Joint Resolution

Congratulating the United States Military Academy at West Point on its bicentennial anniversary, and commending its outstanding contributions to the Nation.

Whereas establishing a military academy to teach the technical arts of war was a desire of many of our founding fathers, particularly George Washington;
Whereas Congress passed legislation on March 16, 1802, to establish such a military academy to be located at West Point, New York, a site that Washington called the key to the continent because of its strategic importance during the Revolution;
Whereas President Thomas Jefferson signed the legislation establishing the United States Military Academy at West Point, an institution dedicated to promoting scientific education to benefit the Nation and to attracting a diverse array of young citizens to the Nation's military leadership;
Whereas Sylvanus Thayer, who served as Superintendent of the Academy from 1817 to 1833, established the foundation of the Academy's strong academic program, strict adherence to discipline, and emphasis on moral and ethical conduct;
Whereas under Douglas MacArthur's leadership as Superintendent from 1919 to 1922, the Academy was modernized to prepare its graduates for the challenges of the 20th century;
Whereas the Academy, the first school in America to teach engineering, produced graduates who were responsible for the construction of the Nation's first railroad lines and many of its early harbor improvements, bridges, roads, and canals;
Whereas Academy graduates introduced engineering education to numerous colleges and universities, and carried out such monumental engineering projects as the construction of the Panama Canal project;
Whereas Academy graduates have also distinguished themselves in the leadership of such innovative scientific research and development projects as the development of atomic bombs in the Manhattan Project during World War II;
Whereas Academy graduates have served with character and distinction in all of America's wars and military actions since the War of 1812;
Whereas 74 Academy graduates have earned the Nation's highest military honor, the Medal of Honor;
Whereas 2 Academy graduates, Ulysses S. Grant and Dwight D. Eisenhower, served both as distinguished general officers and as the President of the United States, and many other graduates have served in all levels of government;
Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That Congress congratulates the United States Military Academy on its bicentennial anniversary, recognizes it as an outstanding leadership development institution that upholds and promotes the highest virtues of American society, and commends all those who have led and taught at the Academy for inculcating its 58,000 graduates with moral, ethical, and intellectual values and skills that are the foundations for the dedicated service so honorably given by those graduates to the Army, the Nation, and friends of freedom and liberty around the world for 200 years.

SEC. 1001. DEFINITIONS.

In this title (other than subtitle C):

(2) BASE ACRES.—The term “base acres”, with respect to a covered commodity on a farm, means the number of acres established under section 1101 with respect to the covered commodity on the election made by the owner of the farm under subsection (a) of such section.

(3) COUNTER-CYCLICAL PAYMENT.—The term “counter-cyclical payment” means a payment made to producers on a farm under section 1104.

(4) COVERED COMMODITY.—The term “covered commodity” means wheat, corn, grain sorghum, barley, oats, upland cotton, rice, soybeans, and other oilseeds.

(5) DIRECT PAYMENT.—The term “direct payment” means a payment made to producers on a farm under section 1103.

(6) EFFECTIVE PRICE.—The term “effective price”, with respect to a covered commodity for a crop year, means the price calculated by the Secretary under section 1104 to determine whether counter-cyclical payments are required to be made for that crop year.

(7) EXTRA LONG STAPLE COTTON.—The term “extra long staple cotton” means cotton that—

(A) is produced from pure strain varieties of the Barbadense species or any hybrid thereof, or other similar types of extra long staple cotton, designated by the Secretary, having characteristics needed for various end uses for which United States upland cotton is not suitable and grown in irrigated cotton-growing regions of the United States designated by the Secretary or other areas designated by the Secretary as suitable for the production of the varieties or types; and

(B) is ginned on a roller-type gin or, if authorized by the Secretary, ginned on another type gin for experimental purposes.

(8) LOAN COMMODITY.—The term ‘loan commodity’ means wheat, corn, grain sorghum, barley, oats, upland cotton, extra long staple cotton, rice, soybeans, other oilseeds, wool, mohair, honey, dry peas, lentils, and small chickpeas.

In determining whether a grower of hybrid seed is a producer, the Secretary shall not take into consideration the existence of a hybrid seed contract and shall ensure that program requirements do not adversely affect the ability of the grower to receive a payment under this title.

(13) SECRETARY.—The term “Secretary” means the Secretary of Agriculture.

(14) STATE.—The term “State” means each of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any other territory or possession of the United States.

Subtitle A—Direct Payments and Counter-Cyclical Payments

SEC. 1101. ESTABLISHMENT OF BASE ACRES AND PAYMENT ACRES FOR A FARM.

(a) ELECTION BY OWNER OF BASE ACRES CALCULATION METHOD.—

(1) ALTERNATIVE CALCULATION METHODS.—For the purpose of making direct payments and counter-cyclical payments with respect to a farm, the Secretary shall give an owner of the farm an opportunity to elect 1 of the following as the method by which the base acres of all covered commodities on the farm are to be determined:

(A) Subject to paragraphs (3) and (4), the 4-year average of the following:

(i) Acreage planted on the farm to covered commodities for harvest, grazing, haying, silage, or other similar purposes for the 1998 through 2001 crop years.

(ii) Any acreage on the farm that the producers were prevented from planting during the 1998 through 2001 crop years to covered commodities because of
drought, flood, or other natural disaster, or other condition beyond the control of the producers, as determined by the Secretary.

(B) Subject to paragraph (3), the sum of the following:

(i) The contract acreage (as defined in section 102 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7202)) used by the Secretary to calculate the fiscal year 2002 payment authorized under section 114 of such Act (7 U.S.C. 7214) for the covered commodities on the farm.

(ii) The 4-year average of eligible oilseed acreage on the farm for the 1998 through 2001 crop years, as determined by the Secretary under paragraph (2).

(2) ELIGIBLE OILSEED ACREAGE.—

(A) CALCULATION.—For purposes of paragraph (1)(B)(ii), the eligible acreage for each oilseed on a farm during each of the 1998 through 2001 crop years shall be determined in the manner provided in paragraph (1)(A), except that the total acreage for all oilseeds on the farm for a crop year may not exceed the difference between—

(i) the total acreage determined under paragraph (1)(A) for all covered commodities for that crop year; and

(ii) the total contract acreage determined under paragraph (1)(B)(i).

(B) EFFECT OF NEGATIVE NUMBER.—If the subtraction performed under subparagraph (A) results in a negative number, the eligible oilseed acreage on the farm for that crop year shall be zero for purposes of determining the 4-year average.

(C) OFFSET OF CONTRACT ACREAGE.—The owner of a farm may increase the eligible acreage for an oilseed on the farm by reducing the contract acreage determined under paragraph (1)(B)(i) for 1 or more covered commodities on an acre-for-acre basis, except that the total base acreage for each oilseed on the farm may not exceed the 4-year average of each oilseed determined under paragraph (1)(B)(ii).

(3) INCLUSION OF ALL 4 YEARS IN AVERAGE.—For the purpose of determining a 4-year acreage average under this subsection for a farm, the Secretary shall not exclude any crop year in which a covered commodity was not planted.

(4) TREATMENT OF MULTIPLE PLANTING OR PREVENTED PLANTING.—For the purpose of determining under paragraph (1)(A) the acreage on a farm that producers planted or were prevented from planting during the 1998 through 2001 crop years to covered commodities, if the acreage that was planted or prevented from being planted was devoted to another covered commodity in the same crop year (other than a covered commodity produced under an established practice of double cropping), the owner may elect the commodity to be used for that crop year in determining the 4-year average, but may not include both the initial commodity and the subsequent commodity.

(b) SINGLE ELECTION; TIME FOR ELECTION.—

(1) NOTICE OF ELECTION OPPORTUNITY.—As soon as practicable after the date of enactment of this Act, the Secretary

(c) FARMS WITHOUT FARM PROGRAM PAYMENT YIELD.—In the case of a farm for which a farm program payment yield is unavailable for a covered commodity (other than soybeans or other oilseeds), the Secretary shall establish an appropriate payment yield for the covered commodity on the farm taking into consideration the farm program payment yields applicable to the commodity under subsection (b) for similar farms, but before the yields for the similar farms are updated as provided in subsection (e).

(d) PAYMENT YIELDS FOR OILSEEDS.—

(1) DETERMINATION OF AVERAGE YIELD.—In the case of soybeans and each other oilseed, the Secretary shall determine the average yield per planted acre for the oilseed on a farm for the 1998 through 2001 crop years, excluding any crop year in which the acreage planted to the oilseed was zero.

(3) USE OF PARTIAL COUNTY AVERAGE YIELD.—If the yield per planted acre for a crop of an oilseed for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that oilseed, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average under paragraph (1).

(e) OPPORTUNITY TO PARTIALLY UPDATE YIELDS USED TO DETERMINE COUNTER-CYCLICAL PAYMENTS.—

(1) ELECTION TO UPDATE.—If the owner of a farm elects to use the base acres calculation method described in section 1101(a)(1)(A), the owner shall also have a 1-time opportunity to elect to use 1 of the methods described in paragraph (3) to partially update the payment yields that would otherwise be used in calculating any counter-cyclical payments for covered commodities on the farm.

(2) TIME FOR ELECTION.—The election under paragraph (1) shall be made at the same time and in the same manner as the Secretary prescribes for the election required under section 1101.

(3) METHODS OF UPDATING YIELDS.—If the owner of a farm elects to update yields under this subsection, the payment yield for a covered commodity on the farm, for the purpose of calculating counter-cyclical payments only, shall be equal to the yield determined using either of the following:

(A) The sum of the following:

(ii) 70 percent of the difference between—

(I) the average yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acrage planted to the crop of the covered commodity was zero; and

(II) the payment yield applicable for direct payments for the covered commodity on the farm.

(B) 93.5 percent of the average of the yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acrage planted to the crop of the covered commodity was zero.

(4) USE OF PARTIAL COUNTY AVERAGE YIELD.—If the yield per planted acre for a crop of the covered commodity for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that commodity, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average yield under paragraph (3).

(5) APPLICATION OF ELECTION AND METHOD TO ALL COVERED COMMODITIES.—The owner of a farm may not elect the method
described in paragraph (3)(A) for 1 covered commodity on the farm and the method described in paragraph (3)(B) for other covered commodities on the farm.

“(c) LOAN RATE ADJUSTMENTS.—

“(1) IN GENERAL.—The Secretary may reduce the loan rate specified in subsection (a) for domestically grown sugarcane and subsection (b) for domestically grown sugar beets if the Secretary determines that negotiated reductions in export subsidies and domestic subsidies provided for sugar of other major sugar growing, producing, and exporting countries in the aggregate exceed the commitments made as part of the Agreement on Agriculture.

“(2) EXTENT OF REDUCTION.—The Secretary shall not reduce the loan rate under subsection (a) or (b) below a rate that provides an equal measure of support to that provided by other major sugar growing, producing, and exporting countries, based on an examination of both domestic and export subsidies subject to reduction in the Agreement on Agriculture.

“(3) ANNOUNCEMENT OF REDUCTION.—The Secretary shall announce any loan rate reduction to be made under this subsection as far in advance as is practicable.

“(4) DEFINITIONS.—In this subsection:

“(A) AGREEMENT ON AGRICULTURE.—The term “Agreement on Agriculture” means the Agreement on Agriculture referred to in section 101(d)(2) of the Uruguay Round Agreements Act (19 U.S.C. 3511(d)(2)), or any amendatory or successor agreement.

“(iii) EFFECT OF DISASTER.—The Secretary may not bar a beet sugar processor from eligibility to obtain a loan under this section because of the failure of the processor to provide the appropriate minimum payment established under this subsection if the failure—

“(I) occurred during a crop year prior to the date of enactment of the Farm Security and Rural Investment Act of 2002; and

“(II) was related, at least in part, to the effects of a natural disaster, including damage from freeze.

“(3) ADMINISTRATION.—The Secretary may not impose or enforce any prenotification requirement, or similar administrative requirement not otherwise in effect on the date of enactment of the Farm Security and Rural Investment Act of 2002, that has the effect of preventing a processor from electing to forfeit the loan collateral (of an acceptable grade and quality) on the maturity of the loan.

“(f) LOANS FOR IN-PROCESS SUGAR.—
“(1) DEFINITION OF IN-PROCESS SUGARS AND SYRUPS.—In this subsection, the term ‘in-process sugars and syrups’ does not include raw sugar, liquid sugar, invert sugar, invert syrup, or other finished product that is otherwise eligible for a loan under subsection (a) or (b).

“(II) the loan rate the processor received under paragraph (3); by

“(ii) the quantity of sugar transferred to the Secretary.

“(5) LOAN CONVERSION.—If the processor does not forfeit the collateral as described in paragraph (4), but instead further processes the in-process sugars and syrups into raw cane sugar or refined beet sugar and repays the loan on the in-process sugars and syrups, the processor may obtain a loan under subsection (a) or (b) for the raw cane sugar or refined beet sugar, as appropriate.

“(6) TERM OF LOAN.—The term of a loan made under this subsection for a quantity of in-process sugars and syrups, when combined with the term of a loan made with respect to the raw cane sugar or refined beet sugar derived from the in-process sugars and syrups, may not exceed 9 months, consistent with subsection (d).

(b) SUGAR ALLOTMENTS.—

(1) IN GENERAL.—By the beginning of each crop year, the Secretary shall establish for that crop year appropriate allotments under section 359c for the marketing by processors of sugar processed from sugar beets and from domestically produced sugarcane at a level that the Secretary estimates will result in no forfeitures of sugar to the Commodity Credit Corporation under the loan program for sugar established under section 156 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7272).
(2) PRODUCTS.—The Secretary may include sugar products, whose majority content is sucrose for human consumption, derived from sugarcane, sugar beets, molasses, or sugar in the allotments under paragraph (1) if the Secretary determines it to be appropriate for purposes of this part.

(c) PROHIBITIONS.—

(1) IN GENERAL.—During any crop year or portion thereof for which marketing allotments have been established, no processor of sugar beets or sugarcane shall market a quantity of sugar in excess of the allocation established for such processor, except to enable another processor to fulfill an allocation established for such other processor or to facilitate the exportation of such sugar.

(2) CIVIL PENALTY.—Any processor who knowingly violates paragraph (1) shall be liable to the Commodity Credit Corporation for a civil penalty in an amount equal to 3 times the United States market value, at the time of the commission of the violation, of that quantity of sugar involved in the violation.

(b) OVERALL ALLOTMENT QUANTITY.—

(1) IN GENERAL.—The Secretary shall establish the overall quantity of sugar to be allotted for the crop year (in this part referred to as the ‘overall allotment quantity’) by deducting from the sum of the estimated sugar consumption and reasonable carryover stocks (at the end of the crop year) for the crop year, as determined under section 359b(a)—

(A) 1,532,000 short tons, raw value; and

(B) carry-in stocks of sugar, including sugar in Commodity Credit Corporation inventory.

(2) ADJUSTMENT.—The Secretary shall adjust the overall allotment quantity to avoid the forfeiture of sugar to the Commodity Credit Corporation.

(c) MARKETING ALLOTMENT FOR SUGAR DERIVED FROM SUGAR BEETS AND SUGAR DERIVED FROM SUGARCANE.—The overall allotment quantity for the crop year shall be allotted between—

(1) sugar derived from sugar beets by establishing a marketing allotment for a crop year at a quantity equal to the product of multiplying the overall allotment quantity for the crop year by 54.35 percent; and

(2) sugar derived from sugarcane by establishing a marketing allotment for a crop year at a quantity equal to the product of multiplying the overall allotment quantity for the crop year by 45.65 percent.
“(d) FILLING CANE SUGAR AND BEET SUGAR ALLOTMENTS.—
“(1) CANE SUGAR.—Each marketing allotment for cane sugar established under this section may only be filled with sugar processed from domestically grown sugarcane.
“(2) BEET SUGAR.—Each marketing allotment for beet sugar established under this section may only be filled with sugar domestically processed from sugar beets.
“(e) STATE CANE SUGAR ALLOTMENTS.—
“(1) IN GENERAL.—The allotment for sugar derived from sugarcane shall be further allotted, among the States in the United States in which sugarcane is produced, after a hearing (if requested by the affected sugarcane processors and growers) and on such notice as the Secretary by regulation may prescribe, in a fair and equitable manner as provided in this subsection and section 359d(b)(1)(D).
“(2) OFFSHORE ALLOTMENT.—
“(A) COLLECTIVELY.—Prior to the allotment of sugar derived from sugarcane to any other State, 325,000 short tons, raw value shall be allotted to the offshore States.
“(B) INDIVIDUALLY.—The collective offshore State allotment provided for under subparagraph (A) shall be further allotted among the offshore States in which sugarcane is produced, after a hearing (if requested by the affected sugarcane processors and growers) and on such notice as the Secretary by regulation may prescribe, in a fair and equitable manner on the basis of—
“(i) past marketings of sugar, based on the average of the 2 highest years of production of raw cane sugar from the 1996 through 2000 crops;
“(ii) the ability of processors to market the sugar covered under the allotments for the crop year; and
“(iii) past processings of sugar from sugarcane, based on the 3-year average of the 1998 through 2000 crop years.
“(3) MAINLAND ALLOTMENT.—The allotment for sugar derived from sugarcane, less the amount provided for under paragraph (2), shall be allotted among the mainland States in the United States in which sugarcane is produced, after a hearing (if requested by the affected sugarcane processors and growers) and on such notice as the Secretary by regulation may prescribe, in a fair and equitable manner on the basis of—
“(A) past marketings of sugar, based on the average of the 2 highest years of production of raw cane sugar from the 1996 through 2000 crops;
“(B) the ability of processors to market the sugar covered under the allotments for the crop year; and

“(g) ADJUSTMENT OF MARKETING ALLOTMENTS.—
“(1) In general.—The Secretary shall, based on reestimates under section 359b(a)(3), adjust upward or downward marketing allotments in a fair and equitable manner, as the Secretary determines appropriate, to reflect changes in estimated sugar consumption, stocks, production, or imports.

“(2) Allocation to processors.—In the case of any increase or decrease in an allotment, each allocation to a processor of the allotment under section 359d, and each proportionate share established with respect to the allotment under section 359f(c), shall be increased or decreased by the same percentage that the allotment is increased or decreased.

“(3) Carry-over of reductions.—Whenever a marketing allotment for a crop year is required to be reduced during the crop year under this subsection, if, at the time of the reduction, the quantity of sugar marketed exceeds the processor’s reduced allocation, the allocation of an allotment next established for the processor shall be reduced by the quantity of the excess sugar marketed.

“(h) Suspension of allotments.—Whenever the Secretary estimates or reestimates under section 359b(a), or has reason to believe, that imports of sugars, syrups or molasses for human consumption or to be used for the extraction of sugar for human consumption, whether under a tariff-rate quota or in excess or outside of a tariff-rate quota, will exceed 1,532,000 short tons (raw value equivalent) (excluding any imports attributable to reassignment under paragraph (1)(D) or (2)(C) of section 359e(b)), and that the imports would lead to a reduction of the overall allotment quantity, the Secretary shall suspend the marketing allotments established under this section until such time as the imports have been restricted, eliminated, or reduced to or below the level of 1,532,000 short tons (raw value equivalent).

“SEC. 359d. ALLOCATION OF MARKETING ALLOTMENTS.

“(a) Allocation to processors.—Whenever marketing allotments are established for a crop year under section 359c, in order to afford all interested persons an equitable opportunity to market sugar under an allotment, the Secretary shall allocate each such allotment among the processors covered by the allotment.

“(b) Hearing and notice.—

“(1) Cane sugar.—

“(A) In general.—The Secretary shall make allocations for cane sugar after a hearing, if requested by the affected sugarcane processors and growers, and on such notice as the Secretary by regulation may prescribe, in such manner and in such quantities as to provide a fair, efficient, and equitable distribution of the allocations under this paragraph. Each such allocation shall be subject to adjustment under section 359c(g).

“(B) Multiple processor states.—Except as provided in subparagraphs (C) and (D), the Secretary shall allocate the allotment for cane sugar among multiple cane sugar processors in a single State based on—

“(i) past marketings of sugar, based on the average of the 2 highest years of production of raw cane sugar from among the 1996 through 2000 crops;
“(ii) the ability of processors to market sugar covered by that portion of the allotment allocated for the crop year; and
“(iii) past processings of sugar from sugarcane, based on the average of the 3 highest years of production during the 1996 through 2000 crop years.

“(C) TALISMAN PROCESSING FACILITY.—In the case of allotments under subparagraph (B) attributable to the operations of the Talisman processing facility before the date of enactment of this subparagraph, the Secretary shall allocate the allotment among processors in the State under subparagraph (A) in accordance with the agreements of March 25 and 26, 1999, between the affected processors and the Secretary of the Interior.

“(D) PROPORTIONATE SHARE STATES.—In the case of States subject to section 359f(c), the Secretary shall allocate the allotment for cane sugar among multiple cane sugar processors in a single State based on—

“(ii) the ability of processors to market sugar covered by that portion of the allotments allocated for the crop year; and
“(iii) past processings of sugar from sugarcane, based on the average of the 2 highest crop years of crop production during the 1997 through 2001 crop years.

“(E) NEW ENTRANTS.—

“(i) IN GENERAL.—Notwithstanding subparagraphs (B) and (D), the Secretary, on application of any processor that begins processing sugarcane on or after the date of enactment of this subparagraph, and after a hearing (if requested by the affected sugarcane processors and growers) and on such notice as the Secretary by regulation may prescribe, may provide the processor with an allocation that provides a fair, efficient and equitable distribution of the allocations from the allotment for the State in which the processor is located.

“(ii) PROPORTIONATE SHARE STATES.—In the case of proportionate share States, the Secretary shall establish proportionate shares in a quantity sufficient to produce the sugarcane required to satisfy the allocations.

“(iii) LIMITATIONS.—The allotment for a new processor under this subparagraph shall not exceed—

“(I) in the case of the first crop year of operation of a new processor, 50,000 short tons (raw value); and

“(iv) NEW ENTRANT STATES.—

“(I) IN GENERAL.—Notwithstanding subparagraphs (A) and (C) of section 359c(e)(3), to
accommodate an allocation under clause (i) to a new processor located in a new entrant mainland State, the Secretary shall provide the new entrant mainland State with an allotment.

"(II) EFFECT ON OTHER ALLOTMENTS.—The allotment to any new entrant mainland State shall be subtracted, on a pro rata basis, from the allotments otherwise allotted to each mainland State under section 359c(e)(3).

(v) ADVERSE EFFECTS.—Before providing an initial processor allocation or State allotment to a new entrant processor or a new entrant State under this subparagraph, the Secretary shall take into consideration any adverse effects that the provision of the allocation or allotment may have on existing cane processors and producers in mainland States.

(vi) ABILITY TO MARKET.—Consistent with section 359c and this section, any processor allocation or State allotment made to a new entrant processor or to a new entrant State under this subparagraph shall be provided only after the applicant processor, or the applicable processors in the State, have demonstrated the ability to process, produce, and market (including the transfer or delivery of the raw cane sugar to a refinery for further processing or marketing) raw cane sugar for the crop year for which the allotment is applicable.

(vii) PROHIBITION.—Not more than 1 processor allocation provided under this subparagraph may be applicable to any individual sugar processing facility.

(F) TRANSFER OF OWNERSHIP.—Except as otherwise provided in section 359f(c)(8), if a sugarcane processor is sold or otherwise transferred to another owner or is closed as part of an affiliated corporate group processing consolidation, the Secretary shall transfer the allotment allocation for the processor to the purchaser, new owner, successor in interest, or any remaining processor of an affiliated entity, as applicable, of the processor.

(2) BEET SUGAR.—

(A) IN GENERAL.—Except as otherwise provided in this paragraph and sections 359c(g), 359e(b), and 359f(b), the Secretary shall make allocations for beet sugar among beet sugar processors for each crop year that allotments are in effect on the basis of the adjusted weighted average quantity of beet sugar produced by the processors for each of the 1998 through 2000 crop years, as determined under this paragraph.

(B) QUANTITY.—The quantity of an allocation made for a beet sugar processor for a crop year under subparagraph (A) shall bear the same ratio to the quantity of allocations made for all beet sugar processors for the crop year as the adjusted weighted average quantity of beet sugar produced by the processor (as determined under subparagraphs (C) and (D)) bears to the total of the adjusted weighted average quantities of beet sugar produced by all processors (as so determined).
“(C) WEIGHTED AVERAGE QUANTITY.—Subject to subparagraph (D), the weighted quantity of beet sugar produced by a beet sugar processor during each of the 1998 through 2000 crop years shall be (as determined by the Secretary)—

“(i) in the case of the 1998 crop year, 25 percent of the quantity of beet sugar produced by the processor during the crop year;

“(ii) in the case of the 1999 crop year, 35 percent of the quantity of beet sugar produced by the processor during the crop year; and

“(iii) in the case of the 2000 crop year, 40 percent of the quantity of beet sugar produced by the processor (including any quantity of sugar received from the Commodity Credit Corporation) during the crop year.

“(D) ADJUSTMENTS.—

“(i) IN GENERAL.—The Secretary shall adjust the weighted average quantity of beet sugar produced by a beet sugar processor during the 1998 through 2000 crop years under subparagraph (C) if the Secretary determines that the processor—

“(I) during the 1996 through 2000 crop years, opened a sugar beet processing factory;

“(II) during the 1998 through 2000 crop years, closed a sugar beet processing factory;

“(III) during the 1998 through 2000 crop years, constructed a molasses desugarization facility; or

“(IV) during the 1998 through 2000 crop years, suffered substantial quality losses on sugar beets stored during any such crop year.

“(ii) QUANTITY.—The quantity of beet sugar produced by a beet sugar processor under subparagraph (C) shall be—

“(I) in the case of a processor that opened a sugar beet processing factory, increased by 1.25 percent of the total of the adjusted weighted average quantities of beet sugar produced by all processors during the 1998 through 2000 crop years (without consideration of any adjustment under this subparagraph) for each sugar beet processing factory that is opened by the processor;

“(II) in the case of a processor that closed a sugar beet processing factory, decreased by 1.25 percent of the total of the adjusted weighted average quantities of beet sugar produced by all processors during the 1998 through 2000 crop years (without consideration of any adjustment under this subparagraph) for each sugar beet processing factory that is closed by the processor;

“(III) in the case of a processor that constructed a molasses desugarization facility, increased by 0.25 percent of the total of the adjusted weighted average quantities of beet sugar produced by all processors during the 1998 through 2000 crop years (without consideration of any adjustment under this subparagraph) for each
molasses desugarization facility that is constructed by the processor; and

“(IV) in the case of a processor that suffered substantial quality losses on stored sugar beets, increased by 1.25 percent of the total of the adjusted weighted average quantities of beet sugar produced by all processors during the 1998 through 2000 crop years (without consideration of any adjustment under this subparagraph).

“(E) PERMANENT TERMINATION OF OPERATIONS OF A PROCESSOR.—If a processor of beet sugar has been dissolved, liquidated in a bankruptcy proceeding, or otherwise has permanently terminated operations (other than in conjunction with a sale or other disposition of the processor or the assets of the processor), the Secretary shall—

“(i) eliminate the allocation of the processor provided under this section; and

“(ii) distribute the allocation to other beet sugar processors on a pro rata basis.

“(F) SALE OF ALL ASSETS OF A PROCESSOR TO ANOTHER PROCESSOR.—If a processor of beet sugar (or all of the assets of the processor) is sold to another processor of beet sugar, the Secretary shall transfer the allocation of the seller to the buyer unless the allocation has been distributed to other sugar beet processors under subparagraph (E).

“(G) SALE OF FACTORIES OF A PROCESSOR TO ANOTHER PROCESSOR.—

“(i) IN GENERAL.—Subject to subparagraphs (E) and (F), if 1 or more factories of a processor of beet sugar (but not all of the assets of the processor) are sold to another processor of beet sugar during a crop year, the Secretary shall assign a pro rata portion of the allocation of the seller to the allocation of the buyer to reflect the historical contribution of the production of the sold factory or factories to the total allocation of the seller.

“(ii) APPLICATION OF ALLOCATION.—The assignment of the allocation under clause (i) shall apply—

“(I) during the remainder of the crop year during which the sale described in clause (i) occurs (referred to in this subparagraph as the ‘initial crop year’); and

“(II) each subsequent crop year (referred in this subparagraph as a ‘subsequent crop year’), subject to clause (iii).

“(iii) SUBSEQUENT CROP YEARS.—

“(I) IN GENERAL.—The assignment of the allocation under clause (i) shall apply during each subsequent crop year unless the acquired factory or factories continue in operation for less than the initial crop year and the first subsequent crop year.

“(II) REASSIGNMENT.—If the acquired factory or factories do not continue in operation for the complete initial crop year and the first subsequent
crop year, the Secretary shall reassign the temporary allocation to other processors of beet sugar on a pro rata basis.

(iv) Use of other factories to fill allocation.—If the transferred allocation to the buyer for the purchased factory or factories cannot be filled by the production of the purchased factory or factories for the initial crop year or a subsequent crop year, the remainder of the transferred allocation may be filled by beet sugar produced by the buyer from other factories of the buyer.

(H) New entrants starting production or reopening factories.—

(i) In general.—Except as provided by clause (ii), if an individual or entity that does not have an allocation of beet sugar under this part (referred to in this paragraph as a 'new entrant') starts processing sugar beets after the date of enactment of this subparagraph, or acquires and reopens a factory that produced beet sugar during previous crop years that (at the time of acquisition) has no allocation associated with the factory under this part, the Secretary shall—

(I) assign an allocation for beet sugar to the new entrant that provides a fair and equitable distribution of the allocations for beet sugar; and

(II) reduce the allocations for beet sugar of all other processors on a pro rata basis to reflect the new allocation.

(ii) Exception.—If a new entrant acquires and reopens a factory that previously produced beet sugar from sugar beets and from sugar beet molasses but the factory last processed sugar beets during the 1997 crop year and the new entrant starts to process sugar beets at such factory after the date of enactment of this clause, the Secretary shall—

(I) assign an allocation for beet sugar to the new entrant that is not less than the greater of 1.67 percent of the total of the adjusted weighted average quantities of beet sugar produced by all processors during the 1998 through 2000 crop years as determined under subsection (b)(2)(C), or 1,500,000 hundredweights; and

(II) reduce the allocations for beet sugar of all other processors on a pro rata basis to reflect the new allocation.

(I) New entrants acquiring ongoing factories with production history.—If a new entrant acquires a factory that has production history during the period of the 1998 through 2000 crop years and that is producing beet sugar at the time the allocations are made from a processor that has an allocation of beet sugar, the Secretary shall transfer a portion of the allocation of the seller to the new entrant to reflect the historical contribution of the production of the sold factory to the total allocation of the seller.
SEC. 359e. REASSIGNMENT OF DEFICITS.

(a) Estimates of Deficits.—At any time allotments are in effect under this part, the Secretary, from time to time, shall determine whether (in view of then-current inventories of sugar, the estimated production of sugar and expected marketings, and other pertinent factors) any processor of sugarcane will be unable to market the sugar covered by the portion of the State cane sugar allotment allocated to the processor and whether any processor of sugar beets will be unable to market sugar covered by the portion of the beet sugar allotment allocated to the processor.

(b) Reassignment of Deficits.—

(1) Cane Sugar.—If the Secretary determines that any sugarcane processor who has been allocated a share of a State cane sugar allotment will be unable to market the processor’s allocation of the State’s allotment for the crop year—

(A) the Secretary first shall reassign the estimated quantity of the deficit to the allocations for other processors within that State, depending on the capacity of each other processor to fill the portion of the deficit to be assigned to it and taking into account the interests of producers served by the processors;

(B) if after the reassignments the deficit cannot be completely eliminated, the Secretary shall reassign the estimated quantity of the deficit proportionately to the allotments for other cane sugar States, depending on the capacity of each other State to fill the portion of the deficit to be assigned to it, with the reassigned quantity to each State to be allocated among processors in that State in proportion to the allocations of the processors;

(C) if after the reassignments the deficit cannot be completely eliminated, the Secretary shall reassign the estimated quantity of the deficit to the Commodity Credit Corporation and shall sell such quantity of sugar from inventories of the Corporation unless the Secretary determines that such sales would have a significant effect on the price of sugar; and

(D) if after the reassignments and sales, the deficit cannot be completely eliminated, the Secretary shall reassign the remainder to imports.

(2) Beet Sugar.—If the Secretary determines that a sugar beet processor who has been allocated a share of the beet sugar allotment will be unable to market that allocation—

(A) the Secretary first shall reassign the estimated quantity of the deficit to the allotments for other sugar beet processors, depending on the capacity of each other processor to fill the portion of the deficit to be assigned to it and taking into account the interests of producers served by the processors;

(B) if after the reassignments the deficit cannot be completely eliminated, the Secretary shall reassign the estimated quantity of the deficit to the Commodity Credit Corporation and shall sell such quantity of sugar from inventories of the Corporation unless the Secretary determines that such sales would have a significant effect on the price of sugar; and
“(C) if after the reassignments and sales, the deficit cannot be completely eliminated, the Secretary shall reassign the remainder to imports.

“(3) CORRESPONDING INCREASE.—The allocation of each processor receiving a reassigned quantity of an allotment under this subsection for a crop year shall be increased to reflect the reassignment.

7 USC 1359ff. SEC. 359f. PROVISIONS APPLICABLE TO PRODUCERS.

“(a) PROCESSOR ASSURANCES.—

“(1) IN GENERAL.—If allotments for a crop year are allocated to processors under section 359d, the Secretary shall obtain from the processors such assurances as the Secretary considers adequate that the allocation will be shared among producers served by the processor in a fair and equitable manner that adequately reflects producers’ production histories.

“(2) ARBITRATION.—

“(A) IN GENERAL.—Any dispute between a processor and a producer, or group of producers, with respect to the sharing of the allocation to the processor shall be resolved through arbitration by the Secretary on the request of either party.

“(B) PERIOD.—The arbitration shall, to the maximum extent practicable, be—

“(i) commenced not more than 45 days after the request; and

“(ii) completed not more than 60 days after the request.

“(b) SUGAR BEET PROCESSING FACILITY CLOSURES.—

“(1) IN GENERAL.—If a sugar beet processing facility is closed and the sugar beet growers that previously delivered beets to the facility elect to deliver their beets to another processing company, the growers may petition the Secretary to modify allocations under this part to allow the delivery.

“(2) INCREASED ALLOCATION FOR PROCESSING COMPANY.—

The Secretary may increase the allocation to the processing company to which the growers elect to deliver their sugar beets, with the approval of the processing company, to a level that does not exceed the processing capacity of the processing company, to accommodate the change in deliveries.

“(3) DECREASED ALLOCATION FOR CLOSED COMPANY.—The increased allocation shall be deducted from the allocation to the company that owned the processing facility that has been closed and the remaining allocation shall be unaffected.

“(4) TIMING.—The determinations of the Secretary on the issues raised by the petition shall be made within 60 days after the filing of the petition.

“(c) PROPORTIONATE SHARES OF CERTAIN ALLOTMENTS.—

“(1) IN GENERAL.—

“(A) STATES AFFECTED.—In any case in which a State allotment is established under section 359c(f) and there are in excess of 250 sugarcane producers in the State (other than Puerto Rico), the Secretary shall make a determination under subparagraph (B).

“(B) DETERMINATION.—The Secretary shall determine, for each State allotment described in subparagraph (A), whether the production of sugarcane, in the absence of
proportionate shares, will be greater than the quantity needed to enable processors to fill the allotment and provide a normal carryover inventory of sugar.

“(2) Establishement of proportionate shares.—If the Secretary determines under paragraph (1) that the quantity of sugarcane produced by producers in the area covered by a State allotment for a crop year will be in excess of the quantity needed to enable processors to fill the allotment for the crop year and provide a normal carryover inventory of sugar, the Secretary shall establish a proportionate share for each sugarcane-producing farm that limits the acreage of sugarcane that may be harvested on the farm for sugar or seed during the crop year the allotment is in effect as provided in this subsection. Each such proportionate share shall be subject to adjustment under paragraph (7) and section 359c(g).

“(3) Method of determining.—For purposes of determining proportionate shares for any crop of sugarcane:

“(A) The Secretary shall establish the State’s per-acre yield goal for a crop of sugarcane at a level (not less than the average per-acre yield in the State for the 2 highest years from among the 1999, 2000, and 2001 crop years, as determined by the Secretary) that will ensure an adequate net return per pound to producers in the State, taking into consideration any available production research data that the Secretary considers relevant.

“(B) The Secretary shall adjust the per-acre yield goal by the average recovery rate of sugar produced from sugarcane by processors in the State.

“(C) The Secretary shall convert the State allotment for the crop year involved into a State acreage allotment for the crop by dividing the State allotment by the per-acre yield goal for the State, as established under subparagraph (A) and as further adjusted under subparagraph (B).

“(D) The Secretary shall establish a uniform reduction percentage for the crop by dividing the State acreage allotment, as determined for the crop under subparagraph (C), by the sum of all adjusted acreage bases in the State, as determined by the Secretary.

“(E) The uniform reduction percentage for the crop, as determined under subparagraph (D), shall be applied to the acreage base for each sugarcane-producing farm in the State to determine the farm’s proportionate share of sugarcane acreage that may be harvested for sugar or seed.

“(4) Acreage base.—For purposes of this subsection, the acreage base for each sugarcane-producing farm shall be determined by the Secretary, as follows:

“(A) The acreage base for any farm shall be the number of acres that is equal to the average of the acreage planted and considered planted for harvest for sugar or seed on the farm in the 2 highest of the 1999, 2000, and 2001 crop years.

“(B) Acreage planted to sugarcane that producers on a farm were unable to harvest to sugarcane for sugar or seed because of drought, flood, other natural disaster, or other condition beyond the control of the producers may
be considered as harvested for the production of sugar or seed for purposes of this paragraph.

“(5) VIOLATION.—

“(A) IN GENERAL.—Whenever proportionate shares are in effect in a State for a crop of sugarcane, producers on a farm shall not knowingly harvest, or allow to be harvested, for sugar or seed an acreage of sugarcane in excess of the farm’s proportionate share for the crop year, or otherwise violate proportionate share regulations issued by the Secretary under section 359h(a).

“(B) DETERMINATION OF VIOLATION.—No producer shall be considered to have violated subparagraph (A) unless the processor of the sugarcane harvested by such producer from acreage in excess of the proportionate share of the farm markets an amount of sugar that exceeds the allocation of such processor for a crop year.

“(C) CIVIL PENALTY.—Any producer on a farm who violates subparagraph (A) by knowingly harvesting, or allowing to be harvested, an acreage of sugarcane in excess of the farm’s proportionate share shall be liable to the Commodity Credit Corporation for a civil penalty equal to one and one-half times the United States market value of the quantity of sugar that is marketed by the processor of such sugarcane in excess of the allocation of such processor for the crop year. The Secretary shall prorate penalties imposed under this subparagraph in a fair and equitable manner among all the producers of sugarcane harvested from excess acreage that is acquired by such processor.

“(6) WAIVER.—Notwithstanding the preceding subparagraph, the Secretary may authorize the county and State committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) to waive or modify deadlines and other proportionate share requirements in cases in which lateness or failure to meet the other requirements does not affect adversely the operation of proportionate shares.

“(7) ADJUSTMENTS.—Whenever the Secretary determines that, because of a natural disaster or other condition beyond the control of producers that adversely affects a crop of sugarcane subject to proportionate shares, the amount of sugarcane produced by producers subject to the proportionate shares will not be sufficient to enable processors in the State to meet the State’s cane sugar allotment and provide a normal carryover inventory of sugar, the Secretary may uniformly allow producers to harvest an amount of sugarcane in excess of their proportionate share, or suspend proportionate shares entirely, as necessary to enable processors to meet the State allotment and provide a normal carryover inventory of sugar.

“(8) PROCESSING FACILITY CLOSURES.—

“(A) IN GENERAL.—If a sugarcane processing facility subject to this subsection is closed and the sugarcane growers that delivered sugarcane to the facility prior to closure elect to deliver their sugarcane to another processing company, the growers may petition the Secretary to modify allocations under this part to allow the delivery.
“(B) INCREASED ALLOCATION FOR PROCESSING COMPANY.—The Secretary may increase the allocation to the processing company to which the growers elect to deliver the sugarcane, with the approval of the processing company, to a level that does not exceed the processing capacity of the processing company, to accommodate the change in deliveries.

“(C) DECREASED ALLOCATION FOR CLOSED COMPANY.—The increased allocation shall be deducted from the allocation to the company that owned the processing facility that has been closed and the remaining allocation shall be unaffected.

“(D) TIMING.—The determinations of the Secretary on the issues raised by the petition shall be made within 60 days after the filing of the petition.

“SEC. 359g. SPECIAL RULES.

“(a) TRANSFER OF ACREAGE BASE HISTORY.—For the purpose of establishing proportionate shares for sugarcane farms under section 359f(c), the Secretary, on application of any producer, with the written consent of all owners of a farm, may transfer the acreage base history of the farm to any other parcels of land of the applicant.

“(b) PRESERVATION OF ACREAGE BASE HISTORY.—If for reasons beyond the control of a producer on a farm, the producer is unable to harvest an acreage of sugarcane for sugar or seed with respect to all or a portion of the proportionate share established for the farm under section 359f(c), the Secretary, on the application of the producer and with the written consent of all owners of the farm, may preserve for a period of not more than 5 consecutive years the acreage base history of the farm to the extent of the proportionate share involved. The Secretary may permit the proportionate share to be redistributed to other farms, but no acreage base history for purposes of establishing acreage bases shall accrue to the other farms by virtue of the redistribution of the proportionate share.

“(c) REVISIONS OF ALLOCATIONS AND PROPORTIONATE SHARES.—The Secretary, after such notice as the Secretary by regulation may prescribe, may revise or amend any allocation of a marketing allotment under section 359d, or any proportionate share established or adjusted for a farm under section 359f(c), on the same basis as the initial allocation or proportionate share was required to be established.

“(d) TRANSFERS OF MILL ALLOCATIONS.—

“(1) TRANSFER AUTHORIZED.—A producer in a proportionate share State, upon written consent from all crop-share owners (or the representative of the crop-share owners) of a farm, and from the processing company holding the applicable allocation for such shares, may deliver sugarcane to another processing company if the additional delivery, when combined with such other processing company’s existing deliveries, does not exceed the processing capacity of the company.

“(2) ALLOCATION ADJUSTMENT.—Notwithstanding section 359d, the Secretary shall adjust the allocations of each of such processing companies affected by a transfer under paragraph (1) to reflect the change in deliveries, based on the product of—
“(A) the number of acres of proportionate shares being transferred; and
“(B) the State’s per acre yield goal established under section 359f(c)(3).

SEC. 359h. REGULATIONS; VIOLATIONS; PUBLICATION OF SECRETARY’S DETERMINATIONS; JURISDICTION OF THE COURTS; UNITED STATES ATTORNEYS.

“(a) Regulations.—The Secretary or the Commodity Credit Corporation, as appropriate, shall issue such regulations as may be necessary to carry out the authority vested in the Secretary in administering this part.
“(b) Violation.—Any person knowingly violating any regulation of the Secretary issued under subsection (a) shall be subject to a civil penalty of not more than $5,000 for each violation.
“(c) Publication in Federal Register.—Each determination issued by the Secretary to establish, adjust, or suspend allotments under this part shall be promptly published in the Federal Register and shall be accompanied by a statement of the reasons for the determination.
“(d) Jurisdiction of Courts; United States Attorneys.—
“(1) Jurisdiction of Courts.—The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating, this part or any regulation issued thereunder.
“(2) United States Attorneys.—Whenever the Secretary shall so request, it shall be the duty of the several United States attorneys, in their respective districts, to institute proceedings to enforce the remedies and to collect the penalties provided for in this part. The Secretary may elect not to refer to a United States attorney any violation of this part or regulation when the Secretary determines that the administration and enforcement of this part would be adequately served by written notice or warning to any person committing the violation.
“(e) Nonexclusivity of Remedies.—The remedies and penalties provided for in this part shall be in addition to, and not exclusive of, any remedies or penalties existing at law or in equity.

SEC. 359i. APPEALS.

“(a) In General.—An appeal may be taken to the Secretary from any decision under section 359d establishing allocations of marketing allotments, or under section 359f, by any person adversely affected by reason of any such decision.
“(b) Procedure.—
“(1) Notice of Appeal.—Any such appeal shall be taken by filing with the Secretary, within 20 days after the decision complained of is effective, notice in writing of the appeal and a statement of the reasons therefor. Unless a later date is specified by the Secretary as part of the Secretary’s decision, the decision complained of shall be considered to be effective as of the date on which announcement of the decision is made. The Secretary shall deliver a copy of any notice of appeal to each person shown by the records of the Secretary to be adversely affected by reason of the decision appealed, and shall at all times thereafter permit any such person to inspect and make copies of appellant’s reasons for the appeal and shall on application permit the person to intervene in the appeal.
“(2) HEARING.—The Secretary shall provide each appellant an opportunity for a hearing before an administrative law judge in accordance with sections 554 and 556 of title 5, United States Code. The expenses for conducting the hearing shall be reimbursed by the Commodity Credit Corporation.

“(c) SPECIAL APPEAL PROCESS REGARDING BEET SUGAR ALLOCATIONS.—

“(1) APPEAL AUTHORIZED.—Beginning after the 2006 crop year, a processor that has an allocation of the beet sugar allotment under this part (referred to in this subsection as a ‘petitioner’) may file a notice of appeal with the Secretary regarding the petitioner’s beet sugar allocation. Except as provided in paragraph (2), the Secretary shall consider the appeal if the notice alleges that any processor that has a beet sugar allocation has failed to fill at least 82.5 percent of its allocation of the beet sugar allotment with sugar produced by it or received from the Commodity Credit Corporation in 2 out of the 3 crop years preceding the crop year in which the appeal is filed. A processor that is alleged to have failed to fill at least 82.5 percent of its allocation shall be allowed to fully participate in the appeal.

“(2) EXCEPTIONS.—An appeal under paragraph (1) shall not be based on the failure of a processor to fill at least 82.5 percent of its allocation because of drought, flood, hail, or other weather disaster, as determined by the Secretary. The determination by the Secretary shall not require a formal disaster declaration.

“(3) RESPONSE TO APPEAL.—Upon the petitioner making an appeal to the Secretary, and upon a review by the Secretary of how processors have filled their allocations, the Secretary may—

“(A) assign an increased allocation for beet sugar to the petitioner that provides a fair and equitable distribution of the allocations for beet sugar, taking into account—

“(i) production history during the period beginning on April 4, 1996, and through the date of enactment of the Farm Security and Rural Investment Act of 2002;

“(ii) capital investment during that period;

“(iii) increases in United States sugar consumption; and

“(iv) the ability or inability of processors to fill the allocations they have received under this part; and

“(B) reduce, correspondingly, the allocation for beet sugar of each processor determined to have failed to fill at least 82.5 percent of its allocation of the beet sugar allotment as described in paragraph (1).

“(4) FILING DEADLINE.—For purposes of the filing deadline specified in subsection (b)(1), the 20-day period shall commence on the date on which the Secretary announces the allocations for the subsequent crop year or October 1, whichever is earlier.

SEC. 1501. MILK PRICE SUPPORT PROGRAM.

(a) Support Activities.—During the period beginning on June 1, 2002, and ending on December 31, 2007, the Secretary of Agriculture shall support the price of milk produced in the 48 contiguous States through the purchase of cheese, butter, and nonfat dry milk produced from the milk.

(b) Rate.—During the period specified in subsection (a), the price of milk shall be supported at a rate equal to $9.90 per hundredweight for milk containing 3.67 percent butterfat.

(c) Purchase Prices.—

(1) Uniform Prices.—The support purchase prices under this section for each of the products of milk (butter, cheese, and nonfat dry milk) announced by the Secretary shall be the same for all of that product sold by persons offering to sell the product to the Secretary.

(2) Sufficient Prices.—The purchase prices shall be sufficient to enable plants of average efficiency to pay producers, on average, a price that is not less than the rate of price support for milk in effect under subsection (b).

(d) Special Rule for Butter and Nonfat Dry Milk Purchase Prices.—

(1) Allocation of Purchase Prices.—The Secretary may allocate the rate of price support between the purchase prices for nonfat dry milk and butter in a manner that will result in the lowest level of expenditures by the Commodity Credit Corporation or achieve such other objectives as the Secretary considers appropriate. Not later than 10 days after making or changing an allocation, the Secretary shall notify the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate of the allocation. Section 553 of title 5, United States Code, shall not apply with respect to the implementation of this section.

(2) Timing of Purchase Price Adjustments.—The Secretary may make any such adjustments in the purchase prices for nonfat dry milk and butter the Secretary considers to be necessary not more than twice in each calendar year.

(e) Commodity Credit Corporation.—The Secretary shall carry out the program authorized by this section through the Commodity Credit Corporation.

SEC. 1502. NATIONAL DAIRY MARKET LOSS PAYMENTS.

(a) Definitions.—In this section:

(1) Class I Milk.—The term ‘Class I milk’ means milk (including milk components) classified as Class I milk under a Federal milk marketing order.

(2) Eligible Production.—The term ‘eligible production’ means milk produced by a producer in a participating State.

(3) Federal Milk Marketing Order.—The term ‘Federal milk marketing order’ means an order issued under section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937.
(4) **PARTICIPATING STATE.**—The term ‘participating State’ means each State.

(5) **PRODUCER.**—The term ‘producer’ means an individual or entity that directly or indirectly (as determined by the Secretary)—

(2) the amount equal to—

(A) $16.94 per hundredweight; less

(B) the Class I milk price per hundredweight in Boston under the applicable Federal milk marketing order; by

(3) 45 percent.

(d) **PAYMENT QUANTITY.**—

(1) **IN GENERAL.**—Subject to paragraph (2), the payment quantity for a producer during the applicable month under this section shall be equal to the quantity of eligible production marketed by the producer during the month.

(2) **LIMITATION.**—The payment quantity for all producers on a single dairy operation during the months of the applicable fiscal year for which the producers receive payments under subsection (b) shall not exceed 2,400,000 pounds. For purposes of determining whether producers are producers on separate dairy operations or a single dairy operation, the Secretary shall apply the same standards as were applied in implementing the dairy program under section 805 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2001 (as enacted into law by Public Law 106–387; 114 Stat. 1549A–50).

dairy farm enter into the contract and ending on September 30, 2005.

(2) Violations.—If a producer violates the contract, the Secretary may—
   (A) terminate the contract and allow the producer to retain any payments received under the contract; or
   (B) allow the contract to remain in effect and require the producer to repay a portion of the payments received under the contract based on the severity of the violation.

(h) Transition Rule.—In addition to any payment that is otherwise available under this section, if the producers on a dairy farm enter into a contract under this section, the Secretary shall make a payment in accordance with the formula specified in subsection (c) on the quantity of eligible production of the producer marketed during the period beginning on December 1, 2001, and ending on the last day of the month preceding the month the producers on the dairy farm entered into the contract.

Subchapter B—Conservation Reserve

SEC. 1231. CONSERVATION RESERVE.

(a) In General.—Through the 2007 calendar year, the Secretary shall formulate and carry out a conservation reserve program under which land is enrolled through the use of contracts to assist owners and operators of land specified in subsection (b) to conserve and improve the soil, water, and wildlife resources of such land.

(b) Eligible Land.—The Secretary may include in the program established under this subchapter—

(1) highly erodible cropland that—

(A)(i) if permitted to remain untreated could substantially reduce the agricultural production capability for future generations; or

(ii) cannot be farmed in accordance with a plan that complies with the requirements of subtitle B; and

(B) the Secretary determines had a cropping history or was considered to be planted for 4 of the 6 years preceding the date of enactment of the Farm Security and Rural Investment Act of 2002 (except for land enrolled in the conservation reserve program as of that date);

(2) marginal pasture land converted to wetland or established as wildlife habitat prior to November 28, 1990;

(3) marginal pasture land to be devoted to appropriate vegetation, including trees, in or near riparian areas, or devoted to similar water quality purposes (including marginal pastureland converted to wetland or established as wildlife habitat);

(4) cropland that is otherwise ineligible if the Secretary determines that—

(A) if permitted to remain in agricultural production, the land would—

(i) contribute to the degradation of soil, water, or air quality; or

(ii) pose an on-site or off-site environmental threat to soil, water, or air quality;

(B) the land is a—

(i) newly-created, permanent grass sod waterway; or

(ii) a contour grass sod strip established and maintained as part of an approved conservation plan;

(C) the land will be devoted to newly established living snow fences, permanent wildlife habitat, windbreaks, shelterbelts, or filterstrips devoted to trees or shrubs; or

(D) the land poses an off-farm environmental threat, or a threat of continued degradation of productivity due to soil salinity, if permitted to remain in production; and
“(E) enrollment of the land would facilitate a net savings in groundwater or surface water resources of the agricultural operation of the producer;
“(5) the portion of land in a field not enrolled in the conservation reserve in a case in which more than 50 percent of the land in the field is enrolled as a buffer, if—
“(A) the land is enrolled as part of the buffer; and
“(B) the remainder of the field is—
“(i) infeasible to farm; and
“(ii) enrolled at regular rental rates.
“(c) PLANTING STATUS OF CERTAIN LAND.—For purposes of determining the eligibility of land to be placed in the conservation reserve established under this subchapter, land shall be considered to be planted to an agricultural commodity during a crop year if—
“(1) during the crop year, the land was devoted to a conserving use; or
“(2)(A) during the crop year or during any of the 2 years preceding the crop year, the land was enrolled in the water bank program; and
“(B) the contract of the owner or operator of the cropland expired or will expire in calendar year 2000, 2001, or 2002.
“(d) MAXIMUM ENROLLMENT.—The Secretary may maintain up to 39,200,000 acres in the conservation reserve at any 1 time during the 2002 through 2007 calendar years (including contracts extended by the Secretary pursuant to section 1437(c) of the Food, Agriculture, Conservation, and Trade Act of 1990 (16 U.S.C. 3831 note; Public Law 101–624)).

“(2) Eligible watersheds.—Watersheds eligible for designation under this subsection shall include areas with actual and significant adverse water quality or habitat impacts related to agricultural production activities.

“(3) Expiration.—Conservation priority area designation under this subsection shall expire after 5 years, subject to redesignation, except that the Secretary may withdraw a watershed’s designation—

“(A) on application by the appropriate State agency; or

“(B) in the case of an area covered by this subsection, if the Secretary finds that the area no longer contains actual and significant adverse water quality or habitat impacts related to agricultural production activities.

“(4) Duty of Secretary.—In carrying out this subsection, the Secretary shall attempt to maximize water quality and habitat benefits in the watersheds described in paragraph (1) by promoting a significant level of enrollment of land within the watersheds in the program under this subchapter by whatever means the Secretary determines are appropriate and consistent with the purposes of this subchapter.

“(I) is contiguous to the wetland described in clause (i);

“(II) is used to protect the wetland; and

“(III) is of such width as the Secretary determines is necessary to protect the wetland, taking into consideration and accommodating the farming practices (including the straightening of boundaries to accommodate machinery) used with respect to the cropland that surrounds the wetland.
“(B) EXCLUSIONS.—An owner or operator may not enroll in the conservation reserve under this subsection—

“(i) any wetland, or land on a floodplain, that is, or is adjacent to, a perennial riverine system wetland identified on the final national wetland inventory map of the Secretary of the Interior; or

“(ii) the extent to which the land contains wildlife and wildlife habitat; and

“(iii) the purposes of the conservation reserve program under this subchapter;

“(8) not to conduct any planting of trees on land that is subject to the contract unless the contract specifies that the harvesting and commercial sale of trees such as Christmas trees are prohibited, nor otherwise make commercial use of trees on land that is subject to the contract unless it is expressly permitted in the contract, nor adopt any similar practice specified in the contract by the Secretary as a practice that would tend to defeat the purposes of the contract, except that no contract shall prohibit activities consistent with customary forestry practice, such as pruning, thinning, or stand improvement of trees, on land converted to forestry use;

“(9) not to adopt any practice specified by the Secretary in the contract as a practice that would tend to defeat the purposes of this subchapter; and

(c) FORECLOSURE.—

"(1) IN GENERAL.—Notwithstanding any other provision of law, an owner or operator who is a party to a contract entered into under this subchapter may not be required to make repayments to the Secretary of amounts received under the contract if the land that is subject to the contract has been foreclosed on and the Secretary determines that forgiving the repayments is appropriate in order to provide fair and equitable treatment.

(2) RESUMPTION OF CONTROL.—

(A) IN GENERAL.—This subsection shall not void the responsibilities of an owner or operator under the contract if the owner or operator resumes control over the land that is subject to the contract within the period specified in the contract.

on the land and the owner of the land immediately before
the foreclosure exercises a right of redemption from the
mortgage holder in accordance with State law.

determines are appropriate, consistent with this sub-
chapter.
“(2) PRODUCTION OF AGRICULTURAL COMMODITIES.—The Secretary may modify or waive a term or condition of a contract entered into under this subchapter in order to permit all or part of the land subject to such contract to be devoted to the production of an agricultural commodity during a crop year, subject to such conditions as the Secretary determines are appropriate.

“(d) TERMINATION.—

“(1) IN GENERAL.—The Secretary may terminate a contract entered into with an owner or operator under this subchapter if—

“(A) the owner or operator agrees to the termination; and

“(B) the Secretary determines that the termination would be in the public interest.

“(2) NOTICE TO CONGRESSIONAL COMMITTEES.—At least 90 days before taking any action to terminate under paragraph (1) all conservation reserve contracts entered into under this subchapter, the Secretary shall provide to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate written notice of the action.

(B) the effect that those enrollments have on rural population and beginning farmers (including a description of any connection between the rate of enrollment and the incidence of absentee ownership);

(C)(i) the manner in which differential per acre payment rates potentially impact the types of land (by productivity) enrolled;

(ii) changes to the per acre payment rates that may affect that impact; and

(iii) the manner in which differential per acre payment rates could facilitate retention of productive agricultural land in agriculture; and

(D) the effect of enrollment on opportunities for recreational activities (including hunting and fishing).

SEC. 3209. SENSE OF CONGRESS CONCERNING FOREIGN ASSISTANCE PROGRAMS.

(a) FINDINGS.—Congress finds that—

(1) the international community faces a continuing epidemic of ethnic, sectarian, and criminal violence;

(2) poverty, hunger, political uncertainty, and social instability are the principal causes of violence and conflict around the world;

(3) broad-based, equitable economic growth and agriculture development facilitates political stability, food security, democracy, and the rule of law;

(4) democratic governments are more likely to advocate and observe international laws, protect civil and human rights, pursue free market economies, and avoid external conflicts;

(5) the United States Agency for International Development has provided critical democracy and governance assistance to a majority of the nations that successfully made the transition to democratic governments during the past 2 decades;

(6) 43 of the top 50 consumer nations of American agricultural products were once United States foreign aid recipients;

(7) in the past 50 years, infant child death rates in the developing world have been reduced by 50 percent, and health conditions around the world have improved more during this period than in any other period;

(8) the United States Agency for International Development child survival programs have significantly contributed to a 10 percent reduction in infant mortality rates worldwide in just the past 8 years;

(9) in providing assistance by the United States and other donors in better seeds and teaching more efficient agricultural techniques over the past 2 decades have helped make it possible to feed an additional 1,000,000,000 people in the world;

(10) despite this progress, approximately 1,200,000,000 people, one-quarter of the world’s population, live on less that
$1 per day, and approximately 3,000,000,000 people live on only $2 per day;

(11) 95 percent of new births occur in developing countries, including the world's poorest countries; and

(12) only ½% percent of the Federal budget is dedicated to international economic and humanitarian assistance.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) United States foreign assistance programs should play an increased role in the global fight against terrorism to complement the national security objectives of the United States;

(2) the United States should lead coordinated international efforts to provide increased financial assistance to countries with impoverished and disadvantaged populations that are the breeding grounds for terrorism; and

(3) the United States Agency for International Development and the Department of Agriculture should substantially increase humanitarian, economic development, and agricultural assistance to foster international peace and stability and the promotion of human rights.

SEC. 3210. SENSE OF THE SENATE CONCERNING AGRICULTURAL TRADE.

(a) AGRICULTURE TRADE NEGOTIATING OBJECTIVES.—It is the sense of the Senate that the principal negotiating objective of the United States with respect to agricultural trade in all multilateral, regional, and bilateral negotiations is to obtain competitive opportunities for the export of United States agricultural commodities in foreign markets substantially equivalent to the competitive opportunities afforded foreign exports in United States markets and to achieve fairer and more open conditions of agricultural trade in bulk and value-added commodities by—

(1) reducing or eliminating, by a date certain, tariffs or other charges that decrease market opportunities for the export of United States agricultural commodities, giving priority to United States agricultural commodities that are subject to significantly higher tariffs or subsidy regimes of major producing countries;

(2) immediately eliminating all export subsidies on agricultural commodities worldwide while maintaining bona fide food aid and preserving United States agricultural market development and export credit programs that allow the United States to compete with other foreign export promotion efforts;

(3) leveling the playing field for United States agricultural producers by disciplining domestic supports such that no other country can provide greater support, measured as a percentage of total agricultural production value, than the United States does while preserving existing green box category to support conservation activities, family farms, and rural communities;

(4) developing, strengthening, and clarifying rules and effective dispute settlement mechanisms to eliminate practices that unfairly decrease United States market access opportunities for United States agricultural commodities or distort agricultural markets to the detriment of the United States, including—

(A) unfair or trade-distorting activities of state trading enterprises and other administrative mechanisms, with emphasis on—
(i) requiring price transparency in the operation of state trading enterprises and such other mechanisms; and
(ii) ending discriminatory pricing practices for agricultural commodities that amount to de facto export subsidies so that the enterprises or other mechanisms do not (except in cases of bona fide food aid) sell agricultural commodities in foreign markets at prices below domestic market prices or prices below the full costs of acquiring and delivering agricultural commodities to the foreign markets;
(B) unjustified trade restrictions or commercial requirements affecting new agricultural technologies, including biotechnology;
(C) unjustified sanitary or phytosanitary restrictions, including restrictions that are not based on scientific principles, in contravention of the Agreement on the Application of Sanitary and Phytosanitary Measures (as described in section 101(d)(3) of the Uruguay Round Agreements Act (19 U.S.C. 3511(d)(3)));
(D) other unjustified technical barriers to agricultural trade; and
(E) restrictive and nontransparent rules in the administration of tariff rate quotas;
(5) improving import relief mechanisms to recognize the unique characteristics of perishable agricultural commodities;
(6) taking into account whether a party to negotiations with respect to trading in an agricultural commodity has—
(A) failed to adhere to the provisions of an existing bilateral trade agreement with the United States;
(B) circumvented obligations under a multilateral trade agreement to which the United States is a signatory; or
(C) manipulated its currency value to the detriment of United States agricultural producers or exporters; and
(7) otherwise ensuring that countries that accede to the World Trade Organization—
(A) have made meaningful market liberalization commitments in agriculture; and
(B) make progress in fulfilling those commitments over time.
(b) PRIORITY FOR AGRICULTURE TRADE.—It is the sense of the Senate that—
(1) reaching a successful agreement on agriculture should be the top priority of United States negotiators in World Trade Organization talks; and
(2) if the primary export competitors of the United States fail to reduce their trade distorting domestic supports and eliminate export subsidies in accordance with the negotiating objectives expressed in this section, the United States should take steps to increase the leverage of United States negotiators and level the playing field for United States producers, within existing World Trade Organization commitments.
(c) CONSULTATION WITH CONGRESSIONAL COMMITTEES.—It is the sense of the Senate that—
(1) before the United States Trade Representative negotiates a trade agreement that would reduce tariffs on agricultural commodities or require a change in United States agricultural law, the United States Trade Representative should consult with the Committee on Agriculture and the Committee on Ways and Means of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry and the Committee on Finance of the Senate;

(2) not less than 48 hours before initialing an agreement relating to agricultural trade negotiated under the auspices of the World Trade Organization, the United States Trade Representative should consult closely with the committees referred to in paragraph (1) regarding—

(A) the details of the agreement;

(B) the potential impact of the agreement on United States agricultural producers; and

(C) any changes in United States law necessary to implement the agreement; and

(3) any agreement or other understanding (whether verbal or in writing) that relates to agricultural trade that is not disclosed to Congress before legislation implementing a trade agreement is introduced in either the Senate or the House of Representatives should not be considered to be part of the agreement approved by Congress and should have no force and effect under United States law or in any dispute settlement body.

SEC. 8003. ENHANCED COMMUNITY FIRE PROTECTION.

(a) FINDINGS.—Congress finds the following:

(1) The severity and intensity of wildland fires has increased dramatically over the past few decades as a result of past fire and land management policies.

(2) The record 2000 fire season is a prime example of what can be expected if action is not taken.

(3) Wildland fires threaten not only the forested resources of the United States, but also the thousands of communities intermingled with the wildlands in the wildland-urban interface.

(4) The National Fire Plan, if implemented to achieve appropriate priorities, is the proper, coordinated, and most effective means to address the issue of wildfires.

(5) While adequate authorities exist to tackle the wildfire issues at the landscape level on Federal lands, there is limited authority to take action on most private lands, and the largest threat to life and property exists on private lands.

(6) There is a significant Federal interest in enhancing community protection from wildfire.

(b) ENHANCED PROTECTION.—The Cooperative Forestry Assistance Act of 1978 is amended by inserting after section 10 (16 U.S.C. 2106) the following:

“SEC. 10A. ENHANCED COMMUNITY FIRE PROTECTION.

(a) COOPERATIVE MANAGEMENT RELATED TO WILDFIRE THREATS.—The Secretary may cooperate with State foresters and equivalent State officials in the management of lands in the United States for the following purposes:

“(1) Aid in wildfire prevention and control.

“(2) Protect communities from wildfire threats.

“(3) Enhance the growth and maintenance of trees and forests that promote overall forest health.

“(4) Ensure the continued production of all forest resources, including timber, outdoor recreation opportunities, wildlife habitat, and clean water, through conservation of forest cover on watersheds, shelterbelts, and windbreaks.

“(b) COMMUNITY AND PRIVATE LAND FIRE ASSISTANCE PROGRAM.—

“(1) ESTABLISHMENT; PURPOSE.—The Secretary shall establish a Community and Private Land Fire Assistance program (in this subsection referred to as the ‘Program’)—

“(A) to focus the Federal role in promoting optimal firefighting efficiency at the Federal, State, and local levels;

“(B) to augment Federal projects that establish landscape level protection from wildfires;

“(C) to expand outreach and education programs to homeowners and communities about fire prevention; and

“(D) to establish space around homes and property of private landowners that is defensible against wildfires.
(2) Administration and Implementation.—The Program shall be administered by the Forest Service and implemented through State foresters or equivalent State officials.

(3) Components.—In coordination with existing authorities under this Act, the Secretary, in consultation with the State forester or equivalent State official, may undertake on non-Federal lands—
“(A) fuel hazard mitigation and prevention;
“(B) invasive species management;
“(C) multiresource wildfire planning;
“(D) community protection planning;
“(E) community and landowner education enterprises, including the program known as FIREWISE;
“(F) market development and expansion;
“(G) improved wood utilization; and

TITLE I—GENERAL PROVISIONS

SEC. 101. FINDINGS.

Congress finds that—

(1) Federal agencies cannot be run effectively if those agencies practice or tolerate discrimination;

(2) Congress has heard testimony from individuals, including representatives of the National Association for the Advancement of Colored People and the American Federation of Government Employees, that point to chronic problems of discrimination and retaliation against Federal employees;
(3) in August 2000, a jury found that the Environmental Protection Agency had discriminated against a senior social scientist, and awarded that scientist $600,000;

(4) in October 2000, an Occupational Safety and Health Administration investigation found that the Environmental Protection Agency had retaliated against a senior scientist for disagreeing with that agency on a matter of science and for helping Congress to carry out its oversight responsibilities;

(5) there have been several recent class action suits based on discrimination brought against Federal agencies, including the Federal Bureau of Investigation, the Bureau of Alcohol, Tobacco, and Firearms, the Drug Enforcement Administration, the Immigration and Naturalization Service, the United States Marshals Service, the Department of Agriculture, the United States Information Agency, and the Social Security Administration;

(6) notifying Federal employees of their rights under discrimination and whistleblower laws should increase Federal agency compliance with the law;

(7) requiring annual reports to Congress on the number and severity of discrimination and whistleblower cases brought against each Federal agency should enable Congress to improve its oversight over compliance by agencies with the law; and

(8) requiring Federal agencies to pay for any discrimination or whistleblower judgment, award, or settlement should improve agency accountability with respect to discrimination and whistleblower laws.

SEC. 102. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) Federal agencies should not retaliate for court judgments or settlements relating to discrimination and whistleblower laws by targeting the claimant or other employees with reductions in compensation, benefits, or workforce to pay for such judgments or settlements;

(2) the mission of the Federal agency and the employment security of employees who are blameless in a whistleblower incident should not be compromised;

(3) Federal agencies should not use a reduction in force or furloughs as means of funding a reimbursement under this Act;

(4)(A) accountability in the enforcement of employee rights is not furthered by terminating—

(i) the employment of other employees; or

(ii) the benefits to which those employees are entitled through statute or contract; and

(B) this Act is not intended to authorize those actions;

(5)(A) nor is accountability furthered if Federal agencies react to the increased accountability under this Act by taking unfounded disciplinary actions against managers or by violating the procedural rights of managers who have been accused of discrimination; and

(B) Federal agencies should ensure that managers have adequate training in the management of a diverse workforce and in dispute resolution and other essential communication skills; and
(6)(A) Federal agencies are expected to reimburse the General Fund of the Treasury within a reasonable time under this Act; and

(B) a Federal agency, particularly if the amount of reimbursement under this Act is large relative to annual appropriations for that agency, may need to extend reimbursement over several years in order to avoid—

(i) reductions in force;
(ii) furloughs;
(iii) other reductions in compensation or benefits for the workforce of the agency; or
(iv) an adverse effect on the mission of the agency.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Gerald B. H. Solomon Freedom Consolidation Act of 2002”.

SEC. 2. FINDINGS.

The Congress makes the following findings:

(1) In the NATO Participation Act of 1994 (title II of Public Law 103–447; 22 U.S.C. 1928 note), Congress declared that “full and active participants in the Partnership for Peace in a position to further the principles of the North Atlantic Treaty and to contribute to the security of the North Atlantic area should be invited to become full NATO members in accordance with Article 10 of such Treaty at an early date . . . ”.

(2) In the NATO Enlargement Facilitation Act of 1996 (title VI of section 101(c) of title I of division A of Public Law 104–208; 22 U.S.C. 1928 note), Congress called for the prompt admission of Poland, Hungary, the Czech Republic, and Slovenia to NATO, and declared that “in order to promote economic stability and security in Slovakia, Estonia, Latvia, Lithuania, Romania, Bulgaria, Albania, Moldova, and Ukraine . . . the process of enlarging NATO to include emerging democracies in Central and Eastern Europe should not be limited to consideration of admitting Poland, Hungary, the Czech Republic, and Slovenia as full members of the NATO Alliance”.

(3) In the European Security Act of 1998 (title XXVII of division G of Public Law 105–277; 22 U.S.C. 1928 note), Congress declared that “Poland, Hungary, and the Czech Republic should not be the last emerging democracies in Central and Eastern Europe invited to join NATO” and that “Romania, Estonia, Latvia, Lithuania, and Bulgaria . . . would make an outstanding contribution to furthering the goals of NATO and enhancing stability, freedom, and peace in Europe should they become NATO members [and] upon complete satisfaction of all relevant criteria should be invited to become full NATO members at the earliest possible date”.

(4) At the Madrid Summit of the NATO Alliance in July 1997, Poland, Hungary, and the Czech Republic were invited to join the Alliance in the first round of NATO enlargement,
and the NATO heads of state and government issued a declaration stating “[t]he Alliance expects to extend further invitations in coming years to nations willing and able to assume the responsibilities and obligations of membership . . . [n]o European democratic country whose admission would fulfill the objectives of the [North Atlantic] Treaty will be excluded from consideration”.

(5) At the Washington Summit of the NATO Alliance in April 1999, the NATO heads of state and government issued a communiqué declaring “[w]e pledge that NATO will continue to welcome new members in a position to further the principles of the [North Atlantic] Treaty and contribute to peace and security in the Euro-Atlantic area . . . [t]he three new members will not be the last . . . [n]o European democratic country whose admission would fulfill the objectives of the Treaty will be excluded from consideration, regardless of its geographic location . . . “.

(6) In late 2002, NATO will hold a summit in Prague, the Czech Republic, at which it will decide which additional emerging democracies in Central and Eastern Europe to invite to join the Alliance in the next round of NATO enlargement.

(7) In May 2000 in Vilnius, Lithuania, the foreign ministers of Albania, Bulgaria, Estonia, Latvia, Lithuania, the Former Yugoslav Republic of Macedonia, Romania, Slovakia, and Slovenia issued a statement (later joined by Croatia) declaring that their countries will cooperate in jointly seeking NATO membership in the next round of NATO enlargement, that the realization of NATO membership by one or more of these countries would be a success for all, and that eventual NATO membership for all of these countries would be a success for Europe and NATO.

(8) On June 15, 2001, in a speech in Warsaw, Poland, President George W. Bush stated “[a]ll of Europe’s new democracies, from the Baltic to the Black Sea and all that lie between, should have the same chance for security and freedom—and the same chance to join the institutions of Europe—as Europe’s old democracies have . . . I believe in NATO membership for all of Europe’s democracies that seek it and are ready to share the responsibilities that NATO brings . . . [a]s we plan to enlarge NATO, no nation should be used as a pawn in the agenda of others . . . [w]e will not trade away the fate of free European peoples . . . [n]o more Munichs . . . [n]o more Yaltas . . . [a]s we plan the Prague Summit, we should not calculate how little we can get away with, but how much we can do to advance the cause of freedom”.

(9) On October 22, 1996, in a speech in Detroit, Michigan, former President William J. Clinton stated “NATO’s doors will not close behind its first new members . . . NATO should remain open to all of Europe’s emerging democracies who are ready to shoulder the responsibilities of membership . . . [n]o nation will be automatically excluded . . . [n]o country outside NATO will have a veto . . . [a] gray zone of insecurity must not reemerge in Europe”.

“(b) SECRETARIAL AUTHORITY.—To the extent necessary to accomplish the purpose specified in subsection (a), the Secretary
is authorized, subject to the provisions of this section, to temporarily waive or modify the application of, with respect to health care items and services furnished by a health care provider (or classes of health care providers) in any emergency area (or portion of such an area) during any portion of an emergency period, the requirements of titles XVIII, XIX, or XXI, or any regulation thereunder (and the requirements of this title other than this section, and regulations thereunder, insofar as they relate to such titles), pertaining to—

(a) Short Title.—This section may be cited as the “Community Access to Emergency Defibrillation Act of 2002”.

(b) Findings.—Congress makes the following findings:

(1) Over 220,000 Americans die each year from cardiac arrest. Every 2 minutes, an individual goes into cardiac arrest in the United States.

(2) The chance of successfully returning to a normal heart rhythm diminishes by 10 percent each minute following sudden cardiac arrest.

(3) Eighty percent of cardiac arrests are caused by ventricular fibrillation, for which defibrillation is the only effective treatment.

(4) Sixty percent of all cardiac arrests occur outside the hospital. The average national survival rate for out-of-hospital cardiac arrest is only 5 percent.

(5) Communities that have established and implemented public access defibrillation programs have achieved average survival rates for out-of-hospital cardiac arrest as high as 50 percent.

(6) According to the American Heart Association, wide use of defibrillators could save as many as 50,000 lives nationally each year.

(7) Successful public access defibrillation programs ensure that cardiac arrest victims have access to early 911 notification, early cardiopulmonary resuscitation, early defibrillation, and early advanced care.

(c) Public Access Defibrillation Programs and Projects.—Part B of title III of the Public Health Service Act (42 U.S.C. 243 et seq.), as amended by Public Law 106–310, is amended by adding after section 311 the following:

“(3) by setting procedures for proper maintenance and testing of such devices, according to the guidelines of the manufacturers of the devices;

“(4) by providing training to members of the public in cardiopulmonary resuscitation and automated external defibrillation;

“(5) by integrating the emergency medical services system with the public access defibrillation programs so that emergency personnel have access to early notification and a method of returning the victim to a normal heart rhythm.”
medical services personnel, including dispatchers, are informed about the location of automated external defibrillators in their community; and

"(6) by encouraging private companies, including small businesses, to purchase automated external defibrillators and provide training for their employees to administer cardiopulmonary resuscitation and external automated defibrillation to cardiac arrest victims in their community.

“(b) Preference.—In awarding grants under subsection (a), the Secretary shall give a preference to a State, political subdivision of a State, Indian tribe, or tribal organization that—

“(5) produce materials to encourage private companies, including small businesses, to purchase automated external defibrillators; and

“(6) further develop strategies to improve access to automated external defibrillators in public places.

“(d) Application.—

“(1) In General.—To be eligible to receive a grant under subsection (a), a State, political subdivision of a State, Indian tribe, or tribal organization shall prepare and submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require.

“(2) Contents.—An application submitted under paragraph (1) shall—

“(A) describe the comprehensive public access defibrillation program to be funded with the grant and demonstrate how such program would make automated external defibrillation accessible and available to cardiac arrest victims in the community;

“(B) contain procedures for implementing appropriate nationally recognized training courses in performing cardiopulmonary resuscitation and the use of automated external defibrillators;

“(C) contain procedures for ensuring direct involvement of a licensed medical professional and coordination with
the local emergency medical services system in the over-
sight of training and notification of incidents of the use
of the automated external defibrillators;

   “(B) explain how such public access defibrillation demonstration project represents innovation in providing public access to automated external defibrillation; and
   “(C) provide for the collection of data regarding the effectiveness of the demonstration project to be funded with the grant in—
      “(i) providing emergency cardiopulmonary resuscitation and automated external defibrillation to cardiac arrest victims in the setting served by the demonstration project; and
      “(ii) affecting the cardiac arrest survival rate in the setting served by the demonstration project.
   “(d) Authorization of Appropriations.—There is authorized to be appropriated to carry out this section $5,000,000 for each of fiscal years 2002 through 2006. Not more than 10 percent of amounts received under a grant awarded under this section may be used for administrative expenses.”.

“(a) VULNERABILITY ASSESSMENTS.—(1) Each community water system serving a population of greater than 3,300 persons shall conduct an assessment of the vulnerability of its system to a terrorist attack or other intentional acts intended to substantially disrupt the ability of the system to provide a safe and reliable supply of drinking water. The vulnerability assessment shall include, but not be limited to, a review of pipes and constructed conveyances, physical barriers, water collection, pretreatment, treatment, storage and distribution facilities, electronic, computer or other automated systems which are utilized by the public water system, the use, storage, or handling of various chemicals, and the operation and maintenance of such system. The Administrator, not later than August 1, 2002, after consultation with appropriate departments and agencies of the Federal Government and with State and local governments, shall provide baseline information to community water systems required to conduct vulnerability assessments regarding which kinds of terrorist attacks or other intentional acts are the probable threats to—

“(A) substantially disrupt the ability of the system to provide a safe and reliable supply of drinking water; or

“(B) otherwise present significant public health concerns.

“(2) Each community water system referred to in paragraph (1) shall certify to the Administrator that the system has conducted an assessment complying with paragraph (1) and shall submit to the Administrator a written copy of the assessment. Such certification and submission shall be made prior to:

LEGISLATIVE HISTORY—H.R. 4486 (S. 2433):
May 7, considered and passed House.
June 3, considered and passed Senate.
An Act

To eliminate the deadlines for spectrum auctions of spectrum previously allocated to television broadcasting.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Auction Reform Act of 2002”.

SEC. 2. FINDINGS.

Congress finds the following:

(1) Circumstances in the telecommunications market have changed dramatically since the auctioning of spectrum in the 700 megahertz band was originally mandated by Congress in 1997, raising serious questions as to whether the original deadlines, or the subsequent revision of the deadlines, are consistent with sound telecommunications policy and spectrum management principles.

(2) No comprehensive plan yet exists for allocating additional spectrum for third-generation wireless and other advanced communications services. The Federal Communications Commission should have the flexibility to auction frequencies in the 700 megahertz band for such purposes.

(3) The study being conducted by the National Telecommunications and Information Administration in consultation with the Department of Defense to determine whether the Department of Defense can share or relinquish additional spectrum for third generation wireless and other advanced communications services will not be completed until after the June 19th auction date for the upper 700 megahertz band, and long after the applications must be filed to participate in the auction, thereby creating further uncertainty as to whether the frequencies in the 700 megahertz band will be put to their highest and best use for the benefit of consumers.

(4) The Federal Communications Commission is also in the process of determining how to resolve the interference problems that exist in the 800 megahertz band, especially for public safety. One option being considered for the 800 megahertz band would involve the 700 megahertz band. The Commission should not hold the 700 megahertz auction before the 800 megahertz interference issues are resolved or a tenable plan has been conceived.

(5) The 700 megahertz band is currently occupied by television broadcasters, and will be so until the transfer to digital television is completed. This situation creates a tremendous
amount of uncertainty concerning when the spectrum will be available and reduces the value placed on the spectrum by potential bidders. The encumbrance of the 700 megahertz band reduces both the amount of money that the auction would be likely to produce and the probability that the spectrum would be purchased by the entities that valued the spectrum the most and would put the spectrum to its most productive use.

(6) The Commission’s rules governing voluntary mechanisms for vacating the 700 megahertz band by broadcast stations—

(A) produced no certainty that the band would be available for advanced mobile communications services, public safety operations, or other wireless services any earlier than the existing statutory framework provides; and

(B) should advance the transition of digital television and must not result in the unjust enrichment of any incumbent licensee.

SEC. 3. ELIMINATION OF STATUTORY DEADLINES FOR SPECTRUM AUCTIONS.

(a) FCC TO DETERMINE TIMING OF AUCTIONS.—Section 309(j) of the Communications Act of 1934 (47 U.S.C. 309(j)) is amended by adding at the end the following new paragraph:

"(15) COMMISSION TO DETERMINE TIMING OF AUCTIONS.—

"(A) COMMISSION AUTHORITY.—Subject to the provisions of this subsection (including paragraph (11)), but notwithstanding any other provision of law, the Commission shall determine the timing of and deadlines for the conduct of competitive bidding under this subsection, including the timing of and deadlines for qualifying for bidding; conducting auctions; collecting, depositing, and reporting revenues; and completing licensing processes and assigning licenses.

"(B) TERMINATION OF PORTIONS OF AUCTIONS 31 AND 44.—Except as provided in subparagraph (C), the Commission shall not commence or conduct auctions 31 and 44 on June 19, 2002, as specified in the public notices of March 19, 2002, and March 20, 2002 (DA 02–659 and DA 02–563).

"(C) EXCEPTION.—

"(i) BLOCKS EXCEPTED.—Subparagraph (B) shall not apply to the auction of—

"(I) the C-block of licenses on the bands of frequencies located at 710–716 megahertz, and 740–746 megahertz; or

"(II) the D-block of licenses on the bands of frequencies located at 716–722 megahertz.

"(ii) ELIGIBLE BIDDERS.—The entities that shall be eligible to bid in the auction of the C-block and D-block licenses described in clause (i) shall be those entities that were qualified entities, and that submitted applications to participate in auction 44, by May 8, 2002, as part of the original auction 44 short form filing deadline.

"(iii) AUCTION DEADLINES FOR EXCEPTED BLOCKS.—Notwithstanding subparagraph (B), the auction of the
C-block and D-block licenses described in clause (i) shall be commenced no earlier than August 19, 2002, and no later than September 19, 2002, and the proceeds of such auction shall be deposited in accordance with paragraph (8) not later than December 31, 2002.

(iv) REPORT.—Within one year after the date of enactment of this paragraph, the Commission shall submit a report to Congress—

(I) specifying when the Commission intends to reschedule auctions 31 and 44 (other than the blocks excepted by clause (i)); and

(II) describing the progress made by the Commission in the digital television transition and in the assignment and allocation of additional spectrum for advanced mobile communications services that warrants the scheduling of such auctions.

(D) RETURN OF PAYMENTS.—Within one month after the date of enactment of this paragraph, the Commission shall return to the bidders for licenses in the A-block, B-block, and E-block of auction 44 the full amount of all upfront payments made by such bidders for such licenses.

(b) CONFORMING AMENDMENTS.—

(2) BALANCED BUDGET ACT OF 1997.—Section 3007 of the Balanced Budget Act of 1997 (111 Stat. 269) is repealed.

(3) CONSOLIDATED APPROPRIATIONS ACT.—Paragraphs (2) and (3) of section 213(a) of H.R. 3425 of the 106th Congress, as enacted into law by section 1000(a)(5) of An Act making consolidated appropriations for the fiscal year ending September 30, 2000, and for other purposes (Public Law 106–113; 113 Stat. 1501A–295), are repealed.

SEC. 4. COMPLIANCE WITH AUCTION AUTHORITY.

The Federal Communications Commission shall conduct rescheduled auctions 31 and 44 prior to the expiration of the auction authority under section 309(j)(11) of the Communications Act of 1934 (47 U.S.C. 309(j)(11)).

SEC. 5. PRESERVATION OF BROADCASTER OBLIGATIONS.

Nothing in this Act shall be construed to relieve television broadcast station licensees of the obligation to complete the digital television service conversion as required by section 309(j)(14) of the Communications Act of 1934 (47 U.S.C. 309(j)(14)).

SEC. 6. INTERFERENCE PROTECTION.

(a) INTERFERENCE WAIVERS.—In granting a request by a television broadcast station licensee assigned to any of channels 52–69 to utilize any channel of channels 2–51 that is assigned for digital broadcasting in order to continue analog broadcasting during the transition to digital broadcasting, the Federal Communications Commission may not, either at the time of the grant or thereafter, waive or otherwise reduce—

(1) the spacing requirements provided for analog broadcasting licensees within channels 2–51 as required by section 73.610 of the Commission’s rules (and the table contained therein) (47 CFR 73.610),
(2) the interference standards provided for digital broadcasting licensees within channels 2–51 as required by sections 73.622 and 73.623 of such rules (47 CFR 73.622, 73.623), if such waiver or reduction will result in any degradation in or loss of service, or an increased level of interference, to any television household except as the Commission’s rules would otherwise expressly permit, exclusive of any waivers previously granted.

(b) Exception for Public Safety Channel Clearing.—The restrictions in subsection (a) shall not apply to a station licensee that is seeking authority (either by waiver or otherwise) to vacate the frequencies that constitute television channel 63, 64, 68, or 69 in order to make such frequencies available for public safety purposes pursuant to the provisions of section 337 of the Communications Act of 1934 (47 U.S.C. 337).

(B) a statement that such firm understands and agrees that cooperation and compliance, as described in the consent required by subparagraph (A), and the securing and enforcement of such consents from its associated persons, in accordance with the rules of the Board, shall be a condition to the continuing effectiveness of the registration of the firm with the Board.

(4) ADVISORY GROUPS.—The Board shall convene, or authorize its staff to convene, such expert advisory groups as may be appropriate, which may include practicing accountants and other experts, as well as representatives of other interested groups, subject to such rules as the Board may prescribe to prevent conflicts of interest, to make recommendations concerning the content (including proposed drafts) of auditing, quality control, ethics, independence, or other standards required to be established under this section.

(b) INDEPENDENCE STANDARDS AND RULES.—The Board shall establish such rules as may be necessary or appropriate in the public interest or for the protection of investors, to implement, or as authorized under, title II of this Act.

(c) COOPERATION WITH DESIGNATED PROFESSIONAL GROUPS OF ACCOUNTANTS AND ADVISORY GROUPS.—

(1) IN GENERAL.—The Board shall cooperate on an ongoing basis with professional groups of accountants designated under subsection (a)(3)(A) and advisory groups convened under subsection (a)(4) in the examination of the need for changes in any standards subject to its authority under subsection (a), recommend issues for inclusion on the agendas of such designated professional groups of accountants or advisory groups, and take such other steps as it deems appropriate to increase the effectiveness of the standard setting process.

SEC. 104. INSPECTIONS OF REGISTERED PUBLIC ACCOUNTING FIRMS.

(a) IN GENERAL.—The Board shall conduct a continuing program of inspections to assess the degree of compliance of each registered public accounting firm and associated persons of that firm with this Act, the rules of the Board, the rules of the Commission, or professional standards, in connection with its performance of audits, issuance of audit reports, and related matters involving issuers.

(b) INSPECTION FREQUENCY.—

(1) IN GENERAL.—Subject to paragraph (2), inspections required by this section shall be conducted—

(A) annually with respect to each registered public accounting firm that regularly provides audit reports for more than 100 issuers; and
(B) not less frequently than once every 3 years with respect to each registered public accounting firm that regularly provides audit reports for 100 or fewer issuers.

(2) ADJUSTMENTS TO SCHEDULES.—The Board may, by rule, adjust the inspection schedules set under paragraph (1) if the Board finds that different inspection schedules are consistent with the purposes of this Act, the public interest, and the protection of investors. The Board may conduct special inspections at the request of the Commission or upon its own motion.

(c) PROCEDURES.—The Board shall, in each inspection under this section, and in accordance with its rules for such inspections—

(1) identify any act or practice or omission to act by the registered public accounting firm, or by any associated person thereof, revealed by such inspection that may be in violation of this Act, the rules of the Board, the rules of the Commission, the firm’s own quality control policies, or professional standards;

(2) report any such act, practice, or omission, if appropriate, to the Commission and each appropriate State regulatory authority; and

(3) begin a formal investigation or take disciplinary action, if appropriate, with respect to any such violation, in accordance with this Act and the rules of the Board.

(2) evaluate the sufficiency of the quality control system of the firm, and the manner of the documentation and communication of that system by the firm; and

(3) perform such other testing of the audit, supervisory, and quality control procedures of the firm as are necessary or appropriate in light of the purpose of the inspection and the responsibilities of the Board.

(e) RECORD RETENTION.—The rules of the Board may require the retention by registered public accounting firms for inspection purposes of records whose retention is not otherwise required by section 103 or the rules issued thereunder.

(f) PROCEDURES FOR REVIEW.—The rules of the Board shall provide a procedure for the review of and response to a draft inspection report by the registered public accounting firm under inspection. The Board shall take such action with respect to such response as it considers appropriate (including revising the draft report or continuing or supplementing its inspection activities before issuing a final report), but the text of any such response, appropriately redacted to protect information reasonably identified by the accounting firm as confidential, shall be attached to and made part of the inspection report.

(g) REPORT.—A written report of the findings of the Board for each inspection under this section, subject to subsection (h), shall be—

(2) made available in appropriate detail to the public (subject to section 105(b)(5)(A), and to the protection of such confidential and proprietary information as the Board may determine to be appropriate, or as may be required by law), except that no portions of the inspection report that deal with criticisms of or potential defects in the quality control systems of the firm under inspection shall be made public if those criticisms or defects are addressed by the firm, to the satisfaction of the Board, not later than 12 months after the date of the inspection report.

(h) INTERIM COMMISSION REVIEW.—

(1) REVIEWABLE MATTERS.—A registered public accounting firm may seek review by the Commission, pursuant to such rules as the Commission shall promulgate, if the firm—

(B) disagrees with the determination of the Board that criticisms or defects identified in an inspection report have not been addressed to the satisfaction of the Board within 12 months of the date of the inspection report, for purposes of subsection (g)(2).

(2) TREATMENT OF REVIEW.—Any decision of the Commission with respect to a review under paragraph (1) shall not be reviewable under section 25 of the Securities Exchange Act of 1934 (15 U.S.C. 78y), or deemed to be “final agency action” for purposes of section 704 of title 5, United States Code.

(3) TIMING.—Review under paragraph (1) may be sought during the 30-day period following the date of the event giving rise to the review under subparagraph (A) or (B) of paragraph (1).

(b) INVESTIGATIONS.—

(1) AUTHORITY.—In accordance with the rules of the Board, the Board may conduct an investigation of any act or practice, or omission to act, by a registered public accounting firm, any associated person of such firm, or both, that may violate any provision of this Act, the rules of the Board, the provisions of the securities laws relating to the preparation and issuance of audit reports and the obligations and liabilities of accountants with respect thereto, including the rules of the Commission issued under this Act, or professional standards, regardless of how the act, practice, or omission is brought to the attention of the Board.
(2) Testimony and Document Production.—In addition to such other actions as the Board determines to be necessary or appropriate, the rules of the Board may—

(A) require the testimony of the firm or of any person associated with a registered public accounting firm, with respect to any matter that the Board considers relevant or material to an investigation;

(B) require the production of audit work papers and any other document or information in the possession of a registered public accounting firm or any associated person thereof, wherever domiciled, that the Board considers relevant or material to the investigation, and may inspect the books and records of such firm or associated person to verify the accuracy of any documents or information supplied;

(C) request the testimony of, and production of any document in the possession of, any other person, including any client of a registered public accounting firm that the Board considers relevant or material to an investigation under this section, with appropriate notice, subject to the needs of the investigation, as permitted under the rules of the Board; and

(D) provide for procedures to seek issuance by the Commission, in a manner established by the Commission, of a subpoena to require the testimony of, and production of any document in the possession of, any person, including any client of a registered public accounting firm, that the Board considers relevant or material to an investigation under this section.

(3) Noncooperation with Investigations.—

(A) In General.—If a registered public accounting firm or any associated person thereof refuses to testify, produce documents, or otherwise cooperate with the Board in connection with an investigation under this section, the Board may—

(B) Referral.—The Board may refer an investigation under this section—

(i) to the Commission;
(ii) to any other Federal functional regulator (as defined in section 509 of the Gramm-Leach-Bliley Act (15 U.S.C. 6809)), in the case of an investigation that concerns an audit report for an institution that is subject to the jurisdiction of such regulator; and

(iii) at the direction of the Commission, to—

(I) the Attorney General of the United States;

(II) the attorney general of 1 or more States;

and

(III) the appropriate State regulatory authority.

(5) USE OF DOCUMENTS.—

(A) CONFIDENTIALITY.—Except as provided in subparagraph (B), all documents and information prepared or received by or specifically for the Board, and deliberations of the Board and its employees and agents, in connection with an inspection under section 104 or with an investigation under this section, shall be confidential and privileged as an evidentiary matter (and shall not be subject to civil discovery or other legal process) in any proceeding in any Federal or State court or administrative agency, and shall be exempt from disclosure, in the hands of an agency or establishment of the Federal Government, under the Freedom of Information Act (5 U.S.C. 552a), or otherwise, unless and until presented in connection with a public proceeding or released in accordance with subsection (c).

(B) AVAILABILITY TO GOVERNMENT AGENCIES.—Without the loss of its status as confidential and privileged in the hands of the Board, all information referred to in subparagraph (A) may—

(i) be made available to the Commission; and

(IV) any appropriate State regulatory authority,

each of which shall maintain such information as confidential and privileged.

(6) IMMUNITY.—Any employee of the Board engaged in carrying out an investigation under this Act shall be immune from any civil liability arising out of such investigation in the same manner and to the same extent as an employee of the Federal Government in similar circumstances.

(B) notify such firm or associated person of, and provide to the firm or associated person an opportunity to defend against, such charges; and
(C) keep a record of the proceedings.
(2) PUBLIC HEARINGS.—Hearings under this section shall not be public, unless otherwise ordered by the Board for good cause shown, with the consent of the parties to such hearing.
(3) SUPPORTING STATEMENT.—A determination by the Board to impose a sanction under this subsection shall be supported by a statement setting forth—
(A) each act or practice in which the registered public accounting firm, or associated person, has engaged (or omitted to engage), or that forms a basis for all or a part of such sanction;
(B) the specific provision of this Act, the securities laws, the rules of the Board, or professional standards which the Board determines has been violated; and
(C) the sanction imposed, including a justification for that sanction.
(4) SANCTIONS.—If the Board finds, based on all of the facts and circumstances, that a registered public accounting firm or associated person thereof has engaged in any act or practice, or omitted to act, in violation of this Act, the rules of the Board, the provisions of the securities laws relating to the preparation and issuance of audit reports and the obligations and liabilities of accountants with respect thereto, including the rules of the Commission issued under this Act, or professional standards, the Board may impose such disciplinary or remedial sanctions as it determines appropriate, subject to applicable limitations under paragraph (5), including—

(6) FAILURE TO SUPERVISE.—

(A) IN GENERAL.—The Board may impose sanctions under this section on a registered accounting firm or upon the supervisory personnel of such firm, if the Board finds that—

(i) the firm has failed reasonably to supervise an associated person, either as required by the rules of the Board relating to auditing or quality control standards, or otherwise, with a view to preventing violations of this Act, the rules of the Board, the provisions of the securities laws relating to the preparation and issuance of audit reports and the obligations and liabilities of accountants with respect thereto, including the rules of the Commission under this Act, or professional standards; and

(ii) such associated person commits a violation of this Act, or any of such rules, laws, or standards.

(B) RULE OF CONSTRUCTION.—No associated person of a registered public accounting firm shall be deemed to have failed reasonably to supervise any other person for purposes of subparagraph (A), if—

(i) there have been established in and for that firm procedures, and a system for applying such procedures, that comply with applicable rules of the Board and that would reasonably be expected to prevent and detect any such violation by such associated person; and

(ii) such person has reasonably discharged the duties and obligations incumbent upon that person by reason of such procedures and system, and had no reasonable cause to believe that such procedures and system were not being complied with.

(7) EFFECT OF SUSPENSION.—

(A) ASSOCIATION WITH A PUBLIC ACCOUNTING FIRM.—It shall be unlawful for any person that is suspended or barred from being associated with a registered public accounting firm under this subsection willfully to become or remain associated with any registered public accounting firm, or for any registered public accounting firm that knew, or, in the exercise of reasonable care should have known, of the suspension or bar, to permit such an association, without the consent of the Board or the Commission.

(B) ASSOCIATION WITH AN ISSUER.—It shall be unlawful for any person that is suspended or barred from being associated with an issuer under this subsection willfully to become or remain associated with any issuer in an accountancy or a financial management capacity, and for any issuer that knew, or in the exercise of reasonable
care should have known, of such suspension or bar, to permit such an association, without the consent of the Board or the Commission.

SEC. 106. FOREIGN PUBLIC ACCOUNTING FIRMS.

(a) APPLICABILITY TO CERTAIN FOREIGN FIRMS.—

(1) IN GENERAL.—Any foreign public accounting firm that prepares or furnishes an audit report with respect to any issuer, shall be subject to this Act and the rules of the Board and the Commission issued under this Act, in the same manner and to the same extent as a public accounting firm that is organized and operates under the laws of the United States or any State, except that registration pursuant to section 102 shall not by itself provide a basis for subjecting such a foreign public accounting firm to the jurisdiction of the Federal or State courts, other than with respect to controversies between such firms and the Board.

(2) BOARD AUTHORITY.—The Board may, by rule, determine that a foreign public accounting firm (or a class of such firms) that does not issue audit reports nonetheless plays such a substantial role in the preparation and furnishing of such reports for particular issuers, that it is necessary or appropriate, in light of the purposes of this Act and in the public interest or for the protection of investors, that such firm (or class of firms) should be treated as a public accounting firm
(or firms) for purposes of registration under, and oversight by the Board in accordance with, this title.

(b) PRODUCTION OF AUDIT WORKPAPERS.—

(1) CONSENT BY FOREIGN FIRMS.—If a foreign public accounting firm issues an opinion or otherwise performs material services upon which a registered public accounting firm relies in issuing all or part of any audit report or any opinion contained in an audit report, that foreign public accounting firm shall be deemed to have consented—

(A) to produce its audit workpapers for the Board or the Commission in connection with any investigation by either body with respect to that audit report; and

(B) to be subject to the jurisdiction of the courts of the United States for purposes of enforcement of any request for production of such workpapers.

(2) CONSENT BY DOMESTIC FIRMS.—A registered public accounting firm that relies upon the opinion of a foreign public accounting firm, as described in paragraph (1), shall be deemed—

(A) to have consented to supplying the audit workpapers of that foreign public accounting firm in response to a request for production by the Board or the Commission; and

(B) to have secured the agreement of that foreign public accounting firm to such production, as a condition of its reliance on the opinion of that foreign public accounting firm.

(c) EXEMPTION AUTHORITY.—The Commission, and the Board, subject to the approval of the Commission, may, by rule, regulation, or order, and as the Commission (or Board) determines necessary or appropriate in the public interest or for the protection of investors, either unconditionally or upon specified terms and conditions exempt any foreign public accounting firm, or any class of such firms, from any provision of this Act or the rules of the Board or the Commission issued under this Act.

(d) DEFINITION.—In this section, the term “foreign public accounting firm” means a public accounting firm that is organized and operates under the laws of a foreign government or political subdivision thereof.

(4) PROPOSED RULE PROCEDURES.—The provisions of paragraphs (1) through (3) of section 19(b) of the Securities Exchange Act of 1934 (15 U.S.C. 78s(b)) shall govern the proposed rules of the Board, as fully as if the Board were a "registered securities association" for purposes of that section 19(b), except that, for purposes of this paragraph—

(A) the phrase "consistent with the requirements of this title and the rules and regulations thereunder applicable to such organization" in section 19(b)(2) of that Act shall be deemed to read "consistent with the requirements of title I of the Sarbanes-Oxley Act of 2002, and the rules and regulations issued thereunder applicable to such organization, or as necessary or appropriate in the public interest or for the protection of investors"; and

“SEC. 15D. SECURITIES ANALYSTS AND RESEARCH REPORTS.

“(a) ANALYST PROTECTIONS.—The Commission, or upon the authorization and direction of the Commission, a registered securities association or national securities exchange, shall have adopted, not later than 1 year after the date of enactment of this section, rules reasonably designed to address conflicts of interest that can arise when securities analysts recommend equity securities in research reports and public appearances, in order to improve the objectivity of research and provide investors with more useful and reliable information, including rules designed—

“(1) to foster greater public confidence in securities research, and to protect the objectivity and independence of securities analysts, by—

“(A) restricting the prepublication clearance or approval of research reports by persons employed by the broker or dealer who are engaged in investment banking activities, or persons not directly responsible for investment research, other than legal or compliance staff; and

“(B) limiting the supervision and compensatory evaluation of securities analysts to officials employed by the broker or dealer who are not engaged in investment banking activities; and
“(C) requiring that a broker or dealer and persons employed by a broker or dealer who are involved with investment banking activities may not, directly or indirectly, retaliate against or threaten to retaliate against any securities analyst employed by that broker or dealer or its affiliates as a result of an adverse, negative, or otherwise unfavorable research report that may adversely affect the present or prospective investment banking relationship of the broker or dealer with the issuer that is the subject of the research report, except that such rules may not limit the authority of a broker or dealer to discipline a securities analyst for causes other than such research report in accordance with the policies and procedures of the firm;

“(2) to define periods during which brokers or dealers who have participated, or are to participate, in a public offering of securities as underwriters or dealers should not publish or otherwise distribute research reports relating to such securities or to the issuer of such securities;

“(3) to establish structural and institutional safeguards within registered brokers or dealers to assure that securities analysts are separated by appropriate informational partitions within the firm from the review, pressure, or oversight of those whose involvement in investment banking activities might potentially bias their judgment or supervision; and

“(4) to address such other issues as the Commission, or such association or exchange, determines appropriate.

“(b) Disclosure.—The Commission, or upon the authorization and direction of the Commission, a registered securities association or national securities exchange, shall have adopted, not later than 1 year after the date of enactment of this section, rules reasonably designed to require each securities analyst to disclose in public appearances, and each registered broker or dealer to disclose in each research report, as applicable, conflicts of interest that are known or should have been known by the securities analyst or the broker or dealer, to exist at the time of the appearance or the date of distribution of the report, including—

“(1) the extent to which the securities analyst has debt or equity investments in the issuer that is the subject of the appearance or research report;

“(2) whether any compensation has been received by the registered broker or dealer, or any affiliate thereof, including the securities analyst, from the issuer that is the subject of the appearance or research report, subject to such exemptions as the Commission may determine appropriate and necessary to prevent disclosure by virtue of this paragraph of material non-public information regarding specific potential future investment banking transactions of such issuer, as is appropriate in the public interest and consistent with the protection of investors;

“(3) whether an issuer, the securities of which are recommended in the appearance or research report, currently is, or during the 1-year period preceding the date of the appearance or date of distribution of the report has been, a client of the registered broker or dealer, and if so, stating the types of services provided to the issuer;
“(4) whether the securities analyst received compensation with respect to a research report, based upon (among any other factors) the investment banking revenues (either generally or specifically earned from the issuer being analyzed) of the registered broker or dealer; and

“(5) such other disclosures of conflicts of interest that are material to investors, research analysts, or the broker or dealer as the Commission, or such association or exchange, determines appropriate.

“(c) DEFINITIONS.—In this section—

“(1) the term ‘securities analyst’ means any associated person of a registered broker or dealer that is principally responsible for, and any associated person who reports directly or indirectly to a securities analyst in connection with, the preparation of the substance of a research report, whether or not any such person has the job title of ‘securities analyst’; and

“(2) the term ‘research report’ means a written or electronic communication that includes an analysis of equity securities of individual companies or industries, and that provides information reasonably sufficient upon which to base an investment decision.”

(b) ENFORCEMENT.—Section 21B(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78u–2(a)) is amended by inserting “15D,” before “15B”.

(c) COMMISSION AUTHORITY.—The Commission may promulgate and amend its regulations, or direct a registered securities association or national securities exchange to promulgate and amend its rules, to carry out section 15D of the Securities Exchange Act of 1934, as added by this section, as is necessary for the protection of investors and in the public interest.
