(3) by adding at the end the following new paragraph:

“(7) Redistribution of Unused Resident Positions.—

“(A) Reduction in Limit Based on Unused Positions.—

“(I) Programs Subject to Reduction.—

“(1) In General.—Except as provided in subclause (II), if a hospital’s reference resident level (specified in clause (ii)) is less than the otherwise applicable resident limit (as defined in subparagraph (C)(ii)), effective for portions of cost reporting periods occurring on or after July 1, 2005, the otherwise applicable resident limit shall be reduced by 75 percent of the difference between such otherwise applicable resident limit and such reference resident level.

“(II) Exception for Small Rural Hospitals.—This subparagraph shall not apply to a hospital located in a rural area (as defined in subsection (d)(2)(D)(ii)) with fewer than 250 acute care inpatient beds.

“(II) Reference Resident Level.—

“(1) In General.—Except as otherwise provided in subclauses (II) and (III), the reference resident level specified in this clause for a hospital is the resident level for the most recent cost reporting period of the hospital ending on or before September 30, 2002, for which a cost report has been settled (or, if not, submitted (subject to audit)), as determined by the Secretary.

“(II) Use of Most Recent Accounting Period to Recognize Expansion of Existing Programs.—If a hospital submits a timely request to increase its resident level due to an expansion of an existing residency training program that is not reflected on the most recent settled cost report, after audit and subject to the discretion of the Secretary, the reference resident level for such hospital is the resident level for the cost reporting period that includes July 1, 2003, as determined by the Secretary.

“(III) Expansions Under Newly Approved Programs.—Upon the timely request of a hospital, the Secretary shall adjust the reference resident level specified under subclause (I) or (II) to include
the number of medical residents that were approved in an application for a medical residency training program that was approved by an appropriate accrediting organization (as determined by the Secretary) before January 1, 2002, but which was not in operation during the cost reporting period used under subclause (I) or (II), as the case may be, as determined by the Secretary.

“(iii) AFFILIATION.—The provisions of clause (i) shall be applied to hospitals which are members of the same affiliated group (as defined by the Secretary under paragraph (4)(H)(ii)) as of July 1, 2003.

“(B) REDISTRIBUTION.—

“(i) IN GENERAL.—The Secretary is authorized to increase the otherwise applicable resident limit for each qualifying hospital that submits a timely application under this subparagraph by such number as the Secretary may approve for portions of cost reporting periods occurring on or after July 1, 2005. The aggregate number of increases in the otherwise applicable resident limits under this subparagraph may not exceed the Secretary’s estimate of the aggregate reduction in such limits attributable to subparagraph (A).

“(ii) CONSIDERATIONS IN REDISTRIBUTION.—In determining for which hospitals the increase in the otherwise applicable resident limit is provided under clause (i), the Secretary shall take into account the demonstrated likelihood of the hospital filling the positions within the first 3 cost reporting periods beginning on or after July 1, 2005, made available under this subparagraph, as determined by the Secretary.

“(iii) PRIORITY FOR RURAL AND SMALL URBAN AREAS.—In determining for which hospitals and residency training programs an increase in the otherwise applicable resident limit is provided under clause (i), the Secretary shall distribute the increase to programs of hospitals located in the following priority order:

“(I) First, to hospitals located in rural areas (as defined in subsection (d)(2)(D)(ii)).

“(II) Second, to hospitals located in urban areas that are not large urban areas (as defined for purposes of subsection (d)).

“(III) Third, to other hospitals in a State if the residency training program involved is in a specialty for which there are not other residency training programs in the State.

Increases of residency limits within the same priority category under this clause shall be determined by the Secretary.

“(iv) LIMITATION.—In no case shall more than 25 full-time equivalent additional residency positions be made available under this subparagraph with respect to any hospital.

“(v) APPLICATION OF LOCALITY ADJUSTED NATIONAL AVERAGE PER RESIDENT AMOUNT.—With respect to additional residency positions in a hospital attributable
to the increase provided under this subparagraph, notwithstanding any other provision of this subsection, the approved FTE resident amount is deemed to be equal to the locality adjusted national average per resident amount computed under paragraph (4)(E) for that hospital.

“(vi) Construction.—Nothing in this subparagraph shall be construed as permitting the redistribution of reductions in residency positions attributable to voluntary reduction programs under paragraph (6), under a demonstration project approved as of October 31, 2003, under the authority of section 402 of Public Law 90–248, or as affecting the ability of a hospital to establish new medical residency training programs under paragraph (4)(H).

“(C) Resident Level and Limit Defined.—In this paragraph:

“(i) Resident Level.—The term ‘resident level’ means, with respect to a hospital, the total number of full-time equivalent residents, before the application of weighting factors (as determined under paragraph (4)), in the fields of allopathic and osteopathic medicine for the hospital.

“(ii) Otherwise Applicable Resident Limit.—The term ‘otherwise applicable resident limit’ means, with respect to a hospital, the limit otherwise applicable under subparagraphs (F)(i) and (H) of paragraph (4) on the resident level for the hospital determined without regard to this paragraph.

(2) Chapter 35 of title 44, United States Code, shall not apply with respect to applications under section 1886(h)(7) of the Social Security Act, as added by subsection (a)(3).

(3) Certification.—With respect to any medicare funding legislation or any amendment to such legislation to respond to a medicare funding warning, the chairman of the Committee on the Budget of the House shall certify—
(A) whether or not such legislation eliminates excess general revenue medicare funding (as defined in section 801(c)) for each fiscal year in the 7-fiscal-year reporting period; and
(B) with respect to such an amendment, whether the legislation, as amended, would eliminate excess general revenue medicare funding (as defined in section 801(c)) for each fiscal year in such 7-fiscal-year reporting period.

(c) Fallback procedure for floor consideration if the House fails to vote on final passage by July 30.—
(1) After July 30 of any year during which the President is required to submit proposed legislation to Congress under section 1105(h) of title 31, United States Code, unless the House of Representatives has voted on final passage of any medicare funding legislation for which there is an affirmative certification under subsection (b)(3)(A), then, after the expiration of not less than 30 calendar days (and concurrently 5 legislative days), it is in order to move to discharge any committee to which medicare funding legislation which has such a certification and which has been referred to such committee for 30 calendar days from further consideration of the legislation.

(2) A motion to discharge may be made only by an individual favoring the legislation, may be made only if supported by one-fifth of the total membership of the House (a quorum being present), and is highly privileged in the House. Debate thereon shall be limited to not more than one hour, the time to be divided in the House equally between those favoring and those opposing the motion. An amendment to the motion is not in order, and it is not in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(4) Notwithstanding paragraph (1), it shall not be in order to move to discharge a committee from further consideration of medicare funding legislation pursuant to this subsection during a session of a Congress if, during the previous session of the Congress, the House passed medicare funding legislation for which there is an affirmative certification under subsection (b)(3)(A).

All points of order against consideration of any such amendment
in the Committee of the Whole are waived. The legislation,
together with any amendments which shall be in order, shall
be considered as read. During the consideration of the bill
for amendment, the Chairman of the Committee of the Whole
may accord priority in recognition on the basis of whether
the Member offering an amendment has caused it to be printed
in the portion of the Congressional Record designated for that
purpose in clause 8 of Rule XVIII of the Rules of the House
of Representatives. Debate on any amendment shall not exceed
one hour, which shall be divided equally between those favoring
and those opposing the amendment, and no pro forma amend-

debate on all amendments shall not exceed 10 hours. At the
conclusion of consideration of the legislation for amendment,
the Committee shall rise and report the legislation to the
House with such amendments as may have been adopted. The
previous question shall be considered as ordered on the legisla-

that it has come to no resolution on the bill, then on the
next legislative day the House shall, immediately after the
third daily order of business under clause 1 of Rule XIV of
the Rules of the House of Representatives, resolve into the
Committee of the Whole for further consideration of the bill.

(3) All appeals from the decisions of the Chair relating
to the application of the Rules of the House of Representatives
to the procedure relating to any such legislation shall be decided
without debate.

(4) Except to the extent specifically provided in the pre-
ceding provisions of this subsection, consideration of any such
legislation and amendments thereto (or any conference report
thereon) shall be governed by the Rules of the House of Rep-
resentatives applicable to other bills and resolutions, amend-

SEC. 935. RECOVERY OF OVERPAYMENTS.

(a) IN GENERAL.—Section 1893 (42 U.S.C. 1395ddd) is amended by adding at the end the following new subsection:

“(f) RECOVERY OF OVERPAYMENTS.—

“(1) USE OF REPAYMENT PLANS.—

“(A) IN GENERAL.—If the repayment, within 30 days by a provider of services or supplier, of an overpayment under this title would constitute a hardship (as described in subparagraph (B)), subject to subparagraph (C), upon request of the provider of services or supplier the Secretary shall enter into a plan with the provider of services or supplier for the repayment (through offset or otherwise) of such overpayment over a period of at least 6 months but not longer than 3 years (or not longer than 5 years in the case of extreme hardship, as determined by the Secretary). Interest shall accrue on the balance through
the period of repayment. Such plan shall meet terms and conditions determined to be appropriate by the Secretary.

“(B) HARDSHIP.—

“(i) IN GENERAL.—For purposes of subparagraph (A), the repayment of an overpayment (or overpayments) within 30 days is deemed to constitute a hardship if—

“(I) in the case of a provider of services that files cost reports, the aggregate amount of the overpayments exceeds 10 percent of the amount paid under this title to the provider of services for the cost reporting period covered by the most recently submitted cost report; or

“(II) in the case of another provider of services or supplier, the aggregate amount of the overpayments exceeds 10 percent of the amount paid under this title to the provider of services or supplier for the previous calendar year.

“(ii) RULE OF APPLICATION.—The Secretary shall establish rules for the application of this subparagraph in the case of a provider of services or supplier that was not paid under this title during the previous year or was paid under this title only during a portion of that year.

“(iii) TREATMENT OF PREVIOUS OVERPAYMENTS.—If a provider of services or supplier has entered into a repayment plan under subparagraph (A) with respect to a specific overpayment amount, such payment amount under the repayment plan shall not be taken into account under clause (i) with respect to subsequent overpayment amounts.

“(C) EXCEPTIONS.—Subparagraph (A) shall not apply if—

“(i) the Secretary has reason to suspect that the provider of services or supplier may file for bankruptcy or otherwise cease to do business or discontinue participation in the program under this title; or

“(ii) there is an indication of fraud or abuse committed against the program.

“(D) IMMEDIATE COLLECTION IF VIOLATION OF Repayment PLAN.—If a provider of services or supplier fails to make a payment in accordance with a repayment plan under this paragraph, the Secretary may immediately seek to offset or otherwise recover the total balance outstanding (including applicable interest) under the repayment plan.

“(E) RELATION TO NO FAULT PROVISION.—Nothing in this paragraph shall be construed as affecting the application of section 1870(c) (relating to no adjustment in the cases of certain overpayments).

“(2) LIMITATION ON RECoupMENT.—

“(A) IN GENERAL.—In the case of a provider of services or supplier that is determined to have received an overpayment under this title and that seeks a reconsideration by a qualified independent contractor on such determination under section 1869(b)(1), the Secretary may not take any action (or authorize any other person, including any medicare contractor, as defined in subparagraph (C)) to
recoup the overpayment until the date the decision on the reconsideration has been rendered. If the provisions of section 1869(b)(1) (providing for such a reconsideration by a qualified independent contractor) are not in effect, in applying the previous sentence any reference to such a reconsideration shall be treated as a reference to a redetermination by the fiscal intermediary or carrier involved.

“(B) COLLECTION WITH INTEREST.—Insofar as the determination on such appeal is against the provider of services or supplier, interest on the overpayment shall accrue on and after the date of the original notice of overpayment. Insofar as such determination against the provider of services or supplier is later reversed, the Secretary shall provide for repayment of the amount recouped plus interest at the same rate as would apply under the previous sentence for the period in which the amount was recouped.

“(C) MEDICARE CONTRACTOR DEFINED.—For purposes of this subsection, the term ‘medicare contractor’ has the meaning given such term in section 1889(g).

“(3) LIMITATION ON USE OF EXTRAPOLATION.—A medicare contractor may not use extrapolation to determine overpayment amounts to be recovered by recoupment, offset, or otherwise unless the Secretary determines that—

“(A) there is a sustained or high level of payment error; or

“(B) documented educational intervention has failed to correct the payment error.

There shall be no administrative or judicial review under section 1869, section 1878, or otherwise, of determinations by the Secretary of sustained or high levels of payment errors under this paragraph.

“(4) PROVISION OF SUPPORTING DOCUMENTATION.—In the case of a provider of services or supplier with respect to which amounts were previously overpaid, a medicare contractor may request the periodic production of records or supporting documentation for a limited sample of submitted claims to ensure that the previous practice is not continuing.

“(5) CONSENT SETTLEMENT REFORMS.—

“(A) IN GENERAL.—The Secretary may use a consent settlement (as defined in subparagraph (D)) to settle a projected overpayment.

“(B) OPPORTUNITY TO SUBMIT ADDITIONAL INFORMATION BEFORE CONSENT SETTLEMENT OFFER.—Before offering a provider of services or supplier a consent settlement, the Secretary shall—

“(i) communicate to the provider of services or supplier—

“(I) that, based on a review of the medical records requested by the Secretary, a preliminary evaluation of those records indicates that there would be an overpayment;

“(II) the nature of the problems identified in such evaluation; and

“(III) the steps that the provider of services or supplier should take to address the problems; and
“(ii) provide for a 45-day period during which the provider of services or supplier may furnish additional information concerning the medical records for the claims that had been reviewed.

“(C) CONSENT SETTLEMENT OFFER.—The Secretary shall review any additional information furnished by the provider of services or supplier under subparagraph (B)(ii). Taking into consideration such information, the Secretary shall determine if there still appears to be an overpayment. If so, the Secretary—

“(i) shall provide notice of such determination to the provider of services or supplier, including an explanation of the reason for such determination; and

“(ii) in order to resolve the overpayment, may offer the provider of services or supplier—

“(I) the opportunity for a statistically valid random sample; or

“(II) a consent settlement.

The opportunity provided under clause (ii)(I) does not waive any appeal rights with respect to the alleged overpayment involved.

“(D) CONSENT SETTLEMENT DEFINED.—For purposes of this paragraph, the term ‘consent settlement’ means an agreement between the Secretary and a provider of services or supplier whereby both parties agree to settle a projected overpayment based on less than a statistically valid sample of claims and the provider of services or supplier agrees not to appeal the claims involved.

“(6) NOTICE OF OVER-UTILIZATION OF CODES.—The Secretary shall establish, in consultation with organizations representing the classes of providers of services and suppliers, a process under which the Secretary provides for notice to classes of providers of services and suppliers served by the contractor in cases in which the contractor has identified that particular billing codes may be overutilized by that class of providers of services or suppliers under the programs under this title (or provisions of title XI insofar as they relate to such programs).

“(7) PAYMENT AUDITS.—

“(A) WRITTEN NOTICE FOR POST-PAYMENT AUDITS.—Subject to subparagraph (C), if a medicare contractor decides to conduct a post-payment audit of a provider of services or supplier under this title, the contractor shall provide the provider of services or supplier with written notice (which may be in electronic form) of the intent to conduct such an audit.

“(B) EXPLANATION OF FINDINGS FOR ALL AUDITS.—Subject to subparagraph (C), if a medicare contractor audits a provider of services or supplier under this title, the contractor shall—

“(i) give the provider of services or supplier a full review and explanation of the findings of the audit in a manner that is understandable to the provider of services or supplier and permits the development of an appropriate corrective action plan;

“(ii) inform the provider of services or supplier of the appeal rights under this title as well as consent
settlement options (which are at the discretion of the Secretary);

“(iii) give the provider of services or supplier an opportunity to provide additional information to the contractor; and

“(iv) take into account information provided, on a timely basis, by the provider of services or supplier under clause (iii).

“(C) EXCEPTION.—Subparagraphs (A) and (B) shall not apply if the provision of notice or findings would compromise pending law enforcement activities, whether civil or criminal, or reveal findings of law enforcement-related audits.

“(8) STANDARD METHODOLOGY FOR PROBE SAMPLING.—The Secretary shall establish a standard methodology for medicare contractors to use in selecting a sample of claims for review in the case of an abnormal billing pattern.”.

“(B) Eligible requester.—For purposes of this subsection, each of the following shall be an eligible requester:

“(2) Secretarial flexibility.—The Secretary shall establish by regulation reasonable limits on the physicians’ services for which a prior determination of coverage may be requested under this subsection. In establishing such limits, the Secretary may consider the dollar amount involved with respect to the physicians’ service, administrative costs and burdens, and other relevant factors.

“(3) Request for prior determination.—

“(A) In general.—Subject to paragraph (2), under the process established under this subsection an eligible requester may submit to the contractor a request for a determination, before the furnishing of a physician’s service, as to whether the physician’s service is covered under this title consistent with the applicable requirements of section 1862(a)(1)(A) (relating to medical necessity).

“(B) DECISION NOT TO SEEK PRIOR DETERMINATION OR NEGATIVE DETERMINATION DOES NOT IMPACT RIGHT TO OBTAIN SERVICES, SEEK REIMBURSEMENT, OR APPEAL RIGHTS.—Nothing in this subsection shall be construed as affecting the right of an individual who—

“(i) decides not to seek a prior determination under this subsection with respect to physicians’ services; or

SEC. 1014. HEALTH CARE THAT WORKS FOR ALL AMERICANS: CITIZENS HEALTH CARE WORKING GROUP.

(a) FINDINGS.—Congress finds the following:

(1) In order to improve the health care system, the American public must engage in an informed national public debate to make choices about the services they want covered, what health care coverage they want, and how they are willing to pay for coverage.

(2) More than a trillion dollars annually is spent on the health care system, yet—

(A) 41,000,000 Americans are uninsured;

(B) insured individuals do not always have access to essential, effective services to improve and maintain their health; and

(C) employers, who cover over 170,000,000 Americans, find providing coverage increasingly difficult because of rising costs and double digit premium increases.

(3) Despite increases in medical care spending that are greater than the rate of inflation, population growth, and Gross Domestic Product growth, there has not been a commensurate improvement in our health status as a nation.
(4) Health care costs for even just 1 member of a family can be catastrophic, resulting in medical bills potentially harming the economic stability of the entire family.

(5) Common life occurrences can jeopardize the ability of a family to retain private coverage or jeopardize access to public coverage.

(6) Innovations in health care access, coverage, and quality of care, including the use of technology, have often come from States, local communities, and private sector organizations, but more creative policies could tap this potential.

(7) Despite our Nation’s wealth, the health care system does not provide coverage to all Americans who want it.

(b) PURPOSES.—The purposes of this section are—

(1) to provide for a nationwide public debate about improving the health care system to provide every American with the ability to obtain quality, affordable health care coverage; and

(2) to provide for a vote by Congress on the recommendations that result from the debate.

“(AA) In an infringement action brought against that applicant with respect to the patent or in a declaratory judgment action brought by that applicant with respect to the patent, a court enters a final decision from which no appeal (other than a petition to the Supreme Court for a writ of certiorari) has been or can be taken that the patent is invalid or not infringed.
“(BB) In an infringement action or a declaratory judgment action described in subitem (AA), a court signs a settlement order or consent decree that enters a final judgment that includes a finding that the patent is invalid or not infringed.

“(III) AMENDMENT OF CERTIFICATION.—The first applicant amends or withdraws the certification for all of the patents with respect to which that applicant submitted a certification qualifying the applicant for the 180-day exclusivity period.

“(IV) FAILURE TO OBTAIN TENTATIVE APPROVAL.—The first applicant fails to obtain tentative approval of the application within 30 months after the date on which the application is filed, unless the failure is caused by a change in or a review of the requirements for approval of the application imposed after the date on which the application is filed.

“(V) AGREEMENT WITH ANOTHER APPLICANT, THE LISTED DRUG APPLICATION HOLDER, OR A PATENT OWNER.—The first applicant enters into an agreement with another applicant under this subsection for the drug, the holder of the application for the listed drug, or an owner of the patent that is the subject of the certification under paragraph (2)(A)(vii)(IV), the Federal Trade Commission or the Attorney General files a complaint, and there is a final decision of the Federal Trade Commission or the court with regard to the complaint from which no appeal (other than a petition to the Supreme Court for a writ of certiorari) has been or can be taken that the agreement has violated the antitrust laws (as defined in section 1 of the Clayton Act (15 U.S.C. 12), except that the term includes section 5 of the Federal Trade Commission Act (15 U.S.C. 45) to the extent that that section applies to unfair methods of competition).

“(VI) EXPIRATION OF ALL PATENTS.—All of the patents as to which the applicant submitted a certification qualifying it for the 180-day exclusivity period have expired.

“(ii) FORFEITURE.—The 180-day exclusivity period described in subparagraph (B)(iv) shall be forfeited by a first applicant if a forfeiture event occurs with respect to that first applicant.

Public Law 108–175
108th Congress

An Act

To halt Syrian support for terrorism, end its occupation of Lebanon, and stop its development of weapons of mass destruction, and by so doing hold Syria accountable for the serious international security problems it has caused in the Middle East, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SEC. 1. SHORT TITLE.

This Act may be cited as the “Syria Accountability and Lebanese Sovereignty Restoration Act of 2003”.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) On June 24, 2002, President Bush stated “Syria must choose the right side in the war on terror by closing terrorist camps and expelling terrorist organizations”.

(2) United Nations Security Council Resolution 1373 (September 28, 2001) mandates that all states “refrain from providing any form of support, active or passive, to entities or persons involved in terrorist acts”, take “the necessary steps to prevent the commission of terrorist acts”, and “deny safe haven to those who finance, plan, support, or commit terrorist acts”.

(3) The Government of Syria is currently prohibited by United States law from receiving United States assistance because it has repeatedly provided support for acts of international terrorism, as determined by the Secretary of State for purposes of section 6(j)(1) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(1)) and other relevant provisions of law.

(4) Although the Department of State lists Syria as a state sponsor of terrorism and reports that Syria provides “safe haven and support to several terrorist groups”, fewer United States sanctions apply with respect to Syria than with respect to any other country that is listed as a state sponsor of terrorism.

(5) Terrorist groups, including Hizballah, Hamas, Palestinian Islamic Jihad, the Popular Front for the Liberation of Palestine, and the Popular Front for the Liberation of Palestine—General Command, maintain offices, training camps, and other facilities on Syrian territory, and operate in areas of Lebanon occupied by the Syrian armed forces and receive supplies from Iran through Syria.
(6) United Nations Security Council Resolution 520 (September 17, 1982) calls for “strict respect of the sovereignty, territorial integrity, unity and political independence of Lebanon under the sole and exclusive authority of the Government of Lebanon through the Lebanese Army throughout Lebanon”.

(7) Approximately 20,000 Syrian troops and security personnel occupy much of the sovereign territory of Lebanon exerting undue influence upon its government and undermining its political independence.

(8) Since 1990 the Senate and House of Representatives have passed seven bills and resolutions which call for the withdrawal of Syrian armed forces from Lebanon.

(9) On March 3, 2003, Secretary of State Colin Powell declared that it is the objective of the United States to “let Lebanon be ruled by the Lebanese people without the presence of [the Syrian] occupation army”.

(10) Large and increasing numbers of the Lebanese people from across the political spectrum in Lebanon have mounted peaceful and democratic calls for the withdrawal of the Syrian Army from Lebanese soil.

(11) Israel has withdrawn all of its armed forces from Lebanon in accordance with United Nations Security Council Resolution 425 (March 19, 1978), as certified by the United Nations Secretary General.

(12) Even in the face of this United Nations certification that acknowledged Israel’s full compliance with Security Council Resolution 425, Syrian- and Iranian-supported Hizballah continues to attack Israeli outposts at Shebaa Farms, under the pretense that Shebaa Farms is territory from which Israel was required to withdraw by Security Council Resolution 425, and Syrian- and Iranian-supported Hizballah and other militant organizations continue to attack civilian targets in Israel.

(13) Syria will not allow Lebanon—a sovereign country—to fulfill its obligation in accordance with Security Council Resolution 425 to deploy its troops to southern Lebanon.

(14) As a result, the Israeli-Lebanese border and much of southern Lebanon is under the control of Hizballah, which continues to attack Israeli positions, allows Iranian Revolutionary Guards and other militant groups to operate freely in the area, and maintains thousands of rockets along Israel’s northern border, destabilizing the entire region.

(15) On February 12, 2003, Director of Central Intelligence George Tenet stated the following with respect to the Syrian- and Iranian-supported Hizballah: “[A]s an organization with capability and worldwide presence [it] is [al Qaeda’s] equal if not a far more capable organization * * * [T]hey’re a notch above in many respects, in terms of in their relationship with the Iranians and the training they receive, [which] puts them in a state-sponsored category with a potential for lethality that’s quite great.”

(16) In the State of the Union address on January 29, 2002, President Bush declared that the United States will “work closely with our coalition to deny terrorists and their state sponsors the materials, technology, and expertise to make and deliver weapons of mass destruction”.

(17) The Government of Syria continues to develop and deploy short- and medium-range ballistic missiles.

(18) According to the December 2001 unclassified Central Intelligence Agency report entitled “Foreign Missile Developments and the Ballistic Missile Threat through 2015”, “Syria maintains a ballistic missile and rocket force of hundreds of FROG rockets, Scuds, and SS-21 SRBMs [and] Syria has developed [chemical weapons] warheads for its Scuds.”

(19) The Government of Syria is pursuing the development and production of biological and chemical weapons and has a nuclear research and development program that is cause for concern.

(20) According to the Central Intelligence Agency’s “Unclassified Report to Congress on the Acquisition of Technology Relating to Weapons of Mass Destruction and Advanced Conventional Munitions”, released January 7, 2003: “[Syria] already holds a stockpile of the nerve agent sarin but apparently is trying to develop more toxic and persistent nerve agents. Syria remains dependent on foreign sources for key elements of its [chemical weapons] program, including precursor chemicals and key production equipment. It is highly probable that Syria also is developing an offensive [biological weapons] capability.”

(21) On May 6, 2002, the Under Secretary of State for Arms Control and International Security, John Bolton, stated: “The United States also knows that Syria has long had a chemical warfare program. It has a stockpile of the nerve agent sarin and is engaged in research and development of the more toxic and persistent nerve agent VX. Syria, which has signed but not ratified the [Biological Weapons Convention], is pursuing the development of biological weapons and is able to produce at least small amounts of biological warfare agents.”

(22) According to the Central Intelligence Agency’s “Unclassified Report to Congress on the Acquisition of Technology Relating to Weapons of Mass Destruction and Advanced Conventional Munitions”, released January 7, 2003: “Russia and Syria have approved a draft cooperative program on cooperation on civil nuclear power. In principal, broader access to Russian expertise provides opportunities for Syria to expand its indigenous capabilities, should it decide to pursue nuclear weapons.”

(23) Under the Treaty on the Non-Proliferation of Nuclear Weapons (21 UST 483), which entered force on March 5, 1970, and to which Syria is a party, Syria has undertaken not to acquire or produce nuclear weapons and has accepted full scope safeguards of the International Atomic Energy Agency to detect diversions of nuclear materials from peaceful activities to the production of nuclear weapons or other nuclear explosive devices.

(24) Syria is not a party to the Chemical Weapons Convention or the Biological Weapons Convention, which entered into force on April 29, 1997, and on March 26, 1975, respectively.

(25) Syrian President Bashar Assad promised Secretary of State Powell in February 2001 to end violations of Security Council Resolution 661, which restricted the sale of oil and other commodities by Saddam Hussein’s regime, except to the
extent authorized by other relevant resolutions, but this pledge was never fulfilled.

(26) Syria’s illegal imports and transshipments of Iraqi oil during Saddam Hussein’s regime earned Syria $50,000,000 or more per month as Syria continued to sell its own Syrian oil at market prices.

(27) Syria’s illegal imports and transshipments of Iraqi oil earned Saddam Hussein’s regime $2,000,000 per day.

(28) On March 28, 2003, Secretary of Defense Donald Rumsfeld warned: “[W]e have information that shipments of military supplies have been crossing the border from Syria into Iraq, including night-vision goggles * * * These deliveries pose a direct threat to the lives of coalition forces. We consider such trafficking as hostile acts, and will hold the Syrian government accountable for such shipments.”.

(29) According to Article 23(1) of the United Nations Charter, members of the United Nations are elected as nonpermanent members of the United Nations Security Council with “due regard being specially paid, in the first instance to the contribution of members of the United Nations to the maintenance of international peace and security and to other purposes of the Organization”.

(31) On March 31, 2003, the Syrian Foreign Minister, Farouq al-Sharra, made the Syrian regime’s intentions clear when he explicitly stated that “Syria’s interest is to see the invaders defeated in Iraq”.

(32) On April 13, 2003, Secretary of Defense Donald Rumsfeld charged that “busloads” of Syrian fighters entered Iraq with “hundreds of thousands of dollars” and leaflets offering rewards for dead American soldiers.

(33) On September 16, 2003, the Under Secretary of State for Arms Control and International Security, John Bolton, appeared before the Subcommittee on the Middle East and Central Asia of the Committee on International Relations of the House of Representatives, and underscored Syria’s “hostile actions” toward coalition forces during Operation Iraqi Freedom. Under Secretary Bolton added that: “Syria allowed military equipment to flow into Iraq on the eve of and during the war. Syria permitted volunteers to pass into Iraq to attack and kill our service members during the war, and is still doing so * * * [Syria’s] behavior during Operation Iraqi Freedom underscores the importance of taking seriously reports and information on Syria’s WMD capabilities.”

(34) During his appearance before the Committee on International Relations of the House of Representatives on September 25, 2003, Ambassador L. Paul Bremer, III, Administrator of the Coalition Provisional Authority in Iraq, stated that out of the 278 third-country nationals who were captured by coalition forces in Iraq, the “single largest group are Syrians”.
SEC. 3. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) the Government of Syria should immediately and unconditionally halt support for terrorism, permanently and openly declare its total renunciation of all forms of terrorism, and close all terrorist offices and facilities in Syria, including the offices of Hamas, Hizballah, Palestinian Islamic Jihad, the Popular Front for the Liberation of Palestine, and the Popular Front for the Liberation of Palestine—General Command;

(2) the Government of Syria should—

(A) immediately and unconditionally stop facilitating transit from Syria to Iraq of individuals, military equipment, and all lethal items, except as authorized by the Coalition Provisional Authority or a representative, internationally recognized Iraqi government;

(B) cease its support for “volunteers” and terrorists who are traveling from and through Syria into Iraq to launch attacks; and

(C) undertake concrete, verifiable steps to deter such behavior and control the use of territory under Syrian control;

(3) the Government of Syria should immediately declare its commitment to completely withdraw its armed forces, including military, paramilitary, and security forces, from Lebanon, and set a firm timetable for such withdrawal;

(4) the Government of Lebanon should deploy the Lebanese armed forces to all areas of Lebanon, including South Lebanon, in accordance with United Nations Security Council Resolution 520 (September 17, 1982), in order to assert the sovereignty of the Lebanese state over all of its territory, and should evict all terrorist and foreign forces from southern Lebanon, including Hizballah and the Iranian Revolutionary Guards;

(5) the Government of Syria should halt the development and deployment of medium- and long-range surface-to-surface missiles and cease the development and production of biological and chemical weapons;

(6) the Governments of Lebanon and Syria should enter into serious unconditional bilateral negotiations with the Government of Israel in order to realize a full and permanent peace;

(7) the United States should continue to provide humanitarian and educational assistance to the people of Lebanon only through appropriate private, nongovernmental organizations and appropriate international organizations, until such time as the Government of Lebanon asserts sovereignty and control over all of its territory and borders and achieves full political independence, as called for in United Nations Security Council Resolution 520; and

(8) as a violator of several key United Nations Security Council resolutions and as a nation that pursues policies which undermine international peace and security, Syria should not have been permitted to join the United Nations Security Council or serve as the Security Council’s President, and should be removed from the Security Council.
SEC. 4. STATEMENT OF POLICY.

It is the policy of the United States that—

(1) Syria should bear responsibility for attacks committed by Hizballah and other terrorist groups with offices, training camps, or other facilities in Syria, or bases in areas of Lebanon occupied by Syria;

(2) the United States will work to deny Syria the ability to support acts of international terrorism and efforts to develop or acquire weapons of mass destruction;

(3) the Secretary of State will continue to list Syria as a state sponsor of terrorism until Syria ends its support for terrorism, including its support of Hizballah and other terrorist groups in Lebanon and its hosting of terrorist groups in Damascus, and comes into full compliance with United States law relating to terrorism and United Nations Security Council Resolution 1373 (September 28, 2001);

(4) the full restoration of Lebanon's sovereignty, political independence, and territorial integrity is in the national security interest of the United States;

(5) Syria is in violation of United Nations Security Council Resolution 520 (September 17, 1982) through its continued occupation of Lebanese territory and its encroachment upon Lebanon's political independence;

(6) Syria's obligation to withdraw from Lebanon is not conditioned upon progress in the Israeli-Syrian or Israeli-Lebanese peace process but derives from Syria's obligation under Security Council Resolution 520;

(7) Syria's acquisition of weapons of mass destruction and ballistic missile programs threaten the security of the Middle East and the national security interests of the United States;

(8) Syria will be held accountable for any harm to Coalition armed forces or to any United States citizen in Iraq if the government of Syria is found to be responsible due to its facilitation of terrorist activities and its shipments of military supplies to Iraq; and

(9) the United States will not provide any assistance to Syria and will oppose multilateral assistance for Syria until Syria ends all support for terrorism, withdraws its armed forces from Lebanon, and halts the development and deployment of weapons of mass destruction and medium- and long-range surface-to-surface ballistic missiles.

SEC. 5. PENALTIES AND AUTHORIZATION.

in the future, and has agreed to allow United Nations and other international observers to verify such actions and assurances; and

SEC. 3. APPLICABILITY.

Except as otherwise specifically provided, this Act and the amendments made by this Act shall apply only to fiscal years beginning after September 30, 2003.

SEC. 4. FINDINGS.

Congress finds the following:

1. The United States has revolutionized the way people travel, developing new technologies and aircraft to move people more efficiently and more safely.

2. Past Federal investment in aeronautics research and development has benefited the economy and national security of the United States and the quality of life of its citizens.

3. The total impact of civil aviation on the United States economy exceeds $900,000,000,000 annually and accounts for 9 percent of the gross national product and 11,000,000 jobs in the national workforce. Civil aviation products and services generate a significant surplus for United States trade accounts, and amount to significant numbers of the Nation’s highly skilled, technologically qualified work force.

4. Aerospace technologies, products, and services underpin the advanced capabilities of our men and women in uniform and those charged with homeland security.

5. Future growth in civil aviation increasingly will be constrained by concerns related to aviation system safety and
security, aviation system capabilities, aircraft noise, emissions, and fuel consumption.

(6) Revitalization and coordination of the United States efforts to maintain its leadership in aviation and aeronautics are critical and must begin now.

(7) A recent report by the Commission on the Future of the United States Aerospace Industry outlined the scope of the problems confronting the aerospace and aviation industries in the United States and found that—

(A) aerospace will be at the core of the Nation’s leadership and strength throughout the 21st century;
(B) aerospace will play an integral role in the Nation’s economy, security, and mobility; and
(C) global leadership in aerospace is a national imperative.

(8) Despite the downturn in the global economy, projections of the Federal Aviation Administration indicate that upwards of 1,000,000,000 people will fly annually by 2013. Efforts must begin now to prepare for future growth in the number of airline passengers.

(9) The United States must increase its investment in research and development to revitalize the aviation and aerospace industries, to create jobs, and to provide educational assistance and training to prepare workers in those industries for the future.

(a) Aviation Project Review Process.—The Secretary of Transportation shall develop and implement an expedited and coordinated environmental review process for airport capacity enhancement projects at congested airports, aviation safety projects, and aviation security projects that—

(1) provides for better coordination among the Federal, regional, State, and local agencies concerned with the preparation of environmental impact statements or environmental assessments under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.);

(2) provides that all environmental reviews, analyses, opinions, permits, licenses, and approvals that must be issued or made by a Federal agency or airport sponsor for such a project will be conducted concurrently, to the maximum extent practicable; and

(3) provides that any environmental review, analysis, opinion, permit, license, or approval that must be issued or made by a Federal agency or airport sponsor for such a project will be completed within a time period established by the Secretary, in cooperation with the agencies identified under subsection (d) with respect to the project.

(b) Aviation Projects Subject to a Streamlined Environmental Review Process.—

(1) Airport Capacity Enhancement Projects at Congested Airports.—An airport capacity enhancement project at a congested airport shall be subject to the coordinated and expedited environmental review process requirements set forth in this section.

(2) Aviation Safety and Aviation Security Projects.—

(A) In General.—The Administrator of the Federal Aviation Administration may designate an aviation safety project or aviation security project for priority environmental review. The Administrator may not delegate this designation authority. A designated project shall be subject to the coordinated and expedited environmental review process requirements set forth in this section.

(B) Project Designation Criteria.—The Administrator shall establish guidelines for the designation of an aviation safety project or aviation security project for priority environmental review. Such guidelines shall provide for consideration of—

(i) the importance or urgency of the project;

(ii) the potential for undertaking the environmental review under existing emergency procedures under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.);

(iii) the need for cooperation and concurrent reviews by other Federal or State agencies;

(iv) the prospect for undue delay if the project is not designated for priority review; and

(v) for aviation security projects, the views of the Department of Homeland Security.
“(c) HIGH PRIORITY OF AND AGENCY PARTICIPATION IN COORDINATED REVIEWS.—

“(1) HIGH PRIORITY FOR ENVIRONMENTAL REVIEWS.—Each Federal agency with jurisdiction over an environmental review, analysis, opinion, permit, license, or approval shall accord any such review, analysis, opinion, permit, license, or approval involving an airport capacity enhancement project at a congested airport or a project designated under subsection (b)(2) the highest possible priority and conduct the review, analysis, opinion, permit, license, or approval expeditiously.

“(2) AGENCY PARTICIPATION.—Each Federal agency described in subsection (d) shall formulate and implement administrative, policy, and procedural mechanisms to enable the agency to participate in the coordinated environmental review process under this section and to ensure completion of environmental reviews, analyses, opinions, permits, licenses, and approvals described in subsection (a) in a timely and environmentally responsible manner.

“(d) IDENTIFICATION OF JURISDICTIONAL AGENCIES.—With respect to each airport capacity enhancement project at a congested airport or a project designated under subsection (b)(2), the Secretary shall identify, as soon as practicable, all Federal and State agencies that may have jurisdiction over environmental-related matters that may be affected by the project or may be required by law to conduct an environmental-related review or analysis of the project or determine whether to issue an environmental-related permit, license, or approval for the project.

“(e) STATE AUTHORITY.—Under a coordinated review process being implemented under this section by the Secretary with respect to a project at an airport within the boundaries of a State, the Governor of the State, consistent with State law, may choose to participate in such process and provide that all State agencies that have jurisdiction over environmental-related matters that may be affected by the project or may be required by law to conduct an environmental-related review or analysis of the project or determine whether to issue an environmental-related permit, license, or approval for the project, be subject to the process.

“(f) MEMORANDUM OF UNDERSTANDING.—The coordinated review process developed under this section may be incorporated into a memorandum of understanding for a project between the Secretary and the heads of other Federal and State agencies identified under subsection (d) with respect to the project and, if applicable, the airport sponsor.

“(g) USE OF INTERAGENCY ENVIRONMENTAL IMPACT STATEMENT TEAMS.—

“(1) IN GENERAL.—The Secretary may utilize an interagency environmental impact statement team to expedite and coordinate the coordinated environmental review process for a project under this section. When utilizing an interagency environmental impact statement team, the Secretary shall invite Federal, State and Tribal agencies with jurisdiction by law, and may invite such agencies with special expertise, to participate on an interagency environmental impact statement team.

“(2) RESPONSIBILITY OF INTERAGENCY ENVIRONMENTAL IMPACT STATEMENT TEAM.—Under a coordinated environmental review process being implemented under this section, the interagency environmental impact statement team shall assist the
Federal Aviation Administration in the preparation of the environmental impact statement. To facilitate timely and efficient environmental review, the team shall agree on agency or Tribal points of contact, protocols for communication among agencies, and deadlines for necessary actions by each individual agency (including the review of environmental analyses, the conduct of required consultation and coordination, and the issuance of environmental opinions, licenses, permits, and approvals). The members of the team may formalize their agreement in a written memorandum.

“(h) LEAD AGENCY RESPONSIBILITY.—The Federal Aviation Administration shall be the lead agency for projects designated under subsection (b)(2) and airport capacity enhancement projects at congested airports and shall be responsible for defining the scope and content of the environmental impact statement, consistent with regulations issued by the Council on Environmental Quality. Any other Federal agency or State agency that is participating in a coordinated environmental review process under this section shall give substantial deference, to the extent consistent with applicable law and policy, to the aviation expertise of the Federal Aviation Administration.

“(i) EFFECT OF FAILURE TO MEET DEADLINE.—

“(1) NOTIFICATION OF CONGRESS AND CEQ.—If the Secretary determines that a Federal agency, State agency, or airport sponsor that is participating in a coordinated review process under this section with respect to a project has not met a deadline established under subsection (a)(3) for the project, the Secretary shall notify, within 30 days of the date of such determination, the Committee on Commerce, Science, and Transportation of the Senate, the Committee on Transportation and Infrastructure of the House of Representatives, the Council on Environmental Quality, and the agency or sponsor involved about the failure to meet the deadline.

“(2) AGENCY REPORT.—Not later than 30 days after date of receipt of a notice under paragraph (1), the agency or sponsor involved shall submit a report to the Secretary, the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Council on Environmental Quality explaining why the agency or sponsor did not meet the deadline and what actions it intends to take to complete or issue the required review, analysis, opinion, permit, license, or approval.

“(j) PURPOSE AND NEED.—For any environmental review, analysis, opinion, permit, license, or approval that must be issued or made by a Federal or State agency that is participating in a coordinated review process under this section and that requires an analysis of purpose and need for the project, the agency, notwithstanding any other provision of law, shall be bound by the project purpose and need as defined by the Secretary.

“(k) ALTERNATIVES ANALYSIS.—The Secretary shall determine the reasonable alternatives to an airport capacity enhancement project at a congested airport or a project designated under subsection (b)(2). Any other Federal agency, or State agency that is participating in a coordinated review process under this section with respect to the project shall consider only those alternatives to the project that the Secretary has determined are reasonable.
“(l) Solicitation and Consideration of Comments.—In applying subsections (j) and (k), the Secretary shall solicit and consider comments from interested persons and governmental entities in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4371 et seq.).

“(m) Monitoring by Task Force.—The Transportation Infrastructure Streamlining Task Force, established by Executive Order 13274 (67 Fed. Reg. 59449; relating to environmental stewardship and transportation infrastructure project reviews), may monitor airport projects that are subject to the coordinated review process under this section.

“§ 47172. Air traffic procedures for airport capacity enhancement projects at congested airports

“(a) In General.—The Administrator of the Federal Aviation Administration may consider prescribing flight procedures to avoid or minimize potentially significant adverse noise impacts of an airport capacity enhancement project at a congested airport that involves the construction of new runways or the reconfiguration of existing runways during the environmental planning process for the project. If the Administrator determines that noise mitigation flight procedures are consistent with safe and efficient use of the navigable airspace, the Administrator may commit, at the request of the airport sponsor and in a manner consistent with applicable Federal law, to prescribing such procedures in any record of decision approving the project.

“(b) Modification.—Notwithstanding any commitment by the Administrator under subsection (a), the Administrator may initiate changes to such procedures if necessary to maintain safety and efficiency in light of new information or changed circumstances.

“§ 47173. Airport funding of FAA staff

“(a) Acceptance of Sponsor-Provided Funds.—Notwithstanding any other provision of law, the Administrator of the Federal Aviation Administration may accept funds from an airport sponsor, including funds provided to the sponsor under section 47114(c), to hire additional staff or obtain the services of consultants in order to facilitate the timely processing, review, and completion of environmental activities associated with an airport development project.

“(b) Administrative Provision.—Instead of payment from an airport sponsor from funds apportioned to the sponsor under section 47114, the Administrator, with agreement of the sponsor, may transfer funds that would otherwise be apportioned to the sponsor under section 47114 to the account used by the Administrator for activities described in subsection (a).

“(c) Receipts Credited as Offsetting Collections.—Notwithstanding section 3302 of title 31, any funds accepted under this section, except funds transferred pursuant to subsection (b)—

“(1) shall be credited as offsetting collections to the account that finances the activities and services for which the funds are accepted;

“(2) shall be available for expenditure only to pay the costs of activities and services for which the funds are accepted; and

“(3) shall remain available until expended.
“(d) **Maintenance of Effort.**—No funds may be accepted pursuant to subsection (a), or transferred pursuant to subsection (b), in any fiscal year in which the Federal Aviation Administration does not allocate at least the amount it expended in fiscal year 2002 (excluding amounts accepted pursuant to section 337 of the Department of Transportation and Related Agencies Appropriations Act, 2002 (115 Stat. 862)) for the activities described in subsection (a).

§ 47174. Authorization of appropriations

“In addition to the amounts authorized to be appropriated under section 106(k), there is authorized to be appropriated to the Secretary of Transportation, out of the Airport and Airway Trust Fund established under section 9502 of the Internal Revenue Code of 1986 (26 U.S.C. 9502), $4,200,000 for fiscal year 2004 and for each fiscal year thereafter to facilitate the timely processing, review, and completion of environmental activities associated with airport capacity enhancement projects at congested airports.

“(b) Designation of communities.—

“(1) In general.—The Secretary may not designate any community under this section unless it is located within 100 miles by road of a hub airport and is not located in a noncontiguous State. In making the designation, the Secretary may take into consideration the total traveltime between a community and the nearest hub airport, taking into account terrain, traffic, weather, road conditions, and other relevant factors.

“(2) One community per state.—The Secretary may not designate—

“(A) more than 1 community per State under this section; or

“(C) prescribe the methods of communication to be implemented among carriers during such an event.

“(2) VIEWS.—The Administrator may obtain the views of interested parties in issuing the guidelines.

“(d) EFFECT OF DETERMINATION OF EXISTENCE OF CAPACITY REDUCTION EVENT.—Upon a determination by the Administrator that a capacity reduction event exists, the Administrator may authorize air carriers and foreign air carriers operating at an airport participating in the pilot program to communicate for a period of time not to exceed 24 hours with each other concerning changes in their respective flight schedules in order to use air traffic capacity most effectively. authority under this subsection, the Attorney General submits to the Secretary a written objection to such action, including reasons for such objection, the Secretary may exempt an air carrier’s or foreign air carrier’s activities that are necessary to participate in the pilot program under this section from the antitrust laws for the sole purpose of participating in the pilot program. Such exemption shall not extend to any discussions, agreements, or activities outside the scope of the pilot program.

The Administrator shall also examine whether capacity benefits resulting from the participation in the pilot program of an airport resulted in capacity benefits to other parts of the national airspace system.

“(2) OBTAINING NECESSARY DATA.—The Administrator may require participating air carriers and airports to provide data necessary to evaluate the pilot program’s impact.

“(k) EXTENSION OF PILOT PROGRAM.—At the end of the 2-year period for which the pilot program is authorized, the Administrator, with the concurrence of the Attorney General, may continue the pilot program for an additional 2 years and expand participation in the program to up to 7 additional airports if the Administrator determines pursuant to subsection (j) that the pilot program has facilitated more effective use of air traffic capacity and if the Secretary, with the concurrence of the Attorney General, determines that the pilot program has had no adverse effect on airline competition or the availability of air services to communities. in section 33 or 34 of the Science and Engineering Equal Opportu-
nities Act.

(3) To carry out the Program the Administrator shall enter
into contractual agreements with individuals selected under para-
graph (2) under which the individuals agree to serve as full-time
employees of the Federal Aviation Administration, for the period
described in subsection (f)(1), in positions needed by the Federal
Aviation Administration and for which the individuals are qualified,
in exchange for receiving a scholarship.
(b) In order to be eligible to participate in the Program, an individual must—

(1) be enrolled or accepted for enrollment as a full-time student at an institution of higher education, as a junior or senior undergraduate or graduate student, in an academic field or discipline described in the list made available under subsection (d);

(2) be a United States citizen or permanent resident; and

(3) at the time of the initial scholarship award, not be an employee (as defined in section 2105 of title 5, United States Code).

(c) An individual seeking a scholarship under this section shall submit an application to the Administrator at such time, in such manner, and containing such information, agreements, or assurances as the Administrator may require.

(d) The Administrator shall make publicly available a list of academic programs and fields of study for which scholarships under the Program may be utilized and shall update the list as necessary.

(e)(1) The Administrator may provide a scholarship under the Program for an academic year if the individual applying for the scholarship has submitted to the Administrator, as part of the application required under subsection (c), a proposed academic program leading to a degree in a program or field of study on the list made available under subsection (d).

(2) An individual may not receive a scholarship under this section for more than 4 academic years, unless the Administrator grants a waiver.

(3) The dollar amount of a scholarship under this section for an academic year shall be determined under regulations issued by the Administrator, but shall in no case exceed the cost of attendance.

(4) A scholarship provided under this section may be expended for tuition, fees, and other authorized expenses as established by the Administrator by regulation.

(5) The Administrator may enter into a contractual agreement with an institution of higher education under which the amounts provided for a scholarship under this section for tuition, fees, and other authorized expenses are paid directly to the institution with respect to which the scholarship is provided.

SEC. 312. BUDGET TREATMENT OF COSTS OF ACQUISITION OF MAJOR SYSTEMS BY THE INTELLIGENCE COMMUNITY.

(a) FINDINGS.—Congress makes the following findings:
(1) Funds within the National Foreign Intelligence Program often must be shifted from program to program and from fiscal year to fiscal year to address funding shortfalls caused by significant increases in the costs of acquisition of major systems by the intelligence community.
(2) While some increases in the costs of acquisition of major systems by the intelligence community are unavoidable, the magnitude of growth in the costs of acquisition of many major systems indicates a systemic bias within the intelligence community to underestimate the costs of such acquisition, particularly in the preliminary stages of development and production.
(3) Decisions by Congress to fund the acquisition of major systems by the intelligence community rely significantly upon initial estimates of the affordability of acquiring such major systems and occur within a context in which funds can be allocated for a variety of alternative programs. Thus, substantial increases in costs of acquisition of major systems place significant burdens on the availability of funds for other programs and new proposals within the National Foreign Intelligence Program.
(4) Independent cost estimates, prepared by independent offices, have historically represented a more accurate projection of the costs of acquisition of major systems.

(5) Recognizing the benefits associated with independent cost estimates for the acquisition of major systems, the Secretary of Defense has built upon the statutory requirement in section 2434 of title 10, United States Code, to develop and consider independent cost estimates for the acquisition of such systems by mandating the use of such estimates in budget requests of the Department of Defense.

(6) The mandatory use throughout the intelligence community of independent cost estimates for the acquisition of major systems will assist the President and Congress in the development and funding of budgets which more accurately reflect the requirements and priorities of the United States Government for intelligence and intelligence-related activities.

(b) BUDGET TREATMENT OF COSTS OF ACQUISITION OF MAJOR SYSTEMS.—(1) Title V of the National Security Act of 1947 (50 U.S.C. 413 et seq.) is amended by inserting after section 506 the following new section:

“BUDGET TREATMENT OF COSTS OF ACQUISITION OF MAJOR SYSTEMS BY THE INTELLIGENCE COMMUNITY

“Sec. 506A. (a) INDEPENDENT COST ESTIMATES.—(1) The Director of Central Intelligence shall, in consultation with the head of each element of the intelligence community concerned, prepare an independent cost estimate of the full life-cycle cost of development, procurement, and operation of each major system to be acquired by the intelligence community.

“(2) Each independent cost estimate for a major system shall, to the maximum extent practicable, specify the amount required to be appropriated and obligated to develop, procure, and operate the major system in each fiscal year of the proposed period of development, procurement, and operation of the major system.

“(3)(A) In the case of a program of the intelligence community that qualifies as a major system, an independent cost estimate shall be prepared before the submission to Congress of the budget of the President for the first fiscal year in which appropriated funds are anticipated to be obligated for the development or procurement of such major system.

“(B) In the case of a program of the intelligence community for which an independent cost estimate was not previously required to be prepared under this section, including a program for which development or procurement commenced before the date of the enactment of the Intelligence Authorization Act for Fiscal Year 2004, if the aggregate future costs of development or procurement (or any combination of such activities) of the program will exceed $500,000,000 (in current fiscal year dollars), the program shall qualify as a major system for purposes of this section, and an independent cost estimate for such major system shall be prepared before the submission to Congress of the budget of the President for the first fiscal year thereafter in which appropriated funds are anticipated to be obligated for such major system.

“(4) The independent cost estimate for a major system shall be updated upon—

“(A) the completion of any preliminary design review associated with the major system;
“(B) any significant modification to the anticipated design of the major system; or
“(C) any change in circumstances that renders the current independent cost estimate for the major system inaccurate.
“(5) Any update of an independent cost estimate for a major system under paragraph (4) shall meet all requirements for independent cost estimates under this section, and shall be treated as the most current independent cost estimate for the major system until further updated under that paragraph.
“(b) PREPARATION OF INDEPENDENT COST ESTIMATES.—(1) The Director shall establish within the Office of the Deputy Director of Central Intelligence for Community Management an office which shall be responsible for preparing independent cost estimates, and any updates thereof, under subsection (a), unless a designation is made under paragraph (2).
“(2) In the case of the acquisition of a major system for an element of the intelligence community within the Department of Defense, the Director and the Secretary of Defense shall provide that the independent cost estimate, and any updates thereof, under subsection (a) be prepared by an entity jointly designated by the Director and the Secretary in accordance with section 2434(b)(1)(A) of title 10, United States Code.
“(c) UTILIZATION IN BUDGETS OF PRESIDENT.—(1) If the budget of the President requests appropriations for any fiscal year for the development or procurement of a major system by the intelligence community, the President shall, subject to paragraph (2), request in such budget an amount of appropriations for the development or procurement, as the case may be, of the major system that is equivalent to the amount of appropriations identified in the most current independent cost estimate for the major system for obligation for each fiscal year for which appropriations are requested for the major system in such budget.
“(2) If the amount of appropriations requested in the budget of the President for the development or procurement of a major system is less than the amount of appropriations identified in the most current independent cost estimate for the major system for obligation for each fiscal year for which appropriations are requested for the major system in such budget, the President shall include in the budget justification materials submitted to Congress in support of such budget—
“(A) an explanation for the difference between the amount of appropriations requested and the amount of appropriations identified in the most current independent cost estimate;
“(B) a description of the importance of the major system to the national security;
“(C) an assessment of the consequences for the funding of all programs of the National Foreign Intelligence Program in future fiscal years if the most current independent cost estimate for the major system is accurate and additional appropriations are required in future fiscal years to ensure the continued development or procurement of the major system, including the consequences of such funding shortfalls on the major system and all other programs of the National Foreign Intelligence Program; and
“(D) such other information on the funding of the major system as the President considers appropriate.
“(d) INCLUSION OF ESTIMATES IN BUDGET JUSTIFICATION MATERIALS.—The budget justification materials submitted to Congress in support of the budget of the President shall include the most current independent cost estimate under this section for each major system for which appropriations are requested in such budget for any fiscal year.

“(e) DEFINITIONS.—In this section:

“(1) The term ‘budget of the President’ means the budget of the President for a fiscal year as submitted to Congress under section 1105(a) of title 31, United States Code.

“(2) The term ‘independent cost estimate’ means a pragmatic and neutral analysis, assessment, and quantification of all costs and risks associated with the acquisition of a major system, which shall be based on programmatic and technical specifications provided by the office within the element of the intelligence community with primary responsibility for the development, procurement, or operation of the major system.

“(3) The term ‘major system’ means any significant program of an element of the intelligence community with projected total development and procurement costs exceeding $500,000,000 (in current fiscal year dollars), which costs shall include all end-to-end program costs, including costs associated with the development and procurement of the program and any other costs associated with the development and procurement of systems required to support or utilize the program.”.

“(2) The table of contents for the National Security Act of 1947 is amended by inserting after the item relating to section 506 the following new item:

“Sec. 506A. Budget treatment of costs of acquisition of major systems by the intelligence community.”.

(d) LIMITATIONS.—(1)(A) For each major system for which funds have been authorized for a fiscal year before fiscal year 2005, or for which funds are sought in the budget of the President for fiscal year 2005, as submitted to Congress pursuant to section 1105(a) of title 31, United States Code, and for which no independent cost estimate has been provided to Congress, no contract, or option to contract, for the procurement or acquisition of such major system may be entered into, or option to contract be exercised, before the date of the enactment of an Act to authorize appropriations for fiscal year 2005 for intelligence and intelligence-related activities of the United States Government.

Public Law 108–180
108th Congress

An Act

To award congressional gold medals posthumously on behalf of Reverend Joseph A. DeLaine, Harry and Eliza Briggs, and Levi Pearson in recognition of their contributions to the Nation as pioneers in the effort to desegregate public schools that led directly to the landmark desegregation case of Brown et al. v. the Board of Education of Topeka et al.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

The Congress finds as follows:

(1) The Reverend Joseph Armstrong DeLaine, one of the true heroes of the civil rights struggle, led a crusade to break down barriers in education in South Carolina.

(2) The efforts of Reverend DeLaine led to the desegregation of public schools in the United States, but forever scarred his own life.

(3) In 1949, Joseph DeLaine, a minister and school principal, organized African-American parents in Summerton, South Carolina, to petition the school board for a bus for black students, who had to walk up to 10 miles through corn and cotton fields to attend a segregated school, while the white children in the school district rode to and from school in nice clean buses.

(4) In 1950, these same parents, including Harry and Eliza Briggs, sued to end public school segregation in Briggs et al. v. Elliott et al., one of 5 cases that collectively led to the landmark 1954 Supreme Court decision of Brown et al. v. Board of Education of Topeka et al.

(5) Because of his participation in the desegregation movement, Reverend DeLaine was subjected to repeated acts of domestic terror in which—

   (A) he, along with 2 sisters and a niece, lost their jobs;
   (B) he fought off an angry mob;
   (C) he received frequent death threats; and
   (D) his church and his home were burned to the ground.

(6) In October 1955, after Reverend DeLaine relocated to Florence County in South Carolina, shots were fired at the DeLaine home, and because Reverend DeLaine fired back to mark the car, he was charged with assault and battery with intent to kill.
(7) The shooting incident drove him from South Carolina to Buffalo, New York, where he organized an African Methodist Episcopal Church.

(8) Believing that he would not be treated fairly by the South Carolina judicial system if he returned to South Carolina, Reverend DeLaine told the Federal Bureau of Investigation, “I am not running from justice but injustice”, and it was not until 2000 (26 years after his death and 45 years after the incident) that Reverend DeLaine was cleared of all charges relating to the October 1955 incident.

(9) Reverend DeLaine was a humble and fearless man who showed the Nation that all people, regardless of the color of their skin, deserve a first-rate education, a lesson from which the Nation has benefited immeasurably.

(10) Reverend DeLaine deserves rightful recognition for the suffering that he and his family endured to teach the Nation one of the great civil rights lessons of the last century.

(11) Like the Reverend DeLaine and Harry and Eliza Briggs, Levi Pearson was an integral participant in the struggle to equalize the educational experiences of white and black students in South Carolina.

(12) Levi Pearson, with the assistance of Reverend Joseph DeLaine, filed a lawsuit against the Clarendon County School District to protest the inequitable treatment of black children. As a result of his lawsuit, Levi Pearson also suffered from acts of domestic terror, such as the time gun shots were fired into his home, as well as economic consequences: local banks refused to provide him with credit to purchase farming materials and area farmers refused to lend him equipment.

(13) Although his case was ultimately dismissed on a technicality, Levi Pearson’s courage to stand up for equalized treatment and funding for black students served as the catalyst for further attempts to desegregate South Carolina schools, as he continued to fight against segregation practices and became President of Clarendon County Chapter of the NAACP.

(14) When Levi Pearson’s litigation efforts to obtain equalized treatment and funding for black students were stymied, Harry and Eliza Briggs, a service station attendant and a maid, continued to fight for not only equalized treatment of all children but desegregated schools as well.

(15) As with Reverend DeLaine and Levi Pearson, the family of Harry and Eliza Briggs suffered consequences for their efforts: Harry and Eliza both were fired from their jobs and forced to move their family to Florida.

(16) Although they and their family suffered tremendously, Harry and Eliza Briggs were also pioneers leading the effort to desegregate America’s public schools.

SEC. 2. CONGRESSIONAL GOLD MEDAL.

(a) Presentation Authorized.—In recognition of the contributions of Reverend Joseph A. DeLaine, Harry and Eliza Briggs, and Levi Pearson to the Nation as pioneers in the effort to desegregate public schools that led directly to the landmark desegregation case of Brown et al. v. the Board of Education of Topeka et al., the Speaker of the House of Representatives and the President Pro Tempore of the Senate shall make appropriate arrangements for the presentation, on behalf of the Congress, of a gold medal
of appropriate design, to Joseph De Laine, Jr., as next of kin of Reverend Joseph A. DeLaine, and to the next of kin or other personal representative of Harry and Eliza Briggs and of Levi Pearson.

(b) Design and Striking.—For the purposes of the awards referred to in subsection (a), the Secretary of the Treasury (hereafter in this Act referred to as the “Secretary”) shall strike 3 gold medals with suitable emblems, devices, and inscriptions, to be determined by the Secretary.

SEC. 3. DUPLICATE MEDALS.

The Secretary may strike and sell duplicates in bronze of the gold medals struck pursuant to section 2, under such regulations as the Secretary may prescribe, and at a price sufficient to cover the costs thereof, including labor, materials, dies, use of machinery, and overhead expenses, and the cost of the gold medals.

SEC. 4. STATUS AS NATIONAL MEDALS.

(a) National Medals.—The medals struck pursuant to this Act are national medals for purposes of chapter 51 of title 31, United States Code.

(b) Numismatic Items.—For purposes of section 5134 of title 31, United States Code, all medals struck under this Act shall be considered to be numismatic items.

SEC. 5. FUNDING.

(a) Authority To Use Fund Amounts.—There is authorized to be charged against the United States Mint Public Enterprise Fund such amounts as may be necessary to pay for the cost of the medals authorized by this Act.

(b) Proceeds of Sale.—Amounts received from the sale of duplicate bronze medals under section 3 shall be deposited in the United States Mint Public Enterprise Fund.

Public Law 108–187  
108th Congress  

An Act  
To regulate interstate commerce by imposing limitations and penalties on the transmission of unsolicited commercial electronic mail via the Internet.  

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,  

SECTION 1. SHORT TITLE.  
This Act may be cited as the “Controlling the Assault of Non-Solicited Pornography and Marketing Act of 2003”, or the “CAN-SPAM Act of 2003”.  

SEC. 2. CONGRESSIONAL FINDINGS AND POLICY.  
(a) FINDINGS.—The Congress finds the following:  
(1) Electronic mail has become an extremely important and popular means of communication, relied on by millions of Americans on a daily basis for personal and commercial purposes. Its low cost and global reach make it extremely convenient and efficient, and offer unique opportunities for the development and growth of frictionless commerce.  
(2) The convenience and efficiency of electronic mail are threatened by the extremely rapid growth in the volume of unsolicited commercial electronic mail. Unsolicited commercial electronic mail is currently estimated to account for over half of all electronic mail traffic, up from an estimated 7 percent in 2001, and the volume continues to rise. Most of these messages are fraudulent or deceptive in one or more respects.  
(3) The receipt of unsolicited commercial electronic mail may result in costs to recipients who cannot refuse to accept such mail and who incur costs for the storage of such mail, or for the time spent accessing, reviewing, and discarding such mail, or for both.  
(4) The receipt of a large number of unwanted messages also decreases the convenience of electronic mail and creates a risk that wanted electronic mail messages, both commercial and noncommercial, will be lost, overlooked, or discarded amidst the larger volume of unwanted messages, thus reducing the reliability and usefulness of electronic mail to the recipient.  
(5) Some commercial electronic mail contains material that many recipients may consider vulgar or pornographic in nature.  
(6) The growth in unsolicited commercial electronic mail imposes significant monetary costs on providers of Internet access services, businesses, and educational and nonprofit institutions that carry and receive such mail, as there is a finite volume of mail that such providers, businesses, and
institutions can handle without further investment in infrastructure.

(7) Many senders of unsolicited commercial electronic mail purposefully disguise the source of such mail.

(8) Many senders of unsolicited commercial electronic mail purposefully include misleading information in the messages' subject lines in order to induce the recipients to view the messages.

(9) While some senders of commercial electronic mail messages provide simple and reliable ways for recipients to reject (or “opt-out” of) receipt of commercial electronic mail from such senders in the future, other senders provide no such “opt-out” mechanism, or refuse to honor the requests of recipients not to receive electronic mail from such senders in the future, or both.

(10) Many senders of bulk unsolicited commercial electronic mail use computer programs to gather large numbers of electronic mail addresses on an automated basis from Internet websites or online services where users must post their addresses in order to make full use of the website or service.

(11) Many States have enacted legislation intended to regulate or reduce unsolicited commercial electronic mail, but these statutes impose different standards and requirements. As a result, they do not appear to have been successful in addressing the problems associated with unsolicited commercial electronic mail, in part because, since an electronic mail address does not specify a geographic location, it can be extremely difficult for law-abiding businesses to know with which of these disparate statutes they are required to comply.

(12) The problems associated with the rapid growth and abuse of unsolicited commercial electronic mail cannot be solved by Federal legislation alone. The development and adoption of technological approaches and the pursuit of cooperative efforts with other countries will be necessary as well.

(b) CONGRESSIONAL DETERMINATION OF PUBLIC POLICY.—On the basis of the findings in subsection (a), the Congress determines that—

(1) there is a substantial government interest in regulation of commercial electronic mail on a nationwide basis;

(2) senders of commercial electronic mail should not mislead recipients as to the source or content of such mail; and

(3) recipients of commercial electronic mail have a right to decline to receive additional commercial electronic mail from the same source.

SEC. 3. DEFINITIONS.

In this Act:

(1) AFFIRMATIVE CONSENT.—The term “affirmative consent”, when used with respect to a commercial electronic mail message, means that—

(A) the recipient expressly consented to receive the message, either in response to a clear and conspicuous request for such consent or at the recipient’s own initiative; and

(B) if the message is from a party other than the party to which the recipient communicated such consent, the recipient was given clear and conspicuous notice at

15 USC 7702.
the time the consent was communicated that the recipient’s electronic mail address could be transferred to such other party for the purpose of initiating commercial electronic mail messages.

(2) COMMERCIAL ELECTRONIC MAIL MESSAGE.—
   
   (A) IN GENERAL.—The term “commercial electronic mail message” means any electronic mail message the primary purpose of which is the commercial advertisement or promotion of a commercial product or service (including content on an Internet website operated for a commercial purpose).
   
   (B) TRANSACTIONAL OR RELATIONSHIP MESSAGES.—The term “commercial electronic mail message” does not include a transactional or relationship message.
   
   (C) REGULATIONS REGARDING PRIMARY PURPOSE.—Not later than 12 months after the date of the enactment of this Act, the Commission shall issue regulations pursuant to section 13 defining the relevant criteria to facilitate the determination of the primary purpose of an electronic mail message.
   
   (D) REFERENCE TO COMPANY OR WEBSITE.—The inclusion of a reference to a commercial entity or a link to the website of a commercial entity in an electronic mail message does not, by itself, cause such message to be treated as a commercial electronic mail message for purposes of this Act if the contents or circumstances of the message indicate a primary purpose other than commercial advertisement or promotion of a commercial product or service.

(3) COMMISSION.—The term “Commission” means the Federal Trade Commission.

(4) DOMAIN NAME.—The term “domain name” means any alphanumeric designation which is registered with or assigned by any domain name registrar, domain name registry, or other domain name registration authority as part of an electronic address on the Internet.

(5) ELECTRONIC MAIL ADDRESS.—The term “electronic mail address” means a destination, commonly expressed as a string of characters, consisting of a unique user name or mailbox (commonly referred to as the “local part”) and a reference to an Internet domain (commonly referred to as the “domain part”), whether or not displayed, to which an electronic mail message can be sent or delivered.

(6) ELECTRONIC MAIL MESSAGE.—The term “electronic mail message” means a message sent to a unique electronic mail address.

“(3) MULTIPLE.—The term ‘multiple’ means more than 100 electronic mail messages during a 24-hour period, more than 1,000 electronic mail messages during a 30-day period, or more than 10,000 electronic mail messages during a 1-year period.

SEC. 5. OTHER PROTECTIONS FOR USERS OF COMMERCIAL ELECTRONIC MAIL.

(a) Requirements for Transmission of Messages.—

(1) Prohibition of False or Misleading Transmission Information.—It is unlawful for any person to initiate the transmission, to a protected computer, of a commercial electronic mail message, or a transactional or relationship message, that contains, or is accompanied by, header information that is materially false or materially misleading. For purposes of this paragraph—

(A) header information that is technically accurate but includes an originating electronic mail address, domain name, or Internet Protocol address the access to which for purposes of initiating the message was obtained by means of false or fraudulent pretenses or representations shall be considered materially misleading;

(B) a “from” line (the line identifying or purporting to identify a person initiating the message) that accurately identifies any person who initiated the message shall not be considered materially false or materially misleading; and

(C) header information shall be considered materially misleading if it fails to identify accurately a protected computer used to initiate the message because the person initiating the message knowingly uses another protected computer to relay or retransmit the message for purposes of disguising its origin.

(2) Prohibition of Deceptive Subject Headings.—It is unlawful for any person to initiate the transmission to a protected computer of a commercial electronic mail message if such person has actual knowledge, or knowledge fairly implied on the basis of objective circumstances, that a subject heading of the message would be likely to mislead a recipient, acting reasonably under the circumstances, about a material fact.
regarding the contents or subject matter of the message (consistent with the criteria used in enforcement of section 5 of the Federal Trade Commission Act (15 U.S.C. 45)).

(3) INCLUSION OF RETURN ADDRESS OR COMPARABLE MECHANISM IN COMMERCIAL ELECTRONIC MAIL.—
   
   (A) IN GENERAL.—It is unlawful for any person to initiate the transmission to a protected computer of a commercial electronic mail message that does not contain a functioning return electronic mail address or other Internet-based mechanism, clearly and conspicuously displayed, that—

   (i) a recipient may use to submit, in a manner specified in the message, a reply electronic mail message or other form of Internet-based communication requesting not to receive future commercial electronic mail messages from that sender at the electronic mail address where the message was received; and

   (ii) remains capable of receiving such messages or communications for no less than 30 days after the transmission of the original message.

   (B) MORE DETAILED OPTIONS POSSIBLE.—The person initiating a commercial electronic mail message may comply with subparagraph (A)(i) by providing the recipient a list or menu from which the recipient may choose the specific types of commercial electronic mail messages the recipient wants to receive or does not want to receive from the sender, if the list or menu includes an option under which the recipient may choose not to receive any commercial electronic mail messages from the sender.

   (C) TEMPORARY INABILITY TO RECEIVE MESSAGES OR PROCESS REQUESTS.—A return electronic mail address or other mechanism does not fail to satisfy the requirements of subparagraph (A) if it is unexpectedly and temporarily unable to receive messages or process requests due to a technical problem beyond the control of the sender if the problem is corrected within a reasonable time period.

(4) PROHIBITION OF TRANSMISSION OF COMMERCIAL ELECTRONIC MAIL AFTER OBJECTION.—
   
   (A) IN GENERAL.—If a recipient makes a request using a mechanism provided pursuant to paragraph (3) not to receive some or any commercial electronic mail messages from such sender, then it is unlawful—

   (i) for the sender to initiate the transmission to the recipient, more than 10 business days after the receipt of such request, of a commercial electronic mail message that falls within the scope of the request;

   (ii) for any person acting on behalf of the sender to initiate the transmission to the recipient, more than 10 business days after the receipt of such request, of a commercial electronic mail message with actual knowledge, or knowledge fairly implied on the basis of objective circumstances, that such message falls within the scope of the request;

   (iii) for any person acting on behalf of the sender to assist in initiating the transmission to the recipient, through the provision or selection of addresses to which the message will be sent, of a commercial electronic
mail message with actual knowledge, or knowledge fairly implied on the basis of objective circumstances, that such message would violate clause (i) or (ii); or

(iv) for the sender, or any other person who knows that the recipient has made such a request, to sell, lease, exchange, or otherwise transfer or release the electronic mail address of the recipient (including through any transaction or other transfer involving mailing lists bearing the electronic mail address of the recipient) for any purpose other than compliance with this Act or other provision of law.

(B) **Subsequent Affirmative Consent.**—A prohibition in subparagraph (A) does not apply if there is affirmative consent by the recipient subsequent to the request under subparagraph (A).

(5) **Inclusion of Identifier, Opt-Out, and Physical Address in Commercial Electronic Mail.**—(A) It is unlawful for any person to initiate the transmission of any commercial electronic mail message to a protected computer unless the message provides—

(i) clear and conspicuous identification that the message is an advertisement or solicitation;

(ii) clear and conspicuous notice of the opportunity under paragraph (3) to decline to receive further commercial electronic mail messages from the sender; and

(iii) a valid physical postal address of the sender.

(B) Subparagraph (A)(i) does not apply to the transmission of a commercial electronic mail message if the recipient has given prior affirmative consent to receipt of the message.

(6) **Materially.**—For purposes of paragraph (1), the term "materially", when used with respect to false or misleading header information, includes the alteration or concealment of header information in a manner that would impair the ability of an Internet access service processing the message on behalf of a recipient, a person alleging a violation of this section, or a law enforcement agency to identify, locate, or respond to a person who initiated the electronic mail message or to investigate the alleged violation, or the ability of a recipient of the message to respond to a person who initiated the electronic message.

(b) **Aggravated Violations Relating to Commercial Electronic Mail.**—

(1) **Address Harvesting and Dictionary Attacks.**—

(A) **In General.**—It is unlawful for any person to initiate the transmission, to a protected computer, of a commercial electronic mail message that is unlawful under subsection (a), or to assist in the origination of such message through the provision or selection of addresses to which the message will be transmitted, if such person had actual knowledge, or knowledge fairly implied on the basis of objective circumstances, that—

(i) the electronic mail address of the recipient was obtained using an automated means from an Internet website or proprietary online service operated by another person, and such website or online service included, at the time the address was obtained, a notice stating that the operator of such website or online
service will not give, sell, or otherwise transfer addresses maintained by such website or online service to any other party for the purposes of initiating, or enabling others to initiate, electronic mail messages; or

(ii) the electronic mail address of the recipient was obtained using an automated means that generates possible electronic mail addresses by combining names, letters, or numbers into numerous permutations.

(B) DISCLAIMER.—Nothing in this paragraph creates an ownership or proprietary interest in such electronic mail addresses.

(2) AUTOMATED CREATION OF MULTIPLE ELECTRONIC MAIL ACCOUNTS.—It is unlawful for any person to use scripts or other automated means to register for multiple electronic mail accounts or online user accounts from which to transmit to a protected computer, or enable another person to transmit to a protected computer, a commercial electronic mail message that is unlawful under subsection (a).

(3) RELAY OR RETRANSMISSION THROUGH UNAUTHORIZED ACCESS.—It is unlawful for any person knowingly to relay or retransmit a commercial electronic mail message that is unlawful under subsection (a) from a protected computer or computer network that such person has accessed without authorization.

(c) SUPPLEMENTARY RULEMAKING AUTHORITY.—The Commission shall by regulation, pursuant to section 13—

(1) modify the 10-business-day period under subsection (a)(4)(A) or subsection (a)(4)(B), or both, if the Commission determines that a different period would be more reasonable after taking into account—

(A) the purposes of subsection (a);

(B) the interests of recipients of commercial electronic mail; and

(C) the burdens imposed on senders of lawful commercial electronic mail; and

(2) specify additional activities or practices to which subsection (b) applies if the Commission determines that those activities or practices are contributing substantially to the proliferation of commercial electronic mail messages that are unlawful under subsection (a).

(d) REQUIREMENT TO PLACE WARNING LABELS ON COMMERCIAL ELECTRONIC MAIL CONTAINING SEXUALLY ORIENTED MATERIAL.—

(1) IN GENERAL.—No person may initiate in or affecting interstate commerce the transmission, to a protected computer, of any commercial electronic mail message that includes sexually oriented material and—

(A) fail to include in subject heading for the electronic mail message the marks or notices prescribed by the Commission under this subsection; or

(B) fail to provide that the matter in the message that is initially viewable to the recipient, when the message is opened by any recipient and absent any further actions by the recipient, includes only—

(i) to the extent required or authorized pursuant to paragraph (2), any such marks or notices;
(ii) the information required to be included in the message pursuant to subsection (a)(5); and
(iii) instructions on how to access, or a mechanism to access, the sexually oriented material.

(2) Prior Affirmative Consent.—Paragraph (1) does not apply to the transmission of an electronic mail message if the recipient has given prior affirmative consent to receipt of the message.

(3) Prescription of Marks and Notices.—Not later than 120 days after the date of the enactment of this Act, the Commission in consultation with the Attorney General shall prescribe clearly identifiable marks or notices to be included in or associated with commercial electronic mail that contains sexually oriented material, in order to inform the recipient of that fact and to facilitate filtering of such electronic mail. The Commission shall publish in the Federal Register and provide notice to the public of the marks or notices prescribed under this paragraph.

(4) Definition.—In this subsection, the term "sexually oriented material" means any material that depicts sexually explicit conduct (as that term is defined in section 2256 of title 18, United States Code), unless the depiction constitutes a small and insignificant part of the whole, the remainder of which is not primarily devoted to sexual matters.

(5) Penalty.—Whoever knowingly violates paragraph (1) shall be fined under title 18, United States Code, or imprisoned not more than 5 years, or both.

SEC. 6. BUSINESSES KNOWINGLY PROMOTED BY ELECTRONIC MAIL WITH FALSE OR MISLEADING TRANSMISSION INFORMATION.

(a) In General.—It is unlawful for a person to promote, or allow the promotion of, that person's trade or business, or goods, products, property, or services sold, offered for sale, leased or offered for lease, or otherwise made available through that trade or business, in a commercial electronic mail message the transmission of which is in violation of section 5(a)(1) if that person—

(1) knows, or should have known in the ordinary course of that person's trade or business, that the goods, products, property, or services sold, offered for sale, leased or offered for lease, or otherwise made available through that trade or business were being promoted in such a message;
(2) received or expected to receive an economic benefit from such promotion; and
(3) took no reasonable action—
   (A) to prevent the transmission; or
   (B) to detect the transmission and report it to the Commission.

(b) Limited Enforcement Against Third Parties.—

(1) In General.—Except as provided in paragraph (2), a person (hereinafter referred to as the "third party") that provides goods, products, property, or services to another person that violates subsection (a) shall not be held liable for such violation.

(2) Exception.—Liability for a violation of subsection (a) shall be imputed to a third party that provides goods, products, property, or services to another person that violates subsection (a) if that third party—
(A) owns, or has a greater than 50 percent ownership or economic interest in, the trade or business of the person that violated subsection (a); or
(B)(i) has actual knowledge that goods, products, property, or services are promoted in a commercial electronic mail message the transmission of which is in violation of section 5(a)(1); and
(ii) receives, or expects to receive, an economic benefit from such promotion.

(c) EXCLUSIVE ENFORCEMENT BY FTC.—Subsections (f) and (g) of section 7 do not apply to violations of this section.

SEC. 7. ENFORCEMENT GENERALLY.

(a) VIOLATION IS UNFAIR OR DECEPTIVE ACT OR PRACTICE.—Except as provided in subsection (b), this Act shall be enforced by the Commission as if the violation of this Act were an unfair or deceptive act or practice proscribed under section 18(a)(1)(B) of the Federal Trade Commission Act (15 U.S.C. 57a(a)(1)(B)).

(b) ENFORCEMENT BY CERTAIN OTHER AGENCIES.—Compliance with this Act shall be enforced—

(3) STATUTORY DAMAGES.—

(A) IN GENERAL.—For purposes of paragraph (1)(B)(ii), the amount determined under this paragraph is the amount calculated by multiplying the number of violations (with each separately addressed unlawful message received by or addressed to such residents treated as a separate violation) by up to $250.

(2) allow recipients of mobile service commercial messages to indicate electronically a desire not to receive future mobile service commercial messages from the sender;

(3) take into consideration, in determining whether to subject providers of commercial mobile services to paragraph (1), the relationship that exists between providers of such services and their subscribers, but if the Commission determines that such providers should not be subject to paragraph (1), the rules shall require such providers, in addition to complying with the other provisions of this Act, to allow subscribers to indicate a desire not to receive future mobile service commercial messages from the provider—

(A) at the time of subscribing to such service; and

(B) in any billing mechanism; and

(4) determine how a sender of mobile service commercial messages may comply with the provisions of this Act, considering the unique technical aspects, including the functional and character limitations, of devices that receive such messages.

Funds appropriated pursuant to section 105(j) of this title may be used to reimburse State or local agencies providing such assistance.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least five years after the date such grant or assistance was provided and in a manner that permits such grants, assistance, and payments to be accounted for distinct from any other funds of the Government of the Federated States of Micronesia.

3) STATUS OF COMPTROLLER GENERAL REPRESENTATIVES.—

The Comptroller General and his duly authorized representatives shall be immune from civil and criminal process relating to words spoken or written and all acts performed by them in their official capacity and falling within their functions, except insofar as such immunity may be expressly waived by the Government of the United States. The Comptroller General and his duly authorized representatives shall not be liable to arrest or detention pending trial, except in the case of a

(a) LAW ENFORCEMENT ASSISTANCE.—Pursuant to sections 222 and 224 of the U.S.-RMI Compact, the United States shall provide non-reimbursable technical and training assistance as appropriate, including training and equipment for postal inspection of illicit drugs and other contraband, to enable the Government of the Marshall Islands to develop and adequately enforce laws of the Marshall Islands and to cooperate with the United States in the enforcement of criminal laws of the United States. Funds appropriated pursuant to section 105(j) of this title may be used to reimburse State or local agencies providing such assistance.

(b) Ejit.—

(1) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that the President of the United States shall negotiate with the Government of the Marshall Islands an agreement whereby, without prejudice as to any claims which have been or may be asserted by any party as to rightful title and ownership of any lands on Ejit, the Government of the Marshall Islands shall assure that lands on Ejit used as of January 1, 1985, by the people of Bikini, will continue to be available without charge for their use, until such time as Bikini is restored and inhabitable and the continued use of Ejit is no longer necessary, unless a Marshall Islands court of competent jurisdiction finally determines that
there are legal impediments to continued use of Ejit by the people of Bikini.

(2) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that if the impediments described in paragraph (1) do arise, the United States will cooperate with the Government of the Marshall Islands in assisting any person adversely affected by such judicial determination to remain on Ejit, or in locating suitable and acceptable alternative lands for such person's use.

(3) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that paragraph (1) shall not be applied in a manner which would prevent the Government of the Marshall Islands from acting in accordance with its constitutional processes to resolve title and ownership claims with respect to such lands or from taking substitute or additional measures to meet the needs of the people of Bikini with their democratically expressed consent and approval.

(c) SECTION 177 AGREEMENT.—

(1) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that in furtherance of the purposes of Article I of the Subsidiary Agreement for Implementation of Section 177 of the Compact, the payment of the amount specified therein shall be made by the United States under Article I of the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of section 177 of the Compact (hereafter in this subsection referred to as the “Section 177 Agreement”) only after the Government of the Marshall Islands has notified the President of the United States as to which investment management firm has been selected by such Government to act as Fund Manager under Article I of the Section 177 Agreement.

(2) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that in the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. Upon designation of a qualified Fund Manager, all funds in the escrow account shall be transferred to the control of such Fund Manager for management pursuant to the Section 177 Agreement.

(3) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that if the Government of the Marshall Islands determines that some other investment firm should act as Fund Manager in place of the firm first (or subsequently) selected by such Government, the Government of the Marshall Islands shall so notify the President of the United States, identifying the firm selected by such Government to become Fund Manager, and the President shall proceed to evaluate the qualifications of such identified firm.
(4) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that at the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by the Fund Manager under the Section 177 Agreement.

(d) NUCLEAR TEST EFFECTS.—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that in approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of $75,000,000 (Bikini); $48,750,000 (Enewetak); $37,500,000 (Rongelap); and $22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

(e) ESPOUSAL PROVISIONS.—
(1) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that it is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the “Section 177 Agreement”) constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that in furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(f) DOE RADIOLOGICAL HEALTH CARE PROGRAM; USDA AGRICULTURAL AND FOOD PROGRAMS.—
(1) MARSHALL ISLANDS PROGRAM.—Notwithstanding any other provision of law, upon the request of the Government of the Republic of the Marshall Islands, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermo-nuclear “Bravo” test, pursuant to Public Laws 95–134 and 96–205.
(2) AGRICULTURAL AND FOOD PROGRAMS.—
   (A) IN GENERAL.—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first fifteen years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm or by a grant to the Government of the Republic of the Marshall Islands which may further contract only with a United States firm or a Republic of the Marshall Islands firm, the owners, officers and majority of the employees of which are citizens of the United States or the Republic of the Marshall Islands) shall provide technical and other assistance—
      (i) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak, as provided in subparagraph (C); and
      (ii) without reimbursement, to continue the food programs of the Bikini and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes.
   (B) POPULATION CHANGES.—The President shall ensure the assistance provided under these programs reflects the changes in the population since the inception of such programs.
   (C) PLANTING AND AGRICULTURAL MAINTENANCE PROGRAM.—
      (i) IN GENERAL.—The planting and agricultural maintenance program on Enewetak shall be funded at a level of not less than $1,300,000 per year, as adjusted for inflation under section 218 of the U.S.-RMI Compact.
      (ii) AUTHORIZATION AND CONTINUING APPROPRIATION.—There is hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for each fiscal year from 2004 through 2023, $1,300,000, as adjusted for inflation under section 218 of the U.S.-RMI Compact, for grants to carry out the planting and agricultural maintenance program.

(3) PAYMENTS.—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(g) RONGELAP.—
   (1) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that because Rongelap was
directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

(2) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that the purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: “The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978”, dated November 1982, are adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that it is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(4) There are hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for fiscal year 2005, $1,780,000; for fiscal year 2006, $1,760,000;
and for fiscal year 2007, $1,760,000, as the final contributions
of the United States to the Rongelap Resettlement Trust Fund
as established pursuant to Public Law 102–154 (105 Stat. 1009),
for the purposes of establishing a food importation program
as a part of the overall resettlement program of Rongelap
Island.

(h) Four Atoll Health Care Program.—
(1) In the joint resolution of January 14, 1986 (Public
Law 99–239) Congress provided that services provided by the
United States Public Health Service or any other United States
agency pursuant to section 1(a) of Article II of the Agreement
for the Implementation of Section 177 of the Compact (hereafter
in this subsection referred to as the “Section 177 Agreement”)
shall be only for services to the people of the Atolls of Bikini,
Enewetak, Rongelap, and Utrik who were affected by the con-
sequences of the United States nuclear testing program, pursu-
ant to the program described in Public Law 95–134 (91 Stat.
1159) and Public Law 96–205 (94 Stat. 84) and their descend-
ants (and any other persons identified as having been so
affected if such identification occurs in the manner described
in such public laws). Nothing in this subsection shall be con-
strued as prejudicial to the views or policies of the Government
of the Marshall Islands as to the persons affected by the con-
sequences of the United States nuclear testing program.

(2) In the joint resolution of January 14, 1986 (Public
Law 99–239) Congress provided that at the end of the first
year after the effective date of the Compact and at the end
of each year thereafter, the providing agency or agencies shall
return to the Government of the Marshall Islands any unex-
pended funds to be returned to the Fund Manager (as described
in Article I of the Section 177 Agreement) to be covered into
the Fund to be available for future use.

(3) In the joint resolution of January 14, 1986 (Public
Law 99–239) Congress provided that the Fund Manager shall
retain the funds returned by the Government of the Marshall
Islands pursuant to paragraph (2) of this subsection, shall
invest and manage such funds, and at the end of 15 years
after the effective date of the Compact, shall make from the
total amount so retained and the proceeds thereof annual
disbursements sufficient to continue to make payments for
the provision of health services as specified in paragraph (1)
of this subsection to such extent as may be provided in contracts
between the Government of the Marshall Islands and appro-
priate United States providers of such health services.

(i) Enjebi Community Trust Fund.—In the joint resolution
of January 14, 1986 (Public Law 99–239) Congress provided that
notwithstanding any other provision of law, the Secretary of the
Treasury shall establish on the books of the Treasury of the United
States a fund having the status specified in Article V of the sub-
sidary agreement for the implementation of Section 177 of the
Compact, to be known as the “Enjebi Community Trust Fund”
(hereafter in this subsection referred to as the “Fund”), and shall
credit to the Fund the amount of $7,500,000. Such amount, which
shall be ex gratia, shall be in addition to and not charged against
any other funds provided for in the Compact and its subsidiary
agreements, this joint resolution, or any other Act. Upon receipt
by the President of the United States of the agreement described
in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) **ENJEBI TRUST AGREEMENT.**—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that the Government of the Marshall Islands and the Enewetak Local Government Council, in consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursuant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of $250,000,000.

(2) **MONITOR CONDITIONS.**—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that upon the request of the Government of the Marshall Islands, the United States shall monitor the radiation and other conditions on Enjebi and within one year of receiving such a request shall report to the Government of the Marshall Islands when the people of Enjebi may resettle Enjebi under circumstances where the radioactive contamination at Enjebi, including contamination derived from consumption of locally grown food products, can be reduced or otherwise controlled to meet whole body Federal radiation protection standards for the general population, including mean annual dose and mean 30-year cumulative dose standards.

(3) **RESURRECTION OF ENJEBI.**—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that in the event that the United States determines that the people of Enjebi can within 25 years of January 14, 1986, resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government’s overall economic development plan:

(A) Establish a community on Enjebi Island for the use of the people of Enjebi.

(B) Replant Enjebi with appropriate food-bearing and other vegetation.

(4) **RESURRECTION OF OTHER LOCATION.**—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that in the event that the United States determines that within 25 years of January 14, 1986, the people of Enjebi cannot resettle Enjebi without exceeding the radiation standards set forth in paragraph (2) of this subsection, then the fund manager shall be directed by the trust instrument to distribute the Fund to the people of Enjebi for their resettlement at some other location in accordance with a plan, developed by the Enewetak Local Government Council and the
people of Enjebi and concurred with by the Government of the Marshall Islands, to assure consistency with the government’s overall economic development plan.

(5) INTEREST FROM FUND.—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that prior to and during the distribution of the corpus of the Fund pursuant to paragraphs (3) and (4) of this subsection, the people of Enjebi may, if they so request, receive the interest earned by the Fund on no less frequent a basis than quarterly.

(6) DISCLAIMER OF LIABILITY.—In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that neither under the laws of the Marshall Islands nor under the laws of the United States, shall the Government of the United States be liable for any loss or damage to person or property in respect to the resettlement of Enjebi by the people of Enjebi, pursuant to the provision of this subsection or otherwise.

(j) BIKINI ATOLL CLEANUP.—

(1) DECLARATION OF POLICY.—In the joint resolution of January 14, 1986 (Public Law 99–239), the Congress determined and declared that it is the policy of the United States, to be supported by the full faith and credit of the United States, that because the United States, through its nuclear testing and other activities, rendered Bikini Atoll unsafe for habitation by the people of Bikini, the United States will fulfill its responsibility for restoring Bikini Atoll to habitability, as set forth in paragraph (2) and (3) of this subsection.

(2) CLEANUP FUNDS.—The joint resolution of January 14, 1986 (Public Law 99–239) authorized to be appropriated such sums as necessary to implement the settlement agreement of March 15, 1985, in The People of Bikini, et al. against United States of America, et al., Civ. No. 84–0425 (D. Ha.).

(3) CONDITIONS OF FUNDING.—In the joint resolution of January 14, 1986 (Public Law 99–239) the Congress provided that the funds referred to in paragraph (2) were to be made available pursuant to Article VI, Section 1 of the Compact Section 177 Agreement upon completion of the events set forth in the settlement agreement referred to in paragraph (2) of this subsection.

(k) AGREEMENT ON AUDITS.—The Comptroller General (and his duly authorized representatives) shall have the authorities necessary to carry out his responsibilities under section 232 of the U.S.-RMI Compact and the agreement referred to in section 462(b)(4) of the U.S.-RMI Compact, including the following authorities:

(1) GENERAL AUTHORITY OF THE COMPTROLLER GENERAL TO AUDIT.—

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

(i) all grants, program assistance, and other assistance provided to the Government of the Marshall Islands under Articles I and II of Title Two of the U.S.-RMI Compact; and

(ii) any other assistance provided by the Government of the United States to the Government of the Republic of the Marshall Islands.
Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 232 of the U.S.-RMI Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(2) COMPTROLLER GENERAL ACCESS TO RECORDS.—

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least five years after the date such grant or assistance was provided and in a manner that permits such grants, assistance and payments to be accounted for distinct from any other funds of the Government of the Republic of the Marshall Islands.

(3) STATUS OF COMPTROLLER GENERAL REPRESENTATIVES.—
The Comptroller General and his duly authorized representatives shall be immune from civil and criminal process relating to words spoken or written and all acts performed by them in their official capacity and falling within their functions, except insofar as such immunity may be expressly waived by the Government of the United States. The Comptroller General and his duly authorized representatives shall not be liable to arrest or detention pending trial, except in the case of a grave crime and pursuant to a decision by a competent judicial authority, and such persons shall enjoy immunity from seizure of personal property, immigration restrictions, and laws relating to alien registration, fingerprinting, and the registration of foreign agents. Such persons shall enjoy the same taxation exemptions as are set forth in Article 34 of the Vienna Convention on Diplomatic Relations. The privileges, exemptions and immunities accorded under this paragraph are not for the personal benefit of the individuals concerned but are to safeguard the independent exercise of their official functions. Without prejudice to those privileges, exemptions and immunities, it is the duty of all such persons to respect the laws and regulations of the Government of the Republic of the Marshall Islands.

(4) AUDITS DEFINED.—As used in this subsection, the term “audits” includes financial, program, and management audits, including determining—

(A) whether the Government of the Republic of the Marshall Islands has met the requirements set forth in
the U.S.-RMI Compact, or any related agreement entered into under the U.S.-RMI Compact, regarding the purposes for which such grants and other assistance are to be used; and

(B) the propriety of the financial transactions of the Government of the Republic of the Marshall Islands pursuant to such grants or assistance.

(5) Cooperate by the Republic of the Marshall Islands.—The Government of the Republic of the Marshall Islands will cooperate fully with the Comptroller General of the United States in the conduct of such audits as the Comptroller General determines necessary to enable the Comptroller General to fully discharge his responsibilities under this joint resolution.

(l) Kwajalein.—

(1) Statement of Policy.—It is the policy of the United States that payment of funds by the Government of the Marshall Islands to the landowners of Kwajalein Atoll in accordance with the land use agreement dated October 19, 1982, or as amended or superseded, and any related allocation agreements, is required in order to ensure that the Government of the United States will be able to fulfill its obligation and responsibilities under Title Three of the U.S.-RMI Compact and the subsidiary agreements concluded pursuant to the U.S.-RMI Compact.

(2) Failure to Pay.—

(A) In General.—If the Government of the Marshall Islands fails to make payments in accordance with paragraph (1), the Government of the United States shall initiate procedures under section 313 of the U.S.-RMI Compact and consult with the Government of the Marshall Islands with respect to the basis for the nonpayment of funds.

(B) Resolution.—The United States shall expeditiously resolve the matter of any nonpayment of funds required under paragraph (1) pursuant to section 313 of the U.S.-RMI Compact and the authority and responsibility of the Government of the United States for security and defense matters in or relating to the Marshall Islands. This paragraph shall be enforced, as may be necessary, in accordance with section 105(e).

(3) Disposition of Increased Payments Pending New Land Use Agreement.—Until such time as the Government of the Marshall Islands and the landowners of Kwajalein Atoll have concluded an agreement amending or superseding the land use agreement reflecting the terms of and consistent with the Military Use Operating Rights Agreement dated October 19, 1982, any amounts paid by the United States to the Government of the Marshall Islands in excess of the amounts required to be paid pursuant to the land use agreement dated October 19, 1982, shall be paid into, and held in, an interest bearing escrow account in a United States financial institution by the Government of the Republic of the Marshall Islands. At such time, the funds and interest held in escrow shall be paid to the landowners of Kwajalein in accordance with the new land use agreement. If no such agreement is concluded by the date which is five years after the date of enactment of
this resolution, then such funds and interest shall, unless other-
wise mutually agreed between the Government of the United
States of America and the Government of the Republic of the
Marshall Islands, be returned to the U.S. Treasury.

(4) NOTIFICATIONS AND REPORT.—
(A) The Government of the Republic of the Marshall
Islands shall notify the Government of the United States
of America when an agreement amending or superseding
the land use agreement dated October 19, 1982, is con-
cluded.

(B) If no agreement amending or superseding the land
use agreement dated October 19, 1982 is concluded by
the date five years after the date of enactment of this
resolution, then the President shall report to Congress
on the intentions of the United States with respect to
the use of Kwajalein Atoll after 2016, on any plans to
relocate activities carried out on Kwajalein Atoll, and on
the disposition of the funds and interest held in escrow
under paragraph (3).

(5) ASSISTANCE.—The President is authorized to make loans
and grants to the Government of the Marshall Islands to
address the special needs of the community at Ebeye, Kwajalein
Atoll, and other Marshallese communities within the Kwajalein
Atoll, pursuant to development plans adopted in accordance
with applicable laws of the Marshall Islands. The loans and
grants shall be subject to such other terms and conditions
as the President, in the discretion of the President, may deter-
mine are appropriate.

SEC. 104. INTERPRETATION OF AND UNITED STATES POLICY
REGARDING U.S.-FSM COMPACT AND U.S.-RMI COMPACT.

(a) HUMAN RIGHTS.—In approving the U.S.-FSM Compact and
the U.S.-RMI Compact, Congress notes the conclusion in the Statement
of Intent of the Report of The Future Political Status Commission of the Congress of Micronesia in July, 1969, that “our recom-
mendation of a free associated state is indissolubly linked to
our desire for such a democratic, representative, constitutional
government” and notes that such desire and intention are re-
affirmed and embodied in the Constitutions of the Federated States
of Micronesia and the Republic of the Marshall Islands. Congress
also notes and specifically endorses the preamble to the U.S.-FSM
Compact and the U.S.-RMI Compact, which affirms that the govern-
ments of the parties to the U.S.-FSM Compact and the U.S.-RMI
Compact are founded upon respect for human rights and funda-
mental freedoms for all. The Secretary of State shall include in
the annual reports on the status of internationally recognized
human rights in foreign countries, which are submitted to Congress
pursuant to sections 116 and 502B of the Foreign Assistance Act
regarding the status of internationally recognized human rights
in the Federated States of Micronesia and the Republic of the
Marshall Islands.

(b) IMMIGRATION AND PASSPORT SECURITY.—

(1) NATURALIZED CITIZENS.—The rights of a bona fide
naturalized citizen of the Federated States of Micronesia or
the Republic of the Marshall Islands to enter the United States,
to lawfully engage therein in occupations, and to establish
residence therein as a nonimmigrant, to the extent such rights are provided under section 141 of the U.S.-FSM Compact and U.S.-RMI Compact, shall not be deemed to extend to any such naturalized citizen with respect to whom circumstances associated with the acquisition of the status of a naturalized citizen are such as to allow a reasonable inference, on the part of appropriate officials of the United States and subject to United States procedural requirements, that such naturalized status was acquired primarily in order to obtain such rights.

(2) Passports.—It is the sense of Congress that up to $250,000 of the grant assistance provided to the Federated States of Micronesia pursuant to section 211(a)(4) of the U.S.-FSM Compact, and up to $250,000 of the grant assistance provided to the Republic of the Marshall Islands pursuant to section 211(a)(4) of the U.S.-RMI Compact (or a greater amount of the section 211(a)(4) grant, if mutually agreed between the Government of the United States and the government of the Federated States of Micronesia or the government of the Republic of the Marshall Islands), be used for the purpose of increasing the machine-readability and security of passports issued by such jurisdictions. It is further the sense of Congress that such funds be obligated by September 30, 2004 and in the amount and manner specified by the Secretary of State in consultation with the Secretary of Homeland Security and, respectively, with the government of the Federated States of Micronesia and the government of the Republic of the Marshall Islands. The United States Government is authorized to require that passports used for the purpose of seeking admission under section 141 of the U.S.-FSM Compact and the U.S.-RMI Compact contain the security enhancements funded by such assistance.

(3) Information-sharing.—It is the sense of Congress that the governments of the Federated States of Micronesia and the Republic of the Marshall Islands develop, prior to October 1, 2004, the capability to provide reliable and timely information as may reasonably be required by the Government of the United States in enforcing criminal and security-related grounds of inadmissibility and deportability under the Immigration and Nationality Act, as amended, and shall provide such information to the Government of the United States.

(4) Transition; Construction of Sections 141(a)(3) and 141(a)(4) of the U.S.-FSM Compact and U.S.-RMI Compact.—The words “the effective date of this Compact, as amended” in sections 141(a)(3) and 141(a)(4) of the U.S.-FSM Compact and the U.S.-RMI Compact shall be construed to read, “on the day prior to the enactment by the United States Congress of the Compact of Free Association Amendments Act of 2003.”.

(c) Nonalienation of Lands.—Congress endorses and encourages the maintenance of the policies of the Government of the Federated States of Micronesia and the Government of the Republic of the Marshall Islands to regulate, in accordance with their Constitutions and laws, the alienation of permanent interests in real property so as to restrict the acquisition of such interests to persons of Federated States of Micronesia citizenship and the Republic of the Marshall Islands citizenship, respectively.

(d) Nuclear Waste Disposal.—In approving the U.S.-FSM Compact and the U.S.-RMI Compact, Congress understands that
the Government of the Federated States of Micronesia and the Government of the Republic of the Marshall Islands will not permit any other government or any nongovernmental party to conduct, in the Republic of the Marshall Islands or in the Federated States of Micronesia, any of the activities specified in subsection (a) of section 314 of the U.S.-FSM Compact and the U.S.-RMI Compact.

(1) STATEMENT OF CONGRESSIONAL INTENT.—In reauthorizing the U.S.-FSM Compact and the U.S.-RMI Compact, it is not the intent of Congress to cause any adverse consequences for an affected jurisdiction.

(2) DEFINITIONS.—For the purposes of this title—

(A) the term “affected jurisdiction” means American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, or the State of Hawaii; and

(B) the term “qualified nonimmigrant” means a person, or their children under the age of 18, admitted or resident pursuant to section 141 of the U.S.-RMI or U.S.-FSM Compact, or section 141 of the Palau Compact who, as of a date referenced in the most recently published enumeration is a resident of an affected jurisdiction. Environmental Protection

Section 161

The Governments of the United States and the Federated States of Micronesia declare that it is their policy to promote efforts to prevent or eliminate damage to the environment and biosphere and to enrich understanding of the natural resources of the Federated States of Micronesia. In order to carry out this policy, the Government of the United States and the Government of the Federated States of Micronesia agree to the following mutual and reciprocal undertakings.

(a) The Government of the United States:

(1) shall continue to apply the environmental controls in effect on November 2, 1986 to those of its continuing activities subject to section 161(a)(2), unless and until those controls are modified under sections 161(a)(3) and 161(a)(4);

(4) shall develop, prior to conducting any activity requiring the preparation of an Environmental Impact Statement under section 161(a)(2), written standards and procedures, as agreed with the Government of the Federated States of Micronesia, to implement the substantive provisions of the laws made applicable to U.S. Government activities in the Federated States of Micronesia;

(b) The Government of the Federated States of Micronesia shall continue to develop and implement standards and procedures to protect its environment. As a reciprocal obligation to the undertakings of the Government of the United States under this Article, the Federated States of Micronesia, taking into account its particular environment, shall continue to develop and implement standards for environmental protection substantively similar to those required of the Government of the United States by section 161(a)(3) prior to its conducting activities in the Federated States of Micronesia, substantively equivalent to activities conducted there by the
Government of the United States and, as a further reciprocal obligation, shall enforce those standards.

(c) Section 161(a), including any standard or procedure applicable thereunder, and section 161(b) may be modified or superseded in whole or in part by agreement of the Government of the United States and the Government of the Federated States of Micronesia.

(d) In the event that an Environmental Impact Statement is no longer required under the laws of the United States for major Federal actions significantly affecting the quality of the human environment, the regulatory regime established under sections 161(a)(3) and 161(a)(4) shall continue to apply to such activities of the Government of the United States until amended by mutual agreement.

(e) The President of the United States may exempt any of the activities of the Government of the United States under this Compact, as amended, and its related agreements from any environmental standard or procedure which may be applicable under sections 161(a)(3) and 161(a)(4) if the President determines it to be in the paramount interest of the Government of the United States to do so, consistent with Title Three of this Compact, as amended, and the obligations of the Government of the United States under international law. Prior to any decision pursuant to this subsection, the views of the Government of the Federated States of Micronesia shall be sought and considered to the extent practicable. If the President grants such an exemption, to the extent practicable, a report with his reasons for granting such exemption shall be given promptly to the Government of the Federated States of Micronesia.

(f) The laws of the United States referred to in section 161(a)(3) shall apply to the activities of the Government of the United States under this Compact, as amended, and its related agreements only to the extent provided for in this section.

Section 162

The Government of the Federated States of Micronesia may bring an action for judicial review of any administrative agency action or any activity of the Government of the United States pursuant to section 161(a) for enforcement of the obligations of the Government of the United States arising thereunder. The United States District Court for the District of Hawaii and the United States District Court for the District of Columbia shall have jurisdiction over such action or activity, and over actions brought under section 172(b) which relate to the activities of the Government of the United States and its officers and employees, governed by section 161, provided that:

(a) Such actions may only be civil actions for any appropriate civil relief other than punitive damages against the Government of the United States or, where required by law, its officers in their official capacity; no criminal actions may arise under this section.

(b) Actions brought pursuant to this section may be initiated only by the Government of the Federated States of Micronesia.

(c) Administrative agency actions arising under section 161 shall be reviewed pursuant to the standard of judicial review set forth in 5 U.S.C. 706.
(d) The United States District Court for the District of Hawaii and the United States District Court for the District of Columbia shall have jurisdiction to issue all necessary processes, and the Government of the United States agrees to submit itself to the jurisdiction of the court; decisions of the United States District Court shall be reviewable in the United States Court of Appeals for the Ninth Circuit or the United States Court of Appeals for the District of Columbia, respectively, or in the United States Supreme Court as provided by the laws of the United States.

(e) The judicial remedy provided for in this section shall be the exclusive remedy for the judicial review or enforcement of the obligations of the Government of the United States under this Article and actions brought under section 172(b) which relate to the activities of the Government of the United States and its officers and employees governed by section 161.

(f) In actions pursuant to this section, the Government of the Federated States of Micronesia shall be treated as if it were a United States citizen.

Section 163

(a) For the purpose of gathering data necessary to study the environmental effects of activities of the Government of the United States subject to the requirements of this Article, the Government of the Federated States of Micronesia shall be granted access to facilities operated by the Government of the United States in the Federated States of Micronesia, to the extent necessary for this purpose, except to the extent such access would unreasonably interfere with the exercise of the authority and responsibility of the Government of the United States under Title Three.

(b) The Government of the United States, in turn, shall be granted access to the Federated States of Micronesia for the purpose of gathering data necessary to discharge its obligations under this Article, except to the extent such access would unreasonably interfere with the exercise of the authority and responsibility of the Government of the Federated States of Micronesia under Title One, and to the extent necessary for this purpose shall be granted access to documents and other information to the same extent similar access is provided the Government of the Federated States of Micronesia under the Freedom of Information Act, 5 U.S.C. 552.

of the United States by the Government of the Federated States
of Micronesia and shall be subject to the concurrence of the Government of the United States. In such case, the Government of the United States shall disburse the agreed upon amounts and monitor the use of such sector grants in accordance with the provisions of this Article and the Agreement Concerning Procedures for the Implementation of United States Economic Assistance Provided in the Compact, as Amended, of Free Association Between the Government of the United States of America and the Government of the Federated States of Micronesia (“Fiscal Procedures Agreement”) which shall come into effect simultaneously with this Compact, as amended. The provision of any United States assistance under the Compact, as amended, the Fiscal Procedures Agreement, the Trust Fund Agreement, or any other subsidiary agreement to the Compact, as amended, shall constitute “a particular distribution . . . required by the terms or special nature of the assistance” for purposes of Article XII, section 1(b) of the Constitution of the Federated States of Micronesia.

under section 111 (d) of Public Law 99–239 (January 14, 1986), or successor provisions, would be contributed to the Trust Fund as a Federated States of Micronesia contribution.

(c) The terms regarding the investment and management of funds and use of the income of the Trust Fund shall be set forth in the separate Trust Fund Agreement described in subsection (a) of this section. Funds derived from United States investment shall not be subject to Federal or state taxes in the United States or the Federated States of Micronesia. The Trust Fund Agreement shall also provide for annual reports to the Government of the United States and to the Government of the Federated States of Micronesia. (d) No material or substance referred to in this section shall be stored in the Federated States of Micronesia except in an amount and manner which would not be hazardous to public health or safety. a Joint Committee empowered to consider disputes arising under
the implementation of this Title and its related agreements.

(b) The membership of the Joint Committee shall comprise
selected senior officials of the two Governments. The senior United
States military commander in the Pacific area shall be the senior
United States member of the Joint Committee. For the meetings
of the Joint Committee, each of the two Governments may designate
additional or alternate representatives as appropriate for the subject
matter under consideration.

(c) Unless otherwise mutually agreed, the Joint Committee
shall meet annually at a time and place to be designated, after
appropriate consultation, by the Government of the United States.
The Joint Committee also shall meet promptly upon request of
either of its members. The Joint Committee shall follow such proce-
dures, including the establishment of functional subcommittees,
as the members may from time to time agree. Upon notification
by the Government of the United States, the Joint Committee
of the United States and the Federated States of Micronesia shall
meet promptly in a combined session with the Joint Committee
established and maintained by the Government of the United States
and the Republic of the Marshall Islands to consider matters within
the jurisdiction of the two Joint Committees.

(d) Unresolved issues in the Joint Committee shall be referred
to the Governments for resolution, and the Government of the
Federated States of Micronesia shall be afforded, on an expeditious
basis, an opportunity to raise its concerns with the United States
Secretary of Defense personally regarding any unresolved issue
which threatens its continued association with the Government
of the United States.

Section 352
In the exercise of its authority and responsibility under Title
Three, the Government of the United States shall accord due respect
to the authority and responsibility of the Government of the Fed-
erated States of Micronesia under Titles One, Two and Four and
to the responsibility of the Government of the Federated States
of Micronesia to assure the well-being of its people.

Section 353
(a) The Government of the United States shall not include
the Government of the Federated States of Micronesia as a named
party to a formal declaration of war, without that Government’s
consent.

(b) Absent such consent, this Compact, as amended, is without
prejudice, on the ground of belligerence or the existence of a state
of war, to any claims for damages which are advanced by the
citizens, nationals or Government of the Federated States of Micro-
nesia, which arise out of armed conflict subsequent to November
3, 1986, and which are:

(1) petitions to the Government of the United States for
redress; or

(2) claims in any manner against the government, citizens,
nationals or entities of any third country.

c) Petitions under section 353(b)(1) shall be treated as if they
were made by citizens of the United States.

Section 354
(a) The Government of the United States and the Government
of the Federated States of Micronesia are jointly committed to
continue their security and defense relations, as set forth in this
Title. Accordingly, it is the intention of the two countries that the provisions of this Title shall remain binding as long as this Compact, as amended, remains in effect, and thereafter as mutually agreed, unless earlier terminated by mutual agreement pursuant to section 441, or amended pursuant to Article III of Title Four. If at any time the Government of the United States, or the Government of the Federated States of Micronesia, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, in which case the provisions of section 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Federated States of Micronesia), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and the Government of the Federated States of Micronesia, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Federated States of Micronesia pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Federated States of Micronesia during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Federated States of Micronesia in accordance with its constitutional processes.

(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Federated States of Micronesia further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of the Federated States of Micronesia shall refrain from actions which the Government of the United States determines, after appropriate consultation with that Government, to be incompatible with its authority and responsibility for security and defense matters in or relating to the Federated States of Micronesia or the Republic of the Marshall Islands.

Arbitration shall occur according to the following terms:

(a) An Arbitration Board shall consist of a Chairman and two other members, each of whom shall be a citizen of a party to the dispute. Each of the two Governments which is a party to the dispute shall appoint one member to the Arbitration Board. If either party to the dispute does not fulfill the appointment requirements of this section within 30 days of referral of the dispute to arbitration pursuant to section 423, its member on the Arbitration Board shall be selected from its own standing list by the other party to the dispute. Each Government shall maintain a standing list of 10 candidates. Unless the parties provide otherwise by mutual agreement, the Arbitration Board shall endeavor to render its decision within 30 days after the conclusion of arguments. The Arbitration Board shall make findings of fact and conclusions of law and its members may issue dissenting or individual opinions. Environmental Protection

Section 161
The Governments of the United States and the Republic of the Marshall Islands declare that it is their policy to promote efforts to prevent or eliminate damage to the environment and biosphere and to enrich understanding of the natural resources of the Republic of the Marshall Islands. In order to carry out this policy, the Government of the United States and the Government of the Republic of the Marshall Islands agree to the following mutual and reciprocal undertakings:

(a) The Government of the United States:

(1) shall, for its activities controlled by the U.S. Army at Kwajalein Atoll and in the Mid-Atoll Corridor and for U.S. Army Kwajalein Atoll activities in the Republic of the Marshall Islands, continue to apply the Environmental

(2) shall apply the National Environmental Policy Act of 1969, 83 Stat. 852, 42 U.S.C. 4321 et seq., to its activities under the Compact, as amended, and its related agreements as if the Republic of the Marshall Islands were the United States;

(b) The Government of the Republic of the Marshall Islands shall continue to develop and implement standards and procedures to protect its environment. As a reciprocal obligation to the undertakings of the Government of the United States under this Article, the Republic of the Marshall Islands, taking into account its particular environment, shall continue to develop and implement standards for environmental protection substantively similar to those required of the Government of the United States by section 161(a)(3) prior to its conducting activities in the Republic of the Marshall Islands, substantively equivalent to activities conducted there by the Government of the United States and, as a further reciprocal obligation, shall enforce those standards.

(c) Section 161(a), including any standard or procedure applicable thereunder, and section 161(b) may be modified or superseded in whole or in part by agreement of the Government of the United States and the Government of the Republic of the Marshall Islands.
(d) In the event that an Environmental Impact Statement is no longer required under the laws of the United States for major Federal actions significantly affecting the quality of the human environment, the regulatory regime established under sections 161(a)(3) and 161(a)(4) shall continue to apply to such activities of the Government of the United States until amended by mutual agreement.

(e) The President of the United States may exempt any of the activities of the Government of the United States under this Compact, as amended, and its related agreements from any environmental standard or procedure which may be applicable under sections 161(a)(3) and 161(a)(4) if the President determines it to be in the paramount interest of the Government of the United States to do so, consistent with Title Three of this Compact, as amended, and the obligations of the Government of the United States under international law. Prior to any decision pursuant to this subsection, the views of the Government of the Republic of the Marshall Islands shall be sought and considered to the extent practicable. If the President grants such an exemption, to the extent practicable, a report with his reasons for granting such exemption shall be given promptly to the Government of the Republic of the Marshall Islands.

(f) The laws of the United States referred to in section 161(a)(3) shall apply to the activities of the Government of the United States under this Compact, as amended, and its related agreements only to the extent provided for in this section.

(c) Administrative agency actions arising under section 161 shall be reviewed pursuant to the standard of judicial review set forth in 5 U.S.C. 706.

(d) The United States District Court for the District of Hawaii and the United States District Court for the District of Columbia shall have jurisdiction to issue all necessary processes, and the Government of the United States agrees to submit itself to the jurisdiction of the court; decisions of the United States District Court shall be reviewable in the United
States Court of Appeals for the Ninth Circuit or the United States Court of Appeals for the District of Columbia, respectively, or in the United States Supreme Court as provided by the laws of the United States.

(f) In actions pursuant to this section, the Government of the Republic of the Marshall Islands shall be treated as if it were a United States citizen.

(d) No material or substance referred to in this section shall be stored in the Republic of the Marshall Islands except in an amount and manner which would not be hazardous to public health or safety. (a) The Government of the United States and the Government of the Republic of the Marshall Islands shall continue to maintain a Joint Committee empowered to consider disputes arising under the implementation of this Title and its related agreements.

(b) The membership of the Joint Committee shall comprise selected senior officials of the two Governments. The senior United States military commander in the Pacific area shall be the senior United States member of the Joint Committee. For the meetings of the Joint Committee, each of the two Governments may designate additional or alternate representatives as appropriate for the subject matter under consideration.

(c) Unless otherwise mutually agreed, the Joint Committee shall meet annually at a time and place to be designated, after appropriate consultation, by the Government of the United States. The Joint Committee also shall meet promptly upon request of either of its members. The Joint Committee shall follow such procedures, including the establishment of functional subcommittees, as the members may from time to time agree. Upon notification by the Government of the United States, the Joint Committee of the United States and the Republic of the Marshall Islands shall meet promptly in a combined session with the Joint Committee established and maintained by the Government of the United States and the Government of the Federated States of Micronesia to consider matters within the jurisdiction of the two Joint Committees.

Section 352

In the exercise of its authority and responsibility under Title Three, the Government of the United States shall accord due respect to the authority and responsibility of the Government of the Republic of the Marshall Islands under Titles One, Two and Four and to the responsibility of the Government of the Republic of the Marshall Islands to assure the well-being of its people.
Section 353

(a) The Government of the United States shall not include the Government of the Republic of the Marshall Islands as a named party to a formal declaration of war, without that Government’s consent.

(b) Absent such consent, this Compact, as amended, is without prejudice, on the ground of belligerence or the existence of a state of war, to any claims for damages which are advanced by the citizens, nationals or Government of the Republic of the Marshall Islands, which arise out of armed conflict subsequent to October 21, 1986, and which are:

(1) petitions to the Government of the United States for redress; or

(2) claims in any manner against the government, citizens, nationals or entities of any third country.

(c) Petitions under section 353(b)(1) shall be treated as if they were made by citizens of the United States.

Section 354

(a) The Government of the United States and the Government of the Republic of the Marshall Islands are jointly committed to continue their security and defense relations, as set forth in this Title. Accordingly, it is the intention of the two countries that the provisions of this Title shall remain binding as long as this Compact, as amended, remains in effect, and thereafter as mutually agreed, unless earlier terminated by mutual agreement pursuant to section 441, or amended pursuant to Article III of Title Four. If at any time the Government of the United States, or the Government of the Republic of the Marshall Islands, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, as amended, in which case the provisions of section 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Republic of the Marshall Islands), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and the Government of the Republic of the Marshall Islands, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Republic of the Marshall Islands pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Republic of the Marshall Islands during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Republic of the Marshall Islands in accordance with its constitutional processes.

(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Republic of the Marshall Islands further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of Republic of the Marshall Islands shall refrain from actions which the Government of the United States determines, after appropriate consultation with that
Government, to be incompatible with its authority and responsibility
for security and defense matters in or relating to the Republic
of the Marshall Islands or the Federated States of Micronesia.

Should a dispute be referred to arbitration as provided for
in section 423, an Arbitration Board shall be established for the
purpose of hearing the dispute and rendering a decision which
shall be binding upon the two parties to the dispute unless the
two parties mutually agree that the decision shall be advisory.
Arbitration shall occur according to the following terms:
(a) An Arbitration Board shall consist of a Chairman and
two other members, each of whom shall be a citizen of a

(e) The Arbitration Board shall adopt such rules for its proceedings as it may deem appropriate and necessary, but such rules shall not contravene the provisions of this Compact, as amended. Unless the parties provide otherwise by mutual agreement, the Arbitration Board shall endeavor to render its decision within 30 days after the conclusion of arguments. The Arbitration Board shall make findings of fact and conclusions of law and its members may issue dissenting or individual opinions. Except as may be otherwise decided by the Arbitration Board, one-half of all costs of the arbitration shall be borne by the Government of the United States and the remainder shall be borne by the Government of the Republic of the Marshall Islands.

“(b) AFFIDAVIT REQUIREMENT.—
“(1) PLAINTIFF TO FILE AFFIDAVIT.—In any action or proceeding covered by this section, the court, before entering judgment for the plaintiff, shall require the plaintiff to file with the court an affidavit—

“(3) DEFENDANT'S MILITARY STATUS NOT ASCERTAINED BY AFFIDAVIT.—If based upon the affidavits filed in such an action, the court is unable to determine whether the defendant is in military service, the court, before entering judgment, may require the plaintiff to file a bond in an amount approved by the court. If the defendant is later found to be in military service, the bond shall be available to indemnify the defendant against any loss or damage the defendant may suffer by reason of any judgment for the plaintiff against the defendant, should the judgment be set aside in whole or in part. The bond shall remain in effect until expiration of the time for appeal and setting aside of a judgment under applicable Federal or State law or regulation or under any applicable ordinance of a political subdivision of a State. The court may issue such orders or enter such judgments as the court determines necessary to protect the rights of the defendant under this Act.

“(4) SATISFACTION OF REQUIREMENT FOR AFFIDAVIT.—The requirement for an affidavit under paragraph (1) may be satisfied by a statement, declaration, verification, or certificate, in writing, subscribed and certified or declared to be true under penalty of perjury.

“(c) PENALTY FOR MAKING OR USING FALSE AFFIDAVIT.—A person who makes or uses an affidavit permitted under subsection (b) (or a statement, declaration, verification, or certificate as authorized under subsection (b)(4)) knowing it to be false, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

“(d) STAY OF PROCEEDINGS.—In an action covered by this section in which the defendant is in military service, the court shall grant a stay of proceedings for a minimum period of 90 days under this subsection upon application of counsel, or on the court’s own motion, if the court determines that—

“(1) there may be a defense to the action and a defense cannot be presented without the presence of the defendant; or

“(2) after due diligence, counsel has been unable to contact the defendant or otherwise determine if a meritorious defense exists.

“(e) INAPPLICABILITY OF SECTION 202 PROCEDURES.—A stay of proceedings under subsection (d) shall not be controlled by procedures or requirements under section 202.
“(f) SECTION 202 PROTECTION.—If a servicemember who is a defendant in an action covered by this section receives actual notice of the action, the servicemember may request a stay of proceeding under section 202.

“(g) VACATION OR SETTING ASIDE OF DEFAULT JUDGMENTS.—

“(1) AUTHORITY FOR COURT TO VACATE OR SET ASIDE JUDGMENT.—If a default judgment is entered in an action covered by this section against a servicemember during the servicemember’s period of military service (or within 60 days after termination of or release from such military service), the court entering the judgment shall, upon application by or on behalf of the servicemember, reopen the judgment for the purpose of allowing the servicemember to defend the action if it appears that—

“(A) the servicemember was materially affected by reason of that military service in making a defense to the action; and

“(B) the servicemember has a meritorious or legal defense to the action or some part of it.

“(2) TIME FOR FILING APPLICATION.—An application under this subsection must be filed not later than 90 days after the date of the termination of or release from military service.

“(h) PROTECTION OF BONA FIDE PURCHASER.—If a court vacates, sets aside, or reverses a default judgment against a servicemember and the vacating, setting aside, or reversing is because of a provision of this Act, that action shall not impair a right or title acquired by a bona fide purchaser for value under the default judgment.

“SEC. 202. STAY OF PROCEEDINGS WHEN SERVICEMEMBER HAS NOTICE.

“(a) APPLICABILITY OF SECTION.—This section applies to any civil action or proceeding in which the defendant at the time of filing an application under this section—

“(1) is in military service or is within 90 days after termination of or release from military service; and

“(2) has received notice of the action or proceeding.

“(b) STAY OF PROCEEDINGS.—

“(1) AUTHORITY FOR STAY.—At any stage before final judgment in a civil action or proceeding in which a servicemember described in subsection (a) is a party, the court may on its own motion and shall, upon application by the servicemember, stay the action for a period of not less than 90 days, if the conditions in paragraph (2) are met.

“(2) CONDITIONS FOR STAY.—An application for a stay under paragraph (1) shall include the following:

“(A) A letter or other communication setting forth facts stating the manner in which current military duty requirements materially affect the servicemember’s ability to appear and stating a date when the servicemember will be available to appear.

be excluded from the computation of any statutory period of limita-
tion on the commencement of such action.
“(h) DEATH DURING PERIOD OF SUSPENSION.—If a
servicemember whose professional liability insurance coverage is
suspended under subsection (b) dies during the period of the
suspension—
“(1) the requirement for the grant or continuance of a
stay in any civil or administrative action against such
servicemember under subsection (f)(1) shall terminate on the
date of the death of such servicemember; and

Public Law 108–190
108th Congress

An Act

To provide for the exchange of certain lands in the Coconino and Tonto National
Forests in Arizona, and for other purposes.

Be it enacted by the Senate and House of Representatives of
the United States of America in Congress assembled,

SECTION 1. FINDINGS; PURPOSE.

(a) FINDINGS.—Congress finds the following:

(1) Certain private lands adjacent to the Montezuma Castle
National Monument in Yavapai County, Arizona, are desirable
for Federal acquisition to protect important riparian values
along Beaver Creek and the scenic backdrop for the National
Monument.

(2) Certain other inholdings in the Coconino National
Forest are desirable for Federal acquisition to protect important
public values near Double Cabin Park.

(3) Approximately 108 acres of land within the Tonto
National Forest, northeast of Payson, Arizona, are currently
occupied by 45 residential cabins under special use permits
from the Secretary of Agriculture, and have been so occupied
since the mid-1950s, rendering such lands of limited use and
enjoyment potential for the general public. Such lands are,
therefore, appropriate for transfer to the cabin owners in
exchange for lands that will have higher public use values.

(4) In return for the privatization of such encumbered
lands the Secretary of Agriculture has been offered approxi-
mately 495 acres of non-Federal land (known as the Q Ranch)
within the Tonto National Forest, east of Young, Arizona, in
an area where the Secretary has completed previous land
exchanges to consolidate public ownership of National Forest
lands.

(5) The acquisition of the Q Ranch non-Federal lands by
the Secretary will greatly increase National Forest management
efficiency and promote public access, use, and enjoyment of
the area and surrounding National Forest System lands.

(b) PURPOSE.—The purpose of this Act is to authorize, direct,
facilitate, and expedite the consummation of the land exchanges
set forth herein in accordance with the terms and conditions of
this Act.

(1) Trafficking in persons continues to victimize countless men, women, and children in the United States and abroad.

(2) Since the enactment of the Trafficking Victims Protection Act of 2000 (division A of Public Law 106–386), the United States Government has made significant progress in investigating and prosecuting acts of trafficking and in responding to the needs of victims of trafficking in the United States and abroad.

(3) On the other hand, victims of trafficking have faced unintended obstacles in the process of securing needed assistance, including admission to the United States under section 101(a)(15)(T)(i) of the Immigration and Nationality Act.

(4) Additional research is needed to fully understand the phenomenon of trafficking in persons and to determine the most effective strategies for combating trafficking in persons.

(5) Corruption among foreign law enforcement authorities continues to undermine the efforts by governments to investigate, prosecute, and convict traffickers.

(6) International Law Enforcement Academies should be more fully utilized in the effort to train law enforcement authorities, prosecutors, and members of the judiciary to address trafficking in persons-related crimes.

Such programs shall also include, to the extent appropriate, monitoring by such survivors of trafficking in persons of the implementation of border interdiction programs, including helping in the identification of such victims to stop the cross-border transit of victims. The President shall ensure that any program established under this subsection provides the opportunity for any trafficking victim who is freed to return to his or her previous residence if the victim so chooses.

``(d) INTERNATIONAL MEDIA.—The President shall establish and carry out programs that support the production of television and radio programs, including documentaries, to inform vulnerable populations overseas of the dangers of trafficking, and to increase awareness of the public in countries of destination regarding the slave-like practices and other human rights abuses involved in trafficking, including fostering linkages between individuals working in the media in different countries to determine the best methods for informing such populations through such media.

``(e) COMBATING INTERNATIONAL SEX TOURISM.—

entity, in whole or in part, shall include a condition that authorizes the department or agency to terminate the grant, contract, or cooperative agreement, without penalty, if the grantee or any subgrantee, or the contractor or any subcontractor (i) engages in severe forms of trafficking in persons or has procured a commercial sex act during the period of time that the grant, contract, or cooperative agreement is in effect, or (ii) uses forced labor in the performance of the grant, contract, or cooperative agreement.

Public Law 108–194
108th Congress

An Act

To provide assistance for poison prevention and to stabilize the funding of regional poison control centers.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Poison Control Center Enhancement and Awareness Act Amendments of 2003”.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) Poison control centers are our Nation’s primary defense against injury and deaths from poisoning. Twenty-four hours a day, the general public as well as health care practitioners contact their local poison centers for help in diagnosing and treating victims of poisoning and other toxic exposures.

(2) Poisoning is the third most common form of unintentional death in the United States. In any given year, there will be between 2,000,000 and 4,000,000 poison exposures. More than 50 percent of these exposures will involve children under the age of 6 who are exposed to toxic substances in their home. Poisoning accounts for 285,000 hospitalizations, 1,200,000 days of acute hospital care, and 13,000 fatalities annually.

(3) Stabilizing the funding structure and increasing accessibility to poison control centers will promote the utilization of poison control centers, and reduce the inappropriately use of emergency medical services and other more costly health care services.

(4) The tragic events of September 11, 2001, and the anthrax cases of October 2001, have dramatically changed our Nation. During this time period, poison centers in many areas of the country were answering thousands of additional calls from concerned residents. Many poison centers were relied upon as a source for accurate medical information about the disease and the complications resulting from prophylactic antibiotic therapy.

(5) The 2001 Presidential Task Force on Citizen Preparedness in the War on Terrorism recommended that the Poison Control Centers be used as a source of public information and public education regarding potential biological, chemical, and nuclear domestic terrorism.

(6) The increased demand placed upon poison centers to provide emergency information in the event of a terrorist event...
involving a biological, chemical, or nuclear toxin will dramatically increase call volume.

“(g) MATCHING REQUIREMENT.—The Secretary may impose a matching requirement with respect to amounts provided under a grant under this section if the Secretary determines appropriate.
