**SEC. 3012. EFFECTIVE DATE OF MODIFICATIONS TO THE HARMONIZED TARIFF SCHEDULE.**

Section 1206(c) of the Omnibus Trade and Competitiveness Act of 1988 (19 U.S.C. 3006(c)) is amended by striking “15th” and inserting “30th”.

**TITLE IV—EXTENSION OF NONDISCRIMINATORY TREATMENT (NORMAL TRADE RELATIONS TREATMENT) TO THE PRODUCTS OF VIETNAM**

**SEC. 4001. FINDINGS.**

Congress finds the following:

1. In July 1995, President Bill Clinton announced the formal normalization of diplomatic relations between the United States and Vietnam.
2. Vietnam has taken cooperative steps with the United States under the United States Joint POW/MIA Accounting Command (formerly the Joint Task Force-Full Accounting)
established in 1992 by President George H.W. Bush to provide the fullest possible accounting of MIA and POW cases.

(3) In 2000, the United States and Vietnam concluded a bilateral trade agreement that included commitments on goods, services, intellectual property rights, and investment. The agreement was approved by joint resolution enacted pursuant to section 405(c) of the Trade Act of 1974 (19 U.S.C. 2435(c)), and entered into force in December 2001.

(4) Since 2001, normal trade relations treatment has consistently been extended to Vietnam pursuant to title IV of the Trade Act of 1974.

(5) Vietnam has undertaken significant market-based economic reforms, including the reduction of government subsidies, tariffs and nontariff barriers, and extensive legal reform. These measures have dramatically improved Vietnam’s business and investment climate.

(6) Vietnam has completed its negotiations to join the World Trade Organization (WTO). On May 31, 2006, the United States and Vietnam signed a comprehensive bilateral agreement providing greater market access for goods and services and other trade liberalizing commitments. On November 7, 2006, the WTO General Council approved Vietnam’s membership. Vietnam’s National Assembly ratified Vietnam’s WTO accession commitments on November 28, 2006, and Vietnam will become the 150th Member of the WTO 30 days thereafter.

(7) On November 13, 2006, the Department of State removed Vietnam from its list of Countries of Particular Concern (CPC) for severe violations of religious freedom. In reaching this determination, the Department of State cited significant improvements in Vietnam toward advancing religious freedom, though problems remain that merit immediate attention and important work remains to be done to fully protect religious freedom in Vietnam.

SEC. 4002. TERMINATION OF APPLICATION OF TITLE IV OF THE TRADE ACT OF 1974 TO VIETNAM.

(a) PRESIDENTIAL DETERMINATIONS AND EXTENSION OF NON-DISCRIMINATORY TREATMENT.—Notwithstanding any provision of title IV of the Trade Act of 1974 (19 U.S.C. 2431 et seq.), the President may—

(1) determine that such title should no longer apply to Vietnam; and

(2) after making a determination under paragraph (1) with respect to Vietnam, proclaim the extension of nondiscriminatory treatment (normal trade relations treatment) to the products of that country.

(b) TERMINATION OF THE APPLICABILITY OF TITLE IV.—On and after the effective date of the extension of nondiscriminatory treatment to the products of Vietnam under subsection (a), title IV of the Trade Act of 1974 shall cease to apply to that country.

SEC. 4003. PROCEDURE FOR DETERMINING PROHIBITED SUBSIDIES BY VIETNAM.

(a) AUTHORITY OF TRADE REPRESENTATIVE.—The Trade Representative may conduct proceedings under this section to determine whether the Government of Vietnam is providing, on or after the date on which Vietnam accedes to the World Trade Organization, a prohibited subsidy to its textile or apparel industry, if such
proceedings are begun, and consultations under section 4004 are initiated, during the 1-year period beginning on the date on which Vietnam accedes to the World Trade Organization.

(b) Petitions.—

(1) Filing.—Any interested person may file a petition with the Trade Representative requesting that the Trade Representative make a determination under subsection (a). The petition shall set forth the allegations in support of the request.

(2) Review by Trade Representative.—The Trade Representative shall review the allegations in any petition filed under paragraph (1) and, not later than 20 days after the date on which the Trade Representative receives the petition, shall determine whether to initiate proceedings to make a determination under subsection (a).

(3) Procedures.—

(A) Determination to Initiate Proceedings.—If the Trade Representative makes an affirmative determination under paragraph (2) with respect to a petition, the Trade Representative shall publish a summary of the petition in the Federal Register and notice of the initiation of proceedings under this section.

(B) Determination Not to Initiate Proceedings.—If the Trade Representative determines not to initiate proceedings with respect to a petition, the Trade Representative shall inform the petitioner of the reasons therefor and shall publish notice of the determination, together with a summary of those reasons, in the Federal Register.

(c) Initiation of Proceedings by Other Means.—If the Trade Representative determines, in the absence of a petition, that proceedings should be initiated under this section, the Trade Representative shall publish in the Federal Register that determination, together with the reasons therefor, and notice of the initiation of proceedings under this section.

SEC. 4004. Consultations Upon Initiation of Investigation.

If the Trade Representative initiates a proceeding under subsection (b)(3)(A) or (c) of section 4003, the Trade Representative, on behalf of the United States, shall, on the day on which notice thereof is published under the applicable subsection, so notify the Government of Vietnam and request consultations with that government regarding the subsidy.

SEC. 4005. Public Participation and Consultation.

(a) Public Participation.—In the notice published under subsection (b)(3)(A) or (c) of section 4003, the Trade Representative shall provide an opportunity to the public for the presentation of views concerning the issues—

(1) within the 30-day period beginning on the date of the notice (or on a date after such period if agreed to by the petitioner), or

(2) at such other time if a timely request therefor is made by the petitioner or by any interested person, with a public hearing if requested by an interested person.

(b) Consultation.—The Trade Representative shall consult with the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate, and with the appropriate advisory committees established under section 135 of the Trade Act of 1974 (19 U.S.C. 2155), with respect to whether
to initiate proceedings under section 4003 and, if proceedings are conducted, with respect to making the determination under subsection (c).

(c) DETERMINATION.—After considering all comments submitted, and within 30 days after the close of the comment period under subsection (a), the Trade Representative shall determine whether the Government of Vietnam is providing, on or after the date on which Vietnam accedes to the World Trade Organization, a prohibited subsidy to its textile or apparel industry. The Trade Representative shall publish that determination in the Federal Register, together with the justification for the determination.

(d) RECORD.—The Trade Representative shall make available to the public a complete record of all nonconfidential information presented in proceedings conducted under this section, together with a summary of confidential information so submitted.

SEC. 4006. ARBITRATION AND IMPOSITION OF QUOTAS.

(a) ARBITRATION.—If, within 60 days after consultations are requested under section 4004, in a case in which the Trade Representative makes an affirmative determination under section 4005(c), the matter in dispute is not resolved, the Trade Representative shall request arbitration of the matter under the Dispute Settlement Understanding.

(b) IMPOSITION OF QUOTAS.—

(1) IN GENERAL.—The Trade Representative shall impose, for a period of not more than 1 year, the quantitative limitations described in paragraph (2) on textile and apparel products of Vietnam—

(A) if, pursuant to arbitration under subsection (a), the arbitrator determines that the Government of Vietnam is providing, on or after the date on which Vietnam accedes to the World Trade Organization, a prohibited subsidy to its textile or apparel industry; or

(B) if the arbitrator does not issue a decision within 120 days after the request for arbitration, in which case the limitations cease to be effective if the arbitrator, after such limitations are imposed, determines that the Government of Vietnam is not providing, on or after the date on which Vietnam accedes to the World Trade Organization, a prohibited subsidy to its textile or apparel industry.

(2) LIMITATIONS DESCRIBED.—The quantitative limitations referred to in paragraph (1) are those quantitative limitations that were in effect under the Bilateral Textile Agreement during the most recent full calendar year in which the Bilateral Textile Agreement was in effect.

(c) DETERMINATION OF COMPLIANCE.—If, after imposing quantitative limitations under subsection (b) because of a prohibited subsidy, the Trade Representative determines that the Government of Vietnam is not providing, on or after the date on which Vietnam accedes to the World Trade Organization, a prohibited subsidy to its textile or apparel industry, the quantitative limitations shall cease to be effective on the date on which that determination is made.

“(9) ‘competitive product’ or ‘product in the competitive category of mail’ means a product subject to subchapter II of chapter 36; and

“(10) ‘year’, as used in chapter 36 (other than subchapters I and VI thereof), means a fiscal year.”.
SEC. 102. POSTAL SERVICES.

(a) In General.—Section 404 of title 39, United States Code, is amended—

(1) in subsection (a), by striking paragraph (6) and by redesignating paragraphs (7) through (9) as paragraphs (6) through (8), respectively; and

(2) by adding at the end the following:

“(c)(1) In this subsection, the term ‘nonpostal service’ means any service that is not a postal service defined under section 102(5).

“(2) Nothing in this section shall be considered to permit or require that the Postal Service provide any nonpostal service, except that the Postal Service may provide nonpostal services which were offered as of January 1, 2006, as provided under this subsection.

“(3) Not later than 2 years after the date of enactment of the Postal Accountability and Enhancement Act, the Postal Regulatory Commission shall review each nonpostal service offered by the Postal Service on the date of enactment of that Act and determine whether that nonpostal service shall continue, taking into account—

“(A) the public need for the service; and

“(B) the ability of the private sector to meet the public need for the service.

“(4) Any nonpostal service not determined to be continued by the Postal Regulatory Commission under paragraph (3) shall terminate.

“(5) If the Postal Regulatory Commission authorizes the Postal Service to continue a nonpostal service under this subsection, the Postal Regulatory Commission shall designate whether the service shall be regulated under this title as a market dominant product, a competitive product, or an experimental product.”.

TITLE II—MODERN RATE REGULATION

SEC. 201. PROVISIONS RELATING TO MARKET-DOMINANT PRODUCTS.

(a) In General.—Chapter 36 of title 39, United States Code, is amended by striking sections 3621 and 3622 and inserting the following:

“§ 3621. Applicability; definitions

“(a) Applicability.—This subchapter shall apply with respect to—

“(1) first-class mail letters and sealed parcels;

“(2) first-class mail cards;

“(3) periodicals;

“(4) standard mail;

“(5) single-piece parcel post;

“(6) media mail;

“(7) bound printed matter;

“(8) library mail;

“(9) special services; and

“(10) single-piece international mail,
subject to any changes the Postal Regulatory Commission may make under section 3642.

“(b) RULE OF CONSTRUCTION.—Mail matter referred to in subsection (a) shall, for purposes of this subchapter, be considered to have the meaning given to such mail matter under the mail classification schedule.

“§ 3622. Modern rate regulation

“(a) AUTHORITY GENERALLY.—The Postal Regulatory Commission shall, within 18 months after the date of enactment of this section, by regulation establish (and may from time to time thereafter by regulation revise) a modern system for regulating rates and classes for market-dominant products.

“(b) OBJECTIVES.—Such system shall be designed to achieve the following objectives, each of which shall be applied in conjunction with the others:

“(1) To maximize incentives to reduce costs and increase efficiency;

“(2) To create predictability and stability in rates.

“(3) To maintain high quality service standards established under section 3691.

“(4) To allow the Postal Service pricing flexibility.

“(5) To assure adequate revenues, including retained earnings, to maintain financial stability.

“(6) To reduce the administrative burden and increase the transparency of the ratemaking process.

“(7) To enhance mail security and deter terrorism.

“(8) To establish and maintain a just and reasonable schedule for rates and classifications, however the objective under this paragraph shall not be construed to prohibit the Postal Service from making changes of unequal magnitude within, between, or among classes of mail.

“(9) To allocate the total institutional costs of the Postal Service appropriately between market-dominant and competitive products.

“(c) FACTORS.—In establishing or revising such system, the Postal Regulatory Commission shall take into account—

“(1) the value of the mail service actually provided each class or type of mail service to both the sender and the recipient, including but not limited to the collection, mode of transportation, and priority of delivery;

“(2) the requirement that each class of mail or type of mail service bear the direct and indirect postal costs attributable to each class or type of mail service through reliably identified causal relationships plus that portion of all other costs of the Postal Service reasonably assignable to such class or type;

“(3) the effect of rate increases upon the general public, business mail users, and enterprises in the private sector of the economy engaged in the delivery of mail matter other than letters;

“(4) the available alternative means of sending and receiving letters and other mail matter at reasonable costs;

“(5) the degree of preparation of mail for delivery into the postal system performed by the mailer and its effect upon reducing costs to the Postal Service;
“(6) simplicity of structure for the entire schedule and simple, identifiable relationships between the rates or fees charged the various classes of mail for postal services;

“(7) the importance of pricing flexibility to encourage increased mail volume and operational efficiency;

“(8) the relative value to the people of the kinds of mail matter entered into the postal system and the desirability and justification for special classifications and services of mail;

“(9) the importance of providing classifications with extremely high degrees of reliability and speed of delivery and of providing those that do not require high degrees of reliability and speed of delivery;

“(10) the desirability of special classifications for both postal users and the Postal Service in accordance with the policies of this title, including agreements between the Postal Service and postal users, when available on public and reasonable terms to similarly situated mailers, that—

“(A) either—

“(i) improve the net financial position of the Postal Service through reducing Postal Service costs or increasing the overall contribution to the institutional costs of the Postal Service; or

“(ii) enhance the performance of mail preparation, processing, transportation, or other functions; and

“(B) do not cause unreasonable harm to the marketplace.

“(11) the educational, cultural, scientific, and informational value to the recipient of mail matter;

“(12) the need for the Postal Service to increase its efficiency and reduce its costs, including infrastructure costs, to help maintain high quality, affordable postal services;

“(13) the value to the Postal Service and postal users of promoting intelligent mail and of secure, sender-identified mail; and

“(14) the policies of this title as well as such other factors as the Commission determines appropriate.

“(d) REQUIREMENTS.—

“(1) IN GENERAL.—The system for regulating rates and classes for market-dominant products shall—

“(A) include an annual limitation on the percentage changes in rates to be set by the Postal Regulatory Commission that will be equal to the change in the Consumer Price Index for All Urban Consumers unadjusted for seasonal variation over the most recent available 12-month period preceding the date the Postal Service files notice of its intention to increase rates;

“(B) establish a schedule whereby rates, when necessary and appropriate, would change at regular intervals by predictable amounts;

“(C) not later than 45 days before the implementation of any adjustment in rates under this section, including adjustments made under subsection (c)(10)—

“(i) require the Postal Service to provide public notice of the adjustment;

“(ii) provide an opportunity for review by the Postal Regulatory Commission;
“(iii) provide for the Postal Regulatory Commission to notify the Postal Service of any noncompliance of the adjustment with the limitation under subparagraph (A); and
“(iv) require the Postal Service to respond to the notice provided under clause (iii) and describe the actions to be taken to comply with the limitation under subparagraph (A);
“(D) establish procedures whereby the Postal Service may adjust rates not in excess of the annual limitations under subparagraph (A); and
“(E) notwithstanding any limitation set under subparagraphs (A) and (C), and provided there is not sufficient unused rate authority under paragraph (2)(C), establish procedures whereby rates may be adjusted on an expedited basis due to either extraordinary or exceptional circumstances, provided that the Commission determines, after notice and opportunity for a public hearing and comment, and within 90 days after any request by the Postal Service, that such adjustment is reasonable and equitable and necessary to enable the Postal Service, under best practices of honest, efficient, and economical management, to maintain and continue the development of postal services of the kind and quality adapted to the needs of the United States.
“(2) LIMITATIONS.—
“(A) CLASSES OF MAIL.—Except as provided under subparagraph (C), the annual limitations under paragraph (1) shall apply to a class of mail, as defined in the Domestic Mail Classification Schedule as in effect on the date of enactment of the Postal Accountability and Enhancement Act.
“(B) ROUNDING OF RATES AND FEES.—Nothing in this subsection shall preclude the Postal Service from rounding rates and fees to the nearest whole integer, if the effect of such rounding does not cause the overall rate increase for any class to exceed the Consumer Price Index for All Urban Consumers.
“(C) USE OF UNUSED RATE AUTHORITY.—
“(i) DEFINITION.—In this subparagraph, the term ‘unused rate adjustment authority’ means the difference between—
“(I) the maximum amount of a rate adjustment that the Postal Service is authorized to make in any year subject to the annual limitation under paragraph (1); and
“(II) the amount of the rate adjustment the Postal Service actually makes in that year.
“(ii) AUTHORITY.—Subject to clause (iii), the Postal Service may use any unused rate adjustment authority for any of the 5 years following the year such authority occurred.
“(iii) LIMITATIONS.—In exercising the authority under clause (ii) in any year, the Postal Service—
“(I) may use unused rate adjustment authority from more than 1 year;
“(II) may use any part of the unused rate adjustment authority from any year;
“(III) shall use the unused rate adjustment authority from the earliest year such authority first occurred and then each following year; and
“(IV) for any class or service, may not exceed the annual limitation under paragraph (1) by more than 2 percentage points.

“(3) REVIEW.—Ten years after the date of enactment of the Postal Accountability and Enhancement Act and as appropriate thereafter, the Commission shall review the system for regulating rates and classes for market-dominant products established under this section to determine if the system is achieving the objectives in subsection (b), taking into account the factors in subsection (c). If the Commission determines, after notice and opportunity for public comment, that the system is not achieving the objectives in subsection (b), taking into account the factors in subsection (c), the Commission may, by regulation, make such modification or adopt such alternative system for regulating rates and classes for market-dominant products as necessary to achieve the objectives.

“(e) WORKSHARE DISCOUNTS.—
“(1) DEFINITION.—In this subsection, the term ‘workshare discount’ refers to rate discounts provided to mailers for the presorting, prebarcoding, handling, or transportation of mail, as further defined by the Postal Regulatory Commission under subsection (a).

“(2) SCOPE.—The Postal Regulatory Commission shall ensure that such discounts do not exceed the cost that the Postal Service avoids as a result of workshare activity, unless—
“(A) the discount is—
“(i) associated with a new postal service, a change to an existing postal service, or with a new work share initiative related to an existing postal service; and
“(ii) necessary to induce mailer behavior that furthers the economically efficient operation of the Postal Service and the portion of the discount in excess of the cost that the Postal Service avoids as a result of the workshare activity will be phased out over a limited period of time;
“(B) the amount of the discount above costs avoided—
“(i) is necessary to mitigate rate shock; and
“(ii) will be phased out over time;
“(C) the discount is provided in connection with subclasses of mail consisting exclusively of mail matter of educational, cultural, scientific, or informational value; or
“(D) reduction or elimination of the discount would impede the efficient operation of the Postal Service.

“(3) LIMITATION.—Nothing in this subsection shall require that a work share discount be reduced or eliminated if the reduction or elimination of the discount would—
“(A) lead to a loss of volume in the affected category or subclass of mail and reduce the aggregate contribution to the institutional costs of the Postal Service from the category or subclass subject to the discount below what it otherwise would have been if the discount had not been reduced or eliminated; or
“(B) result in a further increase in the rates paid by mailers not able to take advantage of the discount.

“(4) REPORT.—Whenever the Postal Service establishes a workshare discount rate, the Postal Service shall, at the time it publishes the workshare discount rate, submit to the Postal Regulatory Commission a detailed report that—

“(A) explains the Postal Service’s reasons for establishing the rate;

“(B) sets forth the data, economic analyses, and other information relied on by the Postal Service to justify the rate; and

“(C) certifies that the discount will not adversely affect rates or services provided to users of postal services who do not take advantage of the discount rate.

“(f) TRANSITION RULE.—For the 1-year period beginning on the date of enactment of this section, rates and classes for market-dominant products shall remain subject to modification in accordance with the provisions of this chapter and section 407, as such provisions were last in effect before the date of enactment of this section. Proceedings initiated to consider a request for a recommended decision filed by the Postal Service during that 1-year period shall be completed in accordance with subchapter II of chapter 36 of this title and implementing regulations, as in effect before the date of enactment of this section.”.

(b) REPEALED SECTIONS.—Sections 3623, 3624, 3625, and 3628 of title 39, United States Code, are repealed.

(c) REDESIGNATION.—Chapter 36 of title 39, United States Code (as in effect after the amendment made by section 601, but before the amendment made by section 202) is amended by striking the heading for subchapter II and inserting the following:

“SUBCHAPTER I—PROVISIONS RELATING TO MARKET-DOMINANT PRODUCTS”.

SEC. 202. PROVISIONS RELATING TO COMPETITIVE PRODUCTS.

Chapter 36 of title 39, United States Code, is amended by inserting after section 3629 the following:

“SUBCHAPTER II—PROVISIONS RELATING TO COMPETITIVE PRODUCTS

§ 3631. Applicability; definitions and updates

“(a) APPLICABILITY.—This subchapter shall apply with respect to—

“(1) priority mail;

“(2) expedited mail;

“(3) bulk parcel post;

“(4) bulk international mail; and

“(5) mailgrams;

subject to subsection (d) and any changes the Postal Regulatory Commission may make under section 3642.

“(b) DEFINITION.—For purposes of this subchapter, the term ‘costs attributable’, as used with respect to a product, means the direct and indirect postal costs attributable to such product through reliably identified causal relationships.
“(c) RULE OF CONSTRUCTION.—Mail matter referred to in subsection (a) shall, for purposes of this subchapter, be considered to have the meaning given to such mail matter under the mail classification schedule.

§ 3632. Action of the Governors

“(a) AUTHORITY TO ESTABLISH RATES AND CLASSES.—The Governors, with the concurrence of a majority of all of the Governors then holding office, shall establish rates and classes for products in the competitive category of mail in accordance with the requirements of this subchapter and regulations promulgated under section 3633.

“(b) PROCEDURES.—

“(1) IN GENERAL.—Rates and classes shall be established in writing, complete with a statement of explanation and justification, and the date as of which each such rate or class takes effect.

“(2) RATES OR CLASSES OF GENERAL APPLICABILITY.—In the case of rates or classes of general applicability in the Nation as a whole or in any substantial region of the Nation, the Governors shall cause each rate and class decision under this section and the record of the Governors’ proceedings in connection with such decision to be published in the Federal Register at least 30 days before the effective date of any new rates or classes.

“(3) RATES OR CLASSES NOT OF GENERAL APPLICABILITY.—In the case of rates or classes not of general applicability in the Nation as a whole or in any substantial region of the Nation, the Governors shall cause each rate and class decision under this section and the record of the proceedings in connection with such decision to be filed with the Postal Regulatory Commission by such date before the effective date of any new rates or classes as the Governors consider appropriate, but in no case less than 15 days.

“(4) CRITERIA.—As part of the regulations required under section 3633, the Postal Regulatory Commission shall establish criteria for determining when a rate or class established under this subchapter is or is not of general applicability in the Nation as a whole or in any substantial region of the Nation.

“(c) TRANSITION RULE.—Until regulations under section 3633 first take effect, rates and classes for competitive products shall remain subject to modification in accordance with the provisions of this chapter and section 407, as such provisions were as last in effect before the date of enactment of this section.

§ 3633. Provisions applicable to rates for competitive products

“(a) IN GENERAL.—The Postal Regulatory Commission shall, within 18 months after the date of enactment of this section, promulgate (and may from time to time thereafter revise) regulations to—

“(1) prohibit the subsidization of competitive products by market-dominant products;

“(2) ensure that each competitive product covers its costs attributable; and
“(3) ensure that all competitive products collectively cover what the Commission determines to be an appropriate share of the institutional costs of the Postal Service.

“(b) REVIEW OF MINIMUM CONTRIBUTION.—Five years after the date of enactment of this section, and every 5 years thereafter, the Postal Regulatory Commission shall conduct a review to determine whether the institutional costs contribution requirement under subsection (a)(3) should be retained in its current form, modified, or eliminated. In making its determination, the Commission shall consider all relevant circumstances, including the prevailing competitive conditions in the market, and the degree to which any costs are uniquely or disproportionately associated with any competitive products.”.

SEC. 203. PROVISIONS RELATING TO EXPERIMENTAL AND NEW PRODUCTS.

Subchapter III of chapter 36 of title 39, United States Code, is amended to read as follows:

“SUBCHAPTER III—PROVISIONS RELATING TO EXPERIMENTAL AND NEW PRODUCTS

§ 3641. Market tests of experimental products

“(a) AUTHORITY.—

“(1) IN GENERAL.—The Postal Service may conduct market tests of experimental products in accordance with this section.

“(2) PROVISIONS WAIVED.—A product shall not, while it is being tested under this section, be subject to the requirements of sections 3622, 3633, or 3642, or regulations promulgated under those sections.

“(b) CONDITIONS.—A product may not be tested under this section unless it satisfies each of the following:

“(1) SIGNIFICANTLY DIFFERENT PRODUCT.—The product is, from the viewpoint of the mail users, significantly different from all products offered by the Postal Service within the 2-year period preceding the start of the test.

“(2) MARKET DISRUPTION.—The introduction or continued offering of the product will not create an unfair or otherwise inappropriate competitive advantage for the Postal Service or any mailer, particularly in regard to small business concerns (as defined under subsection (h)).

“(3) CORRECT CATEGORIZATION.—The Postal Service identifies the product, for the purpose of a test under this section, as either market-dominant or competitive, consistent with the criteria under section 3642(b)(1). Costs and revenues attributable to a product identified as competitive shall be included in any determination under section 3633(3) (relating to provisions applicable to competitive products collectively). Any test that solely affects products currently classified as competitive, or which provides services ancillary to only competitive products, shall be presumed to be in the competitive product category without regard to whether a similar ancillary product exists for market-dominant products.

“(c) NOTICE.—

“(1) IN GENERAL.—At least 30 days before initiating a market test under this section, the Postal Service shall file

Deadline. Federal Register, publication.
with the Postal Regulatory Commission and publish in the
Federal Register a notice—

“(A) setting out the basis for the Postal Service’s deter-
mination that the market test is covered by this section;
and
“(B) describing the nature and scope of the market
test.

“(2) SAFEGUARDS.—For a competitive experimental product,
the provisions of section 504(g) shall be available with respect
to any information required to be filed under paragraph (1)
to the same extent and in the same manner as in the case
of any matter described in section 504(g)(1). Nothing in para-
graph (1) shall be considered to permit or require the publica-
tion of any information as to which confidential treatment
is accorded under the preceding sentence (subject to the same
exception as set forth in section 504(g)(3)).

“(d) DURATION.—

“(1) IN GENERAL.—A market test of a product under this
section may be conducted over a period of not to exceed 24
months.

“(2) EXTENSION AUTHORITY.—If necessary in order to deter-
mine the feasibility or desirability of a product being tested
under this section, the Postal Regulatory Commission may,
upon written application of the Postal Service (filed not later
than 60 days before the date as of which the testing of such
product would otherwise be scheduled to terminate under para-
graph (1)), extend the testing of such product for not to exceed
an additional 12 months.

“(e) DOLLAR-AMOUNT LIMITATION.—

“(1) IN GENERAL.—A product may only be tested under
this section if the total revenues that are anticipated, or in
fact received, by the Postal Service from such product do not
exceed $10,000,000 in any year, subject to paragraph (2) and
subsection (g). In carrying out the preceding sentence, the
Postal Regulatory Commission may limit the amount of reve-
nues the Postal Service may obtain from any particular
geographic market as necessary to prevent market disruption
(as defined under subsection (b)(2)).

“(2) EXEMPTION AUTHORITY.—The Postal Regulatory
Commission may, upon written application of the Postal
Service, exempt the market test from the limit in paragraph
(1) if the total revenues that are anticipated, or in fact received,
by the Postal Service from such product do not exceed
$50,000,000 in any year, subject to subsection (g). In reviewing
an application under this paragraph, the Postal Regulatory
Commission shall approve such application if it determines
that—

“(A) the product is likely to benefit the public and
meet an expected demand;
“(B) the product is likely to contribute to the financial
stability of the Postal Service; and
“(C) the product is not likely to result in unfair or
otherwise inappropriate competition.

“(f) CANCELLATION.—If the Postal Regulatory Commission at
any time determines that a market test under this section fails,
with respect to any particular product, to meet 1 or more of the
requirements of this section, it may order the cancellation of the
test involved or take such other action as it considers appropriate. A determination under this subsection shall be made in accordance with such procedures as the Commission shall by regulation prescribe.

(g) Adjustment for Inflation.—For purposes of each year following the year in which occurs the deadline for the Postal Service’s first report to the Postal Regulatory Commission under section 3652(a), each dollar amount contained in this section shall be adjusted by the change in the Consumer Price Index for such year (as determined under regulations of the Commission).

(h) Definition of a Small Business Concern.—The criteria used in defining small business concerns or otherwise categorizing business concerns as small business concerns shall, for purposes of this section, be established by the Postal Regulatory Commission in conformance with the requirements of section 3 of the Small Business Act.

(i) Effective Date.—Market tests under this subchapter may be conducted in any year beginning with the first year in which occurs the deadline for the Postal Service’s first report to the Postal Regulatory Commission under section 3652(a).

§ 3642. New products and transfers of products between the market-dominant and competitive categories of mail

(a) In General.—Upon request of the Postal Service or users of the mails, or upon its own initiative, the Postal Regulatory Commission may change the list of market-dominant products under section 3621 and the list of competitive products under section 3631 by adding new products to the lists, removing products from the lists, or transferring products between the lists.

(b) Criteria.—All determinations by the Postal Regulatory Commission under subsection (a) shall be made in accordance with the following criteria:

(1) The market-dominant category of products shall consist of each product in the sale of which the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products. The competitive category of products shall consist of all other products.

(2) Exclusion of Products Covered by Postal Monopoly.—A product covered by the postal monopoly shall not be subject to transfer under this section from the market-dominant category of mail. For purposes of the preceding sentence, the term “product covered by the postal monopoly” means any product the conveyance or transmission of which is reserved to the United States under section 1696 of title 18, subject to the same exception as set forth in the last sentence of section 409(e)(1).

(3) Additional Considerations.—In making any decision under this section, due regard shall be given to—

(A) the availability and nature of enterprises in the private sector engaged in the delivery of the product involved;

(B) the views of those who use the product involved on the appropriateness of the proposed action; and
“(C) the likely impact of the proposed action on small business concerns (within the meaning of section 3641(h)).

“(c) Transfers of Subclasses and Other Subordinate Units Allowable.—Nothing in this title shall be considered to prevent transfers under this section from being made by reason of the fact that they would involve only some (but not all) of the subclasses or other subordinate units of the class of mail or type of postal service involved (without regard to satisfaction of minimum quantity requirements standing alone).

“(d) Notification and Publication Requirements.—

“(1) Notification Requirement.—The Postal Service shall, whenever it requests to add a product or transfer a product to a different category, file with the Postal Regulatory Commission and publish in the Federal Register a notice setting out the basis for its determination that the product satisfies the criteria under subsection (b) and, in the case of a request to add a product or transfer a product to the competitive category of mail, that the product meets the regulations promulgated by the Postal Regulatory Commission under section 3633. The provisions of section 504(g) shall be available with respect to any information required to be filed.

“(2) Publication Requirement.—The Postal Regulatory Commission shall, whenever it changes the list of products in the market-dominant or competitive category of mail, prescribe new lists of products. The revised lists shall indicate how and when any previous lists (including the lists under sections 3621 and 3631) are superseded, and shall be published in the Federal Register.

“(e) Prohibition.—Except as provided in section 3641, no product that involves the physical delivery of letters, printed matter, or packages may be offered by the Postal Service unless it has been assigned to the market-dominant or competitive category of mail (as appropriate) either—

“(1) under this subchapter; or

“(2) by or under any other provision of law.”.

SEC. 204. REPORTING REQUIREMENTS AND RELATED PROVISIONS.

(a) Redesignation.—Chapter 36 of title 39, United States Code (as in effect before the amendment made by subsection (b)) is amended—

(b) OBJECTIVES.—

(1) IN GENERAL.—Such standards shall be designed to achieve the following objectives:

(A) To enhance the value of postal services to both senders and recipients.

(B) To preserve regular and effective access to postal services in all communities, including those in rural areas or where post offices are not self-sustaining.

(C) To reasonably assure Postal Service customers delivery reliability, speed and frequency consistent with reasonable rates and best business practices.

(D) To provide a system of objective external performance measurements for each market-dominant product as a basis for measurement of Postal Service performance.

(2) IMPLEMENTATION OF PERFORMANCE MEASUREMENTS.—With respect to paragraph (1)(D), with the approval of the Postal Regulatory Commission an internal measurement system may be implemented instead of an external measurement system.

(c) FACTORS.—In establishing or revising such standards, the Postal Service shall take into account—

(1) the actual level of service that Postal Service customers receive under any service guidelines previously established by the Postal Service or service standards established under this section;

(2) the degree of customer satisfaction with Postal Service performance in the acceptance, processing and delivery of mail;

(3) the needs of Postal Service customers, including those with physical impairments;

(4) mail volume and revenues projected for future years;
“(5) the projected growth in the number of addresses the Postal Service will be required to serve in future years;
“(6) the current and projected future cost of serving Postal Service customers;
“(7) the effect of changes in technology, demographics, and population distribution on the efficient and reliable operation of the postal delivery system; and
“(8) the policies of this title and such other factors as the Postal Service determines appropriate.
“(d) Review.—The regulations promulgated pursuant to this section (and any revisions thereto), and any violations thereof, shall be subject to review upon complaint under sections 3662 and 3663.”.

SEC. 302. POSTAL SERVICE PLAN.

(a) In General.—Within 6 months after the establishment of the service standards under section 3691 of title 39, United States Code, as added by this Act, the Postal Service shall, in consultation with the Postal Regulatory Commission, develop and submit to Congress a plan for meeting those standards.

(A) the Postal Service has more than 400 logistics facilities, separate from its post office network;

(D) Congress strongly encourages the Postal Service to—

(i) expeditiously move forward in its streamlining efforts; and

(B) how the Postal Service intends to implement that vision.
(3) Content of facilities plan.—The plan under this subsection shall include—

(A) a strategy for how the Postal Service intends to rationalize the postal facilities network and remove excess processing capacity and space from the network, including estimated timeframes, criteria, and processes to be used for making changes to the facilities network, and the process for engaging policy makers and the public in related decisions;

(B) a discussion of what impact any facility changes may have on the postal workforce and whether the Postal Service has sufficient flexibility to make needed workforce changes;

(C) an identification of anticipated costs, cost savings, and other benefits associated with the infrastructure rationalization alternatives discussed in the plan; and

(D) procedures that the Postal Service will use to—

(i) provide adequate public notice to communities potentially affected by a proposed rationalization decision;

(ii) make available information regarding any service changes in the affected communities, any other effects on customers, any effects on postal employees, and any cost savings;

(iii) afford affected persons ample opportunity to provide input on the proposed decision; and

(iv) take such comments into account in making a final decision.

(4) Annual reports.—

(A) In general.—Not later than 90 days after the end of each fiscal year, the Postal Service shall prepare and submit a report to Congress on how postal decisions have impacted or will impact rationalization plans.

(ii) an account of actions taken to identify any excess capacity within its processing, transportation, and distribution networks and implement savings through realignment or consolidation of facilities including overall estimated costs and cost savings;

(iii) an estimate of how postal decisions related to mail changes, security, automation initiatives, worksharing, information technology systems, excess capacity, consolidating and closing facilities, and other areas will impact rationalization plans;

(iv) identification of any statutory or regulatory obstacles that prevented or will prevent or hinder the Postal Service from taking action to realign or consolidate facilities; and

(v) such additional topics and recommendations as the Postal Service considers appropriate.
(5) **EXISTING EFFORTS.**—Effective on the date of enactment of this Act, the Postal Service may not close or consolidate any processing or logistics facilities without using procedures for public notice and input consistent with those described under paragraph (3)(D).

(e) **REEMPLOYMENT ASSISTANCE AND RETIREMENT BENEFITS.**—The Postal Service plan shall include—

(1) a comprehensive plan under which reemployment assistance shall be afforded to employees displaced as a result of automation of any of its functions, the closing and consolidation of any of its facilities, or such other reasons as the Postal Service may determine; and
(2) a plan, developed in consultation with the Office of Personnel Management, to offer early retirement benefits.

(f) **CONTINUED AUTHORITY.**—Nothing in this section shall be construed to prohibit the Postal Service from implementing any change to its processing, transportation, delivery, and retail networks under any authority granted to the Postal Service for those purposes.

109th Congress

An Act

To promote relief, security, and democracy in the Democratic Republic of the Congo.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Democratic Republic of the Congo Relief, Security, and Democracy Promotion Act of 2006”.

TITLE I—BILATERAL ACTION ON ADDRESSING URGENT NEEDS IN THE DEMOCRATIC REPUBLIC OF THE CONGO

SEC. 101. FINDINGS.
Congress makes the following findings:
(1) The National Security Strategy of the United States, dated September 17, 2002, concludes that “[i]n Africa, promise and opportunity sit side-by-side with disease, war, and desperate poverty. This threatens both a core value of the United States preserving human dignity and our strategic priority combating global terror. American interests and American principles, therefore, lead in the same direction: we will work with others for an African continent that lives in liberty, peace, and growing prosperity.”.
(2) On February 16, 2005, the Director of the Central Intelligence Agency testified, “In Africa, chronic instability will continue to hamper counterterrorism efforts and pose heavy humanitarian and peacekeeping burdens.”.
(3) According to the United States Agency for International Development, “Given its size, population, and resources, the Congo is an important player in Africa and of long-term interest to the United States.”.
(4) The Democratic Republic of the Congo is 2,345,410 square miles (approximately ¼ the size of the United States), lies at the heart of Africa, and touches every major region of sub-Saharan Africa. Therefore, a secure, peaceful, and prosperous Democratic Republic of the Congo would have a profound impact on progress throughout Africa.
(5) The most recent war in the Democratic Republic of the Congo, which erupted in 1998, spawned some of the world’s
worst human rights atrocities and drew in six neighboring countries.

(6) Despite the conclusion of a peace agreement and subsequent withdrawal of foreign forces in 2003, both the real and perceived presence of armed groups hostile to the Governments of Uganda, Rwanda, and Burundi continue to serve as a major source of regional instability and an apparent pretext for continued interference in the Democratic Republic of the Congo by its neighbors.

(7) A mortality study completed in December 2004 by the International Rescue Committee found that 31,000 people were dying monthly and 3,800,000 people had died in the previous six years because of the conflict in the Democratic Republic of the Congo and resulting disintegration of the social service infrastructure, making this one of the deadliest conflicts since World War II.

(8) In 2004, Amnesty International estimated that at least 40,000 women and girls were systematically raped and tortured in the Democratic Republic of the Congo since 1998, and nearly two-thirds of ongoing abuses against women and girls are perpetrated by members of the security forces, particularly the Forces Armes de la Republique Democratique du Congo (FARDC) and the Police Nationale Congolaize (PNC).

(9) According to the Department of State, “returning one of Africa’s largest countries [the Democratic Republic of the Congo] to full peace and stability will require significant United States investments in support of national elections, the reintegration of former combatants, the return and reintegration of refugees and [internally displaced persons], establishment of central government control over vast territories, and promotion of national reconciliation and good governance”.

SEC. 102. STATEMENT OF POLICY.

It is the policy of the United States—

(1) to help promote, reinvigorate, and support the political process in the Democratic Republic of the Congo in order to press all parties in the Transitional National Government and the succeeding government to implement fully and to institutionalize mechanisms, including national and international election observers, fair and transparent voter registration procedures, and a significant civic awareness and public education campaign created for the July 30, 2006, elections and future elections in the Democratic Republic of the Congo, to ensure that elections are carried out in a fair and democratic manner;

(4) to assist the Government of the Democratic Republic of the Congo as it seeks to meet the basic needs of its citizens, including security, safety, and access to health care, education, food, shelter, and clean drinking water;

(5) to support security sector reform by assisting the Government of the Democratic Republic of the Congo to establish a viable and professional national army and police force that respects human rights and the rule of law, is under effective civilian control, and possesses a viable presence throughout the entire country, provided the Democratic Republic of the Congo meets all requirements for United States military assistance under existing law;

(6) to help expedite planning and implementation of programs associated with the disarmament, demobilization, repatriation, reintegration, and rehabilitation process in the Democratic Republic of the Congo;

(7) to support efforts of the Government of the Democratic Republic of the Congo, the United Nations Peacekeeping Mission in the Democratic Republic of the Congo (MONUC), and other entities, as appropriate, to disarm, demobilize, and repatriate the Democratic Forces for the Liberation of Rwanda and other illegally armed groups;

(11) to help halt the high prevalence of sexual abuse and violence perpetrated against women and children in the Democratic Republic of the Congo and mitigate the detrimental effects from acts of this type of violence by undertaking a number of health, education, and psycho-social support programs;

(12) to work aggressively on a bilateral basis to urge governments of countries contributing troops to the United Nations Peacekeeping Mission in the Democratic Republic of the Congo (MONUC) to enact and enforce laws on trafficking
in persons and sexual abuse that meet international standards, promote codes of conduct for troops serving as part of United Nations peacekeeping missions, and immediately investigate and punish citizens who are responsible for abuses in the Democratic Republic of the Congo;

(13) to assist the Government of the Democratic Republic of the Congo as undertakes steps to—
   (A) protect internally displaced persons and refugees in the Democratic Republic of the Congo and border regions from all forms of violence, including gender-based violence and other human rights abuses;
   (B) address other basic needs of vulnerable populations with the goal of allowing these conflict-affected individuals to ultimately return to their homes; and
   (C) assess the magnitude of the problem of orphans from conflict and HIV/AIDS in the Democratic Republic of the Congo, and work to establish a program of national support;

(14) to engage with governments working to promote peace and security throughout the Democratic Republic of the Congo and hold accountable individuals, entities, and countries working to destabilize the country; and

(15) to promote appropriate use of the forests of the Democratic Republic of the Congo in a manner that benefits the rural population in that country that depends on the forests for their livelihoods and protects national and environmental interests.

(b) FUTURE YEAR FUNDING.—It is the sense of Congress that the Department of State should submit budget requests in fiscal years 2008 and 2009 that contain increases in bilateral assistance for the Democratic Republic of the Congo that are appropriate if progress is being made, particularly cooperation by the Government of the Democratic Republic of the Congo, toward accomplishing the policy objectives described in section 102.

The Secretary of State is authorized to withhold assistance made available under the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.), other than humanitarian, peacekeeping, and counterterrorism assistance, for a foreign country if the Secretary determines that the government of the foreign country is taking actions to destabilize the Democratic Republic of the Congo.

The United States should use its voice and vote in the United Nations Security Council—

(2) to conclude at the earliest possible date a Memorandum of Understanding relating to binding codes of conduct and programs for the prevention of sexual abuse and trafficking in persons to be undertaken by the United Nations for all countries that contribute troops to MONUC, to include the assumption of personal liability for the provision of victims assistance and child support, as appropriate, by those who violate the codes of conduct;

Public Law 108–465  
108th Congress  

An Act  
To ensure an abundant and affordable supply of highly nutritious fruits, vegetables, and other specialty crops for American consumers and international markets by enhancing the competitiveness of United States-grown specialty crops, and for other purposes.  

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,  

SECTION 1. SHORT TITLE.  
This Act may be cited as the “Specialty Crops Competitiveness Act of 2004”.  

SEC. 2. FINDINGS AND PURPOSE.  
(a) FINDINGS.—Congress finds the following:  
(1) A secure domestic food supply is a national security imperative for the United States.  
(2) A competitive specialty crop industry in the United States is necessary for the production of an abundant, affordable supply of highly nutritious fruits, vegetables, and other specialty crops, which are vital to the health and well-being of all Americans.  
(3) Increased consumption of specialty crops will provide tremendous health and economic benefits to both consumers and specialty crop growers.  
(4) Specialty crop growers believe that there are numerous areas of Federal agriculture policy that could be improved to promote increased consumption of specialty crops and increase the competitiveness of producers in the efficient production of affordable specialty crops in the United States.  
(5) As the globalization of markets continues, it is becoming increasingly difficult for United States producers to compete against heavily subsidized foreign producers in both the domestic and foreign markets.  
(6) United States specialty crop producers also continue to face serious tariff and non-tariff trade barriers in many export markets.  

(b) PURPOSE.—It is the purpose of this Act to make necessary changes in Federal agriculture policy to accomplish the goals of increasing fruit, vegetable, and nut consumption and improving the competitiveness of United States specialty crop producers.  

SEC. 3. DEFINITIONS.  
In this Act:
(1) The term “specialty crop” means fruits and vegetables, tree nuts, dried fruits, and nursery crops (including floriculture).

(2) The term “State” means the several States, the District of Columbia, and the Commonwealth of Puerto Rico.

(3) The term “State department of agriculture” means the agency, commission, or department of a State government responsible for agriculture within the State.

"(2) PURPOSE.—The purpose of the Program is to reduce drug trafficking and drug production in the United States by—
“(A) facilitating cooperation among Federal, State, local, and tribal law enforcement agencies to share information and implement coordinated enforcement activities;

“(B) enhancing law enforcement intelligence sharing among Federal, State, local, and tribal law enforcement agencies;

“(C) providing reliable law enforcement intelligence to law enforcement agencies needed to design effective enforcement strategies and operations; and

“(D) supporting coordinated law enforcement strategies which maximize use of available resources to reduce the supply of illegal drugs in designated areas and in the United States as a whole.

“(b) DESIGNATION.—

“(1) IN GENERAL.—The Director, in consultation with the Attorney General, the Secretary of the Treasury, the Secretary of Homeland Security, heads of the National Drug Control Program agencies, and the Governor of each applicable State, may designate any specified area of the United States as a high intensity drug trafficking area.

“(2) ACTIVITIES.—After making a designation under paragraph (1) and in order to provide Federal assistance to the area so designated, the Director may—

“(A) obligate such sums as are appropriated for the Program;

“(B) direct the temporary reassignment of Federal personnel to such area, subject to the approval of the head of the department or agency that employs such personnel;

“(C) take any other action authorized under section 704 to provide increased Federal assistance to those areas; and

“(D) coordinate activities under this section (specifically administrative, recordkeeping, and funds management activities) with State, local, and tribal officials.

“(c) PETITIONS FOR DESIGNATION.—The Director shall establish regulations under which a coalition of interested law enforcement agencies from an area may petition for designation as a high intensity drug trafficking area. Such regulations shall provide for a regular review by the Director of the petition, including a recommendation regarding the merit of the petition to the Director by a panel of qualified, independent experts.

“(d) FACTORS FOR CONSIDERATION.—In considering whether to designate an area under this section as a high intensity drug trafficking area, the Director shall consider, in addition to such other criteria as the Director considers to be appropriate, the extent to which—

“(1) the area is a significant center of illegal drug production, manufacturing, importation, or distribution;

“(2) State, local, and tribal law enforcement agencies have committed resources to respond to the drug trafficking problem in the area, thereby indicating a determination to respond aggressively to the problem;

“(3) drug-related activities in the area are having a significant harmful impact in the area, and in other areas of the country; and
“(4) a significant increase in allocation of Federal resources is necessary to respond adequately to drug-related activities in the area.

“(e) Organization of High Intensity Drug Trafficking Areas.—

“(1) Executive Board and Officers.—To be eligible for funds appropriated under this section, each high intensity drug trafficking area shall be governed by an Executive Board. The Executive Board shall designate a chairman, vice chairman, and any other officers to the Executive Board that it determines are necessary.

“(2) Responsibilities.—The Executive Board of a high intensity drug trafficking area shall be responsible for—

“(A) providing direction and oversight in establishing and achieving the goals of the high intensity drug trafficking area;

“(B) managing the funds of the high intensity drug trafficking area;

“(C) reviewing and approving all funding proposals consistent with the overall objective of the high intensity drug trafficking area; and

“(D) reviewing and approving all reports to the Director on the activities of the high intensity drug trafficking area.

“(3) Board Representation.—None of the funds appropriated under this section may be expended for any high intensity drug trafficking area, or for a partnership or region of a high intensity drug trafficking area, if the Executive Board for such area, region, or partnership, does not apportion an equal number of votes between representatives of participating Federal agencies and representatives of participating State, local, and tribal agencies. Where it is impractical for an equal number of representatives of Federal agencies and State, local, and tribal agencies to attend a meeting of an Executive Board in person, the Executive Board may use a system of proxy votes or weighted votes to achieve the voting balance required by this paragraph.

“(4) No Agency Relationship.—The eligibility requirements of this section are intended to ensure the responsible use of Federal funds. Nothing in this section is intended to create an agency relationship between individual high intensity drug trafficking areas and the Federal Government.

“(f) Use of Funds.—The Director shall ensure that no Federal funds appropriated for the Program are expended for the establishment or expansion of drug treatment programs, and shall ensure that not more than 5 percent of the Federal funds appropriated for the Program are expended for the establishment of drug prevention programs.

“(g) Counterterrorism Activities.—

“(1) Assistance Authorized.—The Director may authorize use of resources available for the Program to assist Federal, State, local, and tribal law enforcement agencies in investigations and activities related to terrorism and prevention of terrorism, especially but not exclusively with respect to such investigations and activities that are also related to drug trafficking.

“(2) Limitation.—The Director shall ensure—

“(A) that assistance provided under paragraph (1) remains incidental to the purpose of the Program to reduce
drug availability and carry out drug-related law enforce-
ment activities; and
“(B) that significant resources of the Program are not
redirected to activities exclusively related to terrorism,
except on a temporary basis under extraordinary cir-
cumstances, as determined by the Director.
“(h) ROLE OF DRUG ENFORCEMENT ADMINISTRATION.—The
Director, in consultation with the Attorney General, shall ensure
that a representative of the Drug Enforcement Administration is
included in the Intelligence Support Center for each high intensity
drug trafficking area.
“(i) ANNUAL HIDTA PROGRAM BUDGET SUBMISSIONS.—As part
of the documentation that supports the President’s annual budget
request for the Office, the Director shall submit to Congress a
budget justification that includes—
“(1) the amount proposed for each high intensity drug
trafficking area, conditional upon a review by the Office of
the request submitted by the HIDTA and the performance
of the HIDTA, with supporting narrative descriptions and
rationale for each request;
“(2) a detailed justification that explains—
“(A) the reasons for the proposed funding level; how
such funding level was determined based on a current
assessment of the drug trafficking threat in each high
intensity drug trafficking area;
“(B) how such funding will ensure that the goals and
objectives of each such area will be achieved; and
“(C) how such funding supports the National Drug
Control Strategy; and
“(3) the amount of HIDTA funds used to investigate and
prosecute organizations and individuals trafficking in meth-
amphetamine in the prior calendar year, and a description
of how those funds were used.
“(j) EMERGING THREAT RESPONSE FUND.—
“(1) IN GENERAL.—Subject to the availability of appropria-
tions, the Director may expend up to 10 percent of the amounts
appropriated under this section on a discretionary basis, to
respond to any emerging drug trafficking threat in an existing
high intensity drug trafficking area, or to establish a new
high intensity drug trafficking area or expand an existing high
intensity drug trafficking area, in accordance with the criteria
established under paragraph (2).
“(2) CONSIDERATION OF IMPACT.—In allocating funds under
this subsection, the Director shall consider—
“(A) the impact of activities funded on reducing overall
drug traffic in the United States, or minimizing the prob-
ability that an emerging drug trafficking threat will spread
to other areas of the United States; and
“(B) such other criteria as the Director considers appro-
priate.
“(k) EVALUATION.—
“(1) INITIAL REPORT.—Not later than 90 days after the
date of the enactment of this section, the Director shall, after
consulting with the Executive Boards of each designated high
intensity drug trafficking area, submit a report to Congress
that describes, for each designated high intensity drug traf-
icking area—
“(A) the specific purposes for the high intensity drug trafficking area;

“(D) the role of the high intensity drug trafficking area in coordinating the sharing of such information among task forces;
“(E) the nature and extent of cooperation by each Federal, State, local, and tribal participant in ensuring that such information is shared among law enforcement agencies and with the high intensity drug trafficking area; and
“(F) the nature and extent to which information sharing and enforcement activities are coordinated with joint terrorism task forces in the high intensity drug trafficking area; and
“(G) any recommendations for measures needed to ensure that task force resources are utilized efficiently and effectively to reduce the availability of illegal drugs in the high intensity drug trafficking areas.

“(m) ASSESSMENT OF LAW ENFORCEMENT INTELLIGENCE SHARING IN HIGH INTENSITY DRUG TRAFFICKING AREAS PROGRAM.—Not later than 180 days after the date of the enactment of this section, and as part of each subsequent annual National Drug Control Strategy report, the Director, in consultation with the Director of National Intelligence, shall submit to Congress a report—

“(1) evaluating existing and planned law enforcement intelligence systems supported by each high intensity drug trafficking area, or utilized by task forces receiving any funding under the Program, including the extent to which such systems ensure access and availability of law enforcement intelligence to Federal, State, local, and tribal law enforcement agencies within the high intensity drug trafficking area and outside of it;

“(2) the extent to which Federal, State, local, and tribal law enforcement agencies participating in each high intensity drug trafficking area are sharing law enforcement intelligence information to assess current drug trafficking threats and design appropriate enforcement strategies; and

SEC. 302. FUNDING FOR CERTAIN HIGH INTENSITY DRUG TRAFFICKING AREAS.

(a) SHORT TITLE.—This section may be cited as the “Dawson Family Community Protection Act”.

(b) FINDINGS.—Congress finds the following:

(1) In the early morning hours of October 16, 2002, the home of Carnell and Angela Dawson was firebombed in apparent retaliation for Mrs. Dawson’s notification to police about persistent drug distribution activity in their East Baltimore City neighborhood.

(2) The arson claimed the lives of Mr. and Mrs. Dawson and their 5 young children, aged 9 to 14.

(3) The horrific murder of the Dawson family is a stark example of domestic narco-terrorism.

(4) In all phases of counternarcotics law enforcement—from prevention to investigation to prosecution to reentry—the voluntary cooperation of ordinary citizens is a critical component.

(5) Voluntary cooperation is difficult for law enforcement officials to obtain when citizens feel that cooperation carries the risk of violent retaliation by illegal drug trafficking organizations and their affiliates.

(6) Public confidence that law enforcement is doing all it can to make communities safe is a prerequisite for voluntary cooperation among people who may be subject to intimidation or reprisal (or both).

(7) Witness protection programs are insufficient on their own to provide security because many individuals and families who strive every day to make distressed neighborhoods livable for their children, other relatives, and neighbors will resist or refuse offers of relocation by local, State, and Federal prosecutorial agencies and because, moreover, the continued presence of strong individuals and families is critical to preserving and strengthening the social fabric in such communities.

(8) Where (as in certain sections of Baltimore City) interstate trafficking of illegal drugs has severe ancillary local consequences within areas designated as high intensity drug trafficking areas, it is important that supplementary High Intensity
Drug Trafficking Areas Program funds be committed to support initiatives aimed at making the affected communities safe for the residents of those communities and encouraging their cooperation with tribal, local, State, and Federal law enforcement efforts to combat illegal drug trafficking.

(c) **Funding for Certain High Intensity Drug Trafficking Areas.**—Section 707, as amended by section 301, is amended by adding at the end the following:

```
“(q) **Specific Purposes.**—

“(1) **In General.**—The Director shall ensure that, of the amounts appropriated for a fiscal year for the Program, at least $7,000,000 is used in high intensity drug trafficking areas with severe neighborhood safety and illegal drug distribution problems.

“(2) **Required Uses.**—The funds used under paragraph (1) shall be used—

“A) to ensure the safety of neighborhoods and the protection of communities, including the prevention of the intimidation of potential witnesses of illegal drug distribution and related activities; and

“B) to combat illegal drug trafficking through such methods as the Director considers appropriate, such as establishing or operating (or both) a toll-free telephone hotline for use by the public to provide information about illegal drug-related activities.”
```

**SEC. 303. Assessment.**

The Director shall assess the ability of the HIDTA Program to respond to the so-called “balloon effect”, whereby urban drug traffickers facing intensive law enforcement efforts expand and spread their trafficking and distribution into rural, suburban, and smaller urban areas by conducting a demonstration project examining the ability of the New York/New Jersey HIDTA, with its new single colocated Organized Crime and Drug Enforcement Task Force/High Intensity Drug Trafficking Area Strike Force and HIDTA Regional Intelligence Center, to address the movement of drug traffickers into the more rural, suburban, and smaller areas encompassed by the counties of Albany, Onondaga, Monroe, and Erie in New York State and by annexing these counties into the existing New York/New Jersey HIDTA.

**Title IV—Technology**

**SEC. 401. Counterdrug Technology Assessment Center.**

```

(1) **Research and Development.**—Section 708 is amended by—

“(A) the need of potential recipients for such technology;

“(B) the effectiveness of the technology to enhance current counterdrug activities of potential recipients; and

“(C) the ability and willingness of potential recipients to evaluate transferred technology.

“(4) AGREEMENT AUTHORITY.—The Director may enter into an agreement with the Secretary of Homeland Security to transfer technology with both counterdrug and homeland security applications to State, local, and tribal law enforcement agencies on a reimbursable basis.

“(5) REPORT.—On or before July 1 of each year, the Director shall submit a report to the appropriate congressional committees that addresses the following:

“(A) The number of requests received during the previous 12 months, including the identity of each requesting agency and the type of technology requested.

(c) ASSISTANCE FROM SECRETARY OF HOMELAND SECURITY.—Section 708(d) (21 U.S.C. 1707(d)) is amended by inserting “, the Secretary of Homeland Security,” after “The Secretary of Defense”.

TITLE VII—MISCELLANEOUS

SEC. 701. STUDY OF THE ACIDIFICATION OF THE OCEANS AND EFFECT ON FISHERIES.

The Secretary of Commerce shall request the National Research Council to conduct a study of the acidification of the oceans and how this process affects the United States.

SEC. 702. PUGET SOUND REGIONAL SHELLFISH SETTLEMENT.

(a) Findings and Purposes.—

(1) Findings.—Congress finds that—

(A) the Tribes have established treaty rights to take shellfish from public and private tidelands in Washington State, including from some lands owned, leased, or otherwise subject to harvest by commercial shellfish growers;

(B) the district court that adjudicated the Tribes’ treaty rights to take shellfish found that the growers are innocent purchasers who had no notice of the Tribes’ fishing right when they acquired their properties;

(C) numerous unresolved issues remain outstanding regarding implementation of the Tribes’ treaty right to take shellfish from lands owned, leased, or otherwise subject to harvest by the growers;

(D) the Tribes, the growers, the State of Washington, and the United States Department of the Interior have resolved by a settlement agreement many of the disputes between and among them regarding implementation of the Tribes’ treaty right to take shellfish from covered tidelands owned or leased by the growers;

(E) the settlement agreement does not provide for resolution of any claims to take shellfish from lands owned or leased by the growers that potentially may be brought in the future by other Tribes;

(F) in the absence of congressional actions, the prospect of other Tribes claims to take shellfish from lands owned or leased by the growers could be pursued through the courts, a process which in all likelihood could consume many years and thereby promote uncertainty in the State of Washington and the growers and to the ultimate detriment of both the Tribes and other Tribes and their members;

(G) in order to avoid this uncertainty, it is the intent of Congress that other Tribes have the option of resolving their claims, if any, to a treaty right to take shellfish
from covered tidelands owned or leased by the growers;
and

(H) this Act represents a good faith effort on the part of Congress to extend to other Tribes the same fair and just option of resolving their claims to take shellfish from covered tidelands owned or leased by the growers that the Tribes have agreed to in the settlement agreement.

(2) PURPOSES.—The purposes of this section are—

(A) to approve, ratify, and confirm the settlement agreement entered into by and among the Tribes, commercial shellfish growers, the State of Washington, and the United States;

(B) to provide other Tribes with a fair and just resolution of any claims to take shellfish from covered tidelands, as that term is defined in the settlement agreement, that potentially could be brought in the future by other Tribes; and

(C) to authorize the Secretary to implement the terms and conditions of the settlement agreement and this section.

(b) APPROVAL OF SETTLEMENT AGREEMENT.—

(1) IN GENERAL.—The settlement agreement is hereby approved, ratified, and confirmed, and section 6 of the settlement agreement, Release of Claims, is specifically adopted and incorporated into this section as if fully set forth herein.

(2) AUTHORIZATION FOR IMPLEMENTATION.—The Secretary is hereby authorized to implement the terms and conditions of the settlement agreement in accordance with the settlement agreement and this section.

(c) FUND, SPECIAL HOLDING ACCOUNT, AND CONDITIONS.—

(1) PUGET SOUND REGIONAL SHELLFISH SETTLEMENT TRUST FUND.—

(A) There is hereby established in the Treasury of the United States an account to be designated as the “Puget Sound Regional Shellfish Settlement Trust Fund”. The Secretary shall deposit funds in the amount of $22,000,000 at such time as appropriated pursuant to this section into the Fund.

(B) The Fund shall be maintained and invested by the Secretary of the Interior pursuant to the Act of June 24, 1938 (25 U.S.C. 162a) until such time as all monies are transferred from the Fund.

(C) The Secretary shall transfer monies held in the Fund to each Tribe of the Tribes in the amounts and manner specified by and in accordance with the payment agreement established pursuant to the settlement agreement and this section.

(2) PUGET SOUND REGIONAL SHELLFISH SETTLEMENT SPECIAL HOLDING ACCOUNT.—

(A) There is hereby established in the Treasury of the United States a fund to be designated as the “Puget Sound Regional Shellfish Settlement Special Holding Account”. The Secretary shall deposit funds in the amount of $1,500,000 into the Special Holding Account in fiscal year 2011 at such time as such funds are appropriated pursuant to this section.
(B) The Special Holding Account shall be maintained and invested by the Secretary of the Interior pursuant to the Act of June 24, 1938, (25 U.S.C. 162a) until such time as all monies are transferred from the Special Holding Account.

(C) If a court of competent jurisdiction renders a final decision declaring that any of the other Tribes has an established treaty right to take or harvest shellfish in covered tidelands, as that term is defined in the settlement agreement, and such tribe opts to accept a share of the Special Holding Account, rather than litigate this claim against the growers, the Secretary shall transfer the appropriate share of the monies held in the Special Holding Account to each such tribe of the other Tribes in the amounts appropriate to compensate the other Tribes in the same manner and for the same purposes as the Tribes who are signatory to the settlement agreement. Such a transfer to a tribe shall constitute full and complete satisfaction of that tribe’s claims to shellfish on the covered tidelands.

(D) The Secretary may retain such amounts of the Special Holding Account as necessary to provide for additional tribes that may judicially establish their rights to take shellfish in the covered tidelands within the term of that Account, provided that the Secretary pays the remaining balance to the other Tribes prior to the expiration of the term of the Special Holding Account.

(E) The Tribes shall have no interest, possessory or otherwise, in the Special Holding Account.

(F) Twenty years after the deposit of funds into the Special Holding Account, the Secretary shall close the Account and transfer the balance of any funds held in the Special Holding Account at that time to the Treasury. However, the Secretary may continue to maintain the Special Holding Account in order to resolve the claim of an other Tribe that has notified the Secretary in writing within the 20-year term of that Tribe’s interest in resolving its claim in the manner provided for in this section.

(G) It is the intent of Congress that the other Tribes, if any, shall have the option of agreeing to similar rights and responsibilities as the Tribes that are signatories to the settlement agreement, if they opt not to litigate against the growers.

(3) ANNUAL REPORT.—Each tribe of the Tribes, or any of the other Tribes accepting a settlement of its claims to shellfish on covered lands pursuant to paragraph (2)(C), shall submit to the Secretary an annual report that describes all expenditures made with monies withdrawn from the Fund or Special Holding Account during the year covered by the report.

(4) JUDICIAL AND ADMINISTRATIVE ACTION.—The Secretary may take judicial or administrative action to ensure that any monies withdrawn from the Fund or Special Holding Account are used in accordance with the purposes described in the settlement agreement and this section.

(5) CLARIFICATION OF TRUST RESPONSIBILITY.—Beginning on the date that monies are transferred to a tribe of the Tribes or a tribe of the other Tribes pursuant to this section,
any trust responsibility or liability of the United States with respect to the expenditure or investment of the monies withdrawn shall cease.

(d) State of Washington Payment.—The Secretary shall not be accountable for nor incur any liability for the collection, deposit, management or nonpayment of the State of Washington payment of $11,000,000 to the Tribes pursuant to the settlement agreement.

(e) Release of Other Tribes Claims.—

(1) Right to Bring Actions.—As of the date of enactment of this section, all right of any other Tribes to bring an action to enforce or exercise its treaty rights to take shellfish from public and private tidelands in Washington State, including from some lands owned, leased, or otherwise subject to harvest by any and all growers shall be determined in accordance with the decisions of the Courts of the United States in United States v. Washington, Civ. No. 9213 (Western District of Washington).

(2) Certain Rights Governed by This Section.—If a tribe falling within the other Tribes category opts to resolve its claims to take shellfish from covered tidelands owned or leased by the growers pursuant to subsection (c)(2)(C) of this section, that tribe’s rights shall be governed by this section, as well as by the decisions of the Courts in United States v. Washington, Civ. No. 9213.

(3) No Breach of Trust.—Notwithstanding whether the United States has a duty to initiate such an action, the failure or declination by the United States to initiate any action to enforce any other Tribe’s or other Tribes’ treaty rights to take shellfish from public and private tidelands in Washington State, including from covered tidelands owned, leased, or otherwise subject to harvest by any and all growers shall not constitute a breach of trust by the United States or be compensable to other Tribes.

(f) Cause of Action.—If any payment by the United States is not paid in the amount or manner specified by this section, or is not paid within 6 months after the date specified by the settlement agreement, such failure shall give rise to a cause of action by the Tribes either individually or collectively against the United States for money damages for the amount authorized but not paid to the Tribes, and the Tribes, either individually or collectively, are authorized to bring an action against the United States in the United States Court of Federal Claims for such funds plus interest.

(g) Definitions.—In this section:

(1) Fund.—The term “Fund” means the Puget Sound Shellfish Settlement Trust Fund Account established by this section.

(2) Growers.—The term “growers” means Taylor United, Inc.; Olympia Oyster Company; G.R. Clam & Oyster Farm; Cedric E. the growers.

Public Law 109–480
109th Congress

An Act

To reauthorize the Belarus Democracy Act of 2004.

SEC. 1. SHORT TITLE.

This Act may be cited as the “Belarus Democracy Reauthorization Act of 2006”.

SEC. 2. FINDINGS.

Section 2 of the Belarus Democracy Act of 2004 (22 U.S.C. 5801 note) is amended to read as follows:

“SEC. 2. FINDINGS.

“Congress makes the following findings:

“(2) The Government of Belarus has engaged in a pattern of clear and uncorrected violations of basic principles of democratic governance, including through a series of fundamentally flawed presidential and parliamentary elections undermining the legitimacy of executive and legislative authority in that country.

“(3) The most recent presidential elections in Belarus held on March 19, 2006, failed to meet the commitments of the Organization for Security and Cooperation in Europe (OSCE) for democratic elections and the arbitrary use of state power and widespread detentions show a disregard for the basic rights of freedom of assembly, association, and expression, and raise doubts regarding the willingness of authorities in Belarus to tolerate political competition.

“(4) The regime of Aleksandr Lukashenka has maintained power in Belarus by orchestrating an illegal and unconstitutional referendum that enabled him to impose a new constitution, abolish the duly-elected parliament, the 13th Supreme Soviet, install a largely powerless National Assembly, extend his term of office, and remove applicable term limits.

“(5) The Government of Belarus has failed to make a credible effort to solve the cases of disappeared opposition figures Yuri Zakharenka, Viktor Gonchar, and Anatoly Krasovsky in 1999 and journalist Dmitry Zavadsky in 2000, even though credible allegations and evidence exist linking top officials of the Lukashenka regime with these disappearances.
“(6) Political opposition figures Aleksandr Kozulin, Tsimafei Dranchuk, Mikalay Astreyka, Artur Finkevich, Mikalay Razumau, Katsaryna Sadouskaya, Zmitser Dashkevich, Mikhail Marynich, Mikalay Statkevych, Pavel Sevyarinets, Andrei Klimau, Valery Levaneusky, and Siarhei Skrebets have been imprisoned or served ‘corrective labor’ sentences because of their political activity.

“(7) Hundreds of pro-democratic political activists have been subjected to frequent harassment and jailings, especially during, and in the aftermath of the fatally flawed March 19, 2006, presidential elections in Belarus.

“(8) The Government of Belarus has attempted to maintain a monopoly over the country’s information space, targeting independent media for systematic reprisals and elimination, while suppressing the right to freedom of speech and expression of those dissenting from the regime.

“(9) The Belarusian authorities have perpetuated a climate of fear in Belarus by mounting a systematic crackdown on civil society through the harassment, repression, and closure of nongovernmental organizations and independent trade unions.

“(10) The Lukashenka regime has increasingly subjected leaders and members of minority and unregistered religious communities to harassment, including the imposition of heavy fines, denying permission to meet for religious services, prosecutions, and jail terms for activities in the practice of their faith.

“(11) The Belarusian authorities have further attempted to silence dissent through retribution against human rights and pro-democracy activists through threats, firings, expulsions, beatings and other forms of intimidation.”.

SEC. 3. STATEMENT OF POLICY.

The Belarus Democracy Act of 2004 (22 U.S.C. 5811 note) is amended—
(1) by striking section 8;

“(4) to seek and support the growth of democratic movements and institutions in Belarus, with the ultimate goal of ending tyranny in that country;

“(5) to refuse to accept the results of the fatally flawed March 19, 2006, presidential elections held in Belarus and support the call for new presidential elections;

“(6) to refuse to recognize any possible referendum, or the results of any referendum, that would affect the sovereignty of Belarus; and
