LEGISLATIVE HISTORY—S. 1349:
CONGRESSIONAL RECORD:
Public Law 105–158
105th Congress

An Act

To provide redress for inadequate restitution of assets seized by the United States Government during World War II which belonged to victims of the Holocaust, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Holocaust Victims Redress Act”.

TITLE I—HEIRLESS ASSETS

SEC. 101. FINDINGS AND PURPOSES.
(a) FINDINGS.—The Congress finds as follows:

(1) Among the $198,000,000 in German assets located in the United States and seized by the United States Government in World War II were believed to be bank accounts, trusts, securities, or other assets belonging to Jewish victims of the Holocaust.

(2) Among an estimated $1,200,000,000 in assets of Swiss nationals and institutions which were frozen by the United States Government during World War II (including over $400,000,000 in bank deposits) were assets whose beneficial owners were believed to include victims of the Holocaust.

(3) In the aftermath of the war, the Congress recognized that some of the victims of the Holocaust whose assets were among those seized or frozen during the war might not have any legal heirs, and legislation was enacted to authorize the transfer of up to $3,000,000 of such assets to organizations dedicated to providing relief and rehabilitation for survivors of the Holocaust.

(4) Although the Congress and the Administration authorized the transfer of such amount to the relief organizations referred to in paragraph (3), the enormous administrative difficulties and cost involved in proving legal ownership of such assets, directly or beneficially, by victims of the Holocaust, and proving the existence or absence of heirs of such victims, led the Congress in 1962 to agree to a lump-sum settlement and to provide $500,000 for the Jewish Restitution Successor Organization of New York, such sum amounting to ⅙th of the authorized maximum level of “heirless” assets to be transferred.
(5) In June of 1997, a representative of the Secretary of State, in testimony before the Congress, urged the reconsideration of the limited $500,000 settlement.

(6) While a precisely accurate accounting of “heirless” assets may be impossible, good conscience warrants the recognition that the victims of the Holocaust have a compelling moral claim to the unrestituted portion of assets referred to in paragraph (3).

(7) Furthermore, leadership by the United States in meeting obligations to Holocaust victims would strengthen—

(A) the efforts of the United States to press for the speedy distribution of the remaining nearly 6 metric tons of gold still held by the Tripartite Commission for the Restitution of Monetary Gold (the body established by France, Great Britain, and the United States at the end of World War II to return gold looted by Nazi Germany to the central banks of countries occupied by Germany during the war); and

(B) the appeals by the United States to the 15 nations claiming a portion of such gold to contribute a substantial portion of any such distribution to Holocaust survivors in recognition of the recently documented fact that the gold held by the Commission includes gold stolen from individual victims of the Holocaust.

(b) PURPOSES.—The purposes of this Act are as follows:

(1) To provide a measure of justice to survivors of the Holocaust all around the world while they are still alive.

(2) To authorize the appropriation of an amount which is at least equal to the present value of the difference between the amount which was authorized to be transferred to successor organizations to compensate for assets in the United States of heirless victims of the Holocaust and the amount actually paid in 1962 to the Jewish Restitution Successor Organization of New York for that purpose.

(3) To facilitate efforts by the United States to seek an agreement whereby nations with claims against gold held by the Tripartite Commission for the Restitution of Monetary Gold would contribute all, or a substantial portion, of that gold to charitable organizations to assist survivors of the Holocaust.

SEC. 102. DISTRIBUTIONS BY THE TRIPARTITE GOLD COMMISSION.

(a) DIRECTIONS TO THE PRESIDENT.—The President shall direct the commissioner representing the United States on the Tripartite Commission for the Restitution of Monetary Gold, established pursuant to Part III of the Paris Agreement on Reparation, to seek and vote for a timely agreement under which all signatories to the Paris Agreement on Reparation, with claims against the monetary gold pool in the jurisdiction of such Commission, contribute all, or a substantial portion, of such gold to charitable organizations to assist survivors of the Holocaust.

(b) AUTHORITY TO OBLIGATE THE UNITED STATES.—

(1) IN GENERAL.—From funds otherwise unobligated in the Treasury of the United States, the President is authorized to obligate subject to paragraph (2) an amount not to exceed $30,000,000 for distribution in accordance with subsections (a) and (b).
(2) **Conformance with Budget Act Requirement.**—Any budget authority contained in paragraph (1) shall be effective only to such extent and in such amounts as are provided in advance in appropriation Acts.

**SEC. 103. FULFILLMENT OF OBLIGATION OF THE UNITED STATES.**

(a) **Authorization of Appropriations.**—There are authorized to be appropriated to the President such sums as may be necessary for fiscal years 1998, 1999, and 2000, not to exceed a total of $25,000,000 for all such fiscal years, for distribution to organizations as may be specified in any agreement concluded pursuant to section 102.

(b) **Archival Research.**—There are authorized to be appropriated to the President $5,000,000 for archival research and translation services to assist in the restitution of assets looted or extorted from victims of the Holocaust and such other activities that would further Holocaust remembrance and education.

**TITLE II—WORKS OF ART**

**SEC. 201. FINDINGS.**

Congress finds as follows:

(1) Established pre-World War II principles of international law, as enunciated in Articles 47 and 56 of the Regulations annexed to the 1907 Hague Convention (IV) Respecting the Laws and Customs of War on Land, prohibited pillage and the seizure of works of art.

(2) In the years since World War II, international sanctions against confiscation of works of art have been amplified through such conventions as the 1970 Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property, which forbids the illegal export of art work and calls for its earliest possible restitution to its rightful owner.

(3) In defiance of the 1907 Hague Convention, the Nazis extorted and looted art from individuals and institutions in countries it occupied during World War II and used such booty to help finance their war of aggression.

(4) The Nazis' policy of looting art was a critical element and incentive in their campaign of genocide against individuals of Jewish and other religious and cultural heritage and, in this context, the Holocaust, while standing as a civil war against defined individuals and civilized values, must be considered a fundamental aspect of the world war unleashed on the continent.

(5) Hence, the same international legal principles applied among states should be applied to art and other assets stolen from victims of the Holocaust.

(6) In the aftermath of the war, art and other assets were transferred from territory previously controlled by the Nazis to the Union of Soviet Socialist Republics, much of which has not been returned to rightful owners.

**SEC. 202. SENSE OF THE CONGRESS REGARDING RESTITUTION OF PRIVATE PROPERTY, SUCH AS WORKS OF ART.**

It is the sense of the Congress that consistent with the 1907 Hague Convention, all governments should undertake good faith
efforts to facilitate the return of private and public property, such as works of art, to the rightful owners in cases where assets were confiscated from the claimant during the period of Nazi rule and there is reasonable proof that the claimant is the rightful owner.

An Act
To provide surveillance, research, and services aimed at prevention of birth defects, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; FINDINGS.
(a) SHORT TITLE.—This Act may be cited as the “Birth Defects Prevention Act of 1998”.
(b) FINDINGS.—Congress makes the following findings:
(1) Birth defects are the leading cause of infant mortality, directly responsible for one out of every five infant deaths.
(2) Thousands of the 150,000 infants born with a serious birth defect annually face a lifetime of chronic disability and illness.
(3) Birth defects threaten the lives of infants of all racial and ethnic backgrounds. However, some conditions pose excess risks for certain populations. For example, compared to all infants born in the United States, Hispanic-American infants are more likely to be born with anencephaly spina bifida and other neural tube defects and African-American infants are more likely to be born with sickle-cell anemia.
(4) Birth defects can be caused by exposure to environmental hazards, adverse health conditions during pregnancy, or genetic mutations. Prevention efforts are slowed by lack of information about the number and causes of birth defects. Outbreaks of birth defects may go undetected because surveillance and research efforts are underdeveloped and poorly coordinated.
(5) Public awareness strategies, such as programs using folic acid vitamin supplements to prevent spina bifida and alcohol avoidance programs to prevent Fetal Alcohol Syndrome, are essential to prevent the heartache and costs associated with birth defects.

SEC. 2. PROGRAMS REGARDING BIRTH DEFECTS.
Section 317C of the Public Health Service Act (42 U.S.C. 247b–4) is amended to read as follows:

SEC. 3005. PETROGLYPH NATIONAL MONUMENT. (a) SHORT TITLE.—This section may be cited as the “Petroglyph National Monument Boundary Adjustment Act”.

(b) FINDINGS.—Congress finds that—

(1) the purposes for which Petroglyph National Monument (referred to in this section as “the monument”) was established continue to be valid;

(2) it is of mutual benefit to the trustee institutions of the New Mexico State Trust lands and the National Park Service for land exchange negotiations to be completed with all due diligence, resulting in the transfer of all State Trust lands within the boundaries of the monument to the United States in accordance with State and Federal law;

(3) because the city of Albuquerque, New Mexico, has acquired substantial acreage within the monument boundaries, purchased with State and municipal funds, the consolidation of land ownership and jurisdiction under the National Park Service will require the consent of the city of Albuquerque, and options for National Park Service acquisition that are not currently available;

(4) corridors for the development of Paseo del Norte and Unser Boulevard are depicted on the map referred to in section 102(a) of the Petroglyph National Monument Establishment Act.
Act of 1990 (Public Law 101–313; 16 U.S.C. 431 note), and the alignment of the roadways was anticipated by Congress before the date of enactment of the Act;

(5) it was the expectation of the principal proponents of the monument, including the cities of Albuquerque and Rio Rancho, New Mexico, and the National Park Service, that passage of the Petroglyph National Monument Establishment Act of 1990 (Public Law 101–313; 16 U.S.C. 431 note) would allow the city of Albuquerque—

(A) to utilize the Paseo del Norte and Unser Boulevard corridors through the monument; and

(B) to design and construct infrastructure within the corridors with the cultural and natural resources of the monument in mind;

(6) the city of Albuquerque has not provided for the establishment of rights-of-way for the Paseo del Norte and Unser Boulevard corridors under the Joint Powers Agreement (JPA NO 78–521.81–277A), which expanded the boundary of the monument to include the Piedras Marcadas and Boca Negra units, pursuant to section 104 of the Petroglyph National Monument Establishment Act of 1990 (Public Law 101–313; 16 U.S.C. 431 note);

(7) the National Park Service has identified the realignment of Unser Boulevard, depicted on the map referred to in section 102(a) of the Petroglyph National Monument Establishment Act of 1990 (Public Law 101–313; 16 U.S.C. 431 note), as serving a park purpose in the General Management Plan/Development Concept Plan for Petroglyph National Monument;

(8) the establishment of a citizens’ advisory committee prior to construction of the Unser Boulevard South project, which runs along the eastern boundary of the Atrisco Unit of the monument, allowed the citizens of Albuquerque and the National Park Service to provide significant and meaningful input into the parkway design of the road, and that similar proceedings should occur prior to construction within the Paseo del Norte corridor;

(9) parkway standards approved by the city of Albuquerque for the construction of Unser Boulevard South along the eastern boundary of the Atrisco Unit of the monument would be appropriate for a road passing through the Paseo del Norte corridor;

(10) adequate planning and cooperation between the city of Albuquerque and the National Park Service is essential to avoid resource degradation within the monument resulting from storm water runoff, and drainage conveyances through the monument should be designed and located to provide sufficient capacity for effective runoff management; and

(11) the monument will best be managed for the benefit and enjoyment of present and future generations with cooperation between the city of Albuquerque, the State of New Mexico, and the National Park Service.

(c) PLANNING AUTHORITY.—

(1) STORM WATER DRAINAGE.—Not later than 180 days after the date of enactment of this Act, the Secretary of the Interior, acting through the Director of the National Park Service (referred to in this section as the “Secretary”), and the city of Albuquerque, New Mexico, shall enter into negotiations to

Public Law 105–175
105th Congress
Joint Resolution
Expressing the sense of the Congress on the occasion of the 50th anniversary of the founding of the modern State of Israel and reaffirming the bonds of friendship and cooperation between the United States and Israel.

Whereas on November 29, 1947, the United Nations General Assembly voted to partition the British Mandate of Palestine, and through that vote, to create the State of Israel;

Whereas on May 14, 1948, the people of Israel proclaimed the establishment of the sovereign and independent State of Israel and the United States Government established full diplomatic relations with Israel;

Whereas the desire of the Jewish people to establish an independent modern State of Israel is the outgrowth of the existence of the historic Kingdom of Israel established three thousand years ago in the city of Jerusalem and in the land of Israel;

Whereas one century ago at the First Zionist Congress on August 29 to 31, 1897, in Basel, Switzerland, participants under the leadership of Theodore Herzl affirmed the desire to reestablish a Jewish homeland in the historic land of Israel;

Whereas the establishment of the modern State of Israel as a homeland for the Jews followed the slaughter of more than six million European Jews during the Holocaust;

Whereas since its establishment 50 years ago, the modern State of Israel has rebuilt a nation, forged a new and dynamic society, and created a unique and vital economic, political, cultural, and intellectual life despite the heavy costs of six wars, terrorism, international ostracism, and economic boycotts;

Whereas the people of Israel have established a vibrant and functioning pluralistic democratic political system including freedom of speech, a free press, free and fair and open elections, the rule of law, and other democratic principles and practices;

Whereas, at great social and financial costs, Israel has absorbed hundreds of thousands of Jews from countries throughout the World, many of them refugees from Arab countries, and fully integrated them into Israeli society;

Whereas for half a century the United States and Israel have maintained a special relationship based on mutually shared democratic values, common strategic interests, and moral bonds of friendship and mutual respect; and

Whereas the American people have shared an affinity with the people of Israel and regard Israel as a strong and trusted ally and an important strategic partner: Now, therefore, be it

(a) COORDINATED ENVIRONMENTAL REVIEW PROCESS.—

(1) DEVELOPMENT AND IMPLEMENTATION.—The Secretary

review process for highway construction projects that require—
(A) the preparation of an environmental impact state-
ment or environmental assessment under the National
Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.),
except that the Secretary may decide not to apply this
section to the preparation of an environmental assessment
under such Act; or
(B) the conduct of any other environmental review,
analysis, opinion, or issuance of an environmental permit,
license, or approval by operation of Federal law.
(2) MEMORANDUM OF UNDERSTANDING.—
(A) IN GENERAL.—The coordinated environmental
review process for each project shall ensure that, whenever
practicable (as specified in this section), all environmental
reviews, analyses, opinions, and any permits, licenses, or
approvals that must be issued or made by any Federal
agency for the project concerned shall be conducted concur-
rently and completed within a cooperatively determined
time period. Such process for a project or class of project
may be incorporated into a memorandum of understanding
between the Department of Transportation and Federal
agencies (and, where appropriate, State agencies).
(B) ESTABLISHMENT OF TIME PERIODS.—In establishing
the time period referred to in subparagraph (A), and any
time periods for review within such period, the Department
and all such agencies shall take into account their respec-
tive resources and statutory commitments.

(b) ELEMENTS OF COORDINATED ENVIRONMENTAL REVIEW
PROCESS.—For each project, the coordinated environmental review
process established under this section shall provide, at a minimum,
for the following elements:

(1) FEDERAL AGENCY IDENTIFICATION.—The Secretary shall,
at the earliest possible time, identify all potential Federal agen-
cies that—
(A) have jurisdiction by law over environmental-related
issues that may be affected by the project and the analysis
of which would be part of any environmental document
required by the National Environmental Policy Act of 1969
(42 U.S.C. 4321 et seq.); or
(B) may be required by Federal law to independently—
(i) conduct an environmental-related review or
analysis; or
(ii) determine whether to issue a permit, license,
or approval or render an opinion on the environmental
impact of the project.
(2) TIME LIMITATIONS AND CONCURRENT REVIEW.—The Secretary and the head of each Federal agency identified under paragraph (1)—

(A)(i) shall jointly develop and establish time periods for review for—

(I) all Federal agency comments with respect to any environmental review documents required by the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) for the project; and

(II) all other independent Federal agency environmental analyses, reviews, opinions, and decisions on any permits, licenses, and approvals that must be issued or made for the project;

whereby each such Federal agency’s review shall be undertaken and completed within such established time periods for review; or

(ii) may enter into an agreement to establish such time periods for review with respect to a class of project; and

(B) shall ensure, in establishing such time periods for review, that the conduct of any such analysis, review, opinion, and decision is undertaken concurrently with all other environmental reviews for the project, including the reviews required by the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.); except that such review may not be concurrent if the affected Federal agency can demonstrate that such concurrent review would result in a significant adverse impact to the environment or substantively alter the operation of Federal law or would not be possible without information developed as part of the environmental review process.

(3) FACTORS TO BE CONSIDERED.—Time periods for review established under this section shall be consistent with the time periods established by the Council on Environmental Quality under sections 1501.8 and 1506.10 of title 40, Code of Federal Regulations.

(4) EXTENSIONS.—The Secretary shall extend any time periods for review under this section if, upon good cause shown, the Secretary and any Federal agency concerned determine that additional time for analysis and review is needed as a result of new information that has been discovered that could not reasonably have been anticipated when the Federal agency’s time periods for review were established. Any memorandum of understanding shall be modified to incorporate any mutually agreed-upon extensions.

(c) DISPUTE RESOLUTION.—When the Secretary determines that a Federal agency which is subject to a time period for its environmental review or analysis under this section has failed to complete such review, analysis, opinion, or decision on issuing any permit, license, or approval within the established time period or within any agreed-upon extension to such time period, the Secretary may, after notice and consultation with such agency, close the record on the matter before the Secretary. If the Secretary finds, after timely compliance with this section, that an environmental issue related to the project that an affected Federal agency has jurisdiction over by operation of Federal law has not been resolved, the Secretary and the head of the Federal agency shall resolve the
matter not later than 30 days after the date of the finding by the Secretary.

(d) Participation of State Agencies.—For any project eligible for assistance under chapter 1 of title 23, United States Code, a State, by operation of State law, may require that all State agencies that have jurisdiction by State or Federal law over environmental-related issues that may be affected by the project, or that are required to issue any environmental-related reviews, analyses, opinions, or determinations on issuing any permits, licenses, or approvals for the project, be subject to the coordinated environmental review process established under this section unless the Secretary determines that a State’s participation would not be in the public interest. For a State to require State agencies to participate in the review process, all affected agencies of the State shall be subject to the review process.

(e) Assistance to Affected Federal Agencies.—

(1) In General.—The Secretary may approve a request by a State to provide funds made available under chapter 1 of title 23, United States Code, to the State for the project subject to the coordinated environmental review process established under this section to affected Federal agencies to provide the resources necessary to meet any time limits established under this section.

(2) Amounts.—Such requests under paragraph (1) shall be approved only—

(A) for the additional amounts that the Secretary determines are necessary for the affected Federal agencies to meet the time limits for environmental review; and

(B) if such time limits are less than the customary time necessary for such review.

(f) Judicial Review and Savings Clause.—

(1) Judicial Review.—Nothing in this section shall affect the reviewability of any final Federal agency action in a district court of the United States or in the court of any State.

CHAPTER 1—TRANSPORTATION INFRASTRUCTURE
FINANCE AND INNOVATION

SEC. 1501. SHORT TITLE.

This chapter may be cited as the “Transportation Infrastructure Finance and Innovation Act of 1998”.

SEC. 1502. FINDINGS.

Congress finds that—

(1) a well-developed system of transportation infrastructure is critical to the economic well-being, health, and welfare of the people of the United States;

(2) traditional public funding techniques such as grant programs are unable to keep pace with the infrastructure investment needs of the United States because of budgetary constraints at the Federal, State, and local levels of government;

(3) major transportation infrastructure facilities that address critical national needs, such as intermodal facilities, border crossings, and multistate trade corridors, are of a scale that exceeds the capacity of Federal and State assistance programs in effect on the date of enactment of this Act;

(4) new investment capital can be attracted to infrastructure projects that are capable of generating their own revenue streams through user charges or other dedicated funding sources; and

(5) a Federal credit program for projects of national significance can complement existing funding resources by filling market gaps, thereby leveraging substantial private co-investment.

SEC. 1503. ESTABLISHMENT OF PROGRAM.

**SEC. 3032. CONTRACTING OUT STUDY.**

(a) **STUDY.**—Not later than 3 months after the date of enactment of this Act, the Secretary shall enter into an agreement with the Transportation Research Board of the National Academy of Sciences to conduct a study of the effect of contracting out mass transportation operation and administrative functions on cost, availability and level of service, efficiency, safety, quality of services provided to transit-dependent populations, and employer-employee relations.

(b) **TERMS OF AGREEMENT.**—The agreement entered into in subsection (a) shall provide that—

1. the Transportation Research Board, in conducting the study, consider the number of grant recipients that have contracted out services, the size of the population served by such grant recipients, the basis for decisions regarding contracting out, and the extent to which contracting out was affected by the integration and coordination of resources of transit agencies and other Federal agencies and programs; and

49 USC 5301 note.
(2) the panel conducting the study shall include representatives of transit agencies, employees of transit agencies, private contractors, academic and policy analysts, and other interested persons.

(c) REPORT.—Not later than 24 months after the date of entry into the agreement under subsection (a), the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate a report containing the results of the study.

(d) FUNDING.—There shall be available from the Mass Transit Account of the Highway Trust Fund to carry out this section $250,000 for fiscal year 1998.

(e) CONTRACTUAL OBLIGATION.—Entry into an agreement to carry out this section that is financed with amounts made available under subsection (c) is a contractual obligation of the United States to pay the Government’s share of the cost of the study.

SEC. 3033. URBANIZED AREA FORMULA STUDY.

(a) STUDY.—The Secretary shall conduct a study to determine whether the formula for apportioning funds to urbanized areas under section 5336 of title 49, United States Code, accurately reflects the transit needs of the urbanized areas and, if not, whether any changes should be made either to the formula or through some other mechanism to reflect the fact that some urbanized areas with a population between 50,000 and 200,000 have transit systems that carry more passengers per mile or hour than the average of those transit systems in urbanized areas with a population over 200,000.

(b) REPORT.—Not later than December 31, 1999, the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate a report on the results of the study conducted under this section, together with any proposed changes to the method for apportioning funds to urbanized areas with a population over 50,000.

SEC. 3034. COORDINATED TRANSPORTATION SERVICES.

(a) STUDY.—The Comptroller General shall conduct a study of Federal departments and agencies (other than the Department of Transportation) that receive Federal financial assistance for non-emergency transportation services.

(b) CONTENTS.—In conducting the study, the Comptroller General shall—

1. identify each Federal department and agency (other than the Department of Transportation) that has received Federal financial assistance for non-emergency transportation services in any of the 3 fiscal years preceding the date of enactment of this Act;

2. identify the amount of such assistance received by each Federal department and agency in such fiscal years; and

3. identify the projects and activities funded using such financial assistance.

(c) REPORT.—Not later than 1 year after the date of enactment of this Act, the Comptroller General shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate a report containing the results of the study and
any recommendations for enhanced coordination between the Department of Transportation and other Federal departments and agencies that provide funding for non-emergency transportation.

SEC. 3035. FINAL ASSEMBLY OF BUSES.

(a) In General.—All buses manufactured on or after September 1, 1999, that are purchased with Federal funds by recipients of assistance from the Federal Transit Administration shall conform with the Federal Transit Administration Guidance on Buy America Requirements, dated March 18, 1997.

(b) Rule of Construction.—For purposes of this section, a bus shall be considered to be manufactured on or after September 1, 1999, if the manufacturing process for that bus is not completed on or before August 31, 1999.

SEC. 3036. CLEAN FUEL VEHICLES.

(a) Study.—The Comptroller General shall conduct a study of the various low and zero emission fuel technologies for transit vehicles, including compressed natural gas, liquefied natural gas, biodiesel fuel, battery, alcohol based fuel, hybrid electric, fuel cell, and clean diesel to determine—

(1) the status of the development and use of such technologies;
(2) the environmental benefits of such technologies under the Clean Air Act; and
(3) the cost of such technologies and any associated equipment.

(b) Report.—Not later than January 1, 2000, the Comptroller General shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate a report on the results of the study, together with recommendations for incentives to encourage the use of low and zero emission fuel technology for transit vehicles.

SEC. 3037. JOB ACCESS AND REVERSE COMMUTE GRANTS.

(a) Findings.—Congress finds that—

(1) two-thirds of all new jobs are in the suburbs, whereas three-quarters of welfare recipients live in rural areas or central cities;
(2) even in metropolitan areas with excellent public transit systems, less than half of the jobs are accessible by transit;
(3) in 1991, the median price of a new car was equivalent to 25 weeks of salary for the average worker, and considerably more for the low-income worker;

**SEC. 5213. REPEAL.**

**TITLE VI—OZONE AND PARTICULATE MATTER STANDARDS**

**SEC. 6101. FINDINGS AND PURPOSE.**

(a) The Congress finds that—

(1) there is a lack of air quality monitoring data for fine particle levels, measured as PM$_{2.5}$, in the United States and the States should receive full funding for the monitoring efforts;

(2) such data would provide a basis for designating areas as attainment or nonattainment for any PM$_{2.5}$ national ambient air quality standards pursuant to the standards promulgated in July 1997;

(3) the President of the United States directed the Administrator of the Environmental Protection Agency (referred to in this title as the “Administrator”) in a memorandum dated July 16, 1997, to complete the next periodic review of the particulate matter national ambient air quality standards by July 2002 in order to determine “whether to revise or maintain the standards”;

(4) the Administrator has stated that 3 years of air quality monitoring data for fine particle levels, measured as PM$_{2.5}$ and performed in accordance with any applicable Federal reference methods, is appropriate for designating areas as attainment or nonattainment pursuant to the July 1997 promulgated standards; and

(5) the Administrator has acknowledged that in drawing boundaries for attainment and nonattainment areas for the July 1997 ozone national air quality standards, Governors would benefit from considering implementation guidance from EPA on drawing area boundaries.

(b) The purposes of this title are—

(1) to ensure that 3 years of air quality monitoring data regarding fine particle levels are gathered for use in the determination of area attainment or nonattainment designations respecting any PM$_{2.5}$ national ambient air quality standards;

(2) to ensure that the Governors have adequate time to consider implementation guidance from EPA on drawing area boundaries prior to submitting area designations respecting the July 1997 ozone national ambient air quality standards;

(3) to ensure that the schedule for implementation of the July 1997 revisions of the ambient air quality standards for particulate matter and the schedule for the Environmental
Protection Agency’s visibility regulations related to regional haze are consistent with the timetable for implementation of such particulate matter standards as set forth in the President’s Implementation Memorandum dated July 16, 1997.

SEC. 6102. PARTICULATE MATTER MONITORING PROGRAM.

(a) Through grants under section 103 of the Clean Air Act the Administrator of the Environmental Protection Agency shall use appropriated funds no later than fiscal year 2000 to fund 100 percent of the cost of the establishment, purchase, operation and maintenance of a PM$_{2.5}$ monitoring network necessary to implement the national ambient air quality standards for PM$_{2.5}$ under section 109 of the Clean Air Act. This implementation shall not result in a diversion or reprogramming of funds from other Federal, State or local Clean Air Act activities. Any funds previously diverted or reprogrammed from section 105 Clean Air Act grants for PM$_{2.5}$ monitors must be restored to State or local air programs in fiscal year 1999.

(b) EPA and the States, consistent with their respective authorities under the Clean Air Act, shall ensure that the national network (designated in subsection (a)) which consists of the PM$_{2.5}$ monitors necessary to implement the national ambient air quality standards is established by December 31, 1999.

(c)(1) The Governors shall be required to submit designations referred to in section 107(d)(1) of the Clean Air Act for each area following promulgation of the July 1997 PM$_{2.5}$ national ambient air quality standard within 1 year after receipt of 3 years of air quality monitoring data performed in accordance with any applicable Federal reference methods for the relevant areas. Only data from the monitoring network designated in subsection (a) and other Federal reference method PM$_{2.5}$ monitors shall be considered for such designations. Nothing in the previous sentence shall be construed as affecting the Governor’s authority to designate an area initially as nonattainment, and the Administrator’s authority to promulgate the designation of an area as nonattainment, under section 107(d)(1) of the Clean Air Act, based on its contribution to ambient air quality in a nearby nonattainment area.

(2) For any area designated as nonattainment for the July 1997 PM$_{2.5}$ national ambient air quality standard in accordance with the schedule set forth in this section, notwithstanding the time limit prescribed in paragraph (2) of section 169B(e) of the Clean Air Act, the Administrator shall require State implementation plan revisions referred to in such paragraph (2) to be submitted at the same time as State implementation plan revisions referred to in section 172 of the Clean Air Act implementing the revised national ambient air quality standard for fine particulate matter are required to be submitted. For any area designated as attainment or unclassifiable for such standard, the Administrator shall require the State implementation plan revisions referred to in such paragraph (2) to be submitted 1 year after the area has been so designated. The preceding provisions of this paragraph shall not preclude the implementation of the agreements and recommendations set forth in the Grand Canyon Visibility Transport Commission Report dated June 1996.

(d) The Administrator shall promulgate the designations referred to in section 107(d)(1) of the Clean Air Act for each area following promulgation of the July 1997 PM$_{2.5}$ national ambient
air quality standard by the earlier of 1 year after the initial designa-
tions required under subsection (c)(1) are required to be submitted
December 31, 2005.
(e) The Administrator shall conduct a field study of the ability
of the PM$_{2.5}$ Federal Reference Method to differentiate those par-
ticles that are larger than 2.5 micrograms in diameter. This study
shall be completed and provided to the Committee on Commerce
of the House of Representatives and the Committee on Environment
and Public Works of the United States Senate no later than 2
years from the date of enactment of this Act.

SEC. 6103. OZONE DESIGNATION REQUIREMENTS.
(a) The Governors shall be required to submit the designations
referred to in section 107(d)(1) of the Clean Air Act within 2
years following the promulgation of the July 1997 ozone national
ambient air quality standards.
(b) The Administrator shall promulgate final designations no
later than 1 year after the designations required under subsection
(a) are required to be submitted.

SEC. 6104. ADDITIONAL PROVISIONS.
Nothing in sections 6101 through 6103 shall be construed by
the Administrator of Environmental Protection Agency or any court,
State, or person to affect any pending litigation or to be a ratification
of the ozone or PM$_{2.5}$ standards.

(1) Direct Loans.—The Secretary shall require interest to be paid on a direct loan made under this section at a rate not less than that necessary to recover the cost of making the loan.

(2) Loan Guarantees.—The Secretary shall not make a loan guarantee under this section if the interest rate for the loan exceeds that which the Secretary determines to be reasonable, taking into consideration the prevailing interest rates and customary fees incurred under similar obligations in the private capital market.

(f) Infrastructure Partners.—

(1) Authority of Secretary.—In lieu of or in combination with appropriations of budget authority to cover the costs of direct loans and loan guarantees as required under section 504(b)(1) of the Federal Credit Reform Act of 1990, the Secretary may accept on behalf of an applicant for assistance under this section a commitment from a non-Federal source to fund in whole or in part credit risk premiums with respect to the loan that is the subject of the application. When all obligations attached to a cohort of loans have been satisfied, credit risk premiums paid for the cohort, and interest accrued thereon, which were not used to mitigate losses shall be returned to the original source on a pro rata basis.

“(g) PREREQUISITES FOR ASSISTANCE.—The Secretary shall not make a direct loan or loan guarantee under this section unless the Secretary has made a finding in writing that—

“(2) the direct loan or loan guarantee is justified by the present and probable future demand for rail services or intermodal facilities;
“(3) the applicant has given reasonable assurances that the facilities or equipment to be acquired, rehabilitated, improved, developed, or established with the proceeds of the obligation will be economically and efficiently utilized;
“(4) the obligation can reasonably be repaid, using an appropriate combination of credit risk premiums and collateral offered by the applicant to protect the Federal Government; and
“(5) the purposes of the direct loan or loan guarantee are consistent with subsection (b).

“(h) CONDITIONS OF ASSISTANCE.—The Secretary shall, before granting assistance under this section, require the applicant to agree to such terms and conditions as are sufficient, in the judgment of the Secretary, to ensure that, as long as any principal or interest is due and payable on such obligation, the applicant, and any railroad or railroad partner for whose benefit the assistance is intended—

“(1) will not use any funds or assets from railroad or intermodal operations for purposes not related to such operations, if such use would impair the ability of the applicant,
railroad, or railroad partner to provide rail or intermodal services in an efficient and economic manner, or would adversely affect the ability of the applicant, railroad, or railroad partner to perform any obligation entered into by the applicant under this section;

“(2) will, consistent with its capital resources, maintain its capital program, equipment, facilities, and operations on a continuing basis; and

“(3) will not make any discretionary dividend payments that unreasonably conflict with the purposes stated in subsection (b).

“SEC. 503. ADMINISTRATION OF DIRECT LOANS AND LOAN GUARANTEES.

“(c) MODIFICATIONS.—The Secretary may approve the modification of any term or condition of a direct loan, loan guarantee, direct loan obligation, or loan guarantee commitment, including the rate of interest, time of payment of interest or principal, or security requirements, if the Secretary finds in writing that—

“(1) the modification is equitable and is in the overall best interests of the United States; and

“(2) consent has been obtained from the applicant and, in the case of a loan guarantee or loan guarantee commitment, the holder of the obligation.

“(d) COMPLIANCE.—The Secretary shall assure compliance, by an applicant, any other party to the loan, and any railroad or railroad partner for whose benefit assistance is intended, with the provisions of this title, regulations issued hereunder, and the terms and conditions of the direct loan or loan guarantee, including through regular periodic inspections.

“(e) COMMERCIAL VALIDITY.—For purposes of claims by any party other than the Secretary, a loan guarantee or loan guarantee commitment shall be conclusive evidence that the underlying obligation is in compliance with the provisions of this title, and that such obligation has been approved and is legal as to principal, interest, and other terms. Such a guarantee or commitment shall be valid and incontestable in the hands of a holder thereof, including the original lender or any other holder, as of the date when the Secretary granted the application therefor, except as to fraud or material misrepresentation by such holder.

“(f) DEFAULT.—The Secretary shall prescribe regulations setting forth procedures in the event of default on a loan made or guaranteed under section 502. The Secretary shall ensure that each loan guarantee made under that section contains terms and conditions that provide that—

“(1) if a payment of principal or interest under the loan is in default for more than 30 days, the Secretary shall pay
to the holder of the obligation, or the holder's agent, the amount of unpaid guaranteed interest;

“(2) if the default has continued for more than 90 days, the Secretary shall pay to the holder of the obligation, or the holder's agent, 90 percent of the unpaid guaranteed principal;

“(3) after final resolution of the default, through liquidation or otherwise, the Secretary shall pay to the holder of the obligation, or the holder's agent, any remaining amounts guaranteed but which were not recovered through the default's resolution;

“(4) the Secretary shall not be required to make any payment under paragraphs (1) through (3) if the Secretary finds, before the expiration of the periods described in such paragraphs, that the default has been remedied; and

“(5) the holder of the obligation shall not receive payment or be entitled to retain payment in a total amount which, together with all other recoveries (including any recovery based upon a security interest in equipment or facilities) exceeds the actual loss of such holder.

“(g) Rights of the Secretary.—

“(1) Subrogation.—If the Secretary makes payment to a holder, or a holder's agent, under subsection (g) in connection with a loan guarantee made under section 502, the Secretary shall be subrogated to all of the rights of the holder with respect to the obligor under the loan.

“(2) Disposition of Property.—The Secretary may complete, recondition, reconstruct, renovate, repair, maintain, operate, charter, rent, sell, or otherwise dispose of any property or other interests obtained pursuant to this section. Subtitle C—Comprehensive One-Call Notification

SEC. 7301. FINDINGS.

Congress finds that—

(1) unintentional damage to underground facilities during excavation is a significant cause of disruptions in telecommunications, water supply, electric power, and other vital public services, such as hospital and air traffic control operations, and is a leading cause of natural gas and hazardous liquid pipeline accidents;
(2) excavation that is performed without prior notification to an underground facility operator or with inaccurate or untimely marking of such a facility prior to excavation can cause damage that results in fatalities, serious injuries, harm to the environment and disruption of vital services to the public; and

(3) protection of the public and the environment from the consequences of underground facility damage caused by excavations will be enhanced by a coordinated national effort to improve one-call notification programs in each State and the effectiveness and efficiency of one-call notification systems that operate under such programs.

SEC. 7302. ONE-CALL NOTIFICATION PROGRAMS.

(a) In General.—Subtitle III of title 49, United States Code, is amended by adding at the end thereof the following:

“CHAPTER 61—ONE-CALL NOTIFICATION PROGRAMS

“§ 6101. Purposes

“The purposes of this chapter are—

“(1) to enhance public safety;
“(2) to protect the environment;
“(3) to minimize risks to excavators; and
“(4) to prevent disruption of vital public services,

by reducing the incidence of damage to underground facilities during excavation through the voluntary adoption and efficient implementation by all States of State one-call notification programs that meet the minimum standards set forth under section 6103.

“§ 6102. Definitions

“In this chapter, the following definitions apply:

“(1) ONE-CALL NOTIFICATION SYSTEM.—The term ‘one-call notification system’ means a system operated by an organization that has as 1 of its purposes to receive notification from excavators of intended excavation in a specified area in order to disseminate such notification to underground facility operators that are members of the system so that such operators can locate and mark their facilities in order to prevent damage to underground facilities in the course of such excavation.

“(2) STATE ONE-CALL NOTIFICATION PROGRAM.—The term ‘State one-call notification program’ means the State statutes, regulations, orders, judicial decisions, and other elements of law and policy in effect in a State that establish the requirements for the operation of one-call notification systems in such State.

“(3) STATE.—The term ‘State’ means a State, the District of Columbia, and Puerto Rico.

“(4) SECRETARY.—The term ‘Secretary’ means the Secretary of Transportation.
§ 6103. Minimum standards for State one-call notification programs

(a) Minimum Standards.—In order to qualify for a grant under section 6106, a State one-call notification program shall, at a minimum, provide for—

(1) appropriate participation by all underground facility operators;

(2) appropriate participation by all excavators; and

(3) flexible and effective enforcement under State law with respect to participation in, and use of, one-call notification systems.

(b) Appropriate Participation.—In determining the appropriate extent of participation required for types of underground facilities or excavators under subsection (a), a State shall assess, rank, and take into consideration the risks to the public safety, the environment, excavators, and vital public services associated with—

(1) damage to types of underground facilities; and

(2) activities of types of excavators.

(c) Implementation.—A State one-call notification program also shall, at a minimum, provide for—

(1) consideration of the ranking of risks under subsection (b) in the enforcement of its provisions;

(2) a reasonable relationship between the benefits of one-call notification and the cost of implementing and complying with the requirements of the State one-call notification program; and

(3) voluntary participation where the State determines that a type of underground facility or an activity of a type of excavator poses a de minimis risk to public safety or the environment.

(d) Penalties.—To the extent the State determines appropriate and necessary to achieve the purposes of this chapter, a State one-call notification program shall, at a minimum, provide for—

(1) administrative or civil penalties commensurate with the seriousness of a violation by an excavator or facility owner of a State one-call notification program;

(2) increased penalties for parties that repeatedly damage underground facilities because they fail to use one-call notification systems or for parties that repeatedly fail to provide timely and accurate marking after the required call has been made to a one-call notification system;

(3) reduced or waived penalties for a violation of a requirement of a State one-call notification program that results in, or could result in, damage that is promptly reported by the violator;

(4) equitable relief; and

(5) citation of violations.

§ 6104. Compliance with minimum standards

(a) Requirement.—In order to qualify for a grant under section 6106, each State shall submit to the Secretary a grant application under subsection (b). The State shall submit the application not later than 2 years after the date of enactment of this chapter.

(b) Application.—
“(1) Upon application by a State, the Secretary shall review that State's one-call notification program, including the provisions for the implementation of the program and the record of compliance and enforcement under the program.

“(2) Based on the review under paragraph (1), the Secretary shall determine whether the State's one-call notification program meets the minimum standards for such a program set forth in section 6103 in order to qualify for a grant under section 6106.

“(3) In order to expedite compliance under this section, the Secretary may consult with the State as to whether an existing State one-call notification program, a specific modification thereof, or a proposed State program would result in a positive determination under paragraph (2).

“(4) The Secretary shall prescribe the form and manner of filing an application under this section that shall provide sufficient information about a State’s one-call notification program for the Secretary to evaluate its overall effectiveness. Such information may include the nature and reasons for exceptions from required participation, the types of enforcement available, and such other information as the Secretary deems necessary.

“(5) The application of a State under paragraph (1) and the record of actions of the Secretary under this section shall be available to the public.

“(c) ALTERNATIVE PROGRAM.—A State is eligible to receive a grant under section 6106 if the State maintains an alternative one-call notification program that provides protection for public safety, excavators, and the environment that is equivalent to, or greater than, protection provided under a program that meets the minimum standards set forth in section 6103.

“(d) REPORT.—Within 3 years after the date of the enactment of this chapter, the Secretary shall begin to include the following information in reports submitted under section 60124 of this title—

“(1) a description of the extent to which each State has adopted and implemented the minimum Federal standards under section 6103 or maintains an alternative program under subsection (c);

“(2) an analysis by the Secretary of the overall effectiveness of each State's one-call notification program and the one-call notification systems operating under such program in achieving the purposes of this chapter;

“(3) the impact of each State's decisions on the extent of required participation in one-call notification systems on prevention of damage to underground facilities; and

“(4) areas where improvements are needed in one-call notification systems in operation in each State.

The report shall also include any recommendations the Secretary determines appropriate. If the Secretary determines that the purposes of this chapter have been substantially achieved, no further report under this section shall be required.

“§ 6105. Review of one-call system best practices

“(a) STUDY OF EXISTING ONE-CALL SYSTEMS.—Except as provided in subsection (d), the Secretary, in consultation with other appropriate Federal agencies, State agencies, one-call notification system operators, underground facility operators, excavators, and
other interested parties, shall undertake a study of damage prevention practices associated with existing one-call notification systems.

(b) Purpose of Study of Damage Prevention Practices.—The purpose of the study is to gather information in order to determine which existing one-call notification systems appear to be the most effective in protecting the public, excavators, and the environment and in preventing disruptions to public services and damage to underground facilities. As part of the study, the Secretary shall consider, at a minimum—

(1) the methods used by one-call notification systems and others to encourage participation by excavators and owners of underground facilities;

(2) the methods by which one-call notification systems promote awareness of their programs, including use of public service announcements and educational materials and programs;

(3) the methods by which one-call notification systems receive and distribute information from excavators and underground facility owners;

(4) the use of any performance and service standards to verify the effectiveness of a one-call notification system;

(5) the effectiveness and accuracy of mapping used by one-call notification systems;

(6) the relationship between one-call notification systems and preventing damage to underground facilities;

(7) how one-call notification systems address the need for rapid response to situations where the need to excavate is urgent;

(8) the extent to which accidents occur due to errors in marking of underground facilities, untimely marking or errors in the excavation process after a one-call notification system has been notified of an excavation;

(9) the extent to which personnel engaged in marking underground facilities may be endangered;

(10) the characteristics of damage prevention programs the Secretary believes could be relevant to the effectiveness of State one-call notification programs; and

(11) the effectiveness of penalties and enforcement activities under State one-call notification programs in obtaining compliance with program requirements.

(c) Report.—Within 1 year after the date of the enactment of this chapter, the Secretary shall publish a report identifying those practices of one-call notification systems that are the most and least successful in—

(1) preventing damage to underground facilities; and

(2) providing effective and efficient service to excavators and underground facility operators.

The Secretary shall encourage each State and operator of one-call notification programs to adopt and implement those practices identified in the report that the State determines are the most appropriate.

(d) Secretarial Discretion.—Prior to undertaking the study described in subsection (a), the Secretary shall determine whether timely information described in subsection (b) is readily available. If the Secretary determines that such information is readily available, the Secretary is not required to carry out the study.
§ 6106. Grants to States

SEC. 253. FOREST AND RANGELAND RENEWABLE RESOURCES RESEARCH.

(a) FINDINGS.—Section 2 of the Forest and Rangeland Renewable Resources Research Act of 1978 (16 U.S.C. 1641) is amended by striking “SEC. 2.” and subsection (a) and inserting the following:

“SEC. 2. FINDINGS AND PURPOSE.

“(a) FINDINGS.—Congress finds the following:

“(1) Forests and rangeland, and the resources of forests and rangeland, are of strategic economic and ecological importance to the United States, and the Federal Government has an important and substantial role in ensuring the continued health, productivity, and sustainability of the forests and rangeland of the United States.

“(2) Over 75 percent of the productive commercial forest land in the United States is privately owned, with some 60 percent owned by small nonindustrial private owners. These 10,000,000 nonindustrial private owners are critical to providing both commodity and noncommodity values to the citizens of the United States.

“(3) The National Forest System manages only 17 percent of the commercial timberland of the United States, with over half of the standing softwoods inventory located on that land. Dramatic changes in Federal agency policy during the early 1990’s have significantly curtailed the management of this vast timber resource, causing abrupt shifts in the supply of timber from public to private ownership. As a result of these shifts in supply, some 60 percent of total wood production in the United States is now coming from private forest land in the southern United States.

“(4) At the same time that pressures are building for the removal of even more land from commercial production, the Federal Government is significantly reducing its commitment to productivity-related research regarding forests and rangeland, which is critically needed by the private sector for the sustained management of remaining available timber and forage resources for the benefit of all species.

“(5) Uncertainty over the availability of the United States timber supply, increasing regulatory burdens, and the lack of Federal Government support for research is causing domestic wood and paper producers to move outside the United States to find reliable sources of wood supplies, which in turn results in a worsening of the United States trade balance, the loss of employment and infrastructure investments, and an increased risk of infestations of exotic pests and diseases from imported wood products.

“(6) Wood and paper producers in the United States are being challenged not only by shifts in Federal Government policy, but also by international competition from tropical countries where growth rates of trees far exceed those in the United States. Wood production per acre will need to quadruple from 1996 levels for the United States forestry sector to remain internationally competitive on an ever decreasing forest land base.

“(7) Better and more frequent forest inventorying and analysis is necessary to identify productivity-related forestry research needs and to provide forest managers with the current
data necessary to make timely and effective management decisions.”.

(b) High Priority Forestry and Rangeland Research and Education.—Section 3 of the Forest and Rangeland Renewable Resources Research Act of 1978 (16 U.S.C. 1642) is amended by striking subsection (d) and inserting the following:

“(d) High Priority Forestry and Rangeland Research and Education.—

“(1) In general.—The Secretary may conduct, support, and cooperate in forestry and rangeland research and education that is of the highest priority to the United States and to users of public and private forest land and rangeland in the United States.

“(A) The biology of forest organisms and rangeland organisms.

“(B) Functional characteristics and cost-effective management of forest and rangeland ecosystems.

“(C) Interactions between humans and forests and rangeland.

“(D) Wood and forage as a raw material.

“(A) research on ecosystem health, forest management, product development, economics, and related fields;

“(B) research to assist those States and landowners in those States to achieve sustainable forest management;

“(C) technology transfer to the wood products industry of technologies that promote efficient processing, pollution prevention, and energy conservation;

“(D) dissemination of existing and new information to landowners, public and private resource managers, State forest citizen advisory committees, and the general public through professional associations, publications, and other information clearinghouse activities; and

“(E) analysis of strategies for the protection of areas of outstanding ecological significance or high biological diversity, and strategies for the provision of important recreational opportunities and traditional uses, including strategies for areas identified through State land conservation planning processes.”.

“(4) NATIONAL STANDARDS AND DEFINITIONS.—To ensure uniform and consistent data collection for all forest land that is publicly or privately owned and for each State, the Secretary shall develop, in consultation with State foresters and Federal land management agencies not under the jurisdiction of the Secretary, and publish national standards and definitions to be applied in inventorying and analyzing forests and their resources under this subsection. The standards shall include a core set of variables to be measured on all sample plots under paragraph (2) and a standard set of tables to be included in the reports under paragraph (3).

“(5) PROTECTION FOR PRIVATE PROPERTY RIGHTS.—The Secretary shall obtain authorization from property owners prior to collecting data from sample plots located on private property pursuant to paragraphs (2) and (3).

“(6) STRATEGIC PLAN.—Not later than 180 days after the date of enactment of this subsection, the Secretary shall prepare and submit to Congress a strategic plan to implement and carry out this subsection, including the annual updates required by paragraph (2) and the reports required by paragraph (3), that shall describe in detail—
“(A) the financial resources required to implement and carry out this subsection, including the identification of any resources required in excess of the amounts provided for forest inventorying and analysis in recent appropriations Acts;
“(B) the personnel necessary to implement and carry out this subsection, including any personnel in addition to personnel currently performing inventorying and analysis functions;

“(F) the process for employing, in coordination with the Secretary of Energy and the Administrator of the National Aeronautics and Space Administration, remote sensing, global positioning systems, and other advanced technologies to carry out this subsection, and the subsequent use of the technologies.”.

To validate certain conveyances in the City of Tulare, Tulare County, California, and for other purposes. July 16, 1998
[H.R. 960]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.
The Congress finds that—
(1) It is in the Federal Government’s interest to facilitate local development of jobs in areas of high unemployment.
(2) Railroad interests in rights-of-way prevent local communities from obtaining clear title to property for development unless the city also obtains the Federal reversionary interest in those rights-of-way.
(3) For development purposes, in order to secure needed financing, the City of Tulare Redevelopment Agency requires clear title to certain parcels of land within the city’s business corridor that are part of a railroad right-of-way.

SEC. 2. TULARE CONVEYANCE.
(a) IN GENERAL.—Subject to subsections (c) and (d), all conveyances to the Redevelopment Agency of the City of Tulare, California, of lands described in subsection (b), heretofore or hereafter, made directly by the Southern Pacific Transportation Company, or its successors, are hereby validated to the extent that the conveyances would be legal or valid if all right, title, and interest of the United States, except minerals, were held by the Southern Pacific Transportation Company.

(b) LANDS DESCRIBED.—The lands referred to in subsection (a) are the parcels shown on the map entitled “Tulare Redevelopment Agency-Railroad Parcels Proposed to be Acquired”, dated May 29, 1997, that formed part of a railroad right-of-way granted to the Southern Pacific Railroad Company, or its successors, agents, or assigns, by the Federal Government (including the right-of-way approved by an Act of Congress on July 27, 1866). The map referred to in this subsection shall be on file and available for public inspection in the offices of the Director of the Bureau of Land Management.

(c) PRESERVATION OF EXISTING RIGHTS OF ACCESS.—Nothing in this section shall impair any existing rights of access in favor of the public or any owner of adjacent lands over, under, or across the lands which are referred to in subsection (a).
(d) MINERALS.—The United States disclaims any and all right of surface entry to the mineral estate of lands described in subsection (b).

“(3) Activities under this subsection shall be conducted independently of any enforcement activity. If an employer fails to take immediate action to eliminate employee exposure to an imminent danger identified in a consultation or fails to correct a serious hazard so identified within a reasonable time, a report shall be made to the appropriate enforcement authority for such action as is appropriate.

“(4) The Secretary shall, by regulation after notice and opportunity for comment, establish rules under which an employer—

“(A) which requests and undergoes an on-site consultative visit provided under this subsection;
“(B) which corrects the hazards that have been identified during the visit within the time frames established by the State and agrees to request a subsequent consultative visit if major changes in working conditions or work processes occur which introduce new hazards in the workplace; and

“(C) which is implementing procedures for regularly identifying and preventing hazards regulated under this Act and maintains appropriate involvement of, and training for, management and non-management employees in achieving safe and healthful working conditions, may be exempt from an inspection (except an inspection requested under section 8(f) or an inspection to determine the cause of a workplace accident which resulted in the death of one or more employees or hospitalization for three or more employees) for a period of 1 year from the closing of the consultative visit.

“(5) A State shall provide worksite consultations under paragraph (2) at the request of an employer. Priority in scheduling such consultations shall be assigned to requests from small businesses which are in higher hazard industries or have the most hazardous conditions at issue in the request.”

Public Law 105–199
105th Congress
An Act
To establish an advisory commission to provide advice and recommendations on the creation of an integrated, coordinated Federal policy designed to prepare for and respond to serious drought emergencies.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the "National Drought Policy Act of 1998".

SEC. 2. FINDINGS.
Congress finds that—

(1) the United States often suffers serious economic and environmental losses from severe regional droughts and there is no coordinated Federal strategy to respond to such emergencies;

(2) at the Federal level, even though historically there have been frequent, significant droughts of national consequences, drought is addressed mainly through special legislation and ad hoc action rather than through a systematic and permanent process as occurs with other natural disasters;

(3) there is an increasing need, particularly at the Federal level, to emphasize preparedness, mitigation, and risk management (rather than simply crisis management) when addressing drought and other natural disasters or emergencies;

(4) several Federal agencies have a role in drought from predicting, forecasting, and monitoring of drought conditions to the provision of planning, technical, and financial assistance;

(5) there is no single Federal agency in a lead or coordinating role with regard to drought;

(6) State, local, and tribal governments have had to deal individually and separately with each Federal agency involved in drought assistance; and

(7) the President should appoint an advisory commission to provide advice and recommendations on the creation of an integrated, coordinated Federal policy designed to prepare for, mitigate the impacts of, respond to, and recover from serious drought emergencies.

SEC. 3. ESTABLISHMENT OF COMMISSION.
(a) ESTABLISHMENT.—There is established a commission to be known as the National Drought Policy Commission (hereafter in this Act referred to as the "Commission").

(b) MEMBERSHIP.—
(1) COMPOSITION.—The Commission shall be composed of 16 members. The members of the Commission shall include—

(A) the Secretary of Agriculture, or the designee of the Secretary, who shall chair the Commission;

(B) the Secretary of the Interior, or the designee of the Secretary;

(C) the Secretary of the Army, or the designee of the Secretary;

(D) the Secretary of Commerce, or the designee of the Secretary;

(E) the Director of the Federal Emergency Management Agency, or the designee of the Director;

(F) the Administrator of the Small Business Administration, or the designee of the Administrator;

(G) two persons nominated by the National Governors' Association and appointed by the President, of whom—
   (i) one shall be the governor of a State east of the Mississippi River; and
   (ii) one shall be a governor of a State west of the Mississippi River;

(H) a person nominated by the National Association of Counties and appointed by the President;

(I) a person nominated by the United States Conference of Mayors and appointed by the President; and

(J) six persons, appointed by the Secretary of Agriculture in coordination with the Secretary of the Interior and the Secretary of the Army, who shall be representative of groups acutely affected by drought emergencies, such as the agricultural production community, the credit community, rural and urban water associations, Native Americans, and fishing and environmental interests.

(2) DATE.—The appointments of the members of the Commission shall be made no later than 60 days after the date of the enactment of this Act.

(c) PERIOD OF APPOINTMENT; VACANCIES.—Members shall be appointed for the life of the Commission. Any vacancy in the Commission shall not affect its powers, but shall be filled in the same manner as the original appointment.

(d) INITIAL MEETING.—No later than 30 days after the date on which all members of the Commission have been appointed, the Commission shall hold its first meeting.

(e) MEETINGS.—The Commission shall meet at the call of the chair.

(f) QUORUM.—A majority of the members of the Commission shall constitute a quorum, but a lesser number of members may hold hearings.

(g) VICE CHAIR.—The Commission shall select a vice chair from among the members who are not Federal officers or employees.

SEC. 4. DUTIES OF THE COMMISSION.

(a) STUDY AND REPORT.—The Commission shall conduct a thorough study and submit a report on national drought policy in accordance with this section.

(b) CONTENT OF STUDY AND REPORT.—In conducting the study and report, the Commission shall—

(1) determine, in consultation with the National Drought Mitigation Center in Lincoln, Nebraska, and other appropriate
entities, what needs exist on the Federal, State, local, and tribal levels to prepare for and respond to drought emergencies;

(2) review all existing Federal laws and programs relating to drought;

(3) review State, local, and tribal laws and programs relating to drought that the Commission finds pertinent;

(4) determine what differences exist between the needs of those affected by drought and the Federal laws and programs designed to mitigate the impacts of and respond to drought;

(5) collaborate with the Western Drought Coordination Council and other appropriate entities in order to consider regional drought initiatives and the application of such initiatives at the national level;

(6) make recommendations on how Federal drought laws and programs can be better integrated with ongoing State, local, and tribal programs into a comprehensive national policy to mitigate the impacts of and respond to drought emergencies without diminishing the rights of States to control water through State law and considering the need for protection of the environment;

(7) make recommendations on improving public awareness of the need for drought mitigation, and prevention; and response on developing a coordinated approach to drought mitigation, prevention, and response by governmental and non-governmental entities, including academic, private, and non-profit interests; and

(8) include a recommendation on whether all Federal drought preparation and response programs should be consolidated under one existing Federal agency and, if so, identify such agency.

(c) SUBMISSION OF REPORT.—

(1) IN GENERAL.—No later than 18 months after the date of the enactment of this Act, the Commission shall submit a report to the President and Congress which shall contain a detailed statement of the findings and conclusions of the Commission, together with its recommendations for such legislation and administrative actions as it considers appropriate.

(2) APPROVAL OF REPORT.—Before submission of the report, the contents of the report shall be approved by unanimous consent or majority vote. If the report is approved by majority vote, members voting not to approve the contents shall be given the opportunity to submit dissenting views with the report.

SEC. 5. POWERS OF THE COMMISSION.

(a) HEARINGS.—The Commission may hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence as the Commission considers necessary to carry out the purposes of this Act.

(b) INFORMATION FROM FEDERAL AGENCIES.—The Commission may secure directly from any Federal department or agency such information as the Commission considers necessary to carry out the provisions of this Act. Upon request of the chair of the Commission, the head of such department or agency shall furnish such information to the Commission.
(c) Postal Services.—The Commission may use the United States mails in the same manner and under the same conditions as other departments and agencies of the Federal Government.

(d) Gifts.—The Commission may accept, use, and dispose of gifts or donations of services or property.

SEC. 6. COMMISSION PERSONNEL MATTERS.

(a) Compensation of Members.—Each member of the Commission who is not an officer or employee of the Federal Government shall not be compensated for service on the Commission, except as provided under subsection (b). All members of the Commission who are officers or employees of the United States shall serve without compensation in addition to that received for their services as officers or employees of the United States.

(b) Travel Expenses.—The members of the Commission shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while away from their homes or regular places of business in the performance of services for the Commission.

(c) Detail of Government Employees.—Any Federal Government employee may be detailed to the Commission without reimbursement, and such detail shall be without interruption or loss of civil service status or privilege.

(d) Administrative Support.—The Secretary of Agriculture shall provide all financial, administrative, and staff support services for the Commission.

SEC. 7. TERMINATION OF THE COMMISSION.

The Commission shall terminate 90 days after the date on which the Commission submits its report under section 4.

(a) In general.—Section 455(a) of the Social Security Act (42 U.S.C. 655(a)) is amended by adding at the end the following:

“(4)(A)(i) If—

“(I) the Secretary determines that a State plan under section 454 would (in the absence of this paragraph) be disapproved for the failure of the State to comply with a particular subparagraph of section 454(24), and that the State has made and is continuing to make a good faith effort to so comply; and

“(II) the State has submitted to the Secretary a corrective compliance plan that describes how, by when, and at what cost the State will achieve such compliance, which has been approved by the Secretary,

then the Secretary shall not disapprove the State plan under section 454, and the Secretary shall reduce the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the fiscal year by the penalty amount.

“(ii) All failures of a State during a fiscal year to comply with any of the requirements referred to in the same subparagraph of section 454(24) shall be considered a single failure of the State to comply with that subparagraph during the fiscal year for purposes of this paragraph.

“(B) In this paragraph:

“(i) The term ‘penalty amount’ means, with respect to a failure of a State to comply with a subparagraph of section 454(24)—

“(I) 4 percent of the penalty base, in the case of the first fiscal year in which such a failure by the State occurs (regardless of whether a penalty is imposed under this paragraph with respect to the failure);

“(II) 8 percent of the penalty base, in the case of the second such fiscal year;

“(III) 16 percent of the penalty base, in the case of the third such fiscal year;

“(IV) 25 percent of the penalty base, in the case of the fourth such fiscal year; or

“(V) 30 percent of the penalty base, in the case of the fifth or any subsequent such fiscal year.

“(ii) The term ‘penalty base’ means, with respect to a failure of a State to comply with a subparagraph of section 454(24) during a fiscal year, the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the preceding fiscal year.

“(C)(i) The Secretary shall waive a penalty under this paragraph for any failure of a State to comply with section 454(24)(A) during fiscal year 1998 if—

“(I) on or before August 1, 1998, the State has submitted to the Secretary a request that the Secretary certify the State as having met the requirements of such section;

“(II) the Secretary subsequently provides the certification as a result of a timely review conducted pursuant to the request; and
“(III) the State has not failed such a review.

“(ii) If a State with respect to which a reduction is made under this paragraph for a fiscal year with respect to a failure to comply with a subparagraph of section 454(24) achieves compliance with such subparagraph by the beginning of the succeeding fiscal year, the Secretary shall increase the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the succeeding fiscal year by an amount equal to 90 percent of the reduction for the fiscal year.

“(D) The Secretary may not impose a penalty under this paragraph against a State with respect to a failure to comply with section 454(24)(B) for a fiscal year if the Secretary is required to impose a penalty under this paragraph against the State with respect to a failure to comply with section 454(24)(A) for the fiscal year.”.

(b) Inapplicability of Penalty Under TANF Program.—
Section 409(a)(8)(A)(i)(III) of such Act (42 U.S.C. 609(a)(8)(A)(i)(III)) is amended by inserting “(other than section 454(24))” before the semicolon.

SEC. 102. AUTHORITY TO WAIVE SINGLE STATEWIDE AUTOMATED DATA PROCESSING AND INFORMATION RETRIEVAL SYSTEM REQUIREMENT.

(a) In General.—Section 452(d)(3) of the Social Security Act (42 U.S.C. 652(d)(3)) is amended to read as follows:

“(3) The Secretary may waive any requirement of paragraph (1) or any condition specified under section 454(16), and shall waive the single statewide system requirement under sections 454(16) and 454A, with respect to a State if—

“(A) the State demonstrates to the satisfaction of the Secretary that the State has or can develop an alternative system or systems that enable the State—

“(i) for purposes of section 409(a)(8), to achieve the paternity establishment percentages (as defined in section 452(g)(2)) and other performance measures that may be established by the Secretary;

“(ii) to submit data under section 454(15)(B) that is complete and reliable;

“(iii) to substantially comply with the requirements of this part; and

“(iv) in the case of a request to waive the single statewide system requirement, to—

“(I) meet all functional requirements of sections 454(16) and 454A;

“(II) ensure that calculation of distributions meets the requirements of section 457 and accounts for distributions to children in different families or in different States or sub-State jurisdictions, and for distributions to other States;

“(III) ensure that there is only one point of contact in the State which provides seamless case processing for all interstate case processing and coordinated, automated intrastate case management;

“(IV) ensure that standardized data elements, forms, and definitions are used throughout the State;
“(V) complete the alternative system in no more time than it would take to complete a single statewide system that meets such requirement; and
“(VI) process child support cases as quickly, efficiently, and effectively as such cases would be processed through a single statewide system that meets such requirement;
“(B)(i) the waiver meets the criteria of paragraphs (1), (2), and (3) of section 1115(c); or
“(ii) the State provides assurances to the Secretary that steps will be taken to otherwise improve the State’s child support enforcement program; and
“(C) in the case of a request to waive the single statewide system requirement, the State has submitted to the Secretary separate estimates of the total cost of a single statewide system that meets such requirement, and of any such alternative system or systems, which shall include estimates of the cost of developing and completing the system and of operating and maintaining the system for 5 years, and the Secretary has agreed with the estimates.”.

(b) PAYMENTS TO STATES.—Section 455(a)(1) of such Act (42 U.S.C. 655(a)(1)) is amended—
(1) by striking “and” at the end of subparagraph (B);
(2) by striking the semicolon at the end of subparagraph (C) and inserting `, and''; and
(3) by inserting after subparagraph (C) the following:
“(D) equal to 66 percent of the sums expended by the State during the quarter for an alternative statewide system for which a waiver has been granted under section 452(d)(3), but only to the extent that the total of the sums so expended by the State on or after the date of the enactment of this subparagraph does not exceed the least total cost estimate submitted by the State pursuant to section 452(d)(3)(C) in the request for the waiver;”.

TITLE II—CHILD SUPPORT INCENTIVE SYSTEM

SEC. 201. INCENTIVE PAYMENTS TO STATES.

(a) In General.—Part D of title IV of the Social Security Act (42 U.S.C. 651–669) is amended by inserting after section 458 the following:

“(x) for any succeeding fiscal year, the amount
of the incentive payment pool for the fiscal year that
precedes such succeeding fiscal year, multiplied by the
percentage (if any) by which the CPI for such preceding
fiscal year exceeds the CPI for the second preceding
fiscal year.

“(B) CPI.—For purposes of subparagraph (A), the CPI
for a fiscal year is the average of the Consumer Price
Index for the 12-month period ending on September 30
of the fiscal year. As used in the preceding sentence, the

Price Index for all-urban consumers published by the
Department of Labor.

‘incentive base amount’ means, with respect to a State and
a fiscal year, the sum of the applicable percentages (determined
in accordance with paragraph (6)) multiplied by the correspond-

“(ii) with respect to the performance measures
described in subparagraphs (D) and (E) of paragraph

fiscal year.

“(B) DATA REQUIRED TO BE COMPLETE AND RELIABLE.—
Notwithstanding subparagraph (A), the maximum incentive
base amount for a State for a fiscal year with respect
to a performance measure described in paragraph (4) is
zero, unless the Secretary determines, on the basis of an audit performed under section 452(a)(4)(C)(i), that the data which the State submitted pursuant to section 454(15)(B) for the fiscal year and which is used to determine the performance level involved is complete and reliable.

“(C) STATE COLLECTIONS BASE.—For purposes of subparagraph (A), the State collections base for a fiscal year is equal to the sum of—

“(i) 2 times the sum of—

“(I) the total amount of support collected during the fiscal year under the State plan approved under this part in cases in which the support obligation involved is required to be assigned to the State pursuant to part A or E of this title or title XIX; and

“(6) DETERMINATION OF APPLICABLE PERCENTAGES BASED ON PERFORMANCE LEVELS.—

“(A) PATERNITY ESTABLISHMENT.—

“(i) DETERMINATION OF PATERNITY ESTABLISHMENT PERFORMANCE LEVEL.—The paternity establishment performance level for a State for a fiscal year is, at the option of the State, the IV–D paternity establishment percentage determined under section 452(g)(2)(A) or the statewide paternity establishment percentage determined under section 452(g)(2)(B).

“(ii) DETERMINATION OF APPLICABLE PERCENTAGE.—The applicable percentage with respect to a State’s paternity establishment performance level is as follows:

Notwithstanding the preceding sentence, if the support order performance level of a State for a fiscal year is less than 50 percent but exceeds by at least 5 percentage points the support order performance level of the State for the immediately preceding fiscal year, then the applicable percentage with respect to the State's support order performance level is 50 percent.

(C) Collections on current child support due.—

(i) Determination of current payment performance level.—The current payment performance level for a State for a fiscal year is equal to the total amount of current support collected during the fiscal year under the State plan approved under this part divided by the total amount of current support owed during the fiscal year in all cases under the State plan, expressed as a percentage.

(ii) Determination of applicable percentage.—The applicable percentage with respect to a State's current payment performance level is as follows:

An Act

To establish within the United States National Park Service the National Underground Railroad Network to Freedom program, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "National Underground Railroad Network to Freedom Act of 1998".

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds the following:

(1) The Underground Railroad, which flourished from the end of the 18th century to the end of the Civil War, was one of the most significant expressions of the American civil rights movement during its evolution over more than three centuries.

(2) The Underground Railroad bridged the divides of race, religion, sectional differences, and nationality; spanned State lines and international borders; and joined the American ideals of liberty and freedom expressed in the Declaration of Independence and the Constitution to the extraordinary actions of ordinary men and women working in common purpose to free a people.

(3) Pursuant to title VI of Public Law 101–628 (16 U.S.C. 1a–5 note; 104 Stat. 4495), the Underground Railroad Advisory Committee conducted a study of the appropriate means of establishing an enduring national commemorative Underground Railroad program of education, example, reflection, and reconciliation.

(4) The Underground Railroad Advisory Committee found that—

(A) although a few elements of the Underground Railroad story are represented in existing National Park Service units and other sites, many sites are in imminent danger of being lost or destroyed, and many important resource types are not adequately represented and protected;

(B) there are many important sites which have high potential for preservation and visitor use in 29 States, the District of Columbia, and the Virgin Islands;

(C) no single site or route completely reflects and characterizes the Underground Railroad, since its story and associated resources involve networks and regions of the country rather than individual sites and trails; and
(D) establishment of a variety of partnerships between the Federal Government and other levels of government and the private sector would be most appropriate for the protection and interpretation of the Underground Railroad.

(5) The National Park Service can play a vital role in facilitating the national commemoration of the Underground Railroad.

(6) The story and significance of the Underground Railroad can best engage the American people through a national program of the National Park Service that links historic buildings, structures, and sites; routes, geographic areas, and corridors; interpretive centers, museums, and institutions; and programs, activities, community projects, exhibits, and multimedia materials, in a manner that is both unified and flexible.

(b) PURPOSES.—The purposes of this Act are the following:

(1) To recognize the importance of the Underground Railroad, the sacrifices made by those who used the Underground Railroad in search of freedom from tyranny and oppression, and the sacrifices made by the people who helped them.

(2) To authorize the National Park Service to coordinate and facilitate Federal and non-Federal activities to commemorate, honor, and interpret the history of the Underground Railroad, its significance as a crucial element in the evolution of the national civil rights movement, and its relevance in fostering the spirit of racial harmony and national reconciliation.

SEC. 3. NATIONAL UNDERGROUND RAILROAD NETWORK TO FREEDOM PROGRAM.

(a) IN GENERAL.—The Secretary of the Interior (in this Act referred to as the “Secretary”) shall establish in the National Park Service a program to be known as the “National Underground Railroad Network to Freedom” (in this Act referred to as the “national network”). Under the program, the Secretary shall—

(1) produce and disseminate appropriate educational materials, such as handbooks, maps, interpretive guides, or electronic information;

(2) enter into appropriate cooperative agreements and memoranda of understanding to provide technical assistance under subsection (c); and

(3) create and adopt an official, uniform symbol or device for the national network and issue regulations for its use.

(b) ELEMENTS.—The national network shall encompass the following elements:

(1) All units and programs of the National Park Service determined by the Secretary to pertain to the Underground Railroad.

(2) Other Federal, State, local, and privately owned properties pertaining to the Underground Railroad that have a verifiable connection to the Underground Railroad and that are included on, or determined by the Secretary to be eligible for inclusion on, the National Register of Historic Places.

(3) Other governmental and nongovernmental facilities and programs of an educational, research, or interpretive nature that are directly related to the Underground Railroad.

(c) COOPERATIVE AGREEMENTS AND MEMORANDA OF UNDERSTANDING.—To achieve the purposes of this Act and to ensure
effective coordination of the Federal and non-Federal elements of the national network referred to in subsection (b) with National Park Service units and programs, the Secretary may enter into cooperative agreements and memoranda of understanding with, and provide technical assistance to—

(1) the heads of other Federal agencies, States, localities, regional governmental bodies, and private entities; and

(2) in cooperation with the Secretary of State, the governments of Canada, Mexico, and any appropriate country in the Caribbean.

(d) APPROPRIATIONS.—There are authorized to be appropriated to carry out this Act not more than $500,000 for each fiscal year. No amounts may be appropriated for the purposes of this Act except to the Secretary for carrying out the responsibilities of the Secretary as set forth in section 3(a).

Subtitle C—Relief for Innocent Spouses and for Taxpayers Unable To Manage Their Financial Affairs Due to Disabilities

SEC. 3201. RELIEF FROM JOINT AND SEVERAL LIABILITY ON JOINT RETURN.

(a) In general.—Subpart B of part II of subchapter A of chapter 61 is amended by inserting after section 6014 the following new section:

“SEC. 6015. RELIEF FROM JOINT AND SEVERAL LIABILITY ON JOINT RETURN.

“(a) In general.—Notwithstanding section 6013(d)(3)—
“(1) an individual who has made a joint return may elect to seek relief under the procedures prescribed under subsection (b); and

“(2) if such individual is eligible to elect the application of subsection (c), such individual may, in addition to any election under paragraph (1), elect to limit such individual’s liability for any deficiency with respect to such joint return in the manner prescribed under subsection (c).

Any determination under this section shall be made without regard to community property laws.

(b) Procedures For Relief From Liability Applicable to All Joint Filers.—

“(1) In General.—Under procedures prescribed by the Secretary, if—

“(A) a joint return has been made for a taxable year;

“(B) on such return there is an understatement of tax attributable to erroneous items of one individual filing the joint return;

“(C) the other individual filing the joint return establishes that in signing the return he or she did not know, and had no reason to know, that there was such understatement;

“(D) taking into account all the facts and circumstances, it is inequitable to hold the other individual liable for the deficiency in tax for such taxable year attributable to such understatement; and

“(E) the other individual elects (in such form as the Secretary may prescribe) the benefits of this subsection not later than the date which is 2 years after the date the Secretary has begun collection activities with respect to the individual making the election,

then the other individual shall be relieved of liability for tax (including interest, penalties, and other amounts) for such taxable year to the extent such liability is attributable to such understatement.

“(2) Apportionment of Relief.—If an individual who, but for paragraph (1)(C), would be relieved of liability under paragraph (1), establishes that in signing the return such individual did not know, and had no reason to know, the extent of such understatement, then such individual shall be relieved of liability for tax (including interest, penalties, and other amounts) for such taxable year to the extent that such liability is attributable to the portion of such understatement of which such individual did not know and had no reason to know.

“(3) Understatement.—For purposes of this subsection, the term ‘understatement’ has the meaning given to such term by section 6662(d)(2)(A).

(c) Procedures To Limit Liability for Taxpayers No Longer Married or Taxpayers Legally Separated or Not Living Together.—

“(1) In General.—Except as provided in this subsection, if an individual who has made a joint return for any taxable year elects the application of this subsection, the individual’s liability for any deficiency which is assessed with respect to the return shall not exceed the portion of such deficiency properly allocable to the individual under subsection (d).
“(2) **Burden of Proof.**—Except as provided in subparagraph (A)(ii) or (C) of paragraph (3), each individual who elects the application of this subsection shall have the burden of proof with respect to establishing the portion of any deficiency allocable to such individual.

“(3) **Election.**—

“(A) **Individuals Eligible to Make Election.**—

“(i) **In General.**—An individual shall only be eligible to elect the application of this subsection if—

“(I) at the time such election is filed, such individual is no longer married to, or is legally separated from, the individual with whom such individual filed the joint return to which the election relates; or

“(II) such individual was not a member of the same household as the individual with whom such joint return was filed at any time during the 12-month period ending on the date such election is filed.

“(ii) **Certain Taxpayers Ineligible to Elect.**—If the Secretary demonstrates that assets were transferred between individuals filing a joint return as part of a fraudulent scheme by such individuals, an election under this subsection by either individual shall be invalid (and section 6013(d)(3) shall apply to the joint return).

“(B) **Time for Election.**—An election under this subsection for any taxable year shall be made not later than 2 years after the date on which the Secretary has begun collection activities with respect to the individual making the election.

“(C) **Election Not Valid with Respect to Certain Deficiencies.**—If the Secretary demonstrates that an individual making an election under this subsection had actual knowledge, at the time such individual signed the return, of any item giving rise to a deficiency (or portion thereof) which is not allocable to such individual under subsection (d), such election shall not apply to such deficiency (or portion). This subparagraph shall not apply where the individual with actual knowledge establishes that such individual signed the return under duress.

“(4) **Liability Increased by Reason of Transfers of Property to Avoid Tax.**—

“(A) **In General.**—Notwithstanding any other provision of this subsection, the portion of the deficiency for which the individual electing the application of this subsection is liable (without regard to this paragraph) shall be increased by the value of any disqualified asset transferred to the individual.

“(B) **Disqualified Asset.**—For purposes of this paragraph—

“(i) **In General.**—The term ‘disqualified asset’ means any property or right to property transferred to an individual making the election under this subsection with respect to a joint return by the other
purpose of the transfer was the avoidance of tax or payment of tax.

“(ii) Presumption.—

“(I) In general.—For purposes of clause (i), except as provided in subclause (II), any transfer which is made after the date which is 1 year before the date on which the first letter of proposed deficiency which allows the taxpayer an opportunity for administrative review in the Internal Revenue Service Office of Appeals is sent shall be presumed to have as its principal purpose the avoidance of tax or payment of tax.

“(II) Exceptions.—Subclause (I) shall not apply to any transfer pursuant to a decree of divorce or separate maintenance or a written instrument incident to such a decree or to any transfer which an individual establishes did not have as its principal purpose the avoidance of tax or payment of tax.

“(d) Allocation of Deficiency.—For purposes of subsection (c)—

“(1) In general.—The portion of any deficiency on a joint return allocated to an individual shall be the amount which bears the same ratio to such deficiency as the net amount of items taken into account in computing the deficiency and allocable to the individual under paragraph (3) bears to the net amount of all items taken into account in computing the deficiency.

“(2) Separate treatment of certain items.—If a deficiency (or portion thereof) is attributable to—

“(A) the disallowance of a credit; or

“(B) any tax (other than tax imposed by section 1 or 55) required to be included with the joint return; and such item is allocated to one individual under paragraph (3), such deficiency (or portion) shall be allocated to such individual. Any such item shall not be taken into account under paragraph (1).

“(3) Allocation of items giving rise to the deficiency.—For purposes of this subsection—

“(A) In general.—Except as provided in paragraphs (4) and (5), any item giving rise to a deficiency on a joint return shall be allocated to individuals filing the return in the same manner as it would have been allocated if the individuals had filed separate returns for the taxable year.

“(B) Exception where other spouse benefits.—Under rules prescribed by the Secretary, an item otherwise allocable to an individual under subparagraph (A) shall be allocated to the other individual filing the joint return to the extent the item gave rise to a tax benefit on the joint return to the other individual.

“(C) Exception for fraud.—The Secretary may provide for an allocation of any item in a manner not prescribed by subparagraph (A) if the Secretary establishes that such allocation is appropriate due to fraud of one or both individuals.
“(4) Limitations on separate returns disregarded.—
If an item of deduction or credit is disallowed in its entirety solely because a separate return is filed, such disallowance shall be disregarded and the item shall be computed as if a joint return had been filed and then allocated between the spouses appropriately. A similar rule shall apply for purposes of section 86.

“(5) Child’s liability.—If the liability of a child of a taxpayer is included on a joint return, such liability shall be disregarded in computing the separate liability of either spouse and such liability shall be allocated appropriately between the spouses.

“(e) Petition for review by Tax Court.—

“(1) In general.—In the case of an individual who elects to have subsection (b) or (c) apply—

“(A) In general.—The individual may petition the Tax Court (and the Tax Court shall have jurisdiction) to determine the appropriate relief available to the individual under this section if such petition is filed during the 90-day period beginning on the date on which the Secretary mails by certified or registered mail a notice to such individual of the Secretary’s determination of relief available to the individual. Notwithstanding the preceding sentence, an individual may file such petition at any time after the date which is 6 months after the date such election is filed with the Secretary and before the close of such 90-day period.

“(B) Restrictions applicable to collection of assessment.—

“(i) In general.—Except as otherwise provided in section 6851 or 6861, no levy or proceeding in court shall be made, begun, or prosecuted against the individual making an election under subsection (b) or (c) for collection of any assessment to which such election relates until the expiration of the 90-day period described in subparagraph (A), or, if a petition has been filed with the Tax Court, until the decision of the Tax Court has become final. Rules similar to the rules of section 7485 shall apply with respect to the collection of such assessment.

“(ii) Authority to enjoin collection actions.—Notwithstanding the provisions of section 7421(a), the beginning of such levy or proceeding during the time the prohibition under clause (i) is in force may be enjoined by a proceeding in the proper court, including the Tax Court. The Tax Court shall have no jurisdiction under this subparagraph to enjoin any action or proceeding unless a timely petition has been filed under subparagraph (A) and then only in respect of the amount of the assessment to which the election under subsection (b) or (c) relates.

“(2) Suspension of running of period of limitations.—
The running of the period of limitations in section 6502 on the collection of the assessment to which the petition under paragraph (1)(A) relates shall be suspended for the period during which the Secretary is prohibited by paragraph (1)(B) from
collecting by levy or a proceeding in court and for 60 days thereafter.

“(3) APPLICABLE RULES.—

“(A) ALLOWANCE OF CREDIT OR REFUND.—Except as provided in subparagraph (B), notwithstanding any other law or rule of law (other than section 6512(b), 7121, or 7122), credit or refund shall be allowed or made to the extent attributable to the application of this section.

“(B) RES JUDICATA.—In the case of any election under subsection (b) or (c), if a decision of the Tax Court in any prior proceeding for the same taxable year has become final, such decision shall be conclusive except with respect to the qualification of the individual for relief which was not an issue in such proceeding. The exception contained in the preceding sentence shall not apply if the Tax Court determines that the individual participated meaningfully in such prior proceeding.

“(C) LIMITATION ON TAX COURT JURISDICTION.—If a suit for refund is begun by either individual filing the joint return pursuant to section 6532—

“(i) the Tax Court shall lose jurisdiction of the individual’s action under this section to whatever extent jurisdiction is acquired by the district court or the United States Court of Federal Claims over the taxable years that are the subject of the suit for refund; and

“(ii) the court acquiring jurisdiction shall have jurisdiction over the petition filed under this subsection.

“(4) NOTICE TO OTHER SPOUSE.—The Tax Court shall establish rules which provide the individual filing a joint return but not making the election under subsection (b) or (c) with adequate notice and an opportunity to become a party to a proceeding under either such subsection.

“(f) EQUITABLE RELIEF.—Under procedures prescribed by the Secretary, if—

“(1) taking into account all the facts and circumstances, it is inequitable to hold the individual liable for any unpaid tax or any deficiency (or any portion of either); and

“(2) relief is not available to such individual under subsection (b) or (c), the Secretary may relieve such individual of such liability.

“(g) REGULATIONS.—The Secretary shall prescribe such regulations as are necessary to carry out the provisions of this section, including—

“(1) regulations providing methods for allocation of items other than the methods under subsection (d)(3); and

“(2) regulations providing the opportunity for an individual to have notice of, and an opportunity to participate in, any administrative proceeding with respect to an election made under subsection (b) or (c) by the other individual filing the joint return.”.
