect to treatment of pre-existing conditions, (II) provides for coverage which is substantially equivalent to coverage in effect before the date of such termination, and (III) provides for classification of premiums on which terms are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage never terminated.

"(B) An insurer is not required to make the offer under subparagraph (A)(ii) in the case of an individual who is a policyholder or certificate holder in another medicare supplemental policy as of the date of the enactment of this subsection, if (as of January 1, 1990) the individual is not subject to a waiting period with respect to treatment of a pre-existing condition under such other policy.

(b) ADJUSTMENT OF CONTRACTS WITH PREPAID HEALTH PLANS.—Notwithstanding any other provision of this Act, the amendments made by this Act (other than the repeal of sections 1833(c)(5) and 1834(c)(6) of the Social Security Act) shall not apply to risk-sharing contracts, for contract year 1990—

(1) with eligible organizations under section 1876 of the Social Security Act, or

SEC. 101. ALLOCATION OF HOUSING ASSISTANCE.

(a) Assistance Subject to Formula Allocation.—Section 213(d)(1) of the Housing and Community Development Act of 1974 is amended to read as follows:

"(d)(1)(A) Except as provided by subparagraph (B), the Secretary shall allocate assistance referred to in subsection (a)(1) the first time it is available for reservation on the basis of a formula that is contained in a regulation prescribed by the Secretary, and that is
based on the relative needs of different States, areas, and communities, as reflected in data as to population, poverty, housing overcrowding, housing vacancies, amount of substandard housing, and other objectively measurable conditions specified in the regulation. In allocating assistance under this paragraph for each program of housing assistance under subsection (a)(1), the Secretary shall apply the formula, to the extent practicable, in a manner so that the assistance under the program is allocated according to the particular relative needs under the preceding sentence that are characteristic of and related to the particular type of assistance provided under the program. Assistance under section 202 of the Housing Act of 1959 shall be allocated in a manner that ensures that awards of the assistance under such section are made for projects of sufficient size to accommodate facilities for supportive services appropriate to the needs of frail elderly residents.

“(B) The formula allocation requirements of subparagraph (A) shall not apply to—

“(i) assistance that is approved in appropriation Acts for use under sections 9 or 14, or the rental rehabilitation grant program under section 17, of the United States Housing Act of 1937, except that the Secretary shall comply with section 102 of the Department of Housing and Urban Development Reform Act of 1989 with respect to such assistance; or

“(ii) other assistance referred to in subsection (a) that is approved in appropriation Acts for uses that the Secretary determines are incapable of geographic allocation, including amendments of existing contracts, renewal of assistance contracts, assistance to families that would otherwise lose assistance due to the decision of the project owner to prepay the project mortgage or not to renew the assistance contract, assistance to prevent displacement or to provide replacement housing in connection with the demolition or disposition of public and Indian housing, and assistance in support of the property disposition and loan management functions of the Secretary.

“(C) Any allocation of assistance under subparagraph (A) shall, as determined by the Secretary, be made to the smallest practicable area, consistent with the delivery of assistance through a meaningful competitive process designed to serve areas with greater needs.

“(D) Any amounts allocated to a State or areas or communities within a State that are not likely to be used within a fiscal year shall not be reallocated for use in another State, unless the Secretary determines that other areas or communities (that are eligible for assistance under the program) within the same State cannot use the amounts within that same fiscal year.”

(b) ALLOCATION TO NONMETROPOLITAN AREAS.—The second sentence of section 213(d)(2) of the Housing and Community Development Act of 1974 is amended by striking “such assistance” and inserting “the assistance that is subject to allocation under paragraph (1)(A)”.

(c) COMPETITION FOR ASSISTANCE.—Section 213(d) of the Housing and Community Development Act of 1974 is amended by adding at the end the following new paragraph:

“(5)(A) The Secretary shall not reserve or obligate assistance subject to allocation under paragraph (1)(A) to specific recipients, unless the assistance is first allocated on the basis of the formula contained in that paragraph and then is reserved and obligated pursuant to a competition.
“(B) Any competition referred to in subparagraph (A) shall be conducted pursuant to specific criteria for the selection of recipients of assistance. The criteria shall be contained in—

“(i) a regulation promulgated by the Secretary after notice and public comment; or

“(ii) to the extent authorized by law, a notice published in the Federal Register.

“(C) Subject to the times at which appropriations for assistance subject to paragraph (1)A) may become available for reservation in any fiscal year, the Secretary shall take such steps as the Secretary deems appropriate to ensure that, to the maximum extent practicable, the process referred to in subparagraph (A) is carried out with similar frequency and at similar times for each fiscal year.

“(D) This paragraph shall not apply to assistance referred to in paragraph (4).”.

(d) APPLICABILITY.—In accordance with section 201(b)(2) of the United States Housing Act of 1937, the amendments made by subsections (a), (b), and (c) of this section shall also apply to public housing developed or operated pursuant to a contract between the Secretary of Housing and Urban Development and an Indian housing authority.

(e) CONFORMING AMENDMENT.—Section 213(a)(1) of the Housing and Community Development Act of 1974 is amended by striking “section 235 or 236 of the National Housing Act.”

Such description shall be designed to help eligible applicants to apply for such assistance.

(3) PUBLICATION OF SELECTION CRITERIA.—Not less than 30 days before any deadline by which applications or requests for assistance under any program or discretionary fund administered by the Secretary must be submitted, the Secretary shall publish in the Federal Register the criteria by which selection for the assistance will be made. Subject to section 213 of the Housing and Community Development Act of 1974, such criteria shall include any objective measures of housing need, project merit, or efficient use of resources that the Secretary determines are appropriate and consistent with the statute under which the assistance is made available.

(4) DOCUMENTATION OF DECISIONS.—

(A) The Secretary shall award or allocate assistance only in response to a written application in a form approved in advance by the Secretary, except where other award or allocation procedures are specified in statute.

(B) The Secretary shall ensure that documentation and other information regarding each application for assistance is sufficient to indicate the basis on which any award or
allocation was made or denied. The preceding sentence shall apply to—

(i) any application for an award or allocation of assistance made by the Secretary to a State, unit of general local government, or other recipient of assistance, and

(ii) any application for a subsequent award or allocation of such assistance by such State, unit of general local government or other recipient.

(C)(i) The Secretary shall notify the public of all funding decisions made by the Department. The Secretary shall require any State or unit of general local government to notify the public of the award or allocation of such funding to subsequent recipients. The notification shall include the following elements for each funding decision:

(II) the name or other means of identifying the project, activity, or undertaking for each funding recipient;

(III) the dollar amount of the funding for each project, activity, or undertaking;

(IV) the citation to the statutory, regulatory, or other criteria under which the funding decision was made; and

(V) such additional information as the Secretary deems appropriate for a clear and full understanding of the funding decision.

(ii) The notification referred to in clause (i) of this subsection shall be published as a Notice in the Federal Register at least quarterly.

(iii) For purposes of this subparagraph, the term 'funding decision' means the decision of the Secretary to make available grants, loans, or any other form of financial assistance to an individual or to an entity, including (but not limited to) a State or local government or agency thereof (including a public housing agency), an Indian tribe, or a nonprofit organization, under any program administered by the Department that provides, by statute, regulation, or otherwise, for a competitive distribution of financial assistance.

(D) The Secretary shall publish a notice in the Federal Register at least annually informing the public of the allocation of assistance under section 213(d)(1)(A) of the Housing and Community Development Act of 1974.

(E) The Secretary shall ensure that each application and all related documentation and other information referred to in subparagraph (B), including each letter of support, is readily available for public inspection for a period of not less than 5 years, beginning not less than 30 days following the date on which the award or allocation is made.

(5) EMERGENCY EXCEPTION.—The Secretary may waive the requirements of paragraphs (1), (2), and (3) if the Secretary determines that the waiver is required for appropriate response to an emergency. Not less than 30 days after providing a waiver under the preceding sentence, the Secretary shall publish in the Federal Register the Secretary's reasons for so doing.
(b) Disclosures by Applicants.—The Secretary shall require the disclosure of information with respect to any application for assistance within the jurisdiction of the Department for a project application submitted to the Secretary or to any State or unit of general local government by any applicant who has received or, in the determination of the Secretary, can reasonably be expected to receive assistance within the jurisdiction of the Department in excess of $200,000 in the aggregate during any fiscal year or such lower amount as the Secretary may establish by regulation. Such information shall include the following:

For purposes of this paragraph, residency of an individual in housing for which assistance is being sought shall not, by itself, be considered a pecuniary interest.

(3) Expected Sources and Uses.—A report satisfactory to the Secretary of the expected sources and uses of funds that are to be made available for the project or activity.

(c) Updating of Disclosure.—During the period when an application is pending or assistance is being provided, the applicant shall update the disclosure required under the previous subsection within 30 days of any substantial change.

(d) Limitation of Assistance.—The Secretary shall certify that assistance within the jurisdiction of the Department to any housing project shall not be more than is necessary to provide affordable housing after taking account of assistance described in subsection (b)(1). The Secretary shall adjust the amount of assistance awarded or allocated to an applicant to compensate in whole or in part, as the Secretary determines to be appropriate, for any changes reported under subsection (c).

(e) Administrative Remedies.—If the Secretary receives or obtains information providing a reasonable basis to believe that a violation of subsection (b) or (c) has occurred, the Secretary shall—

If no hearing is requested within 15 days of receipt of the notice of opportunity for hearing, the imposition of the penalty shall constitute a final and unappealable determination. If the Secretary reviews the determination or order, the Secretary may affirm, modify, or reverse that determination or order. If the Secretary does not review the determination or order, the determination or order shall be final.

(2) **Factors in Determining Amount of Penalty.**—In determining the amount of a penalty under subsection (f), consideration shall be given to such factors as the gravity of the offense, ability to pay the penalty, injury to the public, benefits received, deterrence of future violations, and such other factors as the Secretary may determine in regulations to be appropriate.

(3) **Reviewability of Imposition of a Penalty.**—The Secretary's determination or order imposing a penalty under subsection (f) shall not be subject to review, except as provided in subsection (h).

The monetary judgment may, in the court’s discretion, include the attorneys’ fees and other expenses incurred by the United States in connection with the action. In an action under this subsection, the validity and appropriateness of the Secretary’s determination or order imposing the penalty shall not be subject to review.

"(A) necessary to provide a fair return on the owner's investment in the housing;

"(B) the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection; and

"(C) would not impose an undue hardship on tenants or an unreasonable cost to the Federal Government.

The amount of loans guaranteed under this subsection shall be subject to limits provided in appropriations Acts.

"(2) TIMING.—The Secretary is authorized to guarantee an equity loan under this subsection after the expiration of the 20-year period beginning on the date that an existing loan under subsection (b) of this section was made or insured. Not more than one equity loan under this subsection may be provided for any project.

"(3) AMOUNT OF THE TAKEOUT.—The amount of an equity loan under this subsection shall not exceed the difference between the outstanding principal on debt secured by the project and 90 percent of the appraised value of the project. The appraised value of the project shall be determined by 2 independent appraisers, 1 of whom shall be selected by the Secretary and 1 of whom shall be selected by the owner. If the 2 appraisers fail to agree on the value of the project, the Secretary and the owner shall jointly select a third appraiser whose appraisal shall be binding on the Secretary and the owner. The amount of the equity loan shall not exceed 30 percent of the amount of the original loan on the project made or insured under subsection (b).

The rent on a unit for which payment is made under this paragraph shall be increased by the amount of such payment.

"(5) RESERVE ACCOUNT.—

“(B) The Secretary shall make available amounts in the reserve account only for payments of principal and interest on an equity loan under this subsection. Such payments shall be in amounts necessary to ensure that rent payments made by low-income families residing in the housing do not exceed the maximum rent under section 521(a)(2)(A);

“(C) Any payments to the account, and interest on such payments, not expended in the project from which such payments were made, shall be used in other projects to make payments of principal and interest on an equity loan under this subsection. Such payments shall be in amounts necessary to ensure that rent payments made by low-income families residing in the housing do not exceed the maximum rent under section 521(a)(2)(A).

“(D) The Secretary shall make payments from accounts under this paragraph only to the extent provided in appropriations Acts.

“(6) SUBMISSION OF PLAN.—An owner requesting an equity loan under this subsection shall submit a plan acceptable to the Secretary to ensure that the cost of amortizing an equity loan under paragraph (1) does not result in the displacement of very-low-income tenants or substantially alter the income mix of the tenants in the project.

“(7) REGULATIONS.—The Secretary shall issue final regulations within 180 days from the date of enactment of this subsection.

“(8) EFFECTIVE DATE.—The requirements of this subsection shall apply to any applications for assistance under this section on or after the expiration of 180 days from the date of enactment of this subsection.”.

TITLE VIII—SECTION 8 RENT ADJUSTMENTS

SEC. 801. ANNUAL ADJUSTMENT FACTORS FOR SECTION 8 RENTS.

(a) Effect of Prior Comparability Studies.—

(1) In general.—In any case in which, in implementing section 8(c)(2) of the United States Housing Act of 1937—

(A) the use of comparability studies by the Secretary of Housing and Urban Development or the appropriate State agency as an independent limitation on the amount of rental adjustments resulting from the application of an annual adjustment factor under such section has resulted in the reduction of the maximum monthly rent for units covered by the contract or the failure to increase such contract rent to the full amount otherwise permitted under the annual adjustment factor, or

(B) an assistance contract requires a project owner to make a request before becoming eligible for a rent adjustment under the annual adjustment factor and the project owner certifies that such a request was not made because of anticipated negative adjustment to the project rents, for fiscal year 1980, and annually thereafter until regulations implementing this section take effect, rental adjustments shall be calculated as an amount equal to the annual adjustment factor multiplied by a figure equal to the contract rent minus the amount of contract rent attributable to debt service. Upon the request of the project owner, the Secretary shall pay to the project owner the amount, if any, by which the total rental adjustment calculated under the preceding sentence exceeds the total adjustments the Secretary or appropriate State agency actually approved, except that solely for purposes of calculating retroactive payments under this subsection, in no event shall any project owner be paid an amount less than 30 percent of a figure equal to the aggregate of the annual adjustment factor multiplied by the full contract rent for each year on or after...
fiscal year 1980, minus the sum of the rental payments the Secretary or appropriate State agency actually approved for those years. The method provided by this subsection shall be the exclusive method by which retroactive payments, whether or not requested, may be made for projects subject to this subsection for the period from fiscal year 1980 until the regulations issued under subsection (e) take effect. For purposes of this paragraph, “debt service” shall include interest, principal, and mortgage insurance premium if any.

(2) **Applicability.**—

(A) **In General.**—Subsection (a) shall apply with respect to any use of comparability studies referred to in such subsection occurring before the effective date of the regulations issued under subsection (e).

(B) **Final Litigation.**—Subsection (a) shall not apply to any project with respect to which litigation regarding the authority of the Secretary to use comparability studies to limit rental adjustments under section 8(c)(2) of the United States Housing Act of 1937 has resulted in a judgment before the effective date of this Act that is final and not appealable (including any settlement agreement).

(b) **3-Year Payments.**—The Secretary shall provide the amounts under subsection (a) over the 3-year period beginning on the effective date of the regulations issued under subsection (e). The Secretary shall provide the payments authorized under subsection (a) only to the extent approved in subsequent appropriations Acts. There are authorized to be appropriated such sums as may be necessary for this purpose.

(c) **Comparability Studies.**—Section 8(c)(2)(C) of the United States Housing Act of 1937 (42 U.S.C. 1437f(c)(2)(C)) is amended by inserting after the period at the end of the first sentence the following: “In implementing the limitation established under the preceding sentence, the Secretary shall establish regulations for conducting comparability studies for projects where the Secretary has reason to believe that the application of the formula adjustments under subparagraph (A) would result in such material differences. The Secretary shall conduct such studies upon the request of any owner of any project, or as the Secretary determines to be appropriate by establishing, to the extent practicable, a modified annual adjustment factor for such market area, as the Secretary shall designate, that is geographically smaller than the applicable housing area used for the establishment of the annual adjustment factor under subparagraph (A). The Secretary shall establish such modified annual adjustment factor on the basis of the results of a study conducted by the Secretary of the rents charged, and any change in such rents over the previous year, for assisted units and unassisted units of similar quality, type, and age in the smaller market area. Where the Secretary determines that such modified annual adjustment factor cannot be established or that such factor when applied to a particular project would result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, the Secretary may apply an alternative methodology for conducting comparability studies in order to establish rents that are not materially different from rents charged for comparable unassisted units.”

(d) **Determination of Contract Rent.**—(1) The Secretary shall upon the request of the project owner, make a one-time determina-
tion of the contract rent for each project owner referred to in subsection (a). The contract rent shall be the greater of the contract rent—

(A) currently approved by the Secretary under section 8(c)(2) of the United States Housing Act of 1937, or

(B) calculated in accordance with the first sentence of subsection (a)(1).

(2) All adjustments in contract rents under section 8(c)(2) of the United States Housing Act of 1937, including adjustments involving projects referred to in subsection (a), that occur beginning with the first anniversary date of the contract after the regulations issued under subsection (e) take effect shall be made in accordance with the annual adjustment and comparability provisions of sections 8(c)(2)(A) and 8(c)(2)(C) of such Act, respectively, using the one-time contract rent determination under paragraph (1).

(e) Regulations.—The Secretary shall issue regulations to carry out this section and the amendments made by this section, including the amendments made by subsection (c) with regard to annual adjustment factors and comparability studies. The Secretary shall issue such regulations not later than the expiration of the 180-day period beginning on the date of the enactment of this Act.

(f) Report.—Not later than March 1, 1990, the Secretary shall report to the Congress on the feasibility and desirability, and the budgetary, legal, and administrative aspects, of adjusting contract rents under section 8(c)(2)(C) of the United States Housing Act of 1937 on the basis of any alternative methodologies that are simpler in application than individual project comparability studies.

(g) Technical Amendment.—The first sentence of section 8(c)(2)(C) of the United States Housing Act of 1937 is amended by inserting “, type,” after “quality”.

An Act

To amend the Immigration and Nationality Act to provide for adjustment of status, without regard to numerical limitations, for certain H-1 nonimmigrant nurses and to establish conditions for the admission, during a 5-year period, of nurses as temporary workers.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Immigration Nursing Relief Act of 1989”.

SEC. 2. ADJUSTMENT OF STATUS FOR CERTAIN H-1 NONIMMIGRANT NURSES.

(a) IN GENERAL.—The numerical limitations of sections 201 and 202 of the Immigration and Nationality Act shall not apply to the adjustment of status under section 245 of such Act of an immigrant, and the immigrant’s accompanying spouse and children—

(1) who, as of September 1, 1989, has the status of a nonimmigrant under paragraph (15)(H)(i) of section 101(a) of such Act to perform services as a registered nurse,

(2) who, for at least 3 years before the date of application for adjustment of status (whether or not before, on, or after, the date of the enactment of this Act), has been employed as a registered nurse in the United States, and

(3) whose continued employment as a registered nurse in the United States meets the standards established for the certification described in section 212(a)(14) of such Act.

The Attorney General shall promulgate regulations to carry out this subsection by not later than 90 days after the date of the enactment of this Act.

(b) TRANSITION.—For purposes of adjustment of status under section 245 of the Immigration and Nationality Act in the case of an alien who, as of December 31, 1989, is present in the United States in the lawful status of a nonimmigrant under section 101(a)(15)(H)(i) of such Act to perform services as a registered nurse, or who is the spouse or child of such an alien, such alien shall be considered as having continued to maintain lawful status as such a nonimmigrant until the end of the 120-day period beginning on the date the Attorney General promulgates regulations carrying out subsection (a).

(c) APPLICATION OF IMMIGRATION AND NATIONALITY ACT PROVISIONS.—The definitions contained in the Immigration and Nationality Act shall apply in the administration of this section. The fact that an alien may be eligible to be granted the status of having been lawfully admitted for permanent residence under this section shall not preclude the alien from seeking such status under any other provision of law for which the alien may be eligible.
(d) **APPLICATION PERIOD.**—The alien, and accompanying spouse and children, must apply for such adjustment within the 5-year period beginning on the date the Attorney General promulgates regulations required under subsection (a).

**SEC. 3. REQUIREMENTS FOR ADMISSION OF NONIMMIGRANT NURSES DURING 5-YEAR PERIOD.**

(a) **ESTABLISHMENT OF A NEW NONIMMIGRANT CLASSIFICATION FOR NONIMMIGRANT NURSES.**—Section 101(a)(15)(H)(i) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(i)) is amended—

(1) by inserting "(a) who is coming temporarily to the United States to perform services as a registered nurse, who meets the qualifications described in section 212(m)(1), and with respect to whom the Secretary of Labor determines and certifies to the Attorney General that an unexpired attestation is on file and in effect under section 212(m)(2) for the facility for which the alien will perform the services, or (b)" after "(i)", and

(2) by inserting "(other than services as a registered nurse)" after "to perform services".

(b) **REQUIREMENTS.**—Section 212 of such Act (8 U.S.C. 1182) is amended by adding at the end the following new subsection:

"(m)(1) The qualifications referred to in section 101(a)(15)(H)(i)(a), with respect to an alien who is coming to the United States to perform nursing services for a facility, are that the alien—

"(A) has obtained a full and unrestricted license to practice professional nursing in the country where the alien obtained nursing education or has received nursing education in the United States or Canada;

"(B) has passed an appropriate examination (recognized in regulations promulgated in consultation with the Secretary of Health and Human Services) or has a full and unrestricted license under State law to practice professional nursing in the State of intended employment; and

"(C) is fully qualified and eligible under the laws (including such temporary or interim licensing requirements which authorize the nurse to be employed) governing the place of intended employment to engage in the practice of professional nursing as a registered nurse immediately upon admission to the United States and is authorized under such laws to be employed by the facility.

"(2)(A) The attestation referred to in section 101(a)(15)(H)(i)(a), with respect to a facility for which an alien will perform services, is an attestation as to the following:

"(i) There would be a substantial disruption through no fault of the facility in the delivery of health care services of the facility without the services of such an alien or aliens.

"(ii) The employment of the alien will not adversely affect the wages and working conditions of registered nurses similarly employed.

"(iii) The alien will be paid the wage rate for registered nurses similarly employed by the facility.

"(iv) Either (I) the facility has taken and is taking timely and significant steps designed to recruit and retain sufficient registered nurses who are United States citizens or immigrants who are authorized to perform nursing services, in order to remove as quickly as reasonably possible the dependence of the facility on nonimmigrant registered nurses, or (II) the facility is
subject to an approved State plan for the recruitment and retention of nurses (described in paragraph (3)).

"(v) There is not a strike or lockout in the course of a labor dispute, and the employment of such an alien is not intended or designed to influence an election for a bargaining representative for registered nurses of the facility.

"(vi) At the time of the filing of the petition for registered nurses under section 101(a)(15)(H)(i)(a), notice of the filing has been provided by the facility to the bargaining representative of the registered nurses at the facility or, where there is no such bargaining representative, notice of the filing has been provided to registered nurses employed at the facility through posting in conspicuous locations.

A facility is considered not to meet clause (i) (relating to an attestation of a substantial disruption in delivery of health care services) if the facility, within the previous year, laid off registered nurses. Nothing in clause (iv) shall be construed as requiring a facility to have taken significant steps described in such clause before the date of the enactment of this subsection.

"(B) For purposes of subparagraph (A)(iv)(I), each of the following shall be considered a significant step reasonably designed to recruit and retain registered nurses:

"(i) Operating a training program for registered nurses at the facility or financing (or providing participation in) a training program for registered nurses elsewhere.

"(ii) Providing career development programs and other methods of facilitating health care workers to become registered nurses.

"(iii) Paying registered nurses wages at a rate higher than currently being paid to registered nurses similarly employed in the geographic area.

"(iv) Providing adequate support services to free registered nurses from administrative and other nonnursing duties.

"(v) Providing reasonable opportunities for meaningful salary advancement by registered nurses.

The steps described in this subparagraph shall not be considered to be an exclusive list of the significant steps that may be taken to meet the conditions of subparagraph (A)(iv)(I). Nothing herein shall require a facility to take more than one step, if the facility can demonstrate that taking a second step is not reasonable.

"(C) Subject to subparagraph (E), an attestation under subparagraph (A) shall—

"(i) expire at the end of the 1-year period beginning on the date of its filing with the Secretary of Labor, and

"(ii) apply to petitions filed during such 1-year period if the facility states in each such petition that it continues to comply with the conditions in the attestation.

"(D) A facility may meet the requirements under this paragraph with respect to more than one registered nurse in a single petition.

"(E)(i) The Secretary of Labor shall compile and make available for public examination in a timely manner in Washington, D.C., a list identifying facilities which have filed petitions for nonimmigrants under section 101(a)(15)(H)(i)(a) and, for each such facility, a copy of the facility's attestation under subparagraph (A) (and accompanying documentation) and each such petition filed by the facility.
“(ii) The Secretary of Labor shall establish a process for the receipt, investigation, and disposition of complaints respecting a facility’s failure to meet conditions attested to or a facility’s misrepresentation of a material fact in an attestation. Complaints may be filed by any aggrieved person or organization (including bargaining representatives, associations deemed appropriate by the Secretary, and other aggrieved parties as determined under regulations of the Secretary). The Secretary shall conduct an investigation under this clause if there is reasonable cause to believe that a facility fails to meet conditions attested to.

“(iii) Under such process, the Secretary shall provide, within 180 days after the date such a complaint is filed, for a determination as to whether or not a basis exists to make a finding described in clause (iv). If the Secretary determines that such a basis exists, the Secretary shall provide for notice of such determination to the interested parties and an opportunity for a hearing on the complaint within 60 days of the date of the determination.

“(iv) If the Secretary of Labor finds, after notice and opportunity for a hearing, that a facility (for which an attestation is made) has failed to meet a condition attested to or that there was a misrepresentation of material fact in the attestation, the Secretary shall notify the Attorney General of such finding and may, in addition, impose such other administrative remedies (including civil monetary penalties in an amount not to exceed $1,000 per violation) as the Secretary determines to be appropriate. Upon receipt of such notice, the Attorney General shall not approve petitions filed with respect to a facility during a period of at least 1 year for nurses to be employed by the facility.

“(v) In addition to the sanctions provided under clause (iv), if the Secretary of Labor finds, after notice and an opportunity for a hearing, that a facility has violated the condition attested to under subparagraph (A)(iii) (relating to payment of registered nurses at the prevailing wage rate), the Secretary shall order the facility to provide for payment of such amounts of back pay as may be required to comply with such condition.

“(3) The Secretary of Labor shall provide for a process under which a State may submit to the Secretary a plan for the recruitment and retention of United States citizens and immigrants who are authorized to perform nursing services as registered nurses in facilities in the State. Such a plan may include counseling and educating health workers and other individuals concerning the employment opportunities available to registered nurses. The Secretary shall provide, on an annual basis in consultation with the Secretary of Health and Human Services, for the approval or disapproval of such a plan, for purposes of paragraph (2)(A)(iv)(II). Such a plan may not be considered to be approved with respect to the facility unless the plan provides for the taking of significant steps described in paragraph (2)(A)(iv)(I) with respect to registered nurses in the facility.

“(4) The period of admission of an alien under section 101(a)(15)(H)(i)(a) shall be for an initial period of not to exceed 3 years, subject to an extension for a period or periods, not to exceed a total period of admission of 5 years (or a total period of admission of 6 years in the case of extraordinary circumstances, as determined by the Attorney General).
“(5) For purposes of this subsection and section 101(a)(15)(H)(i)(a), the term ‘facility’ includes an employer who employs registered nurses in a home setting.”

(c) IMPLEMENTATION.—The Secretary of Labor (in consultation with the Secretary of Health and Human Services) shall—

(1) first publish final regulations to carry out section 212(m) of the Immigration and Nationality Act (as added by this section) not later than the first day of the 8th month beginning after the date of the enactment of this Act; and

(2) provide for the appointment (by January 1, 1991) of an advisory group, including representatives of the Secretary, the Secretary of Health and Human Services, the Attorney General, hospitals, and labor organizations representing registered nurses, to advise the Secretary—

(A) concerning the impact of this section on the nursing shortage,

(B) on programs that medical institutions may implement to recruit and retain registered nurses who are United States citizens or immigrants who are authorized to perform nursing services,

(C) on the formulation of State recruitment and retention plans under section 212(m)(3) of the Immigration and Nationality Act, and

(D) on the advisability of extending the amendments made by this section beyond the 5-year period described in subsection (d).

(d) LIMITING APPLICATION OF NONIMMIGRANT CHANGES TO 5-YEAR PERIOD.—The amendments made by the previous provisions of this section shall apply to classification petitions filed for nonimmigrant status only during the 5-year period beginning on the first day of the 9th month beginning after the date of the enactment of this Act.

SEC. 4. FRAUD PREVENTION IN SAW PROGRAM.

(a) Section 210(a)(3) of the Immigration and Nationality Act (8 U.S.C. 1160(a)(3)) is amended by—

(1) inserting “(A)” before “During”, and

(2) inserting at the end of such paragraph the following new subparagraph:

“(B) Before any alien becomes eligible for adjustment of status under paragraph (2), the Attorney General may deny adjustment to permanent status and provide for termination of the temporary resident status granted such alien under paragraph (1) if—

“(i) the Attorney General finds by a preponderance of the evidence that the adjustment to temporary resident status was the result of fraud or willful misrepresentation as set out in section 212(a)(19), or

“(ii) the alien commits an act that (I) makes the alien inadmissible to the United States as an immigrant, except as provided under subsection (c)(2), or (II) is convicted of a felony or 3 or more misdemeanors committed in the United States.”.

(b) Section 210(b)(6)(A) of the Immigration and Nationality Act (8 U.S.C. 1160) is amended to read as follows:

“(A) use the information furnished pursuant to an application filed under this section for any purpose other than to make a determination on the application including a deter-
mination under subparagraph (a)(3)(B), or for enforcement of paragraph (7)".

SEC. 5. PILOT PROJECTS FOR SECURE DOCUMENTS.

(a) CONSULTATION.—Before June 1, 1991, the Attorney General shall consult with State governments on any proper State initiative to improve the security of State or local documents which would satisfy the requirements of section 274A(b)(1) of the Immigration and Nationality Act (8 U.S.C. 1324a). The result of such consultations shall be reported, before September 1, 1991, to the Committees on the Judiciary of the Senate and House of Representatives of the United States.

(b) ASSISTANCE FOR STATE INITIATIVES.—After such consultation described in subsection (a), the Attorney General shall make grants to, and enter into contracts with (to such extent or in such amounts as are provided in an appropriation Act), the State of California and at least 2 other States with large immigrant populations to promote any State initiatives to improve the security of State or local documents which would satisfy the requirements of section 274A(b)(1) of the Immigration and Nationality Act.

"(iii) the identification of health, employment, and social services, and

"(E)(i) subject to clause (ii), to make payments for education and outreach efforts by State agencies regarding unfair discrimination in employment practices based on national origin or citizenship status,

“(C) If the Secretary estimates that the average market price for the 1990 crop of soybeans will be below 110 percent of such loan rate, the Secretary shall reduce the percentage of permitted acreage on the farm that may be planted to soybeans, sunflowers, and safflowers to a level, or prohibit such plantings, as necessary to ensure that the average soybean market price does not fall below 110 percent of such loan rate.

SEC. 2003. CHANGES IN THE SUPPLEMENTAL LOANS FOR STUDENTS PROGRAM.

(a) RESTRICTIONS ON SLS PROGRAM AT INSTITUTIONS WITH HIGH COHORT DEFAULT RATES.—

(1) RESTRICTION.—Section 428A(a) of the Higher Education Act of 1965 (20 U.S.C. 1078-1(a)) is amended—

(A) by striking "(a) AUTHORITY TO BORROW.—Graduate and professional students"; and inserting the following:

“(a) AUTHORITY TO BORROW.—

“(1) STUDENT ELIGIBILITY.—Graduate and professional students";

(B) by indenting the remaining text of subsection (a) two em spaces; and
(C) by adding at the end thereof the following:

“(2) INSTITUTIONAL ELIGIBILITY.—Funds may not be borrowed under this section by any undergraduate student who is enrolled at any institution during any fiscal year if the cohort default rate for such institution, for the most recent fiscal year for which such rates are available, equals or exceeds 30 percent. The Secretary shall notify institutions to which such restriction applies annually, and specify the fiscal year covered by the restriction. The Secretary shall afford any institution to which such restriction applies an opportunity to present evidence contesting the accuracy of the calculation of the cohort default rate for such institution.”.

(2) DEFINITION.—Section 435 of such Act (20 U.S.C. 1085) is amended by adding at the end thereof the following new subsection:

“(m) COHORT DEFAULT RATE.—The term ‘cohort default rate’ means, for any fiscal year in which 30 or more current and former students at the institution enter repayment on loans under section 428 or 428A received for attendance at the institution, the percentage of those current and former students who enter repayment on such loans received for attendance at that institution in that fiscal year who default before the end of the following fiscal year. For any fiscal year in which less than 30 of the institution’s current and former students enter repayment, the term ‘cohort default rate’ means the average of the rate calculated under the preceding sentence for the 3 most recent fiscal years. In the case of a student who has attended and borrowed at more than one school, the student (and his or her subsequent repayment or default) is attributed to each school for attendance at which the student received a loan that entered repayment in the fiscal year. A loan on which a payment is made by the school, its owner, agent, contractor, employee, or any other entity or individual affiliated with such school, in order to avoid default by the borrower, is considered as in default for purposes of this subsection. Any loan which has been rehabilitated before the end of such following fiscal year is not considered as in default for purposes of this subsection. The Secretary shall prescribe regulations designed to prevent an institution from evading the application to that institution of a default rate determination under this subsection through the use of such measures as branching, consolidation, change of ownership or control, or any similar device.”.

(3) EFFECTIVE DATE.—

(A) Except as provided in subparagraph (B), the amendments made by this subsection shall apply to loans made on or after January 1, 1990, and before October 1, 1991. (B) The amendments made by this subsection shall not be applied to prevent an individual who is enrolled on the date of enactment of this Act in a program of instruction for which the individual has obtained a loan under section 428A of the Higher Education Act of 1965 from receiving additional loans under such section to cover the cost of
attendance at that eligible institution to complete that program of instruction.

(C) If, on or after November 8, 1989, the duration of any program of instruction is extended, subparagraph (B) shall not permit a student enrolled in such program of instruction to receive additional loans under such section 428A during the extension.

"(A) $2,500 for a student who is determined, in accordance with such regulations, to be enrolled in a program whose length is at least \( \frac{3}{4} \) of an academic year;

"(B) $1,500 for a student who is determined, in accordance with such regulations, to be enrolled in a program whose length is less than \( \frac{3}{4} \), but at least \( \frac{1}{2} \), of an academic year; and

"(b) ADDITIONAL INFORMATION.—For the purposes of research and policy analysis, the proposal shall also contain provisions for obtaining additional data concerning the characteristics of borrowers and the extent of student loan indebtedness on a statistically valid sample of borrowers under part B. Such data shall include—

"(1) information concerning the income level of the borrower and his family and the extent of the borrower's need for student financial assistance, including loans;

"(2) information concerning the type of institution attended by the borrower and the year of the program of education for which the loan was obtained;

"(d) REPORT TO CONGRESS.—The Secretary shall prepare and submit to the appropriate committees of the Congress, in each fiscal year, a report describing the results obtained by the establishment and operation of the student loan data system authorized by this section.”.

SEC. 2009. INFORMATION USED IN EXERCISE OF AID ADMINISTRATOR DISCRETION.

Section 479A(a) of such Act (20 U.S.C. 1987tt(a)) is amended to read as follows:

"Sec. 479A. (a) IN GENERAL.—Nothing in this title shall be interpreted as limiting the authority of the financial aid administrator, on the basis of adequate documentation, to make adjustments on a case-by-case basis to the cost of attendance or the data required to calculate the expected student or parent contribution (or both) to allow for treatment of an individual eligible applicant with special circumstances not addressed by the data elements in subparts 1 and 2 of part A and parts B, C, and E of this title. However, this authority shall not be construed to permit aid administrators to deviate from the contributions expected under subparts 1 and 2 of part A and parts B, C, and E in the absence of special circumstances. Special circumstances shall be conditions that differentiate an individual student from a class of students rather than conditions that exist across a class of students. Adequate documentation for such adjustments shall substantiate such special circumstances of individual students. In addition, nothing in this title shall be interpreted as limiting the authority of the student financial aid administrator in such cases to request and use supplementary information about the financial status or personal circumstances of eligible applicants in selecting recipients and determining the amount of
awards under subparts 1 and 2 of part A and parts B, C, and E of this title.”.

(a) In General.—Section 502 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1132) is amended by adding at the end thereof the following new subsection:

“(l)(1) In the case of—

“(A) any breach of fiduciary responsibility under (or other violation of) part 4 by a fiduciary, or

“(B) any knowing participation in such a breach or violation by any other person,

the Secretary shall assess a civil penalty against such fiduciary or other person in an amount equal to 20 percent of the applicable recovery amount.

“(2) For purposes of paragraph (1), the term ‘applicable recovery amount’ means any amount which is recovered from a fiduciary or other person with respect to a breach or violation described in paragraph (1)—

“(A) pursuant to any settlement agreement with the Secretary, or

“(B) ordered by a court to be paid by such fiduciary or other person to a plan or its participants and beneficiaries in a judicial proceeding instituted by the Secretary under subsection (a)(2) or (a)(5).

“(3) The Secretary may, in the Secretary’s sole discretion, waive or reduce the penalty under paragraph (1) if the Secretary determines in writing that—

“(A) the fiduciary or other person acted reasonably and in good faith, or

“(B) it is reasonable to expect that the fiduciary or other person will not be able to restore all losses to the plan without severe financial hardship unless such waiver or reduction is granted.

“(4) The penalty imposed on a fiduciary or other person under this subsection with respect to any transaction shall be reduced by the amount of any penalty or tax imposed on such fiduciary or other person with respect to such transaction under subsection (i) of this section and section 4975 of the Internal Revenue Code of 1986.”.

(b) Conforming Amendment.—Section 502(a)(6) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1132(a)(6)) is amended by inserting “or (l)” after “subsection (i)”.

(c) Effective Date.—The amendments made by this section shall apply to any breach of fiduciary responsibility or other violation occurring on or after the date of the enactment of this Act.

“(ii) Limit in Reduction.—In the case of a service in a fee schedule area for which the adjusted historical payment basis exceeds 115 percent of the fee schedule amount for services furnished in 1992, there shall be substituted for the fee schedule amount an amount equal to the adjusted historical payment basis minus 15 percent of the fee schedule amount otherwise established (without regard to this paragraph).

“(B) Special Rule for 1993, 1994, and 1995.—If a physicians' service in a fee schedule area is subject to the provisions of subparagraph (A) in 1992, for physicians' services furnished in the area—

“(i) during 1993, there shall be substituted for the fee schedule amount an amount equal to the sum of—

“(I) 75 percent of the fee schedule amount determined under subparagraph (A), adjusted by the update established under subsection (d)(3) for 1993, and

“(II) 25 percent of the fee schedule amount determined under paragraph (1) for 1993 without regard to this paragraph;

“(ii) during 1994, there shall be substituted for the fee schedule amount an amount equal to the sum of—
"(I) 67 percent of the fee schedule amount determined under clause (i), adjusted by the update established under subsection (d)(3) for 1994, and
"(II) 33 percent of the fee schedule amount determined under paragraph (1) for 1994 without regard to this paragraph; and
"(iii) during 1995, there shall be substituted for the fee schedule amount an amount equal to the sum of—
"(I) 50 percent of the fee schedule amount determined under clause (ii) adjusted by the update established under subsection (d)(3) for 1995, and
"(II) 50 percent of the fee schedule amount determined under paragraph (1) for 1995 without regard to this paragraph.
"(C) Special Rule for Anesthesia Services.—With respect to physicians’ services which are anesthesia services, the Secretary shall provide for a transition in the same manner as a transition is provided for other services under subparagraph (B).
"(D) Adjusted Historical Payment Basis Defined.—
"(i) In General.—In this paragraph, the term ‘adjusted historical payment basis’ means, with respect to a physicians’ service furnished in a fee schedule area, the weighted average prevailing charge applied in the area for the service in 1991 (as determined by the Secretary without regard to physician specialty and as adjusted to reflect payments for services with customary charges below the prevailing charge or other payment limitations imposed by law or regulation) adjusted by the update established under subsection (d)(3) for 1992.
"(ii) Application to Radiology Services.—In applying clause (i) in the case of physicians’ services which are radiology services (including radiologist services, as defined in section 1834(b)(6)), there shall be substituted for the weighted average prevailing charge the amount provided under the fee schedule established for the service for the fee schedule area under section 1834(b).
"(3) Incentives for Participating Physicians.—In applying paragraph (1)(B) in the case of a nonparticipating physician, the fee schedule amount shall be 95 percent of such amount otherwise applied under this subsection (without regard to this paragraph).
"(b) Establishment of Fee Schedules.—
"(1) In General.—Before January 1 of each year beginning with 1992, the Secretary shall establish, by regulation, fee schedules that establish payment amounts for all physicians’ services furnished in all fee schedule areas (as defined in subsection (j)(2)) for the year. Except as provided in paragraph (2), each such payment amount for a service shall be equal to the product of—
"(A) the relative value for the service (as determined in subsection (c)(2)),
"(B) the conversion factor (established under subsection (d)) for the year, and
"(C) the geographic adjustment factor (established under subsection (e)(2)) for the service for the fee schedule area.
"(2) Treatment of radiology services and anesthesia services.—

"(A) Radiology services.—With respect to radiology services (including radiologist services, as defined in section 1834(b)(6)), the Secretary shall base the relative values on the relative value scale developed under section 1834(b)(1)(A), with appropriate modifications of the relative values to assure that the relative values established for radiology services which are similar or related to other physicians' services are consistent with the relative values established for those similar or related services.

"(B) Anesthesia services.—In establishing the fee schedule for anesthesia services for which a relative value guide has been established under section 4048(b) of the Omnibus Budget Reconciliation Act of 1987, the Secretary shall use, to the extent practicable, such relative value guide, with appropriate adjustment of the conversion factor, in a manner to assure that the fee schedule amounts for anesthesia services are consistent with the fee schedule amounts for other services determined by the Secretary to be of comparable value. In applying the previous sentence, the Secretary shall adjust the conversion factor by geographic adjustment factors in the same manner as such adjustment is made under paragraph (1)(C).

"(C) Consultation.—The Secretary shall consult with the Physician Payment Review Commission and organizations representing physicians or suppliers who furnish radiology services and anesthesia services in applying subparagraphs (A) and (B).

"(c) Determination of relative values for physicians' services.—

"(1) Division of physicians' services into components.—In this section, with respect to a physicians' service:

"(A) Work component defined.—The term 'work component' means the portion of the resources used in furnishing the service that reflects physician time and intensity in furnishing the service. Such portion shall—

"(i) include activities before and after direct patient contact, and

"(ii) be defined, with respect to surgical procedures, to reflect a global definition including pre-operative and post-operative physicians' services.

"(B) Practice expense component defined.—The term 'practice expense component' means the portion of the resources used in furnishing the service that reflects the general categories of expenses (such as office rent and wages of personnel, but excluding malpractice expenses) comprising practice expenses. In this subparagraph, the term 'practice expenses' includes all expenses for furnishing physicians' services, excluding malpractice expenses, physician compensation, and other physician fringe benefits.

"(C) Malpractice component defined.—The term 'malpractice component' means the portion of the resources used in furnishing the service that reflects malpractice expenses in furnishing the service.

"(2) Determination of relative values.—
"(A) IN GENERAL.—

(i) COMBINATION OF UNITS FOR COMPONENTS.—The Secretary shall develop a methodology for combining the work, practice expense, and malpractice relative value units, determined under subparagraph (C), for each service in a manner to produce a single relative value for that service.

(ii) EXTRAPOLATION.—The Secretary may use extrapolation and other techniques to determine the number of relative value units for physicians’ services for which specific data are not available and shall take into account recommendations of the Physician Payment Review Commission and the results of consultations with organizations representing physicians who provide such services.

(B) PERIODIC REVIEW AND ADJUSTMENTS IN RELATIVE VALUES.—

(i) PERIODIC REVIEW.—The Secretary, not less often than every 5 years, shall review the relative values established under this paragraph for all physicians’ services.

(ii) ADJUSTMENTS.—

(I) IN GENERAL.—The Secretary shall, to the extent the Secretary determines to be necessary and subject to subclause (II), adjust the number of such units to take into account changes in medical practice, coding changes, new data on relative value components, or the addition of new procedures. The Secretary shall publish an explanation of the basis for such adjustments.

(II) LIMITATION ON ANNUAL ADJUSTMENTS.—The adjustments under subclause (I) for a year may not cause the amount of expenditures under this part for the year to differ by more than $20,000,000 from the amount of expenditures under this part that would have been made if such adjustments had not been made.

(iii) CONSULTATION.—The Secretary, in making adjustments under clause (ii), shall consult with the Physician Payment Review Commission and organizations representing physicians.

(C) COMPUTATION OF RELATIVE VALUE UNITS FOR COMPONENTS.—For purposes of this section for each physicians’ service—

(i) WORK RELATIVE VALUE UNITS.—The Secretary shall determine a number of work relative value units for the service based on the relative resources incorporating physician time and intensity required in furnishing the service.

(ii) PRACTICE EXPENSE RELATIVE VALUE UNITS.—The Secretary shall determine a number of practice expense relative value units equal to the product of—

(I) the base allowed charges (as defined in subparagraph (D)) for the service, and

(II) the practice expense percentage for the service (as determined under paragraph (3)(C)(ii)).
"(iii) MALPRACTICE RELATIVE VALUE UNITS.—The Secretary shall determine a number of malpractice relative value units equal to the product of—

"(I) the base allowed charges (as defined in subparagraph (D)) for the service, and

"(II) the malpractice percentage for the service (as determined under paragraph (3)(C)(iii)).

"(D) BASE ALLOWED CHARGES DEFINED.—In this paragraph, the term 'base allowed charges' means, with respect to a physician's service, the national average allowed charges for the service under this part for services furnished during 1991, as estimated by the Secretary using the most recent data available.

"(3) COMPONENT PERCENTAGES.—For purposes of paragraph (2), the Secretary shall determine a work percentage, a practice expense percentage, and a malpractice percentage for each physician's service as follows:

"(A) DIVISION OF SERVICES BY SPECIALTY.—For each physician's service or class of physicians' services, the Secretary shall determine the average percentage of each such service or class of services that is performed, nationwide, under this part by physicians in each of the different physician specialties (as identified by the Secretary).

"(B) DIVISION OF SPECIALTY BY COMPONENT.—The Secretary shall determine the average percentage division of resources, among the work component, the practice expense component, and the malpractice component, used by physicians in each of such specialties in furnishing physicians' services. Such percentages shall be based on national data that describe the elements of physician practice costs and revenues, by physician specialty. The Secretary may use extrapolation and other techniques to determine practice costs and revenues for specialties for which adequate data are not available.

"(C) DETERMINATION OF COMPONENT PERCENTAGES.—

"(i) WORK PERCENTAGE.—The work percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—

"(I) the average percentage division for the work component for each physician specialty (determined under subparagraph (B)), multiplied by

"(II) the proportion (determined under subparagraph (A)) of such service (or services) performed by physicians in that specialty.

"(ii) PRACTICE EXPENSE PERCENTAGE.—The practice expense percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—

"(I) the average percentage division for the practice expense component for each physician specialty (determined under subparagraph (B)), multiplied by

"(II) by the proportion (determined under subparagraph (A)) of such service (or services) performed by physicians in that specialty.

"(iii) MALPRACTICE PERCENTAGE.—The malpractice percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—
“(I) the average percentage division for the malpractice component for each physician specialty (determined under subparagraph (B)), multiplied by,
“(II) by the proportion (determined under subparagraph (A)) of such service (or services) performed by physicians in that specialty.
“(D) PERIODIC RECOMPUTATION.—The Secretary may, from time to time, provide for the recomputation of work percentages, practice expense percentages, and malpractice percentages determined under this paragraph.
“(3) ANCILLARY POLICIES.—The Secretary may establish ancillary policies (with respect to the use of modifiers, local codes, and other matters) as may be necessary to implement this subsection.
“(4) CODING.—The Secretary shall establish a uniform procedure coding system for the coding of all physicians’ services. The Secretary shall provide for an appropriate coding structure for visits and consultations. The Secretary may incorporate the use of time in the coding for visits and consultations only for services furnished on or after January 1, 1993. The Secretary, in establishing such coding system, shall consult with the Physician Payment Review Commission and other organizations representing physicians.
“(5) NO VARIATION FOR SPECIALISTS.—The Secretary may not vary the conversion factor or the number of relative value units for a physicians’ service based on whether the physician furnishing the service is a specialist or based on the type of specialty of the physician.
“(d) CONVERSION FACTORS.—
“(1) ESTABLISHMENT.—
“(A) IN GENERAL.—The conversion factor for each year shall be the conversion factor established under this subsection for the previous year (or, in the case of 1992, specified in subparagraph (B)) adjusted by the update (established under subparagraph (C)) for the year involved.
“(B) SPECIAL PROVISION FOR 1992.—For purposes of subparagraph (A), the conversion factor specified in this subparagraph is a conversion factor (determined by the Secretary) which, if this section were to apply during 1991 using such conversion factor, would result in the same aggregate amount of payments under this part for physicians’ services as the estimated aggregate amount of the payments under this part for such services in 1991.
“(C) PUBLICATION.—The Secretary shall cause to have published in the Federal Register, during the last 15 days of October of—
“(i) 1991, the conversion factor (or factors) which will apply to physicians’ services for 1992, and the update (or updates) determined under paragraph (3) for 1992; and
“(ii) each succeeding year, the update (or updates) determined under paragraph (3) for the following year.
“(2) RECOMMENDATION OF UPDATE.—
“(A) IN GENERAL.—Not later than April 15 of each year (beginning with 1991), the Secretary shall transmit to the Congress a report that includes a recommendation on the
appropriate update (or updates) in the conversion factor (or factors) for all physicians' services in the following year. The Secretary may recommend a uniform update or different updates for different categories or groups of services. In making the recommendation, the Secretary shall consider—

"(i) the percentage change in the Medicare economic index (described in the fourth sentence of section 1842(b)(3)) for that year;

"(ii) the percentage by which actual expenditures for all physicians' services (as defined in subsection (f)(5)(A)) under this part for the fiscal year ending in the year preceding the year in which such recommendation is made were greater or less than actual expenditures for all such physicians' services in the fiscal year ending in the second preceding year;

"(iii) the relationship between the percentage determined under clause (ii) for a fiscal year and the performance standard rate of increase (established under subsection (f)(2)) for that fiscal year;

"(iv) changes in volume or intensity of services;

"(v) access to services; and

"(vi) other factors that may contribute to changes in volume or intensity of services or access to services.

For purposes of making the comparison under clause (iii), the Secretary shall adjust the performance standard rate of increase for a fiscal year to reflect changes in the actual proportion of HMO enrollees (as defined in subsection (f)(5)(B)) in that fiscal year compared with such proportion for the previous fiscal year.

"(B) ADDITIONAL CONSIDERATIONS.—In making recommendations under subparagraph (A), the Secretary may also consider—

"(i) unexpected changes by physicians in response to the implementation of the fee schedule;

"(ii) unexpected changes in outlay projections;

"(iii) changes in the quality or appropriateness of care; and

"(iv) any other relevant factors not measured in the resource-based payment methodology.

"(C) SPECIAL RULE FOR 1992 UPDATE.—In considering the update for 1992, the Secretary shall make a separate determination of the percentage and relationship described in clauses (ii) and (iii) of subparagraph (A) with respect to the category of surgical services (as defined by the Secretary pursuant to subsection (j)(1)).

"(D) EXPLANATION OF UPDATE.—The Secretary shall include in each report under subparagraph (A)—

"(i) the update recommended for each category of physicians' services (established by the Secretary under subsection (j)(1)) and for each of the following groups of physicians' services: nonsurgical services, visits, consultations, and emergency room services;

"(ii) the rationale for the recommended update (or updates) for each category and group of services described in clause (i); and
“(iii) the data and analyses underlying the update (or updates) recommended.

(E) COMPUTATION OF BUDGET-NEUTRAL ADJUSTMENT.—

“(i) In general.—The Secretary shall include in the report made under subparagraph (A) in a year a statement of the percentage by which (I) the actual expenditures for physicians’ services under this part (during the fiscal year ending in the preceding year, as set forth in most recent annual report made pursuant to section 1841(b)(2)), exceeded, or was less than (II) the expenditures projected for the fiscal year under clause (ii).

“(ii) PROJECTED EXPENDITURES.—For purposes of clause (i), the expenditures projected under this clause for a fiscal year is the actual expenditures for physicians’ services made under this part in the second preceding fiscal year—

“(I) increased by the weighted average percentage increase permitted under this part for physicians’ services in the preceding fiscal year;

“(II) adjusted to reflect the percentage change in the average number of individuals enrolled under this part (who are not enrolled with a risk-sharing contract under section 1876) for the preceding fiscal year compared with the second preceding fiscal year;

“(III) adjusted to reflect the average annual percentage growth in the volume and intensity of physicians’ services under this part for the five-fiscal-year period ending with the second preceding fiscal year; and

“(IV) adjusted to reflect the percentage change in expenditures for physicians’ services under this part in the preceding fiscal year (compared with the second preceding fiscal year) which result from changes in law or regulations.

(F) COMMISSION REVIEW.—The Physician Payment Review Commission shall review the report submitted under subparagraph (A) in a year and shall submit to the Congress, by not later than May 15 of the year, a report including its recommendations respecting the update (or updates) in the conversion factor (or factors) for the following year.

(3) UPDATE.—

“(A) BASED ON INDEX.—

“(i) In general.—Unless Congress otherwise provides, subject to subparagraph (B), for purposes of this section the update for a year is equal to the Secretary’s estimate of the percentage increase in the appropriate update index (as defined in clause (ii)) for the year.

“(ii) APPROPRIATE UPDATE INDEX DEFINED.—In clause (i), the term ‘appropriate update index’ means—

“(I) for services for which prevailing charges in 1989 were subject to a limit under the fourth sentence of section 1842(b)(3), the medicare economic index (referred to in that sentence), and
"(II) for other services, such index (such as the consumer price index) that was applicable under this part in 1989 to increases in the payment amounts recognized under this part with respect to such services.

"(B) ADJUSTMENT IN UPDATE.—

"(i) IN GENERAL.—The update for a year provided under subparagraph (A) shall, subject to clause (ii), be increased or decreased by the same percentage by which (I) the percentage increase in the actual expenditures for physicians' services (as defined in section (f)(5)(A)) in the second previous fiscal year over the third previous fiscal year, was less or greater, respectively, than (II) the performance standard rate of increase (established under subsection (f)) for such category of services for the second previous fiscal year.

"(ii) RESTRICTIONS ON ADJUSTMENT.—The adjustment made under clause (i) for a year may not result in a decrease of—

"(I) more than 2 percentage points for the update for 1992 or 1993,

"(II) 2 1/2 percentage points for the update for 1994 or 1995, and

"(III) 3 percentage points for the update for any succeeding year.

"(e) GEOGRAPHIC ADJUSTMENT FACTORS.—

"(1) ESTABLISHMENT OF GEOGRAPHIC INDICES.—

"(A) IN GENERAL.—Subject to subparagraph (B), the Secretary shall establish—

"(i) an index which reflects the relative costs of the mix of goods and services comprising practice expenses (other than malpractice expenses) in the different fee schedule areas compared to the national average of such costs,

"(ii) an index which reflects the relative costs of malpractice expenses in the different fee schedule areas compared to the national average of such costs, and

"(iii) an index which reflects 1/4 of the difference between the relative value of physicians' work effort in each of the different fee schedule areas and the national average of such work effort.

"(B) CLASS-SPECIFIC GEOGRAPHIC COST-OF-PRACTICE INDICES.—The Secretary may establish more than one index under subparagraph (A)(i) in the case of classes of physicians' services, if, because of differences in the mix of goods and services comprising practice expenses for the different classes of services, the application of a single index under such clause to different classes of such services would be substantially inequitable.

"(2) COMPUTATION OF GEOGRAPHIC ADJUSTMENT FACTOR.—For purposes of subsection (b)(1)(C), for all physicians' services for each fee schedule area the Secretary shall establish a geographic adjustment factor equal to the sum of the geographic cost-of-practice adjustment factor (specified in paragraph (3)), the geographic malpractice adjustment factor (specified in para-
graph (4)), and the geographic physician work adjustment factor (specified in paragraph (5)) for the service and the area.

"(3) Geographic Cost-of-Practice Adjustment Factor.—For purposes of paragraph (2), the 'geographic cost-of-practice adjustment factor', for a service for a fee schedule area, is the product of—

"(A) the proportion of the total relative value for the service that reflects the relative value units for the practice expense component, and

"(B) the geographic cost-of-practice index value for the area for the service, based on the index established under paragraph (1)(A)(i) or (1)(B) (as the case may be).

"(4) Geographic Malpractice Adjustment Factor.—For purposes of paragraph (2), the 'geographic malpractice adjustment factor', for a service for a fee schedule area, is the product of—

"(A) the proportion of the total relative value for the service that reflects the relative value units for the malpractice component, and

"(B) the geographic malpractice index value for the area, based on the index established under paragraph (1)(A)(ii).

"(5) Geographic Physician Work Adjustment Factor.—For purposes of paragraph (2), the 'geographic physician work adjustment factor', for a service for a fee schedule area, is the product of—

"(A) the proportion of the total relative value for the service that reflects the relative value units for the work component, and

"(B) the geographic physician work index value for the area, based on the index established under paragraph (1)(A)(iii).

"(f) Medicare Volume Performance Standard Rates of Increase.—

"(1) Process for Establishing Medicare Volume Performance Standard Rates of Increase.—

"(A) Secretary's Recommendation.—By not later than April 15 of each year (beginning with 1990), the Secretary shall transmit to the Congress a recommendation on performance standard rates of increase for all physicians' services and for each category of such services for the fiscal year beginning in such year. In making the recommendation, the Secretary shall confer with organizations representing physicians and shall consider—

"(i) inflation,

"(ii) changes in numbers of enrollees (other than HMO enrollees) under this part,

"(iii) changes in the age composition of enrollees (other than HMO enrollees) under this part,

"(iv) changes in technology,

"(v) evidence of inappropriate utilization of services,

"(vi) evidence of lack of access to necessary physicians' services, and

"(vii) such other factors as the Secretary considers appropriate.

"(B) Commission Review.—The Physician Payment Review Commission shall review the recommendation transmitted during a year under subparagraph (A) and shall make its recommendation to Congress, by not later
than May 15 of the year, respecting the performance standard rates of increase for the fiscal year beginning in that year.

"(C) PUBLICATION OF PERFORMANCE STANDARD RATES OF INCREASE.—The Secretary shall cause to have published in the Federal Register, in the last 15 days of October of each year (beginning with 1990), the performance standard rates of increase for all physicians' services and for each category of physicians' services for the fiscal year beginning in that year. The Secretary shall cause to have published in the Federal Register, by not later than January 1, 1990, the performance standard rate of increase under subparagraph (D) for fiscal year 1990.

"(D) PERFORMANCE STANDARD RATE OF INCREASE FOR FISCAL YEAR 1990.—The performance standard rate of increase for fiscal year 1990 is equal to the sum of—

"(i) the Secretary's estimate of the weighted average percentage increase in the reasonable charges for physicians' services (as defined in subsection (f)(5)(A)) under this part for calendar years included in fiscal year 1990,

"(ii) the Secretary's estimate of the percentage increase or decrease in the average number of individuals enrolled under this part (other than HMO enrollees) from fiscal year 1989 to fiscal year 1990,

"(iii) the Secretary's estimate of the average annual percentage growth in volume and intensity of physicians' services under this part for the 5-fiscal-year period ending with fiscal year 1989 (based upon information contained in the most recent annual report made pursuant to section 1841(b)(2)), and

"(iv) the Secretary's estimate of the percentage increase or decrease in expenditures for physicians' services (as defined in subsection (f)(5)(A)) in fiscal year 1990 (compared with fiscal year 1989) which will result from changes in law or regulations and which is not taken into account in the percentage increase described in clause (i), reduced by 1/2 percent.

"(2) SPECIFICATION OF PERFORMANCE STANDARD RATES OF INCREASE FOR SUBSEQUENT FISCAL YEARS.—

"(A) IN GENERAL.—Unless Congress otherwise provides, subject to paragraph (4), each performance standard rate of increase for a fiscal year (beginning with fiscal year 1991) shall be equal to the sum of—

"(i) the Secretary's estimate of the weighted average percentage increase in the fees for physicians' services (as defined in subsection (f)(5)(A)) under this part for calendar years included in the fiscal year involved,

"(ii) the Secretary's estimate of the percentage increase or decrease in the average number of individuals enrolled under this part (other than HMO enrollees) from the previous fiscal year to the fiscal year involved,

"(iii) the Secretary's estimate of the average annual percentage growth in volume and intensity of physicians' services under this part for the 5-fiscal-year period ending with fiscal year 1989 (based upon information contained in the most recent annual report made pursuant to section 1841(b)(2)), and

"(iv) the Secretary's estimate of the percentage increase or decrease in expenditures for physicians' services (as defined in subsection (f)(5)(A)) in fiscal year 1990 (compared with fiscal year 1989) which will result from changes in law or regulations and which is not taken into account in the percentage increase described in clause (i), reduced by 1/2 percent.
period ending with the preceding fiscal year (based upon information contained in the most recent annual report made pursuant to section 1841(b)(2)), and

"(iv) the Secretary's estimate of the percentage increase or decrease in expenditures for physicians' services (as defined in subsection (f)(5)(A)) in the fiscal year (compared with the preceding fiscal year) which will result from changes in law or regulations and which is not taken into account in the percentage increase described in clause (i), reduced by the performance standard factor (specified in subparagraph (B)). In clause (i), the term 'fees' means, with respect to 1991, reasonable charges and, with respect to any succeeding year, fee schedule amounts.

"(B) PERFORMANCE STANDARD FACTOR.—For purposes of subparagraph (A), the performance standard factor—

"(i) for 1991 is 1 percentage point,

"(ii) for 1992 is 1\(\frac{1}{2}\) percentage points, and

"(iii) for each succeeding year is 2 percentage points.

"(3) QUARTERLY REPORTING.—The Secretary shall establish procedures for providing, on a quarterly basis to the Physician Payment Review Commission, the Congressional Budget Office, the Congressional Research Service, the Committees on Ways and Means and Energy and Commerce of the House of Representatives, and the Committee on Finance of the Senate, information on compliance with performance standard rates of increase established under this subsection.

"(4) SEPARATE GROUP-SPECIFIC PERFORMANCE STANDARD RATES OF INCREASE.—

"(A) IMPLEMENTATION OF PLAN.—Subject to paragraph (B), the Secretary shall, after completion of the study required under section 6102(e)(3) of the Omnibus Budget Reconciliation Act of 1989, but not before October 1, 1991, implement a plan under which qualified physician groups could elect annually separate performance standard rates of increase other than the performance standard rate of increase established for the year under paragraph (2) for such physicians. The Secretary shall develop criteria to determine which physician groups are eligible to elect to have applied to such groups separate performance standard rates of increase and the methods by which such group-specific performance standard rates of increase would be accomplished. The Secretary shall report to the Congress on the criteria and methods by April 15, 1991. The Physician Payment Review Commission shall review and comment on such recommendations by May 15, 1991. Before implementing group-specific performance standard rates of increase, the Secretary shall provide for notice and comment in the Federal Register and consult with organizations representing physicians.

"(B) APPROVAL.—The Secretary may not implement the plan described in subparagraph (A), unless Congress specifically approves the plan.

"(5) DEFINITIONS.—In this subsection:

"(A) SERVICES INCLUDED IN PHYSICIANS' SERVICES.—The term 'physicians' services' includes other items and services (such as clinical diagnostic laboratory tests and radiology
services), specified by the Secretary, that are commonly performed or furnished by a physician or in a physician's office, but does not include services furnished to an HMO enrollee under a risk-sharing contract under section 1876.

"(B) HMO ENROLLEE.—The term 'HMO enrollee' means, with respect to a fiscal year, an individual enrolled under this part who is enrolled with an entity under a risk-sharing contract under section 1876 in the fiscal year.

"(g) LIMITATION ON BENEFICIARY LIABILITY.—

"(1) LIMITATION ON ACTUAL CHARGES FOR UNASSIGNED CLAIMS.—If a nonparticipating physician knowingly and willfully bills on a repeated basis for physicians' services (furnished with respect to an individual enrolled under this part on or after January 1, 1991) an actual charge in excess of the limiting charge described in paragraph (2) and for which payment is not made on an assignment-related basis under this part, the Secretary may apply sanctions against such physician in accordance with section 1842(j)(2).

"(2) LIMITING CHARGE DEFINED.—

"(A) For 1991.—For physicians' services of a physician furnished during 1991, the 'limiting charge' shall be the same percentage (or, if less, 25 percent) above the recognized payment amount under this part with respect to the physician (as a nonparticipating physician) as the percentage by which—

"(i) the maximum allowable actual charge (as determined under section 1842(j)(1)(C) as of December 31, 1990, or, if less, the maximum actual charge otherwise permitted for the service under this part as of such date) for the service of the physician, exceeds

"(ii) the recognized payment amount for the service of the physician (as a nonparticipating physician) as of such date.

"(B) For 1992.—For physicians' services furnished during 1992, the 'limiting charge' shall be the same percentage (or, if less, 20 percent) above the recognized payment amount under this part for nonparticipating physicians as the percentage by which—

"(i) the limiting charge (as determined under subparagraph (A) as of December 31, 1991) for the service, exceeds

"(ii) the recognized payment amount for the service for nonparticipating physicians as of such date.

"(C) After 1992.—For physicians' services furnished in a year after 1992, the 'limiting charge' shall be 115 percent of the recognized payment amount under this part for nonparticipating physicians.

"(D) RECOGNIZED PAYMENT AMOUNT.—In this section, the term 'recognized payment amount' means, for services furnished on or after January 1, 1992, the fee schedule amount determined under subsection (a), and, for services furnished during 1991, the applicable percentage (as defined in section 1842(b)(4)(A)(iv)) of the prevailing charge (or fee schedule amount) for nonparticipating physicians for that year.

"(3) LIMITATION ON CHARGES FOR MEDICARE BENEFICIARIES ELIGIBLE FOR MEDICAID BENEFITS.—
“(A) IN GENERAL.—Payment for physicians’ services furnished on or after April 1, 1990, to an individual who is enrolled under this part and eligible for any medical assistance (including as a qualified medicare beneficiary, as defined in section 1905(p)(1)) with respect to such services under a State plan approved under title XIX may only be made on an assignment-related basis.

“(B) PENALTY.—A person may not bill for physicians’ services subject to subparagraph (A) other than on an assignment-related basis. If a person knowingly and willfully bills for physicians’ services in violation of the previous sentence, the Secretary may apply sanctions against the person in accordance with section 1842(j)(2).

“(4) PHYSICIAN SUBMISSION OF CLAIMS.—

“(A) IN GENERAL.—For services furnished on or after September 1, 1990, within 1 year after the date of providing a service for which payment is made under this part on a reasonable charge or fee schedule basis, a physician, supplier, or other person (or an employer or facility in the cases described in section 1842(b)(6)(A))—

(ii) Authority to require participation of parent of child age 1 or older.—The State may require any individual to comply with any education, employment, or training requirement imposed under the project if the State plan approved under section 402(a) of the Social Security Act does not prohibit the State from requiring such compliance, and the individual—

(C) Determination of benefit level for participants with identified characteristics.—The State will establish a mechanism to determine, for each family with any set of characteristics identified under subparagraph (B), whether the family would (but for this paragraph) receive benefits under the project in an amount less than the amount required under subparagraph (A) to be provided to such family.

(D) Assistance under project increased where necessary.—The State will, for each family which would (but
for this paragraph) receive benefits under the project in an amount less than the amount required under subparagraph (A) to be provided to such family, increase the amount of such benefits to such family to the amount so required.

(A) pay the State for each calendar quarter, pursuant to section 403 of such Act, the amounts that would have been payable to the State during such calendar quarter, in the absence of the demonstration project, for cash assistance, child care, education, employment and training, and administrative expenses under the State plan approved under section 402(a) of such Act;

(B) reimburse the State at the rate of 50 percent, for expenses of evaluating the effects of the project.

(2) RULE OF CONSTRUCTION.—Paragraph (1) shall not be construed to prevent the State from claiming and receiving reimbursement for additional persons who would qualify for assistance under the State plan approved under section 402(a) of the Social Security Act, for costs attributable to increases in the State's payment standard under such plan, or for any other benefits and services for which Federal matching funds are available under part A of title IV of such Act.

(d) WAIVER AUTHORITY.—

(1) AFDC WAIVERS.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the Secretary of Health and Human Services shall, with respect to the demonstration project under this section, waive any requirement of part A or F of title IV of the Social Security Act that, if applied, would prevent the State from (i) carrying out the project in accordance with subsection (b), or (ii) effectively achieving its purposes, but only to the extent necessary to enable the State to carry out the project.

(i) waive any requirement of section 402(a)(4) or 482(h) of the Social Security Act;

(iii) waive any requirement of section 402(a)(19)(C) of such Act.

(ii) require that the State treat, for purposes of section 1925 of such Act, each family whose participation in the project is terminated by reason of increased income from employment as a family that has become ineligible for aid under the State plan approved under part A of title IV of such Act, and

(iii) require that the State treat each family whose participation in the project is terminated by reason of the collection or increased collection of child support under part D of title IV of the Social Security Act as a recipient of aid to families with dependent children for purposes of title XIX of such Act for an additional 4 calendar months beginning with the month in which such termination occurs; and

(B) make payment, under section 1903 of such Act, for medical assistance and administrative expenses for families participating in the project in the same manner as such payments may be made for medical assistance and administrative expenses for individuals entitled to benefits under title XIX of such Act, except that the aggregate amount of such payments may not exceed the aggregate amount of payments that would have been made for those families in the absence of such project.

(e) DEFINITIONS OF CERTAIN TERMS.—As used in this section, the terms "family" and "contract" shall have the meaning given such terms by the 1989 Minnesota Laws, sections 6 through 11, 13, 130, and 132 of article 5 of chapter 282.

(f) QUALITY CONTROL.—Cases participating in the demonstration project under this section during a fiscal year shall be excluded from any sample taken for purposes of determining under section 403(i) or 408 of the Social Security Act, whichever is applicable, the rate at which the State made overpayments under part A of title IV of such Act for the fiscal year. For purposes of such sections 403(i) and 408, payments made by the State under the project shall be treated as payments made under the State plan approved under section 402(a) of such Act.

project. The evaluation plan shall include groups of project participants and control groups assigned at random in the field trial conducted in accordance with subsection (b)(1)(A).

(2) EVALUATION.—The evaluation conducted under the evaluation plan shall measure the extent to which the project increases family employment and income, prevents long-term dependency, moves families toward self-support, reduces total assistance payments, and simplifies the welfare system.

(3) REPORTS.—The State shall issue an interim report and a final report on the results of the evaluation described in paragraph (2) to the Secretary of Health and Human Services at such times as the Secretary shall require.

TITLE IV—INTERNATIONAL DEBT
PROVISIONS

SEC. 401. SHORT TITLE.

This title may be cited as the "Foreign Debt Reserving Act of
1989".

SEC. 402. ADDITIONAL RESERVE REQUIREMENTS.

(a) FINDINGS.—The Congress finds that—

(1) since the adoption of the International Lending Super-
vision Act of 1983, the credit quality of loans by United States
banking institutions to highly indebted countries has deterio-
rated and the prospects for full repayment of such loans have
diminished;

(2) in general during this period, the level of country exposure
and transfer risk associated with loans by United States bank-
ing institutions to highly indebted countries has not been ade-
quately reflected in the reserve levels established by many
individual United States banking institutions or the reserve
requirements imposed by Federal banking agencies pursuant to
such Act;

(3) during the last 3 years and particularly in recent months,
United States banking institutions have increased their re-
serves for possible losses from loans to highly indebted countries
but such reserves remain, in some cases, significantly lower
than reserves established by banking institutions in a number
of foreign countries and may not be adequate to deal with
potential risks; and

(4) in order to fulfill the purposes of such Act, the Federal
banking agencies should take a more active role in reviewing
reserve levels established by United States banking institutions
for potential losses from loans to highly indebted countries and
in requiring appropriate levels of both special and general
reserves to reflect the increased risk of such loans.

(b) IN GENERAL.—The International Lending Supervision Act of
1983 (12 U.S.C. 3901 et seq.) is amended by inserting after section
905 the following new section:
"SEC. 905A. ADDITIONAL RESERVE REQUIREMENTS.

(a) IN GENERAL.—Each appropriate Federal banking agency shall review the exposure to risk of United States banking institutions arising from the medium- and long-term loans made by such institutions that are outstanding to any highly indebted country. Each agency shall provide direction to such institutions regarding additions to general reserves maintained by each banking institution for potential loan losses and special reserves required by such agency arising from such review.

(b) DETERMINATION OF INSTITUTIONAL EXPOSURE TO RISK.—In determining the exposure of an institution to risk for purposes of subsection (a), the appropriate Federal banking agency—

"(1) shall determine whether any country exposure that is, and has been for at least 2 years, rated in the category 'Other Transfer Risk Problems' or the category 'Substandard' by the Interagency Country Exposure Review Committee should be reevaluated;

"(2) may exempt, in full or in part, from reserve requirements established pursuant to subsection (a), any loan—

"(A) to a country that enters into a debt reduction, debt service reduction, or financing program with its bank creditors that is supported by the International Bank for Reconstruction and Development or the International Monetary Fund; or

"(B) secured, in whole or in part, by appropriate collateral for payment of interest or principal;

"(3) take into account any other factors which bear on such exposure and the particular circumstances of the institution; and

"(4) shall consider as indicators of risk, where appropriate, the average reserve levels maintained by or required of banking institutions in foreign countries and secondary market prices for such loans.

(c) TIMING AND REPORT.—

"(1) DETERMINED BY AGENCY.—Except as provided in paragraph (3), each appropriate Federal banking agency shall determine the timing of any addition to reserves required by subsection (a).

"(2) REPORT.—Each appropriate Federal banking agency shall include in each report required to be made under section 913(d) after 1989 a report on the actions taken pursuant to this section.

"(3) DEADLINE.—Each Federal agency required to undertake a review described in subsection (a) shall complete the review not later than December 31, 1990.

(d) HIGHLY INDEBTED COUNTRY DEFINED.—As used in this section, the term 'highly indebted country' means any country designated as a 'Highly Indebted Country' in the annual World Debt Tables most recently published by the International Bank for Reconstruction and Development before the date of the enactment of this section.”.

SEC. 403. REPORT ON MARK TO MARKET ACCOUNTING.

(a) REPORT REQUIRED.—Before the end of the 90-day period beginning on the date of the enactment of this section, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and the Comptroller of the Currency shall jointly report to the Committee on Banking, Finance and Urban Affairs of the House of Representatives and the Committee on
Banking, Housing, and Urban Affairs of the Senate on the merits of mark to market accounting treatment as an appropriate accounting treatment for the sovereign debt of highly indebted countries which is held by United States commercial banks.

(b) CONTENTS OF REPORT.—The report required under subsection (a) shall include—

(1) a discussion of the merits of mark to market accounting treatment as the appropriate accounting treatment for the sovereign debt of highly indebted countries which is held by United States commercial banks; and

(2) a description of the factors which the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and the Comptroller of the Currency will consider in future assessments of the applicability of mark to market accounting to such debt.

SEC. 404. STUDY ON ELIMINATION OF CAPITAL FLIGHT.

(a) IN GENERAL.—The Secretary of the Treasury shall instruct the United States Executive Director of the International Monetary Fund to propose that the Fund conduct a study on multilateral means by which the banking industry might help reverse capital flight from countries which are engaged in debt restructuring, including—

(1) the feasibility of disclosing the names of account holders whose accounts may consist of flight capital, and the balances of such accounts;

(2) the usefulness of such disclosures in deterring the creation and maintenance of such accounts, and how such deterrence would operate or be defeated;

(3) the extent to which any such information is gathered and to whom such information is made available;

(4) the receptiveness of such countries to the disclosure of such information;

(5) the difficulties in, and the cost of, collecting such information and overcoming legal obstacles used to disguise the true ownership of such deposits, including the feasibility of using the threat of confiscatory penalties to prevent the disguising of the ownership of deposits;

(6) the usefulness of using taxes as a means to encourage the repatriation of flight capital; and

(7) the applicability (if any) of efforts to facilitate the identification, tracing, seizure, and forfeiture of drug crime proceeds, and to prevent the use of the banking system and of financial institutions for the purpose of money laundering.

(b) FLIGHT CAPITAL DEFINED.—As used in subsection (a), the term “flight capital” means any asset—

(1) which is deposited in a banking institution for safekeeping or investment purposes; or

(2) for which a financial institution serves as a conduit, an agent, or a fiduciary in a transaction; and

(c) REPORT TO THE CONGRESS.—Not later than the end of the 180-day period beginning on the date of the enactment of this Act, the Secretary of the Treasury shall submit to the Chairman of the Committee on Banking, Finance and Urban Affairs of the House of Representatives, and the Committee on Banking, Housing, and
Urban Affairs of the Senate a report on the actions taken and studies completed as required by subsection (a).

SEC. 405. FACTORS TO BE TAKEN INTO ACCOUNT IN DEVELOPING UNITED STATES POLICY TOWARD DEBT REDUCTION FOR CERTAIN HIGHLY INDEBTED COUNTRIES; REPORT TO THE CONGRESS.

(a) FACTORS TO BE TAKEN INTO ACCOUNT.—In developing the policy of the United States Government with respect to debt reduction for each highly indebted country which has a substantial share of the export market for 1 or more agricultural commodities the export market for which the United States also has a substantial share, the Secretary of the Treasury shall consider among other factors the effects of such policy on:

(1) United States exports of such commodities.
(2) The world price of such commodities.

SEC. 406. SENSE OF THE CONGRESS THAT AGREEMENTS TO REDUCE DEBT BURDEN SHOULD BE ACCOMPANIED BY TRADE LIBERALIZATION.

(a) FINDINGS.—The Congress finds that—

(1) Third World debtor nations have often been forced to raise trade barriers in order to accumulate foreign exchange surpluses to repay debt obligations;
(2) trade flows between such nations and the United States have lessened due to the debt crisis;
(3) the reduction of trade barriers would benefit the world economy and promote economic growth; and
(4) the Brady plan encourages debt reduction agreements on behalf of domestic financial institutions.

(b) SENSE OF THE CONGRESS.—It is the sense of Congress that the Secretary of the Treasury should continue to encourage trade liberalization as an element of economic reform programs.

SEC. 407. LINKAGE OF DEBT REDUCTION LOANS TO REDUCTION IN DRUG TRAFFICKING; REPORT TO CONGRESS.

(a) FINDINGS.—The Congress finds that—

(1) the Brady Initiative is a positive step, recognizing as it does the need for reducing the debt and debt service burdens of the indebted developing countries;
(2) the multilateral development banks should, as part of this
debt reduction process, encourage such countries to further
reform their economies by reducing their dependence on
production and trafficking of illicit narcotics; and
(3) reduction of debt should relieve some of the financial
burden on these countries, and thereby enable them to rely on
legal income-generating activities.

(b) INSTRUCTION OF UNITED STATES EXECUTIVE DIRECTORS.—The
Secretary of the Treasury shall instruct the United States Executive
Director of each multilateral development bank that, in voting with
respect to loans from the multilateral development bank to reduce
the debt and debt burden of borrowing countries which are major
producers, processors, traffickers, or exporters of illegal drugs to the
United States, the Executive Director shall give preference to those
countries which show marked improvement in reducing the volume
of cultivation, processing, trafficking, and export to the United
States of illegal drugs. In making a determination under the preced-
ing sentence with respect to a country’s improvement, the Secre-
tary of the Treasury shall consult with the heads of the relevant
agencies.

(c) REPORT TO CONGRESS.—The Secretary of the Treasury shall
include, in the detailed accounting required by section 2018(c) of the
relating to multilateral development bank assistance for drug eradi-
cation and crop substitution programs, an additional discussion of
the steps taken and the progress made in implementing the goals set
forth in subsection (b) of this section, and further steps needed to
secure the achievement of these goals.

(d) DEFINITIONS.—As used in this section—
(1) the term “multilateral development bank” includes the
International Bank for Reconstruction and Development, the
International Development Association, the International Fi-
nance Corporation, the Inter-American Development Bank, the
Inter-American Investment Corporation, the Asian Develop-
ment Bank, the African Development Bank, and the African
Development Fund; and
(2) the term “illegal drugs” means “narcotic and psychotropic
drugs and other controlled substances”, as defined in section
481(i)(3) of the Foreign Assistance Act of 1961 (22 U.S.C.
2291(i)(3)).

"(a) IN GENERAL.—The Secretary of the Treasury shall instruct the United States Executive Director for each multilateral development bank to vigorously and continually advocate, in all replenishment negotiations and in discussion with other directors of such bank and with such bank, the following:

"(1) A major objective of such bank's operations and financing in each borrowing country, as a long term priority, should be to increase the productive role of the poor in the economy of such country.

"(2) Such bank should encourage and assist each borrowing country to develop sustainable national plans and strategies to eliminate the causes and alleviate the manifestations of poverty which keep the poor from leading economically and socially productive lives. Such plans and strategies should give attention to—

"(2) are environmentally sustainable in that resources are conserved and managed in an effort to remove pressure on the natural resource base and to make judicious use of the land so as to sustain growth and the availability of all natural resources;

"(3) support development that does not exceed the limits imposed by local hydrological cycles, soil, climate, vegetation, and human cultural practices;

SEC. 531. ENCOURAGEMENT OF DEBT-FOR-DEVELOPMENT SWAPS THROUGH LOCAL CURRENCY REPAYMENT.

(a) Statement of Policy.—It is the sense of the Congress that—

(1) debt-for-development swaps, where payment is made in local currency at the free market rate, serve a useful purpose by providing banking institutions with constructive opportunities for the reduction of the external debt of highly indebted developing countries in a process that involves the participation of private, nonprofit groups in providing a stimulus to the economic and social development of such developing countries;

(2) debt-for-development swaps provide highly indebted developing countries with a creative method of reducing external debt burdens, while promoting their economic growth and restructuring objectives;

(3) banking institutions should give careful consideration to engaging in such swaps as one means of strengthening overall loan portfolios through the reduction of high external debt burdens while expanding economic opportunities through private sector initiatives; and

(4) in order to avoid any bias against such swaps in the regulatory framework applicable to the financial reporting of banking institutions, where payment is made in local currency at the free market rate, appropriate recognition of the fair market exchange value of the currency so received should be made.

(b) Notification Relating to Local Currency Repayment Through Debt-for-Development Swaps.—Before the end of the 6-month period beginning on the date of the enactment of this section, each appropriate Federal banking agency shall adopt uniform guidelines that will effectuate the policy set forth in subsection (a) concerning the regulatory framework and accounting treatment of debt-for-development swaps involving repayment in local currency at the free market rate. For the purpose of such guidelines, the impact of such swaps on reported loan loss reserves shall be determined by valuing currency received in such swaps at fair market exchange value.

TITLE VI—MISCELLANEOUS PROVISIONS

SEC. 601. SENSE OF THE CONGRESS THAT THE INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT AND THE INTERNATIONAL MONETARY FUND SHOULD EXPEDITIOUSLY ACT UPON LOAN REQUESTS FROM POLAND.

It is the sense of the Congress that, based on the liberalization of Poland's economic system and the opening of its economic system to market forces, the Secretary of the Treasury should instruct the United States Executive Directors of the International Bank for Reconstruction and Development and of the International Monetary Fund to urge upon their colleagues that their respective institutions move as expeditiously as possible in considering and acting upon loan requests from, and in disbursing approved loans to, Poland.

SEC. 602. SENSE OF THE CONGRESS SUPPORTING ASSISTANCE BY MULTILATERAL LENDING INSTITUTIONS TO ESTABLISH FINANCIAL INSTITUTIONS IN POLAND.

It is the sense of the Congress that the Secretary of the Treasury should instruct the United States Executive Directors of the multilateral development banks (as defined in section 1617 of the International Financial Institutions Act), of the International Finance Corporation, and of the Multilateral Investment Guarantee Agency to enter into discussions with the other executive directors of such institutions and, in such discussions, urge such institutions to consider and act promptly upon (and, in the case of the Multilateral Investment Guarantee Agency, after Poland becomes a member country of such institution) requests by individuals and private businesses in, and the Government of, Poland for financial and technical assistance in the establishment of financial institutions (including institutions such as credit unions, thrift institutions, and commercial banks) and businesses involved in the provision of credit and financial services.
SEC. 603. SENSE OF THE CONGRESS RELATING TO CONDITIONAL FINANCIAL ASSISTANCE BY MULTILATERAL LENDING INSTITUTIONS TO POLAND.

It is the sense of the Congress that the Secretary of the Treasury should instruct the United States Executive Directors of the multilateral development banks (as defined in section 1617 of the International Financial Institutions Act), of the International Monetary Fund, of the International Finance Corporation, and of the Multilateral Investment Guarantee Agency to enter into discussions with the other executive directors of such institutions and propose that such institutions not provide financial assistance or debt forgiveness to Poland until the government of Poland allows and facilitates privately owned entities established in foreign countries to invest in private commercial ventures in Poland.

SEC. 604. SENSE OF THE CONGRESS OPPOSING THE MAKING OF CERTAIN LOANS OR THE EXTENSION OF CERTAIN FINANCIAL AND TECHNICAL ASSISTANCE TO THE PEOPLE'S REPUBLIC OF CHINA.

(a) FINDINGS.—The Congress finds that—

(1) the Government of the People's Republic of China ordered the People's Liberation Army to brutally attack peaceful demonstrators who had assembled in Tiananmen Square;

(2) this attack violated the human rights of the demonstrators;

(3) several thousand innocent and defenseless protesters were killed in the initial assault;

(4) these violations of human rights have evolved into a pattern of continuing repression and reprisals against citizens throughout China as evidenced by the beating of alleged dissenters, the order to the army to shoot "rioters"—the Chinese Government's term for the peaceful demonstrators—on sight, the mass arrest of students and workers, the public declarations by government-controlled media that physicists Fang Lizhi and Li Shuxian (who are being given refuge in the United States Embassy in Beijing) are "guilty" before being afforded due process, and the banning of all independent, unofficial prodemocracy organizations;

(5) the Government of the People's Republic of China is trying to suppress truthful accounts of the actions taken in Beijing and throughout the country, by, among other things, expelling foreign journalists, including the local bureau chief of the Voice of America, from the country;

(6) the People's Republic of China has received almost $8,000,000,000 in development loans from the International Bank for Reconstruction and Development, and increasing amounts of assistance from the Asian Development Bank;

(7) it is morally repugnant that, through such multilateral development banks, United States taxpayer dollars are used to support the present policies of the People's Republic of China;

(8) such development loans cannot be justified on economic grounds because economic development and market reforms cannot be achieved in the environment of repression that now clearly exists there; and

(9) the People's Republic of China is engaging in "a pattern of gross violations of internationally recognized human rights . . .
such as flagrant denial to life, liberty, and the security of person'.

(b) **Statement of Policy.**—It is the sense of the Congress that the President should—

(1) instruct the United States Executive Directors of the International Bank for Reconstruction and Development and the Asian Development Bank to use their voices and votes to oppose the making of any loan or the extension of any financial or technical assistance to the People's Republic of China, in accordance with section 701(f) of the International Financial Institutions Act; and

(2) consider the People's Republic of China to be a country described in section 701(a)(1) of such Act until the President determines that the repression and reprisals against persons in connection with the prodemocracy demonstrations have ended.

"(b) Notwithstanding any other provision of law, a grantee (or any subgrantee) of the grants referred to in subsection (a) may retain, without deposit in the Treasury of the United States and without..."
further appropriation by Congress, interest earned on the proceeds of any resulting debt-for-nature exchange pending the disbursements of such proceeds and interest for approved program purposes, which may include the establishment of an endowment, the income of which is used for such purposes.

"Sec. 463. "(2) The Administrator of the Agency for International Development shall encourage as many eligible countries as possible to propose such exchanges with the purpose of demonstrating to a large number of governments the feasibility and benefits of sustainable development.

"Sec. 464. Eligible Countries.—In order for a foreign country to be eligible to participate in a debt-for-nature exchange under this chapter, the Administrator of the Agency for International Development shall determine that—

"(1) the host country is fully committed to the long-term viability of the program or project that is to be undertaken through the debt-for-nature exchange;
"(2) a long-term plan has been prepared by the host country, or private conservation group, which adequately provides for the long-term viability of the program or project that is to be undertaken through the debt-for-nature exchange or that such a plan will be prepared in a timely manner; and
"(3) there is a government agency or a local nongovernmental organization, or combination thereof, in the host country with the capability, commitment, and record of environmental concern to oversee the long-term viability of the program or project that is to be undertaken through the debt-for-nature exchange.

"Sec. 465. Terms and Conditions.—(a) The terms and conditions for making grants under this chapter shall be deemed to be fulfilled
upon final approval by the Administrator of the Agency for International Development of the debt-for-nature exchange, a certification by the nongovernmental organization that the host government has accepted the terms of the exchange, and that an agreement has been reached to cancel the commercial debt in an agreed upon fashion.

"(b) Grants made under this section are intended to complement, and not substitute for, assistance otherwise available to a foreign country under this Act or any other provision of law.

"(c) The United States Government is prohibited from accepting title or interest in any land in a foreign country as a condition on the debt exchange.

"SEC. 466.
